BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RENOVATIONS AT 280 BROADWAY – SS – 956980002510 – DUE 4-13-98 AT 4 PM –

INTENT TO NEGOTIATE

In March 1994 the Department of Citywide Administrative Services issued a Request for Expressions of Interest ("RFEI") for the redevelopment of 280 Broadway, Manhattan. An advertisement was placed in the New York Times on March 27, 1994 announcing the RFEI and the same was mailed directly to over 250 real estate developers operating in the City of New York. A Request for Proposals ("RFP") was subsequently issued in October or 1994 which called for the creation of Class "B" office space at 280 Broadway. An advertisement was placed in The New York Times on October 9, 1994 announcing the RFP in conjunction with the contemplated developer's utilization of the lower floor space for commercial purposes. The RFP notice was also mailed to the 250 recipients of the RFEI. DCAS received two responsive proposals to the RFP. After an evaluation of the responsive proposals, the developer, Starrett Corporation ("Starrett") was deemed the successful respondent in November of 1995. The RFP contemplated a unified real estate project which utilized a ground lease to Starrett and a sublease back to the City of the renovated office space; it was subsequently determined tha the project would be more effectively financed by a lease to Starrett covering the commercial portion of the space together with a construction contract for the renovation of the City's office space. As Starrett will be the tenant in the commercial portion of 280 Broadway it has been the intention of DCAS to enter into a sole source construction contract for the renovation of the City's office space therein. DCAS intends to enter into final negotiations with Starrett with respect to the aforesaid lease for the commercial space and the construction contract for the City's office space. Any qualified vendor which wishes to comment or is interested in providing similar services of like kind in the future is invited to so indicate by letter, which must be received no later than April 13, 1998 to: Joseph Milone, Agency Chief Contracting Officer, Municipal Building, 20th Floor North, New York, New York 10007.

AGENCY RULES

PROCUREMENT POLICY BOARD

NOTICE

OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to §3-04 **Negotiated Acquisition** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on January 23, 1998. A public hearing was held on February 23, 1998. The amendment was adopted by the PPB on March 12, 1998. The effective date of this rule is May 1, 1998.

Basis and Purpose of the Amendment

The amended rule clarifies that the public notice provisions apply only to purchases made by negotiated acquisition that exceed the small purchase limits. It also substitutes the word "impractical" for "impossible" in allowing an agency to forego public notice where time constraints beyond the agency's control make advance public notice "impractical." In addition, the amended rule permits in time-sensitive situations the use of bidders lists, but only in those situations where there is no existing prequalified list. Finally, two minor changes have been made to the notice provision to reflect unique requirements affecting client services contracts.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

Section 3-04 NEGOTIATED ACQUISITION.

* * *

(b) **Public Notice.** This subdivision shall apply to all negotiated acquisitions above the small purchase limits.

(1) **Notice of Intent to Enter into Negotiations.** This paragraph shall not apply where negotiations will be entered into with suppliers solicited from a prequalified list or where time constraints beyond the agency's control make such advance notice [impossible] impractical.

(ii) **Content.** Such notice of intent shall include:

* * *

(E) Name(s) of the proposed supplier(s), if applicable

* * *

(G) How suppliers may express interest in providing such service, information technology, or construction in the future. In addition, with respect to client services, how suppliers may express interest in providing such services for this procurement, and

* * *

(g) **Time-Sensitive Situations.** Negotiated acquisition may be used to procure time-sensitive construction and/or construction-related services where an agency needs to respond to a court order, stipulation, or consent decree, or other circumstances determined to be in the best interest of the City. Negotiations shall be conducted with at least three suppliers, selected randomly, rotationally, and/or based on a determination that a supplier(s) is the best qualified from the appropriate prequalified list, regarding all aspects of the procurement. In the case where there is no existing PQL, the appropriate bidders list may be used.

NOTICE

OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to §7-07 **Vendor Protests of Solicitations and Award** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on January 23, 1998. A public hearing was held on February 23, 1998. The amendment was adopted by the PPB on March 12, 1998. The effective date of this rule is May 1, 1998.

Basis and Purpose of the Amendment

This amendment provides a procedure for any supplier {including suppliers who have not submitted a bid or proposal} to challenge a solicitation, award, or other procurement action for which a protest provision is not otherwise provided in the Rules. Accelerated procurements, emergency procurements, and small purchases, however, are exempt from the protest provisions of the Rules. Additionally, the amendment modifies the timeframes provided in the rule: a protest may be submitted within ten days after the supplier knows or should have known of the facts prompting the protest but no later than ten days after publication of the notice of award, the Agency Chief Contracting Officer must consider the protest within thirty days; an appeal may be filed within ten days, and the Agency Head must make a determination regarding the appeal within thirty days. If the Agency Head does not make a determination within the prescribed thirty days, then the appeal would be deemed denied. Further, this amendment requires an agency to share with the selected supplier any protest that involves its award and enables the selected supplier, at the agency's discretion, to take part in efforts to resolve the protest. Last, agency decisions of protests need not be included in VENDEX and all protest and appeal documents are to be filed with the City Chief Procurement Officer, the Comptroller, and the agency.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

NOTICE

OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to §6-07 **Prompt Payment** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on January 23, 1998. A public hearing was held on February 23, 1998. The amendment was adopted by the PPB on March 12, 1998. The effective date of this rule is May 1, 1998.

Basis and Purpose of the Amendment

The amended rule removes outdated requirements that no longer apply, updates the rule to reflect current operational practice, and makes two substantive changes with respect to processing times.

1. Transitional sections that provided for longer payment periods during the prompt payment start-up period have been removed.

2. The Required Payment Date (RPD) interval for substantial and final completion construction payments has been reduced from the current 90 days to 60 days effective on invoices received as of July 1, 1998.

3. The definition of "Receiving Report" appearing in this section has been clarified and reconciled with the definition in §1-07(b), which has been repealed.

4. The processing time for FISA, the Department of Finance, and the Comptroller to process and release the voucher for payment has been increased from five days to ten days from the date the payment voucher is entered into the City's database.

5. A provision has been added to reflect State law, which permits an extension of the required payment date to the next succeeding business day when the action to be taken falls on a public holiday, Saturday, or Sunday.

6. A provision has been added to clarify that when multiple agencies are responsible for late payments, interest is to be allocated on the basis of the party responsible for the delay. This change is consistent with §332 of the Charter and reflects current operational practice.

7. The publication date of the PPB Prompt Payment Report has been revised from September 1 of each year to annually.

8. The terms "OMB" and "FISA" have been added to §1-07 Definitions.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

CHAPTER 6 CONTRACT ADMINISTRATION
(is amended as follows:)

***

SECTION 6-07 PROMPT PAYMENT.

***

(a) **Policy.** It is the policy of the City of New York to process contract payments efficiently and expeditiously so as to assure payment in a timely manner to firms and organizations [who] that do business with the City.

(b) **Definitions.** In this title, the following words have the meanings indicated.

Applicable Interest Rate. Interest shall be at the maximum amount allowed by law or such lower interest rate as may be set jointly by the Comptroller and the Office of Management and Budget.

Designated Billing Office. The office or employee designated in the contract to which a proper invoice is to be submitted by a [contract] supplier.

Discount Date. The date by which, if payment is made, a specified invoice payment reduction, or discount, can be taken.

(i) **Invoice Received or Acceptance Date ("IRA Date") - Goods and Services.**

For purposes of determining a payment due date for goods and services and the date on which interest will begin to accrue and for no other purpose, an invoice received or acceptance date ("IRA[" d] Date") is defined as the later of:

(A) The date a proper invoice is actually received by the designated billing office if the agency annotates the invoice with the date of receipt at the time of receipt; or

(B) The seventh day after either the date on which the [property] goods [is] are actually delivered or [of] the services are actually performed, unless:

((a)) the agency has actually accepted and approved the [property] goods or the services before the seventh day (in which case the acceptance date shall substitute for the seventh day after the delivery or performance date); or

((b)) a longer acceptance period is required by law or [is specified in the solicitation and] included in the contract to afford the agency a practicable opportunity to inspect, test, and accept the [property] goods or evaluate the services (in which case the date of actual acceptance or the date on which such longer acceptance period ends shall substitute for the seventh day after the delivery or performance date).

(ii) **Invoice Received or Acceptance Date ("IRA Date") - Construction and Construction-Related Services.**

For construction, for purpose of determining a payment due date and the date on which interest will begin to accrue and for no other purpose, an invoice received or acceptance date ("IRA Date") is defined as the date when the field engineer certifies on the payment requisition that the work has been accepted.

Proper Invoice. A [proper invoice means a] written request for a contract payment that is submitted by a [contractor] supplier in good faith setting forth the description, price, and quantity of goods[, property] or services delivered or rendered, in such form and supported by such documentation as [a City] an agency may require, and any other documents required by contract.

Required Payment Date. The date by which a contract payment must be made in order for an [City] agency not to become liable for interest payments.

Receiving Report. [Written evidence of acceptance of property or services by an official of a City agency.] This report may be used by a receiving unit to inform others, such as the purchasing, warehousing, accounting and quality assurance departments, of the receipt of goods purchased or acceptance of services rendered. A receiving unit may, in some cases, also verify that goods and services conform to specification requirements and may include on the receiving report evidence of the acceptance of the goods and services.

(c) **Standards for Prompt Payment.**

(1) **Starting the Payment Period.** The period available to an agency to make a timely payment of an invoice without incurring an interest penalty shall begin on the IRA date [as defined in Section 6-07(b) of these rules].

(2) **Required Payment Date.** The required payment date shall be:

(i) 30 [calendar] days; or

(ii) in the case of contract changes, 60 days; or

(iii) in the case of substantial completion payments or final payments on construction contracts, [120 calendar] 90 days (60 days beginning July 1, 1998) after the IRA date, except as described in paragraph (3) below. These periods shall include not only the time required by the [City] agency to prepare the voucher, but also the time, not to exceed ten days, from the date the proper voucher is entered into the City's accounting database, required by [the Financial Information Services Agency] FISA, the Department of Finance, and the Comptroller to process and release the voucher for payment. [Beginning July 1, 1992, the 120 day period for substantial completion payments and final payments on construction contracts shall be reduced to 90 days.]

[(3) For invoices submitted during the transition period from July 1, 1991 through December 31, 1991, the required payment date referred to in subparagraph 6-07(c)(2)(i) shall be 45 calendar days.

(4)] (3) **Extension of the Required Payment Date.** The date by which a contract payment may be made without the payment of interest may be extended by the time taken to satisfy or rectify any of the following [facts or conditions]:

(i) The [City] Comptroller, in the course of an audit, determines that there is reasonable cause to believe that payment may not be properly due, in whole or in part, due to fault of the [contractor] supplier;

(ii) The necessary City, [state] State, or federal government appropriation required to authorize payment has not been made;

(iii) A proper invoice must be examined by the [state] State, or federal government prior to payment;

(iv) The goods [or property] have not been delivered or the construction or services have not been performed in compliance with the terms and conditions of the contract; [and]

(v) In the case of substantial or final payments on construction contracts, the [Agency Chief Contracting Officer] ACCO determines that the [contractor] supplier has failed to properly submit the necessary documents and other submissions prescribed by the contract specifications and requirements or by [applicable City, state or federal laws] law in order to enable the agency to process the final payment properly and expeditiously[.]; and

(vi) When the required payment date falls on a weekend or City holiday, the required payment date shall be extended to the next following business day.

[(5)] (4) **Proper Invoice Required to Initiate Payment.** A proper invoice submitted by the [contractor] supplier shall be required to initiate payment, except where the contract provides that the [contractor] supplier will be paid at predetermined intervals without having to submit an invoice for each scheduled payment.

[(6)] (5) **Receipt and Acceptance of Goods and Services.** Agencies shall ensure that receipt and acceptance are executed within seven [(7)] days unless otherwise specified in the contract. Receiving reports and invoices shall be stamped or otherwise annotated with the date upon receipt in the designated billing office.

[(7)] (6) **Timely Payment and Cash Management Policy.** The City shall not make payments substantially in advance of the required payment date, unless:

(i) A discount has been offered and it is in the City's economic best interests to take the discount; or

(ii) Earlier payment is required to avoid undue hardship to a [contractor] supplier or a class of [contractors] suppliers, in the judgment of the [City Chief Procurement Officer] CCPO.

(d) **Interest Eligibility and Computation.**

(1) **Eligibility.** When payments are made after the required payment date, interest shall be paid to the [contractor] supplier based on the [invoice received

or acceptance date ("IRA date")} IRA Date. Interest shall be computed at the maximum amount allowed by law, or such lower rate [as] set jointly by the Comptroller and [the Office of Management and Budget may jointly set] OMB. Such interest rate shall not apply to contracts where, as part of the contract obligation, the City is required to pay an interest rate other than the rate determined by the Comptroller and [the Office of Management and Budget] OMB.

(2) The [current] interest rate shall be reviewed every six months by the Comptroller and [the Office of Management and Budget] OMB to determine its continued applicability. The new interest rate for each upcoming six-month period i.e., July 1st through December 31st/January 1st through June 30th shall take effect on payments made on or after the effective date and shall be published by the [City Chief Procurement Officer] CCPO in the City Record as soon as is practicable after such determination is made, not to exceed thirty [(30)] days. The [City Chief Procurement Officer] CCPO shall notify in writing all [Agency Chief Contracting Officers] ACCOs of this action.

(3) Interest [will] shall not be paid where:

(i) Payment on the invoice is delayed because of a disagreement between an [City] agency and a [contractor] supplier over the amount of the payment and other issues concerning compliance with the terms of a contract. Payments shall be made, and as required by these [rules] Rules, interest shall be paid, on undisputed amounts;

(ii) The failure to make the contract payment is the result of a lien, attachment, or other legal process against the money due to the [contractor] supplier;

(iii) Amounts are temporarily withheld in accordance with the contract;

(iv) The amount of the interest payment is less than twenty-five [(25)] dollars; or

(v) Payment is made during a fifteen-day grace period following the required payment date. If payment is made beyond the fifteen-day grace period, interest will be paid for the period beginning on the date after the required payment date and ending on the payment date.

(4) The following types of payments are ineligible for interest:

(i) Payments under the eminent domain law;

(ii) Interest on judgments rendered by a court of law, [the Office of Administrative Trials and Hearings] OATH, or other adjudicatory or dispute resolution body;

(iii) Payments to the federal government; to any state or City agency or their instrumentalities, to any duly constituted unit of local government or any of their related instrumentalities; to any public authority or public benefit corporation;

(iv) Payments in a situation where the City takes a deduction permitted by law or contract against all or part of a payment due the [contractor] supplier; or

(v) Where, for reasonable cause, the City determines not to release or to reduce retainage upon completion or substantial completion of a construction contract.

(5) Interest [which] that is due may be paid by separate payment made within [10] ten days of payment of the original invoice.

(6) The Comptroller and [the Office of Management and Budget] OMB may, for a limited period of time not to exceed thirty [(30)] days per calendar year, jointly defer the City's obligation to pay interest when the City is experiencing a shortage of cash. In such event, the [City Chief Procurement Officer] CCPO shall provide, at the earliest practicable opportunity, written notice to [Agency Chief Contracting Officers] ACCOs of this action and its expected duration. Notice of this action shall be published by the [City Chief Procurement Officer] CCPO in the City Record as soon as is practicable after such determination is made, not to exceed thirty [(30)] days. The [City Chief Procurement Officer] CCPO shall provide similar written notice of subsequent action either to extend or cancel this period of deferral.

(e) Additional Requirements for Construction and Construction-Related Services Contracts.

(1) **Progress Payments.** An agency may not approve a request for a progress payment unless the request includes:

(i) Substantiation of the amounts requested, including:

(A) an itemized list of the amounts requested related to the various elements of work required by the contract;

(A) a payment clause [which] that obligates the prime contractor(s) to pay each subcontractor (including a materials supplier) not later than [7] seven days after receipt of payment out of amounts paid to the prime contractor by the City for work performed by the subcontractor or supplier under that contract; and

(B) a clause requiring the prime contractor to include in each of its subcontracts a provision requiring each subcontractor to include the same payment clause in their contracts with each lower-tier subcontractor or supplier.

(ii) If a prime contractor is paid interest earned due to late payment by an [City] agency, the proportionate share of that interest shall be forwarded by the prime contractor to the subcontractor.

(f) **Determination of Appropriations Against Which Interest Penalties Shall Be Charged.** Except where [federal law or other provisions of law require] otherwise required by law, an interest payment required by these [rules] Rules shall be paid from the agency expense budget of the agency awarding the contract, provided however that if the obligation to make an interest payment is incurred in whole or in part [because it takes the Financial Information Services Agency (FISA) more than five (5) calendar days, excluding legal holidays, from the date it receives an approved voucher from another City agency to process a contract payment] due to another agency's involvement in the payment process, then the portion of the total interest payment that is attributable to delays by [FISA] that agency shall be [paid from] charged to that agency's [the] miscellaneous budget.

(g) **Responsibilities.** Each agency head is responsible for the following:

(1) Assuring timely payments and the payment of interest penalties where required;

[The annual report shall be issued no later than September 1st of each year.] The [Procurement Policy Board] PPB shall additionally publish monthly cumulative prompt payment performance statistics. BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. RENOVATIONS AT 280 BROADWAY – SS – 956980002510 – DUE 4-13-98 AT 4 PM –

INTENT TO NEGOTIATE

In March 1994 the Department of Citywide Administrative Services issued a Request for Expressions of Interest ("RFEI") for the redevelopment of 280 Broadway, Manhattan. An advertisement was placed in the New York Times on March 27, 1994 announcing the RFEI and the same was mailed directly to over 250 real estate developers operating in the City of New York. A Request for Proposals ("RFP") was subsequently issued in October or 1994 which called for the creation of Class "B" office space at 280 Broadway. An advertisement was placed in The New York Times on October 9, 1994 announcing the RFP in conjunction with the contemplated developer's utilization of the lower floor space for commercial purposes. The RFP notice was also mailed to the 250 recipients of the RFEI. DCAS received two responsive proposals to the RFP. After an evaluation of the responsive proposals, the developer, Starrett Corporation ("Starrett") was deemed the successful respondent in November of 1995. The RFP contemplated a unified real estate project which utilized a ground lease to Starrett and a sublease back to the City of the renovated office space; it was subsequently determined tha the project would be more effectively financed by a lease to Starrett covering the commercial portion of the space together with a construction contract for the renovation of the City's office space. As Starrett will be the tenant in the commercial portion of 280 Broadway it has been the intention of DCAS to enter into a sole source construction contract for the renovation of the City's office space therein. DCAS intends to enter into final negotiations with Starrett with respect to the aforesaid lease for the commercial space and the construction contract for the City's office space. Any qualified vendor which wishes to comment or is interested in providing similar services of like kind in the future is invited to so indicate by letter, which must be received no later than April 13, 1998 to: Joseph Milone, Agency Chief Contracting Officer, Municipal Building, 20th Floor North, New York, New York 10007.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. A public hearing shall be held on May 6, 1998 at 100 Gold St., room 1R3 from 10:00 A.M. to 12:00 P.M.. Persons seeking to testify are requested to notify the General Counsel at the address stated above. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify the Deputy General Counsel at the foregoing address by April 22, 1998. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 A.M. and 5:00 P.M. at 100 Gold St., New York, N.Y. 10038.

Section 1. Subdivision (f) of section 4-02 of Title 28 of the Rules of the City of New York is amended to read as follows:

(f) Rent or offer to rent, or sell or offer to sell, any of its capital stock to any persons or families whose probable aggregate annual income at the time of admission exceeds eight times the rental, including the value or cost to them of heat, light, water and cooking fuel of the dwelling that may be furnished to such persons or families. The "probable aggregate annual income" means the annual income of the chief wage earner of the family and his or her spouse or domestic partner. For purposes of this subdivision, a domestic partner shall mean a person who has registered a domestic partnership with the City Clerk or the City Department of Personnel in accordance with applicable law.

§ 2. Subdivision (b) of section 4-04 of Title 28 of the Rules of the City of New York is amended to read as follows:

(b) The applicant shall furnish the information in an affidavit setting forth the aggregate annual income of the applicant and his spouse or domestic partner including a statement therein that the copy of the applicant's income tax report filed with the Internal Revenue Service for the last calendar year, submitted with the affidavit, is a true copy. The applicant shall furnish a power of attorney granting to the Board the right to examine or obtain copies of the original return. For purposes of this subdivision, a domestic partner shall mean a person who has registered a domestic partnership with the City Clerk or the City Department of Personnel in accordance with applicable law.

§ 3. The fifth undesignated paragraph of subdivision (b) of section 18-04 of Title 28 of the Rules of the City of New York is amended to read as follows:

Family. "Family" refers to two or more individuals who by blood, marriage, adoption or mutual consent live together as a family unit. For example, two roommates would not be a family, but a couple, who live together as a family, even if not formally married, would be entitled to benefits as if they were married. A certificate of registration as domestic partners in the City of New York shall be evidence of a family relationship for the purposes of this section.

STATEMENT OF BASIS AND PURPOSE

Mayoral Executive Orders spanning the past two administrations have established several rights and procedures relative to domestic partnerships, including a procedure for City residents to register their domestic partnerships in the office of the City Clerk. Such orders have further provided, among other things, that (i) registered domestic partners are eligible for visitation rights in City hospitals and correction facilities; (ii) City employees with registered domestic partnerships are eligible for child care leave and bereavement leave on the same basis as those benefits are afforded to employees with regard to their spouses; and (iii) registered domestic partnership is evidence of the right to succession to tenancy rights in facilities operated by the New York City housing authority and the department of housing preservation and development. By the end of 1997, there were approximately 8,000 couples registered as domestic partners in New York City. Approximately two thirds of those registered domestic partners who reported demographic information were heterosexual couples, and approximately one third were same sex couples. Almost forty percent of registered domestic partnerships have accessed City health benefits available to partners of City employees and retirees.

Consistent with the intent of such orders, and the Commissioner's authority pursuant to Charter §§ 1043 and 1802, the Department is now acting to provide that rules applicable to spouses, as specified herein, should now be extended to domestic partners.

§1. A new Chapter 34 is added to Title 28 of the Rules of the City of New York to read as follows:

Chapter 34 TAX EXEMPTION; DEBARMENT

§34-01 Debarment. Upon the criminal conviction of any person for fraud or misrepresentation in connection with any application for tax exemption/tax abatement made to the Department of Housing Preservation and Development or the Department of Finance, the Department of Housing Preservation and Development shall not communicate with, provide materials or information to, or accept materials or information from any such person in connection with any application for tax exemption or tax abatement made to the Department, for a time period not to exceed ten years beginning on the date of such conviction. This section shall not apply to a person who is an owner of the real property for which the tax exemption/tax abatement application is submitted. For purposes of this section, the term "person" shall include any individual, firm, co-partnership, association or corporation. The Department of Housing Preservation and Development shall provide written notification of debarment to any person who is debarred from applying for a tax abatement or tax exemption by operation of this section. Any such person may appeal such debarment to the Commissioner of the Department of Housing Preservation and Development or his or her designee by submitting a written explanation why such debarment should not be applicable. Such written appeal shall be submitted within twenty days of the date of the debarment notification issued by the Department. The Commissioner or his or her designee may affirm, modify or revoke the debarment. A modification of the debarment may include a limitation as to its applicability to any person or persons, and the length of time that such debarment may remain in effect. The Commissioner or his or her designee may consider the following factors in determining whether to affirm, modify or revoke the debarment: (1) the length of time elapsed since the criminal conviction was entered, (2) if a person other than an individual is the subject of the debarment, whether the employees of such person who were directly involved in the activity leading to the criminal conviction or were themselves the subject of the criminal conviction continue to be associated with the person, and (3) any other factors deemed by the Commissioner or his or her designee to be relevant to a determination on the merits of the appeal. The Commissioner or his or her designee shall provide a written determination setting forth the reasons therefor to the person appealing the debarment within a reasonable period of time after receipt of the appeal. The determination of the Commissioner or his or her designee of such appeal shall be final.

Statement of Basis and Purpose. The Real Property Tax Law authorizes the Department of Housing Preservation and Development to promulgate rules governing administration of each program authorized by such statute. The proposed rules deal with debarment for conviction of fraud or misrepresentation in connection with an application for tax exemption/tax abatement.

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
03/06/98	984300	SRA 98-4503

ADDRESS	BOROUGH:	BLOCK/LOT:
87 DUANE STREET HISTORIC DISTRICT AFRICAN BURIAL GROUND	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Transportation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of excavating one rectangular trench six feet wide, eleven feet long and eight feet deep for emergency repair of an existing electric transformer vault, approximately 150' east of Broadway in the street-bed of Elk Street, as indicated on DOT Permit form M0198048019 dated February 18, 1998 and submitted as a component of the application.

In reviewing this proposal, the Commission notes that the designation report states that the portion of lower Manhattan within the historic district has undergone intense public use since the mid-seventeenth century, resulting in the overlay of many significant historic improvements and resources--both above ground and below--all of which document the changing nature of the important area long devoted to communal, public, and civic purposes; and that, within the district, the African Burial Ground is historically significant in that it is one of the few preserved eighteenth-century African burial grounds in the Americas, and that it reflects the establishment at an early date of the society of Africans in New York City, which had one of the largest urban populations of Africans in the American colonies. The report also cites the significance of structures related to the civic use of the Commons. The Commission further notes that the location of the proposed work is inside the boundaries of the African Burial Ground, the boundaries of which have been established based on historical documents.

With regard to this proposal, the Commission finds that the proposed work will not require the removal of or damage to any significant above-ground features of the historic district; that the removal of street paving will be temporary in nature; that the street paving to be excavated is composed of modern materials and is not a significant feature of the historic district; that the new paving will match the surrounding paving to remain in material, color, and detail, and therefore that the new paving will blend unobtrusively with the surrounding street and sidewalk paving.

The Commission also finds that, as the location of the proposed work appears to be within landfill above the 18th century ground surface, the proposed excavation will be limited to the disturbance of only previously excavated soils; that the proposed hand excavation methods will allow for observation of and minimal damage to any artifacts or other cultural material uncovered during the work; and there is low probability of encountering intact archaeological deposits, features, or human burials in the proposed work area.

Based on these findings, and provided that the stipulation outlined below is followed, the Commission determines the proposed work to be appropriate to The African Burial Ground and The Commons Historic District, and has no objection to the proposed work proceeding. The proposed work, therefore, is approved.

In issuing this report, the Commission stipulates that should artifacts or other cultural material be encountered during the course of work, work should stop immediately pending Commission notification and review. If artifacts or other cultural material are encountered, contact Daniel Pagano, Director of Archaeology at (212) 487-6848.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Daniel Pagano.

DUANE STREET AT LAFAYETTE ST. HISTORIC DISTRICT AFRICAN BURIAL GROUND	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Transportation..

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of excavating one square trench three feet wide, three feet long and two feet deep for emergency repair of an existing electric light conduit, approximately 10' southeast of the northwest corner of Duane and Lafayette Streets in the street-bed of Lafayette Street, as indicated on DOT Permit form M0198057057 dated February 26, 1998 and submitted as a component of the application.

In reviewing this proposal, the Commission notes that the designation report states that the portion of lower Manhattan within the historic district has undergone intense public use since the mid-seventeenth century, resulting in the overlay of many significant historic improvements and resources--both above ground and below--all of which document the changing nature of the important area long devoted to communal, public, and civic purposes; and that, within the district, the African Burial Ground is historically significant in that it is one of the few preserved eighteenth-century African burial grounds in the Americas, and that it reflects the establishment at an early date of the society of Africans in New York City, which had one of the largest urban populations of Africans in the American colonies. The report also cites the significance of structures related to the civic use of the Commons. The Commission further notes that the location of the proposed work is inside the boundaries of the African Burial Ground, the boundaries of which have been established based on historical documents.

With regard to this proposal, the Commission finds that the proposed work will not require the removal of or damage to any significant above-ground features of the historic district; that the removal of street paving will be temporary in nature; that the street paving to be excavated is composed of modern materials and is not a significant feature of the historic district; that the new paving will match the surrounding paving to remain in material, color, and detail, and therefore that the new paving will blend unobtrusively with the surrounding street and sidewalk paving.

The Commission also finds that, as the location of the proposed work appears to be within landfill above the 18th century ground surface, the proposed excavation will be limited to the disturbance of only previously excavated soils; that the proposed hand excavation methods will allow for observation of and minimal damage to any artifacts or other cultural material uncovered during the work; and there is low probability of encountering intact archaeological deposits, features, or human burials in the proposed work area.

Based on these findings, and provided that the stipulation outlined below is followed, the Commission determines the proposed work to be appropriate to The African Burial Ground and The Commons Historic District, and has no objection to the proposed work proceeding. The proposed work, therefore, is approved.

In issuing this report, the Commission stipulates that should artifacts or other cultural material be encountered during the course of work, work should stop immediately pending Commission notification and review. If artifacts or other cultural material are encountered, contact Daniel Pagano, Director of Archaeology at (212) 487-6848.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Daniel Pagano.

CHAMBERS STREET AT ELK STREET HISTORIC DISTRICT AFRICAN BURIAL GROUND	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Transportation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of excavating one rectangular trench two feet wide, three feet long and 2.5 feet deep for emergency repair of an existing electric service to a street light, approximately four feet south west of the northeast corner of Chambers and Elk Street in the street-bed of Chambers Street, as indicated on DOT Permit form M0198048025 dated February 18, 1998 and submitted as a component of the application.

In reviewing this proposal, the Commission notes that the designation report states that the portion of lower Manhattan within the historic district has undergone intense public use since the mid-seventeenth century, resulting in the overlay of many significant historic improvements and resources--both above ground and below--all of which document the changing nature of the important area long devoted to communal, public, and civic purposes; and that, within the district, the African Burial Ground is historically significant in that it is one of the few preserved eighteenth-century African burial grounds in the Americas, and that it reflects the establishment at an early date of the society of Africans in New York City, which had one of the largest urban populations of Africans in the American colonies. The Commission also finds that, as the location of the proposed work appears to be within previously disturbed portions of the 18th century ground surface, the proposed excavation will be limited to the disturbance of only previously excavated soils; that the proposed hand excavation methods will allow for observation of and minimal damage to any artifacts or other cultural material uncovered during the work; and there is low probability of encountering intact archaeological deposits, features, or human burials in the proposed work area.

Based on these findings, and provided that the stipulation outlined below is followed, the Commission determines the proposed work to be appropriate to The African Burial Ground and The Commons Historic District, and has no objection to the proposed work proceeding. The proposed work, therefore, is approved.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

To further the administration of this policy, the following guidelines are established:

Section 1.

Interrogations, interviews, trials, and hearings conducted by duly authorized representatives of the Employer shall be conducted during reasonable hours, preferably when an employee is on duty. Section 2.

At the time an employee is notified to appear for interrogation, interview, trial or hearing, the Employer shall advise the employee either in writing, when practicable, or orally to be later confirmed in writing of (1) the specific subject matter of such interrogation, interview, trial or hearing; and (2) whether that employee is a suspect or non-suspect. If notified orally, the employee shall be given a written notice before the interrogation, interview, trial or hearing. If an interrogation or interview may lead to disciplinary action, the employee may be accompanied by counsel and/or a union representative at such interrogation or interview.

Section 3.

Notice of trial shall be in writing at least ten (10) days in advance of such trial, unless the employee waives such notice or unless that employee applies or has applied for a service retirement.

> I wish to advise you that you have all the rights and privileges guaranteed by the law of the State of New York and the Constitutions of this State and of the United States, including the right not to be compelled to incriminate yourself. You have the right to have an attorney present if you wish. I wish further to advise you that if you refuse to answer any questions relating to the performance of your duties, you will be subject to dismissal from your employment with the City. However, if you do answer questions, neither your answers nor any information or evidence which is gained by reason of such answers can be used against you in any criminal proceeding. You are advised, however, that if you knowingly make any false answers or deceptive statements, you may be subject to criminal prosecution and disciplinary action by reason thereof.

Such employee shall also be advised of the right to union representation. When the interrogating officer is advised by the employee that employee desires the aid of counsel and/or a union representative, the interrogation shall be suspended and the employee shall be granted a reasonable time to obtain counsel and/or a union representative, which time shall be at least two working days.

If it appears that the investigation may result in a disciplinary proceeding based on the Employee's answer to questions or on the refusal to answer, a stenographic or electronic record of the questioning of the employee shall be made unless the exigencies of the situation prevent such recording.

In the event that an employee is subject to charges by the Department, any such record shall be made available to the employee or their representative. The cost of the recording shall be shared equally by the parties.

Section 6.

A. An employee shall not be questioned by the Employer on personal behavior while off duty and out of uniform except that the Employer shall continue to have the right to question an employee about personal behavior while off duty and out of uniform in the following areas:

If the employee requests such arbitration, that employee shall not be required to answer such questions until the arbitrator makes the award.

Section 7.

All employees are reminded that failure to answer relevant questions may result in disciplinary action including dismissal from the Department.

Section 8.

In the course of an investigation or interrogation, an employee who is not a suspect is required to cooperate in the investigation of a complaint. Statements the employee has made in the course thereof may not be used against that employee in a subsequent proceeding in which that employee becomes a suspect.

Section 9.

If an employee is found not guilty in a disciplinary hearing, the record of the proceedings shall not become part of that employee's personal record. An employee who is found not guilty shall have the right to examine their personal record in the presence of an official of the Department after written request to the Department to ascertain compliance.

Section 10.

If the Employer fails to comply with the provisions of this Article, any questions put to the employee shall be deemed withdrawn and the refusal to answer any such questions shall not be prejudicial to the employee. Withdrawal as herein described shall not preclude the Department from proceeding anew in the manner prescribed herein.

Section 11.

Re: Wiper Agreement from May 1, 1995 to May 31, 2000

Dear Mr. Gallagher:

The City and the UFA recognize that pursuant to Administrative Code section 12-127, the City is obligated to pay for the cost of line of duty injury prescription drugs for UFA members. The parties further recognize that a significant number of UFA members have utilized the UFA Security Benefit Fund to pay for these prescription drugs without reimbursement by the City. The UFA agrees to waive any and all claims retroactively and prospectively against the City for the reimbursement of the cost of line of duty injury prescription drugs.

If the above conforms to your understanding, please execute the signature line below.

Very truly yours,

AGREEMENT entered into this 26th day of march, 1998 by and between the City of New York (hereinafter referred to as the "Employer"), and District No. 1 - Pacific Coast District, Marine Engineers Beneficial Association, AFL-CIO, (hereinafter referred to as the "Union"), for the sixty month, eight day period from June 23, 1995 to June 30, 2000.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing;

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - RECOGNITION

Section 1.

The employer recognizes the Union as the sole collective bargaining agent for the unit consisting of all Pilots (Uniformed) and Marine Engineers (Uniformed) employed by the Employer in the Fire Department of the City of New York.

Section 2.

The terms "employee" or "employees" as used in the Agreement shall mean only those persons employed in the titles described in Section 1 of this Article.

ARTICLE II - UNION SECURITY

Section 1.

The Employer agrees that all employees may become and remain members of the union in good standing.

Section 2.

The employer further agrees that all new employees hired subsequent to the date of signing this Agreement may become and remain members of the Union in good standing.

Section 3.

It is further agreed that the decision to become or remain members of the Union in good standing shall remain discretionary both with the employees and with the Union subject to the provisions of Section 12-314 of the Administrative Code.

Section 4.

A. The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each employee in the Unit and the City shall checkoff and transmit such dues to the Union, all in accordance with the Mayor's Executive Order #98, dated May 15, 1969, entitled "REGULATIONS REGULATING THE CHECKOFF OF UNION DUES" and in accordance with the Mayor's Executive Order N. 107, dated December 29, 1986, entitled "REGULATIONS GOVERNING PROCEDURES FOR ORDERLY PAYROLL CHECKOFF OF UNION DUES."

B. The employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent if given shall be in the proper form, acceptable to the City, which bears the signature of the employee.

Section 5.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference.

ARTICLE III - WORK SCHEDULE

Section 1.

A. All the terms and conditions of Section 15-112 of the Administrative Code of the City of New York, as presently provided therein and hereby incorporated by reference.

B. (i) Notwithstanding the above Section 1a, the Fire Department shall have the right to schedule employees assigned to be trained on a schedule that does not conform to the duty schedule described in this Article III.

The Fire Department shall have the right to schedule employees assigned for special needs and projects on a schedule that does not conform to the duty schedule described in this Article III. Prior to an involuntary assignment, the Department shall endeavor to obtain qualified volunteers. The determination of such employees qualifications shall be made at the discretion of the Department, whose decision shall be final. The selection of qualified volunteers will be made on a seniority basis in title. Should no qualified employees volunteer, or additional qualified employees be required, the Department will assign qualified employees on the basis of inverse seniority in title. The involuntary assignment of a qualified employee shall be limited to six months, but may be extended to one year in such cases where unique and extraordinary skills or functions are required and where such assignment is of critical importance to the Fire Department. The parties agree to meet and confer prior to assigning employees on an involuntary basis.

For the purpose hereof, any member assigned to respond to an alarm and to perform firefighting duty or supervise firefighting duties shall be deemed to be performing firefighting duties.

(ii) Notwithstanding the foregoing no such assignment shall be made on a punitive basis.

B. Communicative Time.

Employees shall report for duty 15 minutes prior to the start of their tour in order to exchange information between the on-duty and relieving Pilot (Uniformed) and Marine Engineer (Uniformed). Should an alarm occur during that 15 minute period, the relieving Pilot (Uniformed) and Marine Engineer (Uniformed) shall respond to that alarm.

In the event this provision is declared invalid under the law, the parties will reopen negotiations to resolve the issue of any increased cost which may result from such declaration. Such negotiations will be commenced forthwith. If no agreement is reached, an impasse may be declared and subsequent mediation and the impasse proceeding, if any, shall in all respects be conducted on an expedited basis.

Section 2

Employees when specifically directed by the Commissioner or Chief of the Department of their respective designated representatives to perform work in excess of working hours as provided in Section 1 of this Article III shall be compensated for the same by cash payment at the rate of time and one-half based on their regular salary for each employee for the actual period of overtime worked.

Section 3

When employees are not continued on duty but are ordered to report for emergency duty from a scheduled off tour or a scheduled rest period, they shall be compensated for a minimum of four hours if not assigned to duty and for a minimum of six hours if assigned to duty. Such compensation shall be at the overtime rate of time and one-half, in accord with Section 2 of this Article.

ARTICLE XV - VACANCIES

In filling vacancies, the Department recognizes the importance of seniority (measured by time in the Rank) provided the senior applicant has the ability and qualifications to perform the work involved. However, the Department's decision is final.

ARTICLE XVI - INDIVIDUAL RIGHTS

It is the policy of the Employer to secure for all employees their rights and privileges as citizensin a democratic society, consistent with their duties and obligations as employees of the Fire Department and the City of New York. To further the administration of this policy, the following guidelines are established:

Section 1.

Interrogations, interviews, trials, and hearings conducted by duly authorized representatives of the Employer shall be conducted during reasonable hours, preferably when an employee is on duty. If an interrogation, interview, or hearing takes place when an employee is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is a witness is not on duty, that employee shall be compensated by cash payment for the time spent including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is an accused is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of straight time, unless the trial was postponed by the accused for that employee's convenience or for the convenience of counsel and/or the union representative, in which case the accused shall receive no compensation.

Section 2.

At the time an employee is notified to appear for interrogation, interview, trial or hearing the Employer shall advise the employee either in writing, when practicable, or orally to be later confirmed in writing of (1) the specific subject matter of such interrogation, interview, trial or hearing; and (2) whether that employee is a suspect or non-suspect. If notified orally, the employee shall be given a written notice before the interrogation, interview, trial or hearing. If an interrogation or interview may lead to disciplinary action, the employee may be accompanied by counsel and/or a union representative at such interrogation or interview.

Section 3.

Notice of trial shall be in writing at least ten (10) days in advance of such trial, unless the employee waives such notice or unless that employee applies or has applied for a service retirement.

Section 4.

The employee who is the subject of interrogation, interview, trial or hearing shall be advised of the name, rank, and unit of the officer in charge of the interrogation, interview, trial or hearing and the name, rank and unit or other identification of all persons present connected with the interrogation, interview or hearing. The questioning of employees shall be of reasonable duration and the employee shall be allowed time for personal needs, meals and necessary telephone calls.

Offensive or profane language shall not be used, nor shall the employee be threatened for failure to answer questions or promised anything if that employee does answer questions.

Section 5.

When an employee is a suspect in a departmental investigation or trial, the officer in charge of the investigation or trial shall give the employee the following warning before that employee is questioned:

> I wish to advise you that you have all the rights and privileges guaranteed by the law of the State of New York and the Constitutions of this State and of the United States, including the right not to be compelled to incriminate yourself. You have the right to have an attorney present if you wish. I wish further to advise you that if you refuse to answer any questions relating to the performance of your duties, you will be subject to dismissal from your employment with the City. However, if you do answer questions, neither your answers nor any information or evidence which is gained by reason of such answers can be used against you in any criminal proceeding. You are advised, however, that if you knowingly make any false answers or deceptive statements, you may be subject to criminal prosecution and disciplinary action by reason thereof.

Such employee shall also be advised of the right to union representation. When the interrogating officer is advised by the employee that employee desires the aid of counsel and/or a union representative, the interrogation shall be suspended and the employee shall be granted a reasonable time to obtain counsel and/or a union representative, which time shall be at least two working days.

If it appears that the investigation may result in a disciplinary proceeding based on the Employee's answer to questions or on the refusal to answer, a stenographic or electronic record of the questioning of the employee shall be made unless the exigencies of the situation prevent such recording.

In the event that an employee is subject to charges by the Department, any such record shall be made available to the employee or the representative. The cost of the recording shall be shared equally by the parties.

Section 6.

A. An employee shall not be questioned by the Employer on personal behavior while off duty and out of uniform except that the Employer shall continue to have the right to question an employee about personal behavior while off duty and out of uniform in the following areas:

iii. conflict of interest;
iv. injuries or illnesses;
v. residency;
vi. performance as volunteer firefighter;
vii. loss or improper use of department property.

B. If an employee alleges a breach of subdivision (a) of this Section 6., that employee has the right to a hearing and determination by the Impartial Chair within 24 hours following the claimed breach. To exercise this right, the employee must request such arbitration at the time when an official of the Employer asks questions in an area which is disputed under subdivision (a) of this section. If the employee requests such arbitration, that employee shall not be required to answer such questions until the arbitrator makes the award.

Section 7.

All employees are reminded that failure to answer relevant questions may result in disciplinary action including dismissal from the Department.

Section 8.

In the course of an investigation or interrogation, an employee who is not a suspect is required to cooperate in the investigation of a complaint. Statements the employee has made in the course thereof may not be used against that employee in a subsequent proceeding in which that employee becomes a suspect.

Section 9.

If an employee is found not guilty in a disciplinary hearing, the record of the proceedings shall not become part of that employee's personal record. An employee who is found not guilty shall have the right to examine the personal record in the presence of an official of the Department after written request to the Department to ascertain compliance.

Section 10.

If the Employer fails to comply with the provisions of this Article, any questions put to the employee shall be deemed withdrawn and the refusal to answer any such questions shall not be prejudicial to the employee. Withdrawal as herein described shall not preclude the Department from proceeding anew in the manner prescribed herein.

Section 11.

The employee shall have the right, at that employee's own expense, to have a personal physician consult with the Departmental Medical Board after the examination and interview of the employee, but before the Departmental Board completes its record and makes its recommendation. Present practice regarding filing of medical statements and documents shall continue.

ARTICLE XVII - GRIEVANCE PROCEDURE

Section 1.

A grievance is defined as a complaint arising out of a claimed violation, misinterpretation, or inequitable application of the provisions of this contract, or of existing policy or regulations of the Fire Department affecting the terms and conditions of employment. A direct order, written or verbal, by a Superior Officer, under all circumstances, must be carried out and objections raised at a later date through the formal grievance procedure. The Union designates the Delegates, as defined in Article XIX of this Agreement, as a member's representative. In the event that any employee shall present a grievance, such grievance shall be handled in the following manner.

STEP NO. I

A. 1. An aggrieved member initiates the grievance procedure by explaining a problem verbally to that member's immediate supervisor.[1]

2. If the matter is not resolved to the employee's satisfaction, the aggrieved employee may request the Union delegate to discuss the matter verbally with the immediate supervisor as noted above.

3. Prior to the formal presentation of the grievance or complaint to the Company Commander, every effort shall be made to find ways and means of identifying and removing the cause of the grievance or complaint.

4. If the matter remains unresolved following the discussion outlined above, the grievance shall formally be submitted in writing on a prescribed form, to the Company Commander. Such formal submission must in any event, occur within 120 days following the date on which the grievance arose.

B. 1. Upon request of the aggrieved employee, the Union Delegate and/or Union official shall accompany the member at a meeting with the Company Commander who shall specify date, time and place of hearing. Said Commanding Officer shall, within five (5) calendar days of receipt of appeal, notify all concerned of the date, time and place of hearing.[2]

2. The determination of the Company Commander passing on the grievance shall be in writing, and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved, and the Union Representative within five (5) calendar days after the meeting.

3. If the grievance is not resolved to the satisfaction of the aggrieved, the employee has the right to proceed to the next step in the grievance procedure.

C. 1. Time lost by Union delegates in the adjustment of a grievance shall not be compensable.

2. Time lost by an aggrieved member in the adjustment of a grievance shall not be compensable.

STEP NO. II

An official of District No. 1 -PCD MEBA shall be the member's representative at this step of the grievance procedure. The official to whom the appeal shall be made shall be the Division Commander or the Division Commander's designee.

A. An appeal from the Step I determination shall be forwarded by the aggrieved in writing, on the prescribed form to the Officer to whom the appeal is to be made within five (5) calendar days after the aggrieved received a copy of the determination of the Division Commander.

B. Upon receipt of the aggrieved employee, a Union representative shall accompany that employee at a meeting with the Officer to whom the appeal is to be made who shall specify the date, time, place of hearing and details of grievance.

C. 1. The determination of the Officer passing upon the appeal shall be in writing and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved and the Representative within five (5) calendar days after the hearing.

2. If the grievance is not resolved at this level, the aggrieved, either individually or by the representative has the right to proceed to the next step in the grievance procedure.

STEP NO. III.

An official of the Union may be designated as the Union representative on the Department level; no more than four (4) members of the Executive Board are to attend a meeting.

A. An appeal from the Step II determination must be forwarded in writing by the aggrieved, on the prescribed form, to the Fire Commissioner within five (5) calendar days after the aggrieved receives a copy of the determination.

B. The Commissioner, the Chief of Department, the Chief in Charge - Bureau of Personnel and Administration, and/or their designees, the aggrieved and/or the representatives shall work for a satisfactory resolution of the grievance or complaint through conference, negotiation, and agreement. Such conference should be held within ten (10) days of the receipt of the appeal. The Commissioner shall within five (5) days after such conference serve the determination, in writing, upon the aggrieved employee and the representative.

STEP NO. IV.

If after completion of all of the steps provided for above, such grievance has not been resolved within the Department, the Union solely shall have the right to bring such grievance to the Impartial Chair for arbitration in accordance with the applicable provisions of the New York City Collective Bargaining Law and Consolidated Rules promulgated by the Office of Collective Bargaining with respect to arbitration. Notice of the Union's intent to proceed to arbitration shall be served on the Commissioner of Labor Relations within ten (10) days of receipt of the Fire Commissioner's decision. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined as a "grievance" herein. The Employer shall commence such arbitration by submitting a written request therefore to the Impartial Chair, with a copy to the Union, and the matter shall proceed in accordance with the Consolidated Rules of the Office of Collective Bargaining. The Impartial Chair shall hold a hearing within ten (10) days after the Chair receives a request for arbitration at a time and place convenient to the parties, and the Chair shall issue an award within ten (10) days after the completion of the hearing.

Section 2.

The time limits contained in this Article may be modified by mutual agreement. Any grievance decision not appealed within the time limits prescribed in this Agreement after receipt of the determination of the appropriate department official shall be considered settled on the basis of such determination and shall not be subject to further appeal.

In the event that the Department fails to comply with the time limits prescribed herein, the grievance automatically shall be advanced to the next step.

Section 3.

It is understood and agreed by and between the parties that there are certain grievable disputes which are of a department level or of such scope as to make adjustments at Step I and Step II of the grievance procedure impracticable, and, therefore, such grievance shall be instituted at Step III of the grievance procedure.

Section 4.

When possible every effort shall be made to hold grievance hearings when a union representative involved is on duty.

ARTICLE XVIII - DELEGATES

The parties hereto designate Milton Rubin as Impartial Chair to act during the term of this Agreement. The Impartial Chair shall serve as arbitrator in all instances where arbitration is called for under the terms and conditions of this Agreement, and, further, he shall be available to serve as mediator in all disputes arising under this Agreement or between the Union and the Employer.

Should the Impartial Chair resign, refuse to act or be incapable of acting or should the office become vacant for any reason, the parties shall immediately designate another person to act as such Impartial Chair. If the parties cannot agree on the successor Impartial Chair, then arbitrations under the grievance procedures of this Agreement shall be held pursuant to the Consolidated Rules of the Office of Collective Bargaining.

Section 1.

The Employer and the Union, recognize that cooperation between labor and management is indispensable to the accomplishment of sound and harmonious labor relations and agree to jointly maintain and support a Labor-Management Committee ("Committee").

Section 2.

The Committee shall consider and may recommend to the Fire Commissioner changes in the working conditions of the employees, including, but not limited to, health and safety issues. Matters subject to the Grievance Procedure contained in this agreement shall be appropriate items for consideration by the Committee, but submission of a matter to the Committee shall not affect the right to grieve the matter.

Section 3.

The Committee shall consist of six members. The Fire Commissioner and the President of the Union shall each select three members, and may designate an alternate for each member authorized to act in the absence of a member. Members shall serve for the term of this Agreement, provided, however that the appointing party may remove members that party has appointed at any time. Vacancies shall be filled by the appointing party.

Section 4.

The Committee shall select a Chair from among its members at each meeting. The Chair of the Committee shall alternate between the members designated by the Fire Commissioner and the members designated by the President of the Union. A quorum shall consist of a majority of the total membership of the Committee. Dear Mr. LaRiviere:

The parties agree to jointly seek and support legislation which will further modify the existing defined benefit Fire Officers' Variable Supplements Fund ("VSF") benefit for uniformed members of the fire service who are represented by MEBA as modified (pursuant to a prior collective bargaining agreement by the parties) by Chapter 480 of the laws of 1993.

The existing law shall be modified so that the lesser of VSF benefits to employees who joined the pension fund on or after July 1, 1988 (Tier B) will be eliminated effective January 1, 2008. Effective January 1, 2008, the modification will grant the higher level of benefits presently available to pre-July 1, 1998 members who retire from service.

Very truly yours,

JAMES F. HANLEY

District No. 1 - PCD, MEBA (AFL-CIO)
30 Montgomery Street
Jersey City, NJ 07302

Dear Mr. LaRiviere:

As you are aware there is an outstanding violation assessed against the Fire Department by the New York State Department of Labor, docketed as case no. PES-1-89, concerning the provision of protective clothing.

The parties herein agree that the current uniform allowance is sufficient to comply with state regulations that require that protective clothing be provided at no cost to the employee. The MEBA will work with the City to secure abatement of the above violation. If this agreement does not serve to completely and expeditiously abate the violation, the parties agree to take the necessary steps to do so. It is understood that as part of a proposed abatement plan the Department may at its sole discretion move elsewhere in the agreement or modify the contract provisions dealing with the uniform allowance and take other steps, which may include instituting or changing Department procedures, in order to develop and implement such a plan. The MEBA agrees not to pursue any potential claim for retroactive liability either through the Department of Labor or individually.

Very truly yours,

JAMES F. HANLEY

AGREED AND ACCEPTED ON BEHALF OF THE MEBA

Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

All Other Services

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (FAX)

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CHAPTER: 08 SECTION: §8-01

Chapter 8 Demolition
§8-01 Commencement of Demolition. (a) Definition.
(1) Commencement of Demolition. Commencement of demolition shall mean the removal of partitions, ceilings, flooring, windows, piping and fixtures for plumbing and heating or any component parts of a vacant building or structure to be demolished. The removal of interior wood doors shall not be considered commencement of demolition.

(2) **Heavy duty and light duty sidewalk sheds.** A sidewalk shed is for heavy duty use or light duty use. (i) A **heavy duty sidewalk shed** is designed to carry a live load of at least 300 pounds per square foot (psf). Live load, including storage of materials, shall not exceed 300 psf unless the sidewalk shed is designed to carry a live load greater than 300 psf and an application for a permit thereof is filed by a licensed architect or engineer and approved by the Department.
(ii) A **light duty sidewalk shed** is designed to carry a live load of at least 150 pounds per square foot. Storage of materials of any kind is not permitted on light duty sheds.

(b) No demolition of a building or structure shall commence until a complete application has been filed and a permit has been obtained from the Department of Buildings.
(c) Prior to filing of an application for a demolition permit, the applicant must submit a pre-demolition report to the Department and obtain a pre-demolition inspection and sign-off by the Department.
(d) Posting of signs. (1) Prior to the filing of an application for a demolition permit, the demolition contractor shall post a sign in a readily visible location on the front of the building to be demolished or on the sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York adjacent to such building, with the following information:
Demolition Contractor
Name of the Contractor
Business Address
Business Telephone No.
Department of Buildings Complaint Number
Date of Expiration of Sidewalk Shed Permit, if applicable.
Where a sidewalk shed is erected, the sign shall also state whether it is a **heavy duty sidewalk shed** or **light duty sidewalk shed**. If the shed is for light duty use, the sign shall include the statement that **storage is not permitted on the shed**.
A space shall be reserved on the sign for the posting of the demolition permit.
(3) [2] After a demolition permit is obtained, the sign shall also contain a copy of the approved demolition permit.
(4) [3] The sign shall be posted prior to the commencement of demolition, shall measure 25 square feet and the lettering shall be block lettering with a minimum height of three inches. The sign shall be posted upon the wall or fence or shed and shall be of contrasting color from the background. No sign shall be required when the building to be demolished does not exceed 15 feet in height. The sign must be in place 24 hours prior to commencement of any demolition activity and remain visible at the site until all work is completed.
(5) Other than as set forth above and in 1 RCNY §27-03, there shall be no other information, pictorial representations, or any business or advertising messages posted on the sidewalk shed or bridge or other structure listed in §26-252(a) of the Administrative Code which is erected at the demolition site.

(e) Requirements for demolition permits.

(1) A complete application shall be filed with the Department, along with all the necessary reports and certifications.
(2) The building or structure, or affected part thereof, shall be vacant and unoccupied.
(3) All gas, electric, water, steam or other supply lines shall be disconnected and certifications by the respective utility companies or agency to that effect are to be filed pursuant to Administrative Code §27-168. Where the use of electricity or water is required during demolition, such electric or water lines as are necessary may be maintained provided they are protected as required by the Departments of Building and Environmental Protection; provided further that the consent of the utility company is filed for the maintenance of the electric service and a certification is filed from the Bureau of Water Supply of the Department of Environmental Protection that a permit for the use of water in the demolition has been issued.
(4) The building or structure shall be treated effectively for the extermination of rats and a certification shall be filed to that effect by a licensed exterminator or the Health Department.
(5) Where a sidewalk shed is required, a permit for its erection shall be obtained and the sidewalk shed erected in accordance with Administrative Code §27-1021.
(6) Where renewal for an application for a sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York and pursuant to §27-1021 of the Administrative Code is required, such application must be signed by the owner of the affected property.
[(6)] (7) A permit will not be issued if the applicant demolition contractor has outstanding violations of the Building Code on other demolition jobs where such applicant (i) has failed to respond to notices of violation of an administrative tribunal issued for such violations within the time required by law and has failed to cure such default and/or (ii) has failed to appear on the return date or dates or any subsequent return date or dates of any summonses issued in a criminal proceeding for such violations and has failed to remedy such non-appearance and/or (iii) has failed to comply with orders to correct such violations and/or (iv) has failed to certify such correction to the department within the time required by law and has failed to remedy such non-compliance.

(i) the construction of a major building (as hereafter defined); or
(ii) for the alteration of the facade of a major building when a sidewalk shed is required by §27-1021(a)(5) of the Administrative (Building) Code, until a document describing a site safety program has been filed at the Borough Office. The site safety program shall be submitted after approval of the building application has been obtained, but before approval of any full or partial permit. If partial approval and partial permit are being sought (e.g., foundation, excavation, or the like), then the scope of the site safety program shall reflect that component of work.
(2) A major building is a building either:
(i) 15 or more stories;
(ii) 200 feet or more in height;
(iii) with a lot coverage of 100,000 square feet or more regardless of height; or
(iv) as designated by the Commissioner of the Department of Buildings.
(b) Manager to be designated. The site safety program shall provide for the designation of a site safety manager, certified by the Department of Buildings, who shall have the following qualifications:
(1) (i) New York State Licensed Professional Engineer or Registered Architect, or eight years of construction supervision experience, including five years of such experience with major buildings, and
(ii) Certification that the person has satisfactorily completed an orientation course approved by the Department of Buildings of no less than five hours in duration and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code and the duties of site safety manager, as detailed in Local Law 45 of 1983; or
(2) (i) Satisfactory equivalent of experience and/or education, as determined by the N.Y.C. Department of Personnel, and
(ii) Certification that the person has satisfactorily completed a 40-hour course approved by the Department of Buildings and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative Code and the duties of a site safety manager; or
(3) (i) Completion of an on-the-job training program under a currently certified site safety manager. Such training shall cover all aspects of site safety management and all phases of building construction, from the commencement of construction until the building is completely enclosed, and shall last a minimum of 18 months. Each month, the site safety manager shall summarize the trainee's activities in the site safety log or other record, and shall certify as to the trainee's satisfactory completion of the training program, and
(ii) Certification that the person has satisfactorily completed a 40-hour course approved by the Department of Buildings and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative Code and the duties of a site safety manager.
(4) All individuals approved by the Department of Buildings as site safety coordinators prior to July 1, 1985 shall be required to complete the orientation course and pass the written examination given by the Department of Personnel, but shall not be subject to the Personnel Department's subsequent review of qualifications.
(5) Individuals who qualify under paragraph (4) above, may apply to the Department of Buildings for a Site Safety Manager Certificate upon notification by the Department of Personnel that they have passed the examination. All other individuals shall be eligible for a certificate upon receipt by the Department of Buildings of an Investigation Report from the Department of Personnel stating that the applicant has passed all parts of the examination and furnished satisfactory proof that he/she meets the minimum requirements for the certificate. Certificates shall be renewable every three years, and all applicants wishing to renew their license must furnish documentation that they have satisfactorily completed a seven (7) hour site safety course approved by the Department.
(6) Effective October 1, 1987, all individuals, whether previously approved or currently designated as site safety managers or alternates, must hold a Site Safety Manager Certificate from the Department of Buildings. All incumbents who do not hold a certificate as of that date shall be disqualified from the position.
(c) Responsibility for site safety. Nothing in these rules is intended to alter or diminish any obligation otherwise imposed by law on the owner, construction manager, general contractor, contractors, materialmen, architects, engineers or other party involved in a construction project to engage in sound engineering, design and construction practices and to act in a reasonable and responsible manner to maintain a safe construction site.
(d) Site safety program and manual. (1) The site safety program shall include the duties of the site safety manager, and the measures to be taken to ensure compliance with the safety requirements of Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code.
(2) The site safety manager shall monitor compliance with the safety requirements of Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code, but shall not be responsible for reviewing design specifications, lifting capacities, performing technical inspections, etc. (except as such duties may fall within the scope of other responsibilities of such person).
(3) The specific duties and responsibilities of the site safety managers are described in the Department of Buildings' Manual for Site Safety Programs, dated May 1988.
(i) The Manual may not be changed or modified by the Department of Buildings without first obtaining comment from the Building Industry Advisory Council of the Department of Buildings or representative organizations for the construction industry.
(ii) The Manual shall be an Appendix to these rules and regulations.
(iii) The Manual shall be available at the Offices of the Department of Buildings.
(4) The site safety program to be submitted pursuant to this section shall contain statements from both the contractor and the site safety manager and alternate managers, if any, that the manager and alternates will have those duties and responsibilities as described in the Manual, and that the contractor's policy is as set forth in the Manual. The site safety program shall include a site safety plan, which shall have descriptions of the following items, including approximate dates of installation, where applicable:

(ii) location of all gates in fences;

(vii) location of footbridges and motor vehicle ramps;
(viii) protection of side of excavation, when required;
(ix) location of street and sidewalk closing(s);

(e) Signs at construction sites. In addition to the information required to be displayed on signs at construction sites specified in §27-1009(c) of the Administrative Code, the telephone numbers of the following shall be prominently displayed in both English and Spanish:
The Department of Buildings
The Building Enforcement Safety Team (B.E.S.T.)
The Emergency Squad
The Department of Transportation
(f) Other than as required by statute or pursuant to these rules or as set forth in 1 RCNY §27-03, there shall be no information, pictorial representations, or any business or advertising messages posted on the sidewalk shed or bridge or other structure listed in §26-252(a) of the Administrative Code of the City of New York which is erected at the construction site and is adjacent to such building.
(g) Where renewal for an application for a sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York and pursuant to §27-1021 of the Administrative Code is required, such application must be signed by the owner of the affected building.

§27-03 Signs on any Sidewalk Shed, Fence, Railing, Footbridge, Catch Platform, Builder's Sidewalk Shanty, and Over-the-Sidewalk Chute Erected at Demolition or Construction Sites.

§27-03 Signs on any Sidewalk Shed, Fence, Railing, Footbridge, Catch Platform, Builder's Sidewalk Shanty, and Over-the-Sidewalk Chute Erected at Demolition or Construction Sites. (a) Applicability. These rules and regulations shall apply to all protective structures erected at demolition or construction sites, including but not limited to, sidewalk sheds, fences, railings, footbridges, catch platforms, builders sidewalk shanties, and over-the-sidewalk chutes as specified in Administrative Code §26-252(a).

(c) *Required Shed Sign.* Where a sidewalk shed is erected and a sign is posted in compliance with Administrative Code §27-1021(a)(1)b, the information shall also include the **Department of Buildings Complaint Telephone Number** and whether the shed is a **heavy duty sidewalk shed** or **light duty sidewalk shed** as defined in 1 RCNY § 8-01(a)(2). If the shed is for light duty use, the sign shall include the statement that **storage is not permitted on the shed**.

(d) *Signs.* A sign may be posted on such protective structure when the structure is adjacent to any building and obscures from view a lawful and existing sign and shall comply with the following requirements:

STATEMENT OF BASIS AND PURPOSE

These rules are amended pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043 of the New York City Charter.

The amendment to 1 RCNY §8-01 will limit what informational and pictorial representations may be posted on sidewalk sheds and other protective structures at demolition sites to the required information pertaining to the demolition and to signs as set forth in 1 RCNY §27-03. Moreover, the amendment will require that renewal applications for such sidewalk sheds be signed by the owner of the affected property. In addition, the amendment will require that signs be posted on the sidewalk shed stating whether such shed is for heavy duty or light duty use.

The amendment to 1 RCNY §26-01 will limit what information and pictorial representations may be posted on sidewalk sheds and other protective structures at construction sites to the required information previously set forth in the rule and to signs as set forth in 1 RCNY §27-03. Moreover, the amendment will require that renewal applications for such sidewalk sheds be signed by the owner of the affected property.

Finally, the adoption of 1 RCNY §27-03 will limit the types of signs allowed on sidewalk sheds and other protective structures at demolition and construction sites and further limit the circumstances under which such signs may be posted on these structures. In addition, the rule will require that a sign be posted on the sidewalk shed stating whether such shed is for heavy duty or light duty use.

TAX APPEALS TRIBUNAL

Notice of Opportunity to Comment on Proposed Rule relating to the right of domestic partners to appear in proceedings before the New York City Tax Appeals Tribunal

NOTICE IS HEREBY GIVEN, Pursuant To The Authority Vested In The New York City Tax Appeals Tribunal by Section 169 of the New York City Charter, and in accordance with Section 1043 of the Charter, that the New York City Tax Appeals Tribunal proposes to amend Chapter 1 of Title 20 of the Official Compilation of Rules of the City of New York by adding a definition of the term "domestic partner" and amending provisions of such chapter relating to the representation of petitioners in proceedings before the Tax Appeals Tribunal by conferring upon the domestic partners of petitioners the right to represent petitioners in small claims unit proceedings. Matter underlined is new. This rule proposal was not included in the regulatory agenda because it was not anticipated at the time of publication of the agenda.

Written comments regarding the proposed rule may be sent to Mary E. Gallagher, General Counsel, New York City Tax Appeals Tribunal, One Centre Street, Room 2400, New York, N.Y. 10007, on or before May 14, 1998. A public hearing shall be held on May 14, 1998 at the New York City Tax Appeals Tribunal, One Centre Street, Room 2405, New York, N.Y. 10007, from 10:00 A.M. to 12:00 P.M. Persons seeking to testify are requested to notify Mary E. Gallagher at the address stated above. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Mary E. Gallagher at the foregoing address by April 30, 1998. Written comments and a summary of oral comments received at the hearing will be available for public inspections, within a reasonable time after receipt, between the hours of 9:00 A.M. and 5:00 P.M. on weekdays, at the New York City Tax Appeals Tribunal, One Centre Street, Room 2400, New York, N.Y. 10007, telephone number (212) 669-2070.

§ 1. Section 1-02 of title 20 of the Rules of the City of New York is amended by adding a new definition to read as follows:

Domestic partner. The term "domestic partner" means a person who has registered with the City Clerk or the Department of Personnel as a domestic partner in accordance with applicable law.

§ 2. Subdivision (b) of section 1-03 of title 20 of the Rules of the City of New York is amended to read as follows:

(b) Representation of petitioner in proceedings in the small claims unit before presiding officers. In proceedings in the small claims unit before presiding officers, the representatives authorized in subdivision (a) of this section or the petitioner's spouse, domestic partner, child or parent may appear and represent the petitioner. Another individual may appear and represent a petitioner for a particular matter upon the approval of the tribunal.

Statement of Basis and Purpose

Mayoral Executive Orders spanning the past two administrations have established several rights and procedures relative to domestic partnerships, including a procedure for City residents to register their domestic partnerships in the office of the City Clerk. Such orders have further provided, among other things, that (i) registered domestic partners are eligible for visitation rights in City hospitals and correction facilities; (ii) City employees with registered domestic partnerships are eligible for child care leave and bereavement leave on the same basis as those benefits are afforded to employees with regard to their spouses; and (iii) registered domestic partnership is evidence of the right to succession to tenancy rights in facilities operated by the New York City housing authority and the department of housing preservation and development. By the end of 1997, there were approximately 8,000 couples registered as domestic partners in New York City. Approximately two thirds of those registered domestic partners who reported demographic information were heterosexual couples, and approximately one third were same sex couples. Almost forty percent of registered domestic partnerships have accessed City health benefits available to partners of City employees and retirees.

Consistent with the intent of such orders, and pursuant to the authority vested in the New York City Tax Appeals Tribunal by Section 169 of the New York City Charter, and in accordance with Section 1043 of the Charter, the Tribunal is now acting to provide that a rule applicable to spouse should now be extended to domestic partners.

a. For the purposes of Sections 4(c) and 4(d), employees 1) who were in active pay status before January 1, 1995, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the indicated "incumbent rate" set forth in Section 3(b):

i. Employees who return to active status from an approved leave of absence.
ii. Employees in active status (whether full or part time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.
iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.
vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
vii. A provisional employee who is appointed directly from one provisional appointment to another.

viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article V of this Agreement.

b. Any employee hired prior to January 1, 1995 and appointed at a reduced hiring rate pursuant to Article IV Section 3a. of the 1991-1994 Local 621 Agreement shall be paid at the applicable "hiring rate" set forth in Section 3(a). On the one year anniversary of the employee's original date of appointment, such employee shall be paid the indicated "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in Section 3(b).

c. The appointment rate for any employee newly hired to a title covered by this Agreement between January 1, 1995 and July 14, 1996, shall be the applicable "hiring rate" set forth in Section 3(a). Upon completion of one year of service, such employee shall be paid the indicated "incumbent rate" for the applicable title that is in effect on the one year anniversary of the employee's original date of appointment as set forth in Section 3(b).

d. i. The appointment rate for any employee newly hired to a title covered by this Agreement after July 14, 1996, shall be the applicable "hiring rate" set forth in Section 3(a). Upon completion of two (2) years of active or qualified inactive service, such employee shall be paid the indicated "incumbent rate" for such title that is in effect on the two year anniversary of the employee's original date of appointment as set forth in Section 3(b).

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsections 4(c) and 4(d).

f. Upon completion of four (4) years of active or qualified inactive service, an employee appointed pursuant to the provisions set forth in subsection 4(d) shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated "incumbent rate" for the applicable title that was in effect on the one year anniversary of the employee's original date of appointment to his/her title (as set forth in Section 3(b)). This one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the employee been paid at the higher "incumbent" salary rate and the annual salary rate the employee actually earned during the employee's second year of service.

i. The intent of this Section 4(f) is to treat the employee as if the employee had moved to the higher "incumbent rate" after one year of service rather than after two years. Only the difference between the applicable "hiring rate" and the "incumbent rate" is guaranteed. Any additions-to-gross or merit increases are not to be included in the calculation of the one-time lump sum payment.

ii. All overtime, night shift differential, or other percentage based premium payments received by an employee during the second year of service will be included in the calculation of the lump sum payment.

iii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date and the lump sum will be prorated to reflect such change(s).

g. For the purposes of Sections 4(d) and 4(f), "qualified inactive service" is defined to include the following employees:

i. those who are on preferred or recall lists; or

ii. those who are on the following unpaid approved leaves:

ARTICLE V - GRIEVANCE PROCEDURE

Section 1. - Definition:
The term "*Grievance*" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement, any supplement thereto, or of a Comptroller's Determination, or wage or other agreement in lieu thereof, applicable to titles covered by this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

Section 2.
The Grievance Procedure, except for grievances as defined in Section ld of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.
All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section lc, no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work.

Step I - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

NOTE: *The following STEP I(a) shall applicable only on the Health and Hospitals Corporation in the case of grievances arising under Section 1c and 1e of this article and shall be applied prior to Step II of this Section:*

STEP I(a) - An appeal from an unsatisfactory determination at Step I shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) work days of the receipt of the Step I determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall meet with the employee and/or the Union for review of the grievance and shall issue a determination to the employee and/or the Union by the end of the fifth work day following the day on which the appeal was filed.

STEP II - An appeal from an unsatisfactory determination at STEP I or STEP I(a), where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. The appeal must be made within five (5) work days of the receipt of the STEP I or STEP I(a) determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III - An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the STEP II determination. The grievant or the Union should submit copies of the STEP I and STEP II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from STEP II determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV - An appeal from an unsatisfactory determination at STEP III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the STEP III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer. The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Section 1 of this Article.

Section 3.
As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.
In any case involving a grievance under Section ld of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in STEP A above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) - If the employee is not satisfied with the determination at STEP A above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of STEP A above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip STEP C of this Section and proceed directly to STEP D.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 5.
A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at STEP III of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "*group*" grievance.

Section 6.
If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at STEP III of the Grievance Procedure; or if a satisfactory STEP III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at STEP IV of the Grievance Procedure.

Section 7.
If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under STEP IV.

Section 8.
The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 9.
Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 10.
A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 11.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 12. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 12 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VI - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE VII - TRANSFERS

Section 1.
The term *transfer* shall mean (i) the shifting of an employee to a position in charge of a division or shop, or (ii) the shifting of an employee from one work location to another without any significant change in the duties and responsibilities of the employee's civil service title.

Section 2.
The initial assignment of a newly appointed employee after an initial period of training to an existing or newly created position shall not constitute a transfer, except where the existing or newly created position is in charge of a department or shop.

Section 3.
A shifting of an employee to a position in which the said employee assumes the duties and responsibilities of a transferred employee shall not constitute a transfer, except where the vacant position is in charge of a department or shop.

Section 4.
For the purposes of this Article, the term *work location* shall mean a geographic area consisting of a garage, a group of garages, or a central repair shop.

Section 5.
With the exception of temporary transfers, voluntary transfers from one work location to another within an agency shall be made on the basis of greatest seniority in title in such agency from among employees who, in the judgement of the Employer, are otherwise equally qualified for the particular job opening.

Among the items to be assessed by the Employer to determine the qualifications of employees seeking transfers are the individual employee's abilities, performance, rate of absenteeism, general health and capabilities and disciplinary record.

Section 6.
With the exception of temporary transfers, involuntary transfers from one work location to another within an agency shall be made on the basis of least seniority in title in such agency from among employees who, in the judgement of the Employer, are otherwise equally qualified.

Section 7.
There shall be a six (6) month probationary period for all persons transferred. At or before the end of said probationary period, an employee who has been transferred may be returned to the work location from which transferred if, in the judgement of the Employer, said transferred employee's abilities, performance, rate of absenteeism, general health and capacities and disciplinary record in such new position warrant such return.

Section 8.
Temporary transfers are transfers which are limited to ninety (90) calendar days.

Section 9.
When possible, all vacancies that the Employer has decided to fill by permanent transfer shall be posted on a department bulletin board as far in advance of the date the transfer is to be effective as is practicable; however, the Employer need not post a job opening more than a month in advance. This section applies to job openings to be filled either on a voluntary or involuntary basis.

Section 10.
Any employee who voluntarily transfers to another location shall remain in that location for a period of not less than one year. No transfer requests shall be accepted from any employee so transferred within one year preceding the date of request. When an employee has been selected for a voluntary transfer but said transfer has not been implemented within 90 days of such selection, such employee shall have the option to withdraw the original bid and to bid for a different position. However, such withdrawal from the original bid shall be permanent, and the original bid may not be reactivated.

ARTICLE VIII - OVERTIME

Section 1.
All overtime shall, as far as practicable, be distributed equally among the employees within a department except as modified in Section 2 of this Article.

Section 2.
In the Department of Sanitation, overtime shall, as far as is practicable, be distributed equally among employees in each work area.
For purposes of this Article only, work areas as they presently exist in the Bureau of Motor Equipment of the Department of Sanitation are defined as follows:

a. Field Operations

Each Borough Shop including its satellite garages shall be deemed a separate work area.

Fresh Kills Landfill is also designated as a work area except that emergency overtime, including, but not limited to work in progress, will be given priority when assigning overtime in this location.

b. Central Repair Shop

Off-vehicle shops which presently include the Machine Shop, Engine Shop, Unit Repair Shop, Transmission Shop, Upholstery Shop, Electric Shop, and the Glass Shop shall be deemed a single work area.

On-vehicle mechanical repair shops which presently include Special Chassis and the Passenger Car Shop shall be deemed a single work area.

Metal working shops including the Body Shop and the Forge Shop shall be deemed a single work area.

The Tire Shop shall be deemed a single work area.

Employees, as defined herein, who work in locations other than those indicated above, shall work in accordance with the needs of their location.

Nothing herein shall be used to define a work area or location under Article VII of this agreement or for any purpose other than the distribution of overtime in the Department of Sanitation as defined herein.

ARTICLE IX - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Supervisory Responsibility
The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

Section 2.
Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

ARTICLE X - BULLETIN BOARDS AND NOTICES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. The minimum space to be provided on any such bulletin board shall be sufficient for a document on paper size 8½" x 13".

ARTICLE XI - PERSONNEL AND PAY PRACTICES

The funds shall be administered in accordance with the rules and regulations of the Comptroller.

Section 2.
All unsafe conditions not acted upon expeditiously may become the subject of a grievance.

ARTICLE XIV - LABOR-MANAGEMENT COMMITTEE

Section 1.
The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.
Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.
Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.
The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

AGENCY RULES

NEW YORK TRADE WASTE COMMISSION

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE New York City Trade Waste Commission ("TWC") by subdivision i of Section 16-504 of the Administrative Code of the City of New York, as added by section 2 of Local Law Number 42 for the Year 1996, and in accordance with Section 1043 of the Charter, that the New York City Trade Waste Commission hereby adds new subparagraphs (iv) and (v) to subdivision b of section 5-05 of Chapter 1 of Title 17 of the Official Compilation of Rules of the City of New York, relating to subcontracting arrangements between trade waste removal businesses. This rule proposal was not included in the regulatory agenda because it was not anticipated at the time the agenda was published. This rule is effective immediately.

Two new paragraphs (4) and (5) are added to subdivision (b) of section 5-05 of Chapter 1 of Title 17 of the Rules of the City of New York, to read as follows:

§5-05(b)(4): Requests for Authorization of Subcontracting, Assignment, and other such Arrangements. All trade waste subcontracting, assignment, and similar arrangements must be submitted to the Commission for authorization, regardless of whether the arrangement was previously submitted to, or approved by, another City agency (such as the Department of Consumer Affairs). Requests for approval of such an arrangement should be submitted in writing to the Deputy Commissioner for Licensing; in the case of arrangements not previously approved by another City agency, the arrangement shall not go forward unless it has been approved in advance by the Commission. The request shall identify the customer(s) involved (including name, address, contact person, and contract terms), state the requested length of the arrangement, and describe the business justification for the arrangement. Copies of all affected contracts or proposed contracts must be submitted with the request.

(5) Customer's Thirty (30) Day Termination Right during Ninety (90) Day Post-Assignment Period. During the ninety (90) day period following the assignment or other transfer of a customer contract to another trade waste removal business, the customer has the right to terminate its carting contract on thirty (30) days notice. All contracts signed by affected customers during the ninety (90) day period subsequent to contract assignment or transfer remain terminable on thirty (30) days notice throughout the ninety (90) day period and any such contract signed during that ninety (90) day period must contain prominent notice of this fact.

Statement of Basis and Purpose:

Rule 5-05(b) requires that all subcontracting arrangements receive the approval of the Commission. Subparagraph (iv) of the final rule specifies the process and information necessary to obtain such approval. In addition, certain subcontracting arrangements may previously have received approval from the Department of Consumer Affairs. These arrangements have not been approved, however, by the Commission. Accordingly, the final rule makes explicit the requirement that all existing subcontracting arrangements, including those already putatively approved by the DCA, must be submitted to the Commission for review.

Local Law 42 and its enabling regulations provide that contracts assigned pursuant to a sale, subcontracting, or other assignment, or transfer become terminable on thirty days notice and remain so terminable for ninety (90) days. The final rule clarifies that even if a trade waste removal business enters into a new contract during that ninety day period, this "new" contract also must be terminable on thirty days notice until the full ninety days has expired. This rule removes any potential ambiguity in this matter and effectuates the purposes of Local Law 42 by ensuring that customers receive the full benefit of the ninety-day period.

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explanined in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
