PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,
Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

AGENCY RULES

WATER BOARD

■ HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j(3) of the Public Authorities Law, a public hearing will be held on the date and at the place specified below, concerning the adoption by the New York City Water Board (the "Board") of proposed revisions to the procedures under Part III, Section 4 of the Water Board's Water and Wastewater Rate Schedule, governing applications for, and the granting of, wastewater allowances, including allowances in respect to air conditioning and/or refrigeration systems ("AC/R Allowances").

Summary of Proposed Revisions: The proposed rule, which if adopted would take effect on May 1, 1998, provides for the following: 1. Wastewater Allowances, including AC/R Allowances, will only be granted to eligible applicants upon filing a complete, written application with the Department of Environmental Protection ("DEP"), on such forms as the Commissioner of DEP shall prescribe; 2. Such applications may be rejected if required information or documentation is missing; 3. For complete applications filed before May 1, 1998, AC/R Allowances, if granted, will be retroactive up to a maximum of six (6) years from the date DEP, having received a complete application, determines that the applicant is eligible; all other Wastewater Allowances will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible; 4. For complete applications filed after May 1, 1998, Wastewater Allowances, including AC/R Allowances, if granted, will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible for the Allowance for a period not exceeding two (2) years; at the end of the two year period, application may be filed for the renewal of the Allowance; 5. If an application for an AC/R Allowance is rejected as incomplete prior to May 1, 1998, and a complete application is re-filed after May 1, 1998, the AC/R Allowance, if granted, will be prospective only, in the same manner as provided in Number 4 above; 6. No property or process shall be eligible for a Wastewater Allowance if the water supply is not fully metered to the satisfaction of DEP, or if the property has any delinquent water/wastewater charges or real estate taxes.

Hearing: A hearing on the proposed rule will be held on April 28, 1998, at 9:00 A.M., 8th Floor Conference Room, New York City Department of Environmental Protection, 59-17 Junction Boulevard, Corona New York 11368.

Members of the public wishing to obtain a copy of the proposed rule, or wishing to testify on the proposed rule at the above hearing should contact Kevin Kunkle, New York City Department of Environmental Protection 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 395-3601 not later than Friday, April 24, 1998. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board, c/o Mr. Kunkle at the above address at least two (2) days prior to the meeting.

Environmental Requirements
* * *

(c)Sunset provision

The DEP shall adopt rules pursuant to Chapter 45 of the Charter of the City of New York which shall establish:

(1)standards for determining potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not an (E) designation shall be imposed on any tax lot; and

(2)testing and remediation standards and protocols for potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not the environmental requirements relating to such (E) designation(s) have been satisfied so as to warrant the removal of such designation.

The requirements for the adoption of rules set forth in paragraph (c) of this Section, inclusive, shall not be construed to prohibit either the imposition or the removal of an (E) designation, in accordance with law, prior to the adoption of such rules.

In the event that such rules are not adopted by DEP by July 1, *1998* **2001**, the provisions of this Section as they relate to potential hazardous material contamination, except for underground gasoline storage tanks, shall lapse.

DESIGN & CONSTRUCTION

■ HEARINGS

PLEASE TAKE NOTICE, that in accordance with Sections 201-204 (inclusive) of the New York State Eminent Domain Procedure Law (the "EDPL"), a public hearing will be held by the New York City Department of Design and Construction in connection with the acquisition of a portion of Beach 36th Street, Beach 37th Street, Beach 38th Street, and Beach 39th Street in the Borough of Queens, City of New York, as follows:

Date: April 28, 1998; Time: 10:00 A.M.; Location: New York City Department of Design and Construction, 30-30 Thomson Avenue, Long Island City, New York 11101-3045, Fifth Floor-Training Room.

The purpose of this hearing is to inform the public concerning the proposed acquisition of certain street beds to be identified below for construction of sanitary and storm sewers to alleviate flooding in the area, and to accommodate the construction of the Edgemere Urban Renewal Project, located along Jamaica Bay between Beach 35th Street and Beach 51st Street,, on the Rockaway Peninsula. This acquisition is being conducted to accommodate project HD-153 and HD-Q153, which are urban renewal projects being administered through the New York City Department of Housing Preservation and Development ("HPD"). The objective of these projects is to provide affordable housing for moderate and middle income homeowners. The acquisitions herein are intended to accommodate the first phase of at least four phases required to provide storm and sanitary sewers for the above referenced HPD project.
The street properties to be acquired are:
A portion of: Beach 36th Street, Beach 37th Street, Beach 38th Street
From Beach Channel Drive to Norton Avenue and: Beach 36th Street, Beach 37th Street, Beach 38th Street, Beach 39th Street
From the Southerly Line of Rockaway Beach Boulevard to Beach Channel Drive and Rockaway Beach Boulevard
From a point approximately 17 feet east of Beach 37th Street to Beach 40th Street, in the Borough of Queens, City of New York.
Any person in attendance at the hearing shall be given a reasonable opportunity to present an oral or written statement and to submit other documents concerning the proposed acquisition. Each speaker will be allotted a maximum of ten (10) minutes. In addition, written statements may be submitted to the Office of the General Counsel at the address stated below, provided the comments are received by 5:00 p.m. on April 24, 1998.

COURT NOTICE

SUPREME COURT

■ NOTICE

SUPREME COURT : NEW YORK COUNTY
NOTICE OF PETITION : NEW YORK COUNTY INDEX NUMBER 401601/98

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a one year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located at 613-635 West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, to be held in and for New York County at the County Courthouse, 60 Centre Street, at Room 130, in the Borough of Manhattan, City of New York on the 24th day of April 1998, at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2) directing that upon the filing of said map, a one year leasehold interest in the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire a leasehold interest in certain real property where not heretofore acquired for the same purpose, as a site for Manhattan District 6 Sanitation Garage in the Borough of Manhattan, City and State of New York.

The description of the real property to be acquired is as follows:
Beginning at a point on the northerly line of the said West 29th Street, where the dividing line between tax lots 12 and 24 in tax block 675 intersects the northerly line of said West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street and the westerly line of the said 11th Avenue, measured along the said northerly line of West 29th Street;

1. Running thence, westwardly, and along the said northerly line of West 29th Street, for 47.50 feet to a point;

2. Thence, northwardly, parallel to the said westerly line of 11th Avenue and through the tax lot 12 in tax block 675 for 26.33 feet to a point;

3. Thence, westwardly, parallel to the said northerly line of West 29th Street and through the said tax lot 12 in tax block 675, for 45.50 feet to a point;

4. Thence, northwardly, parallel to the said westerly line of 11th Avenue and through the said tax lot 12 in tax block 675, for 72.42 feet to a point on a southerly line of tax lot 1 in tax block 675;

5. Thence, eastwardly, parallel to the said northerly line of West 29th Street and along the southerly lines of the said tax lot 1 and tax lot 39 in tax block 675, for 93.00 feet to a point on the westerly line of tax lot 24 in tax block 675;

6. Thence, southwardly, parallel to the said westerly line of 11th Avenue and along the said westerly line of tax lot 24 in tax block 675, for 98.75 feet back to the point of beginning.

This parcel consists of part of tax lot 12 in tax block 675, as shown on the"Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 7,986 square feet or 0.1833 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE that, pursuant to EDPL 402(B)(4), any party seeking to oppose this condemnation must interpose a verified answer containing specific denial of each marked allegation of the petition controverted by such party, or containing any new matter which such party believes is a defense to the condemnation. Please take further notice that, pursuant to CPLR 403(b), any such answer must be served upon the Corporation Counsel of the City of New York at least seven (7) days before the date on which this application is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

FOR THE YEAR 1998

No. 11

Introduced by Council Members Spigner, Malave-Dilan, Michels, Linares, Boyland and Stabile (by request of the Mayor); also Council Members Lasher, Robles, Carrion and Espada.

A LOCAL LAW

To amend the administrative code of the City of New York, in relation to inspection of the exterior walls of buildings greater than six stories in height.

Be it enacted by the Council as follows:

Section 1. Section 27-129 of the administrative code of the city of New York is amended to read as follows:

§ 27-129 Exterior walls and appurtenances thereof. In order to maintain a building's exterior walls and appurtenances thereof in a safe condition, the following additional requirements shall apply to all existing buildings or buildings hereafter erected which are greater than six stories in height.

(a) Inspection requirements. A critical examination of an applicable building's exterior walls and appurtenances thereof shall be conducted at periodic intervals as set forth by rule [or regulation] of the commissioner, but such examination shall be conducted at least once every five years.

(1) The initial examination for any building in existence on February twenty-first, nineteen hundred eighty shall be conducted prior to February twenty-first, nineteen hundred eighty-two and the initial examination for any building thereafter constructed shall be conducted in the fifth year following the erection or installation of any exterior wall and/or enclosures.

(2) Such examination shall be conducted and witnessed by or under the direct supervision of a licensed architect or licensed professional engineer by or on behalf of the owner of the building.

(3) Such examination shall include, in addition to an inspection, a complete review of the most recently prepared report.

(4) Such examination shall also be conducted in accordance with the applicable rules [and regulations] promulgated by the commissioner.

(b) Notification requirements. Whenever an architect or engineer learns through a critical examination of a building's exterior walls and appurtenances thereof of an unsafe condition prior to the filing of a report with the department of buildings pursuant to subdivision (c) of this section, he or she shall notify the owner and the department of buildings immediately in writing of such condition.

[(b)]*(c)* Report of examination. Such architect or engineer shall submit a written report certifying the results of such examination to the commissioner, clearly documenting the condition of the exterior walls and appurtenances [thereto] *thereof, as either safe, unsafe or safe with a repair and maintenance program.* The report shall include a record of all significant deterioration, unsafe conditions and movement observed as well as a statement concerning the watertightness of the exterior surfaces. Such report must be signed by and bear the professional seal of such architect or engineer.

[(c)]*(d)* Necessary repairs. *(1) Unsafe condition. a.* Upon the filing of the architect's or engineer's report of *an* unsafe condition with the commissioner, the owner, his or her agent or the person in charge shall immediately commence such repairs[,] *or* reinforcements [or precautionary] *and shall undertake such* measures as may be required to *secure public safety and to* make the building's [front] *exterior* walls or appurtenances thereof conform to the provisions of this code. [Such ameliorative work shall be completed within a time period to be established by rule or regulation of the commissioner.]

b. All unsafe conditions shall be corrected within thirty days of the filing of the critical examination report.

c. The architect or engineer shall inspect the premises and file an amended report setting forth the condition of the building within two weeks after repairs to correct the unsafe condition have been completed.

d. The commissioner may grant an extension of time of up to ninety days to complete the repairs required to correct an unsafe condition upon receipt and review of an initial extension application submitted by the architect or engineer together with such additional documentation as may be prescribed by rule.

e. The commissioner may grant a further extension of time to complete the repairs required to remove an unsafe condition upon receipt and review of an application for a further extension submitted by the architect or engineer together with such further documentation as may be prescribed by rule.

(2) Safe condition with a repair and maintenance program. An architect or engineer shall not file a report of a safe condition with a repair and maintenance program for the same building for two consecutive filing periods unless the second such report is accompanied by his or her certification attesting to the correction of all conditions identified in the earlier report as requiring repair.

[(d)]*(e)* Exceptions. The additional requirements imposed by this section shall not be applied to[:

(1) Exterior walls set back more than twenty-five feet from the street and/or any paved pedestrian walkway] *any part of an exterior wall which is less than twelve inches from the exterior wall of an adjacent building.*

[(2) Buildings having an on-going maintenance program subject to rules and regulations promulgated by the department of buildings for the exterior walls and appurtenances thereof, under the supervision of a licensed architect or engineer retained by or on behalf of the owner.]

[(e)]*(f)* Violations. Any person who shall violate, or refuse, or neglect to comply with any provisions of this section shall, upon conviction thereof, be punished by a fine of not more than one thousand dollars, or by imprisonment not exceeding six months, or both, and any such person shall, also, for each offense, be subject to the payment, of a penalty in the sum of two hundred fifty dollars for each month there is non-compliance, to be recovered in a civil action brought in the name of the commissioner.

(g) With respect to buildings in existence on March first, nineteen hundred ninety-eight, the initial critical examination of an exterior wall which was not subject to such examination under the provisions of paragraph one of subdivision d of this section in effect prior to the effective date of this local law shall be conducted prior to March first, two thousand.

§2. This local law shall take effect immediately.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:
I hereby certify that the foregoing is a true copy of a local law of The City of New York, passed by the Council on February 25, 1998, and approved by the Mayor on March 13, 1998.

SANITATION

THE CITY OF NEW YORK
DEPARTMENT OF SANITATION
NOTICE OF OPPORTUNITY TO COMMENT

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED AMENDMENT TO RULES RELATING TO COLLECTION BY THE DEPARTMENT OF SANITATION AT NURSING HOMES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Sanitation by section 753, subdivision (a) of the New York City Charter and in accordance with Section 1043 of the New York City Charter, that the Department of Sanitation proposes to amend sections 1-01 of Chapter 1 of Title 16 of the Official Compilation of Rules of the City of New York relating to the collection by the Department of Sanitation at nursing homes. Matter underlined is new.

Written comments regarding the amendment to these rules may be sent to the office of Leslie Allan, Deputy Commissioner for Legal Affairs, Department of Sanitation, 125 Worth Street, Room 710, New York, New York 10013 on or before May 14, 1998. A public hearing shall be held on May 15, 1998 at 125 Worth Street, Room 708, New York, New York from 9:30 A.M. to 11:30 A.M. Persons seeking to testify are requested to notify the Deputy Commissioner at the address stated above. Persons who request that a sign language interpreter or other form of reasonable accomodation for a disability be provided at the hearing are asked to notify the Deputy Commissioner at the foregoing address by May 14, 1998. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 a.m. and 5:00 p.m. at the office of the Deputy Commissioner. Dated: April 8, 1998. John J. Doherty, Commissioner.

Section 1. Section 1-01 of Chapter 1 of Title 16 of the Rules of the City of New York is amended by adding a new definition of domestic partner to read as follows:

Section 1-01 Definitions.

Domestic Partner. "Domestic Partner" refers to a person who has registered a domestic partnership with the City Clerk or the City Department of Personnel in accordance with applicable law.

§2. The definition of nursing home in §1-01 of Title 16 of the Rules of the City of New York is amended to read as follows:

Nursing home. "Nursing home" means a facility, institution, or portion thereof, subject to Article 28 of the New York State Public Health Law, providing lodging therein for 24 or more consecutive hours to three or more nursing home residents who are not related to the operator by marriage or by blood within the third degree of consanguinity, nor are the domestic partner, as such term is defined in this section, of the operator, who need regular nursing home services or other professional services and do not require the services of a hospital.

Statement of Basis and Purpose: Mayoral Executive Orders spanning the past two administrations have established several rights and procedures relative to domestic partnerships, including a procedure for City residents to register their domestic partnerships in the office of the City Clerk. Such orders have further provided, among other things, that (i) registered domestic partners are eligible for visitation rights in City hospitals and correction facilities; (ii) City employees with registered domestic partnerships are eligible for child care leave and bereavement leave on the same basis as those benefits are afforded to employees with regard to their spouses; and (iii) registered domestic partnership is evidence of the right to succession to tenancy rights in facilities operated by the New York City housing authority and the department of housing preservation and development. By the end of 1997, there were approximately 8,000 couples registered as domestic partners in New York City. Approximately two-thirds of those registered as domestic partners who reported demographic information were heterosexual couples, and approximately one third were same sex couples. Almost forty percent of registered domestic partnerships have accessed City health benefits available to partners of City employees and retirees.

Consistent with the intent of such orders, and the Commissioner's powers under Charter §§ 753 and 1043, the Department is now acting to provide that a rule applicable to spouses should now be extended to domestic partners.

TRANSPORTATION

Department of Transportation

Notice of Opportunity to Comment on Proposed Rule

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903 of the New York City Charter, and in accordance with Section 1043 of the Charter, that the Department of Transportation proposes to amend paragraph (O) of section 4-08 of Title 34 of the Official Compilation of Rules of the City of New York, by adding new subsection 6 to read as follows. Matter[in brackets] is deleted; matter underlined is new.

Written comments regarding the proposed rule may be sent to Larry Reilly, Executive Director, Authorized Parking and Permits, Department of Transportation, 29-28 41st Avenue, Long Island City, New York 11101, room 502, on or before May 20, 1998. A public hearing shall be held on May 20, 1998 at 10 a.m. at 40 Worth Street, New York, NY 10013. Persons seeking to testify are requested to notify Mr. Reilly at the address stated above. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 10:00 A.M. and 3:00 P.M., at the Office of Community Affairs, 44 Worth Street, New York, NY 10013, phone number (212) 442-7864 Richard A. Malchow, Commissioner.

(o) (6) Volunteer Emergency ambulance service vehicles parking permits.

(i) Definitions.

Volunteer emergency medical technician (EMT). An individual who meets the minimum requirements established by regulations pursuant to section three thousand two of the public health law and who is responsible for the administration or supervision of initial emergency medical care and transportation of sick or injured persons and who performs such services without the receipt or expectation of monetary compensation.

Volunteer ambulance service (VAS). A registered or certified volunteer ambulance service as defined in section three thousand four of the public health law.

Emergency ambulance service vehicle A vehicle which is an appropriately equipped motor vehicle owned or operated by an ambulance service as defined in section three thousand one of the public health law and used for the purpose of transporting emergency medical personnel and equipment to sick or injured persons and which is transporting a certified first responder.

Certified first responder. An individual who meets the minimum requirements established by regulations pursuant to section three thousand two of the public health law and who is responsible for administration of initial life saving care to sick and injured persons.

(ii) Application. (A) The volunteer ambulance service shall submit an application for an annual on-street parking permit for an authorized vehicle to operate as an emergency ambulance service vehicle on forms as determined by the Commissioner. The following shall be submitted with the application.

(B) Copies of the volunteer ambulance company's certificate of not-for-profit incorporation; an Internal Revenue Service tax exempt designation, and an Ambulance Service Registration issued by the New York State Department of Health.

(C) For each authorized vehicle, copies of a current EMT certification card issued to the driver; the current vehicle registration issued in the name of the certified EMT driver, indicating that the vehicle is registered as an EMT or VAS first response unit; the valid driver's license of the certified EMT driver/registrant; and a current permanent insurance card or insurance policy issued to the EMT/registrant.

(D) Certification that the permit is necessary for the performance of duties on behalf of that volunteer ambulance service by a "certified first responder".

(E) Specifications of the requested geographic territory for each permit. Such specified territory may not exceed the primary operating territory listed on the Department of Health ambulance service registration or certification pursuant to section three

(iii) Permits. (A) Permits shall be used only while the emergency ambulance service vehicles are on standby for use by a volunteer emergency medical technician for the purpose of responding to emergencies.

(B) Such permits shall authorize the parking of a specified emergency ambulance service vehicle where parking is prohibited by sign or rule, except that such permit shall not authorize the parking of the vehicle in a bus stop, a

taxi-stand, within fifteen feet of a fire hydrant, a fire zone, a driveway, a crosswalk, a no stopping zone, a no standing zone, or where the vehicle would be parked in a traffic lane.

(C) The license plate number of the vehicle and the name, address and telephone number where the volunteer ambulance company may be reached shall be written on the face side of the permit.

(D) Permits shall be renewable annually.

(E) Misuse of the permit shall be sufficient cause for revocation of the permit.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The Commissioner of the Department of Transportation has the authority to regulate the parking, stopping and standing of vehicles pursuant to section 2903 of the New York City Charter. This rule is proposed pursuant to Local Law 40 of 1997, which requires the Commissioner to issue annual on-street parking permits to emergency ambulance service vehicles operating for volunteer ambulance services. The Local Law amended Title 19 of the Administrative Code by adding new section 19-162.2 to the code, and was signed into law by the Mayor on June 17, 1997.

WATER BOARD

HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j(3) of the Public Authorities Law, a public hearing will be held on the date and at the place specified below, concerning the adoption by the New York City Water Board (the "Board") of proposed revisions to the procedures under Part III, Section 4 of the Water Board's Water and Wastewater Rate Schedule, governing applications for, and the granting of, wastewater allowances, including allowances in respect to air conditioning and/or refrigeration systems ("AC/R Allowances").

Summary of Proposed Revisions: The proposed rule, which if adopted would take effect on May 1, 1998, provides for the following: 1. Wastewater Allowances, including AC/R Allowances, will only be granted to eligible applicants upon filing a complete, written application with the Department of Environmental Protection ("DEP"), on such forms as the Commissioner of DEP shall prescribe; 2. Such applications may be rejected if required information or documentation is missing; 3. For complete applications filed before May 1, 1998, AC/R Allowances, if granted, will be retroactive up to a maximum of six (6) years from the date DEP, having received a complete application, determines that the applicant is eligible; all other Wastewater Allowances will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible; 4. For complete applications filed after May 1, 1998, Wastewater Allowances, including AC/R Allowances, if granted, will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible for the Allowance for a period not exceeding two (2) years; at the end of the two year period, application may be filed for the renewal of the Allowance; 5. If an application for an AC/R Allowance is rejected as incomplete prior to May 1, 1998, and a complete application is re-filed after May 1, 1998, the AC/R Allowance, if granted, will be prospective only, in the same manner as provided in Number 4 above; 6. No property or process shall be eligible for a Wastewater Allowance if the water supply is not fully metered to the satisfaction of DEP, or if the property has any delinquent water/wastewater charges or real estate taxes.

Hearing: A hearing on the proposed rule will be held on April 28, 1998, at 9:00 A.M., 8th Floor Conference Room, New York City Department of Environmental Protection, 59-17 Junction Boulevard, Corona New York 11368.

Members of the public wishing to obtain a copy of the proposed rule, or wishing to testify on the proposed rule at the above hearing should contact Kevin Kunkle, New York City Department of Environmental Protection 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 395-3601 not later than Friday, April 24, 1998. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board, c/o Mr. Kunkle at the above address at least two (2) days prior to the meeting.

LOFT BOARD

NEW YORK CITY LOFT BOARD

NOTICE OF RESCHEDULING OF PUBLIC MEETING AND PUBLIC HEARING AND OPPORTUNITY TO COMMENT

NOTICE IS HEREBY GIVEN PURSUANT TO ARTICLE 7 OF THE PUBLIC OFFICERS LAW that the regular public meeting of the Loft Board, scheduled for April 30, 1998, has been rescheduled for May 28, 1998, to begin immediately following the public hearing described below. The Board plans to discuss and vote on the proposed amendments to rules relating to reconsideration and appeals from administrative determinations. The Board also plans to discuss and vote on cases. The public is invited to attend and observe the proceedings.

NOTICE IS HEREBY ALSO GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, that the public hearing to be held by the New York City Loft Board on April 30, 1998 — regarding its intent to amend Chapter 1 of Title 29 of the Rules of the City of New York ("RCNY"), relating to reconsiderations and appeals from administrative determinations, by amending sections 1-06(p) and 1-07 and adding a new section 1-07.1, and Chapter 2 of 29 RCNY, section 2-04(e)(5), relating to appeals from determinations concerning housing maintenance standard violations — has been rescheduled for May 28, 1998, at 22 Reade Street, New York, New York, at 1:30 p.m.

Written comments regarding these proposed rules may be sent to the New York City Loft Board, 49-51 Chambers Street, Room 1006, New York, New York 10007 to the attention of Beverley Miller on or before May 13, 1998. Persons seeking to testify at the May 28, 1998, public hearing are requested to notify Ms. Miller at the foregoing address or by telephone at (212) 788-7610. Written comments and an audiotape of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 a.m. to 5:00 at the offices of the Loft Board.

The text proposed to be added to the rules is underlined, and text proposed for deletion is bracketed. These rules were not published in the regulatory agenda because it was not anticipated that they were needed.

§1-06 Applications to the Board.

* * * *

(p) The report and recommendation of the staff or administrative law judge on each application shall be promptly referred to the Loft Board and shall remain confidential pending the Board's determination. A copy of the Board's determination, including an order and any supporting opinion shall be mailed to the applicant and all parties who filed an answer. A determination of the Board [becomes final five days after such mailing] shall constitute a final agency determination for purposes of commencement of the running of the statute of limitations for the filing of an Article 78 C.P.L.R. petition challenging the Board's determination, unless a timely application for reconsideration has been filed (see § 1-07 of these rules).

§1-07 Reconsideration of Determinations. (a) The Loft Board, upon the application of a party aggrieved by a determination of the Board, may, in its sole discretion, reconsider such determination. An application for reconsideration will be granted only under [limited circumstances including but not limited to,] the following extraordinary circumstances: allegations of denial of due process or material fraud in the prior proceedings, an error of law, an erroneous determination based on a ground not argued by the parties at the time of the prior proceeding, and discovery of probative, relevant evidence which could not have been discovered at the time of the hearing despite the exercise of due diligence.

(b) An aggrieved party must file with the Board 12 copies[, plus one for each party who filed an application or answer,] of his or her reconsideration application, along with proof that the reconsideration application has been served on the affected parties to the prior proceeding and the application fee required by section 2-11(b)(15). Service of the application shall be made in accordance with the provisions of section 2-01(d)(1)(i). To be considered timely, a [The] reconsideration application must be received by the Loft Board within 30 days of the date of mailing by the Loft Board of the [final] determination [to the parties] sought to be reconsidered. [If the reconsideration application is served upon the Board by certified mail return receipt requested, the application must be mailed within 30 days of service of the final determination and the date the application is certified, as indicated by the certification stamp on the envelope, will be deemed the filing date for such application.] The application must specify the questions presented for reconsideration and the facts and points of law relied upon as a basis for seeking reconsideration.

(c) [The Board shall promptly serve the other parties who have filed an application or answer in the original proceeding, with copies of the application for reconsideration.] Within [15] 20 days of service of the reconsideration application, any party supporting or opposing the application [may] shall file 12 copies of an answering brief or memorandum with the Board, with proof of service upon the applicant for reconsideration. Such brief [for] or memorandum must contain the facts and argument on which such party is relying. Upon determination of the reconsideration application, the decision of the Board will be [served by mail on] mailed to all parties who filed an application or answer in the [original] reconsideration proceeding.

(d) [Filing of an application for reconsideration shall not toll the statute of limitations for purposes of initiating an Article 78 proceeding.] A Loft Board determination pursuant to section 1-06 of these rules shall be the final agency determination for the purpose of judicial review, unless a timely application for reconsideration of the determination has been filed. In such case, (i) if the Loft Board modifies or revokes the underlying order, such revocation or modification shall be deemed the final agency determination from which judicial review may be sought; (ii) if the Loft Board denies the reconsideration application, the underlying order shall be deemed the final agency determination from which judicial review may be sought, and the date of the denial of the reconsideration application shall be deemed the date of the final agency determination; and (iii) if the Loft Board decides the reconsideration application by remanding the matter to the hearing officer for further proceedings, neither the underlying order nor the remand order shall constitute a final agency determination, and no judicial review may be sought until such time as the Loft Board issues a final agency determination following the remand.

§1-07.1 Appeal from Determination of the Director, or Determination of a Hearing Officer Under Section 2-04. (a) A person aggrieved by a written determination of the Director with respect to any matter that is not required by these rules to be determined by the full Board, or by a determination of a hearing officer with respect to housing maintenance standard violations under section 2-04 of these rules, may appeal from such determination to the full Board. The determination of the Loft Board deciding such appeal shall constitute the final agency determination from which judicial review may be sought. For the purposes of this section, a "person aggrieved by a determination of a hearing officer with respect to housing maintenance standard violations under section 2-04 of these rules" includes the Director of Enforcement of the Loft Board, in his or her capacity as prosecutor of housing maintenance standard violations.

(b) A person aggrieved by a determination as set forth in subdivision (a) of this section must file with the Loft Board 12 copies of an appeal application, along with proof of service of the appeal application upon the affected parties to the prior proceeding and, except where the Director of Enforcement of the Loft Board is the appellant, the application fee required by section 2-11(b)(14). Service of the application shall be made in accordance with the provisions of section 2-01(d)(1)(i). To be considered timely, an appeal application must be received by the Loft Board within 30 days of the date of mailing of the determination sought to be appealed. The application must specify the questions presented for appeal and the facts and points of law relied upon as a basis for seeking appeal.

(c) Within 20 days of service of the appeal application, any party supporting or opposing the application shall file 12 copies of an answering brief or memorandum with the Board, with proof of service, in accordance with the provisions of section 2-01(d)(1)(i) of these rules, upon the applicant. Such brief or memorandum must contain the facts and argument on which such party is relying. Upon determination of the appeal application, the decision of the Loft Board will be mailed to all parties who filed an application or answer in the appeal proceeding.

(d) In determining an appeal from a determination of a hearing officer with respect to housing maintenance standard violations under §2-04 of these rules, the Loft Board shall review the determination with regard to whether the facts found therein are supported by substantial evidence in the record, whether the law was correctly applied, and whether the penalty imposed is appropriate, but shall not consider any evidence not presented to the hearing officer, unless good cause is shown as to why the evidence was not previously available. The Loft Board shall have the power to reverse, remand, or modify any determination appealed from pursuant to this section and may reduce the penalty imposed by a hearing officer for a housing maintenance standard violation.

(e) The provisions of this section shall not apply to written determinations of the Director, or to determinations of hearing officers pursuant to section 2-04, issued prior to the effective date of this rule.

§2-04 Minimum Housing Maintenance Standards.

(e)

* * * *

(5) *Appeals to the Board.* [All decisions and orders of hearing examiners or OATH administrative law judges made pursuant to these regulations shall be the final determination of the Loft Board for the purpose of commencing a CPLR Article 78 proceeding therefrom; provided, however, that the Loft Board shall have jurisdiction to review all final decisions and orders of hearing examiners or OATH administrative law judges pursuant to this section. If a respondent elects to file such a discretionary appeal from any final decision and order of a hearing examiner or OATH administrative law judge, and timely files such an appeal, the order of the Loft Board deciding the appeal shall be the final determination of the Loft Board for the purpose of commencing a CPLR Article 78 proceeding. However, if a respondent files an appeal from a decision and order of a hearing examiner or OATH administrative law judge which is untimely, such an untimely appeal, unless good cause is shown in the application, shall be dismissed administratively within 30 days, without Loft Board action, and the hearing examiner's or OATH administrative law judge's decision and order shall be the final determination of the Loft Board for the purpose of commencing a CPLR Article 78 proceeding therefrom.

Any appeal made pursuant to this section shall be considered timely if, and only if, it is received by the Loft Board within thirty (30) days of the date of mailing of the hearing examiner's or OATH administrative law judge's decision and order. Any appeal shall be filed on a form prescribed by the Loft Board which shall be furnished to the respondent with the decision and order of the hearing examiner or OATH administrative law judge. Any appeal shall include a statement specifying why the decision and order of the hearing examiner or OATH administrative law judge should be reversed, remanded or modified. An appeal shall be made without the appearance of the respondent or its counsel unless requested by the Loft Board.

When an appeal is timely filed, the Loft Board shall review the decision and order of the hearing examiner or OATH administrative law judge with regard to whether the facts found therein are supported by substantial evidence in the record, whether the law was correctly applied, and whether the penalty imposed is excessive, but shall not consider any evidence not presented to the hearing examiner or OATH administrative law judge, unless good cause is shown as to why the evidence was not previously available. The Loft Board shall have the power to reverse, remand, or modify any decision and order appealed from and may reduce the penalty imposed. The Loft Board shall promptly issue a written

decision and order respecting the appeal, a copy of which shall be served forthwith on the respondent by regular mail.

Both the decision and order of the hearing examiner or OATH administrative law judge or the order of the Loft Board on appeal, whichever is applicable, shall be deemed final five days after mailing of the decision and order or order, as the case may be, for the purpose of commencing a CPLR Article 78 proceeding.] An appeal from a determination of a hearing officer issued pursuant to this section 2-04 shall be brought in accordance with the provisions of section 1-07.1 of these rules.

Statement of Basis and Purpose

The amendments to §1-07 provide that if a party files a timely application for reconsideration, the time to commence an Article 78 proceeding in court will be tolled until the Loft Board decides the reconsideration application. As in current practice, parties are not required to file a reconsideration application before seeking judicial review. This amendment is intended to save parties the effort and expense of commencing both a reconsideration application and an Article 78 proceeding, and save the Loft Board staff the effort of having to both defend an Article 78 and review an identical reconsideration application.

In the past, aggrieved parties often filed reconsiderations only to reargue legal issues that had been determined against them in the underlying proceeding. This was, however, never the purpose of the rule. The proposed amendments limit the grounds on which a person aggrieved by a Loft Board determination may seek reconsideration, to extraordinary grounds such as lack of due process or error in the determination which could not have been anticipated at the time of the underlying proceeding. An example of the latter would be a mathematics error made in the calculation of rent in a rent overcharge case.

Section 1-07.1 amends the Loft Board's rules to clarify when a person may obtain the full Loft Board's review (i.e., appeal) of a determination made by the Executive Director, or by a hearing officer in the context of a minimum housing standards violation case. A new provision states that an appeal from an administrative determination must be made within 30 days of the date of mailing of the determination sought to be appealed. In order to seek judicial review of such an administrative determination, the aggrieved party must first exhaust its administrative remedies by obtaining a Loft Board order upholding the administrative determination. The section also provides that the Loft Board's determination, rather than the Director's or hearing officer's determination, constitutes the final agency determination.

BOARD OF STANDARDS AND APPEALS

NOTICE OF PROPOSED CONDITIONAL NEGATIVE DECLARATION

Notice is hereby given that the New York City Board of Standards and Appeals, as lead agency for the City Environmental Quality Review process pursuant to Executive Order No 91, as amended, and 6 N Y C.R.R., Part 617.6(b)(1)(iv) and 6 N Y C.R.R., Part 617 2(b), has determined that the following proposal will not have significant environmental impacts provided that potential impacts are mitigated as indicated below. A 30 day public comment period commences with this notice.

Application for a BSA use variance pursuant to Z.R. Section 72-21 to permit the proposed conversion of an existing vacant 3 story structure to a 2 unit residential building. The project site is located at 520 West 22nd Street, Block 693, Lot 44 in the Borough of Manhattan

Potential impacts of the proposed action will be mitigated as follows:

1. The applicant shall provide a minimum of 35 dBA window/wall attenuation so that, with the windows closed, the interior noise level does not exceed 45 dBA. Attenuation of this magnitude in a masonry-style building requires the utilization of high-quality double glazed windows with good sealing properties guaranteed by a manufacturer. The closed window condition requires that an alternate means of ventilation be provided including, but not limited to, the provision of central air-conditioning, or the provision of air-conditioner sleeves containing air conditioners or HUD-approved fans. The above methods of ventilation must conform with Article 7 of subchapter 12 of the New York City Building Code (Standards of Mechanical Ventilation).

2. The applicant shall implement a DEP approved soil and/or groundwater sampling plan to determine the extent of contamination, if any, on the project site, and shall complete any remedial actions that are determined to be appropriate based on the testing. No sampling can begin until DEP has approved the proposed sampling protocol in writing. No site grading, excavation, building construction or demolition can occur until all DEP approved sampling and any necessary remediation have been completed. In addition, all chemicals presently being stored on-site and any potential asbestos or lead contamination that may be present in the existing building must be removed in accordance with all applicable Federal, State and local regulations.

CITY PLANNING

HEARINGS

An informational symposium, and public hearing on the Proposed 1999 Consolidated Plan will be held on April 28, 1998 beginning at 3:00 PM at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan.
The Consolidated Plan defines the use of federal funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy with the applications for the four HUD formula programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).
For more information contact: Irene Fanos, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New YOrk 10007, (212) 720-3444.

Environmental Requirements
* * *

(c)Sunset provision

The DEP shall adopt rules pursuant to Chapter 45 of the Charter of the City of New York which shall establish:

(1)standards for determining potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not an (E) designation shall be imposed on any tax lot; and

(2)testing and remediation standards and protocols for potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not the environmental requirements relating to such (E) designation(s) have been satisfied so as to warrant the removal of such designation.

The requirements for the adoption of rules set forth in paragraph (c) of this Section, inclusive, shall not be construed to prohibit either the imposition or the removal of an (E) designation, in accordance with law, prior to the adoption of such rules.

In the event that such rules are not adopted by DEP by July 1, *1998* **2001**, the provisions of this Section as they relate to potential hazardous material contamination, except for underground gasoline storage tanks, shall lapse.

DESIGN & CONSTRUCTION

■ HEARINGS

PLEASE TAKE NOTICE, that in accordance with Sections 201-204 (inclusinve) of the New York State Eminent Domain Procedure Law (the "EDPL"), a public hearing will be held by the New York City Department of Design and Construction in connection with the acquisition of a portion of Beach 36th Street, Beach 37th Street, Beach 38th Street, and Beach 39th Street in the Borough of Queens, City of New York, as follows:

Date: April 28, 1998; Time: 10:00 A.M.; Location: New York City Department of Design and Construction, 30-30 Thomson Avenue, Long Island City, New York 11101-3045, Fifth Floor-Training Room.

The purpose of this hearing is to inform the public concerning the proposed acquisition of certain street beds to be identified below for construction of sanitary and storm sewers to alleviate flooding in the area, and to accommodate the construction of the Edgemere Urban Renewal Project, located along Jamaica Bay between Beach 35th Street and Beach 51st Street,, on the Rockaway Peninsula. This acquisition is being conducted to accommodate project HD-153 and HD-Q153, which are urban renewal projects being administered through the New York City Department of Housing Preservation and Development ("HPD"). The objective of these projects is to provide affordable housing for moderate and middle income homeowners. The acquisitions herein are intended to accommodate the first phase of at least four phases required to provide storm and sanitary sewers for the above referenced HPD project.
The street properties to be acquired are:
A portion of: Beach 36th Street, Beach 37th Street, Beach 38th Street
From Beach Channel Drive to Norton Avenue and: Beach 36th Street, Beach 37th Street, Beach 38th Street, Beach 39th Street
From the Southerly Line of Rockaway Beach Boulevard to Beach Channel Drive and Rockaway Beach Boulevard
From a point approximately 17 feet east of Beach 37th Street to Beach 40th Street, in the Borough of Queens, City of New York.
Any person in attendance at the hearing shall be given a reasonable opportunity to present an oral or written statement and to submit other documents concerning the proposed acquisition. Each speaker will be allotted a maximum of ten (10) minutes. In addition, written statements may be submitted to the Office of the General Counsel at the address stated below, provided the comments are received by 5:00 p.m. on April 24, 1998.

SUPREME COURT

■ NOTICE

SUPREME COURT : NEW YORK COUNTY
NOTICE OF PETITION : NEW YORK COUNTY INDEX NUMBER 401601/98

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a one year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located at 613-635 West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, to be held in and for New York County at the County Courthouse, 60 Centre Street, at Room 130, in the Borough of Manhattan, City of New York on the 24th day of April 1998, at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2) directing that upon the filing of said map, a one year leasehold interest in the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire a leasehold interest in certain real property where not heretofore acquired for the same purpose, as a site for Manhattan District 6 Sanitation Garage in the Borough of Manhattan, City and State of New York.

The description of the real property to be acquired is as follows:
Beginning at a point on the northerly line of the said West 29th Street, where the dividing line between tax lots 12 and 24 in tax block 675 intersects the northerly line of said West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street and the westerly line of the said 11th Avenue, measured along the said northerly line of West 29th Street;

1. Running thence, westwardly, and along the said northerly line of West 29th Street, for 47.50 feet to a point;

2. Thence, northwardly, parallel to the said westerly line of 11th Avenue and through the tax lot 12 in tax block 675 for 26.33 feet to a point;

3. Thence, westwardly, parallel to the said northerly line of West 29th Street and through the said tax lot 12 in tax block 675, for 45.50 feet to a point;

4. Thence, northwardly, parallel to the said westerly line of 11th Avenue and through the said tax lot 12 in tax block 675, for 72.42 feet to a point on a southerly line of tax lot 1 in tax block 675;

5. Thence, eastwardly, parallel to the said northerly line of West 29th Street and along the southerly lines of the said tax lot 1 and tax lot 39 in tax block 675, for 93.00 feet to a point on the westerly line of tax lot 24 in tax block 675;

6. Thence, southwardly, parallel to the said westerly line of 11th Avenue and along the said westerly line of tax lot 24 in tax block 675, for 98.75 feet back to the point of beginning.

This parcel consists of part of tax lot 12 in tax block 675, as shown on the"Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 7,986 square feet or 0.1833 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE that, pursuant to EDPL 402(B)(4), any party seeking to oppose this condemnation must interpose a verified answer containing specific denial of each marked allegation of the petition controverted by such party, or containing any new matter which such party believes is a defense to the condemnation. Please take further notice that, pursuant to CPLR 403(b), any such answer must be served upon the Corporation Counsel of the City of New York at least seven (7) days before the date on which this application is noticed to be heard.

Dated: New York, New York March 27, 1998

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,* 18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,
Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,
110 William Street, 2nd Floor,
New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITYWIDE HEALTH PURCHASING ALLIANCE – 81698HA36701 – DUE 4-27-98 – The New York City Department of Health intends to enter into negotiations to contract with the New York Business Group on Health for the establishment of a Citywide Health Purchasing Alliance. The Alliance will be a membership organization for small businesses and organization providing a choice of health insurance benefit packages to their employees. It will contract with multiple health plans to offer several standard benefit packages, providing employees the ability to compare health insurance plans on price and quality and providing employers support in administrative health benefits. In accordance with Section 3-12 of the Procurement Policy Board Rules, the Department of Health intends to award this as a Demonstration Project due to the need to test and evaluate the feasibility and application of an innovative product, approach, or technology which is not currently used by the City. Any organization that believes it can provide these services is invited to so indicate by submitting an expression of interest, as described below. Expressions of interest forms and summary of the contract requirements will be available for pick-up at 125 Worth St., Rm. 627, beginning 4-16-98 through 4-24-98, from 9:00 AM to 5:00 PM. ENVIRONMENTAL PROTECTION

New York City Department of Environmental Protection
Notice of Opportunity to Comment on Proposed Amendments to the Rules of the City of New York Relating to Use of the Public Sewers

Notice of Opportunity to Comment on Proposed Amendments to the Rules of the City of New York relating to Use of the Public Sewers

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Environmental Protection by sections 1043(a) and 1403 (b)(2) of the New York City Charter, and section 24-523(b), (d) and (e) of the Administrative Code of the City of New York that the Department of Environmental Protection is proposing to amend New York City's Sewer Use Regulations in relation to requiring non-residential facilities that may discharge grease to the sewer system to implement Best Management Practices.

These amendments were included in the FY97 Regulatory Agenda.

Written comments regarding these regulations may be sent to Joan Hall, Esq., Department of Environmental Protection, Bureau of Wastewater Pollution Control, 96-05 Horace Harding Expressway on or before May 18, 1998. A public hearing on this proposed rulemaking shall be held on at Monday, May 18, 1998 beginning at 9:30 a.m. and lasting as long as there are speakers to be heard. The hearing will be held in conference room number four on the second floor of 96-05 Horace Harding Expressway, Corona, NY. Persons seeking to testify are requested to notify Ms. Hall at the foregoing address.

Written comments and summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt of a written request for inspection.

New material is underscored; deleted material is in [brackets]

Paragraph 6 of Subdivision (a) of Section 19-03 of Title 15 RCNY is amended as follows:

Petroleum hydrocarbons, as defined in § 19-01, in concentrations greater than 50 mg/L for any given time [as determined by sampling the surface of the discharged wastewater or the sewage in the public sewer. However, animal fats and vegetable oils may be discharged to public sewers, provided that they do not adhere to sewer structures or appurtenances, or cause interference with sewage treatment processes. If there is evidence of such interference or adherence to sewer structures or appurtenances so as to cause blockage in the sewerage system, then, upon order of the Commissioner, the wastewater containing such materials must be effectively treated to remove such animal fats and vegetable oils by a process or device, such as a grease or oil interceptor, before discharge to public sewer].

Subdivision (c) of Section 19-05 of Title 15 RCNY is amended as follows:

No person shall cause or allow a new connection to a public sewer of premises, in which one or more establishments that will discharge industrial wastes or other wastes, as defined in this chapter, are to be located, without a written permit from the Commissioner, pursuant to §24-509 of the Administrative Code. No such permit shall issue unless the Commissioner shall have determined that the characteristics of such discharges will comply with the provisions of §§19-03 or 19-04 herein and approves such connection. If pretreatment is [facilities are] required in order that the discharge to the public sewer comply with §§19-03 or 19-04 herein, review and/or approval by the Commissioner of plans for such pretreatment [facilities] shall be limited by him or her to the determination of whether such plans conform in principle to the accepted practices in the field of wastewater [waste] treatment. No such permit or approval shall be deemed to waive, nor shall any such permit or approval be held to limit the power of the Commissioner to enforce any requirements of these or any other regulations or of the Administrative Code or of any other law. The Department, by such permit or approval, shall not incur any liabilities or obligations for the failure of the effluent from such pretreatment [facilities] to comply with this chapter or any other regulations, the Administrative Code or any other law.

Section 19-05 of Title 15 RCNY is amended to include a new subdivision to read as follows:

(f) For a non-residential direct or indirect discharger of animal fats and /or vegetable oils that either (a) requires a new sewer-connection permit and/or approval, or (b) requires a filing at the New York City Department of Buildings for an alteration and/or repair or the like, of an operation listed in Section 19-11(a) of these rules, or (c) requires the installation of a grease interceptor pursuant to any section of these rules or any other regulations or law, the Commissioner shall allow a New York State Professional Engineer or a New York State Registered Architect to submit to the Department an application that includes, at a minimum, plans containing grease interceptor sizing calculations and a statement certifying that the sizing and design of any required grease interceptor complies with Section 19-11 of these rules. A sworn Affidavit of Completion shall be submitted to the Department by a New York City Licensed Master Plumber in accordance with all applicable requirements. The sworn affidavit must affirm that the grease interceptor was installed and is operating in accordance with the self-certification application. The owner and/or operator of the establishment where the grease interceptor is installed shall remain liable for the proper installation, operation and maintenance of the interceptor, and shall be subject to the applicable fines, penalties and other sanctions provided in § 24-524 of the Administrative Code of the City of New York if the interceptor is not installed, operated and maintained in conformance with applicable provisions of the Administrative Code and rules of the Department. No such self-certification shall be deemed to waive, nor shall any such self-certification be held to limit the power of the Commissioner to enforce any requirements of these or any other regulations, or of the Administrative Code or of any other law. The Department shall not incur any liabilities or obligations for the failure of the effluent from such self-certified premises to comply with this chapter or any other regulations, the Administrative Code or any other law.

Chapter 19 of Title 15 RCNY is amended to include a new section to read as follows:

§19-11: Best Management Practices (BMPs) for Non-Residential Direct and Indirect Dischargers of Grease to the Public Sewer System

(a) Grease interceptors shall be installed in waste lines which may receive grease from non-residential direct and indirect dischargers, including but not limited to those leading from pot wash sinks, woks, soup or stock kettles, food scrap sinks, scullery sinks, meat and /or poultry and/or fish preparation sinks, floor drains, automatic dishwashers, scraper sinks, or other similar plumbing fixtures, in all restaurants, kitchens, cafeterias, clubs, butcher shops, slaughterhouses, fish markets, supermarket food processing areas, delicatessens, or other non-residential establishments where grease may be introduced into the drainage system. Sizing of grease interceptors shall comply with the criteria specified in this section, including applicable Tables I and/or II.

(b) All prefabricated grease interceptors shall be approved by the New York City Board of Standards & Appeals, prior to July 10, 1991 or thereafter by the New York City Department of Buildings Material & Equipment Acceptance Division.

(c) The method for determining the minimum size/capacity of a grease interceptor is provided in Tables I and II below.

Table I

Aggregate volume in cubic inches of all fixtures listed in this table.	Minimum grease interceptor retaining capacity for: pot sinks, food prep. sinks, scullery sinks, and floor drains which are used for washdown purposes only. *
up to 2,462	8 (lb)
2,463 to 4,312	14 (lb)
4,313 to 6,160	20 (lb)
6,161 to 9,248	30 (lb)
9,249 to 12,320	40 (lb)
12,321 to 15,400	50 (lb)
15,401 to 21,560	70 (lb)
21,561 to 30,800	100 (lb)
30,801 to 46,200	150 (lb)
46,201 to 61,600	200 (lb)
61,601 to 92,400	300 (lb)
92,401 to 123,000	400 (lb)

Table II

Aggregate volume in cubic inches of all fixtures, vessels and receptacles listed in this table.	Minimum grease interceptor retaining capacity for: scraper sinks, woks, automatic dishwashers, and any fixture receiving discharge from soup and stock kettles. *
up to 1,231	8(lb)
1,232 to 1,656	14 (lb)
1,657 to 3,080	20 (lb)
3,081 to 4,620	30 (lb)
4,621 to 6,160	40 (lb)
6,161 to 7,700	50 (lb)
7,701 to 10,780	70 (lb)
10,781 to 15,400	100 (lb)
15,401 to 23,100	150 (lb)
23,101 to 30,800	200 (lb)
30,801 to 46,200	300 (lb)
46,201 to 61,600	400 (lb)

Note: Aggregate volume is the maximum volume (e.g. length times width times height to the overflow if rectangular) in cubic inches of all fixtures, vessels and receptacles that may flow simultaneously through the interceptor.

* Subject to the sizing requirements specified in sections 19-11 (i) through (p).

If a premises contains fixtures listed in Table I and fixtures, vessels and/or receptacles listed in Table II, all of which are tributary to the same grease interceptor, then the method for determining the minimum grease interceptor retaining capacity, in pounds, shall be to separately calculate the retaining capacities for the fixtures in Table I, and the fixtures, vessels and/or receptacles in Table II. These retaining capacities shall then be added together to obtain the total minimum grease interceptor retaining capacity required for such premises.

If the aggregate volumes listed in Tables I and II are exceeded then a New York State Licensed Professional Engineer or a New York State Registered Architect shall extrapolate the appropriate grease interceptor sizing requirements.

(d) Vented flow control fittings shall be installed to insure that the flow capacity of the grease interceptor, as specified by the manufacturer, is not exceeded. Flow-control valves and/or fittings that are manually adjustable may not be used to limit flow to an interceptor.

(e) Grease interceptors must have a retention capacity, in pounds, of at least twice the numerical flow through rating in gallons per minute.

(f) Grease interceptors shall remove an average of 90 percent or more of the grease or other extractable matter in the wastewater.

(g) The temperature of water entering a grease interceptor shall not exceed 180°F.

(h) All grease interceptors must be readily accessible for inspection by duly authorized employees of the Department.

(i) Grease interceptors for scraper sinks shall be sized in accordance with Table II, except that the minimum retaining capacity shall be at least 30 pounds. When determining the aggregate volume of all fixtures, vessels and receptacles specified in Table II that may flow simultaneously through an interceptor, a minimum of 3,465 cubic inches, per scraper sink, shall be used.

(j) Discharges from automatic dishwashers must be tributary to a grease interceptor. Whether connected separately or in conjunction with other fixtures, the total volume, in gallons, of each automatic dishwasher shall be converted to cubic inches and added to the aggregate volume of Table II.

(k) Discharges from high-temperature sanitizer cycles of automatic dishwashers or from dedicated sanitization compartments of sinks need not be tributary to a grease interceptor.

(l) Floor drains which may receive grease must be tributary to a grease interceptor. The size of such grease interceptor shall be determined as follows:

(1) For floor drains where grease may be discharged during washdowns, Table I shall be used and an additional 1,540 cubic inches, per floor drain, shall be added to the aggregate volume.

(2) Grease interceptors for floor drains, which receive discharges directly from fixtures, receptacles and/or vessels, shall be sized in accordance with the grease interceptor sizing requirements for the fixtures, vessels and/or receptacles tributary to it.

(3) For floor drains having a diameter larger than 3 inches or for trench and/or trough drains, a New York State Licenced Professional Engineer or a New York State Registered Architect shall extrapolate the appropriate sizing requirements of the tributary grease interceptor based on (1) and/or (2) above.

(m) For soup and/or stock kettles, the calculation of aggregate volume to be used in Table II shall be made based upon the total volume of all soup and/or stock kettles tributary to the grease interceptor, even if discharges from these vessels are made to a floor drain or similar fixture.

(n) Where woks, either alone or in conjunction with other types of fixtures are tributary to a grease interceptor, each wok shall be deemed to contribute 1,617 cubic inches to the aggregate volume of Table II.

(o) Discharges from the cleaning of kitchen hoods, which may extract grease from cooking operations, must be made to receptacles or floor drains that are tributary to a grease interceptor. The sizing of the tributary grease interceptor must account for such discharges using standard engineering practice. For kitchen hoods with automatic rinse cycles, the tributary grease interceptor must be sized to account for the peak flow from the automatic rinse cycle as specified by the manufacturer.

(p) Interceptors smaller than those described in Tables I and II may be used, but only if connected in parallel to another interceptor(s), and the aggregate capacity of such interceptors must either equal or exceed the interceptor capacity required by Tables I and/or II. For parallel connections, vented flow control fixtures must be installed on each interceptor.

(q) Grease interceptors shall be properly installed, maintained and operated, to insure that the requirements of this section and other applicable sections of the regulations are met. This shall include routine cleaning and grease removal from the interceptor, as needed to insure the proper operation of the interceptors.

(r) New York State Licensed Professional Engineers and New York State Registered Architects may petition the Commissioner, in writing, for acceptance of an alternate pretreatment device, technology, equipment, or procedures varying from, but equivalent to, those listed in this section. Such a petition must contain detailed documentation and calculations substantiating their equivalency. In no event shall any alternative pretreatment device, technology, equipment or procedures be less stringent than the requirements of this Section.

(s) Notwithstanding any other provision of this section, (1) existing grease interceptors shall conform to the specific requirements of this section no later than one year after the effective date of this section and (2) grease interceptors installed after the effective date of this section pursuant to an application filed before such effective date shall conform to the specific requirements of this section no later than 90 days after such effective date.

(t) Notwithstanding anything contained in section 19-11 the Commissioner, in his discretion, may require any grease interceptor to be installed, at any time, and to have a retention capacity equal to those listed in Tables I and/or II.

STATEMENT OF BASIS AND PURPOSE

The proposed amendments were initiated by DEP as part of Mayor Giuliani's plan to relieve the restaurant industry of unnecessary or inefficient regulation. The proposed amendments to DEP's Sewer Use Regulations would allow new restaurants and other new non-residential grease generating establishments to connect with the City sewer system without having to undergo a lengthy departmental review concerning the proper design, sizing and placement of any required grease interceptor, based upon the certification of a Professional Engineer or a Registered Architect, that the sizing, design and placement of grease interceptor conforms to these requirements. These changes do not eliminate the requirement for a new connection permit. They do, however, speed the process for obtaining approvals and permits for these relatively easy to design, size and install pretreatment devices.

THE CITY OF NEW YORK
DEPARTMENT OF FINANCE

NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1045 of the New York City Charter and section 11-687(1) of the Administrative Code of the City of New York, I hereby promulgate the within amendments to the Rules Relating to the New York City General Corporation Tax which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by chapter 6 of title 11 of the Administrative Code of the City of New York.

Alfred C. Cerullo, III
Commissioner of Finance

Dated: March 31, 1998

Section 1. Subdivision (c) of section 11-14 of Title 19 of the Compilation of the Rules of the City of New York Relating to the General Corporation Tax, promulgated August 23, 1972 is amended to delete the last sentence thereof as follows:

(c) A corporation which is a member of a group taxed on the basis of a combined report, and which ceases to be subject to tax under Subchapter 2 of Chapter 6 of Title 11 may, in the discretion of the Commissioner of Finance be permitted to be included in the next combined report of the group, instead of paying a separate tax covering the period up to the date of such cessation. [Application for permission to report in such manner should be mailed or delivered to the City of New York, Department of Finance, Department of Tax collection, 139 Centre St., New York, N.Y. 10013.]

§2. Subdivision (c) of section 11-88 of such rules promulgated August 23, 1972 and last amended May 8, 1993 is amended to read as follows:

(c) Notwithstanding subdivisions (a) and (b) of this section, a corporation need not file a separate report within 15 days of the date it ceases to be subject to tax under Subchapter 2 of Chapter 6 of Title 11 if:

(1) it is a member of a group taxed on the basis of a combined report for the period including the date of such cessation; and

(2) it [secures the permission of the Commissioner of Finance to be] is properly included in such combined report (see: §11-14(c), *supra*.)

§3. Subdivision (g) of section 11-91 of such rules promulgated August 23, 1972 and last amended December 14, 1983 is amended to read as follows:

(g) *Permission for filing combined reports.* (Sec. 11-605(4), Administrative Code.) (1) A [taxpayer must make a written request for permission to file a combined report. The request must be sent to: Department of Finance, 151 West Broadway, New York, N.Y. 10013. The request must be received by the Commissioner of Finance not later than 30 days after the close of its taxable year. A report filed on a combined basis does not constitute a request for permission to file a combined report. A request to file a combined report] group of corporations meeting the requirements set forth in §§ 11-91(e) and 11-91(f) does not need to request prior permission to file on a combined basis. To file on a combined basis, the group must file a completed combined report. The first year the group files on a combined basis, and each year thereafter in which the composition of the group changes, the group must include the following information, either on the report or attached thereto:

(i) the exact name, address, employer identification number and the state of incorporation of each corporation [to be]

included in the combined report,

(ii) information showing that each of the corporations meets the requirements of §§ 11-91(e) and 11-91(f) for the [current] taxable year,

(iii) the exact name, address, employer identification number and the state of incorporation of all corporations (except alien corporations) which meet the capital stock requirement of § 11-91(e)(1) for the [current] taxable year, which are not [to be] included in the combined report,

(iv) [for at least the first nine months of the current year submit the following information] for the taxable year:

(A) the nature of the business conducted by each corporation included in subparagraphs (i) and (iii) of this paragraph,

(B) the source and amount of gross receipts of each corporation and the portion derived from transactions with each of the other corporations for the taxable year,

(C) the source and amount of total purchases, services and other transactions of each corporation and the portion related to transactions with each of the other corporations for the taxable year, and

(D) any other data that shows the degree of involvement of the corporations with each other,

(v) a statement providing details as to why a combined report [which would include] including only the corporations listed in subparagraph (i) of this paragraph [will] equitably [reflect] reflects the New York City activities of the corporations which meet the capital stock requirement of §11-91(e)(1) and why the corporations [in] listed in subparagraph (iii) of this paragraph should be excluded, and

(vi) a statement indicating whether each corporation listed in subparagraphs (i) or (iii) of this paragraph [is permitted or required to file] files on a combined basis for purposes of Article 9-A of the New York State Tax Law for the same taxable year and indicating the first taxable year each such corporation [was permitted or required to file] filed on a combined basis for State purposes. A copy of the [original] State letter [granting permission] authorizing that corporation to file on a combined basis, if one was received, and any subsequent document authorizing the continued filing on a combined basis, must be submitted with this statement. In addition, if any corporation was required to file on a combined basis for purposes of Article 9-A of the State Tax Law, documentation evidencing that such combined filing has been required must also be submitted.

(2) [A written request for permission to include or exclude a corporation from an existing combined report must be received by the Commissioner of Finance not later than 30 days after the close of the taxable year of the corporations filing the combined report. The information required by subparagraphs (ii), (iv), (v) and (vi) of paragraph (1) of this subdivision must be submitted with the request.

(3) The Commissioner of Finance's approval to file] The filing of a combined report or [to include or exclude a] the inclusion of a corporation in, or the exclusion of a corporation from, a combined report is [tentative pending receipt of the final report and] subject to revision or [revocation] disallowance on audit in which event [. If a combined report is submitted without the Commissioner of Finance's permission, or if a corporation is included in a combined report without permission,] the Commissioner of Finance may compute and assess the tax of each taxpayer not permitted to be included in a combined report [filing without permission] on a separate basis.

[(4) Any corporation permitted or required to file on a combined basis for the taxable year next preceding its taxable year beginning in 1983 must request permission to continue or discontinue filing on a combined basis for the taxable year beginning in 1983. The request must be received by the Commissioner of Finance not later than 30 days after the close of its taxable year. Such request must include the information required under paragraph (1) of this subdivision (g).

(5)] (3) If a corporation [has been required or permitted to report] properly reports on a combined basis [for any taxable year beginning after December 31, 1982], it must continue to file its reports on a combined basis until the facts relevant to the requirements of §§ 11-91(e) and 11-91(f) materially change. [If the facts materially change from the time when the corporation was required or permitted to file on a combined basis, such corporation must notify the Commissioner of Finance of such change not later than 30 days after the close of its taxable year. The Commissioner of Finance will then notify such corporation whether it will be required or permitted to be included in the combined report.

(6)] (4) If [a taxpayer has been notified that, beginning with any taxable year ending on or after December 31, 1983, it will be required or permitted to report or discontinue reporting on a combined basis] the New York State Department of Taxation and Finance disallows the filing of a combined report or the inclusion of a corporation in, or the exclusion of a corporation from, a combined report, for purposes of Article 9-A of the New York State Tax Law, [it] the taxpayer must report such fact to the Commissioner of Finance within 30 days following such [notification] disallowance.

§4. These amendments are effective for taxable years ending on or after December 31, 1997.

BASIS AND PURPOSE OF AMENDMENTS

These amendments affect the portion of the Rules Relating to the New York City General Corporation Tax governing the permission process for filing combined returns. Under the amendments, corporations will no longer be required to request permission to file combined returns within 30 days after the end of the taxable year. Corporations meeting the requirements for combined filing may file a combined return without advance permission, however, the filing of the combined return is subject to modification or disallowance on audit.

DEPARTMENT OF FINANCE

NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter and section 11-687(1) of the Administrative Code of the City of New York, I hereby promulgate the within amendments to the Rules Relating to the New York City Tax on Banking Corporations which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by chapter 6 of title 11 of the Administrative Code of the City of New York.

Alfred C. Cerullo, III
Commissioner of Finance

Dated: March 31, 1998

Section 1. Subparagraph (iii)(A) of paragraph (2) of subdivision (b) of section 3-05 of Title 19 of the Compilation of the Rules of the City of New York Relating to the Banking Corporation Tax, promulgated November 27, 1985 and last amended September 19, 1990 is amended to read as follows:

(iii) (A) A banking corporation or bank holding company described in subparagraph (i)(A) of this paragraph of this section [which is seeking to] that meet the applicable requirements may be excluded from a combined return [must make a written request] in accordance with paragraph (b)(5) of this section.

§2. Subparagraph (iii) of paragraph (3) of subdivision (b) of section 3-05 of such rules is amended to read as follows:

(iii) Except for corporations described in §3-05(b)(2)(i)(A) any banking corporation or bank holding company described in subparagraph (i) of this paragraph and those described in §3-05(b)(6)(i) [must make a written request for permission to] that meets the applicable requirements may file a combined return with one or more corporations or bank holding companies or [to] be added to or excluded from a combined return in accordance with §3-05(b)(5).

§3. Paragraph (5) of subdivision (b) of section 3-05 of such rules is amended to read as follows:

(5) *Procedure for adding to, excluding from or filing a combined return.*

(i) (A) A banking corporation or bank holding company described in §3-05(b)(2)(i) [which is seeking] that meets the requirements for exclusion set forth in §3-05(b)(2)(ii) does not need to request prior permission to be excluded from a combined return [must submit a written request to that effect not later than 30 days after the close of the taxable year unless the request is based on adjustments made by the Internal Revenue Service for the taxable year which affect the requirements set forth in §3-05(b)(2)(ii), in which case the written request must be submitted within the time described in subparagraph (ii) of this paragraph. A return filed on a separate basis does not constitute a request to be excluded from a combined return]. To be excluded from a combined return, such entity must file a completed separate return. The first year such entity is excluded from the combined return, such entity must include the information required by subparagraph (iii) of this paragraph (5) either on the return or attached thereto.

(B) A banking corporation or bank holding company described in §3-05(b)(3)(i) [and one described in] or §3-05(b)(6)(i), [which is requesting] that meets the applicable requirements set forth in §3-05(b)(3) does not need to request prior permission to file on a combined [return] basis with one or more banking corporations or bank holding companies or to be added to or excluded from a combined return [must submit a written request to that effect not later than 30 days after the close of the taxable year unless the request is based on adjustments made by the Internal Revenue Service for the taxable year which affect the requirements set forth in §3-05(b)(3)(ii)(B), in which case the written request must be submitted within the time described in subparagraph (ii) of this paragraph. A return filed on a combined basis does not constitute a request for permission to file a combined return or to be added to a combined return. A return filed on a separate basis does not constitute a request to be excluded from a combined return]. To file on a combined basis, such entity must be included in a completed combined return. The first year such entity files on a combined basis, and each year thereafter in which the composition of the group changes, the information required by subparagraph (iii) of this paragraph (5) must be submitted, either on the return or attached thereto.

(ii) RESERVED [In the case of a written request based on the adjustments described in subparagraph (i) of this paragraph made by the Internal Revenue Service for the taxable year, the written request must be submitted within the time the tax may be assessed pursuant to §11-674 of the Administrative Code, but before the additional period of limitation set forth in subparagraph (3) of paragraph (a) of subsection (3) of such section or paragraph (c) or (d) of such subsection (3)].

(iii) [A request described in subparagraph (i) of this paragraph must be addressed as follows:

The City of New York
Department of Finance
Combined Return Unit (Banks)
345 Adams Street
7th Floor
Brooklyn, NY 11201

The request must include] The first year the group files on a combined basis, and each year thereafter in which the composition of the group changes, the Commissioner requires the following information either on the combined return or attached thereto:

(A) the corporate organization chart [of the requesting corporation] setting forth the name of each banking corporation and bank holding company meeting the stock ownership requirements of §3-05(b)(3)(i) and the percentage of voting stock of each such corporation owned or controlled, directly or indirectly, by [the requesting corporation] any other such corporation and the name of each corporation or other person in the case of a corporation described in §3-05(b)(3)(i)(B), which owns or controls, directly or indirectly, the voting stock of [the requesting corporation] each such corporation and the percentage of such stock so owned;

(B) for all of the bank holding companies, banking corporations and other corporations meeting the stock ownership requirements of §3-05(b)(3)(i) [which own or control, directly or indirectly, 65 percent or more of the voting stock of the requesting corporation or whose voting stock is 65 percent or more owned or controlled, directly or indirectly, by the requesting corporation or by the same interest as the requesting corporation]:

(a) the exact name,

(b) address (including zip code),

(c) employer identification number,

(d) date of incorporation,

(e) state or country of incorporation,

(f) the date began business in New York City, if applicable, and

(g) in the case of a corporation described in §3-01(b)(5)(x) of these regulations, a description of the activities in which the corporation is principally engaged (as defined in such §3-01(b)(5)(x)) and the section of the law or regulations which establish that such activities are permissible activities within the contemplation of §3-01(b)(5)(x)(A)(a);

(C) a statement providing details as to why [only] the inclusion of those corporations [which are required to be] included in a combined return[, those corporations requesting permission to be included in a combined return], and the exclusion of those corporations [requesting permission to be] excluded from a combined return [will] properly reflect the tax liability of the group of corporations and of each corporation to be included in the group and of each corporation to be excluded from the group; and

(D) for [at least the first nine months of] the taxable year covered [in the request] by the combined return, using spread sheets if necessary, information that will clearly identify on a corporation-by-corporation basis, the nature and amount of each category of intercorporate transaction between each one of the corporations described in subparagraph (iii)(B) of this paragraph with each of the other corporations which reflects:

(a) the source and amount of gross receipts of each corporation described in subparagraph (iii)(B) of this paragraph and the portion derived from transactions with each of the other corporations,

(b) the source and amount of total services and other transactions of each corporation described in subparagraph (iii)(B) of this paragraph, and the portion related to transactions with each of the other corporations, and

(c) any other data that shows the degree of involvement of the corporations with each other.

(E) If the New York State Department of Taxation and Finance disallows the filing of a combined report or the inclusion of a corporation in, or the exclusion of a corporation from, a combined report, for purposes of Article 9-A of the New York State Tax Law, the taxpayer must report such fact to the Commissioner of Finance within 30 days following such disallowance.

(iv) The [Commissioner of Finance's approval to file] filing of a combined return, [or to include] the inclusion of a corporation in or [exclude] the exclusion of a corporation from a combined return [following a request described in subparagraph (i) of this paragraph, is tentative pending receipt of the final return, and] is subject to revision or [revocation] disallowance on audit. [If a combined return described in §3-05(b)(3) is submitted without the Commissioner of Finance's permission or if a corporation is included in a combined return without permission] In such event, the Commissioner of Finance may compute and assess the tax of each corporation not permitted to be included in a combined report [filing without permission] on a separate basis and[. If a corporation required pursuant to §3-05(b)(2) or permitted pursuant to §3-05(b)(3) to be included in a combined return is excluded therefrom without permission,] the Commissioner of Finance may recompute and assess the tax on the combined return by including therein [such] any improperly excluded corporation.

(v) A corporation [which is required or permitted to report] that properly reports on a combined basis must continue to file its returns on a combined basis until the facts affecting its combined reporting status materially change. A corporation [which is required or permitted to be] properly excluded from a combined return must continue to file its return on a separate basis until the facts materially change. For example, if a corporation which was 65 percent or more but less than 80 percent owned or controlled becomes 80 percent or more owned or controlled, or if a corporation which was 80 percent or more owned or controlled, becomes less than 80 percent owned or controlled, a material change has taken place. [If the facts materially change from the time when the corporation was required or permitted to file on a combined basis or was required or permitted to file on a separate basis, such corporation must notify the Commissioner of Finance of such change not later than 30 days after the close of its taxable year. The Commissioner of Finance will then notify such corporation whether it will be required or permitted to be included in the combined return or whether it will be required or permitted to file on a separate basis.]

(vi) Once a group of corporations [is permitted or required to file] properly files a combined return, it must notify the Commissioner of Finance of the subsequent acquisition of any corporation for which information is requested pursuant to subparagraph (iii)(B) of this paragraph. Such notification must be given [to the Commissioner of Finance in writing not later than 30 days after the close of] on the combined return for the taxable year in which such acquisition was made. The notification must contain all the information described in subparagraph (iii) of this paragraph.

§4. Paragraph (3) of subdivision (d) of section 3-05 of such rules is amended to read as follows:

(i) A taxpayer which ceases to do business in New York City in a corporate or organized capacity and thereby ceases to be subject to the banking corporation tax or any taxpayer which ceases to be subject to the banking corporation tax because of a change in the nature of its activities or because of a change in the ownership or control of its voting stock (See: §3-02(c) of these regulations - Cessation Periods), is required to file a return on or before the 15th day following the date of such cessation, date of such change or at such other time[s] as the Commissioner of Finance may require, covering [each year or] the period [for which no return was filed] from the close of its last calendar or fiscal year up to and including the date of such cessation or such change.

(ii) Notwithstanding subparagraph (i) of this paragraph (3), a [A] corporation [which is taxed on the basis of a combined return and which during the taxable year] need not file a separate report within 15 days of the date it ceases to be subject to the banking corporation tax (See: §3-02(c) of these regulations - Cessation Periods) [may in the discretion of the Commissioner of Finance be permitted to be included in the combined return for such taxable year. Such corporation shall file a separate return and pay a tax of not less than $125 at the time of such cessation.] if:

(a) it is a member of a group taxed on the basis of a combined report for the period including the date of such cessation; and

(b) it is properly included in such combined report.

§5. Subparagraphs (i) and (ii) of paragraph (4) of subdivision (d) of section 3-05 of such rules are amended to read as follows:

(4) *Extension of time for filing returns.* (Administrative Code, §11-646(c).)

(i) An automatic six month extension for filing an annual return will be granted if the application for automatic extension (form NYC-6[F]B) is filed and a properly estimated tax is paid on or before the due date of the return for the taxable period for which the extension is requested. (See: §3-06(a)(3) of these regulations -- Properly estimated tax.) Failure to meet the requirements of this subparagraph (i) will make the application invalid and any return filed after the due date will be treated as a late filed return.

(ii) An automatic six month extension for filing a combined return will be granted to a group of corporations authorized to file a combined return if the application for automatic extension (form NYC-6[F]B) is filed and a properly estimated tax is paid on or before the due date of the return for the taxable period for which the extension is requested. (See: §3-06(a)(3) of these regulations -- Properly estimated tax.) Failure to meet the requirements of this subparagraph (ii) will make the application invalid and any return filed after the due date will be treated as a late filed return. To obtain an automatic extension, an application must be filed by the corporation paying the tax for the combined group. The applicant must submit the following information:

(A) its complete name;

(B) its employer identification number;

(C) a list showing the name, employer identification number and taxable period of each of the other corporations properly included as part of the combined group; and

(D) a list showing the estimated tax for each corporation included in the combined group. The corporation paying the tax for the combined group must pay with the application the properly estimated combined tax plus $125, as provided in §3-03(g)(2) of these regulations, for each of the taxpayers included in the combined group.

§6. Paragraph (4) of subdivision (d) of section 3-05 of such rules is amended to add a new subparagraph (v) to read as follows:

(v) Notwithstanding paragraph (3) of this subdivision, a corporation that ceases to be subject to the banking corporation tax shall receive an automatic six-month extension of time for filing an annual tax report (form NYC-1) only on the condition that form NYC-6FB (Application for Automatic Extension to File Final Return) is filed and a properly estimated tax is paid on or before the due date of the return for the taxable period for which the extension is requested.

§7. These amendments are effective for taxable years ending on or after December 31, 1997.

BASIS AND PURPOSE OF AMENDMENTS

These amendments affect the portion of the Rules Relating to the New York City Tax on Banking Corporations governing the permission process for filing combined returns. Under the amendments, corporations will no longer be required to request permission to file combined returns within 30 days after the end of the taxable year. Corporations meeting the requirements for combined filing may file a combined return without advance permission, however, the filing of the combined return is subject to modification or disallowance on audit.

WATER BOARD

HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j(3) of the Public Authorities Law, a public hearing will be held on the date and at the place specified below, concerning the adoption by the New York City Water Board (the "Board") of proposed revisions to the procedures under Part III, Section 4 of the Water Board's Water and Wastewater Rate Schedule, governing applications for, and the granting of, wastewater allowances, including allowances in respect to air conditioning and/or refrigeration systems ("AC/R Allowances").

Summary of Proposed Revisions: The proposed rule, which if adopted would take effect on May 1, 1998, provides for the following: 1. Wastewater Allowances, including AC/R Allowances, will only be granted to eligible applicants upon filing a complete, written application with the Department of Environmental Protection ("DEP"), on such forms as the Commissioner of DEP shall prescribe; 2. Such applications may be rejected if required information or documentation is missing; 3. For complete applications filed before May 1, 1998, AC/R Allowances, if granted, will be retroactive up to a maximum of six (6) years from the date DEP, having received a complete application, determines that the applicant is eligible; all other Wastewater Allowances will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible; 4. For complete applications filed after May 1, 1998, Wastewater Allowances, including AC/R Allowances, if granted, will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible for the Allowance for a period not exceeding two (2) years; at the end of the two year period, application may be filed for the renewal of the Allowance; 5. If an application for an AC/R Allowance is rejected as incomplete prior to May 1, 1998, and a complete application is re-filed after May 1, 1998, the AC/R Allowance, if granted, will be prospective only, in the same manner as provided in Number 4 above; 6. No property or process shall be eligible for a Wastewater Allowance if the water supply is not fully metered to the satisfaction of DEP, or if the property has any delinquent water/wastewater charges or real estate taxes.

Hearing: A hearing on the proposed rule will be held on April 28, 1998, at 9:00 A.M., 8th Floor Conference Room, New York City Department of Environmental Protection, 59-17 Junction Boulevard, Corona New York 11368.

Members of the public wishing to obtain a copy of the proposed rule, or wishing to testify on the proposed rule at the above hearing should contact Kevin Kunkle, New York City Department of Environmental Protection 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 395-3601 not later than Friday, April 24, 1998. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board, c/o Mr. Kunkle at the above address at least two (2) days prior to the meeting.

CITY PLANNING

HEARINGS

An informational symposium, and public hearing on the Proposed 1999 Consolidated Plan will be held on April 28, 1998 beginning at 3:00 PM at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan.
The Consolidated Plan defines the use of federal funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy with the applications for the four HUD formula programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).
For more information contact: Irene Fanos, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New YOrk 10007, (212) 720-3444.

Environmental Requirements
* * *

(c)Sunset provision

The DEP shall adopt rules pursuant to Chapter 45 of the Charter of the City of New York which shall establish:

(1)standards for determining potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not an (E) designation shall be imposed on any tax lot; and

(2)testing and remediation standards and protocols for potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not the environmental requirements relating to such (E) designation(s) have been satisfied so as to warrant the removal of such designation.

The requirements for the adoption of rules set forth in paragraph (c) of this Section, inclusive, shall not be construed to prohibit either the imposition or the removal of an (E) designation, in accordance with law, prior to the adoption of such rules.

In the event that such rules are not adopted by DEP by July 1, *1998* **2001**, the provisions of this Section as they relate to potential hazardous material contamination, except for underground gasoline storage tanks, shall lapse.

SUPREME COURT

■ **NOTICE**

SUPREME COURT : NEW YORK COUNTY
NOTICE OF PETITION : NEW YORK COUNTY INDEX NUMBER 401601/98

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a one year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located at 613-635 West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, to be held in and for New York County at the County Courthouse, 60 Centre Street, at Room 130, in the Borough of Manhattan, City of New York on the 24th day of April 1998, at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2) directing that upon the filing of said map, a one year leasehold interest in the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire a leasehold interest in certain real property where not heretofore acquired for the same purpose, as a site for Manhattan District 6 Sanitation Garage in the Borough of Manhattan, City and State of New York.

The description of the real property to be acquired is as follows:
Beginning at a point on the northerly line of the said West 29th Street, where the dividing line between tax lots 12 and 24 in tax block 675 intersects the northerly line of said West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street and the westerly line of the said 11th Avenue, measured along the said northerly line of West 29th Street;

1. Running thence, westwardly, and along the said northerly line of West 29th Street, for 47.50 feet to a point;

2. Thence, northwardly, parallel to the said westerly line of 11th Avenue and through the tax lot 12 in tax block 675 for 26.33 feet to a point;

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITYWIDE HEALTH PURCHASING ALLIANCE – 81698HA36701 – DUE 4-27-98 – The New York City Department of Health intends to enter into negotiations to contract with the New York Business Group on Health for the establishment of a Citywide Health Purchasing Alliance. The Alliance will be a membership organization for small businesses and organization providing a choice of health insurance benefit packages to their employees. It will contract with multiple health plans to offer several standard benefit packages, providing employees the ability to compare health insurance plans on price and quality and providing employers support in administrative health benefits. In accordance with Section 3-12 of the Procurement Policy Board Rules, the Department of Health intends to award this as a Demonstration Project due to the need to test and evaluate the feasibility and application of an innovative product, approach, or technology which is not currently used by the City. Any organization that believes it can provide these services is invited to so indicate by submitting an expression of interest, as described below. Expressions of interest forms and summary of the contract requirements will be available for pick-up at 125 Worth St., Rm. 627, beginning 4-16-98 through 4-24-98, from 9:00 AM to 5:00 PM. BUILDINGS

PROMULGATION OF RULES 8-01 RELATING TO DEMOLITION SITES, 26-01 RELATING TO SAFETY OF PUBLIC PROPERTY DURING CONSTRUCTION OPERATIONS AND 27-03 RELATING TO SIGNS ON PROTECTIVE STRUCTURES ERECTED AT DEMOLITION OR CONSTRUCTION SITES.

In compliance with Section 1043 of the New York City Charter, the Department of Buildings hereby promulgates the following rules relating to signage on protective structures, including sidewalk sheds.

Dated: April 9, 1998

Richard Visconti

Richard C. Visconti, R.A.
Deputy Commissioner of Technical Affairs

Matters underlined are new; matters bracketed [ ] are to be deleted.

CHAPTER: 08 SECTION: §8-01

Chapter 8 Demolition
§8-01 Commencement of Demolition. (a) Definition.
(1) Commencement of Demolition. Commencement of demolition shall mean the removal of partitions, ceilings, flooring, windows, piping and fixtures for plumbing and heating or any component parts of a vacant building or structure to be demolished. The removal of interior wood doors shall not be considered commencement of demolition.

(2) **Heavy duty and light duty sidewalk sheds.** A sidewalk shed is for heavy duty use or light duty use. (i) A **heavy duty sidewalk shed** is designed to carry a live load of at least 300 pounds per square foot (psf). Live load, including storage of materials, shall not exceed 300 psf unless the sidewalk shed is designed to carry a live load greater than 300 psf and an application for a permit thereof is filed by a licensed architect or engineer and approved by the Department.
(ii) A **light duty sidewalk shed** is designed to carry a live load of at least 150 pounds per square foot. Storage of materials of any kind is not permitted on light duty sheds.

(b) No demolition of a building or structure shall commence until a complete application has been filed and a permit has been obtained from the Department of Buildings.
(c) Prior to filing of an application for a demolition permit, the applicant must submit a pre-demolition report to the Department and obtain a pre-demolition inspection and sign-off by the Department.

(d) Posting of signs. (1) Prior to the filing of an application for a demolition permit, the demolition contractor shall post a sign in a readily visible location on the front of the building to be demolished or on the sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York adjacent to such building, with the following information:
Demolition Contractor
Name of the Contractor
Business Address
Business Telephone No.
Department of Buildings Complaint Number
Date of Expiration of Sidewalk Shed Permit, if applicable.
Where a sidewalk shed is erected, the sign shall also state whether it is a **heavy duty sidewalk shed or light duty sidewalk shed**. If the shed is for light duty use, the sign shall include the statement that **storage is not permitted on the shed.**
A space shall be reserved on the sign for the posting of the demolition permit.
(3) [2] After a demolition permit is obtained, the sign shall also contain a copy of the approved demolition permit.

(4) [3] The sign shall be posted prior to the commencement of demolition, shall measure 25 square feet and the lettering shall be block lettering with a minimum height of three inches. The sign shall be posted upon the wall or fence or shed and shall be of contrasting color from the background. No sign shall be required when the building to be demolished does not exceed 15 feet in height. The sign must be in place 24 hours prior to commencement of any demolition activity and remain visible at the site until all work is completed.
(5) Other than as set forth above and in 1 RCNY §27-03, there shall be no other information, pictorial representations, or any business or advertising messages posted on the sidewalk shed or bridge or other structure listed in §26-252(a) of the Administrative Code which is erected at the demolition site.

(e) Requirements for demolition permits.
(1) A complete application shall be filed with the Department, along with all the necessary reports and certifications.
(2) The building or structure, or affected part thereof, shall be vacant and unoccupied.
(3) All gas, electric, water, steam or other supply lines shall be disconnected and certifications by the respective utility companies or agency to that effect are to be filed pursuant to Administrative Code §27-168. Where the use of electricity or water is required during demolition, such electric or water lines as are necessary may be maintained provided they are protected as required by the Departments of Building and Environmental Protection; provided further that the consent of the utility company is filed for the maintenance of the electric service and a certification is filed from the Bureau of Water Supply of the Department of Environmental Protection that a permit for the use of water in the demolition has been issued.
(4) The building or structure shall be treated effectively for the extermination of rats and a certification shall be filed to that effect by a licensed exterminator or the Health Department.
(5) Where a sidewalk shed is required, a permit for its erection shall be obtained and the sidewalk shed erected in accordance with Administrative Code §27-1021.
(6) Where renewal for an application for a sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York and pursuant to §27-1021 of the Administrative Code is required, such application must be signed by the owner of the affected property.

[(6)] (7) A permit will not be issued if the applicant demolition contractor has outstanding violations of the Building Code on other demolition jobs where such applicant (i) has failed to respond to notices of violation of an administrative tribunal issued for such violations within the time required by law and has failed to cure such default and/or (ii) has failed to appear on the return date or dates or any subsequent return date or dates of any summonses issued in a criminal proceeding for such violations and has failed to remedy such non-appearance and/or (iii) has failed to comply with orders to correct such violations and/or (iv) has failed to certify such correction to the department within the time required by law and has failed to remedy such non-compliance.

CHAPTER: 26 SECTION: §26-01

Chapter 26 Safety of Public and Property During Construction Operations
§26-01 Filing of Site Safety Programs and Designation of Site Safety Managers.
(a) Program to be filed. (1) No permit shall be issued for:
(i) the construction of a major building (as hereafter defined); or
(ii) for the alteration of the facade of a major building when a sidewalk shed is required by §27-1021(a)(5) of the Administrative (Building) Code, until a document describing a site safety program has been filed at the Borough Office. The site safety program shall be submitted after approval of the building application has been obtained, but before approval of any full or partial permit. If partial approval and partial permit are being sought (e.g., foundation, excavation, or the like), then the scope of the site safety program shall reflect that component of work.
(2) A major building is a building either:
(i) 15 or more stories;
(ii) 200 feet or more in height;
(iii) with a lot coverage of 100,000 square feet or more regardless of height; or
(iv) as designated by the Commissioner of the Department of Buildings.
(b) Manager to be designated. The site safety program shall provide for the designation of a site safety manager, certified by the Department of Buildings, who shall have the following qualifications:
(1) (i) New York State Licensed Professional Engineer or Registered Architect, or eight years of construction supervision experience, including five years of such experience with major buildings, and
(ii) Certification that the person has satisfactorily completed an orientation course approved by the Department of Buildings of no less than five hours in duration and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code and the duties of site safety manager, as detailed in Local Law 45 of 1983; or
(2) (i) Satisfactory equivalent of experience and/or education, as determined by the N.Y.C. Department of Personnel, and
(ii) Certification that the person has satisfactorily completed a 40-hour course approved by the Department of Buildings and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative Code and the duties of a site safety manager; or
(3) (i) Completion of an on-the-job training program under a currently certified site safety manager. Such training shall cover all aspects of site safety management and all phases of building construction, from the commencement of construction until the building is completely enclosed, and shall last a minimum of 18 months. Each month, the site safety manager shall summarize the trainee's activities in the site safety log or other record, and shall certify as to the trainee's satisfactory completion of the training program; and
(ii) Certification that the person has satisfactorily completed a 40-hour course approved by the Department of Buildings and passed a written examination given by the N.Y.C. Department of Personnel covering Subchapter 19 of Chapter 1 of Title 27 of the Administrative Code and the duties of a site safety manager.
(4) All individuals approved by the Department of Buildings as site safety coordinators prior to July 1, 1985 shall be required to complete the orientation course and pass the written examination given by the Department of Personnel, but shall not be subject to the Personnel Department's subsequent review of qualifications.
(5) Individuals who qualify under paragraph (4) above, may apply to the Department of Buildings for a Site Safety Manager Certificate upon notification by the Department of Personnel that they have passed the examination. All other individuals shall be eligible for a certificate upon receipt by the Department of Buildings of an Investigation Report from the Department of Personnel stating that the applicant has passed all parts of the examination and furnished satisfactory proof that he/she meets the minimum requirements for the certificate. Certificates shall be renewable every three years, and all applicants wishing to renew their license must furnish documentation that they have satisfactorily completed a seven (7) hour site safety course approved by the Department.
(6) Effective October 1, 1987, all individuals, whether previously approved or currently designated as site safety managers or alternates, must hold a Site Safety Manager Certificate from the Department of Buildings. All incumbents who do not hold a certificate as of that date shall be disqualified from the position.
(c) Responsibility for site safety. Nothing in these rules is intended to alter or diminish any obligation otherwise imposed by law on the owner, construction manager, general contractor, contractors, materialmen, architects, engineers or other party involved in a construction project to engage in sound engineering, design and construction practices and to act in a reasonable and responsible manner to maintain a safe construction site.
(d) Site safety program and manual. (1) The site safety program shall include the duties of the site safety manager, and the measures to be taken to ensure compliance with the safety requirements of Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code.
(2) The site safety manager shall monitor compliance with the safety requirements of Subchapter 19 of Chapter 1 of Title 27 of the Administrative (Building) Code, but shall not be responsible for reviewing design specifications, lifting capacities, performing technical inspections, etc. (except as such duties may fall within the scope of other responsibilities of such person).
(3) The specific duties and responsibilities of the site safety managers are described in the Department of Buildings' Manual for Site Safety Programs, dated May 1988.
(i) The Manual may not be changed or modified by the Department of Buildings without first obtaining comment from the Building Industry Advisory Council of the Department of Buildings or representative organizations for the construction industry.
(ii) The Manual shall be an Appendix to these rules and regulations.
(iii) The Manual shall be available at the Offices of the Department of Buildings.
(4) The site safety program to be submitted pursuant to this section shall contain statements from both the contractor and the site safety manager and alternate managers, if any, that the manager and alternates will have those duties and responsibilities as described in the Manual, and that the contractor's policy is as set forth in the Manual. The site safety program shall include a site safety plan, which shall have descriptions of the following items, including approximate dates of installation, where applicable:
(i) location of all construction fences around job site;
(ii) location of all gates in fences;
(iii) location of guardrail around excavation during excavation, when required;
(iv) horizontal and vertical safety netting program, including details of the initial installation, a schedule of horizontal jumps and vertical installations, and designated crane and derrick lifting areas where the horizontal netting is to be omitted;
(v) location of sidewalk sheds;
(vi) location of temporary walkways;
(vii) location of footbridges and motor vehicle ramps;
(viii) protection of side of excavation, when required;
(ix) location of street and sidewalk closing(s);
(x) approximate location of material and personnel hoist(s) and loading areas;
(xi) approximate location of all crane and derrick loading areas;
(xii) location of surrounding buildings, indicating occupancy, height and type of roof protection, when required;
(xiii) location of standpipe system and siamese hose connections;
(xiv) location of temporary elevators for Fire Department use when building is above 75 feet in height;
(xv) location of all exterior contractors' sheds;
(xvi) safety netting and scaffolding when required by S27-1022 of the Administrative Code;
(xvii) sidewalk and roadway widths and all traffic information and all exits from jobs sites;
(xviii) specific case considerations in relation to requiring safety netting during construction operations are to be attached and the revised site safety plans shall be approved.
(e) Signs at construction sites. In addition to the information required to be displayed on signs at construction sites specified in §27-1009(c) of the Administrative Code, the telephone numbers of the following shall be prominently displayed in both English and Spanish:
The Department of Buildings

(f) Other than as required by statute or pursuant to these rules or as set forth in 1 RCNY §27-03, there shall be no information, pictorial representations, or any business or advertising messages posted on the sidewalk shed or bridge or other structure listed in §26-252(a) of the Administrative Code of the City of New York which is erected at the construction site and is adjacent to such building.
(g) Where renewal for an application for a sidewalk shed or other protective structure listed in §26-252(a) of the Administrative Code of the City of New York and pursuant to §27-1021 of the Administrative Code is required, such application must be signed by the owner of the affected building.

CHAPTER 27

[Stair and Elevator Signs] Signs

§27-01 Stair and Elevator Signs in Buildings Which Have at Least One Elevator

* * *

§27-03 Signs on any Sidewalk Shed, Fence, Railing, Footbridge, Catch Platform, Builder's Sidewalk Shanty, and Over-the-Sidewalk Chute Erected at Demolition or Construction Sites.

§27-03 Signs on any Sidewalk Shed, Fence, Railing, Footbridge, Catch Platform, Builder's Sidewalk Shanty, and Over-the-Sidewalk Chute Erected at Demolition or Construction Sites. (a) Applicability. These rules and regulations shall apply to all protective structures erected at demolition or construction sites, including but not limited to, sidewalk sheds, fences, railings, footbridges, catch platforms, builders sidewalk shanties, and over-the-sidewalk chutes as specified in Administrative Code §26-252(a).

(b) Other than the signs required by 1 RCNY §§8-01 and 26-01 or as set forth below, there shall be no information, pictorial representations, or any business or advertising messages posted on such protective structures at demolition or construction sites.

(c) *Required Shed Sign.* Where a sidewalk shed is erected and a sign is posted in compliance with Administrative Code §27-1021(a)(1)b, the information shall also include the Department of Buildings Complaint Telephone Number and whether the shed is a heavy duty sidewalk shed or light duty sidewalk shed as defined in 1 RCNY § 8-01(a)(2). If the shed is for light duty use, the sign shall include the statement that storage is not permitted on the shed.

(d) *Signs.* A sign may be posted on such protective structure when the structure is adjacent to any building and obscures from view a lawful and existing sign and shall comply with the following requirements:

(1) Signs shall be securely fastened to the face of the protective structure at a location directly in front of such business storefront;

(2) No projecting signs shall be permitted and all signs shall be limited to a maximum height of three feet six inches and when affixed to a sidewalk shed, shall not project above the parapet;

(3) No signs shall be permitted on the ends of any protective structure, unless the lawful and existing sign would otherwise be obscured from view by a deck or parapet of a sidewalk shed or bridge; and

(4) No sign shall project below the deck of any sidewalk shed.

(e) *Materials.* Such signs shall be constructed of three-fourths inch plywood or sheet metal.

(f) *Area and Height Limitations.* The maximum height for the erection of such sign shall comply with the applicable zoning regulations, statutes and these rules, and in no event shall the height of such sign be greater than three feet six inches.

(g) *Non-Illumination.* No illuminated signs shall be permitted on any protective structure subject to this rule.

STATEMENT OF BASIS AND PURPOSE

These rules are amended pursuant to the authority of the Commissioner of Buildings under §§ 643 and 1043 of the New York City Charter and §27-1021 of the Administrative Code of the City of New York.

The amendment to 1 RCNY §8-01 will limit what informational and pictorial representations may be posted on sidewalk sheds and other protective structures at demolition sites to the required information pertaining to the demolition and to signs as set forth in 1 RCNY §27-03. Moreover, the amendment will require that renewal applications for such sidewalk sheds be signed by the owner of the affected property. In addition, the amendment will require that signs be posted on the sidewalk shed stating whether such shed is for heavy duty or light duty use.

The amendment to 1 RCNY §26-01 will limit what information and pictorial representations may be posted on sidewalk sheds and other protective structures at construction sites to the required information previously set forth in the rule and to signs as set forth in 1 RCNY §27-03. Moreover, the amendment will require that renewal applications for such sidewalk sheds be signed by the owner of the affected property.

Finally, the adoption of 1 RCNY §27-03 will limit the types of signs allowed on sidewalk sheds and other protective structures at demolition and construction sites and further limit the circumstances under which such signs may be posted on these structures. In addition, the rule will require that a sign be posted on the sidewalk shed stating whether such shed is for heavy duty or light duty use.

WATER BOARD

■ HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j(3) of the Public Authorities Law, a public hearing will be held on the date and at the place specified below, concerning the adoption by the New York City Water Board (the "Board") of proposed revisions to the procedures under Part III, Section 4 of the Water Board's Water and Wastewater Rate Schedule, governing applications for, and the granting of, wastewater allowances, including allowances in respect to air conditioning and/or refrigeration systems ("AC/R Allowances").

Summary of Proposed Revisions: The proposed rule, which if adopted would take effect on May 1, 1998, provides for the following: 1. Wastewater Allowances, including AC/R Allowances, will only be granted to eligible applicants upon filing a complete, written application with the Department of Environmental Protection ("DEP"), on such forms as the Commissioner of DEP shall prescribe; 2. Such applications may be rejected if required information or documentation is missing; 3. For complete applications filed before May 1, 1998, AC/R Allowances, if granted, will be retroactive up to a maximum of six (6) years from the date DEP, having received a complete application, determines that the applicant is eligible; all other Wastewater Allowances will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible; 4. For complete applications filed after May 1, 1998, Wastewater Allowances, including AC/R Allowances, if granted, will be prospective only from and after the date DEP, having received a complete application, determines that the applicant is eligible for the Allowance for a period not exceeding two (2) years; at the end of the two year period, application may be filed for the renewal of the Allowance; 5. If an application for an AC/R Allowance is rejected as incomplete prior to May 1, 1998, and a complete application is re-filed after May 1, 1998, the AC/R Allowance, if granted, will be prospective only, in the same manner as provided in Number 4 above; 6. No property or process shall be eligible for a Wastewater Allowance if the water supply is not fully metered to the satisfaction of DEP, or if the property has any delinquent water/wastewater charges or real estate taxes.

Hearing: A hearing on the proposed rule will be held on April 28, 1998, at 9:00 A.M., 8th Floor Conference Room, New York City Department of Environmental Protection, 59-17 Junction Boulevard, Corona New York 11368.

Members of the public wishing to obtain a copy of the proposed rule, or wishing to testify on the proposed rule at the above hearing should contact Kevin Kunkle, New York City Department of Environmental Protection 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 395-3601 not later than Friday, April 24, 1998. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board, c/o Mr. Kunkle at the above address at least two (2) days prior to the meeting.

LANDMARKS PRESERVATION COMMISSION

BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
03/20/98	983607	SRB 98-3992

ADDRESS	BOROUGH:	BLOCK/LOT:
12TH STREET HISTORIC DISTRICT PARK SLOPE	BROOKLYN	7777 / 7777

To the Mayor, the Council, and the Commissioner, Dept. of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the reconstruction of 12th Street from 8th Avenue to Prospect Park West, in the Park Slope Historic District. The proposed work includes reconstruction of underground utilities and roadway base, installation of an asphalt roadway, granite curbs, bluestone-tinted concrete sidewalks with special scoring, bishop's crook lampposts, A.P. Smith-type fire hydrants and decorative caps on fire hydrant fenders, to be painted black. The proposed work is described in 7 drawings for contract no. HWKP134, submitted by the Department of Design and Construction.

The Commission notes that at the time of development of this street, sidewalks were generally paved with bluestone, curbs were of granite or bluestone, and street lighting was probably still by gas light; that records indicate that by 1903, just after most buildings on the block were completed, the roadbed was paved with asphalt. The Commission also notes that only one small area of bluestone remains on the block.

With regard to this proposal, the Commission finds that the underground work will have no effect on protected features; that the reconstruction of the roadbed with an asphalt surface and granite curbs will replicate or be typical of conditions found historically on this street; that dark, blue-grey tinted concrete sidewalks, with scoring modified to align with tree pits and property lines, will be harmonious with the buildings and with bluestone and tinted concrete sidewalks found elsewhere in the district; that retaining and resetting the brass contractors' plaques for previous sidewalk construction will preserve these historic artifacts; that removing standard "cobra-head" lampposts will eliminate these intrusive features; that installing bishop's crook ornamental lampposts will return a post type typically installed on residential streets in this district upon conversion from gas to electric street lighting and that is harmonious with the style, materials, and details of the street's buildings; and that the proposed A.P. Smith type fire hydrants and black-painted fenders with decorative caps are typical of historic street furnishings in this district and are harmonious with the buildings. Based on these findings, the proposed work is determined appropriate to the Park Slope Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jeremy Woodoff.

To the Mayor, the Council, and the Commissioner, Dept. of Citywide Administrative Services..

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to install an air conditioning system for the Blue Room in City Hall, consisting of four condenser units placed on concrete pads in the building's areaway, 3 at the south areaway and one at the west areaway. The proposal is described on two drawings and Attachment A, prepared and submitted by the Department of Citywide Administrative Services.

In reviewing this proposal the Commission notes that City Hall is a French-influenced federal style building designed by Joseph-Francois Mangin and John McComb, Jr. and built in 1802-1811. The Commission also notes that the proposed air conditioning system is intended as an interim installation until a full upgrade of air conditioning in the building is undertaken, and that the installation will allow for the removal of four window air conditioner units.

With regard to this proposal, the Commission finds that the installation of the condenser units will not affect historic materials, as the areaway floors are of modern concrete and the piping will enter the building through modern wood window frames; that the top of the condenser units will be below grade, thus minimizing their visibility; and that the work will allow for removal of four obtrusive window units. Based on these findings, the proposed work is determined to be appropriate to the City Hall Individual Landmark and is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
03/30/98	984815	SRA 98-5038

ADDRESS	BOROUGH:	BLOCK/LOT:
14 EAST 60TH STREET HISTORIC DISTRICT UPPER EAST SIDE	MANHATTAN	1374 / 60

To the Mayor, the Council, and the Commissioner, Department of Transportation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to install a 2-foot by 3-foot bronze plaque within the concrete sidewalk adjacent to the building at 14 East 60th Street. The proposal is described on a drawing of the plaque and a photograph of the sidewalk, all submitted by Meyer Fremder of the Department of Transportation as components of the application.

The Commission notes that the designation report describes the building as a Beaux-Arts style hotel built in 1902 and designed by R.C. Gildersleeve. The Commission also notes that most sidewalks in this district dating from after the turn of the century when most of the district's buildings were constructed or substantially reconstructed were standard concrete, and that the sidewalk at this building is standard concrete.

With regard to this proposal, the Commission finds that the concrete sidewalk to be affected by the installation is not an architecturally or historically significant feature of the building or district; that the combination of the flush installation of the plaque and the presence of other flush sidewalk features in the vicinity and in the district will make the plaque unobtrusive; and that the work will not therefore affect the architectural or historic character of this building or district. Based on these findings, the proposed work is determined appropriate to the building and the Upper East Side Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jeremy Woodoff.

Environmental Requirements
* * *

(c)Sunset provision

The DEP shall adopt rules pursuant to Chapter 45 of the Charter of the City of New York which shall establish:

(1)standards for determining potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not an (E) designation shall be imposed on any tax lot; and

(2)testing and remediation standards and protocols for potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not the environmental requirements relating to such (E) designation(s) have been satisfied so as to warrant the removal of such designation.

The requirements for the adoption of rules set forth in paragraph (c) of this Section, inclusive, shall not be construed to prohibit either the imposition or the removal of an (E) designation, in accordance with law, prior to the adoption of such rules.

In the event that such rules are not adopted by DEP by July 1, *1998* **2001**, the provisions of this Section as they relate to potential hazardous material contamination, except for underground gasoline storage tanks, shall lapse.

■ NOTICE

SUPREME COURT, KINGS COUNTY NOTICE OF PETITION. KINGS COUNTY INDEX NUMBER 12009/98

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple and other interest in certain real property where not heretofore acquired for the same purpose as a site for **KENSINGTON BRANCH LIBRARY** generally located at 4209-17 18th Avenue situated in Community District 14, Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, at IA Part 74 , to be held in and for Kings County at the County Courthouse, 360 Adams St in the Borough of Kings, City of New York on the 14th day of May, 1998 at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of Kings County or the Office of the City Register;

2) directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, as a site for KENSINGTON BRANCH LIBRARY in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of said 18th Avenue and the easterly line of Seton Place (3rd Street - 50 feet wide), which point of beginning is where the dividing line between tax lots 7 and 14 in Brooklyn tax block 5416, as shown on the "Tax Map" of the City of New York for the Borough of Brooklyn, as said "Tax Map" existed on June 25, 1997, is intersected by the southerly line of 18th Avenue (80 feet wide):

Running thence eastwardly and along the southerly line of the said 18th Avenue, for 80.09 feet (80 feet - Deed) to a point on the westerly line of lot 18 in block 5416, as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997;

Thence, southwardly, forming an interior angle of 90ō26'06" with the previous course, and along the said westerly line of lot 18 in block 5416, for 112.51 (112.33 feet - Deed) feet to a point on the northerly line of lot 112 in block 5416;

Thence, eastwardly, forming an interior angle of 89ō42'13" with the previous course, and along the said northerly line of lot 112 and northerly lines of lots 114, 115 and 116 in block 5416, for 80.09 feet (80 feet - Deed) to a point on the easterly line of lot 7 in block 5416;

Thence, northwardly, forming an interior angle of 90ō17'47" with the previous course, and along the said easterly line of lot 7 in block 5416, for 112.71 feet (112.58 feet - Deed) back to the point of beginning.

This parcel consists of lot 14 in block 5416 as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997, and comprises an area of 9,019 square feet or 0.20705 acres.

The above described property shall be acquired subject to encroachments, if any, of the structures, improvements, and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same so long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, Room 5-236A, New York, New York 10007.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,
Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITYWIDE HEALTH PURCHASING ALLIANCE – 81698HA36701 – DUE 4-27-98 – The New York City Department of Health intends to enter into negotiations to contract with the New York Business Group on Health for the establishment of a Citywide Health Purchasing Alliance. The Alliance will be a membership organization for small businesses and organization providing a choice of health insurance benefit packages to their employees. It will contract with multiple health plans to offer several standard benefit packages, providing employees the ability to compare health insurance plans on price and quality and providing employers support in administrative health benefits. In accordance with Section 3-12 of the Procurement Policy Board Rules, the Department of Health intends to award this as a Demonstration Project due to the need to test and evaluate the feasibility and application of an innovative product, approach, or technology which is not currently used by the City. Any organization that believes it can provide these services is invited to so indicate by submitting an expression of interest, as described below. Expressions of interest forms and summary of the contract requirements will be available for pick-up at 125 Worth St., Rm. 627, beginning 4-16-98 through 4-24-98, from 9:00 AM to 5:00 PM. RULES OF THE CITY OF NEW YORK
TITLE 1: DEPARTMENT OF BUILDINGS
CHAPTER 20: PIPING SYSTEMS

[1 RCNY Chapter 20 §20-03

§20-03 Waiver of Examination and Grandfathering for Master Fire Suppression Piping Contractors.

(a) Purpose.
To specify what will be acceptable indicia of satisfactory evidence that

(1) an individual has been engaged in the business of designing and installing fire suppression piping systems to qualify for waiver of the examination for certification pursuant to §26-153.1(a) of the N.Y.C. Administrative Code; and

(2) a company, corporation, partnership or other business association has been doing fire suppression piping contractor work to qualify to continue in business pursuant to N.Y.C. Administrative Code §26-138(d).

(b) Application and certification.
(1) Pursuant to Local Law 55/1989, the Department of Buildings will license fire suppression piping contractors in accordance with §26-141 et. seq., of the NYC Administrative Code. However, pursuant to §26-138(d), a company, corporation, partnership or other business association or its predecessor that has been doing fire suppression piping contractor work, may continue to do so if application is made to the department, on the required application form on or before July 25, 1990 and necessary evidence is furnished by January 25, 1991.

(2) Any individual who meets the qualifications for a class A, B, or C master fire suppression piping contractor license, as stated in §26-153.1(a) of the Administrative Code, and who applies for a waiver of examination on the required form, on or before July 25, 1990 and furnishes necessary evidence by January 25, 1991, shall be issued a certificate of competence for the particular class of license for which he or she is qualified without taking the examination for such certificate.

(c) Burden of proof.
(1) The burden of proof is on the applicant requesting approval to continue in business or waiver from the examination for certification to produce evidence sufficient for the Department to make its determination.

(2) Acceptable indicia of evidence of being engaged in the business of designing and installing fire suppression piping systems to qualify to continue in business pursuant to NYC Administrative Code §26-138(d) shall consist of one or more of the following:

(i) Social Security earnings report

(ii) W-2 statement of earnings

(viii) Proof of completion of approved courses given by an acceptable technical institution

(ix) Master Plumber License

(x) Payroll Ledgers

(5) Waiver applicants must submit one or more of the above-listed documents for each of the seven consecutive years immediately preceding his or her application.

(6) While none of the above-listed documents will be deemed dispositive for qualification of the respective application, appropriate weight will be accorded to the application in its entirety, taking into account the particular facts and circumstances on a case by case basis.

(d) Filing of applications.
All applications and supporting evidence pursuant to these rules and regulations must be submitted on application forms provided by the Department and directed to: Department of Buildings, Licensing Division, 60 Hudson Street, 14th Floor, New York, New York 10013.

(e) Determination.
The License Board as defined in §26-144 of the Administrative Code, will review the application and evidence and will advise the applicant and the Licensing Division of the decision of the Department.}

NOTICE OF OPPORTUNITY TO COMMENT ON THE PROPOSED REPEAL OF THE DEPARTMENT OF BUILDINGS CHAPTER 7 OF THE RULES OF THE CITY OF NEW YORK RELATING TO THE INSTALLATION AND MAINTENANCE OF VENT DAMPER DEVICES IN EXISTING BOILERS AND FURNACES

Material to be deleted appears in [brackets].

RULES OF THE CITY OF NEW YORK
TITLE 1: DEPARTMENT OF BUILDINGS
[CHAPTER 7: INSTALLATION AND MAINTENANCE OF VENT DAMPER DEVICES IN EXISTING BOILERS AND FURNACES

1 RCNY Chapter 7 §7-01

§7-01 Retrofitting of Vent Damper Devices.

These regulations shall apply to the retrofitting of vent damper devices to existing boilers and furnaces only. Installations of new boilers and furnaces, after the effective date of these regulations, which incorporate these devices as factory installed directly on top of the draft hood with no other connection made between the boiler or furnace and damper, shall comply with existing Code requirements for such installation and equipment acceptance, as set forth in §27-135 of the Administrative Code.

(a) The scope of these regulations shall apply to electrically operated dampers only. Mechanically activated dampers which are dependent upon or controlled by fuel gas pressure in the delivery line of gas systems, or thermally actuated dampers are not approved for installation at this time (proposed rules and regulations relating to mechanically actuated or thermally actuated dampers will be promulgated in the near future.).

(b) Installation of the dampers shall be limited to those devices that have had a petition filed for and have been granted a variance from the provisions of subdivision 4-8.8(b) of the Industrial Code Rule Number 4 by the Industrial Commissioner of the New York State Department of Labor.

(c) All dampers must have a fail-safe feature that would cut off the boiler or furnace in the event of damper failure in the closed portion. Further, electrical failure to this drive motor shall permit the damper to open fully on spring return or otherwise, whether or not the burner is firing. Alternately, in lieu of the latter, when installation of the damper is in conjunction with a gas appliance, the provisions of sections 1.14.10 and 1.14.11 of the American National Standards for Gas-Fired Central Furnaces (ANSI Z21.47-1987) may be utilized.

(d) Installation shall be limited to qualified installers only, trained by the manufacturer of the device, who have been duly certified by the manufacturer as fully competent to perform the installations, and who have a Home Improvement Contractors License from the Department of Consumer Affairs, utilizing licensed electricians (licensed electricians and licensed oil burner installers certified by manufacturers who perform the entire installation, need not have a home improvement contractor's license). Further, when installed in conjunction with gas appliances, any modification or connection to the gas distribution system must be performed by licensed master plumbers.

(e) All electrical work must be performed in accordance with the New York City Electrical Code.

(f) Prior to the installation of the vent damper device a safety inspection of the existing boiler or furnace installation shall be made. The following steps shall be followed in making the safety inspection, which shall not be limited to these:

(1) Conduct a gas leakage test of the equipment piping and control system downstream of the shut-off valve in the supply line to the equipment.

(2) Visually inspect the venting system for proper size and horizontal pitch and determine there is no blockage or restriction, leakage, corrosion, and other deficiencies which could cause an unsafe condition.

(3) Inspect burners and crossovers for blockage and corrosion.

(4) Inspect furnace heat exchanger for cracks, openings or excessive corrosion. Inspect boiler for evidence of water or combustion product leaks.

(5) Check both the furnace limit control and fan control for proper operation. Limit control operation can be checked by blocking the circulating air inlet or temporarily disconnecting the electrical supply to the blower motor and determining that the limit control acts to shut off the main burner gas or oil fuel supply.

(6) For boilers, determine the water pumps are in operating condition.

(7) For boilers, test low water cut off, automatic feed controls, pressure and temperature limit controls, and relief valves in accordance with the manufacturer's recommendations to determine they are in proper operating condition.

(g) The following procedure shall be followed in making the modifications necessary to install the automatic vent damper device:

(1) Vent dampers shall be installed in strict accordance with manufacturer's installation instructions by installers trained by the manufacturer. Dampers shall not be located in that portion of the venting system which serves any appliance other than the one for which the damper is installed. The damper and its housing shall comprise ferrous metal construction only.

(2) It shall be verified that wiring connections are tight and wires are positioned and secured so they will be able to contact high temperature locations.

(3) The modified venting system shall be visually inspected for proper horizontal pitch.

(4) Damper operations shall be checked to verify that it is properly sequenced with the boiler or furnace operating controls so that it opens when there is a call for heat and closes when the unit is in a standby condition. If a boiler gas valve is sequenced by the aquastat, determine that the damper opens prior to the opening of the gas valve.

(5) A stop shall be provided so that the gas/oil burner cannot fire until the damper has reached the full open position. This may be done with electrical controls and relay holding either the main gas valve or magnetic oil valve in the closed position until the damper opens fully.

(6) Determine the amperage draw of the gas control circuit and damper device.

(i) Transformers shall be used where voltages of the damper and heating appliance are incompatible. Resistors shall not be used.

(ii) Check the transformer for adequate capacity.

(iii) Check heat anticipator in comfort thermostat to determine that it is properly adjusted.

(h) The appliance shall be sequenced through at least three normal operating cycles. Assure compatibility between safety-lockout device and damper.

(i) The damper device shall be labeled with the following information:

(1) Name of qualified agency responsible for damper installation.

(2) Date of installation.

Label shall be of pressure sensitized adhesive foil type with black lettering, clearly defined, and shall be applied near equipment name plate.

(j) Vent damper devices installed in accordance with these regulations may be installed on gas or oil-fire appliances. Such installation shall constitute "minor alterations" as set forth in §27-124 of the Administrative Code, and thereby exempt from Building Department permit requirements (when represented for use on gas appliances, the devices must be listed by the American Gas Association) and conform with all the requirements of the American National Standard for Electrically Operated Vent Damper Devices for Use with Gas-Fired Appliances-ANSI-Z21.66-1988.]

STATEMENT OF BASIS AND PURPOSE

Current technology has eliminated the need for these devices which were installed in the flues of large commercial boilers in order to conserve heat by preventing its escape up the chimney

Moonlighting
Police Officers

Charter Section 2604(c)(5)

Advisory Opinion No. 98-4

The Conflicts of Interest Board (the "Board") has received a request for an opinion from the New York City Police Department (the "NYPD") as to whether, consistent with the conflicts of interest provisions of Chapter 68 of the City Charter, NYPD police officers may participate in the NYPD's Paid Detail Program (the "Program") as part-time security guards for private firms and may wear their uniforms during the course of that employment.

For the reasons discussed below, it is the opinion of the Board that NYPD police officers may participate in the Program and, in so doing, wear their uniforms.

Background

The NYPD has advised the Board that the NYPD wishes to establish the Program, under which NYPD police officers would work as part-time security guards for private firms which have registered with the NYPD. In performing this security work, the NYPD police officers would be required to wear their police uniforms and bulletproof vests.

Police officers would voluntarily participate in the Program, which would be open to all NYPD police officers regardless of rank, by registering with the NYPD's Paid Detail Unit (the "Unit"). The Unit would administer the Program, including maintaining the lists of both the participating firms and the participating officers. The NYPD would also handle all pay issues for the participating officers, including setting the pay scale. The NYPD would impose an administrative fee on the private firms, in an amount not to exceed the expenses of the Unit.

Police officers wishing to participate in the Program would be placed on the list, initially in order of seniority. Selection for security guard assignments would be based on the officer's position on the list; officers would have no input into their assignments. The NYPD has further advised the Board that police officers would not have regular assignments with any participating firm and would not otherwise be able to establish a regular relationship with any particular employer.

While participating police officers would be paid as private contractors by the private firms, they would be indemnified by the City when, during the course of a security guard assignment through the Program, they acted within the scope of their City employment, for example, in effectuating an arrest. Thus, any injuries the police officers received while engaging in legitimate law enforcement action would be considered line-of-duty injuries. While on assignment with the Program, police officers would be required to comply with all applicable NYPD rules and regulations, as well as all applicable City, State and Federal rules.

Police Commissioner Howard Safir has advised the Board that the Program is designed to add to the uniformed police presence on the City's streets, a presence that, in his opinion, would have a deterrent effect on unlawful activities. Police Commissioner Safir has further stated that participating police officers could help ensure more orderly conduct at public events.

Discussion

The determination as to whether police officers may participate in the Program falls within the scope of Chapter 68. The framers of Chapter 68 accorded special status to police officers in certain situations. Specifically, Chapter 68 provides that Section 2604 shall not prohibit:

> any member of the uniformed force of the police department from being employed in the private security field, provided that such member has received approval from the police commissioner therefor and has complied with all rules and regulations promulgated by the police commissioner relating to such employment.

Charter Section 2604(c)(5).

The Program's design will permit NYPD police officers to engage in private security work under the supervision and administrative control of the NYPD. All police officers have received permission from Police Commissioner Howard Safir to participate in the Program. However, Commissioner Safir will require all participating officers to wear their official police uniforms and bulletproof vests. Further, the Commissioner will require all police officers to comply with all applicable NYPD rules and regulations while on assignment under the Program.

The Program will be subject to strict administrative controls and has been designed so that police officers will not be able to develop a special relationship with any private firm. Police officers will be assigned to a different location for each assignment.

The Board notes that the Program offers a substantial benefit to both the NYPD and the City. Utilizing officers through the Program will add to the presence of uniformed officers on City streets. The NYPD anticipates that the use of uniforms will have a deterrent effect on criminal activity, while the use of bulletproof vests will reduce injuries to off-duty officers. The Program has been approved by both the NYPD and the Mayor as being in the interests of the City.

Accordingly, the Board has concluded that the NYPD police officers may participate in the Program and, in so doing, wear their uniforms.

Conclusion

Based upon the facts and the particular circumstances of this case, it is the opinion of the Board that NYPD police officers may work as private security officers, in uniform, through the Program. The Board considers requests such as this on a case-by-case basis. Each case presents unique facts and circumstances and must be considered independently by the Board. Therefore, the Board's decision in this case does not extend to other programs which City agencies may propose, even those which are similarly designed.

Notice of Opportunity to Comment on Proposed Repeal of 3 RCNY §21-02, entitled "Discontinued Storage Systems," and Promulgation of New § 21-02, entitled "Out-of-Service Storage Systems"

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Fire Commissioner of the City of New York by § 489 of the New York City Charter, and § 27-4062 (f) of the New York City Administrative Code, and in accordance with the requirements of § 1043 of the New York City Charter that the New York City Fire Department intends to repeal and promulgate the above rule. New material is underlined and material [bracketed] is to be deleted.

A public hearing will be held on May 21, 1998 on the Third Floor in Room 3S-2 at 9 MetroTech Center, Brooklyn, New York, at 9:30 a.m. Persons seeking to testify are requested to notify Associate Counsel Mary O'Sullivan at New York City Fire Department, Bureau of Legal Affairs, 9 MetroTech Center, Brooklyn, New York, 11201-3857.

Written comments regarding this rule may be sent to Ms. O'Sullivan at the above address, on or before May 28, 1998. All written comments and a summary of oral comments received at the hearing will be available for public inspection within a reasonable time after receipt, between the hours of 9:00 a.m. and 5:00 p.m. at the office of Ms. O'Sullivan.

Section 21-02 of Title 3 of the Rules of the City of New York, entitled "Discontinued Storage Systems," is amended as follows:

[§ 21-02 Discontinued Storage Systems.

(a) Gasoline, flammable oils or liquids and/or diesel oil motor fuel (27-4062(f)). The following procedures are applicable to discontinued storage systems used for the storage of gasoline, flammable oils or liquids and/or diesel oil motor fuel:

(1) The contents of all discontinued storage systems shall be completely removed from the system.

(2) The storage system, including all tanks and piping, shall be purged of flammable vapors with steam or an inert gas or filled with water or permanently sealed by filling with concrete. An affidavit of such purging or filling, signed by a licensed underground system installer, shall be filed with the commissioner.

(3) The fill line terminal shall be capped and filled with concrete.

(4) All piping, except the vent line, shall be capped or sealed.

(5) The vent line shall remain open until all tanks are removed or permanently sealed.

(6) Whenever storage tanks and/or piping are removed the owner shall file an affidavit with the commissioner indicating such removal.

Note: At bulk oil storage plants, all discontinued storage systems, regardless of flashpoint of the product stored shall comply with the foregoing.

(b) Fuel oil or other petroleum products, oils and liquids with flashpoints of 100 degrees F., or more and chemicals possessing combustible and/or toxic characteristics (§27-4010, Administrative Code). The following procedures are applicable to discontinued storage systems used for the storage of fuel oil or other petroleum products; oils and liquids with flash points 100 degrees or more Fahrenheit; and chemicals possessing combustible and/or toxic characteristics.

(1) The contents of all discontinued storage systems shall be completely removed from the system.

(2) The storage system, including all tanks and piping, shall be purged of combustible or toxic vapors with steam or an inert gas or filled with water or permanently sealed by filling with concrete.

(3) The fill line terminal shall be capped and filled with concrete.

(4) All piping, except vent line, shall be capped or sealed.

(5) The vent line shall remain open until all tanks are removed or permanently sealed.]

§ 21-02 Out-of-Service Storage Systems

(a) Applicability

This section applies to storage systems for gasoline, diesel or other flammable or combustible mixtures that are not in use for 30 days or more, except when such systems are used for seasonal storage or standby storage but are not permanently out of service. As used in this rule, the term "storage system" shall include the storage tank and associated piping.

(b) Definitions

Permanently out-of-service storage systems. Storage systems that are no longer to be used for storing gasoline, diesel, or other flammable or combustible mixtures. The Department may deem a storage system permanently out of service and require that it be closed accordingly where it has not been closed and maintained as a temporarily out-of-service storage system and the circumstances of an actual or anticipated change in use or occupancy of the premises at which the storage system is located indicate that any further use of such storage system cannot be reasonably anticipated.

Temporarily out-of-service storage systems. Storage systems for gasoline, diesel or other flammable or combustible mixtures that have not been in use for 30 days or more, but that are not permanently out-of-service.

(c) Temporarily out-of-service storage systems

(1) Closure requirements. Temporarily out-of-service storage systems shall be closed and sealed as follows:

(i) All contents from the storage system shall be removed. The storage system shall be rendered free of flammable or combustible vapors.

(ii) Any product, including any waste removed from the storage system, shall be disposed of in accordance with all applicable city, state and federal requirements.

(iii) All manways shall be locked or bolted securely, and fill lines and other openings of the storage system shall be capped or plugged and covered with concrete to prevent unauthorized use or tampering. Vent lines shall remain open.

(iv) Aboveground tanks must be protected from flotation in accordance with good engineering practice.

(2) Affidavit of compliance

The owner or operator of the storage system or holder of the Department permit for such system shall file with the Department an affidavit certifying that such system was closed and sealed in compliance with the requirements of the Administrative Code of the City of New York and this section. For motor fuel or other flammable or combustible liquid storage systems, such affidavit shall be executed by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment. For fuel oil storage tanks with a capacity exceeding 275 gallons, such affidavit shall be executed by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment or a person holding an oil burning equipment installer license.

(3) Permit and Testing requirements

(i) All storage systems which have been rendered temporarily out of service shall continue to be subject to the Department's permit and testing requirements and the registration, reporting, inspection and testing regulations of the New York State Department of Environmental Conservation.

(ii) Before a temporarily out-of-service tank system may be restored to service, an affidavit of compliance shall be filed with the Department in accordance with the provisions of paragraph 2 of this subdivision, certifying the integrity of the tank and piping, and the proper functioning of the leak detection and cathodic protection systems.

(d) Permanently out-of-service storage systems

(1) Closure requirements. Permanently out-of-service storage systems either shall be removed from the ground or premises, or closed and sealed, as follows:

(i) All contents from the storage system shall be removed. The storage system shall be rendered free of flammable or combustible vapors.

(ii) Any product, including any waste removed from the storage system, shall be disposed of in accordance with all applicable city, state and federal requirements.

(iii) After being rendered free of flammable or combustible vapors, underground tanks shall be removed, or if left in place, filled to capacity with a solid inert material such as sand, concrete slurry, or other approved material. After being rendered free of flammable or combustible vapors, aboveground tanks shall be removed entirely, or if left in place, protected against flotation in accordance with good engineering practice and stenciled with the date of permanent closure.

(iv) All connecting lines shall be disconnected and removed, or securely capped or plugged. All fill lines shall be disconnected and removed, or if not removed, the fill connection shall be sealed with concrete so as to prevent use of the fill line. Manways shall be securely fastened in place.

(2) Affidavit of compliance

The owner or operator of the storage system or holder of the Department permit for such system shall file with the Department an affidavit certifying that such system was removed, or closed and sealed, in compliance with the requirements of the Administrative Code of the City of New York and this section. For motor fuel or other flammable or combustible liquid storage systems, such affidavit shall be executed by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment. For fuel oil storage tanks with a capacity exceeding 275 gallons, such affidavit shall be executed by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment, or by a person holding an oil burning equipment installer license.

(3) Environmental site assessment

If an environmental site assessment is required by federal or state law or regulations, the owner or operator of the storage system, the holder of the Department permit for such system, or the person filing the affidavit of compliance for such system, shall submit to the Department a written statement that such environmental site assessment has been performed in accordance with such law and regulations.

(e) License requirements

Closure of motor fuel or other flammable or combustible liquid storage systems, whether temporary or permanent, shall be performed by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment or by a person who is employed and supervised by a person holding such certificate. Closure of fuel oil storage tanks with a capacity exceeding 275 gallons shall be made by a person holding a Certificate of License to install, alter, test or repair motor fuel storage and dispensing equipment or who is employed and supervised by a person holding such certificate, or by a person holding an oil burning equipment installer license or who is employed and under the direct supervision of a person holding such a license.

(f) Modification

Whenever circumstances, conditions, limitations, or surroundings are unusual, or such as to render it impracticable to comply with any or all of the foregoing provisions, the Commissioner may waive or modify such provisions to such extent as he or she may deem necessary, consistent with public safety.

Statement of Basis and Purpose of Proposed Amendment

The proposed amendment clarifies the procedures for closure of temporarily out-of-service and permanently out-of-service storage systems, consistent with the applicable regulations of the New York State Department of Environmental Conservation. The proposed amendment sets forth the manner in which the storage system must be temporarily closed, reopened, or permanently closed, including the requirements for filing an affidavit of compliance. The proposed amendment allows the Department to deem a tank permanently out-of-service where such system has not been closed and maintained as a temporarily out-of-service storage system and a change in use or occupancy of the premises at which the storage system is located indicates that any further use of such system cannot be reasonably anticipated.

If any paragraph, subparagraph or subdivision of this section shall be adjudged by any court or agency of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the paragraph, subparagraph or subdivision directly involved in the controversy in which such judgment shall have been rendered.

HEALTH

NOTICE OF THE ESTABLISHMENT OF MOBILE FOOD VENDOR PERMIT WAITING LISTS BY THE NEW YORK CITY DEPARTMENT OF HEALTH

On June 22, 1998, the Department of Health will hold a lottery based on a strict random selection process to establish the following waiting lists for mobile food vendor permits:

- a full-term citywide mobile food vendor permit waiting list (2500 positions)
- a temporary (seasonal) citywide mobile food vendor permit waiting list (1000 positions)
- a full-term citywide mobile food vendor permit waiting list for disabled veterans (100 positions)
- a full-term citywide mobile food vendor permit waiting list for disabled persons (non-veterans) (100 positions)
- a full-term citywide mobile food vendor permit waiting list for veterans (nondisabled) (100 positions)

You must have a valid full-term mobile food vendor license issued to you at the time you submit the waiting list application form. The waiting list application form, with the mobile food vendor license number included in the application, must be submitted by mail only to the address listed in the application instructions on or before June 12, 1998 in order to be eligible for inclusion on such waiting lists.

The number of waiting list positions for each of the above categories is provided by 24 R.C.N.Y. Sections 19-07 and 20-07. Due to the limited number of waiting list positions and available permits, the Department of Health cannot guarantee that submission of a waiting list application will result in a place on a waiting list or the issuance of a permit.

Waiting List Applications: Application packages for inclusion in the lottery for the above waiting lists may be obtained through the mail by calling the New York City Department of Consumer Affairs at (212) 487-4436. Application packages are also available at the New York City Department of Consumer Affairs Licensing Center, located at 42 Broadway, 5th Floor, New York, New York, Monday through Friday from 8:30 AM to 5:00 PM. Completed applications must be submitted by mail only to the address listed in the application instructions and postmarked no later than June 12, 1998 in order to be eligible for inclusion on such waiting lists.

Mobile Food Vendor License Applications: Persons interested in applying for a mobile food vendor license may request an application by mail at the above address or by telephone to the above number. License applicants should allow at least twenty-five (25) business days to receive the necessary tax and ECB documentation required to apply for a license. *While this time span reflects the normal processing period, the Department of Health cannot guarantee that applicants will receive a license within this timeframe.*

Capital Project Directives and Bond Resolutions of The City of New York, a summary of which is published herewith, were adopted on the following dates:

CAPITAL PROJECT DIRECTIVE AND BOND RESOLUTION	DATE
9800000035	February 23, 1998
9800000036	February 27, 1998
9800000037	March 9, 1998
9800000038	March 13, 1998
9800000039	March 23, 1998

The validity of the obligations authorized by such Capital Project Directives and Bond Resolutions may be hereafter contested only if such obligations were authorized for an object or purpose for which the City of New York is not authorized to expend money or if the provisions of law which should have been complied with as of the date of publication of this notice were not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of this publication, or such obligations were authorized in violation of the provisions of the New York State Constitution.

Carlos Cuevas
City Clerk of
The City of New York

Date: April 7, 1998

SUMMARY OF CAPITAL PROJECT DIRECTIVES AND BOND RESOLUTIONS 9800000035, 9800000036, 9800000037, 9800000038 and 9800000039 OF THE CITY OF NEW YORK

Summary of Determinations and Certifications of Amount of Bonds to be Issued by The City of New York

Pursuant to the New York Local Finance Law (the "Law") and Sections 8 and 219 of the New York City Charter, the Mayor of the City of New York (the "City"), acting as the Finance Board of the City, has determined in Capital Project Directives and Bond Resolutions 9800000035, 9800000036, 9800000037, 9800000038 and 9800000039 (the "Resolutions") that obligations shall be issued to finance the specific objects or purposes identified as Subprojects in the Resolutions, to the extent and in the amounts set forth in the Resolutions for such specific objects or purposes (the "Items") as are set forth therein, and has certified by the Resolutions to the Comptroller of the City the amounts of obligations to be issued for financing the Items. Said amounts have been duly appropriated for the Items in appropriations for capital projects to which the Subprojects relate.

The Resolutions request that the Comptroller determine the nature and terms of the obligations thereby authorized and that he arrange for the issuance of such obligations.

The period of probable usefulness for each Item is set forth in the description of such Item in exhibits to the Resolutions. Each of the capital projects listed in said exhibits (the "Projects") consists of one or more Items. The estimated maximum cost of each Item is its proportionate share of the estimated maximum cost of the Project of which such Item is a part. The estimated maximum costs of each such Project and the plan for financing the total costs of all of the Items comprising each Project are contained in the most recent capital budget in which funds for such Project were appropriated. Such total costs will be financed by the issuance of obligations of the City to the extent such costs are not financed by funds from other sources as indicated in such capital budget.

The Resolutions also authorize the temporary use of certain funds of the City for the purpose or purposes for which the issuance of obligations has been authorized by the Resolutions, and provide that suitable records are to be kept of such temporary diversion of funds, and that the City obtain reimbursement of such funds from the proceeds of the bonds authorized by the Resolutions, or from the sale of bond anticipation notes issued in anticipation of the sale of such obligations.

The validity of the obligations authorized by the Resolutions may be contested only if (1) such obligations are authorized for an object or purpose for which the City is not authorized to spend money, or the provisions of law which should be complied with as of this date of publication have not been substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of this publication or (2) such obligations are authorized in violation of the provisions of the New York State Constitution.

THE FOLLOWING IS A LISTING OF THE CLASSES OF OBJECTS OR PURPOSES FOR WHICH THE OBLIGATIONS AUTHORIZED BY THE RESOLUTIONS SUMMARIZED HEREIN ARE TO BE ISSUED, TOGETHER WITH THE PERIODS OF PROBABLE USEFULNESS AND THE AMOUNTS OF OBLIGATIONS AUTHORIZED TO BE ISSUED FOR EACH SUCH CLASS OF OBJECTS OR PURPOSES. A COPY OF THE RESOLUTIONS SUMMARIZED HEREIN, WITH THE FULL TEXT AND A DESCRIPTION OF ALL SUBPROJECTS FOR WHICH OBLIGATIONS ARE BEING AUTHORIZED TO BE ISSUED BY SUCH RESOLUTIONS, WILL BE AVAILABLE FOR PUBLIC INSPECTION DURING NORMAL BUSINESS HOURS AT THE OFFICE OF THE CHIEF ACCOUNTANT, OFFICE OF THE COMPTROLLER, ROOM 500, MUNICIPAL BUILDING, 1 CENTRE STREET, NEW YORK FOR TWENTY (20) DAYS FOLLOWING THE PUBLICATION OF THIS SUMMARY.

Environmental Requirements
* * *

(c)Sunset provision

The DEP shall adopt rules pursuant to Chapter 45 of the Charter of the City of New York which shall establish:

(1)standards for determining potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not an (E) designation shall be imposed on any tax lot; and

(2)testing and remediation standards and protocols for potential hazardous material contamination which, upon adoption, shall be utilized in determining whether or not the environmental requirements relating to such (E) designation(s) have been satisfied so as to warrant the removal of such designation.

The requirements for the adoption of rules set forth in paragraph (c) of this Section, inclusive, shall not be construed to prohibit either the imposition or the removal of an (E) designation, in accordance with law, prior to the adoption of such rules.

In the event that such rules are not adopted by DEP by July 1, *1998* **2001**, the provisions of this Section as they relate to potential hazardous material contamination, except for underground gasoline storage tanks, shall lapse.

SUPREME COURT

NOTICE

SUPREME COURT, KINGS COUNTY
NOTICE OF PETITION. KINGS COUNTY INDEX NUMBER 12009/98

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple and other interest in certain real property where not heretofore acquired for the same purpose as a site for **KENSINGTON BRANCH LIBRARY** generally located at 4209-17 18th Avenue situated in Community District 14, Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, at IA Part 74 , to be held in and for Kings County at the County Courthouse, 360 Adams St in the Borough of Kings, City of New York on the 14th day of May, 1998 at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of Kings County or the Office of the City Register;

2) directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, as a site for KENSINGTON BRANCH LIBRARY in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of said 18th Avenue and the easterly line of Seton Place (3rd Street - 50 feet wide), which point of beginning is where the dividing line between tax lots 7 and 14 in Brooklyn tax block 5416, as shown on the "Tax Map" of the City of New York for the Borough of Brooklyn, as said "Tax Map" existed on June 25, 1997, is intersected by the southerly line of 18th Avenue (80 feet wide):

Running thence eastwardly and along the southerly line of the said 18th Avenue, for 80.09 feet (80 feet - Deed) to a point on the westerly line of lot 18 in block 5416, as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997;

Thence, southwardly, forming an interior angle of 90ö26'06" with the previous course, and along the said westerly line of lot 18 in block 5416, for 112.51 (112.33 feet - Deed) feet to a point on the northerly line of lot 112 in block 5416;

Thence, eastwardly, forming an interior angle of 89ö42'13" with the previous course, and along the said northerly line of lot 112 and northerly lines of lots 114, 115 and 116 in block 5416, for 80.09 feet (80 feet - Deed) to a point on the easterly line of lot 7 in block 5416;

Thence, northwardly, forming an interior angle of 90ö17'47" with the previous course, and along the said easterly line of lot 7 in block 5416, for 112.71 feet (112.58 feet - Deed) back to the point of beginning.

This parcel consists of lot 14 in block 5416 as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997, and comprises an area of 9,019 square feet or 0.20705 acres.

The above described property shall be acquired subject to encroachments, if any, of the structures, improvements, and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same so long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, Room 5-236A, New York, New York 10007.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,* 18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

COMMERCIAL DISTRICT REGULATIONS

* * *

Chapter 7
Special Regulations

* * *

The proposed Section 37-03 incorporates existing provisions of Section 81-47 (Off-street Relocation or Renovation of a Subway Stair) so that subway stair relocations or renovations city-wide will reference the same set of standards and procedures. No existing requirements will be removed or additional requirements imposed on Midtown. The proposed Section 81-47 will list the Midtown stations where relocations or renovations apply and reference the modified Section 37-03 for standards and procedures.

37-03
Off-Street Relocation **or Renovation** of a Subway Stair

37-031
Applicability of this Section

Where a #development# or #enlargement# is constructed on a #zoning lot# of *at least* 5,000 square feet **or more of #lot area#** that fronts on a portion of a sidewalk containing a stairway entrance or entrances into a subway station **located within the #Special Midtown District# as listed in Section 81-46 and those stations** listed in *this Section* **the following table**, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of this Section. *These provisions are in accordance with the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised).*

A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Standards for location, design and hours of public accessibility

In addition to the standards set forth in the **current station planning guidelines as issued by** New York City Transit *Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised)*, the following standards shall also apply:

(a)**Location**

The relocated **or renovated** entrance shall be immediately adjacent to, and accessible without any obstruction from a public sidewalk, *or from within a space accessible to the public, as those spaces are defined in the applicable zoning district regulations* **an #urban open space# or pedestrian circulation space as defined in Section 37-07 (Requirements for pedestrian circulation space). Any such #urban open space# or pedestrian circulation space shall have a minimum horizontal dimension equal to the width of the relocated stairs or the minimum width of the pedestrian circulation space, whichever is greater**.

*(b)*The relocated **or renovated** entrance may be provided within a #building#, but shall not be enclosed by any doors. The area occupied by a relocated **or renovated** entrance within a #building# shall not be counted towards the #floor area# of the #enlargement# or #development#.

Paragraphs (c) through (h) have been modified and rearranged as paragraph (b). Additional information from Section 81-47(b) has been incorporated.

(c**b**)**Design standards**

The relocated or renovated entrance shall have a stair width of at least eight feet for each run.

(c)The relocated entrance shall have a queuing space at the top and bottom of the stairs at least eight feet wide and 15 feet long, and such queuing space may overlap a #sidewalk widening#, an #arcade#, a #plaza#, a #residential plaza# or an #urban plaza#.

*(d)*Where two or more existing stairway entrances are being relocated **or renovated** as part of the same #development# or #enlargement#, the new entrance or entrances shall have *a* total stair *width or* widths equal to or greater than the sum of the stair widths of the**ose existing** stairway entrances *being relocated*, but in any case no less than eight feet in width.

The relocated entrance may be relocated within an #urban plaza#, provided that the minimum width of the stairs is ten feet and the queuing area of the relocated entrance is unobstructed and contiguous to a sidewalk or a sidewalk widening. A relocated entrance within an #urban plaza# is a permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for an #urban plaza#.

*(c)***For a relocated entrance only, the entrance shall have a queuing space at the top and bottom of the stairs that is at least eight feet wide and 15 feet long. Such queuing space may overlap with an #urban plaza# or an #arcade# in accordance with the provisions of Sections 27-60 (ARCADES) or 37-073 (Design standards for pedestrian circulation spaces).**

No stairway shall have more than 14 risers without a landing, and each landing shall have a minimum width equal to the width of the stairs, and a minimum length of five feet.

Throughout the entire stairway entrance, including passageways, the minimum clear, unobstructed height shall be at least 7 feet, 6 inches from finished floor to finished ceiling, including all lighting fixtures and #signs#.

*(e)*The entire entrance area, including passageways, shall be free of obstructions of any kind, except for projecting information signage.

(f)The relocated entrance may be relocated within a #plaza#, a #residential plaza# or an #urban plaza# provided that the queuing area of the relocated entrance is unobstructed and contiguous to a sidewalk or a #sidewalk widening#. A relocated entrance with a #plaza#, a #residential plaza# or an #urban plaza# is permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for a #plaza#, a #residential plaza# or an #urban plaza#.

*(g)*The relocated entrance shall connect to an existing or proposed subway passageway, or shall connect, via an underground passageway, to a mezzanine area of the subway station.

*(h)*The below-grade portion of a relocated entrance may be constructed within the #street#.

(c) Hours of public accessibility

*(i)*The relocated **or renovated** entrance shall be accessible to the public during the hours when the connected mezzanine area is

open to the public or as otherwise approved by *the* **New York City** Transit *Authority*.

*37-03*337-032
Administrative procedure for a subway stair relocation **or renovation**

*(a)***For any #development# or #enlargement# that is subject to the requirements for the relocation of a subway stair entrance or counts a renovated or reconstructed subway stair as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space),** ***Except as otherwise provided in paragraph (b) of this Section,*** no plan shall be approved by the Department of Buildings and no excavation permit or building permit shall be issued *for any #development# or #enlargement# that is subject to the requirements for the relocation of a subway stair entrance*, unless **the following criteria are met**:

(*1*a)**for a relocated entrance, s***S*uch plan includes a stair relocation plan and *the* related documents that bind the developer to:

(*i*1)construct the new stair entrance in accordance with such plan;

(*ii*2)demolish above-ground elements of the existing entrance; *and*

(*iii*3)seal the existing entrance at the sidewalk level.; **and**

(4)maintain the work performed on the relocated or renovated entrance; or

(2b)**for a renovated or reconstructed entrance, such plan includes a renovation or reconstruction plan and related documents that bind the developer to:**

(1)renovate or reconstruct the entrance in accordance with such plan; and

Modification of *special urban design guidelines and urban open space* **requirements for a relocated or renovated subway stair**

The City Planning Commission may, by certification to the Commissioner of Buildings, allow modifications of the requirements of Section 37-01 (Special Urban Design Guidelines - Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), and the applicable provisions of #urban open space# in Section 12-10 (DEFINITIONS), if it finds that the relocated subway stair cannot be accommodated without modification to these provisions.

Sections 37-01 (Special Urban Design Guidelines - Streetscape), 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), 37-031 (Standards for location, design and hours of public accessibility) and 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas) may be modified if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that a relocated subway stair cannot be accommodated in any reasonable way without modification of these provisions.

*37-03*537-034
Waiver of requirements

Upon application the City Planning Commission may authorize a waiver of requirements of Section 37-03 if the Commission finds that:

(a)the total #floor area# of all #developments# or #enlargements# after November 8, 1984, is less than 70,000 square feet; or

(b)there are major structural problems in creating space for a relocated stairway entrance in the existing #building#; or

(c)the space in an existing #building# which is required to relocate the stairway entrance is occupied by a tenant on a lease which was in effect prior to March 1, 1984, to which a member of the Bar of the State of New York shall attest, and that there is no opportunity to relocate the tenant within the #enlargement#.

As a condition for granting such waiver the Commission shall determine that:

(1)in the case of paragraph (a), the City Planning Commission and the Transit Authority may require an easement to accommodate the future relocation of the subway stairway in accordance with the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised);

(2)in the case of paragraphs (a) or (b), no construction is undertaken that would preclude the future relocation of a stairway entrance from the sidewalk to the #zoning lot#;

(3)in the case of paragraph (c), that at the expiration of the existing lease the applicant shall undertake the relocation of the stairway entrance according to the provisions of this Section.
The provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair) may be waived by joint certification of New York City Transit and the Chairperson of the City Planning Commission that major construction problems or operating design considerations render the stair relocation infeasible. In such event, the stair relocation requirement may be satisfied by retention of the existing stair and the provision on the #zoning lot# of an open area, qualifying under the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space), that accommodates pedestrian traffic passing the existing stair entrance. ***Adapted from Section 37-032(b).***

* * *

The requirements for pedestrian circulation space will be relocated from Section 81-45 in Midtown to a new Section 37-07. No changes to these requirements are proposed, nor will any requirements be added. All special districts of the city that have requirements for pedestrian circulation space will refer to 37-07 for a common set of standards. Any specific pedestrian circulation space requirements that are unique to a special purpose district will remain in the special purpose district text.

37-07
Requirements for Pedestrian Circulation Space

All pedestrian circulation space required pursuant to the provisions of any special purpose district shall comply with the provisions of this Section.

37-071
Amount of pedestrian circulation space

The minimum amount of pedestrian circulation space to be provided for #developments# or #enlargements# shall be determined by the following table:

MINIMUM
PEDESTRIAN CIRCULATION SPACE REQUIREMENTS

Size of #zoning lot#FRLD Required #floor area#
MDIU
5,000 to 20,000 square feetFRLD 1 square foot per 350 square feet of new #floor area#

Above 20,000 square feetFRLD 1 square foot per 300 square feet of new #floor area#

37-072
Types of pedestrian circulation space

The pedestrian circulation space provided shall be of one or more of the following types: an arcade, building entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through #block# connection or #urban plaza#.

Each #zoning lot# shall be categorized as either a #corner lot#, #through lot# or #interior lot#, and pedestrian circulation space shall be provided on each #zoning lot# in at least one of the applicable types, or combinations of types, specified in the following table:

PROVISION OF PEDESTRIAN CIRCULATION SPACE ON CERTAIN TYPES OF LOTS

Minimum design standards for each type of pedestrian circulation space and, where applicable, the maximum amount of each type of pedestrian circulation space that may be counted towards meeting the requirements of Section 37-071 (Amount of pedestrian circulation space) are set forth in Section 37-073 (Design standards for pedestrian circulation spaces).

37-073
Design standards for pedestrian circulation spaces

(a) Arcade

Arcades shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 27-60 (ARCADES). In lieu thereof, the provisions of this Section shall apply.

An arcade is a continuous covered space that adjoins and extends along a #front lot line#, is at the same elevation as the adjoining sidewalk, is open for its entire length to the sidewalk except for columns and is accessible to the public at all times. An arcade shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where the #zoning lot# lies directly adjacent to an existing arcade on a #wide street#, except where an existing #building# without an arcade extends along a portion of the #wide street front lot line# of the #zoning lot# containing the new #development# or #enlargement#. Where an arcade abuts another arcade, there shall be a clear, unobstructed passage between both arcades.

An arcade shall meet the following requirements:
(1)Dimensions

An arcade with columns shall have a minimum clear width of 10 feet, exclusive of all columns, and a maximum width of 15 feet, inclusive of columns. No column width shall be greater than five feet. Columns shall be spaced along the #street# with a minimum clear width between columns of 15 feet. An arcade shall have a clear height of not less than 12 feet and not more than 30 feet.

(i)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade without columns is permitted only if:
(a)it has a continuous, unobstructed minimum length of 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the new #building# frontage, whichever is greater; and

(b)the entire #front lot line# shall be unobstructed for the same depth of the arcade, except for that portion of the #front lot line# occupied by an existing #building#.

(ii)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade with columns is permitted only if it connects directly to an existing arcade on an adjacent #zoning lot#, matching it in width and alignment and has a continuous, unobstructed minimum length beyond the existing adjacent arcade of at least 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the new #building# frontage, whichever is greater.

(iii)On a #corner lot# fronting on a #narrow street#, an arcade is permitted only if it extends for the full length of the #street# frontage, with the exception of a driveway for a required loading berth located at the #side lot line# of the #zoning lot#, or if the arcade provides unobstructed pedestrian flow along such entire frontage in combination with one or more of the following other spaces with which it connects at one or both ends: a corner arcade, a #plaza#, an off-street rail mass transit access improvement, an intersecting sidewalk widening, an intersecting #street#, a relocated or renovated subway entrance, a through #block# connection, a through #block# galleria or an #urban plaza#.

(iv)On a #wide street#, an arcade shall be permitted, provided that:

(a)the arcade extends along the full length of the #street line# between intersecting #streets#; or

(b)in the case of a #building# that occupies less than the entire #street# frontage between intersecting #streets#, on a full #block#front #zoning lot#, unobstructed pedestrian flow along the entire frontage is provided on the #zoning lot# by the arcade in combination with one or more of the following #open spaces# with which the arcade connects at one or both ends: a corner circulation space, a #plaza#, an intersecting sidewalk widening or an #urban plaza#; or

(c)in the case of a #building# whose #zoning lot# occupies less than the entire #street# frontage between intersecting #streets#, the arcade connects with an existing arcade of matching width and alignment, a #plaza# or an #urban plaza# on an adjacent #zoning lot#, so that unobstructed pedestrian flow along the entire #block#front is provided by the arcade in combination with such existing spaces.

(2)Full #block#front arcade

When a #zoning lot# occupies a full #block#front, both ends of the arcade on that #street# frontage shall be open and accessible directly from the sidewalk of the intersecting #street# or any other qualifying pedestrian circulation space.

(3)Permitted obstructions

Except for building columns, an arcade shall be free from obstructions of any kind.

(4)Specific prohibitions

No vehicular driveways, except as permitted under paragraph (a)(1) (Dimensions) of this Section, parking spaces, passenger drop-offs, loading berths or trash storage facilities are permitted within an arcade, nor shall such facilities be permitted immediately adjacent to an arcade.

In the Theater Subdistrict of the #Special Midtown District#, where a new #building# or #enlarged# portion of an existing #building# provides an arcade, no obstructions, including columns, shall be permitted within such arcade, and the maximum height of such arcade shall be 20 feet and the maximum width shall be 10 feet.

(5)Illumination

All existing and new arcades shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

(b)Building entrance recess area

A building entrance recess area is a space that adjoins and is open to a sidewalk or sidewalk widening for its entire length and provides unobstructed access to the building's lobby entrance or to the entrance to a ground floor #use#.

A building entrance recess area shall meet the following requirements:

(1)Dimensions

A building entrance recess area shall have a minimum length of 15 feet and a maximum length of 50 feet measured parallel to the #street line# at a building's lobby entrance and a maximum length of 30 feet parallel to the #street line# at a ground floor #use# entrance. It shall have a maximum depth of 15 feet measured from the #street line# and shall have a minimum depth of 10 feet measured from the #street line#.

(2)Obstructions

Any portion of a building entrance recess area under an overhanging portion of the #building# shall have a minimum clear height of 15 feet. It shall be free of obstructions except for building columns, between any two of which there shall be a clear space of at least 15 feet measured parallel to the #street line#. Between a building column and a wall of the #building#, there shall be a clear path at least five feet in width.

(3)Permitted overlap

A building entrance recess area may overlap with an arcade, a corner arcade, a corner circulation space or a

sidewalk widening, and may adjoin or overlap and connect directly without obstruction to another building entrance recess area except that, on any one #street# frontage, each lobby or ground floor #use# shall connect to only one building entrance recess area.

(c)Corner arcade

A corner arcade shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 27-60 (ARCADES). In lieu thereof, a corner arcade shall be a small covered space adjoining the intersection of two #streets# at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner arcade shall meet the following requirements:

(1)Dimensions

(i)a corner arcade shall have a minimum area of 200 square feet, a minimum depth of 15 feet measured along a line bisecting the angle of intersecting #street lines#, and shall extend along both #street lines# for at least 15 feet but not more than 40 feet from the intersection of the two #street lines#; and

(ii)the height of a corner arcade shall be not less than 12 feet and a clear path at least 12 feet wide shall be provided from one #street line# to another #street line#.

(2)Permitted obstructions

Except for building columns, a corner arcade shall be free from obstructions of any kind.

(3)Specific prohibitions

The specific prohibitions pertaining to an arcade as described in paragraph (a)(4) of this Section shall also by applicable to a corner arcade.

(4)Permitted overlap

A corner arcade may overlap with an arcade; however, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

(d) Corner circulation space

A corner circulation space is a small #open space# on the #zoning lot# of a #development# or #enlargement#, adjoining the intersection of two #streets#, at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner circulation space shall meet the following requirements:

(1)Dimensions

A corner circulation space shall have the same minimum dimensions as a corner arcade, as described in paragraph (c)(1) of this Section.

(2)Obstructions

A corner circulation space shall be completely open to the sky from its lowest level, except for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements does not exceed 20 percent of the area of the corner circulation space and that such elements and any attachments thereto are at least eight feet above #curb level#. A corner circulation space shall be clear of all other obstructions including, without limitation, door swings, building columns, #street# trees, planters, vehicle storage, parking or trash storage. No gratings, except for drainage, shall be permitted.

(3)Building entrances

Entrances to ground level #uses# are permitted from a corner circulation space.
An entrance to a building lobby is permitted from a corner circulation space, provided that the entrance is at no point within 20 feet of the intersection of the two #street lines# that bound the corner circulation space.

(4)Permitted overlap

A corner circulation space may overlap with a sidewalk widening.

(e)Relocation or renovation of a subway stair

When a #development# or #enlargement# is constructed on a #zoning lot# containing a relocated stairway entrance or entrances to a subway, or an existing stairway entrance or entrances to a subway, and such entrance or entrances are relocated or renovated in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair), one and a half times the area, measured at #street# level, of such entrance or entrances may count toward meeting the pedestrian circulation space requirement.

(f) Sidewalk widening

Sidewalk widenings provided to meet the requirements for pedestrian circulation space shall not be subject to the provisions of Sections 12-10 (DEFINITIONS), including the definition for #urban plaza#, and 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas). In lieu thereof, the provisions of this Section shall apply.

A sidewalk widening is a continuous paved open area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. A sidewalk widening shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where all existing #buildings# on the same #block# frontage, whether on the same or another #zoning lot#, provide sidewalk widenings.

A sidewalk widening shall meet the following requirements:

(1)Dimensions

A sidewalk widening shall have a width of no less than five feet nor more than 10 feet measured perpendicular to the #street line#, and shall be contiguous along its entire length to a sidewalk.

A sidewalk widening shall extend along the full length of the #front lot line# except for the portion of the #front lot line# interrupted by an existing #building# which is located at a #side lot line# or, in the case of a full #block# frontage, located at the intersection of two #streets#.

A required sidewalk widening on a #wide street# shall connect directly to any existing adjoining sidewalk widening and shall extend the entire length of the new #front lot line#.

The width of such a required sidewalk widening shall equal that of the existing adjoining sidewalk widening. If there is more than one such existing sidewalk widening, the width of such a required sidewalk widening shall equal that of the existing sidewalk widening that is longest.

A sidewalk widening is permitted on a #wide street# when not adjacent to an existing sidewalk widening only if either the sidewalk widening extends along the #street line# of the #wide street# for the full length of the #block# front, or the #zoning lot# is a #corner lot# and the sidewalk widening extends along the full length of the #street line# of the #wide street# to its intersection with the #street line# of the other #street# on which the #zoning lot# fronts.

Except for the permitted interruptions, as set forth in paragraph (f)(2) of this Section, a sidewalk widening is permitted on a #narrow street# only if it has a length of at least 100 feet.

(2)Permitted interruptions

Interruptions of the continuity of a qualifying sidewalk widening shall be permitted only under the following conditions:

(i)by an arcade that has a width equal to or greater than the width of the sidewalk widening and which is directly connected to the sidewalk widening;

(ii)if overlapped by a corner circulation space or a building entrance recess area that permits uninterrupted pedestrian flow;

(iii)if overlapped by an #urban plaza#, provided that the overlapping portion of such #urban plaza# conforms to the design standard of a sidewalk widening;

(iv)by an off-street subway entrance provided such an entrance is located at a #side lot line# or is located at the intersection of two #street lines#;

(v)if overlapped by the queuing space of a relocated or renovated subway entrance, provided that the queuing space for the entrance leaves at least a five foot uninterrupted width of sidewalk widening along the entire length of the queuing space; or

(vi)by a driveway that is located at a #side lot line#; however, where the #zoning lot# has a through #block# connection, a through #block# galleria or a through #block urban plaza# at such a #side lot line#, the location of its driveway is not restricted. The area occupied by the driveway, up to the width of the sidewalk widening, may be counted towards meeting the pedestrian circulation space requirement, provided that there shall be no change of grade within the area of the sidewalk widening.

(3) Permitted obstructions

A sidewalk widening shall be unobstructed from its lowest level to the sky except for those obstructions permitted under paragraph (f)(2) of this Section and for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements, measured on the plan, does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above #curb level#.

(4) Specific prohibitions

No #street# trees are permitted on a sidewalk widening. No vehicle storage, parking or storage of trash is permitted on a sidewalk widening. Gratings may not occupy more than 50 percent of the sidewalk widening area nor be wider than one half the width of the sidewalk widening.

(5) Special design treatment

When one end of the sidewalk widening abuts an existing #building# on the #zoning lot# or an existing #building# on the #side lot line# of the adjacent #zoning lot#, design treatment of the termination of the sidewalk widening is required to smooth pedestrian flow. The portion of the sidewalk widening subject to design treatment, hereinafter called the transition area, shall not extend more than 10 feet nor less than five feet along the sidewalk widening from its termination.

The transition area shall receive special design treatment which may include, but is not limited to, landscaping, sculpture or building transparency. The transition area shall be designed to effect a gradual change of the sidewalk widening width to match the #street wall# line of the existing #building# at the sidewalk widening's termination. This may be accomplished by a curved or diagonal edge of paving along a landscaped bed, the use of stepped edges of the #building# or other architectural treatment of the #building# or paving which avoids an abrupt visual termination of the sidewalk widening. Such special design treatment may be considered a permitted obstruction.

(g)Subway station improvement

For #developments# or #enlargements# that are granted a special permit pursuant to Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan), no more than 3,000 square feet may count toward meeting the pedestrian circulation space requirement.

Paragraph (h) has been adapted from Section 81-46 (Through Block Connection) which will be deleted. No new requirements have been added.

(h) Through #block# connection

A through #block# connection is a paved open or enclosed space providing unobstructed access to the building's main lobby and connecting, in a straight continuous unobstructed path, two parallel or nearly parallel #streets#.

Up to a maximum of 3,000 square feet of a through #block# connection may count towards the minimum pedestrian circulation space requirement.

A through #block# connection shall meet the following requirements:

(1) Location

(i) A through #block# connection shall be located at least 150 feet from the intersection of two #streets#.

(ii)Where the #zoning lot# or a portion thereof is directly across a #street# from, and opposite to, an existing through #block# connection on an adjacent #block# and the existing connection is at least 150 feet from the intersection of two #streets#, the alignment of the new through #block# connection shall overlap with that of the existing connection. Such existing connection may also be a through #block# galleria, through #block urban plaza# or any through #block# circulation area with a minimum width of 12 feet, which is located within a #building#.

(iii)Where there are already two through #block# connections located on the same #block#, a new through #block# connection shall not count towards meeting the pedestrian circulation space requirement.

(iv)No through #block# connection shall be permitted on any portion of a #zoning lot# occupied by a landmark or interior landmark so designated by the Landmarks Preservation Commission, or occupied by a #building# whose designation as a landmark or interior landmark has been calendared for public hearing and is pending before the Landmarks Preservation Commission.

(2)Design standards for a through #block# connection

(i)A through #block# connection shall provide a straight continuous unobstructed path at least 15 feet wide. If covered, the clear unobstructed height of a through #block# connection shall not be less than 15 feet.

(ii)At no point shall the level of a through #block# connection be more than five feet above or below #curb level#. In all cases, the through #block# connection must provide a clear path, accessible to people with disabilities, through its entire length.

(iii)A through #block# connection may be located inside or outside of a #building#. The area of a through #block# connection located within a #building# shall be counted as #floor area#.

(iv)A through #block# connection located partially or wholly within a #building# shall adjoin and connect directly to the building's main lobby via unobstructed openings with an aggregate width exceeding that of any other entrances to the lobby.

(v)A through #block# connection located wholly or partially outside a #building# shall provide unobstructed access directly to the building's main lobby through the major entrance. For the purposes of this Section, the major entrance shall be that entrance to the main lobby which has the greatest aggregate width of clear openings for access.

(vi)Any portion of a through #block# connection located outside a #building# shall be illuminated throughout with a minimum level of illumination of not less than five horizontal foot candles (lumens per candle). Such illumination shall be maintained throughout the hours of darkness.

(vii)A through #block# connection shall at a minimum be accessible to the public from 8:00 a.m. to 7:00 p.m. on the days the #building# or #development# is open for business and shall have posted, in prominent, visible locations at its entrances, signs meeting the standards set forth in paragraph (h)(2)(viii)(a) of this Section.

(viii)A through #block# connection shall provide the following information for public access at each public entry to the through #block# connection:

(a)For an unenclosed through #block# connection, the public access information shall be an entry plaque located at the entrance to the through #block# connection at each #street# frontage. The entry plaque shall contain:

(1)a public space symbol which is at least 14 inches square in dimension, has a white background, has a grid of four straight lines no greater than one-eighth inch wide and green in color and has a tree-shaped symbol as shown:

(Tree Symbol)

(2)lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and

(3)an international Symbol of Access for people with disabilities that is at least three inches square.

The entry plaque shall be mounted with its center five feet above the elevation of the nearest walkable pavement on a wall or a permanent freestanding post. It shall be placed so that the entire entry plaque is obvious and directly visible without any obstruction, along every line of sight from all paths of pedestrian access to the through #block# connection, in a position that clearly identifies the entry to the connection.

(b)For an enclosed through #block# connection or a portion thereof:

(1)a public space symbol as described in paragraph (h)(2)(viii) of this Section, not less than six inches square, shall be mounted with its center five feet above the elevation of the nearest walkable pavement;

(2)lettering stating "PUBLIC ACCESS TO STREET," indicating the opposite #street# to which the through #block# connection passes and which lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol; and

(3)lettering not more than two inches or less than one and a half inches in height stating "OPEN TO PUBLIC" with the hours and days of operation of the through #block# connection. This lettering shall be located not more than three inches from the public space symbol.

The above required information shall be permanently affixed on the glass panel of the entry doors of the through #block# connection clearly facing the direction of pedestrian flow. The information shall be located not higher

than six feet or lower than three feet above the level of the pedestrian path at the entry, and shall be in a format and color which will ensure legibility.

(i)Urban plaza

A maximum of 30 percent of the area of an #urban plaza# that faces a #street# intersection, or provides access to a major building entrance, may be counted toward meeting the pedestrian circulation space requirement.

A maximum of 3,000 square feet of a through #block urban plaza# may be counted toward meeting the pedestrian circulation space requirement.

For all other #urban plazas#, the first 10 feet of depth from the #street line# may be counted toward meeting the pedestrian circulation space requirement, provided that the #urban plaza# conforms to the design standards of a sidewalk widening as set forth in paragraph (f) of this Section.

All #urban plazas# shall comply with Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

Any area of permitted overlap between pedestrian circulation spaces or other amenities shall be counted only once toward meeting the required amount of pedestrian circulation space. Unobstructed access shall be provided between overlapping spaces.

The following is a revision of Section 81-454 (Modification of design standards of pedestrian circulation spaces within existing buildings), which will be deleted. No new requirements will be added.

37-074
Modification of design standards of pedestrian circulation spaces within existing buildings

The City Planning Commission may authorize a modification of any required minimum amount of pedestrian circulation space to be provided on #wide street# frontages and design standards, as indicated, for the following required pedestrian circulation spaces, to be provided within or under an existing #building# to remain on a #zoning lot#:

(a)Arcade: minimum width, minimum height, obstructions, minimum clear width between obstructions, minimum length, column sizes

(b)Building entrance recess area: minimum length, minimum depth from #street line#, minimum height, obstructions, clear space between obstructions and clear space between obstructions and building wall

(c)Corner arcade or corner circulation space: minimum depth, minimum width of clear path, minimum height, obstructions

(d)Through #block# connection: minimum width of unobstructed path, minimum height, through #block# level

The Commission may authorize a modification of design standards for pedestrian circulation spaces when the following conditions are met:

(1)a modification is needed because of the inherent constraints of the existing #building#;

(2)the modification is limited to the minimum needed because of the inherent constraints of the existing #building#; and

(3)the pedestrian circulation space being modified shall be equal in area, and substantially equivalent, to the required space in terms of quality, effectiveness and suitability for public use.

Existing Sections 81-53 and 74-634 both permit bonus floor area for subway station improvements in accordance with essentially the same requirements. They are proposed to be combined into one action under Section 74-634 which would apply city-wide. No new requirements would be added.

74-634
Subway station improvements in commercial zones of 10 FAR and above in Manhattan

The City Planning Commission may **grant,** by special permit, *after public notice and hearing and subject to a Board of Estimate action, grant* **a** #floor area# bonuses, *modify Section 37-01 (Special Urban Design Guidelines-Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), the provisions of #urban open space# in Section 12-10 (DEFINITIONS), and in a C5-5 District, height and setback and #rear yard# regulations* **up to but not exceeding 20 percent of the basic maximum #floor area ratio# permitted by the underlying district regulations, and may waive or modify the provisions of Article III, Chapter 7 (Special Regulations) and the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity Along Designated Streets)** for #developments# or #enlargements# **located on #zoning lots# where** *which provide* major improvements *for to* adjacent subway stations **are provided** in accordance with the provisions of this Section. **For the purposes of this Section, "adjacent" shall mean that upon completion of the improvement, the #zoning lot# will** *The subway stations in districts where such improvements may be constructed are listed in paragraph (a) of this Section. The #zoning lot# for the #development# or #enlargement# on which such #floor area# bonus is requested shall be adjacent to the subway station for which the improvement is proposed. The selection of subway station improvements shall be on a case-by-case basis and shall be subject to the approval of the Metropolitan Transportation Authority, New York City Transit and the City Planning Commission. All such improvements shall comply with all applicable design standards of the current station planning guidelines of New York City Transit.

(b)Compliance with Transit Authority design standards

The subway station improvement shall comply with all applicable design standards of the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975 and as may be subsequently revised).

(c)Procedure

(1)Pre-application

The applicant shall submit schematic or concept plans for the proposed improvement to the Metropolitan Transportation Authority, the Transit Authority and the City Planning Commission.

(2)Application pre-certification

After review and agreement on the concept by the Metropolitan Transportation Authority, Transit Authority and the City Planning Commission, the applicant shall submit necessary documentation in conformance with the New York City Transit Authority's "Guidelines for Submission and Approval of Outside Projects". Prior to certification by the City Planning Commission, the Transit Authority shall provide a letter to the Commission containing conceptual approval of the improvement and a statement of any special considerations regarding the Transit Authority's future operation of the improvement.

(3)The special permit application to the City Planning Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the City from the proposed improvement and determining the appropriate amount of bonus #floor area# and for making the findings for the modifications of Section 37-01, Section 37-02 and height and setback regulations in C5-5 Districts.

(4)The special permit application shall include any request for modification of special urban design guidelines pursuant to Section 74-634 paragraph (e) and of height and setback and #rear yard# regulations pursuant to Section 74-634 paragraph (f).

(5)Uniform Land Use Review Procedure - certification

The City Planning Commission shall not certify any application under the Uniform Land Use Review Procedure until the requisite letter from the Transit Authority has been received and incorporated in the application. Such letter may be subject to subsequent execution of a final agreement with the developer.

(6)Prior to the granting of a special permit:

(i)the Transit Authority shall have submitted a letter to the City Planning Commission:

(a)stating that the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and such other elements as may be appropriate; and

(b)confirming that the construction of the subway improvement in accordance with such submission is feasible; and

(ii)the applicant shall sign a legally enforceable instrument, running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(7)The restrictive declarations and any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for the borough in which the improvement or easement is being created, and a certified copy of the instrument shall be submitted to the City Planning Commission and the Transit Authority.

(8)Prior to obtaining a temporary certificate of occupancy for the bonus #floor area#, the bonused subway improvement shall be substantially complete, which shall, for this purpose, mean usable by the public, as determined by the Transit Authority.

(9)Prior to obtaining a permanent certificate of occupancy, the bonused subway improvement must be 100 percent complete in accordance with the approved plans and such completion shall have been certified by the Transit Authority.

(d)Floor area bonus

The amount of the #floor area# bonus shall be at the discretion of the City Planning Commission and may range from no #floor area# bonus to the maximum amount allowable by special permit pursuant to the provisions of this Section. For a #residential# or mixed-#use development#, when a #floor area# bonus is granted pursuant to this Section, alone or in combination with other bonuses, the #lot area# requirements of Section 23-20 (DENSITY REGULATIONS-REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM, OR FLOOR AREA PER ROOM) and 35-40 (APPLICABILITY OF LOT AREA REQUIREMENTS TO MIXED BUILDINGS) shall not apply. Instead for every 750 square feet of gross #residential floor area# provided, there shall be not more than one #dwelling unit#. In determining whether to grant a special permit and the precise amount of #floor area# bonus pursuant to the special permit, the Commission shall make all of the following findings:

(1)the degree to which the station's general accessibility, rider orientation and safety will be improved by the provision of new connections, additions to circulation space or easing of circulation bottlenecks;

(2)provision of escalators or elevators where justified by traffic or depth of mezzanine or platform below #street# level;
(3)convenience and spaciousness of #street# level entrance and compatible relationship to the ground floor #uses# of the #development# or #enlargement#;

(4)improvements in the station's environment by provision for daylight access, or improvements to noise control, air quality, lighting or other architectural treatments.

(e)Modification of special urban design guidelines and urban open space

The City Planning Commission may modify the requirements of Section 37-01 (Special Urban Design Guidelines-Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), and the requirement for #urban open space# in Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas) if it finds the provisions of a subway improvement cannot be accommodated without modification to these requirements.

(f)Modification of height and setback and yard regulations

In a C5-5 District, in the case of on-site subway station improvements that generate #floor area# bonus pursuant to Section 74-634, the City Planning Commission may permit modification of the applicable regulations in Sections 33-26 to 33-30, inclusive, relating to #rear yard# regulations, or in Sections 33-41 to 33-45, inclusive, relating to height and setback regulations.

The City Planning Commission may grant such modification upon consideration that the applicable height and setback or #rear yard# regulations cannot be complied with by some method feasible for the applicant to pursue because of the provision of a subway station improvement, the size or irregular shape of the lot, the size or irregular shape of the #block# or width of #streets#. The Commission shall also consider the characteristics of surrounding development. The Commission shall require, where appropriate, sufficient safeguards to insure the free flow of pedestrian and vehicular traffic in the general area.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

The following paragraphs incorporate existing requirements in the preceding paragraphs that are proposed to be deleted: (b), (c)(1) through (c)(9), (d)(1) through (d)(4), (e) and (f) - and those in Section 81-534 (Procedure) which would also be deleted.

(a)Pre-application requirements

Prior to submitting an application for a special permit pursuant to this Section, the applicant shall submit a schematic or concept plan for the proposed improvement to the Metropolitan Transportation Authority, New York City Transit and the Chairperson of the City Planning Commission.

(b)Requirements for application

An application for a special permit pursuant to this Section shall include a letter from New York City Transit to the City Planning Commission containing conceptual approval of the improvement and a statement of any special considerations regarding New York City Transit's future operation of the improvement. The applicant shall submit all information and justification sufficient to enable the Commission to:

(1)evaluate the benefits to the City;

(2)determine the appropriate amount of bonus #floor area#; and

(3)where applicable, assess the advantages and disadvantages of waiving or modifying #street wall# continuity requirements.

(c)Findings

(1)In determining the amount of #floor area# bonus, the City Planning Commission shall consider:

(i)the degree to which the general accessibility and/or security of the subway station will be improved by the provision of new connections, additions to or reconfiguration of circulation space, including provision of escalators or elevators; and

(ii)the degree to which significant improvements to the station's environment by provision for direct daylight access, or improvements to noise control, air quality, lighting or rider orientation and appropriate integration of the #street# level entryway into the #development# or #enlargement# will occur.

(2)In determining modifications to the requirements of Article 3, Chapter 7 (Special Regulations), the Commission shall find that the provisions of a subway improvement cannot be accommodated without modification to these requirements.

(3)In determining modifications to the #street wall# continuity provisions of Section 81-43 in the #Special Midtown District#, the Commission shall find that the modification will permit the proposed design to provide for improved access of daylight or air to the subway platform, mezzanine or concourse and that the advantages of such access outweigh the disadvantages incurred by the interruption of #street wall# and retail continuity.

(4)Within the #Special Midtown District#, for a #development# or #enlargement# within the Theater Subdistrict on a #zoning lot# containing a theater designated as listed pursuant to Section 81-742 (Listed theaters), the Commission shall find that the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) have been met.

(5)Within the #Special Midtown District#, for a #development# or #enlargement# located on a #zoning lot# divided by a Theater Subdistrict Core boundary, as defined in Section 81-71 (General Provisions), the amount of #lot area# eligible for determining permitted bonus #floor area# shall not exceed an amount equal to twice the #lot area# of that portion of the #zoning lot# located outside the Theater Subdistrict Core.

(d)Procedural requirements

Prior to the granting of a special permit, the City Planning Commission shall be provided with the following:

(1)a letter from New York City Transit stating that the drawings and other documents submitted by the applicant have been determined by New York City Transit to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems, materials, relationship to existing site conditions and such other conditions as may be appropriate, and that the construction of the subway improvement in accordance with such submission is feasible.

(2)a legally enforceable instrument running with the land and signed by the applicant and all parties in interest, other than parties in interest who have waived and subordinated their interests, containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and provide capital maintenance for the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(e) Density

For a #residential# or mixed #development#, when a #floor area# bonus is granted pursuant to this Section, alone or in combination with other bonuses, the #lot area# requirements of Sections 23-20 (DENSITY REGULATIONS-REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM OR FLOOR AREA PER ROOM) and 35-40 (APPLICABILITY OF LOT AREA REQUIREMENTS TO MIXED BUILDINGS) shall not apply. Instead, for every 790 square feet of #residential floor area# provided, there shall be not more than one #dwelling unit#.

(g) Recordation & completion procedures

Any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York and a certified copy of the instrument shall be submitted to the City Planning Commission and New York City Transit. The applicant shall not apply for nor accept a temporary certificate of occupancy for the bonus #floor area#, and the Department of Buildings shall not issue such a temporary certificate of occupancy, until New York City Transit has determined that the bonused subway improvement is substantially complete which shall, for this purpose, mean open to and usable by the public.

The applicant shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue such permanent certificate of occupancy, until the bonused subway improvement has been completed in accordance with the approved plans and such completion has been certified by New York City Transit.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

Chapter 1
Special Midtown District

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a)to strengthen the business core of Midtown Manhattan by improving the working and living environments;

* * *

(h)to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i)to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j)to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton Community to the west;

*(i)***(k)**to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

*(j)***(l)**to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

*(k)***(m)**to preserve the midblock area around the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;
*(l)***(n)**to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

*(m)***(o)**to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

*(n)***(p)**to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

81-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), in Section 81-261 (Definitions), or in Section 81-271 (Definitions).

Special Midtown District
(repeated from Section 12-10)

The "Special Midtown District" is a Special Purpose District designated by the letters "MiD" in which special regulations set forth in Article VIII, Chapter 1, apply. The #Special Midtown District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement and modify those of the districts on which it is superimposed.

Special Clinton District
(repeated from Section 12-10)

The #Special Clinton District# is a Special Purpose District designated by the letters "CL" in which the regulations set forth in Article IX, Chapter 6 apply.

81-022
Applicability of Special Transit Land Use District regulations

* * *

81-023
Applicability of Special Clinton District Regulations

Wherever the #Special Midtown District# includes an area which also lies within the #Special Clinton District#, the regulations of the #Special Clinton District# as set forth in Article IX, Chapter 6, shall also apply. However, if there is any conflict or discrepancy between the regulations, the Special Midtown District regulations shall supersede the Special Clinton District regulations.

The portion of the #Special Clinton District# within the #Special Midtown District# includes the area bounded by a line 150 feet west of Eighth Avenue, West 56th Street, Eighth Avenue and West 42nd Street. The area is designated on the #zoning maps# by the letters CL-MiD.

81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special subdistricts are established within the #Special Midtown District#. In each of these subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The subdistricts, together with the sections of this Chapter specially applying to each, are as follows:

Sections Having Subdistricts
Special Application
The Grand Central Subdistrict
81-60
The Theater Subdistrict
81-70
The Fifth Avenue Subdistrict
81-80
The Preservation Subdistrict 81-90

The subdistricts are also subject to all other regulations of the #Special Midtown District#, **and, where applicable pursuant to Section 81-023, the #Special Clinton District#,** and the underlying districts, except as otherwise specifically provided in the subdistrict regulations themselves.

81-062
Applicability of Chapter 4 of Article VII

Within the #Special Midtown District#, the following provisions regarding special permits by the City Planning Commission shall not be applicable:

Section 74-72(Bulk Modification)

Section 74-74(General Large-Scale Development)

Section 74-75(Educational Construction Fund Projects)

* * *

81-063
Regulations for Developments or Enlargements on Lots Divided by District Boundaries, Within or Partially Within the Theater Subdistrict

Within the Theater Subdistrict of the #Special Midtown District#, the provisions of Chapter 7 of Article VII (Special Provisions for Zoning Lots Divided by District Boundaries) are modified in part by the provisions of Section 81-746 (*Special modification of* **Additional** provisions for zoning lots divided by district **or subdistrict core** boundaries).

* * *

81-20
BULK REGULATIONS

81-21
Floor Area Ratio Regulations

The #floor area ratio# regulations of the underlying districts are modified in accordance with the provisions of this Section or Section 81-241 (Maximum floor area ratios for a residential building or the residential portion of a mixed building).

81-211
Maximum floor area ratio for non-residential or mixed buildings

(a)For non-#residential buildings# or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.

(b)In the #Special Midtown District, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

PG
TABLE NOT INCLUDED - AVAILABLE IN HARD COPY FORMAT IN THE PRINTED CALENDAR, WHICH IS AVAILABLE FROM THE CALENDAR OFFICE AT 22 READE STREET, NEW YORK, NEW YORK 10007PG

81-22
As-of-Right Floor Area Bonuses

As-of-right #floor area# bonuses are not permitted in the #Special Midtown District#, except in accordance with the provisions of the following Sections:

Section 81-23 (Floor Area Bonus for Urban Plazas)

Section 81-748 (Floor area bonus for through block gallerias)

In addition, the provisions of Article II, Chapter 3, Section 23-90 (Inclusionary Housing) shall be applicable in that portion of the #Special Midtown District# which is also within the #Special Clinton District# pursuant to Section 81-023 (Applicability of the Special Clinton District Regulations).

Any floor area bonus granted by certification for through block gallerias prior to (the effective date of this amendment) shall remain in effect, provided however that such certification shall automatically lapse if substantial construction, in accordance with the plans for which such certification was granted, has not been completed within four years from the effective date of such certification.

81-23
Floor Area Bonus for Urban Plazas

Within the #Special Midtown District#, for each square foot of #urban plaza# provided on a #zoning lot#, the basic maximum #floor area# permitted on that #zoning lot# under the provisions of Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) may be increased by six square feet, provided that in no case shall such bonus #floor area# exceed a #floor area ratio# of 1.0.

This Section shall be applicable in all underlying districts throughout the #Special Midtown District#, except that:

(a)there shall be no #floor area# bonus for an #urban plaza# on #zoning lots# in the C5P District within the Preservation Subdistrict;

(b)no #development# or #enlargement# on a #zoning lot# shall receive a bonus for an urban plaza that is within 50 feet of a #street line# of a designated #street# on which retail or #street wall# continuity is required, pursuant to Sections 81-42 (Retail Continuity Along Designated Streets) or 81-43 (Street Wall Continuity Along Designated Streets);

(c)no #development# or #enlargement# on a #zoning lot#, **any portion of which is** within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions), shall receive a bonus for an #urban plaza#; and

(d)there shall be no #floor area# bonus for an #urban plaza# on #zoning lots# in the Grand Central Subdistrict.

All #urban plazas# provided within the #Special Midtown District# shall comply with the requirements for #urban plazas# set forth in Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

A major portion of an #urban plaza# may overlap with a sidewalk widening which may be provided to fulfill the minimum pedestrian circulation space requirements set forth in Section 81-45 (Provision of Pedestrian Circulation Space), provided that the overlapping portion of the #urban plaza# also conforms to the design standards of Section *81-45* **37-07** for a sidewalk widening. Such sidewalk widening may be included in the major portion of an #urban plaza# for purposes of calculating the proportional restrictions set forth in Section 37-04, paragraph (e).

81-24
Floor Area, Density and Building Spacing Regulations for Residential Uses

81-241
Maximum floor area ratios for a residential building or the residential portion of a mixed building

For #residential buildings# or #residential# portions of #mixed buildings# in the #Special Midtown District#, the maximum #floor area ratio# for each underlying district is as follows:

(a)In the C5-P District the maximum #floor area ratio# is 8.0, and no additional #floor area# shall be allowed above this limit.

(b)In all underlying districts other than the C5-P District, except as provided in paragraph (c) of this Section, the maximum #residential floor area ratio# is 10.0.

(c)A #residential building# or the #residential# portion of a #mixed building# in any underlying district other than a C5-P, C6-4 or C6-5 District **or a #residential building# or the #residential# portion of a #mixed building# in a C6-4 or C6-5 District within the Theater Subdistrict which has been granted bonus #floor area# or other #floor area# allowances in accordance with the provisions of Section 81- 741 (General provisions),** shall qualify for a maximum #residential floor area ratio# of 12.0 if the #building# includes recreational space for the #residential# occupants in an amount not less than 6.5 square feet for each #room#, or a total area of at least 5,000 square feet, whichever is greater. The recreational space may be located at any level including a roof. Such recreational space shall:

(1)be restricted to #residential# occupants of the #building# and their guests for whom no admission or membership fees may be charged;

(2)be directly accessible from a lobby or other public area served by the #residential# elevators;

(3)be landscaped including trees or shrubbery, except where covered or developed with recreational facilities and seating areas;

(4)contain not less than 500 square feet of continuous area on a single level with no dimension of less than 15 feet;

(5)have not less than 50 percent of the area open from its lowest level to the sky. The remaining portion may be roofed and up to 50 percent of its perimeter may be enclosed. In no event may more than 25 percent of the required recreational space be fully enclosed. All enclosures shall be transparent except when located within the #building#. Covered areas shall contain recreational facilities or seating areas.

A copy of requirements (1) through (5) set forth in this paragraph shall be permanently posted in a conspicuous place within each recreational space.

(d)A #residential building# or the #residential# portion of a #mixed building# in a C6-4 or C6-5 underlying district within the Theater Subdistrict may qualify for bonus #floor area# or other #floor area# allowances in accordance with the provisions of Section 81- 741 (General provisions), provided that the #residential floor area ratio# with such #floor area# allowances shall not exceed 12.0 and that such #building# also provides recreational space for the #residential# occupants in accordance with the requirements of paragraph (c) of this Section.
(e)The applicable maximum #floor area ratio# for a #residential building# or the #residential# portion of a #mixed building# shall not be increased by any bonuses or other #floor area# allowances except as provided in paragraph (c) or (d) of this Section.

* * *

81-25
General Provisions Relating to Height and Setback of Buildings

For all #buildings# in the #Special Midtown District#, except as provided in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT), the height and setback regulations of the underlying districts, *including tower regulations*, are superseded by the provisions of this Section, and by the two alternate sets of regulations controlling the height and setback of #buildings#, as set forth in Sections 81-26 and 81-27 respectively.

An applicant for plan approval by the Department of Buildings may elect to be governed by the provisions of either Section 81-26 (Height and Setback Regulations - Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation) in addition to the provisions of this Section. *and of Section 81-622 (Special height and setback requirements) applicable to a #development# or #enlargement# within the Grand Central Subdistrict.*

This Section sets forth the provisions which are common to both sets of regulations.

* * *

81-40
MANDATORY DISTRICT PLAN ELEMENTS

* * *

81-43
Street Wall Continuity Along Designated Streets

* * *

Pedestrian circulation spaces may be provided to meet the requirements of Section 81-45 **(Pedestrian Circulation Space),** *81-46 or 81-47* subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station improvement for which bonus #floor area# is granted, in accordance with the provisions of Section *81-53* **81-511** (Subway Station Improvements).

* * *

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 42nd Street, 34th Street or 57th Street frontages. **Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue.** Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.
For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83)

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

81-45
Provision of Pedestrian Circulation Space

Within the boundaries of the #Special Midtown District#, except as provided in Section 81-453 (Exemptions from the pedestrian circulation space requirements), all new #developments# or #enlargements# on #zoning lots# of 5,000 square feet or larger and providing more than 70,000 square feet of new #floor area#, shall provide a minimum amount of pedestrian circulation space at the rate provided in Table A.

TABLE A
MINIMUM PEDESTRIAN CIRCULATION SPACE REQUIREMENTS
Lot Size in Square Feet | *Minimum Area of Pedestrian Circulation Space*
5,000 to 20,000 | *1 square foot per 350 square feet of new #floor area#*
Above 20,000 | *1 square foot per 300 square feet of new #floor area#*

The pedestrian circulation space provided shall be of one or more of the following types: sidewalk widening, arcade, corner arcade, corner circulation space, building entrance recess area, through #block# connection, subway stair relocation, renovation or reconstruction of a subway stair pre-existing on the #zoning lot#, or off-street rail mass transit access improvement.

Each #zoning lot# shall be categorized as either a #corner lot#, #through lot# or #interior lot#, and pedestrian circulation space shall be provided on each #zoning lot# in at least one of the applicable types or combinations of types outlined in Table B.

Such pedestrian circulation space shall meet the requirements set forth in Sections 81-451 (Design standards for pedestrian circulation spaces), 81-46 (Through Block Connection), 81-47 (Off-Street Relocation or Renovation of a Subway Stair) or 81-49 (Off-Street Improvement of Access to Rail Mass Transit Facility). Arcades shall not be subject to the provisions of Section 27-60 (ARCADES), and sidewalk widenings shall not be subject to the provisions of Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

In addition, certain amenities for which bonuses are granted may count toward the minimum area of pedestrian circulation space in accordance with the provisions of Section 81-452 (Bonused amenities qualifying as pedestrian circulation spaces).

Any area of permitted overlap between pedestrian circulation spaces or amenities shall be counted only once toward the minimum area of pedestrian circulation space. Unobstructed access shall be provided between overlapping spaces.

arcades or sidewalk widenings shall be permitted on Fifth Avenue, 42nd Street, 34th Street or 57th Street frontages or on any #street# frontage within the Preservation Subdistrict. Between 43rd and 50th Streets, no arcades shall be permitted parallel to and along Seventh Avenue or Broadway and where pedestrian circulation space is provided along such #street# frontages, #signs# and marquees shall be permitted as exceptions to the requirements related to obstructions or permitted obstructions of Section 81-451 (Design standards for pedestrian circulation spaces). Special dimensional requirements for arcades and sidewalk widenings along designated #streets# are set forth in Section 81-43 (Street Wall Continuity along Designated Streets).

New #developments# or #enlargements# on a #zoning lot# having a full #block# frontage on a #wide street# other than Fifth Avenue, 42nd Street, 34th Street, or 57th Street shall provide a minimum of 50 percent of their required pedestrian circulation space on that #wide street#.

In the case of a #zoning lot# having two full #block# frontages on #wide streets#, this minimum amount may be allocated on either one or both #wide streets#; where each #street# bounding a #zoning lot# with at least one full #block# frontage is a #wide street#, the minimum amount may be allowed on one or more of those #wide streets#.

Within the #Special Midtown District#, all new #developments# or #enlargements# on #zoning lots# of 5,000 square feet or larger with more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The requirements for pedestrian circulation space may be met by providing one or more of the following types of spaces: arcade, building entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through #block# connection or #urban plaza#. Design requirements and, where applicable, the maximum amount of each space that may be counted towards the minimum pedestrian circulation space requirement are set forth in Section 37-07 (Requirements for Pedestrian Circulation Space).

In addition, the following may be counted towards meeting the minimum pedestrian circulation space requirement:

(a)up to a maximum of 3,000 square feet of an access improvement to rail mass transit provided pursuant to Section 81-49 (Off-street Improvement of Access to Rail Mass Transit Facility);

(b)within the Theater Subdistrict, theater waiting space provided pursuant to Section 81-451 (Theater waiting space).

New #developments# or #enlargements# on a #zoning lot# having a full #block# frontage on a #wide street# other than Fifth Avenue, 42nd Street, 34th Street or 57th Street shall provide a minimum of 50 percent of their required pedestrian circulation space on that #street#. In the case of a #zoning lot# having two full #block# frontages on #wide streets#, this minimum amount may be allocated on either one or both #wide streets#; where each #street# bounding a #zoning lot# with at least one full #block# frontage is a #wide street#, the minimum amount may be allowed on one or more of those #wide streets#.

However, pedestrian circulation space shall not be required if any of the following conditions exist:

(a)the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b)the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street# frontage;

(c)the #zoning lot# is an #interior# or #through lot# fronting only on a #street# or #streets# where arcades, sidewalk widenings or #urban plazas# are prohibited;

(d)the #zoning lot# is an #interior lot# fronting on either 34th Street, 42nd Street, 57th Street or Fifth Avenue, with another interior frontage of lesser length on any other #street#; or

(e)the #zoning lot# is a #through lot# with both #street# frontages less than 25 feet in length.

Arcades or sidewalk widenings shall not be permitted on 34th Street, 42nd Street, 57th Street or Fifth Avenue frontages or on any #street# frontage within the Preservation Subdistrict. Between 43rd and 50th Streets, no arcades shall be permitted parallel to and along Seventh Avenue or Broadway. Where pedestrian circulation space is provided along Seventh Avenue or Broadway between 43rd and 50th Streets, #signs# and marquees shall be permitted as exceptions to the requirements relating to obstructions or permitted obstructions in Section 37-07 (Requirements for Pedestrian Circulation Space). Special dimensional requirements for arcades and sidewalk widenings along designated #streets# are set forth in Section 81-43 (Street Wall Continuity Along Designated Streets).

81-451
Design standards for pedestrian circulation spaces
Theater waiting space

(a) Sidewalk widening

A sidewalk widening is a continuous paved open area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. A sidewalk widening shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where all existing #buildings# on the same #block# frontage, whether on the same or another #zoning lot#, provide sidewalk widenings. A sidewalk widening shall meet the following requirements:

(1)Dimensions

A sidewalk widening shall have a width of no less than 5 feet nor greater than 10 feet measured perpendicular to the #street line#, and shall be contiguous along its entire length to a sidewalk. Except for the permitted interruptions, as set forth in paragraph (a)(2), a sidewalk widening is permitted on a #narrow street# only if it has a length of at least 100 feet.

It shall extend along the full length of the #front lot line# except for the portion of the #front lot line# interrupted by an existing #building# which is located at a #side lot line# or, in the case of a full #block# frontage, located at the intersection of two #streets#. A required sidewalk widening on a #wide street# shall connect directly to any existing adjoining sidewalk widening and shall extend the entire length of the new #front lot line#.

The width of such a required sidewalk widening shall equal that of the existing adjoining sidewalk widening. If there is more than one such existing sidewalk widening, the width of such a required sidewalk widening shall equal that of the existing sidewalk widening that is longest.

A sidewalk widening is permitted on a #wide street# when not adjacent to an existing sidewalk widening only if either the sidewalk widening extends along the #wide street line# for the full length of the #block# front, or the #zoning lot# is a #corner lot# and the sidewalk widening extends along the full length of the #wide street street line# to its intersection with the other #street street line# on which the #zoning lot# fronts.

(2)Permitted interruptions

Only under the following conditions shall any interruptions of the continuity of a qualifying sidewalk widening be permitted:

(i)A sidewalk widening may be interrupted by an arcade which has a width equal to or greater than the width of the sidewalk widening and which is directly connected to the sidewalk widening.

(ii)A sidewalk widening may be overlapped by a corner circulation space or a #building# entrance recess area which permits uninterrupted pedestrian flow.

(iiiA sidewalk widening may be overlapped by an #urban plaza# as set forth in Section 81-23, provided that the overlapping portion of such #urban plaza# conforms to the design standard of a sidewalk widening.

(iv)An off-street subway entrance may interrupt a sidewalk widening provided such an entrance is located at a #side lot line# or is located at the intersection of two #street lines#.

(v)A sidewalk widening may be overlapped by the queuing space of a relocated or renovated subway entrance provided that the queuing space for the entrance leaves at least a 5 foot uninterrupted width of sidewalk widening along the entire length of the queuing space.

(vi)A sidewalk widening may be interrupted by a driveway that is located at a #side lot line#; however, where the #zoning lot# has a through #block# connection, or a through #block urban plaza#, or a through #block# galleria at such a #side lot line#, the location of its driveway is not restricted. The area occupied by the driveway, up to the width of the sidewalk widening, may be counted towards meeting the pedestrian circulation space requirement, provided that there shall

be no change of grade within the area of the sidewalk widening.

(3) Permitted obstructions

A sidewalk widening shall be unobstructed from its lowest level to the sky except for those obstructions permitted under paragraph (5) of this Section and for temporary elements of weather protection, such as awnings or canopies, provided that the total area (measured on the plan) of such elements does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least 8 feet above #curb level#.

(4) Specific prohibitions

No #street# trees are permitted on a sidewalk widening. No vehicle storage, parking or trash storage is permitted on a sidewalk widening. Gratings may not occupy more than 50 percent of the sidewalk widening area nor be wider than one half the width of the sidewalk widening.

(5) Special design treatment

When one end of the sidewalk widening abuts an existing #building# on the #zoning lot# or an existing #building# on the #side lot line# of the adjacent #zoning lot#, design treatment of the termination of the sidewalk widening is required to smooth pedestrian flow. The portion of the sidewalk widening subject to design treatment, hereinafter called the transition area, shall not extend more than 10 feet nor less than 5 feet along the sidewalk widening from its termination.

The transition area shall receive special design treatment which may include, but is not limited to, landscaping, sculpture, or #building# transparency. The transition area shall be designed to effect a gradual change of the sidewalk widening width to match the #street wall# line of the existing #building# at the sidewalk widening's termination. This may be accomplished by a curved or diagonal edge of paving along a landscaped bed, the use of stepped edges of the #building#, or other architectural treatment of the #building# or paving which avoids an abrupt visual termination of the sidewalk widening. Such special design treatment may be considered a permitted obstruction.

(b) Corner circulation space

A corner circulation space is a small #open space# on the #zoning lot# of a #development# or #enlargement#, adjoining the intersection of two #streets#, at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times. A corner circulation space shall meet the following requirements:

(1)Dimensions
A corner circulation space shall have a minimum area of 200 square feet, a minimum depth of 15 feet measured along a line bisecting the angle of intersecting #street lines#, and shall extend along both #street lines# for at least 15 feet but not more than 40 feet from the intersection of the two #street lines#.

(2)Obstructions

A corner circulation space shall be completely open to the sky from its lowest level, except for temporary elements of weather protection, such as awnings or canopies; provided that the total area of such elements does not exceed 20 percent of the corner circulation space area; and that such elements and any attachments thereto are at least 8 feet above #curb level#. A corner circulation space shall be clear of all other obstructions including, without limitation, door swings, building columns, #street# trees, planters, vehicle storage, parking or trash storage. No gratings except for drainage are permitted.

(3)Building entrances

Entrances to ground level #uses# are permitted from a corner circulation space. An entrance to a building lobby is permitted from a corner circulation space, provided that the entrance is at no point within 20 feet of the intersection of the two #street lines# that bound the corner circulation space.

(4)Permitted overlap

A corner circulation space may overlap with a sidewalk widening.

(c) Arcade

An arcade is a continuous covered space which adjoins and extends along a #front lot line#, is at the same elevation as the adjoining sidewalk, is open for its entire length to the sidewalk except for columns and is accessible to the public at all times. An arcade shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where the #zoning lot# lies directly adjacent to an existing arcade on a #wide street#, except where an existing #building# without an arcade extends along a portion of the #wide street front lot line# of the #zoning lot# containing the new #development# or #enlargement#.

An arcade shall meet the following requirements:

(1)Dimensions

An arcade with columns shall have a minimum clear width of 10 feet exclusive of all columns and a maximum width of 15 feet inclusive of columns. No column width shall be greater than 5 feet. Columns shall be spaced along the #street# with a minimum clear width between columns of 15 feet. An arcade shall have a clear height of not less than 12 feet.

(i)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade without columns is permitted only if:

(a)it has a continuous unobstructed minimum length of 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, the full length of the new #building# frontage, whichever is greater; and

(b)the entire #front lot line# shall be unobstructed for the same depth of the arcade, except for that portion of the #front lot line# occupied by an existing #building#.

(ii)On an #interior lot# or on a #through lot# fronting on a #narrow street#, an arcade with columns is permitted only if it connects directly to an existing arcade on an adjacent lot matching it in width and alignment and has a continuous, unobstructed minimum length beyond the existing adjacent arcade of at least 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, for the full length of the new #building# frontage, whichever is greater.

(iiiOn the #narrow street# frontage of a #corner lot#, an arcade is permitted only if it extends for the full length of the #street# frontage, with the exception of a driveway for a required loading berth located at the #side lot line# of the #zoning lot#, or if the arcade provides unobstructed pedestrian flow along such entire frontage in combination with one or more of the following other spaces with which it connects at one or both ends: an intersecting #street#, an intersecting sidewalk widening, a corner arcade, a #plaza#, an #urban plaza#, a through #block# connection, a through #block# galleria, a relocated or renovated subway entrance, or an off-street rail mass transit access improvement.

(iv)On a #wide street#, an arcade is permitted only if:

(a)the arcade extends along the full length of the #street line# between intersecting #streets#; or

(b)in the case of a #building# that occupies less than the entire #street# frontage between intersecting #streets#, on a full #block# front #zoning lot#, unobstructed pedestrian flow along the entire frontage is provided on the #zoning lot# by the arcade in combination with one or more of the following #open spaces# with which the arcade connects at one or both ends: an intersecting sidewalk widening, a corner circulation space, a #plaza# or an #urban plaza#; or

(c)in the case of a #building# whose #zoning lot# occupies less than the entire #street# frontage between intersecting #streets#, the arcade connects with an existing arcade of matching width and alignment as required in this paragraph (iv)(c), a #plaza# or an #urban plaza# on an adjacent #zoning lot#, so that unobstructed pedestrian flow along the entire #block# front is provided by the arcade in combination with such existing spaces.

(2)Full #block# front arcade

When a #zoning lot# occupies a full #block# front, both ends of the arcade on that #street# frontage shall be open and accessible directly from the sidewalk of the intersecting #street# or any other qualifying pedestrian circulation space.

(3)Permitted obstructions

Except for building columns, an arcade shall be completely free from obstructions of any kind.

(4)Specific prohibitions

No vehicular driveways, except as permitted under paragraph (c)(1), parking spaces, passenger drop-offs, loading berths or trash storage facilities are permitted within an arcade, nor shall such facilities be permitted immediately adjacent to an arcade.

(5)In the Theater Subdistrict, where a new #building# or #enlarged# portion of an existing #building# provides an arcade, no obstructions, including columns, are permitted within such arcade, and the height and width of such arcade shall be limited to a maximum of 20 feet and 10 feet respectively.
(6)All existing and new arcades shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

(d)Corner arcade

A corner arcade is a small covered space adjoining the intersection of two #streets# at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times. A corner arcade shall meet the following requirements:

(1)Dimensions

A corner arcade shall have the same minimum dimensions as a corner circulation space and in addition shall have a height of not less than 12 feet and shall provide a clear path at least 12 feet wide from one #street line# to another #street line#.

(2)Permitted obstructions

Except for building columns a corner arcade shall be free of obstructions of any kind.

(3)Specific prohibitions

Same as for an arcade.

(4)Permitted overlap

A corner arcade may overlap with an arcade; however, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

(e)Building entrance recess area

A building entrance recess area is a space which adjoins and is open to a sidewalk or sidewalk widening for its entire length and provides unobstructed access to the building's lobby entrance or to a ground floor #use# entrance. A building entrance recess area shall meet the following requirements:

(1)Dimensions

A building entrance recess area shall have a minimum length of 15 feet and a maximum length of 50 feet measured parallel to the #street line# at a building's lobby entrance and a maximum length of 30 feet parallel to the #street line# at a ground floor #use# entrance. It shall have a maximum depth of 15 feet measured from the #street line#, and shall have a minimum depth of 10 feet measured from the #street line#.

(2)Obstructions

Any portion of a building entrance recess area under an overhanging portion of the #building# shall have a minimum clear height of 15 feet. It shall be free of obstructions except for building columns, between any two of which there shall be a clear space of at least 15 feet measured parallel to the #street line#. Between a building column and a wall of the #building#, there shall be a clear path at least 5 feet in width.

(3)Permitted overlap

A building entrance recess area may overlap with a sidewalk widening, an arcade, a corner arcade, or a corner circulation space and may adjoin or overlap and connect directly without obstruction to another building entrance recess area except that, on any one #street# frontage, each lobby or ground floor #use# shall connect to only one building entrance recess area.

(f) Through #block# connection

The design standards for a through #block# connection are set forth in Section 81-46 (Through Block Connection).

(g)Off-street relocation or renovation of a subway stair

The design standards for a relocated or renovated subway stair are set forth in Section 81-47 (Off-Street Relocation or Renovation of a Subway Stair).

(h)Off-street improvement of access to rail mass transit Facility

The design standards for an off-street rail mass transit access improvement are set forth in Section 81-49 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Theater waiting space shall be an unobstructed area providing outdoor waiting space for a theater audience, located immediately adjacent to the sidewalk and to a theater listed in Section 81-742 (Listed Theaters) or a new theater designed and intended to show live theatrical performances. Theater waiting space may be located on the same #zoning lot# occupied by a theater or a #zoning lot# immediately adjacent to a theater, and shall meet the following requirements:

(a)such space shall adjoin and open onto a sidewalk or sidewalk widening for its entire length and shall have a minimum length of 30 feet measured parallel to the #street line# and a minimum clear depth of 10 feet measured perpendicular to the #street line# exclusive of any columns. Its level shall be entirely the same as that of the adjoining sidewalk. When located under an overhanging portion of a #building or other structure#, it shall have a minimum clear height of 15 feet and be free of any obstructions except for #building# columns;

(b)such space shall provide direct access to a #building's# entrance or the theater's lobby. Where the theater and the theater waiting space are on separate #zoning lots#, a plaque shall be provided within the theater waiting space adjacent to the theater stating that the space is available as a waiting area for the theater audience. Such plaque shall be placed between four feet and six feet above #curb level#, and shall be visible from the sidewalk;

(c)such space shall not adjoin a driveway or an off-#street# loading berth;

(d)the entire theater waiting space shall be illuminated with a minimum level of not less than eight horizontal foot-candles (lumens per foot), and

The theater waiting space may overlap with a sidewalk widening, an arcade, a corner arcade, a corner circulation space, or a building entrance recess area. However, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

81-452
Bonused amenities qualifying as pedestrian circulation spaces

A portion of the following amenities, for which bonuses are granted pursuant to this Chapter, may be counted toward the minimum pedestrian circulation space requirements:

(a)Through #block# galleria (see Section 81-748), up to a maximum of 3,000 square feet.
(b)Through #block urban plaza# (see Section 81-23), up to a maximum of 3,000 square feet.

(c)#Urban plaza# (see Section 81-23)

(1)For an #urban plaza# that faces a #street# intersection or provides access to a major #building# entrance: 30 percent of the #urban plaza's# area.

(2)For other #urban plazas#: the first 10 feet of depth from the #street line#, provided that it conforms to the design standards of a sidewalk widening.

(d)Subway station improvement (see Section 81-53), up to a maximum of 3,000 square feet.

81-453
Exemptions from the pedestrian circulation space requirements

Under any of the following conditions a #development# or #enlargement# shall not be required to provide pedestrian circulation space:

(a)the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b)the #zoning lot# is an #interior lot# fronting on a #wide street# with frontage length less than 80 feet;

(c)the #zoning lot# is an #interior# or #through lot# fronting only on a #street# or #streets# where no arcade, sidewalk widening or #urban plaza# is permitted, such as Fifth Avenue, 42nd Street, 34th Street and 57th Street or any #street# within the Preservation Subdistrict;

(d)the #zoning lot# is an #interior lot# fronting on either Fifth Avenue, 42nd Street, 34th Street or 57th Street, with another interior frontage of lesser length on any other #street#; or

(e)the #zoning lot# is a #through lot# with both frontages less than 25 feet in length.

81-454
Modification of design standards of pedestrian circulation spaces within existing buildings

The City Planning Commission may authorize a modification of the minimum amount of pedestrian circulation space to be provided on #wide street# frontages as required in Section 81-45 (Provision of Pedestrian Circulation Space) and design standards, as indicated, for the required pedestrian circulation spaces listed below, to be provided within or under an existing #building# to remain on a #zoning lot#.

(a)Arcade: minimum width, minimum height, obstructions, minimum clear width between obstructions, minimum length, column sizes.

(b)Corner circulation space or corner arcade: minimum depth, minimum width of clear path, minimum height, obstructions.

(c)Entrance recess area: minimum length, minimum depth from #street line#, minimum height, obstructions, clear space between obstructions and clear space between obstructions and building wall.

(d)Through #block# connection: minimum width of unobstructed path minimum height, #curb level# relationship.

The Commission may authorize a modification of the above design standards when the following conditions are met:

(1)a modification is needed because of the inherent constraints of the existing #building#;

(2)the modification is limited to the minimum needed because of the inherent constraints of the existing #building#; and

(3)the pedestrian circulation space being modified shall be equal in area, and substantially equivalent to the required space in quality, effectiveness and suitability for public use.

81-46
Through Block Connection

A through #block# connection between two parallel or nearly parallel east-west #streets# may be provided for a #development# or #enlargement# on any #through lot# or

#through lot# portion of a #corner lot# and may count toward the pedestrian circulation space requirements of Section 81-45 (Provision of Pedestrian Circulation Space) provided that it shall be located at least 150 feet from a north-south #street# and shall meet the standards set forth below in Section 81-461 (Locational standards) and in Section 81-462 (Design standards for a through block connection).

81-461
Locational standards

(a)A through #block# connection shall count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space) only if it is located not less than 150 feet from a north-south #wide street#.

(b)To count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space), a qualifying through #block# connection shall meet the following additional locational requirements:

(1)Where the #zoning lot# or a portion thereof is directly across a #street# from and opposite to an existing through #block# connection on an adjacent #block# to the north or south and the existing connection is at least 150 feet from a north-south #wide street#, the alignment of the new through #block# connection shall overlap with that of the existing connection. Such existing connection may also be a through #block# galleria, through #block urban plaza# or any through #block# circulation area with a minimum width of 12 feet, which is located within a #building#.

(2)Where there are already two through #block# connections located on the same #block#, a new through #block# connection shall not count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space).

(3)Notwithstanding the provisions of paragraphs (1) and (2) of this Section, no through #block# connection shall be permitted on any portion of a #zoning lot# occupied by a landmark or interior landmark so designated by the Landmarks Preservation Commission or occupied by a #building# whose designation as a landmark or interior landmark has been calendared for public hearing and is pending before the Landmarks Preservation Commission.

81-462
Design standards for a through block connection

A through #block# connection is a paved open or enclosed space providing unobstructed access to the #building's# main lobby and connecting, in a straight continuous unobstructed path, two parallel or nearly parallel #streets#. A through #block# connection shall meet the following requirements:

(a)A through #block# connection shall provide a straight continuous unobstructed path at least 15 feet wide. If covered, the clear unobstructed height of a through #block# connection shall not be less than 15 feet.

(b)At no point shall the level of a through #block# connection be more than five feet above or below #curb level#. In all cases, the through #block# connection must provide through its entire length a clear path accessible to the handicapped.

(c)A through #block# connection may be located inside or outside of a #building#. The area of a through #block# connection located within a #building# shall be counted as #floor area#.

(d)A through #block# connection located partially or wholly within a #building# shall adjoin and connect directly to the #building's# main lobby via unobstructed openings with an aggregate width exceeding that of any other entrances to the lobby.

(e)A through #block# connection located wholly or partially outside a #building# shall provide unobstructed access directly to the #building's# main lobby through the major entrance. For the purposes of this Section, the major entrance shall be that entrance to the main lobby which has the greatest aggregate width of clear openings for access.

(f)Any portion of a through #block# connection located outside a #building# shall be illuminated throughout with a minimum level of illumination of not less than five horizontal foot candles (lumens per candle). Such illumination shall be maintained throughout the hours of darkness.

(g)A through #block# connection shall at a minimum be accessible to the public from 8:00 a.m. to 7:00 p.m. on the days the #building# or #development# is open for business and shall have posted in prominent, visible locations at its entrances signs meeting the standards set forth in paragraph (h) of this Section.

(h)A through #block# connection shall provide the following information for public access at each public entry to the through #block# connection:

(1)For an unenclosed through #block# connection, the public access information shall be an entry plaque located at the entrance to the through #block# connection at each #street# frontage. The entry plaque shall contain:

(i)a public space symbol which is at least 14 inches square in dimension; has a white background; has a grid of four straight lines no greater than one-eighth inch wide and green in color; and has a tree shaped symbol as shown:

(Tree Symbol)

(ii)lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and

(iiian international Symbol of Access for the physically handicapped at least three inches square.

The entry plaque shall be mounted with its center five feet above the elevation of the nearest walkable pavement on a wall or a permanent free standing post. It shall be placed so that the entire entry plaque is obvious and directly visible without any obstruction, along every line of sight from all paths of pedestrian access to the through #block# connection, in a position that clearly identifies the entry to the connection.

(2)For an enclosed through #block# connection or a portion thereof:

(i)a public space symbol as described in paragraph (h)(1)(i) of this Section, not less than six inches square, shall be mounted with its center five feet above the elevation of the nearest walkable pavement;

(ii)lettering stating "PUBLIC ACCESS TO STREET," indicating the opposite #street# to which the through #block# connection passes. This lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol and

(iii lettering not more than two inches or less than one and a half inches in height stating "OPEN TO PUBLIC" with the hours and days of operation of the through #block# connection. This lettering shall be located not more than three inches from the public space symbol.

The above required information shall be permanently affixed on the glass panel of the entry doors of the through #block# connection clearly facing the direction of pedestrian flow; the information shall be located not higher than six feet or lower than three feet above the level of the pedestrian path at the entry, and shall be in a format and color which will ensure legibility.

Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# which fronts on a sidewalk containing a stairway entrance or entrances into a subway and such #zoning lot# contains 5,000 square feet or more of #lot area#, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Sections 81-471 (Standards for location and design) and 81-473 (Administrative procedure for subway stair relocation or renovation).

Where a #development# or #enlargement# is constructed on a #zoning lot# containing an existing stairway entrance or entrances into a subway and such entrance or entrances are renovated or reconstructed in accordance with the provisions of Sections 81-471 and 81-473, such entrance or entrances may count as pedestrian circulation space as set forth in Section 81-472 (Relocated or renovated subway stair as pedestrian circulation space).

81-471
Standards for location and design

(a) Location

The relocated or renovated entrance shall be immediately adjacent to, and accessible without any obstruction from a public sidewalk or at least one of the following public spaces, which shall have a minimum horizontal dimension equal to the width of the relocated stairs:

sidewalk widening (Section 81-45)
corner circulation space (Section 81-45)
arcade (Section 81-45)
corner arcade(Section 81-45)
building entrance recess area(Section 81-45)
#urban plaza# (Section 81-23)
The relocated or renovated entrance may be provided within a #building# but shall not be enclosed by any doors. The area occupied by a relocated or renovated entrance within a #building# shall not be counted toward the #floor area# of the #development# or #enlargement#.

(b) Design standards

The following standards are taken from the current New York City Transit Authority's station planning guidelines.

The relocated or renovated entrance shall have a stair width of at least eight feet for each run.

No stairway shall have more than 14 risers without a landing, and each landing shall have a minimum width equal to the width of the stairs, and a minimum length of 5 feet.

Throughout the entire stairway entrance, including passageways, the minimum clear, unobstructed height shall be at least 7 feet 6 inches from finished floor to finished ceiling, including all lighting fixtures and #signs#.

The relocated or renovated stairway entrance shall meet Transit Authority standards and requirements for all of the following: riser and tread relationships, handrails, passageways, ramps, lighting, finish material, ventilation, information signage, and (where provided) weather protection.

In addition and for a relocated entrance only, the relocated entrance shall have a queuing space at the top and bottom of the stairs at least 8 feet wide and 15 feet long. Such queuing space may overlap with a sidewalk widening, or an arcade, or an #urban plaza#.

Where two or more existing stairway entrances are being relocated and/or renovated as part of the same #development#, the new entrance or entrances shall have total stair widths whose sum is equal to or greater than the sum of the stair widths of those existing stairway entrances. The entire entrance area, including passageways, shall be free of obstructions of any kind, except for projecting information signage.

The relocated or renovated entrance may be located within an #urban plaza#, provided that the minimum width of the stairs is 10 feet and the queuing area required for a relocated entrance is unobstructed and contiguous to a sidewalk or a sidewalk widening. A relocated or renovated entrance within an #urban plaza# is a permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for an #urban plaza#.

The relocated or renovated entrance shall connect to an existing or proposed subway passageway or shall connect, via an underground passageway, to a mezzanine area of the subway station.

The below-grade portion of a relocated or renovated entrance may be constructed within the #street#.

These standards may be modified or waived by the City Planning Commission upon a finding that their enforcement would not contribute to good site planning.

(c) Hours of public accessibility

The relocated or renovated entrance shall be accessible to the public during the hours when the connected mezzanine area is open to the public or as otherwise approved by the Transit Authority.

81-472
Relocated or renovated subway stair as a pedestrian circulation space

One and a half times the area, measured at #street# level, of either of the following types of subway stair entrances may count toward meeting the pedestrian circulation space requirements of Section 81-45 (Provision of Pedestrian Circulation Space):

(a)a new relocated subway entrance; or

(b)an existing subway stair entrance which is contained within the #zoning lot# and has been renovated or reconstructed so that it meets all of the requirements and standards set forth in Sections 81-471 (Standards for location and design) and 81-473 (Administrative procedure for subway stair relocation or renovation).

81-473
Administrative procedure for subway stair relocation or renovation

(a)Except as otherwise provided in paragraph (b) of this Section, no plan shall be approved by the Department of Buildings and no excavation permit or building permit shall be issued for any #development# or #enlargement# which is subject to the requirements for the relocation of a subway stair entrance or counts a renovated or reconstructed subway stair as pedestrian circulation space, unless:

(1)for a relocated entrance, such plan includes a stair relocation plan and related documents which bind the developer to:

(i)construct the new stair entrance in accordance with such plan;

(ii)demolish above ground elements of the existing entrance;

(iii seal the existing entrance at the sidewalk level; and

(iv)maintain the work performed on the stair.

For a renovated or reconstructed entrance, such plan includes a renovation or reconstruction plan and related documents which bind the developer to:

(i)renovate or reconstruct the entrance in accordance with such plan; and

(ii)maintain the work performed on the entrance.

(2)Such plan and related documents bear the Transit Authority's approval.

(3)Such plan is accompanied by a certified copy of an agreement, as recorded, between the Transit Authority and the owner for an easement on the #zoning lot# for subway related use of the new stair entrance and for public access via such entrance to the subway station, which agreement has been recorded against the #zoning lot# in the Office of the Register of the City of New York (County of New York) and is accompanied by the Register's receipt of recordation.

(b)For a relocated entrance only, in the event that major construction problems render the stair relocation infeasible or that operating design considerations make it undesirable, the Transit Authority and the City Planning Commission by joint certification may release the developer from the requirement. In such event, the stair relocation requirement shall be satisfied by retention of the existing stair and provision on the #zoning lot# of a pedestrian circulation space qualifying under the provisions of Section 81-45 (Provisions of Pedestrian Circulation Space) and which accommodates pedestrian traffic passing the existing stair entrance. Such space shall have a width equal to at least one and one half times the width of the existing stair entrance and shall extend along the full length of the stair entrance.

(c)No certificate of occupancy shall be issued for any #development# or #enlargement# subject to the subway stair relocation requirement or counting a renovated or reconstructed subway stair as pedestrian circulation space unless and until all of the work required under paragraph (a)(1) of this Section has been completed and the Transit Authority has so certified in writing to the Department of Buildings.

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

81-51
General Provisions and Procedures

Except in the Preservation Subdistrict and except for #zoning lots# wholly contained within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission, by special permit after public notice and hearing and subject to Board of Estimate action, may grant special permits authorizing, for non-#residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of Section 81-53 (Subway Station Improvements). However, in the Theater Subdistrict, no special permit shall be issued pursuant to the provisions of Section 81-53 without prior certification by the City Planning Commission that either:

(a)there is not available to the applicant any feasible alternative involving the preservation or rehabilitation of an existing theater for which bonus #floor area# may be authorized by special permit or certification; or

(b)the amenity for which the special permit is requested, because of its importance to the surrounding area, has priority over any

feasible alternative involving the preservation or rehabilitation of an existing theater.

The total additional #floor area# permitted on the #zoning lot# by such special permit shall in no event exceed the amount permitted in the underlying district by the provisions of Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings).

Within the #Special Midtown District#, certain special permit provisions of Article VII, Chapters 3,4, 8 and 9 are inapplicable or subject to modification, as set forth in Section 81-60 (APPLICABILITY OF ARTICLE VII PROVISIONS).

Failure to comply with the conditions or restrictions of the bonused amenity shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

81-53
Subway Station Improvements

The City Planning Commission by special permit after public notice and hearing and subject to Board of Estimate action, may grant #floor area# bonuses and waive or modify #street wall# continuity provisions for #developments# or #enlargements# which provide major improvements for adjacent subway stations in accordance with the provisions of this Section. The subway stations where such improvements may be constructed are listed in Section 81-531 (Midtown subway stations) and located as shown on Map 3 (Subway Station Improvement Areas) in Appendix A. The #zoning lot# for the #development# or #enlargement# on which such a #floor area# bonus is requested shall be adjacent to the subway station for which the improvement is proposed.

In order for the #zoning lot# of the #development# or #enlargement# to qualify as "adjacent," upon completion of the improvement it must physically adjoin a station mezzanine, platform, concourse or connecting passageway.

Selection of improvements

The selection of improvements shall be on a case-by-case basis and shall be subject to the approval of the Metropolitan Transportation Authority, the New York City Transit Authority, and the City Planning Commission.

81-533
Compliance with Transit Authority design standards

The subway station improvement shall comply with all applicable design standards of the current station planning guidelines of the Transit Authority.

81-534
Procedure

(a)Pre-application

The applicant shall submit schematic or concept plans for the proposed improvement to the MTA, Transit Authority and the Commission.

(b) Application - Pre-certification

After review and agreement on concept by the Metropolitan Transit Authority (MTA), the New York City Transit Authority and the New York City planning Commission, the applicant shall submit documentation deemed necessary by the reviewing agencies. Prior to certification by the Commission, the Transit Authority and the MTA shall each provide a letter to the Commission containing a conceptual approval of the improvement and a statement of any special considerations regarding the Transit Authority's future operation of the improvement.

(c)The special permit application to the Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the City from the proposed improvement and determining the appropriate amount of bonus #floor area# and, where applicable, assessing the advantages and disadvantages of waiving or modifying the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity along Designated Streets).

(d)Uniform Land Use Review Procedure - Certification

The Commission shall not certify an application under the Uniform Land Use Review Procedure (ULURP) until the requisite letters from the Transit Authority and the MTA have been received and are incorporated in the application. Such letters may be subject to subsequent execution of a final agreement with the developer.

(e)Prior to the granting of a special permit the Transit Authority shall have submitted a letter to the Commission:

(l)stating that the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and such other conditions as may be appropriate; and

(2)confirming that the construction of the subway improvement in accordance with such submission is feasible.

The applicant shall sign a legally enforceable instrument running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(f)Any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for New York County and a certified copy of the instrument shall be submitted to the Commission and the Transit Authority. The applicant shall not apply for nor accept a temporary certificate of occupancy for the bonus #floor area#, and the Department of Buildings shall not issue such a temporary certificate of occupancy, until the Transit Authority has determined that the bonused subway improvement is substantially complete which shall, for this purpose, mean usable by the public.

(g)The applicant shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue such permanent certificate of occupancy until the bonused subway improvement has been completed in accordance with the approved plans and such completion has been certified by the Transit Authority.

81-535
Floor area bonus

(a)The amount of the #floor area# bonus shall be at the discretion of the City Planning Commission and may range from no bonus #floor area# to the maximum amount allowable by special permit, as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings). In determining the precise amount of #floor area# bonus, the Commission shall make findings on the following:

(1)the degree to which the station's general accessibility and security will be improved by the provision of new connections, additions to or reconfiguration of circulation space, including provision of escalators or elevators; and

(2)significant improvements to the station's environment by provision for direct daylight access, or improvements to noise control, air quality, lighting or rider orientation and satisfactory integration of the #street# level entryway into the #development# or #enlargement#.

(b)No bonus #floor area# shall be granted for any #development# or #enlargement# located on a #zoning lot# wholly contained within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions).

(c)For a #development# or #enlargement# located on a #zoning lot# divided by a boundary of the Theater Subdistrict Core, as defined in Section 81-71, the amount of bonus #floor area# granted shall be subject to the provisions of paragraph (a) of this Section, but shall not exceed the amount of #floor area# derived from applying the maximum bonus #floor area# allowance as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) over the sum of:

(l)the area of the #zoning lot# which is outside of the Theater Subdistrict Core; and

(2)an area of the #zoning lot# within the Theater Subdistrict Core, not exceeding the area in paragraph (c)(l) of this Section.

If the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion of the #zoning lot# within the Core and the portion outside of the Core, such bonus #floor area# must be utilized on the #zoning lot# in accordance with the provisions of paragraph (b) of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

81-536
Waiver or modification of street wall continuity provisions

As a condition for waiving or modifying the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity along Designated Streets), the Commission shall find that the waiver or modifications will permit the proposed design to provide for access of daylight and air to the subway platform, mezzanine or concourse and that the advantages of such access outweigh the disadvantages incurred by the interruption of #street wall# continuity and retail continuity.

The Commission in granting such waiver or modification shall specify the depth of the setback permitted and the amount by which the required length of #street wall# subject to setback restrictions is reduced.

81-51
General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-511
Subway Station Improvements

Except in the Preservation Subdistrict and except for #zoning lots# wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan). SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

81-71
General Provisions

The regulations of Sections 81-72 to 81-75, inclusive, relating to Special Regulations for the Theater Subdistrict are applicable only in the Theater Subdistrict, *and in* **of which** the Theater Subdistrict Core **and the Eighth Avenue Corridor are parts**. *The Theater Subdistrict extends from 40th Street to 57th Street and from Avenue of the Americas to Eighth Avenue.* **The Theater Subdistrict Core extends from 43rd Street to 50th Street and from a line 200 feet west of Avenue of the Americas to a line 100 feet east of Eighth Avenue.**

The Theater Subdistrict is bounded by West 57th Street, Avenue of the Americas, West 40th Street, Eighth Avenue, West 42nd Street, a line 150 feet west of Eighth Avenue, West 56th Street, and Eighth Avenue.

The Theater Subdistrict Core is bounded by West 50th Street, a line 200 feet west of Avenue of the Americas, West 43rd Street and a line 100 east of Eighth Avenue.

The Eighth Avenue Corridor is bounded by West 56th Street, a line 100 feet east of Eighth Avenue, West 43rd Street, Eighth Avenue, West 42nd Street, and a line 150 feet west of Eighth Avenue.

The west side of Eighth Avenue between 42nd and 56th Street is also subject to the provisions of the Special Clinton District to the extent set forth in Article IX, Chapter 6 subject to Section 81-023 (Applicability of Special Clinton District Regulations).

Their **These** boundaries are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A.The regulations of Sections 81-72 to 81-75, inclusive, supplement or modify the regulations of this Chapter applying generally to the #Special Midtown District# of which the Subdistrict, *and the Core are* **is a** parts.

In order to preserve and protect the character of the Theater Subdistrict as a cultural, theatrical and entertainment showcase as well as to help insure a secure basis for the useful cluster of shops, restaurants and related amusement activities, special incentives and controls are provided for the preservation and rehabilitation of existing theaters, **and the creation of new legitimate theaters,** and special restrictions are placed on ground floor #uses# within the Subdistrict.In order to preserve and protect the special scale and character of the Theater Subdistrict Core, which includes Times Square, special #building street wall# height and setback controls and requirements for the inclusion of #illuminated signs# and entertainment and entertainment-related #uses# apply within the Subdistrict Core. **In order to ensure the orderly growth and development of the Eighth Avenue Corridor and its transition to the scale and character of adjoining midblocks, special building street wall, height and setback controls apply within the Corridor. In order to preserve and maintain the character of the western edge of the Theater Subdistrict as both an integral part of the Theater Subdistrict and as a transition to the Clinton neighborhood, the west side of Eighth Avenue between 42nd and 56th streets is also subject to the provisions of the Special Clinton District.**

The Mayor of the City of New York shall appoint a Theater Advisory Council (the Council) and name a chairperson. Other members of the Council shall include representatives of the performing arts, the theatrical industry and related professions.The Council shall advise the City Planning Commission concerning applications for special permits or certifications pursuant to Section 81-74.

The City of New York acting through the Mayor shall designate a Theater Subdistrict Council ("Council") comprised of representatives of the performing arts, the theatrical industry and related professions, and which may include government representatives and representatives of Business Improvement Districts and economic development projects active within the Theater Subdistrict.The Council shall be a not-for-profit organization whose organizational purpose shall be limited solely to promoting theater and theater-related use and preservation within the Theater Subdistrict and promoting the welfare of the Theater Subdistrict generally.The Council shall advise the Chairperson or the City Planning Commission concerning applications for any special permit or certification pursuant to the special regulations for the Theater Subdistrict and shall be the holder and administrator of the funds received in connection with transfers of development rights from listed theaters pursuant to Section 81-744 (Transfer of development rights from listed theaters) in accordance with the provisions for the Theater Subdistrict Fund set forth in paragraph (h) of Section 81-741 (General Provisions).

Applications shall be referred by the Commission to the Council for an advisory report prior to certification for ULURP (Uniform Land Use Review Procedure) review.Such advisory report shall assist the **Commission in evaluating each special permit application and in making each of the required findings therein concerning demolition pursuant to Section 81-742 or the #floor area# bonus pursuant to Sections 81-744 or 81-745.In all special permits or certifications involving the preservation or rehabilitation of existing theaters, the Council shall advise the Commission on the adequacy of the assurances required by Section 81-743 for continuance of legitimate theater #use#.**

81-72
Use Regulations Modified

Within that portion of the Theater Subdistrict bounded by West 40th Street, **a line 100 feet east of** Eighth Avenue, West 51st Street and **a line 200 feet west of** Avenue of the Americas, #uses# which are created by #development#, or which are #enlarged# or #extended#, shall be subject to the provisions of this Section.

81-724
Requirements for entertainment-related uses

With the exception of a #development# or #enlargement# in which more than 50 percent of the new #floor area# is allocated to #transient hotel use#, a #development# or #enlargement# on a #zoning lot# with more than 50 percent of its #zoning lot# area located within the Theater Subdistrict Core shall meet the following requirements:

(a)If the new #floor area# of the #development# or #enlargement# **generated by that portion of the #zoning lot# located within the Theater Subdistrict Core** exceeds 60,000 square feet, an amount of floor space on the #zoning lot# equal to five percent of the amount by which the new #floor area# **generated by that portion of the #zoning lot# located within the Theater Subdistrict Core** exceeds 50,000 square feet shall be allocated to #uses# listed in Section 81-725 (Entertainment-related uses) or #front lot line# ground level #uses# designated thus (***) in Section 81-722 (Use Group T) as satisfying the requirements of this Section.

Except as provided below, the amount of floor space specified shall be located on the same #zoning lot# as the #development# or #enlargement# for which that floor space is provided to meet the requirements of this Section.

(b) Alternatively, *by authorization of the City Planning Commission,* a maximum of 75 percent of the amount of floor space specified *above* **in paragraph (a) of this Section** may be located on a separate #zoning lot#, with the remainder located on the same #zoning lot# as the #development# or #enlargement#, **by authorization of the City Planning Commission** provided, upon examination of proposed plans, the Commission finds that:

(1)either **of the following conditions exist:**

(i)more than 50 percent of the area of the separate #zoning lot# is located within the Theater Subdistrict Core; or

(ii)the *portion of* floor space located on the separate #zoning lot# is allocated in its entirety to studios; music, dancing or theatrical, as listed in Section 81-725 (Entertainment-related uses) and the separate #zoning lot# is located within the Theater Subdistrict;

(2)the *portion of* floor space located on the separate #zoning lot# is *provided separately from and* in addition to any floor space provided to meet the requirements of this Section for any other #development# or #enlargement#;

(3)the *portion of* floor space located on the separate #zoning lot# is constructed or renovated specifically for the purpose of meeting the requirements of this Section and has not been utilized for any of the #uses# listed in Section 81-725 (Entertainment-related uses) at any time during the *period of* two years **period** immediately prior to the date on which authorization described in this *paragraph (a)* **Section** is granted; and

(4)the #use# located on the separate #zoning lot# *maintains* **achieves** a reasonable distribution of entertainment-related #uses# and locations of such #uses#.

81-74
Special Incentives and Controls in the Theater Subdistrict

81-741
General provisions

(a)Special permits by the City Planning Commission

In the Theater Subdistrict, the City Planning Commission, after public notice and hearing and subject to Board of Estimate action, may grant special permits:

(1)authorizing #floor area# bonuses for rehabilitation of existing theaters in accordance with the provisions of Section 81-745;
(2)authorizing transfer of development rights from #zoning lots# occupied by theaters which are designated landmarks in accordance with the provisions of Section 81-747; and

(3)authorizing demolition of theaters where permissible under the provisions of Section 81-742.

(b)Certification by the Chairperson of the City Planning Commission

By certification of the Chairperson of the City Planning Commission:

(1)bonus #floor area# may be authorized for the retention of any eligible existing listed theater in accordance with the provisions of Section 81-744 (Floor area bonus for retention of certain existing listed theaters);

(2)the Special Provisions for Zoning Lots Divided by District Boundaries (Article VII, Chapter 7) may be modified in the case of a #zoning lot# partly occupied by a listed theater in accordance with the provisions of Section 81-746 (Modification of special provisions for zoning lots divided by district boundaries); or

(3)bonus #floor area# may be authorized for a through #block# galleria in accordance with the provisions of Section 81-748 (Floor area bonus for through block gallerias).

(a)Certification by the Chairperson of the City Planning Commission

In the Theater Subdistrict, the following actions are permitted upon certification by the Chairperson of the City Planning Commission:

(1)transfer of development rights from any eligible theater in accordance with the provisions of Section 81-744 (Transfer of development rights from listed theaters);

(2)modification of the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(b)Special Permit by the City Planning Commission

In the Theater Subdistrict, the City Planning Commission may allow, by special permit:

(1)demolition of a theater where permissible under the provisions of Section 81-742 (Listed theaters);

(2)transfer of development rights from any eligible theater in accordance with the provisions of Section 81-744 (Transfer of development rights from listed theaters);

(3)a #floor area# bonus for rehabilitation of an existing theater in accordance with the provisions of Section 81-745 (Floor area bonus for rehabilitation of existing theaters);

(4)transfer of development rights from a #zoning lots# *occupied by a theater which is a designated landmark in accordance with the provisions of Section 81-747 (Transfer of development rights from landmark theaters), and*

(5)additional #floor area# and modifications to the special #street wall# and setback regulations set forth in Section 81-751 (Special street wall and setback regulations within the Theater Subdistrict Core) in connection with legitimate theater use within a #development# or #enlargement#, in accordance with the provisions of Section 81-748 (Floor area for new legitimate theaters).

(c)Additional floor area bonuses

All #developments# located on the west side of Eighth Avenue between 42nd and 56th Streets within the Theater Subdistrict may receive an increase in #floor area# pursuant to Section 96-21 (Floor Area Increase) for those #developments# complying with the provisions of Section 23-90 (INCLUSIONARY HOUSING).

*(c)***(d)**Required assurances

All *such authorizations by* special permits or certifications *and* involving preservation of existing theaters shall be subject to the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use).

(d)(e) Limits on total additional #floor area#

Except as otherwise provided in Section 81-212 (Special provisions for transfer of development rights from landmark sites), the total additional #floor area# permitted on the #zoning lot# by such special permit or certification, together with all bonus #floor area# or #floor area# derived from transferred development rights under other provisions of this Chapter, shall in no event exceed the maximum amount permitted by **certification or** special permit as set forth in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings).

*(e)(f)*Limitations on non-theater related bonuses in C6-4, C6-5 or M1-6 Districts

For #zoning lots# or portions thereof in C6-4, C6-5 or M1-6 Districts, the total amount of #floor area# derived from non-theater related bonuses or other special #floor area# allowances pursuant to provisions of this Chapter other than those in Sections 81-744, 81-745, 81-746 or 81-747 *relating to the preservation of existing theaters* shall not exceed a #floor area ratio# of 2.0.

*(f)(g)*Theater-related bonus #floor area# for #residences# in C6-4 and C6-5 Districts

For #zoning lots# or portions thereof in C6-4 or C6-5 Districts, some or all of the bonus #floor area# or other special #floor area# allowances permitted pursuant to the provisions of Sections 81-744, 81-745, 81-746 or 81-747, relating to the preservation or rehabilitation of existing theaters, may be allocated to a #residential building# or the #residential# portion of a #mixed building#, provided that the total #residential floor area ratio# with such #floor area# allowances shall not exceed 12.0.

(h)Theater Subdistrict Fund

In furtherance of the purposes of this Section, the Theater Subdistrict Council shall establish a separate interest-bearing account (the "Theater Subdistrict Fund" or "Fund") for the deposit and administration of the revenues received by the Theater Subdistrict Council generated by the transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). Upon receipt of any revenue generated pursuant to such Section, the Theater Subdistrict Council shall notify the Comptroller and the Department of City Planning, and promptly deposit such revenues into the Theater Subdistrict Fund and shall expend such revenues and any interest accumulated thereon in the following manner:

(i) a portion of any such revenues shall be reserved, sufficient in the judgment of the Theater Subdistrict Council but in no event less than 20 percent of such revenues, to undertake the ongoing periodic inspection and maintenance report requirements pursuant of paragraph (c) of Section 81-743.

(ii)the remainder of such revenue shall be used for activities chosen by the Theater Subdistrict Council furthering the objectives and purposes of this Section, which activities may include judicial or administrative proceedings instituted by the Theater Subdistrict Council against any property owner or lessee to enforce the obligations of such owner or lessee pursuant to any restrictive declaration entered into in connection with a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). Notwithstanding the foregoing, funds shall not be used for the physical repair and preservation of theaters.

The Theater Subdistrict Council shall provide an annual report to the Department of City Planning indicating the amounts and dates of any deposits to the Theater Subdistrict Fund in the immediately preceding calendar year, the balance of the Theater Subdistrict Fund at the close of the calendar year, the amounts expended on activities within the Theater Subdistrict and the nature of those activities. The Theater Subdistrict Council shall maintain complete, accurate and detailed records, with supporting documentation, in respect to all deposits to and withdrawals from the Theater Subdistrict Fund, and shall make such records available to the City of New York and the Department of City Planning upon reasonable notice and during business hours for inspection and copying.

(g)Certification for subway station improvements

Within the Theater Subdistrict, any application for a special permit pursuant to the provisions of Section 81-53 (Subway Station Improvements) shall be subject to prior certification by the City Planning Commission in accordance with Section 81-51 (General Provisions).

81-742
Restrictions on demolition of theaters
Listed theaters

No demolition permit shall be issued by the Department of Buildings for any theater listed in this Section as a "listed theater," unless:

(a)it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8 of the New York City Administrative Code;

(b)it has been designated a landmark by the Landmarks Preservation Commission and a notice to proceed has been issued to the owner pursuant to Section 207-8.0 of Chapter 8A of the New York City Administrative Code permitting demolition that contemplates removal of the theater from theater #use#; or

(c)the City Planning Commission, by special permit after public notice and hearing and subject to Board of Estimate action permits its demolition upon making the following findings:

(1)that demolition of the theater structure will not unduly diminish the character of the Theater Subdistrict as a cultural, entertainment and theatrical showcase, taking into consideration any or all of the following list of factors:

(i)current physical characteristics of the theater that affect its suitability as a legitimate theater, including but not limited to seating capacity, configuration and location;

(ii)history of its #use# as a legitimate theater, presenting legitimate attractions to the general public;

(iii)likelihood of its future #use# for legitimate theater production under reasonable terms and conditions prevailing in the theater industry;

(iv)applicant's plans, if any, for replacement of the theater structure with a #development# containing replacement #uses# supportive of the character of the Theater Subdistrict; and

(2)that there exists a legal commitment binding upon all parties in interest of the #zoning lot# containing the theater that any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of the listed theater shall reserve floor space at least equivalent in amount to the total #floor area# of the theater devoted exclusively to #uses# described in Section 81-725 (Entertainment-related uses) and meeting the requirements of Section 81-724 (Requirements for entertainment-related uses) for the life of such #development# or #enlargement#. If the area of the #zoning lot# containing the theater is less than 20,000 square feet and the Commission finds that the allocation of floor space at least equivalent in amount to the total #floor area# of the theater to #uses# described in Section 81-725 (Entertainment-related uses) is impractical or unreasonable, the Commission may authorize a reduction in the amount of area allocated to such #uses#.

Any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of a listed theater must, however, meet the requirements of Section 81-724 (Requirements for entertainment-related uses), whether or not the #zoning lot# is located within the area described in that Section.

The theaters to which the provisions of this Section apply are predominantly free standing theaters with full stage and wings and are identified as listed theaters in Table A of this Section.

Indicates theater which may be retained for a #floor area# bonus under the provisions of Section 81-744 (Floor area bonus for retention of certain existing listed theaters), provided that it is not already subject to an agreement under Section 81-743 (Required assurances for continuance of legitimate theater use).

In the case of an existing legitimate theater for whose construction bonus #floor area# was granted pursuant to regulations in effect prior to the May 13, 1982, no provisions of this amendment shall be construed as changing any previously existing responsibility of the owner or lessee of such theater for continuance of its #use# as a legitimate theater.

(a)Designation of listed theaters

Listed theaters are theaters to which special provisions of this and other Sections as set forth in 81-741 (General Provisions) apply, and are predominantly free-standing theaters with full stage and wings. The theaters identified in the following table are designated as "listed theaters."

***Indicates theaters which do not qualify as a "granting site" pursuant to Section 81-744 (Transfer of development rights from listed theaters).**

In the case of an existing legitimate theater that received a #floor area# bonus pursuant to regulations in effect prior to May 13, 1982, no provisions of this amendment shall be construed as changing any previously existing responsibility of the owner or lessee of such theater for continuance of its #use# as a legitimate theater.

(b)Restrictions on demolition of listed theaters

No demolition permit shall be issued by the Department of Buildings for any theater listed in this Section as a "listed theater," unless:

(1)it is an unsafe #building# and demolition is required pursuant to the provisions of Section 26-127 of Title 26, Chapter 1 of the New York City Administrative Code;

(2)it has been designated a landmark by the Landmarks Preservation Commission and a notice to proceed has been issued to the owner pursuant to Section 25-309 of Title 25, Chapter 3 of the New York City Administrative Code permitting demolition that contemplates removal of the theater from theater #use#; or

(3)the City Planning Commission, by special permit, allows its demolition in accordance with the provisions of paragraph (c) of this Section.

(c)Special permit for demolition of listed theaters

The City Planning Commission may allow, by special permit, the demolition of a theater designated as a listed theater pursuant to this Section provided the Commission finds that the demolition of the theater structure will not unduly diminish the character of the Theater Subdistrict as a cultural, entertainment and theatrical showcase. In making this determination, the Commission may consider any or all of the following:

(1)the current physical characteristics of the theater that affect its suitability as a legitimate theater, including but not limited to seating capacity, configuration and location;

(2)the history of the theater's #use# as a legitimate theater, presenting legitimate attractions to the general public;

(3)the likelihood of its future #use# for legitimate theater production under reasonable terms and conditions prevailing in the theater industry; and/or

(4)that the applicant's plans, if any, for replacement of the theater structure with a #development# contain replacement #uses# supportive of the character of the Theater Subdistrict.

As a condition of the special permit, there shall exist a legal commitment binding upon all parties in interest of the #zoning lot# containing the theater that any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of the listed theater, that floor space at least equivalent in amount to the total #floor area# of the theater shall be reserved or devoted exclusively to #uses# described in Section 81-725 (Entertainment-related uses) and meeting the requirements of paragraphs (b) and (c) of Section 81-724 (Requirements for entertainment-related uses) for the life of such #development# or #enlargement#. Notwithstanding the foregoing, if the area of the #zoning lot# containing the theater is less than 20,000 square feet and the Commission finds that the allocation of floor space at least equivalent in amount to the total #floor area# of the theater to #uses# described in Section 81-725 (Entertainment-related uses) is impractical or unreasonable, the Commission may permit a reduction in the amount of area allocated to such #uses#.

Any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of a listed theater must, however, meet the requirements of paragraphs (b) and (c) of Section 81-724 (Requirements for entertainment-related uses), whether or not the #zoning lot# is located within the area described in that Section.

81-743
Required assurances for continuance of legitimate theater use

(a)*As a condition for* **Prior to** the issuance of any special permit under the provisions of Section 81-745 (Floor area bonus for rehabilitation of existing listed theaters) or Section 81-747 (Transfer of development rights from landmark theaters), or the issuance of a certification under the provisions of Section 81-744 *(Floor area bonus for retention of certain existing listed theaters)* **(Transfer of development rights from listed theaters)** or Section 81-746 *(Modification of special provisions for zoning lots divided by district boundaries* **Additional provisions for zoning lots divided by district or subdistrict core boundaries)**, *there* **the following conditions** shall exist:

*(a)(1)*a signed lease from a prospective theater operator, or a written commitment from the owner of the theater if such owner is also the operator, *with credentials acceptable to the City Planning Commission,* for occupancy of the theater and its operation as a legitimate theater for a period of not less than five years;

(2)a licensed engineer's and/or architect's report certifying either that the theater is physically and operationally sound so as to permit its use as a legitimate theater or, if it is determined that the theater is not physically or operationally sound, a plan and program for the upgrade of the theater to put it in condition of physical and operational soundness. For the purposes of this subsection, physical and operational soundness shall include the structural integrity of the exterior and interior elements of the building to the extent that they relate to the theater; compliance with applicable electrical and fire safety codes, and compliance with applicable building code standards.The plan and program shall further provide that adequate resources be available to ensure timely completion of the scope of work identified in the plan and program as necessary to ensure the physical and operational integrity of the theater.

In the event that the theater has been designated as a landmark or an interior landmark by the Landmarks Preservation Commission, physical and operational soundness shall include preserving the integrity of existing significant architectural features identified in the Landmarks Preservation Commission designation report. In such case, a licensed engineer and/or architect with knowledge of historic preservation and credentials acceptable to the Landmarks Preservation Commission shall prepare a report documenting the condition of such significant architectural features and, if determined to be necessary, a plan and program to preserve such significant features in a state of good physical repair and sound proper condition. Such plan and program shall provide that adequate resources be available to ensure timely completion of the scope of work identified in the plan and program. Any certification report regarding a landmark or interior landmark theater shall be submitted concurrently to the Landmarks Preservation Commission and the Chairperson of the City Planning Commission;

(c)a plan and program approved by the Commission for periodic inspection and continuing maintenance of the theater to ensure its continuing availability for theater #use#. Inspections shall be conducted by a certified engineer and/or architect, and a report of each such inspection given to Commission at least once every three years. The plan and program shall further provide that adequate financial resources will be available to ensure the timely completion of all maintenance and repairs which the periodic inspection report determines are necessary to protect the integrity and functioning of the theater; and

(3)a legal commitment providing for inspection and ongoing maintenance of the theater to ensure its continued availability for theater use. Such inspection shall be conducted every ten years by a licensed engineer and/or architect or by the Theater Subdistrict Council, and a report issued to the Chairperson of the City Planning Commission. Such report shall also be issued to the Theater Subdistrict Council unless the Theater Subdistrict Council has performed such inspection, and, in the event the theater has been designated a landmark or an interior landmark, such report shall also be issued to the Landmark Preservation Commission. Such reports shall describe the condition of the theater and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the theater and to maintain the condition of any landmark architectural features and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work;

*(b)***(4)**a legal commitment *binding upon the owner and lessee of the theater* for continuance of its #use# as a legitimate theater for the life of the related #development#, **that may be modified only in accordance with paragraphs (b) or (c) of this Section.**

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner, lessee of the theater and their successors and assigns, a certified copy of which shall be submitted to the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the declaration and receipt of such certified copy shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site.

(b)The City Planning Commission may authorize a temporary change of #use# of such theater, for a period no longer than a year, to other uses that contain a theatrical component and are consistent with the objectives and purpose of the Theater Subdistrict subject to the following findings:

(1)the theater has not been used for legitimate theater purposes for more than 60 percent of the days over a minimum period of five years;

(2)the change of #use# shall not include structural changes or other physical changes that would preclude or negatively impact the continued availability of the theater for legitimate theater, after such temporary #use#; and

(3)the theater has complied with all written agreements and commitments set forth in this Section.

Upon application, the authorization may be renewed or extended for two additional one-year terms, for a maximum total of three years by the Chairperson of the City Planning Commission based on the determination that the facts have not substantially changed.

(c)The City Planning Commission, after a period of no less than 25 years from the latter of either the date of approval of a certification or special permit resulting in the legal commitment for continuing #use# of a theater as legitimate theater pursuant to this Section, or (the effective date of this amendment), by special permit may reduce or discontinue such theater's #use# as a legitimate theater subject to a finding that the proposed reduction or discontinuance would result in a change of #use# that will provide a public benefit consistent with the objectives and purpose of the Theater Subdistrict as set forth in Section 81-71 (General Provisions).

81-744
Floor area bonus for retention of certain existing listed theaters

The Chairperson of the City Planning Commission by certification may authorize bonus #floor area# for any #development# or #enlargement# where an agreement exists to retain and maintain for legitimate theater #use# one or more eligible listed theaters as set forth in Section 81-742 (Restrictions on demolition of theaters). The #development# or #enlargement# and each listed theater to be retained may be located on the same or a separate #zoning lot#.

(a)Amount of retention bonus

(1)If the #zoning lot# on which the #development# or #enlargement# is located is within the Theater Subdistrict but wholly outside of the Theater Subdistrict Core, all as defined in Section 81-71 (General Provisions), the amount of bonus #floor area# granted shall not exceed the amount of #floor area# derived from applying a #floor area ratio# of 1.0 over the total area of the #zoning lot#.

If the #zoning lot# on which the #development# or #enlargement# is located is divided by a boundary of the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the amount of bonus #floor area# granted shall not exceed the amount of #floor area# derived from applying a #floor area ratio# of 1.0 over the sum of:

(i)the area of the #zoning lot# which is outside of the Theater Subdistrict Core; and

(ii)an area of the #zoning lot# within the Theater Subdistrict Core, not exceeding the area in paragraph (i).

(2)Such bonus #floor area# may be obtained at a rate of up to 50,000 square feet for each theater which is retained as a condition of the granting of the bonus.

(3)If the #zoning lot# on which the #development# or #enlargement# is located exceeds 50,000 square feet in area, agreements may be entered into to retain and maintain more than one theater for legitimate theater #use# so as to obtain bonus #floor area# not exceeding the amount specified in paragraph (1) of this Section.
(b)Location of development or enlargement

The #development# or #enlargement# for which a theater retention bonus is granted shall be located within the Theater Subdistrict, whose boundaries are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A, but shall not be located on a #zoning lot# which is contained entirely within the Theater Subdistrict Core. If the #zoning lot# on which the #development# or #enlargement# is located is divided by a boundary of the Theater Subdistrict Core and if the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion of the #zoning lot# within the Core and the portion outside of the Core, bonus #floor area# must be utilized on the #zoning lot# in accordance with the provisions of paragraph (b) of Section 81-746 (Additional provisions for zoning lots divided by district or Subdistrict Core boundaries). Each listed theater which is retained as a condition of the granting of the bonus may be located on a #zoning lot# which is the same as or separate from the #zoning lot# containing the #development# or #enlargement#.

(c) Conditions for retention bonus

As a condition for the granting of bonus #floor area# under the provisions of this Section, the following requirements shall be satisfied:

(1)A written declaration to be recorded against both the #zoning lot# of each listed theater and the #zoning lot# of the #development# or #enlargement# shall exist meeting all of the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) that the listed theater will be retained and maintained for legitimate theater #use#. The certificates of occupancy for each listed theater and the #development# or #enlargement# for which bonus #floor area# is granted shall record and incorporate a copy of such agreement, and occupancy of the bonus #floor area# shall be conditioned upon continued compliance therewith.

(2)Bonus #floor area# under the provisions of this Section may only be granted for the retention of listed theaters indicated thus (*) in Table A of Section 81-742 (Restrictions on demolition of theaters); no bonus #floor area# shall be granted for retention of any listed theater already subject to an agreement pursuant to the conditions of Section 81-743 (Required assurances for continuance of legitimate theater use).

81-744
Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed" theater shall mean a theater designated as listed pursuant to Section 81-742 (Listed Theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed" theater and comprised of those block and lot numbers specified for such theater pursuant to Table A of Section 81-742 (Listed Theaters), as such block and lots existed on (the effective date of this amendment). However, a "granting site" shall not include any #zoning lot# occupied by a "listed" theater located within the geographical area covered by the 42nd Street Development Land

Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the #granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed" theaters, that portion of the #zoning lot# occupied by the "listed" theater and comprised of the block and lot numbers specified for such theater pursuant to Table A of Section 81-742 (Listed Theaters) shall not be included in the "receiving site".
Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate bulk in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a)Transfer of development rights by certification

Within the Theater Subdistrict, the Chairperson of the City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site" provided that:

(1)the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such #granting site# as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the #granting site# and #floor area# attributed to the "granting site" that has been previously used or transferred;

(2)each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;

(3)the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such #receiving site# by more than 20 percent or, for a "receiving site" or any portion of a "receiving site" located within the Eighth Avenue Corridor, by more than 44 percent.

MDIB(4)**the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and**

(5)appropriate legal documents are executed ensuring that a contribution in an amount equal to ten dollars per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (h) of Section 81-741 (General Provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights.

The Chairperson of the City Planning Commission may adjust such amount no more than once every three years. Adjustments shall be based on the change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

The Chairperson shall not grant such certification prior to thirty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section 81-743(b), or the Council pursuant to Section 81-71 (General Provisions) have been so submitted.

(b)Transfer of development rights by special permit

The City Planning Commission may allow by special permit an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in accordance with paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within C6-7T, C5-3, C6-6 and C6-7 districts subject to the following conditions:

(i)no feasible transfer of development rights is possible from landmark theaters pursuant to Section 81-747 (Transfer of development rights from landmark theaters) or other landmarks pursuant to Section 74-79 (Transfer of development rights from landmark sites) to the "receiving site";

(ii)the maximum amount of such additional #floor area# transferred to that portion of a "receiving site" located within such districts shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such portion of a "receiving site" by more than 20 percent; and

(iii)notwithstanding the maximum amount of #floor area# allowed to be transferred pursuant to paragraph (ii) above, such transfer complies with the conditions and limitations set forth for the transfer of development rights by certification in paragraph (a) of this Section.

In order to grant a special permit the City Planning Commission shall find:

(1)that such additional #floor area# will not unduly increase the bulk of any new #development# or #enlargement# on the "receiving site", density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and

(2)that the distribution and location of such bulk will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

(c)Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to paragraph (a) of this Section or with the City Planning Commission for the transfer of development rights by special permit pursuant to paragraph (b) of this Section shall be made jointly by the owners of the "granting site" and "receiving site" and shall include:

(1)a site plan and #floor area# zoning calculations for the #granting site# and the #receiving site#, and, for special permit applications, any such other information as may be required by the City Planning Commission; and

(2)a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further #development# of the "granting site" and the "receiving site". The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site", a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the "receiving site".

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# transferred and shall specify by lot and block numbers the lots from which and the lots to which such transfer is made.

(3)demonstrations of compliance with the requirements of Section 81-743 and paragraph (a)(5) of Section 81-744, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the City Planning Commission of certified copies of same as required pursuant to Section 81-743.

A separate application shall be filed for each transfer of development rights to an independent "receiving site".

81-745
Floor area bonus for rehabilitation of existing listed theaters

The Commission by special permit may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a listed theater in Section 81-742 (Restrictions on demolition of theaters), in accordance with the provisions of this Section.

(a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of development

The #development# for which a theater rehabilitation bonus is granted shall be located on the same #zoning lot# as the listed theater.

(2)Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major interior structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater which has been designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3) Timing and commitment

(i)There shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;

(ii)the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied;

(iiia rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b)Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the City Planning Commission after consideration of the following findings by the Commission:

(1)how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater; and

(2)how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict.
Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the developments #zoning lot# by the regulations of the underlying district, except that in the case of a C6-4, C6-5, or M1-6 underlying District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying District.

The City Planning Commission may allow by special permit bonus #floor area# for substantial rehabilitation or restoration of any theater designated as listed theater pursuant to Section 81-742 (Listed Theaters), provided the following conditions are met:

(a)the #development# for which a theater rehabilitation bonus is granted is located on the same #zoning lot# as the listed theater;

(b)substantial rehabilitation will be performed, consisting of major interior structural changes for the purpose of improving the theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater designated as an interior landmark. Substantial rehabilitation may include, without limitation, such work as an expansion of stage wings, re-raking of the orchestra, an increase in the amount of rehearsal, dressing room or lobby space, historic restoration, or reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#, but shall not mean normal theater maintenance, painting or improvements to mechanical systems alone;

(c)the maximum amount of bonus #floor area# shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for the #zoning lot# by more than 20 percent, or, for #zoning lots# located in C6-4, C6-5, or M1-6 Districts, by more than 44 percent;

(d)there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;

(e)the provisions of Section 81-743 (Required Assurances for continuance of legitimate theater use) are met, and

(f)no rehabilitation bonus shall be granted for a substantial rehabilitation completed before May 13, 1982.

In order to grant the special permit, the Commission shall make the following findings:

(1)the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;

(2)the proposed rehabilitation will contribute towards satisfying the needs of the Theater Subdistrict;

(3)the bonus #floor area# will not unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and

(4)the distribution and location of such #floor area# bonus will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development#.

81-746
Additional provisions for zoning lots divided by district or subdistrict core boundaries

(a)For any #zoning lot# which includes a listed theater as set forth in Section 81-742 *(Restrictions on demolition of theaters)* **(Listed Theaters) or is or contains a "receiving site" pursuant to Section 81-744 (Transfer of development rights from listed theaters)**, and which is divided by a boundary between districts with different *#bulk# regulations*, **basic maximum #floor area ratios# as set forth in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings)**, the Chairperson of the City Planning Commission, by certification, may authorize modifications of the provisions of Section 77-02 (Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution), Section 77-21 (General Provisions), Section 77-22 (Floor Area Ratio) and Section 77-25 (Lot Area or Floor Area Requirements), as follows:

For any #zoning lot#, *whether or not it existed on December 15, 1961, or on the date of any applicable subsequent amendment thereto,* #floor area# or #rooms# permitted by the applicable district regulations on *that* **either** side of the district boundary *occupied by the theater* may be located on the other side of the district boundary *subject to the following conditions* **provided**:

(1)the amount of such #floor area# to be located on *the other* **either** side of the district boundary shall not exceed 20 percent of the basic maximum #floor area ratio# of the district in which it is to be located;

(2)the number of such #rooms#, if any, to be located on *the other* **either** side of the district boundary shall not exceed the number permitted by the #floor area per room# requirements as set forth in Section 81-242 (Density regulations for residential and mixed buildings); and

(3)*compliance with* the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) **are met**.

The Chairperson's certification approving modification of the provisions for **such** #zoning lots# divided by district boundaries shall state the total amount of #floor area#, including #floor area# of *the* **any** existing theater, to be provided on the #zoning lot# as a whole **and** the portion thereof to be located in each district, and the amount authorized herein to be located across the district boundary from the district in which the theater is located.

Notice of the restrictions upon further #development# of each portion of the #zoning lot# shall be recorded by the owner against the #zoning lot# in the Office of the Register of the City of New York (County of New York) and a certified copy shall be submitted to the Commission.

(b)Notwithstanding any other provisions of this Resolution, for any #zoning lot# which is divided by a boundary of the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) and for which the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion within and the portion outside of the Theater Subdistrict Core, the applicable underlying #bulk# regulations shall be modified as follows:

(1)#floor area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations on that portion of the #zoning lot# within the Theater Subdistrict Core may be located on the portion of the #zoning lot# outside the Core, provided that the number of such #rooms#, if any, to be located outside of the Core shall not exceed the number permitted by the #floor area per room# requirements as set forth in Section 81-242 (Density regulations for residential and mixed buildings); and

(2)#floor area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations on that portion of the #zoning lot# outside of the Theater Subdistrict Core shall not be located on the portion of the #zoning lot# within the Core.

(c)Notwithstanding any other provisions of this Resolution, for any #zoning lot# located wholly within the Theater Subdistrict and outside of the Theater Subdistrict Core that is divided by a boundary of the Eighth Avenue Corridor as defined in Section 81-71 (General Provisions) and for which the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion within and the portion outside of the Eighth Avenue Corridor, #floor

area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations may be located on either side of the Eighth Avenue Corridor boundary.

81-748
Floor area bonus for through block gallerias

Upon certification by the City Planning Commission that the requirements of this Section are satisfied, a #development# within the Theater Subdistrict, but outside of the Theater Subdistrict Core, which provides a through #block# galleria shall be eligible for bonus #floor area# in the amount of 6 square feet for each square foot of through #block# galleria area, provided that in no case shall such bonus #floor area# exceed a #floor area ratio# of 1.0.

A through #block# galleria is a continuous covered public space on a #zoning lot#, which connects two parallel or nearly parallel east-west #streets# and provides for through #block# pedestrian circulation as well as other pedestrian amenities appropriate to the Theater Subdistrict. A through #block# galleria shall satisfy the following requirements:

(a) District plan requirements

A through #block# galleria shall be located within the Theater Subdistrict but outside of the Theater Subdistrict Core.
It shall be located not less than 200 feet from a #wide# north-south #street#. It shall satisfy the requirements of Section 81-46 (Through Block Connection). It may be counted toward meeting the minimum pedestrian circulation space requirements as set forth in Section 81-45 (Provision of Pedestrian Circulation Space) up to a maximum of 3,000 square feet. For any #zoning lot# on which a through #block# connection is not permitted by the provisions of Section 81-46 as counting towards meeting the pedestrian circulation space requirements of Section 81-45, no bonus shall be allowed for a through #block# galleria.

(b) Location

At each end it shall adjoin and open onto a #street#, a sidewalk widening, a #plaza# or an #urban plaza# adjacent to the #street#. It shall provide continuous, unobstructed access from one end to the other.

(c) Elevation

It shall have the same grade elevation at each end as the sidewalk, sidewalk widening or #urban plaza# which it adjoins.
This elevation shall be maintained for at least 20 feet from the end, beyond which a grade change, if any, is permitted only to reconcile grade differences between the two ends.
Provisions for changes in grade shall include ramps for wheelchair users with a maximum slope of one to twelve.

(d) Access

It shall be open at each end, with width and height of opening not less than the applicable minimum width and height set forth in paragraph (e) of this Section.
It may connect with, but not serve as, lobby space for a new #building# or a theater.
It shall be open to the public between the hours of 8:00 a.m. and 7:00 except for certain legal holidays (December 25, January 1 and July 4).

(e) Minimum dimensions

Minimum dimensions depend on the length of the through #block# galleria, as follows:

THROUGH BLOCK GALLERIA

LENGTH	*less than 150 feet*	*150 feet or more*
Minimum width	*20 feet*	*25 feet*
Average width	*20 feet*	*30 feet*
Minimum heigh	*20 feet*	*25 feet*
Average heigh	*20 feet*	*20 feet*

(f) Minimum clear path

Except as provided in paragraph (g) (Permitted obstructions), there shall be a straight path, clear of all obstructions, including door swings, extending from one end of the galleria to the other, with a minimum width of 15 feet. Where the through #block# galleria is adjoined at one or both ends by a sidewalk widening, #plaza# or #urban plaza#, such minimum width of clear path shall be continued across the adjoining open space to the #street line#.

(g) Permitted obstructions

(1)Columns or posts are permitted obstructions provided that the minimum width of the through #block# galleria exclusive of column widths shall be 20 feet and that the clear path width is at least 15 feet or two clear paths are provided, the paths being separated by columns and each having a minimum width of 10 feet.

(2)In areas outside the minimum clear path or paths, obstructions such as the following are permitted: planters, seating areas, landscape features, fountains, works of art, food kiosks, litter receptacles, drinking fountains, lights or lighting stanchions, public telephones, temporary exhibitions, retractable awnings and canopies and movable tables and chairs, provided that the total area occupied by such obstructions is less than 50 percent of the total area of the through #block# galleria minus the required clear path area.

(3)For through #block# gallerias with areas larger than 3,000 square feet, public seating is required.
There shall be at least one linear foot of seating for each 20 square feet of through #block# galleria area in excess of 3,000 square feet.
The design standards for seating shall be as set forth in paragraph (j) of Section 37-043 (Urban plaza). Eating or drinking service may be provided adjacent to, but not within, the through #block# galleria. All seating within the through #block# galleria shall be accessible to the public.

(4)For through #block# gallerias with an average height of at least 45 feet, bridges or balconies are permitted as obstructions, provided that such bridges or balconies are at least 15 feet above the floor level of the galleria, the width of the bridge is not more than 8 feet, the width of a balcony is not more than 5 feet and the total area of such obstructions is not more than 10 percent of the total area of the galleria.
Such obstructions may be enclosed provided that such enclosures are not more than 15 feet in height.

(h)Treatment of bounding walls

Along the length of a through #block# galleria, the bounding walls, except for walls along a #side lot line#, shall be lined insofar as possible with areas accessible to the public, display windows, or other exhibits, and such bounding walls shall be of transparent material.
Walls along a #side lot line# may be treated with planting or other landscape features.

(i) Skylights

(1)Design standard

Skylights shall be provided having a minimum surface area equal to at least 75 percent of the through #block# galleria, and skylights shall cover at least 50 percent of the galleria's area as measured in plan and shall be unobstructed from the skylights up to the sky.

(2)Modification of design standard

The City Planning Commission may authorize a modification of the minimum area of a skylight for a through #block# galleria under the following conditions:

(i)the through #block# galleria contains a minimum area of 6000 square feet;

(ii)the minimum height of the through #block# galleria is at least double its average width; and

(iiithe exterior bounding walls of the through #block# galleria are open or glazed above a height of 30 feet so as to permit additional natural light into the space.

The total amount of such open or glazed area, including the skylight shall be equal to at least 75 percent of the area of the through #block# galleria.

(j) Penalties for violations

Failure to comply with the conditions or restrictions of the bonused amenity shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

81-748
Floor Area for New Legitimate Theaters

Within the Theater Subdistrict in C6-7T, C5-3, C6-6 and C6-7 Districts, the City Planning Commission may, by special permit, allow additional #floor area# for new legitimate theater use. Such additional #floor area# shall be up to a maximum #floor area ratio# of 2.0 calculated over that portion of the #zoning lot# located within such districts. However, where more than half of the #lot area# of the #zoning lot# is located within such districts, and the remaining portion is located outside of such districts, such additional #floor area ratio# of 2.0 may be calculated over the entire #zoning lot#. The Commission may also permit the modification of the #street wall# and setback regulations of Section 81-751 (Special Street Wall and Setback Regulations within the Theater Subdistrict Core) in connection with such #floor area# for new theater, subject to the following conditions:

(a)the total maximum #floor area# ratio inclusive of all bonuses and #floor area# used for new legitimate theater shall not exceed 21.6 on that portion of the #zoning lot# located within such districts, and
(b)such #floor area# shall be limited to floor space exclusively associated with legitimate theater use, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, lobbies, lounges, ticket offices and rest rooms and circulation space.

No modifications permitted by such special permit shall allow for the modification of signs required pursuant to Section 81-73 (Special Sign and Frontage Regulations).

In granting such special permit, the City Planing Commission shall make the following findings:

(1)such floor area allowance shall not unduly increase the #bulk# of any new #development# or #enlargement#, density of population, or intensity of use on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area;

(2)such modifications to #street wall# and setback regulations are necessary to accommodate the theater configuration and volume, are essential to ensure the proper functioning of the theater, and are limited to the minimum necessary to accommodate the theater; and

(3)such modifications to #street wall# and setback regulations do not adversely affect access to light and air at #street# level as compared to that which would result from the application of the regulations set forth in Section 81-75 (Special Street Wall and Height and Setback Regulations);

The Commission may prescribe appropriate conditions and safeguards to minimize other adverse effects on the character of the surrounding area.

An application filed with the City Planning Commission for special permit pursuant to this Section shall be made jointly by the owners of the #development# or #enlargement# and the owner and/or operator of the theater and shall include floor plans and zoning calculations indicating the location and size of the legitimate theater, and shall include a legal commitment made by the theater owner and the developer for continuance of the #use# of such #floor area# as a legitimate theater and prohibition of the #use# of such #floor area# for any #use# other than legitimate theater use for the life of the related #development# or #enlargement#.
The legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner, any lessee of the theater and their successors and assigns. The certificate of occupancy for the #building# containing the theater shall describe all #floor area# allocated as legitimate theater #use# for which such special permit has been granted.

(c)For #zoning lots# located in partially within the Theater Subdistrict Core and partially within the Eighth Avenue Corridor, the #street wall# of any #building# or portion of a #building# within the Theater Subdistrict Core shall have a minimum #street wall# height of 50 feet, or the height of the #building#, whichever is less, and a maximum #street wall# height of 60 feet within 15 feet of the #narrow street line#.

81-752
Special Street Wall and Setback Regulations within the Eighth Avenue Corridor

#Developments# or #enlargements# on #zoning lots# located in whole or in part within the Eighth Avenue Corridor, as defined in Section 81-71, and east of Eighth Avenue shall comply with the requirements of this Section, and except as superseded by this Section, with the provisions of Section 81-25 (General Provisions Relating to Height and Setback of Buildings), and either 81-26 (Height and Setback Regulations - Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation).

#Developments# or #enlargements# on #zoning lots# located in whole or in part within the Eighth Avenue Corridor, as defined in Section 81-71, and west of Eighth Avenue shall comply with the requirements of this Section. The provisions of Sections 81-25 (General Provisions Relating to Height and Setback of Buildings), 81-26 (Height and Setback Regulations - Daylight Compensation) and 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation) shall not apply except as set forth in paragraph (b)(1) of this Section.

(a)Street Wall Location and Minimum and Maximum Heights before Setbacks

(1) On Eighth Avenue and 42nd Street, #street walls# shall extend along the entire #street# frontage of the #zoning lot# to a minimum height of 50 feet or the height of the #building#, whichever is less.
At least 70 percent of the #aggregate width of street walls# shall be located on the #street line#, and the remaining 30 percent of the #aggregate width of street walls# may be located beyond the #street line# in compliance with #residential outer court# regulations for #residential# portions of #buildings#, and #community facility outer court# regulations for all other portions of #buildings#. However, within 30 feet of the intersection of two #street lines#, #street walls# shall comply with the location requirements of paragraph (a)(3) of this Section. The maximum height of #street walls# within 10 feet of the #wide street line# shall be 150 feet beyond 15 feet of a #narrow street line# and 85 feet within 15 feet of a #narrow street line#.

(2)On a #narrow street# east of Eighth Avenue, and on a #narrow street# west of and within 100 feet of Eighth Avenue, #street walls# shall extend along the entire width of such #narrow street# frontage of the #zoning lot# to a minimum height of 50 feet or the height of the #building#, whichever is less.
At least 70 percent of the #aggregate width of street walls# along such #narrow street# frontage shall be located on the #street line#, and the remaining 30 percent of the #aggregate width of street walls# may be located beyond the #street line# in compliance with #residential outer court# regulations for #residential# portions of #buildings#, and #community facility outer court# regulations for all other portions of #buildings#. However, within 30 feet of the intersection of two #street lines#, #street walls# shall\comply with the location requirements of paragraph (a)(3) of this Section.
The maximum height of #street walls# within 15 feet of the #narrow street line# shall be 85 feet.

No #street walls# are required along a #narrow street# west of and beyond 100 feet of Eighth Avenue provided at least 70 percent of the entire frontage of the #zoning lot# along such #narrow street# is occupied by #street walls# located on the #street line#.
The maximum height of #street walls# within 15 feet of the #narrow street line# shall be 66 feet, except in accordance with paragraph (b)(3) of this Section.

(3)Within 30 feet of the intersection of two #street lines#, the #street wall# shall be located on the #street line# or anywhere within an area bounded by the two #street lines# and lines parallel to and 15 feet from such #street lines#.

(4)For #developments# that occupy the entire #block# frontage of a #wide street# and provide a continuous sidewalk widening along such #street line#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

The #street wall# location and minimum height before setback regulations of this Section shall not apply to portions of #zoning lots# occupied by existing #buildings#.

(b)Special street wall regulations for buildings adjacent to listed theaters

For #developments# or #enlargements# that are adjacent to a theater listed pursuant to Section 81-742 (Listed Theaters), the maximum height of the #street wall# of the #development# or #enlargement# facing the same #street# as the listed theater shall be 60 feet within 15 feet of the #street line#.

(c)Additional Regulations Applying West of Eighth Avenue

(1)West of Eighth Avenue, at any level above a height of 85 feet, any

#development# or #enlargement# or portion thereof shall have a minimum #lot coverage# requirement of 33 percent of the #lot area# of the #zoning lot#, except that such minimum #lot coverage# requirement shall not apply to the highest four #stories# of the #building#.
#Developments# or #enlargements# or portions thereof that occupy, in the aggregate, more than 40 percent of the #lot area# of a #zoning lot# (or, for #zoning lots# of less than 20,000 square feet, a greater percentage than set forth in the table in Section 23-651), shall comply with the provisions of Section 81-25 (General Provisions Relating to Height and Setback of Buildings), and either 81-26 (Height and Setback Regulations - Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation).

(2)Beyond 125 feet of the western #street line# of Eighth Avenue, and beyond 100 feet of the northern #street line# of 42nd Street, no #building or other structure# shall exceed a height of 66 feet, except in accordance with paragraph (3) below.

(3)Where the new or #enlarged building# abuts an existing #building# located entirely beyond 125 feet of the western #street line# of Eighth Avenue and the northern #street line# of 42nd Street, and such existing #building# exceeds a height of 66 feet, the new or enlarged #building# may exceed any height limits specified in this Section up to the height of the existing #building#, provided that, within 15 feet of the #narrow street line#, such portion of the new or #enlarged building# does not exceed either the height of the existing #building# or 85 feet, whichever is less.
For the purposes of this paragraph, the height of the existing #building# shall be the height of its #street wall#, before setback, if applicable, of that portion of the existing #building# abutting the new or #enlarged building#, fronting on the same #street line#, and located on the same or adjoining #zoning lot#.

Chapter 6
Special Clinton District

96-00
GENERAL PURPOSES

The "Special Clinton District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity.
Because of the unique geographical location of the Clinton community, situated between the waterfront on the west and a growing central business district on the east, it is necessary to provide specific programs and regulations which will assure realization of community and city-wide goals.

These goals include, among others, the following:

(a)to preserve and strengthen the residential character of the community;

(b)to permit rehabilitation and new construction within the area in character with the existing scale of the community and at rental levels which will not substantially alter the mixture of income groups presently residing in the area;

(c)to preserve the small-scale character and variety of existing stores and activities and to control new commercial uses in conformity with the existing character of the area;

(d)to recognize the unique character of the eastern edge of District as an integral part of the Theater Subdistrict within the Special Midtown District as well as the Special Clinton District;

(e)to provide an appropriate transition from the mixed-use character along Eighth Avenue to the lower-scale residential character of the Clinton community on the narrow streets;

*(d)(f)*to provide amenities, such as street trees, to improve the physical environment;

*(e)(g)*to restrict demolition of buildings that are suitable for rehabilitation and continued residential use; and

*(f)(h)*to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.

96-01
Definitions

Definitions specially applicable to this Chapter are set forth in this Section.
The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

Mixed building

For the purposes of this Chapter, a "mixed building" is a #building# in a #Commercial District# used partly for #residential use# and partly for #community facility# or #commercial use#, or a #building# in a #Residential District# used partly for #residential use# and partly for #community facility use#.

Special Clinton District
(repeated from Section 12-10)

The "Special Clinton District" is a Special Purpose District designated by the letters "CL" in which special regulations set forth in Article IX, Chapter 6 apply.

The #Special Clinton District# and its regulations supplement or supersede those of the districts on which it is superimposed.

Special Midtown District
(repeated from Section 12-10)

The #Special Midtown District# is a Special Purpose District designated by the letters "MiD", in which special regulations set forth in Article VIII, Chapter 1 apply.

96-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying districts **or as modified by the Special Midtown District** remain in effect.

The Special Midtown District and its regulations, where applicable in the Special Clinton District, shall also apply and shall supplement or supersede regulations as set forth in this Chapter pursuant to Section 96-202 (Special regulations for perimeter area fronting Eighth Avenue). In the event of any conflict or discrepancy between the regulations the provisions of the Special Midtown District shall control. This portion of the Special Purpose District is designated on the #zoning map# by the letters "CL-MiD".

96-03
District Map

The District Map for the #Special Clinton District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Clinton District#. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

Area A - PRESERVATION AREA, Section 96-10
Area B - PERIMETER AREA, Section 96-20
Area C - OTHER AREAS, Section 96-30

96-10
PRESERVATION AREA

96-20
PERIMETER AREA

#Developments# within the Perimeter Area shall be eligible for increased #floor area# pursuant to Section 96-21 (Floor Area Bonus).
Because of increased pressures for #development#, the relocation and demolition provisions of Section 96-23 (Relocation and Demolition of Buildings in the Perimeter Area) shall apply therein for all demolition, #development#, #enlargement# or #extensions# on lots containing #residential uses#.
All existing legal #uses# in enclosed #buildings# shall be considered conforming #uses#.
Except as otherwise provided in this Chapter, any existing #commercial# or #manufacturing uses# may be changed to another #non-conforming use# only in accordance with the provisions of Sections 52-31 (General Provisions), 52-33 (Manufacturing or Related Uses in Residence Districts), 52-34 (Commercial Uses in Residence Districts, 52-35 (Manufacturing or Related Uses in Commercial Districts) and 52-36 (Non-Conforming Commercial Uses in Commercial Districts).

96-201
Special urban design regulations relating to retail continuity and street wall requirements
Special Regulations for 42nd Street Perimeter Area

(a) The provisions of this Section shall apply to #developments# or #enlargements# located in all #Commercial Districts# within the area bounded by the following:
Starting 150 feet west of Eighth Avenue, south to the southern boundary of West 41st Street, west to the east side of Twelfth Avenue, north along the eastern border of Twelfth Avenue to 43rd Street, east on West 43rd Street to the eastern side of Tenth Avenue, south along Tenth Avenue to the southern boundary of West 42nd Street, east on West 42nd Street to Ninth Avenue, north along the western boundary of Ninth Avenue to the midblock of 42nd/43rd Street, east to a point 150 feet west of Eighth Avenue, south to the southerly boundary of 41st Street.

(a)Retail Continuity Requirements

*(b)***(1)**For any #development# or #enlargement# fronting on West 42nd Street, between 9th and 12th Avenues, at least 50 percent of the street frontage of the ground floor, or within five feet of #curb level#, shall be limited to Use Groups 4A, 6A, 6C, 10A, 11, 12A and 12B.

*(c)***(2)**At least 50 percent of the length of the facade of such #street wall# fronting on West 42nd Street shall be glazed with transparent material to a height of not less than 16 feet above #curb level#. The lowest point of such glazed area shall not be higher than four feet above #curb level#.

*(d)***(b) Street Wall Continuity Requirements**

(1) At least 80 percent of the #aggregate width of street walls# of a #building# fronting on West 42nd Street, up to a height of 45 feet, shall be located within 10 feet of the #street line# of such #street#.

*(e)***(2)**The minimum height of the #street wall# of a #building# above #curb level# shall be no less than 45 feet and no more than 85 feet. Above this required height, the #street wall# of a #building# shall set back at least five feet. The requirements of this paragraph shall also apply to any #development# or #enlargement# on a #wide street# frontage within a distance of 50 feet from its intersection with West 42nd Street.

96-202
Special regulations for Eighth Avenue Perimeter Area

All #developments# or #enlargements# located in an area bounded by a line 150 feet west of Eighth Avenue, West 56th Street, Eighth Avenue, and West 42nd Street shall comply with special regulations set forth in Article VIII, Chapter 1 (Special Midtown District), including Section 81-70 (Special Regulations for Theater Subdistrict).

96-21
Floor Area Increase

(a)**Except as specified in paragraph (b) of this Section,** *F*for any #development#, the #floor area ratio# permitted by the underlying district may be increased from 10.0 to 12.0 only by complying with the provisions of Section 23-90 (INCLUSIONARY HOUSING). A permanent certificate of occupancy for any #building# incorporating #floor area# increase pursuant to this Section shall not be issued by the Department of Buildings until the issuance of a permanent certificate of occupancy for lower income housing. In addition to the requirements of Section 23-90 (INCLUSIONARY HOUSING), any units for which a #floor area# increase has been earned pursuant to Section 23-90 shall be within the #Special Clinton District#.

(b)For any #development# located within the Eighth Avenue Perimeter Area set forth in Section 96-202 (Special regulations for Eighth Avenue Perimeter Area), the #floor area ratio# permitted by the underlying district may be increased pursuant to the provisions of Section 81-21 (Floor Area Regulations) as set forth in Article VIII Chapter 1 (Special Midtown District).

96-22
Special Permit for Modification of Height and Setback Regulations

Except within the Eighth Avenue Perimeter Area set forth in Section 96-202 (Special Regulations for Eighth Avenue Perimeter Area), *The* City Planning Commission by special permit after public notice and hearing and subject to Board of Estimate action, may permit modification of height and setback regulations for #developments# which have generated an increase in the #floor area ratio# of not more than 2.0 under the provisions of Section 96-21 provided that such modification is necessary to achieve better site planning.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

* * *

*96-52***96-52**
Bulk *Modifications* for *Public Parking Garages*

Except within the Eighth Avenue Perimeter Area set forth in Section 96-202 (Special regulations for Eighth Avenue Perimeter Area), *In* in all other C6 Districts, the City Planning Commission by special permit after public notice and hearing and subject to Board of Estimate action, may permit for #public parking garages#, modification of the applicable #lot coverage#, #yard# and height and setback regulations. As a condition of permitting such modifications the Commission shall make the following findings:

(a)that because of site limitations such modifications are necessary for the proper design and operation of the #public parking garage#; and

(b)that such modifications will not unduly obstruct access to light and air in the #street# or on adjacent #zoning lots#.

The Commission shall consider the characteristics of surrounding development and may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of adjacent areas.

* * *

96-60
SPECIAL PERMIT PROCEDURE

96-601
Requirements for applications

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter, shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the City Planning Commission.

Notwithstanding the foregoing, in the Eighth Avenue Perimeter Area all applications made pursuant to the Special Midtown District shall be subject to the guidelines and provisions of Article VIII, Chapter 1 (Special Midtown District) instead.

All applications relating to Section 96-52 (Off-Street Parking Regulations) shall be referred by the Commission to the Department of Transportation for its report with respect to the anticipated traffic congestion resulting from such special permit #use# in the proposed location.

If such agency shall report thereon within one month from the date of referral, the Commission shall, in its determination, give due consideration to such report and, further, shall have the power to substantiate the appropriate findings solely on the basis of the report by such agency with respect to the issues referred. If such agency does not report within one month, the Commission may make a final determination without reference thereto.

SUPREME COURT

■ NOTICE

SUPREME COURT, KINGS COUNTY NOTICE OF PETITION. KINGS COUNTY INDEX NUMBER 12009/98

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple and other interest in certain real property where not heretofore acquired for the same purpose as a site for **KENSINGTON BRANCH LIBRARY** generally located at 4209-17 18th Avenue situated in Community District 14, Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, at IA Part 74 , to be held in and for Kings County at the County Courthouse, 360 Adams St in the Borough of Kings, City of New York on the 14th day of May, 1998 at 9:30 A.M., or as soon thereafter as counsel can be heard for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of Kings County or the Office of the City Register;

2) directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City; and

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, as a site for KENSINGTON BRANCH LIBRARY in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of said 18th Avenue and the easterly line of Seton Place (3rd Street - 50 feet wide), which point of beginning is where the dividing line between tax lots 7 and 14 in Brooklyn tax block 5416, as shown on the "Tax Map" of the City of New York for the Borough of Brooklyn, as said "Tax Map" existed on June 25, 1997, is intersected by the southerly line of 18th Avenue (80 feet wide);

Running thence eastwardly and along the southerly line of the said 18th Avenue, for 80.09 feet (80 feet - Deed) to a point on the westerly line of lot 18 in block 5416, as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997;

Thence, southwardly, forming an interior angle of 90°26'06" with the previous course, and along the said westerly line of lot 18 in block 5416, for 112.51 (112.33 feet - Deed) feet to a point on the northerly line of lot 112 in block 5416;

Thence, eastwardly, forming an interior angle of 89°42'13" with the previous course, and along the said northerly line of lot 112 and northerly lines of lots 114, 115 and 116 in block 5416, for 80.09 feet (80 feet - Deed) to a point on the easterly line of lot 7 in block 5416;

Thence, northwardly, forming an interior angle of 90°17'47" with the previous course, and along the said easterly line of lot 7 in block 5416, for 112.71 feet (112.58 feet - Deed) back to the point of beginning.

This parcel consists of lot 14 in block 5416 as shown on the "Tax Map" of the City of New York, Borough of the Brooklyn, as the said "Tax Map" existed on June 25, 1997, and comprises an area of 9,019 square feet or 0.20705 acres.

The above described property shall be acquired subject to encroachments, if any, of the structures, improvements, and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same so long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, Room 5-236A, New York, New York 10007.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS

OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS

Notice of Proposed Rules

NOTICE IS HEREBY GIVEN that the Office of Administrative Trials and Hearings (OATH) is proposing amendments to its existing rules, published in title 48 of the Rules of the City of New York. These rules are proposed pursuant to the rulemaking authority vested in OATH by sections 1043(a) and 1049(2) of the City Charter.

OATH invites public comment regarding the proposed rules. Written submissions must be received by OATH at 40 Rector Street - 6th Floor, New York, New York 10006, on or before Friday, May 29, 1998. A public hearing will be held on Friday, May 29, 1998, at OATH, 40 Rector Street - 6th Floor, New York, New York, beginning at 10:00 a.m. Persons seeking to testify at the public hearing are asked to so notify OATH's counsel, Charles R. Fraser, at the above address. Questions concerning the proposed rules may be directed to Mr. Fraser at (212) 442-4917.

Beginning a reasonable time after the public hearing, the written comments received and a summary of the testimony given at the public hearing will be available for public inspection at OATH, between the hours of 9:00 a.m. and 5:00 p.m.

ROSE LUTTAN RUBIN
Chief Administrative Law Judge
Office of Administrative Trials and Hearings

Dated: April 17, 1998

Statement of Basis and Purpose of Proposed Rules

Effective July 1, 1997, the Hearings Bureau of the Commission on Human Rights (the "Commission") was discontinued and the Bureau's adjudication function was transferred to the Office of Administrative Trials and Hearings ("OATH"). These proposed amendments to the rules of practice of OATH, and the simultaneously proposed amendments to the rules of practice of the Commission, are intended to facilitate that transfer without change to the substantive law applicable to those adjudications, and with the least possible change to the procedures applicable to those adjudications.

The Commission's adjudications, both as previously conducted by the Hearings Bureau and as now conducted by OATH, result in the issuance of recommended decisions from administrative law judges to the Commission, which the Commission may adopt in full, modify, or reject in full. Therefore, the Commission retains the same final role in adjudication as it had before the transfer.

The proposed amendments to the Commission's rules would delete from the Commission's rules of practice (title 47, chapter 1, Rules of the City of New York), most rules governing pre-hearing, hearing and post-hearing procedures. To the extent that OATH's existing rules of practice (title 48, chapter 1, Rules of the City of New York) are substantially consistent with the Commission's existing rules, OATH's existing rules would be made applicable to cases referred by the Commission to OATH. To the extent that OATH's existing rules of practice are not substantially consistent with the Commission's existing rules, OATH's rules would be amended to include a new subchapter C in chapter 2 of title 48, consisting of rules necessary to conform the practice and procedure at OATH to the former practice and procedure before the Commission's Hearings Bureau. Where the Commission has judged the differences between its former practice and procedure and OATH's practice and procedure to be technical or insubstantial, these proposed amendments would make OATH's existing rules applicable.

Some changes in procedure would be adopted by these proposed amendments. For example, by proposed section 1-43 of title 48, OATH would adopt for all of its cases a rule governing subpoenas that is identical to the Commission's present rule governing subpoenas (47 RCNY § 1-81), except that *ex parte* applications for issuance of subpoenas would not be permitted. In addition, the time for taking an interlocutory appeal from a decision or order of the administrative law judge would be reduced from seven days, as provided in the Commission's existing rules (47 RCNY § 1-82), to five days, in OATH's proposed rules (proposed 48 RCNY § 2-30). Finally, motions concerning investigative record-keeping and investigative subpoenas, which were made to the Hearings Bureau under the Commission's existing rules (47 RCNY §§ 1-79, 1-80), will be made to the Chair of the Commission under the Commission's proposed rules (proposed 47 RCNY §§ 1-72, 1-73).

TITLE 48 - OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS (OATH)

CHAPTER 1

Rules of Practice Applicable to Cases at OATH Generally

Subchapter D - Trials and Hearings

§ 1-43 Subpoenas.

(a) [A subpoena *duces tecum* or *ad testificandum* may be issued by the administrative law judge or by an attorney for any party. A subpoena shall be served as provided in the Civil Practice Law and Rules, § 2303. The subpoena shall contain a statement that all inquiries should be directed to the requesting or issuing party. The subpoena shall command the person to whom it is directed to attend and give testimony (subpoena *ad testificandum*) or to produce documents or other designated objects (subpoena *duces tecum*), at the time and place specified therein.] A subpoena *ad testificandum* requiring the attendance of a person to give testimony prior to or at a hearing or a subpoena *duces tecum* requiring the production of documents or things at or prior to a hearing may be issued only by the administrative law judge upon application of a party or *sua sponte*.

[(b) In the event of a dispute concerning a subpoena issued by an attorney, informal resolution shall be attempted with the issuing attorney. A motion to quash, modify or enforce a subpoena issued by the administrative law judge shall be made in the first instance to the administrative law judge. As to an attorney-issued subpoena or any other subpoena which the administrative law judge lacks the authority to quash, modify or enforce, a motion for suchrelief shall be made in a court of appropriate jurisdiction only after the dispute is presented to the administrative law judge at a conference.]

[(c)] (b) A request by a party that the administrative law judge issue a subpoena shall be deemed to be a motion, and shall be made in compliance with § 1-34 or § 1-50, as appropriate, provided, however, that such a motion[, if made in writing, may] shall be made on 24 hours notice by facsimile or personal delivery of papers [to the other parties], including a copy of the proposed subpoena, unless the administrative law judge directs otherwise. The proposed subpoena may be prepared by completion of a form subpoena available from OATH. The making and scheduling of requests for issuance of subpoenas by telephone conference call to the administrative law judge is encouraged.

(c) Subpoenas shall be served in the manner provided by § 2303 of the Civil Practice Law and Rules, unless the administrative law judge directs otherwise. The party requesting the issuance of a subpoena shall bear the cost of service, and of witness and mileage fees, which shall be the same as for a trial subpoena in the Supreme Court of the State of New York.

(d) In the event of a dispute concerning a subpoena after the subpoena is issued, informal resolution shall be attempted with the party who requested issuance of the subpoena. If the dispute is not thus resolved, a motion to quash, modify or enforce the subpoena shall be made to the administrative law judge.

CHAPTER 2

Additional Rules of Practice Applicable to Particular Types of Cases at OATH

Subchapter C - Additional Rules for Human Rights Cases

§ 2-21 Applicability.

This subchapter shall apply solely to cases brought by the New York City Commission on Human Rights pursuant to the City Human Rights Law, title 8 of the New York City Administrative Code. Chapter 1 of this title shall also apply to such proceedings except to the extent that it is inconsistent with this subchapter.

§ 2-22 Definitions.

For purposes of this subchapter:

Commission. "Commission" shall mean the New York City Commission on Human Rights.

Complainant. "Complainant" shall be defined according to the Commission's rules, 47 RCNY § 1-03.

Party. "Party" shall be defined according to the Commission's rules, 47 RCNY § 1-03.

Petition. The complaint as defined in the Commission's rules, 47 RCNY §§ 1-11, 1-12 shall constitute the petition as defined in § 1-01 of Chapter 1 of this title.

Petitioner. "Petitioner" shall mean the Law Enforcement Bureau of the Commission.

Report and recommendation. The report and recommendation referred to in this title shall constitute the recommended decision and order referred to in the Commission's rules.

§ 2-23 Proceedings Before Referral to OATH.

Proceedings before the case is docketed at OATH shall be governed by the Commission's rules (47 RCNY §§ 1-01 to 1-62).

§ 2-24 Docketing the Case at OATH.

(a) Notwithstanding the provisions of § 1-26 of this title, only the petitioner may docket a case at OATH. The petitioner shall docket a case by delivering to OATH a completed intake sheet, the notice of referral required by the Commission's rules (47 RCNY § 1-71), the pleadings and any amendments to the pleadings, any notices of appearances filed with the petitioner pursuant to the Commission's rules (47 RCNY § 1-15), and any changes of address filed with the petitioner pursuant to the Commission's rules (47 RCNY § 1-16).

(b) Upon docketing the case at OATH, the petitioner shall serve notice of trial, if a trial date has been selected, and notice of conference, if a conference date has been selected, in compliance with § 1-28 of this title.

§ 2-25 Intervention.

(a) A person may move to intervene as a party at any time before commencement of the hearing. Intervention may be permitted, in the discretion of the administrative law judge, if the proposed intervenor demonstrates a substantial interest in the outcome of the case. In determining applications for intervention, the administrative law judge shall consider the timeliness of the application, whether the issues in the case would be unduly broadened by grant of the application, the nature and extent of the interest of the proposed intervenor and the prejudice that would be suffered by the intervenor if the application is denied, and such other factors as may be relevant. The administrative law judge may grant the application upon such terms and conditions as he or she may deem appropriate and may limit the scope of an intervenor's participation in the adjudication.

(b) A complainant shall be permitted to intervene as of right, upon notice to all parties and the administrative law judge at or before the first conference in the case, or, if no conference is held, before commencement of trial. The Commission's Law Enforcement Bureau shall prosecute the complaint. Complainants and respondents may be represented by counsel or other duly authorized representatives, who shall file notices of appearance pursuant to the Commission's rules (47 RCNY § 1-15), if before referral of the case to OATH, or pursuant to § 1-11 of this title, if after such referral.

§ 2-26 Withdrawal or Dismissal of the Petition.

After referral of a case to OATH, but before commencement of the hearing, dismissal of the case by the petitioner on the grounds provided in the Commission's rules (47 RCNY § 1-22), or withdrawal of the case by the petitioner pursuant to § 1-32(f) of this title, shall be effected by notice to all other parties and to the administrative law judge. The complainant may move to withdraw the complaint at any time before commencement of the hearing. All other motions to withdraw or dismiss the petition shall be governed by §§ 1-34 and 1-50 of this title.

§ 2-27 Entry of and Relief from Default.

(a) If the notice of referral to OATH alleges that a respondent has not complied with the requirements of § 1-14 of the Commission's rules (47 RCNY § 1-14), the respondent shall serve and file an affidavit asserting that the respondent has complied with those requirements, or asserting reasons constituting good cause for its failure to comply with those requirements. Such affidavit shall be served and filed at or before the first conference in the case, or, if no conference is held, before commencement of the hearing. If the respondent fails to serve and file such an affidavit within the time allowed by this paragraph, the administrative law judge shall declare the respondent to be in default and shall preclude the respondent from further participation in the adjudication. If the respondent timely serves and files such an affidavit, the administrative law judge shall decide the questions presented, and shall either declare the respondent to be in default and preclude the respondent from further participation in the adjudication, or shall deny the default in full or upon stated terms and conditions which may include such limitations on the respondent's participation in the adjudication as the administrative law judge deems to be equitable.

(b) A respondent against whom a default has been entered pursuant to paragraph (a) of this section may move at any time before issuance of the report and recommendation to open the default. Such a motion must include a showing of good cause for the conduct constituting the default, a showing of good cause for the failure to oppose entry of the default in accordance with paragraph (a) of this section, and a meritorious defense to the petition, in whole or in part. In granting any such motion, the administrative law judge may impose such terms and conditions as he or she deems to be equitable.

§ 2-28 Settlement Conferences.

In addition to or instead of the conduct of settlement conferences pursuant to §§ 1-30 and 1-31 of this title, the administrative law judge may in his or her discretion, on the request of any party, refer the case for a settlement conference to be conducted by the Commission's Office of Mediation and Conflict Resolution pursuant to the Commission's rules (47 RCNY subchapter F). In the discretion of the administrative law judge, proceedings at OATH may be stayed, in whole or in part, pending completion of such settlement conference or for any shorter period of time.

§ 2-29 Discovery.

(a) *Policy.* Although strict compliance with the provisions of article 31 of the Civil Practice Law and Rules shall not be required, the principles of that article may be applied to ensure orderly and expeditious preparation of cases for trial.

(b) *Scope of discovery.*

(1) With the exception of the substance of any oral or written communications made by and between a complainant or complainant's counsel and the petitioner subsequent to a determination that probable cause exists, the materials contained in the petitioner's investigatory file shall be available as of right to any party for inspection and copying subsequent to docketing at OATH upon reasonable notice, unless a default has been entered against that party by the administrative law judge.

(2) In the absence of an agreement by the parties, the number of interrogatories, including subparts, shall be limited to fifteen. The administrative law judge may permit additional interrogatories upon application for good cause shown.

(3) Any party may take the deposition of any other party as of right. Other depositions shall be taken only upon leave of the administrative law judge for good cause shown. No person shall be deposed by the party conducting the examination for a period aggregating more than seven hours except upon consent of all parties or leave of the administrative law judge for good cause shown. Deposition testimony may be recorded by a stenographer or by videotape or audiotape recording, at the option of the party conducting the deposition. The cost of the recording and transcription of deposition testimony shall be borne by the party conducting the deposition.

(c) *Sanctions.* Failure to comply with or object to a discovery request in a timely fashion as provided by § 1-33 of this title may result in the imposition of sanctions as appropriate, including those specified in § 1-33(e) of this title.

§ 2-30 Interlocutory Review.

(a) Within five days after issuance of any interlocutory order or decision, a party may move for certification by the administrative law judge that such order or decision may be submitted, in whole or in specified part, for review by the chair of the Commission. If the party moving for certification seeks a stay of proceedings, in whole or in part, pending completion of the interlocutory review, the motion for certification shall include a statement as to why the failure to grant the requested stay would materially prejudice the party. Certification may also be made, and a stay may be ordered, by the administrative law judge on his or her own motion.

(b) As provided by the Commission's rules (47 RCNY § 1-74), failure of a party to seek interlocutory review of a decision or order shall not preclude that party from making such challenge to the Commission in connection with the Commission's review of a report and recommendation in a case, provided that the party timely made its objection known to the administrative law judge and that the grounds for such challenge shall be limited to those set forth to the administrative law judge.

§ 2-31 Proceedings After Issuance of Report and Recommendation.

Proceedings following issuance by the administrative law judge of the report and recommendation in the case shall be governed by the Commission's rules (47 RCNY §§ 1-75, 1-76).

CONSUMER AFFAIRS

NOTICE OF PUBLIC HEARING AND OPPORTUNITY TO COMMENT

Notice of Public Hearing and Opportunity to Comment on Proposed Amendments to Rule Regarding the Towing of Vehicles.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Sections 20-104(b), 20-509, 20-510, 20-518 and 20-525 of Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department intends to amend an existing rule regarding the towing of vehicles.

Written comments regarding this amendment may be sent to the office of Andrew Eiler, Office of the Commissioner, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004 on or before May 27, 1998. A public Hearing shall be held on May 27, 1998 at 9:30 a.m., 42 Broadway, 9th floor conference room, New York, N.Y. 10004. Persons seeking to testify are requested to notify the Director of Adjudication at the foregoing address. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9 a.m. and 5 p.m. at the office of Andrew Eiler, Office of the Commissioner, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004.

Material proposed to be deleted is shown below in brackets and material proposed to be added is underlined.

RULE

Section 1. Paragraph (3) of subdivision (n) of section 2-362 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended to read as follows:

(3) As indicated in the diagram below, affix the license plate decals, which are assigned for each program in which the licensee has been approved to participate, on each license plate. If the licensee enrolled in the DARP, ROTOW, or EVIDENCE VEHICLE programs, those decals will be sent to the licensee only after this Department has conducted an inspection of his/her premises and the licensee has passed said inspection. [The Department will affix the SARD decal if the licensee has been approved to participate in the SARD program, and the licensee has passed an inspection conducted by the Department.]Failure to meet the application requirements for DARP, ROTOW or EVIDENCE VEHICLE programs will subject the applicant to immediate removal from such programs.

§ 2. Subdivision (j) of section 2-363 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended to read as follows:

(j) Each licensee must notify the Department of any conviction for a crime [of which it has actual notice of]or the entry of a guilty or nolo contendere plea by:
(1) any licensed tow truck operator employed by the licensee or
(2) any person required to be fingerprinted under this subchapter in connection with the licensee's application for a license or renewal thereof.

§ 3. Subdivision (b) of section 2-364 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended to read as follows:

(b) Every such applicant must possess a valid New York State class A, B, CDL C [, D or E] or non-CDL C license, all of which shall also have an endorsement required by law for operating a tow truck, or an equivalent [out-of-state] license from another state of which he or she is a resident, provided, however that such person provides the Commissioner with an abstract of his or her driving record from such state. Applicants with out-of-state driver's licenses must present proof satisfactory to the Commissioner that such licenses are current and valid at the time of the filing of the application.

§ 4. Subdivision (e) of section 20-365 of subchapter EE of chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:
(e) Every operator must promptly and in no event later than 5 days, notify the Department if he or she is convicted of a crime or [pleads guilty to a crime]enters a guilty or nolo contendere plea in any jurisdiction.

§ 5. Section 20-365 of subchapter EE of chapter 2 of Title 6 of the Rules of the City of New York is amended by adding a new subdivision (i) to read as follows:
(i) Operators shall continuously maintain a valid New York State class A, B, CDL C or non-CDL C license with the endorsement required by law for operating a tow truck, or a current and valid equivalent license from another state of which he or she is a resident.

§ 6. Section 2-367 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended to read as follows:

§ 7. Subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended by adding a new section 2-367.1 to read as follows:

§2-367.1 Consumer Bill of Rights Regarding Towing of Accident Vehicles and Repair Shops.
(a) Every owner or person in charge of an accident vehicle shall be provided a document entitled "Consumer Bill of Rights Regarding Towing of Accident Vehicles and Repair Shops" before such person signs the authorization to tow form specified in section 2-367 of this subchapter. If the towing of an accident vehicle is authorized by a police officer as provided in section 2-367 of this subchapter, the "Consumer Bill of Rights Regarding Towing of Accident Vehicles and Repair Shops" shall be provided to the owner or person in charge of the vehicle before such vehicle is towed from the accident scene, such as when that person discusses the disposition of the vehicle with such towing company; provided, however, that if the owner or other person in charged of such vehicle is injured and is to be removed to a hospital, such bill of rights shall be furnished by the towing company at the time such owner or other person in charge of such vehicle first appears at the premises of such towing company.
(b) The "Consumer Bill of Rights Regarding Towing of Accident Vehicles and Repair Shops" shall have printed on it at the top of the page in capital, block face letters and in 14 point bold face type the caption, CONSUMER BILL OF RIGHTS REGARDING TOWING OF ACCIDENT VEHICLES AND REPAIR SHOPS followed by statements in the sequence listed below in 12 point bold face type in a color that sharply sets the text off from the background color of the document:

"NOTICE OF RIGHTS AND OPTIONS WHEN YOUR ACCIDENT VEHICLE IS TOWED."

Information about the towing of the vehicle.

"Your accident vehicle must be towed by the towing company that has been directed to do so by the Police Department."

YOU HAVE A RIGHT TO DIRECT THE TOWING COMPANY TO TOW THE VEHICLE TO ANY LOCATION WITHIN THE BOUNDARIES OF NEW YORK CITY, provided the vehicle can be legally left in the location you select. You must indicate on the tow authorization form where you want the vehicle towed. If you do not designate a location, the towing company is required to tow the vehicle to its authorized storage facility.

You or any person(s) you designate must be provided, at no extra charge, with reasonable access to view the accident vehicle during normal business hours at the towing company's storage facilities.

The Authorization to Tow form you sign ONLY AUTHORIZES the towing company to tow your vehicle and to store it at the storage facility of the towing company until you arrange to remove the vehicle. The towing company CANNOT use the towing authorization as an authorization to initiate repairs on the vehicle. UNLESS YOU HAVE SEPARATELY AUTHORIZED THE TOWING COMPANY'S REPAIR SHOP TO MAKE REPAIRS, YOU ARE NOT RESPONSIBLE FOR THE COST OF REPAIRS MADE BY SUCH REPAIR SHOP.

The rates charged for towing and storage cannot exceed those listed below for vehicles weighing 6,500 pounds or less):

Tow to towing company's storage facilities (including mileage plus storage for first day or any part thereof).....$65
Tow to location other than towing company's storage facilities (excluding mileage)....$65
Charge per mile if towed to location other than towing company's storage facilities....$3.50
Daily storage charge for each 24 hours or part thereof for the second or third day of storage.....$10.00
Daily storage charge for each 24 hours or part thereof for the fourth day of storage or thereafter.....$15.00
Road tolls actually paid.
Sales taxes at 8.25%

Information about repair of vehicle

You are entitled to have the vehicle repaired by the repair shop of your choice. Within 30 minutes after the payment of all lawful charges (see above), the towing company must make the vehicle available to you or anyone you designate. A towing company may charge a fee of up to $25 for positioning your vehicle so it can be towed away by the tow truck of another company that is using a tow truck capable of towing three or more vehicles simultaneously.
No insurance company can require you to have the vehicle repaired by a specific repair shop.
You are entitled to request that your insurer recommend a repair shop. If you choose to have your vehicle repaired by a repair shop recommended by your insurer, you insurer becomes responsible for the adequacy of the repairs made by that repair shop.

§ 8. Subdivisions (a), (c) , (d) and (f) of section 2-368 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York are hereby amended to read as follows:

(a) [The]Unless specifically provided otherwise by law or rule, the maximum rates as prescribed for towing are:
(1) $50 for the first mile or part thereof within the City of New York.
(2) $3.50 for each additional mile or part thereof within the City of New York.
(3) All tolls required to be paid while towing a vehicle.
(c) The rates in subdivision (a) shall not apply to:
(1) the towing of vehicles exceeding [four]six thousand five hundred pounds; or
(2) towing of motor vehicles pursuant to a contract which was in existence prior to the need for the towing of such vehicles, provided that such motor vehicles are either owned or leased by the person who entered into such contract.
(d) The rates in subdivision (b) shall not apply to:
(1) The storage of vehicles exceeding [four]six thousand five hundred pounds; or
(2) Storage of motor vehicles pursuant to a contract which was in existence prior to the need for storage of such vehicles, provided that such motor vehicles are either owned or leased by the person who entered into such contract.
(f) (1) Where unusual preparation is required before a vehicle can be towed, additional charges may be imposed not to exceed $12.00 per tow truck for each 1/4 hour or part thereof, provided, however, that no such charge may be imposed or collected if an accident vehicle is towed pursuant to the directed accident response program. Unusual preparation includes winching or righting a vehicle or any other preparation necessary to put the vehicle in a position where it can be hooked or raised to the tow truck.
(2) Notwithstanding paragraph one of this subdivision, a towing company which has towed a vehicle to its storage facilities may charge an additional amount not to exceed $25 for the positioning of such vehicle for removal from such storage facilities by the tow truck of another towing company that is capable of towing three or more vehicles simultaneously. Such other towing company must be licensed or otherwise exempt from the licensing provisions of subchapter 31 of chapter 2 of title 20 of the New York City Administrative Code, or must be based outside of New York City and thereby not be required to be licensed pursuant to such provisions of the New York City Administrative Code.

§ 9. Subdivisions (a) through the second subdivision lettered as subdivision (c) of section 2-371, of subchapter EE , chapter 2, title 6 of the Rules of the City of New York are hereby amended to read as follows:

(a) Applicants must be licensed to engage in the business of towing by the New York City Department of Consumer Affairs. Applicants who apply to be in the DARP program [on or after March 1, 1993] must be licensed to engage in the business of towing for a period of not less than one year immediately prior to the date of their application. The applicant's business premises, which include the applicant's storage facilities and auxiliary storage facilities, must be located within the geographic boundaries of New York City. In addition, all of the tow truck operators employed by the licensee must be licensed as such by the Department and comply with all applicable laws and rules.
(b) Any vehicle with a maximum gross vehicle weight of less than fifteen thousand pounds which has been involved in a vehicular accident and which cannot be safely driven under its own power must be removed from the accident scene by the authorized DARP tower to the premises address on the responding company's license or to a location designated by a person in charge of such vehicle; provided, however, that such location is within the [zone in which the vehicular accident occurred or a zone directly adjacent thereto]boundaries of the City of New York and placement of such vehicle is not in violation of any other law. [The tow truck operator shall provide a map of the zone and any adjacent zones to any person in charge of a vehicle who desires to designate such a location.] A police officer may make the determination whether the vehicle may be safely driven under its own power. No vehicle removed from the accident scene to the DARP tower's premises address shall be left by a licensee on the street in front of, or adjacent to, the licensee's business premises (which include the licensee's storage facilities and auxiliary storage facilities).
(c) Applicants who apply to be in the DARP program [on or after December 6, 1994] must make application to participate only in the zone in which their business premises is located. Such premises shall be under the exclusive control of the applicant, shall not be used by any other towing company and shall consist of a location that is open to the public, where towing company personnel are employed, calls requesting towing service are received and towers are dispatched, and where all records required by subchapter 31 of chapter 2 of title 20 of the New York City Administrative Code are maintained..
([c]d) Applications for the DARP program will be accepted by the Department on an ongoing basis. Upon approval, new participants will initially be placed at the bottom of the rotation list for the zone for which they have been accepted.

§ 10. Subdivision (g) of section 2-371 of subchapter EE, chapter 2, title 6 of the Rules of the City of New York is hereby amended to read as follows:
(g) Applicants for DARP must immediately respond to a rotation call[they accept]. To be eligible to participate in a particular zone, an applicant must be able to provide a tow truck at the disabled vehicle's location within thirty minutes after notification by the tow truck notification operator. If no DARP participant is available in the zone where the disabled vehicle is located the tow truck notification operator may call a DARP participant in a geographically adjacent zone.

§11. Subdivisions (h) through (j) and subdivision (s) of section 2-371 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York are hereby repealed.

§12. Subdivisions (k), (v), (x) and (y) of section 2-371 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York are hereby amended to read as follows:
(k) Applicants must have a minimum of two (2) tow trucks for each zone for which they apply to participate, at least one of which must be a flat-bed tow truck suitable for removing accident vehicles.
(v) Participants must be open for redemption of vehicles towed in the DARP program during the hours of 9 am to 4 pm, Monday through Friday. In addition, they must be open for redemption from 9 am to 4 pm on either Saturday or Sunday, as such participant has informed the Department in writing, provided, however, that if such participant fails to so notify the Department, the participant shall be deemed to have elected to be open for redemption from 9 am to 4 pm on both Saturday and Sunday. In all instances, participants shall make vehicles immediately available for redemption to the owner of the disabled vehicle, his or her agent, or an authorized insurance company representative. The participant may be closed for redemption on New York City public holidays.
(x) Participants shall not release vehicles towed in the DARP program unless the person redeeming the vehicle presents sufficient proof that he or she is the owner of the vehicle or is the owner's agent. Sufficient proof of ownership includes the vehicle's New York State Department of Motor Vehicles' registration receipt (or equivalent out-of-state vehicle registration) or certificate of title. If the vehicle is being redeemed by an insurance company as agent for the owner, the insurance company shall present a notarized "receipt for release form" on the insurance company's letterhead signed by a representative of the insurance company. Upon presentation of sufficient proof of ownership and payment of the authorized charges the disabled vehicle shall be immediately released. Payment of the authorized charges may be made in legal tender, by a major credit card [in accordance with generally accepted business practices]for which a decal is required to be affixed to a tow truck as provided in section 2-368.1 of this subchapter, by a first party insurance check or in any other form acceptable to the licensee. At any time when a participant is required to be open for redemption pursuant to subdivision (v) of this section, any vehicle owner [or agent] shall be permitted to inspect his or her vehicle and remove items of personal property contained therein, and any agent shall be permitted to inspect such vehicle, whether or not the payment for towing and storage has been made. No charge shall be assessed to the vehicle owner or the vehicle owner's agent for such inspection. The participant shall be given a receipt for any property removed from a vehicle while it is in the custody of the participant.
(y) After due notice and opportunity to be heard, the Commissioner may disqualify any towing company participating in the DARP program from continued participation in such program for violation of any of the provisions of §20-518 of the New York City Administrative Code or any rule promulgated thereunder or upon the occurrence of any one or more of the conditions set forth in subchapter 31 of chapter 2 of title 20 of the New York City Administrative Code which constitute grounds for suspension or revocation of any license issued under such subchapter[; provided, however, that the]. The Commissioner, for good cause, may, prior to giving notice and an opportunity to be heard, temporarily suspend a towing company from participation in the DARP program for up to ten days. Notice of such suspension shall be served on the towing company. The Commissioner shall provide the towing company with the opportunity for a hearing within ten days after the notification of suspension, after which the Commissioner shall forthwith make a determination as to whether such suspension should continue and the length of such suspension, and in addition may impose any penalty or sanction authorized by subchapter 31 of chapter 2 of title 20 of the New York City Administrative Code.

§13. Section §2-371.1 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby repealed.

Statement of Basis and Purpose: Local Law number 94 for the year 1997 amended subchapter 31 of Title 20 of the New York City Administrative Code which governs towing vehicles. The amendments made permanent the ban on consumers calling their own tower to an accident scene, terminated the Special Accident Response District pilot program that had been in operation in six police precincts as an alternative to the DARP program that remained in effect in the remaining precincts, specified additional qualifications to be satisfied by DARP participants, and strengthened program operating requirements that have to be met by DARP participants.

The proposed amendments to the towing rules would revise the current rule to implement the requirements that were enacted by Local Law number 94 for the year 1997 and make conforming amendments to incorporate requirements imposed by amendments to State law. The proposed amendments would: expand the requirement that applicants notify the Department of the conviction of a crime to include the entry of guilty and nolo contendere pleas; incorporate the requirement that tow truck drivers have the appropriate endorsement on their operator's license as required by State law; revise the content of the tow authorization form to be used; adopt the wording of the "Consumer Bill of Rights Regarding Towing of Accident Vehicles and Repair Shops" as mandated by Local Law number 94 for the year 1997; revise the fee schedule for towing and storage for DARP participants as mandated by such law and raise the weight limit that designates the vehicles to which the fees apply; implement the requirement that accident vehicles be towed to any legal location within the City limits as designated by the person in charge of the vehicle; specify that a DARP participant have at least one flat bed truck that is suitable for removing accident vehicles; and incorporate the failure to respond standard for suspending participants from the program. Finally, the proposed rule would repeal section 2-371.1 of subchapter EE, chapter 2, title 6 of the Rules of the city of New York which governed the SARD pilot project.

COMMISSION ON HUMAN RIGHTS

Notice of Opportunity to Comment on Proposed Rule in relation to the addition of "domestic partners" to the definition of "members", and the adoption of a definition of "domestic partner", for purposes of determining whether an institution in "distinctly private".

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commission on Human Rights by Section 8-105 of the New York City Administrative Code, and in accordance with Section 1043 of the Charter, that the Commission on Human Rights proposes to amend title 47 of the Official Compilation of Rules of the City of New York by amending Section 2-01 in relation to the addition of "domestic partners" to the definition of "members", and the adoption of a definition of "domestic partner", for purposes of determining whether an institution is "distinctly private" as that term is used in the New York City Human Rights Law, Administrative Code Section 8-101 et seq. Matter underlined is new. This rule proposal was not included in the regulatory agenda because it was not contemplated at the time of publication of the regulatory agenda.

Written comments regarding the proposed rule may be sent to Cheryl Howard, General Counsel, Commission on Human Rights, 40 Rector Street, New York, NY 10006, on or before May 22, 1998 at 5:00pm. A public hearing shall be held on May 22, 1998 at 2:00pm. Persons seeking to testify are requested to notify Assistant General Counsel, Raymond Wayne at the address stated above. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Assistant General Counsel, Raymond Wayne at the foregoing address by May 8, 1998. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00am and 5:00pm at the above address, telephone number (212)306-7591.

Section 1. The definition of "Members" in Section 2-01 of Chapter 2 of title 47 of the Rules of the City of New York is amended to read as follows:

Members. "Members" shall mean individuals belonging to any class of membership offered by the institution, club, or place of accommodation including, but not limited to, full membership, resident membership, nonresident membership, temporary membership, family membership, honorary membership, associate membership, membership limited to use of dining or athletic facilities, and membership of members' minor children or spouses or domestic partners.

Section 2. Section 2-01 of Chapter 2 of title 47 of the Rules of the City of New York is amended by adding a definition of "domestic partner", which shall proceed the definition of "members", and which shall read as follows:

Domestic partner. "Domestic partner" is a person who has registered a domestic partnership with the City Clerk of the City Department of Personnel in accordance with applicable law.

STATEMENT OF BASIS AND PURPOSE

Mayoral Executive Orders spanning the past two administrations have established several rights and procedures relative to domestic partnerships, including a procedure for City residents to register their domestic partnerships in the office of the City Clerk. Such orders have further provided, among other things, that (I) registered domestic partners are eligible for visitation rights in City hospitals and correction facilities; (ii) City employees with registered domestic partnerships are eligible for child care leave and bereavement leave on the same basis as those benefits are afforded to employees with regard to their spouses; and (iii) registered domestic partnership is evidence to the right to succession to tenancy rights in facilities operated by the New York City Housing Authority and the Department of Housing Preservation and Development. By the end of 1997, there were approximately 8,000 couples registered as domestic partners in New York City. Approximately two thirds of those registered domestic partners who reported demographic information were heterosexual couples, and approximately one third were same sex couples. Almost forty percent of registered domestic partnerships have accessed City health benefits available to partners of City employees and retirees.

Consistent with the intent of such orders, and its authority pursuant to Administrative Code 8-105(11), the Commission is now acting to provide that a provision of its rules applicable to spouses should now be extended to domestic partners.

Chapter 1
Practice and Procedure

SUBCHAPTER A
GENERAL

§1-01 Scope of Rules.
These rules are intended to carry out the provisions of Title 8, Chapter 1 of the Administrative Code of the City of New York, Human Rights Law ("HRL"), and the policies and procedures of the Commission on Human Rights in connection therewith, as authorized by HRL §8-105(11) and §8-117. [These include rules for hearing and pre-hearing procedures required by HRL 8-117.]

§1-02 Organization of Commission.
In order to carry out its various statutory responsibilities in a fair and impartial fashion, the Commission has separated its functions into discrete bureaus and offices, each of which reports to the Chair of the agency. In addition to the Chair and the Commissioners, the following components of the Commission are directly involved in the enforcement of the HRL:

(a) *Law Enforcement Bureau.* The Law Enforcement Bureau is charged with the Commission's investigatory and prosecutorial functions. Where an action is authorized or required to be taken by the Law Enforcement Bureau, such action shall be taken by the Deputy Commissioner for Law Enforcement, such Law Enforcement Bureau staff as the Deputy Commissioner shall designate, or such person as may be appointed by the Chair of the Commission.

[(b) *Hearings Bureau.* The Hearings Bureau is charged with overseeing pre-hearing proceedings, conducting hearings, and other adjudicative responsibilities. Where an action is authorized or required to be taken by the Hearings Bureau, such action shall be taken by the Chief Administrative Law Judge, such Hearings Bureau staff as the Chief Administrative Law Judge shall designate, or such person as may be appointed by the Chair of the Commission.]

[(c)] (b) *Office of General Counsel.* The Office of General Counsel serves as counsel to the Chair and to the Commissioners. Where an action is authorized or required to be taken by the Office of General Counsel, such action shall be taken by the General Counsel, such staff of the Office of General Counsel as the General Counsel shall designate, or such person as may be appointed by the Chair of the Commission.

[(d)] (c) *Office of Mediation and Conflict Resolution.* The Office of Mediation and Conflict Resolution provides mediation and conciliation services in connection with complaints that have been filed. Where an action is authorized or required to be taken by the Office of Mediation and Conflict Resolution, such action shall be taken by the Deputy Commissioner for Mediation and Conflict Resolution, such staff of the Office of Mediation and Conflict Resolution as the Deputy Commissioner shall designate, or such person as may be appointed by the Chair of the Commission.

§1-03 Definitions and Construction. For purposes of this chapter,

Calculation of dates. A number of days specified in these rules means calendar days exclusive of the calendar day from which the calculation is made.

Complainant. Complainant shall mean a person who has filed a complaint pursuant to these rules.

Discriminatory harassment or violence. The procedures set forth in these Rules which apply to unlawful discriminatory practices shall apply with like effect to acts of discriminatory harassment or violence as set forth in chapter 6 of title 8 of the Administrative Code except that no complaint shall be filed with respect to an act of discriminatory harassment or violence unless the act complained of occurred on or after January 22, 1993.

Filing and proof of service. Wherever these rules require that a paper be filed, such requirement shall be construed to require the filing of proof of prior service of the paper on the persons required to be served by the section together with the paper. Each Bureau and Office of the Commission shall retain proof of service of each paper served under these rules.

Investigatory file. For the purposes of these rules, the Law Enforcement Bureau's "Investigatory File" shall be construed to include only the factual information, as opposed to opinions or legal analysis contained on those writings made or gathered by the Bureau during the course of an investigation. Any information derived from an investigation pursuant to Subchapter D of this chapter including the names and other identifying information of witnesses who request anonymity is confidential; provided, however, that the Law Enforcement Bureau may be required to disclose the names of such witnesses in the course of an administrative hearing or a civil action.

Means of service of papers. Except where otherwise specified, service of a paper means any method of service described by §2103 of the New York Civil Practice Law and Rules.

Necessary party. Necessary party shall mean any person deemed by the Law Enforcement Bureau or any person determined by an Administrative Law Judge to be a person without whom complete relief could not be ordered by the Commission or a person whose interests would be materially affected by the Commission's determination of the case. Any person deemed or determined to be a necessary party shall be treated as a party for all purposes under these rules and the HRL.

Papers to be served upon counsel. Whenever a person required to be served with a paper pursuant to these rules has duly informed the Law Enforcement Bureau as required by these rules that such person is represented by counsel, service shall be effected upon the person's counsel in lieu of service on the person himself or herself.

Party. Unless the context requires otherwise, the term "party" shall refer to the Law Enforcement Bureau, to respondents, to those complainants that shall have intervened pursuant to §1-75 of this chapter and to necessary parties.

Person. The term "person" shall have the meaning ascribed thereto in subdivision one of HRL 8-102. The term "person" shall be construed to include associations, organizations or groups that assert the civil rights of protected classes.

Probable Cause. The Law Enforcement Bureau shall find probable cause exists to credit the allegations of a complaint that an unlawful discriminatory practice has been or is being committed by a respondent where a reasonable person, looking at the evidence as a whole, could reach the conclusion that it is more likely than not that the unlawful discriminatory practice was committed.

Respondent. Respondent shall mean a person who has been charged in a complaint filed pursuant to these rules with having committed an unlawful discriminatory practice.

Rules. Rules shall mean the provisions of chapter 1 of Title 47 of the Rules of the City of New York.

SUBCHAPTER B
COMPLAINTS, ANSWERS, AND NOTIFICATION OF OBLIGATIONS

§1-11 Complaints Generally.

(a) *Who may file.* (1) Any person claiming to be aggrieved by an unlawful discriminatory practice may in person, by his or her attorney, or by a representative acting with appropriate legal authority make, sign and file a written verified complaint with the Law Enforcement Bureau in accordance with these rules.

(2) The Law Enforcement Bureau may make, sign, and file a verified complaint alleging that a person has committed an unlawful discriminatory practice.

(b) *Form of complaints.* All complaints shall be typewritten, and must be signed and verified by the person making the complaint or in the case of a Commission-initiated complaint, by the Commission. A complaint initiated by a person other than the Commission shall be signed before a notary public or other person authorized by law to administer oaths. Each complaint shall recite the name of each complainant and respondent in a caption in the following form:

CITY OF NEW YORK
COMMISSION ON HUMAN RIGHTS

----------x

In the Matter of the Complaint of: Verified Complaint

Complainant, Case No.

-against-

Respondent.

----------x

(c) *Contents of complaint.* A complaint shall contain the following:

(1) the full name and address of the person or persons making the complaint or such other designation as appropriate. Each such person shall be denominated a complainant. If a complaint is prepared by a complainant's attorney, the attorney's name, address, telephone number and facsimile number, if any, shall also appear on the complaint;

(2) the full name and address, where known, of the person or persons alleged to have committed an unlawful discriminatory practice. Each such person shall be denominated a respondent;

(3) a statement of the specific facts constituting the alleged unlawful discriminatory practice. The statement shall contain, to the extent known to the complainant, the exact or approximate date or dates of the alleged discriminatory practices and, if the alleged discriminatory practices are of a continuing nature, the dates between which those continuing acts of discrimination are alleged to have occurred; and the addresses or approximate locations of any places where the acts complained of are alleged to have occurred; and

(4) whether complainant has previously filed any other civil or administrative action alleging an unlawful discriminatory practice with respect to the allegations of discrimination which are the subject of the complaint. In the event of a prior filing, a statement of the title, docket, or similar identifying number, and forum before which such other claim was filed, and a statement of the status or disposition of such other action or proceeding should be made.

(d) *When constitutes filing of a complaint or answer.* A complaint or answer is filed when it is accepted for filing by the Office of the Docketing Clerk of the Law Enforcement Bureau.

(e) *Procedure upon receipt of complaint.* The Law Enforcement Bureau shall accept complaints for filing, note the date of filing on the complaint, and assign a complaint number to the complaint. The Law Enforcement Bureau shall thereafter serve by mail a copy of the filed complaint upon each respondent and necessary party and shall advise the respondent of his or her procedural rights and obligations.

§1-12 Commission-initiated Complaints.

(a) *Procedure upon filing of a Commission-initiated complaint.* Upon filing of a Commission-initiated complaint, the Law Enforcement Bureau shall immediately note the date of filing on the complaint, and assign a complaint number to the complaint. The Law Enforcement Bureau shall thereafter serve a copy of the filed complaint upon each respondent and shall advise the respondent of his/her procedural rights and obligations.

(b) *Probable cause.* The filing of Commission-initiated complaint shall be deemed to be a determination of probable cause.

§1-13 Amendments to Complaints.

[(a) *When permitted.*] A complaint may be amended as of right at any time before the referral of the complaint to the [Hearings Bureau] Office of Administrative Trials and Hearings (hereinafter OATH) pursuant to §[1-72] 1-71 of this chapter. Subsequent to the referral of a complaint to [the Hearings Bureau,] OATH a complaint may be amended by application to the presiding Administrative Law Judge.

[(b) *Filing and service.* Amendments to complaints made prior to referral of a complaint to the Hearings Bureau pursuant to §1-72 of this chapter shall be made, filed and served in the manner prescribed by §1-11 and §1-12 of this chapter. Amendments to complaints made subsequent to referral of a complaint to the Hearings Bureau shall be made, filed and served in accordance with the directions of the presiding Administrative Law Judge.]

§1-14 Answer.

(a) *Time for filing.* The respondent shall file a verified answer with the Law Enforcement Bureau within 30 days of having been served with a complaint or an amendment thereof.

(b) *Form and content of answer.* The answer shall be verified as to the truth of the statements therein, and the respondent shall specifically admit, deny, or explain each of the facts alleged in the complaint, unless the respondent is without knowledge or information sufficient to form a belief, in which case the respondent shall so state, and such statement shall operate as a denial. Any allegation in the complaint not specifically denied or explained shall be deemed admitted unless good cause to the contrary is shown. All affirmative defenses and mitigating factors set forth in HRL §8-107(13)(d), §8-107(13)(e), and §8-126(b) shall be stated separately in the answer.

(c) *Counterclaims and cross-claims.* The respondent shall not be permitted to interpose either a counterclaim or a cross-claim in the answer.

(d) *Extension of time to answer.* A respondent may apply to the Law Enforcement Bureau for additional time to file an answer. Such a request shall be granted for good cause shown.

(e) *Amendment of answer.* A respondent may amend its answer to the original complaint at any time prior to the referral of the complaint to [the Hearings Bureau] OATH pursuant to §[1-72] 1-71 of this chapter. An amendment to an answer subsequent to the referral of a complaint to [the Hearings Bureau pursuant to §1-72 of this chapter] OATH may be made by application to the presiding Administrative Law Judge.

(f) Notwithstanding the foregoing provisions, the following shall apply with respect to complaints originally filed with the Commission prior to September 16, 1991 and amendments thereof whether filed before or after September 16, 1991:

(1) A respondent may but is not required to file a verified answer to the complaint. If a respondent elects not to file an answer to the complaint, all allegations of the complaint shall be deemed denied.

(2) A respondent must file a verified answer if the respondent has or intends to assert affirmative defenses to the charges set forth in the complaint.

(3) Where a respondent files an answer, any allegation of the complaint which is not answered or upon which respondent alleges insufficient information shall be deemed denied.

(4) An answer may be filed at any time after the service of the complaint and no later than 15 days after service of a determination of probable cause.

§1-15 Representation. Complainants and respondents may be represented by counsel. Counsel shall file with the Law Enforcement Bureau a Notice of Appearance which shall recite the person or persons for whom the attorney appears, and the attorney's name, address, and telephone and fax number.

§1-16 Change of Address. Complainants, respondents, and their legal representatives are under a continuing obligation to notify the Law Enforcement Bureau of any change in their addresses.

SUBCHAPTER C
WITHDRAWALS AND DISMISSALS

§1-21 Withdrawal of Complaints.

[(a) Prior to complaint being referred to the Hearings Bureau.] At any time prior to the service of a notice that a complaint has been referred to the [Hearings Bureau] OATH, a complainant may withdraw a complaint that has been filed.

[(b) *Subsequent to complaint being referred to the Hearings Bureau.* At any time subsequent to the service of a notice that a complaint has been referred to the Hearings Bureau and prior to the commencement of a hearing, a complainant may apply to the presiding Administrative Law Judge to withdraw a complaint.]

§1-22 Dismissal of Complaint.

(a) *Dismissal for administrative convenience.* The Law Enforcement Bureau may, in its discretion, dismiss a complaint for administrative convenience at any time prior to the taking of testimony at a hearing. Administrative convenience shall include, but not be limited to, the following circumstances:

(1) Law Enforcement Bureau personnel have been unable to locate the complainant after diligent efforts to do so;

(2) the complainant has repeatedly failed to appear at mutually agreed-upon appointments with the Law Enforcement Bureau or the Office of Mediation and Conflict Resolution personnel, or is unwilling to meet with the Law Enforcement Bureau or the Office of Mediation and Conflict Resolution personnel, provide requested documentation, or to attend a hearing;

(3) the complainant has repeatedly engaged in conduct which is disruptive to the orderly functioning of the Law Enforcement Bureau;

(4) where the complainant is unwilling to accept a reasonable proposed conciliation agreement;

(5) prosecution of the complaint will not serve the public interest. Without limitation, this shall include those circumstances where it is not likely that further investigation will result in a finding of probable cause or where the passage of time or other factors have materially impaired the ability of a respondent to defend against the allegations of the complaint; and

(6) the complainant requests such dismissal, one hundred eighty days have elapsed since the filing of the complaint with the Law Enforcement Bureau, and the Law Enforcement Bureau finds (a) that the complaint has not been actively investigated and (b) that the respondent will not be unduly prejudiced thereby.

(b) *Mandatory Dismissal for administrative convenience.* The Law Enforcement Bureau shall dismiss a complaint for administrative convenience at any time prior to the filing of an answer by the respondent if the complainant requests such dismissal, unless the Law Enforcement Bureau has conducted an investigation of the complaint or has engaged the parties in conciliation after the time the complaint was filed.

(c) *Dismissal because the complaint is not within the jurisdiction of the Commission.* The Law Enforcement Bureau shall dismiss a complaint in whole or in part where it concludes that the complaint or a portion thereof is not within the jurisdiction of the Commission.

(d) *Dismissal for lack of probable cause.* If, after investigation the Law Enforcement Bureau determines that probable cause does not exist to believe that the respondent has engaged or is engaging in an unlawful discriminatory practice, the Bureau shall dismiss the complaint in whole or in part as to such respondent.

(e) *Notification of dismissal.* When the Law Enforcement Bureau makes a determination pursuant to this section, it shall promptly serve each complainant, respondent, and necessary party with an order dismissing the complaint in whole or in part.

(f) *Review of order of dismissal.* A complainant or respondent aggrieved by an order of dismissal made pursuant to this section may apply to the Chair for review of such order within 30 days of the service of such order by serving a notice of application for review on all other complainants and respondents, the Law Enforcement Bureau and any necessary parties, and by filing such notice with the Office of General Counsel.

SUBCHAPTER D
INVESTIGATORY PROCEDURES

§1-31 Policy.

The procedures to be followed in investigative proceedings shall be such as in the discretion of the Law Enforcement Bureau will best facilitate accurate, orderly, and thorough fact-finding.

§1-32 Subpoenas.

The Law Enforcement Bureau may issue and serve subpoenas ad testificandum and subpoenas duces tecum upon any person. Proceedings to enforce, quash, fix conditions, or modify subpoenas shall be governed by Article 23 of the New York Civil Practice Law and Rules.

§1-33 Investigative Record-keeping.

(a) The Law Enforcement Bureau shall have the authority to make demands for the preservation of records and for the continuation of the practice of making and keeping records permitted by HRL 8-114(b). The demand shall require that such records be made available for inspection by the Law Enforcement Bureau and/or be filed with the Law Enforcement Bureau.

(b) Any person upon whom a demand has been made may assert an objection to the demand within seven days after service of the demand by serving such objection upon the Law Enforcement Bureau and filing such objection with the Office of General Counsel. The Law Enforcement Bureau shall have seven days from service of the objection to serve such person with a written response to the objection and to file such response with the Office of General Counsel. The Chair shall issue an order on said demand and objection.

§1-34 Availability of Investigatory Materials.

[(a)] Upon an order of the Law Enforcement Bureau dismissing the complaint, complainant and respondent may examine the factual documentation in the investigatory file.

[(b) Upon referral of a complaint to the Hearings Bureau, the factual documentation in the investigatory file shall be made available to any party.]

§1-35 Pre-complaint Investigations.

In addition to conducting investigations of allegations contained in complaints filed pursuant to §1-11 and §1-12 of this chapter, the Law Enforcement Bureau may investigate on its own initiative possible violations of the HRL.

SUBCHAPTER E
DETERMINATION OF WHETHER PROBABLE CAUSE EXISTS

§1-51 Basis of Determination.

The Law Enforcement Bureau shall find probable cause exists to credit the allegations of a complaint that an unlawful discriminatory practice has been or is being committed by a respondent where a reasonable person, looking at the evidence as a whole, could reach the conclusion that it is more likely than not that the unlawful discriminatory practice was committed.

§1-52 Notice of Determination.

The Law Enforcement Bureau shall serve a written notice of determination upon complainant and respondent. Determinations which state that probable cause has been found not to exist and that dismiss the complaint shall state the reasons for the Law Enforcement Bureau's conclusion.

§1-53 Review of Determination.

A determination that probable cause exists to credit some or all of the allegations of a complaint that an unlawful discriminatory practice has been or is being committed is not reviewable. A determination that probable cause does not exist to credit some or all of the allegations of a complaint that an unlawful discriminatory practice has been or is being committed, and that the complaint is accordingly dismissed in whole or in part, is reviewable in accordance with subdivision (f) of §1-22 of this Chapter.

SUBCHAPTER F
MEDIATION AND CONCILIATION

§1-61 Conciliation Agreements.

The Law Enforcement Bureau, complainant, respondent, and other necessary parties may at any time after the filing of a complaint agree to a conciliated resolution of a complaint.

(a) *Form and Content.* Every conciliation agreement shall contain an acknowledgment of each complainant's and respondent's execution of the agreement. The provisions of the conciliation agreement may be such as are agreed to by the Law Enforcement Bureau, complainant, and respondent.

(b) *Effective Date.* A conciliation agreement shall be deemed binding at the time that such agreement is executed by the Law Enforcement Bureau and by all complainants and respondents and other necessary parties entering into the agreement.

(c) *Entry of Order by Commission.* When a conciliation agreement has been fully executed, the Law Enforcement Bureau shall promptly forward such agreement to the Chair. The signature of the Chair on a conciliation agreement with the notation "SO ORDERED" shall be construed to be an order of the Commission pursuant to HRL "8-115(d) directing the parties to such conciliation agreement to perform each and all of their obligations under such conciliation agreement in the time and manner set forth in such conciliation agreement. The Chair shall deliver the order of the Commission to the Law Enforcement Bureau for service upon the parties to the agreement.

§1-62 Requests for Assistance of Office of Mediation and Conflict Resolution.

Upon the request of the Law Enforcement Bureau, complainant, or respondent, the Office of Mediation and Conflict Resolution shall endeavor to assist the Law Enforcement Bureau, complainant, and respondent to achieve a conciliated resolution of a complaint.

SUBCHAPTER G
[Pre-Hearing Procedure] ADJUDICATION PROCEDURES

§1-71 [Generally] Referral of Complaints to OATH.

[The procedure to be followed in the pre-hearing proceedings shall be such as in the discretion of the Administrative Law Judge presiding will best facilitate the orderly and necessary preparation of cases for trial.]

(a) When the Law Enforcement Bureau determines that a case is ready for adjudication , the Bureau shall refer the case to the Office of Administrative Trials and Hearings (OATH) pursuant to this section. Except as otherwise provided herein, OATH's rules of practice relating to hearing and pre-hearing procedures (Title 48, Rules of the City of New York, chapter 1, and chapter 2, subchapter C) are hereby adopted by the Commission as the rules of practice and the procedure of the Commission and shall apply to adjudications referred to OATH by the Commission.
[§1-72 Referral of complaints for hearing.]

(b) The Law Enforcement Bureau shall serve the Notice of Referral upon the complainant, the respondent and any necessary party and file it with the [Chief Administrative Law Judge] OATH. The notice shall include the last known address and telephone number of each complainant, respondent, and necessary party. The notice shall state whether the respondent has complied with the requirement of §1-14 of this Chapter and, if not, whether the Law Enforcement Bureau seeks to have respondent held in default. The notices shall inform the complainant of his or her right to intervene pursuant to [§1-75 of this Chapter] OATH's rules (48 RCNY '2-25). No material relating to the investigation, the finding of probable cause, or the substance of conciliation efforts shall be filed with [the Chief Administrative Law Judge] OATH.

[§1-73 Assignment of Administrative Law Judge.

Upon receipt of the Notice of Referral, the Chief Administrative Law Judge, or a designee, shall designate an Administrative Law Judge to preside over the case. The Hearings Bureau shall promptly inform the Law Enforcement Bureau, complainant, respondent and any necessary party of the Administrative Law Judge so designated.]

[§1-74 Ex parte Communications.

Except for ministerial matters, and except on consent, in an emergency or during settlement conferences, communications with an Administrative Law Judge concerning a case shall only occur with all parties present. Ex parte communications made in emergency situations will only be received where the party represents that he/she has made diligent efforts to contact all other parties to the proceeding to advise them of their intention to contact an Administrative Law Judge and the purpose thereof. Where an Administrative Law Judge receives an ex parte communication, the substance of that communication shall be reduced to writing in a memorandum to the file and all parties.]

[§1-75 Intervention.

(a) *When permitted.* After a complaint has been referred to the Hearings Bureau and an Administrative Law Judge designated to preside, any person may apply to the presiding Administrative Law Judge for permission to intervene as a party by serving a petition to intervene on all parties and by filing the petition with the Administrative Law Judge.

(b) *Grounds for intervention.* A person may, in the discretion of the Administrative Law Judge, be permitted to intervene in a complaint if that person demonstrates a substantial interest in the outcome of the complaint. In determining applications for intervention other than applications made pursuant to subdivision (c) of this section, the Administrative Law Judge shall consider the timeliness of the application, whether the issues in the complaint would be unduly broadened should leave to intervene be granted, the nature and extent of the interest of the person seeking intervention and of the prejudice that would be suffered by the person if leave to intervene were denied, and such other factors as may be relevant. If the Administrative Law Judge decides to grant the application to intervene, the Administrative Law Judge may do so upon such terms and conditions as he or she may deem appropriate and may limit the scope of an intervenor's participation at hearing or in pre-hearing proceedings.

(c) *Intervention as of right by complainant.* Notwithstanding subdivision (b) of this section, a complainant shall be permitted to intervene as of right. The commission will represent the complaint. The presiding Administrative Law Judge shall ask the complainant if he or she wishes to intervene as a party, at or before the preliminary conference required by §1-76 of this Chapter. Any unrepresented complainant shall be provided an explanation of the purpose for intervention orally or in writing. The Commission shall represent the complaint.]

[§1-76 Powers of the Administrative Law Judge Generally.

Subject to the provisions set forth in the remainder of these rules, the Administrative Law Judge shall have full power and authority necessary to conduct the hearing, including, but not limited to, the following:

(a) To schedule and hold hearings;

(b) To schedule and hold pre-hearing conferences;

(c) To set submission dates for all applications and memoranda of law;

(d) To consider and rule on such motions and applications as would facilitate the resolution of the complaint or pre-hearing proceedings;

(e) To entertain such issues relating to the pre-hearing and hearing process as the Administrative Law Judge deems appropriate;

(f) To supervise disclosure in all cases and to allow, deny, limit, condition, or regulate the use of any discovery process by a party as to facilitate the presentation of evidence necessary to resolve the complaint or pre-hearing matters;

(g) To impose sanctions if the Administrative Law Judge determines that a party has engaged in unjustifiably dilatory or obstructionist conduct or has failed to comply with reasonable discovery requests;

(h) To administer oaths and affirmations at the hearing;

(i) To grant adjournments and continuances;

(j) To regulate the course of the hearing and the conduct of the parties and their counsel;

(k) To set the order of proof at the hearing;

(l) To consider and rule upon all motions and objections made at the hearing;

(m) To limit, admit or exclude testimony or other evidence offered at the hearing;

(n) To call and question witnesses;

(o) To stay or expedite proceedings;

(p) To order mediation or settlement conference;

(q) To issue recommended decisions and orders.]

[§1-77 Notice of Hearing.
The presiding Administrative Law Judge shall serve on complainant, the respondent or counsel, the Law Enforcement Bureau and any intervenors, at least five days prior to the scheduled hearing date, a Notice of Hearing.]

[§1-78 Determination of questions of default.
If the notice of referral shall have stated that the respondent has not complied with the requirement of §1-14 of this Chapter and that the Law Enforcement Bureau seeks to have respondent held in default, the presiding Administrative Law Judge may enter a default prohibiting respondent from conducting discovery pursuant to Subchapter H of this Chapter, unless prior to the preliminary conference the respondent serves upon the Law Enforcement Bureau and files with the Administrative Law Judge an affidavit asserting that it has complied with the requirement of §1-14 of this Chapter or asserting reasons it believes constitute good cause for its failure to comply with such requirement. The Administrative Law Judge shall, after giving the parties an opportunity to be heard, determine whether the respondent did comply with §1-14 of this Chapter or whether a failure to comply was excused by good cause shown. In the event that a failure to comply was excused by good cause shown, the Administrative Law Judge shall permit the respondent to file an answer and participate in pre-hearing and hearing proceedings upon such terms and conditions as the Administrative Law Judge deems equitable.]

§ [1-79] 1-72 Motions relating to requests by Law Enforcement Bureau pursuant to Subchapter D; [motions relating to disclosure pursuant to Subchapter H.]

[(a)] In the event any party has failed to comply with any request by the Law Enforcement Bureau for documents or other information pursuant to Subchapter D of this Chapter, the Law Enforcement Bureau may make a motion to have [an Administrative Law Judge] the Chair order compliance with such request. Any party to whom such a request is made shall have an opportunity to submit to the [Administrative Law Judge] Chair any objections to such request. The [Administrative Law Judge] Chair may order compliance with such request or may order such other relief as the [Administrative Law Judge] Chair deems just and proper. In the event any party has failed to comply with such an order compelling compliance with a request by the Law Enforcement Bureau for documents or other information, the Law Enforcement Bureau may make a motion to have the [Administrative Law Judge] Chair make such orders or take such actions as are permitted by HRL §8-118.

[(b) Motions to compel disclosure shall be made in accordance with Subchapter H of this Chapter. In the event any party has failed to comply with an order of an Administrative Law Judge compelling disclosure issued pursuant to Subchapter H of this Chapter, the party who sought such order may make a motion to have the Administrative Law Judge make such orders or take such actions as are permitted by HRL §8-118.]

§ [1-80] 1-73 Motions relating to sanctions for failure to comply with order for investigative record-keeping.

The Law Enforcement Bureau may make a motion to have the [Administrative Law Judge] Chair make such orders or take such actions as are permitted by HRL 8-118 in the event a respondent has failed to comply with an order for investigative record-keeping issued by the Chair pursuant to § [1-79] 1-33 of this Chapter.

[§1-81 Applications for subpoenas.
Subpoenas requiring the attendance of a person to give testimony prior to or at a hearing, and subpoenas duces tecum requiring the production of books, papers and other things prior to or at a hearing, may be issued only by the Administrative Law Judge upon application of a party or sua sponte upon the Administrative Law Judge's own motion. Applications may be made ex parte. Where a subpoena or subpoena duces tecum is issued at the request of any party, the cost of service, witness and mileage fees and the burden of such service shall be borne by that party. Such witness and mileage fees shall be the same as are paid at trial in the Supreme Court of New York.]

§[1-82] 1-74 [Chair] Interlocutory review of Administrative Law Judge decisions and orders.

[(a)] The Chair shall entertain an interlocutory challenge to a decision or order of an Administrative Law Judge where the presiding Administrative Law Judge certifies the question for review. Any question not certified by the presiding Administrative Law Judge may be raised by a party to the Commission in connection with the Commission's review of a recommended decision and order in a case. Any challenge that is certified by the Administrative Law Judge and entertained by the Chair shall preclude further review by the Commission. The failure of a party to challenge a decision or order of an Administrative Law Judge other than a recommended decision and order, shall not preclude that party from making such challenge to the Commission in connection with the Commission's review of a recommended decision and order in a case, provided that the party timely made its objection known to the Administrative Law Judge and that the grounds for such challenge shall be limited to those set forth to the Administrative Law Judge.

[(b) *How application made.* Applications for certification must be in writing, served by the party making the application on all other parties and filed with the presiding Administrative Law Judge within seven days after the relevant decision or order. Certification of the review may also be made sua sponte upon the presiding Administrative Law Judge's own motion.

(c) *Stay of proceedings.* If the party seeking certification seeks to stay proceedings in whole or in part, the application shall, in addition to the requirements of subdivision (b) of this Section, contain a statement as to why the failure to grant a stay as requested would materially prejudice the applicant.]

[SUBCHAPTER H
DISCLOSURE]

[§1-101 Scope and Manner of Disclosure Generally.

(a) *Policy.* Although strict compliance with the provisions of Article 31 of the Civil Practice Law and Rules is not required, its principles may be applied to ensure orderly and necessary preparation of cases for trial.

(b) *Construction.* For the purposes of this Article:

(1) all references in Article 31 of the CPLR to "court" or "court order" shall be construed to refer to the presiding Administrative Law Judge or order of the Administrative Law Judge;

(2) all references to (commencement of an action) shall refer to any time after notice of referral to the Hearings Bureau has been served; and

(3) where complainant has not intervened pursuant to §1-75 of this Chapter, a respondent may obtain any disclosure permitted against a party by serving a demand for disclosure from that complainant upon the Law Enforcement Bureau.]

[§1-102 Scope of Disclosure.

(a) *Law Enforcement Bureau investigatory file.* The materials contained in the Law Enforcement Bureau's investigatory file shall be available to any party for inspection and copying subsequent to the issuance of a notice of referral to hearing upon reasonable notice unless a default has been entered against that party pursuant to §1-78 of this Chapter.

(b) *Communications between complainant and Law Enforcement Bureau.* The substance of any oral or written communication made by and between a complainant or complainant§s counsel and the Law Enforcement Bureau subsequent to a determination that probable cause exists shall not be obtainable.

(c). *Other materials generated or maintained by the Law Enforcement Bureau.* Materials generated or maintained by the Law Enforcement Bureau other than those described in subdivisions (a) and (b) of this section shall be unobtainable in accordance with the provisions of CPLR 3101.]

[§1-103 Limitations on Disclosure.

(a) In the absence of an agreement by the parties, the number of interrogatories, including subparts, shall be limited to fifteen. The Administrative Law Judge may permit additional interrogatories upon application for good cause shown.

(b) Depositions of the parties may be taken as of right. All other depositions shall be taken upon application for good cause shown.

(c) No person shall be deposed by the party conducting the examination for a period aggregating more than 7 hours unless the presiding Administrative Law Judge extends the permissible time upon application for good cause shown.

(d) Deposition testimony may be recorded by stenographic means or by videotape or audiotape recording.

(e) Any disclosure dispute must be presented to the presiding Administrative Law Judge sufficiently in advance of the hearing to allow for a timely determination.

(f) Failure to comply or object to discovery requests in a timely manner may result in the imposition of sanctions.]

[SUBCHAPTER I
HEARINGS]

[§1-121 Examination, cross-examination, and documentary and other evidence.

All parties to a hearing may call, examine, and cross-examine witnesses, and may offer documentary or other evidence for inclusion in the record of proceedings, subject to the provisions of §1-125 of this Chapter, and to the power of the presiding Administrative Law Judge.]

[§1-122 Testimony to be given under oath or affirmation.

Except as otherwise provided in §1-41 of this Chapter, all oral testimony at a hearing shall be under oath or affirmation.]

[§1-123 Rules of Evidence.

(a) Although strict compliance with the technical rules of civil practice and evidence rules prevailing in the Supreme Court of the State of New York is not required, the principles of these rules may be applied to ensure an orderly proceeding and a clear record and to assist the Administrative Law Judge in the role of trier of fact.

(b) In all hearings, the Administrative Law Judge shall have discretion to permit the introduction of hearsay evidence in addition to that which would be admissible in the Supreme Court of the State of New York as an exception to the hearsay rule.]

[§1-124 Failure to offer evidence or to object.

Any matter not duly offered in evidence or any objection not duly made before the presiding Administrative Law Judge shall be deemed waived.]

[§1-125 Interference with conduct of hearing.

[§1-128 Service and filing of recommended decision and order.

The Hearings Bureau shall serve the recommended decision and order on complainant, respondent, the Law Enforcement Bureau, and all other parties to the proceedings and file a copy of such decision with the Office of General Counsel.]

[§1-129 Transcription of hearing.

The record of the hearing shall be audiotaped or stenographically preserved. If a transcript is produced, one copy shall be provided by the Hearings Bureau to the Law Enforcement Bureau without charge. Other parties may examine the transcript at the offices of the Hearings Bureau during regular business hours or may purchase a copy of the transcript directly from the stenographic service.]

[§1-130 Failure to Appear.

Except as otherwise provided in subdivision (f) of §1-14 of these rules, if the respondent has failed to answer the complaint within the time period prescribed in §8-111 of the Administrative Code, the Administrative Law Judge may enter a default and the hearing shall proceed to determine the evidence in support of the complaint. Upon application, the Administrative Law Judge may, for good cause shown, open a default in answering, upon equitable terms and conditions, including the taking of an oral answer.]

[SUBCHAPTER J
POST-HEARING PROCEDURES]

§ [1-141] 1-75 Time for Commission Consideration of Recommended Decision and Order.

(a) *Generally.* The Commission shall commence consideration of a case that is the subject of a recommended decision and order upon filing of the recommended decision and order with the Office of General Counsel [as provided in §1-128 of this chapter].

(b) *Recommended decisions and orders not completely disposing of a complaint.* The Commission shall not commence consideration of a case that is the subject of a recommended decision and order which, if adopted, would not resolve the complaint in its entirety unless the Administrative Law Judge certifies the portion of the case proposed to be decided by the recommended decision and order to the Commission for immediate consideration. Dismissal of all or part of a case shall have the effect of a Recommended Decision and Order for the purpose of this section.

§ [1-142] 1-76 Post-hearing Comments.

Each party shall have twenty days after the commencement of Commission consideration of the recommended decision and order as provided in §1-175 of this chapter to submit written comments to the Commission. The comments should raise any objections to the recommended decision and order. Comments shall be limited to the record below. Objections not raised in the comments will be deemed waived in any further proceedings. Comments shall be served upon all other parties and shall be filed with the Office of General Counsel. Parties shall apply to the General Counsel's office for permission to submit reply comments. Upon application filed with the Office of General Counsel, the Chair may shorten or extend the time for comments or replies for good cause shown. Comments and replies shall be served upon the Commissioners by the Office of General Counsel.

CHAPTER 2
UNLAWFUL DISCRIMINATORYPRACTICES

§2-01 Definitions.

The definitions in this section shall be used by the New York City Commission on Human Rights in determining whether an institution, club, or place of accommodation is "distinctly private" as that term is used in the New York City Human Rights Law, Administrative Code §8-101 et seq.

Members. "Members" shall mean individuals belonging to any class of membership offered by the institution, club, or place of accommodation including, but not limited to, full membership, resident membership, nonresident membership, temporary membership, family membership, honorary membership, associate membership, membership limited to use of dining or athletic facilities, and membership of members' minor children or spouses.

Payment directly from a nonmember. "Payment directly from a nonmember" shall mean payment made to an institution, club or place of accommodation by a nonmember for expenses incurred by a member or nonmember for dues, fees, use of space, facilities, services, meals or beverages.

Payment for the furtherance of trade or business. "Payment for the furtherance of trade or business" shall mean payment made by or on behalf of a trade or business organization, payment made by an individual from an account which the individual uses primarily for trade or business purposes, payment made by an individual who is reimbursed for the payment by the individual's employer or by a trade or business organization, or other payment made in connection with an individual's trade or business, including entertaining clients or business associates, holding meetings or other business-related events.

Payment indirectly from a nonmember. "Payment indirectly from a nonmember" shall mean payment made to a member or nonmember by another nonmember as reimbursement for payment made to an institution, club or place of accommodation for expenses incurred for dues, fees, use of space, facilities, meals or beverages.

Payment on behalf of a nonmember. "Payment on behalf of a nonmember" shall mean payment by a member or nonmember for expenses incurred for dues, fees, use of space, facilities, services, meals or beverages by or for a nonmember.

Regular meal service. "Regular meal service" shall mean the provision, either directly or under a contract with another person, of breakfast, lunch, or dinner on three or more days per week during two or more weeks per month during six or more months per year.

Regularly receives payment. An institution, club or place of accommodation "regularly receives payment for dues, fees, use of space, facilities, services, meals or beverages directly or indirectly from or on behalf of nonmembers for the furtherance of trade or business" if it receives as many such payments during the course of a year as the number of weeks any part of which the institution, club or place of accommodation is available for use by members or non-members per year.

§2-02 Severability.

If any provision of these regulations or the application thereof is held invalid, the remainder of these regulations shall not be affected by such holding and shall remain in full force and effect.

§2-03 Exemption of Certain Places of Public Accommodations in Relation to Sex Discrimination.

(a) Dressing rooms, toilets and shower rooms containing multiple facilities, and appurtenant rooms and facilities, and turkish baths and saunas, shall be exempt from the provisions of §8-107, paragraph 2 of the Administrative Code insofar as the use of such accommodations is restricted to one sex. This exemption shall not apply to swimming pools and other facilities for swimming.

(b) Rooming houses or residence hotels in which rental is restricted to one sex shall be exempt from the provisions of §8-107, paragraph 2 of the Administrative Code if such accommodation is regularly occupied on a permanent, as opposed to transient, basis by the majority of its guests.

(c) Lodging facilities in which the sleeping rooms and/or bathrooms are used in common, such as missions or dormitories designed for occupancy by members of the same sex, shall be exempt from the provisions of §8-107, paragraph 2 of the Administrative Code insofar as members of one sex are excluded from such accommodations.

CHAPTER 3
AGE DISCRIMINATION EXEMPTIONS FOR PUBLIC ACCOMMODATIONS

§3-01 Definitions.

Advantages. "Advantages" shall include but not be limited to priority services, discounts in pricing or any thing of monetary value extended on the basis of a person's age.

Restrictions. "Restrictions" shall be construed to mean any limitation in access or services on the basis of a person's age.

§3-02 Age-Based Extension of Advantages in Public Accommodations.

Any and all reasonable advantages extended in access to services provided by a place or provider of public accommodation on the basis of a person's age shall be exempt from the provisions of §8-107(4)(a) of the Administrative Code of the City of New York.

§3-03 Age-Based Restrictions in Public Accommodations.

(a) Any and all restrictions in access to public accommodations on the basis of a person's age which are mandated by federal, state or local law shall be exempt from the provisions of §8-107(4)(a) of the Administrative Code of the City of New York.

(b) Any and all restrictions on the basis of a person's age in access to public accommodations displaying motion pictures with ratings by the Motion Picture Association of America, Inc. shall be exempt from the provisions of §8-107(4)(a) of the Administrative Code of the City of New York.

(c) Any and all reasonable restrictions in access to public accommodations imposed upon minors to prevent physical harm to such persons shall be exempt from the provisions of §8-107(4)(a) of the Administrative Code of the City of New York.

(d) Any restrictions in access to or services provided by a place or provider of public accommodation based on age which allows the owner, lessee, proprietor, manager, superintendent, agent or employee of a place or provider of public accommodation to refuse to enter into a contract which under the laws of the State of New York may be disaffirmed on the ground of infancy shall be exempt from the provisions of §8-107(4)(a) of the Administrative Code.

§3-04 Applications for Exemption from §8-107(4)(a) Administrative Code.

The owner, lessee, proprietor, manager, superintendent or agent of a place or provider of public accommodation may make an application for exemption of an age-based restriction on access to or services provided by such public accommodation which would otherwise be prohibited pursuant to §8-107(4)(a) of the Administrative Code and §3-03 of these rules. Such application shall be made in writing to the Office of the Chairperson of the New York City Commission on Human Rights. The application shall set forth the specific basis for the exemption sought together with any supporting evidence. The chair may grant such exemption if he or she determines that the exemption promotes the health, safety or well-being of the public, or prevents physical harm to the property or premises of a place of public accomodation, or undue disruption of the quiet enjoyment of a place of public accomodation and is not inconsistent with the goals and policies of the City Human Rights Law. The decision of the Chair shall be final.

Statement of Basis and Purpose of Proposed Rules. Effective July 1, 1997, the Hearings Bureau of the Commission on Human Rights ("Commission") was discontinued, and its adjudication function was transferred to the Office of Administrative Trials and Hearings ("OATH"). The proposed amendments to the Rules of Practice of the Commission, and of OATH, are intended to facilitate that transfer without change to the substantive law applicable to those adjudications, and with the least possible change to the procedures applicable to those adjudications. The Commission's adjudications, both as previously conducted by the Hearings Bureau, and as now conducted by OATH, result in the issuance of Recommended Decisions from Administrative Law Judges to the Commission, which the Commission may adopt in full, modify or reject in full. Therefore, the Commission retains the same final role in adjudication as it had before the transfer.

The proposed amendments would delete from the Commission's Rules of Practice, Title 47, Chapter 1, Rules of the City of New York, most rules governing pre-hearing, hearing and post-hearing procedures. Amendments currently being proposed by OATH will address the adjudication of Commission hearings before that Agency. To the extent that OATH's existing Rules of Practice, Title 48, Chapter 1, Rules of the City of New York, are substantially consistent with the Commission's existing Rules, OATH's existing Rules would be made applicable to cases referred by the Commission to OATH. To the extent that OATH's existing Rules of Practice are not substantially consistent with the Commission's existing Rules, OATH's Rules would be amended to include a new Subchapter C in Chapter 2 of Title 48 consisting of Rules necessary to conform the practice and procedure at OATH to the former practice and procedure before the Commission's Hearings Bureau. In those instances in which the Commission has judged the difference between its former practice and procedure and OATH's practice and procedure to be technical or insubstantial, these proposed amendments would make OATH's existing Rules applicable.

Some changes in procedure would be adopted by these proposed amendments. For example, by proposed Section 1-43 of Title 48, OATH would adopt for all of its cases a Rule governing subpoenas that is identical to the Commission's present Rule governing subpoenas, 47 RCNY, 1-81, except that ex parte applications for issuance of subpoenas would not be permitted. In addition, the time for taking an interlocutory appeal from a Decision or Order of the Administrative Law Judge would be reduced from seven days, as provided in the Commission's existing Rules, to five days in OATH's proposed Rules. Finally, motions concerning investigative record-keeping and investigative subpoenas which were made to the Hearings Bureau under the Commission's existing Rules will be made to the Chair of the Commission under the Commission's proposed Rules, proposed 47 RCNY 1-72 and 1-73.

HEALTH

NOTICE OF THE ESTABLISHMENT OF MOBILE FOOD VENDOR PERMIT WAITING LISTS BY THE NEW YORK CITY DEPARTMENT OF HEALTH

On June 22, 1998, the Department of Health will hold a lottery based on a strict random selection process to establish the following waiting lists for mobile food vendor permits:

- a full-term citywide mobile food vendor permit waiting list (2500 positions)
- a temporary (seasonal) citywide mobile food vendor permit waiting list (1000 positions)
- a full-term citywide mobile food vendor permit waiting list for disabled veterans (100 positions)
- a full-term citywide mobile food vendor permit waiting list for disabled persons (non-veterans) (100 positions)
- a full-term citywide mobile food vendor permit waiting list for veterans (nondisabled) (100 positions)

You must have a valid full-term mobile food vendor license issued to you at the time you submit the waiting list application form. The waiting list application form, with the mobile food vendor license number included in the application, must be submitted by mail only to the address listed in the application instructions on or before June 12, 1998 in order to be eligible for inclusion on such waiting lists.

The number of waiting list positions for each of the above categories is provided by 24 R.C.N.Y. Sections 19-07 and 20-07. Due to the limited number of waiting list positions and available permits, the Department of Health cannot guarantee that submission of a waiting list application will result in a place on a waiting list or the issuance of a permit.

Waiting List Applications: Application packages for inclusion in the lottery for the above waiting lists may be obtained through the mail by calling the New York City Department of Consumer Affairs at (212) 487-4436. Application packages are also available at the New York City Department of Consumer Affairs Licensing Center, located at 42 Broadway, 5th Floor, New York, New York, Monday through Friday from 8:30 AM to 5:00 PM. Completed applications must be submitted by mail only to the address listed in the application instructions and postmarked no later than June 12, 1998 in order to be eligible for inclusion on such waiting lists.

Mobile Food Vendor License Applications: Persons interested in applying for a mobile food vendor license may request an application by mail at the above address or by telephone to the above number. License applicants should allow at least twenty-five (25) business days to receive the necessary tax and ECB documentation required to apply for a license. *While this time span reflects the normal processing period, the Department of Health cannot guarantee that applicants will receive a license within this timeframe.*

BOARD OF STANDARDS AND APPEALS

NOTICE OF PROPOSED CONDITIONAL NEGATIVE DECLARATION

Notice is hereby given that the New York City Board of Standards and Appeals, as lead agency for the City Environmental Quality Review process pursuant to Executive Order No. 91, as amended, and 6 N.Y.C.R.R., Part 617.6(h)(1)(iv) and 6 N.Y.C.R.R., Part 617.2(h), has determined that the following proposal will not have significant environmental impacts provided that potential impacts are mitigated as indicated below. A 30-day public comment period commences with this notice.

Application for a BSA use variance pursuant to Z.R. § 72-21 to permit, in an R3-2 zoning district, the proposed erection of a 13,833 gsf drug store with accessory parking. The project site is located at 127-04 Guy Brewer Boulevard, Block 12269, Tentative Lot 29 in the Borough of Queens.

The potential impact of the proposed action will be mitigated as follows:

The applicant shall submit a sampling protocol for soil gas and soil/groundwater testing on Block 12269, Tentative Lot 29 to DEP's Bureau of Air, Noise and Hazardous Materials (BANHM) for review and approval. The applicant is also required to complete any remedial actions that are determined by DEP to be appropriate based on the sampling. In addition, no sampling, site grading, excavation, demolition, or building construction and/or remediation can begin until DEP/BANHM provides written approval of the sampling protocol.

BSA Cal. No.: 4-98-BZ
CEQR No.: 98-BSA-049Q

Please refer to the project's BSA Calendar and CEQR numbers in all correspondence. The final date of the public comment period will be May 21, 1998. Written comments may be sent to:

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE: 03/23/98	DOCKET #: 984631	SRA #: SRA 98-4887
ADDRESS: 29 READE STREET HISTORIC DISTRICT: AFRICAN BURIAL GROUND	BOROUGH: MANHATTAN	BLOCK/LOT: 7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Transportation:

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of excavating one rectangular trench three feet wide, ten feet long and fifteen feet deep for emergency repair of an existing electric transformer vault, approximately 175' west of Elk Street on the north side of Reade Street, as indicated on DOT Permit form M0198065008 dated March 3, 1998 and submitted as a component of the application.

In reviewing this proposal, the Commission notes that the designation report states that the portion of lower Manhattan within the historic district has undergone intense public use since the mid-seventeenth century, resulting in the overlay of many significant historic improvements and resources—both above ground and below—all of which document the changing nature of the important area long devoted to communal, public, and civic purposes; and that, within the district, the African Burial Ground is historically significant in that it is one of the few preserved eighteenth-century African burial grounds in the Americas, and that it reflects the establishment at an early date of the society of Africans in New York City, which had one of the largest urban populations of Africans in the American colonies. The report also cites the significance of structures related to the civic use of the Commons. The Commission further notes that the location of the proposed work is inside the boundaries of the African Burial Ground, the boundaries of which have been established based on historical documents.

With regard to this proposal, the Commission finds that the proposed work will not require the removal of or damage to any significant above-ground features of the historic district; that the removal of street paving will be temporary in nature; that the street paving to be excavated is composed of modern materials and is not a significant feature of the historic district; that the new paving will match the surrounding paving to remain in material, color, and detail, and therefore that the new paving will blend unobtrusively with the surrounding street and sidewalk paving.

The Commission also finds that, as the location of the proposed work appears to be within landfill above the 18th century ground surface, the proposed excavation will be limited to the disturbance of only previously excavated soils; that the proposed hand excavation methods will allow for observation of and minimal damage to any artifacts or other cultural material uncovered during the work; and there is low probability of encountering intact archaeological deposits, features, or human burials in the proposed work area.

Based on these findings, and provided that the stipulation outlined below is followed, the Commission determines the proposed work to be appropriate to The African Burial Ground and The Commons Historic District, and has no objection to the proposed work proceeding. The proposed work, therefore, is approved.

In issuing this report, the Commission stipulates that should artifacts or other cultural material be encountered during the course of work, work should stop immediately pending Commission notification and review. If artifacts or other cultural material are encountered, contact Daniel Pagano, Director of Archaeology at (212) 487-6848.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Daniel Pagano.

CITY PLANNING COMMISSION

■ HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held in City Hall, New York, New York 10007, on Wednesday, May 6, 1998, commencing at 10:00 a.m.

BOROUGH OF BROOKLYN
CD 4 N 980429 HAK

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of property generally located on the north side of Broadway between:

a) Jefferson Avenue and Hancock Street;
b)Covert and Schaeffer streets;
c) Decatur and Cooper streets; and
d)Moffat and Pilling streets;
as an Urban Development Action Area; and
2) an Urban Development Action Area Project for such area;
to facilitate commercial development under the ANCHOR/Partnership Retail Demonstration Program.

A list and description of the properties can be seen in the Brooklyn Office of the Department of City Planning, 16 Court Street, 7th floor, Brooklyn, NY 11241.

BOROUGH OF MANHATTAN
CD 4,5 C 980272 ZMM

(Proposed amendments to the zoning map and sections of the Zoning Resolution related to modifications to the Theater Subdistrict within the Special Midtown District, and the Perimeter Area of the Special Clinton District concerning bulk and use regulations, the preservation of theaters and the extension of the Theater Subdistrict to the west side of Eighth Avenue overlapping a portion of the Perimeter Area of the Special Clinton District.)

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for **an amendment of the Zoning Map, Section Nos. 8c and 8d,** establishing a Special Midtown District within a portion of the Special Clinton District bounded by West 56th Street, Eighth Avenue, West 42nd Street, and a line 150 feet west of Eighth Avenue, as shown on a diagram (for illustrative purposes only) dated January 12, 1998.

BOROUGH OF MANHATTAN
CD 4,5 N 980271 ZRM

IN THE MATTER OF an application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, to amend various sections of the Zoning Resolution of the City of New York relating to the Theater Subdistrict within the Special Midtown District (Article VIII, Chapter 1), and the Special Clinton District (Article IX, Chapter 6), concerning use and bulk regulations, and the preservation of theaters, and other related sections concerning the reorganization and relocation of certain provisions relating to pedestrian circulation and subway stair relocation requirements and subway improvements.

Chapter 7
Special Regulations

* * *

The proposed Section 37-03 incorporates existing provisions of Section 81-47 (Off-street Relocation or Renovation of a Subway Stair) so that subway stair relocations or renovations city-wide will reference the same set of standards and procedures. No existing requirements will be removed or additional requirements imposed on Midtown. The proposed Section 81-47 will list the Midtown stations where relocations or renovations apply and reference the modified Section 37-03 for standards and procedures.

37-03
Off-Street Relocation **or Renovation** of a Subway Stair

37-031
Applicability of this Section

Where a #development# or #enlargement# is constructed on a #zoning lot# of *at least* 5,000 square feet **or more of #lot area#** that fronts on a portion of a sidewalk containing a stairway entrance or entrances into a subway station **located within the #Special Midtown District# as listed in Section 81-46 and those stations** listed in *this Section* **the following table**, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of this Section. *These provisions are in accordance with the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised).*

A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Standards for location, design and hours of public accessibility

In addition to the standards set forth in the **current station planning guidelines as issued by** New York City Transit *Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised)*, the following standards shall also apply:

(a)**Location**

The relocated **or renovated** entrance shall be immediately adjacent to, and accessible without any obstruction from a public sidewalk, *or from within a space accessible to the public, as those spaces are defined in the applicable zoning district regulations* **an #urban open space# or pedestrian circulation space as defined in Section 37-07 (Requirements for pedestrian circulation space). Any such #urban open space# or pedestrian circulation space shall have a minimum horizontal dimension equal to the width of the relocated stairs or the minimum width of the pedestrian circulation space, whichever is greater.**

*(b)*The relocated **or renovated** entrance may be provided within a #building#, but shall not be enclosed by any doors. The area occupied by a relocated **or renovated** entrance within a #building# shall not be counted towards the #floor area# of the #enlargement# or #development#.

Paragraphs (c) through (h) have been modified and rearranged as paragraph (b). Additional information from Section 81-47(b) has been incorporated.

(*c*b)**Design standards**

The relocated or renovated entrance shall have a stair width of at least eight feet for each run.

(c)The relocated entrance shall have a queuing space at the top and bottom of the stairs at least eight feet wide and 15 feet long, and such queuing space may overlap a #sidewalk widening#, an #arcade#, a #plaza#, a #residential plaza# or an #urban plaza#.

*(d)*Where two or more existing stairway entrances are being relocated **or renovated** as part of the same #development# or #enlargement#, the new entrance or entrances shall have *a* total stair *width or* widths equal to or greater than the sum of the stair widths of the**ose existing** stairway entrances *being relocated*, but in any case no less than eight feet in width.

The relocated entrance may be relocated within an #urban plaza#, provided that the minimum width of the stairs is ten feet and the queuing area of the relocated entrance is unobstructed and contiguous to a sidewalk or a sidewalk widening. A relocated entrance within an #urban plaza# is a permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for an #urban plaza#.

*(c)***For a relocated entrance only, the entrance shall have a queuing space at the top and bottom of the stairs that is at least eight feet wide and 15 feet long. Such queuing space may overlap with an #urban plaza# or an #arcade# in accordance with the provisions of Sections 27-60 (ARCADES) or 37-073 (Design standards for pedestrian circulation spaces).**

No stairway shall have more than 14 risers without a landing, and each landing shall have a minimum width equal to the width of the stairs, and a minimum length of five feet.

Throughout the entire stairway entrance, including passageways, the minimum clear, unobstructed height shall be at least 7 feet, 6 inches from finished floor to finished ceiling, including all lighting fixtures and #signs#.

*(e)*The entire entrance area, including passageways, shall be free of obstructions of any kind, except for projecting information signage.

(f)The relocated entrance may be relocated within a #plaza#, a #residential plaza# or an #urban plaza# provided that the queuing area of the relocated entrance is unobstructed and contiguous to a sidewalk or a #sidewalk widening#. A relocated entrance with a #plaza#, a #residential plaza# or an #urban plaza# is permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for a #plaza#, a #residential plaza# or an #urban plaza#.

*(g)*The relocated entrance shall connect to an existing or proposed subway passageway, or shall connect, via an underground passageway, to a mezzanine area of the subway station.

*(h)*The below-grade portion of a relocated entrance may be constructed within the #street#.

(c) Hours of public accessibility

*(i)*The relocated **or renovated** entrance shall be accessible to the public during the hours when the connected mezzanine area is

open to the public or as otherwise approved by *the* **New York City** Transit *Authority*.

*37-03*37-032
Administrative procedure for a subway stair relocation **or renovation**

*(a)***For any #development# or #enlargement# that is subject to the requirements for the relocation of a subway stair entrance or counts a renovated or reconstructed subway stair as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space),** ***Except as otherwise provided in paragraph (b) of this Section,*** no plan shall be approved by the Department of Buildings and no excavation permit or building permit shall be issued *for any #development# or #enlargement# that is subject to the requirements for the relocation of a subway stair entrance*, unless **the following criteria are met**:

(*1*a)**for a relocated entrance, Such** plan includes a stair relocation plan and *the* related documents that bind the developer to:

(*i*1)construct the new stair entrance in accordance with such plan;

(*ii*2)demolish above-ground elements of the existing entrance; *and*

(*iii*3)seal the existing entrance at the sidewalk level.; **and**

(4)maintain the work performed on the relocated or renovated entrance; or

(2b)**for a renovated or reconstructed entrance, such plan includes a renovation or reconstruction plan and related documents that bind the developer to:**

(1)renovate or reconstruct the entrance in accordance with such plan; and

(2)maintain the work performed on the renovated or reconstructed entrance; and

(2c)Such plan and related documents bear *the* **New York City** Transit *Authority*'s approval ;

(3d)Such plan is accompanied by a certified copy of an agreement, as recorded between *the* **New York City** Transit *Authority* and the owner for an easement on the #zoning lot# for subway-related use of the new stair entrance and for public access via such entrance to the subway station, which agreement has been recorded against the #zoning lot# in the Office of the Register of the City of New York *(County of New York)* and is accompanied by the Register's receipt of recordation.; **and**

(4)Such plan is accompanied by any request for modification of special urban design guidelines pursuant to Section 37-034.

(b)In the event that major construction problems render the stair relocation infeasible or that operating design considerations make it undesirable, the Transit Authority and the City Planning Commission, by joint certification, may release the developer from said requirement. In such event, the stair relocation requirement shall be satisfied by retention of the existing stair and provision on the #zoning lot# of an open area which accommodates pedestrian traffic passing the existing entrance. Such space shall have a width equal to at least one and one-half times the width of the existing stair entrance and shall extend along the full length of the stair entrance. ***Incorporated into Section 37-034.***

(c)**no permanent certificate of occupancy shall be issued for any #development# or #enlargement# subject to the subway stair relocation requirement or counting a renovated or reconstructed subway stair as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space), unless and until all of the work required under paragraphs (a) or (b) of this Section has been completed and New York City Transit has so certified in writing to the Department of Buildings.** *Prior to obtaining a permanent certificate of occupancy, the relocated subway stair must be 100 percent complete in accordance with the approved plans and such completion shall have been certified by the Transit Authority.*

37-034 **37-033**
Modification of *special urban design guidelines and urban open space* **requirements for a relocated or renovated subway stair**

The City Planning Commission may, by certification to the Commissioner of Buildings, allow modifications of the requirements of Section 37-01 (Special Urban Design Guidelines - Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), and the applicable provisions of #urban open space# in Section 12-10 (DEFINITIONS), if it finds that the relocated subway stair cannot be accommodated without modification to these provisions.

Sections 37-01 (Special Urban Design Guidelines – Streetscape), 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), 37-031 (Standards for location, design and hours of public accessibility) and 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas) may be modified if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that a relocated subway stair cannot be accommodated in any reasonable way without modification of these provisions.

* * *

*37-03*37-034
Waiver of requirements

Upon application the City Planning Commission may authorize a waiver of requirements of Section 37-03 if the Commission finds that:

(a)the total #floor area# of all #developments# or #enlargements# after November 8, 1984, is less than 70,000 square feet; or

(b)there are major structural problems in creating space for a relocated stairway entrance in the existing #building#; or

(c)the space in an existing #building# which is required to relocate the stairway entrance is occupied by a tenant on a lease which was in effect prior to March 1, 1984, to which a member of the Bar of the State of New York shall attest, and that there is no opportunity to relocate the tenant within the #enlargement#.

As a condition for granting such waiver the Commission shall determine that:

(1)in the case of paragraph (a), the City Planning Commission and the Transit Authority may require an easement to accommodate the future relocation of the subway stairway in accordance with the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975, and as may be subsequently revised);

(2)in the case of paragraphs (a) or (b), no construction is undertaken that would preclude the future relocation of a stairway entrance from the sidewalk to the #zoning lot#;

(3)in the case of paragraph (c), that at the expiration of the existing lease the applicant shall undertake the relocation of the stairway entrance according to the provisions of this Section.
The provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair) may be waived by joint certification of New York City Transit and the Chairperson of the City Planning Commission that major construction problems or operating design considerations render the stair relocation infeasible. In such event, the stair relocation requirement may be satisfied by retention of the existing stair and the provision on the #zoning lot# of an open area, qualifying under the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space), that accommodates pedestrian traffic passing the existing stair entrance. ***Adapted from Section 37-032(b).***

* * *

The requirements for pedestrian circulation space will be relocated from Section 81-45 in Midtown to a new Section 37-07. No changes to these requirements are proposed, nor will any requirements be added. All special districts of the city that have requirements for pedestrian circulation space will refer to 37-07 for a common set of standards. Any specific pedestrian circulation space requirements that are unique to a special purpose district will remain in the special purpose district text.

37-07
Requirements for Pedestrian Circulation Space

All pedestrian circulation space required pursuant to the provisions of any special purpose district shall comply with the provisions of this Section.

37-071
Amount of pedestrian circulation space

The minimum amount of pedestrian circulation space to be provided for #developments# or #enlargements# shall be determined by the following table:

MINIMUM PEDESTRIAN CIRCULATION SPACE REQUIREMENTS

Size of #zoning lot#FRLD Required #floor area#
MDIU
5,000 to 20,000 square feetFRLD 1 square foot per 350 square feet of new #floor area#

Above 20,000 square feetFRLD 1 square foot per 300 square feet of new #floor area#

37-072
Types of pedestrian circulation space

The pedestrian circulation space provided shall be of one or more of the following types: an arcade, building entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through #block# connection or #urban plaza#.

Each #zoning lot# shall be categorized as either a #corner lot#, #through lot# or #interior lot#, and pedestrian circulation space shall be provided on each #zoning lot# in at least one of the applicable types, or combinations of types, specified in the following table:

PROVISION OF PEDESTRIAN CIRCULATION SPACE ON CERTAIN TYPES OF LOTS

Type of Pedestrian Circulation Space #Corner lot# #Through lot# #Interior lot# Arcade X X X Building entrance recess area X X X Corner arcade X Corner circulation space X Relocation or renovation of subway stair X X X Sidewalk widening X X X Subway station improvement X X X Through #block# connection X X Urban plaza# X X X

Minimum design standards for each type of pedestrian circulation space and, where applicable, the maximum amount of each type of pedestrian circulation space that may be counted towards meeting the requirements of Section 37-071 (Amount of pedestrian circulation space) are set forth in Section 37-073 (Design standards for pedestrian circulation spaces).

37-073
Design standards for pedestrian circulation spaces

(a) Arcade

Arcades shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 27-60 (ARCADES). In lieu thereof, the provisions of this Section shall apply.

An arcade is a continuous covered space that adjoins and extends along a #front lot line#, is at the same elevation as the adjoining sidewalk, is open for its entire length to the sidewalk except for columns and is accessible to the public at all times. An arcade shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where the #zoning lot# lies directly adjacent to an existing arcade on a #wide street#, except where an existing #building# without an arcade extends along a portion of the #wide street front lot line# of the #zoning lot# containing the new #development# or #enlargement#. Where an arcade abuts another arcade, there shall be a clear, unobstructed passage between both arcades.

An arcade shall meet the following requirements:
(1)Dimensions

An arcade with columns shall have a minimum clear width of 10 feet, exclusive of all columns, and a maximum width of 15 feet, inclusive of columns. No column width shall be greater than five feet. Columns shall be spaced along the #street# with a minimum clear width between columns of 15 feet. An arcade shall have a clear height of not less than 12 feet and not more than 30 feet.

(i)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade without columns is permitted only if:
(a)it has a continuous, unobstructed minimum length of 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the new #building# frontage, whichever is greater; and

(b)the entire #front lot line# shall be unobstructed for the same depth of the arcade, except for that portion of the #front lot line# occupied by an existing #building#.

(ii)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade with columns is permitted only if it connects directly to an existing arcade on an adjacent #zoning lot#, matching it in width and alignment and has a continuous, unobstructed minimum length beyond the existing adjacent arcade of at least 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the new #building# frontage, whichever is greater.

(iii)On a #corner lot# fronting on a #narrow street#, an arcade is permitted only if it extends for the full length of the #street# frontage, with the exception of a driveway for a required loading berth located at the #side lot line# of the #zoning lot#, or if the arcade provides unobstructed pedestrian flow along such entire frontage in combination with one or more of the following other spaces with which it connects at one or both ends: a corner arcade, a #plaza#, an off-street rail mass transit access improvement, an intersecting sidewalk widening, an intersecting #street#, a relocated or renovated subway entrance, a through #block# connection, a through #block# galleria or an #urban plaza#.

(iv)On a #wide street#, an arcade shall be permitted, provided that:

(a)the arcade extends along the full length of the #street line# between intersecting #streets#; or

(b)in the case of a #building# that occupies less than the entire #street# frontage between intersecting #streets#, on a full #block#front #zoning lot#, unobstructed pedestrian flow along the entire frontage is provided on the #zoning lot# by the arcade in combination with one or more of the following #open spaces# with which the arcade connects at one or both ends: a corner circulation space, a #plaza#, an intersecting sidewalk widening or an #urban plaza#; or

(c)in the case of a #building# whose #zoning lot# occupies less than the entire #street# frontage between intersecting #streets#, the arcade connects with an existing arcade of matching width and alignment, a #plaza# or an #urban plaza# on an adjacent #zoning lot#, so that unobstructed pedestrian flow along the entire #block#front is provided by the arcade in combination with such existing spaces.

(2)Full #block#front arcade

When a #zoning lot# occupies a full #block#front, both ends of the arcade on that #street# frontage shall be open and accessible directly from the sidewalk of the intersecting #street# or any other qualifying pedestrian circulation space.

(3)Permitted obstructions

Except for building columns, an arcade shall be free from obstructions of any kind.

(4)Specific prohibitions

No vehicular driveways, except as permitted under paragraph (a)(1) (Dimensions) of this Section, parking spaces, passenger drop-offs, loading berths or trash storage facilities are permitted within an arcade, nor shall such facilities be permitted immediately adjacent to an arcade.

In the Theater Subdistrict of the #Special Midtown District#, where a new #building# or #enlarged# portion of an existing #building# provides an arcade, no obstructions, including columns, shall be permitted within such arcade, and the maximum height of such arcade shall be 20 feet and the maximum width shall be 10 feet.

(5)Illumination

All existing and new arcades shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

(b)Building entrance recess area

A building entrance recess area is a space that adjoins and is open to a sidewalk or sidewalk widening for its entire length and provides unobstructed access to the building's lobby entrance or to the entrance to a ground floor #use#.

A building entrance recess area shall meet the following requirements:

(1)Dimensions

A building entrance recess area shall have a minimum length of 15 feet and a maximum length of 50 feet measured parallel to the #street line# at a building's lobby entrance and a maximum length of 30 feet parallel to the #street line# at a ground floor #use# entrance. It shall have a maximum depth of 15 feet measured from the #street line# and shall have a minimum depth of 10 feet measured from the #street line#.

(2)Obstructions

Any portion of a building entrance recess area under an overhanging portion of the #building# shall have a minimum clear height of 15 feet. It shall be free of obstructions except for building columns, between any two of which there shall be a clear space of at least 15 feet measured parallel to the #street line#. Between a building column and a wall of the #building#, there shall be a clear path at least five feet in width.

(3)Permitted overlap

A building entrance recess area may overlap with an arcade, a corner

arcade, a corner circulation space or a sidewalk widening, and may adjoin or overlap and connect directly without obstruction to another building entrance recess area except that, on any one #street# frontage, each lobby or ground floor #use# shall connect to only one building entrance recess area.

(c)Corner arcade

A corner arcade shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 27-60 (ARCADES). In lieu thereof, a corner arcade shall be a small covered space adjoining the intersection of two #streets# at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner arcade shall meet the following requirements:

(1)Dimensions

(i)a corner arcade shall have a minimum area of 200 square feet, a minimum depth of 15 feet measured along a line bisecting the angle of intersecting #street lines#, and shall extend along both #street lines# for at least 15 feet but not more than 40 feet from the intersection of the two #street lines#; and

(ii)the height of a corner arcade shall be not less than 12 feet and a clear path at least 12 feet wide shall be provided from one #street line# to another #street line#.

(2)Permitted obstructions

Except for building columns, a corner arcade shall be free from obstructions of any kind.

(3)Specific prohibitions

The specific prohibitions pertaining to an arcade as described in paragraph (a)(4) of this Section shall also by applicable to a corner arcade.

(4)Permitted overlap

A corner arcade may overlap with an arcade; however, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

(d) Corner circulation space

A corner circulation space is a small #open space# on the #zoning lot# of a #development# or #enlargement#, adjoining the intersection of two #streets#, at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner circulation space shall meet the following requirements:

(1)Dimensions

A corner circulation space shall have the same minimum dimensions as a corner arcade, as described in paragraph (c)(1) of this Section.

(2)Obstructions

A corner circulation space shall be completely open to the sky from its lowest level, except for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements does not exceed 20 percent of the area of the corner circulation space and that such elements and any attachments thereto are at least eight feet above #curb level#. A corner circulation space shall be clear of all other obstructions including, without limitation, door swings, building columns, #street# trees, planters, vehicle storage, parking or trash storage. No gratings, except for drainage, shall be permitted.

(3)Building entrances

Entrances to ground level #uses# are permitted from a corner circulation space.
An entrance to a building lobby is permitted from a corner circulation space, provided that the entrance is at no point within 20 feet of the intersection of the two #street lines# that bound the corner circulation space.

(4)Permitted overlap

A corner circulation space may overlap with a sidewalk widening.

(e)Relocation or renovation of a subway stair

When a #development# or #enlargement# is constructed on a #zoning lot# containing a relocated stairway entrance or entrances to a subway, or an existing stairway entrance or entrances to a subway, and such entrance or entrances are relocated or renovated in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair), one and a half times the area, measured at #street# level, of such entrance or entrances may count toward meeting the pedestrian circulation space requirement.

(f) Sidewalk widening

Sidewalk widenings provided to meet the requirements for pedestrian circulation space shall not be subject to the provisions of Sections 12-10 (DEFINITIONS), including the definition for #urban plaza#, and 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas). In lieu thereof, the provisions of this Section shall apply.

A sidewalk widening is a continuous paved open area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. A sidewalk widening shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where all existing #buildings# on the same #block# frontage, whether on the same or another #zoning lot#, provide sidewalk widenings.

A sidewalk widening shall meet the following requirements:

(1)Dimensions

A sidewalk widening shall have a width of no less than five feet nor more than 10 feet measured perpendicular to the #street line#, and shall be contiguous along its entire length to a sidewalk.

A sidewalk widening shall extend along the full length of the #front lot line# except for the portion of the #front lot line# interrupted by an existing #building# which is located at a #side lot line# or, in the case of a full #block# frontage, located at the intersection of two #streets#.

A required sidewalk widening on a #wide street# shall connect directly to any existing adjoining sidewalk widening and shall extend the entire length of the new #front lot line#.

The width of such a required sidewalk widening shall equal that of the existing adjoining sidewalk widening. If there is more than one such existing sidewalk widening, the width of such a required sidewalk widening shall equal that of the existing sidewalk widening that is longest.

A sidewalk widening is permitted on a #wide street# when not adjacent to an existing sidewalk widening only if either the sidewalk widening extends along the #street line# of the #wide street# for the full length of the #block# front, or the #zoning lot# is a #corner lot# and the sidewalk widening extends along the full length of the #street line# of the #wide street# to its intersection with the #street line# of the other #street# on which the #zoning lot# fronts.

Except for the permitted interruptions, as set forth in paragraph (f)(2) of this Section, a sidewalk widening is permitted on a #narrow street# only if it has a length of at least 100 feet.

(2)Permitted interruptions

Interruptions of the continuity of a qualifying sidewalk widening shall be permitted only under the following conditions:

(i)by an arcade that has a width equal to or greater than the width of the sidewalk widening and which is directly connected to the sidewalk widening;

(ii)if overlapped by a corner circulation space or a building entrance recess area that permits uninterrupted pedestrian flow;

(iii)if overlapped by an #urban plaza#, provided that the overlapping portion of such #urban plaza# conforms to the design standard of a sidewalk widening;

(iv)by an off-street subway entrance provided such an entrance is located at a #side lot line# or is located at the intersection of two #street lines#;

(v)if overlapped by the queuing space of a relocated or renovated subway entrance, provided that the queuing space for the entrance leaves at least a five foot uninterrupted width of sidewalk widening along the entire length of the queuing space; or

(vi)by a driveway that is located at a #side lot line#; however, where the #zoning lot# has a through #block# connection, a through #block# galleria or a through #block urban plaza# at such a #side lot line#, the location of its driveway is not restricted. The area occupied by the driveway, up to the width of the sidewalk widening, may be counted towards meeting the pedestrian circulation space requirement, provided that there shall be no change of grade within the area of the sidewalk widening.

(3) Permitted obstructions

A sidewalk widening shall be unobstructed from its lowest level to the sky except for those obstructions permitted under paragraph (f)(2) of this Section and for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements, measured on the plan, does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above #curb level#.

(4) Specific prohibitions

No #street# trees are permitted on a sidewalk widening. No vehicle storage, parking or storage of trash is permitted on a sidewalk widening. Gratings may not occupy more than 50 percent of the sidewalk widening area nor be wider than one half the width of the sidewalk widening.

(5) Special design treatment

When one end of the sidewalk widening abuts an existing #building# on the #zoning lot# or an existing #building# on the #side lot line# of the adjacent #zoning lot#, design treatment of the termination of the sidewalk widening is required to smooth pedestrian flow. The portion of the sidewalk widening subject to design treatment, hereinafter called the transition area, shall not extend more than 10 feet nor less than five feet along the sidewalk widening from its termination.

The transition area shall receive special design treatment which may include, but is not limited to, landscaping, sculpture or building transparency. The transition area shall be designed to effect a gradual change of the sidewalk widening width to match the #street wall# line of the existing #building# at the sidewalk widening's termination. This may be accomplished by a curved or diagonal edge of paving along a landscaped bed, the use of stepped edges of the #building# or other architectural treatment of the #building# or paving which avoids an abrupt visual termination of the sidewalk widening. Such special design treatment may be considered a permitted obstruction.

(g)Subway station improvement

For #developments# or #enlargements# that are granted a special permit pursuant to Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan), no more than 3,000 square feet may count toward meeting the pedestrian circulation space requirement.

Paragraph (h) has been adapted from Section 81-46 (Through Block Connection) which will be deleted. No new requirements have been added.

(h) Through #block# connection

A through #block# connection is a paved open or enclosed space providing unobstructed access to the building's main lobby and connecting, in a straight continuous unobstructed path, two parallel or nearly parallel #streets#.

Up to a maximum of 3,000 square feet of a through #block# connection may count towards the minimum pedestrian circulation space requirement.

A through #block# connection shall meet the following requirements:

(1) Location

(i) A through #block# connection shall be located at least 150 feet from the intersection of two #streets#.

(ii)Where the #zoning lot# or a portion thereof is directly across a #street# from, and opposite to, an existing through #block# connection on an adjacent #block# and the existing connection is at least 150 feet from the intersection of two #streets#, the alignment of the new through #block# connection shall overlap with that of the existing connection. Such existing connection may also be a through #block# galleria, through #block urban plaza# or any through #block# circulation area with a minimum width of 12 feet, which is located within a #building#.

(iii)Where there are already two through #block# connections located on the same #block#, a new through #block# connection shall not count towards meeting the pedestrian circulation space requirement.

(iv)No through #block# connection shall be permitted on any portion of a #zoning lot# occupied by a landmark or interior landmark so designated by the Landmarks Preservation Commission, or occupied by a #building# whose designation as a landmark or interior landmark has been calendared for public hearing and is pending before the Landmarks Preservation Commission.

(2)Design standards for a through #block# connection

(i)A through #block# connection shall provide a straight continuous unobstructed path at least 15 feet wide. If covered, the clear unobstructed height of a through #block# connection shall not be less than 15 feet.

(ii)At no point shall the level of a through #block# connection be more than five feet above or below #curb level#. In all cases, the through #block# connection must provide a clear path, accessible to people with disabilities, through its entire length.

(iii)A through #block# connection may be located inside or outside of a #building#. The area of a through #block# connection located within a #building# shall be counted as #floor area#.

(iv)A through #block# connection located partially or wholly within a #building# shall adjoin and connect directly to the building's main lobby via unobstructed openings with an aggregate width exceeding that of any other entrances to the lobby.

(v)A through #block# connection located wholly or partially outside a #building# shall provide unobstructed access directly to the building's main lobby through the major entrance. For the purposes of this Section, the major entrance shall be that entrance to the main lobby which has the greatest aggregate width of clear openings for access.

(vi)Any portion of a through #block# connection located outside a #building# shall be illuminated throughout with a minimum level of illumination of not less than five horizontal foot candles (lumens per candle). Such illumination shall be maintained throughout the hours of darkness.

(vii)A through #block# connection shall at a minimum be accessible to the public from 8:00 a.m. to 7:00 p.m. on the days the #building# or #development# is open for business and shall have posted, in prominent, visible locations at its entrances, signs meeting the standards set forth in paragraph (h)(2)(viii)(a) of this Section.

(viii)A through #block# connection shall provide the following information for public access at each public entry to the through #block# connection:

(a)For an unenclosed through #block# connection, the public access information shall be an entry plaque located at the entrance to the through #block# connection at each #street# frontage. The entry plaque shall contain:

(1)a public space symbol which is at least 14 inches square in dimension, has a white background, has a grid of four straight lines no greater than one-eighth inch wide and green in color and has a tree-shaped symbol as shown:

(Tree Symbol)

(2)lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and

(3)an international Symbol of Access for people with disabilities that is at least three inches square.

The entry plaque shall be mounted with its center five feet above the elevation of the nearest walkable pavement on a wall or a permanent freestanding post. It shall be placed so that the entire entry plaque is obvious and directly visible without any obstruction, along every line of sight from all paths of pedestrian access to the through #block# connection, in a position that clearly identifies the entry to the connection.

(b)For an enclosed through #block# connection or a portion thereof:

(1)a public space symbol as described in paragraph (h)(2)(viii) of this Section, not less than six inches square, shall be mounted with its center five feet above the elevation of the nearest walkable pavement;

(2)lettering stating "PUBLIC ACCESS TO STREET," indicating the opposite #street# to which the through #block# connection passes and which lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol; and

(3)lettering not more than two inches or less than one and a half inches in height stating "OPEN TO PUBLIC" with the hours and days of operation of the through #block# connection. This lettering shall be located not more than three inches from the public space symbol.

The above required information shall be permanently affixed on the glass panel of the entry doors of the through

#block# connection clearly facing the direction of pedestrian flow. The information shall be located not higher than six feet or lower than three feet above the level of the pedestrian path at the entry, and shall be in a format and color which will ensure legibility.

(i)Urban plaza

A maximum of 30 percent of the area of an #urban plaza# that faces a #street# intersection, or provides access to a major building entrance, may be counted toward meeting the pedestrian circulation space requirement.

A maximum of 3,000 square feet of a through #block urban plaza# may be counted toward meeting the pedestrian circulation space requirement.

For all other #urban plazas#, the first 10 feet of depth from the #street line# may be counted toward meeting the pedestrian circulation space requirement, provided that the #urban plaza# conforms to the design standards of a sidewalk widening as set forth in paragraph (f) of this Section.

All #urban plazas# shall comply with Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

Any area of permitted overlap between pedestrian circulation spaces or other amenities shall be counted only once toward meeting the required amount of pedestrian circulation space. Unobstructed access shall be provided between overlapping spaces.

The following is a revision of Section 81-454 (Modification of design standards of pedestrian circulation spaces within existing buildings) , which will be deleted. No new requirements will be added.

37-074
Modification of design standards of pedestrian circulation spaces within existing buildings

The City Planning Commission may authorize a modification of any required minimum amount of pedestrian circulation space to be provided on #wide street# frontages and design standards, as indicated, for the following required pedestrian circulation spaces, to be provided within or under an existing #building# to remain on a #zoning lot#:

(a)Arcade: minimum width, minimum height, obstructions, minimum clear width between obstructions, minimum length, column sizes

(b)Building entrance recess area: minimum length, minimum depth from #street line#, minimum height, obstructions, clear space between obstructions and clear space between obstructions and building wall

(c)Corner arcade or corner circulation space: minimum depth, minimum width of clear path, minimum height, obstructions

(d)Through #block# connection: minimum width of unobstructed path, minimum height, through #block# level

The Commission may authorize a modification of design standards for pedestrian circulation spaces when the following conditions are met:

(1)a modification is needed because of the inherent constraints of the existing #building#;

(2)the modification is limited to the minimum needed because of the inherent constraints of the existing #building#; and

(3)the pedestrian circulation space being modified shall be equal in area, and substantially equivalent, to the required space in terms of quality, effectiveness and suitability for public use.

Existing Sections 81-53 and 74-634 both permit bonus floor area for subway station improvements in accordance with essentially the same requirements. They are proposed to be combined into one action under Section 74-634 which would apply city-wide. No new requirements would be added.

74-634
Subway station improvements in commercial zones of 10 FAR and above in Manhattan

The City Planning Commission may **grant**, by special permit, *after public notice and hearing and subject to a Board of Estimate action, grant* **a** #floor area# bonuses, *modify Section 37-01 (Special Urban Design Guidelines-Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), the provisions of #urban open space# in Section 12-10 (DEFINITIONS), and in a C5-5 District, height and setback and #rear yard# regulations* **up to but not exceeding 20 percent of the basic maximum #floor area ratio# permitted by the underlying district regulations, and may waive or modify the provisions of Article III, Chapter 7 (Special Regulations) and the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity Along Designated Streets)** for #developments# or #enlargements# **located on #zoning lots# where** *which provide* major improvements *for to* adjacent subway stations **are provided** in accordance with the provisions of this Section. **For the purposes of this Section, "adjacent" shall mean that upon completion of the improvement, the #zoning lot# will** *The subway stations in districts where such improvements may be constructed are listed in paragraph (a) of this Section. The selection of subway station improvements shall be on a case-by-case basis and shall be subject to the approval of the Metropolitan Transportation Authority, New York City Transit and the City Planning Commission. All such improvements shall comply with all applicable design standards of the current station planning guidelines of New York City Transit.

(b)Compliance with Transit Authority design standards

The subway station improvement shall comply with all applicable design standards of the New York City Transit Authority's "Station Planning Guidelines" (Revised, 1975 and as may be subsequently revised).

(c)Procedure

(1)Pre-application

The applicant shall submit schematic or concept plans for the proposed improvement to the Metropolitan Transportation Authority, the Transit Authority and the City Planning Commission.

(2)Application pre-certification

After review and agreement on the concept by the Metropolitan Transportation Authority, Transit Authority and the City Planning Commission, the applicant shall submit necessary documentation in conformance with the New York City Transit Authority's "Guidelines for Submission and Approval of Outside Projects". Prior to certification by the City Planning Commission, the Transit Authority shall provide a letter to the Commission containing conceptual approval of the improvement and a statement of any special considerations regarding the Transit Authority's future operation of the improvement.

(3)The special permit application to the City Planning Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the City from the proposed improvement and determining the appropriate amount of bonus #floor area# and for making the findings for the modifications of Section 37-01, Section 37-02 and height and setback regulations in C5-5 Districts.

(4)The special permit application shall include any request for modification of special urban design guidelines pursuant to Section 74-634 paragraph (e) and of height and setback and #rear yard# regulations pursuant to Section 74-634 paragraph (f).

(5)Uniform Land Use Review Procedure - certification

The City Planning Commission shall not certify any application under the Uniform Land Use Review Procedure until the requisite letter from the Transit Authority has been received and incorporated in the application. Such letter may be subject to subsequent execution of a final agreement with the developer.

(6)Prior to the granting of a special permit:

(i)the Transit Authority shall have submitted a letter to the City Planning Commission:

(a)stating that the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and such other elements as may be appropriate; and

(b)confirming that the construction of the subway improvement in accordance with such submission is feasible; and

(ii)the applicant shall sign a legally enforceable instrument, running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(7)The restrictive declarations and any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for the borough in which the improvement or easement is being created, and a certified copy of the instrument shall be submitted to the City Planning Commission and the Transit Authority.

(8)Prior to obtaining a temporary certificate of occupancy for the bonus #floor area#, the bonused subway improvement shall be substantially complete, which shall, for this purpose, mean usable by the public, as determined by the Transit Authority.

(9)Prior to obtaining a permanent certificate of occupancy, the bonused subway improvement must be 100 percent complete in accordance with the approved plans and such completion shall have been certified by the Transit Authority.

(d)Floor area bonus

The amount of the #floor area# bonus shall be at the discretion of the City Planning Commission and may range from no #floor area# bonus to the maximum amount allowable by special permit pursuant to the provisions of this Section. For a #residential# or mixed-#use development#, when a #floor area# bonus is granted pursuant to this Section, alone or in combination with other bonuses, the #lot area# requirements of Section 23-20 (DENSITY REGULATIONS-REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM, OR FLOOR AREA PER ROOM) and 35-40 (APPLICABILITY OF LOT AREA REQUIREMENTS TO MIXED BUILDINGS) shall not apply. Instead for every 750 square feet of gross #residential floor area# provided, there shall be not more than one #dwelling unit#. In determining whether to grant a special permit and the precise amount of #floor area# bonus pursuant to the special permit, the Commission shall make all of the following findings:

(1)the degree to which the station's general accessibility, rider orientation and safety will be improved by the provision of new connections, additions to circulation space or easing of circulation bottlenecks;

(2)provision of escalators or elevators where justified by traffic or depth of mezzanine or platform below #street# level;
(3)convenience and spaciousness of #street# level entrance and compatible relationship to the ground floor #uses# of the #development# or #enlargement#;

(4)improvements in the station's environment by provision for daylight access, or improvements to noise control, air quality, lighting or other architectural treatments.

(e)Modification of special urban design guidelines and urban open space

The City Planning Commission may modify the requirements of Section 37-01 (Special Urban Design Guidelines-Streetscape), Section 37-02 (Applicability of Article II, Chapter 7, to Residential Plazas and Arcades), and the requirement for #urban open space# in Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas) if it finds the provisions of a subway improvement cannot be accommodated without modification to these requirements.

(f)Modification of height and setback and yard regulations

In a C5-5 District, in the case of on-site subway station improvements that generate #floor area# bonus pursuant to Section 74-634, the City Planning Commission may permit modification of the applicable regulations in Sections 33-26 to 33-30, inclusive, relating to #rear yard# regulations, or in Sections 33-41 to 33-45, inclusive, relating to height and setback regulations.

The City Planning Commission may grant such modification upon consideration that the applicable height and setback or #rear yard# regulations cannot be complied with by some method feasible for the applicant to pursue because of the provision of a subway station improvement, the size or irregular shape of the lot, the size or irregular shape of the #block# or width of #streets#. The Commission shall also consider the characteristics of surrounding development. The Commission shall require, where appropriate, sufficient safeguards to insure the free flow of pedestrian and vehicular traffic in the general area.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

The following paragraphs incorporate existing requirements in the preceding paragraphs that are proposed to be deleted: (b), (c)(1) through (c)(9), (d)(1) through (d)(4), (e) and (f) – and those in Section 81-534 (Procedure) which would also be deleted.

(a)Pre-application requirements

Prior to submitting an application for a special permit pursuant to this Section, the applicant shall submit a schematic or concept plan for the proposed improvement to the Metropolitan Transportation Authority, New York City Transit and the Chairperson of the City Planning Commission.

(b)Requirements for application

An application for a special permit pursuant to this Section shall include a letter from New York City Transit to the City Planning Commission containing conceptual approval of the improvement and a statement of any special considerations regarding New York City Transit's future operation of the improvement. The applicant shall submit all information and justification sufficient to enable the Commission to:

(1)evaluate the benefits to the City;

(2)determine the appropriate amount of bonus #floor area#; and

(3)where applicable, assess the advantages and disadvantages of waiving or modifying #street wall# continuity requirements.

(c)Findings

(1)In determining the amount of #floor area# bonus, the City Planning Commission shall consider:

(i)the degree to which the general accessibility and/or security of the subway station will be improved by the provision of new connections, additions to or reconfigurations of circulation space, including provision of escalators or elevators; and

(ii)the degree to which significant improvements to the station's environment by provision for direct daylight access, or improvements to noise control, air quality, lighting or rider orientation and appropriate integration of the #street# level entryway into the #development# or #enlargement# will occur.

(2)In determining modifications to the requirements of Article 3, Chapter 7 (Special Regulations), the Commission shall find that the provisions of a subway improvement cannot be accommodated without modification to these requirements.

(3)In determining modifications to the #street wall# continuity provisions of Section 81-43 in the #Special Midtown District#, the Commission shall find that the modification will permit the proposed design to provide for improved access of daylight or air to the subway platform, mezzanine or concourse and that the advantages of such access outweigh the disadvantages incurred by the interruption of #street wall# and retail continuity.

(4)Within the #Special Midtown District#, for a #development# or #enlargement# within the Theater Subdistrict on a #zoning lot# containing a theater designated as listed pursuant to Section 81-742 (Listed theaters), the Commission shall find that the

requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) have been met.

(5)Within the #Special Midtown District#, for a #development# or #enlargement# located on a #zoning lot# divided by a Theater Subdistrict Core boundary, as defined in Section 81-71 (General Provisions), the amount of #lot area# eligible for determining permitted bonus #floor area# shall not exceed an amount equal to twice the #lot area# of that portion of the #zoning lot# located outside the Theater Subdistrict Core.

(d)Procedural requirements

Prior to the granting of a special permit, the City Planning Commission shall be provided with the following:

(1)a letter from New York City Transit stating that the drawings and other documents submitted by the applicant have been determined by New York City Transit to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems, materials, relationship to existing site conditions and such other conditions as may be appropriate, and that the construction of the subway improvement in accordance with such submission is feasible.

(2)a legally enforceable instrument running with the land and signed by the applicant and all parties in interest, other than parties in interest who have waived and subordinated their interests, containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and provide capital maintenance for the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(e) Density

For a #residential# or mixed #development#, when a #floor area# bonus is granted pursuant to this Section, alone or in combination with other bonuses, the #lot area# requirements of Sections 23-20 (DENSITY REGULATIONS-REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM OR FLOOR AREA PER ROOM) and 35-40 (APPLICABILITY OF LOT AREA REQUIREMENTS TO MIXED BUILDINGS) shall not apply. Instead, for every 790 square feet of #residential floor area# provided, there shall be not more than one #dwelling unit#.

(g) Recordation & completion procedures

Any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York and a certified copy of the instrument shall be submitted to the City Planning Commission and New York City Transit. The applicant shall not apply for nor accept a temporary certificate of occupancy for the bonus #floor area#, and the Department of Buildings shall not issue such a temporary certificate of occupancy, until New York City Transit has determined that the bonused subway improvement is substantially complete which shall, for this purpose, mean open to and usable by the public.

The applicant shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue such permanent certificate of occupancy, until the bonused subway improvement has been completed in accordance with the approved plans and such completion has been certified by New York City Transit.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

Chapter 1
Special Midtown District

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a)to strengthen the business core of Midtown Manhattan by improving the working and living environments;

* * *

(h)to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i)to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j)to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton Community to the west;

*(i)***(k)**to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

*(j)***(l)**to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

*(k)***(m)**to preserve the midblock area around the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;
*(l)***(n)**to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

*(m)***(o)**to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

*(n)***(p)**to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), in Section 81-261 (Definitions), or in Section 81-271 (Definitions).

Special Midtown District
(repeated from Section 12-10)

The "Special Midtown District" is a Special Purpose District designated by the letters "MiD" in which special regulations set forth in Article VIII, Chapter 1, apply. The #Special Midtown District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement and modify those of the districts on which it is superimposed.

Special Clinton District
(repeated from Section 12-10)

The #Special Clinton District# is a Special Purpose District designated by the letters "CL" in which the regulations set forth in Article IX, Chapter 6 apply.

81-023
Applicability of Special Clinton District Regulations

Wherever the #Special Midtown District# includes an area which also lies within the #Special Clinton District#, the regulations of the #Special Clinton District# as set forth in Article IX, Chapter 6, shall also apply. However, if there is any conflict or discrepancy between the regulations, the Special Midtown District regulations shall supersede the Special Clinton District regulations.

The portion of the #Special Clinton District# within the #Special Midtown District# includes the area bounded by a line 150 feet west of Eighth Avenue, West 56th Street, Eighth Avenue and West 42nd Street. The area is designated on the #zoning maps# by the letters CL-MiD.

81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special subdistricts are established within the #Special Midtown District#. In each of these subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The subdistricts, together with the sections of this Chapter specially applying to each, are as follows:

Sections Having Subdistricts
Special Application
The Grand Central Subdistrict
81-60
The Theater Subdistrict
81-70
The Fifth Avenue Subdistrict
81-80
The Preservation Subdistrict 81-90

The subdistricts are also subject to all other regulations of the #Special Midtown District#, **and, where applicable pursuant to Section 81-023, the #Special Clinton District#,** and the underlying districts, except as otherwise specifically provided in the subdistrict regulations themselves.

81-062
Applicability of Chapter 4 of Article VII

Within the #Special Midtown District#, the following provisions regarding special permits by the City Planning Commission shall not be applicable:

Section 74-72(Bulk Modification)

Section 74-74(General Large-Scale Development)

Section 74-75(Educational Construction Fund Projects)

* * *

81-063
Regulations for Developments or Enlargements on Lots Divided by District Boundaries, Within or Partially Within the Theater Subdistrict

Within the Theater Subdistrict of the #Special Midtown District#, the provisions of Chapter 7 of Article VII (Special Provisions for Zoning Lots Divided by District Boundaries) are modified in part by the provisions of Section 81-746 (*Special modification of* **Additional** provisions for zoning lots divided by district **or subdistrict core** boundaries).

* * *

81-20
BULK REGULATIONS

81-21
Floor Area Ratio Regulations

The #floor area ratio# regulations of the underlying districts are modified in accordance with the provisions of this Section or Section 81-241 (Maximum floor area ratios for a residential building or the residential portion of a mixed building).

81-211
Maximum floor area ratio for non-residential or mixed buildings

(a)For non-#residential buildings# or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.

(b)In the #Special Midtown District, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

PG
TABLE NOT INCLUDED - AVAILABLE IN HARD COPY FORMAT IN THE PRINTED CALENDAR, WHICH IS AVAILABLE FROM THE CALENDAR OFFICE AT 22 READE STREET, NEW YORK, NEW YORK 10007PG

81-22
As-of-Right Floor Area Bonuses

As-of-right #floor area# bonuses are not permitted in the #Special Midtown District#, except in accordance with the provisions of the following Sections:

Section 81-23 (Floor Area Bonus for Urban Plazas)

Section 81-748 (Floor area bonus for through block gallerias)

In addition, the provisions of Article II, Chapter 3, Section 23-90 (Inclusionary Housing) shall be applicable in that portion of the #Special Midtown District# which is also within the #Special Clinton District# pursuant to Section 81-023 (Applicability of the Special Clinton District Regulations).

Any floor area bonus granted by certification for through block gallerias prior to (the effective date of this amendment) shall remain in effect, provided however that such certification shall automatically lapse if substantial construction, in accordance with the plans for which such certification was granted, has not been completed within four years from the effective date of such certification.

81-23
Floor Area Bonus for Urban Plazas

Within the #Special Midtown District#, for each square foot of #urban plaza# provided on a #zoning lot#, the basic maximum #floor area# permitted on that #zoning lot# under the provisions of Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) may be increased by six square feet, provided that in no case shall such bonus #floor area# exceed a #floor area ratio# of 1.0.

This Section shall be applicable in all underlying districts throughout the #Special Midtown District#, except that:

(a)there shall be no #floor area# bonus for an #urban plaza# on #zoning lots# in the C5P District within the Preservation Subdistrict;

(b)no #development# or #enlargement# on a #zoning lot# shall receive a bonus for an urban plaza that is within 50 feet of a #street line# of a designated #street# on which retail or #street wall# continuity is required, pursuant to Sections 81-42 (Retail Continuity Along Designated Streets) or 81-43 (Street Wall Continuity Along Designated Streets);

(c)no #development# or #enlargement# on a #zoning lot#**, any portion of which is** within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions), shall receive a bonus for an #urban plaza#; and

(d)there shall be no #floor area# bonus for an #urban plaza# on #zoning lots# in the Grand Central Subdistrict.

All #urban plazas# provided within the #Special Midtown District# shall comply with the requirements for #urban plazas# set forth in Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

A major portion of an #urban plaza# may overlap with a sidewalk widening which may be provided to fulfill the minimum pedestrian circulation space requirements set forth in Section 81-45 (Provision of Pedestrian Circulation Space), provided that the overlapping portion of the #urban plaza# also conforms to the design standards of Section *81-45* **37-07** for a sidewalk widening. Such sidewalk widening may be included in the major portion of an #urban plaza# for purposes of calculating the proportional restrictions set forth in Section 37-04, paragraph (e).

81-24
Floor Area, Density and Building Spacing Regulations for Residential Uses

81-241
Maximum floor area ratios for a residential building or the residential portion of a mixed building

For #residential buildings# or #residential# portions of #mixed buildings# in the #Special

Midtown District#, the maximum #floor area ratio# for each underlying district is as follows:

(a)In the C5-P District the maximum #floor area ratio# is 8.0, and no additional #floor area# shall be allowed above this limit.

(b)In all underlying districts other than the C5-P District, except as provided in paragraph (c) of this Section, the maximum #residential floor area ratio# is 10.0.

(c)A #residential building# or the #residential# portion of a #mixed building# in any underlying district other than a C5-P, C6-4 or C6-5 District **or a #residential building# or the #residential# portion of a #mixed building# in a C6-4 or C6-5 District within the Theater Subdistrict which has been granted bonus #floor area# or other #floor area# allowances in accordance with the provisions of Section 81- 741 (General provisions),** shall qualify for a maximum #residential floor area ratio# of 12.0 if the #building# includes recreational space for the #residential# occupants in an amount not less than 6.5 square feet for each #room#, or a total area of at least 5,000 square feet, whichever is greater. The recreational space may be located at any level including a roof. Such recreational space shall:

(1)be restricted to #residential# occupants of the #building# and their guests for whom no admission or membership fees may be charged;

(2)be directly accessible from a lobby or other public area served by the #residential# elevators;

(3)be landscaped including trees or shrubbery, except where covered or developed with recreational facilities and seating areas;

(4)contain not less than 500 square feet of continuous area on a single level with no dimension of less than 15 feet;

(5)have not less than 50 percent of the area open from its lowest level to the sky. The remaining portion may be roofed and up to 50 percent of its perimeter may be enclosed. In no event may more than 25 percent of the required recreational space be fully enclosed. All enclosures shall be transparent except when located within the #building#. Covered areas shall contain recreational facilities or seating areas.

A copy of requirements (1) through (5) set forth in this paragraph shall be permanently posted in a conspicuous place within each recreational space.

(d)A #residential building# or the #residential# portion of a #mixed building# in a C6-4 or C6-5 underlying district within the Theater Subdistrict may qualify for bonus #floor area# or other #floor area# allowances in accordance with the provisions of Section 81- 741 (General provisions), provided that the #residential floor area ratio# with such #floor area# allowances shall not exceed 12.0 and that such #building# also provides recreational space for the #residential# occupants in accordance with the requirements of paragraph (c) of this Section.
(e)The applicable maximum #floor area ratio# for a #residential building# or the #residential# portion of a #mixed building# shall not be increased by any bonuses or other #floor area# allowances except as provided in paragraph (c) or (d) of this Section.

81-25
General Provisions Relating to Height and Setback of Buildings

For all #buildings# in the #Special Midtown District#, except as provided in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT), the height and setback regulations of the underlying districts, *including tower regulations,* are superseded by the provisions of this Section, and by the two alternate sets of regulations controlling the height and setback of #buildings#, as set forth in Sections 81-26 and 81-27 respectively.

An applicant for plan approval by the Department of Buildings may elect to be governed by the provisions of either Section 81-26 (Height and Setback Regulations - Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation) in addition to the provisions of this Section. *and of Section 81-622 (Special height and setback requirements) applicable to a #development# or #enlargement# within the Grand Central Subdistrict.*

This Section sets forth the provisions which are common to both sets of regulations.

81-43
Street Wall Continuity Along Designated Streets

* * *

Pedestrian circulation spaces may be provided to meet the requirements of Section 81-45 **(Pedestrian Circulation Space),** *81-46 or 81-47* subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station improvement for which bonus #floor area# is granted, in accordance with the provisions of Section *81-53* **81-511** (Subway Station Improvements).

* * *

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 42nd Street, 34th Street or 57th Street frontages. **Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue.** Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.
For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83)

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

81-45
Provision of Pedestrian Circulation Space

Within the boundaries of the #Special Midtown District#, except as provided in Section 81-453 (Exemptions from the pedestrian circulation space requirements), all new #developments# or #enlargements# on #zoning lots# of 5,000 square feet or larger and providing more than 70,000 square feet of new #floor area#, shall provide a minimum amount of pedestrian circulation space at the rate provided in Table A.

TABLE A
MINIMUM PEDESTRIAN CIRCULATION SPACE REQUIREMENTS
Lot Size in Square Feet | *Minimum Area of Pedestrian Circulation Space*
5,000 to 20,000 | *1 square foot per 350 square feet of new #floor area#*
Above 20,000 | *1 square foot per 300 square feet of new #floor area#*

The pedestrian circulation space provided shall be of one or more of the following types: sidewalk widening, arcade, corner arcade, corner circulation space, building entrance recess area, through #block# connection, subway stair relocation, renovation or reconstruction of a subway stair pre-existing on the #zoning lot#, or off-street rail mass transit access improvement.

Each #zoning lot# shall be categorized as either a #corner lot#, #through lot# or #interior lot#, and pedestrian circulation space shall be provided on each #zoning lot# in at least one of the applicable types or combinations of types outlined in Table B.

Such pedestrian circulation space shall meet the requirements set forth in Sections 81-451 (Design standards for pedestrian circulation spaces), 81-46 (Through Block Connection), 81-47 (Off-Street Relocation or Renovation of a Subway Stair) or 81-49 (Off-Street Improvement of Access to Rail Mass Transit Facility). Arcades shall not be subject to the provisions of Section 27-60 (ARCADES), and sidewalk widenings shall not be subject to the provisions of Section 37-04 (Requirements for Open Air Concourses, Sidewalk Widenings and Urban Plazas).

In addition, certain amenities for which bonuses are granted may count toward the minimum area of pedestrian circulation space in accordance with the provisions of Section 81-452 (Bonused amenities qualifying as pedestrian circulation spaces). Any area of permitted overlap between pedestrian circulation spaces or amenities shall be counted only once toward the minimum area of pedestrian circulation space. Unobstructed access shall be provided between overlapping spaces.

arcades or sidewalk widenings shall be permitted on Fifth Avenue, 42nd Street, 34th Street or 57th Street frontages or on any #street# frontage within the Preservation Subdistrict. Between 43rd and 50th Streets, no arcades shall be permitted parallel to and along Seventh Avenue or Broadway and where pedestrian circulation space is provided along such #street# frontages, #signs# and marquees shall be permitted as exceptions to the requirements related to obstructions or permitted obstructions of Section 81-451 (Design standards for pedestrian circulation spaces). Special dimensional requirements for arcades and sidewalk widenings along designated #streets# are set forth in Section 81-43 (Street Wall Continuity along Designated Streets).

New #developments# or #enlargements# on a #zoning lot# having a full #block# frontage on a #wide street# other than Fifth Avenue, 42nd Street, 34th Street, or 57th Street shall provide a minimum of 50 percent of their required pedestrian circulation space on that #wide street#.

In the case of a #zoning lot# having two full #block# frontages on #wide streets#, this minimum amount may be allocated on either one or both #wide streets#; where each #street# bounding a #zoning lot# with at least one full #block# frontage is a #wide street#, the minimum amount may be allowed on one or more of those #wide streets#.

Within the #Special Midtown District#, all new #developments# or #enlargements# on #zoning lots# of 5,000 square feet or larger with more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The requirements for pedestrian circulation space may be met by providing one or more of the following types of spaces: arcade, building entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through #block# connection or #urban plaza#. Design requirements and, where applicable, the maximum amount of each space that may be counted towards the minimum pedestrian circulation space requirement are set forth in Section 37-07 (Requirements for Pedestrian Circulation Space).

In addition, the following may be counted towards meeting the minimum pedestrian circulation space requirement:

(a)up to a maximum of 3,000 square feet of an access improvement to rail mass transit provided pursuant to Section 81-49 (Off-street Improvement of Access to Rail Mass Transit Facility);

(b)within the Theater Subdistrict, theater waiting space provided pursuant to Section 81-451 (Theater waiting space).

New #developments# or #enlargements# on a #zoning lot# having a full #block# frontage on a #wide street# other than Fifth Avenue, 42nd Street, 34th Street or 57th Street shall provide a minimum of 50 percent of their required pedestrian circulation space on that #street#. In the case of a #zoning lot# having two full #block# frontages on #wide streets#, this minimum amount may be allocated on either one or both #wide streets#; where each #street# bounding a #zoning lot# with at least one full #block# frontage is a #wide street#, the minimum amount may be allowed on one or more of those #wide streets#.

However, pedestrian circulation space shall not be required if any of the following conditions exist:

(a)the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b)the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street# frontage;

(c)the #zoning lot# is an #interior# or #through lot# fronting only on a #street# or #streets# where arcades, sidewalk widenings or #urban plazas# are prohibited;

(d)the #zoning lot# is an #interior lot# fronting on either 34th Street, 42nd Street, 57th Street or Fifth Avenue, with another interior frontage of lesser length on any other #street#; or

(e)the #zoning lot# is a #through lot# with both #street# frontages less than 25 feet in length.

Arcades or sidewalk widenings shall not be permitted on 34th Street, 42nd Street, 57th Street or Fifth Avenue frontages or on any #street# frontage within the Preservation Subdistrict. Between 43rd and 50th Streets, no arcades shall be permitted parallel to and along Seventh Avenue or Broadway. Where pedestrian circulation space is provided along Seventh Avenue or Broadway between 43rd and 50th Streets, #signs# and marquees shall be permitted as exceptions to the requirements relating to obstructions or permitted obstructions in Section 37-07 (Requirements for Pedestrian Circulation Space). Special dimensional requirements for arcades and sidewalk widenings along designated #streets# are set forth in Section 81-43 (Street Wall Continuity Along Designated Streets).

81-451
Design standards for pedestrian circulation spaces
Theater waiting space

(a) Sidewalk widening

A sidewalk widening is a continuous paved open area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. A sidewalk widening shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where all existing #buildings# on the same #block# frontage, whether on the same or another #zoning lot#, provide sidewalk widenings. A sidewalk widening shall meet the following requirements:

(1)Dimensions

A sidewalk widening shall have a width of no less than 5 feet nor greater than 10 feet measured perpendicular to the #street line#, and shall be contiguous along its entire length to a sidewalk. Except for the permitted interruptions, as set forth in paragraph (a)(2), a sidewalk widening is permitted on a #narrow street# only if it has a length of at least 100 feet.

It shall extend along the full length of the #front lot line# except for the portion of the #front lot line# interrupted by an existing #building# which is located at a #side lot line# or, in the case of a full #block# frontage, located at the intersection of two #streets#. A required sidewalk widening on a #wide street# shall connect directly to any existing adjoining sidewalk widening and shall extend the entire length of the new #front lot line#.

The width of such a required sidewalk widening shall equal that of the existing adjoining sidewalk widening. If there is more than one such existing sidewalk widening, the width of such a required sidewalk widening shall equal that of the existing sidewalk widening that is longest.

A sidewalk widening is permitted on a #wide street# when not adjacent to an existing sidewalk widening only if either the sidewalk widening extends along the #wide street line# for the full length of the #block# front, or the #zoning lot# is a #corner lot# and the sidewalk widening extends along the full length of the #wide street street line# to its intersection with the other #street street line# on which the #zoning lot# fronts.

(2)Permitted interruptions

Only under the following conditions shall any interruptions of the continuity of a qualifying sidewalk widening be permitted:

(i)A sidewalk widening may be interrupted by an arcade which has a width equal to or greater than the width of the sidewalk widening and which is directly connected to the sidewalk widening.

(ii)A sidewalk widening may be overlapped by a corner circulation space or a #building# entrance recess area which permits uninterrupted pedestrian flow.

(iiiA sidewalk widening may be overlapped by an #urban plaza# as set forth in Section 81-23, provided that the overlapping portion of such #urban plaza# conforms to the design standard of a sidewalk widening.

(iv)An off-street subway entrance may interrupt a sidewalk widening provided such an entrance is located at a #side lot line# or is located at the intersection of two #street lines#.

(v)A sidewalk widening may be overlapped by the queuing space of a relocated or renovated subway entrance provided that the queuing space for the entrance leaves at least a 5 foot uninterrupted width of sidewalk widening along the entire length of the queuing space.

(vi)A sidewalk widening may be interrupted by a driveway that is located at a #side lot line#; however, where the #zoning lot# has a through #block# connection, or a through #block urban plaza#, or a through #block#

galleria at such a #side lot line#, the location of its driveway is not restricted. The area occupied by the driveway, up to the width of the sidewalk widening, may be counted towards meeting the pedestrian circulation space requirement, provided that there shall be no change of grade within the area of the sidewalk widening.

(3) Permitted obstructions

A sidewalk widening shall be unobstructed from its lowest level to the sky except for those obstructions permitted under paragraph (5) of this Section and for temporary elements of weather protection, such as awnings or canopies, provided that the total area (measured on the plan) of such elements does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least 8 feet above #curb level#.

(4) Specific prohibitions

No #street# trees are permitted on a sidewalk widening. No vehicle storage, parking or trash storage is permitted on a sidewalk widening. Gratings may not occupy more than 50 percent of the sidewalk widening area nor be wider than one half the width of the sidewalk widening.

(5) Special design treatment

When one end of the sidewalk widening abuts an existing #building# on the #zoning lot# or an existing #building# on the #side lot line# of the adjacent #zoning lot#, design treatment of the termination of the sidewalk widening is required to smooth pedestrian flow. The portion of the sidewalk widening subject to design treatment, hereinafter called the transition area, shall not extend more than 10 feet nor less than 5 feet along the sidewalk widening from its termination.

The transition area shall receive special design treatment which may include, but is not limited to, landscaping, sculpture, or #building# transparency. The transition area shall be designed to effect a gradual change of the sidewalk widening width to match the #street wall# line of the existing #building# at the sidewalk widening's termination. This may be accomplished by a curved or diagonal edge of paving along a landscaped bed, the use of stepped edges of the #building#, or other architectural treatment of the #building# or paving which avoids an abrupt visual termination of the sidewalk widening. Such special design treatment may be considered a permitted obstruction.

(b) Corner circulation space

A corner circulation space is a small #open space# on the #zoning lot# of a #development# or #enlargement#, adjoining the intersection of two #streets#, at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times. A corner circulation space shall meet the following requirements:

(1)Dimensions
A corner circulation space shall have a minimum area of 200 square feet, a minimum depth of 15 feet measured along a line bisecting the angle of intersecting #street lines#, and shall extend along both #street lines# for at least 15 feet but not more than 40 feet from the intersection of the two #street lines#.

(2)Obstructions

A corner circulation space shall be completely open to the sky from its lowest level, except for temporary elements of weather protection, such as awnings or canopies; provided that the total area of such elements does not exceed 20 percent of the corner circulation space area; and that such elements and any attachments thereto are at least 8 feet above #curb level#. A corner circulation space shall be clear of all other obstructions including, without limitation, door swings, building columns, #street# trees, planters, vehicle storage, parking or trash storage. No gratings except for drainage are permitted.

(3)Building entrances

Entrances to ground level #uses# are permitted from a corner circulation space. An entrance to a building lobby is permitted from a corner circulation space, provided that the entrance is at no point within 20 feet of the intersection of the two #street lines# that bound the corner circulation space.

(4)Permitted overlap

A corner circulation space may overlap with a sidewalk widening.

(c) Arcade

An arcade is a continuous covered space which adjoins and extends along a #front lot line#, is at the same elevation as the adjoining sidewalk, is open for its entire length to the sidewalk except for columns and is accessible to the public at all times. An arcade shall be provided on the #wide street# frontage of a #zoning lot# of a new #development# or #enlargement# where the #zoning lot# lies directly adjacent to an existing arcade on a #wide street#, except where an existing #building# without an arcade extends along a portion of the #wide street front lot line# of the #zoning lot# containing the new #development# or #enlargement#.

An arcade shall meet the following requirements:

(1)Dimensions

An arcade with columns shall have a minimum clear width of 10 feet exclusive of all columns and a maximum width of 15 feet inclusive of columns. No column width shall be greater than 5 feet. Columns shall be spaced along the #street# with a minimum clear width between columns of 15 feet. An arcade shall have a clear height of not less than 12 feet.

(i)On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade without columns is permitted only if:

(a)it has a continuous unobstructed minimum length of 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, the full length of the new #building# frontage, whichever is greater; and

(b)the entire #front lot line# shall be unobstructed for the same depth of the arcade, except for that portion of the #front lot line# occupied by an existing #building#.

(ii)On an #interior lot# or on a #through lot# fronting on a #narrow street#, an arcade with columns is permitted only if it connects directly to an existing arcade on an adjacent lot matching it in width and alignment and has a continuous, unobstructed minimum length beyond the existing adjacent arcade of at least 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, for the full length of the new #building# frontage, whichever is greater.

(iiiOn the #narrow street# frontage of a #corner lot#, an arcade is permitted only if it extends for the full length of the #street# frontage, with the exception of a driveway for a required loading berth located at the #side lot line# of the #zoning lot#, or if the arcade provides unobstructed pedestrian flow along such entire frontage in combination with one or more of the following other spaces with which it connects at one or both ends: an intersecting #street#, an intersecting sidewalk widening, a corner arcade, a #plaza#, an #urban plaza#, a through #block# connection, a through #block# galleria, a relocated or renovated subway entrance, or an off-street rail mass transit access improvement.

(iv)On a #wide street#, an arcade is permitted only if:

(a)the arcade extends along the full length of the #street line# between intersecting #streets#; or

(b)in the case of a #building# that occupies less than the entire #street# frontage between intersecting #streets#, on a full #block# front #zoning lot#, unobstructed pedestrian flow along the entire frontage is provided on the #zoning lot# by the arcade in combination with one or more of the following #open spaces# with which the arcade connects at one or both ends: an intersecting sidewalk widening, a corner circulation space, a #plaza# or an #urban plaza#; or

(c)in the case of a #building# whose #zoning lot# occupies less than the entire #street# frontage between intersecting #streets#, the arcade connects with an existing arcade of matching width and alignment as required in this paragraph (iv)(c), a #plaza# or an #urban plaza# on an adjacent #zoning lot#, so that unobstructed pedestrian flow along the entire #block# front is provided by the arcade in combination with such existing spaces.

(2)Full #block# front arcade

When a #zoning lot# occupies a full #block# front, both ends of the arcade on that #street# frontage shall be open and accessible directly from the sidewalk of the intersecting #street# or any other qualifying pedestrian circulation space.

(3)Permitted obstructions

Except for building columns, an arcade shall be completely free from obstructions of any kind.

(4)Specific prohibitions

No vehicular driveways, except as permitted under paragraph (c)(1), parking spaces, passenger drop-offs, loading berths or trash storage facilities are permitted within an arcade, nor shall such facilities be permitted immediately adjacent to an arcade.

(5)In the Theater Subdistrict, where a new #building# or #enlarged# portion of an existing #building# provides an arcade, no obstructions, including columns, are permitted within such arcade, and the height and width of such arcade shall be limited to a maximum of 20 feet and 10 feet respectively.
(6)All existing and new arcades shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

(d)Corner arcade

A corner arcade is a small covered space adjoining the intersection of two #streets# at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times. A corner arcade shall meet the following requirements:

(1)Dimensions

A corner arcade shall have the same minimum dimensions as a corner circulation space and in addition shall have a height of not less than 12 feet and shall provide a clear path at least 12 feet wide from one #street line# to another #street line#.

(2)Permitted obstructions

Except for building columns a corner arcade shall be free of obstructions of any kind.

(3)Specific prohibitions

Same as for an arcade.

(4)Permitted overlap

A corner arcade may overlap with an arcade; however, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

(e)Building entrance recess area

A building entrance recess area is a space which adjoins and is open to a sidewalk or sidewalk widening for its entire length and provides unobstructed access to the building's lobby entrance or to a ground floor #use# entrance. A building entrance recess area shall meet the following requirements:

(1)Dimensions

A building entrance recess area shall have a minimum length of 15 feet and a maximum length of 50 feet measured parallel to the #street line# at a building's lobby entrance and a maximum length of 30 feet parallel to the #street line# at a ground floor #use# entrance. It shall have a maximum depth of 15 feet measured from the #street line#, and shall have a minimum depth of 10 feet measured from the #street line#.

(2)Obstructions

Any portion of a building entrance recess area under an overhanging portion of the #building# shall have a minimum clear height of 15 feet. It shall be free of obstructions except for building columns, between any two of which there shall be a clear space of at least 15 feet measured parallel to the #street line#. Between a building column and a wall of the #building#, there shall be a clear path at least 5 feet in width.

(3)Permitted overlap

A building entrance recess area may overlap with a sidewalk widening, an arcade, a corner arcade, or a corner circulation space and may adjoin or overlap and connect directly without obstruction to another building entrance recess area except that, on any one #street# frontage, each lobby or ground floor #use# shall connect to only one building entrance recess area.

(f) Through #block# connection

The design standards for a through #block# connection are set forth in Section 81-46 (Through Block Connection).

(g)Off-street relocation or renovation of a subway stair

The design standards for a relocated or renovated subway stair are set forth in Section 81-47 (Off-Street Relocation or Renovation of a Subway Stair).

(h)Off-street improvement of access to rail mass transit Facility

The design standards for an off-street rail mass transit access improvement are set forth in Section 81-49 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Theater waiting space shall be an unobstructed area providing outdoor waiting space for a theater audience, located immediately adjacent to the sidewalk and to a theater listed in Section 81-742 (Listed Theaters) or a new theater designed and intended to show live theatrical performances. Theater waiting space may be located on the same #zoning lot# occupied by a theater or a #zoning lot# immediately adjacent to a theater, and shall meet the following requirements:

(a)such space shall adjoin and open onto a sidewalk or sidewalk widening for its entire length and shall have a minimum length of 30 feet measured parallel to the #street line# and a minimum clear depth of 10 feet measured perpendicular to the #street line# exclusive of any columns. Its level shall be entirely the same as that of the adjoining sidewalk. When located under an overhanging portion of a #building or other structure#, it shall have a minimum clear height of 15 feet and be free of any obstructions except for #building# columns;

(b)such space shall provide direct access to a #building's# entrance or the theater's lobby. Where the theater and the theater waiting space are on separate #zoning lots#, a plaque shall be provided within the theater waiting space adjacent to the theater stating that the space is available as a waiting area for the theater audience. Such plaque shall be placed between four feet and six feet above #curb level#, and shall be visible from the sidewalk;

(c)such space shall not adjoin a driveway or an off-#street# loading berth;

(d)the entire theater waiting space shall be illuminated with a minimum level of not less than eight horizontal foot-candles (lumens per foot), and

The theater waiting space may overlap with a sidewalk widening, an arcade, a corner arcade, a corner circulation space, or a building entrance recess area. However, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

81-452
Bonused amenities qualifying as pedestrian circulation spaces

A portion of the following amenities, for which bonuses are granted pursuant to this Chapter, may be counted toward the minimum pedestrian circulation space requirements:

(a)Through #block# galleria (see Section 81-748), up to a maximum of 3,000 square feet.
(b)Through #block urban plaza# (see Section 81-23), up to a maximum of 3,000 square feet.

(c)#Urban plaza# (see Section 81-23)

(1)For an #urban plaza# that faces a #street# intersection or provides access to a major #building# entrance: 30 percent of the #urban plaza's# area.

(2)For other #urban plazas#: the first 10 feet of depth from the #street line#, provided that it conforms to the design standards of a sidewalk widening.

(d)Subway station improvement (see Section 81-53), up to a maximum of 3,000 square feet.

81-453
Exemptions from the pedestrian circulation space requirements

Under any of the following conditions a #development# or #enlargement# shall not be required to provide pedestrian circulation space:

(a)the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b)the #zoning lot# is an #interior lot# fronting on a #wide street# with frontage length less than 80 feet;

(c)the #zoning lot# is an #interior# or #through lot# fronting only on a #street# or #streets# where no arcade, sidewalk widening or #urban plaza# is permitted, such as Fifth Avenue, 42nd Street, 34th Street and 57th Street or any #street# within the Preservation Subdistrict;

(d)the #zoning lot# is an #interior lot# fronting on either Fifth Avenue, 42nd Street, 34th Street or 57th Street, with another interior frontage of lesser length on any other #street#; or

(e)the #zoning lot# is a #through lot# with both frontages less than 25 feet in length.

81-454
Modification of design standards of pedestrian circulation spaces within existing buildings

The City Planning Commission may authorize a modification of the minimum amount of pedestrian circulation space to be provided on #wide street# frontages as required in Section 81-45 (Provision of Pedestrian Circulation Space) and design standards, as indicated, for the required pedestrian circulation spaces listed below, to be provided within or under an existing #building# to remain on a #zoning lot#.

(a)Arcade: minimum width, minimum height, obstructions, minimum clear width between obstructions, minimum length, column sizes.

(b)Corner circulation space or corner arcade: minimum depth, minimum width of clear path, minimum height, obstructions.

(c)Entrance recess area: minimum length, minimum depth from #street line#, minimum height, obstructions, clear space between obstructions and clear space between obstructions and building wall.

(d)Through #block# connection: minimum width of unobstructed path minimum height, #curb level# relationship.

The Commission may authorize a modification of the above design standards when the following conditions are met:

(1)a modification is needed because of the inherent constraints of the existing #building#;

(2)the modification is limited to the minimum needed because of the inherent constraints of the existing #building#; and

(3)the pedestrian circulation space being modified shall be equal in area, and substantially equivalent to the required space

in quality, effectiveness and suitability for public use.

81-46
Through Block Connection

A through #block# connection between two parallel or nearly parallel east-west #streets# may be provided for a #development# or #enlargement# on any #through lot# or #through lot# portion of a #corner lot# and may count toward the pedestrian circulation space requirements of Section 81-45 (Provision of Pedestrian Circulation Space) provided that it shall be located at least 150 feet from a north-south #street# and shall meet the standards set forth below in Section 81-461 (Locational standards) and in Section 81-462 (Design standards for a through block connection).

81-461
Locational standards

(a)A through #block# connection shall count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space) only if it is located not less than 150 feet from a north-south #wide street#.

(b)To count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space), a qualifying through #block# connection shall meet the following additional locational requirements:

(1)Where the #zoning lot# or a portion thereof is directly across a #street# from and opposite to an existing through #block# connection on an adjacent #block# to the north or south and the existing connection is at least 150 feet from a north-south #wide street#, the alignment of the new through #block# connection shall overlap with that of the existing connection. Such existing connection may also be a through #block# galleria, through #block urban plaza# or any through #block# circulation area with a minimum width of 12 feet, which is located within a #building#.

(2)Where there are already two through #block# connections located on the same #block#, a new through #block# connection shall not count as pedestrian circulation space meeting the requirements of Section 81-45 (Provision of Pedestrian Circulation Space).

(3)Notwithstanding the provisions of paragraphs (1) and (2) of this Section, no through #block# connection shall be permitted on any portion of a #zoning lot# occupied by a landmark or interior landmark so designated by the Landmarks Preservation Commission or occupied by a #building# whose designation as a landmark or interior landmark has been calendared for public hearing and is pending before the Landmarks Preservation Commission.

81-462
Design standards for a through block connection

A through #block# connection is a paved open or enclosed space providing unobstructed access to the #building's# main lobby and connecting, in a straight continuous unobstructed path, two parallel or nearly parallel #streets#. A through #block# connection shall meet the following requirements:

(a)A through #block# connection shall provide a straight continuous unobstructed path at least 15 feet wide. If covered, the clear unobstructed height of a through #block# connection shall not be less than 15 feet.

(b)At no point shall the level of a through #block# connection be more than five feet above or below #curb level#. In all cases, the through #block# connection must provide through its entire length a clear path accessible to the handicapped.

(c)A through #block# connection may be located inside or outside of a #building#. The area of a through #block# connection located within a #building# shall be counted as #floor area#.

(d)A through #block# connection located partially or wholly within a #building# shall adjoin and connect directly to the #building's# main lobby via unobstructed openings with an aggregate width exceeding that of any other entrances to the lobby.

(e)A through #block# connection located wholly or partially outside a #building# shall provide unobstructed access directly to the #building's# main lobby through the major entrance. For the purposes of this Section, the major entrance shall be that entrance to the main lobby which has the greatest aggregate width of clear openings for access.

(f)Any portion of a through #block# connection located outside a #building# shall be illuminated throughout with a minimum level of illumination of not less than five horizontal foot candles (lumens per candle). Such illumination shall be maintained throughout the hours of darkness.

(g)A through #block# connection shall at a minimum be accessible to the public from 8:00 a.m. to 7:00 p.m. on the days the #building# or #development# is open for business and shall have posted in prominent, visible locations at its entrances signs meeting the standards set forth in paragraph (h) of this Section.

(h)A through #block# connection shall provide the following information for public access at each public entry to the through #block# connection:

(1)For an unenclosed through #block# connection, the public access information shall be an entry plaque located at the entrance to the through #block# connection at each #street# frontage. The entry plaque shall contain:

(i)a public space symbol which is at least 14 inches square in dimension; has a white background; has a grid of four straight lines no greater than one-eighth inch wide and green in color; and has a tree shaped symbol as shown:

(Tree Symbol)

(ii)lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and

(iiian international Symbol of Access for the physically handicapped at least three inches square.

The entry plaque shall be mounted with its center five feet above the elevation of the nearest walkable pavement on a wall or a permanent free standing post. It shall be placed so that the entire entry plaque is obvious and directly visible without any obstruction, along every line of sight from all paths of pedestrian access to the through #block# connection, in a position that clearly identifies the entry to the connection.

(2)For an enclosed through #block# connection or a portion thereof:

(i)a public space symbol as described in paragraph (h)(1)(i) of this Section, not less than six inches square, shall be mounted with its center five feet above the elevation of the nearest walkable pavement;

(ii)lettering stating "PUBLIC ACCESS TO STREET," indicating the opposite #street# to which the through #block# connection passes. This lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol and

(iii lettering not more than two inches or less than one and a half inches in height stating "OPEN TO PUBLIC" with the hours and days of operation of the through #block# connection. This lettering shall be located not more than three inches from the public space symbol.

The above required information shall be permanently affixed on the glass panel of the entry doors of the through #block# connection clearly facing the direction of pedestrian flow; the information shall be located not higher than six feet or lower than three feet above the level of the pedestrian path at the entry, and shall be in a format and color which will ensure legibility.

81-4781-46
Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# which fronts on a sidewalk containing a stairway entrance or entrances into a subway and such #zoning lot# contains 5,000 square feet or more of #lot area#, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Sections 81-471 (Standards for location and design) and 81-473 (Administrative procedure for subway stair relocation or renovation).

Where a #development# or #enlargement# is constructed on a #zoning lot# containing an existing stairway entrance or entrances into a subway and such entrance or entrances are renovated or reconstructed in accordance with the provisions of Sections 81-471 and 81-473, such entrance or entrances may count as pedestrian circulation space as set forth in Section 81-472 (Relocated or renovated subway stair as pedestrian circulation space).

81-471
Standards for location and design

(a) Loeation

The relocated or renovated entrance shall be immediately adjacent to, and accessible without any obstruction from a public sidewalk or at least one of the following public spaces, which shall have a minimum horizontal dimension equal to the width of the relocated stairs:

sidewalk widening (Section 81-45)
corner circulation space (Section 81-45)
arcade (Section 81-45)
corner arcade(Section 81-45)
building entrance recess area(Section 81-45)
#urban plaza# (Section 81-23)
The relocated or renovated entrance may be provided within a #building# but shall not be enclosed by any doors. The area occupied by a relocated or renovated entrance within a #building# shall not be counted toward the #floor area# of the #development# or #enlargement#.

(b) Design standards

The following standards are taken from the current New York City Transit Authority's station planning guidelines.

The relocated or renovated entrance shall have a stair width of at least eight feet for each run.

No stairway shall have more than 14 risers without a landing, and each landing shall have a minimum width equal to the width of the stairs, and a minimum length of 5 feet.

Throughout the entire stairway entrance, including passageways, the minimum clear, unobstructed height shall be at least 7 feet 6 inches from finished floor to finished ceiling, including all lighting fixtures and #signs#.

The relocated or renovated stairway entrance shall meet Transit Authority standards and requirements for all of the following: riser and tread relationships, handrails, passageways, ramps, lighting, finish material, ventilation, information signage, and (where provided) weather protection.

In addition and for a relocated entrance only, the relocated entrance shall have a queuing space at the top and bottom of the stairs at least 8 feet wide and 15 feet long. Such queuing space may overlap with a sidewalk widening, or an arcade, or an #urban plaza#.

Where two or more existing stairway entrances are being relocated and/or renovated as part of the same #development#, the new entrance or entrances shall have total stair widths whose sum is equal to or greater than the sum of the stair widths of those existing stairway entrances. The entire entrance area, including passageways, shall be free of obstructions of any kind, except for projecting information signage.

The relocated or renovated entrance may be located within an #urban plaza#, provided that the minimum width of the stairs is 10 feet and the queuing area required for a relocated entrance is unobstructed and contiguous to a sidewalk or a sidewalk widening. A relocated or renovated entrance within an #urban plaza# is a permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for an #urban plaza#.

The relocated or renovated entrance shall connect to an existing or proposed subway passageway or shall connect, via an underground passageway, to a mezzanine area of the subway station.

The below-grade portion of a relocated or renovated entrance may be constructed within the #street#.

These standards may be modified or waived by the City Planning Commission upon a finding that their enforcement would not contribute to good site planning.

(c) Hours of public accessibility

The relocated or renovated entrance shall be accessible to the public during the hours when the connected mezzanine area is open to the public or as otherwise approved by the Transit Authority.

81-472
Relocated or renovated subway stair as a pedestrian circulation space

One and a half times the area, measured at #street# level, of either of the following types of subway stair entrances may count toward meeting the pedestrian circulation space requirements of Section 81-45 (Provision of Pedestrian Circulation Space):

(a)a new relocated subway entrance; or

(b)an existing subway stair entrance which is contained within the #zoning lot# and has been renovated or reconstructed so that it meets all of the requirements and standards set forth in Sections 81-471 (Standards for location and design) and 81-473 (Administrative procedure for subway stair relocation or renovation).

81-473
Administrative procedure for subway stair relocation or renovation

(a)Except as otherwise provided in paragraph (b) of this Section, no plan shall be approved by the Department of Buildings and no excavation permit or building permit shall be issued for any #development# or #enlargement# which is subject to the requirements for the relocation of a subway stair entrance or counts a renovated or reconstructed subway stair as pedestrian circulation space, unless:

(1)for a relocated entrance, such plan includes a stair relocation plan and related documents which bind the developer to:

(i)construct the new stair entrance in accordance with such plan;

(ii)demolish above ground elements of the existing entrance;

(iii seal the existing entrance at the sidewalk level; and

(iv)maintain the work performed on the stair.

For a renovated or reconstructed entrance, such plan includes a renovation or reconstruction plan and related documents which bind the developer to:

(i)renovate or reconstruct the entrance in accordance with such plan; and

(ii)maintain the work performed on the entrance.

(2)Such plan and related documents bear the Transit Authority's approval.

(3)Such plan is accompanied by a certified copy of an agreement, as recorded, between the Transit Authority and the owner for an easement on the #zoning lot# for subway related use of the new stair entrance and for public access via such entrance to the subway station, which agreement has been recorded against the #zoning lot# in the Office of the Register of the City of New York (County of New York) and is accompanied by the Register's receipt of recordation.

(b)For a relocated entrance only, in the event that major construction problems render the stair relocation infeasible or that operating design considerations make it undesirable, the Transit Authority and the City Planning Commission by joint certification may release the developer from the requirement. In such event, the stair relocation requirement shall be satisfied by retention of the existing stair and provision on the #zoning lot# of a pedestrian circulation space qualifying under the provisions of Section 81-45 (Provisions of Pedestrian Circulation Space) and which accommodates pedestrian traffic passing the existing stair entrance. Such space shall have a width equal to at least one and one half times the width of the existing stair entrance and shall extend along the full length of the stair entrance.

(c)No certificate of occupancy shall be issued for any #development# or #enlargement# subject to the subway stair relocation requirement or counting a renovated or reconstructed subway stair as pedestrian circulation space unless and until all of the work required under paragraph (a)(1) of this Section has been completed and the Transit Authority has so certified in writing to the Department of Buildings.

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

81-51
General Provisions and Procedures

Except in the Preservation Subdistrict and except for #zoning lots# wholly contained within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission, by special permit after public notice and hearing and subject to Board of Estimate action, may grant special permits authorizing, for non-#residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of Section 81-53 (Subway Station Improvements). However, in the Theater Subdistrict, no special permit shall be issued pursuant to the provisions of Section 81-53 without prior certification by the City Planning Commission that either:

(a)there is not available to the applicant any feasible alternative involving the preservation or rehabilitation of an existing theater for which bonus #floor area# may be authorized by special permit or certification; or

(b)the amenity for which the special permit is requested, because of its importance to the surrounding area, has priority over any feasible alternative involving the preservation or rehabilitation of an existing theater.

The total additional #floor area# permitted on the #zoning lot# by such special permit shall in no event exceed the amount permitted in the underlying district by the provisions of Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings).

Within the #Special Midtown District#, certain special permit provisions of Article VII, Chapters 3,4, 8 and 9 are inapplicable or subject to modification, as set forth in Section 81-60 (APPLICABILITY OF ARTICLE VII PROVISIONS).

Failure to comply with the conditions or restrictions of the bonused amenity shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

81-53
Subway Station Improvements

The City Planning Commission by special permit after public notice and hearing and subject to Board of Estimate action, may grant #floor area# bonuses and waive or modify #street wall# continuity provisions for #developments# or #enlargements# which provide major improvements for adjacent subway stations in accordance with the provisions of this Section. The subway stations where such improvements may be constructed are listed in Section 81-531 (Midtown subway stations) and located as shown on Map 3 (Subway Station Improvement Areas) in Appendix A. The #zoning lot# for the #development# or #enlargement# on which such a #floor area# bonus is requested shall be adjacent to the subway station for which the improvement is proposed.

In order for the #zoning lot# of the #development# or #enlargement# to qualify as "adjacent," upon completion of the improvement it must physically adjoin a station mezzanine, platform, concourse or connecting passageway.

Selection of improvements

The selection of improvements shall be on a case-by-case basis and shall be subject to the approval of the Metropolitan Transportation Authority, the New York City Transit Authority, and the City Planning Commission.

81-533
Compliance with Transit Authority design standards

The subway station improvement shall comply with all applicable design standards of the current station planning guidelines of the Transit Authority.

81-534
Procedure

(a)Pre-application

The applicant shall submit schematic or concept plans for the proposed improvement to the MTA, Transit Authority and the Commission.

(b) Application - Pre-certification

After review and agreement on concept by the Metropolitan Transit Authority (MTA), the New York City Transit Authority and the New York City planning Commission, the applicant shall submit documentation deemed necessary by the reviewing agencies. Prior to certification by the Commission, the Transit Authority and the MTA shall each provide a letter to the Commission containing a conceptual approval of the improvement and a statement of any special considerations regarding the Transit Authority's future operation of the improvement.

(c)The special permit application to the Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the City from the proposed improvement and determining the appropriate amount of bonus #floor area# and, where applicable, assessing the advantages and disadvantages of waiving or modifying the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity along Designated Streets).

(d)Uniform Land Use Review Procedure - Certification

The Commission shall not certify an application under the Uniform Land Use Review Procedure (ULURP) until the requisite letters from the Transit Authority and the MTA have been received and are incorporated in the application. Such letters may be subject to subsequent execution of a final agreement with the developer.

(e)Prior to the granting of a special permit the Transit Authority shall have submitted a letter to the Commission:

(l)stating that the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and such other conditions as may be appropriate; and

(2)confirming that the construction of the subway improvement in accordance with such submission is feasible.

The applicant shall sign a legally enforceable instrument running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain the improvement, establish a construction schedule and provide a performance bond for completion of the improvement.

(f)Any instrument creating a transit easement on the #zoning lot# shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for New York County and a certified copy of the instrument shall be submitted to the Commission and the Transit Authority. The applicant shall not apply for nor accept a temporary certificate of occupancy for the bonus #floor area#, and the Department of Buildings shall not issue such a temporary certificate of occupancy, until the Transit Authority has determined that the bonused subway improvement is substantially complete which shall, for this purpose, mean usable by the public.

(g)The applicant shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue such permanent certificate of occupancy until the bonused subway improvement has been completed in accordance with the approved plans and such completion has been certified by the Transit Authority.

81-535
Floor area bonus

(a)The amount of the #floor area# bonus shall be at the discretion of the City Planning Commission and may range from no bonus #floor area# to the maximum amount allowable by special permit, as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings). In determining the precise amount of #floor area# bonus, the Commission shall make findings on the following:

(1)the degree to which the station's general accessibility and security will be improved by the provision of new connections, additions to or reconfigurations of circulation space, including provision of escalators or elevators; and

(2)significant improvements to the station's environment by provision for direct daylight access, or improvements to noise control, air quality, lighting or rider orientation and satisfactory integration of the #street# level entryway into the #development# or #enlargement#.

(b)No bonus #floor area# shall be granted for any #development# or #enlargement# located on a #zoning lot# wholly contained within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions).

(c)For a #development# or #enlargement# located on a #zoning lot# divided by a boundary of the Theater Subdistrict Core, as defined in Section 81-71, the amount of bonus #floor area# granted shall be subject to the provisions of paragraph (a) of this Section, but shall not exceed the amount of #floor area# derived from applying the maximum bonus #floor area# allowance as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) over the sum of:

(l)the area of the #zoning lot# which is outside of the Theater Subdistrict Core; and

(2)an area of the #zoning lot# within the Theater Subdistrict Core, not exceeding the area in paragraph (c)(l) of this Section.

If the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion of the #zoning lot# within the Core and the portion outside of the Core, such bonus #floor area# must be utilized on the #zoning lot# in accordance with the provisions of paragraph (b) of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

81-536
Waiver or modification of street wall continuity provisions

As a condition for waiving or modifying the #street wall# continuity provisions of Section 81-43 (Street Wall Continuity along Designated Streets), the Commission shall find that the waiver or modifications will permit the proposed design to provide for access of daylight and air to the subway platform, mezzanine or concourse and that the advantages of such access outweigh the disadvantages incurred by the interruption of #street wall# continuity and retail continuity.

The Commission in granting such waiver or modification shall specify the depth of the setback permitted and the amount by which the required length of #street wall# subject to setback restrictions is reduced.

81-51
General Provisions and Procedures

SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

81-71
General Provisions

The regulations of Sections 81-72 to 81-75, inclusive, relating to Special Regulations for the Theater Subdistrict are applicable only in the Theater Subdistrict, *and in* **of which** the Theater Subdistrict Core **and the Eighth Avenue Corridor are parts.** *The Theater Subdistrict extends from 40th Street to 57th Street and from Avenue of the Americas to Eighth Avenue.* **The Theater Subdistrict Core extends from 43rd Street to 50th Street and from a line 200 feet west of Avenue of the Americas to a line 100 feet east of Eighth Avenue.**

The Theater Subdistrict is bounded by West 57th Street, Avenue of the Americas, West 40th Street, Eighth Avenue, West 42nd Street, a line 150 feet west of Eighth Avenue, West 56th Street, and Eighth Avenue.

The Theater Subdistrict Core is bounded by West 50th Street, a line 200 feet west of Avenue of the Americas, West 43rd Street and a line 100 east of Eighth Avenue.

The Eighth Avenue Corridor is bounded by West 56th Street, a line 100 feet east of Eighth Avenue, West 43rd Street, Eighth Avenue, West 42nd Street, and a line 150 feet west of Eighth Avenue.

The west side of Eighth Avenue between 42nd and 56th Street is also subject to the provisions of the Special Clinton District to the extent set forth in Article IX, Chapter 6 subject to Section 81-023 (Applicability of Special Clinton District Regulations).

Their **These** boundaries are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A.The regulations of Sections 81-72 to 81-75, inclusive, supplement or modify the regulations of this Chapter applying generally to the #Special Midtown District# of which the Subdistrict, *and the Core are* **is a** parts.

In order to preserve and protect the character of the Theater Subdistrict as a cultural, theatrical and entertainment showcase as well as to help insure a secure basis for the useful cluster of shops, restaurants and related amusement activities, special incentives and controls are provided for the preservation and rehabilitation of existing theaters, **and the creation of new legitimate theaters,** and special restrictions are placed on ground floor #uses# within the Subdistrict.In order to preserve and protect the special scale and character of the Theater Subdistrict Core, which includes Times Square, special #building street wall# height and setback controls and requirements for the inclusion of #illuminated signs# and entertainment and entertainment-related #uses# apply within the Subdistrict Core. **In order to ensure the orderly growth and development of the Eighth Avenue Corridor and its transition to the scale and character of adjoining midblocks, special building street wall, height and setback controls apply within the Corridor. In order to preserve and maintain the character of the western edge of the Theater Subdistrict as both an integral part of the Theater Subdistrict and as a transition to the Clinton neighborhood, the west side of Eighth Avenue between 42nd and 56th streets is also subject to the provisions of the Special Clinton District.**

The Mayor of the City of New York shall appoint a Theater Advisory Council (the Council) and name a chairperson. Other members of the Council shall include representatives of the performing arts, the theatrical industry and related professions.The Council shall advise the City Planning Commission concerning applications for special permits or certifications pursuant to Section 81-74.

The City of New York acting through the Mayor shall designate a Theater Subdistrict Council ("Council") comprised of representatives of the performing arts, the theatrical industry and related professions, and which may include government representatives and representatives of Business Improvement Districts and economic development projects active within the Theater Subdistrict.The Council shall be a not-for-profit organization whose organizational purpose shall be limited solely to promoting theater and theater-related use and preservation within the Theater Subdistrict and promoting the welfare of the Theater Subdistrict generally.The Council shall advise the Chairperson or the City Planning Commission concerning applications for any special permit or certification pursuant to the special regulations for the Theater Subdistrict and shall be the holder and administrator of the funds received in connection with transfers of development rights from listed theaters pursuant to Section 81-744 (Transfer of development rights from listed theaters) in accordance with the provisions for the Theater Subdistrict Fund set forth in paragraph (h) of Section 81-741 (General Provisions).

Applications shall be referred by the Commission to the Council for an advisory report prior to certification for ULURP (Uniform Land Use Review Procedure) review.Such advisory report shall assist the **Commission in evaluating each special permit application and in making each of the required findings therein concerning demolition pursuant to Section 81-742 or the #floor area# bonus pursuant to Sections 81-744 or 81-745.In all special permits or certifications involving the preservation or rehabilitation of existing theaters, the Council shall advise the Commission on the adequacy of the assurances required by Section 81-743 for continuance of legitimate theater #use#.**

81-72
Use Regulations Modified

Within that portion of the Theater Subdistrict bounded by West 40th Street, **a line 100 feet east of** Eighth Avenue, West 51st Street and **a line 200 feet west of** Avenue of the Americas, #uses# which are created by #development#, or which are #enlarged# or #extended#, shall be subject to the provisions of this Section.

* * *

81-723

81-724

Requirements for entertainment-related uses

With the exception of a #development# or #enlargement# in which more than 50 percent of the new #floor area# is allocated to #transient hotel use#, a #development# or #enlargement# on a #zoning lot# with more than 50 percent of its #zoning lot# area located within the Theater Subdistrict Core shall meet the following requirements:
(a)If the new #floor area# of the #development# or #enlargement# **generated by that portion of the #zoning lot# located within the Theater Subdistrict Core** exceeds 60,000 square feet, an amount of floor space on the #zoning lot# equal to five percent of the amount by which the new #floor area# **generated by that portion of the #zoning lot# located within the Theater Subdistrict Core** exceeds 50,000 square feet shall be allocated to #uses# listed in Section 81-725 (Entertainment-related uses) or #front lot line# ground level #uses# designated thus (***) in Section 81-722 (Use Group T) as satisfying the requirements of this Section.

Except as provided below, the amount of floor space specified shall be located on the same #zoning lot# as the #development# or #enlargement# for which that floor space is provided to meet the requirements of this Section.

(b) Alternatively, *by authorization of the City Planning Commission,* a maximum of 75 percent of the amount of floor space specified *above* **in paragraph (a) of this Section** may be located on a separate #zoning lot#, with the remainder located on the same #zoning lot# as the #development# or #enlargement#, **by authorization of the City Planning Commission** provided, upon examination of proposed plans, the Commission finds that:

(1)either **of the following conditions exist**:

(i)more than 50 percent of the area of the separate #zoning lot# is located within the Theater Subdistrict Core; or

(ii)the *portion of* floor space located on the separate #zoning lot# is allocated in its entirety to studios; music, dancing or theatrical, as listed in Section 81-725 (Entertainment-related uses) and the separate #zoning lot# is located within the Theater Subdistrict;

(2)the *portion of* floor space located on the separate #zoning lot# is *provided separately from and* in addition to any floor space provided to meet the requirements of this Section for any other #development# or #enlargement#;

(3)the *portion of* floor space located on the separate #zoning lot# is constructed or renovated specifically for the purpose of meeting the requirements of this Section and has not been utilized for any of the #uses# listed in Section 81-725 (Entertainment-related uses) at any time during the *period of* two years **period** immediately prior to the date on which authorization described in this *paragraph (a)* **Section** is granted; and

(4)the #use# located on the separate #zoning lot# *maintains* **achieves** a reasonable distribution of entertainment-related #uses# and locations of such #uses#.

81-74
Special Incentives and Controls in the Theater Subdistrict

81-741
General provisions

(a)Special permits by the City Planning Commission

In the Theater Subdistrict, the City Planning Commission, after public notice and hearing and subject to Board of Estimate action, may grant special permits:

(1)authorizing #floor area# bonuses for rehabilitation of existing theaters in accordance with the provisions of Section 81-745;
(2)authorizing transfer of development rights from #zoning lots# occupied by theaters which are designated landmarks in accordance with the provisions of Section 81-747; and

(3)authorizing demolition of theaters where permissible under the provisions of Section 81-742.

(b)Certification by the Chairperson of the City Planning Commission

By certification of the Chairperson of the City Planning Commission:

(1)bonus #floor area# may be authorized for the retention of any eligible existing listed theater in accordance with the provisions of Section 81-744 (Floor area bonus for retention of certain existing listed theaters);

(2)the Special Provisions for Zoning Lots Divided by District Boundaries (Article VII, Chapter 7) may be modified in the case of a #zoning lot# partly occupied by a listed theater in accordance with the provisions of Section 81-746 (Modification of special provisions for zoning lots divided by district boundaries); or

(3)bonus #floor area# may be authorized for a through #block# galleria in accordance with the provisions of Section 81-748 (Floor area bonus for through block gallerias).

(a)Certification by the Chairperson of the City Planning Commission

In the Theater Subdistrict, the following actions are permitted upon certification by the Chairperson of the City Planning Commission:

(1)transfer of development rights from any eligible theater in accordance with the provisions of Section 81-744 (Transfer of development rights from listed theaters);

(2)modification of the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(b)Special Permit by the City Planning Commission

In the Theater Subdistrict, the City Planning Commission may allow, by special permit:

(1)demolition of a theater where permissible under the provisions of Section 81-742 (Listed theaters);

(2)transfer of development rights from any eligible theater in accordance with the provisions of Section 81-744 (Transfer of development rights from listed theaters);

(3)a #floor area# bonus for rehabilitation of an existing theater in accordance with the provisions of Section 81-745 (Floor area bonus for rehabilitation of existing theaters);

(4)transfer of development rights from a #zoning lots# *occupied by a theater which is a designated landmark in accordance with the provisions of Section 81-747 (Transfer of development rights from landmark theaters), and*

(5)additional #floor area# and modifications to the special #street wall# and setback regulations set forth in Section 81-751 (Special street wall and setback regulations within the Theater Subdistrict Core) in connection with legitimate theater use within a #development# or #enlargement#, in accordance with the provisions of Section 81-748 (Floor area for new legitimate theaters).

(c)Additional floor area bonuses

All #developments# located on the west side of Eighth Avenue between 42nd and 56th Streets within the Theater Subdistrict may receive an increase in #floor area# pursuant to Section 96-21 (Floor Area Increase) for those #developments# complying with the provisions of Section 23-90 (INCLUSIONARY HOUSING).

*(c)***(d)**Required assurances

All *such authorizations by* special permits or certifications *and* involving preservation of existing theaters shall be subject to the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use).

(d)(e) Limits on total additional #floor area#

Except as otherwise provided in Section 81-212 (Special provisions for transfer of development rights from landmark sites), the total additional #floor area# permitted on the #zoning lot# by such special permit or certification, together with all bonus #floor area# or #floor area# derived from transferred development rights under other provisions of this Chapter, shall in no event exceed the maximum amount permitted by **certification or** special permit as set forth in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings).

*(e)(f)*Limitations on non-theater related bonuses in C6-4, C6-5 or M1-6 Districts

For #zoning lots# or portions thereof in C6-4, C6-5 or M1-6 Districts, the total amount of #floor area# derived from non-theater related bonuses or other special #floor area# allowances pursuant to provisions of this Chapter other than those in Sections 81-744, 81-745, 81-746 or 81-747 *relating to the preservation of existing theaters* shall not exceed a #floor area ratio# of 2.0.

*(f)(g)*Theater-related bonus #floor area# for #residences# in C6-4 and C6-5 Districts

For #zoning lots# or portions thereof in C6-4 or C6-5 Districts, some or all of the bonus #floor area# or other special #floor area# allowances permitted pursuant to the provisions of Sections 81-744, 81-745, 81-746 or 81-747, relating to the preservation or rehabilitation of existing theaters, may be allocated to a #residential building# or the #residential# portion of a #mixed building#, provided that the total #residential floor area ratio# with such #floor area# allowances shall not exceed 12.0.

(h)Theater Subdistrict Fund

In furtherance of the purposes of this Section, the Theater Subdistrict Council shall establish a separate interest-bearing account (the "Theater Subdistrict Fund" or "Fund") for the deposit and administration of the revenues received by the Theater Subdistrict Council generated by the transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). Upon receipt of any revenue generated pursuant to such Section, the Theater Subdistrict Council shall notify the Comptroller and the Department of City Planning, and promptly deposit such revenues into the Theater Subdistrict Fund and shall expend such revenues and any interest accumulated thereon in the following manner:

(i) a portion of any such revenues shall be reserved, sufficient in the judgment of the Theater Subdistrict Council but in no event less than 20 percent of such revenues, to undertake the ongoing periodic inspection and maintenance report requirements pursuant of paragraph (c) of Section 81-743.

(ii)the remainder of such revenue shall be used for activities chosen by the Theater Subdistrict Council furthering the objectives and purposes of this Section, which activities may include judicial or administrative proceedings instituted by the Theater Subdistrict Council against any property owner or lessee to enforce the obligations of such owner or lessee pursuant to any restrictive declaration entered into in connection with a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). Notwithstanding the foregoing, funds shall not be used for the physical repair and preservation of theaters.

The Theater Subdistrict Council shall provide an annual report to the Department of City Planning indicating the amounts and dates of any deposits to the Theater Subdistrict Fund in the immediately preceding calendar year, the balance of the Theater Subdistrict Fund at the close of the calendar year, the amounts expended on activities within the Theater Subdistrict and the nature of those activities. The Theater Subdistrict Council shall maintain complete, accurate and detailed records, with supporting documentation, in respect to all deposits to and withdrawals from the Theater Subdistrict Fund, and shall make such records available to the City of New York and the Department of City Planning upon reasonable notice and during business hours for inspection and copying.

(g)Certification for subway station improvements

Within the Theater Subdistrict, any application for a special permit pursuant to the provisions of Section 81-53 (Subway Station Improvements) shall be subject to prior certification by the City Planning Commission in accordance with Section 81-51 (General Provisions).

81-742
Restrictions on demolition of theaters
Listed theaters

No demolition permit shall be issued by the Department of Buildings for any theater listed in this Section as a "listed theater," unless:

(a)it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8 of the New York City Administrative Code;

(b)it has been designated a landmark by the Landmarks Preservation Commission and a notice to proceed has been issued to the owner pursuant to Section 207-8.0 of Chapter 8A of the New York City Administrative Code permitting demolition that contemplates removal of the theater from theater #use#; or

(c)the City Planning Commission, by special permit after public notice and hearing and subject to Board of Estimate action permits its demolition upon making the following findings:

(1)that demolition of the theater structure will not unduly diminish the character of the Theater Subdistrict as a cultural, entertainment and theatrical showcase, taking into consideration any or all of the following list of factors:

(i)current physical characteristics of the theater that affect its suitability as a legitimate theater, including but not limited to seating capacity, configuration and location;

(ii)history of its #use# as a legitimate theater, presenting legitimate attractions to the general public;

(iii)likelihood of its future #use# for legitimate theater production under reasonable terms and conditions prevailing in the theater industry;

(iv)applicant's plans, if any, for replacement of the theater structure with a #development# containing replacement #uses# supportive of the character of the Theater Subdistrict; and

(2)that there exists a legal commitment binding upon all parties in interest of the #zoning lot# containing the theater that any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of the listed theater shall reserve floor space at least equivalent in amount to the total #floor area# of the theater devoted exclusively to #uses# described in Section 81-725 (Entertainment-related uses) and meeting the requirements of Section 81-724 (Requirements for entertainment-related uses) for the life of such #development# or #enlargement#. If the area of the #zoning lot# containing the theater is less than 20,000 square feet and the Commission finds that the allocation of floor space at least equivalent in amount to the total #floor area# of the theater to #uses# described in Section 81-725 (Entertainment-related uses) is impractical or unreasonable, the Commission may authorize a reduction in the amount of area allocated to such #uses#.

Any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of a listed theater must, however, meet the requirements of Section 81-724 (Requirements for entertainment-related uses), whether or not the #zoning lot# is located within the area described in that Section.

The theaters to which the provisions of this Section apply are predominantly free standing theaters with full stage and wings and are identified as listed theaters in Table A of this Section.

***Indicates theaters which do not qualify as a "granting site" pursuant to Section 81-744 (Transfer of development rights from listed theaters).**

In the case of an existing legitimate theater that received a #floor area# bonus pursuant to regulations in effect prior to May 13, 1982, no provisions of this amendment shall be construed as changing any previously existing responsibility of the owner or lessee of such theater for continuance of its #use# as a legitimate theater.

(b)Restrictions on demolition of listed theaters

No demolition permit shall be issued by the Department of Buildings for any theater listed in this Section as a "listed theater," unless:

(1)it is an unsafe #building# and demolition is required pursuant to the provisions of Section 26-127 of Title 26, Chapter 1 of the New York City Administrative Code;

(2)it has been designated a landmark by the Landmarks Preservation Commission and a notice to proceed has been issued to the owner pursuant to Section 25-309 of Title 25, Chapter 3 of the New York City Administrative Code permitting demolition that contemplates removal of the theater from theater #use#; or

(3)the City Planning Commission, by special permit, allows its demolition in accordance with the provisions of paragraph (c) of this Section.

(c)Special permit for demolition of listed theaters

The City Planning Commission may allow, by special permit, the demolition of a theater designated as a listed theater pursuant to this Section provided the Commission finds that the demolition of the theater structure will not unduly diminish the character of the Theater Subdistrict as a cultural, entertainment and theatrical showcase. In making this determination, the Commission may consider any or all of the following:

(1)the current physical characteristics of the theater that affect its suitability as a legitimate theater, including but not limited to seating capacity, configuration and location;

(2)the history of the theater's #use# as a legitimate theater, presenting legitimate attractions to the general public;

(3)the likelihood of its future #use# for legitimate theater production under reasonable terms and conditions prevailing in the theater industry; and/or

(4)that the applicant's plans, if any, for replacement of the theater structure with a #development# contain replacement #uses# supportive of the character of the Theater Subdistrict.

As a condition of the special permit, there shall exist a legal commitment binding upon all parties in interest of the #zoning lot# containing the theater that any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of the listed theater, that floor space at least equivalent in amount to the total #floor area# of the theater shall be reserved or devoted exclusively to #uses# described in Section 81-725 (Entertainment-related uses) and meeting the requirements of paragraphs (b) and (c) of Section 81-724 (Requirements for entertainment-related uses) for the life of such #development# or #enlargement#. Notwithstanding the foregoing, if the area of the #zoning lot# containing the theater is less than 20,000 square feet and the Commission finds that the allocation of floor space at least equivalent in amount to the total #floor area# of the theater to #uses# described in Section 81-725 (Entertainment-related uses) is impractical or unreasonable, the Commission may permit a reduction in the amount of area allocated to such #uses#.

Any #development# or #enlargement# on a #zoning lot# containing a portion or all of the former site of a listed theater must, however, meet the requirements of paragraphs (b) and (c) of Section 81-724 (Requirements for entertainment-related uses), whether or not the #zoning lot# is located within the area described in that Section.

81-743
Required assurances for continuance of legitimate theater use

(a)*As a condition for* **Prior to** the issuance of any special permit under the provisions of Section 81-745 (Floor area bonus for rehabilitation of existing listed theaters) or Section 81-747 (Transfer of development rights from landmark theaters), or the issuance of a certification under the provisions of Section 81-744 *(Floor area bonus for retention of certain existing listed theaters)* **(Transfer of development rights from listed theaters)** or Section 81-746 *(Modification of special provisions for zoning lots divided by district boundaries* **Additional provisions for zoning lots divided by district or subdistrict core boundaries)**, *there* **the following conditions** shall exist:

*(a)(1)*a signed lease from a prospective theater operator, or a written commitment from the owner of the theater if such owner is also the operator, *with credentials acceptable to the City Planning Commission,* for occupancy of the theater and its operation as a legitimate theater for a period of not less than five years;

(2)a licensed engineer's and/or architect's report certifying either that the theater is physically and operationally sound so as to permit its use as a legitimate theater or, if it is determined that the theater is not physically or operationally sound, a plan and program for the upgrade of the theater to put it in condition of physical and operational soundness. For the purposes of this subsection, physical and operational soundness shall include the structural integrity of the exterior and interior elements of the building to the extent that they relate to the theater; compliance with applicable electrical and fire safety codes, and compliance with applicable building code standards.The plan and program shall further provide that adequate resourcesbe available to ensure timely completion of the scope of work identified in the plan and program as necessary to ensure the physical and operational integrity of the theater.

In the event that the theater has been designated as a landmark or an interior landmark by the Landmarks Preservation Commission, physical and operational soundness shall include preserving the integrity of existing significant architectural features identified in the Landmarks Preservation Commission designation report. In such case, a licensed engineer and/or architect with knowledge of historic preservation and credentials acceptable to the Landmarks Preservation Commission shall prepare a report documenting the condition of such significant architectural features and, if determined to be necessary, a plan and program to preserve such significant features in a state of good physical repair and sound proper condition. Such plan and program shall provide that adequate resources be available to ensure timely completion of the scope of work identified in the plan and program. Any certification report regarding a landmark or interior landmark theater shall be submitted concurrently to the Landmarks Preservation Commission and the Chairperson of the City Planning Commission;

(c)a plan and program approved by the Commission for periodic inspection and continuing maintenance of the theater to ensure its continuing availability for theater #use#. Inspections shall be conducted by a certified engineer and/or architect, and a report of each such inspection given to Commission at least once every three years. The plan and program shall further provide that adequate financial resources will be available to ensure the timely completion of all maintenance and repairs which the periodic inspection report determines are necessary to protect the integrity and functioning of the theater; and

(3)a legal commitment providing for inspection and ongoing maintenance of the theater to ensure its continued availability for theater use. Such inspection shall be conducted every ten years by a licensed engineer and/or architect or by the Theater Subdistrict Council, and a report issued to the Chairperson of the City Planning Commission. Such report shall also be issued to the Theater Subdistrict Council unless the Theater Subdistrict Council has performed such inspection, and, in the event the theater has been designated a landmark or an interior landmark, such report shall also be issued to the Landmark Preservation Commission. Such reports shall describe the condition of the theater and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the theater and to maintain the condition of any landmark architectural features and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work;

(b)(4)a legal commitment *binding upon the owner and lessee of the theater* for continuance of its #use# as a legitimate theater for the life of the related #development#, **that may be modified only in accordance with paragraphs (b) or (c) of this Section.**

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner, lessee of the theater and their successors and assigns, a certified copy of which shall be submitted to the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the declaration and receipt of such certified copy shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site.

(b)The City Planning Commission may authorize a temporary change of #use# of such theater, for a period no longer than a year, to other uses that contain a theatrical component and are consistent with the objectives and purpose of the Theater Subdistrict subject to the following findings:

(1)the theater has not been used for legitimate theater purposes for more than 60 percent of the days over a minimum period of five years;

(2)the change of #use# shall not include structural changes or other physical changes that would preclude or negatively impact the continued availability of the theater for legitimate theater, after such temporary #use#; and

(3)the theater has complied with all written agreements and commitments set forth in this Section.

Upon application, the authorization may be renewed or extended for two additional one-year terms, for a maximum total of three years by the Chairperson of the City Planning Commission based on the determination that the facts have not substantially changed.

(c)The City Planning Commission, after a period of no less than 25 years from the latter of either the date of approval of a certification or special permit resulting in the legal commitment for continuing #use# of a theater as legitimate theater pursuant to this Section, or (the effective date of this amendment), by special permit may reduce or discontinue such theater's #use# as a legitimate theater subject to a finding that the proposed reduction or discontinuance would result in a change of #use# that will provide a public benefit consistent with the objectives and purpose of the Theater Subdistrict as set forth in Section 81-71 (General Provisions).

81-744
Floor area bonus for retention of certain existing listed theaters

The Chairperson of the City Planning Commission by certification may authorize bonus #floor area# for any #development# or #enlargement# where an agreement exists to retain and maintain for legitimate theater #use# one or more eligible listed theaters as set forth in Section 81-742 (Restrictions on demolition of theaters). The #development# or #enlargement# and each listed theater to be retained may be located on the same or a separate #zoning lot#.

(a)Amount of retention bonus

(1)If the #zoning lot# on which the #development# or #enlargement# is located is within the Theater Subdistrict but wholly outside of the Theater Subdistrict Core, all as defined in Section 81-71 (General Provisions), the amount of bonus #floor area# granted shall not exceed the amount of #floor area# derived from applying a #floor area ratio# of 1.0 over the total area of the #zoning lot#.

If the #zoning lot# on which the #development# or #enlargement# is located is divided by a boundary of the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the amount of bonus #floor area# granted shall not exceed the amount of #floor area# derived from applying a #floor area ratio# of 1.0 over the sum of:

(i)the area of the #zoning lot# which is outside of the Theater Subdistrict Core; and

(ii)an area of the #zoning lot# within the Theater Subdistrict Core, not exceeding the area in paragraph (i).

(2)Such bonus #floor area# may be obtained at a rate of up to 50,000 square feet for each theater which is retained as a condition of the granting of the bonus.

(3)If the #zoning lot# on which the #development# or #enlargement# is located exceeds 50,000 square feet in area, agreements may be entered into to retain and maintain more than one theater for legitimate theater #use# so as to obtain bonus #floor area# not exceeding the amount specified in paragraph (1) of this Section.
(b)Location of development or enlargement

The #development# or #enlargement# for which a theater retention bonus is granted shall be located within the Theater Subdistrict, whose boundaries are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A, but shall not be located on a #zoning lot# which is contained entirely within the Theater Subdistrict Core. If the #zoning lot# on which the #development# or #enlargement# is located is divided by a boundary of the Theater Subdistrict Core and if the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion of the #zoning lot# within the Core and the portion outside of the Core, bonus #floor area# must be utilized on the #zoning lot# in accordance with the provisions of paragraph (b) of Section 81-746 (Additional provisions for zoning lots divided by district or Subdistrict Core boundaries). Each listed theater which is retained as a condition of the granting of the bonus may be located on a #zoning lot# which is the same as or separate from the #zoning lot# containing the #development# or #enlargement#.

(c) Conditions for retention bonus

As a condition for the granting of bonus #floor area# under the provisions of this Section, the following requirements shall be satisfied:

(1)A written declaration to be recorded against both the #zoning lot# of each listed theater and the #zoning lot# of the #development# or #enlargement# shall exist meeting all of the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) that the listed theater will be retained and maintained for legitimate theater #use#. The certificates of occupancy for each listed theater and the #development# or #enlargement# for which bonus #floor area# is granted shall record and incorporate a copy of such agreement, and occupancy of the bonus #floor area# shall be conditioned upon continued compliance therewith.

(2)Bonus #floor area# under the provisions of this Section may only be granted for the retention of listed theaters indicated thus (*) in Table A of Section 81-742 (Restrictions on demolition of theaters); no bonus #floor area# shall be granted for retention of any listed theater already subject to an agreement pursuant to the conditions of Section 81-743 (Required assurances for continuance of legitimate theater use).

81-744
Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed" theater shall mean a theater designated as listed pursuant to Section 81-742 (Listed Theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed" theater and comprised of those block and lot

numbers specified for such theater pursuant to Table A of Section 81-742 (Listed Theaters), as such block and lots existed on (the effective date of this amendment). However, a "granting site" shall not include any #zoning lot# occupied by a "listed" theater located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the #granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed" theaters, that portion of the #zoning lot# occupied by the "listed" theater and comprised of the block and lot numbers specified for such theater pursuant to Table A of Section 81-742 (Listed Theaters) shall not be included in the "receiving site".
Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate bulk in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a)Transfer of development rights by certification

Within the Theater Subdistrict, the Chairperson of the City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site" provided that:

(1)the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such #granting site# as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the #granting site# and #floor area# attributed to the "granting site" that has been previously used or transferred;

(2)each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;

(3)the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such #receiving site# by more than 20 percent or, for a "receiving site" or any portion of a "receiving site" located within the Eighth Avenue Corridor, by more than 44 percent.

MDIB(4)**the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and**

(5)appropriate legal documents are executed ensuring that a contribution in an amount equal to ten dollars per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (h) of Section 81-741 (General Provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights.

The Chairperson of the City Planning Commission may adjust such amount no more than once every three years. Adjustments shall be based on the change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

The Chairperson shall not grant such certification prior to thirty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section 81-743(b), or the Council pursuant to Section 81-71 (General Provisions) have been so submitted.

(b)Transfer of development rights by special permit

The City Planning Commission may allow by special permit an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in accordance with paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within C6-7T, C5-3, C6-6 and C6-7 districts subject to the following conditions:

(i)no feasible transfer of development rights is possible from landmark theaters pursuant to Section 81-747 (Transfer of development rights from landmark theaters) or other landmarks pursuant to Section 74-79 (Transfer of development rights from landmark sites) to the "receiving site";

(ii)the maximum amount of such additional #floor area# transferred to that portion of a "receiving site" located within such districts shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such portion of a "receiving site" by more than 20 percent; and

(iii)notwithstanding the maximum amount of #floor area# allowed to be transferred pursuant to paragraph (ii) above, such transfer complies with the conditions and limitations set forth for the transfer of development rights by certification in paragraph (a) of this Section.

In order to grant a special permit the City Planning Commission shall find:

(1)that such additional #floor area# will not unduly increase the bulk of any new #development# or #enlargement# on the "receiving site", density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and

(2)that the distribution and location of such bulk will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

(c)Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to paragraph (a) of this Section or with the City Planning Commission for the transfer of development rights by special permit pursuant to paragraph (b) of this Section shall be made jointly by the owners of the "granting site" and "receiving site" and shall include:

(1)a site plan and #floor area# zoning calculations for the #granting site# and the #receiving site#, and, for special permit applications, any such other information as may be required by the City Planning Commission; and

(2)a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further #development# of the "granting site" and the "receiving site". The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site", a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the "receiving site".

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# transferred and shall specify by lot and block numbers the lots from which and the lots to which such transfer is made.

(3)demonstrations of compliance with the requirements of Section 81-743 and paragraph (a)(5) of Section 81-744, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the City Planning Commission of certified copies of same as required pursuant to Section 81-743.

A separate application shall be filed for each transfer of development rights to an independent "receiving site".

81-745
Floor area bonus for rehabilitation of existing listed theaters

The Commission by special permit may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a listed theater in Section 81-742 (Restrictions on demolition of theaters), in accordance with the provisions of this Section.

(a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of development

The #development# for which a theater rehabilitation bonus is granted shall be located on the same #zoning lot# as the listed theater.

(2)Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major interior structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater which has been designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3) Timing and commitment

(i)There shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;

(ii)the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied;

(iiia rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b)Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the City Planning Commission after consideration of the following findings by the Commission:

(1)how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater; and

(2)how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict.
Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the developments #zoning lot# by the regulations of the underlying district, except that in the case of a C6-4, C6-5, or M1-6 underlying District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying District.

The City Planning Commission may allow by special permit bonus #floor area# for substantial rehabilitation or restoration of any theater designated as listed theater pursuant to Section 81-742 (Listed Theaters), provided the following conditions are met:

(a)the #development# for which a theater rehabilitation bonus is granted is located on the same #zoning lot# as the listed theater;

(b)substantial rehabilitation will be performed, consisting of major interior structural changes for the purpose of improving the theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater designated as an interior landmark. Substantial rehabilitation may include, without limitation, such work as an expansion of stage wings, re-raking of the orchestra, an increase in the amount of rehearsal, dressing room or lobby space, historic restoration, or reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#, but shall not mean normal theater maintenance, painting or improvements to mechanical systems alone;

(c)the maximum amount of bonus #floor area# shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for the #zoning lot# by more than 20 percent, or, for #zoning lots# located in C6-4, C6-5, or M1-6 Districts, by more than 44 percent;

(d)there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;

(e)the provisions of Section 81-743 (Required Assurances for continuance of legitimate theater use) are met, and

(f)no rehabilitation bonus shall be granted for a substantial rehabilitation completed before May 13, 1982.

In order to grant the special permit, the Commission shall make the following findings:

(1)the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;

(2)the proposed rehabilitation will contribute towards satisfying the needs of the Theater Subdistrict;

(3)the bonus #floor area# will not unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and

(4)the distribution and location of such #floor area# bonus will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development#.

81-746
Additional provisions for zoning lots divided by district or subdistrict core boundaries

(a)For any #zoning lot# which includes a listed theater as set forth in Section 81-742 *(Restrictions on demolition of theaters)* **(Listed Theaters) or is or contains a "receiving site" pursuant to Section 81-744 (Transfer of development rights from listed theaters),** and which is divided by a boundary between districts with different *#bulk# regulations,* **basic maximum #floor area ratios# as set forth in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings),** the Chairperson of the City Planning Commission, by certification, may authorize modifications of the provisions of Section 77-02 (Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution), Section 77-21 (General Provisions), Section 77-22 (Floor Area Ratio) and Section 77-25 (Lot Area or Floor Area Requirements), as follows:

For any #zoning lot#, *whether or not it existed on December 15, 1961, or on the date of any applicable subsequent amendment thereto,* #floor area# or #rooms# permitted by the applicable district regulations on *that* **either** side of the district boundary *occupied by the theater* may be located on the other side of the district boundary *subject to the following conditions* **provided**:

(1)the amount of such #floor area# to be located on *the other* **either** side of the district boundary shall not exceed 20 percent of the basic maximum #floor area ratio# of the district in which it is to be located;

(2)the number of such #rooms#, if any, to be located on *the other* **either** side of the district boundary shall not exceed the number permitted by the #floor area per room# requirements as set forth in Section 81-242 (Density regulations for residential and mixed buildings); and

(3)*compliance with* the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) **are met.**

The Chairperson's certification approving modification of the provisions for **such** #zoning lots# divided by district boundaries shall state the total amount of #floor area#, including #floor area# of *the* **any** existing theater, to be provided on the #zoning lot# as a whole **and** the portion thereof to be located in each district, and the amount authorized herein to be located across the district boundary from the district in which the theater is located.

Notice of the restrictions upon further #development# of each portion of the #zoning lot# shall be recorded by the owner against the #zoning lot# in the Office of the Register of the City of New York (County of New York) and a certified copy shall be submitted to the Commission.

(b)Notwithstanding any other provisions of this Resolution, for any #zoning lot# which is divided by a boundary of the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) and for which the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion within and the portion outside of the Theater Subdistrict Core, the applicable underlying #bulk# regulations shall be modified as follows:

(1)#floor area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations on that portion of the #zoning lot# within the Theater Subdistrict Core may be located on the portion of the #zoning lot# outside the Core, provided that the number of such #rooms#, if any, to be located outside of the Core shall not exceed the number permitted by the #floor area per room# requirements as set forth in Section 81-242 (Density regulations for residential and mixed buildings); and

(2)#floor area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations on that portion of the #zoning lot# outside of the Theater Subdistrict Core shall not be located on the portion of the #zoning lot# within the Core.

(c)Notwithstanding any other provisions of this Resolution, for any #zoning lot# located wholly within the Theater Subdistrict and outside of the Theater Subdistrict Core that is divided by a boundary of the Eighth Avenue Corridor as defined in Section 81-71

(General Provisions) and for which the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion within and the portion outside of the Eighth Avenue Corridor, #floor area#, including bonus #floor area#, or #rooms# permitted by the applicable district regulations may be located on either side of the Eighth Avenue Corridor boundary.

81-748
Floor area bonus for through block gallerias

Upon certification by the City Planning Commission that the requirements of this Section are satisfied, a #development# within the Theater Subdistrict, but outside of the Theater Subdistrict Core, which provides a through #block# galleria shall be eligible for bonus #floor area# in the amount of 6 square feet for each square foot of through #block# galleria area, provided that in no case shall such bonus #floor area# exceed a #floor area ratio# of 1.0.

A through #block# galleria is a continuous covered public space on a #zoning lot#, which connects two parallel or nearly parallel east-west #streets# and provides for through #block# pedestrian circulation as well as other pedestrian amenities appropriate to the Theater Subdistrict. A through #block# galleria shall satisfy the following requirements:

(a) District plan requirements

A through #block# galleria shall be located within the Theater Subdistrict but outside of the Theater Subdistrict Core.
It shall be located not less than 200 feet from a #wide# north-south #street#. It shall satisfy the requirements of Section 81-46 (Through Block Connection). It may be counted toward meeting the minimum pedestrian circulation space requirements as set forth in Section 81-45 (Provision of Pedestrian Circulation Space) up to a maximum of 3,000 square feet. For any #zoning lot# on which a through #block# connection is not permitted by the provisions of Section 81-46 as counting towards meeting the pedestrian circulation space requirements of Section 81-45, no bonus shall be allowed for a through #block# galleria.

(b) Location

At each end it shall adjoin and open onto a #street#, a sidewalk widening, a #plaza# or an #urban plaza# adjacent to the #street#. It shall provide continuous, unobstructed access from one end to the other.

(c) Elevation

It shall have the same grade elevation at each end as the sidewalk, sidewalk widening or #urban plaza# which it adjoins.
This elevation shall be maintained for at least 20 feet from the end, beyond which a grade change, if any, is permitted only to reconcile grade differences between the two ends.
Provisions for changes in grade shall include ramps for wheelchair users with a maximum slope of one to twelve.

(d) Access

It shall be open at each end, with width and height of opening not less than the applicable minimum width and height set forth in paragraph (e) of this Section.
It may connect with, but not serve as, lobby space for a new #building# or a theater.
It shall be open to the public between the hours of 8:00 a.m. and 7:00 except for certain legal holidays (December 25, January 1 and July 4).

(e) Minimum dimensions

Minimum dimensions depend on the length of the through #block# galleria, as follows:

THROUGH BLOCK GALLERIA

LENGTH	*less than 150 feet*	*150 feet or more*
Minimum width	*20 feet*	*25 feet*
Average width	*20 feet*	*30 feet*
Minimum heigh	*20 feet*	*25 feet*
Average heigh	*20 feet*	*20 feet*

(f) Minimum clear path

Except as provided in paragraph (g) (Permitted obstructions), there shall be a straight path, clear of all obstructions, including door swings, extending from one end of the galleria to the other, with a minimum width of 15 feet. Where the through #block# galleria is adjoined at one or both ends by a sidewalk widening, #plaza# or #urban plaza#, such minimum width of clear path shall be continued across the adjoining open space to the #street line#.

(g) Permitted obstructions

(1)Columns or posts are permitted obstructions provided that the minimum width of the through #block# galleria exclusive of column widths shall be 20 feet and that the clear path width is at least 15 feet or two clear paths are provided, the paths being separated by columns and each having a minimum width of 10 feet.

(2)In areas outside the minimum clear path or paths, obstructions such as the following are permitted: planters, seating areas, landscape features, fountains, works of art, food kiosks, litter receptacles, drinking fountains, lights or lighting stanchions, public telephones, temporary exhibitions, retractable awnings and canopies and movable tables and chairs, provided that the total area occupied by such obstructions is less than 50 percent of the total area of the through #block# galleria minus the required clear path area.

(3)For through #block# gallerias with areas larger than 3,000 square feet, public seating is required.
There shall be at least one linear foot of seating for each 20 square feet of through #block# galleria area in excess of 3,000 square feet.
The design standards for seating shall be as set forth in paragraph (j) of Section 37-043 (Urban plaza). Eating or drinking service may be provided adjacent to, but not within, the through #block# galleria. All seating within the through #block# galleria shall be accessible to the public.

(4)For through #block# gallerias with an average height of at least 45 feet, bridges or balconies are permitted as obstructions, provided that such bridges or balconies are at least 15 feet above the floor level of the galleria, the width of the bridge is not more than 8 feet, the width of a balcony is not more than 5 feet and the total area of such obstructions is not more than 10 percent of the total area of the galleria.
Such obstructions may be enclosed provided that such enclosures are not more than 15 feet in height.

(h)Treatment of bounding walls

Along the length of a through #block# galleria, the bounding walls, except for walls along a #side lot line#, shall be lined insofar as possible with areas accessible to the public, display windows, or other exhibits, and such bounding walls shall be of transparent material.
Walls along a #side lot line# may be treated with planting or other landscape features.

(i) Skylights

(1)Design standard

Skylights shall be provided having a minimum surface area equal to at least 75 percent of the through #block# galleria, and skylights shall cover at least 50 percent of the galleria's area as measured in plan and shall be unobstructed from the skylights up to the sky.

(2)Modification of design standard

The City Planning Commission may authorize a modification of the minimum area of a skylight for a through #block# galleria under the following conditions:

(i)the through #block# galleria contains a minimum area of 6000 square feet;

(ii)the minimum height of the through #block# galleria is at least double its average width; and

(iiithe exterior bounding walls of the through #block# galleria are open or glazed above a height of 30 feet so as to permit additional natural light into the space.

The total amount of such open or glazed area, including the skylight shall be equal to at least 75 percent of the area of the through #block# galleria.

(j) Penalties for violations

Failure to comply with the conditions or restrictions of the bonused amenity shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

81-748
Floor Area for New Legitimate Theaters

Within the Theater Subdistrict in C6-7T, C5-3, C6-6 and C6-7 Districts, the City Planning Commission may, by special permit, allow additional #floor area# for new legitimate theater use. Such additional #floor area# shall be up to a maximum #floor area ratio# of 2.0 calculated over that portion of the #zoning lot# located within such districts. However, where more than half of the #lot area# of the #zoning lot# is located within such districts, and the remaining portion is located outside of such districts, such additional #floor area ratio# of 2.0 may be calculated over the entire #zoning lot#. The Commission may also permit the modification of the #street wall# and setback regulations of Section 81-751 (Special Street Wall and Setback Regulations within the Theater Subdistrict Core) in connection with such #floor area# for new theater, subject to the following conditions:

(a)the total maximum #floor area# ratio inclusive of all bonuses and #floor area# used for new legitimate theater shall not exceed 21.6 on that portion of the #zoning lot# located within such districts, and
(b)such #floor area# shall be limited to floor space exclusively associated with legitimate theater use, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, lobbies, lounges, ticket offices and rest rooms and circulation space.

No modifications permitted by such special permit shall allow for the modification of signs required pursuant to Section 81-73 (Special Sign and Frontage Regulations).

In granting such special permit, the City Planing Commission shall make the following findings:

(1)such floor area allowance shall not unduly increase the #bulk# of any new #development# or #enlargement#, density of population, or intensity of use on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area;

(2)such modifications to #street wall# and setback regulations are necessary to accommodate the theater configuration and volume, are essential to ensure the proper functioning of the theater, and are limited to the minimum necessary to accommodate the theater; and

(3)such modifications to #street wall# and setback regulations do not adversely affect access to light and air at #street# level as compared to that which would result from the application of the regulations set forth in Section 81-75 (Special Street Wall and Height and Setback Regulations);

The Commission may prescribe appropriate conditions and safeguards to minimize other adverse effects on the character of the surrounding area.

An application filed with the City Planning Commission for special permit pursuant to this Section shall be made jointly by the owners of the #development# or #enlargement# and the owner and/or operator of the theater and shall include floor plans and zoning calculations indicating the location and size of the legitimate theater, and shall include a legal commitment made by the theater owner and the developer for continuance of the #use# of such #floor area# as a legitimate theater and prohibition of the #use# of such #floor area# for any #use# other than legitimate theater use for the life of the related #development# or #enlargement#.
The legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner, any lessee of the theater and their successors and assigns. The certificate of occupancy for the #building# containing the theater shall describe all #floor area# allocated as legitimate theater #use# for which such special permit has been granted.

Special Street Wall and Setback Regulations within the Eighth Avenue Corridor

#Developments# or #enlargements# on #zoning lots# located in whole or in part within the Eighth Avenue Corridor, as defined in Section 81-71, and east of Eighth Avenue shall comply with the requirements of this Section, and except as superseded by this Section, with the provisions of Section 81-25 (General Provisions Relating to Height and Setback of Buildings), and either 81-26 (Height and Setback Regulations - Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation).

#Developments# or #enlargements# on #zoning lots# located in whole or in part within the Eighth Avenue Corridor, as defined in Section 81-71, and west of Eighth Avenue shall comply with the requirements of this Section. The provisions of Sections 81-25 (General Provisions Relating to Height and Setback of Buildings), 81-26 (Height and Setback Regulations - Daylight Compensation) and 81-27 (Alternate Height and Setback Regulations - Daylight Evaluation) shall not apply except as set forth in paragraph (b)(1) of this Section.

(a)Street Wall Location and Minimum and Maximum Heights before Setbacks

(1) On Eighth Avenue and 42nd Street, #street walls# shall extend along the entire #street# frontage of the #zoning lot# to a minimum height of 50 feet or the height of the #building#, whichever is less.
At least 70 percent of the #aggregate width of street walls# shall be located on the #street line#, and the remaining 30 percent of the #aggregate width of street walls# may be located beyond the #street line# in compliance with #residential outer court# regulations for #residential# portions of #buildings#, and #community facility outer court# regulations for all other portions of #buildings#. However, within 30 feet of the intersection of two #street lines#, #street walls# shall comply with the location requirements of paragraph (a)(3) of this Section. The maximum height of #street walls# within 10 feet of the #wide street line# shall be 150 feet beyond 15 feet of a #narrow street line# and 85 feet within 15 feet of a #narrow street line#.

(2)On a #narrow street# east of Eighth Avenue, and on a #narrow street# west of and within 100 feet of Eighth Avenue, #street walls# shall extend along the entire width of such #narrow street# frontage of the #zoning lot# to a minimum height of 50 feet or the height of the #building#, whichever is less.
At least 70 percent of the #aggregate width of street walls# along such #narrow street# frontage shall be located on the #street line#, and the remaining 30 percent of the #aggregate width of street walls# may be located beyond the #street line# in compliance with #residential outer court# regulations for #residential# portions of #buildings#, and #community facility outer court# regulations for all other portions of #buildings#. However, within 30 feet of the intersection of two #street lines#, #street walls# shall\comply with the location requirements of paragraph (a)(3) of this Section.
The maximum height of #street walls# within 15 feet of the #narrow street line# shall be 85 feet.

No #street walls# are required along a #narrow street# west of and beyond 100 feet of Eighth Avenue provided at least 70 percent of the entire frontage of the #zoning lot# along such #narrow street# is occupied by #street walls# located on the #street line#.
The maximum height of #street walls# within 15 feet of the #narrow street line# shall be 66 feet, except in accordance with paragraph (b)(3) of this Section.

(3)Within 30 feet of the intersection of two #street lines#, the #street wall# shall be located on the #street line# or anywhere within an area bounded by the two #street lines# and lines parallel to and 15 feet from such #street lines#.

(4)For #developments# that occupy the entire #block# frontage of a #wide street# and provide a continuous sidewalk widening along such #street line#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

The #street wall# location and minimum height before setback regulations of this Section shall not apply to portions of #zoning lots# occupied by existing #buildings#.

(b)Special street wall regulations for buildings adjacent to listed theaters

For #developments# or #enlargements# that are adjacent to a theater listed pursuant to Section 81-742 (Listed Theaters), the maximum height of the #street wall# of the #development# or #enlargement# facing the same #street#

as the listed theater shall be 60 feet within 15 feet of the #street line#.

(c)Additional Regulations Applying West of Eighth Avenue

(1)West of Eighth Avenue, at any level above a height of 85 feet, any #development# or #enlargement# or portion thereof shall have a minimum #lot coverage# requirement of 33 percent of the #lot area# of the #zoning lot#, except that such minimum #lot coverage# requirement shall not apply to the highest four #stories# of the #building#.
