PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids – PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and responsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

An optional re-bid conference is scheduled for Friday, September 8, 2000 at 9:00 AM at 125 Worth Street, New York, NY 10013, in the 3rd Floor Conference Room. BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City

University, Board of Education, Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids – PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS does not promise that any particular number of derelict vehicles will be available during the term of the new contract.
DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and responsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

An optional re-bid conference is scheduled for Friday, September 8, 2000 at 9:00 AM at 125 Worth Street, New York, NY 10013, in the 3rd Floor Conference Room. Although potential bidders are not required to attend, DOS encourages them to do so, and will welcome comments on the revised DVO Program requirements.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS does not promise that any particular number of derelict vehicles will be available during the term of the new contract.
DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and reponsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

An optional re-bid conference is scheduled for Friday, September 8, 2000 at 9:00 AM at 125 Worth Street, New York, NY 10013, in the 3rd Floor Conference Room. Although potential bidders are not required to attend, DOS encourages them to do so, and will welcome comments on the revised DVO Program requirements.

Name, Description and Location of Proposal:

Flatlands Avenue Rezoning
The proposal involves an application by Flatlands Development Company, LLC for a zoning map amendment and a street demapping to facilitate a proposed retail development in the Flatlands area of Community District 18 in Brooklyn. The specific actions requested are a zoning map amendment to rezone a two block area (Block 7784, Lots 1, 11, 21, 33, 35, 37, 39, 41, 50 and Block 7783 Lots 1, 7, 11, 13, 25, 30, 31, 32, 34) from R3-2 to R3-2/C2-3 and the demapping of the mapped but not substantially built East 58th Street between Flatlands Avenue and Avenue J, which bisects the rezoning area.

The proposed actions would facilitate a proposal by the applicant to construct a supermarket development on a 215,600 square foot parcel that is controlled by the applicant, consisting of Block 7784 Lots 11 and 21; and Block 7783 Lots 13, 30, 31, 32, and 34. The applicant expects that

supermarket development would consist of two buildings (a 53,912 square foot Shoprite supermarket and 14,220 square feet of local retail) and include parking for 288 cars.

For the purposes of the environmental assessment, a reasonable worst case development scenario (RWCDS) was analyzed. In the RWCDS, the supermarket development was also assumed to include development on Block 7784, Lots 33, 35, 37, and 39, which are also controlled by the applicant, as well as Block 7784, Lot 50, not currently under control of the applicant. The RWCDS assumed a shopping center totaling about 80,500 square feet in three buildings: one 13,882 square-foot structure at the west side of 59th Street between Avenue J and Flatlands Avenue; an adjacent 53,912 square-foot supermarket immediately to the south, also along East 59th Street; and one 12,718 square-foot building along East 57th Street, north of Avenue J. Parking lots would include 288 spaces and would have entrances and exits on East 59th Street, Flatlands Avenue, and East 57th Street.

The RWCDS also assumed the development of two additional soft site parcels adjacent to the shopping center site. A 4,785 square foot parcel to the rear of the existing gas station along Flatlands Avenue (Block 7784, undeveloped portion of Lot 41) was projected to be redeveloped with a 2,600 square foot fast food restaurant with seven parking spaces. The 17,000 square foot site along Avenue J between East 57th and East 58th Streets (Block 7783 Lots 1, 7, and 11) was projected to be redeveloped with a 9,600 square foot strip mall with 24 parking spaces.

The majority of the projected development site is used as an open storage area for vehicles, construction equipment, and supplies. The site also contains two attached houses near the corner of East 57th Street, a used car lot, and an auto repair shop. The portion of East 58th Street proposed for demapping is not currently traversable and is paved for only 100 feet of its length at either end.

No other new development is anticipated within the area to be rezoned and demapped.

As part of the zoning map amendment, an (E) designation for hazardous materials would be placed on the three additional development sites discussed above (Block 7784, Lot 41; Block 7784, Lot 50; and Block 7783, Lots 1, 7, and 11). The text of the (E) designation would be as follows:

Task 1 - The applicant must submit to the NYCDEP Office of Environmental Planning and Assessment (OEPA), for review and approval, a soil and groundwater testing protocol including a description of methods and a site map with all sampling locations clearly and precisely represented.

No sampling program should begin until written approval of a protocol is received from DEP. The number and location of sample sites should be selected to adequately characterize the site, the specific source of suspected contamination and the remainder of the site's condition. The characterization should be complete enough to determine what remediation strategy (if any) is necessary after review of sampling data. Guidelines and criteria for choosing sampling sites and performing sampling will be provided by DEP upon request.

Task 2 - A written report with findings and a summary of the data must be submitted to DEP after completion of the testing phase and laboratory analysis for review and approval. After receiving such tests results, a determination will be made by DEP if the results indicate that remediation is necessary.

If DEP determines that no remediation is necessary written notice shall be given by DEP.

If remediation is indicated from the test results, a proposed remediation plan must be submitted to DEP for review and approval. The applicant must perform such remediation as determined necessary by DEP. The applicant should then provide proof that the work has been satisfactorily completed.

A DEP-approved construction-related health and safety plan would be implemented during excavation and construction activities to protect workers and the community from potentially significant adverse impacts associated with contaminated soil and/or groundwater. This Plan would be submitted to NYCDEP for review and approval prior to implementation.

In addition, the applicant has agreed to enter into a Restrictive Declaration that states that development at the site would be contingent on a program of mitigation for hazardous materials and traffic. The terms and conditions of the Restrictive Declaration are identical to the modifications described below.

Statement of No Significant Effect on Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated August 4, 2000, prepared in connection with the ULURP Applications (990719ZMK and 990720MMK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once modified as follows:

1) Cleanup of hazardous materials present on the site controlled by the applicant (Block 7784, Lots 11, 21, 33, 35, 37, and 39 and Block 7783, Lots 13, 30, 31, 32, 34) shall be conducted in accordance with the recommendations of the New York City Department of Environmental Protection (DEP) as per their letter of July 21, 2000, which is included in the project's CEQR file. Proposed mitigation measures include the following:

a) Additional soil and ground water sampling should be implemented in order to characterize the overall environmental quality of soil and groundwater for the following areas not previously sampled: Block 7783, Lots 13, 30, 31, 32, 34 and Block 7784, Lots 33, 35, 37, 39. Samples should be analyzed for volatile and semi-volatile organic compounds, priority pollutant metals, PCB's, and Pesticides. A sampling plan should be submitted to the DEP for approval.

b) A soil sampling protocol and Health and Safety Plan (HASP) should be submitted to the DEP for review and approval prior to excavation/construction activities.

2) As per the July 20, 2000 letter from New York City Department of Transportation (DOT), which is included in the project's CEQR file, the applicant shall notify DOT within six months prior to the completion and occupation of the proposed project. At that time DOT will investigate the feasibility of implementing the following proposed mitigation measures:

a) FLATLANDS AVENUE AT AVENUE I - The impact at the westbound Flatlands Avenue approach at Avenue I during the weekday evening peak hour (5-6PM) could be mitigated by subtracting 1 second of green time from the southbound phase and adding it to the eastbound/westbound phase during that time. The impact at the westbound Flatlands Avenue approach at Avenue I during the Saturday midday peak hour (3-4PM) could be mitigated by subtracting 2 seconds of green time from the southbound phase and adding it to the eastbound/westbound phase during that time.

b) RALPH AVENUE AT FLATLANDS AVENUE - The impact at the northbound Ralph Avenue right turn at Flatlands Avenue during the weekday midday peak hour (1-2PM) could be mitigated by subtracting 2 seconds of green time from the eastbound/westbound phase and adding it to the northbound/southbound phase during that time. The impact at the northbound Ralph Avenue right turn at Flatlands Avenue during the weekday evening peak hour could be mitigated by subtracting 1 second of green time from the eastbound/westbound phase and adding it to the northbound/southbound phase during that time.

c) AVENUE J AT RALPH AVENUE - The impact at the eastbound Avenue J approach at Ralph Avenue during the midday, PM, and Saturday midday peak hours could be mitigated by prohibiting the curbside parking at the eastbound approach of Avenue J and re-striping the approach with 11 feet wide exclusive left- and right-turning lanes.

d) FLATLANDS AVENUE AT UTICA AVENUE - The impact at the westbound Flatlands Avenue left-turn movement at Utica Avenue during the PM peak hour could be mitigated by prohibiting the curbside parking at the westbound approach of Flatlands Avenue, re-striping that area with two lanes at 9 feet in width, and by introducing a new 13-second left-turn phase for the eastbound/westbound approach.

e) REMSEN AVENUE AT FLATLANDS AVENUE - The impact at the northbound Remsen Avenue left-turn movement at Flatlands Avenue during the weekday PM and Saturday midday peak hours could be mitigated by prohibiting curbside parking at the northbound approach of Flatlands Avenue, re-striping that area with two shared through and right-turn lanes at 9 feet in width, and by introducing a new 13-second left-turn phase for the north-bound/southbound approach. Additionally, the northbound travel lanes of Remsen Avenue between Flatlands Avenue and Glenwood Road would be reduced by 1 foot in width and re-striped with two 9.5 foot wide lanes.

f) 57th STREET AT FLATLANDS AVENUE - The impact at the southbound 57th Street approach at Flatlands Avenue during the weekday midday and PM, and Saturday midday peak hours could be mitigated by installing a new traffic signal at this currently unsignalized intersection. The new signal would consist of two phases, with a cycle length of 60 seconds.

g) 59th STREET AT FLATLANDS AVENUE - The impact at the southbound 59th Street approach at Flatlands Avenue during the weekday midday and PM, and Saturday midday peak hours could be mitigated by installing a new traffic signal at this currently unsignalized intersection. The new signal would consist of two phases, with a cycle length of 60 seconds.

The final approval of these mitigation measures are subject to review and approval of the Signals and Borough Engineering divisions of DOT. If the new signals are approved, the applicant will bear the cost of design and installation as per DOT's specifications.

Supporting Statements:

The above determination is based on an environmental assessment which finds that:

1) A comprehensive Phase I and Phase II Environmental Site Assessment Protocol, prepared for the project and included in the project's CEQR file, disclosed that:

a) The site controlled by the applicant (Block 7783, Lots 13, 30, 31, 32, and 34 and Block 7784, Lots 11, 21, 33, 35, 37, and 39) revealed historic evidence of two on-site incinerator businesses located on the property between 20 and 65 years ago (Brooklyn Ash Removal Co. and Department of Sanitation), a history of dumping various wastes, auto wrecking operations, and the storage of abandoned automobiles and construction equipment. According to the Vista Environmental Database report, three "case open" leaking underground storage tanks, which have affected groundwater quality, are located within one-half mile and hydraulically upgradient of the site.

Hazardous materials used and stored on the site included a 55-gallon drum of antifreeze and a 210-gallon aboveground tank containing motor oil in the on-site auto repair facility located on Lots 35, 37, and 39. Other vehicle maintenance fluids and parts were also noted stored and used on this portion of the subject property. Housekeeping of these materials was noted as in order at the time of the inspection and no visible evidence of spills or leaks was noted. The regulatory search found no evidence of underground storage tanks on the subject property. No exposed suspect asbestos-containing materials were identified in the report.

b) Excavation of test pits over a portion of the site (Block 7783, Lots13 and 30; Block 7784, Lots 11 and 21; and the bed of the mapped street) and testing of the soil revealed elevated levels of volatile organic compounds, oily soils, petroleum contaminated soils, and elevated levels of metals.

c) A site history for the lots projected to be redeveloped as a result of the proposed action, but not controlled by the applicant, revealed the potential for the presence of hazardous materials. All three sites were adjacent to the incinerator which was formerly located on the Shoprite site. Potential contaminants related to that use include heavy metals, polycyclic aromatic hydrocarbons, and solvents. Block 7784, Lot 50 has historically been occupied by a fence company and has more recently been used as a surface parking lot. Block 7784, Lot 41 has been occupied by a gasoline station for over 30 years. Prior to that time the site was vacant. Contaminants commonly associated with gasoline stations are gasoline and other petroleum products, heavy metals from waste oil and gasoline additives, and solvents. Block 7783, Lots 1, 7, and 11 were occupied by a crane rental company beginning in the 1960's and continuing to the 1990's. Recent site surveys indicate that the use is inactive.

With the implementation of the proposed mitigation measures described in Item 1 above, no significant adverse impacts related to the presence of hazardous materials on the site controlled by the applicant (Block 7783, Lots 13, 30, 31, 32, and 34 and Block 7784, Lots 11, 21, 33, 35, 37, and 39) would occur.

There would be no significant adverse impacts related to the presence of hazardous materials on the three projected development sites (Block 7784, portion of Lot 41; Block 7784, Lot 50; and Block 7783, Lots 1, 7, and 11) not under the control of the applicant. (E) designations proposed for the three sites would require an owner contemplating future development of these sites to undertake a site audit to identify the presence of hazardous materials, if any, and perform any required mitigation.

2) Per the letter dated July 21, 2000 from NYC DOT, included in the project's CEQR file, and per the detailed traffic study included in the proposal's Environmental Assessment Statement, the following intersections would experience significant adverse traffic impacts as a result of the proposed action:

SIGNALIZED INTERSECTIONS

Midday Peak Hour

a) The northbound Ralph Avenue right-turn movement at Flatlands Avenue (the LOS would continue at E, with the delay increasing from 46.8 to 55.2 seconds); and

b) The eastbound Avenue J approach at Ralph Avenue/73rd Street (the LOS would continue at F, with the delay increasing from 95.6 to 206.2 seconds).

PM Peak Hour

c) The westbound Flatlands Avenue approach at Avenue I (the LOS would drop from C to E);

d) The northbound Ralph Avenue right-turn movement at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 67.8 to 79.1 seconds);

e) The eastbound Avenue J approach at Ralph Avenue/73rd Street (the LOS would continue at F, with the delay increasing from 89.3 to 134.4 seconds);

f) The westbound Flatlands Avenue left-turn movement at Utica Avenue (the LOS would drop from D to E); and

g) The northbound Remsen Avenue left-turn movement at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 116.8 to 138.9 seconds).

Saturday Midday Peak Hour

h) The westbound Flatlands Avenue approach at Avenue I (the LOS would drop from B to F);

i) The eastbound Avenue J approach at Ralph Avenue/73rd Street (the LOS would continue at D, with the delay increasing from 27.2 to 39.7 seconds); and

j) The northbound Remsen Avenue left-turn movement at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 128.3 to 156.3 seconds).

UNSIGNALIZED INTERSECTIONS

Midday Peak Hour

k) The southbound 57th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 442.7 to 573.3 seconds).

l) The southbound 59th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 262.5 to 609.7 seconds).

PM Peak Hour

m) The southbound 57th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 3497.8 to 4079.9 seconds).

n) The southbound 59th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 976.5 to 3333.2 seconds).

Saturday Midday Peak Hour

o) The southbound 57th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 656.7 to 829.9 seconds).

p) The southbound 59th Street approach at Flatlands Avenue (the LOS would continue at F, with the delay increasing from 747.4 to 3199.5 seconds).

With the implementation of the proposed mitigation measures, described in Item 2 above, no significant adverse impacts related to traffic would occur.

3) No other significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

LANDMARKS PRESERVATION COMMISSION

BINDING REPORTS

ISSUE DATE:	DOCKET #:	SRB #:
07/27/00	007931	SRB 01-0542
ADDRESS 22 READE STREET HISTORIC DISTRICT AFRICAN BURIAL GROUND	BOROUGH: MANHATTAN	BLOCK/LOT: 154 / 23

To the Mayor, the Council, and the Commissioner, Dept. of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed plans for exterior repairs at the existing fiberglass and cast iron water tables at the 2nd floor including reinstalling missing sections of the fiberglass, repairing and painting the fiberglass and cast iron, and installing new steel bracing and cap flashing at the cast iron portion of the water table; and repairs to the cast iron and stone building cornices including cementitious patches at deteriorated and cracked stonework, removing and replacing sections of the cast iron cornice, repairing and painting the cast iron, and installing new steel bracing. The proposal was shown in a Field Report dated 6/22/00, drawings 1 and 4 dated 6/14/00, and drawings 2 and 3 dated 6/20/00, all submitted Superstructures Engineers and Architects, which were submitted as components of the application.

This work is to be performed within the boundary of the African Burial Ground and Commons Historic District.

In reviewing this proposal, the Commission notes that the designation report states that the portion of lower Manhattan within the African Burial Ground and Commons Historic District has undergone intense public use since the mid-seventeenth century, resulting in the overlay of many significant historic improvements and resources--both above ground and below--all of which document the changing nature of the important area long devoted to communal, public, and civic purposes; and that, within the district, the African Burial Ground is historically significant in that it is one of the few preserved eighteenth-century African burial grounds in the Americas, and that it reflects the establishment at an early date of the society of Africans in New York City, which had one of the largest urban populations of Africans in the American colonies. The report also cites the significance of structures related to the civic use of the Commons. The Commission further notes that the engineer's Field Report indicates that a portion of the cornice had failed, and that other portions of the cornice and the underlying structural attachments are deteriorated.

With regard to this proposal, the Commission finds that location of the proposed work is limited to the facade of the subject premises, and that the work will not entail any removal, disturbance, or alteration of any below ground features of the historic district; that the work is necessary to stabilize the cornices and underlying structural attachments, and therefore will serve the long-term preservation of the building; that unstable sections of the water table and cornice will be reinstalled; that the cementitious patches would replicate the original stone in terms of color, texture, and profile; and that the work is supportive of the special archeological, architectural, and historic qualities of the building and the historic.

Based on these findings, the Commission determines the proposed work to be appropriate to the building and the African Burial Ground and the Commons Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS CENTRAL PARK Central Park INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111 / 1

To the Mayor, the Council, and the Commissioner of Parks and Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has received a proposal to remove a 4' by 5' and a 4' by 2' section of sidewalk grate located along Central Park South near the north west corner of Central Park South and West Drive, and to install concrete slabs to match the scoring pattern and tint of the surrounding concrete sidewalk; to remove a 9' by 9'6" section of concrete sidewalk and install an equipment hatch consisting of concrete panels, laid out in a pattern and tinted to match the surrounding concrete sidewalk units; and along West Drive to remove a 2'6" by 5' section of concrete sidewalk and install a metal personnel hatch with diamond plate; and remove a 3' by 3' section of concrete sidewalk, and install an air-exhaust vent grille. The work is shown in current condition photographs, written specifications and drawings one through three, dated received July 24, 2000, prepared by Hollie B. Wells, Administrative Project Manager, New York City Transit.

In reviewing this application, the Commission notes that the proposed work is located on the sidewalk adjacent to Central Park.

With regard to this proposal, the Commission finds that the removal of concrete portions of the sidewalk will not affect significant features of Central Park or the streetscape; and that replacement sections of the sidewalk with concrete tinted and scored to match adjacent concrete will help provide a uniform appearance of the sidewalk at these locations Based on these findings, the proposed work is determined appropriate.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids – PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS does not promise that any particular number of derelict vehicles will be available during the term of the new contract.
DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and reponsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the

program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and responsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

■ NOTICE

BINDING REPORT

ISSUE DATE:	DOCKET #:	CRB #:
08/07/00	994575	CRB 01-0791

ADDRESS	BOROUGH:	BLOCK/LOT:
11 FULTON STREET HISTORIC DISTRICT SOUTH STREET SEAPORT	MANHATTAN	96 / 1

To the Mayor, the Council, and the Executive Vice President of the NYC Economic Development Corporation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission, at the May 30, 2000 Public Meeting following the May 16, 2000 Public Meeting and the March 30, 2000 Public Hearing voted to grant a Certificate of Appropriateness for the proposed work at the subject premises, as put forward in your application completed February 25, 1999.

The proposal, as approved, consists of the creation of a master plan for signage, including blade and transom signage at the ground floor, metal awnings with logos at the second floor, and flags on existing approved flagpoles at the roof level; as shown in existing condition photographs, and drawings labeled 1 through 8, dated May 16, 2000, submitted as components of the application and presented at the Public Hearing and Public Meetings. As originally proposed, the application called for the construction of a metal armature at the roof and the installation of a large rooftop commercial sign, additional flagpoles with banners, and lights, and did not include a signage master plan for the whole building.

In reviewing this proposal, the Commission noted that 11 Fulton Street is a contemporary building built in 1983 designed by Benjamin Thompson and Associates. The Commission also noted that, as approved, 11 Fulton Street featured flagpoles that extended from the second floor.

With regard to this proposal, the Commission found that the hanging signs will evoke the appearance of signage traditionally found at ground floor canopies in the South Street Seaport Historic District; that the pin-mounted storefront signage at the existing sign band is a modest and traditional form of signage found throughout the district; that limiting ground floor tenants to either bracket signs or transom signage will prevent these storefronts from being overwhelmed by signage; that the illuminated signs proposed for the storefront transoms will be unobtrusive when viewed from the street due to their height above the sidewalk and their placement behind the canopy; that awnings are a typical feature historically found at the upper floors of large commercial buildings; that the awnings will blend harmoniously with the fenestration pattern and other architectural features and will not carry an excessive amount of signage. that the proposed logos at the second floor awnings are modest in size, limited in number, and will not call undue attention to this installation; and that the third-floor flags will be placed on existing flagpoles which are an integral part of the building's design.

However, in voting to approve this proposal, the Commission required that two complete sets of filing drawings be submitted for review and approval. Subsequently, on June 23, 2000 the staff received drawings labeled 1 through 8, dated May 16, 2000, prepared by Geoffrey Baker of D'Agostino, Izzo, Quirk Architects. Accordingly the staff reviewed these drawings and determined that the approved design had been maintained. Therefore this drawings have been marked approved by the LPC with a perforated seal, and this Certificate of Appropriateness is being issued.

This master plan sets a standard for future signage throughout the building, and specifically identifies drawings which describe the approved master plan in detail. If you wish to move forward with a portion of the work covered by the master plan, a completed application form signed by the owner of the building, identifying the specific location(s) of the work, and stating that the work will conform to the approved master plan drawings on file with the Commission, must be submitted. The staff of the Commission will review the application to determine that all of the proposed work is in conformance with the master plan. Upon such a determination, the staff will then issue an Authorization to Proceed for the proposed work.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids – PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS does not promise that any particular number of derelict vehicles will be available during the term of the new contract.
DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and reponsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

An optional re-bid conference is scheduled for Friday, September 8, 2000 at 9:00 AM at 125 Worth Street, New York, NY 10013, in the 3rd Floor Conference Room. Although potential bidders are not required to attend, DOS encourages them to do so, and will welcome comments on the revised DVO Program requirements.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

§14-02 Initial Rent Setting [in DAMP Program]
§14-03 Interim Rent Increases [in DAMP Programs]
§14-04 Disposition Rent Increases [in DAMP Programs]
§14-05 Notice of Interim and Disposition Rent Increases
§14-06 [Rental Assistance
§14-07] Alternative Rent Setting [in DAMP Programs]

§14-01 [Purpose and] General Provisions. (a) [The provisions of this chapter govern the procedures for setting and increasing rents for residential tenants in occupancy of City owned in rem buildings participating in the Division of Alternative Management Programs ("DAMP") in the Office of Property Management of the Department of Housing Preservation and Development of the City of New York. DAMP shall affix a copy of this chapter to all contracts and leases entered into with alternative managers and will make copies available to all DAMP tenants at the Office of the DAMP Assistant Commissioner. This chapter does not apply to initial rents established for vacant apartments.

(b) DAMP provides for daily operation and management of city-owned residential buildings by tenants associations, community management groups, private businesses, and individuals. The ultimate aim of DAMP is to sell the buildings in its programs to the alternative managers as tenant owned cooperatives or rental properties serving primarily persons of low and moderate income. DAMP will set tenants' rents upon entry into some of its management programs and periodically approve or impose rent increases to enable a building's alternative manager to cover all operation and maintenance costs during the period of DAMP management through the first year of ownership.

(c) By the time of sale of a particular building from DAMP, a rent will be established for each dwelling unit, based upon that unit's size, which shall be no less than that unit's proportionate share of the total operation and maintenance expenses for the particular building. DAMP does not attempt to standardize rents throughout the division but rather calculates rent increases on an individual building basis.

(d) No tenant in occupancy will receive more than one rent increase within a twelve month period unless additional increases in the maximum rental charge per room are requested or approved by no fewer than sixty percent (60%) of the tenants in occupancy.

(e) DAMP will assist eligible tenants in applying for existing rental assistance programs, particularly §8 subsidies and senior citizen rent increase exemptions, as well as seeking to have the New York City Human Resources Administration increase the shelter allowance of public assistance recipients to the maximum permitted by law.]

(3) Private Ownership and Management Program. This program allows private real estate firms to manage City-owned properties and eventually purchase them as rentals.

(4) Community Management Program. This program allows community organizations to manage and eventually purchase City-owned properties as not-for-profit rentals or assist tenants in purchasing the buildings as cooperatives.

(5) Urban Homesteading Program. This program allows organized neighborhood residents with technical skills and community support the opportunity to renovate, purchase and occupy vacant or under-occupied City-owned buildings.

(b) Each tenant in occupancy who applies for rental assistance is solely responsible for supplying all required documentation and materials necessary to process an application; i.e., attending required interviews with the authority responsible for determining a tenant's eligibility for rental assistance, providing the necessary income certification and complying with all procedures to process an application.

(c) The DAMP rental assistance unit staff shall review all applications for rental assistance and make a preliminary determination of a tenant's eligibility within sixty (60) days of receipt of a completed application. The DAMP rental assistance unit shall promptly notify the alternative manager of all applicants for rental assistance and shall forward to the alternative manager copies of the applications, letters granting or denying rental assistance, interim payment agreements entered into, and letters extending or terminating interim payment agreements. Upon a finding of eligibility, the DAMP rental assistance unit will provide the tenant with an interim payment agreement, which shall be signed by both the tenant and the director of the DAMP rental assistant unit before it becomes effective. This interim payment agreement shall include:

(1) the amount of the increased rent for the apartment;

(2) the amount of rent that the tenant must pay pending the final determination of the rental assistance application or sale of the building, whichever occurs earlier;

(3) a statement of the grounds for termination pursuant to §14-06(e) of this chapter; and

(4) notice to the tenant that (s)he remains liable for the full amount of the increased rent retroactive to the effective date of the increase if, at any time, the rental assistance application is denied by the DAMP rental assistance unit or the interim payment agreement is terminated pursuant to §14-06(e)(1), (3) or (4) of this chapter. If the interim payment agreement is terminated pursuant to §14-06(e)(1), the tenant shall not be liable for the full amount of the rent increase retroactive to its effective date provided (s)he notifies the DAMP rental assistance unit within thirty (30) days of any

change in household income which renders the tenant ineligible for rental assistance.

(e) The interim payment agreement will terminate one year after the date of issue or upon the earlier occurrence of any of the following:

(1) any change in the tenant's household income which renders the tenant ineligible for rental assistance; or

(2) any change in the rent charged by the City of New York; or

(3) failure by the tenant to comply with any of the requirements necessary to process the application for rental assistance; or

(4) failure by the tenant to pay, within thirty (30) days of the date due, the hardship rent amount, unless payment of the hardship rent amount is being withheld for lack of services which the tenant has given written notice of to the alternative manager; or

(5) the sale of the building.

(f) DAMP will permit any tenant in occupancy who is not eligible for rental assistance
through any existing program to pay a rent increase in stages of $10.00 per room per quarter.]

[§ 14-07] Alternative Rent Setting [in DAMP Programs]. Notwithstanding anything to the contrary contained in this chapter, and subject to the notice and other procedural requirements of this chapter, [the] DAMP [program] may set rents for a particular building based on a per square foot per apartment standard instead of a per [r]Room per apartment standard. In addition, if a project consists of more than one building in a common ownership entity, rents may be set based on economic estimates of the [operating costs] maintenance and operating expenses of the multi-building project instead of on economic estimates relating to the [operating costs] maintenance and operating expenses of an individual building.

Statement of Basis and Purpose. The amended rules reflect current procedures employed by HPD.

The [t]Tenant shall obtain and pay for any meters, permits or approvals needed to comply with this provision (other than master meters), as may be required by law.

[(h)] (g) Liability. The DAMP Lessee shall not be responsible to the [t]Tenant or the [tenant's guest] Guest for any loss of property or injury to the [t]Tenant or any other person resulting from theft or any crime in the [Apartment] apartment or elsewhere in the building or for loss or damage to persons or property sustained by smoke, fire or water coming on or being within said [Apartment] apartment or building. The DAMP Lessee shall only be liable for loss, expense or damage to any person or property due to the DAMP Lessee's negligence. The [t]Tenant shall reimburse the DAMP Lessee for any expenses incurred or loss suffered by the DAMP Lessee, as a result of the action or inaction of the [t]Tenant [or the tenant's `guest] Guest.

[(i)] (h) Entry to Apartment. (1) The DAMP Lessee and its agents may (but shall not be obligated to) enter the [t]Tenant's apartment at any time in case of an emergency, and at any reasonable hour to: repair, inspect, exterminate, improve or perform other work, including rehabilitation to the apartment or building determined to be necessary by the DAMP Lessee. The DAMP Lessee may take into the [t]Tenant's apartment all materials and equipment required for such purposes.

(2) The [t]Tenant shall furnish unhindered access to the DAMP Lessee and its agents to all areas of the [t]Tenant's apartment and building for the purpose of making tests or repairs. If there should be any loss of usable space, the [t]Tenant may request, in writing, a proportionate rent reduction for such loss, provided, however, that such reduction shall only be for the period until the area involved has been restored to the [t]Tenant.

[(j)] (i) Assignment and Sublease. The [t]Tenant may not assign the [t]Tenant's tenancy rights, or the [t]Tenant's lease, or sublet the [t]Tenant's apartment or grant any license as to the whole or any part, without first obtaining the written permission of the DAMP Lessee[, which permission shall not be unreasonably withheld]. If the [t]Tenant shall assign such tenancy rights or such lease or sublet the [t]Tenant's apartment or any part thereof, without the written consent of the DAMP Lessee, the [t]Tenant's tenancy may be terminated. Any permitted assignment of tenancy rights or of the [t]Tenant's lease or sublet of the apartment shall not relieve or release [t]Tenant from any obligations under these Conditions of Tenancy. Any subtenant or assignee shall be bound by and be subject to all the terms of these Conditions of Tenancy. In the event that the [t]Tenant's tenancy rights or lease is terminated for any reason, it shall be the duty of the [t]Tenant to remove any subtenants. The DAMP Lessee may collect [Rent] rent from the assignee, subtenant or occupant if the [t]Tenant fails to pay the rent. The DAMP Lessee shall credit the amount collected against the Rent owed by the [t]Tenant. However, the DAMP Lessee's acceptance of such rent does not change the status of the assignee, subtenant or occupant to that of a direct [t]Tenant of the DAMP Lessee.

[(k)] (j) Notices. Any bill, statement or notice must be in writing. If to the [t]Tenant, it must be delivered or mailed to the [t]Tenant at the [t]Tenant's apartment or such other address as the [t]Tenant designates. If to the DAMP Lessee, it must be mailed to the DAMP Lessee's address.

[(l)] (k) End of Term. At the end of the [lease term] tenancy, the [t]Tenant shall remove all of the [t]Tenant's and the Guest's personal property and leave the [t]Tenant's apartment broom clean and in good condition, subject to ordinary wear and tear. All property and additions which remain after the [t]Tenant leaves the apartment may either be retained by the DAMP Lessee as the DAMP Lessee's property, or be removed by the DAMP Lessee at the [t]Tenant's expense.

[(m)] (l) Liens and Encumbrances. The [t]Tenant shall not mortgage or place or cause to be placed, any liens or encumbrances upon or affecting the fee title or any interest in the apartment or building.

[(n)] (m) Termination. Tenant's lease shall terminate immediately in the event that a [Vacate Order] vacate order is issued by any governmental agency certifying that the building or any part thereof is in a condition which endangers the life, health or safety of the Tenant or other occupants. In the event that the vacate order is rescinded as a result of repairs made to the building or part thereof, while the building is under the jurisdiction of DAMP, the [t]Tenant's tenancy shall be reinstated.

[(o)] (n) Attorneys Fees. Neither the DAMP Lessee nor the [t]Tenant, in any action or summary proceeding, may recover, against the other, attorneys fees or other costs for legal action.

[(p) Destruction, Fire and Other Casualty. If the tenant's apartment is partially damaged or rendered partially unusable by fire or other casualty, without the fault of the tenant or the tenant's guests, structural repairs may, at the DAMP Lessee's option, be made by the DAMP Lessee and the rent, until such repairs are substantially completed, shall be apportioned from the day following the casualty according to the part of the Apartment which is usable.]

[(q)] (o) Application of Arrears. If the [t]Tenant pays to the DAMP Lessee less than the full monthly rent, any subsequent payments shall first be applied to arrears. The DAMP Lessee's acceptance of partial or full payment of rent or failure to insist in any one or more cases upon the strict performance of any of the [t]Tenant's obligations shall not be construed as a waiver or relinquishment for the future of such obligation, right or remedy.

[(r)] (p) Rules and Regulations. The [t]Tenant shall observe and comply with such rules as the DAMP Lessee, with HPD's prior approval, may determine are needed for the safety, care and cleanliness of the [t]Tenant's apartment and building and the comfort, quiet and convenience of other occupants of the building[, including but not limited to §21-24(s)].

[*(s) Rules of Conduct* (1) The entrances, elevators, fire escapes, stairways or halls shall not be blocked by any tenant or used for any purpose other than for entering or leaving the leased apartment and for deliveries in a fast and proper manner.

(2) The water and wash closets and plumbing fixtures shall not be used for any purposes other than for which they were designed or built and no sweepings, rubbish bags, acids or other substances shall be placed in them. The tenant shall be responsible to the DAMP Lessee for any breakage, stoppage or damage resulting from the tenant's violation of this rule.

(3) No carpet, rug or other article shall be hung or shaken out of any window of the building and no tenant shall sweep or throw or permit to be swept or thrown any dirt, garbage or other substances out of the windows or into any of the halls, elevator or elevator shafts. The tenant shall not place any articles outside of tenant's Apartment or outside of the building except in safe containers and only at the places designated by the DAMP Lessee. Tenant shall comply with all laws and regulations of the New York Department of Sanitation with regard to sorting and storing trash and garbage as required for recycling of such materials.

(4) No employees of the DAMP Lessee or HPD shall be denied access to the building by any tenant at any time for any reason.

(5) No aerial may be erected on the roof or exterior walls of the building without the prior written consent of the DAMP Lessee.

(6) The tenant and the tenant's family, guests, servants, employees, agents or visitors shall not at any time or for any reason enter upon or attempt to enter upon the roof of the building except when required to do so in an emergency.

(7) Landlord may retain a passkey to the apartment. The tenant may install on the entrance to his/her apartment, an additional lock of not more than three inches in circumference that is in compliance with law. The tenant may also install a lock on any window, but only in the manner provided by law. Immediately upon making any installation of either type, the tenant shall notify the DAMP Lessee and shall give the DAMP Lessee a duplicate key. If changes are made to the locks or mechanisms installed by the tenant, the tenant must deliver keys to the DAMP Lessee. At the end of this Lease, the tenant must deliver to the DAMP Lessee all keys to all locks remaining on the entrance to his apartment. If the tenant loses or fails to return any keys which were furnished to the tenant, the tenant shall pay to the DAMP Lessee the cost of replacing them.

(8) The tenant, the tenant's family, guests, or visitors shall not make or permit any disturbing noises in his/her apartment or building or permit anything to be done that will interfere with the rights, comforts or convenience of other tenants. Also, the tenant shall not play a musical instrument or operate or allow to be operated a phonograph, radio, television set, or other mechanical device so as to disturb or annoy any other occupant of the Building.

(9) The tenant may not build in, add to, change, or alter the apartment in any way without the DAMP Lessee's prior written consent. Without the DAMP Lessee's prior written consent, the tenant may not install or use in their apartment any of the following: dishwasher machines, clothes washing or drying machines, electric stoves, garbage disposal units, heating, ventilating or air conditioning units or any other equipment which, in the DAMP Lessee's reasonable opinion, will overload the existing electrical wiring installation, plumbing system or structural integrity of the building or interfere with the use of such systems by other tenants of the building. In addition, the tenant may not place water-filled furniture in the Apartment.

(10) The tenant will not engage in objectionable conduct which either (i) makes the apartment or the building less fit to live in for the tenant or other occupants, (ii) interferes with the right of others to properly and peacefully enjoy their apartments, or (iii) causes conditions that are dangerous, hazardous, unsanitary or detrimental to other tenants. If the tenant engages in objectionable conduct, the DAMP Lessee may terminate this Lease.]

Statement of Basis and Purpose. The amended chapter repeals provisions for HPD programs that no longer exist and makes other technical changes to existing rules.

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:

ADDRESS	BOROUGH:	BLOCK/LOT:
460 BRIELLE AVENUE Robitzek Building NYC FARM COLONY-SEAVIEW HOSP.	STATEN ISLAND	955 / 1

To the Mayor, the Council, and the Program Manager, Dormitory Authority of the State of New York.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior alterations to expand the existing sprinkler system at all floor levels at the subject premises, as shown in drawings 1 through 10, dated 3/30/00, prepared by Atkinson Koven Feinberg Mechanical/Electrical Engineers.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the Seaview Hospital campus or the historic district.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this report, the applicant agrees to notify the Commission if actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this report, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This letter constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Ann Friedman.

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Opportunity to Comment

Notice is hereby given in accordance with Section 1043(b) of the Charter of the City of New York, that the Taxi and Limousine Commission ("TLC") proposes to amend the Taxicab Drivers' Rules and For-Hire Vehicle Rules to authorize the Commission to expedite the processing of new license applications filed by current New York City Police Officers by exempting such licensees from the drug testing requirements, and to amend the Taxicab Drivers' Rules to waive the eighty (80) hour course requirement for such applicants.

The Taxi and Limousine Commission ("TLC") is proposing such regulations pursuant to authority vested in the TLC under Charter Sections 2303(a) and 2303(b); and under Sections 19-503 and 19-505 of the Administrative Code of the City of New York.

A public hearing in connection with these proposed regulations will be held on September 28, 2000, at 9:30 a.m., at the NYC Taxi and Limousine Commission, 40 Rector Street, Fifth Floor, New York, NY 10006. Persons seeking to testify are requested to notify the Commission, either in writing at the address stated above, or by telephone: (212) 676-1117. Persons who request that a sign language interpreter, or other form of reasonable accommodation for a disability be provided at the hearing, are asked to notify the Commission by no later than September 26, 2000.

Written comments in connection with these proposed regulations may be submitted through September 28, 2000, to:

Matthew W. Daus
Deputy Commissioner for Legal Affairs/General Counsel
New York City Taxi and Limousine Commission
40 Rector Street, Fifth Floor
New York, New York 10006

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

Statement of Basis and Purpose

The regulations proposed herein by the New York City Taxi and Limousine Commission ("TLC") are authorized under Section 2303(a) of the Charter of the City of New York, which permits TLC to regulate and supervise the business and industry of transportation of persons by licensed vehicles for hire in the City; under Section 2303(b)(5) of such Charter, authorizing TLC to promulgate rules and regulations regarding the licensing of taxicab and for-hire vehicle drivers; under Section 2303(b)(13) of such Charter, authorizing the TLC to promulgate rules and regulations reasonably designed to carry out its purposes; under Section 19-503 of the Administrative Code of the City of New York, authorizing the TLC to promulgate rules and regulations necessary to exercise the authority conferred upon it by the Charter; and under Section 19-505 of said Code, authorizing the TLC to promulgate Rules with respect to conditions for driver licensing.

The proposed regulations would exempt currently employed City of New York Police Officers from the 80-hour course requirement set forth in 35 RCNY § 2-03, provided that they pass an examination administered by the Commission. The purpose of this Rule amendment is to encourage Police Officers to apply for taxicab drivers' licenses by exempting such applicants from Commission course requirements.

Police Officers would also be exempt from mandatory drug testing applicable to both taxicab and for-hire vehicle drivers since such Officers are subject to random drug testing as a condition of their employment.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

(2) The Department, upon receiving timely relocation notification, determines that the new location qualifies the participant to continue in the DARP and furnishes such participant a contingent approval to relocate its premises subject to such conditions as are specified therein; and
(3) The participant provides a sworn statement and such other proof as the Department may require that such participant has fully and completely complied with each condition specified in such contingent approval that relates to DARP requirements that can be fulfilled only after such business premises are relocated, such as, but not limited to, the required lettering on tow trucks, the place where the DARP log book is to be kept, and the place where calls to the business are answered. Failure to provide such a sworn statement, and such other proof as the Department requires, not later than 15 days after the effective date of such relocation shall void such contingent approval to relocate, and the participant shall be immediately removed from the DARP.

§5. Subdivisions (e) and (l) of section 2-372 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended to read as follows:
(e) Applicants for ROTOW must be willing and able to provide towing services, in the primary and adjacent zone for which they have applied to participate, minimally on a five-day, twenty-four-hour a day basis. Applicants who will be available to respond to ROTOW calls for fewer than seven days a week shall notify the Department in writing and shall specify in such written notification which days of the week they shall be available. Furthermore, any change in the days of availability shall be submitted to the Department in writing at least thirty days prior to the effective date thereof. If no written notification is received regarding availability for fewer than seven days per week, applicants shall be deemed to have elected to accept ROTOW calls seven days a week.
(l) [Repeated failure by a participant to meet the thirty minute requirement may be a basis for suspension and/or removal from participation in the ROTOW program.] Any participant who has failed to respond within 30 minutes to a call on three or more occasions within any 180 consecutive days may be suspended and/or removed from participation in the ROTOW program. Repeated [unjustifiable] refusal to accept rotational calls will also be a basis for suspension and/or removal from participation in the ROTOW program.

§6. Subdivision (k) of Section 2-372 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is repealed.

§7. Section 2-372 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is hereby amended by adding a new subdivision (w) and (x) to read as follows:

(w) Unless otherwise provided by law or by rule, the term "applicant" shall include (1) persons who are applying to participate in the ROTOW program; and (2) ROTOW participants who are currently applying for renewal of their license to engage in the towing business.

(x) A participant who is to relocate his or her business premises from the location which has been approved by the Department for participation in the ROTOW program shall remain in the ROTOW program only if:
(1) Such participant first notifies the Department in writing of the address of its new business premises and of the effective date of such relocation. Such written notification shall be made not less than 15 days before the effective date of such relocation;
(2) The Department, upon receiving timely relocation notification, determines that the new location qualifies the participant to continue in the ROTOW program and furnishes such participant a contingent approval to relocate its premises subject to such conditions as are specified therein; and
(3) The participant provides a sworn statement and such other proof as the Department may require that such participant has fully and completely complied with each condition specified in such contingent approval that relates to ROTOW program requirements that can be fulfilled only after such business premises are relocated, such as, but not limited to, the required lettering on tow trucks, the place where the ROTOW log book is to be kept, and the place where calls to the business are answered. Failure to provide such a sworn statement, and such other proof as the Department requires, not later than 15 days after the effective date of such relocation shall void such contingent approval to relocate, and the participant shall be immediately removed from the ROTOW program.

§8. Subdivision (j) of Section 2-373 of subchapter EE of chapter 2 of title 6 of the Rules of the City of New York is repealed.

Statement of Basis and Purpose. The Department of Consumer Affairs administers and enforces the Directed Accident Response Program (DARP), for the removal of disabled accident vehicles from the scene of an accident, and the rotation tow program (ROTOW), for the removal of stolen, abandoned, evidence, and other designated vehicles pursuant to the authority conferred by Local Law No. 28 of 1987 which enacted Subchapter 31 of Chapter 2 of Title 20 of the Administrative Code of the City of New York to license and regulate the business of towing. The Commissioner of Consumer Affairs is authorized to, and has adopted rules to implement these programs. The rules governing DARP are included in Section 2-371, those governing ROTOW are included in Section 2-372, and those governing evidence vehicles are included in Section 2-373 of subchapter EE of Chapter 2 of Title 6 of the Rules of the City of New York.

These rules, which were first adopted in March 1988, were last amended on August 19, 1998 in response to revisions in the law that the Council enacted.

The proposed amendments to the DARP and ROTOW rules would address the following issues that have been raised by perceived ambiguities in certain program requirements governing DARP and ROTOW:

The sections containing requirements governing DARP (Section 2-371) and ROTOW (Section 2-372) distinguish between "applicants" and "participants" when identifying who is subject to the specific program requirements stated in various subdivisions of these sections. These references are merely terms of convenience to distinguish the status of the person that identifies when the various requirements apply to the same person, such as which requirements someone must satisfy to be eligible to participate in the programs, and which requirements apply to and must be complied with only after the person becomes a participant in the programs. The point and purpose of the rule clearly indicates, however, that requirements to be satisfied by an applicant to be approved to participate in DARP or ROTOW must continue to be satisfied by a participant after his or her application is approved. The proposed amendments would make clear that unless otherwise specifically provided by law, requirements with which applicants must comply with would be applicable to participants upon the license renewal of such participants.

The requirements governing DARP and ROTOW now provide that applicants are approved to participate in such programs only at the specific premises where the business was located when it was accepted into the program. The requirements governing the programs do not, however, specifically prescribe the procedures a program participant would have to follow to remain in the program when it seeks to relocate its business premises from the one that qualified it to be in the program. The proposed amendments make clear the time frame within which a participant would have to notify the Department of its intention to relocate, and the procedures that would be followed to conduct the necessary inspections before the relocation is approved that would entitle such participant to remain continuously eligible to participate in these programs. The proposed amendments would also make clear that a participant who failed to comply with these procedures would be removed from the applicable program.

Finally, the ROTOW program requirements now provide for removing from the program a participant for repeatedly failing to meet the thirty minute requirement for responding to ROTOW calls or for repeated unjustifiable refusals to accept rotational calls. This qualitative standard of timeliness leaves unclear what timeliness requirements participants must satisfy to remain in the program. The proposed amendment would replace the vague qualitative standard with a clearly defined quantitative standard of three failures to respond in a timely manner within 180 days. The proposed amendment would also delete the requirement that repeated refusals to respond would have to be unjustifiable to be deemed grounds for removing participants from the program. Participants are expected to respond to calls for service, and the Police Department needs to be assured that those who elect to participate can and will provide services on call as expected. Participants who repeatedly refuse to accept calls for whatever reason are not sufficiently reliable to be retained on the rotational list the Police Department must use to dispatch towers when needed.

The proposed amendments would repeal subdivision (r) of section 2-371, subdivision (k) of section 2-372 and subdivision (j) of Section 2-373 of Title 6 of the RCNY that require program participants to affix identifying program decals on the departmental license plates that must be affixed to towing trucks. Participating program vehicles would, instead, be identified by a letter code on the identification card that is issued for each truck and that must be carried with each vehicle. The Department has determined that the identifying decals are too susceptible to loss or to damage that makes them illegible, which defeats the purpose of issuing them. Inserting the appropriate code on the tow identification card to be carried on each truck would more effectively achieve this objective. The proposed amendments would also make appropriate conforming revisions in various provisions to implement the new means for identifying vehicles participating in these programs.

The rule governing towing now also requires that the lawful rates for towing and storage be painted on tow trucks. A federal law (49 U.S.C. §14501(c)) that preempts states or localities from regulating the rates involving consensual towing has been upheld in a decision rendered by the U.S. Court of Appeals for the Second Circuit in the case of *Ace Auto Body & Towing Ltd.* et al *v. The City of New York.* The proposed amendment would revise paragraph 4 subdivision (n) to require that only the towing and storage rates applying to vehicles towed under DARP be painted on tow trucks and that such rates be identified as applying to accident vehicles.

LOCAL LAWS OF THE CITY OF NEW YORK
FOR THE YEAR 2000

No. 48

Introduced by Council Members Dear, Fiala, Provenzano, Carrion, Freed, Marshall, Nelson, Reed, Eisland, Ognibene, Stabile, Golden, Oddo, Abel, McCaffrey, Miller and Moskowitz (in conjunction with the Mayor); also, Council Members Foster, Koslowitz, Leffler, O'Donovan, Rivera, Robinson and Sabini

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to requirements concerning school buses operated by or pursuant to a contract with the board of education.

Be it enacted by the Council as follows:

Section 1. The administrative code of the city of New York is amended by adding a new section 19-606 to read as follows:

§19-606 School bus service. a. Except as provided in subdivisions d, e and f of this section, no student shall be allowed to board a school bus operated by or pursuant to a contract with the board of education unless a seat is available for the student.

b. The board of education shall prepare and, when necessary, revise two school bus service plans annually to ensure that all students eligible to receive school bus service to and from the schools they legally attend shall be provided with a seat on a school bus. One plan shall relate to school bus service to be provided during the session of the school year beginning in September and ending in June and one plan shall relate to school bus service to be provided during a summer school session. Each plan shall be prepared prior to the first day of the session of the school year to which it relates and shall include the following information: (i) the criteria used by the board of education to determine whether a student is eligible to receive school bus service; (ii) for each school, a summary description of the school bus routes servicing the school; (iii) for each school bus route, the number of students eligible to ride on the school bus operating on the route and the maximum seating capacity of such school bus; and (iv) any other information the board of education deems relevant. Upon completion of the plans, they shall be submitted to the mayor and the speaker of the city council.

c. If at any time during any session of a school year the number of students eligible to ride on a school bus operating on a particular school bus route exceeds the maximum seating capacity of the school bus operating on such route, the board of education shall revise the affected school bus service plan, and take all steps necessary to ensure that all students eligible to receive school bus service are provided with a seat on a school bus. A revised plan shall identify any changes to the information provided pursuant to paragraphs (i), (ii), (iii) and (iv) of subdivision b of this section and, in addition, shall describe, for each school bus route affected by the revision, the steps taken to ensure that the number of students eligible to ride on a school bus operating on a particular school bus route does not exceed the maximum seating capacity of the school bus operating on such route. Upon completion of a revised plan, it shall be submitted to the mayor and the speaker of the city council.

d. Not later than ten days prior to the first day of the session of the school year beginning in September, and not later than ten days prior to the first day of a summer school session, the board of education shall prepare, and provide to each bus company that will be transporting students to or from school, lists of students eligible to ride on the school buses operating on the school bus routes serviced by such bus company. A separate list shall be compiled for each school bus route. Each list shall identify each eligible student by name, school bus stop and school, but shall not contain any other information relating to such student. The board of education shall require that bus companies provide to bus drivers the list appropriate for each school bus route. The board of education shall prepare, and promptly provide to each bus company, revised and updated lists that reflect any changes necessary to comply with the requirements of this section. All students listed as eligible to receive school bus service on a particular school bus route shall be entitled to board the school bus operating on such route. During transport to school at the beginning of the regular school day, students not listed as eligible to receive school bus service on a particular school bus route shall not be allowed to board the school bus operating on such route, provided, however, that where such students waiting to board such school bus are not accompanied by an adult, the bus driver shall allow such students to board such school bus. During transport from school at the close of the regular school day, students not listed as eligible to receive school bus service on a particular school bus route shall not be allowed to board the school bus operating on such route unless authorized to do so by personnel assigned by the principal pursuant to subdivision e of this section.

e. The principal of each school to or from which students are transported by school bus shall assign personnel to monitor students exiting school buses at the beginning of the regular school day and boarding school buses at the close of the regular school day. Such personnel shall be provided with the same lists provided to bus drivers pursuant to subdivision d of this section. Such personnel shall: (i) at the close of the regular school day, determine whether to allow a student not listed as eligible to receive school bus service on a particular school bus route to board the school bus operating on such route; (ii) notify the parent or legal guardian of such student that he or she has been or may be prohibited from boarding a school bus; (iii) provide the parent or legal guardian with the name, address and telephone number of the office responsible for determining whether a student is eligible to receive school bus service; (iv) for each school bus, maintain a record of students not listed as eligible who exit or board the bus; and (v) determine whether information regarding such students should be referred to the office responsible for determining whether a student is eligible to receive school bus service and, where appropriate, report such information to such office. The information reported to such office, together with such other relevant information available to the board of education, shall be considered in determining whether and how to revise the affected school bus service plan and revise and update the lists of eligible students in accordance with subdivisions c and d of this section.

f. Notwithstanding any other provision of this section to the contrary, during the first ten days of the session of the school year beginning in September and during the first ten days of a summer school session, a student waiting at a school bus stop to board a school bus transporting students to the school attended by the student may be allowed to board the school bus, whether or not such student is listed as eligible to receive school bus service on that school bus route and, at the close of the regular school day, may be allowed to board the school bus stopping at such school bus stop.

g. The provisions of this section shall apply only to those school buses operated by or pursuant to a contract with the board of education.

§2. This local law shall take effect immediately.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start

date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REMOVE, DISPOSE OF DERELICT VEHICLES – Competitive Sealed Bids – PIN# 82799CC00163 – DUE 09-26-00 AT 10:30 A.M. – As part of its derelict vehicle operation ("DVO") program, the NYC Department of Sanitation ("DOS") is soliciting qualified vehicle dismantlers and scrap processors to remove, process, and dispose of derelict autos and other small vehicles that have been abandoned in Brooklyn, where approximately 3000 of these derelict vehicles were collected in Fiscal Year 2000. DOS will award this 3-year revenue contract (with two 1-year renewal options) to the highest responsive and responsible bidder that is either a licensed vehicle dismantler, a licensed scrap processor, or a joint venture between the two. Previous DVO bidders should note that some contract requirements differ from those in prior DVO contracts. There is no charge for bid solicitation documents, and no bid security deposit required.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction

and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education,

Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street Room 1126, New York 10007 (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and *contracts will be awarded on an on-going* basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

200 CENTRAL PARK WEST Theodore Roosevelt Park UPPER WEST SIDE-CPW	MANHATTAN	1130 / 1

To the Mayor, the Council, and the Commissioner of the NYC Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to construct a monument honoring recipients of the Nobel Prize, located on Central Park West 100 feet south from the curb of 81st Street in the Theodore Roosevelt Park, within the Upper West Side/Central Park West Historic District and adjacent to the individually designated American Museum of Natural History. The proposed work was described on existing and proposed site plans; photographs; and sketches of proposed effects, which were presented at the Public Hearing of April 4, 2000 and the Public Meetings of May 16, 2000 and June 27, 2000.

In reviewing this proposal, the Commission noted that the proposed monument will be seen in context with the primary street facade of the American Museum of Natural History; and that the historic monuments and/or memorials at the American Museum of Natural History are located to relate to entrances and are sited to provide the sculptures with an adequate setting.

With regard to this proposal the Commission found that the placement of this large monument along Central Park West interrupts the fence line that frames the Central Park West facade of this individual landmark; that the sculpture's height and bulk will detract from the primary Central Park West facade of the museum and the Roosevelt Memorial; that the imposing size of the monument will overwhelm the small landscaped area at the corner of 81st Street and Central Park West, diminishing its character as a landscape setting for the museum; that the proposed location of the 19 foot and 4 inch tall monument does not provide the sculpture with a sufficiently large setting; that the red granite of the monument would not be harmonious with the color and materials of the museum and the majority of the buildings along this portion of Central Park West and West 81st Street, which are primarily limestone, grey granite and buff colored brick; and that the cumulative effect of this proposal would be to diminish the special architectural and historic character of the individual landmark and the Upper West Side/Central Park West Historic District..

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
200 CENTRAL PARK WEST Theodore Roosevelt Park UPPER WEST SIDE-CPW	MANHATTAN	1130 / 1

To the Mayor, the Council, and the Commissioner of the NYC Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of a time capsule in the Columbus Avenue Plaza at the Columbus Avenue entrance to the museum in the Theodore Roosevelt Park within the Upper West Side/Central Park West Historic District. The proposed work was described on existing and proposed site plans; photographs; models; and sketches of proposed effects, which were presented at the Public Hearing of June 27, 2000 and the Public Meeting of June 27, 2000.

In reviewing this proposal, the Commission noted that the sculpture will be seen in context with the undeveloped facades of the individually designated American Museum of Natural History; and in context with the newly constructed Columbus Avenue entrance pavilion.

With regard to this proposal the Commission found that the location of the sculpture, in the courtyard at the western entrance of the museum, to be an appropriate location in terms of its placement on axis with an entrance to the building; that the sculpture, which is 6-1/2 feet high and located 240 linear feet from the curb, is only minimally visible from Columbus Avenue; that the sculpture will enhance the large secluded plaza area, and will not detract from the appearance of the landmark; that the contemporary design of the time capsule is consistent with the architecture of the new entrance pavilion; that the material of the sculpture is in keeping with the materials used and seen in context with the new addition to the museum; and that the cumulative effect of this proposal will enhance the special architectural and historic character of the Upper West Side/Central Park West Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress.
