WEP is the centerpiece of the City's welfare reform efforts. By barring agencies from informing HRA when a participant files a grievance and then refuses to work, this bill could make it possible for participants to ignore their WEP obligations for up to 30 days with no consequences. If HRA cannot impose sanctions on those who fail to meet their work requirements, the Work Experience Program could very well grind to a halt.

The City already has several formal and informal avenues for WEP participants to resolve grievances, including a state mandated process that involves as many as two hearings at HRA and a State Fair Hearing before a State Administrative Law Judge. In addition, WEP participants are encouraged to resolve complaints informally with WEP coordinators and supervisors at agencies where they are assigned. Participants may also bring complaints to HRA's Participant Services Unit, a division of HRA devoted exclusively to assisting the needs of WEP participants.

The bill's provisions allowing participants to file grievances verbally is both preempted by State Social Services Law and could not be effectively and fairly administered. Verbal grievances would be impossible to verify and track. For example, no one would be able to certify the date on which an oral grievance was filed. Supervisors would be unsure if conversations with participants were intended to initiate the grievance procedure. For these reasons, State Social Services Law mandates that all grievances be presented in writing, and thus the bill's provisions allowing verbal grievances is unlawful and would be preempted.

Finally, State Social Services Law mandates that HRA create a plan for handling grievances and submit the plan to the State Department to Labor (DOL) for approval. HRA has complied with state law by creating a plan that consists of the hearing procedures described above and it has been approved by DOL. The City Council has no role under the law in the creation of HRA's plan and does not have the power to mandate that HRA handle WEP grievances in a particular manner. Therefore, this proposed local law would also be entirely preempted by state law for these reasons.

The Work Experience Program is a successful, work-oriented approach to helping those on public assistance move towards independence. This legislation seeks to curtail the program's effective and efficient administration with its cumbersome procedures and its restrictions on HRA's ability to enforce WEP work rules. Much of the City's progress in reducing the number of people on public assistance is due to programs such as WEP.

This bill should not be allowed to undermine our welfare reform efforts and the success of the Work Experience Program.

I hereby disapprove Introductory Number 316-A.

Sincerely,

Rudolph W. Giuliani

Communication from the Mayor — Mayor's veto and disapproval message of Introductory Number 354-A, in relation to the establishment of the transitional jobs program, a program designated to create temporary employment in the public sector and in community-based organizations, and to provide the participants of such program with education and training, career counseling, and related services, to enhance their ability to secure permanent employment after their participation in such program.

March 13, 2000

Hon. Carlos Cuevas
City Clerk and Clerk of the Council
Municipal Building
New York, New York 10007

Dear Mr. Cuevas:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 354-A, in relation to the establishment of the transitional jobs program. This legislation exceeds the authority of the City Council, would adversely impact the City's efforts regarding welfare reform and government efficiency, and would be fiscally imprudent.

This proposed local law would establish a three-year program known as the Temporary Employment Program (TEP) whereby the City would be required to create 2,500 new government subsidized jobs for individuals receiving public assistance. TEP participants would be considered employees of the City of New York for all purposes, including membership in unions, and would be compensated at rates comparable to those of regular City employees performing similar tasks. Participants could spend up to 12 months in their positions, and then would be replaced by other eligible individuals.

Introductory Number 354-A would featherbed the City workforce with thousands of unnecessary taxpayer subsidized employees. The City would be forced to hire thousands of new employees, regardless of whether or not there is a need for these workers. No private company hires people without first determining that there is a definite need for them. Remarkably, the bill ignores this simple logic and mandates that individuals be put to work in City agencies even if there is no real work for them. Thus, the bill is in direct contrast to this Administration's policies and successful efforts to streamline government in order to save taxpayer money and ensure efficient and effective service delivery.

The program envisioned by this bill defies the innovations of the last six years that have led people away from dependency on government and towards becoming independent citizens. Instead of preparing people to transition into permanent private jobs, TEP could make the City the employer of virtually anyone who is jobless. It is an irresponsible handout, not a hand up, to the men and women on welfare that seek to become self-reliant. The goal must be to move people from public assistance directly into permanent private sector employment.

This legislation would impose significant new costs on the City. The Office of Management and Budget (OMB) estimates that TEP would cost upwards of $65 million per year. It is unclear how much federal and state funding would be available to help the City bear the cost. OMB indicates that even with a possible $12 million offset, the program would still cost the City upwards of $52 million annually. It is simply indefensible to spend such large sums of taxpayer money on a program that serves only to bloat the City's workforce with make-work jobs.

Lastly, Introductory Number 354-A is legally flawed and preempted by state law. The bill attempts to inappropriately interfere with the Mayor's authority to manage city agencies and to determine the appropriate number of positions required to perform agency functions. Moreover, under State Social Services Law, the Human Resources Administration (HRA) is granted the power to plan for the delivery of social services in the City of New York. HRA's plans are subject to review and approval by the State Commissioner of Labor. The City Council is not granted any authority to mandate the way in which HRA chooses to deliver its services, as it attempts to do in this legislation.

The City of New York is a leader and innovator in welfare reform. However, this legislation threatens our progress with its mandate for thousands of unnecessary taxpayer subsidized jobs. My Administration's policy of helping people move from welfare to real work in the private sector stands in stark contrast to TEP. Not only does this bill attempt to extend the Council's powers into an area where it has no jurisdiction, it also represents an outmoded philosophy that sees dependency on government as the best and primary solution to the problems of the disadvantaged.

I hereby disapprove Introductory Number 354-A.

Sincerely,

Rudolph W. Giuliani

Communication from the Mayor — Mayor's veto and disapproval message of Introductory Number 459-A, in relation to the regulation of public wholesale markets.

March 16, 2000

Hon. Carlos Cuevas
City Clerk and the Clerk of the Council
Municipal Building
New York, New York 10007

Dear Mr. Cuevas:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 459-A, in relation to the regulation of public wholesale markets. This legislation represents a significant step backward in the City's fight to keep organized crime and corruption out of the public markets and to ensure that the markets are run in a safe and efficient manner. It undermines my Administration's efforts to rid the public markets of corruption and coercion in four significant ways.

First, the bill attempts to redefine markets as "public property." This provision could threaten the City's ability to control access to market property and to require information from individuals seeking access to markets, which is arguably the most powerful and effective means of keeping organized crime out of the markets. In addition, this provision is legally indefensible to the extent that it conflicts with the leasehold rights of market tenants. Tenants who have leased property from the City have the right of quiet enjoyment of such property, a covenant that could be challenged by the enactment of this legislation.

Second, this bill attempts to prevent the City and market regulators from placing reasonable controls on picketing activity, allowing picketers to literally close down business until their demands are met, unfairly burdening both market businesses and consumers. Such obstructive picketing will create safety, health and theft problems in the tight physical confines around market stalls. More importantly, it will permit undue influence and potential threats against market businesses, as corrupt individuals are able to make their presence felt at target locations.

Moreover, the characterization of markets as public property, in combination with the bill's attempt to expand the areas of permissible picketing, will result, at the very least, in the disruption of market operations. Picketing is governed by the National Labor Relations Act (NLRA), and it is the National Labor Relations Board (NLRB) that has exclusive jurisdiction in this area. The existing law already protects the lawful exercise of activity protected under the NLRA in markets. This amendment mistakenly assumes that the Council has the authority to affect the types of activity that may occur within markets. First, even if the Council's goal is to authorize picketing in a place where the NLRA would not authorize it, the language employed does not achieve the goal, as — by its terms — it is merely a restatement of what the NLRA allows. Second, the Council can not, under any formulation, affect the types of labor activity that would be lawful in a public market, as the NLRA preempts local legislation in this area.

Third, the bill provides an affirmative defense to employees who violate market rules at the behest of a supervisor or even a co-worker. This provision would limit the City's ability to ensure that the markets are run in a safe and lawful manner. All market employees are expected to know and comply with the applicable rules in the market. Under current law, employers are already liable for the violations of their employees. There is no good reason to provide a defense for employees who may share personal culpability for the violation. This provision can only reduce individual accountability and result in diminished compliance with market rules. Moreover, this section would convert an otherwise expeditious administrative process into a complicated fact finding hearing focused on the question of what the employer may or may not have instructed an employee to do in a given case.

Finally, the provision seeking to amend the arbitrator-selection process is unnecessary and premature, as the current arbitration process has never even been tested. Therefore, there is no evidence that the current process does not work in a fair and equitable manner. In addition, this section breaches the previously negotiated compromise, represented by Local Law 28, among the Administration, the City Council and the unions representing public market employees.

Because of my Administration's successful efforts to rid the City's public markets of the influence of organized crime and to exercise regulatory control over markets, an atmosphere has been created in which law-abiding businesses can operate free from corruption and violence. Due to the enactment of Local Law 50 of 1995, covering the Ful-

ton Fish Market, and Local Law 28 of 1997, which extended regulation to the City's other markets, healthy and open competition has returned to the markets. As a result, costs to retailers and consumers have been lowered, and the markets are safer, more efficient and economically vibrant than they were in years past, providing thousands of jobs and valuable services to the residents and businesses of New York City.

Accordingly, it is beyond comprehension why the Council seeks to weaken oversight and enforcement in the markets with this legislation. In October of 1999, eight United States Department of Agriculture inspectors — more than half the assigned inspection team — together with thirteen individuals associated with wholesalers operating at the Hunts Point market were arrested on racketeering and bribery charges. Less than three months later, in December, 1999, a complaint was filed against five fish dealers, two of which were operating in the Fulton Fish Market, after thousands of pounds of fish illegally caught in polluted waters passed through market wholesalers. These incidents should remind us what the markets once were, and what they could be again, if oversight and enforcement in the City's public markets is not maintained. Intro. 459-A could directly benefit the dishonest and criminal element.

This legislation represents a significant step backward in the City's fight against organized crime and its ability to ensure honesty, integrity, lawfulness and fairness in our public markets.

I hereby disapprove Introductory number 459-A.

Sincerely,

Rudolph W. Giuliani

Communication from the City Council — Submitting Fiscal Year 2001 The Operating Budget of the Council of the City of New York, pursuant to Section 243 of the New York City Charter.

Resolution approving the Fiscal Year 2001 Operating Budget of the Council of the City of New York

Resolved, by the City Council, pursuant to the provisions of section 243 of the New York City Charter, that the following amounts shall be submitted to the Mayor, for inclusion in the executive budget for the operating budget for the Council of the City of New York.

Summary:

Under the City Charter, the City Council is authorized to structure its own budget. This budget must be presented to the Mayor, for inclusion in the Executive Budget, after it is approved by the Council.

The Council's staff is described through divisions within three units of appropriation: Council Members and their aides, Committee Staffing, and Council Services. These and the standing committees each have a U/A for PS. OTPS is divided into two categories, one for members and one for central staff (see Appendix A). A separate resolution approving the central staff's lump sum unit of appropriation is attached for Council approval pursuant to Section 100(c) of the Charter.

Staff from the Office of the General Counsel, Legal and Governmental Affairs, Finance, Land Use, Infrastructure/Human Services, and Oversight and Investigation divisions are specifically assigned to each committee and subcommittee. These analysts in turn are supported by the Council Services division which functions as the central administration. (Please refer to the statements of programmatic objectives).

CITY COUNCIL BUDGET

Function:

The New York City Council is the legislative branch of city government. Council members are elected every four years and each represents a district of approximately 139,000 people.

The Council is an equal partner with the Mayor in the governing of New York City. The Council monitors the operation and performance of city agencies. It has sole responsibility for analyzing and approving the city's budget and spending priorities and decision-making powers over major land use issues. It is the city's lawmaking body.

Statements of Programmatic Objectives:

001 **Council Members** — To ensure the fair and effective representation of the people of the City of New York, there are fifty-one members of the Council who are currently elected from single member districts of approximately 139,000 persons per district. The members of the Council are responsible for executing the legislative responsibilities vested in this body through committees which meet to discuss and recommend legislation, as well as to oversee the performance of the executive body as a whole. The Council meets regularly throughout the year to take formal action.

002 **Committee Staffing** — To ensure the adoption of sound legislative initiatives, Committee Staffing, with specialized expertise, is responsible for providing program analysis for all committees of the Council. Staff is comprised of attorneys, project managers, and financial and policy analysts from the following divisions: Office of the General Counsel, Legal and Governmental Affairs, Finance, Capital Unit, Land Use, Infrastructure, Human Services, and Oversight and Investigation.

005 **Council Services Division** — The Council Services Division is the administrative office for the Council. It is responsible for the procurement of goods and services, payroll and personnel administration, production of newsletters, and for fiscal oversight of the Council. Computer services are provided by staff who are responsible for developing and managing the Council computer data bases. Council Services is responsible for the scheduling of hearings, distribution of reports and materials, preparation of the agenda and schedule, maintaining and tracking the proceedings of the Council, by ensuring notice and explanation of Council activities. The Sergeants-at-Arms are responsible for maintaining order on the Council floor, in the Council gallery, and at all Council meetings and

hearings. All the above functions are provided by staff from the following divisions: Council Services, Operations, Computer Services, Legislative Document Unit, Sergeant-at-Arms, Office of the Speaker, Office of the Minority Leader, and Communication divisions.

100 **Council Members (OTPS)** — To ensure the fair and effective execution of the legislative responsibilities of the Council, funds are appropriated for the procurement of goods and services for the members of the City Council.

200 **Central Staff (OTPS)** — This unit of appropriation is a lump sum amount, the detail of which is included in the Resolution of the Council, and the purpose for which is to allow procurement of goods and services necessary to the execution of Council responsibilities.

600 **Committee on the Aging** — Responsible for considering and proposing to the full Council legislation/bills, resolutions and committee reports for adoption, and conducting legislative oversight on matters in relation to the Department for the Aging and all federal, state and municipal programs pertinent to senior citizens.

REPORTS OF STANDING COMMITTEES

Report of the Committee on Civil Service and Labor

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Civil Service and Labor and had been favorably reported for adoption.

Int. No. 728

Report of the Committee on Civil Service and Labor in favor of approving and adopting a local law to amend the administrative code of the city of New York, in relation to health insurance coverage for the surviving spouse and children of deceased uniformed correctional and sanitation workers.

The Committee on Civil Service and Labor to which it was referred on March 20, 2000, the annexed local law respectfully

REPORTS:

This bill would authorize the mayor, in his or her discretion, to provide health insurance coverage for the surviving spouse and children of uniformed correctional and sanitation employees who died on, or after, November 1, 1996, and before February 18, 2000 as a natural and proximate result of an accident or injury, which took place during the course of employment. This bill is a natural extension of Local Law No. 14 of 1998, which provided discretionary health insurance coverage to the survivors of uniformed correctional and sanitation workers who died on or after November 1, 1996 and before January 31, 1998, and reflects the recent line of duty death of a sanitation worker.

Health benefits would be provided to a surviving spouse until he or she dies, and to surviving children until the age of nineteen, or twenty three if they are enrolled full-time in an accredited program of undergraduate education.

Overall, the legislation would allow the City to help ease the financial burdens of the families of corrections and sanitation workers in relation to health insurance costs when they are faced with the unfortunate and untimely death of a spouse or parent killed during the course of employment.

This legislation would take effect immediately upon enactment.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	$3,500	$3,500	$3,500
Net	($3,500)	($3,500)	($3,500)

Impact on Revenues: None.

Impact on Expenditures: This legislation would increase expenditures by approximately $3,500 upon enactment into law.

Accordingly, Your Committee recommends its adoption.

(For text, see Introduction and Reading of Bills printed in these Minutes.)

KAREN KOSLOWITZ, Acting Chairperson; LAWRENCE A WARDEN, HOWARD L. LASHER, PEDRO G. ESPADA, MARGARITA LOPEZ, ANGEL RODRIGUEZ, CHRISTINE QUINN—March 16, 2000

Pursuant to authority vested in me by section twenty of the Municipal Home Rule Law and by section thirty-seven of the New York City Charter, I hereby certify to the necessity for the immediate passage of a local law, entitled:

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to health insurance coverage for the surviving spouse and children of deceased uniformed correctional and sanitation workers.

Given under my hand and seal this 15th day of March, 2000 at City Hall in the City of New York

/s/ RUDOLPH W. GIULIANI
Rudolph W. Giuliani
Mayor

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Reports of the Committee on Finance

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-808

Report of the Committee on Finance in favor of approving a communication from the City Council submitting Fiscal Year 2001 the Operating Budget of the Council of the City of New York, pursuant to Section 243 of the New York City Charter.

The Committee on Finance to which it was referred on February 20, 2000, the annexed communication respectfully

REPORTS:

Pursuant to section 243 of the Charter of the City of New York, the Council is authorized to present, for inclusion in the executive budget without amendment by the Mayor, its operating budget. This document presents a summary description of the structure and presentation of the Council's budget, and sets forth the proposed Council budget for consideration and approval by the Finance Committee and the Council. Also included are a budget for Council contractual services, and a resolution for the approval of a lump-sum OTPS unit of appropriation.

Summary:

Under the City Charter, the City Council is authorized to structure its own budget. This budget must be presented to the Mayor, for inclusion in the Executive Budget, after it is approved by the Council.

The Council's staff is described through divisions within three units of appropriation: Council Members and their aides, Committee Staffing, and Council Services. These and the standing committees each have a U/A for PS. OTPS is divided into two categories, one for members and one for central staff (see Appendix A). A separate resolution approving the central staffs lump sum unit of appropriation is attached for Council approval pursuant to Section 100(c) of the Charter.

Staff from the Office of the General Counsel, Legal and Governmental Affairs, Finance, Land Use, Infrastructure/Human Services, and Oversight and Investigation divisions are specifically assigned to each committee and subcommittee. These analysts in turn are supported by the Council Services division which functions as the central administration. (Please refer to the statements of programmatic objectives).

CITY COUNCIL BUDGET

Function:

The New York City Council is the legislative branch of city government. Council members are elected every four years and each represents a district of approximately 139,000 people.

The Council is an equal partner with the Mayor in the governing of New York City. The Council monitors the operation and performance of city agencies. It has sole responsibility for analyzing and approving the city's budget and spending priorities and decision-making powers over major land use issues. It is the city's lawmaking body.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1247

Resolution approving the Fiscal Year 2001 Operating Budget of the Council of the City of New York.

By Council Member Berman:

Resolved, by the City Council, pursuant to the provisions of section 243 of the New York City Charter, that the following amounts shall be submitted to the Mayor, for inclusion in the executive budget for the operating budget for the Council of the City of New York.

L.U. No. 659

Report of the Committee on Finance in favor of approving an application No. 20005198 HAK, an Urban Development Action Area Project, located in Community Board 4, Council District No. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to § 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which it was referred on February 8, 2000 (Minutes page 318) the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML) and Section 577 of the Private Housing Finance Law, the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for City residents as specified in the attached project summaries. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of the city-owned properties as Urban Development Action Area Projects.

HPD initiated TIL to encourage private ownership and management of low income housing properties and to divest the City of its in-rem stock. The City rehabilitates occupied in-rem buildings and sells them for a nominal fee of $250 per dwelling unit to Housing Development Fund Companies (HDFC) organized pursuant to Article XI of State Private Housing Finance Law (PHFL). In TIL, they are managed by tenant HDFC's as low income housing cooperatives. Tenants are subject to income restrictions pursuant to Section 576 of the PHFL. Monthly rent for such apartments is typically $80-$90 per zoning room but does not exceed 30% of a tenant's annual income.

An exemption from property taxes will be allowed for that portion of the assessed value of the property which exceeds the ceiling amount determined by HPD. The ceiling is increased annually by an amount not to exceed 6%, and cannot increase by more than 20% over 5 years. Full taxes are paid up to the ceiling amount and a total exemption is allowed on that portion of the assessed value which exceeds this amount. This ceiling level was calculated so property tax payments would be approximately 10% of a buildings' entire budget. This level would reflect other property tax exemptions made available through Federal Section 202 and Mitchell-Lama programs.

The assessed value base amount for ceiling calculations was established at $3,500 per residential unit in 1989-90. The Fiscal 2000 maximum ceiling amount has increased to $5,040, which represents property tax payments of approximately $542 for each dwelling unit.

Exemptions under this program are effective until July 1, 2029 and resale restrictions are placed on all properties pursuant to Board of Estimate Resolution 78 of 1980 as amended by Resolution 56 of 1982.

Under the Neighborhood Homes Program, HPD conveys occupied one- to four-family buildings to selected community-based not-for-profit organizations for rehabilitation and eventual sale owner-occupants. The not-for-profit sponsor will receive funding in the form of an evaporating loan from HPD and a loan from the Local Initiative Support Corporation (LISC) or a conventional lender. Upon completion, each building is marketed to existing tenants or buyers who agree to reside in the building and who qualify for mortgage financing to purchase the property.

Pursuant to Section 696 of the General Municipal Law, a full exemption from real property taxes is granted for ten years.

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $70,950).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1249

Resolution approving an Urban Development Action Area Project (Bushwick Central I-A), located at Block 3344/Lots 14, 30-35, 51-57 and Block 3362/ Lots 11-24), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 659; 20005198 HAK).

By Council Members Eisland, Berman and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated January 12, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (Bushwick Central I-A), (the "Project") located at Block 3344/Lots 14, 30-35, 51-57 and Block 3362/Lots 11-24), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 8, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on March 8, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report of the Committee on Governmental Operations

Int. No. 717

Report of the Committee on Governmental Operations in favor of approving and adopting a local law to amend the administrative code of the city of New York, in relation to annual disclosure of financial interests.

The Committee on Governmental Operations to which it was referred on February 8, 2000 (Minutes page 308) the annexed local law respectfully

REPORTS:

Under current law, the following individuals are required to file annual disclosures of financial interests by May first of each year:

* elected officials and local political party officials
* candidates for City elective offices
* agency heads, deputy agency heads and assistant agency heads
* compensated members of boards and commissions
* employees who are members of the management pay plan
* employees whose duties directly involve the negotiation, authorization or approval of contracts, leases, franchises, revocable consents, concessions and applications for zoning changes, variances and special permits during any portion of the reporting year
* employees whose annual salaries on April 30th of each year are $68,100 or more

This bill would affect only the last criterion for filing, by raising the $68,100 threshold salary level to $72,200. Filers who fall within one of the other criteria would continue to be required to file regardless of the amount of their compensation.

Because the Financial Disclosure Law was not intended to include mid-level employees, the adjustment is being sought to reflect salary increases recently received by some City employees. The threshold salary level was last raised in 1999 from $66,100 to $68,100 a year.

The legislation would become effective immediately and would apply to this year's May 1 filing.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	0	0	0
Expenditures (–)	0	0	0
Net	0	0	0

Impact on Revenues: There would be no impact on revenues resulting from enactment of this legislation.

Impact on Expenditures: There would be no impact on expenditures resulting from enactment of this legislation.

Accordingly, Your Committee recommends its adoption.

Reports of the Committee on Housing and Buildings

Int. No. 669-A

Reports of the Committee on Housing and Buildings in favor of approving and adopting a local law to amend the administrative code of the City of New York, in relation to extending the rent stabilization laws with certain amendments to such laws and the rent control law.

The Committee on Housing and Buildings to which it was referred on December 16, 1999 (Minutes page 2928) the annexed amended local law respectfully

REPORTS:

In 1969, the Council passed Local Law No. 16 which enacted the Rent Stabilization Law regulating multiple dwellings containing six or more units, built after February 1, 1947. That local law was to expire on April 1, 1974.

In 1971, the State Legislature enacted Chapter 371 of the Laws of 1971 which removed from the protection of the City Rent and Rehabilitation Law ("Rent Control") and the Rent Stabilization Law dwelling units that became vacant. These units were thereafter not subject to any rent regulation.

In 1974, the Council passed Local Law No. 1 extending the Rent Stabilization Law for those dwelling units not vacated during the 1971-1974 period to April 1, 1979. Thereafter, the State Legislature enacted Chapter 576 of the Laws of 1974 (the "Emergency Tenant Protection Act") which gave or restored Rent Stabilization Law protection to those units that had become vacant during the 1971-1974 "decontrol" period, as well as dwelling units in buildings constructed after March 10, 1969 and prior to January 1, 1974.

The Council has extended the Rent Stabilization Law for three year periods — in 1979 (Local Law No. 8), 1982. (Local Law No. 18), 1985 (Local Law No. 24), 1988 (Local Law No. 18), 1991 (Local Law No. 20), 1994 (Local Law No. 4) and 1997 (Local Law No. 13).

BASIS FOR EXTENDING THE RENT STABILIZATION LAW:

In order to extend the Rent Stabilization Law of 1969, the Council must determine whether a housing emergency exists "on the basis of the supply of housing accommodations, the condition of such accommodations and the need for continued regulation and control of residential rents . . ." (Section 3 of Chapter 576 of the Laws of 1974). "A declaration of emergency may be made as to any class of housing accommodations if the vacancy rate for the housing accommodations in such class is not in excess of five percent and a declaration of emergency may be made as to all housing accommodations if the vacancy rate for the housing accommodations. is not in excess of five percent." (Section 3 of Chapter 576 of the Laws of 1974).

A report containing the results and findings of the 1999 Housing and vacancy Survey (HVS or Survey) was prepared by the Department of Housing Preservation and Development (HPD) for the period between February and May of 1999. The Department of Housing Preservation and Development entered into a contract with the United States Bureau of the Census for the latter to conduct the survey and calculate the rental vacancy rate for the City based upon the data contained in the Survey.

The rental vacancy rate is calculated by dividing the number' of vacant available for-rent units (that are not dilapidated) by the number of renter occupied units plus the number of vacant available for-rent housing units (that are not dilapidated). The current HPD report indicates a citywide rental vacancy rate of 3.19% with a margin of error of +/–0.19. When an emergency was last declared in 1997, the net citywide rental vacancy rate for the equivalent period was 4.0% with a margin of error of +/–0.2%. Accordingly, a "declaration of emergency" may be made by the Council to all housing accommodations citywide. Therefore, the legal basis exists for the Council to adopt Int. No. 669 which extends the Rent Stabilization Law from April 1, 2000 to April 1, 2003.

The survey points out that there were approximately 64,000 vacant available rental units in New York City as of the survey period, an decrease of approximately 17,000 units since 1996. The number of housing units in the City since 1996 has increased by 44,000 units to 3,039,000 from 2,995,000 in 1996, while the total number of rental units for the same period has decreased by .5% from 2,027,421 units to 2,017,701 rental units in 1999.

The Survey notes that the median monthly gross rent, including utility payments, increased 9.4% from $640 in 1996 to $700 in 1999[1]. The inflation adjusted increase in median gross rent was 3.1%.

Provisions of Int. No 669:

In addition to extending the Rent Stabilization Law from April 1, 2000 to April 1, 2003, Int. No. 669 also includes certain amendments with respect to notice to be given to the first tenant of a housing accommodation that is deregulated pursuant to the "vacancy decontrol law". Under the current law, the owner of a vacant housing accommodation that is excluded from the Rent Stabilization Law or Rent Control Law is not required to give a new tenant any notice of the legal regulated rent or maximum rent that was in effect at the time such housing accommodation became vacant.

[1] The preliminary numbers reported in 1997 were corrected by the Census Bureau and are used in this year's report.

Bill section 2 amends the current law to require that an owner of such housing accommodation shall give a certified written notice to the first tenant of that housing accommodation after it became exempt from the provisions of the Rent Stabilization Law or Rent Control Law. The certified notice must contain contains the last regulated rent, the reason that such housing accommodation is not subject to this law or the city rent and rehabilitation law, a calculation of how either the rental amount charged when there is no lease or the rental amount provided for in the lease has been derived so as to reach two thousand dollars or more, a statement that the last legal regulated rent or the maximum rent may be verified by the tenant by contacting the state division of housing and community renewal, or any successor thereto, and the address and telephone number of such agency, or any successor thereto.

Such notice shall be sent by certified mail within thirty days after the tenancy commences or after the signing of the lease, whichever occurs first or shall be delivered to the tenant at the signing of the lease. In addition, a certified copy of the registration statement for such housing accommodation filed with the state division of housing and community renewal indicating that such housing accommodation became exempt, shall also be sent to the first deregulated tenant within thirty days of tenancy, or the filing of such registration, whichever comes later. This notice provision differs from the one enacted three years ago, that was rendered moot by the New York State Legislature three months later, in that the previous law required a notice with an attached certified copy of the last registration or the document most recently filed with DHCR[2].

Under current law, the owner of a housing accommodation that is subject to the Rent Control Law and becomes subject to the Rent Stabilization Law is required to give written notice by certified mail to the next tenant of the initial legal regulated rent of such housing accommodation and of such tenant's right to file an application for adjustments of such initial legal regulated rent. Section 3 of the bill amends this notice provision to require that the owner include in such notice the maximum rent of such housing accommodation at the time such housing accommodation became vacant.

Sections 1 and 4 amend the applicable provision of the Rent Stabilization Law.

This legislation would take effect immediately.

Amendments to Int. No. 669:

Since the first hearing on this legislation on February 25, 2000, the notice provision established by section 2 of the bill has been changed to make it clear that it is the owner who is required to certify the notice. In addition section 6 has been modified with respect to the effective date for sections 2 and 3, which will now be thirty days from enactment to allow time for owners to be adequately notified of the changes in law.

[2] At the same time they removed the provision prohibiting landlords from deregulating units by Capital Improvements during vacancy.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: There would be no impact on revenues as a result of this legislation. According to the 1999 New York City Housing and Vacancy Survey, rent controlled units numbered 52,562 and rent stabilized units numbered 1,046,377 out of a total of 2,017,701 rental units. If Intro. No. 669 is not passed and wholesale deregulation occurred, the City would see some increase in property tax revenue once property assessments were fully increased to reflect higher rents. However, since this legislation would not alter current property assessments, no estimate of such revenue is provided here.

Impact on Expenditures: There would be no impact on expenditures as a result of this legislation.

Accordingly, Your Committee recommends its adoption as amended.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to extending the rent stabilization laws with certain amendments to such laws and the rent control law.

Be it enacted by the Council as follows:

Section 1. Section 26-502 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-502 Additional findings and declaration of emergency. The council hereby finds that a serious public emergency continues to exist in the housing of a considerable number of persons within the City of New York and will continue to exist after April first, [nineteen hundred ninety-seven] *two thousand* and hereby reaffirms and repromulgates the findings and declaration set forth in section 26-501 of this title.

§ 2. Section 26-504.2 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended by lettering the existing section as subdivision a and by adding a new subdivision b to read as follows:

b. The owner of any housing accommodation that is not subject to this law pursuant to the provisions of subdivision a of this section or subparagraph k of paragraph 2 of subdivision e of section 26-403 of this code shall give written notice certified by such owner to the first tenant of that housing accommodation after such housing accommodation becomes exempt from the provisions of this law or the city rent and rehabilitation law. Such notice shall contain the last regulated rent, the reason that such housing accommodation is not subject to this law or the city rent and rehabilitation law, a calculation of how either the rental amount charged when there is no lease or the rental amount provided for in the lease has been derived so as to reach two thousand dollars or more per month, a statement that the last legal regulated rent or the maximum rent may be verified by the tenant by contacting the state division of housing and community renewal, or any successor thereto, and the address and telephone number of such agency, or any successor thereto. Such notice shall be sent by certified mail within thirty days after the tenancy commences or after the signing of the lease by both parties, whichever occurs first or shall be delivered to the tenant at the signing of the lease. In addition, the owner shall send and certify to the tenant a copy of the registration statement for such housing accommodation filed with the state division of housing and community renewal indicating that such housing accommodation became exempt from the provisions of this law or the city rent and rehabilitation law, which form shall include the last regulated rent, and shall be sent to the tenant within thirty days after the tenancy commences or the filing of such registration, whichever occurs later.

§ 3. Subdivision d of section 26-513 of the administrative code of the city of New York, as amended by chapter 116 of the laws of 1997, is amended to read as follows:

d. Within thirty days after the local effective date of the emergency tenant protection act of nineteen seventy-four the owner of housing accommodations as to which an application for adjustment of the initial legal regulated rent may be made pursuant to subdivision b of this section shall give notice in writing by certified mail to the tenant of each such housing accommodation on a form prescribed by the commissioner of the initial legal regulated rent for such housing accommodation, *the maximum rent at the time such housing accommodation became vacant* and of such tenant's right to file an application for adjustment of the initial legal regulated rent of such housing accommodation.

§ 4. Section 26-520 of the administrative code of the city of New York, as amended by local law number 13 for the year 1997, is amended to read as follows:

§ 26-520 Expiration date. This chapter shall expire on April first, two thousand *three* unless rent control shall sooner terminate as provided in subdivision three of section one of the local emergency housing rent control law.

§ 5. If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 6. This local law shall take effect immediately, except that sections two and three shall take effect and shall apply to tenancies commencing thirty days after enactment of this local law.

Res. No. 1122

Reports of the Committee on Housing and Buildings in favor of approving and adopting a resolution determining that a public emergency requiring rent control in the City of New York continues to exist and will continue to exist after April 1, 2000.

The Committee on Housing and Buildings to which it was referred on December 16, 1999 (Minutes page 2930) the annexed amended local law respectfully

REPORTS:

This is the second hearing on Res. No. 1122, the first hearing was on February 25, 2000.

Res. No. 1122 is a determination that the continuation of the regulation and control of residential rents and evictions after April 1, 2000 is necessary to protect the public health, safety, and general welfare and extends the regulation of units that are subject to the provisions of the City Rent and Rehabilitation Law (Administrative Code § 26-401 through § 26-415; "Rent Control") to April 1, 2003.

Pursuant to the provisions of the Local Emergency Housing Rent Control Act (Chapter 21 of the Laws of 1962), the administration of Rent Control was conferred upon the City as of May 1, 1962. The Council is to determine on or before April 1st of every third year beginning in 1967 whether or not there exists a public emergency requiring the continued regulation and control of residential rents and evictions. Such a determination is to be made following the submission to the Council by the Mayor of "a survey of the supply of housing accommodations within the City, the condition of such accommodations and the need to continue regulation and control of residential rents and evictions within the City" (Administrative Code § 26-415).

A report (a copy of which is attached hereto) containing the results and findings of the 1999 Housing and Vacancy Survey (HVS or Survey) was prepared by the Department of Housing Preservation and Development (HPD) for the period between February and May of 1999. The Department of Housing Preservation and Development entered into a contract with the United States Bureau of the Census for the latter to conduct the survey and calculate the rental vacancy rate for the City based upon the data contained in the Survey.

The annexed report from HPD indicates a citywide rental vacancy rate of 3.19%. The rental vacancy rate is calculated by dividing the number of vacant available for-rent units (that are not dilapidated) by the number of renter occupied units plus the number of vacant available for-rent housing units (that are not dilapidated). When an emergency was last declared in 1997, the net citywide rental vacancy rate for the equivalent period was 4.01%.

There were approximately 64,000 vacant available rental units in New York City as of the survey period, a decrease of approximately 17,000 units since 1996. The number of housing units in the City since 1996 has increased by 44,000 units to 3,039,000 from 2,995,000 in 1996, while the total number of rental units for the same period has decreased by .5% from 2,027,421 units to 2,017,701 rental units in 1999. In 1999 about 2.7%, or 52,562 units, of occupied rental stock was subject to Rent Control, down by 25.5% from 1996 when approximately 3.6% or 71,000 units were covered. In 1993 there were approximately 102,000 Rent Controlled units.

The Survey notes that the median monthly gross rent, including utility payments, increased 9.4% from $640 in 1996 to $700 in 1999[1]. The inflation adjusted increase in median gross rent was 3.1%.

This resolution would take effect immediately.

Accordingly, Your Committee recommends its adoption.

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law.

The Committee recommends the approval of the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1253

Resolution approving an Urban Development Action Area Project located at 130

Utica Avenue (Block 1354/Lot 53), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 641; 20005176 HAK).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 130 Utica Avenue (Block 1354/Lot 53), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 8, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 644

Report of the Committee on Land Use in favor of approving an application No. 20005179 HAK, an Urban Development Action Area Project, located at 3139 Fulton Street, Council District No. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on January 19, 2000 (Minutes page 170) the annexed Land Use resolution respectfully

REPORTS:

(For text of report, see L.U. No. 641 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1255

Resolution approving an Urban Development Action Area Project located at 3139 Fulton Street a.k.a. 173-83 Norwood Avenue (Block 4124/Lot 1), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 644; 20005179 HAK).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 3139 Fulton Street a.k.a. 173-83 Norwood Avenue (Block 4124/Lot 1), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 8, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 687

Report of the Committee on Land Use in favor of approving an application No. 20005251 HAK, an Urban Development Action Area Project, located at 407, 409 and 435 New Jersey Avenue, Council District No. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on February 29, 2000 (Minutes page 464) the annexed Land Use resolution respectfully

REPORTS:

(For text of report, see L.U. No. 659 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1261

Resolution approving an Urban Development Action Area Project located at 407 New Jersey Avenue (Block 3773/Lot 25), 409 New Jersey Avenue (Block 3773/Lot 24) and 435 New Jersey Avenue (Block 3773/Lot 13), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 687; 20005251 HAK).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated January 26, 2000 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 407 New Jersey Avenue (Block 3773/Lot 25), 409 New Jersey Avenue (Block 3773/Lot 24) and 435 New Jersey Avenue (Block 3773/Lot 13), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 8, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 688

Report of the Committee on Land Use in favor of approving an application No. 20005252 HAM, an Urban Development Action Area Project, located at 457 West 166th Street and 2240 Amsterdam Avenue, Council District No. 10, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on February 29, 2000 (Minutes page 464) the annexed Land Use resolution respectfully

REPORTS:

(For text of report, see L.U. No. 659 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1262

Resolution approving an Urban Development Action Area Project located at 457 West 166 Street (Block 2111/Lot 107) and 2240 Amsterdam Avenue (Block 2128/Lot 47), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 688; 20005252 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated January 26, 2000 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 457 West 166 Street (Block 2111/Lot 107) and 2240 Amsterdam Avenue (Block 2128/Lot 47), Borough of Manhattan (the "Disposition Area"):

A LOCAL LAW to amend the administrative code of the city of New York, in relation to prohibiting the sale of herbal cigarettes to minors.

Be it enacted by the Council as follows:

Section 1. Title 17 of the administrative code of the city of New York is hereby amended by adding a new chapter eight, to read as follows:

CHAPTER 8

REGULATION OF THE SALE OF HERBAL CIGARETTES

§ 17-701 Definitions. Whenever used in this chapter, the following terms shall be defined as follows:

a. "Person" means any natural person, partnership, firm, joint stock company, corporation, or employee thereof, or other legal entity.

b. "Herbal cigarette" means a cigarette that is composed of one or more herbs and is not a tobacco product as defined in subdivision r of section § 17-617 of this code.

§ 17-702 Sale of herbal cigarettes to minors prohibited. It shall be unlawful for any person to sell or offer for sale herbal cigarettes to an individual under eighteen years of age.

§ 17-703 Violations and penalties. a. Any person who violates any provision of this chapter or any rules promulgated hereunder shall be liable for a civil penalty of not less than two hundred and fifty dollars, nor more than two thousand dollars for each violation.

b. A proceeding to recover any civil penalty authorized pursuant to the provisions of paragraph a of this section shall be commenced by the service of a notice violation which shall be returnable to the administrative tribunal established by the board of health, where the department of health issues such notice, or the adjudication division of the department of consumer affairs where that department issues such notice.

§ 2. Subparagraph C of paragraph 1 of subdivision d of section 20-202 of such code, as added by local law 2 for the year 2000, is amended to read as follows:

(C) the commissioner has not received notification from the commissioner of finance or the commissioner of the department of health that such applicant is not in full compliance with any provision of chapter thirteen of title eleven of this code, or chapter forty of title eleven of this code relating to the sale of cigarettes, or chapter seven of title seventeen of this code, *or chapter eight of title seventeen of this code,* or any rules promulgated by the commissioner of finance or the commissioner of the department of health to effectuate the purposes of such chapters.

§ 3. Subdivision a of section 20-206 of such code, as added by local law 2 for the year 2000, is amended by adding a new paragraph 3, to read as follows:

3. violated the provisions of section 17-702 of this code or any rules promulgated thereunder.

§ 4. This local law shall take effect upon the effective date of local law 2 for the year 2000.

Referred to the Committee on Consumer Affairs.

Res. No. 1229

Resolution calling upon the U.S. Congress to enact meaningful gun control legislation.

By the Speaker (Council Member Vallone), and Council Members Carrion, Dear, Eisland, Espada, Freed, Lopez, Michels, Moskowitz, Perkins, Pinkett, Reed and Rodriguez; also Council Members Cruz, Fisher, Harrison, Koslowitz, Leffler, McCaffrey, Nelson, O'Donovan, Povman, Quinn, Robinson, Robles and Wooten

Whereas, Gun violence is a serious concern in all American cities, including New York City; and

Whereas, According to ABC News, guns kill 34,000 Americans every year, 393 senior citizens every months and 13 children every day; and

Whereas, According to the Fiscal 1999 Mayor's Management Report, there were 2, 118 reported shooting victims in New York City in Fiscal 1998 and 2,009 reported shooting victims in Fiscal 1999; and

Whereas, Recent incidents involving guns, such as the July 4, 1999 killings in the Midwest by Benjamin Smith, the August 1999 shootings at a Jewish Community Center in Los Angeles by Buford Furrow, and the recent tragic death of a first grader in Michigan, indicate the extent of the gun problem in the United States; and

Whereas, These tragic incidents reinforce the critical need for Congress to adopt proposals, such as those advocated by the American Jewish Congress and other groups, which include requiring all gun buyers to pass a U.S. Justice Department background check before a gun buyer can take possession of a firearm from a gun dealer; requiring all gun buyers to be licensed by an appropriate law enforcement agency before obtaining a firearm from a gun dealer; requiring all gun dealers to register their firearms with an appropriate governmental body in order to allow law enforcement agencies to identify the owner of a weapon suspected of being used in a crime; and requiring all gun manufacturers to install safety devices that insure against accidental or inadvertent firing; and

Whereas, The City Council has continually taken the lead in the area of gun control legislation by passing meaningful local laws such as the trigger locks bill, which helps to protect our children from gun violence; and

Whereas, The U.S. Congress failed to enact meaningful gun control legislation last year and is not moving quickly on such legislation this year; and

Whereas, President Clinton has called on lawmakers to break the eight-month deadlock and pass a sensible bill; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the U.S. Congress to enact meaningful gun control legislation.

Referred to the Committee on Public Safety.

Res. No. 1230

Resolution urging the United States Post Office to issue a commemorative stamp for United States Marine Corps Sergeant John Basilone in recognition of his heroism and bravery in defending his nation during World War II.

By the Speaker (Council Member Vallone), and Council Members Malave-Dilan, Espada, Lasher, Michels, Abel and Golden; also Council Members Cruz, Fisher, Foster, Leffler, Nelson, O'Donovan, Povman, Rivera, Robles and Stabile

Whereas, During his service in World War II, John Basilone demonstrated the rarest kind of bravery and courage, repeatedly placing himself in harm's way to help his fellow soldiers and ceaselessly pursuing an American victory in every battle in which he partook; and

Whereas, One battle in particular, during three rainy October days in 1942, brought out the very best in Sergeant Basilone and indeed, the very best that we could ever hope for in a soldier when he defied all odds during a grueling battle in Guadalcanal in the Pacific to win a major victory against enemy Japanese troops; and

Whereas, During a fierce head-on attack by the well-known Sendai regiment, Sergeant Basilone, a gunnery sergeant, and his regiment were left to fight with a severely disabled gun operation, but Sergeant Basilone moved an extra gun into position, swiftly repaired and then manned another gun and changed barrels in almost total darkness and under relentless enemy fire; and

Whereas, With ammunition low, weather conditions worsening, supply lines cut off and enemy fire continuing to threaten the lives of his fellow soldiers and himself, Sergeant Basilone battled his way through hostile lines with urgently needed shells for his gunners; and

Whereas, As a result of Sgt. Basilone's quick thinking, gunnery skills and most of all, his unwavering courage and commitment to ensuring the safety of his men and securing a victory against the enemy Japanese, American forces defeated the Sendai regiment; and

Whereas, When John Basilone returned from battle, he became the war's first Marine to receive the Medal of Honor and the first enlisted Marine to earn the Congressional Medal of Honor; he received a Citation from President Franklin D. Roosevelt and was greeted by a parade attended by 30,000 people in his hometown of Raritan, New Jersey; and

Whereas, Having become somewhat of a celebrity, with his photo on the cover of Life Magazine and his name being used to promote bonds and the war effort, Sergeant Basilone grew uncomfortable in his role as, what he called, a "museum piece" and requested to be sent back into battle; and

Whereas, Sergeant Basilone, who had first enlisted in the United States Army at the age of eighteen, where he got the nickname "Manila John," and then joined the Marines shortly after he returned home, would once again set off to defend his country and be amongst his fellow soldiers; and

Whereas, Unfortunately, it would be Sergeant Basilone's final tour of duty, to the sands of Iwo Jima, where he single-handedly destroyed a Japanese blockhouse and drove hundreds of troops off the beaches before being killed in battle while leading his men; and

Whereas, Sergeant John Basilone was killed on February 19, 1945, receiving a posthumous Navy Cross and Purple Heart, but to the troops he led throughout World War II and to the countless people who took great pride in knowing that a man like John Basilone was fighting on the frontline, he would not be forgotten; and

Whereas, Honoring Sergeant Basilone, a true American hero, by issuing a United States postage stamp in his honor would help preserve his memory and bring his story of courage and honor to a new generation of Americans; and

Whereas, A number of outstanding individuals and Italian-American advocacy groups have worked to promote the campaign for a Sgt. John Basilone stamp including Peter Ippolito, head of Concerned Citizens, who jumpstarted a petition drive, and the Italian/American One Voice Committee, under the distinguished chairmanship of Dr. Emanuele A. Alfano as well as UNICO, Fieri National, the National Italian American Foundation and the Order Sons of Italy in America; *now, therefore, be it*

Resolved, That the Council of the City of New York urges the United States Post Office to issue a commemorative stamp for United States Marine Corps Sergeant John Basilone in recognition of his heroism and bravery in defending his nation during World War II.

Adopted.

Res. No. 1231

Resolution calling on the appropriate committee of the Council to hold hearings on the causes of the high rate of infant mortality in central Brooklyn.

By Council Members Boyland, Carrion, Clarke, Malave-Dilan, Espada, Fisher, Freed, Koslowitz, Lasher, Leffler, Linares, Lopez, Marshall, Perkins, Pinkett, Reed, Rodriguez, Warden, Wooten and Golden; also Council Members DiBrienza, Foster, Harrison, Nelson, Quinn, Rivera and Robinson

Whereas, According to an article in *The New York Times*, while the infant mortality rate in New York City has fallen steadily in the last decade, it has fallen much more slowly in neighborhoods like Bedford-Stuyvesant and Brownsville, areas in central Brooklyn that have large communities made up of new immigrants; and

Whereas, According to Department of Health figures, in New York City in 1998, babies less than a year old died at a rate of 6.8 per 1,000, which is slightly better than the national average of 7.2; and

Whereas, The Bedford-Stuyvesant and Brownsville communities in central Brooklyn, however, have some of the highest infant mortality rates in the country, 14 per 1,000, which represents a 20 percent increase over the 1997 rates; and

Whereas, The last time the average rate of infant mortality was that high in the City as a whole was in 1983; and

Whereas, Experts agree that even when resources exist low-cost prenatal care, hospitals willing to deliver babies, government subsidized infant formula and food—it is still difficult to get many pregnant women to access them; and

Whereas, Many of the women who are not accessing these resources are HIV positive, unemployed or living in the City as undocumented immigrants; and

Whereas, Women who fit these descriptions often avoid visiting doctors before they give birth out of fear that their babies will be taken away from them or that they will be deported, and some are discouraged by family members, who do not believe in prenatal care or are suspicious of the entire medical system; and

Whereas, There are also other women who want prenatal care but cannot obtain it because they live too far from a health clinic or a hospital, or have small children and no one at home to care for them while they are at the doctor; and

Whereas, According to the *Times* article, a lack of access to housing, nutritious food and adult support may contribute to infant mortality as much as poor medical care; and

Whereas, When Bedford-Stuyvesant lost a majority of its financing for Healthy Start, a federal program intended to help poor women have healthy babies, its infant mortality rate rose sharply; and

Whereas, In Brownsville, the Healthy Start program does not even exist, although the March of Dimes has earmarked the neighborhood for a $152,000 program in an attempt to provide more services to women; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the appropriate committee of the Council to hold hearings on the causes of the high rate of infant mortality in central Brooklyn.

By Council Members Cruz, Dear, Marshall, Michels, Rodriguez, Fiala and Golden (by request of the Mayor); also Council Members Fisher, Harrison, Koslowitz, McCaffrey, O'Donovan, Pinkett, Rivera, Robinson, Abel and Stabile

A LOCAL LAW to amend the administrative code of the city of New York, in relation to health insurance coverage for the surviving spouse and children of deceased uniformed correctional and sanitation workers.

Be it enacted by the Council as follows:

Section 1. Paragraph 2 of subdivision b of section 12-126 of the administrative code of the city of New York, as amended by local law number 14 for the year 1998, is amended to read as follows:

(2) Health insurance coverage for surviving spouses and children of police officers, firefighters, transit police officers and city housing police officers:

Where the death of a member of the uniformed forces of the police or fire departments or a member of the uniformed transit police force maintained by the New York city transit authority or a member of the uniformed housing police force maintained by the New York city housing authority is or was the natural and proximate result of an accident or injury sustained while in the performance of duty, the surviving spouse, until he or she dies, and the children under the age of nineteen years and any such child who is enrolled on a full-time basis in a program of undergraduate study in an accredited degree-granting institution of higher education until such child completes his or her educational program or reaches the age of twenty-three years, whichever comes first shall be afforded the right to health insurance coverage, and health insurance coverage which is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the social security act, as is provided for city employees, city retirees and

their dependents as set forth in paragraph one of this subdivision. The mayor may, in his or her discretion, authorize the provision of such health insurance coverage for the surviving spouses and children of uniformed correctional and sanitation employees who died, on or after November first nineteen hundred and ninety-six and before [January thirty-first nineteen hundred and ninety-eight] *February eighteenth, two thousand,* as a natural and proximate result of an accident or injury sustained while in the performance of duty, subject to the same terms, conditions and limitations set forth in the section.

§ 2. This local law shall take effect immediately.

Adopted.

Res. No. 1232

Resolution calling upon the United States Senate to work with the U.S. House of Representatives to pass comprehensive legislation, eliminating the marriage penalty tax, in order to restore equity and fairness to our system of taxation for married people.

By Council Members Dear, Eisland, Freed, Lopez, Moskowitz and Fiala; also Council Members Foster, Harrison, McCaffrey, Rivera, Rodriguez and Golden

Whereas, Married couples filing joint tax returns are subject to taxes disparate from those of two singles filing individually; and

Whereas, Married couples filing joint tax returns are currently entitled to a smaller deduction than double that of a single person; and

Whereas, Married couples filing joint tax returns are subject to a lower overhead limit on income than single persons for purposes of tax bracket determination; and

Whereas, The additional tax on married couples resulting from these regulations, commonly referred to as the "marriage penalty tax," represents a grave inequity perpetrated against those filing jointly by causing them to pay more money in taxes than if they had not been married or filed separately; and

Whereas, The United States House of Representatives has moved to rectify this inequity by passing legislation and thereby, changing regulations to reflect standards double those for single persons; and

Whereas, Congress has been derelict in its duty to address this unfairness thus far, but now has the opportunity to finally correct this matter; and

Whereas, The "marriage penalty tax" issue will soon come before the United States Senate; and

Whereas, The New York City Council must take a stand in support of all that is fair and just for all of New York City's residents, including the many couples who continue to be penalized for their participation in the time-honored traditional institution of marriage; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the United States Senate to work with the U.S. House of Representatives to pass comprehensive legislation, eliminating the marriage penalty tax, in order to restore equity and fairness to our system of taxation for married people.

Res. No. 1233

Resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review eight determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

By Council Member Dear

Whereas, Subdivision (g) of section 19-511 of the Administrative Code of the City of New York provides that upon receiving an application for the issuance of a license for a new base station or for the renewal of a license for a base station, the Taxi and Limousine Commission (TLC) shall, within five business days, submit a copy of such application to the Council and to the district office of the Council Member and the Community Board for the area in which the base station is or would be located; and

Whereas, Section 19-511.1 of the Administrative Code provides that any determination by TLC to approve an application for a license to operate a new base station or to renew a license to operate a base station shall be subject to review by the Council; and

Whereas, Within ninety days of the first Stated Meeting following receipt of such determination and its accompanying materials, the Council may approve or disapprove such determination by local law, after having adopted a resolution to review that determination; and

Whereas, Should the Council not timely adopt a resolution to review the TLC's determination or, having done so, not timely pass a local law with respect to such determination, the approval by TLC of an application to operate a new base station or for renewal of a license to operate a base station shall remain in effect; and

Whereas, The Taxi and Limousine Commission made eight determinations to approve applications for renewal of a base station license that were submitted to the Council as Communications by the Mayor numbers M-779 through M-786; and

Whereas, These determinations were made with respect to the applications by Promenade Car Service, Inc. also known as Promenade Car Service; New Kingsbridge Car Service also known as Kingsbridge Car Service; Tremont Dispatching Corp.; Masada III Car & Limo Service Corp.; Santo Domingo Car Service Inc. also known as Santo Domingo Car Service, Inc. also known as Santo Domingo Car Service; Sudan Transportation Ltd. doing business as Continental (95) C/S also known as Sudan Transportation Ltd also known as Continental "95" Car Service also known as Continental (95) C/S; United Limo, Car and Mess. Service Corp. also known as United Limo. Car and Mess. Service Corp also known as United Limo car/m svc corp., also known as United Limo C/M Service Corp. also known as United Limo Car and Mess. Service Corp.; and Continental Car & Limousine Service, Inc. doing business as Continental Private Car & Limousine Service also known as Continental Private Car & Limousine Service Inc. also known as Continental Car & Limousine Service Inc. doing business as Continental Private Car & Limousine Service also known as Continental Private Car Service, Inc. respectively; and

Whereas, The first Stated Meeting subsequent to receipt of these submissions was held on February 8, 2000; *now, therefore, be it*

Resolved, That the Council hereby invokes its authority pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review eight determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

By Council Members DiBrienza, Quinn, Miller, Reed, Eldridge, Moskowitz, Freed, Nelson, Perkins, Linares, Espada, Lopez and Marshall; also Council Members Cruz, Foster, Koslowitz, Leffler, Michels, Pinkett, Rivera and Robinson

A LOCAL LAW to amend the administrative code of the City of New York, in relation to amending the rent stabilization law to provide for the streamlining of the rent regulation system, establishment of rent guidelines for housing accommodations subject to the city rent and rehabilitation law, and to bar certain rent adjustments.

Be it enacted by the Council as follows:

Section 1. Statement of findings and purposes. The council finds that the existing system of establishing rent adjustments for rent regulated housing accommodations is confusing and needlessly complex. The council further finds that the maximum base rent system established pursuant to local law number 30 for the year 1970 has over time become divorced from economic reality, resulting in discriminatory rent increases imposed on tenants, most of them elderly, of rent controlled apartments. The council further finds that the maximum base rent system works to the detriment of landlords of small buildings who do not apply for rent increases because of burdensome paperwork requirements. The council further finds that the maximum base rent system has imposed an unnecessary administrative burden on the city rent agency. The council further finds that the maximum base rent system should be superseded by the method of establishing rent adjustments under the rent stabilization law of 1969. The council further finds that this change will streamline and simplify the rent regulation system and make it less confusing to landlords, tenants and the public.

The council further finds that annual registration of rents and services for rent controlled apartments, as is currently the system for rent stabilization, is necessary for effective administration. The council further finds that establishment of supplementary rent increases for low rent apartments is harmful to low income tenants and exacerbates the housing crisis by diminishing the supply of rental apartments available to low income persons and families and should be discontinued.

The council further finds that these amendments are necessary for the public health and welfare.

§ 2. Subdivision a of section 26-405 of the administrative code of the city of New York is amended by adding a new paragraph 10 to read as follows:

(10) (a) Notwithstanding any contrary provisions of this subdivision, effective January first, two thousand two, maximum rents for housing accommodations subject to this chapter shall no longer be established pursuant to paragraphs three and four of this subdivision, or limited by paragraph five of this subdivision, or adjusted by subparagraph (1) or (n) of paragraph one of subdivision g of this section.

(b) Except as otherwise provided in this paragraph, the rent guidelines board established pursuant to section 26-510 of this title shall establish an annual guideline for housing accommodations subject to this chapter, in the manner provided by such section. Not later than July first, two thousand one, and not later than July first annually thereafter, the rent guidelines board shall file with the city clerk its findings established in consideration of the economic factors listed in subdivision b of section 26-510 of this title, and shall accompany such findings with a statement of the maximum rate of rent adjustment, if any, for accommodations subject to this chapter authorized for the adjustment of

the maximum rent of the housing accommodation for the twelve month period commencing January first, two thousand two and for each succeeding twelve month period. The twelve month rent adjustment for housing accommodations subject to this chapter shall not exceed the rent adjustment for one year leases, in effect on January first of any such year, for housing accommodations subject to the rent stabilization law of 1969 pursuant to section 26-504 of this title.

(c) Effective January first, two thousand two, the maximum rent collectible from the tenant shall be the maximum rent collectible on December thirty-first, two thousand one, including any rent adjustments then collectible pursuant to subparagraph (n) of paragraph one of subdivision g of this section, as such rent may be adjusted pursuant to subparagraph (b) of this paragraph annually, without an order of the city rent agency, or as adjusted pursuant to any other provision of this chapter, provided that the landlord certifies to the city rent agency biennially that all rent impairing violations, as defined by section three hundred two-a of the multiple dwelling law, and at least eighty per centum of all other violations of the housing maintenance code or other state or local laws that impose requirements on property and which were recorded against the property on July first, two thousand one, or July first of the year preceding the adjustment, whichever is later, have been cleared, corrected or abated and the landlord has received a certificate of eligibility from the city rent agency that the violation clearing requirements set forth above have been met and further authorizing the landlord to collect any rent increase or adjustment authorized pursuant to this subparagraph, and the landlord has served such certificate upon the tenant residing in the housing accommodation.

(d) No rent adjustment pursuant to subparagraph (b) of this paragraph shall be collectible until the landlord shall have given written notice thereof to the tenant. Such notice shall be served on the tenant by mail or personal delivery not more than 90 days and not less than 60 days prior to the effective date of the rent adjustment. Late service of the notice on the tenant shall result in a delay of the effective date of the rent adjustment until the beginning of the first monthly rental period after 60 days following the service of the notice. Such notice shall be on a form prescribed by the city rent agency or a facsimile of such form.

(e) Maximum rates of rent adjustment shall not be established more than once annually for any housing accommodation subject to this chapter within the board's jurisdiction. Once established, no such rate shall be adjusted by any surcharge, supplementary adjustment, reopener or other modification. No rent adjustment shall be established based on the rent level of housing accommodations subject to this title.

(f) Nothing contained in this paragraph shall alter, restrict or impair an owner's right to establish the initial regulated rent, subject to the provisions of section 26-513 of this title, for accommodations subject to this chapter which become vacant.

§ 3. Paragraph 6 of subdivision h of section 26-405 of the administrative code of the city of New York is amended by lettering the existing section as subparagraph a and by adding a new subparagraph b to read as follows:

(b) On or after January first, two thousand two, to be entitled to collect any annual rent adjustments pursuant to the provisions of paragraph ten of subdivision a of this section, a landlord must file with the city rent agency, as part of each registration required pursuant to subdivision k of section 26-409 of this title, a written certification that he or she is maintaining and will continue to maintain services furnished or required to be furnished pursuant to this chapter or required to be furnished by any law, ordinance or regulation applicable to the premises.

§ 4. Section 26-409 of the administrative code of the city of New York is amended by adding a new subdivision k to read as follows:

k. Effective January first, two thousand two, the city rent agency shall require the landlord of a building or property containing housing accommodations subject to this chapter, to execute and file registration statements with respect to such housing accommodations as follows:

(1) Each housing accommodation shall be registered by the landlord thereof annually with the city rent agency upon forms and in such manner as shall be prescribed by the city rent agency. At such time, a landlord shall also provide each tenant then in occupancy with a copy of that portion of such registration statement as pertains to the tenant's unit by personal delivery with acknowledgement of service, certified or registered mail, or first class mail with official proof of service.

(2) Registration pursuant to this subdivision shall not be subject to the freedom of information law, provided that registration information relative to a tenant or landlord shall be made available to such party or his or her authorized representative.

(3) The failure to file a proper and timely rent registration statement, pursuant to this subdivision, shall, until such time as such registration is filed, bar a landlord from applying for or collecting any rent in excess of the maximum rent in effect on the date of the last preceding registration statement or if no such statements have been filed, the maximum rent in effect on the date that the housing accommodation became subject to the registration requirements of this subdivision. The filing of a late registration shall result in the prospective elimination of such sanctions and provided that increases in the legal regulated rent were lawful except for the failure to file a timely registration, the owner, upon the service and filing of a late registration, shall not be found to have collected an overcharge at any time prior to the filing of a late registration. If such late registration is filed subsequent to the filing of an overcharge complaint, the owner shall be assessed a late filing surcharge for each late registration in an amount equal to fifty percent of the timely rent registration fee.

§ 5. Paragraph (i) of Section 26-510 of the administrative code of the city of New York is amended to read as follows:

i. Maximum rates of rent adjustment shall not be established more than once annually for any housing accommodation within the board's jurisdiction. Once established, no such rate shall, within the one-year period, be adjusted by any surcharge, supplementary adjustment or other modification. *No rent adjustment shall be established based on the rent level of housing accommodations subject to this title.*

§ 6. If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 7. This local law shall take effect immediately.

Res. No. 1234

Resolution calling on the New York State Legislature and Governor to enact legislation that would reverse the potential 20% increases that are allowed each time an apartment becomes vacant and would repeal the decontrol of units that reach $2000 per month in rent.

By Council Members DiBrienza, Quinn, Miller, Eldridge, Moskowitz, Freed, Nelson, Perkins, Linares, Espada, Lopez, Marshall and Reed; also Council Members Cruz, Foster, Koslowitz, Leffler, Michels, Pinkett, Rivera and Robinson

Whereas, A real housing crisis exists in New York City, with vacancy rates below 5% year after year, and skyrocketing rents for tenants of all income levels in all five boroughs; and

Whereas, In response to this housing crisis, New York City and New York State have enacted rent control and rent stabilization laws which are in place to stabilize neighborhoods and to protect tenants from harassment and unreasonable rent increases or evictions; and

Whereas, Because of the "Urstadt Law", a relic of 1971 vacancy decontrol measures which prohibits New York City from enacting or expanding certain rent protections without the concurrence of New York State, a significant portion of the renewing and amending of New York City's rent laws takes place in Albany, rather than in local government; and

Whereas, In 1997, when renewing the rent laws, the New York State Legislature and Governor enacted two provisions in particular that have exacerbated the lack of affordable housing units in New York City, including allowing for up to 20% vacancy increases each time an apartment becomes vacant, and decontrol of units that rent for $2000 or more per month either upon vacancy or when tenants have incomes that exceed $175,000 for two consecutive years; and

Whereas, The potential 20% vacancy allowance each time a unit becomes vacant, which is permitted in addition to annual rent and other increases, has led to widespread reports of tenant harassment by landlords who seek to turn over units in order to receive this large increase in rent, subsequently leading to the loss of affordable units and the destabilization of neighborhoods in all of the five boroughs; and

Whereas, The deregulation of vacant apartments that reach $2000 per month has also led to increased reports of harassment and intimidation as landlords look to decontrol units by turning over tenants in order to attain this level of rent, thereby leading to an even tighter housing market as units are deregulated and the pressure of high rents displaces lower- and middle-income tenants, especially in the wake of drastic increases in asking rents in all five boroughs, not only Manhattan; and

Whereas, The elimination of regulations on apartments where individual tenants have "luxury" incomes eliminates forever this much needed resource; and

Whereas, In a democracy, when legislation or policies enacted by government are demonstrated to have an adverse impact on the quality of life and stability of neighborhoods, it is the obligation of lawmakers to step in and remedy those laws; *now, therefore, be it*

Resolved, The Council of the City of New York calls on the New York State Legislature and Governor to enact legislation that would reverse the potential 20% increases that are allowed each time an apartment becomes vacant and would repeal the decontrol of units that reach $2000 per month in rent.

Res. No. 1235

Resolution calling upon the Department of Consumer Affairs to conduct the "Passover Kosher Market Basket Survey" in a timely fashion and encouraging consumers to use this information to choose stores that keep their holiday prices in line with their year round prices.

By Council Members Eisland, Koslowitz, Dear, Fisher, Lasher, Freed, Michels, McCaffrey, Foster, Rivera, O'Donovan, Warden, Cruz and Marshall; also Council

Members DiBrienza, Harrison, Leffler, Nelson, Pinkett, Povman, Provenzano, Quinn, Robinson, Rodriguez, Abel, Golden and Stabile

Whereas, In preparation for the Passover seder, which this year begins at sundown on April 19th, families will begin shopping for their holiday products in the coming weeks; and

Whereas, In the past, manufacturers and retailers have taken advantage of those who celebrate this special holiday by sometimes raising the prices of Passover foods in the period immediately preceding Passover; and

Whereas, Since its inception, at the request of the Council fifteen years ago, the "Passover Kosher Market Basket Survey" has been of tremendous benefit to consumers in helping them to comparison shop; and

Whereas, Encouraging customers to comparative shop and providing them with average price information for staple Passover foods has, surveys indicate, effectively addressed the practice of increasing prices for "Kosher for Passover" foods; and

Whereas, Palm cards, distributed by Council Members, containing information gathered by the Department of Consumer Affairs as to the average prices of holiday products, are of great assistance to shoppers as they compare the prices of those products; and

Whereas, The "Passover Kosher Market Basket Survey" has sent a strong and clear message that the prices of Passover products are being closely observed; *now, therefore, be it*

Resolved, That the Council calls upon the Department of Consumer Affairs to conduct the "Passover Kosher Market Basket Survey" in a timely fashion and encourages consumers to use this information to choose stores that keep their holiday prices in line with their year round prices.

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Members Dinowitz, Greene, Millman, Towns, et al., A.9488, "AN ACT to amend the administrative code of the city of New York, in relation to clearly marking certain pedestrian crosswalks in any city having a population of one million or more persons".

By Council Members Eisland, Freed and Marshall; also Council Members Harrison, Michels and Nelson

Whereas, a bill has been introduced in the New York State Legislature by Assembly Members Dinowitz, Greene, Millman, Towns, et al., A.9488, "AN ACT to amend the administrative code of the city of New York, in relation to clearly marking certain pedestrian crosswalks in any city having a population of one million or more persons"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1236

Resolution calling on the Board of Elections to have representatives present at all Immigration and Naturalization Service ceremonies in order to pass out voter registration cards.

By Council Members Fisher, Carrion, Malave-Dilan, Espada, Freed, Michels, Miller and Perkins; also Council Members Cruz, Harrison, McCaffrey, Povman, Quinn, Rivera, Robinson, Rodriguez, Sabini and Stabile

Whereas, According to a report released by The Department of City Planning entitled "Newest New Yorkers 1995-1996: An Update of Immigration to the City in the Mid-90's," over 231,000 immigrants settled in New York City from 1995 to 1996, representing a 2.7 percent increase from the average in the early 1990's; and

Whereas, According to the same report, as of 1996, more than one-third of New York City's population was foreign-born; more than half of the population is made up of immigrants and their U.S. born children and these numbers are increasing every year, with New York City seeing the largest influx of immigrants in an urban area since the 1930's; and

Whereas, Immigrants from all over the world have decided to settle in New York City in search of a better life and according to the Department of City Planning, a good part of the increase in immigration was due to "the growth in refugee flows and a surge in those entering under the 'diversity' provisions of immigration law, which were enacted to increase the flow of groups underrepresented in the immigration stream to the U.S.," implying that many of these new immigrants are arriving from nations where individual voting is not as valued a part of the political process as in America; and

Whereas, Now is the time to reverse declining voter participation in New York and make the entire population count when it comes to partaking in the most important and symbolic political process that America has to offer - the act of voting; and

Whereas, The City of New York was built on the labor of immigrants and in its current form, the City is a great testament to the achievements of the immigrant population in America; and

Whereas, It is necessary for recent immigrants, who will doubtlessly play a tremendous role in the future of our City and our Nation, just as scores of immigrants have before them, to register to vote and become an official part of the democratic process; and

Whereas, According to the Immigration and Naturalization Service, in Fiscal Year 1999, 110,450 New Yorkers were naturalized which means that 110, 450 new New Yorkers could have voted immediately after their naturalization ceremony; and

Whereas, It needs to be made clear to the thousands of new immigrants that are coming to our City each year, from places like the former Soviet Union, the Dominican Republic, China, Jamaica and Guayana, that the United States and the City of New York want to include these newest New Yorkers in the free election process; *now, therefore, be it*

Resolved, That the Council of the City of New York calls on the Board of Elections to have representatives present at all Immigration and Naturalization Service ceremonies in order to pass out voter registration cards.

Referred to the Committee on Governmental Operations.

Res. No. 1237

Resolution urging Attorney General Janet Reno to suspend the deportation hearing and to reexamine the McAllister family's case with a view toward granting them political asylum, based on the fact that their lives would certainly be in danger were they to be deported.

By Council Members Freed, Eisland, Marshall and Michels, also Council Members Cruz, McCaffrey, Quinn, Rivera and Sabini

Whereas, The Immigration and Naturalization Service has denied asylum to, and is now attempting to deport, Bernadette and Malachy McAllister and their four children to Northern Ireland, where their lives would be in grave jeopardy; and

Whereas, The McAllister family fled for their lives in October of 1988 after Loyalist gunmen fired 25 shots into their home in Belfast, narrowly missing their children and Bernadette's mother; and

Whereas, Malachy McAllister's security files were allegedly leaked to these assassins by the Royal Ulster Constabulary, the Northern Ireland police force; and

Whereas, Other members of the McAllister family continue to be targets of politically motivated violence, such as Theresa Clinton, a relative of Bernadette McAllister, who was shot dead in her living room in Belfast; and

Whereas, Shots were recently fired into the house of a friend of the family only a few blocks from their former home in Belfast; and

Whereas, Forty-six Members of Congress, the Speaker of the New York City Council, the New York City Comptroller and the New York City Public Advocate have already expressed their support for the McAllister family; and

Whereas, This Council has previously expressed its support for other Irish and Irish-American families facing deportation to Northern Ireland; now, therefore, be it

Resolved, That the Council of the City of New York urges Attorney General Janet Reno to suspend the deportation hearing and to reexamine the McAllister family's case with a view toward granting them political asylum, based on the fact that their lives would certainly be in danger were they to be deported.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

State Leg. Res. No. 203

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Lachman, S.6309, and Assembly Member Cohen, A.9205, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owners Bart Colorafi and Vera M. Colorafi, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 6955, Lot No. 105 on tax map for the borough of Brooklyn".

By Council Member Lasher; also Council Members Rivera and Abel:

Whereas, bills have been introduced in the New York State Legislature by Senator Lachman, S.6309, and Assembly Member Cohen, A.9205, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax fore-

closure in the borough of Brooklyn to former owners Bart Colorafi and Vera M. Colorafi, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 6955, Lot No. 105 on tax map for the borough of Brooklyn"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1238

Resolution calling upon the New York State Department of Health to mandate that all workers employed in the preparation, serving or handling of foods in New York State be required to undergo appropriate health examinations as a condition of employment, including Chest X-rays and tests needed to identify other communicable diseases.

By Council Members Harrison, Espada, Freed, Marshall and Fiala; also Council Members Cruz, Foster, Michels, Pinkett, Povman, Robinson and Watkins

Whereas, Medical investigators have historically been aware of the link between infected food handlers and the spread of communicable diseases to the public; and

Whereas, According to the United States Department of Health and Human Services, public health investigations undertaken in 1904 determined that Mary Mallon popularly known as "Typhoid Mary" spread typhoid disease as a direct result of her food preparation activities; and

Whereas, According to the Medscape publication entitled *Foodborne Disease Control: A Transnational Challenge* (the "Foodborne Disease Publication"), a committee of the World Health Organization has concluded that "illness due to contaminated food was the most widespread health problem in the contemporary world"; and

Whereas, The Foodborne Disease Publication found that "data from industrialized countries indicate that annually up to 10 percent or more of the population may have a foodborne disease"; and

Whereas, The Foodborne Disease Publication stated that "inadequate knowledge on the part of food handlers has contributed to increased contamination of primary foodstuffs"; and

Whereas, Hepatitis A is a communicable virus that can be spread from person to person; and

Whereas, According to Dr. Tom Van Gilder, a medical epidemiologist with the Centers for Disease Control, 5 percent of all Hepatitis A cases are caused by the improper handling of food; and

Whereas, The Foodborne Disease Publication noted that Salmonellosis and E. Coli have also been spread through contaminated food; and

Whereas, Under New York State law, the New York State Department of Health is mandated to regulate the sanitary aspects of public eating and drinking establishments; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Department of Health to mandate that all workers employed in the preparation, serving or handling of foods in New York State be required to undergo appropriate health examinations as a condition of employment, including Chest X-rays and tests needed to identify other communicable diseases.

Res. No. 1239

Resolution calling upon the State Legislature and Governor to amend the State Tax Law to exempt meals of up to ten dollars purchased in restaurants and other eateries from the sales tax.

By Council Members Linares, Espada, Freed, Marshall, Rodriguez and Watkins; also Council Members Clarke, Fisher, Foster, McCaffrey, Michels, Provenzano and Rivera

Whereas, Currently, article twenty-eight of the State Tax Law imposes a sale tax on the receipts from the sale of food and drink sold in or by restaurants, taverns, and other eateries, which applies to all food and beverages sold for on-premises consumption as well as most prepared and ready-to-eat food sold for off-premises consumption; and

Whereas, Article twenty-nine authorizes the City of New York to impose a local sales tax which also must contain such a tax on meals, bringing the total sales tax on such food purchases to 8¼%; and

Whereas, In many parts of the City, even a sandwich or hero purchased in a deli or pizzeria can cost seven to eight dollars, bringing the cost of a very modest lunch consisting of a sandwich and a beverage to over nine dollars; and

Whereas, After adding the state and local portions of the sales tax to such a meal, a simple lunch can cost over ten dollars; and

Whereas, There are many low paid workers in the City who cannot afford these prices, and many middle income people for whom these prices are also burdensome; and

Whereas, Like articles of clothing and footwear of under $110 which have been recently exempted from sales tax, modestly priced meals should also be treated as "essential" purchases and exempted from the sales tax; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the State Legislature and Governor to amend the State Tax Law to exempt meals of up to ten dollars purchased in restaurants and other eateries from the sales tax.

Referred to the Committee on Finance.

Int. No. 730

By Council Members Lopez, Espada, Marshall and Perkins; also Council Members Foster, Michels and Quinn

A LOCAL LAW to amend the administrative code of the city of New York in relation to laundry service.

Be it enacted by the Council as follows:

Section 1. Section 20-296 of the administrative code of the city of New York is hereby amended by adding a new subdivision h, to read as follows.

h. No licensee shall combine in a single machine the laundry of more than one customer.

§ 2. This local law shall take effect immediately.

By Council Members McCaffrey, Koslowitz, Leffler, Marshall, O'Donovan, Povman, Abel, Golden and Robinson

A LOCAL LAW in relation to a street name, Monsignor Frank Bulovas Avenue, Borough of Queens.

Be it enacted by the Council as follows:

Section 1. The following street name is hereby designated as hereafter indicated.

New name	Present name	Limits
Monsignor Frank Bulovas Avenue	Perry Avenue	between 64th Street and Remsen Place

§ 2. This local law shall take effect immediately.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1240

Resolution calling upon the United States Congress to introduce and adopt legislation requiring the federal government and its agencies to enter into contracts only with apparel and textile manufacturers who adhere to fair labor standards and pay their employees non-poverty wages.

By Council Members McCaffrey, Carrion, Clarke, Dear, Malave-Dilan, Eisland, Espada, Freed, Koslowitz, Lopez, Marshall, O'Donovan, Quinn and Reed; also Council Members Cruz, DiBrienza, Fisher, Foster, Michels, Pinkett, Povman and Robinson

Whereas, The Council of the City of New York finds that it is in the best interests of the United States to procure items of apparel and textile from responsible manufacturers that provide quality and service at the lowest price and provide a safe working environment for their employees; and

Whereas, After almost a century of progress in the struggle against sweatshops in the apparel and textile sectors, there has been a recent resurgence of such exploitative and abusive workplaces throughout the United States and around the world; and

Whereas, The federal government should not spend taxpayer monies in ways that encourage sweatshops in the apparel and textile sector to thrive; and

Whereas, The federal government should choose to allocate its purchasing dollars in order to enhance, rather than degrade, the economic and social well-being of people while at the same time assure the public that it is acquiring the maximum quality for the lowest possible cost; and

Whereas, Legislation that would require the federal government and its agencies to contract with responsible apparel and textile manufacturers who provide a safe, non-discriminatory work environment and compensate their employees with a non-poverty wage would reduce the number of sweatshops worldwide from being awarded such valuable contracts; *now, therefore be it*

Resolved, That the Council of the City of New York calls upon the United States Congress to introduce and adopt legislation requiring the federal government and its agencies to enter into contracts only with apparel and textile manufacturers who adhere to fair labor standards and pay their employees non-poverty wages.

Referred to the Committee on Contracts.

Res. No. 1241

Resolution calling upon the New York State Senate to pass S.6137-A, which would ban the sale of gasoline containing the additive methyl tertiary butyl ether (MTBE), and Governor George E. Pataki to sign this bill into law.

By Council Members Michels, Spigner, Sabini, Carrion, Malave-Dilan, Freed, Linares, Lopez, Quinn and Rodriguez; also Council Members Cruz, Fisher, Harrison, Koslowitz, Leffler, Nelson, Pinkett, Robinson and Wooten

Whereas, Under Section 211(k) of the Clean Air Act Amendments of 1990, numerous areas with poor air quality are required to add chemicals called "oxygenates" to gasoline as a means of improving combustion and thus reducing emissions; and

Whereas, This cleaner burning gasoline, called reformulated gasoline or RFG, is required by the Clean Air Act in cities with the worst smog pollution such as New York since RFG reduces emissions that contribute to smog formation; and

Whereas, The most commonly used of these oxygenates is methyl tertiary butyl ether (MTBE); and

Whereas, This chemical has been added to gasoline in many states since the 1970's, first in low concentrations to boost the octane rating, then added in higher concentrations in the 1990's to make fuel burn more cleanly; and

Whereas, In 1996 the United States Environmental Protection Agency (EPA) made using the additive or similar chemicals mandatory at least part of the year in many polluted areas across the country where air quality did not meet Federal air standards; and

Whereas, Controversy has surrounded the use of MTBE, particularly as a result of the contamination of drinking water supplies by leaks from gasoline storage tanks and pipelines, which has raised serious questions concerning the desirability of using the additive as a means of producing cleaner burning fuel; and

Whereas, Unlike other components of gasoline, which evaporate and do not mix with water, MTBE readily dissolves in water, quickly spreading underground and resisting the effect of filters that remove other pollutants as well as soil bacteria that readily digest other ingredients of gasoline; and

Whereas, EPA has listed MTBE as a probable animal and possible human carcinogen and in July 1999 an advisory panel recommended a substantial reduction in its use; and

Whereas, MTBE's presence has been discovered in New York State's ground water, private and public drinking water wells and many of its streams and ponds; and

Whereas, Toxics Targeting, Inc., an environmental research firm, identified more than 1,800 MTBE spills reported by the Department of Environmental Conservation (DEC) in New York's 62 counties, and it is reported that for more than 90% of those spills, State cleanup standards were not met; and

Whereas, In New York City, there are 101 sites on the list, including one that has contaminated two wells in Queens that are part of the New York City water supply; and

Whereas, 500,000 residents in Jamaica, Queens, use well water as their exclusive or primary source of drinking water and face a potential risk of contamination to their drinking supply; and

Whereas, In November 1999, Governor George E. Pataki ordered a reduction in New York's standard for allowable concentrations of MTBE in ground and drinking water from 50 parts per billion (ppb) to 10ppb; and

Whereas, In March 1999, Governor Gray Davis of California ordered that MTBE be completely eliminated from gasoline in that state by 2002; and

Whereas, The New York State Assembly overwhelmingly approved a bill (A. 5513-A) to ban the sale of gasoline containing the additive MTBE, and an identical bill has been introduced in the State Senate; and

Whereas, Under this bill, individuals who sell gasoline with MTBE will be subject to a minimum fine of $500 and a maximum fine of $10,000; *now, therefore, be it*

Resolved, The Council of the City of New York calls upon the New York State Senate to pass S.6137-A, which would ban the sale of gasoline containing the additive methyl tertiary butyl ether (MTBE), and Governor George E. Pataki to sign this bill into law.

Referred to the Committee on Environmental Protection.

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Marchi, S.6663, and Assembly Members Connelly, Clark, et al., A.9397, "AN ACT to amend the vehicle and traffic law, in relation to fines for parking violations occurring on school grounds".

By Council Members Oddo, O'Donovan, Freed, Abel, Fiala and Golden; also Council Member Harrison:

Whereas, bills have been introduced in the New York State Legislature by Senator Marchi, S.6663, and Assembly Members Connelly, Clark, et al., A.9397, "AN ACT to amend the vehicle and traffic law, in relation to fines for parking violations occurring on school grounds"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

State Leg. Res. No. 205

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator LaValle, S.5172, and Assembly Member Vitaliano, A.9625, "AN ACT to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving spouses of members of the fire department who are enrolled in a health insurance plan".

By Council Members O'Donovan, Fiala and Golden; also Council Members Harrison, Michels and Pinkett:

Whereas, bills have been introduced in the New York State Legislature by Senator LaValle, S.5172, and Assembly Member Vitaliano, A.9625, "AN ACT to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving spouses of members of the fire department who are enrolled in a health insurance plan"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1242

Resolution calling on the New York State Senate and the New York State Assembly to enact legislation that will designate March 10th of each year to be known as Harriet Tubman Day.

By Council Members Perkins, Spigner, Robinson, Reed, Clarke, Nelson, Eisland, Lopez, Marshall, Freed, Malave-Dilan, Robles, Eldridge, Carrion, DiBrienza, Michels, Espada, Linares, Quinn, Rodriguez, Warden, Watkins and Wooten; also Council Members Fisher, Foster, Harrison, Pinkett and Robinson

Whereas, In the dark period of slavery in America, Harriet Ross Tubman was a beacon of hope and she is now remembered as a patriot and a heroine worthy of the utmost praise and reverence of all Americans; and

Whereas, Harriet Tubman may have been born into the inhumane practice of slavery on the Eastern Shore of Maryland around 1820 but she was determined to reclaim the rights that had been denied to herself, her family and her people by escaping the bondage of the plantation and more significantly, bringing over 300 other slaves to freedom; and

Whereas, Harriet Tubman escaped to the North in 1849 and settled in Philadelphia where she met William Still, the Philadelphia Stationmaster of the Underground Railroad, the famous network of abolitionists and humanitarians that assisted African-Americans in their escape from slavery; and

Whereas, Harriet Tubman soon became a "conductor" on the Underground Railroad, relocating several members of her family; and

Whereas, After making the acquaintance of United States Senator, Secretary of State and former New York State Governor William H. Seward and his wife Frances, the Sewards provided Ms. Tubman with a home in Auburn, New York which became the new base of operations for the Underground Railroad; and

Whereas, At the onset of the Civil War, Harriet Tubman was the most influential conductor of the Underground Railroad, freeing approximately 300 slaves and paving the way for freedom for countless others; and

Whereas, A true American patriot, humanitarian, freedom fighter and a proud New York State resident, Harriet Tubman worked as a nurse and a cook for the Union Army; a spy behind Confederate lines and a scout for raiding parties; and

Whereas, Harriet Tubman's singular contributions to the Underground Railroad and as a result, to the advancement of African-Americans places her among the most significant figures in American history, having stood for freedom from oppression, the very principle that this country was founded upon; and

Whereas, Ms. Tubman maintained her role as an unwavering voice of freedom for her entire life and stood in the face of great adversity to become an American hero; and

Whereas, After her death in 1913, Harriet Tubman was buried in Fort Hill Cemetery in Auburn, New York and currently, her Auburn home and property are registered as National Historic Landmarks and part of the National Parks Service Freedom Trail; and

Whereas, Harriet Tubman became the first African-American woman to be honored on a U.S. postage stamp; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Senate and the New York State Assembly to enact legislation that will designate March 10th of each year to be known as Harriet Tubman Day.

Adopted.

Int. No. 732

By the Public Advocate (Mr. Green), and Council Members DiBrienza, Eldridge, Quinn, Malave-Dilan, Eisland, Espada, Freed, Linares, Lopez, Perkins, Reed and Watkins; also Council Members Clarke, Cruz, Foster, Koslowitz, Leffler, Michels, Miller, Robinson, Sabini and Wooten

A LOCAL LAW to amend the administrative code of the city of New York, in relation to establishing a comprehensive policy for city employees regarding domestic violence and the workplace.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. *The City Council finds and declares that it is in the interest of the City of New York to establish a comprehensive policy for city employees governing domestic violence and the workplace. Domestic violence is widespread in the New York City and often interferes with a victim's ability obtain and/or retain employment. Yet economic security and financial independence of victims of domestic violence is essential to their ability to escape abusive relationships. One study found that over one-half of those surveyed had lost their jobs, at least in part, due to domestic violence. Other studies have found that between twenty-four and fifty-two percent of those surveyed were harassed by their abusers on the job, and most have little choice but to find time during the workday to seek medical and/or legal services and other assistance. There is also evidence of an increase in the numbers of domestic violence victims who have lost their children to foster care because of their inability to protect themselves and their children from an abuser.*

Innovative workplace programs in both the public and private sectors are playing an important role in addressing these problems. Several states, including New York, now provide unemployment compensation to employees who leave their jobs voluntarily due to domestic violence, deeming that "good cause" under the law. New York State has also enacted legislation that established an executive office to develop model domestic violence policies for counties, state agencies and private employers, as well as an advisory council to develop strategies for domestic violence prevention. (N.Y. Exec. Law § 575). In 1988, the Governor of Maryland issued an executive order mandating domestic violence awareness training and policies for all of its employees, prohibiting adverse employment actions against employees based on their status as victims of domestic violence and providing for conspicuous posting of information about domestic violence and available resources. Maine has enacted landmark legislation that requires employers to provide employees who are victims of domestic violence with leave, paid or unpaid, to address issues resulting from incidents of domestic violence. The City of Miami has enacted similar legislation. Further, several large corporations have implemented policies designed to address the issues faced by employees who are victims of domestic violence.

This local law encompasses the best of such innovative approaches in an effort to effectively address the problems faced by city employees who are victims of domestic violence. The goals of this local law are to assist victims of domestic violence in protecting their economic interests so that they may gain the independence needed to escape abuse, and to achieve greater workplace productivity for the City of New York by reducing workplace stress, absenteeism and employee turnover.

§ 2. Title 12 of the administrative code of the city of New York is amended by adding a new chapter 4 to read as follows:

CHAPTER 4

DOMESTIC VIOLENCE

§ 12-401 Definitions. *Whenever used in this chapter the following words shall have the following meanings:*

a. "Agency" shall mean an agency as defined in section 1-112(1) of the administrative code of the city of New York.

b. "Department" shall mean the department of citywide administrative services, or any other department or agency that the mayor designates.

c. "Domestic violence" shall mean acts or threats of violence, not including acts of self-defense, committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabited with the victim, by a person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim, or a person who is or has continually or at regular intervals lived in the same household as the victim. For purposes of this definition, "acts or threats of violence" shall include but not be limited to acts that would constitute violations of the penal law.

d. "Employee" shall mean an employee of any agency.

§ 12-402 Prohibited acts. *It shall be an unlawful discriminatory practice for an agency, or an agent thereof, to refuse to hire or employ or to bar or to discharge from employment an individual, or to discriminate against an individual in compensation or other terms, conditions, or privileges of employment, because of the actual or perceived status of said individual as a victim of domestic violence.*

§ 12-403 Leave of absence for victims of domestic violence.

a. Every agency shall grant leave from work, with or without pay, to an employee who is a victim of domestic violence for the following purposes:

1. to prepare for and/or attend court proceedings arising out of an incident(s) or threat(s) of domestic violence; or

2. to obtain necessary support, assistance, services, or shelter to address or remedy issues arising out of an incident(s) or threat(s) of domestic violence.

b. In establishing whether an employee meets the requirements for a domestic violence-related leave of absence, the employing agency may require an employee to provide the following:

1. documentation regarding the domestic violence giving rise to the need for the leave of absence, including, but not limited to, a police report, court or medical record, certification from a shelter official, attorney, counselor, member of the clergy, physician, or other professional from whom the employee has sought assistance regarding an incident or incidents of domestic violence; or

2. a sworn statement made by the employee describing the basis for the request for a leave of absence.

§ 12-404 Duration of Domestic violence related leaves of absence.

a. A domestic violence-related leave of absence shall be granted for a maximum of twelve weeks in a twelve month period, either as intermittent leave days or as a single block of time. A domestic violence-related leave of absence may be extended under exceptional circumstances with the approval, and at the sole discretion, of the employing agency. An employing agency may request documentation supporting a request for such extension.

b. An employee taking a domestic violence-related leave of absence must first exhaust all his/her other existing accrued leave, including leave to which the employee is entitled pursuant to the Family and Medical Leave Act of 1993, if applicable.

c. If an employee requesting a domestic violence-related leave of absence has utilized 12 weeks of other accrued leave during the six month period immediately preceding the date the domestic violence-related leave of absence is to begin, then such domestic violence-related leave of absence shall be for a maximum of six weeks.

d. An employee seeking a domestic violence-related leave of absence must give his/her employer reasonable advance notice before the domestic violence-related leave of absence begins, unless such notice would pose an actual or perceived danger to the employee or would be otherwise unreasonable under the circumstances.

e. Upon return from a domestic violence-related leave of absence, the employee shall be restored to the position held by the employee prior to the domestic violence-related leave of absence, or to a substantially equivalent position with comparable terms and conditions of employment, unless such restoration would cause an undue hardship to the agency.

f. A domestic violence-related leave of absence shall not be considered a break in service for the purposes of pay and benefits; provided, however, that a domestic violence-related leave of absence that is unpaid shall not count as service in determining benefits, including pensions.

§ 12-405 Administration and Enforcement.

a. This chapter shall be administered and enforced by the department for all mayoral agencies, and by a comparable personnel administrative unit for non-mayoral agen-

cies. The department shall establish guidelines as models for the administration and enforcement of this chapter.

b. In administering domestic violence-related leaves of absence, the department and the comparable personnel administrative units shall:

1. explore methods to minimize the impact of unpaid domestic violence-related leaves of absence on the employee's group health benefits and, where appropriate, issue rules regarding such methods; and

2. issue rules regarding the filing and processing of complaints under this chapter.

§ 12-406 Complaints.

a. Any employee may file a complaint with the department or, in the case of non-mayoral agencies, with such agency's comparable personnel administrative unit if such employee believes that s/he has been:

1. wrongfully denied a domestic violence-related leave of absence or restoration to a particular or substantially equivalent position with comparable terms and conditions of employment following a domestic violence leave of absence; provided, however, that an employee may not file a complaint alleging wrongful denial of an extension of leave pursuant to section 12-404(a) of this chapter; or

2. subjected to any of the prohibited discriminatory acts included in Section 12-402 of this chapter.

b. After a complaint is filed, the department, or in the case of a non-mayoral agency, the comparable personnel administrative unit, shall investigate and issue a written report within ninety days of the filing date. Such report shall either dismiss the complaint, and provide specific reasons for such dismissal, or uphold the complaint in whole or in part, and recommend specific corrective action designed to make the complainant whole, including, but not limited to, restoration of the employee to the position s/he held prior to the domestic violence-related leave of absence, or to a substantially equivalent position with comparable terms and conditions of employment, provision of back-pay and restoration of benefits, and provision of costs incurred by the complainant as a result of a loss of benefits; provided, however, that such costs shall not include attorney's fees. The employing agency shall implement the department's recommendations within forty-five days of the issuance thereof.

c. Nothing herein shall limit an employee's right to file a complaint at the New York city commission on human rights pursuant to title 8 of the administrative code of the city of New York; provided, however, that if an employee has filed a complaint with the department or comparable personnel administrative unit, then s/he may not file a complaint with the New York city commission on human rights alleging the same or similar facts. If an employee has filed a complaint with the New York city commission on human rights, and that complaint has been adjudicated on its merits and has not been dismissed pursuant to subdivisions a, b, or c or section 8-113 of the administrative code of the city of New York for lack of probable cause or jurisdiction, or for administrative convenience, then an employee may not file a complaint with the department or comparable personnel administrative unit alleging the same or similar facts.

§ 12-407 Confidentiality. *All domestic-violence-related employee records shall be confidential and shall be maintained in a separate file apart from the employee's personnel file. Such records shall not be released or disclosed without the employee's prior written authorization or unless so ordered by a court of competent jurisdiction.*

§ 12-408 Domestic violence awareness and assistance initiative.

a. The department shall establish a domestic violence awareness and assistance initiative which shall be implemented by all agencies and which shall include, but not be limited to, the following:

1. the dissemination of information about domestic violence to employees, managers and/or supervisors;

2. the dissemination of information regarding available resources, including counseling services, legal services and other assistance for victims of domestic violence;

3. the dissemination and posting of notices regarding the existence of the domestic violence awareness and assistance initiative;

4. guidelines and training for managers and/or supervisors addressing domestic violence issues raised by employees;

5. guidelines and training for the confidentiality of domestic violence-related employee information;

6. guidelines and training for basic safety protocols to ensure workplace security;

7. guidelines for the provision of reasonable accommodations for employees who are victims of domestic violence, including, but not limited to, changing a telephone number or the placement of a work station to avoid the occurrence of domestic violence in the workplace; provided, however, that the provision of such accommodations is voluntary and may be granted at the sole discretion of the employing agency; and

8. guidelines for the expedited processing of changes in electronic funds transfer requests or medical and other benefits for employees who are victims of domestic violence.

b. Notices of the existence and purposes of the domestic violence awareness and assistance initiative shall be posted in highly visible locations within each agency, such as bulletin boards, rest rooms, break rooms, conference rooms and online information databases, and shall be included in information packages given to new employees.

§ 12-409 No diminishment of rights under collective bargaining agreements. *No provision herein shall diminish or impair any right or benefit which is available to an employee pursuant to a collective bargaining agreement including the right to submit a dispute to a grievance-arbitration procedure; nor shall any provision herein limit the right of an agency and a duly certified public employee union to negotiate an agreement providing for rights or benefits supplementing the provisions herein.*

§ 12-410 Severability. *If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.*

§ 3. Effective date. This local law shall take effect ninety days after enactment.

Res. No. 1243

Resolution calling upon the United States government to accelerate and increase its aid and support for the international relief effort underway in the flood ravaged country of Mozambique

By Council Members Robinson, Clarke, Lopez, Marshall and Abel; also Council Members McCaffrey, Michels, O'Donvoan, Quinn, Rivera, Watkins and Wooten

Whereas, The country of Mozambique, which is situated on the southeastern coast of Africa, has suffered its worst floods in forty years; and

Whereas, These floods have left 400 people dead and one million people either homeless or in desperate need of help; and

Whereas, The death toll is estimated to rise into the thousands; and

Whereas, An international relief effort has been underway to provide assistance to the flood ravaged country; and

Whereas, As a world power, the United States is in a position to offer aid and support to the people of Mozambique; and

Whereas, In particular, the air support that the United States is capable of providing can save thousands of lives; and

Whereas, The tremendous devastation wrought by the flooding and the United States' ability to provide greatly needed assistance dictates that the United States act with haste and dedication towards the international relief effort in Mozambique; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the United States government to accelerate and increase its aid and support for the international relief effort underway in the flood ravaged country of Mozambique.

Adopted.

Res. No. 1244

Resolution calling for the establishment of a sister-city relationship between New York City and Vieques, Puerto Rico.

By Council Members Robles, Rivera, Lopez, Carrion, Eisland, Espada, Linares, Marshall, Perkins, Reed, Rodriguez, Golden and Ognibene; also Council Members DiBrienza, McCaffrey, Michels, Quinn, Robinson and Sabini

Whereas, The Island of Vieques, off the mainland of Puerto Rico, is home to a vibrant community of approximately 9,000 people who have lived side-by-side with the United States Military since 1941, when the Navy built a base and training ground on three-fourths of the 52-square mile island; and

Whereas, The civilian population of Vieques is concentrated between the Navy Munitions Storage Area on the West Coast of the Island and Navy Military Lands and a Firing Range on the East Coast; and

Whereas, Throughout the residency of the U.S. Navy in Vieques, Puerto Ricans have voiced numerous concerns on issues that have ranged from environmental and human rights to education and economic development; and

Whereas, Throughout the decades since World War II, when the Navy first arrived on the Island, the people of Vieques have protested what they felt to be the impediment of economic development due to the Naval presence on the Island and a lack of appropriate concern for the well-being and growth of the Island, which was once a thriving source of sugar cane; and

Whereas, The population of Vieques is indeed small, yet despite its small numbers, the people have never let up in their struggle to fight for what they have perceived as right, which in the past has meant protests, lobbying government officials and organizing campaigns for justice, most recently pertaining to the death of a security guard who fell victim to a misguided bomb dropped during a U.S. Navy target practice; and

Whereas, New York City as a whole can certainly appreciate the stamina and determination of the people of Vieques, not merely because so many people of Puerto Rican heritage live within the five boroughs but because New Yorkers have always stood their ground and fought for their beliefs; and

Whereas, The people of Vieques can learn a great deal from the successes of New Yorkers in the areas of education, economic development, human rights and the environment, particularly now that they will be faced with a referendum commissioned by President Clinton, deciding the fate of the role of the U.S. Navy in Vieques; and

Whereas, New Yorkers, a large group of over seven million people from all over the country and the world, often work together to seek and achieve justice on issues regarding our health, our freedom and our well-being and can stand to learn a great deal from the people of Vieques; *now, therefore, be it*

Resolved, That the Council of the City of New York calls for the establishment of a sister-city relationship between New York City and Vieques, Puerto Rico.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1245

Resolution calling upon the Board of Education to post a copy of the Bill of Rights in every public school classroom.

By Council Members Rodriguez, Carrion, Espada, Linares, Lopez, Marshall, Reed, Fiala and Golden; also Council Members Eisland, McCaffrey, O'Donovan, Quinn, Rivera, Robinson and Ognibene

Whereas, In the summer of 1787, delegates from the original 13 states convened in Philadelphia and drafted a remarkable blueprint for self-government—the Constitution of the United States; and

Whereas, The first draft of this document lacked a specific declaration –or bill- of individual rights; and

Whereas, The absence of a "bill of rights" turned out to be an obstacle to the Constitution's ratification by the states; and

Whereas, Even then, the American people wanted strong guarantees that government would not trample upon freedoms of speech, press and religion, nor upon their rights to be free from warrantless searches and seizures; and

Whereas, Thomas Jefferson argued that "A bill of rights is what the people are entitled to against every government on earth, general or particular, and what no just government should refuse, or rest on inference"; and

Whereas, The United States' Bill of Rights, inspired by Jefferson and drafted by James Madison, was adopted, and in 1791 the Constitution's first ten amendments became the law of the land; and

Whereas, The Bill of Rights established soaring principles that guaranteed important fundamental rights; and

Whereas, These fundamental, individual rights are amongst the oldest and most traditional of American values; and

Whereas, New York City schools are entrusted with not only providing basic academic education, but ensuring that our children understand and appreciate these traditional American values; and

Whereas, Every child's education should frequently include the valuable concepts of democracy and liberty contained in the Bill of Rights; and

Whereas, By posting a copy of the Bill of Rights in every classroom, the Board of Education could help ensure that the children of New York City will be exposed daily to the document that recognizes their inalienable rights; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Board of Education to post a copy of the Bill of Rights in every public school classroom.

Referred to the Committee on Education.

Res. No. 1246

Resolution calling upon the members of the New York State Legislature to enact Senate Bill No. 2191A, introduced by Senator Serphin Maltese, which would clarify the definition of physical injury and serious physical injury under the Penal Law.

By Council Member Stabile; also Council Members Wooten and Ognibene

Whereas, Under New York State Penal Law Section 10.00 (9), physical injury is defined as "impairment of physical condition or substantial pain", and serious physical injury is defined in Penal Law Section 10.00 (10) as "physical injury which creates a substantial risk of death, or which causes death or serious and protracted disfigurement, protracted impairment of health or protracted loss or impairment of the function of any bodily organ"; and

Whereas, Under the current definitions of physical injury and serious physical injury, courts in New York State have been strict in requiring an objective level of such injuries, sometimes making it difficult to sustain a conviction for assault, despite the severe nature of the attack, because the injuries inflicted do not meet the threshold of the current definitions; and

Whereas, As a result of the current definitions and the court decisions interpreting them, many individuals are able to engage in physical violence without concomitant punishment; and

Whereas, This problem is particularly poignant in assaults on teachers; and

Whereas, In January 2000, according to the New York Post, there were five serious attacks on teachers during an 11-day period; and

Whereas, There has been a 20 percent jump in teacher assaults during the last school year; and

Whereas, The current definitions of physical injury and serious physical injury make it more difficult to prosecute and punish those who attack our teachers because such definitions and the courts' interpretation of them potentially exclude such injuries as a bloody nose and cuts and bruises; and

Whereas, Senate Bill No. 2191A would clarify the scope of physical injury by defining it as "impairment of physical condition or physical pain, illness or the presence of a palpable contusion, laceration, scalding or wound. Physical injury may be established by the testimony of the victim alone. Physical pain may be established by evidence of the injuries inflicted in the light of common experience"; and

Whereas, Senate Bill No. 2191A will further clarify the scope of serious physical injury by defining it as "physical injury which creates a risk of death, or which causes death or impairment of health or loss or impairment of the function of any bodily organ or member, or the loss or impairment of any mental faculty, or extreme physical pain. Serious physical injury may be established by proof that the victim required surgery, or a course of medical treatment or physical rehabilitation, or was admitted to a hospital as a patient for medical treatment"; and

Whereas, Such a change in the definition of physical injury and serious physical injury will thus widen the scope of the assault statute, thereby encompassing many more physical attacks; and

Whereas, These broadened definitions of physical injury and serious physical injury will help reduce violence against teachers by making it easier for prosecutors to secure assault convictions, insure that those who attack teachers receive the appropriate punishment and may deter students from attacking teachers; *now, therefore, be it*

Resolved, That the New York City Council calls upon the New York State Legislature to enact Senate Bill No. 2191A, introduced by Senator Serphin Maltese, which would clarify the definition of physical injury and serious physical injury under the Penal Law.

Referred to the Committee on Public Safety.

SUPREME COURT

■ NOTICE

NOTICE OF PETITION
NEW YORK COUNTY
INDEX NUMBER 402296/00

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring a seven year leasehold interest for use of space for the **MANHATTAN DISTRICT 6 SANITATION GARAGE** located in part of Lot 12, Block 675, on West 29th Street within the area being generally bounded by 29th Street, 11th Avenue, 12th Avenue, and West 30th Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, New York County, IA Part 24, for certain relief.

The application will be made at the following time and place: At the County Courthouse, 60 Centre Street, Room 690, in the Borough of Manhattan, City and State of New York, on June 28, 2000, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;

2. directing that upon the filing of said map, a seven year leasehold interest in the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire a seven year leasehold interest in certain real property where not heretofore acquired for the same purpose, for Manhattan District 6 Sanitation Garage in the Borough of Manhattan City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, County, City and State of New York more particularly bounded and described as follows:

Beginning at a point on the northerly line of West 29th Street, where the dividing line between Tax Lots 12 and 24 in Manhattan Tax Block 675, as shown on the Tax Map of The City of New York for the Borough of Manhattan, as said Tax Map existed on February 14, 2000, intersects the northerly line of West 29th Street, the said point being distant 225.00 feet westwardly from the corner formed by the intersection of the northerly line of West 29th Street with the westerly line of 11th Avenue, as measured along the northerly line of West 29th Street;

Running thence westwardly along the northerly line of West 29th Street for 47.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 26.33 feet to a point;

Thence westwardly along a line forming, on its northerly side, an angle of 270 degrees with the easterly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 45.50 feet to a point;

Thence northwardly along a line forming, on its easterly side, an angle of 90 degrees with the northerly side of the last described course, partly through Tax Lot 12 in Manhattan Tax Block 675, for 72.42 feet to a point on the southerly line of Tax Lot 1 in Manhattan Tax Block 675;

Thence eastwardly along the southerly lines of Tax Lot 1 and Tax Lot 39 in Manhattan Tax Block 675, being along a line forming, on its southerly side, an angle of 90 degrees with the easterly side of the last described course, for 93.00 feet to a point on the westerly line of Tax Lot 24 in Manhattan Tax Block 675;

Thence southwardly along the westerly line of Tax Lot 24 in Manhattan Tax Block 675, being along a line forming, on its westerly side, an angle of 90 degrees with the southerly side of the last described course, for 98.75 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 12 in Manhattan Tax Block 675.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

NOTICE OF COMPLETION AND PUBLIC HEARING ON THE SUPPLEMENTAL DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR THE PROPOSED HUDSON CENTER RESIDENTIAL PROJECT

The purpose of this Notice is to inform all concerned parties that the BSA will hold a public hearing meeting on July 26, 2000 at 10:30 AM, at 40 Rector Street (Conference Room - 9th Floor). The public is invited to provide testimony and to submit written comments relating to the Supplemental Draft Environmental Impact Statement (SDEIS) dated June 15, 2000. Copies of the SDEIS are available for review at the Applications Desk on the 9th floor.

The public hearing is being held pursuant to SEQRA regulations found in Article 8, 6 NYCRR, Part 617 of the State Environmental Quality Review Act and the New York City Mayoral Executive Order No. 91, as amended in 1991.

DESCRIPTION OF THE PROPOSED PROJECT

The project site is located at 256 West Street and 416/424 Washington Street, Block 218, Lots 20, 23, and 28, Community District 1, Manhattan (New York County), New York, and is located in an M1-5 zoning district and also in Area B2 within the Special Tribeca Mixed Use District. The northeast portion of the project site is currently improved with a vacant five-story building which is located in the Tribeca North Historic District. This is a Type I action as the project site is adjacent to, and partially in the Tribeca North Historic District.

The proposed project is an application pursuant to Section 72-21 of the Zoning Resolution to (i) to allow the existing building, plus an additional story to be constructed on its roof, to be used for approximately 30 dwelling units, and to construct on the portion of the project site not in the historic district, a new 18-story structure, connected to the existing building by a one-story structure, which would contain 60 to 112 dwelling units, and (ii) construct below grade on the site a parking garage with 90 parking spaces, of which no more than 32 spaces will be accessory and the remainder for the public. The build year for the proposed project is 2003.

Communication from the Mayor — Mayor's veto and disapproval message of Introductory Number 351-A, in relation to allowing city employees to use pre-tax earnings to purchase qualified transportation benefits in accordance with federal law.

March 22, 2000

Hon. Carlos Cuevas
City Clerk and the Clerk of the Council
Municipal Building
New York, New York 10007

Dear Mr. Cuevas:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 351-A, in relation to allowing City employees to use pre-tax earnings to purchase qualified transportation benefits in accordance with Federal law. This legislation is inconsistent with State law and is contrary to the collective bargaining interests of the City.

Federal tax law now permits employers to allow employees to purchase qualified transportation fringe benefits with pre-tax dollars. The Internal Revenue Code provides for an exclusion from gross income for qualified transportation fringe benefits in an effort to provide a tax savings to employees while encouraging the use of mass transportation.

Intro 351-A, in attempting to grant this benefit, inappropriately and unlawfully ignores the process whereby such benefits are obtained by employees subject to collective bargaining. City-administered pre-tax benefit programs are a mandatory subject of collective bargaining. New York State law identifies the chief executive officer of the City as responsible for collective bargaining negotiations on behalf of the public employer. Citing both the Taylor Law and the New York City Collective Bargaining Law, the State Public Employees Relations Board and the Board of Collective Bargaining maintain that unions must negotiate for these statutory benefits.

In passing this bill, the Council, as a legislative body, is unilaterally granting this benefit and therefore attempts to bypass the power and responsibility of the chief executive officer. Such action not only sets a dangerous precedent for the future of collective bargaining in the City, but also "impairs the full range of negotiations to which the city is entitled under the Taylor Law." *Doyle v. City of Troy*, 51 A.D.2d 845 (3d Dep't 1976).

Last November, my Administration provided roughly 100,000 employees, which includes all non-uniformed civilian unions, MetroCard benefits after they negotiated for the opportunity to use this benefit under the citywide agreement. The MetroCard benefit will allow these employees to purchase MetroCards using pre-tax earnings. As such, this bill would not only give these unions a benefit they have already obtained through collective bargaining, but would also give this benefit to other labor unions that have a yet to request the benefit, allowing them to simply bypass the collective bargaining process.

This legislation is not only in violation of State law, but also represents a dangerous and slippery slope for the City to embark upon. The City Council's action, if allowed to stand, would jeopardize the collective bargaining interests of the City of New York.

I hereby disapprove Introductory Number 351-A.

Sincerely,

Rudolph W. Giuliani
Mayor

Referred to the Committee on Transportation.

Int. No. 459-A

Report of the Committee on Economic Development in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to the regulation of public wholesale markets.

The Committee on Economic Development to which it was referred on October 22, 1998 (Minutes page 3499) the annexed amended local law respectfully

REPORTS:

Background and Intent:

This bill amends certain sections of Local Law 28 of 1997, the "Public Markets" law (Adm. Code §§ 22-251 through 22-269), with respect to the regulation of public wholesale markets, and Chapter 1-A of title 22 of the Administrative Code, the "Fulton Fish Market" law (Adm. Code §§ 22-201 through 22-226).

Background of Local Law 28

Passed in May 1997 Local Law 28, which added Chapter 1-B to Title 22 of the Administrative Code (§§ 22-251 through 22-269), was intended to expand the City's ability to regulate the operations of public wholesale markets by directly regulating the activities of businesses and workers at the markets through the Department of Business Services ("Department" or "DBS"). The markets covered by Local Law 28 are the Hunts Point Food Distribution Center and the Bronx Terminal Market in The Bronx; the Brooklyn Terminal Market and the Brooklyn Wholesale Meat Market in Brooklyn; and the Gansevoort Meat Market in Manhattan. Pursuant to § 22-266 of the Administrative Code ("Adm. Code" or "Code"), the Department issued rules in August 1997 contained in Chapter 1, Subchapters A, A-1, C and D of Title 66 of the Rules of the City of New York (66 RCNY).

The purpose of Local Law 28 was to help eliminate the well-documented influence of organized crime on the markets, which for decades had inflated costs to legitimate businesses and consumers and deprived the City of revenues. Local Law 28 requires a "wholesale trade association", "wholesale business" or "market business", and representatives of any labor organization/union, that represents or seeks to represent employees

of businesses that are required to register, to register with the Department and requires the employees of such a business to obtain photo identification cards from the Department.

The registration for wholesale or market business, wholesale trade association and labor unions is valid for three years and renewable every three years, (Adm. Code § 22-256; 66 RCNY § 1-18(a) and § 1-20.2(b)), and the registration fee for each wholesale or market business, wholesale trade association and labor organization/union and for each officer required to register is $300 (66 RCNY §§ 1-18(b), 66 RCNY §1-20.2(c)). Employees and principals of these businesses must obtain photo identification cards, Adm. Code § 22-252, which must be in the possession of the cardholder when in a market.

Local Law 28 provides that when the Commissioner has reasonable cause to believe that an applicant for a photo identification card "lacks good character, honesty and integrity," the card need not be immediately issued and further investigation of the applicant is authorized. Adm. Code § 22-252(d). The Commissioner is also authorized to deny the photo identification card where an applicant has failed to provide necessary information or fails to demonstrate eligibility.

Where the Commissioner has "reasonable cause" to believe that a principal of a wholesale or market business lacks good character, honesty and integrity, the Commissioner has the authority to require all of the principals of that business to be fingerprinted, be required to provide background information and be interviewed by staff of the Department of Investigation ("DOI") or the Department. Adm. Code § 22-259.

A "visitor" to the market, defined as a person not engaged in or employed by a wholesale or market business, Adm. Code § 22-251(i), is required to obtain a "visitor pass" from the Commissioner or his designee to enter a public wholesale market (other than a market that was routinely open to public access for a year prior to the effective date of Local Law 28). Adm. Code § 22-255. A visitor pass may be denied to those whose presence may constitute a "threat to the orderly operation of the market" or if an applicant has failed to provide information required by the Commissioner. Adm. Code § 22-255. A visitor pass may not, however, be denied to a "representative of a labor union or organization solely because such person seeks to engage in the lawful exercise within a public wholesale market of an activity protected under the provisions of the National Labor Relations Act, 29 U.S.C. § 141 *et seq.*" Adm. Code § 22-255.

A violation of the provisions of Chapter 1-B could subject a person to a civil penalty of up to $10,000. Adm. Code § 22-258(a). Violators of the registration or identification card provisions could be subject to a criminal penalty of up to $10,000 per day and/or six months imprisonment in addition to a civil penalty of up to $5,000 per day. Adm. Code § 22-258(b). In addition, wholesale businesses, market businesses and employees may be denied registration or photo identification cards or could have their registration, photo identification cards and the right to do business in a market suspended or revoked. Adm. Code § 22-260.

There is an ongoing obligation on the part of all registrants and photo identification card holders to update the Commissioner on any information that may have a bearing on their continued ability to do business in the market. Adm. Code § 22-253(b)(iv). Under the Department's rules, there is a ten-day period in which to do this and the failure to do so may result in the revocation or suspension of a registration or photo identification card. 66 RCNY § 1-20.3(c) and § 1-20.5(c).

Local Law 28 also establishes an administrative procedure for the Commissioner to follow for the denial, suspension and revocation of registrations, issuance of photo identification cards and disqualification of wholesale or market businesses and their principals and labor unions/organizations and their officers. Adm. Code § 22-253, § 22-259, § 22-260, § 22-264 and § 22-265. A union officer may seek arbitration of a decision by the Commissioner to disqualify such union officer from holding office.

The current arbitration procedure contained in Local Law 28 requires the Commissioner to designate five arbitrators from a list of those approved by the City's Office of Collective Bargaining and the union officer may choose one from that group of five. Adm. Code § 22-264(c). In addition, the Commissioner has emergency authority to suspend registrations and photo identification cards where there is "reasonable cause to believe that the operation of any business or the presence of any person in a public wholesale market creates an imminent danger to life or property or to the orderly and lawful operation of the market." Adm. Code § 22-261.

Adm. Code § 22-269 requires the Department to report to the Council one week after the release of the Mayor's Management Report (MMR) each year on the enforcement of this local law, including information on criminal activities at the markets and prosecution of those activities; the denial, suspension or revocation of registrations or photo identifications; and Department expenditures and fees collected.

Oversight Hearing Findings

On October 15, 1998, the Committee held an oversight hearing on the implementation of Local Law 28 and the Department's report to the City Council. Testimony was presented by the following persons at the hearing: Frank Maas, Deputy Commissioner, Public Markets Project (DBS/DOI); Mark Perrone, Vice-President and Regional Director, United Food and Commercial Workers (UFCW) International Union; Brian McLaughlin, President, Central Labor Council; Frank Mangan, UFCW Local 359; and Gene Szuflita, Counsel for UFCW Local 174.

The Department's Markets Report ("Report") indicated that in February 1998 the Department determined that Local Law 28 should first be implemented at the New York City Terminal Market ("Hunts Point Market"). Adm. Code § 22-268(a), 66 RCNY § 1-11. The Department entered into a written agreement with the Hunts Point Terminal Product Cooperative Association, Inc. ("Coop") designating the Coop as the Department's agent for the issuance of visitor passes and temporary photo identification cards for all officers, principals, employees and agents of wholesale and market businesses at the Hunts Point Market. Adm. Code § 22-255, 66 RCNY § 1-16.

The Report indicated that the Department had focused its attention first on the wholesaler applications and had received applications from eighty (80) wholesalers, twelve (12) market businesses, one trade association, two labor unions and forty-five (45) labor union officers.

Committee Hearings on Int. No. 459

On October 29, 1998 the Committee held its first hearing on Int. No. 459 and received testimony from Mr. Maas on behalf of the Administration and from Mr. Perrone on behalf of the UFCW.

Based upon the testimony and after a series of negotiating meetings with the Administration, Int. No. 459-A was amended to respond to a number of the Administration's concerns and to include new provisions that they requested.

On August 10, 1999 the Committee held a hearing on Proposed Int. No. 459-A and received testimony from William Dano and Richard Lipsky, on behalf of the UFCW, and Roland Evans and Laura Schubert, workers from UFCW Local 174. The Committee also received a Memorandum in Opposition from the Mayor's Office of City Legislative Affairs despite the amendments made to address the Administration's concerns.

Analysis of Bill

Section 1

Section 1 of the bill amends the definition of "Public wholesale market" contained in subdivision (h) of § 22-251 of the Adm. Code, to include any building, structure or other place owned "or under lease" by the city or located on property owned "or under lease" by the city and that the market "shall continue to be public property" even if leased to a non-governmental body. This section also defines the term of "place of business of a wholesale business or market business" to mean any "building, structure, stall or other area, or any part thereof, within the public wholesale market that is leased, operated, managed or used exclusively by such wholesale business or market business."

The purpose of this provision is to clarify (1) that a City owned market remains public property even if leased by the City to a non-governmental entity and (2) defines the area for the purpose of section 3 of the bill where lawful picketing or other labor activity may take place as that area within the public wholesale market where a wholesale business or market business actually conducts business and may not be limited to areas outside of the market.

Section 2

Section 2 of the bill amends subdivision (a) of § 22-253 of the Code by adding that a wholesale or market business report any changes in ownership or "other material changes in the information" previously provided to the Commissioner "within thirty days thereof." Currently the DBS rules allow 10 days to report changes. 66 RCNY § 1-13(b). The purpose of this section is to allow for a more reasonable reporting period but does not alter what information must be reported.

The Committee received testimony from Mr. Maas on October 29, 1998 that the Administration had no objection to the extension of this time period.

Section 3

Section 3 of the bill amends § 22-255 of the Adm. Code to specify that a visitor pass may not be denied to a representative of a labor union/organization engaged in the lawful exercise of activities authorized by the National Labor Relations Act (29 U.S.C. § 141), including lawfully picketing a "place of business of a wholesale business or market business in connection with a legitimate labor dispute" within the public market (see discussion of bill Section 2, supra.), except as may otherwise be prohibited by law, but that a labor union representative "shall not impede any reasonable measure undertaken by a police officer or authorized employee of the department intended to control vehicle and pedestrian traffic within such public wholesale market or upon any street, avenue, parkway, plaza, square or other public place designated as a public market."

While it is the Committee's belief that picketing within public wholesale market property is expressly allowed under the current provisions of Local Law 28 and the National Labor Relations Act, the first amendment seeks to clarify that such right exists and may be conducted at the individual wholesale or market business location within public wholesale market. The intention of the latter amendment is to assure that even lawful picketing does not impede the flow of goods and people within the public markets and was added to address a specific concern raised by the Administration.

Currently this section of the Code only allows the Commissioner or his/her designee to deny a visitor pass and entry into a market to any persons whose presence may constitute a threat to the orderly operation of the market or if they fail to provide information required by the Commissioner. However, while under the current provision a visitor pass may not be denied to a representative of a labor union/organization engaged in the law-

ful exercise of activities authorized by the National Labor Relations Act (29 U.S.C. § 141) within the public market, the Committee previously was presented with testimony that the current provision were not sufficient to protect labor union representatives from exercising their rights under the law. An example was cited and confirmed by the Department in which workers seeking to place pickets within the public market were told by the Department's designee at the Hunts Point Market that they would be considered trespassers and subject to arrest if they continued these activities within the market property.

Section 4

Section 4 of the bill amends § 22-256 of the Code of the City of New York to correct a typographical error.

Section 5

Section 5 of the bill amends § 22-257 of the Code by numbering the existing section as subdivision (a) and by adding a new subdivision (b) to allow an employee an affirmative defense that he/she was acting within the scope of his or her employment pursuant to the instruction given by the employer in any civil or administrative proceeding against an employee for an alleged violation of Local Law 28 or any market rules. The employee would have the burden of proving that he/she was acting within the scope of his or her employment pursuant to the instruction given by the employer to successfully utilize the defense in any proceeding.

The Committee was presented with testimony about market employees who were fined while performing duties in the scope of their employment and under direct orders of their wholesale or market business employer. The first example was of an employee fined $500 for his employer's failure to have insurance on a forklift he was operating. The second example was that of an employee fined $5,000 for placing fish pallets on the sidewalk outside the employer's building stall pursuant to an order by his employer.

This affirmative defense, as provided in the subdivision, will not be applicable to a violation of two sections of this chapter: the failure to possess and/or display a required photo identification card (section 22-252) and the failure to surrender a identification card when required to do so (section 22-262). Those violations are so significant to maintaining the integrity of market operations and the regulatory structure as to warrant liability even if committed at the employer's request.

It is important to note that the affirmative defense is available only with respect to civil and administrative proceedings, not criminal proceedings, and only for violations of Chapter 1-B of Title 22 of the Code and its rules. Therefore, this provision does not preclude criminal, civil or administrative proceedings under any other provision of law.

The concept for the affirmative defense was first presented to the Council staff by the Administration during the course of negotiations on this bill and was added in response to their suggestion. This section strikes an appropriate balance between fairness to the employee and the operation of the public markets.

Section 6

Section 6 of the bill amends subdivisions (b) and (c) of § 22-264 of the Adm. Code to allow a labor union or organization to report changes in the extensive information required by subdivision (b) within "thirty days" and to establish a new arbitration procedure which may be used when the Commissioner seeks to disqualify a labor union officer from holding office (subdivision (c)).

Currently, subdivision (b) requires that any changes in the information required be reported "forthwith" to the Commissioner, although Department rules allow this to be done within ten days. 66 RCNY § 1-20.3(c). This amendment is a reasonable expansion of the reporting period and makes the reporting requirements uniform for all parties required to register pursuant to the chapter.

The Committee received testimony from Mr. Maas on October 29, 1998 that the Administration had no objection to the extension of this time period.

A union officer may invoke the arbitration procedure when the Commissioner seeks to disqualify the labor union officer from holding office. The current arbitration procedure authorizes the Commissioner to "designate" five arbitrators from a list approved by the City's Office of Collective Bargaining and the union officer selects one from that group.

Labor representatives previously testified to the Committee that this system is fundamentally unfair in that the potential exists for the Commissioner to select from the master list of arbitrators only those who may have a bias on behalf of the City and/or against the accused union officer or labor union.

This new procedure would require the Director of the City's Office of Collective Bargaining to prepare a list of fifteen arbitrators selected "at random" from the approved list of the Office of Collective Bargaining. The Director would than present the first five names selected to the suspended person and Commissioner. Each will have five business days to strike a name from the list of arbitrators starting with the suspended officer. The parties shall have two business days to jointly appoint an arbitrator from the list. If the parties cannot jointly select an arbitrator, each party, starting with the suspended party, shall have two business days to strike an additional name from the list. The remaining arbitrator shall then be appointed as arbitrator and establish a schedule for the proceeding.

In the event that such arbitrator declines the appointment or is otherwise unable to accept the appointment, the Director of the Office of Collective Bargaining shall present the next five names on the list of arbitrators previously selected and the same selection procedure described above shall be used. In the event that the arbitrator from this second group declines or is otherwise unable to serve, the suspended person shall select an arbitrator from the remaining group of five names.

Section 7

Section 7 of the bill amends subdivision (b) of § 22-265 of the Code to require a wholesale trade association to report any material changes in the information required pursuant to the subdivision to the Commissioner "within thirty days thereof." The purpose of this section is to make reporting requirements uniform for all parties required to register pursuant to the chapter. See discussion of bill sections 2 and 6 above.

Section 8

Section 8 of the bill amends Chapter 1-B of title 22 of the Administrative Code of the City of New York by adding a new section 22-262.1 to provide for the seizure and forfeiture of a vehicle or other property or equipment owned, rented or leased by an employer who is not properly registered or fails to report certain information.

This provision generally mirrors the seizure and forfeiture language contained in § 22-220 of Local Law 50 of 1995, which regulates the Fulton Fish Market and other seafood distribution areas.

The concept for this provision was presented to the Council by the Administration during the course of negotiations on this bill and was added in response to their suggestion.

Section 9

Section 9 of the bill amends § 22-214 of the Code, added by Local Law 50 of 1995, by numbering the existing section as subdivision (a) and by adding a new subdivision (b) to allow an employee an affirmative defense that he/she was acting within the scope of his or her employment pursuant to the instruction given by the employer in any civil or administrative proceeding against an employee for an alleged violation of Local Law 50 or any market rules. The employee would have the burden of proving that he/she was acting within the scope of his or her employment pursuant to the instruction given by the employer to successfully utilize the defense in any proceeding.

The affirmative defense, as provided in the subdivision, shall not be applicable to a violation of certain sections of this chapter: the failure to possess and/or display a required photo identification card (section 22-203), the failure to surrender an identification card when required (section 22-219(b)), overcharging for loading and unloading (sections 22-204(e) and 22-206(e)), providing loading or unloading services that the Department of Business Services provides (section 22-208(c)) and interfering with loading or unloading services (section 22-215(b)(ii) and (iii)).

Those violations are so significant to maintaining the integrity of market operations and the regulatory structure as to warrant liability even if committed at the employer's request.

It is important to note that the affirmative defense is available only with respect to civil and administrative proceedings, not criminal proceedings, and only for violations of Chapter 1-B of Title 22 of the Code and its rules. This does not preclude criminal, civil or administrative proceedings under any other provision of law.

The concept for the affirmative defense was first presented to the Council staff by the Administration during the course of negotiations on this bill and was added in response to their suggestion. This section strikes an appropriate balance between fairness to the employee and maintaining the integrity in the market's operation. This section also makes Local Laws 50 and 28 consistent.

Section 10

Section 10 of the bill amends subdivision (d) of § 22-216 of Local Law 50 of 1995 to require an applicant for registration as a wholesaler or seafood deliverer within the Fulton Fish Market or other seafood distribution area to provide information to the Commissioner as to its financial responsibility to conduct the business for which such registration is required.

Currently § 22-216 requires applicants submitting a licensing proposal pursuant to Chapter 1-A (for loading and unloading businesses only) to submit information demonstrating their financial responsibility to conduct business in the market but not as to wholesalers or seafood deliverers who must be "registered" but not "licensed". A license may be withheld if the applicant is deemed not financially responsible. This provision would make the reporting of financial information applicable to an applicant for "registration" as a wholesaler or seafood deliver and allow the denial of registration for lack of financial responsibility.

The concept for this provision was presented to the Council by the Administration during the course of negotiations on this bill and was added in response to their suggestion.

Section 11

This section contains a severability clause.

Section 12

Section 12 makes the proposed legislation effective immediately.

Amendments to Int. No. 459

Section 1

The redefinition of "Officer", contained in subdivision (f) of § 22-251 of the Adm. Code, which would have limited registration of union officers to "any person holding any one of the three highest elected positions within a labor organization or union", was removed from the bill. Therefore, there is no change as to which union officers must register under the chapter.

Section 2

The new subdivision (b) of § 22-255 of the Adm. Code to expressly guarantee the right to engage in "peaceful and lawful picketing" on and in public wholesale market property "in connection with a legitimate labor dispute notwithstanding any other provisions of any lease, contract or agreement" was revised and in a more refined approach incorporated into section 3 of the current bill.

Section 3

The new subdivision (c) of § 22-258 of the Adm. Code, which would have expressly exempted employees of wholesale or market businesses from any liability for civil penalties for the failure of their employer to comply with requirements for "licensing and insuring of building, vehicles or other equipment or proper operation of the business" was removed from the bill. It has been replaced by the creation of an affirmative defense with exceptions to the availability of the defense particularized for Local Law 28 and the Fulton Fish Market. This is specifically described in the discussions of sections 5 and 9 of the current bill.

Section 4

The provision in paragraph (ii) of subdivision (a) of § 22-264 of the Adm. Code, which would have required a labor union/organization to register only once rather than every three years was removed from the bill and the three year registration cycle remains.

Section 5

Subdivision (b) of § 22-264 of the Adm. Code to allow a labor union or organization to report changes in information, required by the subdivision, within "thirty days" is now contained in section 6 of the bill.

Subdivision (c) of § 22-264 of the Adm. Code which would have amended the existing arbitration procedure to require the Commissioner to select five arbitrators "at random" from a list approved by the City's Office of Collective Bargaining when a union or labor organization officer chose to appeal a determination by the Commissioner to disqualify such officer from holding office has been amended. It is now contained in section 6 of the bill and is described in the discussion of that section above.

The Committee passed Proposed Int. No. 459-A on February 17, 2000 by a vote of seven in the affirmative, one in the negative, with no abstentions.

The Council passed Int. No. 459-A on February 29, 2000 by a vote of thirty-six in the affirmative, seven in the negative, with no abstentions.

On March 16, 2000 the Mayor vetoed Int. No. 459-A and the veto message (M-794) was received by the Council and referred to the Committee on Economic Development on March 20, 2000.

Fiscal Impact Statement:

	Effective FY2000	FY Succeeding Effective FY2001	Full Fiscal Impact FY2001
Revenues (+)	minimal	minimal	minimal
Expenditures (–)	minimal	minimal	minimal
Net	minimal	minimal	minimal

Impact on Revenues: This local law would not change the Department's authorization to collect the registration and associated fees to the regulation of market distribution enterprises. It is unclear whether this legislation would result in an increase or a decrease in the collection of fees or encourage more registrations.

Impact on Expenditures: The Council does not estimate any additional costs associated with the modification of these market regulations. It is assumed that the City"s ongoing enforcement effort would continue to generate sufficient revenue to offset the impact of any expenditures.

Notwithstanding the objection of the Mayor, Your Committee recommends its adoption.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the regulation of public wholesale markets.

Be it enacted by the Council as follows:

Section one. Subdivision h of section 22-251 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended to read as follows:

h. "Public wholesale market" or "market" shall mean any building, structure or place owned by the city or located on property owned by the city or under lease to or in the possession of the city or any part of a street, avenue, parkway, plaza, square or other public place designated as a public market by resolution of the former board of estimate of the city or a local law enacted by the city council to be used or intended to be used for the wholesale buying, selling or keeping of food, flowers or ornamental plants *and shall continue to be public property notwithstanding that such public wholesale market is operated pursuant to a lease or other agreement with a non-governmental entity*; except that the term "public wholesale market" shall not, unless otherwise set forth in this chapter, include any building, structure or place within the fulton fish market distribution area or other seafood distribution area as defined in section 22-202 of this code. For the purposes of this chapter, the term "public wholesale market" shall also include an area identified by rule of the commissioner that is in the vicinity of a designated [wholesale] public *wholesale* market where one or more wholesale businesses or market businesses operate. *For the purposes of this chapter, the "place of business of a wholesale business or market business" shall mean any building, structure, stall or other area, or any part thereof, within a public wholesale market that is leased, operated, managed or used exclusively by such wholesale business or market business.*

§ 2. Subdivision a of section 22-253 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended read as follows:

a. No person shall conduct a wholesale business or a market business in a public wholesale market unless such person has registered such business with the commissioner and has obtained a registration number for such business from the commissioner. Application for such registration shall be made upon a form prescribed by the commissioner containing such information as the commissioner shall determine appropriately identifies and demonstrates the fitness of the wholesale business or market business. A registration number shall not be transferable. A person conducting a wholesale business or a market business shall not sublease or assign to another person any portion of any premises in the market occupied or utilized by such business unless such proposed sublessee or assignee has registered with and obtained a registration number from the commissioner. The commissioner shall establish by rule a procedure for the preliminary review of registration applications for businesses not previously operating in a market that are considering the purchase of a wholesale business or a market business, and for the expedited completion of registration review upon entry into a purchase and sale agreement. A business required to register pursuant to this section shall [, in accordance with rules promulgated by the commissioner pursuant to section 22-266 of this chapter,] inform the commissioner of any change in the ownership composition of the business, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted on the application for registration *within thirty calendar days thereof.*

§ 3. Section 22-255 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended to read as follows:

a. Visitor pass. The department or a designee of the department shall be authorized to issue a visitor pass as a requirement for any person to enter a public wholesale market including but not limited to: retailers who enter the market to purchase products and their employees and temporary employees; and, subject to the provisions of sections 22-264 of this chapter, officers and business agents of labor unions or organizations covered by such section and officers and business agents of the affiliates thereof, including international unions, pension and welfare funds and others. Such pass shall be in a form prescribed by the commissioner, may contain a photograph of such person and shall indicate the reason the person is visiting the market, whether such person visits the market on a regular basis or, in the event that such person does not regularly visit the market, the date for which such pass shall be valid. The commissioner may provide for the issuance of permanent visitor passes to those persons who regularly visit a market, and shall provide for the expeditious issuance of passes at the market entrance to persons wishing to enter the market on a single or occasional basis. A pass shall be in the possession of such person at all times when such person is in the market and shall be worn and visible in compliance with rules promulgated by the commissioner pursuant to section 22-266 of this chapter. The department or, at the direction of the department, a designee of the department, shall be authorized to deny a [visitor's] *visitor* pass and entry into a market to any person whose presence may constitute a threat to the orderly operation of a market or who has failed to provide the identifying information required by the commissioner or the designee of the commissioner. The provisions of this section shall not apply to any pub-

lic wholesale market to which access by the public has routinely been permitted without control, restriction or other regulation for no less than a year directly preceding the effective date of this provision; provided, however, that the commissioner may apply such provisions upon a determination that an emergency exists that necessitates the temporary restriction of access to such a market. For the purposes of this section, a "designee of the department" shall mean an agency of the city or, in the discretion of the commissioner, a wholesaler cooperative or similar organization. Nothing in this section shall be construed to permit the denial of a visitor pass to a representative of a labor union or labor organization solely because such person seeks to engage in the lawful exercise within a public wholesale market of an activity protected under the provisions of the National Labor Relations Act, 29 U.S.C. § 141 *et seq., including, but not limited to, the lawful picketing of a place of business of a wholesale business or market business in connection with a legitimate labor dispute, except as may otherwise be prohibited by law. However, such person shall not impede any reasonable measure undertaken by a police officer or authorized employee of the department intended to control vehicle and pedestrian traffic within such public wholesale market or upon any street, avenue, parkway, plaza, square or other public place designated as a public market.* The commissioner shall consult with the commissioner of labor relations prior to reaching any determination that an activity be a representative of a labor union or organization is not lawful under the National Labor Relations Act.

§ 4. Section 22-256 of the administrative code of the City of New York, as added by local law number 28 for the year 1997, is amended to read as follows:

§ 22-256 Fees. The commissioner shall by rule establish fees for photo identification cards, for registration and the renewal of registration, and for visitor passes issued pursuant to this chapter in amounts sufficient to compensate the city for the administrative expense of issuance of such photo identification cards, of registration and the inspections and other activities related thereto, and of issuance of visitor passes. Such rule may provide that a designee of the department perform administrative functions related to the issuance of photo identification cards or the issuance of [visitors'] *visitor* passes and that such designee may, with the approval of the commissioner, impose a fee for the performance of such functions. For the purposes of this section "designee of the department" shall mean an agency of the city or, in the discretion of the commissioner, a wholesaler cooperative or similar organization. Registration pursuant to this chapter shall be valid for three years. A wholesale business or a market business shall be responsible for the payment of any fee imposed by this section with respect to an employee of such business or any person seeking to become an employee of such business.

§ 5. Section 22-257 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended by lettering the existing section as subdivision a of such section and by adding a new subdivision b to read as follows:

b. In any civil action or administrative proceeding against an employee of a wholesale business or market business for a violation of this chapter or any rules promulgated pursuant thereto, it shall be an affirmative defense that the employee was acting within the scope of his or her employment when the action or actions constituting the alleged violation were committed and that such action or actions were committed pursuant to an instruction given to such employee by such wholesale business or market business or by any principal, officer or agent of such business, provided, however, that this subdivision shall not be applicable to a violation of section 22-252 or section 22-262 of this chapter and any rules promulgated pursuant thereto.

§ 6. Subdivisions b and c of section 22-264 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, are amended to read as follows:

b. An officer of a labor union or labor organization required to be registered with the commissioner pursuant to subdivision a of this section shall inform the commissioner, on a form prescribed by the commissioner, of: (i) all criminal convictions, in any jurisdiction, of such officer; (ii) any pending civil or criminal actions to which such officer is a party; and (iii) any criminal or civil investigation by a federal, state, or local prosecutorial agency, investigative agency or regulatory agency, in the five year period preceding the date of registration pursuant to subdivision a of this section and at any time subsequent to such registration, wherein such officer has (A) been the subject of such investigation, or (B) received a subpoena requiring the production of documents or information in connection with such an investigation. Any *material* change in information reported pursuant to this subdivision shall be reported [forthwith] to the commissioner *within thirty calendar days thereof.* The commissioner may, if he or she has reasonable cause to believe that such an officer lacks good character, honesty and integrity, require that such officer be fingerprinted by a person designated by the commissioner for such purpose or by the department of investigation and pay a fee to be submitted to the division of criminal justice services and/or the federal bureau of investigation for the purpose of obtaining criminal history records.

c. The commissioner may, after notice and opportunity to be heard, disqualify an officer of a labor union or labor organization from holding office when such person: (i) has failed, by the date prescribed by the commissioner, to be fingerprinted or to provide truthful information in connection with the reporting requirements of subdivision b of this section; (ii) is the subject of a pending indictment or criminal action against such officer for a crime which bears a direct relationship to the lawful and orderly operation of the market, in which case the commissioner may defer a determination until a decision has been reached by the court before which such action is pending; (iii) has been convicted of a crime which, under the standards set forth in article 23-A of the correction law, bears a direct relationship to the lawful and orderly operation of the market, including the specific duties and responsibilities necessarily related to the union office; the bearing, if any the criminal offense or offenses will have on the fitness of the officer to perform such responsibilities; the time which has elapsed since the occurrence of the criminal offense or offenses; the seriousness of the offense or offenses; and any information produced by the person, or produced on his or her behalf, in regard to his or her rehabilitation or good conduct; (iv) has committed a racketeering activity or associated with a person who has been convicted of a racketeering activity, including but not limited to the offenses listed in subdivision one of section nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organization statute (18 U.S.C. § 1961 *et seq.*) or of an offense listed in subdivision one of section 460.10 of the penal law, as such statutes may be amended from time to time, when the officer knew or should have known of such conviction; or (v) has associated with any member or associate of an organized crime group as identified by a federal, state or city law enforcement or investigative agency when the officer knew or should have known of the organized crime associations of such person. An officer required to disclose information pursuant to subdivision a of this section may submit to the commissioner any material or explanation which such officer believes demonstrates that such information does not reflect adversely upon the officer's good character, honesty and integrity. If the commissioner determines pursuant to this subdivision that there are sufficient grounds to disqualify a person from holding office in a labor union or labor organization, the commissioner shall suspend such person from holding office pending final determination and, in the event such person is disqualified, such suspension shall continue pending resignation or vacatur of or removal from office. Upon written request of the suspended person within ten days of the commissioner's determination, the [commissioner] *director of the office of collective bargaining* shall [designate five] *prepare a list of the names of the first fifteen* arbitrators *selected* at *random* from the [list] *roster* of arbitrators approved by the office of collective bargaining *and present the first five names on such list to the suspended person and the commissioner.* [Such suspended person shall select one arbitrator from among the five arbitrators designated by the commissioner.] *Within alternating periods of five business days the suspended person and then the commissioner shall each strike a name from the list of selected arbitrators. If the parties cannot within two additional business days jointly appoint an arbitrator from those remaining on the list, the suspended person and then the commissioner shall within alternating periods of two business days each strike an additional name from the list. The remaining arbitrator shall thereupon be appointed as the arbitrator for that proceeding and shall establish a schedule for such proceeding. In the event that such arbitrator declines the appointment or for any reason is unable to accept the appointment, then the director of the office of collective bargaining shall within five business days present to the suspended person and the commissioner the next five names on the list of arbitrators previously selected at random and the procedures set forth in this subdivision for appointing an arbitrator shall be applied to this second group. In the event that the arbitrator appointed from this second group declines the appointment or for any reason is unable to accept the appointment then the director of the office of collective bargaining shall present the remaining five names from the list arbitrators selected at random and the suspended person shall select an arbitrator from such group.* Such arbitrator shall make a final report and recommendations in writing concerning the disqualification. The commissioner shall accept such report and recommendations and issue his or her final determination consistent with such report and recommendations. In the event that the suspended person does not make [such] *a* request *for arbitration* within [such] *the ten-day* period he or she shall be disqualified from holding office. Upon receiving an order of the commissioner pursuant to this subdivision disqualifying a person from holding office in a labor union or labor organization, such person shall resign or vacate such office within fourteen days or, if such person fails to resign or vacate such office within such time period, such union or organization shall remove such person forthwith from such office. Failure of such a person to resign or vacate office within such time period shall subject such person to the penalties set forth in subdivision a of section 22-258 of this chapter. An [office-holder] *officer* who has been disqualified or suspended by the commissioner pursuant to the provisions of this subdivision may be excluded by the commissioner from the market. Nothing in this section shall be construed to authorize the commissioner to disqualify a labor union or labor organization from representing or seeking to represent employees of a business required to be registered pursuant to section 22-253 of this code.

§ 7. Subdivision b of section 22-265 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended to read as follows:

b. An officer of a wholesale trade association required to register pursuant to this section shall inform the commissioner, on a form prescribed by the commissioner, of: (i) all criminal convictions, in any jurisdiction, of such officer; (ii) any pending civil or criminal actions to which such officer is a party; and (iii) any criminal or civil investigation by a federal, state, or local prosecutorial agency, investigative agency or regulatory agency, in the five year period preceding the date of registration pursuant to subdivision a of this section and at any time subsequent to such registration, wherein such officer has (A) been the subject of such investigation, or (B) received a subpoena requiring the production of documents or information in connection with such an investigation. Any *material* change in information reported pursuant to this subdivision shall be reported [forthwith] to the commissioner *within thirty calendar days thereof.* The commissioner may, if he or she has reasonable cause to believe that such an officer of a trade association lacks good character, honesty and integrity, require that such officer be fingerprinted by a person designated by the commissioner for such and pay a fee to be submitted to the division of criminal justice for the purpose of obtaining criminal history records.

§ 8. Chapter 1-B of title 22 of the administrative code of the city of New York, as added by local law number 28 for the year 1997, is amended by adding a new section 22-262.1 to read as follows:

§ 22-262.1 Seizure; forfeiture. a. Any police officer or authorized officer or employee of the department may, upon service of a notice of violation or criminal summons upon the owner or operator of a vehicle or other property or equipment, seize such vehicle or such other property or equipment which such police officer or authorized officer or employee has reasonable cause to believe is being used in connection with an act constituting a violation of subdivision a of section 22-253 of this chapter where such vehicle or other property or equipment is owned, leased or rented by a person subject to the provisions of such subdivision or such vehicle or other property or equipment is owned by a person other than an employee and is used directly by a person subject to the provisions of such subdivision. Any vehicle, property or equipment seized pursuant to this subdivision shall be delivered into the custody of the department or other appropriate agency. Where a notice of violation has been served, a hearing to adjudicate the violation underlying the seizure shall be held before the environmental control board within five business days after the seizure and such board shall render a decision within five business days after the conclusion of the hearing. Where a criminal summons has been served, a hearing to adjudicate the violation underlying the seizure shall be held before a court of competent jurisdiction. In the event that such court or the environmental control board determines that there has been no violation, the vehicle, property or equipment that was seized shall be released forthwith to the owner or any person authorized by the owner to take possession of such vehicle, property or equipment.

b. Except as otherwise provided in subdivision a of this section or where notice has been given that forfeiture will be sought pursuant to paragraph (ii) of subdivision e of this section, a vehicle or other property or equipment seized pursuant to subdivision a of this section shall be released upon payment of a fine or civil penalty imposed for the violation underlying the seizure and the costs of removal and storage as set forth in the rules of the department. Where an action or a proceeding relating to the violation underlying the seizure is pending in a court of competent jurisdiction or an administrative proceeding before the environmental control board, the vehicle or other property or equipment shall be released upon posting of a bond or other form of security sufficient to cover the maximum fine or civil penalty which may be imposed for such violation and the costs of removal and storage.

c. Where a court of competent jurisdiction or the environmental control board makes a finding that the vehicle or other property or equipment has not been used in connection with an act constituting a violation of subdivision a of section 22-253 of this chapter, the vehicle or other property or equipment shall be released forthwith to the owner or any person authorized by the owner to take possession of such vehicle, property or equipment.

d. Any vehicle or other property or equipment that has not been claimed by the owner within ten business days after mailing by first class mail to such owner of notice of a determination by a court of competent jurisdiction or by the environmental control board that there has been no violation or that the vehicle or other property or equipment was not used in connection with a violation of subdivision a of section 22-253 of this chapter shall be deemed by the department to be abandoned. Any vehicle unclaimed under the provisions of this subdivision shall be disposed of by the department pursuant to section twelve hundred twenty-four of the vehicle and traffic law. Property or equipment other than a vehicle shall be disposed of by sale at public auction following notice by publication in the city record describing such property or equipment not less than ten business days prior to such sale. Such notice shall provide that the owner may reclaim such property or equipment until a date that shall be not sooner than ten business days from the date the notice is published.

e. (i) in addition to any other fines, penalties, sanctions or remedies provided for in this chapter, a vehicle or other property or equipment which has been seized pursuant to subdivision a of this section and all rights, title and interest therein shall be subject to forfeiture upon notice and judicial determination thereof if the owner of such vehicle or other property or equipment has been found liable by a court of competent jurisdiction or the environmental control board on one or more prior occasions for using such vehicle or such other property or equipment in connection with an act constituting a violation of subdivision a of section 22-253 of this chapter.

(ii) A forfeiture proceeding may not be commenced more than ten business days after the receipt of a request by the owner for return of the vehicle, other property or equipment. If a forfeiture proceeding is not commenced within such ten day period, the property shall be returned to the owner upon payment of the fine or civil penalty imposed and the costs of removal and storage. A vehicle or other property or equipment which is the subject of such action shall remain in the custody of the department or other appropriate agency pending the final determination of the forfeiture action.

(iii) Notice of the institution of the forfeiture action shall be served by first class mail on: (a) an owner of a vehicle at the address set forth in the records maintained by the department of motor vehicles, or for vehicles not registered in New York state, in the records maintained by the state of registration; (b) all persons holding a security interest in such vehicle which security interest has been filed with the department of motor vehicles pursuant to the provisions of title ten of the vehicle and traffic law, at the address set forth in the records of such department, or for vehicles not registered in New York state, all persons who hold a security interest in such vehicle which security interest has been filed with such state of registration and which persons are made known by such state to the department at the address provided by such state of registration; and (c) for property and equipment other than a vehicle, by publication in the city record describing such property or equipment and by notice served by first class mail to the address of the person from whom such property or equipment was seized. Where such person is other than the owner of such property or equipment, notice shall be served by first class mail both to such person and to the owner of such property or equipment where such owner is known, or can by reasonable effort, be ascertained or, where such owner is not known or cannot by reasonable effort be ascertained, to the employer of the person from whom the property or other equipment was seized. Notice shall also be served by first class mail to any person who holds a security interest in such property or equipment when the name and address of such person has been provided by the owner of the property or equipment or other person from whom the property or equipment was seized, or is otherwise known or can, by reasonable effort, be ascertained.

(iv) Any owner who receives notice of the institution of a forfeiture action who wishes to claim an interest in the vehicle or other property or equipment subject to forfeiture may assert a claim in such action for the recovery of the vehicle or other property or equipment or satisfaction of the owner's interest in such vehicle or other property or equipment. Any person with a security interest in such vehicle or property or equipment who receives notice of the institution of the forfeiture action who claims an interest in such vehicle or other property or equipment may assert a claim in such action for satisfaction of such person's security interest.

(v) Forfeiture pursuant to this subdivision shall be made subject to the interest of a person who claims an interest in the vehicle or other property or equipment pursuant to paragraph (iv) of this subdivision, where such person establishes that: (a) the use of such vehicle, property or equipment in connection with an act constituting a violation of subdivision a of section 22-253 of this chapter that was the basis for seizure occurred without the knowledge of such person, or if such person had knowledge of such use, that such person did not consent to such use by failing to do all that could reasonably have been done to prevent such use, and that such person did not knowingly obtain such interest in the vehicle, property or equipment in order to avoid the forfeiture; or (b) that the conduct that was the basis for such seizure was committed by any person other than such person claiming an interest in the vehicle, property or equipment while such vehicle was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

(vi) The department, after judicial determination of forfeiture, shall, at its discretion, either: (a) retain such vehicle, property or equipment for the official use of the city; or (b) by public notice of at least five days, sell such forfeited vehicle, property or equipment at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

(vii) In any forfeiture action commenced pursuant to this subdivision, where the court awards a sum of money to one or more persons in satisfaction of such person's or persons' interest in the forfeited vehicle, property or equipment, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited vehicle, property or equipment after deduction of the lawful expenses incurred by the city, including the reasonable costs of removal and storage between the time of seizure and the date of sale.

(viii) For purposes of this section, the term "owner" of a vehicle shall mean an owner as defined in section one hundred twenty-eight and in subdivision three of section three hundred eight of the vehicle and traffic law. The term "owner" of other property or equipment subject to seizure or forfeiture pursuant to this section shall mean a person who demonstrates ownership of such property or equipment to the satisfaction of the commissioner.

(ix) For purposes of this section, the term "security interest" in a vehicle shall mean a security interest as defined in subdivision k of section two thousand one hundred one of the vehicle and traffic law. "Security interest" in other property or equipment shall mean an interest reserved or created by agreement and which secures payment or performance of an obligation. The term includes the interest of a lessor under a lease intended as security.

§ 9. Section 22-214 of the administrative code of the city of New York, as added by local law number 50 for the year 1995, is amended by lettering the existing section as subdivision a of such section and by adding a new subdivision b to read as follows:

b. In any civil action or administrative proceeding against an employee of a business entity for a violation of this chapter or any rules promulgated pursuant thereto, it shall be an affirmative defense that the employee was acting within the scope of his or her employment when the action or actions constituting the alleged violation were committed and that such action or actions were committed pursuant to an instruction given to such employee by such business entity or by any principal, officer or agent of such business entity, provided, however, that this subdivision shall not be applicable to a violation of section 22-203, subdivision e of section 22-204, subdivision e of section 22-206, subdivision c of section 22-208, paragraphs ii and iii of subdivision b of section 22-215 or subdivision b of section 22-219 of this chapter and any rules promulgated pursuant thereto.

§ 10. Subdivision d of section 22-216 of the administrative code of the city of New York, as added by local law number 50 for the year 1995, is amended to read as follows:

d. The commissioner may require that an applicant submitting a licensing proposal for any license required pursuant to this chapter *or an application for registration as a wholesaler or seafood deliverer* shall submit such information regarding the applicant's business as the commissioner shall require in order to demonstrate the financial responsibility to conduct the business for which such license *or registration* is required, and may refuse to issue a license *or registration* to any applicant who has not, in the commissioner's determination, demonstrated such financial responsibility.

§ 11. If any clause, sentence, item, paragraph or section added by this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, item, paragraph or section thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 12. This local law shall take effect immediately.

Int. No. 354-A

Report of the Committee on General Welfare in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to the establishment of the transitional job program, a program designed to create temporary employment in the public sector and in community-based organizations, and to provide the participants of such program with education and training, career counseling, and related services, to enhance their ability to secure permanent employment after their participation in such program.

The Committee on General Welfare to which it was referred on July 15, 1998 (Minutes page 2751) the annexed local law respectfully

REPORTS:

Int. No. 354-A is a proposed local law that would create a welfare-to-work initiative called the Transitional Jobs Program (the "Program"). The Program would provide for the creation of 2,500 temporary jobs in local government agencies in the public sector and in community-based organizations for individuals who are leaving welfare or who are unemployed. On February 29, 2000, the Council adopted Int. No. 354-A, and on March 13, 2000 the mayor vetoed the bill. The Committee on General Welfare will meet today to consider overriding the mayor's veto.

In the wake of welfare reform, thousands of New Yorkers have been removed from the welfare rolls with thousands more scheduled to be removed as statutory time limits for public assistance approach. Although the national economy is in the midst of one of its longest periods of sustained growth, New York City's local economy is experiencing a severe shortage of entry-level or low skill jobs. Many individuals on welfare, as well as the chronically unemployed, face serious barriers to employment such as lack of skills and education. The booming economy has offered these individuals little hope of permanent employment. Not surprisingly, experience has shown that without real jobs, training and support services for the unemployed and for those leaving welfare, welfare reform fails.

The Program would create 2,500 real jobs for welfare recipients and the unemployed. Along with real work experience and a work history, the Program would provide participants with the support services, such as education, job training, career counseling and childcare, that they will need to succeed in the program and to achieve self-sufficiency afterwards.

Importantly, the benefits of the Program would also reach beyond the individual participant. Unlike the Work Experience Program ("WEP"), in which individuals work for their welfare grant, participants in the Program would receive a working wage pay check. Thus, participants in the Program would also be eligible for an earned income tax credit. Since Participants would have more income to spend in their communities, the Program would have a greater and more favorable impact on the local economy than WEP. Further, the Program would allow community-based organizations and City agencies to undertake long-needed community improvement projects. Such projects would make a significant contribution to the quality of life in the City's communities as well as to the general welfare of the residents of New York City.

Throughout the United States, welfare-to-work initiatives such as the Program have achieved great success in transitioning former welfare recipients and the hard-to-employ into the workforce. Such programs enjoy wide bipartisan support. For example transitional jobs programs have been successfully established in the State of Pennsylvania, as well as the cities of Philadelphia, Detroit and other localities. Further, other cities such as Los Angeles and Miami are about to establish such programs.

ANALYSIS

Job Creation

Proposed Int. No. 354-A would add a new Chapter 5 to Title 21 of the Administrative Code (sections 21-501 through 21-511), creating the Program. The purpose of the Program would be to create temporary jobs for individuals who are leaving welfare and for the unemployed, and to provide these individuals with the support necessary to achieve success while participating in the Program, and self-sufficiency in the form of meaningful unsubsidized employment after leaving the Program. To accomplish this purpose, the legislation would create a total of 2,500 temporary jobs in the public sector and in community-based organizations. Such total number of jobs would exist for a thirty-six month period, commencing on January 1, 2001. However, each participant in the Program could only be employed for a period not to exceed twelve months. Additionally, each specific job created pursuant to the Program would be required to be retained for at least twelve months. Thus, under the best circumstances, a participant in the Program would be employed in the same job for a period of twelve months. Under the proposed legislation, an initial group of 2,500 participants would begin work on January 1, 2001 and complete their participation on December 31, 2001. A second group of 2,500 participants would begin working on January 1, 2002 and complete their participation on December 31, 2002. A final group would begin working January 1, 2003 and complete their participation on December 31, 2003. **Section 21-502(a).**

In establishing the period of participation in the Program as a period "not to exceed" twelve months, it is specifically not the intent of the proposed legislation to allow for a period of fewer than twelve months as the standard length of participation, but rather to allow for a participant to quit or be terminated from his/her job, like any other employee. However, while a participant may quit his/her job or be terminated, it is the intent of the proposed legislation that each participant in the Program be employed for a period of twelve months. As indicated earlier, a participant would optimally be employed in the same job for such twelve-month period.

Of the 2,500 jobs created under the Program, at least two-thirds would be in local government agencies in the public sector with the balance in community-based organizations. In order to provide jobs for participants in community-based organizations, the Mayor could issue a request for proposals or utilize any other procurement method that he or she deems necessary to select community-based organizations to provide jobs for participants. In determining which local government agencies and community-based organizations would employ participants, the commissioner (as defined in the proposed legislation) could consider, among other things, each prospective agency's or organization's experience in hiring welfare recipients or the unemployed, its experience in providing case management as required in the Program and its plans to assist participants in finding permanent employment after their participation in the Program ends. **Section 21-502(c) and (d).** The local government agencies and community-based organizations that are chosen to provide jobs for participants in the Program would be termed "sponsoring organizations". **Section 21-501(h).** Jobs created in local government agencies under the Program would, in accordance with collective bargaining laws and agreements, be accreted to appropriate existing collective bargaining units. **Section 21-502(b).**

Each sponsoring organization would be allotted a certain number of job slots to create. If a sponsoring organization could not create its allotted number of job slots, it could assign those slots to organizations with which it has an affiliation and which would be termed "affiliated organizations". **Sections 21-501(a) and 21-505(a) and (b).**

If the employees of a local government agency or community-based organization that plans to become a sponsoring organization are members of a collective bargaining

unit, then the collective bargaining representatives would be notified in writing of such plans. **Section 21-509(b) and (c).** Such notification would include the expected work locations of participants, job duties, approximate salaries, and the approximate number of hours to be worked.

While the commissioner is given discretion in selecting sponsoring organizations, the proposed legislation would require that any community-based organization that employs participants must certify that it has not, in the past five years, been convicted of a felony or misdemeanor regarding workplace safety, and as to all violations issued to it by the New York State Department of Labor. **Section 21-505(f).** A community-based organization that submits false information regarding this matter would not be permitted to be a sponsoring or affiliated organization.

Eligibility and certification

To be eligible to participate, individuals must be at least 18 years of age and be either receiving safety net or family assistance or have lost it due to welfare reform, or be unemployed. **Section 21-504.** Notwithstanding the above eligibility requirements, the commissioner would be required under the proposed legislation to ensure that at least 60 percent of all participants were receiving family assistance at the time of their certification and that at least 40 percent were either receiving safety net assistance or were unemployed at the time of their certification. **Section 21-503(1).** The commissioner would be further required to ensure that at least 50 percent of all participants faced serious barriers to employment at the time of their certification for participation in the Program. Pursuant to section 21-503 of the proposed legislation, serious barriers to employment would include either a lack of basic work skills, a high school diploma or English proficiency. Additionally, teen parents, former substance users, disabled persons, individuals with criminal records, and individuals who have HIV/AIDS, an HIV/AIDS-related illness or any other life-threatening illness would be presumed to face serious barriers to employment. Proposed Int. No. 354-A would require the commissioner to notify all recipients of family and safety net assistance of their right to apply for participation in the Program, and to request that community-based organizations and City agencies inform potential applicants about the Program. **Section 21-503(3) and (4).**

The commissioner would be required to establish an application procedure for participation in the program and to determine eligibility for participation. **Section 21-503(2) and (5).** When the commissioner determines that an individual is eligible, s/he would be required to certify that individual for participation in the Program. **Section 21-503(5).** Only certified individuals could apply and interview for employment at sponsoring or affiliated organizations. Individuals who obtain employment at a sponsoring or affiliated organization would be termed "participants". **Section 21-501(g).**

Participation

Certified individuals could apply for open jobs at sponsoring or affiliated organizations. However, certification would not be a guarantee of a job. To ensure that participants receive real job experience, certified individuals would have to apply, interview, compete and be hired for the open jobs. The decision to hire a certified individual would be solely with the sponsoring or affiliated organization.

In addition to being responsible for hiring participants (section 21-505(a)), the sponsoring agencies would be required to provide "case management" to participants. **21-502(f).** Case management would include, but not be limited to, support services such as education, training, career counseling and assistance with childcare, and its purpose would be to ensure success while participating in the Program and in finding permanent employment and achieving self-sufficiency afterwards. **Section 21-501(b).** At the time an applicant is certified, the commissioner would be required to assess the applicant's case management needs. Once a certified individual obtains employment in a sponsoring or affiliated organization, s/he would be required to receive appropriate case management. Only sponsoring organizations, not affiliated organizations, would be responsible for providing case management to participants (section 21-505(c)), and the commissioner would be required to ensure that case management is being provided appropriately and effectively. **Section 21-503(7).**

Participation in the Program would be limited to 12 months. **Section 21-506(a).** Participants would be considered employees "for purposes of the City's Human Rights and Collective Bargaining Laws and any other applicable laws, unless otherwise prohibited by law." **Section 21-506(f).** Participants who are not members of a collective bargaining unit would receive a minimum salary equal to 50 percent of the Lower Level Standard Income Level as established annually by the U.S. Department of Labor and the New York State Department of Labor for the New York City area based on a 30 hour workweek in full year employment for a family of three (currently, approximately $7.56/hour), but never less than other employees performing comparable work for the sponsoring or affiliated organization in which a participant is employed. **Section 21-506(b).** Participants would also be allowed an average of 8 hours per week to attend work-related training or education sessions. **Section 21-506(e).**

For participants who are not members of a collective bargaining unit, the proposed legislation would require the commissioner to establish a grievance procedure and to provide for a prompt hearing and resolution of a participant's grievance. **Section 21-507.**

Employee displacement

To ensure that no permanent employees of sponsoring or affiliated organizations lose their jobs as a result of the Program, the proposed legislation would provide strong displacement protections for such employees. **Section 21-509.** For example, a certified individual could not be hired for a job if s/he would displace a current employee of that individual's prospective employer. Similarly, a certified individual could not be hired if another regular employee is available for reinstatement after a layoff or approved leave of absence.

Reporting requirements

The proposed legislation would require the commissioner to report to the Mayor and the Council on a variety of issues regarding the Program including, but not limited to, the names and descriptions of all the sponsoring and affiliated organizations, the number of certified individuals and participants in the Program, an analysis of the impact of the Program on the permanent workforce, a summary of case management services provided, the number of participants who secured permanent employment after participation, the local economic impact of the Program, an estimate of the tax revenues received by federal, state and local governments, and the cost of the Program. **Section 21-508.**

Effective date

This local law would be effective immediately.

Fiscal Impact Statement:

	Effective FY 2001	Succeeding FY 2002	Fiscal Impact FY 2001-2004
State and Federal Revenues (+)	$7,781,712	$15,563,424	$46,690,272
Gross Expenditures (–)	($9,373,968)	($18,747,936)	($56,243,808)
Net Impact (–) City Contribution	($1,592,256)	($3,184,512)	($9,553,536)

Impact on Revenues and Expenditures: Estimated impacts on revenue and expense are derived by comparing the overall costs of the transitional jobs program with those currently spent on workfare participation in the City's Work Experience Program (WEP).

In fiscal year 2001 the transitional jobs program would result in approximately $7.7 million in additional State and federal revenue and $9.3 million in gross costs, leaving a net impact of $1.5 million in City tax levy funds. In the succeeding fiscal year, fiscal 2002, the transitional jobs program would result in $15.5 million in additional State and federal revenue and $18.7 million in gross costs, leaving a net impact of $3.18 million in City tax levy funds. Cumulatively, over the four-year implementation period, the transitional jobs program would result in approximately $46.7 million in additional State and federal revenue and $56.2 million in gross costs, leaving a net impact of $9.5 million in City tax levy funds.

Finally, unlike WEP participants, participants in the transitional jobs program would benefit from State and federal EITC programs. As the City does not contribute to the costs of EITC programs, these costs are not reflected in the fiscal impact. It should be noted though that participants would receive approximately $16.3 million in EITC benefits over the entire implementation period. When EITC benefits are accounted for the following income levels have been derived. A single participant would earn approximately $14,175 over the twelve-month period. A household of two (parent and one child) would earn approximately $16,546 over the twelve month period. A household of three (parent and two children) would earn approximately $18,254 over the twelve month period as would a household of four (parent with three children).

Notwithstanding the objection of the Mayor, Your Committee recommends its adoption.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the establishment of the transitional jobs program, a program designed to create temporary employment in the public sector and in community-based organizations, and to provide the participants of such program with education and training, career counseling, and related services, to enhance their ability to secure permanent employment after their participation in such program.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The City Council finds and declares that in the aftermath of federal welfare reform, thousands of new jobs are needed in New York City in order to employ those welfare recipients now required to work. Since New York City has a large number of people seeking new jobs, and since the City's communities need additional services that these job-seekers can provide, a welfare-to-work program that will create new, temporary jobs in the public sector and in community-based organizations, and provide individuals with education and training, career counseling, and related services will represent both an investment in human capital and in the vitality of this City.

Many individuals who need to make the transition from welfare to the work force face serious barriers to securing and maintaining successful employment, including a lack of marketable skills, education, work experience, and affordable childcare. A welfare-to-work program that offers a real work experience, pays a living wage, and provides health and childcare benefits, along with meaningful education and training, can be instrumental in successfully moving people from welfare to the work force in a manner that increases their long-term employability and self-sufficiency.

Accordingly, the City Council finds that a welfare-to-work program known as the transitional jobs program should be established in New York City. The transitional jobs program will create temporary jobs in the public sector and in community-based organizations, and will provide participants of the program with education and training, career counseling, and related services. The provision of support services will significantly increase a participant's chances of securing and maintaining permanent employment after his or her participation in the program. In addition, the creation of new jobs in the public sector and in community-based organizations will help address the unmet needs of many communities throughout the City.

§ 2. Title 21 of the administrative code of the city of New York is amended by adding a new chapter five to read as follows:

CHAPTER 5

DEPARTMENT OF EMPLOYMENT

Transitional Jobs Program

§ 21-501 Definitions. Whenever used in this chapter the following words shall have the following meanings:

a. "Affiliated organization" shall mean a local government agency or community-based organization that is affiliated with a sponsoring organization and employs certified individuals.

b. "Case management" shall mean the provision and coordination of services to participants to ensure their success in the transitional jobs program, and enhance their chances of securing permanent employment after their participation in such program. Such services shall include, but shall not be limited to, providing education and training, career counseling, and childcare. Such services shall also include assisting participants in obtaining all federal, state and local government benefits that they are otherwise entitled to, including, but not limited to, child care expenses, training-related expenses, food stamps, and medicaid or transitional medicaid.

c. "Certified individual" shall mean an individual certified by the commissioner to participate in the transitional jobs program.

d. "Commissioner" shall mean the commissioner of the department of employment or the commissioner or head of any other department or agency that the mayor designates to administer the transitional jobs program.

e. "Community-based organization" shall mean a non-profit organization providing services to, or operating for the benefit of, a particular community. Community-based organizations may also include a trade union that offers apprenticeship or pre-apprenticeship programs.

f. "Department" shall mean the department of employment, or any other department or agency that the mayor designates to administer the transitional jobs program.

g. "Participant" shall mean an individual employed by a sponsoring or affiliated organization in the transitional jobs program following eligibility determination and certification by the commissioner.

h. "Sponsoring organization" shall mean a local government agency or community-based organization selected by the commissioner to employ or facilitate the employment of certified individuals, and to provide case management to participants, provided, however, that nothing shall preclude a sponsoring organization from being a public, non-profit corporation created pursuant to applicable New York state law.

i. "Transitional jobs program" shall mean a program designed to create temporary employment in the public sector and in community-based organizations, and to provide the participants of such program with education and training, career counseling, and related services, to enhance their ability to secure permanent employment after their participation in such program.

§ 21-502 Transitional jobs program.

a. The mayor shall direct the commissioner to establish a transitional jobs program, which shall consist of a total of two thousand five hundred temporary jobs in the public sector and in community-based organizations, at least two-thirds of which shall be created within local government agencies in the public sector. Such total number of two thousand five hundred temporary jobs shall exist for a period of thirty-six months, commencing on January first, two thousand one; provided, however, that each participant in the transitional jobs program shall only be employed by a sponsoring or affiliated organization for a period not to exceed twelve months, and that each specific job created pursuant to the transitional jobs program shall be retained for at least twelve months. An initial group of two thousand five hundred participants shall commence employment on January first, two thousand one. A second group of two thousand five hundred participants shall commence employment on January first, two thousand two, and a final group of two thousand five hundred participants shall commence employment on January first, two thousand three.

b. The jobs created in local government agencies pursuant to this chapter shall, consistent with applicable collective bargaining laws and agreements, be accreted to appropriate existing collective bargaining units.

c. In implementing the transitional jobs program, the mayor shall direct the commissioner to select which local government agencies shall be sponsoring organizations. In making such determination, the commissioner may work in cooperation with the commissioners of other local government agencies and may, consistent with obligations under collective bargaining laws and agreements, consult with the heads of collective bargaining organizations, and may consider each prospective agency's prior experience hiring welfare recipients and the unemployed, its prior experience assisting such individuals in finding jobs, its prior experience providing education and training, career counseling, and related services to its employees, its plans to address or fulfill the needs of communities throughout the city of New York, its plans to employ or facilitate the employment of certified individuals, its plans to provide case management to participants, and its plans to assist in the permanent placement of participants following their participation in the transitional jobs program.

d. In meeting the goal of placing participants in community based organizations pursuant to this chapter, the mayor may direct the commissioner to issue a request for proposals or to utilize any other procurement method that he or she deems necessary to select community-based organizations to become sponsoring organizations. To determine which community-based organizations shall become sponsoring organizations, the commissioner may consider an organization's prior experience hiring welfare recipients and the unemployed, its prior experience assisting such individuals in finding jobs, its prior experience providing education and training, career counseling, and related services to its employees, its plans to address or fulfill the needs of communities throughout the city of New York, its plans to employ or facilitate the employment of certified individuals, its plans to provide case management to participants, and its plans to assist in the permanent placement of participants following their participation in the transitional jobs program. Where the employees of a community-based organization that has been selected to become a sponsoring or affiliated organization are members of a collective bargaining unit, such collective bargaining unit shall, consistent with applicable collective bargaining laws and agreements, have the opportunity to comment on such selection. The commissioner shall respond to such comments with fifteen days of their receipt.

e. Each sponsoring or affiliated organization may employ any certified individual, and employment with a sponsoring or affiliated organization shall be for a period not to exceed twelve months.

f. The sponsoring organizations shall provide each participant with the necessary case management to enable the participant to succeed in the transitional jobs program, build his or her job skills, and enhance his or her chances of securing permanent employment after participating in the transitional jobs program.

§ 21-503 Powers and duties of the commissioner. Except as otherwise provided by law, the commissioner shall have the power and it shall be the commissioner's duty to perform the following functions and duties relating to the transitional jobs program:

1. To ensure that at least sixty percent of all participants were receiving family assistance at the time of their certification, and that at least forty percent of all participants were either receiving safety net assistance, were unemployed for at least six months or had exhausted their unemployment insurance at the time of their certification. The commissioner shall also ensure that at least fifty percent of all participants faced serious barriers to employment or were participating in the work experience program at the time of their certification. Serious barriers to employment shall include, but not be limited to, a lack of basic work-related skills, a high school diploma or English proficiency. In addition, any person who is either a teen parent, a former substance user, disabled, homeless or a victim of domestic violence, or any person who has a criminal record, HIV/AIDS or an HIV/AIDS-related illness or any other life-threatening illness shall be presumed to face serious barriers to employment;

2. To establish an application procedure for those individuals seeking to participate in the transitional jobs program;

3. To request that community-based organizations and all local government agencies, including private industry councils, social services intake centers and unemployment offices, publicize the existence of the transitional jobs program to those individuals who may be eligible to participate in such program;

4. To notify recipients of family assistance and safety net assistance of their right to apply for participation in the transitional jobs program;

5. To certify eligible individuals for participation in the transitional jobs program, to promptly notify such certified individuals of their certification in writing, and to establish a list of all certified individuals for use by the sponsoring organizations;

6. To develop an assessment formula to evaluate the job skills, the prior work and educational experience and the case management needs of each certified individual, and to provide such information to the appropriate sponsoring organization;

7. To ensure that the sponsoring organizations provide each participant with the necessary case management to help the participant to succeed in the transitional jobs program, build his or her job skills, and enhance his or her chances of securing perma-

nent employment after participating in the transitional jobs program;

8. To ensure that participants are informed of their eligibility to receive state and federal earned income tax credit and are offered assistance in applying for advance payment of such credit;

9. To ensure that each community-based organization is in compliance with section 21-505(g) of this chapter, and to further ensure that a community-based organization that submits false information under section 21-505(g) of this chapter shall not be permitted to be a sponsoring or affiliated organization in the transitional jobs program; and

10. To ensure that the powers and duties of the commissioner as set forth in this section are carried out by public employees.

§ 21-504 Eligibility criteria. *A certified individual must be eighteen years of age or older and must either (i) be receiving family assistance or safety net assistance; (ii) have lost his or her aid to families with dependent children, home relief, family assistance or safety net assistance as a result of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 or state implementing law; or (iii) have been unemployed for a period of at least six months or have either been denied unemployment insurance or exhausted his or her unemployment insurance benefits.*

§ 21-505 Duties of the sponsoring and affiliated organization.

a. The sponsoring organization shall create positions for participants that are comparable to the positions of other employees in such organization. In creating such positions, the sponsoring organization shall consider the responsibilities associated with a particular position and the participant's training and prior work experience.

b. In those cases where the sponsoring organization is unable to provide a certified individual with an appropriate position, such sponsoring organization shall facilitate employment with an affiliated organization in a position comparable to the positions of other employees in such affiliated organization. In providing such a position, the affiliated organization shall consider the responsibility associated with a particular position and such certified individual's training and work experience.

c. The sponsoring organization shall provide case management to participants employed by such organization or by such organization's affiliated organization. The affiliated organization shall not be responsible for providing case management to the participant.

d. Neither a sponsoring nor an affiliated organization may place a certified individual in a position with a for-profit employer.

e. A community-based organization that is a trade union may only place certified individuals in apprenticeship and pre-apprenticeship programs that are offered by such trade unions.

f. A community-based organization shall certify to the commissioner that such organization has not, in the past five years, been convicted of a felony or a misdemeanor the underlying basis of which involved workplace safety and health or labor standards. Such community-based organization shall also certify to the commissioner as to all violations issued by the New York state department of labor. A community-based organization that submits false information under this subdivision shall not be permitted to be a sponsoring or affiliated organization in the transitional jobs program.

§ 21-506 Participants.

a. Participation in the transitional jobs program shall be for a period not to exceed twelve months.

b. A participant who is not a member of a collective bargaining unit shall receive a salary of not less than fifty percent of the Lower Living Standard Income Level (LLSIL), as established annually by the United States department of labor and adjusted by the New York state department of labor for the New York city area using the New York city area LLSIL hourly rate based on a thirty-hour workweek in full-year employment for a family of three. Notwithstanding such minimum salary requirement, a participant may not be compensated at a rate of pay that is less than that of other employees of the sponsoring or affiliated organization employing such participant, who are performing the same or comparable work.

c. A participant who is not a member of a collective bargaining unit shall be entitled to the same paid holidays and benefits permissible by law as other employees of the sponsoring or affiliated organization employing such participant, who are performing the same or comparable work.

d. A participant who is a member of a collective bargaining unit shall, consistent with collective bargaining laws and agreements, receive, at a minimum, the salary and benefits provided for in subdivisions b, c and e of this section, provided however, that such subdivisions shall not be construed to limit the collective bargaining unit's right to negotiate more favorable wages and/or any other terms and conditions of employment.

e. A participant shall work the standard work hours required by the sponsoring or affiliated organization which employs such participant, except that in no instance shall a participant be required to work more than forty hours per week. A participant shall be excused, when necessary, for up to an average of eight hours per week from their scheduled work hours to participate in adult education, job training, and job readiness or placement services. The sponsoring organization shall prepare the participant's work schedule and may allocate additional hours during any work week to be spent on adult education, job training, and job readiness or placement services, so long as over the course of the participant's employment, no more than an average of eight hours per week is allocated to these activities. A participant shall be compensated as set forth in subdivision b of this section when such participant engages in adult education, job training, or job readiness and placement services as provided for in this subdivision.

f. A participant shall be considered an employee for purposes of the city's human rights and collective bargaining laws and any other applicable local laws, unless otherwise prohibited by law; provided, however, that nothing herein shall limit the participant's rights under any applicable federal or state law. In implementing the transitional jobs program, the mayor or his or her designee, shall take any necessary and/or appropriate actions to classify participants employed by local government agencies in accordance with all applicable civil service laws and consistent with the purposes of this chapter.

§ 21-507 Grievance procedure. *The commissioner shall establish and maintain a grievance procedure for the filing and resolution of complaints by participants who are not members of a collective bargaining unit. Such grievance procedure shall provide for a hearing within twenty business days after the filing of a participant's complaint. The commissioner shall notify the participant of the date, time, and place of the hearing within five business days after the filing of such compliant. The commissioner may attempt to informally resolve any complaint prior to the hearing, but any such attempt shall not delay the date of the hearing, unless a participant specifically consents in writing to a postponement of such hearing. A written decision shall be issued within ten business days after the hearing. Nothing in this section shall be construed to limit the right of any participant, including a participant who is a member of a collective bargaining unit or a participant represented by a designated employee spokesperson, from pursuing other available remedies under any applicable collective bargaining agreement, or any federal, state or local law.*

§ 21-508 Reports to the mayor and city council. *On April first of the years two thousand two, two thousand three, and two thousand four, the commissioner shall issue a report to the mayor and the city council evaluating the program. The report shall include, but not be limited to:*

1. The name and description of each sponsoring and affiliated organization, and a summary of each organization's accomplishments;

2. The total number of certified individuals and participants in the transitional jobs program;

3. An analysis of the impact of the transitional jobs program on the permanent workforce within each sponsoring or affiliated organization, including, but not limited to, a change in the number of non-participant employees, the number of hours worked by non- participant employees, the amount of overtime required of non-participant employees, the number of promotions awarded to non-participant employees and the amount of wages earned by non-participant employees;

4. The average length of time a participant is employed.

5. A summary of the education and training, career counseling and related services provided to participants;

6. The number and percentage of participants who were able to secure permanent employment after their participation in the transitional jobs program, and their wage and benefit levels;

7. The estimated dollar value of the jobs created by the transitional jobs program;

8. The estimated local economic impact of the jobs created by the transitional jobs program;

9. The estimated savings by federal, state and local governments as a result of reductions in social services and public assistance benefits that would otherwise have been provided to a participant and his or her family were it not for his or her participation in the transitional jobs program;

10. The estimated tax revenues received by federal, state and local governments from participants;

11. The estimated state and federal earned income tax credit received by participants;

12. An analysis of the impact of the transitional jobs program on the overall welfare of participants and their families;

13. The amount of funds appropriated and expended on the administration of the transitional jobs program; and

14. Whether the transitional jobs program has met the criteria established by the United States health and human services department for participation in the welfare bonus program in order to receive bonus funding available to selected states that successfully place welfare recipients in jobs as provided for by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

§ 21-509 Displacement of employees.

a. A certified individual may be employed by a sponsoring or affiliated organization only if:

1. such employment would not result in (i) the displacement of any currently employed worker or the loss of a position (including partial displacement such as reduction in the hours of non-overtime work, wages or employment benefits) or the impairment of existing contracts for services or collective bargaining agreements; (ii) any infringement of the promotional opportunities of any current employees; (iii) the performance, by such certified individual, of a substantial portion of the work ordinarily and actually performed by regular employees; or (iv) the loss of a bargaining unit position as a result of a participant performing, in part or in whole, the work normally performed by a regular employee;

2. such employment is not at any work site at which regular employees are on a legal strike or are being subjected to lock out by the sponsoring or affiliated organization;

3. no other regular employee is available for reinstatement, recall or reemployment following an approved leave of absence, furlough, layoff or suspension from the same or substantially equivalent job; or

4. the sponsoring or affiliated organization has not terminated the employment of any regular employee or otherwise reduced its workforce with the effect of filling the vacancy or vacancies so created with certified individuals.

b. Community-based organizations who are awarded contracts to become a sponsoring organization shall at the time of award provide written notification to its employees' collective bargaining representatives, if any, regarding such plan. The notice shall include, at a minimum, the participants' expected work locations, job duties, approximate salaries, and the approximate number of hours to be worked.

c. Local government agencies planning to enter into an agreement with the department to become a sponsoring organization shall provide written notification to its employees' collective bargaining representatives, if any, regarding such plan. The notice shall include, at a minimum, the participants' expected work locations, job duties, approximate salaries, and the approximate number of hours to be worked.

§ 21-510 Rules. The commissioner shall make and promulgate such rules and regulations as are necessary to carry out the provisions of this chapter.

§ 21-511 Severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 3. Effective date. This local law shall take effect immediately.

Int. No. 316-A

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York in relation to the establishment of a grievance procedure for participants in the City's work experience program.

The Committee on Governmental Operations to which it was referred on May 21, 1998 (Minutes page 1578), the annexed amended local law respectfully

REPORTS:

Participants in the New York City's Work Experience Program ("WEP") have not been given the opportunity to informally resolve disputes with the sponsoring agency prior to the reporting of an alleged failure or refusal to comply with program requirements to the local social services district. Proposed Int. No. 316-A establishes a grievance procedure to ensure that WEP participants are permitted to address grievances that may arise out of their work assignments and to provide the opportunity to have these grievances resolved within the sponsoring agency in an expeditious and just manner.

By omitting direct regulation of local sponsoring agencies in New York State Social Services Law, the State Legislature recognized the strong local interest in designing alternatives not specifically provided by State Law, in order to meet the needs of the local community. The purpose of Proposed Int. No. 316-A is to meet the legitimate local interests of New York City in providing for WEP participants to informally resolve disputes that may arise with local sponsoring agencies, prior to the involvement of the local social services district.

The New York City Human Resources Administration ("HRA") pursuant to New York State Social Services Law § 341, has established a conciliation procedure for individuals who are alleged to have violated work activities requirements and a procedure to resolve other disputes related to participation in work activities. However, this State-mandated procedure for individuals who are alleged to have violated work activities requirements does not provide a means for participants and sponsoring agencies to resolve such disputes at the level of the sponsoring agency prior to involvement of the social services district. Proposed Int. No. 316-A establishes such a grievance procedure which neither overlaps with nor directly affects the procedures established by HRA pursuant to New York State law and regulations.

PROPOSED INT. NO. 316-A – ANALYSIS

Applicability of the Work Experience Program Grievance Procedure

The grievance procedure established in Proposed Int. No. 316-A is applicable to all sponsoring agencies and WEP participants.

Grievance Procedure

Proposed Int. No. 316-A establishes a three step grievance procedure:

Step 1 — A participant's grievance shall be made verbally or in writing to his or her Step 1 supervisor not later than five (5) days after the act or omission complained of. The participant and the supervisor shall work together to resolve the dispute and higher level supervisors may be called in the help with the resolution process. A written decision shall be given to the participant within five working days after the grievance was presented to the participant's Step 1 supervisor.

Step 2 — Within seven working days after the participant has received a copy of the Step 1 written decision, the participant may appeal the decision verbally or in writing by requesting a discussion of the grievance with the sponsoring agency WEP coordinator. The participant and the sponsoring agency WEP coordinator shall work jointly for a mutually satisfactory resolution of the grievance. A written determination of the appeal shall be given to the participant three working days after the appeal has been made.

Step 3 — If a grievance is not resolved at Step 2 to the satisfaction of the participant, the participant may appeal the decision verbally or in writing to the social services district pursuant to New York State Social Services Law § 341.

The bill also provides that a participant grieving a work assignment or working conditions shall continue to work at their assigned sponsoring agency. If the grievance involves a claim that the assignment or condition is injurious to the participant's health or safety or that it exceeds his or her medical limitations, the sponsoring agency shall reassign the participant to a work assignment that is not injurious to the participant's health or safety or their claimed medical limitations. At any stage of the grievance procedure established by Proposed Int. No. 316-A, a participant shall have the right to representation by legal counsel, or by a relative, friend, or other spokesperson, or may represent him or herself.

New York State Social Services Law § 341

A participant may elect to pursue a grievance pursuant to proposed Int. No. 316-A prior to the initiation of conciliation under New York State Social Services Law § 341. The sponsoring agency shall notify each participant orally and in writing at the start of each work assignment of the participant's rights and responsibilities under this procedure, including the right to resolve grievances under such procedure prior to the initiation of conciliation under New York State Social Services Law § 341. The name, work address, telephone number of and locations to submit a grievance to the participant's Step 1 supervisor and the sponsoring agency WEP coordinator shall also be provided at the start of each work assignment.

Notification to the Office of Employment Services

The sponsoring agency shall not notify the Office of the Employment Services ("OES") or any other designee of the local services district of an alleged failure to comply with program or work activities requirements by the participant unless and until the Step 1 supervisor or a higher-level supervisor first notifies the participant orally and in writing that the agency intends to do so and why, and then only after completion of the Step 1 and 2 procedures. Nothing herein shall limit the authority of the sponsoring agencies except as provided herein. This authority shall include the notification to OES of any other alleged failure to comply.

In the event there is an alleged failure by a participant to comply with a program or work activities requirement and no grievance is submitted during the appropriate time period, then the sponsoring agency may notify OES.

Supportive Services

Each sponsoring agency must provide work-related materials, safety equipment, clothing (including uniforms, footwear, outerwear and inclement weather gear), tools and other equipment necessary for a participant to perform his or her assignment in a safe, appropriate and efficient manner.

Failure of the sponsoring agency to comply with providing such supportive services shall be grievable.

Definitions

Proposed Int. No. 316-A defines the following terms:

a) "Participant" shall mean an applicant for or recipient of family assistance or safety net assistance who volunteers for or who has been required to participate in the Work Experience Program.

b) "Sponsoring Agency" shall mean a public agency or a private non-profit or for-profit organization providing an employment related activity(ies) or service(s) to a social services district or the department of social services through contract or agreement.

c) "Terms and conditions of work" shall encompass hours of work, transportation, training, health, safety, alleged failure to comply with program or work activities requirements, and any and all other terms and conditions of work for participants.

d) "Grievance" shall mean:

i. a dispute between a sponsoring agency and one or more WEP participants concerning any terms and conditions of work; or

ii. a claimed violation, misinterpretation or misapplication of the rules or regulations of a sponsoring agency affecting the terms and conditions of work;

e) "Work Experience Program" or "WEP" shall mean the program established by New York City pursuant to and governed by Title 9-B of the New York State Social Services Law Section 336-c and implementing regulations under which individuals receiving family assistance or safety net assistance who are assigned to the work experience program are required to work for a specified number of hours per week in a government or private not-for-profit or for-profit agency in order to maintain their eligibility for continued public assistance.

f) "Step 1 supervisor" shall mean the participant's immediate supervisor, unless the participant's immediate supervisor is represented for purposes of collective bargaining, in which case the sponsoring agency shall designate a supervisor who is not represented for purposes of collective bargaining to hear and resolve Step 1 grievances.

Severability

Should any provision or application of Proposed Int. No. 316-A be determined to be unlawful or unenforceable, all other provisions and applications of such proposed local law shall nevertheless continue in full force and effect.

Proposed Int. No. 316-A shall take effect immediately.

The Committee on Governmental Operations passed Int. No. 316-A on February 16, 2000 by a vote of 6 in the affirmative and 0 in the negative.

The full Council passed Int. No. 316-A on February 29, 2000.

The Mayor vetoed Int. No. 316-A on March 13, 2000.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: This legislation would have no impact on revenues.

Impact on Expenditures: It is anticipated that the impact of this legislation on expenditures would be minimal, as the proposed legislation only establishes an informal procedure for addressing and resolving disputes between a WEP participant and his or her sponsoring agency.

Notwithstanding the objection of the Mayor, Your Committee recommends its adoption.

A LOCAL LAW to amend the administrative code of the city of New York in relation to the establishment of a grievance procedure for participants in the city's work experience program.

Be it enacted by the Council as follows:

Section 1. **Declaration of Legislative Findings and Intent.** The Council finds that certain recipients of public subsidies under the Family Assistance and Safety Net Assistance programs assigned by the city of New York to its Work Experience Program ("WEP") are required to work a specified number of hours each week in order to maintain their eligibility for continued public assistance. The Council further finds that WEP participants have not consistently been provided with appropriate terms and conditions of work. For example, participants have not consistently been provided with proper equipment and appropriate gear, such as, but not limited to: gloves, safety goggles, and proper clothing to protect them from the elements. In addition, participants have not consistently been given the opportunity to informally resolve disputes with the sponsoring agency prior to the reporting of alleged failure or refusal to comply with program requirements to the local social services district. The Council therefore believes that a grievance procedure must be codified to ensure that WEP participants are permitted to address grievances that may arise out of their work assignments and to provide the opportunity to have these grievances resolved within the sponsoring agency in an expeditious and just manner.

The Council finds that the conciliation provision of New York State Social Services Law and its implementing regulations do not address efforts by participants and sponsoring agencies to resolve disputes at the level of the sponsoring agency prior to involvement of the social services district. The Council further finds that the State Social Services Law expresses no need for state-wide uniformity in the administration of local Public Assistance Employment Programs. Rather, by omitting direct regulation of local sponsoring agencies, the State Legislature recognized the strong local interest in designing alternatives not specifically provided by state law, in order to meet the needs of the local community. The purpose of this local law is therefore to meet the legitimate local interest of the city of New York in providing a mechanism for its residents who are participants in WEP to informally resolve disputes that may arise with local sponsoring agencies, prior to the involvement of the local social services district.

The Council recognizes that, pursuant to New York State Social Services Law § 341, the New York City Human Resources Administration ("HRA") has established a conciliation procedure for individuals who are alleged to have violated work activities requirements and a procedure to resolve other disputes related to participation in work activities. However, the Council finds that the state-mandated procedure for individuals who are alleged to have violated work activities requirements does not provide a means for participants and sponsoring agencies to resolve such disputes at the level of the sponsoring agency prior to involvement of the social services district. The Council further finds that the HRA procedure to resolve disputes related to participation in work activities, to the extent it provides for sponsoring agency participation, is not enforceable by participants, and was not established pursuant to any powers or duties assigned or delegated to the HRA by the State of New York. Thus, the grievance procedure established by this local law neither overlaps with nor directly affects the procedures established by HRA pursuant to New York State law and regulations.

For all the foregoing reasons, the Council finds that the grievance procedure established by this local law is well within the powers of the Council under New York State Municipal Home Rule Law and the Charter of the City of New York.

§ 2. Title 21 of the administrative code of the city of New York is amended to add a new chapter 5 to read as follows:

Chapter 5

Work Experience Program Grievance Procedure

§ ***21-501 Definitions.*** *As used in this chapter:*

a. "Participant" means an applicant for or recipient of family assistance or safety net assistance who volunteers for or who has been required to participate in the work experience program.

b. "Sponsoring agency" means a public agency or a private non-profit or for-profit organization providing an employment related activity(ies) or service(s) to a social services district or the department of social services through contract or agreement.

c. "Terms and conditions of work" shall encompass hours of work, transportation, training, health, safety, alleged failure to comply with program or work activities requirements, and any and all other terms and conditions of work for participants.

d. "Grievance" means:

i. a dispute between a sponsoring agency and one or more WEP participants concerning any terms and conditions of work; or

ii. a claimed violation, misinterpretation, or misapplication of the rules or regulations of a sponsoring agency affecting the terms and conditions of work.

e. "Work Experience Program" or "WEP" shall mean the program established by New York City pursuant to and governed by Title 9B of the New York State social services law section 336c and implementing regulations, under which individuals receiving family assistance or safety net assistance who are assigned to the work experience program are required to work for a specified number of hours per week in a government or private not-for-profit or for-profit agency in order to maintain their eligibility for continued public assistance.

f. "Step 1 supervisor" means the participants immediate supervisor, unless the participant's immediate supervisor is represented for purposes of collective bargaining, in which case the sponsoring agency shall designate a supervisor who is not represented for purposes of collective bargaining to hear and resolve Step 1 grievances.

*§ 21-502 **Applicability.** This chapter shall apply to all sponsoring agencies and WEP participants.*

*§ 21-503 **Grievance Procedure.***

*a. The following procedure shall be established in order to allow for the timely resolution of grievances. A participant may elect to pursue a grievance pursuant to this chapter prior to the initiation of conciliation under § 341 of New York State social services law. The sponsoring agency shall notify each participant orally and in writing at the start of each work assignment of the participant's rights and responsibilities under this procedure, including the right to resolve grievances under such procedure prior to the initiation of conciliation under § 341 of New York State social services law, and of the name, work address, telephone number of and locations to submit a grievance to the participant's Step 1 supervisor and the sponsoring agency WEP coordinator. The sponsoring agency shall not notify the office of employment services ("OES") or any other designee of the local social services district of an alleged failure to comply with program or work activities requirements by the participant unless and until the Step 1 supervisor or a higher-level supervisor first notifies the participant orally and in writing that the agency intends to do so and why, and then only after completion of the procedure set forth in Steps 1 and 2. In the event there is an alleged failure by a participant to comply with a program or work activity requirement and no grievance is submitted during the time period set forth below, then the sponsoring agency may notify OES. **Nothing herein shall limit the authority of the sponsoring agencies except as provided herein.***

b. General Procedure.

*i. Step 1. A participant's grievance shall be made verbally or in writing to his or her step 1 supervisor not later than **five (5)** working days after the act or omission complained of. Discussion and consideration of the grievance may be assisted by a higher level supervisor(s), who may be called in to help with the resolution process. The participant and the supervisor(s) shall work together to resolve the dispute to the satisfaction of both the participant and the sponsoring agency. The grievance shall be considered and passed upon in writing within **five (5)** working days after it has been presented to the participant's step 1 supervisor. A copy of the written decision shall be given to the participant.*

*ii. Step 2. If a grievance is not resolved at step 1 to the satisfaction of the participant, within seven (7) working days after the participant has received a copy of the written decision rendered in step 1, the participant may appeal the initial decision verbally or in writing by requesting a discussion of the grievance with the sponsoring agency WEP coordinator. The participant and the sponsoring agency WEP coordinator shall work jointly for a mutually satisfactory resolution of the grievance. The appeal shall be considered and passed upon in writing within **three (3)** working days after the appeal has been made. A copy of the determination of the appeal shall be given to the participant.*

iii. Step 3. If a grievance is not resolved at step 2 to the satisfaction of the participant, the participant may appeal the decision verbally or in writing to the social services district pursuant to social services law § 341.

*c. A participant grieving a work assignment or working conditions shall continue to work at their assigned sponsoring agency. **If the grievance involves a claim that the assignment or condition is injurious to the participant's health or safety or that it exceeds his/her medical limitations, the sponsoring agency shall reassign the participant to a different work assignment that is not injurious to the participant's health or safety or claimed medical limitations.***

d. At any stage of the grievance procedure established by this chapter, a participant shall have the right to representation by legal counsel, or by a relative, friend, or other spokesperson, or may represent him or herself.

*§ 21-504. **Supportive Services.** Each sponsoring agency must provide such work-related materials, safety equipment, clothing (including uniforms, footwear, outerwear and inclement weather gear), tools and other equipment necessary in order for a participant to perform his or her assignment in a safe, appropriate and efficient manner.*

Failure of the sponsoring agency to comply with this provision shall be grievable under this chapter.

§ 3. **Severability.** Should any provision or application of this local law be determined to be unlawful or unenforceable, all other provisions and applications of this local law shall nevertheless continue in full force and effect.

§ 4. This local law shall take effect immediately.

Reports of the Committee on Land Use

L.U. No. 637

Report of the Committee on Land Use in favor of approving a Uniform Land Review Procedure Application No. C 000063 HAM, an Urban Development Action Area Designation, Project and the disposition of such property located at 619 East 11th Street, Borough of Manhattan, Council District No. 2. This matter is subject to Council Review and action pursuant to § 197-c and § 197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which it was referred on January 19, 2000 (Minutes page 168) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State for:

   a) the designation of 619 East 11th Street (Block 394, Lot 59), Manhattan, as an Urban Development Action Area;

   b) an Urban Development Action Area project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development.

The intent is to facilitate the rehabilitation of a vacant five-story building to provide 10 units of affordable housing through the Partnership New Homes Program.

The Committee recommends the approval of the designation and project, make the findings required by Article 16 of the General Municipal Law and approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1280

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 000063 HAM, approving the designation of 619 East 11th Street (Block 394, Lot 59), as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development (L.U. No. 637; C 000063 HAM).

By Council Members Eisland and Linares:

Whereas, the City Planning Commission filed with the Council on February 9, 2000 its decision dated February 2, 2000 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 619 East 11th Street (Block 394, Lot 59), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197c of the New York City Charter for the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development (the "Disposition") (ULURP No. C 000063 HAM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, by a submission dated February 9, 2000, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on March 22, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

The Council finds that the actions described herein will have no significant effect on the environment;

Pursuant to Section 197d, the Council approves the decision of the City Planning Commission (C 000063 HAM).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer to be selected by the Department of Housing Preservation and Development.

The Committee recommends the Committee approval of the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1281

Resolution approving an Urban Development Action Area Project located at 641 East 169th Street (Block 2933/Lot 63), 643 East 169th Street (Block 2933/Lot 62), 635 Jefferson Place (Block 2935/Lot 28), 1326 Fulton Avenue (Block 2931/Lot 13), and 1639 Fulton Avenue (Block 2929/Lot 78), The Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 646; 20005181 HAX).

By Council Members Eisland and Linares:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 641 East 169th Street (Block 2933/Lot 63), 643 East 169th Street (Block 2933/Lot 62), 635 Jefferson Place (Block 2935/Lot 28), 1326 Fulton Avenue (Block 2931/Lot 13), and 1639 Fulton Avenue (Block 2929/Lot 78), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 22, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on March 22, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on November 22, 1999 (CEQR No. 00DCP031Q);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section Nos. 11a and 11c, changing from an R3-2 District to an R3-1 District property bounded by the southeasterly boundary line of the Long Island Rail Road (Northside Division) right of way, Little Neck Parkway, 39th Road, Westmoreland Street, a line 210 feet northeasterly of the straight portion of Little Neck Parkway, 41st Drive, Little Neck Parkway, a line 150 feet northwesterly of Northern Boulevard, a corporate boundary line of New York City, Berkeley Avenue, Glenwood Street, West End Drive, a line 100 feet southwesterly of Glenwood Street, a line 100 feet southeasterly of West End Drive, Little Neck Parkway, the southwesterly prolongation of West End Drive, a line 100 feet southerly of Little Neck Parkway, a line 150 feet southeasterly of Northern Boulevard, Browvale Lane, a line 100 feet southeasterly of Northern Boulevard, 251st Street, a line 150 feet southeasterly of Northern Boulevard, Marathon Parkway, the westerly prolongation of Gaskell Road, Zion Street, Northern Boulevard, 244th Street, a line 150 feet northerly of Northern Boulevard, a westerly and northerly boundary line of a park, 246th Street and its southerly prolongation, the southwesterly prolongation of 41st Avenue, and 243rd Street, as shown on a diagram (for illustrative purposes only) dated November 22, 1999.

L.U. No. 697

Report of the Committee on Land Use in favor of approving an application No. 20005274 HAM, an Urban Development Action Area Project, located at 3281 and 3283 Broadway, Council District No. 7, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on March 20, 2000 (Minutes page 602) the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 646 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1284

Resolution approving an Urban Development Action Area Project located at 3281 Broadway (Block 1999/Lot 29) and 3283 Broadway (Block 1999/Lot 30), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 697; 20005274 HAM).

By Council Members Eisland and Linares:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated February 9, 2000 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 3281 Broadway (Block 1999/Lot 29) and 3283 Broadway (Block 1999/Lot 30), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 22, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 510

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Anthony Baez Place, Borough of The Bronx.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on February 10, 1999 (Minutes page 238) the annexed local law respectfully

REPORTS:

Anthony Baez was born at Morrisania Hospital in The Bronx, New York on September 20, 1965. He was the son of Iris and Ramon Baez. Anthony was the third child of his Puerto Rican American parents to be born in New York. He was the fourth child of six children in the birth order. English and Spanish were both spoken freely in the household.

Anthony grew up in the Fulton and Claremont Avenue area of The Bronx. He attended nearby P.S. 110, while living with his parents, brothers and sisters. While Anthony was in third grade, he and his family moved to Cameron Place in the University Heights area. His parents lived at the family home on Cameron Place in The Bronx most of his life. Anthony was always very proud of his Puerto Rican heritage, and the sacrifices his parents made to afford their own home.

He was a well-known and popular student. He was looked to by his classmates to resolve disputes among them. He had many friends, and was known to be somewhat of a common sense advisor for them and doing what he could to encourage them to avoid conflict and violence. His fellow students jocularly referred to him as the "The Peace Maker." He was also very popular with his teachers because of his enthusiasm and ability to make everyone cool down and see the comedic side of their actions.

When he and his family relocated to the University Heights area, he attended P.S. 79, and then went on to Intermediate School 137. He graduated from both schools, and then attended DeWitt Clinton High School. Anthony was a student-athlete who played football and wrestled for the varsity teams, while succeeding in his academic studies. He graduated DeWitt Clinton High School in 1988.

Anthony was proud of his work ethic. He was always hard working. As a youngster, he could be counted on to help his family make ends meet. As a child, he ran errands. As a young man, he worked at a local gas station/garage and with local moving companies that needed a strong pair of hands.

Throughout high school he worked with the Christian Herald Ministries as a counselor in their Mont. Lawn Summer Camp in Pocono, PA. This summer camp is designed to promote Christian ideals and good citizenship. He thoroughly enjoyed teaching drama and canoeing. During the school term, he also worked at the Ministries' City Center where he helped the impoverished. He and his future wife, Maribel Ramos, met while working together at the summer camp.

After graduating Clinton High School, he attended Bronx Community College for two years. He majored in physical education. While attending Bronx Community College, he worked part time as a forklift operator at the Santini Brothers Moving Company in New Jersey.

Anthony relocated to Orlando, Florida in 1990. Shortly thereafter, he resumed his studies, on a part time basis, at Valencia Community College. There, he majored in the field of radiology. While attending Valencia Community College, he worked part time for the Consolidated Freight Company, one of the largest freight hauling companies in the world. By 1994, Anthony had earned all of the certificates required to become a full time Drier/Dockman. While working at Consolidated Freight, he took another part time job as a hotel security guard. He continued his studies at Valencia Community College until his death in 1994.

On June 6, 1992, Anthony Baez married his one true love, Maribel Ramos. She was born and raised in the Fort Tyron section of upper Manhattan. Maribel graduated from JFK High School and then earned a B.S. in Special Education. She taught elementary school at the Manhattan Christian Academy. She moved to Orlando upon her marriage to Anthony and continued teaching elementary school at the Orange Christian School. She was employed there at the time of Anthony's death.

Anthony Baez died at the hands of Police Officer Francis Livotti on December 22, 1994. His only crime was to allow a football to accidentally hit a parked police patrol car while he was playing touch football with his brothers in front of the family home. He had been in The Bronx to visit his brothers and sisters for the Christmas holidays and had already packed his car for the return trip to Florida the next morning.

Bronx Community Board No. 5 is in support of this proposed local law.

Int. No. 613

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a corner name, Julio Rivera Corner, Borough of Queens.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on July 21, 1999 (Minutes page 2046) the annexed local law respectfully

REPORTS:

Julio Rivera's sister-in-law, Peg Rivera, provided the following biographical material:

Julio Rivera was born on May 8, 1961 to Ana Figueroa Rivera and Rafael Rivera. He was raised in The Bronx and attended Public School 29, Junior High School 82 and DeWitt Clinton High School, and from a young age, exhibited artistic ability and developed talents for interior decorating and clothing design.

He was especially close to his mother, Ana, and following her death in 1980, Julio moved to Manhattan and moonlighted as a bartender while launching a modeling career. During his residence in Manhattan, Julio became aware of the high incidence of violence against members of the lesbian and gay community. In search of a more stable existence, Julio moved to Jackson Heights, Queens in the mid-1980's.

Julio was especially fond of the culturally diverse Jackson Heights neighborhood where he lived. He befriended many people and worked as a bartender in several local establishments. Julio enjoyed increasing popularity in the sociable Queens neighborhood. It was, in fact, this popularity which triggered the public outrage over the brutal gay-bash murder of Julio Rivera on July 2, 1990, in the P.S. 69 schoolyard in Jackson Heights. Community residents, Alan Sack and Tommy Grimaldi, joined forces with the New York City Gay and Lesbian Anti-Violence Project to launch a vigorous campaign seeking information that would lead to the arrest and indictment of those responsible for Julio's death. The activism of the gay and lesbian community directly led to the apprehension and conviction of Daniel Doyle, Eric Brown and Esat Bici in 1991, for Julio's murder. On appeal, the Supreme Court overturned the convictions of Brown and Bici.

Julio Rivera is remembered by those who knew him as a kind, generous man with style, grace and a keen sense of humor whose presence brightened any room. He is survived by his brothers Ted, Ralph and Juan Rivera and his sisters Josephine Lopez and Rita Barakos. It is fitting that we commemorate the life of this popular and talented young New Yorker by naming the southwest comer of 78th Street and 37th Avenue "Julio Rivera Corner." His enthusiasm for life was contagious and uplifting for the many that knew and loved him.

This local law will take effect immediately.

Int. No. 617

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Rev. Dr. William A. Tieck Way, Borough of The Bronx.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on August 11, 1999 (Minutes page 2105) the annexed local law respectfully

REPORTS:

Reverend Dr. William A. Tieck was born in Denver, Colorado on June 5, 1909. He attended schools in Denver and later in Southern California when his family moved there. Mr. Tieck graduated from the University of Redlands in Redlands, California and then moved to the East Coast to study for the ministry. He attended Drew Theological Seminary in Madison, New Jersey and later enrolled at the Union Theological Seminary in Manhattan, where he received his Master's Degree in Theology in 1947. Mr. Tieck then attended Columbia University earning his doctorate in Theology in 1953.

While still attending school in 1946, Reverend Tieck became pastor of St. Stephen's United Methodist Church in the Kingsbridge area of The Bronx. He immediately became deeply involved in the affairs of this community which includes Kingsbridge, Spuyten Duyvil, Riverdale, Marble Hill, Kingsbridge Heights and Van Cortlandt. Reverend Tieck remained as pastor of St. Stephen's for 31 years until he reached the mandatory retirement age of 70 in 1977. His enforced retirement only served to increase his community activities.

Because of his community involvement, Reverend Tieck became aware of problems facing the Edgehill Church in Spuyten Duyvil. Due to dwindling attendance, discussions were under way to possibly convert the church to a Community Center. Reverend Tieck intervened and, after becoming pastor, saved the church and secured its continued operation as a house of worship. He remained pastor at the church until his death in 1997 at the age of 89.

Soon after his arrival in The Bronx in 1946, Reverend Tieck became interested in the local history of his newly adopted home. He spearheaded a 50th anniversary celebration of St. Stephen's in 1947. In researching the background for the event he assembled enough historical material to write his first book, "God's House and The Old Kingsbridge Road." His interest in local history continued for the rest of his life as he published several books on the subject. In 1968 he published "Riverdale, Kingsbridge, Spuyten Duyvil: New York City" an area history which was based mainly on his 20 years of interviews with elderly residents. Reverend Tieck later served as the Official Historian of Bronx County from 1980 to 1996.

Among his many activities, Reverend Tieck served as president of the Riverdale Community Council, the local planning board, the Riverdale Mental Health Association and a local chapter of the United Nations Association. He was also president and founder of the Kingsbridge Historical Association, was a co-founder of the Marble Hill Community Council and the local chapter of the Kiwanis Club, and an active leader of the Northwest Bronx Community and Clergy Coalition.

Reverend Dr. William A. Tieck died, without survivors, on January 13, 1997 at the age of 89. In recognition of his more than 50 years of service to the Borough of The Bronx and the City of New York, it is fitting that Marble Hill Avenue, between West 228th Street, where St. Stephen's is located, and the North Side of West 2301h Street, be called "Rev. Dr. William A. Tieck Way."

This local law will take effect immediately.

Int. No. 731

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Monsignor Frank Bulovas Avenue, Borough of Queens.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on March 20, 2000 (Minutes page 579) the annexed local law respectfully

REPORTS:

The following biographical material was provided by Father James T. Rooney of the Roman Catholic Church of the Transfiguration in Maspeth, New York:

Reverend Monsignor Frank Bulovas was born of Lithuanian parentage, in the small hamlet of West Pullman, located on the outskirts Chicago, Illinois, on April 21, 1916. When he and his sister Viola reached school age their parents migrated to New York and settled in Brooklyn. There young Frank attended Cathedral High School. After graduating he enrolled at Marianapolis College in Thompson, Connecticut, where he earned a Bachelor of Arts Degree in 1939. Monsignor Frank then attended Marian Hills Seminary in Clarendon Hills, Illinois and was ordained as a priest on August 8, 1943. He was elevated to the rank of Monsignor on July 3, 1982.

After his ordination, Monsignor Bulovas served as an Assistant Pastor at Our Lady of Miracles in Brooklyn and later, at St. John the Evangelist Parish also in Brooklyn. After those assignments he became Assistant Pastor at the Roman Catholic Church of the Transfiguration in Maspeth. He remained at this church for 41 years, the last 19 as Pastor, until his death.

During the 41 years that Monsignor Bulovas spent in Maspeth he was actively involved in community affairs. He participated in the annual Memorial Day Parades and many other recurring events. He served as Chaplain for the Transfiguration Post No. 869, the Catholic War Veterans, and the Ladies Auxiliary. He was the Catholic Chaplain for the United Veterans and Fraternal Organizations of Maspeth; the Spiritual Director for the Knights of Lithuania Council No. 110 and for the Great Neck Knights of Lithuania Council No. 109; and, the Spiritual Moderator for the Mid- Atlantic District of Knights of Lithuania.

Monsignor Frank Bulovas died on March 19, 1999 at the age of 82. He was survived by a sister, Viola Baluinas of Seminola, Florida; and, two nieces, Geraldine Fargnoli and Mary Razickas, both of Kings Park, New York. In recognition of his 41 years of community service, to the people of Maspeth and the City of New York, it is fitting that Perry Avenue, between 64th Street and Remsen Place be named "Monsignor Frank Bulovas Avenue" in his honor.

This local law will take effect immediately.

Res. No. 802

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving a resolution calling upon the Council of the City of New York to support (1) the conclusion of the United States Congress that Tibet, including those areas incorporated into the Chinese Provinces of Sichuan, Young, Gansu and Qinghai, is an occupied country under the established principles of international law and whose true representatives are the Dalai Lama and Tibetan Government-in-exile as recognized by the Tibetan people; (2) the recommendations of the International Commission of Jurists for China to enter into negotiations for a solution to the question of Tibet based on the will of the Tibetan people; and (3) the right of the Tibetan people to control economic development in Tibet and calls upon individuals and companies doing business in Tibet to follow the development guidelines of the Tibetan Government-in-exile.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on May 26, 1999 (Minutes page 1287) the annexed resolution respectfully

REPORTS:

Through the 7th century, Tibet was a flourishing independent kingdom but, in the several centuries that followed, Tibet was dominated by several colonial rulers. Parts of Tibet were conquered by Genghis Khan (1167-1227) the Mongol emperor. Later, the Chinese Qing (Ch'ing) dynasty came to hold Tibet as a protectorate. During the early 20th century, the British sent Col. Francis Younghusband and a military expedition to establish trading posts in Tibet. With a series of treaties in 1906 and 1907 between China and Great Britain, Britain recognized Chinese sovereignty over Tibet. With the downfall of the Qing dynasty in 1911, Tibet declared its independence. It continued as an independent nation until, in the period of 1949-1950, the People's Republic of China invaded Tibet. In 1951, a defeated Tibet was compelled to sign a treaty making it part of China. In 1959, resentment of Chinese domination of Tibet erupted into an uprising which was violently crushed by Chinese military forces. The Dalai Lama and about 100,000 of his followers escaped to India. In 1965, China officially designated Tibet as an autonomous region of China. Since 1980, Tibet has been governed by a "people's government" whose leader also heads the Tibetan Communist Party.

Since the 1959 failed Tibetan uprising, China has, according to the International Commission of Jurists, committed "'acts of genocide" against the people of Tibet. Particularly during the Chinese Cultural Revolution (1966-1969), the Chinese tried to forcibly assimilate the Tibetans. China banned religious worship, declared the Chinese language to be the official language of Tibet and almost all monasteries and religious monuments were destroyed.

In 1980, the Chinese government tacitly admitted that its policies in Tibet had caused economic hardships and had failed to eradicate the Tibet identity. Holy sites were reopened and Tibetan language and cultural were no longer rigidly suppressed; but Chinese settlement activities in Tibet continued. Tibetan protests against Chinese rule led to the imposition of martial law in Lhasa, the capital of Tibet, from March 1989 to April 1992. Protests resumed in 1993 and, in 1995, the Chinese government selected its own Panchen Lama, the second highest spiritual leader of Tibet, a rival to the prior choice of the Dalai Lama. Political suppression subsequently increased and, by 1997, the Chinese constituted some 12 to 14% of the total population of Tibet.

The United States Congress has found that "Tibet, including those areas incorporated into the Chinese provinces of Sichuan, Yunnan, Gansu and Qinghai, is an occupied country under the established principles of international law and whose true representatives are the Dalai Lama and Tibetan Government-in-exile as recognized by the Tibetan people."

The United Nations General Assembly passed Resolutions 1353 (XIV), 1723 (XVI) and 2079 (XX) calling for the cessation of practices which deprive the Tibetan people of their fundamental human rights and freedoms, including their right to self-determination.

In December of 1997, the International Commission of Jurists reported that "repression in Tibet has increased steadily since the 1994 Third International Forum on Work in Tibet" and concluded that "Tibetans are a people under alien subjugation entitled under international law to the right to self-determination."

The Tibetan Government-in-exile advocates economic development in Tibet but has recommended the following development guidelines for individuals and companies doing business in Tibet:

(1) that development should be small-scale, decentralized initiatives in which Tibetans have control;

(2) that development initiatives should be preceded by social, cultural and environmental impact assessments;

(3) that any development which intensifies and promotes the transfer of Chinese to Tibet or which leads to the destruction of Tibet's fragile environment should be opposed;

(4) that development projects should involve systematic and meaningful participation of the Tibetan people in all phases including training, employment, design, implementation, monitoring and evaluation; and

(5) that development projects should respect Tibetan cultural and social structures and the aspirations of the Tibetan people.

Resolution No. 802 states that His Holiness the Dalai Lama, recipient of the 1989 Nobel Peace Prize, has repeatedly tried to conduct negotiations with China concerning the status of Tibet, without preconditions, but that China has refused to enter into such negotiations. The Resolution further indicates that the Tibetan freedom movement is based on Buddhist non-violence principals, even in the face of "brutal Chinese repression" and that the Tibetan people have called upon the world community to actively support their struggle for human rights, economic justice and self-determination. In recognition of this call to the world community, this Resolution concludes with three resolved clauses as follows:

(1) that the Council of the City of New York supports the conclusions of the United States Congress that Tibet, including those areas incorporated into the Chinese

provinces of Sichuan, Yunnan, Gansu and Qinghai, is an occupied country under the established principles of international law and whose true representatives are the Dalai Lama and Tibetan Government- in-exile as represented by the Tibetan people; and

(2) that the Council of the City of New York supports the recommendations of the International Commission of Jurists for China to enter into negotiations for a solution to the question of Tibet based on the will of the Tibetan people; and

(3) that the Council of the City of New York supports the right of the Tibetan people to control economic development in Tibet and calls upon individuals and companies doing business in Tibet to follow the development guidelines of the Tibetan Government-in-exile.

In the title of the Resolution, the reference to the Chinese province of Young should read *Yunnan*.

Line one of the third Resolved clause of the Resolution should read "that the Council of the City of New York supports the right of the Tibetan . . ."

Accordingly, Your Committee recommends its adoption.

Report of the Committee on Transportation

Res. No. 1233

Report of the Committee on Transportation in favor of approving a resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review eight determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

The Committee on Transportation to which it was referred on March 20, 2000 (Minutes, page 567) the annexed resolution respectfully

REPORTS:

Pursuant to Local Law 51 of 1996 the Council has the authority to review determinations by the Taxi and Limousine Commission (TLC) to approve applications for base station licenses, including renewals of such licenses. The Council may, within ninety days after the first Stated Meeting following receipt of such a determination, "call up" a determination for review by passing a resolution and either approve or disapprove that determination by passing a local law. This resolution, a copy of which is annexed hereto, permits the Council to review eight determinations of the Taxi and Limousine Commission to approve license renewals for base stations. These determinations were received by the Council as Communications by the Mayor numbers M-779 through M-786 at the Stated Meeting of February 8, 2000.

Accordingly, Your Committee recommends its adoption.

Introduction and Reading of Bills

Res. No. 1264

Resolution praising Pope John Paul II for his lifelong pursuit of peace among all peoples and commending him on his recent landmark visit to Israel.

By The Speaker (Council Member Vallone), Council Members Berman, Malave-Dilan, Espada, Freed, Henry, Perkins, Reed, Golden, Ognibene and Stabile; also Council Members DiBrienza, Foster, Koslowitz, Lasher, McCaffrey, Michels, O'Donovan, Pinkett, Povman, Provenzano, Robinson, Robles, Spigner, White, Wooten and Fiala

Whereas, Since entering the Vatican in the fall of 1978, Pope John Paul II inherited a role that commands a great deal of influence, not only over the world's Catholic population but over the many peoples of the world; and

Whereas, Having begun his duties in the papal office as the first non-Italian pope in 456 years and the first Polish pope in Roman Catholic history, Pope John Paul II commenced his reign as part of a new era in the Roman Catholic Church and the vast achievements he has amassed throughout his papacy is testament to his exceptional and singular leadership; and

Whereas, Pope John Paul II has long been a vocal promoter of peace among all nations and all peoples and he has devoted much of his papacy to bringing leaders, nations and peoples together to pray, to talk and to listen to one another; and

Whereas, An active pontiff since he first took office, Pope John Paul II has extensively traveled to all the corners of the world and the many nations in between, spreading a message of peace, teaching tolerance and championing human rights; and

Whereas, In Pope John Paul II's historic visit to Israel at the nexus of the new millennium, he was the ambassador of not only the Roman Catholic Church but of peace and good will; and

Whereas, In a culmination of his laudable policy of religious tolerance, historical responsibility and honesty, this year in Israel, Pope John Paul II helped to heal the wounds and patch the divides that have existed between Catholics and Jews; and

Whereas, Speaking on behalf of the Church and all Catholics at Yad Vashem, the main Holocaust memorial in Jerusalem, Pope John Paul II expressed deep sadness for "the millions of Jewish people who, stripped of everything, especially their human dignity, were murdered in the Holocaust;" and

Whereas, The Pope met with Holocaust survivors and condemned "the hatred acts of persecution and displays of anti-Semitism directed against the Jews by Christians at any time and in any place;" and

Whereas, Pope John Paul II's message of reconciliation, tolerance, and peaceful coexistence throughout the regions of the world was amplified several times throughout his recent visit to the Holy Land, and was celebrated by Christians, Muslims and Jews alike; and

Whereas, The words of Pope John Paul II and the symbolism of his many appearances at Christian, Jewish and Muslim sites throughout the Holy Land have already spoken volumes of what we can accomplish if we persist in our struggle for world peace, religious, ethnic and racial tolerance and the preservation of humanity and good will; now, therefore, be it

Resolved, That the Council of the City of New York praises Pope John Paul II for his lifelong pursuit of peace among all peoples and commends him on his recent landmark visit to Israel.

Adopted.

State Leg. Res. No. 219

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Markowitz, S.6995, and Assembly Member Jacobs, A.10063, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Yeshiva Rabbi Meyer Simcha HaCohn of East Flatbush synagogue, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 4679, Lot No. 57 on tax map for the borough of Brooklyn".

By Council Member Boyland

Whereas, bills have been introduced in the New York State Legislature by Senator Markowitz, S.6995, and Assembly Member Jacobs, A.10063, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Yeshiva Rabbi Meyer Simcha HaCohn of East Flatbush synagogue, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 4679, Lot No. 57 on tax map for the borough of Brooklyn"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1265

Resolution calling upon the New York City Police Department to continue to closely scrutinize the applications of those individuals who already have permission to carry a large number of weapons.

By Council Members Espada, Boyland, Freed, Marshall, Perkins, Rodriguez and Warden; also Council Members Foster, Lasher, Leffler, Linares, Michels, Provenzano and White

Whereas, Gun violence is a serious concern in all American cities, including New York City; and

Whereas, According to the Fiscal 1999 Mayor's Management Report, there were 2,118 reported shooting victims in Fiscal 1998 and 2,009 reported shooting victims in Fiscal 1999; and

Whereas, According to data compiled by the Department of Health, there were 486 deaths by firearms in 1997, 483 of which were deemed homicides; and

Whereas, Gun violence has exacted a heavy human toll in this City; and

Whereas, Under New York State Law, the Police Commissioner is designated as the handgun licensing officer for New York City, and he must approve applications to carry or possess a handgun; and

Whereas, Pursuant to Section 5-25 of Title 38 of the Rules of the City of New York, the New York City Police Department ("NYPD") has issued regulations regarding the purchase of handguns; and

Whereas, This same section leaves to the discretion of the Licensing Division of the NYPD the number of handguns that may be possessed for a particular license; and

Whereas, Pursuant to the Administrative Code of the City of New York, the Police Commissioner is designated as the licensing authority who approves applications for the possession of rifles and shotguns; and

Whereas, Pursuant to Chapter 3 of Title 38 of the Rules of the City of New York, the Police Commissioner, in his discretion, may issue a license to carry a rifle or shotgun; and

Whereas, In light of recent shooting incidents, in which perpetrators have been found with large numbers of weapons, it is clear that possession of large numbers of weapons, even those duly registered, generally serves no useful function; and

Whereas, It is important to the safety of the citizens of this City that the NYPD carefully scrutinize applications to carry additional weapons; now, therefore, be it

Resolved, That the New York City Council calls upon the New York City Police Department to continue to closely scrutinize the applications of those individuals who already have permission to carry a large number of weapons.

Referred to the Committee on Public Safety.

Res. No. 1266

Resolution stating that the Council of the City of New York commends the action by the United Health Group that gives doctors the final say as to the manner in which they may treat their patients.

By Council Members Espada, Freed, Lopez, Marshall, Reed, Warden, Fiala and Oddo; also Council Members Foster, Harrison, Leffler, Linares, Michels, O'Donovan and Wooten

Whereas, According to the American Association of Health Plans, in 1996, over 67.5 million Americans were projected to be enrolled in Health Maintenance Organizations (HMO's); and

Whereas, According to a November 14, 1999 *Newsday* article, 2.1 million New York City residents are covered by managed care, more than any other type of health insurance; and

Whereas, Most HMO's have instituted internal procedures, whereby a panel of administrators reserved the right to overrule a physicians' determination that a patient needs a specific treatment or that the patient needs to be admitted to a hospital; and

Whereas, United Health Group ("UHG") is the second largest health insurer in the nation, with a presence in all 50 states and a customer base of over 14.5 million patients; and

Whereas, The UHG states that it has 409,315 customers in New York City; and

Whereas, According to an article in the November 9, 1999, *New York Times* (the "*Times* article"), the UHG announced that it was returning decision-making power regarding patient care to physicians; and;

Whereas, A November 9, 1999 statement issued by the UHG declared that it was expanding its Care Coordination initiative which "obsoletes certain programs associated with traditional medical management, such as pre-authorization for inpatient hospital procedures, and enhances clinical decision-making between the patient and physician"; and

Whereas, According to the *Times* article, physicians and consumer advocates hailed United Health Group's considering, HMO's in the western United States have for many years abandoned the practice of micro-managing doctors decisions; *now, therefore, be it*

Resolved, That the Council of the City of New York commends the action by the United Health Group that gives doctors the final say as to the manner in which they may treat their patients.

Referred to the Committee on Health.

Res. No. 1267

Resolution calling upon the New York City Police Department to discipline police officers who do not provide information regarding complaints by civilians against police officers to the Civilian Complaint Review Board or the Internal Affairs Bureau of the New York City Police Department or do not provide civilians with information on how to contact the Internal Affairs Bureau of the New York City Police Department or the Civilian Complaint Review Board.

By Council Members Espada, Lopez, Freed, Marshall, Perkins, Quinn, Reed and Warden; also Council Members Leffler, Linares, Robles and White

Whereas, The Internal Affairs Bureau of the New York City Police Department ("IAB") and Civilian Complaint Review Board ("CCRB") are two organizations designed to receive and investigate complaints by members of the public against members of the New York City Police Department ("NYPD"); and

Whereas, Members of the public may make a complaint regarding alleged police misconduct to any local precinct; and

Whereas, The New York City Police Department ("NYPD"), in Patrol Guide Section 118-07, has established guidelines that must be followed by police officers when they receive a complaint regarding police misconduct; and

Whereas, This Patrol Guide section mandates that all misconduct complaints, including "unnecessary use of force, abuse of authority, discourtesy [or] ethnic slurs", must be reported to the CCRB Intake Unit by the officer who receives the complaint; and

Whereas, In a February, 2000 Interim Report issued by the Equalizer Foundation and Latino Action Center entitled "Report on Telephone Responses Towards Latinos: New York City Police Department's C.P.R. Policy Put To The Test", which documented a series of recorded telephone conversations between police personnel at various precincts throughout the City and a Latino caller who spoke little English, it was documented that on numerous occasions police officers did not follow the Patrol Guide's procedures when answering calls about alleged police misconduct; and

Whereas, In light of the serious nature of a complaint against a member of the NYPD, it is very important for officers who receive such complaints to follow the procedures established by the Patrol Guide in order to ensure that civilian complainants are treated with civility and provided with the accurate information they need; and

Whereas, The NYPD should therefore make discipline of officers who do not properly follow such procedures a top priority; *now, therefore, be it*

Resolved, That the New York City Council calls upon the New York City Police Department to discipline police officers who do not provide information regarding complaints by civilians against police officers to the Civilian Complaint Review Board or the Internal Affairs Bureau of the New York City Police Department or do not provide civilians with information on how to contact the Internal Affairs Bureau of the New York City Police Department or the Civilian Complaint Review Board.

Referred to the Committee on Public Safety.

Res. No. 1268

Resolution calling upon the New York City Police Department, the New York City Fire Department and Emergency Medical Services to provide a salary differential to those members who have knowledge of a language other than English and who use their language skills in their employment duties.

By Council Members Espada, Lopez, Freed, Perkins and Reed; also Council Members Linares, Robinson, Robles and Spigner

Whereas, New York City is an extraordinarily diverse City, with hundreds of languages spoken within its borders; and

Whereas, The City draws people from all parts of the globe as demonstrated by the increase in immigration to New York City over the past ten years; and

Whereas, Many of those individuals who speak languages other than English use the services of the New York City Police Department ("NYPD"), the New York City Fire Department ("NYFD") and Emergency Medical Services ("EMS"); and

Whereas, In those situations where a member of the NYPD, NYFD or EMS has knowledge of another language and uses that knowledge and skill in the course of his employment, such assistance is vitally important and, in some instances, may be life-saving; and

Whereas, In recognition of the use of these important language skills by their members, the NYPD, NYFD and EMS should do all that is possible in collective bargaining negotiations to provide a salary differential to those members who use their language skills; *now, therefore, be it*

Resolved, That the New York City Police Department, the New York City Fire Department and Emergency Medical Services provide a salary differential to those members who have knowledge of a language other than English and who use their language skills in their employment duties.

Res. No. 1269

Resolution calling upon the appropriate committee of the New York City Council to hold hearings on a report issued by the Latino Action Center and the Equalizer Foundation, which found that on numerous occasions police officers at local precincts verbally abused Spanish speaking callers.

By Council Members Espada, Lopez, Freed, Marshall, Perkins, Quinn and Reed; also Council Members Foster, Linares, Michels, Robinson and White

Whereas, Many Spanish speakers reside in New York City and require the assistance of New York City Police Department ("NYPD") personnel; and

Whereas, Patrol Guide Section 117-23, recognizing this need, states that when the need for an interpreter arises, the member of the NYPD must advise an "immediate supervisor of the need for an interpreter" and that if "no volunteer member is available within the precinct, an on-duty volunteer who is available within the borough is sought"; and

Whereas, The Equalizer Foundation and Latino Action Center issued an interim report in February 2000 entitled "Report on Telephone Responses Towards Latinos: New York City Police Department's C.P.R. Policy Put to the Test", which documented a series of recorded telephone conversations between police personnel at various precincts throughout the City and a Latino caller who spoke little English; and

Whereas, The Report points out that on many occasions police officers did not follow the protocol established in Patrol Guide Section 117-23 regarding interpreter services; and

Whereas, In some instances documented by the Report, Spanish speakers were ridiculed and belittled; and

Whereas, Such actions are inappropriate and unbecoming of a police officer; and

Whereas, The Report makes a number of recommendations, which includes a thorough review of Departmental policies, procedures and training in the area of dealing with the Spanish speaking community, retraining officers regarding the CCRB, and strict accountability of supervisors to ensure that subordinates comply with Department policies with respect to CCRB and IAB; and

Whereas, These issues are of serious concern to all New Yorkers; *now, therefore, be it*

Resolved, That the appropriate committee of the New York City Council hold hearings on a report issued by the Latino Action Center and the Equalizer Foundation, which found that on numerous occasions police officers at local precincts verbally abused Spanish speaking callers.

Res. No. 1270

A resolution calling upon the New York City Police Department to install video cameras in all patrol cars.

By Council Members Espada, Boyland, Freed, Henry, Lopez, Quinn, Reed and Oddo; also Council Members Robinson, Robles and Rodriguez

Whereas, There are numerous interactions each day between members of the New York City Police Department ("NYPD") and members of the public; and

Whereas, Sometimes these encounters are the subject of confusion and misinterpretation; and

Whereas, The NYPD recently announced that it is installing video cameras in highway patrol cars to assist the NYPD in its drunk driving and reckless driving initiatives; and

Whereas, Other jurisdictions throughout the nation, including Nassau and Suffolk counties, already use cameras for DWI enforcement; and

Whereas, These cameras will assist the NYPD by documenting the car's performance on the road and a driver's interaction with the police; and

Whereas, These cameras can also be an important tool in preventing and investigating allegations of police misconduct; and

Whereas, The use of these cameras will also assist in protecting the police from false allegations of misconduct or brutality; and

Whereas, In light of the benefits of such cameras, the use of these cameras should be increased because they protect both the public and police officers and can be used as evidence of criminal conduct; *now, therefore, be it*

Resolved, That the New York City Council calls upon the New York City Police Department to install video cameras in all patrol cars.

Res. No. 1271

Resolution calling upon the Civilian Complaint Review Board to provide non-English speaking complainants with a complaint form in their native language in order to facilitate the complaint process.

By Council Members Espada, Lopez, Freed, Henry, Perkins, Quinn, Reed, Warden and Watkins; also Council Members Foster, Michels, Robinson, Robles and White

Whereas, The Civilian Complaint Review Board ("CCRB") was established to receive and investigate complaints by members of the public against members of the New York City Police Department ("NYPD") that allege misconduct regarding excessive use of force, abuse of authority, discourtesy or use of offensive language; and

Whereas, The CCRB provides a forum, separate and apart from the NYPD, where members of the public can seek redress for misconduct involving police officers; and

Whereas, New York City is an extraordinarily diverse City, with hundreds of languages spoken within its borders; and

Whereas, In order for the CCRB to effectively fulfill its mandate of receiving and investigating allegations of police misconduct, it is important for the CCRB to facilitate the complaint process as much as possible both for English speaking complainants and non-English speaking complainants; and

Whereas, One method by which the CCRB process can be facilitated for non-English speaking complainants is to provide these individuals with a complaint form in their native language; and

Whereas, Providing such a complaint form would make non-English speaking complainants feel more comfortable with the CCRB review and investigation process and will further demonstrate the CCRB's commitment to seriously investigating complaints against police officers, regardless of the native language of the complainant; *now, therefore, be it*

Resolved, That the New York City Council calls upon the Civilian Complaint Review Board to provide non-English speaking complainants with a complaint form in their native language in order to facilitate the complaint process.

Res. No. 1272

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing in relation to delays to award city contracts to organizations that provide aid to children suffering from asthma and other respiratory ailments.

By Council Members Freed, Boyland, Carrion, Clarke, Espada, Henry, Lopez, Marshall, Perkins, Quinn, Reed, Rodriguez, Warden and Stabile; also Council Members Foster, Leffler, Michels, Povman, Robinson, Watkins and White

Whereas, According to recent reports, City contracts awards are being delayed that would help children suffering from asthma and other respiratory ailments; and

Whereas, Despite the City's intent to launch a three-year childhood asthma initiative program, contracts with five organizations providing case management, network services and asthma education have not yet been approved by the Giuliani Administration; and

Whereas, These organizations would serve as community centers for asthma sufferers in all five boroughs; and

Whereas, These contracts are desperately needed to assist children suffering from asthma and other respiratory ailments, many, who live in economically disadvantaged communities throughout the City; and

Whereas, Continued delays in the City's contracting process to award and fund these organizations will only serve to create a far worse situation for children suffering from asthma and other respiratory ailments; *now, therefore, be it*

Resolved that the appropriate committee of the Council of the City of New York conduct an oversight hearing in relation to delays awards of City contracts to organizations that provide aid to children suffering from asthma and other respiratory ailments.

Res. No. 1273

A resolution urging local and federal prosecuting authorities to consider the benefits of prosecuting gun cases as federal crimes and adopting such programs as have been found effective in Richmond, Virginia and other cities.

By Council Members Harrison, Boyland, Freed, Nelson, Quinn, Reed, Warden and Fiala; also Council Members Eisland, Fisher, Foster, McCaffrey and Michels

Whereas, Gun violence is a serious concern in all American cities, including New York City; and

Whereas, According to the Fiscal 1999 Mayor's Management Report, there were 2,118 reported shooting victims in Fiscal 1998 and 2,009 reported shooting victims in Fiscal 1999; and

Whereas, According to data compiled by the Department of Health, there were 486 deaths by firearms in 1997, 483 of which were deemed homicides; and

Whereas, Gun violence has exacted a heavy human toll in this City and all programs to combat such gun violence should be considered; and

Whereas, The City of Richmond, Virginia, in 1997, instituted a program called Project Exile, in which an individual carrying a gun may be subject to federal prosecution under federal gun laws that carry greater prison sentences than comparable state laws; and

Whereas, As of August 1999, Project Exile led to 518 indictments, 358 convictions and the seizure of 611 guns, and the number of homicides in Richmond in 1998 dropped 33 percent from 1997 and the number of robberies fell 21 percent; and

Whereas, Part of the campaign to get guns off the streets in Richmond included advertising Project Exile on business cards, billboards and city buses, with the message that "An illegal gun gets you five years in federal prison"; and

Whereas, Project Exile has been successful and President Clinton praised the program in a weekly radio commentary, saying it has reduced gun crime and taken serious criminals off the street; and

Whereas, Other cities, such as Philadelphia, New Orleans and Oakland, California, have introduced their own versions of Project Exile; *now, therefore, be it*

Resolved, That the New York City Council urges local and federal prosecuting authorities to consider the benefits of prosecuting gun cases as federal crimes and adopting such programs as have been found effective in Richmond, Virginia and other cities.

Res. No. 1274

Resolution calling upon the appropriate committee of the New York City Council to hold hearings on the recent rash of homicides and assaults against livery cab drivers in New York City.

By Council Members Linares, Dear, Boyland, Clarke, Espada, Freed, Henry, Lopez, Marshall, Perkins, Quinn, Reed, Rodriguez, Warden and Stabile; also Council Members Eisland, Fisher, Foster, Harrison, McCaffrey, Michels, Robinson, Robles, Spigner and White

Whereas, In 1999, nine livery cab drivers were slain during the course of their employment and as of March 1, 2000, five livery cab drivers have been killed; and

Whereas, On February 24, 2000, Norberto Noguera, a father of five who moved to New York from Venezuela in 1980, was killed in the Bronx while driving his livery cab; and

Whereas, the number of robberies of livery cab drivers has remained steady at about 970 for 1997, 1998 and 1999; and

Whereas, The New York State Federation of Taxi Drivers is demanding that the New York City Police Department (NYPD) and Giuliani Administration pay more attention to this recent wave of violence; and

Whereas, Responding to this demand, the NYPD recently announced the formation of a special task force, in which detectives will work undercover as livery cab drivers; and

Whereas, Livery Cab drivers are hard working individuals who provide a vital service to the poor neighborhoods of this City; and

Whereas, Livery cab drivers, by the nature of their work, are easily subject to attack; and

Whereas, The NYPD needs to do whatever it can to prevent this wave of assaults and homicides from continuing to occur; now, therefore, be it

Resolved, That the appropriate committee of the New York City Council hold hearings on the recent rash of homicides and assaults against livery cab drivers in New York City.

State Leg. Res. No. 220

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Paterson, S.3473-A and Assembly Member Wright, A.4368-A, "AN ACT to authorize the United Pentecostal Church to file an application for a real property tax exemption".

By Council Member Michels

Whereas, bills have been introduced in the New York State Legislature by Senator Paterson, S.3473-A and Assembly Member Wright, A.4368-A, "AN ACT to authorize the United Pentecostal Church to file an application for a real property tax exemption"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1275

Resolution calling upon the New York City Office of Labor Relations to ensure that any insurance company that provides health coverage for prescription drugs to New York City employees covers the cost of contraceptive drugs and devices under the prescription of a health care provider.

By Council Members Miller, Eldridge, Espada, Freed, Koslowitz, Lopez, McCaffrey, Moskowitz, Perkins, Quinn, Reed, Rodriguez and Warden; also Council Members DiBrienza, Eisland, Foster, Harrison, Lasher, Leffler, Linares, Marshall, Michels, O'Donovan, Pinkett, Robinson and White

Whereas, Contraceptives are an essential part of basic health care for women and are fundamentally necessary to enable women to make healthy reproductive choices; and

Whereas, Medical experts agree that greater access to contraceptives would decrease the incidence of ovarian cysts, pregnancy complications, and newborn mortality and morbidity, and reduce the risk of ovarian and uterine cancer among women; and

Whereas, Women often incur higher expenses related to health care as compared to men as a result of reproductive health costs; and

Whereas, Offering coverage to all City employees for prescribed contraceptives would demonstrate New York City's commitment to accessible and affordable health care for all persons; and

Whereas, Negotiations are currently underway for the renewal of contracts with the various insurance companies that contract with the City of New York; *now, therefore, be it*

Resolved, That the City Council of New York calls upon the New York City Office of Labor Relations to ensure that any insurance company that provides health coverage for prescription drugs to New York City employees covers the cost of contraceptive drugs and devices under the prescription of a health care provider.

Referred to the Committee on Civil Service and Labor.

Res. No. 1276

Resolution calling upon the New York City Office of Labor Relations to ensure that any insurance company that provides health coverage for New York City employees covers the cost of infertility treatments.

By Council Members Miller, Eldridge, Boyland, Espada, Fisher, Freed, Koslowitz, Moskowitz, Nelson, Quinn, Reed, Rodriguez and Warden; also Council Members DiBrienza, Eisland, Lasher, Linares, Marshall, Michels, Pinkett and Robinson

Whereas, The problem of infertility has been estimated to affect approximately ten percent of the reproductive age population, according to the American Society for Reproductive Medicine; and

Whereas, It has been estimated by the American Society for Reproductive Medicine that almost half of those couples would be able to achieve pregnancy as a result of recent improvements in medication, microsurgery and in-vitro fertilization; and

Whereas, The Supreme Court has ruled that procreation is a major life activity and that, therefore, couples in need of fertility treatments are entitled to insurance coverage under the American with Disabilities Act; and

Whereas, Pending State legislation would mandate the extension of health insurance coverage for certain fertility treatments; and

Whereas, The increased yearly cost to each member of a standard health care benefit package for the extended coverage of in-vitro fertilization and similar treatments has been estimated to be approximately three dollars; *now therefore, be it*

Resolved, That the City Council of New York calls upon the New York City Office of Labor Relations to ensure that any insurance company that provides health coverage for New York City employees covers the cost of infertility treatments.

Referred to the Committee on Civil Service and Labor.

Res. No. 1277

Resolution calling upon the National Highway Traffic Safety Administration to approve rules requiring all new vehicles in the United States be equipped with a trunk release mechanism that would allow trunks to be opened from the inside.

By Council Members Nelson, Boyland, Malave-Dilan, Fisher, Freed, Henry, Lasher, Marshall, Miller, Reed, Warden, Watkins, Golden, Oddo and Stabile; also Council Members DiBrienza, Eisland, Foster, Harrison, Michels, O'Donovan, Pinkett, Provenzano, Robinson, Rodriguez and Spigner

Whereas, During the summer of 1998, 11 children age six and under died after climbing into the trunks of their family cars and were unable to escape; and

Whereas, The problem of accidental deaths due to entrapment in automobile trunks had gone unaddressed since at least 1984 when National Highway Traffic Safety Administration first denied a request to mandate release mechanisms inside automobile trunks; and

Whereas, In November 1998, the National Highway Traffic Safety Administration requested that an Expert Panel on Trunk Entrapment be formed; and

Whereas, In June 1999, the Expert Panel recommended that National Highway Traffic Safety Administration enact rules mandating interior trunk releases, establish a system of national data collection, and develop an education program that would warn children of the dangers of trunk entrapment without making climbing into trunks appear attractive; and

Whereas, General Motors, Daimler-Chrysler, Nissan North America, Subaru of America and Ford are offering, or plan to offer, kits to install in trunks which enable them to be opened from the inside; and

Whereas, On December 17, 1999, NHTA issued a "Notice of Proposed Rulemaking" Docket No. National Highway Traffic Safety Administration 99-5063 in the Federal Register volume 64 number 242, page 70672 to "require all new vehicles with trunks come equipped with a release latch inside the trunk compartment beginning January 1, 2001"; and

Whereas, The comment period for this rulemaking having expired; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the National Highway Traffic Safety Administration to approve rules requiring all new vehicles in the United States be equipped with a trunk release mechanism that would allow trunks to be opened from the inside.

State Leg. Res. No. 221

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Gentile, S.6844, and Assembly Member Vitaliano, A.9848, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Staten Island to former owner Shimon Wolkowicki, without public auction and notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3478, Lot No. 11 on tax map for the borough of Staten Island".

By Council Member Oddo:

Whereas, bills have been introduced in the New York State Legislature by Senator Gentile, S.6844, and Assembly Member Vitaliano, A.9848, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Staten Island to former owner Shimon Wolkowicki, without public auction and notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3478, Lot No. 11 on tax map for the borough of Staten Island"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1278

Resolution calling upon the United States Congress to Pass H.R. 2765, the AIDS Marshall Plan Fund for Africa Act.

By Council Members Reed, Carrion, Malave-Dilan, Freed, Lopez, Marshall, Perkins, Quinn and Warden; also Council Members DiBrienza, Foster, McCaffrey, Michels, Miller, Pinkett, Robinson and Spigner

Whereas, According to the United Nation's Children's Fund ("UNICEF") 1999 annual report (the "UNICEF report"), worldwide 14,000,000 individuals have died as a result of AIDS/HIV infection; and

Whereas, The UNICEF report found that 11,000,000 of these 14,000,000 AIDS/HIV deaths occurred in Africa; and

Whereas, A 1999 Bureau of the Census Report noted that AIDS/HIV has gravely impacted Sub-Saharan Africa, where as a consequence of the AIDS/HIV epidemic, the average life expectancy has decreased from approximately 65 years of age to approximately 40 years of age; and

Whereas, According to the findings contained in H.R. 2765, the "AIDS Marshall Plan Fund for Africa", AIDS/HIV has had a particularly devastating impact on the health status of young people in Sub-Saharan Africa, where 960,000 children are living with HIV/AIDS; and

Whereas, A 1997 United Nations AIDS study found that "between one-fifth to one-half of all pregnant women in the Republic of Zimbabwe are infected with HIV/AIDS and at least one-third of these pregnant women are likely to pass the infection on to their baby"; and

Whereas, The AIDS/HIV epidemic has also had a devastating economic impact on Africa; and

Whereas, The Southern Africa AIDS Information Dissemination Service estimates that during the next two decades, AIDS will eliminate 25 percent of the value of the Sub-Saharan economy; and

Whereas, H.R. 2765, introduced by Congressional Members Barbara Lee and Mark Foley, would if enacted, establish an AIDS Marshall Plan Fund for Africa Corporation (the "Africa Corporation"), which would function as an independent agency of the federal government; and

Whereas, Once established, the Africa Corporation's mission would include providing grants to African governments and non-governmental organizations for projects which will fund research, prevention and treatment of HIV/AIDS in Africa; and

Whereas, H.R. 2765 authorizes $200 million to be appropriated to the AIDS Marshall Fund for Africa, for every fiscal year between 2001 and 2005; and

Whereas, HR. 2765 specifically requires grantee governments to establish comprehensive plan that ensures that the recipient country is committed to providing HIV/AIDS research, prevention and treatment activities covered under the Africa Corporation's program; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the United States Congress to pass H.R. 2765, the AIDS Marshall Plan Fund for Africa Act.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1279

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing regarding the training of New York City police officers.

By Council Members Warden, Boyland, Carrion, Malave-Dilan, Espada, Freed, Marshall, Perkins, Quinn and Reed; also Council Members Eisland, Fisher, Michels and Pinkett

Whereas, The New York City Police Department (NYPD) performs a vital service in our City's communities, and it is important that police officers are adequately and properly trained to handle their awesome responsibilities; and

Whereas, Part of the training for police officers must include extensive and regular instruction in the use of firearms and instruction regarding the many situations under which a police officer may need to use his weapon; and

Whereas, In light of the diversity of this City's population, sensitivity and cultural diversity training must be an integral part of Academy and post-Academy instruction; and

Whereas, The shooting of Amadou Diallo by four officers of the NYPD's Street Crime Unit raised serious questions about the quality of training of NYPD officers, prompting many New Yorkers to call for reform of the NYPD's training; and

Whereas, The testimony in the Diallo trial has led to renewed calls for better training of NYPD officers; and

Whereas, The New York City Council recognizes the need for such NYPD training reform, and held hearings in 1999 regarding the Street Crime Unit and police brutality, and recently created a Select Committee on Police Performance and Community Relations; *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York conduct an oversight hearing regarding the training of New York City police officers.

Referred to the Committee on Public Safety.

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.
Unless otherwise specified, the agencies and

offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

Independent Auditors' Report

The Board of Trustees
New York City Police Department Police Officers'
Variable Supplements Fund:

We have audited the accompanying statements of plan net assets of the New York City Police Department Police Officers' Variable Supplements Fund (the "Fund") as of June 30, 1999 and 1998, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the Fund as of June 30, 1999 and 1998, and the changes in plan net assets for the years then ended in conformity with generally accepted accounting principles.

The information in note 8 is not a required part of the financial statements, but is supplementary information required by the Government Accounting Standards Board, and we did not audit and do not express an opinion on such information. Further, we were unable to apply certain procedures prescribed by professional standards to the information because of the nature of the subject matter underlying the disclosure requirements and because sufficiently specific requirements regarding the matters to be disclosed have not been established. In addition, we do not provide assurance that the Fund is or will become Year 2000 compliant, that the Fund's Year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Fund does business are or will become Year 2000 compliant.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

(1) **Plan Description**

The New York City (the "City") Police Department maintains the Police Superior Officers' Variable Supplements Fund (the "Fund") and the Police Officers' Variable Supplements Fund ("POVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of the City of New York ("ACNY") and provides supplemental benefits to retirees of the uniformed force of the New York City Police Department who retired holding the rank of sergeant or higher, or detective and was a service retiree of the New York City Police Department, Subchapter One Pension Fund, or New York City Police Department, Subchapter Two Pension Fund ("POLICE"), and who retired on or after October 1, 1968.

The Fund is included in the City's Comprehensive Annual Financial Report as a similar trust fund in the Trust and Agency Funds.

The POVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While these payments are guaranteed by the City, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify or repeal the Fund and the payments it provides.

At June 30, 1998 and 1997, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	1998	1997
Retirees currently receiving payments	7,904	7,758
Terminated but not receiving payments	N/A	N/A
Active members*	12,605	11,368
Total	20,509	19,126

* This represents the number of Police Superior Officers as of the June 30 valuation dates.

N/A - Not applicable, since Fund benefits are forfeitable upon separation from service except for service retirement.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

The Fund provides a guaranteed level of supplemental benefits for Police Superior Officers who retire (or have retired) as Police Superior Officers on service retirement with at least 20 years of service as follows:

(a) A Police Superior Officer hired before July 1, 1988 who retires from service as a Police Superior Officer on or after October 1, 1988, would now receive a defined schedule of benefits starting at an annual rate of $5,000 payable during December 1993 for the calendar year 1993 payment. The benefit increases $500 each year thereafter to a maximum of $12,000 in the calendar year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988 and who retire after calendar year 1993, the benefit for the first year of retirement is a proportion of the annual scheduled amount as described above for the year of retirement, and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the 20th and later years of retirement.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any supplementation for beneficiaries of the Fund under future legislation will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) calendar year 2007 (the 20th year of retirement in the case of new members on and after July 1, 1988).

Chapter 503 of the Laws of 1995 ("Chapter 503/95") amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in the New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining benefits from the Fund.

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provides additional benefits payable on and after December 1, 1996 for cost-of-living increases for certain retirees of POLICE effective as elected by the City Council on October 25, 1995. This increase reduces benefits payable from the Fund as described previously.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provides additional benefits for cost-of-living increases for certain retirees of the Fund. An initial increase for members who retired on or before calendar year 1992 is effective as of September 1998 as elected by the City Council on August 27, 1998. A subsequent increase for members who retired on or before calendar year 1993 is effective as of September 1999 as elected by the City Council on August 27, 1998. These increases reduce benefits payable from the Fund as described previously beginning in fiscal year 1999 and continue with a *subsequent reduction beginning in fiscal year 2000.*

(2) **Summary of Significant Accounting Policies**

(a) *Basis of Accounting*

The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

(b) *Method Used to Value Investments*

Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one organization represents 5% or more of the plan net assets held in trust for benefits.

(c) *Contributions*

POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

See note 4 for more information regarding the City's potential liability.

(d) *Income Taxes*

Income earned by the Fund is not subject to Federal income tax.

(e) *Accrued Benefits Payable*

Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current calendar year benefit) for the fiscal year end of June 30.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

(f) *Securities Lending Transactions*

State statutes and board of trustees policies permit the Fund to lend its securities (the underlying securities) to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies bonds, asset-backed securities and international equities and bonds held in collective investments funds. In return, it receives collateral in the form of cash, treasury and agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At the year end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund. The contracts with the fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying securities (fixed income) have an average maturity of ten years.

GASB Statement No. 28, "Accounting and Financial Reporting for Securities Lending Transactions" requires that securities loaned as assets be reported in the statement of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions will be reported in the statement of plan net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

(g) *Reclassifications*

Reclassifications of certain prior year amounts have been made to conform with the current year presentation.

(3) **Deposits and Investments**

The ACNY authorizes the investment of Fund assets subject to the same terms and conditions as POLICE. These investments primarily include domestic and foreign fixed-income and equity securities.

Notes to Financial Statements

June 30, 1999 and 1998

Cash deposits are fully insured by the Federal Deposit Insurance Corporation for up to $100,000 per Fund member and therefore are fully insured. All investments of the Fund for the years ended June 30, 1999 and 1998 were held by the Fund or by its custodial agent in the Fund's name.

Investments owned by the Fund, including the collateral from securities lending transactions of $100,894,939 and $86,728,171 for the years ended June 30, 1999 and 1998, respectively, are listed according to their investment classification in the following table:

(A) These securities are considered Category 1 risk.

(B) These securities are not categorized because they are not evidenced by securities that exist in physical or book-entry form.

Funding

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

For fiscal year 1999, estimated potential excess earnings on equity investments of POLICE attributable to the Fund, after limiting such earnings to an estimate of the unfunded ABO, results in no anticipated transfer due from POLICE to the Fund as of June 30, 1999. However, such result may be impacted by revised actuarial assumptions (see note 7(c)).

For fiscal year 1998, the unfunded ABO was equal to zero and therefore, no transfer was due from POLICE to the Fund as of June 30, 1998.

In addition, Chapter 479/93, states that if the assets of the Fund are less than the amount required to pay the beneficiaries' guaranteed scheduled annual supplemental benefit payments, then the City is required by law to fund the difference. However, it is not anticipated that the City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service, and is intended to help users assess the funding status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations are performed annually as of June 30.

A comparison of the ABO as calculated by the Fund's actuary with the plan net assets available for benefits as of June 30, 1998 and 1997 follows:

	Amount as of June 30	
	1998	1997
	(in millions)	
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 611.6	607.0
Active members	438.9	391.7
Total accumulated benefit obligation*,**	1,050.5	998.7
Plan net assets held in trust for benefits***	1,213.0	1,054.4
Overfunded accumulated benefit obligation	$ (162.5)	(55.7)

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

* The June 30, 1998 and June 30, 1997 ABOs decreased by approximately $28.5 million and $30.9 million, respectively, compared to those projected prior to the enactment of Chapter 119/95.

The June 30, 1998 ABO decreased by approximately $30.9 million compared to the projected benefits prior to enactment of Chapter 390/98.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the

total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See note 2 for valuation of investments in the calculation of plan net assets held in trust for benefits.

For purposes of the June 30, 1998 actuarial valuation of the Fund, Chapter 390/98 has been taken into account in the determination of the unfunded ABO as of June 30, 1998 relative to the portion of the supplementation benefit increases that began in fiscal year 1999 (see note 1).

NEW YORK CITY POLICE DEPARTMENT
POLICE OFFICERS' VARIABLE
SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

The ACNY provides that the Board of Trustees of the Fund shall adopt assumptions upon the recommendation of the Actuary as to interest rate, mortality of beneficiaries and number of Police Officers in service as of each June 30 who will retire for service with 20 or more years of service for use in making statutory valuations of liabilities.

The significant assumptions used in the actuarial calculations to determine the ABO as of June 30, 1998 and 1997 are as follows:

	1998	1997
Assumed rate of return on investments	8.5% per annum.	8.5% per annum.
Postretirement mortality	Recommended tables based on recent experience of POLICE.	Recommended tables based on recent experience of POLICE.
Active service, withdrawal, death, disability	Recommended tables based on recent experience of POLICE.	Recommended tables based on recent experience of POLICE.
Service retirement	Recommended tables based on recent experience of POLICE.	Recommended tables based on recent experience of POLICE.

Percentage of all active Police Superior Officers estimated to retire for service with 20 or more years of service as Police Superior Officers	100%	100%

(5) **Investment Advisors**

The Comptroller of the City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments must meet criteria set forth in governing laws and regulations.

NEW YORK CITY POLICE DEPARTMENT
POLICE OFFICERS' VARIABLE
SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

(6) **Related Parties**

Administrative expenses are paid by the City. The Comptroller is custodian of the Fund's assets and also provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. Other administrative services are also provided by the City.

(7) **Contingent Liabilities and Other Matters**

Claimants have filed several plaintiffs' claims in the Federal courts against the individual Boards of Trustees of the VSFs, et al. that the exclusion of disability retirees from VSF benefits ostensibly violates the Americans with Disabilities Act ("ADA").

Thus, in one case, for example, Castellano, et al. vs. the Trustees, et al., on February 24, 1998, the United States Court of Appeals for the Second Circuit upheld the lower court's ruling in favor of the Board of Trustees.

If the suits are successful, there would be an increase in the Fund's liability; however, past court decisions have generally upheld the position of the Fund.

The Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies will not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the obligations of the Fund.

Other Matters

(a) *Actuarial Audit*

Pursuant to Section 96 of the New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was completed in October 1999 (see note 7(c)).

(b) *Revised Hypothetical Interest Rate Method*

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller. See note 4 – Funding.

NEW YORK CITY POLICE DEPARTMENT
POLICE OFFICERS' VARIABLE
SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

Intrinsic to the current method of computing the HIR was the usage of a benchmark published each week by Solomon Brothers, Inc. This benchmark was discontinued in fiscal year 1997. Thus a new, reliable and comparable benchmark and procedure had to be developed.

For this project, the Actuary worked closely with the Office of the Comptroller. After performing a thorough analysis of the calculations and recommendations of the Office of the Comptroller as described in its memorandum dated September 15, 1997, the Actuary issued a memorandum to the Board of Trustees of POLICE on November 25, 1997.

In this memorandum, the Actuary agreed with and supported the Comptroller's analysis that the HIR be calculated using an index of average monthly yields on 30-year Treasury Bonds; however, the Actuary recommended that the specific index to be used be the one published monthly by the Federal Reserve Board in its Federal Reserve Statistical Release H.15. This Federal index is then to be increased by 112% to create the HIR.

This new procedure produces results which relate comparably to the prior method and is consistent with the usage by other government agencies. Additionally, it provides an approach which can be easily accessed and is readily available.

At its meeting on December 10, 1997, the Board of Trustees of POLICE adopted the revised HIR methodology.

(c) *Revised Actuarial Assumptions and Methods*

In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions recommended by the Actuary for use in the determination of employer contributions.

Based on a review of the latest independent actuarial study, the Actuary anticipates proposing changes to certain actuarial assumptions and methods to be used by the NYCRS for fiscal years beginning on and after July 1, 1999 (i.e., fiscal year 2000).

Assuming changes are proposed for POLICE, the Actuary would likely propose revised actuarial assumptions to be used in connection with the valuation of the Fund effective June 30, 1999.

(8) **Required Supplementary Information – Year 2000 (Unaudited)**

The New York City Police Department's Management Information Systems Division has conducted a comprehensive review of the computer systems and electronic equipment of the NYPD Pension Section in order to identify possible problems relating to the Y2K issue. The following systems require Year 2000 validation in order to continue necessary operations:

The Pension Loan Inquiry System which calculates pension balances and loan information for uniformed members, as well as tax-related issues and 1099 statements. Testing and validation of the system has been completed.

The Pension Payroll Data Entry System supplied by the office of the Comptroller, which supports data entry of payroll information. This system has been developed with Y2K-ready compliance and has been certified as Y2K-ready by the office of the Comptroller. The system is currently being tested and validated.

The Solomon Software package used by the Investment and Accounting Unit of the Pension Section for the proper monitoring and accounting for over $20,000,000,000 in assets of the three Police Pension Funds. On September 24, 1998, the unit purchased the Y2K-compliant Solomon IV for Windows, which is currently being tested and validated.

All computer equipment and software has been inventoried and evaluated for Y2K-readiness and upgraded with new stand-alone PCs or work stations.

The New York City Police Department has addressed all hardware and software Y2K issues within the Pension System and, at this time, we believe that there will be no disruptions of normal operations due to this issue.

Because of the unprecedented nature of the Y2K issue, its effects and the success of related remediation efforts will not be fully determined until the Year 2000 and thereafter. Management cannot assure that the Fund's unit is or will be Y2K-ready, that the Fund's remediation effort will be successful in whole or in part, or that parties with whom the Fund's unit does business will be Y2K-ready.

Independent Auditors' Report

The Board of Trustees
New York City Police Department Police Superior Officers'
Variable Supplements Fund:

We have audited the accompanying statements of plan net assets of New York City Police Department Police Superior Officers' Variable Supplements Fund (the "Fund") as of June 30, 1999 and 1998, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the Fund as of June 30, 1999 and 1998, and the changes in plan net assets for the years then ended in conformity with generally accepted accounting principles.

The information in note 8 is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board, and we did not audit and do not express an opinion on such information. Further, we were unable to apply certain procedures prescribed by professional standards to the information because of the nature of the subject matter underlying the disclosure requirements and because sufficiently specific requirements regarding the matters to be disclosed have not been established. In addition, we do not provide assurance that the Fund is or will become Year 2000 compliant, that the Fund's Year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Fund does business are or will become Year 2000 compliant.

POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

(1) **Plan Description**

The New York City (the "City") Police Department maintains the Police Superior Officers' Variable Supplements Fund (the "Fund") and the Police Officers' Variable Supplements Fund ("POVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of the City of New York ("ACNY") and provides supplemental benefits to retirees of the uniformed force of the New York City Police Department who retired holding the rank of sergeant or higher, or detective and was a service retiree of the New York City Police Department, Subchapter One Pension Fund, or New York City Police Department, Subchapter Two Pension Fund ("POLICE"), and who retired on or after October 1, 1968.

The Fund is included in the City's Comprehensive Annual Financial Report as a similar trust fund in the Trust and Agency Funds.

The POVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While these payments are guaranteed by the City, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify or repeal the Fund and the payments it provides.

At June 30, 1998 and 1997, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	1998	1997
Retirees currently receiving payments	7,904	7,758
Terminated but not receiving payments	N/A	N/A
Active members*	12,605	11,368
Total	20,509	19,126

* This represents the number of Police Superior Officers as of the June 30 valuation dates.

N/A - Not applicable, since Fund benefits are forfeitable upon separation from service except for service retirement.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

The Fund provides a guaranteed level of supplemental benefits for Police Superior Officers who retire (or have retired) as Police Superior Officers on service retirement with at least 20 years of service as follows:

(a) A Police Superior Officer hired before July 1, 1988 who retires from service as a Police Superior Officer on or after October 1, 1988, would now receive a defined schedule of benefits starting at an annual rate of $5,000 payable during December 1993 for the calendar year 1993 payment. The benefit increases $500 each year thereafter to a maximum of $12,000 in the calendar year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988 and who retire after calendar year 1993, the benefit for the first year of retirement is a proportion of the annual scheduled amount as described above for the year of retirement, and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the 20th and later years of retirement.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any supplementation for beneficiaries of the Fund under future legislation will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) calendar year 2007 (the 20th year of retirement in the case of new members on and after July 1, 1988).

Chapter 503 of the Laws of 1995 ("Chapter 503/95") amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in the New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining benefits from the Fund.

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provides additional benefits payable on and after December 1, 1996 for cost-of-living increases for certain retirees of POLICE effective as elected by the City Council on October 25, 1995. This increase reduces benefits payable from the Fund as described previously.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provides additional benefits for cost-of-living increases for certain retirees of the Fund. An initial increase for members who retired on or before calendar year 1992 is effective as of September 1998 as elected by the City Council on August 27, 1998. A subsequent increase for members who retired on or before calendar year 1993 is effective as of September 1999 as elected by the City Council on August 27, 1998. These increases reduce benefits payable from the Fund as described previously beginning in fiscal year 1999 and continue with a subsequent reduction beginning in fiscal year 2000.

(2) **Summary of Significant Accounting Policies**

(a) *Basis of Accounting*

The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

(b) *Method Used to Value Investments*

Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one organization represents 5% or more of the plan net assets held in trust for benefits.

(c) Contributions

POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

See note 4 for more information regarding the City's potential liability.

(d) Income Taxes

Income earned by the Fund is not subject to Federal income tax.

(e) Accrued Benefits Payable

Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current calendar year benefit) for the fiscal year end of June 30.

(f) Securities Lending Transactions

State statutes and board of trustees policies permit the Fund to lend its securities (the underlying securities) to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies bonds, asset-backed securities and international equities and bonds held in collective investments funds. In return, it receives collateral in the form of cash, treasury and agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At the year end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund. The contracts with the fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying securities (fixed income) have an average maturity of ten years.

GASB Statement No. 28, "Accounting and Financial Reporting for Securities Lending Transactions" requires that securities loaned as assets be reported in the statement of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions will be reported in the statement of plan net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

(g) Reclassifications

Reclassifications of certain prior year amounts have been made to conform with the current year presentation.

(3) Deposits and Investments

The ACNY authorizes the investment of Fund assets subject to the same terms and conditions as POLICE. These investments primarily include domestic and foreign fixed-income and equity securities.

Notes to Financial Statements

June 30, 1999 and 1998

Cash deposits are fully insured by the Federal Deposit Insurance Corporation for up to $100,000 per Fund member and therefore are fully insured. All investments of the Fund for the years ended June 30, 1999 and 1998 were held by the Fund or by its custodial agent in the Fund's name.

Investments owned by the Fund, including the collateral from securities lending transactions of $100,894,939 and $86,728,171 for the years ended June 30, 1999 and 1998, respectively, are listed according to their investment classification in the following table:

(A) These securities are considered Category 1 risk.

(B) These securities are not categorized because they are not evidenced by securities that exist in physical or book-entry form.

(4) Funding

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

For fiscal year 1999, estimated potential excess earnings on equity investments of POLICE attributable to the Fund, after limiting such earnings to an estimate of the unfunded ABO, results in no anticipated transfer due from POLICE to the Fund as of June 30, 1999. However, such result may be impacted by revised actuarial assumptions (see note 7(c)).

For fiscal year 1998, the unfunded ABO was equal to zero and therefore, no transfer was due from POLICE to the Fund as of June 30, 1998.

In addition, Chapter 479/93, states that if the assets of the Fund are less than the amount required to pay the beneficiaries' guaranteed scheduled annual supplemental benefit payments, then the City is required by law to fund the difference. However, it is not anticipated that the City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service, and is intended to help users assess the funding status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations are performed annually as of June 30.

A comparison of the ABO as calculated by the Fund's actuary with the plan net assets available for benefits as of June 30, 1998 and 1997 follows:

		Amount as of June 30	
		1998	1997
		(in millions)	
Accumulated benefit obligation for:			
Retirees currently receiving benefits	$	611.6	607.0
Active members		438.9	391.7
Total accumulated benefit obligation*,**		1,050.5	998.7

Overfunded accumulated benefit obligation	$	(162.5)	(55.7)

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

* The June 30, 1998 and June 30, 1997 ABOs decreased by approximately $28.5 million and $30.9 million, respectively, compared to those projected prior to the enactment of Chapter 119/95.

The June 30, 1998 ABO decreased by approximately $30.9 million compared to the projected benefits prior to enactment of Chapter 390/98.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See note 2 for valuation of investments in the calculation of plan net assets held in trust for benefits.

For purposes of the June 30, 1998 actuarial valuation of the Fund, Chapter 390/98 has been taken into account in the determination of the unfunded ABO as of June 30, 1998 relative to the portion of the supplementation benefit increases that began in fiscal year 1999 (see note 1).

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

The ACNY provides that the Board of Trustees of the Fund shall adopt assumptions upon the recommendation of the actuary as to interest rate, mortality of beneficiaries and number of Police Superior Officers in service as of each June 30 who will retire for service with 20 or more years of service for use in making statutory valuations of liabilities.

The significant assumptions used in the actuarial calculations to determine the ABO as of June 30, 1998 and 1997 are as follows:

	June 30, 1998	June 30, 1997
Assumed rate of return on investments	8.5% per annum.	8.5% per annum.
Postretirement mortality	Recommended tables based on recent experience of POLICE.	Recommended tables based on recent experience of POLICE.

Percentage of all active Police Superior Officers estimated to retire for service with 20 or more years of service as Police Superior Officers	100%.	100%.

(5) Investment Advisors

The Comptroller of the City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments must meet criteria set forth in governing laws and regulations.

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

(6) Related Parties

Administrative expenses are paid by the City. The Comptroller is custodian of the Fund's assets and also provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. Other administrative services are also provided by the City.

(7) Contingent Liabilities and Other Matters

Contingent Liabilities

Claimants have filed several plaintiffs' claims in the federal courts against the individual Board of Trustees of the VSFs, et al, that the exclusion of disability retirees from VSF benefits ostensibly violates the Americans with Disabilities Act ("ADA").

Thus, in one case, for example, Castellano et al. vs. the Trustees, et al. on February 24, 1998, the United States Court of Appeals for the Second Circuit upheld the lower court's ruling in favor of the Board of Trustees.

If the suits are successful, there would be an increase in the Fund's liability; however, past court decisions have generally upheld the position of the Fund.

The Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies will not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the obligations of the Fund.

Other Matters

(a) Actuarial Audit

Pursuant to Section 96 of the New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was completed in October 1999 (see note 7(c)).

NEW YORK CITY POLICE DEPARTMENT
POLICE SUPERIOR OFFICERS'
VARIABLE SUPPLEMENTS FUND

Notes to Financial Statements

June 30, 1999 and 1998

(b) Revised Hypothetical Interest Rate Method

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller. See note 4, Funding.

Intrinsic to the current method of computing the HIR was the usage of a benchmark published each week by Solomon Brothers, Inc. This benchmark was discontinued in fiscal year 1997. Thus a new, reliable and comparable benchmark and procedure had to be developed.

For this project the Actuary worked closely with the Office of the Comptroller. After performing a thorough analysis of the calculations and recommendations of the Office of the Comptroller, as described in its memorandum dated September 15, 1997, the Actuary issued a memorandum to the Board of Trustees of POLICE on November 25, 1997.

In this memorandum, the Actuary agreed with and supported the Comptroller's analysis that the HIR be calculated using an index of average monthly yields on 30-year U.S. Treasury bonds; however, the Actuary recommended that the specific index to be used be the one published monthly by the Federal Reserve Board in its Federal Reserve Statistical Release H.15. This federal index is then to be increased by 112% to create the HIR.

This new procedure produces results which relate comparably to the prior method and is consistent with the usage by other government agencies. Additionally, it provides an approach which can be easily accessed and is readily available.

At its meeting on December 10, 1997, the Board of Trustees of POLICE adopted the revised HIR methodology.

(c) Revised Actuarial Assumptions and Methods

In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions as recommended by the Actuary for use in the determination of employer contributions.

Based on a review of the latest independent actuarial study, the Actuary anticipates proposing changes to certain actuarial assumptions and methods to be used by the NYCRS for fiscal years beginning on and after July 1, 1999 (i.e., fiscal year 2000).

Assuming changes are proposed for POLICE, the Actuary would likely propose revised actuarial assumptions to be used in connection with the valuation of the Fund effective June 30, 1999.

(8) Required Supplementary Information – Year 2000 (Unaudited)

The New York City Police Department's Management Information Systems Division has conducted a comprehensive review of the computer systems and electronic equipment of the NYPD Pension Section in order to identify possible problems relating to the Year 2000 issue. The following systems require Year 2000 validation in order to continue necessary operations:

The Pension Loan Inquiry System which calculates pension balances and loan information for uniformed members, as well as tax related issues and 1099 statements. Testing and validation of the system have been completed.

The Pension Payroll Data Entry System supplied by the Office of the Comptroller, which supports data entry of payroll information. This system has been developed with a Year 2000 ready compliance and has been certified as Y2K ready by the Office of the Comptroller. The system is currently being tested and validated.

The Solomon Software package used by the Investment and Accounting Unit of the Pension Section for the proper monitoring and accounting for over $20,000,000,000 in assets of the three Police Pension Funds. On September 24, 1998, the unit purchased the Y2K compliant Solomon IV for windows which is currently being tested and validated.

All computer equipment and software have been inventoried and evaluated for Year 2000 readiness and upgraded with new stand alone PCs or work stations.

The New York City Police Department has addressed all hardware and software Y2K issues within the Pension System and at this time, we believe that there will be no disruptions of normal operations due to this issue.

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of related remediation efforts will not be fully determined until the Year 2000 and thereafter. Management cannot assure that the Police Department of New York Pension Plans unit is or will be Year 2000 ready, that the Fund's remediation effort will be successful in whole or in part, or that parties with whom the Fund's unit does business will be Year 2000 ready.

■ NOTICE

RICHMOND COUNTY INDEX NUMBER 2760/95
NOTICE OF ACQUISITION
CITY # CY 2760/95

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **LEMON CREEK/SANDY BROOK STATEN ISLAND BLUEBELT SYSTEM** located in Community District 3, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Richmond, duly entered in the office of the Clerk of the County of Richmond on May 31, 2000, the application of the City of New York to acquire certain real property, for use in the conveyance and storage of storm water and as open space, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, showing the property acquired by the City, was filed with said Clerk on June 5, 2000. Title to the real property vested in the City of New York on June 5, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
6901	267 and part of 250

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before September 21, 2000 (which is ninety (90) days from the date of mailing this notice), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;
2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,
4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before June 5, 2002 (which is two (2) calendar years from the title vesting date).

Dated: New York, New York, June 19, 2000
MICHAEL D. HESS, Corporation Counsel

The Invocation was delivered by Rabbi Jonathan Glass, Civic Center Synagogue, 49 White Street, New York, NY 10013.

INVOCATION

Men and Women of the City Council,

The upcoming holiday of Passover is an occasion that has given people hope through the ages. It testifies that no matter how long a people may have suffered slavery and oppression the Almighty hears their cry and will respond. With all the present turmoil going on in the world we know that it is only God that can resolve things for everyone's best interest.

And may He bless the Council that it carry on its hallowed work of freedom until we have accomplished liberty and justice for all.

Amen.

Council Member Freed moved that the Invocation be spread in full upon the Minutes and adopted.

Adoption of Minutes

Council Member Golden moved that the Minutes of the Stated Meeting of Monday, March 20, 2000, be adopted as printed.

Communication from the Office of Management & Budget — Transfer City funds between various agencies in Fiscal Year 2000 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter. (MN-6)

April 12, 2000

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(b) of the New York City Charter, I request your approval to transfer City funds between various agencies in fiscal year 2000 to implement changes to the City's expense budget.

This modification — MN 6 — will implement changes to the expense budget which were reflected in the January 27 Financial Plan modification that was submitted to the Financial Control Board, as well as changes resulting from discussions with the City Council. Appendix A details the State, Federal and other funds impacted by these changes.

Your approval of modification — MN 6 — is respectfully requested.

Sincerely yours,

Adam L. Barsky

Communication from the Office of Management & Budget — Appropriate new revenues of $858 million in Fiscal Year 2000 to provide for prepayment of $475.5 million of Municipal Assistance Corporation Debt Service and to add $382.9 million to the budget Stabilization Account in the City's Debt Service budget, pursuant to Section 107(b) of the New York City Charter. (MN-7)

April 11, 2000

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(e) of the New York City Charter, I seek your approval to appropriate new revenues of $858 million in fiscal year 2000 to provide for the prepayment of $475.5 million on Municipal Assistance Corporation Debt Service and to add $382.9 million to the Budget Stabilization Account in the City's Debt Service budget. The $858 million results from forecasted increases in tax collections of $616 million,

increases in miscellaneous revenues of $42 million and savings in prior payable of $200 million.

Your approval of modification MN-7 is respectfully requested.

Sincerely yours,

Adam L. Barsky

REPORTS OF STANDING COMMITTEES

Report of the Committee on Finance

At this point the Speaker (Council Member Vallone) announced that the following item had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-822

Report of the Committee on Finance in favor of concurring in a communication from the Office of Management & Budget — Transfer city funds between various agencies in Fiscal Year 2000 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter. (MN-6)

The Committee on Finance to which it was referred on April 12, 2000, the annexed communication respectfully

REPORTS:

At a meeting of the Committee on Finance of the City Council of New York on April 12, 2000, the Committee on Finance received a communication, dated April 11, 2000 from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 2000 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 7, 1999, the Council adopted the expense budget for fiscal year 2000 (the "Fiscal 2000 Expense Budget"). This modification implements transfers between various agencies that primarily represent the modifications to the Fiscal 2000 budget as outlined in the January Plan.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1289

Resolution approving the Modification (MN-6) of units of appropriation and the transfer of city funds between agencies proposed by the Mayor pursuant to Section 107(b) of the Charter of the City of New York.

By Council Member Berman:

Whereas, at a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on April 12, 2000, the Committee on Finance received a communication, dated April 11, 2000, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto as Exhibit A (the "Modification"), to modify units of appropriation and transfer city funds between various agencies in the fiscal year 2000 expense budget as adopted by the Council on June 7, 1999, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter"); and

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days after the first stated meeting of the City Council following such receipt within which to act upon the Modification;

Now, therefore, The Council of The City of New York hereby resolves as follows:

1. Approval of Modification. The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

2. Effective Date. This resolution shall take effect as of the date hereof.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was made a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

M-823

Report of the Committee on Finance in favor of concurring in a communication from the Office of Management & Budget — Appropriate new revenues of $858 million in Fiscal Year 2000 to provide for prepayment of $475.5 million of Municipal Assistance Corporation Debt Service and to add $382.9 million to the budget Stabilization Account in the City's Debt Service budget, pursuant to Section 107(b) of the New York City Charter. (MN-7)

The Committee on Finance to which it was referred on April 12, 2000, the annexed communication respectfully

REPORTS:

At a meeting of the Committee on Finance of the City Council of New York on April 12, 2000, the Council received a communication from the Office of Management and Budget of the Mayor, dated April 11, 2000, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2000 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June 7, 1999, pursuant to Section 1515(a) of the Charter.

The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 7, 1999, the Council adopted the expense budget for fiscal year 2000 (the "Fiscal 2000 Expense Budget"). On June 7, 1999, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2000 Expense Budget.

Circumstances have changed since the Council adopted the Fiscal 2000 Expense Budget. Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

The above-captioned resolution would authorize the modifications to the Fiscal 2000 Expense Budget and related revenue estimate requested in the Communication. The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 2000 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

Res. No. 1290

Resolution approving a modification pursuant to Section 107(e) of the Charter of the City of New York.

Whereas, on April 12, 2000, the Committee on Finance of the City Council received a communication, dated April 11, 2000, from the Mayor's Office of Management and Budget. of a proposed request to recognize new revenue pursuant to Section 107(e) of the Charter of the City of New York, attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255 and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of new revenues; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

Now, therefore, the Council of the City of New York hereby resolves as follows:

1. ***Approval of Modification.*** The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

2. ***Further Actions.*** The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 2000 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

3. ***Effective Date.*** This resolution shall take effect as of the date hereof.

At this point the Speaker (Council Member Vallone) announced that the following item had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

Res. No. 1286

Report of the Committee on Finance in favor of approving a resolution calling upon the State to act immediately to prohibit Con Edison from recovering from its ratepayers costs related to the February 15, 2000 radiation leak at its Indian Point 2 Nuclear Facility.

The Committee on Finance to which it was referred on April 12, 2000, the annexed resolution respectfully

REPORTS:

Today the Committee on Finance will hear Preconsidered Res. No. _, a resolution calling upon state authorities to act immediately to prevent Consolidated Edison Company ("Con Edison") from beginning to charge its ratepayers for costs it is incurring due to the February 15, 2000 radiation leak at its Indian Point 2 Nuclear Facility in Buchanan, New York and subsequent shut-down of the plant. According to news reports, Con Edison plans to begin recouping the costs of buying power to replace the lost power, by raising charges for "fuel adjustments" on customers' bills beginning this month. The cost of this replacement power is estimated at an average of $600,000 per day.[1]

[1] "Nuke plant's fallout," *Westchester County Business Journal*, March 13, 2000.

Background

Con Edison supplies New York City and Westchester County consumers with electricity. It operates several large power plants in the New York Metropolitan area,[2] although, according to the New York Public Interest Research Group, it is selling a number of its power generating facilities in order to concentrate on power transmission. On February 15, 2000 a leak occurred in a tube in one of four steam generators used in Con Edison's Indian Point 2 Nuclear Facility in Buchanan, New York. This leak resulted in the release of some slightly radioactive water, as well as steam, from the plant and necessitated the shut-down of the facility.[3] The incident also resulted in an alert being declared pursuant to requirements of the Nuclear Regulatory Commission (NRC). News reports indicate that, at the time of the incident, Con Edison was (and still is) looking to sell its Indian Point 2 Nuclear Facility.[4]

News reports, state officials and regulatory authorities have raised serious issues concerning decisions made by Con Edison relative to the operation of the Indian Point 2 plant in the wake of the February 15th leak and shut-down. By Con Edison's own admissions, the leak occurred in one of the steam generators and it believes the leak resulted from "a crack in one tube of the steam generators."[5] Recent conversations between council staff and representatives of Con Edison indicate that this crack occurred in the curved or "U-shaped" portion of the tube. Available NRC information confirms this, calling the February 15th leak a "tube failure event."[6] Facts concerning the history of the generators, as well as statements from the NRC's research arm concluding that Con Edison (as well as the NRC itself) should have done a more thorough job in assessing the probability of tube failures, demonstrate that in all likelihood, the leak of February 15th came about in significant part due to decisions made by Con Edison concerning the maintenance, repair and upgrade of its generators.

History of the Indian Point 2 Generators

According to Con Edison, four steam generators are used in the Indian Point 2 facility, all of which (including the generator involved in the February 15th leak) have been in use for twenty-six years—since the opening of the plant. However, according to legal proceedings which it initiated against the manufacturer of the generators, Con Edison began to complain about the generators shortly after the opening of the facility. In fact, according to the judge in a lawsuit filed by Con Edison against Westinghouse, Con Edison alleged defects in the generators including "denting, corrosion and cracking of the tubes and tube support plates contained in the plant's steam generators."[7] From Con Edison's testimony before the Assembly's Energy, Environmental Conservation and Corporations, Authorities & Commissions Committees, as well as memoranda from the NRC, it appears that there is agreement that the February 15th incident was a result of "stress corrosion cracking of the tube material."[8]

Moreover, it appears uncontroverted that all other nuclear power plants using the same generators that Con Edison is currently using at Indian Point 2 have already replaced them.[9] Con Edison admitted before the Assembly's Joint Committees, that they were the only operators using that model of generators that had not replaced them.[10] This is the case even though in the mid-to-late 1980s, Con Edison obtained replacement generators for the ones that were the subject of its suit against Westinghouse. These generators have never been installed.[11]

Nuclear Regulatory Commission (NRQ Action

The NRC is the federal agency charged with ensuring the protection of the public and environment in the use of nuclear materials in the United States. The NRC licenses operators of, and inspects, nuclear power facilities and investigates nuclear incidents and allegations concerning matters within its regulatory jurisdiction. The NRC is looking into all aspects of the February 15th incident and subsequent plant shut-down. From available

Ironically, it appears that Con Edison argued that this testimony does nothing to eliminate the controversy between the parties as to whether Con Edison is entitled to "replacement of the generators now because of defects in the equipment." *Consol. information it appears that, to date, the NRC has: (1) held a "public exit meeting" at the facility on March 29th; (2) has launched an investigation into the cause of the leak; (3) is performing an evaluation of lessons learned from both a technical and regulatory perspective to help improve its processes; and (4) will make a determination from all information as to whether the generators are safe to be put back into operation.

According to news reports on the NRC's March 29th public meeting, NRC inspectors said that Con Edison's overall response in the aftermath of the steam generator leak was prompt and appropriate,[12] and that there was never any danger to the public even though some slightly radioactive water and steam escaped from the plant.[13] However, while the federal inspectors apparently believed the major equipment used to deal with the accident functioned properly, they did point to some equipment problems, such as an out-of-service "leak rate trend recorder" designed to track leaks from the generators, that could have complicated the situation.[14]

While the NRC's investigations and evaluations are not complete, much attention has been given to some of the results of the technical evaluations by NRC staff that have been made public in the course of the NRC's "lessons learned" evaluation. It appears from two NRC staff memoranda[15] that Indian Point 2's steam generators were inspected in the Summer of 1997 and an inspection interval of 24 months was set so that the next scheduled inspection was due to take place in June 1999. However, the plant was shut down between October 1997 and Summer, 1998 because of a refueling outage. Because any degradation in steam generator tubes would be negligible during the time of this shutdown, Con Edison requested permission from the NRC for a one time extension on the interval between inspections of its steam generator tubes, from June 1999 to June 2000. According to the NRC memoranda, this extension represented 48 days of operating time. In addition, Con Edison requested permission to use a different criteria for repair of the tubes. These requests were evaluated and granted by the NRC. The NRC February 28th Memo asked staff to review the evaluations that led to the granting of these requests. The NRC March 16th Response found no problems with the evaluation regarding either the use of the new repair criterion or the forty-eight day extension. However, in reviewing the extension, staff found problems with the granting of the original 24 month inspection interval, stating that Con Edison's response to questions posed by staff of the Nuclear Reactor Regulation Division at the time when the original inspection interval was set was

"weak and incomplete." Essentially, the March 16th Response states that Con Edison did an inadequate job in assessing the likelihood of deterioration of the tubes during the interval between inspections. The end of the March 16th Response states that "[w]e believe that a more thorough operational assessment for these forms of degradation would have predicted an increased probability of tube leakage or rupture by the end of cycle."

State Actions

Shortly after the February 15th incident, Governor Pataki asked the State Emergency Management Office together with the Department of Public Service and the State Department of Health to investigate the causes of the incident, Con Edison's response, any public health and safety ramifications of the release and Con Edison's communication with state and local officials.[16] On March 3, 2000, three Committees of the State Assembly, the Committee on Energy, the Committee on Environmental Conservation and the Committee on Corporations, Authorities and Commissions held a public hearing on the "Safety and Economic Issues Related to the Indian Point 2 Nuclear Plant Owned by Consolidated Edison Company."

The investigation by the state agencies has not revealed any threat to the public health and safety from the incident, and has left the issues of the steam generator maintenance and replacement, as well as recoupment of replacement power costs to the Department of Public Service.[17] However, Con Edison's communications with officials and the public were criticized, and certain equipment and procedural problems in the radiation monitoring and cooldown procedures were noted.[18] In addition, the multi-agency investigation questioned whether "Con Edison's failure to thoroughly assess steam generator tube degradation and provide the NRC with clear and complete information may be symptomatic of more widespread problems."[19] On March 16, 2000 several members of the State Legislature filed a petition with the State Public Service Commission (PSC) requesting it to commence a proceeding to determine whether Con Edison's actions regarding the operation and maintenance of the steam generators at Indian Point 2 were reasonable and to prohibit Con Edison from passing any increased expenses resulting from the incident and subsequent plant shutdown on to consumers through the fuel adjustment clause—a provision in Con Edison's PSC-approved rate agreement under which it claims it can charge customers for the costs of replacement fuel it must purchase to supply its customers during the period in which Indian Point 2 remains closed.[20]

On March 20, a bill was introduced in the State Assembly entitled, "An act prohibiting the recovery of costs in connection with a radiation leak at the Indian Point 2 Nuclear Facility on February 15, 2000." This proposed legislation, which overwhelmingly passed the State Assembly on March 27th by a vote of 137 to 10, would require the PSC to prohibit Con Edison from recovering any of the costs of replacing power from the Indian Point 2 facility from its ratepayers through any rate recovery mechanism.[21] A mirror proposal, S7094, is pending before the State Senate.

On March 30, 2000, the PSC issued an order commencing its investigation into the incident and granting the petition of the State Legislators that a proceeding be commenced as to the reasonableness of Con Edison's actions and whether it should be prevented from passing increased expenses on to its ratepayers.[22] However, the order appears to deny the legislators' request that the operation of the fuel adjustment clause be suspended so that Con Edison cannot begin to charge ratepayers for its increased costs. According to the PSC, because it may refund unreasonable fuel and purchased power costs with interest to ratepayers, such action is unnecessary.[23] Con Edison has already stated that it will begin assessing additional charges on its ratepayers to pay for the costs of purchasing replacement power, which media accounts report will amount to $600,000 per day that the Indian Point 2 facility is closed.

Preconsidered Res. No. ___

The Preconsidered Res. calls upon the state to act immediately to prohibit Con Edison from recovering from its ratepayers any costs related to the February 15th incident. After outlining the history of Con Edison's actions and decisions relating to the use of the generators, and noting the State Legislation which would immediately prevent Con Edison from beginning to charge its ratepayers, the Resolution concludes that allowing Con Edison to charge its ratepayers "both saddles them with an unfair financial burden and allows a public utility to avoid responsibility for its decisions, and could even provide a disincentive for it to exercise greater caution in the future when making decisions as to the upgrading and replacement of components."

Accordingly, Your Committee recommends its adoption.

L.U. No. 639

Report of the Committee on Finance in favor of approving an application No. 20005174 HAK, an Urban Development Action Area Project, located in Community Board 8, Council Districts No. 36 and 41, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to § 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which it was referred on January 19, 2000 (Minutes, page 169) the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML) and Section 577 of the Private Housing Finance Law, the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for City residents as specified in the attached project summaries. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under

Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of the city-owned properties as Urban Development Action Area Projects.

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $70,950).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

Pursuant to Section 696 of the General Municipal Law, a partial exemption form real property is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

Under the Neighborhood Homes Program, HPD conveys occupied one- to four-family buildings to selected community-based not-for-profit organizations for rehabilitation and eventual sale owner-occupants. The not-for-profit sponsor will receive funding in the form of an evaporating loan from HPD and a loan from the Local Initiative Support Corporation (LISC) or a conventional lender. Upon completion, each building is marketed to existing tenants or buyers who agree to reside in the building and who qualify for mortgage financing to purchase the property.

Pursuant to Section 696 of the General Municipal Law, a full exemption from real property taxes is granted for ten years.

HPD initiated TIL to encourage private ownership and management of low income housing properties and to divest the city of its in-rem stock. The City rehabilitates occupied in-rem buildings and sells them for a nominal fee of $250 per dwelling unit to Housing Development Fund Companies (HDFC) organized pursuant to Article XI of State Private Housing Finance Law (PHFL). In TIL, they are managed by tenant HDFC's as low income housing cooperatives. Tenants are subject to income restrictions pursuant to Section 576 of the PHFL. Monthly rent for such apartments is typically $80-$90 per zoning room but does not exceed 30% of a tenant's annual income.

An exemption from property taxes will be allowed for that portion of the assessed value of the property which exceeds the ceiling amount determined by HPD. The ceiling is increased annually by an amount not to exceed 6%, and cannot increase by more than 20% over 5 years. Full taxes are paid up to the ceiling amount and a total exemption is allowed on that portion of the assessed value which exceeds this amount. This ceiling level was calculated so property tax payments would be approximately 10% of a building's entire budget. This level would reflect other property tax exemptions made available through Federal Section 202 and Mitchell-Lama programs.

The assessed value base amount for ceiling calculations was established at $3,500 per residential unit in 1989-90. The Fiscal 2000 maximum ceiling amount has increased to $5,040, which represents property tax payments of approximately $542 for each dwelling unit.

Exemptions under this program are effective until July 1, 2029 and resale restrictions are placed on all properties to Board of Estimate Resolution 78 of 1980 as amended by Resolution 56 of 1982.

HomeWorks was created with the goal of expanding homeownership opportunities for all New Yorkers. Under this program, one to four family vacant City-owned buildings are sold to developers selected through a competitive Request for Proposals. Developers, which may be for-profit developers, not-for-profit organizations or joint ventures between them, are selected based on the extent to which their proposal minimizes the use of a City subsidy and on the overall strength and experience of their team. The developers are responsible for the construction, marketing and sale of the houses which all will contain from one to four units. Because of the programmatic objectives stabilizing communities and providing homeownership opportunities to the widest range of New Yorkers, the incomes of potential homebuyers are not restricted.

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for six years. A full exemption is allowed for the first three years, and phased out in equal decrements over the following three years.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1292

Resolution approving an Urban Development Action Area Project located at Pacific and Bergen Streets between Buffalo and Ralph Avenues and Pacific Street between Albany and Kingston Avenues (Block 1339/Lots 69, 70, 71, 72 and 76; Block 1344/Lots 100, 101, 108, 112 and 117; Block 1357/Lots 42, 43, 44, 45, 46, 47, 48 and 49; and block 1210/Lots 34, 35, 36 and 37), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 639; 20005174 HAK).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1999 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at Pacific and Bergen Streets between Buffalo and Ralph

Avenues and Pacific Street between Albany and Kingston Avenues (Block 1339/Lots 69, 70, 71, 72 and 76; Block 1344/Lots 100, 101, 108, 112 and 117; Block 1357/Lots 42, 43, 44, 45, 46, 47, 48 and 49; and Block 1210/Lots 34, 35, 36 and 37), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 22, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

No. 698; 20005277 HAK).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated February 9, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project ("Bushwick West — Phase I") located at Block 3157/Lots 49-51; Block 3165/Lots 11-12; Block 3174/Lots 11-14; Block 3184/Lots 40-42; Block 3196/Lots 2-7, 45-47 and 53; Block 3207/Lots 25-26, 28, 30 and 32; Block 3207/Lots 34-35 and 43-49; Block 3207/Lots 149, 50, 52-56; Block 3208/Lots 4-6; Block 3217/Lots 15-17, 19-20 and 120; Block 3217/Lots 21, 22, 24, 25, 29-30 and 32; and Block 3217/Lots 41, 42, 44 and 45)), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 22, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Res. No. 1298

Resolution approving an Urban Development Action Area Project located at 2728 Broadway (Block 1876/Lot 49), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 722; 19995334 HAM).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 1, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 2728 Broadway (Block 1876/Lot 49), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on April 4, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1301

Resolution approving an Urban Development Action Area Project located at 104-20 164 Street (Block 10161/Lot 14), 104-26 164 Street (Block 10161/Lot 17), and 104-27 164 Street (Block 10162/Lot 68), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 728; 20005340 HAQ).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 1, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 104-20 164 Street (Block 10161/Lot 14), 104-26 164 Street (Block 10161/Lot 17), and 104-27 164 Street (Block 10162/Lot 68), Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 4, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last three years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

The Committee on Finance to which it was referred on March 29, 2000 (Minutes, page 717) the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 639 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1302

Resolution approving an Urban Development Action Area Project located at 172 Beach 94th Street (Block 16169/Lot 26), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 729; 20005341 HAQ).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 1, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 172 Beach 94th Street (Block 16169/Lot 26), Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and
5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 4, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last three years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of six years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last three years of which such exemption shall decrease in equal annual decrements.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 737

Report of the Committee on Finance in favor of approving a Partnership New Homes Program Project: 619 East 11th Street, Location: 519 East 11th Street, Manhattan, Community District No. 3, Councilmanic District No. 2, ULURP No. C000063HAM.

The Committee on Finance to which it was referred on April 12, 2000, the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 639 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1291

Resolution approving an exemption from real property taxes for property located at 619 East 11th Street (Block 394, Lot 59), pursuant to Section 696 of the General Municipal Law (Preconsidered L.U. No. 737).

By Council Member Berman:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated February 9, 2000 that the Council take the following action regarding property located at 619 East 11th (Block 394, Lot 59), Borough of Manhattan (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the Sponsor of the properties (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on April 12, 2000;

Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved:

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a Tax Exemption for the Project as follows:

Exemption from local and municipal taxes, other than assessments for local improvements and land value, to the extent of all of the value of the improvements included in the project for a period of twenty years from the first date on which taxes would otherwise become due in the absence of such exemption, during the last ten years of which the exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgages of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of 1454, 1458, 1460, 1462, 1466, 1470, 1472, 1476, 1480 and 1484 Gates Avenue; and 327, 325, 323, 321, 319, 317, 315, 313, and 311 Palmetto Street (Block 3344/Lots 16-23, 25, 26 and 40-49), for use Urban Development Action Area;

   b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to the Ridgewood-Bushwick Senior Citizens Council.

The intent is to facilitate construction of a community center tentatively known as the Ridgewood-Bushwick Youth Center.

The Committee recommends the approval of the decision of the City Planning Commission, approve the designation of the area, approve the project and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1304

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development,

ULURP No. C 000210 HAK, approving the designation of 1454, 1458, 1460, 1462, 1466, 1470, 1472, 1476, 1480 and 1484 Gates Avenue; and 327, 325, 323, 321, 319, 317, 315, 313, and 311 Palmetto Street (Block 3344/Lots 16-23, 25, 26 and 40-49), Brooklyn, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to the Ridgewood-Bushwick Senior Citizens Council (L.U. No. 626; C 000210 HAK).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on March 16, 2000 its decision dated March 15, 2000 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 1454, 1458, 1460, 1462, 1466, 1470, 1472, 1476, 1480 and 1484 Gates Avenue; and 327, 325, 323, 321, 319, 317, 315, 313, and 311 Palmetto Street (Block 3344/Lots 16-23, 25, 26 and 40-49), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197c of the New York City Charter for the disposition of such property to the Ridgewood-Bushwick Senior Citizens Council to facilitate the construction of a community center (the "Disposition") (ULURP No. C 000210 HAK) (the "Application");

Whereas, the Application is related to ULURP application number C 000211 PSK (L.U. No. 627), a site selection of property;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application by letter dated March 1, 2000;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on April 4, 2000;

Whereas, the Council has considered the relevant environmental review (CEQR No. 00HPD005K) and the fact that a negative declaration was issued on November 12, 1999;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

The Council finds that the actions described herein will have no significant effect on the environment;

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 000210 HAK).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to the Ridgewood-Bushwick Senior Citizens Council.

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law.

The Committee recommends the approval of the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1306

Resolution approving an Urban Development Action Area Project located at 920 Metcalf Avenue (Block 3659/Lot 1), The Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 649; 20005184 HAX).

By Council Members Eisland and Linares:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated December 29, 1999 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 920 Metcalf Avenue (Block 3659/Lot 1), Borough of The Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 4, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 695

Report of the Committee on Land Use in favor of approving an application No. 20005272 HAK, an Urban Development Action Area Project, located in Community Board 3, Council Districts No. 36 and 41, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which it was referred on March 20, 2000 (Minutes, page 602) the annexed Land Use resolution respectfully

REPORTS:

(For text, see L.U. No. 649 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1307

Resolution approving an Urban Development Action Area Project located at 60 Patchen Avenue (Block 1627/Lot 45), 98 Pulaski Street (Block 1775/Lot 20), 100 Pulaski Street (Block 1775/Lot 21), 727 Monroe Street (Block 1637/Lot 43), 749 Lafayette Street (Block 1786/Lot 47), 1046 Greene Avenue (Block 1623/Lot 29), and 1056 Greene Avenue (Block 1623/Lot 35), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 695; 20005272 HAK).

By Council Members Eisland and Linares:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated February 9, 2000 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 60 Patchen Avenue (Block 1627/Lot 45), 98 Pulaski Street (Block 1775/Lot 20), 100 Pulaski Street (Block 1775/Lot 21), 727 Monroe Street (Block 1637/Lot 43), 749 Lafayette Street (Block 1786/Lot 47), 1046 Greene Avenue (Block 1623/Lot 29), and 1056 Greene Avenue (Block 1623/Lot 35), Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197c and 197d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and
4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 4, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 701

Report of the Committee on Land Use in favor of approving a Uniform Land Use Review Procedure, application No. C 000065 MMK, pursuant to § 197-c and § 197-d of the New York City Charter, changes to the City Map, Borough of Brooklyn, Council District No. 47. This application is subject to Council review and action only if appealed to the Council pursuant to § 197-d(b)(2) of the Charter or called-up by a vote of the Council pursuant to § 197-d(b)(3) of the Charter and § 11.20 of the Rules of the Council.

The Committee on Land Use to which it was referred on March 20, 2000 (Minutes, page 604) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Parks and Recreation (DPR) pursuant to Sections 197-c and 199 of the New York City Charter and Section 5-430 *et seq.* of the New York City Administrative Code for an amendment to the City Map involving the elimination, discontinuance and closing of West 16th and West 19th Streets between Surf Avenue and Riegelmann Boardwalk, the establishment of two additions to Steeplechase Park, the adjustment of legal grades necessitated thereby, and any acquisition or disposition of property related thereto, in accordance with Map No. 000065 MMK, dated September 7, 1999 and signed by the Director of the Department of City Planning.

The intent is to facilitate construction of a baseball stadium and related facilities.

The Committee recommends the approval of the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1308

Resolution approving the decision of the City Planning Commission on ULURP No. C 000065 MMK, an amendment to the City Map (L.U. No. 701).

By Council Members Eisland and Linares:

Whereas, the City Planning Commission filed with the Council on March 1, 2000 its decision dated March 1, 2000 (the "Decision"), on the application submitted by the Department of Parks and Recreation, pursuant to Sections 197c and 199 of the New York City Charter and *Section 5-430 et seq.* of the New York City Administrative Code for a change in the City Map involving, the elimination, discontinuance and closing of West 16th and West 19th Streets between Surf Avenue and Riegelmann Boardwalk, the establishment of two additions to the Steeplechase Park, the adjustment of legal grades necessitated thereby, and any acquisition or disposition of property related thereto, Community District 13, Borough of Brooklyn, in accordance with Map No. 000065 MMK, dated September 7, 1999 and signed by the Director of the Department of City Planning (ULURP No. C 000065 MMK) (the "Application");

Whereas, the Application is related to ULURP Application Number C 000098 MCK (L.U. No. 702), a major concession;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on April 4, 2000;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and Final Environmental Impact Statement ("FEIS"), for which a Notice of Completion was issued on February 18, 2000 (CEQR No. 99DPR003K);

Resolved:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) The FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) From among the reasonable alternatives thereto, the actions to be approved are ones which minimize or avoid adverse environmental impacts to the maximum extent practicable; and

(3) The adverse environmental impacts revealed in the FEIS will be minimized or avoided to the maximum extent possible by incorporating as conditions to the approval those mitigative measures that were identified as practicable; and

(4) The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. § 617.9(c)(3).

Pursuant to Sections 197d and 199 of the New York City Charter, the Council approves the Decision.

JUNE M. EISLAND, Chairperson; MARY PINKETT, ARCHIE SPIGNER, HERBERT E. BERMAN, SHELDON S. LEFFLER, NOACH DEAR, PRISCILLA A. WOOTEN, WALTER L. Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 478

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a traffic circle name, Cespino-Russo Memorial Circle, Borough of Staten Island.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on December 9, 1998 (Minutes, page 3707) the annexed local law respectfully

REPORTS:

This legislation would name an existing, unnamed traffic circle located off Father Capodanno Boulevard and just below Sand Lane, the "Cespino-Russo Memorial Circle". This location is presently the site of a monument and plaque honoring servicemen Gentile Cespino and Joseph Russo, both of whom lost their lives during World War II.

At age 20, Gentile Cespino was called to serve his country in World War II and was inducted into the Army Air Force. He served in the Philippine campaign and was an electronic wizard, eventually becoming a radar operator. At the time of his service, the radar miracle was in its infancy. In fact, before using radar equipment, Gentile was assigned to demonstrate the equipment to President Franklin Delano Roosevelt. Unfortunately, on the first test flight the aircraft crashed and Gentile was killed.

Joseph Russo was born on Brown Street in New York City on July 21, 1914. His family moved to Staten Island when he was 8 years old and he attended Public School 39 there.

Joseph Russo was drafted in July 1943. After basic training, Private First Class Russo was assigned to the 3rd Infantry Division and was shipped to Italy where he took part in the Battle of Anzio. After the battle of Anzio he took part in the invasion of Southern France and was killed in Nice, France on August 21, 1944.

The request for this renaming comes from the members of the Cespino-Russo American Legion Post 1544. It is intended to honor the memory of all the men and women of our country who served and made the supreme sacrifice in the service of their country.

Staten Island Community Board No. 2 supports this local law.

This local law shall take effect immediately

Fiscal Impact Statement:

	Effective FY 00	FY Succeeding Effective FY 01	Full Fiscal Impact FY 00
Revenues (+)	0	0	0
Expenditures (–)	($287.50)	($287.50)	($287.50)

Impact on Revenues: There will be no impact on revenues resulting from the enactment of this legislation.

Impact on Expenditures: This legislation would require one sign at $37.50 each and an additional $250 for the installation of this sign. The total cost of enacting this legislation is $287.50.

Accordingly, Your Committee recommends its adoption.

Int. No. 616

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Ellsworth Avenue, Borough of Staten Island.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on August 11, 1999 (Minutes, page 2102) the annexed local law respectfully

REPORTS:

At present, a street which until recently has been known as Ellsworth Avenue by local residents, appears on the City Map as "Pawling Avenue". This was brought to the attention of residents of that street when signs bearing the name "Pawling Avenue" were erected in place of those bearing the name "Ellsworth Avenue". Although the name "Pawling Avenue" appears on a City Map which dates back to the mid-1960's, the street has always been thought by its residents to be named "Ellsworth Avenue".

The residents of the affected street petitioned Council Member Stephen J. Fiala, District 51 Staten Island, and Community Board 3, Borough of Staten Island, to have the name "Ellsworth Avenue" restored. This local law was submitted by Council Member Fiala in response to that petition. Community Board 3 voted unanimously in June 1999 to support the wishes of those who wanted the name restored.

This local law will take effect immediately and would change the official City Map pursuant to paragraph b of section 25-102.1 of the Administrative Code.

Fiscal Impact Statement:

	Effective FY 00	FY Succeeding Effective FY 01	Full Fiscal Impact FY 00
Revenues (+)	0	0	0
Expenditures (–)	($362.50)	($362.50)	($362.50)
Net	($362.50)	($362.50)	($362.50)

Impact on Revenues: There will be no impact on revenues resulting from the enactment of this legislation.

Int. No. 725

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Chief Patrick Brennan Way, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on February 29, 2000 (Minutes, page 458) the annexed local law respectfully

REPORTS:

Patrick Brennan was born on August 1, 1935 in County Mayo, Ireland and was one of five siblings born to Martin and Catherine Brennan. He attended Ballyglass National School in Ireland. In 1959 he emigrated to the United States and settled in Sunset Park in Brooklyn. Soon after his arrival Patrick Brennan met Monica Bohan, a native of County Leitrim in Ireland. The two were married in 1961. This 37-year marriage lasted until his death and produced six children.

Patrick Brennan joined the New York City Police Department in 1965 and was assigned to the 84th Precinct in downtown Brooklyn. During a long and accomplished career he served in many precincts in Brooklyn and Manhattan. He was promoted to Sergeant in 1973, to Lieutenant in 1984, to Captain in 1987, to Deputy Inspector in 1992, to Inspector in 1994, to Deputy Chief of Police in 1995 and to Assistant Chief of Police in 1997. Mr. Brennan was an active member of the Police Department's Emerald Society and Honor Legion. Chief Brennan was also a Magna Cum Laude graduate of John Jay College of Criminal Justice with a Bachelors Degree in Police Management.

From the time that he arrived in New York City, Patrick Brennan was an active parishioner at Our Lady of Perpetual Help. He served on the Parish Council, was a Chairman of the church's "Alive and Hope" Campaign and was a member of the church's Holy Name Society. In March of 1998 Chief Brennan was named "Holy Name Man of the Year" and was honored at a mass in Saint Patrick's Cathedral that was celebrated by Cardinal O'Connor. He was also one of the founders of the "Father Tom Joyce Baseball and Soccer Field" and served as soccer and baseball coach for more than twenty years.

After 33 years of service, Chief Brennan retired from the New York City Police Department, in August of 1998, but remained active in community affairs. He died after a short illness on May 29, 1999. He was survived by his wife Monica and his six children, Maureen, Tara, Martin, Dermot, John and Patrick and two grandchildren, Andrew and Olivia Schubert.

In recognition of his many years of devoted service to the community of Sunset Park, the borough of Brooklyn and the City of New York it is fitting that 58th Street, between 5th Avenue and 6th Avenue, be named "Chief Patrick Brennan Way" in his honor.

Brooklyn Community Board No. 7 supports this proposed local law.

This Local Law will take effect immediately.

Res. No. 1001

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of filing a resolution calling upon the appropriate committee of the Council to hold oversight hearings on efforts being made to identify, control and eradicate infestations of Asian Longhorned Beetles in communities across the City of New York.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which it was referred on September 29, 1999 (Minutes, page 2299) the annexed resolution respectfully

REPORTS:

The Asian Longhorned Beetle was the subject of a pest alert issued by the United States Department of Agriculture in 1999. That alert indicated that the Asian Longhorned Beetle (Anoplophora Glabripennis) "has been discovered attacking trees in the United States. Tunneling by beetle larvae girdles tree stems and branches. Repeated attacks lead to dieback of the tree crown and, eventually, death of the tree." In the United States, the

Asian Longhorned Beetle has been found in maple species including: box elder, Norway, red, silver, sugar and sycamore maples, as well as horse chestnut, black locust, elm, birch, willow, poplar and green ash. The only effective means identified to date of eliminating the Asian Longhorned Beetle is to remove infested trees and destroy them by chipping and burning.

The reproductive cycle of the Asian Longhorned Beetle, as described in the United States Department of Agriculture pest alert referred to above, highlights the timeliness of today's oversight hearing. The pest alert observes that adult Asian Longhorned Beetles can usually be found beginning in May and that females are capable of laying 30 to 70 eggs which hatch in ten to fifteen days. The larvae then tunnel under the tree bark and into the wood. The adults emerge from the trees by boring tunnels in the wood and creating a round exit hole in the tree.

In the City of New York, Asian Longhorned Beetle infestations were first reported in 1996 when 1,600 trees in the Brooklyn communities of Williamsburg and Greenpoint had to be destroyed. By 1998, infestations were discovered in the Bayside and Woodside sections of Queens resulting in the destruction of more than 200 more trees. In 1999, infestations necessitated the destruction of 40 more trees in the Flushing section of Queens and two dozen trees in parks located in close proximity to Manhattan's Central Park had to be destroyed toward the end of last summer.

As the "season" during which the Asian Longhorned Beetles can be expected to be actively reproducing and spreading approaches, the efforts being coordinated among the United States Department of Agriculture, the New York State Department of Agriculture and Markets and the New York City Department of Parks and Recreation to identify, control and eradicate infestations of the Asian Longhorned Beetle are particularly appropriate for City Council oversight.

On January 28, 2000, Council Speaker Peter F. Vallone wrote to United States Agriculture Secretary Dan Glickman and Parks Commissioner Henry Stern (a copy of that letter is appended to this report) expressing concern for the fate of our City's trees in light of the continued spread of the Asian Longhorned Beetle. Commissioner Stern responded to Speaker Vallone's letter in a letter dated February 28, 2000 (a copy of that letter is appended to this report) outlining the efforts heretofore undertaken by the Department of Parks and Recreation and the State Department of Agriculture and Markets to identify beetle infestations and remove infested trees. By letter dated February 15, 2000, Senator Daniel Patrick Moynihan has indicated his support for Speaker Vallone's request for increased interagency coordination.

Two quarantine zones have already been established, one in Brooklyn and one in Queens, and a third quarantine zone in Manhattan is presently under consideration. The effect of a quarantine zone is to restrict the movement of wood and living plant material from areas where infestations have already been identified in an effort to halt the spread of the Asian Longhorned Beetle.

Congress has allocated several million dollars in this fiscal year's federal budget to assist in efforts to combat infestations of the Asian Longhorned Beetle and to study alternatives to tree destruction as a method of irradicating infestations when identified. Both the State Department of Agriculture and Markets and the City Department of Parks and Recreation have allocated funds for infestation identification and tree removal.

As Your Committee held a hearing on this today we recommend that this matter be filed.

Reports of the Committee on State and Federal Legislation

State Leg. Res. No. 156

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills, introduced by Senator Paterson, S.3201, and Assemblymember Wright, A.3049, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Manhattan to former owner Elisa O'Reilly notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No 1728, Lot No. 16 on tax map for the borough of Manhattan."

The Committee on State and Federal Legislation to which it was referred on June 30, 1999 (Minutes, page 1847) the annexed State Legislation resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 1728, Lot No. 16 on the tax map of Manhattan to Elisa O'Reilly. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of Elisa O'Reilly, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption and urges prompt approval by the state legislature.

State Leg. Res. No. 186

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Marchi, S.4008-A and Assembly Member Vitaliano, A.7259-A, "AN ACT in relation to allowing prior service credit for Joseph K. Mayrose for service as a New York city police department trainee."

The Committee on State and Federal Legislation to which it was referred on February 8, 2000 (Minutes, page 312) the annexed State Legislation resolution respectfully

REPORTS:

This legislation would authorize Joseph K. Mayrose, who was a member of the New York City police pension fund article II Retirement System when he died in a car accident on June 1, 1989, to purchase credit in the police pension fund article II retirement system for prior creditable service in the New York City Employees' Retirement System (NYCERS). Mr. Mayrose was a police department trainee from October 1, 1968 until January 4, 1971, on which date he attained membership in the New York City Police Pension Fund article II retirement system by virtue of having become a police officer. The period of this prior service as a police trainee would be counted as police service for purposes of the redetermination of his death benefit.

In order to purchase the prior credit, Mr. Mayrose's wife would be permitted to pay into the fund either in a lump sum or in a limited number of installments, the contribution amount determined by the comptroller needed to pay the full cost for the previous service.

According to Assemblyman Vitaliano and Senator Marchi's Memorandum in Support, Mr. Mayrose died in 1989, while an active member of the police pension fund system, and the following year the law was changed to allow police officers to obtain service credit for their traineeships.

Revenues (+)	0	0	0
Expenditures (–)	0	25,000	25,000
Net	$0	$25,000	$25,000

Impact on Revenues: There would be no impact on revenue as a result of this legislation.

Impact on Expenditures: This bill's fiscal note written by a private consulting actuary estimates the cost to the City of New York as a result of this legislation would be approximately $25,000 in fiscal year 2000-2001, and would remain constant each fiscal year thereafter.

Accordingly, Your Committee recommends its adoption and urges prompt approval by the state legislature.

State Leg. Res. No. 198

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators Maltese and Velella, S.6364, and Assembly Member Pheffer, A.9374, "AN ACT to amend the administrative code of the city of New York, in relation to calculating the benefits payable by the police superior officers' variable supplements fund provided for in such code".

The Committee on State and Federal Legislation to which it was referred on February 29, 2000 (Minutes, page 455) the annexed State Legislation resolution respectfully

REPORTS:

SLR 198 was originally passed by the Committee as SLR 117 on June 2, 1999. The bill was then amended to reflect the change in the fiscal impact to the City.

This legislation would change the amount that a police superior officer retiree who was hired after July 1, 1988 would receive from the police superior officers' supplement fund. Currently, the defined benefit that such retiree receives from the police superior officers' supplement fund in his or her first year of retirement is $2,500. This amount increases by $500 each year until it reaches the maximum amount of $12,000. This legislation would increase the amount a retiree who was hired after July 1, 1988 receives in his or her first year of retirement so that such retiree receives the same benefits provided to those police superior officer retirees who were hired prior to July 1, 1988. For example, a police superior officer who retires this year would receive a first year payment of $8,000. This amount would increase by $500 each year until the year 2009 when it reaches the maximum amount of $12,000. However, the bill appears to exclude from the legislation's increased benefits, those who were hired after July 1, 1988 but whose first year of retirement occurs in 2008.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01
Revenues (+)	0	0	0
Expenditures (–)	$5,300.000	$5,300.000	$5,300.000
Net	($5,300.000)	($5,300.000)	($5,300.000)

Impact on Revenues: There are no revenue implications associated with this legislation.

Impact on Expenditures: This proposed legislation would result in increased employer contributions by the City of New York as a result of an increase in the actuarial present value of benefits provided in this legislation. The current law provides that all superior officers who were hired after July 1, 1988 and retire for service with twenty or more years of service would receive a defined schedule of benefits starting at an annual rate of $2,500 in the first year of retirement and increase annually thereafter by $500 to a maximum of $12,000. This legislation changes this defined schedule of benefits to $12,000 per year beginning with the benefits payable for calendar year 2009. This bill contains provisions requiring that, in the forthcoming bargaining between the city and the Police Superior Officer Unions (Detective Endowment Association, Sergeants Benevolent Association, Lieutenants Benevolent Association and Captions Endowment Association) for a new collective bargaining agreement, each of these unions shall concede to the City a monetary benefit equal to 0.23% of the compensation of its members.

Accordingly, Your Committee recommends its adoption.

State Leg. Res. No. 203

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Lachman, S.6309, and Assembly Member Cohen, A.9205, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owners Bart Colorafi and Vera M. Colorafi, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 6955, Lot No. 105 on tax map for the Borough of Brooklyn".

The Committee on State and Federal Legislation to which it was referred on March 20, 2000 (Minutes, page 576) the annexed State Legislation resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 6955, Lot No. 105 on the tax map of Brooklyn to Bart Colorafi and Vera A Colorafi. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of Bart Colorafi and Vera M. Colorafi, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption and urges prompt approval by the State Legislature.

State Leg. Res. No. 213

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators Seabrook and Sampson, S.2860-B, and Assembly Member Davis, A.5129-B, "AN ACT to authorize James M. James to transfer retirement service credit from the New York state and local employees' retirement system to the New York city employees' retirement system".

The Committee on State and Federal Legislation to which it was referred on March 20, 2000 (Minutes, page 593) the annexed State Legislation resolution respectfully

REPORTS:

SLR 213 was originally passed by the Committee as SLR 165 on November 23, 1999. The bill was then amended to reflect the change in the time period in which James M. James will be able to transfer his state credit to NYCERS.

This legislation would authorize James M. James, a member of the New York City Employees' Retirement System ("NYCERS"), who was employed by the City of New York from 1963 to 1973, and who then took a leave of absence to work for the State of New York from 1973 to 1980, to transfer his state credit to NYCERS. Upon application to the State Comptroller within one year of the passage of this legislation, James M. James would be permitted to receive his credit.

According to Assemblyman Davis' Memorandum in Support, for reasons which are not attributable to Mr. James' own negligence, his credit in the New York State and Local Employees' System was not transferred to NYCERS upon his return to City employment.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY02	Full Fiscal Impact FY01

Net	$0	$0	$28,000

Impact on Revenues: There would be no impact on revenue as a result of this legislation.

Impact on Expenditures: This bill's fiscal note written by the Actuary for the New York State and Local Employees' Retirement System estimates the cost to the City of New York as a result of this legislation would be a one time cost of approximately $28,000 in fiscal year 2000-2001.

Accordingly, Your Committee recommends its adoption and urges prompt passage by the state legislature.

State Leg. Res. No. 215

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators Maltese, Leibell, Marcellino, Morahan, Padavan, Spano, Trunzo, Velella, S.6737, and Assembly Members Vitaliano, D. Butler, Carrozza, et al., A.9686, "AN ACT to amend the administrative code of the city of New York, in relation to the establishment of a twenty-five year retirement program for members of the New York city employees' retirement system employed as emergency medical technicians and advanced medical technicians (paramedics); and to amend the retirement and social security law, in relation to the establishment of twenty-five year retirement programs for such members who are subject to articles 11 and 15 of such law".

The Committee on State and Federal Legislation to which it was referred on March 20, 2000 (Minutes, page 594) the annexed State Legislation resolution respectfully

REPORTS:

Currently, EMTs and paramedics as well as EMS lieutenants, captains and chief officers in the New York City Fire Department are members of various retirement programs included in Tiers I, II, III and IV of the New York City Employees Retirement System. None of these programs include a twenty-five year retirement program where a member can retire regardless of his or her age. This legislation would create a twenty-five year retirement plan, regardless of age, for EMTs and paramedics, as well as EMS lieutenants and captains and EMS chief officers in the New York City Fire Department. This new retirement plan would be self-funded and members' pension contributions would be increased by an additional 6.25 percent to cover the costs of the new plan. Current EMTs, paramedics, EMS lieutenants and captains and EMS chief officers would have the option of participating in the new plan as long as they exercise that option at least twelve months prior to retiring under such plan. All future EMTs and paramedics, EMS lieutenants, captains and chief officers would be required to participate in this new plan, paying an additional 6.25 percent in pension contributions provided they are under the age of thirty upon becoming an EMT, paramedic, EMS lieutenant, captain or chief officer. If they are over the age of thirty, they would have the option of not participating.

According to Senator Maltese's Memorandum in Support, EMS lieutenants and captains and EMS chief officers perform a vital function, which is physically and mentally demanding. On a daily basis, these individuals are faced with potentially dangerous situations such as criminal acts against EMS personnel, motor vehicle accidents and the exposure to infectious diseases. According to the Memorandum, as individuals get older it becomes more difficult to effectively handle the physical and mental demands placed upon them. Injuries become more frequent and recovery time increases. This has been recognized in the past and early retirement programs have been granted to New York City police, fire and correction personnel.

The Memorandum also states that a significant number of EMS personnel do not live long enough to enjoy their retirement. Since 1990, fifteen members have retired. Of those fifteen, six died before the age of sixty and four died within four years of retirement. The granting of an improved retirement program would recognize the demanding physical and mental nature of the job and would provide New York City EMS personnel pension parity with other New York City public safety employees.

SLR 215, is a combination of two SLRs originally passed by this committee last year—SLR 98 and SLR 157.

Impact on Revenues: There would be no impact on revenue as a result of this legislation.

Impact on Expenditures: There would be no cost to the City of New York as a result of this legislation because it is expected that there would be a sufficient number of new hirees under age 25 that will be mandated into this improved retirement plan to offset the cost, if any, associated with the current members who will benefit from this improved plan.

Accordingly, Your Committee recommends its adoption and urges prompt passage by the state legislature.

State Leg. Res. No. 216

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators Maltese, Leibell, Marcellino, Padavan, Spano, Trunzo and Velella, S.6694, and Assembly Members Vitaliano, Aubry, Carrozza, McLaughlin, Nolan, Pheffer and Ramirez, et al., A.9646, "AN ACT to amend the administrative code of the city of New York, in relation to the establishment of a twenty-five year retirement program for members of the New York city employees' retirement system employed as fire alarm dispatchers; and to amend the retirement and social security law, in relation to the establishment of twenty-five year retirement programs for such members who are subject to articles 11 and 15 of such law".

The Committee on State and Federal Legislation to which it was referred on March 20, 2000 (Minutes, page 595) the annexed State Legislation resolution respectfully

REPORTS:

Currently, fire alarm dispatchers in the New York City Fire Department are members of various retirement programs included in Tiers I, II, III and IV of the New York City Employees Retirement System. None of these programs include a twenty-five year retirement program where a member can retire regardless of his or her age. This legislation would create a twenty-five year retirement plan, regardless of age, for fire alarm dispatchers in the New York City Fire Department. This new retirement plan would be self-funded and members' pension contributions would be increased by an additional six percent to cover the costs of the new plan. Current fire alarm dispatchers would have the option of participating in the new plan as long as they exercise that option at least twelve months prior to retiring under such plan. All future fire alarm dispatchers would be required to participate in this new plan and to pay an additional six percent in pension contributions provided they are under the age of thirty upon becoming a fire alarm dispatcher. If they are over the age of thirty, they would have the option of not participating.

According to Senator Maltese's Memorandum in Support, the City's 190 fire alarm dispatchers handled more than 1,000,000 emergency assistance calls last year. The Memorandum states that the number of actual emergencies handled by fire dispatchers on a daily basis creates a very stressful work environment. Fire dispatchers must deal with emergency callers who are themselves under great stress and may be trapped in burning or smoke-filled buildings. These individuals are required to make life and death decisions every day. According to the Memorandum, the stress involved in their daily work invariably leads to a variety of recurring health and personal problems. In view of these recurring problems, it would be equitable for fire alarm dispatchers to have the option of a twenty-five year retirement program.

SLR 216 was originally passed by the Committee as SLR 102 on May 25, 1999.

REPORTS:

Int. No. 351-A amends the Administrative Code of the City of New York by adding a new section 12-139 to Chapter 1 of title 12 to allow New York City employees to use pre-tax earnings to purchase qualified transportation benefits, such as TransitChek, a federal transit subsidy program which was designed to encourage the use of mass transit and to reduce the number of automobile trips. The amount employees set aside for TransitChek would be excluded from an employee's gross income for income tax purposes, would be exempt from payroll taxes payable by the employer and would be tax deductible for the employer.

Int. No. 351 was amended since its introduction to clarify that qualified transportation benefits would not include the use of a parking space for an automobile. A prior version of Int. No. 351-A would have required the City Comptroller and the Office of Payroll Administration to promulgate rules for the implementation and administration of the bill.

TransitCenter, which operates out of the World Trade Center, was established by legal compact in 1986 between the Metropolitan Transportation Authority, the Port Authority of New York and New Jersey and New Jersey Transit to service the tri-state area in the administration and implementation of the TransitChek program.

Int. No. 351-A would take effect ninety days after its enactment into law, provided however, that the Office of Payroll Administration is required take such measures as are necessary for its implementation, including the promulgation of rules, if required, prior to such effective date.

The Council passed Int. No. 351-A on February 29, 2000 and it was vetoed by the Mayor on March 22, 2000. The Mayor's Veto Message (M-817) was submitted to the Council on March 29, 2000. A copy of the bill and the Veto Message are annexed.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	($2,699,804)	($5,399,608)	($5,399,608)
Expenditures (–)	$2,926,154	$6,034,481	$6,034,481
Net	$226,350*	$634,873*	$634,873*

Impact on Revenues: This estimated reduction in revenue reflects a 3.8 percent personal income tax loss on a set amount of earnings from participating City employees. (The set amount of earnings is currently capped at $65 according to Federal law — after December 31, 2001, the cap will increase to $100.)

Impact on Expenditures: This legislation would allow for expenditure savings. The City would realize annual FICA savings of approximately $4.5 million in Fiscal 2000 and approximately $9.1 million in Fiscal 2001. The estimated savings noted in the expenditure row reflects this FICA savings less payments to the TransitCenter for TransitChek services and other administrative costs. The TransitCenter generally levies a four percent surcharge for services. It is our understanding that the City recently negotiated a two percent surcharge.

The net savings as noted above assume a 100% participation rate.

Accordingly, Your Committee recommends its adoption, as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to allowing city employees to use pre-tax earnings to purchase qualified transportation benefits in accordance with Federal law.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 12 of the administrative code of the city of New York is amended by adding a new section 12-139 to read as follows:

§ 12-139 Election of qualified transportation benefits in lieu of taxable dollar compensation. Employees of the city of New York shall be permitted to use pre-tax earnings to purchase qualified transportation benefits, other than qualified parking, in accordance with federal law and shall thereupon be entitled to such personal income tax benefits as may be authorized by such law.

§ 2. This local law shall take effect ninety days after its enactment into law, provided however, that the office of payroll administration shall take such measures as are necessary for its implementation, including the promulgation of rules, if required, prior to such effective date.

The intent is to return the properties to private ownership.

The Committee recommends the approval of the decision of the City Planning Commission as modified.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1310

Resolution approving with modifications the decision of the City Planning Commission on ULURP No. C 990448 PPM, for the disposition of fourteen (14) city-owned properties located at 194 Stanton Street (Block 345/Lot 32; 166 and 164 Stanton Street (Block 350/Lots 31 and 32); 129 Stanton Street and 159 Norfolk Street (Block 354/Lots 16 and 18); 306, 310 and 312 East 3rd Street (Block 372/Lots 26,28 and 29); 228 and 230-32 East 3rd Street (Block 385/Lots 19 and 20); 246, 244 and 242 East 2nd Street (Block 385/Lots 47, 48 and 49) and 229 Eldridge Street (Block 422/Lot 65), Manhattan (L.U. No. 689).

By Council Members Eisland and Linares:

Whereas, the City Planning Commission filed with the Council on February 17, 2000 its decision dated February 16, 2000 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Department of Citywide Administrative Services, for the disposition of fourteen (14) city-owned properties pursuant to zoning, located at 194 Stanton Street (Block 345/Lot 32; 166 and 164 Stanton Street (Block 350/Lots 31 and 32); 129 Stanton Street and 159 Norfolk Street (Block 354/Lots 16 and 18); 306, 310 and 312 East 3rd Street (Block 372/Lots 26, 28 and 29); 228 and 230-32 East 3rd Street (Block 385/Lots 19 and 20); 246, 244 and 242 East 2nd Street (Block 385/Lots 47, 48 and 49) and 229 Eldridge Street (Block 422/Lot 65), Borough of Manhattan (ULURP No. C 990448 PPM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on March 22, 2000; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

Pursuant to Section 197-d of the City Charter and on the basis of the Application and the Decision, the Council approves the Decision with the following modifications:

1. The first attempt at disposition of the property located at 194 Stanton Street (Block 345/Lot 32) shall be with an accessory, extension or enlargement restriction and if unsuccessful, pursuant to zoning.
2. The properties located at 166 and 164 Stanton Street (Block 350/Lots 31 and 32) shall be withheld from auction until March 2003.
3. The properties located at 129 Stanton Street and 159 Norfolk Street (Block 354/Lots 16 and 18) are deleted.
4. The properties located at 306, 3 10 and 312 East 3rd Street (Block 372/Lots 26, 28 and 29) are deleted.
5. The properties located at 228 and 230-232 East 3rd Street (Block 385/Lots 19 and 20) are deleted.
6. The properties located at 246, 244 and 242 East 2nd Street (Block 385/Lots 47, 48 and 49) are deleted.
7. The property located at 229 Eldridge Street (Block 422/Lot 65) is deleted.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Introduction and Reading of Bills

Int. No. 733

By The Speaker (Council Member Vallone) and Council Members Sabini, Carrion, Linares, Malave-Dilan, Berman, Henry, Nelson and Stabile; also Council Members Koslowitz, Michels, O'Donovan, Povman and Ognibene

A LOCAL LAW to amend the New York City Charter to prohibit city agencies from hiring persons who are required to register with the federal selective service system and have failed to register.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. The Council of the City of New York finds that it is in the best interest of the City and its citizens to require that prospective City employees, who are required to register with the federal Selective Service System, complete such registration. The Military Selective Service Act requires all males, who are at least 18 years old but not yet 26 years old, to register with the Selective Service System, a federal agency responsible for registering young men for a draft in the event of a national crisis or emergency. Historically, the rate of compliance in metropolitan areas lags behind the national average.

Selective Service System registration also establishes eligibility for a wide range of benefits. Registration is a prerequisite for federal student financial aid, job training programs and appointment to most federal jobs. Several states have enacted similar requirements for student financial aid and appointment to state jobs. In addition, the Immigration and Naturalization Service requires proof of registration as a condition for eligibility to apply for citizenship.

Accordingly, the Council finds that it is in the best interest of the City of New York to ensure that agencies hire only those individuals who satisfy the requirements of the federal Military Selective Service Act.

Section 2. Chapter 49 of the Charter of the City of New York is hereby amended by adding a new section 1136.2, to read as follows:

Section 1136.2. ***Registration with the federal selective service system.***

1. No person under the age of twenty-six who is required to register with the selective service system pursuant to the federal military selective service act may be employed by the city of New York or any of its agencies or instrumentalities without providing proof of such registration or exception from registration.

a. Proof of selective service system registration shall consist of any form of proof accepted by the selective service system as proof of registration.

2. Selective service system registration materials may be distributed at city agencies at the discretion of such agencies.

§ 3. This local law shall become effective immediately. Employees of the city of New York, its agencies or instrumentalities, under the age of twenty-six and hired prior to the effective date of this local law, who are required to register with the federal selective service system but have failed to do so, shall have 60 days from the effective date of this local law to satisfy the requirements of the federal military selective service act.

Referred to the Committee on Civil Service and Labor.

Res. No. 1285

Resolution commemorating April 22, 2000 as the 30th Anniversary of Earth Day and urging all New Yorkers to join in its celebration.

By the Speaker (Council Member Vallone) and Council Members Michels, Berman, DiBrienza, Malave-Dilan, Freed, Henry, Lopez, Nelson and Stabile; also Council Members Eisland, Fisher, Foster, Harrison, Koslowitz, Leffler, Marshall, Miller, O'Donovan, Perkins, Pinkett, Povman, Quinn, Rivera, Robinson, Wooten and Golden

Whereas, This year marks the 30th Anniversary of Earth Day; and

Whereas, The first Earth Day was held on April 22, 1970, during which time an estimated twenty million people in the United States attended events held in every state and nearly every city and county to focus national attention on the environment; and

Whereas, Here in New York City, Mayor John Lindsay closed Fifth Avenue to automobiles and more than 100,000 people attended an ecology fair in Central Park; and

Whereas, The United States Congress adjourned for the day so that members of the House and Senate could participate in environmental events in their districts; and

Whereas, Earth Day was designed to make environmental protection a major national issue that elected officials had to address; and

Whereas, The first Earth Day inspired a burst of legislative activity in Congress, all 50 states and in many municipalities; and

Whereas, During the decade that followed, Congress passed 28 major pieces of legislation designed to improve the environment, including the Clean Air Act of 1970, the Clean Water Act of 1972, the Coastal Zone Management Act of 1972, the Endangered Species Act of 1973, the Marine Protection, Research and Sanctuaries Act of 1972, the Resource Conservation and Recovery Act of 1976, and the Surface Mining and Control Act of 1977; and

Whereas, The City Council has embraced environmental protection as one of its critical missions and has passed a host of environmental legislation since the first Earth Day, including laws on recycling, the use of alternative fuels, the right of citizens to know about the use of hazardous substances in their communities, the regulation of medical waste disposal, the banning of apartment house incinerators, the development of risk management plans by companies that use toxic substances and other laws to protect and maintain the quality of our air, land and water for future generations; and

Whereas, The first Earth Day was a huge success because of the enthusiastic response of people at the grassroots level who cared about the Earth and its environment; and

Whereas, On Sunday, April 16, 2000, Earth Day New York, a non-profit organization formed in 1989 by a coalition of environmental groups, will host Earth Fair 2000, a free one-day environmental theme park in Battery Park and the South Street Seaport sponsored by a consortium of government agencies, environmental groups and corporations which will feature interactive exhibits, music and activities to celebrate our environment; *now, therefore, be it*

Resolved, That the Council of the City of New York commemorates April 22, 2000 as the 30th Anniversary of Earth Day and urges all New Yorkers to join in its celebration.

Res. No. 1286

Resolution calling upon the State to act immediately to prohibit Con Edison from recovering from its ratepayers costs related to the February 15, 2000 radiation leak at its Indian Point 2 Nuclear Facility.

By the Speaker (Council Member Vallone) and Council Members Berman, Malave-Dilan, Freed, Nelson and Stabile; also Council Members DiBrienza, Fisher, Foster, Harrison, Koslowitz, Leffler, Michels, Pinkett, Quinn and Robinson

Whereas, On February 15, 2000 a leak occurred in a tube in a steam generator used in Con Edison's Indian Point 2 Nuclear Facility which reportedly resulted in a release of radioactive water into the generator as well as the environment surrounding the plant in Buchanan, New York; and

Whereas, According to news reports in the aftermath of the leak and subsequent shut-down of the plant, the tube which cracked was in one of the four steam generators used in the plant which Con Edison had continued to use in spite of concerns over, and litigation surrounding, the quality of the generators; and

Whereas, Con Edison alleged in a lawsuit against the manufacturer of the generators in the early 1980s that the generators and their tubes were prone to cracking and corrosion, and in the wake of the controversy obtained four new generators in the late 1980s which the utility company never used to replace the ones which were the subject of its concerns and litigation; and

Whereas, According to news reports and testimony at a New York State Assembly Energy Committee Hearing, all other nuclear operators except for Con Edison that had been using the same type of generators as those at issue in the litigation had already replaced those generators; and

Whereas, According to news reports, Con Edison has announced its intention to begin passing onto its consumers — most of which are New York City residents — the cost of replacing the power normally produced by the Indian Point 2 facility, estimated at an average of $600,000 per day; and

Whereas, To allow this cost to be passed onto New York City ratepayers both saddles them with an unfair financial burden and allows a public utility to avoid responsibility for its decisions, and could even provide a disincentive for it to exercise greater caution in the future when making decisions as to the upgrading and replacement of components; and

Whereas, The State Assembly has already adopted legislation which would prevent Con Edison from recovering these costs from its ratepayers and the State Senate is currently considering similar legislation, S.7094; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the State to act immediately to prohibit Con Edison from recovering from its ratepayers costs related to the February 15, 2000 radiation leak at its Indian Point 2 Nuclear Facility.

Adopted.

State Leg. Res. No. 228

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Kruger, S.7230, and Assembly Member Seddio, A.10307, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owners Kenneth Sherman and Dolores Sherman, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 8521, Lot No. 60 on tax map for the borough of Brooklyn".

By Council Member Berman:

Whereas, bills have been introduced in the New York State Legislature by Senator Kruger, S.7230, and Assembly Member Seddio, A.10307, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owners Kenneth Sherman and Dolores Sherman, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 8521, Lot No. 60 on tax map for the borough of Brooklyn"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Int. No. 734

By Council Member Cruz (by request of the Mayor):

A LOCAL LAW to amend the charter of the city of New York, in relation to offices held by members of the police department.

Be it enacted by the Council as follows:

Section 1. The opening paragraph of section 1129 of the charter of the city of New York, as amended by vote of the electors at the general election held on November 7, 1989, is amended to read as follows:

§ 1129. Members of the police department; no other office. Any police commissioner or any member of the police force who shall accept any additional place of public trust or civil emolument except as a member of a community board, or who shall during his or her term of office be nominated for any office elective by the people, except a member of the police force appointed, nominated or elected to a board of education outside of the city of New York *or to a board of fire commissioners established in accordance with 3-308 of the village law or section one hundred seventy-four of the town law,* and shall not, within ten days succeeding same, decline the said nomination, shall be deemed thereby to have resigned his or her commission and to have vacated his or her office, and all votes cast at any election for any person holding the office of police commissioner, or within thirty days after he or she shall have resigned such office, shall be void.

§ 2. This local law shall be effective immediately.

Res. No. 1287

Resolution recognizing April 14-April 15, 2000 as National Youth Service Day in the City of New York and urging all New Yorkers to participate in its program of promoting the hope and promise of youth.

By Council Members Eisland. Fisher, Clarke, Malave-Dilan, Henry, Lopez, Nelson, Golden and Stabile; also Council Members Foster, Leffler, Marshall, Michels, Perkins, Quinn, Rivera, Robinson, Warden, Wooten and Ognibene

Whereas, National Youth Service Day was founded in 1988 by Youth Service America, an alliance of 175 community-conscious organizations, and since its inception, it has helped to promote volunteerism and community spirit; and

Whereas, National Youth Service Day aims to celebrate the energy and hope of young people across the country; and

Whereas, Thousands of local organizations and schools throughout the country participate in National Youth Service Day by sponsoring community service projects, concerts, youth achievement awards ceremonies and various other events that celebrate and promote the achievements of young people; and

Whereas, National Youth Service Day activities have brought together scores of people of all ages and from all facets of society to volunteer their time and energy for the benefit of the community-at-large; and

Whereas, Youth Service America has continuously done an exceptional job in sponsoring National Youth Service Day, having worked with organizations like the National League of Cities and the Red Cross to ensure that the message reaches all 50 states and the District of Columbia; and

Whereas, New York City has been designated one of 20 key media cities for National Youth Service Day; *now, therefore, be it*

Resolved, That the Council of the City of New York recognizes April 14-April 15, 2000 as National Youth Service Day in the City of New York and urges all New Yorkers to participate in its program of promoting the hope and promise of youth.

Adopted.

State Leg. Res. No. 229

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Marchi, S.7130, and Assembly Members Connelly, Vitaliano and Straniere, A.10168,"AN ACT to amend the public authorities law, in relation to the provision of express bus service to the south shore of Staten Island".

By Council Members Fiala, Oddo, Freed, Golden and Stabile; also Council Members Harrison, O'Donovan and Provenzano

Whereas, bills have been introduced in the New York State Legislature by Senator Marchi, S.7130, and Assembly Members Connelly, Vitaliano and Straniere, A.10168,"AN ACT to amend the public authorities law, in relation to the provision of express bus service to the south shore of Staten Island"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Res. No. 1288

Resolution in support of the Million Mom March on Mothers' Day 2000 in Washington, D.C. and calling on Congress to pass sensible gun legislation to protect our communities.

By Council Members Fisher, Clarke, Freed, Henry, Lopez, Michels and Stabile; also Council Members DiBrienza, Eisland, Foster, Harrison, Koslowitz, Leffler, Linares, Marshall, Miller, Perkins, Provenzano, Rivera, Robinson, Rodriguez, Warden, Wooten and Golden

Whereas, In the past year, we have seen unprecedented shootings in schools, churches and workplaces and every year in the United States, approximately 5,000 children die from gunfire; and

Whereas, Every day a dozen children die from gun-shot wounds and each day that there is no action on this issue we lose twelve more children, yet Congress has failed to pass laws to keep our children safe from guns; and

Whereas, the Million Mom March is a movement of mothers from all over the country, many of whom have lost children, husbands, siblings and friends to gun violence and others who want to prevent tragedy from occurring, have joined together to demand sensible gun laws that protect our children; and

Whereas, On May 14, 2000, mothers, fathers, honorary parents, grandparents, teachers, community leaders and children will attend events in Washington, D.C. and in dozens of communities across the nation to send a strong message to Congress that they must take responsible action this session by passing sensible gun laws; and

Whereas, The goal of the Million Mom March is to enact reasonable, common sense, enforceable laws that would require licensing and registration, cooling off periods, background checks, safety training, child-proofing, and stricter enforcement while recognizing that guns may be necessary for hunting, law enforcement and national security; *now, therefore, be it*

Resolved, That the Council of the City of New York supports the Million Mom March on Mothers' Day 2000 in Washington, D.C. and calling on Congress to pass sensible gun legislation to protect our communities.

Adopted.

By Council Members Harrison, Sabini, Carrion, Malave-Dilan, Freed, Henry, Koslowitz, Linares, Nelson and Provenzano; also Council Members DiBrienza, Foster, Leffler, Marshall and O'Donovan

A LOCAL LAW to amend the administrative code of the city of New York, in relation to grease and oil generated from food service establishments.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 24523 of the administrative code of the city of New York is amended by adding new paragraphs sixteen through twenty-one to read as follows:

16. Food service establishment. A place where food is provided directly to the consumer, whether such food is provided free of charge or sold and whether consumption occurs on or off the premises or is provided from a pushcart, stand or vehicle.

17. Grease and oil. Any substance, such as biodegradable animal fat and vegetable oil, or any relatively non-volatile, non-biodegradable petroleum hydrocarbon which is produced as a result of the operation of a food service establishment.

18. Interceptor. A sewer which receives the dry weather flow from a number of traverse combined or sanitary sewers and conducts such sewage to a water pollution control plant. During storms it receives predetermined quantities of dry-weather flow admixed with stormwater and conducts commingled sewage to a water pollution control plant.

19. Grease and oil traps. A device which is installed to prevent or reduce the discharge of pollutants such as oil and grease into the public sewer system.

20. Indirect discharge. A discharge from a private sewer to a public sewer, or other wastewater discharged so as to enter a public sewer.

21. Direct discharge. A discharge to a public sewer from a house sewer.

Section 2. Subdivision d of section 24523 of the administrative code of the city of New York is amended to read as follows:

d. Sampling of industrial wastes, *grease or oil. 1.* Whenever sewage, industrial waste, or other waste which has characteristics which do not conform to the characteristics prescribed for normal sewage or receivable industrial waste pursuant to paragraphs ten and eleven of subdivision a of this section, or which contains toxic substances or other material or substance excluded from the sewer system by the commissioner pursuant to this section, *or grease or oil produced by a food service establishment,* is discharged into the sewer system from any premises, the commissioner shall have the power to take such samples and tests as may be necessary to determine the nature and concentration of such wastes, and shall have the power to reassess his or her findings by taking such additional samples or tests at any time or by periodic rechecks without notice to the owner or person discharging such wastes. Samples shall be taken and flow measurements made, whenever possible, at a common manhole into which all flows of sewage, industrial waste, *grease and oil,* or other waste from such premises are combined. Such manhole shall be constructed by the owner of such premises, at his or her own expense, when directed by order of the commissioner. Whenever the installation of such a manhole is impossible or impracticable, the owner of such premises shall construct and maintain at his or her own expense, any additional manholes required by order of the commissioner, for accurate measurement of all flow of sewage, industrial waste, *grease and oil,* or other wastes discharged from such premises into the sewer system. Failure to comply with an order of the commissioner issued pursuant to this subdivision may subject the premises to temporary termination of water supply in accordance with the provisions of section 11-314 of the code.

2. A grease trap shall be installed in every waste line of a food service establishment which may receive grease or oil, which would result in a direct or indirect discharge, including, but not limited to, those resulting from pot wash sinks, cooking equipment, food scrap sinks, scullery sinks, meat and/or poultry and/or fish preparation sinks, floor drains, automatic dishwashers, scraper sinks or other equipment or devices used in the operation of a food service establishments.

3. A grease trap shall be properly installed, maintained and operated in accordance with rules promulgated by the commissioner pursuant to subdivision e of this section.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to creating a parents' right to know about environmental hazards in and around public school buildings.

Be it enacted by the Council as follows:

Section 1. Title 24 of the administrative code of the city of New York is amended by adding thereto a new chapter 8 to read as follows:

Chapter 8

Parents' Right-to-Know Law

§ 24-801 ***Short title.*** *This chapter shall be known and may be cited as the "New York City Parents' Right-to-Know Law."*

§ 24-802 Definitions. For the purpose of this chapter, the following terms shall have the following meanings:

(a) "School facility" means any structure, or any portion thereof, operated by or on behalf of the board of education of the city of New York for use as a classroom for the instruction of students or for the administration of educational or research programs, including any playground or playground equipment, gymnasium, cafeteria or other facility designed for athletic or recreational activities or for an academic course in physical education, whether or not the board of education or the city of New York holds title to such structure.

(b) "School grounds" means the premises, or any portion thereof, of a school facility.

§ 24-803 ***Right of Access to Information.*** *(a) Every (i) parent or guardian of a child under the age of eighteen in a school facility, and (ii) employee of the board of education of the city of New York who works in a school facility shall have a right to receive, upon written request with or without citation to this chapter, a copy of any report of any inspection, test or analysis of environmental conditions, building conditions or renovation activity in the child's or employee's school or on such school grounds, where such report is related to air quality, drinking water quality, dust or fumes, lead-based paint or other toxic or potentially toxic substances. Such persons shall also have a right to receive a copy of any report of inspections, tests or analyses regarding any environmental contamination or hazard within five hundred feet of such school facility. The documents subject to this chapter shall include, but not be limited to, all test results, analyses or findings conducted by or on behalf of the board of education, the New York city school construction authority or any other agency of the city of New York, the state of New York or the federal government for the purpose of determining whether environmental conditions require remediation of a site or pose a risk to the health of any student or employee, if a copy of such document is in the possession of a city agency.*

(b) Any city agency that prepares or is in possession of a document covered by subdivision (a) of this section shall provide a copy of the report to the commissioner of the department of environmental protection. In addition, whenever a city agency shall issue a written notice of violation for a violation of any law, code, rule or regulation regarding public health or safety, the condition of a building, any building system or appurtenance thereto or any form of work performed in connection with the erection, enlargement, repair, remodeling or repainting of a school facility, the agency shall provide a copy of such written notice to the commissioner of the department of environmental protection.

(c) The commissioner of environmental protection shall provide to the principal or director of the affected school facility or school grounds two copies of every report and notice of violation relating to such school facility or school grounds provided to or in the possession of the department pursuant to this section upon receipt. The commissioner shall also prepare and provide to such principal or director a posting including (i) the name of the school facility affected; (ii) the title of the report or a citation to the law, code, rule or regulation for which the notice of violation was issued; (iii) the date the

report was prepared or notice of violation was issued; (iv) the date the report or notice of violation was provided to the principal or director of the school facility affected; and (v) the name of the agency that prepared the report or for whom the report was prepared, or that issued the notice of violation. The department of environmental protection shall maintain a log of all information contained in the postings it prepares and provide access to that log through a site on the internet.

(d) Every report and notice of violation provided to the principal or director of a school facility shall be made available to parents or guardians of students and employees at that facility for review upon their request. The principal shall provide a copy of every report and notice of violation to the president of the parents association in such school and shall post information regarding the opportunity to review the report or notice of violation in a conspicuous location at such school facility so that parents and employees are duly informed. Copies of reports or notices of violation shall be made available to parents and guardians of students and employees at an affected facility upon written request at a cost of five cents per page.

§ 24-804 ***Dispute Resolution.*** *(a) A parent, guardian or employee who believes that an agency has failed to comply with any provision of this chapter may file a written complaint with the commissioner of environmental protection, in such form and manner as determined by rules promulgated by the department. The complaint shall identify (i) the school facility; (ii) the agency that is allegedly in non-compliance; and (iii) the nature of the alleged violation.*

(b) Within five business days of receiving a complaint, the commissioner shall make a determination as to the validity in whole or part of the complaint and shall notify the complainant, the affected agency and/or school facility of the determination and the reasons therefor. Where the commissioner determines that a violation of the law has occurred, the commissioner shall request the affected agency and/or school facility to correct the violation within five business days of receipt of the determination. A copy of the determination shall be forwarded to the mayor and the chancellor of the board of education.

§ 24-805 ***Exemptions.*** *This chapter shall not apply to any portion of any report that: (i) is specifically exempted from disclosure by state or federal law, code, rule or regulation; (ii) if disclosed would constitute an unwarranted invasion of personal privacy under article 6 of the New York state public officers law; (iii) if disclosed would impair present or imminent contract awards or collective bargaining negotiations; (iv) is compiled for law enforcement purposes and if disclosed would (1) interfere with law enforcement investigations or judicial proceedings; (2) deprive a person of a right to a fair trial or impartial adjudication; (3) identify a confidential source or disclose confidential information relating to a criminal investigation; or (4) reveal criminal techniques or procedures, except routine techniques and procedures; or (v) if disclosed would endanger the life or safety of any person.*

§ 24-806 ***Rules.*** *The commissioner shall have the power to promulgate such rules as may be necessary to carry out the purposes of this chapter.*

§ 2. This local law shall take effect immediately.

Referred to the Committee on Education.

Int. No. 741

By Council Member Spigner (by request of the Mayor):

A LOCAL LAW to amend the New York city charter and the administrative code of the city of New York, in relation to the electrical code and repealing sections 27-3004, 27-3011, 27-3012, 27-3022 through 27-3183 and 27-3184 through 27-3307 of the administrative code in relation thereto.

Be it enacted by the Council as follows:

Section 1. Subdivision (7) of section 643 of the New York city charter is amended to read as follows:

(7) the regulation, inspection and testing of *electric wires and* wiring *apparatus* and *other* appliances *used or to be used* for *the transmission of electricity for* electric light, heat [and], power, *signaling, communication, alarm and data transmission* in or on any building or structure in the city;

§ 2. Paragraph b of subdivision 5 of section 1041 of such charter, as amended by local law number 42 for the year 1989, is amended to read as follows:

b. "Rule" shall not include any (i) statement or communication which relates only to the internal management or personnel of an agency which does not materially affect the rights of or procedures available to the public; (ii) form, instruction, or statement or communication of general policy, which in itself has no legal effect but is merely explanatory; (iii) statement or communication concerning the allocation of agency resources or personnel; (iv) statement or, communication for guiding, directing or otherwise regulating vehicular and pedestrian traffic, including but not limited to any statement or communication controlling parking, standing, stopping or a construction detour, the contents of which is indicated to the public in signs, signals, markings and similar devices, the determination and installation of which is based on engineering or other technical considerations not involving substantial policy considerations; (v) statement or communication effecting a non-continuous closing of a street; (vi) statement or communication adopted pursuant to sections fifty-one, one hundred ninety-seven-a except pursuant to the first sentence of subdivision b or the third sentence of subdivision c of section one hundred ninety-seven-a, one hundred ninety-seven-c except pursuant to subdivisions i and l of section one hundred ninety-seven-c, one hundred ninety-nine, two hundred, two hundred one, two hundred two and seven hundred five of this charter;[or] (vii) building code reference standards amended, revised or added by the commissioner of the department of buildings in consultation with the fire commissioner on all issues relating to fire safety after notice and a public hearing and published as part of the administrative code*; or (viii) electrical code reference standards amended, revised or added by the commissioner of the department of buildings after notice and a public hearing and published as part of the administrative code.*

§ 3. The organization of chapter three of title twenty-seven of the administrative code of the city of New York into subchapters and articles is REPEALED, provided that the sections comprising such chapter shall remain in effect unless amended or repealed by specific sections of this local law.

§ 4. Section 27-3004 of such code is REPEALED and a new section 27-3004 is added to read as follows:

§ 27-3004. Definitions. Unless otherwise expressly stated, the following terms whenever used in this chapter or in any rule or reference standard promulgated pursuant to this chapter, shall mean:

COMMISSIONER: The commissioner of buildings.

DEPARTMENT: The department of buildings.

ELECTRICAL WORK: The installation, alteration, maintenance, or repair of electric wires and wiring apparatus and other appliances used or to be used for the transmission of electricity for electric light, heat, power, signaling, communication, alarm or data transmission.

EMPLOYEE: An individual who is on the payroll of an employer and who under the usual common law rules applicable in determining the employee-employer relationship has the status of an employee. Such term shall not include an independent contractor.

JOURNEYMAN: An individual who has demonstrated a progressive understanding, proficiency and competence in the electrical trade, which shall include:

a. A working familiarity with the electrical code and the electrical code reference standard and the ability to apply the code requirements correctly;

b. The application of basic electrical theory and the utilization of trade math skills on the job site;

c. A working knowledge of the tools of the trade and the ability to utilize them properly; and

d. An ability to draft simple diagrams and interpret from drawings for the purpose of the installation, alteration or repair of electric wiring or appliances for light, heat and power.

LOW VOLTAGE ELECTRICAL WORK: The installation, alteration, maintenance or repair of electrical wiring that is designed to operate at less than fifty volts for signaling, communication, alarm, and data transmission circuits except that such term shall not include the installation, alteration, maintenance or repair, regardless of voltage, of any such wiring which connects to, is a part of or is located within:

(a) life safety systems as defined by rule of the commissioner, including but not limited to (i) those safety systems and features listed in subparagraphs a through n of paragraph three of subdivision a of section 27-228.2 of the administrative code and (ii) alarm and extinguishing systems subject to building code reference standards RS 17-3, RS 17-3A, RS 17-3B, and/or RS 17-3C,

(b) class I, II or III hazardous locations as described in the electrical code reference standard, including but not limited to certain areas within commercial garages as set forth therein, aircraft hangers, gasoline dispensing and service stations, bulk fuel storage plants and facilities which may be utilized for spray applications or for a dipping and coating process,

(c) intrinsically safe systems as described in the electrical code reference standard, or

(d) a point of connection to or interfacing with a control circuit which activates light, heat or power circuits.

LOW VOLTAGE INSTALLER: An individual who is certified by the commissioner to act as the representative of a business entity authorized pursuant to this chapter and the rules of the department to perform low voltage electrical work in or on any building, premises or lot in the city. An individual so certified shall have full responsibility on behalf of such business entity for the manner in which such work is done and for the selection, supervision and control of employees of such business entity who perform such work. Such individual shall be an employee of the business entity which he or she represents and shall supervise, direct and be responsible for only the work of the employees of such business entity. Such individual shall not represent more than one business entity.

MASTER ELECTRICIAN BUSINESS: A sole proprietorship, partnership or corporation authorized by the commissioner to engage in or carry on, as an independent contractor and as its regular business, the business of performing electrical work in or on any building, premises or lot in the city under a license issued to a master electrician.

MASTER ELECTRICIAN'S LICENSE: The license issued to an individual who has passed the required examination and tests and who otherwise qualifies for the issuance of such license pursuant to this chapter. An individual who holds such license shall be known as a master electrician.

RESPONSIBLE REPRESENTATIVE: A master electrician who has the authority to make final determinations and who has full responsibility on behalf of a master electrician business for the manner in which electrical work is done and for the selection, supervision and control of all employees of such business who perform such work. A partnership or corporation shall designate one master electrician who is a partner of such partnership or an officer of such corporation to be the responsible representative of such partnership or corporation. The proprietor of a sole proprietorship shall be the responsible representative of such sole proprietorship. A master electrician shall not be the responsible representative of more than one partnership or corporation and shall file for, supervise, direct and be responsible for only the work of such partnership or corporation. If the master electrician business is in the form of a sole proprietorship, only the master electrician who owns such business shall be the responsible representative of such business and shall file for, supervise, direct and be responsible for only his or her own work and the work of his or her employees. Notwithstanding the foregoing provisions, where the department has issued a violation notice for work performed by an unlicensed person or work performed without the required permit and/or application for certificate of inspection and where such work is otherwise in compliance with the electrical code and the electrical code reference standard, a responsible representative may file an application for a permit and/or certificate of inspection or take any other actions with respect to such work directed by the department to address the violation.

SPECIAL ELECTRICIAN'S LICENSE: The written authorization of the commissioner to an individual who is an employee of an individual, a partnership or a corporation owning, leasing or managing a building, buildings or parts thereof to perform electrical work in or on specific buildings, lots or parts thereof owned, leased or managed by such individual, corporation or partnership. An individual who has obtained such authorization shall be known as a special electrician. A special electrician shall determine the method of doing the work in or on such buildings and shall have sole responsibility for supervising and directing the employees of such owner, lessee or manager who perform such work. A special electrician shall not supervise the work of individuals who are not employees of the owner, lessee or manager of the buildings on which the special electrician is authorized by his or her license to perform electrical work. A special electrician's license shall not authorize the holder to engage in or carry on the business of performing electrical work as an independent contractor.

SPECIAL PERMISSION: The written approval of the commissioner in circumstances involving the exercise of his or her discretion and in circumstances not covered by this chapter.

§ 5. Section 27-3005 of such code, subparagraphs a and b of paragraph 2 of subdivision a as amended by local law 73 for the year 1988 and subparagraph c of paragraph 2 of subdivision a as amended by local law 59 for the year 1996, is amended to read as follows:

§ 27-3005 Jurisdiction, powers and duties of the commissioner. a. The commissioner is [empowered to] *authorized to exercise all powers necessary to enforce the electrical code and the electrical code reference standard including but not limited to the power to:*

1. Make rules [and regulations] respecting the installing, altering, *maintaining* or repairing of *(i) electric wires and* wiring *apparatus* and *other* appliances *used or to be used* for *the transmission of electricity for* electric light, heat [and], power, *signaling, communication, alarm or data transmission and (ii) low voltage electrical wiring in or on any building, premises or lot* in the city of New York.

2. Cause any wiring or appliances for electrical light, heat or power to be examined and inspected, and the approval thereof to be certified in writing,

(a) by an officer or employee of the department designated by him or her for that purpose, or

(b) by any inspection agency certified by the commissioner in accordance with rules [and regulations] promulgated by the commissioner, or

(c) when such wiring or appliances are located in a building owned by the city or any city agency, (i) by a licensed professional engineer, or (ii) by a person with a baccalaureate degree in electrical engineering, or (iii) by any person who holds the job title of electrical inspector or any job title equivalent thereto, as classified by the commissioner of citywide administrative services pursuant to section eight hundred fourteen of the charter; provided, however, that such licensed professional engineer or person with a baccalaureate degree in electrical engineering or person holding the job title of electrical inspector shall not have performed the work to be inspected and shall be an officer or employee of the city agency which contracted for such work.

3. Order [in writing] the remedying of any defect or deficiency in the installing, altering or repairing of *electric wires and* wiring *apparatus* and *other* appliances *used or to be used* for *the transmission of electricity for* electric light, heat [and], power, *signaling, communication, alarm or data transmission.*

4. Cause any order issued by him or her which has not been complied with to be enforced and to take *any civil or criminal* proceedings *or actions* for its enforcement.

5. Order [in writing] any *person or* corporation engaged in supplying electrical energy to discontinue such supply as specified in such order if [, in the judgment of the commissioner after due inspection,] the wiring or appliances for electric light, heat [or], power, *signaling, communication, alarm or data transmission* shall be dangerous to persons or property therein.

6. *(a)* Make rules [and regulations by an order in writing] fixing the date, scope[,] *and* subject matter[, and manner] of [holding] examinations of applicants to become licensed *as master* electricians *and special electricians* and [, in like manner], upon recommendation of the license board, make rules [and regulations] respecting the issuance, suspension and revocation of *such* licenses.

(b) Make rules fixing the date, scope and subject matter of examinations of applicants for certification as low voltage installer and respecting the issuance, suspension and revocation of such certification.

7. Appoint [an advisory board to recommend through the chief engineer of the bureau of electrical control rules and regulations and issuance of approvals for the use of electrical appliances and materials], *in accordance with the rules of the department and at his or her discretion, special boards or committees to provide advice or assistance in the implementation, interpretation, variation or amendment of any provision of the electrical code or any rule or reference standard promulgated pursuant to this chapter.*

8. [Upon recommendation of the advisory board and approval of the chief engineer of the bureau of electrical control grant] *Make rules regarding the issuance of approvals for the use of electrical appliances and materials and the granting of* special permission to use wiring or appliances in cases involving the exercise of his or her discretion and in cases not covered by this chapter.

9. Designate as prescribed in section 14-106 of title fourteen of the code, with the consent of the police commissioner, certain electrical inspectors as special patrolmen of the police department. Such special patrolmen shall possess powers to perform the duties of and be subject to the orders, rules and regulations of the police department in the same manner as regular patrolmen. Each special patrolman shall have a badge and card, as furnished by the police department. He or she shall have power to issue summonses returnable in the New York city criminal court, covering violations of this chapter.

b. The foregoing provisions are detailed statements of certain powers possessed by the commissioner and shall not be construed as limiting his or her authority.

§ 6. Section 27-3008 of such code is amended to read as follows:

§ 27-3008 Public service corporations. a. Except as provided for in subdivision b of this section, the provisions of this chapter shall not apply to:

1. Electrical equipment used exclusively for the operation of railroads, railways and trackless trolleys, or

2. [The following described electrical equipment used in connection with lighting and power companies; a. generating stations, b. sub-stations, c. storage battery stations, d. storage buildings and yards, e. meters and their associated instruments and testing devices] *Installations, including associated lighting, under the exclusive control and use of electric utilities for the purpose of communications, metering, generation, control transformation, transmission or distribution of electric energy. Such installations shall be located in buildings used exclusively by utilities for such purpose, outdoors on property owned or leased by the utility; on public highways, streets or roads or outdoors on private property by established rights such as easements*; or

3. [Telegraphic and telephone electrical] *Communication* equipment used exclusively for communicating or signal purposes [, provided that the electrical equipment hereinabove referred to be owned or leased and operated by persons or corporations] *provided that such equipment is installed by and under the exclusive control and use of communications utilities* subject to the jurisdiction of the public service commission [of the state of New York or its successors]*and is located outdoors or in building spaces used only for such equipment.*

b. The provisions of this chapter shall apply to such portions of commercial, industrial or office buildings owned or leased by the above mentioned persons or corporations, not used for the operations of such persons or corporations, such as public spaces leased or rented to other persons or corporations.

§ 7. Section 27-3009 of such code is amended to read as follows:

§ 27-3009 [License] *Master and special electrician's license* board. a. For each calendar year, the commissioner shall appoint a board to [determine] *review* the *character and* fitness of applicants for master *electrician's and special electrician's* licenses *and the approval of master electrician businesses* and to investigate and report on all proposed suspensions or revocations of licenses *and approvals of master electrician businesses* and all proposed penalties, and may, for good cause shown, remove any member thereof and shall fill any vacancy therein, which board shall consist of.

1. [An officer or employee]*Two officers or employees* of the department.

2. [A]*Two licensed master* [or employing electrician]*electricians actively engaged in the trade.*

3. A journeyman electrician.

4. An [underwriter's] electrical inspector *in the employ of an inspection agency certified by the commissioner.*

5. An electrician in the employ of a public service corporation of the city.

6. [An] *A registered* architect or licensed professional engineer of at least five years experience.

7. A real estate owner or [broker] *manager.*

b. [The] *A* member of the board who is an officer or employee of the department shall serve as chairperson and all members shall serve without compensation. [Four] *Five* members including the chairperson, who shall be entitled to vote, shall constitute a quorum of the board for the transaction of business; but no recommendation for the issue, modification, suspension or revocation of a license or of a proposed penalty shall be adopted except by the vote of [four] *at least five* members of the board.

c. The license board shall investigate the character and fitness of all applicants for licenses who shall have passed the required examination and shall report to the commissioner the results of such examination. It shall investigate and hear all written complaints against holders of such licenses *and master electrician businesses* and report to the commissioner its findings and recommendations. It shall keep minutes of its proceedings and hearings and records of its investigations and examinations of applicants for licenses *and approvals of master electrician businesses.* Upon the holding of any hearing, the chairperson of the board presiding at such hearing may administer oaths, and the board may issue and cause to be served subpoenas requiring the attendance of witnesses and the production of books and papers pertinent to any hearing held by it upon written complaint. Such subpoenas shall be signed by the [chairperson] *commissioner* and the fees and mileage paid to witnesses upon the service of such subpoenas shall be those prescribed in section fifteen hundred thirty-nine of the civil practice law and rules. [The board shall meet at least once in each week except during the months of July and August, when it shall meet only upon call of the chairperson.]

§ 8. Section 27-3010 of such code is amended to read as follows:

§ 27-3010 Qualifications of applicants for *master electrician's and special electrician's* licenses. *a.* An applicant for license whether master or special must be over the age of [eighteen] *twenty-one* years, of good moral character and, at the time of applying for examination, shall have had, *during the ten (10) years* immediately preceding his or her application, at least seven and one-half (7½) years *or the equivalent as indicated below and during such time a minimum of seventy-five hundred (7500) hours or the equivalent as indicated below* of *satisfactory* experience in the installation, alteration and repair of wiring and appliances for electric light, heat and power in or on buildings *or comparable facilities. Except as otherwise provided below, such satisfactory experience must have been obtained while under the direct supervision of a licensed master or special electrician or, with respect to experience outside the city, under the direct supervision of an individual with comparable qualifications as determined by the commissioner, and while in the employ of (i) a master electrician business as defined herein, or (ii) an individual, a partnership or a corporation owning, leasing or managing a building, buildings or parts thereof and employing a special electrician to perform electrical work in or on specific buildings, lots or parts thereof owned, leased or managed by such individual, corporation or partnership, or (iii) an individual, a partnership or a corporation deemed acceptable by the commissioner. No more than fifty percent (50%) of such satisfactory experience shall have been gained while working outside the United States unless the commissioner determines that the licensing system and electrical code of the foreign jurisdiction is essentially similar to licensing systems and electrical codes in the United States.* [Credit for said seven and one-half (7½) years of experience shall be computed as follows] *The following shall be deemed to fulfill the satisfactory experience requirement:*

[a.]*1.* A journeyman electrician who has worked at least seven and one-half (7½) years *and during such time a minimum of seventy-five hundred (7500) hours* with his or her tools on the installation, alteration and repair of wiring and appliances for light, heat and power in or on buildings *or comparable facilities*, or

[b.]*2.* A graduate engineer of a college or university who holds a degree [of] *in* electrical engineering, *either a* master [engineering]*of science (M.S.)* or bachelor of science *(B.S.) degree* in electrical engineering and has in addition worked at least *(i) with respect to an applicant with an M.S. degree,*[three] *two* and one-half ([3½]2½) years *and during such time a minimum of twenty-five hundred (2500) hours* or,*(ii) with respect to an applicant with a B.S. degree,* [two] *three* and one-half *(*[2½]*3½)* years *and during such time a minimum of thirty-five hundred (3500) hours* with his or her tools on the installation, alteration and repair of wiring and appliances for electric light, heat and power in or on buildings [, the period of three and one-half (3½) years or two and one-half (2½) years being dependent upon whether such graduate engineer attended the college or university four or five years for the purpose of obtaining his or her degree] *or comparable facilities*, or

[c.]*3.* A graduate of a vocational, industrial [or], trade school *or apprenticeship program recognized by the commissioner, specializing* in electrical wiring, installation and design or applied electricity, who has worked at least five and one-half (5½) years and *during such time a minimum of fifty-five hundred (5500) hours* with his or her tools on the installation, alteration and repair of wiring and appliances for electric light, heat and power in or on buildings *or comparable facilities*, or

[d.]*4.* Any person who attended courses in a college or university leading to a degree in electrical engineering, mechanical engineering, bachelor of science in electrical engineering or mechanical engineering, who passed all subjects in the required courses shall be credited with [practical]*satisfactory* experience equal to fifty per cent (50%) of the number of curricula years he or she has satisfactorily completed which, in no event, however, shall exceed two and one-half (2½) years credit of [practical] *satisfactory* experience, the balance of the required seven and one-half (7½) years, i.e., five (5) years *and during such time a minimum of five thousand (5000) hours* of [practical] *such* experience must have been obtained by working with his or her tools on the installation, alteration and repair of wiring and apparatus for light, heat and power in or on buildings *or comparable facilities*, or

[e.]*5.* Any person who attended courses in a [recognized] vocational, industrial or trade school, *specializing* in electrical wiring, installation and design or applied electricity *and recognized by the commissioner,* who has passed all subjects in the required courses shall be credited with fifty per cent (50%) of the number of curricula years that he or she has satisfactorily completed which, however, in no event, shall exceed two (2) years credit of [practical] *such* experience, the balance of the required seven and one-half (7½) years, i.e., five and one-half (5½) years of [practical] *such* experience *and during such time a minimum of five thousand (5000) hours,* must have been obtained by working with his or her tools on the installation and repair of wiring for electric light, heat and power in or on buildings *or comparable facilities*, or

6. An employee of a government agency, private inspection agency or other entity, acceptable to the commissioner, whose duties primarily involve the inspection of electrical work for compliance with the electrical code and/or other laws relating to the installation, alteration or repair of electrical wiring or appliances shall be credited with fifty percent (50%) of the number of years that he or she has been satisfactorily employed in such duties which, however, in no event, shall exceed two and one half (2½) years credit of satisfactory experience, the balance of the required seven and one half (7½)years, i.e., five (5) years and during such time a minimum of five thousand (5000) hours, of such experience must have been obtained by working with his or her tools on the installation, alteration and repair of wiring and appliances for electric light, heat and power in or on buildings or comparable facilities.

b. Every application for a master or special electrician's license shall be made in writing in such form and shall furnish such information as the commissioner may, from time to time, prescribe, and set forth in the rules of the department.

c. Every applicant shall be required to take an examination in accordance with the rules of the department.

d. Every applicant shall submit to such investigation by the license board as may be proper to determine the applicant's character and fitness.

§ 9. Sections 27-3011 and 27-3012 of such code are REPEALED.

§ 10. Section 27-3013 of such code, paragraphs 6 and eleven of subdivision a and paragraph 4 of subdivision b as amended by local law 38 for the year 1990, is amended to read as follows:

§ 27-3013 Business establishments, master and special electricians. a. Master electrician. [Before the issuance of a license to an individual, a partnership or a corporation as master electrician and] *Every master electrician business* shall at all times [thereafter, the applicant must] have a place of business at a specified address in the city, located in a business zone in conformity with the zoning regulations and kept open during the usual business hours unless other [approved] means *acceptable to the commissioner* is provided. At such place of business, [such] *the* master electrician's license *of the responsible representative of such business, and, if the business is a partnership or corporation, of any other master electrician associated with such partnership or corporation* shall at all times be prominently displayed together with a permanent sign of a minimum size of one hundred fifty square inches, stating the name of such license holder and the words "licensed electrician" or "licensed electrical contractor" on a plate glass window *and, the name of the master electrician business if different than the name of the license holder;* or an outside sign of permanent construction fastened and readily visible to pedestrians; or if such place of business be an office, commercial or industrial building, the [name] *names* shall be indicated on the entrance door of [his or her] *the* particular portion of the premises or on a bulletin board on the main floor.

1. The applicant *for approval of a master electrician business under a license issued to a master electrician* shall have filed with the commissioner, in such form as the commissioner may direct, proof that such applicant, carries all insurance required by law including, but not limited to, workers' compensation, disability and adequate public liability insurance, and that [he or she] *the applicant business* is financially responsible. *The applicant shall indicate the name and license number of the master electrician who shall serve as the responsible representative of such business, and, if the business is a partnership or corporation, the names of all other master electricians associated with such business. Upon approval of such application the commissioner shall issue an authorization number to the business. The authorization number shall be included on all applications for permits and certificates of electrical inspection and any other documents required to be filed with the department.*

2. The [store and] office or other place where [an applicant intends to conduct his or her business] *the master electrician business is to be conducted* may be shared by one or more [licensed master electricians business entities] *master electrician businesses.* However, each business [entity] whether in the form of a sole proprietorship, partnership or corporation, shall distinguish its identity from any other business [entity] sharing the same office space. Such distinctions shall be maintained in a manner provided by the department.

3. A master electrician *business* shall be principally engaged in the business of [installing, altering or repairing electrical wiring for light, heat and power] *performing electrical work* in or on buildings, *premises or lots in the city.*

4. In the case of a [firm,] partnership or corporation, a master electrician's license may be [issued to] *separately held by* more than one partner or officer as a representative [under the license to the) *of such* partnership or corporation; *however, only one master electrician shall be the responsible representative of such corporation or partnership.* Under no circumstances shall any one licensee [hold either as an individual or as a representative under the license to a firm, partnership, or corporation, more than one master electrician's license] *represent more than one businesses at any one time.*

5. A [person holding a] master [electrician's license, either as an individual or as a representative under the license to a firm, partnership, or corporation,] *electrician representing a master electrician business* shall, during the hours the business is engaged in the [installation, alteration, or repair of electrical wiring for light, heat, or power] *performance of electrical work,* devote his or her full time to the operation of [a] *such* business [for which the license is issued].

6. The holder of a master electrician's license shall be issued a seal, of a design authorized by the commissioner, bearing the holder's full name, license number, and the legend "licensed master electrician". Applications for *permits and* certificates of electrical inspection, and any other document which the commissioner may require to be filed with the department, shall bear the stamp of [such] *the* seal as well as the signature of [a person holding such license either as an individual or as a representative under the license to a firm, partnership, or corporation] *the responsible representative of the master electrician business or, if the business is a partnership or corporation, such document may bear the stamp of the seal and the signature of a master electrician associated with such business acting pursuant to a written delegation, filed with the department, from the responsible representative of such business. The responsible representative of a business may not delegate such authority to a master electrician who is not an officer of such corporation or a partner of such partnership.* Such person shall personally sign applications for *permits and* certificates of electrical inspection [and]. *The responsible representative of a business* shall have the *authority to make* final determinations and [the] *shall have* full responsibility for the manner in which the work is done *except that where work is done under a permit issued pursuant to an application bearing the signature and seal of a master electrician acting pursuant to a written delegation from the responsible representative of such business, both the responsible representative of such business and the master electrician who signed and affixed his or her seal to the application for such permit shall be jointly and severally responsible for the manner in which the work is done.*

7. The holder of a master electrician's license shall report promptly in writing to the [commissioner]*license board* any change in the place of business.

8. The [license issued to a firm, partnership, or corporation with a named individual as a representative thereunder,] *approval of a master electrician business* is valid only as long as the [name of the] *responsible* representative [appearing on such license is in agreement with] *identified on the application for approval of the master electrician business actively participates in* the actual operation of the business. In the event a representative [severs his or her relationship with the]*leaves a* [firm partnership, or corporation or otherwise changes his or her status within the] business, both the representative and the business must notify the [department of such action within thirty (30) days from the date thereof] *license board within such time as shall be provided by rule. A corporation or partnership must notify the license board of the death of a responsible representative within thirty days after such death.* Failure to do so shall be deemed sufficient cause [either for refusing to issue a new license to the representative or] for suspending or revoking the [license to the firm, partnership, or corporation] *approval to do business of the master electrician business or the license of the master electrician.* [The license to the firm, partnership, or corporation remains valid only if a qualified representative continues to be associated with the business, or a new representative whose qualifications are acceptable to the department is designated within thirty (30) days.] *Except as otherwise provided by rule, a master electrician business whether in the form of a corporation, a partnership or a sole proprietorship, may continue to engage in the business of performing electrical work only so long as the responsible representative of such business identified on the application for approval of the master electrician business remains an officer of such corporation, a partner of such partnership or the proprietor of such sole proprietorship unless the department approves a change in the responsible representative as provided in this section. The commissioner may promulgate rules providing for the continuation of a master electrician business pending the approval of a new responsible representative. Except as otherwise provided in such rules, the revocation, suspension, voluntary surrender or non-renewal of the master electrician's license of the responsible representative of a master electrician business automatically revokes its approval to do business and cancels any delegation of authority given by such responsible representative to another master electrician associated with such business pending the approval by the department of a new responsible representative.*

9. [In case of any change in the name of the firm, partnership, or corporation, the department must be so notified within thirty (30) days from the date thereof and an application for a change of name filed.] *Except as otherwise provided by rule, a master electrician business shall not change its name, form or designate a new responsible representative without the prior approval of the license board.* [An]*Approval of an* application for a change [of name] is conditional upon the following: Filing the necessary forms, payment of the prescribed fee *and full payment of all fees incurred with respect to such business prior to the date of the change* [and completing all arrangements to secure the license within thirty (30) days from the notification of such approval, during which time applications for certificate of inspection may be filed under the new name. Failure to comply with any of the conditions above enumerated, automatically withdraws the approval and cancels the license previously held]. *Except as otherwise provided by rule, a master electrician may not be approved as the responsible representative of a master electrician business if there are any outstanding fees due and owing to the department or outstanding violation notices attributable to him or her as responsible representative of another master electrician business.*

10. A master and a special electrician's license and seal shall not be held by one person at the same time.

11. The holder of a master electrician's license, upon entering employment as a [maintenance] *special* electrician, shall surrender his or her master electrician's license and seal and change over to a special electrician's license and seal to cover the building, buildings, or parts thereof, for which he or she will be employed.

12. All business vehicles, advertising and stationery used in connection with electrical work required to be performed under a license issued to a master electrician shall display prominently in a manner provided by rule the words "N.Y.C. Licensed Electrician", the license number of the responsible representative of such business and of all other master electricians associated with such business, the authorization number of the master electrician business and the business address. If the business is conducted under a trade name, or is a partnership or corporation, the trade name, partnership, or corporate name shall be placed immediately above the full name of the responsible representative of such business.

13. Nothing in this chapter shall be construed to prevent two or more master electrician businesses from entering into a joint venture of limited duration for a particular project in accordance with the rules of the department. An application for a permit or certificate for electrical work involving a joint venture shall so indicate on the application and shall identify all of the master electrician businesses that are parties to such

joint venture by name and authorization number and the names and license numbers of the responsible representatives of such businesses. The application shall be signed by the responsible representative of one of the parties to the joint venture on behalf of all such parties and all of such parties shall be jointly and severally liable for any fees due with respect to electrical work performed by such joint venture and for violations of this chapter and the rules of the department arising out of such work.

b. Special *electrician's* license.

1. [Before the issuance of a special license an individual a partnership, or a corporation, owning, leasing or managing a building, buildings or parts thereof, and] *A special electrician shall* at all times [thereafter, the representative of the owner, lessor or manager shall] have a place of business at a specified address in the city. His or her license shall at all times be prominently displayed at such a place of business, and shall plainly indicate the address or addresses of the building, buildings or parts thereof for which such license is issued.

2. The commissioner may issue more than one special license [to an individual, a partnership or corporation, owning, leasing or managing] *for* a building or buildings if, in the commissioner's judgment, he or she deems it necessary for the proper operation and maintenance of the electric wiring and equipment of the building or buildings involved.

3. The holder of a special electrician's license shall report any change in employment to the [commissioner] *license board.*

4. The holder of a special electrician's license shall be issued a seal, of a design authorized by the commissioner, bearing the holder's full name, license number, and the legend "licensed special electrician." Applications for *permits and* certificates of electrical inspection, and any other document which the commissioner may require to be filed with the department, shall bear the stamp of such seal as well as the signature of a person holding such license [either as an individual or as a representative under the license to a firm, partnership, or corporation], Such person shall personally sign applications for *permits and* certificates of electrical inspection and shall have the *authority to make* final [determination] *determinations* and [the] full responsibility for the manner in which the work is done.

§ 11. Section 27-3014 of such code, as amended by local law number 38 for the year 1990, is amended to read as follows:

§ 27-3014 [Licenses] *Master and special electrician's licenses* and fees. a. Before any *master or special electrician's* license will be issued *or renewed*, the applicant shall pay a license *or renewal* fee [of three hundred ten dollars and a seal issuance fee of fifty dollars. Before any license shall be renewed, the applicant for renewal shall pay a license renewal fee of sixty dollars and a seal renewal fee of thirty dollars] *as prescribed by the department's rules.* [Hospitals, educational, religious and charitable institutions which are receiving part of their support from funds provided by the city shall be exempt] *The commissioner may exempt an agency, as defined in chapter fifty-two of the charter,* from paying the aforementioned fees for special licensed electricians [employed by them] *who are employees of such agencies.*

b. No license or seal shall be transferable.

c. An application for a change of license from master electrician to special electrician shall involve the issuance of a new license and seal with or without examinations as the commissioner may direct.

d. An application for a change of license from special to master electrician shall be granted only upon compliance by the special electrician with all applicable provisions of this [subchapter] *chapter and the rules of the department.*

e. Each license and seal shall be issued for the calendar year during which they are issued and the full fee shall be payable irrespective of the date of issue.

[f. Each license and seal shall continue in force only so long as a qualified representative continues to be associated with the license holder.]

§ 12. Section 27-3015 of such code, as amended by local law number 38 for the year 1990, is amended to read as follows:

§ 27-3015 Renewal of *master and special electrician's* licenses. a. Any license and seal issued hereunder may be renewed without examination, provided application for such renewal, accompanied by the renewal fees prescribed above *and such information as may be required by the commissioner*, shall have been filed prior to the expiration of the existing license. Where an applicant can show good and sufficient cause for his or her inability to renew his or her license and seal before [January first in any year] *its expiration*, the commissioner may, within thirty days [thereafter] *after the expiration of such license*, permit the issuance, without examination, of a new license and seal upon payment of the prescribed fee for such new license and seal within said thirty days. *No license shall be renewed and no new license shall be issued unless all outstanding fees required by section 27-3018 of this code have been paid.*

b. If a master or special electrician's license is suspended for cause, and the restoration thereof is conditional upon some action to be taken by the holder of the master or special electrician's license and the holder fails to take action before the expiration of the license, such failure shall be cause for the denial of the subsequent application to renew the license and seal.

§ 13. Section 27-3016 of such code, paragraph 2 of subdivision a and subdivisions c, d, e, and f as amended by local law number 38 for the year 1990, is amended to read as follows:

§ 27-3016 Suspension, revocation or voluntary surrender of *master and special electrician's* licenses *and suspension or revocation of approval of master electrician business.*

a. 1. After notice and the opportunity for a hearing in accordance with the [regulations] *rules* of the department, *master or special electrician's* licenses *and/or approvals of master electrician businesses* may be suspended or revoked by the commissioner or the commissioner may impose penalties, which shall not exceed one thousand dollars for each violation, for violation of any of the [foregoing] rules *of the department* and, among other things, for any of the following causes:

([1]*a*) Failure to display license certificate at the established place of business.

([2]*b*) Failure to file applications for *permit or* inspection.

([3]*c*) Failure, upon receipt of violation notice, to take the action called for in such notice.

([4]*d*) Performance of electrical work in a manner contrary to the requirements of the electrical code *or the electrical code reference standard.*

([5]*e*) Contract work by holders of special licenses.

([6]*f*) Fraudulent dealing or misrepresentation.

([7]*g*) [Conviction] *Subject to applicable provisions of the correction law, conviction* of a crime by a competent court.

([8]*h*) False statement in an application for a license or the renewal of a license *or in an application for approval of a master electrician business* or *other* application or certification required by this code or the rules [and regulations] of the [commission] *commissioner,* or in any proof or instrument in writing in connection therewith.

(i) Failure to pay outstanding fees owed pursuant to section 27-3018 of this code.

2. Notwithstanding any inconsistent provision of paragraph one of this subdivision if, after due inspection, the commissioner determines that a licensee *and/or an approved master electrician business* has performed electrical work which is not in compliance with the electrical code *or the electrical code reference standard* and which has resulted in a condition [of imminent peril] *severely hazardous* to life or property, the commissioner may suspend his or her license *and/or the approval of a master electrician business represented by such licensee* without a prior hearing. Notice of such suspension shall be served on the licensee *and/or the master electrician business.* The commissioner shall provide the licensee *and/or the master electrician business* with the opportunity for a hearing within five days after such suspension.

b. In the event the holder of a master electrician's license is no longer engaged in [the business as an electrical contractor,] *a master electrician business* or *a special electrician* is engaged during normal working hours in a business activity which does not involve the installation, alteration, or repair of electrical wiring for light, heat or power, [than] *then* he or she shall so notify the department and submit his or her license and seal for voluntary [suspension] *surrender* with the provision that [: 1. Such], *(i) such* license and seal will be restored without fee or examination if such application is made [on or before December fifteenth of the year of issue.

2. In case such application is made more than one year from the date of expiration of the surrendered license and seal,] *prior to the date on which it would have otherwise expired, or (ii) if application is made after such date* a new license and seal will be issued, without written re-examination, after the submission of satisfactory evidence that the applicant has been engaged in the electrical field during the period of [suspension] *surrender; provided that at the time of the submission of the license for voluntarily surrender:*

1. All outstanding fees required by section 27-3018 of this code are paid, and

2. There are no outstanding violation notices for electrical work performed under such license, and

3. Certificates of inspection have been issued for all completed work under such license and open applications for certificates of electrical inspection filed under such license have been refiled by another licensee or have been withdrawn.

c. [Whenever the holder of a special electrician's license and seal severs his or her employment as maintenance electrician in a building, buildings, or parts thereof, he or she may voluntarily surrender such license and seal by written request to the commissioner.

1. If, within the term of the license, he or she is re-employed by the same owner, manager or lessee of a building or buildings, or parts thereof, the license and seal will be restored to him or her without fee or examination.

2. In case the application for the re-issuance of a voluntarily surrendered special license and seal is made more than one (1) year from the date of expiration of the license, a new license and seal will be issued without written examination after the submission of satisfactory evidence that he or she has been engaged in the electrical field during the period of suspension.

d. Whenever the holder of a special electrician's license allows his or her license to expire, he or she may make written request to the commissioner within thirty (30) days from the date of its expiration, for a voluntary suspension of the license, and such license and the holder's seal will be accepted with the provision that a new license and seal will be issued without examination, if application is made on or before December fifteenth of the year next succeeding its expiration. In case the application for restoration is made more than one (1) year from the date of expiration of such license, a new license and seal will be issued, without written examination, after the submission of satisfactory evidence that he or she has been engaged in the electrical field during the period of suspension.

e. During the period of voluntary suspension, no renewal fees will be accepted by the department, but upon the re-issuance of the license and seal, it will be necessary to pay the prescribed fees for a new license and seal.

f. During any period of [suspension] *voluntary surrender*, or upon the *suspension or* revocation, of a master or special electrician's license, the holder shall surrender his or her seal to the department. Upon the death of a holder, his or her seal shall be immediately surrendered to the department.

§ 14. Such code is amended by adding a new section 27-3016.1 to read as follows:

§ 27-3016.1 Certification as low voltage installer; qualifications; issuance; fees.

a. An individual who has been determined by the commissioner to be competent to perform low voltage electrical work in compliance with the electrical code and the electrical code reference standard, the building code an other applicable law and who otherwise qualifies in accordance with this section and the rules of the department may be certified as a low voltage installer.

b. An applicant for such certification shall be over the age of eighteen years, of good moral character and at the time of application shall have had two (2) years of satisfactory experience as set forth in the rules of the department.

c. Every such application shall be made in writing in such form and shall furnish such information as the commissioner shall prescribe and set forth in the rules of the department. Every applicant shall submit to an investigation to determine the applicant's character and fitness.

d. Such certification shall be issued for such term and shall be subject to renewal in accordance with such conditions as shall be prescribed in the rules of the department.

e. The fee for such certification and for the renewal thereof shall be prescribed by rule.

f. Certification as a low voltage installer may be suspended or revoked for cause in accordance with the rules of the department and/or the department may impose penalties which shall not exceed one thousand dollars for each violation for violations of this chapter, the electrical code reference standards or the rules of the department.

§ 15. Section 27-3017 of such code is amended to read as follows:

§ 27-3017 Electrical work by [unlicensed] *unauthorized* persons; false representations.

a. *Work without appropriate license, false representation prohibited. 1.* [No person, partnership or corporation not the holder of a license, shall install, alter or repair any wiring or appliances for electric light, heat or power and no] *Except as otherwise provided in paragraph two of this subdivision, it shall be unlawful for any person to perform electrical work except under a license issued to a master or special electrician as provided in this chapter. It shall be unlawful for any person to advertise or to hold himself, herself or itself out as authorized to engage in the business of performing electrical work unless such person is authorized to perform such work pursuant to this chapter under an appropriate master or special electrician's license. No* person[, partnership or corporation] shall cause any such work to be done by any person[, partnership or corporation not the holder of such license,] unless [employed by] *he or she is an employee of* and working under the *direct* supervision of a person[, partnership or corporation holding a license as defined herein] *authorized to perform such work pursuant to this chapter and the rules of the department.* No person[, partnership or corporation not the holder of such license] shall falsely represent that he, she or it [holds such license] *is authorized to perform electrical work under a master or special electrician's license* or shall use in any advertising the words "master electrician" or the words "licensed electrician" or the words "electrical contractor" or any words of similar meaning or import on any sign, card, letterhead or in any other manner unless such person is so authorized pursuant to this chapter and the rules of the department.

2. Notwithstanding any inconsistent provision of paragraph one of this subdivision, the commissioner may authorize business entities engaged in the business of installing, maintaining or repairing communication, signaling, alarm or data transmission systems to perform low voltage electrical work under a certification issued to a low voltage installer as provided in this chapter and the rules of the department.

b. False statement. No person shall, with intent to defraud or deceive, knowingly make a false statement, or cause or procure to be made or aid and assist in the making of a false statement in an application for a *master or special electrician's* license *or for certification as a low voltage installer or in an application for approval of a master electrician business* or the renewal of a license or *certificate or* in an application for *a permit or* certificate of electrical inspection and approval or in any application provided for in this chapter, or in any proof or instrument in writing in connection therewith, or in any examination hereunder, deceive or substitute or cause another to deceive or substitute.

c. Penalty. Any person, partnership or corporation who shall violate any of the provisions of this section shall be guilty of a misdemeanor punishable by a fine of not less than [two]*five* hundred [fifty] dollars nor more than five thousand dollars for the first offense, not less than [five hundred] *one thousand* dollars nor more than five thousand dollars for the second offense, and not less than [one thousand] *fifteen hundred* dollars nor more than five thousand dollars for the third offense or any successive offense thereafter or by [fifteen days] *six months* imprisonment or by both such fine and imprisonment.

§ 16. Section 27-3018 of such code, subdivision a as amended by local law number 38 for the year 1990, subdivisions b and e as amended by local law number 54 for the year 1991, subdivisions d and g as amended by local law number 73 for the year 1988 and subdivisions h as amended by and subdivisions i and j as added by local law number 65 for the year 1997, is amended to read as follows:

§ 27-3018 Inspection; application for *permit and* inspection certificate, application fees, and certificate of inspection.

a. The commissioner or any officer or employee of the department authorized thereto by the commissioner, or any other person designated by the commissioner pursuant to section 27-3005 of this code, may enter or go upon any premises in or upon which there are any wiring or appliances for electric light, heat or power to make an inspection of the same. Any person who willfully refuses to permit such entry or inspection, shall be guilty of a violation of this subdivision, and upon conviction thereof, shall be punished by a fine of not more than fifty dollars, imprisonment for a period not exceeding thirty days, or both.

b. Before commencing any *electrical* work [for installation, alteration or repair of electric wiring or appliances for light, heat or power every holder of a license], *other than low voltage electrical work, a master electrician business or special electrician* shall file with the commissioner an application for [a certificate of electrical inspection of] *a permit and, if applicable, certificate of electrical inspection for* such work on a form prescribed by the commissioner. No [certificate of electrical inspection shall be issued, unless and until the required fee or fees therefor shall have been paid to the commissioner in accordance with the provisions of this section.

The fees required to be paid under this section shall be paid as follows: A filing fee of ten dollars shall accompany the application for a certificate of electrical inspection and the remainder of the total fee shall be paid before the certificate of electrical inspection may be issued. The remainder of the total fee shall be computed as follows:]*such work shall be performed until the commissioner has reviewed and approved such application and issued an appropriate permit for such work. The permit shall be conspicuously posted at the work site at all times while the work is in progress.*

c. The fee for a permit for minor electrical work as described in subdivision h of this section shall be fifteen dollars, payable upon filing of the application.

d. 1. The fee for electrical work requiring a certificate of electrical inspection or other authorization shall be computed in accordance with paragraph two of this subdivision and shall be payable as follows: forty dollars upon filing of the application for such work and the balance of the total fee, prior to the issuance of a certificate of electrical inspection or other authorization or as otherwise provided by rule.

[g.]*h. 1.* [Notwithstanding any other provision of law, no inspection or inspection fees shall be required for minor electrical maintenance work.] For purposes of this section[,] *a permit for* minor electrical [maintenance] work [shall] *may* be *issued for* any of the following:

[(1)](*a*) replacement of defective circuit breakers or switches rated thirty amperes or less, excluding main service disconnects;

[(2)](*b*) replacement of parts in electrical panels where voltage does not exceed one hundred fifty volts to ground;

[(3)](*c*) replacement of *minor* elevator parts *as defined by rule*;

[(4)](*d*) replacement of defective controls rated at thirty amperes or less;

[(5)](*e*) repair of defective fixtures;

[(6)](*f*) replacement of fixtures in existing outlets, provided the number of such fixtures does not exceed five and does not increase existing wattage;

[(7)](*g*) replacement, repair, disconnection or reconnection of motors not to exceed one horsepower, and associated devices;

[(8)](*h*) repairs to low pressure heating plants with a capacity of less than fifteen pounds per square inch, except as may otherwise be required by rule[, regulation, directive or bulletin] of the commissioner.

(i) installation of any ten or fewer units not requiring the installation of an additional branch circuit;

(j) installation of motors of fractional horsepower;

(k) installation of transformers rated at one thousand volt amperes or less.

2. Notwithstanding any other provision of this chapter, a certificate of inspection or other authorization shall not be required for electrical work performed pursuant to a permit for minor electrical work.

3. Notwithstanding any other provision of this chapter, the commissioner May adopt a rule providing that minor electrical work may be performed without a permit or the payment of a fee under the conditions to be prescribed in such rule.

[h]*i.* The department shall not issue a *permit or, if applicable, a* [temporary or final] certificate of inspection *or other authorization* pursuant to an [electrical] application which involves the energizing of a meter in a one-, two-, three-, or four-family residence, if the department finds that such action will cause the total number of meters for the building to exceed the number of dwelling units specified for such building in the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, except as permitted herein. A building specified as a one-family residence in the certificate of occupancy or, if there is no certificate of occupancy, as determined by the department, may have only one electric meter. A building in which two or more dwelling units have been constructed in accordance with the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, may have one meter for each dwelling unit and one additional meter for the common areas of the building, provided that smoke detecting devices are installed in all common areas in accordance with departmental requirements. Such common areas may include boiler rooms, shared hallway lighting, shared stairway lighting, and outdoor perimeter lighting but shall not include any habitable space. In the event that a meter has been found to have been installed or to exist in violation of this section, the department's bureau of electrical control may take action leading to the disconnecting of such meter in accordance with the notice requirements set forth in section 27-3020 of this code.

[i]*j.* Any application for a *permit and, if applicable,* certificate of electrical inspection filed with the department must include from the building owner or his/her authorized representative, a signed authorization as prescribed by the department, permitting such work to be performed. In addition, any electrical application filed with the department involving the energizing of a meter, must include as well, a statement from the owner or his/her authorized representative indicating the intended use or purpose of such meter and affirming that such meter will be maintained in compliance with the provisions of this section. Any individual who knowingly misrepresents the use of a meter or allows a meter to be used in violation of the provisions of this section shall be guilty of a misdemeanor punishable by a fine of not less than one thousand dollars nor more than five thousand dollars, or imprisonment of not more than six months or both such fine and imprisonment. *Such person shall also be liable for a civil penalty of not more than five thousand dollars which may be recovered by the corporation counsel in an action or proceeding in any court of appropriate jurisdiction.*

[j.]*k.* Any [temporary certificate of inspection] *authorization to power or energize electrical wiring or appliances* issued by the department shall expire ninety days after the date of issuance unless a [final] certificate of inspection has been issued by the department or an extension for such [temporary certificate] *authorization* has been granted by the department. In the event no such [final] certificate of inspection has been issued or extension authorization granted, the department may take action leading to the disconnecting of such meter(s) in accordance with the notice requirements set forth in section 27-3020 of this code.

l. The provisions of this section shall not apply to low voltage electrical work.

§ 17. Section 27-3019 of such code is amended to read as follows:

§ 27-3019 Modification, suspension or revocation of certificate of inspection, *permit or other authorization.* The commissioner may at any time by an order in writing for good cause shown, modify, suspend or revoke any certificate of inspection, *permit or other authorization* issued pursuant to this chapter, but no such order shall be effective unless the same shall state specifically the reason therefor. A copy of any such order shall be served in the manner provided in this subchapter, within five days after its date, upon any person, partnership or corporation affected thereby, who has not applied to the commissioner for such modification, suspension or revocation. No person other than the commissioner or an officer or employee of the department, duly authorized thereto by the commissioner, shall alter or amend any certificate of inspection, *permit or other authorization issued pursuant to this chapter or the rules of the department.*

§ 18. Section 27-3020 of such code, subdivision a thereof as amended by local law number 73 for the year 1988, is amended to read as follows:

§ 27-3020 Supplying or discontinuing electrical energy. a. Except as otherwise provided in this code, no person, partnership or corporation shall supply, or cause to be supplied or used, electrical energy for light, heat or power, *signaling, alarm or data*

transmission to any wiring or appliance in any building [until] *unless* a certificate of inspection[, temporary or final,] *or other authorization as set forth in the rules of the department* authorizing the use of said wiring or appliance shall have been issued by the commissioner.

b. If, in the judgment of the commissioner, after due inspection, the continued use of any electric wiring or appliances in or on any building or structure shall be unsafe or dangerous to persons or property, the commissioner may cause such wires or appliances to be disconnected from the supply of electrical energy and to seal the wiring and appliances so disconnected. Thereafter, no person shall cause or permit electrical energy to be supplied to the wiring or appliances so sealed until the same shall have been made safe and the commissioner shall have issued a certificate to that effect; provided, however, that no wiring or appliances shall be disconnected pursuant to this section until a notice in writing, stating specifically the reason why such wiring or appliances must be disconnected, shall have been served, as provided in this chapter, and a duplicate thereof shall have been delivered to the person supplying the electrical energy to such wiring or appliances.

§ 19. Section 27-3021 of such code, as amended by local law number 59 for the year 1996, is amended to read as follows:

§ 27-3021 Service of orders and notices. Any order or notice issued pursuant to the provisions of this chapter may be served personally upon the person, partnership or corporation to whom or to which it is addressed, or may be served by mailing the same in a sealed envelope with postage prepaid, directed, in the case of the holder of any license, to the address furnished by such license holder to the department of buildings as his or her business address *or the address of the master electrician business represented by the licensee* and, in the case of any other person, partnership or corporation, to the premises where the defects recited in such order are alleged to exist and by the posting in a conspicuous place on such premises of a copy of such notice or order. The service as above described, by mailing and posting, shall be the equivalent of personal service.

§ 20. Sections 27-3022 through 27-3183 and 27-3184 through 27-3307 of such code are REPEALED.

§ 21. Section 27-3183.1 of such code, as amended by local law number 65 for the year 1997, is amended to read as follows:

§ [27-3183.1]*27-3022* Electric meter installation; restriction. No public utility shall supply electricity to a one, two, three or four family residence building, nor shall such utility energize more electrical meters in a building than the number of distinct and separate residences in such building as authorized in the certificate of occupancy applicable thereto, or if there is no certificate of occupancy, as determined by the department, without first receiving a [temporary or final] certificate of inspection *or other authorization* from the department's bureau of electrical control. In the event that an owner of a one, two, three or four family building wants to install an additional electrical meter other than provided for herein, approval shall be obtained in writing from the bureau of electrical control in the department of buildings. A public utility shall not install such additional electrical meter without such approval. A building in which two or more dwelling units have been constructed in accordance with the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, may have one meter for each dwelling unit and one additional meter for the common areas of the building, provided that smoke detecting devices are installed in all common areas in accordance with departmental requirements. Such common areas may include boiler rooms, shared hallway lighting, shared stairway lighting, and outdoor perimeter lighting but shall not include any habitable space. In the event that a meter has been found to have been installed or to exist in violation of this section, the utility must report such findings to the bureau of electrical control, which may take action leading to the disconnecting of such meter in accordance with the notice requirements set forth in section 27- 3020 of this code.

§ 22. Section 27-3308 of such code is amended to read as follows:

§ [27-3308]*27-3023* Violations. Except as otherwise provided in this chapter, any person who shall violate any of the provisions of this chapter or who shall fail to comply with any requirement thereof or who shall violate or fail to comply with any order or [regulation] rule of the commissioner made thereunder shall, for each and every violation or noncompliance [, forfeit and pay] *be liable for* a civil penalty [in the sum of fifty] *of not more than five thousand* dollars *which may be recovered by the corporation counsel in an action or proceeding in any court of appropriate jurisdiction* or shall be punished *upon conviction in a criminal court* by a fine not exceeding [fifty] *one thousand* dollars or by imprisonment for a period not exceeding ten days, or by both such fine and imprisonment.

§ 23. Such code is amended by adding a new section 27-3024 to read as follows:

§ 27-3024. Electrical code reference standard. a. The commissioner shall adopt minimum requirements for the design, installation, alteration or repair of electric wires and wiring apparatus and other appliances used or to be used for the transmission of electricity for electric light, heat, power, signaling, communication, alarm and data transmission which shall be known and cited as the "electrical code reference standard". The electrical code reference standard shall be adopted and amended in accordance with this section and the rules of the department. The electrical code reference standard and amendments thereof promulgated by the commissioner pursuant to this section shall be an appendix to this chapter. The electrical code reference standard shall apply to work performed after the effective date of this section.

b. 1. Prior to publishing the proposed electrical code reference standard or amendment thereof, the proposal shall be distributed to an advisory committee established by the commissioner pursuant-to this chapter for review and comment.

2. The full text of the proposed reference standard or amendment thereof shall be published in the City Record at least twenty (20) days prior to the date set for a public hearing.

3. The published notice of such public hearing shall include a statement of the basis and purpose of the proposed reference standard or amendment thereof, the time and place of public hearing and the final date for the receipt of written comments.

4. The reference standard or amendment thereof shall become effective upon publication in the City Record after the close of the comment period.

§ 24. On the effective date of this section, all sole proprietorships, partnerships and corporations holding current master electrician licenses shall be deemed to be master electrician businesses without further approval by the department provided that prior to such date a partnership or corporation with more than one individual holding a master electrician license under the license issued to such business shall designate one such individual to be the responsible representative of such business. All fees due and owing to the department by licensees with respect to work performed prior to the effective date of this section shall be the joint and several responsibility of licensees under whose signature and seal applications for such work were filed and of such master electrician businesses.

§ 25. This local law shall take effect one year and six months after its date of enactment except that prior to such effective date the commissioner of buildings may promulgate any rules necessary for the implementation of this local law and shall promulgate the electrical code reference standard pursuant to section 27-3024 of the administrative code of the city of New York as added by section 23 of this local law.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education,

Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) *788-7820*

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

ADDRESS	BOROUGH:	BLOCK/LOT:
33 WILLOW PLACE HISTORIC DISTRICT BROOKLYN HEIGHTS	BROOKLYN	260 / 11

To the Mayor, the Council, and the President, MTA-New York City Transit.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for work at the subject building, including replacement of the wood one-over-one, two-over-one, two-over-two, and one-over-two double hung windows with one-over-one double-hung aluminum windows, and cleaning and pointing the masonry facade. The proposed work is described on drawings F-6 and F-7 last dated 1/16/97; in specifications for cleaning and pointing; and in photographs of the proposed replacement windows.

The Commission notes that the building is a neo-Classical style brick power station built for the Interborough Rapid Transit Co. in 1906. The Commission also notes that a photograph from 1940 indicates that the original windows were probably one-over-one double-hung.

The Commission finds that the proposed cleaning of the exterior walls without use of abrasives, harsh chemicals, or excessive water pressure will help restore the building to its original appearance without damaging the masonry; that repointing the facade with lime-based mortar matching the color, texture, and tooling of the historic mortar will help keep the building water tight without otherwise altering its appearance; and that the replacement windows match the original windows in probable configuration, operation, and finish, thereby supporting the building's architectural style. Based on these findings, the proposed work is determined to be appropriate to the building and the Brooklyn Heights Historic District.

This binding report is issued contingent upon notification of the Commission when samples of facade cleaning and pointing are available for review and approval by the Commission.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its archives.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
PIER 16 HISTORIC DISTRICT SOUTH STREET SEAPORT	MANHATTAN	73 / 8

To the Mayor, the Council, and the Executive Vice President of the NYC Economic Development Corporation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission, at the Public Meeting of May 16th, 1995 following the March 21st, 1995 Public Meeting and the February 28th, 1995 Public Hearing voted to issue a favorable report for the proposed work at the subject premises, as put forward in your application completed January 27th, 1995

The proposal, as approved, consists of the construction of a new structure which will house a gift shop and ticket booth for the South Street Seaport Museum; as shown in existing condition photographs and drawings, submitted as components of the application and presented at the Public Hearing and Public Meetings.

In reviewing this proposal, the Commission noted that Pier 16 is a wood decked pier built in the 1980's.

With regard to this proposal, the Commission found that the low, flat roof of the proposed building and its thoughtful placement on the pier will ensure that no significant views of the waterfront on either side of the river are obscured; that the simple design of the building is evocative of the utilitarian structures which were historically scattered across working piers; that the painted galvanized corrugated metal is a typical material in this historic district; and therefore that this modest building will blend harmoniously with this modern pier and with the South Street Seaport Historic District. Based on these findings, the Commission determined that the proposed work is appropriate to the building and the historic district and therefore voted to approve this application.

However, in voting to approve this proposal, the Commission required that the final selection of paint colors and sign designs be referred to the staff; and that two complete sets of signed and sealed Department of Buildings filing drawings be submitted for review and approval. Subsequently, on June 1, 2000 the staff received drawings labeled TB 1 through TB3, dated revised April 18, 2000, prepared by Lance Wyman Ltd., designating the paint colors as gold, Peking Black, Waverlee Grey, Tugboat Red, and Tugboat Green; with stencil cut letters located at the fascia and 18" high free-standing letters and logo above the cornice line. The applicant also submitted construction drawings labeled LPC, A1 and A2, dated March 5, 1996, prepared by William F. O'Neil, R.A. Accordingly the staff reviewed these drawings and determined that the approved design had been maintained. Therefore this drawings have been marked approved by the LPC with a perforated seal, and this report is being issued.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
EAST 11TH STREET-LMPPOSTS HISTORIC DISTRICT GREENWICH VILLAGE	MANHATTAN	777 / 77

To the Mayor, the Council, and the Commissioner, Dept. of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace three standard street lampposts on East 11th Street between Fifth Avenue and University Place with bishop's crook lampposts. The proposal is described on the application.

The Commission notes that the Greenwich Village Historic District was developed from the early 19th century continuing into the 20th. Original street lighting in the district was by gas, but beginning around the turn of the 20th century cast-iron lampposts with electric lights were installed throughout the district, the most common type being the bishop's crook. These posts remained in place into the 1960s.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts; that they are harmonious in scale, materials, design, and color with the character of the district; that the installation will strengthen the historic character of the street and district, and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Greenwich Village Historic District.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its archives

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. LAMPPOSTS Madison Ave. betw. 90 & 93 Sts. CARNEGIE HILL	MANHATTAN	777 / 77

To the Mayor, the Council, and the Commissioner, Dept. of Transportation

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace standard street lampposts on Madison Avenue between 90th and 93rd Streets with bishop's crook lampposts. The proposal is described on the application.

The Commission notes that the Carnegie Hill Historic District was primarily developed in the late 19th and early 20th centuries, at the time that gas lighting was being replaced by cast-iron lampposts with electric lights, the most common type being the bishop's crook. These posts remained in place into the 1960s.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts; that they are harmonious in scale, materials, design, and color with the character of the district; that the installation will strengthen the historic character of the street and district; and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Carnegie Hill Historic District.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its archives.

ADDRESS	BOROUGH:	BLOCK/LOT:
7455 HYLAN BOULEVARD Conference House INDIVIDUAL LANDMARK	STATEN ISLAND	7857 / 90

To the Mayor, the Council, and the Commissioner of NYC Department of Parks and Recreation

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark

The Landmarks Preservation Commision has received a proposal for the installation of a wood railing at the landing and stairs of the front stoop, consisting of white painted wood posts and beams, featuring an "X" motif; as shown in a drawing of the proposed railing, dated received May 18, 2000, prepared by Robert Sindle, of Sindle Woodworking, written specifications, dated April 12, 2000, prepared by Simeon Bankoff, of the Historic House Trust, existing condition photographs, and historic c 1934, c 1937, and c 1956 photographs, all submitted as components of the application

In reviewing this proposal, the Commission notes that the Conference House is an individually designated Dutch Colonial and Greek Revival style house built in 1680 and altered in the early 19th century; and that no railing currently exists at the front stoop

With regard to this proposal, the Commission finds that the proposed railing will match the appearance, material, painted finish, and mounting location of the historic c. 1956 railing, and that the proposed installation will not damage any significant historic architectural fabric. Based on these findings, the Commission determined the work to be appropriate to the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process

INVOCATION

God Our Creator,

We Assemble in the City Council Chamber this morning—
We stop and pay inner attention to our vocation as "Stewards of the City" and those dedicated to "Public Service" . . . Members of this City Council.

We gather united as members of this City Council!

We seek guidance, inner courage, and wisdom.

As we administer our office—let the spirit of right judgment speak from our heart.

May we encourage due respect for all life and diversity.

May we in our deliberations, legislation, and discussion
Be filled with justice and mercy.

May our legislation drafted and voted on today become the foundation of order, rule, and good government.

Assist these guardians gathered here today with counsel, inner fortitude, and a healing spirit.

We come today with heads bowed and hearts open.

Guide the Men and Women of this *City Council*:
Enable them to administer their office in righteousness.

Let us pray for these Stewards and Guardians of the City
That they strive to foster our political and civic welfare.

May they find that *inner strength* and *wisdom* to discharge their duties with honesty and ability.

May the spirit of Wisdom be etched in their hearts.
May that same spirit of *Wisdom* embrace all who have committed themselves to Public Service.

* * * * * * *

Let us remember in a special way all the families of the slain Limousine drivers. We pray for all their families in their time of grief.

Let us remember in a very special way little Elian Gonzalez and *All* the members of his entire Family during this most difficult time.

Let us all present speak in *one united voice* as Public Servants, Stewards, and Guardians of this City by saying:

AMEN.

Council Member Freed moved to spread the Invocation in full upon the record.

Adoption of Minutes

Council Member Harrison moved that the Minutes of the Stated Meeting of Wednesday, March 29, 2000, be adopted as printed.

Communication from the Mayor — "AN ACT in relation to authorizing the city of New York to grant easements over portions of parkland known as Riverside Park in the Borough of Manhattan to the National Park Service for the construction and operation of public facilities in connection with the General Grant National Memorial." S.6992/A.8160A

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate bill (No. 6692) and Assembly bill (No. 8160-A) entitled "AN ACT in relation to authorizing the city of New York to grant easements over portions of parkland known as Riverside Park in the Borough of Manhattan to the National Park Service for the construction and operation of public facilities in connection with the General Grant National Memorial."

It is hereby declared that a necessity exists for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

(Signed) Rudolph W. Giuliani
Mayor

Date: April 11, 2000

AN ACT in relation to authorizing the city of New York to grant easements over portions of parkland known as Riverside Park in the Borough of Manhattan to the National Park Service for the construction and operation of public facilities in connection with the General Grant National Memorial.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subject to the provisions of this act, but notwithstanding any provision of any general, special, or local law, the city of New York is hereby authorized to grant easements to the United States or the National Park Service (NPS) over portions of the parkland known as Riverside Park in the borough of Manhattan, described more particularly in section three of this act, upon such terms and conditions, for such consideration, and for such period of time as shall be agreed upon between the NPS and the New York city department of parks and recreation for the construction, use, and operation by the NPS of public facilities, public access, and public amenities in connection with the operation by the NPS of the General Grant National Memorial. Such easements may include the right to control, manage, construct, use, maintain, and develop such parkland as the General Grant National Memorial, a public educational and historic resource. Such easements shall require that the NPS, other than during maintenance, repairs, construction work, landscaping, or to comply with any other laws, ensure public access during normal business hours, subject to availability of funding.

§ 2. The authorization contained in this act shall take effect only upon the condition that at the time of granting such easements, the city of New York shall dedicate an amount equal to the fair market value of those interests being transferred by this act and that such funds shall be used for the dedication of additional park lands of equal or greater fair market value and/or for capital improvements to existing park and recreational facilities.

§ 3. The parkland referred to in section one of this act over which easements may be granted to the NPS is a part of Riverside Park in the borough of Manhattan, designated as tracts 01-103 and 01-104, more particularly described as follows:

Tract 01-103

Mayor

Date: April 11, 2000

AN ACT to amend the agriculture and markets law, in relation to the powers and duties of municipal directors in cities with a population of one million or more regarding enforcement of the payment of inspection and testing fees.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 8 of section 181 of the agriculture and markets law, as added by chapter 874 of the laws of 1977, is amended to read as follows:

8. *a.* Have authority to establish and collect fees for the inspection and testing of all weights and measures, weighing and measuring devices and systems, and accessories related thereto within his *or her* jurisdiction. Provided, however, that the commissioner shall, after public hearing, promulgate rules and regulations fixing maximum levels for such fees and governing any other aspect thereof, including the frequency of such inspections, as he *or she* deems necessary. All fees collected.by the municipal director shall be paid into the appropriate municipal treasury.

b. (1) The municipal director in a city having a population of one million or more may, after due notice and opportunity to be heard, order that any weighing or measuring device or system or accessory related thereto within his or her jurisdiction be seized, removed or rendered inoperable where such device, system or accessory has been inspected, tested and sealed pursuant to this article and the person who uses such device, system or accessory for commercial purposes has failed to pay within the time permitted by law any fee lawfully imposed for inspection and testing of such device, system or accessory or any fine lawfully imposed for failure to pay any such fee.

(2) Any order of the municipal director issued pursuant to this paragraph shall be mailed to the corporate headquarters of the person, company or firm owning such device, system or accessory and if the mailing address is different to the premises at which such device, system or accessory is used or is likely to be used commercially. Fourteen days after the date of mailing such order and upon the written directive of the municipal director, officers and employees of the office of the municipal director and officers of the police department of such city shall be authorized to act upon and enforce such order.

(3) Any order of the municipal director issued pursuant to this paragraph shall be stayed with respect to any person who has paid to such municipal director all outstanding inspection and testing fees and fines imposed for failure to pay such fees.

(4) Any weighing or measuring device or system or accessory related thereto seized or removed pursuant to this paragraph shall be stored in a pound or other place of safety and the owner or other person lawfully entitled to the possession of such device, system or accessory may be charged with such reasonable costs for removal and storage as the municipal director may impose by rule which shall be payable prior to the release of such device, system or accessory to such owner or such other person.

(5) The municipal director shall order that any device, system or accessory seized, removed or rendered inoperable pursuant to this paragraph shall be released and returned in a satisfactory working condition or rendered operable upon payment of all outstanding inspection and testing fees and fines imposed for failure to pay such fees, together with all such reasonable costs for removal and storage imposed by the municipal director.

(6) Any person who renders operable any device, system or accessory rendered inoperable in accordance with an order of the municipal director issued pursuant to this paragraph shall be guilty of a misdemeanor.

(7) If the owner or other person lawfully entitled to reclaim any device, system or accessory seized or removed pursuant to this paragraph fails to obtain its release in accordance with this paragraph within ninety days of its seizure or removal, such device, system or accessory shall be deemed abandoned. Such device, system or accessory shall be disposed of in accordance with applicable law.

§ 2. This act shall take effect on the thirtieth day after it shall have become a law, provided that the remedies provided in paragraph b of subdivision 8 of section 181 of the agriculture and markets law, as added by section one of this act, shall apply to the collection of (i) any fees for inspection and testing of any weighing or measuring device, system or accessory related thereto and any fines for failure to pay any such fees which fees or fines are imposed by a municipal director in a city having a population of one million or more on or after the effective date of this act and (ii) any such fees and fines that were imposed by such municipal director on or before the effective date of this act where such fees and fines are outstanding on the effective date of this act.

Date: April 11, 2000

AN ACT to amend the general municipal law, in relation to contracts for public work.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 1 of section 103 of the general municipal law, as amended by chapter 413 of the laws of 1991, is amended to read as follows:

1. *(a)* Except as otherwise expressly provided by an act of the legislature or by a local law adopted prior to September first, nineteen hundred fifty-three, all contracts for public work involving an expenditure of more than twenty thousand dollars and all purchase contracts involving an expenditure of more than ten thousand dollars, shall be awarded by the appropriate officer, board or agency of a political subdivision or of any district therein including but not limited to a soil conservation district, to the lowest responsible bidder furnishing the required security after advertisement for sealed bids in the manner provided by this section. In any case where a responsible bidder's gross price is reducible by an allowance for the value of used machinery, equipment, apparatus or tools to be traded in by a political subdivision, the gross price shall be reduced by the amount of such allowance, for the purpose of determining the low bid. In cases where two or more responsible bidders furnishing the required security submit identical bids as to price, such officer, board or agency may award the contract to any of such bidders. Such officer, board or agency may, in his or its discretion, reject all bids and readvertise for new bids in the manner provided by this section.

(b) Notwithstanding any provision of law to the contrary, a city with a population of one million or more undertaking a public work project may include in the contract for such project any work deemed necessary or desirable by such city for the completion of such project that requires the maintenance, support, protection or other accommodation of energy, telecommunications or other private facilities or structures not owned by such city which are located within traversing or adjacent to the construction area of such project, whether above, below or at ground level, including the removal, relocation, alteration, replacement, reconstruction or improvement of such facilities or structures, and such work shall be deemed public work for the purposes of this section, provided, however, that the costs of such work, including any incremental or administrative costs attributable to such work, are not borne by such city.

§ 2. This act shall take effect immediately.

Referred to the Committee on State and Federal Legislation.

REPORTS OF STANDING COMMITTEES

Reports of the Committee on Aging

Res. No. 1124-A

Report of the Committee on Aging in favor of approving, as amended, a resolution calling upon the Congress of the United States to preserve Medicare's social insurance character and to pass legislation extending the financial solvency of Medicare and improving the Medicare program by the addition of several enhancements including an adequate prescription drug benefit.

The Committee on Aging to which it was referred on December 16, 1999 (Minutes page 2933), the annexed amended resolution respectfully

REPORTS:

On April 17, 2000, the Committee on Aging will hold a hearing on Proposed Resolution 1124-A, which calls upon the United States Congress to preserve the social insurance character of Medicare and to pass legislation extending the financial solvency of Medicare while improving the Medicare program with enhancements, including an adequate, affordable prescription drug benefit.

Demographic projections indicate that the elderly population of the United States will double from 40 to 80 million over the next three decades. This will substantially increase the number of people eligible to receive Medicare benefits and will place an additional strain on the viability of the Medicare program.

As a result of these projections, there has been a growing public debate about how best to finance Medicare in the future and how Medicare might be enhanced to include additional services and benefits that most Medicare beneficiaries consider essential but which are not currently covered under the Medicare law.

In June of 1999, President Clinton unveiled his plan to modernize and strengthen Medicare and to prepare the program to meet the changing demographics of the next century. His plan was designed, according to the White House, to make Medicare both more competitive and more efficient.

At an Aging Committee hearing on September 13, 1999, the Committee heard testimony on the President's Medicare proposals. While the testimony was unanimous in support of the need for changes and enhancements, there was a great deal of controversy expressed over several of the details in the President's plan. Advocates agreed that the addition of a prescription benefit was the most important and essential item in the proposal. However, most advocates testified that the proposed prescription benefit was inadequate and that the cost of joining the program was too high and the savings too low to help those truly in need of the enhancement. Those testifying at the hearing also considered a number of the other changes proposed by the President to be controversial.

In March of 2000, the President amended his initial proposal for both the refinancing and the enhancements of the Medicare program. While his new proposals addressed some of the concerns initially expressed by advocates in June, there still remain some areas that require further discussion before they finally become part of the Medicare law.

Today, we are expecting to hear testimony about an amended version of Resolution 1124, which had been originally introduced on December 16, 1999 and which has been amended to reflect the changes proposed by President Clinton in his March statement.

Accordingly, Your Committee recommends its adoption as amended.

Resolution calling upon the Congress of the United States to preserve Medicare's social insurance character and to pass legislation extending the financial solvency of Medicare and improving the Medicare program by the addition of several enhancements including an adequate, affordable prescription drug benefit.

Whereas, President Clinton has proposed changes in Medicare that are intended to strengthen Medicare's financing for the 21st Century; and

Whereas, The elderly population of the United States will sustain a substantial increase over the next three decades, growing from approximately 40 million to approximately 80 million; and

Whereas, According to a White House Press Release, dated March 13th, 2000 (the "Press Release") the President plans to devote $150 billion to Medicare over 10 years, paid for largely out of projected surplus funds, and also plans to dedicate $299 billion from the non-Social Security surplus to help extend Medicare's solvency to at least 2025; and

Whereas, Provision of an outpatient prescription drug benefit is a significant part of the President's proposal; and

Whereas, Nationally, prescription drug costs are the fastest growing component of health care costs and are fast moving toward becoming the largest component; and

Whereas, Although the President has proposed the introduction of a Medicare Part D to make drug coverage available to beneficiaries on an optional basis, analysts have noted that, while a drug benefit is an important component of any Medicare enhancement, the plan may not provide sufficient access to participation for many seniors since, (1) while premiums would be at least partially subsidized for beneficiaries below 150% of poverty, the projected premium cost ($288/year initially, rising to $576/year in 2009 according to the Press Release) would not be affordable for many moderate income beneficiaries, (2) even though no co-payment would be required below 135% of poverty, many moderate income people who join Part D would have difficulty affording the drugs they need, inasmuch as a 50% co-payment would be required, (3) the annual benefit (match) would be capped at $1,000, rising to $2,500 in 2009, posing a serious limitation for all but the well-to-do among beneficiaries with costly prescription drug needs, and (4) the voluntary nature of the President's proposal gives Medicare beneficiaries who now have dependable, affordable coverage the option of keeping that coverage which would, according to projections of the Congressional Budget Office (CBO), apply to 75% of seniors, but which could lead to adverse selection of enrollees and lower cost-effectiveness for the program, in that healthier beneficiaries would stay out to avoid the premium cost; and

Whereas, The President's proposal would give beneficiaries bargaining power in the market place since drug cost discounts would average 12.5%, according to CBO projections; and

Whereas, The New York Times, on February 8, 2000, reported that the President proposes to include a Medicare buy-in option for Americans aged 55-64, which would be funded through the provision of tax credits allowing people to offset 25% of the cost; and

Whereas, In addition to provision of a prescription drug benefit, there are a number of other Medicare proposals such as means testing and a shift to managed care, which are currently being considered by Congress and which should be carefully evaluated prior to passage of new Medicare legislation; and

Whereas, Advocates remain firmly opposed to any form of means testing, since they feel that means testing would undermine the Medicare program's universality, and thus its social insurance character, which may weaken its base of political support; and

Whereas, Advocates have also expressed reservations about the President's plan to shift Medicare beneficiaries away from the fee-for-service model by introducing market-oriented incentives to induce buying of coverage from private managed care plans, such advocates feel that this would undermine the defined benefit that traditional Medicare guarantees, inasmuch as different plans cover different sets of services and often reduce their benefit levels over time; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Congress of the United States to preserve Medicare's social insurance character and to pass legislation extending the financial solvency of Medicare and improving the Medicare program by the addition of several enhancements including an adequate, affordable prescription drug benefit.

Res. No. 1209-A

Report of the Committee on Aging in favor of approving, as amended, a resolution calling upon the United States Congress to amend the Medicare legislation so that it includes coverage of the cost of hearing aids.

The Committee on Aging to which it was referred on February 29, 2000 (Minutes page 443), the annexed amended resolution respectfully

REPORTS:

According to the League for the Hard of Hearing, 28.6% of people aged 65 and older have a measurable hearing loss, totaling 9,700,000 Medicare enrollees. However, Medicare does not cover the cost of hearing aids. Testimony received from the League for the Hard of Hearing at a New York City Council Committee on Aging hearing held on November 22, 1999, explained that the reason Medicare does not cover hearing aids is that, in the 1950's, the act of Congress that established Medicare specifically referred to hearing aids as non-medically necessary prosthetic devices.

However, hearing aids are the third most widely used assistive devices, following eye glasses and canes, and are the most effective therapeutic devices available for those with a hearing loss. Untreated hearing loss can have serious emotional and social consequences for older persons. For many of those with mental health problems, hearing loss is either a precipitating or a contributing factor. On May 26, 1999, the National Council on Aging (NCOA) released a study, which surveyed 2,300 hearing-impaired adults age 50 and older, on the consequences of untreated hearing loss for seniors. The study revealed that those with untreated hearing loss were more likely to report depression, anxiety and paranoia and were less likely to participate in organized social activities, compared to those who wore hearing aids.

According to the League for the Hard of Hearing: (1) approximately 50% of seniors with hearing loss (totaling 4,850,000 of Medicare enrollees) are recommended to receive hearing aids by audiologists and dispensers, (2) reports of market performance indicate that 20% of such seniors (970,000) will actually purchase a hearing aid, and (3) hearing aid consumers purchase new hearing aids every 5.25 years, which means that annually 171,000 Medicare beneficiaries would benefit from expanded coverage of Medicare that includes assistive hearing devices. Many advocates believe that hearing aids should be partially covered by Medicare at the rate of $500.00 per hearing-impaired person, less any amount received as a partial benefit for hearing aids through a managed care program.

The Americans with Disabilities Act of 1990 (ADA) is the single most inclusive and important law ever passed regarding equal access for people with disabilities, which includes those with hearing impairments. Therefore, if Congress included sufficient funding in the national budget partially cover the cost of hearing aids, it would extend the benefits of the ADA to many of those in need of help, that is, seniors who are sufficiently hearing-impaired as to require the use of hearing aids.

Accordingly, Your Committee recommends its adoption as amended.

Resolution calling upon the United States Congress to amend the Medicare legislation so that it includes coverage of the cost of hearing aids.

Whereas, Untreated hearing loss may have serious emotional and social consequences for older persons, including depression, isolation, anxiety, paranoia and emotional distress; and

Whereas, According to the League for the Hard of Hearing, research estimates that 25% of older people present significant symptoms of mental health illness and that 10% of that group are actually diagnosed as mentally ill; and

Whereas, For many of those with mental health problems, hearing loss is either a precipitating or contributing factor; and

Whereas, Medicare does not cover the cost of hearing aids and this exclusion has a significant negative effect on many of the lives of the 300,000 people over the age of 65 living in New York City who suffer from hearing loss; and

Whereas, According to the League for the Hard of Hearing; (1) approximately 50% of seniors with hearing loss (totaling 4,850,000 of Medicare enrollees) are recommended to receive hearing aids by audiologists and dispensers, (2) reports of market performance indicate that 20% of such seniors (970,000) will actually purchase a hearing aid, and (3) hearing aid consumers purchase new hearing aids every 5.25 years, which means that annually 171,000 Medicare beneficiaries would benefit from expanded coverage of Medicare that includes assistive hearing devices; and

Whereas, Congress should include sufficient funding in the national budget to pay $500.00 to each hearing-impaired consumer covered by Medicare; and

Whereas, In taking this step of covering a portion of the total cost of hearing aids, Congress would extend the benefits of the ADA to many of those in need of help, that is, those seniors who are sufficiently hearing-impaired as to require the use of hearing aids; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the United States Congress to amend the Medicare legislation so that it includes coverage of the cost of hearing aids.

Report of the Committee on Governmental Operations

Int. No. 450-B

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, a local law to amend the charter of the City of New York to establish a system to distribute voter registration forms at certain agencies.

The Committee on Governmental Operations to which it was referred on October 8, 1998 (Minutes page 3338), the annexed amended local law respectfully

REPORTS:

Current federal and state law requires that a sophisticated computerized voter registration plan be put in place in motor vehicle agencies. However, while more than 91 % of New York State residents eighteen and over outside of New York City hold driver's licenses, less than 50% of City residents do. Int. No. 450-B would require certain City agencies to distribute voter registration forms to clients when they first apply for services or when they recertify or change their address. This procedure has been found to be highly effective in registering new voters and updating voter registration rolls in places across the country that have implemented similar programs.

The following agencies are designated as participating voter registration agencies and must implement and administer a program of distributing voter registration forms pursuant to Int. No. 450-B:

- The Administration for Child Services
- The City Clerk
- The Civilian Complaint Review Board
- The Commission on Human Rights
- Community Boards
- The Department of Business Services
- The Department of Citywide Administrative Services
- The Department of Consumer Affairs
- The Department of Correction
- The Department of Employment
- The Department of Environmental Protection
- The Department of Finance
- The Department of Health
- The Department of Homeless Services
- The Department of Housing, Preservation and Development
- The Department of Mental Health
- The Department of Parks and Recreation
- The Department of Probation
- The Taxi and Limousine Commission
- The Department of Transportation
- The Department of Youth and Community Development

Participating agencies shall include a mandate in all new or renewed agreements with those subcontractors having regular contact with the public in the daily administration of their business to follow the guidelines of Int. No. 450-B.

Participating agencies shall:

1) offer voter registration forms to all persons together with written applications for services, renewal, or recertification for services and change of address relating to such services. Such participating agencies may provide assistance to applicants in completing these voter registration forms, if so requested;

2) incorporate an opportunity to request a voter registration application into any application for services, renewal or recertification for services and change of address relating to such services provided on computer terminals, the World Wide Web or the Internet. Any person indicating that they wish to be sent a voter registration form, via computer terminals, the World Wide Web or the Internet shall be sent such a form by the participating agency, or directed to a bank on that system where such a form may be downloaded;

3) adopt such rules and regulations as may be necessary to implement Int. No. 450-B;

4) transmit any completed forms collected in their discretion to the Board of Elections of the City of New York within two weeks of the receipt of such completed forms;

5) transmit a completed form to the Board of Elections of the City of New York not later than five days after the date of acceptance, if such form is accepted by the participating agency within five days before the last day to vote in a citywide election;

6) at the earliest practicable or next regularly scheduled printing of their forms, physically incorporate the voter registration forms with their own application forms in a manner that permits the voter registration portion to be detached therefrom; and

7) use Board of Elections of the City of New York coded voter registration forms which designate such forms as originating from participating agencies.

Employees of a participating agency who provide voter registration assistance shall not:

1) seek to influence an applicant's political preference or party designation;

2) display any political preference or party allegiance;

3) make any statement to the applicant or take any action the purpose or effect of which is to discourage the applicant from registering to vote; or

4) make any statement to an applicant the purpose or effect of which is to lead the applicant to believe that a decision to register or not to register has any bearing on the availability of services or benefits.

Each participating agency, department, division and office that makes available voter registration forms shall prominently display promotional materials designed and approved by the New York City or State Board of Elections for use in state agency programs.

The New York City Voter Assistance Commission shall prepare and distribute to participating agencies written advisory agency guidelines as to the implementation of Int. No. 450-B and may establish training programs for employees of participating agencies. Participating agencies may consider such advisory agency guidelines in the promulgation of their rules and regulations.

Int. No. 450-B contains a severability clause that states should any provision or application of Int. No. 450-B be determined to be unlawful or unenforceable, all other provisions and applications of Int. No. 450-B shall nevertheless continue in full force and effect.

Int. No. 450-B shall take effect ninety days after its enactment.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	Minimal $0-$100,000	Minimal $0-$100,000	Minimal $0-$100,000
Net	$0	$0	$0

Impact on Revenues: None.

Impact on Expenditures: The proposed legislation states that assistance with the completion of voter registration forms will be handled by existing agency staff only upon request. This indicates that no additional staff will be hired by the participating agencies. The cost of printing additional forms and distributing them to those agencies will be minimal.

Accordingly, Your Committee recommends its adoption as amended.

A LOCAL LAW to amend the charter of the city of New York to establish a system to distribute voter registration forms at certain agencies.

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings. Current federal and state law requires that a sophisticated computerized voter registration plan be put in place in motor vehicle agencies. However, while more than 91% of New York State residents eighteen and over outside of New York City hold driver's licenses, less than 50% of City residents do. In order to ensure that application forms be as widely and freely distributed as possible, this legislation requires certain City agencies to distribute voter registration forms to clients when they first apply for services or when they recertify or change their address. This procedure has been found to be highly effective in registering new voters and updating voter registration rolls in places across the country that have implemented similar programs. This program will serve to facilitate public access to voter registration forms, but not actually register anyone because only the Board of Elections may register a voter pursuant to State Election Law.

§ 2. Chapter forty-six of the charter of the city of New York is hereby amended to add a new section 1058 to read as follows:

*§ **1058. Agency based voter registration.** Each agency designated as a participating agency under the provisions of this section shall implement and administer a program of distribution of voter registration forms pursuant to the provisions of this section. The following offices are hereby designated as participating voter registration agencies: The administration for children's services, the city clerk, the civilian complaint review board, the commission on human rights, community boards, the department of business services, the department of citywide administrative services, the department of consumer affairs, the department of correction, the department of employment, the department of environmental protection, the department of finance, the department of health, the department of homeless services, the department of housing preservation and development, the department of mental health, the department of parks and recreation, the department of probation, the taxi and limousine commission, the department of transportation and the department of youth and community development. Participating agencies shall include a mandate in all new or renewed agreements with those subcontractors having regular contact with the public in the daily administration of their business to follow the guidelines of this section. Such participating agencies shall be required to offer voter registration forms to all persons together with written applications for services, renewal or recertification for services and change of address relating to such services; provided however that this section shall not apply to services that must be provided to prevent actual or potential danger to the life, health, or safety of any individual or of the public. Such agencies may provide assistance to applicants in collecting voter registration forms, if so requested. Such agencies may also, in their discretion, receive and transmit the completed application form from any applicants who wish to have such form transmitted to the board of elections for the city of New York.*

1. Participating agencies shall adopt such rules and regulations as may be necessary to implement this section. The New York city voter assistance commission shall prepare and distribute to participating agencies written advisory agency guidelines as to the implementation of this section and may establish training programs for employees of participating agencies. Participating agencies may consider such advisory agency guidelines in the promulgation of their rules and regulations.

2. Participating agencies shall provide and distribute voter registration forms to all persons together with written applications for services, renewal or recertification for services and change of address relating to such services; provided however that this section shall not apply to services that must be provided to prevent actual or potential danger to life, health or safety of any individual or of the public. Participating agency staff may provide assistance in completing these distributed voter registration forms, if so requested. Participating agencies shall also include a voter registration form with any agency communication sent through the United States mail for the purpose of supplying clients with application, renewal or recertification for services and change of address relating to such services materials. Participating agencies shall also incorporate an opportunity to request a voter registration application into any application for services, renewal or recertification for services and change of address relating to such services provided on computer terminals, the World Wide Web or the Internet. Any person indicating that they wish to be sent a voter registration form, via computer terminals, the World Wide Web or the Internet shall be sent such a form by the participating agency, or directed to a bank on that system where such a form may be downloaded.

3. Participating agencies shall also:

a. at the earliest practicable or next regularly scheduled printing of their forms, physically incorporate the voter registration forms with their own application forms in a manner that permits the voter registration portion to be detached therefrom. Until such time when the agency amends its form, each agency should affix or include a postage paid board of elections for the city of New York voter registration form to or with its application, renewal, recertification and change of address forms;

b. use the board of elections of the city of New York coded voter registration forms which designate such forms as originating from participating agencies: and

c. transmit any completed forms collected in their discretion to the board of elections of the city of New York within two weeks of the receipt of such completed forms at the participating agency. If a completed form is accepted within five days before the last day for registration to vote in a citywide election, such completed form shall be transmitted by the participating agency to the board of elections of the city of New York not later than five days after the date of acceptance.

4. All persons seeking voter registration forms and information shall be advised in writing together with other written materials provided by agencies or by appropriate

publicity that government services are not conditioned on being registered to vote. No statement shall be made nor any action taken by an agency employee to discourage the applicant from registering to vote or to enroll in any particular political party.

5. The completion of the voter registration form by an applicant is voluntary.

6. Employees of a participating agency who provide voter registration assistance shall not:

a. seek to influence an applicant's political preference or party designation;

b. display any political preference or party allegiance;

c. make any statement to an applicant or take any action the purpose or effect of which is to discourage the applicant from registering to vote; or

d. make any statement to an applicant or take any action the purpose or effect of which is to lead the applicant to believe that a decision to register or not to register has any bearing on the availability of services or benefits.

7. Each participating agency, department, division and office that makes available voter registration forms shall prominently display promotional materials designed and approved by the board of elections for the city of New York or state board of elections for use in state agency programs.

§ 3. **Severability.** Should any provision or application of this local law be determined to be unlawful or unenforceable, all other provisions and applications of this local law shall nevertheless continue in full force and effect.

§ 4. This local law shall take effect ninety days after its enactment.

Report of the Committee on Health

Int. No. 567-A

Report of the Committee on Health in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to requiring an animal shelter in each borough and mandating the sterilization of dogs and cats adopted from animal shelters or purchased from pet shops.

The Committee on Health to which it was referred on June 30, 1999 (Minutes page 1808), the annexed amended local law respectfully

REPORTS:

The Committee on Health will hold a hearing and a vote on Proposed Int. No. 567-A, a proposed local law requiring an animal shelter in each borough and mandating the sterilization of dogs and cats adopted from animal shelters or purchased from pet shops. The Committee held a hearing on this proposed law on February 28, 2000, at which testimony was received from the Administration, various veterinary medical experts and advocates. Several recommendations offered at this hearing were incorporated into Proposed Int. No. 567-A, and those additions will be noted in the following analysis.

Proposed Int. No. 567-A would add sections 17-801 through 17-808 to a new chapter eight of title 17 of the New York City Administrative Code. Section 17-801 of this new chapter entitled "Animal Shelters and Sterilization Act," states the legislative findings. The findings articulate the need for this type of shelter and sterilization legislation due to a serious overpopulation of unwanted dogs and cats in the City. This section indicates that the Center for Animal Care and Control ("CACC"), which operates animal shelters under contract with the Department of Health ("DOH"), estimates that 67,000 unwanted, stray or abandoned dogs and cats entered its facilities in 1998. Of these animals, approximately 70% were not spayed or neutered.

The Council finds that a law providing for a full-service animal shelter in each borough and the spaying and neutering of animals adopted from animal shelters and purchased from pet shops is necessary to protect the health, safety and welfare of New York City residents. The Council also finds that with the advancement of medical knowledge over the past ten years, many veterinarians now advocate and practice early sterilization of pets, as early as eight weeks of age. Veterinarians at animal hospitals and human shelters across the country, as well as the American Society for the Prevention of Cruelty to Animals, have performed thousands of early spay-neuter surgeries. Veterinary studies reported that even though any surgery has inherent risks, kittens and puppies heal faster and are lower surgical risks than older animals who may be ill, in heat, or pregnant.[1]

Section 17-802 would define key words used throughout the legislation. "Adoption" would be defined in paragraph a as the delivery of a dog or cat deemed appropriate and suitable as a companion animal by an animal shelter, to an individual at least eighteen years of age who has been approved to own, care and provide for the animal by the animal shelter. This is new language added since the February 28, 2000 hearing. A "consumer" would be defined in paragraph b as any individual purchasing an animal from a pet shop and a pet shop, which is defined later, would not be considered a consumer.

A "full-service shelter" would be defined in paragraph c: as a facility licensed pursuant to subdivision (b) of section 161.09 of the New York City Health Code that houses lost, stray or homeless animals. This paragraph also requires a "full-service shelter" to accept dogs and cats twenty-four hours per day, seven days per week, have an adoption program open seven days a week, and provide sterilization services for dogs and cats and any other veterinary services deemed necessary by a licensed veterinarian at the shelter or at a veterinary facility.

A "pet shop" would be defined in paragraph d as a facility required to have a permit issued pursuant to subdivision (a) of section 161.09 of the New York City Health Code, where dogs and/or cats are sold, exchanged, bartered, or offered for sale as pet animals to the general public at retail for profit. This definition does not include full-service shelters, as defined in this section, or other animal shelters that make dogs and cats available for adoption whether or not a fee for such adoption is charged. Finally, "sterilization" would be defined in paragraph e as rendering a dog or cat unable to reproduce by surgically altering the dog or cat's reproductive organs at eight weeks of age or older. This definition includes the spaying of a female dog or cat or the neutering of a male dog or cat.

Preston Stubbs at the College of Veterinary Medicine, University of Florida, which attempted to ascertain the effect of early age neutering on the physical and behavioral development of cats. Section 17-803 of this proposed new chapter would require that DOH maintain a full-service shelter in each borough of the city of New York. Section 17-804 would require sterilization of dogs and cats being adopted from all animal shelters licensed by DOH or sold by pet shops licensed by DOH.

In the case of dogs and cats adopted from animal shelters, section 17-804(a) would provide exceptions to the sterilization requirement. The sterilization requirement would not apply if a licensed veterinarian certifies to the shelter that he or she has examined the dog or cat and found that because of a medical reason, the life of the animal would be endangered by sterilization. The medical reason, however, could not consist solely of the youth of such dog or cat, if such dog or cat is at least eight weeks of age or older. Another exception would apply to a dog who, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership, and the owner demonstrates to the satisfaction of the shelter that such dog has a breed ring show record from American Kennel Club or United Kennel Club or other similar, registry association, dated no more than twelve months prior to the date that the dog entered the shelter. Sterilization would also not be required if a person claiming ownership is able to provide proof that the dog has successfully completed the requirements of the American Kennel Club or United Kennel Club or other similar, registry association, for the title Champion or its equivalent, at any time prior to the arrival of the dog at the shelter.

Similarly, a third exception would apply to a dog, if such dog, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership and the owner demonstrates to the satisfaction of the shelter that the dog is a guide dog, hearing dog, service dog or police work dog. Another exception is for a cat who, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership, and the owner demonstrates to the satisfaction of the shelter that the cat has a breed show record from the Cat Fancier Association or other similar, registry association dated no more than twelve months prior to the date the cat entered the shelter. Finally, sterilization would not be required if a person claiming ownership is able to provide proof that the cat has successfully completed the requirements of the Cat Fancier Association or other similar, registry association for the title Champion, Grand Champion or its equivalent, at any time prior to the arrival of the cat at the shelter.

In the case of dogs and cats sold from pet shops, section 17-804(b) would provide an exception to a consumer who presents to the pet shop a letter from the consumer's licensed veterinarian, dated within the immediately preceding ten days, stating the reason(s) why, in the opinion of the veterinarian, such dog or cat should not be sterilized until a later specified date, not to exceed four months following the date of the letter. This is new language added since the February 28, 2000 hearing, In order to address the concerns of the veterinarians and the pet shop industry who have not embraced the concept of early spay-neuter operations. A consumer, with an existing relationship with a particular veterinarian, may feel more comfortable having that veterinarian perform the sterilization at a later date.

Section 17-804(b) further provides that the letter must state that the veterinarian will perform the sterilization of the dog or cat at the request of the consumer on or before the

date specified. The veterinarian must also provide to the pet shop a certificate, in a form and manner determined by the rules promulgated by DOH, stating the date on which the sterilization was performed. Any consumer who provides a pet shop with a letter with respect to a later sterilization of a dog or cat must ensure that the animal is sterilized by the date indicated in the letter.

Section 17-804(c) requires every pet shop, in accordance with rules promulgated by DOH, to maintain records of dog and cat sales, sterilization procedures performed at the request of the pet shop, and veterinarian letters and certificates received. The pet shop is also required to retain these records, letters and certificates for a period of two years and they must make these records, letters and certificates available to DOH according to rules promulgated by DOH.

Section 17-805 would require a report to the Mayor and the City Council regarding the management and operation of all full-service shelters. The report, to be filed by February 28th of each year, would be required to include the following information regarding the management and operation of all full-service shelters performing services pursuant to a contract with the city of New York, for the previous calendar year: the number of animals accepted by each full-service shelter; the number of animals that were sterilized at each full-service shelter; the number of animals that were humanely euthanized at each full-service shelter; the number of adoptable animals that were humanely euthanized at each full-service shelter; the number of animals that were adopted at each full-service shelter; the number of animals at each full-service shelter that were returned to their owner; and the number of animals at each full-service shelter that were provided to other shelters for adoption.

Section 17-806 would provide that any person found, to be in violation of subdivisions (b) or (c) of section 17-804 (sterilization required of animals sold by pet shops and the maintaining of records and other materials) or any of the rules promulgated by DOH, would be liable for a civil penalty of not less than two hundred fifty dollars nor more than five hundred dollars for each violation. A proceeding to recover any civil penalty authorized pursuant to the provisions of this section would be commenced by the service of a notice of violation, which would be returnable to the administrative tribunal established by the DOH.

Section 17-807 would provide that the commissioner of DOH must promulgate such rules as are necessary for the purposes of implementing and carrying out the provisions of this chapter.

Section 17-808 provides that in the event that any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, that portion will be deemed severable. The unconstitutional or invalid portion will not affect the validity of the remaining portions of this law, which will continue in full force and effect.

This local law would take effect one hundred eighty days after its enactment. However, section 17-803 would take effect January 1, 2001, with respect to the boroughs of the Brooklyn, Manhattan and Staten Island and would take effect July 1, 2001, with respect to those boroughs of The Bronx and Queens. This section was revised as a result of testimony received at the February 28, 2000 hearing regarding the present status of. animal shelters in the City.

Presently, only Brooklyn and Manhattan have full-service animal shelters in accordance to the requirements of this bill. Staten Island has a shelter that is not open twenty-four hours and does not provide the medical services required under this bill. However, once the Staten Island shelter hires enough personnel to open twenty-four a day, the medical services can be contracted to an outside veterinary facility, allowing the shelter to be in compliance with this bill. The Bronx and Queens now have "store-front" drop off shelters that are open Tuesday through Saturday from eight in the morning to four in the afternoon. At the end of the day, animals collected at these shelters are transported to either the Manhattan shelter for Bronx animals and to the Brooklyn shelter for the Queens animals, for sheltering. New full-service animal shelters need to be built in these boroughs. The City Council has already appropriated $4 million dollars to build a new Queens animal shelter and a site has already been chosen. Funds will have to be appropriated and a site chosen for a Bronx animal shelter.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY03
Revenues (+)	See Below	See Below	See Below
Expenditures (–)	$1 million	$1 million	$5.5 million
Net	$1 million	$1 million	$5.5 million

Impact on Revenues: Additional revenue generated as a result of fines collected from any persons who fail to comply with the law would provide an offset to this legislation's expenditures. However, the revenue offset cannot be determined at this time.

Impact on Expenditures: The proposed legislation requires all five boroughs to have full-service shelters. Presently, Manhattan is the only borough with a city-funded shelter that is full-service. However, to meet the requirement of this law they will need to expand their veterinarian services. The Brooklyn shelter is not full-service, but the Department has already allocated funding to make this facility full-service. However, additional funding will be needed to expand veterinarian services. Based on the requirement of the proposed legislation, the City will also need to upgrade veterinarian services at Staten Island. In addition, there are two boroughs that do not have shelters, Bronx and Queens. Based on budget figures provided to the Council by the Department of Health and the Center for Animal Care and Control ("CACC"), it is estimated that it would cost the City approximately $5.5 million to comply with the proposed legislation when fully implemented. If legislation is enacted, Queens and The Bronx will have to erect a shelter that is full-service by July 2002; the estimated operating cost to establish these shelters would be $2.25 million each. This does not include the capital cost needed to build the physical structure. In order to upgrade veterinarian services at the Brooklyn and Manhattan shelters it would cost the Department approximately $250,000 each. Finally, it would cost the City $500,000 to upgrade services at the Staten Island shelter.

Accordingly, Your Committee recommends its adoption as amended.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring an animal shelter in each borough and mandating the sterilization of dogs and cats adopted from animal shelters or purchased from pet shops.

Be it enacted by the Council as follows:

Section 1. Title 17 of the administrative code of the city of New York is amended by adding thereto a new chapter 8 to read as follows:

Chapter 8

Animal Shelters and Sterilization Act

§ 17-801 Legislative findings. The City Council hereby finds that New York City is experiencing a serious overpopulation of unwanted dogs and cats. This is a matter of serious concern affecting the public health, safety and welfare. The Center for Animal Care and Control, which operates animal shelters under contract with the City's Department of Health, estimates that 67,000 unwanted, stray or abandoned dogs and cats entered its facilities in 1998. Of these animals, approximately seventy percent were not spayed or neutered. While wandering the City's streets, homeless dogs and cats reproduce at alarming rates, exacerbating a potentially unhealthy and dangerous situation. As a result of this situation, dog packs have formed in some areas, increasing numbers of individuals and animals are at risk for rabies, and many homeless animals have become the victims of vehicular accidents. These animals also suffer from lack of food and water and exposure to the elements. Given the large and growing number of unwanted dogs and cats, the Council finds that a law providing for a full-service animal shelter in each borough and the spaying and neutering of animals adopted from animal shelters or purchased from pet shops is necessary to protect the health, safety and welfare of New York City residents. The Council also finds that with the advancement of medical knowledge over the past ten years, many veterinarians now advocate and practice early sterilization of pets, as early as eight weeks of age. Veterinarians at animal hospitals and humane shelters across the country, as well as the American Society for the Prevention of Cruelty to Animals, have performed thousands of early spay-neuter surgeries. Many veterinary associations now also agree that even though any surgery has inherent risks, kittens and puppies heal faster and are lower surgical risks than older animals who may be ill, in heat, or pregnant. If dogs or cats are spayed or neutered before adoption from a shelter or purchase from a pet shop, then the chance that they will add more unwanted offspring to the numbers that already exist will be eliminated.

§ 17-802 Definitions. For the purposes of this chapter, the following terms shall be defined as follows:

a. "Adoption" means the delivery of a dog or cat deemed appropriate and suitable as a companion animal by an animal shelter to an individual at least eighteen years of age who has been approved to own, care and provide for the animal by the animal shelter.

b. "Consumer" means any individual purchasing an animal from a pet shop. A pet shop shall not be considered a consumer.

c. "Full-service shelter" shall mean a facility required to have a permit issued pursuant to subdivision (b) of section 161.09 of the New York city health code that houses lost, stray or homeless animals and:

(1) accepts dogs and cats twenty-four hours per day, seven days per week;

(2) has an adoption program open seven days a week; and

(3) provides sterilization services for dogs and cats and any other veterinary services deemed necessary by a licensed veterinarian at such shelter or at a veterinary facility.

d. "Pet shop" means a facility required to have a permit issued pursuant to subdivision (a) of section 161.09 of the New York city health code, where dogs and/or cats are sold, exchanged, bartered, or offered for sale as pet animals to the general public at retail for profit. Such definition shall not include full-service shelters or other animal

shelters that make dogs and cats available for adoption whether or not a fee for such adoption is charged.

e. "Sterilization" means rendering a dog or cat, who is at least eight weeks of age, unable to reproduce by surgically altering the dog's or cat's reproductive organs. Such definition shall include the spaying of a female dog or cat or the neutering of a male dog or cat.

§ 17-803 Animal shelters. The department shall ensure that a full-service shelter is maintained in each borough of the city of New York.

§ 17-804 Sterilization required. a. No full-service shelter or other shelter for homeless animals required to have a permit issued pursuant to subdivision (b) of section 161.09 of the New York city health code shall release a dog or cat to a person claiming ownership thereof, or to a person adopting such dog or cat, unless such dog or cat has been sterilized by a licensed veterinarian; provided, however, that such requirement shall not apply:

(1) if a licensed veterinarian certifies to such shelter that he or she has examined such dog or cat and found that because of a medical reason, the life of such dog or cat would be endangered by sterilization; provided, however, that such reason shall not consist solely of the youth of such dog or cat, if such dog or cat is at least eight weeks of age;

(2) in the case of a dog, if such dog, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of the shelter that such dog has a breed ring show record from American Kennel Club or United Kennel Club or other similar, registry association, dated no more than twelve months prior to the date such dog entered such shelter, or such person claiming ownership is able to provide proof that such dog has successfully completed the requirements of the American Kennel Club or United Kennel Club or other similar, registry association, for the title Champion or its equivalent, at any time prior to the arrival of the dog at the shelter;

(3) in the case of a dog, if such dog, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of the shelter that such dog is a guide dog, hearing dog, service dog or police work dog; or

(4) in the case of a cat, if such cat within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of such shelter that such cat has a breed show record from the Cat Fancier Association or other similar, registry association dated no more than twelve months prior to the date such cat entered such shelter or such person claiming ownership is able to provide proof that such cat has successfully completed the requirements of the Cat Fancier Association or other similar, registry association for the title Champion, Grand Champion or its equivalent, at any time prior to the arrival of the cat at the shelter.

b. No pet shop shall release to a consumer a dog or cat that has not been sterilized by a licensed veterinarian; provided, however, that such requirement shall not apply to a consumer who presents to the pet shop a letter from such consumer's licensed veterinarian, dated within the immediately preceding ten days, stating the reason(s) why, in the opinion of such veterinarian, such dog or cat should not be sterilized until a later specified date, not to exceed four months following the date of such letter. Such letter shall state that such veterinarian will cause such dog or cat to be sterilized at the request of such consumer on or before such later specified date. Such veterinarian shall also provide to the pet shop a certificate, in such form and manner as determined by rules promulgated by the department, stating the date on which such sterilization was performed. Any consumer who provides a pet shop with a letter with respect to a later sterilization of a dog or cat must ensure that such animal is sterilized by the date indicated in the letter.

c. Every pet shop, in accordance with rules promulgated by the department, shall maintain records of dog and cat sales, sterilization procedures performed at the request of the pet shop, and veterinarian letters and certificates received, and shall retain such records, letters and certificates for a period of two years. Such records, letters and certificates shall be made available to the department according to rules promulgated by the department.

§ 17-805 Reporting requirement. The department shall provide the mayor and the city council with a report by February twenty-eighth of each year which shall set forth information regarding the management and operation of all full-service shelters performing services pursuant to a contract with the city of New York, including but not limited to:

a. the number of animals accepted by each full-service shelter during the previous calendar year;

b. the number of animals that were sterilized at each full-service shelter during the previous calendar year;

c. the number of animals that were humanely euthanized at each full-service shelter during the previous calendar year;

d. the number of adoptable animals that were humanely euthanized at each full-service shelter during the previous calendar year;

e. the number of animals that were adopted at each full-service shelter during the previous calendar year;

f. the number of animals at each full-service shelter that were returned to their owner during the previous calendar year; and

g. the number of animals at each full-service shelter that were provided to other shelters for adoption during the previous calendar year.

§ 17-806 Violations. Any person found to be in violation of subdivisions (b) or (c) of section 17-804 of this chapter or any of the rules promulgated thereunder shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than five hundred dollars for each violation. A proceeding to recover any civil penalty authorized pursuant to the provisions of this section shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the department.

§ 17-807 Rules. The commissioner shall promulgate such rules as are necessary for the purposes of implementing and carrying out the provisions of this chapter.

§ 17-808 Severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction such portion shall be deemed severable , and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 2. This local law shall take effect one hundred eighty days after its enactment; provided, however, that Section 17-803 shall take effect January 1, 2001 with respect to the boroughs of Brooklyn, Manhattan and Staten Island; and provided further, that such section shall take effect July 1, 2002 with respect to the boroughs of The Bronx and Queens.

Reports of the Committee on Housing and Buildings

Int. No. 508-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to site eligibility limitations on benefits pursuant to section 421-A of the real property tax law.

The Committee on Housing and Buildings to which it was referred on January 20, 1999 (Minutes page 129), the annexed amended local law respectfully

REPORTS:

The 421-a program was promulgated in 1971 under State law to provide an incentive in New York City for the construction of new residential multiple dwellings, with the exclusion of hotels. To be eligible for consideration to receive 421-a benefits, a new construction site must first have met one of four conditions three years prior to the start of construction. The site must have been either 1) underutilized, 2) vacant, 3) predominantly vacant, or 4) improved with a nonconforming use. This bill amends the underutilization provisions of the Administrative Code regarding site eligibility by expanding the floor area ratio and the assessed valuation standards for the purpose of determining if a non-residential site was underutilized for the purposes of the 421-a program.

Under current law, a site is considered to be underutilized when the floor area ratio of any non-residential building on the site is less than or equal to 20% of the maximum floor area ratio for residential buildings permitted by zoning. As defined in the Zoning Resolution, the floor area ratio is "the total floor area on a zoning lot, divided by the lot area of that zoning lot.[1]" This bill would change the underutilization test for properties located south of 110th Street in Manhattan from 20% to 50% of the maximum floor area permitted under zoning and from 20% to 75% for all other properties.

Currently, a site is also considered to be underutilized when the assessed value of any building on the site was less than or equal to 20% of the assessed value of the land.[2] This

[1] Zoning Resolution § 12-10. (For example, a building containing 20,000 square feet of floor area on a zoning lot of 10,000 square feet has a floor area ratio of 2.0)

[2] Real property assessment — Pursuant to Chapter 58 of the New York City Charter, under the direction of the Commissioner of Finance assessors serve to make an assessment of real property located in the City. The term "assessment" means a determination by the assessors of (a) the taxable status of real property as of the taxable status date; and (b) the valuation of real property, including the valuation of exempt real property, and where such property is partially exempt, the valuation of both the taxable and exempt portions. New York City Charter § 1506.

bill would also change the underutilization test for properties located south of 110th Street in Manhattan from 20% to 50% of the assessed value of the land and from 20% to 75% for all other properties.

The Administration postulates that by amending the underutilization standard of 421-a program to make it less restrictive the program would further encourage the development of residential buildings as more sites would be eligible to receive 421-a tax benefits.

This is the second hearing on this bill. The first hearing was on September 10, 1999.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	—see below—	—see below—	—see below—
Expenditures (–)	$0	$0	$0
Net	—see below—	—see below—	—see below—

Impact on Revenues: Analysis based on a sample of 14,547 commercial properties in Manhattan, north of 96th Street, and all four of the other boroughs indicates that using the 75% ratio for the assessed property value underutilization test could increase the number of sites eligible for 421-a benefits by as much as 23 percent in these areas. However, this does not indicate the number of exemptions that would actually occur as a result of this legislation. In addition, the impact of this legislation upon future revenues would be the product of the amount of *new* construction that occurs as a result of the expansion of eligibility and therefore cannot be determined. However, because the 421-a program exempts only the taxes on the added value created by improvements, it will not result in any reduction of current tax revenues from eligible properties. If this program stimulates new construction that would not have occurred without the program, it will lead to increased tax revenues once the exemptions expire.

The potential range of the impact of this legislation on foregone revenues is extremely broad. For example, in certain areas of Manhattan, foregone tax revenue on some luxury 421-a eligible projects has exceeded $10,000 per unit per year.

The total tax expenditure for the entire Section 421-a program in Fiscal 1999 was $78.9 million.

Impact on Expenditures: None.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to site eligibility limitations on benefits pursuant to section 421-a of the real property tax law.

Be it enacted by the Council as follows:

Section one. Subdivision (a) of section 11-245.1 of the administrative code of the city of New York, as renumbered by chapter 839 of the laws of 1986, is amended to read as follows:

(a.) [Where] *Except as provided in subdivisions (a-1) and (a-2) of this section where* eligibility for benefits under section four hundred twenty-one-a of the real property tax law is sought for any construction commenced on or after November twenty-ninth, nineteen hundred eighty-five on the basis that such construction shall take place on land which, on the date thirty-six months prior to the commencement of such construction, was improved with a nonresidential building or buildings and was under-utilized, the under-utilization of the land must have been such that each building or buildings:

(1) contained no more than the permissible floor area ratio for nonresidential buildings in the zoning district in question and a floor area ratio which was twenty percent or less of the maximum floor area ratio for residential buildings, or

(2) [has] *had* an assessed valuation equal to or less than twenty percent of the assessed valuation of the land on which the building or buildings were situated, or

(3) by reason of the configuration of the building, or substantial structural defects not brought about by deferred maintenance practices or intentional conduct, could no longer be functionally or economically utilized in the capacity in which it was formerly utilized.

For purposes of this subdivision *and subdivisions (a-1) and (a-2) of this section,* construction shall be deemed to have commenced on the date immediately following the issuance by the department of buildings of a new building permit for an entire new building (based upon architectural, plumbing and structural plans approved by such department) on which the excavation and the construction of initial footings and foundations commences in good faith, on vacant land and for the entire project site, as certified by an architect or professional engineer licensed in the state, provided that installation of footings and foundations is similarly certified by such architect or engineer to have been completed without undue delay.

§ 2. Section 11-245.1 of the administrative code of the city of New York is amended by adding new subdivisions (a-1) and (a-2) to follow subdivision (a) and to read as follows:

(a-1) Except as provided in subdivision (a-2) of this section, where eligibility for benefits under section four hundred twenty-one-a of the real property tax law is sought for any construction commenced on or after the effective date of the local law that added this subdivision on the basis that such construction shall take place on land which, on the date thirty-six months prior to the commencement of such construction, was improved with a nonresidential building or buildings and was under-utilized, the under-utilization of the land must have been such that each building or buildings:

(1) contained no more than the permissible floor area ratio for nonresidential buildings in the zoning district in question and a floor area ratio which was seventy-five percent or less of the maximum floor area ratio for residential buildings, or

(2) had an assessed valuation equal to or less than seventy-five percent of the assessed valuation of the land on which the building or buildings were situated, or

(3) by reason of the configuration of the building, or substantial structural defects not brought about by deferred maintenance practices or intentional conduct, could no longer be functionally or economically utilized in the capacity in which it was formerly utilized.

For purposes of this subdivision, construction shall be deemed to have commenced as provided in subdivision (a) of this section.

(a-2) Where eligibility for benefits under section four hundred twenty-one-a of the real property tax law is sought for any construction on any tax lot now existing or hereafter created which is located south of or adjacent to either side of one hundred tenth street in the borough of Manhattan which construction commenced on or after the effective date of the local law that added this subdivision on the basis that such construction shall take place on land which, on the date thirty-six months prior to the commencement of such construction, was improved with a nonresidential building or buildings and was under-utilized, the under-utilization of the land must have been such that each building or buildings:

(1) contained no more than the permissible floor area ratio for nonresidential buildings in the zoning district in question and a floor area ratio which was fifty percent or less of the maximum floor area ratio for residential buildings, or

(2) had an assessed valuation equal to or less than fifty percent of the assessed valuation of the land on which the building or buildings were situated, or

(3) by reason of the configuration of the building, or substantial structural defects not brought about by deferred maintenance practices or intentional conduct, could no longer be functionally or economically utilized in the capacity in which it was formerly utilized.

For purposes of this subdivision, construction shall be deemed to have commenced as provided in subdivision (a) of this section.

§ 3. This local law shall take effect immediately.

Report of the Committee on Housing and Buildings in favor of approving and adopting a local law to amend the administrative code of the city of New York, in relation to continuing area eligibility limitations on benefits pursuant to section 421-a of the real property tax law.

The Committee on Housing and Buildings to which it was referred on December 7, 1999 (Minutes page 2874), the annexed local law respectfully

REPORTS:

On September 10, 1999 this committee first heard the substance of this bill, which was then part of a larger bill, Int. No. 461. Int. No. 461 contained two provisions: 1. extended the eligibility period for October 1, 2003 during which multiple dwellings built in the high density zones of Manhattan (floor area ratio (FAR) of 15 or greater) could receive 421-a benefits and 2. extended geographic eligibility limitations from

July 1, 2000 until July 1, 2003. Int. No. 461-A as passed by the Council contained only the first (FAR) provision. This became Local Law 76 of 1999. The second provision was introduced as Int. No. 667.

In 1971, the State promulgated section 421-a of the New York State Real Property Tax Law (chapter 1207 of the Laws of 1971) granting an exemption from real property taxes to eligible newly constructed multiple dwellings, except hotels. During the period of construction, or for a period not more than three years immediately following the commencement date of construction, eligible 421-a projects receive full exemption from real property taxation. Upon completion of construction or three years after the commencement date of construction, whichever occurs sooner, the property may be eligible to receive a 10-, 15-, 20- or 25-year tax exemption. These exemptions are only for the new value created by the improvement. The exemption starts at 100% and is phased down to zero. State law imposes various restrictions on eligibility including limitations on projects south of 110th Street in Manhattan.

In 1984, the City promulgated Local Law 78, limiting the eligibility for 421-a benefits in certain geographic areas, referred to as the "exclusion zone." This area lies in Manhattan south of 96th Street and is described in detail in the bill. Within this area projects could only receive 421-a benefits if the construction is carried out with substantial government assistance, or the Department of Housing Preservation and Development (HPD) imposes a requirement or certifies that 20% of the units located in the building that is receiving the tax benefit are affordable to low and moderate income households.

In 1989, the City promulgated Local Law 97 which continued the area eligibility limitations to July 1, 1994 and added a third option which would permit new multiple dwellings constructed in the "exclusion area" to qualify for the 10-year exemption. In addition to options that allowed benefits within the "exclusion zone" for construction done with substantial government assistance or where 20% of the units to be benefited are affordable to low and moderate income households, a 10-year exemption became available in exchange for the creation or substantial rehabilitation of low and moderate housing which is located outside the geographic exclusion area. The number of low and moderate income units must equal at least 20% of the number of units located in the building that will receive the 421-a tax benefits.

Currently, within the "exclusion zone" new residential construction projects carried out with substantial government assistance, or where at least 20 percent of the units on site are reserved for low and/or moderate income tenants, may receive a 20 year exemption, the first 12 years at 100 percent followed by an eight-year period during which taxes are phased in 20 percent every two years. If a project in the "exclusion zone" provides off-site 20 percent low and/or moderate income housing may receive a 10 year exemption, the first two years at 100 percent followed by an eight-year period during which taxes are phased in 20 percent every two years. In addition projects that provide one in six apartments to homeless households can participate in the 421-a program. Within the exclusion zone and for some of the enhanced benefits, there are also standards for the relative numbers of moderate to low income residential units, as well as requirements to participate in rent stabilization.

Properties north of 110th Street in Manhattan and in the other four boroughs are granted a 15 year exemption. If the project is located in a neighborhood preservation area, has substantial government assistance, is part of a lower income housing production program, or has at least 20 percent of the units reserved for low or moderate income tenants it is entitled to a full exemption for 21 years followed by a four year declining exemption.

In 1998, the State extended the 421-a tax benefits to construction completed no later than December 31, 2003.

This bill would extend the area eligibility limitations from July 1, 2000 to July 1, 2003.

Under State law any new restrictions to the 421-a program that are enacted by the City are subject to a one year lag before they become effective.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	—see below—	—see below—	—see below—
Expenditures (–)	$0	$0	$0
Net	—see below—	—see below—	—see below—

Impact on Revenues: The impact of this legislation upon future revenues cannot be determined, because the impact would be a product of the amount of *new* construction that occurs during the time period. However, because the 421-a program exempts only the taxes on the added value created by improvements, it will not result in any reduction of current tax revenues from eligible properties. If this program stimulates new construction that would not have occurred without the program, it will lead to increased tax revenues once the exemptions expire.

The potential range of the impact of this legislation on foregone revenues is extremely broad. For example, in certain areas of Manhattan, foregone tax revenue on some luxury 421-a eligible projects has exceeded $10,000 per unit per year.

The total tax expenditure for the entire Section 421-a program in Fiscal 1999 was $78.9 million.

Impact on Expenditures: None.

Accordingly, Your Committee recommends its adoption.

L.U. No. 721

Report of the Committee on Land Use in favor of approving an application No. 20005333 HAM, an Urban Development Action Area Project, located at 15 East 126th Street, Council District No. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to Section 577 of the Private Housing Finance Law for a partial tax exemption.

The Committee on Land Use to which it was referred on March 29, 2000 (Minutes page 715), the annexed Land Use resolution respectfully

REPORTS:

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"),

ADDRESS	BLOCK/LOT	NON-ULURP NO.	L.U. NO.	PROGRAM PROJECT
15 East 126th Street	1751/8	20005333 HAM	721	TIL
1112 Jackson Avenue	2651/08	20005339 HAX	727	NH
1136 Jackson Avenue	2651/18			
1135 Forest Avenue	2651/32			
1237 Union Avenue	2673/39			

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;
2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;
3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;
4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and
5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. No. 727; and Section 577 of the Private Housing Finance Law for L.U. No. 721.

The Committee recommends the approval of the proposals, grant the requests made by the Department of Housing Preservation and Development, make the findings required by Article 16 of the General Municipal Law and refer the items to the Finance Committee.

Approved and Referred to Finance pursuant to Rule 6.50 of the Council.

L.U. No. 732

Report of the Committee on Land Use in favor of approving a Uniform land use review procedure application No. 20000101 ZSM, pursuant to § 197-c and § 197-d of the Charter of the City of New York concerning a special permit under the Zoning Resolution in the Borough of Manhattan, Council District No. 8 to permit the enlargement of an existing 694 bed-nursing home facility. This application is subject to review and action by the Land Use committee only if appealed to the Council pursuant to § 197-d(b)(2) of the Charter or called-up by vote of the Council pursuant to § 197-d(b)(3) of the Charter.

The Committee on Land Use to which it was referred on March 29, 2000 (Minutes page 718), the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Terence Cardinal Cooke Health Care Center, pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to:

a) Section 74-90 of the Zoning Resolution to permit the enlargement of an existing 694-bed nursing home with no increase in the number of beds; and

b) Section 74-902 to permit the allowable community facility floor area ratio of Section 24-11 to apply;

to a proposed approximately 1,538 square foot enclosure of an existing terrace area of an existing nursing home on property located at 1249 Fifth Avenue (Block 1611, Lots 1 and 15) between East 105th Street and East 106th Street, within R9, R7-2 and C1-5/R7-2 Districts.

The intent is to allow the enclosure of a terrace and the increase in floor area resulting therefrom.

The Committee recommends the approval of the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1328

Resolution approving the decision of the City Planning Commission on ULURP No. C 000101 ZSM (L.U. No. 732), grant of a special permit to allow the enlargement of an existing facility and to permit the allowable floor area ratio.

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on March 22, 2000 its decision dated March 15, 2000 (the "Decision") on the application submitted by the Terence Cardinal Cooke Health Care Center, pursuant to Sections 197c and 201 of the New York City Charter, for the grant of a special permit pursuant to Section 74-90 of the Zoning Resolution to permit the enlargement of an existing 694-bed nursing home with no increase in the number of beds; and Section 74-902 to permit the allowable community facility floor area ratio of Section 24-11 to apply to a proposed approximately 1,538 square foot enclosure of an existing terrace area of the existing nursing home on property located at 1249 Fifth Avenue (Block 1611/Lots 1 and 15) between East 105th Street and East 106th Street, within R9, R7-2 and C1-5/R7-2 Districts, Borough of Manhattan (ULURP No. C 000101 ZSM) (the "Application");

Whereas, the City Planning Commission has made the findings required pursuant to Sections 74-90 and 74-902 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on April 17, 2000 on the Decision and Application;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

L.U. No. 733

Report of the Committee on Land Use in favor of approving the submission of a site plan by the New York City School Construction Authority, pursuant to § 1732 of the New York State Public Authorities Law, for a school, PS 234-Q, to be located at 30-15 29th Street, Borough of Queens, Council District No. 22. (Non-ULURP, No. 19995034 SCQ)

The Committee on Land Use to which it was referred on March 29, 2000 (Minutes page 719), the annexed Land Use resolution respectfully

REPORTS:

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for the construction of an approximate 900 seat elementary school facility known as P.S. 234 - Queens for Community School District 30 located at 30-25 29th Street (Block 592, Lot 15), Astoria.

The intent is to construct a new public school, P.S. 234 - Queens in Community School District 30, serving grades pre-kindergarten to five with a capacity of approximately 900 seats. The proposed new school will contain approximately 100,000 gross square feet of floor area on four levels.

The Committee recommends the approval of the site plan.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1329

Resolution approving the site plan for Public School 234-Queens to be located at 30-25 29th Street (Block 592, Lot 15), Queens (Non-ULURP No. 19995034 SCQ; L.U. No. 733).

By Council Members Eisland and Sabini

Whereas, the New York City School Construction Authority submitted to the Council on April 12, 2000, a site plan pursuant to Section 1732 of the New York State Public Authorities Law for an approximate 900 seat elementary school facility, known as Public School 234-Queens, to be located at 30-25 29th Street (Block 592, Lot 15), Astoria, Borough of Queens (the "Site Plan");

Whereas, the Site Plan is subject to review and action by the Council pursuant to Section 1732 of the New York State Public Authorities Law;

Whereas, upon due notice, the Council held a public hearing on the Site Plan on April 17, 2000;

Whereas, the Council has considered the relevant environmental issues and the revised Conditional Negative Declaration issued on March 3, 2000 (SCA Project Number 99-002A); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Site Plan;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Section 1732 of the Public Authorities Law, the Council approves the Site Plan.

L.U. No. 734

Report of the Committee on Land Use in favor of approving the submission of a site plan by the New York City School Construction Authority, pursuant to § 1732 of the New York State Public Authorities Law, for a school, PS 156 K, to be located at 96 Sutter Avenue, Borough of Brooklyn, Council District No. 41. (Non-ULURP No. 19995245 SCK)

The Committee on Land Use to which it was referred on March 29, 2000 (Minutes page 719), the annexed Land Use resolution respectfully

REPORTS:

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for a proposed public school facility known as P.S./I.S. 156 - Brooklyn with a capacity of up to 1,200 seats for Community School District 23 located at 96 Sutter Avenue, a/k/a 104 Sutter Avenue (Block 3535, Lot 16), Brownsville.

The intent is to construct a new public and intermediate school 156-Brooklyn (P.S./I.S. 156) in Community School District 23. The proposed new school will contain spaces for 1,200 students grades K-8 in a single building containing approximately 140,000 square feet of floor area.

The Committee recommends the approval of the site plan.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1330

Resolution approving the site plan for Public School/Intermediate School 156 - Brooklyn (P.S./I.S. 156), to be located at 96 Sutter Avenue, a/k/a 104 Sutter Avenue (Block 3535, Lot 16), Brooklyn (Non-ULURP No. 19995245 SCK; L.U. No. 734).

Reports of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Vallone) announced that the following item has been preconsidered by the Committee on State and Federal Legislation and had been favorably reported for adoption.

M-834

Report of the Committee on State and Federal Legislation in favor of concurring in a communication from the Mayor — "AN ACT in relation to authorizing the city of New York to grant easements over portions of parkland known as Riverside Park in the Borough of Manhattan to the National Park Service for the construction and operation of public facilities in connection with the General Grant National Memorial." S.6992/A.8160A

The Committee on State and Federal Legislation to which it was referred on April 25, 2000, the annexed communication respectfully

REPORTS:

This legislation would authorize the City of New York to grant easements over portions of Riverside Park in the borough of Manhattan to the National Park Service for the construction and operation of public facilities and amenities in connection with the General Grant National Memorial.

According to the Mayor's Memorandum in Support, The National Park Service ("NPS") owns and operates the General Grant National Museum, which is located at Riverside Drive and West 122nd Street, within Riverside Park in Manhattan. The Memorial, also known as Grant's Tomb, contains the remains of President Ulysses S. Grant and his wife. According to the Memorandum, the Memorial and the surrounding land were dedicated by the now abolished Board of Estimate to the United States Department of the Interior in 1958, and have been operated and maintained by the NPS since that time.

The NPS proposes to make several improvements to the land and structures surrounding the Tomb, which are necessary for public use and enjoyment. In order to make such improvements, the NPS is requesting an easement over portions of Riverside Park from the City of New York. In exchange for this easement, the City of New York shall dedicate an amount equal to the fair market value of those interests being transferred by this legislation and such funds shall be used for the dedication of additional parkland of equal or greater fair market value and/or for capital improvements to existing park and recreational facilities.

In 1999, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY00	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: There would be no impact on revenues as a result of this legislation.

Impact on Expenditures: There would be no impact on expenditures as a result of this legislation.

Accordingly, Your Committee recommends its adoption.

(For text, see Messages and Papers from the Mayor printed in these Minutes.)

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item has been preconsidered by the Committee on State and Federal Legislation and had been favorably reported for adoption.

M-837

Report of the Committee on State and Federal Legislation in favor of concurring in a communication from the Mayor — "AN ACT to amend the tax law and the administrative code of the city of New York, in relation to the seizure and forfeiture of vehicles used to transport unstamped or unlawfully stamped packages of cigarettes and the imposition of civil penalties for counterfeit cigarette tax stamps." S.4153/A.1787A

The Committee on State and Federal Legislation to which it was referred on April 25, 2000, the annexed communication respectfully

REPORTS:

This legislation would amend subdivision a of section 1847 of the Tax Law by authorizing peace officers designated pursuant to subdivision five of section 2.10 of the Criminal Procedure Law (employees of the New York City Department of Finance assigned to the enforcement of the tax on cigarettes imposed by the City's Administrative Code) to seize vehicles used to transport unstamped or unlawfully stamped cigarettes. This legislation would also amend subdivision b of section 11-1317 of the City's Administrative Code by providing for the imposition of civil penalties for the possession of every ten affixed or unaffixed false, altered or counterfeit cigarette tax stamps, imprints or impres-

sions, or fraction thereof, in excess of one hundred affixed or unaffixed false, altered or counterfeit cigarette tax stamps.

According to the Mayor's Memorandum in Support, New York City tax inspectors have the power to seize bootleg cigarettes and vending machines that dispense bootleg cigarettes. New York State enforcement agents also have these powers and, in addition, have the power to seize vehicles in which bootleg cigarettes are being transported. Additionally, New York City police officers have the authority to seize such vehicles. This legislation would improve enforcement of the cigarette tax laws by providing New York City tax inspectors the same power as New York City police officers and New York State tax enforcement agents to seize vehicles in which bootleg cigarettes are being transported and by imposing civil penalties for the possession of counterfeit cigarette tax stamps.

In 1999, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Senate but died in the Assembly Ways and Means Committee.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	minimal	minimal	minimal
Expenditures (–)	minimal	minimal	minimal
Net	minimal	minimal	minimal

Impact on Revenues: There would be no significant impact on revenues as a result of this legislation. The Department of Finance enforcement staff has the power to seize bootleg cigarettes. The State's Tax enforcement agents and police officers can seize vehicles in which unstamped or illegally stamped cigarettes are being transported. This legislation would provide the same enforcement capability to the City's tax inspectors. While increased enforcement would improve the collection of cigarette taxes and act as a deterrent to the unlawful sale of bootleg cigarettes, the increased revenue from such seizures is not expected to be significant since the value of the vehicles seized by the City is usually very low.

Impact on Expenditures: The impact on expenditures would be dependent upon the established rules promulgated by the commissioners of the Police Department and the Department of Finance. The Police Department has existing facilities and personnel to perform the duties of seizure, storage and recovery of property, and owner notification. The Department of Finance has an existing enforcement staff which is responsible for enforcing the City's Tax Code. Additional costs, such as any vehicle storage costs if any, would be absorbed by the Department of Finance and are expected to be minimal.

Accordingly, Your Committee recommends its adoption.

State Leg. Res. No. 191

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators Schneiderman, Montgomery, Sampson, Stachowski, S.1649, and Assembly Members Dinowitz, Klein, Ramirez, Greene, Kaufman, et al., A.2798, "AN ACT to dedicate the Jerome Park Reservoir tract in The Bronx as parkland".

The Committee on State and Federal Legislation to which it was referred on February 29, 2000 (Minutes page 441), the annexed State Legislation resolution respectfully

REPORTS:

This legislation would dedicate the Jerome Park Reservoir as New York City parkland. According to Senator Schneiderman's Memorandum in Support, there are two great reservoirs in New York City. One is in Central Park and the other is in the Northwest Bronx. While the Manhattan reservoir is a famous landmark, the Jerome Park reservoir is not. Although it is deserving of landmark status, it remains partially secluded, known only to its immediate neighbors.

The Jerome Park Reservoir was constructed almost one hundred years ago. The 94-acre man made lake has a two-mile circumference, which is bordered by a beautiful stone wall. According to the Memorandum, all across America reservoirs are cherished for their beauty and open space. In The Bronx, however, the City has denied people access to this wonderful natural resource.

In 1994, the Jerome Park Conservancy was created to discuss proposals for improving the area and creating access to the land and water. Currently, the Conservancy is addressing plans to preserve the historic structures of the reservoir and link this vital resource to the surrounding community. According to the Memorandum, planned improvements to the park by the community must be protected and enhanced. The land must be safeguarded from any other uses except for the use as a park.

In 1999, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

Fiscal Impact Statement:

	Effective FY00	FY Succeeding Effective FY01	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues and Expenditures: There would be no impact on revenues or expenditure from this legislation.

Accordingly, Your Committee recommends its adoption.

State Leg. Res. No. 232

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Velella, S.6891-A, and Assembly Member Kaufman, A.9573, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of The Bronx to the person or persons who would have inherited said property from former owner Frank Switay, deceased, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3978, Lot No. 4 on tax map for the borough of The Bronx".

The Committee on State and Federal Legislation to which it was referred on April 12, 2000 (Minutes page 852), the annexed State Legislation resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 3978, Lot No. 4 on the tax map of The Bronx to the person or persons who would have inherited said property from former owner Frank Switay, who is now deceased. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of Frank Switay, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

Report of the Committee on Transportation

Res. No. 1067-A

Report of the Committee on Transportation in favor of approving a resolution, as amended, calling upon the Governor, the State Legislature and the Metropolitan Transportation Authority to stop using the East Harlem Facility at 100th Street and Lexington Avenue as a bus depot.

The Committee on Transportation to which it was referred on November 10, 1999 (Minutes page 2605), the annexed amended resolution respectfully

REPORTS:

The East Harlem bus depot, located at 100th Street and Lexington Avenue, in Manhattan is currently undergoing demolition, but the Metropolitan Transportation Authority (MTA) plans to build a new and expanded facility for its sixty-foot long articulated buses. The area around the bus depot is zoned residential (R7-2) and is densely populated with public housing projects, tenements and mixed-income developments, six schools and Mt. Sinai Hospital. Resolution No. 1067 reflects the views of a broad coalition of elected officials, community-based organizations, and nearby local institutions including Mount Sinai Hospital who believe the bus depot is an unsuitable use for this neighborhood. They want it to remain closed.

A new clause has been added to the resolution that urges the Metropolitan Transportation Authority to "look at all possible" alternatives notwithstanding any actions that the Authority may have taken towards the reconstruction of the bus depot. The clause rejects the use of cleaner fueled vehicles at the site as an acceptable compromise, and continues the effort to stop the construction. In the "unfortunate event" that the Authority is "legally precluded" from stopping the construction the only buses that would be permitted to use the facility would have to the cleaner fueled vehicles.

MTA NYC transit plans to redevelop the site for buses on the M101, M102, M103, M35, M86, M96, M106, X90, X92.

David Critchell, a *New York Times* reporter, found the closure of 100th Street Depot brought a new sense of calm to the neighborhood. His story "Battling the Return of an Unloved Bus Depot:" in the August 8, 1999 City Section of the *Times* noted that one resident, who lives across the street from the bus depot, did not miss "buses made noise at all hours of the night. You could smell the bus fumes coming through the window." Once the depot closed, he said, the block "became a whole new neighborhood."

The two-story building has been a bus depot since the turn of the century when it was used to house horse-drawn trolleys. It closed in March 1998, and Gateway Demolition Company was the successful bidder for contract no. C-4C40413 awarded on September 17, 1999. The demolition started in December 1999 and will cost approximately $1.25 million. The contract for design and construction of the new facility has not been awarded. It will be a four level facility: storage and bus servicing (fare extraction, refueling, washing) on the first level, storage on the second and fourth levels, and bus maintenance on the third level. Diesel fuel storage will be in 5,000 square foot partial basement, and a 24,000 square-foot mezzanine on the third floor will house administrative offices and employee facilities. MTA NYC transit expects on-street parking to improve because optional employee parking will be available on the fourth floor. While the *Times* reported that the plan calls for rooftop parking, the environmental assessment makes it clear that MTA NYC Transit will have a canopy on the rooftop level. The old depot was 162,000 square feet; the new one will be 349,000 square feet.[1] The larger depot will house 133 of the new articulated buses which are 60 feet long and carry 60 passengers, while 149 of the more familiar 40-foot buses were garaged in the old depot.

The "Coalition to Stop the 100th Street Bus Depot" supports an alternative site near the Harlem River Drive on Block 1791. This parking area, between 126th and 127th Street near the Harlem River, is already used to park buses. It is familiar to New Yorkers who enter Manhattan from the Third Avenue or Triborough Bridges. By supporting a nearby alternative site, the coalition believes it is refuting the objection that is simply a case of NIMBY (Not In My Back Yard). The Coalition insists it supports public transit and recognizes the need for expanded facilities, as increases in ridership require New York City Transit to increase its fleet of buses.

The Coalition would move the proposed location of the bus depot from the densely populated residential block to a less densely populated area. They object to the existing bus depot site that would have long buses using Lexington Avenue at a stretch of the thoroughfare that is significantly narrower than it is south of 96th Street. The additional bus traffic on this narrow street would slow traffic in upper Manhattan. Traffic congestion and the idling of buses would, in turn, increase the pollution from the diesel engines. As a result the 100th Street Depot would undermine a major public health initiative — reducing the incidence of asthma.

Experts at Mount Sinai Hospital agree. The Hospital at 101st Street and Fifth Avenue is one of the institutions opposed to the bus depot site. Dr. Barbara Brenner, the Director of Community Relations for The Mount Sinai School of Medicine and the Mount Sinai Hospital, wrote Governor George E. Pataki on October 29, 1999 asking him to intervene and "stop" the redevelopment the 100th Street Bus Depot which is in a "documented epicenter of asthma for children and adults."

According to Drs. Philip J. Landrigan and Michael McCally of Mount Sinai's Department of Community Medicine, East Harlem has severe asthma problem. In a study published in 1999 in the *Journal of Asthma* (Vol 36, Issue 4) Mount Sinai School of Medicine found that Zip Code 10029, in which the 100th Street bus depot is located, had the highest rate of asthma hospitalization in New York City. The problem is particularly acute for children. In 1996, the New York City Health Department found that Zip Code 10029 in East Harlem had the highest rate of hospitalization of children fourteen and under for asthma emergencies. The rate of thirty hospitalizations per thousand East Harlem children was triple the rate for the whole City. In Fiscal Years 1999 and 2000, the City Council responded to findings of high rates of asthma morbidity in low-income neighborhoods by increasing funding for the New York City Health Department's Childhood Asthma Initiative. The initiative includes a public education program about asthma based on the proposition that "I have asthma, but asthma doesn't have me;" a physician education program, a school-based education to help nurses and teachers identifying children with asthma and provide first aid instruction. Pilot programs are working with tenants to control the environmental causes of asthma. This initiative specifically targeted the East Harlem neighborhood to achieve reductions in asthma morbidity, and more effective case management for families affected by the diseases. The opponents of the bus depot at Lexington and 100th Street argue that reopening this site will hinder the fight against asthma.

Joining Council Member Reed and Mt. Sinai Hospital in opposing the redevelopment of the depot are State Senator Olga Mendez and State Assembly Member Nelson Denis, numerous churches and individuals a list of members of the coalitions is attached.

The MTA prepared an environmental assessment of the site and examined alternative sites on Manhattan blocks 1791 and 1803 in the vicinity of the 126th Street bus depot near the northern terminus of Second Avenue, and the Harlem River Drive. NYC Transit objected to creating a "mega-depot." Moreover, this location would increase "deadheading" — driving buses without passengers "at times in congested traffic conditions." But, the MTA admits, a mega-depot by centralizing Manhattan bus storage would reduce requirements for shifting buses. The MTA believes, that nearby streets would become too congested to permit buses to move easily and quickly from the depot to their assigned routes. "In addition, the Land Use Committee of Community Board No. 11 has not been supportive of the construction of a "Mega-Depot" at 126th Street because it would entail the use of vacant city-owned property which has been planned for future residential development."[2]

It is undisputed that the existing depot at 100th Street caused problems for neighborhood especially with what the MTA calls "queuing problems." Buses lined up on streets waiting to enter the depot, fuel, extract fares and then go to storage. The new facility would have a configuration that would permit the 60-feet articulated buses to turn easily and to remain inside without cluttering surrounding streets. In addition, the new buses will have cleaner emissions so that there will be a negligible increase in overall emission levels once the site is operational.

For these reasons, NYC Transit concluded: "The proposed project will not substantially affect human health or the environment of minority or low-income populations. Minority and low-income populations served by and/or living in the neighborhoods of the new depot will share in the benefits of the improvements."[3]

Although the NYC Transit prepared an environmental assessment, it has no plan to prepare an impact statement. One legal basis for this conclusion is Section 1266-c(11) of the New York State Public Authorities Law concerning real property "used for a transit or transportation purpose" that exempts it from environmental review, if the transit project constructed upon this property "will not change in a material respect the general character of such prior transit or transportation use." But the Community groups opposing the redevelopment of the 100th Street Bus Depot find it hard to accept conclusory statements found in the environmental assessment. They point to these arguments like this one: the buses will have lower emissions then the older buses, emissions from new buses are "expected to be less then the No-build Scenario. Therefore further particulate analysis is not necessary." or "Both the number of buses serviced in the new depot and the inhalable particulate emissions released from these buses are expected to be less than those under the No-build Scenario. Therefore, further particulate analysis is not necessary."[4] The community argues that if the MTA abandons the site that will be the "No-build Scenario," and calling the continued operation of the old facility, the "No-build Scenario" is misleading. Given the high levels of asthma, the community believes they should live without the concentrated emissions that are generated by a bus depot.

Accordingly, Your Committee recommends its adoption as amended.

Resolution calling upon the Governor, the State Legislature and the Metropolitan Transportation Authority to stop using the East Harlem Facility at 100th Street and Lexington Avenue as a bus depot.

Whereas, The East Harlem bus depot at 100th Street and Lexington Avenue is currently closed and the Metropolitan Transportation Authority (MTA) has included plans for an extensive renovation and expansion of the bus depot in its capital budget; and

Whereas, The area around the bus depot is densely populated and composed mostly of public housing projects, tenements and mixed-income developments; and

Whereas, This facility is within a residential neighborhood zoned R7.2 and is unsuitable for the residential and limited commercial uses specified by the zoning resolution; and

[3] p. ES-4 ibid.

[4] p. 111-13 ibid.

Whereas, Six of the eight bus depots operated by the MTA New York City Transit are located above 96th Street in Manhattan; and

Whereas, Dr. Barbara Brenner, the Director of Community Relations for The Mount Sinai School of Medicine and the Mount Sinai Hospital, has written Governor George E. Pataki on October 29, 1999 stating that the continued use of this facility as a depot for buses would undermine efforts to reduce the high rates of asthma morbidity in the neighborhood; and

Whereas, Dr. Barbara Brenner stated in her letter, "We believe that poor housing conditions, pest infestations and outdoor air pollution, particularly diesel-based particulate pollutants, are the key environmental determinants of asthma in individuals;" and

Whereas, The New York City Health Department in 1996 found that East Harlem had the highest rate of hospitalization of children fourteen and under for asthma emergencies; and

Whereas, The rate of thirty hospitalizations per thousand East Harlem children was triple the rate for the whole City; and

Whereas, In Fiscal years 1999 and 2000, the City Council responded to numerous scientific studies that found high rates of asthma morbidity in low income neighborhoods by increasing funding in the Health Department's Asthma Initiative; and

Whereas, This initiative specifically targeted the East Harlem neighborhood for reductions in asthma morbidity and the Metropolitan Transportation Authority plans to expand its bus depot will hinder this goal; and

Whereas, The Coalition to Stop the 100th Street Bus Depot points to findings by the United States Environmental Protection Agency that the air quality in East Harlem does not meet fine particle level standards set by the Environmental Protection Agency, but in fact exceeds those standards by 200 percent; and this Federal agency has specifically noted that level of airborne toxins in upper Manhattan could cause an estimated 2,609 extra cancer cases per million people (more than 10 times the national average); and

Whereas, The dense population, the zoning resolutions and the findings of Mount Sinai Hospital and Mount Sinai School of medicine would normally justify the preparation of an environmental impact statement by The Metropolitan Transportation Authority, but this agency is unwisely claiming an exemption from the requirements of the State Environmental Quality Review, the City Environmental Quality Review and Federal environmental protections; and

Whereas, The failure to complete an environmental impact statement will deprive the MTA of the facts that they need to make a decision in the public interest; and

Whereas, The bus depot would be located on Lexington Avenue, at a stretch of the thoroughfare that is significantly narrower than it is south of 96th Street, contributing to the traffic congestion of upper Manhattan; and

Whereas, Traffic congestion and the idling of buses increase the pollution from the diesel engines; and

Whereas, The siting of the bus depot would retard the residential and commercial redevelopment of East Harlem currently taking place; and

Whereas, Notwithstanding any action taken by the Metropolitan Transportation Authority, the Authority must seek to avoid building this facility and must look at all possible alternatives and only in the unfortunate event that it is legally precluded from stopping this construction, then only as a last resort, the Metropolitan Transportation Authority should not operate buses that utilize only diesel fuel but should only operate buses that utilize compressed natural gas, electricity or an electric-diesel hybrid system using low-sulfur diesel fuel in order to reduce the damage caused by diesel emissions; and

Whereas, The members of the East Harlem community have joined together in a broad-based coalition of residents, community-based organizations, health care providers, religious and environmental groups, in firm opposition to the 100th Street bus depot; *now, therefore, be it*

Resolved that the Council of the City of New York calls upon the Governor, the State Legislature and the Metropolitan Transportation Authority to stop using the East Harlem Facility at 100th Street and Lexington Avenue as a bus depot.

Introduction and Reading of Bills

Res. No. 1311

Resolution calling on the British government to arrange for the return of the sculptures known as the "Elgin Marbles" from the British Museum to its rightful place in Athens, Greece.

By the Speaker (Council Member Vallone), Council Members Dear, Freed, Marshall, Nelson, Provenzano, White, Fiala and Stabile; also Council Members Cruz, Eisland, Koslowitz, McCaffrey, Michels, O'Donovan and Ognibene

Whereas, Beginning in 1802 and continuing through 1812, Thomas Bruce, 7th Lord Elgin and then-British Ambassador to the Ottoman Empire removed several marble sculptures from the Parthenon, one of the world's most important ancient ruins, and had them shipped from Athens to England, where they were eventually sold to the British government in 1816; and

Whereas, Lord Elgin was granted the authority to select treasures for shipment to England by the Ottoman Empire, the occupying force in Greece at the time, and for nearly two centuries since that time, the nation of Greece has gone without these great cultural treasures and symbols of Greece's ancient past; and

Whereas, After the transport of the shipments from Athens to England, in which several sculptures were damaged, there was outcry from Greeks and many in England, who questioned the tactics used by Lord Elgin to acquire the sculptures, which are currently housed at the British Museum in London; and

Whereas, The debate and controversy has continued to this day, with the Greek government and prominent members of the British government calling for the return of what are known as the "Elgin Marbles" back to Greece where they will be safely displayed at a new museum planned at the Acropolis in Athens; and

Whereas, The British Museum has refused to arrange for the return of the marbles claiming that the sculptures were obtained legally and belong in the British Museum, where it is a highlight of the Museum's collection; it also refuses to entertain the possibility of replacing its exhibit with replications of the Elgin Marbles; and

Whereas, The British Museum cites a British law that prohibits the Museum from permanently disposing of any objects, other than duplicates or objects of no value, and it argues that since the British Museum has preserved the sculptures and is a "universal museum," that it is in part, justified in continuing to house the Elgin Marbles; and

Whereas, Despite the concession of many British and world officials that Greece has greatly improved the standards of its museums, has reduced atmospheric pollution in Athens and has issued plans for a suitable home for the marbles at the Acropolis, the British government has chosen not to introduce legislation that would permit the return of the Elgin Marbles to Athens; and

Whereas, Unfortunately, the British government chooses to honor the disputable legality of Lord Elgin's acquirement of the marbles and the legitimacy of an authorization made two hundred years ago by the Ottoman Empire, a foreign, occupying force that decided to allow the dismemberment of a Greek national treasure; and

Whereas, In today's world, where it is not uncommon for modern governments to acknowledge the mistakes of their predecessors, offer apologies and make reparations in the name of all that is right and just, the British government should carefully review the conditions in which the removal and transfer of the Parthenon sculptures took place and arrange for the reunion of these sculptures with the people of Greece; and

Whereas, Furthermore, with Athens hosting the 2004 Olympics, what a grand and historic gesture it would be if Great Britain gave back the Elgin Marbles to Greece in time for all the nations of the world to see; *now, therefore, be it*

Resolved, That the Council of the City of New York calls on the British government to arrange for the return of the sculptures known as the "Elgin Marbles" from the British Museum to its rightful place in Athens, Greece.

Adopted.

Res. No. 1312

Resolution calling upon the Royal Ulster Constabulary to divulge pertinent security information to the thirteen Belfast City Council members, four Lisburn Borough Council members and other Sinn Fein political figures that were issued death threats from loyalist paramilitaries.

By The Speaker (Council Member Vallone), Council Members Dear, Eisland, Freed, Marshall, Nelson and Stabile; also Council Members Cruz, Fisher, Koslowitz, Leffler, McCaffrey, Michels, O'Donovan, Quinn and Ognibene

Whereas, On Thursday evening, April 6, 2000, the entire Sinn Fein party membership on the Belfast City Council and the Lisburn Borough Council as well as other Sinn Fein political figures were advised by the Royal Ulster Constabulary (RUC), the police force of Northern Ireland, that they were the targets of death threats made by paramilitary loyalists and were being actively stalked; and

Whereas, The serious nature of the threats has led Sinn Fein President Gerry Adams to warn all party members "to be extremely vigilant and careful," stating that he was "concerned at what appears to be a widespread, concerted threat from loyalist groups directed at Sinn Fein councillors, nationalist lawyers and ordinary citizens," according to the BBC News; and

Whereas, Considering the nature of the politically motivated death threats within the context of the extremely volatile political situation in Northern Ireland, the RUC needs to divulge all pertinent information regarding the highly individual threats to all persons targeted in order to protect their safety and their families' safety; and

Whereas, Allegedly, the RUC has chosen to reveal only the bare minimum facts regarding the death threats to the targeted thirteen members of the Belfast City Council, the four members of the Lisburn Borough Council, the two members of the Craigovan Council, one member of the Upper Bann Assembly and one former member of the Derry City Council; and

Whereas, Additionally, according to sources, all targeted council members and Sinn Fein politicians have been denied access to the Key Persons Protection Scheme with the exception of one Belfast council member who has been under its protection for one year after several attempts were made on his life by loyalist paramilitaries; the Key Persons Protection Scheme is a government program that provides special security services for elected officials and other public figures who are in great personal danger; and

Whereas, Unfortunately, this refusal to divulge pertinent information such as which paramilitary loyalist organization has issued the threats or whether the organization is a major, highly organized group or a small splinter group, follows a pattern of RUC reluctance to grant basic rights to Sinn Fein party members and nationalist supporters who receive loyalist threats; and

Whereas, During the period of 1989 to 1993, a total of thirteen Sinn Fein members, including 3 elected council members were killed by paramilitary loyalists; and

Whereas, Allegations of collusion between the RUC and loyalist paramilitary groups have already surfaced in regard to the assassinations of nationalist lawyers Patrick Finucane and Rosemary Nelson and it is imperative that every step be taken to avoid any such tragedy from ever occurring again; and

Whereas, By denying the targeted parties access to potentially life-saving information, they are being denied their basic rights to know the details of the threats made against them and it is simply unacceptable and irresponsible that the RUC not divulge this critical information; and

Whereas, Northern Ireland Secretary Peter Mandelson should immediately issue a statement in support of divulging all pertinent information to the targeted council members and nationalist supporters and he should call for all of these members to be placed under the immediate protection of the Key Persons Protection Scheme; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Royal Ulster Constabulary to divulge pertinent security information to the thirteen Belfast City Council members, four Lisburn Borough Council members and other Sinn Fein political figures that were issued death threats from loyalist paramilitaries.

Res. No. 1313

Resolution calling upon the appropriate committee of the Council of the City of New York to hold public hearings on the need for additional funding to be allocated to help individuals who are afflicted with the Hepatitis C virus.

By Council Members Espada, Freed, Henry, Linares, Lopez, Marshall, Nelson, Quinn and White; also Council Members Cruz, Fisher, Foster, Harrison, Leffler, Michels, O'Donovan and Perkins

Whereas, The Latino Organization for Liver Awareness (the "LOLA") issued a Fact Sheet (the "LOLA Fact Sheet") which states that Hepatitis C Virus infection ("HCV") "is the most common chronic blood-borne infection in the United States"; and

Whereas, According to the Centers for Disease Control (the "CDC") "1.8 percent of the [U.S.] population – are hepatitis C infected, most of them [are] not clinically ill, and many of them unaware [that they are infected with hepatitis C]"; and

Whereas, According to a report entitled *Chronic Hepatitis C: Current Disease Management* (the "Chronic Hepatitis C Report") issued by the National Institute of Diabetes and Digestive and Kidney Diseases, "[t]he hepatitis C virus (HCV) is one of the most important causes of chronic liver disease in the United States"; and

Whereas, The New York City Department of Health *Hepatitis C* fact sheet states that approximately 25 percent of people infected with the Hepatitis C virus will become sick with jaundice or other symptoms of Hepatitis; and

Whereas, The Chronic Hepatitis C Report found that Hepatitis C causes an estimated 8,000 to 10,000 deaths annually in the United States; and

Whereas, According to the Chronic Hepatitis C Report, people who are in the major high risk group for contracting Hepatitis C include: people who had blood transfusions before the introduction of sophisticated testing in 1992; people who have frequent exposure to blood products; injection drug users; infants born to HCV-infected mothers, and health care workers who suffer needle-stick accidents; and

Whereas, The LOLA Fact Sheet found that "[l]atinos have more than a 40 percent greater chance of being infected with HCV that the general population in the United States"; and

Whereas, The New York City Department of Health engages in a number of activities aimed at combating the threat of Hepatitis C, including; case reporting, epidemiologic investigation of deaths due to Hepatitis C, and conducting health-care provider education; *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York hold public hearings on the need for additional funding to be allocated to help individuals who are afflicted with the Hepatitis C virus.

Referred to the Committee on Health.

Res. No. 1314

Resolution calling upon the New York State Legislature to amend article 150 of the New York State Penal Law to make the intentional setting of a fire in a building of public use, such a a school, senior center or place of religious worship, the class B felony of arson in the second degree.

By Council Members Fiala, Cruz, Henry, Nelson, Provenzano, Wooten, Oddo and Stabile; also Council Members Harrison, McCaffrey, Michels and Ognibene

Whereas, Under Penal Law Section 150.10, a person is guilty of arson in the third degree when he intentionally damages a building by starting a fire, and such crime is classified as a class C felony; and

Whereas, On March 5, 2000, an arson fire heavily damaged the historic Saint Elizabeth's Orphanage in the Pleasant Plans section of Staten Island; and

Whereas, On March 12, 2000 an arson fire heavily damaged P.S. 36 in the Huguenot section of Staten Island; and

Whereas, As a result of the P.S. 36 fire, children had to miss two days of school, were displaced to other locations for classes, and countless books, computes and furniture were destroyed; and

Whereas, The intentional setting of a fire in a building of public use, such as a school, senior center or house of worship, in addition to the physical damage that is done, also creates tremendous hardship for the entire community; and

Whereas, The State Legislature, in other areas of the Penal Law, has created enhanced penalties for certain offenses, such as when a person intentionally damages property used for religious purposes, under Penal Law Section 240.31, or if an individual sells a controlled substance in or near school grounds, under Penal Law Section 220.44; and

Whereas, A greater penalty should be imposed if a person intentionally damages a building of public use, and such a crime should be elevated from its current status as a Class C felony to a Class B felony; and

Whereas, Re-classification of this type of arson sends a message that such acts will not be tolerated; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend article 150 of the New York State Penal Law to make the intentional setting of a fire in a building of public use, such a a school, senior center or place of religious worship, the class B felony of arson in the second degree.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 742

By Council Members Fisher, Carrion, Miller, Malave-Dilan, Eisland, Freed, Henry, Linares, Marshall, Michels, Quinn and White; also Council Members Cruz, DiBrienza, Espada, Foster, Harrison, Koslowitz, Leffler and Perkins

A LOCAL LAW to amend the administrative code of the city of New York, in relation to a moratorium on requests to the council related to the development or disposition of greenthumb community gardens.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 18 of the administrative code of the city of New York is hereby amended by the addition of a new section 18-132 to read as follows:

§ 18-132 ***Greenthumb community gardens.*** *a. For the purposes of this section, a "greenthumb community garden" is space on city-owned land, which is designed, built and maintained by a garden group, with technical assistance provided by the department of parks and recreation, for the purpose of neighborhood beautification and the provision of community programming.*

b. There shall be a moratorium on requests to the council for development or disposition of any greenthumb community garden until the expiration of 90 days after the effective date of this local law.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

By Council Members Fisher, Carrion, Miller, Malave-Dilan, Eisland, Freed, Henry, Linares, Lopez, Marshall, Michels, Quinn and White; also Council Members Cruz, DiBrienza, Espada, Foster, Harrison, Koslowitz, Leffler and Perkins

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the establishment and maintenance of greenthumb community gardens.

Be it enacted by the Council as follows:

Section one. Legislative declaration. The Council hereby finds and declares that Greenthumb Community Gardeners make a significant contribution to the civic and cultural life of cities all across America, are encouraged and supported by government entities and create gathering places that bring communities together across boundaries of age and ethnicity.

The City of New York (hereinafter referred to as the "City") has less than half the public parkland per capita of most American cities and most community gardens tend to be in neighborhoods with the least amount of public parkland.

The City has one of the lowest open space standards for its citizens of any metropolitan area in the country (only 2.5 acres per 1000 residents). Thirty-three, or 56%, of New York City's 59 Community Planning Districts do not meet even this meager open space standard, and 2% of the Districts have less than 1.5 acres of open space per 1000 residents and are communities of color where the non-white and Hispanic population exceeds 65%.

The Greenthumb Community Gardens add value to our City by providing low cost municipal services such as child-care opportunities for healthful physical activity, environmental education, cultural activities and increasing adjacent real estate values. In many of our City's communities it costs a family of five people $15 in transportation fees just to get to and from a green public space.

The Greenthumb Community Gardeners support community policing efforts by putting eyes on the street, by enabling community improvement opportunities for people who feel alienated from civic life and by working with young people.

A survey of Greenthumb Community Gardeners by State Senator John Sampson's office in 1997 found that 78% of the respondents used the gardens for nature education for young and older citizens and 53% composted or recycled in the gardens. The City's Greenthumb Community Gardens provide healthful food for people at the bottom of the economic ladder while demonstrating to both young and old where food comes from.

The City has never created a comprehensive planning document that includes Greenthumb Community Gardens as part of a neighborhood or Citywide infrastructure yet affordable housing and accessible green open spaces like Greenthumb Community Gardens work together to improve the overall quality of life in a neighborhood. These verdant spaces provide oases of peace and calm for all in a City that is under-served in the areas of gardening, horticulture, recreational opportunities and natural areas.

Finally, the estimated $53 million per year in sweat equity and contributions of their own funds to pay for Greenthumb Community Garden expenses made by garden volunteers should not be overlooked.

The City Council, therefore, seeks to set up a fair and equitable system for allowing communities to create new Greenthumb Community Gardens and to formally apply for the preservation of Greenthumb Community in their neighborhoods.

§ 2. Chapter one of title 18 of the administrative code of the city of New York is hereby amended by the addition of a new section 18-132 to read as follows:

§ 18-132 ***Greenthumb community gardens.*** *a. Definitions. For the purposes of this section, the following terms shall have the following meanings:*

1. a "greenthumb community garden" is space on city-owned land, which is designed, built and maintained by a garden group, with technical assistance provided by the department of parks and recreation, for the purpose of neighborhood beautification and the provision of community programming.

2. a "community garden group" is a group of gardeners and/or other concerned citizens which, pursuant to an agreement with the city, establishes and maintains a greenthumb community garden.

3. "greenthumb" shall mean such city agency or program, or its successors, that offers technical and material assistance to greenthumb community garden groups.

b. There shall be a moratorium on requests to the City Council for development or disposition of any greenthumb community garden until the expiration of 90 days after the effective date of this local law.

c. All greenthumb community gardens created pursuant to this local law, shall be designated in city land use records, including but not being limited to the Integrated Property Information System (IPIS), but not including city zoning maps, as a "greenthumb community garden".

d. Where a greenthumb community garden shall have been authorized prior to the effective date of this local law, a new two-year lease shall be signed between greenthumb and the community garden groups for all such greenthumb community gardens within ninety days of the effective date of this local law.

e. Within ninety days of the effective date of this local law, the commissioner shall establish a procedure through which community garden groups shall have the opportunity to apply to the city for permanent protection through either: (i) transfer of such property by the New York city department of parks and recreation to parkland status or (ii) conveyance of the title to such property to a newly formed or existing land trust as provided by title 3 of the state environmental conservation law. Where an application for conveyance of the property title to a land trust is approved, pursuant to a resolution adopted by the city council, the city will convey such title to such land trust for the sum of one dollar.

f. Should a greenthumb community garden not be approved for permanent protection and such property has not been requested for development by a city agency or private developer, the community garden group may continue to lease the land for successive two year terms and may reapply for permanent protection after a period of one year from the date of such denial.

g. Should the greenthumb community garden be approved for permanent protection under such procedure as the commissioner shall promulgate pursuant to subdivision e of this section, the property will be either: (i) transferred to the department of parks and recreation and designated as permanent parkland to be managed by the garden group in accordance with such rules as shall be established by the department of parks and recreation or (ii) conveyed to the land trust as provided by title 3 of the state environmental conservation law, to be managed by the garden group in accordance with rules of operation of the land trust. The City Council resolution approving such permanent protection shall be a recordable instrument that shall be recorded with the deed to such real property.

h. If any greenthumb community garden property is requested by any city agency or private developer for development for any use other than as a garden such action shall be considered a type 1 action under the state environmental quality review act (SEQRA) and a full environmental impact statement (EIS) will be required to be prepared. The property so requested for development must be identified as a greenthumb community garden in all plans, documents, meetings and hearings related to such development proposal.

i. If, after completion of the uniform land use review procedure and preparation of a final environmental impact statement, a decision is made to convey the greenthumb community garden property for development, the city shall use its best efforts to identify a nearby alternative site of at least the same size for a replacement greenthumb community garden or shall seek to incorporate space for a replacement greenthumb community garden within the proposed development before the original greenthumb community garden site is cleared. The provisions of this section related to leases and the opportunity for permanent protection shall apply to such replacement greenthumb community garden.

j. A minimum of five neighborhood residents may apply to the city on such forms as the commissioner shall prescribe to temporarily lease a city-owned vacant lot, or several such adjacent lots, as a new greenthumb community garden for a term of two years, for the sum of one dollar, subject to the approval by the city council of a resolution authorizing such lease. Applicants must have a letter of support from the community board for the area in which the greenthumb community garden will be located. Leases for such new greenthumb community gardens may be cancelled for non-compliance with the garden rules of operation. After such initial two year lease term, the community garden group shall have the opportunity to propose the greenthumb community garden for permanent protection under the same mechanism as provided in this section for existing gardens.

Should community garden groups not wish to apply for permanent protection, they may continue to renew their initial leases for additional two year terms. The city may cancel any greenthumb community garden lease upon 90 days notice should there be a development proposal for such greenthumb community garden property where such disposition has been reviewed and approved through the uniform land use review procedure and for which a final environmental impact statement has been approved.

k. A greenthumb community garden assistance fund is hereby created to receive such budget and discretionary funds as may be appropriated each fiscal year. This fund shall be established and maintained for the purpose of providing small grants to community garden groups for group development and training related to gardening techniques and skills, purchase of garden tools, supplies and appropriate educational materials, site development and maintenance, garden-related event programming and such other purposes as are reasonably related to the advancement of such greenthumb community garden. Grants from this fund shall be allocated, as nearly as possible, according to a formula reflecting the need to increase the relative percentage of open space in each council district. On or before september first of each successive fiscal year, each community garden group which receives funds from this assistance fund shall submit to the council a written report, on such form as the council shall provide, stating how funds allocated under this section were expended.

§ 3. Severability. If any provision of this local law or application thereof is adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, and the remainder of this local law and the application thereof to other persons or circumstances shall not be affected by such holding and shall remain in full force and effect.

§ 4. This local law shall take effect immediately.

Res. No. 1315

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on the defects in the Metrocard Vending Machines.

By Council Members Freed, Eisland, Henry, Linares, Marshall, Nelson, Sabini and Stabile; also Council Members Cruz, Espada, Foster, Harrison, Leffler and Quinn

Whereas, The Metropolitan Transportation Authority (MTA) has a contract with Cubic Corporation to establish an Automatic Fare Collection System including the installation of 1000 MetroCard vending machines (MVMs); and

Whereas, About 55 machines per month are being installed, and in 1999 378 MVMs were installed exceeding the goal of 340 machines; and

Whereas, These machines accept credit cards, debit cards and cash; and

Whereas, The contract calls for 15,000 mean cycles before failure, but in fact many of the MVMs need maintenance before 3,000 transactions are completed; and

Whereas, *The New York Daily News* on February 14, 2000 reported that the MVMs needed repairs after 2,500 transactions in the article "MetroCard Machines defects bug MTA" by Pete Donohue; and

Whereas, Day and Zimmerman, Inc., the MTA's Engineering Consultant that reviews the New York City Transit Automatic Fare collection Program, reported to the MTA's Capital Program Oversight Committee at its February 14, 2000 meeting that "the improvements in MVM performance . . . have not been sustained;" *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York hold hearings on the defects in the Metrocard Vending Machines.

Res. No. 1316

Resolution calling upon the appropriate committee of the City Council to hold an oversight hearing on the failure of the Metropolitan Transportation Authority and its contractors to implement a satellite tracking system.

By Council Members Freed, Eisland, Marshall, Nelson and Stabile; also Council Members Cruz, Foster, Harrison, Michels and Quinn

Whereas, Buses on heavily traveled New York City routes are notorious for failing to stay on schedule; and

Whereas, All too often the buses bunch causing some patrons to have long waits while others watch in dismay as two or three buses arrive simultaneously; and

Whereas, A satellite tracking system could allow New York City Transit Authority (NYCTA) management to track the location of buses at the Transit Command Center in Brooklyn; and

Whereas, A satellite tracking system depends on an unimpeded or "line of sight" connection with satellites, and a dead reckoning system that calculates the location of the bus based on certain assumptions when contact with the satellites is broken; and

Whereas, A satellite tracking system integrated with other bus systems including the speedometer, farebox, and maintenance records, could provide NYCTA with invaluable information about the length of time a bus dwells at a stop before moving and the passenger traffic at each stop; and

Whereas, This information would help the agency tailor bus routes and schedules to customer needs; and

Whereas, If NYCTA knew the location of its buses, it could install electronic signs to flash a message telling patrons when the next bus will arrive, and announce the next stop to passengers; and

Whereas, Baltimore has started its satellite tracking system, and about 50% of its buses are connected to the system

Whereas, The Metropolitan Atlanta Region Transportation Authority (MARTA) installed system in time for 1996 Olympic Games that were held in Atlanta; and

Whereas, MARTA has about one-third of its buses using the system with limited results because the dead reckoning system which calculates the distance and time a bus has traveled when contact with a satellite is broken performed poorly; and

Whereas, The tracking system was not integrated with the other electrical systems on its buses, nor were adequate provisions made for the maintenance of the system in the bus depots, and additional difficulties developed because of unanticipated problems from the burden placed on the radio system by the large amounts of information being constantly transmitted; and

Whereas, If NYCTA knew the location of its buses, management could take steps to coordinate the sequence of bus arrivals, avoid bunching and use the internet to tell patrons when the next bus would arrive at their stop; and Whereas, The "Automated Vehicle Location System" contract with the Orbital Sciences Corporation is attempting to keep track of buses on some Manhattan routes using a combination of satellites and dead reckoning; and

Whereas, *The New York Times* on March 15, 2000 reported that buses must receive signals from at least three satellites in order for its position to be fixed, and skyscrapers either prevent the signals from reaching the bus or skew the reading by bouncing the signal; and

Whereas, The article, "Satellites Become Blind Eyes in the Sky Trying to Spot and Track Buses" by Randy Kennedy added that frequent traffic jams and detours for construction or emergency conditions conflict with the assumptions programmed into the alternative dead reckoning system that predicts bus movements; and

Whereas, While the global position system uses satellites and can pinpoint a bus location within 30 feet, according to *The Times,* the dead reckoning system has not been accurate within 120 feet as required by the contract; and

Whereas, Transit advocates have asked why Manhattan was chosen for a test of this system when the other boroughs don't present the same urban canyon effect problems; *now, therefore, be it*

Resolved, That the appropriate committee of the City Council hold an oversight hearing on the failure of the Metropolitan Transportation Authority and its contractors to implement a satellite tracking system.

Int. No. 744

By Council Members Lopez, Espada, Freed, Linares, Marshall, Nelson, Perkins, Quinn, White and Wooten (in conjunction with the Borough President of Manhattan); also Council Members Foster, Leffler, Michels and Povman

A LOCAL LAW to amend the administrative code of the city of New York in relation to the warehousing of Mitchell-Lama apartments.

Be it enacted by the Council as follows:

Section one. Section 26-530 of chapter six of title twenty-six of the administrative code of the city of New York is hereby amended by re-lettering subdivision c. to read subdivision d. and by adding thereto a new subdivision c. to read as follows:

c. No application or motion for an increase in the maximum rental per room shall be entertained or acted upon hereunder if the number of vacancies in a building containing such dwellings exceeds ten percent of the total number of dwelling units for a period of more than thirty days during the previous two years. A unit shall not be counted as vacant if the owner in good faith offers to the public to rent all vacant dwelling units at a rent no greater than the rent authorized by the "supervising agency." An owner may apply to the "supervising agency" for one 120-day exemption for a dwelling unit from the vacancy restriction and the requirement to offer for rent in order to substantially rehabilitate or renovate such dwelling unit.

§ 2. This local law shall take effect immediately.

By Council Members Lopez, Perkins, Quinn, Malave-Dilan, Espada, Freed, Henry, Linares, Marshall and Wooten; also Council Members Foster, Harrison and Michels

A LOCAL LAW to amend the administrative code of the city of New York, in relation to notification to community boards and council members of certain temporary closing of streets.

Be it enacted by the Council as follows:

Section 1. Section 19-107 of the administrative code of the city of New York, as amended by local law number 104 of 1993, is amended to read as follows:

§ 19-107 Temporary closing of streets. *a.* Except as otherwise provided by law, it shall be unlawful for any person to close any street, or a portion thereof, within the jurisdiction of the commissioner, to pedestrian or vehicular traffic without a permit from the commissioner. The commissioner may temporarily close or may issue a permit to temporarily close to pedestrian or vehicular traffic any street, or a portion thereof, within his or her jurisdiction, when, in his or her judgment, travel therein is deemed to be dangerous to life, in consequence of there being carried on in such street activities such as building operations, repairs to street pavements, street connections, or blasting for the purpose of removing rock from abutting property or when such closure may be necessary for a public purpose.

b. When an application is received by the commissioner pursuant to subdivision a of this section for the purpose of a film or television production, the commissioner shall provide written notice to the community board and council member whose districts include the street proposed to be closed. The community board and council member shall have no less than seven business days from the date of such notice within which to submit to the commissioner comments on such application.

§ 2. This local law shall take effect immediately.

Res. No. 1317

Resolution calling upon the Department of Housing Preservation and Development to include residents of City-Aided Limited Profit Housing Companies as significant participants in the process of revising the rules governing those companies and their properties.

By Council Members Lopez, Boyland, Freed, Henry, Linares, Marshall, Perkins and Quinn; also Council Members DiBrienza, Eisland, Foster and Michels

Whereas, The Department of Housing Preservation and Development (HPD) is responsible for creating and modifying the rules under which City-Aided Limited Profit Housing Companies, commonly referred to as the Mitchell-Lama developments, operate; and

Whereas, These rules govern such matters as tenant income limitations, the process for establishing and maintaining a waiting list, the limits on deposits and fees that may be charged, the procedures to be used to increase rents and carrying charges, lease termination and renewal, the rights of tenants and cooperators to create advisory councils and the housing companies' obligation to consult with the advisory councils; and

Whereas, Rule changes governing the operations of Mitchell-Lama properties have a significant impact on those individuals who reside within these developments; and

Whereas, Residents should be included in the decisions that affect them, a view clearly shared by HPD in providing for Tenant and Cooperator Advisory Councils within Mitchell-Lama developments; and

Whereas, HPD has signaled its intention to promulgate new rules for Mitchell-Lama developments in its annual rulemaking agenda; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Department of Housing Preservation and Development Resolution to include residents of City-Aided Limited Profit Housing Companies as significant participants in the process of revising the rules governing those companies and their properties.

Referred to the Committee on Housing and Buildings.

Res. No. 1318

Resolution calling upon the Metropolitan Transportation Authority to issue public service messages and post signs clearly explaining the different meanings of the expiration dates under its Metrocard program at Metrocard point of sales locations as well as in any other manner that the Metropolitan Transportation Authority deems appropriate, and also post such information on each Metrocard.

By Council Members Lopez, Rodriguez, Espada, Freed, Linares, Marshall and Quinn; also Council Members Eisland, Foster and Michels

Whereas, The Metrocards sold by the Metropolitan Transportation Authority have expiration dates and customers can lose money if they do not understand the meaning of the expiration date; and

Whereas, The meaning of the expiration date differs with the different kinds of Metrocards; and

Whereas, With the unlimited-use Metrocards, the Metropolitan Transportation Authority clearly explains that a card is no longer usable and has no value after the expiration date; and

Whereas, The expiration date does not have the same meaning for pay-per-ride Metrocards; and

Whereas, To prevent the public from discarding valuable Metrocards, the Metropolitan Transportation Authority should advise the public that they do not have to discard pay-per-ride Metrocards after the expiration date because the expired card may be exchanged for a new one by a subway token clerk; and

Whereas, The public should also be told that they have only twelve months to exchange the expired pay-per-ride card for a new one, otherwise they will lose all of their money; and

Whereas, The need to explain these rules never goes away as innumerable New Yorkers live and work in the same neighborhood or for other reasons seldom use mass transit; and

Whereas, Millions of people visit New York City each year, and they are not likely to understand the Metrocard system without public education; and

Whereas, The need for public education about Metrocard use is constant and never goes away; *now, therefore, be it*

Resolved, That the Metropolitan Transportation Authority issue public service messages and post signs clearly explaining the different meanings of the expiration dates under its Metrocard program at Metrocard point of sales locations as well as in any other manner that the Metropolitan Transportation Authority deems appropriate, and also post such information on each Metrocard.

Res. No. 1319

Resolution calling upon the State Legislature to establish a dedicated fund to create new affordable housing using the additional real estate taxes paid by developments that withdraw from the Mitchell-Lama program.

By Council Members Lopez, Espada, Freed, Linares, Nelson, Perkins, Quinn and White; also Council Members DiBrienza, Foster and Michels

Whereas, In 1955 the State Legislature created the Mitchell-Lama program to address the issue of affordable housing for families whose income was too high for public housing, but too low for market rate housing; and

Whereas, The State initially required properties developed through this program to stay in the program for at least thirty-five years, a period that was reduced to fifteen years in 1959 and then increased to twenty years in 1960; and

Whereas, During the 1960's and early 1970's this program was responsible for the construction of more than 166,000 units of new multi-family affordable housing, 140,000 units of which are located within New York City; and

Whereas, Currently all Mitchell-Lama developments are eligible to withdraw from the program once the owners satisfy their existing mortgages, with apartments being subject to the Rent Stabilization Law only for buildings first occupied prior to January 1, 1974; and

Whereas, According to the 1999 Housing and Vacancy Survey (HVS) that was issued this past February, New York City currently has a citywide Vacancy Rate of only 3.19 percent, and has lost significant numbers of units at all rent levels below $700-$799 per month; and

Whereas, The loss of these affordable units requires that we commit new money to their replacement; and

Whereas, According to the HVS, half the families living in Mitchell-Lama rentals in New York City have an annual income of $21,600 or less while the median income for all tenants was approximately $26,000; and

Whereas, The commonly acknowledged guideline for the appropriate percentage of family income to be used for housing is one/third of a family's annual income, which for the majority of Mitchell-Lama residents means they should be spending less than $600 per month for rent; and

Whereas, Fewer than 65,000 apartments in New York City are classified by the 1999 HVS as "vacant for rent" and only 17,600 of those have rents of $600 or less; and

Whereas, When Mitchell-Lama properties are withdrawn from the program the real estate taxes that must be paid on that property increase and substantial additional amounts of real estate tax revenue will be realized by the City; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the State Legislature to establish a dedicated fund to create new affordable housing using the additional real estate taxes paid by developments that withdraw from the Mitchell-Lama program.

Res No 1320

Resolution calling upon the appropriate committee of the New York City Council to conduct hearings on the Police Department's rules regarding press pass distribution to the media.

By Council Members Lopez, Freed, Linares, Michels and Quinn

Whereas, The First Amendment right of freedom of the press is a cornerstone of the American system of government; and

Whereas, Free access of the press provides this City with valuable information regarding events in the community; and

Whereas, Media access to emergency events, such as fires or crime scenes, is an integral component of providing the community with important information; and

Whereas, The New York City Police Department (NYPD) promulgates rules regarding the eligibility requirements for applying for a working press card; and

Whereas, Such requirements indicate that working press cards may only be issued to full-time news staff employees whose duties routinely require them to cross police and fire lines and are regularly involved in spot emergency news coverage; and

Whereas, Such rules on applying for a working press card impede the ability of smaller media organizations to cover crime or fire scenes because many smaller media groups may not be able to hire full-time employees; and

Whereas, The NYPD's rules for applying for working press cards should be designed to allow the maximum amount of media coverage, by all types of media organizations, consistent with public safety; *now, therefore, be it*

Resolved, That the appropriate committee of the New York City Council conduct hearings on the Police Department's rules regarding press pass distribution to the media.

Referred to the Committee on Public Safety.

Res. No. 1321

Resolution calling upon the appropriate committee of the New York City Council to hold a hearing on the policy of each of the City's District Attorneys regarding domestic violence complaints.

By Council Members Lopez, Freed, Linares, Quinn and White; also Council Members Clarke, Cruz, Eisland and Michels

Whereas, Domestic violence remains a serious issue, as indicated by the 266,890 domestic incident reports prepared by the Police Department in Fiscal 1999 and the 3,734 arrests for violating orders of protection in Fiscal 1999; and

Whereas, At an October 1999 joint hearing of the Public Safety, Welfare and Women's Committees, many advocates testified regarding the difficulties encountered by victims of domestic violence; and

Whereas, Victims of domestic violence often feel intimidated not only by their batterers but by the criminal justice system; and

Whereas, According to Anne Connors, Executive Director of the Coalition of Battered Women's Advocates, police are arresting domestic violence victims a day or two after a batterer files a cross-complaint, without applying the "primary aggressor" factors of Criminal Procedure Law § 140.10 or investigating whether the complaint is retaliatory; and

Whereas, These dual arrests are sent to the offices of the five District Attorneys as cross complaints, which by their nature are difficult to prosecute; and

Whereas, Although the issues surrounding police response to domestic violence articulated at the October 1999 hearing are important, it is also imperative to understand how the Police Department and District Attorneys coordinate domestic violence cases, and how the District Attorneys respond to domestic violence complaints and cross complaints; *now, therefore, be it*

Resolved, That the appropriate committee of the New York City Council hold a hearing on the policy of each of the City's District Attorneys regarding domestic violence complaints.

Referred to the Committee on General Welfare.

Res. No. 1322

Resolution urging the U.S. Attorney for the Southern District of New York, the U.S. Attorney for the Eastern District of New York and the District Attorneys of all five boroughs to work together to prosecute gun-related crimes by allowing state prosecutors to be cross-designated as federal prosecutors for these purposes.

By Council Members McCaffrey, Boyland, Clarke, Dear, Malave-Dilan, Fisher, Freed, Linares, Nelson, Quinn, Wooten, Fiala and Oddo; also Council Members DiBrienza, Eisland, Foster and Michels

Whereas, Gun violence is a serious concern in all American cities, including New York City; and

Whereas, Gun violence continues to exact a heavy human toll in this City; and

Whereas, According to the Preliminary Fiscal 2000 Mayor's Management Report, there were 2,009 reports of shooting victims, 1,757 reports of shooting incidents, 2,808 arrests for gun possession and 10,389 guns confiscated in Fiscal Year 1999; and

Whereas, At a March 13, 2000 hearing of the Public Safety Committee, Police Commissioner Howard Safir testified that approximately 50 to 60 arrests per week for gun possession are made in the City; and

Whereas, The Police Commissioner further testified that more should be done on the federal level to deal with gun possession cases; and

Whereas, A shortage of manpower and inadequate resources in the offices of federal prosecutors often prevents the prosecution of gun cases; and

Whereas, Federal gun possession laws, in certain instances, bring greater sentences than their state counterparts; and

Whereas, All gun control laws should be brought to bear on those who possess, sell or traffic in illegal guns; and

Whereas, A unified approach to gun violence in the City, taken by all our prosecuting entities, both federal and state, will help reduce the problem of gun violence in New York City; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the U.S. Attorney for the Southern District of New York, the U.S. Attorney for the Eastern District of New York and the District Attorneys of all five boroughs to work together to prosecute gun-related crimes by allowing state prosecutors to be cross-designated as federal prosecutors for these purposes.

Res. No. 1323

Resolution in support of the enactment of H.R. 2900, The Clean Smokestacks Act of 1999, which would help reduce the cumulative effect of air emissions from new power plants proposed to be built.

By Council Members McCaffrey, Malave-Dilan, Freed, Koslowitz, Linares, Lopez, Marshall, Nelson, Perkins, Sabini and Wooten; also Council Members Cruz, Foster, Harrison, Leffler and Povman

Whereas, Ever since New York State deregulated the wholesale electric industry in 1997 and the retail electric industry beginning in 1998, companies have been flocking here with proposals to build new power plants; and

Whereas, There are approximately 17 applications or pre-applications filed for new plants or expansions of existing plants currently pending before the New York State Board on Electric Generation Siting which represent a total of 11,122 new megawatts of electric generation; and

Whereas, Currently there are three new power facilities being proposed for the Astoria/ Ravenswood area of Queens, one on East 14th Street in Manhattan, one in Sunset Park, Brooklyn and recently Con Edison and KeySpan announced a joint venture to develop a power facility at the Greenpoint Terminal Market in Brooklyn; and

Whereas, While the City of New York recognizes the need for clean, efficient power sources that reduce air emissions and improve overall air quality, such a proliferation of power plants in these particular areas has raised serious concerns throughout the New York City community; and

Whereas, H.R. 2900, the Clean Smokestacks Act of 1999, amends the Federal Clean Air Act (CAA) to require the Administrator of the Environmental Protection Agency to promulgate regulations to achieve specified reductions in emissions of sulfur dioxide, nitrogen oxides, carbon dioxide and mercury from power plants by January 1, 2005; and

Whereas, H.R. 2900 would also require the modernization of outdated power plants by requiring them to comply with new source performance standards within five years of the bill's enactment. Because of their age, these plants were exempted from the air emission regulations adopted under the Federal Clean Air Act of 1990; and

Whereas, Under the terms of the legislation, no new New York City power plant could become fully operational unless any existing, older dirtier plants in the same borough are either upgraded to meet stricter air quality standards or shut down. The legislation targets plants that have exceeded their expected life span, which is 30 years; and

Whereas, New York City is already designated as being in severe nonattainment of clean air standards and there are an additional 2,630 megawatts of new power proposed to be generated in New York City; and

Whereas, H.R. 2900 would have an enormous positive impact in New York by significantly reducing the cumulative effect of air emissions from new power plants proposed to be built in New York State; *now, therefore, be it*

Resolved, The Council of the City of New York strongly supports the enactment of H.R. 2900, the Clean Smokestacks Act of 1999, which would help reduce the cumulative effect of air emissions from new power plants proposed to be built.

Referred to the Committee on Environmental Protection.

Res. No. 1324

Resolution recognizing the late Dr. Aristedes de Sousa Mendes of Portugal for his humanitarian acts during World War II in conjunction with a photographic exhibition at the United Nations' Manhattan headquarters entitled "Visas for Life: The Righteous Diplomats."

By Council Members Nelson, Marshall, Fiala and Stabile; also Council Members Cruz, Harrison, Leffler and Michels

Whereas, Dr. Aristedes de Sousa Mendes was the Portuguese Consul-General to Bordeaux, France when World War II broke out in Europe, serving under the dictatorship of Prime Minister Antonio de Oliveira Salazar; and

Whereas, When the Nazis occupied Paris, at least 100,000 refugees were estimated to have converged on Bordeaux and Bayonne in southern France hoping to obtain visas to enter Portugal, a neutral country, fearing that the Nazis would soon conquer all of France; and

Whereas, Much to the surprise of refugees and government officials, Premier Salazar issued a harsh government order demanding that visas be granted only to those who could prove ownership of travel tickets outside of Lisbon and demanded that no visas be given to Jews under any circumstances; and

Whereas, Premier Salazar's refusal to grant visas to refugees would force these refugees to remain in France, where they would all almost certainly be transported to the death camps; and

Whereas, Dr. Sousa Mendes tried to convince Premier Salazar to reconsider his decision, informing him of the horrible consequences that would follow but to no avail, leaving Dr. Sousa Mendes in a difficult position; and

Whereas, Although Dr. Sousa Mendes was, of course, required to follow any orders handed down by Premier Salazar, he found himself anguished and sickened by the thought of denying visas to these refugees and virtually ensuring their encampment, persecution and in many cases, their deaths; and

Whereas, Dr. Sousa Mendes decided to side with his conscience and the pleas of a Polish refugee, Rabbi Chaim Kruger, allegedly saying "I would rather be with God against man than with man against God;" and

Whereas, He worked feverishly during a three-day period, issuing visas, often regardless of whether the refugees held a passport or offered any kind of identification at all; and

Whereas, Dr. Sousa Mendes used his expertise to locate an obscure and underpatrolled border crossing that aided tremendously in ushering people from France into Spain and on their way to Portugal; and

Whereas, Dr. Sousa Mendes saved the lives of approximately 30,000 people, 10,000 of them Jews, and demonstrated great personal courage by defying what amounted to a state-issued order of encampment and execution and choosing the right path regardless of the consequences that it would have on his life and his family's life; and

Whereas, After discovering that Dr. Sousa Mendes defied his orders, Premier Salazar immediately dismissed the consul from diplomatic service and sent him back to Portugal where his pension was denied; and

Whereas, Dr. Sousa Mendes, who had a law degree, was banned from pursuing his profession and no one would employ his eldest sons; with money scarce, the family ate meals alongside refugees in soup kitchens and his youngest children received some high school education through the generosity of the Jewish community; and

Whereas, Dr. Sousa, who died in 1954, officially disgraced in Portugal but revered by the many Jews and other refugees whose lives he saves, never expressed any regret for his actions; and

Whereas, Among a number of distinctions and posthumous honors, Dr. Sousa Mendes was honored with the title of "Righteous Among Nations" at the Yad Vashem Holocaust Memorial Museum in Israel in 1967 and the city of Bordeaux honored him with a prominent bust; and

Whereas, Dr. Sousa Mendes was a great humanitarian who knowingly sacrificed his career and his social and fiscal stability for the lives of thousands of people whom he had never previously met and this month, his legacy is part of an exhibit at the United Nations called "Visas for Life: The Righteous Diplomats," which recognizes him for his heroism; *now, therefore, be it*

Resolved, That the Council of the City of New York recognizes the late Dr. Aristedes de Sousa Mendes of Portugal for his humanitarian acts during World War II in conjunction with a photographic exhibition at the United Nations' Manhattan headquarters entitled "Visas for Life: The Righteous Diplomats."

Int. No. 746

By Council Members Oddo, Espada, Fiala, Miller, Provenzano, Quinn and Stabile; also Council Members Clarke, Michels and Moskowitz

A LOCAL LAW to amend the New York city charter and the administrative code of the city of New York, in relation to the naming of city streets and parks.

Be it enacted by the Council as follows:

Section 1. Subdivision d of section 2800 of chapter 70 of the charter of the city of New York is amended by adding a new paragraph (22) to read as follows:

(22) Evaluate or initiate proposals to name city streets and parks or to change the name of city streets and parks, within the community district, consult with the department of city planning, and the department of transportation or department of parks and recreation as applicable, regarding such proposals; conduct public hearings on such proposals; and refer resolutions which receive the approval of three quarters of the community board members present and voting to the council for further action, together with any other supporting materials that the community board deems necessary and appropriate.

§ 2. Section 19-160 of chapter one of title 19 of the administrative code of the city of New York is amended to read as follows:

§ 19-160 [Private streets; names, restrictions of] *Street names; restrictions on.*

a. It shall be unlawful for any private street or thoroughfare to bear a name similar to a street or thoroughfare officially named.

b. Any person convicted of a violation of the provisions of this section shall be punished by a fine or not more than ten dollars, imprisonment for not more than ten days, or both *such fine and imprisonment.*

c. Proposals to name, or to change the name of, city streets shall be approved at a noticed public hearing, pursuant to paragraph 22 of section 2800(d) of the charter, by the community board, or boards, which represent the community district, or districts, within which such public street is located. Such approvals shall be referred to the council for further review. The council must affirmatively consent to consider such community board action within sixty days of the introduction of such item at the stated meeting of the council next following its receipt. Absent council action to review such a community board action within such sixty day time period, the proposed street name shall become effective upon the expiration of thirty days thereafter.

d. City street names, or name changes, approved pursuant to the provisions of this section shall require the posting of single signs bearing the new city street name beneath the signs bearing the current street name, where applicable.

§ 3. Chapter one of title 18 of the administrative code of the city of New York is amended by adding a new section 18-132 to read as follows:

§ 18-132. Park names; requirements for change. Proposals to officially name, or to change the name, of a park under the jurisdiction of the commissioner shall be reviewed by the community board, or boards, which represent the community district, or districts within which such park is located. Approval by the community board, or boards, pursuant to paragraph 22 of section 2800(d) of the charter, shall be referred to the council for further review. The council must affirmatively consent to consider such community board action within sixty days of the introduction of such item at the stated meeting of the council next following its receipt. Absent council action to review such a community board action within such sixty day time period, the proposed city park name shall become effective upon the expiration of thirty days thereafter.

§ 4. This local law shall take effect after it shall be approved by the voters at the next general election held after its enactment into law.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 1331

Resolution commending United States Attorney General Janet Reno on her decision to rule in favor of Elian Gonzalez returning home to Cuba to live with his father.

By Council Members Rivera, Clarke, Lopez, Marshall and Warden; also Council Members Cruz, Foster, Harrison, Michels, Povman, Provenzano and Quinn

Whereas, The Immigration and Naturalization Service and the Justice Department have both ruled in favor of allowing Elian Gonzalez to return home to Cuba to live with his father; and

Whereas, On November 25, 1999, six-year-old Elian Gonzalez was rescued off the Florida coast after spending two days at sea clutching to an inner tube, losing his mother, who drowned in the attempt to flee Cuba; and

Whereas, The surrounding controversy of whether to allow Elian to stay with his relatives in America or to send him back to Cuba to live with his father quickly became an issue awash in politics and clashing ideologies; and

Whereas, No one has been hurt more in this ordeal than Elian Gonzalez, who is perhaps too young to fully understand the larger issues surrounding his case, but is certainly of an age where he is greatly affected by the behavior of the swarms of adults that surround him daily; and

Whereas, Though most Americans, whether they be in Miami or New York City or anywhere in the union, accept the democratic principles that govern our nation and shun the communist government of Cuba, it is not our place to prevent a son from reuniting with his natural father because we disagree with Cuba's politics or even because we feel there are greater opportunities that await him in America; and

Whereas, Attorney General Janet Reno was correct in agreeing with the Immigration and Naturalization Service in ruling that Elian Gonzalez should be reunited with his father and return to Cuba, thus placing the best interests of the child first and foremost; and

Whereas, Ms. Reno was able to work under great political pressure to set politics aside and come down with a ruling that best represents the democratic principles of the United States and affirms the importance of fatherhood in the growth and development of a child; *now, therefore, be it*

Resolved, That the Council of the City of New York commends United States Attorney General Janet Reno on her decision to rule in favor of Elian Gonzalez returning to Cuba to live with his father.

State Leg. Res. No. 241

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Committee on Rules, A.10824, "AN ACT to amend the administrative code of the city of New York, in relation to the designation of deputy warden (warden level II) in the department of correction of the city of New York".

By Council Members Rivera, Pinkett and Marshall; also Council Members Robinson and Quinn

Whereas, a bill has been introduced in the New York State Legislature by Committee on Rules, A.10824, "AN ACT to amend the administrative code of the city of New York, in relation to the designation of deputy warden (warden level II) in the department of correction of the city of New York"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action

(approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

A Site visit has been arranged for July 6, 2000 at 10:00 A.M. Details regarding the visit are in Contract documents.

INVOCATION

Men and Women of the City Council

Almighty God,

Thou art revealed not only in the beauty of Nature but also in the wisdom and compassion that shines forth from the human heart. Therefore, we beseech thee, O God, as the members of this City Council begin their deliberations, thus Thou shall guide them to wisdom and open their hearts to compassion.

We are humbled by the mountain of needs of our great city and make wiser these men and women—make them Thine instrument for good.

May their deliberations and decisions be such that all shall know that ours is indeed a City built upon knowledge and wisdom, sensitivity that inspires compassion.

For then shall Thy name, O God, be blessed and we shall dwell in peace and safety.

Amen.

Council Member Freed moved to spread the Invocation in full upon the Record.

Communication from the New York City Banking Commission — Transmitting recommendation that the discount rate to be allowed for prepayment of real estate taxes be continued at two percent (2%) per annum for Fiscal Year 2001, pursuant to Section 1519 of the City Charter.

April 25, 2000

Honorable Peter Vallone
Speaker of the Council
City Hall
New York, NY 10007

Dear Mr. Vallone;

Pursuant to Section 1519 of the City Charter, the Banking Commission, at its meeting of April 24, 2000, adopted a resolution recommending to the Council that the discount rate to be allowed for prepayment of real estate taxes be continued at two percent (2%) per annum for the fiscal year 2001. A copy of the resolution is attached.

The Banking Commission will continue to review this recommendation and will issue revised recommendations, if appropriate.

Sincerely;

Robert Y. Lee

Resolution No. 4 — Discount Rate Recommendation

Whereas, pursuant to Section 1519 of the City Charter, the Banking Commission is required to recommend to the City Council, not later than the fifteenth day of May, the proposed discount rate that shall be allowed for payments of real estate taxes prior to the dates on which such taxes become due and payable; *now, therefore be it*

Resolved, that the Banking Commission recommend to the City Council that the discount rate to be allowed to be set at two percent per annum for Fiscal Year 2001.

Referred to the Committee on Finance.

Communication from the New York City Banking Commission — Transmitting recommendation that the interest rate for non-payment of real estate taxes where annual tax is more than $2,750, or vacant or unimproved land; and non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health be eighteen percent (18%) for fiscal year 2001.

April 25, 2000

Honorable Peter Vallone
Speaker of the Council
City Hall
New York, NY 10007

Dear Mr. Vallone;

Pursuant to Local Law 46 of 1976 and Local Law 44 of 1978, the Banking Commission, at its meeting of April 24, 2000, adopted a resolution recommending to the Council that the interest rate to be charged for Fiscal Year 2001 for non-payment of water rents and sewer rents be:

a. Non-payment of taxes on real estate where the annual tax on the parcel is more than $2,750, or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land; and

b. Non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health

be eighteen percent (18%) per annum for the fiscal year 2001. This rate is more than six percent (6%) greater than the current prime rate in effect, in accordance with the requirements of the Local Law.

A copy of the resolution is attached.

The Banking Commission will continue to review this recommendation and will issue revised recommendations, if appropriate,

Sincerely;

Robert Y. Lee

Resolution No. 1 — Interest Rate Recommendation

Whereas, pursuant to Local Law No. 46 of 1976 and Local Law No. 44 of 1978, the Banking Commission is required to recommend to the City Council, not later than the twenty-fifth day of May, the proposed interest rate to be charged for non-payment of taxes on real estate where the annual tax on a parcel is more than two thousand seven hundred fifty dollars, or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land, and for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health, and

Whereas, said Local Laws require the Banking Commission to propose a rate at least six percent per annum greater than the prevailing interest rate charged for commercial loans extended to prime borrowers by commercial banks in the City (the "prime rate"), and

Whereas, the Banking Commission notes that the said prime rate now stands at 9% (NINE PERCENT) and

Whereas, it is in the City's best interest to encourage the prompt payment of taxes on real estate by all taxpayers; *now, therefore be it*

Resolved, that the Banking Commission recommend to the City Council that the interest rate to be charged for non-payment of taxes on real estate where the annual tax on a parcel is more than two thousand seven hundred fifty dollars, or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land, and for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health, remain eighteen percent per annum for Fiscal Year 2001; *and be it further*

Resolved, that the Secretary's letter to the City Council be sent as close to May 25th as possible, to protect against fluctuations in interest rates.

Referred to the Committee on Finance.

Communication from the New York City Banking Commission — Transmitting resolution recommending that the interest rate to be charged for non-payment of taxes on real property where the annual tax is not more than $2,750 or where the real property taxes are held in escrow and paid by a mortgage escrow agent be eighteen percent (18%), and nine percent (9%) in all other such parcels.

April 25, 2000

Honorable Peter Vallone
Speaker of the Council
City Hall
New York, NY 10007

Dear Mr. Vallone:

Pursuant to Local Law 47 of 1990, the Banking Commission, at its meeting of April 24, 2000, adopted a resolution recommending to the Council that the interest rate to be charged for Fiscal Year 2001 for non-payment of taxes on real estate in those cases in which the annual tax on the parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be:

a. Eighteen percent (18%) per annum in the case of any parcel with respect to which the real estate taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent; and

b. Nine percent (9%) per annum in the case of all other such parcels.

A copy of the resolution is attached.

The Banking Commission will continue to review this recommendation and will issue revised recommendations, if appropriate.

Sincerely;

Resolution No. 2 — Interest Rate Recommendation

Whereas, pursuant to Local Law No. 47 of 1990, the Banking Commission is required to recommend to the City Council, not later than the twenty-fifth day of May, the proposed interest rate to be charged for non-payment of taxes on real estate where the annual tax on a parcel, other than a parcel which consists of vacant or unimproved land, is not more than two thousand seven hundred fifty dollars, and

Whereas, in the case of any such parcel with respect to which the real estate taxes are held in escrow and paid to the Commissioner of Finance by a "mortgage escrow agent", as that term is defined in Section 1519 of the City Charter, the proposed interest rate shall be at least six percent per annum greater than the prevailing interest rate charged for commercial loans extended to prime borrowers by commercial banks in the City (the "prime rate"), and

Whereas, in the case of all other such parcels, the proposed interest rate shall be at least equal to the said prime rate, and

Whereas, the Banking Commission notes that the said prime rate stands at 9% (nine percent), and

Whereas, it is in the City's best interest to encourage the prompt payment of taxes on real estate by all taxpayers; *now, therefore be it*

Resolved, that the Banking Commission recommend to the City Council that the interest rate to be charged for non-payment of taxes on real estate where the annual tax on a parcel is greater than two thousand seven hundred fifty dollars, or if the parcel consists of vacant or unimproved land, or if the real estate taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent, remain eighteen percent per annum for Fiscal Year 2001; *and be it further*

Resolved, that the Banking Commission recommend to the City Council the interest rate to be charged for non-payment of taxes on real estate in the case of all other such parcels in which the annual tax is not greater than two thousand seven hundred fifty dollars remain nine percent per annum for Fiscal Year 2001; *and be it further*

Resolved, that the Secretary's letter to the City Council be sent as close to May 25th as possible, to protect against fluctuations in interest rates.

REPORTS OF STANDING COMMITTEES

Report of the Committee on Consumer Affairs

Int. No. 727

Report of the Committee on Consumer Affairs in favor of approving and adopting a local law to amend the administrative code of the City of New York, in relation to prohibiting the sale of herbal cigarettes to minors.

The Committee on Consumer Affairs to which it was referred on March 20, 2000 (Minutes, page 560) the annexed local law respectfully

REPORTS:

Today the Committee on Consumer Affairs will hold a hearing on Int. No. 727, a proposal to amend Titles 17 and 20 of the Administrative Code by prohibiting the sale of herbal cigarettes to minors.

An initial hearing was held on April 10, 2000, at which time the Committee considered Int. No. 727, and heard testimony from DCA Commissioner Jane S. Hoffman, and representatives from anti-smoking organizations (American Cancer Society and Alliance for Smoke-Free Air).

Earlier this year, the Council passed, and the Mayor approved local law 2 for the year 2000, a law dramatically strengthened the provisions of the Administrative Code intended to combat the sale of tobacco products to minors. Subsequent to this, news reports appeared indicating that some retailers had begun to sell herbal cigarettes (Mark Mooney, *New Cigs Firing Up Debate,* Daily News, Jan. 17, 2000). According to these reports, herbal cigarettes are cigarettes that are made of herbs such as damiana, ginseng, jasmine, yerba santa, and passionflower. Herbal cigarettes, which do not contain tobacco or nicotine, have been offered as an acceptable alternative to regular tobacco cigarettes.

Anti-smoking advocates raise two concerns regarding herbal cigarettes. First, they point out that the use of herbal cigarettes, while tobacco and nicotine free, produce many of the same dangers as regular cigarettes—the release of tar, carbon monoxide, and cancer-causing agents—because they are smoked (*Id.*). Second, there is concern about the growing use of herbal cigarettes by minors. Anti-smoking advocates have become concerned that current marketing and advertising is attracting children to herbal cigarettes. One brand features the pictures of a lucky charm, and another, a leprechaun. Another brand bears the name of a drug that is popular among minors. As an increasing number of minors try herbal cigarettes and become comfortable with smoking, herbal cigarettes, it is argued, threaten to undermine efforts to combat underage smoking.

Currently, the Tobacco Product Regulation act (Title 17, Chap. 7, New York Administrative Code) prohibits the sale of cigarettes to minors. However, that act only covers cigarettes made from tobacco—herbal cigarettes would thus not be considered a "tobacco product." However, under local law 2 for the year 2000, for purposes of requiring that retail sellers of cigarettes be licensed, "cigarette" is defined as "any role for smoking made wholly or in part of tobacco or any other substance irrespective of size or shape and whether or not such tobacco or substance is flavored, adulterated or mixed with any other ingredient . . ." Thus, although local law 2 requires sellers of herbal cigarettes to be licensed, they are not subject to Title 17's prohibition on sales to minors because they are not tobacco products.

By prohibiting the sale of herbal cigarettes to minors, proposed Int. No. 727 would close the gap between the treatment of herbal cigarettes by the health provisions and licensing provisions of the Administrative Code.

According to the Memorandum In Support, this bill is intended to strengthen those provisions of the administrative code intended to combat underage smoking by making it unlawful to sell herbal cigarettes to minors.

Chapter seven of Title 17 of the Administrative Code currently prohibits the sale of tobacco products to an individual under eighteen years of age. This prohibition includes cigarettes and other products made of tobacco, but does not include tobacco-free herbal cigarettes.

Int. No. 727 would add a new subchapter to Title 17. This subchapter would prohibit, "any person from selling or offering for sale herbal cigarettes to an individual under eighteen years of age." The proposed local law would then make compliance with the new subchapter relevant to the Department of Consumer Affairs' licensing determinations for cigarette retailers.

Specifically, Int. No. 727 would condition issuance of a retail cigarette dealer's license, in part, on compliance with the proposed herbal cigarette law, just as local law 2 currently conditions license issuance on compliance with Title 17's regulations of tobacco products. It would also allow the Commissioner of the Department of Consumer Affairs to refuse to renew, or suspend or revoke, the retail cigarette dealer's license of any person who has failed to comply with the herbal cigarette law.

Int. No. 727 would subject person who violate the law prohibiting the sale of herbal cigarettes to minors to a civil penalty of not less than two-hundred and fifty dollars and not more than two-thousand dollars.

Int. No. 727 provides that it would take effect upon the effective date of local law 2 for the year 2000. The mayor signed local law 2 for the year 2000 on February 4, 2000, and it will take effect one hundred eighty-days from that date.

Fiscal Impact Statement:

	FY2000	FY Succeeding Effective FY2001	Full Fiscal Impact FY2002
Revenues (+)	0	Minimal	Minimal
Expenditures (–)	0	$0	$0
Net	0	Minimal revenues	Minimal revenues

Impact on Revenues: The legislation creates penalties of not less than $250 and not more than $2,000 for the sale of herbal cigarettes to minors. The Department has stated that they are still compiling a list of dealers of herbal cigarettes, which establishments shall be inspected as of the effective date of the local law. The number of such dealers is unknown, as is the level of non-compliance to anticipate. The level of fines to be levied will not result in a significant fiscal impact.

Impact on Expenditures: The functions assigned to DCA will be executed within existing budget appropriations.

Accordingly, Your Committee recommends its adoption.

Reports of the Committee on Finance

L.U. No. 721

Report of the Committee on Finance in favor of approving an application No. 20005333 HAM, an Urban Development Action Area Project, located at 15 East 126th Street, Council District No. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to Section 577 of the Private Housing Finance Law for a partial tax exemption.

The Committee on Finance to which it was referred on March 29, 2000 (Minutes page 715) the annexed Land use resolution respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML) and Section 577 of the Private Housing Finance Law, the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for City residents as specified in the attached project summaries. These properties are developed under programs initiated by HPD. These projects, organized and operated by private not-for-profit Housing Development Fund Corporations (HDFC's) formed under Article XI may be granted exemptions from real property taxes by the local legislative body for a period of up to forty (40) years.

These properties are currently owned by the City, and thus pay no property taxes. Approval of the exemptions will result in partial tax payment on every property.

The City Council Land Use Committee has approved the disposition of these city-owned properties as Urban Development Action Area Projects.

HPD initiated TIL to encourage private ownership and management of low income housing properties and to divest the City of its in-rem stock. The City rehabilitates occupied in-rem buildings and sells them for a nominal fee of $250 per dwelling unit to Housing Development Fund Companies (HDFC) organized pursuant to Article XI of State Private Housing Finance Law (PHFL). In TIL, they are managed by tenant HDFC's as low income housing cooperatives. Tenants are subject to income restrictions pursuant to Section 576 of the PHFL. Monthly rent for such apartments is typically $80-$90 per zoning room but does not exceed 30% of a tenant's annual income.

An exemption from property taxes will be allowed for that portion of the assessed value of the property, which exceeds the ceiling amount determined by HPD. The ceiling is increased annually by an amount not to exceed 6%, and cannot increase by more than 20% over 5 years. Full taxes are paid up to the ceiling amount and a total exemption is allowed on that portion of the assessed value which exceeds this amount. This ceiling level was calculated so property tax payments would be approximately 10% of a building's entire budget. This level would reflect other property tax exemptions made available through Federal Section 202 and Mitchell-Lama programs.

The assessed value base amount for ceiling calculations was established at $3,500 per residential unit in 1989-90. The Fiscal 2000 maximum ceiling amount has increased to $5,040, which represents property tax payments of approximately $542 for each dwelling unit.

Exemptions under this program are effective until July 1, 2029 and resale restrictions are placed on all properties pursuant to Board of Estimate Resolution 78 of 1980 as amended by Resolution 56 of 1982.

Under the Neighborhood Homes Program. HPD conveys occupied one- to four-family buildings to selected community-based not-for-profit organizations for rehabilitation and eventual sale owner-occupants. The not-for-profit sponsor will receive funding in the form of an evaporating loan from HPD and a loan from the Local Initiative Support Corporation (LISC) or a conventional lender. Upon completion, each building is marketed to existing tenants or buyers who agree to reside in the building and who qualify for mortgage financing to purchase the property.

Pursuant to Section 696 of the General Municipal Law, a full exemption from real property taxes is granted for ten years.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1346

Resolution approving an Urban Development Action Area Project located at 15 East 126th Street (Block 1751/Lot 8), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 721; 20005333 HAM).

By Council Members Berman, Eisland and Linares:

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 1, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 15 East 126th Street (Block 1751/Lot 8), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on April 17, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that Sponsor is not organized as a housing development fund company or that Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any, shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and on July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

L.U. No. 727

Report of the Committee on Finance in favor of approving an application No. 20005339 HAX, an Urban Development Action Area Project, located in Community Board 3, Council District No. 16, Borough of The Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development and pursuant to § 696 of the General Municipal Law for a real property tax exemption.

The Committee on Finance to which it was referred on March 29, 2000 (Minutes page 717) the annexed Land use resolution respectfully

REPORTS:

(For text, see L.U. No. 721 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1347

Resolution approving an Urban Development Action Area Project located at 1112 Jackson Avenue (Block 2651/Lot 8), 1136 Jackson Avenue (Block 2651/Lot 18), 1135 Forest Avenue (Block 2651/Lot 32) and 1237 Union Avenue (Block 2673/Lot 39), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 727; 20005339 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 1, 2000 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 1112 Jackson Avenue (Block 2651/Lot 8), 1136 Jackson Avenue (Block 2651/Lot 18), 1135 Forest Avenue (Block 2651/Lot 32) and 1237 Union Avenue (Block 2673/Lot 39), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 17, 2000;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report of the Committee on Health

Res. No. 472

Report of the Committee on Health in favor of filing a resolution calling upon the appropriate committee of the Council to conduct a hearing to call attention to the HIV/AIDS epidemic in the African-American and Latino communities and to call for an increase in State and City funding for these specific communities.

The Committee on Health to which it was referred on September 17, 1998 (Minutes, page 3285) the annexed resolution respectfully

REPORTS:

The Committee on Health will hold an oversight hearing on the changing face of Acquired Immune Deficiency Syndrome and the Human Immunodeficiency Virus ("AIDS/HIV") epidemic and it's effect on minorities and women. The Committee will also evaluate the City's response to this change in the epidemiological profile of those infected with the disease. The topic of the hearing will also be Res. No. 472, which calls for a hearing by this Committee to call attention to the AIDS/HIV epidemic in the African-American and Latino communities and to call for an increase in State and City funding for these specific communities. Expected to testify are Dr. Neal Cohen, Commissioner of the New York City Department of Health ("DOH"), persons who are living with AIDS/HIV and community advocates.

AIDS/HIV is spread from person to person through contact with infected body fluids. The fluids most commonly associated with AIDS/HIV transmission are blood, semen or vaginal secretions, and breast milk.[1] The most common exchange of AIDS/HIV infected bodily fluids occurs through sexual behavior (men having sex with men or MSM, and increasingly through heterosexual sex), sharing of needles between intravenous drug users ("IDU") and perinatal exposure.[2] The least common exchange of AIDS/HIV infected bodily fluids occurs through medical/workplace exposure (accidental needle stick, surgical accident, etc.) and blood transfusion or the receipt of blood products (rare in the United States since screening began in 1985.)[3]

According to Federal Centers for Disease Control (the "CDC") studies entitled "AIDS/HIV Surveillance by Race/Ethnicity through 1998" L238 Slide Series and "AIDS/HIV Surveillance by Race/Ethnicity through 1998" L264 Slide Series (the CDC Studies), due to the development and availability of new drug therapies, the onset of AIDS/HIV infection in individuals has significantly decreased in the United States. However, a closer look at this trend reveals that these developments have not reached all groups of the U.S. population in equal measure. According to the CDC studies, the bulk of the decrease in AIDS/HIV related illness has occurred in the white male population. However, although such a decrease has occurred in the white male population, the incidence of AIDS/HIV has neither improved nor remained constant among other groups, such as African American, Hispanic, and Asian males and women of all races. Indeed, the CDC studies indicate that while gay white men have systematically enjoyed a decrease in AIDS/HIV with each passing year, a concurrent increase in AIDS/HIV has been witnessed in minorities and women.

CDC statistics show that during the years 1985-1998, the total incidence of AIDS/HIV has decreased in the United States. This study breaks down the rate of AIDS/HIV by racial group. The proportion of whites with HIV suffering from full-blown AIDS/HIV decreased from 60% to 33% of the total AIDS/HIV patient population. However, during that same period, the proportion of African Americans and Hispanics suffering from AIDS/HIV increased. African Americans with AIDS increased from approximately 25% of the total AIDS/HIV patient population to 45%, while Hispanics with AIDS/HIV increased from 15% to 20% of the total AIDS patient population. According to this same CDC study, the rate of AIDS/HIV among Asian/Pacific Islanders remained constant at 1%. Thus, of all of the 688,200 AIDS/HIV in the United States cases reported to the CDC from 1985 through 1998, African Americans and Hispanics accounted for 55% of that total. Moreover, seventy-seven percent of all women suffering from AIDS/HIV, as well as 81% of heterosexuals and 81% of children, were of African American or Hispanic backgrounds.

The study further states that women of all races have experienced an increase of AIDS/HIV related illnesses during the same period that white men have experienced a decrease. In 1986, at the beginning of the epidemic, women accounted for approximately 7% of all AIDS/HIV cases in the United States. In 1998, the year with the most recent statistics available, women accounted for 24% of all AIDS/HIV cases in the United States. As noted above, race plays an important factor in the incidence of AIDS/HIV, for both men and women. For example, in 1998 alone, of the 10,998 women who were diagnosed with AIDS/HIV, only 18% of that total were white women, while 63% were African American women, and 19% were Hispanic women.

DOH's "Epidemiologic Profile of AIDS/HIV in New York City", June 1999 ("the Profile"), outlines the AIDS/HIV epidemic's effect in New York City and particularly on minorities and women. The Profile indicates that during the decade following the identification of AIDS/HIV by public health officials, New York City was more severely affected by the disease than any other American city. Though New York City contains only 3% of the U.S. population, it contains 16% of all U.S. AIDS/HIV cases.

The Profile finds the disease disproportionally effects certain groups. For example, African-Americans comprise 26% of New York City's population, yet they make up 42% of people living with AIDS/HIV. Hispanics comprise 43% of New York City's population, and make up 33% of people living with AIDS/HIV. Whites comprise 24% of New York City's population, and they make up 23% of people living with AIDS/HIV.

Women in New York City have been increasingly affected by AIDS/HIV. Before 1983, approximately 10% of AIDS/HIV cases were diagnosed in females and by 1998, females made up 33% of AIDS/HIV cases, an average increase of 1.5% per year. At this rate, half of all AIDS/HIV cases in New York City will be diagnosed in females by the year 2010.

Though women are an increasingly large proportion of the AIDS/HIV epidemic, not all women are equally at risk. The Profile describes how race and geography further define AIDS/HIV risk in women. Approximately half the women diagnosed with AIDS/HIV each year are African-American, one third Hispanic, and one-seventh white. Less than 1% are Asian/Pacific Islander, Native American/Alaskan Native, or other ethnicity. Over the last three years, there has been a slight increase in the proportion of African-American women (to 59% in 1998) and a slight decrease in white women diagnosed (to 8% in 1998).

Overall, the Profile shows that AIDS/HIV prevalence is higher among African-Americans in New York City than all other racial/ethnic groups. Early in the epidemic, IDU was the leading cause of AIDS/HIV transmission in both African-American males and females. However, IDU has decreased as a transmission risk for both sexes while heterosexual transmission has increased. Regardless of gender or transmission risk, African-Americans living with AIDS/HIV tend to cluster in specific, inner city neighborhoods in central Brooklyn, central Bronx, northern Manhattan, and western Queens (which includes Rikers Island, New York City's main correctional facility.)

The Profile also shows that AIDS/HIV prevalence is also high among Hispanics. Early in the epidemic, most Hispanics of both genders with AIDS/HIV were infected via IDU. As in the case of African-Americans, heterosexual transmission has been increasing as an AIDS/HIV transmission risk among Hispanics. Hispanics living with AIDS/HIV live largely in Hispanic neighborhoods such as central Bronx, northern and lower Manhattan, and central Brooklyn.

Among whites diagnosed with AIDS/HIV in New York City, clustering tends to occur by AIDS/HIV transmission risk. According to the Profile, among white MSM's, AIDS/HIV cases cluster throughout mid and lower Manhattan, with especially high numbers in Chelsea/Clinton and Greenwich Village.

Accordingly, Your Committee recommends that this item be filed.

Report of the Committee on Land Use

L.U. No. 736

Report of the Committee on Land Use in favor of approving, as modified, a Uniform Land Use Review Procedure application No. C 990008 PPM pursuant to § 197-c and § 197-d of the New York City Charter concerning the disposition of eleven (11) city-owned properties, located in Community Board 10, Borough of Manhattan, in Council Districts No. 7 and 9. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to § 197-d(b)(2) of the Charter or called up by vote of the Council pursuant to § 197-d(b)(3) of the Charter.

The Committee on Land Use to which it was referred on March 29, 2000 (Minutes, pages 719) the annexed modified Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving with modifications an application submitted by the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for the disposition of eleven (11) city-owned properties located at 407, 409 and 415 Lenox Avenue (Block 1915/Lots 32, 33 and 36); 131 West 133rd Street (Block 1918/Lot 16); 197 West 134th Street (Block 1919/Lot 5); 136 West 137th Street (Block 1921/Lot 49); 2377 8th Avenue (Block 1954/Lot 34); 225 and 223 West 140th Street (Block 2026/Lots 15 and 16); 28 Bradhurst Avenue (Block 2044/Lot 4) and 315 West 145th Street (Block 2045/Lot 2); pursuant to zoning.

The intent is to return the properties to private ownership.

Accordingly, Your Committee recommends its adoption, as modified.

JUNE M. EISLAND, Chairperson; MARY PINKETT, ARCHIE SPIGNER, HERBERT E. BERMAN, SHELDON S. LEFFLER, NOACH DEAR, PRISCILLA A. WOOTEN, MARTIN MALAVE-DILAN, JOHN D. SABINI, LAWRENCE A. WARDEN, A. GIFFORD MILLER, ADOLFO CARRION, JR., BILL PERKINS, MICHAEL J. ABEL—May 4, 2000

Approved with Modifications and Referred to the City Planning Commission pursuant to Rule 11.70(b) of the Rules of the Council and Section 197-(d) of the New York City Charter.

Report of the Committee on Rules, Privileges and Elections

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Rules, Privileges and Elections and had been favorably reported for adoption.

M-862

Report of the Committee on Rules, Privileges and Elections in favor of approving an addition of one Select Committee.

The Committee on Rules, Privileges and Elections to which it was referred on May 10, 2000, the annexed communication respectfully

REPORTS:

That it recommends favorable consideration by the Council of the following Select Committee allowance pursuant to Rules 7.00 and 7.20 of the Council of the City of New York.

Select Committee on Pest Control

PERKINS - $2,500

Accordingly, Your Committee recommends its adoption.

Res. No. 1348

Resolution approving the addition of one new Select Committee and allowance.

By Council Member Povman:

Resolved, that pursuant to Rules 7.00 and 7.20 of the Council of the City of New York the Council does hereby consent to the following addition of one new Special Committee allowance.

Select Committee on Pest Control

PERKINS - $2,500

MORTON POVMAN, Chairperson; ARCHIE SPIGNER, HERBERT E. BERMAN, WENDELL FOSTER, STANLEY E. MICHELS, JUNE M. EISLAND, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, KATHRYN E. FREED, THOMAS V. OGNIBENE, PETER F. VALLONE—May 10, 2000

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Reports of the Committee on State and Federal Legislation

M-835

Report of the Committee on State and Federal Legislation in favor of concurring in a communication from the Mayor — "AN ACT to amend the agriculture and markets law, in relation to the powers and duties of municipal directors in cities with a population of one million or more regarding enforcement of the payment of inspection and testing fees." S.3861/A.6408.

The Committee on State and Federal Legislation to which it was referred on April 25, 2000 (Minutes, page 901) the annexed communication respectfully

REPORTS:

Currently, subdivision eight of section 181 of the Agriculture and Markets Law grants all municipal directors of weights and measures the authority to establish and collect fees for the inspection and testing of all weights and measures, weighing and measuring devices and systems, and related accessories within their jurisdiction. While municipal directors are allowed to impose such fees (and fines if such fees remain unpaid), the current law does not provide a mechanism by which a municipal director can actually collect fees for having certified the accuracy of a particular weighing or measuring device.

This legislation would amend subdivision eight of section 181 of the Agriculture and Markets Law by allowing municipal directors of weights and measures in cities with a population of one million or more to, after notice and a hearing, confiscate or make inoperable weighing and measuring devices for which the inspection fee remains unpaid. The legislation would also provide that the devices would be safely stored and released upon payment of all outstanding fees and fines.

According to the Mayor's Memorandum in Support, the City's Department of Consumer Affairs is required to certify annually every weighing and measuring device used commercially within the City. The Memorandum states that many of these inspection fees remain unpaid, yet the Department of Consumer Affairs continues to perform its duties. In calendar year 1998, the City billed over $1.1 million in fees and fines. Over 10% of this billed amount remains unpaid.

According to the Memorandum, while those who fail to pay the fee are subject to the imposition of fines, their certification, which is required by State Law, remains valid. The law provides little incentive for the payment of the initial fee or subsequent fines, and only authorizes confiscation when the device's degree of accuracy exceeds authorized limits. Thus, the City now seeks the authority to confiscate, or otherwise make inoperable, certified weighing or measuring devices for which the fees remain unpaid.

In 1999, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

This legislation shall take effect on the thirtieth day after it becomes law, provided that the remedies granted by this legislation shall apply to the collection of (i) any inspection fees or fines for failure to pay such fees issued by a municipal director in a city having a population of one million or more on or after the effective date of this act and (ii) any such fees and fines that were imposed on or before this legislation was enacted that are outstanding on the effective date of this legislation.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01
Revenues (+)	$0-$363,000	$0-$121,000	$0-$363,000
Expenditures (–)	$0	$0	$0
Net	$0-$363,000	$0-$121,000	$0-$363,000

Impact on Revenues: In Fiscal 2001, it is estimated that this legislation would increase revenues up to a maximum of $363,000. This estimate assumes the possible collection of unpaid fees from previous years totaling $242,000, and additional revenues of $121,000 in Fiscal 2001 from greater compliance with the fee schedule as a result of this legislation. On average the department is unable to collect approximately 11% of weights & measures fees per year.

Impact on Expenditures: There would be no impact on expenditures as a result of this legislation.

Accordingly, Your Committee recommends its adoption.

M-836

Report of the Committee on State and Federal Legislation in favor of concurring in a communication from the Mayor — "AN ACT to amend the New York city charter, in relation to service returnable to the environmental control board for poster law offenses." S.1182A/A.5372A.

The Committee on State and Federal Legislation to which it was referred on April 25, 2000 (Minutes, page 903) the annexed communication respectfully

REPORTS:

This legislation would authorize service of a notice of violation by certified mail, return receipt requested, for a violation of any provision of Section 10-119 or Section 10-120 of the City's Administrative Code (Poster Law violations). The legislation would further provide that the delivery of such notice should be restricted to the respondent.

According to the Mayor's Memorandum in Support, the number of Poster Law violations in New York City continues to be substantial. In 1998, The Department of Sanitation alone issued 10,206 Poster Law violations. Currently, the personal service requirements make the ability to serve notices of violation for these offenses extremely difficult. Current requirements involve at least two attempts to hand deliver the notice of violation to the respondent, in person, at a time reasonably calculated to find him or her at home, or at his or her place of business. Additionally, Poster Law violators are difficult to find and must be tracked down through telephone numbers or other identifying information after what are often extensive investigations.

According to the Memorandum, authorization to serve notices of violation for Poster Law offenses in the City of New York returnable to the Environmental Control Board by certified mail, return receipt requested, that must be signed by the alleged violator would greatly enhance the City's ability to enforce against this serious quality-of-life offense without jeopardizing the due process notice rights of alleged violators.

In 1999, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it died in the Senate and Assembly Rules Committee.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01
Revenues (+)	$100,000	$100,000	$100,000
Expenditures (–)	$0	$0	$0
Net	$100,000	$100,000	$100,000

Impact on Revenues: This legislation would result in an increase in revenue as a result of more summons being issued.

Impact on Expenditures: There would be no impact on expenditures as a result of this legislation.

Accordingly, Your Committee recommends its adoption.

State Leg. Res. No. 224

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Leibell, S.6543, and Assembly Member Vitaliano, et al., A.9531, "AN ACT to amend the retirement and social security law, in relation to benefit calculations for members of the New York city employees' retirement system and the New York city board of education retirement system who are subject to the provisions of article 11 of such law".

The Committee on State and Federal Legislation to which it was referred on March 29, 2000 (Minutes, page 709) the annexed State Legislation resolution respectfully

REPORTS:

This legislation would eliminate limitations in retirement benefits for Tier II members of the New York City Employees Retirement System and the Board of Education Retirement System. Tier II contains benefit limitations that limit Tier II retirement benefits to (i) 60% of the first $15,300 of final average salary, (ii) 50% of final average salary in excess of $15,300 and (iii) 40% of final average salary in excess of $27,300. These benefit limitations originally applied to all retirement systems, but have been removed for almost all Tier II members. For example, members of the Police and Fire Departments, members of the Teachers' Retirement System and members of the New York State and Local Employees' Retirement System have all been exempted from said benefit limitations.

According to Assemblyman Vitaliano's Memorandum in Support, while this 60/50/40 benefit limitation is not applicable to most Tier II members, for those it does affect, it reduces the benefits of employees who retire with many years of credited service at a low final average salary. By comparison, an individual who also retires with a long service history but with a higher final average salary would not be affected by the benefit limitation. According to the Memorandum, it is inequitable to have a benefit limitation that only applies to the pension allowance of low salaried employees with many years of service.

Last year, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly and the Senate but was vetoed by the Governor.

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01
Revenues (+)	$0	$0	$0
Expenditures (–)	See below	See below	See below
Net	See below	See below	See below

Impact on Revenues: There are no revenue implications associated with this legislation.

Impact on Expenditures: By removing this limitation in retirement benefits certain Tier II members will now receive a greater retirement benefit. The retirees most likely to benefit from this legislation would be those Tier II members of NYCERS and BERS who have longer service and/or, to some extent, a larger final average salary. It may also help certain disability retirees who may have been entitled to 75% of final average salary but have been receiving less as a result of this section 444 limitation. If this proposed legislation is enacted in Fiscal 2000 the cost would be approximately $11 million in fiscal year 2001. However, on April 20th the Board of Trustees of NYCERS approved new methods and assumptions including a restart in the pension asset valuation which in effect creates an "asset cushion" (assets greater than liabilities). If these new methods and assumptions are adopted by the State legislature as expected there will be no additional contribution required of NYCERS as a result of this legislation becoming law. There will be a cost for BERS if the Board of Trustees does not adopt the new methods and assumptions including the restart for pension asset valuation as proposed by the city actuary. Assuming BERS does not adopt the recommendation of the actuary there would be an increase in contribution to BERS by New York City of approximately $500,000.

Accordingly, Your Committee recommends its adoption.

JOSE RIVERA, Chairperson; MARY PINKETT, VICTOR L. ROBLES, STEPHEN DIBRIENZA, KENNETH K. FISHER, JOHN D. SABINI, HOWARD L. LASHER, A. GIFFORD MILLER, MADELINE PROVENZANO, AL STABILE, JAMES ODDO—May 10, 2000

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

State Leg. Res. No. 239

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Committee on Rules, S.5938-A, and Committee on Rules, A.8951-A, "AN ACT to amend the administrative code of the city of New York, in relation to credit in the police pension fund, subchapter two for prior service in another public retirement system".

The Committee on State and Federal Legislation to which it was referred on April 12, 2000 (Minutes, page 858) the annexed State Legislation resolution respectfully

REPORTS:

This legislation would permit a member of the New York City Police Pension Fund who would have been allowed to transfer retirement credit from any other public retirement system prior to June 30, 1992, but failed to do so, to receive such credit for such prior service. The legislation would require the application for such transfer to be made

within one year of the effective date of this law. It would also require the public retirement system from which prior service credit is being transferred to transfer all pension reserves that would have been transferred had the member made a timely request.

According to Assemblyman Vitaliano's Memorandum in Support, certain members of the New York City Police Department have prior city or state service and thereby were members of the appropriate retirement system prior to becoming a police officer. As a result, said members thought that their prior city or state service credit with their prior employer was transferable to the police pension fund when he or she became a New York City police officer. According to the Memorandum, this transfer of prior city or state service credit did not usually occur. This legislation would simply provide certain New York City police officers with the retirement credit they deserve.

Impact on Revenues: There are no revenue implications associated with this legislation.

Impact on Expenditures: This proposed legislation if enacted in Fiscal Year 2000 would cost the City approximately $1.7 million in fiscal year 2001.

Accordingly, Your Committee recommends its adoption.

JOSE RIVERA, Chairperson; MARY PINKETT, VICTOR L. ROBLES, STEPHEN DIBRIENZA, KENNETH K. FISHER, JOHN D. SABINI, HOWARD L. LASHER, A. GIFFORD MILLER, MADELINE PROVENZANO, AL STABILE, JAMES ODDO—May 5, 2000

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Leg. Res. No. 243

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Marchi, S.3138-A, and Assembly Member Vitaliano, et al., A.5865-A. "AN ACT to amend the retirement and social security law, in relation to employee contributions to the twenty year retirement program for New York city sanitation members and to allow sanitation workers who are members of the New York city employees' retirement system to elect the benefits provided by chapter 547 of the laws of 1992."

The Committee on State and Federal Legislation to which it was referred on May 10, 2000, the annexed State Legislation resolution respectfully

REPORTS:

This legislation would allow New York City sanitation employees who failed to elect participation in the twenty year retirement benefit program during the original "window period" to enroll in the program if on or before the one hundred eightieth day following the effective date of this legislation, such employees file with the New York City Employees' Retirement System, a written request to that effect. The legislation would require those sanitation employees who opt into the program to pay additional contributions retroactive to July 1, 1992. The rights of eligible members to opt for coverage by the provisions of either Section 445-b or 604-a of the New York State Retirement and Social Security Law ended with the close of the previous election period. This legislation would create a new election period ending one hundred and eighty days following the effective date of this legislation.

This legislation provides that a sanitation employee, who is participating in the twenty year retirement program, would not contribute additional member contributions after he or she has twenty years of allowable service in the uniformed sanitation force.

According to Assemblyman Vitaliano's Memorandum in Support, sound public policy entails maintaining a young and vigorous refuse collection and disposal workforce. The enactment of this legislation would be consistent with this goal.

In 1999, this Committee passed a home rule message concerning similar legislation. However, unlike last year's legislation, this version would change the current law which requires participating members in the twenty year retirement program to continue making additional member contributions until they have thirty years of allowable service. Under the current proposal, these additional contributions would cease after the member attained twenty years of allowable service. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY02
Revenues (+)	None	None	None
Expenditures (–)	see below	see below	see below
Net	see below	see below	see below

Impact on Revenues: There would be no impact on revenues as a result of this legislation.

Impact on Expenditures: If this legislation were enacted in Fiscal 2000 the impact on expenditures would be approximately $2,000,000 starting in Fiscal year 2001. However, on April 20th the Board of Trustees of NYCERS approved new methods and assumptions including a restart in the pension asset valuation which in effect creates an "asset cushion" (assets greater than liabilities). If these new methods and assumptions are adopted by the State legislature as expected there will be no additional contribution required of NYCERS as a result of this legislation becoming law.

Accordingly, Your Committee recommends its adoption.

JOSE RIVERA, Chairperson; MARY PINKETT, VICTOR L. ROBLES, STEPHEN DIBRIENZA, KENNETH K. FISHER, JOHN D. SABINI, HOWARD L. LASHER, A. GIFFORD MILLER, MADELINE PROVENZANO, AL STABILE, JAMES ODDO—May 10, 2000

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Leg. Res. No. 250

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Padavan, S.3139-B, and Assembly Member Vitaliano, A.5863-B, "AN ACT to amend the civil service law, in relation to suspension of employees of the department of sanitation in cities having a population of one million or more."

The Committee on State and Federal Legislation to which it was referred on May 10, 2000, the annexed State Legislation resolution respectfully

REPORTS:

In general, this legislation would allow New York City sanitation employees to purchase service credit for the time they were laid off from city employment between the years 1990 and 1993. Specifically, the bill would provide that employees of the New York City Sanitation Department who were suspended on or after July 1, 1990, for economic reasons, and who returned to such employment within a period of thirty-three months, shall be deemed to have been in continuous service for seniority and pension service credit purposes. Additionally, the legislation would require that employee contributions that would have been paid during the period of suspension be paid within one year after the enactment of this legislation. This legislation would also require the employee to pay an additional 2% of earnings until the date of retirement or the completion of thirty years of service, whichever is earlier.

According to Senator Padavan's Memorandum in Support, after past municipal fiscal crises that included lay-offs and eventual rehires, New York City employees have been permitted to buy back lost service time. For example, legislation was passed in 1982 and 1983 to cover city employees that were laid off in 1975 and subsequently rehired. The Memorandum states that it is only fair that the present generation of city employees be treated equally. Such employees should be permitted to purchase, at their own expense, the service credit towards their pension for the time they were otherwise not employed by the city.

Last year, this Committee passed a home rule message concerning this legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly and died in the Senate Corporation Authorities and Commissions Committee.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01
Revenues (+)	None	None	None
Expenditures (–)	$0	$0	$0
Net	$0	$0	$0

Impact on Revenues: There would be no impact on revenues as a result of this legislation.

Impact on Expenditures: The impact on expenditures is negligible as a result of an increased cost that this bill requires to be borne by the employee. Each employee who chooses to buy his time (for retirement purposes only) is required to pay an additional two percent of salary until the earlier of the retirement or completion of thirty years of service.

Accordingly, Your Committee recommends its adoption.

JOSE RIVERA, Chairperson; MARY PINKETT, VICTOR L. ROBLES, STEPHEN DIBRIENZA, KENNETH K. FISHER, JOHN D. SABINI, HOWARD L. LASHER, A. GIFFORD MILLER, MADELINE PROVENZANO, AL STABILE, JAMES ODDO—May 10, 2000

State Leg. Res. No. 251

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Maltese, S.6139-A, and Assembly Member Seminerio, A.9202-A, "AN ACT to amend the administrative code of the city of New York, in relation to continuance of retirement allowance upon election to public office."

The Committee on State and Federal Legislation to which it was referred on May 10, 2000, the annexed State Legislation resolution respectfully

REPORTS:

This bill removes the restriction on elected public officers from receiving a pension from the New York City Employees Retirement System (NYCERS) while serving in their public official capacity.

This legislation is deemed to be in effect as of January 1, 1994.

Fiscal Impact Statement:

	Effective FY01	FY Succeeding Effective FY02	Full Fiscal Impact FY01

Impact on Revenues: There would be no impact on revenues as a result of this legislation.

Impact on Expenditures: It is estimated that this bill would cost approximately $350,000 a year. However on April 20th the Board of Trustees of NYCERS approved new methods and assumptions including a restart in the pension asset valuation which in effect creates an "asset cushion" (assets greater than liabilities). If these new methods and assumptions are adopted by the State legislature as expected there will be no additional contribution required of NYCERS as a result of this legislation becoming law.

Report of the Committee on Transportation

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Transportation and had been favorably reported for adoption.

Res. No. 1339

Report of the Committee on Transportation in favor of approving a resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review nine determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

The Committee on Transportation to which it was referred on May 10, 2000, the annexed State Legislation resolution respectfully

REPORTS:

Pursuant to Local Law 51 of 1996 the Council has the authority to review determinations by the Taxi and Limousine Commission (TLC) to approve applications for base station licenses, including renewals of such licenses. The Council may, within ninety days after the first Stated Meeting following receipt of such a determination, "call up" a determination for review by passing a resolution and either approve or disapprove that determination by passing a local law. This resolution, a copy of which is annexed hereto, permits the Council to review eight determinations of the Taxi and Limousine Commission to approve license renewals for base stations. These determinations were received by the Council as Communications by the Mayor numbers M-799 through M-807 at the Stated Meeting of March 20, 2000.

Accordingly, Your Committee recommends its adoption.

L.U. No. 703

ULURP Application No. C 990288 PPK with modifications, disposition of city-owned properties, Community Board 4, Brooklyn.

City Planning Commission decision approving with restrictions an application submitted by the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for the disposition of twenty-three (23) city-owned properties located at 274 Jefferson Street (Block 3175/Lot 14); Starr Street (Block 3188/Lot 70); 1321 Myrtle Avenue (Block 3245/Lot 8); 165 Stockholm Street (Block 3246/Lot 51); 603 Knickerbocker Avenue (Block 3362/Lot 129); 137 Eldert Street (Block 3410/Lot 56); 191, 189 and 185 Eldert Street (Block 3411/Lots 52, 54 and 56); Schaeffer Street (Block 3423/ Lot 59); 18, 24, 36 and 38 Schaeffer Street (Block 3426/Lots 15, 18, 24 and 25); 980 and 982 Decatur Street (Block 3432/Lots 15 and 16); 43 Cooper Street (Block 3432/Lot 39); 183 and 181 Cooper Street (Block 3435/Lots 40 and 42); 24 and 26 Moffat Street (Block 3444/Lots 17 and 18) and 44 and 46 Granite Street (Block 3461/Lots 25 and 26), pursuant to zoning.

The intent is to return the properties to private ownership.

The Committee recommends the approval of the decision of the City Planning Commission as modified.

The Committee's proposed modifications were filed with the City Planning Commission on April 19, 2000. The City Planning Commission filed a letter dated May 1, 2000, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1349

Resolution approving with modifications the decision of the City Planning Commission on ULURP No. C 990288 PPK, for the disposition of twenty-three (23) city-owned properties located at 274 Jefferson Street (Block 3175/Lot 14); Starr Street (Block 3188/Lot 70); 1321 Myrtle Avenue (Block 3245/Lot 8); 165 Stockholm Street (Block 3246/Lot 51); 603 Knickerbocker Avenue (Block 3362/ Lot 129); 137 Eldert Street (Block 3410/Lot 56); 191, 189 and 185 Eldert Street (Block 3411/Lots 52, 54 and 56); Schaeffer Street (Block 3423/ Lot 59); 18, 24, 36 and 38 Schaeffer Street (Block 3426/Lots 15, 18, 24 and 25); 980 and 982 Decatur Street (Block 3432/Lots 15 and 16); 43 Cooper Street (Block 3432/ Lot 39); 183 and 181 Cooper Street (Block 3435/Lots 40 and 42); 24 and 26 Moffat Street (Block 3444/Lots 17 and 18) and 44 and 46 Granite Street (Block 3461/Lots 25 and 26), Brooklyn (L.U. No. 703).

By Council Members Eisland and Linares:

Whereas, the City Planning Commission filed with the Council on March 7, 2000 its decision dated March 1, 2000 (the "Decision") on the application submitted pursuant to Section 197c of the New York City Charter by the Department of Citywide Administrative Services, for the disposition of twenty-three (23) city-owned properties pursuant to zoning, located at 274 Jefferson Street (Block 3175/Lot 14); Starr Street (Block 3188/Lot 70); 1321 Myrtle Avenue (Block 3245/Lot 8); 165 Stockholm Street (Block 3246/Lot 51); 603 Knickerbocker Avenue (Block 3362/Lot 129); 137 Eldert Street (Block 3410/Lot 56); 191, 189 and 185 Eldert Street (Block 3411/Lots 52, 54 and 56); Schaeffer Street (Block 3423/ Lot 59); 18, 24, 36 and 38 Schaeffer Street (Block 3426/Lots 15, 18, 24 and 25); 980 and 982 Decatur Street (Block 3432/Lots 15 and 16); 43 Cooper Street (Block 3432/Lot 39); 183 and 181 Cooper Street (Block 3435/Lots 40 and 42); 24 and 26 Moffat Street (Block 3444/Lots 17 and 18) and 44 and 46 Granite Street (Block 3461/Lots 25 and 26), Borough of Brooklyn (ULURP No. C 990288 PPK) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on April 17, 2000; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

Pursuant to Section 197d of the City Charter and on the basis of the Application and the Decision, the Council approves the Decision with the following modifications:

That the properties located at 137 Eldert Street (Block 3410/Lot 56); 191, 189 and 185 Eldert Street (Block 3411/Lots 52, 54 and 56); Schaeffer Street (Block 3423/ Lot 59); 18, 24, 36 and 38 Schaeffer Street (Block 3426/Lots 15, 18, 24 and 25); 24 and 26 Moffat Street (Block 3444/Lots 17 and 18) and 44 and 46 Granite Street (Block 3461/Lots 25 and 26), shall be withheld from auction for one year from the date this resolution is effective.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

Introduction and Reading of Bills

Res. No. 1332

Resolution supporting the recent formation of a coalition of state and local governments that will award firearm contracts to responsible gun manufacturers only.

By The Speaker (Council Member Vallone), Council Members Carrion, Clarke, Dear, Fisher, Freed, Lasher, Leffler, McCaffrey, Michels, Nelson, O'Donovan, Pinkett, Povman, Reed, Robles, Robinson, Sabini and Stabile

Whereas, Firearms are used to kill over 30,000 individuals in the United States every year, including over 1,200 individuals in New York State alone; and

Whereas, Handguns comprise the vast majority of firearms used in crime, including over 50% of all murders in the country; and

Whereas, Over 30,000 illegal firearms were seized in New York from 1994 to 1998, and handguns constitute over 75% of the firearms confiscated by law enforcement; and

Whereas, As a solution to these vexing problems, a national coalition of state and local governments has been formed by Department of Housing and Urban Development Secretary Andrew Cuomo and United States Senator Charles Schumer and led in New York State by Attorney General Eliot Spitzer, with an agreement to purchase guns only from responsible manufacturers; and

Whereas, Numerous cities throughout the United States have already pledged their support to the coalition, including the cities of Atlanta, New Orleans, Boston, Detroit, and Newark; and within New York State, the cities of Buffalo, Albany, Utica, Plattsburgh, Oneonta, Schenectady, Troy and the New York State Conference of Mayors; and

Whereas, Members of the coalition refuse to purchase guns from manufacturers unless they agree to a Code of Conduct, aimed at decreasing crime, accidental shootings, and deaths; and

Whereas, The National Code of Conduct and the New York State Code of Conduct require, among other things, that manufacturers design handguns to minimize their attractiveness to criminals and their use in crime, design firearms to be as safe as reasonably possible for law-abiding owners and innocent third parties, and adopt measures to reasonably prevent the diversion of their products from the legal stream of commerce or later sale or transfer to those not legally entitled to purchase or possess guns; and

Whereas, Such Codes of Conduct embody reasonable and fair proposals to help stem the tide of gun violence in the United States; and

Whereas, Such economic pressure, in addition to legislation and litigation, is an important component of making the gun industry responsive to the needs of cities like New York; and

Whereas, New York City, one of the largest cities in the country, should support this coalition because of the economic pressure that New York City can exert; *now, therefore, be it*

Resolved, That the Council of the City of New York supports the recent formation of a coalition of state and local governments that will award firearm contracts to responsible gun manufacturers only.

Res. No. 1333

Resolution commemorating Yom H'atzmaut, Israeli Independence Day on May 10, 2000.

By The Speaker (Council Member Vallone), Council Members Eisland, Fisher, Berman, Clarke, Dear, DiBrienza, Freed, the Public Advocate (Mr. Green), Henry, Lasher, Leffler, McCaffrey, Michels, Nelson, O'Donovan, Pinkett, Povman, Provenzano, Quinn, Rivera, Robles, Abel, Golden and Stabile

Whereas, When Israel was officially recognized as a state on May 14, 1948 on the 5th day of the Hebrew month of Ivar, for the first time in over 2,000 years of wandering, the Jewish people finally had a homeland; and

Whereas, Prior to the founding of the State of Israel, Jews had been displaced, persecuted and subjected to institutional bigotry in country after country, century after century; and

Whereas, Anti-Semitism reached its most horrific height with the onset of the Holocaust, perhaps the worst act of genocidal persecution in the history of man, and a dark period that we just recently commemorated on May 2nd of this year, Yom H'ashoah, or Holocaust Remembrance Day; and

Whereas, When the United Nations proclaimed Israel the Jewish homeland and a nation of the modern world, a hopeful new era was born while the ashes of a war-torn Europe, where six million Jews were executed at the hands of the Nazis, would forever serve as a foundation of the mission of Israel—to provide a safe haven for all Jews; and

Whereas, Today, Israel is indeed a refuge for its citizens and for Jews all over the world, many of who fled anti-Semitic persecution in countries like the former Soviet Union and Ethiopia; and

Whereas, Now over a half-century old, the State of Israel has made vast contributions and advancements to fields such as medicine, technology, agriculture and the arts; and

Whereas, A perfect contrast of new and old, Israel offers a singular wealth of history and culture, which has not escaped the millions of religious pilgrims and tourists that visit every year; and

Whereas, Since its inception, Israel has faced great adversity from neighboring nations, but it has persevered and has managed to create a society built on the very freedoms and principles that the Jewish people have been carrying with them for thousands of years; and

Whereas, Yom H'atzmaut, a national holiday in Israel, which is preceded by Yom HaZikaron, a day of remembrance for fallen Israeli soldiers, is a time for all New Yorkers and all Americans to join the Israeli people and Jews everywhere in celebrating the birth of the great State of Israel; *now, therefore, be it*

Resolved, That the Council of the City of New York commemorates Yom H'atzmaut, Israeli Independence Day on May 10, 2000.

Adopted.

Res. No. 1334

Resolution commemorating the reunification of the City of Jerusalem on Yom Yerushalayim, Jerusalem Day, June 2, 2000.

By The Speaker (Council Member Vallone), Council Members Fisher, Berman, Eisland, Clarke, Dear, DiBrienza, Freed, the Public Advocate (Mr. Green), Henry, Lasher, Leffler, McCaffrey, Michels, Nelson, Povman, Provenzano, Quinn, Rivera, Robles, Abel, Golden and Stabile

Whereas, Fifty years ago, the creation of the State of Israel ushered in an era of new hope for the Jewish people, who had just suffered the atrocities of a devastating genocidal pogrom, but for nineteen years, between 1948 and 1967, Jerusalem was a city divided by concrete walls and barbed wire; and

Whereas, During the Davidic dynasty which spanned from 1000 B.C.E. to 586 B.C.E., and the Second Temple Period, Jerusalem was the capital of the great Jewish state, but in 70 C.E., the country was conquered by the Romans and Jerusalem was burnt to the ground; and

Whereas, During times of tragedy and times of joy and throughout the entire Diaspora, the Jewish people have always regarded Jerusalem to be the holiest of cities and with the re-establishment of the State of Israel in 1948, the historical, spiritual and symbolic Jewish capital was restored to glory as the capital of a sovereign Jewish state; and

Whereas, Jerusalem itself, which holds some of the great treasures of Christianity and Islam as well as Judaism, remained divided for almost two decades, until in 1967, the holy city became unified under the banner of the State of Israel; for Jews, the city itself is holy and plays a pivotal role in Judaic history, thought and law; and

Whereas, Jerusalem is one of the world's most exciting cities, both ancient and modern, it stands as a testament to the struggle of the Jewish people and is the site to which worshippers of the three Judeo-Christian religions flock throughout the year, and

Whereas, Jerusalem Day is a commemoration of the reunification of the great City of Jerusalem and a day when we are all reminded of its past and present glory; and

Whereas, As we look to the future, Jerusalem should remain unified, undivided and under the full protection and jurisdiction of the State of Israel; *now, therefore, be it*

Resolved, That the Council of the City of New York commemorates the reunification of Jerusalem on Yom Yerushalayim, Jerusalem Day, June 2, 2000.

Adopted.

State Leg. Res. No. 242

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Senator Maltese, S.2617-A, "AN ACT to amend the retirement and social security law, in relation to deputy sheriffs of the city of New York who are injured in the performance of their duties".

By Council Members Abel, Fiala, Golden and Stabile; also Council Members Lasher and Pinkett

Whereas, a bill has been introduced in the New York State Legislature by Senator Maltese, S.2617-A, "AN ACT to amend the retirement and social security law, in relation to deputy sheriffs of the city of New York who are injured in the performance of their duties"; and

Whereas, The enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; *now, therefore, be it*

Resolved, That the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

Res. No. 1335

Resolution to establish that the interest rate to be charged for non-payment of taxes on real property where the annual tax on the parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be 18% per annum for Fiscal Year 2001 in the case of any such parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent; and 9% per annum in the case of all other such parcels.

By Council Members Berman and Nelson; also Council Members Carrion and Lasher

Whereas, Local Law No. 47 of 1990 requires the Banking Commission to transmit a written recommendation to the City Council of proposed interest rates to be charged for non-payment of taxes on real property in those cases in which the annual tax on a parcel, other than a parcel which consists of vacant or unimproved land, is not more than two thousand seven hundred fifty dollars; and

Whereas, In the case of any such parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a "mortgage escrow agent," as that term is defined in section fifteen hundred nineteen of the City Charter, the proposed interest rate shall be at least six percent per annum greater than the prevailing interest rate charged for commercial loans extended to prime borrowers by commercial banks operating in the City (the "Prime Rate"); and

Whereas, In the case of all other such parcels, the proposed interest rate shall be at least equal to such Prime Rate; and

Whereas, The Banking Commission notes that the Prime Rate is currently 9%; and

Whereas, The Banking Commission recommends to the City Council that the interest rate to be charged for non-payment of taxes on real estate where the annual tax on the parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be 18% per annum for Fiscal Year 2001 in the case of any such parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent; and

Whereas, The Banking Commission recommends to the City Council that the interest rate to be charged for non-payment of taxes on real estate where the annual tax on the

parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be nine percent per annum for Fiscal Year 2001 in the case of all other parcels; *now, therefore, be it*

Resolved, That the City Council determines that the interest rate to be charged for non-payment of taxes on real property where the annual tax on the parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be 18% per annum for Fiscal Year 2001 in the case of any such parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent; *and, be it further*

Resolved, That the Council determines that the interest rate to be charged for non-payment of taxes on real property where the annual tax on the parcel, other than a parcel that consists of vacant or unimproved land, is not more than $2,750, be 9% per annum for Fiscal Year 2001 in the case of all other parcels; *and, be it further*

Resolved, That this resolution shall take effect immediately and shall be deemed to have been in effect as of July 1, 2000.

Referred to the Committee on Finance.

Res. No. 1336

Resolution to establish that the discount rate for the prepayment of real estate taxes be continued at 2% per annum for Fiscal Year 2001.

By Council Members Berman and Nelson; also Council Members Carrion and Lasher

Whereas, Section fifteen hundred nineteen of Chapter fifty-eight of the New York City Charter requires the Banking Commission to recommend to the City Council, not later than the fifteenth day of May in each year, a proposed discount rate for the prepayment of real estate taxes to be effective for the ensuing fiscal year; and

Whereas, On April 25, 2000, the Banking Commission transmitted to the City Council its recommendation that the discount rate for the prepayment of real estate taxes for Fiscal Year 2001 be continued at two percent per annum; and

Whereas, This rate shall be applicable to the prepayment of second, third and fourth quarter installments only, and any such payment received prior to July 1, 2000 shall be discounted from July 1, 2000; *now, therefore, be it*

Resolved, That the Council determines that the discount rate for the prepayment of real estate taxes be continued at 2% per annum for Fiscal Year 2001.

Referred to the Committee on Finance.

Res. No. 1337

Resolution to establish that the interest rate to be charged for Fiscal Year 2001 for non-payment of water rents and sewer rents be 18% per annum for any parcel where the annual real estate tax is more than $2,750 or where the real estate taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent or where the parcel consists of vacant or unimproved land; and 9% per annum in all other cases.

By Council Members Berman, Dear and Nelson; also Council Members Carrion and Lasher

Whereas, Local Law 47 of 1976 requires the Banking Commission to recommend to the City Council, not later than the 25th of May of each year, the proposed interest rate to be charged for non-payment of water rents and sewer rents; and

Whereas, The law requires the Banking Commission to propose a rate at least six percent (6%) per annum greater than the prevailing interest rates charged for commercial loans extended to prime borrowers by commercial banks operating in the City (the "Prime Rate"), to be charged for non payment of water rents and sewer rents on a parcel in which the annual real estate tax is greater than $2,750, or where the parcel consists of vacant or unimproved land, or where the real estate taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent; and

Whereas, The law requires the Banking Commission to propose a rate at least equal to the Prime Rate, to be charged for non-payment of water rents and sewer rents on all other parcels; and

Whereas, The Banking Commission notes that the Prime Rate is currently 9%; and

Whereas, The Banking Commission recommends to the City Council that the interest rate to be charged for non-payment of water rents and sewer rents be 18% per annum for Fiscal Year 2001 where the annual real estate tax for a parcel is more than $2,750, or for any parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent, or where the parcel consists of vacant or unimproved land; and

Whereas, The Banking Commission further recommends that the interest rate to be charged for non-payment of water rents and sewer rents be 9% per annum in the case of all other parcels where the annual real estate tax is not more than $2,750; *now, therefore, be it*

Resolved, That the Council determines that the interest rate to be charged for non-payment of water rents and sewer rents be 18% per annum for Fiscal Year 2001 for any parcel where the annual real estate tax is more than $2,750 or where the real estate taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent or where the parcel consists of vacant or unimproved land; *and, be it further*

Resolved, That the Council determines that the interest rate to be charged for non-payment of water rents and sewer rents be 9% per annum for Fiscal Year 2001 in the case of all other parcels where the annual real estate tax is not more than $2,750; *and, be it further*

Resolved, That this resolution shall take effect immediately and shall be deemed to have been in effect as of July 1, 2000.

Referred to the Committee on Finance.

Res. No. 1338

Resolution to establish that the interest rate be 18% per annum for Fiscal Year 2001 for non-payment of taxes on real property where the annual tax on the parcel is more than $2,750 or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land; and for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health.

By Council Members Berman, Dear and Nelson; also Council Members Carrion and Lasher

Whereas, Local Law 46 of 1976 requires the Banking Commission to recommend to the City Council, not later than the 25th of May of each year, the proposed interest rate to be charged for non-payment of taxes on real estate where the annual tax on the parcel is more than $2,750 or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land; and

Whereas, Local Law 44 of 1978 requires the Banking Commission to recommend to the City Council, not later than the 25th of May of each year, the proposed interest rate to be charged for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health; and

Whereas, Such laws require the Banking Commission to propose a rate at least 6 percent per annum greater than the prevailing interest rates charged for commercial loans extended to prime borrowers by commercial banks operating in the City (the "Prime Rate"); and

Whereas, The Banking Commission notes that the Prime Rate is currently 9%; and

Whereas, It is in the best interest of the City to encourage the prompt payment of taxes by all large taxpayers; and

Whereas, The Banking Commission recommended, by letter to the City Council, that the interest rate to be charged for non-payment of taxes on real estate where the annual tax on the parcel is more than $2,750 or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land, and for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health, be eighteen percent (18%) per annum for Fiscal Year 2001; *now, therefore, be it*

Resolved, That the Council determines that the interest rate to be charged be 18% per annum for Fiscal Year 2001 for non-payment of taxes on real property where the annual tax on the parcel is more than $2,750 or where, irrespective of the annual tax, the parcel consists of vacant or unimproved land; *and, be it further*

Resolved, That the Council determines that the interest rate to be charged be 18% per annum for Fiscal Year 2001 for non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health; *and, be it further*

Resolved, That this resolution shall take effect immediately and shall be deemed to have been in effect as of July 1, 2000.

Int. No. 747

By Council Members Dear, Reed and Stabile (by request of the Mayor):

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the licensing of for-hire vehicles.

Be it enacted by the Council as follows:

Section 1. Subdivision g of section 19-502 of the administrative code of the city of New York, as added by local law number 76 for the year 1986, is amended to read as follows:

g. "For-hire vehicle" means a motor vehicle carrying passengers for hire in the city, [designed to carry fewer than nine] *with a seating capacity of twenty* passengers *or less,*

not including the driver, other than a taxicab, coach [or], wheelchair accessible van, *commuter van or an authorized bus operating pursuant to applicable provisions of law. For the purpose of this subdivision, "seating capacity" shall include any plain view location which is capable of accommodating a normal adult, is part of an overall seat configuration and design and is likely to be used as a seating position while the vehicle is in motion.*

§ 2. This local law shall take effect immediately.

Referred to the Committee on Transportation.

Res. No. 1339

Resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review nine determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

By Council Member Dear

Whereas, Subdivision (g) of section 19-511 of the Administrative Code of the City of New York provides that upon receiving an application for the issuance of a license for a new base station or for the renewal of a license for a base station, the Taxi and Limousine Commission (TLC) shall, within five business days, submit a copy of such application to the Council and to the district office of the Council Member and the Community Board for the area in which the base station is or would be located; and,

Whereas, Section 19-511.1 of the Administrative Code provides that any determination by TLC to approve an application for a license to operate a new base station or to renew a license to operate a base station shall be subject to review by the Council; and,

Whereas, Within ninety days of the first Stated Meeting following receipt of such determination and its accompanying materials, the Council may approve or disapprove such determination by local law, after having adopted a resolution to review that determination; and,

Whereas, Should the Council not timely adopt a resolution to review the TLC's determination or, having done so, not timely pass a local law with respect to such determination, the approval by TLC of an application to operate a new base station or for renewal of a license to operate a base station shall remain in effect; and,

Whereas, The Taxi and Limousine Commission made eight determinations to approve applications for renewal of a base station license that were submitted to the Council as Communications by the Mayor numbers M-799 through M-807; and,

Whereas, These determinations were made with respect to the applications by Mill Basin Car Service Inc. also known as Mill Basin Car Service Inc; Brunwish Enterprises, Ltd. also known as Brunwish Enterprises, Ltd doing business as Eastland Car Service; New College Car Services, Inc. also known as New College Car Service Inc.; Latch Car Service, Inc. also known as Latch Car Service also known as Latch Car Svc; G R Y Management Inc. also known as GRY Management also know as G.R.Y. Whereas, The first Stated Meeting subsequent to receipt of these submissions was held on March 20, 2000; *now, therefore, be it*

Resolved, That the Council hereby invokes its authority pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review nine determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

Adopted.

Int. No. 748

By Council Members Espada, Linares, Marshall, Quinn and Reed; also Council Members Carrion, Lasher, O'Donovan, Perkins, Robles and Robinson

A LOCAL LAW to amend the administrative code of the city of New York, in relation to establishing a pilot program that will permit vehicles affiliated with base stations to accept passengers at designated locations.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 19 of the administrative code of the city of New York is amended by adding thereto a new section § 19-167 to read as follows: *§ 19-167 Creation of zones with designated lively stand locations. a. The department, in consultation with the taxi and limousine commission, shall establish three zones in each borough within which the department shall identify and designate locations, to be known as lively stands, where affiliated vehicles may accept passengers without prearrangement. These locations may include existing taxi stands and areas near subways stops, hospitals and other centers of activity that are used for extended hours during the week and such other areas as the department deems appropriate. However, the department may restrict the hours during which passengers may be accepted at these locations. The department shall create each zone and identify the locations within each zone to serve as livery stands no later then six months after the effective date of this section. This program shall end three years from the establishment of the livery stands mandated by this section.*

b. In each zone, affiliated vehicles and medallion cabs shall use taxi stands on a first come, first served basis, and in other locations as is prescribed by rule.

c. The commission shall submit reports to the council on operation of this program at six-month intervals and shall include such material as the commissioner of transportation deems advisable.

§ 2. Paragraph 4 of subdivision a of section 19-507 of the administrative code of the city of New York is amended to read as follows:

4. No driver of a for-hire vehicle shall accept passengers unless the passengers have engaged the use of the for-hire vehicle on the basis of telephone contract or prearrangement, *except that the driver of an affiliated vehicle may accept passengers at locations designated as livery stands in accordance with section 19-167 of this title.*

§ 3. Subdivision a of section 19-516 of the administrative code of the city of New York is amended to read as follows:

a. For-hire vehicles may accept passengers only on the basis of telephone contract or prearrangement, *except that affiliated vehicles may also accept passengers at locations designated as livery stands in accordance with section 19-167 of this title. Upon acceptance of a passenger or passengers at a livery stand the driver of such affiliated vehicle shall notify the base station with which the driver is affiliated of the number of passengers, the location of the livery stand and the intended destination or destinations, before departing from the livery stand. Each base station shall maintain the record of each such trip and the driver shall enter this information on a trip sheet.*

§ 4. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Transportation.

Res. No. 1340

Resolution calling for changes to be implemented concerning the grading process and exam prerequisites for Firefighter Exam Number 7029 in an effort to increase racial diversity in the New York City Fire Department.

By Council Members Espada, Henry, Linares and Quinn; also Council Members Lasher, Reed, Rivera, Robinson and Rodriguez

Whereas, The New York City Fire Department is the least racially diverse fire department in any major city in the United States and the least diverse agency in the City; and

Whereas, Despite a minority recruitment drive in 1994, the Fire Department is still comprised of almost 94% white firefighters and made up of only approximately 3% black, 2.8% Latino and 0.2% Asian firefighters; and

Whereas, Notwithstanding the Fire Department's efforts to increase minority recruitment, the number of black firefighters has actually decreased from approximately 6% of the force roughly a decade ago; and

Whereas, The current racial composition of the Fire Department fails to come close to reflecting the diversity of New York City, which has a population that is approximately 25% black, 28% Latino and 9% Asian; and

Whereas, Under the rules set up for Firefighter Exam Number 7029, which was administered in February 1999, applicants were given until August 1999 to establish residency to receive a five point City Residency Credit; and

Whereas, Applying the City Residency Credit as of February 1999 would result in a more accurate identification of true City residents, and thus, benefit minority applicants, who reside predominantly in the City; and

Whereas, Currently, a firefighter applicant must complete Certified First Responder Defibrillator ("CFR-D") training prior to appointment as a firefighter and must satisfy this requirement at his or her own expense, even though such training does not guarantee that they will be hired by the Fire Department; and

Whereas, Requiring CFR-D training represents a financial hardship, which deters many individuals from taking the firefighter exam; and

Whereas, Allowing candidates to complete this training during the Fire Academy would remove this unnecessary impediment and increase diversity; and

Whereas, the Fire Department currently requires that firefighter candidates complete 30 college credits prior to appointment; and

Whereas, Allowing candidates to sign a promissory agreement indicating that they will complete the college credit requirement within the first five years of their firefighter career would effectively increase the number of worthy minority candidates who would be able to pursue a firefighter career; now, therefore, be it

Resolved, That the Council of the City of New York calls for changes to be implemented concerning the grading process and exam prerequisites for Firefighter Exam Number 7029 in an effort to increase racial diversity in the New York City Fire Department.

Res. No. 1341

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct a hearing on Consolidated Edison and Keyspan Energy's plan to build an electric generation facility on the Brooklyn waterfront.

By Council Members Fisher, DiBrienza, Freed, Marshall, Moskowitz, Nelson, O'Donovan, Quinn and Robles

Whereas, Consolidated Edison ("Con Ed"), is a New York State public utility corporation responsible for providing electrical, gas and steam service to 4.5 million customers in the metropolitan New York area; and

Whereas, Keyspan Energy ("Keyspan"), the parent company of Keyspan Energy Delivery (formerly known as Brooklyn Union Gas), is a New York State public utility corporation responsible for providing natural gas to 1.6 million customers in the metropolitan New York area; and

Whereas, According to Con Edison, a joint partnership was created between subsidiaries of each company, Con Ed Development Corporation and the Keyspan Energy Development Corporation, to acquire an option on an approximately four-block section of the Brooklyn waterfront along the East River, known as the Greenpoint Terminal Market; and

Whereas, Elected officials and community leaders in Brooklyn have worked for years to redevelop and fully utilize the waterfront, including submitting a community development plan in June 1998 for the Greenpoint area ("Greenpoint Plan") in accordance with section 197-A New York City Charter; and

Whereas, The Greenpoint Plan proposes that the Greenpoint Terminal Market be rezoned as an R6 Contextual Zone, which would allow medium density residential development, including buildings from three to twelve stories in height; and

Whereas, On April 14, 2000 Council Member Kenneth Fisher and other community leaders held a press conference to express opposition to the construction of any power plant in the Greenpoint Terminal Market; and

Whereas, In response to community concern and pressure public forums were held on April 19th and 26th, 2000 with Keyspan and Con Ed to discuss the issues surrounding use of the site as a potential electric generation facility; and

Whereas, The New York City Council recognizes that Con Ed and Keyspan, as public utilities, have a duty to inform the community regarding potential siting of such facilities pursuant to Article 10 of the New York State Public Service Law; *now, therefore, be it*

Resolved, That the appropriate committee of the Council of the City of New York conduct a hearing on Consolidated Edison and Keyspan Energy's plan to build an electric generation facility on the Brooklyn waterfront.

Res. No. 1342

Resolution saluting the great jazz bassist Milt Hinton and conferring upon him the title of "Outstanding Jazz Bassist of his Time" in honor of his 90th birthday on June 23, 2000.

By Council Members Harrison, Spigner, Henry and Marshall; also Council Members Lasher, Michels, O'Donovan, Perkins, Pinkett, Povman, Robles, Robinson, Warden, Wooten, Abel and Golden

Whereas, Milt "The Judge" Hinton is ranked as one of the top five bass players who has ever lived, having led a stellar career that has included a 15-year touring engagement with Cab Calloway and hundreds of concerts and recordings with artists as diverse as Duke Ellington, Bing Crosby, Barbara Streisand, Billy Holiday and countless others; and

Whereas, Milt Hinton, a longtime resident of Queens, "the home of jazz," was declared a "National Living Legend" by the Smithsonian Institute and has received numerous national and international awards; and

Whereas, While on the road, Milt Hinton always carried his camera and became a highly recognized photographer, so that his photos on the road and in recording sessions became a historical record of who's who in the jazz and music world from the 1930's through the 1970's; and

Whereas, Milt Hinton has authored two outstanding books, "Bass Line: The Stories and Photographs of Milt Hinton," by Milt Hinton and David Berger and "Over Time: The Jazz Photographs of Milt Hinton, David Berger and Holly Maxson;" and

Whereas, In 1996, the Discovery Channel aired a biographical story on Milt Hinton and in September, 1998, the New York Times ran an extensive story about his life and career; and

Whereas, The Council of the City of New York recognizes the extraordinary life and accomplishments of Milt Hinton and looks forward to fulfilling the numerous requests to continue his legacy in the Borough of Queens; *now, therefore, be it*

Resolved, That the Council of the City of New York salutes the great jazz bassist Milt Hinton and confers upon him the title of "Outstanding Jazz Bassist of his Time" in honor of his 90th birthday on June 23, 2000.

Adopted.

Res. No. 1343

Resolution urging the United States Congress to enact comprehensive legislation that will help prevent the flow of illegal guns into the City of New York.

By Council Members Leffler, Boyland, Dear, Malave-Dilan, Espada, Freed, Henry, Marshall, Moskowitz, Nelson, Quinn, Reed, Warden, Wooten and Stabile; also Council Members Carrion, DiBrienza, Fisher, Lasher, McCaffrey, Michels, O'Donovan, Perkins, Pinkett, Rivera, Robinson and Sabini

Whereas, Gun violence is a serious concern in all American cities including New York City; and

Whereas, According to the Preliminary Fiscal 2000 Mayor's Management Report, there were 2,009 reports of shooting victims, 1,757 reports of shooting incidents, 2,808 arrests for gun possession and 10,389 guns confiscated in Fiscal Year 1999; and

Whereas, Most illegal guns in New York City originate in only five states; and

Whereas, Illegal guns wind up in the hands of criminals, who use them to commit crimes against members of our City; and

Whereas, At a recent hearing of the Public Safety Committee, the Police Department testified regarding its efforts in stemming the tide of illegal guns into New York City, but indicated that much more needs to be done on the federal level; and

Whereas, As the Police Department indicated in its testimony, as long as there are legal means for people to purchase unlimited numbers of weapons, accompanied by a strong profit motive to sell weapons to those who cannot lawfully possess them, it will be an uphill battle to limit the number of guns flowing into our City; and

Whereas, In light of this reality, the U.S. Congress must enact comprehensive legislation to help stop the flow of illegal guns into our City; and

Whereas, Such legislation should include (a) repeal of a federal law which prevents the Bureau of Alcohol, Tobacco and Firearms (ATF) from establishing a national computerized registry of all handgun transactions; (b) a ballistic tracing program, which would require every handgun manufacturer to provide a spent bullet and shell casing for every handgun sold so that a computer database could be established to help trace bullets and casings found at the scene of a crime; and (c) a mandate that all guns and bullets carry a serial number; and

Whereas, Such comprehensive legislation is vitally important in helping to prevent the senseless acts of violence witnessed in our City on a daily basis; *now, therefore, be it*

Resolved, That the Council of the City of New York urges the United States Congress to enact comprehensive legislation that will help prevent the flow of illegal guns into the City of New York.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the posting of signs informing the disabled of their right to obtain full service gasoline at self service prices at certain retail gasoline stations.

Be it enacted by the Council as follows:

Section 1. Section 20-672 of subchapter 5 of chapter 4 of title 20 of the administrative code of the city of New York is amended by adding a new subdivision g to read as follows:

g. (1) Any person, firm or corporation owning or operating a premise or facility for the retail sale of motor fuels for use in motor vehicles, which pursuant to general business law section 396-bb is required to provide full service to motor fuels to disabled persons operating motor vehicles with a valid New York state disabled person license plate at the same price charged for self service of motor fuels, shall post signs informing such disabled persons of such requirement.

(2) Any violation of this subdivision or of any rules promulgated hereunder shall result in a civil fine of not more than one hundred dollars.

(3) Paragraphs 1 through 4 of subdivision a of section 20-674 of this subchapter shall not apply to this subsection.

§ 2. This local law shall take effect immediately.

Res. No. 1344

Resolution calling upon the Federal Government to transfer Governors Island to the State and City of New York at a minimal cost for the redevelopment of the Island for public purposes.

By Council Members O'Donovan, Eisland, Freed, Malave-Dilan, Espada, Linares, Marshall, Moskowitz, Reed and Golden; also Council Members Carrion, DiBrienza, Fisher, Lasher, Leffler, Michels, Rivera, Robinson and Sabini

Whereas, Governors Island is located in the Upper New York Bay, off the southern tip of Mnhattan and has had a long and distinguished history as an American military facility, having been acquired by the British in 1674 as a means of fortification of New York Harbor; and

Whereas, Governors Island was given by the City of New York to the Federal government over 200 years ago for military purposes and has been under the jurisdiction of the United States Coast Guard since 1966 for operations in the eastern United States and the Port of New York; and

Whereas, The Island, which has been designated as a New York City Historic District, currently consists of 172 acres of land, including over 100 acres of open space, and contains 225 structures, including Fort Jay and Castle William, which are listed on the National Register of Historic Places; and

Whereas, On October 16, 1995 the United States Coast Guard announced that it would close its base on Governors Island by the summer of 1997, after almost thirty years of occupancy, as part of a Presidential mandate to the Coast Guard to reduce the Federal Budget deficit; and

Whereas, By August 1996 all residents of the Island had been transferred, full Coast Guard operations closed in August 1997 and a caretaker crew of civilian and military Coast Guard personnel began providing security, fire protection and maintenance services on the Island at an estimated maintenance cost of $6 million a year; and

Whereas, The United States General Services Administration (GSA), the agency responsible for the conveyance of excess and surplus federal real property, was directed by the Balanced Budget Act of 1997 ("Act"), § 9109, Item 373(17), to conduct the sale of Governors Island no earlier than the fiscal year 2002, that the State and City of New York have the right of first offer for sale of the property at fair market value and that the revenue for the fair market value of the Island was estimated at $500 million; and

Whereas, In early 1997 United States Senator Daniel Patrick Moynihan indicated that President Clinton had offered to assist the City and State to purchase the Island for $1 if they could provide a plan for a "public use" of the property; and

Whereas, In 1998 the New York City Economic Development Corporation (EDC) retained consultants to prepare a financial analysis of certain redevelopment options and an infrastructure analysis of the existing condition of the Island and costs associated with infrastructure improvements; and

Whereas, In June 1998, EDC issued two reports, "Market Assessment and Financial Analyses for a Proposed Development on Governor's Island", which analyzed four potential development alternatives (residential, office, casino and hotel/spa/conference center) and estimated a range of income to the City from $4.7 (conference center) to $57 million (casino) for each alternative, and "The Governor's Island Condition Assessment", which estimated the cost of improvements to roads, utilities and piers would range from $20 to $45 million depending of the development option chosen; and

Whereas, In July 1998 the EDC issued a Request of Expressions for Interest (RFEI) for the redevelopment of Governor's Island and according to EDC and published reports approximately twenty-five (25) proposals were submitted in response to the RFEI in September 1998; and

Whereas, In January 1999 the Mayor created a panel to help plan the redevelopment of Governors Island and evaluate the proposals submitted in response to the RFEI, consisting of former Deputy Mayor Randy Levine, as Chair, representatives of Senator Patrick Moynihan, members of Congress Jerrold Nadler and Carolyn Maloney, Governor George Pataki, Assembly Speaker Sheldon Silver, Senate Majority Leader Joseph Bruno, Council Member Kathryn Freed and several civic groups, including the Municipal Art Society, The City Club of New York and Regional Plan Association and according to published reports the panel met approximately a dozen times over the year; and

Whereas, Governor Pataki established his own Task Force on Governors Island, consisting of James Gill, Chairperson of the Battery Park City Authority, Charles Gargano, President of the Empire State Development Corporation and State Parks Commissioner Bernadette Castro and according to published reports the Battery Park City Authority contracted with a separate consultant to review possible development options for the Island; and

Whereas, On January 6, 2000 Mayor Guiliani, Governor Pataki, Senator Moynihan and N.Y.S. Assembly Speaker Silver announced a City/State and private partnership concept for the redevelopment and reuse of Governors Island ("Reuse Plan"), which would include limited commercial, retail and food establishments as well as a 2-mile esplanade surrounding the Island; and

Whereas, According to the January 6, 2000 joint press release by Mayor Guiliani, Governor Pataki, Senator Moynihan and Assembly Speaker Silver, the Reuse Plan would require that the landmarked northern portion of the Island will be maintained as an historic cultural center and museum, including Fort Jay and Castle William, and would also encompass a major conference center, an extended stay hotel, moderately priced family lodging and a health/wellness center, while the southern portion of the Island would consist of 50-acre public park, athletic fields and a new museum/aquarium celebrating the Hudson River; and

Whereas, According to the joint press release, the Reuse Plan would create a subsidiary of the Empire State Development Corporation to administer and govern the Island, including overall management responsibilities, operation of public space and recruitment of private developers for specific elements of the plan, and that the Mayor and Governor would make appointments to the entity; and

Whereas, According to the joint press release, the Reuse Plan would require $300 million in private investment from a developer and include approximately $30 million in City/State funds for capital improvements (out of a total of $70 million in needed capital funding) and estimated that it would cost at least $40 million per year to maintain and operate the Island; and

Whereas, On January 27, 2000 Mayor Guiliani submitted a letter to President Clinton requesting that the budgetary and legislative process for the transfer of Governors Island to the City and State at no cost be initiated based on the announced joint City/State reuse proposal; and

Whereas, On February 7th President Clinton announced his proposed federal budget for Fiscal Year 2001 beginning in October, including a reduction in the revenue estimates for the sale of the Island from $500 to $300 million; and

Whereas, Senator Moynihan was able to secure a letter from the Office of Management and Budget that the $300 million amount was flexible based on the further review and presentation of a well-defined City/State plan; and

Whereas, On February 10, 2000 the Committee on Economic Development, chaired by Council Member Jerome X. O'Donovan, and the Committee on Land Use, chaired by Council Member June M. Eisland, conducted a joint oversight hearing on reuse proposals for Governors Island; and

Whereas, The Council of the City of New York supports the appropriate redevelopment of Governors Island for maximum public use with the Island becoming self-supporting, *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the Federal Government to transfer Governors Island to the State and City of New York at a minimal cost for redevelopment of the Island for public purposes.

Res. No. 1345

Resolution calling upon the New York State Legislature and the Governor to enact S-1507/A-505, which would permit reimbursement by the New York State Crime Victims Board for survivors of rape and sexual assault who do not report the incidents to criminal justice agencies, but do present themselves for treatment at medical facilities that provide forensic physical examinations for victims of rape and sexual assault.

By Council Member Robles, Freed and Quinn; also Council Members Carrion, Lasher, Michels and Robinson

Whereas, Survivors of rape and sexual assault face a myriad of personal and psychological problems associated with the violent nature of the crime; and

Whereas, Those survivors of rape and sexual assault who are uninsured or underinsured are faced with significant costs for medical treatment; and

Whereas, In addition to medical costs associated with the violent nature of the crimes of rape and sexual assault, the New York State Department of Health AIDS Institute in July, 1998 recommended offering HIV post-exposure prophylaxis (PEP) as soon as possible after a sexual assault where significant exposure to HIV may have occurred; and

Whereas, The guidelines recommend that PEP be continued for a total of four weeks; and

Whereas, The Greater New York Hospital Association estimates that a four-week PEP regimen (which consists of HIV combination therapy, plus additional fees for medical treatment) costs approximately $2000; and

Whereas, Currently, the New York State Crime Victims Board will only reimburse sexual assault survivors who are uninsured or who do not have prescription benefits if the survivor reports the assault to a criminal justice agency, defined in Section 631 of the New York State Executive Law as the police or district attorney's office or any other governmental agency having responsibility for the enforcement of the criminal laws of the state; and

Whereas, Due to a variety of personal, cultural or psychological reasons, survivors of rape and sexual assault may not choose to report the crime to criminal justice agencies, yet they seek medical attention; and

Whereas, Legislation S-1507/A-505 would amend the definition of a criminal justice agency as defined in the New York State Executive Law Section 631, to include medical facilities that provide forensic physical examinations for victims of rape and sexual assault; and

Whereas, This amendment would have the effect of permitting survivors of rape and sexual assaults to be reimbursed by the state Crime Victims Board; *now, therefore, be it*

Resolved, That the Council of the City of New York calls upon the New York State Legislature and the Governor to enact S-1507/A-505, which would permit reimbursement by the New York State Crime Victims Board for survivors of rape and sexual assault who do not report the incidents to criminal justice agencies, but do present themselves for treatment at medical facilities that provide forensic physical examinations for victims of rape and sexual assault.

Res. No. 1350

IN MEMORIAM — JOHN CARDINAL O'CONNOR

By The Entire Council:

Whereas, The Council of the City of New York mourns the death and celebrates the life and good works of John Cardinal O'Connor, the eminent spiritual leader of the New York Archdiocese's 2.37 million Catholics and the most prominent voice of the Catholic Church in the United States; and

Whereas, During his sixteen-year tenure as Archbishop of the 10-county Archdiocese of New York, John Cardinal O'Connor served the people of this city as a leader of good conscience, unwavering faith and quick wit, whose many acts of good will shall determine his legacy in the Catholic Church, in our nation and in our city; and

Whereas, Cardinal O'Connor arrived at St. Patrick's Cathedral by appointment of Pope John Paul II in 1984, and with that gesture, New York was given a gifted clergyman with vast experiences, ranging from his many years as a Navy chaplain, his work with developmentally disabled children and his academic pursuits that included a master's degree in clinical psychology and a doctorate in political science; and

Whereas, Cardinal O'Connor chose to remain a very public figure, especially in his earlier years at the Diocese, holding weekly press conferences until 1990 and taking firm stances on often controversial issues; and

Whereas, Cardinal O'Connor led the New York Archdiocese according to the laws and positions of the Catholic faith, and he promoted these positions with utmost conviction; and

Whereas, Cardinal O'Connor presided at St. Patrick's Cathedral with a clear mission, to serve God and to lead fellow Catholics according to the teachings of the Church while adding a prominent Catholic voice to the everyday public discourse of our city and the world in which we live; and

Whereas, Cardinal O'Connor used his position to advocate on behalf of the working class, having been raised in a religious, working class household in Philadelphia and he was a great friend of the labor movement, recognizing the need to instill fairness and equality in the workplace; and

Whereas, Cardinal O'Connor further directed the mission of the Church to help the poor and homeless, and more than anything else, he used his position to aid and comfort the disadvantaged; and

Whereas, Having served as a Navy chaplain for 27 years, achieving the rank of Rear Admiral and serving as Chief of Navy Chaplains, Cardinal O'Connor was a gentle voice to American soldiers in Korea and Vietnam and yet he often expressed disapproval toward American military actions overseas; and

Whereas, Much like Pope John Paul II, Cardinal O'Connor took a firm stance against anti-Semitism and preached tolerance among the world's religious peoples; and

Whereas, Throughout his sixteen years at the New York Archdiocese, John Cardinal O'Connor matched the pace and vibrancy of New York City, yet he always stayed true to his role as a priest for the people; and

Whereas, The respect and admiration that he continues to evoke from the millions of Catholics and non-Catholics throughout the world, is testament to his legacy as a distinguished leader who stood for faith, hope and humanity; *now, therefore, be it*

Resolved, That the Council of the City of New York mourns the death and celebrates the life and good works of John Cardinal O'Connor and adjourns today in his memory.

Adopted.

Whereupon on motion of the Speaker (Council Member Vallone), the Clerk of the Council adjourned in memory of John Cardinal O'Connor to meet again on Wednesday, May 24, 2000.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

WI-CM02 - CONSTRUCTION MANAGEMENT SERVICES – NA/8 – PIN# 82600WP00721 – DUE 07-14-00 AT 11:30 A.M. – DEP, Bureau of Environmental Engineering intends to enter into a Negotiated Acquisition with Hazen and Sawyer, P.C., for Construction Management Services for the Phase 2 Upgrading of the Wards Island Water Pollution Control Plant. The basis for using the Negotiated Acquisition process is because In accordance with Section 3-04(b)(1)(v) of the PPB Rules, DEP has determined that Hazen & Sawyer, P.C. ("H&S") is uniquely qualified to provide construction management services for this successive phase of an ongoing complex construction project. H&S has been intimately involved in providing both design and construction management services at the Wards Island site since 1989. H&S was selected to provide Construction Management ("CM") Services for the Interim Expansion of the Wards Island WPCP in 1995 via competitive sealed proposals. It is currently providing satisfactory CM Services for Phase I of the Interim Upgrading. Many key engineers who provided the construction management services on both the Sludge Management Program and the Wards Island Phase I Expansion and Upgrading are still with the firm. Hence, the H&S CM personnel have an intimate knowledge of the construction site, which should eliminate the learning curve and enhance Phase II project management. The projected contract start date is March, 2001 and the projected end date is March, 2005. Any firm which believes it can also provide this category of service and would like to be considered for future related work, is invited to contact the Agency for an application for inclusion in a Pre-Qualified List at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368, Attention: Ms Debra Butlien (718-595-3423)

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
INDEX NUMBER 2760/95
NOTICE OF ACQUISITION
CITY # CY 2760/95

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **LEMON CREEK/SANDY BROOK STATEN ISLAND BLUEBELT SYSTEM** located in Community District 3, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Richmond, duly entered in the office of the Clerk of the County of Richmond on May 31, 2000, the application of the City of New York to acquire certain real property, for use in the conveyance and storage of storm water and as open space, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, showing the property acquired by the City, was filed with said Clerk on June 5, 2000. Title to the real property vested in the City of New York on June 5, 2000.

The City has acquired the following parcels of real property:

BLOCK LOT(S)
6901 267 and part of 250

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before September 21, 2000 (which is ninety (90) days from the date of mailing this notice), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a *claim is made for fixtures or for any interest* other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before June 5, 2002 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

WI-CM02 - CONSTRUCTION MANAGEMENT SERVICES – NA/8 – PIN# 82600WP00721 – DUE 07-14-00 AT 11:30 A.M. – DEP, Bureau of Environmental Engineering intends to enter into a Negotiated Acquisition with Hazen and Sawyer, P.C., for Construction Management Services for the Phase 2 Upgrading of the Wards Island Water Pollution Control Plant. The basis for using the Negotiated Acquisition process is because In accordance with Section 3-04(b)(1)(v) of the PPB Rules, DEP has determined that Hazen & Sawyer, P.C. ("H&S") is uniquely qualified to provide construction management services for this successive phase of an ongoing complex construction project. H&S has been intimately involved in providing both design and construction management services at the Wards Island site since 1989. H&S was selected to provide Construction Management ("CM") Services for the Interim Expansion of the Wards Island WPCP in 1995 via competitive sealed proposals. It is currently providing satisfactory CM Services for Phase I of the Interim Upgrading. Many key engineers who provided the construction management services on both the Sludge Management Program and the Wards Island Phase I Expansion and Upgrading are still with the firm. Hence, the H&S CM personnel have an intimate knowledge of the construction site, which should eliminate the learning curve and enhance Phase II project management. The projected contract start date is March, 2001 and the projected end date is March, 2005. Any firm which believes it can also provide this category of service and would like to be considered for future related work, is invited to contact the Agency for an application for inclusion in a Pre-Qualified List at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368, Attention: Ms Debra Butlien (718-595-3423)

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

A Site visit has been arranged for July 6, 2000 at 10:00 A.M. Details regarding the visit are in Contract documents.

A Pre-Bid meeting (Optional) has been scheduled for **June 28, 2000** at 10:00 AM in the Conference Room (8th floor) 2 Rector Street, NYC. All prospective bidders are requested to attend.

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
INDEX NUMBER 2760/95
NOTICE OF ACQUISITION
CITY # CY 2760/95

In the Matter of the Application of THE CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **LEMON CREEK/SANDY BROOK STATEN ISLAND BLUEBELT SYSTEM** located in Community District 3, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Richmond, duly entered in the office of the Clerk of the County of Richmond on May 31, 2000, the application of the City of New York to acquire certain real property, for use in the conveyance and storage of storm water and as open space, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Richmond. Said map, showing the property acquired by the City, was filed with said Clerk on June 5, 2000. Title to the real property vested in the City of New York on June 5, 2000.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
6901	267 and part of 250

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before September 21, 2000 (which is ninety (90) days from the date of mailing this notice), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before June 5, 2002 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitations notices for most procurement above $25,000 for goods or services or above $50,000 for construction and construction related services are published for at least one day.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007 (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007 (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of

submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ SOLICITATIONS

Construction / Construction Services

WI-CM02 - CONSTRUCTION MANAGEMENT SERVICES – NA/8 – PIN# 82600WP00721 – DUE 07-14-00 AT 11:30 A.M. – DEP, Bureau of Environmental Engineering intends to enter into a Negotiated Acquisition with Hazen and Sawyer, P.C., for Construction Management Services for the Phase 2 Upgrading of the Wards Island Water Pollution Control Plant. The basis for using the Negotiated Acquisition process is because In accordance with Section 3-04(b)(1)(v) of the PPB Rules, DEP has determined that Hazen & Sawyer, P.C. ("H&S") is uniquely qualified to provide construction management services for this successive phase of an ongoing complex construction project. H&S has been intimately involved in providing both design and construction management services at the Wards Island site since 1989. H&S was selected to provide Construction Management ("CM") Services for the Interim Expansion of the Wards Island WPCP in 1995 via competitive sealed proposals. It is currently providing satisfactory CM Services for Phase I of the Interim Upgrading. Many key engineers who provided the construction management services on both the Sludge Management Program and the Wards Island Phase I Expansion and Upgrading are still with the firm. Hence, the H&S CM personnel have an intimate knowledge of the construction site, which should eliminate the learning curve and enhance Phase II project management. The projected contract start date is March, 2001 and the projected end date is March, 2005. Any firm which believes it can also provide this category of service and would like to be considered for future related work, is invited to contact the Agency for an application for inclusion in a Pre-Qualified List at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368, Attention: Ms Debra Butlien (718-595-3423)

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that a Public Hearing will be held on Thursday, July 13, 2000 in the Public Hearing Chamber, City Hall, Borough of Manhattan, commencing at 10:00 a.m. on the following:

IN THE MATTER of a proposed contract between the Department of Design and Construction of the City of New York, and the firm of Goldstone & Hinz Architects, P.C., 104 East 40th Street, New York, NY 10016, for V.C.P. Requirements Contract for Architectural and Engineering Design Services and Construction Related Services at Various Stadia, Boroughs of Queens and The Bronx. The contract term shall be 730 consecutive calendar days from the date of written notice to proceed. The contract amount shall be $2,000,000 (PIN 8502000PK0001P).

The proposed Consultant has been selected by means of a Competitive Sealed Proposal procurement process, pursuant to Sections 3-03 and 3-10 of the PPB Rules.

A draft copy of the proposed contract is available for public inspection at the Department of Design and Construction, Professional Contracts Section, Fourth Floor, 30-30 Thomson Avenue, Long Island City, New York 11101, from June 29, 2000 to July 13, 2000 excluding Saturdays, Sundays, and holidays, between the hours of 9:00 AM and 4:00 PM.

NOTICE OF INTENTION TO AMEND SECTION 13.05 OF THE NEW YORK CITY HEALTH CODE

NOTICE OF PUBLIC HEARING

In compliance with Section 1043(b) of the New York City Charter and pursuant to the authority granted to the Board of Health by Section 558 of said Charter, notice is hereby given of the proposed amendment of Section 13.05 of the New York City Health Code.

NOTICE IS HEREBY GIVEN THAT THE DEPARTMENT WILL HOLD A PUBLIC HEARING ON THE PROPOSAL ON WEDNESDAY AUGUST 2, 2000 FROM 2:00 TO 4:00 P.M. IN THE THIRD FLOOR BOARDROOM (ROOM 330) AT 125 WORTH STREET, NEW YORK, NEW YORK 10013.

PERSONS INTERESTED IN PRE-REGISTERING TO SPEAK SHOULD NOTIFY, IN WRITING, RENA BRYANT, SECRETARY, 125 WORTH STREET, NEW YORK, NEW YORK - CN 31; (212) 788-5010 BY MONDAY, JULY 31, 2000. PLEASE INCLUDE A TELEPHONE NUMBER WHERE, IF NECESSARY, YOU MAY BE REACHED DURING NORMAL WORKING HOURS. SPEAKERS WILL BE LIMITED TO FIVE (5) MINUTES.

PERSONS WHO REQUEST THAT A SIGN LANGUAGE INTERPRETER OR OTHER FORM OF REASONABLE ACCOMMODATION FOR A DISABILITY BE PROVIDED AT THE HEARING ARE ASKED TO NOTIFY RENA BRYANT, SECRETARY, 125 WORTH STREET, NEW YORK, NEW YORK 10013 - CN 31; (212) 788-5010 BY WEDNESDAY, JULY 19, 2000.

REGISTRATION WILL BE ACCEPTED AT THE DOOR UNTIL 2:30 P.M. HOWEVER, PREFERENCE WILL BE GIVEN TO THOSE WHO PREREGISTER.

WRITTEN COMMENTS REGARDING THE PROPOSAL MUST BE SUBMITTED TO RENA BRYANT, SECRETARY, 125 WORTH STREET, NEW YORK, NEW YORK 10013 - CN 31 ON OR BEFORE AUGUST 2, 2000.

WRITTEN COMMENTS RECEIVED BY THE SECRETARY AND A TRANSCRIPT OF THE PUBLIC HEARING WILL BE AVAILABLE FOR PUBLIC INSPECTION WITHIN A REASONABLE TIME AFTER RECEIPT, BETWEEN THE HOURS OF 9:00 A.M. AND 5:00 P.M. AT THE OFFICE OF THE SECRETARY.

STATUTORY AUTHORITY

These amendments to the New York City Health Code ("Health Code") are promulgated pursuant to Sections 556, 558 and 1043 of the New York City Charter ("Charter"). Section 556 of the Charter grants the Department of Health jurisdiction to regulate all matters affecting health in the City of New York. Section 558(b) and (c) of the Charter empower the Board of Health to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 1043 grants the Department of Health rulemaking powers. Effective July 1, 1994 regulatory authority for all clinical laboratories in New York City was transferred to the State Department of Health. However, the State legislature specifically provided for the Department of Health's continued authority to enact laws affecting clinical laboratories related to the control, prevention or reporting of diseases. Specifically, Public Health Law §580 (3) provides, in pertinent part, that "[n]othing in this title shall be construed to impair or affect the power or authority of the city of New York or a department or agency thereof, to enact or enforce additional laws, codes or regulations affecting clinical laboratories... not inconsistent with the provisions of this title or any regulations promulgated hereunder, related to the control, prevention or reporting of diseases or medical conditions or to the control or abatement of public health nuisances. ... Such local laws, codes or regulations which are more restrictive than or additional to the requirements set

forth in this title or the regulations promulgated hereunder shall be deemed not inconsistent."

STATEMENT OF BASIS AND PURPOSE

It is proposed that Section 13.05 of the New York City Health Code be amended to require that, within 24 hours of identifying any culture or sub-culture as *Mycobacterium tuberculosis* complex, clinical laboratories forward such cultures to the New York City Department of Health (the Department) for deoxyribonucleic acid (DNA) or other molecular analysis.

In the 1990s, New York City experienced a dramatic epidemic of multidrug-resistant tuberculosis (TB). In response, the New York City Department of Health (the Department) developed what has become an internationally recognized program which focuses on interruption of transmission through active identification of all TB patients and emphasis on treatment completion with an appropriate medication regimen (e.g., directly observed therapy). Improved laboratory services, strengthened infection control, and increased knowledge among health care providers about TB treatment and prevention are other necessary components of the successful strategy. These efforts have resulted in a 61% decrease in cases between 1992, the height of the epidemic, and 1999, and a reduction in multidrug-resistant TB by over 90%, from 441 cases to 31 cases by 1999.

This period also witnessed the development of molecular analysis of the DNA of the organism causing TB. This innovative laboratory technique distinguishes between strains of Mycobacterium tuberculosis, the causative agents of TB, isolated from different patients. People who have disease with organisms that have the same DNA pattern are presumed to be infected with the same TB strain and are therefore linked to each other in some way. The availability of DNA analysis has increased the effectiveness of the Department's TB Control program on two levels: by identifying TB cases with the same infecting organism (i.e., "clusters") which are presumed to be the result of recent transmission, and by verifying laboratory contamination (or "cross-contamination") of a patient's specimen which, once verified, allows for discontinuation of unnecessary treatment. Laboratory contamination in this context means that a positive tuberculosis culture result is not due to disease in a patient, but rather contamination from another specimen in the laboratory.

Localized outbreaks, or "clusters" of TB in New York City, have been validated and independently identified by means of DNA analysis. The use of this technology was essential in determination of the extent of recent and on-going transmission in TB outbreaks in residential facilities, extended family networks, prison settings, patients with HIV/AIDS, and patients with multidrug resistant TB. DNA analysis also allowed the Department to rule out outbreaks in settings such as residential facilities for persons with AIDS and schools. This knowledge allows the Department to avoid resource intensive outbreak investigations of suspected but, without DNA analysis, unconfirmed secondary cases in public settings, and to better direct resources to TB control efforts in areas of known transmission.

This technology also enables the Department to identify patients with false-positive *Mycobacterium tuberculosis* cultures where a "false-positive" laboratory culture is not the result of active tuberculosis disease in the person whose specimen is being examined, but inadvertent contamination from another specimen growing *Mycobacterium tuberculosis* in the laboratory. This phenomenon is not entirely unexpected, since some degree of cross-contamination can occur even with standardized procedures. A citywide survey conducted in 1991 documented that almost 3% of tuberculosis patients had falsely positive cultures. As a result of this survey, the Department's TB Control Program implemented a surveillance system to identify possible cross-contamination of specimens with retrospective reviews of cases to identify those that have the characteristics of potential cross-contamination. Cross-contamination may be suspected where the patient does not manifest clinical symptoms consistent with TB, or has had a negative smear with only one positive culture. When such cases are identified, the patient's physician is notified of the possibility of cross-contamination so that he or she can make a determination of patient's diagnosis based on the clinical picture. If the physician determines that the potentially contaminated specimen is consistent with the clinical picture, unnecessary treatment may be suspended.

Currently, the Department's TB Control Program reviews histories of patients with suspected contamination and cultures from these patients are requested retrospectively from the laboratories for DNA analysis. Once cross-contamination is verified, unnecessary treatment for tuberculosis may be discontinued. The TB Control Program also occasionally accompanies New York State Department of Health microbiology laboratory staff on visits to laboratories which report false-positive results, to assist in identifying deficiencies and recommending corrective action.

In 1999, investigations resulted in identification of 39 patients with a false positive culture and/or diagnosis based on review of laboratory and medical records and discussions with physicians. However, the time from the initial identification of a positive culture to confirmation of contamination was usually three to six months. During this period, most of these patients had already received many months of multidrug treatment for TB.

At present, DNA analysis of *Mycobacterium tuberculosis* is available only for evaluation of selected isolates, in about 10% of all TB cases in New York City. These include patients whose isolates are suspected of being contaminants, patients identified as part of outbreak investigations, and patients with multidrug-resistant TB strains. The Department's current program is further limited by delays in DNA analysis. This analysis is generally only requested after an outbreak investigation has been conducted and secondary cases are discovered or suspected or after contamination is suspected. Results are received on average four weeks (range 2 - 11 weeks) after the request; a delay reflecting unstandardized long term storage practices at different laboratories, and the need for the isolate to be thawed and regrown for DNA analysis. Most laboratories maintain for each patient one isolate of TB identified in their laboratory for one year, after which it is generally destroyed. If a patient is retrospectively suspected as a possible source case in an outbreak and more than a year has elapsed, it may be impossible to establish by laboratory examination any DNA link between the patient and more recent cases. Furthermore, isolates older than one year often become unviable for DNA analysis due to contamination by molds.

By finding the source or index case retrospectively, the Department has also learned that traditional contact investigations often fail to identify links among active TB patients. Traditional contact investigation relies on interviewing patients about persons they may have exposed and where these exposures could have taken place. Exposures occur in a wide number of settings and patients may not recall all the places they have been or all the people they were in contact with while they were infectious, despite extensive interviews. By performing DNA analysis on all culture-positive cases the Department will be able to clearly identify where TB is being transmitted in order to better target our control efforts.

The Department does not know the extent to which unidentified transmission occurs in health care facilities in the City to either health care workers or patients. TB acquired in health care facilities is often identified after patients are discharged, or after health care workers are no longer working at facilities. Epidemiologic links for transmission in such settings are often not made by routine interviews. The results of DNA analysis would allow the Department to identify transmission in health care facilities and determine where additional control measures are needed.

In view of these difficulties in verifying and identifying the sources of cases, the Department proposes that the Health Code be amended to require submission within 24 hours of positive TB cultures or subcultures by all clinical laboratories in the City to the Department, which will conduct DNA analysis on one isolate for each active case. This amendment will enable the Department to:

1. Identify laboratory cross-contamination so that clinicians can be notified of possible cross-contamination quickly to prevent unnecessary treatment of patients;
2. Assess recent tuberculosis transmission in outbreaks in order to redirect contact investigations;
3. Determine the extent and dynamics of on-going transmission to focus program epidemiologic investigations and interventions for specific geographic areas and populations; and
4. Identify nosocomial transmission not identifiable by conventional methods.

It is estimated that 1,400 new tuberculosis cases will be diagnosed each year; 1,000- 1,100 of these will be culture-positive and will be eligible for DNA analysis.

Currently, approximately 60% of culture-positive TB patients identified in New York City have isolates referred from various laboratories to the Department's Public Health Laboratories - Mycobacteriology Unit, for routine susceptibility testing. Because many of these isolates may also be used for DNA analysis, laboratories submitting these isolates would not be required to submit additional isolates for DNA confirmation, and the additional burden on the laboratory community of submitting specimens is somewhat mitigated. However, universal DNA analysis, is not possible until **all** laboratories are required to send to the Department, within 24 hours of growth, the initial culture or subculture of every *Mycobacterium tuberculosis* culture-positive patient identified in the laboratory.

The current voluntary system for DNA analysis dramatically underestimates the extent of transmission in New York City and hampers the Department's ability to promptly respond to outbreaks and cross-contamination. By prospectively analyzing at least one isolate for every culture-positive TB patient in the City in a standardized fashion, results of DNA analysis could be available within two weeks of identification. The lapse in time between identification of clusters and in identifying contamination will be reduced substantially, by approximately 2 to 12 months.It is anticipated that DNA analysis of all patients' initial isolates will also increase the rate of detection of contamination and significantly reduce the duration of inappropriate treatment with anti-tuberculosis medications for these patients. By evaluating DNA fingerprints of all culture-positive TB patients, the Department will further limit the spread of TB by identifying specific areas of ongoing transmission and improving TB control efforts, reducing New Yorkers' exposure to infectious TB, decreasing patient care expenditures and, ultimately, reducing pain and suffering for New Yorkers.

Tuberculosis control programs in other jurisdictions have reported dramatic results after instituting universal DNA analysis. As a result of a Centers for Disease Control (CDC) grant and participation in a national study sponsored by CDC, the State of Maryland currently prospectively conducts DNA analysis for all culture-positive TB patients. Due to this policy, public health authorities recently found an outbreak of TB among the transgender community that may not have otherwise been discovered since epidemiologic links were not disclosed in interviews. The investigation enabled the Department's TB Control Program to retrospectively identify related cases in New York City. Had the Department prospectively conducted DNA analysis, it could have directly discovered the outbreak in the City several months before notification by the CDC or Maryland public health authorities. Other successful TB control programs employing universal DNA analysis, such as that in the Netherlands, have demonstrated highly beneficial outcomes in cluster identification and containment of outbreaks.

The amendment further proposes that information obtained from DNA analysis receive the same degree of protection of confidentiality afforded other patient information maintained by the Department pursuant to Health Code Section 11.07.

In summary, the Department believes that universal DNA analysis for all culture-positive TB patients is necessary to render New York City's TB control activities more effective, to avoid administration of unnecessary anti-tuberculosis treatment to those New Yorkers diagnosed on the basis of a "false positive" *Mycobacterium tuberculosis* culture, prevent transmission in confirmed outbreak situations, and identify locations where additional screening and prevention are needed to interrupt TB transmission.

RESOLVED, that Section 13.05 of the New York City Health Code as last amended by resolution repealing and reenacting Article 13, adopted on the seventeenth day of May, nineteen hundred ninety-five, be and the same hereby is amended, to be printed together with explanatory notes, to read as follows:

§13.05 Testing for tuberculosis.
A clinical laboratory authorized to perform tests for tuberculosis, including performance of cultures on clinical specimens for the isolation of mycobacteria, shall adhere to the following minimum requirements:

(a) Within 24 hours of observing growth of a culture or subculture of M. tuberculosis complex, a portion of the initial culture or subculture from any specimen from which M. tuberculosis complex has been isolated shall be submitted to the Department for DNA or other molecular analysis.
(i) A laboratory which submits a specimen for drug susceptibility testing shall be deemed to have complied with subsection a of this section unless otherwise notified by the Department.
(ii) The Department's records relating to such DNA analysis shall be confidential in accordance with §11.07 of this Code.
(b) (1) [That s]Smears performed to detect acid fast bacilli (AFB) [are] shall be examined within 24 hours after receipt of the specimen in the laboratory, and [that] when direct smears for AFB are performed on clinical specimens (e.g., sputum) the results shall not be reported unless positive. Negative direct smears shall be concentrated and reported within 24 hours pursuant to §13.05(b)(7); and
(2) [That c] Conventional cultures of clinical specimens shall be initiated within 24 hours[,] after receipt, shall be examined for growth at least once each week after inoculation and, upon observing adequate suspicious growth, an acid fast smear examination shall be performed. Identification of M. tuberculosis complex shall be completed within four (4) working days after adequate suspicious growth is first observed; and
(3) Cultures of clinical specimens by radiometric methodology shall be completed within fifteen (15) working days after growth is first indicated. Identification of M. tuberculosis shall be completed within four (4) working days after adequate suspicious growth is first observed; and
(4) [That i] If direct drug susceptibility is performed it shall be initiated within 24 hours or the next scheduled workday after obtaining a smear positive for acid fast bacilli, and, if indirect drug susceptibility testing of pure cultures is performed, it shall be initiated within seven workdays after growth typical of M. tuberculosis of its speciation; and
(5) If the time periods provided in paragraphs 1 through 4 above cannot be adhered to by the receiving laboratory, then specimens shall be forwarded to another clinical laboratory within 24 hours or the next scheduled workday after receipt of a specimen or the determination by the receiving laboratory that such time period can not be met; and
(6) [That f]For other laboratory techniques and methodologies, including but not limited to radiometric techniques, examination schedules recommended by the manufacturer of each such methodology be adhered to; and
(7) The result of any test or examination related to tuberculosis including but not limited to those specified in this section shall be reported to the physician or other person authorized to request clinical laboratory tests, or the forwarding laboratory, if any, within 24 hours of the test result or finding.

Notes:
A new subsection (a) was adopted, and existing paragraphs (1), (2), (4) and (6) were edited, without substantive changes, and along with paragraphs (3), (5) and (7) were incorporated in a new subsection (b) on xxxxxxxx, 2000, to require clinical laboratories performing cultures of specimens to determine the presence of Mycobacterium tuberculosis to submit the initial culture or subculture to the Department of Health for DNA or other molecular analysis to identify possible laboratory cross-contamination of culture specimens to avoid administration of unnecessary anti-tuberculosis treatment for persons with "false positive" cultures, assess recent tuberculosis transmission in outbreaks and identify nosocomial transmission.

If adopted, this proposal shall take effect immediately in accordance with Section 1043 of the New York City Charter.

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007 (212) 788-0010 Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER
The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE
Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT
It is policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bill within 30 days after the receipt of a proper invoice. The City pays interest on any late invoice after the expiration of a 15-day "grace" period. There are certain types of payments that are not eligible for interest; these are listed in Section 5-07 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments every six months, in January and July of each year.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board51 Chambers Street Room 1126, New York 10007 (212) 788-7820

PROCUREMENT POLICY BOARD RULES
To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://www.ci.nyc.ny.us

HOW TO READ CR PROCUREMENT NOTICES
Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ SOLICITATIONS

Construction / Construction Services

WI-CM02 - CONSTRUCTION MANAGEMENT SERVICES – NA/8 – PIN# 82600WP00721 – DUE 07-14-00 AT 11:30 A.M. – DEP, Bureau of Environmental Engineering intends to enter into a Negotiated Acquisition with Hazen and Sawyer, P.C., for Construction Management Services for the Phase 2 Upgrading of the Wards Island Water Pollution Control Plant. The basis for using the Negotiated Acquisition process is because In accordance with Section 3-04(b)(1)(v) of the PPB Rules, DEP has determined that Hazen & Sawyer, P.C. ("H&S") is uniquely qualified to provide construction management services for this successive phase of an ongoing complex construction project. H&S has been intimately involved in providing both design and construction management services at the Wards Island site since 1989. H&S was selected to provide Construction Management ("CM") Services for the Interim Expansion of the Wards Island WPCP in 1995 via competitive sealed proposals. It is currently providing satisfactory CM Services for Phase I of the Interim Upgrading. Many key engineers who provided the construction management services on both the Sludge Management Program and the Wards Island Phase I Expansion and Upgrading are still with the firm. Hence, the H&S CM personnel have an intimate knowledge of the construction site, which should eliminate the learning curve and enhance Phase II project management. The projected contract start date is March, 2001 and the projected end date is March, 2005. Any firm which believes it can also provide this category of service and would like to be considered for future related work, is invited to contact the Agency for an application for inclusion in a Pre-Qualified List at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368, Attention: Ms Debra Butlien (718-595-3423)

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Each bid submitted must be accompanied by a certified check for 5% of the amount of the proposal, or alternatively, a bid bond not less than 10% of the amount of the proposal, payable to the Comptroller of the City of New York.

This project is Federally aided and is subject to the provision of Title 23, U.S. code, as amended, and applicable New York State Statutes. In compliance with these provisions the minimum wages to be paid laborers and mechanics are included in wage schedules that are set out in the bid proposal.

Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit bids and the City of New York hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the basis of race, color, sex, sexual orientation, national origin, age or place of residence. Prospective bidder's attention is also directed to the requirements of schedule "H" in the proposal concerning DBE participation in the contract. The schedule of proposed DBE participation is to be submitted by the apparent low bidder within 10 business days after the date of opening of bids.

Non-compliance with the 10 day submittal requirement, the stipulations of Schedule "H" or submittal of bids in which any of the prices for lump sum or unit items are significantly unbalanced to the potential detriment of the Department may be cause for a determination of non-responsiveness and the rejection of the bid. The award of this contract is subject to the approval of the New York State Department of Transportation and the Federal Highway Administration.

Contract documents are available from the Contracts Section, Office of the Agency Chief Contracting Officer at the above address, Monday to Friday, between the hours of 9:00 AM and 3:00 PM, starting **June 7, 2000** and ending **July 21, 2000.** A list of all who have received plans for this contract will be available for review.

AGENCY RULES

PROCUREMENT POLICY BOARD

■ NOTICE

OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to **5-05 Stop Work Orders and Termination of Contacts** of its Rules pursuant to Section 311 of the New York City Charter. The proposed amendment was published on July 15, 1999. A public hearing was held on September 22, 1999. The amendment was adopted by the PPB on June 8, 2000. The effective date of this rule is August 1, 2000.

Basis and Purpose of the Amendment

Stop Work Orders is repealed as it is more appropriately governed by contract terms.

The Amended Rule

In the amended rule, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: June 8, 2000
Brendan J. Sexton, Chair

CHAPTER 5 CONTRACT ADMINISTRATION
(is amended as follows:)

[Section 5-05 STOP WORK ORDERS AND TERMINATION OF CONTRACTS.

(a) **Stop Work Orders.** An order to stop work for some period of time or indefinitely may be required and shall be made pursuant to these rules.

(1) **Basis.** The basis for a stop work order shall be whatever the contract terms and conditions provide.

(2) **Authority to Issue Stop Work Orders.** Stop work orders shall be issued by the Agency Head or his designee.

(3) **Limitations.** Use of a stop work order shall be limited to situations in which it is advisable to suspend work. A stop work order may not be used in lieu of the issuance of a termination notice after a decision to terminate has been made.

(4) **Procedures for Discussions.** Promptly after issuance, stop work orders shall be discussed with the contractor and shall be modified, if necessary, in light of such discussions.

(5) **Decisions to be Made Following Stop Work Order.** As soon as feasible after a stop work order is issued:

(i) The contract shall be terminated; or

(ii) The stop work order shall be canceled or extended in writing beyond the period specified in the order.

(b) **Termination for Default.** A termination for default may be made pursuant to the terms of the contract. The Contracting Officer shall notify the contractor in writing of the basis for termination and if the basis is not cured within the time period specified in the contract, if any, or any longer time specified in writing by the Contracting Officer, the Contracting Officer with approval of the ACCO may terminate the contractor's right to proceed with performance.

(c) **Termination for Convenience.** The ACCO when the interests of the City so require, may terminate a contract in whole or in part, for the convenience of the City, pursuant to the terms of the contract The Contracting Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.]

CONSUMER AFFAIRS

■ NOTICE

To: Honorably Discharged Veterans of the Armed Forces of the United States Who Are Eligible for City Specialized Vending Licenses

The provisions of paragraph (5) subdivision (b) of Section 2-315 of Subchapter AA of Chapter 2 of Title 6 of the Rules of the City of New York provide that after January 1, 1999, the Department shall publish a notice in the *City Record* whenever a midtown specialized vending license becomes available to be issued to eligible disabled veteran who apply within fourteen days after the Department of Consumer Affairs publishes in the *City Record* the notice requesting such midtown specialized vending license applications. The Department has determined that as of June 20, 2000, there are 6 midtown specialized licenses that are available to be issued to such qualified veterans. The Department of Consumer Affairs is hereby publishing the required notice requesting applications for such midtown specialized vending licenses. The fourteen day period for filing such applications commences on June 30, 2000, the date of publication of this notice, and shall end at 5:00 p.m. on July 14, 2000. To qualify for processing under the applicable procedures for available midtown specialized vending licenses, completed applications for such available licenses must be received by the Department no later than 5:00 p.m. on July 14, 2000, at the following address: Licensing Division, Department of Consumer Affairs, 5th Floor, 42 Broadway, New York, NY 10004.

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE: 06/06/00	DOCKET #: 005833	CRA #: CRA 00-7260
ADDRESS 71-105 EAST 42ND STREET Grand Central Terminal INTERIOR LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1280 / 1

To the Mayor, the Council, and the President, NY Metropolitan Transportation Authority.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission, at the Public Meeting of May 23, 2000, following the Public Hearing of May 23, 2000, reviewed a proposal for alterations at Grand Central Terminal, an indivival and interior landmark located at 71-105 East 42nd Street, Borough of Manhattan. The work will occur in the Graybar Passage on the Main Concourse Level, which is within the designated interior space.

The proposal is to remove the bottom row of window panes, framing, and transom bar of the arched transom windows which separate the Graybar passage and the vestibule on Lexington Avenue; to install a new, larger transom bar in order to accommodate new door hardware; to install new bronze framed and glass doors; to remove the terrazzo floor within the vestibule; and to install new vestibule flooring, at a slightly raised elevation and slope, consisting of new terrazzo paving with integral rubber floor mats. The proposal was shown in a document entitled "Project Manual For Graybar Building Vestibule Renovation/Contract No. 9463" dated March 21, 2000, photographs, and drawings, prepared by Frederick R. Harris, Inc., which were submitted as components of this application and presented at the Public Hearing and Public Meeting.

In reviewing the proposal, the Commission noted that the designation report states that Grand Central Terminal is a French Beaux-Arts style railroad terminal, designed by Reed & Stem and Warren & Wetmore, and built in 1903-13, and is notable for its formal, unified, and rational design and character; that the Graybar Passage, designed in a neo-Romanesque style, blends very harmoniously with Grand Central proper; and that the Commission previously had voted to approve the Grand Central Terminal Revitalization Plan submitted by the Metropolitan Transportation Authority (Commission Report 95-0982 issued November 10, 1994), which called for the restoration of historic fabric within the terminal and the Graybar Passage.

The Commission determined that the proposal is appropriate, finding that eliminating the bottom row of panes in the large, arched transom windows will not significantly affect their appearance as a screen-wall within the passage; that the new transom bar will match the historic transom bar in terms of materials and details; that the new, taller doors will match the original doors, in terms of design and configuration; that the new doors will match the historic material and finish of the arched transom window; and that raising the vestibule floor slightly and installing mats will not diminish the character of this portion of the interior landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to William Neeley.

PROCUREMENT POLICY BOARD

■ NOTICE

NEW PROMPT PAYMENT INTEREST RATE

Section 5-07 of the Procurement Policy Board Rules requires City agencies to process contract payments efficiently and expeditiously so as to assure timely contract payments to those suppliers doing business with the City.

The Rule further requires that when payments are made after the Required Payment Date ("RPD"), interest, unless otherwise specified in the Rules, must be paid to the supplier.

The Comptroller and the Office of Management & Budget (OMB) have jointly set the new Prompt Payment Interest Rate. The current interest rate paid on late payments through June 30, 2000 has been 6.75%. The new Prompt Payment Interest Rate will be 7.25% effective on payments for the six-month period July 1, 2000 through December 31, 2000.

Finally, effective July 1, 2000, the City's phase-out of the "grace" period will be completed. As of this date, there will no longer be a "grace" period applied to late payments.

Questions on this notice should be directed to:

Toby Squitieri, Deputy Director
Procurement Policy Board
51 Chambers Street - Room 1126

NEW YORK CITY WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN pursuant to Section 1045-j(3) of the Public Authorities Law, that after a public hearing held on June 6, 2000, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on June 22, 2000, adopted a resolution providing for the following rate increases, which will become effective July 1, 2000:

1. The regulated rate for water supply, from either the Croton or Catskill/Delaware systems, provided to users outside the City of New York (the "City") will be increased from $383.78 per million gallons ("MG") to $414.37 per MG.

2. The rate for water supply provided to users outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City shall be continued at a level equal to the in-City metered rate of $1,751.34 per MG as of July 1, 2000.

The rate increases will take effect July 1, 2000. A copy of the revised Rate Schedule is available for inspection by the public during regular business hours at the offices of the New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Corona, NY 11368.
