For example, during the nine years that the Council has had increased budgetary authority, the rate of increase in City-funded spending has fallen from 7.4 percent (Fiscal 1982 through Fiscal 1990) to 3.6 percent (Fiscal 1991 through Fiscal 1999). This accomplishment has been the result of a greater balance of power between the executive and the legislature. It has not been the result of the imposition of an arbitrary spending cap or the requirement of a super-majority vote for tax increases.

The Commission's recommendations reflect an underlying philosophy of the budget process that is faulty. For example, one proposal appears to discourage tax increases by requiring that any new tax or increase in an existing tax, other than the property tax, be passed by a two-thirds majority of the Council. If the Mayor vetoed the measure, a four-fifths majority vote would then be required to override the veto. The intent of this measure is to make it politically more difficult to raise taxes. The property tax, however, is exempt from the proposal so that it can be relied upon to balance the budget in the event of a fiscal crisis, and because limiting the property tax might jeopardize the City's bond ratings.

Unfortunately, as certain good government groups have noted, the budget proposals will skew rather than reform the budget process. The effect of this one measure could distort the City's tax policy in a manner that would be economically harmful. It could potentially create a bias in favor of the property tax for needed revenues. The additional requirement of a super-majority is unnecessary, especially in light of the Council's demonstrated ability to freeze property taxes and to enact tax cuts. Since 1993 the Council has been able to keep the overall tax rate frozen because it has had the flexibility to meet fiscal challenges with a variety of tools. The Commission's proposal could require that more revenue be drawn from property taxes, which might deter economic expansion throughout the City.

Furthermore, the Commission apparently ignores the fact that approval by the State is required for any increase or decrease in the rate or base of any local tax except the property tax. The cumbersome process of state approval already provides a check on local government's ability to enact tax increases without due deliberation. In addition, as the Independent Budget Office (IBO) points out, this proposal empowers a small minority of the Council—eleven members—to block the override of a Mayoral veto. Inside The Budget, September 20, 1999 (a copy is attached hereto as Exhibit G).

With regard to the imposition of a spending cap tied to the rate of inflation, it should be noted that spending caps tend to make the budget process more difficult and have not proven effective in actually controlling spending. For example, the IBO indicates that the proposal's definition of spending does not control the City's method of rolling surpluses or including items moved "off budget." According to IBO, the cap would in fact provide an incentive to hide spending so that any growth would be less apparent (See Exhibit G).

Further, the Commission provides no argument for the need for a spending cap or justification for setting it at the rate of inflation, as measured by increases in the regional Consumer Price Index (CPI). A spending cap that is as arbitrary as the rate of inflation will not help to produce the consensus that is needed for genuine fiscal reform or increased fiscal responsibility. This is true of any formulaic spending cap. Oftentimes, such arbitrary caps, by giving the appearance of reform, become a floor rather than a ceiling on spending by officials who can claim that they are "controlling" spending merely by sticking to the level set by the cap each year.

In addition, the Commission decided to use the regional CPI as a measure of the rate of inflation only because the index is calculated on a regular basis. As the IBO points out, the CPI is not a measure of what the City can afford in a given year and may not be the best measure of what the City can afford to spend (See Exhibit G). The Commission never discusses the implications of tying their important fiscal cap to this measure of inflation.

[15] Despite Chair Mastro's repeated defense of the special election proposal throughout the entire process, he defended the Commission's sudden change of position on the theory that in order to eliminate any questions about the Commission's work, to promote public confidence in the process and to ensure the full and fair consideration of the Commission's proposals, the special election proposal was changed. "Charter Group Goes Beyond Single Issue," *Crain's*, September 20, 1999.

The Council created the City's first Budget Stabilization Fund and it has been an effective tool in the budget process, but mandating that 50% of all surplus monies be placed in this account is meaningless. One hundred percent of surplus funds are placed in the account as the "vehicle" to move the money between fiscal years. Further, the Commission does not address the very practical problem of actually estimating the size of the surplus before the close of the fiscal year. Although Council approval would be needed to transfer funds from the stabilization account to other units of appropriation, the wording of the proposal gives the Mayor the sole authority to initiate this budget modification. This represents an inappropriate increase in the power of the executive.

Although prudent use of budget surpluses is an important priority, the Commission's proposal, as indicated by the IBO, does "little to help the city fortify its long-term fiscal condition" (See Exhibit G). The IBO points out that this proposal is nothing new; for the past 19 years the City has used nearly 100 percent of its surplus to prepay future expenditures, and this practice developed because State law requires the City to balance its budget with generally accepted accounting principles. Also, the ten percent limit on the portion of the surplus that could be used for pay-as-you-go financing seems to defeat the Commission's point of reducing the City's outstanding debt (See Exhibit G).

PROCUREMENT

The Charter Revision Commission is proposing that the limits relating to small purchases be raised to $100,000. Under Charter § 314, the Procurement Policy Board (PPB) and the Council, by concurrent action, establish the dollar amounts that govern small purchases. Currently, the small purchase limits are $25,000 for goods and services; $50,000 for construction and construction-related services; and $100,000 for information technology. The proposal suggested by the Commission would amend § 314 and create a blanket small purchase limit for all categories of procurement up to $100,000. This proposal, if adopted, would subject fewer contracts to oversight during a time in which the public is calling for greater oversight of government contracting.

During Council hearings held on this issue, concerns were raised that even under the current limitations, contract splitting by agencies was occurring so that the small purchase limits could be circumvented. If this is true, doubling the limits could result in even larger contracts being broken up into contracts that would fall beneath the increased limits, thus shielding an even greater number of contracts from competition and the higher degree of scrutiny to which competitively bid contracts are subject.

Finally, due to the significantly higher construction costs, the Charter has maintained a higher threshold for construction contracts than for goods and services contracts. It is unclear why the Commission's staff decided to do away with this distinction between these types of contracts and instead establish a single $100,000 cap for the procurement of all purchases—thereby eliminating both the goods and services and construction and construction-related services categories. This change in process is never discussed in the Commission's report and was never mentioned during the Commission's forum segment on procurement issues. It would appear that such a proposal would require greater consideration before quadrupling the limit on contracts for goods and services from the current $25,000 to the proposed $100,000.

Chair Mastro indicated that the procurement issues are probably the most important proposals on the ballot, yet at the August 17, 1999 public meeting, Commission Member Richard Schwartz lamented that there was no comment on the procurement proposals at any of the public hearings.[16]

CIVIL RIGHTS/IMMIGRANT AFFAIRS

The Commission's proposals to protect the more vulnerable in our City is certainly a worthy goal. In its final report, the Commission acknowledges that the City "has continuously expanded the scope and effectiveness of its civil rights protections," citing, as examples, the Council's passage in 1986 of a law prohibiting discrimination based on sexual orientation and the passage of laws to afford domestic partners the same rights afforded traditional spouses of City employees. These were substantive changes to City law that passed the Council after spirited and public debate. The Women's City Club, in noting this history and commenting on the Commission's proposals, criticized the human rights proposal as:

> a cynical effort to appeal to constituencies concerned with equality, without actually doing anything for them . . . Making the Commission of Human Rights a Charter Agency does nothing to improve its ability to enforce the Human Rights Law . . . [t]he ability of this agency to function effectively has always been a matter of recognition and money. What is required is leadership on the part of any Mayoral administration to highlight the importance of the Commission and to fund it accordingly.

(Letter to Chair Mastro from Women's City Club, dated August 30, 1999).

Even the recommendations regarding immigrant affairs and civil rights, described by one commentator as "motherhood-and-apple-pie proposals," cannot be adequately addressed in two months.

GOVERNMENT REORGANIZATION

Although the proposals under the Commission's rubric of government reorganization have some merit (i.e., making the Administration for Children's Services a Charter agency, creating a new Department of Public Health and Mental Hygiene Services, creating an Organized Crime Control Commission, creating executive coordination of domestic violence issues), they are better enacted through the legislative process, as past history indicates. As the Commission itself points out, in 1995 the Council passed Local Law 50 to eliminate the influence of organized crime in the Fulton Fish Market, in 1996 the Council passed Local Law 42 to create the Trade Waste Commission to oversee, regulate and license the private carting industry and it passed Local Law 57 in 1997 to establish the Gambling Control Commission. The Council has repeatedly acted in this area and there is no evidence to establish that it would not do so again in order to create an Organized Crime Control Commission.

Regarding the Commission's proposal to merge the Department of Health with the Department of Mental Hygiene to create a new entity, the Council's Committee on Governmental Operations held a hearing on this issue in June 1998, at which advocates brought up numerous concerns regarding the merger. The testimony lasted the good part of the day, and the Council, as a result of the various issues raised by the testimony, decided to investigate the various claims, which included the gathering and analysis of reports and studies. This process was still on going when the Commission decided to include this proposal on the November ballot. The amount of testimony and analysis the Council devoted to this one issue demonstrates again how the Commission, by acting in a very short period of time, has shortchanged debate on substantive Charter changes.[17]

PUBLIC SAFETY

In relation to public safety matters, the Commission adopted two proposals. They included adding a new section to the Charter in relation to trigger locks and creating school safety zones. These are certainly admirable goals and public policy initiatives. However, the proposals are better suited to be adopted by local law through the legislative process. In addition, trigger locks for weapons and the creation of school safety zones are very specific in nature and do not belong in a general document such as the Charter. Instead, the better procedure would be to have them adopted by local law and made part of the City's Administrative Code.

For example, in the spring of 1998 the Council passed a trigger locks bill, which was then signed by the Mayor and codified in the City's Administrative Code.[18] The bill was passed after public hearings in which the Council heard extensive comment both in favor of and opposed to the bill. Although the Police Department supported the bill, the Mayor at the bill signing ceremony announced that the legislation did not go far enough and should mandate the use of trigger locks on all weapons (as opposed to only pistols and revolvers) regardless of when they were purchased. During the public forum on government reorganization, representatives from the Mayor's Criminal Justice Coordinator's Office requested that the Commission consider adopting a trigger locks and school safety zone proposal. Chair Mastro immediately grasped at their request and the two proposals were subsequently adopted. Ironically, when Council Speaker Peter Vallone asked the Commission to consider a Charter revision proposal to create an Independent Police and Audit Board to combat police corruption, the request was ignored.[19]

The above scenario clearly demonstrates that the Mayor views the Commission as his own private legislative entity, to act at his command. The Council proposed and adopted trigger locks legislation over a year ago. The Council continues to hear public comment on expanding the scope of the current trigger locks bill. The Council, as the body constituting the elected representatives of the people of this City, acted on this issue after hearing extensive testimony devoted to this one issue. The Council's action on trigger locks, both in passing the initial bill and holding hearings on expanding the legislation, demonstrates, once again, that the Commission's proposal is unnecessary.

With regard to school safety zones, as the Commission rightly points out, there is already federal and state legislation addressing this issue. However, if the Mayor wants to expand the protections for City school children, he only need ask the Council, as he did with the trigger locks bill, to consider and vote on such a bill. Such a process, which requires a public hearing on just this one issue, is the appropriate manner in which to make this type of change.

ELECTIONS

The issue which engendered the most controversy was the Commission's original proposal to change the Charter to provide for a special election within 60 days of a may-

---

16 In fact, there was opposition to the procurement proposals. Council member Kathryn E. Freed, Chair of the Council's Committee on Contracts, addressed her concerns about the small purchase proposal at a public hearing in Brooklyn. In addition, City Comptroller Hevesi submitted written testimony criticizing several of the procurement proposals. Ironically, neither the Comptroller nor his representatives on the Procurement Policy Board (PPB), who have repeatedly opposed a $100,000 blanket cap on small purchase limits, either testified or were invited to testify at the public forum on procurement. Nevertheless, Schwartz suggested that expert testimony and representatives of the general contracting community at the public forum adequately supported the procurement proposals.

17 In relation to the merger, the Commission had only two witnesses address the issue at the August 6th forum, Dr. Neal Cohen, Commissioner, Department of Health and Mental Health, Mental Retardation & Alcoholism Services, and Dr. Alan Siskind, Executive Vice President, Jewish Board of Family & Children Services. Both favored the proposal. The forum regarding the merger lasted approximately thirty minutes.

oral vacancy. This change was viewed by almost all critics of the Commission as an attempt by the Mayor to prevent the Public Advocate from succeeding him in the event that the he is elected to the United States Senate. All the other proposals appeared to be mere window dressing for this one issue. In fact, in a recent interview, the Mayor admitted that if Mark Green were not the Public Advocate, he probably would not have created the Commission. "The Mayor's Makeover," *New York Times Magazine*, August 1, 1999.

As a result of the public outcry and the potential threat of a massive "anti-ballot campaign" over the attempt to use the Charter Commission to further a political vendetta, the Commission decided to postpone the effective date of the special election proposal until January 1, 2002. Curiously, the Commission chose not to consider other proposals, such as the creation of a Deputy Mayor or Vice-Mayor, as requested by Council Speaker Peter Vallone, because it felt that those ideas needed more analysis and study. Considering the gravity of any change in mayoral succession, it may have made more sense for the Commission to table the entire proposal and to reconsider it in light of some of the other suggestions for changing the power of certain elected officials.[20] However, several news

[19] The Mayor has repeatedly fought the Council in the creation of an Independent Police and Audit Board and has instituted two separate lawsuits in an attempt to block its creation.

[20] Another example of the disingenuousness of the Commission on this issue is its contention that the change in the role of the Public Advocate as a presiding officer of the Council is purely ceremonial and a mere technical change to the Charter. In fact, this reports interpreted the Commission's actions as a way for it to save face without entirely abandoning the idea that created the Commission in the first place. "Rudy's Lieutenants Face Tough Choices," *Crain's*, September 6, 1999.

THE BALLOT QUESTION

Despite requests that each of the final proposals be presented to the voters as separate ballot questions, the Commission presented its proposals through a single ballot question. Government officials and members of the public argued that the Commission should put forward multiple ballot questions because of the numerous unrelated issues, thereby giving voters more freedom to judge each proposal on its own merits, rather than lumping them all together to create one make-or-break ballot question.

Presenting a patchwork of 14 unrelated "legislative" proposals as a single ballot question does an enormous disservice to voters. For example, a voter who is in favor of stricter gun laws and wants to see the use of trigger locks, but fears that merging the City's health and mental health agencies could result in loss of services to vulnerable populations, is forced to choose which is more important, as is a voter who believes that human and immigrant rights should be articulated in the Charter, but fears that higher contracting limits will allow agencies to evade protections designed to ensure integrity in the procurement process. By placing popular and relatively straight forward public safety and human rights measures with complex budget and procurement issues on one ballot question is both confusing and counterproductive to voters and harms the charter revision process.

In the normal course of adopting local laws, the Council will undertake one piece of legislation on a specific issue. The Council will conduct hearings, thereby allowing for public participation and thorough debate, and then decide whether to vote on that sole piece of legislation. It cannot, like this Commission, couple multiple unrelated proposals as one piece of legislation and put it to a vote. The approach adopted by the Commission of pooling such varied and unrelated issues on one ballot question is yet another example of how this Commission has bypassed the normal legislative process.

CONCLUSION

The Commission's proposal and the manner in which it was presented, and the political agenda by which it was driven, demonstrates the folly of creating a Commission designed primarily to serve only the political ends of a particular Mayor. There are certainly legitimate issues regarding charter revision, including succession and the distribution of power among elected officials. A charter revision commission, however, should review these issues in the context of a legitimate debate regarding the balance of power in the City and make recommendations based on lengthy public testimony and comment.

change is quite substantive because, as the Commission itself indicates in its final report, this change may be necessary in order to bring the City Charter in conformity with City Law § 2-a. If the Commission were really serious about making a change in succession and mayoral power, it would not have cavalierly classified this change as either technical or the function as ceremonial.

In addition, the Commission's proposals undermine the City's legislative branch. The process allows the Mayor to have his own private legislative entity to unilaterally perform his work and to carry out his policies. The process, however, circumvents the Council, whose unique role as the City's legislative branch involves consensus building, an extensive hearing process, negotiations and compromise. Through the guise of "charter revision," this Commission has attempted to circumvent the normal legislative process and rush through a number of proposals at breakneck speed to further the agenda and legacy of the Mayor.

Statements made by noted civil rights attorney, Richard Emery, whose challenge to the Board of Estimate over a decade ago brought about the current structure of the City government, ring as eerily today as they did when he told this committee and predicted the following last year:

> [The Mayor] has simply found a way, and it is authorized under state statute, under the Municipal Home Rule Law, to convene a Charter Commission and to totally throw into disarray the separation of powers of City Government that the 1990 Charter set forth. . . .
>
> But worst of all, this Charter Revision is a minor precursor to the one that will happen next year, and I think all of us should be extremely worried, even paranoid would be an appropriate term in this context, about what is going to happen next year.

(June 21, 1998 Select Committee Hearing, Tr. at 44).

The findings in this report lead inescapably to the following four conclusions:

1. That the repeated use of a Charter Revision Commission for political purposes and resulting in proposals that are predominantly legislative in character diminishes the importance of charter revision and weakens the legislative process;
2. The purpose behind the formation of the Commission was politically motivated and tainted from the very beginning in order to alter the rules regarding mayoral vacancies;
3. The process employed by the Commission was riddled with flaws and thwarted public participation; and
4. The final product of the Commission's work includes proposals that threaten the City's system of checks and balances, and give further power to the Mayor at the expense of the legislature.

Based upon these conclusions, this Committee makes the following recommendation:

- The provisions of the State's Municipal Home Rule Law relating to charter revision should be amended to prevent mayors from using charter revision commissions to upset the system of checks and balances and to circumvent the normal legislative process.

A Joint Statement

The appointment of this Charter Revision Commission today is inappropriate. We urge prompt reconsideration.

The new commission was created unilaterally. During his State of the City Address in January, Mayor Giuliani pledged that charter revision would be conducted in partnership with the City Council. Today's commission is strictly a mayoral enterprise.

The new commission does not have enough time. State law mandates that a charter revision commission must review "the entire charter" before it can recommend any change to the voters. If this commission wants to place a ballot question before the voters in 1999, it must deliver a final report on all aspects of the charter soon after Labor Day. No sober inquiry of such magnitude can be conducted in such a short period of time. If the commission instead wants to place a ballot question before the voters in 2000, it would be better advised to give way to that which Mayor Giuliani and Speaker Vallone agreed upon last spring: a joint executive-legislative study group to review the charter and develop topics for broad public debate.

The new commission is born out of short-term politics. It is no secret that some public officials want to change the law on mayoral succession as soon as possible. Our groups do not have a common position on succession. We are united, however, on behalf of the proposition that the law on succession should be examined dispassionately and exhaustively, and only in the context of an overall examination of the Charter's strengths and weaknesses.

The biggest loser is this errant initiative is the value of our city's constitution. The New York City Charter must not be regarded as an instrument of political whim. Our groups would welcome, and participate in, an open, reflective, and nonpartisan review of the Charter. We strongly oppose the present course.

[LETTERHEAD OF CRAVATH, SWAINE & MOORE]

June 30, 1999

Dear Mayor Giuliani:

I regret having to write, as I did exactly a year ago, criticizing the politicization and trivialization of Charter revision. Nonetheless, I hope you consider my suggested remedies, which I believe would allow you to foster a thoughtful and credible look at the Charter.

You have said that as Mayor the law gives you the right to convene and appoint a Charter Commission as you see fit. This is technically correct. But, as you also know, you are expected to exercise your legal powers in the long term interest of the City, and to do so consistently with the City's democratic traditions and values. It does not serve those interests to appoint a commission that is not independent or balanced. It does not serve those interests to ask and expect the Commission to act in ways that smack of personal politics and predilections. It does not serve those interests to have a rushed, truncated process that, based upon my own experience, cannot possibly benefit from thoughtful, broadly based citizen participation, and cannot possibly allow the Commission members to sharpen their own ideas by listening to the public and debating among themselves. Finally, the course upon which the Commission now appears to have been guided will lead to referenda at which the public is uninformed, where turnout will be abysmally low (particularly among minorities), and where money and special interests will have a vastly disproportionate influence. All this is profoundly undemocratic, and also raises Voting Rights questions.

I elaborate upon each of these points below. But first, I offer a recommendation for how you could cure these problems and potentially render a real and lasting service to the long term future of the City. My recommendation has four parts.

First, you should announce that the role of the current commissioners is to provide you with a public report on their thoughts as to whether, why and how the Charter might be changed. The Commission would then, in effect, become an advisory body.

Second, upon reporting to you, the current Commission should resign, You should then, by early next year, appoint a new Commission using a system that assures balance and independence. (Some of the members of the current commission could be appointed to the new commission.) You do not have legal power to compel the current Commission to resign. Nonetheless, it seems highly likely that this group that you just appointed would accept what you suggest.

Third, you should then appoint a new Commission which will be—and which the public will believe to be—independent and balanced. There are many ways to assure this. If you agree the goal is right, you should openly discuss how to achieve the goal. One important element is that a majority come from lists of names suggested to you by other elected officials. Each member should, of course, bring the requisite qualities of independence, balance, open-mindedness, reputation, and collegiality. You, in making the nominations, and ultimately the public, should be satisfied that they do.

Unfortunately—perhaps because of the overly personal, overly politicized focus of the creation of this year's Commission—it was not appointed using any, such process. Because of your widely publicized desire to change rules of succession, various other public officials who aspire to be mayor would have found it embarrassing to suggest names, even had you been willing to accept suggestions.

Fourth, when you appoint the new independent and balanced Commission you should confirm that the Commission should engage in a lengthy and thoughtful public process. If, after that, it believes that changes to the Charter are necessary, these should be presented to the public for a referendum vote at the general election in 2001.

* * * *

You are aware that there is broad array of ideas and voices on what is wrong or right about City government and what should be done to repair any shortcomings. Both for substantive and legitimacy reasons, all these voices and ideas should be heard. They can only be heard meaningfully if the Commission itself is independent and diverse in its views, and has an extensive public process.

Based on my experience a decade ago, it is clear our Commission greatly benefitted because eight of the original fifteen members were appointed by the Mayor from lists of names provided to him by eight other elected officials.[1] While, of course, you have the power to appoint anyone you want without meaningful input or consultation, the exercise of untempered raw power is often unwise—and certainly is so when the job is to find people to consider the City's long-term constitutional future. Having members appointed from a variety of sources and with differing viewpoints made our Commission's debate more extensive, sharper and more productive. A full debate means eventual recommendations are more likely to make sense and to fit public needs.

* * * *

My experience is also that only with a very extensive open, iterative public process can a commission sharpen its own ideas, benefit from public participation, and gain public respect. The vastly changed Charter which the voters approved in November 1989 resulted from Commission work that began in. February 1987. During the period that followed the Commission had more than 60 public meetings and hearings. Throughout this period, we had an extensive outreach program. our Charter proposals were presented preliminarily several times, then changed and sharpened as a result of public comment and extensive commission debate. This was a genuine effort for two way communication between the Commission and the public. It involved real debate among the Commissioners.

Presumably, the validity of such points about Charter process, which I made in greater detail to your 1998 commission, and the public outrage at that Commission's proposed truncated process, is what caused last year's Commission to abandon its originally proposed agenda. Thus, as you know, after floating lots of trial balloons that appeared intended to enhance mayoral power and to eliminate independent voices, the Commission jettisoned all but the most minimal proposal in its rush to use Charter revision for the short-term objective of stopping an unnecessary Yankee Stadium referendum.

* * * *

Disregarding all these reasons why the Charter should not be revised in a rush by a Commission that lacks independence or balance, you have said the Commission should focus right now on changing the rules for succession to the mayoralty. Of course, this arises now only because you have made the choice to consider running for the Senate. And, according to what I read, you have made no secret of the fact that your personal and political distaste for the designated successor under the Charter motivates you to propose changing the rules in midstream.

But, the City's constitution is meant to be based on general principles, not short-term politics or personal predilections.

Perhaps this can be better illustrated by changing the facts a bit. Thoughtful people could debate whether or not the Charter should be amended to require an elected official to resign upon deciding to run for another office. After all, being mayor, for example, is mean to be more than a full time job—but so is running for another office. Moreover, the need to seek support from a different constituency risks leading a candidate to take positions not in the interest of current constituents. Arguments against such a possible charter change could be made as well.

But the point for present purposes is simple. If people now were to push for an immediate Charter change requiring public officials to resign if they run for another office, you would (correctly) cry that the Motives were political, and add that for years the Charter has not required resignation. Whatever the merits of the issue, discussion about it, would be tainted by politics and any referendum vote would be dominated by short-term political and personal interests.

The same points apply to efforts to change succession to the mayoralty after the existing provision has been in force for generations, to change in mid-stream, to do so in a rush, and to do so targeting a particular person. All this is not worthy of you, or our City.

* * * *

The legitimacy of democratic governmental efforts are anchored in their, processes, including the process by which decision makers are chosen. For a charter revision commission, process is particularly important. Its members are not elected. While the public's right to reject a commission's proposals at a referendum means a commission may not simply dictate, that public right is only to say yes or no. Referenda are blunt instruments. Voter turnout is always substantially lower than in votes for elected officials.[2] Money and influence can be disproportionately important. There are sharp differences in turnout among communities.

For all these reasons, Charter change should be approached with caution, handled by an independent and balanced group, and conducted with great care that involves extensive and meaningful dialogue with the public.

* * * *

I urge you to consider these issues as a statesman. To change course may be difficult. But to change would be responsible and right.

Because these issues ought to be publicly debated, I intend to release this letter.

Respectfully yours

/s/ FREDERICK A. O. SCHWARZ, JR.

Re: Proposed Issues for Initial Staff Review

Dear Claude:

I write to inform you of some of the issues that I would like the staff to initially review in the coming weeks. As you know, the Commission is required to review the entire City Charter and can make recommendations to the voters as to Charter changes that it concludes would improve the operation of city government. I expect the Commission staff to brief the Commissioners regarding the charter, the process to be followed in the revising the charter, and to recommend revisions for consideration by the Commission.

In preparing to brief the Commission, among the questions that you should review are those that I have set forth on the attached list. While these questions come from me alone, I have encouraged every other Commission member to alert you to concerns or areas of the Charter that they believe merit special attention. You should expect to receive additional questions from the other Commissioners, and ask the Commission staff to fully investigate any such issues. I have also asked the public and elected officials by published notice to submit issues or proposals to the Commission. I expect the Commission staff to examine those proposals and make recommendations to the Commission regarding them as well.

While I believe that the questions set forth on the attached list merit consideration, I have no preconceived ideas regarding how they should be answered. The Commission staff should review the work done by previous Commissions, but also look at the entire charter with a fresh eye.

I am confident that some of the issues raised in this letter can be properly resolved by the Commission in time for submission to the voters this November. Still other issues, however, may require further study. The Commission staff should advise the Commission not only on substantive issues for further consideration but also on the timeframe necessary to conclude our deliberations on those issues. I believe that the Commission should address as many issues as can be properly resolved in time for inclusion on November's ballot and then continue to work on any other issues that require further consideration for potential inclusion on the November 2000 ballot.

I hope that this list of issues aids your task of briefing the Commission. I also fully expect that you will address many other issues that I have not identified. I look forward to working with you on this historic task.

Sincerely,

/s/ RANDY M. MASTRO

Should the Charter establish a separate office or agency to focus on the needs of the City's immigrant population?

Should the Office of Payroll Administration and the Financial Informations Services Agency be consolidated into one agency?

Should the Office of the Public Advocate be maintained or eliminated? Alternatively, should the functions and/or structures of the office be modified?

Should the Independent Budget Office be maintained or eliminated? Alternatively, should the functions and/or structures of the office modified?

Should the Art Commission be maintained or eliminated? Alternatively, should the functions and/or structures of the office be modified?

Should the Taxi & Limousine Commission be maintained, eliminated, or restricted to fixing rates and establishing regulatory standards, with the rest of its powers transferred to other City agencies?

Should an ongoing Charter review process be provided for in the Charter?

Are there provisions that could be added to the Charter that would improve the delivery of education in the City's public schools or that would diversify the educational opportunities of the students?

should the City's Human Rights Commission be codified in the Charter as a Charter commission?

Are there ways to codify through Charter revision civil rights protections against discrimination based upon gender, race, color, national origin, religion, creed, sexual orientation, and disability?

Are there ways to codify through Charter revision protections for immigrants?

[LETTERHEAD OF NEW YORK CITY CHARTER REVISION COMMISSION]

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings, hearings and forums. The Commission is in the process of considering revisions to the Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including non-partisan elections, campaign finance, procurement, the budget process and land use. The Commission will consider other important changes as well. At the public meetings and forums, changes will be discussed and debated. At the public hearings, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

[LETTERHEAD OF INSIDE THE BUDGET, SEPTEMBER 20, 1999]

Charter Revision on November Ballot:
IBO Assesses Budget Proposals

On the November 2nd ballot, voters will be asked whether they want to change the city's charter. Proposals covering a number of substantive areas will be included in a single ballot item. The three changes in the area of budget process relate to limiting spending growth, using surpluses and requiring a supermajority vote of the City Council for new taxes or tax increases.

These revisions could significantly affect the management of the city's finances and their impacts are not necessarily apparent from the brief synopses that will appear on the ballot. Here, we present some of the important details of the proposals and their potential impacts.

Limit City-Funded Spending Growth. The proposed charter change would limit city-funded spending increases in the executive and adopted budgets to the rate of inflation, as measured by increases in the regional consumer price index (CPI). This proposal is best understood by examining its likely impact on spending and the choice of the CPI as a cap.

By providing a benchmark against which the public and the press would measure spending growth, the cap would provide an incentive for elected officials to control spending.

However, the cap would not enforce spending control for two reasons. First, the Mayor and Council could override the cap if "it is the best interest of the city." Easily overridden, the cap could become merely a threshold above which spending increases must be explained.

Second, since the proposal's definition of spending does not control for the city's method of rolling surpluses or include items moved "off budget," the city could adhere to the cap and still increase its spending base faster than inflation. The city rolls surpluses by prepaying the following year's expenditures: by inflating the first year's spending and deflating the second, this reduces the apparent growth in the budget for one year, but does not change the long-run growth in the spending base.

For example, the Charter Revision Commission's final report notes that spending in the fiscal year 2000 adopted budget is below the 1.4 percent inflation cap. Once the surplus roll is controlled for, however, city funded spending grows 7.0 percent—five times the rate of inflation. Furthermore, debt service for the Transitional Finance Authority (TFA) was moved off budget, even though it is funded by the city's personal income tax. Adding back in TFA debt service increases the growth rate to 7.4 percent.

In addition to not enforcing spending control, the cap would provide an incentive to hide or obscure spending so that any growth would be less apparent. There would be even more of an incentive to move spending items—like the TFA—off budget. There would

also be an incentive to defer spending increases to budget modifications, since the cap applies only to the executive and adopted budgets.

In addition to the proposal's impact on spending, it is important to consider the choice of the CPI as the benchmark for spending growth. CPI is used as a proxy for the increase in the cost of items that make up city spending, so the city budget could maintain the same purchasing power year to year.

Using the regional CPI as a benchmark has some advantages, but also some drawbacks. It has the advantages of being region specific and being produced outside the city budget process by the federal government. However, it measures increases in the cost of goods that are not mirrored in city spending. The CPI includes a large housing component, but the city purchases relatively little housing. On the other hard, the city's largest purchase is labor, but the CPI does not include a large labor component.

It is important to note that the CPI is not a measure of what the city can afford in any given year. If the objective were to tie spending to what the economy could support, then an appropriate cap would be some measure of economic growth. Alternatively, there could be a charter requirement for a balanced budget, which would limit expenditure growth to revenue growth. (The requirement that the city balance its budget currently is in a state law set expire in 2008.)

The desire to formalize spending discipline is laudable. Even in good economic times the city must balance its current and future needs. Building up an unsustainable spending base makes it difficult to balance future budgets when economic growth slows or the economy contracts. Nevertheless, the proposed spending cap may have little impact on spending growth and would provide an incentive to obscure the presentation of city expenditures.

Deposit Surpluses into a Budget Stabilization and Emergency Fund. This proposal would require the city to deposit at least 50 percent of "net surplus revenues appropriated in the budget" into a budget stabilization and emergency fund to prepay debt service. Up to 10 percent of these funds could be used for pay-as-you-go capital financing.

In general, this proposal simply puts something akin to the city's current practice into the charter. For the past 19 years, the city has used nearly 100 percent of any surplus to prepay future expenditures, primarily debt service. This mechanism effectively rolls surplus funds into the subsequent year, using them to close the subsequent year's budget gap. The practice developed because state law requires the city to balance its budget in accordance with generally accepted accounting principles. If the city did not use this mechanism to roll the surplus from one year to the next, the funds could not be spent

It is important to understand that prepayment of future debt service (or other expenditures) does not constitute a rainy day fund. Instead, surpluses are used to support spending in the following year, whether or not the economy is expanding or contracting. In contrast, a rainy day fund would save surpluses for use only when needed to address a short term emergency, such as an economic downturn.

The proposed charter change states that "up to ten percent of the amounts appropriated to the budget stabilization and emergency unit may be used for pay-as-you-go capital financing." It is fiscally prudent to use a surplus to finance capital projects on a pay-as-you-go basis—with cash instead of bonds. A surplus effectively is a one time revenue and pay-as-you-go capital financing is a one time expense, This use of the surplus is fiscally responsible because it does not commit the city to additional ongoing expenditures that do not have an ongoing revenue source. Furthermore, if the pay-as-you-go financing substitutes for planned borrowing, it effectively reduces the city's outstanding debt which has grown rapidly in recent years.

However, the proposal appears to create a new 10 percent limit on the portion of the surplus that could be used for pay-as-you-go financing, thereby reducing the city's ability to use surpluses prudently. There are two reasons this limit on pay-as-you-go financing might not be a binding constraint. First, the proposal permits funds to be transferred out of the budget stabilization and emergency fund. After this transfer, the funds—which could exceed 10 percent of the surplus—may be available for pay-as-you-go financing, possibly circumventing the 10 percent limit. Second, additional flexibility in using surplus funds may be possible because the Commission's final report equates paying debt service with reducing outstanding debt, even though these two activities are very different. Payment of debt service is the periodic repayment of principle and interest due on outstanding debt, which has no effect on future scheduled payments, Reducing outstanding debt is the prepayment of principle that reduces future debt service payments on a recurring basis.

Prudent use of budget surpluses is an important aspect of managing the city's finances. Surpluses provide an opportunity to promote budget stability and to improve the city's fiscal future. The proposal, however, would do little to help the city fortify its long-term fiscal condition.

Require a Supermajority to Raise Taxes or Impose New Taxes. This proposal would require a two-thirds majority of the City Council to impose a new tax or increase an existing tax, and it would require a vote of four-fifths of the Council to override a mayoral veto of a new tax or tax increase. These supermajorities would not apply to the property tax. Currently, only a simple majority is needed: two-thirds for an override.

Because many Council votes on tax policy have been passed by large majorities, some observers argue that the proposal is unlikely to have a significant impact on decision making. However, this proposal would be the framework for a new term-limited Council and Mayor, whose behavior may not mirror history.

When the city is facing fiscal difficulties, elected officials often are forced to choose between cutting spending and/or raising property or other taxes to balance the budget. Since the state has to approve increases in taxes other than the property tax, it is already procedurally more difficult to raise non-property taxes than to cut spending or raise property taxes. The proposal would increase the existing bias. Moreover, the proposal would empower a small minority in the Council—11 members—to block the override of a Mayoral veto.

The impact of these budget proposals could be significant. Voters should consider carefully these, as well as other charter changes when casting their ballot, this November.

Introduction and Reading of Bills

Res. No. 1029

Resolution commemorating the 61st anniversary of Kristallnacht, "The Night of Broken Glass," in memory of all those who fell victim to the reign of anti-Semitism and senseless violence that took place on that night and all who suffered and perished in its wake.

By The Speaker (Council Member Vallone) and Council Members Eisland, Berman, Fisher, Leffler, Povman, Koslowitz, Lasher, Michels, Dear, Freed, Lopez, Marshall, Nelson, Reed, the Public Advocate (Mr. Green), Abel and Stabile; also Council Members DiBrienza, Harrison, McCaffrey, O'Donovan, Pinkett, Provenzano, Quinn and Rivera

Whereas, November 9, 1999 marks the 61st anniversary of Kristallnacht, a massive, violent and coordinated attack against Jews throughout Germany and Austria; and

Whereas, During that fateful night in 1938, hundreds of synagogues in Germany and Austria were destroyed, hundreds of Jewish businesses and homes were ransacked, innocent people were killed because they were Jews and, according to The Simon Wiesenthal Center, 30,000 other Jews were arrested and sent to concentration camps or deported; and

Whereas, Kristallnacht paved the way for future atrocities, culminating in government-sponsored mass murder on a scale unparalleled in world history, and it served as a prelude to the outbreak of war and the murder of millions of innocent people; and

Whereas, The barbarism and heinous display of inhumanity that ensued during Kristallnacht was characteristic of Nazi rule and served as a stark reminder of how corruptive, manipulative and blinding organized hatred could be; and

Whereas, According to the Council of Jewish Federations, New York State has the largest number of Holocaust survivors in the United States and the largest population of Jews in the world outside of the State of Israel; and

Whereas, The annual commemoration of Kristallnacht is a necessary and vital step in the continuing struggle to bring widespread public awareness to the atrocities of the Holocaust and in making certain that such wanton government-sanctioned violence never happens again; *now, therefore, be it*

Resolved, That the Council of the City of New York commemorates the 61st anniversary of Kristallnacht, "The Night of Broken Glass," in memory of all those who fell victim to the reign of anti-Semitism and senseless violence that took place on that night and all who suffered and perished in its wake.

Adopted.

Res. No. 1030

Resolution calling upon Allianz, BASF, Bayer, BMW, Commerzbank, Daimler-Chrysler, Degussa-Huels, Deutsche Bank, Henkel, Hoechst, Mannesmann, Siemens, ThyssenKrupp, Veba, Viag, Volkswagen and the many other companies who utilized slave and forced labor in its factories during World War II to compensate such survivors with an amount commensurate to the pain and suffering endured by them.

By the Speaker (Council Member Vallone), Council Members Rivera, Dear, Freed, Koslowitz, Lopez, Nelson, Perkins, Reed, Abel and Stabile; also Council Members Fisher, Harrison, Koslowitz, Leffler, McCaffrey, Michels, O'Donovan, Povman and Quinn

Whereas, The Nazi government "leased" tens of thousands of concentration camp prisoners as slave laborers to various foreign and domestic companies operating in Germany during World War II and these companies forced these laborers to work long arduous hours under inhumane conditions; and

Whereas, Evidence demonstrates that Daimler-Benz utilized slave labor in their factories, including facilities manufacturing motor vehicles and tanks for the Nazi Army, throughout occupied Europe; nearly 80% of the 100,000 slave laborers working at ThyssenKrupp died due to the inhumane working conditions; and

Whereas, Several lawsuits have been filed in U.S. federal courts by survivors of the Holocaust against Allianz, BMW, DaimlerChrysler, Siemens and other companies shown to have utilized slave labor; and

Whereas, In a recent trip to Berlin, Israeli Prime Minister Ehud Barak expressed the need for a prompt resolution, stating "We are already more than 50 years after the end of the war. It's urgent since the people involved are very old already"; and

Whereas, Officials from the United States, Germany, Israel, Russia, Poland, Belarus, Ukraine and the Czech Republic, representatives of major German companies and victims' lawyers convened in Washington on October 6 and 7, 1999 to discuss a compensation figure for slave laborers; and

Whereas, The German negotiating team, representing 35 major companies and the German government, offered $3.3 billion to settle the claims brought by slave and forced labor survivors. An estimated $1.2 billion would be distributed to slave laborers (approximately $5,495 per person) and $1.1 billion would be given to forced laborers; and

Whereas, Several organizations have criticized the offer as being insufficient to redress the hardship and pain suffered by the survivors. Indeed, Mel Urbach, the general counsel of the World Council of Orthodox Jewish Communities stated, "They've come forth with an offer shameful to the legacy of Holocaust survivors and victims,"; and

Whereas, There may be close to 2.3 million survivors who could have claims against various companies that made use of forced labor under the Nazi regime and the sixteen companies mentioned above had a combined 1998 revenue of more than $700 billion; and

Whereas, The compensation negotiations are due to reconvene in Bonn, Germany on November 16, 1999; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon Allianz, BASF, Bayer, BMW, Commerzbank, DaimlerChrysler, Degussa-Huels, Deutsche Bank, Henkel, Hoechst, Mannesmann, Siemens, ThyssenKrupp, Veba, Viag, Volkswagen and the many other companies who utilized slave and forced labor in its factories during World War II to compensate such survivors with an amount commensurate to the pain and suffering endured by them.

Res. No.1031

Resolution calling upon the President of the United States to grant clemency to Jonathan Jay Pollard, currently serving an inequitable and incomparably harsh sentence in federal prison.

By The Speaker (Council Member Vallone) and Council Members Dear, Rivera, Freed, Nelson and the Public Advocate (Mr. Green); also Council Members DiBrienza, Eisland, Fisher, Koslowitz, Michels, Povman and Quinn

Whereas, Jonathan Pollard was convicted of espionage on behalf of Israel, a nation allied with the United States; and

Whereas, Prior to conviction, Pollard cooperated with the prosecution and entered into a plea bargain in which the government promised not to seek a life sentence; and

Whereas, Pollard received a life sentence with a recommendation that he never be paroled despite and in violation of his plea agreement; and

Whereas, Pollard was sentenced after the sentencing judge received a secret memorandum from then Secretary of Defense Casper Weinberger; and

Whereas, Pollard and his attorneys were never afforded the opportunity to view or, therefore, dispute the allegations contained within the memorandum; and

Whereas, United States law requires that the accused is given the opportunity to challenge his accusers; and

Whereas, Others convicted of espionage on behalf of United States allies have received and served sentences of significantly shorter prison time or no incarceration at all with no one before or after Pollard receiving a life sentence; and

Whereas, Jonathan Pollard has already served fourteen years in prison, seven of those in solitary confinement; and

Whereas, The United States justice system is based on the fundamental principle of equity and fairness to all regardless of race, creed, or ethnicity; *now, therefore, be it*

Resolved, That the Council of the City of New York does hereby call upon the President of the United States to grant clemency to Jonathan Jay Pollard, currently serving an inequitable and incomparably harsh sentence in federal prison.

Adopted. Council Members Abel, Fiala, Golden, Stabile and Ognibene voted in the Negative.

Res No. 1032

Resolution calling upon the appropriate committee of the Council to hold a hearing on the issue of service guarantees in City contracts to assure that electric current will be provided to streetlights and calling upon City agencies to vigorously enforce any existing provisions in its contracts to ensure uninterrupted electric service to streetlights and to modify those contracts to better ensure such electric service.

By Council Members Boyland, McCaffrey, Rivera, DiBrienza, Espada, Freed, Koslowitz, Lopez, Marshall, Nelson, Perkins, Reed, Rodriguez, Warden, Abel and Stabile; also Council Members Harrison, Lasher, Linares, O'Donovan, Pinkett and Povman

Whereas, The City of New York has contracts for the provision of electricity to streetlights; and

Whereas, The City pays the New York Power Authority (NYPA) a flat rate for generation and provision of electricity to those streetlights and Consolidated Edison (Con Ed) collects forty percent of that fee from NYPA for transmission of current and the performance of services such as meter readings, billings, etc; and

Whereas, As of May 26, 1999 more than 1100 streetlights in New York City were not receiving current: 330 in Brooklyn, 305 in Manhattan, 263 in Queens, 214 in The Bronx and 28 in Staten Island, some for as long as six months; and

Whereas, If a power problem, rather than a mechanical problem, develops in a streetlight the Department of Transportation will "stop tag" the light and inform Con Ed of the power outage and it then becomes Con Ed's duty to restore current to the streetlight; and

Whereas, Under section 333 of the New York City Charter, each agency that lets contracts is required to monitor the performance of every contractor and possesses the authority to take the necessary action with respect to contract non-compliance; and

Whereas, In numerous cases Con Ed has not fulfilled its duty to restore current to streetlights and the City has not effectively or adequately enforced its contracts with NYPA and Con Ed; *now, therefore; be it*

Resolved, That the appropriate committee of the Council hold a hearing on the issue of service guarantees in City contracts to assure that electric current will be provided to streetlights and calling upon City agencies to vigorously enforce any existing provisions in its contracts to ensure uninterrupted electric service to streetlights and to modify those contracts to better ensure such electric service.

Res. No. 1033

Resolution calling on insurance companies to reevaluate and lower their auto insurance rates for New York City residents to reflect the significant decline in auto theft in the last five years throughout New York City and calling upon the State Insurance Department to use its rate approval power to ensure that the auto insurance rates in New York City reflect this decline.

By Council Members Eisland, DiBrienza, Malave-Dilan, Espada, Fisher, Freed, Koslowitz, Lasher, Lopez, Nelson, O'Donovan, Povman, Abel and Stabile; also Council Members Harrison, McCaffrey, Michels, Pinkett, Provenzano, Quinn, Rivera and Rodriguez

Whereas, Auto thefts declined in the first half of 1998 by an average of 8 percent nationwide, according to preliminary findings by the Federal Bureau of Investigation ("FBI") which were reported by the Insurance News Network; and

Whereas, The FBI reported that the Northeast saw the biggest drop in the number of vehicle thefts in 1998, decreasing 13 percent from the same period in 1997; and

Whereas, The New York City metropolitan area, which reported 25,854 vehicle thefts in the first half of 1997, saw that number for the same period in 1998 decrease to 22,817, a drop of almost 13 percent; and

Whereas, The 50th Police Precinct in the Bronx has seen an 18.5 percent reduction in Grand Larceny Auto thus far this year, as compared to the same period last year; and

Whereas, According to a local newspaper article, despite a 50 percent drop in car theft in the Bronx, 14 percent fewer car accidents and 25 percent fewer car-related fatalities boroughwide, new car owners paid 15 percent more for car insurance in 1998 than they did in 1995; and

Whereas, The New York State Insurance Department releases an annual list comparing the 25 largest insurance companies' auto insurance rates for vehicle owners in 70 different territories throughout the state, which demonstrates that nearly every insurance company on the list charged residents of the Bronx higher insurance premiums than similar vehicle owners in Yonkers and Manhattan; now, therefore, be it

Resolved, That the Council of the City of New York calls upon insurance companies to reevaluate and lower their auto insurance rates for New York City residents to reflect the significant decline in auto theft in the last five years throughout New York City.

A LOCAL LAW in relation to a street name, Way of the Finest, Borough of The Bronx.

Be it enacted by the Council as follows:

Section 1. The following street name is hereby designated as hereafter indicated.

New name	Present name	Limits
Way of the Finest	Washington Avenue	between East 159th Street and East 161st Street

§ 2. This local law shall take effect immediately.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1034

A resolution calling upon the New York State Legislature to amend the Criminal Procedure Law to allow the expungement of criminal records in certain situations.

By Council Members Espada, Lopez, Perkins, Provenzano, Reed, Rodriguez and Warden

Whereas, Under the current criminal record sealing provisions of the Criminal Procedure Law, certain criminal actions or proceedings that are terminated "in favor of the accused" result in the sealing of the criminal record; and

Whereas, Under these provisions of the Criminal Procedure Law, an action "in favor of the accused" includes an acquittal and dismissal of the criminal charges; and

Whereas, These provisions of the Criminal Procedure Law also include a situation where after an arrest is made but before an accusatory instrument is filed in criminal court, the police decide not to proceed any further; and

Whereas, Although these provisions of the Criminal Procedure Law provide for sealing of the record and for destruction or return of fingerprints and photographs, they do not provide for destruction of the entire record or file; and

Whereas, Although the Criminal Procedure Law makes it very difficult for individuals to access these sealed records, the possibility of such access always exists; and

Whereas, A person who has had a criminal case dismissed or been acquitted of a charge has been found not guilty and should have the benefit of knowing that his criminal record is destroyed; and

Whereas, A person who has been arrested but does not have any charges lodged against him because the police decide not to pursue the case, should not have to be concerned that a record of the arrest exists; and

Whereas, The existence of an arrest record, even after all charges have been dismissed or when charges are never pressed, can seriously hamper an individual's ability to enter certain professions or impede the ability to seek certain employment or schooling; and

Whereas, Other jurisdictions, such as Utah and Indiana, recognize this stigma on an individual who has been arrested and subsequently vindicated and thereby provide a mechanism for the destruction of all the records in a criminal file; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the Criminal Procedure Law to allow for expungement of a criminal record in certain situations.

Referred to the Committee on Fire and Criminal Justice Services.

Res. No. 1035

Resolution calling upon all members of the New York State Congressional delegation to reject H.R. 1032, which would prohibit certain causes of action against gun manufacturers.

By Council Members Fisher, DiBrienza, Eisland and Rodriguez; also Council Members Harrison, Koslowitz, McCaffrey, Michels, Nelson, O'Donovan, Quinn and Rivera

Whereas, Gun violence is a serious concern in all American cities, including New York City; and

Whereas, According to the Fiscal 1999 Mayor's Management Report, there were 2,118 reported shooting victims in Fiscal 1998 and 2,009 reported shooting victims in Fiscal 1999; and

Whereas, According to data compiled by the Department of Health, there were 486 deaths by firearms in 1997, 483 of which were deemed homicides; and

Whereas, Gun violence has exacted a heavy human toll in this City and gun makers should be held responsible for the damages caused by their products; and

Whereas, Several cities in the United States have brought suits or are preparing to file suits against gun manufacturers alleging that they have intentionally or negligently either marketed or distributed weapons; and

Whereas, Citizens and municipalities have the right to use the Court system to seek redress and should not be barred by political means from using this system; and

Whereas, It should be within the Courts' jurisdiction to determine the validity of such lawsuits; and

Whereas, H.R. 1032, the Firearms Heritage Protection Act of 1999, would limit this right by prohibiting civil actions from being brought by individuals or governmental entities, such as the City of New York, against manufacturers of firearms for damages resulting from the misuse of their products by others; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the members of the New York State Congressional delegation to reject H.R. 1032, which prohibits certain types of lawsuits against gun manufacturers.

Referred to the Committee on Public Safety.

Res. No. 1036

Resolution denouncing the inhumane desecration of the Weissensee Jewish Cemetery in Berlin, Germany and advocating zero tolerance for criminals who violate cemeteries.

By Council Members Fisher, Berman, Dear, DiBrienza, Eisland, Espada, Freed, Koslowitz, Lopez, Marshall, Nelson, O'Donovan, Perkins, Reed and Abel; also Council Members Leffler, Michels, Povman, Provenzano and Rivera

Whereas, In early October of this year, in what police believe was a neo-Nazi attack, more than one hundred headstones were smashed, knocked over, or otherwise desecrated in northeastern Berlin's Weissensee Jewish Cemetery, the largest and most devastating cemetery desecration in many years; and

Whereas, The Weissensee Jewish Cemetery opened in 1880, contains about 115,000 graves, and includes memorials to the more than 12,000 German Jews killed fighting for their country in World War I and the six million European Jews killed by the Nazis during World War II; and

Whereas, Swastikas were posted on a monument dedicated to the Jews deported by the Nazis from Berlin and also on a monument dedicated to the memory of playwright Berthold Brecht in front of the Berliner Ensemble Theater; and

Whereas, Although German officials have promised zero tolerance for perpetrators of such heinous acts, anti-Semitic crimes have been on the rise since Germany was reunified, including an incident last year in Berlin, when the grave of Heinz Galinsky, a Jewish leader who survived Auschwitz, was blown up at the Charlottenburg cemetery; and

Whereas, Recently, there has been an influx of Russian Jews to Germany, helping to increase the country's Jewish population to almost 100,000, with about 20,000 Jews in Berlin, while at the same time, the eastern part of the country is experiencing an increase in the influence of far-right political groups, such as Deutsche Volksunion, which received enough voter support to qualify for parliamentary representation in two states surrounding Berlin; and

Whereas, Andreas Nachama, the chairman of the Berlin Jewish community condemned the desecration of the graves as "horrific acts carried out by inhumane creatures," and stated that, "It is intolerable that something like this happens in Berlin;" *now, therefore, be it*

Resolved, That the Council of the City of New York denounces the inhumane desecration of the Weissensee Jewish Cemetery and advocates zero tolerance for criminals who violate cemeteries.

Res. No. 1037

Resolution calling upon the appropriate Committee of the Council to hold an oversight hearing on the Police Department's procedures regarding the confiscation of life-sustaining prescription medication used to treat HIV-related illness, asthma or other disabling or life-threatening illnesses, from individuals arrested by the police.

By Council Members Lopez, Robles, Clarke, DiBrienza, Espada, Freed, Koslowitz, Marshall, Perkins, Pinkett, Quinn and Reed; also Council Members Eisland, Eldridge, Fisher, Harrison, Michels and Rivera

Whereas, Upon the arrest of an individual Police Department policy requires officers to confiscate any medication in the possession of such individual; and

Whereas, Police Department policy also prohibits third parties from delivering prescription medication to an individual arrested unless such individual is transferred to a city hospital and the medication is dispensed by a physician; and

Whereas, Even if the arrested individual is taken to a city hospital, there is no assurance that the hospital pharmacy has the same crucial medication which has been prescribed to such individual; and

Whereas, In the case of individuals arrested who have AIDS and are taking HIV-inhibiting drugs, they must adhere to a strict time-based dose regimen of specific drugs, or risk developing a drug-resistant strain of the virus; and

Whereas, The individual arrested who develops a drug-resistant strain of the virus which causes AIDS may then infect others, thus causing a very serious public health risk; and

Whereas, The Police Department agreed in a 1992 settlement of the case *Grubbs v. Safir*, 92 Civ. 2132 (U.S. District Court), to improve certain conditions affecting pre-arraignment detainees, including improved access to prescription medication; and

Whereas, Seven years after the Department agreed to such settlement, current Police Department policy continues to be insensitive to the needs of individuals arrested who require their prescribed medications; *now, therefore; be it*

Resolved, That the appropriate Committee of the Council of the City of New York hold an oversight hearing on the Police Department's procedures regarding the confiscation of life-sustaining prescription medication used to treat HIV-related illness, asthma or other disabling or life-threatening illnesses, from individuals arrested by the police.

Referred to the Committee on Health.

Res. No. 1038

Resolution calling upon the appropriate committee of the Council to hold oversight hearings on the impact of the loss of library personnel due to inadequate salaries on the quality of service at the three library systems within the City of New York.

By Council Members McCaffrey, Clarke, DiBrienza, Malave-Dilan, Eisland, Freed, Koslowitz, Leffler, Marshall, Nelson, Quinn, Reed and Sabini; also Council Members Fisher, Harrison, Koslowitz, Michels, O'Donovan, Pinkett, Povman and Rivera

Whereas, All three library systems serving the people of the City of New York: the New York Public Library with 85 branches, the Queens Public Library with 63 branches and the Brooklyn Public Library with 60 branches, have experienced tremendous workforce turnover in recent years due to the inadequate salaries paid to the professional staff of these three library systems; and

Whereas, Other library systems are reaping the benefits of the training and expertise of our professional library staff by offering significantly higher salaries; and

Whereas, Recently, the Queens Borough Library Guild Local 1321, which represents librarians within the Queens Public Library, reported that ". . . more than 17 percent of all Queens librarians are moving out of the Queens library system each year for better paying library jobs in the suburbs and elsewhere"; and

Whereas, Also according to the Queens Borough Library Guild, ". . . a starting librarian at a Queens public library, who must have a master's degree, makes $29,000 - $2,000 less than on Long Island and almost $15,000 less than in San Francisco", ". . . one third of city librarians quit in the first three years" and "[B]by the sixth year, 60% have gone to other systems"; and

Whereas, Librarian attrition statistics are the same for the Brooklyn Public Library, with a 17% departure rate, and even higher for the New York Public Library which serves Manhattan, The Bronx and Staten Island and reportedly has a 25% departure rate for librarians;

Whereas, In addition to the loss of our professional librarians to the higher salaries available at suburban and other library systems, many of our city's librarians are leaving for higher salaries as public school librarians; and

Whereas, The fact that the present librarian contracts expire on March 31, 2000 presents an opportunity to afford pay equity to our librarians and, thereby, return stability and a higher level of professionalism to our library systems; and

Whereas, These lower salaries and high rates of librarian attrition have surely had a deleterious impact on the quality of library services provided by all three of our city's library systems; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon its appropriate committee to hold oversight hearings on the impact of the loss of library personnel due to inadequate salaries on the quality of service at the three public library systems within the City of New York.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Int. No. 654

By Council Members Pinkett, Robinson and Boyland; also Council Members O'Donovan and Rivera

A LOCAL LAW in relation to a street name, Reverend Dr. Hylton L. James Boulevard, Borough of Brooklyn.

Be it enacted by the Council as follows:

Section 1. The following street name is hereby designated as hereafter indicated.

New name	Present name	Limits
Reverend Dr. Hylton L. James Boulevard	Bergen Street	between Ralph Avenue and Kingston Avenue

§ 2. This local law shall take effect immediately.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1039

Resolution calling upon the Public Service Commission to accept the petition seeking enforcement of its March 21, 1997 Order approving the merger of Bell Atlantic and NYNEX and to order Bell Atlantic to return all payroll, revenue accounts and customer billing operations and their associated jobs to New York.

By Council Members Quinn, DiBrienza, Freed, Koslowitz, Reed and Rodriguez; also Council Members Eldridge, Michels, Nelson and Rivera

Whereas, Bell Atlantic is a multi-national, Fortune 500 (ranked 25th) corporation, headquartered in New York City, providing telecommunications services on over 43 million telephone access lines and to 9 million wireless telephone customers worldwide; and

Whereas, According to its annual report as of June 1999 Bell Atlantic provided wireline service to 13 eastern states and the District of Columbia, including New York City, wireless service to 25 states and the District of Columbia, has operations in over 20 nations, employs over 142,830 workers and as of December 1998 Bell Atlantic had total assets of $55.1 billion, operating revenues of $31.6 billion and a net income of $13.8 billion; and

Whereas, On April 22, 1996 Bell Atlantic and NYNEX Boards of Directors announced an agreement to merge the two companies into one of the largest providers of local and global telecommunications in the world; and

Whereas, Between November 1996 and March 1997, the relevant regulatory bodies of the states of Connecticut, Maine, Massachusetts, New Hampshire and Vermont approved the merger of the two companies and the merger received antitrust clearance from the United State Department of Justice and approval by the United States Federal Communications Commission; and

Whereas, Bell Atlantic and NYNEX completed the merger in August 1997; and

Whereas, Bell Atlantic and NYNEX submitted a joint petition to the New York State Public Service Commission (PSC), the state regulatory agency for telecommunications in New York State, for approval of the merger; and

Whereas, After extensive negotiations and public hearings, the PSC, as part of its approval for Bell Atlantic's merger with NYNEX, issued an order on March 21, 1997 (Opinion No. 97-8) setting forth certain conditions to be followed by Bell Atlantic, including the condition that "[t]he merged company shall establish its permanent headquarters in New York City and existing major New York Telephone or NYNEX functions shall not be relocated outside of New York State"; and

Whereas, Beginning on April 1st of this year, Bell Atlantic began closing two Accounting Department offices, one located at 1166 Avenue of the Americas in Manhattan and the other at 395 Flatbush Avenue in Brooklyn, resulting in the relocation and/or loss of over 203 well paying jobs; and

Whereas, The Manhattan and Brooklyn offices perform Bell Atlantic's major accounting functions, including all payroll, revenue accounts and customer billing operations for the former NYNEX and its subsidiaries, which will be entirely transferred to Massachusetts and Pennsylvania as a result of the closings; and

Whereas, The Brooklyn office had approximately 148 clerical workers while the Manhattan office had 55 workers, who earn from $39,440 to $42,700 annually in the Accounting Operation Clerk or Financial Clerk job titles; and

Whereas, The Communications Workers of America (CWA), which represents these 203 workers, has indicated that it is preparing to file a petition in early November 1999 with the PSC, charging that Bell Atlantic's relocation of the two offices violates the March 21, 1997 merger order by PSC; and

Whereas, The CWA commissioned a study by the Five Borough Institute on the impact of the Bell Atlantic office closure, *Bell Atlantic Office Closings: Their Cost to the African-American Community and to the City,* which found that the planned closure will substantially affect both the individual workers involved but also the City's economy; and

Whereas, The study found that the 203 clerical worker positions paid at least $39,000 in wages, with a total compensation package of at least $56,000 annually, that 70% of the workers were African-American woman (142), that 85% were persons of color (172) and 91% were 46 years of age or older (185); and

Whereas, The study concluded that the potential cost to New York City would be 462 full-time year-round jobs, $22 million in lost earnings and $1.2 million in lost non-property tax revenues using standard multiplier analysis and that the workers choosing early retirement would have difficulty finding alternative employment due to the weak New York City job market; and

Whereas, The Council of the City of New York is concerned about the loss of well paying jobs and the potential adverse economic impact to the City of New York by these office closings; and

Whereas, The Council of the City of New York is concerned that the State's regulatory authority will be undermined if the PSC does not enforce its orders, *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Public Service Commission to accept the petition seeking enforcement of its March 21, 1997 Order

approving the merger of Bell Atlantic and NYNEX and to order Bell Atlantic to return all payroll, revenue accounts and customer billing operations and their associated jobs to New York.

Referred to the Committee on Economic Development.

State Leg. Res. No. 168

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Committee On Rules, A.9041, "AN ACT to provide for the incorporation of the city of Staten Island and the incorporation of towns on the east end of Long Island into a new county to be known as Peconic."

By Council Member Rivera

Whereas, a bill has been introduced in the New York State Legislature by Committee on Rules, A.9041, "AN ACT to provide for the incorporation of the city of Staten Island and the incorporation of towns on the east end of Long Island into a new county to be known as Peconic;" and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

Res. No. 1040

Resolution calling upon the New York State Legislature to pass A.2914, a bill that would strengthen the requirements for child abuse background checks of employees of agencies and other institutions having substantial contact with children, expand the types of agencies and other institutions required to make such background checks, and allow the State to share child abuse information with other states.

By Council Members Stabile, Malave-Dilan, Eisland, Espada, Freed, Lopez, Marshall, Perkins, Reed, Rodriguez, Warden, Abel and Ognibene; also Council Members Harrison, O'Donovan, Povman and Provenzano

Whereas, The safety of children is of utmost importance; and

Whereas, In particular, grave harm to children may be prevented through thorough child abuse background checks of employees of agencies and other institutions which provide care and services to children; and

Whereas, Serious harm to children may also be prevented if thorough child abuse background checks are performed by primary and secondary private schools and municipal park and recreation departments on employees who have regular and substantial contact with children; and

Whereas, The sharing of child abuse information among states may also help to prevent grave harm to children; and

Whereas, Section 424-a of the New York State Social Services Law only requires a single child abuse background check for prospective employees of certain agencies and other institutions having substantial contact with children, and does not require any follow-up child abuse background checks on such individuals; and

Whereas, Currently, primary and secondary private schools and municipal park and recreation departments throughout the State are not required to perform child abuse background checks on employees who have substantial contact with children; and

Whereas, The State may not currently share child abuse information with other states; and

Whereas, The New York State Assembly is currently considering A.2914, a bill that would require an annual child abuse background check to be performed by certain agencies and other institutions whose employees have regular and substantial contact with children; and

Whereas, This bill would also require primary and secondary private schools and municipal park and recreation departments to perform child abuse background checks on employees who have regular and substantial contact with children; and

Whereas, This bill would also provide that the State share child abuse information with other states; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass A.2914, a bill that would strengthen the requirements for child abuse background checks of employees of agencies and other institutions having substantial contact with children, expand the types of agencies and other institutions required to make such background checks, and allow the State to share child abuse information with other states.

Referred to the Committee on General Welfare.

Mandatory front building walls

Except as set forth in paragraph (f) of this Section, Where Appendices 2.1 or 3.1 shows a requirement for a #development# in Zone A to be built to a #mandatory front building wall line#, any such #development# shall have a mandatory front building wall coincident with and constructed along such #mandatory front building wall line#, which shall rise without setback for a height above #curb level# not less nor more than the amounts specified in this Section ***as follows,*** except that, at building entrances, openings below the second #story# ceiling in the mandatory front building walls will be permitted to provide access to courtyards:

(a) Except as set forth in paragraph (d) of this Section, with respect to any 60-85 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet.

(b) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#.

(c) On the portion of any #zoning lot# designated as a #special height location# in Appendix 2.2, a height of not less than the otherwise applicable amount set forth in paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (c)(1) of Section 84-135 (Limited height of buildings).

(d) With respect to any #zoning lot# south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above #curb level#.

(e) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 110 feet nor more than 135 feet.

(f) With respect to any 150-250 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet; except that the height may not exceed 150 feet for more than 120 feet or 75 percent of the length of a #building's# western property line, whichever is less, and a setback of not less than five feet and not more than ten feet is required at a height of 150 feet. ***Where Appendix 3.1 shows a requirement for a #development# to be built to a #mandatory front building wall line# along frontage on River Terrace, any such #development# may have a mandatory front building wall coincident with and constructed along a line set back one and one-half feet from the #street line# along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority.***

(g) On the portion of any #zoning lot# designated as a #special height location# in Appendix 3.2, a height of not less than the otherwise applicable amount set forth in paragraphs (e) or (f) of this Section and not more than the height shown in Appendices 3.1 and 3.2.

Subject to the provisions of Section 84-133 (Front wall recesses), the mandatory front building wall requirements set forth in this Section shall also apply to all #developments# along all #street lines# within 50 feet of their intersection with any #mandatory front building wall line#. For the next 20 feet along the #street line#, the mandatory front building wall requirements are optional except that, for any #development# north of Vesey Street and Vesey Place, the mandatory front building wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along #street lines# or to #developments# not subject to the mandatory front building wall requirements.

SUPREME COURT

■ NOTICE

NOTICE OF ACQUISITION
BRONX COUNTY
INDEX NUMBER 702/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the BRONX CRIMINAL COURT COMPLEX located within the area generally bounded by East 161st Street, Grant Avenue, East 162nd Street, and Morris Avenue in the Borough of the Bronx, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Bronx, duly entered in the office of the Clerk of the County of the Bronx on May 9, 2000, the application of the City of New York to acquire certain real property, for the BRONX CRIMINAL COURT COMPLEX, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of the Bronx or the City Register. Said map, showing the property acquired by the City, was filed with said Clerk or with the City Register on May 11, 2000. Title to the real property vested in the City of New York on May 11, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2444	32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54, 146

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 11, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 11, 2002 (which is two (2) calendar years from the title vesting date).

NEW YORK COUNTY
INDEX NUMBER 402296/00
NOTICE OF PETITION

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

Running thence westwardly along the northerly line of West 29th Street for 47.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 26.33 feet to a point;

Thence westwardly along a line forming, on its northerly side, an angle of 270 degrees with the easterly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 45.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 72.42 feet to a point on the southerly line of Tax Lot 1 in Manhattan Tax Block 675;

Thence eastwardly along the southerly lines of Tax Lot 1 and Tax Lot 39 in Manhattan Tax Block 675, being along a line forming, on its southerly side, an angle of 90 degrees with the easterly side of the last described course, for 93.00 feet to a point on the westerly line of Tax Lot 24 in Manhattan Tax Block 675;

Thence southwardly along the westerly line of Tax Lot 24 in Manhattan Tax Block 675, being along a line forming, on its westerly side, an angle of 90 degrees with the southerly side of the last described course, for 98.75 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 12 in Manhattan Tax Block 675.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

A job order contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects at various wastewater treatment plants and facilities within Regional Group 1 in New York City. The bid documents include a book of construction tasks with preset unit prices and related specifications. The contractors will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices and the appropriate quantities by one of the competitively bid adjustment factors.

Interested bidders must attend two mandatory pre-bid conferences. The first mandatory pre-bid conference will be held June 20, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the specifics of the contract, how the contract will be administered, and the type of projects that will be performed. The second mandatory pre-bid conference will be held June 23, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the book of construction tasks, unit prices, and the calculation of the adjustment factor. Attendance at both pre-bid conferences is mandatory. Failure to attend both pre-bid conferences may result in a determination of non-responsiveness.

Bid documents will be available from the Contract Management Unit, 59-17 Junction Blvd., 17th Floor, Corona, NY 11368 after the first mandatory pre-bid conference. For questions concerning this procurement, contact Carol Fenves at (718) 595-3225.

Human / Client Service

PROVIDE SERVICES TO DEAF MEXICAN NATIONALS – NAQ – PIN# 071-00S-003-321 – DUE 06-23-00 AT 5:00 PM – The Department of Homeless Services intends to enter into negotiations with Lexington Vocational Services Center, Inc. to provide support and intermediary service to a special needs population known as the Deaf Mexican Nationals who currently reside in NYCHA Housing. The projected term of this contract is retroactive from January 19, 2000 to January 18, 2001 with no options to renew.

DHS will use the Negotiated Acquisition method pursuant to Sections 3-04(b)(1)(i)(D) and (ii) of the Procurement Policy Board Rules.

Any organization that believes it can provide these services in the future may contact: Suellen Schulman, Agency Chief Contracting Officer in writing at the Department of Homeless Services, 33 Beaver Street, 13th Floor, New York, N.Y. 10004 to request inclusion on the Department's bidder list to provide these services in the future.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a

contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

A Site visit has been arranged for July 6, 2000 at 10:00 A.M. Details regarding the visit are in Contract documents.

A Pre-Bid meeting (Optional) has been scheduled for **June 28, 2000** at 10:00 AM in the Conference Room (8th floor) 2 Rector Street, NYC. All prospective bidders are requested to attend.

HOUSING AUTHORITY

■ REQUEST FOR PROPOSALS

The New York City Housing Authority ("NYCHA"), a public housing agency chartered in the State of New York, seeks to qualify and retain financial advisory entities with the capacity and experience to assist NYCHA in its funding operations.

In anticipating its future funding requirements, NYCHA is planning to access the public and private sectors' credit markets. NYCHA intends to raise funds for new capital construction and development by issuing various types of debt instruments with varying maturities, and by direct, secured and unsecured financing.

Qualified financial advisory entities will be selected by NYCHA and will be contracting with NYCHA to provide the services detailed in a Request for Proposals ("RFP") issued by NYCHA. The RFP can be obtained, without charge, from the 10th Floor reception desk of NYCHA's Department of Housing Finance and Development, located at 75 Park Place, New York, NY 10007, daily between the hours of 9:00 a.m. and 4:00 p.m., except on legal and NYCHA holidays, starting June 12, 2000. RFP responses are due on or before July 31, 2000, 4:00 p.m. For further information please call (212) 776-5345.

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

REQUEST FOR PROPOSALS FOR PRESUBSCRIPTION LONG DISTANCE SERVICE AND LONG DISTANCE OPERATOR SERVICE FOR CERTAIN PUBLIC PAY TELEPHONES LOCATED ON, OVER OR UNDER THE INALIENABLE PROPERTY OF THE CITY OF NEW YORK AND FOR ALL PUBLIC PAY TELEPHONES AND SEMI PUBLIC PAY TELEPHONES LOCATED IN CITY OWNED OR CITY LEASED BUILDINGS

The City of New York ("the City") has granted to one hundred-three companies the right to receive franchises (the "Franchises") authorizing the provision of public pay telephone service from public pay telephones ("PPTs") located on, over or under the inalienable property of the City of New York, of which seventy-two (72) have been awarded to date. The New York City Department of Information Technology and Telecommunications ("DoITT") is responsible for the administration of such Franchises. The City has also authorized the provision of public pay telephone service from PPTs and semi-public pay telephones ("SPPTs") located in certain City-owned or City-leased buildings. This Request For Proposals ("RFP") addresses the selection by DoITT, on behalf of the City as location provider, of presubscription interLATA services for certain PPTs permitted under the Franchises and certain PPTs and SPPTs located in buildings owned or partly or wholly leased by the City. The selected provider will be required to pay the City (and in some cases the holder of a Franchise ("Franchisee") who owns a particular PPT ("Franchisee/Owner") a commission in return for the designation pursuant to this RFP as provider of presubscription services from applicable PPTs and SPPTs. Questions to the City regarding the substance of this RFP *must be in written form* and must be directed to the authorized DoITT contact person designated on the RFP cover sheet. Questions will be accepted up to the close of business on July 5, 2000. Responses to questions will be sent out as addenda to all prospective proposers who received or requested this RFP from DoITT or attended the pre-proposal conference referred to in Section 4.5 of this RFP.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(9-a) of the Public Authorities Law, that after public hearings were held on May 1, 2, 3 and 4, 2000, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on May 12, 2000, adopted a resolution approving increases in water rates to users of the Water Supply System within the City of New York for the fiscal year commencing July 1, 2000, from those rates currently in effect, and approving certain customer service and billing policy changes, as follows:

Effective July 1, 2000, water rates for all in-City customers, metered and unmetered, will increase by 1.0 % over the rates in effect during Fiscal Year 2000. The wastewater rate will remain at 159% of the applicable water charge.

The following changes to the billing policy provisions and procedures of the Rate Schedule were approved:

I. Multiple Family Conservation Proposal

This proposal to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings will replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001.

II. Charges for Steam Condensate Discharges to Sewer System

The Board approved explicit charges for Steam Condensate discharges into the wastewater system contingent upon Consolidated Edison of New York executing a Memorandum of Understanding ("MOU") with the City. The MOU was executed in May 2000 and steam condensate charges will go into effect, as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

III. Other Billing Policy Changes

Certain billing and customer service policies have been changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy. An equivalent will be accepted in instances where no Certificate of Occupancy exists.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Charge; eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Flat Rate Account Reconciliation Fee - new miscellaneous fee of $25 to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system to ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - credit balances will be applied against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter are required to file an engineer's report; accounts with delinquent charges will, upon notice, have Wastewater Allowances revoked.
(7) Meter Surcharge - annual surcharge to be imposed when a customer fails to install a meter.
(8) Permanent Boiler - defines instances where this existing frontage charge may be applied.
(9) Backbilling Limitation - definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

INVOCATION

Bless our Council Members, Give them strength and encourage when their task becomes tedious and discouraging; refresh them when the long hours drain their vitality. May they learn from both their mistakes and their successes, how best to deal with the pressing issues and come up with solutions which will best serve our City.

O Gracious God, assist them in understanding one another's point of view. Save them from stubborn pride. Grant them the courage to set the interests of our community above those of their party.

Council Member Freed moved that the invocation be spread in full upon the Minutes and adopted.

Adoption of Minutes

Council Member Clarke moved that the Minutes of the Stated Meeting of Wednesday, October 13, 1999 be adopted as printed.

Communication from the Board of Elections in the City of New York — Submitting the Certification of Election of Eva S. Moskowitz, as the new Council Member of the 4th Councilmanic District, New York County.

November 4, 1999

Hon. Carlos Cuevas
City Clerk & Clerk of the Council
Municipal Building
New York, New York 10007

Dear Mr. Cuevas:

The results for the election for Member of the New York City Council for the 4th District, New York County are unofficially as follows:

Eva S. Moskowitz	15,607
Reba W. Williams	7,161

While there are unofficially 324 absentees, military ballots and 565 affidavit ballots still uncounted, if all the uncounted votes were credited to Ms. Williams, Ms. Moskowitz would appear to be elected by a margin in excess of 8,000 votes.

Accordingly, while the same is unofficial and requires formal certification, it must be concluded that Eva S. Moskowitz has been elected to fill the vacancy in the 4th New York City Council District created by the resignation of Andrew S. Eristoff.

Very truly yours,

Daniel DeFrancesco
Executive Director

At this point the First Deputy City Clerk swore in Eva S. Moskowitz as the Council Member from the Fourth District.

LAND USE CALL-UPS

M-670

By the Speaker (Council Member Vallone):

Pursuant to Rule 11.20b of the Council and Section 20-226(g) of the New York City Administrative Code, the Council resolves that the action of the Department of Transportation approving an unenclosed sidewalk café located at 33-02 Broadway, Astoria, NY d/b/a Café Kolonaki, Inc. shall be subject to review by the Council.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

The Public Advocate (Mr. Green) put the question whether the Council would agree with and adopt such reports which were decided in the **affirmative** by the following vote:

Affirmative — Abel, Berman, Boyland, Carrion, Clarke, Dear, DiBrienza. Malave-Dilan, Eisland, Eldridge, Espada, Fiala, Fisher, Foster. Freed, Golden, Henry, Koslowitz, Lasher, Leffler, Linares, Lopez, Marshall, McCaffrey, Michels, Miller, Moskowitz, Nelson, O'Donovan, Oddo, Perkins, Povman, Provenzano, Quinn, Reed, Robinson, Robles, Rodriguez, Sabini, Spigner, Warden, Watkins, White, Wooten and the Speaker (Council Member Vallone) — **45.**

REPORTS OF STANDING COMMITTEES

Reports of the Committee on Environmental Protection

Int. No. 531-A

Report of the Committee on Environmental Protection in favor of approving and adopting as amended, a local law to amend the administrative code of the City of New York, in relation to motor fuel storage and dispensing systems.

The Committee on Environmental Protection to which it was referred on March 16, 1999 (Minutes page 611) the annexed amended local law respectfully

REPORTS:

Proposed Int. No. 531-A would amend various provisions of Subchapters 1, 2. 3, 8, 9 and 11 of the New York City Fire Prevention Code (Chapter 4 of Title 27 of the Administrative Code of the City of New York), and § 27-440 of the New York City Building Code (Chapter 1 of Title 27 of the Administrative Code), in relation to the installation, alteration, testing, and repair of equipment used to store and dispense motor fuel. This includes tanks, piping, valves and dispensers. Proposed Int. No. 531-A incorporates Int. No. 531.

Proposed Int. No. 531-A would amend the Fire Prevention Code ("Fire Code") to repeal outdated requirements and permit the use of new motor fuel storage and dispensing equipment in garages, including automotive service stations, private filling stations and marine service stations. Over the past decade, stricter federal and state regulations have resulted in the development of new types of tanks, piping, leak detection and monitoring systems, and overfill prevention and protection systems, that are more protective both of fire safety and the environment.

As proposed to be amended, the Fire Code would set forth permit and licensing requirements and basic safety standards and prohibited conduct, and require that the installation and use of specific types of motor fuel storage and dispensing equipment be in accordance with rules adopted by the Fire Commissioner rather than specifying many of these requirements in the Administrative Code. The rationale presented for this shift is that appropriate safety standards for motor fuel storage and dispensing equipment would be maintained without inhibiting the development and use of new technologies which could be more easily implemented through rulemaking rather than legislation.

The Fire Department has drafted two proposed rules to set forth the specific requirements for motor fuel storage systems. One proposed rule, 3 RCNY § 21-20, would govern equipment installed on or after the effective date of the local law, and existing equipment that is altered or replaced on or after that date. The second proposed rule, 3 RCNY § 21-21, would govern equipment installed prior to that date.

The new Fire Department rule that would contain the detailed requirements for new and altered motor fuel storage and dispensing equipment, 3 RCNY § 21-20, would include the following changes from current code requirements:

- **Tank Construction.** In accordance with State regulations, the proposed rule would require double-walled tanks; existing Fire Code provisions permit single-walled tanks. Double-walled tanks minimize the risk of leaks because in order for the fuel to escape, both the inner shell and outer shell must fail. The rule would also require that new metallic tanks be manufactured with a corrosion protection design to last for 30 years, in accordance with the industry standard. Existing Fire Code provisions require only that metallic tanks be coated on the outside with two coats of red lead and with hot tar, asphalt or other equivalent rust-resisting material, which are not as effective as modem corrosion protection methods.
- **Leak Detection and Containment Systems.** The proposed rule would require all tanks and piping to be equipped with a leak detection system; existing Fire Code provisions do not require such a system in all instances. The rule would require secondary containment systems for all non-metallic pipes carrying motor fuel, and fill catchment basins for all underground storage tank fill connections; the existing Fire Code provisions do not require such protective equipment. Secondary containment systems would contain any leaks from the piping, which is the most common cause of fuel leaks from underground storage tank systems.
- **Tank Overfill Protection.** The proposed new rule would require the installation of overfill prevention devices, which could automatically shut off the flow of fuel into the tank when the tank is 95 percent full; existing Fire Prevention Code provisions do not require such equipment. Tank overfilling is a common cause of fuel spills.
- **Tank Capacity.** The proposed rule would allow individual tanks with a capacity of up to 12,000 gallons; existing Fire Code provisions permit individual tanks with a capacity of up to 4,000 gallons (§ 27-4076(a)(1)(A)). It is represented that the proposed new tank construction, leak detection and containment system and overfill protection requirements permit the safe use of larger tanks, which reduce the likelihood of leaks by reducing the amount of piping and tank connections needed to store the same amount of motor fuel storage. The use of larger tanks also reduces the danger of fuel spill by tank overfill. Cargo tank trucks with a tank capacity greater than 4,000 gallons are commonly used for delivery of motor fuel. Tank overfill is more likely when the product is transferred from a larger tank to a smaller tank.
- **Storage Capacity.** The proposed rule would allow the storage of a maximum of 40,000 gallons per site; existing Fire Code provisions limit such storage to a maximum of 20,000 gallons per site (§ 27-4076(a)). It has been represented that the new tank construction, leak detection and containment systems and overfill protection requirements would allow such increased capacity without additional fire safety risk, and with reduced risk of fuel spills. The increase in storage capacity per site would reduce the risk of fuel spills by reducing the frequency of deliveries.
- **Tank Location.** The proposed rule would allow the aboveground storage of "combustible motor fuel" (such as diesel fuel). Proposed Int. No. 531-A would prohibit aboveground storage of "flammable motor fuel" (such as gasoline). Existing Fire Code provisions authorize only underground storage of motor fuel, although it allows aboveground storage of combustible home heating (#2) fuel oil (similar to diesel fuel) in all occupancies, including private homes. The rule would limit aboveground storage of combustible motor fuel to private filling stations (fuel dispensing facilities maintained for fleet vehicles which are not open to the general public), except where need and safety can be demonstrated to the satisfaction of the Fire Commissioner to a maximum of 4,000 gallons per station. The rule would require an aboveground tank to be of double-walled steel construction and to be encased in reinforced concrete, and equipped with leak detection and overfill protection systems.
- **Pressure Testing.** The proposed rule specifies new testing standards for motor fuel storage tanks and piping. The new testing standards are represented as being consistent with the design and construction of the new tanks and piping required by the proposed rule. The new proposed rule also eliminates the current requirement that tanks be tested every ten years in a favor of a bi-annual functionality test.

Proposed Int. No. 531-A would also add or amend certain Fire Code definitions and licensing and fee provisions to clarify their meaning or modernize their terminology, to simplify and facilitate industry licensing, and to recover the cost of licensing and inspection activities.

Bill section one of proposed Int. No. 531-A amends section 27-440 of the Administrative Code of the City of New York, which sets forth where gasoline and diesel oil tanks may be stored. § 27-440 states that the tanks holding these liquids should be installed below ground and vented to the open air. This section of the Building Code would be amended to modify construction requirements for the installation of underground motor fuel storage tanks and to empower the Fire Commissioner to authorize aboveground installation of storage tanks.

Subdivision (a) of § 27-440, which is not amended, sets forth a requirement that the tops of the tanks must be at least two feet below the finished grade and at least two feet below the level of any cellar or basement floor within ten feet of the tanks.

Subdivision (b), which is not amended, states that the tanks should be supported on foundations that comply with subchapter eleven of this chapter.

Subdivision (c) sets forth a requirement that tanks are to be encased to the level of the tank by at least twelve inches of concrete. Proposed Int. No. 531-A amends this subdivision by stating that the tanks should not be located near the forces from the building foundation and support loads. It further states that the distance from any part of a tank to the nearest wall of any basement, pit or cellar or from any property line that may be built upon, may pot be less than three feet. This is an existing requirement found in § 27-4076(2).

Subdivision (d) states that tanks shall be covered with structurally supported reinforced concrete slab that is at least eight inches thick which extends at least twelve inches beyond the horizontal outlines of the tanks and that the tanks should be placed over a coverage of "clean sand or clean earth fill." Proposed Int. No. 531-A deletes "clean sand or clean earth fill" and replaces it with "suitable clean backfill material." The Fire Department has informed Council staff that "suitable clean backfill material" is intended to be material that is in compliance with either the installation recommendations of the manufacturer of the tanks, in compliance with the testing of material by the New York City Department of Environmental Protection or when the tanks are registered with the Building Department.

Subdivision (e), which is not amended, states that the concrete shall have a minimum compressive strength of twenty-five hundred pounds per inch at twenty-eight days after the tanks have been placed.

§ 27-4002 is the definition section of the Fire Code. Proposed Int. No. 531-A amends the Code to define the terms "motor fuel," "flammable motor fuel," "motor fuel storage and dispensing equipment," and "marine service station," and would conform or clarify the meaning of the existing defined terms "certificate of license," "storage garage," "non-

storage garage," "motor vehicle," "service station," "automotive service station," and "private filling station."

Subdivision 8a of § 27-4002 describes the certificate to authorize a license for the operation of business to install, alter, test, or repair underground gasoline tanks, underground oil tanks or any other underground equipment for the storage and/or dispensing of gasoline and/or other volatile flammable oils, and/or diesel fuel oil used for the operation of motor vehicles. Proposed Int. No. 531-A replaces "to install, alter, test, or repair underground gasoline tanks, underground oil tanks or any other underground equipment for the storage and/or dispensing of gasoline and/or other volatile flammable oils, and/or diesel fuel oil used for operation of motor vehicles" with the newly defined term "motor fuel storage and dispensing equipment (§ 27-4002 (29b)"). It also gives the authority to the Fire Commissioner to issue the certificate rather than the Commissioner of Citywide Administrative Services.

Subdivision 19 defines what a "garage" is. Subdivision 19 is amended by proposed Int. No. 531-A and currently includes within it definitions of "storage garage" and "non-storage garage." It amends the definition of storage garage to be "a garage in which motor fuel other than that contained in the fuel storage tanks of motor vehicles is handled, stored or kept" and to place that definition in a new separate subdivision 19a of § 27-4002. Proposed Int. No. 531-A deletes "volatile flammable oil or diesel oil for" which was included in the description of what was located in the storage tanks.

Subdivision 19 is further amended by proposed Int. No. 531-A to amend the definition of "non-storage garage" to be "a garage in which no motor fuel other than that contained in the fuel storage tanks of motor vehicles is handled, stored or kept" and to place that definition in a new subdivision 19b of § 27-4002. Proposed Int. No. 531-A deletes the reference to "volatile flammable oil or diesel oil for" which was included in the description of what was stored as an element of the determination of whether a garage was a storage or non-storage garage and is consistent with the new definition of "motor fuel" found in new subdivision 26a.

Subdivision 26 defines a motor vehicle. Proposed Int. No. 531-A deletes "diesel fuel oil, flammable gas and volatile flammable oil" from the definition of what is used by a motor vehicle for its power.

Proposed Int. No. 531-A adds new subdivisions 26a and 26b. Subdivision 26a defines "motor fuel" and subdivision 26b defines "flammable motor fuel." There is a preexisting definition of "flammable" found in § 27-4002 (22).

Proposed Int. No. 531-A amends subdivisions 29b by using more modem terms to define what motor fuel storage and dispensing equipment is used for.

Subdivision 30 defines what a "service station" is. Proposed Int. No. 531-A defines "service station" as "any premises or portion thereof in which there is motor fuel storage and dispensing equipment." It deletes the broader definition found in subdivision 30 in response to comments by the industry. Subdivision 30 is amended by proposed Int. No. 531-A and currently includes within it definitions of "automotive service station" and "private filling station" It amends the definition of automotive service station to be "a service station where motor fuel is stored, sold and dispensed for use in motor vehicles, including a service station where such fuel is dispensed by customers of such service station" and to place that definition in a new separate subdivision 30a of § 27-4002. Proposed Int. No. 531-A deletes the words "any such" and "for sale" to clarify the definition.

Subdivision 30 is further amended by proposed Int. No. 531-A to amend the definition of "private filling station" to be "a service station where motor fuel is stored and dispensed for use in motor vehicles or equipment which are owned or operated by the operator of the service station" and to place that definition in a new subdivision 30b of § 27-4002.

Proposed Int. No. 531-A adds new subdivision 30c to define a "marine service station" as "a service station where motor fuel is stored and dispensed for use in motor boats."

§ 27-4017 of the Fire Code relates to the certificate of license requirements for the operation of a business to install, alter, test or repair motor fuel storage and dispensing equipment. Obtaining this certificate is a prerequisite to permitting such a business. Proposed Int. No. 531-A amends the Fire Code by setting forth the general requirements for the issuance of such a certificate, including those previously set forth in the definitions of a certificate of license, § 27-4002(8a).

Proposed Int. No. 531-A also adds a new subdivision (b) to § 27-4017. As amended, the Fire Code would enable the Fire Commissioner to establish licensing requirements and administer the licensing examination, which the law currently requires to be administered by the Department of Citywide Administrative Services. This would facilitate more expeditious licensing of such businesses.

§ 27-4020 of the Fire Code relates to the issuance, renewal and revocation of the Fire Department permits and certificates (i.e., licenses). Int. No. 531-A amends the Code by authorizing the Fire Commissioner to issue any of a variety of certificates or permits for up to a three-year period, rather than the current one-year period. This would eliminate an apparent inconsistency with certain fee provisions of the Fire Code, which authorize certain three-year certificates, and would serve to reduce the administrative burden, on both the agency and the regulated industry, of frequent license renewals where such renewals are not necessitated by public safety considerations. The section would also be amended to include a reference to a Fire Department specific certificate previously omitted from the provision of that section, apparently inadvertently (the certificate of qualification for refrigerating systems).

§ 27-4023 of the Fire Code sets forth general provisions governing the posting of bonds to protect the public from damage or injury resulting from work performed by a person issued a certificate or permit issued in accordance with the Fire Code. Proposed Int. No. 531-A would amend § 27-4023 to make explicit the Commissioner's authority to require such a bond as a condition for issuance of any Fire Department certificate or permit, and to specify the amount of the bond by rule. The bond amount currently specified in the law ($5,000, § 27-4025) have not been changed for decades and bear no relation to current-day costs associated with a leak or explosion resulting from non-code-compliant work.

Proposed Int. No. 531-A also adds a new subdivision (b) of § 27-4023. The subdivision is added to make clear the Commissioner's authority to require or allow, in lieu of a bond, another form of undertaking, such as liability insurance, which is the common industry standard for all businesses to possess.

§ 27-4025 of the Fire Code requires the posting of a bond as a condition for issuance of a certificate of license to install, alter, test or repair fuel storage tanks and dispensing equipment. Proposed Int. No. 531-A would amend the Code to reflect the changes made to § 27-4023, including deletion of the provision specifying the amount of the bond ($5,000) to be posted. It also changes the requirement that a bond must be posted in accordance with the conditions of not only the rules of the Fire Commissioner, but also the requirements of the Building Code.

§ 27-4027 of the Fire Prevention Code relates to the fees for Fire Department inspections. According to the memorandum in support, proposed Int. No. 531-A restructures subdivision (c) of that section and amends it to better reflect the actual cost of certain agency activities relating to motor fuel storage and dispensing equipment. Example fees, such as an inspection fee for a leak detection functionality test, which is associated with new technologies such as self-monitoring motor fuel equipment. The inspection fees for newly-installed and altered motor fuel equipment would be amended to reflect the time associated with inspecting installations of different sizes and numbers of tanks. Proposed Int. No. 531-A deletes paragraphs two and three of § 27-4027 which relates to stationary engine fuel and the human consumption of liquors, spirits or alcohols because they are now captured by the new language found in the proposed bill.

Existing subdivisions (d), (e) and (f) of § 27-4062 of the Fire Code, which relate to the installation, alteration, testing and repair of motor fuel storage and dispensing equipment, would be repealed and new subdivisions enacted. New subdivision (d), would continue the requirement that the installation, alteration, testing and repair of motor fuel storage and dispensing equipment be performed by a person holding a certificate of license or a person employed and supervised by a certificate holder. The new subdivision also incorporates a provision, previously set forth in § 27-4081(b)(11)(B), exempting minor repairs or other maintenance work that may be authorized by the Fire Commissioner from the certificate of license requirement. New subdivision (e), would require periodic testing of motor fuel storage and dispensing equipment and all other storage systems for flammable liquids or mixtures, as prescribed by the Fire Commissioner. The specific testing requirements set forth in the existing subdivision are proposed to be incorporated into the proposed Fire Department rules. New subdivision (f) would require that motor fuel storage systems that are "out of service" be closed in the manner prescribed by the Fire Commissioner. The closing and sealing or removal of out-of-service fuel tanks and other equipment are already mandated and regulated by New York State law and regulation and Fire Department rules (3 RCNY § 21-02), as are the procedures for such actions.

The references in § 27-4065 of the Fire Code to § 27-4081 would be amended to reflect the reorganization of that section.

§ 27-4072 of the Fire Code restricts the issuance of storage garage permits in which monitor fuel may be stored and dispensed. Proposed Int. No. 531-A amends the section by relettering it as subdivision (a) and adding a new subdivision (b) to incorporate the requirement, previously set forth in § 27-4076, that no storage garage permit be issued unless the garage is equipped with motor fuel storage and dispensing equipment acceptable to the Fire Commissioner. The subdivision would also require that such equipment be installed, maintained and tested in accordance with the requirements of the Building Code, the Fire Prevention Code and the rules of the Fire Commissioner.

Subdivision (a) of § 27-4075 of the Fire Code relates to oil separators that prevent oil from entering the sewage system. Existing subdivision (a) would be repealed and a new subdivision enacted, eliminating an exemption to the requirement that is no longer allowed by State law and regulation for environmental protection reasons. New subdivision (a) would now state that "no permit for a storage garage shall be issued for any premises storing more than four motor vehicles unless such premises is equipped with an oil separator, trap or other similar apparatus attached to the house drain."

§ 27-4076 of the Fire Code contains provisions governing motor fuel tank construction, tank capacity, storage per site, corrosion control, fill containment basins (fill box), leak detection, and tank/piping pressure installation and testing. Proposed Int. No. 531-A would repeal this section and a new section would be enacted. New subdivision (a) of this section would allow the installation of motor fuel storage tanks aboveground or underground, as authorized by Fire Department rules with some exceptions. The exceptions are

outlined in paragraphs (1) through (3) of subdivision (a). Paragraph (1) of subdivision (a), states the exception that the storage of "flammable" motor fuel in aboveground tanks is prohibited; paragraph (2) states that the capacity of any particular motor fuel storage tank shall not exceed twelve thousand gallons; and paragraph (3) states that the total capacity of all aboveground and underground motor fuel storage tanks at any location shall not exceed forty thousand gallons. This section would also be included and expanded in the Fire Department's proposed rules.

Subdivision (b) of § 27-4076 continues the requirement of a Fire Department certificate for the approval of pumps and other motor fuel dispensing devices. Subdivision (c) emphasizes the Fire Department's existing authority in requiring that fire suppression systems and other fire suppression measures be provided in connection with the installation, operation or maintenance of motor fuel storage and dispensing equipment.

§ 27-4077 of the Fire Code contains various restrictions on the storage and dispensing of motor fuel in garages. Proposed Int. No. 531-A would repeat this section and a new section would be enacted. The new section would reorganize and more clearly state the existing restrictions, except for existing subdivisions (a) and (b), which would be incorporated into Fire Department rules.

§ 27-4081 of the Fire Code requires a Fire Department permit for the operation of a service station and regulates motor fuel dispensing equipment and operations on such premises. Proposed Int. 531-A would repeal this section and a new section would be enacted. The new section would largely retain but reorganize and clarify the existing requirements, except for the detailed equipment requirements, which would be incorporated into Fire Department rules. The amended section would also be applicable to marine service stations, eliminating the need for the separate section that currently applies to such service stations.

Proposed Int. No. 531-A would repeal § 27-4082 of the Fire Code that governs motor fuel storage systems in marine service stations. To simplify and clarify the regulation of motor fuel storage and dispensing equipment, the proposed local law would consolidate the requirements for the installation, alteration, testing and repair of such equipment, irrespective of the type of garage or service station. Any special requirements applicable to a particular type of facility, such as a marine service station, would be set forth in Fire Department rules.

Int. No. 531 was amended as follows:

1. § 27-440 was amended to now include suitable "clean" backfill material when describing what the suitable material allowed to cover the underground storage tanks is.
2. Subdivision (30) of § 27-4002 was amended to include "any premises or portion thereof" to broaden the definition of a "service station."
3. Subdivision (30b) of § 27-4002 was amended to include "and dispensed" when defining that a service station stores and dispenses motor fuel.
4. Paragraph 5 of Subdivision (c) of § 27-4027 adds the word "test" and deletes the word "inspection" when referring to the fee charged for the inspection of tank testing.
5. Subdivision (r) of section 9 of § 27-4065 corrects the mistake of cross-referencing to paragraph three and six of subdivision b of section 27-4081 and replaces it with the cross reference to paragraphs "two and five."
6. Subdivision (b) of § 27-4072 adds "motor fuel" to the describing the storage and dispensing equipment.
7. § 27-4076 of the Fire Code contains provisions governing motor fuel tank storage and dispensing equipment. Int. No. 531 § 27-4076, § 27-4077, § 27-4081 and § 27-4082 did not contain detailed requirements governing these provisions because originally they were supposed to be modernized and incorporated into the proposed Fire Department rules. Proposed Int. No. 531-A expands on these provisions and incorporates them into paragraphs (1), (2) and (3) of § 27-4076.

The Committee has held two oversight hearings within the past year dealing with these stricter federal and state regulations. On February 26, 1999 the Committee held an oversight hearing on regulations regarding underground storage tanks and the enforcement in the City of New York by the United States Environmental Protection Agency (USEPA) of new federal standards on underground storage tanks. The Committee then held a follow-up hearing on March 19, 1999 on the compliance with federal regulations for underground storage tanks (USTs) and the status of efforts to identify and remediate contamination from previous underground storage tank leaks.

The Committee held an oversight hearing on Proposed Int. No. 531-A on October 22, 1999.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	($33,333)	($100,000)	($100,000)
Expenditures (–)	0	0	0
Net	($33,333)	($100,000)	($100,000)

Impact on Revenues: The Department reports that there are approximately 12,500 fuel storage tanks that would be affected by this legislation. Due to changes in the fee structure for motor fuel storage systems, on an annual basis the Department would receive approximately $2.6 million in additional revenue for a new leak detection functionality test ($210 per hour for a maximum of two hours). At the same time, the Department would lose approximately $2.7 million annually in revenue from eliminating two existing tests (the discharge lines test ($365 per site) and the tank test ($355 per site)). Therefore, the net revenue impact on an annual basis would be approximately $100,000 less in revenue. Because the earliest the proposed law would take effect is March 1, 2000, the net revenue impact for FY2000 shown in the above table reflects the impact only for the last four months of the fiscal year. There is also a potential for an additional revenue impact due to changes in certain fees for inspections of new fuel tank installations and alterations of existing fuel tanks. The amount of this potential revenue impact can not be determined because the annual number of installations and alterations is unknown.

Impact on Expenditures: The only potential impact on expenditures from the proposed law would be in the area of enforcement. According to the Fire Department, the use of any agency resources related to this legislation would be provided within existing appropriations. Therefore, the proposed law would not have any fiscal impact on the city's expenditures.

Accordingly, Your Committee recommends its adoption as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to fuel storage and dispensing systems.

Be it enacted by the Council as follows:

Section 1. Section 27-440 of the administrative code of the city of New York is amended to read as follows:

§ 27-440. Gasoline and diesel oil motor vehicle fuel storage. All volatile flammable liquids and diesel oil motor vehicle fuel storage tanks shall be installed below ground and vented to the open air *except for such aboveground installation as may be authorized by the rules of the fire commissioner*. The installation and venting of storage tanks shall be in accordance with applications and plans approved by the commissioner and shall also meet the requirements of chapter four of this title *and the rules of the fire commissioner*. Except as otherwise provided for in [subdivision b of section 27-4019, subdivision m of section 27-4065 and subdivision a of section 27-4076 of] chapter four of this title *or the rules of the fire commissioner, underground* tank [installments] *installations* shall comply with the following:

(a) The tops of the tanks shall be at least two feet below finished grade and at least two feet below the level of any cellar or basement floor within ten feet of the tanks.

(b) Tanks shall be supported on foundations complying with subchapter eleven of this chapter.

(c) [Tanks shall be encased to the level of the top of the tank by at least twelve inches of concrete.] *Tanks shall be located so that the forces from any building foundation and support loads are not transmitted to the tanks. The distance from any part of a tank to the nearest wall of any basement, pit or cellar, or from any property line that may be built upon, shall not be less than three feet.*

(d) Tanks shall be covered with a structurally supported reinforced concrete slab at least eight inches thick extending at least twelve inches beyond the horizontal outlines of the tanks and placed over a coverage of [clean sand or clean earth fill] *suitable clean backfill material.*

(e) All concrete shall have a minimum compressive strength of twenty-five hundred pounds per square inch at twenty-eight days.

§ 2. Subdivisions 8a, 19, 26, 29b and 30 of section 27-4002 of such code, subdivision 8a as amended by local law number 59 of 1996, subdivision 26 as amended by local law number 84 of 1993 and subdivision 30 as amended by local law number 32 of 1989 are amended and new subdivisions 26a, 26b and 30a are added to such section, to read as follows:

8a. Certificate of license [to install, alter, test, or repair underground gasoline tanks, underground oil tanks or any other underground equipment for the storage and/or dispensing of gasoline and/or other volatile flammable oils, and/or diesel fuel oil used for operation of motor vehicles], a written statement issued by the [fire] commissioner [cer-

tifying that the person named therein has been duly qualified by the commissioner of citywide administrative services] *authorizing the operation of a business* to install, alter, test or repair [such equipment and that such person has such authority during the term specified in the certificate] *motor fuel storage and dispensing equipment.*

19. Garage, a building, shed or enclosure, or any portion thereof, in which a motor vehicle other than one the fuel storage tank of which is empty, is stored, housed or kept.

[a] *19a.* Storage garage, a garage in which [volatile flammable oil or diesel oil for] motor fuel other than that contained in the fuel storage tanks of motor vehicles is handled, stored[,] or kept.

[b] *19b.* Non-storage garage, a garage in which no [volatile flammable oil or diesel oil for] motor fuel other than that contained in the fuel storage tanks of motor vehicles is handled, stored or kept.

26. Motor vehicle, a vehicle or other conveyance having more than two running wheels and using [diesel fuel oil, flammable gas or volatile flammable oil] *motor fuel or flammable gas* as a fuel for generating motive power, except such vehicles as have a storage tank with a maximum capacity for less than two gallons of [volatile flammable oil or diesel fuel oil] *motor fuel* or a container with a maximum capacity limited to a quantity of flammable gas that generates energy that is equivalent to the energy generated by two gallons of [volatile flammable oil] *gasoline.*

26a. Motor fuel, gasoline, diesel fuel oil or other flammable or combustible liquids or mixtures used as fuel in the operation of motor vehicles, motorcycles, motor boats and aircraft.

26b. Flammable motor fuel, gasoline or other flammable liquids or mixtures used as fuel in the operation of motor vehicles, motorcycles, motor boats and aircraft.

29b. [Underground equipment for storage or dispensing of diesel fuel, gasoline or other flammable oils, used for operation of motor vehicles shall include] *Motor fuel storage and dispensing equipment, all equipment used for storage or dispensing of motor fuel including* [underground] storage tanks, piping [and valves], [foot] valves, [fill boxes, fill-box housing, complete] *fill connection catchment basins,* vent lines, [gauge line boxes, and] pumps, [and] dispensing devices *and other ancillary equipment* whether [above or below ground but shall not include other equipment located above ground] *aboveground or underground.*

30. Service Station. [An authorized building, shed, enclosure or area or any portion thereof, where there is an underground system acceptable to the commissioner for the storage of volatile flammable oil or diesel fuel oil used as a motor fuel] *Any premises or portion thereof in which there is motor fuel storage and dispensing equipment.*

[a] *30a.* Automotive service station. A service station where [any such] motor fuel is stored, *sold and dispensed* [for sale] for *use in* motor vehicles, including a service station where such fuel is dispensed by customers of such service station.

[b] *30b.* Private filling station. A service station where [any such] motor fuel is stored *and dispensed* for use in motor vehicles or equipment which are owned or operated by the operator of the service station.

30c. Marine service station. A service station where motor fuel is stored and dispensed for use in motor boats.

§ 3. Section 27-4017 of such code is amended to read as follows:

§ 27-4017 [Certificates] *Certificate* of [licenses] *license* [to install, alter, test or repair underground equipment for storage, underground storage systems, underground tanks, and underground piping and valves for gasoline or other volatile flammable oils and/or diesel fuel oil used for operation of motor vehicles]. *a.* An application for a certificate of license *for the operation of a business* to install, alter, test or repair [such underground] *motor fuel storage and dispensing* equipment shall be in such form [and detail] and shall contain such [appropriate] information as the [fire] commissioner may prescribe. [The certificates of licenses to install, alter, test or repair such underground equipment as defined in subdivision twenty-nine b of section 27-4002 shall be according to an established form and shall be regularly numbered and duly registered.] Such [certificates] *certificate* of [licenses] *license* shall be issued to bona fide residents of the city of New York or to persons maintaining a place of business and doing business in the city of New York.

b. A certificate of license shall be issued to an applicant who has demonstrated his or her qualifications to install, alter, test or repair motor fuel storage and dispensing equipment by passing an examination and otherwise satisfying the requirements established by the commissioner for such certificate.

§ 4. Section 27-4020 of such code is amended to read as follows:

§ 27-4020 [Renewals; revocation] *Issuance, renewal and revocation.* [Unless] *Except as* otherwise specifically provided *in this chapter,* every permit, *certificate of approval, certificate of fitness,* certificate of license, certificate of [fitness] *qualification* or certificate of registration or renewal thereof, granted by the commissioner, shall be for such period as the commissioner may determine, not to exceed [one year] *three years,* and shall *expire at the end of such period unless the commissioner approves its renewal. Each such permit or certificate shall* be a mere revocable license[. Certificates of approval shall be effective from date of issuance and must be renewed every three years thereafter. Certificates of approval] *which* may be revoked for cause, at any time, by the commissioner.

§ 5. Section 27-4023 of such code is amended to read as follows:

§ 27-4023 Bonds; general provisions. *a. The commissioner may require the posting of a bond as a condition for issuance of any certificate required by this chapter or any rule promulgated thereunder.* All bonds required to be given under the provisions [of subchapters one through twenty-seven] of this chapter shall be approved by the comptroller[,]as to the sufficiency of the sureties, and conditioned for the payment of any loss, damage or injury resulting to persons or property by reason of carelessness, negligence or failure to comply with the requirements of [subchapters one through twenty-seven of] this chapter *and the rules promulgated thereunder*[,] respecting the manufacture, transportation, storage, sale, handling or use, within the city, of any article [or], thing [covered by subchapters one through twenty-seven of this], *or activity subject to the provisions of such* chapter[;] *and rules,* except that no bond shall be required of a contractor in connection with work to be performed by such contractor under a contract with the city, provided he or she has filed a general indemnity bond covering such contract. *The commissioner shall establish by rule the amount of such bond, except where such amount is specified in this chapter.*

b. The commissioner may require or allow, in lieu of a bond, another form of undertaking, including but not limited to a liability insurance policy, in an amount to be established by rule, and conditioned for the payment of any loss, damage or injury to persons or property as set forth in subdivision a of this section.

§ 6. Section 27-4025 of such code is amended to read as follows:

§ 27-4025 Bonds for installing, altering, testing or repairing [such] *motor fuel storage and dispensing equipment* as defined in subdivision twenty-nine b of section 27-4002. Every applicant for a certificate of license [to install, alter, test, or repair underground equipment for storage, underground storage systems, underground tanks and underground piping and valves for gasoline or other volatile flammable oils and/or diesel fuel oil, used for operation of motor vehicles,] shall give a bond to the city of New York conditioned for the payment of any loss or damage suffered by any person by reason of the failure to install, alter, test, or repair such [underground] equipment in accordance with the *requirements of the building* code [relating thereto], *this chapter and the rules of the commissioner.* [Each bond shall be in the penal sum of five thousand dollars and shall be approved by the comptroller as to the sufficiency of the sureties.]

§ 7. Subdivision c of section 27-4027 of such code, as amended by local law 47 of 1988, is amended to read as follows:

c. [Flammable/combustible mixtures and liquids/underground tank installations] *Motor fuel and motor fuel storage and dispensing equipment*:

1. to store[, sell and/or use flammable and/or combustible mixtures and/or liquids such as gasoline, volatile flammable oils, diesel oil motor fuel, and other motor fuels in underground tank installations at storage garages, marinas; automotive service and private fill stations, airports, heliports and RR locomotives (as required by code/regulation): site inspection] *and dispense motor fuel* 105.00
2. discharge lines [inspection] *test* (per site) (frequency of [inspection] *test* as required by code/[regulation] *rule*) 365.00
3. *leak detection functionality test (per hour) (frequency of test as required by code/rule)* *210.00*
4. [dry chemical extinguishing] *fire suppression* system test[/where installed] (per system) [(frequency of inspection as required by code/ regulation)] 750.00
5. tank [inspection] *test* (per site) (frequency of [inspection] *test* as required by code/[regulation] *rule*) 355.00
6. [reopen, modified or inspection of repaired tanks] *tank reopening and repair* (frequency of inspection as required by code/[regulation] *rule*) 320.00
7. [review and inspection during the time of new tank] installation *and alteration* (frequency of inspection as required by code/[regulation] *rule*):

   with discharge lines:[..... 1,385.00]

   for tank with capacity of 4,000 gallons or less *980.00*

   each additional tank *210.00*

   for tank with capacity of greater than 4,000 gallons *1,210.00*

   each additional tank *420.00*

   without discharge lines:[..... 1,180.00]

   for tank with capacity of 4,000 gallons or less *665.00*

   each additional tank *195.00*

   for tank with capacity of greater than 4,000 gallons *840.00*

   each additional tank *385.00*

[2. Fuel oil, storage and use and diesel oil stored for stationary engine fuel ..... Fee as in paragraph one of subdivision b

3. Liquors, spirits or alcohols (for human consumption) ..... Fee as in paragraph three of subdivision a]

§ 8. Subdivisions d, e and f of section 27-4062 of such code are REPEALED and new subdivisions d, e, and f are added to read as follows:

d. Installation, alteration, testing and repair. It shall be unlawful for any person to install, alter, test or repair any motor fuel storage and dispensing equipment unless such person holds a certificate of license to install, alter, test or repair such equipment or is employed and supervised by a person holding such certificate, except for such minor repairs or other maintenance work as the commissioner may authorize to be performed without such license or such supervision. Written notification shall be made to the commissioner prior to commencing any work pursuant to this subdivision except for the aforementioned minor repairs or other maintenance work.

e. Periodic tests for motor fuel storage and dispensing equipment and all other flammable liquid or mixture storage systems. Motor fuel storage and dispensing equipment and all other flammable liquid or mixture storage systems shall be subject to such periodic testing as may be prescribed by the commissioner.

f. Out-of-service storage systems. Storage systems for motor fuel or other flammable or combustible liquids or mixtures, which are not in use, shall be closed in the manner prescribed by the commissioner.

§ 9. Subdivision r of section 27-4065 of such code is amended to read as follows:

r. Installation of pumps. The installation of pumps shall conform to [subparagraphs A, B and C of paragraph four and paragraphs six and seven] *paragraphs three and six* of subdivision b of section 27-4081 of this chapter [of the code] insofar as applicable.

§ 10. Section 27-4072 of such code is amended to read as follows:

§ 27-4072 Storage garages. *a.* No permit *shall be issued* for a storage garage [shall be issued for any building, shed or enclosure] *where*:

1. [Where the building] *The storage garage* does not comply with the requirements of the building code [regulating storage occupancies];

2. [Where paints] *Paints*, varnishes or lacquers are manufactured or [kept] *stored* for sale;

3. [Where dry] *Dry* goods or other highly flammable materials are manufactured or [kept] *stored* for sale;

4. [Where rosin] *Rosin*, turpentine, hemp, cotton or any explosives are *manufactured or* stored [or kept] for sale;

5. [Which] *The storage garage* is situated within twenty feet of the nearest wall of a building occupied as a school, theatre or other place of public amusement or assembly; provided, however, that renewals of permits may be granted where the *storage* garage in question was in operation prior to the opening of the school, theatre or other place of public amusement or assembly, or has been in continuous operation under a permit issued therefor prior to the first day of May, nineteen hundred fifteen, and further provided that a permit may be issued for a *storage* garage hereafter erected within twenty feet of a building, the occupancy of which is enumerated in this [subdivision] *paragraph*, where the *storage* garage has no frontage on the same street with any frontage of such building, and the wall or walls of the *storage* garage adjacent thereto are constructed of brick, unpierced for a distance of at least twenty feet therefrom.

b. No permit for a storage garage shall be issued unless such garage is equipped with motor fuel storage and dispensing equipment acceptable to the commissioner. Such equipment shall be constructed, installed, maintained and tested in accordance with the requirements of the building code, this chapter and the rules of the commissioner.

§ 11. Subdivision a of section 27-4075 of such code is REPEALED and a new subdivision a is added to read as follows:

a. No permit for a storage garage shall be issued for any premises storing more than four motor vehicles unless such premises is equipped with an oil separator, trap or other similar apparatus attached to the house drain.

§ 12. Sections 27-4076, 27-4077, 27-4081 and 27-4082 of such code are REPEALED and new sections 27-4076, 27-4077, and 27-4081 are added to read as follows:

§ 27-4076 Motor fuel storage and dispensing equipment.

a. Tanks. Motor fuel storage tanks may be installed aboveground or underground as authorized by the rules of the commissioner, except that:

1. The storage of flammable motor fuel in aboveground tanks is prohibited;

2. The individual capacity of any motor fuel storage tank shall not exceed twelve thousand gallons; and

3. The total capacity of all aboveground and underground motor fuel storage tanks at any one location shall not exceed forty thousand gallons.

b. Pumps and dispensing devices. It shall be unlawful to install or use any pump or dispensing device or other similar apparatus in a garage unless it is of a type for which a certificate of approval shall have been issued by the commissioner or previously approved by the board of standards and appeals, unless such approval is amended or repealed by the commissioner.

c. Fire safety. The commissioner may require that fire suppression systems or other fire safety measures be provided in connection with the installation, operation or maintenance of motor fuel storage and dispensing equipment.

§ 27-4077 Restrictions.

a. It shall be unlawful to take or admit into a garage any vehicle engaged in the delivery of flammable motor fuel.

b. It shall be unlawful to take or admit into a garage or to store in a garage any container in which there is flammable motor fuel or flammable motor fuel vapor.

c. It shall be unlawful to sell, deliver or use flammable motor fuel at a storage garage except for the purpose of filling the tanks of motor vehicles, motorcycles, motor boats, or aircraft.

d. It shall be unlawful to use any flammable mixture or liquid for cleaning floors, walls, equipment or parts in or upon any premises used as a garage, automotive service station, or for the repair of motor vehicles.

§ 27-4081 Service stations.

a. Permit and certificate of approval.

1. Permit. It shall be unlawful to maintain or operate a service station, including an automotive service station, a private filling station or a marine service station, without a permit issued by the commissioner. Service stations shall comply with the provisions of this subchapter and rules promulgated thereunder and subdivisions a and b of section 27-4058 and subdivisions d, e and f of section 27-4062 of this chapter.

2. Certificate of approval. Any motor fuel storage and dispensing equipment or other materials regulated by the provisions of this subchapter shall be of a type acceptable to the commissioner, and, where prescribed by the commissioner, shall be of a type for which a certificate of approval has been issued by the commissioner. Equipment or materials previously approved by the board of standards and appeals shall be acceptable unless such approval is amended or repealed by the commissioner.

b. Dispensing and dispensing equipment.

1. At all hours during which a service station is in operation, the premises shall be continuously under the supervision of a person holding a certificate of fitness for the dispensing and handling of motor fuel.

2. The use of a motor fuel dispenser that is coin-operated, card-operated or remotely-operated is prohibited, except that such a device may be used by any person to activate a motor fuel dispenser when a person holding a certificate of fitness required by paragraph one of this subdivision is present at the service station's control booth and is monitoring any and all fuel dispensing. This paragraph shall not apply to private filling stations.

3. Motor fuel shall be transferred from tanks by means of fixed pumps. Such liquids shall not be transferred by any equipment or procedure which subjects the shell of the storage tank to pressures above its allowable working pressure. The installation and use of pumps and dispensers shall be in the manner prescribed by the commissioner.

4. No motor fuel shall be dispensed into any container or inside any enclosed portion of a service station, except as prescribed by the commissioner. Antifreeze liquids may be dispensed only in enclosed portions of a service station that have approved heating devices and in which there is no open flame.

5. No flammable motor fuel shall be transferred from one container to another inside any enclosed portion of a service station.

6. Pits for subsurface pumps or piping manifolds of submersible pumps shall be no larger than necessary as determined by the commissioner or provided for in the prior approval by the board of standards and appeals, unless such approval is amended or repealed by the commissioner. Pits shall be constructed to the satisfaction of the commissioner of the department of buildings and shall withstand the external forces to which they may be subjected without damage to the pump, tank or piping. Pits shall be provided with a tight fitting cover for inspection and maintenance. For all pits installed prior to July first, nineteen hundred ninety-one, where the size or construction of the pit has not been specified by the board of standards and appeals, the pit shall be constructed of eight inch concrete block masonry and shall be eighteen by eighteen inches in size. Grease and repair pits within an enclosed building shall be provided with mechanical ventilation to conform to the requirements of the building code and the department of buildings.

§ 13. This local law shall take effect 120 days after the date of its enactment into law and shall apply to motor fuel storage and dispensing equipment installed prior to or after such effective date except that prior to such effective date the fire department may promulgate rules or take any other administrative actions to implement its provisions.

Reports of the Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations

Int. No. 518

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Michael Griffith Street, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on February 25, 1999.(Minutes page 365) the annexed local law respectfully

REPORTS:

Michael Griffith was born in Trinidad-Tobago on March 2, 1963. He attended Rose Roman Catholic School in Trinidad before coming to the United States at the age of ten, on May 31, 1973. In New York City, Michael attended Public School #243, Public School #35, Boys and Girls High School and Prospect Heights High School. After school he became a construction worker with the Delmont Construction Company where he helped other teenagers to find employment. He worked as a member of 'Job Core' and was also an Automotive Specialist. In other community activities, Michael was a boxer at the Marcus Garvey Community Center and was part of 'Youth Discipleship' at our Lady of Charity Church. He loved sports, cooking and working with young children. He was considered by family, friends and neighbors as a "very loving, kind and sensitive person."

On the night of December 20th, 1986 Michael Griffith, along with three friends, including his stepfather Cedric Sandiford, drove to a construction site in Far Rockaway to pick up paychecks. On the way back to Brooklyn, at approximately 9:00 P.M., their car broke down on Cross Bay Boulevard in the Howard Beach area. Unable to restart the car, three of the four friends went into a pizza parlor to eat and consider their options. When the three men left the eatery an angry crowd, armed with baseball bats and large pieces of wood, confronted them. They were badly beaten by the mob and chased toward Shore Parkway. Cedric Sandiford and one of the friends escaped the incident with serious cuts and bruises. Michael Griffith, badly beaten, was chased onto Shore Parkway where he was hit by a car/or cars and killed instantly.

In view of the tragic death of Michael Griffith, at the age of twenty-three in a hate related assault, it is fitting that Pacific Street, between Albany Avenue and Ralph Avenue, be renamed "Michael Griffith Street" in his memory to remind New Yorkers that vigilance against hate and bigotry is forever necessary. In the words of Michael's mother, Jean Griffith Sanderford, "We want this change so that my son's death will not have been in vain. We hope that young people will learn that we should not hate and fear one another but to learn to love and live in unity. The youth of today are the future of tomorrow and they should know that when prejudice rears its ugly head we, by acting together as one, can defeat it."

This local law will take effect immediately.

Int. No. 610

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Eugene McCabe Way, Borough of Manhattan.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on July 21, 1999 (Minutes page 2040) the annexed local law respectfully

REPORTS:

Eugene Louis McCabe was born, to Eugene L. McCabe, senior, and Edna Mae McCabe, in New Haven, Connecticut on May 18, 1937. He attended Hill House High School there and after graduation joined the United States Marines. Later, after finishing his service in the Marines, Mr. McCabe returned to Connecticut where he attended Southern Connecticut State University as a political science and history major.

After college, on his way to a highly successful professional career, Eugene McCabe became regional director for Deleuw Cather/Parsons and Associates, directing its New York staff in preparations to launch a $2 billion rail transportation joint venture involving Amtrak, The Port Authority of New York/New Jersey and the Metropolitan Transit Authority.

During the New York City fiscal crisis in the mid '70's, Mr. McCabe was staff director for the commission, created by Governor Hugh Carey, which centralized lobbying efforts to gain public support for $2.5 billion in federal loan guarantees. He was also a consultant at Booz, Allen & Hamilton, Inc., a leading international management company.

Eugene McCabe founded North General Hospital in 1979. Recognizing the need for high quality healthcare services for the residents of Harlem, he rallied the support of local politicians and civic leaders to save the Hospital, which faced closure when the Hospital for Joint Diseases moved downtown. Today, North General Hospital is the only minority operated voluntary, community, teaching hospital in New York State.

In 1988, Mr. McCabe brought to bear his many years of management and fiscal experience when, working with Governor Mario Cuomo and the State Legislature, he helped secure passage of a bill that approved $150 million in state-supported bonds to construct a state-of-the-art hospital facility in Harlem.

Following in the footsteps of his father, a New Haven civic leader, Mr. McCabe maintained a strong commitment to social and economic progress. The model institution he built in North General served as an anchor for the economic development and revitalization of the surrounding community. His charismatic leadership and political savvy transformed North General into a $150 million network of ambulatory care centers, physician practices, a college of nursing home attendant program and a flourishing housing development corporation. He strongly believed in public/private partnerships. Utilizing this model, Mr. McCabe spearheaded the development of 300 units of affordable co-op housing along the once blighted Madison Avenue corridor from 119th to 124th Streets.

Mr. McCabe served on numerous boards including the Governor's Healthcare Advisory Board, the Greater New York Hospital Association, the Apollo Foundation, the Landmarks Conservancy and Stillman College. Recently, he served as Vice Chairman of the Upper Manhattan Empowerment Zone.

Mr. McCabe was an avid art collector and ardent mountain climber. His climbing took him to Kilimanjaro, Africa, Mt. Rlbrus, Russia and Mt. Aconcagua, Argentina. Mr. McCabe successfully summitted Mt. McKinley and Mt. Rainier.

Eugene Louis McCabe died on September 30, 1998. He was survived by his wife Elsie Crum McCabe and twins, Eugene Louis and Erin Alberta, a son Kevin McCabe of Montclair, New Jersey, his mother Edna McCabe and sister Janice Bonner of New Haven Connecticut, five nieces, four nephews and six in-laws.

In recognition of Mr. McCabe's many years of public service to New York State, the City of New York and the Community of Harlem, it is fitting that Madison Avenue, Between 118th Street and East 124th Street, be renamed "Eugene McCabe Way" in his honor.

Int. No. 618

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Langston Hughes Walk, Borough of Queens and to repeal local law number 45 for the year 1989.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on August 11, 1999 (Minutes page 2107) the annexed local law respectfully

REPORTS:

Local Law for the Year 1989 No. 45 named the northside of Northern Boulevard between 102nd and 103nd Streets as "Langston Hughes Walk". That is the former location of the Langston Hughes Library. As the Library has been relocated to a new building on the northside of Northern Boulevard between 100th and 101st Streets, this proposed local law would repeal Local Law No. 45 and move the designation "Langston Hughes Walk" to coincide with the new location of the Library.

The following biographical material on Langston Hughes and the Langston Hughes Library is derived from the legislative history of Local Law No. 45.

This legislation was proposed at the request of the Langston Hughes Community Library and Cultural Center. The Library which is operated by the Queens Borough Public Library system together with an Advisory Board of Community Volunteers offers both general library services and also serves as the home of the Black Heritage Center of Queens County. The Center features over 20,000 volumes of materials, written by, about, for, with and related to black culture.

The Library was named in honor of James Langston Hughes a well known black author who published 16 books of poems, two novels, three collections of short stories, 20 plays or musicals, three history books, eight children's books and two autobiographies. He was awarded a Guggenheim Fellowship in 1935 and a Rosenwald Fellowship in 1940.

Queens Community Board No. 3 supports this proposed local law.

Int. No. 628

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a triangle name, Barnett Newman Triangle, Borough of Manhattan.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on September 9, 1999 (Minutes page 2195) the annexed local law respectfully

REPORTS:

Barnett Newman, the son of Russian immigrants and a painter and sculptor of the Abstract Expressionist School, was born on January 29, 1905 in New York City. His early studies were at New York City's public schools and the Art Student's League. Later, he attended City College of New York where he graduated in 1927. A lifelong resident of New York City, Mr. Newman set up a studio in lower Manhattan in the 1940's. According to writer Joel A. Hollander, "His brand of Abstract Expressionism was known as color-field painting, and he is best known for simplified canvases in which a large block of color is broken by one or more vertical lines which Newman termed 'zips'. In 'Onement' [a 1948 canvas], for instance, by treating the line of color not as a sharply defined stripe but as a rough-edged strip, the artist created a sense of tension, as though the color-field was ripped apart by the ascending vertical [line]. Newman's paintings, despite their apparent simplicity are philosophically challenging." By 1966 he completed a controversial series of fourteen. non-figurative paintings which he called 'Stations of the Cross'. He exhibited these paintings the same year at the Guggenheim Museum.

Newman's work, along with the works of contemporaries Mark Rothko, Robert Motherwell, Jackson Pollock, Adolph Gottlieb, Clifford Styll, Willem de Koonig, Hans Hoffman and Franz Klein has had a profound and defining influence on the evolution of abstract art. For the first time in history, through their "New York School" of "Abstract Expressionism," these men effectively and decisively shifted the center of the Western Art world from Europe to the City of New York. Current artist Mel Bochner, of Franklin Street in New York City, says of Barnett Newman "He was the quintessential New York artist. A man born and raised in New York, who believed against all odds in the 40's, that great art could be made in New York. You didn't have to go to Paris".

For a short time, during the late 1950's and early 1960's, Barnett Newman taught at the University of Saskatchewan at Saskatoon and also at the University of Pennsylvania in Philadelphia. He was an accomplished ornithologist who also studied botany, anthropology and politics. At one point during the 1930's he even ran for mayor of New York City. Newman was thought of by his contemporaries as the voice of his artistic generation, "an outspoken iconoclastic thinker who chose to express his ideas through painting and writing" as described by Hollander.

Barnett Newman died in 1970 at the age of 65. His last studio was in the loft of a building at the southeast corner of White Street and Church Street. In recognition of his considerable contributions to the cultural and artistic prestige of New York City it is appropriate that an existing triangle directly below that studio, bounded by Church Street, Avenue of the Americas and Walker Street, be named "Barnett Newman Triangle" in his honor. This local law will take effect immediately.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been preconsidered by the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations and had been favorably reported for adoption.

Int. No. 656

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a plaza name, St. Patrick's Plaza, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on November 10, 1999, the annexed local law respectfully

REPORTS:

St. Patrick's Roman Catholic Church provided the following historical material.

This year, 1999, marks the 150th anniversary of St. Patrick's Roman Catholic Church in the borough of Brooklyn. The first recorded historical information that we have regarding this area is that Giovanni da Verrazano anchored his ship nearby in 1525. Later, in 1609 explorer Henry Hudson also stopped there. As the area developed into the Town of New Utrecht, along came many immigrants, particularly Irish Catholics. St. Patrick's Parish was the first Catholic parish in the town of New Utrecht, which included Bay Ridge and the Village of Fort Hamilton.

It is believed that the first local Catholic Mass was celebrated in 1843 in the Cummings Barn located at 99th Street and Shore Road. In 1849, the Archdiocese of New York designated the area as one of its missions. The first resident pastor, Father Peter McLoughlin divided his time between St. Patrick's and St. John the Evangelist, a congregation that was being formed in Gowanus.

In 1852, Archbishop Hughes dedicated the first church. The first school was opened in a frame building on 97th Street in 1863. The pastor and volunteer parishioners were the teachers.

Bishop Thomas E. Molloy dedicated the current church in 1926, and following a complete renovation, it was rededicated on the feast of Christ the King in 1993, by Bishop Dominic Coscia, who was raised in the parish.

The present pastor, Msgr. Patrick F. O'Toole, is the 17th pastor in the history of the parish. He arrived in 1988 and has undertaken the spiritual renewal of the parish through Scripture/Faith Sharing Groups, door to door evangelization and Adult Religious Education. He has also undertaken the renovation and care of the parish buildings and seeks to maximize their use for the benefit of the parish, with numerous lay groups, sports programs, and a fine school with many involved parents.

In recognition of the spiritual and temporal leadership that St. Patrick's has provided, for more than seven generations, to the people in the Bay Ridge and Fort Hamilton areas in Brooklyn, and to commemorate its 150th anniversary, it is fitting that the area bounded by the southwest corner of 4th Avenue and 95th Street, the east side of 4th Avenue opposite 96th Street, and the northeast corner of 4th Avenue and 97th Street, be called "St. Patrick's Plaza".

This local law will take effect immediately.

L.U. No. 463

Application No. C 990217 ZRK for an amendment to the zoning resolution, creating a new special permit in the Special Bay Ridge District, Borough of Brooklyn, CD 10.

City Planning Commission decision approving an application submitted by Narrows Development LLC, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution of the City of New York, relating to Article XI, Chapter 4 (Special Bay Ridge District) creating a new Section 114-15, Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater.

The intent is to allow modifications to the Area A Residential Bulk Regulations, allow the maximum floor area of the underlying district to be used and permit modifications to all other residential bulk regulations of the underlying R6 District Regulations for residential buildings in commercial districts.

The Committee recommends that the Council approve the attached resolution and refer the matter to the City Planning Commission along with L.U. No. 462, the Special Permit which was modified by the Committee.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1069

Resolution approving the decision of the City Planning Commission on Application No. N 990217 ZRK, an amendment to the text of the Zoning Resolution relating to Article XI, Chapter 4 (Special Bay Ridge District) creating a new Section 114-15, Special Permit for Development of Zoning Lots 40,000 Square Feet or Greater (L.U. No. 463).

114-15

Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater

For any #residential# #development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:

(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;

(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;

(c) the proposed #development# will not adversely impact light and air to surrounding properties;

(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and

(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Introduction and Reading of Bills

Int. No.655

By Council Members Dear, Perkins and Marshall; also Council Members Lasher, Leffler and Linares

A LOCAL LAW to amend the administrative code of the city of New York, in relation to permissible parking of vehicles when alternate sides of the street rules are in effect for purposes of street cleaning.

Be it enacted by the Council as follows:

Section 1. Section 19-162 of the administrative code of the city of New York, as amended by local law 104 of 1993, is amended by adding thereto a new paragraph 3 to read as follows:

3. (a) Notwithstanding any rule of the department prohibiting double parking in residentially-zoned districts, when parking restrictions are in effect for purposes of street cleaning, it shall be permissible to double park a vehicle on a street or roadway on the side opposite from that which is being cleaned.

(b) The operator of a double parked vehicle shall be required to conspicuously post inside the vehicle the name, address and phone number where an operator of that vehicle can be reached by the operator of a lawfully parked vehicle blocked by the double parked vehicle. The failure by the operator of a double parked vehicle to post the required information, shall be a violation of this section. A violation of this section shall be punishable by the monetary fine authorized for a violation of the rules of the commissioner in accordance with paragraph one of subdivision a of section twenty nine hundred and three of the charter of the city of New York and the vehicle may be removed in accordance with section 19-169 of the code.

(c) The operator of the double parked vehicle shall be required to move the vehicle within ten minutes of notification by the operator of a lawfully parked vehicle blocked by the double parked vehicle. If the operator fails to move the double parked vehicle within ten minutes of notification, such failure shall be a violation of this section of the code and shall be punishable by the monetary fine authorized for a violation of the rules of the commissioner in accordance with paragraph one of subdivision a of section twenty nine hundred and three of the charter of the city of New York and the operator of a parked vehicle that is blocked by a double parked vehicle may arrange for the removal of any such unlawfully parked vehicle in accordance with section 19-169 of the code.

§ 2. The title of section 19-169 of the administrative code of the city of New York and subdivisions a and b and subparagraphs 1 and 10 of subdivision c of such section, as amended by local law 104 of 1993, are amended to read as follows:

§ 19-169 Removal of vehicles parked in front of a private driveway and *double-parked vehicles blocking lawfully parked vehicles.*

a. Subject to the provisions of this section an owner of a lot containing no more than two dwelling units, or his or her lessee, may cause any vehicle which is parked in front of his or her private driveway and which blocks the entry or egress of a vehicle from such property to be removed *and the operator of a lawfully parked vehicle may cause any vehicle which is double parked and which blocks the operator from moving his or her vehicle to be removed* by a person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code, where a person authorized to issue a notice of parking violation has issued such a notice of parking violation and affixed it to such unlawfully parked vehicle; the issuance of such notice shall constitute authorization to the owner of such property, or his or her lessee, *or the operator of a lawfully parked vehicle blocked by such double-parked vehicle,* to arrange for removal of such unlawfully parked vehicle, and such removal shall be deemed to be at the request of the person who issued the notice.

b. Where the owner of such property, or his or her lessee, *or the operator of a lawfully parked vehicle blocked by a double parked vehicle,* requests a police officer to arrange for the removal of any such unlawfully parked vehicle, such vehicle shall be removed at the direction of the police department by the next available towing company participating in the rotation tow program established pursuant to section 20-519 of the code. Nothing in this section shall be construed to preclude an owner of such property, or his or her lessee, *or the operator of a lawfully parked vehicle blocked by a double parked vehicle,* acting pursuant to this section, from arranging for the removal of such unlawfully parked vehicle by a tow operator of such person's choice. The commissioner of consumer affairs shall promulgate [a regulation] *rules* establishing performance standards for licensees in order to insure that vehicles summonsed under this section are towed as expeditiously as possible.

c. 1. No vehicle may be removed pursuant to this section without the express written authorization issued to a person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code by the owner of such property, or his or her lessee, *or the operator of a vehicle lawfully parked at the curb.* Such authorization shall include the location of the vehicle to be removed, the make, model, color and license plate number of such vehicle and a statement that such vehicle was removed pursuant to a notice of a parking violation and shall be signed by the owner of such property, or his or her lessee, *or the operator of a vehicle lawfully parked at the curb,* prior to removal.

10. When an owner of property, or his or her lessee, *or the operator of a vehicle lawfully parked at the curb,* improperly causes a vehicle to be removed, such person shall be liable to the owner or other person in control of the vehicle for the cost of removal, transportation and storage and for any damage resulting from the removal, transportation and storage of the vehicle.

§ 3. The title of section 20-519 of the administrative code of the city of New York and paragraphs 1 and 2 of subdivision of such section, as amended by local law 110 of 1993, are amended to read as follows:

§ 20-519 Removal of stolen, abandoned and evidence vehicles, vehicles blocking a private driveway, vehicles with certain alarm devices *and double parked vehicles block-*

ing a lawfully parked vehicle. a.1. The commissioner shall establish a program to be known as the "rotation tow program" for the purpose of removing evidence vehicles, vehicles suspected of having been stolen or abandoned other than vehicles described in subdivision two of section twelve hundred twenty-four of the vehicle and traffic law, the removal pursuant to section 19-169 of the code of vehicles blocking a driveway, the removal pursuant to section 24-221 of the code of vehicles with certain alarm devices *and of double parked vehicles blocking a lawfully parked vehicle.*

2. The commissioner, after consultation with the police commissioner, shall divide the city into zones and shall create for each zone a list in random order of persons licensed to engage in towing who have been approved by the commissioner for participation in the rotation tow program. The commissioner may in his or her discretion create from such list separate lists for the removal of evidence vehicles, stolen and abandoned vehicles, the removal pursuant to section 19-169 of the code of vehicles blocking a private driveway, and the removal pursuant to section 24-221 of the code of vehicles with certain alarm devices and *double parked vehicles blocking a lawfully parked vehicle*, respectively. At any time subsequent to the initial establishment of zones and lists, the commissioner may, after consultation with the police commissioner, modify the zones and reformulate the lists to ensure sufficient towing services throughout the city. Where more than one towing company has been placed on a list of towing companies authorized to remove vehicles in a particular zone, the police department shall summon towing companies from such list on a rotating basis. Any towing company approved for participation in such program after such lists are initially established shall be placed on any such list at the point immediately preceding the last towing company summoned by the police department pursuant to this section,. Such lists shall be available at the department for public inspection.

§ 4. Paragraph 1 of subdivision b of section 20-519 of the administrative code of the city of New York, as amended by local law 110 of 1993, is amended to read as follows:

b. 1. Any vehicle that is suspected of having been stolen or abandoned other than vehicles described in subdivision two of section twelve hundred twenty-four of the vehicle and traffic law, any vehicle that is blocking a private driveway *or a double parked vehicle that is blocking a lawfully parked vehicle* and subject to removal pursuant to section 19-169 of the code, and any vehicle with certain alarm devices which is subject to removal pursuant to section 24-221 of the code shall be removed by a tow truck of the towing company participating in the rotation tow program when directed to do so by the police department. If such vehicle appears to have a missing or altered vehicle identification number, the police may direct its removal to the police property clerk. All other vehicles shall be towed to the storage facility of such responding company which meets such specifications as the commissioner shall establish by rule, and shall at times be stored within such storage facility while the vehicle is in the custody of the towing company. Such storage facility shall be the premises listed on the license of the towing company responding to the police department's direction to remove a vehicle or the premises approved by the commissioner for use by such towing company. Such premises shall be owned, operated or controlled by such towing company and shall not be used by any other towing company. The police department shall expeditiously make every reasonable effort to notify the owner and the national automobile theft bureau or the insurer, if any, of any vehicle that is suspected of having been stolen or abandoned of the vehicle's location and the procedure for retrieval. During the period commencing on the eighth day after the vehicle is removed to such storage facility and ending on the thirtieth day after such removal, such towing company shall transfer any vehicle which has not been claimed into the custody of the police department property clerk.

§ 5. Paragraph 3 of subdivision b of section 20-519 of the administrative code of the city of New York, as amended by local law 110 of 1993, is amended to read as follows:

3. No tow truck operator shall knowingly remove a vehicle suspected of having been stolen or abandoned or an evidence vehicle without authorization by the police department. No tow truck operator shall knowingly remove a vehicle blocking a private driveway *or a double parked vehicle blocking a lawfully parked vehicle* subject to removal pursuant to section 19-169 of the code except as authorized in such section. No tow truck operator shall knowingly remove a vehicle with certain alarm devices subject to removal pursuant to Section 24-221 of the code except as authorized in such section.

§ 6. Paragraph 1 of subdivision c of section 20-519 of the administrative code of the city of New York, as amended by local law 110 of 1993, is amended to read as follows:

c. 1. Notwithstanding any other provision of law, the towing company shall be entitled to charge the owner or other person claiming a vehicle that is suspected of having been stolen or abandoned or a vehicle with certain alarm devices subject to removal pursuant to section 24-221 of the code which was directed to be towed by the police department pursuant to this section and which is claimed before the end of the thirtieth day after such vehicle is removed by such towing company amounts not in excess of the following: fifty dollars for towing; ten dollars per day for the first three days of storage and twelve dollars for the fourth day of storage and each day thereafter. Upon the transfer of an unclaimed vehicle into the custody of the police department property clerk, the towing company shall be entitled to charge the police department amounts not in excess of the following: sixty dollars plus tolls for the towing of a vehicle suspected of having been stolen or abandoned, or a vehicle that was blocking a private driveway *or a double parked vehicle that was blocking a lawfully parked vehicle* and was removed pursuant to section 19-169 of the code or a vehicle with certain alarm devices that was removed pursuant to section 24-221 of the code, to a storage facility and subsequent transfer of such vehicle into the custody of such property clerk during the period of time specified in paragraph one of subdivision b of this section; five dollars per day for the first three days of storage of such vehicle and eight dollars for the fourth day of storage and each day thereafter, provided that in no event shall any towing company be entitled to charge the police department for storage changes incurred after the tenth day of storage. The towing company shall be entitled to charge the police department an amount not in excess of sixty dollars plus tolls for the towing of an evidence vehicle to a location designated by a police officer.

§ 7. Paragraph 2 of subdivision c of section 20-519 of the administrative code of the city of New York, as amended by local law 110 of 1993, is amended to read as follows:

2. The police department shall be entitled to charge an owner or other person who claims a vehicle that is suspected of having been stolen or abandoned, a vehicle that was blocking a private driveway and was removed pursuant to section 19-169 of the code, *a double parked vehicle that was blocking a lawfully parked vehicle and was removed pursuant to section 19-169 of the code,* or a vehicle with certain alarm devices that was removed pursuant to section 24-221 of the code, which is in the custody of the police department property clerk the charges for towing and storage permitted to be charged by the towing company pursuant to paragraph one of this subdivision, plus tolls, in addition to the fees for storage with the police department property clerk provided by subdivision i of section14-140 of the code. No vehicle which is in the custody of the police department property clerk which had blocked a private driveway *or a double parked vehicle that had blocked a lawfully parked vehicle* and was removed pursuant to section 19-169 of the code shall be released to the owner or other person claiming such vehicle unless such owner or other person shall, in addition to paying such charges to the police department property clerk as provided for in this subdivision, present to such property clerk a receipt from the towing company which removed the vehicle indicating payment to such company of the following amount: the charges for towing and storage which would have been due to the tow company pursuant to paragraph eight of subdivision c of section 19-169 of the code had such owner or other person claimed the vehicle from such towing company less the amount paid to the police department for the towing and storage of such vehicle by such company.

§ 8. This local law shall take effect immediately.

Res. No. 1062

Resolution calling upon the City of New York to set aside fifteen percent of the monies received from the Federal Assets Forfeiture Fund to support anti-crime programs of community-based organizations as allowed by the "permissible pass-through" regulation of the United States Department of Justice.

By Council Members Foster, Clarke, Malave-Dilan, Henry, Marshall, Reed and Warden; also Council Members Eisland, Lasher, Michels, Robinson and Watkins

Whereas, Pursuant to 21 U.S.C. §§ 881(e)(1)(A) and (e)(3), 18 U.S.C. §981(e)(2) and 19 U.S.C. § 1616a, certain agencies of the Federal Government have established forfeiture programs whereby the forfeited assets of criminal defendants are shared with local law enforcement agencies; and

Whereas, The purpose of such programs is to deter crime by depriving criminals of the profits and proceeds of their illegal activities and to weaken criminal enterprises by removing the instrumentalities of crime; and

Whereas, The New York City Police Department ("NYPD") receives an equitable share of these funds by joining in a federal investigation or by the application of federal forfeiture laws to properties already seized by the NYPD; and

Whereas, The regulations of the United States Department of Justice ("USDOJ") and its agencies were amended in 1994 to permit local law enforcement agencies, at their discretion, to transfer fifteen percent (15%) of their shared assets to a governmental agency to support drug abuse treatment, drug and crime prevention and education, housing, and job skills programs, or other community-based programs; and

Whereas, Such governmental agencies may, in turn, transfer any monies so received to private, non-profit community organizations to be spent for such purposes; and

Whereas, In circumstances defined in USDOJ regulations as "windfall situations," the amount transferred may be greater than fifteen percent; and

Whereas, According to the New York City Police Department, the agency has received in excess of $85 million as its share from Federal Forfeiture; and

Whereas, The City of Chicago Police Department has worked toward setting aside approximately 15% of its asset forfeiture money received from Department of Justice enforcement activities and allocating it to the Chicago Department of Health, which in turn allots the funds to programs that combat drug and alcohol abuse; and

Whereas, Several years ago the City of Oakland, California had set up a program for the sharing and distribution of fifteen percent of the Oakland Police Department's share of federal forfeiture funds with community non-profit organizations whose purpose is to combat drug abuse and divert gang activity; and

Whereas, The NYPD can further assist in improving the quality of life in the City by setting aside a percentage of the federal asset forfeiture funds it receives to go toward crime prevention, job training and development, housing, and other community-based programs; *now, therefore, be it*

Resolved, That the Council calls upon the City of New York to set aside fifteen percent of the monies received from the Federal Assets Forfeiture Fund to support anti-crime programs of community-based organizations as allowed by the "permissible pass-through" regulation of the United States Department of Justice.

Int. No. 656

By Council Members Golden, Foster, Robinson, Rodriguez, Abel and Fiala; also Council Members Berman, Dear, Fisher, O'Donovan and Oddo

A LOCAL LAW in relation to a plaza name, St. Patrick's Plaza, Borough of Brooklyn.

Be it enacted by the Council as follows:

Section 1. The following plaza name is hereby designated as hereafter indicated.

New name	Present name	Limits
St. Patrick's Plaza	(None)	the area bounded by the southwest corner of 4th Avenue and 95th Street, the east side of 4th Avenue opposite 96th Street, and the northeast corner of 4th Avenue and 97th Street.

§ 2. This local law shall take effect immediately.

Adopted.

Res. No. 1063

Resolution calling upon the members of the New York State Legislature to enact Assembly Bill No. 2913, introduced by Assemblyman John Ravitz, which would require judges to impose consecutive rather then concurrent sentences on convicted serial rapists.

By Council Members Golden, Carrion, Clarke, Malave-Dilan, Espada, Henry, Miller, Nelson, O'Donovan, Reed, Robles, Rodriguez, Provenzano, Warden, Abel, Fiala and Oddo; also Council Members Berman, Lasher, Leffler, McCaffrey and Michels

Whereas, The crime of rape is a very serious offense, creating physical and emotional trauma; and

Whereas, According to an editorial in the January 6, 1999 *Daily News*, citing statistics from the New York State Coalition Against Sexual Assault, rapists are prone to be repeat offenders; and

Whereas, Such serial rapists pose a danger to our citizens and City; and

Whereas, These serial rapists deserve the maximum incarceration for their crimes; and

Whereas, Under Penal Law Section 70.25, it is possible for an individual who has been convicted of multiple counts of rape in the first degree against more than one victim on separate occasions to receive concurrent sentences; and

Whereas, The possibility of lenient sentencing under Penal Law Section 70.25 subjects the community to sexual predators and does not provide justice for victims; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the members of the New York State Legislature to enact Assembly Bill No. 2913, introduced by Assemblyman John Ravitz, which would require judges to impose consecutive rather then concurrent sentences on convicted serial rapists.

Res. No. 1064

Resolution calling upon the New York State Legislature to amend the Penal Law to create a Penal Law Section which provides that a third conviction for violating Penal Law Section 220.03 constitute a Class D felony.

By Council Members Golden, Clarke, Malave-Dilan, Henry, Lasher, O'Donovan, Provenzano, Reed, Robles, Rodriguez, Warden, Fiala and Oddo; also Council Members Berman and McCaffrey

Whereas, New York State Penal Law Section 220.03, Criminal Possession of a Controlled Substance in the seventh degree, provides that "A person is guilty of criminal possession of a controlled substance in the seventh degree when he knowingly and unlawfully possesses a controlled substance", and such offense is classified as a Class A misdemeanor, with a maximum period of incarceration of one year; and

Whereas, The proliferation of illegal narcotics contributes to the degradation of the quality of life in our City, encourages criminal activity, overwhelms the judicial and prosecutorial systems and threatens the future viability of this City; and

Whereas, A vast number of those convicted of criminal possession of a controlled substance in the seventh degree have previously been convicted of this crime and are repeat offenders, who have not been dissuaded from repeatedly violating Penal Law Section 220.03 by the misdemeanor penalty provided by this section; and

Whereas, More than a preponderance of those who plead guilty to Penal Law Section 220.03 are entering into a plea bargain to resolve a felony criminal possession of a controlled substance charge; and

Whereas, The maximum one year penalty imposed under New York State Penal Law Section 220.03 is not a significant deterrent for habitual offenders; and

Whereas, The New York State Legislature has deemed it appropriate in other areas of the criminal law, such as Driving While Intoxicated cases, to make multiple offenses of Driving While Intoxicated laws a felony; and

Whereas, Classifying a third conviction for criminal possession of a controlled substance in the seventh degree as a Class D felony will constitute a deterrent for people who commit the crime of criminal possession of a controlled substance and will improve the quality of life on the streets of this City and ease the burden on the criminal justice system by removing repeat offenders from the system; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the Penal Law to include a Penal Law section that will make a third conviction of Penal Law Section 220.03 a Class "D" felony.

Res. No. 1065

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing regarding Administration for Children's Services protocol for the training, supervision and discipline of staff at foster care homes in New York City.

By Council Members Lopez, Linares, Clarke, Espada, Freed, Henry, Marshall Perkins, Reed, Rodriguez and Warden; also Council Members Eisland, Koslowitz, Leffler, Michels, Miller, Quinn, Robinson and White

Whereas, The safety of children is of utmost importance; and

Whereas, Children in foster care are especially vulnerable and require added protection; and

Whereas, It is important to understand and learn from lapses in the protection of the foster children of the City of New York so that they may be better protected in the future; and

Whereas, Recently, there have been reports of staff at foster care homes in New York city being arrested for criminal acts; *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York conduct an oversight hearing regarding Administration for Children's Services protocol for the training, supervision and discipline of staff at foster care homes in New York City.

Referred to the Committee on General Welfare.

Res. No. 1066

Resolution mourning the death and celebrating the life of jazz legend Milt Jackson, who passed away on October 9, 1999.

By Council Members Michels, Perkins, Reed, Foster, Espada, Henry, Marshall, Nelson, Warden, Spigner and Abel; also Council Members Eisland, Koslowitz, Leffler, Linares, O'Donovan, Robinson and Wooten

Whereas, Widely acknowledged as one of the greatest jazz improvisers of all time, Milt Jackson quietly reinterpreted his instrument of choice, the vibraphone and created a sound that helped to define modern jazz; and

Whereas, Milt Jackson, affectionately known as "Bags," started something unique when he slowed down his Deagan Vibraharp's oscillator and created a smoky new sound; and

Whereas, A prolific performer and recording artist, his immense talent drew the praise and admiration of the great pioneers of jazz and blues; throughout his career, he performed with Dizzy Gillespie, Ray Charles, Thelonius Monk, Max Roach, Charlie Parker, Ray Brown, Miles Davis, Sonny Rollins, John Coltrane and Quincy Jones, to name but a few; and

Whereas, Born and raised in Detroit, Mr. Jackson began playing music when he was very young and by the age of sixteen, he had already become proficient in guitar, piano, drums, tympani, violin, xylophone, vocals and his trademark instrument, the vibraphone; and

Whereas, After Mr. Jackson served two years in the military, he returned to Detroit and started a jazz quartet called the Four Sharps; during one of the quartet's gigs at a Detroit bar, Dizzy Gillespie happened to be in the audience and was immediately impressed by the young Milt Jackson and invited him join his band in New York; and

Whereas, Milt Jackson and Dizzy Gillespie forged a long and fruitful partnership that resulted in the recordings of classics like "A Night in Tunisia," "Anthropology," and "Two Bass Hit," and led to the co-founding of the spin-off group, the Modern Jazz Quartet, which brought Mr. Jackson's career to a new level and elevated jazz music to new heights; and

Whereas, The Modern Jazz Quartet was formed in 1952 and featured Mr. Jackson on vibraphone, the pianist John Lewis and the drummer Kenny Clarke, who were both members of Dizzy Gillespie's rhythm section as well as Percy Heath on bass and later Connie Kay, who replaced Mr. Clarke in 1955; and

Whereas, The Modern Jazz Quartet embraced and brilliantly executed the talent and distinct style of Milt Jackson, who became the first bona fide bebop musician on the vibraphone; and

Whereas, Milt Jackson was a vital member of the Modern Jazz Quartet, one of the longest running jazz groups in history and his work with the Quartet and with various other leading jazz players, remains highly influential in the jazz world; and

Whereas, Milt Jackson was also a great bluesman and wrote several blues pieces including the widely popular "Bags' Groove," "Bluesology," "Ralph's New Blues" and "The Cylinder;" and

Whereas, A consummate gentleman, Milt Jackson considered jazz to be more than just notes, but a dynamic that needed class and style to be in its truest form; his own humble demeanor brought a sense of dignity that perfectly complemented his music; and

Whereas, Mr. Jackson's passing is truly a loss, not only to the jazz community but to the people of the City of New York, who, for many, many years, have been touched by his inspiring musicianship and his heart, which was as warm as the music we remember him by; *now, therefore, be it*

Resolved, That the Council of the City of New York mourns the death and celebrates the life of jazz legend Milt Jackson, who passed away on October 9, 1999.

Adopted.

Res. No. 1067

Resolution calling upon the Governor, the State Legislature and the Metropolitan Transportation Authority to stop using the East Harlem Facility at 100th Street and Lexington Avenue as a bus depot.

By Council Members Reed, Carrion, Freed, Lopez, Marshall, Quinn and Sabini; also Council Members Lasher, Perkins and Robinson

Whereas, The East Harlem bus depot at 100th Street and Lexington Avenue is currently closed and the Metropolitan Transportation Authority (MTA) has included plans for an extensive renovation and expansion of the bus depot in its capital budget; and

Whereas, The area around the bus depot is densely populated and composed mostly of public housing projects, tenements and mixed-income developments; and

Whereas, This facility is within a residential neighborhood zoned R7.2 and is unsuitable for the residential and limited commercial uses specified by the zoning resolution; and

Whereas, Six of the eight bus depots operated by the MTA New York City Transit are located above 96th Street in Manhattan; and

Whereas, Dr. Barbara Brenner, the Director of Community Relations for The Mount Sinai School of Medicine and the Mount Sinai Hospital, has written Governor George E. Pataki on October 29, 1999 stating that the continued use of this facility as a depot for buses would undermine efforts to reduce the high rates of asthma morbidity in the neighborhood; and

Whereas, Dr. Barbara Brenner stated in her letter, "We believe that poor housing conditions, pest infestations and outdoor air pollution, particularly diesel-based particulate pollutants, are the key environmental determinants of asthma in individuals;" and

Whereas, The New York City Health Department in 1996 found that East Harlem had the highest rate of hospitalization of children fourteen and under for asthma emergencies; and

Whereas, The rate of thirty hospitalizations per thousand East Harlem children was triple the rate for the whole City; and

Whereas, In Fiscal years 1999 and 2000, the City Council responded to numerous scientific studies that found high rates of asthma morbidity in low income neighborhoods by increasing funding in the Health Department's Asthma Initiative; and

Whereas, This initiative specifically targeted the East Harlem neighborhood for reductions in asthma morbidity and the Metropolitan Transportation Authority plans to expand its bus depot will hinder this goal; and

Whereas, The Coalition to Stop the 100th Street Bus Depot points to findings by the United States Environmental Protection Agency that the air quality in East Harlem does not meet fine particle level standards set by the Environmental Protection Agency, but in fact exceeds those standards by 200 percent; and this Federal agency has specifically noted that level of airborne toxins in upper Manhattan could cause an estimated 2,609 extra cancer cases per million people (more than 10 times the national average); and

Whereas, The dense population, the zoning resolutions and the findings of Mount Sinai Hospital and Mount Sinai School of medicine would normally justify the preparation of an environmental impact statement by The Metropolitan Transportation Authority, but this agency is unwisely claiming an exemption from the requirements of the State Environmental Quality Review, the City Environmental Quality Review and Federal environmental protections; and

Whereas, The failure to complete an environmental impact statement will deprive the MTA of the facts that they need to make a decision in the public interest; and

Whereas, The bus depot would be located on Lexington Avenue, at a stretch of the thoroughfare that is significantly narrower than it is south of 96th Street, contributing to the traffic congestion of upper Manhattan; and

Whereas, Traffic congestion and the idling of buses increase the pollution from the diesel engines; and

Whereas, The siting of the bus depot would retard the residential and commercial redevelopment of East Harlem currently taking place; and

Whereas, The members of the East Harlem community have joined together in a broad-based coalition of residents, community-based organizations, health care providers, religious and environmental groups, in firm opposition to the 100th Street bus depot; *now, therefore, be it*

Resolved that the Council of the City of New York calls upon the Governor, the State Legislature and the Metropolitan Transportation Authority to stop using the East Harlem Facility at 100th Street and Lexington Avenue as a bus depot.

Mandatory front building walls

Except as set forth in paragraph (f) of this Section, Wwhere Appendices 2.1 or 3.1 shows a requirement for a #development# in Zone A to be built to a #mandatory front building wall line#, any such #development# shall have a mandatory front building wall coincident with and constructed along such #mandatory front building wall line#, which shall rise without setback for a height above #curb level# not less nor more than the amounts specified in this Section ***as follows,*** except that, at building entrances, openings below the second #story# ceiling in the mandatory front building walls will be permitted to provide access to courtyards:

(a) Except as set forth in paragraph (d) of this Section, with respect to any 60-85 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet.

(b) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#.

(c) On the portion of any #zoning lot# designated as a #special height location# in Appendix 2.2, a height of not less than the otherwise applicable amount set forth in

paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (c)(1) of Section 84-135 (Limited height of buildings).

(d) With respect to any #zoning lot# south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above #curb level#.

(e) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 110 feet nor more than 135 feet.

(f) With respect to any 150-250 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet; except that the height may not exceed 150 feet for more than 120 feet or 75 percent of the length of a #building's# western property line, whichever is less, and a setback of not less than five feet and not more than ten feet is required at a height of 150 feet. ***Where Appendix 3.1 shows a requirement for a #development# to be built to a #mandatory front building wall line# along frontage on River Terrace, any such #development# may have a mandatory front building wall coincident with and constructed along a line set back one and one-half feet from the #street line# along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority.***

(g) On the portion of any #zoning lot# designated as a #special height location# in Appendix 3.2, a height of not less than the otherwise applicable amount set forth in paragraphs (e) or (f) of this Section and not more than the height shown in Appendices 3.1 and 3.2.

Subject to the provisions of Section 84-133 (Front wall recesses), the mandatory front building wall requirements set forth in this Section shall also apply to all #developments# along all #street lines# within 50 feet of their intersection with any #mandatory front building wall line#. For the next 20 feet along the #street line#, the mandatory front building wall requirements are optional except that, for any #development# north of Vesey Street and Vesey Place, the mandatory front building wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along #street lines# or to #developments# not subject to the mandatory front building wall requirements.

■ NOTICE

NOTICE OF ACQUISITION
BRONX COUNTY
INDEX NUMBER 702/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the BRONX CRIMINAL COURT COMPLEX located within the area generally bounded by East 161st Street, Grant Avenue, East 162nd Street, and Morris Avenue in the Borough of the Bronx, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Bronx, duly entered in the office of the Clerk of the County of the Bronx on May 9, 2000, the application of the City of New York to acquire certain real property, for the BRONX CRIMINAL COURT COMPLEX, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of the Bronx or the City Register. Said map, showing the property acquired by the City, was filed with said Clerk or with the City Register on May 11, 2000. Title to the real property vested in the City of New York on May 11, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2444	32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54, 146

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 11, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 11, 2002 (which is two (2) calendar years from the title vesting date).

NEW YORK COUNTY
INDEX NUMBER 402296/00
NOTICE OF PETITION

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

Running thence westwardly along the northerly line of West 29th Street for 47.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 26.33 feet to a point;

Thence westwardly along a line forming, on its northerly side, an angle of 270 degrees with the easterly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 45.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 72.42 feet to a point on the southerly line of Tax Lot 1 in Manhattan Tax Block 675;

Thence eastwardly along the southerly lines of Tax Lot 1 and Tax Lot 39 in Manhattan Tax Block 675, being along a line forming, on its southerly side, an angle of 90 degrees with the easterly side of the last described course, for 93.00 feet to a point on the westerly line of Tax Lot 24 in Manhattan Tax Block 675;

Thence southwardly along the westerly line of Tax Lot 24 in Manhattan Tax Block 675, being along a line forming, on its westerly side, an angle of 90 degrees with the southerly side of the last described course, for 98.75 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 12 in Manhattan Tax Block 675.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

A job order contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects at various wastewater treatment plants and facilities within Regional Group 1 in New York City. The bid documents include a book of construction tasks with preset unit prices and related specifications. The contractors will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices and the appropriate quantities by one of the competitively bid adjustment factors.

Interested bidders must attend two mandatory pre-bid conferences. The first mandatory pre-bid conference will be held June 20, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the specifics of the contract, how the contract will be administered, and the type of projects that will be performed. The second mandatory pre-bid conference will be held June 23, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the book of construction tasks, unit prices, and the calculation of the adjustment factor. Attendance at both pre-bid conferences is mandatory. Failure to attend both pre-bid conferences may result in a determination of non-responsiveness.

Bid documents will be available from the Contract Management Unit, 59-17 Junction Blvd., 17th Floor, Corona, NY 11368 after the first mandatory pre-bid conference. For questions concerning this procurement, contact Carol Fenves at (718) 595-3225.

PROVIDE SERVICES TO DEAF MEXICAN NATIONALS – NAQ – PIN# 071-00S-003-321 – DUE 06-23-00 AT 5:00 PM – The Department of Homeless Services intends to enter into negotiations with Lexington Vocational Services Center, Inc. to provide support and intermediary service to a special needs population known as the Deaf Mexican Nationals who currently reside in NYCHA Housing. The projected term of this contract is retroactive from January 19, 2000 to January 18, 2001 with no options to renew.
DHS will use the Negotiated Acquisition method pursuant to Sections 3-04(b)(1)(i)(D) and (ii) of the Procurement Policy Board Rules.

Any organization that believes it can provide these services in the future may contact: Suellen Schulman, Agency Chief Contracting Officer in writing at the Department of Homeless Services, 33 Beaver Street, 13th Floor, New York, N.Y. 10004 to request inclusion on the Department's bidder list to provide these services in the future.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.
Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are *significantly unbalanced to* the potential

detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

AGENCY RULES

CONFLICTS OF INTEREST BOARD

■ NOTICE

Notice of Adoption of an Amendment
To the Board's Valuable Gift Rule in Order to Alert Public Servants to their Reporting Obligations and to Criminal and Other Laws Governing Receipt of Gifts

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Conflicts of Interest Board by Sections 2603(a) and 2604(b)(5) of the New York City Charter that the Conflicts of Interest Board has adopted an amendment to its rule on valuable gifts, amending Section 1-01(i), and adding a new subsection 1-01(k), Title 53 of the Rules of the City of New York, alerting public servants to their reporting obligations and to criminal and other laws governing receipt of gifts. Pursuant to a notice published in the City Record on February 4, 2000, a public hearing was held on March 20, 2000, from 9:30 a.m. to 5:30 p.m., at 2 Lafayette Street, Suite 1010, New York, New York. The Board received comments from the City Council and the Comptroller's Office and, after changing the proposed rule, as it last appeared in the City Record to delete one phrase ("the Department of Investigation assigned to" in subparagraph (i)), adopted the following amendment to the rule as final. The text of the rule as amended is set forth below.

§ 1-01 Valuable Gifts.

(a) For the purposes of Charter §2604(b)(5), a "valuable gift" means any gift to a public servant which has a value of $50.00 or more, whether in the form of money, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form. Two or more gifts to a public servant shall be deemed to be a single gift for purposes of this subdivision and Charter §2604(b)(5) if they are given to the public servant within a twelve-month period under one or more of the following circumstances: (1) they are given by the same person; and/or (2) they are given by persons who the public servant knows or should know are (i) relatives or domestic partners of one another; or (ii) are directors, trustees, or employees of the same firm or affiliated firms.

[Subdivisions (b) through (h) remain unchanged]

(i) A public servant should not accept a "valuable gift," as defined herein, from [a] any person or entity engaged in business dealings with the City. If the public servant receives [a] such valuable gift, he or she should return the gift to the donor. If that is not practical, the public servant should report the receipt of a valuable gift to the inspector general of the public servant's agency, who shall determine the appropriate disposition of the gift. Nothing in this section shall be deemed to authorize a public servant to act in violation of any applicable laws, including the criminal law, City agency rules, or Mayoral Executive Orders (including, but not limited to, Executive Order No. 16 of 1978 (as amended)), which may impose additional requirements to report gifts and offers of gifts to the agency's inspector general, whether or not a gift is accepted or returned.

[Subdivision (j) remains unchanged]

(k) (1) Nothing in this section shall be deemed to authorize a public servant to accept a gift of any value in violation of any other applicable federal, state or local law, rule or regulation, including but not limited to the New York State Penal Law.

(2) The provisions of this section shall be read in conjunction with the provisions of Charter §2604(b)(2) and §1-13 of the Rules of the Board (prohibiting certain conduct that conflicts with the proper discharge of a public servant's official duties); §2604(b)(3) of the Charter (prohibiting the use or attempted use of one's City position for private gain); and §2604(b)(13) of the Charter (prohibiting receipt by public servants of compensation except from the City for performing any official duty and prohibiting receipt of gratuities).

STATUTORY AUTHORITY: Sections 2603(a) and 2604(b)(5) of the New York City Charter.

STATEMENT OF BASIS AND PURPOSE OF THE AMENDMENT: Charter § 2604(b)(5) provides:

No public servant shall accept any valuable gift, as defined by rule of the board, from any person or firm which such public servant knows is or intends to become engaged in business dealings with the city, except that nothing contained herein shall prohibit a public servant from accepting a gift which is customary on family and social occasions.

The purpose of the amendment to § 1-01(i) is to alert public servants to their reporting and other obligations with respect to gifts. The current rule, § 1-01(i), provides that public servants should return valuable gifts to the donor, and report such gifts to the inspector general ("IG") of the public servant's agency if it is not practical to return the gifts. This provision has allowed situations where an employee of a mayoral agency could receive and return a gift and report nothing to the IG, thereby complying with the Board's Valuable Gift Rule, but violating his or her reporting obligations under Executive Order No. 16 (1978), which imposes on public servants in mayoral agencies an affirmative obligation to report to the IG's of their respective agencies, the offer and/or receipt of all gifts that may involve corrupt or other criminal activity or conflict of interest, directly and without undue delay, **whether or not the gift is returned to the donor**. The amendment corrects this anomaly, helps City employees to comply with their various reporting obligations by highlighting those other obligations, and eliminates possible confusion among public servants.

The purpose of the amendment adding a new subdivision (k) of the Board's Valuable Gift Rule is to inform public servants that the receipt and acceptance of gifts or gratuities may give rise to liability under other provisions of Chapter 68 of the City Charter as well as other sources of law, such as the criminal law. This proposed change would serve to reinforce for public servants their obligation to exercise caution **before accepting any gift of any value** because, whether or not the gift meets the $50 "valuable gift" definition in subdivision (a), acceptance may constitute a violation of other provisions of law. For example, a public servant should never accept any gift in exchange for taking any official action, even though the gift may be worth less than $50 and would not be deemed a "valuable gift" under subdivision (a) (assuming no other gifts to be aggregated for a twelve-month period), because this conduct would constitute a violation of Charter § 2604(b)(13), which prohibits public servants from receiving compensation except from the City in exchange for performing any official duty, and could also violate the criminal law. See, e.g., New York State Penal Law § 200.10. In addition, accepting a gift of any value can violate Charter § 2604(b)(3), which prohibits public servants from using or even attempting to use their official positions to obtain a financial gain or other privilege or private or personal advantage for themselves or those associated with them.

In response to the public hearing notice on the proposed rule, the Board received comments from the Comptroller's Office and the City Council. While the comments from the Comptroller's office were insightful, the Board and the Comptroller's Office agreed that their suggestions did not pertain to the thrust of the instant rule change. The Board was persuaded by the City Council's comment that the inclusion of the phrase "the Department of Investigation assigned to" after "the inspector general of" in subparagraph (i) of the rule, as initially proposed by the Board, raised questions regarding the separation of powers among the various branches of government and was unnecessary. Therefore, the Board left the pertinent language of that subparagraph intact.

See Appendix A for illustrative examples of provisions of law that may apply to gifts.

APPENDIX A

Illustrative Examples of Provisions of Law That May Apply to Gifts

I. **Chapter 68 of the New York City Charter**

§ 2604(b)(2)

No public servant shall engage in any business, transaction or private employment, or have any financial or other private interest, direct or indirect, which is in conflict with the proper discharge of his or her official duties.

§ 2604(b)(3)

No public servant shall use or attempt to use his or her position as a public servant to obtain any financial gain, contract, license, privilege or other private or personal advantage, direct or indirect, for the public servant or any person or firm associated with the public servant.

§ 2604(b)(5)

No public servant shall accept any valuable gift, as defined by rule of the board, from any person or firm which such public servant knows is or intends to become engaged in business dealings with the city, except that nothing contained herein shall prohibit a public servant from accepting a gift which is customary on family and social occasions.

§ 2604(b)(13)

No public servant shall receive compensation except from the city for performing any official duty or accept or receive any gratuity from any person whose interests may be affected by the public servant's official action.

Violation of any of the foregoing provisions is a misdemeanor. See Charter § 2606.

II. **Conflicts of Interest Rules of the Board**

§ 1-13 Conduct Prohibited by City Charter § 2604(b)(2)

Except as provided in subdivision (c) of this section, it shall be a violation of City Charter § 2604(b)(2) for any public servant to pursue personal and private activities during times when the public servant is required to perform services for the City.

(b) Except as provided in subdivision (c) of this section, it shall be a violation of City Charter § 2604(b)(2) for any public servant to use City letterhead, personnel, equipment, resources, or supplies for any non-City purpose.

(c) (1) A public servant may pursue a personal and private activity during normal business hours and may use City equipment, resources, personnel, and supplies, but not City letterhead, if (i) the type of activity has been previously approved for employees of the public servant's agency by the Conflicts of Interest Board upon application by the agency head and upon a determination by the Board that the activity furthers the purposes and interests of the City; and (ii) the public servant shall have received approval to pursue such activity from the head of his or her agency.

(2) In any instance where a particular activity may potentially directly affect another City agency, the employee must obtain approval from his or her agency head to participate in such particular activity. The agency head shall provide written notice to the head of the potentially affected agency at least 10 days prior to approving such activity.

(d) It shall be a violation of City Charter § 2604(b)(2) for any public servant to intentionally or knowingly induce or cause another public servant to engage in conduct that violates any provision of City Charter § 2604.

(e) Nothing contained in this section shall preclude the Conflicts of Interest Board from finding that conduct other than that proscribed by subdivisions (a) through (d) of this section violates City Charter § 2604(b)(2), although the Board may impose a fine for a violation of City Charter § 2604(b)(2) only if the conduct violates subdivisions (a), (b), (c), or (d) of this section. The Board may not impose a fine for violation of subdivision (d) where the public servant induced or caused another public servant to engage in conduct that violates City Charter § 2604(b)(2), unless such other public servant violated subdivisions (a), (b), or (c) of this section.

III. **Penal Law Provisions**

200.10 Bribe receiving in the third degree

A public servant is guilty of bribe receiving in the third degree when he solicits, accepts or agrees to accept any benefit from another person upon an agreement or understanding that his vote, opinion, judgment, action, decision or exercise of discretion as a public servant will thereby be influenced.

Bribe receiving in the third degree is a class D felony.

200.25 Receiving reward for official misconduct in the second degree

A public servant is guilty of receiving reward for official misconduct in the
second degree when he solicits, accepts or agrees to accept any benefit from another person for having violated his duty as a public servant.

Receiving reward for official misconduct in the second degree is a class E felony.

200.35 Receiving unlawful gratuities

A public servant is guilty of receiving unlawful gratuities when he solicits, accepts or agrees to accept any benefit for having engaged in official conduct which he was required or authorized to perform, and for which he was not entitled to any special or additional compensation.

Receiving unlawful gratuities is a class A misdemeanor.

200.50 Bribe receiving for public office

A public servant or a party officer is guilty of bribe receiving for public office when he solicits, accepts or agrees to accept any money or other property from another person upon an agreement or understanding that some person will or may be appointed to a public office or designated or nominated as a candidate for public office.

Bribe receiving for public office is a class D felony.

195.00 Official misconduct

A public servant is guilty of official misconduct when, with intent to obtain a benefit or deprive another person of a benefit:

1. He commits an act relating to his office but constituting an unauthorized exercise of his official functions, knowing that such act is unauthorized; or

2. He knowingly refrains from performing a duty which is imposed upon him by law or is clearly inherent in the nature of his office.

Official misconduct is a class A misdemeanor.

IV. **Executive Order No. 16 (1978)**

§ 4(d)

Every officer and employee of the City shall have the affirmative obligation to report, directly and without undue delay, to the Commissioner or an Inspector General any and all information concerning conduct which they know or should reasonably know to involve corrupt or other criminal activity or conflict of interest, (i) by another City officer or employee, which concerns his or her office or employment, or (ii) by persons dealing with the City, which concerns their dealings with the City. The knowing failure of any officer or employee to report as required above shall constitute cause for removal from office or employment or other appropriate penalty.

HOUSING AUTHORITY

■ REQUEST FOR PROPOSALS

The New York City Housing Authority ("NYCHA"), a public housing agency chartered in the State of New York, seeks to qualify and retain financial advisory entities with the capacity and experience to assist NYCHA in its funding operations.

In anticipating its future funding requirements, NYCHA is planning to access the public and private sectors' credit markets. NYCHA intends to raise funds for new capital construction and development by issuing various types of debt instruments with varying maturities, and by direct, secured and unsecured financing.

Qualified financial advisory entities will be selected by NYCHA and will be contracting with NYCHA to provide the services detailed in a Request for Proposals ("RFP") issued by NYCHA. The RFP can be obtained, without charge, from the 10th Floor reception desk of NYCHA's Department of Housing Finance and Development, located at 75 Park Place, New York, NY 10007, daily between the hours of 9:00 a.m. and 4:00 p.m., except on legal and NYCHA holidays, starting June 12, 2000. RFP responses are due on or before July 31, 2000, 4:00 p.m. For further information please call (212) 776-5345.

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

REQUEST FOR PROPOSALS FOR PRESUBSCRIPTION LONG DISTANCE SERVICE AND LONG DISTANCE OPERATOR SERVICE FOR CERTAIN PUBLIC PAY TELEPHONES LOCATED ON, OVER OR UNDER THE INALIENABLE PROPERTY OF THE CITY OF NEW YORK AND FOR ALL PUBLIC PAY TELEPHONES AND SEMI PUBLIC PAY TELEPHONES LOCATED IN CITY OWNED OR CITY LEASED BUILDINGS

The City of New York ("the City") has granted to one hundred-three companies the right to receive franchises (the "Franchises") authorizing the provision of public pay telephone service from public pay telephones ("PPTs") located on, over or under the inalienable property of the City of New York, of which seventy-two (72) have been awarded to date. The New York City Department of Information Technology and Telecommunications ("DoITT") is responsible for the administration of such Franchises. The City has also authorized the provision of public pay telephone service from PPTs and semi-public pay telephones ("SPPTs") located in certain City-owned or City-leased buildings. This Request For Proposals ("RFP") addresses the selection by DoITT, on behalf of the City as location provider, of presubscription interLATA services for certain PPTs permitted under the Franchises and certain PPTs and SPPTs located in buildings owned or partly or wholly leased by the City. The selected provider will be required to pay the City (and in some cases the holder of a Franchise ("Franchisee") who owns a particular PPT ("Franchisee/Owner") a commission in return for the designation pursuant to this RFP as provider of presubscription services from applicable PPTs and SPPTs. Questions to the City regarding the substance of this RFP *must be in written form* and must be directed to the authorized DoITT contact person designated on the RFP cover sheet. Questions will be accepted up to the close of business on July 5, 2000. Responses to questions will be sent out as addenda to all prospective proposers who received or requested this RFP from DoITT or attended the pre-proposal conference referred to in Section 4.5 of this RFP.

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
05/25/00	005924	SRA 00-6995

ADDRESS	BOROUGH:	BLOCK/LOT:
52 CHAMBERS STREET Tweed Courthouse INDIVIDUAL LANDMARK	MANHATTAN	122 / 1

To the Mayor, the Council, and the President of the New York City Economic Development Corporation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the restoration and replication of historic door hardware. The scope of work includes the restoration of existing decorative historic hardware, the replication of new decorative historic hardware, and new modern operational hardware for the wood doors throughout the building. The proposed work is described in drawings labeled Tweed Courthouse Restoration & Rehabilitation - Door Hardware project manual (specifications) dated 2/15/00, prepared by John G. Waite Associates, and submitted as components of this application.

The Commission notes that the designation report describes the building as one of the city's grandest and most important 19th-century institutional buildings; that it was built over a period of twenty years, between 1861-1881, to the designs of John Kellum and Leopold Eidlitz and that consequently it was the product of two very different but equally significant architectural trends, the mid-century Italianate and the later High Victorian; that it is one of the few and one of the best remaining grand Italianate interior spaces in the city, and an excellent example of the Victorian Romanesque type; that a few pieces of the original Kellum hardware survive; and that more intact sets of the Eidlitz hardware are extant.

The Commission finds that the proposed work is primarily restorative; that all remaining intact decorative hardware sets will be removed from each door, cleaned and restored to good working order, and reinstalled in their original location; that where decorative hardware is missing, new hardware will be recast in bronze and finished to match the cleaned historic samples; that all exposed modern hardware will be finished in an oil-rubbed bronze to appear compatible with both the historic doors and the replication hardware; and that all of the work will contribute to the long term preservation of this individual landmark. Based on these findings, the proposed work is determined to be appropriate to the individual landmark and is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
05/25/00	005924	SRA 00-6995

ADDRESS	BOROUGH:	BLOCK/LOT:
52 CHAMBERS STREET Tweed Courthouse INDIVIDUAL LANDMARK	MANHATTAN	122 / 1

To the Mayor, the Council, and the President of the New York City Economic Development Corporation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the restoration and replication of historic lighting fixtures. The scope of work includes the removal, restoration, and reinstallation of existing historic light fixtures from the Rotunda and Stair Halls; and the replication of new light fixtures to match historic fixtures no longer existing throughout the remainder of the interior spaces. The proposed work is described in drawings labeled Tweed Courthouse Restoration & Rehabilitation - Lighting Plans 24.A11, 24.A12, 24.A12M, 24.A13, 24.A13M, 24.A14 and project manual (specifications) dated 2/15/00, prepared by John G. Waite Associates, and submitted as components of this application.

The Commission notes that the designation report describes the building as one of the city's grandest and most important 19th-century institutional buildings; that it was built over a period of twenty years, between 1861-1881, to the designs of John Kellum and Leopold Eidlitz and that consequently it was the product of two very different but equally significant architectural trends, the mid-century Italianate and the later High Victorian; that it is one of the few and one of the best remaining grand Italianate interior spaces in the city, and an excellent example of the Victorian Romanesque type; that the original bronze gas fixtures in the Rotunda and Stair Halls date from the John Kellum architectural period (1861-1871); that all fixtures were converted to electricity after the turn of the century, and most are missing components; and that the original light fixtures are missing in the remainder of the interior spaces.

The Commission finds that the proposed work is primarily restorative; that all existing fixtures will be cleaned, refinished, and new components will be fabricated to match where missing; all will be reinstalled in their original locations with etched or cut-glass globes typical of the style and period of the fixtures; and that where original fixtures are missing, new fixtures will be replicated to match historic fixtures based on early lithographs, photographs, room descriptions and other fixtures designed by Kellum and Eidlitz for other clients and buildings; and that all of the work will contribute to the long term preservation of this individual landmark. Based on these findings, the proposed work is determined to be appropriate to the individual landmark and is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(9-a) of the Public Authorities Law, that after public hearings were held on May 1, 2, 3 and 4, 2000, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on May 12, 2000, adopted a resolution approving increases in water rates to users of the Water Supply System within the City of New York for the fiscal year commencing July 1, 2000, from those rates currently in effect, and approving certain customer service and billing policy changes, as follows:

Effective July 1, 2000, water rates for all in-City customers, metered and unmetered, will increase by 1.0 % over the rates in effect during Fiscal Year 2000. The wastewater rate will remain at 159% of the applicable water charge.

The following changes to the billing policy provisions and procedures of the Rate Schedule were approved:

I. Multiple Family Conservation Proposal

This proposal to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings will replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001.

II. Charges for Steam Condensate Discharges to Sewer System

The Board approved explicit charges for Steam Condensate discharges into the wastewater system contingent upon Consolidated Edison of New York executing a Memorandum of Understanding ("MOU") with the City. The MOU was executed in May 2000 and steam condensate charges will go into effect, as follows:

(1) In the case of End of System Condensate Discharges:

A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.

B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.

C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

III. Other Billing Policy Changes

Certain billing and customer service policies have been changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy. An equivalent will be accepted in instances where no Certificate of Occupancy exists.

(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Charge; eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.

(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.

(4) Flat Rate Account Reconciliation Fee - new miscellaneous fee of $25 to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system to ensure that the account will not be backbilled prior to their ownership.

(5) Refunds - credit balances will be applied against other accounts of the same owner prior to a refund being issued.

(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter are required to file an engineer's report; accounts with delinquent charges will, upon notice, have Wastewater Allowances revoked.

(7) Meter Surcharge - annual surcharge to be imposed when a customer fails to install a meter.

(8) Permanent Boiler - defines instances where this existing frontage charge may be applied.

(9) Backbilling Limitation - definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

INVOCATION

God our Creator

We gather here today on these few days prior to Thanksgiving.
We stop . . . reflect . . . and pay inner attention.
We express our gratitude for all . . .
for all that has been given to us
Both our material and spiritual gifts
We stand in this Chamber in humility and deep gratitude.

We gather today as servants and stewards of the City
We gather as members of this City Council
We ask for guidance, courage, and wisdom.
As we administer our office — let a spirit of right judgement
Be our inner guide.

We gather today
We ask that a spirit of encouragement dwell in our hearts
That we have respect for each life
And respect for the diversity of all in this Magnificent City

As we vote today on certain legislation/bills
Let our deliberations be tempered with a sense of justice
And mercy.
Let our presence here today be also
One of healing within the city
As servants and stewards, we are in a position of dealing
With all the ills and darkness . . . crime and violence
Which are still present.
As we prepare for Thanksgiving Day
We are also acutely aware of all the problems on this day of
Giving — Thanks

As stewards
We know that there are people who are in need
. . . the hungry . . . . the unemployed . . . . the homeless
We are not blind to these issues
As public servants,
We try our best to promote a sense of
Well-being, liberty, and equality as the foundation of good Government.

We gather today in a special way:

For all members of this City Council Today:
May we find inner strength
May the Spirit of Wisdom be present in our heart
May the Spirit of Thanks-Giving embrace all who
Have committed to Public service and
And Stewardship of this City

Let all present speak as public servants and stewards by
Saying:
Amen

Council Member Carrion moved that the invocation be spread in full upon the Minutes and adopted.

Adoption of Minutes

Council Member Warden moved that the Minutes of the Stated Meeting of Wednesday, October 27, 1999 be adopted as printed.

Communication from City, County and Borough Offices

M-671

Communication from the Manhattan Borough President — Submitting the name of Angela Cavaluzzi to the City Council for its advice and consent for her appointment as a member of the City Planning Commission for a four and one half year term commencing on January 1, 2000, pursuant to Section 192(a) of the New York City Charter.

November 1, 1999

Honorable Peter F. Vallone
Speaker and Majority Leader
The New York City Council
City Hall
New York, NY 10007

Dear Mr. Vallone:

Pursuant to New York City Charter Section 192.a, I hereby appoint Mrs. Angela Cavaluzzi to a four and one half year term, commencing January 1, 2000, as a member of the City Planning Commission, subject to the advice and consent of the Council.

Angela is currently the Director of the Land Use Unit in my office. Prior to serving in my administration, Angela served in the Land Use division of the New York City Council as a project manager. In this capacity she advised the City Council on many of the same issues while managing urban planning projects throughout the City of New York. Angela also has a wealth of experience in the private sector. She served in the positions of project architect, project manager and senior designer for the firm of Ehrenkrantz & Eckstut from 1986 to 1990. Her educational background includes a bachelor's degree in architecture and a Master's degree in architecture and urban design from Columbia University. I am convinced that Angela Cavaluzzi will represent the Borough of Manhattan with distinction while working tirelessly to provide a better city for all New Yorkers.

I have enclosed Angela's resume for your review. Please consider her appointment at the Council's earliest convenience.

Very truly yours,

C. Virginia Fields
Manhattan Borough President

Referred to the Committee on Rules, Privileges and Elections.

M-672

Communication from the Department of Homeless Services — Submitting the Third Quarter Report for Calendar Year 1999 covering the period July 1st, 1999 through September 30th, 1999, pursuant to Local Law 19 of 1999.

(For text, see Municipal Reference Center, 31 Chambers Street.)

Received, Ordered, Printed and Filed.

M-673

Communication from the Human Resources Administration — Submitting the Division of AIDS Services and Income Support (DASIS) Quarterly Performance Report FY99 (January-March 1999), as required by Section 21-128(j) of the Administrative Code of the City of New York.

LAND USE CALL-UPS

M-674

By Council Member McCaffrey:

Pursuant to Rule 11.20(b) of the Council and Section 197-d(b)(3) of the New York City Charter, the Council resolves that the action of the City Planning Commission on Uniform Land Use Review Procedure Application Number 000020PQQ and 000021PPQ shall be subject to review by the Council.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

M-675

By Council Member Wooten:

Pursuant to Rule 11.20(b) of the Council and Section 197-d(b)(3) of the New York City Charter, the Council resolves that the action of the City Planning Commission on Uniform Land Use Review Procedure Application Number 990096PPK shall be subject to review by the Council.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

The Public Advocate (Mr. Green) put the question whether the Council would agree with and adopt such reports which were decided in the **affirmative** by the following vote:

Affirmative — Abel, Berman, Carrion, Clarke, Dear, DiBrienza. Malave-Dilan, Eisland, Eldridge, Espada, Fiala, Fisher, Foster. Freed, Golden, Harrison, Henry, Koslowitz, Lasher, Leffler, Linares, Lopez, McCaffrey, Miller, Moskowitz, Nelson, O'Donovan, Oddo, Perkins, Pinkett, Povman, Provenzano, Quinn, Reed, Rivera, Robles, Rodriguez, Sabini, Spigner, Stabile, Warden, Watkins, White, Wooten, Ognibene and the Speaker (Council Member Vallone) — **46.**

REPORTS OF STANDING COMMITTEES

Report of the Committee on Civil Service and Labor

Res No. 973

Report of the Committee on Civil Service and Labor in favor of approving a resolution in support of the striking Domino Sugar factory workers and calling upon management and labor to resume negotiations in good faith toward a mutually agreeable contract.

The Committee on Civil Service and Labor to which it was referred on September 9, 1999 (Minutes page 2204) the annexed resolution respectfully

REPORTS:

The intent of Res. No. 973 is to encourage labor represented by Local 1814 of the International Longshoremen's Association (ILA) and management represented by Tate and Lyle, North American Sugar Inc., which owns Domino Sugar to resume negotiations in good faith to achieve a mutually agreeable contract.

According to Local 1814, on June 15, 1999, approximately three hundred workers went on strike after almost nine months and eighteen rounds of negotiations with management at the Domino Sugar's Brooklyn refinery. The union's previous contract with Domino Sugar had expired in October 1998.

Local 1814 asserts that Domino Sugar is planning to restructure its Brooklyn operations and transfer the off-shore sugar refining operations out of the state. Local 1814 further asserts that Domino Sugar is demanding concessions from the union such as unlimited contracting out, straight time for week-end work and giving back three paid holidays Veterans Day, Columbus Day, and Washington's Birthday. Additional concessions being demanded from the union include a no strike clause, the ability of the company to reopen the contract at will, rearranging workers seniority, the use of staff to eliminate overtime, combining jobs, the elimination of a past practice clause, bringing in part-timers, temporary and or agency workers for less money and eliminating guaranteed hours. In short, Local 1814 clearly maintains, that Domino Sugar is trying to break the union.

Domino Sugar is owned by the British Company Tate and Lyle and is the largest sugar and sweetener company in the world. Tate and Lyle, its subsidiaries and joint ventures operate in 45 countries world-wide. In North America, Tate and Lyle's interests are in cane sugar refining (Domino Sugar), the Toronto-based refinery (Redpath), sugar beet processing (Western Sugar) and corn-sweetener producing (A.E. Staley).

According to an article appearing in the Village Voice dated September 14, 1999 entitled "Bitter Battle at Domino Sugar", Domino Sugar is the lone survivor of an industry that was once the largest in New York City, commencing with the first sugar refinery established in 1730 on Liberty Street in lower Manhattan. Domino Sugar's current facility had its origins in 1857 when William and Frederiche Havemeyer opened a sugar refinery at South 3rd Street, the site of today's plant.

The Civil War destroyed most of the south's refineries, which caused most sugar refinery operations to become concentrated in the north, specifically New York City. From 1870 until World War I, the industry was the city's most profitable. By 1907, the Havemeyer's holdings, then known as the American Sugar Refinery Company, controlled 98 percent of U.S. sugar production.

A confluence of factors including the Depression, industry-wide consolidation and the exodus of manufacturing operations from the city after World War II led to a marked decrease in sugar refinery in New York City, leaving only Domino Sugar.

The New York City Council, by the passage of a resolution, has on several occasions acted to encourage the preservation of the city's job base Res. No. 973 seeks to preserve jobs and workers' benefits by encouraging the parties to bargain toward a mutually agreeable contract. Res. No. 973 does not attempt to dictate or influence the terms of an agreement or in any way interfere with the rights of the parties to collectively bargain pursuant to federal law.

Pursuant to Section 21 of the New York City Charter (the "Charter"), The City Council is "the legislative body of the city" and as such, it is "vested with the legislative power of the city". Pursuant to Section 29 of the Charter, the Council is empowered to "investigate any matters within its jurisdiction relating to the property, affairs or government of the city". Section 34 of the Charter specifically gives the Council the authority to pass "resolution[s] . . . by at least the majority affirmative vote of all the council members". A resolution provides a mechanism by which "discussion" and "comment" can occur. It is nonbinding, and is introduced at the request of individual Council members.

Historically, the City Council has adopted resolutions in relation to labor disputes similar in nature to the dispute discussed in Res. No. 973. In 1987, the Council adopted Res. No. 770-A which commented on a labor strike involving Colt Industries. In 1990, the Council adopted Res. No. 392-A which commented on a decision by the Greyhound bus company not to negotiate with striking workers. In addition in 1990, the Council adopted Res. No. 632 which called upon the Daily News and the unions representing employees of the Daily News to resume and intensify negotiations with a view towards reaching mutually satisfactory agreements at the earliest possible date. Moreover, in

1992, the Council considered Res. No. 500 which criticized Stroehmann Bakeries, Inc. for its decision to close the Taystee Bread factory in Queens at the expense of 510 lost jobs.

Lastly in 1993, the Council adopted resolution 910-A which called upon Fisher Scientific Company and the unions representing its employees to resume negotiations with a view towards reaching mutually satisfactory agreements at the earliest possible date. Of particular note is the fact that Fisher Scientific sought a preliminary injunction in the United States District Court for the Southern District of New York to prevent the City Council from holding a hearing on Res. No. 910. Specifically, Fisher Scientific asked the federal court to enjoin the Council under 42 U.S.C. §1983 from proposing, sponsoring, holding a hearing on, or ratifying Resolution 910. Fisher Scientific argued that such actions on the City Council's part would deprive Fisher of its federal right to engage in collective bargaining free from state or municipal intrusion, as the U.S. Supreme Court has explained in *Lodge 76, Int'l Association of Machinists and Aerospace Workers v. Wisconsin Employment Relations Commission*, 427 U.S. 132, 96 S. Ct. 2548 (1976) and its progeny, including *Golding State Transit Corp. v. City of Los Angeles*, 475 U.S. 608, 106 S.Ct. 1395, 1398 (1986).

In an order dated January 29, 1993, Judge Sonia Sotomayor of the U.S. District Court denied Fisher Scientic's motion for a preliminary injunction as well as its request for a permanent injunction. In her order, Judge Sotomayor stated that the hearing would neither disrupt the negotiations nor impact upon the positions of the parties. Thus, "Fisher has made no showing that its non-coerced attendance at a hearing held in conjunction with a legislature's consideration of a non-binding resolution would constitute such impermissible governmental intrusion as to result in irreparable harm".

On February 1, 1993, the Committee on Civil Service and Labor passed out Res. 910-A which was subsequently adopted by the full City Council.

Accordingly, Your Committee recommends its adoption.

(For text, see Introduction and Reading of Bills printed in the Minutes of the Stated Meeting of September 9, 1999, page 2204).

LUCY CRUZ, Chairperson; LAWRENCE A. WARDEN, HOWARD L. LASHER, ANGEL RODRIGUEZ, AL STABILE—November 19, 1999

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Reports of the Committee on Finance

L.U. No. 553

Report of the Committee on Finance in favor of approving an application No. 20005040 HAM, an Urban Development Action Area Project known as Central Harlem HomeWorks, located in Community Boards 10 and 11, Council District No. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which it was referred on September 29, 1999 (Minutes page 2309) the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 422 of the Real Property Tax Law (RPTL), the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for moderate and low income persons. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these city-owned properties as Urban Development Action Area Projects.

HomeWorks was created with the goal of expanding homeownership opportunities for all New Yorkers. Under this program, one to four family vacant City-owned buildings are sold to developers selected through a competitive Request for Proposals. Developers, which may be for-profit developers, not-for-profit organizations or joint ventures between them, are selected based on the extent to which their proposal minimizes the use of a City subsidy and on the overall strength and experience of their team. The developers are responsible for the construction, marketing and sale of the houses which all will contain from one to four units. Because of the programmatic objectives stabilizing communities and providing homeownership opportunities to the widest range of New Yorkers, the incomes of potential homebuyers are not restricted.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for six years. A full exemption is allowed for the first three years, and phased out in equal decrements over the following three years.

HPD began the special Initiatives Program (SIP) to provide mixed income housing for homeless persons and those persons of low and very low income. The city, through HPD, rehabilitates vacant in-rem buildings and sells them to local not-for-profits selected through an RFQ process. These not-for-profits will set up Housing Development Finance Companies (HDFC's) organized pursuant to Article XI of State PHFL to operate the buildings.

The properties are managed by the HDFC's as low-income housing rentals for tenants who meet low and very low income requirements. Monthly rent for such apartments is established based on income, but does not exceed 30% of a tenant's annual income.

These occupied buildings are targeted to house 50% homeless/doubled up, and 50% low and very low income tenants. It is anticipated that homeless/doubled up tenants will receive Section 8 housing subsidies as soon as the properties are conveyed to the HDFC's.

An exemption from property taxes of all of the value of the property in the project will be allowed from the date of conveyance of the property for thirty-two years. The city may terminate the tax exemption at any time that HPD determines the project is not being operated in accordance with state law and any agreements between the housing company and the City.

The U.S. Department of Housing and Urban Development (HUD) Section 202 Supportive Housing Program for the Elderly program provides for new construction of rental units to house elderly persons of very low income. Not-for-profit sponsors organized

under Article XI of state Private Housing Finance Law are chosen by HUD, and purchase City or privately owned land for the project. Construction and permanent financing of the project will be financed through a HUD capital advance and operations will be supported by a HUD rental assistance contract. The City provides a subsidy through the tax exemption to ensure affordability to the targeted income population.

Pursuant to Section 422 of the Real Property Tax Law, no taxes are paid on the land after conveyance during the term of construction (about 18 months) until the issuance of a temporary or permanent Certificate of Occupancy at which time the exemption and partial payment in lieu of taxes takes effect.

Upon issuance of the temporary or permanent Certificate of Occupancy, an exemption from property taxes will be granted for all of the value of the property in the project (except assessments for local improvements) for the period of the HUD mortgage, but no more than 40 years.

A payment in lieu of taxes will be made to the City annually. This amount represents 10% of annual shelter rents for the project, arrived at by a formula established by HPD and HUD. In addition, an amount equal to 25% of any annual increases in actual rents will be added, provided that such partial annual payment never exceeds 17% of contract rents or the amount that would otherwise be paid in the absence of any exemption.

Accordingly, Your Committee recommends its adoption.

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated August 30, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 66 West 127 Street (Block 1724/Lot 64), 78 West 127 Street (Block 1724/Lot 68), 56 West 128 Street (Block 1725/Lot 62), 58 West 128 Street (VL) (Block 1725/Lot 63), 71 West 128 Street (Block 1726/Lot 109), 111 West 128 Street (Block 1913/Lot 25), 1001/2 West 130 Street (Block 1914/Lot 36), 164 West 130 Street (Block 1914/ Lot 58), 39 West 131 Street (Block 1729/Lot 117), 159 West 131 Street (Block 1916/Lot 108), 115 West 132 Street (Block 1917/Lot 24), 147 West 132 Street (Block 1917/Lot 13), 112 West 133 Street (Block 1917/Lot 40), 62 East 126 Street (Block 1750/Lot 142), 66 East 126 Street (Block 1750/Lot 41), 8 East 127 Street (Block 1751/Lot 68), 9 East 129 Street (Block 1754/Lot 7), 15 East 129 Street (Block 1754/ Lot 9), 16 East 129 Street (Block 1753/Lot 64), 16 East 130 Street (Block 1754/Lot 63), and 32 Edgecombe Avenue (Block 1960/Lot 32), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 16, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last three years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Res. No. 1080

Resolution approving an Urban Development Action Area Project located at 362 West 119th Street (Block 1945/Lot 59), 155 West 123rd Street (Block 1908/Lot 6), 251 West 123rd Street (Block 1929/Lot 10), 24 West 131st Street (Block 1728/Lot 49), 25 West 131st Street (Block 1729/Lot 24), and 32 West 132nd Street (Block 1729/Lot 50), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 582; 20005066 HAM).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated September 13, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 362 West 119th Street (Block 1945/Lot 59), 155 West 123rd Street (Block 1908/Lot 6), 251 West 123rd Street (Block 1929/Lot 10), 24 West 131st Street (Block 1728/Lot 49), 25 West 131st Street (Block 1729/Lot 24), and 32 West 132nd Street (Block 1729/Lot 50), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 16, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last three years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

L.U. No. 589

Report of the Committee on Finance in favor of approving an application No. 20005085 HAK, an Urban Development Action Area Project, located at 249-51 Mother Gaston Boulevard, Council District No. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 577 of the Private Housing Finance Law for a real property tax exemption.

The Committee on Finance to which it was referred on October 27, 1999 (Minutes page 2549) the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 553 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1081

Resolution approving an Urban Development Action Area Project located at 249-51 Mother Gaston Boulevard (Block 3675/Lot 8), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 589; 20005085 HAK).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated October 6, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 249-51 Mother Gaston Boulevard (Block 3675/Lot 8), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Project is related to 19975097 HAK (L.U. No. 1160) which was approved by the Council on December 11, 1996 (Reso. No. 2062);

Whereas, upon due notice, the Council held a public hearing on the Project on November 16, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemption as follows:

Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property included in the housing project (excluding those portions, if any, devoted to business or commercial use), commencing upon the date of conveyance of the Disposition Area to Sponsor ("Effective Date") and terminating upon a date which is thirty two (32) years from the Effective Date ("Expiration Date"); provided, however, that such tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company, that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or that Sponsor is not operating the housing project in accordance with the requirements of any agreements between the Sponsor and the City of New York.

HERBERT E. BERMAN, Chairperson; MARY PINKETT, ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, JUNE EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, ANGEL RODRIGUEZ, AL STABILE—November 23, 1999

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 594

Report of the Committee on Finance in favor of approving an exemption from Property Taxation Urban Development Action Area Program Special Initiatives Program, pursuant to Section 577 of the Private Housing Finance Law for various properties, Manhattan, CD9.

The Committee on Finance to which it was referred on November 23, 1999, the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 553 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1082

Resolution approving an exemption from real property taxes for property located at 1773-75 Amsterdam Avenue (Block 2062, Lots 61 & 62), 403 West 127 Street

(Block 1967, Lot 69), 409 West 127 Street (Block 1967, Lot 67), 93 Hamilton Place (Block 2073, Lot 25), and 1638 Amsterdam Avenue (Block 2072, Lot 36), Manhattan, pursuant to Section 577 of the Private Housing Finance Law (Preconsidered L.U. No. 594).

By Council Member Berman:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated October 19, 1999 that the Council take the following action regarding property located at 1773-75 Amsterdam Avenue (Block 2062, Lots 61 & 62), 403 West 127 Street (Block 1967, Lot 69), 409 West 127 Street (Block 1967, Lot 67), 93 Hamilton Place (Block 2073, Lot 25), and 1638 Amsterdam Avenue (Block 2072, Lot 36) , Borough of Manhattan (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 577 of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the Sponsor of the properties (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on November 23, 1999;

Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved:

The Council hereby approves, pursuant to Section 577 of the Private Housing Finance Law, a Tax Exemption for each of the Properties as follows:

Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property included in the housing project (excluding those portions, if any, devoted to business or commercial use), commencing upon the date of conveyance of the Project to Sponsor ("Effective Date") and terminating upon a date which is thirty two (32) years from the Effective Date ("Expiration Date"); provided, however, that such tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company, that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or that Sponsor is not operating the housing project in accordance with the requirements of any agreements between Sponsor and the City of New York.

At this point the Speaker (Council Member Vallone) announced that the following item had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 595

Report of the Committee on Finance in favor of approving a Section 202 Supportive Housing Program For The Elderly, the Pavillion at Immaculate Conception, 713 Tilden Street, Block No. 4659, Lot 84, The Bronx, CD12.

The Committee on Finance to which it was referred on November 23, 1999, the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 553 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1083

Resolution approving a partial exemption from real property taxes for a property located at 713 Tilden Street (Block 4659, Lot 84), the Bronx pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 595).

By Council Member Berman:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following action regarding a housing project to be located at 713 Tilden Street (Block 4659, Lot 84), Borough of the Bronx (the "Exemption Area"):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on November 23, 1999;

Whereas, the Council has considered the financial implications relating to the Project;

Resolved:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

All of the value of the property in the Exemption Area, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

All of the value of the property in the Exemption Area, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use) shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $21,650, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

Reports of the Committee on Housing and Buildings

Int. No. 458

Report of the Committee on Housing and Buildings in favor of approving and adopting a local law to amend the administrative code of the City of New York, in relation to exemption from taxes of certain multiple dwellings.

The Committee on Housing and Buildings to which it was referred on October 22, 1998 (Minutes, page 3496) the annexed local law respectfully

REPORTS:

The J-51 tax benefit program is authorized pursuant to Section 489 of the Real Property Tax Law. The program has been one of the most significant mechanisms to encourage the rehabilitation and upgrading of the housing stock in New York City. J-51 benefits can result in the exemption of taxes, the abatement of taxes, or both. The program was last restructured in 1993 under Local Law 49, at which time one of the major changes was to increase the assessed value limitation imposed on multiple dwellings, for other than

condominiums or cooperatives, from $30,000 to $40,000 which increased the number of buildings eligible for abatements.

The J-51 benefit received depends on the level of government involvement in the rehabilitation, the location of the property, as well as the extent and nature of the improvement. Examples of improvements to multiple dwellings that are eligible under J-51 include the installation and/or replacement of heating, plumbing or roofing systems, wiring, windows, elevators and other renovations that qualify as Major Capital Improvements (a/k/a MCI's). According to the Department of Finance, in Fiscal Year 1999, the J-51 program provided 7,790 exemptions and 51,741 abatements to 686,866 apartments. The total exempt value of these properties was $507.5 million.

In brief, the J-51 program can result in the following tax benefits:

- Alterations certified by the Department of Housing Preservation and Development (HPD) receive a 14 to 34 year exemption from taxes on the increased valuation resulting from the improvement.
- The rehabilitation of former City-owned buildings with substantial government assistance may receive a 34-year exemption and an abatement of up to 150 percent of the reasonable construction costs as determined by HPD.
- Projects in Neighborhood Preservation Areas and certain government assisted projects receive enriched benefits which include a 34-year tax exemption on the increased assessed value and an abatement that may equal the cost of the renovation, applied at a rate of 12.5 percent annually.
- Properties with Major Capital Improvements may receive an exemption for 14 years and an abatement for up to 90 percent of the reasonable cost of the rehabilitation, applied at a rate of 8 1/3 percent per year. Although, in certain areas of Manhattan south of 96th street, the abatement is on the building assessment only, up to a value of $2,500 per unit, and not on the land.
- Moderate rehabilitation projects when at least one major building-wide system is significantly improved may receive a 34-year tax exemption and an abatement of up to 100 percent of the reasonable cost, as long as the property is substantially occupied during the rehabilitation.
- In any case, a J-51 abatement may only be applied to property taxes for a maximum of 20 years.

It should be noted that rental units with J-51 tax relief are subject to rent regulation during the benefit period. Furthermore, cooperatives and condominiums where the average assessed valuation exceeds $40,000/dwelling unit are exempt from receiving tax abatements, except for work completed within 3 years of the establishment of the cooperative or condominium. In addition, renovations in cooperatives or condominiums performed three or more years after the initial conversion, are capped at $2500 per unit under the J-51 program.

In 1998, the State extended the authority of localities to amend or adopt local laws from June 1, 1999 to June 1, 2003 under Chapter 246 and provided that all conversions, alterations and improvements must be completed prior to December 31, 2003 to qualify for benefits under this program. Hence, section one of this bill would extend the provisions of the J-51 tax benefit program to provide that eligible conversions, alterations or improvements on existing multiple dwellings in New York City must be completed prior to December 31, 2003. Bill section two provides that this local law would take effect immediately.

The Committee is expecting to vote on this bill today and anticipates hearing testimony from representatives of the Department of Housing Preservation and Development with regards to this matter.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	($79 million)	($158 million)	($158 million)
Expenditures (–)	$0	$0	$0
Net	($79 million)	($158 million)	($158 million)

Impact on Revenues: The total lost revenue due to all J-51 abatement and exemptions was $161 million in Fiscal 1999, which was comprised of $54.9 in exemptions and $105.7 million in abatements. In Fiscal 1998, the total impact of J-51 was $1.59 million.

The fiscal Impact for Fiscal 2000 and Fiscal 2001 assumes that total J-51 benefits will average $160 million per year in the near future. Since Intro. 458 does not extend J-51 benefits for SROs, this impact calculates the impact only for non-SRO renovations (non-SRO units are estimated to encompass 99% of New York City's housing stock). The fiscal impact assumes a half-year value for Fiscal 2000 and a full-year impact for Fiscal 2001.

Impact on Expenditures: None.

Accordingly, Your Committee recommends its adoption.

Int. No. 460

Report of the Committee on Housing and Buildings in favor of approving and adopting a local law to amend the administrative code of the city of New York, in relation to tax exemption and abatement for certain rehabilitated buildings as authorized by section 488-a of the real property tax law.

The Committee on Housing and Buildings to which it was referred on October 22, 1998 (Minutes, page 3503) the annexed local law respectfully

REPORTS:

Pursuant to authorization found in Section 488-a of the Real Property Tax Law (RPTL), this legislation would extend the provisions by which owners rehabilitating single room occupancy housing (SROs) are eligible to receive tax benefits. Currently, a tax exemption of up to 32 years can be obtained on any increase in assessed valuation due to eligible improvements to SRO's, provided that the improvements are completed within 36 months of commencement. Commonly referred to as "J-51 for SROs," this tax benefit program was designed to encourage the preservation of the City's diminishing SRO housing stock and is viewed by some as a necessary measure to deter homelessness. Eligible improvements include the upgrading or replacement of heating systems, electrical systems, elevators, plumbing, sprinklers, fire escapes and roofing.

Originally, the J-51 tax exemption and abatement program, authorized pursuant to Section 489 of the Real Property Tax Law, was designed, in part, to encourage the conversion of class B (single room occupancy) dwelling units in order to increase the supply of class A (non-transitory, self-contained) multiple dwellings. Eventually, in the early 1980's, SROs were recognized as a valuable but rapidly diminishing housing resource, and in 1980, the State enacted Section 488-a of the Real Property Tax Law, which authorized the City to create a tax incentive program, similar to the J-51 program, offering exemptions and abatements for improvements made to SRO multiple dwellings that continue to be utilized primarily as SROs. The local law implementing this State authorization applied only to construction commenced after July 1, 1980 and prior to December 31, 1984.

In addition, in 1981, the J-51 program was amended locally by withdrawing these tax benefits from SROs unless work on the structure was being carried out with substantial assistance of grants, loans or subsidies from any federal, state or local agency or instrumentality. This change in the law was intended to discourage the conversion of SROs to apartments.

In 1992, the City promulgated Local Law 6, which incorporated the State amendments to RPTL § 488-a, enriched the exemption and abatement benefits and extended the "J-51 for SROs" program to construction commenced before December 31, 1995. In 1995, Local Law 94 extended the sunset date for eligibility to receive tax benefits from December 31, 1995 to December 31, 1999.

In 1998, the State legislature enacted an amendment to RPTL § 488-a, (L. 1998, C. 245), which extended the authority of localities to amend or adopt laws from December 31, 1998 to December 31, 2002 and extended the time for the completion of eligible improvements to prior to December 31, 2002. Accordingly, section one of this bill extends the benefit for eligible improvements under local law from prior to December 31, 1999 to December 31, 2002. Bill section two provides that this local law would take effect immediately.

The Committee anticipates hearing testimony from representatives of the Department of Housing Preservation and Development with regards to this matter.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	($800,000)	($1.6 million)	($1.6 million)
Expenditures (–)	$0	$0	$0
Net	($800,000)	($1.6 million)	($1.6 million)

Impact on Revenues: The total lost revenue due to all J-51 abatement and exemptions was $161 million in Fiscal 1999, which was comprised of $54.9 in exemptions and $105.7 million in abatements. In Fiscal 1998, the total impact of J-51 was $159 million.

The fiscal impact for Fiscal 2000 and Fiscal 2001 assumes that total J-51 benefits will average $160 million per year in the near future. Since Intro. 460 extends J-51 benefits only for SROs, the calculation above only computes the impact for SRO renovations (SRO units are estimated to comprise 1% of New York City's housing stock). The fiscal impact assumes a half-year value for Fiscal 2000 and a full-year impact for Fiscal 2001.

Impact on Expenditures: None.

Accordingly, Your Committee recommends its adoption.

Int. No. 461-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to continuing area eligibility limitations on benefits pursuant to section 421-a of the real property tax law.

The Committee on Housing and Buildings to which it was referred on October 22, 1998 (Minutes, page 3503) the annexed amended local law respectfully

REPORTS:

Int. No. 461 was considered by the Committee on September 10th, at which point it included language: 1) to extend the area eligibility limitations from July 1, 2000 to July 1, 2003 (in the area commonly known as the "Manhattan exclusion area"); and 2) to extend the law lifting the ban on the allowance of 421-a benefits for new construction in zoning districts permitting for maximum base floor area ratios (FARs)[1] of 15 or greater from the current sunset date of October 1, 1999 to October 1, 2003. Proposed Int. No. 461-A only extends the lifting of restrictions on benefits in areas zoned for 15 FAR or greater, which expired on October 1, 1999. The title of the bill was also amended to reflect its more limited scope, and the current proposal has also been modified with regard to its effective date since the last hearing. The proposed bill is effective immediately, and is retroactive to October 1, 1999.

In 1984, the Council promulgated Local Law 78 which eliminated 421-a tax benefits for the construction of any multiple dwelling commenced on or after November 29, 1985 located within the borough of Manhattan where a maximum FAR, as that term is defined in the Zoning Resolution, of 15 or greater was permitted "as of right" by provisions of such resolution in effect on April 14, 1982.

Then in 1993, the City promulgated Local Law 106, which modified the ban in the borough of Manhattan by lifting the above restriction for a three-year period ending in October 1996. In 1997, the City promulgated Local Law 1 which extended the 421-a eligibility in these areas to construction that commences before October 1, 1999. This bill further extends this eligibility in these areas to construction that commences before October 1, 2003.

Accordingly, Your Committee recommends its adoption as amended.

A Local Law to amend the administrative code of the city of New York, in relation to eligibility limitations on benefits pursuant to section 421-a of the real property tax law based upon floor area ratio.

Be it enacted by the Council as follows:

Section 1. Subdivision c of section 11-245 of the administrative code of the city of New York, as amended by local law 1 for the year 1997, is amended to read as follows:

(c) No benefits under section four hundred twenty-one-a of the real property tax law shall be conferred for any construction commenced on or after November twenty-ninth, nineteen hundred eighty-five of any multiple dwelling, or portion thereof, which is located within any district in the county of New York where a maximum base floor area ratio, as that term is defined in the zoning resolution, of fifteen or greater was permitted as of right by provisions of such resolution in effect on April fourteenth, nineteen hundred eighty-two; provided, however, that this limitation on benefits shall not apply to any such construction commenced on or after October first, nineteen hundred ninety-three and before October first, [nineteen hundred ninety-nine] *two thousand three*.

§ 2. This local law shall take effect immediately and shall be deemed to have been in full force and effect on October 1, 1999.

ARCHIE SPIGNER, Chairperson; MARTIN MALAVE-DILAN, HELEN M. MARSHALL, LAWRENCE A. WARDEN, TRACY BOYLAND, MADELINE PROVENZANO, MICHAEL NELSON, THOMAS OGNIBENE—November 19, 1999

Laid Over.

[1] As defined in the Zoning Resolution, the floor area ratio (FAR) is "the total floor area on a zoning lot, divided by the lot area of that zoning lot." Zoning Resolution § 12-10. (For example, a building containing 20,000 square feet of floor area on a zoning lot of 10,000 square feet has an FAR of 2.0)

Reports of the Committee on Land Use

Int. No. 638

Report of the Committee on Land Use in favor of approving and adopting a local law to amend the New York city charter in relation to authorizing the department of transportation to extend the date of the franchise for the operation and maintenance of bus stop shelters.

The Committee on Land Use to which it was referred on October 13, 1999 (Minutes, page 2405) the annexed local law respectfully

REPORTS:

On September 22, 1994, the Council approved Resolution No. 324-a, an amended authorizing resolution which allowed DOT to grant new bus stop shelter franchises. The extant franchises expired in May, 1995.

At that time, based on an increased concern about the "clutter" of the street scape and the limited response to the RFP for the automatic pay toilets, the Administration planned to submit an authorizing Resolution for consolidated street furniture franchises. It was expected that such a franchise would provide for a more uniform approach to items on the sidewalks without adversely affecting revenue derived therefrom.

Due to the necessity of maintaining the integrity of the public service which was being provided by the bus stop shelters, as well as the revenue stream generated by the advertising on the shelters, on March 21, 1995, the Council adopted Resolution 506-A (Local Law 25 of 1995) which amended subdivision b of Section 378 of the New York City Charter to allow the Department of Transportation, subject to the approval of the Franchise and Concession Review Committee, to extend the expiration date of the existing bus stop shelter franchises to December 31, 1997.

On March 6, 1996, the Council approved Resolution no. 1548, an amended authorizing Resolution allowing the Department of Transportation to grant nonexclusive franchises for the installation, operation and maintenance of coordinated franchise structures. However, no franchise was granted pursuant to this authorizing Resolution and the process was terminated in the summer of 1998.

The bus stop shelter franchises expired on December 31, 1997 and the need remained to ensure bus stop shelters continue to be operated and maintained and to protect the revenue stream generated by the advertising. This was to have been achieved pursuant to an interim contractual arrangement. Local Law 47 of 1998 allowed the Department of Transportation to extend the franchises to December 31, 1999, should the agency have elected to do so, which it did not.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY00
Revenues (+)	0	0	0
Expenditures (–)	0	0	0
Net	0	0	0

Impact on Revenues: There will be no impact on revenues resulting from the enactment of this legislation.

Impact on Expenditures: Although this legislation would extend the City's franchise for bus shelter maintenance by one year, it would not have an impact on City expenditures since allocations for this coming year.

Accordingly, Your Committee recommends its adoption.

Whereas, by submissions dated October 18, 1999, the Department of Housing Preservation and Development withdrew the proposal.

Accordingly, Your Committee recommends that the Committee approve the motion to file pursuant to withdrawal of the proposal.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1084

Resolution approving a motion to file pursuant to withdrawal on an Urban Development Action Area Project located at East 175 Street and East 176 Street, between Southern Boulevard, Trafalgar Place and Waterloo Place (Block 2958/ Lots 78, 80-85, 97, 102-104 and 120), the Bronx (L.U. No. 480; 19995472 HAX).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated May 11, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at East 175 Street and East 176 Street, between Southern Boulevard, Trafalgar Place and Waterloo Place (Block 2958/Lots 78, 80-85, 97, 102-104 and 120), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, by submission dated October 18, 1999 the New York City Department of Housing Preservation and Development withdrew the application.

Resolved:

The Council approves the motion to file pursuant to withdrawal of the application.

Report of the Committee on Land Use in favor of approving a Uniform Land Use Review Procedure Application No. 970554 ZMR pursuant to Sections 197-c and 197-d of the New York City Charter, concerning changes to the zoning map within the South Richmond Special Development District, Borough of Staten Island, Council District No. 51.

The Committee on Land Use to which it was referred on July 21, 1999 (Minutes, page 2053) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Southeast Annadale Woodlands Association pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section Nos. 33b, 33c, and 33d, changing from an R3-2 District to an R3X District property bounded by Sheridan Place, Barclay Avenue, a southerly boundary line of the New York City Right-of-Way (leased by the Staten Island Rapid Transit (SIRT)), a line midway between Eagan Avenue and Fabian Street, Mosely Avenue, Eagan Avenue, Amboy Road, Barclay Avenue, Kinghorn Street, Arden Avenue and its southeasterly prolongation, the U.S. Pierhead Line of Raritan Bay, Poughkeepsie Avenue and its southeasterly prolongation, Boardwalk Avenue, a line 100 feet westerly of Lispett Avenue, Oceanview Avenue, a line 100 feet southwesterly of Lispett Avenue, Hylan Boulevard, Poillon Avenue and its southeasterly prolongation, the U.S. Pierhead Line of Raritan Bay, Bertram Avenue and its southeasterly prolongation, Hylan Boulevard, Arbutus Avenue, Amboy Road, and Annadale Road, within the Special South Richmond Development District, as shown on a diagram (for illustrative purposes only) dated June 28, 1999.

The intent is to amend Zoning Map, Section Nos. 33b, 33c, and 33d.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1085

Resolution approving the decision of the City Planning Commission on ULURP No. C 970554 ZMR, a Zoning Map Change (L.U. No. 508).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on October 25, 1999 its decision dated October 20, 1999 (the "Decision"), on the application submitted by the Southeast Annadale Woodlands Association, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 970554 ZMR) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on November 16, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on June 28, 1999 (CEQR No. 97DCP053R);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section Nos. 33b, 33c, and 33d, changing from an R3-2 District to an R3X District property bounded by Sheridan Place, Barclay Avenue, a southerly boundary line of the New York City Right-of-Way (leased by the Staten Island Rapid Transit (SIRT)), a line midway between Eagan Avenue and Fabian Street, Mosely Avenue, Eagan Avenue, Amboy Road, Barclay Avenue, Kinghorn Street, Arden Avenue and its southeasterly prolongation, the

U.S. Pierhead Line of Raritan Bay, Poughkeepsie Avenue and its southeasterly prolongation, Boardwalk Avenue, a line 100 feet westerly of Lispett Avenue, Oceanview Avenue, a line 100 feet southwesterly of Lispett Avenue, Hylan Boulevard, Poillon Avenue and its southeasterly prolongation, the U.S. Pierhead Line of Raritan Bay, Bertram Avenue and its southeasterly prolongation, Hylan Boulevard, Arbutus Avenue, Amboy Road and Annadale Road, within the Special South Richmond Development District, as shown on a diagram (for illustrative purposes only) dated June 28, 1999.

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1086

Resolution approving an Urban Development Action Area Project located at 23 Rockaway Parkway (Block 4600/Lot 65), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 586; 20005070 HAK).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated September 13, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 23 Rockaway Parkway (Block 4600/Lot 65), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 16, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1088

Resolution approving an Urban Development Action Area Project located at 150-16 107th Avenue (Block 10130/Lot 14), 150-18 107th Avenue (Block 10130/Lot 15), 159-04 110th Avenue (Block 12163/Lot 19), and 159-06 110th Avenue (Block 12163/Lot 20), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 588; 20005084 HAQ).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated October 6, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 150-16 107th Avenue (Block 10130/Lot 14), 150-18 107th Avenue (Block 10130/Lot 15), 159-04 110th Avenue (Block 12163/Lot 19), and 159-06 110th Avenue (Block 12163/Lot 20), Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 16, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 590

Report of the Committee on Land Use in favor of approving an application No. 19995477 TCM, pursuant to §20-226 of the Administrative Code of the City of New York, concerning the petition of Hippopotamic, LLC, d/b/a Nacho Mama's Burritos, to establish, maintain and operate an unenclosed sidewalk café located at 2893 Broadway, Borough of Manhattan, Council District No. 9. This application is subject to review and action by the Land Use Committee only if called-up by vote of the Council pursuant to Rule 11.20b of the Council and §20-226(g) of the New York City Administrative Code.

The Committee on Land Use to which it was referred on October 27, 1999 (Minutes, page 2550) the annexed Land Use resolution respectfully

REPORTS:

Application pursuant to Section 20-226 of the Administrative Code of the City of New York, concerning the petition of Hippopotamic, LLC, d/b/a Nacho Mama's Burritos, to establish, maintain and operate an unenclosed sidewalk café located at 2893 Broadway.

The intent is to allow an eating or drinking place located on a property which abuts the street to establish, maintain and operate an unenclosed service area on the sidewalk of such street.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1089

Resolution approving the petition for a revocable consent for an unenclosed sidewalk café located at 2893 Broadway (19995477 TCM; L.U. No. 590).

By Council Members Eisland and McCaffrey

Whereas, the Department of Transportation filed with the Council on October 20, 1999 its approval of the petition of Hippopotamic, LLC, d/b/a Nacho Mama's Burritos, for a revocable consent to establish, maintain and operate an unenclosed sidewalk café located at 2893 Broadway, Borough of Manhattan (the "Petition"), pursuant to Section 20-226 of the New York City Administrative Code (the "Administrative Code");

Whereas, the Petition is subject to review by the Council pursuant to Section 20-226(g) of the Administrative Code;

Whereas, upon due notice, the Council held a public hearing on the Petition on November 16, 1999; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Petition;

Resolved:

Pursuant to Section 20-226 of the Administrative Code, the Council approves the Petition.

L.U. No. 592

Report of the Committee on Land Use in favor of approving, as modified, a Uniform Land Use Review Procedure Application No. C980224ZSM, pursuant to § 197-c and § 197-d of the New York City Charter, concerning changes to the zoning map, Borough of Manhattan, Council District No. 5.

The Committee on Land Use to which it was referred on November 10, 1999 (Minutes, page 2607) the annexed modified Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving with modification an application submitted by the Denihan Company pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 9a:

1) changing from an R8B District to an R8 District property bounded by East 77th Street, a westerly boundary line of John Jay Park and its northerly and southerly prolongations, East 76th Street, and a line 100 feet easterly of York Avenue;

2) changing from an M1-4 District to an R8 District property bounded by East 76th Street, a line 350 feet easterly of York Avenue, East 75th Street, and a line 125 feet easterly of York Avenue; and

3) changing from an R10 District to an R8 District property bounded by East 76th Street, a line 125 feet easterly of York Avenue, East 75th Street, and a line 100 feet easterly of York Avenue;

as shown on a diagram (for illustrative purposes only) dated May 3, 1999 and subject to the conditions of CEQR Declaration E-94.

The intent is to facilitate the development of a residential building between East 75th and 76th Streets.

On motion to reconsider the Committee recommends that the Council approve which modifies the decision of the City Planning Commission.

JUNE M. EISLAND, Chairperson; MARY PINKETT, ARCHIE SPIGNER, HERBERT E. BERMAN, SHELDON S. LEFFLER, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, WALTER L. Reports of the Committee on Rules, Privileges and Elections

M-654

Report of the Committee on Rules, Privileges and Elections in favor of concurring in a communication from the Mayor — Submitting the name of David S. Lande to the City Council for its advice and consent for his reappointment as a member of the New York City Civil Service Commission for the remainder of a six year term expiring on March 21, 2005, pursuant to Sections 31 and 813 of the New York City Charter.

The Committee on Rules, Privileges and Elections to which it was referred on October 27, 1999 (Minutes, page 2422) the annexed communication respectfully

REPORTS:

Section 813 of Chapter 35 of the New York City Charter provides for a City Civil Service Commission. The Commission (1) Has the power to hear and determine appeals by any person aggrieved by an action of the Commissioner of Citywide Administrative Services. The Commission may affirm, modify or reverse such action or determination and shall establish rules of procedure to be followed, (2) on its own initiative, or upon request of the Mayor, Council or Commissioner of Citywide Administrative Services, shall have the power and duty to conduct reviews, studies, or analysis of the administration of personnel in the City, including the classification of titles by the Commissioner of Citywide Administrative Services, and (3) shall prepare and transmit directly to the Mayor, departmental estimates as required by the Charter and the Mayor shall include these proposed appropriations for the Commission as a separate agency in the budget.

The Commission shall consist of five members, not more than three of whom shall be members of the same political party. The Members shall be appointed by the Mayor, from a list of nominations provided by a six member screening committee, of whom four members shall be appointed by the Mayor and two by the municipal labor committee. The screening committee shall submit the list of nominees upon the occurrence of any vacancy on the commission or at least three months prior to the expiration of the term of an incumbent member. The members shall be appointed to staggered six year terms and shall be removable in the manner provided for members of a municipal civil service commission in the civil service law. The Mayor shall designate a member as Chair and Vice Chair, respectively, for one year terms. The members shall be reimbursed on a per them basis, the Chair at the rate of $310.28 per them and the members at $282.07 per diem.

At today's hearing, the Mayor has recommended the following nominee for reappointment as a member of the Commission.

Name	*Borough*	*Expiring Date*
DAVID S. LANDE (Republican)	Manhattan	03-21-2005

After interviewing the candidate and finding him qualified Your Committee recommends his nomination.

In connection herewith, Council Member Povman offered the following resolution:

Res. No. 1090

Report of the Committee on State and Federal Legislation

State Leg. Res. No. 165

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senators Seabrook, Sampson, S.2860-A, and Assembly Member Davis, A.5129-A, "AN ACT to authorize James M. James to transfer retirement service credit from the New York state and local employees' retirement system to the New York city employees' retirement system."

The Committee on State and Federal Legislation to which it was referred on September 9, 1999 (Minutes, page 2203) the annexed State Legislation resolution respectfully

REPORTS:

SLR 165 was originally passed by the Committee as SLR 30 on July 21, 1999. The bill was then amended to reflect the change in the fiscal impact to the City.

This legislation would authorize James M. James, a member of the New York City Employees' Retirement System ("NYCERS"), who was employed by the City of New York from 1963 to 1973, and who then took a leave of absence to work for the State of New York from 1973 to 1980, to transfer his state credit to NYCERS. Upon application to the State Comptroller within one year of the passage of this legislation, James M. James would be permitted to receive his credit.

According to Assemblyman Davis' Memorandum in Support, for reasons which are not attributable to Mr. James' own negligence, his credit in the New York State and Local Employees' System was not transferred to NYCERS upon his return to City employment.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY00
Revenues (+)	None	None	None
Expenditures (–)	$28,000	$0	$28,000
Net	($28,000)	$0	($28,000)

Impact on Revenues: There would be no impact on revenues as a result of this legislation.

Impact on Expenditures: The impact on expenditures is the result of the bill requiring the City of New York (New York City Employees Retirement System) to pay the the cost. Had the transfer of service credit taken place at the time of Mr. James's employment with New York City an amount equivalent to the cost would have been transferred from the New York state and local employees' retirement system.

Accordingly, Your Committee recommends its adoption.

JOSE RIVERA Chairperson; MARY PINKETT, VICTOR L. ROBLES, STEPHEN DiBRIENZA, KENNETH K. FISHER, JOHN SABINI, HOWARD L. LASHER, A. GIFFORD MILLER, MADELINE PROVENZANO, AL STABILE, JAMES ODDO—November 23, 1999

Introduction and Reading of Bills

Int. No. 657

By The Speaker (Council Member Vallone) and Council Members Pinkett, Spigner, Robles, Clarke, Cruz, Eisland, Foster, Freed, Harrison, Koslowitz, Lasher, Leffler, Linares, Malave-Dilan, Marshall, Michels, O'Donovan, Quinn, Reed, Rivera, Robinson, Rodriguez, Carrion, Henry, McCaffrey, Miller, Moskowitz, Nelson, Povman, Warden and White

A LOCAL LAW to amend the administrative code of the city of New York, in relation to expressive activities on the steps of City Hall and the areas adjacent to the steps, to be known as the City Hall Access Law.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. The Council hereby recognizes that City Hall is the principal seat of government for the city of New York housing both the legislative and executive branches of government. The steps of City Hall and the areas adjacent have long served as settings for press conferences, public ceremonies, and political or other ideological expressive gatherings among individuals engaged in peaceful protest. Government may impose reasonable restrictions on time, place and manner of protected speech, even of speech in a public forum, provided those restrictions are justified without reference to the content of regulated speech, are narrowly tailored to serve significant governmental interest, and leave open alternative channels for communication of information. The Council, however, finds that in recent years, controversies have developed with respect to the circumstances and conditions under which individuals and various groups have been granted or denied access to the steps of City Hall for the purposes of engaging in such expressive activities and such actions have lead to litigation against the city. The Council further recognizes that the right of access to public buildings and the right to petition the government find their source in the United States Constitution, in particular, the First Amendment's free speech and right to petition clauses, as well as the due process clauses of the Fifth and Fourteenth Amendments and the New York State Constitution. Thus, any denial of access to the steps of our City's seat of government must withstand close scrutiny and be carefully circumscribed. Because the Council recognizes that in providing access to this forum to members of the public, there is a need to balance the compelling concern to preserve safety and security with the fundamental right to freedom of expression, the Council is hereby enacting the City Hall Access Law which will authorize the Department of Citywide Administrative Services (DCAS) to monitor, regulate and manage the use of the steps of City Hall for expressive purposes consistent with constitutional safeguards required by the United States Constitution, the New York State Constitution, and case law interpreting this fundamental freedom.

§ 2. Chapter 2 of Title 4 of the Administrative Code of the City of New York is hereby amended by adding a new section 4-207, to read as follows:

§ 4-207a. For the purposes of this section only, the following terms shall have the following meanings:

(1) "Steps of City Hall" means the steps of City Hall and/or the sidewalk immediately adjacent to the steps of City Hall.

(2) "Ideological Expressive Gatherings" means picketing, speechmaking, holding vigils, sit-ins, or other expressive conduct that conveys a message supporting or opposing a point of view or has the intent, effect or propensity to attract a crowd or onlookers.

(3) "Commissioner" means Commissioner for the Department of Citywide Administrative Services.

(b) Organizations and individuals are permitted to use the steps of City Hall for the purpose of conducting press conferences, public ceremonies, and political or ideological expressive gatherings subject to the following conditions:

(1) Permits Required for Groups of Over Fifty Individuals. Groups of fifty persons or more shall not engage in press conferences, public ceremonies, and political or other ideological expressive gatherings on the steps of City Hall except pursuant to the terms of a valid and unrevoked permit issued by the Commissioner in accordance with this local law. Groups of less than fifty may engage in press conferences, public ceremonies, and political or ideological expressive gatherings in one of the areas designated by the Commissioner pursuant to subdivision (d) of this section without a permit, provided, however, that any individuals that have gathered at the same time for the same purpose will be deemed to be a single group for purposes of calculating the number of participants for purposes of this subdivision.

(2) Conduct of Participants. (a) No individual or group shall be permitted to unreasonably interfere with the demonstration of another group or individual;

(b) No individual or group shall build, construct, set up, place or maintain, or attempt such, on the steps of City Hall, any tent, platform, booth, bench, table, sound system, or other structure unless otherwise authorized by the Commissioner.

(3) Maximum Persons Allowed. No press conference, public ceremony, and political or other ideological expressive gatherings shall be permitted on the steps of City Hall in numbers that exceed 150 persons, unless otherwise authorized by the Commissioner. Within the maximum limit of 150 persons set forth herein, individuals or groups shall be permitted on a first come first serve basis, provided, however, that an approved permit will for a particular date and time give a group priority over any other person or group demonstrating without a permit on such date and at such time.

(4) Duration. The permit for any press conference, public ceremony, and political or ideological expressive gatherings on the steps of City Hall shall not exceed three hours on any particular day, unless otherwise authorized by the Commissioner.

(5) Subject Matter. No individual or group shall be denied the right of access or otherwise be limited in access to the steps of City Hall for the purposes of conducting a press conference, public ceremony, and political or other ideological expressive gatherings on the basis of subject matter or the views expressed at such event. Provided however that this provision shall not authorize any individual or group to behave in any manner that would otherwise be unlawful.

(c) Application for Permit. Any group of 50 or more persons or any individual or group or any individual or group desiring the priority afforded to permit holders pursuant to paragraph 1 of subdivision (b) shall, not less than five business days prior to the proposed activity, file with the Commissioner a verified application for a permit. Such application shall be in a form prescribed by the Commissioner but shall include the time and date sought by the applicant and the number of people participating in the activity.

(1) The Commissioner shall act upon the application for a permit within two business days after filing thereof. The Commissioner shall not disapprove of an application unless such application shall result in the maximum allowable number of participants pursuant to paragraph 4 subdivision (b) being exceeded, or exigent circumstances exist pursuant to paragraph 3 of subdivision (c) herein. In the event the Commissioner denies an application he or she shall notify the applicant within two business days after the date upon which the application was filed, stating in writing the reasons for the denial of the permit.

(2) Alternative Permit. The Commissioner, in denying an application for a permit based upon the maximum number of persons being exceeded or exigent circumstances, must offer the applicant an alternative permit for the next available date or time at which such gathering can be accommodated. An applicant desiring to accept an alternative permit shall, within three business days after notice of the action of the Commissioner, file a written notice of acceptance with the Commissioner. An alternate permit shall conform to the requirements of, and shall have the effect of a permit under this local law.

(3) Exigent Circumstances. The Commissioner shall, after consultation with the Police Commissioner and any other official that the Mayor directs, promulgate rules to cause the suspension of activities on the steps of City Hall for exigent circumstances where necessary to assure the preservation of the public safety. The Commissioner shall notify permit holders whose permits were granted prior to such suspension the choice between an alternate location on the date and time set forth in the permit or for a permit immediately following the cessation of the exigent circumstances.

(d) Demonstration zones. The Commissioner shall designate a minimum of three zones on the steps of City Hall suitable for press conferences, public ceremonies, and political or other ideological expressive gatherings.

(e) Exemptions for Elected Officials. Nothing in this local law shall require any elected official to obtain a permit for press conferences, public ceremonies, and political or ideological expressive gatherings in the lawful discharge of his or her official duties nor shall anything contained in this local law limit such gatherings set forth in this exemption to 150 persons.

§ 4-207b. Other types of access in relation to City Hall Park.

(1) Notwithstanding any provision in § 4-207a, all other types of access in or about City Hall Park, including the plaza and fountain area, shall be open to the public at all times, subject to reasonable restrictions for safety or other exigent circumstances.

§ 3. This local law shall take effect ninety days after its adoption.

Res. No. 1070

Resolution calling upon the State Legislature and Governor to amend the State Tax Law to allow the City of New York to make its local portion of the permanent Sales and Compensating Use Tax Clothing and footwear Exemption effective on December 1, 1999 rather than on March 1, 2000.

By the Speaker (Council Member Vallone) and Council Members Berman, Clarke, Dear, Malave-Dilan, Fisher, Foster, Harrison, Henry, Koslowitz, Lasher, Leffler, Michels, Nelson, O'Donovan, Perkins, Pinkett, Povman, Provenzano, Quinn, Reed, Rivera, Sabini, Warden, Watkins, the Public Advocate (Mr. Green), Abel, Fiala, Golden and Oddo

Whereas, The Governor and State Legislature originally agreed to amend the State Tax Law to exempt clothing and footwear purchases and uses of less than $110 per item from the state-level sales and use tax to be effective December 1, 1999, as well as to allow counties and cities having a local sales tax to do the same as of this date; and

Whereas, Pursuant to this authorization under subdivision (k) of Section 1210 of the State Tax Law, the Council adopted Preconsidered Resolution No. 828, to permanently exempt from the City's 4% sales and use tax such items of clothing and made this resolution effective as of December 1, 1999; and

Whereas, Subsequently, on August 9, 1999, the Governor and State Legislature again amended the State Tax Law to delay the effective date of the permanent exemption of the statelevel sales and use tax, as well as the earliest date that counties and cities could choose to eliminate their local sales and use taxes, until March 1, 2000; and

Whereas, This delay in the permanent sales and use tax exemption was enacted in spite of the fact that the State budget for FY 2000 set aside a surplus of $1.82 billion; and

Whereas, It was, and is, the Council's desire that the sales and use tax exemption be effective during this holiday season so that all New Yorkers can enjoy a "sales tax-free" holiday shopping season as far as certain clothing and footwear items are concerned, and so that local businesses can be spared another holiday season in which customers are lost to neighboring states; and

Whereas, This fax, the earlier elimination of which would result in $51 million in savings to New Yorkers, is a regressive tax which falls most heavily on low and middle income New Yorkers; and

Whereas, Even though the government of the State of New York may desire to maintain its portion of the sales and use tax through yet another holiday season, there is no reason for it to prevent the city of New York — which has prudently budgeted for this tax relief — from eliminating its portion of such tax effective December 1, 1999; and

Whereas, Nothing herein shall be construed as amending, repealing or affecting Resolution No. 828, or altering the Council's intent — expressed in such Resolution as well as by the Council's decision neither to amend nor repeal such Resolution — that the City's local sales and use tax exemption become effective on the earliest date allowed pursuant to the State Tax Law; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the State Legislature and Governor to amend the State Tax Law to allow the City of New York to make its local portion of the permanent Sales and Compensating Use Tax Clothing and Footwear Exemption effective on December 1, 1999 rather than on March 1, 2000.

Adopted.

Res. No. 1071

Resolution authorizing the filing of applications for state assistance payments for municipal park projects, within the City of New York and the signing of associated state contracts under the appropriate laws of New York State.

By Council Members Berman, Nelson and Golden (by request of the Mayor); also Council Member Leffler

Whereas, The State of New York provides financial assistance for municipal park projects; and

Whereas, Article 56 of the New York State Environmental Conservation Law ("ECL") and any rules and regulations promulgated pursuant thereto require a resolution to be adopted by the governing body of a municipality to authorize applications for such state assistance payments; and

Whereas, The City of New York has examined and duly considered the applicable laws of the City and State of New York and deems it to be in the public interest to file one or than one application for such financial assistance payments; and

Whereas, In 1998, the New York State Office of Parks, Recreation and Historic Preservation awarded two municipal park grants in the total amount of four hundred eighty-nine thousand dollars ($489,000) to the Conservancy for Historic Battery Park for the reconstruction of the Battery Park Upper Promenade, Phases I and II; and

Whereas, In or about June, 1999, the Conservancy for Historic Battery Park requested the New York City Department of Parks and Recreation to accept the grants *and* undertake reconstruction of the Battery Park Upper Promenade, Phases I and II; and

Whereas, The New York City Department of Parks and Recreation has prepared an application to the New York State Office of Parks and Recreation and Historic Preservation for the transfer of the state assistance payments to the New York City Department of Parks and Recreation for these projects, which are also identified in the list attached to this Resolution and incorporated herein by this reference as Attachment No 1; and

Whereas, If the New York State Office of Parks, Recreation and Historic Preservation approves the application for the transfer of state assistance payments for these projects, it is necessary that a contract by and between the State of New York and the City of New York be executed in connection with such state assistance. payments for each approved project application; and

Whereas, The New York City Department of Parks and Recreation is the agency charged with the management and physical improvement of all designated parkland owned by the City of New York; *now therefore, be it*

Resolved by the Council of the City of New York. that:

1. The filing of an application for such state assistance payments for the projects specified in Attachment No. 1 in the form required by the State of New York, in conformity with the applicable laws of the State of New York, including all understandings and assurances required by said applications, is hereby authorized;

2. Henry J. Stern, as Commissioner of the New York City Department of Parks and Recreation, or his successor(s), is hereby authorized and direct ed as the official representative of the City of Now York to submit an application for funds to the New York State Office of Parks, Recreation and Historic Preservation in accordance with the provisions of Title 3 of the Clean Water/Clean Air Bond Act of 1996 (Title 3 of ECL Article 56) for the project, in an amount not to exceed the amounts specified therein; to act in connection with such applications for grants of state assistance payments, including the provision of such additional information as may be required; and upon approval of said application by New York State for such project, to enter into and execute a project agreement for state assistance contracts with the State for such financial assistance to the New York City Department of Parks and Recreation for each said approved application;

3. Two certified copies of this Resolution shall be prepared for forwarding to the New York State Department of Parks and Recreation.

Res. No. 1072

Resolution calling upon the Republic of Poland and the Sejm, the Polish Parliament, to pass comprehensive legislation providing for the complete restitution of assets seized by the Nazi and nationalized by the Communist government in Poland.

By Council Members Dear, Lopez, Nelson, Povman, Abel, Golden and Stabile; also Council Members Koslowitz, Leffler, Michels, Pinkett and Rivera

Whereas, During World War Two and the Holocaust the occupation Nazi government in Poland seized property belonging to Jews and other persecuted peoples; and

Whereas, The Communist government in Poland, instated after the War, nationalized this stolen property; and

Whereas, The Communist government in Poland conducted systematic persecution aimed at coercing its remaining Jewish population to flee; and

Whereas, The Communist government in Poland nationalized the private property of these persecuted peoples who were forced to leave their property behind; and

Whereas, More than half a century has passed since these egregious practices and the victims of this nationalization of property have still not been repaid for their losses; and

Whereas, The Polish survivors of the Holocaust, their descendants, and heirs to nonsurvivors are legally entitled to the return of the property stolen from them; and

Whereas, Many of these victims of nationalized property are now United States citizens and some are residents of New York City; and

Whereas, It has been ten years since the fall of the Communist government and the installation of a democratic government in Poland; and

Whereas, The Republic of Poland, a democratic entity, has not yet taken the measures to begin repayment of the Holocaust era nationalization of private property; and

Whereas, In June of 1999, eleven Holocaust survivors filed a class action lawsuit in the United States District Court for the Eastern District of New York seeking to recover private property throughout Poland that was illegally taken from its Jewish owners; and

Whereas, Other governments and institutions that had been involved in similar practices of usurping the property of Holocaust victims have recently arranged for the restitution of these victims; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Republic of Poland and the Sejm, the Polish Parliament, to pass comprehensive legislation providing for the complete restitution of assets seized by the Nazi and nationalized by the Communist government in Poland.

By Council Members DiBrienza, Michels, Berman, Carrion, O'Donovan, Malave-Dilan, Freed, Henry, Linares, Nelson, Quinn, Watkins and Stabile; also Council Members Eisland, Foster and Rivera

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the repair of a leaking tap or service pipe.

Be it enacted by the Council as follows:

Section 1. Section 24-316 of the administrative code of the city of New York is amended by adding a new subdivision d to read as follows:

d. When it is determined that a sidewalk or street that was taken up in order to make a repair pursuant to subdivision b of this section remains in a defective, unsafe, dangerous or has an obstructed condition, the department shall notify the permit holder who took up such sidewalk or street at the address set forth in the application for such permit of such defect or condition. The permit holder shall have seventy-two hours from receipt of such notice to correct any defect or condition recited in such notice except that, in the case of emergencies as determined by the commissioner, such permit holder shall correct such defect or condition within twenty-four hours after receipt of such notice. Any permit issued for the purpose of taking up and restoring a sidewalk or street in order to make a repair pursuant to subdivision b of this section shall remain in effect for no less than 30 days.

§ 2. This local law shall take effect 60 days after it is enacted into law.

Res. No. 1073

Resolution calling upon the State of New York to enact a "Second Chance" rehabilitation program of civic service, education and job training to assist non-violent felony offenders reintegrate successfully into society.

By Council Members Foster, Freed, Lopez, Perkins, Reed and Warden; also Council Members Pinkett, Rivera, Watkins and White

Whereas, According to statistics compiled by the Sentencing Project, the number of inmates in state and federal prisons increased more than five-fold from less than 200,000 in 1970 to 1,159,000 in 1997; and

Whereas, These same statistics show that 5.7 million Americans are incarcerated or on probation or parole, an increase of 209% since 1980; and

Whereas, A significant number of those who are under some type of correctional control (incarceration, probation or parole) have committed a nonviolent felony offense, such as drug possession; and

Whereas, Non-violent felony offenders who have completed their prison sentence or term of probation or parole often find it difficult to reintegrate successfully into society because their records prevent them from securing employment and providing for their families; and

Whereas, Former Mayor Edward Koch, Rev. Al Sharpton of the National Action Network and Professor Charles Ogletree of the Harvard Law School have initiated a proposal called the "Second Chance" program; and

Whereas, Under the "Second Chance" program, eligible non-violent felony offenders would have to remain crime free for a specified period of time, make a substantial contribution to public service and fulfill certain conditions, such as the attainment of a GED, development of job skills and successful completion of alcohol and drug abuse treatment; and

Whereas, After successful completion of the program, such individuals would be eligible to apply to a court to have their criminal record sealed; and

Whereas, The sealing of a criminal record would assist a program graduate in securing employment and thus help the graduate to provide for a family as a productive citizen of society; and

Whereas, A graduate of the "Second Chance" program would be able to regain the right to vote and participate in full citizenship; and

Whereas, The stigma that can result from a conviction record, and the obstacles to successful rehabilitation and reintegration into society that such stigma can cause, will be mitigated while protecting public safety and maintaining community trust; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the State of New York to enact a "Second Chance" rehabilitation program of civic service, education and job training to assist non-violent felony offenders reintegrate successfully into society.

Res. No. 1074

Resolution commending the NAACP for their "Diversity Initiative" for increasing minority involvement in all aspects of television, and further, calling upon the four major television networks to adopt this "Diversity Initiative."

By Council Members Foster, Clarke, Freed, Lopez, Perkins, Reed and Warden; also Council Members McCaffrey, Michels, Pinkett, Quinn, Rivera, Watkins and White

Whereas, The NAACP has adopted a "Diversity Initiative" of 27 goals and timetables, to be adopted by the four major broadcast networks, for increasing minority involvement in all aspects of television; and

Whereas, Among the diversity goals are the end of "ghettoizing black shows" by scheduling them on nights without any accompanying "white" programming; the appointment of at least one new African-American to each network's board of directors by September 1, 2000; establishing a minority hiring program by March 1, 2000 to increase minority hiring, promotion and representation in management and nonmanagement positions; hiring "qualified people of color" as show directors and show developers in the 2000-01 television season; increasing the number of shows on the air directed by African-Americans; requiring the networks by March 1, 2000 to offer annual merit raises and salary bonuses to executives who recruit minority staff; increased patronization of minority-owned advertising and media buying firms by the networks; and purchasing at least 10% of goods and services used by the network from minority-owned businesses; and

Whereas, NAACP President Kweisi Mfume has stated that the "Diversity Initiative" is designed to achieve a rapid and steady progression toward the full inclusion of people of color in all aspects of the TV network business; and

Whereas, The NAACP has set December 20, 1999 as the deadline for the networks to adopt the "Diversity Initiative," and, if not adopted, the NAACP plans to stage an action against at least one of the networks, such as a viewer and advertiser boycott starting January 1, 2000; *now, therefore, be it*

Resolved, That the Council of the City of New York commends the NAACP for introducing their "Diversity Initiative" for increasing minority involvement in all aspects of television, and further, calling upon the four major networks to adopt this "Diversity Initiative."

Res. No. 1075

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing regarding the delay of wage payments to day care workers by the Administration for Children's Services.

By Council Members Lopez, Eldridge, Espada, Carrion, Clarke, DiBrienza, Malave-Dilan, Eisland, Freed, Henry, Perkins, Quinn, Reed and Warden; also Council Members Foster, Harrison, Koslowitz, Lasher, Linares, Michels, O'Donovan, Pinkett, Rivera, Robles, Rodriguez, Watkins, White and the Public Advocate (Mr. Green)

Whereas, The safety and care of children is of utmost importance; and

Whereas, Safe and reliable day care is essential for parents to be able to work and support their children; and

Whereas, Day care workers must be fairly and adequately compensated for the vital work that they do; and

Whereas, Recently, the Administration for Children's Services has delayed the payment of wages to day care workers for up to one month at certain day care centers; *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York conduct an oversight hearing regarding the delay of wage payments to day care workers by the Administration for Children's Services.

Res. No. 1076

Resolution calling upon the City Board of Elections to supply postage stamps to absentee voters along with their ballots.

By Council Members Malave-Dilan, Carrion, Clarke, Espada, Henry, Linares, Lopez, Nelson, Perkins, Quinn, Reed, Rivera, Robles, Warden and Stabile; also Council Members Fisher, Lasher, McCaffrey, Pinkett, Provenzano, Sabini, Spigner and Watkins

Whereas, The right to vote is a fundamental right afforded to citizens of the United states and, accordingly, each and every eligible voter should be encouraged to participate in the election process; and

Whereas, Many voters, including many elderly and infirm voters, are unable to travel to polling sites and, therefore, cast their votes by absentee ballots, which are provided through the mail by the City Board of Elections; and

Whereas, For many years, the City Board of Elections included prepaid postage envelopes along with absentee ballots; and

Whereas, During last year's election for Attorney General, former Attorney General Dennis Vacco challenged the absentee ballots cast for Attorney General Eliot Spitzer, alleging that the absentee ballots may have been cast after the election deadline, since prepaid envelopes are not postmarked by the Postal Service and there is no way of knowing exactly when they were mailed; and

Whereas, This year, as a result of the controversy surrounding last year's Attorney General election, the City Board of Elections did not supply absentee voters with prepaid envelopes; and

Whereas, Many citizens have suggested that the City Board of Elections provide postage stamps along with absentee ballots, thus ensuring postmarks and facilitating the voting process for those voters who are unable to travel to polling sites; *now, therefore, be it*

Resolved, That the New York City Council calls upon the City Board of Elections to supply postage stamps to absentee voters along with their absentee ballots.

Mandatory front building walls

Except as set forth in paragraph (f) of this Section, Wwhere Appendices 2.1 or 3.1 shows a requirement for a #development# in Zone A to be built to a #mandatory front building wall line#, any such #development# shall have a mandatory front building wall coincident with and constructed along such #mandatory front building wall line#, which shall rise without setback for a height above #curb level# not less nor more than the amounts specified in this Section ***as follows,*** except that, at building entrances, openings below the second #story# ceiling in the mandatory front building walls will be permitted to provide access to courtyards:

(a) Except as set forth in paragraph (d) of this Section, with respect to any 60-85 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet.

(b) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#.

(c) On the portion of any #zoning lot# designated as a #special height location# in Appendix 2.2, a height of not less than the otherwise applicable amount set forth in paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (c)(1) of Section 84-135 (Limited height of buildings).

(d) With respect to any #zoning lot# south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above #curb *level#.*

(e) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 110 feet nor more than 135 feet.

(f) With respect to any 150-250 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet; except that the height may not exceed 150 feet for more than 120 feet or 75 percent of the length of a #building's# western property line, whichever is less, and a setback of not less than five feet and not more than ten feet is required at a height of 150 feet. ***Where Appendix 3.1 shows a requirement for a #development# to be built to a #mandatory front building wall line# along frontage on River Terrace, any such #development# may have a mandatory front building wall coincident with and constructed along a line set back one and one-half feet from the #street line# along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority.***

(g) On the portion of any #zoning lot# designated as a #special height location# in Appendix 3.2, a height of not less than the otherwise applicable amount set forth in paragraphs (e) or (f) of this Section and not more than the height shown in Appendices 3.1 and 3.2.

Subject to the provisions of Section 84-133 (Front wall recesses), the mandatory front building wall requirements set forth in this Section shall also apply to all #developments# along all #street lines# within 50 feet of their intersection with any #mandatory front building wall line#. For the next 20 feet along the #street line#, the mandatory front building wall requirements are optional except that, for any #development# north of Vesey Street and Vesey Place, the mandatory front building wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along #street lines# or to #developments# not subject to the mandatory front building wall requirements.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 11, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 11, 2002 (which is two (2) calendar years from the title vesting date).

NEW YORK COUNTY
INDEX NUMBER 402296/00
NOTICE OF PETITION

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

NOTICE OF ACQUISITION
RICHMOND COUNTY
INDEX NUMBER 3019/00

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property and a Sewer Easement where not heretofore acquired for **RICHMOND CREEK STATEN ISLAND BLUEBELT SYSTEM PHASE 2** located in the area generally bounded by Mace Street, Richmond Hill Road, St. George Road, Aultman Avenue, St. Andrews Road, Lighthouse Avenue and Boyle Place, including the portions of the mapped street beds of Mace Street, Spruce Street, Nugent Street, Eleanor Street and Ascot Avenue along Richmond Creek Community District 2, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings for the County of Richmond, duly entered in the office of the Clerk of the County of Richmond on May 23, 2000, the application of the City of New York to acquire certain real property, for the **RICHMOND CREEK STATEN ISLAND BLUEBELT SYSTEM PHASE 2,** was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, showing the property acquired by the City, was filed with said Clerk May 23, 2000. Title to the real property vested in the City of New York on May 23, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2290	29, 31, 37
2283	66

BLOCK	LOT(S)
Part of the street bed of Spruce Street between St. George Road and St. Andrews Road	
Part of the street bed of Mace Street between Richmond Hill Road and Block 2290, Lot 67	
Part of the street bed of Mace Street between Block 2290, Lot 67 and Lighthouse Avenue	
Part of the street bed of Mace Street between Lighthouse Avenue and Block 2281, Lot 171	
Part of the street bed of Spruce Street between Mace Street and St. Andrews Road

A sewer easement running through portions of Lots 6, 14, 67 and 70 in Block 2292 between St. George Road and St. Andrews Road
Part of Ascot Avenue between Nugent Street and St. George Road

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 23, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 23, 2002 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits

agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided

by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

A job order contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects at various wastewater treatment plants and facilities within Regional Group 1 in New York City. The bid documents include a book of construction tasks with preset unit prices and related specifications. The contractors will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices and the appropriate quantities by one of the competitively bid adjustment factors.

Interested bidders must attend two mandatory pre-bid conferences. The first mandatory pre-bid conference will be held June 20, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the specifics of the contract, how the contract will be administered, and the type of projects that will be performed. The second mandatory pre-bid conference will be held June 23, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the book of construction tasks, unit prices, and the calculation of the adjustment factor. Attendance at both pre-bid conferences is mandatory. Failure to attend both pre-bid conferences may result in a determination of non-responsiveness.

Bid documents will be available from the Contract Management Unit, 59-17 Junction Blvd., 17th Floor, Corona, NY 11368 after the first mandatory pre-bid conference. For questions concerning this procurement, contact Carol Fenves at (718) 595-3225.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Federal Aid Project No. Q10-X850-289
N.Y.S.P.I.N. X850.89.121
N.Y.C.P.I.N. 84198BRMB311

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

A Site visit has been arranged for July 6, 2000 at 10:00 A.M. Details regarding the visit are in Contract documents.

A Pre-Bid meeting (Optional) has been scheduled for **June 28, 2000** at 10:00 AM in the Conference Room (8th floor) 2 Rector Street, NYC. All prospective bidders are requested to attend.

AGENCY RULES

TRADE WASTE COMMISSION

NOTICE OF ADOPTION OF RULE AMENDMENT

Notice of Adoption of Rule Amendment Relating to the New York City Trade Waste Commission.

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the New York City Trade Waste Commission (the "Commission") by Section 16-504(i) of Chapter 1, Title 16-A of the New York City Administrative Code and in accordance with the requirements of Section 1043(b)(1) of Chapter 45 of the New York City Charter, that the Commission has adopted an amendment to 17 RCNY § 1-09 regarding general prohibitions to include a prohibition against violating any order or directive of the Commission and to have the rule apply to all applicants, licensees, and registrants.

Material deleted is shown below in brackets and material added is underlined.

Notice of hearing and opportunity to comment was published in The City Record on Friday, April 21, 2000. The required hearing was held on May 22, 2000. The Trade Waste Commission adopted the rule on Friday, June 9, 2000.

Effective Date: Thirty (30) days after the date of publication of this notice in The City Record.

The adopted rule amendment will be codified at 17 RCNY § 1-09.

Adopted Amendment to 17 RCNY § 1-09

In addition to any other prohibition contained in Chapter 1 of Title 16-A of the Code or this chapter, an applicant, a licensee, [class 2] a registrant, a principal of a licensee or [class 2] a registrant, or an employee required to make disclosure pursuant to section 16-510 of the Code as listed in Appendix A of subchapter 3 of this chapter shall not: violate or fail to comply with an applicable provision of this chapter; associate with a person whom such person knows or should know is a member or associate of an organized crime group (a person who has been identified by a federal, state, or local law enforcement agency as a member or associate of an organized crime group shall be presumed to be a member or associate of an organized crime group); refuse to answer an inquiry from the Commission; violate or fail to comply with any order or directive of the Commission; make a false or misleading statement to the Commission; make a false or misleading statement to a customer or prospective customer; threaten or attempt to intimidate a customer or prospective customer; retaliate against a customer or prospective customer that has made a complaint to the Commission or has exercised or attempted to exercise a right under the Code or this chapter; engage in a deceptive trade practice; discourage a customer or prospective customer who has a question or inquiry concerning the customer or prospective customer's rights or obligations concerning trade waste from contacting the Commission; request, participate in, or comply with, a resolution, consideration, hearing, mediation or adjudication by a trade association or any person holding a position in a trade association concerning a dispute between two or more licensees or trade waste removal businesses relating to a customer, route or stop; pay any money to a trade association or any person holding a position in a trade association for any activity relating to a sale, purchase, acquisition, or loss of a customer, route, or stop; falsify any business record; make, file, or submit a false statement or claim to a government agency or employee; violate any law concerning payments to labor unions or labor representatives; give or offer any money or other benefit to an official or employee of a private business with intent to induce that official or employee to engage in an unethical or illegal business practice; give or offer any money or other benefit to any public employee whose duties relate to the trade waste industry with the exception of funds that must be paid in accordance with a statute, rule, agency order, or court order; solicit business from a customer for any person who, or entity that, provides goods or services related to the removal, collection or disposal of trade waste and is not licensed by, or registered with, the Commission; agree with another trade waste business to divide or allocate customers or respect an existing division or allocation of customers by geography, territory or otherwise, except that this provision shall not apply to a covenant not to compete agreed to in connection with the sale of a licensee's business where the Commission has expressly approved such covenant; discuss with, or agree upon, with another private carter the prices to be submitted on a bid for a trade waste contract; fail to timely pay taxes related to a trade waste business; operate a transfer station in violation of any federal, state, or local law or regulation; or attempt to or conspire to engage in any act proscribed by this section.

Statement of Basis and Purpose for Rule Amendment

The City Council enacted Local Law 42 of 1996 and created the New York City Trade Waste Commission to rid the City's commercial carting industry of organized crime corruption, to protect businesses using private carting services, and to enhance competition in the industry. Local Law 42 vests the Commission with the power to make determinations concerning the fitness of persons and firms to participate in the commercial carting industry and to regulate the conduct of the entities and individuals subject to its jurisdiction. See Admin. Code §§ 16-504(a), (d). From time to time, in connection with fulfilling its mandate, the Commission issues orders and directives. In order to ensure compliance with such orders and directives, this amendment will add to the general prohibitions governing those subject to the Commission's jurisdiction a prohibition against violating any order or directive of the Commission.

In addition, in order that all firms and entities subject to the Commission's jurisdiction will be bound by the same basic rules governing their conduct in the carting industry, this amendment will include applicants for licenses and registrations, class 1 registrants (i.e., self-haulers), and principals and key employees among those subject to the general prohibitions. j12-30

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

REQUEST FOR PROPOSALS FOR PRESUBSCRIPTION LONG DISTANCE SERVICE AND LONG DISTANCE OPERATOR SERVICE FOR CERTAIN PUBLIC PAY TELEPHONES LOCATED ON, OVER OR UNDER THE INALIENABLE PROPERTY OF THE CITY OF NEW YORK AND FOR ALL PUBLIC PAY TELEPHONES AND SEMI PUBLIC PAY TELEPHONES LOCATED IN CITY OWNED OR CITY LEASED BUILDINGS

The City of New York ("the City") has granted to one hundred-three companies the right to receive franchises (the "Franchises") authorizing the provision of public pay telephone service from public pay telephones ("PPTs") located on, over or under the inalienable property of the City of New York, of which seventy-two (72) have been awarded to date. The New York City Department of Information Technology and Telecommunications ("DoITT") is responsible for the administration of such Franchises. The City has also authorized the provision of public pay telephone service from PPTs and semi-public pay telephones ("SPPTs") located in certain City-owned or City-leased buildings. This Request For Proposals ("RFP") addresses the selection by DoITT, on behalf of the City as location provider, of presubscription interLATA services for certain PPTs permitted under the Franchises and certain PPTs and SPPTs located in buildings owned or partly or wholly leased by the City. The selected provider will be required to pay the City (and in some cases the holder of a Franchise ("Franchisee") who owns a particular PPT ("Franchisee/Owner") a commission in return for the designation pursuant to this RFP as provider of presubscription services from applicable PPTs and SPPTs. Questions to the City regarding the substance of this RFP *must be in written form* and must be directed to the authorized DoITT contact person designated on the RFP cover sheet. Questions will be accepted up to the close of business on July 5, 2000. Responses to questions will be sent out as addenda to all prospective proposers who received or requested this RFP from DoITT or attended the pre-proposal conference referred to in Section 4.5 of this RFP.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(9-a) of the Public Authorities Law, that after public hearings were held on May 1, 2, 3 and 4, 2000, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on May 12, 2000, adopted a resolution approving increases in water rates to users of the Water Supply System within the City of New York for the fiscal year commencing July 1, 2000, from those rates currently in effect, and approving certain customer service and billing policy changes, as follows:

Effective July 1, 2000, water rates for all in-City customers, metered and unmetered, will increase by 1.0 % over the rates in effect during Fiscal Year 2000. The wastewater rate will remain at 159% of the applicable water charge.

The following changes to the billing policy provisions and procedures of the Rate Schedule were approved:

I. Multiple Family Conservation Proposal

This proposal to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings will replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001.

II. Charges for Steam Condensate Discharges to Sewer System

The Board approved explicit charges for Steam Condensate discharges into the wastewater system contingent upon Consolidated Edison of New York executing a Memorandum of Understanding ("MOU") with the City. The MOU was executed in May 2000 and steam condensate charges will go into effect, as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

III. Other Billing Policy Changes

Certain billing and customer service policies have been changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the

Certificate of Occupancy. An equivalent will be accepted in instances where no Certificate of Occupancy exists.

(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Charge; eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.

(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.

(4) Flat Rate Account Reconciliation Fee - new miscellaneous fee of $25 to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system to ensure that the account will not be backbilled prior to their ownership.

(5) Refunds - credit balances will be applied against other accounts of the same owner prior to a refund being issued.

(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter are required to file an engineer's report; accounts with delinquent charges will, upon notice, have Wastewater Allowances revoked.

(7) Meter Surcharge - annual surcharge to be imposed when a customer fails to install a meter.

(8) Permanent Boiler - defines instances where this existing frontage charge may be applied.

(9) Backbilling Limitation - definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

INVOCATION

We thank you, Lord our God, for the blessings that You have bestowed upon our nation and our city —

blessings of freedom and liberty,

blessings of abundance and peace,

blessings of life and joy.

Grant, Lord, that we may receive wisdom from above, courage and strength, to be worthy of the gift of liberty and religious freedom which You have given.

Grant that we may honor You as a community, as a nation, and as true children of God.

Amen.

Council Member Ognibene moved that the invocation be spread in full upon the Minutes and adopted.

Communication from the Taxi and Limousine Commission — Submitting its approval of a renewal application for a base station license for Mirage Limousine Service, Inc., pursuant to Section 19-511.1, of the administrative code of the city of New York.

December 1, 1999

Hon. Peter F. Vallone
Speaker and Majority Leader
City Council
City Hall, NY 10007

Dear Speaker Vallone:

Pursuant to Administrative Code Section 19-511(i), the Taxi and Limousine Commission must submit its approval of an application for a base station license to the City Council. Within ninety days of the first stated council meeting following receipt of such determination, the Council may approve or disapprove such determination by local law, after having adopted a resolution to review that determination. In the event the Council fails to act by local law within the ninety-day period provided for in Section 19-511.1, the determination by TLC shall remain in effect.

Enclosed is the TLC approval of the following base station renewal application:

Mirage Limousine Service, Inc.

If you or your staff have any questions with regard to the application, please feel free to contact myself or Matt Campese of my staff at 788-2902.

Sincerely,

Scott Cantone

Referred to the Committee on Transportation.

REPORTS OF STANDING COMMITTEES

Reports of the Committee on Finance

Res. No. 1071

Report of the Committee on Finance in favor of approving a resolution authorizing the filing of applications for state assistance payments for municipal park projects, within the City of New York and the signing of associated state contracts under the appropriate laws of New York State.

The Committee on Finance to which it was referred on November 23, 1999 (Minutes, page 2679) the annexed resolution respectfully

REPORTS:

Title 3 of the Clean Water/Clean Air Bond Act of 1996 contained in Article 56 of the ECL ("Article 56"), provides for money from the proceeds received by the state from the sale of bonds pursuant to that act to be made available for clean water projects which can include municipal park projects. (ECL § 56-001). These projects can be undertaken directly by municipalities or by not-for-profit corporations acting on behalf of a municipality.

This Resolution authorizes the Commissioner of the City's Department of Parks and Recreation ("Parks Department") to apply for a transfer of an award of such state assistance payments from the Conservancy for Historic Battery Park (or the "Conservancy") — the organization originally awarded the grant of State assistance payments for the Battery Park Upper Promenade project — to the City of New York, and, if the application is approved, to enter into a project agreement for completion of the project. According to the Parks Department, although the Conservancy applied, and was awarded money, for this project, it never entered into a contract with, or received the grant money from, the State Office of Parks, Recreation and Historic Preservation. The Conservancy and the City now desire that the City complete the project and are seeking to have the award of the State assistance payments go to the Parks Department.

The following is a general description of the project, Battery Park Upper Promenade— Phases I and II, for which the City is seeking the award of state assistance payments originally granted to the Conservancy for Historic Battery Park. According to the City Parks Department, the project involves work on the upper promenade of Battery Park to improve the walkways along the riverside of the park. According to the Parks Department, $4,186,000 was appropriated in the budget for the completion of this project. With the $489,000 in State grants awarded to the Conservancy, the Parks Department expects the total cost of the Project to be $4,675,000. The Parks Department expects work on the project to begin in late winter or early spring and take over a year to complete. However, there is a planned two week break for the July 4th holiday, at which point the Parks Department expects the project area to be in a condition suitable to allow for celebrations on the site.

Article 56 defines a municipal park project as one undertaken by a municipality, state agency, public benefit corporation, public authority, or not for profit corporation for the acquisition, development or improvement of parks, preserves, beaches, shorefronts, recreational sites and facilities including construction of structures, roads and parking facilities." (ECL § 56-0101).

According to Article 56, all such municipal park projects, must be undertaken in New York State (§ 56-0309) Total state assistance payments for municipal park projects under Article 56 cannot exceed fifty percent of the project cost. For the purpose of determining the amount of the state assistance payments, "the cost of the project shall not be more than the amount set forth in the application for state assistance payments approved by the commissioner" (§ 56-0309)

Article 56 provides that the Commissioner of the State office of Parks, Recreation and Historic Preservation (or "State Commissioner") and a not-for-profit corporation may enter into a contract for the undertaking of a park project. It provides that such projects be contingent upon the approval of the governing body of the municipality on whose behalf the not-for-profit is undertaking the project. In addition, Article 56 also provides

that the State Commissioner and a municipality may enter into a contract for the undertaking of a municipal park project. Such projects shall be recommended to the State Commissioner by the governing body of the municipality and, when approved by the State Commissioner, may be undertaken by the municipality. In the case of a city or village, "governing body" is defined as "the local legislative body thereof. . . ."

According to Section 56-0309, the State Commissioner shall impose contractual conditions on a municipality receiving state assistance payments "to ensure that a public benefit shall accrue from the use of public funds by such municipality. . . ." Some of the conditions imposed by the State Commissioner may include, the limitation on the right of the municipality to demolish or convey certain property, public access or use of certain property, granting of facade easements to New York State, or a requirement that all plans for restoration or demolition be subject to approval by the State Commissioner.

According to the resolution, the Conservancy for Historic Battery Park, which had received two award grants totaling $489,000 for state assistance payments for the reconstruction of the Battery Park Upper Promenade, has requested that the Parks Department accept its grants and complete the project. As stated, according to the Parks Department the Conservancy has not yet entered into a contract with the State Office of Parks, Recreation and Historic Preservation, nor has it received the money.

This resolution, if adopted by the City Council, would authorize the filing of applications with the Commissioner of the New York State Office of Parks, Recreation and Historic Preservation, for the transfer of the awards for state assistance payments for the Battery Park Upper Promenade project from the Conservancy to the Parks Department. Because a contract between the State of New York and the City would be required if the grants are awarded to the Parks Department, the resolution would also authorize the execution of any contracts required under Article 56 of the ECL in connection with the state assistance payments. The resolution would direct and authorize Henry J. Stern, Commissioner of the New York City Department of Parks and Recreation, to be the official representative of New York City in any matters dealing with the application, including providing any additional information to the State Commissioner and executing the resulting contract.

Accordingly, Your Committee recommends its adoption.

L.U. No. 602

Report of the Committee on Finance in favor of approving an Application No. 20005104 HAX, an Urban Development Action Area Project, located at 1650 Topping Avenue, Council District No. 14, Borough of The Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to Section 577 of the Private Housing Finance Law for a partial tax exemption.

The Committee on Finance to which it was referred on November 23, 1999 (Minutes, page 2690) the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 577 of the Private Housing Finance Law, the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for very low income persons. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these city-owned properties as Urban Development Action Area Projects.

The purpose of the NRP program is to convey occupied City-owned buildings throughout the City to selected not-for-profit organizations for rehabilitation and operation as rental housing. Sponsors will be selected from among the qualified not-for-profit organizations that apply to HPD through its Request for Qualifications. Following sale, the properties will undergo moderate rehabilitation with hard costs estimated to average $35,000 per DU. *Resale Provisions:* Conversion to cooperative ownership will be permitted after 20 years; if tax credits are used, conversion will be permitted after the tax credit term. In either case, conversion must be made under a non-eviction plan.

Pursuant to Section 577 of the Private Housing Finance Law, a partial exemption from real property taxes is granted for thirty two years. Full taxes will be paid upon completion of the 32 year term.

Section 577 Exemption for Westbeth Corporation HDFC, Inc.

Pursuant to Section 577 of the Private Housing Finance Law ("PHFL"), on May 22, 1968 the Board of Estimate approved a partial real estate tax exemption which was continued on August 18, 1977 and again on December 17, 1981 (the "Exemption"). The Exemption expired on June 30, 1999. Under the terms of the Exemption, Westbeth paid annual taxes not to exceed $103,000. Additionally, under the terms of the Exemption, households whose income exceeded the maximum for a particular unit, as determined by the HUD Section 221(d)(3) mortgage, paid a surcharge over the base rent of up to 25%. All surcharges collected by Westbeth are remitted to the City.

In order to keep Westbeth affordable to low and moderate income artists in accordance with the HUD 221(d)(3) mortgage, HUD is requesting the City Council approve, for the maximum term allowable by law, a new exemption pursuant to Section 577 of the PHFL, wherein Westbeth will pay an amount equal to ten per cent (10%) of the annual shelter rent (rental income minus utilities) as defined by Section 33(1)(a) of the PHFL as taxes. In addition, HPD is proposing that the surcharge be increased to a maximum of 50% of the base rent. This increase in taxes and in the surcharge are consistent with such charges at Mitchell-Lama and other similar developments.

This exemption shall commence on July 1, 1999 and shall terminate on June 30, 2009.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1096

Resolution approving an Urban Development Action Area Project located at 1650 Topping Avenue (Block 2790/Lot 7), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 602; 20005104 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 1650 Topping Avenue (Block 2790/Lot 7), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on December 1, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemption as follows:

Exemption from real property taxes, other than assessments for local improvements, of all of the value of the property included in the housing project (excluding those portions, if any, devoted to business or commercial use), commencing upon the date of conveyance of the Disposition Area to Sponsor ("Effective Date") and terminating upon a date which is thirty two (32) years from the Effective Date ("Expiration Date"); provided, however, that such tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company, that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or that Sponsor is not operating the housing project in accordance with the requirements of any agreements between the Sponsor and the City of New York.

HERBERT E. BERMAN, Chairperson; ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, ANGEL RODRIGUEZ, AL STABILE—December 7, 1999

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 614

Report of the Committee on Finance in favor of approving Westbeth Corporation HDFC, Inc., Section 577 of the Private Housing Finance Law, 463 West Street, Borough of Manhattan, Block 639, Lots 1 & 6, Community District 2, City Council District 3.

The Committee on Finance to which it was referred on December 7, 1999, the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 602 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1097

Resolution approving a partial exemption from real property taxes for a property located at 463 West Street (Block 639, Lots 1 & 6), Manhattan pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 614).

By Council Member Berman

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 4, 1999 that the Council take the following actions regarding a housing project to be located at 463 West Street (Block 639, Lots 1 & 6), Borough of Manhattan (the "Exemption Area");

Approve an exemption from real property taxes and an increase in the surcharge pursuant to Section 577 of the Private Housing Finance Law (the "Tax Exemption").

Whereas, the project description that HPD provided to the Council states that the owner of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on December 7, 1999;

Whereas, the Council has considered the financial implications relating to the Project;

Whereas, Westbeth Corporation ("Housing Company") is a corporation formed under Article XI of the Private Housing Finance Law;

Whereas, the Board of Estimate previously approved tax exemption for the Housing Company: May 22, 1968 (Cal. No. 203), January 26, 1973 (Cal. No. 160), August 18, 1977 (Cal. No. 323), December 17, 1981 (Cal. No. 261), May 22, 1990 (Cal. No. 201); and

Whereas, the tax exemption pursuant to the last resolution of the Board of Estimate expired on June 30, 1999;

Now, therefore, be it resolved by the Council that:

The applicant of Westbeth Corporation to exempt, pursuant to Section 577 of the Private Housing Finance Law ("PHFL"), the real property of the Housing Company from real property taxes, other than assessments for local improvements, to the extent of all the value of the property which equals the amount required to yield taxes equal to ten per cent (10%) of the annual shelter rent (as defined in Section 33(1)(a) of the PHFL) or carrying charges payable by both residential and non-residential tenants.

Provided further, that the grant of tax exemption under this resolution is conditioned upon the following:

(a) the dwelling units in the project shall be available for persons of low and moderate income whose annual income does not exceed the maximum annual income limit established by the U.S. Department of Housing and Urban Development ("HUD") for its 221(d)(3) below market interest rate projects as modified from time to time by HUD.

In the event that the income of a person or family in occupancy shall exceed seven times the adjusted market rent for a family of three persons or less or eight times the adjusted market rent for a family of four or more persons, such person or family shall be subject to a surcharge in the amount hereinafter provided in each month of such excess income during the period of tax exemption provided by this resolution. The surcharges shall be in additions to any surcharges required by HUD, shall be billed and collected by the housing company, deposited in a special account and paid to the City of New York annually.

(b) In the event that the aggregate annual income of all occupants of a dwelling unit shall exceed the maximum above set forth, the tenant shall be required to pay a surcharge based upon the following schedule:

SCHEDULES OF SURCHARGES

Percent of Income	Surcharge of Basic Rent
Up to 100 percent of maximum income limit	None
From 100 percent and up to 105 percent of Maximum income limit	None
From 105 percent and up to 110 percent of Maximum income limit	5
From 110 percent and up to 115 percent of Maximum income limit	10
From 115 percent and up to 120 percent of Maximum income limit	15
From 120 percent and up to 125 percent of Maximum income limit	20
From 125 percent and up to 130 percent of Maximum income limit	25
From 130 percent and up to 135 percent of Maximum income limit	30
From 135 percent and up to 140 percent of Maximum income limit	35
From 140 percent and up to 145 percent of Maximum income limit	40
From 145 percent and up to 150 percent of Maximum income limit	45
From 150 percent and over	50

(c) (1) Surcharges shall be payable monthly on a current basis by tenants in occupancy based upon income realized during the prior calendar year and shall be reported on income affidavits to be furnished by tenants.

(2) On February 15th of each year during occupancy, or at such other date as determined by HPD, the housing company shall distribute to each tenant an affidavit to be executed by all occupants residing in the apartment as to the income realized by each of such occupants during the preceding calendar year. The information requested shall be set forth in a form of affidavit prescribed by HPD.

(3) If a tenant fails or refuses to furnish the required income affidavit, he or she shall pay the maximum surcharge.

(d) The exemption is further conditioned on payment to the City of surcharge arrears.

(e) The exemption provided pursuant to this resolution shall commence on July 1, 1999 and shall terminate on June 30, 2009.

(f) The surcharge provided by earlier resolutions shall remain in place until such time as the surcharge herein shall commence which shall be on the first day of the second month after the approval of this resolution and shall be in effect so long as a tax exemption is in place.

HERBERT E. BERMAN, Chairperson; ARCHIE SPIGNER, WENDELL FOSTER, SHELDON S. LEFFLER, STANLEY E. MICHELS, JUNE EISLAND, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, VICTOR L. ROBLES, WALTER L. McCAFFREY, A. GIFFORD MILLER, ANGEL RODRIGUEZ, AL STABILE—December 7, 1999

Reports of the Committee on Land Use

L.U. No. 531

Report of the Committee on Land Use in favor of approving a Landmarks Preservation Commission Designation No. DL-309, LP-1966, pursuant to Section 3020 of the New York City Charter, concerning the designation of the Bennet-Farrell-Feldmann House, located at 119 95th Street, Borough of Brooklyn, Council District No. 43, as a landmark. (Non-ULURP No. 20005030 HKK).

The Committee on Land Use to which it was referred on September 9, 1999 (Minutes, page 2210) the annexed Land Use resolution respectfully

REPORTS:

Designation by the Landmarks Preservation Commission (DL-309, LP-1966), pursuant to Section 3020 of the New York City Charter, of the Bennet-Farrell-Feldmann House, located at 119 95th Street (Block 6115, Lot 52), as a landmark.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1099

Resolution affirming the designation by the Landmarks Preservation Commission of the Bennet-Farrell-Feldmann House, located at 119 95th Street, Brooklyn, Designation List No. 309, LP-1966 (L.U. No. 531; 20005030 HKK; N 000083 HKK).

By Council Members Eisland and Sabini

Whereas, the Landmarks Preservation Commission filed with the Council on August 13, 1999 a copy of its designation dated August 3, 1999 (the "Designation"), of the Bennet-Farrell-Feldmann House, located at 119 95th Street, Borough of Brooklyn, as a landmark and Block 6115, Lot 52 in part, as its landmark site pursuant to Section 3020 of the New York City Charter;

Whereas, the Designation is subject to review by the Council pursuant to Section 3020 of the City Charter;

Whereas, the City Planning Commission submitted to the Council on October 8, 1999, its report on the Designation dated October 6, 1999 (the "Report");

Whereas, upon due notice, the Council held a public hearing on the Designation on December 1, 1999; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Designation;

Resolved:

Pursuant to Section 3020 of the City Charter, and on the basis of the information and materials contained in the Designation and the Report, the Council affirms the Designation.

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on November 8, 1999, recessed to December 1, 1999, recessed to December 3, 1999, December 6, 1999 on the Decision and Application;

Whereas, the Council has considered the relevant environmental issues and the Notice of Completion of the Final Environmental Impact Statement ("FEIS") issued on October 7, 1999 (CEQR No. 99DMO001R); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impart statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The intent is to amend Zoning Map, Section No. 21c.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1104

Resolution approving the decision of the City Planning Commission on ULURP No. C 000017 ZMR, a Zoning Map Change (L.U. No. 536).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on October 20, 1999 its decision dated October 20, 1999 (the "Decision"), on the application submitted by the Economic Development Corporation, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 000017 ZMR) (the "Application");

Whereas, the Application is related to ULURP Applications C 000012 ZSR (L.U. 532), a special permit pursuant to Section 74-41; C 000013 ZSR (L.U. 533), a special permit pursuant to Section 74-512; C 000014 ZSR (L.U. No. 534), a special permit pursuant to Section 74-681; C 000016 ZSR (L.U. No. 535), a modified application for special permits pursuant to Sections 62-722 and 62-736; C 000019 PPR (L.U. No. 538), a disposition of property; and C 000018 PCR (L.U. No. 575), a site selection and acquisition of property;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on November 8, 1999; recessed to December 1, 1999; recessed to December 3, 1999; recessed to December 6, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS"), for which a Notice of Completion was issued on October 7, 1999 (CEQR No. 99DMO001R); and

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impact statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 21c,

a) eliminating from an existing R6 District a C2-1 District bounded by Richmond Terrace, Hamilton Avenue, and Stuyvesant Place;

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impact statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Section 197-d of the City Charter and on the basis of the Application and the Decision, the Council approves the Decision.

Resolution approving the decision of the City Planning Commission on ULURP No. C 980467 PCX (L.U. No. 543), site selection and acquisition of property and reacquisition of properties to facilitate the construction of a courthouse.

By Council Members Eisland and Sabini

Whereas, the City Planning Commission filed with the Council on October 25, 1999 its decision dated October 20, 1999 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Mayor's Office of the Criminal Justice Coordinator and the Department of Citywide Administrative Services, for an acquisition of property generally bounded by Grant and Morris Avenues and East 161st Street and East 162md Street (Block 2444, Lots 32, 40, 43, 44, 46, 146, 49, 50, 51, 52, 53 and 54); site selection of property generally located between East 161st Street and East 163rd Street and Sherman and Morris Avenues (Block 2444, Lots 1, 32, 40, 43, 44, 46, 146, 47, 49, 50, 51, 52, 53, and 54; and Block 2445, Lot 1), including the beds of East 162nd Street between Sherman and Grant Avenues, and Grant Avenue between East 161st and East 162nd Streets, and subsequent disposition to the Dormitory Authority of the State of New York; and reacquisition of those properties from the Dormitory Authority of the State of New York and disposition of space not needed for court purposes; Borough of The Bronx (the "Site"), for use as a courthouse (ULURP No. C 980467 PCX) (the "Application");

Whereas, the Application is related to ULURP Application numbers C 980469 ZMX (L.U. No. 539), an amendment to the Zoning Map; C 980470 MMX (L.U. No. 540), a City Map change; C 980472 ZSX (L.U. No. 541), a special permit pursuant to Section 74-53; C 980473 ZSX (L.U. No. 542), a special permit pursuant to Section 74-83; C 980467 PPX (L.U. No. 544), a disposition of property;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on December 1, 1999;

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS"), for which a Notice of Completion was issued on October 6, 1999 (CEQR No. 95DGS003X); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impact statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Section 197-d of the City Charter and on the basis of the Application and Decision, the Council approves the Decision.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 544

Report of the Committee on Land Use in favor of approving a Uniform Land Use Review Procedure Application No. C 980468 PPX pursuant to Sections 197-c and 197-d of the New York City Charter concerning the disposition for the Bronx Criminal Court Facility located at Sherman Avenue and Morris Avenue and East 161st Street and 162nd Street, Borough of The Bronx, in Council District No. 16. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to Section 197-d(b)(2) of the Charter or called up by vote of the Council pursuant to Section 197-d(b)(3) of the Charter.

The Committee on Land Use to which it was referred on September 9, 1999 (Minutes, page 2215) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Mayor's Office of the Criminal Justice Coordinator and the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for

1. Acquisition of property generally bounded by Grant and Morris Avenues and East 161st and East 162nd Streets (Block 2444, Lots 32, 40, 43, 44, 46, 146, 49, 50, 51, 52, 53 and 54);
2. Site selection of property generally located between East 161st and East 163rd Street, and Sherman and Morris Avenues, (Block 2444, Lots 1, 32, 40, 43, 44, 46, 146, 47, 49, 50, 51, 52, 53, 54, and Block 2445, Lot 1) including the beds of East 162nd Street between Sherman and Grant Avenues, and Grant Avenue between East 161st and East 162nd Streets, and subsequent disposition to the Dormitory Authority of the State of New York;
3. Reacquisition of those properties from the Dormitory Authority of the State of New York and disposition of space not needed for court purposes;

to facilitate the construction of a courthouse.

The intent is to facilitate the construction of a courthouse.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1110

Resolution approving the decision of the City Planning Commission on ULURP No. C 980468 PPX, for the disposition of city-owned property to facilitate the construction of a courthouse (L.U. No. 544).

By Council Members Eisland and Sabini

Whereas, the City Planning Commission filed with the Council on October 25, 1999 its decision dated October 20, 1999 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Mayor's Office of Criminal Justice Coordinator and the Department of Citywide Administrative Services, for the disposition to the Dormitory Authority of the State of New York of cityowned property, generally bounded by Grant and Morris Avenues and East 161st Street and East 162nd Street (Block 2444, Lots 32, 40, 43, 44, 46, 146, 49, 50, 51, 52, 53 and 54); site selection of property generally located between East 161st Street and East 163rd Street and Sherman and Morris Avenues (Block 2444, Lots 1, 32, 40, 43, 44, 46, 146, 47, 49, 50, 51, 52, 53, and 54; and Block 2445, Lot 1), including the beds of East 162nd Street between Sherman and Grant Avenues, and Grant Avenue between East 161st and East 162nd Streets, and subsequent disposition to the Dormitory Authority of the State of New York; and reacquisition of those properties from the Dormitory Authority of the State of New York and disposition of space not needed for court purposes;, Borough of The Bronx (ULURP No. C 980468 PPX) (the "Application");

Whereas, the Application is related to ULURP Application numbers C 980469 ZMX (L.U. No. 539), an amendment to the Zoning Map; C 980470 MMX (L.U. No. 540), a City Map change; C 980472 ZSX (L.U. No. 541), a special permit pursuant to Section 74-53; C 980473 ZSX (L.U. No. 542), a special permit pursuant to Section 74-83; and C 980467 PCX (L.U. No. 543), an acquisition and site selection;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on December 1, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS"), for which a Notice of Completion was issued on October 6, 1999 (CEQR No. 95DGS003X);

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impact statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Section 197-d of the City Charter and on the basis of the Application and the Decision, the Council approves the Decision.

L.U. No. 575

Report of the Committee on Land Use in favor of approving a Uniform Land Use Review Procedure Application No. 2000018 PCR pursuant to Sections 197-c and 197-d of the New York City Charter, concerning the site selection and acquisition of real property located north of Richmond Terrace and west of the St. George Ferry Terminal, Borough of Staten Island, Council District no. 49, to facilitate the construction of a stadium. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to Section 197-d(b)(2) of the Charter or called-up by vote of the Council pursuant to Section 197-d(b)(3) of the Charter.

The Committee on Land Use to which it was referred on September 29, 1999 (Minutes, page 2316) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Business Services and the Department of Citywide Administrative Services pursuant to Section 197-c of the New York City Charter for site selection and acquisition of property located north of Richmond Terrace, west of the St. George Ferry Terminal (Block 2, Lot 20), to facilitate the construction of a stadium.

The intent is to facilitate the construction of a stadium and public parking lot in the St. George section of Staten Island.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1111

Resolution approving the decision of the City Planning Commission on ULURP No. C 000018 PCR (L.U. No. 575), a site selection and acquisition of property located north of Richmond Terrace, west of the St. George Ferry Terminal (Block 2, Lot 20), Staten Island, to facilitate the construction of a stadium.

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on October 20, 1999 its decision dated October 20, 1999 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Department of Citywide Administrative Services and the Department of Business Services, for site selection and acquisition of property located north of Richmond Terrace, west of St. George Ferry Terminal (Block 2, Lot 20), Borough of Staten Island (the "Site"), for use as a stadium (ULURP No. C 000018 PCR) (the "Application");

Whereas, the Application is related to ULURP Applications C 000012 ZSR (L.U. 532), a special permit pursuant to Section 74-41; C 000013 ZSR (L.U. 533), a special permit pursuant to Section 74-512; C 000014 ZSR (L.U. No. 534), a special permit pursuant to Section 74-681; C 000016(A) ZSR (L.U. No. 535), special permits pursuant to Sections 62-722 and 62-736; C 000017 ZMR (L.U. No. 536), an amendment to the Zoning Map; and C 000019 PPR (L.U. No. 538), a disposition of property;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on November 8, 1999; recessed to December 1, 1999; recessed to December 3, 1999; recessed to December 6, 1999;

L.U. No. 598

Report of the Committee on Land Use in favor of approving a Zoning Resolution Amendment Application No. N 990687 ZRR, pursuant to § 197-d and § 200 of the New York City Charter, concerning changes in the text of the zoning resolution, Borough of Staten Island, Council District No. 33, relating: to modify certain provisions of the Special Hillsides Preservation District.

The Committee on Land Use to which it was referred on November 23, 1999 (Minutes, page 2689) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendments of the Zoning Resolution of the City of New York, relating to Article XI, Chapter 9, (Special Hillsides Preservation District), to modify the provisions concerning preservation of steep slopes and vegetation on Tier I and Tier II sites.

The intent is to modify the provisions concerning preservation of steep slopes and vegetation on Tier I and Tier II sites in Staten Island.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1112

Resolution approving the decision of the City Planning Commission on Application No. N 990687 ZRR, amendments to the text of the Zoning Resolution relating to Article XI, Chapter 9 (Special Hillsides Preservation District) to modify the provisions concerning preservation of steep slopes and vegetation on Tier I and Tier II sites (L.U. No. 598).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on November 12, 1999 its decision dated November 10, 1999 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendments to the text of the Zoning Resolution (Application No. N 990687 ZRR) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, Council held a public hearing on the Decision and Application on December 1, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on June 28, 1999 (CEQR No. 99DCP052R);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Matter in *italics* is new, to be added;
Matter in ~~strikeout~~ is old, to be deleted;

Matter within # # is defined in Section 12-10;
* * * indicates where unchanged text appears in the Zoning Resolution

Chapter 9
Special Hillsides Preservation District

119-00
General Purposes

The "Special Hillsides Preservation District" (hereinafter also referred to as the "Special District") established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following special purposes:

(a) to reduce hillside erosion, landslides~~,~~ and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;

(b) to preserve hillsides having unique aesthetic value to the public;

(c) to guide development in areas of outstanding natural beauty in order to protect, maintain~~,~~ and enhance the natural features of such areas; and

(d) to promote the most desirable use of land and to guide future development in accordance with a comprehensive development plan, ~~and~~ to protect the neighborhood character of the district.

119-01
Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunnelling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces. "Areas of no disturbance" shall include #steep slopes#, #steep slope buffer#, and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding ~~those portions having slopes of 35 percent or greater~~ #steep slopes# and shall be determined according to the following equation:

$$S = \frac{IL}{A} \times 100$$

Where:

S – average percent of slope

I – contour interval in feet

L – combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of ~~35~~ 25 percent or greater and meeting the definition of #steep slope#

A – gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of ~~35~~ 25 percent or greater and meeting the definition of #steep slope#

100 – factor which yields slope as a percentage

CALCULATING AREAS HAVING
A SLOPE EQUAL TO OR GREATER THAN ~~35~~ 25 PERCENT
AN ILLUSTRATIVE EXAMPLE

(illustration)

$$X = \frac{\text{contour interval in feet}}{\cancel{0.35}\ 0.25} = \frac{2}{\cancel{0.35}\ 0.25} = \cancel{5.7}\ 8.0 \text{ feet}$$

Where:

X – distance between contour lines which indicates a slope of ~~35~~ 25 percent

In order to calculate the area having a slope equal to or greater than ~~35~~ 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, such as the map pictured above. A ~~35~~ 25 percent slope, on a map with two foot contour intervals, is indicated by contour lines which are ~~5.7~~ 8.0 feet apart, rounded to the nearest ~~1/10~~ tenth (0.10) of a foot. On a map whose scale is one inch to 20 feet, ~~5.7~~ 8.0 feet is represented by ~~.3~~ 0.4 of an inch, rounded to the nearest ~~1/10~~ tenth (0.10) of an inch. Identify where the contour lines are ~~.3~~ 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map above) and calculate the area.

Buildable area

A "buildable area" is a portion of a #zoning lot# ~~having a slope of less than 35 percent~~ excluding #steep slopes#.

Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet 6 inches from the ground. If a tree splits into multiple trunks below 4 feet 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the "critical root zone" is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is defined as ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

~~Large tree~~

~~A "large tree" is a tree which at maturity is 30 feet or more in height and has a single trunk unbranched for at least 7 feet above the ground.~~

Private road

A "private road" is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #accessory# parking space located within a #development# containing five or more #dwelling units#. Such #development# shall contain #residential buildings# or building segments developed after (the effective date of this amendment) that are located wholly beyond 50 feet of a #streetline# or #street setback line#. An individual driveway serving no more than four parking spaces shall not be considered a #private road#.

~~Small tree~~

~~A "small tree" is a tree which at maturity is between 20 feet and 30 feet in height and has a single trunk unbranched for at least 7 feet above the ground.~~

~~Shrub~~

~~A "shrub" is a woody plant which has several erect, spreading or procumbent stems and a general bushy appearance.~~

Site alteration

For the purposes of this Chapter, a "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#. #Site alterations# shall include the following:

(a) removal of #topsoil#;

(b) excavating, filling, land contour work and other topographic modifications where the ground elevation of the land existing on June 30, 1987, is modified by two feet or more;

(c) dumping, changes in existing drainage systems and changes in grade, alignment or width of public rights-of-way; or

(d) removal of vegetation beyond 15 feet of the foundation of an existing #building#, except when the plant materials' continued presence would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property, or other plant material which it would not be possible or practical to eliminate by pruning or routine maintenance.

Special Hillsides Preservation District
(repeated from Section 12-10)

The "Special Hillsides Preservation District" is a Special Purpose District designated by the letters HS, in which special regulations set forth in Article XI, Chapter 9 apply to all #developments#, #enlargements# or #site alterations#.

The #Special Hillsides Preservation District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement or modify those of the districts on which it is superimposed.

Staging area

A "staging area" is any area on a #zoning lot# used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or

tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# with an incline of 25 percent or greater. However, a portion of a #zoning lot# with an incline of 25 percent or greater shall not be considered a "steep slope" if it occupies an area of less than 200 square feet or has a dimension of less than 10 feet, measured along the horizontal plane, unless such portions in the aggregate equal 10 percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15 foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I

A "Tier I" #development#, #enlargement#~~,~~ or #site alteration# is any #development#, #enlargement# or #site alteration# that occurs on a #zoning lot# having an #average percent of slope# of less than 10 percent.

Tier II

A "Tier II" #development#, #enlargement#~~,~~ or #site alteration# is any #development#, #enlargement# or #site alteration# that occurs on a #zoning lot# having an #average percent of slope# equal to or greater than 10 percent.

Tree credit

A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more which is counted toward a tree preservation requirement, or a credit for a newly planted tree of three-inch #caliper# or more which is counted toward a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arboriculturists (ISA) or equivalent professional organization that includes: a survey of the current condition and health of such trees of six-inch #caliper# or more; methods for tree protection and preservation based on best management practices including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities; a schedule for site monitoring during construction; a procedure to communicate protection measures to contractor and workers; and post-construction treatment.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

119-02
General Provisions

* * *

No #development#, #enlargement# or #site alteration# is permitted within any #area of no disturbance# on ~~any portion of~~ a #zoning lot# ~~having a slope of 35 percent or more. Said portion of a #zoning lot#~~ #Areas of no disturbance# shall remain in ~~its~~ their natural state, ~~unless~~ except:

(a) for #steep slopes# or #steep slope buffers# an authorization ~~is~~ may be granted by the City Planning Commission pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS);

(b) vegetation and #topsoil# may be removed from a #steep slope buffer# during construction on a #Tier I zoning lot#, provided that the #development#, #enlargement# or #site alteration# complies with the requirements of Sections 119-215 (Landscaping controls to preserve trees, shrubs and ground cover), 119-217 (Tier II Controls during construction) and 119-22 (Tier II Submission Requirements); or

(c) in accordance with a #tree protection plan#.

Those portions of a #zoning lot# having #areas of no disturbance# ~~a slope of 35 percent or more~~, however, may count as #lot area# for the purposes of the applicable regulations on #yards#, #floor area ratio#, #open space ratio#, #lot area per dwelling unit# or #lot area per room#.

~~119-05~~

~~Applicability to Public or Publicly Assisted Housing or Non-Profit Residences for the Elderly~~

~~The following #developments# for public or publicly assisted housing or #non-profit residences for the elderly# which have been approved prior to June 30, 1987 and which have not met the requirements of Section 11-33 (Building Permits for Minor or Major Development Issued Before Effective Date of Amendment) shall not be subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II DEVELOPMENTS, ENLARGEMENTS AND SITE ALTERATIONS), but shall be subject instead to the provisions of Section 119-10 (PROVISIONS REGULATING TIER I DEVELOPMENTS, ENLARGEMENTS AND SITE ALTERATIONS), whether or not said #development# is located on a #zoning lot# having an #average percent of slope# of 10 percent or greater:~~

~~(a) publicly assisted housing #developments# approved by the City Planning Commission and the Board of Estimate which limit maximum tenant income and receive cash and/or interest subsidies under Federal mortgage programs;~~

~~(b) low rent public housing #developments# owned by or constructed for the New York City Housing Authority or other public authority and receiving cash subsidies;~~

~~(c) housing #developments# approved by the City Planning Commission and the Board of Estimate that are reserved for low income tenants for a period of not less than 40 years at rental equivalent to rentals in low rent public housing #developments# receiving cash subsidies;~~

~~(d) publicly assisted housing #developments# approved by the City Planning Commission and the Board of Estimate which limit maximum tenant income and receive rent subsidy contracts under Federal rent subsidy programs;~~

~~(e) all government assisted #developments# which receive New York City and/or New York State assistance to reduce total #development# cost by $10,000 or 10 percent, whichever is less, and limit maximum tenant income to the income limits established by the United States Department of Housing and Urban Development for New York City mortgagors assisted under Section 235 of the National Housing Act, as amended; and~~

~~(f) City, State, or Federally approved subsidized housing #developments# which limit tenant income, and/or provide rent subsidies, for a minimum of 20 percent of the units for low- and moderate income tenants.~~

119-10
PROVISIONS REGULATING TIER I DEVELOPMENTS, ENLARGEMENTS AND SITE ALTERATIONS

#Tier I developments#, #enlargements# and #site alterations# shall be regulated by the provisions set forth in this Section.

~~119-11~~

~~Tier I Tree Planting Requirements~~

This section would be moved and renumbered 119-112

119-11
Tier I Requirements for Development

119-111
Tier I tree preservation requirements

To the maximum extent possible, existing trees shall be retained. Trees of six-inch #caliper# or more may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

(a) such trees are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of fifteen feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

(b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;

(c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendix B (Selection List for On-Site Trees); or

(d) an authorization pursuant to Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements) has been granted by the City Planning Commission approving the removal of such trees.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 119-112 (Tier I tree planting requirements).

~~119-11~~ 119-112
Tier I ~~T~~tree ~~P~~planting ~~R~~requirements

All #Tier I developments#, #enlargements# and #site alterations# shall comply with the tree planting requirements set forth in this Section, whether or not existing ~~vegetation is~~ trees are removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to any #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

(a) On-site trees

On-site trees, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each one thousand square feet of #lot area# or portion thereof or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

(b) #Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Transportation and Department of Parks and Recreation.

For any existing tree of at least ~~6~~ six-inch #caliper# which is preserved, credit for one tree shall be given for the first six inches of #caliper#, and for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk ~~T~~trees newly planted to meet this requirement shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-Site Trees), and #street# trees shall be of a species selected from Appendix C (Selection List for Street Trees).

119-113
Tier I controls during construction

The following requirements must be met during construction:

(a) Construction fences shall be erected around all #areas of no disturbance#.

A #tree protection plan# is required to modify the #area of no disturbance# around trees proposed for preservation.

(b) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.

(c) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.

(d) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

119-12
Tier I Submission Requirements

For all #Tier I developments#, #enlargements# or #site alterations#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillsides Preservation District# have been met.

(a) A survey map prepared by a licensed surveyor showing topography at two foot contour intervals and indicating the existing slope of the land as it occurs in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25~~-29 percent, 30-34 percent, 35~~ percent and ~~above~~ greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads# including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.

(b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, ~~the location and species of all understory, including shrubs and ground cover, and~~ the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads# including sidewalks and other impervious surfaces, the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#, the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating for the latter the #critical root zone#.

(c) A tree-planting plan, prepared by a registered landscape architect, indicating the location and species of all new plantings, and indicating the location of and the #critical root zone# around all trees proposed for preservation.

119-21
Tier II Requirements for Development

119-211
Lot coverage ~~controls~~, floor area and lot area per dwelling unit

The area of a #private road# shall be excluded from the area of the #zoning lot# for the purposes of applying the applicable requirements of Sections 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Minimum Floor Area Ratio) as modified by this Section, 23-22 (Required Lot Area per Dwelling Unit, Lot Area per Room or Floor Area per Room) and

33-10 (FLOOR AREA REGULATIONS). For the purposes of this Section, the area of the #private road# shall include the area of the paved roadbed plus a seven foot wide area adjacent to and along the entire length of the required curbs.

The maximum permitted percent of #lot coverage# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

~~If an authorization is granted for a #development#, #enlargement# or #site alteration# on a #zoning lot# or portion of a #zoning lot# having a slope of 35 percent or greater pursuant to Section 119-311, the maximum permitted percent of #lot coverage# for said #zoning lot# shall not exceed the maximum set forth in Table I for #zoning lots# having an #average percent of slope# between 30 percent and 34.9 percent.~~

~~However, any #development#, #enlargement# or #site alteration# that receives an authorization pursuant to Section 119-312 (Authorization of certain uses within the Special Hillsides Preservation District) and is located in a #Commercial District# shall be exempt from the provisions of this Section.~~

However, the maximum permitted percent of #lot coverage# on a #zoning lot# as determined by Table I or Table II, shall not apply to any #development#, #enlargement# or #site alteration# that receives an authorization pursuant to Section 119-312 (Authorization of certain uses within the Special Hillsides Preservation District) and is located in a #Commercial District#.

119-212
Height and setback regulations

The height and setback regulations set forth in Sections 23-631 (Height and setback in R1, R2, R3, R4, and R5 Districts), 23-632 (Front setbacks in districts where front yards are not required), 34-25 (Modification of Height and Setback Regulations)~~,~~ and 35-61 (Height and Setback Regulations) shall not apply to #buildings or other structures# in #Tier II developments# or #enlargements# within the #Special Hillsides Preservation Dis-

trict#. In lieu thereof, the height and setback regulations set forth in this Section shall apply.

For any #development# or #enlargement#, no portion of a #building or other structure# shall penetrate a plane drawn parallel to the #base plane# at a height which is shown in Table ~~II~~ III. For #developments# or #enlargements# with pitched roofs, height shall be measured to the midpoint of such pitched roof. For the purposes of this Section, the #base plane#, which is a plane from which the height of a #building or other structure# is measured in R2X, R3, R4, and R5 Districts, shall also be established in accordance with the provisions of Section 12-10 (DEFINITIONS) for #buildings or other structures# in R1, R2 and R6 Districts.

** #developments# or #enlargements# which utilize the regulations of Section 23-141 applying to a #predominantly built-up area#, shall not exceed a maximum height of 32 feet above the #base plane#.

119-213
Grading controls

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a building foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II developments#, #enlargements# or #site alterations#.

~~(a) With the exception of private streets and driveways, no grading shall take place beyond 15 feet of the location of a building foundation, measured from the foundation perimeter.~~

~~(b)~~(a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.

~~(c)~~(b) Where two cut slopes intersect, the corners shall be rounded with a minimum radius of 25 feet.

~~(d)~~(c) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.

~~(e)~~(d) ~~Burrowing~~ Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillsides Preservation District#.

~~(f)~~(e) Fills shall be compacted to at least 95 percent of maximum density, as determined by ASSHO T99 or ASTM D698.

~~(g)~~(f) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.

~~(h)~~(g) The edge of any cut or fill slope meeting the grade existing on June 30, 1987, should be blended into such grade in a vertical or horizontal arc with a radius of not less than 25 feet.

~~(i)~~(h) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on June 30, 1987, should be rounded in a vertical arc with a radius of not less than five feet.

~~(j)~~(i) Tops and toes of cut and fill slopes shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures a horizontal distance of six feet plus one-fifth the height of the cut or fill~~,~~ but need not exceed a horizontal distance of ten feet.

119-214
Tier II ~~R~~ requirements for ~~private streets and~~ driveways and private roads

In addition to the requirements in Section 119-213 (Grading controls), all ~~private streets and~~ driveways and #private roads# shall comply with the following:

(a) Driveways

~~(a)~~ (1) the maximum grade of a ~~private street or~~ driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

~~(b) the paved portion accessible to vehicles of said private street or driveway shall not exceed 30 feet in width;~~

(b) #Private roads#

(1) the maximum grade of a #private road# shall not exceed 10 percent;

~~(c)~~ (2) the width of the graded section beyond the curb back or edge of pavement of a #private ~~street~~ road# shall extend no more than ~~3~~ three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back; ~~and~~

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway it serves and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;

(8) along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 119-216 (Tier II tree planting requirements); and

(9) No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

The City Planning Commission may by authorization or special permit as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to or waivers of the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

~~(d) the maximum horizontal distance of disturbed soil surface shall not exceed 80 feet.~~

119-215
Landscaping controls to preserve trees, shrubs and ground cover

(a) In any #area of no disturbance#, existing vegetation and #topsoil# shall not be removed, except in accordance with a #tree protection plan# or as authorized by the City Planning Commission pursuant to the provisions of Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements).

(~~a~~b) To the maximum extent possible, existing trees, ~~#shrubs#~~ shrubs and ground cover shall be retained. Vegetation ~~that is~~ may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, ~~shall be replaced unless~~ provided that:

(1) it is located in areas to be occupied by #buildings#, ~~private streets~~ #private roads#, driveways, areas for required #accessory# parking or within a distance of 15 feet of a building foundation and, provided that it is not practical to avoid such removal by adjustments in the arrangement of such #buildings#, #private roads#, driveways or required parking areas;

(2) the continued presence of the vegetation would interfere with the growth or health of trees of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendices A, B or C;

(3) the continued presence of the vegetation would create special hazards or dangers to persons or property, which ~~it~~ would not be possible or practical to eliminate by pruning or routine maintenance; or

(4) an authorization has been granted by the City Planning Commission under the provisions of ~~this Chapter~~ Section 119-313 approving the removal of such vegetation.

(~~b~~c) Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not ~~exempted from replacement~~ permitted to be removed under paragraph ~~(a)~~ (b) of this Section shall be replaced as follows. For every ~~500~~ square ~~feet~~ foot of #lot area# of removed vegetation or #topsoil#, ~~or portion thereof,~~ there shall be provided the following plantings of the size and number indicated ~~below~~ in paragraphs (c)(1) through (c)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the ~~drip line of~~ #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ~~vines/~~ground cover and ~~#shrubs#~~ shrubs shall be selected from Appendix A (Selection List for Shrubs and

Ground Covers). Species of on-site trees shall be selected from Appendix B (Selection List for On-Site Trees).

(1) ~~Vines/g~~ Ground cover shall be planted one at one foot on center and at the rate of one ~~stem~~ plant for every square foot of #lot area# of removed vegetation; and

(2) ~~#Large trees#~~ Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or

(3) ~~#Small trees#~~ Small trees shall be planted at a rate of one eight foot high tree for every 100 square feet of #lot area# of removed vegetation; or

(4) ~~#Shrubs#~~ Shrubs shall be planted at a rate of one gallon container grown material for every 25 square feet of #lot area# of removed vegetation.

119-216
Tier II tree planting requirements

All #Tier II developments#, #enlargements#~~,~~ and #site alterations# shall comply with the following tree planting requirements, whether or not existing vegetation is removed as a result of such #development#, #enlargement#~~,~~ or #site alteration#. However, the requirements set forth herein shall not apply to an #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

(a) On-site trees

On-site trees, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each one thousand square feet of #lot area# or portion thereof or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

(b) #Street# trees

#Street# trees, pre-existing or newly planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Transportation and the Department of Parks and Recreation.

For any existing tree of at least six-inch #caliper# which is preserved, credit for one tree shall be given for the first six inches of #caliper#, and for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk ~~T~~trees newly planted to meet this requirement shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-Site Trees), and #street# trees shall be of a species selected from Appendix C (Selection List for Street Trees).

119-217
Tier II ~~C~~ controls during construction

The following requirements must be met during construction:

(a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a building foundation except those vehicles engaged in the construction of ~~private streets~~ #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15 foot limit infeasible or impractical.

(b) Construction fences shall be erected around all vegetation proposed for ~~retention~~ preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.

(c) ~~Burrowing~~ Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillsides Preservation District#.

(d) ~~Stockpiling of~~ The #staging area# shall be ~~placed~~ located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not ~~contribute to the erosion potential~~ erode any #area of no disturbance# ~~and where it will not~~ or endanger any tree ~~scheduled~~ designated for preservation.

(e) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.

(f) ~~All~~ Any exposed earth area~~s~~ shall have straw, jute matting or geotextiles ~~immediately~~ placed on it within two days of exposure and be seeded with annual rye grass during construction.

119-22
Tier II Submission Requirements

For all #Tier II developments#, #enlargements#~~,~~ or #site alterations#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillsides Preservation District# have been met.

(a) A survey map prepared by a licensed surveyor showing topography at two foot contour intervals and indicating the existing slope~~s~~ of the land as it occurs in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25~~-29 percent, 30-34 percent, 35~~ percent and ~~above~~ greater, the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads# including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.

(b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads# including sidewalks and other impervious surfaces, the location ~~and species~~ of all understory, including ~~#shrubs#~~ shrubs and ground cover, and the location, and #caliper# and species of individual trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating for the latter the #critical root zone#, the location of any other #area of no disturbance# and the location of the #staging area#.

(c) A grading plan which will show all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted.

(d) An alignment and paving plan for any #private road# with a typical cross section.

(e) A landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings.

(f) A construction plan, prepared by a registered landscape architect, ~~a~~ registered architect, ~~a~~ licensed surveyor~~,~~ or professional engineer showing the proposed location for ~~stockpiling any soil or construction material~~ the #staging area#, the proposed method for protecting trees, understory ~~#shrubs#~~ shrubs~~,~~ and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site. A #tree protection plan# for any tree proposed for preservation where the #area of no disturbance# is proposed to be modified.

(g) An affidavit prepared by a registered landscape architect, ~~a~~ registered architect, ~~a~~ licensed surveyor~~,~~ or professional engineer stipulating the following:

(1) prior to construction, no grading, filling, clearing or excavation of any kind shall be initiated until approval of a final grading plan by the Department of Buildings;

(2) no construction equipment of any kind shall pass over areas to be preserved, according to the approved plans;

(3) construction fences meeting the requirements of Section 119-217, paragraph (b), shall be erected around all vegetation proposed for retention; and

(4) construction controls (~~e.g.~~ erosion protection, drainage measures, etc.) shall be implemented according to the approved plan.

(h) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1988.

119-23
Administration of Tier II Requirements

All #developments#, #enlargements# or #site alterations# which are subject to the above requirements shall file directly with the Department of Buildings.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Section 119-20 have been met, is filed with the Department of Buildings by a registered landscape architect, ~~a~~ registered architect, ~~a~~ licensed surveyor or professional engineer~~, with the Department of Buildings~~.

119-30
SPECIAL REVIEW PROVISIONS

119-31
Authorizations

Upon application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter and for the underlying district regulations in accordance with the provisions of Sections 119-311 (Authorization of a development, enlargement or site alteration on a zoning lot or portion of a zoning lot having a steep slope or steep slope buffer of ~~35 percent or more~~) ~~to~~ through 119-319 (Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks), inclusive.

In addition, all #developments#, #enlargements# and #site alterations# that require an authorization pursuant to Sections 119-311 through 119-318 inclusive, shall be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions~~,~~ and limitations, of any authorizations hereunder to minimize adverse effects on the #hillsides# and the character and quality of the community.

119-311

Authorization of a development, enlargement or site alteration on a zoning lot or portion of a zoning lot having a steep slope or steep slope buffer ~~of 35 percent or more~~

The City Planning Commission may ~~grant authorization to allow~~ authorize #developments#, #enlargements# and #site alterations# on portions of a #zoning lot# having a #steep slope# or #steep slope buffer# ~~of 35 percent or more~~.

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall find:

(a) that the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# ~~which~~ that satisfies the purposes of this Chapter;

(b) that such modification is the least modification required to achieve the purpose for which it is granted;

(c) that the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) that the requested modification will not disturb the drainage patterns and soil conditions of the area; and

(e) that the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of Section 119-20 (PROVISIONS REGULATING TIER II DEVELOPMENTS, ENLARGEMENTS AND SITE ALTERATIONS) for which an authorization or special permit has not been obtained.

~~In addition, all #developments#, #enlargements# and #site alterations# that require an authorization pursuant to this Section shall be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-312
Authorization of certain uses within the Special Hillsides Preservation District

The City Planning Commission may grant authorizations for #commercial uses#, #community facility uses#, for #group parking facilities# of 30 cars or more and for #enlargements# to any such #uses# and facilities.

~~As condition for~~ In order to grant such authorizations, the Commission, upon review of the site plan, shall find that:

(a) ~~that~~ the proposed #development#, #enlargement# or #site alteration# will not disturb the drainage pattern and soil conditions of the area;

(b) ~~that~~ the proposed #development#, #enlargement# or #site alteration# has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(c) ~~that~~ such #development#, #enlargement# or #site alteration# is so located as not to impair the essential character of the surrounding area;

(d) ~~that~~ the design of such #development#, #enlargement# or #site alteration# takes full advantage of all special characteristics of the site;

(e) ~~that~~ vehicular access and egress for such #development#, #enlargement# or #site alteration# is located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby #residential# areas; and

(f) ~~that~~ where vehicular access and egress is located on an arterial, such location affords the best means for controlling the flow of traffic generated by such #development# to and from such arterial.

Applications for such authorizations of #group parking facilities# over 30 cars or for #enlargements# to #group parking facilities# shall be referred to the Department of Transportation for its report with respect to anticipated traffic congestion.

~~Any #development#, #enlargement# or #site alteration# that requires an authorization pursuant to this Section and is located on a #zoning lot# having an #average percent of slope# of 10 percent or greater shall be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-313
Modification of landscaping, tree preservation and tree planting requirements

The City Planning Commission may authorize modifications to Section ~~119-11~~ 119-111 (Tier I tree preservation requirements), Section 119-112 (Tier I Tree ~~P~~planting ~~R~~requirements), paragraph (b)(8) of Section 119-214 (Tier II requirements for driveways and private roads), Section 119-215 (Landscaping controls to preserve trees, shrubs and ground cover) and Section 119-216 (Tier II Tree Planting Requirements).

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall find that:

(a) ~~that~~ the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# ~~which~~ that satisfies the purposes of this Chapter;

(b) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted; and

(c) ~~that~~ the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the tree preservation or planting requirements being modified.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillsides Preservation District#. The Commission may also allow the substitution of other plant material provided a detailed landscaping plan is filed with the Commission for approval and certification.

~~Any #development#, #enlargement# or #site alteration# that requires an authorization pursuant to this Section and is located on a #zoning lot# having an #average percent of slope# of 10 percent or greater shall be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-314
Modification of lot coverage controls

For any #development# or #enlargement# on a Tier II #zoning lot# ~~having an #average percent of slope# of 10 percent or greater~~ , or within a #steep slope# or a #steep slope buffer# on a Tier I #zoning lot#, the City Planning Commission may authorize variations in the #lot coverage# controls set forth in Section 119-211 (Lot coverage ~~controls~~, floor area and lot area per dwelling unit).

~~As a condition for granting~~ In order to grant such authorization, the Commission shall find that:

(a) ~~that~~ the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# ~~which~~ that satisfies the purpose of this Chapter;

(b) ~~that~~ by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;

(c) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted;

(d) ~~that~~ the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(e) ~~that~~ the requested modification will not disturb the drainage pattern and soil conditions of the area; and

(f) ~~that~~ the proposed modification does not impair the essential character of the surrounding area.

~~All #developments#, #enlargements# or #site alterations# that require an authorization pursuant to this Section shall be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-315
Modification of height and setback regulations

For any #development# or #enlargement# on a Tier II #zoning lot# ~~having an #average percent of slope# of 10 percent or greater~~, the City Planning Commission may authorize variations in the height and setback regulations set forth in Section 119-212 (Height and setback regulations).

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall find that:

(a) ~~that~~ the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# which satisfies the purpose of this Chapter;

(b) ~~that~~ by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography and vegetation and the preservation of #hillsides# having aesthetic value to the public will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land;

(c) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted;

(d) ~~that~~ the requested modification will not disturb the soil conditions of the area;

(e) ~~that~~ the proposed modification does not impair the essential character of the surrounding area; and

(f) ~~that~~ the proposed modification will not have adverse effects upon light, air~~,~~ and privacy of adjacent properties.

~~All #developments#, #enlargements# or #site alterations# that require an authorization pursuant to this Section shall also be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-316
Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a Tier II #zoning lot# ~~having an #average percent of slope# of 10 percent or greater~~, the City Planning Commission may authorize variations in the grading controls set forth in Section 119-213 (Grading controls).

~~As a condition for granting~~ In order to grant such authorization, the Commission shall find that:

(a) ~~that~~ the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modifications will permit a #development#, #enlargement# or #site alteration# ~~which~~ that satisfies the purposes of this Chapter;

(b) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted;

(c) ~~that~~ the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) ~~that~~ the requested modification will not disturb the drainage pattern and soil conditions of the area;

(e) ~~that~~ the proposed modification does not impair the essential character of the surrounding area; and

(f) ~~that~~ the benefits to the surrounding area from the proposed modification outweigh any disadvantages which may be incurred thereby in the area.

~~All #developments#, #enlargements# or #site alterations# that require an authorization pursuant to this Section shall also be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-317
Modification of requirements for ~~private streets~~ private roads and driveways

For any #development#, #enlargement# or #site alteration# ~~on a #zoning lot# having an #average percent of slope# of 10 percent or greater~~, the City Planning Commission may authorize variations in the requirements for #private ~~streets~~ roads# and driveways on any Tier II #zoning lot# as set forth in Section 119-214 (Tier II ~~R~~ requirements for ~~private streets and~~ driveways and private roads) as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts) and ~~Section~~ 25-631 (Location and width of curb cuts in certain districts).

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall find that:

(a) ~~that~~ the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# which satisfies the purposes of this Chapter;

(b) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted;

(c) ~~that~~ the requested modification will not disturb the drainage pattern and soil conditions of the area; ~~and~~

(d) ~~that~~ the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it~~.~~ ;and

(e) such modification will enhance the quality of the design of the #development#, #enlargement# or site alteration#.

~~All #developments#, #enlargements# or #site alterations# that require an authorization pursuant to this Section shall also be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-318
Modifications of certain bulk regulations

For any #development# or #enlargement# on a Tier I #zoning lot# containing a #steep slope# or on a Tier II #zoning lot# ~~having an #average percent of slope# of 10 percent or greater~~, the City Planning Commission may authorize variations in required #front#, #rear#, or #side yards#, variations in required space between #buildings# on the same #zoning lot# and modifications in the underlying district height and setback regulations.

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall find that:

(a) ~~that~~ #development# on the #zoning lot# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# ~~which~~ that better satisfies the purposes of this Chapter;

(b) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted; and

(c) ~~that~~ the proposed #bulk# and placement of #buildings# and the proposed arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing #development# in adjacent areas or the opportunities therefore in future #development#.

~~All #developments#, #enlargements# or #site alterations# that require an authorization pursuant to this Section shall also be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).~~

119-319

Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks

Upon application, the City Planning Commission may authorize #site alterations#, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadia, and improvements to existing park-related facilities.

~~As a condition for granting~~ In order to grant such authorizations, the Commission shall ~~make the following findings~~ find that the proposed action:

(a) ~~that the proposed action~~ will have a minimal impact on the existing natural topography of the surrounding area and blend harmoniously with it;

(b) ~~that the proposed action~~ will have minimal impact~~s~~ on the drainage pattern and soil conditions in the area;

(c) ~~that the proposed action~~ will preserve to the greatest extent possible the trees and vegetation within the park; and

(d) ~~that the proposed action~~ is compatible with the neighborhood character of the area.

An application to the City Planning Commission for an authorization pursuant to this Section shall include the following:

(1) a survey map prepared by a licensed surveyor showing existing topography at the two-foot contour intervals;

(2) a site plan prepared by a registered architect, registered landscape architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of all understory including ~~#shrubs#~~ shrubs and ground cover, and the #caliper# and species of all individual trees of ~~6~~ six-inch #caliper# or more; and

(3) any other information necessary to evaluate the request.

In issuing authorizations under this Section, the Commission may impose conditions or safeguards, such as special landscape requirements, to minimize adverse effects on the character of the #Special Hillsides Preservation District#.

119-32
Special Permits

The City Planning Commission~~, after public notice and hearing and subject to Board of Estimate action,~~ may grant special permits for modification of the underlying district regulations in accordance with the provisions of Section 119-321 (Modification of use regulations).

119-321
Modification of use regulations

For any #development# or #enlargement# on a Tier II #zoning lot# ~~having an #average percent of slope# of 10 percent or greater~~, the City Planning Commission may grant special permits to allow #single-family semi-detached residences# in R1 and R2 Districts, ~~or~~ #single-family attached residences# in R1, R2, and R3-1 Districts~~,~~ or #two-family attached residences# in R3-1 Districts.

As a condition for granting such special permits, the minimum required #lot area# of the underlying district shall not be reduced, and the #aggregate width of street walls# of a #residential building# or a number of #residential buildings# separated by party walls, shall not exceed 100 feet.

In order to grant such special permits, the Commission shall find that:

(a) ~~that~~ #development# on this #zoning lot# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# ~~which~~ that better satisfies the purposes of this Chapter;

(b) ~~that~~ the change of housing type requested constitutes the most effective method of preserving the existing topography and vegetation;

(c) ~~that~~ the preservation of existing topography and vegetation requires the permitted #development# to be concentrated, to the extent feasible, in the remaining portion of the tract;

(d) ~~that~~ for such concentration of #development#, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #residential building# type;

(e) ~~that~~ such modification is the least modification required to achieve the purpose for which it is granted;

~~(f) that the #aggregate width of street walls# of a #residential building# or a number of #residential buildings# separated by party walls, shall not exceed 100 feet;~~

(~~g~~f) ~~that~~ the proposed #street# or #private road# system for the #development# is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area;

(~~h~~g) ~~that~~ the siting of the #building# or #buildings# will not adversely ~~e~~affect adjacent properties by impairing privacy or access of light and air; and

(~~i~~h) ~~that~~ the existing topography and vegetation and the proposed planting effectively screen all #attached# one-family #residences# from the #lot lines# along the #development# perimeter.

~~In no case shall the minimum required #lot area# of the underlying district be reduced.~~

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements to minimize any adverse effects on the character of the surrounding area.

All #developments#, #enlargements# or #site alterations# that require a special permit pursuant to this Section shall also be subject to the provisions of Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and Section 119-34 (Special Submission Requirements for Certain Authorizations or Special Permits).

119-33

Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits

Any #development#, #enlargement# or #site alteration# which requires an authorization or special permit and which is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II DEVELOPMENTS, ENLARGEMENTS ~~OR~~ AND SITE ALTERATIONS), shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements ~~which~~ that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described ~~below~~ in paragraphs (a) through (e) of this Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site~~,~~ shall be prepared by a professional engineer and submitted to the City Planning Commission.

(a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or to reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths~~,~~ to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet~~,~~ and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They ~~P~~protect~~s~~ property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates ~~which~~ that minimize erosion and prevent flooding. They ~~M~~may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches~~,~~ and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

119-34
Special Submission Requirements for Certain Authorizations and Special Permits

When a #development#, #enlargement# or #site alteration# is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II DEVELOPMENTS, ENLARGEMENTS AND SITE ALTERATIONS), an application to the City Planning Commission for an authorization or special permit shall include the submission requirements that follow. These requirements shall be in addition to the requirements set forth in Section 119-22 (Tier II Submission Requirements).

(a) A drainage plan and soil report prepared by a professional engineer to ~~assess whether or not there will be a major impact on~~ protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law ~~7 of 1974~~ 103 of 1988.

(b) An erosion and sedimentation plan as described in Section 119-~~32~~ 33 (~~Special Permits~~ Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits).

(c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect ~~which~~ that shows the location and species of all new plantings of trees, ~~#shrubs#~~ shrubs and ground covers and the proposed method of preserving existing trees, ~~#shrubs#,~~ shrubs and ground covers.

(d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

119-35
Administration of Special Review Provisions

Where a permit other than a building permit is required for a #development#, #enlargement# or #site alteration# within the #Special Hillsides Preservation District# from any City agency, an application for such permit shall be filed simultaneously with such agency and the City Planning Commission.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Sections 119-20 (PROVISIONS REGULATING TIER II DEVELOPMENTS, ENLARGEMENTS~~,~~ AND SITE ALTERATIONS) and ~~Section~~ 119-30 (SPECIAL REVIEW PROVISIONS) have been met, is filed with the Department of Buildings by a registered landscape architect, ~~a~~ licensed surveyor or professional engineer~~, with the Department of Buildings~~.

119-40
COMPLIANCE

In the event that a #development#, #enlargement# or #site alteration# is undertaken, or has been undertaken, contrary to the provisions of this Chapter, any permit issued by

the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on the affected #zoning lot# shall be revoked.

No building permit or permanent certificate of occupancy shall be issued by the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on such #zoning lot# until the violations are removed from the #zoning lot# pursuant to a restoration plan certified by the City Planning Commission.

If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to prosecute the violations. For compliance with restoration requirements to remove violations, the Department of Buildings may allow an additional 90 days.

Where on-site restoration of vegetation would result in over-crowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillsides Preservation District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

Selection list for Shrubs and Ground Covers

GROUND COVERS

BOTANICAL NAME	*COMMON NAME*
Adiantum pedatum	Maidenhair fern
Agrostis perennans (A. altissima)	Autumn bent-grass
Anaphalis margaritacea	Pearly everlasting
Andropogon gerardii	Big Bluestem
Andropogon glomeratus	Bushy bluestem
Andropogon virginicus	Broom Sedge
Anemone canadensis	Canada anemone
Antennaria plantaginifolia	Plantain-leaved pussytoes
Arctostaphylos uvaursi	Bearberry

BOTANICAL NAME	*COMMON NAME*
Asarum canadense	Wild ginger
Aster cordifolius	Heart-leaved aster
Aster divericatus	White wood aster
Aster ericoides	Heath aster
Aster lanceolatus (A. simplex)	Lined aster
Aster macrophyllus	Large-leaved aster
Aster novaeangliae	New England aster
Athyrium felixfemina (A. asplenoides)	Lady fern
Athyrium thelypteroides	Silvery glade fern
Carex appalachica (C. radiata)	Sedge
Carex pensylvanica	Pennsylvania sedge
Chimaphila maculata	Spotted or stripped wintergreen / Pipsissewa
Chimaphila umbellata	Pipsissewa, Prince's pine, Bitter wintergreen
Chrysopsis mariana	Maryland golden aster
Danthonia compressa	Flattened oat grass
Danthonia spicata	Oatgrass, Poverty grass
Dennstaedtia punctilobula	Hay-scented fern
Deschampsia caespitosa	Tufted hair grass
Deschampsia flexuosa	Common hair gr., Crinkled hair grass
Dryopteris intermedia	Common wood fern
Dryopteris marginalis	Marginal wood fern, Leatherleaf wood fern
Erigeron philadelphicus	Daisy fleabane
Eupatorium maculatum	Spotted JoePyeWeed
Eupatorium rugosum	White snakeroot
Eupatorium sessilifolium	Upland boneset
Fragaria virginiana	Wild strawberry, Virginia strawberry
Gaultheria hispidula	Creeping snowberry, Creeping pearl berry
Gaultheria procumbens	Wintergreen, Teaberry, Checkerberry
Geranium maculatum	Wild geranium, Spotted cranesbill
Geum canadense	White avens, Winter rosette
Heuchera americana	Hairy alum root, Rock geranium
Hypericum ellipticum	Pale St. John's Wort
Muhlenbergia schreberi	Nimblewill
Oenothera fruticosa	Sundrops, Wild beet, Suncups, Scabish
Onoclea sensibilis	Sensitive fern, Bead fern
Osmunda claytoniana	Interrupted fern
Panicum clandestinum	Deer tongue grass
Panicum virgatum	Switch grass, Wild red top, Thatch grass
Parthenocissus quinquefolia	Virginia creeper, Woodbine, American ivy

BOTANICAL NAME	*COMMON NAME*
Phlox subulata	Mountain phlox, Moss pink, Moss phlox
Polygonatum biflorum	Smooth Solomons seal, True King Solomons seal
Polygonatum virginianum (Tovaria v.)	Jumpseed
Polypodium virginianum	P. vulgare, Rocky polypody, Am. wall fern
Polystichum acrostichoides	Christmas fern, Dagger fern, Canker break
Rudbeckia hirta var. hirta	Black-eyed Susan
Rudbeckia triloba	Thin-leaved cone flower
Thelypteris noveboracensis	New York fern
Tiarella cordifolia	Allegheny foamflower, False mitrewort
Tradescantia virginiana	Virginia Spiderwort, Common S., Widow's tears
Verbena hastata	Blue vervain
Vernonia noveboracensis	New York ironweed
Verbesina alternifolia (Actinomeria a.)	Wingstem
Viola sororia	Wooly blue violet sister violet, Dooryard violet

SHRUBS

Amelanchier canadensis	Shadblow
Amelanchier laevis (A. arborea)	Serviceberry, Allegheny
Aronia arbutifolia	Red chokeberry
Aronia melanocarpa	Black chokeberry
Clethra alnifolia	Sweet pepperbush, Summersweet
Comptonia peregrina	Sweet fern, Meadow fern, Spleenwort bush
Cornus amomum	Silky dogwood
Cornus racemosa	Gray dogwood, Red-panicled dogwood
Cornus sericea (C. stolonifera)	Red osier dogwood
Corylus americana	American hazelnut
Corylus cornuta	Beaked hazelnut
Diervilla lonicera	Bush honeysuckle, Blue herb, Gravel weed
Hamamelis virginiana	Witch hazel
Ilex glabra	Inkberry, Gallberry
Ilex verticillata	Winterberry
Juniperus communis	Common juniper
Juniperus horizontalis	Creeping juniper, creeping cedar/savin
Kalmia angustifolia	Sheep laurel
Kalmia latifolia	Mountain laurel
Lindera benzoin	Spice bush
Myrica pensylvanica	Northern bayberry
Physocarpus opulifolius	Common ninebark

BOTANICAL NAME	*COMMON NAME*
Potentilla fruticosa	Cinquefoil, bush cinquefoil
Rhododendron maximum	Great laurel
Rhododendron periclymenoides	Pinkster azalea
Rhododendron viscosum	Swamp azalea
Rhus aromatica	Fragrant sumac, Sweet scented sumac / Lemon sumac
Rhus copallina	Winged sumac
Rhus glabra	Smooth sumac
Rhus typhina	Staghorn sumac
Rosa blanda	Smooth rose, Meadow rose
Rubus alleganiensis	Common blackberry, Allegheny blackberry
Salix humilis	Prairie willow
Salix lucida	Shining willow
Sambucus canadensis	American elderberry
Spirea tomentosa	Hardhack spirea
Vaccinium angustifolium	Lowbush blueberry
Vaccinium corymbosum	Highbush blueberry
Viburnum acerifolium	Maple leaf viburnum
Viburnum alnifolium (V. Lantanoides)	Hobble bush
Viburnum dentatum	Arrowwood viburnum
Viburnum lentago	Nanny-berry
Viburnum prunifolium	Black-haw

L.U. No. 599

Report of the Committee on Land Use in favor of approving a Zoning Resolution Amendment Application No. N 980572 ZRY, pursuant to § 197-d and § 200 of the New York City Charter, concerning changes in the text of the zoning resolution, Citywide relating to an amendment to the Zoning Resolution relating to Sections 74-746 and 74-747, developments under and over mapped streets in General Large Scale Developments.

The Committee on Land Use to which it was referred on November 23, 1999 (Minutes, page 2689) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendments of the Zoning Resolution of the City of New York, relating to Sections 74-746 and 74-747, concerning development under and over mapped streets in General Large Scale Developments.

The intent is to modify current special permit provisions to the General Large-Scale Developments by eliminating an unnecessary section relating to tunnels, and expanding the scope of the current permit to allow developments or enlargements over mapped streets in any General Large-Scale Developments.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1113

Resolution approving the decision of the City Planning Commission on Application No. N 980572 ZRY, amendments to the text of the Zoning Resolution regarding Sections 74-746 and 74-747 concerning development under and over mapped streets in General Large-Scale Developments (L.U. No. 599).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on November 12, 1999 its decision dated November 10, 1999 (the "Decision"), on the application submitted by the Department of City Planning Commission, pursuant to Section 201 of the New York City Charter, for amendments to the text of the Zoning Resolution concerning development under and over mapped streets in General Large Scale Developments (Application No. N 980572 ZRY) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on December 1, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on June 28, 1999 (CEQR No. 99DCP040Y);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Matter in *italic* is new, to be added;
Matter in ~~strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10;

74-746
~~Special provision for a tunnel under a street~~

~~Within a #general large-scale development#, the City Planning Commission may permit #buildings# to be connected by a tunnel under a #street#, provided that the street volume occupied by such a tunnel is not mapped and owned by the City and provided that the Commission shall find the structure is used exclusively for vehicular circulation and is necessary to achieve improved vehicle circulation within the #development# and on adjoining #streets.~~

~~74-747~~
Special provisions for development or enlargement over streets ~~in M2 and M3 Districts~~

Within a #general large-scale development# ~~in M2 and M3 Districts~~, when the volume ~~air space~~ above a ~~#narrow~~ street#, or portion thereof, has been eliminated, discontinued and ~~is~~ closed ~~and demapped by the City~~, the City Planning Commission may permit such volume ~~the demapped air space~~ to be considered part of an adjoining #zoning lot# and may allow, within such volume, a #development# or #enlargement# that is part of a #building# or #buildings# in the #general large scale development#. In no event shall such volume contribute to the amount of ~~such demapped air space be considered as~~ #lot

area# counted for the purposes of qualifying as a #general large-scale development# or generating any #floor area#. ~~The Commission may also permit in such demapped air space the #enlargement# of an existing #building# on the adjoining #zoning lot#.~~

(1) The following ~~As a~~ conditions must be met for the ~~granting of a special permit for such construction~~ #development# or #enlargement# to be permitted in such volume ~~sue demapped air space the Commission shall find that~~:

~~(a) the existing #use# on the adjacent #zoning lot# is listed in Use Group 17 or 18 and has existed on such lot for a minimum of five years prior to the date of the application for a special permit;~~

~~(b) the #enlargement# is necessary to accommodate the expansion of the existing #use#; requires a floor size and configuration which may be practically achieved only by building in the demapped air space; and may be occupied only by #uses# listed in Use Groups 17 and 18;~~

~~(c) the #enlargement# will not have an adverse impact on the essential character or future use or development of the adjacent area;~~

~~(d)~~

(1) a satisfactory ventilation plan consistent with the requirements of ~~the~~ New York City's Departments of Transportation and Environmental Protection is provided for the #street# ~~area~~ below the volume ~~demapped air space~~; and

~~(e)~~

(2) an illumination of at least five foot candles at the #curb level# is provided for the #street# ~~area~~ below the volume ~~demapped air space;~~.

~~(f) the #enlargement# will not unduly obstruct any significant scenic view; and~~

~~(g) no #Residential# or #Commercial District# boundary is located within 1,000 feet of any portion of the demapped volume of the #street#.~~

(b) In order to grant the special permit, the City Planning Commission shall find that the #development# or #enlargement# in such volume:

(1) is functionally necessary or will improve the internal circulation within the #general large scale development#, or will improve vehicular or pedestrian circulation on adjacent #streets#;

(2) will not adversely impact the continued use of the #street#;

(3) will not have an adverse impact on the essential character or future use or development of the adjacent area; and

(4) will not unduly obstruct any significant scenic view.

The City Planning Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

The committee recommends that the Committee approve the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1116

Resolution approving an Urban Development Action Area Project located at 820-830 East 170 Street (Block 2964/Lots 14 and 15), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 604; 20005106 HAX).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 820-830 East 170 Street (Block 2964/Lots 14 and 15), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipallyowned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on December 1, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1118

Resolution approving an Urban Development Action Area Project located at 11 Troutman Street (Block 3170/Lot 141), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review

Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 609; 20005111 HAK).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 11 Troutman Street (Block 3170/Lot 141), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipallyowned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on December 1, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 610

Report of the Committee on Land Use in favor of approving a proposal by the Department of General Services, pursuant to § 195 of the New York City Charter, for the acquisition of office space located at 808/810 East 16th Street, Borough of Brooklyn, Council District No. 44, for use by Brooklyn Community Board #14. (Non-ULURP No. 20005093 PXK).

The Committee on Land Use to which it was referred on November 23, 1999 (Minutes, page 2692) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving a Notice of Intent to Acquire Office Space submitted by the Department of Citywide Administrative Services pursuant to Section 195 of the New York City Charter for use of property located at 808/810 East 16th Street (Block 6699, Lots 9 and 10), for use as office space by Community Board 14.

The intent is to permit the continued use of approximately 1,800 square feet of space on the first floor for use as an office (Block 6699/Lots 9 and 10).

Accordingly, Your Committee recommends its disapproval.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1119

Resolution disapproving the acquisition of office space located at 808/810 East 16th Street (Block 6699/Lots 9 and 10), Brooklyn (20005093 PXK; N 000162 PXK; L.U. No. 610).

By Council Members Eisland and Sabini

Whereas, the City Planning Commission filed with the Council on November 24, 1999 its approval dated November 24, 1999 of the notice of intent to acquire office space submitted pursuant to Section 195 of the New York City Charter by the Department of Citywide Administrative Services, Division of Real Estate Services, for the acquisition of up to 1,800 square feet of office space on the first floor in a building located at 808/810 East 16th Street (Block 6699/Lots 9 and 10), Borough of Brooklyn, for use by Community Board 14 (the "Acquisition");

Whereas, the Acquisition is subject to review and action by the Council pursuant to Section 195(d) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Acquisition on December 1, 1999; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Acquisition;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Section 195 of the City Charter, the Council disapproves the Acquisition.

JUNE M. EISLAND, Chairperson; ARCHIE SPIGNER, HERBERT E. BERMAN, SHELDON S. LEFFLER, JEROME X. O'DONOVAN, WALTER L. McCAFFREY, MARTIN MALAVE-DILAN, GUILLERMO LINARES, JOHN D. SABINI, LAWRENCE A. WARDEN, A. GIFFORD MILLER, ADOLFO CARRION JR., BILL PERKINS—December 6, 1999

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled for disapproval as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 612

Report of the Committee on Land Use in favor of approving an Application No. 20005113 HAM an Urban Development Action Area Project, located in Community Board 9, Council District No. 7, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on November 23, 1999 (Minutes, page 2692) the annexed Land Use resolution respectfully

REPORTS:

(For report, see L.U. No. 604 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1120

Resolution approving an Urban Development Action Area Project located at 507 West 135 Street (Block 1988/Lot 99), 509 West 135 Street (Block 1988/Lot 98), 529 West 135 Street (Block 1988/Lot 81), 625 West 135 Street (Block 2002/Lot 14), and 510 West 136 Street (Block 1988/Lot 115), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 612; 20005113 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 507 West 135 Street (Block 1988/Lot 99), 509 West 135 Street (Block 1988/Lot 98), 529 West 135 Street (Block 1988/Lot 81), 625 West 135 Street (Block 2002/Lot 14), 510 West 136 Street (Block 1988/Lot 115), and 536-38 West 136 Street (Block 1988/Lot 131), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, by letter dated November 30, 1999, the Department of Housing Preservation and Development withdrew the property located at 536-38 West 136 Street (Block 1988/Lot 131);

Whereas, the Project is to be developed on land that is now a municipallyowned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on December 1, 1999;

GENERAL ORDER CALENDAR

Int. No. 461-A

AN AMENDED LOCAL LAW to amend the administrative code of the city of New York, in relation to eligibility limitations on benefits pursuant to section 421-a of the real property tax law based upon floor area ratio.

(For Report, see Reports of Standing Committees printed in the Minutes of the Stated Meeting of November 23, 1999.)

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	–see below–	–see below–	–see below–
Expenditures (–)	$0	$0	$0
Net	–see below–	–see below–	–see below–

Impact on Revenues: The impact of this legislation upon future revenues cannot be determined, because the impact would be a product of the amount of *new* construction that occurs during the time period. However, because the 421-a program exempts only the taxes on the added value created by improvements, it will not result in any reduction of current tax revenues from eligible properties. If this program stimulates new construction that would not have occurred without the program, it will lead to increased tax revenues once the exemptinos expire.

The potential range of the impact of this legislation on foregone revenues is extremely broad. For example, in certain areas of Manhattan, foregone tax revenue on some luxury 421-a eligible projects has exceeded $10,000 per unit per year.

The total tax expenditure for the entire Section 421-a program in Fiscal 1999 was $78.9 million.

Impact on Expenditures: None.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 592

Uniform Land Use Review Procedure Application No. C 980224 ZMM, pursuant to § 197-c and § 197-d of the New York City Charter, concerning changes to the zoning map, Borough of Manhattan, Council District No. 5.

City Planning Commission decision approving with modification an application submitted by the Denihan Company pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 9a:

1) changing from an R8B District to an R8 District property bounded by East 77th Street, a westerly boundary line of John Jay Park and its northerly and southerly prolongations, East 76th Street, and a line 100 feet easterly of York Avenue;
2) changing from an M1-4 District to an R8 District property bounded by East 76th Street, a line 350 feet easterly of York Avenue, East 75th Street, and a line 125 feet easterly of York Avenue; and
3) changing from an R10 District to an R8 District property bounded by East 76th Street, a line 125 feet easterly of York Avenue, East 75th Street, and a line 100 feet easterly of York Avenue;

as shown on a diagram (for illustrative purposes only) dated May 3, 1999 and subject to the conditions of CEQR Declaration E-94.

The intent is to facilitate the development of a residential building between East 75th and 76th Streets.

The Subcommittee recommends that the Land Use Committee approve the decision of the City Planning Commission with modifications.

The Committee's proposed modifications were filed with the City Planning Commission on November 24, 1999. The City Planning Commission filed a letter dated December 6, 1999, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1121

Resolution approving with modifications the decision of the City Planning Commission on ULURP No. C 980224 ZMM, a Zoning Map Change (L.U. No. 592).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on October 12, 1999 its decision dated October 12, 1999 (the "Decision"), on the application submitted by the Denihan Company, pursuant to Sections 197c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 980224 ZMM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on November 8, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Notice of Completion for the Final Environmental Impact Statement ("FEIS"), issued on October 1, 1999 (CEQR No. 98DCP009M);

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impart statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision with the following modifications:

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 9a,

1. changing from an M1-4 District to an R8B District property bounded by East 76th Street, a line 350 feet easterly of York Avenue, East 75th Street, and a line 125 feet easterly of York Avenue; and

2. changing from an R10 District to an R8B District property bounded by East 76th Street, a line 125 feet easterly of York Avenue, East 75th Street, and a line 100 feet easterly of York Avenue.

as shown on a diagram (for illustrative purposes only) dated May 3, 1999 and modified on October 12th 1999.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Reading and Introduction of Bills

Res. No. 1092

Resolution calling upon the Congress of the United States to enact legislation that will strengthen and secure Social Security into the next century.

By: The Speaker (Council Member Vallone) and Council Members Harrison, Berman, Dear, Malave-Dilan, Eisland, Espada, Freed, Henry, Lopez, Marshall, Nelson, Perkins, Reed, Warden, Abel and Stabile; also Council Members Fisher, Foster, Koslowitz, Leffler, McCaffrey, Michels, O'Donovan, Povman, Quinn, Robles, Spigner, Watkins and Wooten

Whereas, Since the enactment of Social Security more than 60 years ago, elderly poverty has dropped sharply, reaching a level of below 11 percent in 1996 from over 35 percent in 1959; and

Whereas, It is generally agreed by experts that, if Social Security did not exist, half of all American retirees would be living in poverty; and

Whereas, Today the Social Security system is sound, but the future of the system is threatened by the anticipated demographic crisis which will occur as 76 million baby boomers reach retirement age; and

Whereas, By 2030, it is projected that there will be twice as many elderly as there are today; and

Whereas, In 1960 there were over five people working for every person drawing Social Security, in 1997 there were over three people working for every person drawing benefits, and by 2030 it is anticipated that there will be only two people working for every person receiving Social Security; and

Whereas, The Social Security Trust Fund is sufficient to pay all obligations of Social Security, both retirement and disability, until only 2029, after which it will no longer cover those obligations and payroll contributions will only be enough to cover 75 cents on the dollar of current benefits; and

Whereas, Strong retirement benefits for the baby boom generation can be ensured if the system makes changes now in anticipation of the need; and

Whereas, It is estimated that using $100 billion of the budget surplus now would add a year or more to the solvency of the Trust Fund without making any other changes; and

Whereas, Other changes could be made which can be phased in over time and which would have huge impacts 30 years from now; and

Whereas, While it is important to reform Social Security in a way that strengthens and protects a guarantee for the 21st century, the basic program should not be abandoned; and

Whereas, Most advocates object to proposals that would significantly raise the age of retirement or reduce benefits as a result of Social Security shortfalls; and

Whereas, Social Security must provide a benefit that people can depend on regardless of the fluctuations of the economy or the financial markets; *now, therefore, be it*

Resolved That the Council of the City of New York calls upon the Congress of the United States to enact legislation that will strengthen and secure Social Security into the next century.

Res. No. 1093

Resolution urging the United Nations to initiate an independent investigation into the murder of civil rights attorney Rosemary Nelson, conduct an independent judicial inquiry into the murder of civil rights attorney Patrick Finucane and investigate the alleged systematic abuses, especially towards defense attorneys, conducted by the Royal Ulster Constabulary.

By The Speaker (Council Member Vallone) and Council Members Carrion, Dear, Eisland, Espada, Freed, Henry, Lopez, Nelson, Perkins, Abel and Golden; also Council Members Fisher, Foster, Harrison, Koslowitz, Leffler, McCaffrey, O'Donovan, Quinn, Spigner and Wooten

Whereas, The already heinous and deplorable murders of Patrick Finucane in 1989 and Rosemary Nelson in March, 1999, in Northern Ireland, have been made even more disturbing by the alleged lack of proper inquiries made during the investigations; and

Whereas, Both Mr. Finucane and Ms. Nelson were highly visible defense attorneys who were repeatedly terrorized by extremists that held opinions opposite to theirs and many of their own clients; both were brutally murdered as a result of their professional endeavors, criticism of systematic injustice and dedication to ensuring equal justice under the law; and

Whereas, In April, 1998, the United Nations Special Rapporteur on the Independence of Judges and Lawyers, Mr. Data Param Cumaraswamy, presented a startling report to the United Nations Human Rights Commission which raised questions as to possible official collusion in the murder of Patrick Finucane; and

Whereas, The report also suggested corruption within the Royal Ulster Constabulary (R.U.C.), the police force of Northern Ireland, in regard to its handling of the Finucane case and its role in systematic abuses of defense lawyers in Northern Ireland; and

Whereas, The details of the United Nations report, along with repeatedly aired and documented complaints by criminal defense lawyers in Northern Ireland, have led several international human rights organizations and legal societies including the Lawyers Committee for Human Rights and the National Association of Criminal Defense Lawyers to suggest that the R.U.C. has engaged in a systematic pattern of intimidation and harassment of members of the Northern Ireland defense bar and in the case of Patrick Finucane, may have even aided in his brutal death; and

Whereas, In respect to these findings, many have questioned the fairness of the R.U.C. investigation of the murder of Patrick Finucane, who was shot to death by Ulster Freedom Fighters in front of his wife and children, and have called for an independent judicial inquiry, a necessary, impartial tool in revealing the truth behind this terrible crime and travesty of justice and a move that is long overdue; and

Whereas, Less than six months prior to her murder, a result of injuries sustained by a car bomb explosion, Rosemary Nelson, a prominent human rights attorney in Northern Ireland, provided chillingly prescient testimony before the U.S. Congress' International Operations and Human Rights Sub-committee of the House International Relations Committee Hearing on Human Rights in Northern Ireland, in which she alleged rampant abuses of the R.U.C. that included disallowing defense attorneys such as herself from being present during R.U.C. interviews with their clients and physical and verbal assaults carried forth against her by R.U.C. officers; and

Whereas, Ms. Nelson's testimony on September 29th, 1998 also detailed death threats made against her and members of her family and reminded Congress of the murder of Patrick Finucane and the unsatisfactory R.U.C investigation that followed; and

Whereas, Earlier on the day that she was murdered, Rosemary Nelson raised concerns about the misuse of power perpetrated by the R.U.C. in regard to the protection of her clients, residents of Garvaghy Road in Portadown, from the systematic intimidation and violence that had become commonplace since a Protestant Orange Order march was re-routed away from the predominantly Catholic neighborhood in the summer of 1998; and

Whereas, Given the documented details of the adverse relationship between the R.U.C. and one of its most vocal critics, Ms. Nelson, the only way to properly reveal the truth behind her murder is to conduct an independent investigation; and

Whereas, It is also necessary to act on the advice of the United Nations Special Rapporteur, members of the United States Congress and several worldwide human rights organizations, legal societies and legislators to conduct an independent inquiry into the murder of Patrick Finucane and the alleged systematic abuses conducted by the Royal Ulster Constabulary; *now, therefore be it*

Resolved: That the Council of the City of New York urges the United Nations to initiate an independent investigation into the murder of civil rights attorney Rosemary Nelson, conduct an independent judicial inquiry into the murder of civil rights attorney Patrick Finucane and investigate the alleged systematic abuses, especially towards defense attorneys, conducted by the Royal Ulster Constabulary.

Adopted.

Int. No. 663

By Council Members Berman, Espada and Nelson (in conjunction with the Mayor)

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the sale of tax liens.

Be it enacted by the Council as follows:

Section 1. The opening paragraph of subdivision b of section 11-319 of the administrative code of the city of New York, as amended by local law number 98 for the year 1997, is amended to read as follows:

b. The commissioner of finance, on behalf of the city, may sell tax liens, either individually, in combinations, or in the aggregate, pursuant to the procedures provided herein. The commissioner of finance shall establish the terms and conditions of a sale of a tax lien or tax liens. [Enactment of the local law that added this sentence shall be deemed to constitute authorization by the council for the commissioner of finance to conduct a sale or sales of tax liens through and including December thirty-first, nineteen hundred ninety-nine.] *Enactment of the local law that added this sentence shall be deemed to constitute authorization by the council for the commissioner of finance to conduct a sale or sales of tax liens through and including July thirty-first, two thousand.* Subsequent to [December thirty-first, nineteen hundred ninety-nine] *July thirty-first, two thousand,* the city shall not have the authority to sell tax liens.

§ 2. This local law shall take effect immediately, provided, however, that if this local law shall have become a law subsequent to December 31, 1999, it shall be retroactive to and deemed to have been in full force and effect as of January 1, 2000.

Res. No. 1094

Resolution calling upon President Clinton to sign and Congress to ratify the treaty banning the production and use of anti-personnel land mines.

By Council Members Carrion, Boyland, Eisland, Freed, Lopez, Marshall, Moskowitz, Nelson, Perkins, Reed, Rodriguez and Warden; also Council Members Foster, Harrison, Koslowitz, Michels and Quinn

Whereas, Land mines are explosive device that are strategically placed in the path of an enemy to hinder their movements; and

Whereas, Every 22 minutes, someone is maimed or killed by a land mine; and

Whereas, Land mines have killed or maimed more than a million people since 1975; and

Whereas, Every year 26,000 civilians, including 8,000-10,000 children, are killed or permanently disabled by land mines; and

Whereas, Because of their small size, a landmine designed to maim an adult can easily kill a child. Sadly, many children set off landmines accidentally, thinking that they are toys; and

Whereas, There are close to 100 million land mines buried in more than 70 countries; and

Whereas, Large tracts of land suitable for agricultural use are rendered unusable due to the presence of mines; and

Whereas, The treaty promulgated by the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and Their Destruction was signed by 135 countries, and ratified by 53 countries; and

Whereas, The absence of the signature and ratification of the treaty by the United States, a country that is home to several of the largest manufacturers of land mines in the world, has hindered the effectiveness of the convention; *now, therefore, be it*

Resolved, The Council of the City of New York calls upon President Clinton to sign and Congress to ratify the treaty banning the production and use of anti-personnel land mines.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1095

Resolution calling upon the City and the State of New York to allocate a percentage of the tobacco settlement funds for special services for elderly New Yorkers, many of whom have smoking related illnesses.

By Council Members Harrison, Boyland, Carrion, Clarke, Malave-Dilan, Freed, Henry, Lopez, Marshall, Nelson, Perkins, Rodriguez, Abel, Fiala, Oddo and Stabile; also Council Members Fisher, Foster, Koslowitz, McCaffrey, Michels, O'Donovan, Povman, Spigner, Watkins and Wooten

Whereas, New York State is due to receive $13 billion over the next 25 years as part of the master settlement agreement forged between 46 states and a number of tobacco companies; and

Whereas, New York City will receive $6.8 billion as its share of the State settlement; and

Whereas, It has been suggested that New York State will use its state share of $13 billion for the uninsured; and

Whereas, According to the Independent Budget Office, the Mayor has indicated that most the City's share will be used to finance $2.5 billion in debt between 2000 and 2003 for the capital program, with the remaining funds to be used for other programs as yet unspecified; and

Whereas, Currently ten states are earmarking a portion of their settlement funds for the elderly, like community-based services, long term and respite care and prescription drugs; and

Whereas, Many of today's elderly are/were smokers and have suffered health-related problems associated with tobacco use; and

Whereas, Many of these elderly tobacco users require special services as a result of disabilities suffered from years of tobacco use; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the City and the State of New York to allocate a percentage of the tobacco settlement funds for special services for elderly New Yorkers, many of whom have smoking related illnesses.

Int. No. 664

By Council Members Koslowitz, Espada and Marshall (by request of the Mayor); also Council Member Rodriguez

A LOCAL LAW to amend the administrative code of the city of New York, in relation to recyclable scrap metal, registration applications for recyclable scrap metal businesses and construction and demolition businesses, auditors and monitors appointed to supervise trade waste businesses, orders to seal premises and remove, seal or render vehicles inoperable, final determinations following hearings by administrative law judges for violation of the provisions of title 16-A and the conduct of trade waste brokers.

Be it enacted by the Council as follows:

Section 1. Section 16-501 of the administrative code of the city of New York, as added by local law 42 for the year 1996, is amended to add a new subdivision e-1 to read as follows:

e-1. "Recyclable scrap metal" shall mean bits or pieces of metal parts or metal pieces that may be combined together with bolts or solderings, including but not limited to bars, turnings, rods, sheets, wire, radiators, scrap automobiles, or railroad box cars, which, when worn or superfluous can be recycled and that are: (1) in excess to the owner of a commercial establishment; and (2) paid for by the person or entity removing such metal.

§ 2. Paragraph (1) of subdivision f of such section is amended to read as follows:

(1) all putrescible and non-putrescible materials or substances, except as described in paragraph (2) of this subdivision, that are discarded or rejected by a commercial establishment required to provide for the removal of its waste pursuant to section 16-116 of this code as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection, including by not limited to garbage, refuse, street sweepings, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, medical waste, offal and any other offensive or noxious material. Such term shall also include recyclable materials, *except for recyclable scrap metal as defined in this section,* as defined in subdivision i of section 16-303 of this code that are generated by such commercial establishments.

§ 3. Section 16-503 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

§ 16-503 Functions. The commission shall be responsible for the licensing, registration and regulation of businesses that remove, collect or dispose of trade waste *and businesses that remove recyclable scrap metal from a commercial establishment* and trade waste brokers.

§ 4. Subdivision a of section 16-504 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

a. To issue and establish standards for the issuance, suspension and revocation of licenses and registrations authorizing the operation of businesses engaged in the collection, removal or disposal of waste *and businesses that remove recyclable scrap metal from a commercial establishment* within the city and trade waste broker businesses, provided that unless otherwise provided herein, the commission may by resolution delegate to the chair the authority to make individual determinations regarding: issuance, suspension and revocation of such licenses and registrations; investigations of background and determinations of fitness in regard to employees of licensees; [and] the appointment of independent auditors and monitors in accordance with the provisions of this chapter; *final determinations following hearings conducted by administrative law judges pursuant to*

section 16-518 of this chapter; and the issuance of orders for the sealing of premises and the removal, sealing or rendering inoperable of vehicles pursuant to section 16-515(e) of this chapter;

§ 5. Section 16-505 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

§ 16-505 Licenses and registration required. a. It shall be unlawful for any person to operate a business for the purpose of the collection of *recyclable scrap metal or* trade waste from the premises of a commercial establishment required to provide for the removal of such *recyclable scrap metal or* waste pursuant to the provisions of section 16-116 of this code, or the removal or disposal of trade waste from such premises, or to engage in, conduct or cause the operation of such a business, without having first obtained a license therefor from the commission pursuant to the provisions of this chapter.

b. Notwithstanding the provisions of [this] subdivision *a of this section,* a business solely engaged in the removal of*: (i) recyclable scrap metal or, (ii)* waste materials resulting from building demolition, construction, alteration or excavation shall be exempt from the licensing provisions of this [subdivision where, except] *section. Except* in regard to the principals of a business solely in either or both of the class seven or the class three category of licensees as defined in rules previously promulgated by the commissioner of consumer affairs pursuant to subchapter eighteen of chapter two of title twenty of this code, *this provision shall apply only where* no principal of [such] *an* applicant *engaged in the removal of waste materials resulting from building demolition, construction, alteration or excavation* is a principal of a business or a former business required to be licensed pursuant to this chapter or such former subchapter eighteen. Grant of such exemption [shall] *may* be made by the commission upon its review of an exemption application *and the issuance of a registration pursuant to section 16-507 of this chapter* [,]. *Such application* [which] shall be in the form and contain the information prescribed by rule of the commission and shall be accompanied by a statement by the applicant describing the nature of the applicant's business and listing all principals of such business, *provided, however, that the commission may, prior to completion of its review of such exemption application, require that the applicant submit additional information to assist the commission in its review.*

[b]*c.* It shall be unlawful for any person to remove, collect or dispose of trade waste *or recyclable scrap metal* that is generated in the course of operation of such person's business, or to operate as a trade waste broker, without first having registered with the commission. Nothing in this subdivision shall be construed to require registration with the commission of (i) a commercial establishment required to provide for the removal of waste pursuant to section 16-116 of this code in order for such establishment to remove recyclable materials generated in the course of its own business to a location owned or leased by such establishment for the purpose of collecting or storing such materials for sale or further distribution; (ii) an owner or managing agent of a building in order to remove recyclable materials generated by commercial tenants within such building to a central location within such building for the purpose of collecting or storing such materials for sale or further distribution; or (iii) an owner of an establishment required to provide for the removal of waste pursuant to section 16-116 of this code in order to transport beverage containers, as such term is defined in section 27-1003 of the environmental conservation law, or any other recyclable material generated in the course of operation of its own business, to a redemption center, as such term is defined in section 27-1003 of such law, or to any other place where payment will be received by the commercial establishment for such materials. Notwithstanding any other provision of this subdivision, a business granted an exemption from the requirement for a license pursuant to subdivision b of this section shall, *subject to the provisions of section 16-507 of this chapter,* be thereupon issued a registration pursuant to this subdivision.

[c]*d.* A license or registration issued pursuant to this chapter or any rule promulgated hereunder shall not be transferred or assigned to any person or used by any person other than the licensee or registrant to whom it was issued.

§ 6. Section 16-507 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

§ 16-507 Registration application.

a. Except in the case of a business [issued a registration by reason of the]*that has submitted an application for a* grant of an exemption from the requirement for a license pursuant to *the provisions of* section 16-505 of this chapter, an applicant for registration shall submit an application on a form prescribed by the commission and containing such information as the commission determines will adequately identify the business of such applicant. An applicant for registration to remove trade waste generated in the course of such applicant's business shall identify, in a manner to be prescribed by the commission, each vehicle that will transport waste pursuant to such registration. An application for registration as a trade waste broker shall contain information regarding any financial, contractual or employment relationship between such broker and a trade waste business. Any such relationship shall be indicated on the registration issued to such broker.

b. A registrant shall, in accordance with rules promulgated by the commission pursuant to section 16-504 of this chapter, inform the commission of any changes in the ownership composition of the registrant, the addition or deletion of any principal at any time subsequent to the issuance of the registration, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted on the application for registration.

c. (i) Notwithstanding any provision of this chapter, the commission may, when there is reasonable cause to believe that a trade waste broker who is an applicant for registration, *or business that has submitted an application for a grant of exemption from the requirement for a license pursuant to the provisions of section 16-505 of this chapter,* lacks good character, honesty and integrity, require that *the principals of* such *business or such* applicant be fingerprinted and provide to the commission the information set forth in subdivision b of section 16-508 of this chapter and may, after notice and the opportunity to be heard, refuse to register such *business or such* applicant for the reasons set forth in paragraphs (i) through (xi) of subdivision a of section 16-509 of this chapter.

(ii) If at any time subsequent to the registration of a trade waste broker or the issuance of a registration issued by reason of the grant of an exemption from the requirement for a license pursuant to section 16-505 of this chapter, the commission has reasonable cause to believe that any or all of the principals of such broker or such exempt business do not possess good character, honesty and integrity, the commission may require that such principal(s) be fingerprinted and provide the background information required by subdivision b of section 16-508 of this chapter and may, after notice and the opportunity to be heard, revoke the registration of such trade waste broker or such exempt business for the reasons set forth in paragraphs (i) through (x) of subdivision a of section 16-509 of this chapter.

§ 7. Subdivision a of section 16-511 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

§ 16-511 Independent auditing or monitoring required.

a. The commission may, in the event the background investigation conducted pursuant to section 16-508 of this chapter produces adverse information, require as a condition of *the issuance or continuance of* a license that the *applicant or* licensee enter into a contract with an independent auditor *or monitor* approved or selected by the commission *to monitor or supervise, in the manner prescribed by the commission, the business operations of the licensee, including but not limited to compliance with legal and regulatory requirements.* Such contract, the cost of which shall be paid by the licensee, shall provide that the auditor *or monitor* investigate the activities of the licensee with respect to the licensee's compliance with the provisions of this chapter, other applicable federal, state and local laws and such other matters as *may be prescribed by order of* the commission [shall determine by rule]. The contract shall provide further that the auditor report the findings of such monitoring and investigation to the commission on a periodic basis, no less than four times a year.

§ 8. Section 16-518 of such code, as added by local law number 42 for the year 1996, is amended to read as follows:

a. Hearings. [a.] A hearing pursuant to this chapter may be conducted by the commission, or, in the discretion of the commission, by an administrative law judge employed by the office of administrative trials and hearings, *the department of consumer affairs,* or other administrative tribunal of competent jurisdiction. Where a hearing pursuant to a provision of this chapter is conducted by an administrative law judge, such judge shall submit recommended findings of fact and a recommended decision to the commission, which shall make the final determination.

[b. Notwithstanding the provisions of subdivision a of this section, the commission may provide by rule that hearings or specified categories of hearings pursuant to this chapter may be conducted by the department of consumer affairs. Where the department of consumer affairs conducts such hearings, the commissioner of consumer affairs shall make the final determination.]

§ 9. Subdivision c of section 16-521 of such code, as amended by local law number 42 for the year 1996, is amended to read as follows:

c. A trade waste broker who brokers a transaction between a commercial establishment seeking trade waste removal, collection or disposal services and a trade waste business required to be licensed pursuant to this chapter shall not request or accept payment from such trade waste business *or any person or entity affiliated with or acting on behalf of such business.*

§ 10. This local law shall take effect immediately, provided, however that no enforcement of the requirement that a recyclable scrap metal business apply for a license exemption pursuant to subdivision b of section 16-505 of the administrative code of the city of New York, as amended by section 5 of this local law, shall take place until thirty days following the promulgation by the New York city trade waste commission of rules implementing such requirement; and provided, further, that no enforcement of such requirement shall take place with respect to such a business (i) that has been in operation at any time during the ninety day period prior to the effective date of this local law, (ii) that has submitted the application for such exemption by the date specified by the commission and in the form and containing the information required by the commission, and (iii) whose application for such exemption has not been denied.

Int. No. 665

By Council Members Leffler, Dear, Lopez, Perkins and Stabile (by request of the Mayor); also Council Members Foster, Povman, Fiala and Golden

A LOCAL LAW to amend the New York city charter, in relation to the establishment of an organized crime control commission.

Be it enacted by the Council as follows:

Section 1. The New York city charter is amended by adding a new chapter 32 to read as follows:

Chapter 32

Organized Crime Control Commission

§ 771. Declaration of intent. For many decades, organized crime has exerted a corrupting and destructive influence on certain sectors of the economy of the city of New York. For example, organized crime activities have pervaded the public wholesale food markets, the private garbage carting industry and the gambling industry. That influence can be diminished and ultimately eliminated through sustained law enforcement efforts and regulatory programs aimed at removing organized crime from these areas of the city's economic life. Therefore, in pursuit of the goal of eliminating organized crime, it is necessary and appropriate to centralize and coordinate certain city programs in a single authority.

§ 772. Commission. There shall be an organized crime control commission, which shall be comprised of a full-time chairperson appointed by the mayor and of the commissioners of the department of business services, the department of consumer affairs, the department of investigation, the police department and the department of sanitation, or their designees. The commission shall have a staff, serving under the direction of the chairperson, which may include investigators, auditors, attorneys, members of the New York city police department and such other personnel as may be appropriate to accomplish the commission's tasks.

§ 773. Jurisdiction and authority. a. Notwithstanding any inconsistent provision of the administrative code, the commission shall have all of the jurisdiction and authority conferred on (i) the department of business services and the department of investigation pursuant to chapters one-A and one-B of title twenty-two of the administrative code and local law number 50 for the year 1995, local law number 28 for the year 1997 and local law number 27 for the year 1998, relating to the fulton fish market, other seafood distribution areas and other public wholesale markets, (ii) the New York city trade waste commission pursuant to chapter one of title sixteen-A of the administrative code and local law number 42 for the year 1996, relating to commercial waste removal and (iii) the New York city gambling control commission pursuant to chapter one of title twenty-A of the administrative code and local law number 57 for the year 1997, relating to the regulation of shipboard gambling.

b. The commission shall have such other jurisdiction and authority as shall he conferred upon the commission by local law.

§ 774. Powers. The commission shall have the full range of investigative and regulatory powers available to the city of New York and within its jurisdiction and authority, including, without limitation, the power to issue subpoenas for documents and for testimony, the power to compel the attendance of persons to produce documents and to give testimony under oath, and the power to promulgate rules.

§ 775. Cooperation with other agencies. The commission shall provide such assistance to the mayor and other agencies as requested and shall establish liaison and information-sharing arrangements with other law enforcement, prosecutorial, investigative and regulatory agencies as it deems appropriate.

§ 2. This local law shall take effect on the sixtieth day after it shall have become a law.

Referred to the Committee on Public Safety.

Int. No. 666

By Council Members Miller, Nelson, Boyland, Eisland and Marshall; also Council Members Harrison, Henry, Koslowitz, Michels, O'Donovan, Povman and Quinn

A LOCAL LAW to amend the administrative code of the city of New York, in relation to enhancing the safety of pedestrians and the clear travel of motorists.

Be it enacted by the Council as follows:

Section one. Subchapter 3 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding thereto a new section 19-180 to read as follows:

§ 19-180. Installation of exclusive pedestrian phases. a. For purposes of this section, "exclusive pedestrian phase" shall mean when all vehicular traffic is stopped and pedestrians are allowed to cross the intersection in any direction including diagonally.

1. Within six months of the effective date of this local law, the commissioner shall install exclusive pedestrian phase traffic signals at all pedestrian intersections, except at those intersections where the commissioner determines, after a study, that installation of an exclusive pedestrian phase traffic signal would be adverse to pedestrian safety.

§ 2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Transportation.

SUPREME COURT

■ NOTICE

NOTICE OF ACQUISITION
BRONX COUNTY
INDEX NUMBER 702/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the BRONX CRIMINAL COURT COMPLEX located within the area generally bounded by East 161st Street, Grant Avenue, East 162nd Street, and Morris Avenue in the Borough of the Bronx, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Bronx, duly entered in the office of the Clerk of the County of the Bronx on May 9, 2000, the application of the City of New York to acquire certain real property, for the BRONX CRIMINAL COURT COMPLEX, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of the Bronx or the City Register. Said map, showing the property acquired by the City, was filed with said Clerk or with the City Register on May 11, 2000. Title to the real property vested in the City of New York on May 11, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2444	32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54, 146

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 11, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 11, 2002 (which is two (2) calendar years from the title vesting date).

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

Running thence westwardly along the northerly line of West 29th Street for 47.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 26.33 feet to a point;

Thence westwardly along a line forming, on its northerly side, an angle of 270 degrees with the easterly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 45.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 72.42 feet to a point on the southerly line of Tax Lot 1 in Manhattan Tax Block 675;

Thence eastwardly along the southerly lines of Tax Lot 1 and Tax Lot 39 in Manhattan Tax Block 675, being along a line forming, on its southerly side, an angle of 90 degrees with the easterly side of the last described course, for 93.00 feet to a point on the westerly line of Tax Lot 24 in Manhattan Tax Block 675;

Thence southwardly along the westerly line of Tax Lot 24 in Manhattan Tax Block 675, being along a line forming, on its westerly side, an angle of 90 degrees with the southerly side of the last described course, for 98.75 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 12 in Manhattan Tax Block 675.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

NOTICE OF ACQUISITION
RICHMOND COUNTY
INDEX NUMBER 3019/00

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property and a Sewer Easement where not heretofore acquired for **RICHMOND CREEK STATEN ISLAND BLUEBELT SYSTEM PHASE 2** located in the area generally bounded by Mace Street, Richmond Hill Road, St. George Road, Aultman Avenue, St. Andrews Road, Lighthouse Avenue and Boyle Place, including the portions of the mapped street beds of Mace Street, Spruce Street, Nugent Street, Eleanor Street and Ascot Avenue along Richmond Creek Community District 2, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings for the County of Richmond, duly entered in the office of the Clerk of the County of Richmond on May 23, 2000, the application of the City of New York to acquire certain real property, for the **RICHMOND CREEK STATEN ISLAND BLUEBELT SYSTEM PHASE 2,** was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, showing the property acquired by the City, was filed with said Clerk May 23, 2000. Title to the real property vested in the City of New York on May 23, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2290	29, 31, 37
2283	66

BLOCK	LOT(S)

Part of the street bed of Spruce Street between St. George Road and St. Andrews Road
Part of the street bed of Mace Street between Richmond Hill Road and Block 2290, Lot 67
Part of the street bed of Mace Street between Block 2290, Lot 67 and Lighthouse Avenue
Part of the street bed of Mace Street between Lighthouse Avenue and Block 2281, Lot 171
Part of the street bed of Spruce Street between Mace Street and St. Andrews Road

A sewer easement running through portions of Lots 6, 14, 67 and 70 in Block 2292 between St. George Road and St. Andrews Road
Part of Ascot Avenue between Nugent Street and St. George Road

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 23, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 23, 2002 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,
110 William Street, 2nd Floor,
New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

A job order contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects at various wastewater treatment plants and facilities within Regional Group 1 in New York City. The bid documents include a book of construction tasks with preset unit prices and related specifications. The contractors will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices and the appropriate quantities by one of the competitively bid adjustment factors.

Interested bidders must attend two mandatory pre-bid conferences. The first mandatory pre-bid conference will be held June 20, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the specifics of the contract, how the contract will be administered, and the type of projects that will be performed. The second mandatory pre-bid conference will be held June 23, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the book of construction tasks, unit prices, and the calculation of the adjustment factor. Attendance at both pre-bid conferences is mandatory. Failure to attend both pre-bid conferences may result in a determination of non-responsiveness.

Bid documents will be available from the Contract Management Unit, 59-17 Junction Blvd., 17th Floor, Corona, NY 11368 after the first mandatory pre-bid conference. For questions concerning this procurement, contact Carol Fenves at (718) 595-3225.

USGSO&M01 – Contract with Another Government – PIN# 82601USGSO&M – DUE 06-26-00 – Pursuant to Section 3-13 of the PPB Rules, DEP, Bureau of Water Supply intends to enter into an Agreement with United States Geological Survey ("USGS"), for Operation and Maintenance Agreement for the Hydrologic Monitoring Network. The DEP has determined to use this procurement method because the USGS is intimately familiar with the work, having been involved with the initial planning and installation of the network. This contract will: 1) ensure the collection, interpretation, management, and publication of streamflow data, and 2) provide real-time or near real-time transmission of streamflow data, and 3) collect water quality data at selected sites in the Hydrologic Monitoring Network in the NYC watershed. USGS involvement will ensure the continuity and quality of information provided to DEP by this network. Any "intellectual product" developed will be public domain. Qualified suppliers that wish to express their interest in providing such services in the future are invited to submit expressions of interest, which must be received no later than June 26, 2000, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, NY 11368 Attn: Debra Butlien (718) 595-3423.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REQUEST FOR PROPOSALS FOR PRESUBSCRIPTION LONG DISTANCE SERVICE AND LONG DISTANCE OPERATOR SERVICE FOR CERTAIN PUBLIC PAY TELEPHONES LOCATED ON, *OVER OR UNDER THE INALIENABLE* PROPERTY OF THE CITY OF NEW YORK AND FOR ALL PUBLIC PAY TELEPHONES AND SEMI PUBLIC PAY TELEPHONES LOCATED IN CITY OWNED OR CITY LEASED BUILDINGS

The City of New York ("the City") has granted to one hundred-three companies the right to receive franchises (the "Franchises") authorizing the provision of public pay telephone service from public pay telephones ("PPTs") located on, over or under the inalienable property of the City of New York, of which seventy-two (72) have been awarded to date. The New York City Department of Information Technology and Telecommunications ("DoITT") is responsible for the administration of such Franchises. The City has also authorized the provision of public pay telephone service from PPTs and semi-public pay telephones ("SPPTs") located in certain City-owned or City-leased buildings. This Request For Proposals ("RFP") addresses the selection by DoITT, on behalf of the City as location provider, of presubscription interLATA services for certain PPTs permitted under the Franchises and certain PPTs and SPPTs located in buildings owned or partly or wholly leased by the City. The selected provider will be required to pay the City (and in some cases the holder of a Franchise ("Franchisee") who owns a particular PPT ("Franchisee/Owner") a commission in return for the designation pursuant to this RFP as provider of presubscription services from applicable PPTs and SPPTs. Questions to the City regarding the substance of this RFP *must be in written form* and must be directed to the authorized DoITT contact person designated on the RFP cover sheet. Questions will be accepted up to the close of business on July 5, 2000. Responses to questions will be sent out as addenda to all prospective proposers who received or requested this RFP from DoITT or attended the pre-proposal conference referred to in Section 4.5 of this RFP.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(9-a) of the Public Authorities Law, that after public hearings were held on May 1, 2, 3 and 4, 2000, in accordance with the provisions of such law, the New York City Water

Board (the "Board") has, at its meeting held on May 12, 2000, adopted a resolution approving increases in water rates to users of the Water Supply System within the City of New York for the fiscal year commencing July 1, 2000, from those rates currently in effect, and approving certain customer service and billing policy changes, as follows:

Effective July 1, 2000, water rates for all in-City customers, metered and unmetered, will increase by 1.0 % over the rates in effect during Fiscal Year 2000. The wastewater rate will remain at 159% of the applicable water charge.

The following changes to the billing policy provisions and procedures of the Rate Schedule were approved:

I. Multiple Family Conservation Proposal

This proposal to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings will replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001.

II. Charges for Steam Condensate Discharges to Sewer System

The Board approved explicit charges for Steam Condensate discharges into the wastewater system contingent upon Consolidated Edison of New York executing a Memorandum of Understanding ("MOU") with the City. The MOU was executed in May 2000 and steam condensate charges will go into effect, as follows:

(1) In the case of End of System Condensate Discharges:

A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.

B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.

C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

III. Other Billing Policy Changes

Certain billing and customer service policies have been changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy. An equivalent will be accepted in instances where no Certificate of Occupancy exists.

(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Charge; eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.

(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.

(4) Flat Rate Account Reconciliation Fee - new miscellaneous fee of $25 to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system to ensure that the account will not be backbilled prior to their ownership.

(5) Refunds - credit balances will be applied against other accounts of the same owner prior to a refund being issued.

(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter are required to file an engineer's report; accounts with delinquent charges will, upon notice, have Wastewater Allowances revoked.

(7) Meter Surcharge - annual surcharge to be imposed when a customer fails to install a meter.

(8) Permanent Boiler - defines instances where this existing frontage charge may be applied.

(9) Backbilling Limitation - definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.

INVOCATION

God Our Creator
We gather as men and women of the Millennium.
We come to You this day on the eve of religious celebrations
Holidays and Sacred Seasons.
And the beginning of a new era . . . a new time . . . in this city's history.

We come here today in this chamber to deliberate issues
vote on certain bills and in a very real manner make a difference
In the lives of the people of this great City.

We gather today at the end of one era and the beginning of another
We gather in humility and hope.
In the spirit of this sacred season and expectation of this millennium
Let us bow our heads and open our hearts:

May we as a people—
May we as members of the City Council—
Be guided by the divine and lead us
To rediscover the sacred flame of our national heritage.

Let the wounds of separation and division be healed by opening our hearts to listen to truth (on all sides) allowing us to find a higher truth that includes us all

May we learn to honor and enjoy our diversity and difference
As a people . . . . even as we more deeply touch our fundamental Sense of Unity.

May we as a people undergo an inner transformation that will draw forth individuals to lead our city—
leaders who embody courage, compassion and a higher vision.

May our leaders inspire us—
And we so inspire each other with our potential
That a new Spirit of forgiveness, caring, and honesty be born in our city and our nation.

May we (as a members of this Council) move with clear, directed purpose to take our place within our communities—
And help build a better future for all in this magnificent city

May we as a city Council rededicate ourselves to truly living as one
Under God, indivisible, with liberty and justice for all.

We come as men and women of the millennium
Gathered here we are a community—
Discerning legislation, empowering groups and neighborhoods,
Compassionate in our deliberations

We come as men and women of the millennium
We gather and foster change
Encouraging inner and outer healing
While willing to be in the caldron of transformation
We recognize our wholeness and holiness
Willing to grow in peace and power

We come as men and women of the millennium
We are witnesses to the pain and injustice
Within this city—
Yet we are willing to be also compassionate in the struggle
We believe also in equality and diversity
While also respecting differences—
We believe that giving is the act of receiving
In healing ourselves . . . we heal the city

We come and gather as men and women of the millennium
Signifying our role as servants and stewards of this city
By saying: Amen

Council Member Freed moved that the invocation be spread in full upon the Minutes and adopted.

Adoption of Minutes

Motion that the Minutes of the Stated Meeting of Tuesday, November 23, 1999 be adopted and printed by Council Member Berman with the following correction: Int. No. 291-A was laid over again on the General Order Calendar.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Aging

Res. No. 800

Report of the Committee on Aging in favor of a resolution calling upon the New York State Legislature and the Governor to enact legislation establishing senior citizen MetroCards as legal identification in New York city.

The Committee on Aging to which it was referred on May 26, 1999 (Minutes, page 1281) the annexed resolution respectfully

REPORTS:

The Metropolitan Transit Authority (MTA) is authorized as a public health corporation by the New York State Public Authorities Law, chapter 43-A, section 1263. Section 1264 of that law states that the MTA shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by the law.

One of the MTA's duties is the issuance of senior citizen MetroCards. They are available to individuals who are sixty-five years of age and over and who can show proof of that fact. For example, in order to obtain a senior citizen MetroCard, seniors may present a driver's license, a non-driver identification, a birth certificate or a passport as proof of age. Senior citizen MetroCards contain a current photograph of the individual in addition to the individual's signature.

Senior citizen MetroCards are often the only form of identification that many seniors carry along with their Medicare cards. Many seniors no longer have drivers licenses. Moreover, since many seniors are living on fixed incomes, it is very difficult for them to obtain other forms of identification because of the related costs. The issuance of senior citizen MetroCards, however, is efficient and cost effective for seniors. Buses and vans,

which travel throughout the city offering MetroCards for sale, make the acquisition of MetroCards very accessible. No additional costs are involved for seniors obtaining these cards beyond the amount of the fare for transportation. Additionally, the documentation required to obtain a senior citizen MetroCard is easily available and involves no extra cost. Therefore, and in consideration of the fact that the MTA is an authorized governmental entity, Resolution No. 800 calls upon the New York State Legislature and the Governor to enact legislation establishing senior citizen MetroCards as legal identification in New York City.

Staff of the New York City Council contacted some banks in New York City in order to gauge their reaction to the proposal that senior citizen MetroCards be accepted as valid identification. Surprisingly, each bank representative contacted was unaware of what a senior citizen MetroCard was. But when it was explained, they all thought there would be no problem accepting them and even seemed to welcome the opportunity to do so Each bank requested that Council staff send them any information staff had.

Accordingly, Your Committee recommends its adoption.

(For text, see Introduction and Reading of Bills printed in the Minutes of the Stated Meeting on May 26, 1999, page 1281).)

JULIA HARRISON, Chairperson; KAREN KOSLOWITZ, UNA CLARKE, LUCY CRUZ, THOMAS WHITE JR., HOWARD L. LASHER, TRACY BOYLAND, MICHAEL NELSON—December 14, 1999

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Report of the Committee on Economic Development

Res. No. 1039-A

Report of the Committee on Economic Development in favor of approving, as amended, a resolution calling upon the Public Service Commission to promptly review the Communication Workers of America petition which alleges a violation of the P.S.C.'s March 21, 1997 Order approving the merger of Bell Atlantic and NYNEX.

The Committee on Economic Development to which it was referred on October 27, 1999 (Minutes, page 2545) the annexed amended resolution respectfully

REPORTS:

On Thursday, December 9, 1999 the Committee on Economic Development, chaired by Council Member Jerome X. O'Donovan, is expected to vote on Resolution No. 1039-A, which follows the Committee's oversight hearing conducted on October 14, 1999 on the proposed Bell Atlantic movement of jobs out of the New York City metropolitan area. The Committee heard from representatives of the Communications Workers of America (CWA) and representatives of NY Jobs with Justice, a community-based coalition group for workers-rights.

Bell Atlantic Office Relocations

Beginning on March 31st of this year Bell Atlantic began closing two Accounting Department offices, one located at 1166 Avenue of the Americas in Manhattan and the other at 395 Flatbush Avenue in Brooklyn, resulting in the relocation and/or loss of over 200 good paying jobs. The Manhattan and Brooklyn offices performed Bell Atlantic's accounting functions, including payroll and customer billing operations. These functions and their associated jobs were transferred to Massachusetts and Pennsylvania. The Brooklyn office had approximately 148 clerical workers while the Manhattan office had 55 workers.

Impact of Office Closings

At the October 14th hearing the Committee learned that CWA had commissioned a study by the Five Borough Institute on the impact of the Bell Atlantic office closure, *Bell Atlantic Office Closings: Their Cost to the African-American Community and to the City*, which found that the planned closure would have a substantial adverse affect on both the individual workers involved and on the City's economy. The study found that the 203 Accounting Operation Clerk or Financial Clerk workers earned from $39,440 to $42,700 annually, with a total compensation package of at least $56,000 annually, that 70% of the workers were African-American women (142), that 85% were persons of color (172) and 91% were 46 years of age or older (185). The study concluded that the potential cost to New York City would be 462 full-time year-round jobs, $22 million in lost earnings and $1.2 million in lost non-property tax revenues using standard multiplier analysis but that the workers choosing early retirement would have difficulty finding alternative employment due to the weak New York City job market for these types of positions. The Committee heard testimony that 125 of the 203 workers impacted by the office closings had chosen early retirement packages.

Bell Atlantic – NYNEX Merger

Bell Atlantic is multi-national, Fortune 500 (ranked 25th) corporation, headquartered in New York City, providing telecommunications services on over 43 million telephone access lines and to 9 million wireless customers worldwide.

On April 22, 1996 Bell Atlantic and NYNEX Board of Directors announced an agreement to merge the two companies into one of the largest providers of local and global telecommunications in the world. By November 1996 the shareholders of Bell Atlantic approved the merger and the CWA announced their support for the merger. Between November 1996 and March 1997, the Public Utilities or Public Service Commissions of the states of Connecticut, Maine, Massachusetts, New Hampshire and Vermont approve the merger of the two companies. In August 1997 Bell Atlantic and NYNEX completed the merger after receiving antitrust clearance from the United States Department of Justice and approval by the United States Federal Communications Commission.

Bell Atlantic and NYNEX submitted a joint petition seeking approval of the merger to the New York State Public Service Commission (PSC), the state regulatory agency for telecommunications in New York State. After extensive negotiations and public hearings, the PSC, as part of that approval process issued an order on March 21, 1997 setting forth certain conditions to be followed by Bell Atlantic (Opinion No. 97-8). One of the conditions for approval of the merger was that "[t]he merged company shall establish its permanent headquarters in New York City and existing major New York Telephone or NYNEX functions shall not be relocated outside of New York State" (March 21, 1997 – Order No. 2).

The representatives of CWA indicated at the time of the Committee's hearing that they were preparing a file a petition with the PSC, charging that Bell Atlantic's relocation of the two offices violates the March 21, 1997 merger order by PSC. The petition was filed with the PSC on November 10, 1999. In seeking its relief, CWA requested that the PSC compel Bell Atlantic to comply with the March 21, 1997 merger order or, in the alternative, issue an order for Bell Atlantic to show cause why it should not be sanctioned pursuant to Sections 24 and 25 of the Public Service Law.

City Council Action Since October 14th Hearing

On October 25th Chairman O'Donovan and Council Member Quinn, together with thirty-two other Council Members, submitted a letter to Ms. Debra Renner, the Acting Secretary of the New York State Public Service Commission, requesting that the PSC approve the petition submitted by CWA and to require Bell Atlantic to return all payroll and customer billing functions and work to New York.

Resolution No. 1039 was amended by changing the title of the resolution and indicating the correct time when that the CWA petition had been filed with the PSC.

Accordingly, Your Committee recommends its adoption, as amended.

Resolution calling upon the Public Service Commission to promptly review the Communication Workers of America petition which alleges a violation of the PSC's March 21, 1997 Order approving the merger of Bell Atlantic and NYNEX.

Whereas, Bell Atlantic is a multi-national, Fortune 500 (ranked 25th) corporation, headquartered in New York City, providing telecommunications services on over 43 million telephone access lines and to 9 million wireless telephone customers worldwide; and

Whereas, According to its annual report as of June 1999 Bell Atlantic provided wireline service to 13 eastern states and the District of Columbia, including New York City, wireless service to 25 states and the District of Columbia, has operations in over 20 nations, employs over 142,830 workers and as of December 1998 Bell Atlantic had total assets of $55.1 billion, operating revenues of $31.6 billion and a net income of $13.8 billion; and

Whereas, On April 22, 1996 Bell Atlantic and NYNEX Boards of Directors announced an agreement to merge the two companies into one of the largest providers of local and global telecommunications in the world; and

Whereas, Between November 1996 and March 1997, the relevant regulatory bodies of the states of Connecticut, Maine, Massachusetts, New Hampshire and Vermont approved the merger of the two companies and the merger received antitrust clearance from the United State Department of Justice and approval by the United States Federal Communications Commission; and

Whereas, Bell Atlantic and NYNEX completed the merger in August 1997; and

Whereas, Bell Atlantic and NYNEX submitted a joint petition to the New York State Public Service Commission (PSC), the state regulatory agency for telecommunications in New York State, for approval of the merger; and

Whereas, After extensive negotiations and public hearings, the PSC, as part of its approval for Bell Atlantic's merger with NYNEX, issued an order on March 21, 1997 (Opinion No. 97-8) setting forth certain conditions to be followed by Bell Atlantic, including the condition that "[t]he merged company shall establish its permanent headquarters in New York City and existing major New York Telephone or NYNEX functions shall not be relocated outside of New York State"; and

Whereas, The Manhattan and Brooklyn offices perform Bell Atlantic's major accounting functions, including all payroll, revenue accounts and customer billing operations for the former NYNEX and its subsidiaries, which will be entirely transferred to Massachusetts and Pennsylvania as a result of the closings; and

Whereas, The Brooklyn office had approximately 148 clerical workers while the Manhattan office had 55 workers, who earn from $39,440 to $42,700 annually in the Accounting Operation Clerk or Financial Clerk job titles; and

Whereas, The Communications Workers of America (CWA), which represents these 203 workers, filed a petition in early November 1999 with the PSC, charging that Bell Atlantic's relocation of the two offices violates the March 21, 1997 merger order by PSC; and

Whereas, The study found that the 203 clerical worker positions paid at least $39,000 in wages, with a total compensation package of at least $56,000 annually, that 70% of the workers were African-American woman (142), that 85% were persons of color (172) and 91% were 46 years of age or older (185); and

Whereas, The study concluded that the potential cost to New York City would be 462 full-time year-round jobs, $22 million in lost earnings and $1.2 million in lost non-property tax revenues using standard multiplier analysis and that the workers choosing early retirement would have difficulty finding alternative employment due to the weak New York City job market; and

Whereas, The Council of the City of New York is concerned about the loss of well paying jobs and the potential adverse economic impact to the City of New York by these office closings; and

Whereas, The Council of the City of New York is concerned that due to importance and urgency of the CWA petition that it be reviewed fully and fairly on an expedited basis, *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Public Service Commission to promptly review the Communication Workers of America petition which alleges a violation of the PSC's March 21, 1997 Order approving the merger of Bell Atlantic and NYNEX.

Reports of the Committee on Finance

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-751

Report of the Committee on Finance in favor of a communication from the Office of Management & Budget — Transfer of $33,790 in Fiscal Year 2000 from the budget of the Office of The Bronx Borough President to the budgets of various city agencies, pursuant to Section 107(b) of the New York City Charter. (MN-3).

The Committee on Finance to which it was referred on December 16, 1999, the annexed communication respectfully

REPORTS:

By letter dated December 7, 1999, the Director of the Office of Management and Budget submitted to the Council pursuant to section 107(b) of the New York City Charter a request for approval to transfer funds totaling $33,790 from the budget of the Office of the Bronx Borough President to the Department of Youth & Community Development and the Administration for Children's Services.

This modification (MN-3) represents the transfer of Borough President's Fiscal 2000 discretionary funds to the Department of Youth & Community Development and the Administration for Children's Services, for three programs which were under-funded in the Adopted Budget.

The Department of Youth & Community Development would receive a total of $19,501 for two programs. The La Peninsula Community Organization, located in Hunts Point, would receive $14,501 to fund educational and vocational training to the parents of children in its Head Start Program. The San Gennaro Senior Citizen Center, located in Morris Park, would receive $5,000 to fund recreational and other social activities.

The Administration for Children's Services would receive a total of $14,289 for the Kingsbridge Heights Community Center's Sexual Abuse Prevention Program, which offers preventive and therapeutic services.

This modification would not result in an increase in the Fiscal 2000 budget, as it represents the transfer of funds between agencies.

At a meeting of the Committee on Finance of the City Council of the City of New York on December 16, 1999, the Committee on Finance received a communication, dated December 7, 1999, from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 2000 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 7, 1999, the Council adopted the expense budget for fiscal year 2000 (the "Fiscal 1999 Expense Budget"). The modification (MN-3) represents the transfer of the Borough President's Fiscal 2000 discretionary funds to the Department of Youth & Community Development and the Administration for Children's Services, for three programs which were under-funded in the Adopted Budget.

The Department of Youth & Community Development would receive a total of $19,501 for two programs. The La Peninsula Community Organization, located in Hunts Point, would receive $14,501 to fund educational and vocational training to the parents of children in its Head Start Program. The San Gennaro Senior Citizen Center, located in Morris Park, would receive $5,000 to fund recreational and other social activities.

The Administration for Children's Services would receive a total of $14,289 for the Kingsbridge Heights Community Center's Sexual Abuse Prevention Program, which offers preventive and therapeutic services.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1128

Resolution approving the modification (MN-3) of units of appropriation and the transfer of city funds between agencies proposed by the Mayor pursuant to Section 107(b) of the Charter of the City of New York.

By Council Member Berman:

Whereas, at a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on December 16, 1999, the Committee on Finance received a communication, dated December 7, 1999, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto as Exhibit A (the "Modification"), to modify units of appropriation and transfer city funds between various agencies in the fiscal year 2000 expense budget as adopted by the Council on June 7, 1999, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter"); and

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days after the first stated meeting of the City Council following such receipt within which to act upon the Modification;

Now, therefore, The Council of The City of New York hereby resolves as follows:

1. ***Approval of Modification.*** The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

2. ***Effective Date.*** This resolution shall take effect as of the date hereof.

L.U. No. 617

Report of the Committee on Finance in favor of approving an application No. 20005137 HAK, an Urban Development Action Area Project, located in Community Board 13, Council District No. 47, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to § 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which it was referred on December 7, 1999 (Minutes, page 2875) the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML), the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for moderate income persons. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these city-owned properties as Urban Development Action Area Projects.

SUMMARY OF PROPERTIES

LU	PROGRAM/ HDFC	PROJECT SITE(S)	BORO	COUNCIL MEMBER	BLDGS./ DU'S	TERM OF EXEMPTION	FIRST YEAR EXEMPT AMOUNT	TOTAL EXEMPT AMOUNT
617	Partnership New Homes Program NYC Partnership HDFC, Inc.	Mermaid Ave. – Phase II A	BK	Lasher	19/19	2002-2021 (20 years)	$29,600	$558,000

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $70,950).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1129

Resolution approving an Urban Development Action Area Project (Mermaid Avenue Phase IIA) located between West 23rd and West 25th Streets and between Mermaid and Neptune Avenues (Block 7014/Lots 42, 43, 44, 45, 46, 49, 50; and Block 7056/Lots 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 617; 20005137HAK).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 2, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") (Mermaid Avenue Phase IIA) located between West 23rd and West 25th Streets and between Mermaid and Neptune Avenues (Block 7014/Lots 42, 43, 44, 45, 46, 49, 50; and Block 7056/Lots 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on December 13, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

The Committee on Land Use to which it was referred on September 29, 1999 (Minutes, page 2315) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by Victory Worldwide Transportation, Inc. pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 21d, changing from an R3-2 District to a C8-1 District property bounded by Osgood Avenue, Wiederer Place, Waverly Place and Targee Street, as shown on a diagram (for illustrative purposes only) dated August 2, 1999.

The intent is to make a pre-existing non-conforming use conforming.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1131

Resolution approving the decision of the City Planning Commission on ULURP No. C 990444 ZMR, a Zoning Map Change (L.U. No. 573).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on December 2, 1999 its decision dated November 24, 1999 (the "Decision"), on the application submitted by the Victory Worldwide Transportation, Inc., pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 990444 ZMR) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on December 13, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on August 2, 1999 (CEQR No. 99DCP033R);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 21d, changing from an R3-2 District to a C8-1 District property bounded by Osgood Avenue, Wiederer Place, Waverly Place, and Targee Street, Borough of Staten Island, Community District 1, as shown on a diagram (for illustrative purposes only) dated August 2, 1999.

Report of the Committee on Land Use in favor of approving an application No. 19995425 TCQ, pursuant to § 20-226 of the Administrative Code of the City of New York, concerning the petition of Café Kolonaki, Inc., to establish, maintain and operate an unenclosed sidewalk café located at 33-02 Broadway, Borough of Queens, Council District No. 22. This application is subject to review and action by the Land Use Committee only if called-up by vote of the Council pursuant to Rule 11.20b of the Council and § 20-226(g) of the New York City Administrative Code.

The Committee on Land Use to which it was referred on November 10, 1999 (Minutes, page 2607) the annexed Land Use resolution respectfully

REPORTS:

Application pursuant to Section 20-226 of the Administrative Code of the City of New York, concerning the petition of Café Kolonaki, Inc., to establish, maintain and operate an unenclosed sidewalk café located at 33-02 Broadway.

The intent is to allow an eating or drinking place located on a property which abuts the street to establish, maintain and operate an unenclosed service area on the sidewalk of such street.

The concerns of the affected Council Member having been addressed, the committee recommends that the Land Use Committee approve the application.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1132

Resolution approving the petition for a revocable consent for an unenclosed sidewalk café located at 33-02 Broadway (19995425 TCQ; L.U. No. 591).

By Council Members Eisland and McCaffrey

Whereas, the Department of Transportation filed with the Council on November 4, 1999 its approval of the petition of Café Kolonaki, Inc. (the "Applicant"), for a revocable consent to establish, maintain and operate an unenclosed sidewalk café located at 33-02 Broadway, Borough of Queens (the "Petition"), pursuant to Section 20-226 of the New York City Administrative Code (the "Administrative Code");

Whereas, the Petition is subject to review by the Council pursuant to Section 20-226(g) of the Administrative Code;

Whereas, upon due notice, the Council held a public hearing on the Petition on December 13, 1999; and

Whereas, the Applicant has indicated that it shall modify its Petition to seven (7) tables and fourteen (14) chairs;

Whereas, the Council has considered the land use implications and other policy issues relating to the Petition;

Resolved:

Pursuant to Section 20-226 of the Administrative Code, the Council approves the Petition.

ADDRESS	BLOCK/LOT	NON-ULURP NO.	L.U. NO.	PROGRAM PROJECT
112 Seaman Avenue Manhattan	2248/112	20005107 HAM	605	Tenant Ownership Program

HPD requests that the Council:

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the project as Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Committee recommends that the Committee approve the proposal, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1133

Resolution approving an Urban Development Action Area Project located at 112 Seaman Avenue (Block 2248/Lot 112), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 605; 20005107 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated November 3, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 112 Seaman Avenue (Block 2248/Lot 112), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on December 13, 1999;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 581

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, in favor of approving and adopting a local law in relation to a street name, George Gershwin Way, Borough of Manhattan.

The Committee on Parks, Recreation, Cultural Affairs and International Intergoup Relations, to which it was referred on June 30, 1999 (Minutes, page 1850) the annexed amended local law respectfully

REPORTS:

George Gershwin was born in Brooklyn, New York on September 26, 1898, the second son of Morris and Rose Gershwin. He was a poor student and at age fifteen (1913) his parents allowed him to quit school to work in Tin Pan Alley as a piano playing song plugger and composer. By 1917 he achieved his first Broadway theatre connection when he was hired as a rehearsal pianist for a Jerome Kern - Victor Herbert show. In 1919, working with Irving Caesar as lyricist, he wrote the song "Swanee" which was to become his first bonafide hit. "Swanee" was sung by Al Jolson in a 1919 show called "Sinbad" and it became a nationwide success. He composed his first Broadway musical "La La Lucille" the same year and was also commissioned to write the music for "George White's Scandals of 1920". Thus began the musical career of an authentic American genius.

While George Gershwin was neither a jazz musician nor a classically trained composer, he successfully combined attributes of both to create some of the most popular music of the Twentieth Century. Working almost exclusively with his brother Ira, as lyricist, he composed a disproportionate number of the Broadway musicals and popular songs of the twenties and thirties. Many of these songs have such timeless and universal appeal that they have survived the years to become the standards of today.

Gershwin's twenty-two Broadway musicals included "La La Lucille" (1919), "George White's Scandals of 1920" (1920) "Lady Be Good" (1924), "Oh Kay" (1926), "Strike up the Band" (1927), "Funny Face" (1927), "Rosalie" (1928), "Girl Crazy" (1930), "Of Thee I Sing" (1931), "Pardon My English" (1932), "Let'em Eat Cake" (1933), "Shall We Dance?" (1937) and "A Damsel in Distress" (1937). These shows, and others, contained the following popular Gershwin songs, "I'll Build a Stairway to Paradise", "Somebody Loves Me", "Lady Be Good", "Fascinating Rhythm", "The Man I Love", "Someone to Watch over Me", "S'Wonderful", "How Long Has This Been Going On", "I Got A Crush On You", "Love Walked In", "Love Is Here To Stay", "Lets Call The Whole Thing Off", "You Can't Take That Away From Me", "A Foggy Day" and " "Nice Work If You Can Get It". A lot of this music was repopularized when the Broadway shows were made into movies.

While writing Broadway musicals, and popular songs to fill them, George Gershwin satisfied his leanings toward classical music by composing a number of jazz-based classical pieces in symphonic and operatic form. These compositions included the symphonies "Rhapsody in Blue" (1924), "Piano Concerto in F" (1925), "American In Paris" (1928) and "Cuban Overture" (1932), and the opera "Porgy and Bess" (1935).

The musical legacy of George Gershwin is as rich and exciting as that of any American composer and he is considered by many to be the greatest composer that the United States has ever produced. He died tragically of a brain tumor, in 1937, just three months short of his thirty-ninth birthday. Because of the unending pleasure that his music still provides us, it is most fitting that we rename West 50th Street between 8th Avenue and Broadway in New York City's theatre district, in his honor. The beauty of his music will endure forever.

This Local Law will take effect immediately.

Int. No. 619

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, in favor of approving and adopting a local law in relation to a playground name, Virginia Principe Playground, Borough of Queens.

The Committee on Parks, Recreation, Cultural Affairs and International Intergoup Relations, to which it was referred on August 11, 1999 (Minutes, page 2107) the annexed local law respectfully

REPORTS:

The following biographical material was provided by the Principe family.

Virginia Anne Grello Principe was born in Brooklyn on January 10th, 1908. Her family consisted of her father, Binardo Grello, her mother, Incornato, two brothers and a sister. She attended public schools in the Ocean Hill section of East New York and, at age eighteen, went to work for the New York Telephone Company. There she proved to be a dedicated and capable employee who was never absent or late. In a short time she was promoted from Revenue Accounting to Public Relations. She also participated in company sports playing on the women's basketball and bowling teams.

In addition to her loyalty to, and interests in the Telephone Company, Virginia demonstrated a passionate interest in the offspring of her siblings. She was particularly concerned and caring regarding her brothers' children. She maintained very close relationships with them through the years of their growing up from early childhood, through adolescence, continuing as they grew older, married and had children of their own.

In 1950, at the age of forty-one, Virginia married Francis J. Principe, founder and president of Principe-Danna, Ind., a growing company that produced ready mixed concrete. She joined her husband in the operation of the business and made major contributions to the company's success. It was the company's objective to apply 'state of the art' techniques to produce concrete of the highest quality and uniformity and to demonstrate to New York City officials, the need for higher quality control standards in the industry. Virginia spent hundreds of hours developing, compiling and illustrating data to dramatize this need. According to her husband's evaluation "She was my first-mate" in business and at home, as well as on the yachting trips that they took throughout Long Island Sound and the islands of the Caribbean Sea.

When Virginia married Francis Principe he was a widower with a baby girl 2 years of age, Virginia Elaine, and a young boy named Lee James who was 9 years old. With her innate affection for children Virginia became so attached to these children, and they to her, that she expressed a strong desire to legally adopt them. The children and her husband were delighted by the idea and the adoption took place. Her love and devotion to children became the dominant theme of her life. She enjoyed her new role as wife and mother and also took up competitive golf where she won many prizes. She was also an outstanding card player and received considerable recognition for her skill as a dancer.

During this period Virginia also became very active in community affairs becoming especially involved in matters concerning the operation of the St. Stanislaus School on Grand Avenue in Maspeth. She, and others, were concerned about students' progress in learning and the physical condition of the school. Together with her husband's sister, Manie Greco, she became particularly active as a member, and officer, of the St. Stanislaus 'Mothers Club'. Virginia devoted much time and effort to strengthening the club by example, extensively participating in the running of functions such as 'Supper Meetings', Bowling Tournaments and the 'Annual Prize Awarding Dinner and Dance'. Her many activities effectively raised funds in support of the school.

Also, at this time, Virginia assisted her daughter-in-law, Nina, by devoting a considerable amount of time and effort to a Community Board #5 Queens program for the site location and planting of street trees throughout Maspeth's residential streets and parks, and along Grand Avenue. The program was to be completed over a period of several years. Her interest in children and parks was again evidenced by the attention she devoted to their activities and welfare by participating, over the years, in programs and events in Maurice Park and Maspeth Town Hall. She was a founding member of the Maurice Park Civic Association, which worked hard during lean years to preserve Maurice Park, for children to use, when the city provided few resources for it.

In addition to all of her other activities, Virginia also devoted a great deal of time and effort, working with a staff of volunteers, working to support her husband in his campaign to stop the City's proposal to construct and operate a sewage composting plant in West Maspeth. She believed that the plant would have destroyed the value of the area's industrial base, and local residences, jeopardizing the health and economic welfare of the surrounding area.

Virginia Principe died on November 12, 1996 at the age of eighty-eight. She was survived by husband Francis J. Principe, a son, Lee Thomas Principe, a daughter, Virginia Principe Herman, and four grandchildren, Douglas Herman, Gary Herman, Christopher Herman and Jonathan Herman. In recognition of her lifetime of devotion to the Maspeth community, and its children and parks, it is fitting that the children's playground at Maurice Park be named "Virginia Principe Playground" in her honor.

This Local Law will take effect immediately.

Int. No. 629

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, in favor of approving and adopting a local law in relation to a street name, Union Square South, Borough of Manhattan.

The Committee on Parks, Recreation, Cultural Affairs and International Intergoup Relations, to which it was referred on September 9, 1999 (Minutes, page 2198) the annexed local law respectfully

REPORTS:

The Community Board #2 of Manhattan, on behalf of the Union Square Community Coalition, the 14th Street – Union Square Business Improvement District and Local Development Corporation, and The Related Companies which is the developer of a new mixed use building that is under construction on the south side of East 14th Street between Broadway and 4th Avenue, has requested a street name change for the block of East 14th Street between Broadway and 4th Avenue. The Board requests that this block be named "Union Square South" to call attention to the recent revitalization that is taking place along the southern border of Union Square. The concerned parties hope that this new name will enhance the image of this strip and bring it into harmony with previously named "Union Square East" and "Union Square West".

Int. No. 651

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, in favor of approving and adopting a local law in relation to a street name, Reverend Frank Strassfeld Turnpike, Borough of Queens.

The Committee on Parks, Recreation, Cultural Affairs and International Intergoup Relations, to which it was referred on October 27, 1999 (Minutes, page 2541) the annexed local law respectfully

REPORTS:

Frank Strassfeld was born in Poland on December 26, 1922 to a rabbinical family. He lived in Germany until the age of 13 when he migrated to the United States in 1935. He attended the Yeshiva Torah V'da'at.

He served in the United States Army Air Corps during World War II as a paratrooper in the 11th Airborne Division in the South Pacific Theatre. In his first major jump, he broke both his legs, but the remainder of his military service proceeded with great success.

After the war, Frank Strassfeld became active in community activities in northern Queens, joining the Hollis Hills Jewish Center in March of 1950. At Hollis Hills, he served in the capacity of clergyman, in charge of religious activities, daily services and

instructions for the Bar and Bat Mitzvah candidates. His work at Hollis Hills was marked by love, dedication and extraordinary commitment to the synagogue and the entire community. Frank Strassfeld was known as "the neshamah" ("the soul") of the Hollis Hills Jewish Center. He was particularly loved by the children of the Hollis Hills nursery school where he was known to all as "Grandpa Frank". In recognition of his many years of service, the Hollis Hills Jewish Center recently dedicated its main sanctuary as The Reverend Frank E. Strassfeld Sanctuary.

Frank Strassfeld also volunteered his time and energy assisting the senior citizens, conducting a bible study class and visiting with the nursery school children at the Samuel Field YM-YWHA; conducting Passover Seders and assisting senior citizens at the Nathan I. Nagler Queens B'nai B'rith House, a senior citizen residence facility, and at the Booth Memorial Hospital Silvercrest Convalescent Home where he conducted Passover Seders and acted as the Hospital Chaplain.

Queens Community Board No. 11 supports enactment of this proposed legislation.

Res. No. 1038-A

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, in favor of approving, as amended, a resolution decrying the loss of library personnel due to inadequate salaries and the resultant negative impact on the quality of service at the three public library systems within the City of New York.

The Committee on Parks, Recreation, Cultural Affairs and International Intergoup Relations, to which it was referred on October 27, 1999 (Minutes, page 2543) the annexed amended resolution respectfully

REPORTS:

The three public library systems serving the people of the City of New York, and the number of branches they operate, are:

The New York Public Library 85 branches
(Manhattan, Bronx, and Staten Island)

The Queens Public Library 63 branches
(Queens)

The Brooklyn Public Library 60 branches
(Brooklyn)

Each of these public library systems have experienced tremendous workforce turnover in recent years due to the inadequate salaries paid to the professional staff of these three library systems. Other library systems, notably those of the surrounding suburban counties and, within the City, the New York City Board of Education, are reaping the benefit of the training and expertise of our professional library staff by offering significantly higher salaries.

This problem was recently highlighted when Queens Borough Library Guild Local 1321, which represents librarians within the Queens Borough Public Library, reported that ". . . more than 17 percent of all Queens librarians are moving out of the Queens library system each year for better paying library jobs in the suburbs and elsewhere." Librarian attrition rates are reportedly the same for the Brooklyn Public Library, with a 17 percent departure rate, and even higher for the New York Public Library which has a 25 percent departure rate.

One of the major causes of this high rate of librarian attrition is the comparatively low salary paid to New York City librarians. A starting librarian, who must have a master's degree, is paid $29,000. After ten years of employment, librarians in New York City and in other systems are as follows:

New York City	$37,361	(all three systems)
NYC Board of Education	47,345	
Los Angeles	45,644	
Chicago	42,488	
Philadelphia	41,452	

The present public library employee contracts expire on March 31, 2000. This impeding contract expiration presents an opportunity to afford pay equity to our librarians and, thereby, return stability and a higher level of professionalism to our three library systems.

Accordingly, Your Committee recommends its adoption, as amended.

Resolution decrying the loss of library personnel due to inadequate salaries and the resultant negative impact on the quality of service at the three public library systems within the City of New York.

Whereas, All three library systems serving the people of the City of New York: the New York Public Library with 85 branches, the Queens Borough Public Library with 63 branches and the Brooklyn Public Library with 60 branches, have experienced tremendous workforce turnover in recent years due to the inadequate salaries paid to the professional staff of these three library systems; and

Whereas, Other library systems are reaping the benefits of the training and expertise of our professional library staff by offering significantly higher salaries; and

Whereas, Recently, the Queens Borough Library Guild Local 1321, which represents librarians within the Queens Borough Public Library, reported that ". . . more than 17 percent of all Queens librarians are moving out of the Queens library system each year for better paying library jobs in the suburbs and elsewhere"; and

Whereas, Also according to the Queens Borough Library Guild, ". . . a starting librarian at a Queens public library, who must have a master's degree, makes $29,000 - $2,000 less than on Long Island and almost $15,000 less than in San Francisco", ". . . one third of city librarians quit in the first three years" and "[B]by the sixth year, 60% have gone to other systems"; and

Whereas, Librarian attrition statistics are the same for the Brooklyn Public Library, with a 17% departure rate, and even higher for the New York Public Library which serves Manhattan, The Bronx and Staten Island and reportedly has a 25% departure rate for librarians;

Whereas, In addition to the loss of our professional librarians to the higher salaries available at suburban and other library systems, many of our city's librarians are leaving for higher salaries as public school librarians; and

Whereas, The fact that the present librarian contracts expire on March 31, 2000 presents an opportunity to afford pay equity to our librarians and, thereby, return stability and a higher level of professionalism to our library systems; and

Whereas, These lower salaries and high rates of librarian attrition have surely had a deleterious impact on the quality of library services provided by all three of our city's library systems; *now, therefore, be it*

Resolved, That the Council of the City of New York decries the loss of library personnel due to inadequate salaries and the resultant negative impact on the quality of service at the three public library systems within the City of New York.

Report of the Committee on Rules, Privileges and Elections

M-671

Report of the Committee on Rules, Privileges and Elections in favor of concurring in the recommendation from the Manhattan Borough President — Submitting the name of Angela Cavaluzzi to the City Council for its advice and consent for her appointment as a member of the City Planning Commission for a four and one half year term commencing on January 1, 2000, pursuant to Section 192(a) of the New York City Charter.

The Committee on Rules, Privileges and Elections, to which it was referred on November 23, 1999 (Minutes, page 2617) the annexed communication respectfully

REPORTS:

Pursuant to Section 192 of Chapter 8 of the New York City Charter, the City Planning Commission shall consist of the Chair and twelve other members. The Mayor appoints the Chair and six other members, the Public Advocate appoints one member, and the five Borough Presidents each appoint one member. All the members except for the Chair are subject to advice and consent of the City Council and no member shall hold any other city office.

Members other than the Chair are appointed for a five year term except that the initial appointments were for staggered terms.

As stated in Section 192-d of Chapter 8 of the New York City Charter, the City Planning Commission shall be responsible, for the conduct of planning relating to the orderly growth and improvement and future development of the city, including adequate and appropriate resources for the housing, business, industry, transportation, distribution, recreation, comfort, convenience, health and welfare of its population.

Further, the Commission in Section 192-e is given the duty of overseeing the implementation of laws that require environmental review of actions taken by the City. The Commission is also mandated to file with the Mayor, the Council, the Public Advocate and the Borough Presidents, every four years a zoning and planning report.

The salary of the Chair is $150,500; the salary of the Vice Chair is $51,900 and the Members' salary is $45,131.

The nominee for appointment today is:

ANGELA CAVALUZZI who is the appointment of the Manhattan Borough President, for the remainder of a five year term which will expire on June 30, 2004. Ms. Cavaluzzi is a resident of Manhattan.

After interviewing the candidate and finding her qualified, Your Committee recommends her nomination.

In connection herewith, Council Member Povman offered the following resolution:

Res. No. 1135

Resolution approving the appointment by the Borough President of Manhattan of Angela Cavaluzzi, as a member of the City Planning Commission.

By Council Member Povman:

Resolved, that pursuant to Section 31 and Section 192(a) of the New York City Charter, the Council does hereby approve the appointment by the Borough President of Manhattan, of ANGELA CAVALUZZI, as a member of the City Planning Commission, for the remainder of a five year term which will expire on June 30, 2004.

Reading and Introduction of Bills

Int. No. 668

By the Speaker (Council Member Vallone), and Council Members Berman, Espada, Henry, Koslowitz, Warden and Stabile (in conjunction with the Mayor); also Council Members Eisland, Fisher, Foster, Marshall, Michels, Pinkett, Povman, Sabini and Wooten

A LOCAL LAW to amend the administrative code of the city of New York, in relation to providing health insurance coverage for former Mayors.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of Title 12 of the administrative code of the city of New York is amended by adding a new section 12-126.3 to read as follows:

§ 12-126.3 ***Health insurance coverage for former mayors.*** *a. Any former mayor of the city of New York, upon attaining the age of sixty-two, shall be afforded the right to such health insurance coverage as is provided for city employees, city retirees, and their dependents as set forth in paragraph one of subdivision b of section 12-126.*

b. Any amount paid by the city pursuant to this section shall not be deemed to be salary, wages or compensation within the meaning of any law relating to any retirement or pension system and shall not be considered or included for the purpose of computing or determining employee or city contributions or the rights, allowances and benefits to which a city employee or such employee's heirs or beneficiaries shall become entitled

under any retirement or pension system; and shall not be construed as a change of grade or classification or as a promotion to higher grade or position.

c. Such health insurance coverage as is provided under this section shall be administered by the office of labor relations.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Civil Service and Labor.

Int. No. 669

By The Speaker (Council Member Vallone) and Council Members Spigner, Michels, Berman, Robles, Eisland, Pinkett, Linares, McCaffrey, Quinn, Povman, Wooten, Freed, Marshall, Rodriguez, Robinson, Perkins, Miller, Lasher, Henry, Nelson, Moskowitz, Sabini, Rivera, Foster, Fisher, Harrison, White, Warden, Dear, Malave-Dilan, Espada, Reed, Carrion and Harrison

A LOCAL LAW to amend the administrative code of the City of New York, in relation to extending the rent stabilization laws with certain amendments to such laws and the rent control law.

Be it enacted by the Council as follows:

Section 1. Section 26502 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-502 Additional findings and declaration of emergency. The council hereby finds that a serious public emergency continues to exist in the housing of a considerable number of persons within the City of New York and will continue to exist after April first, [nineteen hundred ninety-seven] *two thousand* and hereby reaffirms and repromulgates the findings and declaration set forth in section 26501 of this title.

§ 2. Section 26504.2 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended by lettering the existing section as subdivision a and by adding a new subdivision b to read as follows:

b. The owner of any housing accommodation that is not subject to this law pursuant to the provisions of subdivision a of this section or subparagraph k of paragraph 2 of subdivision e of section 26-403 of this code shall give certified written notice to the first tenant of that housing accommodation after such housing accommodation became exempt from the provisions of this law or the city rent and rehabilitation law, which contains the last regulated rent, the reason that such housing accommodation is not subject to this law or the city rent and rehabilitation law, a calculation of how either the rental amount charged when there is no lease or the rental amount provided for in the lease has been derived so as to reach two thousand dollars or more, a statement that the last legal regulated rent or the maximum rent may be verified by the tenant by contacting the state division of housing and community renewal, or any successor thereto, and the address and telephone number of such agency, or any successor thereto. Such notice shall be sent by certified mail within thirty days after the tenancy commences or after the signing of the lease, whichever occurs first or shall be delivered to the tenant at the signing of the lease. In addition, a certified copy of the registration statement for such housing accommodation filed with the state division of housing and community renewal indicating that such housing accommodation became exempt from the provisions of this law or the city rent and rehabilitation law, which form shall include the last regulated rent, shall be sent to the tenant within thirty days after the tenancy commences or the filing of such registration, whichever occurs later.

§ 3. Subdivision d of section 26-513 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended to read as follows:

d. Within thirty days after the local effective date of the emergency tenant protection act of nineteen seventy-four the owner of housing accommodations as to which an application for adjustment of the initial legal regulated rent may be made pursuant to subdivision b of this section shall give notice in writing by certified mail to the tenant of each such housing accommodation on a form prescribed by the commissioner of the initial legal regulated rent for such housing accommodation, *the maximum rent at the time such housing accommodation became vacant* and of such tenant's right to file an application for adjustment of the initial legal regulated rent of such housing accommodation.

§ 4. Section 26-520 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-520 Expiration date. This chapter shall expire on April first, two thousand *three* unless rent control shall sooner terminate as provided in subdivision three of section one of the local emergency housing rent control law.

§ 5. If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 6. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Res. No. 1122

Resolution determining that a public emergency requiring rent control in the City of New York continues to exist and will continue to exist after April 1, 2000.

By The Speaker (Council Member Vallone) and Council Members Spigner, Michels, Berman, Robles, Eisland, Pinkett, Linares, McCaffrey, Quinn, Povman, Wooten, Freed, Marshall, Rodriguez, Robinson, Perkins, Miller, Lasher, Henry, Nelson, Moskowitz, Sabini, Rivera, Foster, Fisher, Harrison, White, Warden, Dear, Malave-Dilan, Freed, Espada, Koslowitz, Carrion and Leffler

Whereas, The City, acting by the Mayor, has caused a survey to be made of the supply of housing accommodations and the need for continuing the regulation and control of residential rents and evictions within the City, and such survey has been submitted to the Council in accordance with the law; *now, therefore, be it*

Resolved, That the Council hereby determines that the public emergency requiring the regulation and control of residential rents and evictions within the City continues to exist and will continue to exist after April 1, 2000, and that an acute shortage of dwellings continues to exist and will continue to exist after April 1, 2000, that such shortage constitutes a threat to the citizens of New York City and creates a special hardship to persons and families of limited and moderate means; that unless residential rents and evictions continue to be regulated and controlled, there will be excessive rent increases and evictions for failing to pay such increases, which will produce serious threats to the public health, safety and general welfare, that to prevent such perils to the public health, safety and general welfare, preventive action through local legislation of the City continues to be imperative; that such action, as a temporary measure to be effective until it is determined by the Council that such emergency no longer exists, is necessary in order to prevent threats to the public health, safety and general welfare; that the transition from regulation to a normal market of free bargaining between landlord and tenant, while still the object of State and City policy, must be administered with due regard for such emergency; and *be it further*

Resolved, That the Council of the City of New York, for the reasons hereinabove set forth, hereby determines, pursuant to subdivision 3 of section 1 of Chapter 21 of the Laws of 1962, as amended, that the continuation of the regulation and control of residential rents and evictions after April 1, 2000 is necessary to protect the public health, safety and general welfare and that such regulation and control should be continued as now or hereafter provided pursuant to the provisions of Chapter 3 of Title 26 of the Administrative Code of the City of New York, subject to such amendment as may be enacted into law.

Referred to the Committee on Housing and Buildings.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring an escort on school buses which transport children in the second or a lower grade.

Be it enacted by the Council as follows:

Section 1. Section 19-603 of the administrative code of the city of New York is amended by adding a new subdivision a and by relettering existing subdivisions a and b as subdivisions b and c, respectively, and by amending subdivision b as relettered, to read as follows:

§ 19-603 Escorts. *a. For purposes of this chapter, "school bus," shall mean a bus or other motor vehicle used for the purpose of transporting children to or from a school.*

[a.] *b.* All buses and other motor vehicles [transporting handicapped] *used to transport disabled* children [to and from school in the city] *and school buses on which ten percent or more of the regularly scheduled passengers are children in the second or a lower grade* shall be staffed, in addition to the driver thereof, with an escort *during all trips to and from a school within the city.* It shall be the duty and responsibility of such escort to generally supervise and aid the [handicapped] children riding such bus; to require each child to utilize a seat belt or other safety device and to escort the children on and off each bus to an area of safety.

[b.] *c.* The driver of a bus transporting children to and from school in the city shall not proceed after having halted such bus to take on or discharge a passenger until he or she has received assurance from the escort that the children are seated, have fastened the safety belt on the seat and that it is otherwise safe to proceed.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Transportation.

Res. No. 1123

Resolution commending the action by the United Health Group that allows doctors and patients to determine, without HMO approval, the manner in which treatment is provided.

By Council Members Espada, Boyland, Malave-Dilan, Henry, Lopez, Marshall, Reed, Rodriguez and White; also Council Members Foster, Leffler, McCaffrey and Michels

Whereas, According to the American Association of Health Plans, in 1996, over 67.5 million Americans were projected to be enrolled in Health Maintenance Organizations (HMO's); and

Whereas, According to a November 14, 1999 *Newsday* article, 2.1 million New York City residents are covered by managed care, more than any other type of health insurance; and

Whereas, Most HMO's have instituted internal procedures, whereby a panel of administrators reserves the right to overrule a physician's determination that a patient needs a specific treatment or that the patient needs to be admitted to a hospital; and

Whereas, United Health Group ("UHG") is an HMO and the second largest health insurer in the nation, with a presence in all 50 states and a customer base of over 14.5 million patients; and

Whereas, The UHG states that it has 409,315 customers in New York City; and

Whereas, According to an article in the November 9, 1999 issue of *The New York Times* (the "*Times* article"), the UHG announced that it was returning decision-making power regarding patient care to physicians; and

Whereas, A November 9, 1999 statement issued by the UHG declared that it was expanding its Care Coordination initiative which "obsoletes certain programs associated with traditional medical management, such as pre-authorization for inpatient hospital procedures, and enhances clinical decision-making between the patient and physician"; and

Whereas, According to the *Times* article, physicians and consumer advocates hailed the UHG decision, as part of a growing, positive trend among HMO's to abandon the practice of micro-managing physician decisions; *now, therefore, be it*

Resolved, That the Council of the City of New York commends the action by the United Health Group that allows doctors and patients to determine, without HMO approval, the manner in which treatment is provided.

Referred to the Committee on Health.

Res. No. 1124

Resolution calling upon the Congress of the United States to preserve Medicare's social insurance character and to pass legislation extending the financial solvency of Medicare and improving the Medicare program by the addition of several enhancements including an adequate, affordable prescription drug benefit.

By Council Members Harrison, Clarke, Malave-Dilan, Freed, Koslowitz, Lopez, Marshall, Nelson, Reed, White and Stabile; also Council Members Eisland, Foster, Leffler, McCaffrey, Michels, Pinkett and Povman

Whereas, President Clinton has proposed changes in Medicare that are intended to strengthen Medicare's financing for the 21st Century; and

Whereas, The elderly population of the United States will sustain a substantial increase over the next three decades, growing from approximately 40 million to approximately 80 million; and

Whereas, The President plans to devote 15% of the anticipated budget surplus over the next 15 years to extending to at least the year 2027 the solvency of the Medicare Part A Trust Fund, already deemed solvent until at least 2015; and

Whereas, Provision of an outpatient prescription drug benefit is a significant part of the President's proposal: and

Whereas, Nationally, prescription drug costs are the fastest growing component of health care costs and are fast moving toward becoming the largest component; and

Whereas, Although the President has proposed the introduction of a Medicare Part D to make drug coverage available to beneficiaries on an optional basis, analysts have noted that, while a drug benefit is an important component of any Medicare enhancement, the plan may not provide sufficient access to participation for many seniors since, (1) while premiums would be at least partially subsidized for beneficiaries below 150% of poverty, the projected premium cost ($288/year initially, rising to $528/year in 2008) would not be affordable for many moderate income beneficiaries, (2) even though no co-payment would be required below 135% of poverty, many moderate income people who join Part D would have difficulty affording the drugs they need, inasmuch as a 50% copayment would be required, (3) the annual benefit (match) would be capped at $1,000, rising to $2,500 in 2008, posing a serious limitation for all but the well-to-do among beneficiaries with costly prescription drug needs, and (4) the voluntary nature of Part D as proposed would lead to adverse selection of enrollees and lower cost-effectiveness for the program, in that healthier beneficiaries would stay out to avoid the premium cost; and

Whereas, Advocates also suggest that any prescription drug plan would be far more useful and cost-effective if the government were to negotiate lower drug prices through a bulk purchasing arrangement with the manufacturers; and

Whereas, In addition to provision of a prescription drug benefit, there are a number of other Medicare proposals such as means testing, buy-ins for persons 55-64 and a shift to managed care, which are currently being considered by Congress and which should be carefully evaluated prior to passage of new Medicare legislation; and

Whereas, Advocates remain firmly opposed to any form of means testing, since they feel that means testing would undermine the Medicare program's universality, and thus its social insurance character, which may weaken its base of political support; and

Whereas, While Medicare advocates applaud the President's proposal to include a Medicare buy-in option for Americans aged 55-64 and agree that this would address a serious need, they suggest that the premium cost, as presently proposed, would be too expensive for many displaced workers and early retirees; and

Whereas, Advocates have also expressed reservations about the President's plan to shift Medicare beneficiaries away from the fee-for-service model by introducing market-oriented incentives to induce buying of coverage from private managed care plans, since the advocates feel that this would undermine the defined benefit that traditional Medicare guarantees, inasmuch as different plans cover different sets of services and often reduce their benefit levels over time; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Congress of the United States to preserve Medicare's social insurance character and to pass legislation extending the financial solvency of Medicare and improving the Medicare program by the addition of several enhancements including an adequate, affordable prescription drug benefit.

Res. No. 1125

Resolution condemning the 21st Century Toy Company of Alameda, California for manufacturing "The Ultimate Soldier" series of action figure toys that glorify Nazi soldiers of World War II, condemning the sale of these items at retail stores in the City of New York and urging all stores that carry these items to immediately take them off their shelves.

By Council Members Lasher, Berman, Boyland, Freed, Koslowitz, Lopez, Marshall, Nelson, Rodriguez, Warden, White and Stabile; also Council Members DiBrienza, Eisland, Espada, Foster, Harrison, McCaffrey, O'Donovan and Spigner

Whereas, The 21st Century Toy Company, manufacturers of "The Ultimate Soldier" series of action figures which includes the "Wehrmacht" action figure has exploited the most abominable period of the 21st Century, the Holocaust, for purposes of selling symbols of hatred to our children; and

Whereas, It is both irresponsible and entirely unacceptable to sell these action figures on the open market since they do nothing but present Nazi soldiers, who were essential in carrying out Hitler's campaign of genocide, as war heroes; and

Whereas, More deplorable is the deliberate marketing of these action figures to children, the most impressionable and vulnerable consumer audience, as the figures have been sold in toy stores throughout the City; and

Whereas, These action figures essentially mask the true horrors of war and particularly the gross injustices carried out by the Nazi regime and it is unconscionable to continue to make these toys available to children; and

Whereas, Children need to understand the historical context of World War II and the Holocaust in the classroom and the selling of toys like the Wehrmacht action figure presents a misleading and educationally counterproductive image of this very important time in history; and

Whereas, These action figures are available in toy stores throughout the city and all retail stores that are still carrying these products should immediately take them off the shelves and adopt a more scrutinizing approach towards selecting their inventory in the future; and

Whereas, These toys give the wrong message to our children and have no place in our City or in our nation during this holiday season; *now, therefore, be it*

Resolved, That the Council of the City of New York condemns the 21st Century Toy Company of Alameda, California for manufacturing "The Ultimate Soldier" series of action figure toys that glorify Nazi soldiers of World War II condemns the sale of these items at retail stores in the City of New York and urges all stores that carry these items to immediately take them off of their shelves.

Referred to the Committee on Consumer Affairs.

Res. No. 1126

Resolution recognizing the ceaseless commitment and dedication of school crossing guards and calling for the first Monday of the school year to be declared School Crossing Guards Appreciation Day in the City of New York.

By Council Members Lopez, Berman, Boyland, Malave-Dilan, Espada, Freed, Henry, Koslowitz, Linares, Marshall, Quinn, Warden, Wooten, Golden, Stabile and Ognibene; also Council Members Carrion, DiBrienza, Eisland, Fisher, Harrison, Michels, O'Donovan, Pinkett and Spigner

Whereas, There are over 1,800 school crossing guards in New York City and these extraordinary public servants routinely put their lives at risk in order to ensure the safety of our children; and

Whereas, Before being assigned by an individual police precinct to a particular school crossing, School Crossing Guards must undergo extensive training at the New York City Police Academy, where they learn how to properly maintain an atmosphere of safety at all times for the students at New York City public schools; and

Whereas, School crossing guards play an essential, though often overlooked role in ensuring the safety of our children, working tirelessly in all conditions to help children cross the street safely by halting traffic and controlling the environment prior to, during and after school hours; and

Whereas, School crossing guards must always be on alert, taking into consideration factors like reckless driving near the school, the effects of bad weather and a host of other potentially dangerous conditions that need to be assessed and controlled for the safety of the students; and

Whereas, Many school crossing guards are themselves parents, who can directly relate to the weight of responsibility that other parents place on persons such as themselves to care for their children while they are in school; and

Whereas, School crossing guards establish real bonds with parents, law enforcement personnel, school personnel and students and they are a vital part of the "in loco parentis" network that the parents of this city rely upon; and

Whereas, Repeatedly, school crossing guards put their lives at risk trying to prevent reckless drivers from injuring students, and on many occasions, they have fallen victim to the demands of the job; and

Whereas, The job of a school crossing guard is not an easy one, nor is it suitable for everyone, but rather for devoted, caring and loyal humanitarians who are willing to steer our children out of harm's way at any cost and often at great risk to themselves; *now, therefore, be it*

Resolved, That the Council of the City of New York recognizes the ceaseless commitment and dedication of school crossing guards and calls for the first Monday of the school year to be declared School Crossing Guards Appreciation Day in the City of New York.

Referred to the Committee on Public Safety.

Res. No. 1127

Resolution calling upon the Mayor, as one of the four members of the Metropolitan Transportation Authority Capital Plan Review Board, to veto the Metropolitan Transportation Authority's Capital Plan for the years 2000 to 2004 because the Capital Plan would allocate insufficient funding for less-polluting compressed natural gas buses and continued funding primarily for "dirty" diesel buses.

By Council Members Michels, Miller, Freed, Linares, Lopez, Marshall, Quinn and Reed; also Council Members Carrion, DiBrienza, Foster, Harrison, Koslowitz, Leffler, McCaffrey, Pinkett, Sabini and Spigner

Whereas, Diesel exhaust is dangerous and harmful to human health, and has been linked to a variety of cancers by the World Health Organization and the United States Environmental Protection Agency; and

Whereas, Diesel exhaust contains particulate matter that can also trigger asthma attacks and cause cardiopulmonary ailments; and

Whereas, In some neighborhoods, such as the South Bronx, upper Manhattan and Williamsburg, Brooklyn, the child asthma rates are up to five times the national average; and

Whereas, Manhattan has the highest recorded diesel particulate levels in the nation, levels which have risen over 20% from 1997 to 1998, according to the Natural Resources Defense Council; and

Whereas, Diesel exhaust also contains nitrogen oxides (NOx) emissions, which contribute to the formation of ground-level ozone (or smog), pollution which New York City is mandated by the federal Clean Air Act to reduce drastically over the next 15 years because it aggravates and exacerbates several respiratory diseases; and

Whereas, Buses operated on compressed natural gas (CNG) emit virtually no toxic particles, fewer smog-forming gases, and run safely and reliably in fleets around the nation, including the Metropolitan Transit Authority's (MTA) bus fleet on Long Island, which the MTA began converting to CNG operation years ago and which will be 100% CNG-operated by 2004; and

Whereas, The New York City Department of Transportation has purchased a large number of CNG buses for the fleets operated by private franchise holders, and transit fleets in polluted cities like Los Angeles, Atlanta, Boston and Houston also are switching to CNG; and

Whereas, The New York City Transit fleet of approximately 4,200 buses currently contains only 90 CNG buses, with another 260 in the process of being ordered; and

Whereas, The MTA's Capital Plan Review Board plans to vote on the Capital Plan by the end of calendar year 1999; and

Whereas, 80 percent of the New York City Transit bus funds in the Capital Plan would be used to purchase 756 diesel buses, build two new diesel bus depots and expand many existing diesel bus depots, actions which will perpetuate diesel pollution, high asthma rates and other respiratory problems through the year 2020 and beyond; and

Whereas, As one of the four members of the MTA Capital Plan Review Board, Mayor Giuliani has the authority to veto the MTA's Capital Plan and insist on a Capital lan that is more protective of public health and the environment; *now, therefore, be it*

Resolved, That the Council calls upon the Mayor, as one of the four members of the Metropolitan Transportation Authority Capital Plan Review Board, to veto the Metropolitan Transportation Authority's Capital Plan for the years 2000 to 2004 because the Capital Pan would allocate insufficient funding for less-polluting compressed natural gas buses and continued funding primarily for "dirty" diesel buses.

Referred to the Committee on Transportation.

Mandatory front building walls

Except as set forth in paragraph (f) of this Section, Where Appendices 2.1 or 3.1 shows a requirement for a #development# in Zone A to be built to a #mandatory front building wall line#, any such #development# shall have a mandatory front building wall coincident with and constructed along such #mandatory front building wall line#, which shall rise without setback for a height above #curb level# not less nor more than the amounts specified in this Section ***as follows,*** except that, at building entrances, openings below the second #story# ceiling in the mandatory front building walls will be permitted to provide access to courtyards:

(a) Except as set forth in paragraph (d) of this Section, with respect to any 60-85 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet.

(b) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#.

(c) On the portion of any #zoning lot# designated as a #special height location# in Appendix 2.2, a height of not less than the otherwise applicable amount set forth in paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (c)(1) of Section 84-135 (Limited height of buildings).

(d) With respect to any #zoning lot# south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above #curb level#.

(e) With respect to any 110-135 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 110 feet nor more than 135 feet.

(f) With respect to any 150-250 foot #mandatory front building wall line# shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet; except that the height may not exceed 150 feet for more than 120 feet or 75 percent of the length of a #building's# western property line, whichever is less, and a setback of not less than five feet and not more than ten feet is required at a height of 150 feet. ***Where Appendix 3.1 shows a requirement for a #development# to be built to a #mandatory front building wall line# along frontage on River Terrace, any such #development# may have a mandatory front building wall coincident with and constructed along a line set back one and one-half feet from the #street line# along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority.***

(g) On the portion of any #zoning lot# designated as a #special height location# in Appendix 3.2, a height of not less than the otherwise applicable amount set forth in paragraphs (e) or (f) of this Section and not more than the height shown in Appendices 3.1 and 3.2.

Subject to the provisions of Section 84-133 (Front wall recesses), the mandatory front building wall requirements set forth in this Section shall also apply to all #developments# along all #street lines# within 50 feet of their intersection with any #mandatory front building wall line#. For the next 20 feet along the #street line#, the mandatory front building wall requirements are optional except that, for any #development# north of Vesey Street and Vesey Place, the mandatory front building wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along #street lines# or to #developments# not subject to the mandatory front building wall requirements.

■ NOTICE

NOTICE OF ACQUISITION
BRONX COUNTY
INDEX NUMBER 702/2000

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the BRONX CRIMINAL COURT COMPLEX located within the area generally bounded by East 161st Street, Grant Avenue, East 162nd Street, and Morris Avenue in the Borough of the Bronx, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Bronx, duly entered in the office of the Clerk of the County of the Bronx on May 9, 2000, the application of the City of New York to acquire certain real property, for the BRONX CRIMINAL COURT COMPLEX, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of the Bronx or the City Register. Said map, showing the property acquired by the City, was filed with said Clerk or with the City Register on May 11, 2000. Title to the real property vested in the City of New York on May 11, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
2444	32, 40, 43, 44, 46, 49, 50, 51, 52, 53, 54, 146

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 11, 2001 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Bronx County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before May 11, 2002 (which is two (2) calendar years from the title vesting date).

NEW YORK COUNTY
INDEX NUMBER 402296/00
NOTICE OF PETITION

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

Running thence westwardly along the northerly line of West 29th Street for 47.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 26.33 feet to a point;

Thence westwardly along a line forming, on its northerly side, an angle of 270 degrees with the easterly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 45.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 72.42 feet to a point on the southerly line of Tax Lot 1 in Manhattan Tax Block 675;

Thence eastwardly along the southerly lines of Tax Lot 1 and Tax Lot 39 in Manhattan Tax Block 675, being along a line forming, on its southerly side, an angle of 90 degrees with the easterly side of the last described course, for 93.00 feet to a point on the westerly line of Tax Lot 24 in Manhattan Tax Block 675;

Thence southwardly along the westerly line of Tax Lot 24 in Manhattan Tax Block 675, being along a line forming, on its westerly side, an angle of 90 degrees with the southerly side of the last described course, for 98.75 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 12 in Manhattan Tax Block 675.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

A job order contract is an indefinite quantity contract pursuant to which the contractor will perform a series of projects at various wastewater treatment plants and facilities within Regional Group 1 in New York City. The bid documents include a book of construction tasks with preset unit prices and related specifications. The contractors will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices and the appropriate quantities by one of the competitively bid adjustment factors.

Interested bidders must attend two mandatory pre-bid conferences. The first mandatory pre-bid conference will be held June 20, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the specifics of the contract, how the contract will be administered, and the type of projects that will be performed. The second mandatory pre-bid conference will be held June 23, 2000, at 10:00 am at the Fire Department Training Academy Auditorium on Randall's Island, for the purpose of discussing the book of construction tasks, unit prices, and the calculation of the adjustment factor. Attendance at both pre-bid conferences is mandatory. Failure to attend both pre-bid conferences may result in a determination of non-responsiveness.

Bid documents will be available from the Contract Management Unit, 59-17 Junction Blvd., 17th Floor, Corona, NY 11368 after the first mandatory pre-bid conference. For questions concerning this procurement, contact Carol Fenves at (718) 595-3225.

USGSO&M01 – Contract with Another Government – PIN# 82601USGSO&M – DUE 06-26-00 – Pursuant to Section 3-13 of the PPB Rules, DEP, Bureau of Water Supply intends to enter into an Agreement with United States Geological Survey ("USGS"), for Operation and Maintenance Agreement for the Hydrologic Monitoring Network. The DEP has determined to use this procurement method because the USGS is intimately familiar with the work, having been involved with the initial planning and installation of the network. This contract will: 1) ensure the collection, interpretation, management, and publication of streamflow data, and 2) provide real-time or near real-time transmission of streamflow data, and 3) collect water quality data at selected sites in the Hydrologic Monitoring Network in the NYC watershed. USGS involvement will ensure the continuity and quality of information provided to DEP by this network. Any "intellectual product" developed will be public domain. Qualified suppliers that wish to express their interest in providing such services in the future are invited to submit expressions of interest, which must be received no later than June 26, 2000, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, NY 11368 Attn: Debra Butlien (718) 595-3423.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

A Site visit has been arranged for July 6, 2000 at 10:00 A.M. Details regarding the visit are in Contract documents.

A Pre-Bid meeting (Optional) has been scheduled for **June 28, 2000** at 10:00 AM in the Conference Room (8th floor) 2 Rector Street, NYC. All prospective bidders are requested to attend.

BOARD OF STANDARDS AND APPEALS

■ NOTICE

NOTICE OF PROPOSED CONDITIONAL NEGATIVE DECLARATION

Notice is hereby given that the New York City Board of Standards and Appeals, as lead agency for the City Environmental Quality Review process pursuant to Executive Order No. 91, as amended, and 6 N.Y.C.R.R., Part 617.6(h)(1)(iv) and 6 N.Y.C.R.R., Part 617.2(h), has determined that the following proposal will not have a significant environmental impact provided that the potential impact is mitigated as indicated below. A 30-day public comment period commences with this notice.

Application for a BSA use variance pursuant to Z.R. §72-21 to permit, in an M2-1 zoning district, the proposed construction of five attached residential buildings on five contiguous lots for an overall total of 29 dwelling units. The project site is located at 760/768 Kent Avenue aka 369-375 Flushing Avenue, Block 2260, Lot 26 (Proposed lots 125-129), Brooklyn.

Potential impact of the proposed action will be mitigated as follows:

The applicant shall submit a sampling protocol for soil gas and soil/groundwater testing on Block 2260, Existing Lot 26 (Proposed Lots 125-129) to DEP's Bureau of Air, Noise and Hazardous Materials (BANHM) for review and approval. The applicant is also required to complete any remedial actions that are determined by DEP to be appropriate based on the sampling. In addition, no sampling, site grading, excavation, demolition, or building construction and/or remediation can begin until DEP/BANHM provides written approval of the sampling protocol and finds it acceptable. The applicant is required to conduct soil and groundwater testing on the project site to further characterize and delineate the potential for hazardous materials contamination. In addition, appropriate remediation actions, if necessary would be undertaken by the applicant.

The applicant also agrees through a Declaration to be reviewed and approved by the NYC DEP to address/remediate all contamination on the site prior to any site disturbance (i.e. - site grading, excavation, demolition, or building construction). Adherence to these procedures will ensure that no significant impact on the public health of future site occupants or construction workers would occur.

BSA CAL. NOS.: 113/117-00-BZ
CEQR NOS.: 00-BSA-126/130K

Please refer to the project's BSA Calendar and CEQR numbers in all correspondence. The final date of the public comment period will be July 13, 2000. Written comments may be sent to:

REQUEST FOR PROPOSALS FOR PRESUBSCRIPTION LONG DISTANCE SERVICE AND LONG DISTANCE OPERATOR SERVICE FOR CERTAIN PUBLIC PAY TELEPHONES LOCATED ON, OVER OR UNDER THE INALIENABLE PROPERTY OF THE CITY OF NEW YORK AND FOR ALL PUBLIC PAY TELEPHONES AND SEMI PUBLIC PAY TELEPHONES LOCATED IN CITY OWNED OR CITY LEASED BUILDINGS

The City of New York ("the City") has granted to one hundred-three companies the right to receive franchises (the "Franchises") authorizing the provision of public pay telephone service from public pay telephones ("PPTs") located on, over or under the inalienable property of the City of New York, of which seventy-two (72) have been awarded to date. The New York City Department of Information Technology and Telecommunications ("DoITT") is responsible for the administration of such Franchises. The City has also authorized the provision of public pay telephone service from PPTs and semi-public pay telephones ("SPPTs") located in certain City-owned or City-leased buildings. This Request For Proposals ("RFP") addresses the selection by DoITT, on behalf of the City as location provider, of presubscription interLATA services for certain PPTs permitted under the Franchises and certain PPTs and SPPTs located in buildings owned or partly or wholly leased by the City. The selected provider will be required to pay the City (and in some cases the holder of a Franchise ("Franchisee") who owns a particular PPT ("Franchisee/Owner") a commission in return for the designation pursuant to this RFP as provider of presubscription services from applicable PPTs and SPPTs. Questions to the City regarding the substance of this RFP *must be in written form* and must be directed to the authorized DoITT contact person designated on the RFP cover sheet. Questions will be accepted up to the close of business on July 5, 2000. Responses to questions will be sent out as addenda to all prospective proposers who received or requested this RFP from DoITT or attended the pre-proposal conference referred to in Section 4.5 of this RFP.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(9-a) of the Public Authorities Law, that after public hearings were held on May 1, 2, 3 and 4, 2000, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on May 12, 2000, adopted a resolution approving increases in water rates to users of the Water Supply System within the City of New York for the fiscal year commencing July 1, 2000, from those rates currently in effect, and approving certain customer service and billing policy changes, as follows:

Effective July 1, 2000, water rates for all in-City customers, metered and unmetered, will increase by 1.0 % over the rates in effect during Fiscal Year 2000. The wastewater rate will remain at 159% of the applicable water charge.

The following changes to the billing policy provisions and procedures of the Rate Schedule were approved:

I. Multiple Family Conservation Proposal

This proposal to promote greater water conservation and ensure the installation of water meters in multiple unit apartment buildings will replace the existing Transition Program, Retroactive Transition Program and Meter Billing Cap Program for residential buildings consisting of six or more dwelling units. It provides that owners of multiple family residential buildings of six or more units who replace or have replaced at least 70% of the toilet, sink and showerhead fixtures in a building with low flow water consuming fixtures may elect to be billed on the basis of a fixed charge per dwelling unit per year. The proposal provides for implementation over a 3 year period, and the earliest date on which the charge will be effective is July 1, 2001.

II. Charges for Steam Condensate Discharges to Sewer System

The Board approved explicit charges for Steam Condensate discharges into the wastewater system contingent upon Consolidated Edison of New York executing a Memorandum of Understanding ("MOU") with the City. The MOU was executed in May 2000 and steam condensate charges will go into effect, as follows:

(1) In the case of End of System Condensate Discharges:
A) Retail Steam Customers identified as Steam Classification-1 (SC1- Small Users), the wastewater rate shall be applied to the amount of water equal to 90% of the HCF Equivalent of its steam consumption as determined by the steam provider.
B) Retail Steam Customers identified as Steam Classification-2 (SC2- Large Commercial), the wastewater rate shall be applied to the amount of water equal to 67% of the HCF Equivalent of its steam consumption as determined by the steam provider.
C) Retail Steam Customers identified as Steam Classification-3 (SC3- Large Residential), the wastewater rate shall be applied to the amount of water equal to 76% of the HCF Equivalent of its steam consumption as determined by the steam provider.

(2) In the case of steam condensate discharges into the wastewater system from any point along the Steam System up to the property line of properties receiving steam from such System, the steam provider shall pay a wastewater charge equal to 6.3% of all amounts billed to Retail Steam Customers.

The steam provider will compute steam usage by retail steam customers and issue bills for condensate discharges on behalf of the Board.

III. Other Billing Policy Changes

Certain billing and customer service policies have been changed or clarified, including the following:

(1) Dwelling Units - as applied to various billing policies and programs, the definition is modified from the number of units shown on the records of the Real Property Assessment Division to the number of units according to the Certificate of Occupancy. An equivalent will be accepted in instances where no Certificate of Occupancy exists.
(2) Retroactive Transition Program - renamed Pre-Transition Flat-Rate Charge; eligibility changed to commence as of the application date rather than the beginning of the fiscal year in which the application was submitted.
(3) Miscellaneous Fees and Charges - price adjustments to various miscellaneous service fees, including the renaming of the "Service Inspection Fee" to the "Water Connection Fee" and increasing the fee amount from $32 to $200.
(4) Flat Rate Account Reconciliation Fee - new miscellaneous fee of $25 to provide a mechanism, similar to the final meter reading for metered accounts, where purchasers of real property billed on the frontage system to ensure that the account will not be backbilled prior to their ownership.
(5) Refunds - credit balances will be applied against other accounts of the same owner prior to a refund being issued.
(6) Wastewater Allowance - applicants requesting more than one Standard Wastewater Allowance per meter are required to file an engineer's report; accounts with delinquent charges will, upon notice, have Wastewater Allowances revoked.
(7) Meter Surcharge - annual surcharge to be imposed when a customer fails to install a meter.
(8) Permanent Boiler - defines instances where this existing frontage charge may be applied.
(9) Backbilling Limitation - definition of culpable conduct to specifically include situations where a plumber fails to secure or return a permit, or where customer fails to provide access to premises.
