LATE NOTICE

HOMELESS SERVICES

■ NOTICE OF PUBLIC HEARING

DIVISION INTERAGENCY COORDINATING

COUNCIL ON HOMELESSNESS

Transitional Housing and Services for Homeless Families and Individuals
Date: Friday, November 30, 2001, Time: 1:00 PM - 3:00 PM, Location: Spector Hall, City Planning, 22 Reade Street, NY, NY.

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Friday, November 30, 2001 on transitional and permanent housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary and emergency shelter for eligible homeless people in a safe, supportive environment. The primary purpose of DHS is to plan, implement and manage services for eligible homeless families and individuals.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting requests for speaking times. If you are interested in reserving a speaking time, please call (212) 361-7971 by 5:00 pm on Tuesday, November 27, 2001. We regret that we may not be able to reserve speaking time for those who call after the deadline. Once all speaking slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes after the scheduled speaking time, after which they will be subject to cancellation.

Deputy Mayor Joseph Lhota
Chair, Interagency Coodinating Council

Transitional Housing and Services for Homeless Families and Individuals
Date: Friday, November 30, 2001, Time: 1:00 PM - 3:00 PM, Location: Spector Hall, City Planning, 22 Reade Street, NY, NY.

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Friday, November 30, 2001 on transitional and permanent housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary and emergency shelter for eligible homeless people in a safe, supportive environment. The primary purpose of DHS is to plan, implement and manage services for eligible homeless families and individuals.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting requests for speaking times. If you are interested in reserving a speaking time, please call (212) 361-7971 by 5:00 pm on Tuesday, November 27, 2001. We regret that we may not be able to reserve speaking time for those who call after the deadline. Once all speaking slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes after the scheduled speaking time, after which they will be subject to cancellation.

Deputy Mayor Joseph Lhota
Chair, Interagency Coodinating Council

Tel: (212) 360-3402; Fax: (212) 360-3453.

Written comments on the Draft Environmental Impact Statement (DEIS) will be accepted by NYCDPR at the above address through Thursday, December 13, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposes to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission approval include:

● Approval of capital funding for the construction of a baseball stadium and parking facilities; and

● An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's Coastal Zone Management Plan and the New York City Department of City Planning's Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, the New York City Department of Transportation (NYCDOT), Metropolitan Transit Authority (MTA), and New York City Transit (NYCT) for the reconstruction of the rotunda and pedestrian bridge at the Willets Point/Shea Stadium subway station, and from the Federal Aviation Administration for structure height.

Public Hearing Date: Thursday, November 29, 2001 Place: The New York Hall of Science, Flushing Meadows-Corona Park, 47-01 111th Street, Corona, NY 11368
Time: 6:00 PM to 9:00 PM

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time,

unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement

Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two years from July 1, 2002 to June 30, 2004, with two two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

HUMAN RESOURCES ADMINISTRATION

CHIEF PROCUREMENT OFFICER (CCPO)

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO)of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

Section 1-02(h)(3), Public Notice
Section 2-10, Supplier Protest
Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratifed this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.

Excused: Council Members Cruz, Henry, Lasher, Marshall and Warden.

The presence of a quorum was announced the Public Advocate (Mr. Green).

The Invocation was delivered by Reverend Wendell Foster (Council Member – 16th Council District, The Bronx.)

INVOCATION

Let us pray together.

Our God, and our Father, we come at this place, at this time, and at this moment in history with heavy hearts, and, yet, we are not dismayed. We realize that this is still your world and we belong to you.

We come with heavy hearts because so many lost their lives, so many families are suffering, and, yet, we come with a people filled with hope we can encourage those who are left behind.

Be Thou with us in this meeting, even as we ask Thy blessings upon our Mayor, our Speaker of this Council, our Public Advocate, our Governor, and all those of us who are concerned with government.

We especially thank Thee for taking care of the orphans and widows of our policemen and our firemen. Be Thou with us as we join together and rebuild this, our City, your City, and help us to help people who are in need.

May we reach out to those who are hungry, those who are suffering, those who are in need, and show that there is one New York, that we are united in mind, in body and in heart.

Be Thou with us and bless us, as we shall further wait upon Thee in this meeting. This is our prayer. Amen.

Council Member Carrion moved to spread the Invocation in full upon the record.

ADOPTION OF THE MINUTES

Council Member Quinn moved that the Minutes of the Stated Council Meeting of July 26, 2001 be adopted and printed.

RECOGNITION OF VISITORS

The Public Advocate (Mr. Green) acknowledged the presence of the guests of the Speaker (Council Member Vallone).

Taimei Yamaguchi, parliamentary Secretary for Foreign Affairs of Japan.

Takekazu Kawamura, Ambassador and Counsel General of Japan in New York.

The Public Advocate (Mr. Green) extended the privilege of the floor to the guests and wished them well.

LAND USE CALL-UPS

M-1290

By the Chair of the Land Use Committee Council Member Eisland:

Pursuant to Rule 11.20(c) of the Council and Section 197-d (b)(3) of the New York City Charter, the Council hereby resolves that the action of the City Planning Commission on Uniform Land Use Procedure Application Number 010484 ZSK, a special permit shall be subject to Council review. This application is related to application number 010483 ZMK which is subject to Council review pursuant to Section 197-d of the New York City Charter.

Coupled on Call - Up Vote

M-1291

By the Chair of the Land Use Committee Council Member Eisland:

Pursuant to Rule 11.20(c) of the Council and Section 197-d (b)(3) of the New York City Charter, the Council hereby resolves that the action of the City Planning Commission on Uniform Land Use Procedure Application Number 010486 ZSK, a special permit shall be subject to Council review. This application is related to application number 010483 ZMK which is subject to Council review pursuant to Section 197-d of the New York City Charter.

Coupled on Call - Up Vote

M-1292

By the Chair of the Land Use Committee Council Member Eisland:

Pursuant to Rule 11.20(c) of the Council and Section 197-d (b)(3) of the New York City Charter, the Council hereby resolves that the action of the City Planning Commission on Uniform Land Use Procedure Application Number 010026 MMK, a special permit shall be subject to Council review. This application is related to application number 010483 ZMK which is subject to Council review pursuant to Section 197-d of the New York City Charter.

Coupled on Call - Up Vote

The Public Advocate (Mr. Green) put the question whether the Council would agree with and adopt such motions which were decided in the **affirmative** by the following vote:

Affirmative - Abel, Berman, Boyland, Carrion, Clarke, Dear, Malave-Dilan, DiBrienza, Eisland, Eldridge, Espada, Fisher, Foster, Freed, Golden, Harrison, Koslowitz, Leffler, Linares, Lopez, McCaffrey, Michels, Miller, Moskowitz, Nelson, Oddo, O'Donovan, Perkins, Pinkett, Povman, Provenzano, Quinn, Reed, Rivera, Robinson, Robles, Rodriguez, Sabini, Spigner, Stabile, Watkins, White, Wooten, Ognibene and the Speaker (Council Member Vallone) – **45.**

At this point, the Public Advocate (Mr. Green) stated that the aforementioned items are adopted and are referred to the Committee on Land Use and to the appropriate Land Use subcommittee.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Land Use

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Land Use and had been favorably reported for adoption.

Int. No. 977

Report of the Committee on Land Use in favor of approving and adopting, a Local Law in relation to the extension of land use review periods under the New York City charter and the administrative code.

The Committee on Land Use to which was referred on September 21, 2001 the annexed local law respectfully

REPORTS:

Memorandum in Support of Int. No. 977

Summary of Provisions: The Bill would extend the time frames for review of applications under the City's Uniform Land Use Review Procedure that were pending on September 11, 2001. For purposes of this bill "pending" means that the Department of City Planning had certified an application as complete and that the *time clock for review* by the respective body or official had commenced with respect to such application.

The review periods would be extended as follows: Community Boards for an additional 30 days; Borough Boards and Borough Presidents for an additional 30 days; the City Planning Commission for an additional 45 days; and the City Council for an additional 45 days.

Applications that were scheduled for a vote by the City Planning Commission on September 12, 2001 will be extended for 45 days and the Commission's failure to vote on that date will not result in a disapproval of such applications.

The City Planning Commission's and the City Council's review periods for office leases will be extended by 30 and 20 days respectively.

The Council's review period for the lease of wharf property for purposes of waterfront commerce will be extended by 30 days as will the Council's period to review revocable consents for sidewalk cafes.

The law will take effect immediately and will be deemed to have been in full force and effect as of September 11, 2001.

Reason for Support: It is expected that most ULURP and other statutory time frames can be met in the normal course of events, it remains unclear whether or not all reviewing bodies and/or officials will be able to strictly comply with all deadlines and/or notice requirements. To ensure the fair and orderly resumption of the City's land use review procedures, the enactment of the legislation is urged.

FISCAL IMPACT STATEMENT:

DESCRIPTION: This legislation will extend the review period for any application that has been certified by the department of city planning under the uniform land use review procedure by thirty days for any application which was pending before a community board as of September 11, 2001.

FISCAL IMPACT: The fiscal impact of this legislation is minimal in all years of the four-year financial plan.

EFFECTIVE DATE: This act will take effect immediately and shall be deemed to have been in full force and effect as of September 11, 2001.

SOURCE OF INFORMATION: New York City Finance Division.

Accordingly, Your Committee recommends its adoption.

(For text of bill, see Introduction and Reading of Bills for Int. No. 977 printed in these Minutes.)

(The following is the Message of Necessity from the Mayor for Int. No. 977:)

Pursuant to the Authority vested in me by section twenty of the Municipal Home Rule Law and by section thirty-seven of the New York City Charter, I hereby certify to the necessity for the immediate passage of a proposed local law, entitled:

A LOCAL LAW

To amend the New York City Charter and the administrative code of the city of New York, in relation to the extension of land use review periods under the New York City Charter and the administrative code.

Given under my hand and seal this 21st day of September, 2001, in the Borough of Manhattan, City of New York.

Rudolph W. Giuliani
Mayor

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report of the Committee on Rules, Privileges and Elections

M-1279

Report of the Committee on Rules, Privileges and Elections concurring in the recommendation contained in the Communication relating to the re-appointment of Lee A. Mayersohn as a Member of the New York City Tax Commission.

The Committee on Rules, Privileges and Elections to which was referred on August 22, 2001 (Minutes, page 2730) the annexed communication respectfully

REPORTS:

The Tax Commission is set forth by law within Chapter 7 of the New York City Charter. Pursuant to Section 153, the membership consists of a President and six Commissioners who shall be appointed by the Mayor for a term of six years, with the advice and consent of the Council. Each Commissioner is required to have at least three years business experience in the field of real estate or real estate law. At least one resident of each borough shall be included among the Commissioners. The President is paid a salary of $141,000, and Commissioners receive a salary of $23,003.

The Tax Commission is charged with the duty of reviewing and correcting all assessments of real property made pursuant to the provisions of the duties of assessors (Section 1506).

The nominee LEE A. MAYERSOHN has been recommended by the Mayor of re-appointment as a member of the New York City Tax Commission. Mr. Mayersohn's re-appointment will be for the remainder of a six-year term which will expire on January 6, 2006.

The resume for the above named individual has been presented for our review.

After interviewing the candidate and finding him qualified, Your Committee recommends his re-nomination.

Pursuant to Section 31 and Section 153 of the New York City Charter, the Committee on Rules, Privileges and Elections hereby approves the reappointment of LEE A. MAYERSOHN, as a Member of the New York City Tax Commission, for the remainder of a six-year term that began on January 7, 2000 and will expire on January 6, 2006.

(For text of M-1279, see Messages and Papers from the Mayor printed in the Stated Council Minutes of August 22, 2001, page 2730).

In connection herewith, Council Member Povman offered the following resolution:

Res. No. 2059

Resolution consenting to the Reappointment of Lee A. Mayersohn, as a Member of the New York City Tax Commission

By Council Member Povman

Resolved, that pursuant to Section 31 and Section 153 of the New York City Charter, the Council does hereby approve the reappointment of LEE . A. GENERAL ORDER CALENDAR

Int. No. 942-A

A Local Law to amend the administrative code of the city of New York, in relation to the general corporation tax and the banking corporation tax, and to repeal subparagraphs 6-a and 13 through 15 of paragraph (b) of subdivision 8 of section 11-602, subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602, subdivisions 11 through 16 of section 11-602, subdivisions 1-a through 1-f of section 11-608, subdivision

(a-2) of section 11-645 and paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York relating thereto.

(The following is the text of the Report of the Committee on Finance for Int. No. 942-A, along with the Fiscal Impact Statement).

Today, the Committee on Finance will consider Proposed Int. No. 942-A, a proposed local law that would amend the City's General Corporation Tax (GCT) and certain provisions of the Banking Corporation Tax, to conform them in certain respects to state law. An initial hearing on Int. No. 942 was held on June 28, 2001. Since then, the bill was amended to provide that conforming changes being made to the GCT, which were also applicable to the City's Banking Corporation Tax, would be made to that tax as well.

Sections 1 through 7 of the proposed legislation would amend the provisions of the City's GCT, relating to the treatment of certain corporate mergers consolidations and acquisitions. According to the Department of Finance (DOF), the provisions were intended to deny a corporation certain tax benefits resulting from certain kinds of restructuring - generally occurring in a highly leveraged merger/acquisition or where a significant portion of the stock or assets of an acquired corporation are disposed of shortly after the acquisition. Because the provisions only apply under very specific circumstances it is easy to avoid their application, and the transactions to which they apply are now virtually obsolete.

Section 8 of the proposed legislation would amend the certification provisions of the GCT which require certification of the tax return "by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or another officer of the taxpayer duly authorized ...." The amendment would provide that in the case of associations, publicly traded partnerships treated as corporations, or businesses conducted by trustee(s) where ownership is evidenced by written instruments, any person duly authorized to certify as to the truthfulness of the statements in the report may so certify.

Sections 9 and 20 of the proposed legislation would amend the reporting requirements for the GCT and the Banking Corporation Tax respectively, to extend from 90 to 120 days, the amount of time which a taxpayer making a combined report (i. e. for a combined group of corporations) is given, to report federal or state changes to its taxable income, or other basis of tax, or other changes required to be reported to the finance commissioner.

Sections 10 and I1 of the proposed legislation would amend the administrative code provisions relating to the payment of the first installment of estimated tax which is required to be paid with the taxpayer's return for the prior taxable year or with the taxpayer's request for an extension. Currently, the law provides that such first installment of estimated taxes be 25% of the prior year's taxes, computed without regard to credits which reduced the prior year's taxes. The proposed amendments would allow the taxpayer to reduce the amount of the prior year's tax by the credits for that year in computing the first installment of the new year's estimated taxes. Sections 18 and 19 of the proposed legislation would make similar conforming changes to the Banking Corporation Tax.

Sections 12 through 16 of the proposed legislation would amend the GCT and the Banking Corporation Tax to make the rules applicable to a taxpayer's ability to claim a refund in prior tax years for a capital loss carryback the same as those applicable to a taxpayer's ability to claim a refund for operating loss carrybacks. Currently, federal law provides that capital losses and operating losses can be "carried forward" and used as a deduction against future capital gains and operating income, respectively, for up to five years; they can also be "carried back" and used as deductions against capital gains and operating income for up to the prior three years. In the case of operating loss carrybacks, if the amount of the carryback would entitle the taxpayer to a refund in a prior year, there is an exception to the general rule that a taxpayer must file for a refund within three years. Thus, if a taxpayer was entitled to a refund of taxes for the year 1997 for reasons other than an operating loss carryback, it would have to file for that refund in its return filed by March 15, 2000. However, in the case of an operating loss, it may not yet have sustained the loss which it would be entitled to carry back. Thus, for purposes of operating losses, the State Tax Law and City GCT and Banking Tax provide that the three year time limit on requests for refunds resulting from operating loss carrybacks, begins running from the due date of the return for the year in which the loss was incurred. State law treats capital loss carrybacks (i.e.. capital losses which a corporation would be entitled to carryback to offset capital gains in prior years) the same way as operating losses. The proposed amendment would amend the GCT and Banking Corporation Tax to do the same. In addition, according to DOF, the amendments would also cause assessments of deficiencies resulting from capital loss carrybacks to be treated the same as those resulting from operating loss carrybacks.

Finally, section 17 of the proposed legislation amends §11-683 relating to liens for unpaid taxes. Subdivision c of that section provides that liens relating to estate and liens on real estate of mortgages shall cease to be liens after 10 years from the date they become due. The proposed amendment would leave the current 10 year time period on liens relating to real estate and mortgages, and place a twenty year time limit on all other tax liens.

The proposed local law would take effect immediately, except that sections 1 through 7 of the proposed law, relating to treatment of certain mergers, acquisitions and consolidations, would take effect for taxable years beginning on or after January 1, 2000.

Int. No. 942-A

By Council Members Berman and Stabile (by request of the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to the general corporation tax and the banking corporation tax, and to repeal subparagraphs 6-a and 13 through 15 of paragraph (b) of subdivision 8 of section 11-602, subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602, subdivisions 11 through 16 of section 11-602, subdivisions I-a through I-f of section 11-608, subdivision (a-2) of section 11-645 and paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York relating thereto.

Be it enacted by the Council as follows:

Section 1. Subdivision 3 of section 11-602 of the administrative code of the city of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

3. [(a)] "Subsidiary capital" means investments in the stock of subsidiaries and any indebtedness from subsidiaries, exclusive of accounts receivable acquired in the ordinary course of trade or business for services rendered or for sales of property held primarily for sale to customers, whether or not evidenced by written instrument, on which interest is not claimed and deducted by the subsidiary for purposes of taxation under this subchapter or subchapter three of this chapter, provided, however, that, in the discretion of the commissioner of finance, there shall be deducted from subsidiary capital any liabilities which are directly or indirectly attributable to subsidiary capital;

[(b) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring person, the taxpayer sells or otherwise disposes (including by redemption) of stock of a target corporation such that immediately prior to such disposition the taxpayer owned more than fifty percent, and immediately thereafter owned fifty percent or less of the number of shares of stock entitling the holder thereof to vote for the election of directors, then stock of the target corporation shall not constitute subsidiary capital of the taxpayer for the entire taxable year in which such disposition occurs.

(c) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring corporation, the target corporation sells or otherwise disposes of an asset or assets (excluding cash and assets disposed of by such target corporation in the regular course of its business) held by the target corporation on the acquisition date such that immediately prior to such disposition such target corporation owns more than fifty percent of the total of such assets held by the target corporation on the acquisition date (by value, such value determined in the manner in which assets are valued pursuant to subdivision two of section 11-604 of this subchapter, whether or

not the target corporation is subject to this subchapter) and immediately thereafter owns fifty percent or less, then for the period starting on the first day of the taxable year in which the disposition occurs and ending on the date eighteen months after the date of such disposition the stock of such target corporation shall not constitute subsidiary capital of the taxpayer.]

§ 2. Subdivision 5 of section 11-602 of the administrative code of the city of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

5. "Investment income" means [the sum of (a)] income, including capital gains in excess of capital losses, from investment capital [and (b) the amounts described in subparagraphs thirteen, fourteen and fifteen of paragraph (b) of subdivision eight of this section,] to the extent included in computing entire net income, less, [(c)] *(a)* in the discretion of the commissioner of finance, any deductions allowable in computing entire net income which are directly or indirectly attributable to investment capital or investment income, and [(d)] *(b)* such portion of any net operating loss deduction allowable in computing entire net income, as the investment income, before such deduction, bears to entire net income, before such deduction, provided, however, that in no case shall investment income exceed entire net income;

§ 3. Subparagraph 2 of paragraph (a) of subdivision 8 of section 11-602 of the administrative code of the city of New York, as amended by the chapter 241 of the laws of 1989, is amended to read as follows:

(2) fifty percent of dividends [(A)] other than from subsidiaries, [(B) other than amounts described in subparagraphs thirteen and fifteen of paragraph (b) of this subdivision, and (C) other than dividends from stock described in paragraphs (b) and (c) of subdivision three of this section,] except that entire net income shall include one hundred percent of dividends on shares of stock with respect to which a dividend deduction is disallowed by subsection (c) of section two hundred forty-six of the internal revenue code;

§ 4. Subparagraph 6-a of paragraph (b) of subdivision 8 of section 11-602 of the administrative code of the city of New York is REPEALED.

§ 5. Subparagraphs 13 through 15 of paragraph (b) of subdivision 8 of section 11602 of the administrative code of the city of New York are REPEALED.

§ 6. Subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602 of the administrative code of the city of New York are REPEALED.

§ 7. Subdivisions 11 through 16 of section 11-602 of the administrative code of the city of New York are REPEALED.

§ 8. Subdivision 2 of section 11-605 of the administrative code of the city of New York is amended to read as follows:

2. Every report shall have annexed thereto a certification by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or another officer of the taxpayer duly authorized so to act to the effect that the statements contained therein are true. *In the case of an association, within the meaning of paragraph three of section (a) of section seventy-seven hundred one of the internal revenue code a publicly-traded partnership treated as a corporation for purposes of the internal revenue code pursuant to section seventy-seven hundred four thereof and any business conducted by a trustee or trustees wherein interest or ownership is evidenced by certificates or other written instruments such certification shall be made by any person duly authorized so to act on behalf of such association publicly-traded partnership or business.* The fact that an individual's name is signed on a certification of the report shall be prima facie evidence that such individual is authorized to sign and certify the report on behalf of the corporation. Blank forms of reports shall be furnished by the commissioner of finance, on application, but failure to secure such a blank shall not release any corporation from the obligation of making any report required by this subchapter.

§ 9. Subdivision 3 of section 11-605 of the administrative code of the city of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

3. If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer, or of any shareholder of any taxpayer which has elected to be taxed under subchapter s of chapter one of the internal revenue code, as returned to the United States treasury department or the New York state [tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York state [tax commission] *commissioner of taxation and finance* or other competent authority, or where a renegotiation of a contract or subcontract with the United States or the state of New York results in a change in taxable income, alternative minimum taxable income or other basis of tax, or where a recovery of a war loss results in a computation or recomputation of any tax imposed by the United States or the state of New York, or if a taxpayer or such shareholder of a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, or such shareholder of a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax, or the results of such renegotiation, or such computation, or recomputation, or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York state taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined report under this subchapter for such year)* after such execution or the final determination of such change or correction or renegotiation, or such computation, or recomputation, or as required by the commissioner of finance, and shall concede the accuracy of such determination or state wherein it is erroneous. The allowance of a tentative carryback adjustment based upon a net operating loss carryback or net capital loss carryback pursuant to section sixty-four hundred eleven of the internal revenue code shall be treated as a final determination for purposes of this subdivision. Any taxpayer filing an amended return with such department shall also file within ninety days thereafter an amended report with the commissioner of finance.

§ 10. Subdivision 1 of section 11-608 of the administrative code of the city of New York is amended to read as follows:

1. Every taxpayer subject to the tax imposed by section 11-603 of this subchapter shall pay with the report required to be filed for the preceding privilege period, if any, or with an application for extension of the time and filing such report, an amount equal to twenty-five per centum of the preceding year's tax[, computed without regard to the credit provided for in subdivision twelve of section 11-604 of this subchapter,] if such preceding year's tax exceeded one thousand dollars.

§ 11. Subdivisions 1-a through 1-f of section 11-608 of the administrative code of the city of New York are REPEALED.

§ 12. Paragraph (d) of subdivision 3 of section 11-674 of the administrative code of the city of New York is amended to read as follows:

(d) Deficiency attributable to [net operating loss] carryback. If a deficiency of tax under subchapter two of this chapter is attributable to the application to taxpayer of a net operating loss carryback *or a capital loss carryback*, it may be assessed at any time that a deficiency for the taxable year of the loss may be assessed.

§ 13. Subdivision 5 of section 11-675 of the administrative code of the city of New York, as renumbered by chapter 241 of the laws of 1989, is amended to read as follows:

5. Tax reduced by carryback. If the amount of tax under subchapter two for any taxable years is reduced by reason of a carryback of a net operating loss *or a capital loss*, such reduction in tax shall not affect the computation of interest under this section for the period ending with the filing date for the taxable year in which the net operating loss *or capital loss* arises. Such filing date shall be determined without regard to extensions of time to file.

§ 14. Subdivision 4 of section 11-678 of the administrative code of the city of New York is amended to read as follows:

4. Overpayment attributable to net operating loss carryback *or capital loss carryback.* A claim for credit or refund of so much of an overpayment under subchapter two of this chapter as is attributable to the application to the taxpayer of a net operating loss carryback *or a capital loss carryback* shall be filed within three years from the time the return was due *(including extensions thereof)* for the taxable year of the loss, or within the period prescribed in subdivision two in respect of such taxable year, or within the period prescribed in subdivision three, where applicable, in respect to the taxable year to which the net operating loss *or capital* loss is carried back, whichever expires the latest. Where such claim for credit or refund is filed after the expiration of the period prescribed in subdivision one or in subdivision two where applicable, in respect to the taxable year to which the net operating loss *or capital loss* is carried back, the amount of such credit or refund shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based.

§ 15. Subdivision 4 of section 11-679 of the administrative code of the city of New York is amended to read as follows:

4. Refund of tax caused by carryback. For purposes of this section, if any overpayment of tax imposed by subchapter two of this chapter results from a carryback of a net operating loss *or a net capital loss*, such overpayment shall be deemed not to have been made prior to the filing date for the taxable year in which such net operating loss *or net capital loss* arises. Such filing date shall be determined without regard to extensions of time to file. For purposes of subdivision three of this section any overpayment described herein shall be treated as an overpayment for the loss year and such subdivision shall be applied with respect to such overpayment by

treating the return for the loss year as not filed before claim for such overpayment is filed. The term "loss year" means the taxable year in which such loss arises.

§ 16. Subdivision 2 of section 11-680 of the administrative code of the city of New York, as amended by chapter 808 of the laws of 1992, is amended to read as follows:

2. Petition for redetermination of a deficiency. Within ninety days, or one hundred fifty days if the notice is addressed to a taxpayer whose last known address is outside of the United States, after the mailing of the notice of deficiency authorized by section 11-672 of this subchapter, or if the commissioner of finance has established a conciliation procedure pursuant to section 11-124 of the code and the taxpayer has requested a conciliation conference in accordance therewith, after ninety days from the mailing of the conciliation decision or the date of the commissioner's confirmation of the discontinuance of the conciliation proceeding, the taxpayer may file a petition with the tax appeals tribunal for redetermination of the deficiency. Such petition may also assert a claim for refund for the same taxable year or years, subject to the limitations of subdivision seven of section 11-678 of this subchapter. For special restriction where the notice of deficiency relates to a proposed assessment made as a result of: (a) a net operating loss carryback *or a capital loss carryback*, (b) an increase or decrease in federal or New York state taxable income or other basis of tax or federal or New York state tax, or (c) a federal or New York state change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal or New York state income tax purposes, see paragraph (g) of subdivision three of section 11-674 of this subchapter.

§ 17. Paragraph (c) of subdivision 10 of section 11-683 of the administrative code of the city of New York is amended to read as follows:

(c) All taxes, additions to tax, penalties and interest which have become a lien under this subdivision shall[,] *cease to be a lien* after the expiration of [ten] *twenty* years from the date they became due and payable, [cease to be a lien] *except that taxes, additions to tax*, penalties and interest which have become a lien under this subdivision (1) as to real estate in the hands of persons who are owners thereof who would be purchasers in good faith but for such taxes, additions to tax, penalties or interest and (2) as to the lien on real estate of mortgages held by persons who would be holders thereof in good faith but for such taxes, additions to tax, penalties or interest, as against such purchasers [of] or holders, *shall cease to be a lien after the expiration of ten years from the date they become due and payable.* The limitations herein provided for shall not apply to any transfer from a corporation to a person or corporation with intent to avoid payment of any taxes, or where with like intent the transfer is made to a grantee corporation, or any subsequent grantee corporation, controlled by such grantor or which has any community of interest with it, either through stock ownership or otherwise.

§ 18. Subdivision (a-2) of section 11-645 of the administrative code of the city of New York is REPEALED.

§ 19. Paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York is REPEALED.

§ 20. Subdivision (e) of section 11-646 of the administrative code of the city of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

(e) If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer as returned to the United States treasury department or the New York state [tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York state [tax commission] *commissioner of taxation and finance* or other competent authority, or if a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York state taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *or one hundred twenty days, in the case of a taxpayer making a combined return under this subchapter for such year)* after such execution or the final determination of such change or correction, or as required by the commissioner of finance, and shall concede the accuracy of such determination or state wherein it is erroneous. The allowance of a tentative carryback adjustment based upon a net capital loss carryback pursuant to section sixty-four hundred eleven of the internal revenue code, shall be treated as a final determination for purposes of this subdivision. Any taxpayer filing an amended return with such department shall also file within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined return under this subchapter for such year)* thereafter an amended return with the commissioner of finance which shall contain such information as the commissioner shall require.

§ 21. This local law shall take effect immediately, except that sections one through seven of this local law shall take effect for taxable years beginning on or after January 1, 2000.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1147

ULURP Application No. C 990066 PP with modifications, disposition of city-owned properties, Community Board 3, Staten Island

INTRODUCTION AND READING OF BILLS

Int. No. 976

By the Speaker (Council Member Vallone) and Council Members Berman, O'Donovan, Pinkett, Dear, Michels, Nelson, Abel, Stabile, Harrison, Koslowitz, Leffler and Povman

A LOCAL LAW to amend the Charter of the City of New York to create a Lower Manhattan/Financial District Redevelopment Commission.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. On September 11, 2001 the City of New York suffered an unprecedented loss with the destruction of the World Trade Center and surrounding buildings. The Council recognizes the importance of the affected area and the businesses located in the area to the economic well-being of the City. The City Council hereby finds that such an unprecedented event requires creation of a commission to focus on the specific needs of the financial district of lower Manhattan and to facilitate and coordinate the redevelopment and reconstruction of this area, and provide assistance to businesses located in the affected area.

The Council further finds that the loss, through destruction or evacuation, of more than twenty-five million square feet of office space in the financial district of lower Manhattan, presents both short-term and long-term challenges to the City. On a short-term basis, everything must be done to encourage and assist businesses to remain in lower Manhattan or in other surrounding parts of the City and to provide all necessary assistance to effectuate relocations of businesses as quickly as possible. The Council further finds that on a longer-term basis, the redevelopment of the area surrounding the World Trade Center is essential to the long term economic well-being of the City.

Therefore, the Council finds and declares that a Commission must be immediately established to coordinate all activities necessary to aid affected businesses to remain in the City, and to immediately assist in the redevelopment of the Lower Manhattan/Financial District. Such efforts should be accomplished with the full cooperation of all City agencies, through public-private partnerships, and through coordination with federal and state authorities.

§2. The Charter of the City of New York is hereby amended by adding a new chapter 75 to read as follows:

CHAPTER 75
LOWER MANHATTAN FINANCIAL DISTRICT REDEVELOPMENT COMMISSION

§3100 Definitions. "Lower Manhattan/Financial District" shall mean that area of the borough of Manhattan south of Canal Street.

§3101 Constitution and appointment. a. There is hereby established a Lower Manhattan/Financial District Redevelopment Commission which shall coordinate and facilitate activities necessary for the reconstruction and redevelopment of the New York City Lower Manhattan/Financial District.

b. The commission shall consist of seven members that shall be appointed by the mayor, which shall include members of the financial services industry, the real estate industry, the construction industry and organized labor. The mayor shall appoint the chair of the commission. All members shall serve at the pleasure of the mayor. The mayor shall make such appointments within 15 days of the effective date of this local law.

§3102 Powers and duties of the Commission. The commission shall, in conjunction with the appropriate agencies, exercise all powers necessary and appropriate to reconstruct and redevelop the Lower Manhattan/Financial District, including but not limited to:

1. Surveying, identifying and locating commercial space for affected businesses;

2. Acting as a clearinghouse for lessors of commercial space and affected businesses;

3. Identifying locations for immediate development of commercial space to be utilized by affected businesses;

4. Recommending appropriate sites for condemnation to be used for the development and use of commercial space by or for affected businesses;

5. Recommending the reassignment of leases for commercial space to which the city is a party;

6. Facilitating and expediting the construction and disposition of transitional and permanent commercial space for affected businesses;

7. Making recommendations concerning the provision of incentives to encourage landowners, developers and affected businesses in rebuilding and reconstructing the Lower Manhattan/Financial District;

8. Making recommendations concerning the provision of incentives to landowners, developers and affected businesses for the relocation of affected businesses to other areas of the City;

9. A LOCAL LAW in relation to the extension of land use review periods under the New York City Charter and Administrative Code.

Be it enacted by the Council as follows:

Section one. Notwithstanding the provisions of subdivision a of section one hundred ninety seven-c of the New York City Charter and the provisions of the rules adopted by the city planning commission with respect to the uniform land use review procedure, the sixty day period for the conduct of a public hearing and submission of a written recommendation or waiver thereof by a community board with respect to an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by thirty days for any such application which was pending before a community board as of September 11, 2001.

Sec. 2. Notwithstanding the provisions of subdivisions f and g of such section and of such rules, the thirty day period for submission of a written recommendation or waiver thereof by a borough board or borough president with respect to an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by thirty days for any such application which was pending before a borough board or borough president as of September 11, 2001.

Sec. 3. Notwithstanding the provisions of subdivision f of such section and of such rules, the sixty day period for the conduct of a public hearing and approval, approval with modifications, or disapproval by the city planning commission of an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by forty five days for any such application which was pending before the city planning commission as of September 11, 2001.

Sec. 4. Notwithstanding the provisions of subdivision c of section one hundred ninety seven-d of such charter, the fifty day period for the conduct of a public hearing and final action by the city council with respect to a decision of the city planning commission which, pursuant to subdivision b of such section is subject to review by the council, shall be extended by a period of forty five days for any such application which was pending before such council as of September 11, 2001.

Sec. 5. Notwithstanding the provisions of subdivision j of section one hundred ninety seven-c of such charter, the failure of the city planning commission to act on an application under the uniform land use review procedure scheduled for a vote on September 12, 2001 shall not be deemed to result in disapproval of such application, and the sixty day time period for action by the commission with respect thereto shall be extended pursuant to the provisions of section three of this local law.

Sec. 6. Notwithstanding the provisions of subdivision b of section one hundred one hundred ninety five of such charter, the thirty day period for the conduct of a public hearing and action by the city planning commission with respect to applications for the acquisition by the city of office space or existing buildings for office use shall be extended by a period of thirty days for any such application which was pending before such commission of September 11, 2001.

Sec. 7. Notwithstanding the provisions of subdivision c of such section, the twenty day period for city council review and action with respect to applications for the acquisition by the city of office space or existing buildings for office use shall be extended by a period of twenty days for any such application which was pending before such council as of September 11, 2001.

Sec. 8. Notwithstanding the provisions of paragraph f of subdivision two of section thirteen hundred one of such charter, the forty five day period for action by the city council with respect to a lease of wharf property for purposes of waterfront commerce or in furtherance of navigation shall be extended by a period of thirty days for any such proposed lease which was pending before such council as of September 11, 2001.

Sec. 9. Notwithstanding the provisions of subdivision h of section 20-225 and subdivision h of section 20-226 of the administrative code of the city of new York, the fifty day period for final action by the city council with respect to a petition for a revocable consent for a sidewalk cafe shall be extended by a period of thirty days with respect to any such petition pending before such council as of September 11, 2001.

Sec. 10. This local law shall take effect immediately, and shall be deemed to have been in full force and effect as of September 11, 2001.

Adopted by the Council (preconsidered and approved by the Committee on Land Use).

Res. No. 2058

Resolution calling upon the New York State Assembly to adopt A. 8627-A, in relation to amending the public health law to authorize and direct the Commissioner of the New York State Department of Health to promulgate rules and regulations for the sterilization or other treatment of endoscopic instruments.

By Council Members Sabini, Boyland and Golden; also Council Members Harrison, Koslowitz and Michels

Whereas, Endoscopy, a procedure in which a flexible lighted instrument is used to examine hollow organs such as the stomach or bowels, has become a widely-used method of diagnosing potentially fatal medical conditions, such as colorectal cancer, in a minimally invasive manner; and

Whereas, Concerns have been raised that medical clinics across the country are not properly sterilizing endoscopic instruments, resulting in a risk of transmission of various diseases to patients undergoing the procedure; and

Whereas, As recently as June 2001, the *New York Times* reported that eight New Yorkers tested positive for hepatitis C after undergoing endoscopic procedures for gastrointestinal symptoms at the Bay Ridge Endoscopy and Digestive Health Center *(Patients of Brooklyn Clinic are Sought After Outbreak of Hepatitis* C New York Times, June 9, 2001); and

Whereas, The New York City Department of Health, along with the New York State Department of Health, is currently investigating whether these eight cases of hepatitis C are linked to endoscopic procedures performed at the Brooklyn clinic; and

Whereas, The New York City Department of Health has contacted all patients whom have received this procedure at the Brooklyn clinic from the period of January 2000 to May 2001 to inform them of the need to be tested for hepatitis C, as well as other blood-borne disease, such as hepatitis A, B and HIV; and

Whereas, According to the Centers for Disease Control and Prevention (CDC), hepatitis C is a disease of the liver that is transmitted through blood products infected by the hepatitis C virus (HCV) which results in chronic liver infection and disease; and

Whereas; According to the CDC, hepatitis C is the leading cause of liver transplants in the United States; and

Whereas, The New York State Assembly is currently considering a bill (A. 8627-A) which would amend the New York State Public Health law in relation to authorizing and directing the State Commissioner of Health to promulgate rules and regulations for the sterilization or other treatment of endoscopic instruments, such as the requirement of the use of protective, single-use disposable barriers on endoscopic equipment, and/or sterilization of endoscopic equipment using high-level disinfectant methods; and

Whereas, The implementation of such requirements would aid in reducing the risk of transmission of diseases during endoscopic procedures; now, therefore, be it

Resolved, That the New York City Council calls upon the New York State Assembly to adopt A. 8627-A, in relation to amending the public health law to authorize and direct the Commissioner of the New York State Department of Health to promulgate rules and regulations for the sterilization or other treatment of endoscopic instruments.

Referred to the Committee on Health.

A LOCAL LAW to amend the New York city charter, to require the board of education to provide information on certain performance indicators relating to managerial accountability for city schools

Be it enacted by the Council as follows:

Section 1. Legislative Findings.

The council finds that the education of the children of the city of New York is critical to the health, growth, and stability of the city. However, because neither the mayor nor the city council has direct and on-going control over the board of education ("the board") or is responsible for its management, the ability of these officials to substantively affect the quality of education offered in the city of New York's public schools is severely limited.

The council further finds that the board is responsible for educating 1.1 million school children in eleven hundred public schools in five counties. Its management tasks are significant and its bureaucracy enormous. Time and again, unfortunately, the board has demonstrated an inability to control its sprawling bureaucracy and to perform basic, critical managerial functions. For example, the council finds that the mayor and the city council created a five-year, five-billion dollar school construction and capital improvement plan for the board in the year two thousand. It was later revealed that barely a year into the plan, the board had already exceed its five-billion dollar allocation by over two-billion dollars. When city officials and the public began to question how such massive cost overruns and mismanagement of a critical program were possible, the board was unable to provide a satisfactory answer. The council finds that the mismanagement of two-billion dollars of taxpayer money to be unacceptable and cause for overhauling the way in which the board is managed.

§ 2. Section 522 of the New York City charter is amended to read as follows:

§ 522. Reports of board.

a. Board of education comprehensive accountability program.

1. The systematic collection and analysis of timely information, as required in subdivision b of this section, shall form the basis of an approach to evaluating defined areas of accountability for all levels of management throughout the board of education (the "board").

2. The chancellor shall conduct meetings with each of the community school district superintendents, high school superintendents, special education district superintendent and any other superintendent in the school district, no fewer than three times during the school year at regular intervals and at least once during the summer, to review the materials, data and reports provided to the mayor and the council as required by this section; to review their performance; refine management strategies; and to compare their performance with that of their peers. All superintendents shall attend such meetings to compare their performance with other districts, and apply to their own districts strategies and solutions developed at such meetings. Deputy chancellors and other senior board officials shall be present at such meetings, as shall principals from each district.

b. The board of education shall [on or before the thirtieth day of November in each year] make and transmit to the mayor *and the city council in such form as the mayor shall require,* a report in writing, [for the year ending on the thirty-first day of July next preceding, stating the whole number of schools under its jurisdiction during the said year; the number of teachers; the total number of pupils on register, and the average attendance at each; the corporate schools or societies from which reports have been made to the board of education, the length of time such schools have been kept open, and the number of teachers and of pupils taught in each school and the total amount of money expended for the purposes of public education in the city *during the preceding fiscal year] on a monthly* basis unless otherwise provided herein, and within such time frames as the mayor shall determine, for each public school in the New York city school district, individual community school districts, superintendencies within the district, and for the district as a whole, the following materials, data and reports:

1. Student performance.

(a) Daily student attendance; (b) Number and percentage of students passing required regents examinations (high schools only) (annual basis); (c) Number of students taking scholastic achievement tests and performance on such examinations (high schools only) (annual basis); (d) Number of students enrolled in special education programs, (e) Number of students decertified from special education; (f) Number of students in bilingual education programs, including (i) number and percentage of students receiving dual language instruction, (ii) number and percentage of students receiving "traditional" bilingual instruction, (iii) number and percentage of students receiving English as a second language instruction, (iv) number of students transitioning out of bilingual education programs into English language general education classes, and (v) number of students transitioning out of bilingual education programs into English language general education classes; (g) Enrollment in remediation and enrichment programs, including programs involving students who scored at level one in citywide reading and/or math achievement tests; (h) With respect to summer school enrollment: (i) number of students identified for mandatory summer school attendance (annual basis), (ii) number of such students attending summer school (annual basis), (iii) Performance on citywide reading and math tests for mandated summer school population (annual basis), (iv) Number of summer school students retained in-grade (annual basis), and (v) Average student attendance at summer school (annual basis); (i) Number of students participating in "project read", including its (i) intensive school-day program, (ii) after-school component, (iii) number of internet-accessible computers per child, (iv) number of dropouts (high schools only), (v) number of students transferring into and out of a school and school district; (j) Number of students with individual education plans; (k) Number of students with private or public health insurance; (l) Performance on state and citywide reading and math tests (annual basis); (m) Number and percentage of students at performance levels one, two, three and four in reading; (n) Number and percentage of level one reading and math students receiving passing grades in English and math; and (o) Graduation rate, including on-time rate and four-year rate, and the total numbers (high schools only) (annual basis).

2. School environment.

(a) Number and type of student suspensions, including those for assault, sexual assault, and other incidents, and (b) Number of incidents reported to the police department, including reports of possession of a weapon, assault, sexual assault, and other incidents.

3. Teacher performance.

(a) Teacher attendance; (b) Number and percentage of teachers who have resigned, retired, transferred, or been removed; (c) Average number of teacher-parent conferences and contacts per teacher; (d) Number of in-classroom teacher evaluations conducted by principal or assistant principal; (e) Average amount of time spent in classroom by teachers (total school-day instructional time divided by total number of teachers on staff); and (f) Number of teachers rated unsatisfactory.

4. School administration and spending.

(a) School capacity and utilization; (b) Size of wait list, if any; (c) Number and percentage of students attending school or district from outside zoned area; (d) Average class size annual basis); (e) Teacher/student ratio (annual basis); (f) Overall staff/student ratio (annual basis); (g) Total per-pupil spending, in the categories of (i) classroom instruction, (ii) instructional support, (iii) supervisory support, (iv) other support services, and (v) building services; and (h) Total administrative spending and headcount at central board of education, community school district offices, and high school superintendencies.

5. Capital programs and budget.

(a) For each project in the city's approved capital plan, the board shall provide progress updates, including (i) whether or not the project has commenced on time; (ii) length of delay, if any; (iii) whether or not the project has completed on time; (iv) length of delay, if any; and (v) current cost estimates or real cost figures, compared with cost estimates contained in the approved capital plan.

(b) For the capital plan as a whole, the board shall provide progress updates including (i) number and percentage of program elements that have increased by more than ten percent over the estimate contained in the approved capital plan; (ii) number and percentage of projects that will not be commenced within six months from the date set forth in the Approved capital plan; (iii) number of projects not identified in the approved capital plan proposed to be initiated; (iv) total number of additional seats completed to date as part of current capital plan; (vi) total cost of the current capital plan to date, including all amendments to the plan and changes in scope of work.

c. The board of education shall also make in said reports such suggestions and recommendations relative to the public schools of the city as it may deem proper.

d. The mayor may request from time to time and as necessary, an appropriate investigative or auditing office commission or agency of the city to conduct an investigation or audit of the reports submitted in satisfaction of this section.

e. The information required by this section shall be published on the internet in accordance with standards promulgated in conjunction with the department of information technology and telecommunications.

§ 3. If any section, subdivision, paragraph, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 4. This local law shall take effect forty-five days after which it shall have become a law.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in italics is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person
Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, ~~and~~ 21 **and 22**.

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ **any** proposed #development# ~~which~~ **that** utilizes **such** transferred #development rights# conforms to **this section and, for those #receiving lots# within the Urban Renewal Area, to** the regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may **grant a special permit to** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# **or #enlargements#** in the **former** #~~-~~Special ~~Lower Manhattan~~ **Greenwich Street Development** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.
The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right *#floor area# bonuses in the amount* specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open tothe public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

MANHATTAN CB - 3 C 010678 ZSM

Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for the grant of special permits pursuant to the following Sections of the Zoning Resolution:

1. **Section 74-743(a)(1)** to allow the distribution of floor area, lot coverage and dwelling units without regard for zoning lot lines or district boundaries;

2. **Section 74-743(a)(3)** to allow the location of buildings without regard for the applicable yard and height and setback regulations;

3. **Section 74-744(b)** to allow residential and non-residential uses to be arranged in a building without regard for the regulations set forth in Section 32-42; and

4. **Section 74-745** to allow permitted accessory off-street parking spaces to be located without regard for zoning lot lines;

to facilitate the construction of a mixed use general large-scale development consisting of four zoning lots, generally bounded by Bowery, a line midway between East 1st Street and East 2nd Street, Second Avenue, Chrystie Street, and a line 200 feet northerly of Stanton Street (Block 427, Lots 14 and 30, Block 456, part of Lot 1, Block 457, part of Lots 1 and 28), in R8X*/C2-5*, R7-2/C2-5* and C6-1 Districts, partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 11 C 020002 HUM

Application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

6. assigns site numbers in accordance with current practice;

7. amends Exhibit A to reflect the consolidation of tax lots;

8. updates the Proposed Time Schedule;

MANHATTAN CB - 11 C 020003 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

3) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate the construction of a seven story building with approximately 250 units of housing, retail and community facility space.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20025073 HAK, 20025074 HAX and 20025075 HAK.

HOMELESS SERVICES

■ NOTICE OF PUBLIC HEARING

DIVISION INTERAGENCY COORDINATING COUNCIL ON HOMELESSNESS

Transitional Housing and Services for Homeless Families and Individuals
Date: Friday, November 30, 2001, Time: 1:00 PM - 3:00 PM, Location: Spector Hall, City Planning, 22 Reade Street, NY, NY.

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Friday, November 30, 2001 on transitional and permanent housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary and emergency shelter for eligible homeless people in a safe, supportive environment. The primary purpose of DHS is to plan, implement and manage services for eligible homeless families and individuals.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting requests for speaking times. If you are interested in reserving a speaking time, please call (212) 361-7971 by 5:00 pm on Tuesday, November 27, 2001. We regret that we may not be able to reserve speaking time for those who call after the deadline. Once all speaking slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes after the scheduled speaking time, after which they will be subject to cancellation.

Deputy Mayor Joseph Lhota
Chair, Interagency Coordinating Council

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposes to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions

requiring City Planning Commission approval include:

● Approval of capital funding for the construction of a baseball stadium and parking facilities; and

● An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's Coastal Zone Management Plan and the New York City Department of City Planning's Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, the New York City Department of Transportation (NYCDOT), Metropolitan Transit Authority (MTA), and New York City Transit (NYCT) for the reconstruction of the rotunda and pedestrian bridge at the Willets Point/Shea Stadium subway station, and from the Federal Aviation Administration for structure height.

Public Hearing
Date: Thursday, November 29, 2001
Place: The New York Hall of Science, Flushing Meadows-Corona Park, 47-01 111th Street, Corona, NY 11368
Time: 6:00 PM to 9:00 PM

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing

Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-year from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

■ NOTICE

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **§2-04 Multi-Term Contracts (Client Services)** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The proposed rule does the following:

● The language in the four paragraphs in subdivision (e) is condensed, as is the language in subdivision (f).

● The examples within the various categories are deleted; the descriptions of the categories remain.

● The requirements for CCPO approval of Category Two and Three designations is repealed.

● Other technical corrections are made.

How to Comment

A public hearing will be held on Thursday, December 20, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by December 20, 2001.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: November 7, 2001

CHAPTER 2 **PROCUREMENT PROCESS** (is amended as follows:)

Section 2-04 **MULTI-TERM CONTRACTS (CLIENT SERVICES).**

***

(d) **Determination and Approvals.** Prior to issuing a solicitation for a multi-term contract, the ACCO shall make a [written] determination that:

(1) it is anticipated that the needs of the client population will continue beyond one year, and

(2) a multi-term contract will serve the best interests of the City by encouraging effective competition and promoting economies. Relevant factors include:

(i) service providers otherwise unwilling or unable to compete because of high start-up costs or capital investment in securing, expanding, or maintaining a service facility will be encouraged to participate in the competition if they may recoup such costs, as appropriate, during the longer period of contract performance[s]; [or]

(ii) lower operating costs will result because long-term service requirements and performance can be expected to result in lower prices; [or]

(iii) economy and consistent quality of service may be promoted by encouraging stability of the provider's work force over a longer period of time[,] ; and/or

(iv) availability of appropriate and/or affordable facilities is severely limited.

(e) **Permitted Length of Contract Terms.**

[(1) **Category One.**] Client services contracts [in Category One] may be awarded for an initial term, or a total term including all renewals, of up to three years for Category One, six years for Category Two, and nine years for Category Three. The ACCO shall make a determination as to whether a particular contract or category of contract shall be designated as Category One, Two, or Three. Such contracts may be structured as contracts for a lesser period of time, with a renewal clause in accordance with these Rules, so long as the total term of the original contract including all renewals does not exceed [three years] the stated limits.

[(2) **Category Two.** Contracts for client services programs set forth below in Section 2-04(f)(2) may be awarded for an initial term, or a total term including all renewals, of up to six years. For such contracts the written determination of the ACCO, setting forth with particularity the reasons that for a category of contracts a total term longer than three years is appropriate, must have the prior written approval of the CCPO.

(3) **Category Three.** Contracts for client services programs set forth below in Section 2-04(f)(3) may be awarded for an initial term, or a total term including all renewals, of up to nine years. For such contracts, the written determination of the ACCO, setting forth with particularity the reasons that for the particular contracts a total term longer than six years is appropriate, must have the prior written approval of the CCPO.

(4)] In an extraordinary case for compelling reasons, such as the need to finance a program through the issuance of long-term bonds, a contract may be awarded for a term in excess of nine years. For such an award, the [prior written] determination of the CCPO that such a longer term is necessary, shall be required.

(f) **[Parameters of] Categories One, Two, and Three.**

(1) **[Category One] General.** Any client services contract may be treated as a Category One contract. Any Category Three contract may be treated as a Category Two contract. Any client services contract [which] that is not within Category Two or Category Three shall be within Category One.

[Examples of programs which may be included within Category One are:

(i) Community Services Block Grant Programs, Literacy Programs;

(ii) Senior Employment Programs;

(iii) Employment Training Programs;

(iv) AIDS Education/Media Outreach Programs, AIDS Counseling Programs, School Health Programs, Personal Health Programs, and Maternal/Child Health Programs;

(v) Community Services Block Grant Programs; and

(vi) Family Planning Programs, Electronic Payment Funds Transfer, Multi-Service Centers, Medical Eligibility Exams for Public Assistance Clients, Legal Services, and Employment Services Programs.

(2) **Category Two.** [Any contract

which would otherwise fall within Category Two may be awarded as a Category One contract in the discretion of the ACCO. The contracts which may be included within Category Two include the following] Category Two includes:

(i) contracts in programs where services are provided in a center-based facility where obtaining necessary permits and approvals and/or other control of the site as a result of zoning or land use issues is unusually complex and difficult;

(ii) contracts in programs in which there is a requirement for the [service provider] supplier to establish linkages with other [service provider] suppliers in the locality, in order to provide effective service to the clients;

(iii) contracts in programs where the population to be served is fragile and/or difficult to serve and the well-being of the clients would be jeopardized by potentially frequent change in the [service provider] supplier;

(iv) contracts in programs where the development and continuity of a personal, supportive, or therapeutic relationship between the caregiver and the affected client(s) is an integral requirement of the support service or treatment being provided, and the support service or treatment would be impaired by the severance of that relationship as a result of change [service provider] suppliers; and

(v) in the case of other specific contracts, including contracts [which] that would otherwise fall within Category One, under extraordinarily compelling circumstances where the ACCO has set forth with particularity the reasons [(possibly including, but not limited to, considerations set forth in Section 2-04(e)(2) above)] that it is not practicable or advantageous to competitively resolicit proposals as often as every three years, and this determination has been approved [in writing] by the CCPO prior to the solicitation.

[Examples of programs which may be included within Category Two are:

(i) The State Legalization Impact Assistance Grant Programs, and the Project Begin Program;

(ii) Senior Centers, Home Care, Senior Services, Inter-generational, Crime Victims Services, and Extended Services Programs;

(iii) Tap Centers;

(iv) Prison Health Programs;

(v) Youth Development/Delinquency Prevention Programs and Runaway/Transitional Living Programs;

(vi) Homemaker Services, Home Care Programs, Foodbank/Hunger Programs, Day Care Programs, Single Room Occupancy Support Services, Drop-In Centers, Juvenile Prostitution Diversion, Protective Services Programs—Child, Option Centers, Managed Health Care Programs, Protective Services Programs—Adult, Head Start Programs, Medical Services for Shelters, Adoption Programs, and Community Guardian Programs; and

(vii) Alcohol Abuse Programs.

(3) **Category Three.** [Any contract which would otherwise fall within Category Three may be awarded as a Category One or Two contract in the discretion of the ACCO. The contracts which may be included within Category Three include the following] Category Three includes:

(i) contracts in programs where the treatment modality includes a long-term therapeutic relationship between the client and the caregiver as an integral part of the treatment program, and the treatment or service would be jeopardized by the *severance of that relationship* as a result of change of [service providers] suppliers;

(ii) contracts in residential care programs; and

(iii) in the case of other specific contracts, under extraordinarily compelling circumstances, where the ACCO has set forth with particularity the reasons [(possibly including, but not limited to, considerations set forth in Section 2-04(e)(3) above)] that it is not practicable or advantageous to competitively resolicit proposals as often as every six years, and this determination has been approved [in writing] by the CCPO prior to the solicitation.

[Examples of programs which may be included within Category Three are:

(i) Preventive Services Programs;

(ii) Direct Mental Hygiene Services, not including Alcohol Abuse Programs;

(iii) Foster Care Services;

(iv) Residential Homeless Shelters;

(v) AIDS Housing/Shelters; and

(vi) Domestic Violence Shelters.]

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **§3-03(h) Construction-Related Services** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The bifurcated process of procuring construction-related services, beginning with designating such services as "complex" or "non-complex," is eliminated in favor of the uniform process set up in this proposed amendment

How to Comment

A public hearing will be held on Thursday, December 20, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by December 20, 2001.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: November 7, 2001

CHAPTER 3 METHODS OF SOURCE SELECTION

Section 3-03 COMPETITIVE SEALED PROPOSALS.
(is amended as follows:)

***

(h) **Construction-Related Services.**

[(1) There are two categories of construction-related services that an agency may procure: Non-Complex and Complex.

(2) Where applicable for the procurement of Non-Complex and Complex construction-related services, the following alternative source selection procedures may be utilized.

(i) Non-Complex Construction-Related Services. Prior to utilizing either of the two alternative source selection procedures described in this subparagraph, the ACCO must determine what constitutes for the agency Non-Complex construction-related services and submit this definition to the Director of the Mayor's Office of Construction (ODC) for approval. The ACCO must additionally provide the basis for a determination that the particular service being procured conforms to the agency's ODC–approved definition of a Non-Complex construction-related service. The approved ODC definition and the basis for the determination that the particular service conforms to that definition shall be included in the agency contract file.

(A) Alternative #1. To procure a particular Non-Complex construction-related service, the agency prepares a scope of services, randomly selects a supplier from the appropriate PQL, and offers the project to the selected supplier based upon an applicable, updated OMB fee-curve scale or an appropriate fee-curve scale developed by the agency and approved by OMB. A supplier will have at least seven days to accept or reject the project.

(B) Alternative #2. The agency prepares an RFP and solicits technical and cost proposals from a minimum of three suppliers selected randomly and/or rotationally from the appropriate PQL. The selected suppliers will have at least fifteen days to respond. The agency will evaluate the submitted proposals and enter into negotiations with the supplier(s) offering the best combination of technical quality and price.

(ii) Complex Construction-Related Services. The agency prepares] To procure construction-related services, the ACCO shall prepare an RFP and [solicits] solicit technical and cost proposals from suppliers selected randomly, rotationally, [and/]or based on a determination that a supplier(s) is the best qualified from the appropriate PQL. Where [only] random [and/]or rotational selection is [utilized, a minimum of] used, at least three suppliers shall be selected[;] . [where] Where selection based on a best qualified determination is [utilized, either alone or in combination with random and/or rotational selection, a minimum of] used, at least five suppliers shall be selected. [The selected suppliers] Suppliers [will] shall have at least twenty days to respond. The agency will evaluate the [submitted] proposals and [enter into] [negotiations] negotiate with the supplier(s) offering the best combination of [technical] quality and price.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **Various – Public Notice** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The proposed rule regularizes the various notice requirements by making a uniform standard of "once" in the City Record for notices of award and "at least once" in the City Record for notices of solicitation.

How to Comment

A public hearing will be held on Thursday, December 20, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **Various – Repeal or replacement of the terms "contract file," "contracting officer," "in writing," "written"** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The proposed rule repeals or replaces the terms "contract file," "contracting officer," "in writing," and "written." The Board has eliminated these terms as individual rules have been amended; this is an effort to do so comprehensively. The word "approval" is added to §1-04(a).

How to Comment

A public hearing will be held on Thursday, December 20, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by December 20, 2001.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: November 7, 2001

CHAPTER 1 GENERAL PROVISIONS
(is amended as follows:)

Section 1-01 USE OF LANGUAGE IN THESE RULES

* * *

(e) **Definitions.**

* * *

[**Contracting Officer.** Any person duly authorized to enter into and administer contracts and make determinations with respect thereto. The term also includes an authorized representative acting within limits of authority.]

* * *

Discussion. The process [by which the Contracting Officer] that enhances understanding of the City's requirements in conjunction with the supplier's proposals and capabilities to arrive at the best price prior to Best and Final Offers in a Competitive Sealed Proposal method of procurement.

* * *

FMS. An acronym that stands for Financial Management System.

* * *

Section 1-04 CONTRACT INFORMATION.

(a) **Agency Contract Files.** The Mayor shall ensure that copies of City contracts and other standard information regarding City contracts and suppliers (including information relating to the supplier's qualification and performance evaluations, contract audits, and decisions regarding suspension and debarment) are reasonably available for public inspection as provided by law, with adequate protection for confidential information. Each agency shall maintain files that contain all documentation pertaining to the solicitation, award, and management of each of its contracts and purchase orders, including, but not limited to, a written copy of each report, approval, determination, or filing that is required to be made by law or these Rules.

* * *

(e) **Central Contract Registry.** Information on contracts and suppliers, maintained in databases established pursuant to the Administrative Code of the City of New York (the [ICCIS] FMS and VENDEX databases), shall be made available, on-line, in read-only format, in accordance with Section 1064 of the Charter and these Rules, to both government officers and employees and members of the public. Requests for contract information not contained in these databases, other than requests made pursuant to these Rules, shall be made [in writing] to the ACCO pursuant to Article 6 of the Public Officers Law (the Freedom of Information Law). All information contained in the [ICCIS] FMS and VENDEX databases is subject to subdivision 2 of Section 87 of the Public Officers Law.

CHAPTER 2 PROCUREMENT PROCESS
(is amended as follows:)

Section 2-01 [DECISION] DETERMINATION TO PROCURE, TECHNICAL, CONSULTANT, OR PERSONAL SERVICES.

The [decision] determination to procure technical, consultant, or personal services that will cost in excess of $100,000 shall be made [in writing] by the ACCO [in accordance with this rule].

* * *

Section 2-04 MULTI-TERM CONTRACTS (CLIENT SERVICES).

* * *

(d) **Determination and Approvals.** Prior to issuing a solicitation for a multi-term contract, the ACCO shall make a [written] determination that:

* * *

(e) **Permitted Length of Contract Terms.**

* * *

(2) **Category Two.** Contracts for client services programs set forth below in Section 2-04(f)(2) may be awarded for an initial term, or a total term including all renewals, of up to six years. For such contracts the [written] determination of the ACCO, setting forth with particularity the reasons that for a category of contracts a total term longer than three years is appropriate, must have the prior [written] approval of the CCPO.

(3) **Category Three.** Contracts for client services programs set forth below in Section 2-04(f)(3) may be awarded for an initial term, or a total term including all renewals, of up to nine years. For such

contracts, the [written] determination of the ACCO, setting forth with particularity the reasons that for the particular contracts a total term longer than six years is appropriate, must have the prior [written] approval of the CCPO.

(4) In an extraordinary case for compelling reasons, such as the need to finance a program through the issuance of long-term bonds, a contract may be awarded for a term in excess of nine years. For such an award, the prior [written] determination of the CCPO that such a longer term is necessary, shall be required.

(f) **Parameters of Categories One, Two, and Three.**

* * *

(2) **Category Two.** Any contract which would otherwise fall within Category Two may be awarded as a Category One contract in the discretion of the ACCO. The contracts which may be included within Category Two include the following:

* * *

(v) in the case of other specific contracts, including contracts which would otherwise fall within Category One, under extraordinarily compelling circumstances where the ACCO has set forth with particularity the reasons (possibly including, but not limited to, considerations set forth in Section 2-04(e)(2) above) that it is not practicable or advantageous to competitively resolicit proposals as often as every three years, and this determination has been approved [in writing] by the CCPO prior to the solicitation.

* * *

(3) **Category Three.** Any contract which would otherwise fall within Category Three may be awarded as a Category One or Two contract in the discretion of the ACCO. The contracts which may be included within Category Three include the following:

* * *

(iii) in the case of other specific contracts, under extraordinarily compelling circumstances, where the ACCO has set forth with particularity the reasons (possibly including, but not limited to, considerations set forth in Section 2-04(e)(3) above) that it is not practicable or advantageous to competitively resolicit proposals as often as every six years, and this determination has been approved [in writing] by the CCPO prior to the solicitation.

* * *

Section 2-07 RESPONSIVENESS OR BIDS/ PROPOSALS.

(a) **Policy.** A responsive bid or proposal is one that complies with all material terms and conditions of the solicitation and all material requirements of the specifications. The ACCO shall make a [written] determination of responsiveness prior to award.

(b) **Determination of Non-Responsiveness.** If the lowest price bid or any proposal is found non-responsive, a [written] determination, setting forth in detail and with specificity the reasons for such finding, shall be made by the ACCO. A copy of such determination shall be mailed to the non-responsive supplier no later than two business days after the determination is made, and the agency shall inform the supplier of the right to appeal as set forth herein.

* * *

(e) **Appeal.** All non-responsive determinations may be appealed as set forth herein.

* * *

(3) **Determination.** Award of the procurement shall be stayed pending the decision of the Agency Head, unless the ACCO makes a [written] determination that proceeding with the procurement without delay is necessary to protect substantial City interests. The Agency Head shall consider the appeal, and may, in his or her sole discretion, meet with the supplier to discuss the merits of the appeal. The Agency Head shall make a prompt written decision with respect to the merits of the appeal, a copy of which shall be sent to the supplier. The Agency Head's decision shall be final. The Agency Head may not delegate the authority to make a decision on the appeal to the ACCO.

* * *

Chapter 2-08 SUPPLIER RESPONSIBILITY AND APPEAL OF DETERMINATION OF NON-RESPONSIBILITY

* * *

(b) **General Standards.**

* * *

(3) Failure of a firm to provide relevant information specifically requested by the [Contracting Officer] Agency may be grounds for a determination of non-responsibility.

* * *

(c) **Special Standards.**

(1) When it is necessary for a particular contract or class of contracts, the [Contracting Officer] ACCO shall develop, with the assistance of appropriate specialists, special standards of responsibility. Special standards may be particularly desirable when experience has demonstrated that certain minimum experience or specialized facilities are needed for adequate contract performance.

* * *

(d) **Ability To Meet Standards.**

(2) A prospective contractor that has performed unsatisfactorily shall be presumed to be non-responsible, unless the [Contracting Officer] ACCO determines that the circumstances were beyond the contractor's control or that the contractor has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably is strong evidence of non-responsibility.

* * *

(e) **VENDEX Questionnaire.**

* * *

(3) **Late Filing of Information: When Permitted.** The VENDEX questionnaire may be submitted within thirty days after registration of the contract as provided in paragraph (4) of this subdivision in the following circumstances:

* * *

(iii) on a contract-by-contract basis where the CCPO, upon the written request of the ACCO, has determined [in writing] that expedited procurement action is required due to urgent circumstances;

* * *

(v) on a contract-by-contract basis with respect to information not required by local law where the CCPO, upon the written request of the ACCO, has determined [in writing] that a specific portion of the information required by the questionnaire but not by local law is not accessible to the contractor despite good faith efforts to complete the filing in a timely fashion. The determination shall set forth with particularity the information which may be submitted late and the reasons for the later completion of the filing, and shall include the specific date by which the information shall be submitted.

(4) **Late Filing of Information: Required Findings.** In the circumstances set forth in paragraph (3) of this subdivision, the VENDEX questionnaire may instead be submitted after registration of the contract, provided that:

* * *

(ii) the ACCO has determined [in writing] that sufficient information concerning the prospective contractor is otherwise available to permit the determination of responsibility prior to receipt of the questionnaire; and

(iii) in addition, where the basis for the delayed submittal is an expedited procurement action due to urgent circumstances, the ACCO must provide a separate additional [written] determination setting forth the specific documented reasons it is not feasible for the contractor to complete all or some specific portion of the VENDEX questionnaire as set forth in subdivision (e)(2) above. The ACCO's determination shall include the name and telephone number of the authorized representative of the contractor who provided information on which the ACCO relied in making the non-feasibility determination.

* * *

In these cases the CCPO shall state [in writing] the reasons that granting the exemption serves the best interests of the City and shall provide a copy of this [written] determination to the Comptroller within five days.

* * *

(7) **Reporting Requirement for Late Filings and Exemptions.** A copy of the written request of the ACCO and the [written] determination of the CCPO permitting late filing of required information pursuant to subdivision (e)(3) and (4) of this section, or granting an exemption pursuant to subdivision (e)(5) and (6) of this section shall be filed by the CCPO with the Comptroller within five days after it is made or approved by the CCPO.

* * *

(g) **Making the Responsibility Determination.**

(1) The [Contracting Officer] ACCO shall use the following sources of information to support determinations of responsibility or non-responsibility:

* * *

(2) Nothing in these Rules shall preclude [a Contracting Officer] an ACCO, prior to award, from notifying the bidder or offeror of unfavorable responsibility information and providing the bidder or offeror an opportunity to submit additional information or explain its actions before adverse action is taken by the City.

(h) **[Written] Determination of Non-Responsibility Required.**

(1) If a bidder or offeror who otherwise would have been awarded a contract is found non-responsible, a [written] determination of non-responsibility setting forth in detail and with specificity the reasons for the finding of non-responsibility shall be prepared by the [Contracting Officer] ACCO.

* * *

(3) The [written] determination of non-responsibility shall be [made part of the agency contract file and] included in the VENDEX database.

* * *

(l) **Stay of Award of Contract Pending Agency Head Decision.** Award of the contract shall be stayed pending the rendering of a decision by the Agency Head unless the ACCO makes a [written] determination that execution of the contract without delay is necessary to protect substantial City interests.

* * *

(n) **Stay of Award of Contract Pending Decision By Mayor or His Designee.** Award of the contract shall be stayed pending the rendering of a decision by the Mayor or CCPO, unless the ACCO has made a [written] determination pursuant to these Rules that the execution of the contract without delay is necessary, or the Mayor or CCPO, in their discretion, determine that it is in the best interests of the City to go forward with the award of the contract.

* * *

(o) **Documentation.** Documents reflecting the agency determination of non-responsibility and any appeal and decision with respect to appeal, and evidence of having supplied written notifications as required by these Rules, [shall be maintained in the agency contract file. Copies of these documents] shall be sent to the CCPO for inclusion in the VENDEX database.

Section 2-09 RECOMMENDATION FOR AWARD.

(a) **Policy.** The [Contracting Officer] ACCO shall prepare a [written] Recommendation for Award under the following circumstances:

* * *

(b) **Content.** The Recommendation for Award shall contain, but not be limited to, the following information:

* * *

[(15) date and signature of Contracting Officer;

(16)] 15 date and signature of all required approvals;

[(17)] 16 for sole source awards, the number of expressions of interest in response to public advertisement and a summary of the cost/price analysis used to determine that the cost to the City will be fair and reasonable;

[(18)] 17 all applicable [written] determinations and written justifications required by these Rules;

[(19)] 18 for client services, if applicable, an assessment of supplier's performance during the prior contract period (overall rating of latest performance assessment); and

[(20)] 19 for client services, if applicable, date, period covered, and findings of the latest available financial audit report, the name of the CPA firm that conducted it, and whether the CPA firm was unable to express an opinion as to the adequacy of the provider's books and records.

[(c) **Record.** A copy of the Recommendation for Award shall be retained in the agency contract file.]

* * *

CHAPTER 3 METHODS OF SOURCE SELECTION (is amended as follows:)

Section 3-01 POLICY.

* * *

(3) **Source Selection in a Special Case.** Upon determining that there is a special case which warrants procurement by other than competitive sealed bidding, the [Contracting Officer] ACCO shall select the most competitive alternate method of source selection among those listed in Section 3-01 above which is practicable and advantageous to the City.

(4) **Special Case Determination.** The determination that there is a special case, and the reasons that the method of source selection is the most competitive that is appropriate under the circumstances, shall be made [in writing] in advance of issuing solicitations, as part of any presolicitation review required by these Rules, and shall be approved by the ACCO. Procurements by negotiated acquisition shall require the [written] approval of the CCPO prior to initiating negotiations.

* * *

Section 3-02 COMPETITIVE SEALED BIDDING

* * *

(h) **Pre-Bid or Pre-Solicitation Conferences.** Pre-bid or pre-solicitation conferences may be conducted by the ACCO to explain the procurement requirements. Written notice of any conference shall be provided to all prospective suppliers. A pre-bid conference should be held long enough after the IFB has been issued to allow bidders to become familiar with it, but sufficiently before bid opening to allow consideration of the conference results in preparing their bids. Nothing stated at the pre-bid conference shall change the IFB unless a change is made by written amendment as provided in this section. A summary of the conference shall be prepared and [maintained in the agency contract file. If] if a transcript is made, it shall be a public record. A record of attendance shall be kept of all conferences.

* * *

(j) **Pre-Opening Modification or Withdrawal of Bids.**

* * *

[(3) **Records.** All documents relating to the modification or withdrawal of bids shall be made a part of the agency contract file.]

* * *

(k) **Late Bids, Late Withdrawals, and Late Modifications.**

* * *

(2) **Exception.** A late modification of a successful bid that makes its terms more favorable to the City shall be considered at any time it is received and may be accepted upon the [written] approval of the ACCO.

(3) **Record.** A record shall be made of each request for late bid acceptance, modification, or withdrawal [which shall be retained in the agency contract file]. Late bids and modifications shall not be opened until after registration of the contract.

* * *

(m) **Mistakes in Bids.**

* * *

(3) **Confirmation of Bid.** When the [Contracting Officer] ACCO knows or has reason to conclude after bids have been publicly opened that a mistake has been made, such officer shall request from the bidder written verification of the bid. If the bidder alleges mistake, the bid may be corrected or withdrawn upon [written] approval of the ACCO if the following conditions are met:

(i) **Minor Informalities.** Minor informalities are matters of form, rather than substance, evident from the bid document or insignificant mistakes that can be waived or corrected without prejudice to other bidders; that is, the effect on price, quantity, quality, delivery, or contractual conditions is negligible. The [Contracting Officer] ACCO may waive such informalities or allow the bidder to correct them depending on which is in the best interest of the City. Examples include the failure of a bidder to:

* * *

(iii) **Mistakes Where Intended Correct Bid is Not Evident.** Mistakes may not be corrected after bid opening. A bidder may be permitted to withdraw a low bid where a unilateral error or mistake has been discovered in the bid and the [Contracting Officer] ACCO makes the following determination, which shall be approved by the ACCO:

* * *

(o) **Bid Evaluation and Supplier Selection.**

* * *

(2) **Negotiation with the Apparent Lowest Responsive and Responsible Bidder.** Upon determination of the apparent lowest responsive and responsible bidder and prior to award, the [Contracting Officer] ACCO may elect to open negotiations with the selected supplier in an effort to improve the bid to the City with respect to the price only. In the event the apparent lowest responsive and responsible bidder declines to negotiate, the [Contracting Officer] ACCO may elect to either award the contract to the apparent lowest responsive and responsible bidder or may, [upon written approval by the ACCO,] reject all bids in accordance with this section. The result of negotiations, if any, shall be documented in the Recommendation for Award.

(3) **Award.** Upon the determination of the lowest responsive and responsible bidder, a [written] Recommendation for Award shall be [prepared by the Contracting Officer and submitted to] approved by the ACCO [for written approval. After approval has been obtained,] and the contract shall be awarded to that bidder. [The Recommendation for Award shall be part of the permanent contract file.]

* * *

(p) **Low Tie Bids.**

* * *

(3) **Record.** A written record shall be made of tie bids received, and the method used to break the tie. [Copies of the record shall be retained in the agency contract file.] The ACCO shall monitor the incidence of low tie bids in a systematic manner.

(q) **Single Bid.** When a single bid has been received in response to an IFB, a supplier may be selected only after the ACCO has determined that a sufficient number of other potentially responsive suppliers have had a reasonable opportunity to bid; why, as a result of inquiries made by the agency, other suppliers chose not to submit bids; that the bid submitted meets minimum requirements of the IFB; that the price is fair and reasonable, and that resolicitation is not in the best interest of the City. [Copies of such determinations shall be made part of the agency contract file.]

* * *

(v) **Rejection of Bids.** The ACCO may reject all bids and may elect to resolicit bids in accordance with this section if [he determines] it is in the City's best interest to do so. A record of such decision and the reasons therefor shall be [made a part of the agency contract file] maintained.

* * *

(y) **Disposition of Bids.** All bids shall be retained [in the agency contract file]. When bids are rejected or a solicitation canceled after bids are received, the bids shall be retained [in the agency contract file but] and the bid security, if any, shall be promptly returned, and the file so documented.

Section 3-03 COMPETITIVE SEALED PROPOSALS.

(a) **The Request for Proposals (RFP) – Contents.** RFPs shall include the following data:

* * *

(4) other information such as delivery dates or time frames within which the work must be completed. Where it is anticipated that a contract will extend beyond one year, the following information must be included in any solicitation, in addition to any other requirements of these Rules:

* * *

(v) that the [Contracting Officer] ACCO shall notify the supplier as soon as is practicable that the funds are, or are not, available for the continuation of the multi-term contract for each succeeding fiscal year;

* * *

(11) if applicable and necessary in the judgment of the [Contracting Officer] ACCO, a request for description of staff capability along with the resumes of key individuals who will work on the contract;

* * *

(f) **RFP Handling Procedures.**

* * *

(6) **Documentation of Late Proposals.** The ACCO shall, within one business day of such acceptance of late proposals, [place in the contract file a statement of] document the reasons that it is in the best interest of the City to approve the extension, the time extended, the name of any supplier(s) submitting a proposal received during the extension period established pursuant to paragraph (5) above, as well as an affirmative statement that no proposals were opened prior to the acceptance of the late proposal and that any other late proposal received during the period of extension was similarly accepted.

* * *

(8) **Record.** A record shall be made of each request for acceptance of a late proposal or modification, [which shall be retained in the agency contract file]. A late proposal or modification that is not accepted by the ACCO shall not be opened until after registration of the contract.

* * *

(g) **Evaluation Process.** The RFP must state all of the evaluation factors, including price, and their relative weight. Selection shall be based on the evaluation factors set forth in the RFP. Factors not specified in the RFP shall not be considered.

* * *

(2) **Rating Sheets.** Ratings sheets or other written evaluation forms shall be used to evaluate proposals and shall be signed and dated by all members of the evaluation committee. Initial ratings may be amended and the amended ratings recorded on amended ratings sheets. Copies of all initial and amended rating sheets or evaluation forms shall be maintained [as part of the agency contract file].

* * *

(5) **Best and Final Offers.** Best and final offers are the revised and corrected final proposals submitted by proposers after discussions, if any, have been held by the procuring agency.

* * *

(ii) Best and final offers shall be submitted only once unless [it is determined by] the ACCO makes a determination that it is in the City's best interest to conduct additional discussions and/or require another submission of best and final offers. [In that case, the determination must be made in writing by the Contracting Officer and approved by the ACCO and be made a part of the agency contract file].

* * *

(h) **Construction-Related Services.**

* * *

(2) Where applicable for the procurement of Non-Complex and Complex construction-related services, the following alternative source selection procedures may be utilized.

(i) Non-Complex Construction-Related Services. Prior to utilizing either of the two alternative source selection procedures described in this subparagraph, the ACCO must determine what constitutes for the agency Non-Complex construction-related services and submit this definition to the Director of the Mayor's Office of Construction (ODC) for approval. The ACCO must additionally provide the basis for a determination that the particular service being procured conforms to the agency's ODC–approved definition of a Non-Complex construction-related service. The approved ODC definition and the basis for the determination that the particular service conforms to that definition shall be [included in the agency contract file] maintained.

* * *

(j) **Award and Documentation.** The [Contracting Officer] ACCO shall make a determination showing the basis on which the award was found to be most advantageous to the City based on the evaluation factors set forth in the RFP. This determination shall be included in a [written] Recommendation of Award which shall be approved by the ACCO. Each Recommendation for Award shall include at a minimum the following information [and shall be made a part of the agency contract file]:

* * *

Upon determination of the most favorable proposal and after obtaining all required approvals, the [Contracting Officer] ACCO shall award the contract to that proposer.

* * *

Section 3-04 NEGOTIATED ACQUISITION.

* * *

(c) **Investment Services.** The preferred method for procuring investment services is competitive sealed proposals. Negotiated acquisition may be used for one or more City pension funds or variable supplements funds to award a contract to a supplier that has been providing investment management services under a program to foster the growth of small or new investment managers ("the emerging manager program") as a manager or submanager, under the following conditions:

(1) the fund(s) have determined [in writing,] pursuant to a vote of its or their trustees, upon the presentation by the

Comptroller or designee of his or her recommendation and after having been provided with a presolicitation report and such information from an investment consultant as the fund(s) deem necessary, that it is in the best interest of the fund(s) for the Comptroller to award a contract through negotiated acquisition;

* * *

Section 3-05 SOLE SOURCE PROCUREMENT.

* * *

(b) **Determination.** Prior to entering into sole source negotiations, the ACCO shall make a [written] determination that there is only one source for the required good, service, or construction.

* * *

(c) **Public Notice.**

(1) **Notice of Intent to Enter into Sole Source Negotiations.** If expressions of interest are received they shall be evaluated and, if it appears that the good, service, or construction is available from more than a single source, a solicitation shall be issued in accordance with Chapter 3 of these Rules.

(i) **Frequency.** After the ACCO determines that this procurement method will be used for purchases in excess of $10,000 for goods and services and $15,000 for construction and construction-related services, notice of the intent to enter into negotiations shall be published in the City Record for five consecutive editions no fewer than ten calendar days before negotiations are expected to begin. Such notice shall solicit expressions of interest from suppliers qualified to compete on that procurement or in the future. This subdivision shall not apply in cases where Corporation Counsel has provided a written statement that such notice may jeopardize pending litigation or collective bargaining. [This written statement shall be retained in the contract file.]

* * *

(d) **Approvals.** The award of any sole source contracts shall be approved [in writing] by the Agency Head or the ACCO or other designated senior official. This authority shall not be further delegated.

Section 3-06 EMERGENCY PURCHASES.

* * *

(c) **Authority to Make Emergency Purchases.**

* * *

(3) The Agency shall submit at the earliest practicable time a [written] determination of the basis of the emergency and the selection of the contractor, as set forth in Section 3-06(e)(3) of these Rules to the Comptroller and the Corporation Counsel for [written] approval as soon as possible.

* * *

(e) **Public Notice and Filing Requirements.** Solicitations in emergency procurements are subject to the following public notice and reporting requirements:

* * *

(3) A [written] determination of the basis for the emergency and the selection of the supplier shall be filed with the Corporation Counsel and the Comptroller and shall include:

* * *

Section 3-07 ACCELERATED PROCUREMENT.

* * *

(f) **Authority to Make Accelerated Procurements.** Accelerated procurements may be made by [Contracting Officers with written approval of] the ACCO, provided [it is an] those specific commodities subject to accelerated procurement fall within the eligible markets pursuant to Section 3-07(b) and the CCPO has approved the specific commodity for accelerated procurement.

(g) **Public Notice and Filing Requirements.**

(4) The [written] determination of the basis for the procurement, all required approvals, and the selection of the supplier shall be documented in the Recommendation for Award [and retained in the agency contract file]. This documentation shall include:

* * *

Section 3-08 SMALL PURCHASES.

* * *

(c) **Scope.**

(1) **Competition Objective.**

* * *

(ii) For procurements the value of which is $2,500 or less, no competition is required except that in making purchases below this limit, [Contracting Officers] the ACCO shall ensure that the noncompetitive price is reasonable and that purchases are distributed appropriately among responsible suppliers. Documentation of such purchases shall identify the supplier the item was purchased from, the item purchased, and the amount paid.

(iii) For procurements in value over $2,500 through the small purchase limits, at least five suppliers shall be solicited at random from the appropriate small purchases bidder list for the particular goods, services, construction, or construction-related services being purchased, except where the bidders list consists of fewer than five suppliers, in which case all suppliers on the list shall be solicited. The agency may additionally solicit suppliers who have responded to prior solicitations or whose names have been obtained through referrals from other City agencies, commercial buyers, or general market research. Agencies may additionally employ any small purchase technique sanctioned by the Department of Business Services which is not otherwise in violation of these Rules. Responsive bids or offers shall be obtained from at least two suppliers. For purposes of this section, a response of "no bid" is not a responsive bid. If only one responsive bid or offer is received in response to a solicitation, an award may be made to that supplier if the [Contracting Officer] ACCO determines that the price submitted is fair and reasonable and that other suppliers had reasonable opportunity to respond.

(2) **Solicitation Methods and Use.**

* * *

(ii) An oral or written solicitation for a small purchase shall contain, at a minimum:

* * *

(D) name and telephone number [of the Contracting Officer] to whom inquiries may be directed.

(d) **Award.** Small purchases valued at over $2,500 shall be awarded to the lowest responsive and responsible bidder or to the responsive and responsible offeror that has made the most advantageous offer. After such determination has been made and all necessary approvals have been obtained, the [Contracting Officer] ACCO shall issue a purchase order or contract, as appropriate, to the successful bidder or offeror.

(e) **Record.** The procurement file for a small purchase shall include, at a minimum:

(1) name of the responsible [Contracting Officer] staff person;

* * *

Section 3-09 INTERGOVERNMENTAL AND COOPERATIVE PURCHASES.

(a) **Intergovernmental Purchasing.** An agency may procure goods, services, construction, or construction-related services through the United States General Services Administration or any other federal agency or the New York State Office of General Services or any other State agency provided the price is lower than the prevailing market price and for procurements above the small purchase limits, a [written] approval has been obtained from the ACCO.

* * *

(e) **Record.** Records shall include at a minimum:

(1) the [written] determination that the price is lower than the prevailing market price including an explanation of how such determination was made;

* * *

Section 3-10 PREQUALIFICATION.

* * *

(c) **Circumstances of Use.** Prequalification shall be used only where the need for advance screening of suppliers' qualifications outweighs the benefits of broader competition, as determined [in writing] by the ACCO. Such circumstances include, but are not limited to, categories of procurement where:

* * *

(i) **Selective Solicitation from a PQL.**

(1) **Definition and Policy.** Selective solicitation is the solicitation of bids or proposals from fewer than all the suppliers on a PQL. This method may be used where time is of the essence or the benefits of additional competition are outweighed by the administrative cost of soliciting more than a minimum number of bids. A determination to utilize selective solicitation for a particular procurement or for a particular category of procurement shall be made [in writing] by the ACCO and approved [in writing] by the CCPO.

(2) **Methods of Selective Solicitation.**

* * *

(iv) **Selective Solicitation Based on a Determination that a Supplier(s) is the Best Qualified.** In the case of construction or construction-related services where selective solicitation based on a determination that a supplier(s) is the best qualified pursuant to §§3-03(h) and 3-04(b) of these Rules will be utilized, the evaluation committee established pursuant to §3-03(g) of these Rules or a separate committee, composed of no fewer than three persons with knowledge, expertise, and experience to make a fair and reasonable evaluation of the suppliers, shall select a minimum of five suppliers evaluated as being the best qualified for the construction or construction-related service. The committee shall make a [written] determination of the basis for selecting each supplier.

* * *

Section 3-11 DEMONSTRATION PROJECTS FOR INNOVATIVE PRODUCTS, APPROACHES, OR TECHNOLOGIES.

* * *

(c) **Determination.** Prior to entering into negotiations for the award of a contract for a demonstration project, the ACCO shall make a determination stating that:

* * *

(6) any outside funding relied upon to justify the award of the contract pursuant to this section has been documented [in the contract file].

* * *

(f) **Evaluation.** Upon the evaluation of expressions of interest received, if any, the ACCO shall make a [written] determination of how to proceed, which includes the basis for such determination. Where it appears that the product, approach, or technology is already competitively available in the marketplace, the ACCO may determine that a competitive solicitation may be issued; or, if it appears that the product, approach, or technology can be reasonably evaluated using short-term contracts with more than one supplier, the ACCO may determine that negotiations to establish such demonstration projects may be conducted with more than one supplier, or negotiations may proceed with the single supplier originally identified. To the extent required by Section 322 of the Charter, an agency determination to utilize an alternative procurement procedure for a particular procurement or for a particular type of procurement shall require the [written] approval of the Mayor prior to seeking bids or proposals. The CCPO shall have final authority with respect to evaluation, acceptance, and rejection of all demonstration projects.

* * *

CHAPTER 4 CONTRACT ADMINISTRATION
(is amended as follows:)

Section 4-01 EVALUATION AND DOCUMENTATION OF SUPPLIER PERFORMANCE.

* * *

(d) **Performance Evaluation for Client Services.**

(1) **Unannounced Site Visits.** Performance evaluations shall include periodic unannounced site visits and shall include interviews with clients and staff. [The results] A report of the unannounced site visits shall be summarized [and made a part of the contract file.]

* * *

Section 4-03 EXTENSIONS OF TIME FOR PERFORMANCE.

* * *

(2) **Analysis and Approval of Time Extensions.**

(i) For time extensions for partial payments, a [written] determination shall be made by the ACCO who may, for good and sufficient cause, extend the time for the performance of a contract as follows:

* * *

(ii) For extensions of time for substantial completion payments and final completion payments, the agency engineering staff, in consultation with the ACCO, shall prepare a written analysis of the delay (including a preliminary determination of the causes of delay, the beginning and end dates for each such cause of delay, and whether the delays are excusable under the terms of the construction contract). The report shall be subject to review by and approval of the Board of Time Extension, which shall have

authority to question its analysis and determinations and request additional facts or documentation. [The report as reviewed and made final by the Board of Time Extension shall be made a part of the agency contract file.]

* * *

Section 4-04 RENEWALS.

* * *

(d) **Recommendation for Renewal.** Subsequent to making the determination to renew a contract with a client services provider, the [Contracting Officer] ACCO shall prepare a [written] Recommendation for Renewal [which shall be approved in writing by the ACCO. The Recommendation for Renewal] which shall include:

* * *

(17) all applicable [written] determinations called for by these Rules.

* * *

(f) **Public Hearing Requirements.** Renewal contracts shall be subject to public hearings for the purpose of eliciting information concerning the provider's performance and other factors relevant to the renewal, unless:

* * *

(2) in exigent circumstances, in the case of contracts in value less than $10,000,000, the ACCO has made a [written] determination [requesting and] justifying an exemption and that [request] justification has been approved [in writing] by the CCPO.

* * *

Section 4-05 QUALITY ASSURANCE, INSPECTION, AND TESTING.

The CCPO (in the case of construction and certain services), and the DCAS (in the case of goods and certain services as authorized in Chapter 59 of the Charter), shall take such steps as are deemed desirable to ascertain or verify that goods, services, or construction items [procured by the Contracting Officer] conform to specifications. In performing this duty, the CCPO and DCAS may establish inspection and testing facilities, employ inspection personnel, enter into arrangements for the joint or cooperative use of laboratories and inspection and testing facilities, and contract with others for inspection or testing work as needed. The CCPO and DCAS may delegate authority for inspection and testing to City agencies.

* * *

Section 4-07 BUY-AGAINST PROCUREMENTS WHERE CONTRACTOR FAILS TO PERFORM.

* * *

(c) **Solicitation of the successor contractor.** The [Contracting Officer] ACCO shall solicit a successor contractor to provide the goods or services specified in the original contract, or any part thereof, by selecting from the following alternatives the most competitive practicable alternative:

* * *

(3) award to either the second lowest responsive and responsible bidder or second most advantageous proposer on the original solicitation at a price agreed upon between the bidder or proposer and the City. Any increase in price shall, to the extent reasonably practicable, be substantiated by a price analysis supported where applicable by cost analysis [and documented in the agency contract file];

* * *

(d) **Determination.** Prior to the solicitation, the ACCO shall make a [written] determination concerning the most competitive practicable method of source selection under the circumstances, and explaining why other more competitive solicitation alternatives cannot be used.

* * *

Section 4-08 COMPLETION OF CONTRACTS FOLLOWING DEFAULT OR TERMINATION FOR CAUSE OF CONSTRUCTION AND CONSTRUCTION - RELATED SERVICE CONTRACTS.

* * *

(d) **Completion Pursuant to Contract Terms and Conditions.** The agency may, consistent with the guidelines set forth below, include provisions in construction and construction-related service contracts for completion contracts to be used in the event of default or termination for cause.

(1) The ACCO shall select from the following alternatives the most competitive alternative appropriate under the circumstances. The ACCO shall [state in writing] document the reasons that this is the most competitive alternative appropriate under the circumstances. [This determination shall be retained in the agency contract file.]

* * *

(2) For the purpose of soliciting a completion contract, the [Contracting Officer] ACCO shall make the following documentation available to prospective contractors:

* * *

(3) *The [Contracting Officer]* ACCO shall hold a walk-through of the site for prospective contractors, unless [the ACCO determines in writing that it would not be beneficial] such a walk-through has been determined not to be beneficial.

* * *

(h) **Documentation.** Documents reflecting the agency determination to default the contractor or terminate for cause shall be maintained [in the agency contract file. Copies] and copies of these documents shall be sent to the CCPO for inclusion in the VENDEX database.

* * *

Section 4-11 HEARINGS ON BOROUGH PRESIDENT COMPLAINTS.

* * *

(c) **Transmittal of Determination.** The Borough President shall transmit to the Agency Head of the agency administering the contract a copy of the [written] determination and recommendation made pursuant to subdivision 4-11(b) above.

* * *

(g) **Panel Recommendations.** Within thirty days of the conclusion of such hearing, the panel shall make a [written] determination recommending such action as it deems appropriate. The panel shall promptly deliver its recommendation in writing to the Agency Head, Borough President, and contractor.

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 **or C6-9** District within the South Street Seaport Subdistrict.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in italics is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person
Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot
Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, ~~and~~ 21 **and 22**.

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ **any** proposed #development# ~~which~~ **that** utilizes **such** transferred #development rights# conforms to **this section and, for those #receiving lots# within the Urban Renewal Area, to** the regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may **grant a special permit to** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and
(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# **or #enlargements#** in the **former** #~~-~~Special ~~Lower Manhattan~~ **Greenwich Street Development** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of

bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.
The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open tothe public for the same hours as the West Street bridge. Ramps but not *stairs may be* incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

3C	457	p/o 1	12-24 E. 1st Street

The disposition would facilitate development of approximately 714 residential units with related community facility, retail and open space.

The project is partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 3 C 010678 ZSM

Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for the grant of special permits pursuant to the following Sections of the Zoning Resolution:

1. **Section 74-743(a)(1)** to allow the distribution of floor area, lot coverage and dwelling units without regard for zoning lot lines or district boundaries;

2. **Section 74-743(a)(3)** to allow the location of buildings without regard for the applicable yard and height and setback regulations;

3. **Section 74-744(b)** to allow residential and non-residential uses to be arranged in a building without regard for the regulations set forth in Section 32-42; and

4. **Section 74-745** to allow permitted accessory off-street parking spaces to be located without regard for zoning lot lines;

to facilitate the construction of a mixed use general large-scale development consisting of four zoning lots, generally bounded by Bowery, a line midway between East 1st Street and East 2nd Street, Second Avenue, Chrystie Street, and a line 200 feet northerly of Stanton Street (Block 427, Lots 14 and 30, Block 456, part of Lot 1, Block 457, part of Lots 1 and 28), in R8X*/C2-5*, R7-2/C2-5* and C6-1 Districts, partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 11 C 020002 HUM

Application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

MANHATTAN CB - 11 C 020003 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

3) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate the construction of a seven story building with approximately 250 units of housing, retail and community facility space.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20025073 HAK, 20025074 HAX and 20025075 HAK.

HOMELESS SERVICES

■ **NOTICE OF PUBLIC HEARING**

DIVISION INTERAGENCY COORDINATING COUNCIL ON HOMELESSNESS

Transitional Housing and Services for Homeless Families and Individuals
Date: Friday, November 30, 2001, Time: 1:00 PM - 3:00 PM, Location: Spector Hall, City Planning, 22 Reade Street, NY, NY.

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Friday, November 30, 2001 on transitional and permanent housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary and emergency shelter for eligible homeless people in a safe, supportive environment. The primary purpose of DHS is to plan, implement and manage services for eligible homeless families and individuals.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting requests for speaking times. If you are interested in reserving a speaking time, please call (212) 361-7971 by 5:00 pm on Tuesday, November 27, 2001. We regret that we may not be able to reserve speaking time for those who call after the deadline. Once all speaking slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes after the scheduled speaking time, after which they will be subject to cancellation.

Deputy Mayor Joseph Lhota
Chair, Interagency Coordinating Council

Written comments on the Draft Environmental Impact Statement (DEIS) will be accepted by NYCDPR at the above address through Thursday, December 13, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposes to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's Coastal Zone Management Plan and the New York City Department of City Planning's Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, the New York City Department of Transportation (NYCDOT), Metropolitan Transit Authority (MTA), and New York City Transit (NYCT) for the reconstruction of the rotunda and pedestrian bridge at the Willets Point/Shea Stadium subway station, and from the Federal Aviation Administration for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arrangedby alphabetically listed Agencies, *and within* Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 **or C6-9** District within the South Street Seaport Subdistrict.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in italics is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person
Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified *on the map of transfer areas (Map 6 in* Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, ~~and~~ 21 **and 22**.

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ **any** proposed #development# ~~which~~ **that** utilizes **such** transferred #development rights# conforms to **this section and, for those #receiving lots# within the Urban Renewal Area, to** the regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may **grant a special permit to** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and
(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# **or #enlargements#** in the **former** #~~-~~Special ~~Lower Manhattan~~ **Greenwich Street Development** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.
The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open tothe public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to

adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

2. Section 74-743(a)(3) to allow the location of buildings without regard for the applicable yard and height and setback regulations;

3. Section 74-744(b) to allow residential and non-residential uses to be arranged in a building without regard for the regulations set forth in Section 32-42; and

4. Section 74-745 to allow permitted accessory off-street parking spaces to be located without regard for zoning lot lines;

to facilitate the construction of a mixed use general large-scale development consisting of four zoning lots, generally bounded by Bowery, a line midway between East 1st Street and East 2nd Street, Second Avenue, Chrystie Street, and a line 200 feet northerly of Stanton Street (Block 427, Lots 14 and 30, Block 456, part of Lot 1, Block 457, part of Lots 1 and 28), in R8X*/C2-5*, R7-2/C2-5* and C6-1 Districts, partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 11 C 020002 HUM

Application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

6. assigns site numbers in accordance with current practice;

7. amends Exhibit A to reflect the consolidation of tax lots;

8. updates the Proposed Time Schedule;

MANHATTAN CB - 11 C 020003 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

3) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate the construction of a seven story building with approximately 250 units of housing, retail and community facility space.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20025073 HAK, 20025074 HAX and 20025075 HAK.

HOMELESS SERVICES

■ PUBLIC HEARING

DIVISION INTERAGENCY COORDINATING COUNCIL ON HOMELESSNESS

Transitional Housing and Services for Homeless Families and Individuals
Date: Friday, November 30, 2001, Time: 1:00 PM - 3:00 PM, Location: Spector Hall, City Planning, 22 Reade Street, NY, NY.

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Friday, November 30, 2001 on transitional and permanent housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary and emergency shelter for eligible homeless people in a safe, supportive environment. The primary purpose of DHS is to plan, implement and manage services for eligible homeless families and individuals.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting requests for speaking times. If you are interested in reserving a speaking time, please call (212) 361-7971 by 5:00 pm on Tuesday, November 27, 2001. We regret that we may not be able to reserve speaking time for those who call after the deadline. Once all speaking slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes after the scheduled speaking time, after which they will be subject to cancellation.

Deputy Mayor Joseph Lhota
Chair, Interagency Coordinating Council

PARKS AND RECREATION

■ NOTICE OF PUBLIC HEARING

Contact Person: Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021.
Tel: (212) 360-3402; Fax: (212) 360-3453.

Written comments on the Draft Environmental Impact Statement (DEIS) will be accepted by NYCDPR at the above address through Thursday, December 13, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposes to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and
- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's Coastal Zone Management Plan and the New York City Department of City Planning's Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, the New York City Department of Transportation (NYCDOT), Metropolitan Transit Authority (MTA), and New York City Transit (NYCT) for the reconstruction of the rotunda and pedestrian bridge at the Willets Point/Shea Stadium subway station, and from the Federal Aviation Administration for structure height.

Public Hearing
Date: Thursday, November 29, 2001
Place: The New York Hall of Science,
Flushing Meadows-Corona Park,
47-01 111th Street, Corona, NY 11368

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. AGENCY RULES

LOCAL LAWS 2001

■ NOTICE

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001

No. 57

Introduced by Council Members Berman and Stabile (by request of the Mayor)

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the general corporation tax and the banking corporation tax, and to repeal subparagraphs 6-a and 13 through 15 of paragraph (b) of subdivision 8 of section 11-602, subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602, subdivisions 11 through 16 of section 11-602, subdivisions 1-a through 1-f of section 11-608, subdivision (a-2) of section 11-645 and paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York relating thereto.

Be it enacted by the Council as follows:

Section 1. Subdivision 3 of section 11-602 of the administrative code of the city of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

3. [(a)] "Subsidiary capital" means investments in the stock of subsidiaries and any indebtedness from subsidiaries, exclusive of accounts receivable acquired in the ordinary course of trade or business for services rendered or for sales of property held primarily for sale to customers, whether or not evidenced by written instrument, on which interest is not claimed and deducted by the subsidiary for purposes of taxation under this subchapter or subchapter three of this chapter, provided, however, that, in the discretion of the commissioner of finance, there shall be deducted from subsidiary capital any liabilities which are directly or indirectly attributable to subsidiary capital;

[(b) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring person, the taxpayer sells or otherwise disposes (including by redemption) of stock of a target corporation such that immediately prior to such disposition the taxpayer owned more than fifty percent, and immediately thereafter owned fifty percent or less of the number of shares of stock entitling the holder thereof to vote for the election of directors, then stock of the target corporation shall not constitute subsidiary capital of the taxpayer for the entire taxable year in which such disposition occurs.

(c) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring corporation, the target corporation sells or otherwise disposes of an asset or assets (excluding cash and assets disposed of by such target corporation in the regular course of its business) held by the target corporation on the acquisition date such that immediately prior to such disposition such target corporation owns more than fifty percent of the total of such assets held by the target corporation on the acquisition date (by value, such value determined in the manner in which assets are valued pursuant to subdivision two of section 11-604 of this subchapter, whether or not the target corporation is subject to this subchapter) and immediately thereafter owns fifty percent or less, then for the period starting on the first day of the taxable year in which the disposition occurs and ending on the date eighteen months after the date of such disposition the stock of such target corporation shall not constitute subsidiary capital of the taxpayer.]

§2. Subdivision 5 of section 11-602 of the administrative code of the city of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

5. "Investment income" means [the sum of (a)] income, including capital gains in excess of capital losses, from investment capital [and (b) the amounts described in subparagraphs thirteen, fourteen and fifteen of paragraph (b) of subdivision eight of this section,] to the extent included in computing entire net income, less, [(c)] *(a)* in the discretion of the commissioner of finance, any deductions allowable in computing entire net income which are directly or indirectly attributable to investment capital or investment income, and [(d)] *(b)* such portion of any net operating loss deduction allowable in computing entire net income, as the investment income, before such deduction, bears to entire net income, before such deduction, provided, however, that in no case shall investment income exceed entire net income;

§3. Subparagraph 2 of paragraph (a) of subdivision 8 of section 11-602 of the administrative code of the city of New York, as amended by the chapter 241 of the laws of 1989, is amended to read as follows:

(2) fifty percent of dividends [(A)] other than from subsidiaries, [(B) other than amounts described in subparagraphs thirteen and fifteen of paragraph (b) of this subdivision, and (C) other than dividends from stock described in paragraphs (b) and (c) of subdivision three of this section,] except that entire net income shall include one hundred percent of dividends on shares of stock with respect to which a dividend deduction is disallowed by subsection (c) of section two hundred forty-six of the internal revenue code;

§4. Subparagraph 6-a of paragraph (b) of subdivision 8 of section 11-602 of the administrative code of the city of New York is REPEALED.

§5. Subparagraphs 13 through 15 of paragraph (b) of subdivision 8 of section 11-602 of the administrative code of the city of New York are REPEALED.

§6. Subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602 of the administrative code of the city of New York are REPEALED.

§7. Subdivisions 11 through 16 of section 11-602 of the administrative code of the city of New York are REPEALED.

§ 8. Subdivision 2 of section 11-605 of the administrative code of the city of New York is amended to read as follows:

2. Every report shall have annexed thereto a certification by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or another officer of the taxpayer duly authorized so to act to the effect that the statements contained therein are true. *In the case of an association, within the meaning of paragraph three of section (a) of section seventy-seven hundred one of the internal revenue code, a publicly-traded partnership treated as a corporation for purposes of the internal revenue code pursuant to section seventy-seven hundred four thereof and any business conducted by a trustee or trustees wherein interest or ownership is evidenced by certificates or other written instruments, such certification shall be made by any person duly authorized so to act on behalf of such association, publicly-traded partnership or business.* The fact that an individual's name is signed on a certification of the report shall be prima facie evidence that such individual is authorized to sign and certify the report on behalf of the corporation. Blank forms of reports shall be furnished by the commissioner of finance, on application, but failure to secure such a blank shall not release any corporation from the obligation of making any report required by this subchapter.

§9. Subdivision 3 of section 11-605 of the administrative code of the city of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

3. If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer, or of any shareholder of any taxpayer which has elected to be taxed under subchapter s of chapter one of the internal revenue code, as returned to the United States treasury department or the New York state[tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York state[tax commission] *commissioner of taxation and finance* or other competent authority, or where a renegotiation of a contract or subcontract with the United States or the state of New York results in a change in taxable income, alternative minimum taxable income or other basis of tax, or where a recovery of a war loss results in a computation or recomputation of any tax imposed by the United States or the state of New York, or if a taxpayer or such shareholder of a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, or such shareholder of a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax, or the results of such renegotiation, or such computation, or recomputation, or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York state taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined report under this subchapter for such year)* after such execution or the final determination of such change or correction or renegotiation, or such computation, or recomputation, or as required by the commissioner of finance, and shall concede the accuracy of such *determination or state wherein it is* erroneous. The allowance of a tentative carry back adjustment based upon a net operating loss carry back or net capital loss carry back pursuant to section sixty-four hundred eleven of the internal revenue code shall be treated *as a final determination for purposes of this subdivision.* Any taxpayer filing an amended return with such department shall also file within ninety days thereafter an amended report with the commissioner of finance.

§10. Subdivision 1 of section 11-608 of the administrative code of the city of New York is amended to read as follows:

1. Every taxpayer subject to the tax imposed by section 11-603 of this subchapter *shall pay with the report required to be filed for the preceding privilege period, if any,* or with an application for extension of the time and filing such report, an amount equal to twenty-five per centum of the preceding year's tax[, computed without regard to the credit provided for in subdivision twelve of section 11-604 of this subchapter,] if such preceding year's tax exceeded one thousand dollars.

§11. Subdivisions 1-a through 1-f of section 11-608 of the administrative code of the city of New York are REPEALED.

§12. Paragraph (d) of subdivision 3 of section 11-674 of the administrative code of the city of New York is amended to read as follows:

(d) Deficiency attributable to [net operating loss] carry back. If a deficiency of tax under subchapter two of this chapter is attributable to the application to taxpayer of a net operating loss carry back *or a capital loss carry back,* it may be assessed at any time that a deficiency for the taxable year of the loss may be assessed.

§13. Subdivision 5 of section 11-675 of the administrative code of the city of New York, as renumbered by chapter 241 of the laws of 1989, is amended to read as follows:

5. Tax reduced by carry back. If the amount of tax under subchapter two for any taxable years is reduced by reason of a carry back of a net operating loss *or a capital loss,* such reduction in tax shall not affect the computation of interest under this section for the period ending with the filing date for the taxable year in which the net operating *loss or capital loss* arises. Such filing date shall be determined without regard to extensions of time to file.

§14. Subdivision 4 of section 11-678 of the administrative code of the city of New York is amended to read as follows:

4. Overpayment attributable to net operating loss carry back *or capital loss carry back.* A claim for credit or refund of so much of an overpayment under *subchapter two* of this chapter as is attributable to the application to the taxpayer of a net operating loss carry back *or a capital loss carry back* shall be filed within three years from the time the return was due *(including extensions thereof)* for the taxable year of the loss, or within the period prescribed in subdivision two in respect of such taxable year, or within the period prescribed in subdivision three, where applicable, in respect to the taxable year to which the net operating loss *or capital loss is carried back, whichever expires the latest.* Where such claim for credit or refund is filed after the expiration of the period prescribed in subdivision one or in subdivision two where applicable, in respect to the taxable year to which the net operating loss *or capital loss* is carried back, the amount of such credit or refund shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based.

§15. Subdivision 4 of section 11-679 of the administrative code of the city of New York is amended to read as follows:

4. Refund of tax caused by carry back. For purposes of this section, if any overpayment of tax imposed by subchapter two of this chapter results from a carry back of a net operating loss *or a net capital loss,* such overpayment shall be deemed not to have been made prior to the filing date for the taxable year in which such net operating *loss or net capital loss arises. Such filing date shall be determined without regard to* extensions of time to file. For purposes of subdivision three of this section any overpayment described herein shall be treated as an overpayment for the loss year and such subdivision shall be applied with respect to such overpayment by treating the return for the loss year as not filed before claim for such overpayment is filed. The term "loss year" means the taxable year in which such loss arises.

§16. Subdivision 2 of section 11-680 of the administrative code of the city of New York, as amended by chapter 808 of the laws of 1992, is amended to read as follows:

2. Petition for redetermination of a deficiency. Within ninety days, or one hundred fifty days if the notice is addressed to a taxpayer whose last known address is outside of the United States, after the mailing of the notice of deficiency authorized by section 11-672 of this subchapter, or if the commissioner of finance has established a conciliation procedure pursuant to section 11-124 of the code and the taxpayer has requested a conciliation conference in accordance therewith, after ninety days from the mailing of the conciliation decision or the date of the commissioner's confirmation of the discontinuance of the conciliation proceeding, the taxpayer may file a petition with the tax appeals tribunal for redetermination of the deficiency. Such petition may also assert a claim for refund for the same taxable year or years, subject to the limitations of subdivision seven of section 11-678 of this subchapter. For special restriction where the notice of deficiency relates to a proposed assessment made as a result of: (a) a net operating loss carry back *or a capital loss carry back,* (b) an increase or decrease in federal or New York state taxable income or other basis of tax or federal or New York state tax, or (c) a federal or New York state change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal or New York state income tax purposes, see paragraph (g) of *subdivision three of* section 11-674 of this subchapter.

§17. Paragraph (c) of subdivision 10 of section 11-683 of the administrative code of the city of New York is amended to read as follows:

(c) All taxes, additions to tax, penalties and interest which have become a lien under this subdivision shall[,] *cease to be a lien* after the expiration of [ten] *twenty* years from the date they became due and payable, [cease to be a lien] *except that taxes, additions to tax, penalties and interest which have become a lien under this subdivision* (1) as to real estate in the hands of persons who are owners thereof who would be purchasers in good faith but for such taxes, additions to tax, penalties or interest and (2) as to the lien on real estate of mortgages held by persons who would be holders thereof in good faith but for such taxes, additions to tax, penalties or interest, as against such purchasers [of] *or* holders, *shall cease to be a lien after the expiration of ten years from the date they become due and payable.* The limitations herein provided for shall not apply to any transfer from a corporation to a person or corporation with intent to avoid payment of any taxes, or where with like intent the transfer is made to a grantee corporation, or any subsequent grantee corporation, controlled by such grantor or which has any community of interest with it, either through stock ownership or otherwise.

§18. Subdivision (a-2) of section 11-645 of the administrative code of the city of New York is REPEALED.

§19. Paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York is REPEALED.

§ 20. Subdivision (e) of section 11-646 of the administrative code of the city of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

(e) If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer as returned to the United States treasury department or the New York state[tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York state[tax commission] *commissioner of taxation and finance* or other competent authority, or if a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York state taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined return under this subchapter for such year)* after such execution or the final determination of such change or correction, or as required by the commissioner of finance, and shall concede the accuracy of such determination or state wherein it is erroneous. The allowance of a tentative carry back adjustment based upon a net capital loss carry back pursuant to section sixty-four hundred eleven of the internal revenue code, shall be treated as a final determination for purposes of this subdivision. Any taxpayer filing an amended return with such department shall also file within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined return under this subchapter for such year)* thereafter an amended return with the commissioner of finance which shall contain such information as the commissioner shall require.

§21. This local law shall take effect immediately, except that sections one through seven of this local law shall take effect for taxable years beginning on or after January 1, 2000.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

A LOCAL LAW

In relation to the extension of land use review periods under the New York City Charter and Administrative Code.

Be it enacted by the Council as follows:

Section one. Notwithstanding the provisions of subdivision a of section one hundred ninety seven-c of the New York City Charter and the provisions of the rules adopted by the city planning commission with respect to the uniform land use review procedure, the sixty day period for the conduct of a public hearing and submission of a written recommendation or waiver thereof by a community board with respect to an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by thirty days for any such application which was pending before a community board as of September 11, 2001.

Sec. 2. Notwithstanding the provisions of subdivisions f and g of such section and of such rules, the thirty day period for submission of a written recommendation or waiver thereof by a borough board or borough president with respect to an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by thirty days for any such application which was pending before a borough board or borough president as of September 11, 2001.

Sec. 3. Notwithstanding the provisions of subdivision f of such section and of such rules, the sixty day period for the conduct of a public hearing and approval, approval with modifications, or disapproval by the city planning commission of an application that has been certified by the department of city planning under the uniform land use review procedure pursuant to subdivision c of such section shall be extended by forty five days for any such application which was pending before the city planning commission as of September 11, 2001.

Sec. 4. Notwithstanding the provisions of subdivision c of section one hundred ninety seven-d of such charter, the fifty day period for the conduct of a public hearing and final action by the city council with respect to a decision of the city planning commission which, pursuant to subdivision b of such section is subject to review by the council. shall be extended by a period of forty five days for any such application which was pending before such council as of September 11, 2001.

Sec. 5. Notwithstanding the provisions of subdivision j of section one hundred ninety seven-c of such charter, the failure of the city planning commission to act on an application under the uniform land use review procedure scheduled for a vote on September 12, 2001 shall not be deemed to result in disapproval of such application, and the sixty day time period for action by the commission with respect thereto shall be extended pursuant to the provisions of section three of this local law.

Sec. 6. Notwithstanding the provisions of subdivision b of section one hundred ninety five of such charter, the thirty day period for the conduct of a public hearing and action by the city planning commission with respect to applications for the acquisition by the city of office space or existing buildings for office use shall be extended by a period of thirty days for any such application which was pending before such commission of September 11, 2001.

Sec. 7. Notwithstanding the provisions of subdivision c of such section, the twenty day period for city council review and action with respect to applications for the acquisition by the city of office space or existing buildings for office use shall be extended by a period of twenty days for any such application which was pending before such council as of September 11, 2001.

Sec. 8. Notwithstanding the provisions of paragraph f of subdivision two of section thirteen hundred one of such charter, the forty five day period for action by the city council with respect to a lease of wharf property for purposes of waterfront commerce or in furtherance of navigation shall be extended by a period of thirty days for any such proposed lease which was pending before such council as of September 11, 2001.

Sec. 9. Notwithstanding the provisions of subdivision h of section 20-225 and subdivision h of section 20-226 of the administrative code of the city of new York, the fifty day period for final action by the city council with respect to a petition for a revocable consent for a sidewalk cafe shall be extended by a period of thirty days with respect to any such petition pending before such council as of September 11, 2001.

Sec. 10. This local law shall take effect immediately, and shall be deemed to have been in full force and effect as of September 11, 2001.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the city of New York, passed by the Council on September 21, 2001, and approved by the Mayor on October 10, 2001.

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Opportunity to Comment

Notice is hereby given that the Taxi and Limousine Commission ("TLC") has received a petition to initiate rulemaking submitted in accordance with Section 11-02 of the Rules of the Commission, requesting the TLC to amend its Rules with respect to the rate of fare charged by taxicabs, and with respect to the maximum lease rate that owners may charge drivers. The TLC Chair has forwarded this proposal to the Commissioners for consideration as proposed *rulemaking pursuant to 35* RCNY § 11-03(a).

The TLC will hold a public hearing and review the submission of written comments pursuant to New York City Charter Sections 1043(b) and 2304.

The attached following petition was submitted by the Metropolitan Taxicab Board of Trade and received by the TLC on November 13, 2001.

A public hearing in connection with this petition will be held on **December 27, 2001 at 9:30 A.M., at the City University of New York Graduate Center, 365 Fifth Avenue, New York, NY.** Persons seeking to testify are requested to notify the Commission, at the address stated above, either in writing or by telephone: (212) 676-1000. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify the Commission by no later than **December 26, 2001.**

Written comments in connection with this petition may be sent through **December 26, 2001** to:

Peter M. Mazer
Deputy General Counsel
New York City Taxi and Limousine Commission
40 Rector Street, 5th Floor
New York, New York 10006

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

This proposal was not included in the Agency's Regulatory Agenda published for Fiscal Year 2002 inasmuch as this rulemaking proposal was submitted from a member of the public as a Petition.

PETITION

Pursuant to Section 11-02, Chapter 11 of the New York City Rules and Regulations, the Metropolitan Taxicab Board of Trade, Inc., on behalf of its member companies,

hereby petitions the Taxi and Limousine Commission to consider the adoption of revised Owners Rules pertaining to the Flat Rates from Kennedy Airport to Manhattan; Metered Rate of Fare for Taxicabs; and Limitations on Lease Rates Charged to Drivers.

I. Proposed Language

The proposed language for the revised rules is set out hereafter. The portion of the existing rules proposed to be deleted is contained in brackets and the proposed new language is underlined.

"Section 1-69 Flat Rates from Kennedy Airport to Manhattan

(a) Notwithstanding the rate of fare set forth in Sections 1-70(a) and (b), the fare for trips beginning at Kennedy airport with a Manhattan destination shall be a flat rate of [Thirty-Five Dollars ($35] Forty-Nine Dollars ($49), plus any tolls.

(1) The [night] surcharge set forth in Rule 1-70(b) shall not be added to this flat rate.

(2) The taximeter shall reflect that this trip is a flat fare.

(b) If passengers request multiple stops, the fare shall be as follows: the first stop in Manhattan is paid in accordance with subdivision (a) of this section; the meter is then turned on for a separate trip at the rate of fare as set forth in Section 1-70, and the total on the meter is paid at the last stop by the remaining passenger. (For example, if three passengers request stops at 42nd St., 18th St., and 4th St., then $[35] 49 will be collected at 42nd St. and the meter will be turned on. When the second passenger exits at 18th St., the meter remains on, and no money is paid to the driver. The passenger dropped off at 4th St. must pay the fare shown on the meter.)

(c) All trips beginning at Kennedy Airport and ending in a borough other than Manhattan shall continue to be governed by the meter rate of fare as set forth in Section 1-70.

(d) The Chair[man]person is authorized to suspend the enforcement of this provision at any time, if in the judgment of the Chair[man]person such a suspension is necessary to preserve adequate levels of service from Kennedy Airport."

"Section 1-70 Metered Rate of Fare

(a) Metered rate of fare. The rate of fare for taxicabs shall be as follows, regardless of the number of passengers or stops:

(1) The charge for the initial unit is $[2.00] 2.50.

(2) The charge for each additional unit is $.30.

(3) The unit of fare is:

(i) one-[fifth] sixth of a mile, when the taxicab is traveling at [8]10 miles an hour or more; or

(ii) [90] 60 seconds (at a rate of [twenty] thirty cents per minute) when the taxicab is not in motion or is traveling at less than [8]10 miles an hour.

(4) The taximeter shall combine fractional measures of distance and time in accruing a unit of fare. Any combination of distance or time specified in paragraph (3) above shall be computed by the taximeter in accordance with Handbook 44 of the National Bureau of Standards.

(5) The fare shall include pre- assessment of the unit currently being accrued; the amount due may therefore include a full unit charge for a final, fractional unit.

(b) [Night] Surcharge. In addition to the rate of fare set forth in Section 1-70(a), all taxicabs shall charge Fifty Cents ($.50) for all trips beginning after 8:00 p.m. and before 6:00 a.m.[.], as well as all weekends and holidays. For purposes of the Surcharge referred to in this Section (b), weekends shall mean 8:00 p.m. Friday through 6:00 a.m. Monday and holidays shall mean the period from 8:00 p.m. of the previous day until 6:00 a.m. of the subsequent day for each day on which the following holidays are observed: New Year's Day, Martin Luther King, Jr. Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas."

"Section 1-73 Trips Beyond the City.

(a) For a trip beyond the limits of the City of New York, except for the Counties of Westchester or Nassau, or the facilities of the Port Authority of New York and New Jersey at Newark Airport, the fare shall be a flat rate. (A flat rate is a definite amount fixed between the driver and the passenger at the start of the trip. For example, "$20" is a flat rate. "Double the meter" is not a flat rate and is not the proper fare.)

(b) For a trip to the Counties of Westchester or Nassau the fare shall be:

(1) the amount shown on the taximeter for that portion of the trip that is inside the City limits, plus twice the amount shown on the meter for that portion of the trip that is outside the City limits; and

(2) all necessary tolls to and from the destination shall be paid by the passenger.

(c) For a trip to Newark Airport the fare shall be:

(1) the amount shown on the taximeter plus a surcharge of $[10]15.00; and

(2) all necessary tolls to and from the destination shall be paid by the passenger.

(d) Any continuous trip where the point of origin and the destination are both within the limits of the City of New York shall not be considered a trip beyond the City limits, even though the shortest and most direct route requires traveling outside such limits but within contiguous counties. For such a trip the meter must be kept in the recording position throughout."

"Section 1-78 Limitations on Lease Rates Charged to Drivers.

(a) Standard Lease Cap. An owner of a taxicab [of model year 1994 or a subsequent model year] may charge a lease rate to a driver that is not greater than the Standard Lease Cap [, except, however, that such an owner may charge a lease rate pursuant to paragraph (b), regardless of whether such rate is greater than the Standard Lease Cap. Any lease which is not subject to a Standard Lease Cap is subject to the Baseline Lease Cap set forth in paragraph (b)].

(1) The Standard Lease Cap for a medallion and vehicle for one shift shall not exceed $[103] 126.50; provided however that the Standard Lease Cap for the night shifts on Thursday, Friday and Saturday shall not exceed $[112] 137.50.

(2) The Standard Lease Cap for a medallion and vehicle for one shift for a week or longer shall not exceed $[617] 761 weekly.

(3) The Standard Lease Cap for a medallion only, covering the entire time during a week or longer, shall not exceed $[741] 914 weekly.

[(b) Baseline Lease Cap.

(1) An owner may charge a lease rate that is not more than fourteen percent (rounded to the nearest whole dollar amount) higher than the rate charged in the Baseline Lease, provided, however, that an owner of a taxicab of model year 1994 or a subsequent model year may charge a lease rate pursuant to paragraph (a), regardless of whether such rate is greater than the Baseline Lease Cap.

(2) For purposes of this section, the Baseline Lease is as follows: If the medallion was leased to a driver at any time during 1995 on or prior to September 30, 1995 (the "Baseline Period"), then the equivalent lease with the highest lease price in effect for that medallion on any date during the Baseline Period is a Baseline Lease. An equivalent lease covers the same leasehold, such as: weekly day shift of medallion and vehicle, or Tuesday night shift of medallion and vehicle, or monthly day shift of medallion without vehicle.

(3) An owner whose lease rate is higher than the Standard Lease Cap pursuant to this section shall not set terms or conditions of a lease that vary from the terms and conditions in the Baseline Lease, except as may be required by Rule 1-79, or in the view of the Commission, by mandate of State law. Such an owner shall not charge additional fees or require any purchases or payments in addition to those required in the Baseline Lease. Such an owner shall provide to drivers the same services and materials that the owner provided pursuant to the Baseline Lease.]

[(c)] (b) The complaining witness for a violation of this rule must be a driver who was subject to a lease prohibited by this rule, or a Commission employee.

[(d)] (c) The provisions of this rule do not apply to owners and lease drivers whose business relationship is governed by the terms of a collective bargaining agreement which regulates the subject of lease prices.

[(e)] (d) The Commission shall not lower any upper limitation of lease rates established in Rule 1-78 herein, unless in the view of the Commission, the record before the Commission includes substantial evidence of reduced operating expenses of the affected medallion owners. The Commission shall not raise any upper limitation of lease rates established in Rule 1-78 herein, unless in the view of the Commission, the record before the Commission includes substantial evidence of increased operating expenses of the affected medallion owners. The factors to be reviewed in consideration of any proposed increase in the upper limitation of lease rates shall also include, but not limited to, the effects on driver earnings and the retention of experienced drivers.

[(f)] (e) As relates to lease caps, the Commission shall periodically hold a public hearing and solicit written comment as to operating expenses, driver earnings and the retention of experienced drivers in the taxi industry. The first such public hearing shall be held no later than March 31, 1998. Thereafter, the Commission shall hold such a hearing no later than two years subsequent to the previous hearing."

II. Statement of TLC Authority and Purpose.

The Commission's authority to promulgate the proposed amendments to Owners Rule 1-69, Flat Rates from Kennedy Airport to Manhattan and Section 1-70, Metered Rate of Fare, is set forth in sections 2303 and 2304 of the New York City Charter. The Commission's authority to promulgate the proposed revisions in Owners Rule Section 1-78, Limitations on Lease Rates Charged to Drivers is set forth in Section 2303 of the City Charter and section 19-503 of the New York City Administrative Code. The purpose of the proposed revision to Sections 1-69 and 1-70 is to provide for reasonable rates of fare, based upon time and distance traveled, considering factors set forth in the New York City Charter, including gross revenues generated from such a fare increase and their relationship to expenses incurred, the net return derived by owners from taxicab operations, return on investment and its impact upon reserves and contingencies, the income of drivers, the relationship of taxicab fares to fares charged in other cities, and the effect on service to the public, including service by other forms of transportation. The purpose of the proposed revision in such section 1-78 is to provide for increases in the maximum limit on lease rates that correspond to the proposed increases in the rates of fare and are justified by increases in operating expenses of affected medallion owners.

III. Argument in Support of Petition.

The proposed fare increase represents an average increase of 23.36% in the metered rates of fare for trips other than those originating at JFK Airport for destinations in Manhattan, and a 40% increase in the flat rate fare for trips between JFK and Manhattan, and expansion of the Surcharge that currently covers trips between 8:00 p.m. and 6:00 a.m., as well as an increase in the Newark Airport Surcharge. This Petition for a fare increase is supported by an analysis of the operating incomes and expenses of taxicab drivers. This Petition also sets forth a request for an increase in the maximum lease rates that may be charged pursuant to the rules of the Commission, averaging 23%. An increase in the maximum lease rates may generate additional revenue to owners, and would thus enable owners to meet operating expenses that have occurred since the last fare increase. This proposal would increase fares and the maximum lease rate by essentially similar percentages, thereby maintaining the historic relationship between drivers' and owners' share of fare revenues, assuming that prevailing market conditions would enable owners to charge lease rates that approximate the maximum rate permitted. The enactment of this fare increase, as well as providing the adjustment in the lease cap set forth herein, will result in an increase of approximately twenty (20%) percent in drivers' gross revenues, and may result in an increase in owners' revenues of up to twenty (20%) percent, if market conditions permit the maximum lease rates to be charged..

The Rules of the Commission provide for a maximum lease rate, but do not mandate that any minimum lease rate be charged. Although not specifically provided for in this Petition, the Commission is requested to consider the appropriateness of a minimum lease rate that would be required to be charged by an owner or lessor. Thus, the combination of the Standard Lease Cap and a minimum lease rate would establish a range of lease rate charges that would be permitted, providing for owners and lessors the financial resources needed to properly maintain their vehicles, purchase new vehicles, provide safe taxicabs for the passenger and the driver, and develop new initiatives to benefit the riding public. Because of the critical shortage of qualified individuals who are licensed by the TLC and willing to lease taxicabs, as described in more detail later in this Petition, owners and lessors are unable to charge anything close to the maximum permitted lease rate for most shifts. Instead, they are forced to sharply discount their lease rates to attract and retain drivers. Owner revenue will continue to erode with the increase in projected costs described below. A minimum lease rate would assure that the owners actually share in the proposed fare increase. Without it, as stated above, the anticipated 20% increase in gross income is based only on the expectation that the increased driver revenue will attract and retain sufficient drivers to reduce the current driver shortage.

The proposed changes in the fare are summarized as follows:

	Current Fare	Proposed Fare
Initial Unit	$2.00	$2.50
Mileage Charge	$.30 per 1/5 mile	$.30 per 1/6 mile
Waiting Time	$.30 every 90 seconds.	30 every 60 seconds
Average Fare (based upon an average trip of 2.64 miles)	$6.85	$8.45
Flat Rate from JFK to Manhattan	$35	$49

The TLC has not approved a taxicab fare increase since 1996. Changes in the economics of owning and driving a taxicab have occurred since the last fare increase, most notably: (a) the increase in the costs of operation of a licensed New York City taxicab since the last fare increase; and (b) the reduction in drivers' real incomes in relationship to alternative employment opportunities currently available, contributing to a serious shortage of qualified drivers. These are compelling changes in circumstances that support the proposed increase in the rates of fare at this time. This Petition presents an analysis of: (1) the significant increases in the costs of operations since the last fare increase in 1996 as well as projected costs of operation anticipated during the next year; (2) significant increases in expenses incurred by drivers, particularly with respect to the entry of new drivers into the industry since the last fare increase; (3) a shortage of drivers caused by insufficient income, which has reduced the available service to the public and sharply reduced revenue for owners; (4) the impact of lost revenue upon the taxicab industry, drivers and the riding public. Data is also presented showing the relative costs of taxicab travel in major U.S. cities, which shows that New York City fares are among the lowest in the country.

In its companion request for an increase in the maximum lease rates, the petitioner will show that a fare increase will attract drivers to the industry, and ultimately cause an increase in the amount that drivers are likely to willingly pay owners to lease taxicabs. An increase in lease rates will generate additional revenue for owners who lease their vehicles. Taxicab owners who drive their vehicles will directly benefit from the proposed fare increase and will be able to generate additional revenue to meet operating costs that have increased since the last fare increase.

Increased Annual Costs of Operation of a Licensed Taxicab

The following is a sample of some of the major component costs of operation of a taxicab in 1995, the last complete year prior to the previous fare increase, compared to present costs. Although these figures were derived from members of the Metropolitan Taxicab Board of Trade ("MTBOT"), these figures are comparable to costs incurred by other taxicab owners:

	1995	Current	Percentage Increase
Cost of New Taxicab	18,580	24,420	31.43%
Payroll costs for mechanical and garage personnel per car, per year	7,095	10,290	45.03%
Liability Insurance	6,508	10,174	56.33%

Explanation of Selected Component Costs

New Taxicab – Each taxicab owner must replace its taxicab with a new vehicle every three to five years. Commencing later in 2001, most taxicab owners will be purchasing a new expanded Ford Crown Victoria, which will provide up to six inches of additional leg room for passengers. The new vehicle, according to Ford management, will be available in November or December of 2001 and will be priced at approximately $24,220, about 12½% more than the current cost of a taxicab and 31.43% more than the cost of a taxicab in 1995. The expanded Crown Victoria will provide a much more comfortable ride for the public and will be particularly attractive to drivers. It represents the first

serious initiative by any of the major automobile manufacturers to improve the design of the taxicab in a vehicle that can withstand the rigors of New York City taxicab operation since the demise of the Checker.

Insurance – In September, 1998, required insurance coverage for medallion taxicabs was increased. Personal Injury Protection coverage increased from $100,000 to $200,000 and liability insurance limits were raised from $25,000/$50,000 to $100,000/$300,000. A combination of an increase in insurance limits and the general increase in rates since 1995, has resulted in an increase of 56%. Although the figures supplied are average fleet expenses per car, the percentage increase experienced by fleets is similar to the increase experienced by other segments of the industry.

Garage and Payroll Costs – While MTBOT members have garages, mechanics and other expenses not relevant to individual owners, the average cost of maintaining a vehicle, including tires, batteries, accessories, oil and repairs, and increased significantly and proportionately for all taxicab owners.

Increased Costs Associated with Compliance with TLC Rules Enacted Since the Last Fare Increase.

Subsequent to the 1996 fare increase, taxicab owners were required to incur the following series of one-time costs resulting from new TLC regulations. These one-time costs resulting from new TLC regulations include:

(1) Conversion of stand by vehicles to CNG (fleets only) $ 834 per SBV

(2) Meter conversion: $ 45 per meter

Automatic Receipt printing
Receipt printing with TLC Hotline telephone number

(3) Talking Taxi device:
Initial installation $100 per medallion
Required replacement for longer message $ 35 per medallion

(4) Braille lettering $ 80 per medallion

Declining Owners' Revenues

To a limited extent, some taxicab owners have been able to contain operating costs by reducing garage expenses. In addition, taxicabs are being operated for fewer miles since many owners who lease their vehicles are experiencing a shortage of qualified drivers. Accordingly, although overall operating expenses have not increased by the same percentage as certain fixed expenses, such as the cost of vehicle replacement and insurance, revenues have actually declined. For MTBOT's member fleets, at least twenty percent (20%) of their taxicabs are not on the road for most shifts. Owners have discounted their usual lease rates in order to encourage qualified drivers to work. Inadequate driver revenues, resulting in part from the September 11, 2001 World Trade Center tragedy, in part from the general decline in the economy since the Summer, and in part from the opportunities available to drivers for more lucrative employment, has affected both drivers and owners and has contributed in large part to this driver shortage. It is anticipated that increased drivers' revenues derived from a fare increase will alleviate the driver shortage and ultimately generate additional revenue for owners as well.

The analysis of the effect of this proposal upon drivers' revenues is highly complex. As a result of the severe shortage of drivers and the large number of lost shifts, owners have been forced to sharply discount their lease rates, resulting in a steep decline in revenue. While a mandatory minimum lease rate as a counterpart to the Standard Lease Cap (not a part of this proposal) would make certain the beneficial impact of the fare increase for owners, it is anticipated that, with the fare increase, owners will be able to attract and retain more drivers and significantly reduce the discounting of lease rates, resulting in approximately a 20% increase in gross revenue through the charging of higher lease rates for most shifts.

While we are cognizant of the provisions of New York City Charter Section 2304(c) which suggests that consideration of owner's return upon capital may be appropriate in determining the rate of fare, we believe that such an analysis is neither helpful, nor appropriate in the context of a fleet-owned vehicle. Petitioner's member fleets have acquired the medallions which they operate at varying times spanning more than four decades. Accordingly, the prices paid for medallions vary tremendously. The return upon capital calculated for a medallion acquired some 30 or 40 years ago would bear no resemblance to the calculations with respect to a medallion acquired last year. However, for owners who have recently purchased medallions, this analysis is relevant. MTBOT members have reported in recent years an after-tax income of approximately $2,300 per medallion. Based upon a current acquisition cost of $200,000 (not including the cost of the vehicle, license and hack-up) for a taxicab medallion, this represents an annual return upon capital of 1.15%.

This rate of return will vary directly with the owner's cost for acquiring the medallion and on an industry-wide basis, or even among the Petitioner's member fleets, return on capital does not provide meaningful information.

In 1996, 1997, and 1998, lost shifts for Petitioner's member fleets averaged approximately 11%. In 1999, this figure climbed to approximately 15% and reached about 20% in 2000. Through September, 2001 lost shifts for the year have averaged approximately 23%, reaching a high of 33% during September, 2001. There are various reasons for this shortage of drivers. The relatively strong economy (at least prior to September 11, 2001) has made driving a taxicab a less attractive option when compared to other positions available to mostly entry-level workers. As a result, it has become increasingly difficult to attract new drivers and retain veteran drivers at a time when consumer demand for taxi service is at an all time high. It is anticipated that a fare increase will help attract new drivers to the industry, as well as retain veteran drivers. In this way, the Commission would be promoting the public interest by providing quality taxi service that is easily accessible. The fare increase would offer a marketing advantage to the taxi industry by making the job of driving a taxi more competitive with other employment opportunities in New York City.

Increased Driver Expenses Incurred in Obtaining a New or Renewal License – Drivers' expenses have increased substantially since the 1996 fare increase. Some of these increased costs have resulted from TLC mandates, as follows:

	1996	Current
Mandated Medical Exam	$17	$25-$30
Taxi training school	$70	$325
Defensive driving course— at time of application and every three years thereafter	-	$29
Annual drug test	-	$24
Continuing education – at first renewal	-	$20

In addition, with the onset of two-year licensing a new applicant must pay for a two-year license prior to driving and earning any money. The requested fare increase calls for a 23.36% increase in the rates and would benefit drivers. It is anticipated that, as shown below, the drivers will derive more than a 22% net increase in their revenue, generating income of approximately $2.63 per hour.

Driver Estimated Revenues and Expenses For A Twelve Hour Shift

	Current Meter	Requested Meter Rate Increase of 23.36%
Revenues:		
Driver Average Bookings	$205.50	$253.50
Tips	30.50	38.00
Night Surcharge	7.50	7.50
	$243.50	$299.00
Expenses:		
Driver Lease Agreement	$80.00*	$104.00
Gasoline	21.00	21.00
	$101.00	$125.00
Driver Estimated Profit	$142.50	$174.00
Per Hour (based on 12 hrs.)	$11.875	$14.50

* The $80.00 expense figure for the lease fee has been used because it is a more realistic figure than the Standard Lease Cap rate in view of discounting in the lease rate charges described in the next paragraph.

As noted above, Petitioner is requesting that the Surcharge – previously applicable only for nights – now apply to weekends and all public holidays. Weekends and holidays have even more lost shifts, as drivers tend to avoid these days. It is hoped that the Surcharge will induce more drivers to work on these otherwise slow days.

An analysis of the taxicab fares in major cities in the United States prepared by the Taxicab, Limousine and Paratransit Association indicates that current fares in New York City are the lowest in the country among the major cities in the Association's survey. A comparison of the fares in those cities is set out below. It should be noted that the Association's analysis utilizes a 2.3 mile trip for comparison purposes, rather than the 2.64 miles trip referred to on page 5, which accounts for the difference between the $6.15 current fare for New York City noted in the analysis and the $6.85 current fare mentioned on page 5. The proposed fare increase, using a 2.3 mile trip, would increase the New York City fare to $7.55, moving New York City approximately to the mid-point of the fares referred to in the comparative analysis.

Note on the Proposed Increase to the JFK Flat Fare

A JFK flat rate of $49.00 has been proposed, rather than the $43.00 which would have resulted from applying the fare increase percentage to the current $35.00 charge, because Petitioner believes that a $43.00 flat rate is not sufficient and it also reflects the view expressed at the time of the commencement of the $35.00 flat rate – a view expressed by several TLC Commissioners as well – that the $35.00 rate was insufficient. A limited study conducted by MTBOT in May, 2001 indicated that the $35 flat rate did not accurately reflect the metered rate of fare. Most of the trips indicated a metered rate of fare well in excess of $40.00. Since September 11th, drivers have reported that the increase in traffic congestion has exacerbated the situation, rendering the $35 flat fare even more inadequate. Drivers report that they are avoiding JFK because of this, significantly reducing service there. MTBOT submits that a $49 flat fare rate will more accurately reflect the fare that would be charged on a taximeter for a trip from JFK to representative destinations in Manhattan. This petition presents an opportunity for the Commission to revisit the issue of the appropriate JFK flat rate in view of continuing concern about a lack of sufficient cabs at JFK to adequately service the airport. Petitioner further observes that it is currently less expensive for a couple to take a taxicab from JFK to Manhattan than it is to take the Super Shuttle which transports up to nine people and makes multiple stops, while charging $18.00 per passenger. It is not surprising, therefore, that drivers have tended to avoid trips from JFK to Manhattan, reducing the availability of essential service there.

Note on the Proposed Increase to the Newark Airport Surcharge

A $5.00 increase in the Surcharge for a trip to Newark Airport has been proposed which would increase the Surcharge, which is added to the meter rate of fare, to $15.00. Petitioner believes that the current $10.00 Surcharge does not adequately compensate drivers for traveling to Newark Airport, where drivers are not permitted to pick up passengers and must, therefore, return to New York City without a fare.

Health Care Insurance for Drivers

Petitioner has been exploring the feasibility of a program for providing health care insurance for taxicab drivers. Discussions are underway with health insurance companies in an effort to structure an appropriate plan for qualified drivers and to analyze the costs associated with such plan. Petitioner's member fleets feel strongly such coverage should be provided, pursuant to an industry-wide TLC mandate, funded initially by a required payment by each medallion owner at the time of renewal of the medallion, with reimbursement of such payment and the continued cost of providing such coverage to be funded by a future fare increase. Funding for health insurance coverage for drivers is not part of this Petition for a fare increase.

Notice of Opportunity to Comment

Notice is hereby given in accordance with Section 1043(b) of the Charter of the City of New York, that the Taxi and Limousine Commission ("TLC") proposes to amend its Taxicab Specifications set forth in Chapter 3 of the Rules of the City of New York to provide for additional leg room in sedans approved as taxicabs, and to authorize the TLC Chair to approve minivans for use as taxicabs.

The TLC is proposing such regulations pursuant to the authority vested in it under Charter Sections 2303(a) and 2303(b); and under Sections 19-503 of the Administrative Code of the City of New York.

A public hearing in connection with these proposed regulations will be held on **December 27, 2001 at 9:30 A.M. at the City University Graduate Center, 365 Fifth Avenue, New York, NY.** Persons seeking to testify are requested to notify the Commission, at the address stated above, either in writing or by telephone: (212) 676-1000. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify the Commission by no later than **December 26, 2001.**

Written comments in connection with these proposed regulations may be sent through **December 27, 2001** to:

Peter M. Mazer
Deputy General Counsel
New York City Taxi and Limousine Commission
40 Rector Street, 5th Floor
New York, New York 10006

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

Section 1. It is hereby proposed that Title 35 of the Rules of the City of New York, Chapter 3, Taxicab Specifications, Section 3-03, Taxicab Specifications on or after March 1, 1996, subdivision (c), be amended to read as follows:

(c) Vehicle Specifications.

(1) The vehicle shall be manufactured with heavy-duty equipment for taxicab, police or fleet service, except as provided in paragraph (7). There shall be a term in the VIN or in a body tag, which distinguishes the taxicab, police or fleet package from the standard sedan on which it is closed.

(2) The vehicle shall have EPA passenger compartment interior volume index of at least 107 cubic feet.

(3) The rear compartment of [the vehicle] *any sedan approved for use as a taxicab* shall meet the following dimensions as defined by the Society of Automotive Engineers:

(a) Minimum effective leg room (L51) must be at least [37] *43* inches.

(b) Effective head room (H63) must be at least 37.5 inches.

(c) The seat depth (L16) must be at least 18 inches.

(4) The front compartment of [the vehicle] *of any sedan approved for use as a taxicab* shall meet the following dimensions:

(a) Effective head room (H61) must be at least 37.5 inches.

(b) Maximum effective leg room (L34) must be at least [40] *42* inches.

(c) Total leg room (the sum of L34 and L51) must be at least [78] *85* inches.

(5) The vehicle shall be equipped with a factory installed air conditioning system. If the vehicle model has available air conditioning outlets for the rear seat area, then the vehicle shall be equipped with such outlets.

(6) The vehicle may be equipped with an engine in which the maximum horsepower exceeds 220.

(7) The vehicle may be a [Honda Odyssey wagon, Isuzu Oasis wagon or a Ford Explorer utility vehicle] *sedan*, which meets the requirements of paragraphs 5 and 6 of this subdivision, and of paragraph (1) of subdivision (d)[.], *or a minivan which has been approved by the Chairperson after a determination that the vehicle provides adequate safety and comfort to passengers, and which also meets the requirements of sections 5 and 6 of this subdivision.* If the Federal government or the Commission

determines that any of such vehicles must be wheelchair accessible, then such vehicles shall be wheelchair accessible to the extent of such Federal determination and requirements.

[(7)] *(8)* All windows of the vehicle must have a light transmittance of seventy (70) percent or more, with the exception of the uppermost six (6) inches of the front windshield.

Statement of Basis and Purpose

The regulations proposed herein by the New York City Taxi and Limousine Commission ("TLC") are authorized under Section 2303(a) of the Charter of the City of New York ("Charter"), empowering the TLC to regulate and supervise the business and industry of transporting passengers by licensed vehicles for-hire in the City; under Section 2303(b) of such Charter, authorizing the TLC to promulgate rules and regulations reasonably designed to carry out its purposes; under section 2303(b)(6) of such Charter, authorizing the TLC to establish requirements for safety, design and comfort of vehicles; and under Section 19-503 of the Administrative Code of the City of New York, authorizing the TLC to promulgate rules and regulations necessary to exercise authority conferred upon it by the Charter.

These regulations proposed herein would amend the taxicab specifications to increase the minimum front and rear compartment legroom requirements for sedans approved for use as taxicabs. The proposed regulations would also authorize the TLC Chair to approve minivans that may be used as taxicabs.

The Society of Automotive Engineers (SAE) has developed uniform interior and exterior measurements for motor vehicles. These SAE measurements are relied upon to ensure that vehicle dimensions of different vehicle models can be compared. The SAE has developed uniform measurements to determine both front and rear compartment passenger legroom, headroom and seat depth. These measurements are an indicator of vehicle size and passenger comfort. Minimum dimensions for headroom, legroom, and rear seat depth have been part of the TLC Specifications for taxicabs, and vehicles that do not meet these minimum size dimensions cannot be approved for use as taxicabs without specific approval from the TLC Chair.

The TLC proposes amendments to the taxicab specifications to increase the interior front and rear passenger compartment legroom requirements. Front compartment minimum legroom dimensions would be increased from 40 to 42 inches. Rear compartment minimum legroom requirements would be increased from 37 to 43 inches.

The purpose of these amendments is to ensure that sedans authorized for use as taxicabs meet minimum standards for passenger comfort. There are currently available several sedan models available and suitable as taxicabs which meet these proposed minimum specifications for interior compartment legroom. These vehicles would provide a greater degree of passenger comfort than smaller sedans currently authorized for use as taxicabs provide. Vehicles with greater legroom are more comfortable, and provide ease in ingress and egress not available in smaller vehicles.

Additionally, these proposed regulations would authorize the TLC Chair to approve specific minivan models for use as taxicabs, after a determination that the vehicle meets reasonable safety and passenger comfort standards. Presently, the rules of the Commission, enacted in 1996, authorize three specific minivan/sport utility vehicle models to be used as taxicabs. The models that were approved in 1996 are no longer manufactured. Changes to these specific models have been made by their respective manufacturers, and these models are no longer suitable for use as taxicabs because of design changes.

There are other, newer minivan models that may be suitable for taxicab use. This regulation gives the TLC Chair the authority to approve specific models, after determining that these vehicles are safe and provide for adequate passenger comfort. Furthermore, the Chair could also disapprove models, previously suitable for use as taxicabs, that are no longer suitable for such use.

It is proposed herein that minivans be exempted from the minimum headroom and legroom requirements set forth in subsections (3) and (4) of Section 3-03 of the Taxicab Specifications. SAE measurements for sedans are generally not comparable to minivans since minivans are generally built higher from the ground than sedans, have an open trunk compartment, and lack a transmission hump. Accordingly, this rule proposal would provide the Chair with greater discretion in approving specific models that provide adequate passenger comfort and meet the Commission's safety requirements, even if these vehicles do not meet the specific headroom and legroom requirements applicable to sedans.

The Rule authorizing specific enumerated minivan models to be used as taxicabs was first approved by the Commission in 1996. Since the adoption of this Rule, there have been significant design changes made to these approved models, and they may no longer suitable be for use as taxicabs. Each year, manufacturers introduce new minivan models, change designs on existing models, and make other alterations which cause such models to be either more or less suitable for use as taxicabs. This Rule amendment would authorize the TLC Chair to approve those models which are best suited for use as taxicabs, and to remove from approval models that have been altered and are no longer suitable for taxicab use. Pursuant to authority conferred upon the TLC in the New York City Charter and the Rules of the Commission, the Chair may authorize the testing of new vehicles and equipment pursuant to pilot programs. If such a pilot program is successfully completed, the Chair could approve a vehicle for use as a taxicab. This proposed amendment would empower the Chair to approve such models without separate rulemaking specific to manufacturers or models.

BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
10/17/01	021726	SRB 02-2243

ADDRESS	BOROUGH:	BLOCK/LOT:
44 WEST 87TH STREET HISTORIC DISTRICT UPPER WEST SIDE-CPW	MANHATTAN	1200 / 52

To the Mayor, the Council, and the replace building entrance doors, new concrete sidewalk.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for work at the entrance and sidewalk of the subject premises, including removing the existing deteriorated wood and glass paneled front doors and replacing with brown painted, wood paneled and glass doors with brass kickplates; and removing the existing concrete sidewalk and areaway and installing a new concrete sidewalk and areaway, unlinted and with standard scoring. The proposal is shown in photographs, specifications, and drawings 1, 2, and 3, dated September 21, 2001; prepared by Chang Park, R.A. of the New York City Department of Housing Preservation & Development and submitted as components of the application.

In reviewing this proposal, the Commission notes that the Upper West Side/Central Park West Historic District designation report describes 44 West 87th street as one of a row of six Romanesque Revival-style houses from No. 40 to No. 50 West 87th Street designed by Charles Buek & Co. and constructed in 1892; and that its style, scale, age, type, materials and details are among the features that contribute to the special architectural and historic character of the *Upper West Side/Central Park West Historic District*. The Commission also notes that original sidewalks at most buildings constructed or substantially reconstructed in the early 20th century in this district were standard concrete and that the adjacent sidewalks are made of concrete.

With regard to this proposal, the Commission finds that replacing the deteriorated doors to match the existing will help return the doors to their original appearance and reinforce the continuity of the row; and that replacing the deteriorated doors will not remove historic fabric or alter the appearance of the building. The Commission also finds that the concrete sidewalk and areaway to be removed are not significant features of the building or district; that the new, standard concrete sidewalk and areaway, unlinted and scored in a standard pattern to align with adjacent sidewalks, will be harmonious with the building and with standard sidewalks found typically in this district; that the work will help maintain a consistent sidewalk treatment in the district; and that retaining the existing stone street curb will preserve this significant feature. Based on these findings, the proposed work is determined to be appropriate to the building and the Upper West Side/Central Park West Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Providencia Velázquez.

To the Mayor, the Council, and the Director of CUNY Capital Programs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

restorative work on the building's north, south, east, and west limestone and brick facades including, repairs to spalled stone with steel pins and epoxy; repairs to broken or spalled stone using new limestone dutchmen matching the configuration of the original stone; the grinding out of laitance or 'divots' at selected locations of the limestone in order to allow proper water drainage; the cutting and repointing of masonry joints with mortar to match the existing mortar; removing the existing bulging, weather-damaged and structurally unsound brick off the southeast corner of the easterly 10th floor tower, the southeast corner pier of the elevator bulkhead at the west of the tower, and in the north-facing return on the south-projecting bay at the west elevation of the tower and replacing it with new white glazed brick to match the existing brick; removing existing damaged copper roofing inside the third floor balconies on the south and west elevation, and installing new bituminous membranes; the repair and re-painting of all window surrounds, spandrels and colonettes, the ninth floor level metal cornice, window bars and similar ornamental work with a color to match the existing color, as shown in current conditions photographs, written specifications, samples, and drawings A-1 through A-5, dated received November 1, 2001, prepared by Feld, Kaminetzky & Cohen, P.C., and submitted as components of the application.

In reviewing this proposal the Commission notes, that the former B. Altman & Co. Department Store is a limestone and brick building designed in 1905-1913 by the firm of Trowbridge and Livingstone; that its ornamentation, based on Italian Repaissance sources, creates a highly decorative structure which constitutes a distinctive presence for the building in midtown Manhattan; and that its overall design contributes to the architectural legacy of the City.

With regard to this proposal, that the documentation reveals that the existing limestone and glazed brick are spalling, exfoliating, damaged or otherwise unsound at window lintels and other selected locations; that the proposed restorative work would eliminate unstable conditions and protect the building from damage due to water infiltration; that the proposed limestone repairs are necessary and will restore the facades to a sound condition, insure the weatherproofing of the masonry and maintain the historic appearance of the exterior of the building; that the raking and repointing of the sandstone and brick, and the application of new mortar, will restore the physical and visual integrity of the historic masonry; that the specified pointing mortar will be compatible with the historic masonry in terms of composition, and match the original in terms of color, texture, and tooling; that the replacement of deteriorated limestone fragments at selected locations with new limestone dutchmen, as well as deteriorated glazed brick at the easterly tower section with new brick, will match the existing in terms of material, size, color, texture, and coursing; that the installation of new bituminous membranes on the south and west third floor balconies will not be visible from any public thoroughfare, will prevent future water penetration and damage, and will help keep away water and protect the underlying structure from water penetration; and that no decorative masonry or other significant architectural feature of the building will be affected. The work, therefore, is approved.

This permit is issued contingent upon the Commission's review and approval of test samples of replacement limestone, glazed brick, and paint prior to the commencement of the work. Please contact the Landmarks Preservation Commission staff when the samples are ready in order to arrange a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Hansel Hernandez Navarro.

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 **or C6-9** District within the South Street Seaport Subdistrict.

REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, *matter in italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person
Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, ~~and~~ 21 **and 22**.

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ **any** proposed #development# ~~which~~ **that** utilizes **such** transferred #development rights# conforms to **this section and, for those #receiving lots# within the Urban Renewal Area, to** the regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may **grant a special permit to** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and
(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# **or #enlargements#** in the **former** ~~#~~ Special ~~Lower Manhattan~~ **Greenwich Street Development** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such *portion of the amenity*

not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.
The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open tothe public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

The project is partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 3 C 010678 ZSM

Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for the grant of special permits pursuant to the following Sections of the Zoning Resolution:

1. **Section 74-743(a)(1)** to allow the distribution of floor area, lot coverage and dwelling units without regard for zoning lot lines or district boundaries;

2. **Section 74-743(a)(3)** to allow the location of buildings without regard for the applicable yard and height and setback regulations;

3. **Section 74-744(b)** to allow residential and non-residential uses to be arranged in a building without regard for the regulations set forth in Section 32-42; and

4. **Section 74-745** to allow permitted accessory off-street parking spaces to be located without regard for zoning lot lines;

to facilitate the construction of a mixed use general large-scale development consisting of four zoning lots, generally bounded by Bowery, a line midway between East 1st Street and East 2nd Street, Second Avenue, Chrystie Street, and a line 200 feet northerly of Stanton Street (Block 427, Lots 14 and 30, Block 456, part of Lot 1, Block 457, part of Lots 1 and 28), in R8X*/C2-5*, R7-2/C2-5* and C6-1 Districts, partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 11 C 020002 HUM

Application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

6. assigns site numbers in accordance with current practice;

7. amends Exhibit A to reflect the consolidation of tax lots;

8. updates the Proposed Time Schedule;

MANHATTAN CB - 11 C 020003 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

3) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate the construction of a seven story building with approximately 250 units of housing, retail and community facility space.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20025073 HAK, 20025074 HAX and 20025075 HAK.

PARKS AND RECREATION

■ NOTICE OF PUBLIC HEARING

Contact Person: Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021.
Tel: (212) 360-3402; Fax: (212) 360-3453.

Written comments on the Draft Environmental Impact Statement (DEIS) will be accepted by NYCDPR at the above address through Thursday, December 13, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposes to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's Coastal Zone Management Plan and the New York City Department of City Planning's Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, the New York City Department of Transportation (NYCDOT), Metropolitan Transit Authority (MTA), and New York City Transit (NYCT) for the reconstruction of the rotunda and pedestrian bridge at the Willets Point/Shea Stadium subway station, and from the Federal Aviation Administration for structure height.

Public Hearing
Date: Thursday, November 29, 2001
Place: The New York Hall of Science,
Flushing Meadows-Corona Park, 47-01 111th Street, Corona, NY 11368

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions. Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yonkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. AGENCY RULES

BUILDINGS

NOTICE

PROMULGATION OF RULE 9-04 RELATING TO SUSPENSION, REVOCATION OR OTHER LIMITATION OF A MASTER OR SPECIAL RIGGER'S LICENSE OR A MASTER OR SPECIAL SIGN HANGER'S LICENSE.

Pursuant to Section 1043 of the New York City Charter, the Department of Buildings hereby adopts the following rule relating to suspension, revocation or other limitation of a master or special rigger's license or a master or special sign hanger's license.

Dated: October 19, 2001
New York, New York

Satish K. Babbar, R.A.
Acting Commissioner

Section 1. Chapter 9 of title 1 of the rules of the city of New York is amended by adding a new section 9-04 to read as follows:

§9-04 Revocation, suspension or refusal to renew license of special or master rigger or special or master sign hanger.

(a) The license of a special or master rigger or of a special or master sign hanger may be suspended, revoked or not renewed and/or a fine of not more than five thousand dollars may be imposed for each instance of the following:

(1) Fraud, deceit, collusion or misrepresentation by the licensee in obtaining or renewing such license.

(2) Poor moral character that adversely impacts upon the licensee's fitness to perform his or her duties and responsibilities as a licensee.

(3) Negligence, incompetence, lack of knowledge of the Building Code and applicable rules of the Department or disregard of the Building Code and applicable rules of the Department as demonstrated in the performance of the duties and responsibilities of a licensee.

(4) Failure to comply with an order of the Commissioner or his or her designee in connection with the business or duties and responsibilities of the licensee.

(5) Making a false or misleading statement to the Department or other government agency on any form or report filed with the Department or records required to be kept by the department in relation to the business or duties and responsibilities of the licensee.

(6) Failure to file a form, report or statement or to keep records required by the Department or other government agency in connection with the business or duties and responsibilities of the licensee.

(7) Failure to comply with any of the provisions of sections 9-01, 9-02 or 9-03 of

(8) Impeding or obstructing an investigation of the Commissioner or his or her designee relating to the business or duties and responsibilities of the licensee.

(9) Conviction of a criminal offense where the underlying act arises out of the business or duties and responsibilities of the licensee.

(10) The making, completing or altering of a written instrument of the type issued by the Department with respect to the business or duties and responsibilities of the licensee with the intent to defraud or deceive another person.

(11) Violation of or failure to comply with the provisions of the Building Code and other applicable laws and rules relating to the business or duties and responsibilities of the licensee.

(12) Failure to pay a fine or penalty imposed by the Department under this section or in any civil or criminal proceeding in a court or in a proceeding before the environmental control board arising out of the business or duties and responsibilities of the licensee.

(13) Failing to safeguard the public or property during the performance of the business or duties and responsibilities of the licensee in accordance with applicable safety standards.

(b) Except as otherwise provided in subdivision (c) of this section, no license shall be suspended or revoked or fine imposed unless prior thereto the licensee has been afforded the opportunity for a hearing on the charges before the Office of Administrative Trials and Hearings (OATH). The hearing shall be governed by the rules of procedure of OATH. A proceeding shall be commenced by the service of charges by the Department's IAD Unit by mail on the licensee.

The Administrative Law Judge at OATH shall issue recommended findings of fact and a recommended decision and shall forward such findings and recommended decision and the record of the proceedings to the Commissioner who shall make a final determination on the charges and penalty as per this section.

(c) Notwithstanding any inconsistent provision of subdivision b of this section, where the Commissioner finds that the public safety may be imminently jeopardized or that there is reasonable cause to believe that the continued use of a special or master rigger or special or master sign hanger license will create a condition of imminent peril to public safety, he or she may forthwith suspend any license pending a hearing, to be held as soon as practicable in light of the circumstances before OATH, and, determination of charges.

STATEMENT OF BASIS AND PURPOSE

Pursuant to the authority of the Commissioner of Buildings under Chapter 26 and Section 1043 of the New York City Charter, Chapter 9 of Title 1 of the Rules of the City of New York is amended to codify the grounds upon which disciplinary action may be taken against licensed Master and Special Riggers and licensed Master or Special Sign Hangers. The purpose of the rule is to enhance the Commissioner's ability to discipline such licenses through the imposition of fines and the suspension or revocation of their licenses by clarifying the standards applicable to the conduct of their business and the performance of their work.

INVOCATION

Many applauded
Others held makeshift placards in their hands at varied
Checkpoints:

Thank you
"You are our heroes"

There are no heroes here
Simply
New Yorkers trying to be "that hand of the stranger"

Out side of this complex of City Hall-
Adjacent to the checkpoint nearest the Brooklyn Bridge gate
A stranger etched that day in the ash on the windshield of a car:

"God Bless
Bury the dead"

As members of this City Council, we pray for all families
During this difficult time.
We also lift a prayer for all those who have and will lend a
"hand of one stranger to another".

As New Yorkers,
As members of this City Council
We gather with our hands and hearts open.

In the words of Charles Dickens
We lift this prayer:

"When death strikes
down the innocent and young
For every fragile form from
Which he lets the panting spirit free
a hundred virtues rise in the
Shapes of mercy, charity and love

God our Creator
Throughout time and eternity you have heard our call
We always thought that 911 was the call for help.
These past few weeks....on that date we call on the help from
A higher (the highest) power.

We gather today..we stop and offer a prayer
The city is in a state of panic and many are in grief
Families are uncertain of the fate of their loved one

Panic and terror are the temporary emotion of the day
Fear and darkness have like the cloud of ash and smoke
Clothed the psyche of the city.

Our city has been in chaos
Firefighters, EMS, Police, Medical, Clergy, Military, City, State,
Federal agencies, and a battalion of volunteers all are helping
In the task at hand. They had been since that Tuesday trying
To do their job.
Search and rescue and now recovery. The task is not so
Simple.
It takes many, many hands.

All New Yorkers have a common purpose
Bonded in the feeling that despite the fear, the tears and
Fatigue-
We will all get through this difficult time with God's help.

With the helping hands of strangers...the fallen will be found
With the hands of others...*they will all be brought home*

On that Tuesday afternoon, zooming south in a squad car
Down the West Side highway-
Some New Yorkers gathered
To walk the world and bless it"

As members of this city council
Let us raise our one voice and say: Amen

AMEN

Council Member Rivera moved to spread the Invocation in full upon the Record.

ADOPTION OF MINUTES

Council Member Quinn moved that the Minutes of the Stated Meetings of August 22nd, September 13th, and September 21, 2001 be adopted as printed.

MESSAGES AND PAPERS FROM THE MAYOR

of this section (whether or not rendered in a New York city eligible position); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision b (whether or not rendered in a New York city eligible position); and

(B) each such participant shall contribute an additional two and eighty-five one-hundredths percent of his or her compensation earned from all credited service (whether or not in a physically taxing position) rendered on and after the commencement date of the first payroll period which begins after January first, nineteen hundred ninety-eight and prior to the commencement date of the first payroll period which begins subsequent to the effective date of the chapter of the laws of two thousand one which amended this item (1) while such person is a participant in such program; and (2) before such person becomes such a participant pursuant to paragraph one or two of subdivision b of this section (whether or not rendered in a New York city eligible position); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision b (whether or not rendered in a New York city eligible position); and

(C) each such participant shall contribute an additional one and eighty-five one-hundredths percent of his or her compensation earned from all credited service (whether or not in a physically taxing position) rendered on and after the commencement date of the first payroll period which begins subsequent to the effective date of the chapter of the laws of two thousand one which added this item (1) while such person is a participant in such program; and (2) before such person becomes such a participant pursuant to paragraph one or two of subdivision b of this section (whether or not rendered in a New York city eligible position); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision b (whether or not rendered in a New York city eligible position); and

(ii) each such participant who is employed in a physically taxing position (as defined in paragraph eleven of subdivision a of this section) shall contribute, in addition to the additional member contributions required to be made at the percentage of compensation specified in subparagraph (i) of this paragraph for the credited service specified in such subparagraph (i), an additional one and ninety-eight one-hundredths percent of his or her compensation earned from that portion of such credited service which is rendered in a physically taxing position on and after the starting date of the twenty-five-year early retirement program (A) while such person is a participant in such programs and (B) before such person becomes such a participant pursuant to paragraph one or two of subdivision b of this section; and (C) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision b.

(iii) notwithstanding the provisions of subparagraphs (i) and (ii) of this paragraph, a person who becomes a participant in the twenty-five-year early retirement program provided by this section, who prior to such membership was subject to the provisions of section six hundred four-b of this article, shall not be required to pay the additional member contributions required by subparagraphs (i) and (ii) of this paragraph for any period of credited service before which such person became a participant pursuant to paragraph one or two of subdivision b of this section and during which such participant was subject to the provisions of such section six hundred four-b and no additional employee contributions were required of such member.

3. Paragraph 1 of subdivision f of section 604-d of the retirement and social security law, as amended by chapter 442 of the laws of 1997, subparagraph (iii) as added by chapter 10 of the laws of 2000, is amended to read as follows:

1. In addition to the member contributions required by section six hundred thirteen of this article, each participant in the age fifty-seven retirement program shall contribute (subject to the applicable provisions of subdivision d of section six hundred thirteen of this article) an additional percentage or additional percentages of his or her compensation to the retirement system of which he or she is a member in accordance with the following schedule:

(i) (A) each such participant shall contribute an additional four and thirty-five one-hundredths percent of his or her compensation earned from all credited service (whether or not in a physically taxing position) rendered prior to the commencement date of the first payroll period which begins after January first, nineteen hundred ninety-eight (1) while such person is a participant in such program; and (2) before such person becomes such a participant pursuant to paragraph one or three of subdivision c of this section (whether or not rendered in a New York city eligible position, and whether rendered before or after the enactment date of the age fifty-seven retirement program); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision c (whether or not rendered in a New York city eligible position); and

(B) each such participant shall contribute an additional two and eighty-five one-hundredths percent of his or her compensation earned from all credited service (whether or not in a physically taxing position) rendered on and after the commencement date of the first payroll period which begins after January first, nineteen hundred ninety-eight and prior to the commencement date of the first payroll period which begins subsequent to the effective date of the chapter of the laws of two thousand one which amended this item (1) while such person is a participant in such program; and (2) before such person becomes such a participant pursuant to paragraph one or three of subdivision c of this section (whether or not rendered in a New York city eligible position); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision c (whether or not rendered in a New York city eligible position); and

(C) each such participant shall contribute an additional one and eighty-five one-hundredths percent of his or her compensation earned from all credited service (whether or not in a physically taxing position) rendered on and after the commencement date of the first payroll period which begins subsequent to the effective date of the chapter of the laws of two thousand one which added this item (1) while such person is a participant in such program; and (2) before such person becomes such a participant to paragraph one or three of subdivision c of this section (whether or not rendered in a New York city eligible position); and (3) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision c (whether or not rendered in New York city eligible position); and

(ii) each such participant who is employed in a physically taxing position (as defined in paragraph eleven of subdivision a of section six hundred four-c of this article) shall contribute, in addition to the additional member contributions required to be made at the percentage of compensation specified in subparagraph (i) of this paragraph for the credited service specified in such subparagraph (i), an additional one and ninety-eight one-hundredths percent of his or her compensation earned from that portion of such credited service which is rendered in a physically taxing position (A) while such person is a participant in such program; and (B) before such person becomes such a participant pursuant to paragraph one or three of subdivision c of this section (whether rendered before or after the enactment date of the age fifty-seven retirement program); and (C) after such person ceases to be a participant, but before he or she again becomes such a participant pursuant to paragraph five of such subdivision c.

(iii) notwithstanding the provisions of subparagraphs (i) and (ii) of this paragraph, a person who becomes a participant in the age fifty-seven early retirement program provided by this section, who prior to such membership was subject to the provisions of section six hundred four-b of this article, shall not be required to pay the additional member contributions required by subparagraphs (i) and (ii) of this paragraph for any period of credited service before which such person became a participant pursuant to paragraph one or three of subdivision c of this section and during which such participant was subject to the provisions of such section six hundred four-b and no additional employee contributions were required of such member.

4. This act shall take effect immediately, provided, however, that the amendments to sections 604-c and 604-d of the retirement and social security law made by sections two and three of this act shall not affect the expiration of such sections and shall expire on the same date as article 15 of such law expires, pursuant to section 615 of the retirement and social security law, as amended.

FISCAL NOTE.--This proposed legislation would amend New York State Retirement and Social Security Law ("RSSL") Sections 445-d, 604-c and 604-d to reduce the Additional Member Contribution Rate ("AMCR") required to be paid by certain Tier II and Tier IV members of the New York City Employees' Retirement System ("NYCERS") and the New York City Board of Education Retirement System ("BERS") who participate in the Optional Retirement Programs ("ORPs") as provided for by Chapter 96 of the Laws of 1995 ("Chapter 96/95"), (i.e., either the Twenty-Five Year Early Retirement Program ("25-Year Program") or the Age Fifty-Seven Retirement Program ("Age 57 Program")).

The proposed legislation provides that the Effective Date of the reduction in AMCR would be the commencement date of the first payroll period following enactment of the proposed legislation.

IMPACT ON PARTICIPANT CONTRIBUTIONS: Under current law, all NYCERS and BERS Tier II and Tier IV members who participate in the ORPs established under the provisions of Chapter 96/95 (as amended effective from January 1, 1998) pay an AMCR of 2.85% of salary until they have a maximum of either 25 years of service for Tier II members or 30 years of service for Tier IV members.

In addition, participants in Physically-Taxing positions pay an additional AMCR of 1.98% of salary (i.e., a total AMCR of 4.830). The same maximum periods apply as discussed in the preceding paragraph.

This proposed legislation would reduce the AMCR by 1.0% of salary for all 25-Year Program and Age 57 Program participants on and after the Effective Date.

Thus, the current AMCR of 2.85% of salary would be reduced to an AMCR of 1.85% of salary. The total AMCR for participants in Physically-Taxing positions would be reduced from 4.83% of salary to 3.83% of salary.

FINANCIAL IMPACT - OVERVIEW: If enacted into the law, the ultimate employer cost of this proposed legislation will be determined by the benefits paid and the impact of reduced Additional Member Contributions ("AMC").

FINANCIAL IMPACT - GENERAL: If this proposed legislation is enacted into law, the additional employer cost relative to current law will equal the amount by which AMC are reduced, offset by the portion thereof that would be refunded to the participants.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES: Based on the census data and actuarial assumptions described herein, the enactment of this proposed legislation would decrease the Actuarial Present Value ("APV") of benefits by approximately $14.5 million for NYCERS and $2.0 million for BERS, or a total of $16.5 million as of June 30, 2000.

Also, the APV of future AMC would decline by approximately $84.2 million for NYCERS and $9.5 million for BERS, or a total of $93.7 million when measured as of June 30, 2000 but calculated as though effective July 1, 2001.

Consequently, the APV of net future employer contributions (i.e., the decrease in the APV of future AMC less the decrease in the APV of benefits) would increase by approximately $69.7 million for NYCERS and $7.5 million for BERS, or a total of $77.2 million as of June 30, 2000.

As of June 30, 2000, NYCERS continued to report a significant "Asset Cushion." This "Asset Cushion" represents the portion of the NYCERS assets in excess of APVB minus the APV of future employee contributions.

Until dissipated, this "Asset Cushion" may serve as a temporary offset to increases in NYCERS employer costs and could result in lesser or no increases in employer contributions to NYCERS for certain benefit improvements.

However, once recognized, an "Asset Cushion" may be subject to depletion due to adverse investment experience (e.g., lesser than expected asset yields), accelerated retirement patterns or greater than expected wage increases.

In addition, improvement in Plan benefits, which increase employer costs, would also reduce this Asset Cushion.

Once this "Asset Cushion" is depleted, then any increase in NYCERS employer costs would also result in equivalent increases in employer contributions.

Estimated June 30, 2001 assets and liabilities indicate that an Asset Cushion may still remain for NYCERS as of that date.

Note, however, that due to wage increases and less-than-expected investment returns during Fiscal Year 2001, the NYCERS Asset Cushion is likely to be dissipated by June 30, 2002.

FINANCIAL IMPACT - EMPLOYER CONTRIBUTIONS: If enacted during the 2001 Legislative Session after June 30, 2001 but before June 30, 2002, increased employer costs attributable to this proposed legislation would be determined for Fiscal Year 2002.

However, assuming the NYCERS Asset Cushion still exists as of June 30, 2001, the enactment of the proposed legislation would not result in an increase in employer contributions to NYCERS during Fiscal Year 2002.

Note: if the entire NYCERS Asset Cushion were to be dissipated by June 30, 2001, the increase in Fiscal Year 2002 employer contributions for NYCERS would equal, at most, the increase in its annual employer cost.

For Fiscal Years 2003 and after, the additional annual employer contributions for this proposed legislation would be expected to equal the additional annual employer costs.

OTHER COSTS: Not measured in this Fiscal Note is the impact of this proposed legislation on administrative costs of NYCERS and BERS and their participating employers.

Note: additional administrative costs are expected to be modest.

SUMMARY TABLE: The following table summarizes the Additional APV of benefits ("APVB"), Additional APV of Future Employer Contributions, Estimated First Year Additional Employer Costs and Estimated Additional Fiscal Year 2002 Employer Contributions.

Estimated Financial Impact to Reduce By One Percent of Salary
The Additional Member Contributions
Payable to the Optional Retirement Programs Provided by
Chapter 96/95*

($ Millions)

Retirement System	Additional APVB	Additional APV of Future Employer Contributions**	Estimated First Year Additional Employer Costs*#	Estimated Additional Fiscal Year 2002 Employer Contributions#
NYCERS	$ (14.5)	$ 69.7	$ 8.1	$ 0.0
BERS	(2.0)	7.5	0.9	0.9
Total	$ (16.5)	$ 77.2	$ 9.0	$ 0.9

* Based on the Actuary's actuarial assumptions and methods in effect as of June 30, 2000.

** Equals change in APVB plus decrease in APV of future member contributions.

*# Estimated Additional Employer Costs are determined without regard to the funded status of the Retirement Systems and represent the best estimates of the ultimate annual financial burden of the proposed legislation.

Estimated Additional Employer Contributions reflect the estimated funded status of the Retirement Systems as of June 30, 2001. The amounts shown would be effective Fiscal Year 2002 if passed by the Legislature and signed by the Governor before June 30, 2002. Should the NYCERS Asset Cushion be dissipated as of June 30, 2001, the estimated additional employer contributions for Fiscal Year 2002 would equal the estimated additional employer costs.

For Fiscal Years after Fiscal Year 2002, the additional employer contributions are expected to equal the additional assumed employer costs.

CENSUS DATA: The census data used for the estimates of APV of benefits, APV of future AMC, and employer costs and employer contributions presented herein are the 1,282 Tier II active NYCERS members with salaries of approximately $72.3 million and the 26,088 Tier IV active NYCERS members with salaries of $1,037.6 plus the 79 Tier II active BERS members with salaries of $4.5 million and the 4,787 Tier IV active BERS members with salaries of approximately $112.0 million participating in the 25-Year Program and Age 57 Program and included in the June 30, 2000 actuarial valuations of NYCERS and BERS.

The census date for NYCERS used for the above estimates includes 26,383 Clerical (i.e., non-uniformed) and 987 EMT members of NYCERS participating in either the 25-Year Program or the Age 57 Program as of June 30, 2000. Not included are 65 Triborough Bridge and Tunnel Authority members who also participate in these programs.

These number counts and salaries compare with the total group of 4,999 active Tier II members of NYCERS with salaries of approximately $258.7 million and the 155,392 active Tier IV members of NYCERS with salaries of approximately $7,054.3 million plus the 306 Tier II active BERS members with salaries of $12.8 million and the 23,515 Tier IV active BERS members with salaries of approximately $617.9 million.

ACTUARIAL ASSUMPTIONS AND METHODS: Additional APV of benefits and member contributions, employer costs and employer contributions herein have been calculated based on the actuarial assumptions and methods in effect for NYCERS and BERS as of June 30, 2000.

Employer costs have been estimated assuming the additional APV of benefits and reductions in APV of member contributions are financed through future normal contributions.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2001 Legislative Session. It is Fiscal Note 2001-21, dated August 31, 2001 prepared by the Chief Actuary for the New York City Employees' Retirement System and the New York City Board of Education Retirement System.

Communication from the Mayor - Submitting the name of Jane Gol to the Council for its advice and consent regarding her appointment as a member of the City Planning Commission, pursuant to Section 31 and 192 of the New York City Charter.

August 7, 2001

Honorable Peter F. Vallone
Speaker
New York City Council
City Hall New York, NY 10007

Dear Mr. Speaker:

Pursuant to Sections 31 and 192 of the New York City Charter, I am pleased to present the name of Jane Gol to the City Council for its advice and consent regarding her appointment as a member of the City Planning Commission.

Ms. Gol is a graduate of Cornell University. She is co-founder of Continental Equities and has experience in all areas of real estate finance, acquisition, sales, and property management.

Ms. Gol will succeed Kathy Hirata Chin on the Planning Commission, and serve for the remainder of a five-year term that expires on June 30, 2005.

I thank you and the City Council for considering this appointment.

Sincerely,

Rudolph W. Giuliani
Mayor

Exemptions and Late Filings

Dear Speaker Vallone:

Section 2-08(e)(10) of the Procurement Policy Board Rules requires the Board to furnish the City Council with periodic reports concerning permission for late VENDEX filings and exemptions.

During the period July 1 through September 30, 2001, the Mayor's Office of Contracts did not grant permission for any late VENDEX filing or exemption.

Sincerely,

Michael Stoller
Executive Director

NEW FOUNDATIONS

PROGRAM SUMMARY

New Foundations is a new HPD homeownership program that provides developers with maximum flexibility and encourages the participation of small contractors and developers. New Foundations calls for the construction of one-to-four family owner-occupied homes and cooperative/condominium units. Developers are responsible for the design, construction and marketing of the homes. The program offers no direct City subsidies; developers are responsible for obtaining or providing all necessary construction financing from private sources. HPD will work with developers to expedite required regulatory approvals. There are no income restrictions for homebuyers and no limitations on the rents which may be charged by homeowners for any rental units. At least one unit in the home must remain owner-occupied for twenty years following the initial purchase of the home from the developer. In March 2000, HPD issued the first New Foundations RFP which included 66 vacant, City-owned lots in the Bronx and Brooklyn. Developers have been selected, and construction is expected to begin in Spring 2001 on an estimated 670 units.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20-year term.

PARTNERSHIP NEW HOMES

PROGRAM SUMMARY

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $75,000).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20-year term.

HUD SECTION 202 SUPPORTIVE HOUSING FOR THE ELDERLY

PROGRAM SUMMARY:

The U.S. Department of Housing and Urban Development (HUD) Section 202 Supportive Housing Program for the Elderly program provides for new construction of rental units to house elderly persons of very low income. Not-for-profit sponsors organized under Article XI of state Private Housing Finance Law are chosen by HUD, and purchase City or privately owned land for the project. Construction and permanent financing of the project will be financed through a HUD capital advance and operations will be supported by a HUD rental assistance contract. The City provides a subsidy through the tax exemption to ensure affordability to the targeted income population.

EXEMPTION DESCRIPTION:

Pursuant to Section 422 of the Real Property Tax Law, no taxes are paid on the land after conveyance during the term of construction (about 18 months) until the issuance of a temporary or permanent Certificate of Occupancy at which time the exemption and partial payment in lieu of taxes takes effect.

Upon issuance of the temporary or permanent Certificate of Occupancy, an exemption from property taxes will be granted for all of the value of the property in the project (except assessments for local improvements) for the period of the HUD mortgage, but no more than 40 years.

A payment in lieu of taxes of will be made to the City annually. This amount represents 10% of annual shelter rents for the project, arrived at a by a formula established by HPD and HUD. In addition, an amount equal to 25 % of any annual increases in actual rents will be added, provided that such partial annual payment never exceeds 17% of contract rents or the amount that would otherwise be paid in the absence of any exemption.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 2063

Resolution approving a partial exemption from real property taxes for property located at East 158th Street (Block 2379, Lot 49), 462 East 158th Street, 3097 Third Avenue, 3089 Third Avenue, 3087 Third Avenue, 3085 Third Avenue (Block 2379, Lots 50, 51, 52, 53, and 54), Third Avenue (Block 2379, Lot 55), Third Avenue (Block 2379, Lot 56), 3079 Third Avenue (Block 2379, Lot 57), and 459 East 157th Street (Block 2379, Lot 60), The Bronx, pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. 1196).

By Council Member Berman

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated August 15, 2001 that the Council take the following action regarding a housing project to be located at East 158th Street (Block 2379, Lot 49), 462 East 158th Street, 3097 Third Avenue, 3089 Third Avenue, 3087 Third Avenue, 3085 Third Avenue (Block 2379, Lots 50, 51, 52, 53, and 54), Third Avenue (Block 2379, Lot 55), Third Avenue (Block 2379, Lot 56), 3079 Third Avenue (Block 2379, Lot 57), and 459 East 157th Street (Block 2379, Lot 60), Borough of the Bronx ("the Project"):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on October 12, 2001;

Whereas, the Council has considered the financial implications relating to the Project;

Resolved:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

All of the value of the property in the Project, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

All of the value of the property in the Project, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use) shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $43,192 which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25 %) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17 %) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

Res. No. 2065

Resolution approving an Urban Development Action Area Project located at Block 3122/Lots 1, 3, 4, 54; Block 2992/Lots p/o 60, 63, the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1128; 20015437 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 29, 2001 its request dated May 9, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at Block 3122/Lots 1, 3, 4, 54; Block 2992/Lots p/o 60, 63, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on October 1, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

L.U. No. 1149

Report of the Committee on Finance in favor of approving Application no. 20025012 HAX, an Urban Development Action Area Project known as Melrose Commons -Phase III, located in Community Board 1, Council District no. 17, Borough of the Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Finance to which was referred on October 12, 2001 (earlier referred to the Committee on Land Use on July 26, 2001) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, see the Report of the Committee on Finance for L.U. No. 1196 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 2067

Resolution approving an Urban Development Action Area Project located at East 157th, 158th, and 159th Streets between Melrose and Courtlandt Avenues (Block 2404/Lots 13-16, 25, 26, 28 and 31; Block 2404/Lots 32 and 34-37; Block 2405/Lots 1, 3, 17, P/O 19, 21 and 22; Block 2405/Lots 26, 27, 28, 30-38; Block 2405/Lots 4, 5, 7, and 8); the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1149; 20025012 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on July 19, 2001, its request dated July 5, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at East 157th, 158th, and 159th' Streets between Melrose and Courtlandt Avenues (Block 2404/Lots 13-16, 25, 26, 28 and 31; Block 2404/Lots 32 and 34-37; Block 2405/Lots 1, 3, 17, P/O 19, 21 and 22; Block 2405/Lots 26, 27, 28, 30-38; Block 2405/Lots 4, 5, 7, and 8); Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on October 1, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Reports of the Committee on Land Use

L.U. No. 1106

Report of the Committee on Land Use in favor of approving Uniform land review procedure application no. C 010551 HAX, an Urban Development Action Area Designation, Project and the disposition of such property located on a portion of Site 9 within the Melrose Commons Urban Renewal

Area, Borough of the Bronx, Council District no. 17. This matter is subject to Council review and action pursuant to §197-c and §197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which was referred on May 23, 2001 (Minutes, page 1458) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property generally located on the eastern portion of the block bounded by Third Avenue and Elton Avenue and E. 157th Street and E. 158th Street, Site 9 within the Melrose Commons Urban Renewal Area (Block 2379, Lots 49-57 and 60), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development.

The intent is to facilitate the construction of a seven-story building, tentatively known as La Casa de Felicidad, with 84 units of housing for elderly persons of low-income, plus one superintendent's unit.

The Committee recommends that the Council approve the attached resolution and thereby approve the designation of the area and the project, approve the disposition, make the findings required by Article 16 of the General Municipal Law and approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2068

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 010551 HAX, approving the designation of property generally located on the eastern portion of the block bounded by Third Avenue and Elton Avenue and E. 157th Street and E. 158th Street, Site 9 within the Melrose Commons Urban Renewal Area (Block 2379/Lots 49-57 and 60), as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer selected by the Department of Housing Preservation and Development (L.U. No. 1106; C 010551 HAX).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on August 16, 2001 its decision dated August 8, 2001 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of property generally located on the eastern portion of the block bounded by Third Avenue and Elton Avenue and E. 157th Street and E. 158th Street, Site 9 within the Melrose Commons Urban Renewal Area (Block 2379/Lots 49-57 and 60), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development (the "Disposition") (ULURP No. C 010551 HAX) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on October 1, 2001;

Whereas, the Council has considered the relevant environmental review (CEQR No. 88087X) and the Final Environmental Impact Statement for which a notice of completion was issued on April 15, 1994;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

The Council finds that consistent with social, economic and other essential considerations:

1. From among the reasonable alternatives thereto, the action to be approved is one which minimizes or avoids adverse environmental impacts to the maximum extent practicable; and

2. The adverse environmental impacts revealed in the FEIS will be minimized or avoided to the maximum extent practicable by incorporating as conditions to the approval those mitigative measures that were identified as practicable.

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 010551 HAX).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1107

Report of the Committee on Land Use in favor of approving Uniform land use review procedure, application no. C 010593 HUK, pursuant to §197-c and §197-d of the Charter of the City of New York and §505 of the General Municipal Law concerning the approval of an amendment to the West Bushwick Urban Renewal Plan, Borough of Brooklyn, Council District no. 34.

The Committee on Land Use to which was referred on May 23, 2001 (Minutes, page 1458) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the West Bushwick Urban Renewal Plan, for the West Bushwick Urban Renewal Area.

The intent is to facilitate development of new housing, open space community facilities and commercial space.

The Committee recommends that the Council approve the attached resolution and thereby approve the designation of the area, approve the plan, make the findings required by Article 15 of the General Municipal Law and approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2069

Resolution approving the West Bushwick Urban Renewal Plan, approving the designation of the area and approving the decision of the City Planning Commission on ULURP No. C 010593 HUK (L.U. No. 1107).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on August 29, 2001, its decision and report dated August 22, 2001 (the "Decision"), on the application submitted by the New York City Department of Housing Preservation and Development ("HPD"), pursuant to Section 505 of the General Municipal Law of New York State and Section 197-c of the New York City Charter, regarding the proposed Urban Renewal Plan (the "Plan") for the West Bushwick Urban Renewal Area (the "Area") (ULURP No. C 010593 HUK) (the "Application");

Whereas, the Application is related to ULURP application numbers C 010594 ZMK (L.U. No. 1108), an amendment to the Zoning Map and C 010595 HAK (L.U. No. 1109), an urban development action area designation, project and disposition of city-owned property;

Whereas, the City Planning Commission has certified that the Plan for the Area complies with the provisions of Section 502 of the General Municipal Law, conforms to the comprehensive community plan for the development of the municipality as a whole and is consistent with local objectives, and that the Plan is in conformity with the findings and designation of the Area;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Area Designation is subject to review and action by the Council pursuant to Section 504 of the General Municipal Law;

Whereas, the Plan is subject to review and action by the Council pursuant to Section 505 of the General Municipal Law;

Whereas, the New York City Department of Housing Preservation and Development submitted to the Council its request dated August 10, 2001 regarding the Application;

Whereas, upon due notice, the Council held a public hearing on the Decision and the Plan on October 1, 2001;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on April 27, 2001 (CEQR No. 01HPD012K); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and the Plan;

Resolved:

The Council finds that this action will have no significant effect on the environment.

Pursuant to Section 504 of the General Municipal Law, the Council approves the Designation of the Area.

Pursuant to Section 505(4) of the General Municipal Law, the Council finds that:

1. The Area is a substandard or insanitary area or is in danger of becoming a substandard or insanitary area and tends to impair or arrest the sound growth and development of the municipality;

2. The financial aid to be provided to the municipality is necessary to enable the project to be undertaken in accordance with the Plan;

3. The Plan affords maximum opportunity to private enterprise, consistent with the sound needs of the municipality as a whole, for the undertaking of an urban renewal program;

4. The Plan conforms to a comprehensive community plan for the development of the municipality as a whole;

5. There is a feasible method for the relocation of families and individuals displaced from the Area into decent, safe and sanitary dwellings, which are or will be provided in the Area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, at rents or prices within the financial means of such families or individuals, and reasonably accessible to their places of employment; and

6. The undertaking and carrying out of the urban renewal activities in stages is in the best public interest and will not cause any additional or increased hardship to the residents of the Area.

Pursuant to Section 505 of the General Municipal Law, the Council approves the Urban Renewal Plan for the West Bushwick Urban Renewal Area, dated April 2001.

Pursuant to Section 197-d of the New York City Charter, and on the basis of the Decision and Application, the Council approves the Decision.

JUNE M. EISLAND, Chairperson; MARY PINKETT, ARCHIE SPIGNER, HERBERT E. BERMAN, NOACH DEAR, WALTER L. MCCAFFREY, MARTIN MALAVE-DILAN, GUILLERMO LINARES, A. GIFFORD MILLER, BILL PERKINS, CHRISTINE QUINN, MICHAEL J. ABEL. Committee on Land Use, October 4, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1108

Report of the Committee on Land Use in favor of approving Uniform land use review procedure application no. C 010594 ZMK, pursuant to §197-c and §197-d of the New York City Charter, concerning changes to the zoning map, Borough of Brooklyn, Council District no. 34.

The Committee on Land Use to which was referred on May 23, 2001 (Minutes, page 1459) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 13b:

1) changing from an M1-1 District to an R7-2 District property bounded by Garden Street, Forrest Street, Stanwix Street, Melrose Street, Bushwick Avenue, Arion Place, Beaver Street, and a line 100 feet southerly of Flushing Avenue; and

2) establishing within the proposed R7-2 District a C2-4 district bounded by:

a) Garden Street, Bushwick Avenue, Arion Place, Beaver Street, a line perpendicular to the northeasterly street line of Beaver Street distant 400 feet northwesterly from the intersection of the northeasterly street line of Beaver Street and a street line perpendicular to the terminus of the southwesterly street line of Bushwick Avenue; and

b) Forrest Street, a line 100 feet northeasterly of Bushwick Avenue, a line 100 feet northwesterly of Melrose Street, Stanwix Street, Melrose Street, and Bushwick Avenue, as shown on a diagram (for illustrative purposes only) dated May 7, 2001.

The intent is to facilitate development of new housing, open space, community facilities and commercial space.

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2070

Resolution approving the decision of the City Planning Commission on ULURP No. C 010594 ZMK, a Zoning Map change (L.U. No. 1108).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on August 29, 2001 its decision dated August 22, 2001 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 010594 ZMK) (the "Application");

Whereas, the Application is related to ULURP application numbers C 010593 HUK (L.U. No. 1107), establishment of the Bushwick Urban Renewal Plan and C 010595 HAK (L.U. No. 1109), an urban development action area designation, project and disposition of city-owned property;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on October 1, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on April 27, 2001 (CEQR No. O1HPD012K);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 13b,

1) changing from an Ml-1 District to an R7-2 District property bounded by Garden Street, Forrest Street, Stanwix Street, Melrose Street, Bushwick Avenue, Arion Place, Beaver Street, and a line 100 feet southerly of Flushing Avenue; and

2) establishing within the proposed R7-2 District a C2-4 district bounded by:

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2072.

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 010524 HAM, approving the designation of 169/71,173/75,177 and 179 E.109' Street (Block 1637/Lots 28, 30, 31 and 32), Manhattan, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project and approving the disposition of such property to a developer selected by the Department of Housing Preservation and Development (L.U. No. 1110; C 010524 HAM).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on August 16, 2001 its decision dated August 8, 2001 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 169/71, 173/75, 177 and 179 E. 109t" Street (Block 1637/Lots 28, 30, 31 and 32), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development (the "Disposition") (ULURP No. C 010524 HAM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application by submission dated September 5, 2001;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on October 1, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 010524 HAM).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

The intent of the Application –

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law.

The Committee recommends that the Council approve the prepared resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, make the findings required by Article 16 of the General Municipal Law and refer the items to the Finance Committee.

Report of the Committee on Land Use in favor of approving Zoning resolution amendment application no. 010629 ZRM, pursuant to §197-d and §200 of the New York City Charter, concerning changes in the text of the zoning resolution, Borough of Manhattan, Council District no. 1, relating: to amendments to the Special Battery Park City District Sections 84-144 and Appendix 2.4 that would allow the enlargement of the Museum of Jewish Heritage.

The Committee on Land Use to which was referred on August 22, 2001 (Minutes, page 2840) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Battery Park City Authority, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Article VIII, Chapter 4 concerning the mandatory front building walls, curb cut location and mandatory arcades regulations of Sections 84-132, 84-144 and Appendices 2.4 and 2.6 of the *Special Battery Park City District.*

The intent is to facilitate the proposed expansion of the existing Jewish Museum located on Site 14 in the Battery Place South Residential Neighborhood of Battery Park City.

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2073

Resolution approving the decision of the City Planning Commission on Application No. N 010629 ZRM, an amendment to the text of the Zoning Resolution regarding Article VIII, Chapter 4 concerning the mandatory front building walls, curb cut location and mandatory arcades regulations of Sections 84-132, 84-144 and Appendices 2.4 and 2.6 of the *Special Battery Park City District* (L.U. No. 1158).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on August 16, 2001 its decision dated August 8, 2001 (the "Decision"), on the application submitted by the Battery Park City Authority, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution (Application No. N 010629 ZRM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on October 1, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Whereas, a Technical Memorandum submitted by Battery Park City Authority dated May 2, 2001, examined this application in relation to the original FEIS issued on August 19, 1981. In a letter dated May 16, 2001, BPCA determined a Supplemental EIS was not required. The proposed project would not have the potential for resulting in any significant adverse impacts; and

Resolved:

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Matter in Graviolet is new, to be added;
Matter in ~~Strikeout~~ is old, to be deleted;

84-132 Mandatory front building walls

Except as set forth in paragraph (f) and (i) of this Section, where Appendices 2.1 or 3.1 shows a requirement for a #development# in Zone A to be built to a #mandatory front building wall line#, any such #development# shall have a mandatory front building wall coincident with and constructed along such #mandatory front building wall line#, which shall rise without setback for a height above #curb level# as specified in this Section, except that, at building entrances, openings below the second #story-# ceiling in the mandatory front building walls will be permitted to provide access to courtyards:

(a) except as set forth in paragraph (d) of this Section, with respect to any 60-85 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet;

(b) with respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet. However, a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#;

(c) on the portion of any #zoning lot# designated as a #special height location# in Appendix 2.2, a height of not less than the applicable amount set forth in paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (d)(1) of Section 84135 (Limited height of buildings);

(d) with respect to any #zoning lot# south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above #curb level#;

(e) with respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 3.1, a

height of not less than 110 feet nor more than 135 feet;

(f) with respect to any 110-230 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 110 feet nor more than 230 feet, except that:

(1) the length of the mandatory front building wall in excess of a height of 135 feet shall not exceed 120 feet along any frontage;

(2) where the length of the #mandatory front building wall line# along #street lines# intersecting North End Avenue exceeds 100 feet, the mandatory front building wall in excess of a height of 135 feet shall not exceed a length of 75 feet along North End Avenue. However, the length of the mandatory front building wall along #street lines# intersecting North End Avenue may be reduced to not less than 100 feet in order to accommodate landscaping and other improvements within or adjacent to the public open space areas shown in Appendix 3.6;

(3) a setback of ten feet at a height of 135 feet is required along all street frontages, except Park Place West, at a height of 135 feet;

(4) a setback of not less than five feet and not more than ten feet is required in other locations at a height of 135 feet, as shown in Appendix 3.1; and

(5) a setback of not less than five feet is required at a height of 210 feet on all sides of the building, except for #special height locations# provided in Section 84-135 (Limited height of buildings) and shown in Appendix 3.2;

(g) with respect to any 150-250 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet; except that the height may not exceed either 150 feet for more than 120 feet or 75 percent of the length of the site's western property line, whichever is less, and a setback of not less than five feet and not more than ten feet is required at a height of 150 feet. Where Appendix 3.1 shows a requirement for a #development# to be built to a #mandatory front building wall line# along frontage on River Terrace, any such #development# may have a mandatory front building wall coincident with and constructed along a line set back one and one-half feet from the #street line# along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority; and

(h) on the portion of any #zoning lot# designated as a #special height location# in Appendix 3.2, a height of not less than the applicable amount set forth in paragraphs (e), (f) or (g) of this Section and not more than the height shown in Appendix 3.2.

(iv) on the #zoning lot# south of First Place and west of Battery Place, the eastern mandatory front building wall may be located within 30 feet from the eastern #mandatory front building wall line#, and the southern mandatory front building wall may be reduced in length up to 30 feet along the southern #mandatory front building wall line# within 30 feet from the intersection with the western #mandatory building wall line#.

Subject to the provisions of Section 84-133 (Front wall recesses), the mandatory front building wall requirements set forth in this Section shall also apply to all #developments# along all #street lines# within 50 feet of their intersection with any #mandatory front building wall line#. For the next 20 feet along the #street line#, the mandatory front building wall requirements are optional except that, for any #development# north of Vesey Street and Vesey Place, the mandatory front building wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along #street lines# or to #developments# not subject to the mandatory front building wall requirements.

***

84-144 Location of curb cuts

Curb cuts are permitted only in the areas or locations indicated in Appendix 2.6 and Appendix 3.5. The aggregate width of all curb cuts provided for any #development# shall not exceed 20 feet, except that:

(a) for the #zoning lot# bounded to the north by a mapped public place, to the west by North Park, to the south by Chambers Street, and, to the east by Marginal Street, the aggregate width of all curb cuts shall not exceed 40 feet;

(b) for the #zoning lot# bounded by Warren Street to the north, River Terrace to the west, North End Avenue to the east and Park Place West to the south, the aggregate width of all curb cuts shall not exceed 30 feet, comprised of two 15 foot curb cuts;

(c) for the #zoning lot# bounded by Murray Street to the north, River Terrace to the west, North End Avenue to the east and Vesey Place to the south, the aggregate width of all curb cuts shall not exceed 40 feet, including a 25 foot wide curb cut to the #accessory# off-street parking facility;

(d) for the #zoning lot# south of First Place and east of Battery Place, the aggregate width of all curb cuts shall not exceed 50 feet; and

(e) for each #zoning lot# located on the east side of Battery Place between First Place and Third Place, the aggregate width of all curb cuts shall not exceed 40 feet.

(f) for the #zoning lot# south of First Place and west of Battery Place, the aggregate width of all curb cuts shall not exceed 24 feet.

District no. 20. (Non-ULURP no. 20015387 SCQ)

The Committee on Land Use to which was referred on September 21, 2001 (Minutes, page) the annexed Land Use resolution respectfully

REPORTS:

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for a proposed public school facility known as the P.S. 244-Q generally located at 137-20 and 138-02 Franklin Avenue, with a capacity of up to 400 seats (Block 5137, Lot 43 and 54 and any other property in the immediate area which may be necessary for the proposed project in the Borough of Queens) for Community School District 25.

The intent is to facilitate the development of a 400-seat early childhood Center for Community School District 25.

The Committee recommends that the Council approve the attached resolution and thereby approve the site plan.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 2080

Resolution approving the site plan for Public School 244-Queens (P.S.244-Q), to be located generally at 137-20 and 138-02 Franklin Avenue, Queens (Non-ULURP No. 20015387 SCQ; L.U. No. 1191).

By Council Members Eisland and Sabini

Whereas, the New York City School Construction Authority submitted to the Council on September 25, 2001, a site plan pursuant to Section 1732 of the New York State Public Authorities Law for a public school facility known as P.S. 244-Queens, an early childhood center with a capacity of up to 400 seats to serve kindergarten through third grades, Community School District 25, to be located generally at 137-20 and 138-02 Franklin Avenue (Block 5137/Lots 43 and 54), Flushing, Borough of Queens (the "Site Plan");

Report of the Committee on Rules, Privileges and Elections

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Rules, Privileges and Elections and had been favorably reported for adoption.

M-1307

Report of the Committee on Rules, Privileges and Elections in favor of appointing Victor L. Robles as City Clerk and Clerk of the Council

The Committee on Rules, Privileges and Elections to which was referred on October 12, 2001 the annexed communication respectfully

REPORTS:

Memo: The office and duties of the City Clerk and the Clerk of the Council are set forth in Section 48 of Chapter 2 of the City Charter. The Council shall appoint the Clerk who shall hold this office for six years. The City Clerk may be removed on charges by a two-thirds vote of all the council members. Such a decision shall be subject to judicial review. The City Clerk receives a salary of $147,345.

The City Clerk is responsible for maintaining a record of the proceedings of the Council as well as having charge of all papers and documents of the City, except those otherwise specifically committed to other agencies or departments. The City Clerk maintains a record of the local laws of the City, the "Street Franchise Book", the filing under the Public Disclosure Law, marriage records, domestic partnership records, Lobbyist Law and Commissioners of Deeds.

The Clerk and his deputies are similarly vested with the authority to perform the requisite ceremonies for marriage and administer the examinations for appointment to the position of Commissioner of Deeds.

VICTOR L. ROBLES, the nominee of the Council, appearing before the Committee, this date, is being recommended for appointment by the Council to serve the term which will expire on May 12, 2006.

The nominee's biography has been presented for the Committee's review.

After reviewing the relevant material and interviewing the nominee, the Committee recommends the following:

Pursuant to Section 48 of the New York City Charter, the Committee on Rules, Privileges and Elections hereby approves the appointment of VICTOR L ROBLES as City Clerk and Clerk of the Council for the term expiring May 12, 2006.

In connection herewith, Council Member Povman offered the following resolution:

Res. No. 2081

Resolution approving the Appointment of Victor L. Robles as City Clerk and Clerk of the Council

By Council Member Povman

Resolved, that pursuant to Section 48 of the New York City Charter, the Council hereby approves the appointment of VICTOR L. ROBLES as City Clerk and Clerk of the Council for the term expiring May 12, 2006.

MORTON POVMAN, Chairperson; ARCHIE SPIGNER, HERBERT BERMAN, WENDELL FOSTER, STANLEY E. MICHELS, JUNE M. EISLAND, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, KATHRYN FREED, THOMAS V. OGNIBENE, PETER F. VALLONE, Committee on Rules, Privileges and Elections, October 12, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

M-1293

Report of the Committee on State and Federal Legislation in favor of approving Communication from the Mayor - "AN ACT to amend retirement and social security law, in relation to the improved benefit retirement programs for eligible members of the New York city employees' retirement system and the New York city board of education retirement system". S.5781/A.9423

The Committee on State and Federal Legislation to which was referred on October 12, 2001 the annexed communication respectfully

REPORTS:

In 1995, improved benefit optional retirement programs were established for Tier II and Tier IV members of the New York City Employees' Retirement System (NYCERS) and the Board of Education Retirement System (BERS). Under these programs, by paying additional member contributions, members who have at least the required number of years of service are eligible to retire at an earlier age, without a reduction in benefits. Currently, members who elect participation in the optional retirement programs contribute an additional 2.85% of salary. Those in a physically taxing category contribute a further 1.98% of salary in addition to the 2.85%, bringing their total additional contribution rate to 4.83%.

The legislation would reduce the additional member contribution rates from 2.85% to 1.85%. Thus, ordinary participants would pay additional contributions at a rate of 1.85%, and those in physically taxing categories would pay at an additional member contribution rate of 3.83%.

For fiscal implications, see the Council Finance Division fiscal impact statement.

This legislation has an immediate effective date.

FISCAL IMPACT STATEMENT:

	Effective FY 02	FY Succeeding Effective FY 03	Full Fiscal Impact FY 02
Revenues (+)	0	0	0
Expenditures (-)	$900,000	See Below	$900,000
Net	$900,000	See Below	$900,000

Fiscal Year in which Full Fiscal Impact Anticipated: Fiscal 2002

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: This legislation would result in additional pension contributions for New York City to the Board of Education Retirement System in the amount of $900,000 per year. There will be no additional pension contributions required for New York City to The New York City Employees Retirement System (NYCERS) in Fiscal year 2002. This is the result of the excess assets (AAsset Cushion-) in the NYCERS being sufficient to absorb the required increase in employer contributions of $8.1 million a year. However, the AAsset Cushion- may be subject to depletion due to adverse investment experience, accelerated retirement patterns, greater than expected wage increases or improvement in plan benefits which would require the City to increase its employer contribution at a later date.

SOURCE OF FUNDS TO COVER ESTIMATED COSTS: General Fund

SOURCE OF INFORMATION: City Council Finance Division

Accordingly, Your Committee recommends its adoption.

INTRODUCTION AND READING OF BILLS

Res. No. 2062

Resolution honoring the City of New York's Fire, Police, Emergency Medical Service and all rescue workers for their heroic efforts and sacrifices resulting from the attack of the World Trade Center on September 11, 2001.

By The Entire Council:

Whereas, The attack of the World Trade Center on September 11, 2001 was a day of national tragedy; and

Whereas, In responding to the terrorist attack against the City of New York and the United States, public servants from the New York City Fire Department, Police Department, Emergency Medical Services ("EMS") and other rescue workers rushed to the disaster scene; and

Whereas, As the events of September 11th were unfolding, the entire world witnessed true acts of heroism and courage as the City's bravest, finest and EMS personnel ran into the World Trade Center with the primary mission to rescue those who were still inside the Twin Towers; and

Whereas, Without hesitation these public servants and other rescue workers responded immediately to the terrorist attack risking and, in many tragic instances, sacrificing their lives; and

Whereas, The unforgettable acts of these individuals have created a renewed sense of national pride and unity throughout the United States and the world community; and

Whereas, These heroic acts not only served the immediate needs of the City of New York at its darkest hour, but their bravery and sacrifice served the entire Nation at a time of crisis; now, therefore, be it

Resolved, That the Council of the City of New York:

(1) expresses its profound sorrow for the deaths and injuries suffered by the City's Fire, Police, EMS and other rescue workers as they endeavored to save innocent people in the aftermath of the terrorist attacks on the World Trade Center on September 11, 2001;

(2) expresses its deepest sympathies to the families and loved ones of those fallen;

(3) honors those individuals who participated in evacuating and rescuing the innocent people in the World Trade Center after the terrorist attacks; and

(4) commends the countless public servants, institutions and private citizens who worked selflessly to rescue victims and to provide aid and assistance to those injured.

Adopted by the Council on Immediate Consideration.

Res. No. 2083

IN MEMORIAM – WILLIAM M. FEEHAN

By The Entire Council

Whereas, The Council of the City of New York honors the life and mourns the passing of William M. Feehan, First Deputy Fire Commissioner of the City of New York, and extends to him the deepest respect and gratitude for his service to the City and for his bravery in the City's darkest hour; and

Whereas, Commissioner Feehan was among the first New York City firefighters to arrive at the burning World Trade Center, and gave his life working to save the lives of the thousands trapped in the Twin Towers; and

Whereas, Commissioner Feehan held every title within the Fire Department of New York, starting as a Proby Firefighter, appointed on October 10, 1959; and

Whereas, Commissioner Feehan was a Firefighter through 1963, serving in Division 3, Ladder 3 and the Bureau of Fire Prevention before he began his long ascent through the ranks of the FDNY; and

Whereas, That climb took Commissioner Feehan to Lieutenant in 1964, and then to Captain, Battalion Chief, Deputy Chief, Deputy Assistant Chief, Chief of Department, First Deputy Fire Commissioner, Acting Fire Commissioner and, since 1994, First Deputy Fire Commissioner; and

Whereas, As Commissioner Feehan served his City, so did he serve his country as a member of the United States Army, decorated with the Combat Infantry Badge, the Korea Service Medal, the UN Service Medal and the National Defense Service Medal during the Korean War; and

Whereas, The City is pained by the loss of one of its most loyal and dedicated friends, a man who dedicated himself unflaggingly to ensuring the safety of fellow New Yorkers; now, therefore, be it

Resolved, That the Council of the City of New York celebrates the life and mourns the passing of First Deputy Fire Commissioner William H. Feehan, extends its deepest sympathies to his family and friends and adjourns today in his honor.

Adopted.

Res. No. 2084

IN MEMORIAM – PETER J. GANCI, JR

By The Entire Council

Whereas, The Council of the City of New York honors the life and mourns the passing of Peter J. Ganci, Jr., Chief of the New York City Fire Department, and extends to him the deepest respect and gratitude for his service to the City and for his bravery in the City's darkest hour; and

Whereas, Chief Ganci was among the first New York City firefighters to arrive at the burning World Trade Center, and gave his life working to save the lives of the thousands trapped in the Twin Towers; and

Whereas, Chief Ganci was appointed Chief of Department in October 1999, an appointment that was capstone to a truly distinguished legacy of service and commitment to the City of New York; and

Whereas, That career began in 1968, assigned as a firefighter at Engine 92 and Ladder 111, and continued with his promotion to Lieutenant, Captain, Battalion Chief, Deputy Chief, Deputy Assistant Chief and Chief in Charge of the Bureau of Fire Investigation, Assistant Chief of Operations, Chief of Operations, Acting Chief of Department and in October 1999, to Chief of Department; and

Whereas, At Headquarters, Chief Ganci dedicated himself tirelessly to ensuring that the Department was the best it could possibly be, and that his firefighters were equipped with the resources they needed to make it so; and

Whereas, Chief Ganci oversaw great advances in technology and training that allowed firefighters and emergency medical technicians to more effectively respond to fires, as well as a redoubled commitment to focus on fire prevention as well as suppression; and

Whereas, In his long service to the City, Chief Ganci demonstrated the dedication and bravery that truly reflects the best of New York and its people; now, therefore, be it

Resolved, That the Council of the City of New York celebrates the life and mourns the passing of Peter J. Ganci, Jr., Chief of the New York City Fire Department, extends its deepest sympathies to his family and friends and adjourns today in his honor.

Adopted.

Res. No. 2085

IN MEMORIAM – THE REVEREND MYCHAL F. JUDGE

By The Entire Council

Whereas, The Council of the City of New York honors the life and mourns the passing of the Reverend Mychal F. Judge, chaplain of the New York City Fire Department, and extends to him the deepest gratitude and admiration for his distinguished record of courage, compassion and commitment; and

Whereas, Father Judge was among the first New York City firefighters to arrive at the burning World Trade Center, and gave his *life* bringing comfort and solace to the fallen there; and

Whereas, His conduct during this most terrible of tragedies exemplified the great courage and compassion that Mychal Judge displayed throughout his life and his service to the Fire Department of New York City; and

Whereas, Father Judge, a Brooklyn native, joined the Holy Name Province of the Franciscan Friars forty-six years ago; and

Whereas, Father Judge served since 1992 as a chaplain for the New York Fire Department for the boroughs of Manhattan, Staten Island and the Bronx, and was embraced by the firefighters for his wisdom and for the comforting words and guidance he offered; and

Whereas, In addition to his service to the Fire Department, Father Judge worked to console others in need, including families and others bereaved by the 1996 explosion of Trans World Airlines Flight 800; and

Whereas, Father Judge was also widely known for his extensive work with AIDS patients, working to allay physical suffering with spiritual strength; and

Whereas, Along with his friend Detective Steven McDonald of the New York City Police Department, Father Judge traveled to Northern Ireland to encourage peace and reconciliation there; and

Whereas, In both his service to the Fire Department and to the community, Father Mychal Judge proved himself a friend to all who came in need of succor and guidance, offering healing words to those in pain; and

Whereas, Father Mychal F. Judge's peerless devotion has been recognized by Presidents George W. Bush, Bill Clinton and John F. Kennedy; as well as Mayors of the City of New York; now, therefore, be it

Resolved, That the Council of the City of New York celebrates the life and mourns the passing of Father Mychal F. Judge, extends its deepest sympathies to his family and friends and adjourns today in his honor.

Adopted.

Whereupon on motion of the Speaker (Council Member Vallone), the Acting Clerk of the Council adjourned the meeting In Memory of William M. Feehan, Peter J. Ganci, Jr., and the Reverend Mychal F. Judge; the Council was adjourned to meet again on Wednesday, October 31, 2001.

RAYMOND C. TEATUM, First Deputy City Clerk
Acting Clerk of the Council

(Editor's Note: After the adjournment of the Meeting, Victor L. Robles was sworn in as the new City Clerk and Clerk of the Council; Mr. Carlos Cuevas, the former City Clerk, retired in October 2001 after many years of distinguished public service).

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 **or C6-9** District within the South Street Seaport Subdistrict.

REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in italics is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person
Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, ~~and~~ 21 **and 22**.

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ **any** proposed #development# ~~which~~ **that** utilizes **such** transferred #development rights# conforms to **this section and, for those #receiving lots# within the Urban Renewal Area, to** the regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may **grant a special permit to** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and
(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# **or #enlargements#** in the **former** ~~#~~ Special ~~Lower Manhattan~~ **Greenwich Street Development** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.
The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian

connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open tothe public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

The project is partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 3 C 010678 ZSM

Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for the grant of special permits pursuant to the following Sections of the Zoning Resolution:

1. **Section 74-743(a)(1)** to allow the distribution of floor area, lot coverage and dwelling units without regard for zoning lot lines or district boundaries;

2. **Section 74-743(a)(3)** to allow the location of buildings without regard for the applicable yard and height and setback regulations;

3. **Section 74-744(b)** to allow residential and non-residential uses to be arranged in a building without regard for the regulations set forth in Section 32-42; and

4. **Section 74-745** to allow permitted accessory off-street parking spaces to be located without regard for zoning lot lines;

to facilitate the construction of a mixed use general large-scale development consisting of four zoning lots, generally bounded by Bowery, a line midway between East 1st Street and East 2nd Street, Second Avenue, Chrystie Street, and a line 200 feet northerly of Stanton Street (Block 427, Lots 14 and 30, Block 456, part of Lot 1, Block 457, part of Lots 1 and 28), in R8X*/C2-5*, R7-2/C2-5* and C6-1 Districts, partially within the Special Transit Land Use District, in the Cooper Square Urban Renewal Area.

MANHATTAN CB - 11 C 020002 HUM

Application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

6. assigns site numbers in accordance with current practice;

7. amends Exhibit A to reflect the consolidation of tax lots;

8. updates the Proposed Time Schedule;

MANHATTAN CB - 11 C 020003 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

3) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate the construction of a seven story building with approximately 250 units of housing, retail and community facility space.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20025073 HAK, 20025074 HAX and 20025075 HAK.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local LawNo. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section

6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education,

Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

n9-d19

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.
Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from

bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York *10038. Request should be made to* Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing

(OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Construction Related Services

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

CHIEF PROCUREMENT OFFICER (CCPO)

CORRECTED NOTICE

Notice of the Ratification of a Minor Rules Violation

Human Resources Administration (HRA) requested ratification from the City Chief Procurement Officer (CCPO) of the following possible minor rules violations of the City of New York Procurement Policy Board Rules, September 2001:

" Section 1-02(h)(3), Public Notice
" Section 2-10, Supplier Protest
" Section 3-03,(a)(4)(iii-v and viii), (17) and (20), Competitive Sealed Proposals

The CCPO ratified this request on November 2, 2001 and indicated that all possible violations of the Rules are denied, and that the request does not constitute an admission of any violation of the Rules. Further, in ratifying the request from HRA, the CCPO deems that even if the above cited possible minor Rules violations had occurred, they would have had no significant, adverse impact on the competitive process.

The CCPO therefore affirms the following suppliers (contractors) because it is in the best interest of the City to do so, and ratification by the CCPO of the HRA request will not violate any law applicable to the procurement process.

PERSONALITY DISORDERS CLEARINGHOUSE – Competitive Sealed Proposals – Other: describe reason in Other Legally Mandated Information - PIN# 817RFP020004 – DUE 01-09-02 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to establish, through the Request for Proposal procurement process, a contractor for a Personality Disorders Clearinghouse. The anticipated contract term will be July 1, 2002 through June 30, 2005.

PERSONALITY DISORDERS CLEARINGHOUSE: (ONE CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $49,500). REGION: CITYWIDE. The Personality Disorders Clearinghouse will provide a database, resource listing, and printed materials with-up-to-date information related to personality disorders for a wide range of audiences. It will ensure the availability for an information and referral network linking experts, providers, clients, families, and professionals.

MINIMUM QUALIFICATION REQUIREMENT: The proposer shall be an entity duly incorporated in the United States and with corporate purposes consistent with the services to be performed in the Request for Proposals.

Beginning on November 29, 2001, RFP's may be picked up in person at Room 200, 93 Worth Street, New York City, between the hours of 9:00 AM and 5:00 PM on business days. On December 12, 2001, a Pre-Proposal Conference will be held in Room 210E, 93 Worth Street, New York City at 11:00 AM. Proposals must be hand delivered to the Department's Office of Contract Management, Room 200, 93 Worth Street, New York City.

All questions raised at the Pre-Proposal Conference will be recorded. Any substantive questions the Department receives at the conference, as well as those received up to 10 days prior to the proposal submission due date, will be answered and distributed in the form of Addenda to all those known to have received a copy of the RFP. Questions may be delivered to Room 200 at 93 Worth Street, New York City, or faxed to (212) 219-5466.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

EMPIRE STATE DEVELOPMENT CORPORATION

■ NOTICE

Determination and Findings by the Empire State Development Corporation Pursuant to EDPL Section 204 with Respect to the Proposed Development of Site 8 South in the Forty-Second Street Development Land Use Improvement Project

The 42nd Street Development Land Use Improvement Project (the "42nd Street Project") involves the revitalization of approximately 13 acres in midtown Manhattan surrounding West 42nd Street between Broadway and Eighth Avenue from 40th to 43rd Streets. The 42nd Street Project, implemented by 42nd St. Development Project, Inc. ("42DP"), a wholly-owned subsidiary of New York State Urban Development Corporation, doing business as Empire State Development Corporation ("ESD"), and the New York City Economic Development Corporation ("EDC"), was originally approved in 1984. As part of their 1984 approval, the ESD Directors made Determination and Findings as of October 4, 1984 (the "1984 D&F") pursuant to Section 204 of the Eminent Domain Procedure Law ("EDPL") and authorized ESD to acquire, by condemnation if necessary, all or any part of the real property (as such term is defined by Section 3(8) of the New York State Urban Development Corporation Act (the "UDC Act")) located within the 42nd Street Project area.

Pursuant to such authorization, on April 18, 1990, ESD acquired title, by condemnation, to 42nd Street Project Sites 1, 3, 4, 5, 6, 10, and 12. As of January 27, 1994, the ESD Directors made further Determination and Findings (the "1994 D&F"), pursuant to EDPL § 204, specifically with respect to Sites 7 and 8. Pursuant to the 1994 D&F, ESD acquired title, by condemnation, to Site 7 in the fall of 1994 and to Site 8 East in the summer of 1995. The Determination and Findings set forth herein are found to be consistent with and in furtherance of the 1984 D&F and the 1994 D&F.

The original General Project Plan for the 42nd Street Project (the "GPP") envisioned a merchandise mart and hotel at 42nd Street and Eighth Avenue (the western Project sites known as Sites 7 and 8). In 1988, the GPP was amended to expand the range of uses permitted on Site 8 to include either office buildings or a general wholesale mart. The development taking place at Sites 7 and 8 East (the northeast corner of Site 8) includes a hotel and mixed-use development on Site 7 and a hotel and entertainment/retail facilities on Site 8 East.

Site 8 South is directly across Eighth Avenue from the southerly portion of the Port Authority Bus Terminal, being the entire blockface fronting Eighth Avenue between 41st and 40th Streets and extending approximately 400 feet east (toward Seventh Avenue). The proposed development for Site 8 South (hereinafter, the "Project") is the relocation of the New York Times ("NYT") headquarters from the existing building on West 43rd Street to Site 8 South. In June 2000, ESD and 42DP entered into a Memorandum of Understanding (the "MOU") with NYT and Forest City Ratner Companies ("FCR"; together with NYT, the "Developer"). Under the Project, ESD would condemn Site 8 South and 42DP would lease it, pursuant to a long-term ground lease, to Developer for construction of an approximately 1,370,000 square foot office building. Developer would pay all acquisition and transaction costs. Such proposed development is consistent with the 42nd Street Project's existing GPP, and thus no amendment of the GPP is required.

Site 8 North is directly across Eighth Avenue from the northerly portion of the Port Authority Bus Terminal, being the entire blockface fronting Eighth Avenue between 42nd and 41st Streets, extending east toward Seventh Avenue. This parcel, long owned by a partnership which included the Milstein family, was recently auctioned and sold to an entity entirely controlled by a portion of the Milstein family. This new owner has indicated its interest in developing an office building on Site 8 North as part of the 42nd Street Project. Discussions with 42DP regarding the details of proposed development are in a very preliminary stage.

Public Process

On September 24, 2001, a duly noticed public hearing was held in accordance with the provisions of Article 2 of the EDPL (simultaneously with a hearing under Section 6 of the UDC Act) in order, among other things, to inform the public and to review the public use to be served by the Project and the impact on the environment and residents of the locality where the Project will be constructed. Further written comments were accepted through October 15, 2001.

At the opening of the hearing, the public was informed of the public use, benefits, and purposes to be served by the proposed Project, the Project's location, and the general effect of the proposed Project on the environment and residents of the locality. Copies of the August 2001 Environmental Review Technical Assessment ("Environmental Assessment") prepared by ESD's environmental consultant, AKRF, were made available at the hearing. The hearing provided an opportunity for the public to comment on the proposed Project; the public use, benefits, and purposes to be served by such development; the proposed further acquisitions of properties within the Project area; and the Environmental Assessment.

All testimony and written comments received at the hearing held pursuant to the EDPL and the additional written comments received during the comment period have been reviewed, made part of the record, and afforded full consideration. ESD has also considered and relied upon the facts and analyses set forth in the Environmental Assessment and the November Supplement as a basis for its determination.

Pursuant to EDPL § 204, and having given due consideration to the complete hearing record, which includes all documents submitted and all public comments, ESD makes the following findings and determination concerning the Project:

I. The Public Use, Benefit, and Purpose To Be Served by the Project [EDPL § 204(B) (1)].

Although there has been substantial improvement within the 42nd Street Project area since April 1990, when ESD acquired the eastern and midblock sites, and since 1994-1995, when ESD acquired Site 7 and Site 8 East, many of the underlying conditions that prompted the original GPP are still present today on Site 8 South. The blight in the area takes various forms: socially, in disproportionate crime statistics and a tarnished City image, particularly for visitors entering the City at the Port Authority Bus Terminal; physically, in obsolete buildings and underutilized parcels; and economically, in disproportionate drains on municipal services and underutilized tax and employment potential. Eradication of these continuing substandard and blighted conditions will yield benefits for the Project area, the 42nd Street Project area, and the City.

The proposed Project would benefit the public by ameliorating the blighting social, physical and economic conditions that have remained in the western end of the 42nd Street Project area, creating a western anchor for the 42nd Street Project, keeping the New York Times in the area that bears its name, and adding to the economic contribution the area makes to the City.

The 42nd Street Project goals developed in the 1980's remain relevant today: particularly, removal of blight and physical decay; development of the area's commercial potential; and support of the surrounding area. The need for the Site 8 South component of the 42nd Street Project remains compelling.

II. Project Location and Reasons for Selection of that Location [EDPL §204(B)(2)].

The 42nd Street Project area is generally located in the Times Square vicinity. More specifically, the boundary of the 42nd Street Project extends from Eighth Avenue and 43rd Street eastward along 43rd Street across Seventh Avenue and Broadway to a point approximately 225 feet east of Broadway. The boundary then turns south to 42nd Street at a point approximately 150 feet east of Broadway. Here, the boundary turns westward until it reaches Broadway, then heads south along Broadway to 41st Street. At the corner of Broadway and 41st Street, the boundary turns westward again, crossing Seventh Avenue and extending to a point approximately 400 feet west of Seventh Avenue. The boundary then turns south to 40th Street, where it again heads westward to Eighth Avenue. Here, the boundary turns northward, extending along Eighth Avenue to 43rd Street. As set forth above, ESD has already acquired title to all sites in the 42nd Street Project area, except the Carter Hotel and the Chandler Building (which may not be taken) and Site 8 South and Site 8 North. The area of the Project, Site 8 South, the specific area to be acquired in the proposed condemnation, consists of the entire blockface fronting Eighth Avenue between 41st and 40th Streets and extending approximately 400 feet east (toward Seventh Avenue) (Block 1012, Lots 1, 5, 8, 14, 53, 59, 61, 62, 63, and part of 15).

The location of the 42nd Street Project, including the area of the Project, Site 8 South, was selected as a result of intensive planning and design analyses conducted by ESD and the City. The 42nd Street Project area, at the intersection of two of Manhattan's busiest streets and major subway and bus lines, is and historically has been one of the City's major focal points of transportation as well as entertainment, culture and tourism. The 42nd Street Project area, including the area of the Project, Site 8 South, has also been a center of blight and decay. For many years before the inception of the 42nd Street Project, public and private initiatives had not significantly improved the blighted conditions, which hamper development of the area's enormous potential. Despite the resistance that this blight has shown to past efforts at revitalization, the comprehensive planning, design and initial implementation of the 42nd Street Project has begun to reverse the area's decline and restore its prominence and productivity. Having acquired most of the 42nd Street Project area, ESD continues to view the acquisition of Site 8 South as important to the success of the 42nd Street Project.

III. General Effect of the Project on the Environment [EDPL §204(B)(3)].

The general effects on the environment of the proposed Project were analyzed in the August 2001 Environmental Assessment, which concluded that the proposed Project would have no significant adverse environmental impacts not previously analyzed in the Final Supplemental Environmental Impact Statement ("FSEIS") accepted by the Directors on January 13, 1994. The conclusions of the Environmental Assessment are summarized below. Further, ESD's environmental consultant, AKRF, reviewed all oral and written public comments on the proposed Project and analyzed and responded to such comments by a memorandum dated November 2001 (the "November Supplement"). Such memorandum did not alter the conclusions of the Environmental Assessment.

POTENTIAL ENVIRONMENTAL IMPACTS OF THE PROPOSED PROJECT

Land Use, Zoning, and Public Policy

The construction of a high-rise office tower on each of Site 8 South and Site 8 North would fulfill a major public policy initiative that has been 20 years in the making. Construction of the proposed buildings would permit the 42nd Street Project to accomplish the original goal of altering and improving land use in the 42nd Street Project area. In particular, the Project would accomplish the objective of developing the area's commercial and retail potential to produce a lively, healthy street ambience and support the City's policy to encourage the movement of Midtown office construction westward. The proposed development of Site 8 South and Site 8 North would also dramatically improve two vastly underutilized sites in a valuable Manhattan location ideally situated adjacent to mass transit facilities. Construction of the planned buildings on Site 8 South and Site 8 North would anchor an important corner of 42nd Street and Eighth Avenue, and would serve as the western gateway to the revitalized 42nd Street.

The proposed modifications to the program for Site 8 South and Site 8 North within the 42nd Street Project would not result in any significant adverse impacts on land use not previously disclosed in the 1994 FSEIS. Within the study area, such development would support trends that were anticipated in the 1994 FSEIS and that have already been underway. No zoning changes or changes to public policy would result from the proposals.

Social Conditions

The construction of a high-rise office tower on Site 8 South would not create any significant adverse impacts on the 42nd Street Project area or the surrounding neighborhoods. The proposed program modifications would continue the metamorphosis of the 42nd Street Project area from a seedy district to a vibrant center of entertainment, commerce and tourism.

Visual Character

As in the 1994 FSEIS, the proposed structure on Site 8 South would be visually noticeable on account of its scale, but that effect would be reduced when considered in the context of surrounding construction that has and will occur outside of the 42nd Street Project area in the next few years. No new or different significant adverse impacts would occur in the area of Visual Character as a result of the proposed modifications to Site 8 South.

Shadows

The overall shadow effects of the proposed increased height of the Site 8 South building would not be significantly different from the shadows examined in the 1994 FSEIS, but the increased height would result in additional shadows cast on the May Mathews Park not previously identified in the 1994 FSEIS. However, considering the short duration of the shadows' effects on the parks and their occurrence during the winter months when park use is minimal, the shadows cast by the proposed buildings would not result in any significant adverse impacts on these public open spaces.

Traffic and Parking

Traffic conditions in the Project area with the modified program for Site 8 South would be essentially the same as with the previous program for that Site, as analyzed in the 1994 FSEIS. The traffic network would function essentially the same as depicted in the 1994 FSEIS, reflecting a busy center city core with the same peaking characteristics. Under either program, the Project would result in significant adverse traffic impacts. The array of effective traffic mitigation measures for Project impact locations would be the same for the revised program as for the previous program. Accordingly, from a traffic network perspective, the proposed program modifications would not result in any significant adverse traffic impacts not previously identified. And, as with the assessment in the 1994 FSEIS, absent the implementation of the types of mitigation presented in the document, there would be significant traffic impacts due to the proposed Project but not materially different from those previously identified in the 1994 FSEIS.

Site 8 South is expected to place demand on area off-street parking facilities upon its completion in the year 2005. In addition, Site 8 South currently contains public parking facilities, which will be replaced by the proposed office building in the future. This loss of parking due to the proposed Project is accounted for in estimating the future parking utilization in the study area. In the year 2005 with the proposed Project, the average parking utilization rates in the study area would increase, particularly during pre-theater peak hours. As off-street parking facilities within a ¼-mile radius of the Project site would continue to operate with available capacity in the 2005 future conditions, no new Project-related impacts to parking are anticipated.

Pedestrians and Transit

Pedestrian conditions in the Project area with the modified program for Site 8 South and Site 8 North would be essentially the same as with the previous program for those Sites, as analyzed in the 1994 FSEIS. Under either program, the pedestrian network would reflect conditions in Midtown Manhattan compounded by its proximity to the Port Authority Bus Terminal, and the Project would result in some significant adverse pedestrian impacts. The array of effective pedestrian mitigation measures for Project impact locations would be the same for the revised program as for the previous program. Accordingly, from a pedestrian network perspective, the proposed program modifications would not result in any significant adverse pedestrian impacts not previously identified.

New York City Transit ("NYCT") is now renovating the Times Square/42 Street-Port Authority Bus Terminal subway stations to improve capacity and circulation throughout the station complex. NYCT is also renovating the 42nd Street/Sixth Avenue subway station. These station rehabilitations are, in part, a response to the revitalization of Times Square and 42nd Street, and incorporate certain findings of the 1994 FSEIS for the 42nd Street Project. Throughout the planning and design of the station rehabilitations, NYCT has accounted for the development of the 42nd Street Project sites as described in the 1994 FSEIS. With the exception of the proposed entrances associated with the 42nd Street Shuttle train realignment, rehabilitation of the subway stairs is expected to be completed prior to the 42nd Street Project's Full Build in 2005. Therefore, the ongoing rehabilitation of the study area stations is expected to support the future demand generated by the 42nd Street Project, including Sites 8 South and 8 North, as well as general background growth.

The estimated future subway trips are lower than those estimated in the 1994 FSEIS, except during the pre-theater peak hour when there would be 384 more subway trips. However, the subway ridership is traditionally lower during the pre-theater peak hour than during the AM and PM peak hours, and therefore, the additional 384 trips generated by the proposed development on Site 8 South and Site 8 North could be accommodated during this period. Since NYCT has incorporated estimates from the 1994 FSEIS in their planning and design of the Times Square station's rehabilitation, the final configuration of this station would accommodate the rates generated by the revised 2005 building program. Similarly, the rehabilitation of the Sixth Avenue station also considered increases in background ridership and anticipated the completion of the 42nd Street Project. Therefore, there would be no significant adverse transit impacts with the proposed development of Site 8 South and Site 8 North not already identified in the 1994 FSEIS.

The estimated future bus trips are lower than those estimated in the 1994 FSEIS, except during the pre-theater peak hours – not the traditional peak time for bus ridership – when there would be a minor increase in 42nd Street Project-related bus trips. As discussed in the FSEIS, peak hour 42nd Street Project bus trips are expected to be distributed amongst the various bus lines that serve the area. It is expected that capacity would be available to support these trips on some routes. Other routes, which may experience overcrowding as a result of 42nd Street Project trips, may require additional service. However, NYCT periodically evaluates service conditions and revises schedules and headways, as appropriate. Since bus trips from the 2005 Full Build would be lower or essentially the same as bus trips predicted for the 2015 Full Build, there would be no significant adverse bus impacts with the 2005 Full Build not already identified in the 1994 FSEIS.

Air Quality

Compared with the 2015 Full Build results in the 1994 FSEIS, the 2005 Full Build results indicate the overall improvement in regional air quality. (No violations of the carbon monoxide standard have been recorded at NYSDEC monitoring stations over the past few years.) Unlike conditions shown in the 1994 FSEIS, predicted conditions with the revised program show no predicted exceedances of the carbon monoxide standard.

During demolition and other construction-related activities at Site 8 South, a Health and Safety Plan would be implemented to minimize public and worker exposures to potential airborne emissions of fugitive dust, lead-based paint, asbestos, and other air pollutants that may be generated from the construction. The Health and Safety Plan would define worker safety, monitoring procedures, and appropriate mitigative and protective measures. With these measures, no significant impacts would occur during Project construction.

Thus, the proposed Project would not result in any significant adverse impacts on ambient air quality not previously disclosed in the 1994 FSEIS during either construction or operation of the proposed Project.

Noise

The future 2005 conditions, which include other completed components of the 42nd Street Project as well as the proposed Project on Site 8 South, would not result in changes in noise levels that would have the potential to cause significant impacts. The Site 8 South building's design will include double-glazed windows and central air conditioning. These design measures will provide some noise attenuation. Therefore, the proposed Project at Site 8 South would not result in any significant adverse noise impacts and future noise levels would be consistent with those predicted to occur in the 1994 FSEIS.

IV. General Effect of the Project on the Residents of the Locality [EDPL § 204(B)(3)].

As described above, the proposed Project on Site 8 South would have substantial environmental and social benefits for the residents of the City as a whole, as well as some adverse impacts.

The completion of other portions of the 42nd Street Project resulted in a safe, lively street ambience in those areas that has discouraged crime, loitering and other blighting influences, which has clearly been a benefit to the residents in the adjacent communities. The development of Site 8 South, with its mix of retail and commercial uses, would further fulfill one of the original goals of the 42nd Street Project of transforming a blighted and underutilized area into an active, thriving commercial, entertainment, and retail destination. Inasmuch as the Project area will be rejuvenated, nearby residents will have the benefit of close proximity to the revitalized Eighth Avenue blockfront.

Concerns were raised that the Project, with its revitalization goals, would spur gentrification in the Clinton area thus create indirect displacement pressures on the low- and middle-income residential population. These concerns were addressed in the Environmental Impact Statements prepared in 1984 and 1994, which concluded that the 42nd Street Project may accelerate existing and projected displacement pressures but would not result in adverse displacement impacts. Since that time, many changes independent of the 42nd Street Project have occurred that have affected the composition of the nearby residential population. Stimulated by the robust economy and changes in City policies to promote new development, the study area including the Clinton neighborhood has experienced the introduction of new market-rate, as well as affordable housing units; the upgrading of existing housing stock; and the preservation of moderate income housing in older buildings. The proposed modifications to Site 8 South would neither alter the conclusions of the previous EISs nor result in any new displacement issues for the residents in the nearby study area. Although homelessness is still a factor, it is not a factor to the extent it existed in 1994; there are a number of outreach organizations that work in the area with at-risk populations. The proposed Site 8 South development is unlikely to have an adverse affect on this population.

Consistent with recent trends, the declines in loitering and criminal activity in the Project area are not expected to be accompanied by noticeable increases in loitering and criminal activity elsewhere. No shifts in crime to locations outside the 42nd Street Project area resulting from the development of other portions of the 42nd Street Project have been noticed as evidenced by the overall decline in crime throughout the Midtown South Precinct as well as the neighboring Midtown North precinct. Similar to the conclusions in the 1994 FSEIS, the displacement of adult-related uses from Site 8 South is unlikely to create a concentration of these uses in other areas of the City. No such concentration of adult-related uses occurred when these uses were eliminated on the other portions of the 42nd Street Project.

V. Other Relevant Factors [EDPL §204(B)(4)].

At the public hearing, and during the submission period under the EDPL and the UDC Act, oral and written public comments were received. All comments have been given due consideration. This is part of the process in which ESD has taken into account positive public opinion as well as public concerns over potential negative impacts. Throughout the planning period, ESD has identified and, where feasible, developed mitigation measures to alleviate potential negative effects.

DETERMINATION

Based on due consideration of the foregoing findings, it is determined that ESD should exercise its power of condemnation in order to continue to implement the 42nd Street Project, as amended, and specifically to acquire, as necessary, Site 8 South.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City *University*, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0Q10.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by *calling (212) 788-7820.*

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

HOMELESS SERVICES

OFFICE OF CONTRACTS AND PROCUREMENT

■ SOLICITATIONS

Human Services

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

n9-d19

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

ENVIRONMENTAL PROTECTION

Notice of Promulgation of Amendments to Chapter 19 of Title 15 of the Rules of the City of New York Use of the Public Sewers

PLEASE TAKE NOTICE that pursuant to the authority invested in the Commissioner of the Department of Environmental Protection by section 1043 and subdivision (b) of section 1403 of the New York City Charter and section 24-501 *et seq* of the Administrative Code of the City of New York that the Department of Environmental Protection is promulgating amendments to the rules governing the use of the public sewers.

PLEASE BE ADVISED that the amendments were previously noted in the August 9, 2001 City Record and a public hearing was held on September 12, 2001.

PLEASE BE FURTHER ADVISED that the rule has been amended to reflect comments received by the Department in writing and delivered orally at the public hearing.

Please note that new text is underlined and deleted material is [bracketed].

The following definitions in Section 19-01 of Chapter 19 of Title 15 of the Rules of the City of New York are amended to read as follows:

Discharge. "Discharge" shall mean the introduction or release of any substance, whether knowing or unknowing, accidental or otherwise, to a public sewer or private sewer connected to a public sewer and shall include both direct and indirect discharges as defined herein.

Non-polar material. "Non-polar material" shall mean that portion of the oil and grease that is not eliminated from a solution containing N-Hexane, or any other extraction solvent the EPA shall prescribe, by silica gel adsorption.

Oil and grease. "Oil and grease" shall mean the matter extractable from a wastewater sample using N-Hexane or any other extraction solvent the EPA shall prescribe. [measurement of freon (trichlorotrifluoroethane) extractable matter such as biodegradable animal fats and vegetable oils, and relatively non-volatile, non-biodegradable petroleum hydrocarbons. The absolute quantity of a specific substance is not determined by this extraction procedure.]

Perchloroethylene[Perchloethylene] (perc). "Perchloroethylene" ["Perchloethylene"] shall mean a colorless, volatile, chlorinated hydrocarbon. Perc is also known as tetrachloroethylene and PCE. The chemical formula for perc is Cl2C:CCl2. The CAS (chemical abstract service) registry number for perc is 00127-18-4.

[Petroleum hydrocarbons. "Petroleum hydrocarbons" shall mean that portion of the total oil and grease which is not eliminated from a freon (trichlorotrifluoroethane) solution by silica gel adsorption.]

Pollutants. "Pollutants" shall mean substances that [which] may be present in sewage, industrial waste or other waste, whether gaseous, liquid or solid.[, the amount of which, shall be determined by the sum of the BOD and the SS present therein.]

Pretreatment. "Pretreatment" shall mean any measures to be taken by a user of the public sewer that [which] are necessary in order that the characteristics or amounts of substances discharged to a public sewer, either directly or indirectly, comply with §§19-03 or 19-04 of this chapter, including but not limited to the alteration of plant or processes, the installation of equipment and/or the implementation of procedures designed to reduce or eliminate the discharge of pollutants and toxic substances or eliminate any discharge so that compliance with § §19-03 or 19-04 is attained.

[Sanitary sewage. "Sanitary sewage" shall mean bodily wastes, wash water, culinary wastes, or similar matter, which is present in a sewer.]

Sanitary wastes. "Sanitary wastes" shall mean bodily wastes, wash water, or similar matter.

Total silver halide process wastewater. "Total silver halide process wastewater" shall mean the sum of all aqueous solutions used in any silver halide imaging process, including, but not limited to, photography film developers, fixers, bleach-fix, stabilizers, [low flow]washes, rinse waters, [other washes,]and all functionally-similar solutions.

Wastewater. "Wastewater" shall mean liquid carried [the contents of a house drainage system including] sanitary [wastes], industrial [wastes] or other wastes. [which are discharged directly or indirectly to a public sewer.]

Subdivisions (c), (d) and (e) of Section 19-02 of Chapter 19 of Title 15 of the Rules of the City of New York are amended to read as follows:

(c) Except with the written approval of the Commissioner, only stormwater and water from non-commercial car-washing [no industrial or sanitary wastewater] shall be discharged so as [allowed] to enter a storm sewer.

(d) No connection to the sewerage system [an interceptor or interceptor-collector] shall be made without the written approval of the Commissioner.

(e) No substance [wastewater originating from premises], other than stormwater and water from non-commercial car-washing, shall be discharged so as to enter a catchbasin or manhole, without the written approval of the Commissioner.

The opening paragraph of Subdivision (a) of Section 19-03 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(a) Except as hereinafter provided, any person that [no person shall] discharges or causes to be discharged, [or allow to] including any run, leak, or escape into any public sewer, pipe, channel, pumping station, catch basins or any other sewer appurtenances, or waterway connecting with any public sewer, or into any private sewer connected with a public sewer any of the following described materials, substances or wastes, except such small quantities as may be present in normal household wastes, shall be strictly liable, without regard to fault:

Paragraphs (5), (6), and (8) of Subdivision (a) of Section 19-03 of Chapter 19 of Title 15 of the Rules of the City of New York are amended to read as follows:

(5) Oil sludges, waste oil, motor oil, diesel and other fuels, dielectric fluid, brake fluid, transmission fluid, hydraulic fluid, or other similar substances;
(6) Non-polar material [Petroleum hydrocarbons], as defined in §19-01, in concentrations greater than 50 mg/L for any given time;

(8) Paints and related paint waste products from any source [paint manufacturing] that [which] tend to clog or otherwise interfere with the operation of the sewerage system;

Subdivision (d) of Section 19-03 of Chapter 19 of Title 15 of the Rules of the City of New York is amended by adding a new paragraph (4) to read as follows:

(4) In the event of a discharge that enters or has the potential to enter the public sewers, in violation of any provision of any section of any title of these regulations, any person involved in the discharge shall immediately take steps to mitigate the affects of such discharge and commence clean-up procedures of such discharge in accordance with all applicable Federal, State and City laws, rules and regulations.

Subdivision (f) of Section 19-03 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(f) All pretreatment and monitoring devices, including but not limited to a grease or oil interceptor, whether required to be installed by order of the commissioner or by any other law or regulation and located on any premises, shall be the proper device and correctly installed, maintained and operated.

Subdivisions (a) and (b) of Section 19-05 of Chapter 19 of Title 15 of the Rules of the City of New York are amended to read as follows:

§19-05 Permit for Industrial Wastewater Discharge.[Terms and Conditions for the Issuance of a Permit.]
[(a) No person shall discharge, directly or indirectly, into a public sewer any wastewater, sewage, industrial waste, or other waste or any other substance, the characteristics of which violate any provision in §§19-03 or 19-04 of this chapter. A person wishing to temporarily discharge effluents to a public sewer in violation of the provisions of §§19-03 or 19-04, until a pretreatment system is in place that will bring the discharged effluents in compliance with the provisions of §§19-03 or 19-04, may apply for a permit to do so. The applicant for a permit shall comply with the requirements of §19-05(b). The Commissioner, in his discretion, may issue such a permit and in the permit may impose such terms and conditions he deems necessary. Such terms and conditions may include the requirements of:
(1) a limitation upon the volume or rate of flow of effluent discharge;
(2) the installation and maintenance, by the permittee at his own expense, of facilities or equipment for intermittent or continuous measurement of the effluent discharged;
(3) the installation and maintenance of detention tanks or other facilities or equipment for reducing the maximum rates of discharge;
(4) or any other equipment, devices, limitation or requirement he deems necessary.]

(a)The following persons may not discharge wastewater to the public sewers without an industrial wastewater discharge permit, or equivalent control mechanism:
(1) Significant Industrial Users, as defined in the Code of Federal Regulations, in 40 CFR Part 403.3(t); and
(2) Any other person for which the Commissioner determines that a wastewater discharge permit or equivalent control mechanism is necessary to protect the sewer system or the treatment processes thereof or to protect the public health or welfare.

(b) [(1) The applicant for a permit from the Commissioner to temporarily discharge any substance, the characteristics of which violate any provision of §§19-03 or 19-04 of these regulations shall comply with the following requirements:
(i) Upon application, or by such later date as the Commissioner may direct, submission of a properly completed departmental industrial wastes questionnaire, which shall include such information, as the Commissioner may direct, concerning the characteristics of the effluents from industrial processes. If, in the opinion of the Commissioner, such information requires the perfor nance of laboratory tests, such tests shall be made at the expense of the applicant for the permit and shall be performed in such manner as the Commissioner directs. The samples of wastewater for which laboratory determinations are to be made shall be taken in accordance with the direction of the Commissioner. Any information to be included in the industrial wastes questionnaire which is designated confidential business information by the applicant, except effluent characteristics, is to be treated in accordance with applicable law and procedures established by the Commissioner.

(ii) Upon application, or by such later date as the Commissioner may direct, submission of plans and such other information, as required by the Commissioner which show and explain the proposed pretreatment system. The pretreatment system shall, if required by the Commissioner, include a suitable station, acceptable to the Commissioner, to be used for the sampling and or gauging of effluents to be discharged to the public sewer.
Thereafter, the Commissioner may conduct a review and approval of such plans. The review and approval of such plans shall apply only to the pretreatment system. The requirements of other sections of the Administrative Code shall be fully complied with and all necessary approvals obtained by applicant from the appropriate agencies. A copy of a certificate of such approval or approvals shall be submitted with the plans for the pretreatment system.
In lieu of the submittal of permits from appropriate City agencies having jurisdiction, a report by a professional engineer or registered architect may be submitted stating that the applicant has complied with all the requirements of law in the preparation of plans submitted for approval under this subdivision (b).
Approval of such plans, by the Commissioner, shall be limited by him to the determination of whether such plans for pretreatment of wastewater conform in principle to the accepted practices in the field of waste treatment. Such approval shall be conditional upon satisfactory performance of the installed pretreatment facilities. No such permit or approval shall be deemed to waive, nor shall any permit or approval be held to limit, the power of the Commissioner to enforce any requirement of these or any other regulations, or of the Administrative Code or of any other law. The Department, by such approval, shall not incur any liabilities or obligations for the failure of the effluent from such

facilities to comply with these or any other regulations, the Administrative Code or any other law.
Any approval by the Commissioner of a type, kind or capacity of an installation shall not relieve the applicant of the responsibility of altering, enlarging or otherwise modifying an installation to accomplish its intended purpose to the degree necessary to comply with §§19-03 and 19-04 herein.
(iii) Upon application, or by such later date as the Commissioner may direct, submission of an implementation schedule, satisfactory to the Commissioner, for the completion and operation of the pretreatment system necessary so that effluents discharged to the public sewer comply with provisions of §§19-03 or 19-04 herein.

(iv) A statement signed by the applicant which obligates such applicant to comply with all of the following requirements and with such additional conditions as the Commissioner may require:
(A) In the event the installation of a pretreatment facility is planned to exceed a time period of 9 months, periodic reports, at intervals of not greater than three months, shall be submitted to the Commissioner, showing the progress toward the installation and operation of the pretreatment facility.
(B) Pretreatment effluent monitoring reports shall be submitted to the Commissioner in conformance with and at such intervals as required by §19-04(c) herein, if applicable, or as otherwise required by the Commissioner. This provision shall survive the expiration or revocation of a permit issued pursuant to this section.
(C) Components of the pretreatment system shall be maintained in good working order and operated properly so as to insure continued compliance with §§19-03 and 19-04 of this chapter. Employees of the Department shall be allowed entry upon the premises to inspect the pretreatment system and the industrial processes, to sample wastewater influents and effluents from such industrial processes and/or the pretreatment system and to obtain such information as is relevant in determining compliance with §§19-03 or 19-04 herein or compliance with the implementation schedule referred to in §19-05(b)(1)(iii). This provision shall survive the expiration or revocation of a permit issued pursuant to this Title.]

(1) The applicant for a wastewater discharge permit or equivalent control mechanism shall complete and file an application in the form prescribed by the Department and containing such information as the Commissioner may direct. Any person who has been issued a permit shall apply for renewal of that permit at least 120 days prior to the expiration date contained therein.
(2) The commissioner, in his discretion, may issue wastewater discharge permits and may impose such terms and conditions he deems necessary to protect the sewer system or the treatment processes thereof or to protect the public health or welfare. Non-compliance with any of the terms and conditions of the permit, shall be grounds for revocation of the permit to discharge wastewater into the public sewer; such revocation shall be effective immediately upon notice to the permittee of such revocation.

Subdivision (c) of Section 19-06 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(c) All applicants for a permit to discharge scavenger wastes into the sewerage system shall furnish, at a minimum, the following information with each application:
(1) Name of firm or individual and address;
[(2) Department of Sanitation certificate number;]
[(3) Department of Consumer Affairs license number;]
(2) [(4)] Volume of scavenger wastes removed each year for the last three years; new applicants to submit an estimate of volume for the first year.
(3) [(5)] Number of scavenger vehicles in collection service.
(4) [(6)] Completed copy of the New York State Department of Environmental Conservation Waste Transporter [Septic Tank Cleaner] Permit.

Section 19-06 of Chapter 19 of Title 15 of the Rules of the City of New York is amended by adding a new subdivision (e) to read as follows:

(e) The discharge of any wastes from grease interceptors, separators or traps is prohibited.

Subdivision (a) of Section 19-07 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(a) [On or before September 30, 1996,]A[a]ny person that discharges total silver halide process wastewater to the public sewer system, including, but not limited to, photofinishers, printers, publishers, hospitals, dentists, and X-ray laboratories, shall prepare and implement a Best Management Practices Plan (BMPP) in accordance with the applicable provisions of subdivision (i) of this section.

Paragraphs (2), (3) and (4) of Subdivision (i) of Section 19-07 of Chapter 19 of Title 15 of the Rules of the City of New York are amended to read as follows:

(i) The BMPP shall include but not be limited to the following:

(2) Discharges of 100 up to but not including 1000[999] gallons per day. Any person that discharges from 100 up to but not including 1000[999] gallons per day of total silver halide process wastewater shall:
(i) install and continually operate one of the following pretreatment technologies designed to recover at least 90% of the silver from the Silver-Rich Solutions processed:
(A) two metallic replacement units installed in series and operated simultaneously; or
(B) electrolytic recovery; or
(C) chemical precipitation.
(ii) test for the silver concentration in the influent and effluent from the silver recovery unit(s) using silver estimating paper/wire and/or test kits at least once per month on a day that is representative of normal operations;
(iii) measure representative daily quantities of Total Silver Halide Process Wastewater discharged to the public sewer;
(iv) keep written records of pretreatment technology maintenance;
(v) keep written records of the date that any new pretreatment technology is brought into service; and
(vi) keep all measurements and records required by this section at their facility for at least three years from the date such records and measurements are made.

(3) Discharges of 1,000 up to but not including 10,000[9,999] gallons per day. Any person that discharges from 1000 up to but not including 10,000[9,999] gallons per day of total silver halide process wastewater shall:
(i) install and continually operate one of the following pretreatment technologies designed to recover at least 95% of the silver from Silver-Rich Solutions processed:
(A) electrolytic recovery and metallic replacement; or
(B) chemical precipitation; or
(C) any combination of the above;
(ii) test for the silver concentration in the influent and effluent from the silver recovery unit(s) using silver estimating paper/wire and/or test kits at least once per month on a day that is representative of normal operations;
(iii) perform one composite sampling of the influent and effluent at least once every two years on a day that is representative of normal operations and have the sample analyzed for silver by a laboratory certified by the New York State Department of Health;
(iv) measure representative daily quantities of Total Silver Halide Process Wastewater discharged to the public sewer;
(v) keep written records of pretreatment technology maintenance;
(vi) keep written record of the date that any new pretreatment technology is brought into service; and
(vii) keep all measurements and records required by this section at their facility for at least three years from the date such records and measurements are made.

(4) Discharges of [over] 10,000 gallons per day or more. Any person that discharges [over] 10,000 gallons per day or more of total silver halide process wastewater shall:
(i) install and continually operate one of the following pretreatment technologies designed to recover at least 99% of the silver from Silver-Rich Solutions processed:
(A) two metallic replacement units installed in series and operated simultaneous and one electrolytic recovery unit; or
(B) one electrolytic recovery unit and chemical precipitation;
(ii) test for the silver concentration in the influent and effluent from the silver recovery unit(s) using silver estimating paper/wire and/or test kits at least once per month on a day that is representative of normal operations:
(iii) Perform one daily composite sampling of the influent and effluent at least once every calendar year on a day that is representative of normal operations and have the sample analyzed for silver by a laboratory certified by the New York State Department of Health;
(iv) measure representative daily quantities of total silver halide process wastewater discharged to the public sewer;
(v) keep written records of pretreatment technology maintenance;
(vi) record the date any new pretreatment technology is brought into service; and
(vii) keep all measurements and records required by this section at such person's facility for at least three years from the date such records and measurements are made.

Section 19-09 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(a) Scope. These procedures concern all information submitted to the Department [Industrial Wastes Control Section (IWCS)] pursuant to either the New York City Department of Environmental Protection rules and regulations relating to the use of the Public Sewers[, Including Sewer Surcharges] or [the] to Sections 24-501 et seq. of Chapter 5 of Title 24 of the Administrative Code of the City of New York. All requests for confidentiality will be evaluated in accordance with Article 6 of the New York State Public Officers Law.

(b) Submission of Business Confidentiality Claims ("Claims") in Response to Requests for Information by the Department [IWCS].
(1) Method and time to assert a claim. A business may assert a claim concerning information requested by the Department [IWCS], by placing a cover sheet, stamped legend or any other suitable form of notice on the information, employing language such as "trade secret", "proprietary" or "company confidential" at the time such information is submitted. Allegedly confidential parts of otherwise non-confidential documents should be clearly marked as such. Effluent data, as defined in Part 2.302 of Title 40 of the Code of Federal Regulations, cannot be treated as confidential.
(2) Failure to submit a timely claim. If a business submits information in response to a[n] Department [IWCS] request, without a claim accompanying such information at the time it is received by the Department [IWCS], the Department [IWCS] need not make further inquiries to the business concerning confidentiality of the submitted information; the information may be made available for public inspection. If a claim is submitted after the Department [IWCS] has received the information, the Department [IWCS] may make efforts that are administratively practicable to process the late claim with the previously submitted information.

(c) Department [IWCS] requests for comments and their submission by claimants.

(1) The Department [IWCS] shall give written notice to each business asserting a claim, in accordance with §19-09(b)(1), stating that written comments, as described in §19-09(c)(5), must be submitted no later than 15 business days after receipt by the business of the request for comments. The request for comments will indicate the address of the appropriate Department [IWCS] official to whom comments should be sent, and will also state that failure to submit timely comments will be construed as a waiver of the claim. This notice by the Department [IWCS] shall be made in such a manner that the fact and date of receipt may be verified.
(2) The comment period may be extended, if, before comments are due, a written request for an extension has been made and approved by the Department [IWCS].
(3) If disclosure of information under a claim would be helpful in alleviating a situation posing an imminent and substantial danger to public health or safety, the Department [IWCS] may prescribe and make known to an affected business a shorter comment period that it finds necessary under the circumstances.
(4) Information submitted by a business as part of its comments, pertaining to its claim, will be treated as part of the claim.
(5) Written notice will invite comments on:
(i) the period of time for which confidential treatment is desired;
(ii) the extent to which the information has been disclosed to others and any measures or precautions taken to guard against undesired disclosure;
(iii) whether any other governmental agency determination or any judicial decision has held the claimed information to be confidential. If so, a copy of such determination or decision, if available, must be included; and
(iv) whether the business asserts that disclosure would be likely to result in substantial harmful effects on their competitive position, what those harmful effects would be, and why they should be viewed as substantial. The reasons why the information is considered to be confidential (i.e. why the information should be regarded as a trade secret or proprietary information) must be stated in detail.

(d) Non-final recommendation by the Department [IWCS]. When a business submits information to the Department [IWCS] that is claimed to be confidential, the Department [IWCS] shall consider the claim and comments, previously issued determinations, material submitted to the Department [IWCS] in response to requests, applicable substantive criteria and any other material that it finds appropriate. The Department [IWCS] will make a non-final recommendation as to whether or not the information should be treated as confidential and this recommendation shall be forwarded to the designated Records Access Officer upon request.

Subdivision (a) of Section 19-10 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(a) Delegation of authority. All actions or approvals required by or permitted to the Commissioner pursuant to this chapter may be taken by any Deputy or Assistant Commissioner of the Department [the Director of the Bureau of Water Pollution Control or the Director of the Bureau of Sewers] or by an authorized representative of the Commissioner or any Deputy or Assistant Commissioner. Subdivision (d) of Section 19-12 of Chapter 19 of Title 15 of the Rules of the City of New York is amended to read as follows:

(d) Preparedness and prevention. All dry cleaning operations must be equipped with the following:
(1) adequate spill control equipment including sorbent materials, or alternative methods for absorbing spills;
(2) vapor-proof containers dedicated exclusively for storing spill-contaminated material and labeled "FOR SPILL CONTAINMENT USE ONLY"; and
(3) fire control equipment.
(e) Reporting and record keeping.
(1) Each owner or operator of a dry cleaning facility or their designees shall record the following:
(i) The date, duration and nature of any malfunction, spill, incident, or emergency response at the facility, the notification procedures and the corrective action taken;
(ii) The dates of perc-contaminated wastewater treatment unit carbon cartridge replacement;
(iii) The date and volume of any perc-contaminated hazardous waste shipments;
(iv) The dates when the dry cleaning system components are inspected for perceptible leaks, and the name or location of dry cleaning system components where perceptible leaks are detected;
(v) The dates of repair and records of written or verbal orders for repair parts for the dry cleaning system; and
(vi) The dates of maintenance of water separators.

(2) Each owner or operator of a dry cleaning facility

shall keep receipts of perc purchases, and a log (of) listing the volume of perc purchased each month by the dry cleaning facility (as recorded from perc purchases), and the number of loads dry cleaned each month.

(3) Each owner or operator of a dry cleaning facility shall retain on site a copy of the design specifications and the operating manuals for each dry cleaning system and each emission control device located at the dry cleaning facility.

(4) All records must be maintained on site for at least five years and must be made available to the Department upon written or verbal request.

STATEMENT OF BASIS AND PURPOSE

The proposed changes to DEP's Sewer Use Regulations would enable DEP to conform its procedures to EPA's May, 1999 rule approving the use of EPA Method 1664, Revision A: N-Hexane Extractable Material and Silica Gel Treated N-Hexane Extractable Material by Extraction and Gravimetry for Use in EPA's Clean Water Act programs. The rule would change the term "total petroleum hydrocarbons" to "non-polar material." EPA made these changes in order to reduce dependency on use of chlorofluorocarbons (CFC's) for purposes of extracting oil and grease to protect Earth's ozone layer and to meet the CFC phaseout agreed to in the Montreal Protocol and required by the Clean Air Act amendments of 1990. Method 1664 uses normal hexane as the extraction solvent in place of freon.

The changes also would explicitly confirm that strict liability applies with regard to the discharge of restricted or prohibited materials to the public sewers. Additionally, changes to the regulations would eliminate outdated temporary permits and replace them with industrial wastewater discharge five year permits that are consistent with the EPA permit regulatory scheme contained in 40 CFR Part 403.8(f)(1). This would prohibit certain industrial users from discharging to the public sewers without a permit and limit the duration of such permits to no longer than five years, thereby requiring these users to periodically reapply for permits. These regulations are part of an overall effort to take changes in the Federal Industrial Pretreatment Program into account.

EMPIRE STATE DEVELOPMENT CORPORATION

■ NOTICE

Determination and Findings by the Empire State Development Corporation Pursuant to EDPL Section 204 with Respect to the Proposed Development of Site 8 South in the Forty-Second Street Development Land Use Improvement Project

The 42nd Street Development Land Use Improvement Project (the "42nd Street Project") involves the revitalization of approximately 13 acres in midtown Manhattan surrounding West 42nd Street between Broadway and Eighth Avenue from 40th to 43rd Streets. The 42nd Street Project, implemented by 42nd St. Development Project, Inc. ("42DP"), a wholly-owned subsidiary of New York State Urban Development Corporation, doing business as Empire State Development Corporation ("ESD"), and the New York City Economic Development Corporation ("EDC"), was originally approved in 1984. As part of their 1984 approval, the ESD Directors made Determination and Findings as of October 4, 1984 (the "1984 D&F") pursuant to Section 204 of the Eminent Domain Procedure Law ("EDPL") and authorized ESD to acquire, by condemnation if necessary, all or any part of the real property (as such term is defined by Section 3(8) of the New York State Urban Development Corporation Act (the "UDC Act")) located within the 42nd Street Project area.

Pursuant to such authorization, on April 18, 1990, ESD acquired title, by condemnation, to 42nd Street Project Sites 1, 3, 4, 5, 6, 10, and 12. As of January 27, 1994, the Directors made further Determination and Findings (the "1994 D&F"), pursuant to EDPL § 204, specifically with respect to Sites 7 and 8. Pursuant to the 1994 D&F, ESD acquired title, by condemnation, to Site 7 in the fall of 1994 and to Site 8 East in the summer of 1995. The Determination and Findings set forth herein are found to be consistent with and in furtherance of the 1984 D&F and the 1994 D&F.

The original General Project Plan for the 42nd Street Project (the "GPP") envisioned a merchandise mart and hotel at 42nd Street and Eighth Avenue (the western Project sites known as Sites 7 and 8). In 1988, the GPP was amended to expand the range of uses permitted on Site 8 to include either office buildings or a general wholesale mart. The development taking place at Sites 7 and 8 East (the northeast corner of Site 8) includes a hotel and mixed-use development on Site 7 and a hotel and entertainment/retail facilities on Site 8 East.

Site 8 South is directly across Eighth Avenue from the southerly portion of the Port Authority Bus Terminal, being the entire blockface fronting Eighth Avenue between 41st and 40th Streets and extending approximately 400 feet east (toward Seventh Avenue). The proposed development for Site 8 South (hereinafter, the "Project") is the relocation of the New York Times ("NYT") headquarters from the existing building on West 43rd Street to Site 8 South. In June 2000, ESD and 42DP entered into a Memorandum of Understanding (the "MOU") with NYT and Forest City Ratner Companies ("FCR"; together with NYT, the "Developer"). Under the Project, ESD would condemn Site 8 South and 42DP would lease it, pursuant to a long-term ground lease, to Developer for construction of an approximately 1,370,000 square foot office building. Developer would pay all acquisition and transaction costs. Such proposed development is consistent with the 42nd Street Project's existing GPP, and thus no amendment of the GPP is required.

Site 8 North is directly across Eighth Avenue from the northerly portion of the Port Authority Bus Terminal, being the entire blockface fronting Eighth Avenue between 42nd and 41st Streets, extending east toward Seventh Avenue. This parcel, long owned by a partnership which included the Milstein family, was recently auctioned and sold to an entity entirely controlled by a portion of the Milstein family. This new owner has indicated its interest in developing an office building on Site 8 North as part of the 42nd Street Project. Discussions with 42DP regarding the details of proposed development are in a very preliminary stage.

Public Process

On September 24, 2001, a duly noticed public hearing was held in accordance with the provisions of Article 2 of the EDPL (simultaneously with a hearing under Section 6 of the UDC Act) in order, among other things, to inform the public and to review the public use to be served by the Project and the impact on the environment and residents of the locality where the Project will be constructed. Further written comments were accepted through October 15, 2001.

At the opening of the hearing, the public was informed of the public use, benefits, and purposes to be served by the proposed Project, the Project's location, and the general effect of the proposed Project on the environment and residents of the locality. Copies of the August 2001 Environmental Review Technical Assessment ("Environmental Assessment") prepared by ESD's environmental consultant, AKRF, were made available at the hearing. The hearing provided an opportunity for the public to comment on the proposed Project; the public use, benefits, and purposes to be served by such development; the proposed further acquisitions of properties within the Project area; and the Environmental Assessment.

All testimony and written comments received at the hearing held pursuant to the EDPL and the additional written comments received during the comment period have been reviewed, made part of the record, and afforded full consideration. ESD has also considered and relied upon the facts and analyses set forth in the Environmental Assessment and the November Supplement as a basis for its determination.

Pursuant to EDPL § 204, and having given due consideration to the complete hearing record, which includes all documents submitted and all public comments, ESD makes the following findings and determination concerning the Project:

I. The Public Use, Benefit, and Purpose To Be Served by the Project [EDPL § 204(B) (1)].

Although there has been substantial improvement within the 42nd Street Project area since April 1990, when ESD acquired the eastern and midblock sites, and since 1994-1995, when ESD acquired Site 7 and Site 8 East, many of the underlying conditions that prompted the original GPP are still present today on Site 8 South. The blight in the area takes various forms: socially, in disproportionate crime statistics and a tarnished City image, particularly for visitors entering the City at the Port Authority Bus Terminal; physically, in obsolete buildings and underutilized parcels; and economically, in disproportionate drains on municipal services and underutilized tax and employment potential. Eradication of these continuing substandard and blighted conditions will yield benefits for the Project area, the 42nd Street Project area, and the City.

The proposed Project would benefit the public by ameliorating the blighting social, physical and economic conditions that have remained in the western end of the 42nd Street Project area, creating a western anchor for the 42nd Street Project, keeping the New York Times in the area that bears its name, and adding to the economic contribution the area makes to the City.

The 42nd Street Project goals developed in the 1980's remain relevant today: particularly, removal of blight and physical decay; development of the area's commercial potential; and support of the surrounding area. The need for the Site 8 South component of the 42nd Street Project remains compelling.

II. Project Location and Reasons for Selection of that Location [EDPL §204(B)(2)].

The 42nd Street Project area is generally located in the Times Square vicinity. More specifically, the boundary of the 42nd Street Project extends from Eighth Avenue and 43rd Street eastward along 43rd Street across Seventh Avenue and Broadway to a point approximately 225 feet east of Broadway. The boundary then turns south to 42nd Street at a point approximately 150 feet east of Broadway. Here, the boundary turns westward until it reaches Broadway, then heads south along Broadway to 41st Street. At the corner of Broadway and 41st Street, the boundary turns westward again, crossing Seventh Avenue and extending to a point approximately 400 feet west of Seventh Avenue. The boundary then turns south to 40th Street, where it again heads westward to Eighth Avenue. Here, the boundary turns northward, extending along Eighth Avenue to 43rd Street. As set forth above, ESD has already acquired title to all sites in the 42nd Street Project area, except the Carter Hotel and the Chandler Building (which may not be taken) and Site 8 South and Site 8 North. The area of the Project, Site 8 South, the specific area to be acquired in the proposed condemnation, consists of the entire blockface fronting Eighth Avenue between 41st and 40th Streets and extending approximately 400 feet east (toward Seventh Avenue) (Block 1012, Lots 1, 5, 8, 14, 53, 59, 61, 62, 63, and part of 15).

The location of the 42nd Street Project, including the area of the Project, Site 8 South, was selected as a result of intensive planning and design analyses conducted by ESD and the City. The 42nd Street Project area, at the intersection of two of Manhattan's busiest streets and major subway and bus lines, is and historically has been one of the City's major focal points of transportation as well as entertainment, culture and tourism. The 42nd Street Project area, including the area of the Project, Site 8 South, has also been a center of blight and decay. For many years before the inception of the 42nd Street Project, public and private initiatives had not significantly improved the blighted conditions, which hamper development of the area's enormous potential. Despite the resistance that this blight has shown to past efforts at revitalization, the comprehensive planning, design and initial implementation of the 42nd Street Project has begun to reverse the area's decline and restore its prominence and productivity. Having acquired most of the 42nd Street Project area, ESD continues to view the acquisition of Site 8 South as important to the success of the 42nd Street Project.

III. General Effect of the Project on the Environment [EDPL §204(B)(3)].

The general effects on the environment of the proposed Project were analyzed in the August 2001 Environmental Assessment, which concluded that the proposed Project would have no significant adverse environmental impacts not previously analyzed in the Final Supplemental Environmental Impact Statement ("FSEIS") accepted by the Directors on January 13, 1994. The conclusions of the Environmental Assessment are summarized below. Further, ESD's environmental consultant, AKRF, reviewed all oral and written public comments on the proposed Project and analyzed and responded to such comments by a memorandum dated November 2001 (the "November Supplement"). Such memorandum did not alter the conclusions of the Environmental Assessment.

POTENTIAL ENVIRONMENTAL IMPACTS OF THE PROPOSED PROJECT

Land Use, Zoning, and Public Policy

The construction of a high-rise office tower on each of Site 8 South and Site 8 North would fulfill a major public policy initiative that has been 20 years in the making. Construction of the proposed buildings would permit the 42nd Street Project to accomplish the original goal of altering and improving land use in the 42nd Street Project area. In particular, the Project would accomplish the objective of developing the area's commercial and retail potential to produce a lively, healthy street ambience and support the City's policy to encourage the movement of Midtown office construction westward. The proposed development of Site 8 South and Site 8 North would also dramatically improve two vastly underutilized sites in a valuable Manhattan location ideally situated adjacent to mass transit facilities. Construction of the planned buildings on Site 8 South and Site 8 North would anchor an important corner of 42nd Street and Eighth Avenue, and would serve as the western gateway to the revitalized 42nd Street.

The proposed modifications to the program for Site 8 South and Site 8 North within the 42nd Street Project would not result in any significant adverse impacts on land use not previously disclosed in the 1994 FSEIS. Within the study area, such development would support trends that were anticipated in the 1994 FSEIS and that have already been underway. No zoning changes or changes to public policy would result from the proposals.

Social Conditions

The construction of a high-rise office tower on Site 8 South would not create any significant adverse impacts on the 42nd Street Project area or the surrounding neighborhoods. The proposed program modifications would continue the metamorphosis of the 42nd Street Project area from a seedy district to a vibrant center of entertainment, commerce and tourism.

Visual Character

As in the 1994 FSEIS, the proposed structure on Site 8 South would be visually noticeable on account of its scale, but that effect would be reduced when considered in the context of surrounding construction that has and will occur outside of the 42nd Street Project area in the next few years. No new or different significant adverse impacts would occur in the area of Visual Character as a result of the proposed modifications to Site 8 South.

Shadows

The overall shadow effects of the proposed increased height of the Site 8 South building would not be significantly different from the shadows examined in the 1994 FSEIS, but the increased height would result in additional shadows cast on the May Mathews Park not previously identified in the 1994 FSEIS. However, considering the short duration of the shadows' effects on the parks and their occurrence during the winter months when park use is minimal, the shadows cast by the proposed buildings would not result in any significant adverse impacts on these public open spaces.

Traffic and Parking

Traffic conditions in the Project area with the modified program for Site 8 South would be essentially the same as with the previous program for that Site, as analyzed in the 1994 FSEIS. The traffic network would function essentially the same as depicted in the 1994 FSEIS, reflecting a busy center city core with the same peaking

characteristics. Under either program, the Project would result in significant adverse traffic impacts. The array of effective traffic mitigation measures for Project impact locations would be the same for the revised program as for the previous program. Accordingly, from a traffic network perspective, the proposed program modifications would not result in any significant adverse traffic impacts not previously identified. And, as with the assessment in the 1994 FSEIS, absent the implementation of the types of mitigation presented in the document, there would be significant traffic impacts due to the proposed Project but not materially different from those previously identified in the 1994 FSEIS.

Site 8 South is expected to place demand on area off-street parking facilities upon its completion in the year 2005. In addition, Site 8 South currently contains public parking facilities, which will be replaced by the proposed office building in the future. This loss of parking due to the proposed Project is accounted for in estimating the future parking utilization in the study area. In the year 2005 with the proposed Project, the average parking utilization rates in the study area would increase, particularly during pre-theater peak hours. As off-street parking facilities within a ¼-mile radius of the Project site would continue to operate with available capacity in the 2005 future conditions, no new Project-related impacts to parking are anticipated.

Pedestrians and Transit

Pedestrian conditions in the Project area with the modified program for Site 8 South and Site 8 North would be essentially the same as with the previous program for those Sites, as analyzed in the 1994 FSEIS. Under either program, the pedestrian network would reflect conditions in Midtown Manhattan compounded by its proximity to the Port Authority Bus Terminal, and the Project would result in some significant adverse pedestrian impacts. The array of effective pedestrian mitigation measures for Project impact locations would be the same for the revised program as for the previous program. Accordingly, from a pedestrian network perspective, the proposed program modifications would not result in any significant adverse pedestrian impacts not previously identified.

New York City Transit ("NYCT") is now renovating the Times Square/42 Street-Port Authority Bus Terminal subway stations to improve capacity and circulation throughout the station complex. NYCT is also renovating the 42nd Street/Sixth Avenue subway station. These station rehabilitations are, in part, a response to the revitalization of Times Square and 42nd Street, and incorporate certain findings of the 1994 FSEIS for the 42nd Street Project. Throughout the planning and design of the station rehabilitations, NYCT has accounted for the development of the 42nd Street Project sites as described in the 1994 FSEIS. With the exception of the proposed entrances associated with the 42nd Street Shuttle train realignment, rehabilitation of the subway stairs is expected to be completed prior to the 42nd Street Project's Full Build in 2005. Therefore, the ongoing rehabilitation of the study area stations is expected to support the future demand generated by the 42nd Street Project, including Sites 8 South and 8 North, as well as general background growth.

The estimated future subway trips are lower than those estimated in the 1994 FSEIS, except during the pre-theater peak hour when there would be 384 more subway trips. However, the subway ridership is traditionally lower during the pre-theater peak hour than during the AM and PM peak hours, and therefore, the additional 384 trips generated by the proposed development on Site 8 South and Site 8 North could be accommodated during this period. Since NYCT has incorporated estimates from the 1994 FSEIS in their planning and design of the Times Square station's rehabilitation, the final configuration of this station would accommodate the rates generated by the revised 2005 building program. Similarly, the rehabilitation of the Sixth Avenue station also considered increases in background ridership and anticipated the completion of the 42nd Street Project. Therefore, there would be no significant adverse transit impacts with the proposed development of Site 8 South and Site 8 North not already identified in the 1994 FSEIS.

The estimated future bus trips are lower than those estimated in the 1994 FSEIS, except during the pre-theater peak hours – not the traditional peak time for bus ridership – when there would be a minor increase in 42nd Street Project-related bus trips. As discussed in the FSEIS, peak hour 42nd Street Project bus trips are expected to be distributed amongst the various bus lines that serve the area. It is expected that capacity would be available to support these trips on some routes. Other routes, which may experience overcrowding as a result of 42nd Street Project trips, may require additional service. However, NYCT periodically evaluates service conditions and revises schedules and headways, as appropriate. Since bus trips from the 2005 Full Build would be lower or essentially the same as bus trips predicted for the 2015 Full Build, there would be no significant adverse bus impacts with the 2005 Full Build not already identified in the 1994 FSEIS.

Air Quality

Compared with the 2015 Full Build results in the 1994 FSEIS, the 2005 Full Build results indicate the overall improvement in regional air quality. (No violations of the carbon monoxide standard have been recorded at NYSDEC monitoring stations over the past few years.) Unlike conditions shown in the 1994 FSEIS, predicted conditions with the revised program show no predicted exceedances of the carbon monoxide standard.

During demolition and other construction-related activities at Site 8 South, a Health and Safety Plan would be implemented to minimize public and worker exposures to potential airborne emissions of fugitive dust, lead-based paint, asbestos, and other air pollutants that may be generated from the construction. The Health and Safety Plan would define worker safety, monitoring procedures, and appropriate mitigative and protective measures. With these measures, no significant impacts would occur during Project construction.

Thus, the proposed Project would not result in any significant adverse impacts on ambient air quality not previously disclosed in the 1994 FSEIS during either construction or operation of the proposed Project.

Noise

The future 2005 conditions, which include other completed components of the 42nd Street Project as well as the proposed Project on Site 8 South, would not result in changes in noise levels that would have the potential to cause significant impacts. The Site 8 South building's design will include double-glazed windows and central air conditioning. These design measures will provide some noise attenuation. Therefore, the proposed Project at Site 8 South would not result in any significant adverse noise impacts and future noise levels would be consistent with those predicted to occur in the 1994 FSEIS.

IV. General Effect of the Project on the Residents of the Locality [EDPL § 204(B)(3)].

As described above, the proposed Project on Site 8 South would have substantial environmental and social benefits for the residents of the City as a whole, as well as some adverse impacts.

The completion of other portions of the 42nd Street Project resulted in a safe, lively street ambience in those areas that has discouraged crime, loitering and other blighting influences, which has clearly been a benefit to the residents in the adjacent communities. The development of Site 8 South, with its mix of retail and commercial uses, would further fulfill one of the original goals of the 42nd Street Project of transforming a blighted and underutilized area into an active, thriving commercial, entertainment, and retail destination. Inasmuch as the Project area will be rejuvenated, nearby residents will have the benefit of close proximity to the revitalized Eighth Avenue blockfront.

Concerns were raised that the Project, with its revitalization goals, would spur gentrification in the Clinton area thus create indirect displacement pressures on the low- and middle-income residential population. These concerns were addressed in the Environmental Impact Statements prepared in 1984 and 1994, which concluded that the 42nd Street Project may accelerate existing and projected displacement pressures but would not result in adverse displacement impacts. Since that time, many changes independent of the 42nd Street Project have occurred that have affected the composition of the nearby residential population. Stimulated by the robust economy and changes in City policies to promote new development, the study area including the Clinton neighborhood has experienced the introduction of new market-rate, as well as affordable housing units; the upgrading of existing housing stock; and the preservation of moderate income housing in older buildings. The proposed modifications to Site 8 South would neither alter the conclusions of the previous EISs nor result in any new displacement issues for the residents in the nearby study area. Although homelessness is still a factor, it is not a factor to the extent it existed in 1994; there are a number of outreach organizations that work in the area with at-risk populations. The proposed Site 8 South development is unlikely to have an adverse affect on this population.

Consistent with recent trends, the declines in loitering and criminal activity in the Project area are not expected to be accompanied by noticeable increases in loitering and criminal activity elsewhere. No shifts in crime to locations outside the 42nd Street Project area resulting from the development of other portions of the 42nd Street Project have been noticed as evidenced by the overall decline in crime throughout the Midtown South Precinct as well as the neighboring Midtown North precinct. Similar to the conclusions in the 1994 FSEIS, the displacement of adult-related uses from Site 8 South is unlikely to create a concentration of these uses in other areas of the City. No such concentration of adult-related uses occurred when these uses were eliminated on the other portions of the 42nd Street Project.

V. Other Relevant Factors [EDPL §204(B)(4)].

At the public hearing, and during the submission period under the EDPL and the UDC Act, oral and written public comments were received. All comments have been given due consideration. This is part of the process in which ESD has taken into account positive public opinion as well as public concerns over potential negative impacts. Throughout the planning period, ESD has identified and, where feasible, developed mitigation measures to alleviate potential negative effects.

DETERMINATION

Based on due consideration of the foregoing findings, it is determined that ESD should exercise its power of condemnation in order to continue to implement the 42nd Street Project, as amended, and specifically to acquire, as necessary, Site 8 South.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under

prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

HOMELESS SERVICES

OFFICE OF CONTRACTS AND PROCUREMENT

■ **SOLICITATIONS**

Human Services

MEDICAL REVIEW SERVICES FOR HOMELESS ADULTS – CSP – Judgment required in evaluating proposals - PIN# 071-02S003423 – DUE 12-20-01 AT 5:00 P.M. – The Department of Homeless Services (DHS) is seeking an appropriately qualified health organization to provide a Medical and Psychiatric Review Team to review and evaluate all medical, psychiatric and social data to determine the medical appropriateness for shelter placement and the level of care needed upon discharge for all homeless patients referred to the DHS single adult shelter system or drop-in centers by a medical facility including hospitals in patient units, sub-acute facilities and hospital based detoxification/rehab units.

The maximum available funding for the contract awarded from this RFP will be $529,000. Greater consideration shall be given to proposals that offer more competitive prices.

The anticipated term of the contract awarded through this Request for Proposals will be for two two-years from July 1, 2002 to June 30, 2004, with two-year options to renew dependent upon the availability of funds.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY 10004. Calvin Pitter (212) 361-8413.

n9-d19

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

JOB ORDER CONTRACTING SYSTEM (JOCS) – Competitive Sealed Proposals* – PIN# 069-01-510-3035 – DUE 01-22-02 AT 5:00 P.M. – Human Resources Administration (HRA) is responsible for the delivery of services to nearly one million new yorkers for a variety of needs including public assistance benefits, employment services, home care, and aids services. As part of this effort, HRA's office of Facility Management Services (OFMS) is responsible for the development of contracts for the maintenance of facilities used by staff and clients. OFMS seeks the services of a vendor with experience implementing a job order contracting system to facilitate construction and construction-related services in HRA buildings. The vendor for the proposed contract would have experience working with public agencies with OFMS to implement a system for use by agency personnel. This will include requirements for software development, implementation of systems and procedures, training, and system start-up.
RFP's will also be mailed for entities outside the City of New York. Please fax a request with proper contact person and mailing instructions to the attention of Ms. Berg at (718) 260-6557.
All substantive matters concerning this RFP must be directed to Ms. Caryn Fechter, Assistant Deputy Administrator for OFMS at (212) 630-9033. A pre-proposal conference will be held on December 11, 2001 at 30 Main Street, 5th Floor Conference Room, Brooklyn, New York 11201 at 10:00 AM. Attendance at the pre-proposal conference is optional, but strongly recommended by the agency.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

PROCUREMENT POLICY BOARD

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to **§3-07 Accelerated Procurement** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on June 25, 2001. A public hearing was held on July 26, 2001. The amendment was adopted by the PPB on November 7, 2001. The effective date of this rule is January 1, 2002.

Basis and Purpose of the Amendment

Technical changes make the rule clearer. In addition, the detailed requirements of §3-07(d)(1) and (2) concerning methods of procurement are replaced with a specific mandate in §3-07(d) that "Accelerated procurements shall be made in accordance with section 3-01 of these Rules."

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: November 7, 2001
Brendan J. Sexton, Chair

CHAPTER 3 METHODS OF SOURCE SELECTION
(is amended as follows:)

Section 3-07 ACCELERATED PROCUREMENT.

(a) **Definition [of Accelerated Procurement].** An accelerated procurement is a procurement of commodities [which] that is required to be made [on an expedited basis] quickly due to markets experiencing significant shortages and/or short-term price fluctuations. Such markets must be identified by specific rule of the PPB. Accelerated procurement shall only be authorized when the CCPO [designates in writing] determines those specific commodities subject to accelerated procurement.

(b) **Eligible Markets.** The PPB has identified the following specific markets as experiencing significant shortages and/or short-term price fluctuations:

(1) chemicals,

(2) energy,

(3) food,

(4) metals (ferrous and non-ferrous),

(5) paper, and

(6) plastics.

[This list of eligible markets may be amended from time to time by the PPB.]

(c) **Designation of Specific Commodities within Eligible Markets.** The CCPO, based upon written application by [the] an ACCO, shall select those specific commodities within eligible markets subject to accelerated procurement. The CCPO may also, at his/her discretion, select specific commodities for accelerated procurements. In either case, the selected commodities shall have been and continue to be in short supply and/or have experienced and continue to experience short-term price fluctuations. The CCPO shall document the reasons why such specific commodities are selected and the duration and conditions under which these commodities shall remain subject to accelerated procurement. The CCPO shall further issue the [necessary authorizations and] approvals necessary to implement any changes to the specific commodities list and shall publish quarterly in the City Record a list of all commodities designated for accelerated procurement. The scheduling and content of such notice shall be determined by the CCPO.

(d) **Methods of Procurement.** Accelerated procurements [must] shall be made in accordance with section 3-01 of these Rules. [by means of one of the methods of source selection identified in Section 3-01(a) of these Rules.]

[(1) Competitive sealed bidding is the preferred method of procurement for accelerated procurements in excess of the small purchase limit. Competitive sealed bidding shall be conducted in accordance with the provisions of Section 3-02 of these Rules.

(2) Where a "special case" exists pursuant to Section 3-01(d) of these Rules, the accelerated procurement may be made by the most competitive method of award that is practicable and advantageous to the City in accordance with Section 3-01(d)(1) and (2) of these Rules, and the basis for the special case determination and for the selection of method of procurement shall be documented and filed as set forth in those sections. The Certificate of Procedural Requisites and Certificate of Mayoral Approval shall apply, as appropriate, to such "special case" accelerated procurements.]

(e) **Exemptions from certain requirements.** Accelerated procurements are exempt from the following requirements [otherwise applicable]:

* * *

(3) registration of the contract pursuant to [Section 2-12 of] these Rules prior to the effective date is not required. The agency shall, as soon as is practicable, and not more than [ten] thirty days from date of award, submit such procurement to the Comptroller with a completed Advice of Award and all other documentation required by [Section 2-12 of] these Rules for an audit of the procedures and basis for the determination of the accelerated procurement.

(f) **Authority to Make Accelerated Procurements.** Accelerated procurements may be made [by Contracting Officers with written approval of the ACCO,] provided it is an eligible market [pursuant to Section 3-07(b)] and the CCPO has approved the specific commodity for accelerated procurement.

(g) **[Public Notice and] Filing Requirements.**

[(1) The list of specific commodities selected by the CCPO as candidates for accelerated procurements shall be published quarterly in the City Record. The scheduling and content of this notice shall be determined by the CCPO.

(2) Solicitation of bids or proposals for accelerated procurements shall be advertised in the City Record in accordance with Section 3-07(h).

(3) Notice of the award of an accelerated procurement shall be published in the City Record in accordance with Section 3-07(h).

(4)] The [written] determination of the basis for the procurement, all required approvals, and the selection of the supplier shall be documented in the Recommendation for Award [and retained in the agency contract file]. This documentation shall include:

(i) a list of [items] the commodities procured, together with the PIN;

(ii) the names of all suppliers solicited and the name and basis of the source selection;

(iii) the prices paid and the percentage difference between the prices paid under the accelerated procurement as compared with the previous purchase for the same or similar commodity; and

(iv) an evaluation of the past performance (if any) of the selected source.

(h) **Public Notice.**

(1) **Notice of Solicitation.**

(i) **Frequency.** Notice shall be published at least once in the City Record not less than three business days before the bid opening date, the proposal due date, or initiation of negotiations with a supplier pursuant to the sole source or negotiated acquisition methods, or the initiation of another procurement method provided by these Rules.

(ii) **Content.** Such notice shall include:

(A) agency name;

(B) PIN;

(C) title and/or brief description of the [goods] commodities to be procured;

(D) estimated quantity, if any;

(E) how the contract documents may be obtained[;] , if applicable;

(F) when and where the bids are due and shall be publicly opened[;] , or when and where proposals are due, if applicable; and

(G) special legally-required supplier qualifications or eligibility requirements, if any.

(2) **Notice of Award.**

(i) **Frequency.** Notice of a contract award exceeding the small purchase limits shall be published at least once in the City Record, within fifteen [calendar] days after registration of the contract.

(ii) **Content.** Such notice shall include:

(A) agency name;

(B) PIN;

(C) title and/or brief description of the [goods] commodities procured;

(D) name and address of the supplier;

(E) dollar value of the contract;

(F) procurement method by which the contract was let, including summary of any "special case" determination made in connection with the award by a "special case" method of procurement, if applicable; and

(G) summary determination of the basis for the accelerated procurement.

NOTICE OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to **§2-08 Supplier Responsibility & Appeal of Determination of Non-Responsibility** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on June 25, 2001. A public hearing was held on July 26, 2001. The amendment was adopted by the PPB on November 7, 2001. The effective date of this rule is January 1, 2002.

Basis and Purpose of the Amendment

The decision on an appeal to the agency head of a non-responsibility determination is given a 60-day deadline (there is none at present). Should the decision not be made within this timeframe, the supplier may present the appeal to the Mayor.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

CHAPTER 2 PROCUREMENT PROCESS
(is amended as follows:)

Section 2-08 SUPPLIER RESPONSIBILITY AND APPEAL OF DETERMINATION OF NON-RESPONSIBILITY.

* * *

(k) **Appeal to Agency Head.** Appeals to the Agency Head of the determination of non-responsibility shall be made pursuant to the following procedure:

* * *

(3) **Agency Head Determination.** The Agency Head shall consider the bidder's appeal, and shall make a prompt written decision no later than sixty days after receipt with respect to the merits of the bidder's appeal, except when such appeal relates to an Office of Labor Services determination of non-compliance with applicable equal employment opportunity requirements. Under such exception, the Office of Labor Services shall review all appeals and shall inform the Agency Head of its [determination of] recommendation as to the merits of the bidder's appeal within forty-five days. The Agency Head or head of the Office of Labor Services may, in his or her sole discretion, meet with the bidder to discuss his/her appeal. If the Agency Head's determination is not made within the prescribed sixty days after receipt of the appeal, then the supplier may present the appeal to the Mayor.

* Forecasts are based on preliminary data from the State Office of Real Property Services.
** Net adjusted for Original Issue Discount, Capital Appreciation Bonds, G.O. bonds issued for the water and sewer system, and Business Improvement District debt.
*** Reflects Capital Commitments as of the FY 02 Adopted Budget Commitment Plan and includes cost of issuance and Inter-fund Agreements.
# Contract liability is increased by $8.1 billion financed by TFA and TSASC, Inc. debt.
The Debt Affordability Statement released by the City in April, 2001 presents data on the last day of each fiscal year, June 30, in lieu of the first day of each fiscal year, July 1, as reflected in this table. The Debt Affordability Statement does not incorporate TFA and TSASC, Inc. debt-incurring power. In FY 02, for example, the City's Debt Affordability Statement forecasts that indebtedness would be over the General debt limit by $11.7 billion at the end of the fiscal year.

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

BINDING REPORT

ISSUE DATE: 11/13/01	DOCKET #: 022562	SRB #: SRB 02-2696
ADDRESS 200 EASTERN PARKWAY The Brooklyn Museum INDIVIDUAL LANDMARK	BOROUGH: BROOKLYN	BLOCK/LOT: 1183/26

To the Mayor, the Council, and the the Commissioner of the Department of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (b) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

On March 9, 2001, the Landmarks Preservation Commission issued Binding Commission Report 01-5058, LPC 00-7186 for the construction of a new entrance pavilion and plaza in front of the Brooklyn Museum of Art. A copy of that report is appended.

Subsequently, on October 11, 2001, the Commission received a proposal for an amendment to the work approved under CRB 01-5058.

The proposed amendment consists of eliminating a notch in the skylight above the building entrance to form a single, uninterrupted sweep; replacing the entrance vestibule with three revolving doors, which will remain set back behind the four entrance columns so that the canopy supports are clearly visible as they reach the ground; simplifying the ground floor glazing so that the storefront glass steps back once at the entrance, with the elimination of the interior space directly to the right of the entrance; replacing the cast-in-place concrete initially proposed for the site walls and the vertical surfaces of the outdoor seating area with pre-cast concrete panels; replacing the existing limestone paving of the portico with smaller 4'-0" x 4'-0" limestone slabs, to allow for proper waterproofing of this area; modifying the skylight from the original proposal where the top light of the skylight extended the full width of the upper roof terrace and served as the guardrail, and instead, limiting the glass to the skylight itself and introducing a metal guardrail with horizontal cables behind the glass. The guardrail will be set back 4 ½ feet from the parapet so that, from the plaza, the horizontal line of the railing will not be seen above the top edge of the skylight; moving the circular fountain located near the corner of Washington Avenue closer to the outdoor seating area; and incorporating a lighting scheme for the building and the plaza, which includes small fixtures integrated into the paving and site walls as well as a group of lampposts surrounding the vehicle drop of area. The McKim, Mead & White facade will be illuminated from fixtures mounted on the ground, the third floor roof, and DOT cobra head poles. Most of these fixtures will not be visible from the plaza, and no fixtures will be attached to the original building.

The proposed amendment, as well as all of the details of the previously approved proposal, are shown in a full set of demolition and construction documents entitled Master Plan III, Stage II: Entrance Upgrade, Bid Set, and Technical Specifications, Bid Issue, Volume Nos. 1, 2 and 3, all dated October 8, 2001, prepared by Polshek Partnership Architects LLP.

With regard to the proposed amendment, the Commission finds that the alterations to the design of the entrance pavilion are in keeping with the spirit of the original approval, and enhance the relationship of the new construction to the existing building; that the use of pre-cast concrete instead of cast-in-place concrete will insure consistence of color and texture at the plaza; that resurfacing the floor of the portico with smaller limestone units matching the color and texture of the original will aid in the waterproofing of the structure, and that this change will not be visible from the plaza; that the relocation of the fountain closer to the seating area will not diminish the character of the overall design of the plaza; and that the new lighting scheme has been discreetly integrated into the plaza design, with most of the fixtures not visible from the plaza, and none attached to the original building. Furthermore, the Commission finds that the updated drawings and specifications maintain the design of the balance of the previous approval. Based on these findings, the Commission determines the work to be appropriate to the Brooklyn Museum Landmark, and CRB 01-5058 is hereby amended.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be promiently displayed at the site while work is in progress. Please direct inquiries to Caroline Kane Levy.
