TEMPORARY AND LONG TERM PARALEGAL SERVICES – 02599X000121 – DUE 8-17-98 AT 5 PM – The City of New York Law Department ("Department") intends to enter into negotiations with one or more qualified firms to award one or more contracts for the provision of temporary and long term paralegal services in support of litigation. Contract award will be by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals and that it is not in the best interest of the City, and because award of the contract by Negotiated Acquisition is justified. The Department seeks Expressions of Interest from organizations regularly engaged in providing a high volume of temporary and long term Paralegal personnel to large law firms, legal departments or government agencies having at least 100 attorneys on staff. All Expressions of Interest must be submitted on the Department's Statement of Qualifications ("SOQ") form, which can be picked up at the Fourth Floor East Reception Desk, New York City Law Department, 100 Church Street, New York, N.Y. 10007, between the hours of 9:00 AM and 5:00 PM, Monday through Friday, from August 5, 1998 through August 17, 1998. Completed SOQs must be submitted to Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 3-185, New York, N.Y. 10007, no later than the due date specified in this notice.

■ NOTICE

NOTICE OF EXTENSION ON THE PUBLIC REVIEW AND COMMENT PERIOD FOR NYCDOT'S DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR LEAD PAINT REMOVAL OPERATIONS ON NYCDOT BRIDGES

The New York City Department of Transportation (NYCDOT) has prepared a Draft Environmental Impact Statement (DEIS) analyzing the potential effects of abrasive blasting and alternative methods of lead paint removal on public health and the environment, and the adequacy of the proposed containment system to protect against such effects during paint removal activities on NYCDOT bridges.

In response for additional opportunities for the public to review and comment on the DEIS for Paint Removal Operations on NYCDOT Bridges, NYCDOT has extended the public review and comment period from July 30, 1998 to August 24, 1998. Written comments will be accepted by the lead agency on or before August 24, 1998 and should be sent to the Office of Project Analysis/CEQR, New York City Department of Transportation, 40 Worth Street, New York, NY 10013, ATN: Naim Rasheed, Director, Tel: (212) 676-1680, Fax: (212) 442-7912.

The full DEIS is available for public review at NYCDOT's Office of Project Analysis/CEQR and at the NYC Office of Environmental Coordination, Municipal Building, 25th Floor, New York, NY 10007.

CHARTER REVISION COMMISSION

■ NOTICE

The New York City Charter Revision Commission seeks comments from the public on a proposal to amend the New York City Charter to improve the City's campaign finance system. The proposal is intended to ensure the independence of the Campaign Finance Board, prevent corruption by banning campaign contributions from groups doing business with the City and reduce the influence of "soft money" in New York City elections. The text of the proposal is available from the Charter Revision Commission's office and will also be posted on its Internet site.

The Commission will hold two public hearings to hear public testimony on these proposed reforms. The Commission will then hold a public meeting to debate the proposed Charter amendments and make a recommendation to the voters for placement on the November ballot.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● *Mayor's Office of Contracts,* Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*
Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RFEI - GOVERNOR'S ISLAND – CP/2 – DUE 9-11-98 AT 3 PM – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Expressions of Interest (RFEI) for the redevelopment of Governor's Island, which is located off the southern tip of Manhattan in New York's Upper Bay. EDC is preparing a comprehensive redevelopment plan and is inviting expressions of interest regarding all areas of the Island; acceptable uses include: residential, commercial, educational, recreational and entertainment. The Island is 172 acres. The northern half consists of 102 buildings on 90 acres and is designated as an Historic District. The southern 82 acres were built on landfill and offer the greatest potential for supporting new construction. Most recently, the island was occupied by the U.S. Coast Guard and housed a community of 4,000 military personnel and family members. Submission guidelines and requirements are outlined within the RFEI, which is available from EDC. All requests should be directed to Cheryl Elmore at 212-312-3969. If contacting her by e-mail at info@newyorkbiz.com. please use code 005-GI in the subject line. TEMPORARY AND LONG TERM PARALEGAL SERVICES – 02599X000121 – DUE 8-17-98 AT 5 PM – The City of New York Law Department ("Department") intends to enter into negotiations with one or more qualified firms to award one or more contracts for the provision of temporary and long term paralegal services in support of litigation. Contract award will be by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals and that it is not in the best interest of the City, and because award of the contract by Negotiated Acquisition is justified. The Department seeks Expressions of Interest from organizations regularly engaged in providing a high volume of temporary and long term Paralegal personnel to large law firms, legal departments or government agencies having at least 100 attorneys on staff. All Expressions of Interest must be submitted on the Department's Statement of Qualifications ("SOQ") form, which can be picked up at the Fourth Floor East Reception Desk, New York City Law Department, 100 Church Street, New York, N.Y. 10007, between the hours of 9:00 AM and 5:00 PM, Monday through Friday, from August 5, 1998 through August 17, 1998. Completed SOQs must be submitted to Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 3-185, New York, N.Y. 10007, no later than the due date specified in this notice.

AGENCY RULES

LOCAL LAWS 1998

LOCAL LAWS OF THE CITY OF NEW YORK

FOR THE YEAR 1998

No. 24

Introduced by Council Members Spigner, Cruz, Malave-Dilan, Warden and Provenzano (by request of the Mayor); also Council Members Duane, Eisland and Povman.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to exemption from taxation of alterations and improvements to certain condominiums which are part of a planned community.

Be it enacted by the Council as follows:

Section 1. Section 11-243 of the administrative code is amended by adding a new subdivision d-1 to read as follows:

d-1. (1) A group of multiple dwellings which was developed as a planned community and which is owned as two separate condominiums containing a total of ten thousand or more dwelling units shall be eligible for tax exemption and abatement as provided in this subdivision.

(2) any increase in assessed valuation resulting from alterations or improvements financed with substantial governmental assistance to one or more multiple dwellings in a planned community described in paragraph one of this subdivision shall be exempt from taxation for local purposes. Such exemption shall be equal to the increase in the valuation which is subject to exemption under this paragraph for thirty years. After such period of time, the amount of such exempted assessed value shall be reduced by twenty percent in each succeeding year until the assessed value of the alterations or improvements is fully taxable. Such exemption may commence at the beginning of any tax quarter subsequent to the start of such alterations or improvements. In no event shall such alterations or improvements directly or indirectly result in an equalization increase in the assessed valuation of any multiple dwelling forming part of the planned community where such alterations or improvements are performed.

(3) the taxes on a planned community described in paragraph one of this subdivision, including the land, may be abated by an amount not to exceed the greater of (i) one hundred fifty per centum of the certified reasonable cost of the alterations or improvements, as determined under the rules of the department of housing preservation and development, and (ii) the construction cost of the alterations or improvements identified in such rules. Such abatement shall not be effective for more than twenty years and the annual abatement of taxes in any consecutive twelve-month period shall not be greater than ten per centum of the total abatement granted and shall not exceed the amount of taxes payable in such consecutive twelve-month period. Such abatement shall begin no sooner than the first quarterly tax bill immediately following the completion of such alterations or improvements. The limitations set forth in the second paragraph of paragraph three of subdivision d of this section for multiple dwellings, buildings and structures owned as condominiums shall be inapplicable to benefits granted pursuant to this subdivision. Abatement benefits granted pursuant to this subdivision shall be apportioned among all of the condominium tax lots within the condominium in which the alterations or improvements are made, although such alterations or improvements may have been made to one or fewer than all of the multiple dwellings therein.

(4) in the event that multiple alterations or improvements are undertaken in a planned community described in paragraph one of this subdivision and separate applications for benefits therefor are made, all requirements concerning physical condition of and compliance with law by the multiple dwellings in such planned community shall apply only upon completion of all such alterations or improvements, provided that all such alterations or improvements are completed within six years.

(5) except as provided in this subdivision, all of the requirements imposed by this section on projects described in subdivision b of this section shall be applicable to alterations or improvements granted benefits pursuant to this subdivision.

(6) this subdivision shall be applicable only to alterations or improvements completed prior to December thirty-first, two thousand five.

(7) Alterations and improvements receiving tax benefits under this subdivision shall not be used as the basis of an application for a major capital improvement rent increase under state laws governing rent control and rent stabilization, provided, however, that such alterations and improvements may be eligible for a major capital improvement increase in an amount not to exceed the amount of the decrease in rents that occurs as a result of the installation of individual electrical metering for the residential units. Such major capital improvement increase shall be implemented on a per unit basis.

§ 2. This local law shall take effect immediately.

LOCAL LAWS OF THE CITY OF NEW YORK

FOR THE YEAR 1998

No. 25

Introduced by Council Member Berman; also Council Member Lasher.

A LOCAL LAW

In relation to the submission of the preliminary budget and executive budget.

Be it enacted by the Council as follows:

Section 1. Section 236 of the New York city charter, as added by vote of the electors on November 7, 1989, is amended to read as follows:

§ 236. **Submission of the preliminary budget.** Not later than the sixteenth day of January, the mayor shall submit to the council and publish a preliminary budget for the ensuing fiscal year. Copies of such budget shall be provided to the council, borough presidents, each community board and borough board, the city planning commission, and the department of city planning. *Beginning in calendar year 1999 and every calendar year thereafter, a copy of such preliminary budget shall also be provided to the council not later than the sixteenth day of January on floppy disks having dimensions of three and one-half inches or on CD Roms. Such floppy disks or CD Roms shall be in a readable ascii format or readable Lotus or Excel spread sheet format or any other format mutually agreed upon between the mayor and the council.*

§ 2. Subdivision a of section 249 of the New York city charter is amended to read as follows:

a. Not later than the twenty-sixth day of April, the mayor shall submit to the council (1) a proposed executive budget for the ensuing fiscal year, and (2) a budget message, both of which, along with any accompanying reports and schedules, shall be printed forthwith. *Beginning in calendar year 1998 and every calendar year thereafter, copies of such proposed executive budget, budget message and any accompanying reports and schedules shall also be provided to the council not later than the twenty-sixth day of April on floppy disks having dimensions of three and one-half inches or on CD Roms. Such floppy disks or CD Roms shall be in a readable ascii format or readable Lotus or Excel spread sheet format or any other format mutually agreed upon between the mayor and the council.*

LOCAL LAWS OF THE CITY OF NEW YORK

FOR THE YEAR 1998

No. 26

Introduced by Council Members Cruz, Linares, Rivera and Finkett; also Council Members Michels, Koslowitz, and Lasher.

A LOCAL LAW

To amend the administrative code of the City of New York, in relation to the New York city collective bargaining law.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 12-303 of the administrative code of the city of New York is amended to read as follows:

1. The term "certified employee organization" shall mean any public employee organization: (1) certified by the board of certification as the exclusive bargaining representative of a bargaining unit determined to be appropriate for such purpose; (2) recognized as such exclusive bargaining representative by a public employer [other than a municipal agency] *in conformity with the rules set forth in the office of collective bargaining rules of practice and procedure*; or (3) recognized by a municipal agency, or certified by the department of labor, as such exclusive bargaining representative prior to the effective date of this chapter, unless such recognition has been or is revoked or such certificate has been or is terminated.

§ 2. Subdivision c of section 12-304 of the administrative code of the city of New York is amended to read as follows:

c. any other public employer, and to the public employees and public employee organizations thereof, upon the election by the public employer or the head thereof by executive order of the chief executive officer to make this chapter applicable, subject to approval by the mayor, provided, however, that any such election by the New York city board of education shall not include any [employee appointed through the board of examiners of the New York city board of education] *teacher as defined in section 13-501 of the administrative code or any employee who works in that capacity* or any para-professional employees with teaching functions; and

§ 3. Section 12-305 of the administrative code of the city of New York is amended to read as follows:

§ 12-305 **Rights of public employees and certified employee organizations.** Public employees shall have the right to self-organization, to form, join or assist public employee organizations, to bargain collectively through certified employee organizations of their own choosing and shall have the right to refrain from any or all of such activities. However, neither managerial nor confidential employees shall constitute or be included in any bargaining unit, nor shall they have the right to bargain collectively; provided, however, that *public employees shall be presumed eligible for the rights set forth in this section, and no employee shall be deprived of these rights unless, as to such employee, a determination of managerial or confidential status has been rendered by the board of certification; and provided further, that* nothing in this chapter shall be construed to: (i) deny to any managerial or confidential employee his or her rights under section fifteen of the civil rights law or any other rights; or (ii) prohibit any appropriate official or officials of a public employer as defined in this chapter to hear and consider grievances and complaints of managerial and confidential employees concerning the terms and conditions of their employment and to make recommendations thereon to the chief executive officer of the public employer for such action as such chief executive officer shall deem appropriate. A certified or designated employee organization shall be recognized as the exclusive bargaining representative of the public employees in the appropriate bargaining unit.

§ 4. Paragraph (4) of subdivision a of section 12-306 of the administrative code of the city of New York is amended and a new paragraph (5) is added to read as follows:

(4) to refuse to bargain collectively in good faith on matters within the scope of collective bargaining with certified or designated representatives of its public employees [.]*;*

(5) to unilaterally make any change as to any mandatory subject of collective bargaining or as to any term and condition of employment established in the prior contract, during a period of negotiations with a public employee organization as defined in subdivision d of section 12-311 of this chapter.

§ 5. Paragraph (2) of subdivision b of section 12-306 of the administrative code of the city of New York is amended and a new paragraph (3) is added to read as follows:

(2) to refuse to bargain collectively in good faith with a public employer or on matters within the scope of collective bargaining provided the public employee organization is a certified or designated representative of public employees of such employer [.]*;*

(3) to breach its duty of fair representation to public employees under this chapter.

§ 6. Section 12-306 of the administrative code of the city of New York is amended by adding new subdivisions d and e to read respectively as follows:

d. Joinder of parties in duty of fair representation cases. The public employer shall be made a party to any charge filed under paragraph three of subdivision b of this section which alleges that the duly certified employee organization breached its duty of fair representation in the processing of or failure to process a claim that the public employer has breached its agreement with such employee organization.

e. A petition alleging that a public employer or its agents or a public employee organization or its agents has engaged in or is engaging in an improper practice in violation of this section may be filed with the board of collective bargaining within four months of the occurrence of the acts alleged to constitute the improper practice or of the date the petitioner knew or should have known of said occurrence. Such petition may be filed by one or more public employees or any public employee organization acting on their behalf, or by a public employer, together with a request to the board for a final determination of the matter and for an appropriate remedial order.

§ 7. The introductory paragraph of subdivision a of section 12-307 of the administrative code of the city of New York and paragraph (1) of such subdivision are amended to read as follows:

a. Subject to the provisions of subdivision b of this section and subdivision c of section 12-304 of this chapter, public employers and certified or designated employee organizations shall have the duty to bargain in good faith on wages (including but not limited to wage rates, pensions, health and welfare benefits, uniform allowances and shift premiums), hours (including but not limited to overtime and time and leave benefits), working conditions and provisions for the deduction from the wages or salaries of employees in the appropriate bargaining unit who are not members of the certified or designated employee organization of *an agency shop fee to the extent permitted by law, but in no event exceeding* sums equal to the periodic dues uniformly required of its members by such certified or designated employee organization and for the payment of the sums so deducted to the certified or designated employee organization, subject to applicable state law, except that:

(1) with respect to those employees whose wages are determined under section two hundred twenty of the labor law, [there shall be no] *the* duty to bargain [concerning those matters determination of which is provided for] in *good faith over wages and supplements shall be governed by* said section;

§ 8. Subdivision b of section 12-307 of the administrative code of the city of New York is amended to read as follows:

b. It is the right of the city, or any other public employer, acting through its agencies, to determine the standards of services to be offered by its agencies; determine the standards of selection for employment; direct its employees; take disciplinary action; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of governmental operations; determine the methods, means and personnel by which government operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work. Decisions of the city or any other public employer on those matters are not within the scope of collective bargaining, but, notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on [employees, such as] *terms and conditions of employment, including, but not limited to,* questions of workload [and manning], *staffing and employee safety,* are within the scope of collective bargaining.

§ 9. The title of section 12-308 of the administrative code of the city of New York and subdivision a of such section are amended to read as follows:

§ 12-308 **Judicial review and enforcement of a final order of the board of collective bargaining** [relating to an improper practice] ***or the board of certification.***

a. Any order of the board *of collective bargaining or the board of certification* [with respect to any improper practice specified in section 12-306 of this chapter] shall be (1) reviewable under article seventy-eight of the civil practice law and rules upon petition filed by an aggrieved party within thirty days after service by registered or certified mail of a copy of such order upon such party, and (2) enforceable by the supreme court in a special proceeding, upon petition of the board *of collective bargaining, board of certification or any aggrieved party.*

§ 10. Paragraph (6) of subdivision a of section 12-309 of the administrative code of the city of New York, is amended to read as follows:

(6) to *hold hearings and* compel the attendance of witnesses and the production of documents;

§ 11. Paragraphs (4) and (5) of subdivision b of section 12-309 of the administrative code of the city of New York, are renumbered as (5) and (6) respectively, and a new paragraph (4) is added to read as follows:

(4) to determine whether specified public employees are managerial or confidential within the meaning of subdivision seven of section two hundred one of the civil service law and thus are excluded from collective bargaining;

§ 12. Subdivision d of section 12-310 of the administrative code of the city of New York is amended to read as follows:

d. **[Adoption]** ***Promulgation*** **of rules.** [Prior to the adoption of any rule by the board of collective bargaining or the board of certification, the proposed text of such rule shall be published in the City Record and a public hearing shall be conducted upon at least ten day's notice at which interested parties may state their views concerning such rule.] *Rules and amendments to rules promulgated by the board of collective bargaining or the board of certification shall be in conformity with the requirements of chapter forty-five of the city charter.*

§ 13. Paragraph (2) of subdivision c of section 12-311 of the administrative code of the city of New York is amended to read as follows:

(2) If the board of collective bargaining, upon recommendation of the director, determines that collective bargaining negotiations (with or without mediation) between a public employer and a certified or designated employee organization have been exhausted, and that the conditions are appropriate for the creation of an impasse panel, it shall promptly instruct the director to appoint such a panel. The director may also appoint an impasse panel upon request of both parties. In appointing a panel, the director shall submit to the parties a single list of seven persons from the register of impasse panel members, and each party shall inform the director of its preferences. To the extent the preferences disclose agreement, the person or persons agreed upon shall be appointed to the impasse panel; to the extent the preferences are not in agreement, the director shall proceed to designate the members of such panel from the register. Each party may at its own expense designate a consultant to an impasse panel, who shall be available to the panel for assistance. [The director shall give notice of the appointment of the impasse panel together with a statement of the issues to be submitted to the panel to the financial control board as constituted by chapter two hundred one of the laws of nineteen hundred seventy-eight.]

§ 14. The title of section 12-314 of the administrative code of the city of New York and subdivision a of section 12-314 of such code are amended to read as follows:

§ 12-314 **Special provisions relating to** ***initial*** **certification.** a. Any employee organization which (1) discriminates with regard to the terms and conditions of membership because of race, color, creed, *religion, disability, gender, sexual orientation, age,* or national origin, or (2) is engaged in or advocates the violent overthrow of the government of the United States or of any state or any political subdivision thereof shall be ineligible for certification as an exclusive bargaining representative. *For purposes of this section, the finding of a court or an administrative tribunal of competent jurisdiction that an employee organization has engaged in discrimination upon one of the above bases in a particular case shall not be dispositive of the question of that employee organization's eligibility for certification unless it is also found that the employee organization has engaged in a pattern or practice of such discrimination generally.*

§ 15. This local law shall take effect immediately.

LOCAL LAWS OF THE CITY OF NEW YORK

FOR THE YEAR 1998

No. 27

Introduced by the Speaker (Council Member Vallone) and Council Members Duane, DiBrienza, Freed, Pinkett, Berman, Reed, Robles, Eisland, Lopez, McCaffrey, Rivera, Koslowitz, Fisher, Watkins, Eldridge, Sabini, Miller, Eristoff, Malave-Dilan, Espada, Henry, Michels, Perkins, White, Linares and Cruz and the Public Advocate (Mr. Green) (by request of the Mayor); also Council Members Carrion, Clarke, Foster, Harrison, Leffler, Marshall, O'Donovan and Robinson.

A LOCAL LAW

To amend the charter and administrative code of the city of New York, in relation to domestic partners.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative intent and findings. Mayoral Executive Orders spanning the past two administrations have established several rights and procedures relative to domestic partnerships, including a procedure for City residents to register their domestic partnerships in the office of the City Clerk. Such orders have further provided, among other things, that (i) registered domestic partners are eligible for visitation rights in City hospitals and correction facilities; (ii) City employees with registered domestic partnerships are eligible for child care leave and bereavement leave on the same basis as those benefits are afforded to employees with regard to their spouses; and (iii) registered domestic partnership is evidence of the right to succession to tenancy rights in facilities operated by the New York City housing authority and the department of housing preservation and development. By the end of April 1998, there were approximately 8,700 couples registered as domestic partners in New York City. More than 55% of those registered domestic partners were heterosexual couples, and less than 45% were same sex couples. Almost forty percent of registered domestic partnerships have accessed City health benefits available to partners of City employees and retirees.

The Council hereby finds that the provisions of those executive orders (Executive Order No. 48, dated January 7, 1993 and Executive Order No. 49, dated January 7, 1993) should now be enacted into local law and that, consistent with the intent of such orders and subject to any applicable federal or state law, the various provisions applicable to spouses in the charter and administrative code of the City of New York, as specified herein, should now be extended to domestic partners. The Council further notes that concurrent with the enactment of this legislation, agencies will be amending their rules and completing a review of agency policies and practices to effectuate that intent regarding domestic partners.

§ 2. Chapter 2 of Title 3 of the administrative code of the city of New York is amended by adding a new subchapter 3, entitled domestic partnerships, to read as follows:

Subchapter 3. Domestic Partnerships

§ 3-240. As used in this section, the following terms shall have the following meanings:

a. "Domestic partners" shall mean persons who have a registered domestic partnership, which shall include any partnership registered pursuant to this chapter, any partnership registered in accordance with executive order number 123, dated August 7, 1989, and any partnership registered in accordance with executive order number 48, dated January 7, 1993. Nothing in this code shall affect a partnership that has been registered pursuant to either such executive order and has not been terminated in accordance with such executive orders or this chapter.

b. "Registry of domestic partnerships" shall mean the registry maintained by the city clerk pursuant to this chapter, and shall include all domestic partnerships registered by the city clerk pursuant to executive order number 48, dated January 7, 1993, and all domestic partnerships registered with the former department of personnel pursuant to executive order number 123, dated August 7, 1989. Within ten days of the effective date of the local law that added this definition, the department of citywide administrative services shall transfer to the city clerk the records of domestic partnerships registered with the former department of personnel.

c. "Affidavit of domestic partnership" shall mean an affidavit prepared by the office of the city clerk in accordance with rules adopted by the city clerk.

§ 3-241. Domestic partnership registration. a. A domestic partnership may be registered by two people who meet all of the following conditions:

1. Either: (a) both persons are residents of the city of New York or (b) at least one partner is employed by the city of New York on the date of registration;

2. Both persons are eighteen years of age or older;

3. Neither of the persons is married;

4. Neither of the persons is a party to another domestic partnership, or has been a party to another domestic partnership within the six months immediately prior to registration;

5. The persons are not related to each other by blood in a manner that would bar their marriage in the state of New York;

6. The persons have a close and committed personal relationship, live together and have been living together on a continuous basis.

b. In order to register, persons shall execute an affidavit of domestic partnership and submit it to the city clerk, who shall maintain a registry of domestic partnerships. Both parties to the partnership shall be present when the affidavit is submitted.

c. Except when one of the parties is confined to a prison, in a hospital or other health care facility, or is unable to travel to the office of the city clerk because of a disability, the affidavits shall be submitted to the city clerk at the office of the city clerk. The city clerk may adopt such rules as are necessary to implement the domestic partnership registration program. Such rules shall include provisions necessary to provide for the registration of domestic partners when one of the partners is in prison or unable to travel, which shall be equivalent to the rules applicable to persons in such circumstances who apply for a marriage license.

§ 3-242. a. Termination of domestic partnership. If either party or both parties to a registered domestic partnership determines that the partnership has terminated, one of the partners shall file a termination statement with the city clerk. The person filing the termination statement shall declare that the domestic partnership is terminated and, if the termination statement has not been signed by both domestic partners, that the other domestic partner has been notified of such termination by registered mail, return receipt requested.

b. A domestic partnership shall terminate whenever one of the parties to the partnership marries.

§ 3-243. Confidentiality of domestic partnership information. The city clerk shall establish procedures to ensure the confidentiality of information in the registry of domestic partnerships.

a. In the ordinary course of business, such records shall be released only:

1. To the parties to the domestic partnership;

2. To individuals presenting written authorization from one of the parties to the domestic partnership;

3. To attorneys in cases where such records are required as evidence in a legal proceeding.

b. The following restrictions shall not apply to records that are at least fifty years old, or to records where both parties to the domestic partnership are deceased:

1. Where a party to the domestic partnership sends a third party to obtain their domestic partnership record without a letter of authorization, the third party may make the request and pay any applicable fee if the third party consents to having the record mailed directly to the party to the domestic partnership. The record shall not be released directly to the unauthorized third party.

2. If a person requires information concerning the prior history of domestic partnerships of a person who is that person's domestic partner or spouse or prospective domestic partner or spouse, the office of the City Clerk shall, upon receiving adequate assurance that such person's interest is as described in this paragraph, payment of the appropriate fee, and the furnishing of an approximate date of the registration of the partnership and sufficient information to search under at least one party's name, confirm only the fact of a prior domestic partnership by a "yes" or "no" answer.

c. Nothing herein shall be construed to prohibit the publication of statistics pertaining to domestic partnerships which have been registered by the city clerk, provided that appropriate measures are taken to prevent identification of persons registered.

§ 3-244. Certificate of domestic partnership registration. The city clerk shall issue a certificate of domestic partnership registration to persons who have registered pursuant to this subchapter. Such a certificate shall constitute notice of a registered domestic partnership when persons apply for rights or benefits available to domestic partners, including but not limited to:

a. Bereavement leave and child care leave of absence for city employees;

b. Visitation in city correctional and juvenile detention facilities;

c. Visitation in facilities operated by the New York City health and hospitals corporation;

d. Eligibility to qualify as a family member to be added by the New York City housing authority to an existing tenancy as a permanent resident;

e. Eligibility to qualify as a family member entitled to succeed to the tenancy or occupancy rights of a tenant or cooperator in buildings supervised by or under the jurisdiction of the department of housing preservation and development;

f. Health benefits provided by the city to city employees and retirees and eligible members of their families, pursuant to stipulation or collective bargaining;

g. Such other rights or benefits as may be established pursuant to applicable law.

§ 3. Section 1150 of the New York city charter is amended by adding a new subdivision 13, to read as follows:

13. The term "domestic partner" shall mean persons who have a registered domestic partnership pursuant to section 3-240 of the administrative code, a domestic partnership registered in accordance with executive order number 123, dated August 7, 1989, or a domestic partnership registered in accordance with executive order number 48, dated January 7, 1993.

§ 4. Paragraph 3 of subdivision a of section 111 of the New York city charter, as added by vote of the electorate on November 7, 1989, is amended to read as follows:

3. Require each member of its governing board to submit to the agency each year a disclosure statement including such member's name, home address, principal occupation and business interests from which such member or such member's spouse *or domestic partner* received income equal to or greater than ten per cent of their aggregate gross income during the previous year.

§ 5. Subdivisions 5, 6, 16 and 21 of section 2601 of the New York city charter, as added by vote of the electorate on November 8, 1988, are amended to read as follows:

5. A person or firm "associated" with a public servant includes a spouse, *domestic partner,* child, parent or sibling; a person with whom the public servant has a business or other financial relationship; and each firm in which the public servant has a present or potential interest.

6. "Blind trust" means a trust in which a public servant, or the public servant's spouse, *domestic partner,* or unemancipated child, has a beneficial interest, the holdings and sources of income of which the public servant, the public servant's spouse, *domestic partner,* and unemancipated child have no knowledge, and which meets requirements established by rules of the board, which shall include provisions regarding the independent authority and discretion of the trustee, and the trustee's confidential treatment of information regarding the holdings and sources of income of the trust.

16. "Ownership interest" means an interest in a firm held by a public servant, or the public servant's spouse, *domestic partner,* or unemancipated child, which exceeds five percent of the firm or an investment of twenty-five thousand dollars in cash or other form of commitment, whichever is less, or five percent or twenty-five thousand dollars of the firm's indebtedness, whichever is less, and any lesser interest in a firm when the public servant, or the public servant's spouse, *domestic partner,* or unemancipated child exercises managerial control or responsibility regarding any such firm, but shall not include interests held in any pension plan, deferred compensation plan or mutual fund, the investments of which are not controlled by the public servant, the public servant's spouse, *domestic partner,* or unemancipated child, or in any blind trust which holds or acquires an ownership interest. The amount of twenty-five thousand dollars specified herein shall be modified by the board pursuant to subdivision a of section twenty-six hundred three.

21. *a.* "Spouse" means a husband or wife of a public servant who is not legally separated from such public servant.

b. "Domestic partner" means persons who have a registered domestic partnership pursuant to section 3-240 of the administrative code, a domestic partnership registered in accordance with executive order number 123, dated August 7, 1989, or a domestic partnership registered in accordance with executive order number 48, dated January 7, 1993.

§ 6. Subparagraph (a) of paragraph 15 of subdivision a of section 2903 of the New York city charter, as amended by local law number 43 for the year 1995, is amended to read as follows:

(a) The commissioner shall issue a special vehicle identification parking permit to a New York city resident who requires the use of a private automobile for transportation and to a non-resident who requires the use of a private automobile for transportation to a school in which such applicant is enrolled or to a place of employment, when such person has been certified by the department of health or a provider designated by the department or the department of health, who shall make such certification in accordance with standards and guidelines prescribed by the department or the department of health, as having a permanent disability seriously impairing mobility. A permit shall be issued to such person upon his or her application. A permit shall also be issued to such person upon application made on such person's behalf by a parent, spouse, *domestic partner,* guardian or other individual having legal responsibility for the administration of such person's day to day affairs. Any vehicle displaying such permit shall be used exclusively in connection with parking a vehicle in which the person to whom it has been issued is being transported or will be transported within a reasonable period of time. Such permit shall not be transferable and shall be revoked if used on behalf on any other person. Any abuse by any person to whom such permit has been issued of any privilege, benefit or consideration granted pursuant to such permit, shall be sufficient cause for revocation of said permit.

§ 7. Section 1-112 of the administrative code of the city of New York is amended by adding a new subdivision 21 to read as follows:

21. The term "domestic partner" shall mean persons who have a registered domestic partnership pursuant to section 3-240 of the administrative code, a domestic partnership registered in accordance with executive order number 123, dated August 7, 1989, or a domestic partnership registered in accordance with executive order number 48, dated January 7, 1993.

§ 8. Subdivision a of section 3-204.2 of the administrative code of the city of New York, as amended by local law number 59 for the year 1996, is amended to read as follows:

(a) The city clerk, clerk of the council shall have the power at the request of any member of the council who shall hereafter resign or whose term of office shall hereafter terminate, or a surviving spouse *or domestic partner* of such member, to sell and transfer to such member or to such surviving spouse *or domestic partner* the chair last occupied by such member in the councilmanic chamber for the sum of [thirtyfive] *thirty-five* dollars, depositing any monies received from such sale with the commissioner of finance; provided however, that a written request therefor accompanied by the payment herein provided be submitted to the city clerk, clerk of the council within sixty days after any such resignation or termination of term of office. The commissioner of citywide administrative services shall upon notice from the city clerk, clerk of the council make prompt replacement of such chair so transferred or sold.

§ 9. Sections 3-401, 3-402, 3-403, 3-404 and 3-405 of the administrative code of the city of New York, section 3-402 as amended by local law number 2 for the year 1997, are amended to read as follows:

§ 3-401 Awards to spouses of killed firefighters, police officers and transit police officers. The [board of estimate] *mayor* is authorized and empowered to make an award to the spouse *or domestic partner* of a member of the uniformed force of the police department, fire department or uniformed transit police force, maintained by the New York city transit authority, killed while engaged in the discharge of duty. Such award shall equal the annual salary of such member at the time of death, but in no case less than the full salary payable to a first grade police officer, firefighter or transit police officer at the date of death of such employee.

In case there shall be no spouse *or domestic partner* surviving such member, the award shall be made to the minor child or children surviving such member. In case there shall be no spouse *or domestic partner* nor child nor children so surviving the award may be made to the dependent mother, father, or other dependents of such member. Such award shall be made in one payment as soon after the death of such member as may be possible and shall be in addition to any pension, award or other allowances authorized by law.

§ 3-402 Awards to surviving spouses *and domestic partners* of members of the uniformed correctional and sanitation forces. The mayor is hereby authorized and empowered to make an award to the surviving spouse *or domestic partner* of a member of the uniformed correctional force or the uniformed sanitation force, employed by the department of correction in any prison or jail under control of the city, or any county within the city, or employed by the department of sanitation, who has been or hereafter shall be killed while engaged in the discharge of duty. Such award shall be fixed in the discretion of the mayor. In case there be no surviving spouse *or domestic partner* surviving the decedent, such award shall be made to the minor child or children surviving the decedent. Such award shall be paid in one payment as soon after the death of such member of the uniformed correctional or sanitation force as may be possible and shall be in addition to any pension, award or other allowance authorized by law.

§ 3-403 Awards to spouses *and domestic partners* of school crossing guards. The [board of estimate] *mayor* is hereby authorized and empowered to make an award to the spouse *or domestic partner* of a school crossing guard, appointed as such by the police commissioner pursuant to the provisions of section 14-118 of this code, who has been or hereafter shall be killed while engaged in the discharge of duty. Such award shall equal the annual compensation earnable by a school crossing guard as provided for in the budget for the fiscal year in which death occurs. In case there [by] *be* no spouse *or domestic partner* surviving the decedent, such award shall be made to the minor child or children surviving such decedent. Such award shall be paid in one payment as soon after the death of such school crossing guard as may be possible and shall be in addition to any pension, award, or other allowance authorized by law.

§ 3-404 Awards to spouses *and domestic partners* of officers or employees of the city. The [board of estimate] *mayor* is hereby empowered to make an award to the spouse *or domestic partner* of any officer or employee of the city who was heretofore or shall hereafter be killed while engaged in the discharge of duty and who, at the time of death, was not or shall not have been a member of a retirement system or pension fund maintained by the city or supported in whole or in part by city funds. Such award shall equal the annual compensation earnable by such officer or employee as provided by law or in the budget for the fiscal year in which death occurs.

In case there shall be no spouse *or domestic partner* surviving the decedent, the award shall be made to the minor child or children of such decedent. In case there shall be no spouse, *domestic partner*, or child or children so surviving, the award shall be made to the dependent mother, father, or other dependents of such decedent. Such award shall be paid in one payment as soon after the death of such officer or employee as may be possible.

§ 3-405 Awards for death or injuries received by persons other than peace officers while attempting to prevent the commission of a crime, preserve the peace or prevent public disturbances. Direct action on the part of private citizens in preventing crimes against the person or property of others, preserving the peace or preventing public disturbances, benefits the entire public. The [board of estimate] *mayor* is hereby authorized and empowered to make an award for the death of or injury to any person or persons, other than police officers or peace officers, which has been or shall hereafter be caused in attempting to prevent the commission of a crime against the person or property of another, preserve the peace or prevent public disturbances. Such award shall be fixed in the discretion of the [board of estimate] *mayor* as a matter of grace and not as a matter of right, and shall, in the case of personal injuries, be based upon the medical expenses and loss of earnings incurred by such person injured while attempting to prevent the commission of a crime, preserve the peace or prevent public disturbances. In the case of the death of such person, such award shall be made to the surviving spouse *or domestic partner*, child or other dependent of such person; and the award may be in a single payment, or may be made in periodic payments under provisions similar to those set forth in section 13-244 of this code, which periodic payments may be in an amount not to exceed the amounts payable pursuant to such section as a pension to the surviving *spouse or domestic partner*, child or other dependent, as the case may be, of a deceased first-grade police officer. Petitions for an award hereunder must be presented to the [boaru of estimate] *mayor* within six months after the happening of the occurrence which resulted in such injury or death. Before the [board] *mayor* shall make such payment, [it] *he or she* shall require the claimant to execute and deliver an assignment to the city, in such form as shall be approved by the corporation counsel, of an amount equal to the payments made or to be made by the city, payable out of the proceeds of any recovery, whether by judgment, settlement or otherwise, against the city or any person or any public or private corporation alleged to have been responsible for said death or injuries.

§ 10. Subdivision 12 of section 3-702 of the administrative code of the city of New York is amended to read as follows:

12. The term "intermediary" shall mean an individual, corporation, partnership, political committee, employee organization or other entity which, other than in the regular course of business as a postal, delivery or messenger service, delivers any contribution from another person or entity to a candidate or an authorized committee. "Intermediary" shall not include spouses, *domestic partners*, parents, children or siblings of the person making such contribution.

§ 11. Paragraph h of subdivision 1 of section 3-703 of the administrative code of the city of New York, as amended by local law number 69 for the year 1990, is amended to read as follows:

(h) not make expenditures from or use his or her personal funds or property or the personal funds or property of his or her spouse, *domestic partner*, or unemancipated children in connection with his or her nomination for election or election except as a contribution to his or her principal committee in an amount that does not exceed the maximum contribution amount applicable pursuant to paragraph (f) of this subdivision.

§ 12. Paragraph b of subdivision 2 of section 3-704 of the administrative code of the city of New York is amended to read as follows:

(b) payments made to the candidate or a spouse, *domestic partner*, child, grandchild, parent, grandparent, brother or sister of the candidate or spouse *or domestic partner* of such child, grandchild, parent, grandparent, brother or sister, or to a business entity in which the candidate or any such person has a ten percent or greater ownership interest;

§ 13. Paragraph f of subdivision 1 of section 8-107 of the administrative code of the city of New York, as added by local law number 39 for the year 1991, is amended to read as follows:

(f) The provisions of this subdivision shall not govern the employment by an employer of his or her parents, spouse, *domestic partner*, or children; provided, however, that such family members shall be counted as persons employed by an employer for the purposes of subdivision five of section 8-102 of this chapter.

§ 14. Paragraphs 1, 2, 3, 7, 8, 9, 10, 11, 12, 13, 14, and 15 of subdivision b of section 12-110 of the administrative code of the city of New York, as amended by local law number 84 for the year 1990, are amended to read as follows:

1. List the name of the person reporting; his or her title of position; the entity by which he or she is employed, his or her office address and telephone number; list the marital status of the person reporting, and if married, list spouse's full name including maiden name where applicable; *indicate whether the person is a member of a domestic partnership, and if so, list the partner's full name;* list the names of all unemancipated children. For purposes of this section, the term "unemancipated child" shall mean any son, daughter, stepson, or stepdaughter who is under age eighteen, unmarried and living in the household of the person reporting, *and shall also include any son or daughter of the domestic partner of such person who is under age eighteen, unmarried and living in the household of the person.*

2. List any office, trustee, directorship, or partnership, or position of any nature including honorary positions, whether compensated or not, held by the person reporting, or his or her spouse *or domestic partner* or unemancipated child of the person reporting, with any firm, corporation, association, partnership, or other organization other than the state of New York. Do not list membership positions. If the listed entity was licensed or regulated by any state or local agency, or, as a regular and significant part of the business or activity of said entity, did business with, or had matters other than ministerial matters before, any state or local agency, list the name of any such agency.

3. (a) List the name, address and description of any occupation, trade, business, profession or employment, other than the employment listed pursuant to paragraph one of this subdivision, engaged in by the person reporting. If such activity was licensed or regulated by any state or local agency, or, as a regular and significant part of the business or activity of the listed entity, did business with, or had matters other than ministerial matters before, any state or local agency, list the name of any such agency.

(b) If the spouse, *domestic partner* or unemancipated child of the person reporting was engaged in any occupation, employment, trade, business or profession which activity was licensed or regulated by any state or local agency, or, as a regular and significant part of the business or activity of said entity, did business with, or had matters other than ministerial matters before, any state or local agency, list the name, [adress] *address* and description of such occupation, employment, trade, business or profession and the name of any such agency.

7. List the nature and amount of any income of one thousand dollars or more from each source derived during the preceding calendar year, to the person reporting or his or her spouse *or domestic partner*. For purposes of this paragraph, "income" shall include, but not be limited to, salary for government employment, income from other compensated employment whether public or private, directorships and other fiduciary or advisory positions, contractual arrangements, teaching income, partnerships, lecture fees, consultant fees, bank and bond interest, dividends, income derived from a trust, real estate rents, and recognized gains from the sale or exchange of real or other property. Income from a business or profession and real estate rents shall be reported with the source identified by the building address in the case of real estate rents and otherwise by the name of the entity and not by the name of the individual customers, clients or tenants, with the aggregate net income before taxes for each building address or entity. The receipt of maintenance received in connection with a matrimonial action, alimony and child support payments shall not be listed.

8. List the source [or] *of* each of the following items received or accrued during the preceding calendar year by the person reporting:

(a) Any deferred income to be paid following the close of the calendar year for which this disclosure statement is filed, other than any source of income otherwise disclosed pursuant to subparagraph (a) of paragraph nine of this subdivision, of one thousand dollars or more from each source. Deferred income derived from the practice of a profession shall be listed in the aggregate and shall be identified as to the source, including the name of the firm, corporation, partnership or association through which the income was derived, but shall not include individual clients' identity.

(b) Reimbursement to the person reporting or his or her spouse *or domestic partner*, for expenditures, excluding campaign expenditures and expenditures in connection with official duties reimbursed by the city, of one thousand dollars or more in each instance. For purposes of this subparagraph, the term "reimbursements" shall mean any travel-related expenses provided by non-governmental sources and for activities related to the reporting person's official duties, such as speaking engagements, conferences, or fact-finding events, but shall not include gifts reported pursuant to subparagraph (d) of this paragraph.

(c) Honoraria received by the person reporting or his or her spouse *or domestic partner* from a single source in the aggregate amount of one thousand dollars or more.

(d) Any gift, its value and nature, in the aggregate amount or value of one thousand dollars or more from any single source received by the person reporting, his or her spouse *or domestic partner* or unemancipated child, during the preceding calendar year, excluding gifts from a relative, except as otherwise provided under the election law covering campaign contributions. For purposes of this subparagraph, the term "gift" shall not include reimbursements, as defined in subparagraph (b) of this paragraph, and the term "relative" shall mean the spouse, *domestic partner*, stepchild, or stepparent of the person reporting, or any person who is a direct descendant of the grandparents of the person reporting or of the spouse *or domestic partner* of the person reporting.

9. (a) List the identity and value, if reasonably ascertainable, of each interest in a trust, estate or beneficial interest held by the person reporting or his or her spouse *or domestic partner*, including but not limited to (1) retirement plans (other than retirement plans of the state of New York or city of New York) and (2) deferred compensation plans established in accordance with the internal revenue code, where the person reporting or his or her spouse *or domestic partner* held a beneficial interest of one thousand dollars or more during the preceding calendar year. Do not report interests in a trust, estate or other beneficial interest established by or for, or the estate of, a relative, as defined in subparagraph (d) of paragraph eight of this subdivision.

(b) List each assignment of income of one thousand dollars or more, and each transfer other than to a relative, as defined in subparagraph (d) of paragraph eight of this subdivision, during the preceding calendar year for less than fair consideration of an interest of one thousand dollars or more, in a trust, estate, or other beneficial interest, securities or real property, by the person reporting, which would otherwise be required to be reported herein and is not or has not been reported.

10. List any interest of one thousand dollars or more, excluding bonds and notes, held by the person reporting, his or her spouse *or domestic partner* or the reporting person's unemancipated child, or partnership of which any such person is a member, or corporation, ten per centum or more of the stock of which is owned or controlled by any such person, whether vested or contingent, in any contract made or executed by a state or local agency. Include the name of the entity which holds such interest and the relationship of the person reporting, or his or her spouse *or domestic partner* or unemancipated child, to such entity and the interest in such contract. Do not list any interest in any such contract on which final payment has been made and all obligations under the contract, except for guarantees and warranties, have been performed, provided, however, that such an interest shall be listed if there has been an ongoing dispute during the calendar year for which this statement is filed with respect to any such guarantees or warrantees. Do not list any interest in a contract made or executed by a state agency after public notice and pursuant to a process for competitive bidding or a process for competitive requests for proposals.

11. List the name, principal address and general description or the nature of the business activity of any entity in which the person reporting or his or her spouse *or domestic partner* had an investment of one thousand dollars or more, excluding investments in securities and interests in real property.

12. List the type and market value of [securties] *securities* held by the person reporting or his or her spouse *or domestic partner* from each issuing entity, valued at one thousand dollars or more at the close of the preceding calendar year, including the name of the issuing entity, exclusive of securities held by the person reporting issued by a professional corporation. Whenever an interest in securities exists through a beneficial interest in a trust, the securities held in such trust shall be listed only if the person reporting has knowledge thereof, except where the person reporting or his or her spouse *or domestic partner* has transferred assets to such trust for his or her benefit; in that event the securities shall be listed unless they are not ascertainable by the person reporting because the trustee is under an obligation or has been instructed in writing not to disclose the contents of the trust to the person reporting. Securities of which the person reporting or his or her spouse *or domestic partner* is the owner of record but in which he or she has no beneficial interest shall not be listed. Where the person or his or her spouse *or domestic partner* holds more than five per centum of the stock of a publicly held corporation or more than ten per centum of a privately held corporation, percentage of ownership shall be listed. List any securities owned for investment purposes by a corporation more than fifty per centum of the stock of which is owned or controlled by the person reporting or his or her spouse *or domestic partner*. For purposes of this paragraph the term "securities" shall mean bonds, mortgages, notes, obligations, warrants and stocks of any class, investment interests in limited or general partnerships and certificates of deposits and such other evidences of indebtedness and certificates of interest as are usually referred to as securities. The market value for such securities shall be reported only if reasonably ascertainable and shall not be reported if the security is an interest in a general partnership that was listed in paragraph five of this subdivision or if the security is corporate stock, not publicly traded, in a trade or business of the reporting person or his or her spouse *or domestic partner*.

13. List the location, size, general nature, acquisition date, market value and percentage of ownership of any real property in which any vested or contingent interest of one thousand dollars or more is held by the person reporting or his or her spouse *or domestic partner*. List real property owned for investment purposes by a corporation more than fifty per centum of the stock of which is owned or controlled by the person reporting or his or her spouse *or domestic partner*. Do not list any real property which is the primary or secondary personal residence of the reporting person or his or her spouse *or domestic partner*, except where there is a co-owner who is other than a relative, as defined in subparagraph (d) of paragraph eight of this subdivision.

14. List the identity of each note or account receivable or other outstanding loan in the amount of one thousand dollars or more held by the person reporting or his or her spouse *or domestic partner* during the preceding calendar year, including debts secured by a mortgage, and other secured and unsecured debts. List the name of the debtor, type of obligation, date due and the nature of the collateral, if any, securing payment for each such debt. Debts, notes and accounts receivable owed to the person reporting or his or her spouse *or domestic partner* by a relative, as defined in subparagraph (d) of paragraph eight of this subdivision, shall not be reported.

15. List each creditor to whom the person reporting or his or her spouse *or domestic partner* was indebted, for a period of ninety consecutive days or more during the preceding calendar year, and each such creditor to whom any debt was owed on the date of filing, in an amount of five thousand dollars or more. Debts to be listed include real estate mortgages and other secured and unsecured loans. If any reportable liability has been guaranteed by any third person, list the name of such guarantor. Do not list liabilities incurred by, or guarantees made by, the person reporting or his or her spouse *or domestic partner* or by any proprietorship, partnership or corporation in which such person has an interest, when incurred or made in the ordinary course of trade, business or professional practice of such person. Include the name of the creditor and any collateral pledged by such individual to secure payment of any such liability. Do not list any liability to a relative, as defined in subparagraph (d) of paragraph eight of this subdivision, or any obligation to pay maintenance in connection with a matrimonial action, alimony or child support payments. Revolving charge account information shall only be set forth if the [liabiltiy] *liability* thereon is in excess of five thousand dollars for a period of ninety consecutive days or more during the preceding calendar year, or if the liability thereon is in excess of five thousand dollars as of the time of filing. Any loan issued in the ordinary course of business by a financial institution to finance educational costs, the cost of home purchase or improvements for a primary or secondary residence, or purchase of a personally owned motor vehicle, household furniture or appliances shall be excluded.

§ 15. Subparagraph (b) of paragraph 2 of subdivision d of section 12-110 of the administrative code of the city of New York, as amended by local law number 16 for the year 1986, is amended to read as follows:

(b) Any information regarding any financial interests of the spouse, *domestic partner*, or an unemancipated child of a person filing in which the person filing has no financial interest shall be withheld from public inspection as an unwarranted invasion of privacy unless the conflicts of interest board determines that such information involves an actual or potential conflict of interest on the part of the person filing.

§ 16. Section 12-307 of the administrative code of the city of New York is amended by adding a new subdivision c to read as follows:

c. It shall be the policy of the city of New York that, to the extent not inconsistent with law, the city shall make benefits available to the domestic partners of city employees on the same basis as the city makes benefits available to the spouses of city employees.

§ 17. Paragraph (ii) of subdivision 2 of section 14-204 of the administrative code of the city of New York is amended to read as follows:

(ii) that funds collected will be used to aid surviving spouses [and], *domestic partners or* children of members of the police force slain in the line of duty or that the funds collected will be used for any other charitable program unless the organization is actually engaged in such a program;

§ 18. Paragraph 10 of subdivision b of section 16-321 of the administrative code of the city of New York is amended to read as follows:

(10) "Ownership interest" means an interest in a firm that is held by a candidate for any advisory board created pursuant to this subchapter, or by a member of such board, or by the spouse, *domestic partner*, or unemancipated child of such candidate or member, which exceeds five percent of the firm or an investment of twenty-five thousand dollars in cash or other form of commitment, whichever is less, or five percent or twenty-five thousand dollars of the firm's indebtedness, whichever is less, and any lesser interest in a firm when such candidate or member, or such spouse, *domestic partner*, or unemancipated child, exercises managerial control or responsibility regarding any such firm, but shall not include interests held in any pension plan, deferred compensation plan or mutual fund, the investments of which are not controlled by such candidate or member, or by such spouse, *domestic partner*, or unemancipated child, or in any blind trust that holds or acquires an ownership interest.

§ 19. Subdivision d of section 16-501 of the administrative code of the city of New York, as added by local law number 42 for the year 1996, is amended to read as follows:

d. "Principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer and director and every stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; if another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more; and with respect to all business entities, all other persons participating directly or indirectly in the control of such business entity. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership, or a corporation, a "principal" shall also include the partners of such partnership or the officers, directors and stockholders holding ten percent or more of the outstanding shares of such corporation, as is appropriate. For the purposes of this chapter (1) an individual shall be considered to hold stock in a corporation where such stock is owned directly or indirectly by or for (i) such individual; (ii) the spouse *or domestic partner* of such individual (other than a spouse who is legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled); (iii) the children, grandchildren and parents of such individual; and (iv) a corporation in which any of such individual, the spouse, *domestic partner*, children, grandchildren or parents of such individual in the aggregate own fifty percent or more in value of the stock of such corporation; (2) a partnership shall be considered to hold stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (3) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation.

§ 20. Subchapter 2 of Chapter 3 of Title 17 of the administrative code of the city of New York is amended by adding a new section 17-308.1 to read as follows:

§ 17-308.1 Domestic Partners. For purposes of this subchapter, the rights and benefits bestowed upon the surviving spouse of an honorably discharged member of the armed forces of the United States pursuant to article four of the general business law shall also be bestowed upon the surviving domestic partner of such veteran.

§ 21. Paragraph 1 of subdivision d of section 17-314.1 of the administrative code of the city of New York is amended to read as follows:

1. the commissioner may, in his or her discretion, transfer a permit to a dependent husband, wife, *domestic partner* or child of an incapacitated or deceased person to whom the permit was issued under this subchapter;

§ 22. Subchapter 27 of chapter 2 of title 20 of the administrative code of the city of New York is amended by adding a new section 20-455.1 to read as follows:

§ 20-455.1 Domestic Partners. For purposes of this subchapter, the rights and benefits bestowed upon the surviving spouse of an honorably discharged member of the armed forces of the United States pursuant to article four of the general business law shall also be bestowed upon the surviving domestic partner of any such veteran.

§ 23. Subparagraph (a) of paragraph 3 of subdivision a of section 20-708.1 of the administrative code of the city of New York, as added by local law number 84 for the year 1991, is amended to read as follows:

(a) Has as its only full-time employee the owner thereof, or the parent, spouse, *domestic partner* or child of the owner, and in addition thereto not more than two full-time employees; or

§ 24. Subdivision I of section 20-950 of the administrative code of the city of New York, as added by local law number 57 for the year 1997, is amended to read as follows:

I. "Principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer and director and every stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; if another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership or a corporation, the term "principal" shall also include the partners of such partnership or the officers, directors and stockholders holding the equivalent of ten percent or more ownership interest of the applicant business. For the purposes of this chapter: (1) an individual shall be considered to hold stock in a corporation where such individual participates in the operation of or has a beneficial interest in such corporation and such stock is owned directly or indirectly by or for (i) such individual, (ii) the spouse *or domestic partner* of such individual (other than a spouse who is legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled), (iii) the children, grandchildren and parents of such individual or (iv) a corporation in which any of such individual, the spouse, *domestic partner*, children, grandchildren or parents of such individual in the aggregate own fifty percent or more in value of the stock of such corporation; (2) a partnership shall be considered to hold stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (3) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation. Notwithstanding any other provision of this subdivision, where there is reasonable cause to believe that any owner, officer or director of a business entity with an interest in an applicant business not otherwise within the scope of this subdivision lacks good character, honesty and integrity, the commission may designate such person as a principal for the purposes of sections 20-954, 20-955, 20-956 and 20-959 of this chapter.

§ 25. Subdivision I of section 22-202 of the administrative code of the city of New York, as added by local law number 50 for the year 1995, is amended to read as follows:

I. "Principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer, director and stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; if another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more; and with respect to all business entities, all other persons participating directly or indirectly in the control of such business entity. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership or a corporation, a "principal" shall also include the partners of such partnership or the officers, directors and stockholders holding ten percent or more of the outstanding shares of such corporation, as is appropriate. For the purposes of this chapter (1) an individual shall be considered to hold stock in a corporation where such stock is owned directly or indirectly by or for (i) such individual; (ii) the spouse *or domestic partner* of such individual (other than a spouse who is legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled); (iii) the children, grandchildren and parents of such individual; (iv) a partnership in which such individual is a partner in proportion to the partnership interest of such individual; and (v) a corporation in which any of such individual, spouse, *domestic partner*, children, grandchildren [and] *or* parents of such individual in the aggregate own fifty percent or more in value of the stock of such corporation; (2) a partnership shall be considered to hold stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (3) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation.

§ 26. The definition in the one hundred twenty-sixth paragraph of section 27-232 of the administrative code of the city of New York is amended to read as follows:

A single individual; or two or more individuals related by blood or marriage *or who are parties to a domestic partnership*, and living together and maintaining a *common*

household, with not more than four boarders, roomers or lodgers; or a group of not more than four individuals, not necessarily related by blood [or], marriage *or because they are parties to a domestic partnership*, and maintaining a common household.

§ 27. Subparagraph (ii) of paragraph 4 of subdivision a of section 27-2004 of the administrative code of the city of New York is amended to read as follows:

(ii) two or more persons related by blood or marriage *or who are parties to a domestic partnership*, occupying a dwelling unit and maintaining a common household with not more than two boarders, roomers or lodgers;

§ 28. Nothing in this local law shall be deemed to supersede, alter, affect or conflict with any applicable state or federal statutes, laws, regulations or rules. Nor shall anything in this local law be construed to confer any right, privilege or benefit not explicitly provided for herein.

§ 29. Nothing in this local law requires, or is intended to require any religious or denominational institution or organization operated for charitable or educational purposes to recognize or provide benefits to domestic partners.

§ 30. Severability. If any provision of this local law or application thereof is adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalid the remainder thereof, and the remainder of this local law and application thereof to other persons or circumstances shall not be affected by such holding and shall remain in full force and effect.

§ 31. This local law shall take effect sixty days after it shall have been enacted into law.

NOTICE

NOTICE OF EXTENSION ON THE PUBLIC REVIEW AND COMMENT PERIOD FOR NYCDOT'S DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR LEAD PAINT REMOVAL OPERATIONS ON NYCDOT BRIDGES

The New York City Department of Transportation (NYCDOT) has prepared a Draft Environmental Impact Statement (DEIS) analyzing the potential effects of abrasive blasting and alternative methods of lead paint removal on public health and the environment, and the adequacy of the proposed containment system to protect against such effects during paint removal activities on NYCDOT bridges.
In response for additional opportunities for the public to review and comment on the DEIS for Paint Removal

Operations on NYCDOT Bridges, NYCDOT has extended the public review and comment period from July 30, 1998 to August 24, 1998. Written comments will be accepted by the lead agency on or before August 24, 1998 and should be sent to the Office of Project Analysis/CEQR, New York City Department of Transportation, 40 Worth Street, New York, NY 10013, ATN: Naim Rasheed, Director, Tel: (212) 676-1680, Fax: (212) 442-7912.
The full DEIS is available for public review at NYCDOT's Office of Project Analysis/CEQR and at the NYC Office of Environmental Coordination, Municipal Building, 25th Floor, New York, NY 10007.

Neighborhood Entrepreneur: University Avenue Development Corp.

Under HPD's Neighborhood Entrepreneurs Program, the Sponsor purchases and rehabilitates both occupied and vacant City-owned residential buildings. HPD provides permanent and, where necessary, construction financing. During construction, locally based companies selected through a competitive request for qualifications manage the operation and rehabilitation of the buildings on behalf of the Sponsor. When construction is completed, these locally based companies purchase and manage the rehabilitated buildings.

HPD has designated the Sponsor as qualified and eligible to purchase and redevelop the Disposition Areas indicated above under the Neighborhood Entrepreneurs Program. HPD proposes to sell each Disposition Area to the Sponsor at the price of one dollar per building pursuant to Article 16 of the General Municipal Law. The Sponsor will then retain the Neighborhood Entrepreneurs indicated above to manage the operation and rehabilitation of the multiple dwellings in the Disposition Areas indicated above. Upon completion, each Neighborhood Entrepreneur will purchase and manage its respective Disposition Area as a rental housing project.

The appraisal and the proposed Land Disposition Agreement and Project Summary for each of the projects indicated above are available for public examination at the office of HPD, 100 Gold Street, Room 5A-2, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on September 9, 1998 at City Hall, Public Hearing Chamber at 10:00 a.m., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Areas pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contracts, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than five (5) business days prior to the public hearing. TDD users should call NYNEX relay services.

INVOCATION

O almighty and ever loving God, we pause once again at the beginning of this meeting to remind ourselves of your concern in our deliberations. For this reason, we commend our city-council members to your merciful care, that they may follow your guidance. Give to them and to all in authority wisdom to know your will and to carry out your designs.

Fill them with the love of truth, honesty and righteousness. Keep them always aware that they are your servants called to lead and serve this city. May they always seek peace and justice for all. In time of prosperity, fill their hearts with thankfulness, and in time of trouble do not allow their trust and hope in you to fail.

May the prayerfulness of this moment not only begin this meeting, but may it sustain and bring it to a fruitful conclusion. This is our prayer for today.

AMEN.

Council Member Foster Moved that the invocation be spread in full upon the Minutes and adopted.

Communication from the Taxi and Limousine Commission — Withdrawal of six base station renewal applications.

February 4, 1998

Hon. Peter F. Vallone
Speaker and Majority Leader
City Council
City Hall
New York, New York 10007

Dear Speaker Vallone:

The Taxi and Limousine Commission (TLC) has withdrawn its approval of the following base station renewal applications which were officially introduced to the City Council on November 13, 1997.

1. Airport Car Service
2. New Ampa Car & Limo
3. New Relampago Car Service
4. Uredlen Transportation Service
5. Fast Express Car Service
6. Hunts Point Car Service

The approvals have been withdrawn so that TLC may conduct further background checks of the base's owners.

If you have any questions, please contact me or John Mascialino at 788-2902.

Sincerely,

Scott C. Cantone

REPORTS OF STANDING COMMITTEES

Report of the Committee on Civil Service and Labor

Int. No. 18-A

Report of the Committee on Civil Service and Labor in favor of approving and adopting an amended local law to amend the administrative code of the city of New York in relation to health insurance coverage for surviving spouse and children of deceased uniformed correctional and sanitation workers.

The Committee on Civil Service and Labor to which was referred on January 22, 1998 (Minutes, page 230) the annexed amended local law respectfully

REPORTS:

Int. No. 18-A authorizes the mayor, in his or her discretion, to provide health insurance coverage for a surviving spouse and children of uniformed correctional and sanitation employees who died on, or after, November 1, 1996, and before January 31, 1998 as a natural and proximate result of an accident or injury, during the course of employment.

Currently, the law provides health insurance benefits to a surviving spouse and dependent children of police officers and firefighters killed in the line of duty. The health insurance benefits are provided to a surviving spouse until he or she dies and for dependent children until age 19, or if enrolled full time as an undergraduate at an accredited college, until completion of the educational program, or age 23, whichever is earlier.

	Effective FY98	FY Succeeding Effective FY99	Full Fiscal Impact FY98
Revenues (+)	$0	$0	$0
Expenditures (–)	($4,500)	($4,500)	($4,500)
Net	($4,500)	($4,500)	($4,500)

Impact on Revenues: There is no anticipated impact on revenues resulting from this legislation.

Impact on Expenditures: It is estimated that the cost of this legislation would be approximately $4,500 a year based on the average cost of a family health insurance plan.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to health insurance coverage for the surviving spouse and children of deceased uniformed correctional and sanitation employees.

Be it enacted by the Council as follows:

Section 1. Paragraph 2 of subdivision b of section 12-126 of the administrative code of the city of New York, as amended by chapter 764 of the laws of 1990, is amended to read as follows:

(2) Health insurance coverage for surviving spouses and children of police officers, firefighters, transit police officers and city housing police officers:

When the death of a member of the uniformed forces of the police or fire departments or a member of the uniformed transit police force maintained by the New York city transit authority or a member of the uniformed housing police force maintained by the New York city housing authority is or was the natural and proximate result of an accident or injury sustained while in the performance of duty, the surviving spouse, until he or she dies, and children under the age of nineteen years and any such child who is enrolled on a full-time basis in a program of undergraduate study in an accredited degree-granting institution of higher education until such child completes his or her educational program or reaches the age of twenty-three years, whichever comes first shall be afforded the right to health insurance coverage, and health insurance coverage which is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the social security act, as is provided for city employees, city retirees and their dependents as set forth in paragraph one of this subdivision. *The mayor may, in his or her discretion, authorize the provision of such health insurance coverage for the surviving spouses and children of uniformed correctional and sanitation employees who died, on or after November first nineteen hundred ninety-six and before January thirty-first, nineteen hundred ninety-eight, as a natural and proximate result of an accident or injury sustained while in the performance of duty, subject to the same terms, conditions and limitations set forth in the section.*

§ 2. This local law shall take effect immediately.

Reports of the Committee on Finance

Int. No. 9-A

Report of the Committee on Finance in favor of approving and adopting an amended local law to amend the administrative code of the city of New York, in relation to authorizing a real property tax exemption for persons with disabilities whose incomes are limited due to such disabilities.

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 215) the annexed amended local law respectfully

REPORTS:

Int. No. 9-A would provide for a partial real property tax exemption on "[r]eal property owned by one or more persons with disabilities, or real property owned by a husband, wife, or both, or by siblings, at least one of whom has a disability, and whose income . . . is limited by reason of such disability." Int. No. 9-A would define a sibling as "a brother or sister, whether related through half blood, whole blood or adoption." The maximum exemption would be provided to disabled homeowners with incomes of $18,500 or less and would exempt fifty percent of the assessed value of their real property from any real property taxes. For disabled homeowners with incomes greater than $18,500 but less than $26,900, Int. No. 9-A would provide for an exemption of between forty-five percent and five percent, depending on the income level. This bill would also provide disabled cooperative apartment owners with a partial real property tax exemption. Notwithstanding, disabled cooperative apartment owners who reside in Mitchell-Lama buildings or other projects subject to the provisions of either article II, IV, V or XI of the private finance housing law would not be eligible for such an exemption.

Int. No. 9-A would define a person with a disability as "one who has a physical or mental impairment, not due to current use of alcohol or illegal drug use, which substantially limits such person's ability to engage in one or more major life activities, such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and walking, and who (i) is certified to receive social security disability insurance (SSDI) or supplemental security income (SSI) benefits under the federal social security act, or (ii) is certified to receive railroad retirement disability benefits under the federal railroad retirement act, or (iii) has received a certificate from the state commission for the blind and visually handicapped stating that such person is legally blind."

For the purpose of determining income levels under this local law, income would include social security and retirement benefits, interest, dividends, total gain from the sale or exchange of a capital asset which may be offset by a loss from the sale or exchange of a capital asset in the same income tax year, net rental income, salary or earnings, and net income from self-employment, but would not include a return of capital, gifts, inheritances, or monies earned in the federal foster grandparent program.

Int. No. 9-A provides that in order to receive the partial real property tax exemption, an application must be made annually by the owner, or all of the owners of the property, on forms prescribed by the state board. Such forms must be filed with the department of finance on or before the appropriate taxable status date. Int. No. 9-A also provides that at least sixty days prior to the appropriate taxable status date, the department of finance shall mail to each person who was granted an exemption on the latest completed assessment role an application form and a notice that such application must be filed on or before the appropriate taxable status date and must be approved in order for the exemption to continue to be granted.

This local law would take effect immediately and would apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 1999.

	Effective FY 1999	FY Succeeding Effective FY 2000	Full Fiscal Impact FY 2000
Revenues (+)	$2,000,000	$2,000,000	$2,000,000
Expenditures (–)	$0	$0	$0
Net	$2,000,000	$2,000,000	$2,000,000

Impact on Expenditures and Revenues: This local law would result in no fiscal impact upon the City's expenditures, however there would be an impact on revenues. In a report prepared by the Population Division of the Department of City Planning based on the 1990 Census data, it is estimated that 10,529 disabled households would qualify for the program. Council Finance estimates that 9,305 are owners of one, two-, or three-family homes (Class 1) for a cost of $5,191,971 and 1,224 are owners of cooperatives and condominiums (Class 2) for a cost of $651,488. The total cost of the program is estimated to be $5,843,459. However, based on the estimate of the current participation rate of the SCHE program, Council Finance estimates that only 34 percent of eligible disabled property owners will participate and the cost of the program will be $2,000,000. The average benefit for Class 1 homeowners will be approximately $558 and the average benefit for Class 2 homeowners will be about $555.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to authorizing a real property tax exemption for persons with disabilities whose incomes are limited due to such disabilities.

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 11 of the administrative code of the city of New York, is amended by adding a new section 11-245.4 to read as follows:

§ 11-245.4 Exemption for persons with disabilities.

1. (a) Real property owned by one or more persons with disabilities, or real property owned by a husband, wife, or both, or by siblings, at least one of whom has a disability, and whose income, as hereafter defined, is limited by reason of such disability, shall be exempt from taxes on real estate to the extent of fifty per centum of the assessed valuation thereof as hereinafter provided. For purposes of this section, sibling shall mean a brother or a sister, whether related through half blood, whole blood or adoption.

(b) For purposes of this section, a person with a disability is one who has a physical or mental impairment, not due to current use of alcohol or illegal drug use, which substantially limits such person's ability to engage in one or more major life activities, such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working, and who (i) is certified to receive social security disability insurance (SSDI) or supplemental security income (SSI) benefits under the federal social security act, or (ii) is certified to receive railroad retirement disability benefits under the federal railroad retirement act, or (iii) has received a certificate from the state commission for the blind and visually handicapped stating that such person is legally blind. An award letter from the social security administration or the railroad retirement board or a certificate from the state commission for the blind and visually handicapped shall be submitted as proof of disability.

2. Exemption from taxation for school purposes shall not be granted in the case of real property where a child resides if such child attends a public school of elementary or education.

3. No exemption shall be granted:

(a) if the income of the owner or the combined income of the owners of the property for the income tax year immediately preceding the date of making application for exemption exceeds the sum of eighteen thousand five hundred dollars. Income tax year shall mean the twelve month period for which the owner or owners filed a federal personal income tax return, or if no such return is filed, the calendar year. Where title is vested in either the husband or the wife, their combined income may not exceed such sum, except where the husband or wife, or ex-husband or ex-wife is absent from the property due to divorce, legal separation or abandonment, then only the income of the spouse or ex-spouse residing on the property shall be considered and may not exceed such sum. Such income shall include social security and retirement benefits, interest, dividends, total gain from the sale or exchange of a capital asset which may be offset by a loss from the sale or exchange of a capital asset in the same income tax year, net rental income, salary or earnings, and net income from self-employment, but shall not include a return of capital, gifts, inheritances or monies earned through employment in the federal foster grandparent program and any such income shall be offset by all medical and prescription drug expenses actually paid which were not reimbursed or paid for by insurance. In computing net rental income and net income from self-employment no depreciation deduction shall be allowed for the exhaustion, wear and tear of real or personal property held for the production of income;

(b) unless the property is used exclusively for residential purposes, provided, however, that in the event any portion of such property is not so used exclusively for residential purposes but is used for other purposes, such portion shall be subject to taxation and the remaining portion only shall be entitled to the exemption provided by this section;

(c) unless the real property is the legal residence of and is occupied in whole or in part by the disabled person; except where the disabled person is absent from the residence while receiving health-related care as an inpatient of a residential health care facility, as defined in section twenty-eight hundred one of the public health law, provided that any income accruing to that person shall be considered income for purposes of this section only to the extent that it exceeds the amount paid by such person or spouse or sibling of such person for care in the facility.

4. Application for such exemption must be made annually by the owner, or all of the owners of the property, on forms prescribed by the state board, and shall be filed with the department of finance on or before the appropriate taxable status date; provided, however, proof of a permanent disability need be submitted only in the year exemption pursuant to this section is first sought or the disability is first determined to be permanent.

5. At least sixty days prior to the appropriate taxable status date, the department of finance shall mail to each person who was granted exemption pursuant to this section on the latest completed assessment roll an application form and a notice that such application must be filed on or before the taxable status date and be approved in order for the exemption to continue to be granted. Failure to mail such application form or the failure of such person to receive the same shall not prevent the levy, collection and enforcement of the payment of the taxes on property owned by such person.

6. Notwithstanding the maximum income exemption eligibility level provided in subdivision three of this section, an exemption, subject to all other provisions of this section, shall be granted as indicated in the following schedule:

ANNUAL INCOME	*PERCENTAGE ASSESSED VALUATION EXEMPT FROM TAXATION*
More than $18,500 but less than $19,500	*45 per centum*
$19,500 or more but less than $20,500	*40 per centum*
$20,500 or more but less than $21,500	*35 per centum*
$21,500 or more but less than $22,400	*30 per centum*
$22,400 or more but less than $23,300	*25 per centum*
$23,300 or more but less than $24,200	*20 per centum*
$24,200 or more but less than $25,100	*15 per centum*
$25,100 or more but less than $26,000	*10 per centum*
$26,000 or more but less than $26,900	*5 per centum*

7. Any exemption provided by this section shall be computed after all other partial exemptions allowed by law have been subtracted from the total amount assessed; provided, however, that no parcel may receive an exemption pursuant to both this section and section 11-245.3.

8.(a) For purposes of this section, title to that portion of real property owned by a cooperative apartment corporation in which a tenant-stockholder of such corporation resides, and which is represented by his or her share or shares of stock in such corporation as determined by its or their proportional relationship to the total outstanding stock of the corporation, including that owned by the corporation, shall be deemed to be vested in such tenant-stockholder. That proportion of the assessment of such real property owned by a cooperative apartment corporation determined by the relationship of such real property vested in such tenant-stockholder to such entire parcel and the buildings thereon owned by such cooperative apartment corporation in which such tenant-stockholder resides shall be subject to exemption from taxation pursuant to this section and any exemption so granted shall be credited by the department of finance against the assessed valuation of such real property; the reduction in real property taxes realized thereby shall be credited by the cooperative apartment corporation against the amount of such taxes otherwise payable by or chargeable to such tenant-stockholder.

(b) Notwithstanding any other provision of law, a tenant-stockholder who resides in a dwelling which is subject to the provisions of either article II, IV, V or XI of the private housing finance law shall not be eligible for an exemption pursuant to this subdivision.

9. Notwithstanding any other provision of law to the contrary, the provisions of this section shall apply to real property held in trust solely for the benefit of a person or persons who would otherwise be eligible for a real property tax exemption, pursuant to subdivision one of this section, were such person or persons the owner or owners of such real property.

§ 2. This local law shall take effect immediately and shall apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 1999.

Int. No. 66-A

Report of the Committee on Finance in favor *of* approving and adopting an amended local law to amend the administrative code of the city of New York, in relation to the Senior Citizen Homeowners Exemption ("SCHE").

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 291) the annexed amended local law respectfully

REPORTS:

Currently, section 11-245.3 of the administrative code provides that real property owned by one or more persons, each of whom is sixty-five years of age or over, or real property owned by a husband and wife or by siblings, one of whom is sixty-five years of age or over, shall be exempt from real estate taxes to the extent of fifty percent of the assessed valuation of such real property. For the purposes of this section, a sibling is defined as a brother or sister, whether related through halfblood, whole blood or adoption.

Under section 11-245.3, the fifty percent exemption shall be granted if the income of the owner or the combined income of the owners of the property in question is less than $18,500 for the income tax year immediately preceding the date of making the application for an exemption. For homeowners with incomes greater than $18,500 but less than $26,900, the exemption provided by section 11-245.3 is between forty-five percent and five percent, depending on the income level. Income tax year is defined as the twelve month period for which the owner or owners of the real property filed a federal personal income tax return, or if no such return is filed, the calendar year.

Under section 11-245.3, income shall include "social security and retirement benefits, interest, dividends, total gain from the sale or exchange of a capital asset which may be offset by a loss from the sale or exchange of a capital asset in the same income tax year, net rental income, salary or earnings, and net income from self-employment, but shall not include gifts, inheritances, or a return of capital. . . ." Int. No. 66-A would provide for the exclusion of veteran's disability income (as defined in title 38 of the United States Code) from the definition of income.

This local law would allow senior citizens to deduct their veteran's benefits when calculating their income to determine their eligibility for the Senior Citizen Homeowners Exemption ("SCHE") under section 11-245.3. Allowing senior veterans who receive compensation for injuries attained while serving in the armed forces to deduct such compensation from their income for the purpose of qualifying for SCHE, will help ensure that such senior veterans are not denied SCHE benefits because they are being compensated for wartime injuries.

This local law would take effect immediately and would apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 1999.

	Effective FY 1999	FY Succeeding Effective FY 2000	Full Fiscal Impact FY 2000
Revenues (+)	$220,000	$220,000	$220,000
Expenditures (–)	$0	$0	$0
Net	$220,000	$220,000	$220,000

Impact on Expenditures and Revenues: This local law would result in no fiscal impact upon the City's expenditures, however there would be an impact on revenues. Based on the 1990 Census data for New York City, updated for the current year, Council Finance estimates that approximately 1,089 veterans receiving disability compensation would be eligible for additional SCHE benefits. Of those, 545 current participants would receive deeper benefits and 544 households would become eligible for the program. The total cost of the program is estimated to be $220,000 if all eligible veterans participate with an average benefit per household of $202.

According to the Department of Finance, there are 29,265 households receiving SCHE benefits in Fiscal 1998 for an approximate cost of $19.8 million. The Office of Management and Budget estimates that the total cost of the tax reduction for veterans receiving SCHE benefits is about $2 million.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the Senior Citizen Homeowners Exemption ("SCHE").

Be it enacted by the Council as follows:

Section 1. Paragraph (a) of subdivision 3 of section 11-245.3 of the administrative code of the city of New York, as amended by local law number 34 for the year 1997, is amended to read as follows:

(a) if the income of the owner or the combined income of the owners of the property exceeds the sum of eighteen thousand five hundred dollars for the income tax year immediately preceding the date of making application for exemption. Income tax year shall mean the twelve month period for which the owner or owners filed a federal personal income tax return, or if no such return is filed, the calendar year. Where title is vested in either the husband or the wife, their combined income may not exceed such sum, except where the husband or wife, or ex-husband or ex-wife is absent from the property as provided in subparagraph (ii) of paragraph (d) of this subdivision, then only the income of the spouse or ex-spouse residing on the property shall be considered and may not exceed such sum. Such income shall include social security and retirement benefits, interest, dividends, total gain from the sale or exchange of a capital asset which may be offset by a loss from the sale or exchange of a capital asset in the same income tax year, net rental income, salary or earnings, and net income from self-employment, but shall not include gifts, inheritances, or a return of capital, *and veterans disability compensation, as defined in title 38 of the United States Code,* and any such income shall be offset by all medical and prescription drug expenses actually paid which were not reimbursed or paid for by insurance. In computing net rental income and net income from self-employment no depreciation deduction shall be allowed for the exhaustion, wear and tear of real or personal property held for the production of income;

§ 2. This local law shall take effect immediately and shall apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 1999.

Report of the Committee on Finance in favor of approving and adopting communication from the Office of Management & Budget — Transfer of $927,700 in Fiscal Year 1998 from the budget of the Office of the Brooklyn Borough President to various City agencies, pursuant to § 107(b) of the New York City Charter. (MN-4)

The Committee on Finance to which was referred on February 15, 1998 (Minutes, page 371) the annexed communication respectfully

REPORTS:

By letter dated January 23, 1998, the Director of the Office of Management and Budget submitted to the Council pursuant to section 107(b) of the New York City Charter a request for approval to transfer funds totaling $927,700 in Fiscal 1998 from the budget of the Office of the Brooklyn Borough President to the Brooklyn Public Library, the City University of New York, the Department of Homeless Services, the Miscellaneous Budget, the Department for the Aging, the Department of Cultural Affairs, the Department of Youth and Community Development, the Department of Business Services, the Department of Housing Preservation and Development, the Department of Mental Health, the Department of Environmental Protection, and the Department of Parks and Recreation.

This modification (MN-4) represents the distribution of The Brooklyn Borough President's "discretionary allocation" to the aforementioned agencies and will be used to support various organizations and programs primarily in the Borough of Brooklyn as detailed in the attached schedule.

This modification would result in no net increase or decrease to the Fiscal 1998 budget since it represents a transfer of City funds between City agencies.

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York on February 26, 1998, the Committee on Finance received a communication, dated January 23, 1998, from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 1998 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 2S4 of the Charter. On June 6, 1997, the Council adopted the expense budget for fiscal year 1998 (the "Fiscal 1998 Expense Budget"). This modification represents a reallocation of City funds between the Brooklyn Borough President's Office and the Brooklyn Public Library, the City University of New York, the Department of Homeless Services, the Miscellaneous Budget, the Department for the Aging, the Department of Cultural Affairs, the Department of Youth and Community Development, the Department of Business Services, the Department of Housing Preservation and Development, the Department of Mental Health, the Department of Environmental Protection, and the Department of Parks and Recreation.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Accordingly, Your Committee recommends its adoption.

In connection herewith Council Member Berman offered the following resolution:

Res. No. 131

Resolution approving the modification (MN-4) of units of appropriation and title transfer of city funds between agencies proposed by the mayor pursuant to section 107(b) of the Charter of the city of New York.

By Council Member Berman

Whereas, at a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on February 26, 1998, the Committee on Finance received a communication, dated January 23, 1998, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto as Exhibit A (the "Modification"), to modify units of appropriation and transfer city funds between various agencies in the Fiscal Year 1998 Expense Budget as adopted by the Council on June 6, 1997, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter"); and

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days after the first stated meeting of the City Council following such receipt within which to act upon the Modification;

Now, Therefore, The Council of The City of New York hereby resolves as follows:

1. *Approval of Modification.* The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

2. *Effective Date.* This resolution shall take effect as of the date hereof.

HERBERT E. BERMAN, Chairperson; MARY PINKETT, ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE M. EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, JOHN A. FUSCO, AL STABILE—February 26, 1998

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 28

Report of the Committee on Finance in favor of approving Application No. 152098 HAX, an Urban Development Action Area Project, located at 838 Beck Street, Council District No. 17, Borough of The Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to Section 577 of the Private Housing Finance Law, an application for a partial tax exemption.

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 350) the annexed resolution respectfully

REPORTS:

Pursuant to Section 577 of Article XI of the Private Housing Finance Law (PHFL), and Section 422 of the Real Property Tax Law, the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for low, moderate and middle income and elderly persons. These properties are developed under programs initiated by HPD and the U.S. Department of Housing and Urban Development (HUD). These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these properties.

A summary of all properties can be found on the following page:

HPD initiated TIL to encourage private ownership and management of low income housing properties and to divest the City of its in-rem stock. The City rehabilitates occupied in-rem buildings and sells them for a nominal fee of $250 per dwelling unit to Housing Development Fund Companies (HDFC) organized pursuant to Article XI of State Private Housing Finance Law (PHFL). In TIL, they are managed by tenant HDFC's as low income housing cooperatives. Tenants are subject to income restrictions pursuant to Section 576 of the PHFL. Monthly rent for such apartments is typically $80-$90 per zoning room but does not exceed 30% of a tenant's annual income.

An exemption from property taxes will be allowed for that portion of the assessed value of the property which exceeds the ceiling amount determined by HPD. The ceiling is increased annually by an amount not to exceed 6%, and cannot increase by more than 20% over 5 years. Full taxes are paid up to the ceiling amount and a total exemption is allowed on that portion of the assessed value which exceeds this amount. This ceiling level was calculated so property tax payments would be approximately 10% of a building's entire budget. This level would reflect other property tax exemptions made available through Federal Section 202 and Mitchell-Lama programs.

The assessed value base amount for ceiling calculations was established at $3,500 per residential unit in 1989-90. The Fiscal 1998 maximum ceiling amount has increased to $5,002, which represents property tax payments of approximately $552 for each dwelling unit.

Exemptions under this program are effective until July 1, 2029 and resale restrictions are placed on all properties pursuant to Board of Estimate Resolution 78 of 1980 as amended by Resolution 56 of 1982.

HomeWorks was created with the goal of expanding home ownership opportunities for all New Yorkers. Under this program, one to four family vacant City-owned buildings are sold to developers selected through a competitive Request for Proposals. Developers, which may be for-profit developers, not-for-profit organizations or joint ventures between them, are selected based on the extent to which their proposal minimizes the use of a City subsidy and on the overall strength and experience of their team. The developers are responsible for the construction, marketing and sale of the houses which all will contain from one to four units. Because of the programmatic objectives stabilizing communities and providing home ownership opportunities to the widest range of New Yorkers, the incomes of potential home buyers are not restricted.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for six years. A full exemption is allowed for the first three years, and phased out in equal decrements over the following three years.

The U.S. Department of Housing and Urban Development (HUD) Section 202 Supportive Housing Program for the Elderly program provides for new construction of rental units to house elderly persons of very low income. Not-for-profit sponsors organized under Article XI of state Private Housing Finance Law are chosen by HUD, and purchase City or privately owned land for the project. Construction and permanent financing of the project will be financed through a HUD capital advance and operations will be supported by a HUD rental assistance contract. The City provides a subsidy through the tax exemption to ensure affordability to the targeted income population.

Pursuant to Section 422 of the Real Property Tax Law, no taxes are paid on the land after conveyance during the term of construction (about 18 months) until the issuance of a temporary or permanent Certificate of Occupancy at which time the exemption and partial payment in lieu of taxes takes effect.

Upon issuance of the temporary or permanent Certificate of Occupancy, an exemption from property taxes will be granted for all of the value of the property in the project (except assessments for local improvements) for the period of the HUD mortgage, but no more than 40 years.

A payment in lieu of taxes of will be made to the City annually. This amount represents 10% of annual shelter rents for the project, arrived at by a formula established by HPD and HUD. In addition, an amount equal to 25% of any annual increases in actual rents will be added, provided that such partial annual payment never exceeds 17% of contract rents or the amount that would otherwise be paid in the absence of any exemption.

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $70,950).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Duane offered the following resolution:

Res. No. 111

Resolution approving an Urban Development Action Area Project located at 838 Beck Street (Block 2709/Lot 10), The Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 28; 152098 HAX).

By Council Members Berman, Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 10, 1997 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 838 Beck Street (Block 2709/Lot 10), Borough of The Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of

one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on February 10, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

L.U. No. 29

Report of the Committee on Finance in favor of approving Application No. 153098 HAK, an Urban Development Action Area Project, located at 67 Malcolm X Boulevard, Council District No. 41, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to Section 577 of the Private Housing Finance Law, an application for a partial tax exemption.

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 350) the annexed resolution respectfully

REPORTS:

(For text of report, see L.U. No. 28 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Duane offered the following resolution:

Res. No. 112

Resolution approving an Urban Development Action Area Project located at 67 Malcolm X Boulevard (Block 1612/Lot 3), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 29; 153098 HAK).

By Council Members Berman, Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 10, 1997 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 67 Malcolm X Boulevard (Block 1612/Lot 3), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on February 10, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project. is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

L.U. No. 40

Report of the Committee on Finance in favor of approving Application No. 165098 HAM, an Urban Development Action Area Project, located at 9 West 119th and 127 West 120th Streets, Council District No. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 353) the annexed resolution respectfully

REPORTS:

(For text of report, see L.U. No. 28 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Duane offered the following resolution:

Res. No. 113

Resolution approving an Urban Development Action Area Project located at 9 West 119th Street (Block 1718/Lot 132) and 127 West 120th Street (Block 1905/Lot 17), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 40; 165098 HAM).

By Council Members Berman, Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1997 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 9 West 119th Street (Block 1718/Lot 132) and 127 West 120th Street (Block 1905/Lot 17), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on February 10, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

Exemption from local and municipal taxes, other than assessments for local improvements and land value, to the extent of all of the value of the improvements included in the project for a period of six years from the first date on which taxes otherwise would become due in the absence of such exemption, during the last three years of which the exemption shall decrease in equal annual decrements.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 70

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly, Lucille C. Clarke Housing for the Elderly, 244-252 West 112th Street, Manhattan, Community District No. 10, Council District No. 9.

The Committee on Finance to which was referred on February 26, 1998, the annexed resolution respectfully

REPORTS:

(For text of report, see L.U. No. 28 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 114

Resolution approving an exemption from real property taxes for a property located at 244-252 West 112th Street (Block 1827, Lots 53, 54, 56 and 57), Manhattan, pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 70).

By Council Member Berman

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council a request dated February 9, 1998 that the Council take the following action regarding a housing project to be located at 244-252 West 112th Street (Block 1827, Lots 53, 54, 56, and 57), Borough of Manhattan (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption") and an annual payment in lieu of taxes;

Whereas, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Tax Exemption is related to ULURP No. C 970780 HAM;

Whereas, the Council held a hearing on the Tax Exemption on February 26, 1998;

Whereas, the Council has considered the financial implications and other policy issues relating to the Project;

Resolved:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby approves the Tax Exemption as follows:

An exemption is granted from real property taxes, other than assessments for local improvements, of all of the value of the property in the Project, including both the land and improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

An exemption is granted from real property taxes, other than assessments for local improvements, of all of the value of the property in the Project, including, both the land and improvements (excluding those portions, if any, devoted to business or commercial use), commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years for the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $29,353.00, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

HERBERT E. BERMAN, Chairperson; MARY PINKETT, ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE M. EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, JOHN A. FUSCO, AL STABILE—February 26, 1998

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 71

Report of the Committee on Finance in favor of approving Partnership Neighborhood Builder Program Phelan Place, Phelan Place and Billingsley Terrace between Tremont Avenue and West Burnside Avenue, Bronx, Community District No. 5, Council District No. 15.

Report of the Committee on Governmental Operations

Int. No. 1

Report of the Committee on Governmental Operations in favor of approving and adopting a Local Law in relation to the establishment of a charter revision commission.

The Committee on Governmental Operations to which was referred on January 22, 1998 (Minutes, page 209) the annexed local law respectfully

REPORTS:

New York City has been operating pursuant to its existing Charter since 1990. The 1989 Charter Revision Commission intended such Charter to create a workable balance of power between the Executive and Legislative branches of government. However, because many of the Charter's provisions are ambiguous, the Council, other elected officials and the Mayor, on far too many occasions, have been forced to resolve conflicts through litigation. Serious policy matters should be resolved by elected officials consistent with clearly defined spheres of responsibility set forth in the Charter, not by the Judiciary.

Similarly, the Charter should provide a workable mechanism to ensure that the citizens of New York have an effective, cost-efficient, responsive structure to deal with the many complex problems New York City faces with respect to such matters as land use, economic development, protection of our communities, delivery of services and the maintenance of the City's infrastructure.

Many flaws in the Charter have come to light in the years that the Charter has been in existence. Some problem areas in the Charter that need to be addressed include but are not limited to:

Land Use — Current land use review procedures should be reviewed to ensure that they are not too cumbersome, too burdensome and too long and do not discourage long-term growth and responsible development.

Board of Estimate — The devolution of certain powers of the Board of Estimate needs to be clarified to avoid needless, time consuming, and distractionary legal battles over governmental responsibilities.

Budget Process — The Executive branch has the sole power to make an officially-certified revenue estimate. This exclusive power should be reviewed to determine whether it undermines, and interferes with, the Council's right to enact the budget itself, thereby undercutting the separation of powers.

The Council is currently prevented from making mid-year budget modifications except in cases of "new revenues" and there exists an unresolved conflict as to what constitutes "new revenues." The limitation with respect to mid-year budget modifications should be reviewed to determine whether it undermines the annually enacted budget.

For the past twenty years, the City's budget process has been governed in part by the Financial Emergency Act ("FEA"). The FEA is scheduled to expire in 2008 and the Commission should review which provisions of the Act should be continued.

Contracting — The City spends approximately $7 billion annually on contracting goods, services and construction. The City's contracting process should be reviewed to determine whether the system needs to be restructured to ensure efficiency and to encourage competition and greater accountability. Contracting is within the exclusive role of the Executive with no effective countervailing checks and balances and this unilateral decision-making needs to be carefully analyzed.

Service Delivery — The Charter mandates and mechanisms regarding agency service delivery to the communities of New York City need to be reviewed and if necessary, clarified and strengthened.

Economic Development — The process for economic development in the City needs to be carefully reviewed to ensure that it is user-friendly and streamlined and that the agencies responsible for economic development are efficiently encouraging such development.

Public Access — The mandates regarding public access to information related to City government and its operation should be reviewed to ensure that the public has effective access to governmental decision-making.

Appointments — The "advice and consent" process should be reviewed so that nominees are of the highest caliber and experience and that important officials' backgrounds and abilities for all major governmental positions are subject to the highest scrutiny and review.

Conflicts of Interest — The City's conflict of interest law should be reviewed so that it is reasonable, clear, and encourages the highest standard of ethical conduct.

Thus, the need to clarify provisions of the Charter is particularly imperative to ensure that the City of New York has a workable and efficient mechanism to confront and solve the complex issues facing our City.

Int. No. I — Analysis

Organization and Membership

Int. No. 1 would create a commission to draft a new or revised Charter for New York City. The Commission will be known as the New York City Charter Revision Commission ("Commission").

The Commission shall consist of fifteen members, all of whom shall be residents of New York City and have extensive knowledge on matters of local government and municipal affairs. The members of the Commission shall be appointed by the City Council in the manner in which such appointments are made by the Council. Eight members shall constitute a quorum. The Mayor, other elected officials and civic and community groups may submit to the City Council names of persons for consideration for such appointments. The Speaker of the Council shall appoint the Chair, Vice-Chair and Secretary from among the members of the Commission.

The members of the Commission shall receive no compensation for their services but shall be reimbursed for the actual and necessary expenses incurred by them in the performance of their duties. Certificates of appointment that specify the names of the members to constitute the Commission shall be filed by the City Council with the City Clerk and the Mayor by April 10, 1998.

No person shall be disqualified to serve as a member, employee or consultant of the Commission by reason of holding any other public office or employment.

Term of Office

The terms of the office of the members of the Commission shall expire on the day of the election at which the proposed new Charter or Charter amendments prepared by the Commission are submitted to the qualified electors of the City, or on the day of the second general election following the organization of the Commission if no such questions have been submitted by that time.

Commission Staff

The Commission may, within the appropriations therefor, appoint and at pleasure remove an Executive Director, Counsel and such employees and consultants as it shall require and fix their compensation and may accept any services, facilities or funds and use or expend the same for its purposes.

Jurisdiction and Operation

The Commission shall review the entire Charter and prepare a draft of a proposed new or revised Charter.

If the Commission decides to leave a part of the existing Charter unchanged, it may propose in one or more amendments a revision of the remaining parts. In such case it shall make a report to the public, accompanying its proposals, in which it shall refer specifically to such unchanged part and explain its decision to leave such part unchanged.

Hearings

The Commission shall conduct public hearings at such times and such places within the City as it shall deem necessary in relation to preparing a draft of a proposed new or revised City Charter. Additionally, the Commission may conduct private hearings, take testimony, subpoena witnesses and require the production of books, papers and records.

Upon request of the Commission, the Mayor may direct any board, body, officer or employee of the City to cooperate with, assist, advise, provide facilities, materials or data and render services to the Commission. Additionally, the Commission may request and receive from any City of New York department, board, bureau, commission, office, agency or other instrumentality such facilities, assistance, data and personnel as may be necessary or desirable for the proper execution of its powers and duties.

The Commission's Submission

The new Charter or Charter amendments shall be completed by the Commission and filed in the office of the City Clerk in time for submission to the electors not later than the November, 1999 election.

The submission and public notice shall be in accordance with the provision of the Municipal Home Rule Law and Election Law.

Budget

The City of New York shall make appropriations therefor for the support of the Commission. In addition to such action, the City shall have the power, upon request of the Commission, to appropriate such sum or sums as shall be necessary to defray the Commission's expenses.

The Commission's Duration

The Commission shall expire on the day of the election at which the proposed new Charter or Charter amendments prepared by the Commission are submitted to the qualified electors of the City or on the day of the second general election following the organization of the Commission if no such questions have been submitted by that time.

Severability

If any sentence, paragraph, section or part of this proposed local law shall be adjudged invalid by a court of competent jurisdiction such judgment shall not impair or invalidate the remainder thereof but shall be confined to that part.

Additionally, nothing contained in this proposed local law shall be construed to be inconsistent with the applicable provisions of the Municipal Home Rule Law refuting to the Charter Revision Commission or the applicable provisions of Election Law.

This proposed local law shall take effect immediately.

	Effective FY99	FY Succeeding Effective FY00	Full Fiscal Impact FY99
Revenues (+)	$0	$0	$0
Expenditures (–)	($2.5 million)	($2.5 million)	($2.5 million)
Net	($2.5 million)	($2.5 million)	($2.5 million)

Impact on Revenues: There would be no impact on revenues resulting from enactment of this legislation.

Impact on Expenditures: The cost associated with the establishment of the Charter Revision Commission pursuant to this legislation would be approximately $2.5 million annually in Fiscal 1999 and Fiscal 2000.

Accordingly, Your Committee recommends its adoption.

Report of the Committee on Health (jointly with) the Committee on Youth Services

Int. No. 2-A

Report of the Committee on Youth Services in favor of approving and adopting an amended local law to amend the local law number three for the year 1998 which prohibits or restricts the advertisement and promotion of tobacco products to protect children, in relation to the effective date of such local law and to amend the building code to eliminate criminal penalties for violations of such local law.

The Committee on Youth Services to which was referred on January 22, 1998 (Minutes, page 211) the annexed amended local law respectfully

REPORTS:

This proposed local law would extend from 60 to 180 days the effective date of Local Law 3 for the year 1998 which is also known as the Youth Protection Against Tobacco Advertising and Promotion Act. This extension reflects a commitment made by the Speaker of the Council to the Mayor at the time the Mayor was considering whether or not to sign Int. No. 951-A into law. The Mayor went on to sign Int. No. 951-A into law and it is now known as Local Law 3 for the year 1998.

The purpose of this extension is two-fold: (1) to permit the affected industries greater time to comply and (2) to permit the city agencies involved in enforcing this local law the time mandated under the City Administrative Procedure Act (CAPA) for the promulgation of rules related to such enforcement.

In addition, this legislation corrects an error made in enacting Int. No. 951-A into law. Contrary to the intent of the Council, Local Law 3 of 1998 could have subjected persons cited with violations of such law to criminal penalties. As the Council's intention was to impose civil penalties returnable to the Environmental Control Board (ECB) only, section two of Proposed Int. No. 2-A would correct that error in drafting by clarifying that such violations are not intended to "subject any person to liability for a criminal offense."

This local law would take effect immediately.

	Effective FY98	FY Succeeding Effective FY99	Full Fiscal Impact FY98
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: There is no anticipated impact on revenues from this legislation.

Impact on Expenditures: There is no anticipated impact on expenditures from this legislation.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend local law number three for the year 1998 which prohibits or restricts the advertisement and promotion of tobacco products to protect children, in relation to the effective date of such local law and to amend the building code to eliminate criminal penalties for violations of such local law.

Be it enacted by the Council as follows:

Section 1. Section 11 of local law number three for the year 1998 is hereby amended to read as follows:

§ 11. This local law shall take effect [sixty] *one hundred eighty* days after it shall have become a law *except that the commissioner of buildings may promulgate rules and take other administrative actions necessary to implement its provisions prior to such effective date.*

§ 2. Article 17-A of title 27 of the administrative code of the city of New York is amended by adding a new section 27-508.7 to read as follows:

§ 27-508.7 Penalties. Notwithstanding the provisions of sections 26-122, 26-125 and 26-248 of this code, a violation of this article shall not subject any person to liability for a criminal offense.

§ 3. This local law shall take effect immediately.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Report of the Committee on Health

Int. No. 141-A

Report of the Committee on Health in favor of approving and adopting an amended local law to amend the administrative code of the city of New York, in relation to certain prohibitions and requirements contained in chapter five of title seventeen.

The Committee on Health to which was referred on February 5, 1998 (Minutes, page 535) the annexed amended local law respectfully

REPORTS:

In adopting the Smoke-Free Air Act (Local Law Number 5 for the year 1995) section 17-506 of chapter five of title 17 of the Administrative Code was amended to prohibit ashtrays in all smoke-free areas. Under subdivision b of section 17-503, smoke-free areas include ". . . any service line, waiting area, or portion thereof . . ." This ashtray prohibition has created concerns about public safety resulting from improperly extinguished tobacco products and has also created a hardship for the hotel and motel industry. Representatives of the industry report that hotel and motel guests and visitors who enter hotel or motel lobbies or are near elevators extinguish their tobacco products on walls and floors because ashtrays are no longer legally available for that purpose. This has caused the hotels and motels to suffer significant property damage on a regular and continuing basis and creates a public safety risk that would be otherwise avoidable if ashtrays were once again legally available at these locations. This proposed local law would, therefore, permit ashtrays to be placed immediately adjacent to hotel and motel elevators and immediately adjacent to public entrances to hotels and motels and they must be located so that second-hand smoke from such ashtrays will not ordinarily activate smoke detectors.

In order to emphasize that smoking in these areas continues to be prohibited, despite the return of ashtrays to these smoke-free areas, this proposed local law would require that "No Smoking" signs be posted immediately adjacent to such ashtrays.

This proposed local law would take effect immediately.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to certain prohibitions and requirements contained in chapter five of title seventeen.

Be it enacted by the Council as follows:

Section 1. Subdivision d of section 17-506 of the administrative code of the city of New York is amended to read as follows:

d. Ashtrays are prohibited in all smoke-free areas covered by this chapter except *(i)* ashtrays offered for sale *or (ii) ashtrays placed immediately adjacent to hotel and motel elevators and immediately adjacent to public entrances to hotels and motels, provided that such ashtrays are positioned so that second-hand smoke emanating from such ashtrays will not ordinarily activate smoke detectors and provided further that "No Smoking" signs as set forth in subdivision a of this section and in any rules promulgated by the commissioner shall be posted immediately adjacent to such ashtrays.*

§ 2. This local law shall take effect immediately.

Reports of the Committee on Housing and Buildings

Int. No. 97-A

Report of the Committee on Housing and Buildings in favor of approving and adopting an amended local law to amend the administrative code of the city of New York, in relation to inspection of the exterior walls of buildings greater than six stories in height.

The Committee on Housing and Buildings to which was referred on January 22, 1998 (Minutes, page 335) the annexed amended local law respectfully

REPORTS:

In recent weeks, there have been a number of accidents reported within the City of New York involving falling debris from building facades, partial building collapses and construction site mishaps. Most noted, is the accident that occurred at the office tower located at 540 Madison Avenue. According to an article appearing in the December 8, 1997 edition of *The New York Times*, a section of the building's side wall peeled off, snapping a hanging work platform in two and dangling a ton of bricks from a torn safety net. Fortunately, there were only minor injuries inflicted, but neighboring buildings had to be evacuated and several blocks had to be closed off to traffic and remained closed for several weeks thereafter.

Another incident, which occurred some two weeks later, involved a three-foot by five-foot chunk of concrete that fell from a nine-story hotel on the upper West Side. In this case, no one was injured.

Under Local Law No. 10 of 1980 owners of a building greater than six stories in height are required to inspect the exterior walls and appurtenances at least once every five years to check for any cracks or other architectural flaws and if there are any, to make all necessary repairs. Such inspections must be made or witnessed by a registered architect or professional engineer and a copy of the inspection report must be sent to the Department of Buildings. Buildings that have ongoing maintenance or walls which are set back more than 25 feet from the street or paved pedestrian walkway are not subject to Local Law 10 inspection requirements.

In light of the City's recent experience at 540 Madison Avenue, wherein the portion of the building that fell was outside the scope of Local Law 10, Int. No. 97 would amend Local Law 10 to require that inspections be conducted at least once every five years on all exterior walls of the building, except for exterior walls that are less than 12 inches from the exterior wall of an adjacent building.

With respect to buildings in existence on March 1, 1998, the initial examination of an exterior wall which was not subject to examination prior to the effective date of this local law shall be conducted prior to March 1, 2000.

On Friday, January 30, 1998, Commissioner Silva testified in support of Int. No. 97 and offered several proposed amendments, which are described below. Upon conclusion of the meeting, Int. No. 97 was laid over.

This local law would take effect immediately.

Amendments to Int. No. 97:

1. A new subdivision b is added to section 27-129 requiring licensed professionals, who during a critical examination of the exterior walls of a building or appurtenances thereof learn of an "unsafe condition", to immediately notify the Department of Buildings in writing. The Department must be notified even if the unsafe condition is discovered before the date the inspection report is due.

2. Currently, licensed professionals may categorize conditions of building exteriors as either "safe", "unsafe" or "precautionary". The Administration proposed to eliminate "precautionary" as a possible condition, thus leaving architects and engineers with only two categories, "safe" or "unsafe", to select from. Based upon concerns raised by Council staff, a third category, "safe with a repair and maintenance program", has been added to the bill, giving licensed professionals greater discretion when performing their examinations. However, licensed professionals are prohibited from filing a report of a safe condition with a repair and maintenance program for the same building for two consecutive filing periods unless the second such report is accompanied by the licensed professional's certification to the correction of all conditions identified in the earlier report as requiring repairs.

3. Subdivision c of section 27-129 has been relettered as subdivision d and has been amended to require all unsafe conditions to be corrected within thirty days of the filing of a critical examination. The licensed professional may apply for a ninety day extension, or additional time if necessary, to complete the repairs required to correct the unsafe condition. Within two weeks after repairs to correct the unsafe condition have been completed, the licensed professional must file an amended report with the Department setting forth the condition of the building.

4. Subdivision c of section 27-129 has been relettered as subdivision d and paragraph 2 therein, which exempted buildings with ongoing maintenance plans from the cyclical filing requirements, has been deleted.

	Effective FY 98	FY Succeeding Effective FY 99	Full Fiscal Impact FY 99
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: There would be no impact on revenues as a result of this legislation, since there are no new fees specified in the legislation.

Impact on Expenditures: There would be no impact on expenditures as a result of this legislation, since the inspections are to be performed by representatives of the building owners.

Accordingly, Your Committee recommends its adoption, as amended.

A Local Law to amend the administrative code of the city of New York, in relation to inspection of the exterior walls of buildings greater than six stories in height.

Be it enacted by the Council as follows:

Section 1. Section 27-129 of the administrative code of the city of New York is amended to read as follows:

§ 27-129 Exterior walls and appurtenances thereof. In order to maintain a building's exterior walls and appurtenances thereof in a safe condition, the following additional requirements shall apply to all existing buildings or buildings hereafter erected which are greater than six stories in height:

(a) Inspection requirements. A critical examination of an applicable building's exterior walls and appurtenances thereof shall be conducted at periodic intervals as set forth by rule [or regulation] of the commissioner, but such examination shall be conducted at least once every five years.

(1) The initial examination for any building in existence on February twenty-first, nineteen hundred eighty shall be conducted prior to February twenty-first, nineteen hundred eighty-two and the initial examination for any building thereafter constructed shall be conducted in the fifth year following the erection or installation of any exterior wall and/or enclosures.

(2) Such examination shall be conducted and witnessed by or under the direct supervision of a licensed architect or licensed professional engineer by or on behalf of the owner of the building.

(3) Such examination shall include, in addition to an inspection, a complete review of the most recently prepared report.

(4) Such examination shall also be conducted in accordance with the applicable rules [and regulations] promulgated by the commissioner.

(b) Notification requirements. Whenever an architect or engineer learns through a critical examination of a building's exterior walls and appurtenances thereof of an unsafe condition prior to the filing of a report with the department of buildings pursuant to subdivision (c) of this section, he or she shall notify the owner and the department of buildings immediately in writing of such condition.

[(b)] *(c)* Report of examination. Such architect or engineer shall submit a written report certifying the results of such examination to the commissioner, clearly documenting the condition of the exterior walls and appurtenances [thereto] *thereof as either safe, unsafe or safe with a repair and maintenance program.* The report shall include a record of all significant deterioration, unsafe conditions and movement observed as well as a statement concerning the watertightness of the exterior surfaces. Such report must be signed by and bear the professional seal of such architect or engineer.

[(c)] *(d)* Necessary repairs. *(1) Unsafe condition. a.* Upon the filing of the architect's or engineer's report of *an* unsafe condition with the commissioner, the owner, his or her agent or the person in charge shall immediately commence such repairs[,] *or* reinforcements [or precautionary] *and shall undertake such* measures as may be required to *secure public safety and to* make the building's [front] *exterior* walls or appurtenances thereof conform to the provisions of this code. [Such ameliorative work shall be completed within a time period to be established by rule or regulation of the commissioner.]

b. All unsafe conditions shall be corrected within thirty days of the filing of the critical examination report.

c. The architect or engineer shall inspect the premises and file an amended report setting forth the condition of the building within two weeks after repairs to correct the unsafe condition have been completed.

d. *The commissioner may grant an extension of time of up to ninety days to complete the repairs required to correct an unsafe condition upon receipt and review of an initial extension application submitted by the architect or engineer together with such additional documentation as may be prescribed by rule.*

e. The commissioner may grant a further extension of time to complete the repairs required to remove an unsafe condition upon receipt and review of an application for a further extension submitted by the architect or engineer together with such further documentation as may be prescribed by rule.

(2) Safe condition with a repair and maintenance program. An architect or engineer shall not file a report of a safe condition with a repair and maintenance program for the same building for two consecutive filing periods unless the second such report is accompanied by his or her certification attesting to the correction of all conditions identified in the earlier report as requiring repair.

[(d)] *(e)* Exceptions. The additional requirements imposed by this section shall not be applied to[:

(1) Exterior walls set back more than twenty-five feet from the street and/or any paved pedestrian walkway] *any part of an exterior wall which is less than twelve inches from the exterior wall of an adjacent building.*

[(2) Buildings having an on-going maintenance program subject to rules and regulations promulgated by the department of buildings for the exterior walls and appurtenances thereof, under the supervision of a licensed architect or engineer retained by or on behalf of the owner.]

[(e)] *(f)* Violations. Any person who shall violate, or refuse, or neglect to comply with any provisions of this section shall, upon conviction thereof, be punished by a fine of not more than one thousand dollars, or by imprisonment not exceeding six months, or both; and any such person shall, also, for each offense, be subject to the payment of a penalty in the sum of two hundred fifty dollars for each month there is non-compliance, to be recovered in a civil action brought in the name of the commissioner.

(g) With respect to buildings in existence on March first, nineteen hundred ninety-eight, the initial critical examination of an exterior wall which was not subject to such examination under the provisions of paragraph one of subdivision d of this section in effect prior to the effective date of this local law shall be conducted prior to March first, two thousand.

§ 2. This local law shall take effect immediately.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Duane offered the following resolution:

Res. No. 116

Resolution approving an Urban Development Action Area Project located at Phelan Place and Billingsley Terrace between Tremont Avenue and West Burnside Avenue (Block 2879/Lots 274 and p/o 267), The Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 31; 155098 HAX).

By Council Members Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 4, 1997 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at Phelan Place and Billingsley Terrace between Tremont Avenue and West Burnside Avenue (Block 2879/Lots 274 and p/o 267), Borough of The Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on February 10, 1998;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Physical Culture or Health Establishments

(a) In *C1-9*, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board of Standards and Appeals may permit #physical culture or health establishments# as defined in Section 12-10, including gymnasiums (not permitted under Use Group 9), massage establishments other than #adult physical culture establishments#, for a term not to exceed ten years, provided the following findings are made:

(1) that such #use# is so located as not to impair the essential character or the future use or development of the surrounding area; and

(2) that such #use# contains:

(i) one or more of the following regulation size sports facilities; handball courts, basketball courts, squash courts, paddleball courts, racketball courts, tennis courts; or

(ii) a swimming pool of a minimum 1,500 square feet; or

(iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or

(iv) facilities for the practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as #accessory# to programmed facilities as described in paragraphs (2)(i) through (2)(iv) of this Section.

(b) In C4-7, C5-2, C5-3, C5-4, C5-5, C6-4, C6-5, C6-6, C6-7, C6-8 or C6-9 Districts, the Board may permit #physical culture or health establishments# located on the roof of a #commercial building# or the commercial portion of a #mixed building#, provided the following additional findings are made:

(1) that such #use# shall be an incidental part of a permitted #physical culture or health establishment# located within the same #commercial# or #mixed building#;

(2) that such #use# shall be open and unobstructed to the sky;

(3) that such #use# shall be located on a roof not less than 23 feet above #curb level#;

(4) that the application for such #use# shall be made jointly by the owner of the #building# and the operator of such #physical culture or health establishment#; and

(5) that the Board shall prescribe appropriate controls to minimize adverse impacts on the surrounding area, including but not limited to, requirements for the location, size and types of signs, limitations on the manner and/or hours of operation, shielding of floodlights, adequate screening, and the control of undue noise including the amplification of sound, music or voices.

(c) No special permit shall be issued pursuant to this Section unless:

(1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and

(2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.

The Board shall retain the right to revoke the special permit, at any time, if it determines that the nature or manner of operation of the permitted #use# has been altered from that authorized.

The Board may prescribe appropriate conditions and safeguards including location of #signs# and limitations on the manner and/or hours of operation in order to minimize adverse effects on the character of the surrounding community.

L.U. No. 52

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure Application No. C 970780 HAM, an Urban Development

Action Area Designation and Project, and the disposition of such property located at 244-252 West 112th Street, Borough of Manhattan, Council District No. 9. The matter is subject to Council Review and action pursuant to Sections 197-c and 197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which was referred on January 22, 1998 (Minutes, page 356) the annexed resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of 244-252 West 112th Street (Block 1827/Lots 53, 54, 56 and 57), as an Urban Development Action Area;

   b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD.

To facilitate the construction of a HUD Section 202 development, tentatively known as Lucille C. Clarke Senior Housing, containing 61 apartments for low income elderly tenants, and one apartment for the superintendent in a six-story elevator building.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Duane offered the following resolution:

Res. No. 121

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 970780 HAM, approving the designation of 244-252 West 112th Street (Block 1827/Lots 53, 54, 56 and 57), Manhattan, as an Urban Development Action Area approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer selected by the Department of Housing Preservations and Development (L.U. No. 52; C 970780 HAM).

By Council Members Eisland and Duane

Whereas, the City Planning Commission filed with the Council on January 23, 1998 its decision dated January 21, 1998 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 244-252 West 112th Street (Block 1827/Lots 53, 54, 56 and 57), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservations. and Development (the "Disposition") (ULURP No. C 970780 HAM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on February 9, 1998;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on February 10, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 970780 HAM).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

Reports of the Committee on Rules, Privileges and Elections

M-124

Report of the Committee on Rules, Privileges and Elections in favor of approving the appointment by the Mayor of Jean Parker Phifer, as a member of the New York City Art Commission for the remainder of a three year term, which will expire on December 31, 1998.

The Committee on Rules, Privileges and Elections to which was referred on February 5, 1998 (Minutes, page 366) the annexed communication respectfully

REPORTS:

The Committee on Rules, Privileges and Elections will consider on February 26, 1998, one appointment by the Mayor to the New York City Art Commission.

Chapter 37 of the New York City Charter provides for an Art Commission. Section 851 of this chapter states that the members of the commission shall include the Mayor, or his representative, the president of the Metropolitan Museum of Art, the president of the New York Public Library, the president of the Brooklyn Museum, one painter, one sculptor, one architect, one landscape architect and three other members who shall not be active members in the categories just mentioned or any other fine art profession.

Other than the representatives of the three institutions the other members shall be selected from a list submitted to the Mayor by the Fine Art Federation of New York and shall all be residents of the city and shall serve three year terms.

The Commission shall have final approval with all "works of art" installed or erected or to be installed or erected upon or over land belonging to the city. The Commission shall examine all works of art belonging to the city and may request an agency to move a work of art to a more suitable location. The Commission shall have advisory oversight over all art belonging to the city and agencies shall maintain lists of all art in their possession and notify the Commission of a proposed change in use or relocation.

The Mayor has nominated Jean Parker Phifer for appointment as a member of the New York City Art Commission and will replace Lo-Yi Chan. Her appointment will be for the remainder of a three year term which will expire on December 31, 1998.

The resume for the above named individual is attached hereto for your information.

After interviewing the candidate and finding her qualified, Your Committee recommends her nomination.

In connection herewith, Council Member Povman offered the following resolution:

Report of the Committee on Rules, Privileges and Elections in favor of approving the appointment by the Mayor of John Trubin, as a member of the New York City Taxi and Limousine Commission for the remainder of a seven year term, which will expire on January 31, 2003.

The Committee on Rules, Privileges and Elections to which was referred on February 5, 1998 (Minutes, page 368) the annexed communication respectfully

REPORTS:

The purpose of the Taxi and Limousine Commission pursuant to Section 2300 of Chapter 65 of the New York City Charter, is the continuance, further development and improvement of taxi and limousine service in the City of New York. Along with the promotion and protection of the public comfort and convenience, the further purpose of the commission is to adopt and establish an overall public transportation policy governing taxi, coach, limousine and wheelchair accessible van services as it relates to the overall public transportation network of the city; to establish certain rates, standards of service, standards of insurance and minimum coverage; standards for driver safety; standards for equipment safety and design; standards for noise and air pollution control; and to set standards and criteria for the licensing of vehicles, drivers and chauffeurs, owners and operators engaged in such services.

The Commission, pursuant to Section 2301, shall consist of nine members to be appointed by the Mayor with the advice and consent of the City Council. Five of said members, one resident from each of the five boroughs of New York City, shall be recommended for appointment by a majority vote of the Council Members of the respective borough.

Such members shall be appointed for terms of seven years. Vacancies other than by expiration of a term shall be filled for the unexpired term. The Mayor may remove any such member for cause, upon stated charges. The Mayor shall designate one member of the Commission to act as the Chairman and Chief Executive officer. The Chairman shall have charge of the organization of its office and have authority to employ, assign and superintend the duties of such offices and employees. The Chairman shall devote his/her full time to this position and as such he/she shall receive an annual salary of $128,369.00. The other members of the commission, however, are not entitled to compensation.

The candidate appearing before the Committee for appointment today is John Trubin, as a member of the New York City Taxi and Limousine Commission, who will serve for the remainder of a seven year term, which term will expire on January 31, 2003.

The resume for the above named is attached hereto for your information.

After interviewing the candidate and finding him qualified, Your Committee recommends his nominations.

Res. No. 128

Resolution approving the appointment by the Mayor of John Trubin, as a member of the New York City Taxi and Limousine Commission.

By Council Member Povman:

Resolved, that pursuant to Section 31 and Section 2301 of the New York City Charter, the Committee on Rules, Privileges and Elections hereby approves the appointment by the Mayor of John Trubin as a Member of the New York City Taxi and Limousine Commission, for the remainder of a seven year term, which will expire on January 31, 2003.

L.U. No. 5

Application No. N970203ZRY Bulk modifications of one and 2 family detached and semi detached residences.

City Planning Commission decision approving an application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York, relating to Section 73-62 to create a new special permit of the Board of Standards and Appeals to allow bulk modifications of single and two-family detached and semi-detached residences in specified areas of the city.

To allow, by Board of Standards and Appeals Special Permit, the enlargement of one- and two-family detached and semi-detached homes in certain areas of the city.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 129

Resolution approving the decision of the City Planning Commission on Application No. N 970203 ZRY, an amendment to the text of the Zoning Resolution regarding bulk modifications of single- and two-family detached and semi-detached residences in specified areas of the city (L.U. No. 5).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on December 24, 1997 its decision dated December 23, 1997 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution (Application No. N 970203 ZRY) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(l) of the City Charter;

Whereas, the Council held a public hearing on the Decision and Application on January 13, 1998;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the negative declaration, issued on October 21, 1996 (CEQR No. 97DCP013Y);

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision with modifications; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Introduction and Reading of Bills

Int. No. 146

By The Speaker (Council Member Vallone) and Council Members Leffler, Eisland, Harrison, Henry, Koslowitz, Lasher, McCaffrey, Michels, Cruz, Stabile, Dear, Malave-Dilan, Espada, Freed, Linares, Reed, Warden, Wooten, Abel and Fusco; also Council Members DiBrienza, Fisher, Foster, Lopez, Marshall, O'Donovan, Pinkett, Provenzano, and Robles

A LOCAL LAW to amend the administrative code of the city of New York in relation to prohibiting the desecration of cemetery plots and burial places.

Be it enacted by the Council as follows:

Section one. Chapter one of title ten of the administrative code of the city of New York is amended to add a new section 10-116.1, to follow section 10-116, to read as follows:

*§ **10-116.1. a. Damaging cemetery plots or burial places prohibited.** It shall be unlawful for any person to intentionally and without authority damage or deface any real or personal property maintained as a cemetery plot, grave, burial place or other place of interment of human remains, or any appurtenance thereto.*

b. It shall be unlawful for any person to knowingly aid, abet, conceal or in any way assist another person to violate subdivision a of this section.

c. Any person who violates the provisions of this section shall be guilty of a misdemeanor punishable by imprisonment of not more than one year or by a fine of not more than two thousand five hundred nor less than five hundred dollars or both. In addition, any person who violates the provisions of this section shall be subject to a civil penalty not to exceed ten thousand dollars.

§ 2. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Public Safety.

Res. No. 81

Resolution urging the State Senate to adopt, and Governor Pataki to sign a law protecting the rights of women to gain access to reproductive health care clinics.

By The Speaker (Council Member Vallone) and Council Members Eldridge, Leffler, Koslowitz, Watkins, Lopez, Duane, Eisland, Freed, Linares, Michels, Perkins, Reed, Warden, Wooten, the Public Advocate (Mr. Green); also Council Members Carrison, Cruz, DiBrienza, Fisher, Lasher, Marshall, McCaffrey, Miller, O'Donovan, Pinkett, Sabini and Weiner

Whereas, On January 29, 1998 a bomb exploded at an abortion clinic in Alabama, killing an off-duty police officer working as a security guard, and seriously injuring a nurse, among others; and

Whereas, This senseless and cowardly act of violence is repulsive to all Americans of good conscience, regardless of their beliefs about abortion, and further underscores the need to enact stringent laws to punish those who commit acts of violence or intimidation that unlawfully interfere with a woman's Constitutional right to seek and obtain reproductive health care services; and

Whereas, In 1994, the New York City Council took the lead in this area by enacting the "Access to Reproductive Health Services Act," which prohibits any person from intentionally preventing another person from obtaining or providing reproductive health services or counseling by physically obstructing or blocking ingress or egress to a health care facility; following or harassing another person or engaging in other conduct that would place her in reasonable fear of physical harm; or physically damaging, or attempting to damage, a reproductive health care facility; and

Whereas, A violation of the New York City law is punishable by substantial monetary fines and/or imprisonment; injunctive relief and money damages are also available remedies; and

Whereas, Shortly after the enactment of the New York City law, the United States Congress adopted, and the President signed the "Freedom of Access to Clinic Entrances Act of 1994," which similarly extends protection to women seeking access to reproductive health care facilities; and

Whereas, Both laws expressly recognize and protect the First Amendment rights of people who seek to peacefully protest; and

Whereas, Since 1992, New York State has consistently failed to pass a clinic access and safety law that would protect the Constitutional rights of women throughout the State; and

Whereas, Although such legislation has been introduced and adopted by the State Assembly every year since 1992, the Senate has refused to take the measure up; and

Whereas, A State clinic access law would allow local district attorneys to enforce its provisions and would make it easier for people located in rural areas, often far from the federal courts, to seek legal redress; and

Whereas, It is unconscionable for the Constitutional rights of women living in New York State to go unprotected and unrecognized by the State's highest officials; now, therefore be it

Resolved, That the Council of the City of New York calls upon the State Senate to adopt, and Governor Pataki to sign a law protecting the rights of women to gain access to reproductive health care clinics.

Referred to the Committee on Public Safety.

Res. No. 82

Resolution calling upon the United States Immigration and Naturalization Service and the United States Department of State to honor the request of the Haitian government for the extradition or deportation of Francois Emmanuel "Toto" Constant to Haiti where he can stand trial for his crimes.

By The Speaker (Council Member Vallone), and Council Members Dear, Duane, Eisland, Linares, Perkins, Reed, Warden and Stabile; also Council Members Fisher, Foster, Koslowitz, Leffler, O'Donovan, Robinson and Sabini

Whereas, Francois Emmanuel "Toto" Constant was the President of the Haitian paramilitary group referred to as the Front for the Advancement of the Haitian People, also known by the acronym FRAPH, an organization that he helped to create and which terrorized and brutalized the citizens of Haiti for three years, in 1991 to 1994, during the period of President Jean-Bertrand Aristide's exile; and

Whereas, FRAPH and Francois Constant, as its leader, were responsible for the torture, kidnapping, raping and murder of thousands of innocent Haitians; and

Whereas, Francois Constant led the riot that caused the U.S.S. Harlan County to turn back from Port au Prince and thus seriously harmed the efforts, led by the United States of America, to restore Jean-Bertrand Aristide, Haiti's first democratically-elected President to office; and

Whereas, According to reports, the United States Department of State has labeled FRAPH a "terrorist" organization, and the Immigration and Naturalization Service has asserted that it is thoroughly familiar with Francois Constant's background as a cofounder and former leader of FRAPH and the reports of his activities relating to that organization; and

Whereas, The crimes committed by FRAPH and Francois Constant constitute crimes against humanity, violate international law and are violations of numerous international treaties and conventions, including the Convention Against Torture; and

Whereas, The Government of Haiti has requested the extradition of Constant to Haiti so that he can stand trial for his crimes and the United States Department of State has denied said request; and

Whereas, The United States Immigration and Naturalization Service obtained a final order of deportation against Francois Constant, but despite this order and the accusations against him, Francois Constant was also granted a stay of deportation by the Immigration and Naturalization Service; and

Whereas, Francois Constant is presently residing in New York City, where he is believed to be living in the Laurelton section of Queens; and

Whereas, The free residence of Francois Constant constitutes a potential threat and danger to the citizens of New York City, particularly to Haitians, some of whom were victims of FRAPH; and

Whereas, The refusal of the Department of State and the Immigration and Naturalization Service to return Francois Constant to Haiti is unconscionable and can have dire consequences for the citizenry of New York City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Immigration and Naturalization Service and the United States Department of State to honor the request of the Haitian government for the extradition or deportation of Francois Emmanuel "Toto" Constant to Haiti where he can stand trial for his crimes.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 83

Resolution in celebration of March 1998 as Women's History Month and urging all New Yorkers to observe this month with appropriate ceremonies and activities.

By The Speaker (Council Member Vallone) and Council Members Eisland, Pinkett, Freed, Watkins, Eldridge, Koslowitz, Marshall, Wooten, Lopez, Miller, Cruz, Robinson, Harrison, Boyland, Dear, Duane, Espada, Linares, Perkins, Warden, Golden and Stabile; also Council Members Carrion, DiBrienza, Fisher, Foster, Lasher, Leffler, McCaffrey, Michels, Provenzano, Robles and Fiala

Whereas, The year 1998 marks the seventeenth anniversary of the nationwide commemoration of Women's History Month; and

Whereas, Women's organizations in New York City and across the country are celebrating the 150th anniversary of the women's rights movement in the United States with this year's theme designated as "Living the Legacy: The Women's Rights Movement 1848-1998"; and

Whereas, The Women's Rights Movement began in 1848 in Seneca Falls, New York, where the first Women's Rights Convention was held; and

Whereas, The Seneca Falls Convention was the first step in a very long road for American women to win equal rights and expand their roles in society; and

Whereas, Women like Susan B. Anthony, Elizabeth Cady Stanton, and Sojourner Truth, worked courageously and tirelessly to pave the way for generations of American women; and

Whereas, Women of every race, class and ethnic background have played a crucial role in every aspect of the life of this nation, state and city; and

Whereas, Women today are living the legacy of equal rights that were achieved against all odds and continue to do so despite many obstacles and barriers; now, therefore, be it

Resolved, That the Council of the City of New York celebrates March 1998 as Women's History Month and urges all New Yorkers to observe this month with appropriate ceremonies and activities.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

Int. No. 147

By Council Member Berman (by request of the Mayor)

A LOCAL LAW to amend the New York city charter, in relation to penalties for traffic infractions relating to pedestrian offenses

Be it enacted by the Council as follows:

Section 1. Paragraph (1) of subdivision a of section 2903 of the New York city charter is amended to read as follows:

(1) make such rules and regulations for the conduct of vehicular and pedestrian traffic in the streets, squares, avenues, highways and parkways of the city as may be necessary. The violation of such rules and regulations shall be a traffic infraction triable by a judge of the criminal court of the city of New York and, except as otherwise provided by law, punishable by*: (A) in the case of a non-pedestrian related offense, by (i)* not more than fifteen days' imprisonment, or *(ii)* by a fine of not more than fifty dollars, or both, [and] *or (B) in the case of a pedestrian related offense, by (i) not more than fifteen days' imprisonment, or (ii) by a fine of not more than one hundred dollars or both. Traffic infractions* may also be adjudicated pursuant to title nineteen of the administrative code or pursuant to articles 2-A and 2-B of the vehicle and traffic law. The police commissioner may, in an emergency, suspend for a period of forty-eight hours the provisions of any such rule or regulation and shall immediately notify the commissioner of such suspension. In order to expedite the movement of traffic or to safeguard pedestrians or property, a police officer or authorized employee of the transportation department may order a person to disregard any traffic signal or any such rule or regulation;

§ 2. This local law shall take effect immediately.

Referred to the Committee on Finance.

Int. No. 148

By Council Members Berman and Wooten; also Council Members Pinkett, Robinson and Wooten

A LOCAL LAW to amend the administrative code of the city of New York in relation to exempting certain not-for-profit corporations from the unlawful eviction law.

Be it enacted by the Council as follows:

Section 1. Section 26-522 of the administrative code of the city of New York is amended by adding a new subdivision c to read as follows:

c. For the purposes of this chapter, an "owner" shall not include an owner that is a type A or type B not-for-profit corporation formed pursuant to and in compliance with the state not-for-profit corporation law, which maintains an active membership association if the use and occupancy of such owner's dwelling units are restricted to association members.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 149

By Council Members Berman and Golden; also Council Member Cruz

A LOCAL LAW to amend the Charter and the administrative code of the city of New York in relation to the posting of a bond prior to the issuance of a temporary certificate of occupancy.

Be it enacted by the Council as follows:

Section one. Subparagraph f. of paragraph (3) of subdivision (b) of section six hundred forty-five of the charter of the city of New York is hereby amended to read as follows:

f. The commissioner may, on request of the owner of a building or structure or his authorized representative, issue a temporary certificate of occupancy for any part of such building or structure provided that such temporary occupancy or use would not in any way jeopardize life or property *and further provided that proof is submitted to the commissioner that a bond to secure the completion of such building or structure has been posted with the comptroller pursuant to the building code.*

§ 2. Section 26-222 of article five of subchapter three of chapter one of title twenty-six of the administrative code is hereby amended to read as follows:

§ 26-222 Requirement of certificate of occupancy. It shall be unlawful to occupy or to use any building erected or altered after December sixth, nineteen hundred sixty-eight, unless and until a certificate of occupancy shall have been issued by the commissioner, certifying that such building conforms substantially to the approved plans and the provisions of the building code and other applicable laws and regulations. Nothing herein contained, however, shall be deemed to prohibit the commissioner from permitting the temporary occupancy and use of a building in accordance with and subject to the provisions of the building code and paragraph three of subdivision (b) of section six hundred forty-five of the charter *provided that proof is submitted to the commissioner that a bond to secure the completion of such building or structure has been posted with the comptroller pursuant to the building code.*

§ 3. Section 27-218 of article twenty-two of subchapter one of title twenty-seven of such code is hereby amended to read as follows:

§ 27-218 Temporary occupancy. The commissioner may, upon request, issue a temporary certificate of occupancy for a pan or pans of building before the entire work covered by the permit shall have been completed, provided that such part or parts may be occupied safely prior to completion of the building and will not endanger public safety, health or welfare, and further provided that the temporary certificate of occupancy shall be issued initially for a period between ninety and one hundred eighty days, in the case of all buildings classified on occupancy group j-3 or three-family homes, and ninety days for all other buildings, subject to renewal for additional ninety-day periods at the discretion of the commissioner. When an applicant applies for an initial temporary certificate of occupancy for longer than ninety-days, he or she must state the reason necessary for the longer time period. *No temporary certificate of occupancy, shall be issued unless the applicant has furnished to the comptroller a bond in an amount satisfactory to the department to secure the completion of the work within such time as is specified by such department.*

§ 4. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

A LOCAL LAW to amend the administrative code of the city of New York in relation to eligibility of certain persons for appointment as police officers notwithstanding existing maximum age requirements.

Be it enacted by the Council as follows:

Section one. Subdivision a of section 14-109 of the administrative code of the city of New York is hereby amended to read as follows:

§ 14-109 Qualifications of members of force; publishing names and residence of applicants and appointees; probation. a. Only persons shall be appointed or reappointed to membership in the police force or continue to hold membership therein, who are citizens of the United States and who have never been convicted of a felony, and who can read and write understandably the English language. Skilled officers of experience may be appointed for temporary detective duty who are not residents of the city. Only persons shall be appointed police officers who shall be at the date of filing of an application for civil service examination less than thirty-five years of age, *except, that every person who, as of the fifteenth day of April, 1997, satisfied all other requirements for admission to the New York City police department academy shall be admitted to such academy and shall be eligible for appointment as a police officer, notwithstanding that such person was thirty-five years of age or older on the fifteenth day of April, 1997.* Persons who shall have been members of the force, and shall have been dismissed therefrom, shall not be reappointed. Persons who are appointed as police trainees, after examination in accordance with the civil service law and the rules of the commissioner of citywide administrative services and who have satisfactorily completed service as such trainees, may likewise be appointed as police officers without further written examination, provided that they shall have passed a medical examination at the end of their required trainee period. Persons appointed as police trainees shall not be considered members of the uniformed force of the department.

Res. No. 84

Resolution calling on the appropriate committees of the Council of the City of New York to hold hearings regarding actions being taken or considered by the Board of Education and the Department of Youth and Community Development to insure the safety of our children, in light of recent incidents of youth and gang related violence.

By Council Members Cruz, Robles, Sabini, Linares, Clarke, Malave-Dilan, Duane, Henry, Koslowitz, Lasher, Marshall, Abel, Stabile, Boyland, Eisland, Espada, Perkins, Warden, Wooten, Fusco and Golden; also Council Members Leffler, Michels and Robinson

Whereas, Although juvenile crime is dropping citywide, New York, for the ninth year in a row, ranks first in the nation in juvenile arrests for violent crime, according to the Annie E. Casey Foundation; and

Whereas, According to the G. D. Curry 1996 national youth gang survey report to the National Youth Gang Center, Tallahassee, Florida, the United States has seen a rapid growth of youth gangs since 1980 in which the number of "youth gang problem cities" has increased from an estimated 286 with over 2,000 gangs and nearly 100,000 members to an estimated 792 cities/towns with more than 16,000 gangs and 500,000 members; and

Whereas, These numbers can be expected to grow as new surveys are made, partly because of an expected increase in youth violence in the United States and worsening economic conditions that contribute to the growth of gangs and gang related violence; and

Whereas, The New York City Police Department has recently acknowledged the increased activity of gangs in New York City; and

Whereas, There have been numerous incidents of face slashing by juveniles on the streets and subways of New York City in recent weeks, ostensibly as an initiation rite in order to join a gang; and

Whereas, Gang activity and youth violence is picking up in public schools at an alarming rate, creating a climate of fear among the children of getting stabbed, shot or raped while in school; and

Whereas, The Board of Education and the Department of Youth and Community Development are the City's frontline forces responsible for the safety, welfare and development of the children in New York on a daily basis; and

Whereas, Action and discussion must be undertaken by these entities where solutions such as juvenile community courts, counseling and aftercare, school-to-work programs and after-school programs can be discussed; now therefore, be it

Resolved, That the Council of the City of New York calls on the appropriate committee to hold hearings regarding actions being taken or considered by the Board of Education and the Department of Youth and Community Development to insure the safety of our children, in light of the recent incidents of youth and gang related violence.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to permissible parking for public school faculty members.

Be it enacted by the Council as follows:

Section one. Section 19-162 of the administrative code of the city of New York is amended to read as follows:

§ 19-162 Permissible parking for certain purposes. 1. Notwithstanding any local law or regulation to the contrary, but subject to the provisions of the vehicle and traffic law, it shall be permissible for a bus owned, used or hired by public or nonpublic schools to park at any time, including overnight, upon any street or roadway, provided said bus occupies a parking spot in front of and within the building lines of the premises of the said public school or nonpublic school.

2. Notwithstanding any local law, rule or regulation to the contrary, it shall be permissible for a faculty member of a public school to park a motor vehicle other than a bus or, a commercial vehicle. on any street adjacent to the public school to which such faculty member is assigned during the days and hours that such public school is in session, provided, however, that such faculty member shall prominently display in the front window of the motor vehicle an authorized valid parking permit. In order to implement the provisions of this paragraph, the department shall post official signs indicating that faculty parking shall be permissible during school hours along the perimeter of all public schools.

[2.] *3.* Notwithstanding the department of transportation regulation prohibiting parking in front of private driveways, it shall be permissible for the owner or lessor of the lot accessed by such driveway to park a passenger vehicle registered to him or her at that address in front of such driveway, provided that such lot does not contain more that two dwelling units and, further provided that such parking does not violate any other provision of the vehicle and traffic law or local law, rule or regulation concerning the parking, stopping or standing of motor vehicles. The hearing officer shall dismiss any notice of, violation issued to the owner of such passenger vehicle upon receipt from the owner, in person or by mail, of a copy of the vehicle registration containing the same address as that at which the ticket was given or other suitable evidence showing compliance with the law. The director of the bureau shall set forth the proof required in the case of lots where confusion may arise including, but not limited to, corner lots or lots with dual addresses.

Resolution urging the United States Congress to approve President Clinton's requested appropriation for a high-speed rail line as part of the Northeast Corridor Project.

By Council Members Dear, Malave-Dilan, Duane and Eisland; also Council Members Lasher, Leffler, McCaffrey and Michels

Whereas, President William J. Clinton will be seeking $200 million in the Federal budget for the Fiscal Year 1999 to allow for the timely completion of a high-speed rail line between Washington, New York City and Boston; and

Whereas, The completion of the high-speed rail line is part of the Northeast Corridor Improvement project which has already received $900 million for earlier phases of the project; and

Whereas, The funds will be used to improve track conditions for Amtrak between Washington and Boston and install electrical equipment between Boston and New Haven; and

Whereas, The upgrading of existing service with improvements establishing a high-speed rail will reduce the typical four and a half hour rail trip by one-third to three hours; and

Whereas, High-speed rail travel is expected to be significantly less costly than air travel between the two cities, allowing both business and recreational travelers a viable alternative commute between New York and Boston; and

Whereas, One benefit of an anticipated resurgence in rail traffic will be a reduction in air traffic over the City of New York and its neighborhoods; and

Whereas, The creation of high-speed rail between New York and Boston will have positive economic and quality of life impacts on the residents and businesses of each City; and

Whereas, Daniel F. Conley, the Council Member for the Fifth District in Boston, Massachusetts, is sponsoring a comparable resolution before that body; now, therefore, be it

Resolved, That the Council of the City of New York urges the United States Congress to approve President Clinton's requested appropriation for a high-speed rail line as part of the Northeast Corridor Project; and be it, further,

Resolved, That a copy of this resolution be delivered to each member of the United States Congressional Delegations from New York and Massachusetts.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to domestic partners.

Be it enacted by the Council as follows:

Section 1. Title eight of the administrative code of the city of New York is hereby amended by adding a new chapter eight to read as follows:

CHAPTER 8

DOMESTIC PARTNERSHIP

§ 8-801 Declaration of policy. It is hereby found that significant changes in our society have resulted in the creation of diverse living arrangements and the development of nontraditional family compositions of familial units. Brought about by economic and practical concerns as well as emotional, sentimental and other forces, individuals who are committed members of a nontraditional family duly deserve protection against discrimination. A procedure to officially create and terminate a nontraditional family unit is hereby established and it is declared the policy of the city of New York to prohibit harmful discrimination by the city of New York against nontraditional family units.

§ 8-802 Definitions. When used in this chapter 1. The term "domestic partnership" means (a) two unrelated individuals 18 years of age or older, neither of whom is married, who have chosen to share one another's lives in a close and committed relationship of mutual caring, who live together, have agreed to share responsibility for basic living expenses incurred during the domestic partnership and have established their partnership as provided in this chapter.

(b) A domestic partnership may be established by:

(i) Presenting an original domestic partnership statement to the county clerk, who will file it and give the partners a certificate showing that the statement was filed with the clerk; or

(ii) Having a domestic partnership statement notarized; or

(iii) In the event of death, the existence of a domestic partnership may be established by proving emotional financial commitment and interdependence. Although no single factor shall be solely determinative, evidence which is to be considered in determining whether such emotional and financial commitment and interdependence existed, may include, without limitation, such factors as listed below. In no event would evidence of a sexual relationship between such persons be required.

(a) longevity of the relationship;

(b) sharing of or relying upon each other for payment of household or family expenses, and/or other common necessities in life;

(c) intermingling of finances as evidenced by among other things, joint ownership of bank accounts, personal and real property, credit cards, loan obligations, sharing a household budget for purposes of receiving government benefits, etc.;

(d) engaging in family-type activities by jointly attending family functions, holidays and celebrations, social and recreational activities, etc.;

(e) formalizing of legal obligations, intentions, and responsibilities to each other by such means as executing wills naming each other as executor and/or beneficiary, granting each other a power of attorney and/or conferring upon each other authority to make health care decisions each for the other, entering into a personal relationship contract, or serving as a representative payee for purposes of public benefits, etc.;

(f) holding themselves out as family members to other family members, friends, members of the community or religious institutions, or society in general, through their words or actions;

(g) regularly performing family functions, such as caring for each other or each other's extended family members, and/or relying upon each other for daily family services;

(h) engaging in any other pattern of behavior, agreement, for other action which evidences the intention of creating a long-term, emotionally-committed relationship.

2. The term "living together" means that two people have a joint primary residence. Two people may live together even if one or both individuals have additional residential property.

3. The term "domestic partnership statement" means an official document, provided by the city clerk, and any amendment thereto, executed by two people who agree to enter into a domestic partnership and certify that all qualifications for domestic partnership have been met. A standard domestic partnership statement shall be prepared by the corporation counsel within thirty days of the effective date of this legislation and shall contain appropriate information including but not limited to:

(a) both individual's legal name, date of birth and current address;

(b) provisions asserting that:

(1) the individuals are unrelated; and

(2) neither of the individuals are married.

5. The term "the commission" means the city commission on human rights.

6. The term "county clerk" means the clerk of any borough within the city of New York.

7. The term "unrelated" means individuals whose relationship to each other is not that of:

(a) parent to child whether step, whole or adopted; and

(b) sibling to sibling whether half, whole or adopted; and

(c) uncle to niece or nephew; or

(d) aunt to niece or nephew.

§ 8-802 Amendments. Parties must amend the agreement to reflect changes in legal name(s).

§ 8-804 Multiple domestic partnership agreements prohibited. No individual shall be a party to more than one domestic partnership agreement simultaneously. No one who has filed a domestic partnership agreement shall enter into a new agreement with a new party until the prior agreement has been formally terminated.

§ 8-805 Termination. (1) A domestic partnership ends when the partners no longer meet the definition for domestic partnership described herein, one partner sends the other a written notice that he or she has ended the partnership, or one of the partners dies.

(2) When a domestic partnership ends, the partners must execute a notice of termination naming the partners and stating that the partnership has ended (hereinafter "notice of termination"). The notice of termination must be dated and signed by at least one of the partners. If the declaration of domestic partnership for the partnership was filed with the county clerk, the notice of termination must be filed with the county clerk; in all other cases, the notice of termination must be notarized.

(3) A domestic partner who has given a copy of a domestic partnership statement to any party in order to qualify for any benefit or right must, whenever the domestic partnership ends, give that third party a copy of the notice of termination. Upon the death of a partner, the surviving partner must give the notice of termination to those third parties whom she or he knows were given a copy of the statement by the deceased partner in order to qualify for a benefit or right. The notice must be sent within 60 days of the termination of the domestic partnership. Failure to give notice as required by this section will neither prevent nor delay termination of the domestic partnership.

§ 8-806 Unlawful discriminatory acts. The city of New York shall not discriminate against domestic partnerships in any ways when a marital relationship is used as a factor in any decision, policy or practice, or as the basis for any right, benefit or protection, domestic partnership must be accorded the same treatment.

§ 8-807 Procedure. (1) Any person claiming to be aggrieved by an unlawful discriminatory act as defined by section 8-806 of this chapter may file a complaint with the commission according to the procedure detailed in section 8-109 of this title.

(2) This chapter may be enforced by a civil action in the supreme court of the state of New York. A complaint to the commission is not a prerequisite to enforcement in a civil action. The pendency of a complaint before the commission shall not bar any civil action under this action, but a final judgment in any civil action shall bar any further proceedings by the commission.

§ 8-808 Rights and duties. (a) Upon demand, a domestic partner must provide a copy of a current domestic partnership statement to qualify for any right or benefit. Anyone who requires a person to provide evidence of a domestic partnership must accept a copy of a current domestic partnership statement as complete proof thereof.

(b) Anyone who suffers a loss resulting from an individual deriving benefits from a terminated domestic partnership shall have a cause of action for damages against the acting party.

§ 8-809 Records. (a) The county clerk shall keep a current record of all domestic partnership statements that are filed and amendments to such statements including termination notices. Domestic partnership statements shall be confidential records and released only through written request of a party to the statement or a subpoena issued by the commission or a court of competent jurisdiction.

(b) Filing fees. The county clerk may charge a reasonable fee for costs associated with filing, amending, or providing certified copies of domestic partnership statements.

§ 8-810 Non-waiverability. Any written or oral agreement which purports to waive any provision of this chapter is against public policy and void.

§ 8-811 Limited effect. Nothing in this chapter shall be construed to alter, affect or conflict with state or federal laws. This chapter is not intended to and does not make the New York partnership law or New York domestic relations law applicable to domestic partnerships or affect New York domestic relations law applicable to domestic partnerships or affect New York city or state taxes due and payable by any individual or individuals. No rights, duties or liabilities other than those specified in this chapter shall be conferred upon domestic partners or partnerships.

§ 2. This local law shall take effect ninety days after it shall have been enacted into law.

Referred to the Committee on General Welfare.

Res. No 86

Resolution calling upon the United States Congress to repeal the embargo against Cuba by supporting H.R. 284, known as the Cuba Reconciliation Act introduced by Representative Jose Serrano of New York, which would repeal the Cuban Democracy Act of 1992 and the Cuban Liberty and Democratic Solidarity Act of 1996 which legislate the basic tenets of the embargo.

By Council Members Duane, Espada and Lopez; also Council Members Carrion, Leffler, Pinkett, Reed and Robinson

Whereas, Every year since 1992, the United Nations has passed a resolution calling for an end to the embargo against Cuba, based on the principles of the sovereign equality of nations, non-intervention and non-interference in their internal affairs and the freedom of international trade and navigation; and

Whereas, Aware of measures aimed at strengthening the economic, commercial and financial blockade of Cuba, the United Nations has called upon it members to refrain from and/or repeal such laws which enforce this embargo; and

Whereas, Since the fall of the Berlin Wall in 1989, the United States has normalized its relations with most of the foreign communist-block countries and has promoted full diplomatic, economic and cultural relations with them, and

Whereas, Cuba has significantly changed its revolutionary stance in the world by removing its troops from Africa, not intervening in revolutionary situations in Latin America and other parts of the world and has reduced its military relationship with the former Soviet Union; and

Res. No. 87

Resolution calling upon the United States Congress to repeal the embargo against Cuba by supporting H.R, 284, known as the Cuba Reconciliation Act introduced by Representative Jose Serrano of New York, which would repeal the Cuban Democracy Act of 1992 and the Cuban Liberty and Democratic Solidarity Act of 1996 which legislate the basic tenets of the embargo.

By Council Members Duane, Espada and Lopez; also Council Members Carrion, O'Donovan, Pinkett, Reed and Robinson

Whereas, Every year since 1992, the United Nations has passed a resolution calling for an end to the embargo against Cuba, based on the principles of the sovereign equality of nations, non-intervention and non-interference in their internal affairs and the freedom of international trade and navigation; and

Whereas, Aware of measures aimed at strengthening the economic, commercial and financial blockade of Cuba, the United Nations has called upon its members to refrain from and/or repeal such laws which enforce this embargo; and

Whereas, Since the fall of the Berlin Wall in 1989, the United States has normalized its relations with most of the former communist-block Countries and has promoted full diplomatic, economic and cultural relations with them, and

Res. No. 88

Resolution calling upon the United Nations, United States President Clinton and the United States Congress to seek a peaceful resolution through diplomacy in the current conflict with Iraq and to end punitive sanctions directed against the government and people of Iraq.

By Council Members Duane and Lopez; also Council Members Clarke and Robinson

Whereas, After the cessation of the 1991 Gulf War, the United Nations, with the active support of the United States, imposed significant and punitive sanctions on the government and people of Iraq; and

Whereas, sanctions aimed at Iraq have included; a strict trade embargo, which has prevented that country from rebuilding its infrastructure after the Gulf War and from earning enough revenue that would enable it to buy food and medicine for its people, an oil-for-food agreement that holds 30 percent of Iraq's oil revenue for war reparations and that diverts 15 percent of its oil revenue to the Kurdish Autonomous Zone; and

Whereas, The U.N. sanctions have, according to neutral and informed observers, resulted in elevated levels of death and disease amongst the Iraqi people; and

Whereas, In October 1997, the United Nations Children's Fund found that 25 percent of a representative sample of children under 5 years of in South/Central Iraq were malnourished as compared to 9.2 percent malnourished before the imposition of sanctions in 1991; and

Whereas, According to the prestigious British medical journal "The Lancet", after the imposition of sanctions the incidence of polio, neonatal tetanus, typhoid fever, cholera and malaria, has at least doubled in Iraq; and

Whereas, On February 16, 1998 U.S. President Clinton announced that he was prepared to order a campaign of air strikes against targets located inside Iraq in order to, in his words, seriously diminish threats posed by Iraq, including those presented by alleged "weapons of mass destruction"; and

Whereas, Charles Homer, a retired General who commanded the American led air forces during the Gulf War, stated that using force against Iraq would probably not destroy its biological and chemical arsenal and could have additional negative consequences; and

Whereas, The City Council decries all international violations of human rights including those perpetuated by the government of Iraq against its own people and in the region; and

Whereas, The City Council believes that the best way to address these and other international injustices is through peaceful negotiations; now, therefore be it

Resolved, That the Council of the City of New York calls upon the United Nations, United States President Clinton and The United States Congress to seek a peaceful resolution through diplomacy in the current conflict with Iraq and to end punitive sanctions directed against the government and people of Iraq.

Res. No. 89

Resolution calling upon the United States Congress to enact H.R. 1284, which would amend the Safe Drinking Water Act to allow any public water system supplied by surface water sources to apply for a filtration avoidance determination based on information, technology, or evidence that was not available prior to the expiration of an earlier application period.

By Council Members Eisland, Cruz, Warden, Duane, Koslowitz, Linares and Abel; also Council Member Carrion

Whereas, The Safe Drinking Water Act requires the filtration of public drinking water systems, such as New York City's, that are supplied by surface water sources; and

Whereas, Filtration of a public water supply is an enormously expensive undertaking, the cost of which may result in substantial increases in water rates; and

Whereas, New York City is currently under a legal obligation to build a filtration plant for drinking water it uses from the Croton Water Supply System, and

Whereas, The construction and operation of a water filtration facility will cause significant adverse environmental, economic and aesthetic impacts to the local community selected as the site of such a facility; and

Whereas, Under current law, localities subject to the filtration mandates of the Safe Drinking Water Act were required to apply to their respective states or to the United States Environmental Protection Agency for filtration avoidance determinations by the end of 1991; and

Whereas, Since 1991, there have been advances in watershed management science, new information has become available about the sources of watershed pollution and new strategies developed for controlling such pollution at its source; and

Whereas, The Comprehensive New York City Memorandum of Agreement recently entered into by New York City, New York State, the Environmental Protection Agency, many upstate communities and many environmental groups, is an example of new strategies and approaches to drinking water protection that could serve as a basis for filtration avoidance for the Croton Water Supply System; and

Whereas, Allowing localities the opportunity to apply for filtration avoidance waivers based on such new information, technology or evidence is consistent with the rationale for such waivers—that the implementation of appropriate pollution prevention measures can be just as effective in ensuring water quality as pollution removal measures such as filtration; and

Whereas, Should H.R. 1284 be enacted, New York City could be eligible for a filtration avoidance waiver which could eliminate the need to build a filtration plant for the Croton Water Supply System; now, therefore be it

Resolved, That the Council of the City of New York calls upon the United States Congress to enact H.R. 1284, which would amend the Safe Drinking Water Act to allow any public water system supplied by surface water sources to apply for a filtration avoidance determination based on information, technology, or evidence that was not available prior to the expiration of an earlier application period.

Res. No. 90

Resolution calling upon the Legislature of the State of New York to adopt A.9134, sponsored by Assemblyman Ortiz, which would establish a temporary task force on the New York City School Construction Authority.

By Council Members Eisland, Cruz, Duane and Linares; also Council Members O'Donovan and Robinson

Whereas, In December 1988, under Chapter 738, the New York City School Construction Authority (SCA) was created; and

Whereas, The purpose of the SCA was to improve the efficiency, economics and quality of the renovation and construction of our New York City schools which were in desperate need for repairs; and

Whereas, Since its inception, the SCA has encountered many problems and has failed to meet expectations; and

Whereas, Recent events, including the death of Yan Zhen Zhao due to falling debris, and the illnesses of over 75 Queens students due to leaking poisonous gasses, have made it of utmost importance to create a task force to investigate the SCA; and

Whereas, through this task force we may investigate the effectiveness of, and to study alternatives to, the New York City School Construction Authority, with the intention of providing a safe environment for our children and improving the conditions of our schools; and

Whereas, At the conclusion of its investigation, the task force would report its findings to the Governor and the leaders of the New York State Legislature; now, therefore, be it

Resolved, That the Council of the City of New York supports A.9134, sponsored by Assemblyman Ortiz, which would establish a temporary task force on the New York City School Construction Authority.

Res. No. 91

Resolution calling upon the State Legislature to enact proposed state legislation S.5280/A.8013, known as the "Police Officer Vincent Guidice Memorial Act."

By Council Members Eisland, Fisher, Koslowitz, Abel, Fusco and Golden; also Council Members Harrison and Robles

Whereas, Vincent Guidice was sworn into the New York City Police Department on June 30, 1992 and was assigned to the 50th Precinct in The Bronx; and

Whereas, On May 21, 1996, Officer Guidice and his partner, Officer Carl Dagnello, responded to a domestic violence call, at which Officer Guidice suffered a gaping wound from a mirror shard during a fierce struggle to protect a woman who was being attacked by the man with whom she lived; and

Whereas, The following day, Officer Guidice died from the injuries he sustained during the struggle to subdue the alleged attacker; and

Whereas, A bill pending in the State Legislature, already adopted by the Senate, known as the "Police Officer Vincent Guidice Memorial Act" (S.5280/A.8013) would amend section 125.20 of the Penal Law to make it a class B felony, Manslaughter in the First Degree, to cause the death of a peace officer, police officer, firefighter or EMS paramedic or technician when the offender acts with the intent to prevent such officer from performing a lawful duty; and

Whereas, Had this law been in effect at the time of Officer Guidice's death, the individual responsible would have been charged with a class B felony, rather than the lesser class D felony with which he was ultimately charged; and

Whereas, The bill is necessary to ensure the greater protection of law enforcement officers and other public servants who are exposed to violence on a daily basis and to provide the appropriate punishment for those individuals whose intentional interference causes the death of one of these civil servants; and

Whereas, The law would give District Attorneys a new weapon by allowing them to charge those responsible for the death of a peace officer, police officer, firefighter or EMS paramedic or technician with a more serious crime; and

Whereas, Society places a high value on the services provided by these civil servants, and the "Police Officer Vincent Guidice Memorial Act" is an appropriate reflection of our regard for their services; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to enact proposed state legislation S.5280/A.8013, known as the "Police Officer Vincent Guidice Memorial Act."

Int. No. 164

By Council Members Eldridge, Michels, Duane, Freed, Linares and Perkins; also Council Members Foster, Leffler, Marshall, O'Donovan and Sabini

A LOCAL LAW to amend the administrative code of the city of New York in relation to the licensing of owners, landlords, managing agents, managers, and developers of multiple dwellings.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. It is hereby declared and found that the health, safety, and welfare of the people of the city of New York require that the administration of multiple dwellings be adequate and proper, and that the quality of such housing is related to the caliber of training and experience of the persons owning and managing such multiple dwellings. This article establishes standards of education, training, and experience and provides for the examination and licensing of multiple dwelling owners, landlords, managing agents, managers, developers, sponsors, and principals.

Licensing is essential in protecting the public against unlawful, dishonest, and harmful practices by the owners, landlords, managing agents, managers, developers, sponsors, and principals of multiple dwellings. Licensing will also minimize incompetent practices, decrease the number of existing and recurring housing code violations, and promote higher standards of efficiency in the housing industry. The city council finds that the enactment of a comprehensive licensing requirement for owners, landlords, managing agents, managers, developers, sponsors, and principals of multiple dwellings will best protect the citizens of New York City and that the provisions of this local law are necessary and designed to protect the public health, safety, and general welfare.

§ 2. Subchapter 4 of chapter 2 of article 27 of the administrative code of the city of New York is hereby amended by adding a new article 3 to read as follows:

Article 3

Multiple Dwelling Owner, Landlord, Managing Agent, Manager, Developer, Sponsor, and Principle License

§ 27-2109.1 Definitions. For the purposes of this article:

a. "license" means an authorization by the housing licensing commission for any person to own and/or manage multiple dwellings, or to issue proprietary leases or other instruments pertaining to interest in real property within the city of New York.

b. "permit" means an authorization by the housing licensing commission for any corporate entity, partnership, or other business association to own and/or manage multiple dwellings, or to issue proprietary leases or other instruments pertaining to interests in real property within the city of New York.

c. "landlord " means an owner, lessor, sublessor, assignee, proprietary lessee, or other person or entity who grants the right to use or occupy the premises or any portion thereof and who receives or is entitled to receive rent for the use or occupancy of such premises. Any person, except the sponsor, owning or possessing fewer than three dwellings units in a single multiple dwelling, or fewer than four dwelling units in different multiple dwellings shall be excluded from this definition.

d. "developer" means a person or entity who proposes to erect and sell a multiple dwelling or multiple dwellings for residential use and/or erects and maintains a multiple dwelling for residential use.

e. "managing agent" means a person designated by the owner to be in control of and responsible for the maintenance and operation of such dwelling and to authorize, on behalf of the owner, the correction of any emergency conditions or the making of any emergency repairs for which the owner is responsible under the provisions of the multiple dwelling law or this code. To qualify for such designation, an agent shall be a natural person over the age of eighteen years and shall reside within the city or customarily and regularly attend a business office maintained within the city. An owner or corporate officer who meets such qualifications may be designated to serve and registered as the managing agent.

f. "sponsor" means any person, partnership, joint venture, corporation, company, trust, association, or other entity or agent thereof who makes or takes part in a public offering or sale in or from the state of New York of securities consisting primarily of

shares or participation interests or investments in real estate, including cooperative or condominium interests in realty.

g. "principal" means all individuals who:

(1) have an ownership interest in a minimum of thirty percent of the cooperative or condominium interests in realty; or

(2) actively participate in the planning and consummation of the public offering or sale in or from the state of New York of securities consisting primarily of shares or participation interests or investments in real estate, including cooperative or condominium interests in realty, regardless of the form of organization of the sponsor, and act as a landlord for more than three cooperative or condominium units in a multiple dwelling unit.

§ 27-2109.2 Housing licensing commission. a. Membership. The housing licensing commission (commission) shall consist of nine members, including the chairperson, to be appointed as follows: five by the mayor and four by the city council. Four tenant advocates or representatives, four representatives of the real estate industry, and one public member shall be represented on the commission. The chairperson shall be appointed by the mayor. The chairperson shall be a full time position with compensation. Members other than the chairperson shall serve without compensation.

b. Terms of Appointment. Of the nine members first appointed, two shall be appointed for one year, three for two years, and four for three years; thereafter all appointments to the commission shall be for a term of three years. In the event of the death or resignation of any member, his or her successor shall be appointed to serve for the unexpired period of the term for which such member had been appointed.

c. Powers. The commission shall control the granting, issuance, transference, renewal, denial, revocation, and suspension of all licenses issued under this article and shall have the power to levy fines and penalties. To accomplish these purposes, the commission shall have the following powers and limitations:

(1) The commission, by a majority vote, shall adopt and amend rules and regulations to effectuate the provisions and purposes of this article, including but not limited to, requirements for obtaining a license, standards and procedures for any examinations required for obtaining a license or renewal of a license; standards and descriptions of any course of study required to be undertaken by owners, landlords, managing agents, managers, and developers to obtain or renew a license; and procedures for investigations, hearings, reviews, and appeals with regard to the issuance, suspension, or revocation of a license or the levy of other fines and penalties.

(2) The commission shall have the power to issue subpoenas, adopt procedures to hear complaints, hold hearings, require the production of records, issue publications, and appoint such employees as it deems to be necessary to carry out its functions.

3. The commission shall delegate the day-to-day operations and responsibility of fact finding and other administrative determinations, including penalties to independent hearing officers or administrative law judges, whichever is deemed more cost effective. Adverse determinations by such officers may be appealed by either party to the office of administrative trials and hearings pursuant to 1048 of the charter of the city of New York.

§ 27-2109.3 Requirements of license or permit. a. It shall be unlawful, on and after January 1, 1992, for any person to engage in or carry on in the city any business, trade, or calling regulated by this article, without having first obtained a license therefor pursuant to the provisions of this subchapter, except that any certificates of qualification or licenses issued for any such business, trade, or calling issued by the department, or by any other city department or agency, prior to January 1, 1992, shall continue to remain in full force and effect until the expiration or termination thereof in accordance with the terms thereof, unless sooner revoked or suspended for cause as hereinafter provided.

b. It shall be unlawful, on and after January 1, 1992, for any corporate entity, partnership, or other business association to engage in or carry on in the city any business, trade or calling regulated by this subchapter, without at least one of its employees having first obtained a license therefor pursuant to the provisions of this article, except that any certificates of qualification or licenses issued for any such business, trade, or calling issued by the department, or by any other city department or agency, prior to January 1, 1992, shall continue to remain in full force and effect until the expiration or termination thereof in accordance with the terms thereof, unless sooner revoked or suspended for cause as hereinafter provided.

§ 27-2109.4 License qualifications. a. All applications for a license shall be submitted on forms furnished by the department, and shall be accompanied by the required fee, as hereinafter provided. Each application for a license shall set forth the name, residence address and business address of the applicant, and such information and supporting data concerning his or her qualifications for the license as the commission may require.

b. All applicants for licenses shall be at least eighteen years of age, shall be able to read and write the English language, and shall meet the qualification prescribed for the particular license, as hereinafter provided.

c. Every applicant for a license shall be examined as to his or her fitness and qualifications thereof in accordance with rules and regulations adopted and [promulgated by the commission under and pursuant to the provisions of subdivision b of section 1043 of the charter. The commission may require the applicant to submit to an oral, written and practical examination or any or all of said examinations; and such examinations and investigations required to determine the fitness and qualifications of said applicant shall, upon the request of the commission, be conducted by the department of personnel, which shall certify, the results thereof, pursuant to the provisions of section eight hundred nineteen of the charter.

d. All applicants shall submit satisfactory proof establishing that:

1. the applicant has completed a course of study approved by the commission as to method, content, and supervision, or proof of equivalent experience in housing management by any person applying for such license or by the representative or agent of an entity applying for a license; and

2. any multiple dwelling owned or managed by the applicant is free of all hazardous violations at the time of issuance of any license, and the applicant has entered into an agreement with the housing litigation bureau in regard to all other violations of record, as determined by the department of buildings and the department of housing preservation and development, against each building covered by the plan.

3. the applicant has not engaged in any criminal activity related or relevant to the ownership or management of a multiple dwelling.

§ 27-2109.5 Permit qualifications. All applicants for permits shall be submitted on forms furnished by the department, and shall be accompanied by the required fee, as hereinafter provided Each application for a permit shall set forth the name, residence address, and business address of the applicant, and shall set forth the name, residence address, and business address of the license holder(s). The application shall include the date that the license holder obtained such license and satisfactory proof that the license holder is in good standing with the commission.

§ 27-2109.6 Fees. a. The fee for obtaining a license shall be one hundred dollars; and the annual renewal fee to maintain the license shall be fifty dollars.

b. The fee for obtaining a permit shall be thirty dollars;a and the annual renewal fee to retain the permit shall be the same.

§ 27-2109.7 Penalties; revocations; suspensions. The license or permit of a landlord, owner, managing agent, manager, developer, sponsor, or principal may be revoked, suspended for a fixed period, or otherwise disciplined in accordance with the rules and regulations promulgated by the commission.

a. A license or permit shall be revoked or suspended by the commission as set forth in its rules and regulations based upon findings after hearing that a landlord, owner, managing agent, manager, developer, sponsor, or principal:

1. is guilty of fraud, deceit, collusion, or misrepresentation in obtaining the license or renewal thereof; or

2. has violated or failed to comply with the housing maintenance code, the building code, the multiple dwelling law, the New York State real property law, or any other laws of the city and state, which are applicable to multiple dwellings; or

3. is guilty of gross negligence, incompetence, misconduct, fraudulent dealings, or poor character that adversely reflects on his or her fitness to own, manage, or develop a multiple dwelling; or

4. has failed to pay any fines or fees levied by any relevant agency or commission; or

5. defaults on its own mortgage obligations or defaults or delays monthly maintenance payments on unsold shares of cooperative apartment buildings or common charges; or

6. is guilty of misappropriation of corporation or association funds; or

7. has failed to correct an immediately hazardous violation as ordered by the department; or

8. has failed to comply with any other rules and regulations promulgated by the commission.

b. The commission shall refuse to issue or renew a license or permit to an applicant and shall suspend or revoke a license or otherwise penalize the holder of a license or permit only after due notice and hearing.

1. The commission shall suspend or revoke a license for conduct of the licensee or permittee, its officers, principal, directs, agents, or employees or stockholders or a corporation in which the majority of the voting shares is held by no more than forth shareholders.

2. If the commission, upon reasonable cause, should believe that any licensee, permittee, or any other person has violated any of the provisions of this article or any rules and regulations promulgated by the commission, it shall have the power to make such investigation as it deems necessary and shall examine the licensee or any other person and compel the production of all relevant books, records, accounts, documents, or other records.

3. No license or permit shall be suspended or revoked until after a hearing before an officer or employee of the department designated for such purpose by the commission or permittee upon notice to the licensee of at least ten days. The notice shall be served

by registered or certified mail and shall state the date and place of a hearing and set forth the ground or grounds constituting the charges against the licensee. The licensee or permittee shall be heard in defense either in person or by counsel and may produce witnesses and testify. A stenographic record of the hearing shall be taken and preserved. The person conducting the hearing shall make a written report of his or her findings and a determination for the proceeding. The determination may be appealed within ten days. On appeal the three-member panel of administrative law judges shall review such findings and recommendations and, after due deliberations, shall issue an order accepting, modifying, or rejecting such recommendation and dismissal of the charges or suspending or revoking the license a prescribed by law, rules, or regulations.

4. Judicial review. The action of the commission in suspending, revoking, or refusing to issue or renew a license or permit may be reviewed by a proceeding brought under and pursuant to article seventy-eight of the civil practice law and rules. In the event the commission takes longer than six months and makes no finding on a complaint, the complainant may also seek review of the commission's failure to act by a proceeding brought under and pursuant to article seventy-eight of the civil practice law and rules.

5. The corporation counsel may bring an action in the name of the city of New York to restrain or prevent operation of a landlord, owner, managing agent, manager, developer, sponsor, or principal who does not have a license or permit. The corporation counsel may also prevent any other violation of this article or continuance of such violation.

§ 27-2109.8 Fines and penalties. A landlord, owner, managing agent, developer, sponsor, or principal who is found to be in violation or guilty of any of the activities listed in 27-2109.7, whenever appropriate shall be punished under the provisions of article three of subchapter five of this code, and such person may also be subject to a civil penalty of not less than two hundred and fifty dollars and not more than five hundred dollars, recoverable by the commission by civil action in a court of appropriate jurisdiction.

§ 27-2109.9 Disclosure. All commission documents concerning final investigations, proceedings, and actions shall be made promptly available for interagency and public inspection. All written requests for information (containing less than 100 pages of duplication) shall be made available within thirty days, lender no circumstances shall written requests take longer than ninety days to process. Reasonable duplicating fees shall be set by the commission and appropriate waivers granted.

§ 27-2109.10 Exemption. The provisions of this article shall not be applicable to the following: 1) the city of New York, its agencies, and the New York city housing authority; and 2) cooperative boards or condominium corporations which have repossessed a defaulting sponsor's security interest or other interest in the corporation. Once the sponsor's interest is extinguished, however, the cooperative board or condominium corporation shall appoint a licensed agent for the corporation within two years, and at such time, the board shall become subject to the provisions of this article.

§ 27-2109.11 Separability. If any provision of this article shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, it is the purpose and intent of this local law that all other provisions hereof shall nevertheless be separate and fully effective and the application of any such provision to other persons or situations unaffected.

§ 3. Section 27-2098 of such code is amended to read as follows:

(3) If the dwelling is a multiple dwelling, the name and address of a managing agent designated by the owner to be in control of and responsible for the maintenance and operation of such dwelling and to authorize, on behalf of the owner, the correction of any emergency repairs for which the owner is responsible under the provisions of the multiple dwelling law or this code. To qualify for such designation, an agent shall be a natural person over the age of [twenty-one] *eighteen* years and shall reside within the city or customarily and regularly attend a business office maintained within the city. An owner or corporate officer who meets such qualifications may be designated to serve and registered as the managing agent.

§ 4. This local law shall take effect immediately.

Int. No. 165

By Council Members Eristoff, Duane and Freed; also Council Members Foster, Harrison, Leffler, Michels and Robinson

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring City contractors to comply with the city's human rights law.

Be it enacted by the Council as follows:

Section 1. Chapter on e of title six of the administrative code of the city of New York is hereby amended to add a new section 6-123 to read as follows:

Section 6-123. ***Contractor human rights compliance.*** *a. For purposes of this section only, the following terms shall have the following meanings:*

(1) "Contract" means any written agreement, purchase order or instrument whereby the city is committed to expend or does expend funds in return for work, labor, services, supplies, equipment, materials, or any combination of the foregoing.

(a) For purposes of this section only, the term "contract" shall include any city grant, loan, guarantee or other city assistance for a construction project.

(b) The term "contract" shall not include:

(i) contracts for financial or other assistance between the city and a government or government agency; or

(ii) contracts, resolutions, indentures, declarations of trust, or other instruments authorizing or relating to the authorization, issuance, award, and sale of bonds, certificates of indebtedness, notes or other fiscal obligations of the city, or consisting thereof.

(2) "Contracting agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(3) "Contractor" means a person who is a party or a proposed party to a contract with a contracting agency as those terms are defined herein.

b. Every contract and all documents soliciting bids or proposals shall contain the following provisions:

(1) The contractor will not engage in an unlawful discriminatory practice as defined in Title VIII of the administrative code, as to its work subject to the contract with the contracting agency.

(2) ***Non-compliance.*** *A finding by the human rights commission that a contractor has violated one or more of the city's human rights provisions as provided for in Title VIII of the administrative code, as to its work subject to the contract with the contracting agency, shall be considered by the city a material breach of the contract and the basis for determination by the awarding authority that the contractor is a non-responsible bidder as to all future contracts.*

c. The contractor shall include the provisions of paragraphs (1) and (2) of subdivision b in every first-level subcontract for supplies or services and for all levels of subcontracts for construction, in such a manner that such provisions will be binding upon each subcontractor or vendor.

§ 2. This local law shall take effect forty-five days after its adoption.

Resolution calling upon the Sanitation Department to restore five day garbage pickup to non-public schools who request such.

By Council Members Foster, Henry, Malave-Dilan, Duane, Linares, Warden and Golden; also Council Members Clarke, Cruz, Fisher, Harrison, Lasher, McCaffrey, Michels and Robinson

Whereas, There are approximately 1,800 schools in New York City, including 865 non-public schools; and

Whereas, The Sanitation Department makes five day pickup at all public schools; and

Whereas, The Sanitation Department previously provided five day pickup to all non-public schools who requested such service; and

Whereas, In 1995 the Sanitation Department changed the five day pickup for non-public schools to three day pickup; and

Whereas, Non-public schools have reported rat infestation in their schools and on sidewalks since their five day a week pickup has been eliminated, and that they provide publicly-funded lunch programs as do public schools, and that this has caused rat infestation since being reduced to three day garbage pickup; and

Whereas, The Sanitation Department estimates that, if five day pickup were to be restored to non-public schools, approximately 56% of non-public schools would request this service at a cost of $2.5 million dollars annually; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Sanitation Department to restore five day garbage pickup to non-public schools who request such service.

A LOCAL LAW to create a temporary task force to study the feasibility of graffiti proof aerosol spray paint containers.

Be it enacted by the Council as follows:

Section 1. a. There is hereby established a temporary task force to advise the council and the mayor as to the technological and economic feasibility of graffiti proof aerosol spray paint containers as a method of reducing graffiti in New York City.

Such task force shall be comprised of seven members, three of whom shall be appointed by the speaker of the council and four of whom shall be appointed by the mayor, one of whom shall serve as chairperson. The members of the task force shall be appointed within thirty days of the effective date of this local law and shall serve without compensation. The task force shall have a duration of twelve months.

b. For the purposes of this section, "graffiti proof container" shall mean any aerosol spray paint container designed or constructed to be significantly difficult for persons to create graffiti, in a manner that severely limits the ability of persons to use spray paint in public or on the property of another without consent, yet allows for the product's lawfully intended use in or near homes or places of business.

c. Not later than sixty days after the expiration of the temporary task force, it shall submit a report containing its conclusions and recommendations to the mayor and the city council.

§ 2. This local law shall take effect thirty days after its enactment.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the spaying and neutering of dogs and cats and the harboring, breeding, sale and adoption of unaltered dogs and cats.

Be it enacted by the Council as follows:

Section 1. **Legislative findings.** The City Council hereby finds that the serious overpopulation of unwanted dogs and cats in New York City is a matter of vital concern affecting the public health, safety and welfare of all New Yorkers. The regulation of the spaying and neutering of dogs and cats and the harboring, breeding, sale and adoption of unaltered dogs and cats is necessary in order to reduce the overpopulation of unwanted dogs and cats which is creating a potentially unhealthy and dangerous situation. It is estimated that between thirty and forty thousand unwanted dogs and cats are euthanized each year at animal shelters in New York City. Additionally, many thousands of dogs and cats, reproducing at alarming rates, wander our city streets. Many of these animals are suffering from exposure to the elements, lack of food and water, accidents and mistreatment. Dog packs are threatening some of our neighborhoods, the risk of rabies is on the increase, and vehicular accidents involving these animals are frequent. Given the large number of unwanted dogs and cats and the population of New York City, the Council believes that this law is necessary to protect the health, safety and welfare of its residents.

§ 2. Chapter 3 of title 17 of the administrative code of the city of New York is hereby amended by adding thereto a new subchapter 8, to follow subchapter 7, to read as follows:

SUBCHAPTER 8

DOG AND CAT OVERPOPULATION CONTROL LAW

§ 17-355 Short title. *This subchapter shall be known and may be cited as the "Dog and Cat Overpopulation Control Act."*

§ 17-356 Definitions. *Whenever used in this subchapter, the following terms shall be defined as follows:*

a. "Adoption" means the delivery by an animal shelter to any individual, eighteen years of age or older, of any dog or cat, whether such dog or cat was surrendered or seized, for the limited purpose of harboring such animal as a companion animal.

b. "Animal shelter" means a facility in the city where homeless, stray, abandoned or unwanted animals are received, harbored, maintained or made available for adoption to the general public and which is owned, operated, or maintained by the city or by a duly incorporated humane society, animal welfare society, society for the prevention of cruelty to animals, or other organization devoted to the welfare, protection or humane treatment of animals.

c. "Breeder" means any Person who causes or allows a dog or cat to breed.

d. "Person" means any individual, partnership, firm, joint stock company, corporation or employee thereof, or other legal entity, unless otherwise stated.

e. "Pet dealer" means any person who in the ordinary course of business engages in the sale of more than nine dogs or cats per year for profit to the public. Such definition shall include breeders of does and cats who sell such animals directly to a consumer but it shall not include animal shelters which make dogs or cats available for adoption whether or not a fee for such adoption is charged.

§ 17-357 Spaying and neutering requirements: unaltered animal permit required. *a. No person shall own or harbor any dog or cat over the age of six months that has not been spayed or neutered unless such person holds an unaltered animal permit issued by the department for each such animal. (i) Persons who own or harbor guide dogs, hearing dogs, service dogs or police work dogs, as such terms are defined in section 108 of the agriculture and markets law; (ii) individuals who are non-residents of the city and reside temporarily therein for a period not exceeding thirty days; and (iii) animal shelters, veterinary hospitals and college and research institutions that harbor dogs and cats, are exempt from the requirements of this subdivision.*

b. Any dog or cat over the age of six months that is adopted from an animal shelter shall be spayed or neutered before transfer to the adopter unless the animal shelter has written certification from a licensed veterinarian stating that due to old age or other health considerations, spaying or neutering would endanger the life of the dog or cat and may not take place either during the lifetime of such animal or at that time. If such certification states that spaying or neutering may not take place at such time, the certification should specify the estimated date after which the dog or cat may be spayed or neutered. Such dog or cat must be spayed or neutered within thirty days from such date. The animal shelter shall extend the thirty-day period if the adopter provides written certification from a licensed veterinarian that due to health considerations, spaying or neutering would continue to endanger the life of the dog or cat at that time. Written certification from a licensed veterinarian stating that the dog or cat was spayed or neutered or that due to health considerations such procedure would endanger the life of the doe or cat at that time shall be provided by the adopter to the animal shelter within ten days from the expiration of the thirty-day period or any extension of such period granted hereunder by the animal shelter in which the spaying or neutering was required to take place.

c. Any dog or cat that is six months of age or under that is adopted from an animal shelter and that is not spayed or neutered prior to the transfer to the adopter shall be spayed or neutered within thirty days after a specified date estimated by the animal shelter in a written adoption agreement to be the date an adopted dog or cat becomes six months of age. However, if the animal shelter has a written policy recommending the sterilization of certain infant dogs and cats at an age of less than six months, it may instead require spaying and neutering within thirty days after a specified date estimated by such shelter in a written adoption agreement to be the date an adopted dog or cat becomes the age contained in such written policy.

The animal shelter shall extend the thirty-day period if the adopter provides the animal shelter with written certification from a licensed veterinarian stating that due to health considerations, spaying or neutering would endanger the life of the dog or cat at that time. Such written certification shall specify the estimated date after which the dog or cat may be spayed or neutered. Such dog or cat must be spayed or neutered within thirty days from such date. The animal shelter shall extend the thirty-day period if the adopter provides written certification from a licensed veterinarian that due to health considerations, spaying or neutering would continue to endanger the life of the dog or cat at that time. Written certification from a licensed veterinarian stating that the dog or cat was spayed or neutered or that due to health considerations such procedure would endanger the life of the dog or cat at that time shall be provided by the adopter to the animal shelter within ten days from the expiration of the thirty-day period or any extension of such period granted hereunder by the animal shelter in which the spaying or neutering was required to take place.

Nothing herein shall be construed to Prohibit animal shelters from having dogs and cats under the age of six months of age and in their custody spayed or neutered by a licensed veterinarian prior to releasing such dogs or cats for adoption.

d. Animal shelters shall collect a spay/neuter deposit of not less than twenty-five dollars nor more than fifty dollars when arranging the adoption of any unspayed or unneutered dog or cat unless prior thereto the animal shelter has written

certification from a licensed veterinarian stating that spaying or neutering would endanger the life of the dog or cat and may not take place for the lifetime of such animal. Such deposit shall be refundable to the adopter only if the adopter provides the animal shelter with written certification from a veterinarian indicating that (i) due to health considerations, spaying or neutering would endanger the life of the dog or cat and may not take place for the lifetime of such animal; or (ii) the dog or cat was spayed or neutered within the thirty-day period or the extension of such period established pursuant to the requirements set forth in subdivisions b or c of this section and written certification from a licensed veterinarian was provided to the animal shelter in accordance with the requirements set forth in subdivisions b or c of this section.

e. Within thirty days prior to the date an animal is required to be spayed or neutered, animal shelters shall remind the adopter of such animal of his or her obligations under this section and his or her opportunity to receive a refund of the spay/neuter deposit by sending written notification to such adopter or by such other means as determined by the animal shelter.

f. Upon redemption of any impounded, unspayed or unneutered dog or cat, the owner will be required to pay a spay/neuter deposit of not less than twenty-five dollars nor more than fifty dollars in addition to any other fee required by law for the redemption of such animal. Such animal shall be spayed or neutered in accordance with the same requirements applicable to animals adopted from animal shelters as set forth in subdivisions b and c of this section. Such deposit shall be refundable subject to the same requirements as are provided in subdivision d of this section.

g. Animal shelters shall maintain the written certifications from veterinarians required pursuant to this section and such certifications shall be made available by the animal shelters for inspection by persons authorized to enforce this subchapter.

h. Any unredeemed spay/neuter deposit shall be used by animal shelters to carry out the provisions of this subchapter.

§ 17-358 Breeders' and sellers' permits required. *a. No person who owns or harbors a dog or cat shall cause or allow such dog or cat to breed unless such person holds a breeder's permit issued by the department.*

b. No person shall sell an unaltered dog or cat of any age unless such person holds a seller's permit issued by the department.

c. Animal shelters that make dogs and cats available for adoption, whether or not a fee for the adoption is charged, shall not be required to purchase a seller's permit.

§ 17-359 Permit fees. *a. The annual fee for an unaltered animal permit shall be fifty dollars.*

b. The annual fee for a breeder's permit shall be one hundred fifty dollars.

c. The annual fee for a seller's permit shall be one hundred fifty dollars.

d. The annual fee for a combined seller's and breeder's permit shall be two hundred fifty dollars.

§ 17-360 Standards. *a. Every pet dealer who sells an unaltered dog or cat, regardless of the age of the animal, shall, in addition to obtaining a seller's permit from the department, be required to: (i) pay a fee of twenty-five dollars to the department for each unaltered dog or cat sold and (ii) file with the department notice of such sale which shall include the name and address of the buyer of such unaltered animal; the species, breed, sex and age of such unaltered animal; the name and address of the person from whom such animal was obtained by the pet dealer, and such other information as shall be required by the commissioner.*

b. Every person required to obtain a seller's or combined seller's and breeder's permit pursuant to the requirements of this subchapter, shall:

1. provide the purchaser of the dog or cat with a written notice as prescribed by the commissioner pursuant to rules to be promulgated hereunder setting forth the requirements contained in this subchapter for persons who own unaltered dogs and cats and for persons who wish to breed or sell unaltered dogs or cats. Such notice shall also include information summarizing the health benefits to dogs and cats of spaying and neutering and information about the serious dog and cat overpopulation problem; and

2. maintain such records of sale as the commissioner shall prescribe in rules to be promulgated hereunder.

c. No person who is required to obtain an unaltered animal permit, a seller's permit or a combined seller's and breeder's permit pursuant to the requirements of this subchapter, shall publish or advertise the availability of any unneutered or unspayed dog or cat unless the publication or advertisement includes the seller's or combined seller's and breeder's permit number and, if the animal is over the age of six months, the unaltered animal permit number issued in connection with that animal.

d. No person subject to the requirements of this subchapter shall allow the whelping of more than one litter per each female dog or cat owned or harbored by such person, in any twelve month period.

e. Dogs and cats in the custody of an animal shelter shall be made available for adoption only to persons who are eighteen years of age or older who agree in writing to harbor such dogs and cats as companion animals and no dog or cat in the custody of an animal shelter shall be transferred or otherwise made available to any person for the purpose of research, experimentation, testing, teaching, practice or demonstration.

f. The spaying and neutering of dogs and cats shall be performed only by licensed veterinarians using appropriate and humane surgical procedures and anesthesia. When permitted by law, licensed veterinary technicians may assist veterinarians with such procedures.

g. Animal shelters, and those persons required to possess a breeder's, seller's or combined seller's and breeder's permit pursuant to the provisions of this subchapter, shall provide necessary and appropriate shelter, food and veterinary care to dogs and cats in their custody pursuant to rules to be promulgated by the commissioner.

h. Euthanasia of dogs and cats in the custody of animal shelters or persons required to possess a breeder's, seller's or combined seller's and breeder's permit pursuant to the requirements of this subchapter, shall be done only by an injection of sodium pentobarbital administered by a person duly authorized to do so by law.

§ 17-361 Rules. *The commissioner shall, within ninety days after the effective date of this local law, and with the advice of the advisory board hereinafter established, promulgate such rules and prescribe such forms as are necessary to effectuate the purpose of this subchapter and to promote the health, safety and welfare of the public and of dogs and cats.*

§ 17-362 Lost and found system. *The department shall implement a lost and found system that shall include the operation of a separate telephone number to enable the public to readily report the loss or the finding of a dog or cat, thus facilitating the reuniting of lost dogs and cats with their owners. Such system shall be computerized and be able to track dogs and cats that are in animal shelters as well as dogs and cats that are found by members of the public who call the lost and found telephone number to report that they are in possession of a lost dog or cat.*

§ 17-363 Dog and cat overpopulation control fund. *The fees and penalties collected by the department pursuant to this subchapter shall be placed in a special fund to be known as the dog and cat overpopulation control fund and used exclusively for the administration and enforcement of this subchapter by the department and its designees; any penalties not used for these purposes shall be used for the low-cost spaying and neutering of dogs and cats harbored by low-income residents and by senior citizens and for public education programs to prevent the overpopulation of dogs and cats and to encourage licensing and the responsible treatment of such animals. In addition, other tax-levy funds may be allocated in the expense budget of the city and the city may accept funding from any public or private source for such low-cost spaying and neutering and public education purposes.*

§ 17-364 Record keeping and annual report. *a. The department shall maintain records of the total number of dogs and cats that are housed in animal shelters and the number that are euthanized in such animal shelters. Such records shall also specify the number of dogs and cats euthanized at their owner's request; the number of dogs and cats euthanized because they were determined to be medically or temperamentally unsuitable for adoption; the average length of time does and cats are held for adoption beyond the legally required holding period; the number of lost dogs and cats that are reunited with their owners; the number of dogs and cats that are adopted; the number of does and cats that are seized by city personnel or persons designated by the City to perform this function; the number of dogs and cats that are voluntarily brought to animal shelters; the number of unredeemed spay/neuter deposits collected by animal shelters pursuant to the provisions of this subchapter; the amount of money the department collected from pet dealers from their sale of unaltered dogs and cats; the number of breeder's, seller's and combined seller's and breeder's permits the department issued and the amount of money the department collected from the issuance of these permits; the number of unaltered animal permits the department issued and the amount of money the department collected from the issuance of these permits; the amount of money deposited in the dog and cat overpopulation control fund established pursuant to this subchapter; the amount of money from such fund that was spent by the department and a description of how the department used the money. Not later than September of each year, the department shall provide the city council with a comprehensive written report that includes all of the information required by this subdivision for the preceding fiscal year. Such annual report shall also includes recommendations for additional legislation to reduce the euthanasia rates and the dog and cat overpopulation problem.*

b. Not later than July 15 of each year, each animal shelter shall provide the department with a comprehensive written report that includes all of the information for the city's preceding fiscal year relating to the activities of such animal shelter described in subdivision a of this section.

§ 17-365 Dog and cat overpopulation advisory board. *a. There shall be a dog and cat overpopulation advisory board in the department consisting of the commissioner, or his or her designee, and six additional members, two of whom shall be appointed by the mayor and four of whom shall be appointed by the speaker of the city council. The membership of such board shall include two representatives of duly incorporated humane organizations, at least one of which is an organization which operates an animal shelter, one licensed veterinarian, a person holding a valid permit to operate a pet shop pursuant to the New York City health code, one representative from a pet registry or fanciers club, and a member of the public involved in animal rescue work.*

b. Each member of the advisory board, other than the commissioner, or his or her designee, shall serve for a term of three years, without compensation.

c. The board shall be appointed and meet within sixty days after the effective date of this local law.

d. The board shall make recommendations to the commissioner on rules necessary to carry out the requirements of this subchapter and to promote the health, safety and welfare of the public, and of coos and cats.

e. The board shall meet at least once every four months to assess the rules promulgated by the commissioner and to make further recommendations on rules necessary to implement the requirements of this subchapter. The board shall issue a written report describing its activities and plans to the commissioner one Year after the effective date of this local law and each Year thereafter.

*§ 17-366 **Enforcement.** This subchapter shall be enforced by the department and other persons designated by the commissioner. Employees of the police department and agents and officers of The American Society for the Prevention of Cruelty to Animals and agents and officers of other duly incorporated societies for the prevention of cruelty to animals shall also be empowered to enforce this subchapter within their territorial jurisdiction.*

*§ 17-367 **Violations.** a. Any violation of this subchapter or any of the rules promulgated hereunder shall upon conviction thereof be punishable by a fine of not less than fifty nor more than two hundred fifty dollars for each violation.*

b. In lieu of criminal prosecution, violation of this subchapter or any of the rules promulgated hereunder may be prosecuted as civil violations subject to a civil penalty of not less than twenty-five dollars nor more than five hundred dollars for each violation or by the suspension or revocation of a breeder's or seller's permit or combined seller's and breeder's permit after a hearing. Civil violations, under this section shall be adjudicated before the administrative tribunal established by the board of health.

c. The department may dismiss any finding of violation if the alleged violator demonstrates to the satisfaction of the department that the dog or cat which was the subject of the alleged violation was spayed or neutered within thirty days from the issuance of the notice of violation or within ninety days after giving birth for dogs or cats for which a notice of violation was issued.

d. Pet dealers who, in the time period specified by the commissioner in rules to be promulgated hereunder, do not remit to the department the sum of twenty-five dollars for each unaltered dog and cat that they sell, may in addition to any fine or penalty prescribed in this subchapter be ordered an administrative tribunal to pay three times that which is otherwise due by such pet dealer to the department.

*§ 17-368 **Construction.** The provisions of this subchapter shall not be construed to prohibit the department or its designees, or The American Society for the Prevention of Cruelty to Animals, and other duly incorporated societies for the prevention of cruelty to animals from enforcing any law, rule or regulation relating to the seizure, licensing or humane treatment of animals which they are respectively authorized to enforce.*

Res. No. 93

Resolution calling upon the appropriate Committee of the City Council to hold a hearing to analyze and evaluate the standards, policy and methods used by the New York City Department of Transportation in ascertaining the need for the installation of traffic control devices throughout the City of New York.

By Council Members Fusco, Ognibene, Eristoff, Robles, Clarke, DiBrienza, Malave-Dilan, Abel, Stabile, Fiala, Golden, Duane, Eisland and Linares; also Council Members Cruz, Fisher, Foster, Harrison, Lasher, Leffler, Marshall, McCaffrey, O'Donovan and Robinson

Whereas, The New York City Department of Transportation (DOT) is responsible for providing safe, efficient movement of pedestrians and vehicles in New York City; and

Whereas, To fulfill this objective, it must regulate the City's traffic through various means, including the installation of traffic control devices; and

Whereas, Section 1680(c) of the New York State Vehicle and Traffic Law states that "that no state or local authority shall continue to use any traffic control device that does not conform to the current manual and specifications as amended from time to time or to specifications that were current within the proceeding ten years . . . . ;" and

Whereas, However, section 1680(c) of the State Vehicle and Traffic Law exempts New York City from conforming to current manual specifications and allows the local authority to use its discretion in the implementation of traffic control devices; and

Whereas, New York City is also not legally required to follow the Federal Manual of the Uniform Traffic Control Devices; and

Whereas, Although New York City DOT is not mandated to conform to either State or Federal control device manuals, DOT often alludes to the standards outlined in the Federal Manual of Uniform Traffic Control Devices when determining if a traffic control device should be installed; and

Whereas, The Federal Manual delineates eight thresholds or "warrants", at least one of which must be satisfied before DOT will install a traffic control device; and

Whereas, Despite DOT's discretion to vary from either the Federal or the State standards or not use the standards all together, it is a common practice of DOT to deny the installation of traffic control devices based solely on the standards set out in the Federal Control Device Manual; and

Whereas, Locations where accidents have occurred and resulted in death, have been deemed by DOT as not meriting a traffic control device because they did not satisfy the Federal "warrant" standard; and

Whereas, In Staten Island, DOT has denied the installation of a traffic control device at the intersection of Father Capodamo Boulevard and Mapleton Avenue in Midland Beach, notwithstanding that eight people have been killed in car crashes, and many others seriously injured; and

Whereas, While DOT is not mandated to follow either the State or Federal Warrant standard, it is unclear what standard DOT follows when deciding to install a traffic control device; and

Whereas, State elected officials have urged the City and Congress to pass legislation that will force DOT to set its own standards for traffic control devices; and

Whereas, It would be appropriate for DOT to discuss and evaluate the standard it uses when determining whether a traffic control device is installed at a particular location; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the appropriate Committee of the City Council to hold a hearing to analyze and evaluate the standards, policy and methods used by the New York City Department of Transportation in ascertaining the need for the installation of traffic control devices throughout the City of New York.

State Leg. Res. No. 42

State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senator Marchi, S.6123 and Assembly Member Vitaliano, A.9166, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Staten Island to former owner Esposito Realty Company, without public auction and notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3122, Lot No. 1 on tax map for the borough of Staten Island."

By Council Member Fusco

Whereas, A bill has been introduced in the New York State Legislature by Senator Marchi, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Staten Island to former owner Esposito Realty Company, without public auction and notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3122, Lot No. 1 on tax map for the borough of Staten Island"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 94

Resolution calling upon the New York State Legislature to amend Penal Law Section 145.60, "Making Graffiti," to provide that a third conviction under the statute be treated as "Class D" Felony.

By Council Members Golden, Cruz, Eisland, Koslowitz, Abel, Fiala, Foster, Fusco, Stabile and Ognibene; also Council Members Foster, McCaffrey, O'Donovan and Rodriguez

Whereas, The New York State Penal Law Section 145.60 defines graffiti as the "etching painting, covering, drawing upon or otherwise placing of a mark upon public or private property with intent to damage such property," and

Whereas, Although not a violent crime, graffiti contributes to a sense of disorder in City neighborhoods that harms the quality of life, gives the impression of public apathy, and encourages more serious crime; and

Whereas, The efforts by community organizations, business improvement districts, city agencies, and a Mayor-appointed Anti-Graffiti Task Force demonstrate the concern for graffiti and the interest in combating the problem; and

Whereas, The November 30, 1997 issue of the *Daily News* contained an article entitled "Graffiti's On — Then Gone; NABE Groups Group Strike Back at Scrawls with Speed" that demonstrates growing public intolerance for graffiti; and

Whereas, The article reported on anti-graffiti initiatives by community organizations, such as the Riverdale Community Association in The Bronx, which cleans up graffiti by hiring a private company and enlists other volunteers; and

Whereas, The New York State Penal Law Section 145.60 currently states that "no person shall make graffiti of any type of any building, public or private, or any other property real or personal owned by any person, firm, or corporation or any public agency or instrumentality, without the express permission of the owner or operator of said property," and

Whereas, Presently, conviction for 145.60 is classified as a Class A misdemeanor, which, for habitual offenders, is not a significant deterrent; and

Whereas, Classifying a third conviction under the statute as a felony will contribute towards deterring people who commit this crime, and help restore a sense of order and civility that has accompanied the reduction in crime over the past several years; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend Penal Law Section 145.60, "Making Graffiti," to provide that a third conviction under the statute be treated as a "Class D" Felony.

A LOCAL LAW to amend the New York City charter in relation to prohibiting any funding or assistance to any entity that provides any support, material or otherwise, to the terrorist organizations Hamas, Hezbollah or Islamic Jihad, and to amend the administrative code of the city of New York in relation to prohibiting city contracts with entities that fund or assist Hamas, Hezbollah or Islamic Jihad.

Be it enacted by the Council as follows:

Section 1. **Declaration of Legislative Findings and Intent.** The Council is concerned about the establishment of peace in the Middle East and threats to that process. The greatest threats to that process stem from the organizations known as Hamas, Hezbollah, or Islamic Jihad, one or more of whom have been linked to terrorist activities in the United States as well. Substantial funds from the United States have been transferred to areas in the Middle East and terrorist organizations in this area have received and made expenditures of such funds. One way to minimize support to terrorist organizations throughout the Middle East is to prohibit the payment of City funds or City contracts to any entity that provides assistance of any kind to Hamas, Hezbollah or Islamic Jihad.

§ 2. Section 227 of the New York City charter is amended by adding a new subdivision c to read as follows:

c. No city agency, or entity, the majority of the members of whose board are city officials or are appointed directly or indirectly by city officials, shall use monies appropriated from any fund under the management of the city to pay any individual, corporation, organization, corporation or government that sends, conveys, solicits, distributes or channels funds material support or resources, either directly or indirectly, to the terrorist organizations Hamas, Hezbollah or Islamic Jihad, or a representative of such terrorist organizations.

§ 3. Title 6 of the administrative code of the city of New York is amended by adding thereto a new section 6-115 to read as follows:

a. No city agency shall contract for the supply of goods, services or construction with any contractor who does not agree to stipulate to the following as a material condition of the contract; the contractor, any franchisor of the contractor, and any subcontractor to be employed by the contractor, shall not send, convey, solicit, distribute or channel funds, material support or resources to the terrorist organizations Hamas, Hezbollah or Islamic Jihad, or a representative of such terrorist organizations. Additionally, any contractor, franchisor of the contractor, and any subcontractor to be employed by the contractor shall certify that it is in compliance with the requirements of this section. Such certification shall be filed with the agency and made a part of the agency contract file.

b. Upon receiving information that a contractor who has made the stipulation and certification required by this section is in violation thereof, the contracting agency shall review such information and offer the contractor an opportunity to respond If the contracting agency finds that a violation has occurred, it shall take such action as may be appropriate and provided for by law, rule or regulation, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the contractor in default and seeking debarment or suspension of the contractor.

§ 4. Any provision of this local law or application thereof is held invalid, the remainder of this local law and the application thereof to other persons or circumstances shall not be affected by such holding and shall remain in full force and effect.

§ 5. This local law shall take effect immediately.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the penalties and punishment for unleashed dogs.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 17 of the administrative code of the city of New York is amended by adding a new section 17-179 to read as follows:

§ 17-179 Dogs to be restrained. *a. Any person who owns, possesses or controls a dog shall not permit it to be in any public place or in any open or unfenced area abutting on a public place unless the dog is effectively restrained by a leash or chain not more than six feet long.*

b. Enforcement. The department of health, the police department and the department of parks and recreation shall enforce the provisions of this section.

c. Violations and penalties. Any violation of subdivision a of this section shall be a class A misdemeanor punishable by a fine of not less than five hundred dollars nor more than one thousand dollars, or by imprisonment for not more than one year, or by both such fine and imprisonment. The penalties provided by this section shall be in addition to any other penalty imposed by any other applicable provision of law or regulation.

Section 2. This local law shall take effect immediately.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the discharge of prisoners from the custody of the New York City Department of Correction and the planning for medical care.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 9 of the administrative code of the city of New York is hereby amended by adding a new section 9-108.1 to read as follows:

§ 9-108.1 ***Discharge planning system.*** *a. The department of health and the department of correction shall, in cooperation with the New York city health and hospitals corporation. establish a discharge planning system within the city's prison system, providing prisoners upon their release. following seven or more consecutive days of incarceration, with written information regarding their medical conditions and referrals to the appropriate facilities. A discharge planning system established pursuant to this section may be operated by the agencies indicated or under contract with one or more community-based organization.*

b. The discharge planning system shall include. but not be limited to. the following elements: (1) Upon release, prisoners shall be provided with referrals in writing to the appropriate New York city department of health, the New York city health and hospitals corporation, or voluntary medical facilities for treatment of any and all conditions diagnosed prior to or during their confinement which conditions require additional monitoring or treatment. Such referrals shall include the names of contact persons at the facilities to which the prisoners are referred;

(2) Upon release, where requested. prisoners shall be provided with: (i) applications for Medicaid or any other medical assistance program and assistance in completing such applications; (ii) a written summary of the prisoner's medical and psychiatric history including descriptions of any medical and psychiatric diagnoses, results of any tests. x-rays and other examinations conducted during such prisoner's confinement. compliance with medication and other treatment during confinement; (iii) prescriptions and/or an adequate supply of medication to ensure no disruption in medication until the prisoner can access medical care after being released; and (iv) any written instructions and/or recommendations for follow-up care; and

(3) The department of health shall maintain a computerized data base containing files of all prisoners examined, tested or treated for medical or psychiatric conditions while incarcerated. This data base shall contain, but not be limited to, each prisoner's medical and psychiatric histories, descriptions of any medical and psychiatric diagnoses; results of any medical tests, x-rays and other examinations conducted during such prisoner's confinement; the prescriptions and/or medication dispensed to such prisoner upon release; facilities to which such prisoner was referred for treatment upon release and the names of contact persons at the facilities where referred; and records of such prisoner's compliance with medication and other recommended treatment during confinement.

(4) Within 120 days of the effective date of the local law that added this section, the commissioner of health shall promulgate rules concerning the maintenance of the confidentiality of, and access to, the records to be included in the data base established pursuant to this subdivision.

c. Beginning on January 1, 1998 and continuing every six months thereafter, the commissioner of health shall prepare and submit a written report to the speaker of the city council on the operations during the preceding six month period of the discharge planning system required to be created pursuant to this section. Such report shall include. but not be limited to: (1) the number of former prisoners referred for treatment compared to the total number of prisoners released in the reporting period; and (2) statistics disaggregated by medical diagnosis and prescriptions issued, treatment facilities to which prisoners are referred and prisoners' compliance with recommended treatment during confinement.

§ 2. This local law shall take effect one hundred twenty days after its enactment. Actions necessary to prepare for the implementation of this local law may be taken prior to its effective date.

A LOCAL LAW to amend the administrative code of the city of New York in relation to establishing a temporary interagency task force to determine whether existing laws, rules, practices, and procedures provide sufficient public safety in publicly-and-privately owned buildings.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative intent. The council finds that the failure to comply with building code and fire prevention code requirements on the part of many establishments in the city continues to pose a serious threat to the health, safety and welfare of the city's residents and visitors and is perilous to property. The critical nature of this problem was brought to light in recent years by the collapse of the wall of a six-story apartment building located at 142 West 140th Street in Manhattan, in which three people perished; the building collapse on East 54th Street in Manhattan; and the series of firefighter deaths that occurred earlier this year due to existing dangerous structures. Another important factor is the number of distressed properties that contain a high number of housing maintenance code violations.

The council recognizes that the disregard of building and fire prevention code requirements is not only limited to residential buildings but affects all commercial properties, day care and senior citizen centers as well, all of which are equally likely to have violations that would be perilous to their occupants. In addition, the council believes that the city's antiquated electrical codes, which are operative in older dwellings, and the increased reliance on the self-certification procedures to ensure code compliance requires an extensive study to ensure the safety of the city's residents.

The Council recognizes that with the increased frequency of building collapses and the death of the firefighters, that there may exist an apparent failure on the city's part to ensure public safety in private and public managed buildings; that this failure may in part be due to an apparent gap in communications between vitally important agencies such as the fire department, the police department, the department of housing preservation and development, the department of buildings and the department of sanitation. This was especially evident during the April 11, 1995 hearing by the committee of housing and buildings called as a result of the building collapse on 142 West 140th Street, Manhattan. At this hearing a memorandum dated March 24, 1995 from the commissioner of the department of buildings to the commissioner of the department of housing preservation and development, was produced which stated that the "Department of Buildings will provide training to the Department of Housing Preservation and Development inspectors so that they can identify potential structural and hazardous problems in buildings, and when appropriate, refer them to the Department of Buildings for further review". In addition it was stated, by the commissioner of the department of buildings, that a computer linkup with the department of housing preservation and development was underway so that referrals can be electronically received by the department of buildings BIS computer system. However, the council has yet to see the effects of these initiatives.

The Council hereby declares that it is imperative that a temporary interagency task force be established that shall examine the above mentioned issues and foster greater communication and coordination among the various agencies involved.

§ 2. Temporary task force on dangerous buildings. a. There is hereby established a temporary task force to study the building code, electrical code and fire code which shall consist of ten members. The mayor shall appoint five members, one of whom shall serve as chairperson, and the speaker of the council shall appoint five members. Such task force shall have a duration of one year. The members of the commission shall be appointed within thirty days of the effective date of this section. Each member shall serve without compensation for the duration of the task force. The task force shall be composed of representatives of the police department, the fire department, the department of buildings, the department of housing preservation and development, the department of sanitation and the city council.

b. The task force may appoint an executive director to serve at its pleasure and may employ or retain such other employees and consultants as are necessary to fulfill its functions within appropriations for such purposes.

c. Within one month of the appointment of the last member of the task force, the task force shall establish separate study groups within the task force to study the current building, fire and electrical codes.

d. Within nine months of the appointment of the last member of the task force, the task force shall issue an interim report to the mayor and the council. The interim report shall make specific recommendations with respect to the areas listed below and shall include an assessment of the fiscal implications of such recommendations:

1. Identification of all unsafe structures;
2. Methods to secure unsafe and abandoned structures;
3. Interaction between and among the city agencies cited herein regarding unsafe buildings;
4. Amendments to building, fire and electrical codes that address out-dated provisions;
5. Methods to update applicable procedures which add illegal occupancies; and
6. Procedures to cure building, electrical and fire prevention code violations in both city and non-city owned properties and recover the cost of such repairs from the property owner.

§ 3. This local law shall take effect thirty days after it shall have been enacted into law.

A Local Law to amend the administrative code of the city of New York, in relation to the control of asbestos.

Be it enacted by the Council as follows:

Section one. Declaration of legislative findings and intent. In nineteen hundred eighty-five, the council enacted local law number seventy-six for such year, having made the legislative finding that exposure to airborne asbestos fibers and particles has been linked by reputable medical and scientific authorities to a significant increase in asbestos related diseases. Because the predominant cause of asbestos becoming airborne was the performance of building renovation and demolition without adequate adherence to procedures for safeguarding the public health, local law seventy-six was enacted with the purpose of establishing procedures governing building renovation, alteration and demolition work involving the disturbance of asbestos.

Local law number eighty for the year nineteen hundred eighty-six subsequently amended section nine of local law seventy-six, to provide that no later than December first, nineteen hundred eighty-eight, the commissioner of environmental protection shall have submitted to the council a report identifying the potential risks, if any, which may be posed to the public from existing in-place asbestos-containing materials in New York city buildings.

Therefore, the commissioner of environmental protection having submitted to the council a report documenting the findings of a recent scientific study which concluded that there are substantial amounts of asbestos in many buildings of all types in the city of New York, including recommendations for actions deemed appropriate to ameliorate the significant public health risks due to improperly maintained or deteriorated in-place asbestos-containing materials, it is the purpose of this local law to: (1) provide for the establishment of rules which require inspection and sampling of buildings to determine the presence, amounts and condition of in-place asbestos-containing materials; (2) require the development and implementation of an operations and maintenance plan for each building found to contain in-place asbestos-containing materials; (3) require a comprehensive management plan for such buildings, and (4) require the implementation of appropriate response actions with respect to in-place asbestos-containing materials in New York City buildings, while avoiding the costs and potential health risks associated with unnecessary removal.

§ 2. Subchapter 6 of chapter 1 of title 24 of the administrative code of the city of New York is amended by adding a new section 24-146.3 to read as follows:

24-146.3 In-place asbestos-containing materials. (a) For purposes of this section, the following terms shall have the following meanings:

(1) "AHERA school building" shall mean any school building as defined by subdivision thirteen of section two hundred two of the asbestos hazard emergency response act of nineteen hundred eighty-six, as amended (15 U.S.C. section 2641, et seq.).

(2) "Building classification" shall mean the classification of a building identified in the annual record of assessed valuation as published by the New York City department of finance pursuant to section fifteen hundred ten of the New York City Charter.

(3) "Inaccessible in-place asbestos-containing material" shall mean in-place asbestos-containing material, as defined by paragraph four of this subdivision, which is fully enclosed in a column or between the inner and outer walls of a building, and for which there is no reasonable possibility that asbestos fibers may become airborne and transported outside such enclosure unless the integrity of the enclosure is breached.

(4) "In-place asbestos-containing material" shall mean surfacing material, as defined by paragraph eight of this subdivision, and thermal system insulation, as defined by paragraph nine of this subdivision, which contains more than one percent asbestos by weight. It shall include such material or insulation no longer attached to or part of the surface to which it was applied, but remaining at a building subject to inspection for in place asbestos-containing material.

(5) "One-family dwelling" shall mean any building with the building classification A, R1 or S1, and shall include any residential building containing one dwelling unit; any detached, attached or semi-detached building; any townhouse and any mobile home.

(6) "Owner" shall mean, with respect to a building, a person or entity having legal title to such building, or in the case of a non-residential building or non-residential portion of a building, the party having control. The commissioner shall promulgate rules containing standards for determining whether control exists, which may include, but shall not be limited to, having sole responsibility for the operation, maintenance and repair of the building, as prescribed in a legally binding lease between the owner and another party. Nothing herein shall preclude the parties to a non-residential lease from allocating by agreement the cost of compliance with the provisions of this section, but such allocation shall not alter the responsibility for compliance with such provisions.

(7) "Response actions" shall mean the methods intended to abate the condition of in-place asbestos-containing materials so as to protect human health and the environment from asbestos-containing materials, including but not limited to enclosure, encapsulation, removal, and repair, or an action to prevent in-place asbestos-containing materials from being disturbed or deteriorated.

(8) "Surfacing material" shall mean any material sprayed, troweled, or otherwise applied onto surfaces such as structural members, ceilings and walls for such purposes as fireproofing, acoustical, or decorative, and shall include ceiling tile.

(9) "Thermal system insulation" shall mean insulation applied to a steam, hot or cold water systems and heating, ventilation or air conditioning systems for such purposes as preventing heat transfer and water condensation. The term "Thermal system insulation" shall include, but not be limited to, insulation on pipes, such as pipe fittings, elbows, flanges or valves; and insulation applied to boilers, water tanks, compressors, air-handling equipment, radiators and ducts.

(10) "Two-family dwelling" shall mean any building with the building classification B or S2, and shall include any residential building containing two dwelling units.

(b) Program requirements. The commissioner shall promulgate rules as described in this subdivision, which shall apply to all buildings in the city of New York except: AHERA school buildings; all buildings constructed after enactment of this section; all vacant buildings, until prior to the time that such buildings are occupied, consistent with the schedule set forth in subdivision (h) of this section; and inaccessible in-place asbestos containing material for which the commissioner shall prescribe alternative procedures and requirements.

(1) Inspection and sampling of buildings. The commissioner shall promulgate rules prescribing procedures for conducting inspections for, and taking samples on, in-place asbestos-containing materials in all buildings in the city of New York subject to the provisions of this subdivision. Such inspection and sampling shall be the responsibility of the building owner and shall be conducted by individuals certified in accordance with the provisions of subdivision (c) of this section. A report of such inspection and sampling shall be incorporated into the comprehensive management plan as required by paragraph five of this subdivision. The commissioner shall prescribe the form for and the content of an inspection and sampling completion notice which shall require the furnishing of information deemed relevant to the commissioner for evaluating the compliance with the provisions of this section and rules promulgated thereunder. Such inspection and sampling completion notice shall be signed by an individual certified in accordance with the provisions of subdivision (c) of this section and shall be filed with the department. No inspection and sampling completion notice shall be accepted for filing unless accompanied by the payment of a fee established by the commissioner not to exceed two hundred fifty dollars. The commissioner may by rule prescribe circumstances and procedures under which the results of an inspection and sampling conducted for purposes other than compliance with this section may be used to satisfy the inspection and sampling requirements of this paragraph.

(2) Circumstances requiring response actions. The commissioner shall promulgate rules based upon the best available health, safety and risk information and analysis prescribing the circumstances necessitating response actions with respect to in-place asbestos-containing materials in buildings identified upon inspection and sampling conducted pursuant to this section, and shall prescribe the appropriate response to be taken in such situations using any remediation method permitted by this law or rules promulgated thereunder which provides an adequate level of protection for human health and the environment. A building owner shall ensure that a response action plans for the abatement of such in-place asbestos-containing condition shall be developed by an individual certified in accordance with the provisions of subdivision (c) of this section.

(3) Implementation of response action plan. The commissioner shall promulgate rules establishing implementation procedures and schedules for such procedures for a response action plan to contain in-place asbestos-containing materials, including rules prescribing the determination of when a response action shall be deemed completed. The implementation of a response action plan shall be the responsibility of the building owner and shall be conducted by an individual certified in accordance with the provisions of subdivision (c) of this section. The implementation of any response action plan shall be in accordance with the requirements of section 24-146.1 of this subchapter and the provisions pertaining to asbestos abatement which are contained in titles twenty-six and twenty-seven of the administrative code of the city of New York, the rules promulgated thereunder, any applicable federal and state laws or regulations. Notice of a building's response action plan completion, in a form prescribed in rules promulgated by the department, shall be signed by an individual certified in accordance with the provisions of subdivision (c) of this section to conduct the response action plan implementation, and shall be filed with the department. No such response action plan completion form shall be accepted for filing unless accompanied by the payment of a fee established by the commissioner not to exceed two hundred fifty dollars.

(4) Operations and maintenance plan. The commissioner shall promulgate rules requiring the development of an operations and maintenance plan for any building which upon inspection and sampling has been found to require a response action. Such operations and maintenance plan shall be incorporated into the comprehensive management plan as required by paragraph five of this subdivision and shall include such practices as dictated by the best available health, safety and risk information, including but not limited to, as warranted, a building worker training and protection program approved by the department; special work practices related to in-place asbestos-containing materials; a schedule for periodic building reinspection, as required by paragraph six of this subdivision; and record keeping procedures which shall, at a minimum, include a log of all maintenance work, and provisions for the on-site identification marking of asbestos containing material in the building. Any building owner whose building contains in-place asbestos-containing materials requiring a response action shall ensure that the operations and maintenance plan for his or her building shall be implemented in accordance with rules promulgated by the commissioner.

(5) Comprehensive management plan. The commissioner shall promulgate rules requiring the development of a comprehensive management plan for any building which upon inspection and sampling has been found to contain in-place asbestos-containing materials requiring a response action. Such comprehensive management plan shall be the responsibility of the building owner and shall include, but not be limited to, as warranted, proof of building worker training, an inspection and sampling report, an inspection and sampling completion noted any subsequent reinspection completion report, any response action plan, any response action plan completion notice, and the operations and maintenance plan required by paragraph four of this subdivision. Such comprehensive management plan shall be prepared by an individual certified in accordance with the provisions of subdivision (c) of this section, and notice of completion of such comprehensive management plan shall be filed with the department. No comprehensive management plan completion notice shall be accepted for filing unless accompanied by the payment of a fee established by the commissioner not to exceed two hundred fifty dollars. The building owner shall provide written notification to each tenant, and other wise ensure that all individuals with a legitimate purpose for being in the building are notified, that documents prepared in connection with the completion of such comprehensive management plan are available for inspection during normal business hours.

(6) Reinspection of buildings. In the event that an inspection and sampling of a building conducted pursuant to paragraph one of this subdivision reveals that in-place asbestos-containing materials are present, the owner of such building shall cause to be conducted a reinspection of such building, in accordance with the provisions of paragraph one of this subdivision, periodically as required by rules promulgated by the commissioner. Such reinspection hall also be required if a significant event, as defined in rules promulgated by the commissioner, which may result in a change in the condition of in-place asbestos-containing material, including but not limited to fire, flood or explosion, has occurred since the initial inspection and sampling. Upon reinspection a notice in a form prescribed by the commissioner shall be signed by an individual certified in accordance with the provisions of subdivision (c) of this section, and shall be filed with the department. If upon such reinspection it is determined that circumstances exist which necessitate a response action with respect to in-place asbestos-containing materials, the owner of such building shall cause to be developed a response action plan in accordance with the provisions of paragraph two of this subdivision, and shall cause to be implemented such response action plan in accordance with the provisions of paragraph three of this subdivision. Such response action plan, the implementation thereof determined to be required upon reinspection of such building, and a reinspection report, shall be incorporated into the comprehensive management plan required by paragraph five of this subdivision. If upon reinspection it is determined that the building no longer contains in-place asbestos-containing materials requiring a response action, a notice in a form prescribed by the commissioner shall so state, shall be signed by an individual certified in accordance with the provisions of subdivision (c) of this section, and shall be filed with the department. No reinspection completion notice required by this paragraph shall be accepted for filing unless accompanied by the payment of a fee established by the commissioner not to exceed two hundred fifty dollars.

(7) For purposes of compliance with these program requirements or with other provisions of this section, any tenant shall permit access to the building owner upon prior notice.

(c) Certification. (1) a. The commissioner shall promulgate rules establishing criteria for certifying individuals to conduct inspections and sampling for in-place asbestos containing materials in accordance with the provisions of subdivision (b) of this section, and the provisions of paragraph two of subdivision (d) of section 24-146.1 of this subchapter.

b. The commissioner shall promulgate rules establishing criteria for certifying individuals to conduct response actions in accordance with the provisions of paragraph three of subdivision (b) of this section and the provisions of paragraph one of subdivision (d) of section 24-146.1 of this subchapter.

c. The commissioner shall promulgate rules establishing criteria for certifying individuals to develop response action plans, operations and maintenance plans, and comprehensive management plans with respect to the abatement of the condition of in-place asbestos-containing materials, in accordance with the provisions of paragraphs two, four and five of subdivision (b) of this section.

d. The commissioner shall promulgate rules establishing criteria for certifying training programs in connection with the issuance of certificates to perform the functions set forth in subparagraphs a, b and c of this paragraph.

(2) The commissioner may restrict the certificates issued pursuant to subparagraphs a, b, c and d of paragraph one of this subdivision as to certain supervisory and non-supervisory functions and responsibilities.

(3) Any certificate under this subdivision shall be valid for a period of two years unless sooner suspended or revoked and may be renewed upon submission of proof satisfactory the commissioner that the holder continues to meet the criteria established pursuant to this subdivision.

(4) The commissioner, after providing notice and opportunity to be heard, may suspend or revoke any certificate issued pursuant to this subdivision where it is found that the holder has failed to comply with this section or any rules promulgated thereunder.

(5) The commissioner shall charge a fee not to exceed one hundred dollars to process the application for certification or recertification of an individual pursuant to subparagraphs a, b and c of paragraph one of this subdivision. The commissioner shall charge a fee not to exceed fifteen hundred dollars to process the application for certification or recertification of training programs established pursuant to subparagraph d of paragraph one of this subdivision.

(6) The commissioner shall cause to be undertaken an ongoing program to compile and analyze data, and where appropriate, sponsor research into the health, safety and welfare risks associated with in-place asbestos-containing materials, including different levels of exposure and various circumstances under which individuals might come into contact with such materials.

(d) Variances. The commissioner may grant variances from particular requirements of this section whenever it is found, upon presentation of adequate proof, that compliance with such requirements would impose unreasonable hardship and that the individual is taking all reasonable steps to protect health and safety, or than an individual can fulfill the requirements of this section in an alternative manner which is deemed to be consistent with the intent of this section. In granting a variance the commissioner may impose such conditions as the policies of titles twenty-four, twenty-six and twenty-seven of the administrative code of the city of New York may require, and shall publish in the City Record no later than seven days after the granting of such variance a statement of the reasons leading to his or her decision. The commissioner may charge a fee not to exceed eighteen hundred dollars to process an application for a variance.

(e) Entry, inspection and sampling by the department. (1) The department, upon providing prior notice, shall have the authority to inspect and conduct sampling in any building subject to the requirements of this section, during normal business hours, and in connection with such inspection and sampling, review the comprehensive management plan required by paragraph five of subdivision (b) of this section. In addition, whenever there is a reason to believe that any such building is in violation of the requirements of this section, the department shall be authorized to inspect and sample the building or the comprehensive management plan without prior notice. Any building owner or his or her representative who refuses to allow an authorized employee or representative of the department to conduct an inspection and sampling of the building after appropriate credentials are presented shall be in violation of this section and shall be subject to the penalties provided in subdivision (f) of this section.

(2) Whenever the commissioner determines that there exists an immediate threat to public health or safety from any in-place asbestos-containing materials, he or she shall order that a response action be immediately conducted by the building owner. If such response action is not undertaken within a period of time prescribed in rules promulgated by the commissioner, the commissioner shall cause such response action to be undertaken by the department. Whenever the department has conducted an emergency response action under such circumstances, the costs attributable to such response action shall be recoverable by the city in accordance with the provisions set forth in subchapter two of chapter six of this title.

(f) Violations. (1) Any person who knowingly or recklessly makes any false statement, representation or certification on any document filed with the department pursuant to this section shall, upon conviction, be subject to a fine of not more than one thousand dollars, or imprisonment of up to one year, or both.

(2) Any person who causes or permits a violation of any requirement of this section, or a violation of any provision of any rule promulgated pursuant to this section, shall be liable, for each such violation, for a civil penalty as set forth in paragraph five of subdivision (b) of section 24-178 of this chapter, for each day such violation continues. Such penalties may be recovered in a civil action brought in the name of the commissioner or in a proceeding before the environmental control board. In determining the civil penalty, the hearing officer or judge shall consider any evidence presented by the defendant showing a good faith effort to comply with relevant requirements of this section, the nature and seriousness of the defendant's violation of the section, previous violations, if any, of this subchapter and any other evidence found to be relevant. Any person who causes or permits to occur three violations of the same requirement of this section within a ten-year period shall be subject to a fine not to exceed one thousand dollars or imprisonment of up to one year, or both.

(3) Any person who without justification refuses to allow an inspection and sampling of a building pursuant to subdivision (e) of this section shall be subject to a civil penalty returnable before the environmental control board or in civil court in the name of the commissioner, in an amount not to exceed ten thousand dollars

(g) One-family and two-family dwellings. (1) The commissioner shall undertake an educational and outreach program to provide guidance to owners of one-family and two family dwellings on how to address the condition of in-place asbestos-containing materials.

(2) The commissioner shall promulgate rules establishing requirements for inspection and sampling, with respect to in-place asbestos-containing materials, of one-family and two-family dwellings. Such rules shall require that such an inspection and sampling shall be performed before the transfer of title to any such dwelling and disclosed to the transferee at the time of transfer of title, except where an inspection and sampling performed before a prior transfer of such property pursuant to this subdivision determined that no in-place asbestos-containing materials were present in such dwelling, and documentation of such inspection and sampling performed in connection with such prior transfer is provided to the transferee. Documentation of the results of such inspection and sampling shall be provided to the transferee in a form prescribed in rules promulgated by the commissioner. Such inspection and sampling shall be conducted in accordance with the requirements of paragraph one of subdivision (b) of this section by an individual certified in accordance with the provisions of subdivision (c) of this section. The commissioner shall prescribe the form for and the content of an inspection and sampling completion notice, which shall be signed by an individual certified in accordance with the provisions of subdivision (c) of this section and filed with the department.

(h) Timetable for compliance. The commissioner shall promulgate rules establishing schedules for the implementation of the requirements of subdivision (b) of this section for the following groups of buildings such that:

(1) Within six years and six months after the date of enactment of this section owners of buildings with the following building classifications shall have complied with the requirements of subdivision (b) of this section:

a. tall office Buildings (building classification O having eight or more stories above ground);

b. Hospitals and Health (building Classification I);

c. Asylums and Homes (building classification N);

d. post-secondary school Educational Structures (building classifications W2, W3, W4, W5, W6, W7, W8, W9 and X7);

e. Elevator Apartment Buildings (building classifications D, R4, R5 and R9);

f. Hotels (building classification H);

g. Transportation Facilities (building classification T);

h. Utility Bureau Properties (building classification U);

i. Selected Government Installations (building classification Y);

j. Miscellaneous (building classifications Z1, Z2, Z3, Z4, Z5, Z9);

k. Fully exempt Properties (building classifications X1, X2, X3, X4, X9 and X0).

(2) Within nine years and six months after the date of enactment of this section owners of buildings with the following building classifications shall have complied with the requirements of subdivision (b) of this section:

a. Store Office Buildings (building classification O having seven or fewer stories above ground);

b. Theatres (building classification J);

c. Places of Public Assembly (Indoor) and Cultural (building classification P);

d. Factory and Industrial Buildings (building classification F);

e. Loft Buildings (building classification L);

f. Warehouses (building classification E).

(3) Within twelve years and six months after the date of enactment of this section owners of buildings with the following building classifications shall have complied with the requirements of subdivision (b) of this section:

a. Churches, Synagogues, etc. (building classifications M, X5 and X6);

b. Outdoor Recreation Facilities (building classification O);

c. Walk-Up Apartments (building classifications C, R2, S3, S4, S5 and X8);

d. Store Buildings (building classifications K and Z8);

e. Garages and Gasoline Stations (building classification G).

(4) Notwithstanding the schedules for implementation set forth in paragraphs one through three of this subdivision, any building acquired by the city in rem or other foreclosure taking shall be exempt from the requirements of subdivision (b) of this section up to and including the second anniversary of the vesting of title in the city. Thereafter, the city shall, subject to any regulations which may be promulgated by the commissioner, have a period of either three years or the deadline specified in paragraph one, two or three of this subdivision as appropriate, whichever date occurs later, to bring the building into compliance with the requirements of subdivision (b) of this section.

(5) The commissioner may promulgate rules designating spaces used for a particular function within any building which shall be in full compliance with the requirements of subdivision (b) of this section at a time earlier than the date otherwise established in rules promulgated pursuant to this subdivision for the relevant building classification.

(1) Within six months of the effective date of this section, the commissioner shall establish an asbestos advisory board ("board") consisting of no fewer than fifteen members representing community boards, city agencies, property owners, tenant organizations. Labor organizations, health organizations, environmental organizations, business organizations and members of the general public. Members shall serve for a term of three years without compensation and shall designate one member to serve as chairperson and one member to serve as vice-chairperson. The board shall review the effectiveness of this section and any rules or regulations promulgated pursuant thereto and make recommendations concerning improvements or changes. Any reports or recommendations that the board prepares shall be submitted to the mayor and the council.

(j) Prior to conducting an inspection for or sampling of in-place asbestos-containing material, or prior to conducting a response action, any individual or firm that is employed to conduct such work shall disclose to the building owner any financial or other interest such individual or firm has in any other individual or firm that conducts inspections for or samplings of, or response actions to, in-place asbestos-containing material. For purposes of this subdivision, the term "firm" shall mean a sole proprietorship, joint venture, partnership, corporation or any other form of enterprise, but shall not include a public benefit corporation or local development corporation.

(k) Within twenty-four months of the effective date of this section, the mayor shall report to the council on the results of a study that shall have been conducted to evaluate the availability of financial assistance to owners of buildings with respect to compliance with the provisions of this section.

(1) The commissioner may promulgate any additional rules he or she deems necessary to effectuate the purposes of this section.

§ 3. The table of civil penalties contained in subparagraph (i) of paragraph 5 of subdivision (b) of section 24-178 of subchapter 9 of such chapter, as amended by local law number 76 for the year 1985, is amended by inserting between the penalty prescribed for a violation of section 24-146.1(b)(1) and the penalty prescribed for a violation of section 24-147 the following penalties:

	Civil Penalties	
	Maximum	Minimum
24-146.2	10,000.00	1,000.00

§ 4. Article 13 of subchapter 19 of chapter 1 of title 27 of such code is amended by adding a new section 27-1070 to read as follows:

27-1070 Use or application of asbestos prohibited. No in-place asbestos-containing material, as defined by paragraph four of subdivision (a) of section 24-146.2 of the administrative code, shall be used or applied in the construction or renovation of any building in the city.

§ 5. Severability. The provisions of this local law shall be severable and, if any clause, sentence, paragraph, subdivision, or other part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this local law, but shall be confined in its operation to the clause, sentence, paragraph, subdivision or other part of this local law directly involved in and adjudged invalid in the controversy in which said judgment has been rendered.

§ 6. This local law shall take effect 30 days after its enactment into law except that subdivision (b) and paragraph 1 of subdivision (g) of section 24-146.2 of the administrative code of the city of New York as added by section 2 of this local law shall take effect 18 months after its enactment; paragraph 2 of subdivision (g) of such section shall take effect 4 years and 6 months after its enactment, and subdivision (c) of such section shall take effect 1 year after its enactment, but all actions necessary to prepare for the implementation of this local law may be taken prior to its effective date.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to prohibiting packaging that is not recyclable or biodegradable.

Be it enacted by the Council as follows:

Section One. Title Sixteen of the administrative code of the city of New York is amended by adding a new chapter four to follow chapter three to read as follows:

16-401. Definitions. When used in this chapter:

a. "Biodegradable" means the ability to substantially reduce to constitute substances through degradation process initiated by the action of bacteria or other natural organisms whose end products are substantially, but not entirely, carbon dioxide and water.

b. "Packaging" means all bags, sacks, wrappings, cartons, containers, adhesives, cords, bindings, strings disposable or non-reusable plates, bowls, cups, lids, eating utensils or drinking utensils, and other similar items on which goods are placed otherwise packaged.

c. "Person" means any individual, trust, firm, corporation, joint stock company, association, partnership, consortium, joint venture, commercial entity or governmental entity.

d. "Recyclable" means the ability to be separated from solid waste and be collected, processed, marketed and returned to the economy as raw materials or products.

e. "Retail establishment" means all sales outlets, stores shops or other businesses that operate primarily to sell goods, including but not limited to ready-to-eat and take-out food, directly to the ultimate consumer.

f. "Supplier" means any person selling or otherwise supplying packaging to a retail establishment.

16-402. Prohibit packaging. No retail establishment shall place, wrap, pack or otherwise package goods in packaging that is not entirely recyclable or biodegradable.

16-403. Documentation required. a. Each retail establishment shall obtain from each of its suppliers a written statement signed by the supplier, or by a responsible agent of the supplier, stating that the supplier will supply only recyclable or biodegradable packaging to the retail establishment and note on each invoice for packaging supplied to that retail establishment that the packaging covered by the invoice is recyclable or biodegradable and the identity of the manufacturer of the packaging.

b. All contracts between a retail establishment and a supplier executed after the effective date of this chapter shall include a provision that the supplier will supply only recyclable or biodegradable packaging, and a provision that the supplier will state on each invoice for packaging supplied that the packaging is recyclable or biodegradable and the identity of the manufacturer of the packaging.

c. Retail establishments shall retain each supplier's written statement for one year from the date of receipt of any packaging from the supplier.

16-404. Inspection of documents. All statements required by section 16-303 shall be made available for inspection by the department. It shall be unlawful for anyone having custody of such documents to fail or refuse to produce such documents upon request by the department.

16-405. Exemptions. The commissioner may exempt an item or type of packaging from the requirements of this chapter upon showing that the item or type of packaging has no acceptable recyclable or biodegradable equivalent and that the imposition of the requirements of this chapter on that item or type of packaging would cause undue hardship. Before granting an exemption, the commissioner shall notify the public of the application for exemption by placing an advertisement in a newspaper of city-wide circulation and provide a sixty day period for the submission of public comments.

16-1406. City purchases prohibited. The city of New York shall not purchase goods in packaging that is not recyclable or biodegradable, nor shall any city-sponsored event utilize goods in such packaging.

16-407. Enforcement. Any person who violates any provision of this chapter shall be subject to a civil penalty returnable before the environmental control board in an amount not less than five hundred dollars and up to one thousand dollars for the first violation, and not less than one thousand dollars and up to five thousand dollars for each subsequent violation.

§ 2. This local law shall take effect ninety days after its enactment.

A Local Law to amend the administrative code of the city of New York, in relation to the protection of trees.

Be it enacted by the Council as follows:

Section 1. Section 18-101 of the administrative code of the city of New York is amended to read as follows:

§ 18-101 **Department of parks and recreation; commissioner.**

a. Definitions. Whenever used in this title, the following terms shall have the following meanings:

(1) "Commissioner" means the commissioner of parks and recreation or *his or her designee.*

(2) "Conservation" shall mean the controlled use and systematic protection of natural resources.

(3) "Department" means the department of parks and recreation.

(4) "Infection" or "infected" shall mean the existence of any disease caused by pathogenic microorganisms which can result in injury to a tree or stand of trees.

(5) "Infestation" or "infested" shall mean the existence of any insect in sufficient numbers as to be dangerous to the health of a tree or a stand of trees.

(6) "Person" shall mean an individual, partnership, corporation, company, society or, association.

(7) "Protected tree" shall mean a tree designated by the commissioner for protection in accordance with the rules of the commissioner.

(8) "Tree Protection control zone" shall mean an area designated for the protection of trees, the boundaries of which are fixed by the department.

§ 2. Chapter 1 of title 18 of such code is amended by adding thereto a new section 18-132 to read as follows:

§ 18-132 ***Tree Protection.*** *a. The commissioner shall by rule establish a review procedure for the protection of trees not under the care of the commissioner. A tree may be protected with respect to its age, caliper, variety, species, location, any combination of these factors, or such other relevant factor or factors as the commissioner may determine. The commissioner may establish tree protection control zones based on these factors and may consider additional factors including local soil and air conditions. The provisions of this section shall not apply to any tree which is determined to be dead severely damaged, or unsafe in accordance with the rules of the commissioner.*

b. Upon application pursuant to the rules of the commissioner, the commissioner shall examine the effect of the proposed tree removal. Such examination shall at a minimum consider the following factors prior to the issuance of any permit for tree removal:

(1) The distribution and variety of trees within two hundred feet of the tree proposed for removal:

(2) The distribution and variety of trees within the community district where the proposed tree removal would occur and any other community districts affected;

(3) The impact of the proposed tree removal upon the community where the tree is located in the borough. Such assessment shall consider such factors as conservation, infection, infestation, the potential effects of relocating any tree proposed to be removed and whether tree replacement should be required.

c. The commissioner may impose conditions upon the recipient of the permit including, but not limited to, tree replacement.

d Permits for the removal of a protected tree or a tree within a tree protection control zone shall be obtained as follows:

(1) Any person seeking a permit from the commissioner of buildings pursuant to subdivisions (a) through (h) of section 27-148 of the code, for work that may require the removal of one or more trees, shall also apply for a permit for the removal of such tree or trees from the commissioner or the commissioner of buildings. The commissioner of buildings shall consult with the commissioner prior to determining whether a permit should be issued.

(2) Any other person who wishes to remove a protected tree or a tree in a tree protection zone shall apply for a permit from the commissioner.

e. The commissioner shall establish an expedited review process for the removal of any tree which is causing severe damage to a water main or a sidewalk is infected or infested, or where such other hazardous or emergency conditions exist, as shall be determined in accordance with the rules of the commissioner.

f. The commissioner may propose a plan for the distribution of trees within community districts and throughout the city.

g. It shall be unlawful for any person to remove or cause to be removed or in any way destroy or cause to be destroyed, any protected tree or any tree located within a tree protection control zone without first acquiring a permit from the commissioner. The provisions of this section shall not apply to employees of any agency who are engaged in the proper and authorized performance of their assigned duties.

h. Any person found to be in violation of this section shall be subject to a civil penalty of not less than one hundred dollars nor more than one thousand dollars. Each tree damaged or removed in breach of this section shall be deemed the subject of a separate violation for which a separate penalty may be imposed

i. The commissioner and the commissioner of buildings shall jointly promulgate rules for the implementation of this section within six months after the enactment of this law.

§ 3. Article 10 of subchapter 3 of chapter 1 of title 26 of such code is amended by adding thereto a new section 26-253 to read as follows:

§ 26-253 ***Tree protection.*** *a. During the construction, alteration, repair, demolition, removal, maintenance, occupancy or use of any new or existing building, it shall be unlawful for any tree to be removed or destroyed without obtaining a permit for such purposes pursuant to section 18-132 or section 27-148 of the code.*

b. The commissioner shall transmit to the commissioner of parks and recreation a copy of any permit for tree removal pursuant to section 27-148 within ten days after such permit was issued.

§ 4. Section 27-148 of such code is amended by adding thereto a new subdivision (i) to read as follows:

(i) Tree removal permits: for the removal of one or more trees, as provided pursuant to section 18-132 and section 26-253 of the code.

§ 5. This local law shall take effect immediately.

Res. No. 95

Resolution calling on Congress to pass legislation, known as "The Family Caregivers Enumeration Act," to authorize the Secretary of Commerce to ensure that the Year 2000 Decennial Census includes a count of family caregivers in order to provide a statistical foundation to aid in the research of the increased role of caregivers in America.

By Council Members Leffler, Eisland and Duane; also Council Members Cruz, Marshall, Michels, Robinson, Watkins and White

Whereas, According to the National Family Caregivers Association ("N.F.C.A."), some 25 million Americans find themselves volunteering their time and energy towards caring for a chronically ill or disabled family member, services that are estimated by the N.F.C.A. to be worth almost $300 billion a year, yet to date there is no accurate indicator as to the exact number of caregivers in America; and

Whereas, There are several reasons why, as a country, we need to monitor the number of caregivers in America, perhaps the most pertinent being that the need for family caregivers is escalating with the rise of medical science and consequently, the extension of the average life span, and a great deal more pressure is being placed on the shoulders of these caregivers often culminating in a phenomenon known as "caregiver burnout;" and

Whereas, Not only is the growth of medical science responsible for an upsurge in caregiving but private managed care programs and changes in the Medicaid reimbursement formula influence a decrease in the length of hospital stays; and

Whereas, According to the N.F.C.A., 11 potential caregivers existed for each person needing care in 1990 and by 2050, the N.F.C.A. projects that ratio at 4:1, suggesting an inflated role for family members acting as caregivers in the future; and

Whereas, Federal legislation now pending in Congress, H.R. 2081/S. 1206, known as the "The Family Caregivers Enumeration Act," was officially introduced in the first session of the 105th Congress by United States Representative Charles Canady of Florida and Senator Olympia Snowe of Maine, respectively, and in brief, would authorize the Secretary of Commerce to take appropriate measures to ensure that a counting of family caregivers is part of the 2000 Decennial Census of Population; and

Whereas, It is imperative that the national census in the year 2000 reflects hard statistics on how many caregivers there are in America in order to prepare us for the coming change in the field of caregiving; now, therefore, be it

Resolved, That the Council of the City of New York calls on Congress to pass legislation, known as the "The Family Caregivers Enumeration Act," to authorize the Secretary of Commerce to ensure that the Year 2000 Decennial Census includes a count of family caregivers in order to provide a statistical foundation to aid in the research of the increased role of caregivers in America.

Resolution calling upon the New York State Legislature and the Governor to enact Assembly Bill 3548A, enabling New York City to extend the Senior Citizen Rent Increase Exemption to eligible seniors with a household income of $14,400 or less where the cost of rent exceeds 25% of household income.

By Council Members Leffler, Eisland, Duane, Koslowitz and Golden; also Council Members Carrion, Cruz, Harrison, Lasher, McCaffrey, Michels, O'Donovan, Provenzano, Watkins and White

Whereas, The Senior Citizen Rent Increase Exemption Program (SCRIE) exists pursuant to State enabling legislation, codified at Sections 467-a and 467-b of the Real Property Tax Law; and

Whereas, The SCRIE program provides eligible senior tenants, who reside in rent-controlled and rent-stabilized apartments, with orders preventing future rent increases and landlords with corresponding tax abatements; and

Whereas, To be eligible for SCRIE, the applicant head of household must be at least 62 years of age, total annual household income must not exceed $20,000 and at least one-third of the household income must be spent on rent; and

Whereas, With the cost of living constantly increasing, it is becoming more difficult for seniors living on extremely low fixed incomes to meet rising prices and keep their homes; and

Whereas, Assembly Bill 3548A will provide these seniors with the additional help they need to ensure they will be able to stay in their homes; now, therefore, be it

Resolved, that the Council of the City of New York calls upon the New York State Legislature and the Governor to enact Assembly Bill 3548A, enabling New York City to extend the Senior Citizen Rent Increase Exemption to eligible seniors with a household income of $14,400 or less where the cost of rent exceeds 25% of household income.

By Council Members Linares, Eldridge, Robles, Clarke, Foster, Marshall, Michels, Robinson, Duane, Warden, Cruz, Freed, Rivera, Watkins, White, Malave-Dilan, Henry and Perkins; also Council Members DiBrienza, Leffler and Lopez

A LOCAL LAW to amend the administrative code of the city of New York in relation to creating a small business lease program for establishing an environment for fair negotiation in order to determine reasonable lease terms.

Be it enacted by the Council as follows:

Section one. Legislative findings. The Council hereby finds that the small business sector remains volatile at a time when New York City is more dependent than ever on small businesses for job growth and revenues. The rental market, as it is constituted, weighs too heavily in favor of the landlords in a way that serves neither the general economic interests of New York City nor the specific interests of small businesses and other parties. The rental market is often not effective in bringing together commercial tenants and landlords. This results in lost jobs, tax revenues and community instability. It is the intent of the City Council to give small businesses a measure of predictability of future costs through a two-step procedure of mediation and, if necessary, arbitration for negotiating lease renewals and rentals. The purpose of this legislation is, therefore, to create a fair negotiating environment, which will result in reasonable lease terms to help small business investment to encourage job retention and growth in the City of New York.

§ 2. Title twenty-six of the administrative code of the city of New York is amended by adding a new chapter nine to follow chapter eight to read as follows:

CHAPTER 9

COMMERCIAL RENT BINDING ARBITRATION PLAN

§ 26-801 Scope. This chapter shall apply to all lease renewals for manufacturing space, theatre and performing arts space premises, premises leased by non-profit organizations, ***independently owned supermarkets larger than 3,000 square feet,*** *and to all lease renewals for other commercial space for premises equal to 3,000 square feet or less* ***of sales service space, excluding all non-selling space such as storage, basements, and closets, are covered.*** *Except for newly constructed buildings for which a building permit was issued on or after the effective date of this law. Except for non-profit lease renewals and manufacturing, the provisions of this legislation shall not apply to commercial space above the second floor. Any provision wherein the landlord and tenant are required to arbitrate differences shall apply to leases wherein the landlord refuses to offer any rent price or the rent price demanded by the landlord* ***is in excess of an increase of ten percent above the last month's rent charged of the expiring lease or an increase of forty percent above the last month's rent during the final twelve months*** *of the existing lease for the* ***tenth*** *year of the new lease or exceeds a yearly increase of* ***four*** *percent for any year after the first year of the lease. The Provisions of this chapter shall apply to any landlord and current occupant whose lease expired on or after* ***August*** *thirtieth, nineteen hundred ninety-five and any action required to be taken pursuant to the terms of this chapter one year prior to the expiration of a lease shall be taken within sixty days from the effective date of this chapter and any action required to be taken one hundred eighty days prior to the expiration of such lease shall be taken within two hundred forty-five days from such effective date.*

§ 26-802 ***Definitions. a.*** *"Arbitrator" shall mean the person chosen by the parties or by the American Arbitration Association, or any other recognized arbitration organization, to resolve a dispute between a landlord and tenant concerning lease renewals or the rent to be charged for the commercial premises.*

b. "Commercial premises" shall mean premises occupied for non-residential purposes including, but not limited to, retail stores, professional services, offices, manufacturing, assembling, processing, cultural and non-profit uses.

c. "Landlord" shall mean any owner, lessor, sublessor or other person entitled to receive rent for the use or occupancy of any commercial premises, or an agent thereof.

d. "Mediator" shall mean any person, agreed upon by the parties to the dispute or chosen by the American Arbitration Association or any other recognized mediation or arbitration association, to act as an intermediary between the parties. The mediator shall not offer a binding decision concerning the matter in dispute.

e. "Negotiation" shall mean the process of conferring with one another through conferences, discussions and compromise, to arrive at a mutually agreeable settlement.

f. "Rent" shall mean any consideration, including any deposit, passalong, bonus or gratuity demanded or received in connection with the use or occupancy of any commercial premises.

g. "Services" shall mean those facilities which enhance the use of the commercial premises, including, but not limited to, repairs, replacement, maintenance, painting, heat, hot and cold water, utilities, elevator service, security devices and patrols, furnishings, storage, janitorial and landscaping services, refuse removal, insurance protection, parking spaces, and services to, and facilities in common areas of the building or parcel in which the rental unit is located.

h. "Space" shall mean the physical area of the commercial premises ***of the sales and service area excluding areas such as basements, storage and elevator shafts.***

i. "Tenant" shall mean tenant, subtenant, lessee, sublessee, or any other persons entitled to use or occupancy of any commercial premises.

§ 26-803 ***Manner of Service.*** *All papers which, by the terms of this chapter are required to be served, shall be served by a process server, or shall be sent by first class mail and certified mail, return receipt requested. All notices which, by the terms of this chapter are required to be given, shall be mailed by first class mail and by certified mail, return receipt requested.*

§ 26-804 ***Rental Guidelines. a.*** *Qualified Right of Renewal. (1) All leases of commercial space may be renewed at the option of the tenant in good standing. Such lease renewals shall be for a minimum term of* ***ten*** *years, provided however, that at the tenant's option, and with written approval1 of the landlord, a lease of shorter or longer duration may be selected. (2) No period of lease extension required by this chapter shall extend beyond the landlord's lawful ability to rent the premises to the tenant, where such ability is limited by (i) the expiration of a lease which is not renewed in which, with respect to a third party, the landlord is a tenant, (ii) the obligation to rent the premises to a third party pursuant to a bona fide lease entered into prior to the effective date of this chapter, (iii) the exercise by a third party of a bona fide option to rent the premises provided that such option was given prior to the effective date of this chapter, or (iv) any other lawful reason arising prior to such effective date. Any landlord whose obligations under this chapter are limited by this provisions shall not be required to negotiate or to arbitrate as otherwise provided in this chanter but shall remain obligated to negotiate and to arbitrate a renewal lease for such period of time for which the landlord has a lawful ability to rent the premises to the tenant. The landlord shall provide notice to the tenant one year before the termination of the lease of the basis on which the lease cannot be extended for a full* ***ten*** *year term. (3) A tenant shall lose the right of renewal and a landlord may refuse to renew a lease only on the following grounds:*

(a) The tenant has persistently delayed rent payments without cause. Cause is defined as the withholding or rental payments by the tenant due to alleged violations of the rental agreement by the landlord. In order for the landlord to be excused from renewal under this ground, the landlord must have served the tenant at least three prior notices during the term of the lease to the tenant for demand of payment within thirty days, and then prove that the lessee has not paid within the thirty day period. The landlord shall not serve such notice unless the rent payment was in arrears for a minimum of fifteen days;

(b) The tenant uses the present location for reasons substantially different from those described in the lease;

(c) The tenant conducts any form of illegal activity on the premises;

(d) The tenant has substantially breached any obligations under the current lease and has failed to cure such breach within thirty days following written notice by the landlord;

(e) Upon the termination of the current tenancy, the landlord intends to demolish or substantially reconstruct the space or a substantial part thereof, or to carry out substantial work or construction on the holding or part thereof which he or she could not reasonably do without obtaining possession of the space. The landlord shall notify the tenant of his decision to reoccupy the premises at least one year prior to the termination of the lease. In the event that the lessor fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded lessee may collect treble damages for any loss suffered as a result of such action;

(f) The current tenancy was created by the subletting of the property, the original tenant did not notify the landlord by certified mail of the subtenant's existence and did not obtain the consent of the landlord. This ground is void if the landlord and tenant had a- treed in the lease to allow subleasing rights and all obligations of the prime tenant on the issue, were in compliance;

(g) It has been determined by the appropriate body that the tenant is a gross and persistent violator of the New York City tax code or of any license obligations;

(h) On the termination of the current tenancy, the landlord intends to occupy the retail premises in order to carry out its own business. ***The landlord cannot terminate the current tenancy if the landlord intends to operate the same type of business that the current tenant is operating. If the landlord intends to operate the same type of business as the present tenant operates, then the landlord must compensate the tenant at fair market value for the tenant's business.*** *The landlord shall notify the tenant of his decision to reoccupy the premises at least one year prior to the termination of the lease. In the event that the lessor fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded lessee may collect treble damages for any loss suffered as a result of such action.*

b. Procedure for refusal to renew. (1) The landlord is to notify the tenant a minimum of one year before the expiration of lease, that the landlord is not going to renew the lease and to state the reason or reasons for such denial in detail. Failure of the landlord to give such notice shall subject the parties to the provisions of subdivision c hereof. The landlord is to furnish the tenant with all pertinent data supporting such reason or reasons. If the tenant still wishes to challenge the refusal and apply for a renewal of the lease then the tenant is to notify the landlord within thirty days after the receipt of the landlord's notice of his intent to challenge the refusal and seek arbitration on the issue of renewal. The tenant shall then notify the American Arbitration Association or any other recognized arbitration organization within fourteen days after notification by the tenant to the landlord that a hearing is requested to determine whether the landlord's grounds for refusal are valid.

(2) The landlord and tenant shall choose the arbitrator from a list of approved arbitrators as approved by the American Arbitration Association or other recognized arbitration association or, if they cannot agree on the selection of the arbitrator within ten days of the tenant's notification of such association that a hearing is requested, the tenant shall notify such organization within five days of the parties' failure to make a selection and within five days of receipt of such notice from the tenant such arbitration organization shall determine the arbitrator.

(3) The arbitrator shall notify both parties within thirty days of receipt by the association of the request by the tenant for a hearing, of the date, place, time and rules of the hearing. The landlord and the tenant are to furnish the arbitrator with all relevant documentation. The hearing shall take place in the borough where the commercial premises are located unless otherwise agreed to by the landlord and tenant. The arbitrator shall conduct a preliminary meeting prior to the hearing to review the data and familiarize himself or herself with the case. The matters the arbitrator shall determine during the preliminary meeting shall include, but not be limited to, the need to inspect the space and the need to hire expert consultants to certify the accuracy of the data. The arbitrator has the right to conduct an inspection of the space after notifying both parties at least three days in advance of the inspection and informing them of their right to be present during the inspection.

(4) The hearing before the arbitrator shall be tape recorded. The tape recording shall be transcribed upon the request of any party who posts in advance the estimated cost of the transcription. Either party may provide, at their expense, a reporter to transcribe the hearing. The official record of the hearing shall include all documents and offers of proof presented to the arbitrator, the written decision of the arbitrator and the transcript of the hearing.

The landlord and tenant will each be given no more than one day to present their case or such additional time as is determined by the arbitrator. They shall be allowed to present testimony, witnesses, pictures, videos, documents, including charts, and any other relevant data. Each party shall be allowed to confront and cross-examine adverse witnesses.

The arbitrator can choose to investigate any aspect of the case to help arrive at a decision.

(5) The arbitrator shall render a written determination stating the basis for such determination and notifying the parties of such determination no later than thirty days after the hearing has been concluded. Failure to render a timely, written determination and to notify parties within thirty days shall affect the enforceability of such determination. Such determination shall be based on (i) appropriate laws applicable to commercial spaces; (ii) the terms of the lease and compliance therewith; and (iii) any other relevant and material factors that the arbitrator shall deem proper. If the arbitrator decides in favor of the landlord, then the tenant shall have until the end of the current lease to vacate. If the arbitrator decides in favor of the tenant, then the landlord is to notify the tenant at least one hundred eighty days before the expiration of the lease that the landlord is ready to meet with the tenant to renegotiate the lease. If the parties cannot agree on the rent to be charged for the commercial premises, they shall submit to the requirements of subdivision c of this section. The costs of arbitration shall be borne equally by the landlord and tenant.

c. Procedure for unopposed lease renewals. (1) The landlord shall notify the tenant at least one hundred eighty days prior to the expiration of the lease of his willingness to renegotiate the lease agreement. If the landlord and tenant agree, they may at any time renegotiate a new lease, with any agreed to terms and conditions, not inconsistent with the provisions of this chapter. The tenant is to continue rent payments at the old rate until the parties reach an agreement on a new lease or until a decision is rendered by the arbitrator. The first ninety days of the one hundred eighty day notice period is for the purpose of negotiations. Alternatively, either party may compel the other party to the dispute to use that ninety day period, or any part thereof, for the purposes of mediation. If either the landlord or tenant chooses mediation, he or she shall notify the other party that a mediation session is requested. The parties shall choose a mediator who is agreeable to both the landlord and tenant, or if no such person is agreeable, then the American Arbitration Association or any other recognized arbitration or mediation association shall appoint a mediator. The mediator shall notify the landlord and tenant, no more than ten days after his or her appointment, of the date, time, place and rules of the hearing. The mediator shall follow his or her customary rules and may render an opinion concerning the dispute, which shall not be binding on the parties. If after ninety days of negotiation and any mediation sessions, the landlord and tenant do not reach an agreement on a new lease, and the rent demanded by the landlord exceeds ten percent of the average rent charged during the final twelve months of the existing lease for the first year of the new lease or forty percent of the average rent charged during the final twelve months of the existing lease for the tenth year of the new lease or exceeds a yearly maximum increase of four percent of any year after the first year of the new lease, then the tenant is to notify the American Arbitration Association or any other recognized arbitration organization, within fourteen days of the expiration of the first ninety day period, that a hearing is requested.

(2) The landlord and tenant shall choose the arbitrator from a list of arbitrators approved by the American Arbitration Association or other recognized arbitration association. If they cannot agree on the selection of the arbitrator within ten days of the tenant's notice to such association that a hearing is requested, the tenant shall notify within five days such organization of the parties' failure to make a selection and such arbitration organization shall determine the arbitrator within five days of receipt of such notice from the tenant.

(3) The arbitrator shall notify both parties of the date, place, time and rules of the hearing within thirty days of receipt by the association of the request for a hearing. The hearing shall take place in the borough where the commercial premises are located unless otherwise agreed to by the landlord and tenant. The landlord and tenant shall furnish the arbitrator with all relevant documentation, and the arbitrator shall conduct a preliminary meeting prior to the hearing to review the data and familiarize himself or herself with the case. The matters the arbitrator shall determine during the preliminary meeting shall include, but not be limited to, the need to inspect the space and the need to hire expert consultants to certify the accuracy of data. The arbitrator has the right to conduct an inspection of the space after notifying both parties at least three days in advance of the inspection and informing them of their right to be present during the inspection.

(4) The hearing before the arbitrator shall be tape recorded. The tape recording shall be transcribed upon the request of any party who posts in advance the estimated cost of the transcription. Either party may provide, at their expense, a reporter to transcribe the hearing. The official record of the hearing shall include all documents and offers of proof presented to the arbitrator, the written decision of the arbitrator and any transcript of the hearing. The landlord and tenant will each be given no more than one day to present testimony, witnesses, pictures, videos, documents, including charts, comparable rent data and any other relevant data. Each party shall be allowed to confront and cross-examine adverse witnesses. The arbitrator can choose to investigate any aspect of the case to help arrive at a decision.

(5) The arbitrator shall render a written determination as to the rent to be paid during a renewal period of ten years, together with the basis for the determination of the rent, and shall notify the parties of such determination no later than thirty days after the hearing has been concluded. Failure to notify parties within thirty days shall not affect the enforceability of such determination. Such determination shall be based on (i) the cost of maintenance and operation of the entire Property including land and building improvements, including all service debt such as mortgages, (ii) the amount paid directly by the owner of rates assessed against the building, (iii) the kind, quality and quantity of services furnished by the landlord, (iv) the condition of the space including capital improvements made by the tenant, (v) current interest rates on bank deposits and United States government bonds, (vi) the current fair market rates for the area in which the property is located, (vii) the lease history and any relevant sublease history, (viii) the longevity of the business, (ix) the location of the business, (x) the extent to which the business is bound to its particular location, (xi) the size of the space, (xii) the cost of leasing similar premises within a one mile radius of the property, (xiii) the past five year rental market history within a one mile radius of the property. (xiv) a reasonable return on capital invested in the purchase of the property and in any improvements made thereto, including interest paid or accrued, and (xv) all other relevant factors. The arbitrator shall consider that each small business and landlord relationship should be dealt with on a case by case basis. Where the commercial premises is located in a mixed use building with less than twenty-five residential units, the arbitrator shall give special consideration to the criteria listed in clauses (i) and (ii) of this subdivision. Within thirty days of the hearing, the arbitrator shall send the decision as to the rent price to the parties involved by certified mail.

(6) The arbitrator's decision as to the rent price shall be final and binding on both parties except as provided herein, and they shall enter into a lease incorporating such rent price which lease does not diminish any services provided by the landlord pursuant

to the existing lease. Such renewal lease shall be entered into by the termination date of the current lease and shall commence at the time of expiration of the existing lease. If, however, the tenant elects not to pay the rent set by the arbitrator, then the landlord and tenant shall not enter into a new lease agreement or renew the existing lease.

(7) The tenant will be allowed to remain in possession at a rent no greater than one hundred twenty-five percent of the average rent charged during the final twelve months of the last rental agreement between the landlord and tenant from the termination date of the existing lease until such date on which the tenant shall remove his or her property from the premises as provided herein. In the event the landlord receives a written bona fide offer from a prospective tenant to rent the premises, the landlord must first offer the current tenant the option of entering into a lease at the rent price and terms offered by the prospective tenant to the landlord. The landlord is to notify the tenant of such offer within three days of receipt of such written bona fide offer. If the tenant declines that rental amount or fails to accept the offer within fourteen days of receipt of the landlord's notification to the tenant of such offer, then the tenant has thirty days, from the date such notice is received, to remove property from the commercial premises provided that the lease has expired. If the tenant declines the option of first refusal, the landlord and tenant may at any time enter into a lease for a term of less than or more than ten years and for an amount different from that set by the arbitrator. The cost of arbitration shall be borne equally by landlord and tenant.

*§ 26-805 **Security deposits.** Security deposits shall not exceed an amount equal to two months rent. All security deposits shall be placed in escrow in an interest-bearing account at a federally insured bank located in New York state. The tenant shall be notified in writing of the location of such escrow account. Interest shall be paid to the tenant annually. The amount of interest paid to the tenant shall equal the interest paid by the federally insured bank less one percent for the landlord's administrative costs.*

*§ 26-806 **Passalongs.** No lease or lease renewal for a commercial premises shall contain a provision for rent increases above the base rent determined by arbitration or agreed upon, with the exception of increased costs resulting from increased real property taxes. Any rent increases to pass along the cost of increased real property taxes shall be apportioned among the commercial tenants strictly according to the percentage of square feet in the building occupied by each tenant.*

*§ 26-807 **Retaliation.** No landlord shall in any way retaliate against any tenant for the tenant's assertion or exercise of any right under this chapter. Such retaliation may subject the landlord to a suit for actual and punitive damages, injunctive relief, and attorney's fees. Proof of retaliation by the landlord occurring prior to or during the arbitration proceeding shall be considered by the arbitrator in making a determination as to the rent to be paid.*

*§ 26-808 **Waiver.** No provision in any lease, rental agreement, or agreement made in connection therewith which waives or diminishes any right of tenant under this chapter is valid.*

*§ 26-809 **Evaluation.** At the end of each year, any arbitration organization whose members are selected to make any determination pursuant to this chapter shall report to the council on the effectiveness of this chapter in carrying out the purposes set forth in the legislative findings. The report should include recommendations for any needed adjustment to the percentage in the legislation that triggers mediation or arbitration. The recommendations should take into account the existing rental market which includes among other factors the inflation and interest rates. This report shall also identify any other positive or negative effects of the law.*

*§ 26-810 **Violations.** The tenant is to immediately notify the landlord of any violations of any law, regulation, rule, code or other regulatory standard. The landlord is to immediately notify all tenants of any and all such violations against the building.*

*§ 26-811 **Penalties.** a. A landlord or tenant may seek injunctive relief mandating arbitration and/or appropriate damages against any landlord or tenant who fails to submit voluntarily to arbitration or otherwise fails to act in good faith.*

b. Any and all legal expenses incurred by one party as a result of its attempt to compel the other party to comply with the provisions of this chapter may be awarded by the arbitrator or a court of competent jurisdiction, to the appropriate party.

*§ 26-812. **Inconsistency with other laws.** In the event of any inconsistency with any other laws of the city of New York, this law shall take precedence.*

§ 3. This local law shall take effect immediately.

Res. No. 97

Resolution expressing concern regarding the inequitable allocation of Federal monies to community-based organizations under Title I of the Ryan White Care Act by the New York City, Department of Health and the Medical and Health Research Association of New York City, Inc.

By Council Members Malave-Dilan, Marshall and Wooten; also Council Members Cruz, O'Donovan and Robinson

Whereas, Title I of the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act (the "Ryan White Act"), the HIV emergency relief grant program for cities, provides funds to cities and metropolitan areas such as New York City, which have been disproportionately affected by the HIV epidemic; and

Whereas, In New York City the New York City Department of Health (the "DOH"); contracts with the Medical and Health Research Association of New York City, Inc (the "MHRA") to administer subcontracts awarded to fulfill the purposes of the Ryan White Act; and

Whereas, On February 28, 1997 MHRA issued a Request For Proposals ("RFP") which rebid virtually all Ryan White Care Act Title I funds that are not sole-sourced to City or State agencies; and

Whereas, A total of 566 proposals from 214 organizations were received which responded to the above-mentioned RFP; and

Whereas, On November 14, 1997, a total of 172 proposals from 103 agencies were notified that MHRA had been authorized by the New York City Department of Health to enter into contract negotiations with them based on projections of available funding; and

Whereas, According to criteria developed by the New York City HIV Health and Human Services Planning Council (the "Planning Council") service priorities should be allocated: to serve geographic areas within New York City that have a high need for HIV/AIDS services and to community based organizations ("CBOs") that are locally based; and

Whereas, A number of locally based CBO's, many of which are located outside the borough of Manhattan, did not receive funding under the latest Ryan White RFP after having received this funding under past RFPs; and

Whereas, As a class these defunded agencies continue to provide excellent comprehensive locally based services to their communities; and

Whereas, The failure to fund the above mentioned CBOs raises questions as to DOH's and MHRA's commitment to abide by their own criteria in the Ryan White RFP process; and

Whereas, The current DOH/MHRA Ryan White process raises other questions such as, what was the procedure used to defund CBOs, how were members of the RFP evaluation team selected and how will the decision to defund CBO's impact on community members living with HIV; now, therefore, be it

Resolved, That the Council of the City of New York expresses its concern regarding the inequitable allocation of Federal monies to community-based organizations under Title I of the Ryan White Care Act by the New York City Department of Health and the Medical and Health Research Association of New York City, Inc.

Res. No. 98

Resolution calling upon the appropriate committee of the Council to hold a bearing regarding inequitable funding practices of the New York City Board of Education which are based upon average teacher salary levels.

By Council Members Malave-Dilan, Clarke, Robles, Linares, Warden, Espada, Duane and Warden; also Council Members Cruz, Leffler, O'Donovan and Robinson

Whereas, The allocation system currently used by the New York City Board of Education (the "Board") to distribute tax levy funds to community school districts provides a significantly greater share of the tax dollar to affluent non-minority districts than it does to less affluent minority districts with far greater educational needs; and

Whereas, The variation of average teacher salaries among the various community school districts and the application of a service cost allocation method based on average teacher salaries are the primary causes of such inequitable distribution of funds; and

Whereas, These two factors have resulted in the overfunding of community school districts with the highest average teacher salaries, and the underfunding of community school districts with the lowest average teacher salaries; and

Whereas, An average Teacher Salary Equalization Fund could be established by the Board to equalize the difference in community school district funding levels; and

Whereas, The Board, with input from individual schools and community school districts, should devise a plan involving the assignment and reassignment of teacher personnel, designed to equalize average teacher salaries among individual schools and as well as among community school districts; now, therefore, be it

Resolved, That the appropriate committee of the Council hold a hearing regarding inequitable funding practices of the Board of Education which are based upon average teacher salary levels.

State Legislation Resolution requesting the New York State Legislature to pass a bill, introduced by Committee on Rules, A.7696, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Ernest Brown, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3412, Lot Nos. 2 and 3 on tax map for the borough of Brooklyn"

By Council Members Malave-Dilan and Abel

Whereas, A bill has been introduced in the New York State Legislature by Committee on Rules, AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Ernest Brown, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3412, Lot Nos. 2 and 3 on tax map for the borough of Brooklyn; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of The City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of The City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

Int. No. 190

By Council Members McCaffrey, Eisland, Koslowitz, Fusco, Golden and Ognibene; also Council Members Clarke, Lasher, O'Donovan, Rodriguez and Sabini

A LOCAL LAW to amend the administrative code of the city of New York, in relation to prohibiting business improvement districts from levying charges on residential properties.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings. It is hereby found and declared that business improvement districts represent a valuable mechanism for restoring and promoting business activity within specifically-defined geographic boundaries. It is further found and declared that business improvement districts are primarily a tool to be used by businesses and commercial enterprises to stimulate and improve the business environment within a district.

It is further found and declared that, although business improvement districts are designed and implemented essentially to benefit local merchants and other business enterprises, certain districts within the city of New York have imposed assessments on residential properties that have resulted in a disproportionate financial burden as compared to the benefits received by such properties in return. Therefore, it is the intent of the City Council to prohibit business improvement districts in New York City from assessing a levy on residential properties within the boundaries of such districts.

§ 2. Chapter four of title twenty-five of the administrative code of the City of New York is hereby amended by adding a new section 25-418 to read as follows:

*§ 25-418. **Prohibition of district charges on residential properties.** Notwithstanding any provisions of chapters four and five of this title to the contrary, no district charge shall be levied by districts on any residential property within their boundaries, except that districts shall be authorized to levy a district charge on mixed use property, provided that such charge is based solely on that portion of such property used for commercial purposes.*

§ 3. This local law shall take effect immediately.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the posting of handbills, posters, notices, signs and advertisements.

Be it enacted by the Council as follows:

Section 1. Section 10-119 of chapter 1 of title 10 of the administrative code of the city of New York, as amended by local law 111 of 1993, is amended to read as follows:

§ 10-119 Posting. a. It shall be unlawful for any person to paste, post, paint, print or nail any handbill, poster, notice, sign or advertisement upon any curb, gutter, flagstone, tree, lamppost, awning post, telegraph pole, telephone pole, public utility pole, public garbage bin, bus shelter, bridge abutment, elevated train structure, highway fence, barrel, box, parking meter, mail box, traffic signal stanchion, tree box, bench, traffic barrier, hydrant, public pay telephone, any personal property maintained on a city street or other city-owned property, pursuant to a franchise concession or revocable consent granted by

the city, or other such item or structure in any street, or to direct, suffer or permit any servant, agent, employee or other person under his or her control to engage in such activity; provided, however, that this section shall not apply to any handbill, poster, notice, sign or advertisement so posted by or under the direction [of the council, or by or under the direction] *and issued under proper guidelines* of any city agency, or pursuant to a franchise, concession or revocable consent granted pursuant to chapter fourteen of the charter *except that the provisions of this subdivision shall not apply where a license has been granted pursuant to subdivision c of this section.*

b. There shall be a rebuttable presumption that the person whose name, telephone number, or other identifying information appears on any handbill, poster, notice, sign or advertisement on any item or structure described in subdivision a of this section in any street violated this section by either (i) pasting, posting, painting. printing or nailing such handbill, poster, notice, sign or advertisement, or (ii) directing, suffering or permitting a servant, agent, employee or other individual under such person's control to engage in such activity.

c. License for Political Postering. (1) The commissioner of sanitation is authorized to grant a license to a designated person to allow such person to place political handbills and posters within a specific election district during the two weeks immediately preceding primary, general and special elections for any public office. The commissioner of sanitation shall develop rules for such license application, including but not limited to the following: the licensee's name and permanent address; the political candidate's name and address; the boundaries of the district in which such candidate's handbills and posters shall appear; a statement of the licensee's liability for failing to remove political posters and notice that such political posters must be removed by the licensee within forty-eight hours after election day.

(2) The licensee authorized to post political posters or handbills shall assume all responsibility for the removal of said candidate's posters within the forty-eight hour time period after election day. Failure to remove said political handbills and poster within the specified time shall subject the licensee to all fines, pursuant to section 10-121.

(3) The commissioner of sanitation is empowered to set a fee, not to exceed seventy-five dollars per candidate, for a political license.

§ 2. This local law shall take effect thirty days after its enactment into law.

A LOCAL LAW to amend the Administrative Code of the city of New York, in relation to the distribution of unsolicited informational materials.

Be it enacted by the Council as follows:

Section 1. Title 16 of the Administrative Code of the city of New York is amended to add a Chapter 4 to read as follows:

Chapter 4 – Distribution of Informational Materials

§ 16-401. Definitions. Whenever used in this chapter:

(a) the terms "distributor" or "distributors" shall mean any person or servant, agent, employee or other individual under such person's control, who places or seeks to place informational materials in or upon a residential building, provided, however, that such term shall not include the delivery of any written matter to the owner or any occupant of a residential building by an employee of the United States postal service in the discharge of his or her official duties or any delivery by a licensed messenger or by an authorized employee of a courier service in the course of his or her employment.

(b) the term "informational material(s)," shall mean any handbill, notice, poster, leaflet, flyer, business card, menu, newspaper, magazine or sales catalog to which an individual has not previously given consent for its receipt, provided, however, that the term "informational material(s)" shall not include the any written matter delivered to the owner or any occupant of a residential building by an employee of the United States postal service in the discharge of his or her official duties or by a licensed messenger or by an authorized employee of a courier service in the course of his or her employment.

(c) the term "objection statement" shall mean a written statement by an the owner of a residential building setting forth an objection to the receipt of informational materials at such building that is submitted to the commissioner, in such form as the commissioner shall establish by rule, for the purpose of listing the address of such residential building in the computerized do-not-distribute database established pursuant to subdivision g of section 16-402 of this chapter.

(d) the term "person" shall mean any individual, firm, corporation, partnership, trust or association;

(e) the term "residential building" shall mean a private dwelling or a class A multiple dwelling within the city of New York as such terms are defined in section 27-2004 of this code and any privately owned property appurtenant thereto.

(f) "written authorization" shall mean a written request or consent, in such form as the commissioner shall establish by rule, from: (i) the lawful occupants representing a majority of all the dwelling units within a class A multiple dwelling; or (ii) the board of directors of a residential building that is a cooperative or the board of managers of a residential building that is a condominium.

§ 16-402. Distribution of informational materials. (a) At any time after September first, nineteen hundred ninety-eight, every distributor shall register with the department. Such registration shall valid for a period of two years. The commissioner shall promulgate rules governing registration requirements, the payment of a registration fee and the form on which distributors shall register.

(b) It shall be unlawful for any distributor who has not registered with the department in accordance with subdivision a of this section to distribute informational materials in or upon a residential building.

(c) It shall be unlawful for any distributor to place informational materials in or upon any residential building which is listed in the computerized do-not-distribute database established pursuant to subdivision g of this section.

(d) At any time, on or after September first, nineteen hundred ninety-eight any owner of a private dwelling may submit an objection statement to the commissioner. Such statement shall be valid for a period of two years or until removed by the owner or successor-in-title pursuant to subdivision (f) of this section.

(e)(1) At any time on or after September first, nineteen hundred ninety-eight, the lawful occupants of a class A multiple dwelling may present to the owner of such multiple dwelling a written authorization to submit an objection statement to the commissioner. If such written authorization is provided, the owner shall promptly submit such objection statement to the commissioner.

(2) At any time on or after September first, nineteen hundred ninety-eight, the owner of a class A multiple dwelling who objects to the receipt of informational materials at such multiple dwelling may solicit a written authorization from the occupants of that multiple dwelling to submit an objection statement to the commissioner. If such written authorization is obtained, such owner may submit such an objection statement to the commissioner.

(f) The commissioner shall accept a written statement from any owner of a residential building which is listed in the computerized do-not-distribute database established pursuant to subdivision g of this section to remove such residential building from such database, provided, however, that an owner of a class A multiple dwelling shall be authorized to submit such written statement only upon the written authorization of the lawful occupants of such multiple dwelling.

(g) Computerized Do-Not-Distribute Database. (1) No later than October first, nineteen hundred ninety-eight, the department shall establish and thereafter operate and maintain a computerized do-not-distribute database which shall contain a list organized by borough of the addresses of the residential buildings for which an objection statement has been submitted to the commissioner. The commissioner shall accept any objection statement for a residential building submitted in accordance with subdivisions d or e of this section and shall promptly thereafter list such residential building in the computerized do-not-distribute database. The commissioner shall also accept any written statement submitted in accordance with subdivision f of this section to remove the listing of a residential building from the computerized do-not-distribute database and shall promptly thereafter remove the residential building from such database.

(2) The commissioner shall make a list of every residential building contained in the computerized do-not-distribute database available to any distributor registered in accordance with subdivision a of this section at a fee established by the commissioner by rule. The commissioner shall not: (i) charge any owner of a residential building a fee for entering and maintaining such owner's address in such database; or (ii) utilize such database for any purpose other than compliance with the requirements of this section.

(h) Every distributor shall place its name, address and telephone number on the informational material or on any bag or other receptacle in which such informational material is contained.

(i) It shall be a violation of this section for any distributor:

(1) to fail to register pursuant to subdivision a of this section;

(2) who is not registered pursuant to subdivision a of this section to place informational material in or upon a residential building;

(3) to place informational material in or upon a residential building listed in the computerized do-not-distribute database established pursuant to subdivision g of this section.

(4) to fail to place the distributor's name, address and telephone number on the informational material itself, its bag or its container in accordance with subdivision h of this section.

(j) It shall be a violation for any owner of a class A multiple dwelling who receives written authorization to fail to:

(1) promptly submit that an objection statement to the commissioner in accordance with paragraph 1 of subdivision e of this section; or

(2) submit a statement to remove such multiple dwelling in accordance with subdivision f of this section.

(k) Civil penalties. (1) Any distributor who violates subdivisions a or b of this section shall be liable for a civil penalty of not less than five thousand dollars nor more than seventy-five hundred dollars for the first violation, not less than seventy-five hundred dollars nor more than ten thousand dollars for the second violation and not less than ten thousand dollars nor more than fifteen thousand dollars for the third and each subsequent violation.

(2)(i) Any distributor who violates subdivision c of this section shall be liable for a civil penalty of not less than twenty-five hundred dollars nor more than five thousand dollars for the first violation, not less than five thousand dollars nor more than seventy-five hundred dollars for the second violation and not less than seventy-five hundred dollars nor more than ten thousand dollars for the third and each subsequent violation. For the purposes of this paragraph, each delivery of informational material by a distributor in violation of subdivision c of this section shall constitute a separate violation and be subject to a separate civil penalty.

(ii) It shall be an affirmative defense that such distributor examined the computerized do-not-distribute database within thirty days of the date on which a notice of violation was issued for a violation of subdivision c of this section and determined that the residential building in or upon which informational material was distributed was not listed in such database.

(3) There shall be a rebuttable presumption that any distributor whose name, telephone number or other identifying information appears on any informational material distributed in violation of subdivisions b or c of this section by either: (i) distributing such material on his or her own behalf; or (ii) directing, suffering or permitting a servant, agent, employee or other individual under such distributor's control to distribute such material.

(4) Any distributor who violates subdivision h of this section shall be liable for a civil penalty of not less than one hundred dollars and not more than two hundred fifty dollars for the first violation, not less than two hundred fifty nor more than nor more than five hundred dollars for the second violation and not less than one thousand dollars for the third and each subsequent violation. For the purposes of this paragraph, each delivery of informational material by a distributor in violation of subdivision h of this section shall constitute a separate violation and be subject to a separate civil penalty.

(5) Any owner of a class A multiple dwelling who fails to submit a written authorization to the commissioner in accordance with paragraph 1 of subdivision e of this section or a written statement in accordance with subdivision f of this section shall be liable for a civil penalty of not less than one hundred dollars nor more than two hundred fifty dollars for the first violation, not less than two hundred fifty nor more than five hundred dollars for the second violation and not less than one thousand dollars for the third and each subsequent violation.

(l) Public Education. (1) Prior to August first, nineteen hundred ninety-eight, the department shall prepare and implement an education program designed to inform the general public, local public officials and distributors of the requirements of this section and the rules promulgated thereto.

(ii) Such a program shall, at a minimum, include information about the registration requirements applicable to distributors, the opportunity for the owners of private dwellings to have their building listed in the computerized do-not-distribute database and to remove that listing from the database and the obligation of owners of class A multiple dwellings who are presented with written authorization to have their building listed in the database and to have such listing removed from the database.

a. Parking and traffic operations. The commissioner shall:

(1) make such rules [and regulations] for the conduct of vehicular and pedestrian traffic in the streets, squares, avenues, highways and parkways of the city as may be necessary. *The commissioner shall post signs or other notices indicating any change in the parking rules for a specified area the bottom of which shall be at a height of between five and six feet above the near edge of the pavement and which shall be clearly visible to persons in vehicles and pedestrians. It is further provided that no summonses shall be issued for any violation of the new parking rule for seventy-two hours after such sign or notice has been posted.* The violation of such rules [and regulations] shall be a traffic infraction triable by a judge of the criminal court of the city of New York and, except as otherwise provided by law, punishable by not more than fifteen days' imprisonment, or by a fine of not more than fifty dollars, or both, and may also be adjudicated pursuant to title nineteen of the administrative code or pursuant to articles 2-A and 2-B of the vehicle and traffic law. The police commissioner may, in an emergency, suspend for a period of forty-eight hours the provisions of any such rule [or regulation] and shall immediately notify the commissioner of such suspension. In order to expedite the movement of traffic or to safeguard pedestrians or property, a police officer or authorized employee of the transportation department may order a person to disregard any traffic signal or any such rule [or regulation];

§ 2. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Transportation.

Int. No. 203

By Council Members Michels, Freed, Henry, Marshall, Cruz, Duane, Koslowitz and Linares; also Council Member Provenzano

A LOCAL LAW to amend the administrative code of the city of New York, in relation to clarifying the rights of pet owners in multiple dwellings and granting senior citizens residing in such buildings the right to keep pets in their apartments.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 27-2009.1 of the administrative code of the city of New York is amended to read as follows:

b. Where a tenant in a multiple dwelling openly and notoriously for a period of three months or more following taking possession of a unit, harbors or has harbored a household pet or pets, the harboring of which is not prohibited by the multiple dwelling law, the housing maintenance or health codes of the city of New York or any other applicable law, and the owner or his agent has knowledge of this fact, and such owner fails within this three month period to commence a summary proceeding or action to enforce a lease provision prohibiting the keeping of such household pets, such lease provision shall be deemed waived *for the duration of the tenant's occupancy in the multiple dwelling.*

§ 2. Subdivision c of section 27-2009.1 of such code is relettered as subdivision d, and a new subdivision c is added to read as follows:

c. No person, sixty-two years of age or older, shall be denied occupancy in, or be subject to eviction from, a multiple dwelling on the sole ground that such person harbors or will harbor a household pet or pets, the harboring of which is not prohibited by the multiple dwelling law, the housing maintenance or the health codes of the city of New York or any other applicable law.

§ 3. Subdivisions d and e of section 27-2009.1 of such code are relettered as subdivisions e and f, respectively, and the new subdivision e is amended to read as follows:

[d.] *e.* The waiver provision *and subdivision c* of this section shall not apply where the harboring of a household pet causes damage to the subject premise, creates a nuisance or interferes substantially with the health, safety or welfare of the other tenants or occupants of the same or adjacent building or structure.

§ 4. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 204

By Council Members Michels, Linares, Warden and Stabile

A LOCAL LAW to amend the administrative code of the city of New York, in relation to liability for the repair and maintenance of sidewalks.

Be it enacted by the Council as follows:

Section one. Section 19-152 of the administrative code of the city of New York is amended by adding a new subdivision h-l to read as follows:

h-l. The owner of real property which fronts upon or abuts any street, as defined in subdivision 13 of section 1-112 of this code, or any other person, corporation, partnership or other entity having control of such property, shall maintain and repair the sidewalk adjoining such property and shall be solely liable for any injury or damage by reason of any omission, failure, or negligence in maintaining or repairing such sidewalk.

§ 2. Section 16-123 of the administrative code of the city of New York is amended by adding a new subdivision d-l to read as follows:

d-1. Any person subject to the provisions of subdivisions a and b of this section shall be solely liable for any injury or damage by reason of any omission, failure or negligence in complying with such subdivisions.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Transportation.

§ 27-2056.15 Waiver of Benefit Void.

§ 27-2056.16 Compliance by the Department.

§ 27-2056.1 Statement of findings and purposes. The council finds that lead poisoning from paint containing lead is a preventable childhood disease and that the response to the public health crisis caused by lead poisoning of children has remained inadequate despite the enactment of local law number 1 for the year 1982, which was intended to eliminate hazardous housing conditions before a child becomes lead poisoned. The council further finds that the hazard in multiple dwellings that may occur from paint containing lead is subject to many factors, such as the age of a building and its maintenance. The council therefore recognizes that it cannot legislate a single maintenance standard for all multiple dwellings to eliminate this hazard. Instead, the council by enacting this article makes it the duty of every owner of a multiple dwelling to investigate dwelling units for lead-based paint hazards and to address such hazards on a case-by-case basis as the conditions may warrant, taking such actions that are necessary to prevent a child from becoming lead poisoned. Having established this duty, the council finds that sufficient information exists to guide owners in making determinations about the existence of lead-based paint hazards. See, e.g., United States environmental protection agency, "Guidance on Identification of Lead-Based Paint Hazards," Federal Register, Vol. 60, No. 175 (September 11, 1995); United States department of housing and urban development, "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995).

The council further finds that in any dwelling unit where a child under the age of six resides, or in the common areas of such dwelling, the existence of lead-based paint constitutes an immediately hazardous condition when it is peeling or located on a deteriorated subsurface. The council further finds that any deficiency in the maintenance of a dwelling or dwelling unit that, if uncorrected, may cause paint to peel or a painted subsurface to deteriorate is also an immediately hazardous condition.

In order that the department of housing preservation and development may secure the appropriate correction of these immediately hazardous conditions, this article makes the conditions stated herein, or established by rules pursuant to this article, a class C immediately hazardous violation under the code. The council declares that it is reasonable and necessary for the department to diligently perform its duties so that the hazardous conditions identified in this article shall be eradicated from all applicable housing to the maximum extent possible.

According to the federal centers for disease control and prevention, a child whose blood-lead level is equal to or exceeds 20 micrograms per deciliter is seriously lead poisoned, requiring immediate hospitalization or clinical evaluation and treatment. In fiscal year 1996, the New York city department of health identified 1,621 children whose blood-lead level was equal to or exceeded 20 micrograms per deciliter and the department projected it would identify 2,370 more cases in fiscal year 1997. In every case of a lead poisoned child at this blood-lead level, the city is required under its health code to conduct an environmental investigation for the source of a child's lead poisoning. The city must incur the expense of this investigation as well as other costs, including a child's medical treatment and remedial education. In addition, the New York state department of health has reported a blood-lead testing rate for children residing in the city of New York of only 63%, even though the testing of all children under the age of six is mandatory under state law. The council finds this high incidence of lead poisoning and low rate of blood-lead testing to constitute a public health crisis.

The council declares that it is reasonable and necessary to increase the rate of blood-lead testing in fiscal years 2000 and 2002 to 75% and 90%, respectively, and to reduce the number of children who become lead poisoned to less than 1,000 and 750, respectively. In the event that any of these goals are not achieved, this local law requires the department of health to make recommendations to the council to amend the law as necessary to achieve such goal.

The council further finds that the administration and enforcement of local law number 1 for the year 1982 is unnecessarily divided among several agencies of the city, causing confusion and inefficiency. While it is intended that the department of housing preservation and development remain the agency responsible for the implementation and enforcement of this article, it is also intended that the department of health shall have the primary responsibility for promulgating and interpreting rules, regulations, and procedures as well as monitoring pursuant to this article.

§ 27-2056.2 Definitions. Whenever used in this article:

(1) "Deteriorated subsurface" shall mean an unstable or unsound subsurface, including but not limited to, rotted or decayed wood, or wood or plaster that has been subject to moisture or disturbance.

(2) "Lead-based paint hazard" shall mean any condition in a multiple dwelling that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, or lead-based paint that is peeling or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects.

(3) "Lead-based paint" shall mean paint or other similar surface coating material containing 1.0 milligram of lead per square centimeter (mg/cm^2) or greater, as determined by laboratory analysis, or by an x-ray fluorescence (XRF) analyzer. If an XRF analyzer is used, readings shall be corrected for substrate bias when necessary as specified by the performance characteristic sheets (PCS) published by the United States environ-

mental protection agency (EPA) for the specific XRF instrument used. XRF readings shall be classified as positive, negative or inconclusive in accordance with the United States department of housing and urban development (HUD) "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995) and the PCS published by the EPA and HUD for the specific XRF instrument used. XRF readings that fall within the inconclusive zone, as determined by the PCS, shall be confirmed by laboratory analysis of paint chips, results shall be reported in mg/cm² and the measure of such laboratory analysis shall be definitive. If laboratory analysis is used to determine lead content, results shall be reported in mg/cm². Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, laboratory analysis may be reported in percent by weight. In such case, lead-based paint shall mean any paint or other similar surface-coating material containing more than 0.5% of metallic lead, based on the non-volatile content of the paint or other similar surface-coating material.

(4) "Peeling" shall mean that the paint or other surface-coating material is curling, cracking, scaling, flaking, blistering, chipping, chalking or loose in any manner, such that a space or pocket of air is behind a portion thereof or such that the paint is not completely adhered to the underlying surface, or that such paint or other surface-coating material is on an unstable or unsound surface including, but not limited to, rotted or decayed wood or wood or plaster that has been subjected to moisture.

(5) "Rule" or "rules" shall mean a rule or rules promulgated pursuant to section 1043 of the New York city charter.

(6) "Underlying defect" shall mean any condition in a dwelling or dwelling unit, the existence of which constitutes a violation of the housing maintenance code, the building code, the multiple dwelling law, the health code, or any other applicable law, rule or regulation, that if uncorrected may cause paint to peel or deteriorate, or a painted subsurface to deteriorate or fail. When correcting an underlying defect, the repair shall eliminate the source of such condition.

(7) "Window" shall mean the non-glass parts of a window, including but not limited to any window sash, window well, window jamb, window sill, or window molding.

§ 27-2056.3 Owners' Duty to Correct. The existence of a lead-based paint hazard in any multiple dwelling where a child under six years of age resides is hereby declared to constitute a condition dangerous to life and health. An owner shall take action to prevent the occurrence of such a condition and shall expeditiously correct such a condition when it exists. If the lead-based paint hazard is caused in whole or in part by an underlying defect, an owner shall correct the underlying defect to prevent a further lead-based paint hazard.

§ 27-2056.4. Owners' Duty to Notify Tenants and to Investigate.

a. In any multiple dwelling unit where a child under six years of age resides, and in common areas, as defined in section 27-2056.7 of this article, the owner shall cause an investigation to be made for lead-based paint hazards at least once a year and more often if necessary, such as when an owner knows or should have known of a condition that may cause a lead-based paint hazard, a tenant makes a complaint of a lead-based paint hazard or requests an inspection, or the department issues a notice of violation or orders the correction of a violation. It shall be the duty of each owner to ascertain whether such a child resides therein.

b. No tenant in a dwelling unit shall refuse or unreasonably fail to provide accurate and truthful information regarding the residency of a child under six years of age therein, nor shall refuse access to the owner at a reasonable time to any part of the premises for the purpose of investigation and repair of lead-based paint hazards.

c. All leases offered to tenants in multiple dwellings must contain a notice, conspicuously set forth therein, which advises tenants of the obligation of the owner as set forth in subdivision a of this section and of the obligation of the tenant as set forth in subdivision b of this section. The owner shall provide the tenant with the pamphlet described in subdivision e of section 27-2056.9 of this article.

d. Each year, an owner shall deliver to each residential unit a notice inquiring as to whether a child under six years of age resides therein. If, subsequent to delivery of such notice, the owner does not have a written response from the tenant, and does not otherwise have actual knowledge as to whether a child under six years of age resides therein, then the owner at reasonable times shall inspect the dwelling unit to ascertain the residency of a child under six years of age and, when necessary, conduct an investigation pursuant to subdivision a of this section.

e. The owner shall inform the tenant in writing of the results of an investigation pursuant to this section and shall provide a copy of any such report received or generated by an investigation. The owner shall retain a copy of each investigation report, and such report shall be made available to the department on request and to the owner's successor in title.

f. Any owner who violates the provisions of this section, or the rules promulgated hereunder, shall be guilty of a misdemeanor punishable by a fine of up to five hundred dollars or imprisonment for up to six months or both. In addition, any violation of this section shall constitute a civil violation subject to a penalty of not more than one thousand five hundred dollars per violation.

§ 27-2056.5 Presumption. In any multiple dwelling erected prior to January 1, 1960, it shall be presumed that the paint or other similar surface-coating material in the interior of the dwelling or dwelling unit is lead-based paint. The presumption established in this section may be rebutted by the owner of the multiple dwelling. An owner may rebut such presumption by submitting to the department a sworn written statement, supported by lead-based paint testing or sampling results, a sworn written statement by the person who performed the testing if performed by an employee or agent of the owner, and such other proof that the department may require.

§ 27-2056.6 Violation in a Dwelling Unit. The existence of lead-based paint in any dwelling unit where a child under six years of age resides shall constitute a class C immediately hazardous violation if such paint is peeling or is on a deteriorated subsurface.

§ 27-2056.7 Violation in Common Areas of a Multiple Dwelling. The existence of lead-based paint in any portion of a multiple dwelling that is generally accessible to all occupants, including, but not limited to, a public hall, stair, lobby or window, shall constitute a class C immediately hazardous violation if such paint is peeling or is on a deteriorated subsurface.

§ 27-2056.8 Violation in a Dwelling Unit Upon Vacancy or by Rule of the Department. a. When any dwelling unit becomes vacant, or on such earlier date as may be established by rule pursuant to subdivision b of this section in a dwelling unit in which a child under six years of age resides, the owner of a multiple dwelling erected prior to January 1, 1960 shall have the duty to:

(1) eliminate all peeling paint and repair all deteriorated subsurfaces and underlying defects using work practices that will minimize and contain the generation of lead-contaminated dust;

(2) provide for the permanent removal or covering of all lead-based paint on all friction surfaces of windows and on the friction surfaces of doors and door frames;

(3) provide smooth and cleanable horizontal surfaces, including floors, window sills and window wells, so that dust can be removed by normal cleaning without special equipment;

(4) repaint all areas where work was performed pursuant to this section;

(5) prior to reoccupancy, perform specialized cleaning to remove lead-contaminated dust in all affected areas in accordance with procedures issued by the department of health; and

(6) any additional actions that the department of health by rule shall establish.

b. The commissioner of the department of health in conjunction with the department shall establish a schedule for compliance with this section prior to vacancy in dwelling units in which a child under six years of age resides. In establishing such schedule, the commissioner shall consider the age of a multiple dwelling and other factors relevant to the prevalence of lead-based paint hazards, including but not limited to outstanding violations, emergency repair charges, tax arrears and mortgage debt. Such schedule shall also require compliance in all such dwelling units by July 1, 2005.

c. Any person who fails to comply with the provisions of subdivision a or b of this section in accordance with the rules of the department of health or the department shall be liable for a class C immediately hazardous violation.

§ 27-2056.9 Department Inspections. a. When entering a dwelling unit in a dwelling constructed prior to January 1, 1960, for the purpose of investigating the existence of any violation of this code, the department shall make diligent efforts to ascertain whether a child under the age of six resides therein. Whenever a child under the age of six resides in a dwelling unit, the department shall immediately inspect all painted surfaces in the dwelling unit and record in a report of such inspection whether the paint or other similar surface-coating material on each surface inspected is peeling or intact, and shall inspect the entire dwelling unit for evidence of any underlying defect and record in a report the existence or absence of such condition. In determining whether lead-based paint is present in a dwelling unit, the department may use the presumption set forth in section 27-2056.5 of this article. At the time of the inspection, the department shall provide the occupants of the dwelling unit with the pamphlet described in subdivision e of this section.

b. Notwithstanding the above, when the intended purpose of the inspection is to investigate a complaint concerning a condition under article eight of subchapter two of this chapter, the department also shall conduct an inspection pursuant to subdivision a of this section either during the course of such inspection or no later than five business days thereafter when the department observes peeling paint in the dwelling unit.

c. In any dwelling unit in a multiple dwelling where a child under six years of age resides, the department shall conduct an inspection pursuant to subdivision a of this section no later than five business days after the department's receipt of a complaint describing peeling paint, a deteriorated subsurface or an underlying defect in the dwelling unit. The department shall make diligent efforts to ascertain whether a child under the age of six resides therein. When a complaint is made about lead-based paint, the department shall inquire as to the condition of the paint throughout the dwelling unit to determine whether an inspection pursuant to this subdivision is required. Where, upon conducting an inspection, the department determines the existence of a condition constituting a violation of this article, the department shall serve a notice of violation within five additional business days.

d. The department shall establish an inspection program to identify dwellings where children are at risk of lead poisoning from peeling paint or underlying defects in order that inspections may be conducted without the receipt of a complaint, and the department of health in conjunction with the department shall develop interim and permanent strategies to prevent exposure to lead paint and lead-contaminated dust in these dwellings. A sufficient number of the department's code enforcement personnel shall be dedicated to this inspection program.

e. The department of health shall develop a pamphlet explaining the hazards associated with lead-based paint and describing the procedures to be used when a violation of this article shall be corrected. The pamphlet shall include appropriate telephone numbers to obtain lead poisoning screening, diagnosis and treatment information and to report unsafe lead-based paint work practices, and shall in prominent type advise the occupants of the dwelling unit that they are not required to consent to a rent increase for work relating to the correction of a violation of this article.

§ 27-2056.10 Department Implementation and Enforcement.

a. The department of health in conjunction with the department shall provide appropriate training for lead-based paint inspection and supervisory personnel and insure that they are well trained. After December 31, 1998, no department personnel shall conduct an inspection pursuant to this article unless that individual has received such training. At a minimum, such training shall (1) be equivalent to the training required under regulations issued by the United States Environmental Protection Agency for the certification of inspectors and supervisors, (2) include background information pertaining to applicable state and local lead-based paint laws and guidance on identifying violations in a multiple dwelling, and (3) require that the individual has successfully demonstrated knowledge of the requirements of a certified inspector or certified supervisor, as the case may be, the requirements of this article, and the requirements of section 173.14 of the health code. The department shall provide for the continuing education of inspection and supervisory personnel. In the event the department shall delegate authority or powers to implement or enforce provisions of this article, the individual to whom such authority or powers are delegated shall comply with the requirements of this section.

b. The department of health in conjunction with the department shall promulgate a comprehensive written procedure to guide department personnel in implementing and enforcing this article. Where feasible, such procedures shall establish a uniform method between the department of health and the department, following the method implemented by the department of health, to describe violations and identify their location in a dwelling or dwelling unit. Such procedures shall include a methodology and a form to be used by department personnel when conducting an inspection to carry out and record a surface-by-surface investigation as to whether a painted surface is peeling or intact and whether an underlying defect is present or absent. A copy of such written procedure shall be made available to any person upon request at no cost.

c. The department of health in conjunction with the department shall promulgate rules for the implementation and enforcement of this article and to effect compliance with all applicable provisions of this article, rules promulgated thereunder, and all applicable city, state or federal laws, rules or regulations. Such rules shall include but not be limited to establishing:

(1) uniform specifications and procedures to govern testing, including a standardized format for reporting such testing results, whenever paint or a similar surface-coating material is tested for its lead content, whether by or on behalf of an owner, an agency of the city of New York, or any other person;

(2) procedures by which an owner shall comply with section 27-2056.4 of this article, including the form and content of the annual notice;

(3) procedures by which an owner shall submit rebuttal documentation to the department pursuant to 27-2056.5 of this article; and

(4) procedures by which an owner may apply to the department to postpone the date by which a violation shall be corrected pursuant to subdivision l of section 27-2115 of this code.

§ 27-2056.11 Work Practices. a. When lead-based paint or paint of unknown lead content is disturbed during the course of a repair or renovation, the owner, or the department when the owner may fail to do so, shall protect the safety of all occupants in a dwelling or dwelling unit until work is properly completed and clean-up is properly performed.

b. The department of health shall promulgate rules governing work practices applicable whenever the department shall issue an order to correct or notice of violation pursuant to this article.

c. When the department shall issue an order to correct or notice of violation, the department of health shall conduct periodic worksite investigations of sufficient frequency and scope during the course of work and final clean-up to ensure that children and adults are not exposed to lead-based paint or lead-contaminated dust from the worksite and that the work and final clean-up are conducted in full compliance with all applicable rules.

§ 27-2056.12 Reporting. a. Within three months after the close of the first full fiscal year after which this article takes effect and for every fiscal year thereafter, the commissioner shall report to the council on the department's implementation of this article during the preceding period. Such report shall include, at a minimum, (1) a detailed statement of revenue and expenditures and (2) a statement of the department's program, supported by a statistical section designed to provide a detailed explanation of the department's enforcement, including but not limited to the following:

(a) a statistical profile of dwellings in which violations are placed, indicating the ages of the multiple dwellings and other factors relevant to the prevalence of lead-based paint hazards, which may include the prior lead poisoning of a child in the dwelling, outstanding violations, emergency repair charges, tax arrears and mortgage debt;

(b) the number of dwelling units inspected, the number of such units where a child under six years of age resided, and the number of department inspectors assigned to conduct such inspections;

(c) the number of dwelling units in which the occupant complained of peeling paint, a deteriorated subsurface or an underlying defect and the number of pre-1960 dwelling units in which the existence of such conditions were confirmed by the department;

(d) the number of dwelling units where a child under six years of age resides in which a violation was placed pursuant to this article, whether the violation was placed in response to an occupant's complaint or otherwise, and the number of dwelling units in which violations for underlying defects were placed in addition to violations for lead paint;

(e) the number of violations issued pursuant to this article that were corrected by the owner and the number that were corrected by the department;

(f) an evaluation of the department's capability to timely inspect, serve a notice of violation, and enforce the correction of violations; and

(g) an evaluation of the department's implementation of a program of inspection pursuant to subdivision d of section 27-2056.9 of this article.

b. The department of health shall make recommendations to amend this article if any of the following conditions occur:

(1) in fiscal year 2000, the rate of children in the city of New York who obtain blood-lead testing in compliance with applicable law is less than 75 percent;

(2) in fiscal year 2000, the number of children in the city of New York whose blood-lead level is equal to or exceeds 20 micrograms per deciliter is greater than 1,000;

(3) in fiscal year 2002, the rate of children in the city of New York who obtain blood-lead testing in compliance with applicable law is less than 90 percent; or

(4) in fiscal year 2002, the number of children in the city of New York whose blood-lead level is equal to or exceeds 20 micrograms per deciliter is greater than 750.

Such recommendations shall be submitted to the council within six months after the close of the fiscal year in which the condition occurs.

c. (1) The department shall maintain a central register of all department orders to correct a violation under this article. Such register shall indicate, if applicable, the date of the complaint, address of the premises, the date of each inspection and reinspection, all action taken by the department, and any additional information that the department of health, in conjunction with the department, deems necessary for the department of health to make recommendations to the council pursuant to subdivision b of this section.

(2) All supporting documents relating to the administration and enforcement by the department of an order to correct, including but not limited to notices, statements, inspection reports, lead paint and lead dust testing reports, letters, and certifications of correction, shall be maintained in an individual file by dwelling unit, cross-referenced to the register, and maintained at the same location as the register.

(3) Such register and cross-referenced file shall be open for inspection by the public and the information therein, to the maximum extent feasible, shall be made available in a computer readable format of general usage, a copy of which shall be available to any person without charge.

§ 27-2056.13 Transmittal of Violations to the Department of Health. The department shall transmit to the department of health each week a list of violations issued pursuant to this article, by dwelling unit, and including the name of the tenant, if known, for the purpose of referral by the department of health for follow-up screening, diagnosis, and treatment of the children and pregnant women who reside therein.

§ 27-2056.14 Request to the Department from the Department of Health to Execute an Order Pursuant to § 17-147 of the Administrative Code. Whenever the department of health shall request the department to execute an order pursuant to section 17-147 of the Administrative Code, the department shall execute such order within five calendar days.

§ 27-2056.15 Waiver of Benefit Void. Any agreement by the occupant of a dwelling unit purporting to waive the benefit or protection of any provision of this article is void. Any owner who violates this section, or the rules promulgated hereunder, shall be guilty of a misdemeanor punishable by a fine of up to five hundred dollars or imprisonment for up to six months or both. In addition, any owner who violates this section shall be liable for a civil penalty of not more than five hundred dollars per violation.

§ 27-2056.16 Compliance by Department. An action or proceeding may be brought against the department or the department of health to compel promulgation of the rules and procedures required under this article or to compel compliance by such departments

with this article and the rules and procedures promulgated pursuant thereto. Unless specifically stated herein to the contrary, the responsibilities and duties under this article are mandatory.

§ 3. Section 27-2115 of the administrative code of the city of New York is amended by adding a new subdivision l to read as follows:

(l)(1) Notwithstanding any other provision of law, when the department shall serve a notice of violation to correct a condition that constitutes a violation of article 14 of subchapter 2 of this chapter, the notice of violation shall specify the date by which the violation shall be corrected, which shall be twenty-one days after service of the notice of violation, and the procedure by which the owner, for good cause shown pursuant to this subdivision, may request a postponement. The notice of violation shall be served by personal delivery to a person in charge of the premises or to the person last registered with the city as the owner or agent, or, by registered or certified mail, return receipt requested, to the person in charge of the premises or to the person last registered with the department as the owner or agent; provided that where a managing agent has registered with the department, such notice of violation shall be served on the managing agent. Service of the notice of violation shall be deemed completed three days from the date of mailing. A copy of such notice of violation shall be sent simultaneously by regular mail to the occupant of the dwelling unit that is the subject of such notice of violation. The department may postpone the date by which a violation shall be corrected upon a showing, made within the time set for correction in the notice, that prompt action to correct the violation has been taken but that full correction cannot be completed within the time provided because of serious technical difficulties, inability to obtain necessary materials, funds or labor, inability to gain access to the dwelling unit wherein the violation exists or such other part of the building as may be necessary to make the required repair. Such postponement shall not exceed a total of sixty days from the date of service of the notice of violation. The department may condition such postponement upon the applicant's written agreement to correct all violations placed against the premises by the department or other appropriate governmental agency and to satisfy within an appropriate period of time, all sums owing to the department for repairs made to said premises. The department may require such other conditions as are deemed necessary to insure correction of the violations within the time set by the postponement. The department shall provide to the owner and the tenant a written statement signed and dated by the person making such decision setting forth the reasons for the postponement of the date by which a violation shall be corrected or the reason for the denial of such application for postponement. Said written statement shall be part of the record of the department.

(2) Notwithstanding any other provision of law, the notice of violation shall direct that the correction of each violation cited therein shall be certified to the department. Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent, supported by copies of surface lead dust clearance tests whenever such tests are required by applicable law, rule or regulation. Such certification shall be delivered to the department and acknowledgment of receipt therefor obtained or shall be mailed to the department by certified or registered mail, return receipt requested, no later than three days after the date set for correction, and shall include the date when each violation was corrected. Such certification of correction shall be supported by a sworn statement by the person who performed the work if performed by an employee or agent of the owner. A copy of such certification shall then be mailed not more than twelve calendar days from the date of receipt of notification to the tenant by the department.

(3) Whenever the department shall issue a notice of violation to correct a condition that constitutes a violation of article 14 of subchapter 2 of this chapter, the department shall within ten days after the date set for the correction of such violation conduct a final inspection to verify that the violation has been corrected. Where, upon conducting an inspection, the department determines that a violation has not been corrected, the department within fourteen additional days shall correct such violation.

(4) Notwithstanding any other provision of law, except when the department removes a violation from its records pursuant to section 27-2056.5 of this code, the department shall not remove a violation it has recorded nor shall it be deemed that such condition has been corrected unless the records of the department contain written verification that the department has conducted a final inspection of the premises and that such inspection verifies that the condition has been corrected, as well as copies of surface lead dust clearance tests whenever such tests are required by applicable law, rule or regulation. A copy of the report of the final inspection of a dwelling unit and the status of the violation shall be mailed to the occupants and the owner.

(5) Notwithstanding any other provision of law, a person wilfully making a false certification of correction with regard to a notice of violation issued pursuant to article 14 of subchapter 2 of this chapter, in addition to any other civil penalty, shall be subject to a civil penalty of not less than one thousand dollars nor more than three thousand dollars for each false certification wilfully made, recoverable by the department in a civil action brought in a court of competent jurisdiction, and shall, whenever appropriate, be punished under the provisions of article three of subchapter five of this chapter.

(6) Notwithstanding any other provision of law, a person who violates article 14 of subchapter 2 of this chapter shall be subject to a civil penalty of two hundred fifty dollars per day for each violation from the date set for correction in the notice of violation until the date the violation is corrected and certified to the department, and in addition to any civil penalty shall, whenever appropriate, be punished under the provisions of article three of subchapter five of this code. There shall be a presumption that the condition constituting a violation continues after the service of the notice of violation. The owner shall be responsible for the correction of all violations placed pursuant to article 14 of subchapter 2 of this chapter, but in an action for civil penalties pursuant to this subdivision may in defense or mitigation of such owner's liability for civil penalties show:

(i) That the condition which constitutes the violation did not exist at the time the violation was placed; or

(ii) That he or she began to correct the condition which constitutes the violation promptly upon discovering it but that full correction could not be completed expeditiously because of serious technical difficulties, inability to obtain necessary materials, funds or labor, or inability to gain access to the dwelling unit wherein the violation occurs, or such other portion of the building as might be necessary to make the repair, provided that a postponement was made pursuant to this subdivision; or

(iii) That he or she was unable to obtain a permit or license necessary to correct the violation, provided that diligent and prompt application was made therefor; or

(iv) That the violation giving rise to the action was caused by the act of negligence, neglect or abuse of another not in the employ or subject to the direction of the owner, except that the owner shall be precluded from showing in defense or mitigation of such owner's liability for civil penalties evidence of any acts occurring, undertaken, or performed by any predecessor in title prior to the owner taking control of the premises.

Where the aforesaid allegations are made by way of mitigation of penalties, the owner shall show, by competent proof, pertinent financial data and efforts made to obtain necessary materials, funds or labor or to gain access, or to obtain a permit or license and such other evidence as the court may require.

If the court finds that sufficient mitigating circumstances exist, it may remit all or part of any penalties arising from the violations, but may condition such remission upon a correction of the violation within a time period fixed by the court.

§ 4. Section 27-2126 of the administrative code of the city of New York is hereby REPEALED.

§ 5. Title 17 of the administrative code of the city of New York is amended by adding a new section 17-179 to read as follows:

§ 17-179 Department Screening, Diagnosis, and Treatment. The department shall conduct follow-up screening, diagnosis and treatment for the children and pregnant women who reside in any multiple dwelling or dwelling unit referred pursuant to article 14 of subchapter 2 of this chapter 2 of title 27 of the administrative code.

§ 6. Title 17 of the administrative code of the city of New York is amended by adding a new section 17-180 to read as follows:

§ 17-180 Training of Department Personnel. The department, in conjunction with the department of housing preservation and development, shall provide appropriate training for lead-based paint inspection and supervisory personnel and insure that they are well trained. After December 31, 1998, no department personnel shall conduct an inspection pursuant to this article unless that individual has received such training. At a minimum, such training shall (1) be equivalent to the training required under regulations issued by the United States environmental protection agency for the certification of inspectors and supervisors, (2) include background information pertaining to applicable state and local lead-based paint laws and guidance on identifying violations in a multiple dwelling, and (3) require that the individual has successfully demonstrated knowledge of the requirements of a certified inspector or certified supervisor, as the case may be, the requirements of article 14 of subchapter 2 of chapter 2 of title 27 of this code, and the requirements of section 173.13 and section 173.14 of the health code. The department shall provide for the continuing education of inspection and supervisory personnel. In the event the department shall delegate authority or powers to implement or enforce provisions of the code or the Health Code, the individual to whom such authority or powers are delegated shall comply with the requirements of this section.

§ 7. Title 17 of the administrative code of the city of New York is amended by adding a new section 17-181 to read as follows:

§ 17-181 Lead-based paint; dry scraping and dry sanding prohibited. The dry scraping or dry sanding of lead-based paint or paint of unknown lead content in any dwelling, day care center or school is hereby declared to constitute a public nuisance and a condition dangerous to life and health. For the purpose of this section, dry scraping and dry sanding shall mean the removal of paint or similar surface-coating material by scraping or sanding without using water misting to reduce dust levels or other method approved by the department. The department shall promulgate such additional rules as necessary for the enforcement of this section.

§ 8. Title 17 of the administrative code of the city of New York is amended by adding a new chapter 8 to read as follows:

Subchapter 1

Definitions

§ 17-800 Definitions. For the purpose of this chapter the following terms shall have the following meanings:

1. "Abate" or "abatement" shall mean to remove or permanently contain or encapsulate lead-based paint in compliance with all applicable provisions of this chapter, rules promulgated thereunder, and all applicable city, state, or federal laws, rules or regulations.

2. "Board of education" shall mean the board of education of the city of New York.

3. "Day care facility" shall mean any facility used to provide day care service or family day care service.

4. "Day care service" shall mean any service which, during all or part of the day, regularly gives care to seven or more children under the age of six, not all of common parentage,, which operates more than five hours per week for more than one month a year. Day care service shall not mean a kindergarten or higher grade in a facility operated by the board of education.

5. "Family day care service" shall mean the regular daytime care of at least three children under the age of six in the home of an unrelated provider for more than five hours per week. An unrelated provider means any person who is not the child's parent, stepparent, grandparent, brother, sister, uncle, aunt, first cousin, stepbrother, stepsister, niece, nephew or guardian appointed by a court who provides family day care with or without compensation.

6. "Lead-based paint" shall mean paint or other similar surface-coating material containing 1.0 milligram of lead per square centimeter (mg/cm²) or greater, as determined by laboratory analysis, or by an x-ray fluorescence (XRF) analyzer. If an XRF analyzer is used, readings shall be corrected for substrate bias when necessary as specified by the performance characteristic sheets (PCS) published by the United States environmental protection agency (EPA) for the specific XRF instrument used. XRF readings shall be classified as positive, negative or inconclusive in accordance with the United States department of housing and urban development (HUD) "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995) and the PCS published by the EPA and HUD for the specific XRF instrument used. XRF readings that fall within the inconclusive zone, as determined by the PCS, shall be confirmed by laboratory analysis of paint chips, results shall be reported in mg/cm² and the measure of such laboratory analysis shall be definitive. If laboratory analysis is used to determine lead content, results shall be reported in mg/cm². Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, laboratory analysis may be reported in percent by weight. In such case, lead-based paint shall mean any paint or other similar surface-coating material containing more than 0.5% of metallic lead, based on the non-volatile content of the paint or other similar surface-coating material.

7. "Lead-based paint hazard reduction plan" shall mean a plan that will:

(i) furnish information relevant for evaluating the scope, complexity and duration of a lead-based paint project;

(ii) minimize to the maximum extent feasible the current and future exposure of children and adults to lead-based paint and dust contaminated by lead-based paint emanating from the area of the lead-based paint project; and

(iii) effect compliance with all applicable provisions of this chapter, regulations promulgated thereunder, and all applicable city, state or federal laws, rules or regulations.

8. "Lead-based paint project" shall mean any form of work performed in connection with the erection, enlargement, repair, remodeling or repainting of a school facility that will disturb lead-based paint.

9. "Operator of such day care facility" shall mean any person who provides day care service or the owner of the premises where such day care facility is located. "Person" shall mean an individual, corporation, partnership, association or other for-profit or not-for-profit entity.

10. "Peeling" shall mean that the paint or other surface-coating material is curling, cracking, scaling, flaking, blistering, chipping, chalking, or loose in any manner, such that a space or pocket of air is behind a portion thereof or such that the paint is not completely adhered to the underlying surface, or that such paint or other surface-coating material is on an unstable or unsound subsurface including, but not limited to, rotted or decayed wood or wood or plaster that has been subject to moisture.

11. "School facility" shall mean any structure operated by or on behalf of the board of education for use as a classroom for the instruction of students or for the administration of educational or research programs, including any playground or playground equipment, gymnasium, cafeteria or other facility designed for athletic or recreational activities or for an academic course in physical education, whether or not the board of education or the city of New York holds title to such structure.

12. "Special education" shall mean children in the following board of education instructional programs or the equivalent: modified instructional service IV, modified instructional service V, specialized instructional environment I, specialized instructional environment III, specialized instructional environment V, specialized instructional environment VI, and specialized instructional environment VII.

Subchapter 2

Lead-Based Paint Hazards In School Facilities

§ 17-810. Declaration of legislative findings and intent. Childhood lead poisoning is the number one environmental health hazard facing children today. Environmental exposure to even low levels of lead increases children's risk of developing permanent reading and learning disabilities, reduced concentration and attention span, hyperactivity and other behavior problems, impaired hearing and lower intelligence quotients. These problems may persist and adversely affect children's ability to learn and succeed in life.

Childhood lead poisoning is caused by environmental exposure to lead. The most significant sources of environmental lead are lead-based paint and dust and soil contaminated by lead-based paint. In school facilities, the danger posed can be controlled by abating lead-based paint hazards and imposing strict requirements to minimize exposure when lead-based paint is disturbed during maintenance work and renovations.

The Council finds that the board of education of the city of New York currently does not have a formal comprehensive strategy for preventing childhood lead poisoning and controlling exposure to lead-based paint hazards in the public schools. It is the purpose of this local law to identify the conditions in the public schools where the risk of lead poisoning is the greatest and to set forth what is reasonable and necessary to be performed by the board of education and the department of health to remove that risk to the maximum extent possible.

The Council furthermore declares that the failure to control lead-based paint hazards pursuant to this local law is a public nuisance and a condition dangerous to the life and health of children who are exposed in the public schools to lead-based paint and dust contaminated by lead-based paint.

§ 17-811 Presumption. a. All paint or similar surface-coating material on the interior and exterior of any school facility erected before January 1, 1985, shall be presumed to be lead-based paint.

b. The board of education may rebut such presumption of lead-based paint by submitting to the department a sworn written statement, supported by lead-based paint testing or sampling results in a form approved by the department, a sworn written statement by the person who performed the testing, and such other proof that the department may require; notwithstanding, a member of the public shall be provided access to a school to conduct lead-based paint testing or sampling.

§ 17-812 Worksite Plans and Supervision. a. When the expected cost of a lead-based paint project is two thousand five hundred dollars or more, the board of education shall not commence such work before implementing a lead-based paint hazard reduction plan appropriate to a worksite, and all work shall be performed pursuant to such plan. Such plan shall be available for inspection by the department and by the public.

b. When the expected cost of a lead-based paint project is less than two thousand five hundred dollars, the board of education may commence such work without implementing a lead-based paint hazard reduction plan; however, such work shall be completed in a manner required by the department and shall ensure that children and adults are not exposed to lead-based paint or dust contaminated by lead-based paint through its release within or from a worksite.

c. When a lead-based paint project is commenced pursuant to subdivision a of this section:

(1) all work shall be properly supervised and inspected by an individual who has received certification as a "certified supervisor" pursuant to part 745 of title 40 of the Code of Federal Regulations; and

(2) the department shall conduct periodic inspections of sufficient frequency and scope during the course of work and final clean-up to ensure that children and adults are not exposed to lead-based paint or dust contaminated by lead-based paint through its release from a worksite and that there is compliance with department regulations.

§ 17-813 Abatement. a. There shall be no peeling lead-based paint in any portion of any school facility where children in special education, pre-kindergarten, kindergarten, or first grade regularly spend time.

b. Peeling lead-based paint and peeling paint of unknown lead content shall be immediately abated in a manner required by the department.

c. Effective September 1, 2000, various surfaces covered with lead-based paint and paint of unknown lead content shall be abated, including interior window sills and window wells accessible to children, other window friction and impact surfaces, and other surfaces in special education, kindergarten and first grade classes determined by the department. For purposes of this section "window well" shall mean the horizontal structure of the window frame that receives the window sash or the trough in which the lower part of the window fits or rests.

d. Painted equipment shall have lead-free paint.

e. Whenever a condition prohibited by this section is found to exist, the department shall immediately serve an order on the board of education to abate the condition. In the event such order is not complied with within thirty days of service thereof, the department shall execute such order within thirty days.

f. Nothing herein shall limit the department from promulgating rules requiring the abatement of any lead-based paint or paint of unknown lead content on any interior or exterior surface whether peeling or not.

g. The board of education shall take all feasible and prudent actions to abate lead-based paint when carrying out a lead-based paint project.

§ 17-814 Department Rules. The department shall promulgate rules in accordance with the provisions contained in this chapter and such other rules and regulations as may be necessary for the purpose of implementing and carrying out the provisions of this chapter. Such rules and regulations shall include the following provisions:

(1) the requirement of appropriate written notification to all parents and school employees of the affected school prior to the commencement of work in the school;

(2) the board of education and its contractors shall comply with safety and clean-up procedures to govern a lead-based paint project commenced, as the case may be, pursuant to subdivision (a) or (b) of section 17-812 of this chapter. Such procedures shall ensure that children and adults are not exposed to lead-based paint or dust contaminated by lead-based paint through its release within or from a worksite;

(3) exposure to lead-based paint shall be minimized until a hazard is repaired. Children shall not be present and shall not have access to any room undergoing a lead-based paint project or an abatement until completion of a final clean-up and lead dust clearance testing has been conducted pursuant to department regulations. Whenever possible, work shall be done during non-class hours, such as evenings, weekends and vacation periods;

(4) the board of education shall establish procedures for continuing maintenance, including regular clean-up of accumulated dust;

(5) the board of education shall develop a school-based and central reporting system for recording all complaints about lead-based paint hazards and the response to such complaints, which shall be made available for public inspection during regular business hours; and

(6) whenever the board of education conducts lead-based paint testing at a school facility, the results of such testing shall be placed on file in the office of the principal of such school and shall be made available for public inspection.

§ 17-815 Semi-annual Survey for Lead-based Paint Hazards. The board of education shall conduct a semi-annual survey in every school facility to determine the existence of peeling lead-based paint in areas where children in special education, pre-kindergarten, kindergarten, or first grade regularly spend time and shall provide a copy of the survey results to the department.

§ 17-816 Reporting. Not later than fifteen months after the effective date of this local law, and every year thereafter, the board of education shall submit a report to the mayor and the council concerning the administration and enforcement of this subchapter.

§ 17-817 Compliance by Department. An action or proceeding may be brought against the department to compel promulgation of the rules required under this subchapter, and to compel compliance by the department or the board of education with this subchapter and the rules promulgated pursuant thereto. Unless specifically stated herein to the contrary, the department's responsibilities and duties under this subchapter are mandatory.

Subchapter 3

Abatement of Lead-Based Paint Hazards in Day Care Facilities

§ 17-820 Presumption. a. All paint or similar surface-coating material on the interior and exterior of any day care facility in a structure erected prior to January 1, 1978, shall be presumed to be lead-based paint.

b. An operator of such day care facility may rebut such presumption of lead-based paint by submitting to the department a sworn written statement, supported by lead-based paint testing or sampling results in a form approved by the department, a sworn written statement by the person who performed the testing, and such other proof that the department may require.

§ 17-821 Abatement. a. There shall be no peeling lead-based paint in any portion of any day care facility.

b. Peeling lead-based paint and peeling paint of unknown lead content shall be immediately abated in a manner required by the department.

c. Effective September 1, 2000, interior and exterior surfaces of windows, surfaces of radiators, radiator coverings, pipes, and other surfaces in a day care facility as may be determined by the department, containing or covered with lead-based paint and paint of unknown lead content shall be abated.

d. Painted equipment shall have lead-free paint.

e. Whenever a condition prohibited by this section is found to exist, the department shall immediately serve an order on the operator of such day care facility to abate the condition. In the event such order is not complied with within thirty days of service thereof, the department shall immediately request an agency of the city of New York to execute such order pursuant to the provisions of section 17-147 of this code. The agency shall execute the order within thirty days of the department's request. The city of New York shall be entitled to enforce its rights for reimbursement of expenses incurred thereby, including as credits toward lease payments.

f. Nothing herein shall limit the department from issuing regulations requiring the abatement of any lead-based paint or paint of unknown lead content on any interior or exterior surface whether peeling or not.

§ 17-822 Department Rules. The department shall promulgate rules in accordance with the provisions contained in this chapter and such other rules and as may be necessary for the purpose of implementing the provisions of this chapter. Such rules shall include the provision that:

(1) the operator of such day care facility comply with safety and clean-up procedures, which shall ensure that children and adults are not exposed to lead-based paint or dust contaminated by lead-based paint through its release within or from a worksite; and

(2) children shall not be present and shall not have access to any room undergoing a lead-based paint abatement until completion of a final clean-up.

§ 17-823 Compliance by Department. An action or proceeding may be brought against the department to compel promulgation of the rules required under this subchapter and to compel compliance by the department with this subchapter and the rules promulgated pursuant thereto. Unless specifically stated herein to the contrary, the department's responsibilities and duties under this subchapter are mandatory.

§ 17-824 Semi-annual Survey. The operator of a day care facility shall conduct a survey of such facility semi-annually, and more often if necessary, to determine the physical condition of surface-coating material throughout each such facility and shall provide a copy of the survey results to the department.

§ 9. Title 17 of the administrative code of the city of New York is amended by adding a new section 17-182 to read as follows:

§ 17-182 Removal of lead-based paint from playground equipment. a. Declaration of legislative findings and intent. Childhood lead poisoning, the number one environmental health hazard facing children today, is caused by environmental exposure to lead. The most significant sources of environmental lead are lead-based paint and dust and soil contaminated by lead-based paint. Because lead-based paint was frequently utilized in the past to protect equipment exposed to the elements from corrosion, the paint on outdoor playground equipment is likely to have a much higher lead content than that found on interior building surfaces.

Investigations have disclosed high levels of lead in the soil of playgrounds as a result of the release of lead paint chips and dust from such playground equipment. Small children may ingest lead by getting paint chips or dust on their hands and then putting their hands in their mouths, may mouth equipment or otherwise may inhale lead dust.

The United States consumer product safety commission (CPSC) has concluded that lead-painted public playground equipment with chipping and peeling lead paint is hazardous to children age six years and younger. In coming to that conclusion, the CPSC tested paint from 26 playgrounds in 13 cities, and found that 16 playgrounds in 11 cities had levels of lead in the paint on playground equipment high enough to be recognized as a federal priority for lead hazard control measures. In addition, while the CPSC concluded that playground equipment with intact lead paint is not a hazard, it noted that such paint will deteriorate from exposure to sunlight, heat, moisture and normal wear and tear to form chips and dust that would present a hazard.

In addition to CPSC's own findings, CPSC reported that paint on equipment in 223 playgrounds in 19 additional cities was tested for lead by state and local authorities or television stations doing news stories on lead hazards. Of those playgrounds, 125 of them in 11 cities were reported to have lead paint ranging from 0.09 percent to 29 percent lead by weight. In February 1978 the CPSC banned the sale of public playground equipment with paint containing lead in excess of 0.06 percent by weight because it poses a risk of lead poisoning in children.

The council therefore declares that the failure to control lead-based paint hazards pursuant to this local law is a public nuisance and a condition dangerous to the life and health of children who are exposed on playgrounds to lead-based paint and soil contaminated by lead-based paint.

(b) For the purpose of this section, the following terms shall have the following meanings:

(1) "Lead-based paint" shall mean any paint or other similar surface-coating material containing lead as defined in subdivision b of section 173.13 of the health code.

(2) "Public playground equipment" shall mean any device, structure, or implement, fixed or portable, not including buildings, used or intended to be used by children under the age of six for recreational or athletic purposes, such as, but not limited to, swings, slides, sandboxes, see-saws, climbing bars, wading pools or obstacle courses located on any premises or grounds under the control of, or operated by or on behalf of, the board of education, the department of parks and recreation, or any private or public school or child day care facility.

c. Effective September 1, 2005, all public playground equipment with lead-based paint and paint of unknown lead content shall be replaced with playground equipment free of lead-based paint. All paint or similar surface-coating material on any public playground equipment manufactured before March 1, 1978 shall be presumed to be lead-based paint.

d. There shall be no peeling or chipping lead-based paint on any portion of any public playground equipment or fencing. Peeling lead-based paint and peeling paint of unknown lead content on public playground equipment shall be immediately abated in a manner required by the department. Whenever a condition prohibited by this section is found to exist, the department shall immediately serve an order on the owner and operator of such public playground to abate the condition. Nothing herein shall limit the department from issuing an order in any individual case requiring the abatement of any lead-based paint or paint of unknown lead content on any public playground equipment, whether peeling or not.

e. The department shall promulgate rules as may be necessary for the purpose of implementing the provisions of this section. Such rules and regulations shall include the provision that (1) owners or operators of public playgrounds and playground equipment shall comply with safety and clean-up procedures to govern the abatement of lead-based paint pursuant to this section and such procedures shall ensure that children and adults are not exposed to lead-based paint or dust contaminated by lead-based paint through its release within or from a worksite, and (2) exposure to lead-based paint shall be minimized until a hazard is repaired.

f. Not later than fifteen months after the effective date of this section, and every year thereafter, the department shall submit a report to the mayor and the council concerning the administration and enforcement of this section.

§ 10. This local law shall take effect ninety days after its enactment, except that the department of health and the department of housing preservation and development shall promulgate rules and take all actions necessary to implement this local law on or before the date upon which it shall take effect.

Referred to the Committee on Environmental Protection.

Int. No. 206

By Council Members Miller, Freed, Duane, Leffler, DiBrienza, Eldridge, Fisher, Henry, Linares, McCaffrey, Robinson, Robles, Sabini, Warden, Watkins, Weiner, Eristoff, Ognibene, Cruz, Malave-Dilan, Koslowitz and Stabile; also Council Members Foster, Harrison, Michels and O'Donovan

A LOCAL LAW to amend the administrative code of the city of New York, in relation to prohibiting the purchase by the city or by contractors with the City of any tropical hardwoods or tropical hardwood products.

Be it enacted by the Council as follows:

§ 1. Declaration of Legislative Findings and Intent. The world's equatorial tropical rainforests are the Earth's oldest and richest terrestrial ecological systems. Tropical rainforests are home to at least 10 million species of plants and animals totaling over half of the Earth's plant and animal species as well as thousands of indigenous tribal peoples. Tropical and temperate rainforests are being destroyed through commercial logging, burning and overcutting at an alarming rate. Scientists estimate that if the current rates of loss continue, all accessible rainforests will have been destroyed or severely degraded—except for the less than 3% of the total that is protected—within the next 35 years.

Over one-fourth of all rainforest destruction is related to the logging of rainforests to support international trade in tropical hardwoods. In addition to immediate degradation, logging also precipitates further habitat reductions by providing access to previously inaccessible areas. According to the United Nations Food and Agriculture Organization, logged-over rainforests are 8 times more likely to be totally deforested than unlogged forests. The United Nations further estimates that most of all deforestation from shifting cultivation (the largest cause of deforestation) is due to the access to forested areas provided by logging and mining roads. The United States contributes to the problem as the third largest importer of tropical hardwoods and the largest importer of mahogany.

The deforestation of tropical rainforests has been scientifically linked to atmospheric imbalance and global warming, known as the Greenhouse Effect, caused by increased concentrations of CO2 in the global atmosphere. The effects of global warming include drought, floods, melting of the polar ice caps and changes in weather patterns worldwide. In addition, rainforests are important to local ecosystems because they provide flood control, regulate rainfall, retain topsoil, buffer the impact of storms and provide habitat and shelter to humans and animals alike.

Harvard biologist Edward O. Wilson calculates that the rich fabric of life that makes up the earth's ecosystems is now being destroyed at the rate of at least 50,000 species a year. The loss of species reduces the Earth's genetic diversity which is invaluable to the production of human medicines and food products.

The destruction of the rainforest results in the displacement of indigenous tribal peoples, many of whom have never before been contacted by the modern world. Such displacement often results in the death of these peoples and the destruction of their culture.

It is crucial to the survival of the planet and the species located in tropical rainforests that the demand for tropical hardwoods not harvested in a sustainable manner be eliminated. Reducing the consumption of tropical hardwoods will be a major stop in reducing the deforestation of the rainforests and averting irreversible global environmental catastrophe.

Prohibiting the use of tropical hardwoods by the city or its subdivisions will contribute to this necessary reduction in the demand for tropical rainforest products. Such a prohibition would not create shortages of building supplies, inasmuch as many acceptable non-tropical wood products of comparable quality are available; the city can purchase rainforest timber grown and harvested in a sustainable manner; purchase and use domestic timber, or use alternatives such as lumber made from recycled plastic.

§ 2. Section 6-123 of the administrative code of the city of New York is added to read as follows:

Section 6-123. Prohibiting the purchase of tropical hardwoods.

a. For purposes of this section, the following terms shall have the following meanings:

1. "Tropical hardwood" shall mean any and all hardwood, scientifically classified as angiosperm, that grows in any tropical moist forest. Tropical hardwoods shall include but not be limited to the following species:

Scientific Name	*Common Name*
Vouacpous american	*Acapu*

2. Tropical rainforests shall mean any and all forests classified by the scientific term "tropical moist forests", the classification determined by the equatorial region of the forest and average rainfall.

3. Tropical hardwood products shall mean any wood products, wholesale or retail, in any form, including but not limited to veneer, furniture, cabinets, paneling, plywood, moldings, doorskins, joinery, or sawnwood, which are composed of tropical hardwood.

b. Restriction on the purchase of rainforest timber. Except as provided below, the city of New York and all its governmental agencies, political subdivisions, public corporations, or public benefit corporations shall not purchase or obtain for any purpose any tropical hardwoods or tropical hardwood products, wholesale or retail, in any form.

c. Contracts with the city. Every contract for or on behalf of the city for the manufacture, furnishing or purchase of supplies, material or equipment, or for the furnishing of work, labor or services, shall contain a stipulation, as a material condition of the contract, by which the contractor agrees not to purchase or obtain for any purpose any tropical hardwood or tropical hardwood products, wholesale or retail, in any form, for use in performance of the contract.

d. Exceptions. The provisions of subdivisions (b) and (c) of this section shall not apply:

1. to any tropical hardwood or tropical hardwood product purchased from a sustainable, managed forest and independently certified by any group accredited by the Forest Stewardship Council; or

2. to any tropical hardwood or tropical hardwood product for which there is not an effective acceptable non-tropical hardwood species; or

3. where use of tropical woods is deemed necessary by the Landmarks Preservation Commission for purposes of historical restoration and there exists no available acceptable non-tropical wood species; or

4. where the agency contracting officer determines that:

(a) no person or entity doing business in the city is capable of providing acceptable alternative products sufficient to meet the particular contract requirements; or

(b) the contract is not capable of being performed using acceptable alternative products.

§ 3. This local law shall take effect forty-five days after its adoption.

Res. No. 99

Resolution calling upon the New York City Department of Parks and Recreation to aggressively consider using plastic lumber made from recycled materials, in lieu of hardwood, for the construction, renovation and repair of boardwalks, benches and other appropriate structures.

By Council Members Miller, Freed, Duane, Leffler, DiBrienza, Eldridge, Fisher, Henry, Lasher, McCaffrey, Michels, O'Donovan, Rivera, Robinson, Sabini, Watkins, Eristoff, Cruz, Malave-Dilan, Koslowitz, Linares, Fusco, Stabile and Ognibene; also Council Members Harrison, O'Donovan and Abel

Whereas, The world's tropical rainforests contain some of the Earth's oldest and richest ecological systems which are home to at least 30 million species of plants and animals; and

Whereas, Tropical rainforests are being destroyed through commercial logging, burning and overcutting; and

Whereas, Over one-fourth of all rainforest destruction is related to the logging of such rainforests to support the international trade in tropical hardwoods; and

Whereas, The deforestation of tropical rainforests has been linked to global warming caused by increasing concentrations of carbon dioxide (CO_2) in the global atmosphere; and

Whereas, Global warming can cause the melting of the polar ice caps and lead to changes in weather patterns worldwide that in turn lead to greater incidents of drought and flooding; and

Whereas, The destruction of the rainforest often results in the displacement and death of indigenous tribal people; and

Whereas, Reducing the consumption of hardwoods harvested from tropical forests would be a major step towards reducing the deforestation of the rainforests and would avert further global environmental destruction; and

Whereas, The New York City Department of Parks and Recreation currently uses lumber for the renovation of boardwalks and benches under its jurisdiction from a species of tree known as Tabebuia serratifolia, Lapacho Group, commonly referred to as Bethabara, Greenheart, Ipe, Ironwood and Lapacho, amongst other names; and

Whereas, This species of tree grows in tropical areas, generally in Central and South America; and

Whereas, The harvesting of this type of wood could be reduced by the use of plastic lumber which in turn would lead to less destruction of the world's tropical forests; and

Whereas, Plastic lumber has a variety of properties, such as its impermeability, strength, durability and resistance to burning, that make it ideal for use on boardwalks, benches and certain other structures where hardwood has traditionally been used; and

Whereas, Plastic lumber does not retain water, swell or rot, resists ultraviolet degradation, fading, salt, moss, fungus, marine borers and insects, including termites, and is currently being used to renovate certain piers in the City and in other jurisdictions; and

Whereas, Plastic lumber has been used in the construction industry for decking, fencing, landscaping walls, playground equipment and signposts; and

Whereas, Plastic lumber can be made from recycled plastic with a high content of post-consumer material that has been separated or diverted from the solid waste stream under the City's recycling program thus reducing the amount of plastic waste that would need to be disposed of now or in the future when the Fresh Kills Landfill closes; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Parks and Recreation to aggressively consider using plastic lumber made from recycled materials, in lieu of hardwood, for the construction, renovation and repair of boardwalks, benches and other appropriate structures.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to annual reporting on the utilization of clinical preventive medical services to be provided to city employees and their families by health maintenance organizations, insurance companies and other entities under contract to provide health insurance coverage to such employees and their families.

Be it enacted by the Council as follows:

Section 1. Legislative declaration of intent. Clinical preventive medical services for the early detection of disease have been associated with substantial reductions in morbidity and mortality. Use of such services will improve the health, welfare and Lives of city employees and their families. A significant proportion of deaths among New Yorkers are preventable through the use of clinical preventive medical services including screening tests, counseling services, immunizations and pharmacologic regimens that can and should be provided to city employees by health insurance providers under contract with the city. Moreover, clinical preventive medical services provided by such health insurance providers to city employees and their families are highly cost effective because they can reduce the need for emergency care, lessen the severity of disease or trauma and diminish the need for complex and expensive medical care. To encourage the provision of clinical preventive medical services at appropriate intervals, it is the intent of this

Council to mandate that health maintenance organizations, insurance companies and other entities under contract with the city of New York, or agencies thereof, provide clinical preventive medical services to eligible city employees and their families and, on no less than an annual basis, make available to such eligible City employees and their families clear and concise written material on the availability of such clinical preventive medical services.

§ 2. Chapter 1 of title 17 of the administrative code of the city of New York is hereby amended by the addition of a new section 17-179, to follow section 17-178, to read as follows:

§ 17-179 Clinical preventive medical services for city employees. a. When used in this section:

1. "health maintenance organization" means "health maintenance organization" as defined in article 44 of the state public health law;

2. "insurance company" means any person, firm, association, corporation or joint-stock company doing an insurance business authorized by a license issued pursuant to article 11 of the state insurance law;

3. "city employee" means any employee or officer of the city of New York, or of an agency thereof, whose compensation is paid in whole or part with city funds.

4. "clinical preventive medical services" shall include but not be limited to:

(i) childhood immunizations including DTP (diphtheria and tetanus toxoids with pertussis vaccine) OPV (oral poliovirus vaccine), HIB (hemophilus influenza B conjugate vaccine), MMR (measles, mumps and rubella vaccine) and hepatitis B vaccine;

(ii) adult immunizations including influenza vaccine, pneumococcal vaccine, hepatitis B vaccine, diphtheria and tetanus toxoid and rubella screening of women of childbearing age;

(iii) coronary artery disease risk factor screening and/or counseling including cholesterol, exercise and/or hypertension;

(iv) smoking cessation;

(v) cancer screening. particularly breast and/or cervix screening for women, prostate screening for men and colorectal sickle cell risk factor screening:

(vi) prenatal and perinatal care and family planning, prevention and full reproductive services; and

(vii) appropriate risk factor screening and prevention services for conditions including but not limited to lead toxicity, sexually transmitted diseases (SIDs), human immunodeficiency virus (HIV) and alcohol and other substance abuse screening and prevention.

b. Not later than 120 days following the effective date of the local law that added this section, the board of health shall promulgate a list of recommended clinical preventive medical services, including those clinical preventive medical services provided in subdivision a of this section.

c. The list of mandatory clinical preventive medical services promulgated pursuant to this section shall include guidelines for the following categories:

1. clinical preventive medical services for infants up to 24 months;

2. clinical preventive medical services for children and adolescents 2 to 19 years old;

3. prenatal and perinatal care;

4. clinical preventive medical services for adults 20 to 64 years old;

5. clinical preventive medical services for the elderly over 64 years of age.

Each such guideline shall describe the clinical preventive medical services to be provided and the recommended frequency and conditions under which such clinical preventive medical services should be utilized.

d: Each health maintenance organization, insurance company or other entity subject to the requirements of this section shall make a reasonable good faith effort to encourage city employees and their eligible family members enrolled with such health maintenance organization, insurance company or other entity to utilize the clinical preventive medical services.

e. Not less frequently than annually, each health maintenance organization. insurance company and other entity subject to the requirements of this section shall mail, or otherwise cause to be delivered, to all city employees enrolled with such health maintenance organization, insurance company or other entity literature on clinical preventive medical services and the importance of utilizing such services. The literature provided to city employees pursuant to this subdivision shall be printed in languages other than English as shall be determined pursuant to rules promulgated by the commissioner.

f. Each health maintenance organization, insurance company or other entity subject to the requirements of this section shall maintain statistical data on the clinical preventive medical services delivered to city employees and their eligible family members and shall, on or before March first of each succeeding calendar year, report to the commissioner, the comptroller and the speaker of the city council on the utilization by city employees and their eligible family members of such clinical preventive medical services during the preceding calendar year. The commissioner shall review the utilization reports prepared pursuant to the requirements of this subdivision and shall. within thirty days following receipt of such utilization reports, promulgate a report analyzing such utilization reports and making recommendations including but not limited to: (1) increasing compensation to health maintenance organizations, insurance companies and other entities subject to the requirements of this section which report significantly increased utilization of clinical preventive medical services by city employees and their eligible family members; (2) decreasing compensation to health maintenance organizations, insurance companies and other entities subject to the requirements of this section which report significantly decreased utilization of clinical preventive medical services by city employees and their eligible family members; and (3) such other actions as the commissioner shall determine to be necessary and proper to increase the utilization of clinical preventive medical services by city employees and their eligible family members.

§ 3. This local law shall take effect immediately.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the regulation and licensing of general contractors.

Be it enacted by the Council as follows:

Section 1. Subchapter 2 of chapter 1 of title 26 of the administrative code of the city of New York is amended by adding a new article 10 to read as follows:

ARTICLE 10

General Contractors License

§ 26-204.1 Definitions. For the purposes of this article:

a. "General contractor" means a person who enters into a contract for the improvement of real property or with a municipality or a public corporation for a public improvement, with or without the intent of employing subcontractors for the performance of his or her contract or any part thereof.

b. "Improvement" includes the demolition, erection, alteration or repair of any structure upon, connected with, or beneath the surface of, any real property and any work done upon such property or material furnished for its permanent improvement, except painting or decorating, including the drawing by any architect, engineer or surveyor of any plans or specifications or survey which are prepared for or used in connection with such improvement; provided, however, that this term shall not include contracts for improvements where the cost thereof is less than $1,000.

c. "Licensee" means a person permitted to engage in business as a general contractor under the provisions of this article.

d. "Person" means an individual, firm, company, partnership, corporation, trade group or association.

e. "Subcontractor" means a person who enters into a contract with a general contractor and/or with a person who has contracted with or through such general contractor for the improvement of real property or of a public improvement or for the performance of the contract or any part thereof.

§ 26-204.2 Requirement of license. It shall be unlawful for any person to conduct business as a general contractor on or after June 1, 1998 unless such person is licensed under the provisions of this article as a general contractor.

§ 26-204.3 License applications. All applications for a general contractor license shall comply with and be subject to the provisions of sections 26-132, 26-133, 26-134 and 26-135 of this subchapter.

§ 26-204.4 License qualifications. In addition to the general requirements set forth in section 26-133 of this subchapter, all applicants for a general contractor license shall submit satisfactory proof of the applicant's ability to read and understand blueprints, knowledge of the general uses and capacities of steel, concrete and lumber, and general knowledge of the provisions of the city building code.

§ 26-204.5 License fees. The fee for a general contractor license shall be one hundred dollars; and the annual renewal fee shall be fifty dollars.

§ 26-204.6 License conditions. All general contractor licenses shall be conditioned upon and subject to the provisions of sections 26-136 through 26-140 of this subchapter.

§ 2. This local law shall take effect ninety days after its enactment.

A LOCAL LAW to amend the administrative code of the City of New York in relation to providing for a commercial rent or occupancy tax refund or credit for lost business revenue caused by extended street and sewer construction, repair or reconstruction in the immediate vicinity of a commercial establishment.

Be it enacted by the Council as follows:

Section 1. Section 11-709 of chapter 7 of title 11 of the administrative code of the city of New York is hereby amended by adding a new subdivision d, to read as follows:

d. For those tenants not exempt from the payment of the tax, an applicant for a refund or credit, in an amount of the tax paid or owed for the affected tax year, shall be approved where prolonged disruption of street access, caused by extended street and sewer construction, repair of reconstruction, results in loss of business revenue, provided that:

(1) the street or sewer work hindered access to the tenant's street or immediate vicinity for a period exceeding ninety days; and

(2) the tenant can document, to the satisfaction of the commissioner, a loss of business revenue in excess of twenty per cent; and

(3) the commissioner certifies that the loss of revenue appears to be directly related to the disruption of street access; and

(4) the street or sewer work was part of a capital reconstruction project.

§ 2. This local law shall take effect immediately and shall apply to all street or sewer construction, repair or reconstruction projects started on or after the effective date of this bill.

A LOCAL LAW to amend the administrative code of the city of New York in relation to prohibiting loitering for the purpose of buying or selling illicit drugs.

Be it enacted by the Council as follows:

Section one. Chapter 1 of title 10 of the administrative code of the City of New York shall be amended by adding a new section 10-125.1 to read as follows:

§ 10-125.1 1. It shall be unlawful for any person to loiter in or near any thoroughfare, or place open to the public, including but not limited to streets, sidewalks, parks, plazas and squares, or near any public or private place, in a manner and under circumstances manifesting the purpose to engage in drug-related activity contrary to any of the provisions of the penal law, and with the intent to engage in drug-related activity contrary to any of the provisions of the penal law.

2. It shall further be unlawful to loiter within fifty feet of a licensed drug or alcohol treatment facility.

3. No arrest or conviction under this section may occur unless and until the arresting officer has probable cause that the individuals to be arrested is loitering with the intent to engage in drug-related activity.

4. Prior to making an arrest under this section, the police officer must afford the individual to be arrested an opportunity to explain his or her conduct and purpose at the site.

5. The circumstances which may be considered in determining whether a person manifests the intent to engage in drug-related activity include, but are not limited to:

(a) Such person is a known unlawful drug user, possessor or seller. For purposes of this section, a "known unlawful drug user, possessor or seller" is a person who has, within knowledge of the arresting officers, been convicted in any court of any violation involving the use, possession or sale of any of the substances referred in article 220 of the penal law or the similar laws of any political subdivision of this state or any other state; or a person who displays physical characteristics of drug intoxication or usage, including needle tracks, or a person who possess drug paraphernalia as defined in articles 220.45 and 220.50 of the penal law.

(b) Such person is known to have been convicted in New York within a period of two years, of any violation involving the use, sale, possession or transfer of any substance referred in to in article 220 of the penal law;

(c) Any vehicle involved is known to be registered to a known unlawful drug user, possessor or seller or a person for whom there is an outstanding warrant for a drug-related violation;

(d) Such person's behavior raises a reasonable suspicion that he or she is about to engage in, or is then engaged in, an unlawful drug-related activity;

(e) Such person flees upon the appearance of a police officer;

(f) Such person manifestly endeavors to conceal himself or herself, or conceal any object that reasonable could be involved in an unlawful drug-related activity;

(g) Such person repeatedly beckons to, stops, attempts to stop, or engages in conversation with passers-by, whether such passers-by are on foot or in a motor vehicle;

(h) Such person repeatedly passes to or receives from passers-by money, objects, or written material, whether such passers-by are on foot or in a motor vehicle;

(i) Such person is known to be the subject of a court or administrative order of parole, probation bond, or sentence, prohibiting his or her presence in the area, or in any geographic area with a high level of drug activity.

(j) Such person transfers small objects or packages for currency in a furtive fashion or manifestly endeavors to conceal himself, herself or any object or package which reasonably could be involved in illegal drug activity.

6. Any property, including a motor vehicle, used to facilitate a violation of this section or used in connection with activity that violates this section, may be seized at the time of the arrest and permanently forfeited upon conviction for a violation of this section, or pursuant to other provisions of state or federal law.

§ 2. If any section, sentence, clause, or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, such holding shall in no way affect the validity of the remaining portions of this ordinance.

§ 3. This local law shall become effective immediately and shall expire on the second anniversary of the date it becomes effective.

Res. No. 101

Resolution calling on the Congress to enact and the President to sign into law HJ Res. 37, The English Language Amendment, and HR 123, The English Empowerment Act.

By Council Members Ognibene, Stabile, Fusco and Golden

Whereas, English is our common language and has provided a shared foundation which has allowed people from every corner of the world to come together to build the American nation; and

Whereas, If we are to be a truly unified nation we must emphasize our commonality, and doing such does not necessarily encroach upon the cultures and histories we all have brought with us to this country and maintain throughout our lives; and

Whereas, Economic viability of new Americans is directly linked to their English skills, and the simple truth is that those who cannot function in our country's predominant language are less able to find jobs and are cheated of the opportunity for improvement and happiness that America promises to millions; and

Whereas, HJ Res. 37, otherwise known as The English Language Amendment, proposes amending the Constitution of the United States so that the English language is designated the official language of the United States and shall be used for all public acts including every order, resolution, vote or election, and for all records and judicial proceedings of the Government of the United States and the governments of the several states; and

Whereas, HR 123, otherwise known as The English Language Amendment, recognizes our historical linguistic and cultural diversity, while finding that English represents a common bond of Americans and is the language of opportunity in the United States; the legislation would put an end to mandatory bilingual voting requirements, prohibit citizenship ceremonies segregated by language and entitle every person to receive official communications in English; now, therefore, be it

Resolved, That the Council of the City of New York calls on the Congress to enact and the President to sign into law HJ Res. 37, The English Language Amendment, and HR 123, The English Empowerment Act.

Res. No. 102

Resolution calling on the New York State Legislature to enact a Sexually Violent Predator Act, which contains a civil commitment provision for those sex offenders who continue to pose a threat to the community.

By Council Members Ognibene, Fusco, Abel, Stabile, Fiala and Golden; also Council Members Fisher, O'Donovan and Weiner

Whereas, All of America was appalled and outraged at the brutal killings of Megan Kanka and Polly Glass, which focused attention on the risks that repeat sex offenders, particularly those who prey on children, present to the community; and

Whereas, State Legislatures in each of the 50 states reacted swiftly to these heinous murders and enacted community notification laws, including Megan Kanka's home state of New Jersey, which was the first to pass a sexual offender notification act, popularly known as Megan's Law; and

Whereas, These statutes require released sex offenders to register with the police and some provide for public notification so that information is furnished to a community, allowing people to take steps to protect themselves and their children; and

Whereas, Sex offenders, especially those who target children, are recidivists who are unlikely to stop after one incident; one study reported an average of 23 child victims per sex offender; another study of 453 pedophiles, funded by the National Institute of Mental Health, reported that each pedophile molested an average of 52 girls or 150 boys; and

Whereas, A 15 year-California study, which was completed in 1988, showed that 20 percent of sex offenders released after completing their sentences were later arrested for another sex offense, and a study in Maryland showed a recidivism rate of about 40 percent within three years of release from prison; and

Whereas, Because of this high recidivist rate, government should be doing more than simply making communities aware that these predators are in our midst, and should be seeking ways to keep them away from society; and

Whereas, The Sexually Violent Predator Act enacted by the state of Kansas uses a civil commitment process to keep these predators from society after their criminal sentence has been completed; and

Whereas, On June 24, 1997, the United States Supreme Court, in the case of *Kansas v. Hendricks*, upheld the Kansas statute, effectively allowing states to confine violent sex offenders in mental hospitals after they have served their criminal sentences; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to enact a Sexually Violent Predator Act, which contains a civil commitment provision for those sex offenders who continue to pose a threat to the community.

Int. No. 212

By Council Members Pinkett and Wooten (by request of the Mayor)

A LOCAL LAW to amend the administrative code of the city of New York, in relation to annual disclosure of financial interests.

Be it enacted by the Council as follows:

Section 1. Subparagraph (a) of paragraph 3 of subdivision a of section 12-110 of the administrative code of the city of New York, as amended by local law number 28 for the year 1995, is amended to read as follows:

(a)(1) Each agency head, deputy agency head, assistant agency head, member of any board or commission, other than a member of a board or a commission who serves without compensation, each city employee who is a member of the management pay plan or whose salary on April thirtieth of each year is [sixty-four] *sixty-six* thousand [two] *one* hundred dollars a year or more and (2) each city employee whose duties directly involve the negotiation, authorization or approval of contracts, leases, franchises, revocable consents, concessions and applications for zoning changes, variances and special permits, without regard to civil service status, membership in the management pay plan or salary shall file such report not later than May first of each year. The commissioner of investigation, in consultation with each agency head, shall determine which persons occupy positions that are described in clause (2) of this subparagraph, and shall inform such employees of the obligation to report no later than December thirty-first of each year. Each officer and employee described in this paragraph shall, following separation from service, file such report for the portion of the last calendar year in which he or she served in his or her position within sixty days of his or her separation from service or on the May first next succeeding, whichever is earlier. Each such officer and employee who leaves service prior to May first shall also file a report for the previous calendar year on May first if such person met the criteria of this subparagraph on his or her last day of service.

§ 2. This local law shall take effect immediately.

Res. No. 103

Resolution calling on the New York State Education Department to include into the New York State Driver Education Curriculum a study of aggressive driving and for the Board of Education to include such studies in its curriculum guides.

By Council Members Povman, Malave-Dilan, Duane and Eisland; also Council Member Robinson

Whereas, In a study done for the AAA Foundation for Traffic Safety, at least 1,500 men, women and children were reported killed each year in the United States as a result of aggressive driving and;

Whereas, The study found that 10,037 aggressive driving incidents tabulated in 1990-1996 illustrates that anyone can be targeted and victimized and;

Whereas, The study also found that aggressive drivers, who are mostly young, relatively poorly educated and have a history of violence do not constitute a complete profile of malefactors and that hundreds of aggressive drivers are successful men and women with no history of violence; and

Whereas, The number of aggressive driving incidents are growing yearly with the reasons for such behavior including arguments over parking spaces, cutting people off, not allowing people to pass, hitting cars and insulting gestures and over 6,700 of the 10,037 incidents ended with altercations involving autos, firearms, knives, clubs, fists' and feet; and

Whereas, Some solutions for avoiding such incidents include not blocking lanes, refraining from tailgating, not using vulgar gestures and keeping away from unwarranted horn usage; and

Whereas, Other solutions include long-term planning for new mass transit facilities such as electric cars, monorails and trolleys, larger roadways, and use of sensors to gauge spaces in traffic; and

Whereas, The New York State Driver Education curriculum does not have material on aggressive driving, nor the Board of Education in its curriculum guide; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Education Department to include into the New York State Driver Education Curriculum a study of aggressive driving and for the Board of Education to include such studies in its curriculum guides.

Referred to the Committee on Transportation.

Res. No. 104

Resolution calling on the New York State Legislature to pass A.6768 and S.4765 to amend the vehicle and traffic law which calls for the establishment of a Graduated Licensing System (GLS) for teenage drivers in order to reduce the number of traffic accidents among this class of young people.

By Council Member Povman; also Council Member O'Donovan

Whereas, According to the American Automobile Association Car and Travel Monthly, drivers age 16-19 are four times more likely to be involved in an automobile crash than all other groups combined due to a combination of immaturity and inexperience; and

Whereas, Deaths from motor vehicle crashes represents the largest health problem for persons 16 to 19 years old, accounting for 34 percent of all their deaths in 1992; and

Whereas, Except for persons over 75 years of age, persons 16 to 19 years of age are three times as likely to be killed in motor vehicle crashes than all other age categories and driver error in this class accounts for 82 percent of fatal crashes, compared with 5 percent for people between 35 and 49 years of age; and

Whereas, In 1995, 65 percent of teenage passenger deaths occurred when another teenager was at the wheel; and

Whereas, According to the New York State Motor Vehicle Code, teen-agers with permits or junior licenses do not have to have clean driving records in order to advance to an unrestricted license, they just have to turn 18 and pay the fines for their infractions; and

Whereas, In New York State, those 17 year olds who have completed a driver education course, can get unrestricted licenses; and

Whereas, The result of New York State policy is that teen-agers can get full licenses without having to demonstrate that they can drive safely, thus the practices prevalent in other states, that a teen must earn an unrestricted license, does not exist in New York State; and

Whereas, Assemblywoman Deborah Glick has introduced A.6768 and Senator Norman Levy, has introduced S.4765, which calls for a Graduated Licensing System (GLS); and

Whereas, The GLS consists of a Junior Learners Permit calling for a teen, for at least six months, to drive with at least one 21 year-old passenger, with all passengers having to wear seat belts and for the driver to be free of serious traffic violation convictions to move onto the Junior License category during which they would have to take a road test in order to be eligible for a full license; now, therefore, be it

Resolved, That the Council of the City of New York does realize the dangers in having teenagers receive almost unrestricted full licenses to drive and strongly urges the state legislature to pass A.6768 and S.4765 which calls for a Graduated Licensing System.

Referred to the Committee on Transportation.

Res. No. 105

Resolution calling upon the State Legislature to change New York State's Motor Vehicle Theft and Insurance Fraud Prevention Fund, mandating that all of the private insurance policy surcharges be used by the state police for definite anti-theft programs and requiring that all of the commercial insurance policy surcharges be spent in the fiscal year collected for local auto anti-theft programs.

By Council Members Povman and Stabile; also Council Member Fisher

Whereas, The Texas Automobile Theft Prevention Authority, based on a one dollar surcharge on each auto insurance policy, funds 39 anti-theft programs with $16 million a year to pay for investigators, prosecutors and an auto theft court to prosecute auto thieves; and

Whereas, Michigan, which collects $5 million a year from motorists and distributes it in the form of grants to police agencies, prosecutors' offices, and non-profit community groups to work on theft prevention, dropped from first in the nation in auto thefts per capita in 1984 to be ranked 12th in 1993, with its auto theft rate dropping 21 percent; and

Whereas, Former Governor Mario Cuomo and the Legislature split New York State's auto theft fund in the 1992/1993 budget, with monies from insurance policies on private vehicles—about $9 million a year—going to the state police for activities "including but not limited to fighting auto theft" while a surcharge from commercial vehicle insurance policies—about $2 million a year going to local anti-theft programs; and

Whereas, According to the November 1996 issue of *Car & Travel* magazine, the state police have only two investigators for auto theft and investigated less than one percent of the 128,000 stolen vehicles reported statewide in 1994, keeping $37 million of the private vehicle insurance surcharge for their general use while some $15 million from commercial insurance policies hasn't been spent because the Governor and Legislature haven't selected the full 12-member board to disperse the money; and

Whereas, Because of the state police role and government intransigence, the first time the Fund will be truly used is when the 12 member board begins operations at the end of this fiscal year; and

Whereas, The Illinois Theft Fund law states that "money deposited in the Trust Fund shall not be appropriated, loaned or in any manner transferred to the General Revenue of the State of Illinois"; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to change New York State's Motor Vehicle Theft and Insurance Fraud Prevention Fund, mandating that all of the private insurance policy surcharges be used by the state police for definite anti-theft programs and requiring that all of the commercial insurance policy surcharges be spent in the fiscal year collected for local auto anti-theft programs.

By the Public Advocate (Mr. Green) and Council Member O'Donovan; also Council Member DiBrienza

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the preparation of Fresh Kills Landfill Environmental Plan.

Be it enacted by the Council as follows:

Section 1. Legislative Intent. On May 29, 1996, the City and the State of New York announced an agreement to shut down solid waste disposal operations at the Fresh Kills landfill by December 31, 2001. On May 31, 1996, the State Legislature enacted and the governor signed into place a provision in Chapter 107 of the Session Laws of 1996, which requires the Fresh Kills landfill to stop accepting waste for disposal after January 1, 2002. In light of this mandate, the Department of Sanitation requested and the New York State Department of Environmental Conservation agreed to suspend both the City's application to obtain a permit for the Fresh Kills landfill and the City's pursuit of the draft environmental impact statement associated with this application, both of which were previously submitted to the New York State Department of Conservation on March 15, 1996.

The issues relating to the closure and post-closure operation and maintenance of the Fresh Kills landfill are currently the subject of a consent order modification being negotiated between the Department of Sanitation and the New York State Department of Environmental Conservation. If the New York State Department of Environmental Conservation considers the consent order and any future modifications to be an "enforcement proceeding," this consent order modification will proceed without full public environmental review under either the State Environmental Quality Review Act (New York State Environmental Conservation Law § 8-0101 *et seq.*), or the City Environmental Quality Review rules, Executive Order 91 of 1977, as amended. Accordingly, this local law requires the Department of Sanitation to establish and implement a plan for the long-term management of the Fresh Kills landfill which evaluates and discloses all health risks and adverse environmental effects of the pollution that the department will be unable to control and what specific steps the department will take to mitigate or compensate for these uncontrolled impacts.

The Council finds that the establishment and implementation of an environmental plan for the long-term maintenance of the Fresh Kills landfill should in no way interfere with the cessation of the disposal of waste at the landfill in accordance with State law. The issues pertaining to the health risks and the environmental concerns related to the long-term control of the landfill are separate and distinct from the rate at which the City actually decreases the amount of solid waste disposed of at the landfill.

§ 2. Chapter 1 of title 16 of the administrative code of the city of New York is amended by adding a new section 16-141 to read as follows:

§ 16-141. Fresh Kills Landfill Environmental Plan. The department shall adopt and implement a plan for long-term maintenance of the Fresh Kills landfill, which shall be known as the Fresh Kills Landfill Environmental Plan. The plan shall include, but not be limited to, a description and assessment of the environmental and public health effects of the following:

1. Landfill gases, leachate and stormwater runoff under existing conditions throughout the active and inactive sections of the landfill;

2. Existing and planned collection, management and combustion or treatment of landfill gas;

3. Existing and planned collection and management of landfill leachate or stormwater run-off;

4. Planned final cover, including final cover vegetation and potential future uses of the landfill;

5. Planned measures to mitigate or compensate for unavoidable adverse environmental effects, which may include, but not be limited to actions to reduce air or water pollution from other sources or environmental benefits programs.

b. A draft Fresh Kills Landfill Environmental Plan shall be presented for public review and comment within seven months of the effective date of this section and a final plan shall be adopted by the department within ten months of the effective date of this section.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Environmental Protection.

State Legislation Resolution requesting the New York State Legislature to pass a bill, introduced by Assemblywoman Davis, A.2141, "AN ACT to amend the administrative code of the city of New York, in relation to establishing the correction officer's variable supplements funds with respect to authorizing payments to beneficiaries receiving a correction retirement allowance or receiving a benefit by reason of election of an option by such retired correction member"

By Council Member Rivera;

Whereas, A bill has been introduced in the New York State Legislature by Assemblywoman Davis; AN ACT to amend the administrative code of the city of New York, in relation to establishing the correction officer's variable supplements funds with respect to authorizing payments to beneficiaries receiving a correction retirement allowance or receiving a benefit by reason of election of an option by such retired correction member; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of The City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of The City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

Res. No. 106

Resolution calling for a City Council hearing addressing recent reports that close to fifty percent of all New York City police officers who have been dismissed by the Department in the past four years have been black or Hispanic.

By Council Members Rivera, Robles, Spigner, Malave-Dilan, Duane, Linares, Perkins and Warden; also Council Members Carrion and Foster

Whereas, On Thursday, February 19, *The New York Daily News* reported that while blacks and Hispanics comprise 30.4% of the New York City Police Department, since 1994, 44.4% of all N.Y.P.D. officers fired following disciplinary proceedings have been black or Hispanic; and

Whereas, The report, which surfaced after *The Daily News* allegedly filed a Freedom of Information Act request more than four months ago, is said to mark the first time an analysis has been conducted regarding the racial and ethnic breakdown of police officers who are fired after misconduct convictions in the trial room (excluding felony convictions and some misdemeanors determined in criminal court which result in automatic dismissal); and

Whereas, Prior to the inquiry made by *The Daily News,* a class-action lawsuit was jointly filed by the Latino Officers Association and the Guardians, which represent black police officers, alleging that racism plays a role in the disproportionate number of minority police officer firings; and

Whereas, According to the article, "The [Daily] News is awaiting the release of 15 additional cases of firings and a far larger number of cases involving cops who were not dismissed;" and

Whereas, Officers critical of these findings view the high number of minority firings as an indication of a double-standard within the department where minority officers are treated more harshly than white officers for similar offenses, while other officers and police officials quoted in the article, have charged that discrimination plays no part in disciplinary proceedings nor dismissals; and

Whereas, These recent findings shed light on several important issues surrounding race, the law and the possibility that an internal culture exists within the department which may be working unfavorably towards minority officers; and

Whereas, It is pertinent that in light of these recent findings, the City Council arrange an appropriate forum which will aim to address and discuss the myriad of issues stemming from the class-action suit and *The Daily News* report; issues which affect not only the police department but the entire city; now, therefore, be it

Resolved, That the Council of the City of New York calls for a hearing addressing recent reports that close to fifty percent of all New York City police officers who have been dismissed by the Department in the past four years have been black or Hispanic.

By Council Member Robles (by request of the Mayor)

A LOCAL LAW to amend the administrative code of the city of New York, in relation to enhancing enforcement capabilities of the department of health with respect to dangerous dogs.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The council hereby finds that the regulation and control of dangerous dogs is a matter of great concern because they pose a serious and documentable danger to the public health, safety and welfare. Six years of experience with enforcing the dangerous dog regulation and protection law has identified ways in which it must be strengthened. The existing measures for controlling dangerous dogs have failed to adequately protect the public from dogs who have bitten, because the procedures for addressing the problem in a reactive fashion have proven to be cumbersome, unduly costly to implement, and involve unnecessarily prolonged hearings for the commissioner of health to determine that a dog is dangerous.

The council acknowledges the unique public health problem posed by dangerous dogs, and the amendments effected by this bill are intended to protect the residents of the city by establishing stricter controls over dogs found to be dangerous.

§ 2. Subdivisions c, d and e of section 17-342 of the administrative code of the city of New York, as added by local law number 2 for the year 1991, are amended to read as follows:

c. "Dangerous dog" means (1) any dog that [when unprovoked, approaches, or] menaces any person in a dangerous or terrorizing manner, or in an apparent attitude of attack, upon the streets, sidewalks, or any public grounds or places; or (2) any dog with a known propensity, tendency or disposition to attack [when unprovoked], to cause injury or to otherwise endanger the safety of human beings or domestic animals; or (3) any dog which bites, inflicts injury, assaults or otherwise attacks a human being or domestic animal [without provocation] on public or private property; or (4) any dog owned, *bred* or harbored primarily or in part for the purpose of dog fighting or any dog trained for dog fighting.

[d. "Severe injury" means any physical injury that results in broken bones or disfiguring lacerations requiring either multiple stitches or cosmetic surgery.

e. "Unprovoked" means that the dog was not hit, kicked, taunted or struck by a person with any object or part of a person's body nor was any part of the dog's body pulled, pinched or squeezed by a person].

§ 3. Subdivision a of section 17-343 of the administrative code of the city of New York, as added by local law number 2 for the year 1991, is amended to read as follows:

a. No person shall own or [harbor any] *possess a dangerous* dog [for the purpose of dog fighting], or train, torment, badger, bait or use any dog for the purpose of causing or encouraging said dog to attack human beings or domestic animals [when not provoked].

§ 4. Section 17-344 of the administrative code of the city of New York is REPEALED.

§ 5. Section 17-345 of the administrative code of the city of New York, as added by local law number 2 for the year 1991, is renumbered 17-344 and is amended to read as follows:

§ [17-345] *17-344* [Determination of a dangerous dog. The commissioner shall have the authority to make a determination that a dog is dangerous, as defined in subdivision (c) of section 17-342, upon the complaint of any person that a dog is dangerous. The commissioner shall make such determination after a hearing, written notice of which shall be given to the complainant and to the owner of the dog, within fifteen days after seizure when seizure of the dog has been ordered by the department, where the owner's address can be reasonably ascertained by the commissioner. The hearing shall be held no less than ten days nor more than twenty days after such notice is mailed to the owner of the dog. At such hearing all interested persons shall have the opportunity to present evidence on the issue of the dog's dangerousness. In the event that the dog in question has caused severe injury to any person, the commissioner may impound the dog, at the owner's expense, pending the hearing and determination of the complaint.]

Orders of the commissioner. In addition to any remedies otherwise set forth in this subchapter:

a. Upon receipt of a report pursuant to section 11.03 of the health code or a complaint from any person that a dog is or may be a dangerous dog, the commissioner may order the owner of a dog which is the subject of a report or complaint to make the dog available, at a time and place specified by the department, for the department to perform or cause to be performed such an examination as may be necessary for a determination as to any appropriate order under this section.

b. The commissioner may order the dog seized and detained for further observation or, based upon the results of the examination by a veterinarian or certified animal behaviorist and information available at the time of the examination, make a determination as to any appropriate order under this section.

c. The department may obtain and, if necessary, subpoena any records including, but not limited to, witness statements, police incident reports, victim medical records and veterinary examination reports, to verify the facts and circumstances giving rise to the complaint or report.

d. [If, after the hearing, the commissioner determines that the dog is dangerous, he or she] *The commissioner* may order the owner *of a dangerous dog which is the subject of a report or a complaint* to comply with one or more of the following requirements, [in] *or* any combination thereof:

[a. Registration. The commissioner may order the owner of a dangerous dog to register such dog with the department. The application for such registration shall contain the name and address of the owner, the breed, age, sex, color, and any other identifying marks of the dog, the location where the dog is to be kept if not at the address of the owner and any other information which the commissioner may require. The application for registration pursuant to this paragraph shall be accompanied by a registration fee of twenty-five dollars. Each dog registered pursuant hereto shall be assigned an official registration number by the department. Such registration number shall be inscribed on a metal tag which shall be attached to the dog's collar at all times. The tag and and a certificate of registration shall be of such form and design and shall contain such information as the commissioner shall prescribe and shall be issued to the owner upon payment of the registration fee and the presentment of sufficient evidence that the owner has complied with all of the orders of the commissioner as prescribed at the determination hearing.

b.] *(1)* Muzzling or confinement. The commissioner may order the owner of a dangerous dog to muzzle the dog or confine the dog, at all times, indoors or in a proper enclosure for a dangerous dog which shall consist of a securely enclosed and locked pen or structure, suitable to prevent the entry of young children, or any part of their bodies or other foreign objects, and designed to prevent the animal from escaping. Such pen or structure shall have secure sides and prevent the dog from digging his way out through the bottom. The pen or structure shall also provide the dog with protection from the elements. The owner shall also conspicuously display a sign designed with a warning symbol approved by the commissioner which indicates to both children and adults the presence of a dangerous dog, on the pen or structure and on or near the entrance to the residence where the dog is kept. At any time that the dog is not confined as required herein, the dog shall be muzzled in such a manner as to prevent it from biting or injuring any person, and kept on a leash no longer than six feet with the owner or some other responsible person attending such dog.

c.] *(2)* Liability insurance. The commissioner may order the owner of a dangerous dog to maintain, in full force and effect, a liability insurance policy of one hundred thousand dollars for personal injury or death of any person, resulting from an attack of such a dangerous dog. *Such order may include the requirement that the owner shall obtain liability insurance within ten business days of such order and that failure to provide proof of such policy within five business days may result in the seizure and humane destruction of the dangerous dog.*

[d.] *(3)* Humane destruction. The commissioner may order the humane destruction of any dog that kills or causes severe injury to a human being, based upon the severity of the injury and the circumstances of the injury.

[e.] *(4)* Other remedies. The commissioner may order (i) that the dog be permanently removed from the city; [or] (ii) that the *dog be spayed or neutered; (iii) that the*

owner and the dog complete a course of obedience and/or anti-bite training approved by the commissioner*; or (iv) any other requirement deemed by the commissioner to be appropriate under the circumstances.*

e. The commissioner's order shall include a notice that if the owner objects to any condition imposed, the owner may, within two business days after service of the order apply to the commissioner or his or her designee requesting an opportunity to be heard and show cause why the commissioner's order should be modified or rescinded.

f. The owner shall be responsible for all reasonable expenses incurred by the department or its agents in connection with actions taken by the department pursuant to this section. Such expenses shall include, but not be limited to, boarding, medical and veterinary expenses. A dangerous dog which is authorized to be released to its owner shall not be released until such expenses, if any, have been paid. An action may be brought in a court of competent jurisdiction, on behalf of the department or an agent of the department, against the owner and/or the person in control of the dog at the time it was seized, to recover such expenses.

g. Notwithstanding section 17-343, a person may own or *possess a dangerous dog provided such person is in full compliance with any order issued pursuant to this section that allows such person to own or possess such dangerous dog.*

h. In the event that the owner or keeper of the dangerous dog is a minor, the parent or guardian of such minor shall be liable for all injuries and property damage sustained by any person or domestic animal caused by an [unprovoked] attack by such dangerous dog, *as well as any expenses incurred by the department.*

§ 6. Section 17-346 of the administrative code of the city of New York, as added by local law number 2 for the year 1991, is renumbered 17-345 and is amended to read as follows:

§ [17-346 Confiscation and/or confinement] *17-345 Seizure* of a dangerous dog.

a. In the event that the owner of a dangerous dog violates any order of the commissioner [as prescribed at the determination hearing], such owner's dog *that is the subject of such order* may be [confiscated and impounded] *seized* by the proper authorities upon the order of the commissioner. In addition, any dog [determined to be dangerous shall] *may* be immediately [confiscated] *seized* by the proper authorities if the dog bites or attacks a human being and causes injury, or if the dog, at the sufferance of its owner, is engaged in or apparently engaged in a dog fight contest or is approximately near the area in which such a contest is being conducted.

b. The owner of a *dangerous* dog [determined to be dangerous by the commissioner], which has been [confiscated] *seized* pursuant to [subdivision (a)] *section 17-344* of this [section] *subchapter*, may request [the commissioner to conduct a hearing] *an opportunity to be heard on the issue of whether a commissioner's order has been violated and* to determine if the dog should be returned to the owner. Upon such request, the commissioner shall provide for [a hearing] *such opportunity to be heard* within [five] *three* days.

§ 7. Sections 17-347 through 17-349 of the administrative code of the city of New York are REPEALED, and a new § 17-346 is added to read as follows:

§ 17-346 Liability insurance. Any owner of a pit bull dog applying for a license authorizing ownership of such dog shall provide proof that liability insurance in an amount of one hundred thousand dollars for personal injury or death of any person, resulting from an attack by such dog, has been obtained by such owner and is in full force and effect at the time of submission of such application for licensure. For purposes of this section, "pit bull" shall be defined as any and all of the following dogs:

a. the Staffordshire Bull Terrier breed of dogs;

b. the American Staffordshire Terrier breed of dogs;

c. the American Pit Bull Terrier breed of dogs;

d. dogs which have the appearance and characteristics of being predominantly of the breeds of dogs known as Staffordshire Bull Terrier, American Pit Bull Terrier, or American Staffordshire Terrier.

§ 8. Sections 17-350 through 17-354 of the administrative code of the city of New York, as added by local law number 2 for the year 1991, are renumbered sections 17-347 through 17-351.

§ 9. Section 17-347 of the administrative code of the city of New York, as added by local law number for the year 1991 and as renumbered by section eight of this local law, is amended to read as follows:

a. Any person who violates any provision of this subchapter or any of the regulations promulgated hereunder, *or an order of the commissioner issued pursuant to the provisions of this subchapter or regulations promulgated thereunder,* shall be guilty of a misdemeanor punishable *(i) for a first offense* by a fine of not less than [five hundred] *one thousand* nor more than [five] *ten* thousand dollars or by imprisonment for not more than one year, or both, *(ii) for a second offense by a fine of not less than two thousand nor more than twenty thousand dollars or by imprisonment for not more than one year, or both, and (iii) for a third or subsequent offense by a fine of not less than five thousand nor more than fifty thousand dollars or by imprisonment for not more than one year, or both.*

b. In addition to the penalties prescribed by subdivision a of this section, any person who violates any of the provisions of this subchapter or any rule or regulation promulgated hereunder shall be liable *(i) for a first offense* for a civil penalty of not less than [five hundred] *one thousand* nor more than [five] *ten* thousand dollars, *(ii) for a second offense for a civil penalty of not less than two thousand nor more than twenty thousand dollars and (iii) for a third or subsequent offense for a civil penalty of not less than five thousand nor more than fifty thousand dollars.*

§ 10. Section 17-348 of the administrative code of the city of New York, as added by local law number 2 for the year 1991 and as renumbered by section eight of this local law, is amended to read as follows:

§ 17-348 Enforcement. Authorized [officers, veterinarians and] employees *or agents* of the department, and of the police department, and any other persons designated by the commissioner, shall be empowered to enforce the provisions of this subchapter or any rule or regulation promulgated hereunder.

§ 11. Section 17-349 of the administrative code of the city of New York, as added by local law number 2 for the year 1991 and as renumbered by section eight of this local law, is amended to read as follows:

§ 17-349 Construction. The provisions of this subchapter shall not be construed to prohibit the department, the American Society for the Prevention of Cruelty to Animals or any law enforcement officer from enforcing any other law; rule or regulation regarding the humane treatment of animals *or the protection of public health.*

§ 12. This law shall take effect ninety days after its enactment into law.

Res No. 107

Resolution calling on the appropriate committee of the City Council to hold hearings on the potential dangers to children and young adults posed by the Internet's unlimited access to pornographic and X-rated material, tobacco and alcohol advertisements specifically targeting youth, and those "cyberpals" who attempt to coax children to meet with them for illicit purposes.

By Council Members Robles, Fusco, Ognibene, Clarke, Lasher, Stabile, Fiala, Golden, Eisland, Linares, Warden and Abel; also Council Members Lasher, O'Donovan and Provenzano

Whereas, The rapid emergence of cyberspace, especially the World Wide Web (Web), is ushering in an entirely new electronic media environment giving us worldwide, twenty-four-hour access to a boundless assortment of people, places and things; and

Whereas, Recent estimates indicate that children and adolescents constitute a significant proportion of Internet users, with one figure indicating that nationwide nearly five million youth between the ages of two and seventeen have used the Internet or an on-line service from school or home in 1996; and

Whereas, While the Internet is an invaluable learning tool, it can also serve as a "depraved wonderland" of sexually explicit and otherwise inappropriate information; and

Whereas, Youngsters "surfing" the Web in public libraries and at home can have virtually unfettered access to sexually explicit material; and

Whereas, The Center for Media Education, a national non-profit organization dedicated to improving the quality of the electronic media, issued a report concluding that alcohol and tobacco companies are using the on-line media to advertise and promote their products through a variety of marketing techniques that capitalize on the medium's strong and unique attraction for young people; and

Whereas, Many youngsters spend hours on line in "chat rooms" or discussion groups conversing with individuals they have never met and while in most instances talking to a faceless entity is harmless, there have been occasions where unsavory individuals have used the Internet as a stalking ground to meet potential victims; now, therefore, be it

Resolved, That the appropriate committee of the City Council hold hearings on the potential dangers to children and young adults posed by the Internet, including but not limited to, access to pornographic and X-rated material, exposure to tobacco and alcohol advertisements that specifically targets youth, and those "cyberpals" who attempt to coax children to meet with them for illicit purposes.

A LOCAL LAW to amend the administrative code of the city of New York in relation to requiring the reporting of gunshot and certain other wounds to the department of health.

Be it enacted by the Council as follows:

Section 1. Chapter one of title seventeen of the administrative code of the city of New York is hereby amended by adding a new section 17-178 to read as follows:

§ 17-179. ***Gunshot and certain other wounds to be reported.*** *a. Every case of a bullet wound, gunshot wound, powder burn or any other injury arising from or caused by the discharge of a gun or other firearm to a person less than nineteen years old shall be reported in writing to the department by (i) the physician attending or treating the case or (ii) the manager, superintendent or other person in charge, whenever such case is treated in a hospital, sanitarium, institution or other medical facility. Such report shall be provided to the department as soon as practicable and shall be made on forms furnished by the department or shall contain all the information required by such forms. This section shall not apply to wounds, burns or other injuries received by a member of the armed forces of the United States or the state of New York while engaged in the actual performance of duty.*

b. Not later than twelve months after the effective date of this local law, and each year thereafter, the department shall submit a report to the mayor and the city council which provides relevant epidemiological data compiled from submitted reports, including but not limited to the following:

(1) the age of the person injured, classified in the age categories of 0-4 years, 5-9 years, 10-14 years and 15-19 years inclusive;

(2) the sex of the person injured;

(3) the race of the person injured;

(4) the educational level of the person injured;

(5) any history or indications of prior wounds, burns or other injuries arising from or caused by the discharge of a gun or firearm to the person injured;

(6) the general geographic location of where the wound, burn or other injury occurred, specifying zip code and whether such location was also the residence, workplace or school of the person injured;

(7) the circumstances concerning the infliction of the wound, burn or other injury, including information as to whether such an injury was inflicted intentionally or accidentally, involved one or more persons being injured and was related to any criminal activity;

(8) the type of gun or firearm causing the injury; and

(9) the body part or parts injured and the trauma score or injury severity score, including information on survival and any long term disability.

c. Any person who fails to report a wound as required by subdivision a of this section shall be guilty of a misdemeanor and shall be liable for a civil penalty pursuant to subdivision a of section 17-133 of this chapter.

§ 2. This local law shall take effect ninety days after its enactment.

Res. No. 108

Resolution calling upon the New York State Legislature to adopt A.266/S184 "An ACT to amend the vehicle and traffic law in relation to revoking and prohibiting the issuance of a driver's license to persons convicted of making graffiti."

By Council Members Sabini, Marshall, Eisland, Koslowitz and Fusco; also Council Members Lasher and O'Donovan

Whereas, Prohibiting the defacement of property with graffiti is important in preventing the destruction and devaluation of private and public property; and

Whereas, The usual penalties of fines and jail have had little effect in deterring young people from committing graffiti vandalism; and

Whereas, A.266/S.184 would amend sections 502 and 510 of the Vehicle and Traffic Law by giving authority to the court, the superintendent of state police, and the commissioner of transportation to suspend or refuse to issue a driver's license to a person under the age of 19 for a period of not more than one year if that person has been convicted of making graffiti in violation of section 145.60 of the Penal Law; and

Whereas, According to the bill, if the person's license was previously suspended or revoked for any reason, the commissioner shall have the authority to extend the period of suspension or revocation for an additional period for no more than one year; and

Whereas, If the person convicted of making graffiti is ineligible for a driver's license by reason of age, the commissioner shall withhold issuance of a driver's license as of the date upon which such person would otherwise be eligible; and

Whereas, The commissioner shall reduce any period of revocation or withholding by one day for each hour of community service performed by the person when such person requests the opportunity to do community service and the commissioner determines the sufficiency of the community service; and

Whereas, The commissioner is authorized to issue conditional licenses to persons who have had their license suspended or revoked pursuant to this section; and

Whereas, Because a driver's license is a teenager's favorite possession, the threat of suspending or refusing to issue a license, in addition to other penalties, should have a stronger deterrent effect on graffiti vandalism; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to adopt A.266/S.184 to amend the vehicle and traffic law prohibiting the issuance of a driver's license to persons convicted of making graffiti.

Res. No. 109

Resolution calling upon the New York State Legislature to enact A.6591/S.3542, "AN ACT to amend the Vehicle and Traffic Law in relation to the disqualification of certain persons from the operation of taxicabs."

By Council Members Sabini, Duane and Fusco; also Council Member McCaffrey

Whereas, the safe operation of taxicabs is a paramount concern for the Taxi and Limousine Commission and for all residents of New York City; and

Whereas, pursuant to Section 19-505 of the Administrative Code of the City of New York, each applicant for a taxi driver license is required to be fingerprinted and investigated for possible criminal convictions; and

Whereas, applications are denied when the convictions are "directly related to the license sought, or it is determined that granting the license would create an unreasonable risk to the public"; and

Whereas, Section 509(cc) of the Vehicle and Traffic Law provides a list of crimes that disqualify individuals with convictions from the position of school bus drivers; and

Whereas, it would greatly enhance public safety and streamline administrative procedures to apply the same standards to taxi and for-hire vehicle drivers; and

Whereas, the standard delineated in Section 509(cc) of the Vehicle and Traffic Law would preclude using a conviction which is five years or more old to bar licensing a taxi driver; and

Whereas, Assembly Bill No. 6591 and Senate Bill No. 3542 would establish this more stringent standard for licensing taxi drivers; now therefore be it resolved

Resolved, That the Council of the City of New York calls upon the New York State Legislature to enact A.6591/S.3542, "AN ACT to amend the Vehicle and Traffic Law in relation to the disqualification of certain persons from the operation of taxicabs."

A LOCAL LAW to amend the administrative code of the city of New York in relation to automatic sprinkler requirements for hotels, motels, lodging houses and rooming houses.

Be it enacted by the Council as follows:

Section one. Subdivision a of section 27-353.1 of the administrative code of the city of New York is REPEALED and subdivisions b and c of such section are relettered to be subdivisions a and b.

§ 2. The heading of section 27-353.1 of such code is amended to read as follows:

§ 27-353.1 Smoke protection for [elevators and] escalators.

§ 3. Subdivision w of section 27-954 of such code is amended to read as follows:

(w) In all existing buildings classified in occupancy group J-1 [(except for "residential hotels," as such term is defined by the commissioner pursuant to rules and regulations) all]:

(1) *All* spaces listed in subdivisions (c), (d), (1), (m), (n), (o), (p} and (q), [,] of this section, except that an approved smoke detection alarm system may be installed in those locations described under subdivisions (o) and (q) in lieu of sprinklers. Such smoke detection system shall be of the supervisory type connected to an approval central station*; and*

(2) All corridors, public areas, storage closets and spaces in occupancy groups C and F; or all sleeping rooms, storage closets and spaces in occupancy groups C and F;

(3) Sprinklers required by paragraph (2) of this subdivision may be omitted at every floor above the main entrance floor where all elevators open only into elevator vestibules that have been completed on or before April first, nineteen hundred eighty-seven.

(4) Notwithstanding paragraph (2) of this subdivision, storage closets with an area of less than seventy-five square feet may be provided with smoke detectors of the central supervisory type connected to an approved central station.

(5) Notwithstanding any other provision of this code, the sprinklers serving the storage closets may be connected with the domestic water supply.

(6) Notwithstanding paragraph (2) of this subdivision, in all existing buildings classified in occupancy group J-1, a system of automatic sprinklers shall be required throughout all areas of such buildings.

(7) (A) Buildings and spaces subject to the requirements of paragraph (2) of this subdivision shall be in compliance therewith on or before December thirty-first, nineteen hundred eighty-nine.

(B) Buildings subject to the requirements of paragraph (6) of this subdivision shall be in compliance therewith on or before December thirty-first, nineteen hundred eighty-nine.

(8) Notwithstanding paragraphs (6) and (7) of this subdivision, where compliance with the time requirements set forth in such paragraphs would cause undue hardship, the commissioner, with the approval of the fire commissioner, may extend the time of compliance. Before an application for such a time extension shall be considered, all required applications and plans shall be filed and approved, permits obtained and a good faith effort towards completion of the work shall have been made.

§ 4. Such section of such code is amended by adding a new subdivision is to read as follows:

(aa) Sprinklers for escalators, where required by article five of subchapter five of this code.

§ 5. This local law shall take effect immediately, except as otherwise specifically provided herein.

Section one. Subchapter two of chapter one of title twenty-six of the administrative code is amended by adding thereto a new article ten to read as follows:

ARTICLE 10

PAINTING CONTRACTOR LICENSE

§ 26-204.1 ***Definitions.*** *For the purposes of this article:*

a. "Certificate" means the certificate of competence issued by the commissioner to an individual who has successfully completed a safety training program duly certified and approved by the commissioner.

b. "Direct employ" means that an individual performing the actual work of a painting service is an employee of the licensed painting contractor. Such employment shall be evidenced by payroll records such as social security payments, income tax withholding or the disbursement of other funds as required by law for the benefit of such employee.

c. "Licensed Painting Contractor" means an individual authorized under the provisions of this subchapter to own, operate, maintain, conduct, control or transact a painting business through which he or she solicits, contracts or otherwise agrees to perform any painting service.

d. "Painting Service" means the application of paint or other similar surface-coating material, paperhanging, paper removal, stripping, staining, varnishing, shellacking, speckling, taping or plastering.

e. "Salesperson" means any individual other than a licensed painting contractor who solicits business for or on behalf of the licensed painting contractor.

§ 26-204.2 ***Requirement of license.*** *It shall be unlawful to provide any painting service on and after January first, nineteen hundred ninety-one unless such actual work is performed by a licensed painting contractor or by an individual who holds a certificate and is in the direct employ of a licensed painting contractor.*

§ 26-204.3 ***License qualifications.*** *a. In addition to meeting the general qualifications prescribed in section 26-133 of this subchapter, all applicants for a painting contractor license or renewal of such license shall submit satisfactory proof establishing that each individual employed by the applicant as a salesperson or to perform the actual work of a painting service, holds a valid certificate issued by the commissioner.*

b. All applicants for a license shall have knowledge of and be able to pass an examination proscribed by the commissioner with respect to safety, health hazard, waste-disposal and basic material risks and factors incident to such painting business and precautions to be taken in connection therewith.

c. Any individual who, during the four consecutive years prior to the effective date of this subchapter, has been engaged as a painting contractor and has had gross annual sales generated by the provision of painting services equal to or greater than fifty thousand dollars during each of such four years, shall not be required to submit to an examination as required in subdivision b of this section and section 26-134, on the condition that such person shall submit his or her application within six months after the effective date of this article and within one year shall provide all necessary supporting proof and documents.

§ 26-204.4 ***License applications.*** *All applications for a painting contractor license shall be subject to the provisions of section 26-132 of this subchapter; and all applicants for such licenses shall comply with and be subject to the provisions of sections 26-133, 26-134 and 26-135 of this subchapter.*

§ 26-204.5 ***Insurance requirements.*** *Prior to the issuance of any painting contractor license, and any renewal thereof, the applicant shall file with the department a personal injury and property damage policy of insurance approved by the commissioner, in an amount no less than one million dollars, and satisfactory evidence of compliance with the the provisions of the state workers' compensation law and the disability benefits law.*

§ 26-204.6 ***License conditions.*** *a. All painting contractor licenses shall be conditioned upon and subject to the provisions of sections 26-136 through 26-139 of this subchapter.*

b. Every licensed painting contractor shall display prominently to the public on the mace where his or her business is conducted, a metal plate or sign marked with the words "painting contractor" and his or her license number immediately thereunder.

c. All business vehicles, advertising and stationery used in connection with work or services requiring a painting contractor license shall display prominently the full name of the licensee, the words "licensed painting contractor", the license number and business address. If the business is conducted under a trade name, or by a partnership, corporation or other business entity, the trade name, partnership, corporate or other business entity name shall be placed immediately above the full name of the licensee.

§ 26-204.7 ***Exemptions.*** *The provisions of this article shall not be required for any contractor or other individual whose annual sales generated by the provision of painting services, as evidenced by the previous year's cross tax report, are less than one hundred thousand dollars.*

§ 26-204.8 ***License fees.*** *The fee for a painting contractor license shall be one hundred dollars; and the annual renewal fee shall be fifty dollars.*

§ 2. This local law shall take effect immediately.

By Council Members Spigner and McCaffrey

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the installation of blocked flue cut-off switches in gas fueled central heating and hot water systems.

Be it enacted by the Council as follows:

Section one. Article nine of chapter two of the administrative code of the city of New York is hereby amended by adding a new section 27-2036.1 to read as follows:

§ 27-2036.1 ***Blocked flue cut-off switch.*** *— a. All gas fueled hot water heaters with a hundred thousand BTU or greater input, and all gas fueled central heating plants shall be equipped with an effective blocked flue cut-off switch. Such switch shall provide protection by automatically shutting off the burner in the event of a back draft caused by a blockage in the flue or outlet pipe. Such switch shall be designed so as to prevent the restarting of the burner unless the cut-off device is first reset manually.*

b. Any gas fueled water heater or central heating plant lawfully in existence of the effective date of this statute shall within six months of such date comply with the provisions of this section.

§ 2. This local law shall take effect ninety days after enactment.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring the department of buildings to conduct structural inspections of those multiple dwellings that have a dangerous number of hazardous or immediately hazardous violations and the department of housing preservation and development to correct structural defects when the owner fails to do so.

Be it enacted by the Council as follows:

Section 1. Article 21 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is amended by adding thereto a new section 27-212.1 to read as follows:

§ 27-212.1 Mandatory structural inspections. a. The commissioner shall order a structural inspection of any multiple dwelling referred by the department of housing Preservation and development Pursuant to subdivision b of section 27-2096.1 of this code.

b. Where an inspection of a multiple dwelling pursuant to subdivision a reveals a structural defect, the department shall issue a notice of violation directing the respondent to correct such condition as provided in section 26-126.2 of this code.

c. Where the condition is not certified as corrected within the time specified in subdivision a of section 26-126.2 or within such further time as may be provided by the environmental control board pursuant to subdivision b of section 26-126.2. the department shall notify the department of housing preservation and development, which shall correct such condition pursuant to subdivision a of section 27-2125.

Section 2. Article one of subchapter four of chapter two of title 27 of the administrative code of the city of New York is amended by adding thereto a new section 27-2096.1 to read as follows:

§ 27-2096.1 Mandatory referral and repair. a. For purposes of this section. the following terms shall be defined as follows:

1. "Violations of record." Violations of chapter two of title twenty-seven of this code.

2. "Dangerous number of violations of record." i. Twenty-five or more violations of record that are classified as immediately hazardous; or

ii. Fifty or more violations of record that are classified as hazardous or immediately hazardous; or

iii. Any number of violations of record that are classified as hazardous or immediately hazardous equal to the total number of dwelling units in the multiple dwelling.

b. After identifying a multiple dwelling that contains a dangerous number of violations of record, the department shall notify the department of buildings of such identification and the department of buildings shall conduct a structural inspection of such multiple dwelling pursuant to subdivision a of section 27-212.1 of this code.

c. If a structural defect is referred to the department by the department of buildings Pursuant to subdivision c of section 27-212.1, the department shall correct such condition pursuant to subdivision a of section 27-2125.

§ 3. This local law shall take effect thirty days after its enactment into law.

Int. No. 227

By Council Members Spigner, Watkins, Leffler and White

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the repair of leaks occurring in certain portions of service pipes by the department of environmental protection.

Be it enacted by the Council as follows:

Section 1. Section 24-316 of the administrative code of the city of New York is amended to read as follows:

§ 24-316 Leaking tap or service pipe to be repaired. a. As used in this section:

1. "tap" means a connection made between a city-owned pipe or main supplying water and a service pipe.

2. "service pipe" means a pipe used to carry water from a tap to a house control valve, a building or other enclosure or a point at which the water supply is fully metered.

b. *i.* When a test made by the department of environmental protection indicates that there is a leak at a tap or in a service pipe *and such leak is located in the portion of the service pipe that extends from the property line to the city-owned water main pipe*, if conditions permit, a notice shall be served by a representative of such department upon the owner or occupant of the premises being supplied by such tap or service pipe. The notice shall *indicate that all necessary repairs shall be made by the department or its designee as provided in subsection d.*

ii. If such leak is located in the portion of the pipe that extends from the dwelling to the property line the notice shall direct that all necessary repairs be made by the property owner to stop the leak.

c. *i.* In the event that a tap is shut off by the department because of a leak *in the portion of the service pipe that extends from the property line to the city-owned water main pipe*, the owner or occupant of the affected premises shall be notified that the tap has been closed and that *the department will engage* a licensed plumber *within three days* [should be engaged] to make the necessary repair and take charge of the street excavation. If *the department* [the owner or occupant] fails within three days after notice, [excepting emergencies as determined by the commissioner] to engage a licensed plumber, the tap shall remain closed and the *owner or occupant may engage a licensed plumber to make the necessary repairs. If such repairs are paid for by the owner or occupant, such owner or occupant shall be entitled to reimbursement from the department for the cost of such necessary repairs upon submission of a paid invoice to the department. Reimbursement shall be forwarded to the owner/occupant within 45 days of receipt by the department of a paid invoice. If such reimbursement is not paid within this 45 day period, interest will begin accruing upon such amount due at the rate of interest as established jointly by the comptroller and office of management and budget, and published in the City Record, for the prompt payment of vendor invoices.*

ii. In the event that a tap is shut off by the department because of a leak in the portion of the service pipe that extends from the dwelling to the property line, the owner or occupant of the affected premises shall be notified that the tap has been closed and that a licensed plumber should be engaged to make the necessary repair and take charge of the street excavation. If the owner or occupant fails within three days after notice, excepting emergencies as determined by the commissioner to engage a licensed plumber, the tap

shall remain closed and the department of environmental protection shall backfill the excavation.

d. If the department lacks a sufficient number of licensed plumbers in-house, the department shall within six months of enactment of this local law, establish a list of pre-qualified licensed plumbers to be utilized on a rotating basis to perform the repairs on leaks occurring in the portion of the service pipe that extends from the property line to the city-owned water main pipe.

§ 2. Sections 24-317 of the administrative code of the city of New York is amended to read as follows:

b. All expenses incurred by or on behalf of the department for services performed pursuant to section 24-316(c)(ii) of this code shall constitute a lien upon the land and buildings upon or in respect to which, or either of which, the work required by such order has been done, or expenses incurred, when the amount thereof shall have been definitely computed as a statement of account by the department and such department shall cause to be filed in the office of the city collector an entry of the account stated in the book in which such charges against the premises are to be entered. Such lien shall have a priority over all other liens and encumbrances except for the lien of taxes and assessments. However, no lien created pursuant to this section shall be enforced against a subsequent purchaser in good faith or mortgagee in good faith unless the requirements of subdivision a of this section are satisfied; this limitation shall only apply to transactions occurring after the date such record shall have been entered pursuant to subdivision a and the date such entry was made.

§ 3. This law shall take effect immediately.

Res No. 110

Resolution calling upon the New York City Health and Hospitals Corporation to make permanent, the Firearm Pilot Program initiated in two Health and Hospitals Corporation facilities.

By Council Member Spigner; also Council Members Clarke and Leffler

Whereas, A Firearm "Pilot Program" was established in June of 1993, by New York City, Local 237 IBT, and the Health and Hospital Corporation, to include both Lincoln and Kings County Hospital; and

Whereas, The Fireman Pilot Program was created for the purpose of addressing the issue of the increased reported incidents of violent serious crimes at the City's public hospitals; and

Whereas, The level of violence in many neighborhoods serviced by the public hospitals in the City of New York remains at an historically high level; and

Whereas, Said Firearm Pilot Program was designed to demonstrate the deterrent effect that armed security personnel would have in our City's hospitals and to provide those individuals the necessary protective equipment to carry our their mission to protect life and property and to maintain a safe and secure hospital environment; and

Whereas, There have been few if any negative incidents, and surely no major negative incidents involving Health and Hospital Corporation Police Officers who have participated in the Firearm Pilot Program; and

Whereas, There have been numerous incidents since this program was established, where the presence of armed Hospital Police Officers at Lincoln and/or Kings County Hospital have helped to prevent serious injury; facilitated the disarming of members of the public carrying deadly weapons onto hospital premises; and deterred countless other potentially dangerous situations from occurring due to the mere presence of armed Hospital Police Officers at both these facilities; and

Whereas, It makes good operational sense for the Health and Hospitals Corporation to convey a sense of safety and security to the citizens of this City who look to the facilities of the Health and Hospitals Corporation for their safety as well as the safety of their family's health care; and

Whereas, The individual Hospital Police Officers who have participated in the Firearm Pilot Program, have demonstrated a high level professionalism; and

Whereas, The New York City Police Department has done an outstanding job in the oversight, screening, investigation and training of the hospital police officers who have participated in the Firearm Pilot Program; now, therefore, be it

Resolved, That calling upon the New York City Health and Hospitals Corporation to make permanent, the Firearm Pilot Program initiated in two Health and Hospitals Corporation facilities.

CHARTER REVISION COMMISSION

■ NOTICE

The New York City Charter Revision Commission is changing the location of its scheduled August 18th public meeting. The meeting has been moved to 2 Washington Street 19th Floor, in Manhattan. The Commission will vote to approve or disapprove amendments to the City Charter to be placed on the November ballot changing the City's campaign finance system. The proposal is intended to ensure the independence of the Campaign Finance Board, prevent corruption by banning campaign contributions from groups doing business with the City and reduce the influence of "soft money" in New York City elections. The text of the proposal is available from the Charter Revision Commission's office and will also be posted on its Internet site.

Public Meeting

Tuesday, August 18, 1998
2 Washingtion Street 19th Floor, Meeting Room 6:00 p.m.

This Meeting is open to the public but does not provide an opportunity for public participation.

All locations are accessible to people with disabilities.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,*18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RFEI - GOVERNOR'S ISLAND – CP/2 – DUE 9-11-98 AT 3 PM – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Expressions of Interest (RFEI) for the redevelopment of Governor's Island, which is located off the southern tip of Manhattan in New York's Upper Bay. EDC is preparing a comprehensive redevelopment plan and is inviting expressions of interest regarding all areas of the Island; acceptable uses include: residential, commercial, educational, recreational and entertainment. The Island is 172 acres. The northern half consists of 102 buildings on 90 acres and is designated as an Historic District. The southern 82 acres were built on landfill and offer the greatest potential for supporting new construction. Most recently, the island was occupied by the U.S. Coast Guard and housed a community of 4,000 military personnel and family members. Submission guidelines and requirements are outlined within the RFEI, which is available from EDC. All requests should be directed to Cheryl Elmore at 212-312-3969. If contacting her by e-mail at info@newyorkbiz.com. please use code 005-GI in the subject line. TEMPORARY AND LONG TERM PARALEGAL SERVICES – 02599X000121 – DUE 8-17-98 AT 5 PM – The City of New York Law Department ("Department") intends to enter into negotiations with one or more qualified firms to award one or more contracts for the provision of temporary and long term paralegal services in support of litigation. Contract award will be by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals and that it is not in the best interest of the City, and because award of the contract by Negotiated Acquisition is justified. The Department seeks Expressions of Interest from organizations regularly engaged in providing a high volume of temporary and long term Paralegal personnel to large law firms, legal departments or government agencies having at least 100 attorneys on staff. All Expressions of Interest must be submitted on the Department's Statement of Qualifications ("SOQ") form, which can be picked up at the Fourth Floor East Reception Desk, New York City Law Department, 100 Church Street, New York, N.Y. 10007, between the hours of 9:00 AM and 5:00 PM, Monday through Friday, from August 5, 1998 through August 17, 1998. Completed SOQs must be submitted to Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 3-185, New York, N.Y. 10007, no later than the due date specified in this notice.

ISSUE DATE: 07/17/98	DOCKET #: 990052	SRA #: SRA 99-0357
ADDRESS: BRYANT PARK-TKT KIOSK BRYANT PARK SCENIC LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1257 / 1

To the Mayor, the Council, and the Executive Director, Bryant Park Restoration Corp..

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to modify an existing ticket kiosk at the northwest corner of Bryant Park. The proposed work includes removing infill at the walls of the kiosk and installing new infill consisting largely of video monitors; and installing short, red canvas, pull-down screens with MSG/Metro logos beneath the existing fixed canvas canopies. The proposed work is described on two drawings from Gensler and in photographs, all submitted as components of the application.

The Commission notes that the designation report describes Bryant Park as a formal French-style garden designed in 1933 by Lusby Simpson. The Commission further notes that the park was reconstructed and partially redesigned by Hanna/Olin in 1988-91, and that this ticket kiosk and its twin on the small paved plaza at the northwest corner of the park were installed approximately 10 years ago as part of the overall reconstruction.

With regard to this proposal, the Commission finds that the visible components of the infill changes consist of video screens set within the wall openings, which will not affect the bulk or overall design character of the kiosk; that when not in use the monitors will be covered by existing recessed security screens, and thus the appearance of the kiosk infill at these times will not change; that the pull-down, red canvas screens with logos represent a minor addition to the existing canvas canopies and are harmonious in material, scale, and design with the existing structure; and that the scope of these changes, along with the kiosk location at a corner of the park and outside the park proper ensure that the work will have no effect on the significant landscape features of Bryant Park. Based on these findings, the proposed work is determined to be appropriate to the Bryant Park Scenic Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
07/07/98	983472	SRB 99-0081

ADDRESS	BOROUGH:	BLOCK/LOT:
30 LAFAYETTE AVENUE BROOKLYN ACADEMY OF MUSIC HISTORIC DISTRICT BROOKLYN ACADEMY OF MUSIC	MANHATTAN	2111 / 15

To the Mayor, the Council, and the Commissioner, Department of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to undertake exterior masonry soundings, probes, removals, and some repairs at the Brooklyn Academy of Music. The proposed work is described on 5 drawings annotated by Robert Silman Associates and dated 7-16-97; in photographs; in a Facade Observation Report prepared by Robert Silman Associates and dated July 16, 1997; in a letter from Silman Assoc. to Hardy Holzman Pfeiffer Associates dated November 21, 1997; and in a letter from Fredric Bell, Dept. of Design and Construction dated January 13, 1988, all of which have been submitted by the Department of Design and Construction as components of the application.

The Commission notes that the designation report describes the building as a neo-Italian Renaissance style theater designed by Herts and Talant and completed in 1908. The report also notes that the terra-cotta parapet and elaborate cornice were removed in 1953. The Commission further notes that it has twice approved proposals for restoration of the parapet and cornice, but that this work has not been undertaken.

With regard to this proposal, the Commission finds that the soundings, probes, and unspecified removals of brick and terra-cotta facade elements are made necessary by the deteriorated condition of these features; that, as stated in the letter from Fredric Bell, the removals will be limited to units or fragments which are determined to pose a threat to safety, contract documents will be prepared to document the removals and to provide drawings and specifications for the repair and restoration of the affected areas, and removed pieces suitable for reinstallation will be salvaged and stored for reuse; that reconstruction of certain brick elements on the developed facades with custom brick matching exactly the size, color, and texture of the existing brick and with mortar matching the composition, color, texture, and tooling of existing mortar will return these areas to sound condition and original appearance; and that repointing of certain areas of undeveloped facades with mortar matching the composition, color, texture, and tooling of existing mortar will restore these areas to sound condition and historic appearance. Based on these findings, the proposed work is approved.

Please notify the Commission when samples of replacement bricks and pointing are available for review. Please also provide the Commission with the documentation for removals identified above and with a description of the manner and location of storage of removed masonry units. Finally, please provide a copy of the drawings and one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its records.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADVISORY REPORT

ISSUE DATE:	DOCKET #:	CRA #:

ADDRESS	BOROUGH:	BLOCK/LOT:
72ND STREET-SUBWAY IRT 72nd St. Station Underground Interior INTERIOR LANDMARK	MANHATTAN	7777777 / 7777777

To the Mayor, the Council, and the President, New York City Transit.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

At the public meeting of July 14, 1998, following the public hearing of May 26, 1998, the Landmarks Preservation Commission reviewed a proposal to relocate a portion of the designated track wall, to reconstruct the wall with new or salvaged mosaic bands and carpet panels and new white glass tiles to match the historic wall design, to restore mosaics at the remainder of the track walls, remove glass and ceramic white tile panels, install matching new white glass tile panels, and install additional mosaic carpet panels matching the original pattern in areas of former platform extensions. The proposed work is described in a plan of the platform level, photographs, and rendered track wall elevations, all prepared and submitted by Gruzen Samton and Richard Dattner, Associated Architects.

The Commission noted that the designation report describes the station interior as one of the original IRT contract 1 subway stations completed in 1904 and designed by William B. Parsons and Heins & La Farge. The Commission also noted that this is one of many work components proposed to improve service at the 72nd Street IRT subway station, and that two of these components--alterations to Verdi Square, a scenic landmark, and restoration of the historic control house and its site, an individual landmark--have been reviewed separately by the Commission and found appropriate, while other components are not within the Landmarks Commission's jurisdiction.

In reviewing this proposal, the Commission found that most of the designated walls will remain intact and be restored, thus preserving the historic configuration and fabric; and that the small portion of the walls to be relocated will be rebuilt to match the existing in configuration, material, and design, thus maintaining a consistent and harmonious treatment of these walls as intended in the original station design; that the introduction of new mosaic carpet panels replicating the historic pattern will make other portions of the station walls consistent with the original design; and that the new white glass tiles will help maintain the historic character of the wall panels. Based on these findings, the proposed work was determined to be appropriate to the Interboro Rapid Transit 72nd Street Station Interior Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ■ NOTICE

NOTICE OF EXTENSION ON THE PUBLIC REVIEW AND COMMENT PERIOD FOR NYCDOT'S DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR LEAD PAINT REMOVAL OPERATIONS ON NYCDOT BRIDGES

The New York City Department of Transportation (NYCDOT) has prepared a Draft Environmental Impact Statement (DEIS) analyzing the potential effects of abrasive blasting and alternative methods of lead paint removal on public health and the environment, and the adequacy of the proposed containment system to protect against such effects during paint removal activities on NYCDOT bridges.

In response for additional opportunities for the public to review and comment on the DEIS for Paint Removal Operations on NYCDOT Bridges, NYCDOT has extended the public review and comment period from July 30, 1998 to August 24, 1998. Written comments will be accepted by the lead agency on or before August 24, 1998 and should be sent to the Office of Project Analysis/CEQR, New York City Department of Transportation, 40 Worth Street, New York, NY 10013, ATN: Naim Rasheed, Director, Tel: (212) 676-1680, Fax: (212) 442-7912.

The full DEIS is available for public review at NYCDOT's Office of Project Analysis/CEQR and at the NYC Office of Environmental Coordination, Municipal Building, 25th Floor, New York, NY 10007.

SCHOOL CONSTRUCTION AUTHORITY

■ **NOTICE**

Notice of Determination and Findings

PLEASE TAKE NOTICE THAT the New York School Construction Authority ("Authority"), pursuant to §204 of the New York State Eminent Domain Procedure Law ("EDPL"), has made the following determination and findings relating to the P.S. 6-Staten Island School Construction Project (the "Project"): (1) the public purpose of the Project is to allow for the construction of a 900 seat primary school to relieve overcrowding in School District 31; (2) the Project site, Block 7760, Lots 1, 3, 7, 9, 11, 13, 15, 16, 18, 20, 22, 25, 27, 30, 33, 35, 39, 40, 42, 44, 47, 50, 52, 58, 61, 68, 71, 73, 76, 79, 82, and the intervening street bed of Beecher Place between Page Avenue and Powers Street, bounded by Academy Avenue, Powers Street, Bartow Avenue, and Page Avenue, in the Borough of Staten Island, was selected because it is in an area in need of relief from school overcrowding, will require no residential relocation, is adequate in site and topography, and has utilities available; (3) the Authority has issued a Final Environmental Impact Statement under the New York State Environmental Quality Review Act for the Project; and (4) the Authority has determined that it should exercise its powers of condemnation under EDPL to implement the Project.

A complete copy of the Authority's determination and findings will be forward without cost upon written request directed to the Authority's Legal Department, 30-30 Thomson Avenue, Long Island City, New York 11101.

The Invocation was delivered by Rabbi Jonathan Glass, Civic Center Synagogue, 49 White Street, New York, New York 10013.

INVOCATION

Men and Women of the City Council,

The Book of Esther, celebrated through the holiday of Purim, is the Biblical story of an endangered minority which achieved its salvation through Divine guidance. So too our history is that of a nation dedicated to protecting the rights of all its citizens.

It is my blessing that just like the oppressed of that generation found their salvation, so too let there be peace for the people of Ireland and the Middle East speedily in our days.

Amen.

Council Member Povman Moved that the invocation be spread in full upon the Minutes and adopted.

Adoption of Minutes

Council Member Eristoff Moved that the Minutes of the Stated Meeting of Thursday, February 5, 1998 be adopted and printed.

Communication from the Mayor — Submitting the name of Gerard M. Weisberg to the City Council for its advice and consent for his reappointment as a member of the New York City Civil Service Commission, pursuant to Chapter 35, Section 812 of the New York City Charter.

March 12, 1998

Honorable Peter F. Vallone
Speaker
New York City Council
City Hall
New York, New York 10007

Dear Mr. Speaker:

Pursuant to the powers vested in me by Chapter 35, Section 812 of the New York City Charter, I am pleased to present the name of Gerard M. Weisberg to the City Council for its advice and consent for his reappointment as a member of the City Civil Service Commission.

Mr. Weisberg's reappointment will be for the remainder of a six-year term which commenced on March 22, 1997 and will expire on March 21, 2003. Mr. Weisberg is a member of the Liberal Party.

Thank you for your prompt consideration of this matter.

Sincerely,

Rudolph W. Giuliani
Mayor

Referred to the Committee on Rules, Privileges and Elections.

Communication from the Mayor — Submitting the name of Michele H. Bogart to the City Council for its advice and consent for her appointment as a member of the New York City Art Commission, pursuant to Chapter 37, Section 851 of the New York City Charter.

February 24, 1998

Honorable Peter F. Vallone
Speaker
New York City Council
City Hall
New York, New York 10007

Dear Mr. Speaker:

Pursuant to the powers vested in me by Chapter 37, Section 812 of the New York City Charter, I am pleased to present the name of Michele H. Bogart to the City Council for its advice and consent for her appointment as a member of the New York City Art Commission.

Ms. Bogart will serve as a lay member and will fill a vacant position formerly held by Suzanne Randolph. Her appointment will be for the remainder of a three year term which will expire on December 31, 2000.

Thank you for your prompt consideration of this matter.

Sincerely,

Rudolph W. Giuliani
Mayor

Referred to the Committee on Rules, Privileges and Elections.

Communication from the Mayor — "AN ACT to amend the local finance law, in relation to the sale of bonds and notes of the City of New York, the refunding of bonds and the down payment for projects financed by bonds; and to amend the New York state financial emergency act for the city of New York, in relation to a pledge and agreement of the state." A.9428/S.6155

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate bill No. 6155 and the Assembly bill (No. A.9428) entitled "AN ACT to amend the local finance law, in relation to the sale of bonds and notes of the City of New York, the refunding of bonds and the down payment for projects financed by bonds; and to amend the New York state financial emergency act for the city of New York, in relation to a pledge and agreement of the state."

It is hereby declared that a necessity exists for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

(Signed) Rudolph W. Giuliani

AN ACT to amend the local finance law, in relation to the sale of bonds and notes of the city of New York, the refunding of bonds and the down payment for projects financed by bonds; and to amend the New York state financial emergency act for the city of New York, in relation to a pledge and agreement of the state

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph (a) of section 54.10 of the local finance law, as amended by chapter 209 of the laws of 1997, is amended to read as follows:

(a) To facilitate the marketing of any issue of bonds or notes of the city of New York [~~issued on or before June thirtieth, nineteen hundred ninety-eight~~], the mayor and comptroller of such city may[~~,subject to the approval of the state comptroller and the limitations on private sales of bonds and notes, respectively, provided by law~~]:

(i) arrange for the underwriting of its bonds or notes through negotiated agreement or public letting, and provide for compensation for services rendered in connection with such underwriting by negotiated fee or by sale of such bonds or notes to an underwriter at a price of less than the sum of par value of, and the accrued interest on, such obligations;

(ii) arrange for the private sale of its bonds or notes through negotiated agreement, and provide for compensation for services rendered in connection with such sales by negotiated fee or by sale of such bonds or notes at a price of less than the sum of par value of, and the accrued interest on, such obligations;

(iii) provide for redemption of its bonds or notes on such date or dates prior to the date of their maturity at a price or prices and pursuant to such terms as may be determined by the city at the time of the issuance thereof, notwithstanding any limitation set forth in section 53.00 of this chapter. The cost of such underwriting or private placement together with other costs of the issuance of obligations, shall be deemed a part of the cost of the objects or purposes financed by an issue of obligations.

§ 2. Paragraph a of section 57.00 of the local finance law, as amended by chapter 209 of the laws of 1997, is amended to read as follows:

a. Bonds shall be sold only at public sale and in accordance with the procedure set forth in this section and sections 58.00 and 59.00 of this chapter, except as otherwise provided in this paragraph. Bonds may be sold at private sale to the United States government or any agency or instrumentality thereof, the state of New York municipal bond bank agency, to any sinking fund or pension fund of the municipality, school district or district corporation selling such bonds, or, in the case of sales by the city of New York [~~prior to July first, nineteen hundred ninety-eight~~], also to the municipal assistance corporation for the city of New York or to any other purchaser with the consent of the mayor and the comptroller of such city [~~and approval of the state comptroller~~], or, in the case of bonds or other obligations of a municipality issued for the construction of any sewage treatment works, sewage collecting system, storm water collecting system, water management facility, air pollution control facility or solid waste disposal facility, also to the New York state environmental facilities corporation. Bonds of a river improvement or drainage district established by or under the supervision of the department of environmental conservation may be sold at private sale to the State of New York as investments for any funds of the state which by law may be invested, provided, however, that the rate of interest on any such bonds so sold shall be approved by the water power and control commission and the state comptroller. Bonds may also be sold at private sale as provided in section 63.00 of this chapter. No bonds shall be sold on option or on a deferred payment plan, except that options to purchase, effective for a period not exceeding one year, may be given:

1. in any case to the state of New York municipal bond bank agency with respect to any bonds or bond anticipation notes; and

2. in the case of a municipality to the New York state environmental facilities corporation with respect to bonds or other obligations issued for the construction of any sewage treatment works, sewage collecting system, storm water collecting system, water management facility, air pollution control facility or solid waste disposal facility. A loan commitment may also be entered into by and between a municipality, and the state of New York municipal bond bank agency and by and between a municipality and the New York state environmental facilities corporation, such commitment to be fulfilled by the purchase of the bonds or other obligations referred to therein by such agency or such corporation, as the case may be. As used in this paragraph, the term "sinking fund" means a fund required by law to be established and maintained for the purpose of amortizing indebtedness evidenced by sinking fund bonds issued pursuant to the provisions of this chapter or issued by any municipality, school district or district corporation under any other law.

§ 3. Subdivision 3 of paragraph g of section 90.00 of the local finance law, as amended by chapter 209 of the laws of 1997, is amended to read as follows:

3. Outstanding bonds may, pursuant to a power to recall and redeem or with the consent of the holders thereof, be exchanged for refunding bonds (i) if the refunding bonds are to bear interest at a rate equal to or lower than that borne by the bonds to be refunded or (ii) if, in the case of the. city of New York [~~prior to July first, nineteen hundred ninety-eight~~], the annual payment required for principal and interest on the refunding bond is less than the annual payment required for principal and interest on the bond to be refunded, in each case such annual payments to be determined by dividing the total principal and interest payments due over the remaining life of the bond by the number of years to maturity of the bond or (iii) if the bonds to be refunded were issued by the city of New York [~~after June thirtieth, nineteen hundred seventy-eight ad prior to July first, nineteen hundred ninety-eight~~] and contain covenants referring to the existence of the New York state financial control board for the city of New York or any other covenants relating to matters other than the prompt payment of principal and interest on the obligations when due and the refunding bond omits or modifies any such covenant.

§ 4. Subdivision 8 of paragraph d of section 107.00 of the local finance law, as amended by chapter 209 of the laws of 1997, is amended to read as follows:

8. Notwithstanding any other provision of law, the financing by the city of New York [~~prior to July first, nineteen hundred ninety-eight~~] of any object or purpose which has a period of probable usefulness determined by law by the issuance of any bonds or notes, including (i) the issuance of bonds or notes to obtain reimbursement for funds heretofore advanced for the object or purpose for which the bonds or notes are being issued, (ii) the issuance of bonds or notes to redeem notes previously issued for the object or purpose for which the bonds or notes are being issued or (iii) the issuance of bonds to refund bonds previously issued for the object or purpose for which bonds are being issued.

§ 5. Subdivision 1 of section 10-a of section 2 of chapter 868 of the laws of 1975, constituting the New York state financial emergency act for the city of New York, as amended by chapter 209 of the laws of 1997, is amended to read as follows:

1. In the event that after the date on which the provisions of this act become operative, any notes or bonds are issued by the city [~~prior to July 1, 1998,~~] or [~~any bonds are issued~~] by a state financing agency, the state of New York hereby authorizes the city and authorizes and requires such state financing agency to include a pledge and agreement of the state of New York in any agreement made by the city or such state financing agency with holders or guarantors of such notes or bonds that the state will not take any action which will (a) substantially impair the authority of the board during a control period, as defined in subdivision twelve of section two of this act as in effect on the date such notes or bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of section eight of this act as in effect on the date such notes or bonds are issued and paragraph b of such subdivision as in effect from time to time, (ii) to disapprove a contract of the city or a covered organization if the performance of such contract would be inconsis-

tent with the financial plan or to approve or disapprove proposed short-term or long-term borrowing of the city or a covered organization or any agreement or other arrangement referred to in subdivision four of section seven of the act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund of city revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the city or the covered organizations and proposed short-term or long-term borrowings of the city and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the city; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the state of New York elected in a state-wide election or appointees of the governor; (e) terminate the existence of the board prior to the time to be determined in accordance with section thirteen of this act as in effect on the date such notes or bonds are issued; (f) substantially modify the requirement that the city's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in subdivision twelve of section two, as in effect on the date such notes or bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding notes and bonds of the city or such state financing agency containing this pledge and agreement and irrevocable instructions from the city or such state financing agency to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such notes and bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged; and provided further that the foregoing pledge and agreement shall be of full force and effect upon its inclusion in any agreement made by the city or state financing agency with holders or guarantors of such notes or bonds.

Upon payment for such obligations issued pursuant to this act by the original and all subsequent holders inclusion of the foregoing covenant shall be deemed conclusive evidence of valuable consideration received by the state and city for such covenant and of reliance upon such pledge and agreement by any such holder. The state hereby grants any such benefited holder the right to sue the state in a court of competent jurisdiction and enforce this covenant and agreement and waives all rights of defense based on sovereign immunity in such an action or suit.

§ 6. Separability. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 7. This act shall take effect immediately.

AN ACT to amend the public officers law, the civil service law, the criminal procedure law, the executive law, the penal law, and the administrative code of the city of New York, in relation to the integrity of police and other public officers

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph e of subdivision 1 of section 30 of the public officers law, as amended by chapter 454 of the laws of 1987, is amended to read as follows:

e. His *or her* conviction of a felony, or a crime involving a violation of his or her oath of office, provided, however, that *(i) with respect to a non-elected official in a city with a population of one million or more, where such public official is convicted of a felony involving his or her oath of office or other crime involving his or her oath of office, such vacancy shall be deemed to have occurred on the date of the first act or omission constituting an element of such felony or other crime, such date to be determined by reference to the statement or statements contained in the accusatory instrument upon which the conviction is based; (ii) no official actions of such non-elected official in such city taken prior to the conviction of such felony or other crime, and subsequent to the date of the first act or omission constituting an element of such felony or other crime, as determined herein, shall be deemed invalid, except where such action was taken in furtherance of the commission of such felony or other crime and such city obtains from a court of competent jurisdiction a judgment invalidating such action; and (iii)* a non-elected official may apply for reinstatement to the appointing authority upon reversal or the vacating of such conviction where the conviction is the sole basis for the vacancy. After receipt of such application, the appointing authority shall afford such applicant a hearing to determine whether reinstatement is warranted. The record of the hearing shall include the final judgment of the court which reversed or vacated such conviction and may also include the entire employment history of the applicant and any other submissions which may form the basis of the grant or denial of reinstatement notwithstanding the reversal or vacating of such conviction. Notwithstanding any law to the contrary, after review of such record, the appointing authority may, in its discretion, reappoint such non-elected official to his *or her* former office, or a similar office if his *or her* former office is no longer available. In the event of such reinstatement, the appointing authority may, in its discretion, award salary or compensation in full or in part for the period from the date such office became vacant to the date of reinstatement or any part thereof;

§ 2. Subdivision 3-a of section 75 of the civil service law, as added by chapter 753 of the laws of 1990, is amended to read as follows:

3-a. Suspension pending determination of charges and penalties relating to police officers of the police department of the city of New York. Pending the hearing and determination of charges of incompetency or misconduct, a police officer employed by the police department of the city of New York may be suspended without pay for a period not exceeding thirty days, *except that where such charges involve criminal conduct, a police officer may in addition be suspended without pay during the pendency of a criminal action in which such police officer is a defendant charged with a crime.* If such officer is found guilty of the charges, the police commissioner of such department may punish the police officer pursuant to the provisions of sections 14-115 and 14-123 of the administrative code of the city of New York.

§ 3. Subdivision 4 of section 75 of the civil service law, as amended by chapter 197 of the laws of 1995, is amended to read as follows:

4. Notwithstanding any other provision of law, no removal or disciplinary proceeding shall be commenced more than [eighteen months] *three years* after the occurrence of the alleged incompetency or misconduct complained of and described in the charges or, in the case of a state employee who is designated managerial or confidential under article fourteen of this chapter, more than one year after the occurrence of the alleged incompetency or misconduct complained of and described in the charges, provided, however, that such limitations shall not apply where the incompetency or misconduct complained of and described in the charges would, if proved in a court of appropriate jurisdiction, constitute a crime.

§ 4. Paragraph (d) of subdivision 1 of section 160.50 of the criminal procedure law, as amended by chapter 169 of the laws of 1994, is amended to read as follows:

(d) such records shall be made available to the person accused or to such person's designated agent, and shall be made available to (i) a prosecutor in any proceeding in which the accused has moved for an order pursuant to section 170.56 or 210.46 of this chapter, or (ii) a law enforcement agency upon ex parte motion in any superior court, if such agency demonstrates to the satisfaction of the court that justice requires that such records be made available to it, or (iii) any state or local officer or agency with responsibility for the issuance of licenses to possess guns, when the accused has made application for such a license, or (iv) the New York state division of parole when the accused is on parole supervision as a result of conditional release or a parole release granted by the New York state board of parole, and the arrest which is the subject of the inquiry is one which occurred while the accused was under such supervision, or (v) any prospective *or current* employer or a police officer or peace officer as those terms are defined in subdivision thirty-three and thirty-four of section 1.20 of this chapter, in relation to an application for employment as a police officer or peace officer *or an administrative disciplinary investigation or proceeding concerning a currently employed police officer or peace officer*; provided, however, that every person who is an applicant for the position of police officer or peace officer *or who is the subject of an administrative disciplinary investigation or proceeding and is currently employed as a police officer or peace officer*

shall be furnished with a copy of all records obtained under this paragraph and afforded an opportunity to make an explanation thereto, or (vi) the probation department responsible for supervision of the accused when the arrest which is the subject of the inquiry is one which occurred while the accused was under such supervision; and

§ 5. Paragraph (d) of subdivision 1 of section 160.55 of the criminal procedure law, as amended by chapter 169 of the laws of 1994, is amended to read as follows:

(d) the records referred to in paragraph (c) of this subdivision shall be made available to the person accused or to such person's designated agent, and shall be made available to (i) a prosecutor in any proceeding in which the accused has moved for an order pursuant to section 170.56 or 210.46 of this chapter, or (ii) a law enforcement agency upon ex parse motion in any superior court, if such agency demonstrates to the satisfaction of the court that justice requires that such records be made available to it, or (iii) any state or local officer or agency with responsibility for the issuance of licenses to possess guns, when the accused has made application for such a license, or (iv) the New York state division of parole when the accused is under parole supervision as a result of conditional release or parole release granted by the New York state board of parole and the arrest which is the subject of the inquiry is one which occurred while the accused was under such supervision, or (v) the probation department responsible for supervision of the accused when the arrest which is the subject of the inquiry is one which occurred while the accused was under such supervision, *or (vi) any prospective or current employer of a police officer or peace officer as those terms are defined in subdivisions thirty-three and thirty-four of section 1.20 of this chapter, in relation to an application for employment as a police officer or peace officer or an administrative disciplinary investigation or proceeding concerning a currently employed police officer or peace officer; provided, however, that a person who is an applicant for the position of police officer or peace officer or who is the subject of an a administrative disciplinary investigation or proceeding and is currently employed as a police officer or peace officer shall be furnished with a copy of all records obtained under this paragraph and afforded an opportunity to make an explanation thereof*; and

§ 6. Subdivision 16 of section 296 of the executive law, as amended by chapter 208 of the laws of 1985 is amended to read as follows:

16. It shall be an unlawful discriminatory practice, unless specifically required or permitted by statute, for any person, agency, bureau, corporation or association, including the state and any political subdivision thereof, to make any inquiry about, whether in any form of application or otherwise, or to act upon adversely to the individual involved, any arrest or criminal accusation of such individual not then pending against that individual which was followed by a termination of that criminal action or proceeding in favor of such individual, as defined in subdivision two of section 160.50 *and subdivision one of section 160.55* of the criminal procedure law, *respectively,* in connection with the licensing, employment or providing of credit or insurance to such individual; provided, however, that the provisions hereof shall not apply to the licensing activities of governmental bodies in relation to the regulation of guns, firearms and other deadly weapons or in relation to an application for employment as a police officer or peace officer as those terms are defined in subdivisions thirty-three and thirty-four of section 1.20 of the criminal procedure law *or in relation to an administrative disciplinary investigation or proceeding concerning a currently employed police officer or peace officer.*

§ 7. Section 200.00 of the penal law, as amended by chapter 833 of the laws of 1986, is amended to read as follows:

§ 200.00 Bribery in the third degree.

A person is guilty of bribery in the third degree when he confers, or offers or agrees to confer, any benefit upon a public servant [upon an agreement or understanding that] *with the intent to influence* such public servant's vote, opinion, judgment, action, decision or exercise of discretion as a public servant [will thereby be influenced].

Bribery in the third degree is a class D felony.

§ 8. Section 200.03 of the penal law, as amended by chapter 833 of the laws of 1986, is amended to read as follows:

§ 200.03 Bribery in the second degree.

A person is guilty of bribery in the second degree when he confers, or offers or agrees to confer, any benefit valued in excess of ten thousand dollars upon a public servant [upon an agreement or understanding that] *with the intent to influence* such public servant's vote, opinion, judgment, action, decision or exercise of discretion as a public servant [will thereby be influenced].

Bribery in the second degree is a class C felony.

§ 9. Section 200.04 of the penal law, as added by chapter 276 of the laws of 1973, is amended to read as follows:

§ 200.04 Bribery in the first degree.

A person is guilty of bribery in the first degree when he confers, or offers or agrees to confer, any benefit upon a public servant [upon an agreement or understanding that] *with the intent to influence* such public servant's vote, opinion, judgment, action, decision or exercise of discretion as a public servant [will thereby be influenced] in the investigation, arrest, detention, prosecution or incarceration of any person for the commission or alleged commission of a class A felony defined in article two hundred twenty of [the penal law] *this chapter* or an attempt to commit any such class A felony.

Bribery in the first degree is a class B felony.

§ 10. Section 200.10 of the penal law, as amended by chapter 833 of the laws of 1986, is amended to read as follows:

§ 200.10 Bribe receiving in the third degree.

A public servant is guilty of bribe receiving in the third degree when he solicits, accepts or agrees to accept any benefit from another person upon [an agreement or understanding] *the representation* that his vote, opinion, judgment, action, decision or exercise of discretion as a public servant will thereby be influenced.

Bribe receiving in the third degree is a class D felony.

§ 11. Section 200.11 of the penal law, as added by chapter 833 of the laws of 1986, is amended to read as follows:

§ 200.11 Bribe receiving in the second degree.

A public servant is guilty of bribe receiving in the second degree when he solicits, accepts or agrees to accept any benefit valued in excess of ten thousand dollars from another person upon [an agreement or understanding] *the representation* that his vote, opinion, judgment, action, decision or exercise of discretion as a public servant will thereby be influenced.

Communication from the Mayor — "AN ACT to amend the vehicle and traffic law and the administrative code of the city of New York, in relation to the suspension of license and registration privileges of owners and operators of vehicles used in violation of a local law prohibiting unlawful dumping in a city having a population of one million or more, and to the presumption of liability of owners and the imposition of penalties on owners and operators of vehicles used in violation of section 16-119 of such code." A.5734A/S.1932

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate bill No. 1932 and the Assembly bill (No. A.5745A) entitled "AN ACT to amend the vehicle and traffic law and the administrative code of the city of New York, in relation to the suspension of license and registration privileges of owners and operators of vehicles used in violation of a local law prohibiting unlawful dumping in a city having a population of one million or more, and to the presumption of liability of owners and the imposition of penalties on owners and operators of vehicles used in violation of section 16-119 of such code."

It is hereby declared that a necessity exists for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

AN ACT to amend the vehicle and traffic law and the administrative code of the city of New York, in relation to the suspension of license and registration privileges of owners and operators of vehicles used in violation of a local law prohibiting unlawful dumping in a city having a population of one million or more, and to the presumption of liability of owners and the imposition of penalties on owners and operators of vehicles used in violation of section 16-119 of such code.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 1220-a of the vehicle and traffic law is renumbered section 1220-c and a new section 1220-a is added to read as follows:

§ 1220-a. Liability for violation of a local law prohibiting unlawful dumping in a city having a population of one million or more. 1. In a city having a population of one million or more which has adopted a local law that makes it unlawful for any person, his or her agent, employee or any person under his or her control to suffer or permit any dirt, sand, travel, clay, loam, stone, rocks, rubble, building rubbish; sawdust, shavings or trade or household waste, refuse, ashes, manure, garbage, rubbish or debris of any sort or any other organic or inorganic material or thing or other offensive matter being transported in a dump truck or other vehicle to be dumped, deposited or otherwise disposed of in or upon any street, lot, park, public place or other area whether publicly or privately owned, the owner or operator of a vehicle used in the violation of such local law who is found in violation of such local law shall be subject to the penalties imposed pursuant to subdivision two of this section in addition to any civil and criminal penalties and fines set forth in such law.

2. Notwithstanding any other provision of this chapter, where the environmental control board of a city having a population of one million or more has adjudicated any owner or operator to be in violation of a local law described in subdivision one of this section and the civil penalty therefor is not paid, such environmental control board shall notify the commissioner of motor vehicles of the judgment. Upon such notification by such environmental control board the commissioner shall suspend any license of such owner or operator to operate a motor vehicle in this state, or, if such owner or operator is unlicensed, such owner's or operator's privilege of obtaining a license issued by the commissioner, or, if such owner or operator is a non-resident, such owner's or operator's privilege of operating a motor vehicle in this state, pending payment of such penalty, and provided further, that, where the person adjudicated to be in violation of such local law is the owner of a vehicle used in the violation of such local law, the registration of such vehicle and such owner's privilege of registering or re-registering any vehicle in this state shall be suspended pending payment of such penalty. The procedures set forth in the first undesignated paragraph of subdivision seven of section five hundred ten of this chapter shall be applicable to a suspension pursuant to this subdivision.

3. Notwithstanding section one hundred fifty-five of this chapter or any other provision of law, where a person has been adjudicated by such environmental control board to be in violation of a local law described in subdivision one of this section, such adjudication shall not have the force and effect of a conviction of a traffic infraction or a violation of any provision of this chapter for any purpose not specified in this subdivision.

4. As used in this section:

(a) "Owner" shall mean an owner as defined in section one hundred twenty-eight and in subdivision three of section three hundred eight-eight of this chapter, provided, however that owner shall include any lessee or bailee of a vehicle having the exclusive use thereof, under a lease or otherwise, for any period of time.

(b) "Operator" shall mean any person that uses or operates a vehicle with or without the express or implied consent of the owner, and an owner who operates his own vehicle.

§ 2. Subdivisions c and d of section 16-119 of the administrative code of the city of New York, subdivision c as amended by local law number 29 of the city of New York for the year 1995, are amended to read as follows:

c. (1) Any person who violates the provisions of subdivision a of this section shall also be liable for a civil penalty of not less than one thousand five hundred dollars nor more than ten thousand dollars for the first offense, and not less than five thousand dollars nor more than twenty thousand dollars for each subsequent offense. In addition, every owner of a dump truck or other vehicle shall be liable for a civil penalty of not less than one thousand five hundred dollars nor more than ten thousand dollars for the first offense and not less than five thousand dollars nor more than twenty thousand dollars for each subsequent offense of unlawful dumping described in subdivision a of this section by any person using or operating the same, in the business of such owner or otherwise, with the permission, express or implied, of such owner.

(2) Any owner or operator who is found in violation of this section in a proceeding before the environmental control board and who shall fail to pay the civil penalty imposed by such environmental control board, shall be liable for the penalties imposed pursuant to section twelve hundred twenty-a of the vehicle and traffic law, in addition to any other civil and criminal fines and penalties set forth in this section.

(3) There shall be a rebuttable presumption that the-owner of a vehicle used in violation of this section directed, permitted or otherwise authorized his or her agent, employee or any other person under his or her control to commit such violation.

(4) As used in this subdivision, the [term owner shall mean an owner as defined in section one hundred twenty-eight and in subdivision three of section three hundred eighty-eight] *terms "owner" and "operator" shall have the meaning set forth in subdivision four of section twelve hundred twenty-a* of the vehicle and traffic law.

d. In the instance where the notice of violation, appearance ticket or summons is issued for a breach of the provisions of subdivision a of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which board shall have the power to impose the civil penalties hereinabove provided in subdivision c of this section, *provided further, that, notwithstanding any other provision of law, the environmental control board shall have such powers and duties as are set forth under section twelve hundred twenty-a of the vehicle and traffic law.*

§ 3. This act shall take effect one hundred twenty days after it shall have become law.

Referred to the Committee on State and Federal Legislation.

Communication from the Mayor — "AN ACT to amend the tax law, in relation to the seizure and forfeiture of vehicles used to transport unstamped or unlawfully stamped packages of cigarettes." A.6824/S.3541

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate bill No. 3541 and the Assembly bill (No. A.6824) entitled "AN ACT to amend the tax law, in relation to the seizure and forfeiture of vehicles used to transport unstamped or unlawfully stamped packages of cigarettes."

It is hereby declared that a necessity exists for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

(Signed) Rudolph W. Giuliani
Mayor

Date: March 16, 1998

AN ACT to amend the tax law, in relation to the seizure and forfeiture of vehicles used to transport unstamped or unlawfully stamped packages of cigarettes.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision (a) of section 1847 of the tax law, as added by chapter 65 of the laws of 1985, is amended to read as follows:

(a) Any peace officer designated in subdivision four *or five* of section 2.10 of the criminal procedure law, acting pursuant to his special duties, or any police officer designated in section 1.20 of the criminal procedure law may seize any vehicle or other means of transportation used to transport or for the deposit or concealment of more than one hundred unstamped or unlawfully stamped packages of cigarettes subject to tax under article twenty of this chapter, other than a vehicle or other means of transportation used by any person as a common carrier in transaction of business as such common carrier, and such vehicle or other means of transportation shall be subject to forfeiture as hereinafter in this section provided.

§ 2. This act shall take effect immediately.

Referred to the Committee on State and Federal Legislation.

Communication from the Mayor — "AN ACT to amend the general city law, the county law, the environmental conservation law, the public authorities law, the public health law and the vehicle and traffic law, in relation to authorizing the establishment of the New York city tribunal." A.3785C/S.4103C

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate bill No. 4103-C and the Assembly bill (No. A.3785-C) entitled "AN ACT to amend the general city law, the county law, the environmental conservation law, the public authorities law, the public health law and the vehicle and traffic law, in relation to authorizing the establishment of the New York city tribunal."

It is hereby declared that a necessity exists for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

(Signed) Rudolph W. Giuliani
Mayor

Date: March 16, 1998

AN ACT to amend the general city law, the county law, the environmental conservation law, the public authorities law, the public health law and the vehicle and traffic law, in relation to authorizing the establishment of the New York city tribunal.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Declaration of legislative findings and intent. A new approach to the administrative adjudication of civil fines and penalties imposed by New York city agencies is necessary to bolster the confidence of the business and general community that they are receiving fair and impartial administrative hearings. This is particularly true in light of New York city's efforts to enhance its enforcement powers for the collection of civil fines and penalties.

Currently, many of New York city's administrative law judges work for the same regulatory and enforcement agencies that are presenting the cases for adjudication. This has created at least the perception of an inherent unfairness and institutional bias on the part of the administrative law judge. Each of the adjudicatory tribunals now existing in the various New York city agencies operates under different procedural and evidentiary rules, thereby unnecessarily compounding the burden and confusion members of the public face in presenting their substantive and procedural defenses. Antiquated recordkeeping systems further inhibit the efficient resolution of administrative hearings and enforcement of judgments.

This act would authorize the creation of a consolidated administrative adjudicatory tribunal in the New York city department of finance, thereby providing to the tribunal that agency's systems and recordkeeping support. The tribunal authorized by this act, however, would be wholly separate from the authority and control of the commissioner of finance or that of any other agency of the city. The director of the tribunal would be a chief administrative law judge with all the powers of a head of an agency and would have a fixed term of five years. All administrative law judges would be appointed by the director.

It is the intent of this act that only professional qualifications, skill and judicial temperament will govern the appointment of administrative law judges, that they will be assigned to cases without regard to any institutional or budgetary influence and that both the perception and reality of fairness and impartiality will attach to their decisions.

§ 2. The general city law is amended by adding a new article 2-B to read as follows:

ARTICLE 2-B

THE NEW YORK CITY TRIBUNAL

Section 24-a. Authorization to establish the New York city tribunal.

24-b. Director.

24-c. Administrative law judges.

24-d. Jurisdiction to impose civil penalties for violations other than parking violations.

24-e. Jurisdiction to conduct adjudicatory hearings on behalf of the New York city parking violations bureau.

24-f. Jurisdiction to conduct other adjudicatory hearings for all agencies of such city.

24-g. Administrative appeals panel; interlocutory appeals.

24-h. Judicial enforcement.

24-i. Restriction on collateral use.

24-j. Collection of civil penalties.

§ 24-a. Authorization to establish the New York city tribunal. The city of New York may enact a local law establishing in the department of finance of such city the New York city tribunal in accordance with this article. The tribunal shall be responsible for the impartial administration and conduct of adjudicatory proceedings in such city. The powers, functions, duties and obligations of such tribunal shall be separate from and independent of the authority of the commissioner of finance of such city. The commissioner of finance shall have no power to appoint or remove the director of the tribunal or any personnel or administrative law judges of the tribunal, nor shall such commissioner of finance have any power or authority with regard to the operation, administration or budget of the tribunal. The tribunal shall prepare and submit to the commissioner of finance departmental estimates for the tribunal in accordance with section two hundred thirty-one of the New York city charter, for inclusion as part of the departmental estimates of the department of finance submitted to the mayor of such city. The departmental estimates prepared by the tribunal shall not be revised or altered in any manner by the commissioner of finance. All hearings of the tribunal shall be open to the public, except where closure is permitted by law and by rule of the director of the tribunal. All hearings of the tribunal shall be recorded.

§ 24-b. Director. a. The head of the tribunal shall be the director who shall be the chief administrative law judge of the tribunal and shall have all the powers of an administrative law judge pursuant to this section. The director shall be appointed by the mayor of such city for a term of five years with the advice and consent of the city council. The director shall be removable only for neglect of duty or misfeasance in office after notice and an opportunity for a hearing. Once appointed and confirmed, the director shall serve until his or her term expires and until his or her successor has been appointed and confirmed. The director shall devote his or her entire work time to the duties of the office.

b. The director shall be an attorney admitted to practice for at least five years in the state of New York and shall be knowledgeable on the subject of administrative law and procedures.

c. The director shall have the power to promulgate rules consistent with this article for the practice and procedure of the tribunal, the conduct of adjudications and the dismissal or settlement of proceedings.

d. Except as otherwise specifically provided in this article, the director shall have all the powers and responsibilities of a head of an agency holding office upon appointment of the mayor of such city and of a head of a department established by the New York city charter. The director may appoint one or more deputies.

e. The director shall develop and implement a program of evaluation to aid in the performance of his or her duties, and to assist in the making of promotions, demotions or removals. This program of evaluation shall focus on three areas of performance: competence, productivity and demeanor. It shall include consideration of: industry and promptness in adhering to schedules, making rulings and rendering decisions; tolerance, courtesy, patience, attentiveness, and self control in dealing with litigants, witnesses and representatives, and in presiding over adjudicatory proceedings; skills and knowledge of the subject of administrative law and procedures and new developments therein; analytical talents and writing abilities; settlement skills; quantity, nature and quality of case load disposition; impartiality and conscientiousness. The director shall develop standards and procedures for this program, which shall include taking comments from selected litigants and representatives who have appeared before an administrative judge. The methods used by an administrative judge but not the results arrived at by the administrative law judge in any case may be used in evaluating an administrative judge. Before implementing any action based upon the finding of the evaluation program, the director shall discuss the findings and proposed action with the administrative law judge; provided however that the director's authority pursuant to this subdivision is subject to the provisions of the civil service law and the applicable collective bargaining agreement.

f. To the extent permitted by law, the director shall publish and make available to the public all significant decisions rendered by administrative law judges and all decisions rendered by the administrative appeals panels. The director may charge a reasonable fee

for a copy of such determination or decision. Whenever any law of confidentiality prevents the publication of the identity of any of the parties, an edited version of the decision shall be prepared which shall not disclose the identities of the protected parties.

g. The director shall collect, compile, and publish statistics and other data with respect to the operations and duties of the tribunal, and submit annually to the mayor, the city council and the public a report on such operations including but not limited to, the number of hearings initiated, the number of decisions rendered, the number of partial or total reversals by the appeals panel, the number of proceedings pending, and on any recommendations of the tribunal of statutory or regulatory amendments.

h. The director shall study the subject of administrative adjudication in all its aspects, and develop programs including alternate dispute resolution including preliminary or prehearing conferences or mediation which would promote the goals of fairness, uniformity and cost-effectiveness.

i. The director shall adopt, promulgate, amend and rescind rules and regulations to carry out the provisions of this article and the policies of the tribunal in connection therewith. Such rules and regulations shall substantially comply with the New York city administrative procedure act, shall supersede any inconsistent agency rules, and shall include, but not be limited to, uniform standards and procedures, rules of practice, standards for determining when an expedited hearing will be conducted, standards for uncontested proceedings, standards for the assignment of administrative law judges and their removal from cases, and for the maintenance of records.

j. The director shall secure, compile and maintain all reports of administrative law issued pursuant to this article, and such reference materials and supporting information as may be appropriate and to establish appropriate management information systems.

k. The director shall develop and maintain a program for the continuing training and education of administrative law judges and ancillary personnel.

§ 24-c. Administrative law judges. a. The director shall appoint administrative law judges who shall be attorneys admitted to practice in the state of New York for at least three years and shall have such other qualifications as may be prescribed by the director. The director may prescribe qualifications for administrative law judges which may vary based on the type or kind of adjudicatory hearing to which such administrative law judge may be assigned.

b. Except as otherwise provided in paragraph two of this subdivision, administrative law judges other than the director and deputy directors shall be classified in the competitive and/or noncompetitive class of the classified civil service and be appointed pursuant to the civil service law. In addition to salaried administrative law judges the director may:

(1) employ qualified individuals to serve as administrative law judges on a per diem basis pursuant to established fee schedules; and

(2) contract with qualified individuals to serve as administrative law judges and compensate them for their services on a contractual basis pursuant to a reasonable fee schedule established in advance. The director may not contract with any individual who is at that time an officer or employee of such city. Administrative law judges serving on a contractual basis shall not be considered to be employees of such city.

c. The director shall pursuant to rule establish such special units within the tribunal as are appropriate to the matters before the tribunal for adjudication.

d. An administrative law judge shall not participate in any proceeding to which he or she is a party, in which he or she has been attorney, counsel or representative, if he or she is related by consanguinity or affinity to any party to the controversy within the sixth degree or where such participation is otherwise prohibited pursuant to chapter sixty-eight of the New York city charter. Administrative law judges shall ensure that all hearings are conducted in a fair and impartial manner.

e. Except as otherwise provided by law, in the conduct of an adjudication, an administrative law judge may:

(1) hold conferences for the settlement or simplification of the issues, provided that the settlement and dismissal of proceedings shall be in accordance with the rules of the director;

(2) administer oaths and affirmations, examine witnesses, rule upon offers of proof, receive evidence, and oversee, regulate, order and enforce such discovery as is appropriate under the circumstances;

(3) upon motion of any party including an agency, or upon the administrative law judge's own motion with consent of the respondent, subpoena the attendance of witnesses and the production of books, records, or other information;

(4) regulate the course of the hearing in accordance with the rules of the tribunal or other applicable law;

(5) rule on procedural requests or similar matters;

(6) make final findings of fact and final decisions, determinations or orders;

(7) where the tribunal is authorized to render a final decision, determination or order imposing civil penalties, impose such civil penalties in accordance with guidelines prescribed by rule of the affected agencies, except where he or she finds aggravating or mitigating circumstances. No such civil penalty shall exceed the maximum provided under law for the violation; and

(8) take any other action authorized by law or rule consistent therewith.

f. Unless inconsistent with this article, all hearings shall substantially comply with the requirements of the New York city administrative procedure act.

g. An administrative law judge shall render all findings of fact, decisions, determinations and orders in an expeditious manner.

h. Hearings shall be scheduled for suitable locations, taking into consideration the convenience of the witnesses and parties as well as the nature of the proceedings.

i. Unless otherwise expressly authorized by law an administrative law judge shall not communicate in connection with any issue that relates in any way to the merits of a proceeding pending before the administrative law judge with any party, witness or interested person, including an agency and its employees, except upon notice and opportunity for all parties to participate.

§ 24-d. Jurisdiction to impose civil penalties for violations other than parking violations. a. Such local law may authorize the New York city tribunal to (1) conduct proceedings for the adjudication of those violations of the New York city charter, the administrative code of the city of New York, rules promulgated pursuant thereto, and other laws enforced by agencies of such city relating to any or all of the matters set forth in subdivision c of this section for which civil penalties may be imposed, and (2) render decisions and orders and impose the civil penalties provided under law for such violations.

b. No person subject to any charges may be sentenced to a term of imprisonment upon being found guilty thereof, nor may an administrative law judge order the arrest or detention of any person, nor may an administrative law judge order the arrest or detention of any person for failure to comply with an order of the tribunal. Nothing in this article shall be deemed to add to or detract from any existing rinds to counsel.

c. The tribunal's jurisdiction pursuant to such local law may include:

(1) Provisions of the administrative code of the city of New York, the New York city charter and other laws and rules which relate to:

(a) the cleanliness of the streets;

(b) the disposal of wastes;

(c) the provision of a pure, wholesome and adequate supply of water;

(d) the prevention of air, water and noise pollution;

(e) the regulation of street peddling;

(f) the prevention of fire and danger to life and property therefrom which are within the jurisdiction of the fire department of such city and which the fire commissioner of such city shall designate by rule, except that such local law may prohibit the designation by rule of specified provisions;

(g) the construction, alteration, maintenance, use, occupancy, safety, sanitary condition, mechanical equipment and inspection of buildings or structures and the regulation, inspection and testing of wiring and appliances for electric light, heat and power in or on buildings or structures in such city which are within the jurisdiction of the department of buildings or the department of business services of such city and which the commissioner of buildings or the commissioner of business services of such city shall designate by rule, except that such local law may prohibit the designation by rule of specified provisions;

(h) the response to emergencies caused by releases or threatened releases of hazardous substances;

(i) the use and regulation of all property subject to the jurisdiction of the department of parks and recreation of such city;

(j) the reporting of information relating to the amount, location and nature of hazardous substances, and the labeling of hazardous substances;

(k) the construction, maintenance and repair and obstruction or closure of public roads, streets, highways, parkways, bridges and tunnels which are within the jurisdiction of the department of transportation of such city;

(l) the use and regulation of all property subject to the jurisdiction of the department of business services of such city;

(m) the preservation of landmarks and historic districts which are within the jurisdiction of the landmarks preservation commission of such city;

(n) abandoned vehicles; and

(o) the defacement of property.

(2) Violations of the New York city health code, the New York city charter, the administrative code of the city of New York, rules promulgated pursuant thereto and any other laws and rules enforced by the board of health or the department of health of such city.

(3) Violations of any provisions of the New York city charter, the administrative code of the city of New York, rules promulgated pursuant thereto, and any other laws and rules enforced by the department of consumer affairs of such city.

d. (1) (a) The New York city tribunal shall conduct the proceedings authorized by such local law in accordance with this subdivision and with rules promulgated by the director.

(b) Such proceedings shall be commenced by the service of notice of violation. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained therein. The notice of violation when sworn to or affirmed shall constitute the testimony of the signatory and, when filed with the New York city tribunal shall be admitted into evidence as such testimony at any hearing on the violation charged. Every such notice of violation shall state whether the facts set forth therein are known personally to the signatory and if the facts are not so known the notice of violation shall specifically identify the source of knowledge of such facts. If the respondent disputes the facts stated in the notice of violation, the administrative law judge, where appropriate, may reject the signatory's facts, accept facts the respondent offers, or direct the signatory's appearance. The administrative law judge may order the production of any test, report or other document specifically identified in the notice of violation as the source of knowledge of the facts set forth therein.

(c) (i) The form and wording of notices of violation shall be prescribed by the director. The notice of violation shall contain information advising the person charged of the manner and the time in which such person may either admit or deny the violation charged in the notice. Such notice of violation shall also contain a warning to advise the person charged that failure to plead in the manner and time stated in the notice may result in a default decision and order being entered against such person. The original or a copy of the notice of violation shall be filed and retained by the tribunal and shall be deemed a record kept in the ordinary course of business.

(ii) Every notice of violation shall identify the provision of law charged and shall set forth the factual basis for the violation. Where a notice of violation does not contain this information, it shall be dismissed at the request of the respondent or the administrative law judge may dismiss the notice of violation upon his or her own motion.

(d) Where a respondent has failed to plead within the time allowed by controlling law or, if there is no such controlling law, by the rules of the tribunal, or has failed to appear on a designated hearing date or a subsequent date following an adjournment, such failure to plead or appear may be deemed, for all purposes, to be an admission of liability and may be grounds for rendering a default decision and order imposing a penalty up to the maximum amount prescribed under law for the violation charted. A default decision and order may be opened within one year of its entry upon written application showing excusable default and a defense to the charge; a default decision and order may thereafter be opened in the discretion of the director only upon written application showing excusable default, a defense to the charge, and good cause for the delay.

(e) Any final order of the tribunal imposing a civil penalty, whether the adjudication was had by hearing or upon default or otherwise, shall constitute a judgment rendered by the tribunal against the respondent which may be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state, and may be enforced against the respondent and his, her or its property without court proceedings in the same manner as the enforcement of money judgments entered in civil actions; provided however that no such judgment shall be entered which exceeds the jurisdiction of the civil court of the city of New York with respect to actions and proceedings for the recovery of money as provided in section two hundred two of the New York city civil court act.

(f) Notwithstanding the foregoing provision, before a judgment based upon a default may be so entered the tribunal must have notified the respondent by first class mail in such form as the director may require: (i) of the default decision and order and the penalty imposed; (ii) that a judgment may be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state of New York; and (iii) that entry of such judgment may be avoided by requesting a stay of default for good cause shown and either requesting a hearing or entering a plea pursuant to the rules of the tribunal within thirty days of the mailing of such notice.

(g) Any person may register with the department of finance of such city a mailing address and such other identifying information as may be prescribed by such department. Such registration shall not be effective until the ninetieth day after such mailing address and other identifying information are received by the department of finance of such city. Unless the registration is withdrawn, it shall remain in effect for three years after the date that it becomes effective and may be renewed for additional three-year periods, provided that request for renewal must be received by the department no later than ninety days prior to the date of expiration. A change in any registration filed pursuant to this subparagraph shall be deemed a new registration for purposes of this subparagraph and shall be effective ninety days after a request for such change is received by the department. Where a default notice has been mailed to a respondent pursuant to subparagraph (f) of this paragraph and at the time of such mailing the respondent has a registered mailing address in effect with the department of finance of such city pursuant to this subparagraph which mailing address is different than the address to which such default notice was mailed, the tribunal shall also mail a copy of the default notice to the registered address, and a judgment based upon a default may not be entered against such respondent until at least thirty days after the mailing of such cony of the default notice.

(h) A judgment entered pursuant to this subdivision shall remain in full force and effect for eight years.

(2)(a) The tribunal shall not enter any final decision or order pursuant to the provisions of subparagraph (e) of paragraph one of this subdivision unless the notice of violation shall have been served in the same manner as is prescribed for service of process by article three of the civil practice law and rules or article three of the business corporation law, except that:

(i) service of a notice of violation may be made by delivering such notice to a person employed by the respondent (A) to work on the premises the occupancy of which caused such violation or, (B) at the premises at which the respondent actually conducts the business the operation of which gave rise to the violation or, (C) at the site of the work with respect to which the violation occurred or, (D) at the place at which the violation occurred;

(ii) service of a notice of violation of any provision of the New York city charter or the administrative code of the city of New York, the enforcement of which is the responsibility of the commissioner of sanitation, the fire commissioner or the commissioner of buildings may be made by affixing such notice in a conspicuous place to the premises, the occupancy of which caused such violation or the premises where the violation occurred; provided, however that the department of buildings and the fire department may not utilize the procedures set forth in this item to serve a notice of violation relating to commercial premises or residential premises with a renal occupancy of four or more dwelling units; and

(iii) a notice of violation of any provision of the administrative code of the city of New York relating to the prevention of noise pollution caused by an audible motor vehicle burglar alarm may be served upon the owner of such motor vehicle by affixing such notice to such vehicle in a conspicuous place.

(b) Such notice may only be affixed or delivered pursuant to items (i) and (ii) of subparagraph (a) of this paragraph where a reasonable attempt has been made to deliver such notice to a person in such premises or at such work site at such place upon whom service may be made as provided for by article three of the civil practice law and rules or article three of the business corporation law. When a copy of such notice has been affixed or delivered, pursuant to items (i) and (ii) of subparagraph (a) of this paragraph, a copy shall be mailed to the respondent at the address of such premises or, if the notice has been served pursuant to item (i) of subparagraph (a) of this paragraph by delivering it to a person employed by the respondent at the site of the work with respect to which the violation occurred or at the place at which the violation occurred and if there is no premises at such site or at such place to which a notice of violation addressed to the respondent could be mailed, a copy shall be mailed to the respondent at the address for such respondent contained in the files of the agency which issued such notice of violation obtained from permit or license records or other records compiled and maintained by such agency for the purpose of enforcement of the provisions of the New York city charter or administrative code of the city of New York or other law over which such agency has jurisdiction. If the respondent is the owner or agent of the building with respect to which such notice was issued and the identity of and an address for such person is contained in any of the files specified in items (i), (ii) and (iii) of this subparagraph, a copy of the notice shall also be mailed:

(i) to the person registered with the department of housing preservation and development as the owner or anent of the premises, at the address filed with such department in compliance with article two of subchapter four of chapter two of title twenty-seven of the administrative code of the city of New York; or

(ii) to the person designated as owner or agent of the building or designated to receive real property tax or water bills for the building at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property;

(iii) if the name and address of the owner or agent is not contained in any of the files set forth in items (i) and (ii) of this subparagraph, to the person described as owner or agent of the premises, at the address for such person contained in the files of the agency which issued such notice of violation compiled and maintained for the purpose of the enforcement of the provisions of the New York city charter or the administrative code of the city of New York or other law over which such agency has jurisdiction.

(c) Proof of such service made pursuant to item (i) or (ii) of subparagraph (a) of this paragraph and subparagraph (b) of this paragraph shall be filed with the tribunal within twenty days; service shall be complete ten days after such filing.

e. Where any final decision or order may not be entered and enforced as a judgment pursuant to subparagraph (e) of paragraph one of subdivision d of this section because (1) the amount of civil penalty exceeds the jurisdictional amount of the civil court of the city of New York with respect to actions and proceedings for the recovery of money as provided in section two hundred two of the New York city civil court act, or (2) service of the notice of violation was made in a manner authorized by law but was not made in the manner provided in paragraph two of subdivision d of this section, such decision or order may be enforced by the commencement of an action or proceeding for the recovery of such civil penalties in a court of competent jurisdiction by the agency with jurisdiction over the matter with respect to which the decision or order was rendered.

f. Where service of a notice of violation is not made in a manner authorized by law for the violation charred, it shall be dismissed at the request of the respondent or the

administrative law judge may dismiss the notice of violation upon his or her own motion.

g. On and after the effective date of such local law, any agency having responsibility for enforcement of any of the provisions of law within the jurisdiction of the New York city tribunal shall provide for the administrative adjudication of violations of such law, where the sole remedy sought by such agency is civil penalties, only by the service of a notice of violation returnable to the tribunal.

§ 24-e. Jurisdiction to conduct adjudicatory hearings on behalf of the New York city parking violations bureau. Such local law may authorize administrative law judges of the tribunal to hear and determine traffic infractions constituting parking, standing and stopping violations, adjudicate the liability of owners for violations of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law and to impose civil penalties therefor on behalf of the New York city parking violations bureau in accordance with article two-B of the vehicle and traffic law and the rules adopted pursuant thereto. The provisions of article two-B of the vehicle and traffic law and the rules adopted pursuant thereto shall be applicable to the proceedings of the tribunal pursuant to this section except that the provisions of paragraphs c and d of subdivision two of section two hundred thirty-six of the vehicle and traffic law, and any provisions of such article two-B or the rules of the parking violations bureau of such city relating to the appointment and qualifications of personnel, shall not apply to administrative law judges of the tribunal. The director of the tribunal shall have the same authority as the director of the New York city parking violations bureau to promulgate rules pursuant to subdivision three of section two hundred thirty-seven of the vehicle and traffic law, relating to the manner and time of entering pleas, the conduct of hearings and appeals and the amount and manner of payment of penalties as such rules may relate to the proceedings of the tribunal pursuant to this section.

§ 24-f. Jurisdiction to conduct other adjudicatory hearings for all agencies of such city. a. In addition to the adjudicatory hearings conducted pursuant to sections twenty-four-d and twenty-four-e of this article, such local law may authorize the New York city tribunal to conduct such other adjudicatory hearings (1) as may be referred to it by any agency, or any entity the majority of the members of which are city officials or appointed by city officials, or other governmental board or body except the taxi and limousine commission of such city and/or (2) as may be provided by law and/or (3) as may be provided by executive order of the mayor of such city, except that such local law may not authorize the mayor of such city to refer adjudicatory hearings for violations of the housing maintenance code of such city or adjudicatory hearings within the jurisdiction of the taxi and limousine commission of such city to the tribunal by executive order. With respect to adjudicatory hearings conducted by the tribunal in accordance with such local law, administrative law judges shall make final findings of fact and final decisions, determinations or orders.

b. Where an agency has the power to impose civil penalties after an administrative hearing for violations of law within such agency's jurisdiction and such adjudication has been referred to the tribunal in accordance with such local law and is commenced by the service of a notice of violation, such adjudication shall be subject to the provisions of subdivisions d and e of section twenty-four-d of this article.

c. The provisions of this section shall not apply to disciplinary, disability or other hearings required or permitted by the civil service law.

§ 24-g. Administrative appeals panel; interlocutory appeals. a. There shall be one or more administrative appeals panels within the tribunal. Each panel shall consist of at least three administrative law judges. In no event shall the administrative law judge from whom such appeal of a decision, determination or order is taken be included in the panel determining such appeal. No panel shall include more than one administrative law judge who regularly conducts administrative hearings.

b. Any party, including an agency, aggrieved by a decision, determination or order of an administrative law judge after a hearing may appeal such decision, determination or order. Where an interlocutory order of an administrative law judge immediately affects a substantial interest of a party, including an order of discovery that overrules a claim of privilege, the aggrieved party may within five days of receipt of the order apply to the director of the tribunal for a stay and for permission to file an interlocutory appeal.

c. Upon rendering a decision, making a final determination or issuing a final order, the administrative law judge shall provide the non-agency party with a form notice of appeal and shall explain to such party on the record (1) the method of filing the notice and the applicable time limits; (2) the requirements of subdivision e of this section concerning the payment of penalties and posting of bonds pending appeal, including the right to request exemption therefrom; and (3) that no further court challenge is generally permitted by law unless an administrative appeal is taken.

d. Notice of appeal shall be filed with the appeals panel within thirty days of the entry of such decision, determination or order. If no such notice of appeal is filed within such thirty day period, such decision, determination or order shall finally and irrevocably determine all the issues in the proceeding before the administrative law judge, provided, however, that for good cause shown, the administrative appeals panel may permit the filing of a notice of appeal after the thirty day period.

e. The appeals panel shall have the power to review the record and the findings of the administrative law judge and may reverse, modify or remand any such decision, determination or order appealed therefrom.

f. Except as otherwise provided in this section no appeal of a decision, determination or order of an administrative law judge imposing civil penalties shall be decided unless such civil penalties are paid or a cash or recognized surety company bond shall have been posted in the full amount of such civil penalties. No such payment or posting of such bond shall be required where the respondent is the holder of a current license or permit for the operation of a business issued by an agency or officer of such city. Upon a showing of undue hardship or where justice may require, the administrative law judge who decided the case or appellate panel to which the appeal is assigned may order that the appeal shall be decided without requiring such payment or posting of such bond.

g. The director of the tribunal shall promulgate rules governing the practice and procedure of appeals to the administrative appeals panel pursuant to this section, provided, however, that all appeals from decisions, determinations or orders of administrative law judges made pursuant to section twenty-four-e of this article shall be in accordance with the procedures set forth in article two-B of the vehicle and traffic law and the rules adopted pursuant thereto.

h. The parties shall be given a reasonable period of time to obtain a transcript of the proceeding and submit relevant papers to the panel. Any such transcript and relevant papers prepared by a party shall be furnished to the adverse party and the tribunal. The determination of the appeals panel shall be rendered within ninety days after the submission of all relevant papers to the panel, or if oral argument is permitted, within ninety days after such oral argument.

i. (1) The determination of the appeals panel shall be the final determination of the tribunal for the purposes of review pursuant to article seventy-eight of the civil practice law and rules. A party, including an agency, aggrieved by a final determination of the tribunal pursuant to this section may seek review of such determination pursuant to article seventy-eight of the civil practice law and rules.

(2) An aggrieved agency may seek review of a final determination of the tribunal pursuant to article seventy-eight of the civil practice law and rules by instituting such proceeding against the tribunal and the party in whose favor the final determination of the tribunal was rendered; provided, however, that no such review at the behest of an agency shall be allowed of (i) the substantial evidence issue specified in question four of section seventy-eight hundred three of the civil practice law and rules where the sole remedy sought unsuccessfully in the proceeding challenged was an award of civil penalties: or (ii) the penalty imposed. In such a proceeding, the tribunal shall be represented by counsel independent of the municipality. An aggrieved party other than an agency may seek review of a final determination of the tribunal pursuant to article seventy-eight of the civil practice law and rules by instituting such proceeding against the city of New York.

(3) Unless a court orders otherwise, a party other than an agency may not seek review pursuant to article seventy-eight of the civil practice law and rules of a final determination of the tribunal imposing civil penalties unless such civil penalties have been paid or a cash or recognized surety company bond shall have been posted in the full amount of such civil penalties.

i. Where the respondent prevails in any proceeding pursuant to this section, civil penalties paid to the city of New York shall be returned with interest at the rate set by the commissioner of finance of such city for the refund of overpayments of business taxes pursuant to section 11-537 of the administrative code of the city of New York.

§ 24-h. Judicial enforcement. Any order or subpoena or any final decision or determination rendered by the tribunal shall be subject to enforcement by the judiciary in an action or proceeding commenced in a court of competent jurisdiction by the prevailing party including an agency with jurisdiction over the matter with respect to which the subpoena was issued or the decision, determination or order was rendered.

§ 24-i. Restriction on collateral use. Decisions, determinations and orders issued by the tribunal shall not be cited, shall not be considered precedent nor be given any force or effect in any criminal proceeding or any civil forfeiture or criminal forfeiture proceeding, nor shall such finding be given preclusive effect against the agency in any civil action for equitable relief brought to protect the health or safety of the public.

§ 24-j. Collection of civil penalties. Notwithstanding any inconsistent provision of this article, the department of finance of such city shall be responsible for all functions and operations of the city relating to the collection of civil penalties including civil penalties imposed in proceedings before the tribunal. Officers or employees of the department of finance of such city may proceed in all respects, in any county or counties of this state, upon judgments entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state arising out of proceedings before the New York city tribunal, the environmental control board, the taxi and limousine commission and the parking violations bureau of such city, but shall be entitled to no fee or compensation in excess of actual expenses paid in connection with the execution of such judgments.

§ 3. Subdivision 4 of section 918 of the county law, as separately amended by chapters 419 and 473 of the laws of 1988, is amended to read as follows:

4. Any other laws to the contrary notwithstanding, the county clerk in each of the counties within the city of New York is authorized and empowered to maintain separate judgment docket volumes containing the printed transcript or transcripts, in strict alphabetical order of judgment made, entered and docketed in the civil court of the city of New

York against individuals, corporations, and other entities on behalf of the parking violations bureau, the environmental control board, the taxi and limousine commission and the commissioner of jurors of the city of New York *and the New York city tribunal.* These volumes may be maintained in the form of computer print outs which shall contain the date of judgment, the name and address of the judgment debtor or debtors, the amount of the judgment and other information which the county clerk may deem necessary to sufficiently describe the parties to the action or proceeding or nature or the manner of the entry of the judgment. Provided, however, [with respect to judgments on behalf of the parking violations bureau] the county clerk may, in his discretion, in lieu of such volumes, maintain the aforementioned data in a micrographic or computer retrievable format. With respect to judgments on behalf of the parking violations bureau such volumes or other format shall be maintained pursuant to this subdivision for only those individuals, corporations, and other entities having vehicles registered in the counties within the city of New York.

§ 4. Subdivisions 4 and 5 of section 71-2722 of the environmental conservation law, as added by chapter 152 of the laws of 1990, are amended to read as follows:

4. In the city of New York, the provisions of title seventeen of article twenty-seven of this chapter shall be enforceable by an agency or agencies designated for such purpose by the mayor of such city, and notice of violation shall be returnable to the [environmental control board of such city] *New York city tribunal* which shall have the power to impose civil penalties as provided in subdivisions one and two of this section. Outside the city of New York, the provisions of such title seventeen shall be enforceable by a local agency or agencies duly designated by the commissioner.

5. All civil penalties and fines collected for any violation of such title seventeen shall be paid over to the commissioner for deposit in the general fund; provided however, that all civil penalties collected for any violation of such title seventeen which have been imposed by the [environmental control board of the city of] New York *city tribunal, or a local adjudicatory body pursuant to subdivision four of this section, shall be paid into* an environmental fund of such city or locality.

§ 5. Subdivision 8 of section 1045-h of the public authorities law, as amended by *chapter 514 of the laws of 1984, is amended to read as follows:*

8. The rules and regulations of the water board may provide for the discontinuance or disconnection of the supply of water or the provision of sewerage service, or both, as the case may be, by the city for nonpayment of fees, rates, rents or other charges therefor imposed by the water board, provided such discontinuance or disconnection of any supply of water or the provision of sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law. A copy of all by-laws, rules and regulations and amendments thereto, duly certified by the secretary of the water board, shall be filed in the offices of the clerk of the city and the secretary of state within three months and thereafter published once in the official newspaper of the city. Violation of such rules and regulations shall subject the offending party to a civil penalty in an action brought by the water board, not exceeding one hundred dollars for each day the violation continues. Jurisdiction is hereby conferred upon the civil court of the city and the [environmental control board of the city] *New York city tribunal* to hear and determine, subject to the provisions of the civil practice law and rules, any violation of such rules and regulations.

§ 6. Subdivision 3 of section 1209-a of the public authorities law, as amended by chapter 379 of the laws of 1992, is amended to read as follows:

3. Jurisdiction. The bureau shall have, with respect to acts or incidents in or on the transit facilities of the authority committed by or involving persons who are sixteen years of age or over, and with respect to violation of toll collection regulations of the triborough bridge and tunnel authority as described in section two thousand nine hundred eighty-five of this chapter, non-exclusive jurisdiction over violations of: (a) the rules which may from time to time be established by the authority under subdivision five-a of section twelve hundred four of this chapter; (b) article one hundred thirty-nine of the health code of the city of New York, as it may be amended from time to time, relating to public transportation facilities; and (c) article four of the noise control code of the city of New York, as it may be amended from time to time, insofar as it pertains to sound reproduction devices; and (d) the rules and regulations which may from time to time be established by the triborough bridge and tunnel authority in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter. Matters within the jurisdiction of the bureau except violations of the rules and regulations of the triborough bridge and tunnel authority shall be known for purposes of this section as transit infractions. Nothing herein shall be construed to divest jurisdiction from any court now having jurisdiction over any criminal charge or traffic infraction relating to any act committed in a transit or toll facility, or to impair the ability of a police officer to conduct a lawful search of a person in a transit facility. The criminal court of the city of New York shall continue to have jurisdiction over any criminal charge or traffic infraction brought for violation of the rules of the authority or the triborough bridge and tunnel authority, as well as jurisdiction relating to any act which may constitute a crime or an offense under any law of the state of New York or any municipality or political subdivision thereof and which may also constitute a violation of such rules. The bureau shall have concurrent jurisdiction with the [environmental control board and the administrative tribunal of the department of health] *New York city tribunal* over the aforesaid provisions of the health code and noise control code of the city of New York.

§ 7. Section 1310 of the public health law, as amended by chapter 404 of the laws of 1986, is amended to read as follows:

§ 1310. Removal of canine wastes in cities with a population of four hundred thousand or more persons and in the cities of Yonkers and Albany. Notwithstanding any contrary provision of law, rule or regulation, in cities with a population of four hundred thousand or more persons and in the cities of Yonkers and Albany, it shall be the duty of each dog owner or person having possession, custody or control of a dog to remove any feces left by his dog on any sidewalk, gutter, street or other public area. Any violation of this section shall constitute a violation punishable by a fine or a civil penalty of not more than one hundred dollars. For the purposes of enforcing the provisions of this section, appearance tickets may be issued by sanitation officers, dog enumerators, or wardens and by any persons authorized to issue tickets for parking violations. Notwithstanding any other provision of law to the contrary, in the city of New York, such appearance tickets may be returnable to the [environmental control board] *New York city tribunal* which shall have the power to impose the civil penalties herein provided. The provisions of this section shall not apply to a guide dog, hearing dog or service dog accompanying any person with a disability, as defined in subdivision twenty-one of section two hundred ninety-two of the executive law.

§ 8. Subparagraph (viii) of paragraph a of subdivision 2 of section 510 of the vehicle and traffic law, as amended by chapter 703 of the laws of 1989, is amended to read as *follows:*

(viii) of a violation of section twelve hundred twenty-four of this chapter, other than a violation adjudicated by the [environmental control board of a city having a population of one million or more] *New York city tribunal* pursuant to subdivision seven of such section, and fails to pay the fine imposed thereon pursuant to subdivision seven of such section.

§ 9. Paragraphs (b), (c) and (d) of subdivision 7 of section 1224 of the vehicle and traffic law, paragraphs (b) and (c) as amended by chapter 349 of the laws of 1992 and paragraph (d) as added by chapter 703 of the laws of 1989, are amended to read as follows:

(b) Notwithstanding any other provision of law, in addition to those persons otherwise authorized to enforce this subdivision and adjudicate violations thereof, this subdivision shall also be enforceable in a city having a population of one million or more by an agency or agencies designated for such purpose by the mayor of such city, and notices of violation may be returnable to the [environmental control board of such city] *New York city tribunal pursuant to a local law adopted in accordance with article two-B of the general city law*, which shall have the power to impose the civil penalties herein provided *in accordance with such local law*. Notwithstanding any [other] *inconsistent* provision of *such local* law, *a final decision or order may be entered as a judgment pursuant to the provisions of such local law where* service of a notice of violation for a violation of this subdivision committed in such city [may be] *is* made upon an owner by first class mail, postage prepaid[, and any such notice served by mail shall be returnable only to such environmental control board]. Such service by first class mail shall be deemed complete upon mailing of the notice of violation, unless the notice of violation is returned to the sender by the United States postal service for any reason other than refusal of delivery. In addition, any notice of violation for a violation of this subdivision may be served by a means prescribed in article three of the civil practice law and rules or article three of the business corporation law. Notwithstanding any other provision of law, such civil penalties imposed by such [environmental control board] *New York city tribunal* shall be paid into the general fund of such city. Notwithstanding section one hundred fifty-five of this chapter or any other provision of law, where a person has been adjudicated by such [environmental control board] *New York city tribunal* to be in violation of this subdivision, such adjudication shall not have the force and effect of a conviction of a traffic infraction or of a violation of any provision of this chapter for any purpose not specified in this subdivision.

(c) [Any final order issued pursuant to this subdivision by an environmental control board of a city having a population of one million or more shall constitute a judgment which may be entered in any place provided for the entry of civil judgments within the state, and may be enforced without court proceedings in the same manner as the enforcement of money judgments entered in civil actions; provided, however, that no such judgment shall be entered that exceeds the sum of ten thousand dollars for each respondent.

Notwithstanding the preceding sentence, before a judgment based upon a default may be so entered, such environmental control board must have notified the respondent by first class mail in such form as such environmental control board may direct: (1) of the default decision and order and the penalty imposed; (2) that a judgment will be entered in any place provided for the entry of civil judgments in the state; and (3) that entry of such judgment may be avoided by requesting a stay of default for good cause shown and either requesting a hearing or entering a plea pursuant to the rules of such environmental control board within thirty days of the mailing of such notice.] No judgment based upon a default may be [so] entered by the [environmental control board] New York city tribunal within less than sixty days from the completion of service by mail of the notice of violation as provided in paragraph (b) of this subdivision. Any requirement of any provision of law other than this subdivision that relates to the manner of service of the notice of violation that precedes any final order of such [environmental control board] *New York city tribunal* shall not apply to a final order issued pursuant to this subdivision. [A judgment entered pursuant to this paragraph shall remain in full force and effect for eight years.]

(d) Notwithstanding any other provision of this chapter, where the [environmental control board of a city having a population of one million or more] *New York city tribunal* has adjudicated any person to be in violation of this subdivision and the civil penalty therefor is not paid, such [environmental control board] *New York city tribunal* shall notify the commissioner [of motor vehicles] of the judgment, who shall suspend any license of such person to operate a motor vehicle in this state, or, if such person is unlicensed, such person's privilege of obtaining a license issued by the commissioner, or, if such person is a non-resident, such person's privilege of operating a motor vehicle in this state, pending payment of such civil penalty. The procedures set forth in the first paragraph of subdivision seven of section five hundred ten of this chapter shall be applicable to a suspension pursuant to this paragraph.

§ 10. A local law adopted pursuant to article 2-B of the general city law as added by section two of this act shall provide for the transfer to the tribunal of employees of any agency of such city serving as administrative law judges, hearing officers or environmental control board appellate staff attorneys who are substantially engaged in the conduct or resolution of adjudicatory proceedings with respect to matters which on and after the effective date of such local law will be within the jurisdiction of the tribunal established pursuant to such local law, except that with respect to those employees of any such agency serving as administrative law judges and hearing officers who are substantially engaged in the conduct or resolution of adjudicatory proceedings with regard to both matters which will be within the jurisdiction of the tribunal on and after such effective date and matters which will remain with the affected agency after such effective date, the director of the tribunal, in consultation with the affected agency shall determine the number of necessary employees to be transferred and for purposes of determining the employees holding permanent appointments in competitive class positions to be transferred, such employees shall be selected in the order of their original appointment, and any such employee who fails to respond to or accept a written offer of transfer to the tribunal within ten days after receipt of such offer shall be deemed to have waived entitlement to such transfer. Employees so transferred shall be transferred without further examination or qualification and shall retain their respective civil service classification status. Any such employee who, at the time of such transfer, has a temporary or provisional appointment shall be transferred subject to the same rights of removal, examination or termination under the civil service law as though such transfer had not been made except to the extent such rights are modified by a collective bargaining agreement. Any such employee who at the time of such transfer shall have been in a negotiating unit represented by an employee organization which was certified or recognized pursuant to article 14 of the civil service law or the applicable provisions of local law, and whose job function or duties have remained essentially the same, shall continue to be represented by said employee organization, in the same bargaining unit. Successor employees to the positions held by such transferred employee shall, consistent with the provisions of article 14 of the civil service law or the applicable provisions of local law, be included in the same unit as their predecessors. Nothing herein shall be construed to affect: (i) the rights of employees pursuant to an existing or most recently expired collective bargaining agreement; (ii) existing law with respect to an application seeking designation that certain persons are managerial or confidential; or (iii) the representational relationship between the city and any employee organization.

§ 11. A local law adopted pursuant to article 2-B of the general city law as added by section two of this act may provide for the abolishment of the environmental control board of the city of New York and for the transfer of any of its powers and duties to an agency or officer of such city.

§ 12. This act shall take effect immediately, except that sections three, four, five, six, seven, eight and nine of this act shall take effect upon the effective date of a local law adopted pursuant to article 2-B of the general city law as added by section two of this act.

Referred to the Committee on State and Federal Legislation.

Honorable Peter F. Vallone
Speaker
The Council of the City of New York
City Hall
New York, NY 10007

Dear Speaker Vallone:

Pursuant to section 155 of the New York City Charter. I hereby *submit the 1997 Annual Report of the Tax Commission.*

The 1997 Annual Report comprises salient background information and contextual facts about the Tax Commission and its functions, resources, procedures and operations; an overview of the agency's performance, and statistical profiles of its formal actions. during calendar year 1997; and a recapitulation of its accomplishments and improvements in 1997, and plans for 1998.

The Tax Commission diligently confronts the multifaceted challenge of ensuring both the actuality and the perception of equitable assessments for all classifications and types of real property throughout the five boroughs. Please be assured that in administering this ongoing dynamic process, the Tax Commission and I are committed to optimizing the efficient, productive and courteous delivery of sound. forthright service to the taxpayers pursuing assessment review before the agency for over 130,000 tax lots each year.

Sincerely,

James DeCuzzi

March 10, 1998

Honorable Peter Vallone
Speaker of the New York City Council
City Hall
New York, NY 10007

Honorable Speaker Vallone:

Over the past several years major inroads have been made to put New York City back on the right track. Expenditures have been contained and revenue has increased resulting in the City's bond rating being upgraded from Baal to A3 by Moody's Investor Service.

However, the past few years have inflicted serious wounds to many City services including the maintenance of our Parks and Library collections. In addition, our cultural organizations have been targeted with unsustainable decreases in funding despite their acknowledged contribution to the City's economy, importance in the education of our children, and enjoyment they provide to all city residents.

Several weeks ago, the City Comptroller identified an additional $293 million in FY 98 and $269 million in FY 99 above that anticipated in the January Plan. This increase in revenue is largely attributable to the increased activity in the financial sector and can be utilized to offset some of the prior reductions to City services.

In accordance with Section 245 of the New York City Charter I submit the following proposed reallocation package for the FY 99 Preliminary Budget.

Referred to the Committee on Finance.

Communication from the Office of Management & Budget — Submitting changes to the City's Expense Budget, pursuant to Section 107(b) of the City Charter. ($274.7 Million) (MN-8)

March 17, 1998

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(b) of the New York City Charter, I request your approval to transfer City funds between various agencies in fiscal year 1998 to implement changes to the City's expense budget.

This modification — MN-8 — will implement changes to the expense budget that result from the January 29 Financial Plan modification that was recently presented, as well as changes resulting from discussions with the City Council. This modification will add $274.7 million to the Budget Stabilization Account in the City's Debt Service budget. Appendix A details the State, Federal and other funds impacted by these changes.

Your approval of modification — MN-8 — is respectfully requested.

Very truly yours,

Joseph J. Lhota

Communication from the Office of Management & Budget — Submitting Budget Stabilization Account in the City's Debt Service budget, pursuant to Section 107(e) of the City Charter. (New Revenues $425 Million) (MN-9)

March 17,1998

TO THE CITY COUNCIL

Dear Council Members.

In accordance with Section 107(e) of the New York City Charter, I seek your approval to appropriate new revenues in fiscal year 1998 in the amount of $425.5 million to the Budget Stabilization Account in the City Debt Service budget. As set forth in the January 1998 Financial Plan, the $426 million results from forecasted increases in tax collections of $373 million and miscellaneous revenues of $4 million and reductions in prior payables of $150 million, offset by reductions in unrestricted aid of $101 million.

Your approval of modification MN - 9 is respectfully requested.

Very truly yours,

Joseph J. Lhota

REPORTS OF STANDING COMMITTEES

Reports of the Committee on Finance

At this point the Speaker (Council Member Vallone) announced that the following items had preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-156

Report of the Committee on Finance in favor of concurring in a Communication from the Office of Management & Budget — Submitting changes to the City's Expense Budget, pursuant to Section 107(b) of the City Charter. ($274.7 Million) (MN-8)

The Committee on Finance to which was referred on March 18, 1998 the annexed communication respectfully

REPORTS:

By letter dated March 17, 1998, the Director of the Office of Management and Budget submitted to the Council pursuant to section 107(b) of the New York City Charter a request for approval to transfer funds totaling $467,181,987 within and between agencies.

This modification (MN-8) seeks to transfer funds within and between City agencies in order to reflect the City's budget as negotiated by the Council and adjusts the expense budget to reflect the changes in the modification that have occurred since the Financial Plan was presented by the Administration on January 29, 1997.

This modification represents a transfer of $467,181,987 within and between agencies. There is no net increase or decrease to the budget by this action.

Introduction. At the stated meeting of the Council on March 18, 1998 (the "Stated Meeting"), the Council received, from the Office of Management and Budget of the Mayor, a communication, dated March 17,1998 attached to the above-captioned resolution as Exhibit A (the "Modification"), which the Council referred to the Committee on Finance. The Modification contains a proposed request to modify units of appropriation and transfer city funds between various agencies in the Fiscal 1998 Expense Budget pursuant to Section 107(b) of the Charter.

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 6, 1997, the Council adopted the expense budget for fiscal year 1998. Circumstances have changed since the Council adopted the Fiscal 1998 Expense Budget. Section 107(b) of the Charter provides one mechanism for the Mayor and the Council to amend the Expense Budget to reflect changes in circumstances that occur after adoption.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 151

Resolution approving the modification (MN-5) of units of appropriation and the transfer of City funds between agencies proposed by the Mayor pursuant to section 107(b) of the charter of the City of New York.

By Council Member Berman

Whereas, at the Stated Meeting of The Council of The City of New York (the "City Council") on March 18, 1998 the City Council received a communication, dated March 17, 1998, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto as Exhibit A (the "Modification"), to modify units of appropriation and transfer city funds between various agencies in the fiscal year 1998 expense budget as adopted by the Council on June 6, 1997, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter"); and

Whereas, at the Stated Meeting, the City Council referred the Modification to the Committee on Finance; and

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days following the Stated Meeting within which to act upon the Modification;

Now, Therefore, The Council of The City of New York hereby resolves as follows:

1. Approval of Modification. The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

2. Effective Date. This resolution shall take effect as of the date hereof.

HERBERT E. BERMAN, Chairperson; MARY PINKETT, ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE M. EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, JOHN A. FUSCO, AL STABILE—February 18, 1998

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made a General Order for the day and at the request of Council Member Leffler was laid aside for discussion. (See ROLL CALL ON ITEMS LAID ASIDE.)

At this point the Speaker (Council Member Vallone) announced that the following items had preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-157

Report of the Committee on Finance in favor of coming in a Communication from the Office of Management & Budget — Submitting Budget Stabilization Account in the City's Debt Service budget, pursuant to Section 107(e) of the City Charter. (New Revenues $425 Million ((MN-9)

The Committee on Finance to which was referred on March 18, 1998 the annexed communication respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on March 18, 1998, the Council received a communication, from the Office of Management and Budget of the Mayor, dated March 18, 1998, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 1998 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June 6, 1997, pursuant to Section 1515(a) of the Charter.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 6, 1997, the Council adopted the expense budget for fiscal year 1998 (the "Fiscal 1998 Expense Budget"). On June 6, 1997, the Mayor submitted to the Council a revenue estimate related to the Fiscal 1998 Expense Budget.

Circumstances have changed since the Council adopted the Fiscal 1998 Expense Budget. Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in since that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 1998 Expense Budget and related revenue estimate requested in the Communication. The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 1998 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 152

Resolution approving a modification pursuant to Section 107(e) of the Charter of the City of New York.

By Council Member Berman

Whereas, on March 18, 1998, the Committee on Finance of the City Council received a communication, dated March 18, 1998, from the Mayor's Office of Management and Budget, of a proposed request to recognize new revenue pursuant to Section 107(e) of the Charter of the City of New York, attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255 and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of new revenues; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

Now, Therefore, the Council of the City of New York hereby resolves as follows:

1. Approval of Modification. The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

2. Further Actions. The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 1998 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

3. Effective Date. This resolution shall take effect as of the date hereof.

HERBERT E. BERMAN, Chairperson; MARY PINKETT, ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE M. EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, JOHN A. FUSCO, AL STABILE—February 18, 1998

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-158

Report of the Committee on Finance in favor of concurring in the Operating Budget of the Council of the City of New York, for Fiscal Year 1999.

The Committee on Finance to which was referred on March 18, 1998 the annexed communication respectfully

REPORTS:

Pursuant to section 243 of the Charter of the City of New York, the Council is authorized to present, for inclusion in the executive budget without amendment by the Mayor, its operating budget. This document presents a summary description of the structure and presentation of the Council's budget, and sets forth the proposed Council budget for consideration and approval by the Finance Committee and the Council. Also included are a budget for Council contractual services, and a resolution for the approval of a lump-sum OTPS unit of appropriation.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 153

Resolution approving the Fiscal Year 1999 Operating Budget of the Council of the City of New York.

Resolved, by the City Council, pursuant to the provisions of section 243 of the New York City Charter, that the following amounts shall be submitted to the Mayor, for inclusion in the executive budget for the operating budget for the Council of the City of New York.

Summary:

Under the City Charter, the City Council is authorized to structure its own budget. This budget must be presented to the Mayor, for inclusion in the Executive Budget, after it is approved by the Council.

The Council's staff is described through divisions within three units of appropriation: Council Members and their aides, Committee Staffing, and Council Services. These and the standing committees each have a U/A for PS. OTPS is divided into two categories, one for members and one for central staff (see Appendix A). A separate resolution approving the central staff's lump sum unit of appropriation is attached for Council approval pursuant to Section 100 (c) of the Charter.

Staff from the Office of the General Counsel, Legal and Governmental Affairs, Finance, Land Use, Infrastructure/Human Services, and Oversight and Investigation divisions are specifically assigned to each committee and subcommittee. These analysts in turn are supported by the Council Services division which functions as the central administration. (Please refer to the statements of programmatic objectives).

CITY COUNCIL BUDGET

Function:

The New York City Council is the legislative branch of city government. Council members are elected every four years and each represents a district of approximately 139,000 people.

The Council is an equal partner with the Mayor in the governing of New York City. The Council monitors the operation and performance of city agencies. It has sole responsibility for analyzing and approving the city's budget and spending priorities and decision-making powers over major land use issues. It is the city's lawmaking body.

L.U. No. 22

Report of the Committee on Finance in favor of approving Application No. 427097 HAM, an Urban Development Action Area Project known as Round I, Harlem West in the Homeworks Program, located in Community Board 10, Council District No. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which was referred on January 22, 1998 (Minutes, page 348) the annexed resolution respectfully

REPORTS:

Pursuant to Section 577 of Article XI of the Private Housing Finance Law (PHFL), and Section 696 of the General Municipal Law (GML), the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for low, moderate and middle income persons. These properties are developed under programs initiated by HPD and are organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI, which may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these properties as Urban Development Action Area Projects.

A summary of all properties can be found below:

HomeWorks was created with the goal of expanding homeownership opportunities for all New Yorkers. Under this program, one to four family vacant City-owned buildings are sold to developers selected through a competitive Request for Proposals. Developers, which may be for-profit developers, not-for-profit organizations or joint ventures between them, are selected based on the extent to which their proposal minimizes the use of a City subsidy and on the overall strength and experience of their team. The developers are responsible for the construction, marketing and sale of the houses which all will contain from one to four units. Because of the programmatic objectives stabilizing communities and providing homeownership opportunities to the widest range of New Yorkers, the incomes of potential homebuyers are not restricted.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for six years. A full exemption is allowed for the first three years, and phased out in equal decrements over the following three years.

HPD initiated ~~TIL~~ to encourage private ownership and management of low income housing properties and to divest the City of its in-rem stock. The City rehabilitates occupied in-rem buildings and sells them for a nominal fee of $250 per dwelling unit to Housing Development Fund Companies (HDFC) organized pursuant to Article XI of State Private Housing Finance Law (PHFL). In TIL, they are managed by tenant HDFC's as low income housing cooperatives. Tenants are subject to income restrictions pursuant to Section 576 of the PHFL. Monthly rent for such apartments is typically $80-$90 per zoning room but does not exceed 30% of a tenant's annual income.

An exemption from property taxes will be allowed for that portion of the assessed value of the property which exceeds the ceiling amount determined by HPD. The ceiling is increased annually by an amount not to exceed 6%, and cannot increase by more than 20% over 5 years. Full taxes are paid up to the ceiling amount and a total exemption is allowed on that portion of the assessed value which exceeds this amount. This ceiling level was calculated so property tax payments would be approximately 10% of a buildings' entire budget. This level would reflect other property tax exemptions made available through Federal Section 202 and Mitchell-Lama programs.

The assessed value base amount for ceiling calculations was established at $3,500 per residential unit in 1989-90. The Fiscal 1999 maximum ceiling amount has increased to $5,040, which represents annual property tax payments of approximately $557 for each dwelling unit.

Exemptions under this program are effective until July 1, 2029 and resale restrictions are placed on all properties pursuant to Board of Estimate Resolution 78 of 1980 as amended by Resolution 56 of 1982.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman, Eisland and Duane offered the following resolution:

Res. No. 155

Resolution approving an Urban Development Action Area Project, Harlem West, Round I (see Attachment for location), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 22; 427097 HANI).

By Council Members Berman, Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated April 24, 1997 that the Council take the following actions regarding the following Urban Development Action Area Project, Harlem West, Round I (the "Project") (see Attachment for location), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 3, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

Exemption from local and municipal taxes, other than assessments for local improvements and land value, to the extent of all of the value of the improvements included in the project for a period of six years from the first date on which taxes otherwise would become due in the absence of such exemption, during the last three years of which the exemption shall decrease in equal annual decrements.

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on March 3, 1998;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall

prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

L.U. No. 79

Report of the Committee on Finance in favor of approving Application No. 241098 HAM, an Urban Development Action Area Project, located at 2016 3rd Avenue, Council District No. 8, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 577 of the Private Housing Finance Law for a partial tax exemption.

The Committee on Finance to which was referred on January 26, 1998 (Minutes, page 348) the annexed resolution respectfully

REPORTS:

(For text of report, see L.U. No. 79 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Duane offered the following resolution:

Res. No. 157

Resolution approving an Urban Development Action Area Project located at 2016 3rd Avenue (Block 1638/part of Lot 40), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 79; 241098 HAM).

By Council Members Berman, Eisland and Duane

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated January 29, 1998 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 2016 3rd Avenue (Block 1638/part of Lot 40), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on March 3, 1998;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

L.U. No. 48

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure Application No. C 970328 HAX, an Urban Development Action Area Designation and Project, and the disposition of such property located at 1638 and 1640 Topping Avenue, Borough of The Bronx, Council District No. 14. The matter is subject to Council Review and action pursuant to Sections 197-c and 197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which was referred on January 22, 1998 (Minutes, page 355) the annexed resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of 1638 and 1640 Topping Avenue (Block 2790/Lot 1 and part of Lot 3), as an Urban Development Action Area;

   b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer/sponsor to be selected by HPD.

To facilitate construction of a one-story building to provide rental housing for low-income persons with disabilities under the Federal Section 811 Supportive Housing Program for Persons with Disabilities.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Duane offered the following resolution:

Res. No. 160

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 970328 HAX, approving the designation of 1638 and 1640 Topping Avenue (Block 2790/Lots 1 and part of 3), as an Urban Development Action Area approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer/sponsor to be selected by the Department of Housing Preservation and Development (L.U. No. 48; C 970328 MAX).

By Council Members Eisland and Duane

Whereas, the City Planning Commission filed with the Council on February 6, 1998 its decision dated February 4, 1998 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 1638 and 1640 Topping Avenue (Block 2790/Lots 1 and part of 3), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer/sponsor to be selected by the Department of Housing Preservation and Development (the "Disposition") (ULURP No. C 970328 HAX) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on March 3, 1998;

Whereas, the Council has considered the relevant environmental review (CEQR No. 96HPD020X) and the fact that a negative declaration was issued on October 8, 1996;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

The Council finds that this action will have no significant effect on the environment;

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 970328 MAX).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer/sponsor to be selected by the Department of Housing Preservation and Development.

L.U. No. 56

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure Application No. C 980127 HUQ, pursuant to Sections 197-c and 197 of the Charter of the City of New York and Section 505 of the General Municipal Law concerning the approval of an amendment to the College Point Industrial Urban Renewal Plan, Borough of Queens, in Council District no. 19.

The Committee on Land Use to which was referred on January 22, 1998 (Minutes, page 357) the annexed resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 5th amendment to the College Point II Urban Renewal Plan for the College Point II Industrial Urban Renewal Area.

To facilitate the development of a hotel within Industrial Area A.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Duane offered the following resolution:

Res. No. 161

Resolution approving the Fifth Amended College Point II Urban Renewal Plan and approving the decision of the City Planning Commission on ULURP No. C 980127 HUQ (L.U. No. 56).

By Council Members Eisland and Duane

Whereas, the City Planning Commission filed with the Council on February 11, 1998 its decision and report dated February 4, 1998 (the "Decision"), on the application submitted by the New York City Department of Housing Preservation and Development ("HPD"), pursuant to Section 505 of the General Municipal Law of New York State and Section 197-c of the New York City Charter, regarding the proposed Fifth Amended Urban Renewal Plan (the "Plan") for the College Point II Industrial Urban Renewal Area (the "Area") (ULURP No. C 980127 HUQ) (the "Application");

Whereas, the City Planning Commission has certified that the Plan for the Area complies with the provisions of Section 502 of the General Municipal Law, conforms to the comprehensive community plan for the development of the municipality as a whole and is consistent with local objectives, and that the Plan is in conformity with the findings and designation of the Area;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Area Designation is subject to review and action by the Council pursuant to Section 504 of the General Municipal Law;

Whereas, the Plan is subject to review and action by the Council pursuant to Section 505 of the General Municipal Law;

Whereas, the New York City Department of Housing Preservation and Development submitted to the Council its request dated February 25, 1998 regarding the Application;

Whereas, upon due notice, the Council held a public hearing on the Decision and the Plan on March 3, 1998;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 18, 1997 (CEQR No. 98HPD003Q); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and the Plan;

Resolved:

The Council finds that this action will have no significant effect on the environment.

Pursuant to Section 504 of the General Municipal Law, the Council approves the Designation of the Area.

Pursuant to Section 505(4) of the General Municipal Law, the Council finds that:

1. The Area is a substandard or insanitary area or is in danger of becoming a substandard or insanitary area and tends to impair or arrest the sound growth and development of the municipality;
2. The financial aid to be provided to the municipality is necessary to enable the project to be undertaken in accordance with the Plan;
3. The Plan affords maximum opportunity to private enterprise, consistent with the sound needs of the municipality as a whole, for the undertaking of an urban renewal program;
4. The Plan conforms to a comprehensive community plan for the development of the municipality as a whole;
5. There is a feasible method for the relocation of families and individuals displaced from the Area into decent, safe and sanitary dwellings, which are or will be provided in the Area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, at rents or prices within the financial means of such families or individuals, and reasonably accessible to their places of employment; and
6. The undertaking and carrying out of the urban renewal activities in stages is in the best public interest and will not cause any additional or increased hardship to the residents of the Area.

Pursuant to Section 505 of the General Municipal Law, the Council approves the Fifth Amended Urban Renewal Plan for the College Point II Industrial Urban Renewal Area, dated July 1997.

Pursuant to Section 197-d of the New York City Charter, and on the basis of the Decision and Application, the Council approves the Decision.

JUNE M. EISLAND, Chairperson; MARY PINKETT, HERBERT E. BERMAN, SHELDON S. LEFFLER, PRISCILLA A. WOOTEN, WALTER L. McCAFFREY, BILL PERKINS, THOMAS K. DUANE, JOHN D. SABINI, ADOLPHO CARRION, LAWRENCE A. WARDEN, MICHAEL J. ABEL, GUILLERMO LINARES—February 5, 1998

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 66

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure, Application No. C 980244 HUX, pursuant to Sections 197-c and 197-d of the New York City Charter and Section 505 of the General Municipal Law concerning the approval of an amendment to the Mid-Bronx Industrial Urban Renewal Plan, Borough of the Bronx, in Council District No. 15.

The Committee on Land Use to which was referred on February 5, 1998 (Minutes, page 574) the annexed resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development and the Economic Development Corporation, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the first amendment to the Mid-Bronx Industrial Urban Renewal Plan for the Mid-Bronx Industrial Urban Renewal Area.

To facilitate the development of a neighborhood retail shopping center and residential uses.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 162

Resolution approving the First Amended Mid-Bronx Industrial Urban Renewal Plan, and approving the decision of the City Planning Commission on ULURP No. C 980244 HUX (L.U. No. 66).

By Council Members Eisland and Duane

Whereas, the City Planning Commission filed with the Council on March 3, 1998 its decision and report dated March 2, 1998 (the "Decision"), on the application submitted by the New York City Department of Housing Preservation and Development ("HPD") and the Economic Development Corporation ("EDC"), pursuant to Section 505 of the General Municipal Law of New York State and Section 197-c of the New York City Charter, regarding the proposed First Amended Urban Renewal Plan (the "Plan") for the Mid-Bronx Industrial Urban Renewal Area (the "Area") (ULURP No. C 980244 HUX) (the "Application");

Whereas, the Application is related to ULURP application number C 980245 ZMX, a zoning map amendment (L.U. 67) and Non-ULURP application number N 980253 HGX, an urban renewal area designation (Preconsidered L.U. ___);

Whereas, the City Planning Commission has certified that the Plan for the Area complies with the provisions of Section 502 of the General Municipal Law, conforms to the comprehensive community plan for the development of the municipality as a whole and is consistent with local objectives, and that the Plan is in conformity with the findings and designation of the Area;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Area Designation is subject to review and action by the Council pursuant to Section 504 of the General Municipal Law;

Whereas, the Plan is subject to review and action by the Council pursuant to Section 505 of the General Municipal Law;

Whereas, the New York City Department of Housing Preservation and Development submitted to the Council its request dated February 25, 1998 regarding the Application;

Whereas, upon due notice, the Council held a public hearing on the Decision and the Plan on March 16, 1998;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on December 23, 1997 (CEQR No. 94DME007X); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and the Plan;

Resolved:

The Council finds that this action will have no significant effect on the environment.

Pursuant to Section 504 of the General Municipal Law, the Council approves the Designation of the Area.

Pursuant to Section 505(4) of the General Municipal Law, the Council finds that:

1. The Area is a substandard or insanitary area or is in danger of becoming a substandard or insanitary area and tends to impair or arrest the sound growth and development of the municipality;
2. The financial aid to be provided to the municipality is necessary to enable the project to be undertaken in accordance with the Plan;
3. The Plan affords maximum opportunity to private enterprise, consistent with the sound needs of the municipality as a whole, for the undertaking of an urban renewal program;
4. The Plan conforms to a comprehensive community plan for the development of the municipality as a whole;
5. There is a feasible method for the relocation of families and individuals displaced from the Area into decent, safe and sanitary dwellings, which are or will be provided in the Area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, at rents or prices within the financial means of such families or individuals, and reasonably accessible to their places of employment; and
6. The undertaking and carrying out of the urban renewal activities in stages is in the best public interest and will not cause any additional or increased hardship to the residents of the Area.

Pursuant to Section 505 of the General Municipal Law, the Council approves the First Amended Urban Renewal Plan for the Mid-Bronx Industrial Urban Renewal Area, dated December 1997.

Pursuant to Section 197-d of the New York City Charter, and on the basis of the Decision and Application, the Council approves the Decision.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 67

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure Application No. C 980245 ZMX pursuant to Sections 197-c and 197-d of the New York City Charter, concerning changes to the zoning map, Borough of The Bronx, Council District No. 15.

The Committee on Land Use to which was referred on February 5, 1998 (Minutes, page 574) the annexed resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development and the Economic Development Corporation pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 3d, changing from an M1-4 District to a C4-2 District property bounded by East 176th Street, a line midway between Boone Avenue and Longfellow Avenue and former Longfellow Avenue, East 174th Street, Vyse Avenue, and Boston Road, as shown on a diagram (for illustrative purposes only) dated January 5, 1998.

To facilitate the development of a neighborhood retail shopping center and residential uses.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 165

Resolution approving the decision of the City Planning Commission on ULURP No. 980077 ZMK, a Zoning Map Change (L.U. No. 83).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on February 6, 1998 its decision dated February 4, 1998 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 980077 ZMK) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Council held a public hearing on the Decision and Application on March 3, 1998;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the revised negative declaration, issued on February 4, 1998 (CEQR No. 98DCP012K);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 12d:

1) changing from an M3-1 District to an M1-2 District property bounded by South 3rd Street, Wythe Avenue, South 6th Street, Kent Avenue, South 4th Street and a line 100 feet easterly of Wythe Avenue;

2) changing from an M3-1 District to a C4-3 District property bounded by South 6th Street, Wythe Avenue, South 8th Street and its westerly prolongation, the U.S. Pierhead Line of the East River, Broadway and its westerly prolongation, and Kent Avenue;

3) changing from an M1-1 district to an R6 District property bounded by:

   a) a line midway between Broadway and South 8th Street, Berry Street, South 8th Street, and Wythe Avenue;

   b) a line midway between Broadway and South 8th Street, a line bisecting an angle formed by the easterly prolongations of the southerly street line of Broadway and the northerly street line of South 8th Street, Driggs Avenue, South 8th Street, and Bedford Avenue;

Report of the Committee on Land Use in favor of approving Non-ULURP Application No. N 980253 HGX pursuant to Section 504 of the General Municipal Law to amend the site designation of the Mid-Bronx Industrial Urban Renewal Area, Borough of The Bronx, Council District No. 15.

The Committee on Land Use to which was referred on March 18, 1998 the annexed resolution respectfully

REPORTS:

An amendment of the site designation of the Mid-Bronx Industrial Urban Renewal Area pursuant to Section 504 of Article 15 of the General Municipal Law (Urban Renewal Law) of New York State by eliminating Block 2998/Lots 14, 18 and 29 from the Urban Renewal Area.

To remove three residentially occupied buildings from the designated area.

Res. No. 166

Resolution approving the designation of the Mid-Bronx Industrial Urban Renewal Area (N 980253 HGX; Preconsidered L.U. No. __).

By Council Members Eisland and McCaffrey

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated February 25, 1998, pursuant to § 504 of Article 15 of the General Municipal Law that the Council designate the property described in the First Amended Mid-Bronx Industrial Urban Renewal Plan, dated December, 1997, as the Mid-Bronx Industrial Urban Renewal Area (the "Area");

Whereas, the Application is related to ULURP application numbers C 980244 HUX, an urban renewal plan amendment (L.U. 66) and C 980245 ZMX, a zoning map amendment (L.U. 67);

Whereas, upon due notice, the Council held a public hearing on the designation of the Area on March 16, 1998;

Whereas, the Council has considered the land use implications and other policy issues relating to the Area;

Resolved:

The Council finds that the Area is appropriate for urban renewal.

Pursuant to § 504 of the General Municipal Law, the Council designates the Area as the Mid-Bronx Industrial Urban Renewal Area.

Introduction and Reading of Bills

Int. No. 230

By The Speaker (Council Member Vallone) and Council Members O'Donovan, Michels, Duane, Henry, Perkins and Reed; also Council Members Carrion, Fisher, Harrison, Leffler, Miller, Pinkett, Povman, Robinson and Sabini

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the closure of the Fresh Kills landfill, limitations on disposal of solid waste at the landfill and requirements for specific levels of waste reduction and recycling.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of Title 16 of the administrative code of the city of New York is amended by adding a new section 16-134 to read as follows:

§ 16-134. Cessation of operation of the Fresh Kills landfill. The department shall cease disposal of solid waste, as such term is defined in subdivision n of section 16-303 of this title, at the Fresh Kills landfill after the first day of January, two thousand and two and shall develop the following alternative methods of managing solid waste:

a. Waste Prevention:

1. By the thirtieth day of June, nineteen hundred ninety-nine, the department and the department of citywide administrative services shall implement waste prevention programs for all residences, city agencies and institutions receiving department collection service that, in the aggregate, prevent the generation of no less than an average of eleven hundred tons per day of solid waste. Beginning on the first day of July, nineteen hundred ninety-eight, and every six months thereafter, the department shall submit to the council a report documenting the amount of waste prevention accomplished by such waste prevention programs as have been implemented.

2. Waste prevention programs, shall include, but not be limited to:

(i) citywide waste prevention requirements for city agencies and institutions as embodied in a local law, mayoral executive order and any amendments thereto;

(ii) revisions by the department of citywide administrative services. in consultation with the department, of city specifications for the procurement of goods and products by or on behalf of a city agency to incorporate waste prevention requirements. The term "waste prevention requirements" shall include. but not limited to increased purchases of durable goods, purchases of reusable goods in place of disposable goods and purchases of non-toxic products and less toxic products as substitutes for more toxic products;

(iii) revisions by the mayor's office of contracts. in consultation with the department of citywide administrative services and the department, of city specifications for the procurement of services by or on behalf of a city agency to incorporate waste prevention measures by the provider of such services;

(iv) the establishment of quantity-based user fees for any city agency receiving department collection service where the commissioner determines that the imposition of such fees is necessary to establish or increase waste prevention and recycling.

b. Recycling:

1. The department shall collect from residences citywide the following materials that have been designated as recyclable materials pursuant to section 16-305 of this title and market such materials for receiving:

(i) newspapers, magazines and catalogs;

(ii) telephone books;

(iii) corrugated cardboard;

(iv) containers made of glass;

(v) metal cans;

(vi) plastic bottles and jugs;

(vii) aluminum foil and aluminum foil products;

(viii) mixed paper, including, but not limited to junk mail; non-corrugated cardboard, such as cereal boxes, shoe boxes and cardboard tubes from paper towels; envelopes; paper bags; paper or cardboard cartons, such as egg cartons and produce trays; soft-cover books; white and colored paper; manila folders;

(ix) beverage cartons; and

(x) metal items that are more than fifty-percent metal, including, but not limited to, large metal appliances, such as stoves, ovens and dishwashers; small metal appliances, such as toasters and irons; metal utensils; cots and pans; wire hangers; metal cabinets; metal pencil sharpeners or staplers; metal furniture; window screens; metal lighting fixtures; metal boxes; nut and bolts; lawn mowers; bicycles; and metal toys;

2. By the thirtieth day of June nineteen hundred ninety-eight, the department of citywide administrative services, in consultation with the department, shall revise city specifications for the procurement by or on behalf of a city agency so as to require that purchases of products, materials and equipment conform to whichever of the following standards requires the highest amount of post-consumer recycled content:

(i) the United States environmental protection agency minimum content standards for recycled materials content promulgated pursuant to 42 U.S.C. § 6901, et seq.;

(ii) the minimum content standards promulgated pursuant to subdivision two of section 27-0717 of the environmental conservation law;

(iii) minimum content standards that may be established by local law; or

(iv) minimum content standards developed by the department of citywide administrative services.

c. Limitation on Disposal of Waste at the Fresh Kills Landfill.

1. Notwithstanding the provisions of any other law or rule, the department shall not accept for disposal at the Fresh Kills landfill during any calendar year solid waste, as such term is defined in subdivision n of section 16-303 of this title, that in the aggregate exceeds the maximum average daily amount for that calendar year as set forth in this subdivision:

Calendar year	*Maximum average daily amount*
1998	*10,900 tons per day*
1999	*8,500 tons per day*
2000	*6,500 tons per day*
2001	*4,000 tons per day*
2002 and thereafter	*0 tons per day*

2. For the purposes of this paragraph (i) "day" shall mean each working day in a three hundred sixty-five day calendar year; and (ii) "maximum average daily amount" shall mean the total amount of solid waste, as such term is defined in subdivision h of section 16-303 of this title, disposed of at the Fresh Kills landfill during any calendar year divided by the number of days in that calendar year.

d. By the thirtieth day of June, nineteen hundred ninety-nine. the department shall cease disposal at the Fresh Kills landfill of solid waste collected by private carters, as that term is defined in subdivision h of section 16-303 of this title.

e. No solid waste shall be disposed of at any landfill within the city of New York that was not accepting solid waste for disposal on the eighteenth day of March, nineteen hundred ninety-eight.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Environmental Protection.

Res. No. 132

Resolution calling upon the State Legislature to enact anti-graffiti measures S.184, introduced by State Senator Tully, and A.226-A, introduced by Assemblyman Lafayette.

By The Speaker (Council Member Vallone) and Council Members Cruz, Stabile, Henry and Reed; also Council Members Fisher, Harrison, Lasher, O'Donovan, Povman and Sabini

Whereas, The Council has done a great deal in recent years to combat and prevent despicable and destructive acts of graffiti vandalism throughout the five boroughs; and

Whereas, The Council's activities in this area have included the adoption of several anti-graffiti legislative measures, as well as continuous oversight of Mayoral agency efforts to combat graffiti; and

Whereas, There are at present two bills pending in the State Legislature which could significantly enhance the Council's efforts in the battle against graffiti vandalism; and

Whereas, The first measure, S.184, sponsored by Senator Tully, would amend the Vehicle and Traffic Law in such a way as to delay the issuance of a driver's license to a person under 21, with such a delay equaling one year for each youthful offender conviction or adjudication of making graffiti in violation of the Penal Law; and

Whereas, The second measure, A.266-A, sponsored by Assemblyman Lafayette, would require the Commissioner of Motor Vehicles to either suspend or refuse to issue a driver's license to a person under 19, or within one year of the date of conviction, which occurs last, who has ever been convicted or adjudicated a youthful offender for making graffiti in violation of the Penal Law; and

Whereas, Assemblyman Lafayette's measure would also make a convicted graffiti vandal liable to pay monetary restitution to the property owner and to perform community service; and

Whereas, Similar legislation was signed into law by Governor Whitman in New Jersey in 1995, and has been under consideration in other jurisdictions; and

Whereas, An important aspect of all these measures is their recognition that the freedom to operate a motor vehicle in today's society is a privilege, not a right, and that those who act with wanton disregard towards the property of others should be denied that privilege; now, therefore, be it

Resolved, That the New York City Council calls upon the State Legislature to enact anti-graffiti measures S.184, introduced by State Senator Tully, and A.226-A, introduced by Assemblyman Lafayette.

Referred to the Committee on Public Safety.

Res. No. 133

Resolution calling upon the New York State Board of Elections to coordinate with the New York City Campaign Finance Board to ensure that its new electronic filing specifications will be compatible with the filing specifications of the City's electronic filing system and to permit campaigns for the offices of Mayor, Public Advocate, Comptroller, Borough President, and City Council to file Campaign Finance Board disclosure forms with the City Board of Elections in lieu of corresponding State Board of Elections forms.

By the Speaker (Council Member Vallone) and Council Members Malave-Dilan, Perkins, Pinkett, Reed, Stabile and the Public Advocate (Mr. Green); also Council Members Carrion, Dear, Eisland, Fisher, Harrison, Leffler, Michels, Miller, O'Donovan, Povman and Abel

Whereas, the City Council adopted the landmark New York City Campaign Finance Act in 1988, providing for a computerized database accessible to the public that would contain the detailed campaign finance information filed by participating candidates; and

Whereas, The New York City Campaign Finance Board has successfully developed and maintained this computerized database, has provided free software to enable campaigns to make electronic filings, has established a public terminal to facilitate review of information disclosed by campaigns, and will soon place campaign finance data on the Internet in a searchable format; and

Whereas, The Campaign Finance Board's comprehensive system of computerized disclosure and electronic filing is the product of extensive investment, testing, and refinement over the course of a decade of City elections, during which time it has earned New York City a national reputation in the field of computerized campaign finance disclosure and served as a model for other jurisdictions; and

Whereas, The State Board of Elections administers, campaign finance disclosure requirements, for which it has adopted paper forms that are largely modeled on the forms devised by the Campaign Finance Board for computerized disclosure in New York City; and

Whereas, Campaigns in the New York City Campaign Finance Program must use State Board of Elections forms for filings required at the Board of Elections in the City of New York because the State Board of Elections does not currently permit the filing of corresponding Campaign Finance Board forms in lieu of its forms, and thus campaigns meeting the more extensive City disclosure requirements must consequently file two different sets of forms with two different agencies; and

Whereas, Pursuant to Chapter 430 of the Laws of 1997, the State Board of Elections is required to develop an electronic reporting system for candidates for State office to be put into effect beginning in 1999; and

Whereas, Political Committees required to make electronic filings with the Campaign Finance Board or the Board of Elections, or both, should not be face with incompatible filing specifications that increase their recordkeeping and filing burdens, and any new software specifications issued by the State Board of Elections should be flexible enough to enable campaigns to use one filing software to make any and all required electronic filings at both the State and City levels; and

Whereas, Software used by campaigns filing with the Campaign Finance Board may be adapted for filings suitable for the State and City Boards of Elections; and

Whereas, Ultimately, a single integrated computer network of campaign finance information filed by candidates throughout New York State would facilitate the enforcement of Election Law requirements and would greatly improve the public's access to information about the financing of political campaigns; and

Whereas, It would be inefficient and wasteful of taxpayer dollars to create a new State electronic filing system that does not build on the ten-year foundation established by New York City's comprehensive computerized campaign finance disclosure system, now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Board of Elections: (1) to coordinate with the New York City Campaign Finance Board to ensure that the filing specifications of the new State system will be finally compatible with the filing specifications of the existing City system, such that campaigns will need to use only one kind of software to meet all applicable electronic filing requirements, and (2) to permit campaigns for the New York City offices of Mayor, Public Advocate, Comptroller, Borough President, and City Council to file Campaign Finance Board disclosure forms with the Board of Elections in the City of New York in lieu of corresponding State Board of Elections forms.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

A LOCAL LAW to amend the administrative code of the city of New York in relation to requiring a separate maintenance line in the expense budget for all capital projects.

Be it enacted by the Council as follows:

Section one. The administrative code of the city of New York is hereby attended by the addition of a new section 18-101.1, to read as follows:

18-101.1. The commissioner shall be required to include as part of his proposal for individual capital projects, a separate and specific expense budget line for each rehabilitated department facility, to be used exclusively for its maintenance and upkeep for a period of five years from the date of its completion. Said expense budget must be used for maintenance and upkeep purposes only and for no other reason, and must be appropriated at the time the capital project is approved. The commissioner shall determine the standards necessary for the maintenance of each rehabilitated department facility over the five year period.

§ 2. This local law shall take effect at the beginning of the next fiscal year following its enactment into law.

A LOCAL LAW to amend the New York city charter, in relation to setting limits on overtime spending by city agencies.

Be it enacted by the Council as follows:

Section 1. Section 107 of chapter six of the New York City Charter is hereby amended by the addition of new subdivision f to read as follows:

f. (1) Notwithstanding any other provisions of law, upon exceeding a schedule for overtime spending within any unit of appropriation, as set forth in the adopted budget for the current fiscal year, by the percentage established herein, each agency shall submit to the council a statement of its reasons justifying the need to increase such overtime spending allocation and a projection of its overtime spending needs for the remainder of the current fiscal spending quarter and balance of such fiscal year. Such projection shall include a detailed summary of how such overtime expenditures will be allocated within the agency.

(2) For each agency, the percentage increase of overtime spending, above which the provisions of this subdivision shall apply, is five percent of any schedule for overtime expenses within an agency's appropriation, as contained in the current fiscal year's adopted or modified budget.

§ 2. The reporting requirement prescribed herein shall not be construed to limit in any way the budgetary powers vested in the council pursuant to chapters six, nine and ten of the charter.

§ 3. This local law shall take effect on the first day of the fiscal year next proceeding its enactment.

State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senator Montgomery, S.778.A, and Assemblyman Boyland, A.1461.A, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Mount Calvary United American Free Will Baptist Church, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1558, Lot No. 25 on tax map for the borough of Brooklyn."

By Council Member Boyland;

Whereas, A bill has been introduced in the New York State Legislature by Senator Montgomery, AN ACT authorizing the city of New York to reconvey its interest in cer-

tain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Mount Calvary United American Free Will Baptist Church, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1558, Lot No. 25 on tax map for the borough of Brooklyn; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of The City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of The City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

By Council Members Cruz, Linares, Pinkett and Rivera; also Council Members Michels and Koslowitz

A LOCAL LAW to amend the administrative code of the City of New York, in relation to the New York city collective bargaining law.

Be it enacted by the Council as follows:

Section 1. Subdivision l of section 12-303 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended to read as follows:

l. The term "certified employee organization" shall mean any public employee organization: (1) certified by the board of certification as the exclusive bargaining representative of a bargaining unit determined to be appropriate for such purpose; (2) recognized as such exclusive bargaining representative by a public employer [other than a municipal agency] *in conformity with the rules set forth in the office of collective bargaining rules of practice and procedure;* or (3) recognized by a municipal agency, or certified by the department of labor, as such exclusive bargaining representative prior to the effective date of this chapter, unless such recognition has been or is revoked or such certificate has been or is terminated.

§ 2. Subdivision c of section 12-304 of the administrative code of the city of New York, as amended by local law number 51 for the year 1980, is amended to read as follows:

c. any other public employer, and to the public employees and public employee organizations thereof, upon the election by the public employer or the head thereof by executive order of the chief executive officer to make this chapter applicable, subject to approval by the mayor, provided, however, that any such election by the New York city board of education shall not include any [employee appointed through the board of examiners of the New York city board of education] *teacher as defined in section 13-501 of this code or any employee who works in that capacity* or any paraprofessional employees with teaching functions; and

§ 3. Section 12-305 of the administrative code of the city of New York, as amended by local law number 71 for the year 1972, is amended to read as follows:

§ 12-305 **Rights of public employees and certified employee organizations.** Public employees shall have the right to self-organization, to form, join or assist public employee organizations, to bargain collectively through certified employee organizations of their own choosing and shall have the right to refrain from any or all of such activities. However, neither managerial nor confidential employees shall constitute or be included in any bargaining unit, nor shall they have the right to bargain collectively; provided, however, that *public employees shall be presumed eligible for the rights set forth in this section, and no employee shall be deprived of these rights unless, as to such employee, a determination of managerial or confidential status has been rendered by the board of certification; and provided further, that* nothing in this chapter shall be construed to: (i) deny to any managerial or confidential employee his or her rights under section fifteen of the civil rights law or any other rights; or (ii) prohibit any appropriate official or officials of a public employer as defined in this chapter to hear and consider grievances and complaints of managerial and confidential employees concerning the terms and conditions of their employment and to make recommendations thereon to the chief executive officer of the public employer for such action as such chief executive officer shall deem appropriate. A certified or designated employee organization shall be recognized as the exclusive bargaining representative of the public employees in the appropriate bargaining unit.

§ 4. Subdivision a of section 12-306 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended by adding paragraph 5 to read as follows:

(5) to unilaterally make any change as to any mandatory subject of collective bargaining or as to any term and condition of employment established in the prior contract, during a period of negotiations with a public employee organization as defined in section 12-311d of this chapter.

§ 5. Subdivision b of section 12-306 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended by adding paragraph 3 to read as follows:

(3) to breach its duty of fair representation to public employees under this chapter.

§ 6. Section 12-306 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended by adding subdivisions d and e to read as follows:

d. The employer shall be made a party to any charge filed under paragraph three of subdivision b of this section which alleges that the duly certified employee organization breached its duty of fair representation in the processing of or failure to process a claim that the public employer has breached its agreement with such employee organization.

e. A petition alleging that a public employer or its agents or a public employee organization or its agents has engaged in or is engaging in an improper practice in violation of this section may be filed with the board of collective bargaining within four months of the occurrence of the acts alleged to constitute the improper practice or of the date the petitioner knew or should have known of said occurrence. Such petition may be filed by one or more public employees or any public employee organization acting in their behalf, or by a public employer, together with a request to the board for a final determination of the matter and for an appropriate remedial order.

§ 7. The first unnumbered paragraph of subdivision a of section 12-307 of the administrative code of the city of New York, as amended by local law number 51 for the year 1980, and paragraph 1 of such subdivision as amended by local law number 1 for the year 1972, are amended to read as follows:

§ 12-307 **Scope of collective bargaining; management rights.** a. Subject to the provisions of subdivision b of this section and subdivision c of section 12-304 of this chapter, public employers and certified or designated employee organizations shall have the duty to bargain in good faith on wages (including but not limited to wage rates, pensions, health and welfare benefits, uniform allowances and shift premiums), hours (including but not limited to overtime and time and leave benefits), working conditions and provisions for the deduction from the wages or salaries of employees in the appropriate bargaining unit who are not members of the certified or designated employee organization of *an agency shop fee to the extent permitted by law, but in no event exceeding* sums equal to the periodic dues uniformly required of its members by such certified or designated employee organization and for the payment of the sums so deducted to the certified or designated employee organization, subject to applicable state law, except that:

(1) with respect to those employees whose wages are determined under section two hundred twenty of the labor law, [there shall be no duty to bargain concerning those matters determination of which is provided for in] *the duty to bargain in good faith over wages and supplements shall be governed by* said section;

§ 8. Subdivision b of section 12-307 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended to read as follows:

b. It is the right of the city, or any other public employer, acting through its agencies, to determine the standards of services to be offered by its agencies; determine the standards of selection for employment; direct its employees; take disciplinary action; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of governmental operations; determine the methods, means and personnel by which government operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work. Decisions of the city or any other public employer on those matters are not within the scope of collective bargaining, but, notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on [employees, such as] *terms and conditions of employment, including, but not limited to,* questions of workload [and manning], *staffing and employee safety,* are within the scope of collective bargaining.

§ 9. The title of section 12-308 of the administrative code of the city of New York and subdivision a of such section, as amended by local law number 1 for the year 1972, are amended to read as follows.

§ 12-308 **Judicial review and enforcement of a final order of the board of collective bargaining relating to an improper practice *or the board of certification*.**

a. Any order of the board *of collective bargaining or the board of certification* [with respect to any improper practice specified in section 12-306 of this chapter] shall be (1) reviewable under article seventy-eight of the civil practice law and rules upon petition filed by an aggrieved party within thirty days after service by registered or certified mail of a copy of such order upon such party, and (2) enforceable by the supreme court in a special proceeding, upon petition of the board *of collective bargaining, board of certification or any aggrieved party.*

§ 10. Paragraph 6 of subdivision a of subdivision b of section 12-309 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, is amended to read as follows:

(6) to *hold hearings and* compel the attendance of witnesses and the production of documents.

§ 11. Paragraphs 4 and 5 of subdivision b of section 12-309 of the administrative code of the city of New York, as amended by local law number 1 for the year 1972, are renumbered as paragraphs 5 and 6, respectively, and a new paragraph 4 is added to read as follows:

(4) to determine whether specified public employees are managerial or confidential within the meaning of subdivision seven of section two hundred one of the civil service law and thus are excluded from collective bargaining.

§ 12. The title of section 12-310 of the administrative code of the city of New York and subdivision d of such section as amended by local law number 53 for the year 1967, are amended to read as follows:

d. **[Adoption]** ***Promulgation*** **of rules.** [Prior to the adoption of any rule by the board of collective bargaining or the board of certification, the proposed text of such rule shall be published in the City Record and a public hearing shall be conducted upon at least ten day's notice at which interested parties may state their views concerning such rule.] *Rules and amendments to rules promulgated by the board of collective bargaining or the board of certification shall be in conformity with the requirements of chapter forty-five of the charter.*

§ 13. Paragraph 2 of subdivision c of section 12-311 of the administrative code of the city of New York, as amended by local law number 51 for the year 1980, is amended to read as follows:

(2) If the board of collective bargaining, upon recommendation of the director, determines that collective bargaining negotiations (with or without mediation) between a public employer and a certified or designated employee organization have been exhausted, and that the conditions are appropriate for the creation of an impasse panel, it shall promptly instruct the director to appoint such a panel. The director may also appoint an impasse panel upon request of both parties. In appointing a panel, the director shall submit to the parties a single list of seven persons from the register of impasse panel members, and each party shall inform the director of its preferences. To the extent the preferences disclose agreement, the person or persons agreed upon shall be appointed to the impasse panel; to the extent the preferences are not in agreement, the director shall proceed to designate the members of such panel from the register. Each party may at its own expense designate a consultant to an impasse panel, who shall be available to the panel for assistance. [The director shall give notice of the appointment of the impasse panel together with a statement of the issues to be submitted to the panel to the financial control board as constituted by chapter two hundred one of the laws of nineteen hundred seventy-eight.]

§ 14. The title of section 12-314 of the administrative code of the city of New York and subdivision a of section 12-314 of such code, as amended by local law number 53 for the year 1967, are amended to read as follows:

§ 12-314 **Special provisions relating to** ***initial*** **certification.** a. Any employee organization which (1) discriminates with regard to the terms and conditions of membership because of race, color, creed, *religion, disability, gender, sexual orientation, age,* or national origin, or (2) is engaged in or advocates the violent overthrow of the government of the United States or of any state or any political subdivision thereof shall be ineligible for certification as an exclusive bargaining representative. *For purposes of this section, the finding of a court or an administrative tribunal of competent jurisdiction that an employee organization has engaged in discrimination upon one of the above bases in a particular case shall not be dispositive of the question of that employee organization's eligibility for certification unless it is also found that the employee organization has engaged in a pattern or practice of such discrimination generally.*

§ 15. This local law shall take effect immediately.

Res. No. 134

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct a hearing on the quality of buildings constructed by the New York City Housing Partnership as well as the assistance given to first-time homeowners in the care and maintenance of their new homes.

By Council Members Cruz, Malave-Dilan, Duane, Espada, Henry, Pinkett and Perkins; also Council Members Harrison, Marshall and Robinson

Whereas, The New York City Housing Partnership (NYCHP), along with the NYC Partnership Housing Development Fund Company, Inc., L & M Equity Participants Ltd., Lowen Development, and others, were responsible for the development of new manufactured homes in the West Farms Haven, Minford, Hiram Rosado, and Bryant Avenue housing developments in the Bronx: and

Whereas, The homeowners of said manufactured homes have over the past year submitted numerous complaints to NYCHP regarding the construction and maintenance of their homes, including uneven or poor heating, sewer backups, roof leaks, cracked sidewalks, improperly cut curbs, drafts from windows and doors, and other deficiencies in maintenance, construction and cosmetics; and

Whereas, The homeowners have consulted with their elected representatives and formed The New Bronx Homeowners' Association to address an inadequate response by NYCHP to their complaints; and

Whereas, Several times said representatives have brought the homeowners' complaints to the attention of NYCHP; and

Whereas, NYCHP has responded to the representatives and the Association by commissioning several inspections by Licensed Professional Engineers, who recommended numerous improvements to individual units as well as an education effort to help homeowners address minor problems and maintenance issues on their own; and

Whereas, NYCHP has prepared a remediation work plan in which it agrees (1) to provide service personnel to perform remedial and maintenance tasks on an "as requested" basis, and (2) to sponsor a general "hands-on" homeownership maintenance seminar; and

Whereas, NYCHP has submitted this plan to the homeowners, but has indicated that it will not undertake any repairs on a unit until the homeowner signs a "hold harmless" release; and

Whereas, The homeowners indicated at a meeting with elected officials, representatives of the Department of Housing Preservation and Development, and NYCHP and the other developers and builders, on Wednesday, February 25, 1998, that this is not an acceptable solution; and

Whereas, NYCHP is one of the largest nonprofit housing developers in New York City, and is responsible for approximately 13,000 homes and apartments across the city; now therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York conduct a hearing on the quality of buildings constructed by the New York City Housing Partnership as well as the assistance given to first-time homeowners in the care and maintenance of their new homes.

A LOCAL LAW to amend the administrative code of the City of New York relation to requiring a separate road test for taxi drivers, to be administered by the Taxi and Limousine Commission.

Be it enacted by the Council as follows:

Section one. Section 19-505 of the administrative code of the city of New York is amended by adding a new subdivision b-1 to read as follows:

b-1. No taxicab driver's license, other than the renewal of such a license, may be issued unless the applicant has passed a road test administered by the commission, intended to demonstrate an applicant's ability to drive a taxicab under typical conditions. Such road test shall consist of, at a minimum, three simulated passenger trips to a requested destination within the city and shall not supersede or be considered to serve as a substitute for any test required pursuant to state law.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the operation of bicycles on sidewalks.

Be it enacted by the Council as follows:

Section 1. Subdivisions b and c of section 19-176 of the administrative code of the city of New York, as added by local law number 6 for the year 1996, are amended to read as follows:

b. No person shall ride a bicycle upon any sidewalk unless permitted by an official sign. *A violation of this subdivision shall be a traffic infraction punishable as provided in section eighteen hundred of the vehicle and traffic law.*

c. *(1)* A person who [violates] *rides a bicycle on a sidewalk in violation of* subdivision b of this section under circumstances which create a substantial risk of physical injury to another person shall be guilty of a misdemeanor, punishable by a fine of not more than one hundred dollars and imprisonment for not more than twenty days or both such fine and imprisonment. Such person shall also be liable for a civil penalty of not more than one hundred dollars which may be recovered in a proceeding before the environmental control board.

(2) Where a summons or notice of violation is issued for a violation of this subdivision, a designated employee of the department, the department of sanitation or the department of parks and recreation or a police officer may seize and impound the bicycle.

(3) In any proceeding under this subdivision it shall be a defense that the defendant or respondent was less than fourteen years old at the time of the commission of the violation.

(4) In any proceeding under this subdivision there shall be a rebuttable presumption that a substantial risk of physical injury to another person is present if at the time of the violation the bicycle is approaching pedestrian traffic on the sidewalk and is within fifteen feet of such traffic.

(5) If at the time of a violation of this subdivision the bicycle is being used in the course of delivering packages, parcels, food, papers or other items by or on behalf of a business which is subject to section 10-157 of this code, both the operator of the bicycle and the owner of the business shall be jointly and severally liable for the violation. The operator of the bicycle shall be deemed to be the agent of the owner of the business for purposes of the service of a notice of violation returnable to the environmental control board and service of the notice of violation on the operator of the bicycle shall be deemed to be service on such owner. For the purposes of this paragraph, a bicycle is deemed to be used in the course of delivering packages, parcels, food, papers or other items by or on behalf of a business at all times while it is in transit for the purpose of delivering such items, including its return to such business after completing delivery.

§ 2. This local law shall take effect thirty days after it shall have been enacted into law.

Res. No. 135

Resolution calling upon the State Legislature and Governor Pataki to undertake further initiatives to enhance vehicular safety on the State's roads and highways, including enacting aggressive driving legislation, strengthening drunk driving standards and encouraging enforcement of the State's seat belt laws.

By Council Member Dear; also Council Members Cruz, Duane, Foster, Harrison, Koslowitz, O'Donovan, Robinson and Freed

Whereas, Vehicular safety on roads and highways is still a paramount cause for concern and a major cause of death of Americans; and

Whereas, Legislation introduced recently in Albany would address one aspect of this problem, by strengthening penalties for acts of "aggressive driving"; and

Whereas, Senate Bill 5959, introduced by State Senator Nozzolio establishes the crime of "aggressive driving" and increases the penalty for overtaking a vehicle on the left and Assembly Bill 8817, introduced by Assemblymember Gantt defines the term "aggressive driving" and states the instances when it occurs; and

Whereas, Despite recent attention on "aggressive driving," driving while under the influence of alcohol remains the overwhelming cause of traffic-related fatalities and injuries; and

Whereas, According to the National Highway Traffic Safety Administration, there were 17,126 alcohol-related fatalities in 1996, representing 40.9 percent of the total traffic fatalities for the year; and

Whereas, Legislation (A.8335) introduced at the request of the Governor in January 1998 would reduce the threshold for drunk driving to a required Blood Alcohol Content of .08 from the current standard of .10, but such legislation is still pending in the Committee on Transportation and has not yet been heard; and

Whereas, The reduction of the drunk driving threshold is part of a nation-wide movement, with fifteen states already having adopted the .08 standard; and

Whereas, The U.S. Senate recently approved legislation that would strip states of Federal highway funding if the stronger standard is not adopted and similar legislation introduced by New York Congresswoman Nita Lowey (H.R. 981) is expected to be considered by the House of Representatives in the near future; and

Whereas, Another method of enhancing vehicular safety on the nation's roads and highways is to increase the use of seat belts by better enforcing existing seat belt laws; and

Whereas, According to "Traffic Safety Facts 1996," seat belts were used by only 18.5 percent of all fatally injured *intoxicated* drivers, (Blood Alcohol Content of .10) compared to 30.2 percent of fatally injured *impaired* drivers (Blood Alcohol Content ranging from .01-.09) and 46.3 percent of fatally injured *sober* drivers; and

Whereas, These statistics demonstrate that not only do the numbers of fatalities increase as seat belt use decreases, but that the tendency to use a seat belt will decrease as the level of intoxication increases; and

Whereas, The penalty for the failure to use a seat belt is only fifty dollars pursuant to Section 1229-c of the Vehicle and Traffic Law, in what many perceive as a rarely enforced law; now, therefore be it **resolved,**

That the City Council calls upon the State Legislature and Governor Pataki to undertake further initiatives to enhance vehicular safety on the State's roads and highways, including enacting aggressive driving legislation, strengthening drunk driving standards and encouraging enforcement of the State's seat belt laws.

Res. No. 136

Resolution urging the Congress of the United States to pass an existing "Sense of Congress" resolution that calls upon the Palestinian Authority to extradite, to the United States for prosecution, residents of its territories, who are accused or suspected of killing American citizens.

By Council Members Dear and the Speaker (Council Member Vallone); also Council Members Eisland, Fisher, Koslowitz, Lasher, O'Donovan and Povman

Whereas, The traditional policy of the United States, reiterated by this administration, has been to vigorously pursue and apprehend terrorists who have killed American citizens in other countries; and

Whereas, Numerous American citizens have been killed by Palestinian Arab terrorists, most of them in Israel or the Israeli-administered territories, including 9 since the signing of the Oslo accords in 1993, namely, Nahshon Wachsman (NY), Alisa Flatow (NJ), Sara Duker (NJ), Matthew Eisenfeld (CT), Joan Davenny (CT), David Boim (NY), Yaron Ungar (NY), Leah Stern (NJ), and Yael Botwin (CA); and

Whereas, Nine of the terrorists suspected in the killings of American citizens in Israel or the Israeli-administered territories during 1993-1997 have been identified by Israel as residents of Palestinian Authority (PA) controlled territory, namely, Mohammed Dief, Nabil Sharihi, Nafez Sabih, Imjad Hinawi, Muhi a-Din a-Sharif, Abd al-Majid Dudin, Adel Awadallah, Ibrahim Ghneimat, and Mahmoud Abu Hanudeh; and

Whereas, According to the Israeli government, eight of those nine terrorist suspects are currently free men and the ninth is in prison on a different charge, not having been prosecuted for the murder of his American victim; and

Whereas, The PA has not honored any Israeli requests for the transfer of these, and at least 30 other terrorist suspects, to Israel, for prosecution, although the Oslo accords require the PA to honor such requests; and

Whereas, The United States Anti-Terrorism Act of 1986 permits the prosecution, in the United States, of individuals who murder American citizens abroad; and

Whereas, The United States has demanded that Libyan leader Muammar Qadaffi transfer to the U.S. the Libyan terrorists suspected of bombing Pan Am flight 103; now, therefore, be it

Resolved, That the Council of the City Of New York urges the congress of the United States to pass an existing "Sense of Congress" resolution that calls upon the Palestinian, Authority to extradite to the United States for prosecution, residents of its territories, who are accused or suspected of killing American citizens.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

Res. No. 137

Resolution calling upon Governor Pataki and the State Legislature to incorporate the recommendations proposed by the Children's Defense Fund when implementing New York State's Child Health Insurance Program.

By Council Members DiBrienza, Clarke, Duane, Freed, Perkins and Watkins; also Council Members Cruz, Eisland, Eldridge, Fisher, Foster, Harrison, Leffler, Marshall, Michels, Reed and Robinson

Whereas, The federal government recently created the State Child Health Insurance Program which provides States with $48 billion over the next ten years to purchase health insurance for uninsured children; and

Whereas, New York State stands to receive approximately $255 million per year under this new initiative to implement New York State's Child Health Insurance Program; and

Whereas, In his recent State of the State address, Governor Pataki pledged to guarantee access to comprehensive health insurance for every child under age 19 in New York State; and

Whereas, According to statistics, there are an estimated 680,000 children in New York State lacking health insurance coverage although most of these children are eligible for either Medicaid or the State-funded Child Health Plus program; and

Whereas, The Children's Defense Fund recently proposed a plan for New York State's Child Health Insurance Program that would provide guaranteed health insurance coverage for every child in New York State; and

Whereas, The proposed plan would provide a comprehensive package of health benefits to meet the needs of children including vision, dental, hearing and services for children with special health needs; and

Whereas, Under the proposed plan, families with incomes below 200% of the poverty level would participate at no cost, while families with incomes between 200% and 300% of the poverty level would have a sliding scale fee; and families over 300% of the poverty level would be able to purchase the insurance at full cost; and

Whereas, The proposed plan would be administered so as to allow families to enroll and stay in the program by having one application process for all children; presumptive eligibility so that uninsured children can receive immediate coverage; full year certifications; and mail-in applications and re-certification provisions for working parents; and

Whereas, The proposed plan would be fully funded through a combination of the new federal funding and the existing New York State allocations for Medicaid and Child Health Plus; and

Whereas, Numerous organizations across the State have endorsed the proposal by the Children's Defense Fund including: 1199 National Health and Human Service Employees Union; The Citizen's Committee for Children; The New York State Public Health Association; and The Children's Aid Society; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Governor Pataki and the State Legislature to incorporate the recommendations proposed by the Children's Defense Fund when implementing New York State's Child Health Insurance Program.

Res. No. 138

Resolution Condemning the Serbian massacres of Albanians in Kosovo Province, in Yugoslavia, and calling upon the United Nations to intervene and bring about a peaceful resolution to recent violence in that region.

By Council Members DiBrienza, Duane, Lopez and Golden; also Council Members Eisland, Fisher, Foster, Lasher, Michels, O'Donovan and Provenzano

Whereas, During the first week of March, 1998 Serbian police and paramilitary units unleashed helicopter gunships and armored personnel carriers against armed Albanian separatists in Kosovo Province, Yugoslavia; and

Whereas, These actions forced the evacuation of dozens of Serbian families and Albanian women and children as scores of villages in the area were cordoned off to keep outsiders away; and

Whereas, According to the Serbian interior ministry, in the attendant violence twenty Albanians and two Serbian policemen were killed; and

Whereas, It was reported by Albanian political leaders that many houses were burned, massacres were carried out, and many detonations were heard in the hillsides surrounding the city of Prekaz; and

Whereas, Many Serbians in the area say that state security forces have been distributing automatic assault rifles to Serbian men in the province, allegedly for use against Albanians; and

Whereas, The New York Times has reported that "Western diplomats express fear the attacks could broaden into the kind of rampages that characterized the behavior of the Serbian forces in Bosnia during the war there"; now therefore, be it

Resolved, That the Council of the City of New York condemns the Serbian massacres of Albanians in Kosovo Province, in Yugoslavia, and calls upon the United Nations to intervene and bring about a peaceful resolution to recent violence in that region.

On motion of the Speaker (Council Member Vallone), and adopted. The matter made a General Order for the day and unanimously adopted by a viva voce vote.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to gates used to secure commercial premises located on thirty-fourth and forty-second streets in Manhattan.

Be it enacted by the Council as follows:

Section 1. Article five of subchapter six of chapter one of title twenty-seven of the administrative code of the city of New York is amended by adding a new section 27-371.1 to read as follows:

§ 27-371.1 Gates. a. For purposes of this section the following terms shall mean as follows:

(1) "Commercial premises". Any premises abutting the sidewalk at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession.

(2) "Gate". Any structure that can be swung, drawn or lowered to secure a commercial premises.

b. On and after six months from the effective date of this section, no gate that may be used to secure a commercial Premises located on the streets set forth below unless such gate, when closed, Permits visibility from the outside of at least seventy-five percent of the area covered by such gate:

(1) borough of Manhattan – 34th street from the east side of franklin d. roosevelt drive to the east side of west street; and

(2) borough of Manhattan – 42nd street from the west side of first avenue to the east side of west street.

§ 2.This local law shall take effect immediately.

Res. No. 139

Resolution calling upon the State of Pennsylvania to grant request of Mumia Abu-Jamal for a new trial and to stay his execution until a new trial can be scheduled and completed.

By Council Members Duane, Espada, Lopez, Perkins, Pinkett and Warden; also Council Members Carrion, Foster and Robinson

Whereas, Mumia Abu-Jamal is currently on death row in Pennsylvania in a case which has brought international attention to the serious possibility that the State of Pennsylvania may be killing a man who is innocent of the charges against him; and

Whereas, There is widespread support for a new trial in this case, particularly because witnesses for the prosecution now recant their earlier testimony which was used to convict Mumia Abu-Jamal in his first trial; and

Whereas, There is widespread evidence that the police agency involved in the original case and the criminal justice system which heard the original case were involved in illegal suppression of evidence and pressured witnesses to falsely testify as to what they observed at the scene of the crime; and

Whereas, There is now a witness, a police informer, who is prepared to testify that other witnesses were pressured to give false testimony; and

Whereas, The taking of a person's life by the State, without solid and incontrovertible evidence that demonstrates beyond any reasonable doubt that a capital crime has been committed, is at stake in this case; and

Whereas, Local citizens and organizations in New York City have requested that our City join the international outcry for a new trial in the case of Mumia Abu-Jamal; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State of Pennsylvania to grant the request of Mumia Abu-Jamal for a new trial and to stay his execution until a new trial can be scheduled and completed.

State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senator Goodman, S.3644A, and Committee on Rules, A.6737A, "AN ACT in relation to the membership of Henry M. Christman in the New York state and local employees' retirement system."

By Council Members Duane, Pinkett and Eristoff

Whereas, A bill has been introduced in the New York State Legislature by Senator Goodman, AN ACT in relation to the membership of Henry M. Christman in the New York state and local employees' retirement system; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of The City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of The City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Res. No. 140

Resolution calling upon the Department of Consumer Affairs to continue its "Passover Kosher Market Basket Survey"; encouraging consumers to use this information to choose stores that do not price gouge and calling upon retailers and manufacturers not to inflate their prices during the Passover holiday season.

By Council Members Eisland, Koslowitz, Dear, Fisher, Lasher, Michels, McCaffrey, Duane, Foster, Rivera, O'Donovan, Cruz, Freed, Warden, Watkins, Golden, Stabile and the Public Advocate (Mr. Green); also Council Members Leffler, Marshall,

Pinkett, Povman, Provenzano, Robinson, Robles, Wooten and Abel

Whereas, The Department of Consumer Affairs' Passover Kosher Market Basket has become almost as much a part of the annual holiday tradition as the search for the afikomen and the asking of the Four Questions; and

Whereas, Since its inception at the request of the Council fourteen years ago, the Passover Market Basket Survey has helped consumers to comparison shop; and

Whereas, Encouraging comparative shopping, advertising the highest and lowest prices for Passover foods, and asking retailers to pledge against price gouging seems to have helped in countering the ever increasing cost of the special foods necessary for Passover; and

Whereas, Manufacturers and retailers are sometimes known to take advantage of the devout practices of Jewish people who celebrated the holiday by raising the price of Passover, foods to unconscionable levels in the period immediately preceding Passover; and

Whereas, The Council Members' distribution of palm cards with the information collected by the Department of Consumer Affairs allows customers to comparison shop without searching their entire neighborhood; and

Whereas, A consumer's best defense against overcharges is information regarding the prices at which products are available, and the ability to comparison shop; and

Whereas, By conducting and distributing a kosher basket survey, a mechanism is in place that sends a strong message that there is concern about the prices Passover observers will have to pay; now, therefore, be it

Resolved, That the Council calls upon the Department of Consumer Affairs to continue their "Passover Kosher Market Basket Survey"; encourages consumers to use this information to choose stores that do not price gouge and calls upon retailers and manufacturers not to inflate their prices during the Passover holiday season.

On motion of the Speaker (Council Member Vallone), and adopted. The matter made a General Order for the day and unanimously adopted by a viva voce vote.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to immunity from criminal liability for officers and board members of cooperative housing corporations and condominiums.

Be it enacted by the Council as follows:

Section 1. Article three of subchapter five of chapter two of title twenty-seven of the administrative code of the city of New York is amended by adding a new section 27-2119.1 to read as follows:

§ 27-2119.1 Immunity from criminal liability for certain officers and board members. Except as otherwise provided, no person serving without compensation as an officer or member of the board of directors of a cooperative housing corporation or a member of the board of managers of a condominium formed pursuant to article nine-b of the New York state real property law shall be held criminally liable for any violation of any provision of the New York state multiple dwelling law, administrative code, or any rule or regulation promulgated thereunder, where such violation relates to the physical condition of the premises under the control of such cooperative housing corporation or condominium, unless the conduct of such officer or board member caused the condition that constitutes a violation or such officer or board member had actual knowledge of the condition that constitutes a violation and failed to take appropriate measures to correct it. For purposes of this section, such officer or board member shall not be considered compensated solely by reason of payment of his or her actual expense incurred in attending meetings or otherwise in execution of such office.

§ 2. This local law shall take effect immediately.

Res. No. 141

Resolution calling for the New York State Senate and Assembly to support S.1735 and A.2574 that requires the New York State Department of Transportation to retain independent engineers to represent the community in all state highway projects undertaken in New York City, as exemplified by the Brooklyn-Queens Expressway—Meeker Avenue reconstruction project.

By Council Members Fisher, Duane, Eisland, Wooten and Golden; also Council Members Carrion, Harrison, McCaffrey and O'Donovan

Whereas, It is widely believed that engineers from the State Department of Transportation who work on State highway projects in urban areas are not given the time or funds to do detailed studies of the neighborhoods which would enable them to adequately factor in the concerns of communities impacted by large highway construction projects; and

Whereas, A more thorough study of the community would mitigate local traffic problems, and relieve adverse impacts on the environment, residents and commerce of the neighborhoods when reconstruction and rehabilitation plans are prepared for highway and bridges; and

Whereas, S.1735 introduced by Senator Martin Connor and A.2574 introduced by Assembly Member Joseph R. Lenthol would address this problem by having the State Commissioner of Transportation contract for the services of an independent engineer to provide technical assistance to the community in the design of large projects; and

Whereas, Urban projects would become more efficient if residents of the community could use this technical analysis to offer positive proposals to project planners, local and State officials over matters that concern the neighborhoods impacted by highway construction projects; and

Whereas, S.1735 and A.2574 would require that highway and bridge construction projects costing $10,000,000 or more should have a project task force composed of a representative of the local community as well as the community board, State Senator, State Assembly member and City Council member and Borough President; and

Whereas, These bills authorize the Task Force to work in "full participation" with the Commissioner of Transportation to hire a professional engineer who would provide technical assistance to the Task Force from the inception of the project to its conclusion; and

Whereas, the Department of Transportation would pay this engineer not less that one percent of the cost of the budget for the project; and

Whereas, The use of this independent engineer would make urban projects more efficient by raising neighborhood concerns and presenting them for inclusion in the plans; and

Whereas, This legislation would help the State curtail and avoid legal challenges that have become commonplace when local concerns are ignored and not incorporated in reconstruction and rehabilitation projects; now, therefore, be it

Resolved, That the New York City Council calls on the New York State Senate and Assembly to support S.1735 and A.2574 that requires the New York State Department of Transportation to retain independent engineers to represent the community in all state highway projects undertaken in New York City, as exemplified by the Brooklyn-Queens Expressway–Meeker Avenue reconstruction project.

Res. No. 142

Resolution calling on the Metropolitan Transportation Authority to conduct technical-feasibility studies concerning free transfers between subway stations that are in close proximity to each other, and report to the Council on the results of these studies by September 1998.

By Council Members Fisher, Duane, Freed, Reed and Wooten; also Council Members Eisland, Foster, Harrison, Lasher, Miller and O'Donovan

Whereas, The implementation of free transfers between buses and subways has had numerous positive effects and has been a great success; and

Whereas, The free transfer policy is saving city residents living or working in two-fare neighborhoods $750 or more each year; and

Whereas, New Yorkers have responded enthusiastically to the new policy and for the first time in twenty years the City's buses have experienced a sustained increase in use that has seen the number of passenger increase by 16% during the period of July through December 1997 as compared to the same period during the preceding year; and

Whereas, The benefits of a free transfer may also be suitable between subway lines when the stations are close to each other; and

Whereas, For example the "G" line is underground, but in Brooklyn it intersects with elevated stops on the "J", "Z" and "M" lines, and in Queens the "G" line at Court Square intersects with the elevated stop on the number "7" line at Court House Square and 45th Street; and

Whereas, The "B", "F", "D" and "Q" trains at the Broadway–Lafayette Station provide a free transfer with the downtown number "6" train at Bleecker Street, but offer passengers no comparable access to the uptown number "6" train; and

Whereas, The Metropolitan Transportation Authority should determine if free transfers between subway lines could be used at these subway stations without creating abuses such as allowing some passengers a free return trip when the majority of transit users are required to pay for their return trips; and

Whereas, These stops and others should be examined by the MTA to see if free transfers between subway lines could be provided benefits without permitting abuses; now, therefore, be it

Resolved, That the Council of the City of New York calls on the Metropolitan Transportation Authority to conduct technical-feasibility studies concerning free transfers between subway stations that are in close proximity to each other, and report to the Council on the results of these studies by September 1998.

State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senator Santiago, S.1778.A, and Assemblyman Lentol, A.2972.A, "AN ACT to authorize the commissioner of the New York city department of parks and recreation to provide for the increased patrol by enforcement officers of McCarren Park, Fort Greene Park, Commodore John Barry Park and McGoldrick Park in Brooklyn, Kings County"

By Council Members Fisher and Pinkett;

Whereas, A bill has been introduced in the New York State Legislature by Senator Santiago, AN ACT to authorize the commissioner of the New York city department of parks and recreation to provide for the increased patrol by enforcement officers of McCarren Park, Fort Greene Park, Commodore John Barry Park and McGoldrick Park in Brooklyn, Kings County; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of The City of New York as the local legislative body; now, therefore, be it

Resolved, That the Council of The City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Res. No. 143

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on the City's neglect of the repair, maintenance, cleanliness, and safety of the City's 93 stepstreets, and further, on the establishment of an inter-agency task force on stepstreets.

By Council Members Foster, Cruz, Eisland, Marshall, Carrion, Duane and Henry; also Council Members Fisher, Harrison, McCaffrey and Michels

Whereas, The Department of Transportation has identified 93 stepstreets in the five boroughs and in recent years these streets have been neglected by City agencies in terms of repair, maintenance, and safety; and

Whereas, The Department of Transportation has primary responsibility for maintaining stepstreets which are of vital importance to the City in that they provide major access for the citizens of New York City, and are vital links to and from subway and bus lines, commercial and residential areas; and

Whereas, Stepstreets are historic, artistic, and engineering treasures of the City and should be maintained if for no other reason than to preserve this part of the City's history; and

Whereas, The steps are mapped as streets and City agencies such as Environmental Protection, Police, Transportation, and Parks and Recreation have the same obligation to provide these streets with daily attention as they do to other streets; and

Whereas, The adjacent sides of some stepstreets are mapped as sidewalks, and the adjacent owners are responsible for their maintenance, repair, and cleanliness, but little diligence has been shown by the many agencies responsible for enforcement of the City's law and regulations, consequently many property owners neglect these sidewalks; and

Whereas, Although there are no records that track the criminal conduct and illegal acts and behavior which take place on stepstreets, complaints to local officials and community boards are proliferating concerning problems like drug trafficking, littering and dumping; and

Whereas, The Board of Education acknowledges that problems with safety and maintenance such as the failure to clear these streets of snow and ice has led them to be excluded from the walking routes used by the Board of Education to calculate how far a student lives from a school and whether the student is eligible for public transportation or should walk; and

Whereas, The Council has an oversight responsibility to determine if the City agencies such as Environmental Protection, Transportation, Police, Parks and Recreation are properly exercising their responsibility for law enforcement, repair, maintenance and cleanliness of stepstreets; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York hold hearings on the City's neglect of the repair, maintenance, cleanliness, and safety of the City's 93 stepstreets, and further, on the establishment of an inter-agency task force on stepstreets.

Res. No. 144

Resolution commending George Abramson, a livery cab driver and resident of Brooklyn for demonstrating exemplary courage in the face of grave danger and at the hands of an armed robber.

By Council Member Dear and the Speaker (Council Member Vallone), and Council Member Fusco; also Council Members Eisland, Fisher, Michels and O'Donovan

Whereas, On Sunday, February 22, 1998, 57-year old George Abramson was dutifully serving the residents of Brooklyn while performing his weekend job of driving a livery cab, when he was robbed and shot three times by a reckless criminal, and

Whereas, Despite serious wounds including one gunshot to the jaw and two gunshots to the chest, Mr. Abramson managed to disarm the assailant and hold the suspect at gunpoint until help arrived, and

Whereas, The assailant demanded money and was unsatisfied after Mr. Abramson handed over $60, which was all the money he had, and then, fearing for his life and seizing upon an opportunity to disarm the robber, Mr. Abramson grabbed the gun and took control of the lifethreatening situation, and

Whereas, Mr. Abramson was treated for his injuries at Kings County Hospital and was fortunately released the same day, and

Whereas, Mr. Abramson, who is of Ukrainian descent and who recently emigrated to the United States, worked as a Senior Electronic Engineer in Sevastopol, Ukraine for part of his twenty year career in engineering and he is currently employed by Long Island College Hospital in Brooklyn as a Biomedical Engineering Technician; now, therefore, be it

Resolved, That the Council of the City of New York commends George Abramson, a livery cab driver and resident of Brooklyn, for demonstrating exemplary courage in the

face of grave danger and at the hands of an armed robber.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order of the day and unanimously adopted by a viva voce vote.

Res. No. 145

Resolution commending United Nations Secretary General Kofi Annan for his leadership in negotiating a settlement with Iraq to avert a military action by the United States.

By Council Members Foster, Eldridge, Duane, Lopez and Perkins; also Council Members Carrion, Clarke, Cruz, Eisland, Lasher, Pinkett and Robinson

Whereas, Last month, the entire world had their eyes on Ghana-born United Nations Secretary General Kofi Annan while he orchestrated a landmark agreement with the nation of Iraq, staving off the prospect of an American military assault; and

Whereas, Mr. Annan's diplomatic prowess was demonstrated during the heart of the most recent Iraqi crisis, an alleged result of Iraqi President Saddam Hussein's refusal to grant unlimited access to weapons' inspectors; and

Whereas, Defying the predictions of many that an American military assault on Iraq was inevitable, the Secretary General presented Mr. Hussein with a clear and just resolution which the Iraqi President agreed to and which after careful discussions with the White House, was considered acceptable by the United States; and

Whereas, The Secretary General received the support of the American people which clearly favored the exhaustion of peace talks over a military assault which could have resulted in the loss of countless lives; and

Whereas, According to Mr. Annan, as quoted in *The New York Times* on March 12, 1998, just a few weeks after the agreement was reached, weapons inspectors had been able to enter the Iraqi Ministry of Defense for the first time in seven years and in accordance with the new agreement, diplomat "chaperones" will be allowed to observe inspections of the most sensitive sites; and

Whereas, It has become clear that the United Nations and the United States are prepared to cooperate in seeing that the provisions of the U.N. agreement are followed by Iraq, a testament to the diplomatic skills and expertise Secretary General Kofi Annan demonstrated in Baghdad last month; now, therefore, be it

Resolved, That the Council of the City of New York commends United Nations Secretary General Kofi Annan for his leadership in negotiating a settlement with Iraq in order to avert a military action by the United States.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

Res. No. 146

Resolution calling upon the New York State Legislature to adopt, and the Governor to sign into law, legislation amending the State Civil Service Law so as to permit the Police Commissioner to suspend without pay a police officer charged with a crime during the pendency of a criminal action.

By Council Members Leffler and Espada; also Council Members Cruz, Foster, Michels, Pinkett and Robinson

Whereas, The commission of a criminal act by a New York City police officer is a betrayal of the enormous trust placed in the officer by the citizens of New York City, and must not be tolerated; and

Whereas, Like anyone else accused of a crime, however, a police officer accused of a crime is entitled to the presumption of innocence until proven guilty; and

Whereas, Although the Police Commissioner is given substantial authority to discipline the members of the police force, many of his actions are circumscribed by State law; and

Whereas, Currently, pursuant to the New York State Civil Service Law, Section 75, a police officer charged by the Department with incompetency or misconduct may be suspended without pay for a period not exceeding thirty days, pending the hearing and determination of those charges; and

Whereas, As a result of this provision, the Police Commissioner is often faced with the dilemma of either restoring an officer charged with a crime to modified duty and putting the officer back to work, or to pay the officer while suspended; and

Whereas, At a September 11, 1997 hearing of the Council's Committee on Public Safety concerning police brutality in the wake of the Abner Louima case, Police Commissioner Safir testified that the Administration's police integrity bill (S.5468), currently pending in the State Legislature, would address this situation by providing suspension without pay of officers during a pending criminal action; and

Whereas, Commissioner Safir urged the Council to support the integrity legislation so as to avoid the unfair and often egregious situations that can and have resulted because of the Civil Service Law's current thirty day limitation on suspension without pay; now, therefore, be it

Resolved, That the Council of the City of New York urges the New York State Legislature to adopt, and the Governor to sign into law legislation that would amend the State Civil Service Law so as to permit the Police Commissioner to suspend without pay a police officer charged with a crime during the pendency of a criminal action.

Res. No. 147

Resolution designating March 30, 1998 as "Matthew Simon Suicide Awareness Day."

By Council Member Leffler

Whereas, Matthew Simon was born musically gifted and had been involved in school bands since Public School and through Cardozo High School in Queens; and

Whereas, Matthew had several of his own bands and learned to play the piano, violin, drums, guitar, and synthesizer. At Cardozo he led the band for their annual "SING" for which he wrote, performed, and arranged the music. He interned at MTV studios in New York City; and

Whereas, A sensitive and talented musician, Matthew Simon attended SUNY at Oswego in 1993, and immediately became involved in WNYO, the Campus radio station; he was the first Freshman at Oswego ever to become Program Director; he also was a Disc Jockey with his own show at 6 a.m. as "Matt in the Morning": this opportunity stirred in him a growing interest in creating, writing, and mixing his own music; and

Whereas, Plagued by severe anxiety attacks since high school, Matthew Simon opted for the permanent solution of suicide, leaving behind 21 years of only the fondest memories of his sounds, his talent, his warmth, his love, and his friendship; and

Whereas, In New York State efforts to educate and inform the citizenry about suicide awareness is helping to address this very serious health problem in the youth of today; and

Whereas, It is the sense of this Assembled Body that the efforts to address the problem of youth suicide truly deserves the deep appreciation and support of all; now, therefore, be it

Resolved, That the City Council designates March 30, 1998 as "Matthew Simon Suicide Awareness Day" in the City of New York; and be it further

Resolved, That copies of this Resolution be transmitted to the family of Matthew Simon.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to permissible parking for members of the funeral service profession and persons attending funerals.

Be it enacted by the Council as follows:

Section one. Legislative findings and intent. It is hereby found and declared that members of the funeral service procession are frequently called upon to respond to emergencies or situations which warrant immediate attention during the course of administering their duties. In these instances, many members of the funeral service profession are burdened with the task of locating permissible parking, often delaying their ability to transfer human remains from hospitals, to perform an official function at institutions in the City of New York or to conduct funeral service at a funeral establishment or a house of worship. It is also hereby found that persons attending funerals frequently encounter difficulty locating permissible parking near the funeral establishment at which they are attending a funeral.

It is furthermore found and declared that current New York City Traffic Rules and Regulations do allow parking exemptions for doctors and dentists and representatives of certain not-for-profit organizations but do not provide any exemption for members of the funeral service profession who perform a vital service 24 hours a day, 365 days a year.

§ 2. Chapter one of title nineteen of the administrative code of the City of New York is hereby amended by adding thereto a new section 19-163.1 to follow section 19-162 and to read as follows:

§ 19-163.1 Permissible parking; for members of the funeral service profession and persons attending funerals houses of worship, funeral establishments, hospitals and institutions. a. Definitions. For the purposes of this section, the following words shall be defined as follows:

1. "Funeral director" means a person to whom a valid license has been issued to engage in funeral directing.

2. "Undertaker" means a person to whom a valid license has issued to engage in undertaking.

3. "Embalmer" means a person to whom a valid license has been issued to engage in embalming.

4. "Funeral directing" means the care and disposal of the body of a deceased person or the preserving, disinfecting and preparing by embalming or otherwise, the body of a deceased person for funeral services, transportation, burial or cremation.

5. "Undertaking" means the care, disposal, transportation, burial or cremation by any means other than embalming of the body of a deceased person.

6. "Embalming" means preparing, disinfecting and preserving, either hypodermically, arterially or by any other recognized means the body of a deceased person for burial, cremation or other final disposition.

7. "Funeral establishment" means a single physical location, address or premises devoted to or used for the care and preparation of a body of a deceased person for disposition and for mourning or funeral ceremonial purposes.

8. "House of worship" shall mean a building which serves solely as a church, synagogue, temple, mosque or for the purpose of organized religious counseling or prayer on behalf of a religious corporation.

9. "Hospital" shall mean a facility engaged principally in providing hospital service by or under the supervision of a physician for the prevention, diagnosis or treatment of human disease, pain, injury, deformity or physical condition, including, but not limited to, a general hospital, nursing home, tuberculosis hospital, chronic disease hospital, maternity hospital, lying in asylum, sanitarium or other facility engaged principally in providing services for the prevention, diagnosis or treatment of mental disability and such facilities providing hospital service.

10. "Hospital Service" shall mean the preadmission, out-patient, in-patient and post discharge care provided in or by a hospital, and such other items or services as are necessary for such care, which are provided by or under the supervision of a physician for the purpose of prevention, diagnosis or treatment of human disease. Pain, injury, disability, deformity or physical condition, including, but not limited to, nursing service, service provided by an intern or resident in training, laboratory service, medical social service, drugs, biologicals, supplies, appliances, equipment, bed and board.

11. "Institution" shall mean the offices of a federal, state or local governmental agency including, but not limited to, a department of health, the office of the chief medical examiner, a public administrator, an embassy, consulate or mission maintained by a foreign government, an airport or a railroad station.

b. Notwithstanding any local law. regulation or rule to the contrary, it shall be permissible for a funeral director, embalmer or undertaker to park a motor vehicle which is owned, operated or hired by such person, and bears an appropriate department of transportation identification card, in an available space upon any street, roadway or place adjacent to the funeral establishment, the house of worship, hospital or institution at which the funeral director, embalmer or undertaker is performing official duties. It shall also be permissible for a person attending a funeral to park a motor vehicle for a period of up to three hours in an available space upon any street, roadway or place adjacent to the funeral establishment at which such person is attending a funeral. However, it shall be unlawful to park a motor vehicle in any manner which obstructs the use of any fire hydrant, designated handicapped parking space, official bus stop, emergency exit, emergency entrance or driveway.

c. The commissioner shall make such rules as may be necessary and set such fees as may be appropriate for the issuance of identification cards pursuant to this section.

§ 3. This local law shall take effect immediately.

Int. No. 249

By Council Members Michels, Freed, Eristoff, Fusco, Golden and Stabile (by request of the Mayor); also Council Member Provenzano

A LOCAL LAW to amend the administrative code of the city of New York, in relation to any handbill, poster, notice, sign or advertisement attached to or placed upon motor vehicles, and civil and criminal penalties relating thereto.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council hereby finds that certain persons choose to attach to or place upon motor vehicles, without the permission of the owners of such vehicles, handbills, posters, notices, signs or advertisements. Such materials accumulate in the streets adversely affecting the environment, degrading the appearance of city streets and impairing the quality of life of the city's residents.

The Council finds that such conduct should be prohibited. The Council also finds that such conduct should be made punishable by enhanced civil penalties and/or imprisonment in order to effectively dissuade people from engaging in what is otherwise viewed as a cost-efficient and quick form of "advertising." The Council further finds that the difficulty of identifying persons responsible for such behavior would diminish effective enforcement of this prohibition, and that this deficiency can be resolved by recognition of the fact that, as a general rule, such handbills, posters, notices, signs or advertisements are attached to or placed upon motor vehicles by or at the behest of persons whose names, telephone numbers or other identifying information appear on such materials.

The Council also finds that there are other cost efficient and satisfactory means of "advertising" expression in which such persons can continue to engage. such as handing out materials to consenting pedestrians on the city's streets, and that these alternative means do not generate the same amount of litter.

§ 2. Subdivisions 8, 9, 10 and 11 of section 16-118 of such code are renumbered subdivisions 9, 10, 11 and 12 and a new subdivision 8 is added to read as follows:

8. (a) *Except as otherwise provided by law. no person shall attach to or place upon a motor vehicle, or direct. suffer or permit any servant, agent, employee or other person under his or her control to attach to or place upon a motor vehicle, any handbill, poster, notice, sign or advertisement; provided, however, that this subdivision shall not apply to the owner, lessee or operator of such motor vehicle. or any servant, agent, employee or other person under his or her control.*

(b) *There shall be a rebuttable presumption that the person whose name, telephone number, or other identifying information appears on any handbill, poster, notice, sign or advertisement that is found attached to or placed upon a motor vehicle violated this subdivision by either (i) attaching such handbill, poster, notice, sign or advertisement to or placing such handbill, poster, notice, sign or advertisement upon such motor vehicle, or (ii) directing, suffering or permitting a servant, agent, employee or other person under his or her control to attach such handbill, poster, notice, sign or advertisement to or place such handbill, poster, notice, sign or advertisement upon such motor vehicle.*

§ 3. Subdivisions 9, 10 and 11 of section 16-118 of such code, as renumbered by section two of this local law, are amended to read as follows:

9. The violation of any provision of this section shall constitute an offense punishable by a fine of not less than fifty dollars nor more than two hundred fifty dollars, or by imprisonment not to exceed ten days or both; *provided, however, that paragraph (b) of*

subdivision eight of this section shall not apply with respect to prosecutions brought pursuant to this subdivision.

10. *(a)* Any [person violating] *violation* of the provisions of this section shall [be liable and responsible] *result in liability and responsibility* for a civil penalty of not less than fifty dollars [nor] *and not* more than two hundred fifty dollars.

(b) *Notwithstanding paragraph (a) of this subdivision, any violation of subdivision eight of this section shall result in liability and responsibility for a civil penalty of not less than fifty dollars and not more than one hundred dollars. If such violation is the second violation of such subdivision by the same person committed in a period of six months. and the handbills, posters, notices, signs or advertisements for the two violations were found on two separate occasions, such second violation shall result in liability and responsibility for a civil penalty of not less than one hundred dollars and not more than one hundred fifty dollars. If such violation is the third violation, or a subsequent violation. of such subdivision by the same person committed in a period of one year, and the handbills, posters, notices, signs or advertisements for each such violation were found on three or more separate occasions, such third or subsequent violation shall result in liability and responsibility for a civil penalty of not less than one hundred fifty dollars and not more than three hundred dollars.*

11. In the instance where the notice of violation, appearance ticket or summons is issued for breach of the provisions of this section and sets forth thereon civil penalties only, such process hall be returnable to the environmental control board, which shall have the power to impose the civil penalties hereinabove provided in subdivision [nine] *ten* of this section.

§ 4. The provisions of this local law shall be severable and if any phrase. clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid, the remainder of this local law and the application thereof shall not be affected thereby.

§ 5. This local law shall take effect 30 days after its enactment into law.

Res. No. 148

Resolution calling upon the State Legislature to enact A. 6839, "An Act to amend the alcoholic beverage control law, in relation to prohibited sales of alcoholic beverages".

By Council Members Povman, Clarke, Foster, Harrison, Duane, Freed and Fusco; also Council Members Cruz, Koslowitz, Marshall, Pinkett and Provenzano

Whereas, The sale of alcoholic beverages to minors is a serious, widespread illegal activity in New York City, causing social havoc, late night disturbances of the peace, destruction of property and injury to people: and

Whereas, The New York State Liquor Authority, which licenses bars, liquor stores and grocery stores that sell alcoholic beverages, has neither the funding nor the personnel to adequately enforce the Alcoholic Beverage Control Law's prohibition on selling alcohol to persons under the age of twenty-one; and

Whereas, Although police officers can issue summonses to sellers of alcohol who violate the law, there is no provision for the temporary suspension of their licenses during the pendency of the summons, thus allowing such sellers to continue selling alcohol to underage people; and

Whereas, Legislation introduced in the State Assembly by Assemblywoman Mayersohn (A.6839), would amend the Alcoholic Beverage Control Law by giving police officers enhanced authority to enforce the laws' prohibitions and would require licensees who have violated the law to post a bond; and

Whereas, Faced with the possible suspension of their licenses, sellers of alcohol are much more likely to be vigilant in enforcing the prohibition against selling alcohol to underage people, thus reducing underage drinking and its accompanying social ills; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to enact A.6839, "An Act to amend the alcoholic beverage control law, in relation to prohibited sales of alcoholic beverages."

Referred to the Committee on Public Safety.

Res. No. 149

Resolution calling upon the State Legislature to adopt legislation sponsored by Assemblyman Alexander Grannis which would elevate from a misdemeanor to a class E felony the crime of intentional cruelty to animals that causes severe injury and death.

By Council Members Povman, Freed, Henry, Stabile, Ognibene and Fiala; also Council Members Cruz, Foster and O'Donovan

Whereas, Significant acts of cruelty to animals, such as burning, knifing and intentionally depriving an animal in one's possession of food and drink, have now become more commonplace; and

Whereas, Under New York State law, (Section 353 of the Agriculture and Markets Law) torturing, mutilating or maiming any animal or causing serious physical injury or death to such animal or intentionally killing an animal or depriving any animal in one's possession of food or drink, thus causing serious physical injury or death to such an animal, is treated only as a misdemeanor; and

Whereas, Sixteen states now have some kind of a felony cruelty provision in regard to animals, including Oregon's law with fines up to $100,000 and up to five years in prison and Louisiana's maximum fine of $25,000 and up to ten years in prison with hard labor; and

Whereas, Serial killers such as Jeffrey Dahmer, Ted Bundy, David Berkowitz, Richard Allen Davis and others had a history of killing or mutilating animals before they started destroying human lives; and

Whereas, The Humane Society of the United States, the New York State District Attorney's Association, local New York State Police Chiefs, the American Society for the

Prevention of Cruelty to Animals, the Fund for Animals, the New York State Humane Association and other organizations support legislation introduced by New York State Assemblyman Alexander Grannis (A.10769) and its Senate companion bill (S.56471-A), which would elevate from a misdemeanor to a Class E felony the crime of intentional cruelty to animals that causes severe injury and death; and

Whereas, The Grannis legislation would upgrade punishment to imprisonment of up to two years and/or fines of up to $2,500 in case of unjustifiable torture, mutilation or maiming any animal and causing serious physical injury or death to such animal or intentionally and unjustifiably killing any animal or intentionally depriving any animal in one's possession of food or drink and in doing so causing serious physical injury or death to such animal; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to adopt legislation sponsored by Assemblyman Alexander Grannis which would elevate from a misdemeanor to a class E felony the crime of intentional cruelty to animals that causes severe injury and death.

A LOCAL LAW to amend the administrative code of the city of New York in relation to requiring the department of transportation conduct a study on the feasibility and necessity of implementing traffic control safety devices in the areas immediately surrounding all public and private elementary, intermediate and junior high schools.

Be it enacted by the Council as follows:

Section 1. Title 19 of the administrative code of the city of New York is amended by adding thereto a new section 19-180 to read as follows:

§ 19-180. Traffic Control Safety Device Study Near Schools. The commissioner shall submit to the council a detailed report on the feasibility and necessity of implementing traffic control safety devices in the area immediately surrounding all public and-private elementary and intermediate or junior high schools in the city. Such report shall be completed no later than January 1, 1999 and shall be reviewed and updated as needed every two years thereafter. A new report shall be submitted to the Council within ten days of its completion.

§ 2. This local law shall take effect immediately.

Int. No. 257

By Public Advocate (Mr. Green) and Council Members O'Donovan, DiBrienza, Malave-Dilan, Fisher, Henry, Duane, Perkins and Watkins; also Council Members Clarke, Cruz, Foster, Harrison, Lasher, Leffler, Linares, Michels, Robles, Carrion, Robinson and Sabini

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the preparation of Fresh Kills Landfill Environmental Plan.

Be it enacted by the Council as follows:

Section 1. Legislative Intent. On May 29, 1996, the City and the State of New York announced an agreement to shut down solid waste disposal operations at the Fresh Kills landfill by December 31, 2001. On May 31, 1996, the State Legislature enacted and the governor signed into place a provision in Chapter 107 of the Session Laws of 1996, which requires the Fresh Kills landfill to stop accepting waste for disposal after January 1, 2002. In light of this mandate, the Department of Sanitation requested and the New York State Department of Environmental Conservation agreed to suspend both the City's application to obtain a permit for the Fresh Kills landfill and the City's pursuit of the draft environmental impact statement associated with this application, both of which were previously submitted to the New York State Department of Conservation on March 15, 1996.

The issues relating to the closure and post-closure operation and maintenance of the Fresh Kills landfill are currently the subject of a consent order modification being negotiated between the Department of Sanitation and the New York State Department of Environmental Conservation. If the New York State Department of Environmental Conservation considers the consent order and any future modifications to be an "enforcement proceeding," this consent order modification will proceed without full public environmental review under either the State Environmental Quality Review Act (New York State Environmental Conservation Law § 8-0101 *et seq.*), or the City Environmental Quality Review rules, Executive Order 91 of 1977, as amended. Accordingly, this local law requires the Department of Sanitation to establish and implement a plan for the long-term management of the Fresh Kills landfill which evaluates and discloses all health risks and adverse environmental effects of the pollution that the department will be unable to control and what specific steps the department will take to mitigate or compensate for these uncontrolled impacts.

The Council finds that the establishment and implementation of an environmental plan for the long-term maintenance of the Fresh Kills landfill should in no way interfere with the cessation of the disposal of waste at the landfill in accordance with State law. The issues pertaining to the health risks and the environmental concerns related to the long-term control of the landfill are separate and distinct from the rate at which the City actually decreases the amount of solid waste disposed of at the landfill.

§ 2. Chapter 1 of title 16 of the administrative code of the city of New York is amended by adding a new section 16-141 to read as follows:

§ 16-141. Fresh Kills Landfill Environmental Plan. The department shall adopt and implement a plan for long-term maintenance of the Fresh Kills landfill, which shall be known as the Fresh Kills Landfill Environmental Plan. The plan shall include, but not be limited to, a description and assessment of the environmental and public health effects of the following:

1. Landfill gases, leachate and stormwater runoff under existing conditions throughout the active and inactive sections of the landfill;

2. Existing and planned collection, management and combustion or treatment of landfill gas;

3. Existing and planned collection and management of landfill leachate or stormwater run-off;

4. Planned final cover, including final cover vegetation and potential future uses of the landfill;

5. Planned measures to mitigate or compensate for unavoidable adverse environmental effects, which may include, but not be limited to actions to reduce air or water pollution from other sources or environmental benefits programs.

b. A draft Fresh Kills Landfill Environmental Plan shall be presented for public review and comment within seven months of the effective date of this section and a final plan shall be adopted by the department within ten months of the effective date of this section.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Environmental Protection.

Res. No. 150

Resolution calling upon the New York State Legislature and Governor to enact a budget for the 1998-1999 fiscal year which includes funding for at least 1,000 out-of-home beds dedicated to mentally retarded and developmentally disabled individuals now on the waiting list and to increase funding for this program by at least a minimum of $20 million dollars per year.

By Council Members Robles and Duane; also Council Members Cruz, Eldridge, Lasher, Leffler, Michels, Robinson and Wooten

Whereas, Community residences provide people who are mentally retarded or developmentally disabled with a dignified and humane place to live; and

Whereas, New York State and City are committed to ending the institutionalization of the mentally retarded and developmentally disabled; and

Whereas, Many mentally retarded and developmentally disabled people have never been institutionalized but live at home with their parents and other relatives; and

Whereas, Many of the families who have a mentally retarded or developmentally disabled family member living at home have endured emotional stress in order to care for their affected family member; and

Whereas, These families have also incurred great financial expenses in order to care for their mentally retarded or developmentally disabled family member; and

Whereas, Many of the parents who care for their mentally retarded or developmentally disabled children are now aging and need to be relieved of their day to day burdens; and

Whereas, Advocates including the Manhattan Developmental Disabilities Council state that residential development is essential for members of the developmentally disabled and mentally retarded community; and

Whereas, Approximately 10,000 individuals Statewide and at least 4,000 people within the City of New York are on the waiting list for out-of-home residential placement; and

Whereas, A significant number of these individuals have been on waiting lists for a decade or more; and

Whereas, At the current rate of placement many individuals whose quality of life could be greatly enhanced by a prompt placement in a community residential setting, could be on a waiting list for another decade; and

Whereas, The Manhattan Developmental Disabilities Council has stated that the current residential placement State budget is "pitifully inadequate"; and

Whereas, The Governor of New York State has proposed adding only an additional $10 to $12 million dollars to this program; and

Whereas, This proposed increase will add a mere 500 beds Statewide, with only an estimated 250 beds to be added to the program in the City of New York; and

Whereas, The Governor's proposal leaves an unmet need for a minimum of 3,750 beds in the City of New York alone; now, therefore, be it

Resolved, That the New York State legislature and Governor enact a budget for the 1998-1999 fiscal year which includes funding for at least 1,000 out-of-home beds dedicated to mentally retarded and developmentally disabled individuals now on the waiting list and to increase funding for this program by at least a minimum of $20 million dollars per year.

Int. No. 258

By Council Member Spigner; also Council Members Cruz and Leffler

A LOCAL LAW to amend the administrative code of the city of New York in relation to the installation of air admittance valves in dwellings three stories or less in height.

Be it enacted by the Council as follows:

Section 1. The list of referenced national standards of reference standard RS-16 of the appendix to chapter one of title twenty-seven of the administrative code of the city of New York is amended in part to add the following:

ASSE 1050. Performance Requirements for Air Admittance Valves for Plumbing Drain, Waste and Vent Systems Stack Type Devices 1991

ANSI/ASSE 1051. Performance Requirements for Air Admittance Valves for Plumbing Drainage Systems — Fixture and Branch Devices 1996

§ 2. Section P100.0 of reference standard RS-16 of the appendix to chapter one of title twenty-seven of the administrative code of the city of New York is amended in part to add the following definition:

Air admittance valve. — A one-way valve designed to allow air to enter the plumbing drainage system when a negative pressure develops in the piping system. The device shall close by gravity under zero differential pressure and seal under conditions of back pressure.

§ 3. Reference Standard RS-16 of the appendix to chapter one of title twenty-seven of the administrative code of the city of New York is amended by adding a new section P109.12 to read as follows:

P109.12 AIR ADMITTANCE VALVES.

(a) Where permitted. The use of air admittance valves in lieu of providing a vent stack through the roof shall be permitted in dwellings three stories or less in height. An individual vent pipe, branch vent, vent stack or stack vent shall be permitted to terminate with a connection to an air admittance valve. Air admittance valves shall be installed in accordance with the manufacturer's installations and this section.

(b) Individual and branch type air admittance valves. Individual and branch type air admittance valves shall conform to ANSI/ASSE 1051. Individual and branch type air admittance valves shall only vent fixtures located on the same floor level.

(c) Stack type air admittance valves. Stack type air admittance valves shall conform to ASSE 1050. Stack type air admittance valves shall be permitted to vent fixtures on different floor levels.

(d) Location. Individual and branch type air admittance valves shall be located a minimum of four inches above the weir of the ban. Stack type air admittance valves shall be located a minimum of six inches above the flood level rim of the highest fixtures being vented and a minimum of six inches above building insulation material. Air admittance valves shall be located within the maximum developed length permitted for the vent piping.

(e) Access and ventilation. All air admittance valves shall be accessible and located within a ventilated space that allows air to enter the valve.

(f) Size. The air admittance valve shall be rated for the diameter size of the pipe to which it is connected.

(g) Vent to outdoors. A minimum of one four inch stack shall extend outdoors to the open air for every plumbing system.

(h) Limitation of installation. Air admittance valves shall not be located within supply or return air plenums. Air admittance valves shall not be used to provide a flow of air to a sewage ejector.

§ 4. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 259

By Council Members Weiner, Freed, Marshall, Michels, Spigner, Provenzano, Golden, Sabini and Linares

A LOCAL LAW to amend the administrative code of the city of New York, in relation to gates used to secure commercial premises.

Be it enacted by the Council as follows:

Section 1. Legislative declaration. It is hereby found that the use of security gates which allow one to see into commercial premises are preferable to solid gates in securing such premises, because these "see-through" gates contribute to brighter and safer streets, allow for easier and more effective law enforcement and greater safety in the event of a fire, and improve the aesthetics of the surrounding area by removing a backdrop for graffiti and eliminating the illusion of a continuous wall of solid metal along the commercial street. This legislation requires that a gate which is installed subsequent to the effective date for the purpose of serving a commercial premises, must allow for at least fifty percent visibility of the area covered and that such gate be installed by a licensed gate installer.

§ 2. Chapter 2 of title twenty-seven of the administrative code of the city of New York is amended by adding a new subchapter 33 to read as follows:

SUBCHAPTER 32

GATE INSTALLER

§ 20-539 Definitions. 1. Whenever used in this subchapter, the term "gate installer" shall mean a person who installs a gate on commercial premises.

2. Whenever used in this subchapter. the term "commercial premises" shall mean any premises abutting the sidewalk at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession.

§ 20-540 License required. It shall be unlawful for any person to install a gate on a commercial premise without a license therefor.

§ 20-541 License fees. The fee for a gate installer's license shall be fifty dollars.

§ 20-542 Regulations. a. It shall be unlawful for any person other than a licensed gate installer to install a gate on commercial premises.

§ 20-543 Issuance, suspension and revocation of locksmith licenses. In addition to any other powers of the commissioner with respect to licensing pursuant to this title:

1. the commissioner shall suspend a license issued under this subchapter for thirty days for any two violations of section 27-371.1 of this code, or any rules promulgated pursuant thereto, committed by the licensee within a period of twelve months, as determined by a court or administrative agency of competent jurisdiction. Any violation committed by an officer, principal, director, employee or stockholder owning more than ten percent of the outstanding stock of such licensee, shall be deemed to have been committed by the licensee:

2. the commissioner shall revoke a license issued under this subchapter for any three violations of such section committed by the licensee within a period of eighteen months, as determined by a court or administrative agency of competent jurisdiction. For the purpose of determining such period, any period of suspension pursuant to subdivision one of this section shall be excluded. Any violation committed by an officer, principal, director, employee or stockholder owning more than ten percent of the outstanding stock of such licensee shall be deemed to have been committed by the licensee; and

3. the commissioner shall not issue a new license under this subchapter to any applicant, where such applicant or any of its officers, principals, directors, employees or stockholders owning more than ten percent of the outstanding stock of a licensee, the license of which has been revoked pursuant to subdivision two of this section, for a period of two years after such revocation.

§ 3. Article 5 of subchapter 6 of chapter 1 of title 27 of the administrative code of the city of New York is amended by adding thereto a new section 27-371.1, to follow section 27-371, to read as follows:

§ 27-371.1 Gates. a. When a gate is used to secure a commercial premise, such gate, when closed, shall permit visibility from the outside of at least fifty percent of the area covered by such gate, except that a gate which permits visibility of less than fifty percent of the area covered may be used where the landmarks preservation commission has approved the installation of such gate, or where such gate had been installed prior to the effective date of this section.

b. For purposes of this section, the term "commercial premises" means any premises abutting the sidewalk at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession.

§ 4. This local law shall take effect one hundred and eighty days after its enactment into law.

Res. No. 167

IN MEMORIAM — ERIC BREINDEL

By the Entire Council

Whereas, The Council has learned with deep sorrow of the passing on March 7th, 1998 at the age of 42, of Eric Breindel, former columnist and editorial-page editor for the *New York Post*; and

Whereas, A conservative thinker in a city historically known for its liberal attitudes, Eric Breindel managed to win the respect of journalists, politicians, academics and the public, of both conservative and liberal leanings, by virtue of his intellect and affinity for the substantive debate; and

Whereas, Eric Breindel was a unique figure in New York City whose status as a torch bearer for practical conservatism, and as a purveyor of common-sense values and intelligent news analysts, made him a well-known television personality and a national figure; and

Whereas, A graduate of Harvard University and Harvard Law School, in 1982 Eric Breindel was hired by his law professor, Senator Daniel Patrick Moynihan as an aide to the Senate Intelligence Committee; he also worked on the Congressional staff of former Mayor Ed Koch when he was a member of Congress; and

Whereas, In 1986, Eric Breindel was hired as editorial page editor of the *New York Post*, where his editorial voice was as admired as it was distinct; and

Whereas, It was at the *New York Post* where Eric Breindel's political wisdom and rationality enabled readers of all walks of life to (vicariously) express beliefs in a public forum and within this most complex and exciting of cities, of which Mr. Breindel seemed to have an expert understanding; and

Whereas, In January 1997, Eric Breindel was appointed a senior vice president at News Corp., the parent company of the *New York Post* and even after his appointment, he continued to write a weekly column addressing the pressing issues affecting the city, state, nation and world; and

Whereas, A moderator on the popular PBS program "Informed Sources," Eric Breindel was the conservative voice whose ability to provide vibrant and thought-provoking debates resulted in a successful two-year tenure before more recently moving to the Fox News Channel as moderator of the weekly show "Fox News Watch;" and

Whereas, The son of Holocaust survivors, Eric Breindel was a friend and supporter of the State of Israel and embodied the finest humanitarian spirit; at the time of his untimely death at the age of 42, he was writing a book on Soviet espionage for Harper Collins; now, therefore, be it

Resolved, That the Council of the City of New York commemorates the life of Eric Breindel, expresses its sympathy to his beloved family, and adjourns today in his memory.

Whereupon on motion of the Speaker (Council Member Vallone), the Clerk of the Council adjourned to meet again on Thursday, March 26, 1998.

CHARTER REVISION COMMISSION

■ NOTICE

The New York City Charter Revision Commission is changing the location of its scheduled August 18th public meeting. The meeting has been moved to 2 Washington Street, 19th Floor, in Manhattan. The Commission will vote to approve or disapprove amendments to the City Charter to be placed on the November ballot changing the City's campaign finance system. The proposal is intended to ensure the independence of the Campaign Finance Board, prevent corruption by banning campaign contributions from groups doing business with the City and reduce the influence of "soft money" in New York City elections. The text of the proposal is available from the Charter Revision Commission's office and will also be posted on its Internet site.

PUBLIC MEETING

Tuesday, August 18, 1998 2 Washington Street 19th Floor, Meeting Room 6:00 p.m.

This Meeting is open to the public but does not provide an opportunity for public participation.

All locations are accessible to people with disabilities.

For more information contact Omie Medford-Ryan at 788-2310

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Section 502(B) of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired for the above named proceeding and having any claim or demand on account thereof is hereby required, on or before January 18, 1999, to file a claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, 100 Church Street, Room 5-236A, Borough of Manhattan, City of New York.
The claim shall include the name and post office address of the condemnee, a description of the real property owned by the condemnee or in which the condemnee claims an interest, the nature of the condemnee's interest in the property, a general statement of the nature and type of damages claimed including, if applicable, a schedule of fixture items comprising part or all of the damages claimed, and, if the condemnee is represented, the name, address and telephone number of the condemnee's attorney. In the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.
Pursuant to the Uniform Civil Rules for the Supreme Court and the County Court, §202.61 (a)(1), appraisal reports must be filed or exchanged with the condemnor within nine months after the filing of a post-vesting claim, demand or notice of appearance, unless the time therefor is extended by the court.
The claimant will be required to appear in person to present proof of title and to produce the deed or instrument under which he, she or it claims title, or a certified copy thereof together with copies of leases and rental agreements.
Proof of title will be received by the Corporation Counsel at his office, 100 Church Street, Room 5-236A, Borough of Manhattan, on or before January 18, 1999.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,* 18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explanined in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RFEI - GOVERNOR'S ISLAND – CP/2 – DUE 9-11-98 AT 3 PM – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Expressions of Interest (RFEI) for the redevelopment of Governor's Island, which is located off the southern tip of Manhattan in New York's Upper Bay. EDC is preparing a comprehensive redevelopment plan and is inviting expressions of interest regarding all areas of the Island; acceptable uses include: residential, commercial, educational, recreational and entertainment. The Island is 172 acres. The northern half consists of 102 buildings on 90 acres and is designated as an Historic District. The southern 82 acres were built on landfill and offer the greatest potential for supporting new construction. Most recently, the island was occupied by the U.S. Coast Guard and housed a community of 4,000 military personnel and family members. Submission guidelines and requirements are outlined within the RFEI, which is available from EDC. All requests should be directed to Cheryl Elmore at 212-312-3969. If contacting her by e-mail at info@newyorkbiz.com. please use code 005-GI in the subject line. Responses must be submitted to EDC, 110 William Street, 6th Floor, NY, NY 10037 by 3:00 PM on Friday, September 11, 1998.

TEMPORARY AND LONG TERM PARALEGAL SERVICES – 02599X000121 – DUE 8-17-98 AT 5 PM – The City of New York Law Department ("Department") intends to enter into negotiations with one or more qualified firms to award one or more contracts for the provision of temporary and long term paralegal services in support of litigation. Contract award will be by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals and that it is not in the best interest of the City, and because award of the contract by Negotiated Acquisition is justified. The Department seeks Expressions of Interest from organizations regularly engaged in providing a high volume of temporary and long term Paralegal personnel to large law firms, legal departments or government agencies having at least 100 attorneys on staff. All Expressions of Interest must be submitted on the Department's Statement of Qualifications ("SOQ") form, which can be picked up at the Fourth Floor East Reception Desk, New York City Law Department, 100 Church Street, New York, N.Y. 10007, between the hours of 9:00 AM and 5:00 PM, Monday through Friday, from August 5, 1998 through August 17, 1998. Completed SOQs must be submitted to Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 3-185, New York, N.Y. 10007, no later than the due date specified in this notice.

AGENCY RULES

CONSUMER AFFAIRS

NOTICE OF PUBLIC HEARING AND OPPORTUNITY TO COMMENT

Notice of Public Hearing and Opportunity to Comment on Proposed Amendment to Rule Regarding General Vendors.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1 of Title 20 of the Administrative Code of the City of New York, and by Section 35-a of the General Business Law and in accordance with the requirements of Section 1043 of the New York City Charter that the Department intends to amend an existing rule regarding general vendors.

Written comments regarding this amendment may be sent to the Office of Andrew Eiler, Office of the Commissioner, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004 on or before September 14, 1998. A public hearing shall be held on September 14, 1998 at 2:00 p.m., 42 Broadway, 9th floor conference room, New York, N.Y. 10004. Persons seeking to testify are requested to notify the Director of Adjudication at the foregoing address. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided are asked to notify the Director of Adjudication at the foregoing address by August 31, 1998. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9 a.m. and 5 p.m. at the Office of Andrew Eiler, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004.

The proposed amendment of the rule was not included in the Regulatory Agenda because at the time the Regulatory Agenda was prepared, the New York State Legislature had not yet enacted the law requiring adoption of this rule.

Matter underlined is new. Deleted material is [bracketed].

RULE

Section one. Section 2-315 of subchapter AA of chapter 2 of title 6 of the Rules of the City of New York is amended to read as follows:

§2-315 Application Procedures for Honorably Discharged Members of the Armed Forces who are Eligible for [Restricted Location Permits] Specialized Vending Licenses Pursuant to §35-a of the General Business Law.

(a) As used in this section, the following terms shall have the following meanings:

(1) "block face" means the area of sidewalk spanning from one intersection to the next[.];

(2) "city specialized vending license" means a specialized vending license for a block face in the city of New York that is located outside of the midtown core;

(3) "midtown core" means the borough of Manhattan in the city of New York in the area bounded on the east by Second avenue, on the south by Thirtieth street, on the west by Ninth avenue and Columbus avenue and on the north by Sixty-fifth street; provided, however, that the "midtown core" shall not include Second avenue, Third avenue, Lexington avenue, Park avenue, Vanderbilt avenue, Madison avenue, Fifth avenue, Sixth avenue, Seventh avenue, Broadway, Eighth avenue, Amsterdam avenue, Ninth avenue, Columbus avenue, Thirty-fourth street between Lexington avenue and Seventh avenue, Forty-second street between Lexington avenue and Seventh avenue, Forty-ninth avenue between Lexington avenue and Seventh avenue, Fiftieth street between Lexington avenue and Seventh avenue and Fifty-seventh street between Lexington avenue and Seventh avenue;

(4) "midtown specialized vending license" means a specialized vending license for a block face located in the midtown core; and

(5) "specialized vending license" means a license issued pursuant to section 35-a of the general business law.

(b) Applications for [restricted location permits] midtown specialized vending licenses [by persons required to be issued such permits on or before November 20, 1995 pursuant to subdivision two of §35-a of the General Business Law] shall be governed by the following procedures:

(1) An applicant for such [permit] midtown specialized vending license shall include the following information in, and attach the following documentation to, the application for such [permit] midtown specialized vending license:

(i) The applicant's name, home address and home telephone number;

(ii) Proof that the applicant (A) has been honorably discharged from the armed forces of the United States; (B) has sustained a service-related physical disability that is verified in a letter to the veteran/applicant on original letterhead with an original signature from the United States Department of Veteran's Affairs or the United States Veteran's Administration; and (C) holds a currently valid general vendor's license issued by the Commissioner [on or before September 1, 1995] pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code;

(iii) A listing of at least [five] ten locations, specifically identifying a [particular restricted location zone described in the rule promulgated pursuant to subdivision two of §35-a of the General Business Law that establishes such zones, the] specific block face within [such zone] the midtown core for which the applicant seeks a [restricted location permit] midtown specialized vending license, and whether such applicant is requesting, as applicable, the north, south, east or west position on such block face. An applicant shall list and number his or her location priorities in order of preference, with number one being such applicant's first preference.

[(2) Such applicants shall submit their applications for such restricted location permits on or before September 15, 1995 or within 7 business days after the date on which the Notice of Adoption for the rule to establish the restricted location zones is published in the City Record, whichever is later].

[(3)] (2) Such applicants who qualify for the [restricted location permits] midtown specialized vending licenses, who held general vendor's licenses issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code prior to June 30, 1995 and who submit their applications [on or before the date specified in paragraph two of this subdivision] within fourteen days after the date on which the Notice of Adoption for the rule to establish the application procedures for specialized vending licenses is published in the City Record shall be ranked equally eligible for assignment to a specific block face [in a particular restricted location zone] regardless of the date on which such application was received by the Department. However, applicants who did not hold general vendor's licenses issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code prior to June 30, 1995, shall not be issued midtown specialized vending licenses pursuant to the procedures enumerated in paragraph three of this subdivision until all applicants who qualify, who meet the application deadline specified above, and who held general vendor's licenses prior to June 30, 1995, are issued midtown specialized vending licenses pursuant to the procedures enumerated in paragraph three of this subdivision.

[(4)] (3) Applicants will be assigned such [restricted location permits] midtown specialized vending licenses according to the following procedure:

(i) Applicants who list as their first priority a specific block face [within a particular restricted location zone] for which there are no other applications listing such block face as the first priority shall be assigned a [restricted location permit] midtown specialized vending license for such block face.

(ii) All applicants who list the same block face [within a particular restricted location zone] as their first priority location shall be [included in an applicant drawing pool from which the applicant to be assigned to that location shall be selected based on a random selection procedure] ranked in the order of the number of their general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code, with number one being the applicant who holds the lowest numbered general vendor's license and who is therefore entitled to assignment to such specific block face.

(iii) All applicants who are not selected [from applicant drawing pools] for particular block face locations pursuant to the procedures enumerated in subparagraphs (i) and (ii) of this paragraph shall be eligible for assignment to block face locations that remain available according to the following procedure:

(A) The block face locations that have been assigned during previous selection rounds shall be deleted from the ranked location list furnished by each of the applicants to whom [permits] midtown specialized vending licenses remain to be assigned.

(B) If there is no other applicant for the highest ranked block face location remaining on an applicant's list, such applicant shall be assigned a [restricted location permit] midtown specialized vending license for such specific block face.

(C) All remaining applicants who have the same block face [within a particular restricted location zone] listed as the highest ranked location remaining on their list shall be [included in an applicant drawing pool from which the applicant to be assigned to that location shall be selected based on a random selection procedure] ranked in the order of the number of their general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code, with number one being the applicant who holds the lowest numbered general vendor's license and who is therefore entitled to assignment to such specific block face.

(D) All applicants who remain to be assigned to locations [after the completion of drawings for locations for which there are multiple applications] will be assigned to locations that remain available after the completion of each such [drawing] selection methodology by repeating the sequence of procedures specified above until the specific block face locations listed by such applicants are exhausted.

(E) [Applicants]If the Department has issued less than sixty midtown specialized vending licenses, applicants who are not selected for any of the ten preferred locations listed on their applications shall be [assigned to an available block face location by the Department pursuant to a random selection procedure. Such assignment shall be made without prejudice to such applicants coming back to the Department to indicate preferences for other available locations.]invited by the Department to submit amended applications for midtown specialized vending licenses that include an additional list of at least five locations in the midtown core. Such amended applications must be submitted within ten days after the Department has notified such applicant that he or she has been invited to submit an amended application. Moreover, if such amended application is submitted within such time period by a person who originally submitted his or her application within fourteen days after the date on which the Notice of Adoption for the rule establishing the application procedure for specialized vending licenses is published in the City Record, such amended application shall be processed before any applications received more than fourteen days after the date of publication of such Notice of Adoption are processed by the Department.

(F) If the Department has issued less than sixty midtown specialized vending licenses, applicants for midtown specialized vending licenses who do not list at least ten preferred locations on their applications and who are not issued a midtown specialized vending license for any of the preferred locations listed on such application may submit a new application for a midtown specialized vending license. Regardless of the date of receipt of such new application, however, the Department shall not process it until all applications for midtown specialized vending licenses received within fourteen days after the date on which the Notice of Adoption for the rule to establish the application procedures for specialized vending licenses is published in the City Record have been processed.

(G) The Department shall maintain and make available to applicants a list of all locations for which it has issued midtown specialized vending licenses, provided, however, that the Department is not required to formulate such a list until the date upon which it issues its first midtown specialized vending license.

(4) No more than sixty midtown specialized vending licenses shall be issued at any single time.

(5) Applications for midtown specialized vending licenses that are received more than fourteen days after the date on which the Notice of Adoption for the rule to establish the application procedures for specialized vending licenses is published in the City Record, shall be processed on a first-come, first-serve basis, provided, however, that if more than one application for the same available block face in the midtown core is received on the same day, such midtown specialized vending license for such specific block face shall be assigned to the applicant who holds the lowest numbered general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code.

(c) Applications for [restricted location permits that the Commissioner is not required to issue on or before November 20, 1995 pursuant to subdivision two of section 35-a of the General

Business Law] city specialized vending licenses shall not be processed until the Commissioner has processed the applications received within fourteen days after the date on which the Notice of Adoption for the rule to establish the application procedures for specialized vending licenses is published in the City Record for [restricted location permits that are required to be issued on or before November 20, 1995 pursuant to such subdivision] midtown specialized vending licenses. Such applications shall be governed by the following procedures:

(1) An applicant for such [permit] city specialized vending license shall include the following information in, and attach the following documentation to, the application for such permit:

(i) The applicant's name, home address and home telephone number;

(ii) Proof that the applicant (A) has been honorably discharged from the armed forces of the United States; (B) has sustained a service-related physical disability that is verified in a letter to the veteran/applicant on original letterhead with an original signature from the United States Department of Veteran's Affairs of the United States Veteran's Administration; and (C) holds a currently valid general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code;

[(iii) A listing of at least five locations, specifically identifying the particular restricted location zone described in the rule promulgated pursuant to subdivision two of §35-a of the General Business Law that establishes such zones, the specific block face within such zone for which the applicant seeks a restricted location permit, and whether such applicant is requesting, as applicable, the north, south, east or west position of such block face. An applicant shall list his or her location priorities in order of preference, with number one being such applicant's first priority.]

(2) Applications for [restricted location permits] city specialized vending licenses for an available block face shall be processed in accordance with the following procedures:

(i) [Permits] All applications for city specialized vending licenses that are received within fourteen days after the date on which a notice requesting such applications is published in the City Record shall be [assigned to available restricted location zone block face locations in the order that applications are received at the Department and in the order that the applicant has ranked the requested available locations in his or her application.] ranked in the order of the number of their general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code, with number one being the applicant who holds the lowest numbered general vendor's license and who is therefore entitled to the highest priority number on his or her city specialized vending license.

[(ii) If an applicant requests a specific block face location that has previously been assigned to another applicant, such location shall be deleted from the applicants' list and a permit will be assigned for the next listed specific block face in a restricted location zone that is available.]

[(iii) If applications are received on the same day for a specific block face in a restricted location zone that is available and that is ranked equally by different applicants, a random selection procedure shall be used to assign a particular applicant to such block face.]

(ii) Applications for city specialized vending licenses that are received more than fourteen days after the date on which the notice requesting applications is published in the City Record shall be processed on a first-come, first-serve basis, provided, however, that if more than one application for a city specialized vending license is received on the same day, the applicant who holds the lowest numbered general vendor's license issued by the Commissioner pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code shall be assigned a higher priority number.

[(3) If an applicant requests a permit for a particular block face in a restricted location zone that has previously been assigned to another applicant, the Department shall inform the applicant in writing of the date on which such permit was assigned to another applicant, and shall issue a permit for an alternate available preference listed in the application. Applicants who are not selected for any of the preferred locations listed on their applications shall be invited to submit a listing of at least five additional available preferred locations.]

(d) No disabled veteran vendor may hold more than one specialized vending license, whether a midtown specialized vending license or a city specialized vending license. A [restricted location zone permit] specialized vending license shall not have a term and shall be valid until the date on which such [permit] specialized vending license is surrendered to the Department, the [permittee] specialized vending licensee ceases to hold a currently valid general vendor's license issued pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code, the [permittee] specialized vending licensee who holds a midtown specialized vending license abandons the location for which such [permit] license is issued in accordance with subdivision e of this section, or until otherwise provided by law.

(e) A specific block face location for which a [permit] midtown specialized vending license is issued shall be deemed abandoned upon a conclusion by the Commissioner, after due notice and opportunity to be heard, that such location has not been used by the [permittee] midtown specialized vending licensee during a period of four or more consecutive months.

[(f) The Department shall maintain a listing of specific block face locations in each restricted location zone that are available for the assignment of restricted location permits. Such listing shall be updated monthly, and shall be available for public inspection during the Department's normal business hours.]

[(g)] (f) After [November 20, 1995] January 1, 1999, any eligible disabled veteran may apply to exchange his or her [restricted location permit] specialized vending license for a different [restricted location permit] specialized vending license [for an available block face location in a restricted location zone] either inside of or outside of the midtown core in accordance with the application procedures enumerated in this section.

(g) City specialized vending licenses shall be yellow and midtown specialized vending licenses shall be blue. Each such specialized vending license also shall contain a photograph of the disabled veteran to whom such license is assigned as well as his or her name, home address and specialized vending license number. Midtown specialized vending licenses also shall contain the name of the particular block face to which such licensee has been assigned, and city specialized vending licenses also shall contain such licensee's assigned priority number.

§ 2. Section 2-316 of subchapter AA of chapter 2 of title 6 of the Rules of the City of New York is hereby repealed.

Statement of Basis and Purpose. The Department of Consumer Affairs currently licenses general vendors pursuant to subchapter 27 of chapter 2 of title 20 of the New York City Administrative Code.

Section 35-a of the General Business Law was repealed and reenacted this year and establishes requirements that the City must follow in order to issue specialized vending licenses authorizing disabled veterans to vend on certain streets that would otherwise be restricted to general vendors. This State law also requires that the Department set forth by rule no later than October 1, 1998, procedures for issuing these specialized vending licenses and that these rules establish a priority system, based upon the date of application for specialized vending licenses, provided, however, that any disabled veteran vendor holding a general vending license issued in the City prior to June 30, 1995, shall be accorded a priority based upon the date of issuance of such general vendor license.

The proposed rule establishes specific qualifying documentation that such disabled veterans are to submit in their applications for such licenses. It also sets the dates by which such applications are to be submitted by veterans in order to receive priority consideration, and establishes the procedural requirements for issuing such licenses to all qualifying disabled veterans when there are competing applications for the same location inside of the midtown core. Moreover, since the numbers on the general vendor's licenses have been assigned chronologically, the rule establishes that the licensee with the lowest numbered general vendor's license shall be accorded priority.

SCHOOL CONSTRUCTION AUTHORITY

■ NOTICE

Notice of Determination and Findings

PLEASE TAKE NOTICE THAT the New York School Construction Authority ("Authority"), pursuant to §204 of the New York State Eminent Domain Procedure Law ("EDPL"), has made the following determination and findings relating to the P.S. 6-Staten Island School Construction Project (the "Project"): (1) the public purpose of the Project is to allow for the construction of a 900 seat primary school to relieve overcrowding in School District 31; (2) the Project site, Block 7760, Lots 1, 3, 7, 9, 11, 13, 15, 16, 18, 20, 22, 25, 27, 30, 33, 35, 39, 40, 42, 44, 47, 50, 52, 58, 61, 68, 71, 73, 76, 79, 82, and the intervening street bed of Beecher Place between Page Avenue and Powers Street, bounded by Academy Avenue, Powers Street, Bartow Avenue, and Page Avenue, in the Borough of Staten Island, was selected because it is in an area in need of relief from school overcrowding, will require no residential relocation, is adequate in site and topography, and has utilities available; (3) the Authority has issued a Final Environmental Impact Statement under the New York State Environmental Quality Review Act for the Project; and (4) the Authority has determined that it should exercise its powers of condemnation under EDPL to implement the Project.

A complete copy of the Authority's determination and findings will be forward without cost upon written request directed to the Authority's Legal Department, 30-30 Thomson Avenue, Long Island City, New York 11101.

■ NOTICE

NOTICE OF EXTENSION ON THE PUBLIC REVIEW AND COMMENT PERIOD FOR NYCDOT'S DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR LEAD PAINT REMOVAL OPERATIONS ON NYCDOT BRIDGES

The New York City Department of Transportation (NYCDOT) has prepared a Draft Environmental Impact Statement (DEIS) analyzing the potential effects of abrasive blasting and alternative methods of lead paint removal on public health and the environment, and the adequacy of the proposed containment system to protect against such effects during paint removal activities on NYCDOT bridges.
In response for additional opportunities for the public to review and comment on the DEIS for Paint Removal Operations on NYCDOT Bridges, NYCDOT has extended the public review and comment period from July 30, 1998 to August 24, 1998. Written comments will be accepted by the lead agency on or before August 24, 1998 and should be sent to the Office of Project Analysis/CEQR, New York City Department of Transportation, 40 Worth Street, New York, NY 10013, ATN: Naim Rasheed, Director, Tel: (212) 676-1680, Fax: (212) 442-7912.
The full DEIS is available for public review at NYCDOT's Office of Project Analysis/CEQR and at the NYC Office of Environmental Coordination, Municipal Building, 25th Floor, New York, NY 10007.

CHARTER REVISION COMMISSION

■ NOTICE

The New York City Charter Revision Commission is changing the location of its scheduled August 18th public meeting. The meeting has been moved to 2 Washington Street 19th Floor, in Manhattan. The Commission will vote to approve or disapprove amendments to the City Charter to be placed on the November ballot changing the City's campaign finance system. The proposal is intended to ensure the independence of the Campaign Finance Board, prevent corruption by banning campaign contributions from groups doing business with the City and reduce the influence of "soft money" in New York City elections. The text of the proposal is available from the Charter Revision Commission's office and will also be posted on its Internet site.

PUBLIC MEETING

Tuesday, August 18, 1998 2 Washington Street 19th Floor, Meeting Room 6:00 p.m.

This Meeting is open to the public but does not provide an opportunity for public participation.

All locations are accessible to people with disabilities.
For more information contact Omie Medford-Ryan at 788-2310

COURT NOTICE

SUPREME COURT

■ NOTICE

SUPREME COURT,
RICHMOND COUNTY
NOTICE OF ACQUISITION
INDEX NO. 2924/98
CITY NO. CY 2924/98

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple and other interests to certain real property where not heretofore acquired for **MILL CREEK PHASE I STATEN ISLAND BLUEBELT SYSTEM** located in the area generally bounded by the West Shore Expressway/Richmond Parkway Interchange, Amboy Road, the Staten Island Rapid Transit Right-of-Way, Richmond Valley Road and the Arthur Kill; including all or part of the beds of the following mapped streets: Winans Street, east of Weiner Street; and Weir Street, west of Amboy Road in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Richmond, duly entered in the office of the Clerk of the County of Kings on the 31st day of July 1998, the application of the City of New York to acquire certain real property, as designated in the above caption, for the **Mill Creek Phase I, Staten Island Bluebelt System**, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, was filed with said clerk on the 31st day of July, 1998. Said map,showing the property acquired by the City, located in:

Blocks	Lots
7534	1, 203 and 220
7540	28, part of lots 48, 49, 52 and 66
7550	100 and part of lot 72

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● *Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.*, 18th Floor, NY, NY 10007 (212) 669-8562

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 52 Chambers Street, Room 307, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway 9th Floor,New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RFEI - GOVERNOR'S ISLAND – CP/2 – DUE 9-11-98 AT 3 PM – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Expressions of Interest (RFEI) for the redevelopment of Governor's Island, which is located off the southern tip of Manhattan in New York's Upper Bay. EDC is preparing a comprehensive redevelopment plan and is inviting expressions of interest regarding all areas of the Island; acceptable uses include: residential, commercial, educational, recreational and entertainment. The Island is 172 acres. The northern half consists of 102 buildings on 90 acres and is designated as an Historic District. The southern 82 acres were built on landfill and offer the greatest potential for supporting new construction. Most recently, the island was occupied by the U.S. Coast Guard and housed a community of 4,000 military personnel and family members. Submission guidelines and requirements are outlined within the RFEI, which is available from EDC. All requests should be directed to Cheryl Elmore at 212-312-3969. If contacting her by e-mail at info@newyorkbiz.com. please use code 005-GI in the subject line. TEMPORARY AND LONG TERM PARALEGAL SERVICES – 02599X000121 – DUE 8-17-98 AT 5 PM – The City of New York Law Department ("Department") intends to enter into negotiations with one or more qualified firms to award one or more contracts for the provision of temporary and long term paralegal services in support of litigation. Contract award will be by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals and that it is not in the best interest of the City, and because award of the contract by Negotiated Acquisition is justified. The Department seeks Expressions of Interest from organizations regularly engaged in providing a high volume of temporary and long term Paralegal personnel to large law firms, legal departments or government agencies having at least 100 attorneys on staff. All Expressions of Interest must be submitted on the Department's Statement of Qualifications ("SOQ") form, which can be picked up at the Fourth Floor East Reception Desk, New York City Law Department, 100 Church Street, New York, N.Y. 10007, between the hours of 9:00 AM and 5:00 PM, Monday through Friday, from August 5, 1998 through August 17, 1998. Completed SOQs must be submitted to Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 3-185, New York, N.Y. 10007, no later than the due date specified in this notice.

AGENCY RULES

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

Notice of Final Rule relating to notice, siting and other regulation of public pay telephones.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the New York City Department of Information Technology and Telecommunications ("DoITT") by Section 1072 of the New York City Charter and subdivision b of section 23-403 of the Administrative Code of the City of New York, in accordance with Section 1043 of the Charter, that the DoITT hereby amends Chapter 6 of Title 67 of the Official Compilation of Rules of the City of New York, relating to notice, siting and other regulation of public pay telephones. Material to be deleted appears in brackets []. Matter underlined is new. This rule shall become effective thirty days hereafter.
Section 6-04 of Subchapter 1 of Chapter 6 of Title 67 of the Rules of the City of New York is hereby amended to read as follows:

Section 6-04 Notice.
Except where otherwise required by law, notice by the Commissioner pursuant to this chapter shall be by first class mail addressed to the address for service submitted in writing to the Department by an owner of public pay telephones or as set forth in a permit for such telephone. Where an owner has provided a facsimile number with such address or on an application for a permit, notice shall[, in addition to notice by first class mail as provided in this section,] be by facsimile to such number. Notice may also be by such other electronic or non-electronic means as the Commissioner may prescribe. In the case of a public pay telephone that is not identified on a registry or does not possess a permit issued pursuant to this chapter, such notice shall be provided only where the name and address of the owner is shown on the public pay telephone or can be readily identified by the Commissioner by virtue of a trademark prominently displayed on the public pay telephone. Notice may also be served by personal service or in any other manner reasonably calculated to achieve actual notice, including but not limited to any method authorized in the Civil Practice Law and Rules.

Subdivision (a) of section 6-35 of subchapter 3 of chapter 6 of Title 67 of the Rules of the City of New York is hereby amended as follows:

6-35 Notification by Department to Agencies and Review of Application for Permits.
(a) Notification. The Department shall notify the Department of Transportation, and the Landmarks Preservation Commission, or any successor of such agencies, on a [bi-Dweekly] periodic basis of the location of public pay telephones for which permits are being sought, except for the telephones identified in the application described in subdivision a of section 6-D38.1 of this subchapter. [Such agencies may review such locations and, within ten (10) business days of such notification, submit comments to the Commissioner in regard to any such telephone or telephones.] The Department shall also, on a [bi-Dweekly] periodic basis, notify the Community Boards in the appropriate Community Districts of the [locations for which permits are being sought] opportunity to review applications that have been received from franchisees for new public pay telephones. A Community Board may review any such [locations] application and, within [ten (10)] thirty business days of such notification, submit comments in writing to the Commissioner in regard to [any] such [telephone or telephones] application.

Paragraph 1 of subdivision (e), and subdivision (f) of section 6-41 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York are hereby amended to read as follows:

(e) ***Distances required.*** (1)A public pay telephone shall not be installed [within three (3) feet of an improvement located] on or over the sidewalk or other inalienable property of the City parallel to a landmark site, as such [terms are] term is defined in section 25ÿ2D302 of the Code [, if the Department has received a written objection to the installation of such telephone from the Landmarks Preservation Commission].

(f) Required distance from other public pay telephone. A pedestal or other structure that holds a public pay telephone shall be located at least fifty (50)feet from any other such pedestal or structure on any one blockfront. For purposes of the subdivision "blockfront" shall mean that portion of a sidewalk on one side of a street which is between the [lot]building line and an imaginary line measured six (6) feet from and running parallel to the [lot] building line and which is between two points, each of which is ten (10) feet from the corner of such street and its intersecting street, in conformity with the definition of corner quadrant found in Executive Order No. 22 or 1995. Nothing in this section shall be construed to prohibit the placement of a public pay telephone at the building line of such corner quadrant, provided however that the placement of such public pay telephone on such building line leaves an adequate unobstructed passage or pedestrians.

A new subdivision h is proposed to be added to section 6-41 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York, to read as follows:

(h)*Location of Public Pay Telephones in Relation to Other Street Furniture or Street Conditions.* No public pay telephone or public pay telephone pedestal shall be installed in a location: (i) where the City of New York or any agency thereof has previously authorized street vending; (ii) for which a revocable consent has previously been issued; or (iii) where other street furniture that has been previously authorized is to located, except that permitted public pay telephones may be affixed or attached to such authorized street furniture pursuant to an agreement between the public pay telephone service provider and the Department, any other City agency with jurisdiction over such street furniture and the owner of such street furniture

Subdivision (j) of section 6-41 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York, is hereby amended to read as follows:

(j) ***Number of public pay telephones at any location.***
(1) There shall be no more than three (3)public pay telephones installed [: (i)] on a single pedestal [installed along a blockfront, as such term is defined in subdivision f of this section: or [(ii) along the curb line] in an in-line configuration [or a single pedestal configuration] on a sidewalk between two street corners in the City. There shall be no more than one wall-mounted public pay telephone in any one location. There shall be a distance of fifty (50) feet between any [three-telephone configurations along the curb line] installation of public pay telephones. An in-line configuration shall not exceed a footprint of 35" x 120".

(2) There shall be no more than the following number of public pay telephones on any sidewalk between two street corners in the City:
(aa) on any such sidewalk that is one hundred (100) feet or less, a maximum of: one pedestal, or one wall-mounted telephone, or one in-line configuration;
(bb) on any such sidewalk that is more than one hundred (100) feet and less than three hundred (300) feet, a maximum of: (i) one pedestal and one in-line configuration; or (ii) one pedestal and one wall-mounted telephone; or (iii) one wall-mounted telephone and one in-line configuration; (cc) on any such sidewalk that is more than three hundred (300) feet but less than six hundred (600) feet, a maximum of: (i) two pedestals; or (ii) one pedestal and one in-line configuration; or (iii) one pedestal and one wall-mounted telephone; or (iv) one wall-mounted telephone and one in-line configuration; or (v) two wall-mounted telephones; or (vi) two in-line configurations.
(dd) on any such sidewalk that is six hundred (600)feet or more, a maximum of: (i) three pedestals; or (ii) two pedestals and either one wall-mounted telephone or one in-line configuration; (iii) one pedestal and either two wall-mounted telephones or two in-line configurations; or (iv) one pedestal and one wall-mounted telephone and one in-line configuration.

(3) There shall be no more than one installation of public pay telephones within fifty (50) feet of the corner boundary of any street corner at an intersection. "Corner" shall mean the area created by extending the building lines to the curb. "Corner boundary" shall mean the extension of the building line to the curb. Notwithstanding any other provision of this paragraph, in no event shall a public pay telephone be installed where such installation would result in more than four installations of public pay telephones within ten feet of the corner boundaries of any combination of street corners at any intersection. This paragraph shall not apply to public pay telephones installed or issued a notice to proceed by the Department prior to June 26, 1998.

(4) Nothing in this subdivision shall be construed to (i) require the removal of a public pay telephone that: has been registered with the Department pursuant to section 6-21 of this chapter; or has been issued a permit by the Department prior to the effective date of these rules; or was operational pursuant to a license issued pursuant to the provisions of former section 19-128 or 19-131 of the Administrative Code of the City of New York; or (ii) prohibit the installation of a public pay telephone where a notice to proceed has been issued by the Department prior to June 26, 1998.

Subdivision l of section 6-41 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York is hereby amended to read as follows:

(l) ***[Distinctive sidewalks] Sidewalks of a Distinctive Design.*** A public pay telephone shall not be installed on, or result in the destruction, damage or removal of any part of, a [distinctive] sidewalk of distinctive design. For purposes of this subdivision, ["distinctive sidewalk"] "sidewalk of distinctive design" shall include [but not be limited to a] pavement of granite, slate, bluestone or brick[,] and [shall include, but not be limited to,] a sidewalk constructed and approved pursuant to section 2-02(f) [or] of Title 34 of the Rules of the City of New York.

Section 6-41 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York is hereby amended by the addition of a new subdivisions m, to read as follows, and the renumbering of the existing subdivision m as subdivision n;

(m) A public pay telephone must be installed upon a paved surface, unless such telephone is attached to the facade of building or other structure.

Subdivision f of section 6-43 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York is hereby amended to read as follows:

(f) ***Wiring.***
(1) Overhead communications wiring between the building line and the curb is prohibited.
(2) Overhead communications wiring [which] that crosses the street is prohibited except where such wire is part of a common or existing wire path with other non public pay telephone communication wire or other telephone communication wire.
(3) Overhead communications wiring of any kind is prohibited in the Borough of Manhattan. In all other Boroughs, except as otherwise waived in writing by the Commissioner, wiring for public pay telephones shall be installed in a manner consistent with existing telephone wiring [or public utility lines] in the location in which the public pay telephone is to be installed. Where existing telephone lines or facilities are underground at a particular location (other than private property), all wires must be underground. [Where possible, existing] Existing telephone [or public utility] poles, ducts, conduits, or other underground or above ground facilities such as above ground terminal boxes on the sidewalk served by underground facilities, or public utility poles or other facilities subject to any and all reciprocal agreements between the dial tone provider and another party shall be utilized. [Except in the Borough of Manhattan, no owner shall be required to connect to an underground facility, or to go underground to connect to an above ground facility, which is a distance greater than 100 feet from the location of the public pay telephone.] No property belonging to a party other than the dial tone provider may be used without the express written consent of such party and the Department.
(4) All aerial communication wiring must be at least 10 feet off the ground at all times.
(5) All overhead public pay telephone communication wires following an existing or common communication wire path will be transferred by the dial tone provider to an alternate means of dial tone connection when such existing communication wire path is discontinued or removed.
(6) New overhead public pay telephone communication wires between a public pay telephone and a pole with existing facilities will be permitted if the distance between such telephone and pole is thirty-five (35) feet or less in a straight line, and telephone service in that location is provided via aerial means.
(7) Where the distance between a public pay telephone and a pole with existing facilities is greater than thirty-five (35) feet, the dial tone connection may be underground to the pole.
(8) All underground communication wiring shall be installed through conduits except where underground ducts are used.
(9) All above ground communication wiring from a pedestal or wall mount to a source of dial tone located on private property shall be installed through weather resistant conduits using appropriate sealant.

Section 6-42 of Subchapter 4 of Chapter 6 of Title 67 of the Rules of the City of New York is hereby amended to read as follows:

6-42 Sign Required.
Each public pay telephone location, single or multiple, shall have a sign in a form prescribed by the Commissioner, and consistent with the Rules and Regulations promulgated by the New York State Public Service Commission, installed so that it is visible within the enclosures for such telephone. Such sign shall (i) be of dimensions no less than 2" by 5" nor more than 3" by 6"; (ii) be of white lettering and symbols on a dark blue background; (iii) [where applicable,] include ADA symbols indicating that the telephone is equipped to assist hearing impaired persons; (iv) be in compliance with requirements of the Americans with Disabilities Act; (v) clearly and legibly identify the owner [or operator] and the New York

State Public Service Commission certified Operator Service Provider of such telephone; and (vi) contain the following statement: "This telephone is franchised by the City of New York. Complaints regarding this telephone may be directed to 718-243-2500."

The instructions for completing the diagrams required on the application form contained in Appendix A to subchapter 3 of Chapter 6 of Title 67 of the Rules of the City of New York are hereby amended to read as follows:

On Page 1 of such form, the instructions relating to the local diagram on page 3 of the application are proposed to be amended as follows:

Applicant must complete the locational diagram on page 3 (of 3) of this form indicating the proposed PPT installation area using the icons provided in the legend, all other PPT installations on the block and the length of the block.

The applicant shall maintain all required clearance of street furniture and all other location requirements as set forth in Subchapter 4 of Chapter 6 of the Rules of the Commissioner of the Department of Information Technology and Telecommunications and clearance of water mains and the appurtenances required by the Bureau of Water Supply Standards, and shall comply with all applicable law, rules and regulations. The applicant also agrees to assume cost for removal of all facilities which would interfere with the repair, maintenance and/or replacement of underground facilities.

On page 2 of such form, the instructions for completion of the diagram on page 3 are proposed to be amended to read as follows:

Applicant must complete the diagram on Page 3 indicating the proposed PPT installation area using the icons provided in the legend below. Applicant must indicate distances within 50 feet of all street furniture on the building line on the curbline to the proposed Public Pay Telephones including distance from curb for curbline installations. In addition to the location and address of all PPT installations on the block, applicant must include the length of the block as measured from corner to corner and the name and type of the commercial establishment (if any) opposite the PPT on the block. Where the proposed PPT installation is within fifty (50) feet of a corner boundary at an intersection, the applicant must indicate the location of all PPTs within fifty (50) feet of any corner boundary at such intersection. "Corner boundary" means the extension of the building line to the curb.

Statement of Basis and Purpose. The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of section 23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. A proposed rule to amend existing rules on this subject was published in The City Record on June 26, 1998. The above amendments to Chapter 6 of Title 67 proposed above are intended to: provide that notice may be by electronic means; provide more efficient means for communication between the Department and other relevant City agencies and conform the provisions for notification to Community Boards with the new guidelines established with respect to franchised public pay telephones; and clarify and expand requirements for wiring, siting, and signage required of public pay telephones. A final rule regarding other aspects of the June 26, 1998 proposed rule will be published at a later date.
