HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreted will be provided.
To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

Chair, Interagency Coordinating Council

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual).

A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

LANDMARKS PRESERVATION COMMISSION

BINDING REPORT

ISSUE DATE:	DOCKET #:	CRB #:
12/16/97	981379	CRB 98-3153

ADDRESS	BOROUGH:	BLOCK/LOT:
90 EAST 42ND STREET PERSHING SQUARE VIADUCT INDIVIDUAL LANDMARK	MANHATTAN	1276 / 33

To the Mayor, the Council, and the Commissioner of the Department of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

At the public meeting of January 13, 1998 following the public hearing of November 6, 1997, the Landmarks Preservation Commission reviewed a proposal for alterations to the Pershing Square Viaduct, an individual landmark, in order to create a restaurant in the center bay of the structure. The proposed work includes removal of existing infill in the arch and at the entrance vestibule, installation of new metal and glass infill at the center arch, construction of a new entrance vestibule at the northern arch, extension and re-cladding of a service room under the southern arch, and interior alterations. The proposed work was described in photographs of existing conditions, elevations and sections of proposed conditions, a perspective view from the north, and a material sample prepared and submitted by Peter Mullen, Architect.

The Commission noted that the designation report describes the Pershing Square Viaduct as a steel and granite traffic viaduct built in 1917-19 designed by Warren and Wetmore and Reed and Stern as an integral part of the Grand Central Terminal. The Commission also noted that the Viaduct was constructed of three arched trusses originally open beneath, and that the central arched opening was infilled with bronze, granite and glass block in 1939.

With regard to this proposal, the Commission found that the existing infill, with the exception of the granite bulkheads and the four distinctive bronze medallions, is in poor condition and not in itself of sufficient quality or interest to be significant; that the large glazed areas of the proposed infill featuring thin perimeter frames will be visually lighter and more transparent than the existing infill and thus more in keeping with the original open design of the viaduct; that the new glass panels will be graduated in terms of translucency becoming more translucent towards the top which will serve to mask the interior dropped ceiling necessitated by the maintenance slab beneath the roadway; that the restoration of the granite bulkheads and the incorporation of the distinctive bronze medallions will preserve these features of the 1930's alteration; that the design of the new entrance vestibule and signage facing 42nd Street is appropriate in terms of its placement, design and materials; that the presence of two light posts flanking the vestibule is appropriate but that the final design of these fixtures shall return to the Commission staff for review; that the expansion and recladding of the utility enclosure facing 41st Street, which is designed to be visually background in nature and which will not call undue attention to itself, is appropriate in terms of its materials and finish; and that for these reasons, the proposed alterations to the viaduct are found to be appropriate. In addition to the stipulation that the final design for the light posts return to the Commission staff for review and approval, the Commission also stipulated that a mock-up of a glass facade panel be set up for review and approval by the Commission staff. The Commission did not approve the installation of double doors at the center of the new east and west facades. On February 6, 1998, the Commission received architectural drawings numbered A0 through A11 and R1 submitted by Peter Mullen, Architect. The staff of the Landmarks Preservation Commission has reviewed these drawings and finds that they conform to the designs approved by the Commission. These drawings do not include the final design for the light posts which will be submitted and reviewed at a later date prior to their purchase or installation. Please contact the staff of the Commission when the facade mock-up is ready and when a light posts design has been selected.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Alex Herrera.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time: Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF ADOPTION OF THE AMENDMENT TO THE RULES RELATING TO CONDUCT WITHIN STRUCTURES AND GROUNDS UNDER THE CONTROL OF THE DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES

RULES RELATING TO THE
CONDUCT WITHIN STRUCTURES AND GROUNDS UNDER THE CONTROL OF THE DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES

Section 1. Section 1-08 of Title 55 of the Rules of the City of New York is amended to read as follows:

§1-08 Soliciting, Vending and Debt Collection.

The soliciting of alms, subscriptions, contributions, commercial soliciting and vending of all kinds without the prior written approval of the [Deputy] Commissioner or his/her designee, and the collecting of private debts in or on the property is prohibited. This rule shall not apply to national and local drives for funds for charitable, educational or other such purposes sponsored or approved by the [Deputy] Commissioner or his/her designee, head of an occupant agency or elected city officials. Any person who violates this rule in any public building may be expelled from such building. Repeated violations of this rule may result in the violator being banned from the premises. Any person may appeal such ban in writing to the Commissioner.

BASIS AND PURPOSE OF RULES

NOTICE IS HEREBY GIVEN IN ACCORDANCE WITH THE REQUIREMENTS OF § 1043 of the New York City Charter that the New York City Fire Department intends to amend 3 RCNY § 21-19, entitled "Automotive Self-Service Stations," as provided below, under the authority vested in the Fire Commissioner of the City of New York pursuant to § 489 of the New York City Charter and § 27-4081 of the New York City Administrative Code. New material is underlined and material [bracketed] is to be deleted.

A public hearing will be held on April 1, 1998 on the Third Floor in Room 3S-2 at 9 MetroTech Center, Brooklyn, New York, at 9:30 a.m. Persons seeking to testify are requested to notify Associate Counsel Mary O'Sullivan at New York City Fire Department, Bureau of Legal Affairs, 9 MetroTech Center, Brooklyn, New York, 11201-3857. Thomas Von Essen
Fire Commissioner

Subdivision (c) of § 21-19 of Title 3 of the Rules of the City of New York is hereby amended as follows:

(c) Dispensing

(1) Dispensing nozzles shall be of the automatic closing type without hold-open latches.

(2) Dispensing areas shall at all times be well-lit and completely visible [for complete visibility] from the control booth and, when necessary, mirrors shall be provided so that the people operating any of the self-service devices can be readily seen by the control booth attendant. In lieu of mirrors, cameras and monitors may be permitted if they are dedicated for this purpose.

(3) No person, other than the certified attendant, shall dispense motor fuel into portable containers. Containers shall be of a type approved or listed by [Underwriters Laboratory, Factory Mutual or other] a nationally recognized testing laboratory for the intended use.

(4) The certified attendant shall not dispense motor fuels into a portable container(s) in quantities requiring a permit unless verification that the customer holds all necessary permits is obtained.

Statement of Basis and Purpose of Proposed Amendment

For safety reasons, the current version of 3 RCNY § 21-19 mandates that control booth attendants observe the use of self-service devices, and permits the utilization of mirrors in assisting in this task. The proposed amendment permits the use of cameras and monitors to assist the control booth attendant, in addition to mirrors. Also, the proposed amendment deletes the specific mention of Underwriters Laboratory and Factory Mutual as examples of nationally recognized testing laboratories.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSUMER AFFAIRS

NOTICE OF ADOPTION

Notice of Adoption of Rule Regarding Display of Credit Card Decals on Tow Trucks.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1, Title 20 of the Administrative Code of the City of New York and Sections 20-520.1(c) and 20-525 of Chapter 2, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts a rule regarding the display of credit card decals on tow trucks.

The rule was proposed and published on December 12, 1997. The required public hearing was held on January 26, 1998.

Material being deleted is shown below in brackets and material being added is underlined.

RULE

Section 1. Chapter 2 of Title 6 of the Rules of the City of New York is hereby amended by adding a new section 2-368.1 to read as follows:

§ 2-368.1 Display of Major Credit Card Decals on Tow Trucks Used in a City Towing Program and Notification of Changes in Acceptance of Major Credit Cards.

a. For purposes of this section, the following terms shall have the following meanings:

1. "City towing program" shall mean the directed accident response program established pursuant to section 20-518 of the administrative code of the city of New York, the rotation tow program established pursuant to section 20-519 of such code, the removal of disabled vehicles on highways pursuant to authorization by the department of transportation or the police department, and any program whereby a city agency, pursuant to law, rule or agreement, directs a towing business to tow a vehicle without the prior consent of such vehicle's owner for any reason other than the towing of a vehicle in satisfaction of a judgment for an outstanding debt to the city.

2. "Major credit card" shall mean MasterCard, Visa, American Express or Discover.

b. A towing business that participates in any city towing program shall have permanently affixed to each tow truck used to tow vehicles in such city tow program decals identifying the major credit cards accepted as payment for towing under such program in accordance with section 20-520.1 of the administrative code of the city of New York. Each such decal shall be no less than three and three- sixteenth inches wide by two inches high, and shall be securely affixed by means other than a magnet immediately above or below the space where the legal rates for towing and storage are painted on the tow truck or immediately below the

the legal rates for towing and storage are painted on the tow truck or immediately below the

place where such tow truck company's name, address and telephone number are painted on the door of the tow truck in accordance with section 2-362(n)(4) of this chapter. If such major credit cards are not accepted by such towing business as payment for towing performed outside the scope of such city towing program, such towing business shall also paint immediately below such decals on each tow truck used to tow vehicles in such city towing program in letters at least one and one-half inches high the words "THESE CARDS ACCEPTED ONLY FOR TOWING UNDER FOLLOWING CITY TOWING PROGRAM" followed by a listing of each applicable program. If such limitation is not so disclosed on a tow truck used by a towing business in any city towing program, such towing business shall accept the major credit cards it has identified by such decals as payment for any services performed by such towing business.

c. No later than ten days before a change in the major credit cards accepted for payment by a towing company participating in any city towing program becomes effective, such towing business shall notify the Department in writing of any such change, and shall certify to the Department in a sworn statement that the credit card decals required to be affixed pursuant to subdivision b of this section have been modified to reflect such change.

Statement of Basis and Purpose: Local Law No. 30 for the year 1997 requires that tow truck operators accept at least two major credit cards in payment for the towing of a vehicle pursuant to certain City programs mandating the towing of vehicles without the consent of the owner or operator thereof. This law also requires that the decals identifying the major credit cards accepted for payment be displayed in a manner prescribed by the Commissioner.

The proposed rule requires that the decals be affixed next to the place were the required legal towing and storage rates are painted on the tow truck or where the towing company's name is painted on the tow truck door to ensure that the decals will be clearly and conspicuously visible to any consumer. The size specified for the decal is a standard size made by companies that produce such decals for businesses which use them to identify what credit cards such businesses accept.

The rule would also prescribe that if the tow truck operator does not accept such major credit cards for the payment of towing services performed outside the scope of a City program, the towing company would then be required to identify pursuant to which city towing programs such major credit cards are accepted as payment for towing services. It also requires towing companies to notify the Department of any change in the specific credit cards accepted.

LANDMARKS PRESERVATION COMMISSION

ISSUE DATE:	DOCKET #:	SRB #:
02/12/98	983853	SRB 98-4145

ADDRESS	BOROUGH:	BLOCK/LOT:
92ND STREET HISTORIC DISTRICT CARNEGIE HILL	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner, Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace all existing standard street lampposts on East 92nd Street between Park and Fifth Avenues with bishop's crook lampposts. The proposal is described on the application.

The Commission notes that the bishop's crook post was installed throughout the city beginning in the early 20th century, at the time when much of the Carnegie Hill Historic District was being developed.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts, that they are harmonious in scale, materials, design, and color with the character of the district, and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Carnegie Hill Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
200 CENTRAL PARK WEST-BDG 19 American Museum of Natural History INDIVIDUAL LANDMARK	MANHATTAN	1130 / 1

To the Mayor, the Council, and the Commissioner of the New York City Department of Cultural Affairs

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior alterations at the fourth-, fourth-mezzanine- and fifth-floors of Building 19 at the subject premises, including demolition and construction of partitions and related mechanical and electrical work; and also consists of relocating air-conditioning units the from west- to east-facade windows; as shown in letters dated January 16, 1998 from Timothy S. O'Toole and in drawings A-1 dated December 12, 1998, A-2 and A-3 dated December 10, 1997, and A-4 dated December 11, 1997, prepared by Jeffrey Berman, Architect, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the building, known as the South Oceanic Hall, or Eastern Facade, North Wing, is a six-story stone and brick Academic Classical-style building designed by Trowbridge & Livingston and constructed in 1931-33; that it is included in the American Museum of Natural History complex, a group of eighteen interconnected masonry buildings comprising a single municipal cultural structure constructed between 1874 and 1935; that as such it is a part of a designated Individual Landmark, and that it is also included in the Upper West Side/Central Park West Historic District. The Commission finally notes that the proposed work is related to Phase I of the Ornithology Department Renovation involving the relocation of offices from the west to the east side of the building in conjunction with the construction of the new adjacent Planetarium Building.

With regard to the proposed window air-conditioning units, the Commission finds in accordance with Title 63 of the Rules of the City of New York that the installations of these units will entail only raising window sash; and that the work, in general, will have no effect on the significant protected features of the building. Based on these findings, the Commission determines the work to be appropriate to the building, the American Museum of Natural History Individual Landmark and the Upper West Side/Central Park West Historic District. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hering on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.
Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

Chair, Interagency Coordinating Council

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SECTION 108 LOAN PROGRAM & ANCHOR/PARTNERSHIP PLAZA RETAIL DEMONSTRATION PROGRAM

**COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD)
NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT& INTENT TO REQUEST RELEASE OF FUNDS**

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title I of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title I. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on March 19, 1998 the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following projects.

Anchor/Partnership Plaza Retail Demonstration Program The Anchor/Partnership Plaza Retail Demonstration Program, sponsored by the New York City Department of Housing Preservation and Development and the New York City Housing Partnership, proposes to develop and tenant new and renovated retail stores and professional offices, including a mix of national and local ownership. Development will take place along corridors in designated communities that suffer from high rates of poverty and economic distress in the City. A Section 108 Loan Guarantee of $15 million and an Economic Development Initiative (EDI) Grant of $4.6 million from HUD will assist in financing the program. Following are the sites for which the City is now requesting a release of funds.

Brooklyn: Mermaid Avenue, Coney Island Block 7014, Lots 42-46, 49, 50, 52 & 53; Block 7022, Lots 49, 51, 52, & 57; Block 7055, Lots 2 - 12; Block 7056, Lot 6; Block 7060, Lot 14.

Broadway, Bushwick - Block 3333, Lot 39; Block 3432, Lots 1-8, & 10; Block 3387, Lots 1-7, 9, 11, & 12.
Fulton Street Corridor - Block 1537, Lots 29, 30, 31 & 32.

Manhattan: Central Harlem Corridor - Block 1599, Lots 24, 26 & 69, Block 1600, Lots 1, 3, 7, 9, 11, 13, 19, 26, 27, 54, & 69.

On September 24, 1996, the City published a Request for Release of Funds and Certification for the first phase of the program. The following Blocks and Lots included in that Notice are now being deleted from the program:

Brooklyn: Mermaid Avenue - Block 7048, Lots 1, 2, 3, 6; Block 7049, Lots 1, 3 ,5, 6, 7, & 11.

Day Care Development Program
The Agency for Child Development will use CD funds in the amount of $750,000 to assist in financing the construction of the Bedford Avenue Child Care Center at

2255 Bedford Avenue in Brooklyn. A day care center will be created in the basement and first floor of an existing 6-story building. The project has a total cost of $1,568,023.

The City of New York has determined that the projects identified above will have no significant impact on the environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the Environmental Review Records on file at the Office of Management and Budget, Community Development Unit, 75 Park Place, 8th Floor, New York, New York 10007, and can be viewed or copies obtained between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange to view or obtain copies of the file. All interested agencies, groups and persons disagreeing with this determination or wishing to comment on the project may submit written comments to the Office of Management and Budget, Community Development Unit at the stated address. All comments received by March 18, 1998 will be considered by the City prior to authorizing submission of a request for release of funds.
The City of New York certifies to HUD that Joseph J. Lhota, in his official capacity as certifying officer, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related authorities, and allows the City to use Section 108, EDI and CD funds. HUD will accept objections to its release of funds and the certification period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on the following bases: (a) the certification was not executed by the certifying officer; (b) the City has omitted a step or failed to make a decision or finding required by HUD regulation 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. The proposed last date of comment is April 3, 1998, however, potential objectors should contact HUD to verify the actual last day of the objection period.

CITY OF NEW YORK OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) FLOOD NOTICE OF EXPLANATION

Regulations promulgated under Executive Order 11988 require that a Flood Notice of Explanation be published when it is determined that a federally-funded project is proposed to be located in a federally-designated floodplain as defined by the respective Executive Order. This announcement constitutes such notice. The City had published a Flood Notice of Early Public Review on February 3, 1998 for the project identified below.

Community Arts Development Program
The Rockaway Museum at 88-08 Rockaway Beach Boulevard in Queens will use $12,000 in CD funds to renovate two restrooms to provide access for persons with disabilities and to install a fire egress gate.
The Rockaway Museum will preserve and disseminate the Rockaways' past and present history and culture through educational visual exhibitions and events.
The City has evaluated the practicable alternatives to locating the proposed action in a floodplain and has determined that there is no viable alternative to locating within the floodplain.
Locations outside the floodplain: The Museum is now being established.
Space in the third floor of the Wave Publishing Building is being offered to the Museum rent-free.
The Museum does not have the financial ability to pay rent, and thus would not be able to locate to a site outside the floodplain.
Alternative methods to serve the identical project objective: There is no alternative to the proposed renovations as they will bring the space up to code and make it compliant with the Americans With Disabilities Act.
A determination not to approve any action: If the proposed CD funding is withdrawn, the opening of the Rockaway Museum would be delayed considerably until other funds could be obtained. The Museum is dependent on private donations and grants for its financing.
Additional information, including a copy of the floodmap of the affected site, is available and can be obtained at the Office of Community Development, Office of Management and Budget, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange a time for viewing the documents. All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. Such comments should be received at the Office of Community Development on or before March 10, 1998.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and

families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SECTION 108 LOAN PROGRAM & ANCHOR/PARTNERSHIP PLAZA RETAIL DEMONSTRATION PROGRAM

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD)

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT& INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title I of the Housing and Community Development Act of 1974 require that an

Environmental Review Record (ERR) be prepared for activities to be funded under Title I. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on March 19, 1998 the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following projects.

Anchor/Partnership Plaza Retail Demonstration Program
The Anchor/Partnership Plaza Retail Demonstration Program, sponsored by the New York City Department of Housing Preservation and Development and the New York City Housing Partnership, proposes to develop and tenant new and renovated retail stores and professional offices, including a mix of national and local ownership. Development will take place along corridors in designated communities that suffer from high rates of poverty and economic distress in the City. A Section 108 Loan Guarantee of $15 million and an Economic Development Initiative (EDI) Grant of $4.6 million from HUD will assist in financing the program. Following are the sites for which the City is now requesting a release of funds.

Brooklyn: Mermaid Avenue, Coney Island Block 7014, Lots 42-46, 49, 50, 52 & 53; Block 7022, Lots 49, 51, 52, & 57; Block 7055, Lots 2 - 12; Block 7056, Lot 6; Block 7060, Lot 14.

Broadway, Bushwick - Block 3333, Lot 39; Block 3432, Lots 1-8, & 10; Block 3387, Lots 1-7, 9, 11, & 12.

Fulton Street Corridor - Block 1537, Lots 29, 30, 31 & 32.

Manhattan: Central Harlem Corridor - Block 1599, Lots 24, 26 & 69, Block 1600, Lots 1, 3, 7, 9, 11, 13, 19, 26, 27, 54, & 69.

On September 24, 1996, the City published a Request for Release of Funds and Certification for the first phase of the program. The following Blocks and Lots included in that Notice are now being deleted from the program:

Brooklyn: Mermaid Avenue - Block 7048, Lots 1, 2, 3, 6; Block 7049, Lots 1, 3 ,5, 6, 7, & 11.

Day Care Development Program
The Agency for Child Development will use CD funds in the amount of $750,000 to assist in financing the construction of the Bedford Avenue Child Care Center at

2255 Bedford Avenue in Brooklyn. A day care center will be created in the basement and first floor of an existing 6-story building. The project has a total cost of $1,568,023.

The City of New York has determined that the projects identified above will have no significant impact on the environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the Environmental Review Records on file at the Office of Management and Budget, Community Development Unit, 75 Park Place, 8th Floor, New York, New York 10007, and can be viewed or copies obtained between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange to view or obtain copies of the file. All interested agencies, groups and persons disagreeing with this determination or wishing to comment on the project may submit written comments to the Office of Management and Budget, Community Development Unit at the stated address. All comments received by March 18, 1998 will be considered by the City prior to authorizing submission of a request for release of funds.
The City of New York certifies to HUD that Joseph J. Lhota, in his official capacity as certifying officer, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related authorities, and allows the City to use Section 108, EDI and CD funds. HUD will accept objections to its release of funds and the certification period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on the following bases: (a) the certification was not executed by the certifying officer; (b) the City has omitted a step or failed to make a decision or finding required by HUD regulation 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. The proposed last date of comment is April 3, 1998, however, potential objectors should contact HUD to verify the actual last day of the objection period.

CITY OF NEW YORK OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) FLOOD NOTICE OF EXPLANATION

Regulations promulgated under Executive Order 11988 require that a Flood Notice of Explanation be published when it is determined that a federally-funded project is proposed to be located in a federally-designated floodplain as defined by the respective Executive Order. This announcement constitutes such notice. The City had published a Flood Notice of Early Public Review on February 3, 1998 for the project identified below.

Community Arts Development Program

The Rockaway Museum at 88-08 Rockaway Beach Boulevard in Queens will use $12,000 in CD funds to renovate two restrooms to provide access for persons with disabilities and to install a fire egress gate.

The Rockaway Museum will preserve and disseminate the Rockaways' past and present history and culture through educational visual exhibitions and events.

The City has evaluated the practicable alternatives to locating the proposed action in a floodplain and has determined that there is no viable alternative to locating within the floodplain.

Locations outside the floodplain: The Museum is now being established.
Space in the third floor of the Wave Publishing Building is being offered to the Museum rent-free.

The Museum does not have the financial ability to pay rent, and thus would not be able to locate to a site outside the floodplain.
Alternative methods to serve the identical project objective: There is no alternative to the proposed renovations as they will bring the space up to code and make it compliant with the Americans With Disabilities Act.
A determination not to approve any action: If the proposed CD funding is withdrawn, the opening of the Rockaway Museum would be delayed considerably until other funds could be obtained. The Museum is dependent on private donations and grants for its financing.

Additional information, including a copy of the floodmap of the affected site, is available and can be obtained at the Office of Community Development, Office of Management and Budget, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange a time for viewing the documents. All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. Such comments should be received at the Office of Community Development on or before March 10, 1998.

City of New York, Office of Management and Budget, Joseph Lhota, Budget Director, New York, New York 10007.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance
Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall
The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided.
To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes.
Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

Chair, Interagency Coordinating Council

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACT, VARIOUS BOROUGHS, 3 CONTRACTS – CSB – DUE 3-27-98 AT 10 AM/12 PM/2 PM –
JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 1 SPEC. 005J98 at Various Schools in Region 1

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 2 SPEC. 006J98 at Various Schools in Region 2

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 3 SPEC. 007J98 at Various Schools in Region 3

Sealed bids will be received by the New York City Board of Education (hereinafter called the "Board") from bidders for the contracts

hereinafter set forth due at the date and time specified below, Division of School Facilities, Room 606, 28-11 Queens Plaza North, Long Island City, NY 11101 following which time and place, or as soon thereafter as the Board can attend the same, the said bids will be publicly opened and read and tabulated at the Division of School Facilities by an authorized representative of the Chief Executive for School Facilities. The Chief Executive will thereafter award the contract, based upon the result of the tabulations as covered by applicable laws and regulations. A bid deposit shall be required in the amount of $25,000.00 for each bid.
This advertisement is for the award of Job Order Contracts. A Job Order Contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects. The owner publishes a book of preset unit prices. The contractors bid an adjustment factor to be applied to the unit prices. The cost of the individual projects are determined by multiplying the present unit prices and the appropriate quantities by the adjustment factor.
Although each Job Order Contract is primarily to support a particular geographic region, the Board, at its sole discretion, may require the contractor to perform work anywhere within New York City. The Board reserves the right to award and use multiple Job Order Contracts.
Each Job Order Contract awarded under this solicitation will have a minimum value of $50,000.00 and a maximum value, for each contract period, of $3,000,000.00.

Spec Number – Region – Minimum Value – Maximum Value – Bid Due
005J98 – Region 1 – $50,000 – $3,000,000 – March 27, 1998 at 10:00 am
006J98 – Region 2 – $50,000 – $3,000,000 – March 27, 1998 at 12:00 pm
007J98 – Region 3 – $50,000 – $3,000,000 – March 27, 1998 at 2 pm

The term of the contracts will be for twelve (12) months and will include an option for three (3) additional periods. It is the current intention of the Board to award one (1) Job Order Contract under each solicitation number. Withdrawal of bid is permissible after 45 days from date of bid opening, provided such withdrawal is made prior to initial contract award; however, where the bidder(s) agree(s) to forego withdrawal of their bid(s) after 45 days have elapsed from bid opening or an earlier award of contract by the Board, the Board may make additional awards under each solicitation for a period up to 180 days after the opening of bids in the event the initial awardee shall fail to perform in accordance with the resultant contract or if the Board shall receive additional funding to support the work described in this Contract beyond the Maximum Contract Amount. Hence the Board requests that the bidders keep their bid prices in effect for 180 days after the opening of bids. The Board, at its option, reserves the right to issue separate solicitations and awards for any work that could be awarded under this solicitation. The minimum guaranteed value shall not be affected by such separate solicitations.

The Board reserves the right to limit the total number of concurrent Job Order Contracts to be held by or awarded to a single Contractor.

Interested bidders must attend a mandatory pre-bid conference. The mandatory pre-bid conference will be held March 16, 1998 at 9:00 am in the third floor meeting room, 28-11 Queens Plaza North, Long Island City, New York 11101, for the purpose of discussing the JOC concept, documents and bid considerations, answering questions and discussing JOC from a contractor's viewpoint.

In order to qualify as a Responsible Bidder, a bidder must be prepared to prove to the satisfaction of the Board, that it has the integrity, skill, staff, experience, facilities and financial resources and sability to successfully and faithfully perform the Contract in accordance with the Contract Documents.

Each bidder must submit two adjustment factors. The same two adjustment factors will apply to all unit prices. The first adjustment factor will be applied to work anticipated to be accomplished during normal working hours (7:00 am to 4:00 pm Monday to Friday). The second adjustment factor will be applied to work anticipated to be accomplished during other than normal working hours (4:00 pm to 7:00 am Monday to Friday), weekends and holidays. For bid evaluation purposes, it is estimated that 50% of the work accomplished under this contract will be conducted during normal working hours and 50% of the work accomplished under this contract will be conducted during other than normal working hours.

Interested parties may obtain one set of the bid and contract documents following the mandatory pre-bid conference on March 16, 1998, for a non-refundable fee of one hundred fifty dollars ($150,00). Documents may be purchased with a certified check or money order made payable to the New York City Board of Education. Personal checks and cash will not be accepted.

The successful bidder must make a good faith effort to achieve the Locally Based Enterprise (LBE) Subcontracting Goal of 50%, and a Minority Business Enterprise/Woman's Business Enterprise (MBE/WBE) subcontracting goal of 25%.

The Board reserves the right to waive informalities and to reject any and all bids.

NEW YORK CITY BOARD OF EDUCATION

SECTION 108 LOAN PROGRAM & ANCHOR/PARTNERSHIP PLAZA RETAIL DEMONSTRATION PROGRAM

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD)

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT& INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title I of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title I. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on March 19, 1998 the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following projects.

Anchor/Partnership Plaza Retail Demonstration Program
The Anchor/Partnership Plaza Retail Demonstration Program, sponsored by the New York City Department of Housing Preservation and Development and the New York City Housing Partnership, proposes to develop and tenant new and renovated retail stores and professional offices, including a mix of national and local ownership. Development will take place along corridors in designated communities that suffer from high rates of poverty and economic distress in the City. A Section 108 Loan Guarantee of $15 million and an Economic Development Initiative (EDI) Grant of $4.6 million from HUD will assist in financing the program.

Following are the sites for which the City is now requesting a release of funds.
Brooklyn: Mermaid Avenue, Coney Island Block 7014, Lots 42-46, 49, 50, 52 & 53; Block 7022, Lots 49, 51, 52, & 57; Block 7055, Lots 2 - 12; Block 7056, Lot 6; Block 7060, Lot 14.

Broadway, Bushwick - Block 3333, Lot 39; Block 3432, Lots 1-8, & 10; Block 3387, Lots 1-7, 9, 11, & 12.

Fulton Street Corridor - Block 1537, Lots 29, 30, 31 & 32.

Manhattan: Central Harlem Corridor - Block 1599, Lots 24, 26 & 69, Block 1600, Lots 1, 3, 7, 9, 11, 13, 19, 26, 27, 54, & 69.

On September 24, 1996, the City published a Request for Release of Funds and Certification for the first phase of the program. The following Blocks and Lots included in that Notice are now being deleted from the program:

Brooklyn: Mermaid Avenue - Block 7048, Lots 1, 2, 3, 6; Block 7049, Lots 1, 3 ,5, 6, 7, & 11.

Day Care Development Program
The Agency for Child Development will use CD funds in the amount of $750,000 to assist in financing the construction of the Bedford Avenue Child Care Center at

2255 Bedford Avenue in Brooklyn. A day care center will be created in the basement and first floor of an existing 6-story building. The project has a total cost of $1,568,023.

The City of New York has determined that the projects identified above will have no significant impact on the environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the Environmental Review Records on file at the Office of Management and Budget, Community Development Unit, 75 Park Place, 8th Floor, New York, New York 10007, and can be viewed or copies obtained between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange to view or obtain copies of the file. All interested agencies, groups and persons disagreeing with this determination or wishing to comment on the project may submit written comments to the Office of Management and Budget, Community Development Unit at the stated address. All comments received by March 18, 1998 will be considered by the City prior to authorizing submission of a request for release of funds.
The City of New York certifies to HUD that Joseph J. Lhota, in his official capacity as certifying officer, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related authorities, and allows the City to use Section 108, EDI and CD funds. HUD will accept objections to its release of funds and the certification period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on the following bases: (a) the certification was not executed by the certifying officer; (b) the City has omitted a step or failed to make a decision or finding required by HUD regulation 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. The proposed last date of comment is April 3, 1998, however, potential objectors should contact HUD to verify the actual last day of the objection period.

CITY OF NEW YORK OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) FLOOD NOTICE OF EXPLANATION

Regulations promulgated under Executive Order 11988 require that a Flood Notice of Explanation be published when it is determined that a federally-funded project is proposed to be located in a federally-designated floodplain as defined by the respective Executive Order. This announcement constitutes such notice. The City had published a Flood Notice of Early Public Review on February 3, 1998 for the project identified below.

Community Arts Development Program

The Rockaway Museum at 88-08 Rockaway Beach Boulevard in Queens will use $12,000 in CD funds to renovate two restrooms to provide access for persons with disabilities and to install a fire egress gate.

The Rockaway Museum will preserve and disseminate the Rockaways' past and present history and culture through educational visual exhibitions and events.

The City has evaluated the practicable alternatives to locating the proposed action in a floodplain and has determined that there is no viable alternative to locating within the floodplain.

Locations outside the floodplain: The Museum is now being established.
Space in the third floor of the Wave Publishing Building is being offered to the Museum rent-free.

The Museum does not have the financial ability to pay rent, and thus would not be able to locate to a site outside the floodplain.
Alternative methods to serve the identical project objective: There is no alternative to the proposed renovations as they will bring the space up to code and make it compliant with the Americans With Disabilities Act.
A determination not to approve any action: If the proposed CD funding is withdrawn, the opening of the Rockaway Museum would be delayed considerably until other funds could be obtained. The Museum is dependent on private donations and grants for its financing.

Additional information, including a copy of the floodmap of the affected site, is available and can be obtained at the Office of Community Development, Office of Management and Budget, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to arrange a time for viewing the documents. All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. Such comments should be received at the Office of Community Development on or before March 10, 1998.

City of New York, Office of Management and Budget, Joseph Lhota, Budget Director, New York, New York 10007.
Date: March 3, 1998.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACT, VARIOUS BOROUGHS, 3 CONTRACTS – CSB – DUE 3-27-98 AT 10 AM/12 PM/2 PM –
JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 1
SPEC. 005J98 at Various Schools in Region 1

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 2
SPEC. 006J98 at Various Schools in Region 2

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 3
SPEC. 007J98 at Various Schools in Region 3

Sealed bids will be received by the New York City Board of Education (hereinafter called the "Board") from bidders for the contracts hereinafter set forth due at the date and time specified below, Division of School Facilities, Room 606, 28-11 Queens Plaza North, Long Island City, NY 11101 following which time and place, or as soon thereafter as the Board can attend the same, the said bids will be publicly opened and read and tabulated at the Division of School Facilities by an authorized representative of the Chief Executive for School Facilities. The Chief Executive will thereafter award the contract, based upon the result of the tabulations as covered by applicable laws and regulations. A bid deposit shall be required in the amount of $25,000.00 for each bid.
This advertisement is for the award of Job Order Contracts. A Job Order Contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects. The owner publishes a book of preset unit prices. The contractors bid an adjustment factor to be applied to the unit prices. The cost of the individual projects are determined by multiplying the present unit prices and the appropriate quantities by the adjustment factor.
Although each Job Order Contract is primarily to support a particular geographic region, the Board, at its sole discretion, may require the contractor to perform work anywhere within New York City. The Board reserves the right to award and use multiple Job Order Contracts.
Each Job Order Contract awarded under this solicitation will have a minimum value of $50,000.00 and a maximum value, for each contract period, of $3,000,000.00.

Spec Number – Region – Minimum Value – Maximum Value – Bid Due
005J98 – Region 1 – $50,000 – $3,000,000 – March 27, 1998 at 10:00 am
006J98 – Region 2 – $50,000 – $3,000,000 – March 27, 1998 at 12:00 pm
007J98 – Region 3 – $50,000 – $3,000,000 – March 27, 1998 at 2 pm

The term of the contracts will be for twelve (12) months and will include an option for three (3) additional periods. It is the current intention of the Board to award one (1) Job Order Contract under each solicitation number. Withdrawal of bid is permissible after 45 days from date of bid opening, provided such withdrawal is made prior to initial contract award; however, where the bidder(s) agree(s) to forego withdrawal of their bid(s) after 45 days have elapsed from bid opening or an earlier award of contract by the Board, the Board may make additional awards under each solicitation for a period up to 180 days after the opening of bids in the event the initial awarded shall fail to perform in accordance with the resultant contract or if the Board shall receive additional funding to support the work described in this Contract beyond the Maximum Contract Amount. Hence the Board requests that the bidders keep their bid prices in effect for 180 days after the opening of bids. The Board, at its option, reserves the right to issue separate solicitations and awards for any work that could be awarded under this solicitation. The minimum guaranteed value shall not be affected by such separate solicitations.

The Board reserves the right to limit the total number of concurrent Job Order Contracts to be held by or awarded to a single Contractor.

Interested bidders must attend a mandatory pre-bid conference. The mandatory pre-bid conference will be held March 16, 1998 at 9:00 am in the third floor meeting room, 28-11 Queens Plaza North, Long Island City, New York 11101, for the purpose of discussing the JOC concept, documents and bid considerations, answering questions and discussing JOC from a contractor's viewpoint.

In order to qualify as a Responsible Bidder, a bidder must be prepared to prove to the satisfaction of the Board, that it has the integrity, skill, staff, experience, facilities and financial resources and stability to successfully and faithfully perform the Contract in accordance with the Contract Documents.

Each bidder must submit two adjustment factors. The same two adjustment factors will apply to all unit prices. The first adjustment factor will be applied to work anticipated to be accomplished during normal working hours (7:00 am to 4:00 pm Monday to Friday). The second adjustment factor will be applied to work anticipated to be accomplished during other than normal working hours (4:00 pm to 7:00 am Monday to Friday), weekends and holidays. For bid evaluation purposes, it is estimated that 50% of the work accomplished under this contract will be conducted during normal working hours and 50% of the work accomplished under this contract will be conducted during other than normal working hours.

Interested parties may obtain one set of the bid and contract documents following the mandatory pre-bid conference on March 16, 1998, for a non-refundable fee of one hundred fifty dollars ($150,00). Documents may be purchased with a certified check or money order made payable to the New York City Board of Education. Personal checks and cash will not be accepted.

The successful bidder must make a good faith effort to achieve the Locally Based Enterprise (LBE) Subcontracting Goal of 50%, and a Minority Business Enterprise/Woman's Business Enterprise (MBE/WBE) subcontracting goal of 25%.

The Board reserves the right to waive informalities and to reject any and all bids.

NEW YORK CITY BOARD OF EDUCATION

NOTICE: The business hours for the Bid Room, and for receipt of bids, are from 9:00 AM to 5:00 PM. There is no admittance to the Bid Room before 9:00 AM or after 5:00 PM.

LANDMARKS PRESERVATION COMMISSION

ISSUE DATE: 02/09/98	DOCKET #: 982607	SRB #: SRB 98-4103
ADDRESS 223 DEKALB AVENUE HISTORIC DISTRICT FORT GREENE	BOROUGH: BROOKLYN	BLOCK/LOT: 2091 / 69

To the Mayor, the Council, and the Commissioner, Department of Housing Preservation and Development.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark

The Landmarks Preservation Commission has reviewed a proposal for the restoration of the building's front facade, interior alterations, and the installation of windows at the rear facade. The proposed work includes the removal of the non-historic stucco signband above the storefront opening; the removal of deteriorated sections of brownstone at the front facade; the patching of theses areas with a cementitious brownstone stucco; the painting of the facade to replicate the color of brownstone (to match Benjamin Moore 48); the installation of a new wood residential entry door, with a single glazed opening above two raised panels, and a fixed glazed transom; the installation of six wood one-over-one double-hung windows with a dark brown painted finish within the existing openings at the front facade; the installation of a fiberglass cornice with a dark brown finish to match the missing historic cornice; the installation of eight metal double-hung one-over-one windows within existing openings at the rear facade; and interior alterations, including the construction of new floors and roof, the construction of interior partitions, the installation of new heating equipment, and the installation of new fixtures, as is shown in photographs, specifications, and drawings A1 through A4, received by the Commission on January 26, 1998, prepared by Parag Mehta, and submitted as components of this application

In reviewing this proposal, the Commission notes that 223 Dekalb Avenue is a three-story brownstone rowhouse, built circa 1869, and that the building's style, scale, and materials are among the features that contribute to the special architectural and historic character of the Fort Greene Historic District. The Commission further notes that the building is currently gutted and abandoned, and that the cornice, windows, and residential entry door have been removed.

With regard to this proposal, the Commission finds that only deteriorated brownstone will be removed from the facade, and that the brownstone stucco will match the color, texture and details of the existing stone; that the painting of the facade is warranted by the potential damage which could occur to the historic stone if the several layers of paint now on the facade were to be removed; that the reddish-brown paint specified will replicate the color of brownstone and will unify the appearance of the building's facade; that the design and details of the proposed replacement cornice will match those of the cornice on the building next door, which was built as part of the same row; that the windows proposed for the front facade will match the historic windows in terms of the configuration, operation, details, material, and finish, and that the windows proposed for the non-visible rear facade will be installed within the existing openings, will have no adverse effect on any protected feature, and will not replace "special" windows; and that the overall program of work will bring this building closer to its original appearance. Based on these findings, the Commission determines the proposal to be appropriate to the building and to the district. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress Please direct inquiries to Jay Platt.

SUMMARY OF CAPITAL PROJECT DIRECTIVES AND BOND RESOLUTIONS 9800000024, 9800000025, 9800000026, 9800000027, 9800000028 and 9800000029 OF THE CITY OF NEW YORK

Summary of Determinations and Certifications of Amount of Bonds to be Issued by The City of New York

Pursuant to the New York Local Finance Law (the "Law") and Sections 8 and 219 of the New York City Charter, the Mayor of the City of New York (the "City"), acting as the Finance Board of the City, has determined in Capital Project Directives and Bond Resolutions 9800000024, 9800000025, 9800000026, 9800000027, 9800000028 and 9800000029 (the "Resolutions") that obligations shall be issued to finance the specific objects or purposes identified as Subprojects in the Resolutions, to the extent and in the amounts set forth in the Resolutions for such specific objects or purposes (the "Items") as are set forth therein, and has certified by the Resolutions to the Comptroller of the City the amounts of obligations to be issued for financing the Items. Said amounts have been duly appropriated for the Items in appropriations for capital projects to which the Subprojects relate.

The Resolutions request that the Comptroller determine the nature and terms of the obligations thereby authorized and that he arrange for the issuance of such obligations.

The period of probable usefulness for each Item is set forth in the description of such Item in exhibits to the Resolutions. Each of the capital projects listed in said exhibits (the "Projects") consists of one or more Items. The estimated maximum cost of each Item is its proportionate share of the estimated maximum cost of the Project of which such Item is a part. The estimated maximum costs of each such Project and the plan for financing the total costs of all of the Items comprising each Project are contained in the most recent capital budget in which funds for such Project were appropriated. Such total costs will be financed by the issuance of obligations of the City to the extent such costs are not financed by funds from other sources as indicated in such capital budget.

The Resolutions also authorize the temporary use of certain funds of the City for the purpose or purposes for which the issuance of obligations has been authorized by the Resolutions, and provide that suitable records are to be kept of such temporary diversion of funds, and that the City obtain reimbursement of such funds from the proceeds of the bonds authorized by the Resolutions, or from the sale of bond anticipation notes issued in anticipation of the sale of such obligations.

The validity of the obligations authorized by the Resolutions may be contested only if (1) such obligations are authorized for an object or purpose for which the City is not authorized to spend money, or the provisions of law which should be complied with as of this date of publication have not been substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of this publication or (2) such obligations are authorized in violation of the provisions of the New York State Constitution.

THE FOLLOWING IS A LISTING OF THE CLASSES OF OBJECTS OR PURPOSES FOR WHICH THE OBLIGATIONS AUTHORIZED BY THE RESOLUTIONS SUMMARIZED HEREIN ARE TO BE ISSUED, TOGETHER WITH THE PERIODS OF PROBABLE USEFULNESS AND THE AMOUNTS OF OBLIGATIONS AUTHORIZED TO BE ISSUED FOR EACH SUCH CLASS OF OBJECTS OR PURPOSES. HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

Chair, Interagency Coordinating Council

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACT, VARIOUS BOROUGHS, 3 CONTRACTS – CSB – DUE 3-27-98 AT 10 AM/12 PM/2 PM –
JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 1
SPEC. 005J98 at Various Schools in Region 1

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 2
SPEC. 006J98 at Various Schools in Region 2

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 3
SPEC. 007J98 at Various Schools in Region 3

Sealed bids will be received by the New York City Board of Education (hereinafter called the "Board") from bidders for the contracts hereinafter set forth due at the date and time specified below, Division of School Facilities, Room 606, 28-11 Queens Plaza North, Long Island City, NY 11101 following which time and place, or as soon thereafter as the Board can attend the same, the said bids will be publicly opened and read and tabulated at the Division of School Facilities by an authorized representative of the Chief Executive for School Facilities. The Chief Executive will thereafter award the contract, based upon the result of the tabulations as covered by applicable laws and regulations.
A bid deposit shall be required in the amount of $25,000.00 for each bid.
This advertisement is for the award of Job Order Contracts. A Job Order Contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects. The owner publishes a book of preset unit prices. The contractors bid an adjustment factor to be applied to the unit prices. The cost of the individual projects are determined by multiplying the present unit prices and the appropriate quantities by the adjustment factor.
Although each Job Order Contract is primarily to support a particular geographic region, the Board, at its sole discretion, may require the contractor to perform work anywhere within New York City. The Board reserves the right to award and use multiple Job Order Contracts.
Each Job Order Contract awarded under this solicitation will have a minimum value of $50,000.00 and a maximum value, for each contract period, of $3,000,000.00.

Spec Number – Region – Minimum Value – Maximum Value – Bid Due
005J98 – Region 1 – $50,000 – $3,000,000 – March 27, 1998 at 10:00 am
006J98 – Region 2 – $50,000 – $3,000,000 – March 27, 1998 at 12:00 pm
007J98 – Region 3 – $50,000 – $3,000,000 – March 27, 1998 at 2 pm

The term of the contracts will be for twelve (12) months and will include an option for three (3) additional periods. It is the current intention of the Board to award one (1) Job Order Contract under each solicitation number. Withdrawal of bid is permissible after 45 days from date of bid opening, provided such withdrawal is made prior to initial contract award; however, where the bidder(s) agree(s) to forego withdrawal of their bid(s) after 45 days have elapsed from bid opening or an earlier award of contract by the Board, the Board may make additional awards under each solicitation for a period up to 180 days after the opening of bids in the event the initial awardee shall fail to perform in accordance with the resultant contract or if the Board shall receive additional funding to support the work described in this Contract beyond the Maximum Contract Amount. Hence the Board requests that the bidders keep their bid prices in effect for 180 days after the opening of bids. The Board, at its option, reserves the right to issue separate solicitations and awards for any work that could be awarded under this solicitation. The minimum guaranteed value shall not be affected by such separate solicitations.

The Board reserves the right to limit the total number of concurrent Job Order Contracts to be held by or awarded to a single Contractor.

Interested bidders must attend a mandatory pre-bid conference. The mandatory pre-bid conference will be held March 16, 1998 at 9:00 am in the third floor meeting room, 28-11 Queens Plaza North, Long Island City, New York 11101, for the purpose of discussing the JOC concept, documents and bid considerations, answering questions and discussing JOC from a contractor's viewpoint.

In order to qualify as a Responsible Bidder, a bidder must be prepared to prove to the satisfaction of the Board, that it has the integrity, skill, staff, experience, facilities and financial resources and stability to successfully and faithfully perform the Contract in accordance with the Contract Documents.

Each bidder must submit two adjustment factors. The same two adjustment factors will apply to all unit prices. The first adjustment factor will be applied to work anticipated to be accomplished during normal working hours (7:00 am to 4:00 pm Monday to Friday). The second adjustment factor will be applied to work anticipated to be accomplished during other than normal working hours (4:00 pm to 7:00 am Monday to Friday), weekends and holidays. For bid evaluation purposes, it is estimated that 50% of the work accomplished under this contract will be conducted during normal working hours and 50% of the work accomplished under this contract will be conducted during other than normal working hours.

Interested parties may obtain one set of the bid and contract documents following the mandatory pre-bid conference on March 16, 1998, for a non-refundable fee of one hundred fifty dollars ($150,00). Documents may be purchased with a certified check or money order made payable to the New York City Board of Education. Personal checks and cash will not be accepted.

The successful bidder must make a good faith effort to achieve the Locally Based Enterprise (LBE) Subcontracting Goal of 50%, and a Minority Business Enterprise/Woman's Business Enterprise (MBE/WBE) subcontracting goal of 25%.

The Board reserves the right to waive informalities and to reject any and all bids.

NOTICE: The business hours for the Bid Room, and for receipt of bids, are from 9:00 AM to 5:00 PM. There is no admittance to the Bid Room before 9:00 AM or after 5:00 PM.

LANDMARKS PRESERVATION COMMISSION

ISSUE DATE:	DOCKET #:	CRB #:
02/09/98	981116	CRB 98-2093

ADDRESS	BOROUGH:	BLOCK/LOT:
223 DEKALB AVENUE HISTORIC DISTRICT FORT GREENE	BROOKLYN	2091 / 69

To the Mayor, the Council, and the Commissioner, Department of Housing Preservation and Development.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the construction of a new storefront as part of the restoration of the building's facade. The proposed work includes the installation of a wood (painted green to match Benjamin Moore 462) and glass storefront with a single-pane glazed wood entry door, wood bulkhead, glazed transoms over the entry door and display windows, and a light brown-colored retractable canvas awning. The proposed work is shown in photographs, a color chip, a fabric sample, and drawing A6, dated November 18, 1997, prepared by PM Architecture, and submitted as components of this application.

In reviewing this proposal, the Commission notes that 223 Dekalb Avenue is an Italianate-style brownstone rowhouse, built in 1869; and that the building's style, scale, and materials are among the features that contribute to the special architectural and historic character of the Fort Greene Historic District.

With regard to this proposal, the Commission finds that the proposed design, material, details, and proportions of the wood and glass storefront will be simple, and in keeping with other storefronts within this historic district; that the proposed awning will be retractable, will conform to the width of the storefront opening, and will have a flexible skirt and open sides and bottom; that the security gate housing and tracks will be mounted internally and therefore will not detract from the exterior of the building; and that signage will be limited to the awning skirt and the storefront glazing, and will therefore be well-scaled to the size of the building. Based on these findings, the Commission finds that the proposed work is appropriate to the building and to the district. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jay Plait.

HUD Notice of Funding Availabity for Continuum of Care Homeless Assistance

Date: March 12, 1998
Time: 10:00 AM - 12:00 PM
Location: Public Hearing Room, City Hall

The New York City Interagency Coordinating Council (ICC) on Homelessness will hold a public hearing on Thursday, March 12, 1998 on the Notice of Funding Availability (NOFA) for Continuum of Care Homeless Assistance sponsored by the Federal Department of Housing and Urban Development (HUD). It is expected that HUD will issue a 1998 NOFA in the near future.

In the past two years, HUD has awarded over $117 million to not-for-profit organizations in New York City as a result of this grant competition. The funds support a wide array of projects designed to combat homelessness and to help individuals and families become as independent as possible. HUD's approach to alleviating homelessness is known as the Continuum of Care, which is a coordinated and comprehensive local housing and service delivery system. The basic components of a Continuum of Care system are: outreach and assessment; safe alternatives to the streets, such as drop-in centers and safe havens; transitional housing with support services; permanent housing or permanent supportive housing. Important support services in the homeless Continuum of Care include job training and employment programs, mental health services, substance abuse treatment and counseling, and independent living skills training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by the different City agencies. Comments received during the ICC public hearing will be very influential in setting priorities for the use of HUD Homeless Assistance funds provided through the 1998 NOFA. Please focus comments on gaps in the homeless Continuum of Care that should be priorities. Last year, many people at the hearing spoke of the need for services for homeless youth, and youth services became a funding priority. This year, substance abuse treatment and employment programs are two priorities for the City of New York. The ICC is very interested in hearing what the public thinks of these priorities, as well as other priority areas.

Sign language interpreters will be provided. To request speaking time:
Call the Department of Homeless Services at 212-442-9927 (Voice) or 212-788-9402 (TTY) by 5:00 PM on Friday, March 6, 1998.

Due to time constraints, those interested in speaking are asked to reserve slots prior to the deadline. Once slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing.

Submission of written testimony will also be welcome.
Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

Testimony will be limited to the topic of priorities for funding programs under the HUD NOFA for Continuum of Care Homeless Assistance.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACT, VARIOUS BOROUGHS, 3 CONTRACTS – CSB – DUE 3-27-98 AT 10 AM/12 PM/2 PM –
JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 1
SPEC. 005J98 at Various Schools in Region 1

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 2
SPEC. 006J98 at Various Schools in Region 2

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 3
SPEC. 007J98 at Various Schools in Region 3

Sealed bids will be received by the New York City Board of Education (hereinafter called the "Board") from bidders for the contracts hereinafter set forth due at the date and time specified below, Division of School Facilities, Room 606, 28-11 Queens Plaza North, Long Island City, NY 11101 following which time and place, or as soon thereafter as the Board can attend the same, the said bids will be publicly opened and read and tabulated at the Division of School Facilities by an authorized representative of the Chief Executive for School Facilities. The Chief Executive will thereafter award the contract, based upon the result of the tabulations as covered by applicable laws and regulations. A bid deposit shall be required in the amount of $25,000.00 for each bid.
This advertisement is for the award of Job Order Contracts. A Job Order Contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects. The owner publishes a book of preset unit prices. The contractors bid an adjustment factor to be applied to the unit prices. The cost of the individual projects are determined by multiplying the present unit prices and the appropriate quantities by the adjustment factor.
Although each Job Order Contract is primarily to support a particular geographic region, the Board, at its sole discretion, may require the contractor to perform work anywhere within New York City. The Board reserves the right to award and use multiple Job Order Contracts.
Each Job Order Contract awarded under this solicitation will have a minimum value of $50,000.00 and a maximum value, for each contract period, of $3,000,000.00.

Spec Number – Region – Minimum Value – Maximum Value – Bid Due
005J98 – Region 1 – $50,000 – $3,000,000 – March 27, 1998 at 10:00 am
006J98 – Region 2 – $50,000 – $3,000,000 – March 27, 1998 at 12:00 pm
007J98 – Region 3 – $50,000 – $3,000,000 – March 27, 1998 at 2 pm

The term of the contracts will be for twelve (12) months and will include an option for three (3) additional periods. It is the current intention of the Board to award one (1) Job Order Contract under each solicitation number. Withdrawal of bid is permissible after 45 days from date of bid opening, provided such withdrawal is made prior to initial contract award; however, where the bidder(s) agree(s) to forego withdrawal of their bid(s) after 45 days have elapsed from bid opening or an earlier award of contract by the Board, the Board may make additional awards under each solicitation for a period up to 180 days after the opening of bids in the event the initial awardee shall fail to perform in accordance with the resultant contract or if the Board shall receive additional funding to support the work described in this Contract beyond the Maximum Contract Amount. Hence the Board requests that the bidders keep their bid prices in effect for 180 days after the opening of bids. The Board, at its option, reserves the right to issue separate solicitations and awards for any work that could be awarded under this solicitation. The minimum guaranteed value shall not be affected by such separate solicitations.

The Board reserves the right to limit the total number of concurrent Job Order Contracts to be held by or awarded to a single Contractor.

Interested bidders must attend a mandatory pre-bid conference. The mandatory pre-bid conference will be held March 16, 1998 at 9:00 am in the third floor meeting room, 28-11 Queens Plaza North, Long Island City, New York 11101, for the purpose of discussing the JOC concept, documents and bid considerations, answering questions and discussing JOC from a contractor's viewpoint.

In order to qualify as a Responsible Bidder, a bidder must be prepared to prove to the satisfaction of the Board, that it has the integrity, skill, staff, experience, facilities and financial resources and suability to successfully and faithfully perform the Contract in accordance with the Contract Documents.

Each bidder must submit two adjustment factors. The same two adjustment factors will apply to all unit prices. The first adjustment factor will be applied to work anticipated to be accomplished during normal working hours (7:00 am to 4:00 pm Monday to Friday). The second adjustment factor will be applied to work anticipated to be accomplished during other than normal working hours (4:00 pm to 7:00 am Monday to Friday), weekends and holidays. For bid evaluation purposes, it is estimated that 50% of the work accomplished under this contract will be conducted during normal working hours and 50% of the work accomplished under this contract will be conducted during other than normal working hours.

Interested parties may obtain one set of the bid and contract documents following the mandatory pre-bid conference on March 16, 1998, for a non-refundable fee of one hundred fifty dollars ($150,00). Documents may be purchased with a certified check or money order made payable to the New York City Board of Education. Personal checks and cash will not be accepted.

The successful bidder must make a good faith effort to achieve the Locally Based Enterprise (LBE) Subcontracting Goal of 50%, and a Minority Business Enterprise/Woman's Business Enterprise (MBE/WBE) subcontracting goal of 25%.

The Board reserves the right to waive informalities and to reject any and all bids.

NEW YORK CITY BOARD OF EDUCATION

NOTICE: The business hours for the Bid Room, and for receipt of bids, are from 9:00 AM to 5:00 PM. There is no admittance to the Bid Room before 9:00 AM or after 5:00 PM.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACT, VARIOUS BOROUGHS, 3 CONTRACTS – CSB – DUE 3-27-98 AT 10 AM/12 PM/2 PM –
JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 1
SPEC. 005J98 at Various Schools in Region 1

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 2
SPEC. 006J98 at Various Schools in Region 2

JOB ORDER CONTRACT - GENERAL CONSTRUCTION REGION 3
SPEC. 007J98 at Various Schools in Region 3

Sealed bids will be received by the New York City Board of Education (hereinafter called the "Board") from bidders for the contracts hereinafter set forth due at the date and time specified below, Division of School Facilities, Room 606, 28-11 Queens Plaza North, Long Island City, NY 11101 following which time and place, or as soon thereafter as the Board can attend the same, the said bids will be publicly opened and read and tabulated at the Division of School Facilities by an authorized representative of the Chief Executive for School Facilities. The Chief Executive will thereafter award the contract, based upon the result of the tabulations as covered by applicable laws and regulations. A bid deposit shall be required in the amount of $25,000.00 for each bid.
This advertisement is for the award of Job Order Contracts. A Job Order Contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects. The owner publishes a book of preset unit prices. The contractors bid an adjustment factor to be applied to the unit prices. The cost of the individual projects are determined by multiplying the present unit prices and the appropriate quantities by the adjustment factor.
Although each Job Order Contract is primarily to support a particular geographic region, the Board, at its sole discretion, may require the contractor to perform work anywhere within New York City. The Board reserves the right to award and use multiple Job Order Contracts.
Each Job Order Contract awarded under this solicitation will have a minimum value of $50,000.00 and a maximum value, for each contract period, of $3,000,000.00.

Spec Number – Region – Minimum Value – *Maximum Value – Bid Due*

005J98 – Region 1 – $50,000 – $3,000,000 – March 27, 1998 at 10:00 am
006J98 – Region 2 – $50,000 – $3,000,000 – March 27, 1998 at 12:00 pm
007J98 – Region 3 – $50,000 – $3,000,000 – March 27, 1998 at 2 pm

The term of the contracts will be for twelve (12) months and will include an option for three (3) additional periods. It is the current intention of the Board to award one (1) Job Order Contract under each solicitation number. Withdrawal of bid is permissible after 45 days from date of bid opening, provided such withdrawal is made prior to initial contract award; however, where the bidder(s) agree(s) to forego withdrawal of their bid(s) after 45 days have elapsed from bid opening or an earlier award of contract by the Board, the Board may make additional awards under each solicitation for a period up to 180 days after the opening of bids in the event the initial awardee shall fail to perform in accordance with the resultant contract or if the Board shall receive additional funding to support the work described in this Contract beyond the Maximum Contract Amount. Hence the Board requests that the bidders keep their bid prices in effect for 180 days after the opening of bids. The Board, at its option, reserves the right to issue separate solicitations and awards for any work that could be awarded under this solicitation. The minimum guaranteed value shall not be affected by such separate solicitations.

The Board reserves the right to limit the total number of concurrent Job Order Contracts to be held by or awarded to a single Contractor.

Interested bidders must attend a mandatory pre-bid conference. The mandatory pre-bid conference will be held March 16, 1998 at 9:00 am in the third floor meeting room, 28-11 Queens Plaza North, Long Island City, New York 11101, for the purpose of discussing the JOC concept, documents and bid considerations, answering questions and discussing JOC from a contactor's viewpoint.

In order to qualify as a Responsible Bidder, a bidder must be prepared to prove to the satisfaction of the Board, that it has the integrity, skill, staff, experience, facilities and financial resources and suability to successfully and faithfully perform the Contract in accordance with the Contract Documents.

Each bidder must submit two adjustment factors. The same two adjustment factors will apply to all unit prices. The first adjustment factor will be applied to work anticipated to be accomplished during normal working hours (7:00 am to 4:00 pm Monday to Friday). The second adjustment factor will be applied to work anticipated to be accomplished during other than normal working hours (4:00 pm to 7:00 am Monday to Friday), weekends and holidays. For bid evaluation purposes, it is estimated that 50% of the work accomplished under this contract will be conducted during normal working hours and 50% of the work accomplished under this contract will be conducted during other than normal working hours.

Interested parties may obtain one set of the bid and contract documents following the mandatory pre-bid conference on March 16, 1998, for a non-refundable fee of one hundred fifty dollars ($150,00). Documents may be purchased with a certified check or money order made payable to the New York City Board of Education. Personal checks and cash will not be accepted.

The successful bidder must make a good faith effort to achieve the Locally Based Enterprise (LBE) Subcontracting Goal of 50%, and a Minority Business Enterprise/Woman's Business Enterprise (MBE/WBE) subcontracting goal of 25%.

The Board reserves the right to waive informalities and to reject any and all bids.

NOTICE: The business hours for the Bid Room, and for receipt of bids, are from 9:00 AM to 5:00 PM. There is no admittance to the Bid Room before 9:00 AM or after 5:00 PM.
