HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

■ NOTICE

DETERMINATION AND FINDINGS OF THE DEPARTMENT OF HOUSING PRESERVATION AND DEVELOPMENT PURSUANT TO SECTIONS 201- 204 OF THE EMINENT DOMAIN PROCEDURE LAW

Whereas, the acquisition of a portion of an area generally bounded by Mermaid Avenue, West 31st Street, Surf Avenue and West 32nd Street, designated on the Tax Map of the City of New York as Block 7049, Lot 7, in the Borough of Brooklyn, ("Subject Property"), which is located in the Coney Island Urban Renewal Area, has been proposed by the Department of Housing Preservation and Development; and

Whereas, the Eminent Domain Procedure Law ("EDPL") provides for a uniform procedure for condemnation by municipalities and others throughout the State of New York; and

Whereas, the Department of Housing Preservation and Development, pursuant to the provisions of the EDPL, is required to hold a public hearing and make its determination and findings concerning the proposed public project and to publish a brief synopsis of such determination and findings; and

Whereas, the Department of Housing Preservation and Development held such hearing on August 9, 2000.

NOW, therefore, be it known that the Department of Housing Preservation and Development, pursuant to the EDPL, hereby determines and finds:

1. The public use, benefit or purpose to be served by the proposed public project is the elimination of blight, to wit, a vacant and debris strewn lot, and the development of affordable housing units to meet the demand for the same in the local community.

2. The Subject Property is selected for the location of this project because it is located in midst of other City-owned properties in the Coney Island Urban Renewal Area upon which affordable housing units will be developed.

3. The proposed project will remove the aforementioned deficiencies and negative influence in the Subject Property and its immediate vicinity. The proposed public project generally consists of developing affordable housing on the Subject Property and in the surrounding area that will consist of single family homes.

4. The proposed action will have no negative impact on the environment or the residents of the locality.

5. 6. The City of New York seeks to proceed with the project at this time because funding has now become available.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

DETERMINATION AND FINDINGS OF THE DEPARTMENT OF HOUSING PRESERVATION AND DEVELOPMENT PURSUANT TO SECTIONS 201- 204 OF THE EMINENT DOMAIN PROCEDURE LAW

Whereas, the acquisition of a portion of an area generally bounded by Mermaid Avenue, West 31st Street, Surf Avenue and West 32nd Street, designated on the Tax Map of the City of New York as Block 7049, Lot 7, in the Borough of Brooklyn, ("Subject Property"), which is located in the Coney Island Urban Renewal Area, has been proposed by the Department of Housing Preservation and Development; and

Whereas, the Eminent Domain Procedure Law ("EDPL") provides for a uniform procedure for condemnation by municipalities and others throughout the State of New York; and

Whereas, the Department of Housing Preservation and Development, pursuant to the provisions of the EDPL, is required to hold a public hearing and make its determination and findings concerning the proposed public project and to publish a brief synopsis of such determination and findings; and

Whereas, the Department of Housing Preservation and Development held such hearing on August 9, 2000.

NOW, therefore, be it known that the Department of Housing Preservation and Development, pursuant to the EDPL, hereby determines and finds:

1. The public use, benefit or purpose to be served by the proposed public project is the elimination of blight, to wit, a vacant and debris strewn lot, and the development of affordable housing units to meet the demand for the same in the local community.

2. The Subject Property is selected for the location of this project because it is located in midst of other City-owned properties in the Coney Island Urban Renewal Area upon which affordable housing units will be developed.

3. The proposed project will remove the aforementioned deficiencies and negative influence in the Subject Property and its immediate vicinity. The proposed public project generally consists of developing affordable housing on the Subject Property and in the surrounding area that will consist of single family homes.

4. The proposed action will have no negative impact on the environment or the residents of the locality.

5. The proposal is consistent with local planning and environmental objectives in that it is in conformity with the Coney Island Urban Renewal Plan, as amended, which was adopted pursuant to the uniform land use review procedure of Sections 197-c and 197-d of the New York City Charter, and pursuant to Article XV of the General Municipal Law.

6. The City of New York seeks to proceed with the project at this time because funding has now become available.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

AGENCY RULES

PROCUREMENT POLICY BOARD

■ NOTICE

NOTICE OF OPPORTUNITY TO COMMENT
ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to § **2-08(e) Vendex Questionnaire, § 3-01(d)(5) Special Case Approvals, and § 3-01(f) Alternative Procurement Methods** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

These parts of Rules 2-08 and 3-01 were inadvertently omitted from the Rulebook in 1995 and 1998, respectively. While the omission at that time was inadvertent, it has subsequently become clear that there is no need to codify these provisions in the PPB rules. However, since these provisions are technically still in effect, the Board is now proposing in this rulemaking action to repeal them.

Please note that the requirements of Rule 2-08(e) appear in Administrative Code §6-116.2(b) and in the remainder of the rule itself, and that the requirements of Rule 3-01(d)(i) appear in Charter §327(a), of 3-01(d)(5)(ii) in Charter §317(b), and of 3-01(f) in Charter §322.

How to Comment

A public hearing will be held on December 5, 2000, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y.. 10007. To be considered, comments must be received by December 5, 2000.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are indicated by brackets and strike-through.

Dated: October 12, 2000
Brendan J. Sexton, Chair

CHAPTER 2 PROCUREMENT PROCESS
(is amended as follows:)

Section 2-08 SUPPLIER RESPONSIBILITY AND APPEAL OF DETERMINATION OF NON-RESPONSIBILITY.

(a) **Policy.**

(1) Purchases shall be made from, and contracts shall be awarded to, responsible prospective contractors only.

(2) The award of a contract to a contractor based on lowest evaluated price alone can be false economy if there is subsequent default, improper or exaggerated claims, late deliveries, or other unsatisfactory performance resulting in additional contractual and administrative costs. While it is important that City purchases be made at the lowest price, this does not require an award to a contractor solely because that contractor submits the lowest offer. A prospective contractor must affirmatively demonstrate its responsibility, including, when necessary, the responsibility of its proposed subcontractors.

(b) **General Standards.**

(1) A responsible contractor is one which has the capability in all respects to perform fully the contract requirements and the business integrity to justify the award of public tax dollars.

(2) Factors affecting a contractor's responsibility may include:

(i) financial resources;

(ii) technical qualifications;

(iii) experience;

(iv) organization, material, equipment, facilities, and personnel resources and expertise (or the ability to obtain them) necessary to carry out the work and to comply with required delivery or performance schedules, taking into consideration other business commitments;

(v) a satisfactory record of performance;

(vi) a satisfactory record of business integrity;

(vii) where the contract includes provisions for reimbursement of contractor costs, the existence of accounting and auditing procedures adequate to control property, funds, or other assets, accurately delineate costs, and attribute them to their causes; and

(viii) compliance with requirements for the utilization of small, minority-owned, and women-owned businesses as subcontractors.

(3) Failure of a firm to provide relevant information specifically requested by the Contracting Officer may be grounds for a determination of non-responsibility.

(c) **Special Standards.**

(1) When it is necessary for a particular contract or class of contracts, the Contracting Officer shall develop, with the assistance of appropriate specialists, special standards of responsibility. Special standards may be particularly desirable when experience has demonstrated that certain minimum experience or specialized facilities are needed for adequate contract performance.

(2) The special standards shall be set forth in the solicitation (and so identified) and shall apply to all bidders/proposers.

(3) Special standards must be based on demonstrated need and must not be used to artificially limit competition.

(d) **Ability To Meet Standards.**

(1) The prospective contractor may demonstrate the availability of necessary financing, equipment, facilities, expertise, and personnel by submitting upon request:

(i) evidence that such contractor possesses such necessary items;

(ii) acceptable plans to subcontract for such necessary items; and

(iii) a documented commitment from, or explicit arrangement with, a satisfactory source to provide the necessary items.

(2) A prospective contractor that has performed unsatisfactorily shall be presumed to be non-responsible, unless the Contracting Officer determines that the circumstances were beyond the contractor's control or that the contractor has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably is strong evidence of non-responsibility.

(e) **VENDEX Questionnaire.** ~~[Prospective contractors shall be required to complete a questionnaire seeking background information about the business entity and its principal owners, officers, affiliates and subcontractors, so as to assist contracting officers in making the determination of responsibility and to permit compliance with local law concerning creation and maintenance of a computerized database concerning contractor background.]~~

(1) **Definitions.** For purposes of this section only, the following definitions apply:

Affiliate. An entity in which the parent of the contractor owns more than fifty percent of the voting stock, or an entity in which a group of principal owners which owns more than fifty percent of the contractor also owns more than fifty percent of the voting stock.

Contract. Any agreement between an agency, elected official, or the Council and a contractor, or any agreement between such a contractor and a subcontractor which:

(i) is for the provision of goods, services, or construction and has a value that when aggregated with the values of all other such agreements with the same contractor or subcontractor and any franchises or concessions awarded to such contractor or subcontractor during the immediately preceding twelve-month period is valued at $100,000 or more, or

(ii) is for the provision of goods, services, construction, or construction-related services, is awarded to a sole source, and is valued at $10,000 or more.

Contractor. All individuals, sole proprietorships, partnerships, joint ventures, or corporations who enter into a contract, as defined herein, with an agency, an elected official, or the Council.

Officer. Any individual who serves as chief executive officer, chief financial officer, or chief operating officer of the contractor, by whatever titles known.

Parent. An individual, partnership, joint venture, or corporation which owns more than fifty percent of the voting stock of a contractor.

Principal Owner. An individual, partnership, joint venture, or corporation which holds a ten percent or greater ownership interest in a contractor or subcontractor.

Subcontract. Any contract, as defined herein, between a subcontractor and a contractor.

Subcontractor. An individual, sole proprietorship, partnership, joint venture, or corporation which is engaged by a contractor pursuant to a contract, as defined herein.

(2) **Obligation to File Questionnaires.** Such questionnaires, known as "VENDEX questionnaires" shall be completed and filed by the contractor:

(i) at the time of an application for inclusion on a prequalified list or

(ii) when requested by the agency, but in any event before the Recommendation for Award is approved or not later than:

(A) thirty days after registration of the contract in the case of a contract of whatever value if the aggregate value of City contracts, franchises, and concessions awarded to that contractor including this one during the immediately preceding twelve-month period equals or exceeds $100,000, and

(B) thirty days after registration of the contract, where permitted pursuant to paragraphs (3) and (4) of this subdivision.

Subcontractors shall be obligated to complete and file VENDEX Questionnaires within thirty days after the ACCO has received from the prime contractor written notification of the identity of the proposed subcontractor and granted preliminary approval, if the aggregate value of City contracts, franchises, and concessions awarded that subcontractor including this one during the immediately preceding twelve-month period equals or exceeds $100,000.

(3) **Late Filing of Information:** When Permitted. The VENDEX questionnaire may be submitted within thirty days after registration of the contract as provided in paragraph (4) of this subdivision in the following circumstances:

(i) emergency procurements as defined by Section 3-06 of these Rules;

(ii) accelerated purchases as defined by Section 3-07 of these Rules;

(iii) on a contract-by-contract basis where the CCPO, upon the written request of the ACCO, has determined in writing that expedited procurement action is required due to urgent circumstances;

(iv) buy-against procurements pursuant to Section 4-07 of these Rules where the contractor has not previously submitted a VENDEX questionnaire; and

(v) on a contract-by-contract basis with respect to information not required by local law where the CCPO, upon the written request of the ACCO, has determined in writing that a specific portion of the information required by the questionnaire but not by local law is not accessible to the contractor despite good faith efforts to complete the filing in a timely fashion. The determination shall set forth with particularity the information which may be submitted late and the reasons for the later completion of the filing, and shall include the specific date by which the information shall be submitted.

(4) **Late Filing of Information:** Required Findings. In the circumstances set forth in paragraph (3) of this subdivision, the VENDEX questionnaire may instead be submitted after registration of the contract, provided that:

(i) the ACCO has notified the contractor in writing of its obligation to submit the VENDEX questionnaire as set forth in subdivision (e)(2) above;

(ii) the ACCO has determined in writing that sufficient information concerning the prospective contractor is otherwise available to permit the determination of responsibility prior to receipt of the questionnaire; and

(iii) in addition, where the basis for the delayed submittal is an expedited procurement action due to urgent circumstances, the ACCO must provide a separate additional written determination setting forth the specific documented reasons it is not feasible for the contractor to complete all or some specific portion of the VENDEX questionnaire as set forth in subdivision (e)(2) above. The ACCO's determination shall include the name and telephone number of the authorized representative of the contractor who provided information on which the ACCO relied in making the non-feasibility determination.

(5) **Exemption:** Information Not Required by Local Law. On a contract- by-contract basis, where a contractor demonstrates compelling reasons that it is not feasible to supply a specifically identified portion of information which is required by the questionnaire but not by local law, the CCPO may exempt a contractor from the requirement to supply that portion of the required information, upon the written application of the ACCO setting forth with particularity:

(i) the efforts to obtain the required information;

(ii) the name and telephone number of the authorized representative of the contractor who made the request for exemption on behalf of the contractor;

(iii) the information to be covered by the exemption;

(iv) the compelling reasons why an exemption should be granted in this case, including why the circumstances are such that it is in the best interests of the City that the contract be awarded to this contractor; and

(v) the basis for finding the sufficient information concerning the prospective contractor is otherwise available to permit the determination of responsibility absent the exempted information.

In these cases the CCPO shall state in writing the reasons that granting the exemption serves the best interests of the City and shall provide a copy of this written determination to the Comptroller within five days.

(6) **Exemption:** Sole Source. In the case of a specific contract awarded in accordance with the sole source provision

of Section 3-05 of these Rules where a contractor refuses to supply some portion of the required information, but the need for the goods, services, or construction is such that is in the best interests of the City that the contract be awarded, the CCPO may exempt the contractor from the requirement for some specifically identified portion of information required by local law concerning the creation and maintenance of a computerized data base upon the written application of the ACCO setting forth with particularity:

(i) the efforts to obtain the required information;

(ii) the name and telephone number of the authorized representative of the contractor who refused, on behalf of the contractor, to supply the required information;

(iii) the information to be covered by the exemption;

(iv) the reasons why an exemption should be granted in this case; and

(v) the basis for finding that sufficient information concerning the prospective contractor is otherwise available to permit the determination of responsibility absent the exempted information.

(7) **Reporting Requirement for Late Filings and Exemptions.** A copy of the written request of the ACCO and the written determination of the CCPO permitting late filing of required information pursuant to subdivision (e)(3) and (4) of this section, or granting an exemption pursuant to subdivision (e)(5) and (6) of this section shall be filed by the CCPO with the Comptroller within five days after it is made or approved by the CCPO.

(8) **Contract Terms and Conditions.**

(i) **Late Filing.** Whenever the CCPO has permitted the filing of some or all of the required information within thirty days after the registration of the contract, the contract shall contain a clause requiring the submission of the required information within the required time period as a material term and condition of the contract and permitting termination without penalty to the City for violation of the condition, or in the event that:

(A) the Mayor or his/her designee determines on the basis of the belatedly filed information that it is in the best interest of the City to terminate the contract, and/or

(B) the Comptroller or his/her designee determines that the belatedly filed information reveals matters which if provided earlier would have provided a basis for an objection to registration of the contract by the Comptroller and the Mayor or his/her designee determines that he/she would have agreed with such determination and therefore it is in the best interest of the City to terminate the contract.

(ii) **Subcontractors.** Where appropriate, City contracts shall contain a clause requiring prime contractors to notify subcontractors of their obligation to complete and file VENDEX Questionnaires within thirty days after the ACCO has granted preliminary approval of the identified subcontractor, if the aggregate value of City contracts, franchises, and concessions awarded to a subcontractor during the immediately preceding twelve-month period equals or exceeds $100,000.

(9) **Failure to Submit Information as Required: Consequences.** Whenever a late filing of required information has been permitted in accordance with subdivision (e)(3) and (4) of this section and the contractor has failed to submit the required information within the required time period, that fact shall be communicated to the CCPO and the Comptroller immediately and shall be included within the VENDEX data base. Until such time as the required information has been filed with the CCPO,

(i) no further contract shall be awarded to that contractor,

(ii) the contractor shall be ineligible to bid or propose or otherwise be awarded a further contract, and

(iii) no payments shall be made to the contractor for performance pursuant to that contract unless authorized in writing by the CCPO.

(10) The Procurement Policy Board shall provide the City Council with periodic reports concerning permission for late filings and exemptions at intervals and with contents agreed upon by the Procurement Policy Board and the City Council.

(11) The questionnaire responses shall be entered into the citywide computerized VENDEX database no later than the completion of the Recommendation For Award. Questionnaires need be completed only once every three years, so long as a prospective contractor certifies prior to each contract award that all information is current, accurate, and complete. If there have been changes, the contractor shall supply the changed information and shall certify that the updated information is current, accurate, and complete.

(f) **Department of Investigation.** Prior to making its determination of supplier responsibility, the agency shall request the Department of Investigation to review the names on the Questionnaire and other information to ascertain whether the business or its affiliated individuals are or have, during a relevant period of time, been the subject of an investigation by the Department. The Department of Investigation shall undertake the review expeditiously and provide an explanation to an agency if its review is not completed within thirty calendar days of the request. If the Department of Investigation ascertains that there has been *such an investigation, it shall provide a copy of any final* report or statement of findings to the Agency Head for use in making the determination of responsibility. If the results of the review are not made available to the agency within thirty calendar days of the request, the agency may make its responsibility determination on the basis of the information then available to it.

(g) **Making the Responsibility Determination.**

1) The Contracting Officer shall use the following sources of information to support determinations of responsibility or non-responsibility:

(i) the VENDEX database of debarred, suspended, and ineligible contractors;

(ii) VENDEX and other records of evaluations of performance, as well as verifiable knowledge of contracting and audit personnel;

(iii) determinations of violations of employment-related federal, state, or local law or executive order, including but not limited to those relating to equal employment opportunity, prevailing wage, workplace health and safety, employee benefits, and employee wages and hours;

(iv) information supplied by the prospective contractor, including bid or proposal information, VENDEX and prequalification questionnaire replies, financial data, information on production equipment, and personnel information;

(v) pre-award survey reports; and

(vi) other sources such as publications, suppliers, subcontractors and customers of the prospective contractor, financial institutions, other government agencies, and business and trade associations.

(2) Nothing in these Rules shall preclude a Contracting Officer, prior to award, from notifying the bidder or offeror of unfavorable responsibility information and providing the bidder or offeror an opportunity to submit additional information or explain its actions before adverse action is taken by the City.

(h) **Written Determination of Non-Responsibility Required.**

(1) If a bidder or offeror who otherwise would have been awarded a contract is found non-responsible, a written determination of non-responsibility setting forth in detail and with specificity the reasons for the finding of non-responsibility shall be prepared by the Contracting Officer.

(2) A copy of the determination of non-responsibility shall be immediately sent to the non-responsible bidder or offeror. Notice to the non-responsible bidder must be mailed no later than two business days after the determination of non-responsibility is made and must inform the contractor of the right to appeal the determination to the Agency Head or designee within ten calendar days of receipt. A copy of the determination of non-responsibility shall also be sent to the Procurement Policy Board.

(3) The written determination of non-responsibility shall be made part of the agency contract file and included in the VENDEX database.

(i) **Determination of Non-Responsibility.** An agency letting a contract by competitive sealed bid or competitive sealed bid from prequalified suppliers may find the lowest responsive bidder(s) to be non-responsible in accordance with Section 2-08 of these Rules.

(j) **Notice.** After making a determination of non-responsibility, the ACCO shall notify the lowest bidder in writing of that determination. The notification shall state the reasons upon which the determination is based and shall inform the bidder of the right to appeal the determination of non-responsibility to the Agency Head and subsequently to the Mayor, and of the procedure for taking such appeals. The notification shall also contain the following statement:

The supplier shall also send a copy of its appeal to the New York City Comptroller, for informational purposes, at Office of the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 835, New York, NY 10007, (212) 669-3000.

(k) **Appeal to Agency Head.** Appeals to the Agency Head of the determination of non-responsibility shall be made pursuant to the following procedure:

(1) **Time for Appeal.** Any bidder who is determined to be non-responsible in connection with the award of a particular contract shall be allowed ten days from receipt of the agency's notification to file a written appeal of that determination with the Agency Head. Receipt of notice by the supplier shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head.

(2) **Form and Content of Appeal by Bidder.** The appeal by the bidder shall be in writing and shall briefly state all the facts or other basis upon which the bidder contests the agency finding of non-responsibility. Supporting documentation shall be included.

(3) **Agency Head Determination.** The Agency Head shall consider the bidder's appeal, and shall make a prompt written decision with respect to the merits of the bidder's appeal, except when such appeal relates to an Office of Labor Services determination of non-compliance with applicable equal employment opportunity requirements. Under such exception, the Office of Labor Services shall review all appeals and shall inform the Agency Head of its determination of the merits of the bidder's appeal. The Agency Head or head of the Office of Labor Services may, in his or her sole discretion, meet with the bidder to discuss his/her appeal.

(4) **Notification to Bidder of Agency Head Decision.** A copy of the decision of the Agency Head shall be sent to the bidder. If the Agency Head upholds the ACCO's finding of non-responsibility, the Agency Head shall inform the supplier of the right to appeal the decision to the Mayor, and of the procedure for taking such an appeal.

(5) **Delegation.** The Agency Head may designate a senior agency official, other than the ACCO or his or her subordinates, to consider this appeal.

(6) **Finality.** The Agency Head's decision of a bidder's appeal shall be final unless further appealed to the Mayor.

(l) **Stay of Award of Contract Pending Agency Head Decision.** Award of the contract shall be stayed pending the rendering of a decision by the Agency Head unless the ACCO makes a written determination that execution of the contract without delay is necessary to protect substantial City interests.

(m) **Appeal to Mayor.** Appeals to the Mayor of the Agency Head decision upholding a determination of non-responsibility shall be made pursuant to the following procedure:

(1) **Delegation.** The Mayor may delegate responsibility for deciding this appeal to the CCPO.

(2) **Time for Appeal.** Any supplier who wishes to appeal the decision of the Agency Head shall be allowed ten calendar days from receipt of the Agency Head's notification to file a written appeal of that determination with the Mayor or CCPO. Receipt of notification by the supplier shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the Office of the Mayor.

(3) **Form and Content of Appeal by Bidder.** The appeal by the bidder shall be in writing and shall briefly state all the facts or other basis upon which the bidder contests the agency finding of non responsibility. Supporting documentation shall be included.

(4) **Mayoral Determination.** The Mayor or CCPO shall consider the bidder's appeal, and shall make a prompt written decision with respect to the merits of the bidder's appeal. The Mayor, in the Mayor's sole discretion, may meet with the bidder to discuss the appeal.

(5) **Notification to Bidder of Mayoral Decision.** A copy of the decision of the Mayor or CCPO shall be sent to the bidder.

(6) **Finality.** The decision by the Mayor or CCPO of a bidder's appeal from an Agency Head decision concerning non-responsibility shall be final.

(n) **Stay of Award of Contract Pending Decision By Mayor or His Designee.** Award of the contract shall be stayed pending the rendering of a decision by the Mayor or CCPO, unless the ACCO has made a written determination pursuant to these Rules that the execution of the contract without delay is necessary, or the Mayor or CCPO, in their discretion, determine that it is in the best interests of the City to go forward with the award of the contract.

(o) **Documentation.** Documents reflecting the agency determination of non-responsibility and any appeal and decision with respect to appeal, and evidence of having supplied written notifications as required by these Rules, shall be maintained in the agency contract file. Copies of these documents shall be sent to the CCPO for inclusion in the VENDEX database.

CHAPTER 3 METHODS OF SOURCE SELECTION
(is amended as follows:)

Section 3-01 POLICY.

(a) **Methods of Source Selection.** Unless otherwise authorized by law, all City procurements shall be made by one of the methods authorized by these Rules.

(b) **Preference for Competitive Sealed Bidding.** Except as otherwise provided in these Rules, contracts shall be awarded by competitive sealed bidding. In the case of construction, where appropriate in the judgment of the ACCO, and in accordance with these Rules, competitive sealed bidding from prequalified suppliers or any other appropriate procurement method may be used.

(c) **Preference for Competitive Sealed Proposals in Certain Contracts.** Procurement by competitive sealed proposals is the preferred method for awarding contracts for non-commodity data processing equipment and for information technology, non-commodity data processing, architectural, engineering, client, legal, accounting, financial, training, educational, cultural, medical, managed care, employee health benefits, scientific, management, research, performing arts, and systems consultation services, and/or

other similar services. A "Special Case" determination is not required for such procurements.

(d) **"Special Case".** Agencies may elect to use one of the methods of source selection listed herein, after making the determination that it is not practicable or not advantageous to the City to use competitive sealed bidding as required by this section.

(1) **Methods of Source Selection for which "Special Case" Determination is Required:** A "Special Case" determination is required for each case in which one of the following methods of source selection is used:

(i) Competitive sealed bidding from prequalified suppliers;

(ii) Competitive sealed proposals (including multi-step process);

(iii) Competitive sealed proposals from prequalified suppliers;

(iv) Negotiated acquisition;

(v) Sole source procurement;

(vi) Demonstration project for innovative products, approaches, or technologies;

(vii) Innovative procurement method; or

(viii) Government-to-government purchase.

(2) **"Special Case" Circumstances.** A special case is a circumstance recognized by these Rules in which it is not practicable or not advantageous to the City to use competitive sealed bidding for one of the following reasons:

(i) specifications cannot be made sufficiently definite and certain to permit selection based on bid price or evaluated bid price alone;

(ii) judgment is required in evaluating competing proposals, and it is in the best interest of the City to require a balancing of price, quality, and other factors;

(iii) there is only one available source, as set forth in these Rules;

(iv) testing, experimentation, or evaluation is required to determine the feasibility and application of an innovative product, approach, or technology not currently used by the City;

(v) the need for advance screening of qualifications is paramount and prequalification is appropriate for one of the reasons set forth in these Rules;

(vi) circumstances justifying the use of negotiated acquisition as set forth in these Rules; or

(vii) to test and evaluate the feasibility and application of innovative procurement methods not currently used by the City or provided for in these Rules.

(3) **Source Selection in a Special Case.** Upon determining that there is a special case which warrants procurement by other than competitive sealed bidding, the Contracting Officer shall select the most competitive alternate method of source selection among those listed in Section 3-01 above which is practicable and advantageous to the City.

(4) **Special Case Determination.** The determination that there is a special case, and the reasons that the method of source selection is the most competitive that is appropriate under the circumstances, shall be made in writing in advance of issuing solicitations, as part of any presolicitation review required by these Rules, and shall be approved by the ACCO. Procurements by negotiated acquisition shall require the written approval of the CCPO prior to initiating negotiations.

~~[(5) Approvals. Special case awards require the following additional approvals:~~

~~(i) Mayor. Prior to the filing of a contract for registration, the Mayor or his designee shall certify that the procedural requisites for the solicitation and award have been followed.~~

~~(ii) Award of contracts exceeding two million dollars. The Mayor or Deputy Mayor shall approve, prior to execution, the award of all contracts exceeding two million dollars let by other than competitive sealed bidding, competitive sealed bids from prequalified vendors, or competitive sealed proposals where the weight assigned to each of the factors or criteria to be considered in selecting the proposal most advantageous to the City was set forth in a writing filed in the agency contract file prior to the opening of proposals. This approval authority may not be further delegated.~~

~~(f) Alternative procurement methods. The solicitation of bids or proposals for any contract based on an alternative procurement method, including negotiated acquisition, waivers, and demonstration projects requires written approval of the Mayor prior to seeking bids or proposals.]~~

HOUSING PRESERVATION & DEVELOPMENT

■ NOTICE

DETERMINATION AND FINDINGS OF THE DEPARTMENT OF HOUSING PRESERVATION AND DEVELOPMENT PURSUANT TO SECTIONS 201- 204 OF THE EMINENT DOMAIN PROCEDURE LAW

Whereas, the acquisition of a portion of an area generally bounded by Mermaid Avenue, West 31st Street, Surf Avenue and West 32nd Street, designated on the Tax Map of the City of New York as Block 7049, Lot 7, in the Borough of Brooklyn, ("Subject Property"), which is located in the Coney Island Urban Renewal Area, has been proposed by the Department of Housing Preservation and Development; and

Whereas, the Eminent Domain Procedure Law ("EDPL") provides for a uniform procedure for condemnation by municipalities and others throughout the State of New York; and

Whereas, the Department of Housing Preservation and Development, pursuant to the provisions of the EDPL, is required to hold a public hearing and make its determination and findings concerning the proposed public project and to publish a brief synopsis of such determination and findings; and

Whereas, the Department of Housing Preservation and Development held such hearing on August 9, 2000.

NOW, therefore, be it known that the Department of Housing Preservation and Development, pursuant to the EDPL, hereby determines and finds:

1. The public use, benefit or purpose to be served by the proposed public project is the elimination of blight, to wit, a vacant and debris strewn lot, and the development of affordable housing units to meet the demand for the same in the local community.

2. The Subject Property is selected for the location of this project because it is located in midst of other City-owned properties in the Coney Island Urban Renewal Area upon which affordable housing units will be developed.

3. The proposed project will remove the aforementioned deficiencies and negative influence in the Subject Property and its immediate vicinity. The proposed public project generally consists of developing affordable housing on the Subject Property and in the surrounding area that will consist of single family homes.

4. The proposed action will have no negative impact on the environment or the residents of the locality.

5. The proposal is consistent with local planning and environmental objectives in that it is in conformity with the Coney Island Urban Renewal Plan, as amended, which was adopted pursuant to the uniform land use review procedure of Sections 197-c and 197-d of the New York City Charter, and pursuant to Article XV of the General Municipal Law.

6. The City of New York seeks to proceed with the project at this time because funding has now become available.

NOTICE TO THE PUBLIC:

Copies of the above determination and findings of the Department of Housing Preservation and Development are available without cost upon written request to:

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list,

criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of

prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
10/18/00	011630	SRA 01-2463

ADDRESS	BOROUGH:	BLOCK/LOT:
WEST 136TH STREET West 138th and West 139th Street ST. NICHOLAS	MANHATTAN	7777 / 77

To the Mayor, the Council, and the Borough Commissioner of the NYC Department of Transportation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed plans for the replacement of ten (10) existing cobra-head light poles with ten (10) cast-iron, Bishop's Crook-type lampposts, along West 138th and West 139th Streets, within the St. Nicholas Historic District, as described in the application form and schematic street plan, dated received 10/16/00, prepared by P. E. Neptune, all submitted as components of this proposal.

The Commission notes that the St. Nicholas Historic District was developed in the 1890s, at a time when cast-iron lampposts with electric lights were common, with the most common type being the Type-G post. The Commission further notes that 1940s archival photographs show the presence of the Bishop's Crook post along both West 138th and West 139th Streets.

The Commission finds that the existing, modern lampposts are not harmonious in scale, material, detail and color with the architectural and historic character of the St. Nicholas Historic District; that the new cast-iron, Bishop's Crook-type lampposts closely recall the historic Type-G posts; that the Bishop's Crook-type lamppost will be harmonious in scale, materials, design and color with the character of the district; and that the installations of these lampposts will have the overall effect of strengthening the historic character of the streets and of the district

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
10/13/00	011765	SRB 01-2403

ADDRESS	BOROUGH:	BLOCK/LOT:
380 WASHINGTON AVENUE HISTORIC DISTRICT CLINTON HILL	MANHATTAN	1945 / 36

To the Mayor, the Council, and the Assistant Commissioner, Department of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of nine 12"x12"x15" light fixtures located along the parapet on the front facade, with a tan finish to match the color of the brick; and interior alterations as shown and described in drawings labeled "Demolition Floor and Ceiling Plan," "Reflected Ceiling Plan," and "Section A-A," dated August 23, 2000, photographs of the existing conditions and a lighting catalog cut, dated August 2000, and a letter, dated October 10, 2000, all prepared by Richard Dattner and Partners Architects, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the Clinton Hill Historic District designation report states that 380 Washington Avenue is a one-story brick library built in 1974; and that it is not one of the buildings for which the historic district was designated.

With regard to this proposal, the Commission finds that finishing the light fixtures to blend with the brick wall will make them unobtrusive; that the size, style, placement and number of light fixtures will be in keeping with the architectural character of the building; that the interior alterations will have no effect on the special historic and architectural character of the historic district; and that the work will not detract from the special historic and architectural character of the Clinton Hill Historic District. Based on these findings, the Commission determines the proposed work to be appropriate to the historic district.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Lisa Schaeffer.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year.

The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Note: New matter underscored; old matter in brackets [] to be deleted.

Section 1. Subdivision (b) of the definition of occupancy in section 12-01 of such rules is amended to read as follows:

(b) [A] Except as provided in section 12-07(e) of these rules, a room is deemed to be the subject of only one taxable occupancy at a given time. Where an occupant sublets or otherwise contracts away his right to the use or possession[,] of a room or rooms in a hotel, the tax shall be collected and paid in accordance with [the following rules:] section 12-07(e) of these rules.

[(1) If the original occupant is himself an operator, as in the case of a private club located in a hotel, and subleases the occupancy to another, the taxable occupancy shall be the occupancy by the sublessee. In such case, the original occupant shall collect the tax from the sublessee and pay it over to the City.

(2) If the original occupant is not an operator, his occupancy is taxable whether or not he has the actual use or possession of the room and no tax will be paid by or collected from the sublessee.]

§2. Paragraph (2) of the definition of operator in section 12-01 of such rules is amended to read as follows:

(2) Any person, including an "occupant," who contracts away the use of a room or rooms in a hotel is an "operator." For example, a private club which, as an accommodation to its members, makes rooms available to such members either in its own buildings or in club rooms maintained in a hotel elsewhere, is an "operator" within the meaning of the law.

§3. The definition of permanent resident in section 12-01 of such rules is amended to read as follows:

Permanent resident.

(1) A person is a "permanent resident" as of a given date if he has occupied or has had the right to occupy a room or suite of rooms in a particular hotel for 180 consecutive days next preceding such date. (Prior to September 1, 1980, 90 days occupancy qualified a person as a "permanent resident"). A person who enters into an agreement for occupancy for 180 consecutive days or more does not become a permanent resident under the law until he has been an occupant for 180 consecutive days, and the operator is liable for the collection of the tax until such occupancy for 180 consecutive days has been completed. Where the tax has been collected by the operator for occupancy for less than 180 days and the occupant subsequently completes 180 consecutive days of occupancy, the operator may return such tax to the occupant. If the operator has paid such tax over to the [City]Commissioner of Finance he may, within one year from the date of the payment to the Commissioner of Finance, and provided he has returned such tax to the occupant, either take credit for the tax so paid on any subsequent return filed by him or file a claim for refund of such tax.

(2) A person is not a permanent resident as of a given date unless he has completed 180 days of consecutive occupancy in the same establishment immediately prior to that date. Thus, a person who has the right to use a room only on intermittent days of the week or of the month is not a permanent resident even though he has had more than 180 days of occupancy in the aggregate. Similarly, a person who, after having been a permanent resident, surrenders his occupancy and then subsequently resumes his occupancy, is not a permanent resident under the later occupancy until he completes 180 additional consecutive days of occupancy. Where a person transfers from one hotel to another, even though owned or operated by the same operator, he is not a permanent resident of the latter establishment until he has completed 180 consecutive days of occupancy therein. However, except as provided in subdivision (3) of this definition, a person who has completed 180 consecutive days of occupancy in different rooms of the same hotel is a permanent resident of that establishment. Where a permanent resident rents additional rooms on a temporary basis, he is not considered a permanent resident with respect to such additional rooms unless such rooms are occupied for 180 or more consecutive days.

(3) For purposes of the definition of permanent resident, a person shall not be considered an occupant of a room or rooms on any day that such person is an operator with regard to such room or rooms. If a person leases more than one room in a hotel with regard to which such person is an occupant on some days and an operator on other days, such person may not aggregate the days that it is an occupant of any such room with the days that it is an occupant of any other such room in order to qualify for permanent resident status. See illustration (vii) below.

To illustrate:

Illustration (i): A person occupies a certain room in a hotel for 57 days. On the 57th day he moves to a different room in the same hotel, which he occupies for an additional 130 days. This person is considered a permanent resident with respect to the occupancy of both rooms and he is entitled to a refund of any tax paid with respect to the occupancy of the rooms.

Illustration (ii): An airline corporation rents three rooms on an annual basis from a hotel. However, on occasion, when it requires additional rooms in the hotel for the use of its employees, it rents such additional rooms on a daily basis for a period less than 180 consecutive days. The hotel is required to charge and collect the tax from the airline corporation on the [rental charges for] airline's occupancy of the additional rooms.

Illustration (iii): B, an individual, resides in a hotel where he has occupied a tworoom suite for a period exceeding 180 consecutive days. B also rents a studio room for his own use in practicing piano. B has the exclusive use of this studio for a period of one hour per week. At other times, the room may or may not be rented to other persons. [The charge made by the hotel to B for the] B's use of the studio room is subject to the tax.

Illustration (iv): C, an individual, occupies a room in a hotel for a period of 180 days. He also rents two additional rooms for occupancy by his wife and his maid for a period of two weeks. The room occupied by his wife adjoins his room and the room occupied by his maid is on another floor of the hotel.

The hotel operator is required to charge and collect the tax from C on the [rental charge for] occupancy of the rooms occupied by C's maid and his wife.

Illustration (v): D, an individual, occupies a room in a hotel for a period of more than 180 consecutive days. He rents an additional

room in the same hotel for one day for the purpose of holding a party for his friends.
The hotel is required to charge and collect the tax from D [on the rental charge] for the occupancy of the additional room.

Illustration (vi): A corporation maintains a suite of rooms at a hotel on a permanent basis. During one week of the year, it holds a general sales meeting and for that purpose rents 75 additional rooms in the same hotel for the use of its employees. The hotel operator is required to charge and collect the tax from the corporation [on the rental charges] for the occupancy of the 75 additional rooms.

Illustration (vii): Z, a tour company, contracts for 100 rooms in a hotel for 190 consecutive days. Z subleases 98 of the 100 rooms to its clients. No one client occupies any of the 98 rooms for more than 180 consecutive days. Each of the 98 rooms is sublet for most of the 190 day period. However there is no single day within the 190-day period on which all 98 rooms are sublet. Z uses the remaining two rooms to conduct its business. It does not sublease either of the two rooms for any period of time. Z becomes a permanent resident of the two rooms used to conduct its business when it completes 180 days of consecutive occupancy and is entitled to a refund of any tax paid with regard to the occupancy of these two rooms. Z does not become a permanent resident with respect to any of the 98 rooms that it subleases to suboccupants even though at least one of the rooms is unoccupied for each of the 190 days.

§4. Section 12-07 of such rules amended November 27, 1999, is amended by adding a new subdivision (e) to read as follows:

(e) Where an occupant sublets or otherwise contracts away his right to the use or possession of a room or rooms in a hotel, such occupant becomes an operator with respect to such room or rooms. Under these circumstances, the tax shall be collected and paid in accordance with the following rules:

(1) The original occupant shall pay the tax and the original operator shall collect the tax without regard to any sublease by the original occupant or other suboccupancy.

(2) For any day on which the original occupant subleases a room, the original occupant will be treated as an operator with respect to that room. As in the case of any other operator, the original occupant will be responsible for collecting and paying over the tax from the sublessee with respect to the occupancy by the sublessee. However, the original occupant may satisfy its obligation to pay over the full amount of tax due with respect to its sublessee's occupancy of any such room by submitting proof that the original occupant/sublessor paid a like amount of tax to the original operator with respect to the original occupant/sublessor's occupancy of the room for the period during which the room is sublet, provided, further, however, that the original occupant/sublessor remains liable for, and must pay over to the Commissioner, any amount of tax payable with respect to the occupancy of a room by its sublessee in excess of the amount of tax paid by such original occupant/sublessor to the original operator. Nothing in this paragraph (2) shall be construed to permit the original occupant/sublessor to satisfy its obligation to pay over the amount of tax due with respect to a sublessee's occupancy of a room based on the payment of a like amount of tax by such original occupant/sublessor to the original operator with respect to such original occupant/sublessor's occupancy of a different room in the same hotel or with respect to its occupancy of the same room for any day that such room was not sublet.

To illustrate: Z, a tour company, contracts for 100 rooms in a hotel at a rate of $100 per room per day for 190 consecutive days. Z subleases the rooms to its clients. No one client occupies any of the rooms for more than 180 consecutive days. Z charges its clients $150 per room per day. Each of the rooms is sublet for most but not all of the 190 day period.

The hotel operator is required to charge and collect the tax from Z for the occupancy of all 100 rooms for the entire 190 day period. Z is not a permanent resident with respect to any of the rooms. See section 12-01 definition of "permanent resident" paragraph (3) of these rules. Z is required to charge and collect the full tax from its clients for the occupancy of any of the rooms that it subleases for the days that such rooms are subleased. However, if Z presents proof to the Commissioner that it paid tax for the occupancy of a specific room on a specific day, Z must pay over to the Commissioner only the excess of what it is required to collect for the occupancy of the same room on the same day by a sublessee over the amount Z paid. (In this case the amount to be paid over would be the excess of the tax for each such room based on the $150 charged by Z, over the tax for such room based on the $100 paid to the hotel by Z for each sublet room for each of the days that such room is sublet.) Z may not credit any amount paid with respect to one room against the amount of tax Z must collect and pay with respect to another room, or credit any amount paid with respect to a room for a day during which the room is not sublet against the amount Z must collect and pay for a day during which the room is sublet.

§5. The amendments made by section 1 through 4 shall be effective immediately and shall apply to all taxable periods beginning on or after the 30th day after the date such amendments are published in final form in the City Record.

BASIS AND PURPOSE OF PROPOSED AMENDMENTS

These amendments affect the portion of the Rules Relating to the New York City Hotel Room Occupancy Tax governing the definitions of an operator and a permanent resident.

These amendments address the application of the tax to persons who sublet hotel rooms. A person who rents one or more hotel rooms from an operator and sublets them to guests for a fee becomes an operator liable to collect the tax from any sublessee. The purpose of these amendments is to ensure the collection and payment of the appropriate amount of tax with respect to rooms that are sublet. Under the amendments, the sublessor/operator will not be treated as a permanent resident with respect to any room that is sublet. In addition, the occupancy by such a sublessor/operator of multiple rooms in the same hotel on days when such rooms are not sublet may not be aggregated so as to qualify the sublessor/operator as a permanent resident. Therefore, the original operator remains obligated to collect and pay over the tax due with respect to the sublessor/operator's occupancy of rooms. The sublessor/operator is obligated to collect the full amount of tax from its sublessee but effectively may claim a credit for the amount of tax paid by it to the original hotel operator by the submission of adequate proof of payment to the Department of Finance. The sublessor/operator remains liable for any additional amount of tax due with respect to any occupancy by its sublessee in excess of the amount paid by the sublessor/operator.

These amendments also make certain nonsubstantive changes to the illustrations contained in the rules.

Commissioner of Finance

BINDING REPORT

ISSUE DATE: 11/01/00	DOCKET #: 012357	SRB #: SRB 01-2810
ADDRESS: WEST 77TH & WEST 81ST STREETS HISTORIC DISTRICT: UPPER WEST SIDE-CPW	BOROUGH: MANHATTAN	BLOCK/LOT: 1129 / 777

To the Mayor, the Council, and the Manhattan Borough Commissioner, Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of the installation of eighty 1" diameter stainless steel sleeve anchors with removable stainless steel caps, to be set into the modern concrete sidewalks, twenty on the south side of West 77th Street, in block 1129, and twenty on the north side of West 81st Street, in block 1195, and into the modern granite curbs in block 1130, twenty on the north side of West 77th Street and twenty on the south side of West 81st Street, with the anchors to be installed with the caps set flush with the adjacent sidewalks or curbs, as shown in a drawing titled ""Macy's Thanksgiving Day Parade Set-up Area", stamped "Received Preservation Department 10/19/2000 ", in drawings 1 and 2, both dated October 5, 2000, and in a drawing titled "Eye End Ground Tie-off Mount at Museum Side", dated October 19, 2000, all prepared by Hudson Awnings and Sign Company

In reviewing this application, the Commission notes that this report also covers blocks 1130 and 1195, and that the existing cement sidewalks and granite curbs into which the sleeve anchors will be installed are modern sidewalks and curbs.

With regard to this application, the Commission finds that the sleeve anchors and stainless steel caps are modestly scaled; that the installation will not cause the destruction of any significant protected material; and that the work will not diminish these blocks, the streetscape, or the Upper West Side/Central Park West Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets, as "principal routes," "parkways" or "toll crossings," and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply. Beyond 200 feet from such arterial highway or #public park#, an #advertising sign# shall be located at a distance of at least as many linear feet therefrom as there are square feet of #surface area# on the face of such #sign#.~~ **the provisions of paragraphs (a) and (b), or paragraph (c) of this Section shall apply for #signs# near designated arterial highways or certain #public parks#:**

(a) Within 200 feet of an arterial highway or a #public park# with an area of one-half acre or more, #signs# that are within view of such arterial highway or #public park# shall be subject to the following provisions:

(1) no permitted #sign# shall exceed 200 square feet of #surface area#; and

(2) no #advertising sign# shall be allowed, nor shall an existing #advertising sign# be structurally altered, relocated or reconstructed.

(b) Beyond 200 feet from such arterial highway or #public park#, **#signs# that are within view of such arterial highway or #public park#** shall be located at a distance of at least as many linear feet **from the arterial highway or #public park#** as there are square feet of #surface area# on the face of such #sign#. However, in all districts as indicated, the more restrictive of the following shall apply:

~~(a)~~**(1)** any #advertising sign# erected, structurally altered, relocated or reconstructed prior to June 1, 1968, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, shall have legal #non-conforming use# status pursuant to Section 52-83, to the extent of its size existing on May 31, 1968.

~~(b)~~**(2)** any #advertising sign# erected, structurally altered, relocated or reconstructed between June 1, 1968 and November 1, 1979, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, and whose size does not exceed 1,200 square feet in #surface area# on its face, 30 feet in height, and 60 feet in length, shall have legal #non-conforming use# status pursuant to Section 52-83, to the extent of its size existing on November 1, 1979. All #advertising signs# not in conformance with the standards set forth herein shall terminate.

(c) Within one-half mile of any boundary of the City of New York, permitted #signs# and #advertising signs# may be located along any designated arterial highway that is also:

(1) a "principal route" or "toll crossing" that prohibits direct vehicular access to abutting land and provides complete separation of conflicting traffic flows; and,

(2) a through truck route designated by the New York City Department of Transportation; and,

(3) that crosses a boundary of the City of New York

without regard to the provisions of paragraphs (a) and (b) of this Section, provided any such permitted or #advertising sign# otherwise conforms to the regulations of this Chapter including, with respect to an #advertising sign#, a location not less than 500 feet from any other #advertising sign#, except that, in the case of any such permitted or #advertising sign# erected prior to (the date of referral), such #sign# shall have #non-conforming use# status pursuant to Section 52-82 (Non-Conforming Signs other than Advertising Signs) and Section 52-83 (Non-Conforming Advertising Signs) with respect to all other regulations of this Chapter to the extent of the degree of #non-conformity# of such #sign# as of (the date of referral) including, with respect to an #advertising sign#, its location within 500 feet of any other such #advertising sign#.

Upon application, the requirements of paragraphs (a) and (b) of this Section shall be waived, provided that the Chairperson of the City Planning Commission certifies that:

General Large-Scale Development

For #general large-scale developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk# controls. For these #developments#, the regulations of this Section are designed to allow greater flexibility for the purpose of securing better site planning, while safeguarding the present or future use and development of the surrounding area.

(a) For a #general large-scale development#, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #general large-scale development# without regard for #zoning lot lines# or district boundaries subject to the following limitations:

(i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

(ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted;

(2) modification of the #lot area# requirement for non-#residential uses# in a #Commercial District# with a base #floor area ratio# of 15.0 provided, that for every 750 square feet of gross #residential floor area# in the #building# there is no more than one #dwelling unit#;

(3) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations; and

(4) variation in the location of primary business entrances , and #show windows# and #signs# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries.

(b) As a condition of granting a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances , and #show windows#~~ and #signs#~~ will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

Modification of use regulations

(a) Waterfront and related #commercial uses#

In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related #uses# listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

(1) the #uses# are appropriate for the location and blend harmoniously with the rest of the #general large-scale development#; and

(2) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

(b) Location of #commercial uses#

For any #general large-scale development#, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location within Buildings) provided the Commission shall find:

(1) the #commercial uses# are located in a portion of the #mixed building# which has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;

(2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and

(3) the modifications shall not have any adverse effect on the #uses# located within the #building#.

(c) Modifications of #sign# regulations

~~(1) In C6 Districts, the City Planning Commission may modify the regulations of Section 32-65 (Permitted Projection or Height of Signs) for #signs#, other than #advertising signs#, on a non-#residential building#, provided that such #signs# will not be incompatible with the character of the surrounding area.~~

(1) In all #Commercial# or #Manufacturing Districts#, the City Planning Commission may, for #developments# or #enlargements# subject to the provisions of paragraphs (a)(1), (a)(2), or (a)(3) of Section 74-743 (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-65 (Permitted Projection or Height of Signs), 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), 42-53 (Surface Area and Illumination Provisions), 42-54 (Permitted Projection or Height of Signs), 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), and, the limitations on the location of #signs# in Sections 32-51 and 42-44 (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.

Any modifications exceeding the limitations set forth herein shall be subject to the provision of the new Section 74-74 (General Large-Scale Development).

No existing #plaza#, #residential plaza#, #urban plaza#, or other public amenity for which a #floor area# bonus or any increase in tower coverage above 40 percent of the #lot area# of the #zoning lot# has been received under Section 74-74 (Commercial Development Extending into More than One Block) prior to February 22, 1990 shall be eliminated or reduced in size except by special permit of the Commission pursuant to a finding that a proposed change will provide a greater public benefit in the light of the public amenity's purpose.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.
