PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

NOTICE OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to §2-10 **SUPPLIER PROTESTS** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on June 25, 2001. A public hearing was held on July 26, 2001. The amendment was adopted by the PPB on October 10, 2001. The effective date of this rule is December 1, 2001.

Basis and Purpose of the Amendment

This amendment is in response to a Board request to reduce, wherever possible, the number of steps in the appeal processes mentioned in the Rules. The process now requires the supplier to protest to the ACCO then appeal to the Agency Head. Since it is the ACCO's action (or someone acting in the ACCO's stead) being protested, applying to the ACCO for redress may be seen as an unnecessary step. The amendment allows the supplier's protest to go directly to the Agency Head for resolution.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: October 10, 2001
Brendan J. Sexton, Chair

CHAPTER 2 PROCUREMENT PROCESS
(is amended as follows:)

Section 2-10 SUPPLIER PROTEST.

(a) **Protests.** Any supplier may protest a determination regarding [solicitation, award, or other] any procurement action pursuant to this section, unless another appeal or protest provision is provided in these Rules. Accelerated procurements, emergency procurements, and small purchases are not subject to supplier protests.

(1) **Time for Protest.** A protest shall be made within ten days after the protesting supplier knows or should have known of the facts that prompted the protest but no later than ten days after publication of the notice of award.

(2) **Form and Content of Protest.** The protest shall be filed with the [ACCO] Agency Head and shall briefly state all the facts or other basis upon which the supplier contests the agency decision. Supporting documentation, if any, shall be included. If a supplier has already been selected for the [award of the contract] procurement, the [ACCO] Agency Head shall, upon receipt of the protest, mail a copy of the protest to the selected supplier. Filing of the protest shall be accomplished by actual delivery of the protest documents to the office of the [ACCO] Agency Head. The supplier shall also send a copy of its protest to the ACCO and the New York City Comptroller, Office of Contract Administration.

(3) **[ACCO] Agency Head Determination.** The [ACCO] Agency Head may, in his or her sole discretion, invite written comment from the selected supplier (if any) or other interested party; and/or convene an informal conference with the protesting supplier, the selected supplier, and/or any other interested party to resolve the protest by mutual consent. The [ACCO's] Agency Head's determination with respect to the merits of the protest shall be mailed to the protesting supplier and the selected supplier (if any) within thirty days of receipt of the protest documents. The determination shall state the reasons upon which it is based. Copies of all documents required by this paragraph shall be forwarded to the CCPO and the Comptroller as such documents become available to the agency. [The determination shall state the reasons upon which it is based and shall inform the supplier of the right to appeal and of the procedure for taking such appeal. The determination shall also contain the following statement:

The supplier shall also send a copy of its appeal, for informational purposes, to the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 835, New York, NY 10007.]

The Agency Head's determination shall be final. The procurement action under protest shall not be stayed unless the Agency Head determines that it is in the City's best interest to delay the action.

[(b) **Appeal of ACCO Determination.**

(1) **Time for Appeal.** A supplier shall be allowed ten days from receipt of the agency's notification to file an appeal of the ACCO's determination with the Agency Head. Receipt of notice by the supplier shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered.

(2) **Form and Content of Appeal.** The appeal shall be filed with the Agency Head and shall briefly state all the facts or other basis upon which the supplier contests the ACCO's determination. Supporting documentation, if any, shall be included. If a supplier has already been selected for the award of the contract, the Agency Head shall, upon receipt of the appeal, mail a copy to the selected supplier. Filing of the appeal shall be accomplished by actual delivery of the appeal documents to the office of the Agency Head.

(3) **Agency Head Determination.** The Agency Head may, in his or her sole discretion, invite written comment from the selected supplier or other interested party; and/or convene an informal conference with the protesting supplier, the selected supplier, and/or any other interested party to resolve the issue by mutual consent. The Agency Head's determination with respect to the merits of the appeal shall be mailed to the protesting supplier and the selected supplier (if any) within thirty days of receipt of the appeal documents. If the Agency Head's determination is not made within the prescribed thirty days, then the appeal shall be deemed denied for the reasons stated in the ACCO's determination. The Agency Head's determination shall be final.

(c) **Status of Solicitation and Award.** In any case in which a court proceeding is commenced, no solicitation or contract award shall be delayed except as determined by the Agency Head.

(d) **Documentation.** The agency shall forward copies of all documents required by this section to the CCPO and to the Comptroller as such documents become available to the agency.]

(1) **Procedure.** Bids may be modified or withdrawn by written notice received in the office designated in the IFB before the time and date set for bid opening.

(2) **Disposition of Bid Security.** If a bid is withdrawn in accordance with this section, the bid security, if any, shall be returned to the bidder.

[(3) **Records.** All documents relating to the modification or withdrawal of bids shall be made a part of the agency contract file.]

(k) **Late Bids, Late Withdrawals, and Late Modifications.**

(1) **Policy.** Any bid received at the place designated in the solicitation after the time and date set for receipt of bids is late and shall not be considered. Any request for withdrawal or modification received at the place designated in the solicitation after the time and date set for receipt of bids is late and shall not be considered. not be opened until after registration of the contract.

(2) **Exception.** A late modification of a successful bid that makes its terms more favorable to the City shall be considered at any time it is received and may be accepted upon the written approval of the ACCO.

[(3) **Record.** A record shall be made of each request for late bid acceptance, modification, or withdrawal which shall be retained in the agency contract file. Late bids and modifications shall not be opened until after registration of the contract.]

***

(o) **Bid Evaluation and Supplier Selection.**

(3) **Award.** Upon the determination of the lowest responsive and responsible bidder, a written Recommendation for Award shall be prepared by the Contracting Officer and submitted to the ACCO for written approval. After approval has been obtained, the contract shall be awarded to that bidder. [The Recommendation for Award shall be part of the permanent contract file.]

(p) **Low Tie Bids.**

(1) **Definition.** Low Tie Bids are low responsive bids from responsible bidders that are identical in price, meeting all the requirements and criteria set forth in the IFB.

(2) **Supplier Selection.** In the case of low tie bids, the ACCO shall break the tie in the following order of priority.

(i) Select a certified New York City small, minority or woman-owned business entity bidder;

(ii) Select a New York City bidder;

(iii) Select a certified New York State small, minority or woman-owned business bidder;

(iv) Select a New York State bidder;

(v) Conduct a drawing. Tie bidders shall be invited to witness the drawing. A witness shall be present to verify the drawing and shall certify the results on the bid tabulation sheet.

(3) **Record.** A written record shall be made of tie bids received, and the method used to break the tie. [Copies of the record shall be retained in the agency contract file.] The ACCO shall monitor the incidence of low tie bids in a systematic manner.

(q) **Single Bid.** When a single bid has been received in response to an IFB, a supplier may be selected only after the ACCO has determined that a sufficient number of other potentially responsive suppliers have had a reasonable opportunity to bid; why, as a result of inquiries made by the agency, other suppliers chose not to submit bids; that the bid submitted meets minimum requirements of the IFB; that the price is fair and reasonable, and that resolicitation is not in the best interest of the City. [Copies of such determinations shall be made part of the agency contract file.]

***

(v) **Rejection of Bids.** The ACCO may reject all bids and may elect to resolicit bids in accordance with this section if he determines it is in the City's best interest to do so. [A record of such decision and the reasons therefor shall be made a part of the agency contract file.]

***

Section 3-03 COMPETITIVE SEALED PROPOSALS.

(2) **Rating Sheets.** Ratings sheets or other written evaluation forms shall be used to evaluate proposals and shall be signed and dated by all members of the evaluation committee. Initial ratings may be amended and the amended ratings recorded on amended ratings sheets. [Copies of all initial and amended rating sheets or evaluation forms shall be maintained as part of the agency contract file.]

***

(5) **Best and Final Offers.** Best and final offers are the revised and corrected final proposals submitted by proposers after discussions, if any, have been held by the procuring agency.

(i) The ACCO shall establish a common date and time for the submission of best and final offers.

(ii) Best and final offers shall be submitted only once unless it is determined by the ACCO that it is in the City's best interest to conduct additional discussions and/or require another submission of best and final offers. [In that case, the determination must be made in writing by the Contracting Officer and approved by the ACCO and be made a part of the agency contract file.]

***

(j) **[Award] Supplier Selection and Documentation.** The [Contracting Officer] ACCO shall make a determination showing the basis on which the [award] selection of the supplier was found to be most advantageous to the City based on the evaluation factors set forth in the RFP. This determination shall be included in a [written] Recommendation of Award [which shall be approved by the ACCO]. Each Recommendation for Award shall include at a minimum the following information [and shall be made a part of the agency contract file]:

(1) justification of the award;

(2) if the award is for goods, services, or construction for which there is agency price history, a price comparison of the proposed price versus previous price, if applicable, with the rationale for any increases supported by cost/price analysis data;

(4) any special terms and conditions included in the proposed contract via the use of cost/price analysis techniques;

(5) affirmative finding of responsibility for the selected proposer(s); and

(6) efforts to negotiate better value.

Upon determination of the most favorable proposal and after obtaining all required approvals, the Contracting Officer shall award the contract to that proposer.

NOTICE OF ADOPTION OF FINAL RULE

(1) This determination shall be based on one of the following reasons:

(i) all otherwise acceptable bids received are at unreasonable prices, or only one bid is received and the ACCO cannot determine the reasonableness of the bid price, or

(ii) in the judgment of the ACCO, the bids were not independently arrived at in open competition, were collusive, or were submitted in bad faith.

(2) When the ACCO has determined that an IFB is to be canceled and that use of negotiation is appropriate to complete the acquisition, the ACCO may negotiate and select a supplier without issuing a new solicitation subject to the following conditions:

CITYWIDE ADMINISTRATIVE SERVICES

PUBLIC HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN, the Department of Citywide Administrative Services, Division of Real Estate Services proposes to amend the Lease dated April 24, 1970, between the City of New York and Jewish Community Center of Staten Island for improved land located at Block 955, p/o Lot 1 in the Borough of Staten Island.

In accordance with Section 384 of the New York City Charter, a public hearing will be held regarding the proposed amendment of the Lease at 10:00 a.m. on December 5, 2001 at 100 Gold Street, Room 1R, Borough of Manhattan.

The proposed amendment of Lease shall modify Section 6.01 of the current Lease. The Lease presently states that the Tenant agrees to "file plans and commence and continue with the construction of a substantial structure on the demised premises, or to file final plans with the Department of Buildings, within two (2) years from the commencement date hereof and to complete construction within five years from the commencement date hereof".

The Department of Citywide Administrative has determined that it is in the City's best interest to modify Section 6.01 to read as follows:

Tenant shall make no permanent or structural improvements, additions or alterations to the demised premises without the prior written consent of the Landlord. All such work shall be performed at Tenant's sole expense and in accordance with the following conditions.

Tenant shall submit to Landlord preliminary plans and specifications, whereupon Landlord, in its sole discretion, may issue conditional approach thereof.

Upon receipt of Landlord's conditional approval, Tenant, at its sole expense shall obtain from any and all municipal and other governmental authorities and departments having jurisdiction thereof all required permits and approvals for such construction.

Upon receipt from Tenant of copies of all required permits and approvals, Landlord may issue final approval of the proposed construction.

In the event of a breach of the conditions of this Section 6.01, Landlord may, at its option terminate this lease, reenter the premises and become repossessed thereof. In such instance, Tenant shall not be entitled to any damages , payments, or compensation whatsoever for any plans, alterations, improvements, or additions made in contravention of these conditions.

Tenant agrees to do any work pursuant to this Section 6.01 in compliance to all applicable laws and ordinances.

The amendment also modifies the term "Landlord" to mean The City of New York, acting through the Department of Citywide Administrative Services.

Further information, including public inspection of the proposed amendment of the Lease for the property may be obtained at One Centre Street, Room 2000 North, New York, N.Y. 10007. To schedule an inspection, please contact Chris Fleming at (212) 380-7497.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.
All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.

In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time,

unless otherwise indicated and action (approval or denial) shall be taken by the

agency within 90 days from the date of submission. Any denial or revocation of

prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement

Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

HOUSING PRESERVATION & DEVELOPMENT

NOTICE

Notice of Adoption of Amended Rules for Rent Setting in Division of Alternative Management Programs Buildings

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Housing Preservation and Development by Section 1802 and in accordance with the requirements of Section 1043 of the New York City Charter that the Department of Housing Preservation and Development is adopting amended rules for rent setting in Division of Alternative Management Programs buildings. The amended rules were proposed and published on August 25, 2000. The required public hearing was held on September 26, 2000.

New material is underlined and deleted material is [bracketed].

Section one. Chapter 14 of Title 28 of the Rules of the City of New York is amended to read as follows:

RENT SETTING AND INCREASES TO TENANTS [IN OCCUPANCY] IN DIVISION OF ALTERNATIVE MANAGEMENT PROGRAM BUILDINGS

§14-01 [Purpose and] General Provisions
§14-02 Initial Rent Setting [in DAMP Program]
§14-03 Interim Rent Increases [in DAMP Programs]
§14-04 Disposition Rent Increases [in DAMP Programs]
§14-05 Notice of Interim and Disposition Rent Increases
§14-06 [Rental Assistance
§14-07] Alternative Rent Setting [in DAMP Programs]

§14-01 [Purpose and] General Provisions. (a) [The provisions of this chapter govern the procedures for setting and increasing rents for residential tenants in occupancy of City owned in rem buildings participating in the Division of Alternative Management Programs ("DAMP") in the Office of Property Management of the Department of Housing Preservation and Development of the City of New York. DAMP shall affix a copy of this chapter to all contracts and leases entered into with alternative managers and will make copies available to all DAMP tenants at the Office of the DAMP Assistant Commissioner. This chapter does not apply to initial rents established for vacant apartments.

(b) DAMP provides for daily operation and management of city-owned residential buildings by tenants associations, community management groups, private businesses, and individuals. The ultimate aim of DAMP is to sell the buildings in its programs to the alternative managers as tenant owned cooperatives or rental properties serving primarily persons of low and moderate income. DAMP will set tenants' rents upon entry into some of its management programs and periodically approve or impose rent increases to enable a building's alternative manager to cover all operation and maintenance costs during the period of DAMP management through the first year of ownership.

(c) By the time of sale of a particular building from DAMP, a rent will be established for each dwelling unit, based upon that unit's size, which shall be no less than that unit's proportionate share of the total operation and maintenance expenses for the particular building. DAMP does not attempt to standardize rents throughout the division but rather calculates rent increases on an individual building basis.

(d) No tenant in occupancy will receive more than one rent increase within a twelve month period unless additional increases in the maximum rental charge per room are requested or approved by no fewer than sixty percent (60%) of the tenants in occupancy.

(e) DAMP will assist eligible tenants in applying for existing rental assistance programs, particularly §8 subsidies and senior citizen rent increase exemptions, as well as seeking to have the New York City Human Resources Administration increase the shelter allowance of public assistance recipients to the maximum permitted by law.]

[(f)] All notices required by this chapter shall be in English and Spanish.

(b) For the purposes of this chapter, unless the context indicates otherwise, the following definitions apply[.]:

[Alternative manager. "Alternative manager" shall mean an individual, private business, community organization or tenant association responsible for the daily operation and maintenance of building(s) participating in the Division of Alternative Management Programs.]

DAMP. "DAMP" shall mean the Division of Alternative Management Programs, or any successor division, [in the Office of Development] of the Department of Housing Preservation and Development. [The Department of Housing Preservation and Development created DAMP to develop and operate alternatives to direct city management of property owned by the City of New York.]

DAMP Lessee. "DAMP Lessee" shall mean a person or entity with whom HPD has entered into a lease for the management of a building under any DAMP Program.

DAMP [p]Programs. "DAMP [p]Programs" shall mean the programs administered by [the Division of Alternative Management Programs] DAMP. [Currently, these are: Tenant Interim Lease Program, 7A Leasing Program, Private Ownership and Management Program, Community Management Program, Urban Homesteading Program, and DAMP SRO Program.

(1) Tenant interim lease. This program allows for tenant self-management for the period prior to tenant purchase of a building as a cooperative.

(2) 7A Leasing Program. This program enables former court-appointed 7A Administrators or other qualified individuals with previous housing management experience to manage City-owned properties. At the end of the 7A Leasing period, it is anticipated that the building will be sold either to the tenants as a cooperative or to the 7A Lessee as a rental.

(3) Private Ownership and Management Program. This program allows private real estate firms to manage City-owned properties and eventually purchase them as rentals.

(4) Community Management Program. This program allows community organizations to manage and eventually purchase City-owned properties as not-for-profit rentals or assist tenants in purchasing the buildings as cooperatives.

(5) Urban Homesteading Program. This program allows organized neighborhood residents with technical skills and community support the opportunity to renovate, purchase and occupy vacant or under-occupied City-owned buildings.

(6) The DAMP SRO Program. This program allows housing and social service organizations to manage and upgrade City-owned hotels and rooming houses and to eventually purchase these properties as not-for-profit SRO rentals.]

DAMP [p]Program [d]Director. " DAMP [p]Program [d]Director" [refers to] shall mean the individual at HPD responsible for the operation of an individual DAMP [p]Program[s] or his [/]or her designee.

Room. "Room" [refers to] shall mean the basic living space of a dwelling unit[;] (i.e. living room, kitchen, dining room, and bedroom). [In addition, e] Each bathroom [count] shall be considered as one-half of a room. In studio apartments or apartments in which the kitchen (or kitchenette) and living area occupy the same space, that space shall [count] be considered as two [r]Rooms.

Tenant [in occupancy]. "Tenant [in occupancy]" [refers to] shall mean [that person whom the Department of Housing Preservation and Development recognizes as the lawful occupant of the apartment.] a residential tenant of record occupying a dwelling unit pursuant to a lease with the City or with a net lessee which has entered into a net lease with the City for the building in which such dwelling unit is located. Other residential occupants, such as squatters and licensees, are not Tenants. Non-residential tenants or occupants, such as those who occupy space for retail, commercial, manufacturing, or community facility purposes, are not Tenants.

(b) Unless otherwise provided in this title, the provisions of this chapter govern the procedures for setting and increasing rents for Tenants of City-owned buildings participating in DAMP Programs.

(c) No Tenant shall receive more than one rent increase within a twelve-month period unless additional increases in the maximum rental charge-per-Room are requested or approved by no fewer than sixty percent (60%) of the Tenants.

(d) DAMP shall assist eligible Tenants in applying for existing rental assistance programs.

§ 14-02 Initial Rent Setting [in DAMP Program]. (a) To facilitate a particular building's operation and as a condition of admission to a DAMP [p]Program, the appropriate DAMP [p]Program [d]Director may establish a minimum per [r]Room rent level for all dwelling units in such building [upon obtaining the prior written approval of at least 60 percent of the tenants in occupancy to the placement of their particular building into a DAMP Program].

[(b) When a rent increase is necessary to arrive at the minimum per room rent level, the appropriate DAMP program director shall issue a letter requesting approval of placement into the DAMP program to each tenant in occupancy. This letter shall be countersigned by at least 60 percent of the tenants in occupancy prior to placement and shall contain:

(1) a description of the program which the building is entering, including the name of the individual(s) responsible for providing daily management services;

(2) a general statement of the DAMP program's repair policy;

(3) a general statement of the sales process; and

(4) the minimum per room rent level. This letter shall be made available to all tenants in occupancy during the intake process.

(c)] (b) The determination to establish a minimum per [r]Room rent level for all dwelling units in a particular building shall be based on the DAMP [p]Program [d]Director's estimate of the [cost of operation] maintenance and operating expenses of the particular building upon admission to a DAMP [p]Program. The DAMP [p]Program [d]Director shall consider the existing rent roll for the particular building or project, the number of vacant dwelling units at the time of admission to a DAMP [p]Program and the [costs of operation and maintenance] maintenance and operating expenses incurred by other buildings presently or previously in [the specific DAMP program] that or other DAMP Programs.

[(d)] (c)The DAMP [p]Program [d]Director shall notify each [t]Tenant [in occupancy] that the particular building has been accepted into a DAMP [p]Program, the effective date of entry, to whom rent payments are to be made after that date, and what the initial rent for the dwelling unit will be upon entry and shall provide information on any rental assistance which may be available to the [t]Tenants and the procedures to apply for such assistance. [In the event that] If the [alternative manager] DAMP Lessee fails to submit a request for an interim rent increase, the DAMP [p]Program [d]Director may propose an increase in the rents in accordance with the provisions of these [regulations]rules.

(c) The [alternative manager] DAMP Lessee or DAMP [p]Program [d]Director shall prepare a statement of the [operating costs] maintenance and operating expenses which form the basis for the rent increase, a history not to exceed the prior year of billing and collection of rents in the particular building and a current rent roll. § 14-06 [Rental Assistance.

(a) DAMP will assist eligible tenants in applying for existing rental assistance programs during the period of a building's participation in a DAMP program. DAMP will provide tenants in occupancy with applications for §8 and senior citizen rent increase exemptions, advise tenants which rental assistance program is most suitable for their individual needs, assist tenants in completing rental assistance applications, and forward all necessary documentation to the appropriate authority for final review and processing.

(b) Each tenant in occupancy who applies for rental assistance is solely responsible for supplying all required documentation and materials necessary to process an application; i.e., attending required interviews with the authority responsible for determining a tenant's eligibility for rental assistance, providing the necessary income certification and complying with all procedures to process an application.

(c) The DAMP rental assistance unit staff shall review all applications for rental assistance and make a preliminary determination of a tenant's eligibility within sixty (60) days of receipt of a completed application. The DAMP rental assistance unit shall promptly notify the alternative manager of all applicants for rental assistance and shall forward to the alternative manager copies of the applications, letters granting or denying rental assistance, interim payment agreements entered into, and letters extending or terminating interim payment agreements. Upon a finding of eligibility, the DAMP rental assistance unit will provide the tenant with an interim payment agreement, which shall be signed by both the tenant and the director of the DAMP rental assistant unit before it becomes effective. This interim payment agreement shall include:

(1) the amount of the increased rent for the apartment;

(2) the amount of rent that the tenant must pay pending the final determination of the rental assistance application or sale of the building, whichever occurs earlier;

(3) a statement of the grounds for termination pursuant to §14-06(e) of this chapter; and

(4) notice to the tenant that (s)he remains liable for the full amount of the increased rent retroactive to the effective date of the increase if, at any time, the rental assistance application is denied by the DAMP rental assistance unit or the interim payment agreement is terminated pursuant to §14-06(e)(1), (3) or (4) of this chapter. If the interim payment agreement is terminated pursuant to §14-06(e)(1), the tenant shall not be liable for the full amount of the rent increase retroactive to its effective date provided (s)he notifies the DAMP rental assistance unit within thirty (30) days of any change in household income which renders the tenant ineligible for rental assistance.

(d) Tenants who receive an interim payment agreement will be required to pay the amount which (s)he would pay on a monthly basis if the rental assistance application is approved, or the rent charged prior to the implementation of the rent increase, whichever is greater.

(e) The interim payment agreement will terminate one year after the date of issue or upon the earlier occurrence of any of the following:

(1) any change in the tenant's household income which renders the tenant ineligible for rental assistance; or

(2) any change in the rent charged by the City of New York; or

(3) failure by the tenant to comply with any of the requirements necessary to process the application for rental assistance; or

(4) failure by the tenant to pay, within thirty (30) days of the date due, the hardship rent amount, unless payment of the hardship rent amount is being withheld for lack of services which the tenant has given written notice of to the alternative manager; or

(5) the sale of the building.

(f) DAMP will permit any tenant in occupancy who is not eligible for rental assistance through any existing program to pay a rent increase in stages of $10.00 per room per quarter.]

[§ 14-07] Alternative Rent Setting [in DAMP Programs]. Notwithstanding anything to the contrary contained in this chapter, and subject to the notice and other procedural requirements of this chapter, [the] DAMP [program] may set rents for a particular building based on a per square foot per apartment standard instead of a per [r]Room per apartment standard. In addition, if a project consists of more than one building in a common ownership entity, rents may be set based on economic estimates of the [operating costs] maintenance and operating expenses of the multi-building project instead of on economic estimates *relating to the [operating costs]* maintenance and operating expenses of an individual building.

Statement of Basis and Purpose. The amended rules reflect current procedures employed by HPD.

HPD's goals include improving living conditions for [t]Tenants in [city-owned buildings] City-owned buildings and returning the [city's] City's housing stock to private tax-paying ownership, while maintaining it as affordable housing.

(b) Coverage. These [r]Rules govern the termination of tenancies, and the rights and responsibilities of [t]Tenants in [city-owned buildings] City-owned buildings that are under the jurisdiction of DAMP.

§ 21-23 Rights of Tenants.

(a) Tenancy. All [t]Tenants of a building in DAMP shall be month-to-month [t]Tenants.

(b) Continuation of Tenancy. As long as a [t]Tenant continues to pay the rent, in accordance with §21-24(b), his/her month to month tenancy shall be renewed, unless the DAMP Lessee asserts grounds for termination or non-renewal under these Rules.

(c) Eviction Proceedings (Failure to Pay Rent). A DAMP Lessee may commence eviction proceedings when a [t]Tenant has failed to pay the rent due in accordance with §21-24(b). If the DAMP Lessee has any reason to know that the [t]Tenant's rent has ever been paid by DSS, then the DAMP Lessee must ascertain the [t]Tenant's public assistance status from HPD prior to instituting non-payment proceedings.

(d) Eviction Proceedings (Termination of Tenancy). Without the approval of HPD, the DAMP Lessee may refuse to renew a [t]Tenant's lease or may commence an action or proceeding to recover possession of any housing accommodation upon one or more of the following grounds:

(1) The [t]Tenant, other Occupant or Guest is violating a substantial obligation of [his or her]the Tenant's tenancy.

(2) The [t]Tenant [or], Occupant or Guest is committing or permitting a nuisance in such housing accommodation or the building containing such housing accommodation. [The exercise by a tenant of any rights pursuant to any law or HPD rule relating to occupancy of a housing accommodation, shall not be deemed a ground for eviction pursuant to this subdivision (d).]

(3) Occupancy of the housing accommodation by the [t]Tenant is illegal because of the requirements of law, or such occupancy is in violation of contracts with governmental agencies.

(4) The [t]Tenant [or any occupant of the apartment or guest of the tenant], Occupant or Guest *is using or permitting* such housing accommodation to be used for an [immoral or] illegal purpose.

(5) The [t]Tenant has unreasonably refused the DAMP Lessee or HPD access to the housing accommodation for the purpose of making necessary inspections, repairs or improvements required by law *or authorized or required by HPD.*

(6) The [t]Tenant has refused, after at least twenty days written notice, to move to a substantially similar housing accommodation [, in the same building or nearby building,] at the same rent provided:

(i) that the DAMP Lessee has a plan approved by DAMP to reconstruct, renovate or improve the housing accommodation currently occupied by the [t]Tenant or the building in which it is located; and

(ii) that the move is reasonably necessary to permit such reconstruction, renovation or improvement; and

(iii) that the DAMP Lessee offers the [t]Tenant in writing the right of reoccupancy of [the]a reconstructed, renovated, or improved housing accommodation at the same rent or at a rent set pursuant to [the DAMP Rent Setting Rules] applicable rules for the respective DAMP Program or other rent restructuring authority.

(7) The housing accommodation is not occupied by the [t]Tenant, not including subtenants or occupants, as his or her primary residence, unless the subtenant or assignee has been approved pursuant to §21-24(i) of these Rules.

(8) The building is to be placed in a program of rehabilitation or reconstruction which requires the vacating of the entire building.

(9) The building is to be sealed or demolished.

(10) The [t]Tenant has refused to reoccupy a housing accommodation that has been renovated, reconstructed or improved, and continues to occupy a housing accommodation which was offered for the purposes of relocation pursuant to [sub]paragraph (6) above.

(11) For any other reason permitted by law.

§ 21-24 Conditions of Residential Tenancy

(a) Conditions of Residential Tenancy. All [t]Tenants of a building in DAMP shall be subject to the terms of [these]the Conditions of Tenancy [or] contained in these Rules and contained in any City-approved leases they have been issued. Where a City-approved lease has been issued, the terms of such lease shall govern, to the extent that they differ from these Rules. Where no City-approved lease has been issued, the terms of this section shall govern.

(b) Rent and Term. (1) The DAMP Lessee shall lease an apartment to a [t]Tenant for the lease term. The [t]Tenant shall pay the rent for each month in advance on the first day of that month during the term of such rental at the DAMP Lessee's office or at such other place or address as the DAMP Lessee shall designate.

(2) HPD shall have the right to implement rent restructuring plans pursuant to the [DAMP Rent-Setting Rules] applicable rules for the respective DAMP Program. If the [t]Tenant refuses to pay the increased rent, the DAMP Lessee shall have the right to terminate the tenancy.

(c) Occupancy. The apartment leased to the [t]Tenant shall be occupied for residential purposes only, subject only to applicable laws [prohibiting discrimination], the lease and these Rules. The [t]Tenant, the members of the [t]Tenant's immediate family, and any other person permitted by law, may reside in the [t]Tenant's apartment.

[(d) Security. (1) Tenant may be required to give

a security deposit to the DAMP Lessee in the amount of one month's rent as permitted under Article 7 of the New York State General Obligations Law. The Security Deposit shall be deposited in an FDIC insured bank in an interest-bearing account. The DAMP Lessee shall notify the tenant where the Security Deposit has been deposited. The DAMP Lessee shall be entitled to receive, as administration expenses, a sum equivalent to one percent (1%) per year upon the Security Deposit. Should the rent be increased, the tenant shall increase the amount of his/her security deposit to equal the new rent.

(2) If the tenant fails to perform any term, provision or condition of these Conditions of Tenancy, the DAMP Lessee may use the security deposit for payment of any sum as to which the tenant is in default or for any sum which the DAMP Lessee may expend or may be required to expend by the reason of tenant's default.

(3) If the tenant shall fully and faithfully comply with all Conditions of Tenancy, pay all rent, and leave the apartment in good condition at the end of their lease term, the DAMP Lessee shall return the security deposit plus any accrued and unpaid interest to the tenant. If the DAMP Lessee applies any part of the security deposit to cure any default of the tenant, the tenant shall upon demand deposit with the DAMP Lessee the amount so applied so that the DAMP Lessee shall have the full security deposit on hand at all times during the term of the tenant's lease term.]

[(e)] (d) Maintenance and Repair by Tenant. The [t]Tenant shall take good care of his/her apartment and fixtures in the apartment and keep it clean, safe and orderly. The [t]Tenant shall be responsible, at the [t]Tenant's expense, for all repairs and replacement whenever the need results from any act or neglect of the [t]Tenant or [the tenant's guest] Guest. [The tenant shall comply with the Rules of Conduct as set forth in §21-24(s).]

[(f)] (e) Improvements. The [t]Tenant and the Guest shall make neither improvements nor alterations without the DAMP Lessee's prior written consent. Any and all such improvements or alterations shall, upon installation, become the property of the DAMP Lessee at the option of the DAMP Lessee, if approved by HPD. Improvements or alterations of any kind or nature built or placed within the [Apartment] apartment by the [t]Tenant or Guest during the Lease Term shall be removed by the [t]Tenant before the termination of the lease term at the option of the DAMP Lessee. If the [t]Tenant fails to remove such improvements or alterations from his or her apartment at the direction of the DAMP Lessee or fails to repair any damages or defacement to the apartment caused by such removal or construction by the end of the lease term, the [t]Tenant shall be and remain liable to the DAMP Lessee for all costs incurred by the DAMP Lessee in removing same from the apartment and all costs incurred by the DAMP Lessee to repair any damage or defacement to the apartment as a result thereof after the [t]Tenant's lease term has expired.

[(g)] (f) Services. The DAMP Lessee shall supply heat as required by law, and hot and cold water. The [t]Tenant shall pay for all electricity, gas, telephone and other utility services used in his or her apartment and arrange for services with the public utility and telephone company (except for utility services that are master-metered in buildings that are master-metered). The [t]Tenant shall obtain and pay for any meters, permits or approvals needed to comply with this provision (other than master meters), as may be required by law.

[(h)] (g) Liability. The DAMP Lessee shall not be responsible to the [t]Tenant or the [tenant's guest] Guest for any loss of property or injury to the [t]Tenant or any other person resulting from theft or any crime in the [Apartment] apartment or elsewhere in the building or for loss or damage to persons or property sustained by smoke, fire or water coming on or being within said [Apartment] apartment or building. The DAMP Lessee shall only be liable for loss, expense or damage to any person or property due to the DAMP Lessee's negligence. The [t]Tenant shall reimburse the DAMP Lessee for any expenses incurred or loss suffered by the DAMP Lessee, as a result of the action or inaction of the [t]Tenant or [the tenant's 'guest] Guest.

[(i)] (h) Entry to Apartment. (1) The DAMP Lessee and its agents may (but shall not be obligated to) enter the [t]Tenant's apartment at any time in case of an emergency, and at any reasonable hour to: repair, inspect, exterminate, improve or perform other work, including rehabilitation to the apartment or building determined to be necessary by the DAMP Lessee. The DAMP Lessee may take into the [t]Tenant's apartment all materials and equipment required for such purposes.

(2) The [t]Tenant shall furnish unhindered access to the DAMP Lessee and its agents to all areas of the [t]Tenant's apartment and building for the purpose of making tests or repairs. If there should be any loss of usable space, the [t]Tenant may request, in writing, a proportionate rent reduction for such loss, provided, however, that such reduction shall only be for the period until the area involved has been restored to the [t]Tenant.

[(j)] (i) Assignment and Sublease. The [t]Tenant may not assign the [t]Tenant's tenancy rights, or the [t]Tenant's lease, or sublet the [t]Tenant's apartment or grant any license as to the whole or any part, without first obtaining the written permission of the DAMP Lessee[, which permission shall not be unreasonably withheld]. If the [t]Tenant shall assign such tenancy rights or such lease or sublet the [t]Tenant's apartment or any part thereof, without the written consent of the DAMP Lessee, the [t]Tenant's tenancy may be terminated. Any permitted assignment of tenancy rights or of the [t]Tenant's lease or sublet of the apartment shall not relieve or release [t]Tenant from any obligations under these Conditions of Tenancy. Any subtenant or assignee shall be bound by and be subject to all the terms of these Conditions of Tenancy. In the event that the [t]Tenant's tenancy rights or lease is terminated for any reason, it shall be the duty of the [t]Tenant to remove any subtenants. The DAMP Lessee may collect [Rent] rent from the assignee, subtenant or occupant if the [t]Tenant fails to pay the rent. The DAMP Lessee shall credit the amount collected against the Rent owed by the [t]Tenant. However, the DAMP Lessee's acceptance of such rent does not change the status of the assignee, subtenant or occupant to that of a direct [t]Tenant of the DAMP Lessee.

[(k)] (j) Notices. Any bill, statement or notice must be in writing. If to the [t]Tenant, it must be delivered or mailed to the [t]Tenant at the [t]Tenant's apartment or such other address as the [t]Tenant designates. If to the DAMP Lessee, it must be mailed to the DAMP Lessee's address.

[(l)] (k) End of Term. At the end of the [lease term] tenancy, the [t]Tenant shall remove all of the [t]Tenant's and the Guest's personal property and leave the [t]Tenant's apartment broom clean and in good condition, subject to ordinary wear and tear. All property and additions which remain after the [t]Tenant leaves the apartment may either be retained by the DAMP Lessee as the DAMP Lessee's property, or be removed by the DAMP Lessee at the [t]Tenant's expense.

[(m)] (l) Liens and Encumbrances. The [t]Tenant shall not mortgage or place or cause to be placed, any liens or encumbrances upon or affecting the fee title or any interest in the apartment or building.

[(n)] (m) Termination. Tenant's lease shall terminate immediately in the event that a [Vacate Order] vacate order is issued by any governmental agency certifying that the building or any part thereof is in a condition which endangers the life, health or safety of the Tenant or other occupants. In the event that the vacate order is rescinded as a result of repairs made to the building or part thereof, while the building is under the jurisdiction of DAMP, the [t]Tenant's tenancy shall be reinstated.

[(o)] (n) Attorneys Fees. Neither the DAMP Lessee nor the [t]Tenant, in any action or summary proceeding, may recover, against the other, attorneys fees or other costs for legal action.

[(p) Destruction, Fire and Other Casualty. If the tenant's apartment is partially damaged or rendered partially unusable by fire or other casualty, without the fault of the tenant or the tenant's guests, structural repairs may, at the DAMP Lessee's option, be made by the DAMP Lessee and the rent, until such repairs are substantially completed, shall be apportioned from the day following the casualty according to the part of the Apartment which is usable.]

[(q)] (o) Application of Arrears. If the [t]Tenant pays to the DAMP Lessee less than the full monthly rent, any subsequent payments shall first be applied to arrears. The DAMP Lessee's acceptance of partial or full payment of rent or failure to insist in any one or more cases upon the strict performance of any of the [t]Tenant's obligations shall not be construed as a waiver or relinquishment for the future of such obligation, right or remedy.

[(r)] (p) Rules [and Regulations]. The [t]Tenant shall observe and comply with such rules as the DAMP Lessee, with HPD's prior approval, may determine are needed for the safety, care and cleanliness of the [t]Tenant's apartment and building and the comfort, quiet and convenience of other occupants of the building[, including but not limited to §21-24(s)].

[(s) Rules of Conduct (1) The entrances, elevators, fire escapes, stairways or halls shall not be blocked by any tenant or used for any purpose other than for entering or leaving the leased apartment and for deliveries in a fast and proper manner.

(2) The water and wash closets and plumbing fixtures shall not be used for any purposes other than for which they were designed or built and no sweepings, rubbish bags, acids or other substances shall be placed in them. The tenant shall be responsible to the DAMP Lessee for any breakage, stoppage or damage resulting from the tenant's violation of this rule.

(3) No carpet, rug or other article shall be hung or shaken out of any window of the building and no tenant shall sweep or throw or permit to be swept or thrown any dirt, garbage or other substances out of the windows or into any of the halls, elevator or elevator shafts. The tenant shall not place any articles outside of tenant's Apartment or outside of the building except in safe containers and only at the places designated by the DAMP Lessee. Tenant shall comply with all laws and regulations of the New York Department of Sanitation with regard to sorting and storing trash and garbage as required for recycling of such materials.

(4) No employees of the DAMP Lessee or HPD shall be denied access to the building by any tenant at any time for any reason.

(5) No aerial may be erected on the roof or exterior walls of the building without the prior written consent of the DAMP Lessee.

(6) The tenant and the tenant's family, guests, servants, employees, agents or visitors shall not at any time or for any reason enter upon or attempt to enter upon the roof of the building except when required to do so in an emergency.

(7) Landlord may retain a passkey to the apartment. The tenant may install on the entrance to his/her apartment, an additional lock of not more than three inches in circumference that is in compliance with law. The tenant may also install a lock on any window, but only in the manner provided by law. Immediately upon making any installation of either type, the tenant shall notify the DAMP Lessee and shall give the DAMP Lessee a duplicate key. If changes are made to the locks or mechanisms installed by the tenant, the tenant must deliver keys to the DAMP Lessee. At the end of this Lease, the tenant must deliver to the DAMP Lessee all keys to all locks remaining on the entrance to his apartment. If the tenant loses or fails to return any keys which were furnished to the tenant, the tenant shall pay to the DAMP Lessee the cost of replacing them.

(8) The tenant, the tenant's family, guests, or visitors shall not make or permit any disturbing noises in his/her apartment or building or permit anything to be done that will interfere with the rights, comforts or convenience of other tenants. Also, the tenant shall not play a musical instrument or operate or allow to be operated a phonograph, radio, television set, or other mechanical device so as to disturb or annoy any other occupant of the Building.

(9) The tenant may not build in, add to, change, or alter the apartment in any way without the DAMP Lessee's prior written consent. Without the DAMP Lessee's prior written consent, the tenant may not install or use in their apartment any of the following: dishwasher machines, clothes washing or drying machines, electric stoves, garbage disposal units, heating, ventilating or air conditioning units or any other equipment which, in the DAMP Lessee's reasonable opinion, will overload the existing electrical wiring installation, plumbing system or structural integrity of the building or interfere with the use of such systems by other tenants of the building. In addition, the tenant may not place water-filled furniture in the Apartment.

(10) The tenant will not engage in objectionable conduct which either (i) makes the apartment or the building less fit to live in for the tenant or other occupants, (ii) interferes with the right of others to properly and peacefully enjoy their apartments, or (iii) causes conditions that are dangerous, hazardous, unsanitary or detrimental to other tenants. If the tenant engages in objectionable conduct, the DAMP Lessee may terminate this Lease.]

Statement of Basis and Purpose. The amended chapter repeals provisions for HPD programs that no longer exist and makes other technical changes to existing rules.

§34-03 Entering the Program.

(a) **Eligible Buildings.** A Building may be eligible for selection for the Program if HPD makes all of the following discretionary determinations:

(1) the Building requires Rehabilitation such that it is not marketable to the private sector in its "as is" condition, and HPD funding is necessary to return the Building to the private sector; and

(2) the performance of Rehabilitation is technically feasible; and

(3) the cost of Rehabilitation is economically reasonable; and

(4) the cost of Rehabilitation is within available HPD resources; and

(5) the Building is a Class A multiple dwelling containing at least three dwelling units; and

(6) at least two of the dwelling units in the Building are Occupied Units; and

(7) the Building has not been designated by HPD for disposition through another program, except to the extent that rules promulgated by HPD for such other program explicitly authorize a withdrawal to participate in the Program; and

(8) the Building has not previously participated in the Program, unless such participation was terminated more than five years prior to the current application.

(b) **Application Procedure: Selection Requirements.**

If HPD has determined that a Building is eligible for the Program and its assignment to the Program is in the best interests of the City, a Tenant Association may apply for selection for the Program by complying with the following standards:

(1) the Tenant Association must submit an application on a form supplied by HPD signed by (i) the Tenants of all of the Occupied Units in a Building containing up to five dwelling units, or (ii) the Tenants of at least sixty percent (60%) of the Occupied Units in a Building containing six or more dwelling units; and

(2) the Tenants of at least fifty per cent (50%) of the Occupied Units must pay one hundred per cent (100%) of the billable rent for their respective dwelling units for the three months immediately prior to the filing of the application and continuously until HPD makes a determination of Selection; and

(3) officers and members of the Tenant Association must attend training classes as directed by HPD; and

(4) the Tenant Association must notify the Tenants of a meeting at which HPD will discuss the Program. Tenants of at least fifty per cent (50%) of the Occupied Units must attend the meeting. If Tenants of less than fifty per cent (50%) of the Occupied Units attend the meeting, the Tenant Association must notify the Tenants of a second meeting. If Tenants of less than fifty per cent (50%) of the Occupied Units attend the second meeting, the Building will not be considered for the Program; and

(5) HPD must determine that the Building can be managed by the Tenant Association.

(c) **Notice of Approval.** If the application has been approved, HPD will notify the Tenant Association of such approval in a written notice by regular mail to the president of the Tenant Association. The notice of approval shall include any notice of an Intake Rent Increase, which shall be implemented thirty (30) days thereafter in accordance with subdivision (f) of this section, and HPD shall send a copy to the Tenants by regular mail. If the application has been rejected, HPD will notify the president of the Tenant Association of such rejection and the reason therefor by regular mail.

(d) **Post-Acceptance Activities.** Upon acceptance of the application and prior to execution of the Tenant Interim Lease, the Tenant Association must:

(1) adopt by-laws and articles of association in a form specified by HPD; and;

(2) elect officers; and

(3) set up a restricted bank account as required by HPD.

(e) **Execution of the Tenant Interim Lease.** After HPD determines that the Tenant Association has complied with all of the requirements set forth in Section 34-03(d) of these Rules, the Tenant Association must sign the Tenant Interim Lease and implement the Intake Rent Increase set by HPD.

(f) **Intake Rent Increases.**

(1) HPD will from time to time establish intake rent levels, expressed as a minimum dollar amount per zoning room, for all dwelling units in Buildings entering the Program. Such intake rent levels will be based upon maintenance and operating expenses in similar buildings. Such intake rent levels and the rationale therefore will be kept on file by HPD and will be available for public inspection.

(2) HPD will issue an intake rent roll to the Tenant Association and will notify the Tenants of the Intake Rent Increase at least thirty (30) days prior to the effective date of the Intake Rent Increase.

§34-04 Program Activities.

(a) **Lease.** Upon acceptance of a Building into the Program, HPD will temporarily lease the Building to the Tenant Association pursuant to the terms of a Tenant Interim Lease. The Tenant Interim Lease shall require the Tenant Association to follow these Rules and all HPD directives. Furthermore, officers and members of the Tenant Association must attend training classes as directed by HPD during the term of the Tenant Interim Lease.

(b) **Residential Vacancies.** If any dwelling unit in the Building is or becomes vacant, the Tenant Association will not sign a lease for such vacant dwelling unit, or allow such vacant dwelling unit to become occupied, without the prior written approval of HPD.

(c) **Tenant Association.** The Tenant Association will comply with the terms of these Rules, the Tenant Interim Lease, and all HPD directives with regard to the leasing or occupancy of vacant dwelling units. Such HPD directives may include, without limitation, (i) procedures and criteria for the selection of new Tenants, (ii) rents to be charged, (iii) priority for persons that HPD has determined are in need of housing, and (iv) the use of specified lists of eligible persons.

(d) **Non-Residential Vacancies.** If any non-residential unit in the Building is or becomes vacant, the Tenant Association will not sign a lease for such vacant non-residential unit, or allow such vacant non-residential unit to become occupied, without the prior written approval of HPD. The Tenant Association will comply with the terms of these Rules, the Tenant Interim Lease, and all HPD directives with regard to the leasing or occupancy of vacant non-residential units. Such HPD directives may include, without limitation, (i) procedures and criteria for the selection of new non-residential tenants, and (ii) rents to be charged.

(e) **Collection of Arrears.** At such time as a Tenant is two months or more in arrears on the payment of rent to the Tenant Association, the Tenant Association may commence a proceeding for such rent arrears and/or for possession of the dwelling unit.

(f) **Legal Proceedings.** The Tenant Association may not commence legal proceedings against Tenants without the prior written approval of HPD, except as specified in Section 34-04(e) of these Rules or in the Tenant Interim Lease. For non-residential tenants, legal proceedings may be commenced by the Tenant Association without prior written approval of HPD upon any default in the lease.

(g) **Tenant Complaints.** The Tenant Association will respond in a timely manner to all Tenant complaints.

(h) **Interim Rent Increases.** During the term of the Tenant Interim Lease, one or more rent increases may be necessary to reflect the actual costs of operating a Building. HPD will from time to time establish an interim rent roll for a Building in the Program reflecting expenses of maintaining and operating the Building.

(1) HPD will prepare a statement of the projected cost of maintaining and operating the Building in the period following the Interim Rent Increase, which statement will reflect actual expenditures, adjusted for inflation on an individual or on a compounded yearly basis, for the maintenance and operation of the Building (including, but not limited to, the cost of fuel, common space utilities, repair and maintenance, supplies, insurance, custodial services, and fees for management and professional services) and any other costs anticipated to be associated with the maintenance and operation of the Building.

(2) HPD will calculate the rent levels necessary to cover the projected cost of maintaining and operating the Building in the period following the Interim Rent Increase, as reflected in such statement, and shall implement an Interim Rent Increase based upon such calculation.

(3) HPD will issue an interim rent roll to the Tenant Association and will notify the Tenants of such Interim Rent Increase at least thirty (30) days prior to the effective date of the new rent.

(4) From the date that Tenants receive notice of the Interim Rent Increase until the effective date of the Interim Rent Increase, (i) HPD will make such statement of maintenance and operating expenses available for public inspection, (ii) any Tenant may comment in writing to HPD regarding the Interim Rent Increase, and (iii) HPD will consider any timely comments received from Tenants.

§34-05 Disposition.

(a) **Disposition Rent Increase.**

(1) Prior to Disposition, HPD will prepare a statement of the projected cost of maintaining and operating the Building in the first year following Disposition, which statement will reflect (i) actual expenditures, adjusted for inflation on an individual or compounded yearly basis, for the maintenance and operation of the Building prior to Disposition (including, but not limited to, the cost of fuel, common space utilities, repair and maintenance, supplies, insurance, custodial services, and fees for management and professional services), (ii) real estate taxes, (iii) water and sewer charges, (iv) contingency reserves, (v) reserves for vacancies and uncollectible debts, and (vi) any other costs anticipated to be associated with the maintenance and operation of the Building.

(2) HPD will calculate the rent levels necessary to cover the projected cost of maintaining and operating the Building in the first year following Disposition, as reflected in such statement, and shall implement a Disposition Rent Increase based upon such calculation.

(3) HPD will issue a disposition rent roll to the Tenant Association and will notify the Tenants of such Disposition Rent Increase at least thirty (30) days prior to the effective date of the new rent.

(4) From the date that Tenants receive notice of the Disposition Rent Increase until the effective date of the Disposition Rent Increase, (i) HPD will make such statement of maintenance and operating expenses available for public inspection, (ii) any Tenant may comment in writing to HPD regarding the Disposition Rent Increase, and (iii) HPD will consider any timely comments received from Tenants.

(b) **Disposition.** HPD will not convey a Building to an HDFC unless:

(1) the Tenant Association has, in the judgment of HPD, satisfactorily managed the Building during the term of the Tenant Interim Lease; and

(2) Tenants of at least eighty per cent (80%) of the Occupied Units have signed subscription agreements to purchase the shares in the HDFC attributable to their dwelling units; and

(3) HPD has notified the Tenants of the Disposition Rent Increase.

§34-06 Rental Assistance.

(a) HPD will assist eligible Tenants in applying for existing rental assistance programs during the period of the Building's participation in the Program. HPD will provide Tenants with applications for section 8 of the United States Housing Act of 1973, as amended, and senior citizen rent increase exemptions, advise Tenants which rental assistance program is most suitable for their individual needs, assist Tenants in completing rental assistance applications, and forward all necessary documentation to the appropriate authority for final review and processing.

(b) Each Tenant who applies for rental assistance is solely responsible for supplying all required documentation and materials necessary to process an application: i.e., attending required interviews with the authority responsible for determining a Tenant's eligibility for rental assistance, providing the necessary income certification and complying with all procedures to process an application.

(c) HPD shall review all applications for rental assistance and make a preliminary determination of a Tenant's eligibility within sixty (60) days of receipt of a completed application. HPD shall promptly notify the Tenant Association and/or HDFC of all applicants for rental assistance and shall forward to the Tenant Association and/or HDFC copies of the applications, letters granting or denying rental assistance, Interim Payment Agreements entered into, and letters extending or terminating Interim Payment Agreements. Upon a finding of preliminary eligibility, HPD will provide the Tenant with an Interim Payment Agreement, which shall be signed by the Tenant, the Tenant Association and/or HDFC, and HPD, before it becomes effective. This Interim Payment Agreement shall include:

(1) the amount of the increased rent for the apartment;

(2) the amount of rent that the Tenant must pay pending the final determination of the rental assistance application;

(3) a statement of the grounds for termination pursuant to subdivision (e) of this section; and

(4) notice to the Tenant that s(he) remains liable for the full amount of the rent retroactive to the effective date of the

increase if, at any time, the rental assistance application is denied by HPD or the Interim Payment Agreement is terminated pursuant to paragraphs one, three or four of subdivision (e) of this section, provided, however, that if the Interim Payment Agreement is terminated pursuant to paragraph one of subdivision (e) of this section, the Tenant shall not be liable for the full amount of the rent increase retroactive to its effective date if s(he) notifies HPD within thirty (30) days of any change in household income which renders the Tenant ineligible for rental assistance.

(d) A Tenant who receives an Interim Payment Agreement will be required to pay the amount which s(he) would pay on a monthly basis if the rental assistance application is approved, or the rent charged prior to implementation of the rent increase, whichever is greater.

(e) The Interim Payment Agreement will terminate one year after the date of issuance or upon the earlier occurrence of any of the following:

(1) any change in the Tenant's household income which renders the Tenant ineligible for rental assistance; or

(2) any change in the rent charged by the City; or

(3) failure by the Tenant to comply with any of the requirements necessary to process the application for rental assistance; or

(4) failure by the Tenant to pay, within thirty (30) days of the date due, the rent payable under the Interim Payment Agreement pursuant to subdivision (d) of this section, unless payment of such rent is being withheld for lack of services which the Tenant has given written notice of to the Tenant Association and/or HDFC; or

(5) receipt by Tenant of rental assistance pursuant to a rental assistance application filed in accordance with this section.

(f) HPD will permit any Tenant who has applied for rental assistance in accordance with subdivision (b) of this section and who has not been provided with an Interim Payment Agreement pursuant to subdivision (c) of this section, to pay a rent increase in stages of $10.00 per room per quarter.

§34-07 **Removal From The Program.** HPD may remove a Building from the Program and terminate the Tenant Interim Lease with respect to such Building if HPD determines that:

(a) there is a default under the Tenant Interim Lease; or

(b) the management of the Building has failed to comply with generally accepted standards of management; or

(c) the Tenant Association has an inadequate record in regard to rent collections; or

(e) the Tenant Association has an inadequate record in regard to timely payment of bills; or

(f) the Tenant Association has failed to comply with HPD reporting requirements as set forth in the Tenant Interim Lease; or

(g) the Tenant Association has failed to comply with HPD directives; or

(h) HPD determines that the Building no longer meets the eligibility requirements of the Program.

(i) for any other reason, it is no longer in the best interests of the City to keep the Building in the Program.

§34-08 **Miscellaneous Provisions.**

(a) **HPD Discretion.** All determinations to be made by HPD in accordance with these Rules will be in the sole discretion of HPD.

(b) **Statutory Authority Not Limited.** Nothing in these Rules will be deemed to limit HPD's authority to act pursuant to applicable laws.

(c) **Method of Notification.** Unless otherwise provided herein, notices to Tenants will be in English and Spanish, and will either be posted in a common area of the Building and affixed to or placed under each dwelling unit door of the Building, or mailed to every occupied dwelling unit in the Building, as determined by HPD.

(d) **Technical Violations.** Provided that there has been a good faith effort to comply with these Rules, technical violations of these Rules will not invalidate any action taken pursuant to these Rules, nor will such technical violations give rise to any rights, claims, or causes of action. HPD, upon good cause shown, may alter the timing or sequence of the actions described in these Rules, provided all affected parties are given reasonable notice.

STATEMENT OF BASIS AND PURPOSE. The purpose of the rules is to set forth the process by which certain City-owned buildings may become tenant-owned low income cooperatives.

NOTICE OF PROPOSED CONDITIONAL NEGATIVE DECLARATION

Notice is hereby given that the New York City Board of Standards and Appeals, as lead agency for the City Environmental Quality Review process pursuant to Executive Order No. 91, as amended, and 6 N.Y.C.R.R., Part 617.6(h)(1)(iv) and 6 N.Y.C.R.R., Part 617.2(h), has determined that the following proposal will not have a significant environmental impact provided that the potential impacts are mitigated as indicated below. A 30-day public comment period commences with this notice.

Application for a BSA variance pursuant to Z.R. §72-21 to permit, in an M1-6 zoning district, the proposed construction of a fourteen-story residential building with a ground level retail use on a site currently occupied by a one-story industrial structure with associated parking and loading docks.

Potential impacts of the proposed action will be mitigated as follows:

1. Based on a review of the archaeological documentary study prepared for the project, the New York City Landmarks Preservation Commission ("LPC") requires the applicant to submit to LPC a scope of work for archaeological field testing for possible mid-19th Century archaeological resources on portions of Lots 29 and 37 (the "Portions"). Once that scope is reviewed and approved by LPC, the applicant shall carry out the approved field testing in accordance with the guidelines of the CEQR Technical Manual. Following the field testing, the need for any further archaeological work for the site shall be determined with LPC and implemented, if necessary. The applicant shall not commence any site grading, excavation, building construction on the Portions of the project site until the field testing is carried out and LPC determines that there are no archaeological concerns.

2. Pursuant to the conditions set forth in a Restrictive Declaration executed for the site on October 18, 2001, the applicant shall prepare and submit to the New York City Department of Environmental Protection ("DEP") a detailed Investigative Protocol for additional soil and groundwater sampling on Lot 37 for the presence of VOCs, SVOCs, PCBs and Priority Pollutant Metals. In addition, the applicant shall also submit with the protocol a site-specific Health and Safety Plan (HASP) and blueprints displaying current grade and sub-grade elevations, pre-construction grade and sub-grade elevations (i.e. – elevator pits, subsurface utilities, etc.) and proposed building plans. Upon DEP's review and approval of the protocol, sampling shall be performed and any further remedial work shall be determined and implemented, subject to review and approval by DEP. The project site is located at 499/509 Greenwich Street, Block 594, Lots 29 and 37, Manhattan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.

In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

FINANCE

■ NOTICE

NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York New York City Charter, I hereby promulgate the within amendment to the Rules Relating to Practice and Procedure before the New York City Department of Finance.

Andrew S. Eristoff
Commissioner of Finance

Section 27-01 of title 19 of the Compilation of the Rules of the City of New York Relating to Practice and Procedure before the Commissioner of Finance, promulgated on April 20, 2000, is amended by adding a new paragraph (h) to read as follows:

(h) **Return Preparer Authorization.** Notwithstanding anything to the contrary in paragraph (1) of subdivision (f) of this section, the Department may establish a procedure under which a taxpayer may, by checking a box on the face of the tax return, authorize the Department to contact the individual signing a tax return as the preparer to answer questions that may arise during the processing of the return solely for the purpose of enabling the Department to complete the initial processing of the return. Under such a procedure, the taxpayer may authorize the preparer of the tax return to give the Department information that is missing from the return, call the Department for information about the processing of the return or the status of a refund claimed on, or payments made with or reported on, the return and respond to certain Department notices that the taxpayer has shared with the preparer about math errors, offsets and return preparation. No such procedure may authorize the Department to send statutory or other notices, or copies of notices, to the preparer. No such procedure may authorize the disclosure by the Department, or by the individual signing the tax return as the preparer, of information relating to substantive issues, including but not limited to, underreporting issues, examination inquiries, and collection notices. The authorization under any such procedure shall be irrevocable but shall automatically expire no later than the due date (without regard to extensions) for the filing of the return for the following year for the same tax, regardless of whether the taxpayer is subject to the same tax in the following year.

BASIS AND PURPOSE OF AMENDMENT

This amendment affects the portion of the Rules Relating to Practice and Procedure before the New York City Department of Finance promulgated April 20, 2000. This amendment modifies the portion of the rules relating to tax information authorization statements to provide that, by checking a box on the taxpayer's return, the taxpayer may authorize the Department to contact the preparer who signed the return for the limited purpose of resolving factual issues relating to the processing of that return. This amendment will facilitate processing of returns without the necessity of obtaining a power of attorney from the taxpayer. This authorization will not cover substantive issues, audit or collection matters with respect to that return.

Andrew S. Eristoff
Commissioner of Finance

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b), 1043 and 1504.4 of the New York City Charter, I hereby promulgate the within Amendments to Rules Relating to Parking Violations, which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by section 1504.4 of the New York City Charter.

Andrew S. Eristoff
Commissioner of Finance

Note: New Matter is underlined; matter to be deleted is in [brackets].

Section 1. Paragraph 4 of subdivision (a) of section 39-07 of chapter 39 of title 19 of the Official Compilation of Rules of the City of New York is amended to read as follows:

(4) Upon failure to either pay in full within 7 days, the amount of fine and penalties fixed by a hearing examiner after a determination sustaining the *charges, or otherwise comply with the provisions of* [§39-10] §39-12 of these rules, the scheduled fine amount shall be restored and additional penalties shall become due in accordance with the amounts set forth in paragraphs (1), (2) and (3) of this subdivision as if there had been no plea or appearance.

STATEMENT OF BASIS AND PURPOSE OF RULE AMENDMENT

The purpose of this amendment is to remedy an incorrect section number cross-reference. The correct section number reference is 39-12, not 39-10 as this section currently provides. A respondent receiving an adverse hearing determination must either pay the amount fixed by a hearing examiner in his or her determination within 7 days or otherwise comply with the provisions of section 39-12 for having an appeal. If the respondent does neither, then the scheduled fine amount shall be restored, and additional penalties become due, as if there had been no hearing.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

HUMAN RESOURCES ADMINISTRATION

CHIEF PROCUREMENT OFFICER (CCPO)

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO)of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

Section 1-02(h)(3), Public Notice
Section 2-10, Supplier Protest
Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratifed this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.

Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

HUMAN RESOURCES ADMINISTRATION

CHIEF PROCUREMENT OFFICER (CCPO)

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO) of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

Section 1-02(h)(3), Public Notice
Section 2-10, Supplier Protest
Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratifed this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the

agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City

University, Board of Education,

Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

n9-d19

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.
All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CHIEF PROCUREMENT OFFICER (CCPO)

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO) of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

Section 1-02(h)(3), Public Notice
Section 2-10, Supplier Protest
Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratifed this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.

Floor area bonus for rehabilitation of existing listed theaters

The Commission by special permit may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a listed theater in Section 81-742 (~~Restriction on demolition of theaters~~) **(Listed Theaters),** in accordance with the provisions of this Section.

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of development

The #development# for which a theater rehabilitation bonus is granted shall be located on the same #zoning lot# as the listed theater.

(2) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major interior structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater which has been designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater #use# of an original

(1) how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;

(2) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict;

(3) whether the bonus #floor area# will unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and

(4) whether the distribution and location of such #floor area# bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the development's #zoning lot# by the regulations of the underlying district, except that in the case of a C6-4, C6-5, or M1-6 underlying District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying District.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.
The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.
The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor prequalification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.
It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions. Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CHIEF PROCUREMENT OFFICER (CCPO)

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO) of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

Section 1-02(h)(3), Public Notice
Section 2-10, Supplier Protest
Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratifed this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.
