PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 6-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

AGENCY RULES

FINANCE

THE CITY OF NEW YORK
DEPARTMENT OF FINANCE

NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b), 1043 and 1523(3) of the New York City Charter, I hereby promulgate the following Rules Relating to the Burma Classification of Banks.

Alfred C. Cerullo, III
Commissioner

Dated: March 10, 1998

RULES RELATING TO THE
BURMA CLASSIFICATION OF BANKS

Section 1. Title 19 of the Rules of the City of New York is amended to add a new chapter 41 thereto to read as follows:

§41-01. Purpose. Section 1523(3) of the Charter of the City of New York requires the Commissioner of Finance to establish by rule, criteria by which to evaluate whether banks are using the means at their disposal to comply with the embargo on trade and financial transactions with Burma and any other sanctions imposed by the United States government with regard to Burma.

These rules establish such criteria and provide for hearings that offer to banks designated as depositories of City moneys pursuant to § 1524 of the Charter and to the public an opportunity to be heard, before the Commissioner of Finance classifies such banks and publishes notice of such classification in the *City Record*. When choosing among banks offering comparable services at a comparable cost, City agencies are required, in a manner consistent with guidelines established by the Commissioner of Finance, to seek to deposit or invest funds at, and obtain services from, the available banks that have received the highest classification.

§41-02. Definitions. When used in these rules:

(a) "Affiliate" of a bank or bank holding company shall mean any entity that, directly or indirectly, controls or is controlled by or is under common control with such bank or bank holding company.

(b) "Burma classification" shall mean the classification of a bank by the Commissioner in accordance with the criteria set forth in these rules as to how a bank is using the means at its disposal to comply with the embargo on trade and financial transactions with Burma and any other sanctions imposed by the United States government with regard to Burma.

(c) "Bank" shall mean a commercial bank or trust company or any other entity designated or applying to be designated by the Banking Commissioner pursuant to New York City Charter § 1524, except as expressly provided in subdivision (h) below.

(d) "Bank holding company" shall mean any entity that directly or indirectly controls either a bank or an entity directly or indirectly controlling a bank.

Notwithstanding the foregoing:

(1) No entity shall be deemed a bank holding company by virtue of its ownership or control of securities or interests in a fiduciary capacity, except where such securities or interests are owned, controlled or held with power to vote for the benefit of the stockholders, members or employees of such entity;

(2) nor shall any entity formed and operated for the sole purpose of participating in a proxy solicitation be deemed a bank holding company by virtue of its control of voting rights of securities or interests in any bank or bank holding company acquired in the course of such solicitation;

(3) nor shall any entity be deemed a bank holding company by virtue of its ownership or control of securities or interests acquired in securing or collecting a debt previously contracted in good faith, until two years after the date of acquisition;

(4) nor shall any entity be deemed a bank holding company by virtue of its ownership or control of securities or interests acquired by it in connection with its underwriting of securities or interests if such securities or interests are owned or controlled only for such period of time as will permit the sale thereof on a reasonable basis.

(e) "City" shall mean the City of New York.

(f) "Commissioner" shall mean the Commissioner of Finance of the City of New York.

(g) "Control" of an entity shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such entity.

Without limiting the generality of the foregoing, control:

(1) exists when an entity directly or indirectly owns, controls or holds with power to vote at least 25% of any class of the voting securities or interests of another entity;

(2) exists if any of the following factors are present:

(i) ability to control in any manner the election of 25% of the board of directors, trustees or general partners (or individuals exercising similar functions) of an entity; or

(ii) ability to exercise a controlling influence over the policies or management of an entity;

(3) is rebuttably presumed not to exist when an entity directly or indirectly owns, controls or holds with power to vote less than 5% of each class of the voting securities or interests of another entity.

The presumption of lack of control (i.e., ownership of or holding with power to vote less than 5% of each class of the voting securities or interests of an entity) may be rebutted if it is established to the satisfaction of the Commissioner that a "control" relationship exists. Determinations as to whether the indicia of control enumerated above are present shall be made by the Commissioner. Except as provided in the immediately succeeding sentence, in making such determinations, the Commissioner shall give due consideration to whether the entity whose control is in question is or would be viewed as a "controlled" entity by the Federal Reserve Board or other relevant regulatory agency. Notwithstanding the foregoing, even if the Federal Reserve Board or other relevant regulatory agency has determined that an entity does not have control over another entity because either or both such entities are not organized under the laws of or doing business in the United States, Puerto Rico, Guam, American Samoa or the Virgin Islands, the Commissioner may, consistent with the provisions of this subdivision, find control to exist for purposes of these rules if, in the Commissioner's judgment, such a determination would have been made by such regulator had such entities been organized under the laws of or been doing business in any such jurisdiction.

(h) "Correspondent banking services" shall mean banking services provided by one bank to another, provided, however, that for purposes of this subdivision, "bank" shall not be defined as provided in subdivision (c) above, but rather according to its general common usage in international finance.

(i) "Entity" shall mean any corporation, sole proprietorship, partnership, trust, joint venture, company, unincorporated association, joint stock association, limited liability company or partnership or any other form of doing business.

(j) "Indirect" shall mean through one or more intermediaries.

(k) "Investment" shall mean the beneficial ownership or control of a controlling interest in a Burmese entity, but shall not include the purchase of securities of a Burmese entity for a customer's account.

(l) "Known" shall mean the possession of actual knowledge, and shall not imply a duty of inquiry beyond the due diligence ordinarily exercised by an entity engaged in international finance.

(m) "Burma" shall include:

the country of Burma otherwise known as Myanmar and any territory or area under its administration.

(n) "Burmese entity" shall mean:

(i) an entity organized under the laws of Burma;

(ii) an entity known to the bank or its affiliates as having 25% or more of its equity directly or indirectly owned by one or more entities organized under the laws of Burma; or

(iii) a branch or office in Burma of an entity that is domiciled or organized outside of Burma.

(o) "Burmese government" shall include any agency of the Burmese government or Burma, any political subdivision of such government and any corporation owned or controlled by such government.

§41-03. Burma Questionnaire. The Commissioner shall send to each bank a Burma Questionnaire, to elicit the information required for purposes of classifying banks in accordance with New York City Charter § 1523(3) and these rules. Failure by a bank to respond timely and fully to any portion of the Questionnaire, to provide any of the documentation specified by the Commissioner or these rules or to provide such other information as may be sought by the Commissioner for purposes of such classification shall be grounds for a lower classification of the bank.

Upon the first submission of the Burma Questionnaire to the Commissioner, each publicly owned bank shall also file with the Commissioner a copy of the most recent annual proxy statement to its shareholders that the bank filed with the Federal Reserve Board, the Office of the Comptroller of the Currency or the Federal Deposit Insurance Corporation, whichever is applicable.

A bank affiliated with one or more bank holding companies as defined in the Bank Holding Company Act, 12 U.S.C. §1841, shall, in addition, submit copies, with exhibits, of the most recent annual report filed by each affiliated bank holding company with the Federal Reserve Board; provided, however, that the bank may omit from submission portions of such report for which confidential treatment by the Federal Reserve Board has been requested and has not been denied. A bank shall also promptly submit all portions of such report for which confidential treatment is denied subsequent to the submission of the main body of such report. In addition, a bank shall submit to the Commissioner copies of subsequent annual reports filed by the bank and by each affiliated bank holding company with the applicable state and federal regulatory agencies, with exhibits, within thirty days after the filing of the reports with such agencies.

After the initial submission of the Questionnaire by a bank to the Commissioner, the Commissioner may request a bank to submit additional Questionnaires from time to time as specified by the Commissioner. The Commissioner shall notify the bank of such request a reasonable time before the Questionnaires are due.

§41-04. Burma classification; criteria. The Commissioner shall evaluate the record of performance of a bank designated pursuant to New York City Charter § 1524 in complying with the embargo on trade and financial transactions with Burma and any other sanctions imposed by the United States government with regard to Burma, and shall classify such bank with a Burma classification. City agencies shall use such classification in their selection of banking service providers in a manner consistent with § 41-06 of these rules and with guidelines established by the Commissioner.

In classifying banks, the Commissioner shall first ascertain whether banks are providing any of the services prohibited under New York City Charter § 1524 (2)(a)(3). Banks found to be violating these prohibitions shall be dropped from the list of designated banks. The prohibited services are:

(a) advertising or otherwise promoting the sale, outside of Burma, of coins minted in Burma;

(b) underwriting securities of the Government of Burma; and

(c) making loans to the Government of Burma.

In classifying banks, the Commissioner shall consider the following attributes and practices of a bank and its affiliates as negative factors indicative of a bank's failure to comply with U.S. government sanctions. The bank and its affiliates:

(1) maintain an office, plant or employees in Burma or have investments in Burma, or are actively in the process of withdrawing such operations from Burma;

(2) provide loans, including without limitation trade credits, to Burmese entities or to the Burmese government;

(3) underwrite, maintain correspondent banking relations or provide correspondent banking services, including without limitation letters of credit, bankers acceptances, and other banking services, with or to Burmese entities or the Burmese government;

(4) have not divested all outstanding debt owed them by Burmese entities or the Burmese government;

(5) have rescheduled loans owed them by Burmese entities or the Burmese government, and have converted outstanding debt owed them by Burmese entities or the Burmese government into instruments whose maturities are longer than those of the original debt;

(6) are not actively engaged in the cessation of all of their operations, if any, described in paragraphs 1 through 5 above and will not have ceased such operations within six months.

To the extent the bank or its affiliates engage in the activities described in paragraphs 1 through 5 above, the Commissioner may take into account the extent of such activities and the degree to which the level of such activities have been reduced since 1990. In classifying banks, the Commissioner shall, based on information acquired pursuant to §§ 41-03 and 41-05 of these rules, give weight in the proportions specified below to the extent banks fail to cease activities described in paragraphs 1 through 6 above:

Para. 1 - eighteen percent (18%)
Para. 2 - eighteen percent (18%)
Para. 3 - eighteen percent (18%)
Para. 4 - eighteen percent (18%)
Para. 5 - eighteen percent (18%)
Para. 6 - ten percent (10%)

Based upon an assessment of their activities conducted in accordance with the foregoing, the Commissioner shall classify the banks in such manner as the Commissioner shall determine best advances the purposes of these rules.

§41-05. Public comment; publication of classification. The Commissioner shall offer banks and the public an opportunity for comment concerning the Burma-related activities of banks at a public hearing to be held prior to classifying or reclassifying such banks. The Commissioner shall also accept written comments until the date of the public hearing from a bank and the public concerning such bank's activities. Notice of such public hearing shall be published in the *City Record* a reasonable time before such hearing shall be held. In addition to the information provided by banks pursuant to § 41-03 of these Rules, the Commissioner may consider any such comments received in the classification of a bank hereunder. The Commissioner shall provide banks a reasonable opportunity to respond to any such comment so considered.

After evaluating a bank's record of performance in complying with U. S. sanctions against Burma, and within a reasonable time after the public hearing, the Commissioner shall classify such bank as to its efforts according to the criteria stated in these rules and shall publish notice of such classification in the City Record. Upon the request of a bank or the public, or upon the Commissioner's own initiative, and after offering the public and the bank an opportunity to be heard, the Commissioner may change the classification of the bank. Notice of such change shall be published in the *City Record*.

§41-06. Application of the classification. The classification of a bank as determined by the Commissioner shall be a criterion used by City agencies in their selection of banking service providers. When choosing among banks offering comparable services at a comparable cost, City agencies shall, in a manner consistent with guidelines established by the Commissioner, deposit or invest funds at, and obtain services from, banks that have received the highest classification.

§41-07. Severability. If any provision of these rules or application thereof to any person, entity, bank or circumstance is adjudged invalid by a court of competent jurisdiction, such determination shall not affect or impair the validity of the other provisions of these rules or the application thereof to other persons, entities, banks or circumstances.

BASIS AND PURPOSE OF RULES

New York City Charter ("Charter") section 1523(3) requires the Commissioner of Finance to establish by rule criteria to evaluate whether banks designated as depositories of City moneys under Charter section 1524 are using means at their disposal to comply with the federal sanctions on Burma. These rules set forth such criteria in accordance with the Charter provisions. Under the Charter, when choosing among banks offering comparable services at a comparable cost, City agencies shall, in a manner consistent with guidelines established by the Commissioner, deposit or invest funds at, and obtain services from, banks that have received the highest classification.

AGREEMENT made this 27th day of February, 1998, by and between the City of New York (hereinafter called the "City"), acting by the Commissioner of Labor Relations, and the Correction Officer's Benevolent Association of the City of New York, Inc. (hereinafter called the "Union" or the "C.O.B.A."), for the sixty-four month period from April 1, 1995 to July 31, 2000.

WITNESSETH:

WHEREAS, the Correction Officers employed by the City have duly designated the Union as their exclusive bargaining representative for the purpose of collective bargaining with the City with respect to wages, hours and conditions of employment; and

WHEREAS, the Union and the City desire to cooperate in establishing conditions which will tend to secure standards and conditions of employment consistent with the dignity of Correction Officers, and to provide methods for fair and peaceful adjustment of disputes that may arise between the Union and the City; and

WHEREAS, as a result of collective bargaining the parties have reached an agreement which they desire to reduce to writing;

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The City recognizes the Union as the sole and exclusive collective bargaining representative for the unit consisting of the employees of New York City in the titles of Correction Officer (Men), Correction Officer (Women) and Correction Officer (CETA), (hereinafter referred to under the general term of "Correction Officer").

Section 2.

Except as otherwise provided herein, for purposes of this Contract, the terms "employee," "employees," "Correction Officer" or "Correction Officers" shall be interchangeable and shall relate solely to employees in the unit described in Section 1 of this Article.

ARTICLE II - UNION SECURITY-DUES CHECKOFF

Section 1.

All employees covered by this Agreement shall be free to become and remain members of the Union in good standing.

Section 2.

The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each employee in the unit in accord with the Mayor's Executive Order No. 98, dated May 15, 1969 entitled "Regulations Regulating the Checkoff of Union Dues" and in accord with the Mayor's Executive Order No. 107, dated December 29, 1986 entitled "Regulations Governing Procedures for Orderly Payroll Checkoff of Union Dues" and any executive orders which amend or supersede said Executive Orders.

Section 3.

An employee may consent in writing to the authorization of the deduction of dues from his wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form, in accord with Section 2 of this Article II, which bears the signature of the employee.

Section 4.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference.

ARTICLE III - HOURS AND OVERTIME

Section 1.

All ordered and/or authorized overtime in excess of forty (40) hours in any week or in excess of the hours required of an employee by reason of his regular duty chart if a week's measurement is not appropriate, whether of an emergency nature or of a non-emergency nature, shall be compensated for either by cash payment or compensatory time off, at the rate of time and one-half, at the sole option of the employee. Such cash payments or compensatory time off shall be computed on the basis of fifteen (15) minute segments.

Section 2.

In order to preserve the intent and spirit of this Section on overtime compensation, there shall be no rescheduling of days off and/or tours of duty. This restriction shall apply both to the retrospective crediting of time off against hours already worked and to the anticipatory re-assignment of personnel to different days off and/or tours of duty.

Section 3.

Overtime shall be computed on a monthly basis and the Department shall make every reasonable effort to pay such overtime within six (6) weeks following the submission of the monthly report.

ARTICLE IV - RECALL AFTER TOUR

Any Correction Officer who is recalled to duty after having completed the employee's regular tour of duty shall receive pay pursuant to the regular overtime provisions of this Agreement, that is, in cash or compensatory time off at the sole option of the Correction Officer at the rate of time and one-half for the time actually worked. The Department will issue a directive to the heads of all commands informing them that a Correction Officer who is recalled shall be put to work.

ARTICLE V - COMPUTATION OF BENEFITS

Since the average basic forty-hour week has not been changed by this Agreement, the current standard practice for the computation of compensation for holidays, vacation days, personal leave days, annuity fund contributions and other relevant benefits, shall continue to be calculated on the basis of an eight-hour work day.

Re: COBA Agreement for the period of

Change of Sick Leave Language

Dear Mr. Seabrook:

The sole intent of the change in the sick leave language in Article X, Section 2 of the October 1, 1991 - March 31, 1995 Agreement was to acknowledge enactment of Section 9-117.1(a) of the New York City Administrative Code which allows Correction Officers to continue to exclude line of duty sick leave payments from gross income in accordance with Internal Revenue Code Section 104 (a)(1) and Section 1.104 (b) of the Internal Revenue Service Regulations.

Please be assured that the 1987-90 Police Agreement varied in the same manner from the 1984-87 Police Agreement as did the Correction Officers Agreement, and that there was no intent to nor does it deprive any Correction Officer of any benefit nor diminish any benefit, but rather to keep and further an existing benefit.

The sick leave provisions of Article X, Section 2 (i) and (ii) of the 1995-2000 Correction Officer Agreement have no other purpose, nor shall they have any other use but to continue the benefit therein previously contained.

Very truly yours,

James F. Hanley

Dear Mr. Seabrook:

The City and the COBA recognize that, pursuant to Administrative Code Section 12-127, the City is obligated to pay for the cost of line of duty injury prescription drugs for COBA members. The parties further recognize that a significant number of COBA members have utilized the COBA Health and Welfare Fund to pay for these prescription drugs without reimbursement by the City. The COBA agrees to waive any and all claims retroactively and prospectively against the City for the reimbursement of the cost of line of duty injury prescription drugs.

Re: COBA Welfare Fund Agreement

Dear Mr. Seabrook:

The COBA asserts that the transfer complies with its Trust Agreement and will take any necessary action to ensure compliance. The COBA agrees on its own behalf, and on behalf of its members, to hold the City harmless in the event there is a lawsuit or a challenge to the use of the sum of money specified above.

This is also to confirm our agreement that, for the term of this Agreement, the increased contributions to the retiree welfare funds of $128.00 on June 1, 1999, and $147.00 on April 1, 2000, shall instead be remitted to the active welfare fund. f. Upon completion of four (4) years of active or qualified inactive service, an employee appointed pursuant to the provisions set forth in subsection 2(d) shall receive a one-time lump sum payment calculated by taking the difference between the minimum "hiring rate" received by the employee and the indicated minimum "incumbent rate" for the applicable title that was in effect on the one year anniversary of the employee's original date of appointment to his/her title (as set forth in subsection 1(a)(2) of this Article IV-C-GROUP 2). This one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the employee been paid at the higher "minimum" salary rate and the annual salary rate the employee actually earned during the employee's second year of service.

i. The intent of this Section 2(f) is to treat the employee as if the employee had moved to the higher minimum "incumbent rate" after one year of service rather than after two years. Only the difference between the applicable minimum "hiring rate" and the minimum "incumbent rate" is guaranteed. Any additions-to-gross or merit increases are not to be included in the calculation of the one-time lump sum payment.

ii. All overtime, night shift differential, or other percentage based premium payments received by an employee during the second year of service will be included in the calculation of the lump sum payment.

iii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date and the lump sum will be prorated to reflect such change(s).

g. For the purposes of Sections 2(d) and 2(f), "qualified inactive service" is defined to include the following employees:

i. those who are on preferred or recall lists; or

ii. those who are on the following unpaid approved leaves:

(1) maternity/childcare leave;
(2) unpaid military leave;

Section 4.

c. Employees covered by Article IV-C-(Group 2) may use one (1) day per year from their accrued sick leave balance for the care of ill family members. Approval of such leave is discretionary with the agency and proof of disability must be provided by the employee satisfactory to the agency within five (5) days of the employee's return to work.

d. Time off with pay shall be granted to regular employees not to exceed three (3) work days in case of death in the immediate family. Immediate family shall be defined for this purpose as spouse, parent, (natural, foster, step), mother-in-law, father-in-law, child, brother or sister; or any relative residing in the household.

e. Two (2) hours of credit (at straight time) providing the employee actually works, shall be granted for purposes of voting on Regular General Election Day.

f. In the event that the Office of the Mayor issues an order to the various department heads that City employees be granted a day off or alternate days, the same policy shall be applied to the employees covered by this Article IV-C (Group 2).

Section 9.

Section 11.
If an employee dies during the term of this Agreement because of an injury arising out of and in the course of his employment through no fault of his own, and in the proper performance of his duties, a payment of twenty-five thousand dollars ($25,000) will be made from other funds than those of the Retirement System in addition to any other payment which may be made as a result of such death. Such payment shall be made to the same beneficiary designated in Section 9 hereof, or if no beneficiary is so designated, payment shall be made to the employee's estate.

Section 12.
Each employee shall receive terminal leave in accordance with existing rules governing the grant of terminal leave to other City employees in the Department of Transportation now receiving terminal leave.

Section 13.
The Employer will attempt to retain all per annum employees who hold positions by permanent appointment. If reduction in forces because of reduced number of ferry boat runs becomes necessary no such reduction in forces shall become effective without prior discussion with the Union. Nothing contained herein shall be construed to in any manner limit or restrict the Employer's right to lay off for lack of work or any other legitimate reason.

Section 14.
In accord with the election by the Union pursuant to the provisions of Article XIII of the *1990-92 City-wide Agreement* negotiated pursuant to Section 1173-4.3(a)(2) of the New York City Collective Bargaining Law recodified as Section 12-307 (a)(2) of the current New York City Collective Bargaining Law or any successor agreement thereto, the Welfare Fund provisions of that City-wide Agreement or any successor thereto shall apply to employees covered by this Agreement.

ARTICLE IV-D - ABSENCE DUE TO INJURY INCURRED IN THE PERFORMANCE OF OFFICIAL DUTIES*

(*The provisions of Articles IV-D through IV-F are not applicable to employees in titles listed in Article IV-B, said employees being covered for these purposes by the provisions of Article IV-B, Section 2.)

Section 1.
a. An employee physically disabled in the performance of official duties who has accrued sick and/or annual leave may elect one of the following, in addition to the benefits to which the employee is entitled under the Worker's Compensation Law, such election to be made within the first seven calendar days of absence by the employee or someone on his or her behalf:

1. To receive the difference between the amount of his or her weekly salary and the compensation rate, provided that:
(a) the injured employee or any authorized person acting on behalf of such employee makes the request in writing, and
(b) the injured employee or any authorized person acting on behalf of such employee agrees that a pro-rated charge be made against the sick leave and/or annual leave balances equal to the number of working days of absence less the number of working days represented by the Worker's Compensation payments, and
(c) the injured employee has the necessary accrued sick leave and/or annual leave balance against which the supplementary pay can be charged, and

(d) the injured employee was not guilty of willful gross disobedience of safety rules or willful failure to use a safety device, or was not under the influence of alcohol or narcotics at the time of injury or did not willfully intend to bring about injury or death upon himself or herself or another, and

(e) the injured employee undergoes such medical examinations as are requested by the Worker's Compensation Division of the Law Department and the employing agency, and when found fit for duty by said physicians, returns to employment.

2. To receive Workers's Compensation benefits in their entirety with no charge against sick leave and/or annual leave.

b. During the period when an injured employee is receiving Worker's Compensation and the differential to bring the employee to full pay, the employee will be carried on full-pay status and this time shall be counted for retirements benefit.

Section 2. INTERPRETATIONS
The agency head is empowered to grant a leave of absence with pay for the first week's absence of an employee covered by Worker's Compensation who is physically disabled in the performance of official duties.

a. Agencies should use election forms (DP-2002), which are obtainable from the Stock Section (Room 433) of the Department of Personnel.

b. The election of an option, as provided for in this section, should be made within the first seven consecutive calendar days following absence, in order that an employee, who so elects, is assured of receiving full pay during the period of Worker's Compensation coverage. The agency head's authority to grant leave with full pay, without charge to leave balances pursuant to Section 2, does not extend beyond the first seven consecutive calendar days following absence.

c. Where an employee has been absent for an initial period of less than a week and an extended subsequent absence may possibly result from the same disability or condition, the employee must elect a rate of charge (on Form DP-2002) within seven calendar days of the first day of absence in order to receive full pay, even though the employee has already returned to work.

d. An employee who fails to elect a rate of charge within the prescribed period shall be deemed to have selected Option 2 and will receive the benefits of Worker's Compensation only.

e. Provisional and temporary incumbents in per annum positions are also covered under the Worker's Compensation Law.

Section 3.
a. Upon the determination by the head of an agency that an employee has been physically disabled because of an assault arising out of and in the course of the employee's employment, the agency head will grant the injured employee a leave of absence with pay not to exceed eighteen (18) months. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the head of the agency in writing that the employee's injury has been accepted by the Division as compensable under the Worker's Compensation Law, or if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law.

For a permanent employee who have five (5) years or more of service who does not have sufficient leave credit to cover his/her absence pending a determination by the Worker's Compensation Division of the Law Department, the agency head shall advance the employee up to forty-five (45) calendar days of paid leave. In the event the Worker's Compensation Division of the Law Department does not accept the injury as compensable under the law or the Worker's Compensation Board determines that such injury is not compensable under such law, the employee shall reimburse the City for the paid leave advance.

An employee who is granted a leave of absence with pay pursuant to this Section, shall receive the difference between the employee's weekly salary and the compensation rate without charge against annual leave or sick leave. The employee shall, as a condition of receiving benefits under this Section, execute an assignment of the proceeds of any judgment or settlement in any third-party action arising from such injury in the amount of the pay and medical disbursements received pursuant to this Section, but NOT to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel. The injured employee shall undergo such medical examinations as are requested by the Worker's Compensation Division of the Law Department and the employing agency, and when found fit for duty by the Worker's Compensation Board shall return to employment. No benefits shall be paid while an employee is suspended pending disciplinary action, or if an employee is subsequently found culpable of having commenced the assault or unnecessarily continued the assault. Benefits provided under this section shall be in addition to, but not concurrent with, benefits provided under Sections 1 and 2 hereof.

b. For employees who do not come under the provisions of Section 3(a) hereof but who are injured in the course of employment, upon the determination of an agency head that an employee has been physically disabled because of an injury arising out of and in the course of employment, through no fault of the employee, the agency head will grant the injured employee an extended sick leave with pay not to exceed three months after all the employee's sick leave and annual leave balances have been exhausted. This additional leave must be taken immediately following the exhaustion of such balances. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the agency head in writing that the employee's injury has been accepted by the Division as compensable under the Worker's Compensation Law, or if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law. An employee who is granted extended sick leave with pay pursuant to this section, shall receive the difference between the employee's weekly salary and the compensation rate for the period of time granted. The employee shall, as a condition of receiving benefits under this section, execute an assignment of the proceeds of any judgment or settlement in any third-party action arising from such injury, in the amount of the pay and medical disbursements received pursuant to this section, but not to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel. The injured employee shall undergo such medical examinations as are requested by Worker's Compensation Division of the Law Department and the employing agency, and when found fit for duty by the Worker's Compensation Board shall return to employment. Benefits provided under this section shall be in addition to but not concurrent with benefits provided under Sections 1 and 2 hereof. The benefits provided by this section shall not be provided or continued beyond the date on which disability retirement benefits become effective.

An "assignment" form (DP-2010 obtainable from the Department of Personnel Stock Section, Room 433) must be executed in duplicate by the injured employee and submitted to the employing agency. The employing agency shall forward the duplicate copy to the Worker's Compensation Section of the Law Department, and retain the original.

Section 4.
This Article IV-D reflects the provisions currently applicable to other City employees. If the provisions applicable to other City employees are modified, they shall be deemed to be incorporated herein and shall supersede any conflicting section herein.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction
Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels
a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures may be used to determine acceptable performance levels, prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility
a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1 of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. - Definition:
The term *grievance* shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting the terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director shall not be subject to the Grievance Procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open competitive rather than a promotional examination; and

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75 (1) of the Civil Service Law upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

Section 2.
The Grievance Procedure, except for paragraphs d. and e. of Section 1, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section 1c, no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work.

Step I - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

Step II - An appeal from an unsatisfactory determination at Step I, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

Step III - An appeal from an unsatisfactory determination at Step II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations, in writing within ten (10) working days of the receipt of the Step II determination. The grievant or the Union should submit copies of the Step I and Step II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee, shall review all appeals from Step II determinations and shall answer such appeals within fifteen (15) working days following the date on which the appeal was filed.

Step IV - An appeal from an unsatisfactory determination at Step III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any), shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accord with Article 75 of the Civil Practice Law and Rules. An arbitrator may provide for and direct such relief as the arbitrator deems shall be necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.
As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.
In any case involving a grievance under Section 1e of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

Step A. - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at Step 1 of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in Step A. above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Section 75 and 76 of the Civil Service Law.

Step B(i) - If the employee is not satisfied with the determination at Step A. above, then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the employee may choose to proceed in accord with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to Step IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure, the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Section 75 and 76 of the Civil Service Law or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

Step B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of Step A. above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) working days of the receipt of the determination. The agency head or representative shall meet with the employee and the Union for review of the grievance and shall issue a written reply to the employee and the Union by the end of the tenth working day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip Step C of this Section and proceed directly to Step D.

Step C. - If the grievant is not satisfied with the determination of the agency head or designated representative, the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the Agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) working days.

Step D. - If the grievant is not satisfied with the determination of the Commissioner ofLabor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in Step IV of the Grievance Procedure set forth in this Agreement.

Section 5.
A grievance concerning a large number of employees which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at Step III of the Grievance Procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 6.
If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at Step III of the Grievance Procedure; or if a satisfactory Step III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at Step IV of the Grievance Procedure.

Section 7.
If the Employer exceeds any time limit prescribed at any Step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except, however, that only the Union may invoke impartial arbitration under Step IV

Section 8.
The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 9.
Each of the Steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 10.
a. Any grievance relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 11.
A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all such appeals and answer all such appeals within fifteen (15) working days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 12.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. Expedited Arbitration Procedure.
a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of proposed hearing dates for such cases.
(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.
(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.
(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.
(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.
(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.
(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.
(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.
(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with Employer business.

ARTICLE VIII - NO STRIKES

b. Any employee hired prior to January 1, 1995 and appointed at a reduced hiring rate pursuant to Section 4(b)(iv) of the 1992-95 Probation Officers Agreement, shall be paid at the applicable minimum "hiring rate" set forth in subsection 2(a)(i)(1). On the one year anniversary of the employee's original date of appointment, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in subsection 2(a)(i)(2) of this Article III.

c. d.

i. The appointment rate for any employee newly hired to a title covered by this Agreement after July 14, 1996, shall be the applicable minimum "hiring rate" set forth in subsections 2(a)(i)(1), 2(b)(i)(1) and 2(c)(i)(1) and 2(d)(i)(1) of this Article III. ii. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(c)(i) of this Article III.

i. The intent of this Section 4(f) is to treat the employee as if the employee had moved to the higher minimum "incumbent rate" after one year of service rather than after two years. Only the difference between the applicable minimum "hiring rate" and the minimum "incumbent rate" is guaranteed. Any additions-to-gross or ment increases are not to be included in the calculation of the one-time lump sum payment.

ii. All overtime, night shift differential, or other percentage based premium payments received by an employee during the second year of service will be included in the calculation of the lump sum payment.

iii. For a title subject to an incremental pay plan, the one-time lump sum payment shall be calculated by taking the difference between the "hiring rate" incremental(s) received by the employee and the "incumbent rate" increment(s) that was in effect on the one year anniversary of the employee's original date of appointment to their title. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(c)(i) of this Article III. In the case where there are increments payable between the employee's first and second anniversaries, the lump sum will be prorated to reflect such increments.

iv. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date and the lump sum will be prorated to reflect such change(s).

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section lb, of the 1990-92 Citywide Agreement as amended between the City of New York and related public employers and District Council 37, AFSCME AFL-CIO, the provisions of Article XIII, Section lb of the 1990-92 Citywide Agreement, as amended or any successor(s) thereto, shall apply to employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section lb of the 1990-92 Citywide Agreement as amended or any successor agreements thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

c. Contributions remitted to the Union pursuant to this Section 1 and Article XIII of the Citywide Agreement are contingent upon the execution of a separate trusted fund agreement between the Employer and the Union.

Section 2

The Unions agree to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

ARTICLE V--PRODUCTIVITY AND PERFORMANCE

Introduction.

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures may be used to determine acceptable performance levels, prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1 of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

ARTICLE VI--GRIEVANCE PROCEDURE

Section 1.

DEFINITION: The term "Grievance" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent employee covered by Section 75(1) of the Civil Service Law.

g. A claimed wrongful disciplinary action taken against a provisional employee who has served continuously for five years in the same title in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Section l(d) and 1 (e) and 1 (g) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section (l)(c), no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance has been filed within the time limitation set forth in Step I below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I. The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II. An appeal from an unsatisfactory determination at STEP I where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. The appeal must be made within five (5) working days of the receipt of the STEP I determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III. An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the STEP II determination. The grievant or the Union should submit copies of the STEP I and STEP II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from STEP II determinations and shall issue a determination on such appeals within fifteen (15) working days following the date on which the appeal was filed.

STEP IV. An appeal from an unsatisfactory determination at STEP III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the STEP III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A. Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in STEP A above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the Employee shall sign a waiver of the Employees right to the procedures available to him or her under Section 75 and 76 of the Civil Service Law.

STEP B(i) If the Employee is not satisfied with the determination at STEP A above, then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Section 75 and 76 of the Civil Service Law, or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of STEP A above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) working days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth working day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip Step C of this Section and proceed directly to Step D.

Step C. If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) working days.

STEP D. If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section l(g) of this Article, the following procedure shall govern upon the service of written charges of incompetency or misconduct.

STEP A. Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance to such charges by that STEP I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at STEP A above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through STEP III. The union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) An appeal from the determination of STEP A above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination; failure to file such appeal within the prescribed time limit shall proscribe the Employee and/or the Union from proceeding to this Step B(ii). The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip STEP C of this Section and proceed directly to STEP D.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative; failure to file such appeal within the prescribed time limit shall proscribe the Employee and/or the Union from proceeding to this Step C. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) days.

Section 7.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at STEP III of the grievance procedure. All other individual advances in process concerning the same issue shall be consolidated with the "group" grievance. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at STEP III of the Grievance Procedure; or if a satisfactory STEP III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at STEP IV of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under STEP IV.

Section 10

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of the grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in Section 12 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibition.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent a good cause shown.

(3) The arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties, shall whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and all endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII--UNION REPRESENTATION

When the agency decides to have an orientation program for newly hired Probation Officers, the Union shall be permitted to designate one of its representatives to discuss Union rights and benefits, including welfare fund provisions.

ARTICLE VIII--BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with Employer business.

ARTICLE IX--NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE X--CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE XI--UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its Employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XII--LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of eight members who shall serve for the term of this Agreement. The Union shall designate four members and the agency head shall designate four members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XIII--FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIV--APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XV--SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XVI--CONTRACTING-OUT CLAUSE

The problem of "Contracting Out" or "Farming Out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this agreement.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

AGENCY RULES

FINANCE

THE CITY OF NEW YORK
DEPARTMENT OF FINANCE

NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter and sections 11-518, 11-687, 11-707, 11-805, 11-902, 11-1103, 11-1308 and 11-2503 of the Administrative Code of the City of New York, I hereby promulgate the within Rules Relating to the Creation and Retention of Books and Records which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by chapters 5, 6, 7, 8, 9, 11, 13 and 25 of title 11 of the Administrative Code of the City of New York.

Alfred C. Cerullo, III
Commissioner of Finance

Dated: March 6, 1998

Section 1. A new Chapter 26 is added to Title 19 of the Rules of the City of New York to read as follows:

Chapter 26

CREATION AND RETENTION OF BOOKS AND RECORDS

§26-01 Purpose. The purpose of these rules is to define the requirements imposed on taxpayers for the maintenance and retention of books, records, and other sources of information under sections 11-518, 11-687, 11-707, 11-805, 11-902, 11-1103, 11-1307 and 11-2503 of the Administrative Code of the City of New York and to address these requirements where all or a part of the taxpayer's records are received, created, maintained or generated through various computer, electronic and imaging processes and systems.

§26-02 Definitions. Unless the context requires otherwise, the following definitions apply in these rules:

Database Management System. The term "Database Management System" or DMS means a software system that controls, relates, retrieves, and provides accessibility to data stored in a database.

Department. The term "Department" means the Department of Finance of the City of New York.

Electronic Data Interchange. The term "Electronic Data Interchange" or "EDI" means the computer-to-computer exchange of business transactions in a standardized structured electronic format.

Hard copy. The term "Hard copy" means any documents, records, reports or other data printed on paper.

Machine-sensible record. The term "Machine-sensible record" means a collection of related information in an electronic format. Machine-sensible records do not include hard copy records that are created or recorded on paper or stored in or by an imaging system such as microfilm, microfiche, or storage-only imaging systems.

Storage-only imaging system. The term "Storage-only imaging system" means a system of computer hardware and software that provides for the storage, retention and retrieval of documents originally created on paper. It does not include any system, or part of a system, that manipulates or processes any information or data contained on the document in any manner other than to reproduce the document in hard copy or as an optical image.

Taxpayer. The term "Taxpayer" as used in these rules means any individual or entity subject to the provisions of Chapters 5, 6, 7, 8, 9, 11, 13 and 25 of Title 11 of the Administrative Code of the City of New York.

§26-03. General.

(a) A taxpayer shall maintain all records that are necessary to a determination of the correct tax liability under Chapters 5, 6, 7, 8, 9, 11, 13 and 25 of Title 11 of the Administrative Code of the City of New York. All required records must be made available on request by the Department or its authorized representatives as provided for in §§11-518, 11-687, 11-707, 11-805, 11-902, 11-1103, 11-1307 and 11-2503 of the Administrative Code of the City of New York. Such records shall include, but not be necessarily limited to permanent books of account or record, including inventories where applicable, as are sufficient to establish the amount of gross income, deductions, credits and other matters required to be shown by the taxpayer in any tax return required under the above chapters of the Administrative Code.

(b) If a taxpayer retains records required to be retained under these rules in both machine-sensible and hard copy formats, the taxpayer shall make the records available to the Department in machine-sensible format upon request of the Department.

(c) Nothing in this section shall prevent the Department from requesting hard copy printouts in lieu of retained machine-sensible records at the time of examination.

(d) Hard copy records generated at the time of a transaction using a credit or debit card must be retained unless all the details necessary to determine correct tax liability relating to the transaction are subsequently received and retained by the taxpayer in accordance with these rules. Such details include those listed in §26-04(b)(1) of these rules.

(e) Computer printouts that are created for validation, control, or other temporary purposes need not be retained.

(f) Nothing in these rules shall be construed to prohibit a taxpayer from demonstrating tax compliance with traditional hard copy documents or reproductions thereof, in whole or in part, whether or not such taxpayer also has retained or has the capability to retain records on electronic or other storage media in accordance with these rules. However, this subdivision shall not relieve the taxpayer of the obligation to comply with subdivision (b).

(g) Except as otherwise provided in this section, the provisions of these rules do not relieve taxpayers of the responsibility to retain hard copy records that are created or received in the ordinary course of business as required by existing law and regulations. Hard copy records may be retained on a recordkeeping medium as provided in §26-06 of these rules.

(h) Every taxpayer should make periodic checks on all records being retained for use by the Department. If any records required to be retained are subsequently lost, destroyed, damaged or found to be incomplete or materially inaccurate, the taxpayer must re-create the files within a reasonable period of time.

§26-04. Recordkeeping requirements - machine-sensible records.

(a) General.

(1) Machine-sensible records used to establish tax compliance shall contain sufficient transaction-level detail information so that the details underlying the machine-sensible records can be identified and made available to the Department upon request. A taxpayer has discretion to discard duplicated records and redundant information provided its responsibilities under these rules are met.

(2) At the time of an examination, the retained records must be capable of being retrieved and converted to a standard record format as specified by the Department.

(3) Taxpayers are not required to construct machine-sensible records other than those created in the ordinary course of business. A taxpayer who does not create the electronic equivalent of a traditional paper document in the ordinary course of business is not required to construct such a record for tax purposes.

(4) Any system for creating, maintaining and retrieving machine-sensible records must be able to accept date information input, provide date output, and store and perform calculations on dates before, on and after January 1, 2000 correctly and without ambiguity.

(b) Electronic Data Interchange Requirements.

(1) Where a taxpayer uses electronic data interchange processes and technology, the level of record detail, in combination with other records related to the transaction, must be equivalent to that contained in an acceptable paper record. The retained records should contain such information as vendor name, invoice date, product description, quantity purchased, price, amount of tax and indication of tax status (where applicable), shipping detail, etc. Codes may be used to identify some or all of the data elements, provided that the taxpayer provides a method which allows the Department to interpret the coded information.

(2) The taxpayer may capture the information necessary to satisfy paragraph (1) of this subdivision at any level within the accounting system and need not retain the original EDI transaction records provided the audit trail, authenticity, and integrity of the retained records can be established.

Example: A taxpayer using electronic data interchange technology receives electronic invoices from its suppliers. The taxpayer decides to retain the invoice data from completed and verified EDI transactions in its accounts payable system rather than to retain the EDI transactions themselves. Since neither the EDI transaction nor the accounts payable system captures information from the invoice pertaining to product description and vendor name (*i.e.*, they contain only codes for that information), the taxpayer also retains other records, such as its vendor master file and product code description lists and makes them available to the Department. In this example, the taxpayer need not retain its EDI transaction for tax purposes.

(c) Electronic Data Processing Systems Requirements.

The requirements for an electronic data processing accounting system should be similar to that of a manual accounting system in that an adequately designed accounting system should incorporate methods and records that will satisfy the requirements of these rules. An electronic data processing accounting system must be able to accept date information input, provide date output, and store and perform calculations on dates before, on and after January 1, 2000, correctly and without ambiguity.

(d) Business Process Information.

(1) Upon the request of the Department, the taxpayer shall provide a description of the business process that created the retained records. Such description shall include the relationship between the records and the tax documents prepared by the taxpayer and the measures employed to ensure the integrity of the records.

(2) The taxpayer must be capable of demonstrating:

(i) the functions being performed as they relate to the flow of data through the system;

(ii) the internal controls used to ensure accurate and reliable processing; and

(iii) the internal controls used to prevent unauthorized addition, alteration, or deletion of retained records.

(3) The following specific documentation for all retained files must also be kept:

(i) record formats (including the meaning of all "codes" used to represent information);

(ii) flowcharts for a system and a program;

(iii) label descriptions;

(iv) source program listings of programs that created the retained files;

(v) detailed charts of accounts (for specific periods);

(vi) evidence that periodic checks that are prescribed in §26-03(h) of these rules were performed; and

(vii) evidence that the retained records reconcile to the books and the tax report or return. This reconciliation must establish the relationship between the total of the amounts in the retained records by account to the account totals in the books and to the tax report or return.

(4) Any change to a data processing system that affects the accounting system and/or subsystems, together with their effective dates, must be documented in order to preserve an accurate chronological record. This record should include any changes to software or systems and any changes to the formats of files.

(5) Every taxpayer must be able to process the retained records at the time of a Department examination. Processing must include the ability to print a hard copy of any record. When the data processing system that created the records is being replaced by a system with which the records would be incompatible, the taxpayer must convert pre-existing records to a format that is compatible with the new system.

(6) At the time of an examination, every taxpayer must provide the Department with computer resources (*e.g.*, terminal access, computer time and personnel) that are necessary for the processing of the retained records.

(7) Every taxpayer that utilizes a Database Management System must create a sequential file(s) that contains all the detail necessary to identify the underlying source documents. In addition to the documentation described in paragraphs (2), (3) and (4) of this subdivision the following documentation must be retained:

(i) data base description including vendor, name and version;

(ii) record layouts of each segment with respect to the fields in the segment;

(iii) systems control language; and

(iv) programs associated with the DMS including a description of what each program does.

(8) The manner in which the Department is provided access to machine-sensible records as required in §26-03(b) of these rules may be satisfied through a variety of means that must take into account a taxpayer's facts and circumstances through consultation with the taxpayer.

(9) Such access must be provided in one or more of the following manners unless the taxpayer and the Department agree on another means of providing access to the machine-sensible records:

(i) The taxpayer may arrange to provide the Department with the hardware, software and personnel resources to access the machine-sensible records.

(ii) The taxpayer may arrange for a third party to provide the hardware, software and personnel resources necessary to access the machine-sensible records.

(iii) The taxpayer may convert the machine-sensible records to a standard record format specified by the Department, including copies of files, on a magnetic medium that is agreed to by the Department.

§26-05. Taxpayer responsibility and discretionary authority.

(a) In conjunction with meeting the requirements of §26-04 of these rules, a taxpayer may create files solely for the use of the Department. For example, if a database management system is used, it is consistent with these rules for the taxpayer to create and retain a file that contains the transaction-level detail from the database management system and that meets the requirements of §26-04 of these rules. The taxpayer should document the process that created the separate file to show the relationship between that file and the original records.

(b) A taxpayer may contract with a third party to provide custodial or management services of the records. Such a contract must not relieve the taxpayer of its responsibilities under these rules.

§26-06. Alternative storage media for hard copy documents.

(a) For purposes of storage and retention, taxpayers may convert hard copy documents received or produced in the normal course of business and required to be retained under this rule to microfilm, microfiche or another storage-only imaging system and may discard the original hard copy documents, provided the conditions of this section are met. Documents that may be stored on these media include, but are not limited to general books of account, journals, voucher registers, general and subsidiary ledgers, and supporting records of details, such as sales invoices, purchase invoices, exemption certificates and credit memoranda.

(b) Microfilm, microfiche and other storage-only imaging systems must meet the following requirements:

(1) Documentation establishing the procedures for converting the hard copy documents to microfilm, microfiche or another storage-only imaging system must be maintained and made available on request. Such documentation must, at a minimum, contain a sufficient description to allow an original document to be followed through the conversion system as well as internal procedures established for inspection and quality assurance. There must be no substantial evidence that the microfilm, microfiche or other storage-only imaging system lacks authenticity or integrity.

(2) Procedures must be established for the effective identification, storage, and preservation of the stored documents and for making them available for the period they are required to be retained under §26-07 of these rules.

(3) Upon request by the Department, a taxpayer must provide facilities and equipment for reading, locating, and reproducing any documents maintained on microfilm, microfiche or other storage-only imaging system.

(4) When displayed on such equipment or reproduced on paper, the documents must exhibit a high degree of legibility and readability. For this purpose, legibility is defined as the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. Readability is defined as the quality of a group of letters or numerals being recognizable as words or complete numbers.

(5) All data stored on microfilm, microfiche or other storage-only imaging system must be maintained and arranged in a manner that permits the location of any particular record.

(c) Any imaging system meeting the requirements of an electronic storage system under Rev. Proc. 97-22, as promulgated by the Internal Revenue Service, must be deemed to satisfy the requirements of this section, provided it is able to accept date information input, provide date output and store dates before, on and after January 1, 2000 correctly and without ambiguity.

§26-07 Records retention - time period.

All records required to be retained under these rules must be preserved pursuant to §§11-518, 11-687, 11-707, 11-805, 11-902, 11-1103, 11-1307 and 11-2503 of the Administrative Code of the City of New York unless the Department has provided in writing that the records are no longer required.

§2. These rules are effective for records maintained for taxable years beginning on or after April 18, 1998.

BASIS AND PURPOSE OF RULES

These rules add to the Rules Relating to the New York City Department of Finance a new chapter 26 of such rules prescribing rules for the creation, retention and submission of books and records for purposes of enabling the Department of Finance to conduct audits under chapters 5, 6, 7, 8, 9, 11, 13 and 25 of title 11 of the Administrative Code. The rules provide specific rules for electronic recordkeeping.

THE CITY OF NEW YORK
DEPARTMENT OF FINANCE

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter, I hereby promulgate the within amendments to the Rules Relating to Refunds of Real Property Taxes. (New matter is underscored).

Alfred C. Cerullo, III
Commissioner of Finance

Amendment To Rules Relating
To Refunds of Real Property Taxes

§ 1. Section 24-01 of Title 19 of the Compilation of the Rules of the City of New York is amended to add definitions of "beneficial owner" and "record owner" to read as follows:

Beneficial owner. "Beneficial owner" means an individual or entity that has an ownership interest in excess of fifty percent of either (i) the real property or (ii) the entity that is the record owner of the property.

Record owner. "Record owner" means the owner of a property as it appears on the records of the New York City Department of Finance.

§ 2. Section 24-04 of such rules is amended to read as follows:

§24-04 Assignment of refund. The taxpayer may assign the right to receive a refund or transfer of overpayment under these rules only by executing an assignment of the right to a refund or transfer on a form provided by the Commissioner of Finance.

§ 3. A new section 24-05 is added to such rules to read as follows:

§24-05 Transfer of overpayment. A taxpayer may transfer an overpayment from one property to another under the following conditions:

(a) An overpayment may be transferred only between properties owned by the same beneficial owner.

(b) A transfer of an overpayment from one property to another shall have no effect on the accrual of interest as required by law on arrears on the property to which the overpayment is transferred. Nothing in this provision, however, shall prevent the taxpayer from requesting that an overpayment, or a portion thereof, be applied to interest on the property to which the overpayment is transferred.

(c) In the event that an application for a transfer of an overpayment concerns properties that are not owned by the same record owner, the applicant must furnish proof required to establish that the properties are owned by the same beneficial owner.

Example 1: In January, 1995, X made an overpayment of real property taxes on property A in the amount of $1,000. Property B has an outstanding balance of real estate taxes and interest from July, 1996, in the amount of $1,000. There are no other outstanding charges on either of the two properties. X is the record owner of both property A and property B and desires to transfer the overpayment from property A to property B. X must submit to the Department an application pursuant to §24-02 of these rules. The $1,000 overpayment will be transferred from property A to property B to be applied to the outstanding balance on property B.

Example 2: The facts are the same as in Example 1 except that Y made the overpayment on property A. If X wishes to transfer the overpayment from property A to property B, X must submit to the Department an assignment from Y pursuant to §24-04 of these rules together with an application pursuant to §24-02 of these rules.

Example 3: In January, 1995, X made an overpayment of real property taxes on property A in the amount of $1,000. Property B has an outstanding balance of real estate taxes and interest in the amount of $2,000 from July, 1996. There are no other outstanding charges on either of the two properties. X owns 75% of the stock of X Corp. which is the record owner of property A. X also owns 75% of Y Corp. which is the record owner of property B. X desires to transfer the overpayment from property A to property B. X must submit to the Department an application pursuant to §24-02 of these rules together with documentation to establish that X is the beneficial owner of both property A and property B. The $1,000 overpayment will be transferred from property A to property B to reduce the outstanding balance on property B by $1,000.

Example 4: The facts are the same as in Example 3 except that X Corp. made the overpayment on property A. If X wishes to transfer the overpayment from property A to property B, X must submit to the Department an assignment from X Corp. pursuant to §24-04 of these rules, an application pursuant to §24-02 of these rules and documentation required to establish that X is the beneficial owner of both property A and property B.

BASIS AND PURPOSE OF AMENDMENTS

These amendments reflect the determination of the Department of Finance that the transfer of credits arising from overpayments of real property taxes is limited to transfers between properties which belong to the same owner. The previous version of these rules that was published for comment in November, 1997 has been revised to reflect comments received by the Department of Finance following the publication of the proposed rules. Transfers of overpayments will be allowed between properties owned by the same beneficial owner, as defined in the rules, who need not be the owner of record of both properties. Examples were drafted to illustrate the application of the amendments. The transfer of credits from one property to another will not affect the interest charges which may have accrued, prior to the time of the transfer, on the property to which the credits are transferred.

In the process of dealing with the issues at hand, may we learn how to treat each other's ideas with respect. May we be instructed in your divine truth, so that in the variety of approaches—out of the rich differences among us—will come the ideal balance in solving the problems of our city.

May we learn how to share visions, even though we may not share the same means. And may our vision as leaders of our respective communities extend beyond material matters and embrace the ideals of our founding fathers.

Help us see beyond the boundaries of our own communities and be truly concerned with the common good and prosperity of our great metropolis as well as the well-being of its people.

For these blessings we pray, Amen.

Res. No. 3

Resolution urging the United States Government to pressure Palestinian Authority Chairman Yasser Arafat to live up to the Oslo and Hebron agreements including his pledge to forcefully combat terrorism, extradite terrorist suspects to Israel and to clearly and unequivocally annul those positions of the Palestinian covenant which still calls for the destruction of the State of Israel.

By The Speaker (Council Member Vallone); Council Members Berman, Lasher, Dear, Spigner, Robles, O'Donovan, Eisland, McCaffrey, Michels, Leffler, Henry, Malave-Dilan, Provenzano, Duane, Koslowitz, Weiner, Fisher, Golden, Stabile and Eristoff; also Council Members DiBrienza, Lasher, Miller, Warden, Carrion and Abel

Whereas, In 1993 Israel took a major step in its search for peace when in Oslo, Norway, it agreed to grant the Palestinians autonomy over their internal affairs; and

Whereas, The Oslo accords signed by Israel and the P.L.O. in Washington, D.C. marked a new era of hope in the endless search for Middle East Peace; and

Whereas, The Oslo accords set forth certain obligations that both sides agreed to implement; and

Whereas, While Israel has lived up to its obligations, the Palestinian Authority has failed to live up to dozens of commitments agreed to at Oslo; and

Whereas, These Palestinian commitments include a war on terrorism—yet Yasser Arafat is seen embracing the head of the Hamas terrorist organization and praising as a martyr "the engineer"—the terrorist who built many of the suicide bombs that killed so many innocent Israelis; and

Whereas, The Oslo accords required the Palestinians to extradite terrorist suspects who have killed both Israelis and Americans to Israel to stand trial—yet Yasser Arafat and his ministers say that they will never extradite a Palestinian to Israel and instead hold trials where terrorists are tried and sentenced within days of their arrest only to be released within a few weeks or months when many then join the Palestinian Police or Security forces; and

Whereas, The Oslo accords set strict limits on the numbers of Palestinians security personnel and the weapons they can carry—yet the Palestinians have tens of thousands of armed soldiers above the limit and have been obtaining anti-tank missiles and other outlawed weapons for their "army"—many times by smuggling these into the territories in the cars of Palestinian ministers who have diplomatic status; and

Whereas, The Oslo accords required the Palestinians to annul their covenant which calls for the elimination of the State of Israel—yet despite claims that they have done so—the offensive language still clearly remains an essential part of the covenant; and

Whereas, One year ago despite the fact that the Palestinians had not lived up to the Oslo accords and were threatening to once again unleash the terrorism which they can very ably prevent when they so choose, the Netanyahu government agreed to a very painful withdrawal from Hebron, the ancient home and burial site of the Jewish Patriarchs, Abraham, Isaac and Jacob and the Matriarchs, Sarah, Rivka and Leah in return

for nothing other than the Palestinians commitment to live up to their original obligations under the Oslo accords; and

Whereas, To this day the Israeli government is waiting for Yasser Arafat to live up to the great majority of obligations be committed to in the Oslo and Hebron accords; and

Whereas, Until such time that Arafat and the Palestinians prove their commitment to peace now and in the future, Israel should not be pressured to give up more territory from which terrorist attacks can emanate; and

Whereas, Once the Palestinian show that they can be true peace partners and will work together with Israel toward that goal, the Israeli government is committed to negotiating additional land withdrawals in the territories; and

Whereas, Until that time the United States government must keep up the pressure on Yasser Arafat to live up to the agreement he signed in Washington, D.C.; and

Whereas, Israel the only democracy in the Middle East, a true and loyal ally of the United States, deserves to dream and hope for a future at peace and security with its neighbors in the region; now, therefore be it

Resolved, That the Council of the City of New York urges the United States Government to pressure Palestinian Authority Chairman Yasser Arafat to live up to the Oslo and Hebron agreements including his pledge to forcefully combat terrorism, extradite terrorist suspects to Israel and to clearly and unequivocally annul those portions of the Palestinian Covenant which skill call for the destruction of the State of Israel.

On motion of the Speaker (Council Member Vallone), and adopted. The matter was made a General Order for the day and unanimously adopted by a viva voce vote.

Resolution calling upon Congress to support President Clinton's proposal that will authorize the United States Food and Drug Administration to require drug companies to pre-test drugs that may be prescribed for pediatric patients.

By The Speaker (Council Member Vallone) and Council Members Robles, Duane and Henry; also Council Members Foster, Leffler, McCaffrey, Michels, O'Donovan, Provenzano, Robinson, Warden and Carrion

Whereas, Only 20% of drugs marketed in the United States have been tested and labeled specifically for children; and

Whereas, Drugs are routinely prescribed for children even if they are labeled only for adult use; and

Whereas, History is replete with examples of children who have died or suffered other serious adverse effects as a result of the use of drugs that have not been tested on children; and

Whereas, Due to the lack of drug studies in children, pediatricians must frequently decide whether it's best to withhold treatment or to treat children with medications whose indications and dosages are based on adult studies; and

Whereas, Such drug studies will improve health care for children by helping doctors assess the safety and determine the proper doses of drugs that are used to treat children; and

Whereas, Under a proposal made by President Clinton, drug makers would be required by the Food and Drug Administration to test their products on children if the drugs were used, or were likely to be used, "in a substantial number of pediatric patients" or if they offered "a meaningful therapeutic benefit over existing treatments" for children; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Congress to support President Clinton's proposal that will authorize the United States Food and Drug Administration to require drug companies to pre-test drugs that may be prescribed for pediatric patients.

Resolution proposing a pension reserve fund to be used in funding future pension supplementation and/or other pension needs.

By the Speaker (Council Member Vallone) and Council Members Harrison, Malave-Dilan, Lasher, Pinkett, Rivera, Stabile, Linares, Duane and Henry; also Council Members Foster, Lasher, Leffler, McCaffrey, Marshall and Michels

Whereas, The retirees of the City of New York are not entitled to any cost of living increase to their pensions and must rely on special legislation to be enacted by the State Legislature for any increases to their pensions; and

Whereas, The City of New York's budget has recently been subject to significant increases in pension contributions resulting from pension supplementation and the biannual audit of actuarial assumptions; and

Whereas, It is the desire of the City Council to create a funding mechanism to pay for retiree pension increases and/or other pension needs so as to relieve the burden of allocating current year resources to pay for these increases and to have this mechanism be funded over a period of time so that it is more representative of intergenerational equity; and

Whereas, The City Council believes that a reserve fund should be established for this purpose and funded by a percentage of the reductions in City pension contributions when there are excess investment earnings of the pension system; now, therefore, be it

Resolved, That the Council of the City of New York hereby proposes that the Mayor and the Council create a pension reserve fund in Fiscal 1999 to fund future pension needs. This reserve fund would be funded by a percentage of the reduction in general fund City pension contributions resulting from the first year allocation of excess pension investment earnings. Disbursements from the reserve fund would be as agreed upon by the Mayor and the Council but could include retiree pension increases, city contributions to cover earnings shortfall or increases to changes in actuarial assumptions.

Res. No. 6

Resolution calling on the United States Senate to adopt the Quiet Communities Act of 1997 (S. 951) reestablishing the Office of Noise Abatement and Control in the Environmental Protection Agency and through its programs help to promote a quieter and safer environment.

By Council Members Dear, Duane, Eisland and Michels; also Council Members Miller, Provenzano, Sabini and Weiner

Whereas, New York City is the home of three of the largest airports in the world, and the flight paths of these airports cause excessive noise that affects 250,000 residents daily; and

Whereas, Senators Daniel Patrick Moynihan and Alfonse D'Amato are sponsoring the Quiet Communities Act of 1997 that was introduced by Senators Robert Torricelli and Paul S. Sarbanes; and

Whereas, The Federal Aviation Administration predicts there will be 36 percent more flights in 2007 than there are now creating pressure on airports to expand capacity by adding additional runways; and

Whereas, Community groups, individuals and governmental bodies report noise as a leading cause of complaints about the quality of life; and

Whereas, The City of New York, its citizens and its government, share a common concern for the prevention of hearing loss, and a desire to shelter its residents from the harms associated with excessive noise; and

Whereas, Chronic exposure to noise has been linked to increased risk of cardiovascular problems, strokes, and nervous disorders as well as the creation of a harmful environment that interferes with learning and language acquisition; and

Whereas, Excessive noise causes sleep deprivation and task interruptions, which pose untold costs on society; and

Whereas, The abatement of nuisances caused by excessive noise will be made easier if the United States Environmental Protection Agency promulgates noise emission standards, requires product labeling, facilitates the development of low emission products, coordinates Federal noise reduction programs, assists State and local abatement efforts, and promotes noise education and research; and

Whereas, Under this Act, an Office of Noise Abatement in the Environmental Protection Agency shall within 18 months of its enactment submit a study on airport noise to Congress and the Federal Aviation Agency; and

Whereas, This study shall promote community tranquillity by examining the Federal Aviation Administration's selection of noise measurement methodologies, the threshold of noise at which health impacts are felt, and the effectiveness of noise abatement programs at airports around the United States; and

Whereas, This Act requires that noise abatement approaches rely on state and local activity, market incentives, and coordination with other public and private agencies; and

Whereas, The Office of Noise Abatement and Control was abolished in 1982 and no funds have been provided specifically for a noise control office since; and

Whereas, It is time to correct the anomalous situation that exists because the Administrator of the Environmental Protection Agency remains responsible for enforcing regulations issued under the Noise Control Act of 1972 (42 U.S.C. 4901 et seq.) even though funding for the Office of Noise Abatement and Control has been terminated; and

Whereas, The Quiet Communities Act of 1997 would provide the funding and reestablish the Office of Noise Abatement that would allow the Environmental Protection Agency to fulfill its mission to regulate noise in the environment; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United States Senate to adopt the Quiet Communities Act of 1997 (S. 951) reestablishing the Office of Noise Abatement and Control in the Environmental Protection Agency and through its programs help to promote a quieter and safer environment.

Res. No. 17

Resolution calling upon the Board of Education to establish a policy mandating that each New York City public school have at least one staff member thoroughly trained to receive a report and counsel a victim of sexual assault, that students in each school should be informed of who that staff member is, and that all teachers should be given more comprehensive training in the handling of reports of sexual assault.

By Council Members Duane, Fisher, Henry and Provenzano; also Council Members Eldridge, Lasher, Leffler, Michels, Miller, Robinson and Robles

Whereas, According to school safety statistics released by the Board of Education, 221 reported incidents of sexual offenses took place in the City's public schools during the 1996-97 school year; and

Whereas, There has recently been a number of highly publicized reports of sexual assaults on students coming on school grounds during school hours; and

Whereas, It has been reported that certain of these incidents were mishandled by school authorities, who did not follow proper procedures in reporting the crime or in immediately seeking appropriate assistance for the victim; and

Whereas, While guidance counselors can provide appropriate assistance to students who are victims of sexual assaults, many junior high schools and most elementary schools do not have such individuals on staff; and

Whereas, Even in schools which are staffed by guidance counselors, many students may not be aware that such individuals are available to provide them with assistance following a sexual assault; and

Whereas, The Board of Education should ensure that one staff member at every school in the system is thoroughly trained to handle sexual assault reports; and

Whereas, Since the greatest number of staff members available to students in schools are teachers, the Board of Education also needs to ensure that teachers are fully informed and trained to address the needs of students who report incidents of sexual assaults; and

Whereas, In order to encourage students who have been victims of or witnesses to sexual assaults to report these crimes, the Board of Education needs to improve outreach to students to inform them of the availability of designated school staff members who are specifically trained to handle reports of such incidents and provide counseling and other support that may be needed; and

Whereas, The Board of Education should establish a stronger policy with respect to the training and availability of staff in City schools to address sexual assault matters; now, therefore be it

Resolved, that the Council of the City of New York calls upon the Board of Education to establish a policy mandating that each New York City public school have at least one staff member thoroughly trained to receive a report and counsel a victim of sexual assault, that students in each school should be informed of who that staff member is, and that all teachers should be given more comprehensive training in the handling of reports of sexual assault.

A LOCAL LAW to amend the administrative code of the city of New York in relation to tax credits for New York City businesses that hire new employees.

Be it enacted by the Council as follows:

Section 1. Legislative intent. The Council of the City of New York finds that the current method of awarding property tax exemptions to promote development achieves inconsistent and unreliable results. The Council further finds that different commercial or industrial projects are likely to have different employment and income impacts under different market conditions. Consequently, in awarding subsidies based on property investment, there is no guarantee that local job or income 'creation will result, especially during current exemption periods as long as twenty-two years. Therefore, the Council finds that the current method of awarding property tax exemptions constitutes an excessively costly, risky and speculative approach to promoting job and income growth in the city.

To address this problem, the Council finds it appropriate to enact reforms that would directly link and continually adjust the amount of incentives provided by the city to the number of new jobs a firm generates. Therefore, the Council finds it appropriate to enact legislation to change the basis of incentive awards from property investment to new job creation in the city.

§ 2. Chapter 2 of title 11 of the administrative code of the city of New York is amended by adding thereto a new part 5, to follow part 4, to read as follows:

Resolution calling upon the appropriate committee of the Council to conduct hearings on State Senator Franz Leichter's report, "New York City Corporate Welfare: City Tax Incentives Granted by the Giuliani Administration, A Failed and Foolish Policy," and recommending that the City's economic development policy and corporate retention deals be redirected away from large corporations that are not adding new jobs for City residents and towards helping small companies grow.

By Council Members Foster, Duane, Henry and Michels; also Council Members DiBrienza, Eldridge, Michels, Robinson, Sabini and Carrion

Whereas, State Senator Franz Leichter issued a report in August 1997 entitled, "New York City Corporate Welfare: City Tax Incentives Granted by the Giuliani Administration, A Failed and Foolish Policy;" and

Whereas, The Report finds that the City's economic development program is based on giveaways to large corporations that have not created jobs for City residents, and, in several instances, have taken large amounts of City tax breaks and then cut jobs; and

Whereas, Further, the Report notes that the Giuliani Administration has committed the City to giving up to $768 million in revenue to 31 firms along with the Mercantile and Commodities Exchanges, without any evidence that these "corporate retention" deals have produced a significant number of new jobs for New Yorkers; and

Whereas, Where new jobs have been produced, the Report indicates that labor statistics evidence they have gone predominately to residents of Long Island, New Jersey, and Connecticut, rather than to residents of New York City; and

Whereas, The Report reveals that at least nine of the 30 companies benefitting from corporate retention deals during the Giuliani Administration have made significant layoffs since the deals were announced; and

Whereas, While the City can recapture benefits from companies that have taken advantage of City tax breaks but fail to meet job targets, the deals are riddled with loopholes that allow firms to lay off hundred of workers without any suspension of benefits or monetary sanctions, and, in fact, the Report notes that, to date, the City has not recaptured any money from companies that have benefitted from a corporate retention agreement; and

Whereas, The Report reveals that as long as a company does not move jobs out of New York City, the company can eliminate as many City jobs as it wants without facing any punitive sanctions; and

Whereas, The Giuliani Administration has continued to give corporate retention deals to New York City's largest companies, including Fortune 500 firms, although they have been downsizing for several years and have created few jobs for City residents, yet, the Report notes small companies produce the overwhelming majority of new jobs in New York City; and

Whereas, The Report recommends that it would be wiser to concentrate the City's economic development policy and corporate retention deals away from large corporations and towards helping small companies grow; now, therefore, be it

Resolved, That the appropriate committee of the Council conduct hearings on State Senator Franz Leichter's report, "New York City Corporate Welfare: City Tax Incentives Granted by the Giuliani Administration, A Failed and Foolish Policy," and recommending that the City's economic development policy and corporate retention deals be redirected away from large corporations that are not adding new jobs for City residents and towards helping small companies grow.

Res. No. 19

Resolution calling upon the Department of Parks and Recreation to establish dog runs in parks and vacant lots in all neighborhoods, the appropriate agencies to impartially enforce the "pooper scooper law" in all neighborhoods, and the Department of Health to develop an outreach program to educate the public about the health risks associated with dog feces.

By Council Members Foster, Freed, Henry, Marshall, Stabile, Fusco and Golden; also Council Members Fisher, Michels, O'Donovan and Robinson

Whereas, Diseases that can be transmitted from animals to humans are known as zoonotic diseases; and

Whereas, There are over two hundred known zoonotic diseases, including salmonellosis, roundworms, toxoplasmosis and ring-worm; and

Whereas, Section 1310 of the Public Health Law (PHL) of the State of New York, commonly referred to as the "Pooper Scooper Law" requires a person in possession of a dog to remove feces left by the dog on "any sidewalk, gutter, street or other public area" and was in part enacted as a public health measure; and

Whereas, When enforced, PHL § 1310 is an effective means to stop the spread of diseases transmitted from dogs to people, but the law is inconsistently enforced in New York City; and

Whereas, According to enforcement data provided by the Department of Sanitation, the number of violations issued by enforcement personnel within that agency was substantially higher in Bronx district number 7, as compared to other community districts throughout the City; and

Whereas, The creation and use of dog runs in City parks, when properly cleaned and maintained, can be effective preventive measures towards protecting the general public from contracting a disease through exposure to dog feces; and

Whereas, There are presently only fourteen dog runs located in parks under the jurisdiction of the Department of Parks and Recreation, four in The Bronx and ten in Manhattan; and

Whereas, There is a need to establish dog runs in parks in neighborhoods throughout the City; and

Whereas, There are City-owned vacant lots in neighborhoods throughout the City which could be used, where appropriate, as dog runs either in addition to, or as an alternative to, those established in parks; and

Whereas, There needs to be an outreach program to inform the public, including children, pregnant women, and people with weakened immune systems, of the dangers stemming from exposure to dog feces; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Department of Parks and Recreation to establish dog runs in parks and vacant lots in all neighborhoods, the appropriate agencies to impartially enforce the "pooper scooper law" in all neighborhoods, and the Department of Health to develop an outreach program to educate the public about the health risks associated with dog feces.

Resolution commending the Department of Parks and Recreation and seven hundred volunteers for the successful completion of the Street Tree Census, and calling for hearings on using the Tree Census as a basis of developing a more informed tree maintenance program, and a more equitable tree planting program among the boroughs and among communities within the boroughs.

By Council Members Foster, Cruz, Henry, Marshall, Duane, Eisland and Provenzano; also Council Members Fisher, Lasher, Leffler, McCaffrey, Michels, O'Donovan and Wooten

Whereas, The Department of Parks and Recreation has successfully completed the New York City Street Tree Census, a record of all of the City's street trees by species, size, location and condition; and

Whereas, Over the course of approximately six months during 1995 and 1996, nine hundred participants, including seven hundred volunteers, participated in the Tree Census; and

Whereas, The primary results of the Tree Census were released by the Department on April 24, 1997 and reveal that there are currently 498,470 street trees in New York City, with 89.3 percent in good or excellent condition, 8.0 percent in poor condition and 2.7 percent that are dead; and

Whereas, The Tree Census data also shows that the percentage of street trees by borough is 43.6 in Queens, 22.5 in Brooklyn, 15.1 in Staten Island, 9.6 in The Bronx and 9.2 in Manhattan; and

Whereas, The Tree Census can be used as a basis to develop a more comprehensive tree management and maintenance program; and

Whereas, The Tree Census can also be used as a basis to develop a more equitable tree planting program among the boroughs and among communities within the boroughs; now, therefore, be it

Resolved, That the Council of the City of New York commends the Department of Parks and Recreation and seven hundred volunteers for the successful completion of the Street Tree Census, and calls for hearings on using the Tree Census as a basis of developing a more informed tree maintenance program, and a more equitable tree planting program among the boroughs and among communities within the boroughs.

Resolution calling upon the United States Congress to pass H.R. 1591, the "Job Creation and Infrastructure Restoration Act", to provide $250 billion for emergency public works jobs over a period of five years.

By Council Members Foster, Linares, Clarke, Eldridge, Freed, Henry, Lasher, Michels and Duane; also Council Members DiBrienza, Lasher, Leffler, Robinson, Robles and Carrion

Whereas, Representative Matthew Martinez of California has introduced H.R. 1591, entitled "Job Creation and Infrastructure Restoration Act", to provide $250 billion for emergency public works jobs over a five year period; and

Whereas, The $250 billion for jobs and infrastructure will include $25 billion over three years for emergency grants to local governments for construction, repair and renovation of public works projects and $225 billion over five years for jobs in community improvement projects such as schools, housing, hospitals, parks, bridges, highways, environmental improvement and the like; and

Whereas, $45 billion is designated for repair and renovation of schools for elementary, secondary and higher learning institutions; and

Whereas, The "Job Creation and Infrastructure Restoration Act" will provide equal opportunity employment, provisions for job safety and a healthful work environment, union apprenticeship training for young workers and the Davis-Bacon prevailing wage requirements; and

Whereas, Public works projects and community improvement projects will be prioritized for communities and areas that suffer the highest levels of unemployment; and

Whereas, There is an alarmingly high unemployment rate in communities of New York City, and, as a result, people are dependent on a social service network because there are not sufficient jobs for people to be independent and take care of their families' basic needs; and

Whereas, The "Job Creation and Infrastructure Restoration Act" will provide jobs for hundreds of thousands of unemployed building trades workers, victims of plant closures, the long term unemployed, welfare recipients and youth; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass H.R. 1591, the "Job Creation and Infrastructure Restoration Act", to provide $250 billion for emergency public works jobs over a period of five years.

Res. No. 22

Resolution calling upon the Mayor of the City of New York to recognize the workers in the Work Experience Program as a union.

By Council Members Foster, Clark, Duane and Henry; also Council Members Leffler and Michels

Whereas, Presently the City of New York does not recognize the right of participants of the Work Experience Program (WEP) to form a union; and

Whereas, Approximately 38,000 welfare recipients are currently participating in WEP and the City is expecting this figure to climb to 100,000 in the next few years; and

Whereas, Almost 17,000 WEP workers voted in favor of union representation in a nonbinding vote in October 1997 and only approximately 200 voted against the union; and

Whereas, the WEP workers voted "yes" to designate the WEP Workers Organization of the Association of Community Organizations for Reform Now (ACORN) as their representative; and

Whereas, WEP workers are the largest group of minimum wage workers in the City's history; and

Whereas, WEP workers perform tasks and complete assignments previously performed by City employees, including cleaning the streets, parks, and hospitals, and serving as clerks in many government agencies; and

Whereas, It has been documented that many participants of the WEP program lack proper equipment for working outdoors, receive harsh treatment by supervisors and other agency staff, and perform dangerous tasks without proper training; and

Whereas, A grievance procedure is one of the WEP workers most urgent needs because currently, when they are treated poorly, receive inadequate equipment or deficient medical examinations, the WEP workers lack a city representative to turn to or an official procedure that they can follow in order to gain assistance; and

Whereas, WEP workers should be entitled to the same rights as other city employees, including safe working conditions, sick days, health benefits, pensions, Social Security, unemployment insurance, workers compensation and training that will move them into permanent jobs; and

Whereas, Article 23 of the United Nations Universal Declaration of Human Rights provides that everyone has the right to equal pay for equal work and everyone has the right to form and to join trade unions; and

Whereas, Current Federal, State and local laws do not preclude the Mayor from recognizing a union of WEP workers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor of the City of New York to recognize the workers in the Work Experience Program as a union.

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on establishing an "industry focused training program fund" to train the unemployed for private industry jobs through the use of tax reveres generated from retention deals funded through the Economic Development Corporation and the Industrial Development Agency.

By Council Members Foster, Duane and Henry; also Council Members DiBrienza, Lasher, Leffler, McCaffrey, Michels and Robles

Whereas, Many neighborhoods in New York City suffer from high employment rates; and

Whereas, Unemployed New Yorkers cost the City thousands of dollars while employed New Yorkers pay taxes to the City; and

Whereas, Most unemployed New Yorkers want to work, but lack the skills necessary to obtain employment; and

Whereas, The Economic Development Corporation and the Industrial Development Agency work each year to retain many corporations in New York City, granting millions of dollars in tax expenditures; and

Whereas, These corporations employ thousands of people; and

Whereas, As a condition of receiving tax expenditures, corporations have an obligation to create jobs for New Yorkers; and

Whereas, According to the Economic Development Corporation, retention of major corporations helps the City generate hundreds of millions of tax revenues; and

Whereas, In order to assist the unemployed and to make them productive members of the City's workforce, the City should tax some of the tax revenue generated by retention deals and fund an "industry focused training fund" which would fund job training for unemployed New Yorkers; and

Whereas, Corporations receiving tax expenditures should contribute to this fund as a condition of receiving such tax expenditures; and

Whereas, Such a fund should provide for job training, child care, meal and transportation expenses as well as providing for a training stipend; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York should hold hearings on establishing an "industry focused training program fund" to train the unemployed for private industry jobs through the use of tax revenues generated from retention deals funded through the Economic Development Corporation and the Industrial Development Agency.

Resolution calling upon the City of New York to provide funding to establish libraries in each public school staffed with well trained librarians and to institute guidelines for the size of libraries and the books and materials budget of the libraries.

By Council Member Foster; also Council Members DiBrienza, Leffler, McCaffrey, Michels, O'Donovan, Robinson, Robles, Sabini and Carrion

Whereas, There is a need to establish libraries in each public school staffed with well trained librarians and to institute guidelines for the size of the libraries and the books and materials budget of the libraries; and

Whereas, The Board of Education reports that there are 100 elementary schools with no libraries and 40 more schools with no librarians; and

Whereas, A lack of libraries and of high standards for existing libraries in New York City public schools short-changes our youth, and results in low self-esteem for youth who feel that they are not important enough to have adequate libraries in their schools; and

Whereas, The Fund for New York City Public Education has issued a report entitled, "School Libraries: Unfinished Business," the "Report" which states that New York City spends only $4.68 annually per student for library programs as compared to the New York State average of $12.68, the national average of $14.08, and the Northeast average of $21.84; and

Whereas, The Report finds that existing libraries in New York City public schools are lacking in adequate space for libraries, librarians, technology, and up-to- date books; and

Whereas, The Fund for New York City Public Educations's Library Power program, funded by the DeWitt Wallace-Reader's Digest Fund at $1.5 million annually for library rebuilding, and matched by State and City funds, is to be commended for its contribution to the rebuilding of 150 school libraries as a sign of hope as to what can be accomplished; now, therefore, be it

Resolved, That the City of New York should provide funding to establish libraries in each public school staffed with well trained librarians and institute guidelines for the size of libraries and the books and materials budget of the libraries.

Res. No. 25

Resolution opposing the privatization of public hospital facilities, and calling for full funding of the Health and Hospitals Corporation, created as a public benefit corporation directly accountable to the public sector and as a guarantor of access to quality health care for all, including the poorest and sickest among us.

By Council Members Foster, Clarke, Duane and Warden; also Council Members Lasher, Leffler, Michels, Robinson and Carrion

Whereas, The Health and Hospitals Corporation was created by the State Legislature in 1968 as a public benefit corporation for the purpose of providing, "high quality, dignified an comprehensive care and treatment for the ill and infirm, and particularly to those who can least afford such services;" and

Whereas, Historically in this country, private health care has been based on one's ability to pay, and health care has been prioritized and physically located for the benefit of the affluent; and

Whereas, For over one hundred years New York City public hospitals have provided access to health care for all of its residents, including minorities, women and children, the disabled, the uninsured and the underinsured, and the poorest and sickest among us, based on need and not ability to pay; and

Whereas, The Health and Hospitals Corporation currently operates 16 hospitals and nursing homes, more than 50 clinics and treatment centers and children's health centers, which system includes some of the nation's busiest hospitals; and

Whereas, There is the ever present danger that privatizing of health care will allow private health care providers to choose to reduce health services to those who are not able to pay the cost; and

Whereas, New York City officials have stated that income raised for the city by hospital sales or leases would be minimal because the city would still have to pay its share of Medicaid costs; and

Whereas, The Health and Hospitals Corporation was created as a public benefit corporation to be fully and directly accountable to the public sector and not to the private sector; and

Whereas, The Health and Hospitals Corporation needs to be fully funded to provide quality health care to all of our citizens; now, therefore, be it

Resolved, That the Council of the City of New York opposes the privatization of public health facilities, and calls for full funding of the Health and Hospitals Corporation, created as a public benefit corporation directly accountable to the public sector and as a guarantor of access quality health care for all, including the poorest and sickest among us.

Resolution calling upon the New York State Legislature to adopt, and the Governor to sign into law, the Geriatric and Older Prisoner Act of 1997.

By Council Members Leffler and Duane; also Council Member Robles

Whereas, According to the United States Bureau of Justice Statistics, the number of inmates age fifty-five and older more than doubled between 1981 and 1990, and some estimates project that there will be an older inmate population of more than 125,000 by the year 2000; and

Whereas, In 1994, there were 1,276 inmates age fifty-five and older in New York State's correctional system; and

Whereas, The cost of housing older inmates has been found to be twice that of housing younger inmates; and

Whereas, For both humanitarian and economic reasons, a number of states, including Virginia, Maryland, Louisiana and Washington, D.C., have instituted a Project for Older Prisoners (POPS), providing early release for certain eligible older prisoners; and

Whereas, These POPS programs have achieved cost savings by freeing up prison space for violent offenders, and by reducing medical costs normally incurred by older inmates, who have been found to suffer an average of three chronic illnesses and tend to be physiologically seven years older than their chronological age due to their incarceration; and

Whereas, Criminal justice experts indicate that the likelihood of committing a new offense decreases as people age, thus diminishing the risk to public safety if older inmates are released; and

Whereas, Legislation currently pending in the State Legislature, S.1178, introduced by Senator Maltese, and A.1832, introduced by Assemblyman Lentol, known as the "Geriatric and Older Prisoner Act of 1997," would create such a program in New York State, to be administered by the State Department of Correctional Services in cooperation with the Division of Parole; and

Whereas, Under the proposed legislation, any inmate who is sixty years of age or older would be eligible for consideration to receive geriatric parole, home electronic detention or correctional nursing care; and

Whereas, The legislation would also require an annual report to be submitted to the Governor and the Legislature on the progress of the program, including the achievement of specific goals, program components and the status of participants; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to adopt, and the Governor to sign into law, the Geriatric and Older Prisoner Act of 1997.

§ 6. Paragraph 7 of section 3020 of chapter 74 of such charter is hereby amended to read as follows:

§ 7. In order to provide an opportunity for comment, in advance of any hearing on a proposed designation of a landmark, landmark site, interior landmark, scenic landmark or historic district, the commission shall send a notice of the proposed designation and the hearing to the city planning commission, all affected community boards, *the affected council members who are ex-officio members of an affected community board,* and the office of the borough president in whose borough the property or district is located.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to imposing a moratorium on the authorization of new private solid waste transfer stations and on the expansion of capacity at existing private solid waste transfer stations.

Be it enacted by the Council as follows:

Section one. Legislative Intent and findings. Local Law 40 of 1990 was enacted to address several problems relating to the operation of private solid waste transfer stations, particularly putrescible solid waste transfer stations, and to provide the City with comprehensive enforcement authority against private solid waste transfer stations that are operated in violation of City laws and rules.

Prior to the enactment of Local Law 40, the Department of Health maintained jurisdiction over putrescible solid waste transfer stations in accordance with Article 157 of the Health Code while the Department of Sanitation regulated non-putrescible solid waste transfer stations.

One of Local Law 40's most significant provisions is a requirement that the Department of Sanitation, in consultation with the City's Commissioners of Health and Environmental Protection, establish siting requirements for transfer stations, which the Department has failed to effectively do. In 1996 the City was sued because of this failure and in March 1997, the New York State Supreme Court held that Local Law 40 requires the Department to promulgate these rules. In December 1997, the New York State Supreme Court, Appellate Division, unanimously affirmed the lower court opinion.

The Council has maintained oversight of the operation of private solid waste transfer stations both in the context of hearings on Local Law 40 and hearings relating to the State legislatively-mandated closure of the Fresh Kills landfill after January 1, 2002. During the course of these oversight hearings, the Council received testimony indicating the following: (i) certain areas of the City contain a disproportionate number of transfer stations, which is one of the issues that could be addressed by siting rules; (ii) the Department does not expeditiously complete environmental reviews of applications for permits for new transfer station permits, requests for variances and requests for expanded capacity at existing transfer stations, and authorizes these transfer stations to operate while such environmental reviews are pending; (iii) a number of solid waste transfer stations have been operating pursuant to consent orders with the Department or other authorizations, rather than pursuant to a permit; and (iv) there is inadequate enforcement against operators who violate the relevant laws and rules (*i.e.*, renewal of permits of operators with a history of violations, poor coordination of enforcement between the Department and other City agencies and an insufficient number of enforcement personnel).

Additionally, in October 1997 the Council received reports of continued problems with respect to odors generated at existing putrescible solid waste transfer stations caused by the failure of such transfer stations to install, and the Department to require, ventilation systems in accordance with the Department's rules and the issuance of permits prior to the receipt of complete permit applications.

In light of (i) the failure of the Department of Sanitation to promulgate siting rules as mandated by Local Law 40 of 1990 and the issues raised with respect to its administration and enforcement of existing private solid waste transfer station rules; (ii) the legal obligation to close the Fresh Kills landfill; (iii) the failure of the Administration to propose to the Council an update of and modification to the City's Solid Waste Management Plan that comprehensively examines the impact of the landfill closure on private solid waste transfer stations; (iv) the Department's November 17, 1997 solicitation of bids for the export of solid waste generated in Queens and Brooklyn through land-based transfer stations, and (v) the Department's testimony that it will not award a contract to any private vendor to export waste from City-owned marine transfer stations until August 1998, it is the strongly held view of the Council that no further authorizations to operate new private solid waste transfer stations or to expand existing ones should be approved until December 31, 1998.

It is the Council's belief that this time period will provide sufficient time for the Department to promulgate effective siting rules in accordance with Local Law 40, complete the update and modification of the City's Solid Waste Management Plan and provide the Council with sufficient time to consider regulatory changes that may be appropriate and undertake any necessary legislative action.

§ 2. Notwithstanding the provisions of sections 16-130 and 16-131.1 of the administrative code of the city of New York and any rules promulgated thereto, no permit or other authorization to operate shall be issued during the period from the twenty-second day of January, nineteen hundred ninety-eight until the thirty-first day of December nineteen hundred ninety-eight for a putrescible solid waste transfer station or non-putrescible solid waste transfer station, as defined in section 16-131 of such code, that was not lawfully operating on the twenty-second day of January, nineteen hundred ninety-eight nor may any putrescible solid waste transfer station or non-putrescible solid waste transfer station that was lawfully operating on the twenty-second day of January, nineteen hundred ninety-eight be authorized during such period to increase its lawful capacity. No consent order or other authorization to operate a putrescible solid waste transfer station or a non-putrescible solid waste transfer station that is in effect on the twenty-second day of January, nineteen hundred ninety-eight may be amended where the effect of such amendment is to extend the period of time by which any person subject to the consent order or other authorization must perform any act or satisfy any obligation required by such consent order or other authorization as of such date.

§ 3. This local law shall take effect immediately upon its enactment into law and shall be deemed to have been in full force and effect on the twenty-second day of January, nineteen hundred ninety-eight.

Res. No. 27

Resolution calling upon the appropriate committee of the New York City Council to hold hearings on the parole guidelines of New York State, and calling on the State Legislature to end parole for all violent offenders.

By Council Members Ognibene, Fusco, Golden, Eristoff, Abel, Stabile, Fiala, McCaffrey and Provenzano; also Council Members O'Donovan and Sabini

Whereas, It is a widely held belief in law enforcement and criminal justice circles that most violent crime is committed by a small group of violent repeat offenders; and

Whereas, Too often, we hear horrifying accounts of criminal acts, only to learn that the perpetrator is a paroled felon; and

Whereas, For example, in December 1995, two New York City police sergeants were shot during a gun battle that was touched off by a parolee from a 1990 murder conviction who was being sought on a new murder charge; in October 1996, New York City Police Lt. Federico Narvarez was shot and killed by a parolee who had been arrested 17 times since 1957 and had been paroled six times; in June 1997, 32 year-old Cynthia Quinn was murdered by a parolee who had served a four-to-eight year burglary sentence and was out on parole for approximately four months; more recently, a 13 year-old Queens honor student was killed by a 19 year-old parolee; and

Whereas, In 1995, the State Legislature enacted the Sentencing Reform Act of 1995, which ended parole eligibility for repeat violent felons and required offenders to serve 85% of their sentences; however, attempts to end parole for first time violent offenders were rebuffed by the State Assembly; and

Whereas, This is an issue of critical importance and the City Council should not only have its voice added to the debate, but should take a strong stance in helping to enhance the safety and well-being of New Yorkers; and

Whereas, When credit is being doled out for the historic reductions in crime, the City Council is proud, and rightly so, to remind the media, other elected officials and the public that Safe City/Safe Streets originated in this body; with that principled legacy, we cannot sit idly by as this patently flawed parole system continues to expel vicious convicts back into our communities; now, therefore, be it

Resolved, That the appropriate committee of the New York City Council hold hearings on the parole guidelines of New York State; and, be it further

Resolved, That the New York City Council calls upon the State Legislature to end parole for all violent offenders.

(d) No owner of a building, *occupant of a dwelling unit* or owner of a motor vehicle shall have in operation an audible burglar alarm thereon unless such burglar alarm shall be capable of and shall automatically terminate its audible response within [fifteen] *five* minutes of its being activated in the case of a building *or a dwelling unit*, and three minutes of its being activated in the case of a motor vehicle. No audible burglar alarm on a motor vehicle shall be capable of being activated except by (i) direct physical contact with that motor vehicle or (ii) through the use of an individual remote activation device that is designed to be used with the audible burglar alarm system of a particular vehicle which alarm shall be capable of and shall terminate its audible response within three minutes of its being activated.

§ 2. This local law shall take effect ninety days after its enactment into law; provided, however, that on or after the date of enactment of this local law the department of environmental protection shall promulgate any rules necessary for the implementation of the provisions of this local law and shall take any other actions necessary for the administration of this local law.

Res. No. 28

Resolution calling upon the New York State Legislature to pass Assembly Bill No. 6838 which calls for the Statewide Central Register to accept all reports of child abuse and maltreatment regardless of the relationship between the alleged perpetrator and the child.

By Council Members Povman, Duane, Eisland, Michels, Provenzano and Stabile; also Council Member Leffler

Whereas, The New York State Department of Social Services currently operates a hotline for the reporting of suspected child abuse and maltreatment which is recorded on the Statewide Central Register; and

Whereas, The mandate of the Statewide Central Register is to accept and monitor reports of suspected child abuse and maltreatment occurring in family, residential care and day care settings; and

Whereas, Any allegations reported to the Statewide Central Register which the child protective specialists assess as reasonably constituting child abuse or maltreatment is immediately referred to the appropriate local child protective services agency for investigation; and

Whereas, Currently, the Statewide Central Register is not authorized to accept allegations of child abuse or maltreatment occurring in private non-residential settings, such as religious, recreational or business organizations, when the alleged perpetrator is not the parent or person legally responsible for the child; and

Whereas, According to the New York State Social Services Law, Article 6, Title 6, Section 422 (2)(c), when non-residential child abuse and maltreatment are reported to the Statewide Central Register, the New York State Department of Social Services shall "convey by the most expedient means available the information contained in such telephone call to the appropriate law enforcement agency, district attorney or other public official empowered to provide necessary aid or assistance;" and

Whereas, Recently, Assemblywoman Nettie Mayersohn introduced Bill No. 6838 which takes note of this omission of responsibility and calls for the Statewide Central Register to accept all reports of child abuse and maltreatment regardless of the relationship of the alleged perpetrator to the alleged child victim and regardless of such alleged perpetrator's affiliation with any organization or other entity in any capacity; now, therefore, be it

Resolved that the Council of the City of New York calls upon the New York State Legislature to pass Assembly Bill No. 6838 which calls for the Statewide Central Register to accept all reports of child abuse and maltreatment regardless of the relationship between the alleged perpetrator and the child.

Res. No. 29

Resolution calling upon the New York State Division of Housing and Community Renewal to amend the Rent Stabilization Code to require that rent increases granted by the Division of Housing and Community Renewal for the cost of a new refrigerator or new stove be eliminated upon the landlord's total recoupment of such disbursement

By Council Members Povman, Michels, Duane, Eisland and Provenzano; also Council Members Lasher, Leffler, McCaffrey and Miller

Whereas, Paragraph (1) of subdivision (a) of Section 2522.4 of the Rent Stabilization Code allows owners to impose a rent increase for the installation of new equipment in an apartment, including refrigerators and stoves, *only* after the owner has obtained the tenant's written consent; and

Whereas, A tenant who does not consent to the installation of a new stove or refrigerator has little choice but to allow the repair of the existing appliance or accept replacement with a used stove or refrigerator; and

Whereas, Those tenants who consent to the installation of a new stove or refrigerator are subject to a permanent rent increase equal to 1/40th of the total cost of such appliance, including the cost of installation but excluding finance charges; and

Whereas, It is inequitable to require tenants to continue to pay rent increases for the cost of an appliance long after the owner has been fully reimbursed; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Division of Housing and Community Renewal to amend the Rent Stabilization Code to require that rent increases granted by the Division of Housing and Community Renewal for the cost of a new refrigerator or new stove be eliminated upon the landlord's total recoupment of such disbursement.

Res. No. 30

Resolution calling upon the appropriate committee of the New York City Council to investigate the problem of elderly poverty and to determine an appropriate governmental response.

By Council Members Povman, Malave-Dilan, Duane, Linares and Stabile; also Council Members Fisher, Lasher, Leffler, McCaffrey, Michels, Robinson and Robles

Whereas, The U.S. Census Bureau reported that 200,000 persons age 65 and over slipped below the poverty line in 1992, boosting the number of elderly poor to nearly 4 million; and

Whereas, Presently, the 65-plus poverty rate is 12.9 percent, the highest recorded rate since 1983; and

Whereas, This elderly poverty rate occurs almost exclusively among those 75 and over who derive significant portions of their annual income from investments and interest on assets such as bank certificates of deposits, all of which have been affected by the current recession; and

Whereas, Senior care experts advocate several solutions to the problem of elderly poverty, including encouraging employers to establish alternative work options for seniors, offering a one-time Social Security benefits payment to those 80 to 85, using a percentage of the Social Security Reserve Fund for the elderly, tapping into the reverse mortgage market, and informing those eligible for Social Security Income benefits of their availability (50% of those eligible for Social Security Income do not apply); now. therefore, be it

Resolved, That the Council of the City of New York calls upon the appropriate committee to investigate the problem of elderly poverty and to determine an appropriate governmental response.

Res. No. 31

Resolution condemning attempts to victimize older workers as companies downsize and calling for new programs to re-employ those adversely affected by corporate layoffs.

By Council Members Povman, Freed, Duane and Eisland; also Council Members Lasher, Leffler, McCaffrey and Michels

Whereas, The continued trend in corporate America to reduce the size of the workforce or "downsize" is having a disproportionate impact on older workers in part due to their higher earnings status; and

Whereas, The current 6% unemployment rate, up 3% from the 1960's is unacceptable, as is the growing practice of employing a part-time workforce in an attempt to eliminate health and pension benefit costs to employers; and

Whereas, The trends shown in unemployment statistics signal a threat to our continued ability to compete on a global scale in addition to having serious implications toward the maintenance of our societal well-being; and

Whereas, We must study ways to successfully merge technological advancement and our present workforce in that the success of one does not and should not lead to the demise of the other; and

Whereas, We must encourage the growth and development of public/private partnerships; enhance the existing Joint Partnership Improvement Act; and consider various funding alternatives that will provide subsidized training program; now, therefore, be it

Resolved, That the Council of the City of New York, recognizes both the rising median age of our overall workforce and the consequences of current trends in corporate America, and condemns attempts to victimize older workers as companies downsize and calls for new programs to re-employ those adversely affected by corporate layoffs.

Res. No. 32

Resolution calling upon the New York City Department for the Aging and the New York City Department of Environmental Protection to develop programs educating seniors as to air quality dangers.

By Council Members Povman, Lasher, Watkins and Duane; also Council Members Lasher, Michels, Robinson and Wooten

Whereas, Lung disease is the third leading cause of death in the United States; five percent of deaths in a typically polluted American city each year are linked to acidic particles in the air; and tens of thousands of deaths each year can be attributed to this type of air pollution; and

Whereas, Despite generally cleaner air in the United States, the incidence of asthma, a potentially dangerous condition, rose nearly fifty percent between 1982 and 1991 and indoor air pollution has significantly increased (seniors spend 80% of their time indoors), with pollutants being trapped in apartments with little ventilation; and

Whereas, Older people with heart and lung capacity tending to diminish with age, are more sensitive to particulate and carbon dioxide pollution, as can be seen in the increase in hospital admissions for elderly people with heart failure on poor air quality days; and

Whereas, Many seniors have minimal information about avoiding ozone smog from the May to September "smog season," lessening activities during the high ozone levels of mid-afternoon, understanding statistics concerned with Air Quality Index (AQI) or Pollution Standards Index (PSI), avoiding intensive sunlight, staying away from secondary smoke, reducing major indoor pollutants such as carbon monoxide, carbon dioxide, sulfur dioxide and formaldehyde; and

Whereas, New York City Department for the Aging and the New York City Department of Environmental Protection have primary responsibility for keeping our air clean and for aiding seniors in need, respectively; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department for the Aging and the New York City Department of Environmental Protection to develop programs educating seniors as to air quality dangers.

Res. No. 33

Resolution calling upon the Division of AIDS Services of the City of New York to establish a public information campaign to educate those over the age of fifty regarding AIDS and its prevention.

By Council Members Povman, Duane, Freed and Watkins; also Council Members Fisher, Lasher, Leffler, O'Donovan, Robinson and Wooten

Whereas, The Centers for Disease Control and Prevention reported in September, 1993, that 34,000 people over the age of 50 were diagnosed with AIDS, more than double the 16,608 cases reported in January, 1991; and

Whereas, The then-Surgeon General Koop in his 1986 report on AIDS stated that prevention and education are the core of an anti-AIDS strategy; and

Whereas, It has been established that the incidence of contagious disease occurring during an epidemic can only be reduced through successful prevention; and

Whereas, Older persons have yet to be targeted with a consistent message regarding AIDS and therefore are not taking necessary preventive measures in sufficient numbers; and

Whereas, A public education campaign targeted at those over fifty must be undertaken through media ads, adult education centers, social organizations, and church and synagogue groups, in order to encourage and sustain safer-sex practices and educate this population regarding the possibilities of transmission via the injection of drugs; and

Whereas, This public education campaign must also alert physicians as to the transmission of HIV and the prevalence of AIDS in patients over fifty; and

Whereas, Physicians must familiarize patients over fifty as to the dangers of HIV transmission and the often more rapid progression of the disease in older persons with AIDS now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Division of AIDS Services of the City of New York to establish a public information campaign to educate those over the age of fifty regarding AIDS and its prevention.

Res. No. 34

Resolution urging the State Legislature to pass A.8315-A, which would insure that those individuals diagnosed with mental, nervous or emotional disorders or ailments receive the same coverage by an insurance carrier as is provided to those individuals with any other type of medical illness.

By Council Members Povman, Clarke, Duane, White and Eisland; also Council Members Leffler, McCaffrey, Michels, O'Donovan and Robinson

Whereas, Under present law, insurance carriers which offer policies for hospital, surgical or medical care are able to limit coverage provided to individuals diagnosed with mental, nervous, or emotional disorders or ailments; and

Whereas, It is imperative that individuals diagnosed with mental, nervous or emotional disorders or ailments by a licensed physician/psychiatrist be afforded the same care and treatment provided to policy holders that have an illness which is non-psychiatric; and

Whereas, Insurance carriers should impose annual deductibles, coinsurance, and co-payment requirements on policy holders with mental, nervous or emotional disorders or ailments, which are consistent with those established for other benefits within a given policy; and

Whereas, Such coverage would provide policy holders diagnosed with mental, nervous, or emotional disorders or ailments with the same access to appropriate health care providers that policy holders with other types of medical illness receive; and

Whereas, A.8315-A, sponsored by Assemblyman William Brennan, would provide those individuals diagnosed with mental, nervous, or emotional disorders or ailments the same coverage by an insurance carrier as is provided to those individuals with any other type of illness; and

Whereas, A.8315-A passed the State Assembly in August of 1997 but, having failed to win passage in the State Senate, this legislation was returned to the State Assembly; now, therefore, be it

Resolved, That the Council of the City of New York urges the State Legislature to pass A.8315-A, which would insure that those individuals diagnosed with mental, nervous or emotional disorders or ailments receive the same coverage by an insurance carrier as is provided to those individuals with any other type of medical illness.

Res. No. 35

Resolution strongly urging the State Legislature to pass A.6786-A and S.4270-A, which would extend and enhance the original Community Mental Health Reinvestment Act for five years through State Fiscal Year 2003-2004 and increase the amount of State savings associated with closing each State-operated, non-geriatric adult inpatient bed by $3,000 to no less that $60,500 per bed.

By Council Members Povman, Clarke and Duane; also Council Member Michels

Whereas, The Community Mental Health Reinvestment Act of 1993, which provided that money saved from the closure of State psychiatric facilities and reductions in beds in these facilities be transferred to a five-year reinvestment program for the expansion of community-based mental health services, is set to sunset next year; and

Whereas, The census of psychiatric hospitals prepared by the New York State Office of Mental Health projects a significant reduction of adult inpatient beds from over 20,000 in April 1987 to approximately 5,825 anticipated by April 1998, and a still further reduction of between 1,125 to 2,125 beds by 2002; and

Whereas, It is reasonable to continue to target an appropriate amount of funding to expand and operate community mental health services to serve persons with serious mental illness and that such funding continue to be based upon the census reduction of the State-operated hospital system and the savings associated with any State-operated hospital closures or consolidations; and

Whereas, Funding for the expansion and operation of community mental health services may also be based upon a new funding stream which will be created by the anticipated savings to the State by enrolling Medicaid recipients with serious mental illness and children and adolescents with serious emotional disturbances in mental health "Special Needs Plans" (SNPs); and

Whereas, As more individuals with serious mental illness are discharged into the community, it is essential that there be adequate community mental health services and programs at the local level, which are integrated, comprehensive and responsive to the needs and desire of individuals with serious mental illness; and

Whereas, A.6786-A and S.4270-A would prevent the original Community Mental Health Reinvestment Act of 1993 from expiring in Fiscal Year 1998-1999 by extending it for five more years through Fiscal Year 2003-2004, and would increase the amount of State savings associated with closing each State-operated, non-geriatric adult inpatient bed by $3,000 to no less than $60,500 per bed; now, therefore, be it

Resolved, That the New York City Council strongly urges the State Legislature to pass A.6786-A and S.4270-A, which would extend and enhance the original Community Mental Health Reinvestment Act for five years through State Fiscal Year 2003-2004 and increase the amount of State savings associated with closing each State-operated, non-geriatric adult inpatient bed by $3,000 to no less that $60,500 per bed.

For The Elderly
Marcus Garvey Nursing Home

Brooklyn, New York 11207
Block 4335 Lot 2
Brooklyn, Community District No.5
Councilmanic District No. 42

Dear Mr. Speaker:

Under the Section 202 Supportive Housing Program For The Elderly, not-for-profit sponsors selected by the United States Department of Housing and Urban Development ("HUD") purchase land from the City or from private owners and then construct residential buildings (or rehabilitate existing vacant buildings) on such land. HUD provides acquisition, construction, and permanent financing through a capital advance and the City provides tax exemption pursuant to Section 422 of the Real Property Tax Law. The completed buildings provide rental housing for elderly persons of low income and receive operating subsidies from HUD through a project rental assistance contract.

Under the proposed project, Rosale Housing Development Fund Corporation ("Sponsor") will purchase the referenced land ("Exemption Area") from the current private owner and will undertake the new construction of one 4 story elevator building. When completed, the project will provide 47 units of rental housing for elderly persons of low income, plus one unit for a superintendent.

HPD respectfully requests that the Council approve, pursuant to Section 422 of the Real Property Tax Law, a partial tax exemption as follows:

1. Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property in the Exemption Area, including both the land and improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

2. Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property in the Exemption Area, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use), commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date") and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date.); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

3. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $22,616, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

4. That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

HPD recommends approval of this matter and requests that it be referred to the appropriate committees at the next scheduled meeting of the Council.

Sincerely,

Under the Section 202 Supportive Housing Program For The Elderly, not-for-profit sponsors selected by the United States Department of Housing and Urban Development ("HUD") purchase land from the City or from private owners and then construct residential buildings (or rehabilitate existing vacant buildings) on such land. HUD provides acquisition, construction, and permanent financing through a capital advance and the City provides tax exemption pursuant to Section 422 of the Real Properly Tax Law. The completed buildings provide rental housing for elderly persons of low income and receive operating subsidies from HUD through a project rental assistance contract.

Under the proposed project, Casella Plaza Housing Development Fund Corporation ("Sponsor") will purchase the Disposition Area and undertake the new construction of one seven-story elevator building on the Disposition Area. When completed, the project will provide 98 units of rental housing for elderly persons of low income, plus one unit for a superintendent.

HPD respectfully requests that the Council:

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Approve the designation of the Disposition Area as an Urban Development Action Area pursuant to Section 693 of the General Municipal Law;

3. Approve the project as an urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

4. Approve, pursuant to Section 422 of the Real Property Tax Law, a partial tax exemption as follows:

   a. Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property included in the housing project, including both Disposition Area and improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project.

   b. Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property included in the housing project (excluding those portions' if any, devoted to business or commercial use), commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date") and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date.

   c. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $47,158, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation.

d. That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

HPD recommends approval of this matter and requests that it be referred to the appropriate committee at the next scheduled meeting of the Council.

Sincerely,

RICHARD T. ROBERTS
Richard T. Roberts

Res. No. 50

IN MEMORIAM — BRENDAN GILL

By the Entire Council,

Whereas, The Council has learned with deep sorrow of the passing on December 27, 1997, at the age of 83, of Brendan Gill, an extraordinary New York figure, esteemed social, literary and architecture critic, prolific author and *The New Yorker* magazine columnist, who left behind a legacy characterized by his words, his wit, his respect for a city which never deprived him inspiration; and

Whereas, Brendan Gill was a perennial New Yorker and his columns and articles for *The New Yorker* magazine reflected the profound sense of glamour, art and beauty he found in the people and places of the City; and

Whereas, Having taken a position as a staff writer for *The New Yorker* upon his graduation from Yale College in 1936, Brendan Gill quickly developed his polished urbane style which helped define the magazine in the decades to follow, his influential column "Skyline", begun in 1987, combined his literary savvy with his preservationist activism; and

Whereas, A man of wide expertise and many interests and causes, Brendan Gill served as chairman of the Andy Warhol Foundation for the Visual Arts, vice president of the American Academy of Arts and Letters and helped establish the innovative P.S. 1 Center for Contemporary Art in Long Island City, Queens; and

Whereas, As Chairman of the Municipal Arts Society, he was able to sustain his interest in architecture, planning and preservation and he often took to the streets, conducting walking tours around the city; and

Whereas, With the passing of Brendan Gill, a piece of New York City has also left us, but as is always the mark of greatness, his work, his wit, his words and his memory shall forever be preserved in the soul of this city; now, therefore, be it

Resolved, That the Council of the City of New York commemorates the life of Brendan Gill, expresses its sympathy to his beloved family, and adjourns today in his memory.

Whereupon on motion of the Speaker (Council Member Vallone), the Clerk of the Council adjourned to meet again on Thursday, February 5, 1998.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DRAFT 11/3/97

STATEMENT OF BASIS AND PURPOSE

These amendments to the rules governing Emergency Power, §12-01 of RCNY, are a result of the work done by the committee studying the effects of the bombing of the World Trade Center on February 26, 1993.

For new buildings, the proposed amendments require that the emergency generators that serve emergency fire protection equipment and their automatic transfer switches not be located in the same room as primary electrical service equipment. The automatic transfer switches must either be located at the devices they provide emergency power for or be located in a two-hour fire resistance rated enclosure containing no equipment or piping other than that associated with fire/safety systems. Emergency generators must be located in a two-hour fire resistance rated enclosure that is not prone to flooding or damage due to other natural causes.

These requirements will minimize the possibility that the emergency which disables the primary electrical service equipment will not also disable the emergency electrical service equipment, or that flooding due to water main breaks will not reach the emergency generator thereby requiring it to be shut off in order to prevent electrocution of the evacuees and/or emergency service personnel.

For existing buildings, the committee is aware of the difficulty in locating an emergency generator in a separate two-hour fire resistance rated enclosure. Therefore, the proposed amendments permit the generator to be installed in an existing two-hour fire resistance rated mechanical equipment room provided that the automatic transfer switches are not located in the same room as the primary electrical service equipment. These should be either remotely located from or separated by two-hour fire resistance rated construction from the emergency generator and any other fuel burning equipment, if not located at the equipment they serve.

For all buildings, water cooled emergency generators must have another source of cooling water secondary to a single city water main connection. This requirement will minimize the possibility of a water main break related to the emergency cutting off the sole source of cooling water, thereby disabling the generator.

Air cooled generators are not affected by this requirement.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

City Clerk of
The City of New York

Date: March 5, 1998

SUMMARY OF CAPITAL PROJECT DIRECTIVES AND BOND RESOLUTIONS 9800000030, 9800000031, 9800000032, 9800000033 and 9800000034 OF THE CITY OF NEW YORK

Summary of Determinations and Certifications of Amount of Bonds to be Issued by The City of New York

Pursuant to the New York Local Finance Law (the "Law") and Sections 8 and 219 of the New York City Charter, the Mayor of the City of New York (the "City"), acting as the Finance Board of the City, has determined in Capital Project Directives and Bond Resolutions 9800000030, 9800000031, 9800000032, 9800000033 and 9800000034 (the "Resolutions") that obligations shall be issued to finance the specific objects or purposes identified as Subprojects in the Resolutions, to the extent and in the amounts set forth in the Resolutions for such specific objects or purposes (the "Items") as are set forth therein, and has certified by the Resolutions to the Comptroller of the City the amounts of obligations to be issued for financing the Items. Said amounts have been duly appropriated for the Items in appropriations for capital projects to which the Subprojects relate.

The Resolutions request that the Comptroller determine the nature and terms of the obligations thereby authorized and that he arrange for the issuance of such obligations.

The period of probable usefulness for each Item is set forth in the description of such Item in exhibits to the Resolutions. Each of the capital projects listed in said exhibits (the "Projects") consists of one or more Items. The estimated maximum cost of each Item is its proportionate share of the estimated maximum cost of the Project of which such Item is a part. The estimated maximum costs of each such Project and the plan for financing the total costs of all of the Items comprising each Project are contained in the most recent capital budget in which funds for such Project were appropriated. Such total costs will be financed by the issuance of obligations of the City to the extent such costs are not financed by funds from other sources as indicated in such capital budget.

The Resolutions also authorize the temporary use of certain funds of the City for the purpose or purposes for which the issuance of obligations has been authorized by the Resolutions, and provide that suitable records are to be kept of such temporary diversion of funds, and that the City obtain reimbursement of such funds from the proceeds of the bonds authorized by the Resolutions, or from the sale of bond anticipation notes issued in anticipation of the sale of such obligations.

The validity of the obligations authorized by the Resolutions may be contested only if (1) such obligations are authorized for an object or purpose for which the City is not authorized to spend money, or the provisions of law which should be complied with as of this date of publication have not been substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of this publication or (2) such obligations are authorized in violation of the provisions of the New York State Constitution.

THE FOLLOWING IS A LISTING OF THE CLASSES OF OBJECTS OR PURPOSES FOR WHICH THE OBLIGATIONS AUTHORIZED BY THE RESOLUTIONS SUMMARIZED HEREIN ARE TO BE ISSUED, TOGETHER WITH THE PERIODS OF PROBABLE USEFULNESS AND THE AMOUNTS OF OBLIGATIONS AUTHORIZED TO BE ISSUED FOR EACH SUCH CLASS OF OBJECTS OR PURPOSES. A COPY OF THE RESOLUTIONS SUMMARIZED HEREIN, WITH THE FULL TEXT AND A DESCRIPTION OF ALL SUBPROJECTS FOR WHICH OBLIGATIONS ARE BEING AUTHORIZED TO BE ISSUED BY SUCH RESOLUTIONS, WILL BE AVAILABLE FOR PUBLIC INSPECTION DURING NORMAL BUSINESS HOURS AT THE OFFICE OF THE CHIEF ACCOUNTANT, OFFICE OF THE COMPTROLLER, ROOM 800, MUNICIPAL BUILDING, 1 CENTRE STREET, NEW YORK FOR TWENTY (20) DAYS FOLLOWING THE PUBLICATION OF THIS SUMMARY.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. AGENCY RULES

PROCUREMENT POLICY BOARD

NOTICE

OF OPPORTUNITY TO COMMENT

ON PROPOSED RULE AMENDMENT

(Republished at the Request of the Procurement Policy Board pursuant to March 12, 1998 Board Meeting)

The Procurement Policy Board (PPB) intends to promulgate an amendment to §7-04 **(Disputes Arising out of Contract Administration: Goods and Services)** and §7-05 **(Disputes Arising out of Contract Administration: Construction and Construction-Related Services)** of its Rules pursuant to Section 311 of the New York City Charter.

Purpose of the Proposed Amendment

This proposed amended rule eliminates the Contract Dispute Resolution Board (CDRB), and enables suppliers to commence litigation within four months of the Agency's Head decision and after the Comptroller's review. In addition to comment about this proposed amendment, the Board seeks specific suggestions concerning §§7-04(b) and 7-05(b). These subdivisions require City contracts for which a solicitation was issued on or after September 1, 1990 to include a clause providing that disputes be resolved in accordance with these sections. If the amendment passes eliminating the CDRB, transitional language will need to be inserted in these subdivisions to protect the rights of the City and its contractors under existing contracts. The Board requests comment concerning such language.

How to Comment

A public hearing will be held on April 23, 1998 at 10:00 A.M. at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, written comments must be received by April 23, 1998.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: March 12, 1998
Brendan J. Sexton, Chair

CHAPTER 7 DISPUTE RESOLUTION
(is amended as follows)

Section 7-04 RESOLUTION OF DISPUTES ARISING OUT OF CONTRACT ADMINISTRATION: GOODS AND SERVICES NOT RELATED TO CONSTRUCTION

(a) **Applicability.** This section applies to all disputes between the City and a contractor which arise under, or by virtue of, a contract between them, other than a contract for construction or construction related services. This section shall not apply either to disputes concerning matters dealt with in other sections of this chapter, or to disputes involving (i) patents, (ii) copyrights, (iii) trademarks or (iv) trade secrets (as that term has been interpreted by the Courts of the State of New York) relating to proprietary rights in computer software.

(b) **Effective Date.** Contracts for which the solicitation was made on or after September 1, 1990 shall include a clause providing that all disputes which arise under or by virtue of the contract shall be finally resolved in accordance with the provisions of this subsection. Parties to contracts for goods and services not related to construction for which the solicitation was made prior to this date and which do not contain this clause may by written agreement consent to the resolution of any disputes pursuant to the provisions of this section.

(c) **Work to Continue.** During such time as any dispute is being presented, heard and considered pursuant to this section, the contract terms shall remain in force and work shall continue as directed by the Agency Chief Contracting Officer. Failure of the contractor to continue the work as directed shall constitute a waiver by the contractor of its claim.

(d) **Presentation of Disputes to Agency Head.**

(1) The contractor shall present its dispute in a written submission (hereinafter referred to as a "Notice of Dispute") to the Agency Head for an initial determination, in accordance with the provisions of this subsection.

(2) **Time, Form and Content of a Contractor's Notice of Dispute and the Agency's Response.** The Notice shall be submitted by the contractor to the Agency Head within the time specified by the contract or, if no time is specified, within ten (10) days of receiving notice of the determination or action which is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the contract. The contractor shall be allowed an additional ten (10) days to submit a detailed written submission pertaining to the dispute. The written submission shall include all the facts, evidence, documents or other basis upon which the contractor relies in support of its position, as well as a detailed computation demonstrating how the amount of money claimed by the contractor in the dispute was arrived at. Within ten (10) days after receipt of the detailed written submission, the Agency Chief Contracting Officer shall submit to the Agency Head all materials which it deems pertinent to the dispute. Thereafter, either party may demand of the other the production of any documents or other material not already produced which the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant documents. Any question as to relevancy shall be determined by application to the Agency Head, whose decision shall be final and conclusive as to both parties. Wilful failure of the contractor to produce any requested material whose relevancy the contractor has not disputed (or following a determination by the Agency Head that the material should be produced) shall constitute a final waiver by the contractor of its claim.

(3) **Agency Head Inquiry.** The Agency Head shall examine the material and may, in his or her exclusive discretion, convene an informal conference with the contractor and the Agency Chief Contracting Officer to resolve the issue by mutual consent prior to reaching a determination. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Agency Head participated therein. Any party to the dispute or the Agency Head may compel the participation of any other contractor with a contract related to that of the party presenting the dispute, and that contractor shall be bound by the decision of the Agency Head. Any contractor thus brought into the dispute resolution proceeding shall have the same rights to make presentations and to seek review as the initiating contractor.

(4) **Agency Head Determination.** Within ten (10) days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall render its decision in writing and shall deliver or send a copy of such decision to the contractor and Agency Chief Contracting Officer, together with a statement concerning how the decision may be appealed. Failure to render a decision within ten (10) days, or within such longer time as is agreed to by the parties, shall be deemed rejection of the claim [for purposes of presenting the claim to the Contract Dispute Resolution Board]

(5) **Finality of Agency Head Decision.** The Agency Head's decision shall be final and binding on both parties[, unless presented to the Contract Dispute Resolution Board pursuant to these rules. The City may not take a petition to the Contract Dispute Resolution Board. However, should the contractor take such a petition, the City may seek, and the Board may render, a determination less favorable to the contractor and more favorable to the City than the decision of the Agency Head]

(e) **[Contract Dispute Resolution Board.** There shall be a Contract Dispute Resolution Board composed of:

(1) the City Chief Procurement Officer or designee;

(2) an employee of another City agency, having the requisite background to consider and resolve the merits of the dispute (who shall be selected by the City Chief Procurement Officer from a prequalified panel of such employees), and

(3) a neutral person with appropriate expertise. This person shall be selected by the City Chief Procurement Officer from a prequalified panel of individuals approved by the Procurement Policy Board with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization which does, or regularly represent persons, companies or organizations having disputes with the City. Persons serving in this capacity shall be paid on a per diem basis.

The City Chief Procurement Officer shall act as chairperson, and may adopt operational procedures and issue such orders, consistent with these rules, and may grant such extensions of time to present or respond to submissions as may be necessary in the execution of the Board's functions. The Board in its discretion may combine more than one dispute between the parties for concurrent resolution.

(f)] **Presentation of Dispute to the Comptroller.** [Before any dispute may be brought by the contractor to the Contract Dispute Resolution Board, the] The contractor must first present its claim to the Comptroller for his or her review, investigation and possible adjustment in accordance with this subdivision.

(1) **Time, Form and Content of Notice.** Within twenty (20) days of its receipt of a decision by the Agency Head, the contractor shall submit to the Comptroller a Notice of Claim regarding its dispute with the agency. The Notice of Claim shall consist of (i) a written statement of the substance of the dispute and of why the dispute was wrongly decided by the Agency Head; (ii) a copy of the written decision of the Agency Head; (iii) copies of all materials submitted by the contractor to the agency, including the Notice of Dispute and the detailed written submission pertaining to the dispute. The contractor may not present to the Comptroller in this Notice any material not presented to the Agency Head, except at the request of the Comptroller.

(2) **Agency Response.** The Comptroller shall notify the agency of receipt of the Notice of Claim. Within five (5) working days, the agency shall make available to the Comptroller copies of all material submitted by the agency to the Agency Head in connection with the dispute at issue.

(3) **Comptroller Investigation.** The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the contractor. Such demand shall be made within fifteen (15) days of receipt of agency material. Wilful failure of the contractor to produce within ten (10) days any material requested by the Comptroller shall constitute a waiver by the contractor of its claim. The Comptroller may also schedule an informal conference to be attended by the contractor, agency representatives, and any other personnel desired by the Comptroller.

(4) **Opportunity of Comptroller to Compromise or Adjust Claim.** The Comptroller shall have twenty-five (25) days from his or her receipt of all materials referred to in (f)(3) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the contractor and the Comptroller, to a maximum of ninety (90) days from the Comptroller's receipt of the Notice of Claim. [The contractor may not appeal the decision of the Agency Head to the Contract Dispute Resolution Board until the period for investigation and compromise delineated in this section has expired.] In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the contract between the parties.

[(g) **Petition to Contract Dispute Resolution Board.** In the event the claim has not been settled or adjusted by the Comptroller within the period provided in subsection (f)(4) of this section, the contractor, within ten (10) days thereafter, may petition the Contract Dispute Resolution Board to review the Agency Head determination.

(1) **Form and Content of Petition by Contractor.** The contractor shall present its dispute to the Contract Dispute Resolution Board in the form of a Petition, with copies to the Agency Head, Corporation Counsel and Comptroller. Such Petition shall include (i) a brief written statement of the substance of the dispute and the reason(s) the dispute was wrongly decided by the Agency Head; (ii) a copy of the written decision of the Agency Head; (iii) copies of all materials submitted by the contractor to the agency; (iv) copies of all material submitted by the contractor to the Comptroller. Within fifteen (15) days of its receipt of the Petition, the agency shall respond to the brief written statement of the contractor and make available to the Board all material it submitted to the Agency Head and Comptroller.

(2) **Further Proceedings.** The Board shall permit the contractor to present its case by the submission of memoranda, briefs and oral argument. The contractor may not, however, support its case with any documentation or other material which was not presented to the Agency Head or the Comptroller. The Board shall also permit the Agency to present its case in response to the contractor by the submission of memoranda, briefs and oral argument. If requested by the Corporation Counsel, the Comptroller will provide reasonable assistance in the preparation of the agency's case. The Board, at its discretion, may seek such technical or other expertise as it shall deem appropriate and any such additional material from either or both parties as it deems fit.

(3) **Contract Dispute Resolution Board Determination.** Within thirty (30) days of the conclusion of all written submissions and oral arguments, the Board shall render a written decision resolving the dispute. In an unusually complex case, the Board may render its decision in a longer period of time, not to exceed sixty (60) days, and shall so advise the parties at the commencement of this period. The Board's decision must be consistent with the terms of the contract between the parties. In reaching its decision, the Board shall accord no precedential significance to prior decisions of the Board involving other non-related contracts.

(4) **Notification of Contract Dispute Resolution Board Decision.** The Board shall send a copy of its decision to the contractor, the Agency Chief Contracting Officer, and the Comptroller.

(5) **Finality of Contract Dispute Resolution Board Decision.** The Board's decision of a contractor's appeal shall be final and binding on both parties, except to the extent that it may be reviewable in accordance with the balance of this subsection. The contractor may seek review of the Board's decision solely in the form of a challenge, made within four months of the date of the Board's decision, in a court of competent jurisdiction of the State of New York, County of New York, under the procedures and rules applicable in that court, and the City may then cross-appeal. Such review by the court shall be limited to the question of whether or not the Board's decision was obtained or infected by fraud, bad faith, or palpable error. No evidence or information shall be introduced or relied upon in such proceeding which was not presented to the Board in accordance with this rule. In any such proceeding the City may seek and the Court may render a decision more favorable to the City than that rendered by the Contract Dispute Resolution Board.

(h)] (f) Any termination, cancellation or alleged breach of the contract prior to or during the pendency of any of the proceedings pursuant to this Section shall not affect or impair the ability of the Agency Head [or Dispute Resolution Board] to make a binding and final decision pursuant to this Section.

(g) The contractor may seek review of the Agency Head's decision solely in the form of a challenge pursuant to Article 78 of the New York Civil Practice Law and Rules, made within four months of the date of the Agency Head's decision, in a court of competent jurisdiction of the State of New York, County of New York, under the procedures and rules applicable in that court, and the City may then cross-appeal. No evidence or information shall be introduced or relied upon in such proceeding which was not presented to the Agency Head in accordance with this rule.

Section 7-05 RESOLUTION OF DISPUTES ARISING OUT OF CONTRACT ADMINISTRATION: CONSTRUCTION AND CONSTRUCTION-RELATED SERVICES

(a) **Applicability.** This section applies to disputes between the City and a contractor which arise under, or by virtue of, a contract between them for construction or construction-related services. This section shall not apply to disputes concerning matters dealt with in other sections of this chapter. Included disputes shall be limited to disputes about the scope of work delineated by the contract, the interpretation of contract documents, the amount to be paid for extra work or disputed work performed in connection with the contract, the conformity of the contractor's work to the contract, and the acceptability and quality of the contractor's work. The Board may by rule to be promulgated at a later time expand the scope of this provision.

(b) **Effective Date.** Contracts for which the solicitation was made on or after September 1, 1990 shall include a clause providing that all disputes of the kind delineated in (a) above which arise under or by virtue of the contract shall be finally resolved in accordance with the provisions of this subsection. Parties to contracts for construction and construction-related services for which the solicitation was made prior to this date and which do not contain this clause may by written agreement consent to the resolution of any disputes pursuant to the provisions of this section.

(c) **Work to Continue.** During such time as any dispute is being presented, heard and considered pursuant to this section, the contract terms shall remain in force and work shall continue as directed by the Agency Chief Contracting Officer or Engineer. Failure of the contractor to continue the work as directed shall constitute a waiver by the contractor of its claim.

(d) **Presentation of Disputes to Agency Head.**

(1) A dispute subject to the provisions of this section arises when the Engineer (defined in the contract) makes a determination of a kind specified in subsection (a) with which the contractor disagrees. The contractor shall present its dispute in a written submission (hereinafter referred to as a "Notice of Dispute") to the Agency Head for initial resolution, in accordance with the provisions of this subsection.

(2) **Time, Form and Content of a Contractor's Notice of Dispute and the Agency's Response.** The Notice shall be submitted by the contractor to the Agency Head within the time specified by the contract or, if no time is specified, within ten (10) days of receiving notice of the determination or action which is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the contract. The contractor shall be allowed an additional ten (10) days to submit a detailed written submission pertaining to the dispute. The written submission shall include all the facts, evidence, documents or other basis upon which the contractor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the contractor in the dispute was arrived at. Within ten (10) days after receipt of the detailed written submission, the Engineer shall submit to the Agency Head all materials which it deems pertinent to the dispute. Thereafter, either party may demand of the other the production of any documents or other material not already produced which the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant documents. Any question as to relevancy shall be determined by application to the Agency Head, whose decision shall be final and conclusive as to both parties. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Agency Head participated therein. Any party to the dispute or the Agency Head may compel the participation of any other contractor with a contract related to the project, and that contractor shall be bound by the decision of the Agency Head. Any contractor thus brought into the dispute resolution proceeding shall have the same rights to make presentations and to seek review as the contractor initiating the dispute.

(4) **Agency Head Determination.** Within twenty (20) days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall render its decision in writing and shall deliver or send a copy of such decision to the contractor and Agency Chief Contracting Officer, together with a statement concerning how the decision may be appealed. Failure to render a decision within twenty days, or within such longer time as is agreed to by the parties, shall be deemed rejection of the claim [for purposes of presenting the claim to the Contract Dispute Resolution Board]

(5) **Finality of Agency Head Decision.** The Agency Head's decision shall be final and binding on both parties[, unless presented to the Contract Dispute Resolution Board pursuant to these rules. The City may not take a petition from a decision of the Agency Head to the Contract Dispute Resolution Board. However, should the contractor take such a petition, the City may seek, and the Board may render, a determination less favorable to the contractor and more favorable to the City than the decision of the Agency Head]

(e) **[Contract Dispute Resolution Board.** There shall be a Contract Dispute Resolution Board composed of:

Advisory Opinion No. 98-1

The Conflicts of Interest Board (the "Board") has received a request from a City agency (the "Agency") and a public servant recently appointed by the Agency for an opinion from the Board as to whether, consistent with the conflicts of interest provisions contained in Chapter 68 of the City Charter, the public servant may, as part of her official duties as the head of a division (the "Division") of the Agency, work on matters involving the Firm (the "Firm") which employs her spouse. In addition, the Board has been asked whether the public servant's spouse may work on matters for the Firm involving the Division.

For the reasons discussed below, it is the Board's opinion that the public servant may not work on any matters involving the Firm. Further, as discussed below, the public servant may not work on certain aspects of the development of a Request for Proposals ("RFP") in response to which the Firm might submit a bid. In addition, the public servant's spouse may not work on any contracts awarded to the Firm by the Agency which involve work with the Division.

Background

The Agency has hired the public servant because of her expertise in the type of work performed by the Division. As head of the Division, the public servant is involved, inter alia, in determining whether certain structures require extensive repairs. The public servant then reviews and evaluates all draft RFPs for repairs on those structures. This review encompasses the technical aspects of the RFP, as well as the selection criteria developed to select a winning bid for a particular RFP.

The Agency has advised the Board that a determination of whether a structure needs repairs and the contents of the technical portions of an RFP cannot, under the particular facts of this case, be designed to favor a potential bidder, as most of the technical specifications are required by State law, with some aspects dictated by City needs. However, the Agency has indicated that the other portions of RFPs, including the selection criteria for rating bids, can be designed to favor a particular bidder.

The Agency has further advised the Board that after bids are received, a panel of Agency employees, including employees from the Division, reviews the responses and selects a winning bid. The public servant herself usually is not involved in this selection process.

The public servant and members of her staff supervise the work performed under a contract awarded pursuant to an RFP. The public servant reports to her superiors on this work, and she makes suggestions for modifications or additions to the work being performed under the contract.

Recently, the public servant's spouse accepted a position with the Firm. The public servant's spouse does not have an ownership interest in the Firm.

In the past, the Firm has responded to RFPs issued by the Agency involving work for the Division; and the Firm is expected to do so in the future. The Firm could be selected to contract with the Agency for work with the Division by either of two methods. First, the Agency often selects contractors via a "limited procurement" process, whereby the Agency requests that a limited number of bidders, selected by the Agency on a rotating basis from a list, respond to a particular RFP. The Division is not involved in the selection of contractors for the list for the limited procurement process. Second, where federal or state funds are involved, the Agency uses an open bidding process, in which the number of bidders is not limited.

The Board has been asked:

1) Whether the public servant may participate in decisions which lead to the determination that a specific structure needs repairs?

2) Whether the public servant may be involved in any aspect of the development of RFPs on which the Firm might bid and/or be awarded a contract?

3) Whether the public servant may supervise work on a contract awarded to the Firm?

4) Whether any contract awarded to the Firm by the Agency which involves work with the Division should specify that the public servant's spouse may not perform any work on the contract?

Discussion

Charter Section 2604(b)(3) provides that no public servant shall use or attempt to use his or her position as a public servant to obtain any financial gain or other private or personal advantage, direct or indirect, for the public servant or any person or firm associated with the public servant. For the purposes of Chapter 68, a public servant's spouse is deemed to be "associated" with the public servant. See Charter Section 2601(5).

Charter Section 2604(b)(4) provides that no public servant shall disclose any confidential information concerning the City, or use any such information to advance any direct or indirect financial or other private interest of the public servant or of any other person or firm associated with the public servant.

Advisory Opinion No. 94-20

In Advisory Opinion No. 94-20, in a situation similar to that in the instant case, a public servant worked for a City agency, assuring compliance with certain regulations. The public servant's spouse worked with a firm which did business with that agency and had many projects as a consultant with the public servant's unit. The spouse worked on these projects, but did not have an ownership interest in the firm.

The public servant worked with private consultants which she selected from lists of five to seven consultants approved by the agency. Her spouse's firm was one of the consultants who was pre-selected to appear on some of the lists. The public servant was not involved in the process by which the consultants on the lists were selected. She did, however, select a consultant from the list to work on a particular project. The public servant had advised the Board that if her husband's firm was on a list of consultants from which she was to select, she would select another consultant from the list. However, that agency informed the Board that the public servant could not recuse herself from all matters concerning her spouse's firm and continue to perform her official duties.

Therefore, in Advisory Opinion No. 94-20, the Board decided that the public servant could not continue in her position at the agency, because she would be in a position to obtain a direct or indirect private advantage for her spouse, in violation of Charter Section 2604(b)(3).

In the instant case, the Agency has informed the Board that the determinations of which structures need repairs and the technical aspects of an RFP cannot be designed to favor a particular bidder, noting that most of the technical specifications are determined by State law. Therefore, the public servant can work on both of these determinations, inasmuch as she would not be in a position to benefit her husband or the Firm. The public servant may also work on all aspects, including non-technical portions, of those RFPs for which the bidders are selected by the agency via a "limited procurement" process, if the Firm is not one of the contractors selected to bid on that RFP.

As discussed above, the Agency has informed the Board that the non-technical portions of RFPs, including the selection criteria for rating bids, can be designed to favor particular bidders. If the public servant were to work on the non-technical portions of RFPs on which the Firm might bid, she would be in a position to obtain a direct or indirect benefit for her spouse and the Firm. See Charter Sections 2604(b)(3) and (4) and Advisory Opinion No. 94-20. Therefore, the public servant must recuse herself in writing from participation in all matters relating to the non-technical portions of RFPs on which the Firm might submit a bid.

The Board understands such recusal to mean that the public servant will not work on non-technical aspects of RFPs on which the Firm might submit bids, not participate, directly or indirectly, in any meetings or discussions concerning such matters, and not receive copies of documents relating to such matters. See Advisory Opinion No. 92-5. For the same reasons, the public servant must recuse herself from participating in matters relating to the selection of a winning bid on an RFP on which the Firm has submitted a bid. Further, she may not participate in matters relating to any aspect of a contract awarded by the Agency to the Firm.

If the public servant's spouse were to work on any of the Firm's contracts which involve work with the Division, he would have direct or indirect contact with the Division's employees, all of whom are the public servant's subordinates. There is a risk that these subordinates would give preferential treatment to the public servant's spouse because of the public servant's City position. Therefore, any contract awarded by the Agency to the Firm which involves work with the Division should specify that the public servant's spouse may not perform any work on any aspect of the contract. See Charter Section 2604(b)(3).

Conclusion

It is the opinion of the Board, for the reasons stated above, that the public servant may participate in decisions which lead to the determination that a specific structure needs repairs. The public servant may also be involved in the development of the technical aspects of RFPs for structural repairs. However, the public servant must recuse herself from participation in all matters relating to non-technical portions of RFPs on which the Firm might bid and from all matters relating to the selection of a winning bid in response to an RFP on which the Firm has submitted a bid. Also, the public servant must recuse herself from

all matters relating to any aspect of contracts awarded to the Firm by the Agency. Further, any contract awarded to the Firm which involves work with the Division should specify that the public servant's spouse may not perform any work on any aspect of the contract.

The Board's decision in this matter is conditioned on the correctness and completeness of the facts supplied to us. If such facts are in any respect incorrect or incomplete, the advice given in this opinion may not apply.

Advisory Opinion No. 98-3 and Order No. 66

The Conflicts of Interest Board (the "Board") has received a request for an opinion from Bat-Sheva Horodniceanu, a public servant who is employed by the New York City Housing Authority (the "NYCHA"), as to whether, consistent with the conflicts of interest provisions of Chapter 68 of the City Charter, she may retain her imputed ownership interest in Urbitran Associates, Inc. (the "Firm"), a planning and consulting firm of which her husband, Michael Horodniceanu, is a part owner. The Firm is engaged in business dealings with the City and seeks to engage in business dealings with the NYCHA.

For the reasons stated in this opinion and order, the Board has determined that it would not violate Chapter 68 for Ms. Horodniceanu to retain her imputed ownership interest in the Firm, provided that she acts in accordance with the conditions discussed herein and in the future, consults the Board before the Firm pursues any new contracts with the NYCHA.

Background

Ms. Horodniceanu has advised the Board that she has been employed by the NYCHA since 1974 in various roles in the administrative and computer services units; that, currently, she is Deputy Director for Administration, Department of Computer Services. She has also advised the Board that her official City responsibilities involve computer systems and software maintenance; that she does not work in the division of the NYCHA which either formulates or awards contracts; and that her responsibilities at the NYCHA do not involve any aspect of the contracting process.

In addition, she has advised the Board that the Firm is a consulting planners' and engineers' firm and that it has been engaged in business dealings with various City agencies since 1977; that Mr. Horodniceanu is currently president of, and holds a 30 percent ownership interest in, the Firm; that from the time Mr. Horodniceanu first obtained the interest in 1990, Ms. Horodniceanu reported the interest on financial disclosure reports filed with the Board, but that she has not previously sought guidance from the Board concerning that interest.

Further, Ms. Horodniceanu has advised the Board that the Firm has recently responded to a Request for Proposals (RFP issued by the NYCHA to provide environmental quality review services and that she has no responsibility at the NYCHA with respect to such matters.

Discussion

Charter Section (a)(1)(b) provides that no public servant who is a regular employee of the City shall have an ownership interest in a firm which is engaged in business dealings with the City. Pursuant to Charter Section 2601(16), as implemented by Board Rules Section 1-11, an "ownership interest" includes an interest in a firm held by the public servant, or the public servant's spouse or unemancipated child, which exceeds five percent of the firm or an investment of $29,000 in cash or other form of commitment, whichever is less, and any lesser interest in a firm when the public servant or the public servant's spouse or unemancipated child exercises managerial control or responsibility regarding the firm.[1] Ms. Horodniceanu is therefore deemed to have a imputed ownership interest in the Firm, which engages in business dealings with the City; and in the absence of specific permission from the Board, such an imputed ownership interest violates Charter Section 2604(a)(1)(b).

When a public servant has an ownership interest which would otherwise be prohibited by Charter Section 2604(a)(1)(b), the public servant shall either divest the interest or disclose the interest to the Board and comply with the Board's order. See Charter Section 2604(a)(3). When a public servant discloses an interest to the Board, the Board, pursuant to Charter Section 2604(a)(4), issues an order setting forth its determination as to whether the interest, if maintained, would conflict with the proper discharge of the public servant's official duties. In making such a determination, the Board takes into account the nature of the public servant's duties, the manner in which the interest may be affected by any action of the City, and the appearance of a conflict to the public. In Ms. Horodniceanu's case, the disclosure requirement has been met by her request for an opinion and order under Charter Section 2604(a)(3).[2]

The Board has determined, in accordance with Charter Section 2604(a)(4), that it would not conflict with the proper discharge of Ms. Horodniceanu's official duties for her to maintain her imputed ownership interest in the Firm, provided that she recuses herself from all matters related to the Firm in her official NYCHA capacity and further provided that she continues to play no role in the NYCHA's selection of any contractors.

Conclusion

Accordingly, the Board has determined, and it is hereby ordered, that Ms. Horodniceanu may retain her imputed ownership interest in the Firm, provided that, during her employment with the City, she takes no direct or indirect part in any business dealings which the Firm has with the City, including the NYCHA. Also, Ms. Horodniceanu is required to recuse herself from any matters involving the Firm. Such recusal includes, but is not limited to, not participating in discussions concerning the Firm with anyone at the NYCHA, not attending meetings with City officials and others to discuss the Firm, and not receiving copies of relevant documents. Furthermore, Ms. Horodniceanu may not use or attempt to use her official City position or title to obtain any private or personal advantage for herself, her spouse or the Firm, and she must not disclose or use for private advantage any confidential information concerning the City. See Charter Sections 2604(b)(3) and (b)(4), respectively.

If, in the future, the Firm seeks to engage in further business dealings with the NYCHA, Ms. Horodniceanu should seek further guidance at that time.

This opinion and order are limited to the particular facts of this case. Determinations concerning public servants' imputed ownership interests in firms which engage in business dealings with the City and, in particular, with the public servants' agency, and public servants' involvement in such business dealings are made by the Board on a case-by-case basis.

Advisory Opinion No. 98-2 and Order No. 65

The Conflicts of Interest Board (the "Board"), has received a request for an opinion from Anthony Yodice, Robert DeMarco and William J. Hrubes (collectively, the "public servants"), as to whether, consistent with the conflicts of interest provisions of Chapter 68 of the City Charter, they may retain their ownership interests in the Parking Meter Security Devices Corp. (the "Corporation"), which seeks to engage in business dealings with the City and, specifically, the Department of Transportation, Bureau of Parking ("DOT"), the agency which they serve, by licensing a device they invented, named the "BAR-PIN," to DOT. They have also asked whether they may seek compensation from the City for the alleged misappropriation of the patent rights to the BAR-PIN.

For the reasons discussed below, it is the opinion of the Board that it would not violate Chapter 68 for the public servants to retain their ownership interests in the Corporation, which owns the rights to the BAR-PIN. The Board has also determined that, subject to the conditions set forth below, the Corporation may contract with DOT to sell the BAR-PIN and, further, the Corporation may seek compensation from the City for the alleged misappropriation of the patent rights to the BAR-PIN.

Background

The public servants are employed by the DOT in the Bureau of Parking as traffic device maintainers. As such, they are responsible for the maintenance and repair of the City's parking meters. They have no responsibility within DOT for purchasing any of the materials they use.

The public servants have made the following representations to the Board: They invented the BAR-PIN, a device which secures parking meter heads to sidewalk posts to prevent meter theft and removal. The BAR-PIN was invented in their spare time, using their own money, materials and facilities. The BAR-PIN is

[1] "Business dealings with the City" means any transaction with the City involving the sale, purchase, rental, disposition or exchange of any goods, services or property, any license, permit, grant or benefit, and any performance of or litigation with respect to the foregoing. See Charter Section 2601(8).

[2] The Board notes that reporting an ownership interest on financial disclosure reports does not satisfy the disclosure requirement of Charter Section 2604(a)(3).

currently awaiting a patent. The pending patent application and all the rights to the BAR-PIN are held by the Corporation, which is owned by the public servants. After the public servants had developed a prototype of the BAR-PIN, they showed it to their superiors at DOT who, with the public servants' consent, produced samples for testing. Subsequently, allegedly without the public servants' consent or involvement, DOT solicited bids from manufacturers for production of the BAR-PIN and then placed an order for it. The pubic servants have further stated that they believe that DOT has already accepted delivery of some BAR-PINs.

In addition, the public servants have further advised the Board that DOT, by its words and actions, has demonstrated great interest in obtaining and using the BAR-PIN. According to the public servants, immediately upon learning of its existence, DOT personnel arranged for the production of samples and had tests performed. After the testing, DOT allegedly placed an order with a manufacturer. Further, according to the public servants, DOT officials believe that the BAR-PIN could save the City a considerable sum of money.

Discussion

Charter Section 2604(a)(1)(b) provides that no public servant who is a regular employee of the City shall have an ownership interest in a firm which is engaged in business dealings with the City. In addition, Charter Section 2604(a)(1)(a) of Chapter 68 prohibits all public servants, whether or not regular employees, from having ownership interests in firms which engage in business dealings with the agency which they serve. Pursuant to Charter Section 2601(16), as implemented by Board Rules Section 1-11, an "ownership interest" means an interest in a firm held by a public servant which exceeds five percent of the firm or an investment of $29,000.00 in cash or other form of commitment.[1]

Discussions with DOT concerning the sale of the BAR-PIN and the alleged misappropriation of patent rights, as well as any litigation resulting therefrom, would be deemed "business dealings with the City." See Charter Section 2601(8). The public servants therefore have ownership interests which, in the absence of specific permission from the Board, would violate Charter Section 2604(a)(1). Public servants who have ownership interests which would otherwise be prohibited by Charter Section 2604(a)(1) must either divest such interests or disclose them to the Board and comply with its order. See Charter Section 2604(a)(3).

Charter Section 2604(a)(4) provides that the Board shall issue an order setting forth its determination as to whether otherwise prohibited ownership interests, if maintained, would conflict with the proper discharge of public servants' official duties. In making such determination, the Board takes into account, among other factors: the nature of the public servants' official duties; the manner in which the interests may be affected by any action of the City; and the appearance of a conflict to the public.

In this case, the public servants' official duties do not involve any responsibility for purchasing or recommending the purchase of any equipment or materials, including devices of the type they have invented. Also, any risk of an appearance of conflict to the public is mitigated by the fact that DOT, according to the public servants, has expressed its great interest -- in word and deed -- in purchasing and installing the BAR-PIN.

In accordance with Charter Section 2604(a)(4), the Board has determined that it would not conflict with the proper discharge of the public servants' official duties for them to retain their ownership interests in the Corporation and to license the BAR-PIN to DOT. Further, the Board has determined that the Corporation may, consistent with the conflicts of interest law, negotiate for compensation with the City as a result of the alleged misappropriation of the patent rights to the BAR-PIN and may, if necessary, commence a lawsuit based on the alleged misappropriation of the patent rights to the BAR-PIN.

The Board notes, however, that, while an order is appropriate in this case, the public servants should have consulted the Board before engaging in business dealings with DOT. Moreover, City agencies must take some responsibility to assure that their employees comply with the conflicts of interest law, and, when necessary, consult with the Board. This is especially true where, as is the case here, a City agency expresses interest in and even encourages business dealings between the agency and its employees.

Conclusion

Accordingly, the Board has determined, and it is hereby ordered, that the public servants may retain their ownership interests in the Corporation that holds the patent to the BAR-PIN, provided that, during their employment with DOT, they are not directly or indirectly involved on behalf of the City in any matter involving the BAR-PIN.

In addition, the public servants must perform all work for the Corporation at times when they are not required to perform their official City duties; they may not use their official City positions or titles to obtain advantages for themselves, the Corporation or its customers; they may not use City equipment, letterhead, personnel or other City resources in connection with this non-City work; they may not disclose or use for private advantage any confidential

CHAPTER 7 DISPUTE RESOLUTION
(is amended as follows:)

~~[SECTION 7-04 RESOLUTION OF DISPUTES ARISING OUT OF CONTRACT ADMINISTRATION: GOODS AND SERVICES NOT RELATED TO CONSTRUCTION~~

~~SECTION 7-05 RESOLUTION OF DISPUTES ARISING OUT OF CONTRACT ADMINISTRATION: CONSTRUCTION AND CONSTRUCTION-RELATED SERVICES]~~

SECTION 7-04 RESOLUTION OF DISPUTES ARISING OUT OF CONTRACT ADMINISTRATION

(a) Applicability. This section shall apply to disputes between the City and a contractor that arise under, or by virtue of, a contract between them. All contracts shall include a clause providing that all disputes of the kind delineated herein shall be finally resolved in accordance with the provisions of this section. Parties to contracts that do not contain this clause may by written agreement consent to the resolution of any disputes pursuant to this section.

1. This section shall not apply to disputes concerning matters dealt with in other sections of this chapter or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software.

2. For construction and construction-related services this section shall apply only to disputes about the scope of work delineated by the contract, the interpretation of contract documents, the amount to be paid for extra work or disputed work performed in connection with the contract, the conformity of the contractor's work to the contract, and the acceptability and quality of the contractor's work; such disputes arise when the Engineer (defined in the contract) makes a determination with which the contractor disagrees.

(b) General Provisions. 1. All determinations required by this section shall be made in writing, clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time period required by this section shall be deemed a non-determination without prejudice that will allow appeal to the next level.

(c) Work to Continue. During such time as any dispute is being presented, heard, and considered pursuant to this section, the contract terms shall remain in force and work shall continue as directed by the ACCO or Engineer. Failure of the contractor to continue the work as directed shall constitute a waiver by the contractor of its claim.

(d) Presentation of Dispute to Agency Head.

(1) Notice of Dispute and Agency Response. The contractor shall present its dispute in writing ("Notice of Dispute") to the Agency Head within the time specified by the contract or, if no time is specified, within thirty days of receiving notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the contract. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which the contractor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the contractor in the dispute was arrived at. Within thirty days after receipt of the detailed written submission, the ACCO or, in the case of construction or construction-related services, the Engineer shall submit to the Agency Head all materials he or she deems pertinent to the dispute. Following initial submissions to the Agency Head, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Agency Head whose decision shall be final. Wilful failure of the contractor to produce any requested material whose relevancy the contractor has not disputed, or whose relevancy has been affirmatively determined, shall constitute a waiver by the contractor of its claim.

(2) Agency Head Inquiry. The Agency Head shall examine the material and may, in his or her discretion, convene an informal conference with the contractor and the ACCO and, in the case of construction or construction-related services, the Engineer to resolve the issue by mutual consent prior to reaching a determination. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Agency Head participated therein. The Agency Head may or, at the request of any party to the dispute, shall compel the participation of any other contractor with a contract related to that of the party presenting the dispute, and that contractor shall be bound by the decision of the Agency Head. Any contractor thus brought into the dispute resolution proceeding shall have the same rights to make presentations and to seek review as the contractor initiating the dispute.

(3) Agency Head Determination. Within thirty days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall make his or her determination and shall deliver or send a copy of such determination to the contractor and ACCO and, in the case of construction or construction-related services, the Engineer, together with a statement concerning how the decision may be appealed.

(4) Finality of Agency Head Decision. The Agency Head's decision shall be final and binding on all parties, unless presented to the Contract Dispute Resolution Board pursuant to this section. The City may not take a petition to the Contract Dispute Resolution Board. However, should the contractor take such a petition, the City may seek, and the Board may render, a determination less favorable to the contractor and more favorable to the City than the decision of the Agency Head.

(e) Presentation of Dispute to the Comptroller. Before any dispute may be brought by the contractor to the Contract Dispute Resolution Board, the contractor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.

(1) Time, Form, and Content of Notice. Within thirty days of its receipt of a decision by the Agency Head, the contractor shall submit to the Comptroller and to the Agency Head a Notice of Claim regarding its dispute with the agency. The Notice of Claim shall consist of (i) a brief written statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) the contractor contends the dispute was wrongly decided by the Agency Head; (ii) a copy of the written decision of the Agency Head, and (iii) a copy of all materials submitted by the contractor to the agency, including the Notice of Dispute. The contractor may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.

(2) Agency Response. Within thirty days of receipt of the Notice of Claim, the agency shall make available to the Comptroller a copy of all material submitted by the agency to the Agency Head in connection with the dispute. The agency may not present to the Comptroller any material not presented to the Agency Head except at the request of the Comptroller.

(3) Comptroller Investigation. The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the contractor. Wilful failure of the contractor to produce within fifteen days any material requested by the Comptroller shall constitute a waiver by the contractor of its claim. The Comptroller may also schedule an informal conference to be attended by the contractor, agency representatives, and any other personnel desired by the Comptroller.

(4) Opportunity of Comptroller to Compromise or Adjust Claim. The Comptroller shall have forty-five days from his or her receipt of all materials referred to in (f)(3) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the contractor and the Comptroller, to a maximum of ninety days from the Comptroller's receipt of all the materials. The contractor may not present its petition to the Contract Dispute Resolution Board until the period for investigation and compromise delineated in this section has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the contract between the parties.

(f) Contract Dispute Resolution Board. There shall be a Contract Dispute Resolution Board composed of:

(1) the CCPO or a designee;

(2) an employee of another City agency, having the requisite background to consider and resolve the merits of the dispute (who shall be selected by the CCPO from a prequalified list of such employees), or, in the case of construction or construction-related services, the Director of the Office of Construction or a designee, and

(3) a neutral person with appropriate expertise. This person shall be selected by the CCPO or, in the case of construction or construction-related services, the Director of the Office of Construction from a prequalified panel of individuals approved by the Procurement Policy Board with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization that does, or regularly represent persons, companies, or organizations having disputes with the City. Persons serving in this capacity shall be paid on a per diem basis.

The CCPO or, in the case of construction or construction-related services, the Director of the Office of Construction shall act as chairperson, and may adopt operational procedures and issue such orders, consistent with this section, and may grant such extensions of time to present or respond to submissions as may be necessary in the execution of the Board's functions. The Board, in its discretion, may combine more than one dispute between the parties for concurrent resolution.

(g) Petition to Contract Dispute Resolution Board. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this section, the contractor, within thirty days thereafter, may petition the Contract Dispute Resolution Board to review the Agency Head determination.

(1) Form and Content of Petition by Contractor. The contractor shall present its dispute to the Contract Dispute Resolution Board in the form of a Petition, which shall include (i) a brief written statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) the contractor contends that the dispute was wrongly decided by the Agency Head; (ii) a copy of the written decision of the Agency Head; (iii) copies of all materials submitted by the contractor to the agency; (iv) a copy of the written decision of the Comptroller, if any, and (v) copies of all correspondence with, or written material submitted by the contractor to, the Comptroller's Office. The contractor shall concurrently submit three complete sets of the Petition to the Contract Dispute Resolution Board (c/o the Mayor's Office of Contracts or, in the case of construction or construction-related services, the Mayor's Office of Construction), one complete set of the Petition to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and one copy of the written statement of the substance of the dispute, cited in (i) above, to both the Agency Head and the Comptroller.

(2) Agency Response. Within thirty days of its receipt of the Petition, the agency shall respond to the brief written statement of the contractor and make available to the Board all material it submitted to the Agency Head and Comptroller. Three complete copies of the agency response shall be provided to the Contract Dispute Resolution Board and one to the contractor.

(3) Further Proceedings. The Board shall permit the contractor to present its case by the submission of memoranda, briefs, and oral argument. The Board shall also permit the agency to present its case in response to the contractor by the submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the agency's case. Neither the contractor nor the agency may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the Board. The Board, at its discretion, may seek such technical or other expertise as it shall deem appropriate and any such additional material from any party as it deems fit.

(4) Contract Dispute Resolution Board Determination. Within forty-five days of the conclusion of all written submissions and oral arguments, the Board shall render a written decision resolving the dispute. In an unusually complex case, the Board may render its decision in a longer period of time, not to exceed ninety days, and shall so advise the parties at the commencement of this period. The Board's decision must be consistent with the terms of the contract. In reaching its decision, the Board shall accord no precedential significance to prior decisions of the Board involving other non-related contracts.

(5) Notification of Contract Dispute Resolution Board Decision. The Board shall send a copy of its decision to the contractor, the ACCO, and in the case of construction or construction-related services, the Engineer, and the Comptroller.

(6) Finality of Contract Dispute Resolution Board Decision. The Board's decision shall be final and binding on all parties. The contractor may seek review of the Board's decision solely in the form of a challenge, made within four months of the date of the Board's decision, in a court of competent jurisdiction of the State of New York, County of New York, under the procedures and rules applicable in that court, and the City may then cross-appeal. Such review by the court shall be limited to the question of whether or not the Board's decision was obtained or infected by fraud, bad faith, or palpable error. No evidence or information shall be introduced or relied upon in such proceeding that was not presented to the Board in accordance with this section. In any such proceeding the City may seek and the court may render a decision more favorable to the City than that rendered by the Contract Dispute Resolution Board.

(h) Any termination, cancellation, or alleged breach of the contract prior to or during the pendency of any proceedings pursuant to this section shall not affect or impair the ability of the Agency Head or Contract Dispute Resolution Board to make a binding and final decision pursuant to this section.

NOTICE

OF OPPORTUNITY TO COMMENT

ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to §6-01 **Evaluation and Documentation of Supplier Performance** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The proposed amendment reorganizes provisions within the rule so that all information affecting policy appears in the same place. The result is that some policies currently specific to client services apply uniformly, whereas others remain client service-specific. Second, language is clarified to distinguish what form a performance evaluation must take: a report of unsatisfactory performance is necessary where circumstances warrant for procurements at or below the small purchase limit and procurements of goods by competitive sealed bid; a comprehensive, fully-documented evaluation is required for all other procurements. Third, the proposed rule removes language that micromanages the performance evaluation process. Fourth, material that is either duplicative or appears in other sections of the Rules is deleted. This proposal represents the Board's ongoing effort to further the Procurement Streamlining Program.

How to Comment

A public hearing will be held on April 23, 1998 at 10:00 a.m. at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by April 23, 1998.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: March 12, 1998

Where practicable, the agency shall develop both qualitative and quantitative performance indicators, including outcome criteria. The agency shall monitor the supplier's performance against such standards and indicators on an ongoing basis and sufficiently far in advance of the end of the contract term to determine whether an existing contract should be continued, renewed, or allowed to lapse.

(2) [Agencies shall monitor contractor performance and shall make careful written records of contractor performance, including supporting documentation sufficient to substantiate the contractor performance evaluation or the report of unsatisfactory vendor performance and shall provide these reports to the City Chief Procurement Officer. The Department of Citywide Administrative Services, the Office of Construction, the Office of Computer Plans and Controls, and the Comptroller's Office shall oversee agency performance in the evaluation of various contractors as set forth below] The CCPO shall establish procedures to ensure systematic evaluation of supplier performance, which shall occur no less frequently than once a year, and shall establish a centralized computerized database for storage and retrieval of such information.

(h) **Construction.** The Office of Construction shall oversee agency performance in the evaluation of construction and construction-related contractors.

(1) Periodic written evaluations of the performance of consultants and construction contractors throughout the life of a project are essential to the execution of the City's capital budget program. These evaluations can serve as a means to:

(i) Monitor and document consultant and contractor performance;

(ii) Disseminate consultant and contractor performance information; and

(iii) Support agency consultant selection and contractor prequalification and responsibility determinations.

(2) In evaluating the performance of construction contractors, factors to be considered may include but are not limited to:

(i)] **Performance Evaluation for Client Services.**

(1) [**Policy** The careful monitoring and assessment of the performance of the providers of these services is a crucial aspect of procurement. Contract administration shall begin upon award of contract and shall be ongoing throughout the term of the contract. Periodic performance evaluation is necessary to judge whether an existing contract should be continued, renewed or terminated and to evaluate competing bids or proposals for a new contract.

(2) **Evaluation.** A comprehensive, fully documented evaluation of contractor performance is required. In addition the following rules apply:

(i) **Subject of Evaluation.** The evaluation shall include ratings of program quality and performance, timeliness of performance, fiscal administration and accountability and overall performance. Where relevant, the performance evaluation shall take into account the findings of professional accreditation associations.

(ii) **Focus on Results.** Performance evaluation should be tied to the achievement of specific goals or milestones set forth in the contract. The agency awarding the contract shall identify specific objectives and evaluation criteria, some of which should be outcome criteria. Specific performance requirements should be included as part of the contract and agencies should fully monitor providers' performance against those standards. Outcome criteria, while they are strongly encouraged, are permissive and not mandatory under these Rules.

(iii) **Performance Indicators.** Wherever possible, the agency shall develop both qualitative and quantitative performance indicators on the basis of which the service provider shall be evaluated on an ongoing basis. The performance indicators shall be defined in plain English so that providers and interested members of the public shall be able to understand them.

(iv)] **Unannounced Site Visits.** Performance evaluations shall include periodic unannounced site visits and shall include interviews with clients and staff. The results of the unannounced site visit shall be summarized [in writing] and made a part of the contract file.

[(v)] (2) **Assessments of Client Satisfaction.** The agency shall assess client satisfaction [with a program] by using techniques such as periodic interviews with clients, interviews of members of the clients' families, questionnaires to survey clients or their families, or such other techniques as may be appropriate. In the event that interviews or surveys are used, clients shall be selected on a statistically random basis to ensure sampling of a representative cross-section of the client population.

[(vi) **Timing.** Performance evaluations must be completed throughout the term of the multi-year contract, no less frequently than once a year, and kept in the agency contract file and entered into the VENDEX contractor performance database. Entries made into the VENDEX contractor performance database shall accurately reflect and be consistent with the conclusions reached in the performance evaluation. Performance evaluations shall be conducted on an ongoing basis and sufficiently far in advance of the end of the contract year(s) to make performance evaluation information available in time for decisions on renewal and resolicitation. Performance evaluations must be taken into account in determining whether an existing contract should be continued, renewed (and, if renewed, for what length of time), or terminated, and to evaluate competing bids or proposals for a new contract.]

[(vii)] (3) **Corrective Action Plan.** As part of ongoing contract administration, the agency shall document immediately the area(s) of deficient performance, if any. A copy of the findings shall be sent to the [provider] supplier. Within [15] fifteen days, the [provider] supplier shall prepare and submit to the agency a corrective action plan identifying with specificity the steps the [provider] supplier intends to take to remedy the deficiencies identified by the performance evaluation.

[(j) **Information Technology Products, Systems and Services.** The Office of Computer Plans and Controls shall oversee agency performance in the evaluation of contractors for information technology products, systems and services.

(1) Proper management of an Information Technology project is essential to its success as is the integration and participation of agency personnel in both the evaluation and execution of the contract.

(2) Performance evaluations shall be conducted on an on-going basis and sufficiently far in advance of the end of the contract term to determine whether an existing contract should be continued, reserved or allowed to lapse. Factors essential to this decision are:

(i) Timeliness of deliverables and/or milestones;

(ii) Conformance to specifications;

(iii) Meeting quality and workmanship standards;

(iv) Adherence to schedule;

(v) Provision of technical support, training and maintenance;

(vi) Continuing availability of maintenance, replacement and repair parts;

(vii) Installation/customer assistance; and

(viii) Prompt in/out of warranty repair;

(3) All performance evaluations shall be prepared by the contracting officer and shall fully document the contractor's performance during the contract term. Such performance evaluations shall be maintained in the agency contract file and shall be used as a reference in preparing the Recommendation for Award for any subsequent contracts with the same contractor.

(k)] (e) [**Contractor**] Supplier **Response and Comments.**

[(1)] A copy of the evaluation or report of unsatisfactory [vendor] performance shall be promptly sent to the [contractor] supplier to allow the [contractor] supplier an opportunity to respond in writing [to the information contained in the evaluation or report].

[(2) Information provided by a contractor in response to an evaluation or report of unsatisfactory vendor performance shall be maintained as part of the agency contract file.

(3) Where appropriate, the Agency Chief Contracting Officer should schedule a meeting with the contractor and with City personnel with knowledge and expertise relating to the management of the contract, to address the issues underlying an evaluation describing unsatisfactory or less than satisfactory performance or a report of unsatisfactory vendor performance.

(4) Where appropriate, the Agency Chief Contracting Officer or Contract Manager may confer with the contractor to develop a plan for corrective action for the contractor. Thereafter, contractor performance shall be closely monitored for compliance with that plan.

(l) **Computerization of Performance Evaluation Information.**

(1) Effective September 1, 1990, a comprehensive computerized data base of performance evaluation data to which all agencies, elected officials and members of the public shall have access shall be maintained by the City Chief Procurement Officer.

(2) *In the case of reports* of unsatisfactory vendor performance, the data base shall include:

(i) A summary of the reports including the City agency submitting the report, the vendor, the date and the nature of the problem(s); and

(ii) The outcome of the report including, a review of the vendor's response, if any, the outcome of such a review and further action to be taken, if any.

(3) In the case of fully documented evaluations which report unsatisfactory vendor performance, the data base shall include:

(i) A summary of the evaluations, including the City agency submitting the evaluation, the contractor, the contract term and the evaluation ratings of the contractor's performance; and

(ii) The follow-up of the evaluation, if any, describing further action to be taken, if any.

(m) **Centralized Contractor Information.**

(1) Effective January 1, 1991, copies of all written evaluations and reports of contractor performance, together with any contractor responses to such evaluations, shall be maintained by the Mayor at a Central Contract Research Library for public review.

(2) At least one computer terminal shall be available at the Central Contract Research Library from which the City's data base of computerized performance evaluation data may be accessed.
