SUPREME COURT

■ NOTICE

SUPREME COURT, QUEENS COUNTY
NOTICE OF PETITION
INDEX NO. 2108/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple to certain real property where not heretofore acquired for the same purpose required for, SOUTH JAMAICA FOURTH AMENDED URBAN RENEWAL PROJECT, PHASE 1 located in the area generally bounded by 164th Place; 109th Avenue; 160th Street and South Road in the Borough of Queens, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Queens County, for certain relief.

The application will be made at the following time and place: At the Queens County Courthouse, in the Borough of Queens, City and State of New York, on April 12, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Queens County or the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for South Jamaica Fourth Amended Urban Renewal Project, Phase 1 in the Borough of Queens, City and State of New York.

The description of the real property to be acquired is as follows:

- Tax Block 10129, Lots 55, 57 and 58

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:
Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business

Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement

Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list,

criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation

must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained

directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Ellmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

MENTAL HEALTH CASE MANAGEMENT SERVICE – PIN #13000DJJ0004 – DUE 04-21-00 – The Department of Juvenile Justice (DJJ) is seeking proposals for the provision of mental health case management services for youth in juvenile detention. The proposers(s) should demonstrate their ability, to the satisfaction of DJJ, to provide these services and receive all necessary City approvals by June 1, 2000.

The agency has determined that it is necessary to award the contract quickly because there is an urgent need to provide youth with mental health case management services and discharge planning; therefore DJJ is utilizing the negotiated acquisition process, pursuant to Section 3-04(b)(1)(I)(D) of the Procurement Policy Board Rules.

This contract is projected to commence June 1, 2000 with a contract term for twelve (12) months, with three 1- year options to renew, subject to availability of funds.

Applications are available at Contracts Unit, 365 Broadway, 5th Floor, New York, NY 10013. Questions regarding the proposal should be directed to Chuma Uwechia at 212-925-7779 ext. 210.

Any qualified entity that can provide this service is invited to submit a completed application by mail, hand delivery or fax by April 21, 2000 at 3:00 P.M. to: Contracts Unit, 365 Broadway 5th floor, New York, NY 10013 or faxed to 212-925-0062, attention: Chuma Uwechia.

This Notice of Public Hearing has been prepared pursuant to Article 8 of the New York State Environmental Conservation Law, 6 NYCRR Part 617 of the State Environmental Quality Review Act ("SEQRA"), the City Environmental Quality Review (CEQR), Executive Order 91 of 1977, as amended, and the CEQR Rules and Procedures, 1991, on the actions described below and is available for public inspection at the Lead Agency's office.

The Office of the Deputy Mayor for Economic Development and Finance, as CEQR Lead Agency for the referenced project, is conducting a public hearing on the Draft Environmental Impact Statement (DEIS) prepared in connection with the following CEQR and ULURP actions:

1) Zoning Map Amendment
Rezoning the project site from a combination of C4-2, R6, and C8-1 districts to C4-5X.

2) Large-Scale Special Permits
a) Special Permit under Section 74-743 (a)(3) for minor waivers of height and setback requirements along 57th and 59th Avenues;
b) Special Permit under Section 74-743 (a)(4) for a variation in the location of signs along Queens Boulevard, and
c) Special Permit under Section 74-746 to allow development in demapped volumes over City streets to permit the vehicular bridges between the existing and new parking garages and the retail connection over 92nd Street.

3) Parking Garage Special Permit A Special Permit under Section 74-52 to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area.

4) City Map Amendment An amendment to the City Map to demap volumes of air above the bed of 92nd Street.

5) Disposition of City-Owned Property The disposition of the City-owned Municipal Parking Field No. 1 (Block 1873, Lot 1) and a portion of the demapped volumes above 92nd Street.

6) Other Discretionary Actions Other discretionary actions not subject to ULURP include:

a) Review and approval of the exterior design of the vehicular bridges and retail pedestrian connection above 92nd Street by the New York City Art Commission;
b) "A" cases before the New York City Board of Standards and Appeals (BSA) for approvals of portions of the internal configuration of the project; and
c) Mayoral approval of the terms of the disposition.

The actions described above will facilitate the expansion of the existing Queens Center Mall, located in Elmhurst, Queens on the block bounded by Queens Boulevard, 57th Avenue, 59th Avenue, 90th Street, and 92nd Street. The expansion would be located on the City-owned municipal parking lot (Municipal Parking Field No. 1) located on the block immediately adjacent and to the east of the Queens Center Mall, bounded by 92nd Street, 57th Avenue, 94th Street, and 59th Avenue (the Expansion Site); and on two small gas station parcels located on the same block as the existing Queens Center Mall. (The Expansion Site does not include the school-the Queens Occupational Training Center-that would remain on the Municipal Parking Field No. 1 block.) The project would also include a two-level bridge over 92nd Street, providing a retail amenity and a pedestrian connection between the two sides of the expanded mall, and additional bridges providing vehicular connections between the garage located on the existing Queens Center Mall site and the new garage proposed to be constructed on Municipal Parking Field No. 1 as part of the mall expansion. As part of the project, additional retail space would also be provided in a new fourth floor above the existing shopping mall.

In total, the existing 605,000-square-foot gross leasable area (gla) mall (1.3 million gross square feet including parking [gsf]) would be expanded by approximately 421,700 square feet of gla (770,000 gsf including parking), resulting in an overall mall of approximately 1,026,700 square feet of gla (2.1 million gsf).

A Public Hearing on the Draft Environmental Impact Statement (DEIS) for the Queens Center Expansion will be held on Tuesday, April 18, 2000 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York. Comments are requested on the Draft EIS and will be accepted by the Lead Agency and the Contact Person at the Public Hearing and in writing until Friday, April 28, 2000, which is ten days after the hearing.

The DEIS for the Queens Center Expansion disclosed the range of potential environmental impacts that could result from the proposed actions. These impacts included the following technical areas: Traffic and Transportation, Hazardous Materials, and Air Quality. The DEIS also included a comprehensive set of mitigation measures to address these potential impacts.

Written comments should be directed to the Contact Person: Hardy Adasko, NYC Economic Development Corporation, 110 William Street, New York, New York 10038, (212) 312-3703.

■ NOTICE

SUPREME COURT, QUEENS COUNTY
NOTICE OF PETITION
INDEX NO. 2108/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple to certain real property where not heretofore acquired for the same purpose required for, SOUTH JAMAICA FOURTH AMENDED URBAN RENEWAL PROJECT, PHASE 1 located in the area generally bounded by 164th Place; 109th Avenue; 160th Street and South Road in the Borough of Queens, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Queens County, for certain relief.

The application will be made at the following time and place: At the Queens County Courthouse, in the Borough of Queens, City and State of New York, on April 12, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Queens County or the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for South Jamaica Fourth Amended Urban Renewal Project, Phase 1 in the Borough of Queens, City and State of New York.

The description of the real property to be acquired is as follows:

- Tax Block 10129, Lots 55, 57 and 58
- Tax Block 10139, Lots 15, 17, 52, 55, 58, 60, 64, 67 and 69
- Tax Block 10171, Lot 44
- Tax Block 10172, Lot 55

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Ellmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

JUVENILE JUSTICE

CONTRACTS UNIT

■ SOLICITATIONS

Human Services

MENTAL HEALTH CASE MANAGEMENT SERVICE – PIN #13000DJJ0004 – DUE 04-21-00 – The Department of Juvenile Justice (DJJ) is seeking proposals for the provision of mental health case management services for youth in juvenile detention. The proposers(s) should demonstrate their ability, to the satisfaction of DJJ, to provide these services and receive all necessary City approvals by June 1, 2000.

The agency has determined that it is necessary to award the contract quickly because there is an urgent need to provide youth with mental health case management services and discharge planning; therefore DJJ is utilizing the negotiated acquisition process, pursuant to Section 3-04(b)(1)(I)(D) of the Procurement Policy Board Rules.

This contract is projected to commence June 1, 2000 with a contract term for twelve (12) months, with three 1- year options to renew, subject to availability of funds.

Applications are available at Contracts Unit, 365 Broadway, 5th Floor, New York, NY 10013. Questions regarding the proposal should be directed to Chuma Uwechia at 212-925-7779 ext. 210.

Any qualified entity that can provide this service is invited to submit a completed application by mail, hand delivery or fax by April 21, 2000 at 3:00 P.M. to: Contracts Unit, 365 Broadway 5th floor, New York, NY 10013 or faxed to 212-925-0062, attention: Chuma Uwechia.

This Notice of Public Hearing has been prepared pursuant to Article 8 of the New York State Environmental Conservation Law, 6 NYCRR Part 617 of the State Environmental Quality Review Act ("SEQRA"), the City Environmental Quality Review (CEQR), Executive Order 91 of 1977, as amended, and the CEQR Rules and Procedures, 1991, on the actions described below and is available for public inspection at the Lead Agency's office.

The Office of the Deputy Mayor for Economic Development and Finance, as CEQR Lead Agency for the referenced project, is conducting a public hearing on the Draft Environmental Impact Statement (DEIS) prepared in connection with the following CEQR and ULURP actions:

1) Zoning Map Amendment
Rezoning the project site from a combination of C4-2, R6, and C8-1 districts to C4-5X.

2) Large-Scale Special Permits
a) Special Permit under Section 74-743 (a)(3) for minor waivers of height and setback requirements along 57th and 59th Avenues;
b) Special Permit under Section 74-743 (a)(4) for a variation in the location of signs along Queens Boulevard, and
c) Special Permit under Section 74-746 to allow development in demapped volumes over City streets to permit the vehicular bridges between the existing and new parking garages and the retail connection over 92nd Street.

3) Parking Garage Special Permit A Special Permit under Section 74-52 to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area.

4) City Map Amendment An amendment to the City Map to demap volumes of air above the bed of 92nd Street.

5) Disposition of City-Owned Property The disposition of the City-owned Municipal Parking Field No. 1 (Block 1873, Lot 1) and a portion of the demapped volumes above 92nd Street.

6) Other Discretionary Actions Other discretionary actions not subject to ULURP include:
a) Review and approval of the exterior design of the vehicular bridges and retail pedestrian connection above 92nd Street by the New York City Art Commission;
b) "A" cases before the New York City Board of Standards and Appeals (BSA) for approvals of portions of the internal configuration of the project; and
c) Mayoral approval of the terms of the disposition.

The actions described above will facilitate the expansion of the existing Queens Center Mall, located in Elmhurst, Queens on the block bounded by Queens Boulevard, 57th Avenue, 59th Avenue, 90th Street, and 92nd Street. The expansion would be located on the City-owned municipal parking lot (Municipal Parking Field No. 1) located on the block immediately adjacent and to the east of the Queens Center Mall, bounded by 92nd Street, 57th Avenue, 94th Street, and 59th Avenue (the Expansion Site); and on two small gas station parcels located on the same block as the existing Queens Center Mall. (The Expansion Site does not include the school-the Queens Occupational Training Center-that would remain on the Municipal Parking Field No. 1 block.) The project would also include a two-level bridge over 92nd Street, providing a retail amenity and a pedestrian connection between the two sides of the expanded mall, and additional bridges providing vehicular connections between the garage located on the existing Queens Center Mall site and the new garage proposed to be constructed on Municipal Parking Field No. 1 as part of the mall expansion. As part of the project, additional retail space would also be provided in a new fourth floor above the existing shopping mall.

In total, the existing 605,000-square-foot gross leasable area (gla) mall (1.3 million gross square feet including parking [gsf]) would be expanded by approximately 421,700 square feet of gla (770,000 gsf including parking), resulting in an overall mall of approximately 1,026,700 square feet of gla (2.1 million gsf).

A Public Hearing on the Draft Environmental Impact Statement (DEIS) for the Queens Center Expansion will be held on Tuesday, April 18, 2000 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York. Comments are requested on the Draft EIS and will be accepted by the Lead Agency and the Contact Person at the Public Hearing and in writing until Friday, April 28, 2000, which is ten days after the hearing.

The DEIS for the Queens Center Expansion disclosed the range of potential environmental impacts that could result from the proposed actions. These impacts included the following technical areas: Traffic and Transportation, Hazardous Materials, and Air Quality. The DEIS also included a comprehensive set of mitigation measures to address these potential impacts.

Written comments should be directed to the Contact Person: Hardy Adasko, NYC Economic Development Corporation, 110 William Street, New York, New York 10038, (212) 312-3703.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

SUPREME COURT, BRONX COUNTY
NOTICE OF PETITION. BRONX COUNTY
INDEX NUMBER 702/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the **BRONX CRIMINAL COURT COMPLEX** located within the area generally bounded by East 161st Street , Grant Avenue, East 162nd Street, and Morris Avenue in the Borough of the Bronx, City and State of New York.
PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Bronx County, for certain relief.

The application will be made at the following time and place: In Room 217, 851 Grand Concourse in the Borough of the Bronx, City and State of New York, on April 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Bronx County or the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York,in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the Bronx Criminal Court Complex in the Borough of the Bronx, City and State of New York.

The description of the real property to be acquired is as follows:

Bronx Tax Block 2444, Tax Lots 32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54 and 146

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough and County of the Bronx, City and State of New York more particularly bounded and described as follows:

Beginning at the point formed by the intersection of the easterly line of Grant Avenue with the northerly line of East 161st Street;

Running thence northwardly along the easterly line of Grant Avenue for 292.00 feet to a point on the southerly line of East 162nd Street;

Thence eastwardly along the southerly line of East 162nd Street for 210.00 feet to a point on the westerly line of Morris Avenue;

Thence southwardly along the westerly line of Morris Avenue for 37.50 feet to a point on the northerly line of Tax Lot 47 in Bronx Tax Block 2444 as shown on the Tax Map of The City of New York for the Borough of the Bronx as said Tax Map existed on September 24, 1999;

Thence westwardly along the northerly line of Tax Lot 47, being along a line forming, on its northerly side, an angle of 90 degrees with the westerly side of the last described course, for 87.00 feet to a point on the westerly line of Tax Lot 47;

Thence southwardly along the westerly line of Tax Lot 47, being along a line forming, on its westerly side, an angle of 270 degrees with the northerly side of the last described course, for 18.00 feet to a point on the southerly line of Tax Lot 47;

Thence eastwardly along the southerly line of Tax Lot 47, being along a line forming, on its southerly side, an angle of 270 degrees with the westerly side of the last described course, for 87.00 feet to a point on the westerly line of Morris Avenue;

Thence southwardly along the westerly line of Morris Avenue for 236.50 feet to a point on the northerly line of East 161st Street;

Thence westwardly along the northerly line of East 161st Street for 210.00 feet to the point or place of beginning.

The above described parcel consists of Tax Lots 32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54 and 146 in Bronx Tax Block 2444.

The above described property shall be acquired subject to encroachments, if any, of the structures, improvements, and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same so long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Dated: New York, New York, March 6, 2000

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing

Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor

Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Ellmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

MENTAL HEALTH CASE MANAGEMENT SERVICE – PIN #13000DJJ0004 – DUE 04-21-00 – The Department of Juvenile Justice (DJJ) is seeking proposals for the provision of mental health case management services for youth in juvenile detention. The proposers(s) should demonstrate their ability, to the satisfaction of DJJ, to provide these services and receive all necessary City approvals by June 1, 2000.

The agency has determined that it is necessary to award the contract quickly because there is an urgent need to provide youth with mental health case management services and discharge planning; therefore DJJ is utilizing the negotiated acquisition process, pursuant to Section 3-04(b)(1)(I)(D) of the Procurement Policy Board Rules.

This contract is projected to commence June 1, 2000 with a contract term for twelve (12) months, with three 1- year options to renew, subject to availability of funds.

Applications are available at Contracts Unit, 365 Broadway, 5th Floor, New York, NY 10013. Questions regarding the proposal should be directed to Chuma Uwechia at 212-925-7779 ext. 210.

Any qualified entity that can provide this service is invited to submit a completed application by mail, hand delivery or fax by April 21, 2000 at 3:00 P.M. to: Contracts Unit, 365 Broadway 5th floor, New York, NY 10013 or faxed to 212-925-0062, attention: Chuma Uwechia.

■ NOTICE

Notice of Repeal and Re-Promulgation of
3 RCNY §15-02, "Portable Fire Extinguishers"

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Fire Commissioner of the City of New York by Section 489 of the New York City Charter and Sections 27-106 and 27-4265 of the New York City Administrative Code, and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Fire Department hereby repeals and re-promulgates the above rule. The entire rule is underlined to indicate that it is new.

The public hearing was held on October 25, 1999. In accordance with Section 1043(e)(1) of the New York City Charter, this rule shall take effect on May 5, 2000.

This notice, the above re-promulgated rule and the statement of basis and purpose will be available for at least 90 days on the Fire Department Internet Home Page at:

www.ci.nyc.ny.us/html/fdny/home.html

Thomas Von Essen
Fire Commissioner

Section 15-02 of Title 3 of the Rules of the City of New York is repealed and re-promulgated as follows:

§15-02 Portable Fire Extinguishers

(a) Applicability

This section shall apply to the specification, selection, distribution, inspection, maintenance, recharging and hydrostatic testing of portable fire extinguishers and the qualifications of the persons and companies engaged in servicing such equipment.

(b) Definitions. For purposes of this section, the following terms shall be defined as follows:

Certificate of fitness for portable fire extinguisher servicing. A certificate issued by the Department pursuant to this section and 3 RCNY §9-01 authorizing a person to service portable fire extinguishers.

NFPA Standard 10-1998. National Fire Protection Association Standard No. 10, "Standard for Portable Fire Extinguishers" (1998 edition).

Portable fire extinguisher servicing company certificate. A certificate issued by the Department to a company engaged in the business of servicing portable fire extinguishers, which authorizes an owner or principal of such company to supervise portable fire extinguisher servicing by company employees holding a certificate of fitness for portable fire extinguisher servicing.

Servicing. The maintenance and recharging of portable fire extinguishers as defined in NFPA Standard 10-1998, including any thorough examination, repair or replacement of portable fire extinguishers or the replacement of the extinguishing agent.

(c) General Requirements

(1) The specification, selection, distribution, inspection, maintenance and recharging of portable fire extinguishers shall be in accordance with NFPA Standard 10-1998, except as otherwise provided in this section.

(2) Portable fire extinguishers shall be hydrostatically tested on a periodic basis in accordance with the requirements of Chapter 5 of NFPA Standard 10-1998 and §1910.157 of Title 29 and §173.34 of Title 49 of the United States Code of Federal Regulations, as applicable.

(3) It shall be unlawful for any person to service a portable fire extinguisher without a certificate of fitness for portable fire extinguisher servicing, except that a person training for such certificate of fitness may service portable fire extinguishers in the presence of and under the personal supervision of a certificate of fitness holder.

(4) It shall be unlawful for any person or company engaged in the business of servicing portable fire extinguishers to service portable fire extinguishers without a portable fire extinguisher servicing company certificate. Nothing in this section shall preclude portable fire extinguishers that are maintained on a premises for use at such premises from being serviced by the owner or occupant of the premises, or an employee of such owner or occupant, who possesses:

(i) a certificate of fitness for portable fire extinguisher servicing; and

(ii) the tools, materials, equipment and facility necessary to service such portable fire extinguishers in accordance with the requirements of this section.

(d) Portable Fire Extinguisher Servicing Company Certificate

(1) The Department shall issue a portable fire extinguisher servicing company certificate to a company that possesses the requisite character and fitness, tools, materials, equipment and facility to properly service portable fire extinguishers.

(2) Original Application Requirements. Applicants for portable fire extinguisher servicing company certificates shall apply for such certificate to the Bureau of Fire Prevention at Fire Department Headquarters in accordance with the provisions of subdivision (b) of 3 RCNY §9-01. In addition to such other information and documentation as the Department may require, each applicant shall submit an affidavit executed by an owner or principal of the company:

(i) attesting that one or more of the owners or principals of the company possess a minimum of two years experience in portable fire extinguisher servicing and a certificate of fitness for portable fire extinguisher servicing;

(ii) disclosing the names and addresses of all companies engaged in the business of portable fire extinguisher servicing with which each owner or principal of the company is affiliated or has been affiliated in the last five years;

(iii) listing the names, addresses, and certificate of fitness numbers of all company employees who will be servicing portable fire extinguishers; and

(iv) certifying that the company has the tools, materials, equipment, facilities and servicing manuals required to service portable fire extinguishers, as specified in Chapter 4 of NFPA Standard 10-1998.

(3) Term and renewal. Portable fire extinguisher servicing company certificates shall be issued for a term of one year. Certificates may be renewed in accordance with the provisions of paragraph (10) of subdivision (b) of 3 RCNY §9-01.

(4) Application fees. The fee for an original application for a portable fire extinguisher servicing company certificate shall be one hundred dollars ($100). The fee for a renewal application shall be fifty dollars ($50).

(5) Maintenance of employee list. Portable fire extinguisher servicing company certificate holders shall maintain on file with the Department a current list of company employees servicing portable fire extinguishers, and shall update such list within 30 days of any change.

(6) Facility inspections.

(i) All facilities maintained by portable fire extinguisher servicing company certificate applicants and holders for the servicing of portable fire extinguishers are subject to Department inspection. Such inspections may be conducted for any purpose related to the enforcement of the requirements of this section, including but not limited to verifying that the company:

(A) possesses the tools, materials, equipment and servicing manuals required to service portable fire extinguishers; and

(B) is servicing portable fire extinguishers in accordance with the requirements of this section.

(ii) Facility inspections conducted in connection with original or renewal applications for a portable fire extinguisher servicing company certificate shall be conducted at the expense of the applicant, at the rate of $210.00 per hour, plus reasonable travel expenses for facilities located outside of New York City.

(e) Specification, Selection and Distribution of Portable Fire Extinguishers

(1) The owner or occupant of any occupancy or space shall ensure that such occupancy or space is equipped with the portable fire extinguishers as set forth in NFPA Standard 10-1998, except as otherwise required by this subdivision. The Department may prescribe such other or additional portable fire extinguisher requirements as it determines to be necessary for fire protection purposes, based on the use or configuration of the occupancy or space.

(2) Portable fire extinguishers shall be provided in the following occupancies or spaces:

(i) Occupancies or spaces used or classified as offices or places of worship, hotels and motels shall be provided with one fire extinguisher of minimum 2-A rating for every six thousand (6,000) square feet of floor area or fraction thereof on each floor, except that such a fire extinguisher shall be provided for every twelve thousand (12,000) square feet of floor area or fraction thereof on each floor for occupancies or spaces used as or classified as offices or places of worship in fully sprinklered buildings.

(ii) Rooming houses and single room occupancies, as defined in the New York State Multiple Dwelling Law, with over 15 sleeping rooms shall be provided with one fire extinguisher of minimum 2-A rating in the apartment of the manager or the building superintendent.

(iii) Hospitals, nursing homes, homes for the aged, day nurseries accommodating more than 15 children and asylums shall be provided with one fire extinguisher of minimum 2-A rating for every 2,500 square feet of floor area or fraction thereof on each floor.

(iv) Places of public assembly or other occupancies or spaces where 75 or more people congregate, including places for entertainment or amusement, shall be provided with one fire extinguisher of minimum 2-A rating for every 2,500 square feet of floor area or fraction thereof on each floor.

(v) Occupancies used or classified as retail stores or shops shall be provided with one fire extinguisher of minimum 2-A rating for every 2,500 square feet of floor area or fraction thereof on each floor.

(vi) Piers, stables, warehouses, manufacturing occupancies and all commercial occupancies except stores and office buildings shall be provided with one fire extinguisher of minimum 2-A rating for every 2,500 square feet of floor area or fraction thereof on each floor.

(vii) Occupancies or spaces used or classified as lumber yards shall be provided with one fire extinguisher of minimum 2-A rating for every 2,000 square feet of floor area or fraction thereof.

(viii) Occupancies or spaces used or classified as telephone exchanges shall be provided with portable fire extinguishers suitable for Class A and Class C fires. A fire extinguisher of a minimum 2-A rating shall be provided for every 3,000 square feet of floor area or fraction thereof.

(ix) Storage garages, electric power plants and occupancies or spaces that manufacture, use or store flammable liquids or mixtures, combustible liquids or mixtures, fats, paints, waxes or similar substances shall be provided with an extinguisher suitable for a Class B fire that shall meet the rating and travel distance requirements for Extra (High) Hazard occupancies as specified in Table 3-3.1 of NFPA Standard 10-1998. Kitchens (except those used domestically in residential occupancies, but including those kitchens used communally by the occupants of more than one dwelling unit), shall be provided with an extinguisher suitable for a Class K fire, and shall meet the travel distance requirement of §3-7.2 of NFPA Standard 10-1998.

The requirements of sub-paragraph (ix) shall be in addition to sub-paragraphs (i), (ii), (iii), (iv), (v), (vi),(vii) and (viii) of this paragraph.

(x) The fire extinguisher required by Section 28.1 of Reference Standard RS 19-2 of the New York City Building Code shall be of minimum 10-B:C rating, and shall be kept in the cab or in the immediate vicinity of the crane or derrick.

(f) Recordkeeping

Records of inspection, maintenance, recharging, and hydrostatic testing of portable fire extinguishers shall be provided and maintained in accordance with Chapters 4 and 5 of NFPA Standard 10-1998. The required tag or label for servicing shall also include the following information:

(1) The name and certificate of fitness number of the person who serviced the portable fire extinguisher.

(2) The month and year the portable fire extinguisher was serviced.

(3) The name, street address and telephone number of the portable fire extinguisher servicing company, if any, servicing the portable fire extinguisher.

(g) Modification

Whenever circumstances, conditions, limitations, or surroundings are unusual, or such as to render it impracticable to comply with any or all of the foregoing provisions, the Commissioner may waive or modify such provisions to such extent as he or she may deem necessary, consistent with public safety.

STATEMENT OF BASIS AND PURPOSE OF RULE:

The rule makes the Department's requirements for the inspection, maintenance, recharging, and hydrostatic testing of portable fire extinguishers consistent with the 1998 edition of National Fire Protection Association Standard 10. It also adopts certificate of fitness requirements for all persons who service portable fire extinguishers, and certificate requirements for companies engaged in the business of servicing portable fire extinguishers. The adoption of specific qualifications for such persons or companies is intended to address the problem of improper or fraudulent servicing of portable fire extinguishers by persons lacking the qualifications, tools, materials, equipment or facility necessary to properly service portable fire extinguishers.

If any paragraph, subparagraph or subdivision of this section shall be adjudged by any court or agency of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the paragraph, subparagraph or subdivision directly involved in the controversy in which such judgment shall have been rendered.

HEALTH

BOARD OF HEALTH

■ NOTICE

NOTICE OF ADOPTION OF AN AMENDMENT TO ARTICLE 81 OF THE NEW YORK CITY HEALTH CODE

IN COMPLIANCE WITH SECTION 1043(b) OF THE NEW YORK CITY CHARTER, a Notice of Intention to Amend Article 81 and Notice of Public Hearing was printed in The City Record on January 4, 2000. A Public Hearing was held on February 8, 2000. After a review of the transcript of the public hearing and the comments received, the Board of Health at its March 13, 2000 Meeting revised the proposal and adopted the following resolution:

STATUTORY AUTHORITY

This amendment to the New York City Health Code is promulgated pursuant to Sections 558 and 1043 of the New York City Charter ("Charter"). Sections 558(b) and (c) of the Charter empower the Board of Health to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 1043 grants the Department of Health rulemaking authority.

STATEMENT OF BASIS AND PURPOSE

The Bureau of Inspections within the Department of Health is charged with the responsibility for ensuring the safety of food that is commercially prepared, distributed and served throughout the City, whether the food is sold or provided free of charge. The Bureau's jurisdiction includes food service establishments and non-retail food processing establishments. Article 81 of the Health Code sets forth requirements for the operation of food service establishments for the purpose of preventing public health hazards. Establishments, such as "soup kitchens", which are run by religious, fraternal or charitable organizations which provide prepared food free of charge to the needy, are required to satisfy the applicable requirements of Article 81. The Department proposes that provisions in Article 81 addressing the required food protection course be amended to include provisions which are relevant to the particular structure and functions of these establishments.

Since the1980's, religious organizations and other community groups have set up emergency food programs to feed the hungry on a regular basis. These programs commonly referred to as "soup kitchens" typically serve cooked or prepared meals on-site at no cost to the patron. Some kitchens provide individual bags or packaged prepared meals to the individuals they serve.
Many "soup kitchens" receive funding from federal, state and/or local government sources. These include the Federal Emergency Management Act and Shelter Program (FEMA), the New York State Department of Health Hunger Prevention and Nutrition Assistance Program (HPNAP), the New York City Human Resources Administration Office of Domestic Violence and Emergency Intervention Services and the Emergency Food Assistance Program (EFAP). Government agencies, through a contractual agreement, provide monies and other services to non-profit organizations whose main purpose is to feed the hungry. In addition, food may be received from the community, which may include food drives or donated food from local grocery stores and restaurants.

Currently, Section 81.15 of the Health Code specifies that supervisors of food service establishments and non-retail food processing establishments complete a course in food protection. Such course is a comprehensive five day course culminating in an examination. It is proposed that Section 81.15 be amended to exempt food service establishments operated by religious, fraternal or charitable organizations, that are open to the public for the purpose of providing prepared food free of charge to the needy from the standard five day food protection course. It is proposed that these establishments be subject to a modified version of the food protection course course covering the basic principles of safe food preparation.

The proposed amendments to Section 81.15 seek to account for the special nature of food service establishments operated by religious, fraternal or charitable organizations, that are open to the public for the purpose of providing prepared food free of charge to the needy. "Soup kitchens", and other such establishments, operate with limited funding and consist of staff who are mostly transient volunteer workers.

The proposed Section 81.15(a)(2) requires the person responsible for the supervision of the food preparation or processing in these food service establishments operated by religious, fraternal or charitable organizations to obtain a certificate issued by the Department after successfully completing the modified course in food protection which could either be offered by the Department or by others approved by the Department. These individuals would be exempt from the examination requirement and would not be charged a fee for taking the course conducted by the Department. In addition, these individuals would not be required to take the Department's supplemental food protection course required pursuant to Section 21-02 of Title 24 of the Rules of the City of New York, which course provides training regarding the New York City Health Code, the State Sanitary Code and other relevant laws. The certificate issued to an individual in a food establishment operated by religious, fraternal or charitable organizations may be used by the certificate holder while he or she works at any such establishment. In addition, a person holding the certificate must be on the premises during all hours of operation. However, any person who has obtained a food protection certificate to supervise a regular food service establishment or a non-retail food processing establishment would not be required to complete the modified "soup kitchen" course.

Under the current Section 81.15(d), "the Department may require the holder of [the food protection] ... certificate to complete a refresher course when the Department finds continuing violations of the Code or when a food borne outbreak implicates food processed in the establishment ..., or when the Department determines that such a course is necessary to acquaint a supervisor with current developments in food protection principles." It is proposed that the language in subsection (d) be amended to indicate that holders of any food protection certificate - either the comprehensive food protection course or the modified course - may be required to complete a refresher course in food protection. Further, it is proposed that the Department may when it deems necessary to protect the public require the holder of a certificate to take a refresher course in food protection.

Section 81.15(e) of the Code currently requires that upon registration or upon applying for a certificate, two full-face photographs be taken of the applicant, one of which will be affixed to the certificate and the other maintained in the Department's records. It is proposed that this subsection be amended to exempt individuals covered under Section 81.15(a)(2) from the photograph requirement in order that there be no cost incurred by these individuals.

STATEMENT PURSUANT TO SECTION 1042 - REGULATORY AGENDA

The proposal was not included in the Health Department's regulatory agenda because of recent analysis conducted by the Department on the structure and functions of certain food service establishments.

Note - matter underlined is new
matter in brackets [] to be deleted

RESOLVED, that the Section Heading for Section 81.15 of the New York City Health Code as enacted on the tenth day of June, nineteen hundred and ninety-six; subsection (a) of Section 81.15 as last amended on the sixteenth day of June, nineteen hundred and ninety-eight and subsections (c), (d) and (e) of Section 81.15 as enacted on the tenth day of June, nineteen hundred and ninety-six be and the same hereby are amended to be printed together with explanatory notes, to read as follows:

§81.15 [Supervisors of food service establishments and non-retail food processing establishments to complete courses in food protection.] Food protection course.

(a)(1) No person who is charged with supervision of the operations of a food service establishment or non-retail food processing establishment shall engage or be employed in such capacity unless he or she obtains a certificate issued by the Department subsequent to successful completion of a course in food protection, and passage of an examination administered by the Department, except that supervisors of mobile food non-processing units as defined in section 89.01(e) shall be exempt from this requirement. A person holding such certificate shall be on the premises and shall supervise all food preparation activities during all hours of operation. This paragraph shall not apply to food service establishments operated by religious, fraternal or charitable organizations which are open to the public for the purpose of providing prepared food to the needy, free of charge. Such establishments shall be subject to paragraph (2) of this subsection.

(2) In a food service establishment operated by religious, fraternal or charitable organizations that are exempt from the requirements of paragraph (a)(1) of this section, the person responsible for the supervision of the food preparation or processing shall not engage or be employed in such capacity unless he or she has obtained a certificate pursuant to (a)(1) above, or he or she has first completed a course in food protection and obtained a certificate issued by the Department. Such course shall be provided by the Department or conducted by others approved by the Department. Such certificate may be used by the individual only while working at food service establishments subject to this paragraph. A person holding the certificate shall be on the premises during all hours of operation. This paragraph shall not apply to persons already holding a food protection certificate who is or has been charged with supervision of the operations of a regular food service establishment or a non-retail food processing establishment.

(b) Such certificate shall be available for inspection at all times by the Department.

(c) The Department may conduct such food protection courses, or any part thereof, or approve courses conducted by others. Persons electing to enroll in such courses conducted by the Department may be charged a reasonable fee to defray all or part of the costs incurred by the Department for course registration, materials, training, testing and certificate issuance. Persons covered under Section 81.15(a)(2) will not be charged a fee for a food protection course conducted by the Department and are not required to take the Department's supplemental food protection course required pursuant to 24 R.C.N.Y. Chapter 21, Section 21-02.

(d) The Department may require the holder of [such] a certificate to complete a refresher course when the Department finds continuing violations of the Code or when a food borne outbreak implicates food prepared or processed [in the establishment supervised by] under the supervision of such person, or when the Department determines that such a course is necessary to acquaint a supervisor with current developments in food protection principles, or when otherwise deemed necessary by the Department for the protection of the public.

(e) Two (2) full-face photographs shall be taken by the Department or by others approved by the Department when an applicant registers for such course or applies for such certificate. One photograph shall be affixed to the certificate of completion and the other maintained in the records of the Department. Persons covered under Section 81.15(a)(2) shall not be subject to this subsection.

NOTES: Subsection (a)(1) was amended on March 13, 2000 to exempt food service establishments operated by religious, fraternal or charitable organizations open to the public for the purpose of providing prepared food to the needy, free of charge, from the food protection course requirement ordinarily designed for other commercial food service establishments, as well as to exempt them from the examination requirement.

Subsection (a)(2) was added on March 13, 2000 to include specific requirements applicable to the person responsible for the supervision of food preparation or processing in a food service establishment operated by religious, fraternal or charitable organizations open to the public for the purpose of providing prepared food to the needy, free of charge.

Subsection (c) was amended on March 13, 2000 to provide that individuals covered under (a)(2) are not charged a fee when taking the food protection course offered by the Department, and are not required to take the supplemental food protection course required pursuant to Section 21-02 of Title 24 of the Rules of the City of New York..

Subsection (d) was amended on March 13, 2000 to clarify that the holder of any food protection certificate issued by the Department may be required to take a refresher course and that such a course may be required when deemed necessary by the Department for the protection of the public.

Subsection (e) was amended on March 13, 2000 to provide that individuals covered under (a)(2) are not required to have two photographs taken.

RESOLVED FURTHER, that the section heading of section 81.15 as appearing in the schedule of section headings of Article 81, be and the same hereby is amended, to be printed together with introductory notes, to read as follows:
81.15 [Supervisors of food service establishments and non-retail food processing establishments to complete courses in food protection.] Food Protection Course.

Introductory Notes:

The section heading for Section 81.15 was amended on March 13, 2000 to conform to other amendments in the Code.

Resolved further, these proposals shall take effect immediately in accordance with Section 1043 of the New York City Charter.

This Notice of Public Hearing has been prepared pursuant to Article 8 of the New York State Environmental Conservation Law, 6 NYCRR Part 617 of the State Environmental Quality Review Act ("SEQRA"), the City Environmental Quality Review (CEQR), Executive Order 91 of 1977, as amended, and the CEQR Rules and Procedures, 1991, on the actions

described below and is available for public inspection at the Lead Agency's office.

The Office of the Deputy Mayor for Economic Development and Finance, as CEQR Lead Agency for the referenced project, is conducting a public hearing on the Draft Environmental Impact Statement (DEIS) prepared in connection with the following CEQR and ULURP actions:

1) Zoning Map Amendment
Rezoning the project site from a combination of C4-2, R6, and C8-1 districts to C4-5X.

2) Large-Scale Special Permits
a) Special Permit under Section 74-743 (a)(3) for minor waivers of height and setback requirements along 57th and 59th Avenues;
b) Special Permit under Section 74-743 (a)(4) for a variation in the location of signs along Queens Boulevard, and
c) Special Permit under Section 74-746 to allow development in demapped volumes over City streets to permit the vehicular bridges between the existing and new parking garages and the retail connection over 92nd Street.

3) Parking Garage Special Permit A Special Permit under Section 74-52 to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area.

4) City Map Amendment An amendment to the City Map to demap volumes of air above the bed of 92nd Street.

5) Disposition of City-Owned Property The disposition of the City-owned Municipal Parking Field No. 1 (Block 1873, Lot 1) and a portion of the demapped volumes above 92nd Street.

6) Other Discretionary Actions Other discretionary actions not subject to ULURP include:
a) Review and approval of the exterior design of the vehicular bridges and retail pedestrian connection above 92nd Street by the New York City Art Commission;
b) "A" cases before the New York City Board of Standards and Appeals (BSA) for approvals of portions of the internal configuration of the project; and
c) Mayoral approval of the terms of the disposition.

The actions described above will facilitate the expansion of the existing Queens Center Mall, located in Elmhurst, Queens on the block bounded by Queens Boulevard, 57th Avenue, 59th Avenue, 90th Street, and 92nd Street. The expansion would be located on the City-owned municipal parking lot (Municipal Parking Field No. 1) located on the block immediately adjacent and to the east of the Queens Center Mall, bounded by 92nd Street, 57th Avenue, 94th Street, and 59th Avenue (the Expansion Site); and on two small gas station parcels located on the same block as the existing Queens Center Mall. (The Expansion Site does not include the school-the Queens Occupational Training Center-that would remain on the Municipal Parking Field No. 1 block.) The project would also include a two-level bridge over 92nd Street, providing a retail amenity and a pedestrian connection between the two sides of the expanded mall, and additional bridges providing vehicular connections between the garage located on the existing Queens Center Mall site and the new garage proposed to be constructed on Municipal Parking Field No. 1 as part of the mall expansion. As part of the project, additional retail space would also be provided in a new fourth floor above the existing shopping mall.

In total, the existing 605,000-square-foot gross leasable area (gla) mall (1.3 million gross square feet including parking [gsf]) would be expanded by approximately 421,700 square feet of gla (770,000 gsf including parking), resulting in an overall mall of approximately 1,026,700 square feet of gla (2.1 million gsf).

A Public Hearing on the Draft Environmental Impact Statement (DEIS) for the Queens Center Expansion will be held on Tuesday, April 18, 2000 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York. Comments are requested on the Draft EIS and will be accepted by the Lead Agency and the Contact Person at the Public Hearing and in writing until Friday, April 28, 2000, which is ten days after the hearing.

The DEIS for the Queens Center Expansion disclosed the range of potential environmental impacts that could result from the proposed actions. These impacts included the following technical areas: Traffic and Transportation, Hazardous Materials, and Air Quality. The DEIS also included a comprehensive set of mitigation measures to address these potential impacts.

Written comments should be directed to the Contact Person: Hardy Adasko, NYC Economic Development Corporation, 110 William Street, New York, New York 10038, (212) 312-3703.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a

Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for South Jamaica Fourth Amended Urban Renewal Project, Phase 1 in the Borough of Queens, City and State of New York.

The description of the real property to be acquired is as follows:

- Tax Block 10129, Lots 55, 57 and 58
- Tax Block 10139, Lots 15, 17, 52, 55, 58, 60, 64, 67 and 69
- Tax Block 10171, Lot 44
- Tax Block 10172, Lot 55

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

NOTICE OF PETITION NEW YORK COUNTY
INDEX NUMBER 401218/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays *thru Fridays from 9 a.m. to 5 p.m. except* legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street 6th Floor, New York, New York 10038, Cheryl Elmore, Director, at 212-312-3969.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a *teaching tool and direct environmental* programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

This Notice of Public Hearing has been prepared pursuant to Article 8 of the New York State Environmental Conservation Law, 6 NYCRR Part 617 of the State Environmental Quality Review Act ("SEQRA"), the City Environmental Quality Review (CEQR), Executive Order 91 of 1977, as amended, and the CEQR Rules and Procedures, 1991, on the actions described below and is available for public inspection at the Lead Agency's office.

The Office of the Deputy Mayor for Economic Development and Finance, as CEQR Lead Agency for the referenced project, is conducting a public hearing on the Draft Environmental Impact Statement (DEIS) prepared in connection with the following CEQR and ULURP actions:

1) Zoning Map Amendment
Rezoning the project site from a combination of C4-2, R6, and C8-1 districts to C4-5X.

2) Large-Scale Special Permits
a) Special Permit under Section 74-743 (a)(3) for minor waivers of height and setback requirements along 57th and 59th Avenues;
b) Special Permit under Section 74-743 (a)(4) for a variation in the location of signs along Queens Boulevard, and
c) Special Permit under Section 74-746 to allow development in demapped volumes over City streets to permit the vehicular bridges between the existing and new parking garages and the retail connection over 92nd Street.

3) Parking Garage Special Permit A Special Permit under Section 74-52 to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area.

4) City Map Amendment An amendment to the City Map to demap volumes of air above the bed of 92nd Street.

5) Disposition of City-Owned Property The disposition of the City-owned Municipal Parking Field No. 1 (Block 1873, Lot 1) and a portion of the demapped volumes above 92nd Street.

6) Other Discretionary Actions Other discretionary actions not subject to ULURP include:

a) Review and approval of the exterior design of the vehicular bridges and retail pedestrian connection above 92nd Street by the New York City Art Commission;
b) "A" cases before the New York City Board of Standards and Appeals (BSA) for approvals of portions of the internal configuration of the project; and
c) Mayoral approval of the terms of the disposition.

The actions described above will facilitate the expansion of the existing Queens Center Mall, located in Elmhurst, Queens on the block bounded by Queens Boulevard, 57th Avenue, 59th Avenue, 90th Street, and 92nd Street. The expansion would be located on the City-owned municipal parking lot (Municipal Parking Field No. 1) located on the block immediately adjacent and to the east of the Queens Center Mall, bounded by 92nd Street, 57th Avenue, 94th Street, and 59th Avenue (the Expansion Site); and on two small gas station parcels located on the same block as the existing Queens Center Mall. (The Expansion Site does not include the school-the Queens Occupational Training Center-that would remain on the Municipal Parking Field No. 1 block.) The project would also include a two-level bridge over 92nd Street, providing a retail amenity and a pedestrian connection between the two sides of the expanded mall, and additional bridges providing vehicular connections between the garage located on the existing Queens Center Mall site and the new garage proposed to be constructed on Municipal Parking Field No. 1 as part of the mall expansion. As part of the project, additional retail space would also be provided in a new fourth floor above the existing shopping mall.

In total, the existing 605,000-square-foot gross leasable area (gla) mall (1.3 million gross square feet including parking [gsf]) would be expanded by approximately 421,700 square feet of gla (770,000 gsf including parking), resulting in an overall mall of approximately 1,026,700 square feet of gla (2.1 million gsf).

A Public Hearing on the Draft Environmental Impact Statement (DEIS) for the Queens Center Expansion will be held on Tuesday, April 18, 2000 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York. Comments are requested on the Draft EIS and will be accepted by the Lead Agency and the Contact Person at the Public Hearing and in writing until Friday, April 28, 2000, which is ten days after the hearing.

The DEIS for the Queens Center Expansion disclosed the range of potential environmental impacts that could result from the proposed actions. These impacts included the following technical areas: Traffic and Transportation, Hazardous Materials, and Air Quality. The DEIS also included a comprehensive set of mitigation measures to address these potential impacts.

Written comments should be directed to the Contact Person: Hardy Adasko, NYC Economic Development Corporation, 110 William Street, New York, New York 10038, (212) 312-3703.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

■ NOTICE

SUPREME COURT, NEW YORK COUNTY NOTICE OF PETITION NEW YORK COUNTY INDEX NUMBER 401218/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:
Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

MENTAL HEALTH CASE MANAGEMENT SERVICE – PIN #13000DJJ0004 – DUE 04-21-00 – The Department of Juvenile Justice (DJJ) is seeking proposals for the provision of mental health case management services for youth in juvenile detention. The proposers(s) should demonstrate their ability, to the satisfaction of DJJ, to provide these services

and receive all necessary City approvals by June 1, 2000.

The agency has determined that it is necessary to award the contract quickly because there is an urgent need to provide youth with mental health case management services and discharge planning; therefore DJJ is utilizing the negotiated acquisition process, pursuant to Section 3-04(b)(1)(I)(D) of the Procurement Policy Board Rules.

This contract is projected to commence June 1, 2000 with a contract term for twelve (12) months, with three 1- year options to renew, subject to availability of funds.

Applications are available at Contracts Unit, 365 Broadway, 5th Floor, New York, NY 10013. Questions regarding the proposal should be directed to Chuma Uwechia at 212-925-7779 ext. 210.

Any qualified entity that can provide this service is invited to submit a completed application by mail, hand delivery or fax by April 21, 2000 at 3:00 P.M. to: Contracts Unit, 365 Broadway 5th floor, New York, NY 10013 or faxed to 212-925-0062, attention: Chuma Uwechia.

EIS AND SOLID WASTE MANAGEMENT PLAN – Negotiated Acquisition – PIN# 82700RR00155 – AMT: $2,408,000 – TO: Henningson, Durham and Richardson Architecture and Engineering, PC in Association with HDR Engineering, Inc.
711 Westchester Ave. White Plains, NY 10604

The New York City Department of Sanitation (DOS) intends to conduct a negotiated acquisition with Henningson, Durham and Richardson, Architecture and Engineering (HDR) to continue with services being provided by HDR for Environmental review and various other tasks in connection with the New York City Solid Waste Management Plan (SWMP). This contract extension shall have a term of March 14, 2000 to October 13, 2000.

Pursuant to PPB Section 3-04(b)(l)(iii), there is a compelling need to extend this contract beyond the permissible 12-month limit. The existing contract for these services with this vendor had previously been extended.

The contract is being extended in order to allow for the completion of on-going services in connection with the preparation of an Environmental Impact Statement and various tasks related to the preparation and implementation of the SWMP. The DOS intends to conduct a solicitation within the next few months for long term services to be provided in support of the implementation of the SWMP. Any vendors who believe they can provide these services in the future and would like to be notified of the above solicitation may contact the Department of Sanitation.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

LOCAL LAWS 2000

■ NOTICE

LOCAL LAWS
OF
THE CITY OF NEW YORK

FOR THE YEAR 2000

No. 12

Introduced by The Speaker (Council Member Vallone) and Council Members Spigner, Michels, Berman, Robles, Eisland, Pinkett, Linares, McCaffrey, Quinn, Povman, Wooten, Sabini, Freed, Marshall, Rivera, Carrion, DiBrienza, Fisher, Foster, Rodriguez, Robinson, Perkins, Miller, Lasher, Harrison, Henry, Nelson, Moskowitz, Dear, Malave-Dilan, Espada, Reed, Warden, White, Cruz, Koslowitz, Boyland, Lopez and Provenzano.

A LOCAL LAW

To amend the administrative code of the City of New York, in relation to extending the rent stabilization laws with certain amendments to such laws and the rent control law.

Be it enacted by the Council as follows:

Section 1. Section 26-502 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-502 Additional findings and declaration of emergency. The council hereby finds that a serious public emergency continues to exist in the housing of a considerable number of persons within the City of New York and will continue to exist after April first, [nineteen hundred ninety-seven] *two thousand* and hereby reaffirms and repromulgates the findings and declaration set forth in section 26-501 of this title.

§ 2. Section 26-504.2 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended by lettering the existing section as subdivision a and by adding a new subdivision b to read as follows:

b. The owner of any housing accommodation that is not subject to this law pursuant to the provisions of subdivision a of this section or subparagraph k of paragraph 2 of subdivision e of section 26-403 of this code shall give written notice certified by such owner to the first tenant of that housing accommodation after such housing accommodation becomes exempt from the provisions of this law or the city rent and rehabilitation law. Such notice shall contain the last regulated rent, the reason that such housing accommodation is not subject to this law or the city rent and rehabilitation law, a calculation of how either the rental amount charged when there is no lease or the rental amount provided for in the lease has been derived so as to reach two thousand dollars or more per month, a statement that the last legal regulated rent or the maximum rent may be verified by the tenant by contacting the state division of housing and community renewal, or any successor thereto, and the address and telephone number of such agency, or any successor thereto. Such notice shall be sent by certified mail within thirty days after the tenancy commences or after the signing of the lease by both parties, whichever occurs first or shall be delivered to the tenant at the signing of the lease. In addition, the owner shall send and certify to the tenant a copy of the registration statement for such housing accommodation filed with the state division of housing and community renewal indicating that such housing accommodation became exempt from the provisions of this law or the city rent and rehabilitation law, which form shall include the last regulated rent, and shall be sent to the tenant within thirty days after the tenancy commences or the filing of such registration, whichever occurs later.

§ 3. Subdivision d of section 26-513 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended to read as follows:

d. Within thirty days after the local effective date of the emergency tenant protection act of nineteen seventy-four the owner of housing accommodations as to which an application for adjustment of the initial legal regulated rent may be made pursuant to subdivision b of this section shall give notice in writing by certified mail to the tenant of each such housing accommodation on a form prescribed by the commissioner of the initial legal regulated rent for such housing accommodation, *the maximum rent at the time such housing accommodation became vacant* and of such tenant's right to file an application for adjustment of the initial legal regulated rent of such housing accommodation.

§ 4. Section 26-520 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-520 Expiration date. This chapter shall expire on April first, two thousand *three* unless rent control shall sooner terminate as provided in subdivision three of section one of the local emergency housing rent control law.

§ 5. If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 6. This local law shall take effect immediately, except that sections two and three shall take effect and shall apply to tenancies commencing thirty days after enactment of this local law.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of The City of New York, passed by the Council on March 20, 2000, and approved by the Mayor on March 28, 2000.

CARLOS CUEVAS, City Clerk, Clerk of the Council

COMBINED MUNICIPAL CAMPAIGN

The City of New York is seeking a federated community campaign* to serve as the Coordinating Agency for the annual **COMBINED MUNICIPAL CAMPAIGN.** The Combined Municipal Campaign enables qualified charitable organizations to participate in a single annual fundraising effort among City employees. The Coordinating Agency is the primary coordinator and organizer of the campaign.

You may qualify if your organization is a federated community campaign, which conducts a *bona fide* program of human health and welfare or recreation services for a substantial number of residents in New York City, and meets certain other legal requirements regarding the operation of charitable organizations in the State of New York.

Information and application may be obtained from:

The City of New York, Department of Citywide Administrative Services, Office of Special Programs, 1 Centre Street, Room 2130 South, New York, NY 10007, (212) 669-3297

Application must be submitted by May 5, 2000.

*Pursuant to the New York General Municipal Law §93-b, a federated community campaign is a charitable non-profit organization which solicits funds for distribution among a substantial number of charitable non-profit organizations.

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
03/23/00	002873	SRA 00-5502

ADDRESS	BOROUGH:	BLOCK/LOT:
1042 CLAY AVENUE HISTORIC DISTRICT CLAY AVENUE	BRONX	2425 / 3

To the Mayor, the Council, and the Dept. of Housing Preservation and Development.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for reconstruction of rear and partial side parapet walls to match existing brick and mortar joints, to apply a stucco coating to the undeveloped rear facade, which is minimally visible through a corner lot, and to undertake roof repairs, including in-kind replacement of the flat roofs, replacement of hatches, skylights, and a roof ladder, and installation of gutters and leaders. The proposed work is described on drawing A-1 dated 12/12/99 and in photographs, prepared and submitted by Ira D. Streitfeld, R.A., as components of the application.

The Commission has reviewed the proposal and finds that the work will have no effect on significant protected architectural features.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jeremy Woodoff.

This Notice of Public Hearing has been prepared pursuant to Article 8 of the New York State Environmental Conservation Law, 6 NYCRR Part 617 of the State Environmental Quality Review Act ("SEQRA"), the City Environmental Quality Review (CEQR), Executive Order 91 of 1977, as amended, and the CEQR Rules and Procedures, 1991, on the actions described below and is available for public inspection at the Lead Agency's office.

The Office of the Deputy Mayor for Economic Development and Finance, as CEQR Lead Agency for the referenced project, is conducting a public hearing on the Draft Environmental Impact Statement (DEIS) prepared in connection with the following CEQR and ULURP actions:

1) Zoning Map Amendment
Rezoning the project site from a combination of C4-2, R6, and C8-1 districts to C4-5X.

2) Large-Scale Special Permits
a) Special Permit under Section 74-743 (a)(3) for minor waivers of height and setback requirements along 57th and 59th Avenues;
b) Special Permit under Section 74-743 (a)(4) for a variation in the location of signs along Queens Boulevard, and
c) Special Permit under Section 74-746 to allow development in demapped volumes over City streets to permit the vehicular bridges between the existing and new parking garages and the retail connection over 92nd Street.

3) Parking Garage Special Permit A Special Permit under Section 74-52 to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area.

4) City Map Amendment An amendment to the City Map to demap volumes of air above the bed of 92nd Street.

5) Disposition of City-Owned Property The disposition of the City-owned Municipal Parking Field No. 1 (Block 1873, Lot 1) and a portion of the demapped volumes above 92nd Street.

6) Other Discretionary Actions Other discretionary actions not subject to ULURP include:
a) Review and approval of the exterior design of the vehicular bridges and retail pedestrian connection above 92nd Street by the New York City Art Commission;
b) "A" cases before the New York City Board of Standards and Appeals (BSA) for approvals of portions of the internal configuration of the project; and
c) Mayoral approval of the terms of the disposition.

The actions described above will facilitate the expansion of the existing Queens Center Mall, located in Elmhurst, Queens on the block bounded by Queens Boulevard, 57th Avenue, 59th Avenue, 90th Street, and 92nd Street. The expansion would be located on the City-owned municipal parking lot (Municipal Parking Field No. 1) located on the block immediately adjacent and to the east of the Queens Center Mall, bounded by 92nd Street, 57th Avenue, 94th Street, and 59th Avenue (the Expansion Site); and on two small gas station parcels located on the same block as the existing Queens Center Mall. (The Expansion Site does not include the school-the Queens Occupational Training Center-that would remain on the Municipal Parking Field No. 1 block.) The project would also include a two-level bridge over 92nd Street, providing a retail amenity and a pedestrian connection between the two sides of the expanded mall, and additional bridges providing vehicular connections between the garage located on the existing Queens Center Mall site and the new garage proposed to be constructed on Municipal Parking Field No. 1 as part of the mall expansion. As part of the project, additional retail space would also be provided in a new fourth floor above the existing shopping mall.

In total, the existing 605,000-square-foot gross leasable area (gla) mall (1.3 million gross square feet including parking [gsf]) would be expanded by approximately 421,700 square feet of gla (770,000 gsf including parking), resulting in an overall mall of approximately 1,026,700 square feet of gla (2.1 million gsf).

A Public Hearing on the Draft Environmental Impact Statement (DEIS) for the Queens Center Expansion will be held on Tuesday, April 18, 2000 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York. Comments are requested on the Draft EIS and will be accepted by the Lead Agency and the Contact Person at the Public Hearing and in writing until Friday, April 28, 2000, which is ten days after the hearing.

The DEIS for the Queens Center Expansion disclosed the range of potential environmental impacts that could result from the proposed actions. These impacts included the following technical areas: Traffic and Transportation, Hazardous Materials, and Air Quality. The DEIS also included a comprehensive set of mitigation measures to address these potential impacts.

Written comments should be directed to the Contact Person: Hardy Adasko, NYC Economic Development Corporation, 110 William Street, New York, New York 10038, (212) 312-3703.

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE OF PUBLIC HEARING ON THE DRAFT ENVIRONMENTAL IMPACT STATEMENT

Project Name: Unified Bulk Program and Related Zoning Map and Text Amendments
SEQRA No. P2650000-00028
CEQR No. 00DCP034Y
CEQR Type: Type I
Lead Agency: New York City Department of City Planning

The New York City Department of City Planning, on behalf of the City Planning Commission as lead agency, has prepared a Draft Environmental Impact Statement (DEIS) on the proposed Unified Bulk Program and Related Zoning Map and Text Amendments in accordance with article 8 of the Environmental Conservation Law. Two public hearings on the DEIS will be held. The first hearing will take place on April 25, 2000 at 10:00 a.m. The second hearing will take place at a time to be announced. Both hearings will be a City Hall, 2nd floor public hearing room. Comments are requested on the DEIS and will be accepted by the contact person until ten days after the close of the final public hearing.

The DEIS analyzes a proposal by the Department of City Planning for three interrelated zoning actions: 1) the Unified Bulk Program, a citywide zoning text amendment intended to simplify, rationalize and improve controls on the height and massing of development, 2) the Lexington Avenue Rezoning, which would rezone several blocks along Lexington Avenue between East 54th Street and East 57th Street in Manhattan Community Districts 5 and 6 from C5-2A to C5-2.5(MiD) and extend the Special Midtown District to include this area, and 3) zoning map and text amendments to create a new special district in the central business district of Downtown Brooklyn and rezone selected areas within and adjacent to the proposed special district. These amendments to the text and maps of the Zoning Resolution would require approval of the City Planning Commission and the City Council. The DEIS treats each of these three elements separately, as well as considering any combined effects.

In general, the Unified Bulk Program is, in the context of the overall amount of development in the city and the distribution of development among the city's high-, medium- and low-density zoning districts, "development-neutral". The same amount of development that could be accommodated on a given site in the future without the action could be accommodated in the future with the action, in the same locations. Proposed changes to special districts, however, could induce relatively small amounts of new residential development in the Special Bay Ridge District and the Special Northside District.

The Lexington Avenue Rezoning would not change existing use regulations, but would moderately increase the maximum floor area ratio with bonuses to 13.0 on sites which can accommodate plazas, and modify other bulk regulations. The proposal is projected to increase the amount of development that could occur in the area by approximately 22 dwelling units and 2,400 square feet of retail space.

The Special Downtown Brooklyn Rezoning would increase permitted residential FAR in an area to be rezoned from C6-1 to C6-2A,

which could result in the development of 2 additional dwelling units. The proposal would also allow residential development in an area to be rezoned from M1-6 to C6-4, which could result in the development of 83 additional dwelling units.

The DEIS identifies the potential for adverse shadow impacts. Because of the possibility that changes to the allowable building envelope could alter the extent of shadow cast on parks, including Fort Greene park, which is adjacent to a potential development site in Downtown Brooklyn, additional analysis will be conducted prior to the issuance of a Final EIS. Pending this analysis, there may be the potential for unmitigated adverse shadow impacts resulting from the proposed action. If such impacts are identified, the Final EIS will consider appropriate mitigation measures.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

SUPREME COURT, NEW YORK COUNTY
NOTICE OF PETITION NEW YORK COUNTY
INDEX NUMBER 401218/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional reisdence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be leaglly incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

SUPPORTED HOUSING PROGRAMS FOR SPMI/AOD ADULTS LIVING WITH HIV/AIDS – CP/2 – PIN# 817RFP000003 – DUE 05-22-00 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to award, through the Request for Proposal (RFP) procurement method, contracts for two citywide programs that will afford Housing Opportunities for Persons with HIV/AIDS (HOPWA) who have serious and persistent mental illness (SPMI) and/or alcohol or other drug abuse (AOD) histories. The housing model may be a single site or multiple sites and/or scatter site units. The programs will be funded from the HOPWA Consolidated Plan. The anticipated contract term for the awards will be August 1, 2000 through June 30, 2003 and renewable upon Department approval for a maximum of two terms of three years each.

PROGRAM OPTION #1: SUPPORTED HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $690,000). (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide permanent housing, rental assistance and appropriate supportive services to assist a minimum of 30 women clients, including single women with children, to live as independently as possible.

PROGRAM OPTION #2: TRANSITIONAL HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $810,000) (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide housing and appropriate supportive services to assist a minimum of 30 adults annually to address their various special needs and to facilitate their transition to permanent housing.

MINIMUM QUALIFICATION REQUIREMENT: The proposer must be incorporated as a not-for-profit organization. **Proposers which fail to meet this minimum qualification requirement**

will be found non-responsive and disqualified.

The RFP document may be picked up beginning April 12, 2000 at 93 Worth Street, Room 200, New York, N.Y. 10013, between the hours of 9:00 A.M. and 5:00 P.M. An optional, but recommended, Pre-Proposal Conference will be held on April 24, 2000 at 1:00 P.M. at Spector Hall, 22 Reade Street, New York City. All proposals must be hand-delivered to the Department's Office of Contract Management at 93 Worth Street, Room 200, no later than 4:00 P.M. on May 22, 2000. Questions regarding this RFP will be addressed at the Pre-Proposal Conference. In order to provide the Department with the time to prepare accurate responses, we will accept questions submitted in writing to Karen Mankin, Contracting Officer, up to three days prior to the meeting. However, all questions (including those initially raised) will be addressed at the Pre-Proposal Conference and, as necessary, in the form of an addendum to the RFP.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

EIS AND SOLID WASTE MANAGEMENT PLAN – Negotiated Acquisition – PIN# 82700RR00155 – AMT: $2,408,000 – TO: Henningson, Durham and Richardson Architecture and Engineering, PC in Association with HDR Engineering, Inc.
711 Westchester Ave. White Plains, NY 10604

The New York City Department of Sanitation (DOS) intends to conduct a negotiated acquisition with Henningson, Durham and Richardson, Architecture and Engineering (HDR) to continue with services being provided by HDR for Environmental review and various other tasks in connection with the New York City Solid Waste Management Plan (SWMP). This contract extension shall have a term of March 14, 2000 to October 13, 2000.

Pursuant to PPB Section 3-04(b)(I)(iii), there is a compelling need to extend this contract beyond the permissible 12-month limit. The existing contract for these services with this vendor had previously been extended.

The contract is being extended in order to allow for the completion of on-going services in connection with the preparation of an Environmental Impact Statement and various tasks related to the preparation and implementation of the SWMP. The DOS intends to conduct a solicitation within the next few months for long term services to be provided in support of the implementation of the SWMP. Any vendors who believe they can provide these services in the future and would like to be notified of the above solicitation may contact the Department of Sanitation.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Thursday: May 4, 2000 5:00 P.M.

I. Rate Proposal
It is currently anticipated that there will be a change from currently effective water and wastewater rates for services provided during the fiscal year commencing July 1, 2000.
(1) Metered and unmetered water rates will increase by 1.0%
(2) The wastewater rate will remain at 159% of the corresponding water charge which is payable on each account
(3) With respect to water sales to municipalities and water districts north of the City, the regulated rate will be increased to approximately $414.42 per million gallons and the rate for amounts in excess of allowance quantities will be equal to the in-city metered rate of approximately $1,751.34 per million gallons

II. Multiple Family Conservation Proposal
The objective of this proposal is to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings. The program is expected to replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The dwelling unit charge will be subject to the general rate level changes each year, if any. The Board will periodically review this fixed rate to ensure that it continues to be consistent with the Board's objectives. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001. A detailed description of the program requirements is available.

III. Charges for Steam Condensate Discharges to Sewer System
The Board is proposing explicit charges for Steam Condensate discharges into the wastewater system as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

IV. Other Billing Policy Changes
It is also contemplated that certain billing and customer service policies will be changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Program; program eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Account Reconciliation Fee - new miscellaneous fee to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system can ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - make explicit the Board's authority to apply credit balances against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter will be required to file an engineer's report; Delinquent accounts will, upon notice, have Wastewater Allowances revoked; if reinstated, a revoked Wastewater Allowance will be effective as of the date full payment is received.
(7) Meter Surcharge - clarify application of meter surcharge to when a customer fails to install a meter.
(8) Permanent Boiler - clarify instances where this existing frontage charge may be applied.
(9) Backbilling Limitation - clarify definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and the proposed billing policy modifications, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 595-3601 not later than April 28, 2000. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the bl-

currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

I. Rate Proposal
It is currently anticipated that there will be a change from currently effective water and wastewater rates for services provided during the fiscal year commencing July 1, 2000.
(1) Metered and unmetered water rates will increase by 1.0%
(2) The wastewater rate will remain at 159% of the corresponding water charge which is payable on each account
(3) With respect to water sales to municipalities and water districts north of the City, the regulated rate will be increased to approximately $414.42 per million gallons and the rate for amounts in excess of allowance quantities will be equal to the in-city metered rate of approximately $1,751.34 per million gallons

II. Multiple Family Conservation Proposal
The objective of this proposal is to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings. The program is expected to replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The dwelling unit charge will be subject to the general rate level changes each year, if any. The Board will periodically review this fixed rate to ensure that it continues to be consistent with the Board's objectives. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001. A detailed description of the program requirements is available.

III. Charges for Steam Condensate Discharges to Sewer System
The Board is proposing explicit charges for Steam Condensate discharges into the wastewater system as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as SteamClassification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

IV. Other Billing Policy Changes
It is also contemplated that certain billing and customer service policies will be changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Program; program eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Account Reconciliation Fee - new miscellaneous fee to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system can ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - make explicit the Board's authority to apply credit balances against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter will be required to file an engineer's report; Delinquent accounts will, upon notice, have Wastewater Allowances revoked; if reinstated, a revoked Wastewater Allowance will be effective as of the date full payment is received.
(7) Meter Surcharge - clarify application of meter surcharge to when a customer fails to install a meter.
(8) Permanent Boiler - clarify instances where this existing frontage charge may be applied.
(9) Backbilling Limitation - clarify definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and the proposed billing policy modifications, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 595-3601 not later than April 28, 2000. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

SUPREME COURT, NEW YORK COUNTY NOTICE OF PETITION NEW YORK COUNTY INDEX NUMBER 401218/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting

Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. ***This is an open-ended solicitation; there is no due date for submission.*** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

EIS AND SOLID WASTE MANAGEMENT PLAN – Negotiated Acquisition – PIN# 82700RR00155 – AMT: $2,408,000 – TO: Henningson, Durham and Richardson Architecture and Engineering, PC in Association with HDR Engineering, Inc.
711 Westchester Ave. White Plains, NY 10604

The New York City Department of Sanitation (DOS) intends to conduct a negotiated acquisition with Henningson, Durham and Richardson, Architecture and Engineering (HDR) to continue with services being provided by HDR for Environmental review and various other tasks in connection with the New York City Solid Waste Management Plan (SWMP). This contract extension shall have a term of March 14, 2000 to October 13, 2000.

Pursuant to PPB Section 3-04(b)(l)(iii), there is a compelling need to extend this contract beyond the permissible 12-month limit. The existing contract for these services with this vendor had previously been extended.

The contract is being extended in order to allow for the completion of on-going services in connection with the preparation of an Environmental Impact Statement and various tasks related to the preparation and implementation of the SWMP. The DOS intends to conduct a solicitation within the next few months for long term services to be provided in support of the implementation of the SWMP. Any vendors who believe they can provide these services in the future and would like to be notified of the above solicitation may contact the Department of Sanitation.

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held in City Hall, New York, New York 10007, on Tuesday, April 25, 2000, commencing at 10:00 a.m.

CITYWIDE N 000244 ZRY

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, **for amendment of the Zoning Resolution** of the City of New York relating to various sections as follows:

Description of the Proposal - Unified Bulk Regulations

The Unified Bulk Regulations consists of more than 500 pages of zoning text modifications. The new text would modify and replace existing text, add new text, and reorganize and renumber major portions of the Zoning Resolution. For the purpose of this description, the proposal has been divided into seven broad categories of changes: changes affecting height and setback envelopes; changes to other bulk and density regulations; changes affecting split lots and zoning lot mergers; changes to bonuses for public spaces; changes to authorizations and special permits; associated changes; and changes to Special Districts. Each of these categories is summarized below.

Changes Affecting Height and Setback Envelopes The proposed height limits and setback rules would replace the multiple alternative envelopes in the existing text with one or two simple building envelopes for each zoning district. They would eliminate, among other provisions, tower-in-a-park buildings, sky exposure planes and height factor zoning. The proposed envelopes are designed to reflect the general built character of each zoning district. They are more restrictive in terms of height and bulk than the existing zoning, but allow more flexibility than a contextual zoning district. They are designed to allow all the permitted floor area to be used on a typical lot, but to limit the use of techniques that have produced out-of-scale buildings, such as inappropriate transfers of bulk across zoning district boundaries, transfers of unused development rights from existing buildings to a development site, and deductions of mechanical space from zoning floor area. In the highest density districts (R9, R10 and equivalents), for example, the district height limits are designed to accommodate a roughly 10% allowance for mechanical space and 25% for off-site floor area from a zoning lot merger.

Height and setback requirements in contextual zoning districts would not be changed under the Unified Bulk Program. In special districts, minimal changes needed to incorporate the new concepts and terminology of the Unified Bulk Program would be made where necessary. The proposed height limits would not be applicable in the Special Midtown and Special Lower Manhattan Districts. In the waterfront area, Unified Bulk height and setback rules would apply only to industrial uses currently exempt from the waterfront regulations, and its density regulations would replace the existing underlying regulations. Existing FAR's would be rounded.

In non-contextual medium-density and high-density districts (R6 to R10 and equivalents), two basic building types would be allowed: (1) a shorter contextual building and (2) a taller building with a setback. The goal is to bring new buildings back into scale within each district, but not to constrict them to a purely contextual shape. This approach also reflects the fact that in many districts development occurs in a context of taller buildings that do not hold the street wall. Developers of nonresidential buildings would be able to make a choice about which of the two building types best fits with the program, economics and other elements of a project. Residential buildings would be limited to the contextual shape except in defined circumstances where a taller building would be appropriate - for example, when they are adjacent to elevated structures. The maximum height of the more contextual building would be governed by a "standard" building height limit, which would vary on wide and narrow streets. The maximum height of the taller building would be set by a "district" height limit. The proposed district height limits are generally lower than the building heights that can be achieved under the existing zoning.

Each zoning district would have minimum and maximum heights for a residential building's base. To maintain the character of the streetscape, residential buildings utilizing the contextual shape would not be permitted to set back below the district's minimum base height and would be required to set back above the maximum base height. The minimum required setback would be 10 feet on a wide street and 15 feet on a narrow street. The proposed base heights and standard height limits for most districts are based on the existing Optional Quality Housing height limits.

Residential buildings that share a side lot line with buildings that exceed the "standard" height by at least ten feet; that are located on full-block sites; that are part of Large Scale Residential Developments or General Large Scale Developments; or that are adjacent to elevated transit or road structures would be permitted to exceed the standard building height limit, up to the district height limit, and would not be required to set back further if they are set back from the street at grade. These buildings would be required to cover 33 percent of the lot at all levels below the top story to limit the potential for zoning lot mergers.

Commercial and community facility buildings could also be developed up to the district height limit and, when developed at the street line, would be required to set back at the maximum base height. However, commercial and community facility buildings that set back at street level would not be required to set back farther at the maximum base height.

Bulk Requirements in High Density Commercial Districts In the high density commercial districts (C4, C5 and C6 districts of 10 FAR or more), the proposed district height limits are 420, 495 or 720 feet reflecting the amount of commercial floor area permitted. These height limits were selected with the intention of allowing design flexibility within an envelope that accommodates a full build-out of the permitted floor area of a development site with a commercial tower occupying 40% of the zoning lot and floor-to-floor heights of 12 feet, together with an allocation for mechanical space (10% of building floor area) and for floor area from a zoning lot merger (25%). The height limits are designed to cap both deductions from zoning floor area for mechanical space and transfers of floor area by zoning lot merger, which sometimes have exceeded these percentages. Commercial and community facility buildings could set back from the street and then rise to the district height limit.

Residential buildings would be subject to the same district height limits in these commercial districts, but, unlike the commercial and community facility buildings, would be subject to the modified tower-on-a-base regulations described below.

Bulk Requirements in High Density Residential Districts The slimmer residential towers in high-density non-contextual residential districts (R9 and R10) have a more intimate relationship to the street and do not have the programmatic requirements of commercial and community facility buildings, which generate taller buildings. Accordingly, residential buildings

in these districts would be subject not only to a shorter 360 foot height limit but to tighter building envelope requirements designed to produce a street wall that respects the prevailing scale of development and allows adequate light. The height limit, but not the tighter building envelope, would apply to community facility buildings in these districts.

Any tower with more than 25 percent of its floor area devoted to residential use would be subject to revised tower-on-a-base regulations. A residential building's base would be required to hold the street wall and would have a maximum height of 85 feet. Tower-on-a-base regulations would apply for the first time on narrow streets and would be modified to provide greater design flexibility without jeopardizing the objectives of limiting height, constraining zoning lot mergers and establishing a street wall. The changes would be as follows:

Establish street wall requirements for narrow streets. A street wall of from 45 to 85 feet high would be required for 70% of the lot line on narrow streets. Currently there are no such requirements beyond 100 feet of wide street.

Limit the placement of mid-lot towers. Currently, towers are permitted in the middle of a through lot in all districts that permit residential towers. In order to constrain such midblock towers, the rear yard equivalent requirements would be modified for through lots to require that mid-lot towers be located at least 30 feet from all side lot lines.

Simplify street wall requirements. The existing street wall recess and required match-up provisions would be eliminated, because they are too complicated and place unnecessary constraints on building design. Currently, developers are required to match building base heights to adjacent building heights if it is between 60 to 85 feet high and within ten feet of the street line. Architects have complained that the existing rules limit their ability to articulate a facade. A new building would be permitted to increase its street wall height to 100 feet in order to match-up with an adjacent street wall.

Waive street wall requirements at locations with minimal street wall character or adjacent to elevated structures such as subways or bridge abutments. The Tower-on-a-Base regulations were developed to ensure that the bases of residential towers were consistent with neighboring buildings. There are some settings, however, where the existing streetscape does not justify the street wall requirement, such as areas extensively developed pursuant to the 1961 bulk regulations where there is no defined street wall and areas where elevated subways, bridges and other structures make street walls inappropriate. In addition, street wall requirements would not apply to full-block sites.

Apply minimum tower coverage to all districts with a 360-foot height limit. The minimum tower coverage requirement (33% of the zoning lot) currently applicable on wide streets would be expanded to apply to all developments in R9, R10 and C1 and C2 equivalent districts that have a height limit of 360 feet. This change would reduce the amount of floor area that can be added to a building by means of a zoning lot merger. This requirement would not apply to C4, C5 and C6 districts with R9 or R10 equivalents, where commercial buildings that are not subject to the tower coverage requirement can rise above 360 feet.

Eliminate "packing the bulk". The "packing-the-bulk" rule requires that 55% of the floor area on a zoning lot be located below a height of 150 feet. The rule was intended to limit transfers of floor area by zoning lot mergers and by doing so to limit the height of the building. A review of existing tower-on-a-base buildings, however, shows that the minimum 33% tower-coverage requirement adequately addresses these concerns. The proposed district height limit would provide the definitive answer to concerns about building height.

Bulk Requirements in Lower-Density Districts for Residential Building Residential buildings in the lowest-density districts (R1 and R2) would be subject to a contextual envelope to replace the 1961 height and setback rules. The maximum lot coverage would be 35%. The maximum perimeter wall height would be 21 feet, with a sloping roof rising to 35 feet (the current R4A envelope), except on large lots where the perimeter wall could rise to 35 feet.

Such provisions are not needed in R3 to R5 districts, where residential buildings are already limited to a contextual envelope based on the small-scale building patterns of residences.

Bulk Requirements in Lower Density Districts for Community Facility, Commercial and Manufacturing Developments In R1-R5 districts, equivalent commercial overlays, C3, C4-1, C8-1 and M1-1 districts, bulk rules suitable for residential buildings do not work for community facility, commercial and manufacturing buildings, which require larger interior spaces. These buildings, where permitted, would be subject to new height and setback regulations that would provide more certainty as to scale than the existing sky exposure plane regulations. Again, two basic building types would be allowed. A contextual building could rise to a standard height limit of 50 feet, with a maximum base height of 30 feet. Above the maximum base height, setbacks of 10 feet on a wide street and 15 feet on a narrow street would be required. A taller building would be permitted only in limited situations - to provide greater flexibility on community facility campuses and to accommodate structures needed for some industrial processes. In these settings, buildings could rise to the district height limit of 90 feet but would be limited to structures erected more than 100 feet from a street.

Bulk Requirements in Medium and High-Density Manufacturing Districts Many of the city's high-density manufacturing districts that allow an FAR of 10 (M1-6), developed with old loft buildings, have a significantly different character from areas developed later with taller buildings. Therefore, M1-6 districts generally would have a 210-foot height limit consistent with this high-density context, but no towers or plaza bonuses would be permitted. Exceptions would be made for districts in Manhattan where there are already towers, and loft buildings are interspersed with office development. Towers up to 495 feet (with a 40% coverage requirement) would be permitted in the M1-6 districts in Midtown Manhattan, such as the Garment District, Garment Center East and the area west of Penn Station.
In medium-density manufacturing districts that allow an FAR of between 2 and 5 FAR for commercial or manufacturing buildings (M1-2 through M1-5, M2 and M3), each district would have a maximum base height and district height limit commensurate with the heights of existing buildings in these districts and the programmatic needs of industrial structures.

Regulations for Existing Tower-in-the-Park Developments Existing "tower-in-the-park" residential developments were allowed to include taller buildings in exchange for additional open space and consequently many did not build out their full floor area. To preserve these open spaces, restrictions would be placed on enlargements of these developments. As-of-right enlargements of existing developments that exceed the standard height limit would not be permitted unless the lot area retained as open space is 70% in R6 districts, 65% in R7 districts and 60% in R8 districts. The City Planning Commission could authorize a reduction of the open space upon a finding that the remaining open space is adequate for the enlarged development and that the enlargement enhances the development's relationship to the surrounding community.

Changes to Other Bulk and Density Regulations Several changes would serve the important purpose of providing a more unified, simpler set of residential bulk and density regulations:

Floor Area Ratios The Unified Bulk Program would replace the current range of interconnected floor area ratios and open space ratios of the 1961 zoning with a single floor area ratio and coverage requirement for each district. FAR currently measured to the second decimal place (hundredths) would be measured to a single decimal place (tenths). This would be a marginal increase from the height factor maximums in some districts and a marginal decrease in others. On narrow streets in R6 districts, the maximum floor area ratio would decrease from 2.43 to 2.2. (Community facility FAR would be correspondingly lowered from 4.8 to 4.4).

The current increase in FAR available for contextual development on wide streets outside the Manhattan core under the optional Quality Housing regulations (to 3.0 in R6 districts, 4.0 in R7 districts and 7.2 in R8 districts), would be maintained in the same locations for developments that do not exceed the standard height.

Density Controls The use of zoning room counts as a control on density in R6 - R10 districts would be replaced with dwelling unit (or where permitted rooming unit) counts based on the permitted residential floor area. Dwelling unit counts are already used in R1 - R5 districts, contextual R6 through R10 districts, the R6-R10 Quality Housing Optional Regulations, residential conversions in the community districts covered by Section 15-00, in the Special Mixed Use Districts and in the waterfront regulations.

These density controls would also apply to the residential conversion of existing non-residential buildings governed by Section 15-00, which would marginally increase the permitted density in conversions of buildings with more floor area than permitted in the underlying zoning district.

The Quality Housing Program The Quality Housing Program would be eliminated. Its standards would be integrated into the generic regulations and would apply to all residential buildings containing more than nine dwelling units. The floor area deductions would only be available to buildings using the standard envelope.

The areas, called Study Areas, where the optional contextual regulations do not apply at present, would receive special regulations. These would limit residential buildings on the remaining applicable Study Area lots containing small homes to no more than four stories, and set the FAR at 1.85 for four story buildings and 1.62 for buildings of three or fewer stories. This would keep the current effective FARs for the buildings typically developed in these areas in place until rezoning studies are finished.

Changes Affecting Split Lots and Zoning Lot Mergers The rules governing zoning lots that are split by zoning district boundaries would be clarified and simplified to ensure greater predictability. Each portion of the lot would have to comply with all applicable use, bulk and parking regulations except as noted below.

Floor Area No floor area could be transferred across a district boundary on a split lot, except as follows:

Split lots where the zoning districts on both sides of the boundary have comparable floor area, height, setback and bulk controls would be treated like any other zoning lot -- as they are under the existing zoning. However, districts with similar floor area regulations for some uses but different height and setback regulations or different floor area regulations for other uses would no longer be considered comparable. To eliminate current ambiguities, the zoning would include a definitive list of the districts that are "comparable" for purposes of the transfer of floor area across district lines. This would prevent inappropriate shifts of floor area between Districts.

Split lots which were single zoning lots at the time the zoning district boundary splitting the lot was drawn, would be treated as if the entire lot were in the zoning district covering the larger portion of the lot if the smaller portion of the split lot is less than 25 feet wide. Where the smaller portion of the lot is more than 25 feet wide, floor area and density on a split lot could be shifted from the higher density district to the lower density only in an amount up to the weighted average FAR or density for the entire zoning lot. The weighted average rule applies today. However, because of ambiguities in the text, it is not always clear when a district is comparable and when the weighted average provisions apply.

In contextual developments outside Manhattan Community Boards 1 through 8, floor area and density could be shifted from the portion of a split lot in the lower-density district to the portion in the higher-density district, subject to a 20% cap on any increase in the higher density district. The same rule would apply within a single zoning district where a zoning lot is subject to different floor area ratios on different parts of the lot (for example in R6 districts where the FAR is 3.0 within 100 feet of a wide street and 2.2 elsewhere).

Density Dwelling units or rooming units (where permitted) could be located in any permitted residential floor area.
Lot Coverage Lot coverage could be averaged for any lot, and the requirement could be met anywhere on the lot.

Parking and Loading Parking and loading requirements could be averaged for any lot, and the parking or loading could be located anywhere on the lot in accordance with underlying curb cut and location regulations.

Changes Affecting Bonuses for Public Spaces

Elimination of Bonuses Many of the public spaces that have received floor area bonuses under the existing zoning have been found to produce only limited public benefits and are inconsistent with the goal of enhancing the street wall character of residential neighborhoods, which is one of the goals addressed by the Unified Bulk Program. Accordingly, bonuses for the following would be eliminated:

As-of-right residential plazas, which are inconsistent with the street wall character of neighborhoods and tend to become privatized.

Arcades, which are seldom built and undermine the street wall.

Through-block arcades, which, as a rule, contribute little except when they are part of a planned pedestrian network.

Sidewalk widenings, which, when located without regard to pedestrian volumes, are unnecessary.

Elevated and sunken plazas, which are inconsistent with the goal of assuring that public plazas are readily accessible.

Plazas in M1-6 districts characterized by pre-war loft buildings except in those Manhattan districts where new commercial towers are permitted.

Plazas in C6-1 (other than C6-1A) and C6-2 districts, the only generic middle-density districts that currently offer a plaza bonus. Density and pedestrian traffic in these districts do not justify the provision of the bonus.

Residential buildings in high-density C4, C5 and C6 districts would have a special permit bonus for an open space amenity based on superior design and the need for such amenity, ability to maximize sunlight on nearby parks or playgrounds and enhance the relationship of the development to the surrounding neighborhood.

Commercial and Community Facility Plazas Commercial and community facility plazas, given the public nature of the buildings that adjoin them, generally provide a valuable public amenity. The bonus for these amenities would be retained. Both types of plazas would be required to meet the updated and more exacting Urban Plaza standards. This change would leave the Zoning Resolution with one set of plaza design guidelines.

Approvals for Reductions in Bonused Public Spaces Currently, a special permit is required to reduce the size of a public space that generated a floor area bonus, unless there is a corresponding reduction in the floor area of the building or the substitution of equivalent complying space. However, transfers of floor area through zoning lot mergers or conversion of zoning floor area to mechanical space, which does not count as zoning floor area, have been used to reduce a building's reliance on a bonused public space to justify its zoning floor area and hence to enable a reduction in the size of the bonused space. The City Planning Commission has no opportunity to review the effects of such a modification on the public space. For this reason, any reduction of a public space that generated a floor area bonus would require a special permit.

Many developments containing bonused public space contain more open area than was required to generate the bonus floor area actually built. Assuming that other regulations are complied with, this excess space can be developed. A certification would be required, however, to ensure that the bonused public space still complies with the zoning requirements after it has been modified.

Changes Affecting Authorizations and Special Permits No system of bulk requirements is perfect. Inevitably, the proposed tightening of building envelopes will produce some situations where the rules do not produce the desired result in a specific location. For this reason, the Unified Bulk Program would replace existing approvals for bulk waivers with a broader two-tiered approach to waivers. Minor modifications of all street wall, coverage, court and distance between building regulations would be available by City Planning Commission authorization, if found to be consistent with and enhancing of neighborhood character. A City Planning Commission special permit would be available for more significant modifications, relating to height, tower coverage, street wall and yard regulations. To encourage innovation and quality architecture, this special permit would include a finding that the design of the development is of superior quality. A panel of architects and others concerned with design issues would be established to advise the City Planning Commission on the design merits of these special permit applications

Another City Planning Commission special permit would replace an existing Board of Standards and Appeals special permit. It would be available to community facility uses to provide flexibility for unique programmatic requirements or to integrating new buildings into existing campuses. The current BSA special permit is limited to campuses that existed in 1961. That special permit would be eliminated.

Associated Changes To implement the objectives of the Unified Bulk Program, the proposal would reorganize and consolidate a number of regulations.

The current Resolution's several dormer rules and separate balcony rules for the contextual and non-contextual districts, which do not differ significantly, would be merged.

The sole existing C5-2A district would be eliminated. It is mapped only along Manhattan's Lexington Avenue between 54th and 57th streets. As described in greater detail in the following section, the Department is proposing a related action that would rezone this portion of Lexington Avenue as a C5-2.5 district within the Special Midtown district with the same FAR and a similar bulk envelope.

A generic C5-2A district with the R10A bulk envelope would be established. This district would be the same as the existing C6-4A district but limited to only C5 uses. The Department expects to submit an application to map this designation in portions of the Park Avenue South area of Manhattan within the near future.

The current optional Quality Housing parking requirements would apply to new developments and enlargements that do not exceed the standard height limits. Existing 1961 parking requirements would be retained for developments that exceed these new envelopes (and have more on-site land available for parking). Existing buildings would be required to retain all previously required parking.

The existing R10 Infill regulations, a precursor to contextual zoning applicable in Manhattan Community District 7, would be eliminated, although the 10 FAR requirement would be retained. Since the adoption of the Infill regulations, most of the R10 districts in Community Board 7 have been rezoned to R10A. The proposed new R10 height and setback regulations would be appropriate for the handful of potential development sites in the remaining R10 districts in Community District 7.

The R7-3 and R9-1 districts, which currently are only available for mapping on waterfront blocks or in Special Mixed Use districts, would be eliminated from those regulations and established as generic districts.

Two of the four limited height districts, LH-2 and LH-3, have never been mapped. They would be eliminated since contextual districts are available to control height.

The height of all developments in residential and commercial districts would be measured *from the base plane. This would provide*

greater certainty as to the effectiveness of the new height limits in areas where residences are permitted. Currently, height is measured from curb level in non-contextual districts, and from the base plane in R6-R10 contextual districts and for residential buildings in R3-R5 districts, and for buildings under the optional Quality Housing regulations.

The minimum distance between towers for twin or multiple tower buildings would be set at 45 feet, where the facing towers are no more than 60 feet deep, to make this building type practical. Currently, the minimum distance is 60 feet.

The rules regulating elevator and stair bulkheads would be clarified to ensure sufficient room for bulkheads on small lots.

To protect adjacent residential rear yards, rear yard equivalents would be required for through lots in C6-2A and C6-3A districts above the lesser of two stories or 30 feet. Currently, a rear yard equivalent is required only for residential buildings.

Changes to Special Districts. There are 32 Special Purpose Districts that have additional zoning regulations designed to achieve specific, localized planning objectives in individual communities. Most of these districts incorporate bulk regulations that supplement or supercede the underlying zoning. Where necessary these districts would be revised to insure that the revised bulk requirements do not undermine the intentions of the individual Special District.

NOTICE

On Tuesday, April 25, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the Unified Bulk Program and Related Zoning Map and Text Amendments, a proposal by the Department of City Planning for three interrelated zoning actions: 1) the Unified Bulk Program, a citywide zoning text amendment intended to simplify, rationalize and improve controls on the height and massing of development, 2) the Lexington Avenue Rezoning, which would rezone several blocks along Lexington Avenue between East 54th Street and East 57th Street from C5-2A to C5-2.5(MiD) and extend the Special Midtown District to include this area, and 3) zoning map and text amendments to create a new special district in the central business district of Downtown Brooklyn.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DCP034Y.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by *the Office of the Deputy Mayor of Economic* Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

I. Rate Proposal
It is currently anticipated that there will be a change from currently effective water and wastewater rates for services provided during the fiscal year commencing July 1, 2000.
(1) Metered and unmetered water rates will increase by 1.0%
(2) The wastewater rate will remain at 159% of the corresponding water charge which is payable on each account
(3) With respect to water sales to municipalities and water districts north of the City, the regulated rate will be increased to approximately $414.42 per million gallons and the rate for amounts in excess of allowance quantities will be equal to the in-city metered rate of approximately $1,751.34 per million gallons

II. Multiple Family Conservation Proposal
The objective of this proposal is to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings. The program is expected to replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The dwelling unit charge will be subject to the general rate level changes each year, if any. The Board will periodically review this fixed rate to ensure that it continues to be consistent with the Board's objectives. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001. A detailed description of the program requirements is available.

III. Charges for Steam Condensate Discharges to Sewer System
The Board is proposing explicit charges for Steam Condensate discharges into the wastewater system as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as SteamClassification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

IV. Other Billing Policy Changes
It is also contemplated that certain billing and customer service policies will be changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Program; program eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Account Reconciliation Fee - new miscellaneous fee to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system can ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - make explicit the Board's authority to apply credit balances against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter will be required to file an engineer's report; Delinquent accounts will, upon notice, have Wastewater Allowances revoked; if reinstated, a revoked Wastewater Allowance will be effective as of the date full payment is received.
(7) Meter Surcharge - clarify application of meter surcharge to when a customer fails to install a meter.
(8) Permanent Boiler - clarify instances where this existing frontage charge may be applied.

SUPREME COURT, NEW YORK COUNTY
NOTICE OF PETITION NEW YORK COUNTY
INDEX NUMBER 401218/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use in space for the MANHATTAN DISTRICT 6 SANITATION GARAGE located at 606 West 30th Street within the area being generally bounded by West 30th Street, 11th Avenue, West 29th Street and 12th Avenue, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on the 19th day of April 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

Beginning at a point on the southerly line of the said West 30th Street, where the dividing line between tax lots 38 and 39 in Manhattan tax block 675 intersects the southerly line of said West 30th Street, the said point being a distant 125.00 feet westwardly from the corner formed by the intersection of the southerly line of West 30th Street and the westerly line of the said 11th Avenue, measured along the said southerly line of West 30th Street;

Running thence, southwardly, perpendicular to the said southerly line of West 30th Street and along the westerly line of the said lot 38 in Manhattan tax block 675, for 98.75 feet to a point on the northerly line of lot 26 in Manhattan tax block 675;

Thence, westwardly, parallel to the said southerly line of West 30th Street and along the northerly lines of lots 26, 24 and 12 in Manhattan tax block 675, for 150.00 feet to a point on the easterly line of lot 1 in Manhattan tax block 675;

Thence, northwardly, perpendicular to the said southerly line of West 30th Street and along the said easterly line of tax lot 1 in Manhattan tax block 675, for 98.75 feet to a

point on the said southerly line of West 30th Street;

Thence, eastwardly, and along the said southerly line of West 30th Street for 150.00 feet back to the point of beginning.

This parcel consists of lot 39 in tax block 675, as shown on the "Tax Map" of the City of New York, Borough of Manhattan, and comprises an area of 14,813 square feet or 0.34004 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to

Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

SUPPORTED HOUSING PROGRAMS FOR SPMI/AOD ADULTS LIVING WITH HIV/AIDS – CP/2 – PIN# 817RFP000003 – DUE 05-22-00 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to award, through the Request for Proposal (RFP) procurement method, contracts for two citywide programs that will afford Housing Opportunities for Persons with HIV/AIDS (HOPWA) who have serious and persistent mental illness (SPMI) and/or alcohol or other drug abuse (AOD) histories. The housing model may be a single site or multiple sites and/or scatter site units. The programs will be funded from the HOPWA Consolidated Plan. The anticipated contract term for the awards will be August 1, 2000 through June 30, 2003 and renewable upon Department approval for a maximum of two terms of three years each.

PROGRAM OPTION #1: SUPPORTED HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $690,000). (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide permanent housing, rental assistance and appropriate supportive services to assist a minimum of 30 women clients, including single women with children, to live as independently as possible.

PROGRAM OPTION #2: TRANSITIONAL HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $810,000) (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide housing and appropriate supportive services to assist a minimum of 30 adults annually to address their various special needs and to facilitate their transition to permanent housing.

MINIMUM QUALIFICATION REQUIREMENT: The proposer must be incorporated as a not-for-profit organization. **Proposers which fail to meet this minimum qualification requirement will be found non-responsive and disqualified.**

The RFP document may be picked up beginning April 12, 2000 at 93 Worth Street, Room 200, New York, N.Y. 10013, between the hours of 9:00 A.M. and 5:00 P.M. An optional, but recommended, Pre-Proposal Conference will be held on April 24, 2000 at 1:00 P.M. at Spector Hall, 22 Reade Street, New York City. All proposals must be hand-delivered to the Department's Office of Contract Management at 93 Worth Street, Room 200, no later than 4:00 P.M. on May 22, 2000. Questions regarding this RFP will be addressed at the Pre-Proposal Conference. In order to provide the Department with the time to prepare accurate responses, we will accept questions submitted in writing to Karen Mankin, Contracting Officer, up to three days prior to the meeting. However, all questions (including those initially raised) will be addressed at the Pre-Proposal Conference and, as necessary, in the form of an addendum to the RFP.

EIS AND SOLID WASTE MANAGEMENT PLAN – Negotiated Acquisition – PIN# 82700RR00155 – AMT: $2,408,000 – TO: Henningson, Durham and Richardson Architecture and Engineering, PC in Association with HDR Engineering, Inc.
711 Westchester Ave. White Plains, NY 10604

The New York City Department of Sanitation (DOS) intends to conduct a negotiated acquisition with Henningson, Durham and Richardson, Architecture and Engineering (HDR) to continue with services being provided by HDR for Environmental review and various other tasks in connection with the New York City Solid Waste Management Plan (SWMP). This contract extension shall have a term of March 14, 2000 to October 13, 2000.

Pursuant to PPB Section 3-04(b)(l)(iii), there is a compelling need to extend this contract beyond the permissible 12-month limit. The existing contract for these services with this vendor had previously been extended.

The contract is being extended in order to allow for the completion of on-going services in connection with the preparation of an Environmental Impact Statement and various tasks related to the preparation and implementation of the SWMP. The DOS intends to conduct a solicitation within the next few months for long term services to be provided in support of the implementation of the SWMP. Any vendors who believe they can provide these services in the future and would like to be notified of the above solicitation may contact the Department of Sanitation.

Department of Sanitation Solid Waste Management, 44 Beaver Street, 12th Floor, New York, New York 10004. Attn: Harry Szarpanski, P.E. Director, Special Projects, (212) 837-8323.

AGENCY RULES

BUILDINGS

■ NOTICE

PROMULGATION OF RULES RELATING TO FEES PAYABLE TO THE DEPARTMENT OF BUILDINGS.

Pursuant to Section 1043 of the New York City Charter, the Department of Buildings hereby adopts the following rules relating to fees payable to the Department of Buildings.

Dated: March 7, 2000
New York, New York

Richard C. Visconti, R.A.
Acting Commissioner

New material is underlined

Section 1. Section 14-04 of Title 1 of the Rules of the City of New York is amended by adding new subdivisions (f), (g) and (h) as follows:

§ 14-04 Fees Payable to the Department of Buildings.

The Department shall charge the following fees:

(a) Issuance of a core certificate of completion, which indicates completion of the building structure, the elevator systems, stairs, and all fire safety systems..... one hundred dollars.

(b) Issuance of a temporary place of assembly permit for occupancy as a place of assembly for a temporary event..... two hundred fifty dollars and, in addition, where the written request for such permit is received less than ten (10) business days prior to the scheduled event, an additional charge of one hundred dollars per day measured from the tenth business day prior to the scheduled event to and including the date of the receipt of the written request for such permit.

(c) Each inspection of a temporary amusement device pursuant to reference standard RS 18-10..... one hundred dollars.

(d) Issuance of letter of no objection to or classification of a specified occupancy of a premises, as follows: 1-, 2-, or 3-family homes..... twenty-five dollars; all other premises.....one hundred dollars.

(e) Filing of post-approval amendments to existing applications.....the greater of one hundred dollars or the fees for the additional scope or cost of work as calculated pursuant to Administrative Code §26-212.

(f) Examination required by §26-01, subd. (c) for the issuance of Site Safety Manager certificates:.....three hundred and fifty dollars.

(g) Examination required by § 11-01, subd. (a)(2)(ii) for an Agency Director Certificate of Approval:.....three hundred and fifty dollars.

(h) Examination required by § 11-01, subd. (b)(2)(ii) for Elevator Agency Inspector Certificate of Approval:.....three hundred and fifty dollars.

STATEMENT OF BASIS AND PURPOSE

The foregoing rule is proposed pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043(a) of the New York City Charter and Sections 27-1009(d) and 27-1000(a) of the Administrative Code. In addition to satisfying other requirements, applicants for site safety manager certificates and certificates for elevator agency directors and inspectors must pass Department of Buildings examinations to qualify for such certificates. The development and administration of these examinations require substantial expenditures by the Department and the fees established in the proposed rule are meant to assist the Department in recouping some of these costs.

■ PUBLIC HEARINGS

BOROUGH PRESIDENT OF BROOKLYN
NOTICE OF PUBLIC HEARING BY THE BOROUGH BOARD
TUESDAY APRIL 18, 2000 6:00 P.M.
BROOKLYN BOROUGH HALL
209 JORALEMON STREET, COMMUNITY ROOM

NOTICE IS HEREBY GIVEN THAT the following matters have been scheduled for a public hearing by the Brooklyn Borough Board.

UNIFIED BULK ZONING TEXT AMENDMENT (000244ZRY)

The Department of City Planning is seeking approval to amend the Zoning Resolution based on unifying the standards that control height, setback, open space, parking and density for new building construction and the enlargement of buildings. The amendment would also introduce comprehensive height limits and introduce a bulk modification special permit based on good building design. In addition, it would clarify regulations for any lot in more than one zoning district, limit floor area transfer potential based on the merging of zoning lots and limit the applicability of providing a public plaza in return for a floor area bonus.

All persons present wishing to speak will be heard in the order of their arrival. The hearing officer may limit the time per speaker to assure fairness to all persons wishing to speak. Individuals requesting sign language interpreters should contact the Borough President's Office at (718) 802-4033.

CITYWIDE ADMINISTRATIVE SERVICES

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT A REAL PROPERTY PUBLIC HEARING ON ACQUISITIONS AND DISPOSITIONS, in accordance with Section 824 of the New York City Charter, will be held at 10:00 a.m. on June 7, 2000 on the Public Hearing Chamber on the 2nd floor of City Hall in Manhattan in the matter of a proposed lease for The City of New York, as Tenant, of approximately a total of 28,422 rentable square feet of space, which includes 22,207 rentable square feet of interior space and 6,215 rentable square feet of playroom area of the building located at 3261 Third Avenue (Block 2368, Lot 39), in the Borough of the Bronx for the Administration for Children's Services, Agency for Child Development to use as a day care center or for such other use as the Commissioner of the Department of Citywide Administrative Services may determine.

The proposed lease shall be for a period of ten (10) years from date of lease execution (the "Commencement Date") at the annual rental of $279,472.00 ($11.04 psf for interior, $5.52 psf for playroom) from the Commencement Date through the 5th lease year, and at the annual rental of $308,552.68 ($12.19 psf for interior, $6.09 psf for playroom) for the 6th through 10th lease years.

Tenant shall have the option to further renew the lease for an additional ten (10) year term, upon the same terms and conditions, except at annual rentals of $340,733.17 ($13.46 psf for interior, $6.73 for playroom) for years 1 through 5, and at $376,173.47 ($15.72 psf for interior, $7.43 psf for playroom), subject to Uniform Land Use Review Procedure (ULURP) approval.

Further information, including public inspection of the proposed lease may be obtained at One Centre Street, Room 2000 North, New York, N.Y. 10007. To schedule an inspection, please contact Chris Fleming at (212) 669-7497.

Individuals requesting Sign Language Interpreters should contact the Mayor's Office of Contracts, Public Hearings Unit, 253 Broadway, Room 915, New York, N.Y. 10007, (212) 788-7490, no later than (SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING).

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held in City Hall, New York, New York 10007, on Tuesday, April 25, 2000, commencing at 10:00 a.m.

CITYWIDE N 000244 ZRY

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, **for amendment of the Zoning Resolution** of the City of New York relating to various sections as follows:

Description of the Proposal - Unified Bulk Regulations

The Unified Bulk Regulations consists of more than 500 pages of zoning text modifications. The new text would modify and replace existing text, add new text, and reorganize and renumber major portions of the Zoning Resolution. For the purpose of this description, the proposal has been divided into seven broad categories of changes: changes affecting height and setback envelopes; changes to other bulk and density regulations; changes affecting split lots and zoning lot mergers; changes to bonuses for public spaces; changes to authorizations and special permits; associated changes; and changes to Special Districts. Each of these categories is summarized below.

Changes Affecting Height and Setback Envelopes The proposed height limits and setback rules would replace the multiple alternative envelopes in the existing text with one or two simple building envelopes for each zoning district. They would eliminate, among other provisions, tower-in-a-park buildings, sky exposure planes and height factor zoning. The proposed envelopes are designed to reflect the general built character of each zoning district. They are more restrictive in terms of height and bulk than the existing zoning, but allow more flexibility than a contextual zoning district. They are designed to allow all the permitted floor area to be used on a typical lot, but to limit the use of techniques that have produced out-of-scale buildings, such as inappropriate transfers of bulk across zoning district boundaries, transfers of unused development rights from existing buildings to a development site, and deductions of mechanical space from zoning floor area. In the highest density districts (R9, R10 and equivalents), for example, the district height limits are designed to accommodate a roughly 10% allowance for mechanical space and 25% for off-site floor area from a zoning lot merger.

Height and setback requirements in contextual zoning districts would not be changed under the Unified Bulk Program. In special districts, minimal changes needed to incorporate the new concepts and terminology of the Unified Bulk Program would be made where necessary. The proposed height limits would not be applicable in the Special Midtown and Special Lower Manhattan Districts. In the waterfront area, Unified Bulk height and setback rules would apply only to industrial uses currently exempt from the waterfront regulations, and its density regulations would replace the existing underlying regulations. Existing FAR's would be rounded.

In non-contextual medium-density and high-density districts (R6 to R10 and equivalents), two basic building types would be allowed: (1) a shorter contextual building and (2) a taller building with a setback. The goal is to bring new buildings back into scale within each district, but not to constrict them to a purely contextual shape. This approach also reflects the fact that in many districts development occurs in a context of taller buildings that do not hold the street wall. Developers of nonresidential buildings would be able to make a choice about which of the two building types best fits with the program, economics and other elements of a project. Residential buildings would be limited to the contextual shape except in defined circumstances where a taller building would be appropriate - for example, when they are adjacent to elevated structures. The maximum height of the more contextual building would be governed by a "standard" building height limit, which would vary on wide and narrow streets. The maximum height of the taller building would be set by a "district" height limit. The proposed district height limits are generally lower than the building heights that can be achieved under the existing zoning.

Each zoning district would have minimum and maximum heights for a residential building's base. To maintain the character of the streetscape, residential buildings utilizing the contextual shape would not be permitted to set back below the district's minimum base height and would be required to set back above the maximum base height. The minimum required setback would be 10 feet on a wide street and 15 feet on a narrow street. The proposed base heights and standard height limits for most districts are based on the existing Optional Quality *Housing height limits.*

Residential buildings that share a side lot line with buildings that exceed the "standard" height by at least ten feet; that are located on full-block sites; that are part of Large Scale Residential Developments or General Large Scale Developments; or that are adjacent to elevated transit or road structures would be permitted to exceed the standard building height limit, up to the district height limit, and would not be required to set back further if they are set back from the street at grade. These buildings would be required to cover 33 percent of the lot at all levels below the top story to limit the potential for zoning lot mergers.

Commercial and community facility buildings could also be developed up to the district height limit and, when developed at the street line, would be required to set back at the maximum base height. However, commercial and community facility buildings that set back at street level would not be required to set back farther at the maximum base height.

Bulk Requirements in High Density Commercial Districts In the high density commercial districts (C4, C5 and C6 districts of 10 FAR or more), the proposed district height limits are 420, 495 or 720 feet reflecting the amount of commercial floor area permitted. These height limits were selected with the intention of allowing design flexibility within an envelope that accommodates a full build-out of the permitted floor area of a development site with a commercial tower occupying 40% of the zoning lot and floor-to-floor heights of 12 feet, together with an allocation for mechanical space (10% of building floor area) and for floor area from a zoning lot merger (25%). The height limits are designed to cap both deductions from zoning floor area for mechanical space and transfers of floor area by zoning lot merger, which sometimes have exceeded these percentages. Commercial and community facility buildings could set back from the street and then rise to the district height limit.

Residential buildings would be subject to the same district height limits in these commercial districts, but, unlike the commercial and community facility buildings, would be subject to the modified tower-on-a-base regulations described below.

Bulk Requirements in High Density Residential Districts The slimmer residential towers in high-density non-contextual residential districts (R9 and R10) have a more intimate relationship to the street and do not have the programmatic requirements of commercial and community facility buildings, which generate taller buildings. Accordingly, residential buildings in these districts would be subject not only to a shorter 360 foot height limit but to tighter building envelope requirements designed to produce a street wall that respects the prevailing scale of development and allows adequate light. The height limit, but not the tighter building envelope, would apply to community facility buildings in these districts.

Any tower with more than 25 percent of its floor area devoted to residential use would be subject to revised tower-on-a-base regulations. A residential building's base would be required to hold the street wall and would have a maximum height of 85 feet. Tower-on-a-base regulations would apply for the first time on narrow streets and would be modified to provide greater design flexibility without jeopardizing the objectives of limiting height, constraining zoning lot mergers and establishing a street wall. The changes would be as follows:

Establish street wall requirements for narrow streets. A street wall of from 45 to 85 feet high would be required for 70% of the lot line on narrow streets. Currently there are no such requirements beyond 100 feet of wide street.

Limit the placement of mid-lot towers. Currently, towers are permitted in the middle of a through lot in all districts that permit residential towers. In order to constrain such midblock towers, the rear yard equivalent requirements would be modified for through lots to require that mid-lot towers be located at least 30 feet from all side lot lines.

Simplify street wall requirements. The existing street wall recess and required match-up provisions would be eliminated, because they are too complicated and place unnecessary constraints on building design. Currently, developers are required to match building base heights to adjacent building heights if it is between 60 to 85 feet high and within ten feet of the street line. Architects have complained that the existing rules limit their ability to articulate a facade. A new building would be permitted to increase its street wall height to 100 feet in order to match-up with an adjacent street wall.

Waive street wall requirements at locations with minimal street wall character or adjacent to elevated structures such as subways or bridge abutments. The Tower-on-a-Base regulations were developed to ensure that the bases of residential towers were consistent with neighboring buildings. There are some settings, however, where the existing streetscape does not justify the street wall requirement, such as areas extensively developed pursuant to the 1961 bulk regulations where there is no defined street wall and areas where elevated subways, bridges and other structures make street walls inappropriate. In addition, street wall requirements would not apply to full-block sites.

Apply minimum tower coverage to all districts with a 360-foot height limit. The minimum tower coverage requirement (33% of the zoning lot) currently applicable on wide streets would be expanded to apply to all developments in R9, R10 and C1 and C2 equivalent districts that have a height limit of 360 feet. This change would reduce the amount of floor area that can be added to a building by means of a zoning lot merger. This requirement would not apply to C4, C5 and C6 districts with R9 or R10 equivalents, where commercial buildings that are not subject to the tower coverage requirement can rise above 360 feet.

Eliminate "packing the bulk". The "packing-the-bulk" rule requires that 55% of the floor area on a zoning lot be located below a height of 150 feet. The rule was intended to limit transfers of floor area by zoning lot mergers and by doing so to limit the height of the building. A review of existing tower-on-a-base buildings, however, shows that the minimum 33% tower-coverage requirement adequately addresses these concerns. The proposed district height limit would provide the definitive answer to concerns about building height.

Bulk Requirements in Lower-Density Districts for Residential Building Residential buildings in the lowest-density districts (R1 and R2) would be subject to a contextual envelope to replace the 1961 height and setback rules. The maximum lot coverage would be 35%. The maximum perimeter wall height would be 21 feet, with a sloping roof rising to 35 feet (the current R4A envelope), except on large lots where the perimeter wall could rise to 35 feet.

Such provisions are not needed in R3 to R5 districts, where residential buildings are already limited to a contextual envelope based on the small-scale building patterns of residences.

Bulk Requirements in Lower Density Districts for Community Facility, Commercial and Manufacturing Developments In R1-R5 districts, equivalent commercial overlays, C3, C4-1, C8-1 and M1-1 districts, bulk rules suitable for residential buildings do not work for community facility, commercial and manufacturing buildings, which require larger interior spaces. These buildings, where permitted, would be subject to new height and setback regulations that would provide more certainty as to scale than the existing sky exposure plane regulations. Again, two basic building types would be allowed. A contextual building could rise to a standard height limit of 50 feet, with a maximum base height of 30 feet. Above the maximum base height, setbacks of 10 feet on a wide street and 15 feet on a narrow street would be required. A taller building would be permitted only in limited situations - to provide greater flexibility on community facility campuses and to accommodate structures needed for some industrial processes. In these settings, buildings could rise to the district height limit of 90 feet but would be limited to structures erected more than 100 feet from a street.

Bulk Requirements in Medium and High-Density Manufacturing Districts Many of the city's high-density manufacturing districts that allow an FAR of 10 (M1-6), developed with old loft buildings, have a significantly different character from areas developed later with taller buildings. Therefore, M1-6 districts generally would have a 210-foot height limit consistent with this high-density context, but no towers or plaza bonuses would be permitted. Exceptions would be made for districts in Manhattan where there are already towers, and loft buildings are interspersed with office development. Towers up to 495 feet (with a 40% coverage requirement) would be permitted in the M1-6 districts in Midtown Manhattan, such as the Garment District, Garment Center East and the area west of Penn Station.
In medium-density manufacturing districts that allow an FAR of between 2 and 5 FAR for commercial or manufacturing buildings (M1-2 through M1-5, M2 and M3), each district would have a maximum base height and district height limit commensurate with the heights of existing buildings in these districts and the programmatic needs of industrial structures.

Regulations for Existing Tower-in-the-Park Developments Existing "tower-in-the-park" residential developments were allowed to include taller buildings in exchange for additional open space and consequently many did not build out their full floor area. To preserve these open spaces, restrictions would be placed on enlargements of these developments. As-of-right enlargements of existing developments that exceed the standard height limit would not be permitted unless the lot area retained as open space is 70% in R6 districts, 65% in R7 districts and 60% in R8 districts. The City Planning Commission could authorize a reduction of the open space upon a finding that the remaining open space is adequate for the enlarged development and that the enlargement enhances the development's relationship to the surrounding community.

Changes to Other Bulk and Density Regulations Several changes would serve the important purpose of providing a more unified, simpler set of residential bulk and density regulations:

Floor Area Ratios The Unified Bulk Program would replace the current range of interconnected floor area ratios and open space ratios of the 1961 zoning with a single floor area ratio and coverage requirement for each district. FAR currently measured to the second decimal place (hundredths) would be measured to a single decimal place (tenths). This would be a marginal increase from the height factor maximums in some districts and a marginal decrease in others. On narrow streets in R6 districts, the maximum floor area ratio would decrease from 2.43 to 2.2. (Community facility FAR would be correspondingly lowered from 4.8 to 4.4).

The current increase in FAR available for contextual development on wide streets outside the Manhattan core under the optional Quality Housing regulations (to 3.0 in R6 districts, 4.0 in R7 districts and 7.2 in R8 districts), would be maintained in the same locations for developments that do not exceed the standard height.

Density Controls The use of zoning room counts as a control on density in R6 - R10 districts would be replaced with dwelling unit (or where permitted rooming unit) counts based on the permitted residential floor area. Dwelling unit counts are already used in R1 - R5 districts, contextual R6 through R10 districts, the R6-R10 Quality Housing Optional Regulations, residential conversions in the community districts covered by Section 15-00, in the Special Mixed Use Districts and in the waterfront regulations.

These density controls would also apply to the residential conversion of existing non-residential buildings governed by Section 15-00, which would marginally increase the permitted density in conversions of buildings with more floor area than permitted in the underlying zoning district.

The Quality Housing Program The Quality Housing Program would be eliminated. Its standards would be integrated into the generic regulations and would apply to all residential buildings containing more than nine dwelling units. The floor area deductions would only be available to buildings using the standard envelope.

The areas, called Study Areas, where the optional contextual regulations do not apply at present, would receive special regulations. These would limit residential buildings on the remaining applicable Study Area lots containing small homes to no more than four stories, and set the FAR at 1.85 for four story buildings and 1.62 for buildings of three or fewer stories. This would keep the current effective FARs for the buildings typically developed in these areas in place until rezoning studies are finished.

Changes Affecting Split Lots and Zoning Lot Mergers The rules governing zoning lots that are split by zoning district boundaries would be clarified and simplified to ensure greater predictability. Each portion of the lot would have to comply with all applicable use, bulk and parking regulations except as noted below.

Floor Area No floor area could be transferred across a district boundary on a split lot, except as follows:

Split lots where the zoning districts on both sides of the boundary have comparable floor area, height, setback and bulk controls would be treated like any other zoning lot -- as they are under the existing zoning. However, districts with similar floor area regulations for some uses but different height and setback regulations or different floor area regulations for other uses would no longer be considered comparable. To eliminate current ambiguities, the zoning would include a definitive list of the districts that are "comparable" for purposes of the transfer of floor area across district lines. This would prevent inappropriate shifts of floor area between Districts.

Split lots which were single zoning lots at the time the zoning district boundary splitting the lot was drawn, would be treated as if the entire lot were in the zoning district covering the larger portion of the lot if the smaller portion of the split lot is less than 25 feet wide. Where the smaller portion of the lot is more than 25 feet wide, floor area and density on a split lot could be shifted from the higher density district to the lower density only in an amount up to the weighted average FAR or density for the entire zoning lot. The weighted average rule applies today. However, because of ambiguities in the text, it is not always clear when a district is comparable and when the weighted average provisions apply.

In contextual developments outside Manhattan Community Boards 1 through 8, floor area and density could be shifted from the portion of a split lot in the lower-density district to the portion in the higher-density district, subject to a 20% cap on any increase in the higher density district. The same rule would apply within a single zoning district where a zoning lot is subject to different floor area ratios on different parts of the lot (for example in R6 districts where the FAR is 3.0 within 100 feet of a wide street and 2.2 elsewhere).

Density Dwelling units or rooming units (where permitted) could be located in any permitted residential floor area.

Lot Coverage Lot coverage could be averaged for any lot, and the requirement could be met anywhere on the lot.

Parking and Loading Parking and loading requirements could be averaged for any lot, and the parking or loading could be located anywhere on the lot in accordance with underlying curb cut and location regulations.

Changes Affecting Bonuses for Public Spaces

Elimination of Bonuses Many of the public spaces that have received floor area bonuses under the existing zoning have been found to produce only limited public benefits and are inconsistent with the goal of enhancing the street wall character of residential neighborhoods, which is one of the goals addressed by the Unified Bulk Program. Accordingly, bonuses for the following would be eliminated:

As-of-right residential plazas, which are inconsistent with the street wall character of neighborhoods and tend to become privatized.

Arcades, which are seldom built and undermine the street wall.

Through-block arcades, which, as a rule, contribute little except when they are part of a planned pedestrian network.

Sidewalk widenings, which, when located without regard to pedestrian volumes, are unnecessary.

Elevated and sunken plazas, which are inconsistent with the goal of assuring that public plazas are readily accessible.

Plazas in M1-6 districts characterized by pre-war loft buildings except in those Manhattan districts where new commercial towers are permitted.

Plazas in C6-1 (other than C6-1A) and C6-2 districts, the only generic middle-density districts that currently offer a plaza bonus. Density and pedestrian traffic in these districts do not justify the provision of the bonus.

Residential buildings in high-density C4, C5 and C6 districts would have a special permit bonus for an open space amenity based on superior design and the need for such amenity, ability to maximize sunlight on nearby parks or playgrounds and enhance the relationship of the development to the surrounding neighborhood.

Commercial and Community Facility Plazas Commercial and community facility plazas, given the public nature of the buildings that adjoin them, generally provide a valuable public amenity. The bonus for these amenities would be retained. Both types of plazas would be required to meet the updated and more exacting Urban Plaza standards. This change would leave the Zoning Resolution with one set of plaza design guidelines.

Approvals for Reductions in Bonused Public Spaces Currently, a special permit is required to reduce the size of a public space that generated a floor area bonus, unless there is a corresponding reduction in the floor area of the building or the substitution of equivalent complying space. However, transfers of floor area through zoning lot mergers or conversion of zoning floor area to mechanical space, which does not count as zoning floor area, have been used to reduce a building's reliance on a bonused public space to justify its zoning floor area and hence to enable a reduction in the size of the bonused space. The City Planning Commission has no opportunity to review the effects of such a modification on the public space. For this reason, any reduction of a public space that generated a floor area bonus would require a special permit. Many developments containing bonused public space contain more open area than was required to generate the bonus floor area actually built. Assuming that other regulations are complied with, this excess space can be developed. A certification would be required, however, to ensure that the bonused public space still complies with the zoning requirements after it has been modified.

Changes Affecting Authorizations and Special Permits No system of bulk requirements is perfect. Inevitably, the proposed tightening of building envelopes will produce some situations where the rules do not produce the desired result in a specific location. For this reason, the Unified Bulk Program would replace existing approvals for bulk waivers with a broader two-tiered approach to waivers. Minor modifications of all street wall, coverage, court and distance between building regulations would be available by City Planning Commission authorization, if found to be consistent with and enhancing of neighborhood character. A City Planning Commission special permit would be available for more significant modifications, relating to height, tower coverage, street wall and yard regulations. To encourage innovation and quality architecture, this special permit would include a finding that the design of the development is of superior quality. A panel of architects and others concerned with design issues would be established to advise the City Planning Commission on the design merits of these special permit applications

Another City Planning Commission special permit would replace an existing Board of Standards and Appeals special permit. It would be available to community facility uses to provide flexibility for unique programmatic requirements or to integrating new buildings into existing campuses. The

current BSA special permit is limited to campuses that existed in 1961. That special permit would be eliminated.

Associated Changes To implement the objectives of the Unified Bulk Program, the proposal would reorganize and consolidate a number of regulations.

The current Resolution's several dormer rules and separate balcony rules for the contextual and non-contextual districts, which do not differ significantly, would be merged.

The sole existing C5-2A district would be eliminated. It is mapped only along Manhattan's Lexington Avenue between 54th and 57th streets. As described in greater detail in the following section, the Department is proposing a related action that would rezone this portion of Lexington Avenue as a C5-2.5 district within the Special Midtown district with the same FAR and a similar bulk envelope.

A generic C5-2A district with the R10A bulk envelope would be established. This district would be the same as the existing C6-4A district but limited to only C5 uses. The Department expects to submit an application to map this designation in portions of the Park Avenue South area of Manhattan within the near future.

The current optional Quality Housing parking requirements would apply to new developments and enlargements that do not exceed the standard height limits. Existing 1961 parking requirements would be retained for developments that exceed these new envelopes (and have more on-site land available for parking). Existing buildings would be required to retain all previously required parking.

The existing R10 Infill regulations, a precursor to contextual zoning applicable in Manhattan Community District 7, would be eliminated, although the 10 FAR requirement would be retained. Since the adoption of the Infill regulations, most of the R10 districts in Community Board 7 have been rezoned to R10A. The proposed new R10 height and setback regulations would be appropriate for the handful of potential development sites in the remaining R10 districts in Community District 7.

The R7-3 and R9-1 districts, which currently are only available for mapping on waterfront blocks or in Special Mixed Use districts, would be eliminated from those regulations and established as generic districts.

Two of the four limited height districts, LH-2 and LH-3, have never been mapped. They would be eliminated since contextual districts are available to control height.

The height of all developments in residential and commercial districts would be measured from the base plane. This would provide greater certainty as to the effectiveness of the new height limits in areas where residences are permitted. Currently, height is measured from curb level in non-contextual districts, and from the base plane in R6-R10 contextual districts and for residential buildings in R3-R5 districts, and for buildings under the optional Quality Housing regulations.

The minimum distance between towers for twin or multiple tower buildings would be set at 45 feet, where the facing towers are no more than 60 feet deep, to make this building type practical. Currently, the minimum distance is 60 feet.

The rules regulating elevator and stair bulkheads would be clarified to ensure sufficient room for bulkheads on small lots. To protect adjacent residential rear yards, rear yard equivalents would be required for through lots in C6-2A and C6-3A districts above the lesser of two stories or 30 feet. Currently, a rear yard equivalent is required only for residential buildings.

Changes to Special Districts. There are 32 Special Purpose Districts that have additional zoning regulations designed to achieve specific, localized planning objectives in individual communities. Most of these districts incorporate bulk regulations that supplement or supercede the underlying zoning. Where necessary these districts would be revised to insure that the revised bulk requirements do not undermine the intentions of the individual Special District.

(A copy of the complete Unified Bulk Program Zoning Text Amendment may be obtained from the Department of City Planning's Book Store at 22 Reade Street.)

NOTICE

On Tuesday, April 25, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the Unified Bulk Program and Related Zoning Map and Text Amendments, a proposal by the Department of City Planning for three interrelated zoning actions: 1) the Unified Bulk Program, a citywide zoning text amendment intended to simplify, rationalize and improve controls on the height and massing of development, 2) the Lexington Avenue Rezoning, which would rezone several blocks along Lexington Avenue between East 54th Street and East 57th Street from C5-2A to C5-2.5(MiD) and extend the Special Midtown District to include this area, and 3) zoning map and text amendments to create a new special district in the central business district of Downtown Brooklyn.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DCP034Y.

NOTICE

On Tuesday, April 18, 2000 at 10:00 a.m. in City Hall, a public hearing is being held by the Office of the Deputy Mayor of Economic Development, Planning, and Administration in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning the proposed Queens Center Mall Expansion. The proposal includes 1) expansion onto the City-owned Municipal Parking Field No. 1 immediately across 92nd Street from the existing mall and onto two gas station parcels on the block currently occupied by the mall; 2) the construction of a retail/pedestrian bridge over 92nd Street; and 3) the addition of a fourth floor of retail above the existing mall. In addition to the mall expansion, the project would also include the construction of an approximately 1,061-space public parking garage. The proposed action requires the following discretionary approvals subject to ULURP: 1) a Zoning Map amendment from C4-2, R6, and C8-1 to C4-5X; 2) Large-Scale Special Permits for height and setback waivers and variations in sign regulations; 3) a Parking Garage Special Permit to permit a public parking garage of up to 2,165 spaces, allow for rooftop parking, and permit floor space on one or more stories up to a height of 23 feet above curb level to be exempted from the definition of floor area; 4) a City Map amendment to demap volumes of air above the bed of 92nd Street; and 5) the Disposition of City-owned Property.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review Act (CEQR), CEQR No. 00DME007Q.

Thursday: May 4, 2000 5:00 P.M.

I. Rate Proposal
It is currently anticipated that there will be a change from currently effective water and wastewater rates for services provided during the fiscal year commencing July 1, 2000.
(1) Metered and unmetered water rates will increase by 1.0%
(2) The wastewater rate will remain at 159% of the corresponding water charge which is payable on each account
(3) With respect to water sales to municipalities and water districts north of the City, the regulated rate will be increased to approximately $414.42 per million gallons and the rate for amounts in excess of allowance quantities will be equal to the in-city metered rate of approximately $1,751.34 per million gallons

II. Multiple Family Conservation Proposal
The objective of this proposal is to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings. The program is expected to replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The dwelling unit charge will be subject to the general rate level changes each year, if any. The Board will periodically review this fixed rate to ensure that it continues to be consistent with the Board's objectives. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001. A detailed description of the program requirements is available.

III. Charges for Steam Condensate Discharges to Sewer System
The Board is proposing explicit charges for Steam Condensate discharges into the wastewater system as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as SteamClassification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

IV. Other Billing Policy Changes
It is also contemplated that certain billing and customer service policies will be changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Program; program eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Account Reconciliation Fee - new miscellaneous fee to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system can ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - make explicit the Board's authority to apply credit balances against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter will be required to file an engineer's report; Delinquent accounts will, upon notice, have Wastewater Allowances revoked; if reinstated, a revoked Wastewater Allowance will be effective as of the date full payment is received.
(7) Meter Surcharge - clarify application of meter surcharge to when a customer fails to install a meter.
(8) Permanent Boiler - clarify instances where this existing frontage charge may be applied.
(9) Backbilling Limitation - clarify definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and the proposed billing policy modifications, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Corona, New York 11368, (718) 595-3601 not later than April 28, 2000. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction,

Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list,

criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

2 COLUMBUS CIRCLE - RFP – CP/2 – DUE 05-02-00 AT 2:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for the redevelopment of 2 Columbus Circle in Manhattan. This 4,600 square-foot prime piece of real estate is currently the site of a vacant nine-story white marble block building. The land and building are located on the south side of Columbus Circle. The goal of this project is to redevelop the property for residential, hotel or other commercial uses. A design team has been selected to work on a permanent landscaping plan and redesign of the circle to smooth the flow of vehicular and pedestrian traffic. The site faces Central Park, the former New York Coliseum and 10 Columbus Circle, currently being redeveloped as Columbus Centre, Columbus Centre will be a 2.5 million-square-foot commercial development, consisting of headquarters for AOL-Time Warner, a luxury hotel and condominiums, retail space and an auditorium for Jazz at Lincoln Center. Complete guidelines and submission requirements are outlined in the RFP, which is available from EDC. To obtain an RFP, please contact Cheryl Elmore, Director, Contract Administration and Procurement, New York City Economic Development Corporation, 110 William Street, New York, New York 10038, at 212-312-3969; or by e-mail to info@newyorkbiz.com. Please refer to CC-0300 in the subject line. RFP submissions are due on Tuesday, May 2, 2000 by 2:00 p.m.

STUYVESANT COVE ENVIRONMENTAL CENTER – CP/2 – DUE 05-10-00 AT 3:00 P.M. – Is seeking the development of an Environmental Center that will successfully be integrated with a new two-acre riverfront park. Currently under construction, Stuyvesant Cove Park is located along the Manhattan waterfront, between East 18th Street and East 23rd Street. The design of the park interprets the relationship between the urban and the natural environment and the East River ecology. It is envisioned that the Environmental Center will use the park as a teaching tool and direct environmental programs serving the local community, adjacent schools and general public. Through this RFP we hope to solicit creative and innovative programming for the Environmental Center and Stuyvesant Cove Park. Complete development and guidelines and submission requirements are enclosed in the RFP. To obtain a copy of the RFP please contact Cheryl Elmore, Director Contract Administration and Procurement, EDC, 110 William Street, New York, NY 10038, 212-312-3969.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 442-6332, 161 William St., 10 Floor room 1018, NY, NY 10038, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

SUPPORTED HOUSING PROGRAMS FOR SPMI/AOD ADULTS LIVING WITH HIV/AIDS – CP/2 – PIN# 817RFP000003 – DUE 05-22-00 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to award, through the Request for Proposal (RFP) procurement method, contracts for two citywide programs that will afford Housing Opportunities for Persons with HIV/AIDS (HOPWA) who have serious and persistent mental illness (SPMI) and/or alcohol or other drug abuse (AOD) histories. The housing model may be a single site or multiple sites and/or scatter site units. The programs will be funded from the HOPWA Consolidated Plan. The anticipated contract term for the awards will be August 1, 2000 through June 30, 2003 and renewable upon Department approval for a maximum of two terms of three years each.

PROGRAM OPTION #1: SUPPORTED HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $690,000). (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide permanent housing, rental assistance and appropriate supportive services to assist a minimum of 30 women clients, including single women with children, to live as independently as possible.

PROGRAM OPTION #2: TRANSITIONAL HOUSING PROGRAM FOR WOMEN: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $810,000) (ADDITIONAL MAXIMUM ONE-TIME FUNDING; START-UP $225,000; MODERATE REHABILITATION: $690,000). REGION: CITYWIDE. This program will provide housing and appropriate supportive services to assist a minimum of 30 adults annually to address their various special needs and to facilitate their transition to permanent housing.

MINIMUM QUALIFICATION REQUIREMENT: The proposer must be incorporated as a not-for-profit organization. **Proposers which fail to meet this minimum qualification requirement will be found non-responsive and disqualified.**

The RFP document may be picked up beginning April 12, 2000 at 93 Worth Street, Room 200, New York, N.Y. 10013, between the hours of 9:00 A.M. and 5:00 P.M. An optional, but recommended, Pre-Proposal Conference will be held on April 24, 2000 at 1:00 P.M. at Spector Hall, 22 Reade Street, New York City. All proposals must be hand-delivered to the Department's Office of Contract Management at 93 Worth Street, Room 200, no later than 4:00 P.M. on May 22, 2000. Questions regarding this RFP will be addressed at the Pre-Proposal Conference. In order to provide the Department with the time to prepare accurate responses, we will accept questions submitted in writing to Karen Mankin, Contracting Officer, up to three days prior to the meeting. However, all questions (including those initially raised) will be addressed at the Pre-Proposal Conference and, as necessary, in the form of an addendum to the RFP.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Mental Health, 93 Worth Street, Room 200, New York, N.Y. 10013 "RFP will be available as of 04/12/00."

EIS AND SOLID WASTE MANAGEMENT PLAN – Negotiated Acquisition – PIN# 82700RR00155 – AMT: $2,408,000 – TO: Henningson, Durham and Richardson Architecture and Engineering, PC in Association with HDR Engineering, Inc. 711 Westchester Ave. White Plains, NY *10604*

The New York City Department of Sanitation (DOS) intends to conduct a negotiated acquisition with Henningson, Durham and Richardson, Architecture and Engineering (HDR) to continue with services being provided by HDR for Environmental review and various other tasks in connection with the New York City Solid Waste Management Plan (SWMP). This contract extension shall have a term of March 14, 2000 to October 13, 2000.
Pursuant to PPB Section 3-04(b)(l)(iii), there is a compelling need to extend this contract beyond the permissible 12-month limit. The existing contract for these services with this vendor had previously been extended.

The contract is being extended in order to allow for the completion of on-going services in connection with the preparation of an Environmental Impact Statement and various tasks related to the preparation and implementation of the SWMP. The DOS intends to conduct a solicitation within the next few months for long term services to be provided in support of the implementation of the SWMP. Any vendors who believe they can provide these services in the future and would like to be notified of the above solicitation may contact the Department of Sanitation.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

NOTICE IS HEREBY GIVEN THAT the following matters have been scheduled for a public hearing by the Brooklyn Borough Board.

UNIFIED BULK ZONING TEXT AMENDMENT (000244ZRY)

The Department of City Planning is seeking approval to amend the Zoning Resolution based on unifying the standards that control height, setback, open space, parking and density for new building construction and the enlargement of buildings. The amendment would also introduce comprehensive height limits and introduce a bulk modification special permit based on good building design. In addition, it would clarify regulations for any lot in more than one zoning district, limit floor area transfer potential based on the merging of zoning lots and limit the applicability of providing a public plaza in return for a floor area bonus.

All persons present wishing to speak will be heard in the order of their arrival. The hearing officer may limit the time per speaker to assure fairness to all persons wishing to speak. Individuals requesting sign language interpreters should contact the Borough President's Office at (718) 802-4033.

CITY PLANNING COMMISSION

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held in City Hall, New York, New York 10007, on Tuesday, April 25, 2000, commencing at 10:00 a.m.

CITYWIDE N 000244 ZRY

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, **for amendment of the Zoning Resolution** of the City of New York relating to various sections as follows:

Description of the Proposal - Unified Bulk Regulations

The Unified Bulk Regulations consists of more than 500 pages of zoning text modifications. The new text would modify and replace existing text, add new text, and reorganize and renumber major portions of the Zoning Resolution. For the purpose of this description, the proposal has been divided into seven broad categories of changes: changes affecting height and setback envelopes; changes to other bulk and density regulations; changes affecting split lots and zoning lot mergers; changes to bonuses for public spaces; changes to authorizations and special permits; associated changes; and changes to Special Districts. Each of these categories is summarized below.

Changes Affecting Height and Setback Envelopes The proposed height limits and setback rules would replace the multiple alternative envelopes in the existing text with one or two simple building envelopes for each zoning district. They would eliminate, among other provisions, tower-in-a-park buildings, sky exposure planes and height factor zoning. The proposed envelopes are designed to reflect the general built character of each zoning district. They are more restrictive in terms of height and bulk than the existing zoning, but allow more flexibility than a contextual zoning district. They are designed to allow all the permitted floor area to be used on a typical lot, but to limit the use of techniques that have produced out-of-scale buildings, such as inappropriate transfers of bulk across zoning district boundaries, transfers of unused development rights from existing buildings to a development site, and deductions of mechanical space from zoning floor area. In the highest density districts (R9, R10 and equivalents), for example, the district height limits are designed to accommodate a roughly 10% allowance for mechanical space and 25% for off-site floor area from a zoning lot merger.

Height and setback requirements in contextual zoning districts would not be changed under the Unified Bulk Program. In special districts, minimal changes needed to incorporate the new concepts and terminology of the Unified Bulk Program would be made where necessary. The proposed height limits would not be applicable in the Special Midtown and Special Lower Manhattan Districts. In the waterfront area, Unified Bulk height and setback rules would apply only to industrial uses currently exempt from the waterfront regulations, and its density regulations would replace the existing underlying regulations. Existing FAR's would be rounded.

In non-contextual medium-density and high-density districts (R6 to R10 and equivalents), two basic building types would be allowed: (1) a shorter contextual building and (2) a taller building with a setback. The goal is to bring new buildings back into scale within each district, but not to constrict them to a purely contextual shape. This approach also reflects the fact that in many districts development occurs in a context of taller buildings that do not hold the street wall. Developers of nonresidential buildings would be able to make a choice about which of the two building types best fits with the program, economics and other elements of a project. Residential buildings would be limited to the contextual shape except in defined circumstances where a taller building would be appropriate - for example, when they are adjacent to elevated structures. The maximum height of the more contextual building would be governed by a "standard" building height limit, which would vary on wide and narrow streets. The maximum height of the taller building would be set by a "district" height limit. The proposed district height limits are generally lower than the building heights that can be achieved under the existing zoning.

Each zoning district would have minimum and maximum heights for a residential building's base. To maintain the character of the streetscape, residential buildings utilizing the contextual shape would not be permitted to set back below the district's minimum base height and would be required to set back above the maximum base height. The minimum required setback would be 10 feet on a wide street and 15 feet on a narrow street. The proposed base heights and standard height limits for most districts are based on the existing Optional Quality Housing height limits.

Residential buildings that share a side lot line with buildings that exceed the

"standard" height by at least ten feet; that are located on full-block sites; that are part of Large Scale Residential Developments or General Large Scale Developments; or that are adjacent to elevated transit or road structures would be permitted to exceed the standard building height limit, up to the district height limit, and would not be required to set back further if they are set back from the street at grade. These buildings would be required to cover 33 percent of the lot at all levels below the top story to limit the potential for zoning lot mergers.

Commercial and community facility buildings could also be developed up to the district height limit and, when developed at the street line, would be required to set back at the maximum base height. However, commercial and community facility buildings that set back at street level would not be required to set back farther at the maximum base height.

Bulk Requirements in High Density Commercial Districts In the high density commercial districts (C4, C5 and C6 districts of 10 FAR or more), the proposed district height limits are 420, 495 or 720 feet reflecting the amount of commercial floor area permitted. These height limits were selected with the intention of allowing design flexibility within an envelope that accommodates a full build-out of the permitted floor area of a development site with a commercial tower occupying 40% of the zoning lot and floor-to-floor heights of 12 feet, together with an allocation for mechanical space (10% of building floor area) and for floor area from a zoning lot merger (25%). The height limits are designed to cap both deductions from zoning floor area for mechanical space and transfers of floor area by zoning lot merger, which sometimes have exceeded these percentages. Commercial and community facility buildings could set back from the street and then rise to the district height limit.

Residential buildings would be subject to the same district height limits in these commercial districts, but, unlike the commercial and community facility buildings, would be subject to the modified tower-on-a-base regulations described below.

Bulk Requirements in High Density Residential Districts The slimmer residential towers in high-density non-contextual residential districts (R9 and R10) have a more intimate relationship to the street and do not have the programmatic requirements of commercial and community facility buildings, which generate taller buildings. Accordingly, residential buildings in these districts would be subject not only to a shorter 360 foot height limit but to tighter building envelope requirements designed to produce a street wall that respects the prevailing scale of development and allows adequate light. The height limit, but not the tighter building envelope, would apply to community facility buildings in these districts.

Any tower with more than 25 percent of its floor area devoted to residential use would be subject to revised tower-on-a-base regulations. A residential building's base would be required to hold the street wall and would have a maximum height of 85 feet. Tower-on-a-base regulations would apply for the first time on narrow streets and would be modified to provide greater design flexibility without jeopardizing the objectives of limiting height, constraining zoning lot mergers and establishing a street wall. The changes would be as follows:

Establish street wall requirements for narrow streets. A street wall of from 45 to 85 feet high would be required for 70% of the lot line on narrow streets. Currently there are no such requirements beyond 100 feet of wide street.

Limit the placement of mid-lot towers. Currently, towers are permitted in the middle of a through lot in all districts that permit residential towers. In order to constrain such midblock towers, the rear yard equivalent requirements would be modified for through lots to require that mid-lot towers be located at least 30 feet from all side lot lines.

Simplify street wall requirements. The existing street wall recess and required match-up provisions would be eliminated, because they are too complicated and place unnecessary constraints on building design. Currently, developers are required to match building base heights to adjacent building heights if it is between 60 to 85 feet high and within ten feet of the street line. Architects have complained that the existing rules limit their ability to articulate a facade. A new building would be permitted to increase its street wall height to 100 feet in order to match-up with an adjacent street wall.

Waive street wall requirements at locations with minimal street wall character or adjacent to elevated structures such as subways or bridge abutments. The Tower-on-a-Base regulations were developed to ensure that the bases of residential towers were consistent with neighboring buildings. There are some settings, however, where the existing streetscape does not justify the street wall requirement, such as areas extensively developed pursuant to the 1961 bulk regulations where there is no defined street wall and areas where elevated subways, bridges and other structures make street walls inappropriate. In addition, street wall requirements would not apply to full-block sites.

Apply minimum tower coverage to all districts with a 360-foot height limit. The minimum tower coverage requirement (33% of the zoning lot) currently applicable on wide streets would be expanded to apply to all developments in R9, R10 and C1 and C2 equivalent districts that have a height limit of 360 feet. This change would reduce the amount of floor area that can be added to a building by means of a zoning lot merger. This requirement would not apply to C4, C5 and C6 districts with R9 or R10 equivalents, where commercial buildings that are not subject to the tower coverage requirement can rise above 360 feet.

Eliminate "packing the bulk". The "packing-the-bulk" rule requires that 55% of the floor area on a zoning lot be located below a height of 150 feet. The rule was intended to limit transfers of floor area by zoning lot mergers and by doing so to limit the height of the building. A review of existing tower-on-a-base buildings, however, shows that the minimum 33% tower-coverage requirement adequately addresses these concerns. The proposed district height limit would provide the definitive answer to concerns about building height.

Bulk Requirements in Lower-Density Districts for Residential Building Residential buildings in the lowest-density districts (R1 and R2) would be subject to a contextual envelope to replace the 1961 height and setback rules. The maximum lot coverage would be 35%. The maximum perimeter wall height would be 21 feet, with a sloping roof rising to 35 feet (the current R4A envelope), except on large lots where the perimeter wall could rise to 35 feet.

Such provisions are not needed in R3 to R5 districts, where residential buildings are already limited to a contextual envelope based on the small-scale building patterns of residences.

Bulk Requirements in Lower Density Districts for Community Facility, Commercial and Manufacturing Developments In R1-R5 districts, equivalent commercial overlays, C3, C4-1, C8-1 and M1-1 districts, bulk rules suitable for residential buildings do not work for community facility, commercial and manufacturing buildings, which require larger interior spaces. These buildings, where permitted, would be subject to new height and setback regulations that would provide more certainty as to scale than the existing sky exposure plane regulations. Again, two basic building types would be allowed. A contextual building could rise to a standard height limit of 50 feet, with a maximum base height of 30 feet. Above the maximum base height, setbacks of 10 feet on a wide street and 15 feet on a narrow street would be required. A taller building would be permitted only in limited situations - to provide greater flexibility on community facility campuses and to accommodate structures needed for some industrial processes. In these settings, buildings could rise to the district height limit of 90 feet but would be limited to structures erected more than 100 feet from a street.

Bulk Requirements in Medium and High-Density Manufacturing Districts Many of the city's high-density manufacturing districts that allow an FAR of 10 (M1-6), developed with old loft buildings, have a significantly different character from areas developed later with taller buildings. Therefore, M1-6 districts generally would have a 210-foot height limit consistent with this high-density context, but no towers or plaza bonuses would be permitted. Exceptions would be made for districts in Manhattan where there are already towers, and loft buildings are interspersed with office development. Towers up to 495 feet (with a 40% coverage requirement) would be permitted in the M1-6 districts in Midtown Manhattan, such as the Garment District, Garment Center East and the area west of Penn Station.
In medium-density manufacturing districts that allow an FAR of between 2 and 5 FAR for commercial or manufacturing buildings (M1-2 through M1-5, M2 and M3), each district would have a maximum base height and district height limit commensurate with the heights of existing buildings in these districts and the programmatic needs of industrial structures.

Regulations for Existing Tower-in-the-Park Developments Existing "tower-in-the-park" residential developments were allowed to include taller buildings in exchange for additional open space and consequently many did not build out their full floor area. To preserve these open spaces, restrictions would be placed on enlargements of these developments. As-of-right enlargements of existing developments that exceed the standard height limit would not be permitted unless the lot area retained as open space is 70% in R6 districts, 65% in R7 districts and 60% in R8 districts. The City Planning Commission could authorize a reduction of the open space upon a finding that the remaining open space is adequate for the enlarged development and that the enlargement enhances the development's relationship to the surrounding community.

Changes to Other Bulk and Density Regulations Several changes would serve the important purpose of providing a more unified, simpler set of residential bulk and density regulations:

Floor Area Ratios The Unified Bulk Program would replace the current range of interconnected floor area ratios and open space ratios of the 1961 zoning with a single floor area ratio and coverage requirement for each district. FAR currently measured to the second decimal place (hundredths) would be measured to a single decimal place (tenths). This would be a marginal increase from the height factor maximums in some districts and a marginal decrease in others. On narrow streets in R6 districts, the maximum floor area ratio would decrease from 2.43 to 2.2. (Community facility FAR would be correspondingly lowered from 4.8 to 4.4).

The current increase in FAR available for contextual development on wide streets outside the Manhattan core under the optional Quality Housing regulations (to 3.0 in R6 districts, 4.0 in R7 districts and 7.2 in R8 districts), would be maintained in the same locations for developments that do not exceed the standard height.

Density Controls The use of zoning room counts as a control on density in R6 - R10 districts would be replaced with dwelling unit (or where permitted rooming unit) counts based on the permitted residential floor area. Dwelling unit counts are already used in R1 - R5 districts, contextual R6 through R10 districts, the R6-R10 Quality Housing Optional Regulations, residential conversions in the community districts covered by Section 15-00, in the Special Mixed Use Districts and in the waterfront regulations.

These density controls would also apply to the residential conversion of existing non-residential buildings governed by Section 15-00, which would marginally increase the permitted density in conversions of buildings with more floor area than permitted in the underlying zoning district.

The Quality Housing Program The Quality Housing Program would be eliminated. Its standards would be integrated into the generic regulations and would apply to all residential buildings containing more than nine dwelling units. The floor area deductions would only be available to buildings using the standard envelope.

The areas, called Study Areas, where the optional contextual regulations do not apply at present, would receive special regulations. These would limit residential buildings on the remaining applicable Study Area lots containing small homes to no more than four stories, and set the FAR at 1.85 for four story buildings and 1.62 for buildings of three or fewer stories. This would keep the current effective FARs for the buildings typically developed in these areas in place until rezoning studies are finished.

Changes Affecting Split Lots and Zoning Lot Mergers The rules governing zoning lots that are split by zoning district boundaries would be clarified and simplified to ensure greater predictability. Each portion of the lot would have to comply with all applicable use, bulk and parking regulations except as noted below.

Floor Area No floor area could be transferred across a district boundary on a split lot, except as follows:

Split lots where the zoning districts on both sides of the boundary have comparable floor area, height, setback and bulk controls would be treated like any other zoning lot -- as they are under the existing zoning. However, districts with similar floor area regulations for some uses but different height and setback regulations or different floor area regulations for other uses would no longer be considered comparable. To eliminate current ambiguities, the zoning would include a definitive list of the districts that are "comparable" for purposes of the transfer of floor area across district lines. This would prevent inappropriate shifts of floor area between Districts.

Split lots which were single zoning lots at the time the zoning district boundary splitting the lot was drawn, would be treated as if the entire lot were in the zoning district covering the larger portion of the lot if the smaller portion of the split lot is less than 25 feet wide. Where the smaller portion of the lot is more than 25 feet wide, floor area and density on a split lot could be shifted from the higher density district to the lower density only in an amount up to the weighted average FAR or density for the entire zoning lot. The weighted average rule applies today. However, because of ambiguities in the text, it is not always clear when a district is comparable and when the weighted average provisions apply.

In contextual developments outside Manhattan Community Boards 1 through 8, floor area and density could be shifted from the portion of a split lot in the lower-density district to the portion in the higher-density district, subject to a 20% cap on any increase in the higher density district. The same rule would apply within a single zoning district where a zoning lot is subject to different floor area ratios on different parts of the lot (for example in R6 districts where the FAR is 3.0 within 100 feet of a wide street and 2.2 elsewhere).

Density Dwelling units or rooming units (where permitted) could be located in any permitted residential floor area.

Lot Coverage Lot coverage could be averaged for any lot, and the requirement could be met anywhere on the lot.

Parking and Loading Parking and loading requirements could be averaged for any lot, and the parking or loading could be located anywhere on the lot in accordance with underlying curb cut and location regulations.

Changes Affecting Bonuses for Public Spaces

Elimination of Bonuses Many of the public spaces that have received floor area bonuses under the existing zoning have been found to produce only limited public benefits and are inconsistent with the goal of enhancing the street wall character of residential neighborhoods, which is one of the goals addressed by the Unified Bulk Program. Accordingly, bonuses for the following would be eliminated:

As-of-right residential plazas, which are inconsistent with the street wall character of neighborhoods and tend to become privatized.

Arcades, which are seldom built and undermine the street wall.

Through-block arcades, which, as a rule, contribute little except when they are part of a planned pedestrian network.

Sidewalk widenings, which, when located without regard to pedestrian volumes, are unnecessary.

Elevated and sunken plazas, which are inconsistent with the goal of assuring that public plazas are readily accessible.

Plazas in M1-6 districts characterized by pre-war loft buildings except in those Manhattan districts where new commercial towers are permitted.

Plazas in C6-1 (other than C6-1A) and C6-2 districts, the only generic middle-density districts that currently offer a plaza bonus. Density and pedestrian traffic in these districts do not justify the provision of the bonus.

Residential buildings in high-density C4, C5 and C6 districts would have a special permit bonus for an open space amenity based on superior design and the need for such amenity, ability to maximize sunlight on nearby parks or playgrounds and enhance the relationship of the development to the surrounding neighborhood.

Commercial and Community Facility Plazas Commercial and community facility plazas, given the public nature of the buildings that adjoin them, generally provide a valuable public amenity. The bonus for these amenities would be retained. Both types of plazas would be required to meet the updated and more exacting Urban Plaza standards. This change would leave the Zoning Resolution with one set of plaza design guidelines.

Approvals for Reductions in Bonused Public Spaces Currently, a special permit is required to reduce the size of a public space that generated a floor area bonus, unless there is a corresponding reduction in the floor area of the building or the substitution of equivalent complying space. However, transfers of floor area through zoning lot mergers or conversion of zoning floor area to mechanical space, which does not count as zoning floor area, have been used to reduce a building's reliance on a bonused public space to justify its zoning floor area and hence to enable a reduction in the size of the bonused space. The City Planning Commission has no opportunity to review the effects of such a modification on the public space. For this reason, any reduction of a public space that generated a floor area bonus would require a special permit.

Many developments containing bonused public space contain more open area than was required to generate the bonus floor area actually built. Assuming that other regulations are complied with, this excess space can be developed. A certification would be required, however, to ensure that the bonused public space still complies with the zoning requirements after it has been modified.

Changes Affecting Authorizations and Special Permits No system of bulk requirements is perfect. Inevitably, the proposed tightening of building envelopes

will produce some situations where the rules do not produce the desired result in a specific location. For this reason, the Unified Bulk Program would replace existing approvals for bulk waivers with a broader two-tiered approach to waivers. Minor modifications of all street wall, coverage, court and distance between building regulations would be available by City Planning Commission authorization, if found to be consistent with and enhancing of neighborhood character. A City Planning Commission special permit would be available for more significant modifications, relating to height, tower coverage, street wall and yard regulations. To encourage innovation and quality architecture, this special permit would include a finding that the design of the development is of superior quality. A panel of architects and others concerned with design issues would be established to advise the City Planning Commission on the design merits of these special permit applications

Another City Planning Commission special permit would replace an existing Board of Standards and Appeals special permit. It would be available to community facility uses to provide flexibility for unique programmatic requirements or to integrating new buildings into existing campuses. The current BSA special permit is limited to campuses that existed in 1961. That special permit would be eliminated.

Associated Changes To implement the objectives of the Unified Bulk Program, the proposal would reorganize and consolidate a number of regulations.

The current Resolution's several dormer rules and separate balcony rules for the contextual and non-contextual districts, which do not differ significantly, would be merged.

The sole existing C5-2A district would be eliminated. It is mapped only along Manhattan's Lexington Avenue between 54th and 57th streets. As described in greater detail in the following section, the Department is proposing a related action that would rezone this portion of Lexington Avenue as a C5-2.5 district within the Special Midtown district with the same FAR and a similar bulk envelope.

A generic C5-2A district with the R10A bulk envelope would be established. This district would be the same as the existing C6-4A district but limited to only C5 uses. The Department expects to submit an application to map this designation in portions of the Park Avenue South area of Manhattan within the near future.

The current optional Quality Housing parking requirements would apply to new developments and enlargements that do not exceed the standard height limits. Existing 1961 parking requirements would be retained for developments that exceed these new envelopes (and have more on-site land available for parking). Existing buildings would be required to retain all previously required parking.
