Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads

A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review

No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,

b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and

c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-

complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules *require that agencies primarily solicit from*

bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

INVOCATION

Men and Women of the City Council,

As the modern era marches on the world becomes an ever more complicated geopolitical entity. We recognize that its problems and conflicts are also increasingly difficult to resolve.

Still, our spirit tells us we are all connected on some deeper level. And if we strive for harmony here, our efforts may bear the fruit of peace in other troubled regions.

Let us pray for wisdom and guidance from above, to help us now how to proceed in these difficult times, and for peace to come speedily in our days. Amen.

Council Member Freed moved to spread the Invocation in full upon the Record.

ADOPTION OF MINUTES

Council Member Perkins Moved that the Minutes of the Stated Meeting of April 25, 2001 be adopted and printed.

Communication from the Mayor - Mayors veto and disapproval message of Introductory Number 580-A, in relation to health insurance for city employees, city retirees and their dependents.

May 24, 2001

Hon. Carlos Cuevas
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Cuevas:

Pursuant to section 37 of the New York City Charter, I hereby disapprove Introductory Number 580-A, in relation to health insurance for city employees, city retirees and their dependents. The bill would require the City to fully reimburse retired City employees for the cost of their Medicare Part B premiums. While I acknowledge and support the City's commitment to assisting retired workers to meet the cost of their premiums, I cannot approve this illegal and financially reckless bill.

Medicare Part B is an optional supplemental health insurance plan available through the federal government to retirees ages 65 and over. Retirees who choose to enroll in Part B are required to pay a premium set by the federal government. Since Part B's inception over 30 years ago, the City Council and successive Administrations have provided funds through local law to assist retired City employees to meet the cost of the monthly premium. For decades, the Mayor and the Council have retained a modicum of control over the federally dictated costs by adjusting the Part B reimbursement rate with precise dollar figures.

The funds that the City provides to Part B retirees are an employment benefit. Under the New York State Taylor Law and the New York City Collective Bargaining Law, the Mayor has exclusive authority to negotiate employment benefits, including retirement health benefits, for City employees who are subject to the collective bargaining process. See N.Y. Civ. Serv. Law §§ 201(12) and 204(1); NYC Charter §1173. The City Council may only enact legislation altering these benefits when a new law is necessary to implement changes agreed upon by the Executive branch and the employee unions. In this case, there is no such agreement to increase the Medicare Part B reimbursement rate. Absent such a compact, the Council does not have the legal authority to amend the reimbursement formula.

Moreover, this legislation is fiscally irresponsible. Defying long-standing, prudent lawmaking practice, the bill would force the City to cover the full cost of the ever escalating premium rate every time that the federal government chooses to raise it. According to federal projections, the Medicare Part B premium rate will grow from $50 per month today to $68 per month by 2004. This bill would commit taxpayers to covering the full amount of every one of those increases, costing the City approximately $467 million over the next four years.

The law currently requires the City to reimburse retirees for $32 of their $50 per month premium. A specific incremental increase to the $32 amount would be a reasonable and responsible measure. This bill, however, would delete the precise dollar figure from the law and simply require the City to pay the full cost of the Part B premium in perpetuity, permanently increasing the taxpayers' commitment to Part B premium reimbursements, even though the City has no control over the premium rate.

By refusing to adjust the Part B reimbursement rate with a new dollar figure, the Council is prepared to surrender the small amount of cost-control that the City enjoys in this area. A precise dollar figure grants both the Mayor and the Council necessary financial flexibility. As premium rates rise, both sides of City Hall, along with the public employee unions, can decide exactly how much the City can afford to reimburse Part B retirees. Depending on the City's fiscal health and budgetary priorities, there may be times when we cannot responsibly raise the reimbursement rate. This bill's full reimbursement mandate would needlessly destroy our discretion and remove the only semblance of control that the City has over Medicare Part B costs.

I am willing to work with the Council to increase the City's reimbursement rate, but any change in the reimbursement benefit must be enacted legally and drafted in a fiscally sound manner. I cannot, therefore, approve a measure that violates the State Taylor Law and the City Collective Bargaining Law, and that would foolishly tie the hands of the Mayor and the Council by forever eliminating their discretion over the use of hundreds of millions of taxpayer dollars.

For all of the foregoing reasons, I hereby disapprove Introductory Number 580-A.

Sincerely,

Robert W. Giuliani
Mayor

Referred to the Committee on Governmental Operations.

Reports of the Committee on Finance

Int. No. 861-A

Report of the Committee on Finance in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the assessment of commercial buildings.

The Committee on Finance to which was referred on January 3, 2001 (Minutes, page 71) the annexed amended local law respectfully

REPORTS:

Today the Committee on Finance will consider Int. No. 861-A, a proposed local law which would extend the period during which commercial buildings that are under construction and unoccupied would be exempt from assessment for property tax purposes, by an additional two years. .

The City's tax on real property is based on the fiscal year, which runs from July 1st until June 30th. New York City Charter §1507 provides that the taxable status of real property in the City be fixed for the succeeding fiscal year on January 5th (the "taxable status date"). Thus, it is the status of a parcel of property on January 5th of a given year on which the assessment for purposes of the following year's taxes is based. It follows that value added to a parcel of taxable property after the taxable status date, is not considered for purposes of the following year's property taxes.

Currently, for buildings under construction, Administrative Code § 11-209 provides additionally that if construction of any building is commenced after January 5th, and the building is not ready for occupancy by the following January 5th, the building is not assessable for purposes of the tax year following that taxable status date as well, unless it is ready for occupancy or partially occupied before April 15th of that year.[1] Thus, currently, if construction began on a building in May of 2001 *(i.e.* after the January 5th taxable status date for fiscal year 2002 property taxes), and was not completed and the building was not even partially occupied by the next taxable status date (January 5, 2002) or by April 14th 2002, the building would not be assessed for purposes of fiscal year 2003 property taxes. However, if a building takes longer than through the end of this period before it is at least partially occupied or ready for occupancy, the building would be assessed -- to the extent of the value added by the partial construction -- as of the next taxable status date *(i.e.* January 5th 2003), and thus would be subject to property taxes for Fiscal Year 2004 and each year thereafter.

Int. No. 861-A would amend § 11-209 by: (1) maintaining the current law's time periods during which buildings under construction and unoccupied would not be assessed, for non-commercial buildings; and (2) extending the period during which commercial buildings which are under construction and unoccupied would not be assessed. The proposed local law adds provisions that would prevent commercial buildings under construction and not ready for occupancy or partially occupied, from being assessed for an additional two years. Thus, if construction of a commercial building commenced after January 5, 2001 (the taxable status date), under the current law, whether or not the building was still under construction and wholly unoccupied, that building would be assessable (to the extent of the increase in assessed valuation due to the construction completed at that point) as of the January 5, 2003 taxable status date for purposes of fiscal year 2004 property taxes. However, under the proposed local law, if that building was still under construction and not ready for occupancy or partially occupied as of April 14, 2004, that building would not be assessable for purposes of the January 5, 2004 taxable status date, and hence would not be subject to property taxes for fiscal year 2005. The building would, however, be assessable for purposes of the January 5, 2005 taxable status date (to the extent of the work completed) and subject to fiscal year 2006 property taxes and property taxes for each year thereafter.

According to the Mayor's Memorandum in Support, the current law's time provisions during which a building is barred from being assessed while it is still under construction and not yet occupied, was developed at a time when large-scale construction rarely took over one year to complete. However, at the present time

when new commercial office buildings may require three years to construct, the current law does not allow these buildings to be exempt from real estate taxes for the entire period during which the building generates no income. According to the Memorandum, this has resulted in a disincentive to construct new commercial office space, which would be remedied by lengthening the period during which such commercial buildings would not be assessed.

The proposed local law adds a definition of "commercial building" for purposes of the section which would define commercial buildings essentially as buildings intended to be used (and upon completion used) exclusively for business, commercial or manufacturing activities excluding hotel services. A building that contained a residential component could only qualify as a commercial building for purposes of the section if the residential component was either entirely exempt from property taxes or was or would be receiving a partial exemption pursuant to section 421-a of the State Real Property Tax Law. Finally, the definition excludes "any building that is constructed on block 1049, lot 29 as shown on the tax map of the city of New York for the borough of Manhattan as such map was in effect for the assessment roll published in calendar year two thousand."

[1] According to the Department of Finance, the April 15th "cut-off" date, which has been in the law for-several decades, is maintained so that if a building is virtually complete by the taxable status date but, for example, lacks a certificate of occupancy which it receives before April 15th and is thus ready for occupancy, the assessment rolls can be changed and the value of the building reflected

According to the Memorandum in Support, this exclusion for Columbus Center in Manhattan, is due to the fact that the purchasers of this property acquired it through an RFP from the City and the Triborough Bridge Authority with the cost of the property taxes under the current law figured into the contract price.

Int. No. 861-A would take effect 45 days after it is enacted. The proposed legislation would only apply to commercial buildings the construction of which commenced after January 5, 2000. This construction commencement date, which would trigger the applicability of the proposed amendments, is the only change from the original version of the legislation, which would have applied to commercial buildings the construction of which commenced after January 5, 2001.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the assessment of commercial buildings

Be it enacted by the Council as follows:

Section 1. Section 11-209 of the administrative code of the city of New York is amended to read as follows:

a. A building, *other than a commercial building,* in the course of construction, commenced since the preceding fifth day of January and not ready for occupancy on the fifth day of January following, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April.

b. (1) A commercial building in the course of construction, commenced since the fifth day of January one year preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April following the taxable status date.

(2) A commercial building in the course of construction, commenced since the fifth day of January two years preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of Aril following the taxable status date.

(3) A commercial building in the course of construction, commenced since the fifth day of January three years preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April following the taxable status date. c For purposes of this section a "commercial building," shall mean a building that is intended to be used and upon completion is used exclusively for buying, selling or otherwise providing goods or services or for other lawful business, commercial or manufacturing activities excluding hotel services except that a commercial building may contain a residential component other than a hotel provided (i) that such residential component is receiving or has applied for and is eligible to receive a partial exemption from real property taxes pursuant to section four hundred twenty-one-a of the real property tax law, or (ii) that such residential component in its entirety, both land and building, is receiving or has applied for and is eligible to receive a full exemption from real property taxes Notwithstanding the foregoing sentence, a "commercial building" shall not include any building that is constructed on block 1049, lot 29 as shown on the tax mate of the city of New York for the borough of Manhattan as such map was in effect for the assessment roll published in calendar year two thousand.

d. Subdivision b of this section shall not apply to a tax lot that constitutes a part of a building unless the building viewed as a whole is a commercial building as defined in subdivision c of this section.

e. Any building that receives the benefit conferred pursuant to subdivision b of this section that is subsequent determined not to have been a commercial building as defined in subdivision c of this section for any year in which it received such benefit shall have its assessment corrected for any such year. Taxes shall be imposed in the amount that would have applied had the corrected taxable assessed value appeared on the final assessment roll.

§ 2. This local law shall take effect forty-five days after it shall have become a law, provided that it shall apply only to commercial buildings whose construction shall have commenced after January 5, 2000.

Int. No. 928-A

Report of the Committee on Finance in favor of approving and adopting, as amended, a local law to amend the administrative code of the city of New York, in relation to the sale of tax liens and tax lien foreclosure by action in rem and the collection of annual rent stabilization fees.

The Committee on Finance to which was referred on May 9, 2001 (Minutes, page 1270) the annexed local law respectfully

REPORTS:

Today the Committee on Finance will consider Int. No. 928-A, a proposed local law which would, *inter alia:* (1) extend the Commissioner of the Department of Finance's authority to sell tax liens for two years; (2) allow DOF to sell tax liens on class four properties that do not contain real property tax components as long as they contain a water or sewer component as of the initial publication; and (3) close a loophole which allows property owners to pay off certain components of their tax liens but leave other outstanding lienable charges unpaid. In addition, the proposed legislation would allow the payment of back rent stabilization fees (which are lienable charges) from 1993 to 1998 without interest, and, in the case of owners who had been paying these charges in a timely manner during this period, would deem those annual fees for years prior to 1993 to have been paid.

In the Spring of 1996, the Council adopted Local Law No. 26 (City Council Int. No. 677A) which restructured New York City's antiquated procedures for selling its tax liens -- legal claims against properties with a prior position to mortgages and many other types of liens arising from unpaid property taxes, water and sewer rents, and other lienable City charges. In proposing this legislation, the Administration believed that potential investors would consider tax liens a very attractive investment because they were secured, they tended to yield significant rates of interest, and would generally be paid off in full, because property owners would not want to lose the equity accumulated in their properties, and mortgagees would not want to lose their property interests in a foreclosure action. Thus, by selling tax liens, the City could realize cash up front, while leaving the actual collection of the outstanding charges to investors.

During the hearings that were held on Local Law 26, the Administration testified that tax lien sales are an enforcement mechanism used by many cities in the United States. These lien sales increase tax collections (thereby lowering the delinquency rate) and generate cash. At that time the Administration stated that each percentage point increase in the tax collection rate would be worth approximately $80 million to the City of New York. Additionally, the purchase of tax liens provides immediate budgetary relief to cities by generating additional cash for operations. At that time, the Administration claimed that the annual real property tax delinquency rate had increased by 150%. According to the Administration, this increase represented an additional $240 million per year in uncollected receivables and had resulted because of the real estate recession and the City's reluctance to enforce its remedies pursuant to its *in rem* program. Delinquent property owners had become confident that the City would not aggressively pursue its enforcement remedies against them. According to the Administration, the City's main enforcement weapon in the area of tax collections had been the *in rem* program. The Administration stated that the City's projected cost to manage the *in rem* portfolio for the next 19 years (from 1996) would be approximately $10.6 billion. The City's *in rem* program, according to a report prepared by the consulting firm of Arthur Anderson, contained serious weaknesses. Although each *in rem* property owner only owed an average of $36,000 in back taxes when the City took title, each *in rem* property was costing the City an average of $2.2 million to acquire, manage and prepare for sale. In addition to this extremely high cost, the *in rem* program removed properties from the City's tax rolls for an average period of 19 years. The program also removed properties from the City's list of tax delinquency properties, artificially inflating the tax collection rate. These trends led to an increased inventory of property tax receivables in the City -receivables that have a very substantial value. Like almost all receivables, as property tax receivables age, it becomes more difficult to collect them from property owners and their value consequently decreases. According to the Administration, New York City had become an involuntary lender to delinquent taxpayers, and due to the *in rem* program, had become the largest landowner in the City.

Thus, Local Law No. 26 was designed to increase the property tax collection rate, develop confidence in New York City's overall property taxation system and hopefully relieve upward pressure on property tax rates.

Under Local Law No. 26, "a tax lien or tax liens on a property or any component of the amount thereof may be sold by the city when such tax lien or tax liens shall have remained unpaid in whole or in part for one year, provided, however, that a tax lien or tax liens on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section 1802 of the real property law, may be sold by the city only when the real property tax component of such tax lien or tax liens shall have remained unpaid in whole or in part for three years ...." Additionally, Local Law No. 26 does not permit the City to sell any tax lien or tax liens that do not contain a real property tax component. For example, tax liens on any property that are comprised solely of unpaid water and sewer charges and/or non-property tax lienable charges cannot be sold by the City. For purposes of tax lien sales, liens on delinquent assessments or charges for properties located within Business Improvement Districts are defined as non-property tax lienable charges.

Local Law No. 26 also provides the Commissioner of the Department of Finance (the "Commissioner") with the authority to determine the pool of tax liens that will be sold. According to the Administration, selection of the pool is based on factors such as the financial goals of the City, housing policy and marketability. In addition, the Commissioner has the authority to sell tax liens "either individually, in combinations, or in the aggregate..." and to establish the terms and conditions of any tax lien sale.

Under Local Law No. 26, tax liens can be sold through a competitive sale. This type of sale includes an auction process whereby potential purchasers bid on individual liens or pools of liens on a date set by the Commissioner. The Commissioner has the authority to establish criteria for the eligibility of bidders and can reject any or all bids, or accept any combination of bids. In addition to a competitive sale, tax liens can also be sold through a negotiated sale. Under this type of sale, one purchaser is selected through a competitive Request For Proposal process whereby statements of interest are submitted to the Commissioner by several potential purchasers.

To protect purchasers who have purchased a tax lien that is found to be "invalid, void or defective in whole or in part, or not to conform to any representation or warranty" made by the Commissioner with respect to the tax lien sale, Local Law No. 26 provides the Commissioner with the authority to substitute such tax lien with another tax lien that "has a value equivalent to the value of the tax lien or portion thereof found to be invalid, void, defective, or not to so conform, or may refund such value of the tax lien found to be invalid, void, defective, or not to so conform, or may use a combination of substitution and refund."

To ensure fair treatment to property owners, Local Law No. 26 contains notice requirements and requirements concerning the advertising of lien sales. The advertisements are required to include "a description by block and lot or by such other identification as the commissioner of finance may deem appropriate, of the property upon which the tax lien exists that may be included in the sale." Property owners and other interested parties registered with the City must be notified by first class mail of the City's intention to sell a tax lien. After the sale and within 90 days of the delivery of the tax lien certificate, the Commissioner is required to notify the property owner and other interested parties by first class mail that the tax lien has been sold. The Commissioner is also required to provide the property owner and other interested parties with, among other things, the identity of the tax lien purchaser and the terms and conditions of the tax lien certificate, and is required to designate an

employee of the Department of Finance to respond to inquiries from owners of property for which a tax lien has been sold.

Local Law No. 26 provides that the aggregate amount of each tax lien sold "shall be due and payable one year from the date of sale." The purchaser of such tax lien will continue to be entitled to receive interest from the date of sale and semi-annually, but if the aggregate amount of such tax lien is partially paid, the purchaser will only be entitled to collect interest on the unpaid balance of the sold tax lien until such lien is satisfied. Additionally, the legislation provides the purchaser with the right to "receive and retain a surcharge equal to five percent..." of the tax lien.

If the property owner fails to pay his or her tax lien within a year from the date of sale, the purchaser of such tax lien has the right to file a foreclosure action in the State Supreme Court. Tax lien purchasers may also commence a foreclosure action if the property owner fails to pay, within thirty days, the semi-annual interest due on the tax lien from the date of sale.

Additionally, Local Law No. 26 allows a tax lien purchaser to file a foreclosure action if the property owner fails to pay any taxes or assessments due after the date of sale. The tax lien purchaser is allowed to commence the action six months after the due date of such taxes or assessments. At his or her option, the tax lien purchaser also has the right to satisfy such subsequent tax liens and by virtue of such satisfaction, "be deemed to be in the same position as if he or she were a purchaser of a tax lien certificate for such subsequent tax lien." Under this scenario, the tax lien purchaser is not entitled to a five percent surcharge.

Local Law No. 26 also requires the Commissioner to submit an annual report to the City Council regarding the sale or sales of tax liens during the preceding year. This reporting requirement was strengthened by Local Law 98 of 1997 (see below).

AMENDMENTS TO LOCAL LAW 26

In December of 1997 this Committee adopted Int. No. 1080-A which became Local Law 98 of 1997. This legislation extended Local Law 26, which was to sunset on December 31, 1997, for an additional two years and further amended the laws regarding the sale of tax liens. The local law authorized the City to sell "subsequent tax lien[s]" on non-residential property regardless of the length of the delinquency of the subsequent tax lien, and on residential property where the real property tax component of the lien has been delinquent for one year. A subsequent tax lien is a tax lien that arises after the date of sale of any tax lien on a property and which is still unpaid as of the date of publication of the first notice of the sale of the subsequent tax lien. As in the case of tax liens, subsequent tax liens also must have a real property tax component - i.e. they cannot consist of solely water/sewage charges or assessments owed to a Business Improvement District.

Recognizing that the 1996 and 1997 tax lien sales had been securitized transactions in which a single purpose Trust had been created to issue bonds collateralized by the tax liens, Local Law 98 revised the notice requirements for negotiated sales "to a trust or other entity created by the city or in which the city has an ownership or residual interest." This revision, among other things, eliminated the requirement that the notice provide a request for statements of interest, because in these cases underwriters are selected through a competitive RFP process.

Local Law 98 also provided an exception for inclusion in a tax lien sale for liens on property owned by a company organized pursuant to article XI of the State Private Housing Finance Law with the consent and approval of the Department of Housing Preservation and Development. Liens on these companies' properties intended to provide housing for families and persons of low income that are sold pursuant to the tax lien law would be deemed defective and thus excluded from any tax lien sale conducted by the City. Additionally, Local Law 98 required the Commissioner to "designate an employee of the department to respond to inquiries from owners sixty-five years of age or older of property for which a tax lien has been sold or noticed for sale."

The reporting requirement was strengthened to provide that upon request of the Council, the Commissioner's annual report of tax lien sale activity would be arranged by community board, and that the Commissioner would provide any additional information on tax lien sales that the Council requested. Finally, the Local Law also amended the notice requirements in the case of postponed sales, clarified that any purchaser of tax liens would "stand in the same position as the city" had the tax liens not been sold, and authorized the Corporation Counsel to represent tax lien purchasers in any action in which it believed such representation to be in the City's best interest.

As stated, Local Law 98 extended the tax lien sale program for an additional two years. In late 1999 and early 2000, the Committee adopted two additional extensions which together extended the tax lien program through and including October 31, 2000. In October of 2000, the Committee adopted Local Law 67, which extended the authority of the Commissioner of Finance to sell tax liens for one year, through and including October 31, 2001.

Prior to adopting the last one-year extension of the tax lien program in October 2000, this Committee, together with the Committee on Housing and Buildings, conducted a joint hearing titled "Proposed Administration Changes to Tax Lien Sale Program and Tax Lien Foreclosure by Action in *Rem.*" This hearing was an oversight hearing on changes which the administration proposed to make to the tax lien program and the laws relating to tax lien foreclosure by action in rem - most of which became a part of Int. No. 928. These proposals, on which the two Committees heard extensive testimony, included proposals virtually identical to all of the proposals contained in the original version of the legislation under consideration today (other than the amendments relating to the rent stabilization fees). The proposals discussed at the joint hearing were as follows: (1) to close a perceived "loophole" existing under current law for class one, two and three properties, insofar as the requirement that a real property tax component must exist in order for a tax lien sale to proceed, allows owners to avoid the sale of other non-property tax charges by paying off the property tax component and leaving the other lienable charges unpaid; (2) to allow the sale of tax liens on class four properties which did not include a real estate tax component; (3) to remove the sunset provision and make DOF's authorization to sell tax liens permanent; (4) to transfer some of the administrative tasks necessary to discharge and record the discharge of a tax lien from DOF to the person discharging the lien; and (5) to change the definition of "distressed property" - a classification which precludes sales of tax liens relating to class one or class two properties -- which changes would have subjected properties to the tax lien sale program which are currently exempt and which are instead now steered toward programs operated by the Department of Housing Preservation and Development to rehabilitate distressed properties.[1] Neither Int. No. 928, nor Int. No. 928-A would make changes in the definition of distressed properties.

[1] Currently, distressed properties are parcels of class one or class two property with a lien to value ratio of at least fifteen percent and which: (1) has an average of five or more hazardous or immediately hazardous violations of the housing maintenance code per dwelling unit; or (2) is subject to a lien or liens for expenses incurred by HPD for the repair or elimination of any dangerous or unlawful conditions pursuant to section 27-2144 of the building code in an amount of at least $1000. The administration's proposals would have increased the lien to value ratio so that a property would not be considered distressed unless its lien to value ratio was at least 50%. In addition, the $1000 in liens on the parcel for expenses incurred by HPD for repair of dangerous or unlawful conditions would only be a criterion which could lead to classification as a distressed property if the property contained no more than four dwelling units. If the property consisted of five or more dwelling units, then the amount would have to total the lesser of five hundred dollars per dwelling unit, or ten thousand dollars total, in order for the property to be classified as distressed based upon liens for expenses incurred to make repairs.

Int. No. 928-A makes numerous changes to the laws relating to the sale of tax liens. The first change which the proposed legislation would make is designed to close what is viewed by many as a loophole in the original tax lien legislation. Because there was concern that any tax lien eligible to be sold contain a real property tax component, the sale of tax liens without such a component (e.g. the sale of tax liens containing only water or sewer charges) was prohibited. However, according to the Administration, the flat prohibition of the sale of tax liens without a real property tax component, has resulted in a situation in which people who receive notice that a tax lien on their property is to be sold pay the real property tax component of the lien without paying the water or sewer or other lienable charges. They are thus able to avoid the sale of their tax liens without paying all of the components constituting the liens. To end this incentive to pay only a portion of the delinquencies, the proposed local law would - in the case of class 2 properties other than residential cooperatives or condominiums and class three properties -- amend the language prohibiting the sale of any tax lien which does not include a real property tax component, to only prohibit those sales of tax liens which do not include "a real property tax component as of the date of the first publication... of the notice of sale." Thus, if a property owner pays off the real property tax portion of alien after the date of publication, the liens for unpaid water, sewer or other charges would still be eligible for sale.

The second change would create a general exception from the rule -- that tax liens may not be sold unless they contain a real property tax component -- for all sales of tax liens relating to class four properties. As stated, currently, no tax lien may be sold unless it contains a real property tax component. Even the proposed closing of the loophole, discussed above, would require that to be initially noticed, a tax lien

(relating to non-cooperative or condominium class two properties or class three properties) must contain a real property tax component. However, in the case of class four properties (commercial properties), the proposed local law would allow the sale of tax liens that do not have a real property tax component but that have a water or sewer component. It would also close any "loophole" which might allow an owner to leave some charges unpaid, by providing that if the owner paid off, for example, the water and sewer component but not some other lienable charge, that other lienable charge could be sold. All that would be required is that the tax liens include "a real property tax component or sewer rents component or sewer surcharges component or water rents component as of the date of first publication ...." (emphasis added) These two changes concerning what types of liens may be sold would apply to the sale of tax liens as well as to the sale of subsequent tax liens.

The third amendment would extend the authorization of the DOF Commissioner to sell tax liens for an additional two year period, through and including October 31, 2003.

A series of smaller changes would remove DOF from certain steps of the administrative process of canceling and discharging on the records a tax lien which has been satisfied. Under the proposed changes, the person who satisfied the amounts due under a sold tax lien would be issued a certificate of discharge and would be responsible for presenting this certificate to the recording officer in the county in which the property is situated. Under current law, the DOF Commissioner, or his designee, is responsible for many of the administrative tasks necessary to discharge the tax lien.

Finally, Int. No. 928-A would amend the provisions of the Administrative Code which provide that unpaid rent stabilization fees constitute liens on class two properties to which they apply. These fees were imposed on owners of rent stabilized class two properties beginning in 1984 and were designed to defray the costs of administering the City's rent stabilization system. In recent years, the State Legislature made these fees (when unpaid) lienable charges. Recent efforts to collect these fees have given rise to concerns over the accuracy of back-billed amounts, as well as complaints by landlords that they purchases properties without the knowledge that these unpaid charges existed, and that since their purchases, liens have arisen on their properties stemming from charges for which they are not responsible.

Int. No. 928-A would force owners of class 2 properties that are not residential cooperatives or condominiums to pay off all lienable charges in order to avoid a tax lien sale, once an initial notice of sale is published which includes a real property tax component. Because these lienable charges could include the rent stabilization charges, the proposed law would amend the Administrative Code to ensure that no lien for these charges may be enforced against "an owner or mortgagee of such premises who acquired in good faith an interest therein subsequent to the period for which the fee was imposed but prior to the creation of any such lien." This amendment is coupled with several unconsolidated provisions which would give the owners of buildings containing rent stabilized apartments who owe such fees to the City, an opportunity to pay the back fees, from 1984 to 1998 without interest. In addition, for owners who had timely paid fees from 1993 to 1998, any fees assessed prior to 1993 would be deemed paid.

The proposed local law would take effect immediately, provided that if it becomes law after October 31, 2001, those provisions other than the ones concerning the rent stabilization fees would be deemed to have been in effect as of November 1, 2001.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: **Fiscal 2002**

FISCAL IMPACT STATEMENT:

	Effective FY 02	FY Succeeding Effective FY 03	Full Fiscal Impact FY 02
Revenues (+)	-$90,000,000-	-$90,000,000-	-$90,000,000-
Expenditures (-)	-$0-	-$0-	-$0-
Net	-$90,000,000-	-$90,000,000-	-$90,000,000-

IMPACT ON REVENUES: On July 26, 2000 the Administration closed on a tax lien sale with a total value of $243 million. The revenue raised from this sale for the Fiscal 2001 budget was approximately $144,000,000, consisting of $121,000,000 in property tax and other liens administered by the City's Department of Finance, and $23,000,000 in water and sewer liens for the Water Authority. According to the Executive Budget the Administration plans to raise an additional $78,000,000 in property tax and other liens and $15 million in water and sewer liens in Fiscal 2001. The fiscal impact in Fiscal 2001 is covered under current law. .

The fiscal impact as a result of enacting this bill: In Fiscal 2002 through Fiscal 2005, the Administration estimates that $90 million will be raised for the City's budget from the sale of liens annually, of which $50 million consists of revenue from property tax and other liens which goes to the General Fund. Revenue from the sale of water and sewer liens which goes to the Water Authority will bring in $15 million from the sale of initial liens on all classes of property. As a result of the other amendments to the legislation proposed in this bill, the Administration estimates raising an additional $15 million annually in revenue from the sale of water and sewer liens on Class 4 properties that do not have property tax liens. (The total outstanding amount of water and sewer liens on Class 4 properties with no property tax liens is $168 million. However, prepayment of liens by owners during the notification period and liens that may be removed from the initial sale for various reasons have to be factored into any lien sale.) Closing the loophole will raise another $10 million per year in water and sewer revenue, based on an analysis of last year's lien sale. In sum, lien sales will generate $50 million in revenue for the General Fund (property tax and other liens) and $40 million in water and sewer revenue for the Water Authority in Fiscal 2002.

IMPACT ON EXPENDITURES: The impact on expenditures is anticipated to be minimal.

Nothing in this subdivision shall be deemed to limit the rights conferred by section 11-332 of this chapter on the holder of a tax lien certificate with respect to a subsequent tax lien.

§3. The opening paragraph of subdivision b of section 11-319 of the administrative code of the city of New York, as amended by local law number 67 for the year 2000, is amended to read as follows:

The commissioner of finance, on behalf of the city, may sell tax liens, either individually, in combinations, or in the aggregate, pursuant to the procedures provided herein. The commissioner of finance shall establish the terms and conditions of a sale of a tax lien or tax liens. [Enactment of the local law that added this sentence shall be deemed to constitute authorization by the council for the commissioner of finance to conduct a sale or sales of tax liens through and including October thirty-first, two thousand one. Subsequent to October thirty-first, two thousand one, the city shall not have the authority to sell tax liens.] *Enactment of the local law that added this sentence shall be deemed to constitute authorization by the council for the commissioner of finance to conduct a sale or sales of tax liens through and including October thirty-first, two thousand three. Subsequent to October thirty-first, two thousand three, the city shall not have the authority to sell tax liens.*

§4. Subdivision b of section 11-332 of the administrative code of the city of New York, as amended by local law number 26 for the year 1996 and as designated by local law number 98 for the year 1997, is amended to read as follows:

b. The aggregate amount of each tax lien transferred pursuant to this chapter shall be due and payable one year from the date of the sale. Until such aggregate amount is fully paid and discharged, the holder of the tax lien certificate shall be entitled to receive interest on such aggregate amount from the date of sale, and semi-annually at the rate of interest applicable in accordance with section 11-319 of this chapter. If such aggregate amount is partially paid, the holder of the tax lien certificate shall be entitled to receive interest only on the amount that remains unpaid. Notwithstanding the foregoing sentence, the holder of the tax lien certificate shall be entitled to receive and retain a surcharge equal to five percent of the lien arising pursuant to the provisions of this chapter as a result of the nonpayment of taxes, assessments, sewer rents, sewer surcharges, water rents, any other charges that are made a lien subject to the provisions of this chapter, the costs of any advertisements and notices given pursuant to this chapter, any other charges that are due and payable, and interest and penalties thereon. Any amounts due shall be paid directly to the [person or entity designated by the commissioner of finance] *holder of the tax lien certificate.* At the option of the holder of any tax lien certificate the aggregate amount thereof shall become subject to foreclosure after default in the payment of interest for thirty days or after default for six months after the date of sale stated in the tax lien certificate in accordance with sections 11-320(d) and 11-328 of this chapter in the payment of any taxes, assessments, sewer rents, sewer surcharges, water rents, any other charges that are made a lien subject to the provisions of this chapter, or the interest or penalties thereon which become a lien on or after the date of sale of the tax lien transferred by such tax lien certificate. At his or her option, the holder of the tax lien certificate may satisfy any such subsequent tax lien on the same property, and shall, by virtue of such satisfaction, be deemed to be in the same position as if he or she were a purchaser of a tax lien certificate for such subsequent tax lien, provided, however, that such holder shall not be entitled to receive a five percent surcharge on such subsequent tax lien pursuant to this section. The rate of interest on such subsequent lien shall be the rate of interest applicable to tax lien certificates pursuant to section 11-319 of this chapter. The commissioner of finance or his or her designee, at the request of the purchaser of such subsequent lien, shall issue a tax lien certificate for such lien pursuant to sections 11-327 and 11-328 of this chapter. Upon issuance of such certificate, the commissioner of finance or his or her designee shall provide such notice as is required pursuant to section 11-320(d) of this chapter. Failure to provide notice pursuant to this subdivision shall not affect the validity of any transfer of a subsequent tax lien or tax liens pursuant to this subdivision. Any person having a legal or beneficial interest in property affected by a tax lien certificate may satisfy the same at any time upon payment of the amounts due with interest at the rate applicable in accordance with section 11-319 of this chapter. Upon satisfaction of the tax lien, the holder thereof shall [surrender the tax lien certificate for cancellation, and shall present a certificate to] *issue to the person who satisfied such tax lien a certificate of discharge, certifying that the tax lien has been paid or has been otherwise satisfied, in such recordable form as has been approved by* the commissioner of finance [or his or her designee in accordance with section 11-333 of this chapter]. For purposes of this section, the words, "date of sale" shall have the same meaning provided in section 11-320(e) of this chapter.

§5. Subdivisions a and b of section 11-333 of the administrative code of the city of New York, as amended by local law number 26 for the year 1996, are amended to read as follows:

[a.] A tax lien sold pursuant to the provisions of this chapter [must be discharged upon the record thereof by the commissioner of finance or his or her designee when the tax lien certificate is surrendered to the commissioner of finance or his or her designee for cancellation, and there is presented to the commissioner of finance or his or her designee a certificate executed by the purchaser, or the personal representative or assignee of the purchaser, acknowledged so as to be entitled to be recorded in] *may be discharged by presenting the certificate of discharge issued by the holder of the tax lien pursuant to section 11-332 of this chapter to the recording officer of* the county in which the *real* property [affected by such tax lien[*that it affects* is situated,[certifying that the tax lien has been paid or has been otherwise satisfied and discharged. The tax lien certificate thus surrendered and such certificate of discharge must be filed by the commissioner of finance or his or her designee and he or she

must note upon the margin of the record of such sale, upon such tax lien certificate and upon the copy of the tax lien certificate kept in the office of the commissioner of finance or his or her designee a minute of such discharge and the date of filing thereof. If the tax lien certificate shall have been lost or destroyed or mutilated, or if a certificate of discharge be filed as hereinafter provided, application for an order dispensing with the surrender of the tax lien certificate may be made in the same manner as is provided for in the former section three hundred twenty-two of the real property law, the provisions of which so far as the same may be, are hereby made applicable to discharge of tax liens.]

[b. The commissioner of finance or his or her designee shall upon demand issue a certificate showing the discharge of any tax lien which may have been duly discharged as provided in this section, and such certificate of discharge may be filed in any office where the tax lien certificate is recorded,] and any recording officer [with] *to* whom such certificate of discharge is [filed, there] *presented* shall record the same[, and upon the margin of the record of such tax lien certificate in the office of the commissioner of finance or his or her designee, there shall be inserted a statement that the same has been discharged with a reference to the record of such certificate of discharge in such office].

§6. Paragraph 2 of subdivision b of section 26-517.1 of the administrative code of the city of New York, as added by chapter 116 of the laws of 1997, is amended to read as follows:

(2) If such payment is not made to the city within such time, all unpaid fees shall constitute a lien upon the premises and shall be filed in the office of the city collector as an entry of the account stated in the book in which such charges against the premises are to be entered. Such lien shall have priority over all other liens and encumbrances on the premises except for the lien of taxes and assessments. However, no lien created pursuant to this subdivision *against any premises* shall be enforced against [a subsequent purchaser in good faith or mortgagee in good faith unless the requirements of this paragraph are satisfied] *an owner or mortgagee of such premises who acquired in good faith an interest therein subsequent to the period for which the fee was imposed but prior to the creation of any such lien.*

§7. Notwithstanding any provision of section 26-517.1 of the administrative code of the city of New York to the contrary:

(a) The owner of each housing accommodation registered pursuant to section 26-517 of such code who has failed to pay the annual rent stabilization fee imposed by subdivision a of such section 26-517.1 for any year or years from nineteen hundred eighty-four to nineteen hundred ninety-eight shall not be liable for payment of any interest imposed thereon pursuant to such section provided that such owner shall pay in full any and all unpaid fees due and owing for any such year or years within ninety days of a notice demanding payment pursuant to subdivision b of this section, provided, further, that where the commissioner determines that an owner has timely paid the annual fee for each year from nineteen hundred ninety-three to nineteen hundred ninety-eight for which such owner was liable, the annual fee for each year prior to nineteen hundred ninety-three shall be deemed paid;

(b) Where, pursuant to paragraph one of subdivision b of such section 26-517.1, the city, prior to the date of the enactment of this local law, has provided an owner a written notice requesting payment of any unpaid annual fee or fees for any year or years from nineteen hundred eighty-four to nineteen hundred ninety-eight and any interest thereon within sixty days from the date of such notice and such payment has not been received as of the date of the enactment of this local law, the city shall provide a second written notice setting forth the amount of the fee or fees and any interest thereon due and owing and a demand for payment, and such second notice shall demand payment within ninety days thereof;

(c) The commissioner of finance is authorized to promulgate any rules, including rules establishing a method for determining whether any rent stabilization fee imposed by subdivision a of section 26-517.1 of such code for any year or years from nineteen hundred eighty-four to nineteen hundred ninety-eight has been paid, that he or she deems necessary to implement the provisions of this section and to ensure that the determination and collection of any such fee paid or to be paid by an owner is administered in a manner that the commissioner deems to be reasonable.

§8. This local law shall take effect immediately, provided, however, that if this local law shall have become a law subsequent to October 31, 2001, the effective date of sections one through five of this local law shall be retroactive to and deemed to be in full force and effect as of November 1, 2001.

The Banking Commission has forwarded a recommendation to the Council that the discount rate on the prepayment of real estate taxes for Fiscal Year 2002 be continued at 2 percent per annum. The Banking Commission submitted its recommendation to the Council by letter dated May 16, 2001. The discount applies to the prepayment of second, third and fourth quarter installments of real estate taxes.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Berman offered the following resolution:

Report of the Committee on Finance in favor of concurring in the Communication from the New York City Banking Commission - Transmitting recommendation that the interest rate for. non-payment of real estate taxes where annual tax is more than $2,750, or vacant or unimproved land; and non-payment of charges for work performed pursuant to orders of the Board of Health or Department of Health be 18 percent (18%) for Fiscal Year 2002.

The Committee on Finance to which it was referred on May 23, 2001 (Minutes, page 1311) the annexed resolution respectfully

REPORTS:

Local Law Number 46 of 1976, as amended by Local Law Number 32 of 1979, amended section 11-224 of title eleven of the Administrative Code to require that the New York City Banking Commission, not later than the 25th day of May in each year, transmit a written recommendation to the City Council of the proposed interest rate to be charged for unpaid real estate taxes on a parcel where the annual tax is more than $2,750 or where, irrespective of the annual tax, a parcel consists of vacant or unimproved land.

Local Law No. 44 of 1978 repealed and reenacted Section 17-151 of title seventeen of the Administrative Code to require that the New York City Banking Commission, not later than the 25th day of May in each year, transmit a written recommendation to the City Council of the proposed interest rate to be charged for non-payment of charges for work performed pursuant to a Board of Health or a Department of Health order.

The Banking Commission forwarded, by letter, a recommendation to the City Council to establish an 18 percent per annum interest rate for such non-payments for fiscal year 2002. The law mandates that the Banking Commission recommend an interest rate at least six percent greater than the prevailing prime rate. At the time the Banking Commission adopted its recommendation, it noted that the Prime rate was 7.5%. However, soon after the Banking Commission adopted its recommendation, the prime rate was lowered to 7%. The Banking Commission acknowledged this change in a letter to the Speaker dated May 31, 2001. However, it stated that the change did not affect its recommendation. Pursuant to Local Law No. 47 of 1990, all such interest required to be paid shall be compounded daily. For fiscal years 1996, 1997, 1998, 1999, 2000 and 2001 the rate adopted was 18%.

This resolution would take effect immediately and would be deemed to have been in effect as of July 1, 2000.

Accordingly, Your Committee recommends its adoption, as amended.

In connection herewith, Council Member Berman offered the following resolution:

Report of the Committee on Finance in favor of concurring in the communication from the New York City Banking Commission – Transmitting resolution recommending that the interest rate to be charged for non-payment of taxes on real property where the annual tax is not more than $2,750 or where the real property taxes are held in escrow and paid by a mortgage escrow agent be eighteen percent (18%), and nine percent (9%) in all other such parcels.

The Committee on Finance to which was referred on May 23, 2001 (Minutes, page 1312) the annexed resolution respectfully

REPORTS:

Local Law No. 47 of 1990 requires the Banking Commission to transmit a written recommendation to the City Council of proposed interest rates to be charged for non-payment of taxes on real property in those cases where the annual tax on a parcel, other than a parcel which consists of vacant or unimproved land, is not more than two thousand seven hundred fifty dollars.

In the case of any such parcel where the real property taxes are held in escrow and paid to the Commissioner of Finance by a "mortgage escrow agent," as that term is defined in section fifteen hundred nineteen of the City Charter, the proposed interest rate shall be at least six percent per annum greater than the prevailing interest rate charged for commercial loans extended to prime borrowers by commercial banks operating in the City (the "Prime Rate"). In the case of all other such parcels, the proposed interest rate shall be at least equal to such Prime Rate. At the time the Banking Commission adopted its recommendation, it noted that the prime rate was 7.5%. However, soon after the Banking Commission adopted its recommendation, the prime rate was lowered to 7%. The Banking Commission acknowledged this change in a letter to the Speaker dated May 31, 2001. However, it stated that the change did not affect its recommendation.

The Banking Commission forwarded, by letter, a recommendation to the Council to establish an interest rate of 18 percent per annum for Fiscal Year 2002 to be charged for non-payment of taxes of real property in those cases in which the annual tax on a parcel, other than a parcel which consists of vacant or unimproved land, is not more than two thousand seven hundred fifty dollars, where such real property taxes are held in escrow and paid to the Commissioner of Finance by a mortgage escrow agent.

The Banking Commission also recommended an interest rate of 9 percent per annum for Fiscal Year 2002 to be charged for non-payment of taxes on real property in the case of all other such parcels where the annual tax is not more than two thousand seven hundred fifty dollars.

This resolution would take effect immediately and would be deemed to have been in effect as of July 1, 2001.

Accordingly, Your Committee recommends its adoption, as amended.

In connection herewith, Council Member Berman offered the following resolution:

NEW FOUNDATIONS

PROGRAM SUMMARY

New Foundations is a new HPD homeownership program that provides developers with maximum flexibility and encourages the participation of small contractors and developers. New Foundations calls for the constriction of one-to-four family owner-occupied homes and cooperative/condominium units. Developers are responsible for the design, construction and marketing of the homes. The program offers no direct City subsidies; developers are responsible for obtaining or providing all necessary construction financing from private sources. BPD will work with developers to expedite required regulatory approvals. There are no income restrictions for homebuyers and no limitations on the rents which may be charged by homeowners for any rental units. At least one unit in the home must remain owner-occupied for twenty years following the initial purchase of the home from the developer. In March 2000, BPD issued the first New Foundations RFP which included 66 vacant, City-owned lots in the Bronx and Brooklyn. Developers have been selected, and construction is expected to begin in Spring 2001 on an estimated 670 units.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

PARTNERSHIP NEW HOMES

PROGRAM SUMMARY

Under the Partnership New Homes Program,, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $75,000).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

THIRD PARTY TRANSFER PROGRAM

PROGRAM DESCRIPTION:

Under the Third Party Transfer Program, properties are subjected to a final judgment of foreclosure by the Commissioner of Finance, who then transfers ownership of these properties -to transferees selected by the Commissioner of HPD. Pursuant to Administrative Code 11-412.2, the City Council has 45 days to disapprove these conveyances by issuing a local law.

EXEMPTION DESCRIPTION:

For this program HPD requests an exemption from real properly taxes be granted for up to forty years, pursuant to Article XI of Section 577 of the Private Housing Finance Law, as long as the property is owned by a Housing Development Fund Company ("HDFC"). If the property is conveyed to an owner which is not an HDFC, the Article XI exemption shall terminate, and the new owner will be eligible for a twenty year UDAAP exemption on the value of the buildings, but not the land, pursuant to Section 696 of the General Municipal Law, as long as the property is in compliance with agreements between the original transferee and HPD.

The combined duration of the Article XI exemption and the UDAAP exemption shall not exceed forty years.

STORE WORKS

PROGRAM SUMMARY:

Store Works was created with the goal of rehabilitating existing mixed use residential buildings and returning them to the tax rolls while at the same time stimulating development on active but struggling commercial strips. Store Works buildings generally contain a storefront at street level and one to eight residential units above. The Sponsor, Neighborhood Housing Services Community Development Corporation, purchases and rehabilitates these properties with loans from private institutional lenders and, if necessary, subsidies from HPD, which would be repaid out of and resale profits. NHS is responsible for the construction, marketing and sale of the houses to commercial end residential occupants or .outside investors. Priority for 40% of the buildings is given to residents of the communities in which the buildings are located. Because of the programmatic objectives of stabilizing communities and providing homeownership* opportunities to the widest range of New Yorkers, the incomes of potential homebuyers are not restricted.

EXEMPTION DESCRIPTION:

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years.

Accordingly, Your Committee recommends its adoption.

3. Approve the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law; and

4. Approve an exemption of the Project from real property taxes pursuant to Sections 577 of Article XI of the Private Housing Finance Law; and Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, by letters dated May 29, 2001 and May 30, 2001, the Department of Housing Preservation and Development severed from the application the properties located at: 156 East 124 Street (Block 1772/Lot 50), 154 East 124 Street (Block 1772/Lot 150), 545 West 133 Street (Block 1987/Lot 12); 141 West 128 Street* (Block 1913/Lot 9), 139 West 128 Street*(Block 1913/Lot 10), 111 West 137 Street (Block 2006/Lot 24), 107 West 137 Street (Block 2006/Lot 25), 640 Riverside Drive (Block 2088/Lot 74), 644 Riverside Drive (Block 2088/Lot 114), 42 West 120 Street (Block 1718/Lot 53);

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on May 31, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Transfer Area as an urban development action area under Section 693 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemptions as follows:

1. Pursuant to Section 577 of the Private Housing Finance Law as follows:

a. All of the value of the property in the Transfer Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date conveyance of the Transfer Area to the transferee ("Article XI Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Article XI Commencement Date, (ii) the date of reconveyance of the Transfer Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Transfer Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Article XI Expiration Date").

b. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Article XI of Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Article XI Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the Article XI Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

The provisions of the Article XI Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the Article XI Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the Article XI Exemption with respect to other properties in the Transfer Area.

2. Pursuant to Section 696 of the General Municipal Law as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Transfer Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the Article XI Expiration Date ("UDAAP Commencement Date"); provided, however, that such exemption shall decrease in ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

b. In consideration of the tax exemption pursuant to Section 696 of the General Municipal Law provided hereunder ("UDAAP Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of any Alternative Tax Benefit for so

long as the UDAAP Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the UDAAP Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

c. The UDAAP Exemption shall terminate with respect to all or any portion of the Transfer Area if the Department of Housing Preservation and Development ("HPD") determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the transferee or any subsequent owner of such real property with, or for the benefit of, the City of New York. HPD shall deliver written notice of any such determination of non-compliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the UDAAP Exemption shall prospectively terminate with respect to the real property specified therein.

d. Notwithstanding any other provision to the contrary, the combined duration of the Article XI Exemption and the UDAAP Exemption shall not exceed forty (40) years.

e. The provisions of the UDAAP Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the UDAAP Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the UDAAP Exemption with respect to other properties in the Transfer Area.

(For text of report, see the Report of the Committee on Land Use for L.U. No. 972 printed in these minutes.)

In connection herewith, Council Member Eisland and Linares offered the following resolution:

Res. No. 1963

Resolution approving an Urban Development Action Area Project located at 2295 lst Avenue, 2297 1st Avenue and 349 East 118th Street (Block 1795/Lot 24), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1104; 20015407 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 10, 2001 its request dated April 25, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 2295 1st Avenue, 2297 1st Avenue and 349 East 118th Street (Block 1795/Lot 24), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on May 31, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

Reports of the Committee on State and Federal Legislation

State Legislation Res. No. 71

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the York State Legislature to pass bills introduced by Senator Maltese, S.367-A, and Assembly Member Pheffer, A.153-A, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Queens to former owner of the Estate of Anne Signorile Tomlinson, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 9137, Lot No. 252 on tax map for the borough of Queens".

The committee on State and Federal Legislation to which was referred on April 17, 2001 (Minutes, page 1028) the annexed State Legislation Resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 9137, Lot No. 252 on the tax map of Queens to the former owner of the estate of Anne Signorile Tomlinson. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

CC50 COUNCIL MINUTES — STATED MEETING June 5, 2001

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

State Legislation Res. No. 93

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Padavan, S.5140, and Assembly Members Abbate and Pheffer, et al, A.7357, "AN ACT to amend the administrative code of the city of New York, in relation to the establishment of a twenty year retirement program for members of the New York city employees' retirement system employed as investigators by district attorneys' offices; and to amend the retirement and social security law, in relation to the establishment of twenty year retirement programs for such members who are subject to articles 11 and 15 of such law".

The Committee on State and Federal Legislation to which was referred on May 23, 2001 (Minutes, page 1441) the annexed State Legislation Resolution respectfully.

REPORTS:

Currently, investigators in the New York City District Attorney's Offices are members of a twenty-five year retirement program. This legislation would create a twenty year retirement plan, regardless of age, for investigators. Current investigators would have the option of participating in the new plan as long as they exercise that option within one hundred and eighty days after the starting date of the plan. All future investigators would be able to elect to participate in this new plan as well. Pension contributions of participating members will be based on the entry age of each participant into the retirement system. For example, an investigator who entered the pension fund at the age of twenty will have to contribute 8.05% of their salary to participate in the twenty year retirement program.[1] An investigator who entered the pension fund at the age of twenty-five will have to contribute 7.15% of their salary participate in the twenty year retirement program.

According to Assemblyman Abbate's Memorandum in Support, District Attorney Investigators perform a valuable law enforcement function for the City of New York. Like police officers in the City, they risk their lives on a daily basis. Currently, these investigators are not afforded the same retirement benefits as members of the New York City Police Department. This legislation seeks to eliminate that inequality.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

IMPACT ON REVENUES: There will be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: It is expected that this bill will not become law until after the beginning of Fiscal 2002. As a result there would be no increase in employer contributions required by the City of New York until Fiscal year 2003. The cost is estimated to be $350,000 per year in employer contributions by New York City to the New York City Employees Retirement System as a result of this legislation.

At this point the Speaker (Council Member Vallone announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Legislation Res. No. 103

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Senator Leibell, S.5288, and Committee on Rules, A.8648, "AN ACT to amend the administrative code of the city of New York, in relation to providing retroactive credit for investigators and detectives who transferred into the police department of the city of New York from the transit authority and housing authority police departments".

The Committee on State and Federal Legislation to which was referred on June 5, 2001, the annexed State Legislation Resolution respectfully.

REPORTS:

The Administrative Code of New York requires that police officers who are temporarily assigned to perform the duties of detective for any period exceeding eighteen months, shall permanently be appointed to that position. This legislation would provide that police officers who transferred into the Police Department from the Housing Authority and the Transit Authority, as a result of the merger of these authorities with the Police Department, to receive credit for time served as a detective with either Authority for the purposes of attaining permanent detective status.

According to Assemblyman Vitaliano's Memorandum in Support, former Housing Authority and Transit Authority police officers who performed detective

work and were then transferred to the Police Department were not given credit for time served as a detective. This legislation seeks to eliminate that inequality.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately and shall be deemed to have been in effect on and after January 18, 1991.

Revenues (+)	None	None	None
Expenditures (-)	$0	$0	$225,000
Net	$0	$0	$225,000

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: The impact on expenditures is minimal because only about 75 detectives would be eligible for back pay and retroactive dates of designation. The difference in pay is approximately $2,700 per year for each detective.

M-1117

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the general municipal law, in relation to contracts for public work". S.3497/A.6123

The Committee on State and Federal Legislation to which was referred on April 25, 2001 (Minutes, page 1051), the annexed communication respectfully.

REPORTS:

This legislation would amend subdivision one of section 103 of the General Municipal Law to authorize the City of New York to include in any public works project "any work deemed necessary or desirable...for the completion of such project that requires the maintenance, support, protection, or other accommodation of energy, telecommunications or other private facilities or structures not owned by such city which are located within, traversing or adjacent to the construction area of such project...."

According to the Mayor's Memorandum in Support, public rights of way generally contain municipally owned utility services such as water mains and sewers, as well as privately owned utility lines for the transmission of energy and telecommunications. These private facilities must often be moved or protected in order for the municipal work to proceed. As a result, utilities must either contract with the public works contractor or employ another contractor to move or protect such private facilities, which often causes delays in City construction projects. In an attempt to alleviate the inconvenience resulting from these delays, the City began "joint bidding" its public works contracts. This practice required bidders to provide, within a single bid, separate prices for the municipal work and the private utility work. Thereafter, the contract would be awarded to the lowest responsible bidder for the combined work. According to the Mayor's Memorandum, the utilities, by separate agreement, would reimburse the City for the additional cost of the City's share of the overall low bid if the low bidder on the municipal work was not the same as the low bidder on the combined work. As a result, the cost to the City would never be more than the lowest bid for the municipal work.

The City had been utilizing joint bidding since 1992 in an effort to expedite public works projects. However, in July 1998, the New York State Court of Appeals ruled in Diamond Asphalt Corp. v. Sander that this practice was in violation of General Municipal Law section 103 and prohibited the City from engaging in joint bidding, unless there was an amendment made to the state law. This legislation would provide the necessary state law amendment to allow the City to continue the use of joint bidding on public works projects.

In 2000, this Committee passed a home rule message concerning similar legislation. The full Council, thereafter, approved it as well. At the State level, however, it died in the Senate Cities Committee and the Assembly Ways and Means Committee.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation is effective immediately.

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: There would be no impact on city expenditures resulting from enactment of this legislation since the City currently accepts only the lowest bid on each contract. However, there will be productivity benefit associated with the time saved by allowing joint bids, which will speed up the completion of public work. Source of Funds To Cover Estimated Costs: N/A

INTRODUCTION AND READING OF BILLS

Res. No. 1941

Resolution calling upon the United States government to release Council Member Adolfo Carrion, Jr. and the other members of the "Vieques 4" from incarceration.

By The Speaker (Council Member Vallone) and Council Members Lopez, Spigner, Robles, Berman, Eisland, Michels, Foster, O'Donovan, Povman, Perkins, Ognibene, Clarke, Dear, DiBrienza, Malave-Dilan, Fisher, Freed, Henry,

Marshall, Pinkett and Abel; also Council Members Espada, Koslowitz, Linares, Watkins, White and Wooten

Whereas, Council Member Adolfo Carrion, Jr., former Council Member and New York State Assemblyman Jose Rivera, former New York State Assemblyman Roberto Ramirez and the Reverend Al Sharpton now known as the "Vieques 4" were convicted and sentenced on May 1, 2001 for protesting the military bombing exercises on the island of Vieques, Puerto Rico; and

Whereas, As a Council Member, Adolfo Carrion, Jr. serves the 14th District of the City of New York, which represents the Fordham, Kingsbridge, Morris Heights, and the West Bronx sections of Bronx County; and

Whereas, In his role as Council Member, Adolfo Carrion, Jr. is the Chairman of the Council's Subcommittee on the Census; in addition he serves on the Committees of Economic Development, Environmental Protection; Governmental Operations; Higher Education; Land Use; Subcommittee on Landmarks, Public Siting & Maritime Uses and the Subcommittee on Planning, Dispositions & Concessions; and

Whereas, Adolfo Carrion, Jr. also serves as a representative in the Council's Black & Latino Caucus, which represents minority communities on various issues, in particular, ensuring that essential City services are being delivered to such communities; and

Whereas, In his role as a Council Member, Adolfo Carrion, Jr., is one of 51 legislators responsible for adopting the City's budget; and

Whereas, The Fiscal Year 2002 budget represents funding for such important areas as senior citizen services, day care needs for families, foster care, library services, cultural programs, legal aid services, alternatives to incarceration, sanitation services and youth services; and

Whereas, In addition, Adolfo Carrion, Jr. is on the Budget Negotiating Team which identifies revenues and determines what City services need to be provided for in the upcoming fiscal year; therefore his presence and input in the budget negotiating process for the upcoming fiscal year is essential; and

Whereas, In order to provide that a budget may be adopted by June 5th and a final budget may be in place prior to the start of the fiscal year, the Charter sets out a tight and specific schedule of deadlines by which the Mayor and the Council must have completed certain acts required for the adoption of the budget; and

Whereas, In light of the statutory requirements of the Charter in enacting the budget, it is essential that all Council members, especially Adolfo Carrion, Jr., be present in order to participate in various budget discussions that will directly impact the constituents that they are sworn to serve; and

Whereas, As a result of Adolfo Carrion, Jr.'s incarceration, he will not be able to either vote or participate in the enactment of the Fiscal 2002 budget on behalf of the residents of the 14th District; and

Whereas, Adolfo Carrion, Jr.'s incarceration directly impacts on important issues regarding the functions of City government and the representation of residents of the City by their elected officials and his presence and participation, as the Council prepares to enact the Fiscal year 2002 budget, is vital, now, therefore, be it

Resolved, That the Council of the City New York calls upon the United States government to release Council Member Adolfo Carrion, Jr. and the other members of the "Vieques 4" from incarceration.

Adopted by the Council on Immediate Consideration.

Res. No. 1942

Resolution calling upon the Legislature and Governor of the State of New York to enact A7828A, amending the Banking, Real Property Actions and Proceedings, and General Business Laws in relation to eliminating rampant predatory lending practices.

By The Speaker (Council Member Vallone) and Council Members Harrison, Spigner, Malave-Dilan, Freed, Henry, Michels and Pinkett; also Council Members Eisland, Marshall, Nelson and Wooten

Whereas, Predatory lending practices have become widespread, frequently targeting the elderly, minority groups, and the poor; and

Whereas, These practices entail devious business schemes and gross misrepresentation and deception by lenders to homeowners, and usually involve, but are not limited to: targeting fixed and low income households, lending on home equity with complete disregard of the ability of the borrower to repay, charging exorbitantly high loan fees and closing costs imposing loan pre-payment penalties, operating home improvement contractor scams, offering repetitive refinancing, and utilizing false loan documentation; and

Whereas, Due to such lending practices, the victims of predatory lending often sustain losses that are life-altering, such as foreclosure on a home, the elimination of a home's equity, and a substantial loss of essential assets; and

Whereas, The New York State Legislative is currently considering A.7828A (the "Bill"), which addresses the need to protect the targets of predatory lending practices with amendments to the Banking, Real Property Actions and Proceedings, and General Business Laws; and

Whereas, Pursuant to the Bill, generally no high-cost home loan may contain a provision that permits the lender, in its sole discretion, to accelerate the indebtedness, or contain (i) a scheduled payment that is more than twice as large as the average of earlier scheduled payments, (ii) payment schedules with regular periodic payments that cause the principal balance to increase, or (iii) a provision which increases the interest rate following default; and

Whereas, The Bill would also prohibit abusive practices, including excessive loan fees, costly and unnecessary insurance policies, large "balloon" payments, high interest rates, and frequent refinances; and

Whereas, The Bill further states that no high-cost home loan could include terms under which more than two periodic payments required under the loan are consolidated and paid in advance from the loan proceeds to the borrower; and

Whereas, Under the Bill, a lender would not be able to charge the borrower any fees to modify, renew, extend or amend a high-cost home loan or to defer any payment due under the terms of a high-cost home loan, or impose a penalty upon the borrower for paying the balance to the load or forbearance, in whole or in part, at any time, or charge a borrower points and fees in connection with a high-cost home loan if the proceeds of such loan are used to refinance an existing high-cost home loan held by the lender or an affiliate of the lender; and

Whereas, The Bill would also prohibit a high-cost home loan from containing a clause binding the borrower to mandatory arbitration that would limit the borrower's right to seek relief through the judicial process for any claims against the lender, broker, or other party involved in the loan transaction; and

Whereas, The Bill would also prevent high-cost home loans from financing, directly or indirectly, any credit life, credit disability, credit unemployment, or credit from property insurance, or any other life or health insurance premiums, or any payments directly or indirectly for any debt cancellation or suspension agreement or contract, except that insurance premiums or debt cancellation or suspension fees calculated and paid on a monthly basis would not be considered financed; and

Whereas, Under the Bill, no lender or mortgage broker making or arranging a high-cost home loan could engage in the unfair act or practice of "Loan Flipping", or arrange a high-cost home loan without due regard to repayment ability, based upon consideration of the resident borrower or borrower's current and- expected income, current obligations, employment status, and other financial resources, and without first receiving certification from a counselor approved by the United States Department of Housing and Urban Development of the New York State Banking Department that the borrower has received counseling on the advisability of the loan transaction; and

Whereas, The Bill also states that a lender could not pay a contractor under a home improvement contract from the proceeds of a high-cost home loan other than

by an instrument payable to the borrower or jointly to the borrower and the contractor, or at the election of the borrower, through a third-party escrow agent in accordance with the terms established in a written agreement signed by the borrower, the lender, and the contractor prior to the disbursement; and

Whereas, The Bill would also prevent a lender or mortgage broker from recommending or encouraging default on an existing loan or other debt prior to and in connection with the closing or planned closing of a high-cost home loan that refinances all or any portion of such existing loan or debt; and

Whereas, The Bill would also provide that in that making or arranging a high-cost home loan, no lender or mortgage broker shall accept or give any fee, kickback, thing of value, portion, split or percentage of charges, other than as payment for goods or facilities that were actually furnished or services that were actually performed, and such payment must be reasonably related to the value of the goods or facilities that were actually furnished or services that were actually performed; and

Whereas, The Bill's many provisions would clearly provide much needed protections against predatory lending practices that can financially devastate homeowners; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature and Governor of the State of New York to enact A7828A, amending the Banking, Real Property Actions and Proceedings, and General Business Laws in relation to eliminating rampant predatory lending practices.

Referred to the Committee on Aging.

Dear God, and Father of all mankind, we stand tonight with grateful hearts that you have chosen us to be your servants to reach out and help those3 that cannot help themselves.

We thank Thee for this body, and for the experience we have had, the fellowship and friendship over the years.

We thank Thee, that as we vote on this budget tonight, that those who are young and cannot comprehend what we are doing may be blessed by it.

Dear Council Members:

In accordance with Section 107(e) of the New York City Charter, I seek your approval to appropriate new revenues of $1,638.9 million in fiscal year 2001.

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(b) of the New York City Charter, I request your approval to transfer City funds between various agencies in fiscal year 2001 to implement changes to the City's expense budget.

This modification - MN 7 - will implement expense budget changes, which were reflected in the January and Executive Financial Plan modifications, as well as changes recognized as part of the FY 2002 Adoption process. These include changes requested by the City Council and the distribution of collective bargaining funds to the individual agencies to pay employees that have recently ratified settlements. Int. No. 929

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to the additional tax on the city personal income tax.

The Committee on Finance to which was referred on May 9, 2001 (Minutes, page 1276) the annexed local law respectfully

REPORTS:

Section 1304-B of the state tax law has authorized the City of New York to levy an additional tax, calculated at a rate of fourteen percent of the tax on personal income, since 1991. This authorization for such additional tax or surcharge is due to sunset at the end of the 2001 taxable year. Pursuant to the authority granted by the state, the Council adopted an additional tax on the personal income tax in 1991 at the uniform rate of 14% (Administrative Code §11-1704.1).

On July 24, 2000 the Governor signed legislation amending §1304-B to allow the City to amend its local laws imposing this surcharge for taxable years after 1999 but before 2002 to set the surcharge at a rate lower than the current 14% rate and to vary the rates of the surcharge. This state law authorization to lower the rate of the surcharge was the subject of a Home Rule Request adopted by the Council in June of 2000. Last year, the Council adopted Local Law 68, reducing the additional tax for the 2001 taxable year. This Local Law provided that filers in all but the top brackets pay an additional tax of seven percent of their personal income tax - i.e. half of what they paid at the original rate (of fourteen percent). Those filers in the top bracket now pay the additional tax at the lower seven percent rate for the amount of city taxable income at or below the threshold for the top bracket, and at the fourteen percent rate on the tax for the amount of income in excess of the threshold for the top bracket.

Int. No. 929 further reduces the additional tax which all taxpayers would pay.

Under the proposed legislation, filers in all but the top bracket, who now pay an additional tax of 7% of their personal income tax, would pay an additional tax of only 5.25%. Those filers in the top bracket (who now pay the additional tax at a blended rate based upon the seven percent rate and the fourteen percent rate), would pay the additional tax at the 5.25% rate for the amount of city taxable income at or below the threshold for the top bracket, and at a rate of 12.25% for the amount of income in excess of the threshold for the top bracket.

The legislation would take effect immediately.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON SUPPLEMENTAL GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Int. No. 941

Report of the Committee on Finance in favor of approving and adopting a Local Law to amend the administrative code of the city of New York, in relation to increasing a credit allowed under the commercial rent or occupancy tax, increasing exemptions from such tax and increasing the filing threshold for such tax.

The Committee on Finance to which was referred on June 7, 2001 the annexed local law respectfully

REPORTS:

This Int. No. 941 would further reduce the tax burden on commercial tenants who remain subject to the commercial rent tax in New York City by: (1) increasing the annual rent threshold above which a tenant is subject to the commercial rent tax from $149,999 to $249,000; and (2) providing a partial credit so that those tenants paying from $250,000 to $300,000 in rent will not pay the full tax.

Beginning in 1963, the State Legislature authorized New York City to enact a tax "on persons occupying premises in such city for the purpose of carrying on or exercising any trade, business, profession, vocation or commercial activity measured by the rent paid for the use or occupancy of such premises ...." (Unconsolidated Laws §9447). In 1963, the City, pursuant to local law, imposed such a tax (the "commercial rent tax") which is now codified in Chapter 7 of Title 11 of the Administrative Code (§§11-701 et seq.).

The State Law authorizing the imposition of the Commercial rent tax provided that the local law could contain exemptions and exclusions in addition to any authorized in the enabling legislation (Unconsolidated Laws §9447(5)). In 1994, Local Law 22 exempted all leased commercial space located north of 96th Street in Manhattan and in the boroughs of the Bronx, Brooklyn, Queens and Staten Island from the commercial rent tax beginning June 1, 1996. In 1995, Local Law 57 accelerated the effective date of this exemption to September 1, 1995.[1]

Additionally, Local Law 22 exempted the remaining affected commercial tenants (tenants in leased commercial space in Manhattan South of 96th Street) from the commercial rent tax for the tax year beginning June 1, 1995, if their base rent was less than $31,000 and for those tax years beginning on or after June 1, 1996, if their base rent was less than $40,000. Local Law 57 accelerated the effective date of the exemption for the $40,000 taxable threshold so that it would be applicable beginning September 1, 1995. Local Law 63 of 1997 increased the number of tenants eligible for the exemption by exempting commercial tenants in Manhattan South of 96th Street with base rents of $99,999 or less for those tax years beginning on or after June 1, 1997.[2] In January of 2001, the Council adopted Local Law 6, which raised the threshold base rent above which tenants are subject to the tax from $99,999 to $149,999. This increase took effect retroactively as of December 1, 2000.

In 1994, Local Law 22 enacted a sliding scale tax credit available to commercial tenants whose rents were above the threshold so that they were not exempt (hence over $40,000), but not over $59,999. This credit was to take effect in the tax year beginning on June 1, 1996. In 1995, Local Law 57 accelerated the effective date of such tax credit so that it would apply to those periods beginning on September 1, 1995. Local Law 63 of 1997 created a new sliding scale tax credit for commercial tenants with base rents between $100,000 and $139,999 (since the exemption in that local was set at annual rents of $99,999). This new sliding scale tax credit would be applicable in those tax years beginning on or after June 1, 1997. Local Law 6 of 2001 provided commercial tenants subject to the tax with annual base rents between $150,000 and $189,999 with a new sliding scale credit ranging from 80% of the tax imposed to 20% of the tax.

Thus, those commercial tenants in Manhattan South of 96th Street with base rents of $149,999 or less are currently exempt from paying the City's commercial rent tax, and any commercial tenant in Manhattan South of 96th Street who is not exempt from the tax but who has a base rent of $189,999 or less is eligible for a tax credit from the City.

Since the 1997 amendments, the commercial rent tax has also provided that with respect to those tax years beginning on or after June 1, 1997, the base rent for the exemptions and the tax credit enacted pursuant to Local Law 63, are to be calculated without regard to any reduction in base rent allowed by section 11-704(h)(2) of the administrative code of the city of New York.

[1] Local Law 57 also provided tax relief to commercial tenants in Manhattan South of 96th Street by effectively reducing a tenant's base rent that is subject to the commercial rent tax by 15 percent for the tax period from March 1, 1996, to May 31, 1996, and by 25 percent for those tax years beginning on or after June 1, 1996.

The Int. would increase the number of commercial tenants in Manhattan South of 96th Street who are exempt from the Commercial rent tax, by raising the threshold base rent above which tenants are subject to the tax from $149,999 to $249,999. This increase would take effect as of June 1, 2000, which is the beginning of the tax year for purposes of the commercial rent tax.

As stated, when the exemption level was raised to $149,999 in 2000, a new sliding tax credit was implemented that gave commercial tenants subject to the tax with base rents between $150,000 per year and $189,999 a credit ranging from 80% of the tax imposed (if the base rent was between $150,000 and $159,999) to 20% of the tax (if the base rent was between $180,000 and $189,999). The proposed local law would provide commercial tenants subject to the tax with annual base rents between $250,000 and $300,000 with a credit in an amount equal to the product of the following equation:

$$(3.9\% \text{ of tenant's base rent}) \times \frac{\$300{,}000 - \text{base rent}}{\$50{,}000}$$

CC78 COUNCIL MINUTES — STATED MEETING June 5, 2001

As in past local laws, for purposes of the new exemption level and the tax credit, a commercial tenant's "base rent" would be calculated without regard to any reductions allowed by §11-704 (h) (2).

Finally, the proposed local law would amend the filing requirements and provide that no return would be required from a tenant with an annual rent of less than $200,000 who does not receive rent from any subtenant in excess of $200,000.

According to the Memorandum in support of the legislation, the tax relief provided by the proposed legislation would exempt an additional 3,000 commercial tenants from the commercial rent tax give an additional 900 others a partial credit. The legislation would save taxpayers $25 million in fiscal year 2002.

This proposed local law would take effect immediately but would be retroactive to June 1, 2001.

[2] Local Law 63 of 1997 allowed the 25 percent base rent reduction to continue until August 31, 1998 and provided for a reduction of 35 percent for those periods beginning on or after September 1, 1998 for those commercial tenants in Manhattan still paying the commercial rent tax.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2002

FISCAL IMPACT STATEMENT:

	Effective FY 02	FY Succeeding Effective FY 02	Full Fiscal Impact FY 02
Revenues (+)	($25,000,000)	($26,000,000)	($25,000,000)
Expenditures (-)	$0	$0	$0
Net	($25,000,000)	($26,000,000)	($25,000,000)

IMPACT ON REVENUES: This legislation would result in a loss of approximately $25,000,000 of commercial rent tax revenue in Fiscal 2002 and $26,000,000 in fiscal 2003. the increased rent limit will free 3,000 taxpayers from this tax. An additional 900 taxpayers would receive a partial credit. Approximately 5,000 taxpayers would no longer be required to file commercial tax returns.

IMPACT ON EXPENDITURES: There would be a minimal impact on expenditures as a result of this legislation.

School Facilities Custodial & Maintenance - PS
School Facilities Custodial & Maintenance -- OTPS

Funding of $9.00 million (the "Funds") has been set aside in Agency 040 Board of Education, School Facilities Custodial and Maintenance P S and OTPS Units of Appropriation (335 & 336)in the New York City FISCAL YEAR 2002 Adopted Budget to set up a pilot program for a number of school districts with significant minor repair and maintenance needs to hire a core of full-time tradesmen within each district and use this staff, wherever possible, to fulfill the minor maintenance and repair needs of the school districts.

Currently the Board of Education's Division of School Facilities directs all school repairs and renovations from a central location. This system often results in delays and a lack of responsiveness to minor repair and maintenance needs of individual school districts, which are often forced to wait until sufficient numbers of other districts present similar needs before contracts are entered into for the required repair and maintenance services.

To implement the minor maintenance and repair pilot program the Board of Education will:

1. Work with the Chancellor to select a number of school districts with significant minor maintenance and repair needs that they believe would most benefit from a decentralized school district maintenance program. A budget for school building repair and maintenance from the Funds shall be distributed to each such district.

2. Work with the chosen districts to, wherever possible, revise and simplify maintenance procedures as well as improve accountability.

3. Authorize the Chancellor to take any and all necessary and appropriate actions on its behalf to implement the provisions of this Term and Condition.

The Board shall provide to the Mayor, the Speaker and the chairperson of the Council's Committee on Education quarterly reports setting forth the expenditures by district made from the Funds, the composition of each district maintenance team and a summary of all work done by each team during such quarter.

The First report shall be submitted on or before October 31, 2001 and shall cover the period beginning July 1, 2001 and ending September 30, 2001. The second report shall be submitted on or before January 31, 2002 and shall cover the period beginning October 1,2001 and ending December 31, 2001. The third report shall be submitted on or before April 30, 2002 and shall cover the period beginning January 1, 2002 and ending March 31, 2002. The fourth report shall be submitted on or before July 31, 2002 and shall cover the period beginning April 1, 2002 and ending June 30, 2002.

Central Administration - PS
Central Administration - OTPS

In relation to the money appropriated in Agency 040, Units of Appropriation dealing with administration (the "Funds"), the Board of Education of the City of New York (the "Board") shall provide quarterly reports to the Speaker of the City Council, the Chair of the City Council's Committee on Education and the Director of the Mayor's Office of Management and Budget showing savings which can be generated within the Board's budget for expenses relating to administration, through productivity increases and other means. These savings can be used to fund instructional services and other non-administrative needs. Such reports shall detail efforts made to achieve such savings, and shall be used by the Mayor and the Council to assess whether the Board is making adequate efforts to shift available resources from administration to instruction and to determine whether and to what extent unmet needs in instructional services and non-administrative areas require additional resources. In the case of the Board having a shortfall in instructional services the Board shall present a plan for administrative savings with any request it makes for additional City funding.

The quarterly reports required herein shall be submitted as follows: The first report shall be submitted on or before October 31, 2001 and shall cover the period beginning July 1, 2001 and ending September 30, 2001. The second report shall be submitted on or before January 31, 2002 and shall cover the period beginning October 1, 2001 and ending December 31, 2001. The third report shall be submitted on or before April 30, 2002 and shall cover the period beginning January 1, 2002 and ending March 31, 2002. The fourth report shall be submitted on or before July 31, 2002 and shall cover the period beginning April 1, 2002 and ending June 30, 2002.

Report of the Committee on Finance in favor of a communication from the Mayor – Submitting the Proposed City Fiscal Year 2002 Community Development Program, the Proposed CFY '02 Budget, the Proposed Reallocations – the CD XXVII Funds, Proposed CD XXVIII Statement of Objectives and Budget, dated April 25, 2001.

The Committee on Finance to which was referred on April 25, 2001 (Minutes, page 1056) the annexed communication respectfully

REPORTS:

The Proposed City Fiscal Year 2002 Community Development Program, Proposed Reallocation of Twenty-Seventh Year Community Development Funds, and Proposed Twenty-Eighth Year Community Development Program were submitted by the Mayor to the Council on April 25, 2001 and referred to the Committee on Finance. The Committee on Finance held hearings on May 8, 10, 11, 14, 15, 17, 18, 21, 22, and 24, 2001. The testimony elicited at these hearings regarding the budget as a whole and with respect to specific needs and projects was supplemented by further data developed at the meetings of the Committee on Finance, and from Council staff and representatives of City agencies. The primary concern of the Committee was that the funding contained in the Proposed Fiscal Year 2002 Community Development Program would meet the actual and perceived needs of the communities the City of New York comprises.

In its deliberations, the Committee on Finance took into consideration the testimony of the citizenry at the public hearings and the information furnished by Council Members, staff assistants and City agencies.

The Committee recommends a Fiscal Year 2002 Community Development Program totaling (See Attachment A, line 1)including various changes as indicated in the attached resolution. The changes to the Proposed 2002 Fiscal Year Program are shown in the attached resolution.

The Committee recommends a Reallocated Twenty-Seventh Year Community Development Program totaling (See Attachment A, line 2) including various changes as indicated in the attached resolution. The changes to the Proposed Reallocation of Twenty-Seventh Year Community Development Funds are shown in the attached resolution.

The Committee recommends a Twenty-Eighth Year Community Development Program totaling (See Attachment A, line 3). The Committee makes this recommendation with the stipulation that the portion of the Twenty-Eighth Year Community Development budget which will be spent in Fiscal Year 2003 and not Fiscal Year 2002, estimated at approximately (See Attachment A, line 4) will be subject to review and reallocation in the Fiscal Year 2003 Community Development budget recommendations to be made in June, 2002.

In connection herewith, Council Member Berman offered the following resolution:

M-1199

Report of the Committee on Finance in favor of approving a resolution of the council of the City of New York fixing the tax rate for the Fiscal Year 2002, adopted June 7, 2001 upon the recommendation of the Committee on Finance of the Council.

The Committee on Finance to which was referred on June 7, 2001 the annexed resolution respectfully

REPORTS:

Introduction. On April 25, 2001, the Mayor submitted the executive budget for Fiscal 2002 to the Council pursuant to Section 249 of the Charter. On the date hereof, the Council adopted the budget for Fiscal 2002 pursuant to Section 254 of the Charter (the "Fiscal 2002 Budget"). Pursuant to Section 1516 of the Charter, the Council must fix the annual real property tax rates immediately upon such approval of the Fiscal 2002 Budget. In the resolution, captioned above, fixing the real property tax rates for Fiscal 2002 (the "Tax Fixing Resolution"), the Council fixes the annual real property tax rates, as described in greater detail below, and authorizes the levy of real property taxes for Fiscal 2002.

Determining the Amount of the Real Property Tax Levy. In the Tax Fixing Resolution, the Council determines the amount of the real property tax levy for Fiscal 2002, pursuant to the provisions of Section 1.516 of the Charter, in the following manner. (1) First, the Council acknowledges the amount of the Fiscal 2002 Budget to be $39,698,060,747, as set forth in the communication from the Mayor pursuant to Section 1515(a)of the Charter (the "Fiscal 2002 Budget Amount"). (2) The Council then acknowledges the estimate of the probable amount of all non-property tax revenues to be $31,220,089,590, as set forth in the communication from the Mayor pursuant to Section 1515(a)of the Charter (the "Fiscal 2002 Revenue Estimate"). (Attached hereto as Exhibit A is a description of the Fiscal 2002 Revenue Estimate, detailing all sources of revenues exclusive of real property taxes.) (3) Pursuant to Section 1516 of the Charter, the Council finally determines the net amount required to be raised by tax on real property to be $8,477,971,157, by subtracting the amount of the Fiscal 2002 Revenue Estimate from the Fiscal 2002 Budget Amount.

In order to achieve a real property tax yield of $8,477,971,157, however, due to provision for uncollectible taxes and refunds and collection of levies from prior years equal in the aggregate to $793,267,328 the Council determines that a real property

tax levy of $9,271,238,485 is required. Such amount, levied at rates on the classes of real property as further described below, will produce a balanced budget within generally accepted accounting principles for municipalities.

The Council also provides for the application of the real property tax levy (net of provision for uncollectible taxes and refunds and collection of levies from prior years) to (1) debt service not subject to the constitutional operating limit, (2) debt service subject to the constitutional operating limit and (3) the Fiscal 2002 Budget in excess of the amount of the Fiscal 2002 Revenue Estimate.

Authorizing and Fixing the Real Property Tax Rates. After having determined the amount of the real property tax levy, the Council authorizes and fixes the real property tax rates. On May 25, 2001, the Commissioner of the Department of Finance (the "Commissioner") delivered the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2002 to the Council, pursuant to Section 1514 of the Charter (the "Fiscal 2002 Assessment Rolls"). On June 7, 2001, the Council adopted a resolution in which the Council computed and certified the current base proportion, the current percentage and the base percentage of each class of real property in the City for Fiscal 2002 pursuant to Section 1803-a(1), Real Property Tax Law (the "Current Base Proportion Resolution"). On June 7, 2001, pursuant to Section 1803-a, Real Property Tax Law, the Council adopted a resolution in which the Council adjusted the current base proportions of each class of real property in the City for Fiscal 2002, to reflect the additions to, and full or partial removal from, the Fiscal 2002 Assessment Rolls (the "Adjusted Base Proportion Resolution").

The following sections describe the determinations the Council must make before it fixes the real property tax rates and the process by which the Council fixes the real property tax rates.

Assessed Valuation Calculations. In the Tax Fixing Resolution, the Council sets out the assessed valuation calculations of taxable real property in the City by class within each borough of the City. Next, the Council sets out the assessed valuation (1) by class of real property for the purpose of taxation (exclusive of the assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes) in each borough of the City and (2) by class of veterans' real property subject to tax for school purposes in each borough of the City.

Compliance with Constitutional Operating Limit Provisions. In the Tax Fixing Resolution, the Council also provides evidence of compliance with constitutional operating limit provisions. The Council determines that the amount to be raised by tax on real property for the Fiscal 2002 Budget does not exceed the limit imposed by Section 10, Article VIII of the Constitution of the State of New York, as amended, and Article 12-A, Real Property Tax Law (the "Operating Limit Provisions"). The Operating Limit Provisions require that the City not levy taxes on real property in any fiscal year in excess of an amount equal to a combined total of two and one-half percent (2 1/2 %) of the average full valuation of taxable real property, determined by taking the assessed valuations of taxable real property on the last completed assessment roll and the four (4) preceding assessment rolls of the City and applying thereto the special equalization ratio which such assessed valuations of each such roll bear to the full valuations as fixed and determined by the State Board of Real Property Services(" SBRPS"), minus (I) the amount to be raised by tax on real property in such year for the payment of the interest on and the redemption of certificates of other evidence indebtedness described in the Constitution and (ii) the aggregate amount of business improvement district charges exclusive of debt service.

Adjusted Base Proportions. The Tax Fixing Resolution sets forth the adjusted base proportions for Fiscal 2002, pursuant to the Adjusted Base Proportion Resolution, to be used in determining the Fiscal 2002 tax rates for the four classes of properties.

Tax Rates on Adjusted Base Proportions. Finally, in the Tax Fixing Resolution, the Council authorizes and fixes, pursuant to Section 1516 of the Charter, the rates of tax for Fiscal 2002 by class (1) upon each dollar of assessed valuation of real property subject to taxation for all purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows: .

All One-, Two- and Three-Family Residential Real Property.....	0.11951
All Other Residential Real Property.....	0.10792
Utility Real Property.....	0.10530
All Other Real Property.....	0.09625

and (2) upon each dollar of assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property.....	0.07208
All Other Residential Real Property.....	0.06542
Utility Real Property.....	0.00000
All Other Real Property.....	0.05842

Authorization of the Levy of Property Taxes for Fiscal 2002. The Council authorizes and directs the Commissioner, pursuant to Section 1517 of the Charter, to set down in the Fiscal 2002 Assessment Rolls, opposite to the several sums set down as the valuation of real property, the respective sums to be paid as a tax thereon and add and set down the aggregate valuations of real property in the boroughs of the City and send a certificate of such aggregate valuation in each such borough to the State Comptroller. The Tax Fixing Resolution then requires the City Clerk to procure the proper warrants, in the form attached thereto, such warrants to be signed by the Public Advocate and counter-signed by the City Clerk.

The Tax Fixing Resolution would take effect as of the date of adoption.

Accordingly, the Committee on Finance recommends adoption of the Tax Fixing Resolution.

FOOTNOTES

(1) In accordance with Accounting Systems Directive No. 7 of the State Comptroller, Fiscal 2002 expenditures of the Municipal Assistance Corporation of The City of New York (MAC) have been treated only for accounting purposes of the City as if they were City expenditures. Consequently, these estimates of General Fund receipts for Fiscal 2002 do not reflect anticipated reductions in amounts to be received by the City from the four percent sales tax levied in the City by the State, from the stock transfer tax and from per capita State aid. In fact, the expenditures of MAC are to be appropriated by the State from the four percent sales tax levied in the City by the State, from the stock transfer tax and from per capita State aid otherwise payable to the City; any remaining funds from these sources are to be appropriated by the State to the City. Thus, the expenditures of MAC reduce the funds which may be appropriated and paid to the City from these sources. The presentation of MAC expenditures, instead of showing MAC expenditures as reductions in anticipated City revenues, is made solely to comply with Accounting Systems Directive No. 7 and has no bearing on the statutory relationship between the City and MAC; see Section 3016 of the Public Authorities Law.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1973

Whereas, on June 7, 2001, pursuant to Section 1803-a, Real Property Tax Law, the Council adopted a resolution in which the Council adjusted the current base proportion of each class of real property in the City for Fiscal 2002, to reflect the additions to, and full or partial removal from, the Fiscal 2002 Assessment Rolls (the "Adjusted Base Proportion Resolution"); and

Whereas, on June 7, 2001, pursuant to Section 254 of the Charter, the Council adopted the budget for the support of the government of the City and for the payment of indebtedness thereof for Fiscal 2002 (the "Fiscal 2002 Budget"); and

NOW THEREFORE, be it resolved by The Council of The City of New York as follows:

Section 1. Fixing of Real Property Tax Rates for Fiscal 2002.

a. Determining the Amount of the Real Property Tax Levy.

(i) The total amount of the Fiscal 2002 Budget as set forth in the Fiscal 2002 Budget Statement is $39,698,060,747.

(ii) The estimate of the probable amount of receipts into the City treasury during Fiscal 2002 from all the sources of revenue of the general fund and all receipts other than those of the general fund and taxes on real property as set forth in the Fiscal 2002 Revenue Estimate is $31,220,089,590.

(iii) Pursuant to Section 1516 of the Charter, the Council hereby determines that the amount required to be raised by tax on real property shall be $8,477,971,157, which is derived from deducting the amount set forth in the Fiscal 2002 Revenue Estimate from the amount of the Fiscal 2002 Budget.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON SUPPLEMENTAL GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Res. No. 1965

Report of the Committee on Finance in favor of approving resolution computing and certifying base percentage, current percentage and current base proportion of each class of real property for Fiscal 2002 to the State Board of Real Property Services pursuant to Section 1803-a, Real Property Tax Law.

The Committee on Finance to which was referred on June 7, 2001 the annexed resolution respectfully

REPORTS:

Introduction. Section 1803-a, a Real Property Tax Law, requires the City Council to certify to the State Board of Real Property Services (the "SBRPS") certain calculations used in the process of updating the class shares from the previous year. These calculations are made every year by the Council to reflect the following changes in each class of real property:

a. Changes in the market value of taxable real property (as determined by SBRPS sample studies),

b. Physical changes as a result of new construction or demolitions,

c. Changes in taxable status, and

d. Transfers of real property among the four classes of real property as a result of changes in use or for other reasons.

Under SBRPS regulations, the Council must update the class shares by making two separate certifications. The action to be taken in the above-referenced resolution constitutes the first step of establishing the class shares of the four classes of taxable real property in the City to which the tax levy for the Fiscal 2002 budget will be applied. The purpose of this step is to give effect to the latest class equalization rates required by Article 18, Real Property Tax Law. Using these rates, new estimates of market values for each class are calculated.

The second step, certifying the "adjusted base proportions", is the subject of a separate resolution that takes account of all the changes that are included in the final assessment roll, after Tax Commission review of taxpayer protests. Attached hereto, as Exhibit A, are definitions of terms that are used in the analysis below.

Analysis. The class equalization rates described above produce prospective current base proportions that show increases in Classes 1 and 2 above the Fiscal 2001 adjusted base proportions, or "class shares" (as shown in column R of SBRPS Form RP-6700 attached to the above-captioned resolution), and decreases for Classes 3 and 4. Under current law, if the increase in any class exceeds 5 percent, the Council is directed to shift the excess (and only the excess) to any other class or classes as long as the shift does not cause the current base proportion of any other class to increase by more than the 5 percent limit. In the above-captioned resolution, the excess above 5 percent from Class 1 would be shifted to Class 3.

As shown below, despite the shift of the excess from Class 1 to Class 3, the current base proportion for Class 3 is still 4.84 percent below the Fiscal 2001 class share:

Class	Percent Change Before Shifting Excess to Class 3	Percent Change After Shifting Excess to Class 3
1	+5.37	+5.00
2	+0.50	+0.50
3	-5.49	-4.84
4	-1.08	-1.08

However, these "current base proportions" must still be adjusted for the physical changes and transfers among classes which are contained in the final assessment roll. These adjustments will be made in a separate resolution constituting the Council's second step. The "adjusted base proportions" thus derived will be the class shares used for allocating the real property tax levy for Fiscal 2002.

EXHIBIT A to the Committee Report

"Class equalization rate" represents the percentage that the total assessed value of each class is of the market value of the class, as shown in SBRPS sample studies.

"Base percentage" represents the percentage of total market value that each class constitutes in the 1989 base tax roll. The 1989 base tax roll is the one which was used in setting the tax levy for Fiscal 1990.

"Current percentage" is similar to the base percentage, but applies to the most recent year for which the SBRPS has established class equalization rates (in this case, the 2000 tax roll).

"Local base proportions" are the class tax shares used to fix the tax rates for Fiscal 1991.

"Current base proportions" are the local base proportions modified to take into account the market value changes revealed by the latest class equalization rates.

Accordingly, Your Committee recommends its adoption.

(For text of the resolution, see Introduction and Reading of Bills printed in these Minutes.)

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON SUPPLEMENTAL GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Res. No. 1966

Report of the Committee on Finance in favor of approving resolution computing and certifying adjusted base proportion of each class of Real Property for Fiscal 2002 to the State Board of Real Property Services pursuant to Section 1803-a, Real Property Tax Law.

The Committee on Finance to which was referred on June 7, 2001 the annexed resolution respectfully

REPORTS:

Introduction. The above-captioned resolution completes the certification procedure required by Section 1803-a, Real Property Tax Law, to establish the class shares used in levying the real property taxes for the adopted Fiscal 2002 budget.

In a separate resolution, the Council computed and certified the current base proportions for Fiscal 2002 (the "CBP Resolution"). The above-captioned resolution uses those current base proportions, together with data supplied by the New York City Department of Finance from the final assessment roll on May 25, 2001, to determine the adjusted base proportions (or class shares) in accordance with the procedure established by the State Board of Real Property Services (the "SBRPS").

The current base proportion for each class of real property takes into account the market value changes in the class occurring between the assessment roll for the base period, 1989, and the latest roll for which SBRPS has established class equalization rates, 2000. The CBP Resolution modified the class shares for the Fiscal 2002 property tax levy accordingly. The remaining step, to be taken in the above-captioned

resolution, adjusts these current base proportions to take account of the various physical changes (such as demolitions, new construction, changes in exempt status and transfers among classes) which are reflected in the new final assessment roll. The computations called for in the SBRPS procedure are designed to separate the effects of these physical changes from equalization changes made by local assessors.

Analysis. The calculations shown on the SBRPS Form RP-6702 attached to the above-captioned resolution modify the share for each class to reflect physical changes. For Fiscal 2002, all classes show modest physical increases, resulting in the following changes. The Fiscal 2002 adjusted base proportion for Classes 1 and 4 show slight decreases from the Fiscal 2002 current base proportion, while the changes in the adjusted class share for Classes 2 and 4 show modest increases from the current base proportion. However, the changes from the adjusted base proportions from Fiscal 2001 to Fiscal 2002, as reported in the table below, show increases of 4.1 percent and 1.3 percent for Classes 1 and 2 respectively, but decreases for the other classes; of 2.8 percent for Class 3, and 1.8 percent for Class 4. (Last year's increase in class shares was capped at 2.0 percent.)

Comparison of Class Shares for Fiscal 2001 and Fiscal 2002			
Class	Fiscal 2001	Fiscal 2002	Percent Change
1	13.4979	14.0483	+4.08
2	34.5015	34.9442	+1.28
3	7.6304	7.4178	-2.79
4	44.3702	43.5897	-1.76
Total	100.0000	100.0000	

The tax rates resulting from the use of class shares shown above for Fiscal 2002 are compared to the Fiscal 2001 tax rates in the following table:

Comparison of Tax Rates for Fiscal 2001 and Fiscal 2002 (Per $100 Assessed Value)			
Class	Fiscal 2001	Fiscal 2002	Difference
1	11.2555	11.951	+.696
2	10.847	10.792	-.055
3	10.540	10.530	-.010
4	9.768	9.625	-.143

Accordingly, Your Committee recommends its adoption.

M-1195

Report of the Committee on Finance in favor of concurring in a communication from the Office of Management & Budget – Pursuant to Section 107(e) of the New York City Charter, appropriate new revenues of $1,638.9 million in fiscal year 2001. (MN-6)

The Committee on Finance to which was referred on June 7, 2001 the annexed communication respectfully

REPORTS:

The Committee on Finance, to which was referred the above-captioned resolution, respectfully submits to The Council of the City of New York the following

Introduction. At the meeting of the Committee on Finance of the City Council on June 7, 2001, the Council received a communication, from the Office of Management and Budget of the Mayor, dated June 7, 2001, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2001 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June 6, 2000, pursuant to Section 1515(a) of the Charter.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 6, 2000, the Council adopted the expense budget for fiscal year 2001 (the "Fiscal 2001 Expense Budget"). On June 6, 2000, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2001 Expense Budget.

Circumstances have changed since the Council adopted the Fiscal 2001 Expense Budget. Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2001 Expense Budget and related revenue estimate requested in the Communication. The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 2001 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

Finance Division Memo: Fiscal Impact. By letter dated June 7, 2001, the Director of the Office of Management ands' Budget submitted to the Council pursuant to section 107(e) of the New York City Charter a request to appropriate new revenues of $1,638,934,530.

This modification (MN-6) seeks to recognize new revenues in the amount of $1,638.9 million for Fiscal 2001. This amount results from increases in tax collections of $884.1 million, a decrease of $103 million in the anticipated tax reduction program, increases in miscellaneous revenues of $359.8 million, increases in unrestricted aid by $28.3 million and a reduction in prior year payables of $263.7 million.

This modification represents an increase in the Fiscal 2001 budget of $1, 639 million.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1977

Resolution approving a Modification pursuant to Section 107(e) of the Charter of the City of New York

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255 and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of new revenues; and

1. **Approval of Modification.** The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

2. **Further Actions.** The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2001 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

3. **Effective Date.** This resolution shall take effect as of the date hereof.

(For Exhibit A, please refer to M-1195's letter on pages 1651-1652 of these Minutes; for Exhibit B please refer to MN-6 Modification table on page 1653 of these Minutes).

The Committee on Finance to which was referred on June 7, 2001 the annexed communication respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York on June 7, 2001, the Committee on Finance received a communication, dated June 7, 2001 from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 2001 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 6, 2000, the Council adopted the expense budget for fiscal year 2001 (the "Fiscal 2001 Expense Budget"). This budget modification would transfer funds totaling $1,087,409,705 within and between various City agencies to implement changes resulting from the actions included in the November Financial Plan update.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation, from one agency to another, such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Finance Division Memo: Fiscal Impact. By letter dated June 7, 2001, the Director of the Office of Management and Budget submitted to the Council, pursuant to Section 107(b) of the New York City Charter, a request for approval to transfer funds totaling $1,087,409,705 between the various agencies

This modification will transfer $1,087,409,705 between various City agencies. It reflects Fiscal 2001 Expense Budget changes that were reflected in the Preliminary and Executive Budgets as well as the changes reflected as part of budget adoption. MN-7 replaces MN-5, which was submitted on May 23, 2001, and subsequently withdrawn.

There will be no net impact on the City's Fiscal 2001 Expense Budget as a result of this modification.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1978

Resolution approving the Modification (MN-7) of Units of Appropriation and the transfer of City Funds between Agencies proposed by the Mayor pursuant to Section 107(b) of the Charter of the city of New York.

By Council Member Berman

Whereas, at a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on June 7, 2001, the Committee on Finance received a communication, dated June 7, 2001, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto as Exhibit A (the "Modification"), to modify units of appropriation and transfer city funds between various agencies in the fiscal year 2001 expense budget as adopted by the Council on June 6, 2000, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter"); and

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days after the first stated meeting of the City Council following such receipt to act upon the Modification;

NOW, THEREFORE, The Council of The City of New York hereby resolves as follows:

1. **Approval of Modification.** The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

2. **Effective Date.** This resolution shall take effect as of the date hereof.

(For Exhibit A, please refer to M-1196's MN-7 Modification tables on pages 1655-1680 of these Minutes).

MCCAFFREY, KAREN KOSLOWITZ, ANGEL RODRIGUEZ, EVA S. MOSKOWITZ, AL STABILE, Committee on Finance, June 7, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON SUPPLEMENTAL GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

M-1197

Report of the Committee on Finance in favor of concurring in a Communication from the Office of Management & Budget – Pursuant to Section 107(e) of the New York City Charter, transfer City funds in fiscal year 2001 between the Miscellaneous Budget and the Board of Education and to create a new unit of appropriation within the Board. (MN-8)

The Committee on Finance to which was referred on June 7, 2001 the annexed communication respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on June 7, 2001, the Council received a communication, from the Office of Management and Budget of the Mayor, dated June 7, 2001, of a proposed request to transfer city funds in fiscal year 2001 between the Miscellaneous Budget and the Board of Education and to create a new unit of appropriation within the Board, pursuant to Section 107(e) of the Charter of the City of New York, in the Fiscal 2001 Expense Budget.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 6, 2000, the Council adopted the expense budget for fiscal year 2001 (the "Fiscal 2001 Expense Budget"). Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modification of the Fiscal 2001 Expense Budget to transfer $193,688,858 from unit of appropriation 001, the Labor Reserve, within the Miscellaneous Budget (098) to various units of appropriation within the Board of Education (040), and the creation of unit of appropriation 391, Collective Bargaining, in the Board. The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 2001 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

Finance Division Fiscal Impact Memo: By letter dated June 7, 2001, the Director of the Office of Management and Budget submitted to the City Council pursuant to Section 107(e) of the New York City Charter a request to modify the fiscal 2001 expense budget and create a new unit of appropriation within the Board of Education.

This modification (MN-8) seeks to transfer collective bargaining funds from the Miscellaneous Budget Labor Reserve to various units of appropriation in the Board of Education to pay employees who have recently ratified labor settlements. This modification will also transfer additional funds to a new unit of appropriation 391, Collective Bargaining within the Board of Education to pay future settlements.

This modification would transfer $193,688,858 from unit of appropriation 001, the Labor Reserve, within the Miscellaneous Budget (098) to various units of appropriation within the Board of Education (040). A portion of this amount, $173,994,881 would be transferred to a new Collective Bargaining unit of appropriation within the Board. There would be no net impact on the expense budget as a result of this modification.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 1979

Resolution approving a Modification (MN-8) pursuant to Section 107(e) of the Charter of the City of New York

By Council Member Berman

Whereas, on June 7, 2001, the Committee on Finance of the City Council received a communication, dated June 7, 2001, from the Mayor's Office of Management and Budget, of a proposed request to modify units of appropriation in the fiscal year 2001 expense budget, as adopted by the Council on June 6, 2000, and to recognize a new unit of appropriation, 391 Collective Bargaining, within agency 040, the Board of Education, attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255 and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed creation of a new unit of appropriation;

NOW, THEREFORE, the Council of the City of New York hereby resolves as follows:

1. Approval of Modification. The City Council hereby approves the creation of a new unit of appropriation contained in the Request to Appropriate and the actions proposed by the Mayor as set forth in the Request to Appropriate pursuant to Section 107(e) of the Charter.

2. Further Actions. The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2001 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

3. Effective Date. This resolution shall take effect as of the date hereof.

(For Exhibit A, please refer to M-1197's letter and MN-8 Modification table printed on pages 1680-1682 of these Minutes).

Reports of the Committee on State and Federal Legislation (cont'd)

State Legislation Res. No. 26

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Maltese, S.1538, and Assembly Member Seminerio, A.2467, "AN ACT to amend the retirement and social security law, in relation to service credit for correction members of the New York city employees' retirement system".

The Committee on State and Federal Legislation to which was referred on February 27, 2001 (Minutes, page 569) the annexed State Legislation Resolution respectfully

REPORTS:

Prior to the creation of the twenty-year retirement plan for Correction Officers, members could use service credit earned in other job titles under New York City Employees' Retirement System (NYCERS), towards their Correction retirement plan. When the twenty-year plan was created, Tier 3 Correction Officers participating in this retirement plan could no longer use credit for time served in other non-correction job titles under NYCERS towards this retirement plan. This legislation provides that all credited service as a member of the NYCERS would count toward eligibility for retirement under the 20-year retirement programs for Tier 3 Correction members.

According to Senator Maltese's Memorandum in Support, this legislation would create uniformity for all Tier 3 Correction Officers.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation would take effect immediately.

State Legislation Res. No. 29

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Maltese, S.1541, and Assembly Member Seminerio, A.2472, "AN ACT to amend chapter 609 of the laws of 1996, allowing correction members of the New York city employees' retirement system to elect the benefits provided by chapter 936 of the laws of 1990, or chapter 631 of the laws of 1993, in relation to extending the time for such elections".

The Committee on State and Federal Legislation to which was referred on February 27, 2001 (Minutes, page 570) the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would allow New York City correction employees who failed to elect participation in the twenty year retirement benefit program during the original "window period" to enroll in the program if such employees file with the New York City Employees' Retirement System, a written request before December 31, 2001. The legislation would require those correction employees who opt into the program to pay additional contributions retroactive to December 19, 1990 for those correction officers below the rank of captain, and August 4, 1993 for those correction officers of the rank of captain and above. The rights of eligible members to opt for coverage by the provisions of Sections 445-a, 445-c, 504-a or 504-b of the New York State Retirement and Social Security Law ended with the close of the previous election period. This legislation would create a new election period ending on December 31, 2001.

According to Senator Maltese's Memorandum in Support, sound public policy entails maintaining a young and vigorous membership in the Uniformed Correction Services. According to the Memorandum, the enactment of this legislation would be consistent with this goal.

In 2000, this Committee passed a home rule message concerning similar legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect immediately and shall be deemed to have been in effect on and after December 31, 1996.

State Legislation Res. No. 80

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Spano, S.4468, and Committee on Rules, A.8415 "AN ACT to amend the retirement and social security law, in relation to the application of the age fifty-seven retirement program, the mandated physically taxing program and the incumbent fifty-five/twenty-five program for certain employees."

The Committee on State and Federal Legislation to which was referred on May 9, 2001 (Minutes, page 1281) the annexed State Legislation Resolution respectfully

REPORTS:

In general, this legislation intends to assure that New York City employees are not mandated to participate in a retirement plan from which they cannot receive the intended benefit improvements. Specifically, this legislation would (1) provide that a person who first becomes employed in New York City after age 51 is not mandated to join the age 57 retirement program, (2) provide that a person who first becomes employed in New York City in a physically taxing position after age 24 is not mandated to enroll in the 25/50 retirement plan, and (3) provide opt out provisions for those who have been mandated into these retirement plans who would otherwise not have been required to enroll in such plans under the provisions of this legislation.

According to the Assembly's Memorandum in Support, all new employees in New York City are mandated into these retirement plans and make employee contributions in addition to the standard 3 percent contribution. This legislation would eliminate mandatory participation for those employees whose age and potential years of service disqualifies them for the early retirement benefit.

Last year, this Committee passed a home rule message concerning similar legislation. The full Council, thereafter, approved it as well. At the State level, however, it passed the Assembly but died in the Senate Rules Committee.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect immediately.

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: This proposed legislation would cost the city approximately $5 million a year starting in fiscal year 2003. There is no cost in Fiscal 2002 as a result of both an "asset cushion" in the New York City Employees Retirement System and the fact that this legislation will not become law prior to June 30, 2001 and will not be included in the calculations for determining fiscal year 2002 pension contribution.

State Legislation Res. No. 86

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Johnson, S.3254, and Assembly Member Sweeney, A.6496, "AN ACT in relation to reclassifying the retirement from the New York city police pension fund for ordinary disability of DeForest Taylor as a retirement for accident disability".

The Committee on State and Federal Legislation to which was referred on May 9, 2001 (Minutes, page 1285) the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would reclassify former New York City Police Chief DeForest Taylor's pension status from ordinary disability to accident disability.

According to Assemblyman Sweeney's Memorandum in Support, Police Chief Taylor has malignant mesothelioma, a form of lung cancer which he believes he contracted while serving in the line of duty. This legislation would provide Chief Taylor additional retirement benefits.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect immediately and shall be deemed to have been in effect on and after July 13, 1994.

State Legislation Res. No. 100

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Spano, S.4471, and Assembly Member Vitaliano A.8414, "AN ACT to permit certain employees at the city of New York and the board of education of the city of New York to withdraw from the twenty-five year early retirement program".

The Committee on State and Federal Legislation to which was referred on May 23, 2001 (Minutes, page 1451) the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would allow part-time employees who, as a member of the New York City Employees' Retirement System (NYCERS), worked fewer than 1827 hours or, as a member of the New York City Board of Education Retirement System, who worked fewer than 1420 hours, in each of the first four years as a participant in these twenty-five year early retirement programs, to withdraw from these programs. An employee who wishes to withdraw from these programs must file with NYCERS or the Board of Education, a written request during the period beginning January 2, 2002 and ending April 1, 2002. Any person who withdraws from the twenty-five year early retirement program shall receive a refund of the employees' portion of his or her additional member contributions.

According to Assemblyman Vitaliano's Memorandum in Support, part-time employees who are members of the NYCERS and Board of Education twenty-five year early retirement plan will not be able to avail themselves of the benefits of this plan because their part-time service would require them to work far more than twenty-five years in order to receive the twenty-five years of service credit. This legislation repeals the mandatory participation in this particular retirement program in those instances where the benefit cannot be achieved.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect immediately.

The Committee on State and Federal Legislation to which was referred on June 7, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would provide that, in a city containing more than one county, collective bargaining agreements must contain disciplinary grievance - arbitration procedures applicable to provisional appointees who have served provisionally for twenty-four months or more in a job title covered by the terms of the collective bargaining agreement.

According to Assemblyman Vitaliano's Memorandum in Support, employers have lengthened the period that provisional employees, who are not accorded the

same rights as permanent employees, will serve under this temporary status by delaying the establishment of a eligible list for permanent positions. This legislation would grant long-term provisional employees the same due process protections afforded to permanent employee.

Report of the Committee on State and Federal Legislation in favor of concurring in the recommendation contained in the Communication from the Mayor - "AN ACT in relation to authorizing the city of New York to lease certain parkland, commonly known as Steeplechase Park, with improvements thereon, in the borough of Brooklyn to Brooklyn Baseball Company, LLC or its successors or assignees (BBC) in connection with the construction, operation and maintenance of a stadium, related facilities, and concession facilities for use as the home stadium of a professional minor league baseball team and for other uses". S.3761-A/A.8865

The Committee on State and Federal Legislation to which was referred on June 5, 2001 (Minutes, page 1464) the annexed communication respectfully

REPORTS:

This legislation authorizes the City of New York to enter into a lease, for a term not to exceed thirty years, with the Brooklyn Baseball Company for parkland in Brooklyn known as Steeplechase Park. The authorization to enter the lease is subject to the requirements that: (1) any lease entered into by the City will not in any way limit public access to the Riegelmann Boardwalk, Coney Island Beach, Steeplechase Pier or the walkways that connect Surf Avenue to Riegelmann Boardwalk and Coney Island Beach; (2) public access to these walkways remain free of charge and accessible to both stadium and non-stadium visitors during stadium events; and (3) the existing parking area, or any replacement parking area built by the City be available to both stadium and non-stadium visitors during stadium events. This legislation also requires that the City dedicate an amount equal to the fair market of the lease for the dedication of additional parklands of equal or greater fair market value and/or for capital improvements to existing parks and recreational facilities.

There is currently a minor league baseball stadium under construction in Steeplechase Park. The stadium is scheduled to be completed by the beginning of the 2001 baseball season. The stadium will be the home of a minor league team affiliated with the New York Mets. According to the Mayor's Memorandum in Support, the stadium represents a significant investment by the City in the revitalization of Coney Island. The City is planning on making several ancillary improvements in and around the stadium such as: the construction of new walkways from Steeplechase Park to the Riegelmann Boardwalk; the development of a little league baseball field and playground located between the stadium and the Boardwalk; and the development of certain commercial space on the Surf Avenue side of the stadium for retail or restaurant uses that are appropriate for parkland.

Report of the Committee on State and Federal Legislation in favor of approving a communication from the Mayor - '"AN ACT to amend the general municipal law, chapter 130 of the laws of 1998 and chapter 406 of the laws of 1999, both amending the general municipal law relating to temporary investments by local governments, in relation to such investments". S.3814/A.7301

The Committee on State and Federal Legislation to which was referred on June 7, 2001 the annexed communication respectfully

REPORTS:

This legislation would permit the City of New York to make investments in shares of certain regulated investment companies to the extent that ninety-five percent of the income from the investment is tax exempt or any investments that are either rated at least as highly as bonds or notes of New York City, or are of equivalent or better quality as determined by the City Comptroller. This legislation also repeals the July 1, 2002 sunset provision, which would have ended the City's authority to make the types of temporary investments authorized by this section.

According to Senator Goodman's Memorandum in Support, this legislation allows the City to use investment alternatives available to it to invest its money temporarily in tax-exempt money market funds as well as investments as highly rated as, or of equivalent quality to, those of the City. The elimination of the sunset provision will allow the City to plan for the continued use of this flexibility in investments provided by Section 11 of the General Municipal Law.

This legislation shall take effect immediately.

Such filing date shall be determined without regard to extensions of time to file.

§ 14. Subdivision 4 of section 11-67 8 of the administrative code of the city of New York is amended to read as follows:

4. Where such claim for credit or refund is filed after the expiration of the period prescribed in subdivision one or in subdivision two where applicable, in respect to the taxable year to which the net operating loss *or capital loss* is carried back, the amount of such credit or refund shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based.

§ 15. Subdivision 4 of section 11-679 of the administrative code of the city of New York is amended to read as follows:

4. Refund of tax caused by carryback. For purposes of this section, if any overpayment of tax imposed by subchapter two of this chapter results from a carryback of a net operating loss *or a net capital loss, such* overpayment shall be deemed not to have been made prior to the filing date for the taxable year in which such net operating loss *or net capital loss* arises. Such filing date shall be determined without regard to extensions of time to file. §18. This local law shall take effect immediately, except that sections one through seven of this local law shall take effect for taxable years beginning on or after January 1, 2000.

Res. No. 1965

Resolution computing and certifying Base Percentage, Current Percentage and Current Base Proportion of each class of Real Property for Fiscal 2002 to the State Board of Real Property Services pursuant to Section 1803-a, Real Property Tax Law

By Council Member Berman

Whereas, on February 12, 2001, the State Board of Real Property Services (the "SBRPS") certified the final state equalization rate, class ratios and class equalization rates for the City's Fiscal 2002 assessment rolls, required by Article 18, Real Property Tax Law; and

Whereas, Section 1803-a (1), Real Property Tax Law, requires the Council to compute and certify, to the SBRPS, for each tax levy, the base percentage, the current percentage and the current base proportion of each class of real property in the City subsequent to the date on which the SBRPS files with the Clerk of the Council a certification setting forth the final state equalization rate, class ratios and class equalization rates for the City's Fiscal 2002 assessment rolls, pursuant to Section 1212, Real Property Tax Law; and

Whereas, Section 1803-a, Real Property Tax Law, currently requires that if any increase in the current base proportion for any class of real property, as compared with the previous year's adjusted base proportion for such class of property shall exceed 5 percent, such excess over 5 percent must be shifted to any other class of property;

NOW, THEREFORE, be it resolved by The Council of The City of New York as follows:

Section 1. **Computation and Certification of Base Percentages, Current Base Percentages and Current Base Proportions for Fiscal 2002.** (a) The Council hereby computes and certifies the base percentage, the current percentage and the current base percentage for the City's Fiscal 2002 assessment rolls as shown on

SBRPS Form RP-6700, attached hereto as Exhibit A and incorporated herein by reference (the "CBP Certificate").

(b) The Clerk of the Council is hereby authorized and directed to execute the CBP Certificate and to file it with the SBRPS after the date on which the SBRPS filed with the Clerk of the Council a certification setting forth the final state equalization rate, class ratios and class equalization rates for the City's Fiscal 2002 assessment rolls, pursuant to Section 1212, Real Property Tax Law.

Section 2. **Effective Date.** This resolution shall take effect as of the date hereof.

EXHIBIT A

"Class equalization rate" represents the percentage that the total assessed value of each class is of the market value of the class, as shown in SBRPS sample studies.

"Base percentage" represents the percentage of total market value that each class constitutes in the 1989 base tax roll. The 1989 base tax roll is the one which was used in setting the tax levy for Fiscal 1990.

"Current percentage" is similar to the base percentage, but applies to the most recent year for which the SBRPS has established class equalization rates (in this case, the 2000 tax roll).

"Local base proportions" are the class tax shares used to fix the tax rates for Fiscal 1991.

"Current base proportions" are the local base proportions modified to take into account the market value changes revealed by the latest class equalization rates.

Int. No. 943

By Council Member Dear

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the regulation of newsracks.

Be it enacted by the Council as follows:

Section one. Declaration of legislative findings and intent. The Council finds that the unregulated placement and maintenance of newsracks on the City's sidewalks presents an inconvenience and danger to the safety and welfare of persons using those sidewalks, including pedestrians, persons entering and leaving vehicles and buildings, and persons performing essential utility, traffic control and emergency services. The Council recognizes, however, that the placement of newsracks on sidewalks is so historically associated with the sale and distribution of written matter that access to those areas for such purposes should not be absolutely denied. The Council further finds that these strong and competing interests require a reasonable accommodation which can only be satisfactorily achieved through the regulation of the time, place and manner in which such newsracks are placed in operation.

§2. Subchapter one of chapter one of title 19 of the administrative code of the city of New York is amended by adding a new section 19-128 to read as follows:

19-128 Newsracks. a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "Newsrack" shall mean any self-service or coin-operated box, container or other dispenser placed, used, or maintained exclusively for the sale or distribution of written matter.

2. "Person" shall mean an individual, partnership, corporation, limited liability company or other entity.

3. "Sidewalk" shall mean that portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines, but not including the curb, routinely used or made available for use by pedestrians.

b. 1. No person shall place or maintain a newsrack on any sidewalk without having first obtained a permit therefor from the commissioner.

2. Other than because of failure to pay the permit fee or lack of compliance with insurance requirements, the commissioner may only deny a properly filed application for issuance of a permit to place or maintain a newsrack if: (a) the location for the newsrack applied for is within five feet of any portion of a crosswalk, driveway, vault or building entrance, within fifteen feet of a fire hydrant, within a bus stop or taxi stand, and within three feet of any portion of a sidewalk tree pit, mailbox, light stanchion, traffic sign post, traffic signal stanchion or any other publicly installed or authorized physical appurtenance; or

(b) the commissioner makes a written determination that placement of a newsrack at the location requested in the application would unreasonably impede the flow of pedestrian traffic and would likely impair the ability of police, fire or other emergency services personnel to respond to an emergency situation or would otherwise create a danger to the public safety.

c. The commissioner shall set forth by rule such reasonable requirements as he or she deems necessary for newsracks placed or maintained on any sidewalk pursuant to a permit issued under this section. Such rules shall include, but shall not be limited to, reasonable requirements related to the size, shape, appearance, material, placement, construction and maintenance of a newsrack, and insurance and indemnification requirements.

d. Prior to the issuance of a permit to install or maintain a newsrack on any sidewalk, each applicant shall pay to the commissioner a fee as shall be established by rule.

e. 1. Each permit to place or maintain a newsrack on any sidewalk shall expire three years from the date of issuance thereof.

2. A permit issued hereunder shall not be transferable, except with the written permission of the commissioner.

f. Any city agency which installs or authorizes the installation of any physical object on a sidewalk or street or alters or authorizes any physical alteration of a sidewalk or street shall notify the department of such activity or authorization no less than thirty days prior to the commencement of such activity. Upon review of such notice, the department shall determine whether such activity warrants a written order of removal to be served upon any permittee in accordance with the provisions of subdivision g of this section.

g. 1. Notwithstanding any other provision of law to the contrary, the commissioner may serve, by certified mail, a written notice to cure upon the permittee or other person in control of a newsrack requiring the permittee to bring such newsrack into compliance with all of the provisions of this section or any rules promulgated hereunder or remove or cause to be removed such newsrack within seven days of the postmarked service of such order. Such notice shall permit the recipient to demand in writing an opportunity to be heard in the event that such person wishes to contest any portion of such notice. If, upon the expiration of the cure period, the newsrack has not been brought into compliance with the provisions of this section or any rules promulgated hereunder or has not been removed pursuant to the notice to cure and no written demand has been made by the recipient of the notice to cure for an opportunity to be heard, the commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer, is authorized to remove or arrange for the removal of such newsrack and the contents thereof to a secure location. Written notice of such removal shall be served by regular mail upon the permittee within five days of its removal and shall contain the address of the storage area to which such newsrack was removed and information regarding how the newsrack and the contents thereof may be retrieved. If such newsrack or the contents thereof is not claimed within thirty days after its removal, it shall be deemed to be abandoned and may be either sold at public auction after publication of notice in the City Record for a minimum of five consecutive business days, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of. Newsracks and the contents thereof that are removed pursuant to this subdivision shall be released to the permittee or other person lawfully entitled to possession upon payment of the costs for removal and storage and any civil penalty imposed pursuant to section 19-150 of this subchapter for a violation of this section or any rules promulgated thereunder, or, if an action or proceeding for the violation is pending, upon the posting of a bond or other form of security acceptable to the department in an amount which will secure the payment of such costs and any penalty which may be imposed pursuant to section 19-150 of this subchapter.

2. Notwithstanding any other provision of law to the contrary, the commissioner may serve, by certified mail, an order upon the owner or other person in control of a newsrack requiring such person to remove or cause to be removed such newsrack within seven days of the postmarked service of such order where such removal is required because the location of such newsrack is used or is to be used for public utility purposes, public transportation, or other government use, or when such newsrack unreasonably interferes with the use of poles, posts, traffic signs or signals, hydrants, mailboxes, other objects permitted at or near said location, or authorized construction activities in nearby or adjacent buildings, or if removal is required in connection with a street widening or other capital project or improvement. If such person does not remove such newsrack within seven days of the postmarked service of such order, the provisions of paragraph one of this subdivision regarding procedures for such removal, storage, abandonment, disposal, and release, shall apply.

3. (i) Notwithstanding any other provision of law to the contrary, where exigent circumstances exist and the commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer, gives notice to the owner or other person in control of a newsrack to remove such newsrack, such person shall comply with such notice as soon as practicable. For the purposes of this paragraph, exigent circumstances shall include, but not be limited to, unusually heavy pedestrian or vehicular traffic, the existence of obstructions in the public space, an accident, fire or other emergency situation, a parade, demonstration or other such authorized event at or near the location of such newsrack.

(ii) If any owner or other person in control of a newsrack does not remove such newsrack when directed to do so by the commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer in accordance with the provisions of subparagraph (a) of this paragraph, such commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer is authorized to provide for the removal of such newsrack to a secure location, and unless an administrative proceeding brought pursuant to subparagraph (c) of this paragraph has terminated in favor of such owner or other person in control of such newsrack, such owner or other person in control of such newsrack may be charged with reasonable costs for removal and storage payable prior to the release of such newsrack and the contents thereof.

(iii) Upon written request, the commissioner shall hold a hearing within five business days after the date of the removal of a newsrack pursuant to subparagraphs (a) or (b) of this paragraph and shall render his or her determination within three business days after the conclusion of the hearing. If a determination is rendered at such hearing that exigent circumstances did not exist, the commissioner shall arrange for the expeditious replacement of such newsrack at the location from which it was removed. If no hearing is requested or if the determination rendered at such hearing is that exigent circumstances existed, such newsrack and the contents thereof shall be released to the owner or other person lawfully entitled to possession, but may not be placed again at the location from which it was removed. If no hearing request has been made and such newsrack or the contents thereof is not claimed within thirty days after the date of removal, or if the newsrack or the contents thereof is not claimed within thirty days after a hearing determination that exigent circumstances existed, such newsrack or the contents thereof shall be deemed abandoned and may be either sold at a public auction after having been advertised in the City Record for a minimum of five consecutive business days, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of.

h. The commissioner may promulgate such rules as are necessary to carry out the provisions of this subchapter.

§3. Notwithstanding any other provision of law to the contrary, a newsrack on any sidewalk as of the effective date of this local law may continue to remain in such location provided that such newsrack is in compliance with the requirements for the placement and maintenance of newsracks contained in rules promulgated by the commissioner pursuant to subdivision c of section 19-128 of the administrative code of the city of New York, as added by section two of this local law, and provided that (1) a permit application to place or maintain a newsrack on any sidewalk is filed by the owner or other person in control of such newsrack with the department of transportation within sixty days after such effective date; and (2) such permit application has not been denied. If no permit application has been filed within sixty days by the owner or other person in control of such newsrack or such permit application is denied, such newsrack shall be deemed to be in violation of the provisions of section 19-128 of the administrative code of the city of New York, as added by section two of this local law, and any rules promulgated thereunder.

§4. This local law shall take effect one hundred and eighty days after its enactment into law, except that the commissioner of transportation shall take any administrative actions, including the promulgation of rules, necessary for the implementation of this local law prior to its effective date.

Referred to the Committee on Transportation.

Int. No. 944

By Council Members Linares and Michels

A LOCAL LAW to amend the administrative code of the city of New York in relation to creating a small business lease program for establishing an environment for fair negotiation in order to determine reasonable lease terms.

Be it enacted by the Council as follows:

Section one. Legislative findings. The Council hereby finds that the small business sector remains volatile at a time when New York City is more dependent than ever on small businesses for job growth and revenues. One of the main reasons for such a volatility for landlords and tenants has resulted in unreasonable lease terms. The rental market, as it is constituted, weighs too heavily in favor of the landlords in a way that serves neither the general economic interests of New York City nor the specific interests of small businesses and other parties. The rental market is often not effective in bringing together commercial tenants and landlords. This results in lost jobs, tax revenues and community stability. It is the intent of the

COUNCIL MINUTES — STATED MEETING June 5, 2001 CC179

City Council to give small businesses a measure of predictability through a two-step procedure of mediation and, if necessary, arbitration for negotiating lease renewals and rentals. The purpose of this legislation is, therefore, to create a fair negotiating environment, which will result in reasonable lease terms to help small business investment to encourage job retention and growth in the City of New York.

§2. Title twenty-six of the administrative code of the city of New York is amended by adding a new chapter nine to follow chapter eight to read as follows:

CHAPTER 9

COMMERCIAL PREMISES LEASE RENEWALS AND ARBITRATION PLAN

§26-801 Scope. §26-804 Rental Guidelines. a. Qualified Right of Renewal. (1) All leases of commercial space may be renewed at the option of the tenant. Such lease renewals shall be for a minimum term of ten years, provided however, that at the tenant's option, and with written approval of the landlord, a lease of shorter or longer duration may be selected. (2) No period of lease renewal period required by this chapter shall extend beyond the landlord's lawful ability to rent the premises to the tenant, where such ability is limited by (i) the expiration of a lease which is not renewed in which, with respect to a third party, the landlord is a tenant, (ii) the obligation to rent the premises to a third party pursuant to a bona fide lease entered into prior to the effective date of this chapter, (iii) the exercise by a third party of a bona fide option to rent the premises provided that such option was executed prior to the effective date of this chapter, or (iv) any other lawful reason arising prior to such effective date. Any landlord whose obligations under this chapter are limited by the provisions of this section shall not be required to negotiate or to arbitrate as otherwise provided for in this chapter but shall remain obligated to negotiate and to arbitrate a renewal lease for such period of time for which the landlord has a lawful ability to rent the premises to the tenant. The landlord shall provide notice to the tenant one year before the termination of the lease of the basis on which the lease cannot be extended for a full ten-year term. (3) A tenant shall lose the right of renewal and a landlord may refuse to renew a lease only on the following grounds:

(a) The tenant has persistently delayed rent payments without cause. "Cause", for the purpose of this section, is defined as the withholding or rental payments by the tenant due to alleged violations of the rental agreement by the landlord. In order for the landlord to be excused the obligation to renew a lease on this basis, the landlord must have served the tenant at least three prior notices during the term of the lease to the tenant for demand of payment within thirty days, and then prove that the lessee has not paid within the thirty day period. The landlord shall not serve such notice unless the rent payment was in arrears for a minimum of fifteen days;

(b) The tenant uses the premises for in a manner different from that described in the lease;

(c) The tenant conducts any form of illegal activity on the premises;

(d) The tenant has breached any substantive obligation under the current lease and has failed to cure such breach within the time provided for in the lease or, if the lease has no cure provision, within thirty days following written notice by the landlord;

(e) Upon the termination of the current tenancy, the landlord intends to demolish or substantially reconstruct the premises or a substantial part thereof, or to carry out substantial work or construction on the premises or part thereof which he or she could not reasonably do without obtaining possession of the premise. The landlord shall notify the tenant of his decision to take possession of the premises at least one year prior to the termination of the lease. In the event that the landlord fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded tenant may collect treble damages for any loss suffered as a result of such action;

(f) The current tenancy was created by the subletting of the property, the prime tenant did not notify the landlord by certified mail of the subtenant's existence and did not obtain the consent of the landlord. This ground is void if the landlord and tenant had agreed in the lease to allow subleasing rights and all obligations of the prime tenant on the issue, were complied with;

(g) It has been determined by the appropriate body that the tenant is a gross and persistent violator of the New York City tax code or of any license obligations related to the use of the premises;

(h) On the termination of the current tenancy, the landlord intends to occupy the retail premises in order to carry out its own business. The landlord shall notify the tenant of his decision to reoccupy the premises at least one year prior to the termination of the lease. In the event that the landlord fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded tenant may collect treble damages for any loss suffered as a result of such action.

b. Procedure for refusal to renew. (1) The landlord is to notify the tenant a minimum of one year before the expiration of lease, that the landlord is not going to renew the lease and to state the reason or reasons for such denial in detail. Failure of the landlord to give such notice shall subject the parties to the provisions of subdivision c of this section. The landlord is to furnish the tenant with all pertinent data supporting such reason or reasons. If the tenant still wishes to challenge the refusal to renew the lease and apply for a renewal of the lease, then the tenant must notify the landlord within thirty days after the receipt of the landlord's notice of his intent to challenge the refusal and seek arbitration on the issue of renewal. The tenant shall then notify the American Arbitration Association or any other recognized arbitration organization within fourteen days after notification by the tenant to the landlord that a hearing is requested to determine whether the landlord's grounds for refusal are valid.

(2) The landlord and tenant shall choose the arbitrator from a list of arbitrators by the American Arbitration Association or other recognized arbitration association or, if they cannot agree on the selection of the arbitrator within ten days of the tenant's notification to such arbitration association that a hearing is requested, the tenant shall notify such organization within five days of the parties' failure to make a selection and within five days of receipt of such notice from the tenant such arbitration organization shall select the arbitrator.

(3) The arbitrator shall notify both parties within thirty days of receipt by the arbitration association of the request by the tenant for a hearing, of the date, place, time and rules of the hearing. The landlord and the tenant are to furnish the arbitrator with all relevant documentation as determined by the arbitrator. The hearing shall take place in the borough where the commercial premises are located unless otherwise agreed to by the landlord and tenant. The arbitrator shall conduct a preliminary meeting prior to the hearing to review the documentation and familiarize himself or herself with the case. The matters the arbitrator shall determine during the preliminary meeting shall include, but not be limited to, the need to inspect the space and the need to hire expert consultants to certify the accuracy of the documentation. The arbitrator has the right to conduct an inspection of the space after notifying both parties at least three days in advance of the inspection and informing them of their right to be present during the inspection.

(4) The hearing before the arbitrator shall be tape-recorded. The tape recording shall be transcribed upon the request of any party who posts in advance the estimated cost of the transcription. Either party may provide, at its expense, a reporter to transcribe the hearing. The official record of the hearing shall include all documents and offers of proof presented to the arbitrator, the written decision of the arbitrator and the transcript of the hearing. The landlord and tenant will each be given no more than one day to present their case or such additional time as is determined by the arbitrator. They shall be allowed to present testimony, witnesses, pictures, videos, documents, including charts, and any other relevant data. Each party shall be allowed to confront and cross-examine adverse witnesses. The arbitrator can choose to investigate any aspect of the case to help arrive at a decision.

(5) The arbitrator shall render a written determination stating the basis for such determination and notifying the parties of such determination no later than thirty days after the hearing has been concluded. Failure to render a timely, written determination and to notify parties within thirty days shall not affect the enforceability of such determination. Such determination shall be based on (i) appropriate laws applicable to commercial spaces; (ii) the terms of the lease and compliance therewith; and (iii) any other relevant and material factors that the arbitrator shall deem proper. If the arbitrator decides in favor of the landlord, then the tenant shall have until the end of the current lease to vacate. If the arbitrator decides in favor of the tenant, then the landlord is to notify the tenant at least one hundred eighty days before the expiration of the lease that the landlord is ready to meet with the tenant to renegotiate the lease consistent with the arbitrators written determination. If the parties cannot agree on the rent to be charged for the commercial premises, they shall submit to the requirements of subdivision c of this section. The costs of arbitration shall be borne equally by the landlord and tenant.

c. Procedure for unopposed lease renewals. (1) The landlord shall notify the tenant at least one hundred eighty days prior to the expiration of the lease of his willingness to renegotiate the lease agreement. If the landlord and tenant agree, they may at any time negotiate a lease renewal, with any agreed to terms and conditions, not inconsistent with the provisions of this chapter. The tenant is to continue rent payments set forth in the lease until the parties reach an agreement on a lease renewal. The first ninety days of the one hundred eighty day notice period is for the purpose of negotiations. Alternatively, either party may compel the other party to the dispute to use that ninety-day period, or any part thereof, for the purposes of mediation. If either the landlord or tenant chooses mediation, he or she shall notify the other party that a mediation session is requested. The parties shall choose a mediator who is agreeable to both the landlord and tenant, or if no such person is agreeable, then the American Arbitration Association or another recognized arbitration or mediation association shall appoint a mediator. The mediator shall notify the landlord and tenant, no more than ten days after his or her appointment, of the date, time, place and rules of the hearing. The mediator shall follow his or her customary rules and may render an opinion concerning the dispute, which shall not be binding on the parties. If after ninety days of negotiation and any mediation sessions, the landlord and tenant do not reach an agreement on a new lease, and the rent demanded by the landlord exceeds ten percent of the average rent charged during the final twelve months of the existing lease for the first year of the new lease or forty percent of the average rent charged during the final twelve months of the existing lease for the tenth year of the new lease or exceeds a yearly maximum increase of six percent for any year after the first year of the new lease, then the tenant is to notify the American Arbitration Association or any other recognized arbitration organization, within fourteen days of the expiration of the first ninety day period, that a hearing is requested.

(2) The landlord and tenant shall choose the arbitrator from a list of arbitrators provided by the American Arbitration Association or other recognized arbitration association. If they cannot agree on the selection of the arbitrator within ten days of the tenant's notice to such association that a hearing is requested, the tenant shall notify within five days such organization of the parties' failure to make a selection and such arbitration organization shall determine the arbitrator within five days of receipt of such notice from the tenant.

(3) The arbitrator shall notify both parties of the date, place, time and rules of the hearing within thirty days of receipt by the arbitration association of the request for a hearing. The hearing shall take place in the borough where the commercial premises are located unless otherwise agreed to by the landlord and tenant. The landlord and tenant shall furnish the arbitrator with all relevant documentation, and the arbitrator shall conduct a preliminary meeting prior to the hearing to review the data and familiarize himself or herself with the case. The matters the arbitrator shall determine during the preliminary meeting shall include, but not be limited to, the need to inspect the space and the need to hire expert consultants to certify the accuracy of data. The arbitrator has the right to conduct an inspection of the space after notifying both parties at least three days in advance of the inspection and informing them of their right to be present during the inspection.

(4) The hearing before the arbitrator shall be tape-recorded. The tape recording shall be transcribed upon the request of any party who posts in advance the estimated cost of the transcription. Either party may provide, at their expense, a reporter to transcribe the hearing. The official record of the hearing shall include all documents and offers of proof presented to the arbitrator, the written decision of the arbitrator and any transcript of the hearing. The landlord and tenant will each be given no more than one day to present testimony, witnesses, pictures, videos, documents, including charts, comparable rent data and any other relevant data. Each party shall be allowed to confront and cross-examine adverse witnesses. The arbitrator can choose to investigate any aspect of the case to help arrive at a decision.

(5) The arbitrator shall render a written determination as to the rent to be paid during a renewal period of ten years, together with the basis for the determination of the rent, and shall notify the parties of such determination no later than thirty days after the hearing has been concluded. Failure to notify parties within thirty days shall not affect the enforceability of such determination. Such determination shall be based on (i) the cost of maintenance and operation of the entire property including land and building improvements, excluding all service debt such as mortgages, (ii) the amount paid directly by the owner of rates assessed against the building, (iii) the kind, quality and quantity of services furnished by the landlord, (iv) the condition of the space including capital improvements made by the tenant, (v) current interest rates on bank deposits and United States government bonds, (vi) the current inflation rate and the individual components of the inflation index, (vii) the lease history and any relevant sublease history, (viii) the longevity of the business, (ix) the location of the business, (x) the extent to which the business is bound to its particular location, (xi) the size of the space and (xii) a reasonable return on capital invested in the

purchase of the property and in any improvements made thereto, excluding interest paid or accrued. Where the commercial premises is located in a mixed-use building with less than twenty-five residential units, the arbitrator shall give special consideration to the criteria listed in paragraphs (i) and (ii) of this section. Within thirty days of the hearing, the arbitrator shall send the decision as to the rent price to the parties involved by certified mail.

(6) The arbitrator's decision as to the rent shall be final and binding on both parties except as provided herein, and they shall enter into a lease incorporating such rent which lease does not diminish any services provided by the landlord pursuant to the existing lease. Such renewal lease shall be entered into by the termination date of the current lease and shall commence at the time of expiration of the existing lease. If, however, the tenant elects not to pay the rent set by the arbitrator, then the landlord and tenant shall not enter into a new lease agreement or renew the existing lease.

(7) The tenant will be allowed to remain in possession at a rent no greater than one hundred twenty five percent of the average rent charged during the final twelve months of the last rental agreement between the landlord and tenant from the termination date of the existing lease until such date on which the tenant shall remove his or her property from the premises as provided herein. In the event the landlord receives a written bona fide offer from a prospective tenant to rent the premises, the landlord must first offer the current tenant the option of entering into a lease at the rent and other terms agreed to by the prospective tenant to the landlord. The landlord is to notify the tenant of such offer within three days of receipt of such written offer. If the tenant declines to pay the rent or fails to accept the offer within fourteen days of receipt of the landlord's offer, then the tenant has thirty days, from the date such notice is received, to remove property from the commercial premises provided that the lease has expired. If the tenant declines the option of first refusal, the landlord and tenant may at any time enter into a lease for a term of less than or more than seven years and for an amount different from that set by the arbitrator. The cost of arbitration shall be borne equally by landlord and tenant.

§26-805 Security deposits. Security deposits shall not exceed an amount equal to two months rent. All security deposits shall be placed in escrow in an interest-bearing account at a federally insured bank located in New York state. The tenant shall be notified in writing of the location of such escrow account. Interest paid on the account shall be paid to the tenant annually. The amount of interest paid to the tenant shall equal the interest paid by the federally insured bank less one percent for the landlord's administrative costs.

§26-806 Pass-alongs. No lease or lease renewal for a commercial premises entered into pursuant to the provisions of this section shall contain a provision for rent increases above the base rent determined by arbitration or agreed upon, with the exception of increased costs resulting from increased real property taxes. Any rent increases to pass along the cost of increased real property taxes shall be apportioned among the commercial tenants strictly according to the percentage of square feet in the building occupied by each tenant.

§26-807 Retaliation. No landlord shall in any way retaliate against any tenant for the tenant's assertion or exercise of any rights under this chapter. Such retaliation may subject the landlord to a suit for actual and punitive damages, injunctive relief, and attorney's fees. Proof of retaliation by the landlord occurring prior to or during the arbitration proceeding shall be considered by the arbitrator in making a determination as to the rent to be paid.

§26-808 Waiver. No provision in any lease, rental agreement, or agreement made in connection therewith which waives or diminishes any right of tenant under this chapter is valid.

§26-809 Evaluation. At the end of each year, any arbitration organization whose members are selected to make any determination pursuant to this chapter shall report to the council on the effectiveness of this chapter in carrying out the purposes set forth in the legislative findings. The report should include recommendations with respect to the criteria that triggers mediation or arbitration. Any such recommendations should take into account the existing rental market which includes among other factors the inflation and interest rates. This report shall also identify any other positive or negative effects of the law.

§26-810 Violations. The tenant is to immediately notify the landlord of any violations of any law, regulation, rule, code or other regulatory standard for the leased premises. The landlord is to immediately notify all tenants of any and all such violations issued with respect to the building in which the premises are located.

§26-811 Penalties. a. A landlord or tenant may seek injunctive relief mandating arbitration and/or appropriate damages against any landlord or tenant who fails to submit voluntarily to arbitration or otherwise fails to act in good faith.

b. Any and all legal expenses incurred by one party as a result of its attempt to compel the other party to comply with the provisions of this chapter may be awarded by the arbitrator or a court of competent jurisdiction, to the appropriate party.

§26-812. Inconsistency with other laws. In the event of any inconsistency with any other laws of the city of New York, this law shall take precedence.

§3. This local law shall take effect immediately.

INVOCATION

Dear God, and Father of all mankind, we stand tonight with grateful hearts that you have chosen us to be your servants to reach out and help those that cannot help themselves.

We thank Thee for this body, and for the experience we have had, the fellowship and friendship over the years.

We thank Thee, that as we vote on this budget tonight, that those who are young and cannot comprehend what we are doing may be blessed by it.

We pray that those who are feeble, those who are sick, those who are up in age, may benefit by this budget. May this City benefit by this budget.

Bless us individually and collectively, bless the communities and the districts we represent. May we come together and realize that it is always better together. Bless all that has been done, said, thought and expressed in this Chamber this day, yesterday, and the days to come, be thou with us and bless us and give us a safe journey home after we adjourn this meeting.

This is our prayer, Amen.

FISCAL NOTE--Pursuant to Legislative Law, Section 50:

This bill would eliminate the clause that stops the accidental death benefit paid to widow (er)s of sanitation workers who were killed in the line of duty if the widower) remarries. The cost estimate of providing this benefit is about $25,000 in the first year, and remaining constant thereafter as a percent of payroll.

The bill would also expand the NYCERS ordinary death benefit to include those who are on an authorized leave of absence without pay for more than one year at the time of their death. The cost would be approximately $120,000 for each instance that this occurs.

This fiscal note was prepared by the New York City Office of Management and Budget for use in the 2001 Legislative Session.

Whenever the assets of the pension fund are drawn upon pursuant to the provisions of paragraph one of subdivision e of this section all monies so withdrawn shall be made a charge to be paid by the employer otherwise required to make contributions to the police pension fund no later than the end of the fiscal year next succeeding the time period during which such assets were drawn upon. The actuary shall calculate such charge to be paid by the employer. All charges to be paid pursuant to this subdivision shall be paid at the regular rate of interest utilized by the actuary in determining employer contributions to the pension fund pursuant to the provisions of paragraph two of subdivision b of section 13-638.2 of this title.

i. The funds withdrawn from the pension fund shall not be utilized for any purpose other than the budget established by the board of trustees All expenditures of the pension fund shall be subject to audit by the comptroller, who may make recommendations, including but not limited to, procedures designed to improve accounting and expenditure control. All expenditures of the pension fund shall be reported to the mayor's office of management and budget and the budgetary office of the city of New York police department.

§5. Except as specified herein, nothing contained in this act shall affect or impair the rights or privileges of officers or employees of the police pension fund in relation to the personnel, appointment, ranks, grades, length of service, promotion, removal, pension and retirement rights, civil rights, or any other rights or privileges of officers or employees of the city generally or officers or employees of such fund.

§ 6. In the event that any provision of this act shall be adjudged to be invalid or unconstitutional on its face or in its application to any person or circumstances by a court of competent jurisdiction, after all rights to appeal have been exhausted, such judgment shall not affect, impair or invalidate the remainder of this act, but shall be confined in its operation to the provision of such section directly involved in the controversy in which judgment shall have been rendered.

§ 7. This act shall take effect immediately: provided, however, that the provisions of this act authorizing the adoption of a budget and the use of the assets of the police pension fund to pay expenses may be utilized during the fiscal year commencing on July 1, 2001 and provided further, that in such event, such budget shall be deemed to have been established on April 1, 2001.

FISCAL NOTE.--PROVISIONS OF PROPOSED LEGISLATION: This proposed legislation would amend Administrative Code of the City of New York ("ACNY") Section 13-216 to permit the New York City Police Department, Subchapter Two Pension Fund ("POLICE") to authorize, directly from the assets of POLICE, the payment of certain expenses associated with its responsibilities to administer POLICE.

Enactment of the proposed legislation would:

Eliminate the archaic reference in the Charter of the City of New York (the "City Charter") to the Board of Estimate as having to approve decisions made with respect to the administration of POLICE.

Establish POLICE as an entity separate from the New York City (the "City") Police Department to be overseen by Board of Trustees, working closely with the Police Department.

Provide that the City Police Commissioner appoint an Executive Director of POLICE.

The Executive Director would perform such duties as may be conferred upon him or her by the Chairperson of the Board of Trustees, by resolution of the Board of Trustees or by law.

Provide that the Board of Trustees establish a budget and authorize payment from the assets of POLICE certain expenses (other than investment expenses) associated with the administration of POLICE.

Any budget or modification thereto would require the concurrence of both the representative of the Mayor and the Comptroller of the City of New York (the "Comptroller").

All expenditures made from POLICE in accordance with this proposed legislation would be subject to audit by the Comptroller and would be reported to the New York City Office of Management and Budget ("OMB") and to the budgeting office of the New York City Police Department.

Provided that all employees of POLICE be considered employees of the City for purposes of Chapter 35 of the Charter (i.e., Personnel Management) and ACNY Title 12 (i.e., Personnel and Labor).

FINANCIAL IMPACT - EMPLOYER CONTRIBUTIONS: Consistent with the methodology used to finance administrative expenses for the New York City Employees' Retirement System ("NYCERS") and the New York City Teachers' Retirement System ("NYCTRS"), administrative expenses paid from the assets of POLICE in accordance with this proposed legislation would be reimbursed with interest during the Fiscal Year following their occurrence.

If the Board of Trustees first authorizes administrative expenses of $5 million (Note: this figure is hypothetical and for illustrative purposes) that are incurred during Fiscal Year 2002, this $5 million plus interest (i.e., $5.4 million based on the current Actuarial Interest Rate ("AIR") assumption of 8.0% per annum) would be reimbursed to POLICE through employer contributions paid during Fiscal Year 2003.

FINANCIAL IMPACT: NEW YORK CITY OPERATING BUDGET: To the extent that the assets of POLICE are used to pay administrative expenses for POLICE, then those expenses would no longer be included in the operating budget of the New York City Police Department.

Consequently, if the proposed legislation were effective for Fiscal Year 2002 and expenses of $5.0 million that would otherwise have been part of the Police Department operating budget were instead paid from the assets of POLICE, then the New York City operating budget would decrease by $5.0 million for Fiscal Year 2002 since the increase in employer contributions to POLICE would not begin until Fiscal Year 2003.

As noted, earlier, beginning Fiscal Year 2003, employer contributions to POLICE would include, with interest, the administrative expenses of POLICE for the previous Fiscal Year. These payments would be expected to fully offset the reductions in the operating budget of the Police Department.

CENSUS DATA: The estimated financial impact of this proposed legislation is based, in part, upon census data used for the actuarial valuation of POLICE as of June 30, 2000.

ACTUARIAL ASSUMPTIONS AND METHODS: The actuarial assumptions and methods used are the same as those used by the Actuary to determine employer contributions to POLICE for Fiscal Year 2001.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2001 Legislative Session. It is Fiscal Note 2001-15, dated June 13, 2001, prepared by the Chief Actuary for the New City Police Department, Subchapter Two Pension Fund.

FOR PURPOSES OF SUCH LOCAL LAW, A "PRINCIPAL RESIDENCE" SHALL HAVE THE SAME MEANING AS WHEN USED IN SECTION ONE HUNDRED TWENTY-ONE OF THE INTERNAL REVENUE CODE. SUCH LOCAL LAW MAY, IN ACCORDANCE WITH PRINCIPLES SIMILAR TO THOSE APPLICABLE UNDER PARAGRAPH (A) OF SUBDIVISION TWO OF SECTION TWO HUNDRED FIFTY-THREE-A, PROVIDE THAT THE PRINCIPAL DEBT OR OBLIGATION SECURED BY ONE OR MORE MORTGAGES MAY BE AGGREGATED FOR THE PURPOSE OF DETERMINING WHETHER THE AMOUNT OF PRINCIPAL DEBT OR OBLIGATION SECURED BY SUCH MORTGAGE OR MORTGAGES EXCEEDS THE LIMITATIONS APPLICABLE TO THE EXEMPTION GRANTED BY SUCH LOCAL LAW. SUCH LOCAL LAW SHALL PROVIDE THAT, IN THE EVENT THAT A MORTGAGOR DOES NOT OWN AND USE THE PROPERTY AS A PRINCIPAL RESIDENCE FOR A PERIOD OF NOT LESS THAN TWO YEARS AFTER THE RECORDING OF THE MORTGAGE, ANY ADDITIONAL TAX SHALL BECOME IMMEDIATELY DUE AND PAYABLE PLUS INTEREST AND THE MORTGAGOR SHALL BE SUBJECT TO A PENALTY AS PROVIDED IN SUBDIVISION TWO OF SECTION TWO HUNDRED FIFTY-EIGHT OF THIS CHAPTER.

§. 3. Section 253-a of the tax law is amended by adding a new subdivision 1-a to read as follows:

IN THE EVENT THAT ANY CITY IN THE STATE HAVING A POPULATION OF ONE MILLION OR MORE, ACTING THROUGH ITS LOCAL LEGISLATIVE BODY, ADOPTS AND AMENDS ITS LOCAL LAWS TO PROVIDE FOR THE FULL OR PARTIAL EXEMPTION FROM THE TAX IMPOSED BY SUBDIVISION ONE OF THIS SECTION FOR FIRST-TIME HOMEBUYERS, THE LENDER SHALL PROVIDE DOCUMENTATION IN A FORMAT APPROVED BY THE COMMISSIONER AND BY THE COMMISSIONER OF FINANCE OF SUCH CITY TO ENABLE RECORDING OFFICERS TO AFFIRMATIVELY DETERMINE WHEN A MORTGAGE BEING PRESENTED FOR RECORDING IS ENTITLED TO SUCH EXEMPTION. FOR PURPOSES OF SUCH LOCAL LAW, A "FIRST-TIME HOMEBUYER" SHALL MEAN AN INDIVIDUAL OR AN INDIVIDUAL AND THAT INDIVIDUALS SPOUSE OR DOMESTIC PARTNER, NONE OF WHOM HAS OR HAD AN OWNERSHIP INTEREST IN A PRINCIPAL RESIDENCE, VACATION RESIDENCE, OR INVESTMENT RESIDENCE AT ANY TIME PRIOR TO THE RECORDING OF THE MORTGAGE, EXCEPT AS OTHERWISE PROVIDED IN THIS SUBDIVISION. FOR PURPOSES OF SUCH LOCAL LAW, "OWNERSHIP INTEREST" INCLUDES: A FEE SIMPLE INTEREST, A JOINT TENANCY, A TENANCY-IN-COMMON, A TENANCY-BY-THE-ENTIRETY, THE INTEREST OF A TENANT SHAREHOLDER IN A COOPERATIVE, A LIFE ESTATE, AND A LAND CONTRACT, BUT SHALL NOT INCLUDE: A REMAINDER INTEREST, A LEASE WITH OR WITHOUT AN OPTION TO PURCHASE, A MERE EXPECTANCY TO INHERIT AN OWNERSHIP INTEREST, THE INTEREST A PURCHASER OF A RESIDENCE ACQUIRES IN THE EXECUTION OF A PURCHASE CONTRACT, AN INTEREST IN REAL ESTATE THAT IS NOT A RESIDENCE, VACATION RESIDENCE, OR INVESTMENT RESIDENCE, OR AN OWNERSHIP INTEREST IN A MOBILE HOME THAT IS NOT PERMANENTLY ATTACHED TO THE LAND, PROVIDED, HOWEVER, IF DUE TO HIS OR HER OWNERSHIP OF A MOBILE HOME, AN INDIVIDUAL HAS CLAIMED A REAL ESTATE TAX OR HOME MORTGAGE DEDUCTION ON HIS OR HER FEDERAL, STATE OR CITY INCOME TAX RETURNS, SUCH INDIVIDUAL SHALL NOT BE CONSIDERED A FIRST-TIME HOMEBUYER REGARDLESS OF WHETHER THE MOBILE HOME WAS PERMANENTLY ATTACHED TO THE LAND. FOR PURPOSES OF SUCH LOCAL LAW, A "PRINCIPAL RESIDENCE" SHALL HAVE THE SAME MEANING AS WHEN USED IN SECTION ONE HUNDRED TWENTY-ONE OF THE INTERNAL REVENUE CODE. SUCH LOCAL LAW MAY, IN ACCORDANCE WITH PRINCIPLES SIMILAR TO THOSE APPLICABLE UNDER PARAGRAPH (A) OF SUBDIVISION TWO OF THIS SECTION, PROVIDE THAT THE PRINCIPAL DEBT OR OBLIGATION SECURED BY ONE OR MORE MORTGAGES MAY BE AGGREGATED FOR THE PURPOSE OF DETERMINING WHETHER THE AMOUNT OF PRINCIPAL DEBT OR OBLIGATION SECURED BY SUCH MORTGAGE OR MORTGAGES EXCEEDS THE LIMITATIONS APPLICABLE TO THE EXEMPTION GRANTED BY SUCH LOCAL LAW. SUCH LOCAL LAW SHALL PROVIDE THAT, IN THE EVENT THAT A MORTGAGOR DOES NOT OWN AND USE THE PROPERTY AS A PRINCIPAL RESIDENCE FOR A PERIOD OF NOT LESS THAN TWO YEARS AFTER THE RECORDING OF THE MORTGAGE, ANY ADDITIONAL TAX SHALL BECOME IMMEDIATELY DUE AND PAYABLE PLUS INTEREST AND THE MORTGAGOR SHALL BE SUBJECT TO A PENALTY AS PROVIDED IN SUBDIVISION TWO OF SECTION TWO HUNDRED FIFTY-EIGHT OF THIS CHAPTER.

§. 4. Subdivision 2 of section 258 of the tax law, as added by chapter 241 of the laws of 1989, is amended to read as follows:

2. In any city in this state having a population of one million or more, in order to obtain a release or discharge of record where the mortgagor is not liable for the special additional tax imposed under subdivision one-a of section two hundred fifty-three of this {chapter} ARTICLE, such mortgagor or any subsequent owner of the mortgaged property or a part thereof may pay the tax imposed under such subdivision one-a with accrued interest and any penalties, and may either apply for the credit allowable under this chapter for payment of such additional tax or may maintain an action to recover the amounts so paid against any person liable for payment of the tax or any subsequent assignees or owners of such mortgage or consolidated mortgage of which such mortgage is a part, as if such amounts of tax and penalties were a debt personally owed by such persons to the mortgagor or subsequent owner. No judgment or final order in any action or proceeding shall be made for the foreclosure or the enforcement of any mortgage which is subject to any tax imposed by this article or of any debt or obligation secured by any such mortgage, unless the taxes imposed by this article shall have been paid as provided in this article; and whenever it shall appear that any mortgage has been recorded without payment of a tax imposed by this article there shall be added to the tax interest on the amount of tax not paid. The commissioner {of taxation and finance} shall set the rate of interest to be paid on any underpayment of tax imposed by this article at the rate of interest prescribed in subsection (e) of section one thousand ninety-six of this chapter for underpayments of tax. Such interest shall be compounded daily. In addition to interest there shall be added to the tax a penalty of ten percent of the amount of tax due for the first month of delay in payment of the tax plus two percent of the amount of tax for each month of delay thereafter, up to a maximum of twenty-five percent, (A) where it could not be determined from the face of the instrument that a tax was due, {or} (B) where an advance has been made on a prior advance mortgage or a corporate trust mortgage or a re-advance had been made on a mortgage where the original indebtedness it secured had been paid in whole or in part, OR (C) IN THE EVENT THAT ANY CITY IN THE STATE HAVING A POPULATION OF ONE MILLION OR MORE ACTING THROUGH ITS LOCAL LEGISLATIVE BODY ADOPTS AND AMENDS ITS LOCAL LAWS TO PROVIDE FOR THE PARTIAL EXEMPTION FROM THE TAXES IMPOSED UNDER SUBDIVISION ONE OF SECTION TWO HUNDRED FIFTY-THREE OR SUBDIVISION ONE OF SECTION TWO HUNDRED FIFTY-THREE-A OF THIS ARTICLE FOR A "FIRST-TIME HOMEBUYER," WHERE THE MORTGAGOR OR HIS OR HER SPOUSE OR DOMESTIC PARTNER DID NOT QUALIFY AS A FIRST-TIME HOMEBUYER AT THE TIME OF THE RECORDING OF THE MORTGAGE OR AS A RESULT OF THE MORTGAGORS FAILURE TO MEET THE TWO-YEAR OWNERSHIP AND USE REQUIREMENT FOR SUCH PARTIAL EXEMPTION. In any case where a mortgage of real property subject to a tax imposed by this article has heretofore been recorded or is hereafter recorded in good faith, and the county clerk or register has held such mortgage nontaxable or taxable at one amount, and it shall later appear that it was taxable or taxable at a greater amount, the commissioner {of taxation and finance} may remit the penalties but not interest. WHERE PARAGRAPH (C) OF THIS SUBDIVISION APPLIES, THE COMMISSIONER MAY REMIT THE PENALTIES BUT NOT THE INTEREST WHERE THE TWO-YEAR OWNERSHIP AND USE REQUIREMENT FOR THE PARTIAL TAX EXEMPTION FOR A "FIRST-TIME HOMEBUYER" IS NOT MET DUE TO THE DEATH OF THE MORTGAGOR OR IF THE MORTGAGOR CAN SHOW THAT THE FAILURE WAS DUE TO EITHER (I) AN EMPLOYMENT RELOCATION OF THE MORTGAGOR, THE MORTGAGORS SPOUSE OR DOMESTIC PARTNER OUTSIDE THE CITY, WHERE SUCH RELOCATION REQUIRED THE MORTGAGOR TO BECOME A RESIDENT OUTSIDE THE CITY, OR (II)

AN UNFORESEEABLE FINANCIAL EMERGENCY THAT CANNOT BE RELIEVED BY REIMBURSEMENT OR COMPENSATION THROUGH INSURANCE OR OTHERWISE OR LIQUIDATION OF THE MORTGAGORS ASSETS, PROVIDED SUCH LIQUIDATION WOULD NOT ITSELF CAUSE A SEVERE FINANCIAL HARDSHIP. FOR PURPOSES OF THE FOREGOING SENTENCE, AN "UNFORESEEABLE FINANCIAL EMERGENCY" SHALL MEAN A SEVERE FINANCIAL HARDSHIP TO THE MORTGAGOR RESULTING FROM A SUDDEN AND UNEXPECTED ILLNESS OR ACCIDENT OF THE MORTGAGOR, THE MORTGAGORS SPOUSE OR DOMESTIC PARTNER, OR OF A DEPENDENT, OR RESULTING FROM THE DEATH OF THE MORTGAGORS SPOUSE OR DOMESTIC PARTNER.

(6) A LOCAL LAW ENACTED PURSUANT TO THIS SUBSECTION SHALL BE APPLICABLE WITH RESPECT TO ANY TAXABLE YEAR ONLY IF IT HAS BEEN ENACTED ON OR BEFORE JULY THIRTY-FIRST OF SUCH YEAR. A CERTIFIED COPY OF SUCH LOCAL LAW SHALL BE MAILED BY REGISTERED MAIL TO THE DEPARTMENT AT ITS OFFICE IN ALBANY WITHIN FIFTEEN DAYS OF ITS ENACTMENT. REPORTS OF THE STANDING COMMITTEES (cont'd)

Reports of the Committee on State and Federal Legislation (cont'd)

State Legislation Res. No. 1

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Senator Kruger, S.918, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Edward J. O'Donnell, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in Property thus acquired; Block No. 7877, Lot No. 47 on tax map for the borough of Brooklyn".

The Committee on State and Federal Legislation to which was referred on February 7, 2001 (Minutes, page 399) the annexed State Legislation Resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the-city of New York to reconvey the real property designated as Block No. 7877, Lot No. 47 on the tax map of Brooklyn to the former owner Edward J. O'Donnell. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

The Committee on State and Federal Legislation to which was referred on February 7, 2001 (Minutes, page 400) the annexed State Legislation Resolution respectfully

Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

State Legislation Res. No. 87

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Leibell, S.4772 and Committee on Rules, A.8487 "AN ACT to amend the retirement and social security law, in relation retirement allowances payable to New York city police officers and firefighters".

The Committee on State and Federal Legislation to which was referred on May 9, 2001 (Minutes, page 1285) the annexed State Legislation Resolution respectfully

REPORTS:

Currently, the maximum retirement benefit a New York City police officer and firefighter can receive under their respective pension funds are capped at thirty years of service. This legislation would allow the maximum retirement benefit a police officer or firefighter, who has completed thirty or more years of service, can receive under their respective pension funds to be based on the total service with which such member has been credited at his or her retirement.

According to Senator Leibell's Memorandum in Support, the fiscal crisis of the early 1970's lead the Governor and the Legislature to reduce employee benefits to lessen the fiscal impact on the State and localities. Today, the New York City Fire Department Pension Fund has seen a 1,500% increase in the pension's assets since 1973. The Senator believes that the fiscal concerns that led to the reduction in benefits to police officers and firefighters, has cease to exist in this current economic climate.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect immediately.

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislatures to pass bills introduced by Senator Leibell, S.5412, and by Committee on Rules, A.8350, "AN ACT to amend chapter 666 of the laws of 1990 amending the administrative code of the city of New York and the education law relating to the availability of additional pension benefits for an extended second Public employment to retirees from twenty and twenty-five year plans, in relation thereto and to amend chapter 673 of the laws of 1980, relating to authorizing certain public officers to join the New York state and local employees' retirement system, in relation to the availability of additional benefits to such officers"

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

Currently, police officers and firefighters who retire from those agencies under twenty or twenty-five year retirement plans, and later begin second public service careers as teachers (or Board of Education employees covered by BERS), have a right under Chapter 666 of the laws of 1990 to elect to have retroactively transferred their membership to the teachers or BERS retirement system, providing they consent to the suspension of benefits they are currently receiving from the police or fire pension plans. Currently, those who make this election no longer receive the variable supplement benefits under the Police Pension Fund or the Fire Pension Fund. This legislation would provide that, notwithstanding such an election, the former police or fire member would be eligible to receive variable supplements benefits under the police or fire pension funds.

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the vehicle and traffic law and the public officers law, in relation to establishing in each city with a population of one million or more a demonstration program to enforce maximum speed limits by means of speed limit photo devices and providing for the repeal of such provisions upon expiration thereof'. S.3799-A/A.7355-A

The Committee on State and Federal Legislation to which was referred on June 7, 2001 (Minutes, page) the annexed communication respectfully

REPORTS:

This legislation amends the Vehicle and Traffic Law and the Public Officers Law to authorize the City of New York to establish a demonstration program for the use of speed limit photo devices to enforce the maximum speed limit on City streets or the maximum school speed limit in school areas. According to the Mayor's Memorandum in Support, speed limit photo devices are able to automatically detect the speed of a vehicle and capture its image - at the moment it exceeds the posted speed limit. Similar technology has been used to detect vehicles who run red traffic lights. Under the demonstration program, the New York. City Department of Transportation (DOT) will be allowed to operate speed limit photo devices at no more than ten and no fewer than three locations at any one time during the first year of the program. During, the second and subsequent years of the program, DOT will be able to operate these devices at no more than twenty locations. The legislation provides that any photographs, microphotographs, videotape or other recorded images produced. by a speed limit photo device can be used as evidence to adjudicate the liability of drivers who violate the maximum speed limits. The program will terminate five years after its enactment.

According to Mayor's Memorandum in Support, speeding motorists are a pervasive problem in some areas of the City. This demonstration program will supplement the police department's effort by using the latest technology to record speeding violations on film.

For fiscal implications, see Council Finance Division Fiscal Impact Statement.

This legislation shall take effect on the thirtieth day after its enactment.

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

In 2000, the Governor enacted legislation which provided cost-of-living adjustments (COLAs) to current and future retired members of the New York City Employees' Retirement System (NYCERS), the New York City Police Pension Fund, the New York City Fire Department Pension Fund and the New York City Board of Education Retirement Fund to: (1) all retired members who have attained age sixty-two and have been retired for five years; (2) all retired members who have attained age fifty-five and have been retired for fen years; (3) all members who retired for disability regardless of age who have been retired for five years; and (4) all recipients of an accidental death benefit regardless of age who have been receiving such benefit for five years. This legislation would also include the Relief and Pension Fund of the Department of Street Cleaning as one of the retirement funds whose retired members would be entitled to the COLAs under the same circumstances as the retirees of the other funds.

According to the Mayor's Memorandum in Support, this legislation would remedy an apparent oversight by granting retired members of the closed Street Cleaning Pension Fund the same catch-up supplementation and permanent COLA benefits that were granted to retired members of other public retirement systems.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately and shall be deemed to have been in effect on and after July 11, 2000.

Report of the Committee on State and Federal Legislation in favor of concurring in the Communication from the Mayor—"AN ACT to amend the general municipal law, in relation to the powers of the New York City industrial development agency". S.4256-A/A.8381-A

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

In 1986, the Governor signed into law, legislation that created the New York City Industrial Development Agency (NYCIDA). The NYCIDA's mission was to "actively promote, attract, encourage and develop economically sound commerce and industry through governmental action for the purpose of preventing unemployment and economic deterioration" in New York City. The powers conferred upon the NYCIDA were limited to certain specific provisions and the general powers granted to all industrial development agencies under Title 1 of Article 18-A of Chapter 24 as of January 1, 1973. In 1980, the general powers granted to an industrial development agency were amended to allow an agency to promote, develop and assist in the construction of railroad facilities. However, this power was not granted to the NYCIDA. This legislation would grant the NYCIDA the power to finance a rail freight facility.

According to the Mayor's Memorandum in Support, financing spur connections between industrial plants and main rail freight lines is particularly costly. This legislation would allow NYCIDA to assist industrial companies with the construction of rail connection projects that would aid businesses in lowering transportation costs and creating new jobs.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON SUPPLEMENTAL GENERAL ORDERS FOR THE DAY.)

At this point the Speaker (Council Member Vallone) announced that the following items had been **preconsidered** by the Committee on state and Federal Legislation and had been favorably reported for adoption.

M-1202

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the general city law; chapter 772 of the laws of 1966, relating to enabling a city having a population of one million or more to raise tax revenue, and the administrative code of the city of New York, in relation to tax credits authorized under--the relocation and employment assistance program". S.4331/A.8536

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

This legislation would liberalize certain eligibility requirements, which must be met in order to qualify for tax credits under the relocation and employment assistance program (REAP), and contains technical amendments to improve the administration of the program.

Currently, state and City law provide for REAP credits for businesses that relocate to the four boroughs other than Manhattan, or to Northern Manhattan. These are credits against the City's Corporation Tax, Unincorporated Business Tax or gross receipts tax (for utilities) based upon the number of eligible employees, which the eligible business is relocating. Last year, the Legislature adopted legislation, pursuant to a home rule request, that increased the amount of these credits to $3,000 per eligible employee for eligible businesses.

Currently, hotel and retail businesses are not eligible for REAP benefits. "Retail activity" is defined as any activity consisting predominantly of the sale, other than through the mail or by telephone, of tangible personal property to any person for reasons unrelated to that persons trade or business. The proposed legislation would put internet sales on the same level as sales through the mail or by telephone, thus allowing otherwise qualified retail businesses whose sales occur over the internet, to take advantage of the REAP credits.

Currently, in order to be eligible for the REAP credits, a relocating business must have been conducting substantial business operations outside an eligible area for 24 consecutive months prior to relocating. The proposed legislation would provide that for purposes of determining the eligibility for the credits for a business relocating on or after July 1, 2001, the business need only have been conducting substantial business operations outside of the eligible area for a period of 12 consecutive months.

In addition, current law provides that to be eligible for REAP credits, the premises to which the business relocates must have been improved through construction or renovation and that such improvements must exceed 50% of the assessed valuation of the property in the case of non-industrial property, and 25% in the case of industrial property. The proposed amendments would lower this eligibility criterion so that for purposes of a relocation occurring on or after July 1, 2001, improvements to property in excess of 10% of the assessed valuation would qualify an applicant for the credits. In addition, for these relocations occurring on or after July 1, 2001, the minimum expenditures for improvements would have to have been made within 60 months from the commencement of improvements, and at least half of the minimum expenditures for improvements would have to have been made within thirty months of such commencement.

Current law also caps the maximum number of employment shares for which credits may be claimed at double the number of employment shares, which a business maintained outside of the eligible area in the year preceding the relocation. The proposed legislation would, in the case of some smaller businesses, expand this cap by setting the cap at the greater of 100 employment shares or double the number of employment shares outside the eligible area in the year preceding relocation, whichever is greater. Thus, a business, which had 30 employees in the year preceding relocation to an eligible area, and then had 90 eligible employees at the eligible premises, would not be capped at claiming 60 credits (double the original number of employees), but could claim all 90 credits.

The remaining sections of the legislation make amendments to the program, which are more technical in nature. These changes include: (1) defining "year of relocation" and making explicit that a business may only relocate once to any eligible premises; (2) setting out a mechanism for apportioning eligible employment shares when there is more than one relocation to different eligible premises; and (3) amending provisions in last year's legislation to key the enhanced REAP benefits to ***relocations*** which occur after July 1, 2000 rather than ***certifications*** which occur after that date, and making similar amendments to key the determination of whether or not the credits are refundable to the date of the relocation rather than the certification (but "grandfathering" those applications submitted prior to July 1, 2001 which rely on the certification date for the enhanced benefit or refundability of the credits).

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately, except that sections six and twenty-four of the legislation (relating to apportionment of employment shares in the case of multiple relocations) shall apply to taxable years beginning on or after January 1, 2001.

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the vehicle and traffic law and the administrative code of the City of New York, in relation to the number of intersections at which traffic control signal photo-monitoring devices may be installed". S.3692-A/A.7266-A

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

Currently, state and local law provide for a demonstration program, which authorizes the New York City Department of Transportation (DOT) to use traffic-control signal photo-monitoring devices to enforce traffic-control indications laws. The program allows traffic-control signal photo-monitoring devices to be placed at no more than fifty intersections within the City at any one time. This legislation amends the Vehicle and Traffic Law and the Administrative Code, authorizing DOT to increase the number of intersections that photo devices can be used from fifty to seventy-five.

According to the Mayor's Memorandum in Support, New York City's "Red Light Camera Program" has proven to be an effective traffic safety measure that prevents injuries and the loss of life from vehicles that run red lights.

M-1204

Report of the Committee on State and Federal Legislation in favor of concurring in the recommendation contained in "AN ACT to amend the tax law, chapter 877 of the laws of 1975, chapter 880 of the laws of 1975, chapter 884 of the laws of 1975 and chapter 882 of the laws of 1977, all relating to the imposition of certain taxes In the City of New York, and the administrative code of the City of New York, on relation to postponing expiration dates applicable to certain taxes imposed by the City of New York and imposing the additional tax on the personal income tax". S.5548/A.9138

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

Sections 1 and 15 of this legislation would amend Section 1212-A(a)(3) of the Tax Law and Section 11-2040(a) of the Administrative Code, relating to the City's 4 percent sales tax on credit rating and credit reporting services. This tax is set to expire on December 31, 2001. This bill would allow the tax to continue in effect until December 31, 2003.

Sections 2 and 4 of this legislation would amend Sections 1301 (a) and 1304(b) of the Tax Law, which are part of the enabling act for the City's resident personal income tax. Section 1301(a) contains a sunset provision that calls for the basic rates of the personal income tax to decrease by approximately 50 percent beginning in the year 2002. Pursuant to the sunset provision, the current rate tables contained in Section 1304(a) would be replaced, beginning in the year 2002, by the rate tables contained in Section 1304(b) which are about half the current rates. Section 1301 (a) also provides for the termination at the end of 2001 of the City minimum personal income tax, which is currently imposed at the rate of 2.85 percent. This bill would postpone these sunset dates until the end of 2003. Sections 11 and 12 of the legislation amend the Administrative Code to continue the current personal income tax rate tables and the minimum personal income tax as well.

Section 3 of this legislation would amend Section 1301-A of the Tax Law. Currently, the authorized rate for the minimum income tax is 2.85 percent, but that rate is scheduled to decrease to 2.5 percent beginning in the year 2002. This bill would continue the current rate until the end of 2003. Section 13 makes the conforming Administrative Code change.

Section 5 of this legislation would amend Section 1304-B of the Tax Law, which authorizes an additional personal income tax at a maximum rate of 14 percent of the taxes imposed under Section 1304 of the Tax Law. Under the current law, this additional tax is due to expire at the end of 2001. This bill would allow the additional tax .to continue in effect until the end of 2003 and would reduce the maximum rate at which it may be imposed to 3.5% for income at or below the threshold for the top bracket for each filing status, and to 10.5% for income in excess of that threshold for each filing status. Section 14 would also make the conforming changes to the additional tax provisions of the City's personal income tax law.

Section 6 of this legislation would amend Chapter 877 of the Laws of 1975, which is related to the New York City cigarette tax. Currently, the cigarette tax is 4 cents for each 10 cigarettes. This rate is scheduled to decrease to 2 cents for each 10 cigarettes after 2001. This bill would simply allow the current rate to continue until the end of 2003.

Section 7 of this legislation would amend Chapter 880 of the Laws of 1975, which relates to a 4 percent City sales tax on certain personal services such as beauty, barbering, manicuring and health salon services. This tax is due to expire at the end of 2001. This bill would simply postpone the expiration date until the end of 2003.

Lastly, Sections 8, 9, and 10 of the legislation would amend Chapter 884 of the Laws of 1975, Chapter 882 of the Laws of 1977 and Section 11-604 (1)(E) of the administrative code, relating to the City's general corporation tax. The current tax rates are 8.85 percent on income, 1.5 mills on business and investment capital, .75 mill on subsidiary capital and a $300 minimum tax. On January 1, 2002, these rates are scheduled to decrease to 6.7 percent, 1 mill, .5 mill and $25, respectively. This bill would allow the current rates to continue until December 31, 2003.

According to the Mayor's Memorandum in Support, if the current levels of taxation are allowed to expire at the end of 2001, the City will lose approximately $2.6 billion in revenue annually. Most of these taxes have been in effect since the 1970s and have become an accepted part of the City's tax structure. The loss of such revenue would have a devastating affect on the City's budget. Accordingly to the Memorandum, these taxes are extended periodically, most recently by Chapter 406 of the Laws of 1999.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

M-1205

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the administrative code of the City of New York, in relation to the payment of accidental death benefits to certain surviving spouses of members of the uniformed force of the department of sanitation of such city; and to amend the retirement and social security law, in relation to death benefit coverage for eligible tier 2 and 4 members of the New York City employees' retirement system and the board of education retirement system of such city who die while on authorized medical leave of absence". S.5590/A.9093

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

The New York City Administrative Code provides spouses of uniform members of the New York City Department of Sanitation who are Tier 1 and 2 members of the New York City Employees' Retirement System (NYCERS), special accidental death benefit coverage. This coverage provides that if the sanitation member dies before he or she retires due to the natural and proximate result of an accident or injury sustained while in the performance of duty the deceased member's spouse will receive accidental death benefits. Currently, the spouse will cease to be entitled to these benefits if he or she dies or remarries. This legislation provides that such accidental death benefit payments to spouses of deceased sanitation workers would not cease upon remarriage. This legislation would apply to all widows or widowers receiving benefits who remarry on or after the date this bill becomes law.

This legislation would also amend the Retirement and Social Security Law to expand the death benefit coverage under Tier 2 and 4 for members of NYCERS and Board of Education Retirement System (BERS) who die while on authorized medical leave of absence without pay. Specifically, a member of NYCERS or BERS shall be deemed to have died on the payroll in the event that the death occurs while such member is on an authorized leave of absence without pay for medical reasons which has continuously been in effect since the member was last paid on the payroll in such service, as long as that member was on the payroll in such service and paid within the four-year period prior to his or her death. If this legislation is enacted, this benefit would be deemed to have been in effect on and after October 1, 2000.

According to Mayor's Memorandum in Support, this legislation would provide Sanitation workers with the knowledge that if they should die as the result of an accident sustained in the performance of duty, their dependents will be provided with the resources to live a secure life. In addition, this legislation would extend a death benefit to NYCERS and BERS members that is already granted to New York State Retirement System members.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately, provided that the provisions relating to special accidental death benefits for spouses of uniform sanitation members applies to widows or widowers who remarry on or after the effective date, and provided that the provisions relating to death while on authorized medical leave without pay are deemed to have been in effect as of October 1, 2000.

M-1206

Report of the Committee on State and Federal Legislation in favor of concurring in the recommendation contained in "AN ACT to amend the real property tax law, in relation to the determination of adjusted base proportions in special assessing units that are cities for the fiscal year". S.5556/A.9136

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

This legislation would provide that for fiscal year 2002, the current base proportion of any class of real property in the city of New York could not exceed last year's adjusted base proportion by more than two percent.

State law requires New York City to apportion property taxes based upon rates calculated by the State Board of Real Property Services in order to distribute the tax levy among the four classes of real property. Those classes are: (1) class one, consisting of one to three family homes; (2) class two, consisting of other residential properties such as apartment buildings, coops and condos; (3) class three, consisting of utility property; and (4) class four which is all other real property.

Paragraph (c) of subdivision one of section 1803-a of the Real Property Tax Law provides that notwithstanding -the results of these calculations, the increase in the base proportion of any class is not to exceed five percent. According to the Council's Memorandum in Support, even with this five percent cap, the tax rate on class one properties would increase significantly, resulting in an average yearly tax increase of $100 for a typical class one home.

Therefore, the proposed legislation would lower the five percent cap on the allowable increase in the base proportion of any class to two percent. According to the Memorandum in Support, this would result in a substantially smaller tax rate increase on class one properties, than the current law provides.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

M-1207

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the real property tax law, in relation to extending for three years the partial abatement of real property taxes on residential-real property classified as class two pursuant to section 1802 of the real property tax law and held in the cooperative or condominium form of ownership in a city having a population of one million or more". S.4777/A.9182

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

This legislation would extend the coop/condo partial real property tax abatement first begun in 1997, for an additional three years.

The proposed legislation would extend the current partial abatement of real property taxes for cooperative apartments and condominiums for the City's fiscal years 2002, 2003 and 2004. Those abatements are 25% for units in buildings with average unit assessed valuations of $15,000 or less, and 17.5% for units in buildings with average unit assessed valuations greater than $15,000. The proposed legislation also amends provisions concerning procedures for applications. These amendments include giving cooperative properties and condominiums which have not previously received abatements, sixty days from the effective date of the law to file for the exemption for the City's fiscal year 2002, and making February 15, 2002 the application deadline for fiscal year 2003, and February 15, 2003 the deadline for 2004.

According to the Memorandum in Support, this partial abatement on real property taxes for cooperative and condominium apartments has reduced the gap in real property tax liability between these homeowners and one, two and three family homeowners, and therefore should be continued.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

S.5593/A.9174

The Committee on State and Federal Legislation to which was referred on June 18, 2001 the annexed communication respectfully

REPORTS:

This legislation would amend the New York City Administrative Code to authorize the Board of Trustees ("Board") of the New York City Police Pension Fund ("Fund") to pay certain expenses associated with its responsibilities to administer the Fund from the Fund. This legislation grants the Board the power to establish a budget to pay for these administrative costs from the assets of the Fund. Any resolution of the Board that establishes or modifies a budget requires the approval of the New York City Comptroller and the Mayor's representative to the Board. All administrative expenses paid from the assets of the Fund in accordance with this legislation would be reimbursed with interest during the fiscal year following their occurrence. In furtherance of this goal, the legislation removes the Fund from the New York City Police Department and establishes the Fund as a separate entity.

Finally, the Police Commissioner is granted the power to appoint an Executor Director of the Fund, who will perform duties assigned to him or her by the Chairperson of the Board, by resolution passed by the Board or by law.

According to Mayor's Memorandum in Support, corpus funding of the police pension fixed will ensure that the Fund receive the appropriate resources necessary to maintain the administration of the Fund.

The Committee on State and Federal Legislation to which was referred on June 18, 2001, the annexed communication respectfully

REPORTS:

The Commercial Revitalization Program for lower Manhattan and other designated areas of the City was first implemented in 1995. According to the Mayor's Memorandum in support, the program provides tax incentives for commercial leases through reductions in real estate taxes included in rent, and exemptions from commercial rent taxes. The program also provides energy cost subsidies to eligible energy users. The real estate tax abatement, commercial rent tax relief and energy benefits are due to sunset on June 17, 2001. The proposed legislation would extend the eligibility periods until March 31, 2004, and exclude the World Trade Center from the extension of the program. .

Sections 1, 2 and 3 of this proposed legislation relate to the Lower Manhattan Energy Program. Section 1 would exclude the World Trade Center from the definition of "Eligible Building" and sections 2 and 3 would extend the application and approval deadline for the program through March 31, 2004.

Sections 4 through 8 of the bill relate to the tax abatements for commercial properties pursuant to which the program provides real estate tax abatements of up to $2.50 per square foot for qualifying expenditures made by tenants to eligible buildings. The proposed legislation extends the eligibility period for these benefits until March 31, 2004. In addition, the proposal provides that even if the World Trade Center were to cease being owned by a "governmental agency," it would be specifically excluded from the definition of "eligible building", thus making it ineligible for the tax abatements. The proposed legislation also provides a deadline of September 30, 2004 to make qualifying expenditures to common areas of eligible buildings for those tenants whose leases commence on or after April 1, 2001.

Sections 9 and 10 of the proposed legislation relate to the special reductions the program provides from the Commercial Rent Tax -(CRT). According to the Mayor's Memorandum in Support, the eligibility period for this benefit is currently linked to the property tax abatement eligibility period. The proposed law extends the benefit period for the CRT benefits for three years. The proposed legislation excludes the World Trade Center from the definition of "eligible government-owned building," thus ensuring that the World Trade Center would not be eligible for a CRT special reduction, whether or not it continues to be owned by a governmental agency.

For fiscal implications, see Council Finance Division fiscal impact statement.

The proposed legislation would take effect immediately, but be deemed to have been in full force and effect as of June 17, 2001.

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

M-1210

Report of the Committee on State and Federal Legislation in favor of concurring in the communication from the Mayor—"AN ACT to amend the tax law, in relation to authorizing any city having a population of one million or more to provide a partial exemption from the mortgage recording tax and to provide certain credits against the personal income tax of any such city and to exempt certain sales and uses of clothing and footwear from the imposition of sales and compensating use taxes, to amend chapter 161 of the laws of 1970, relating to enabling any city having a population of one million or more to impose and collect taxes on the occupancy of hotel rooms in such city, in relation to authorizing such city to reduce the rates of such taxes, to amend the administrative code of the city of New York, in relation to exempting from the hotel room occupancy tax the occupancy of rooms in certain small hotels, and to amend the real property tax law, in relation to extending for three years the partial abatement of real property taxes on residential real property classified as class two pursuant to section 1802 of the real property tax law and held in the cooperative or condominium form of ownership in a city having a population of one million or more and authorizing such city to increase such partial abatement, and authorizing any city having a population of one million or more to provide a partial abatement of real property taxes for certain energy-efficient buildings". S.5565

The Committee on State and Federal Legislation to which it was referred on June 18, 2001, the annexed communication respectfully

REPORTS:

This legislation would (1) authorize any city having a population of one million or more to adopt local legislation providing for certain exemptions to the mortgage recording tax for certain "first time homebuyers"; (2) authorize any such city to adopt local legislation providing an earned income tax credit, and a child care credit against the City's personal income tax; (3) eliminate the state sales tax on items of clothing and footwear costing at least $110 dollars and authorizing the City to elect to do the same with respect to the local portion of the sales tax; (4) authorize such city to adopt local legislation providing a real property tax abatement for certain energy efficient homes and buildings; (4) provide an extension of the coop/condo real property tax abatement and authorize cities with over one million people to adopt a local law deepening such abatement; and (5) amend the City Administrative Code provisions relating to the hotel tax to provide a "bed and breakfast" exemption from the tax for hotels with fewer than ten rooms, and authorize cities with over one million residents to adopt local laws lowering or eliminating the flat tax on hotel rooms.

Specifically, the legislation provides that New York City could, by local law, provide an exemption from the mortgage recording tax for first time homebuyers for up to $150,000 of any mortgage securing real property, where the principal obligation secured by the mortgage does not exceed $300,000. The property secured by the mortgage must be bought and owned by the purchaser as his or her "principal residence" both at the time of purchase and for two years thereafter. Any local law granting the mortgage recording tax exemption could only apply to mortgages recorded on or after December 1, 2001.

With regard to the personal income tax credits, the legislation would allow New York City, by local law, to adopt an earned income tax credit, which could not exceed 5% of the federal earned income tax credit. Similarly, the act would allow the City to adopt a local law providing for a credit of up to 40% of the credit for household and dependent care services which the state tax law allows for 2001 and 2002, and a credit of up to 32% of the state credit for taxable years after 2002. These credits could only be enacted for taxable years beginning with the year 2001.

The proposed legislation would amend the State sales tax provisions to exempt clothing and footwear items of $110 dollars or more from the state portion of the sales tax. In addition, the legislation would allow cities with populations one million or more to elect to exempt such items from the local portion of the sales tax by adopting a resolution, which could not take effect earlier than March 1, 2002.

In the area of real property taxes, the proposed legislation would extend the current partial abatement of real property taxes for cooperative apartments and condominiums for fiscal years 2002, 2003 and 2004. Those abatements are 25% for units with assessed valuations of $15,000 or less, and 17.5% for units with assessed valuations greater than $15,000. In addition; the legislation would allow the City to adopt local legislation to deepen the 25% abatement to 40%, and to deepen the 17.5% abatement to 20%, beginning in fiscal year 2002.

The proposed legislation also authorizes the City to adopt a local law providing a real property tax abatement for "eligible buildings" meeting one or more enumerated energy-efficient building standards. To be an eligible building, a building must be classified as class one (one to three family), class two (larger residential) or class four (commercial) and must have less than twenty thousand square feet of interior space. The abatement would be one percent per year of costs which qualify for a period of five years provided those costs are incurred between July 1, 2002 and June 30, 2005.

Lastly, the act would allow the City to, by local law, lower or repeal the flat, per-day tax on hotel rooms. According to the Memorandum in support, the current tax amounts to $2 per day on hotel rooms costing at least $40. Any local law effectuating this a lowering or repeal of this tax could not apply to any hotel tax imposed before December 1, 2001. The proposed legislation would also amend the City's Administrative Code provisions relating to the hotel tax to eliminate both the flat tax and the 6% tax on rooms in hotels or other lodging accommodations with fewer than ten rooms throughout the City.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal Year 2002. Fiscal 2003 for sales tax on clothing and footwear exemption, elimination of the $2 dollar flat fee on hotel room occupancy, partial exemption of the mortgage recording tax for first-time home buyers and the energy-efficient buildings program.

FISCAL IMPACT STATEMENT:

	Effective FY 02	FY Succeeding Effective FY 03	Full Fiscal Impact FY 03
Revenues (+)	($121,000,000)	($228,000,000)	($228,000,000)
Expenditures (-)	-$0-	-$0-	-$0-
Net	($121,000,000)	($228,000,000)	($228,000,000)

IMPACT ON REVENUES: The impact on revenues for Fiscal 2002 would be as follows: the increase in the property tax abatement for cooperative and condominium apartments, $37 million; Earned Income Tax Credit, $8 million; Child and Dependent Care Credit, $20 million; energy-efficient buildings property tax abatement, no impact in Fiscal 2002, $1 million in Fiscal 2003 when fully effective; mortgage recording tax reduction, $10 million in Fiscal 2002 (half-year effect) increasing to $20 million in Fiscal 2003 when fully effective; elimination of the sales tax on clothing and footwear costing $110 and more, $27 million (quarter-year effect) increasing to $101 million in Fiscal 2003 when fully effective; elimination of the $2 dollar flat fee on hotel room occupancy, $19 million (half-year effect) increasing to $39 million in Fiscal 2003 when fully effective. The total cost of the proposed tax reductions is $121 million in Fiscal 2002. The total impact will increase in Fiscal 2003 as programs become fully effective.

IMPACT ON EXPENDITURES: There would be minimal impact on expenditures from this legislation.

INTRODUCTION AND READING OF BILLS (cont'd)

Res. No. 1974

Resolution calling upon the appropriate committee of the Council to hold a hearing regarding the soaring dropout rates of immigrant students in New York City.

By Council Members Linares and Michels

Whereas, According to the New York City Planning Commission, an estimated 33% of the City's population is foreign-born, and an additional 20% are U.S.-born offspring of immigrants; and

Whereas, Data of the New York City Planning Commission reveal that immigrants and their children currently comprise a majority of the City's population; and

Whereas, The New York City Board of Education recently issued a report, entitled "Chancellor's Report on the Education of English Language Learners," which revealed that there is an escalating immigrant student drop-out rate in the City of New York; and

Whereas, According to the report, more than 30% of English Language Learners (ELLs) in the City's Class of 2000 dropped out, representing a number that was greater than the total number of students who graduated; and

Whereas, New standards recently implemented by the New York State Board of Regents require all graduates including English Language Learners to pass five Regents exams, including the English Regents Exam; and

Whereas, These new graduation standards, intended to improve the education of City students, have instead driven thousands of English Language Learners from the classroom and threaten to push out even more students by the end of this school year; and

Whereas, With over 50% of New York City students coming from immigrant families, the high drop-out rate seems to indicate that there is inadequate support for English Language Learners, which places these students at a serious disadvantage when faced with these new standards; and

Whereas, The increase in the number of immigrant students, along with their high drop-out rate, should compel both the New York City Board of Education and the New York State Board of Regents to reexamine their current practices in educating English Language Learners; and

Whereas, At their last monthly meeting, the New York State Education Commissioner and the New York State Board of Regents did not address issues concerning the soaring drop-out rates among immigrant students; now, therefore, be it

Resolved, That the appropriate committee of the Council hold a hearing regarding the soaring dropout rates of immigrant students in New York City.

Referred to the Committee on Education.

Int. No. 946

By Council Members Koslowitz, Malave-Dilan, Espada, and Nelson (by request of the Mayor)

A LOCAL LAW to amend the administrative code of the city of New York, in relation to banning the sale of clinical mercury thermometers.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that clinical mercury thermometers that depend on the thermal expansion property of mercury, a highly toxic substance, to measure body temperature pose significant risks to human and environmental health. The risks posed by these thermometers are great because when the glass enclosing the mercury breaks, the mercury may be absorbed internally or externally by the body and cause serious injury or contamination of the surrounding environment. The Council further finds that there are adequate thermometer alternatives available that do not depend on the thermal expansion property of mercury to measure human body temperature. The alternative temperature measuring devices that are available include disposable color change thermometers that use heat sensitive chemicals that respond to body heat by producing a stable color change in such chemicals, and electronic thermometers that measure temperature by means of a transducer that is coupled with an electronic signal amplification, conditioning and display unit. Since viable alternatives to clinical mercury thermometers are available, and the risk of mercury contamination posed by their use is no longer acceptable and can be reduced and eventually eliminated by banning the sale of such thermometers, the Council finds that there is a compelling reason to ban the sale of such thermometers in the City of New York.

§2. Chapter 4 of title 20 of the administrative code of the City of New York is amended by adding a new subchapter 11 to read as follows:

Subchapter 11

Gauges Utilizing Mercury

X20-696 Ban on sale of mercury thermometers; penalties. (a) Definition. "Clinical mercury thermometer" shall mean a device used to measure oral, rectal, or auxiliary body temperature by using the thermal expansion of mercury.

(b) It shall be unlawful for any person to distribute, sell or offer for sale any clinical mercury thermometer.

(c) Any person who violates this section shall be subject to a civil penalty of not less than two hundred-fifty dollars nor more than one thousand dollars for each violation.

(d) Authorized agents and employees of the department of consumer affairs, and of any other agency designated by the mayor, shall have the authority to enforce the provisions of this section. A proceeding to recover any civil penalty pursuant to this section shall be commenced by service of notice of hearing that shall be returnable to the administrative tribunal of the department of consumer affairs. The administrative tribunal of the department of consumer affairs shall have the power to impose civil penalties for a violation of subdivision (b) of this section.

§3. This local law shall take effect 180 days after its enactment.

Let us pray.

The Lord is in his holy temple, so let all the earth keep silence before him.

Oh God, our heavenly Father, our times are in your hands, we are called by your name. We ask for the gift of your holy spirit, that he may be with us in our deliberations this afternoon. Guide us, give us the gift of wisdom, as we discern what is best for those whom we have committee to our care.

Be with us, and with all those whom we love, and with our constituents, as we seek to do your will in this portion of your vinuet here on earth, for their weight upon the Lord shall renew their strengths, they shall be mounted with wings as eagles, they shall run and not be weary, they shall walk and not faint. All these mercies we ask in your name.

State Legislation Res. No. 19

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Senator Kruger, S.917, "AN ACT authorizing the City of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Kwong T. Chan, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 7402, Lot No. 44 on tax map for the borough of Brooklyn".

The Committee on State and Federal Legislation to which was referred on February 7, 2001 (Minutes, page 417) the annexed State Legislation Resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 7402, Lot No. 44 on the tax map of Brooklyn to the former owner Vincent Frangello. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Legislation Res. No. 119

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bill introduced by Committee on Rules, A.9184, "AN ACT to amend the real property tax law, in relation to extending for three years the partial abatement of real property taxes on residential real property classified as class two pursuant to section 1802 of the real property tax law and held in the cooperative or condominium form of ownership in a city having a population of one million or more".

The Committee on State and Federal Legislation to which was referred on June 20, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would extend the coop/condo partial real property tax abatement first begun in 1997, for an additional three years, and authorize cities with populations of one million or more to adopt a local law deepening such abatement.

The proposed legislation would extend the current partial abatement of real property taxes for cooperative apartments and condominiums for the City's fiscal years 2002, 2003 and 2004. Those abatements are 25% for units in buildings with average unit assessed valuations of $15,000 or less, and 17.5% for units in buildings with average unit assessed valuations greater than $15,000. In addition, the legislation would allow the City to adopt local legislation to deepen the 25% abatement to 40%, and to deepen the 17.5% abatement to 20%, beginning in fiscal year 2002, and for fiscal years 2003 and 2004 as well. In order to be effective for fiscal year 2002, the local law deepening the abatement would have to be enacted on or before July 31, 2001. In order to be effective for fiscal year 2003, the local law would have to be enacted on or before December 1, 2001; and to be effective for fiscal year 2004, the deadline is October 1, 2002.

The proposed legislation also amends provisions concerning procedures for applications. These amendments include giving cooperative properties and condominiums which have not previously received abatements, sixty days from the effective date of the law to file for the exemption for the City's fiscal year 2002, and making February 15, 2002 the application deadline for fiscal year 2003, and February 15, 2003 the deadline for 2004.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

State Legislation Res. No. 120

Report of the Committee on State and Federal Legislation in favor of a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Vellela, S.3316, and Assembly Member Vitaliano, A.6613, ""AN ACT to amend the administrative code of the City of New York, in relation to loans to members of the New York City police pension fund".

The Committee on State and Federal Legislation to which was referred on June 20, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would amend the New York City Administrative Code to provide that members of the New York City Police Pension Fund ("Fund") who have been members for at least three continuous years, may borrow up to ninety percent of the amount of their accumulated contributions. Currently, the Administrative Code provides that they may only borrow up to seventy-five percent.

According to Senator Velella's Memorandum in Support, this change will provide much needed assistance to New York City Police Officers who earn a comparatively low salary and who therefore must seek all available increases in borrowing authority.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: The maximum cost to the city would be approximately $100,000 for each 1% that the return on the assets of the police pension fund would exceed the interest charge paid by members. Currently members pay 5% interest on their pension contributions and the retirement system assumes a 8% earnings rate resulting in a difference of 3% or a cost of $300,000.

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Legislation Res. No. 121

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Padavan, S.5556, and Committee on Rules, A.9136, "AN ACT to amend the real property tax law, in relation to the determination of adjusted base proportions in special assessing units that are cities for the fiscal year 2002".

The Committee on State and Federal Legislation to which was referred on June 20, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

This legislation would provide that for fiscal year 2002, the current base proportion of any class of real property in the city of New York could not exceed last year's adjusted base proportion by more than two percent.

State law requires New York City to apportion property taxes based upon rates calculated by the State Board of Real Property Services in order to distribute the tax levy among the four classes of real property. Those classes are: (1) class one, consisting of one to three family homes; (2) class two, consisting of other residential properties such as apartment buildings, coops and condos; (3) class three, consisting of utility property; and (4) class four which is all other real property.

Paragraph (c) of subdivision one of section 1803-a of the Real Property Tax Law provides that notwithstanding the results of these calculations, the increase in the base proportion of any class is not to exceed five percent. According to the Council's Memorandum in Support, even with this five percent cap, the tax rate on class one properties would increase significantly, resulting in an average yearly tax increase of $100 for a typical class one home.

Therefore, the proposed legislation would lower the five percent cap on the allowable increase in the base proportion of any class to two percent. According to the Memorandum in Support, this would result in a substantially smaller tax rate increase on class one properties, than the current law provides.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads

A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24
Requirements for Sidewalks

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a building wall facing it.

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review

No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,

b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and

c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) *to channel private expenditures* which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads
A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24
Requirements for Sidewalks

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a building wall facing it.

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review

No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,

b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and

c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

74-97
Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Services (Other Than Human Services)

(CORRECTED NOTICE) LEGAL REPRESENTATION IN MEDICAL MALPRACTICE CASES, RISK MANAGEMENT AND RELATED SERVICES – Negotiated Acquisition – PIN# 02501X000718 – DUE 11-09-01 AT 5:00 P.M. – The New York City Law Department seeks Expressions of Interest ("EOI"s) from, and intends to enter into negotiations with, qualified law firms for the above-captioned services, which include legal representation in medical malpractice cases brought against the NYC Health and Hospitals Corporation (HHC), physicians and other providers employed by HHC and/or its affiliates, and the provision of risk management services, including pre-litigation investigations, in-service lectures, consultation in regulatory matters, and representation in medical staff and professional disciplinary proceedings and patient care matters. It is projected that the term of the proposed contracts will commence as of March 1, 2002 and continue through February 28, 2007. However, the City may decide to contract for a shorter term. The following minimum qualification requirements apply to this procurement: all attorneys assigned to perform services under contract must be members in good standing of the New York State Bar, and the firm must agree that, if awarded a contract, it will not engage in the litigation of medical malpractice cases as counsel for plaintiff except in exceptional circumstances and only with prior written Law Department approval. The Department intends to enter into contracts with approximately five firms, each having (1) substantial experience in the defense of high-exposure medical malpractice cases, (2) substantial experience providing risk management and related services, and (3) substantial personnel and other resources enabling the firm to handle a large volume of medical malpractice cases and risk management and related services. Law firms wishing to be considered for contract award must submit one original and five copies of a written EOI to Tom Dowling, Contracts and Real Estate Division, New York City Law Department, 350 Jay Street, Brooklyn, New York, 11201-2908 (Attention: Tom Dowling; Phone: 718-875-5036) by the above-stated deadline. The EOI should be organized under the three above-specified criteria and be in the form of a firm resume that describes and demonstrates in detail and with specificity that the firm has the above-specified experience and resources. Firms whose EOIs are determined to be within a competitive range of technical merit will receive a detailed questionnaire, the written responses to which will be utilized by the Department to make subsequent decisions regarding the award of contracts.
Contract award will be made by the Negotiated Acquisition method of source selection, pursuant to PPB Rules §3-04, because this procurement is for legal services.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads
A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

Fire Department Review

No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,

b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and

c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year.

The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) *at the addresses given.*

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.
