DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions. Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CONSTRUCT, OWN AND MANAGE, 40-50 UNIT RESIDENTIAL HOUSING PROJECT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 806021000471 – DUE 11-09-01 – The New York City Department of Housing Preservation and Development ("HPD"), in cooperation with the New York State Housing Finance Agency ("HFA"), has issued a Request for Qualifications seeking submission of applications from experienced not-for-profit housing development organizations, both community-based and City-wide, to construct, own and manage a 40-50 unit residential housing project under the Permanent Housing for Homeless Families Program (also, the "85/85 Program"). The project will be developed on a City-owned vacant site on Boston Road and 165th Street, along the Boston Road Corridor of the South Bronx, in Bronx Community District No. 3 (the "Site").

After completion of the Uniform Land Use Review Procedure HPD will convey the Site to the selected sponsor at the construction closing. All phases of construction will be supervised by HFA. When the project has been completed the selected sponsor will provide social services to the tenants, and will own and manage the project as low-income housing for thirty-five years.

(CORRECTED NOTICE)

LEGAL REPRESENTATION IN MEDICAL MALPRACTICE CASES, RISK MANAGEMENT AND RELATED SERVICES – Negotiated Acquisition – PIN# 02501X000718 – DUE 11-09-01 AT 5:00 P.M. – The New York City Law Department seeks Expressions of Interest ("EOI"s) from, and intends to enter into negotiations with, qualified law firms for the above-captioned services, which include legal representation in medical malpractice cases brought against the NYC Health and Hospitals Corporation (HHC), physicians and other providers employed by HHC and/or its affiliates, and the provision of risk management services, including pre-litigation investigations, in-service lectures, consultation in regulatory matters, and representation in medical staff and professional disciplinary proceedings and patient care matters. It is projected that the term of the proposed contracts will commence as of March 1, 2002 and continue through February 28, 2007. However, the City may decide to contract for a shorter term. The following minimum qualification requirements apply to this procurement: all attorneys assigned to perform services under contract must be members in good standing of the New York State Bar, and the firm must agree that, if awarded a contract, it will not engage in the litigation of medical malpractice cases as counsel for plaintiff except in exceptional circumstances and only with prior written Law Department approval. The Department intends to enter into contracts with approximately five firms, each having (1) substantial experience in the defense of high-exposure medical malpractice cases, (2) substantial experience providing risk management and related services, and (3) substantial personnel and other resources enabling the firm to handle a large volume of medical malpractice cases and risk management and related services. Law firms wishing to be considered for contract award must submit one original and five copies of a written EOI to Tom Dowling, Contracts and Real Estate Division, New York City Law Department, 350 Jay Street, Brooklyn, New York, 11201-2908 (Attention: Tom Dowling; Phone: 718-875-5036) by the above-stated deadline. The EOI should be organized under the three above-specified criteria and be in the form of a firm resume that describes and demonstrates in detail and with specificity that the firm has the above-specified experience and resources. Firms whose EOIs are determined to be within a competitive range of technical merit will receive a detailed questionnaire, the written responses to which will be utilized by the Department to make subsequent decisions regarding the award of contracts. Contract award will be made by the Negotiated Acquisition method of source selection, pursuant to PPB Rules §3-04, because this procurement is for legal services.

The proposed plan:

1. conforms to the most recently approved HPD language, terminology and methodology;
2. eliminates controls that restrict residential development in the Area to low and moderate income housing;
3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.
4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;
5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;
6. assigns site numbers in accordance with current practice;
7. amends Exhibit A to reflect the consolidation of tax lots;
8. updates the Proposed Time Schedule;

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment of the Cooper Square Urban Renewal Plan for the Cooper Square Urban Renewal Area. The proposed plan:

- Conforms to the most recently approved HPD language, terminology and methodology.
- Eliminates land use controls in the previously approved plan, such as exclusively low, moderate and middle income housing and use restrictions preventing mixed use mixed income buildings for Site 1A and the former Site 2.
- Changes land use controls in the previously approved plan calling for demolition of all existing buildings on sites 1A and former Site 2 to allow for partial and complete rehabilitation of on site buildings.
- Adds a new Exhibit A, listing the properties in the urban renewal sites.
- Identifies rehabilitation sites in Exhibit A, Map 1 and Map 2.
- Subdivides portions of Site 2:

  A portion of Site 2 from the previously approved plan has been subdivided to permit the creation of a permanent open space site, Site 2B, to preserve the Liz Christie Bowery Houston and Rock 'n Rose Gardens.
  Two streets that are no longer planned to be demapped, East 1st Street between Bowery and Second Avenue and Extra Place are no longer designated as part of Site 2.

  Rehabilitation sites that were formerly included in Site 2 have been designated as separate sites (2C, 2D, 2E, 2F (partial rehabilitation), 3B)
- Renames former Site 3 as Sites 3D and 1 maintains the use restriction for supportive housing.
- Redesignates a portion of Site 1A as Site D for rehabilitation as a mixed use building.
- Eliminates from the plan Site 2A which was never acquired.
- Updates the Proposed Time Schedule for effectuation of the Plan.

Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

92-01
Definitions

Development
For purposes of this Chapter a "development" includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, and an #enlargement# involving an increase in #lot coverage#.

Special Park Improvement District
(repeated from Section 12-10)

The "Special Park Improvement District" is a Special Purpose District designated by the letters "PI" in which special regulations set forth in Article IX, Chapter 2, apply to all #developments#. The #Special Park Improvement District# and its regulations supplement or supersede those of the districts on which it is superimposed.

92-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

For the purposes of this Chapter, Duke Ellington Circle, located at the intersection of Fifth Avenue and East 110th Street, shall be considered a separate #street#.

92-03
Special Use Regulations
For any #zoning lot# located between Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Streets:

1. #commercial uses# shall only be permitted beyond 100 feet of Fifth Avenue and shall be restricted to office #uses# listed in Use Group 6B,

2. the underlying district #sign# regulations shall not apply. In lieu thereof, #signs accessory# to a #commercial use# shall conform with all the #sign# regulations applicable in C1 Districts, except that illuminated #signs# shall not be permitted, and, within 100 feet of Fifth Avenue, signs shall conform with the #sign# regulations for #Residence Districts# set forth in Section 22-30 (SIGN REGULATIONS).

~~92-03~~ *92-04*
Special Bulk Provisions

92-041
Maximum Floor Area Ratio

~~For the purposes of this Chapter, t~~The maximum #floor area ratio# for any #development# or #enlargement# on a #zoning lot# shall not exceed 10.0. No #floor area# bonuses shall be permitted.

~~92-04~~ *92-042*
Mandatory Front Building Walls Along Certain Street Lines

- *Except as provided in paragraph (b) of this Section,* ~~t~~The front building wall ~~of~~ *for* all #developments# on #zoning lots# having frontage on Fifth Avenue or Park Avenue~~,~~ *and for all #developments# along #street lines# within 50 feet of their intersection with the #street lines# of Fifth Avenue or Park Avenue,* shall extend along the full length of its #street line# fronting on such #street# without setback for a height of 125 feet above #curb level# or the full height of the #building#, whichever is less.~~, except that where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.~~ Above the height of 150 feet above #curb level#, the front building wall shall be set back 10 feet from the #street line#. *The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a#narrow street# or for the next 75 feet along the #street line# of a #wide street#.* However, where the front wall of a #building# with a height less than125 feet above #curb level# was constructed with a setback from the #street lines#, #enlargement# of such #building# may be permitted by vertical extension of its existing building wall.

- *For any #zoning lot# having frontage on Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Street, the provisions of this paragraph (b) shall apply. The front building wall of any #development# shall extend along the full length of the Fifth Avenue and Duke Ellington Circle #street lines#, and along the full length of the East 109th Street and East 110th Street #street lines# within 50 feet of their intersection with Fifth Avenue and Duke Ellington Circle, and rise without setback to a minimum height of 85 feet above #curb level# or the full height of the #building#, whichever is less. Above a height of 150 feet, the front building wall shall be set back at least 10 feet from such #street lines#. Such mandatory front building wall requirements are optional for the next 50 feet along the East 109th Street and East 110th Street #street lines#.*

~~These mandatory front building wall requirements also apply to all #development# along all #street lines# within 50 feet of their intersection with the #street line# of Fifth Avenue or Park Avenue.~~

~~The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a #narrow street# or for the next 75 feet along the #street line# of a #wide street#. The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.~~

- Front wall recesses are permitted *within mandatory front building walls* for architectural or decorative purposes, provided that the aggregate length at the level of any #story# does not exceed 50 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed ~~6~~ six feet. No front wall recesses are permitted within 20 feet of the intersection of two #street lines#.

Where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.

The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.

92-043
Special Height Limitation

The maximum height of a #building or other structure# or portion thereof shall not exceed 19 #stories# or 210 feet above #curb level#, whichever is less.

92-05
Mandatory Tree Planting Provisions

All new #developments# within the Special District shall provide and maintain trees of not less than four-inch caliper at the time of planting on sidewalks for the entire length of #street# frontages of the #zoning lot#. These trees shall be planted at maximum intervals of 30 feet and in accordance with Department of Transportation guidelines.

~~92-06~~
~~Special Height Limitation~~

~~The maximum height of a #building or other structure# or portion thereof shall not exceed 10 #stories# or 210 feet above #curb level#, whichever is less.~~

12-10
DEFINITIONS

* * *

Private road

A "private road" is a right-of-way constructed after (the effective date of this amendment), other than a #street#, that provides vehicular access directly from a #street# to any #accessory# parking space located within a #development# containing five or more #dwelling units#. Such #development# shall contain #residential buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#. An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

* * *

Street
A "Street" is:

(a) a way shown on the City Map; or

* * *

(d) any other public way that on December 15, 1961, was performing the functions usually associated with a way shown on the City Map.

~~A driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.~~

A #private road#, or ~~A~~ *a* driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.

Chapter 6
Special Urban Design Guidelines: Streetscape
Special Requirements for Developments in R9 and R10 Districts and Special Requirements for Developments with Private Roads

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

a) #Developments# in R9 and R10 Districts constructed after April 21, 1977, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program; and

b) #Developments# in R3, R4 and R5 Districts, containing #private roads# constructed after (the effective date of this amendment), as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS),except where such #developments# consist entirely of #single-family detached residences#.

(Section 26-01 is moved and renumbered 26-12)

26-~~02~~*10*
~~Applicability of this Chapter~~ *SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS*

~~The regulations of this Chapter shall apply to all #developments# constructed after April 21, 1077, within R9 and R10 Districts. However, this Chapter shall not apply within any Special Purpose District, nor shall it apply to any #development# pursuant to the Quality Housing Program., except as otherwise set forth herein.~~

An application to the Department of Buildings for a permit respecting any new #development# shall include a plan and an elevation, drawn to a scale of at least one sixteenth inch to a foot, of the new #building# and #buildings# on #contiguous lots# or #contiguous blocks# showing #arcades#, #street wall# articulation, curb cuts, #street# trees, sidewalk paving, a central refuse storage area and such other necessary information as may be required by the Commissioner of Buildings.

~~GENERAL PURPOSES~~ *General Purposes*

* * *

26-~~01~~*12*
General Provisions
In harmony with the general purposes and intent of this Resolution and the general purposes of ~~this Chapter~~ *Section 26- 10,* the regulations of ~~this Chapter~~ *Sections 26-13 through 26-17, inclusive*, are intended to:

1) guide the location of arcades to assure horizontal continuity of new developments with existing building arcades and to maintain visual continuity at street level;

2) require transparency and/or articulation of front walls to improve the visual quality of the street;

3) provide for street tree planting in order to enhance the visual character of the neighborhood;

4) ~~require decorative paving to~~ improve the quality of the street environment;

5) limit the number and location of curb cuts, minimizing undue conflict between pedestrian and vehicular movements; and

6) eliminate trash on sidewalks by requirement central refuse storage areas within the zoning lot.

26-~~03~~*13*
Definitions

For the purposes of Sections 26-10 through 26-17, inclusive, the following definitions shall apply:

Development

~~For the purposes of this Chapter,~~
"*D*evelopment" includes construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot# or an #enlargement# involving an increase in #lot coverage#.

Contiguous lot

~~For the purposes of this Chapter, a~~ *A* "contiguous lot" is a #zoning lot# which shares a common #side lot line# with the #zoning lot# of the #development#.

Contiguous block

~~For the purpose of this Chapter, a~~ *A* "contiguous block" is a #block# containing one or more #zoning lots# separated by a #narrow street# from the #block# containing the new #development#.

26-20
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS
To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads
A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.
A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24
Requirements for Sidewalks

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a building wall facing it.

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review

No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,

b) any decrease in the required width of the paved road bed is in *conjunction with a superior*

parking plan that would not be feasible with a wider road bed, and

c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

* * *

Chapter 7
Special Regulations

* * *

37-10
Applicability of Article II, Chapter 6, to Developments with Private Roads
In C1 or C2 Districts mapped within R3, R4 or R5 Districts, and in C3 Districts, the provisions of Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS) shall apply to any #development# containing a #private road#. In addition, the open area between buildings and sidewalks required pursuant to Section 26-25 need not be planted where such open areas front upon #commercial uses#.

* * *

Article VII
Chapter 3
Special Permits by the Board of Standards and Appeals

* * *

73-69
Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

* * *

Article VII
Chapter 4
Special Permits by the City Planning Commission

* * *

74-97
Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CONSTRUCT, OWN AND MANAGE, 40-50 UNIT RESIDENTIAL HOUSING PROJECT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 806021000471 – DUE 11-09-01 – The New York City Department of Housing Preservation and Development ("HPD"), in cooperation with the New York State Housing Finance Agency ("HFA"), has issued a Request for Qualifications seeking submission of applications from experienced not-for-profit housing development organizations, both community-based and City-wide, to construct, own and manage a 40-50 unit residential housing project under the Permanent Housing for Homeless Families Program (also, the "85/85 Program"). The project will be developed on a City-owned vacant site on Boston Road and 165th Street, along the Boston Road Corridor of the South Bronx, in Bronx Community District No. 3 (the "Site").

After completion of the Uniform Land Use Review Procedure HPD will convey the Site to the selected sponsor at the construction closing. All phases of construction will be supervised by HFA. When the project has been completed the selected sponsor will provide social services to the tenants, and will own and manage the project as low-income housing for thirty-five years.

(CORRECTED NOTICE)

LEGAL REPRESENTATION IN MEDICAL MALPRACTICE CASES, RISK MANAGEMENT AND RELATED SERVICES – Negotiated Acquisition – PIN# 02501X000718 – DUE 11-09-01 AT 5:00 P.M. – The New York City Law Department seeks Expressions of Interest ("EOI"s) from, and intends to enter into negotiations with, qualified law firms for the above-captioned services, which include legal representation in medical malpractice cases brought against the NYC Health and Hospitals Corporation (HHC), physicians and other providers employed by HHC and/or its affiliates, and the provision of risk management services, including pre-litigation investigations, in-service lectures, consultation in regulatory matters, and representation in medical staff and professional disciplinary proceedings and patient care matters. It is projected that the term of the proposed contracts will commence as of March 1, 2002 and continue through February 28, 2007. However, the City may decide to contract for a shorter term. The following minimum qualification requirements apply to this procurement: all attorneys assigned to perform services under contract must be members in good standing of the New York State Bar, and the firm must agree that, if awarded a contract, it will not engage in the litigation of medical malpractice cases as counsel for plaintiff except in exceptional circumstances and only with prior written Law Department approval. The Department intends to enter into contracts with approximately five firms, each having (1) substantial experience in the defense of high-exposure medical malpractice cases, (2) substantial experience providing risk management and related services, and (3) substantial personnel and other resources enabling the firm to handle a large volume of medical malpractice cases and risk management and related services. Law firms wishing to be considered for contract award must submit one original and five copies of a written EOI to Tom Dowling, Contracts and Real Estate Division, New York City Law Department, 350 Jay Street, Brooklyn, New York, 11201-2908 (Attention: Tom Dowling; Phone: 718-875-5036) by the above-stated deadline. The EOI should be organized under the three above-specified criteria and be in the form of a firm resume that describes and demonstrates in detail and with specificity that the firm has the above-specified experience and resources. Firms whose EOIs are determined to be within a competitive range of technical merit will receive a detailed questionnaire, the written responses to which will be utilized by the Department to make subsequent decisions regarding the award of contracts. Contract award will be made by the Negotiated Acquisition method of source selection, pursuant to PPB Rules §3-04, because this procurement is for legal services.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CNG STATION PARTNERSHIP AGREEMENT – Request for Expressions of Interest – PIN# 84102MBAD391 – DUE 10-12-01 AT 4:00 P.M. – The NYCDOT Office of Alternative Fuel Programs intends to provide natural gas fueling equipment valued at $225,000, for the purpose of cost sharing the development of three (3) publicly accessible compressed natural gas (CNG) fueling stations.

The office is requesting Expressions of Interest from parties interested in entering this type of public/private partnership agreement. Qualifications include three (3) years experience in the siting and development of natural gas fueling stations; pre-determined contractual agreements with various gasoline retail locations and express permission to build the station on that locations property; and the ability to act as a billing agent for fuel used by City vehicles under pre-arranged contracts with Keyspan and Consolidated Edison. One of the stations must be located in the borough of Manhattan and a second station must be located in the South Bronx Environmental Justice area of Hunts Point. The preference for the third location is the borough of Brooklyn. All stations must be operational by September 1, 2002.

Any firm that believes it can provide the services listed above is invited to so indicate by letter, which must be received no later than October 12, 2001, 4:00 p.m., at NYCDOT Alternative Fuel Programs, 40 Worth Street, Room 829, New York, NY 10013 at (212) 442-7026 or by fax at (646) 248-0376.

This project is being undertaken as part of the settlement of a lawsuit brought against the City and the New York City Department of Sanitation by the United States for violations of the Clean Air Act.

IN THE MATTER OF *an application* submitted by the Department of Housing

Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate construction of a seven story building with approximately 250 units of housing, retail and community facility space.

BOROUGH OF MANHATTAN

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment of the Cooper Square Urban Renewal Plan for the Cooper Square Urban Renewal Area. The proposed plan:

- Conforms to the most recently approved HPD language, terminology and methodology.
- Eliminates land use controls in the previously approved plan, such as exclusively low, moderate and middle income housing and use restrictions preventing mixed use mixed income buildings for Site 1A and the former Site 2.
- Changes land use controls in the previously approved plan calling for demolition of all existing buildings on sites 1A and former Site 2 to allow for partial and complete rehabilitation of on site buildings.
- Adds a new Exhibit A, listing the properties in the urban renewal sites.
- Identifies rehabilitation sites in Exhibit A, Map 1 and Map 2.
- Subdivides portions of Site 2:

  A portion of Site 2 from the previously approved plan has been subdivided to permit the creation of a permanent open space site, Site 2B, to preserve the Liz Christie Bowery Houston and Rock 'n Rose Gardens.
  Two streets that are no longer planned to be demapped, East 1st Street between Bowery and Second Avenue and Extra Place are no longer designated as part of Site 2.

  Rehabilitation sites that were formerly included in Site 2 have been designated as separate sites (2C, 2D, 2E, 2F (partial rehabilitation), 3B)
- Renames former Site 3 as Sites 3D and I maintains the use restriction for supportive housing.
- Redesignates a portion of Site 1A as Site D for rehabilitation as a mixed use building.
- Eliminates from the plan Site 2A which was never acquired.
- Updates the Proposed Time Schedule for effectuation of the Plan.

Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

92-01
Definitions
Development
For purposes of this Chapter a "development" includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, and an #enlargement# involving an increase in #lot coverage#.

Special Park Improvement District
(repeated from Section 12-10)

The "Special Park Improvement District" is a Special Purpose District designated by the letters "PI" in which special regulations set forth in Article IX, Chapter 2, apply to all #developments#. The #Special Park Improvement District# and its regulations supplement or supersede those of the districts on which it is superimposed.

92-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

For the purposes of this Chapter, Duke Ellington Circle, located at the intersection of Fifth Avenue and East 110th Street, shall be considered a separate #street#.

92-03
Special Use Regulations
For any #zoning lot# located between Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Streets:

1. #commercial uses# shall only be permitted beyond 100 feet of Fifth Avenue and shall be restricted to office #uses# listed in Use Group 6B,

2. the underlying district #sign# regulations shall not apply. In lieu thereof, #signs accessory# to a #commercial use# shall conform with all the #sign# regulations applicable in C1 Districts, except that illuminated #signs# shall not be permitted, and, within 100 feet of Fifth Avenue, signs shall conform with the #sign# regulations for #Residence Districts# set forth in Section 22-30 (SIGN REGULATIONS).

~~92-03~~ *92-04*
Special Bulk Provisions

92-041
Maximum Floor Area Ratio

~~For the purposes of this Chapter, t~~The maximum #floor area ratio# for any #development# or #enlargement# on a #zoning lot# shall not exceed 10.0. No #floor area# bonuses shall be permitted.

~~92-04~~ *92-042*
Mandatory Front Building Walls Along Certain Street Lines

• *Except as provided in paragraph (b) of this Section,* ~~t~~The front building wall ~~of~~ *for* all #developments# on #zoning lots# having frontage on Fifth Avenue or Park Avenue~~,~~ *and for all #developments# along #street lines# within 50 feet of their intersection with the #street lines# of Fifth Avenue or Park Avenue,* shall extend along the full length of its #street line# fronting on such #street# without setback for a height of 125 feet above #curb level# or the full height of the #building#, whichever is less.~~, except that where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.~~ Above the height of 150 feet above #curb level#, the front building wall shall be set back 10 feet from the #street line#. *The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a#narrow street# or for the next 75 feet along the #street line# of a #wide street#.* However, where the front wall of a #building# with a height less than125 feet above #curb level# was constructed with a setback from the #street lines#, #enlargement# of such #building# may be permitted by vertical extension of its existing building wall.

• *For any #zoning lot# having frontage on Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Street, the provisions of this paragraph (b) shall apply. The front building wall of any #development# shall extend along the full length of the Fifth Avenue and Duke Ellington Circle #street lines#, and along the full length of the East 109th Street and East 110th Street #street lines# within 50 feet of their intersection with Fifth Avenue and Duke Ellington Circle, and rise without setback to a minimum height of 85 feet above #curb level# or the full height of the #building#, whichever is less. Above a height of 150 feet, the front building wall shall be set back at least 10 feet from such #street lines#. Such mandatory front building wall requirements are optional for the next 50 feet along the East 109th Street and East 110th Street #street lines#.*

~~These mandatory front building wall requirements also apply to all #development# along all #street lines# within 50 feet of their intersection with the #street line# of Fifth Avenue or Park Avenue.~~

~~The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a #narrow street# or for the next 75 feet along the #street line# of a #wide street#. The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.~~

• Front wall recesses are permitted *within mandatory front building walls* for architectural or decorative purposes, provided that the aggregate length at the level of any #story# does not exceed 50 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed ~~6~~ six feet. No front wall recesses are permitted within 20 feet of the intersection of two #street lines#.

Where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.

The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.

92-043
Special Height Limitation

The maximum height of a #building or other structure# or portion thereof shall not exceed 19 #stories# or 210 feet above #curb level#, whichever is less.

92-05
Mandatory Tree Planting Provisions

All new #developments# within the Special District shall provide and maintain trees of not less than four-inch caliper at the time of planting on sidewalks for the entire length of #street# frontages of the #zoning lot#. These trees shall be planted at maximum intervals of 30 feet and in accordance with Department of Transportation guidelines.

~~92-06~~
~~Special Height Limitation~~

~~The maximum height of a #building or other structure# or portion thereof shall not exceed 19 #stories# or 210 feet above #curb level#, whichever is less.~~

~~92-07~~ *92-06*
Maximum Number of Accessory Off-Street Parking Spaces
In no case shall the number of #accessory# off-street parking spaces for a #residential use# exceed 40 percent of the number of #dwelling units#. In no case shall curb cuts for vehicular access be located on Fifth Avenue or Park Avenue or on a #street# within 50 feet of its intersection with the #street line# of Fifth Avenue or Park Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Special District. All #accessory# parking spaces shall be designed and operated exclusively for the long term storage of the private passenger motor vehicles used by the occupants of such #residences#.

The parking requirements set forth in Sections 25-21, 25-31, 36-21 or 36-31 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

The maximum number of permitted and the minimum number of required #accessory# off-street parking spaces for new #developments# or #enlargements# in the area of the Special District located within Manhattan Community District 8 are set forth in Article I, Chapter 3.

12-10
DEFINITIONS

* * *

Private road

A "private road" is a right-of-way constructed after (the effective date of this amendment), other than a #street#, that provides vehicular access directly from a #street# to any #accessory# parking space located within a #development# containing five or more #dwelling units#. Such #development# shall contain #residential buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#. An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

* * *

Street

A "Street" is:

(a) a way shown on the City Map; or

* * *

(d) any other public way that on December 15, 1961, was performing the functions usually associated with a way shown on the City Map.

~~A driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.~~

A #private road#, or ~~A~~ *a* driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.

Chapter 6
Special Urban Design Guidelines: Streetscape
Special Requirements for Developments in R9 and R10 Districts and Special Requirements for Developments with Private Roads

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

a) #Developments# in R9 and R10 Districts constructed after April 21, 1977, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program; and

b) #Developments# in R3, R4 and R5 Districts, containing #private roads# constructed after (the effective date of this amendment), as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS),except where such #developments# consist entirely of #single-family detached residences#.

(Section 26-01 is moved and renumbered 26-12)

26-~~02~~*10*
~~Applicability of this Chapter~~ *SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS*

~~The regulations of this Chapter shall apply to all #developments# constructed after April 21, 1977, within R9 and R10 Districts. However, this Chapter shall not apply within any Special Purpose District, nor shall it apply to any #development# pursuant to the Quality Housing Program., except as otherwise set forth herein.~~

An application to the Department of Buildings for a permit respecting any new #development# shall include a plan and an elevation, drawn to a scale of at least one sixteenth inch to a foot, of the new #building# and #buildings# on #contiguous lots# or #contiguous blocks# showing #arcades#, #street wall# articulation, curb cuts, #street# trees, sidewalk paving, a central refuse storage area and such other necessary information as may be required by the Commissioner of Buildings.

26-~~01~~*12*
General Provisions
In harmony with the general purposes and intent of this Resolution and the general purposes of ~~this Chapter~~ *Section 26- 10,* the regulations of ~~this Chapter~~ *Sections 26-13 through 26-17, inclusive,* are intended to:

1) guide the location of arcades to assure horizontal continuity of new developments with existing building arcades and to maintain visual continuity at street level;

2) require transparency and/or articulation of front walls to improve the visual quality of the street;

3) provide for street tree planting in order to enhance the visual character of the neighborhood;

4) ~~require decorative paving to~~ improve the quality of the street environment;

5) limit the number and location of curb cuts, minimizing undue conflict between pedestrian and vehicular movements; and

6) eliminate trash on sidewalks by requirement central refuse storage areas within the zoning lot.

26-~~03~~*13*
Definitions

For the purposes of Sections 26-10 through 26-17, inclusive, the following definitions shall apply:

Development

~~For the purposes of this Chapter,~~ "Development" includes construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot# or an #enlargement# involving an increase in #lot coverage#.

Contiguous lot

~~For the purposes of this Chapter, a~~ *A* "contiguous lot" is a #zoning lot# which shares a common #side lot line# with the #zoning lot# of the #development#.

Contiguous block

~~For the purpose of this Chapter, a~~ *A* "contiguous block" is a #block# containing one or more #zoning lots# separated by a #narrow street# from the #block# containing the new #development#.

26-20
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads
A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain

landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24
Requirements for Sidewalks

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a building wall facing it.

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review
No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,
b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and
c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Chapter 7
Special Regulations

* * *

37-10
Applicability of Article II, Chapter 6, to Developments with Private Roads
In C1 or C2 Districts mapped within R3, R4 or R5 Districts, and in C3 Districts, the provisions of Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS) shall apply to any #development# containing a #private road#. In addition, the open area between buildings and sidewalks required pursuant to Section 26-25 need not be planted where such open areas front upon #commercial uses#.

* * *

Article VII
Chapter 3
Special Permits by the Board of Standards and Appeals

* * *

73-69
Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

* * *

Article VII
Chapter 4
Special Permits by the City Planning Commission

* * *

74-97
Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action

(approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

(CORRECTED NOTICE)

LEGAL REPRESENTATION IN MEDICAL MALPRACTICE CASES, RISK MANAGEMENT AND RELATED SERVICES – Negotiated Acquisition – PIN# 02501X000718 – DUE 11-09-01 AT 5:00 P.M. – The New York City Law Department seeks Expressions of Interest ("EOI"s) from, and intends to enter into negotiations with, qualified law firms for the above-captioned services, which include legal representation in medical malpractice cases brought against the NYC Health and Hospitals Corporation (HHC), physicians and other providers employed by HHC and/or its affiliates, and the provision of risk management services, including pre-litigation investigations, in-service lectures, consultation in regulatory matters, and representation in medical staff and professional disciplinary proceedings and patient care matters. It is projected that the term of the proposed contracts will commence as of March 1, 2002 and continue through February 28, 2007. However, the City may decide to contract for a shorter term. The following minimum qualification requirements apply to this procurement: all attorneys assigned to perform services under contract must be members in good standing of the New York State Bar, and the firm must agree that, if awarded a contract, it will not engage in the litigation of medical malpractice cases as counsel for plaintiff except in exceptional circumstances and only with prior written Law Department approval. The Department intends to enter into contracts with approximately five firms, each having (1) substantial experience in the defense of high-exposure medical malpractice cases, (2) substantial experience providing risk management and related services, and (3) substantial personnel and other resources enabling the firm to handle a large volume of medical malpractice cases and risk management and related services. Law firms wishing to be considered for contract award must submit one original and five copies of a written EOI to Tom Dowling, Contracts and Real Estate Division, New York City Law Department, 350 Jay Street, Brooklyn, New York, 11201-2908 (Attention: Tom Dowling; Phone: 718-875-5036) by the above-stated deadline. The EOI should be organized under the three above-specified criteria and be in the form of a firm resume that describes and demonstrates in detail and with specificity that the firm has the above-specified experience and resources. Firms whose EOIs are determined to be within a competitive range of technical merit will receive a detailed questionnaire, the written responses to which will be utilized by the Department to make subsequent decisions regarding the award of contracts. Contract award will be made by the Negotiated Acquisition method of source selection, pursuant to PPB Rules §3-04, because this procurement is for legal services.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CNG STATION PARTNERSHIP AGREEMENT – Request for Expressions of Interest – PIN# 84102MBAD391 – DUE 10-12-01 AT 4:00 P.M. – The NYCDOT Office of Alternative Fuel Programs intends to provide natural gas fueling equipment valued at $225,000, for the purpose of cost sharing the development of three (3) publicly accessible compressed natural gas (CNG) fueling stations.

The office is requesting Expressions of Interest from parties interested in entering this type of public/private partnership agreement. Qualifications include three (3) years experience in the siting and development of natural gas fueling stations; pre-determined contractural agreements with various gasoline retail locations and express permission to build the station on that locations property; and the ability to act as a billing agent for fuel used by City vehicles under pre-arranged contracts with Keyspan and Consolidated Edison. One of the stations must be located in the borough of Manhattan and a second station must be located in the South Bronx Environmental Justice area of Hunts Point. The preference for the third location is the borough of Brooklyn. All stations must be operational by September 1, 2002.

Any firm that believes it can provide the services listed above is invited to so indicate by letter, which must be received no later than October 12, 2001, 4:00 p.m., at NYCDOT Alternative Fuel Programs, 40 Worth Street, Room 829, New York, NY 10013 at (212) 442-7026 or by fax at (646) 248-0376.

INVOCATION

Let us pray.

By the grace of God and Father of all mankind we come this day, at this point in time, at this place, to thank Thee for all Thy goodness toward mankind.

We pray Thy will bless us upon this assembled body and the causes we represent.

Bless this, your city, our city, and bless this, your country, our country, and bless this, your world, our world.

This is our prayer, Amen.

Council Member Henry moved to spread the Invocation in full upon the Record.

ADOPTION OF MINUTES

Council Member Robles moved that the Minutes of the Stated Council Meeting of May 23, 2001 be adopted and printed.

At this point, the President Pro Tem (Council Member Spigner) stated that the before-mentioned item being adopted are referred to the Committee on Land Use and to the appropriate Land Use Subcommittee.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Economic Development

Int. No. 862

Report of the Committee on Economic Development in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to modifying the criteria for eligibility for real property tax exemptions and abatements for industrial and commercial properties in certain areas of the city.

The Committee on Economic Development to which was referred on January 3, 2001 (Minutes, page 73) the annexed local law respectfully

REPORTS:

The Industrial and Commercial Incentive Program (ICIP), New York City Administrative Code §11-256 - §11-267, confers real property tax exemption benefits based on the type and location of commercial and industrial construction within the City of New York. ICIP is authorized by State Law, Title 2-D of the Real Property Tax Law (§§489-aaaa et seq), and was extended by the Council in August 1999 until 2003 (Local Law 44 of 1999).

The ICIP program was developed in 1984 through Local Law 71 to attract and retain businesses in New York City which might otherwise locate or relocate elsewhere and to encourage the development of real property in areas that need economic development by creating a tax incentive program to accomplish these goals. The program provides for exemption from or deferrals of taxation on eligible industrial or commercial buildings constructed, modernized, rehabilitated, expanded or otherwise improved physically. Benefits under the ICIP program are granted "as of right" to all applicants whose projects qualify under law. The program is administered by the New York City Department of Finance (DOF), which is required to report to the Council on April 1st of each year on the status of the program.

According to DOF's Fiscal Year 1997 report, the last report received by the Council, there were 2,500 projects either receiving or eligible for some kind of exemption from real estate taxes - including 2,078 projects receiving exemptions valued at $91.2 million and 385 additional projects that were eligible. The DOF report indicated that 930, or 1, 921 of the projects receiving ICIP benefits, were located outside of Manhattan (60% in Queens and Brooklyn, 33% in Staten Island and The Bronx) with an estimated exemption value of $66.2 million. The 1997 report further indicated that 86% of the projects were used for commercial purposes and 14% for industrial purposes, with 84% having construction costs of less than $1 million.

Pursuant the Real Property Tax Law (RPTL), in a city of one million or more persons, the local legislative body is authorized and empowered to determine incentives consistent with the chapter. The RPTL authorizes establishing a Temporary Commercial Incentive Boundary Commission ("Boundary Commission"), consisting of eleven members, to determine boundaries and designate areas under the program. The RPTL authorizes six types of area classifications to be determined by the Boundary Commission: "special exemption areas"; "regular exemption areas"; "deferral areas"; "excluded areas"; "renovation exemption areas"; and "new construction exemption areas". Tax exemption benefits under the program are based on the type of work performed - industrial, renovation or commercial construction - and by area designation.

Regardless of the location within the City, industrial construction work projects receives the maximum benefit of a full tax exemption for 13 years, followed by nine years of a declining exemption, which is reduced by 10 percent annually. The benefits for commercial construction work projects vary depending on the location of the project. In what are deemed "regular exemption areas," Manhattan north of 96th Street and portions of the four other boroughs not designated as "special exemption areas", projects are eligible for a full tax exemption for eight years and four years of a declining exemption. "Special exemption areas", as determined by the Boundary Commission and only located north of 96th Street in Manhattan and outside of Manhattan, were eligible for a full tax exemption for 13 years, followed by nine years of a declining exemption, phased in at 10 percent each year.

Changes made to the original program in 1995 included an extension of the exemption for commercial construction work in the "regular exemption areas" from 12 to 15 years, and in "special exemption areas" from 22 to 25 years for applications filed on or after July 1, 1995. Industrial projects also received an increase in the exemption period from 22 to 25 years and a tax abatement for 12 years. For all industrial projects and commercial projects throughout the City, except for the area south of 96th Street in Manhattan, there was a reduction in the minimum required expenditure for industrial construction work or for commercial construction work from 20 percent of the initial assessed value of the property to 10 percent.

In addition, ICIP benefits were extended to mid- Manhattan (south of 59th Street) in 1995. Office building renovations in these "renovation exemption areas" are entitled to a 12-year tax exemption on the increase in a building's assessed valuation due to the renovation. The exemption is for 100 percent of the increased assessed valuation for the first eight years after the developer obtains his or her building permit from the Department of Buildings, and then the exemption decreases by 20 percent each year until full taxes are paid in year thirteen.

The proposed bill seeks to amend the ICIP program to make it consistent with Chapter 261 of the Laws of 2000, which codified benefits available under the "Outer Borough Development Plan" agreed upon by the Mayor and the City Council.

Section 1 of the bill seeks to amend subdivision (f) of §11-256 of the Administrative Code to amend the, definition of "Commercial property" by eliminating a forty-eight month period prior to an application for a site located within an area generally considered to be Long Island City and adds a paragraph 3 which makes it easier to receive benefits for commercial property located in a "commercial revitalization area".

Under the current ICIP program, benefits are denied to commercial property in which more than fifteen percent of the property's total net square footage has been used for manufacturing activities for a period of two years prior to the filing of an application for ICIP benefits. The current law also includes a "waiting period" of four years for commercial properties in Long Island City. Under the bill, the applicable waiting periods and the fifteen percent threshold would no longer apply to commercial properties in "commercial revitalization areas". According to the Memorandum in Support submitted by the Mayor's Office of City Legislative Affairs, this will allow significantly greater use of the commercial exemption for mixed-use projects incorporating both industrial and commercial uses.

Section 2 of the bill seeks to amend subdivision (b) of X11-256 of the Administrative Code by adding a new subdivision (f-1) to define "commercial revitalization area" as an area zoned for commercial and manufacturing (C4, C5, C6, M1, M2 or M3) under the City Zoning Resolution, except for areas south of 96th Street in Manhattan.

Section 3 of the bill seeks to amend paragraph (3) of subdivision (a) of §11-257 of the Administrative Code by adding a new subparagraph (f) that would establish an abatement of real property taxes in a "commercial revitalization area" if the industrial property meets certain eligibility requirements, including having a "manufacturing activities involving the assembly of goods or the fabrication or processing of raw materials is less than seventy-five per centum of the total net square footage of the industrial property".

Currently to qualify for ICIP a industrial property is required to have at least seventy-five percent of its total net square footage used or immediately available for use for manufacturing activities after completion of work. Under the revised bill provisions a property in a "commercial revitalization area" would qualify for a pro-rata tax abatement if at least twenty-five percent of the space is devoted to manufacturing activities after completion of work.

Section 4 of the bill would make the effective date of the bill consistent with Chapter 621 of the Laws of 2000 (August 16, 2000).

The Committee held a first hearing on the bill on May 30, 2001. The Committee received testimony from the New York City Department of Finance, the New York City Economic Development Corporation, the Real Estate Board, the New York Industrial Retention Network and the Center for an Urban Future.

The Committee also received from the New York City Department of Finance the ICIP Annual Report for the period from Fiscal Years 1998 to 2001. During the period the number of ICIP exemptions increased from 3,233 projects with an assessed value of $996.5 million in 1998 to 3,940 projects with assessed value of $1.760 billion in 2001. The DOF report indicated that in Fiscal Year 2001, 850 or 3,353 of the projects receiving ICIP benefits, were located outside of Manhattan (32% in Queens, 28% Brooklyn, 13% in The Bronx and 11% in Staten Island) with an estimated exemption value of $1.04 billion.

IMPACT ON REVENUES: The estimate provided is based on the Administration's projection that this legislation represents approximately 20 percent of the revenue impact projected previously as part of the creation of Commercial Expansion Areas. The total impact of those changes were: $10 million in Fiscal 2002, $11 million in Fiscal 2003, $14 million in Fiscal 2004 and $13 million in Fiscal 2005. As a result, from a budget perspective this incremental cost has already been baselined as part of the City's existing tax reduction program.

IMPACT ON EXPENDITURES: There would be no impact on expenditures as a result of this legislation.

SOURCE OF INFORMATION: New York City Department of Finance.

Accordingly, Your Committee recommends its adoption.

Int. No. 906

Report of the Committee on Environmental Protection in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to prohibiting unreasonable noise near nursing homes.

The Committee on Environmental Protection to which was referred on March 28, 2001 (Minutes, page 839) the annexed local law respectfully

REPORTS:

On June 12, 200 1, the Committee on Environmental Protection held a hearing on three bills: Int. No. 906: A Local Law to amend the administrative code of the city of New York, in relation to prohibiting unreasonable noise near nursing homes; Int. No. 692: A Local Law to amend the administrative code of the city of New York, in relation to the New York City hazardous substances emergency response law; and Res. No. 1923: A Resolution calling upon the City of New York to join localities all over the world in the "Cities for Climate Protection" campaign.

Int. No. 906 and Int. No. 692 were previously considered by the Committee on April 19, 2001 and February 28, 2001, respectively.

ANALYSIS OF INT. N0. 906

Section one of Int. No. 906 amends section 24-203 of the Administrative Code of the City of New York, by adding a new subdivision (ddd) which defines "nursing homes," within the general definition found in the Noise Control Code.

New subdivision (ddd) defines a nursing home as "a facility providing nursing care to sick, invalid, infirm, disabled or convalescent persons in addition to lodging and board or health-related service, or any combination of the foregoing, and in addition thereto, providing nursing care and health-related service, or either of them, to persons who are not occupants of the facility." This definition comes from New York State Public Health Law §2801.

Section two of Int. No. 906 amends the title of section 24-228 of the Administrative Code of the City of New York, by relocating the word "hospitals" and adding the words "and nursing homes" to the title. The title would then read "Schools, courts, hospitals and nursing homes," in order to be more uniform regarding the structure of the section and to reflect the inclusion of nursing homes in coverage of the section.

Section 24-228 states that "[n]o person shall cause or permit the creation of any unreasonable noise [1] through the use of any device on any street adjacent to any school or court while the same is in session, or adjacent to any hospital." Int. No. 906 would add "or nursing home" at the end of that section in order to apply this standard of conduct with respect to nursing homes.

[1] §24-203 of the Administrative Code of the City of New York defines "unreasonable noise" as "...any excessive or unusually loud sound that disturbs the peace, comfort or repose of a reasonable person of normal sensitivities or injures or endangers the health or safety of a reasonable person of normal sensitivities, or which causes injury to plant or animal life, or damage to property or business.

It is only logical that nursing homes should have the same protection from excessive noise as hospitals. Nowadays, in fact, many nursing home residents can be as ill as hospital patients. Nursing homes often receive patients who are discharged directly from hospitals, and they may provide sub-acute care services such as IV infusions of medications, respiratory care and intensive rehabilitation. Excessive noise imposes an intolerable burden on the residents of those nursing homes. But whether ill or well, elderly residents of nursing homes expect and are entitled to a decent quality of life. Int. No. 906 would give the New York City Department of Environmental Protection and other city officials and agencies, such as the Police Department, the legal tools to help ensure that residents of nursing homes at least would be able to live their lives without being disturbed by loud, disruptive noise.

Section three of the bill states that Int. No. 906 would become effective immediately upon enactment.

TECHNICAL AMENDMENT. In section 2 of Int. No. 906, the word "hospitals" was struck through. Instead, "hospitals" should be bracketed in order for the title to read "Schools, courts, hospitals and nursing homes."

ANALYSIS OF INT. NO. 692

Section one of Int. No. 692 amends subdivision (e) of section 24-603 of the Administrative Code of the City of New York, (the Hazardous Substances Emergency Response Law, known colloquially as the Spill Bill) by expanding the definition of "release" to include the "abandonment of a container or containers containing a hazardous substance." Representatives of the Mayor's Office of Legislative Affairs, have stated that there has been evidence that some corporations frequently leave containers containing hazardous substances on public property with no intent to retrieve them.

Section two of Int. No. 692 amends subdivision (b) of section 24-609 of the Administrative Code of the City of New York by increasing the penalty for failing to notify the DEP Commissioner of a hazardous release. Under the current law, if a "responsible person" has reason to know of a release of a hazardous substance, this person must notify DER This bill would increase the possible fine for the knowing failure to provide this notice from a minimum of $10,000 to a maximum of $25,000.

Section three of Int. No. 692 amends the heading of section 24-610 of the Administrative Code of the City of New York, by adding the words "criminal" and "and imprisonment" to the title. The title would then read "Orders to responsible persons; civil and criminal penalties and imprisonment."

Section four of Int. No. 692 amends subdivision (c) of section 24-610 of the Administrative Code of the City of New York, by increasing the civil penalties from $5,000 to $10,000 for each day to someone who "without sufficient cause, willfully violates, or fails or refuses to comply with, any order of the commissioner pursuant to section 24-608." Under section 24-610, a "responsible person" violating emergency DEP orders may be liable for a civil penalty of up to $5,000 for each day in which such violation occurs, as well as three times the amount of any costs incurred by the City as a result of the violation.

Section five of Int. No. 692 amends section 24-610 of the Administrative Code of the City of New York by adding a new subdivision (d). New subdivision (d) would allow for the imposition of criminal penalties for a person who knows of a release of a hazardous substance but fails to notify DER Each violation would be a misdemeanor and subject the offender to a fine not less than $25,000 or imprisonment of up to one year or both.

Section six of the bill states that Int. No. 692 would become effective 60 days after it is enacted into law.

ANALYSIS OF Res. No. 1923

The purpose behind Res. No. 1923 is to have the City accept the invitation by the International Council for Local Environmental Initiatives to become a partner in its "Cities for Climate Protection" campaign.

Cities for Climate Protection (CCP) is a performance oriented campaign of the International Council for Local Environmental Initiatives (ICLEI) that offers a framework for local governments to develop a strategic agenda to reduce global warming and air pollution emissions, with the benefit of improving a communities quality of life.

As a participant in this voluntary and free campaign, the City of New York would take a leadership role in increasing energy efficiency, improving air quality and reducing greenhouse gas emissions and would plan for, monitor and quantify the benefits of actions already taken as well as future actions in those critical areas. The City is already a member of ICLEI itself but is not a participant of this program.

BACKGROUND

The Cities for Climate Protection Campaign was established by ICLEI in 1993 at an international summit of municipal leaders held at the United Nations headquarters in New York. Over the past seven years the CCP has engaged over 400 municipal governments-8% of global greenhouse gas emissions -- in a worldwide effort to slow the Earth's warming.

The Campaign grew out of ICLEI's Urban CO2 Reduction Project (1991-1993), which brought together a select group of American, Canadian, and European cities at six working meetings to develop a municipal planning framework for greenhouse gas reduction and strategic energy management. The experience of the Urban C02 Reduction Project led to the development of the CCP's five-milestone framework and a software product designed for municipal use. The CCP's Greenhouse Gas Emissions Software streamlines the process of conducting the emissions analysis, of evaluating emissions reduction measures that also best meet the strategies of the community, and of tracking measures to determine if emissions reductions are being achieved.

ICLEI strives to provide cities participating in the CCP with substantial assistance in achieving their emissions reduction goals. Technical tools and information, training workshops, and overall assistance have been designed to link the global issue of climate change with air quality and other local issues such as energy costs, traffic congestion, waste management and community livability. It is such links - the overlap in the causes of air pollution and global warming and the adverse impact rising local temperatures have on smog formation, for instance -- that primarily motivate local leaders to participate in a Campaign focused on climate protection. These links are especially important in developing countries where issues such as air quality, health, and economic development are pressing concerns.

The CCP focuses on the following emissions:

1. carbon dioxide (CO_2), emitted by the consumption of fossil fuels in municipal buildings and facilities, households, institutional and commercial buildings, motor vehicle transportation, industrial and manufacturing processes. It can also be sequestered through urban forestry;
2. methane (CH_4), a GHG emitted in urban areas by local solid waste management disposal, especially in landfills, and waste water treatment; and
3. conventional air pollutants such as nitrogen oxides, carbon monoxide, and non-methane volatile organic compounds, compounds that are precursors of ground-level ozone and smog, as well as by-products of fossil fuel combustion.

In order to become a participant in the CCP, the elected council or an appropriate bureaucratic authority must adopt a Local Government Resolution. Once it has become a CCP participant, the local government proceeds to undertake and complete the five performance milestones. They are:

1. Conduct an energy and emissions inventory and forecast
2. Establish an emissions target
3. Develop and obtain approval for the Local Action Plan
4. Implement policies and measures
5. Monitor and verify results

The five milestones are intended to be a flexible framework that can accommodate varying levels of analysis, effort, and availability of data. A Local Action Plan, for instance, may be a 100-page document containing dozens of community-wide measures that have been carefully evaluated and screened from a cost benefit analysis point of view, or it may be a 10-page document that lays out a few simple measures, initially, to be undertaken in municipal operations.

The key point is that the municipal government gains an understanding of how municipal decisions effect energy use and how their decisions can be used to mitigate global climate change while improving community quality of life. The CCP methodology provides a simple, standardized way of acting to reduce greenhouse gas emissions and of monitoring, measuring, and reporting performance.

Employing the CCP methodology, cities across the globe have gained a new perspective on how day to day municipal decisions affect multiple local and global issues. Inventorying energy use and identifying sources of GHG emissions has linked what were thought to be unrelated items and provided a mechanism for integrated and strategic approaches to a broad range of issues- from local air quality and global climate change to effective municipal budget management and local economic development. With the knowledge gained, CCP local governments have used their local action plans to direct urban planning, transportation choices and develop decision to positively affect local and global environmental quality.

L.U. No. 1045

Report of the Committee on Finance in favor of approving Application no. 20015302 HAQ, anUrban Development Action Area Project, located in Community Board 12, Council Districts no. 27 and 28, Borough of Queens. This matter is subject to Council review and action pursuant to Article 1 6 of the New York General Municipal Law, at the Department request of the New York City Department of Housing Preservation and Development., and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Finance to which was referred on June 28, 2001, (earlier referred to the Committee on Land Use on March 28, 2001), the annexed Land Use resolution respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML) the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for City residents as specified in the attached project summaries. These projects may be granted exemptions from real property taxes by the local legislative body for a period of up to twenty years.

Before being voted on by the full Council the disposition of these properties must be approved by City Council Land Use Committee as Urban Development Action Area Projects.

PARTNERSHIP NEW HOMES

PROGRAM SUMMARY

Under the Partnership New Homes Program, the NYC Partnership Housing Development Fund Company purchases vacant properties from the City for purposes of constructing one two and three family homes for purchase by moderate and middle income owners (families earning between $32,000 and $75,000).

Through an RFQ process, the City and Partnership choose a builder/developer who will arrange private financing of the project. The projects are subsidized by City Article 16 Loan Funds and State Affordable Housing Funds (averaging $10,000 and $15,000 respectively per dwelling unit), and are repaid through the mortgage on the homes and resale profits.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

NEW FOUNDATIONS

PROGRAM SUMMARY

New Foundations is a new HPD homeownership program that provides developers with maximum flexibility and encourages the participation of small contractors and developers. New Foundations calls for the construction of one-to-four family owner-occupied homes and cooperative/condominium units. Developers are responsible for the design, construction and marketing of the homes. The program offers no direct City subsidies; developers are responsible for obtaining or providing all necessary construction financing from private sources. HPD will work with developers to expedite required regulatory approvals. There are no income restrictions for homebuyers and no limitations on the rents which may be charged by homeowners for any rental units. At least one unit in the home must remain owner-occupied for twenty years following the initial purchase of the home from the developer. In March 2000, HPD issued the first New Foundations RFP which included 66 vacant, City-owned lots in the Bronx and Brooklyn. Developers have been selected, and construction is expected to begin in Spring 2001 on an estimated 670 units.

EXEMPTION DESCRIPTION

Pursuant to Section 696 of the General Municipal Law, a partial exemption from real property taxes is granted for twenty years. A full exemption is allowed for the first ten years, and phased out in equal decrements over the following ten years. Full taxes will be paid upon completion of the 20 year term.

NEIGHBORHOOD HOMES PROGRAM

PROGRAM SUMMARY:

Under the Neighborhood Homes Program, HPD conveys occupied one- to four-family buildings to selected community-based not-for-profit organizations for

rehabilitation and eventual sale owner-occupants. The not-for-profit sponsor will receive funding in the form of an evaporating loan from HPD and a loan form the Local Initiative Support Corporation (LISC) or a conventional lender. Upon completion, each building is marketed to existing tenants or buyers who agree to reside in the building and who qualify for mortgage financing to purchase the property.

EXEMPTION DESCRIPTION:

Pursuant to Section 696 of the General Municipal Law, a full exemption from real property taxes is granted for ten years.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1984

***Resolution* approving an Urban Development Action Area Project located at 164th Street and 164th Place between 109th and 110th Avenues, 164th Place and 110th Road, 164th Street between 108th and 109th Avenues, Union Hall Street between South Road and 107th Avenue, 160th and Union Hall Streets between 107th and 108th Avenues, 109th Avenue between 164th Place and 167th Street (Block 10182/Lots 14, 26, 28, 39, 61, 62 and 63; Block 10191/Lots 22, 23 and 24; Block 10171/Lots 42 and 44; Block 10172/Lots 11, 12, 13 and 55; Block 10129/Lots 42, 44, 51-54, 155, 55, 57 and 58; Block 10139/Lots 1, 11, 13, 15, 17, 62, 63, 64, 66, 67, 68, 69, 71, 72, 58, 60, 26, 52, 53 and 55; and Block 10175/Lots 53 and 55); Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1045; 20015302 HAQ).**

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 13, 2001 its request dated February 20, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 164th Street and 164th Place between 109th and 110th Avenues, 164th Place and 110th Road, 164th Street between 108th and 109th Avenues, Union Hall Street between South Road and 107th Avenue, 160th and Union Hall Streets between 107th and 108th Avenues, 109th Avenue between 164th Place and 167th Street (Block 10182/Lots 14, 26, 28, 39, 61, 62 and 63; Block 10191/Lots 22, 23 and 24; Block 10171/Lots 42 and 44; Block 10172/Lots 11, 12, 13 and 55; Block 10129/Lots 42, 44, 51-54, 155, 55, 57 and 58; Block 10139/Lots 1, 11, 13, 15, 17, 62, 63, 64, 66, 67, 68, 69, 71, 72, 58, 60, 26, 52, 53 and 55; and Block 10175/Lots 53 and 55); Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the relevant environmental review and the Negative Declaration which was issued on May 17, 1996 (CEQR No. 96-HPD-014Q);

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council finds that the action described herein shall have no significant effect on the environment;

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

No. 1071; 20015377 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 10, 2001 its request dated March 20, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 820 East 179th Street, 830 East 179th Street, 2017 Marmion Avenue, 2066, 2074, 2078 and 2080 Mohegan Avenue (Block 3107/Lots 21, 22, 23, 25 and 26; Block 3123/Lots 33, 38, *41 and* 43), Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of *the* General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed *on* land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 10, 2001 its request dated April 25, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 440 Manhattan Avenue (Block 1945/Lot 18), 436 Manhattan Avenue (Block 1945/Lot 20), 434 Manhattan Avenue (Block 1945/Lot 21), 319 West 118th Street (Block 1945/Lot 22), 313 West 118th Street (Block 1945/Lot 23), 311 West 118th Street (Block 1945/Lot 24), 309 West 118th Street (Block 1945/Lot 25), 307 West 118th Street (Block 1945/Lot 26), 305 West 118th Street (Block 1945/Lot 27), 303 West 118th Street (Block 1945/Lot 28), 2187-2189 Frederick Douglass Boulevard (Block 1945/Lot 29), 2191 Frederick Douglass Boulevard (Block 1945/Lot 31), 2193 Frederick Douglass Boulevard (Block 1945/Lot 32), 2195 Frederick Douglass Boulevard (Block 1945/Lot 33), 2197 Frederick Douglass Boulevard (Block 1945/Lot 34), 2199 Frederick Douglass Boulevard (Block 1945/Lot 35), 2201 Frederick Douglass Boulevard (Block 1945/Lot 36), 304 West 119th Street (Block 1945/Lot 37), 306 West 119th Street (Block 1945/Lot 38), 308 West 119th Street (Block 1945/Lot 39), 310 West 119th Street (Block 1945/Lot 40), 312 West 119th Street (Block 1945/Lot 41), 314 West 119th Street (Block 1945/Lot 42), 316 West 119th Street (Block 1945/Lot 43), 446 Manhattan Avenue (Block 1945/Lot 45), 302 West 119th Street (Block 1945/Lot 136), 454 Manhattan Avenue (Block 1946/Lot 18), 438 Manhattan Avenue (Block 1946/Lot 19), 436 Manhattan Avenue (Block 1946/Lot 20), 448 Manhattan Avenue (Block 1946/Lot 21), 313 West 119th Street (Block 1946/Lot 23), 311 West 119th Street (Block 1946/Lot 24), 307 West 119th Street (Block 1946/Lot 26), 305 West 119th Street (Block 1946/Lot 27), 303 West 119th Street (Block 1946/Lot 28), 306 West 119th Street (Block 1946/Lot 39), 308 West 119th Street (Block 1946/Lot 40), 310 West 119th Street (Block 1946/Lot 41), 458 Manhattan Avenue (Block 1946/Lot 46),308 West 121st Street (Block 1947/Lot 25) and 309 West 120th Street (Block 1947/Lot 40), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Approve the designation of the Disposition Area as an Urban Development Action Area pursuant to Section 693 of the General Municipal Law;

3. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

4. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the disposition of the area was previously approved pursuant to the Uniform Land Use Review Procedure (C 980237 HAM; L.U. No. 62; Reso. No. 392 of 1997);

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the relevant environmental review (CEQR No. 96HPD043M) and the Negative Declaration which was issued on October 1, 1997;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment;

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area, except for those buildings, structures and improvements on the Disposition Area containing four or more dwelling units, shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

L.U. No. 1130

Report of the Committee on Finance in favor of approving Application no. 20015439 HAX, an Urban Development Action Area Project, Mott Haven Site 7, located in Community Board 1, Council District no. 17, Borough of the Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Finance to which was referred on June 28, 2001 (earlier referred to the Committee on Land Use on June 18, 2001) the annexed Land Use Resolution respectfully

REPORTS:

(For text of report, see Report of the Committee on Finance for L.U. No. 1045 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Berman, Eisland and Linares offered the following resolution:

Res. No. 1990

Resolution approving an Urban Development Action Area Project located at Block 2653/Lots 75, 76, 77, and 78, the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1130; 20015439 HAX).

By Council Members Berman, Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 29, 2001 its request dated May 9, 2001 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at Block 2653/Lots 75, 76, 77 and 78, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

M-1186

Report of the Committee on Governmental Operations in favor of filing the communication from the Mayor – Mayor's veto and disapproval message of Introductory Number 580-A, in relation to health insurance for city employees, city retirees and their dependents.

The Committee on Governmental Operations to which was referred on June 5, 2001 (Minutes, page 1467) the annexed communication respectfully

REPORTS:

Since this Committee is passing Int. No. 580-A today notwithstanding the Mayor's objection, it is recommended that M-1186 be filed.

Accordingly, *Your* Committee recommends its filing.

Int. No. 580-A

Report of the Committee on Governmental Operations in favor of approving a Local Law to amend the administrative code of the city of New York, in relation to health insurance for city employees, city retirees and their dependents.

The Committee on Governmental Operations to which was referred on June 30, 1999 (Minutes, page 1849) the annexed local law respectfully

REPORTS:

Pursuant to section 1839(a) of the federal Social Security Act, the City pays Medicare Part-B reimbursements for those City employees, retirees and their dependents who have enrolled in health insurance programs where coverage is predicated on the insured's enrollment in Medicare. In 1967, the City Council passed Local Law 120, which provided for the payment of Medicare Part-B reimbursements. However, the City has not consistently paid to City employees, retirees and their dependents the full reimbursement of the monthly premium rate for Medicare Part-B.

Medicare is the federal insurance program for seniors aged 65 and older and certain disabled Americans. An individual is automatically covered by Medicare if he or she or a spouse are eligible for Social Security or Railroad Retirement benefits. Medicare is divided into two parts: Part A and Part B. Part A provides hospital insurance benefits such as inpatient hospital care, limited care received in Medicare-certified skilled nursing facility, home health care and hospice care. A person pays no premium for part A coverage, but is responsible for paying part of the costs through a deductible and co-insurance charges. Part B provides medical insurance for services such as doctor fees, out-patient hospital care and lab services. There is a monthly premium for Part B coverage which is either billed quarterly or deducted from an individual's Social Security check.

Int. No. 580-A mandates that the amount to be reimbursed to covered employees for the Medicare Part-B premium shall not exceed the sum of $38.70 per month effective January 1, 2000, which is eighty-five percent of the total premium. Additionally, Int. No. 580-A provides that every year thereafter, the City shall reimburse covered employees in an amount equal to one hundred percent of the Medicare Part-B premium rate applicable to that year.

Int. No. 580-A shall be effective as of January 1, 2000.

On April 10, 2001, the Committee on Governmental Operations passed Int. No. 580-A by a vote of 5 in the affirmative and 0 in the negative.

On April 25, 2001, the full Council passed Int. No. 580-A by a vote of 48 in the affirmative and 0 in the negative.

On June 5, 2001, the Mayor presented his veto message to the Council.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal Year 2002

FISCAL IMPACT STATEMENT:

	Effective FY 01	FY Succeeding Effective FY 02	Full Fiscal Impact FY 02
Revenues (+)	$0	$0	$0
Expenditures (-)	$12,015,000	$49,800,000	$33,200,000
Net	($12,015,000)	($49,800,000)	($33,200,000)

IMPACT ON REVENUES: There would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: There would be an increase of $12.1 million in Fiscal 2001 growing to $33 million in Fiscal 2002 for the cost of this legislation. The cost for fiscal years after 2002 will depend upon the change in monthly premiums charged retirees by the Federal Government. The current projections by HCFA (Health Care Financing Administration) would result in a cost of $49.8 million in Fiscal 2003. However, the actual rate is subject to change resulting in the actual cost to be lower or higher.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to health insurance for city employees, city retirees and their dependents.

Be it enacted by the Council as follows:

Section 1. Paragraph (1) of subdivision b of section 12-126 of the administrative code of the city of New York is hereby amended to read as follows:

(1) The city will pay the entire cost of health insurance coverage for city employees, city retirees, and their dependents, not to exceed one hundred percent of the full cost of H.I.P.-H.M.O. on a category basis. Where such health insurance coverage is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the Social Security Act, the city will pay the amount set forth in such act under 1839(a) as added by title XVIII of the 1965 amendment to the Social Security Act; provided that such amount shall not exceed the sum of nineteen dollars and fifty-three cents per month per individual for the period beginning January first, nineteen hundred eighty-eight and ending December thirty-first, nineteen hundred eighty-eight, and provided further however that such amount shall not exceed the sum of twenty-seven dollars and ninety cents per month per individual for the period beginning January first, nineteen hundred eighty-nine and ending December thirty-first, nineteen hundred ninety-one, and provided further that such amount shall not exceed the sum of twenty-nine dollars per month per individual [effective] for the period beginning January first, nineteen hundred ninety-two and ending December thirty-first nineteen hundred ninety-five. Provided further,

that such amount shall not exceed the sum of thirty-two dollars per month per individual effective January first, nineteen hundred ninety-six. *Provided further, that such amount shall not exceed the sum of thirty eight dollars and seventy cents per month effective January first, two thousand and provided further that each year thereafter, the City shall reimburse covered employees in an amount equal to one hundred percent of the Medicare Part-B premium rate applicable to that year.*

§2. This local law shall be effective as of January 1, 2000.

Report of the Committee on Health

Res. No. 1724

Report of the Committee on Health in favor of approving a Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing on the timely availability of mammograms at Health and Hospitals Corporation facilities, and all hospitals offering mammography services throughout the City of New York.

The Committee on Health to which was referred on February 7, 2001 (Minutes, page 419) the annexed resolution respectfully

REPORTS:

On June 20, 2001, the Committee on Health will hold a hearing on Resolution No. 1724, which calls upon the Council to hold an oversight hearing on the timely availability of mammograms at Health and Hospital Corporation (HHC) facilities, and all hospitals offering mammography services throughout the City of New York. *Expected to testify* are Dr. Van Dunn, Senior Vice President, Division of Medical and Professional Affairs, HHC; the Greater New York Hospital Association and other concerned parties.

According to the American Cancer Society (ACS), more than 180,000 women are diagnosed with breast cancer nationally, and more than 40,000 women will die from this disease each year. In New York State, ACS estimates that 13,700 women were diagnosed with breast cancer and that 3,100 women died from the disease in the year 2000.

According to the National Alliance of Breast Cancer Organizations (NABCO) and ACS, breast cancer can be detected at an early, treatable stage in women age 40 and older. Widespread use of regular screening mammographies have been a major contributor to recent improvements in the breast cancer survival rate. A diagnostic mammography is used to diagnose breast disease in women who have symptoms indicating breast problems. A screening mammography is used to look for breast disease in women over 40 who are asymptomatic; that is, they appear to have no breast problems.

Data released by the National Cancer Institute (NCI) showing an accelerated decline in breast cancer death rates in the last few years is encouraging. NCI shows that between 1989 and 1995, breast cancer death rates decreased 1.6 percent annually and between 1995 and 1998, death rates declined more rapidly to 3.4 percent annually. The decline in mortality rates suggests that the message of early detection is taking hold and that better screening and treatment options are improving care.

Given that early detection of breast cancer decreases mortality rates, it is extremely troubling to learn that in New York City women are being forced to wait months for mammograms. Some reports indicate that some women, including those wino are considered high risk for breast cancer, are forced to wait two or three months for a mammogram. ("Rising Costs of Detecting Cancer", Newsday, February 19, 2001). Several reasons for these waiting periods have emerged. In New York City an average mammogram costs $120 to $140, while the reimbursement rate has remained below $70. This is true not only of Medicare but of private insurers as well. Furthermore, the rising cost of imaging technology is driving up the cost of mammograms thereby compounding the problem. ("Rising Costs of Cancer", Newsday, February 19, 2001)

Because reimbursement rates for mammograms are so low, many facilities offering mammography services have had to close or discontinue conducting mammograms, since the operating costs associated with mammograms exceed reimbursement rates. However, at the same time facilities are being forced to close, the demand for mammograms created by public awareness campaigns is increasing. Therefore, there has been an increase in the number of patients waiting to receive mammograms and a decrease in the number of imaging centers providing mammography services. The result is that women are waiting up to six months to receive this life-saving procedure.

Legislation (Senate Bill No. 548) sponsored by Senator Charles Schumer and Senator Tom Harkins is currently pending before the United States Senate that would provide for an increase in Medicare reimbursements for mammograms. Resolution No. 1813 , which calls upon Congress to pass this legislation, was previously introduced and referred to the Committee on Women's Issues. Advocates, such as ACS, believe that if Medicare reimbursement rates for mammograms were increased, private insurance companies would also increase their reimbursement rates.

The purpose of today's hearing is to discuss how HHC facilities are handling the increase in the number of women who need a mammogram.

Accordingly, Your Committee recommends this item be filed.

Reports of the Committee on Housing and Buildings

Int. No. 802

Report of the Committee on Housing and Buildings in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to granting J-51 tax benefits for the installation of submetering systems for cooperatives and condominiums.

The Committee on Housing and Buildings to which was referred on August 23, 2000 (Minutes, page 2132) the annexed local law respectfully

REPORTS:

Today the Committee is conducting its second hearing on Int. No. 802. The first hearing on this bill was on April 11, 2001, and an initial second hearing on April 26 was deferred. No changes have been made since the first hearing. This bill was introduced to allow directly metered coops, condominiums and housing development fund companies (HDFCs) to install master/sub-metering systems and have the cost be eligible for J-51 abatements.

Energy conservation has changed in the last decade, from strategies based on reduction of total energy use to strategies that target reductions during peak hours. To encourage conservation we already provide J-51 benefits to buildings that convert from a single meter for the entire building (called master-metered buildings) to a building where each apartment has its own meter in addition to the master-meter for the building (called sub-metered). By metering each apartment, residents are made conscious of their energy use and pay for their own energy. Often, residents who used tremendous amounts of energy when it was "free" (when there was only a building-wide meter) cut down substantially on their energy use when they are charged for their own electricity use.

The proposal before us today encourages conservation by providing an incentive for systems that encourage reduction of electricity during peak periods. Energy produced and used during peak periods is the most expensive for utilities to provide and often the dirtiest to produce. Cutting down on peak demand allows for fewer energy plants. In order to create an incentive to reduce demand at peak periods, buildings need metering systems that are time sensitive and need to be billed according to when the electricity is used. Only master/sub-metered buildings are in a position to encourage reduction based on differential pricing of electricity.

The way this works is that electricity used during peak periods is priced highest. Buildings that are master-metered, are charged by the utility companies based on when the electricity is used. In buildings where each apartment is separately metered and billed by the utility, called direct metering, the price is based exclusively on the overall amount of electricity used, not when it is used. Changing from a system of direct metering, to a system where electricity is charged based on time of use

(demand), in situations where a strong tenant organization is in place to monitor demand and work with tenants to reduce demand during these peak periods appears likely to produce reductions in peak demand.

Int. No. 802

Amends paragraph 6 of subdivision b of section 11-243 of the administrative code of the city of New York, a provision of law usually referred to as "J-51" that provides tax exemptions and abatements for work that has been deemed to improve the habitability of residential property, or which conserves energy. This bill explicitly includes "conversions of direct metering to a system that includes a master meter and submeters in any cooperative, condominium, or housing development fund company organized under article eleven of the private housing finance law" as an alterations or improvements to an otherwise eligible building or structure that can receive J-51 benefits. This local shall take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2005

FISCAL IMPACT STATEMENT:

	Effective FY 01	FY Succeeding Effective FY 02	Full Fiscal Impact FY 05
Revenues (+)	$0	($66,595)	($466,162)
Expenditures (-)	$0	$0	$0
Net	$0	($66,595)	($466,162)

IMPACT ON REVENUES: Based on J-51 participation rates and estimates provided by industry professionals, approximately 80 buildings containing 2,400 units are likely to take advantage of this legislation in Fiscal 2002; this figure is likely to grow to approximately 500 buildings containing 17,000 units by Fiscal 2005. The J-51 tax abatements these buildings would be granted would result in a tax expenditure of approximately $67,000 in Fiscal 2002 growing to a tax expenditure of approximately $466,000 in Fiscal 2005, or approximately $30 per unit annually. These figures reflect estimates derived from the current schedule of allowable costs for J-51 benefits and the J-51 rules, which set the percent of allowable costs that can be abated annually. In most cases abatements will continue for 11 years. Although additional buildings could receive J-51 benefits authorized by this legislation following Fiscal 2005 no such estimates will be made here since participation rates are likely to be influenced by developments in energy technology and prices.

IMPACT ON EXPENDITURES: None.

Int No. 893-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to extending the renewal Period for a plumbing license to two years, requiring continuing education for licensed master plumbers to re-new their license; defining what minor plumbing can be performed by non-licensed individuals and changes to certain permitting practices.

The Committee on Housing and Buildings to which was referred on February 27, 2001 (Minutes, page 584) the annexed amended local law respectfully

REPORTS:

Today the Committee is conducting a hearing on Int. No. 893-A. The Committee first heard testimony on Int. No. 893 earlier this month on June 7th. Based on the comments presented at the hearing, and after meeting with representatives of the Administration and with representatives of the plumbing industry, amendments were crafted which are reflected in this A-version.

In brief, this bill modifies the Administrative Code ("Admin. Code" or "the Code") pertaining to the licensing of master plumbers, addresses the type of minor plumbing that can be performed by non-licensed individuals and provides for changes to certain permitting practices. This bill also addresses the scheme for the licensing of fire suppression piping contractors. Notably, this bill extends the renewal period for a plumbing license and for a fire suppression piping contractor license from one year to two years and imposes continuing education requirements upon every licensed master plumber and licensed fire suppression contractor in order to renew his or her license.

Int. No. 893:

Section one of the bill amended Admin. Code §26-137 by changing the renewal period for all master plumbers' license from one year to two years, provided that the applicant submits his or her renewal application thirty days prior to the expiration of the license.

Bill section two amended section 26-147 of the Code by doubling the fees associated with a master plumber license. The cost to renew such license was changed from $50 to $100 and the cost to renew a plate and seal for two years was raised from $75 to $150.

In keeping with this new licensing scheme, bill section three amends section 26-150 of the Code by extending the expiration of any certificate of competence issued for a master plumber license from one year to two years.

Bill section four added a new section 26-150.1 to the Code which would have imposed new continuing education requirements upon licensed master plumbers which must be completed within the two year period immediately prior to the renewal date of the certificate holder.

Section five of the bill amended Admin. Code §27-126 to delineate the type of work that would not be considered a minor alteration and further expands upon the type of work that would be characterized as a minor alteration.

Bill section six amended section 27-175 of the Code to provide that when a plumbing permit is not obtainable, but work is conducted without a permit and the required permit is not obtained within 90 days of the approval of an alteration and repair slip, then the owner of the premises, where the work was conducted, would be responsible for the payment of any civil penalties issued pursuant to Admin. Code §26-212.1 for work conducted without a permit. In addition, the formatting of this section has been conformed to parallel this part of the Code.

Bill section seven amended section 27-210 of the Code to provide that final inspections are required to be conducted upon the completion of work for which an inspection is required.

Section eight of the bill amended Admin. Code §27-919 to exempt minor alterations and ordinary repairs from inspection and testing requirements and further allowed the Commissioner of Buildings to promulgate rules identifying the types of work that meet such exemption.

Bill section nine further allowed the Commissioner of Buildings to promulgate rules identifying when the testing of plumbing systems or the testing of gas systems is not required.

Finally bill section ten had provided that this local law would take effect immediately upon enactment, except that the provisions of bill section four, pertaining to the imposition of continuing education requirements, would take effect one year after the enactment date.

Major amendments to Int. No. 893 resulting in Proposed Int. No. 893-A:

Section one of the bill amends Admin. Code §26-137 by changing the renewal period for all master plumber licenses and for all fire suppression piping contractor licenses from one year to two years, provided that the applicant submits his or her renewal application between thirty and sixty days prior to the expiration of his or her license.

Bill section two and bill section three were amended to correctly use the word biennial.

Bill section four was modified to clarify that the course content and the qualifications of the provider of such course shall be approved by the Department of Buildings.

Bill section five was restructured to simplify and clarify the language identifying the type of work that is minor alterations or ordinary repairs.

Bill section six of Int. No. 893-A includes an amendment to paragraph i of subdivision a of section 27-175 to include the removal of existing plumbing or gas piping. Former bill section six of Int. No. 893 was modified to eliminate the language of paragraph 2 of subdivision a of section 27-175.

Bill section seven of Int. No. 893-A adds new language to permit the Commissioner of Buildings to promulgate rules authorizing a certification from a master plumber for minor work that was performed on work other than a gas piping system. Former bill section seven of Int. No. 893 was eliminated.

Bill section eight of Int. No. 893-A contains the enactment clause and authorizes the Department of Buildings to promulgate rules with regards to the new requirements for the continuing education course. Former bill section nine of Int. No. 893 was eliminated and former bill section ten of Int. No. 893 was modified and replaced by bill section eight in the new Int. No. 893-A.

Accordingly, Your Committee recommends its adoption.

By Council Members Spigner and Malave-Dilan; also Council Members Dear, Freed, Lopez, Wooten and Linares

A LOCAL LAW to amend the administrative code of the City of New York, in relation to extending the term of a plumbing or fire suppression piping contractor license and the renewal period to two years, requiring continuing education for a licensed master plumber and licensed fire suppression piping contractor to renew their license, expanding the scope of minor plumbing work that may be performed by unlicensed individuals and changing certain permitting practices.

Be it enacted by the Council as follows:

Section 1. Section 26-137 of the administrative code of the City of New York is amended to read as follows:

§26-137 Term of license; renewal. All licenses, *except for plumbing licenses and fire suppression piping contractor licenses,* issued by the commissioner under the provisions of this subchapter shall expire one year from the date of issuance thereof, and may be renewed annually, provided that application for renewal of the license is made thirty calendar days prior to the expiration date of the license. *A plumbing license and a fire suppression piping contractor license shall expire two years from the date of issuance thereof, and may be renewed every two years thereafter, provided that application for renewal of the license is made between thirty and sixty calendar days prior to its expiration date.* All applications for renewal of a license shall be accompanied by the required renewal fee. If application for renewal is not made as provided above, the commissioner may, nevertheless, renew the license provided the applicant pays an additional fee of five dollars, except as otherwise provided in this subchapter, and provided further that the applicant satisfies the commissioner as to his or her qualifications.

§2. Section 26-147 of the administrative code of the City of New York, as amended by local law number 55 for the year 1989, is amended to read as follows:

§26-147 License fees. a. The fee for obtaining a certificate shall be [one] *two* hundred dollars; and the [annual] *biennial* renewal fee to maintain the certificate shall be [fifty] *one hundred* dollars.

b. The fee for obtaining a plate shall be seventy five dollars, and fifty dollars for a seal. If the plate or seal is lost, and an affidavit is submitted establishing such fact, a new plate or seal shall be issued by the commissioner upon application and payment of a fee of one hundred dollars for a plate and seventy-five dollars for a seal. The [annual] *biennial* renewal fee to retain such plate and seal shall be [seventy-five] *one hundred and fifty* dollars. Such plate or seal shall remain the property of the City of New York. If application for renewal is not made between thirty and sixty calendar days prior to the expiration date of the license, the applicant shall be required to pay an additional fee of fifty dollars.

§3. Subdivision a of section 26-150 of the administrative code of the City of New York, as amended by local law number 55 for the year 1989, is amended to read as follows:

a. All certificates of competence, plates and seals shall expire on the [one-year] *two-year* anniversary date of the issuance of the certificate, plate and seal. Application for the [annual] *biennial* renewal of certificates, plates and seals shall be made between thirty and sixty days prior to the expiration/anniversary date. The failure of an individual to renew such certificate, plate and seal prior to the expiration/anniversary date shall have the effect of cancellation of the certificate, plate and seal. If a certificate, plate and seal is canceled, the individual shall apply for a new certificate, plate and seal.

§4. Article 2 of subchapter 2 of chapter 1 of title 26 of the administrative code of the City of New York is amended by adding a new section 26-150.1 to read as follows:

§26-150.1 Renewals of Master Plumber and Fire Suppression Piping Contractor Licenses. A certificate of competence, plate and seal for a licensed master plumber and for a licensed fire suppression contractor shall be renewed provided that the certificate holder shall have satisfactorily completed a seven hour continuing education course approved by the department within two years prior to the renewal date. The content of the course and the qualifications of providers of the course shall be approved by the department in accordance with the rules of the department.

§5. Section 27-126 of the administrative code of the City of New York is amended to read as follows:

§27-126 Work not constituting minor alterations or ordinary repairs. *(a)* For the purposes of this code, minor alterations or ordinary repairs shall not include the cutting away of any wall, floor, or roof construction, or any portion thereof; or the removal, cutting, or modification of any beams or structural supports; or the removal, change, or closing of any required means of egress; or the rearrangement or relocation of any parts of the building affecting loading or exit requirements, or light, heat, ventilation, or elevator requirements; nor shall minor alterations or ordinary repairs include additions to, alterations of, or rearrangement, relocation, *replacement, repair* or removal of any *portion of a* standpipe or sprinkler [piping] *system,* water distribution [piping,] *system,* house sewer, private sewer, or drainage system, including leaders, or any soil, waste or vent pipe, or any gas distribution system, or any other work affecting health or the fire or structural safety of the building.

(b) Minor alterations or ordinary repairs shall include the repair or replacement of any fixture, piping or faucets from the inlet side of a trap to any exposed stop valve.

§6. Section 27-175 of the administrative code of the City of New York is amended to read as follows:

§27-175 Alteration and repair slip. [a.] *(a.)* An application for a plumbing permit may be treated as an application for an alteration and repair slip where the total cost of the proposed work in the building, as certified by the permit applicant, does not exceed [fourteen] *eighteen* thousand dollars in any [twelve month] *twelve-month* period and the proposed work consists of any of the following:

(1) The installation of new plumbing or gas piping, or the rerouting of existing plumbing or gas piping

(2) The addition of not more than two plumbing fixtures or fixture connections.

(3) The mounting of new plumbing fixtures on existing roughings, other than the mere replacement of existing fixtures constituting a minor alteration or ordinary repair under article five of this subchapter.

(4) The installation or replacement of backflow prevention devices.

[b.] *(b)* Upon the approval of the application, an alteration and repair slip shall be issued in lieu of a plumbing permit, with the same force and effect as if a plumbing permit had been issued.

§7. Section 27-919 of the administrative code of the City of New York is amended to read as follows:

§27-919 Inspection. Every new plumbing and gas piping system and every part of an existing system that has been altered, except for ordinary [repair] *repairs,* shall be inspected and tested to determine compliance with code requirements *except that the commissioner may promulgate rules authorizing a certification from a master plumber for minor work that was performed in accordance with applicable codes in lieu of the two day inspection notification requirement of section 27-920 of this article and the inspection reporting requirements of subdivision a of section 27-922 of this article. In no event shall such certification be allowed for any new installation, or any alteration to an existing gas piping system.*

§8. This local law shall take effect immediately, except that section four shall take effect one year after enactment, provided however, that the department of buildings may promulgate rules and take all actions necessary, including the approval of any course or courses for continuing education requirements pursuant to section four, on or before the date upon which this local law shall take effect.

The intent—HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law.

The Committee recommends that the Council approve the proposals, grant the requests made by the Department of Housing Preservation and Development, make the findings required by Article 16 of the General Municipal Law and refer the items to the Finance Committee.

The Committee recommends that the Council approve the proposals, grant the requests made by the Department of Housing Preservation and Development, make the findings required by Article 16 of the General Municipal Law and refer the items to the Finance Committee.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1991

Resolution approving an Urban Development Action Area Project located at 103 West 118 Street (Block 1903/Lot 27), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1052; 20015332 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 20, 2001 its request dated March 6, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 103 West 118 Street (Block 1903/Lot 27), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

REPORTS:

(For text of report, see Report of the Committee on Land Use for L.U. No. 1052 printed in these Minutes.)

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1993

Resolution approving an Urban Development Action Area Project located at 423 Lenox Avenue (Block 1916/Lot 30), 437-39 Lenox Avenue (Block 1916/Lot 36), 134 W. 133 Street (Block 1917/Lot 46), 140 W. 133 Street (Block 1917/Lot 49), and 142 W. 133 Street (Block 1917/Lot 50), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1097; 20015401 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 24, 2001 its request dated April 4, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 423 Lenox Avenue (Block 1916/Lot 30), 437-39 Lenox Avenue (Block 1916/Lot 36), 134 W. 133 Street (Block 1917/Lot 46), 140 W. 133 Street (Block 1917/Lot 49), and 142 W. 133 Street (Block 1917/Lot 50), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

This application is subject to review and action by the Land Use Committee only if called-up by vote of the Council pursuant to Rule 11.20b of the Council and §20-226(g) of the New York City Administrative Code.

The Committee on Land Use to which was referred on June 5, 2001 (Minutes, page 1630) the annexed Land Use resolution respectfully

REPORTS:

Application pursuant to Section 20-226 of the Administrative Code of the City of New York, concerning the petition of Krilic Enterprises, Inc., d/b/a Brick Cafe, to modify and continue to maintain and operate an unenclosed sidewalk cafe located at 30-95 33rd Street.

The intent is to allow an eating or drinking place located on a properly which abuts the street to continue to maintain and operate an unenclosed service area on the sidewalk of such street.

The concerns of the affected Council Member having been addressed, the Committee recommends that the Land Use Committee approve the application.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 1995

Resolution approving the petition for a revocable consent for an unenclosed sidewalk café located at 30-95 33rd Street, Queens (20015149 TCQ; L.U. No. 1123).

By Council Members Eisland and McCaffrey

Whereas, the Department of Transportation filed with the Council on May 31, 2001 its approval of the petition of Krilic Enterprises, Inc., d/b/a Brick Café (the

"Applicant"), for a revocable consent to modify and continue to maintain and operate an unenclosed sidewalk café located at 30-95 33rd Street, Borough of Queens (the "Petition"), pursuant to Section 20-226 of the New York City Administrative Code (the "Administrative Code");

Whereas, the Petition is subject to review by the Council pursuant to Section 20-226(g) of the Administrative Code;

Whereas, upon due notice, the Council held a public hearing on the Petition on June 20, 2001, recessed until June 26, 2001 and recessed until June 28, 2001;

Whereas, in testimony and by letter dated June 22, 2001, the Applicant has stipulated that:

1. The license will be for four (4) tables and sixteen (16) chairs;
2. The tables will be located only on the sidewalk on the right side of the entrance;
3. A bottom weighted railing, not to exceed 30 inches in height, and a minimum of eight feet from the curb will be utilized;
4. No planters will be installed; and
5. The license will be voluntarily surrendered if the Applicant receives a violation pertaining to excess tables and/or chairs or the placement of the railing.

Whereas, the Council has considered the land use implications and other policy issues relating to the Petition;

RESOLVED:

Pursuant to Section 20-226 of the Administrative Code, the Council approves the Petition.

WARDEN, GUILLERMO LINARES, JOHN D. SABINI, A. GIFFORD MILLER, BILL PERKINS, CHRISTINE QUINN and MICHAEL J. ABEL, Committee on Land Use, June 28, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (see ROLL CALL ON GENERAL ORDERS FOR THE DAY.)

L.U. No. 1124

Report of the Committee on Land Use in favor of approving Uniform land use review procedure, application no. C 000676 MMX, pursuant to §1970-c and §197-d of the New York City Charter, changes to the City Map, Borough of Bronx, Council District no. 12. This application is subject to Council review and action only if appealed to the Council pursuant to §197-d(b)(2) of the Charter or called-up by a vote of the Council pursuant to §197-d(b)(3) of the Charter and §11.20 of the Rules of the Council.

The Committee on Land Use to which was referred on June 5, 2001 (Minutes, page 1630) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving, an application, pursuant to Sections 197-c and 199 of the New York City Charter and Section 5-430 et seq. of the New York City Administrative Code, by New York Bus Service Advertising Company, for an amendment to the City Map involving the elimination, discontinuance and closing of a portion of the New England Thruway between Merritt Avenue and Conner Street, north of Tillotson Avenue, the adjustment of grades necessitated thereby, and any acquisition or disposition of real property related thereto, in accordance with Map No. 13090, dated October 3, 2000 and signed by the Borough President.

The intent is to allow the elimination, discontinuance and closing of an entire median on the New England thruway, part of which is owned by New York City, so that it may be developed as a parking facility.

The Committee recommends that the Council approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 1996

Resolution approving the decision of the City Planning Commission on ULURP No. C 000676 MMX, an amendment to the City Map (L.U. No. 1124).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on June 1, 2001 its decision dated May 23, 2001 (the "Decision"), on the application submitted by the New York Bus Service Advertising Company, pursuant to Sections 197-c and 199 of the New York City Charter, for a change in the City Map involving the elimination, discontinuance and closing of a portion of the New England Thruway between Merritt Avenue and Conner Street, north of Tillotson Avenue, the adjustment of grades necessitated thereby, and any acquisition or disposition of real property related thereto, Community District 10, Borough of the Bronx, in accordance with Map No. 13090, dated October 3, 2000 and signed by the Borough President (ULURP No. C 000676 MMX) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on January 1, 2001 (CEQR No. 00DCP066X);

RESOLVED:

The Council finds the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 199 of the New York City Charter, the Council approves the Decision.

JUNE M. EISLAND, Chairperson; MARY PINKETT, HERBERT E. BERMAN, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, WALTER L. MCCAFFREY, MARTIN MALAVE-DILAN, LAWRENCE A. Approved and Referred to Finance pursuant to Rule 6.50 of the Council.

L.U. No. 1132

Report of the Committee on Land Use in favor approving Application no. 20015355 SCQ, the submission of a site plan by the New York City School Construction Authority, pursuant to §1732 of the New York State Public Authorities Law, for a school, P.S./I.S. 499, to be located on Reeves Avenue between 149th and 150th Streets. Borough of Queens, Council District no. 24.

The Committee on Land Use to which was referred on June 18, 2001 (Minutes, page 2224) the annexed Land Use resolution respectfully

REPORTS:

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for a proposed public school facility known as P.S./ I.S. 499 - Queens (New School) generally located at the south side of Reeves Avenue between 149th and 150th Streets (Block 6507/portion of Lot 100), with a capacity of up to 534 seats serving pre-kindergarten through eighth grade students.

The intent is to construct a new 534 seat elementary and intermediate school for pre-kindergarten through eighth grades.

The Committee recommends that the Council approve the Site Plan.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 1997

Resolution approving the site plan for Public School 499-Queens (P.S./I.S. 499-Q), to be located generally on the south side of Reeves Avenue between 149th and 150th Streets, Queens (Non-ULURP No. 20015355 SCQ; L.U. No. 1132).

By Council Members Eisland and Sabini

Whereas, the New York City School Construction Authority submitted to the Council on June 14, 2001, a site plan pursuant to Section 1732 of the New York State Public Authorities Law for a public school facility known as P.S/I.S. 499-Queens, with a capacity of up to 534 seats to serve pre-kindergarten through eighth grades, to be generally located on the south side of Reeves Avenue between 149th and 150th Streets (Block 6507/Lot 100 in portion), Flushing, Borough of Queens (the "Site Plan");

Whereas, the Site Plan is subject to review and action by the Council pursuant to Section 1732 of the New York State Public Authorities Law;

Whereas, upon due notice, the Council held a public hearing on the Site Plan on June 19, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the relevant environmental issues and the Conditional Negative Declaration issued April 6, 2001 (SCA Project Number 01-010); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Site Plan;

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment provided the following mitigation measure is implemented:

1. The New York City Board of Education "[p]etition the New York City Department of Transportation prior to the completion of construction to implement traffic signal timing modifications to result in no significant adverse impacts on traffic and transportation in the project area."

Pursuant to Section 1732 of the Public Authorities Law, the Council approves the Site Plan.

Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 654

Report of the Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a street name, Reverend Dr. Hylton L. James Boulevard, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on October 27, 1999 (Minutes, page 2545) the annexed local law respectfully

REPORTS:

The following biographical information was provided by the Berean Missionary Baptist Church.

Dr. Hylton Lancaster James was born on August 2, 1908, in Richmond, Virginia, one of seven children born to Reverend and Mrs. William H. James. His father was a distinguished minister and an outstanding educator in the city of Richmond. Hylton James received his early education at Saint Emma's Academy, outside of Richmond, and later attended Hampton Institute.

Hylton James felt his call to the ministry early in his life and by 1930 he had taken charge of the First Baptist Church of Waverly, Virginia. In 1933 he left Waverly to become a minister at the Hickory Run Baptist Church, in Brunswick County, Virginia, where he remained for four years. At Hickory Run Baptist Church, Mr. James met and married Nannie P. Bartley. This marriage lasted the rest of his life and produced two children, a daughter, Barbara and a son, Hylton L. James, Jr. Afterwards, in 1937, Mr. James became pastor of the Shiloh Baptist Church of Virginia (SBCV). Located in Boykins, Virginia, SBCV is one of the largest rural churches in the state. In 1940 Reverend James became pastor of the First Baptist Church (Dinners Point) of Portsmouth, Virginia and after five years in Portsmouth he left Virginia in 1945 to assume leadership of the well-known Eighth Street Baptist Church of Wilmington, Delaware. In 1948, after his five very successful tenures of ministry in Virginia and Delaware, Reverend James was called to take over the Berean Baptist Church in Brooklyn, New York. This new ministry would last for the remaining thirty years of his life.

Under Reverend James' leadership, membership at Berean grew rapidly. By 1956 multiple Sunday services were required to accommodate the church's' expanded congregation. It soon became apparent that additional space was needed and after many years of prayer, sacrifice, hard work and cooperation with the membership of Berean, Reverend James opened a beautiful new church on April 9, 1961, at 1635-49 Bergen Street in Brooklyn. He called the new church "Berean Missionary Baptist Church".

During his long and distinguished career, Reverend James established himself as an outstanding leader. He served as President of the Baptist Ministers Conference of Petersburg, Virginia, Secretary to the Baptist Ministers Conference of Greater Norfolk and vicinity, President of the Interdenominational Ministers Forum, Portsmouth, Virginia and vicinity, Chairman of the Board of Publication of the Baptist General Association of Virginia, Catechizer of the Presberty of the Bethney Baptist Association, President of the United Baptist Convention of Delaware, President of the Baptist Ministers Conference of Greater New York and vicinity, President of the Hampton Ministers Conference, Moderator of the Eastern Baptist Association, founder of the Eastern Baptist School of Religion, and Chairman of the Commission of Mission of the Empire State Missionary Baptist Convention.

Reverend James was also a representative in New York of the Board of Foreign Missions of the National Baptist Convention, Inc. and was an active participant in a movement to obtain work for Black contractors during the construction of the Downstate Medical Center.

On November 8th, 1978 Reverend Dr. Hylton Lancaster James died while conducting a prayer service at his beloved Berean Missionary Baptist Church. He was survived by his wife Nannie P. James (who died on January 7, 1998), a daughter; Barbara Mae Jackson of Oakland, California, a son, Hylton L. James, Jr. of Los Angeles, California, and three grandchildren. In recognition of his many years of service to his church, the Borough of Brooklyn, and the City of New York, it is fitting that Bergen Street, between Ralph Avenue and Kingston Avenue, the site of the Berean Missionary Baptist Church, be named "Reverend Dr. Hylton L. James Boulevard" in his honor.

This local law will take effect immediately.

Int. No. 839

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a street name, Herb Rosenblatt Place, Borough of The Bronx.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on November 15, 2000 (Minutes, page 2606) the annexed local law respectfully

REPORTS:

The following biographical material was supplied by Special Olympics New York - Bronx ("Bronx Special Olympics").

Herb Rosenblatt was born on September 10, 1948 in the Pelham Bay section of The Bronx, the oldest of three sons born to Hortense and David Rosenblatt. Herb Rosenblatt attended local public schools and graduated from Long Island University in "0019 8. A special education teacher who loved and played the game of basketball, Herb Rosenblatt was invited to attend the Special Olympics games that were being held in Cortland, New York as a chaperone in 1972. This was the beginning of the commitment to the Special Olympics movement that he continued for the rest of his life. Following through on his commitment to Special Olympics, Herb Rosenblatt's class participated in the annual Area Games that were held on Randall's Island. Serving over 20,000 children and adults with developmental disabilities in The Bronx, Bronx Special Olympics (formerly District 11 Special Olympics Committee) provides training and competition in a variety of sports including basketball, track and field and swimming. Under Herb Rosenblatt's leadership, the Bronx Special Olympics Area Committee organized a group of volunteers from schools and the business community known as Parents, Teachers and Friends of Special Olympics - Bronx Area. This group met at St. Theresa's Church during the evening in order to include a broad range of volunteers from throughout the community.

In January of 1976, with the cooperation of Professor Davis Roberts of City University's Herbert H. Lehman College, the first after-school Bronx Special Olympics Training Club was started. This Training Club was the first of two such clubs that became the linchpins of the Bronx Special Olympics program.

Herb Rosenblatt held a number of positions within the state Special Olympics organizations. With Special Olympics New York, he served on the Board of Directors for six years, as the First Vice-Chairman of the Board of Directors, Co-Chairman of the New York Special Olympics 25th Anniversary Committee, Vice-President of the Coordinating Council, Member of the Personnel Practices Committee and various other committees.

Herb Rosenblatt passed away suddenly in 1991.

Bronx Community Board No. 11 supports this proposed street naming. It is particularly appropriate since it is the location of the Bronx Developmental Center within which the offices of Bronx Special Olympics are housed.

Int. No. 883

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a park name, Nicholas Naquan Heyward, Jr. Park, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on February 7, 2001 (Minutes, page 422) the annexed local law respectfully

REPORTS:

The following biographical material was provided by the Heyward family:

Nicholas Naquan Heyward, Jr. was born in Brooklyn, New York on August 27, 1981, and was one of two sons born to Nicholas, Sr. and Angela Heyward. He attended Public School 20 and Intermediate School (IS) 293 where he was an honor student. He was a member of the IS 293 basketball team and a regular attendee at Church of Garden Christ in Brooklyn. At school, and at church, Nicholas was popular with his peers and with adults.

On September 24, 1994, while he was playing cops and robbers with his friends in a dimly lit hallway of the Gowanus Houses where he lived, Nicholas Naquan Heyward, Jr., age 13, was fatally shot by a police officer. The police officer said that he mistook Nicholas' bright orange toy gun for a real gun and opened fire. Several days later Nicholas died of wounds that he received in the shooting. He was survived by his father, Nicholas Heyward, Sr., mother, Angela Heyward, brother, Quentin Heyward and grandmother, Florine Heyward.

Nicholas Naquan Heyward, Jr., was a bright young man of character with the promise for an outstanding future. He had dreams of one day playing college basketball and eventually becoming a doctor. His tragic death denied him his dreams but his spirit still lives among the people who knew him in the community where he was raised. Renaming Gowanus Park, where he spent so much of his life and where so many still remember him, as "Nicholas Naquan Heyward, Jr., Park" would be a fitting tribute to his memory.

This local law shall take effect immediately.

Int. No. 926-A

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting, an amended Local Law in relation to a street name, Anna Marie Blinn Avenue, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on April 25, 2001 (Minutes, page 1165) the annexed amended local law respectfully

REPORTS:

The following biographical material was supplied by Council Member Robinson the Society of Old Brooklynites, the 77th Police Precinct Community Council and in articles published in the New York Daily News (editions of January 22, 2001 and May 16, 2001).

Born in 1916, Anna Marie Blinn attended P. S. 138 on Prospect Place and Girls Commercial High School (now known as Prospect Heights High School). Anna Marie Blinn has been involved in a wide variety of community endeavors during the last 60 years including her work to save the Franklin Avenue shuttle train, to win landmark status for Eastern Parkway, to have brighter street lights installed on Brooklyn Avenue and to secure a new building for the Brooklyn Children's Museum.

She was an original member of Brooklyn's Community Board No. 8; on which she has continuously served for 30 years, has also served on the 77th Precinct Community Council for more than 30 years and serves on the Brooklyn Borough president's Transit Advisory Committee.

It was the 77th Precinct Community Council that approached the Mayor requesting the temporary co-naming of Brooklyn Avenue, from Atlantic Avenue to Dean Street, in front of Anna Marie Blinn's home, in her honor pending City Council approval of permanent co-naming legislation.

In 1959, Anna Marie Blinn became the first female District Leader in Brooklyn and, in 1960, she was the first woman to preside over the Republican County Committee.

She helped found the St. Louis Senior Center, was the Secretary of the Society of Old Brooklynites for more than 30 years, and was the Treasurer of the Blessed Virgin Mary Holy Name Society for 40 years.

Anna Marie Blinn has been a long-time active member of St. Gregory's Roman Catholic Church. Her volunteer service as a correspondent with 39 service people during World War 11 and with the Red Cross drive to provide warm sweaters to our service people were of great help in the war effort. She has been involved with fund raising programs on behalf of organizations involved with cancer, heart disease and infantile paralysis including the American Cancer Society, the Heart Fund, the March of Dimes, the United Hospital Fund and the United Way.

On May 15, 2001 street signs indicating the temporary designation of Anna Marie Blinn Avenue were unveiled in a public ceremony. See New York Daily News, May 16, 2001, a copy of which is appended to this report.

Brooklyn's Community Board No. 8 is in support of this proposed street co-naming.

STAFF COMMENT. This legislation is to be amended to correct an error. The person proposed to be honored through enactment of this legislation is Anna (not Ann) Marie Blinn.

Int. No. 934

Report of the Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a street name, Ed Rogowsky Way, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relation to which was referred on May 23, 2001 (Minutes, page 1443) the annexed local law respectfully

REPORTS:

Edward T. Rogowsky was born on September 15, 1940 in the Bedford-Stuyvesant section of Brooklyn, New York. He attended public schools in New York City and graduated from Midwood High School in 1956. Mr. Rogowsky went on to earn a Bachelor of Arts degree from Brooklyn College in 1960, a Master's degree from the University of Michigan and a Ph.D from Columbia University. He taught on the college level until 1986 and was Professor Emeritus of Political Science/Urban Studies at Brooklyn College. He was also director of the CUNY Student Internship Program in Government and Politics and the Brooklyn College Graduate Center for Worker Education.

In 1986, Mr. Rogowsky was appointed Director of Brooklyn's Office of Community Boards by Brooklyn Borough President Howard Golden and in 1990 Borough President Golden appointed him to the New York City Planning Commission, an office he held until his death.

Edward T. Rogowsky was the City Editor at CUNY-TV and the host of MetroView, a weekly urban affairs program that explored, among others, issues of planning and development in the metropolitan region. Mr. Rogowsky was a founding member and Vice-President of the Flatbush Development Corporation and a former member of Community Board 14 in Brooklyn. He served as interim chairman of the Board of Brooklyn Information and Culture (BRIC, formerly the Fund for the Borough of Brooklyn) and was the editor of two of its publications, "Brooklyn in the 21" Century" and "The Brooklyn Neighborhood Book". Mr. Rogowsky also co-authored a monograph titled "Changing Brooklyn: The Revitalization of Downtown and the Building of Metro Tech."

He also co-authored many books and articles about politics, voting and economic development in New York City, including "Changing New York City Politics" (1991), "New York City's Outer Borough Development Strategy," in Urban Revitalization: Policies and Programs (1995), and "Managing Development in New York City," in Managing Capital Resources for Central City Revitalization (2000).

During his lifetime Edward T. Rogowsky received many awards and citations. He was honored by the New York State Assembly as Project Director of the Model New York State Senate Project. He also received honors from the Lambda Independent Democrats, Brooklyn's Lesbian and Gay Political Club, the American Planning Association, the United States Department of Commerce, and the New York Chapter of the American Planning Association. Mr. Rogowsky also received many City Council citations for "exemplary service to the community" and as "an outstanding citizen, one who is worthy of the esteem of both the community and the great City of New York."

Edward T. Rogowsky died on March 18, 2001 at the age of 60. He was survived by two sons, Joshua of New York City and Mark, of San Francisco, one grandson, Max Rogowsky, and his partner, Peter McGarry. In recognition of Mr. Rogowsky's many years of devoted service to his community, the Borough of Brooklyn, and the City of New York, it is fitting that Sterling Place, between 6th Avenue and 7th Avenue, where he lived for more than twenty years, be named "Ed Rogowsky Way" in his honor.

This local law will take effect immediately.

State Legislation Res. No. 65

Report of the Committee on State and Federal Legislation in favor of filing State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senators LaValle and Trunzo, S.2075-A, and Assembly Members Vitaliano and DiNapoli, et al, A.3491-A, ""AN ACT to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving spouses of members of the fire department and police department who are enrolled in a health insurance plan".

The Committee on State and Federal Legislation to which was referred on April 17, 2001 (Minutes, page 1005) the annexed State Legislation Resolution respectfully

REPORTS:

Since this Committee is passing related SLR No. 118 today, the Committee recommends the filing of SLR No. 65.

Accordingly, Your Committee recommends its filing.

State Legislation Res. No. 118

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass bids introduced by Senators LaValle and Trunzo, S.2075-B, and Assembly Members Vitaliano and DiNapoli, et al, A.3491-B, "AN ACT to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving spouses of members of the fire department and police department who are enrolled in a health insurance plan".

The Committee on State and Federal Legislation to which was referred on June 20, 2001 (Minutes, page 2239) the annexed State Legislation Resolution respectfully

REPORTS:

Currently, spouses of firefighters and police officers whose cause of death is the natural and proximate result of an accident or injury sustained while in the performance of their duties, continue to receive health insurance coverage under the group rate.

Spouses of retired firefighters and police officers, however, cease receiving health insurance coverage when the retired officer passes away. This legislation would allow spouses of a deceased retired member of the fire or police department to retain such coverage by paying one hundred and two percent of the group rate. The election by the surviving spouse must be made within one year of the retired member's death.

According to Senator LaValle's Memorandum in Support, the loss of medical insurance to retired individuals is one of the most devastating occurrences, leaving those people in sometimes desperate straits. This legislation would offer relief to the spouses of retired firefighters and police officers who have past away.

For fiscal implications, see Council Finance Division fiscal impact statement.

This legislation shall take effect immediately.

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

State Legislation No. 123

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Senator Gonzalez, S.5632, Committee on Rules, A.9064, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of the Bronx to former owner Lambert Houses Redevelopment Company (also known as Phipps Houses), without public auction and notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 3139, Lot No. 19 on tax map for the borough of the Bronx".

The Committee on State and Federal Legislation to which was referred on June 28, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 3139, Lot No. 19 on the tax map of Bronx to the former owner Lambert Houses Redevelopment Company (also known as Phipps Houses). Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

Reports of the Committee on Transportation

Res. No. 1898

Report of the Committee on Transportation in favor of filing resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review fifteen determinations by the Taxi and Limousine Commission to approve applications for the renewal of a license to operate a base station.

The Committee on Transportation to which was referred on May 9, 2001 (Minutes, page 1278) the annexed local law respectfully

REPORTS:

Pursuant to Local Law 51 of 1996 the Council has the authority to review determinations by the Taxi and Limousine Commission (TLC) to approve applications for base station licenses, including renewals of such licenses. The Council may, within ninety days after the first Stated Meeting following receipt of such a determination, "call up" a determination for review by passing a resolution and either approve or disapprove that determination by passing a local law. This resolution, a copy of which is annexed hereto, permits the Council to review fifteen determinations of the Taxi and Limousine Commission to approve license renewals for base stations. These determinations were received by the Council as Communications by the Mayor numbers M-1092 through M-1106 at the Stated

Meeting of March 28, 2001. The names of these base station applicants are found in the resolution which is attached to this memorandum. The determinations by the Taxi and Limousine Commission were effective as of June 26, 2001.

Accordingly, Your Committee recommends its filing.

Res. No. 1976

Report of the Committee on Transportation in favor of approving Resolution pursuant to Section 19-511.1 of the Administrative Code of the City of New York to review twenty-eight determinations by the Taxi and Limousine Commission to approve-applications for the renewal of a license to operate a base station and ten determinations by the Taxi and Limousine Commission to approve applications for new licenses to operate a base station.

The Committee on Transportation to which was referred on June 20, 2001 (Minutes, page 2236) the annexed resolution respectfully

REPORTS:

Pursuant to Local Law 51 of 1996 the Council has the authority to review determinations by the Taxi and Limousine Commission (TLC) to approve applications for base station licenses, including renewals of such licenses. The Council may, within ninety days after the first, Stated Meeting following receipt of such a determination, "call up" a determination for review by passing a resolution and either approve or disapprove that determination by passing a local law. This resolution, a copy of which is annexed hereto, permits the Council to review twenty-eight determinations of the Taxi and Limousine Commission to approve license renewals for base stations. These determinations were received by the Council as Communications by the Mayor numbers M- 1157 through M-1184 at the Stated Meeting of May 23, 2001.

In addition, the Resolution permits the Council to review ten determinations of the Taxi and Limousine Commission to approve licenses for new base stations. The determination approving a license for Chelsea Express Car, Inc. was received by the Council at the Stated Meeting of May 9, 2001 in a Communication from the Mayor number M-1136. The remaining determinations by the Taxi and Limousine Commission were received by the Council at the Stated Meeting of May 23, 2001 as Communications from the Mayor numbers M-1148 through M-1156.

The names of these base station applicants are found in the resolution which is attached to this memorandum.

Accordingly, Your Committee recommends its adoption.

INTRODUCTION AND READING OF THE BILLS

Res. No. 1980

Resolution calling for the immediate passage and implementation of H.R. 1935, the Korea Defense Service Medal Act.

By The Speaker (Council Member Vallone) and Council Members Harrison, Malave-Dilan, Freed, Nelson, Robles, Warden, Abel and Golden; also Council Members Eisland, Fisher, Foster, Koslowitz, Michels, Povman and Clarke

Whereas, Though the Korean War ended half a century ago, Americans continue to serve on the 38th Parallel that now divides the nations of North and South Korea; and

Whereas, Since Armistice, there have been more than 40,000 breaches of the cease-fire agreement, and more than 1,200 service members have died as a result; and

Whereas, Americans who served in danger and under fire following the Armistice still have not been recognized; and

Whereas, The time has come for the United States to honor those courageous veterans who served in Korea after war's end; and

Whereas, H.R. 1935, The Korea Defense Service Medal Act, would provide for the creation of a new medal recognizing the bravery of those Americans who helped protect an uncertain peace; now, therefore, be it

Resolved, That the Council of the City of New York calls for the immediate passage and implementation of H.R. 1935, the Korea Defense Service Medal Act.

Adopted by the Council on Immediate Consideration.

Int. No. 948

By Council Members Cruz and Nelson (by request of the Mayor); also Council Members Foster, Povman, Warden, Wooten and Golden

A LOCAL LAW to amend the administrative code of the City of New York, in relation to health insurance coverage for persons retired from city employment.

Be it enacted by the Council as follows:

Section 1. Paragraph ii of subdivision a of section 12-126 of the administrative code of the city of New York, as amended by local law number 78 for the year 1995, is amended to read as follows:

ii. "City retiree." A person who: (1) is receiving a retirement allowance, pension or other retirement benefit from a retirement or pension system either maintained by the city or to which the city has made contributions on behalf of such person pursuant to subdivision (g) of section 80-a of the retirement and social security law; and (2) immediately prior to such person's retirement as a member of such system, was a city employee, or was an employee of the board of education employed under terms prescribing a work week regularly consisting of twenty or more hours during the fiscal year; and (3) had at the time of retirement, at least five years of credited service as a member of such retirement or pension system, except that *(A)* such requirement of credited service shall not apply in cases of retirement for accident disability, *and (B) the requirement of* credited service for vested retirement and service retirement *shall be at least ten years for a person who was not an employee of the city or the board of education on or before the effective* date of the local law that added this clause.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Civil Service and Labor.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to prohibiting the use of non-wood bats by minors.

Be it enacted by the Council as follows:

Section 1. Title 10 of the Administrative Code of the City of New York is hereby amended by adding a new section 10-137, to read as follows:

Section 10-137 Prohibition of use non-wood bats. A. Legislative Findings. Since its inception, the game of baseball has been played with a wooden bat. In the 1970's, baseball bat manufacturers developed aluminum bats for teams who wanted to reduce the cost of replacing broken wooden bats. Aluminum bats were originally designed to have similar dimensions as wooden bats but with the durability of metal. In the last decade, however, the use of new high performance materials in the construction of metal baseball bats has dramatically increased the speed at which baseballs are propelled off bats. The necessary reaction time by defensive players in the field is shortened, and players are placed in compromising and dangerous positions. The Council hereby finds that the number of injuries from baseballs batted from non-wood bats is rising and that the use of these non-wood bats places our children at an unacceptable risk of injury.

b. Definitions. When used herein:

1. The term "non-wood bat," shall mean any non-wood baseball or softball bat including, but not limited to bats made of metal, titanium, scandium, aluminum or any other alloy compound with the exception of wood, composite, laminated or composite-coated wood bats that shall be approved for play upon verified test data that these bats perform, weigh and are balanced like wood bats.

2. The term "composite game," shall mean any organized game at which certified umpires are present.

c. It shall be unlawful for any person to use a non-wood bat in a competitive game in which minors are participants and which is taking place in connection with a league operating in the City of New York including but not limited to, Little Leagues, Babe Ruth Leagues, American Legion games, Public School Athletic Leagues, Catholic High School Athletic Association games on fields including, but not limited to those facilities under the jurisdiction of the New York City Parks Department or Board of Education.

Section 2. This local law shall take effect March 1, 2002.

Referred to the Committee on Youth Services.

Res. No. 1981

Resolution condemning the Taliban government of Afghanistan for its continuing repressive practices toward women and religious minorities.

By Council Members Freed, Malave-Dilan, Michels, Nelson, Abel and Oddo; also Council Members Eisland, Fisher, Foster, Harrison, Koslowitz and Povman

Whereas, The Taliban government of Afghanistan, since its inception, has imposed the severest repression upon women, as well as ethnic and religious minorities; and

Whereas, Recently, it has been reported that the Taliban has ordered non-Muslim residents to wear a identifying badge or mark on their clothing, distinguishing them from the nation's Muslim majority; and

Whereas, This measure, the setting aside and cataloging of an entire group, based on their religion, is a frightening portent, as it opens the floodgates for a whole series of repressive measures that could follow; and

Whereas, An ominous glimpse of a possible future, the measure is also a disturbing echo of a terrible past, one of history's darkest chapters, when Jews in Nazi Germany were forced to wear identifying marks on their clothing, a preliminary measure that presaged one of the worst atrocities ever committed; and

Whereas, The Taliban regime also employs repressive measures against women, severely restricting their civil rights, and treating them as chattel, possessions of their fathers or their husbands; and

Whereas, The regime also requires women to wear burquas whenever in public, heavy full-body coverings which constrain movement tremendously; and

Whereas, The Taliban regime continues to harbor Osama Bin Laden, who has claimed credit for a number of terrorist actions against Americans, including the bombings of the American embassies in Kenya and Tanzania and the bombing of the USS Cole in Aden Harbor, and who has promised further aggressions against Americans; and

Whereas, Acts of persecution, whether against women or against religious minorities, should not be countenanced; now, therefore, be it

Resolved, That the Council of the City of New York condemns the Taliban government of Afghanistan for its continuing repressive practices toward women and religious minorities.

Adopted by the Council on Immediate Consideration.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring the installation of emergency generators in certain buildings.

Be it enacted by the Council as follows:

Section 1. Subchapter 3 of chapter 1 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-3006.1 to read as follows:

§27-3006.1 City buildings. a. There shall be installed in every building owned by the city of New York, on or in close proximity to such building, at least one electric generator having the capacity to supply to such building electrical power during a power outage, except that any city-owned nonresidential building operated by or on behalf of the board of education for educational purposes shall be excluded from the provisions of this section. Any such generator shall be configured to automatically turn on within one minute from the time of a power outage within such building to provide, at a minimum, for the illumination of hallways and stairs.

b. Any building subject to the requirements of subdivision a of this section existing at the enactment of this section shall be made to comply with the provisions of this section by July first, two thousand three.

c. Where the plans for the construction of a city-owned building have been approved by the department of buildings on or before the effective date of this subdivision, such building upon completion shall be subject to compliance with the provisions of subdivision a of this section prior to the issuance of a certificate of occupancy, whether temporary or permanent.

d. The department of buildings, in consultation with the department of citywide administrative services, shall promulgate rules for the implementation of this section which shall include, but not be limited to, the type or types of generators acceptable for use in buildings owned by the city.

e. The provisions of this section shall apply to nonresidential buildings under the jurisdiction of the New York City housing authority.

§2. Subchapter 3 of chapter 1 of title 27 of the administrative code of the City of New York is amended by adding a new section 27-3008.1 to read as follows:

§27-3008.1 Residential buildings. a. There shall be installed in every residential building, except those residential buildings not exceeding six stories or seventy-five feet in height, on or in close proximity to such building, at least one electric generator having the capacity to supply to such building electrical power during a power outage. Any such generator shall be configured to automatically turn on within one minute from the time of a power outage within such building to provide, at a minimum, for the illumination of hallways and stairs.

b. Any residential building subject to the requirements of subdivision a of this section existing at the enactment of this section shall be made to comply with the provisions of this section by July first, two thousand three.

c. Where the plans for the construction of a residential building have been approved by the department of buildings on or before the effective date of this subdivision, such building upon completion shall be subject to compliance with the provisions of subdivision a of this section prior to the issuance of a certificate of occupancy, whether temporary or permanent.

d. The department of buildings shall promulgate rules for the implementation of this section which shall include, but not be limited to, the type or types of generators acceptable for use in residential buildings.

e. The provisions of this section shall apply to residential buildings under the jurisdiction of the New York city housing authority.

§3. This local law shall take effect in three hundred and sixty days, provided, however, that the department of buildings shall promulgate rules and take all other actions necessary for the implementation of this local law on or before such effective date.

Referred to the Committee on Housing and Buildings.

State Legislation Res. No. 122

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Stafford, S.3782-A, and by Committee on Rules, A.8362-A, "AN ACT to amend the general city law and the administrative code of the city of New York, in relation to taxation of calls from public pay telephones".

By Council Member McCaffrey; also Council Members Koslowitz and Sabini

Whereas, bills have been introduced in the New York State Legislature by Senator Stafford, S.3782-A, and by Committee on Rules, A.8362-A, "AN ACT to amend the general city law and the administrative code of the city of New York, in relation to taxation of calls from public pay telephones"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

Res. No. 1982

Resolution condemning the ongoing bias of the United Nations Commission on Human Rights against the State of Israel.

By Council Members Nelson, Fisher, Freed, Michels, Warden, Abel and Oddo; also Council Members Eisland, Koslowitz and Povman

Whereas, The United Nations Commission on Human Rights has repeatedly singled out Israel for singularly harsh criticism; and

Whereas, This bias has persisted in the Commission's most recent session in Geneva; and

Whereas, The agenda for that session devoted an entire item to the human rights situation existing in "occupied Arab territories including Palestine," making Israel the only state or region to have an agenda item specifically devoted to it; and

Whereas, This bias was also reflected in a resolution passed by the body which condemned Israel for its military response to terrorism, while failing in any way to call upon the Palestinian Authority to prevent terrorist activities; and

Whereas, This unequal treatment can only serve to increase animosity in the region, and to provoke militants to engage in further acts of aggression; now, therefore, be it

Resolved, That the Council of the City of New York condemns the ongoing bias of the United Nations Commission on Human Rights against the State of Israel.

Adopted by the Council on Immediate Consideration.

Res. No. 1983

Resolution calling on the New York State Legislature to adopt legislation providing for the civil commitment of sexually violent predators.

By Council Members Oddo, Eisland, Fisher, Nelson, Warden and Abel; also Council Members Harrison and Golden

Whereas, The United States Supreme Court has repeatedly upheld the constitutionality of statutes permitting the involuntary civil commitment of dangerous persons who are mentally ill, including the right of a state to confine and treat violent sex offenders after the offenders serve their criminal sentences; and

Whereas, Eleven states - Arizona, California, Delaware, Illinois, Kansas, Minnesota, Missouri, New Jersey, North Dakota, Washington, and Wisconsin - have passed laws authorizing the civil commitment of sexually violent predators and have shown courage and leadership on this issue; and

Whereas, Numerous studies have clearly shown that the recidivism rate of violent sexual predators is extremely high and that the prognosis for rehabilitating this population is very low; a 1998 study in the *Journal of Behavioral Sciences and*

the Law, for example, found the recidivism rate of sexual offenders to be 52 percent; and

Whereas, A small but extremely dangerous group of sexually violent predators that are likely to reoffend exists in New York State; these sexually violent predators have mental abnormalities that render them likely to engage in repeated acts of sexual violence requiring long-term treatment and, in addition, treatment modalities for existing involuntary commitments are inadequate to address this group's risk to reoffend; and

Whereas, Under current law, these predators are released into the community upon the expiration of their sentences without the benefit of treatment or care designed to address their unique treatment needs, and a civil confinement law would provide for such treatment at secure facilities and simultaneously serve to protect the public; and

Whereas, The New York State Senate has been passing sexually violent predator civil confinement bills since 1997, but the State Assembly has failed to pass such a bill; on June 5, 2001, the Senate unanimously passed this session's version of the bill and the Governor has stated his commitment to sign such a bill if it passes the whole Legislature; and

Whereas, The Assembly version of this bill – A3092 – is currently sitting inactive before the Assembly Committee on Mental Health; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to adopt legislation providing for the civil commitment of sexually violent predators.

Referred to the Committee on Public Safety.

Any loan issued in the ordinary course of business by a financial institution to finance educational costs, the cost of home purchase or improvements for a primary or secondary residence, or purchase of a personally owned motor vehicle, household furniture or appliances shall be excluded.

16. Whenever a "value" or "amount" is required to be reported pursuant to this section, such value or amount shall be reported as being within one of the following categories: (a) at least one thousand dollars but less than five thousand dollars; (b) at least five thousand dollars but less than thirty-two thousand dollars, or such other amount as the conflicts of interest board shall set pursuant to subdivision sixteen of section twenty-six hundred one and subdivision a of section twenty-six hundred three of the charter; (c) at least thirty-two thousand dollars, or such other amount as the conflicts of interest board shall set pursuant to subdivision sixteen of section twenty-six hundred one and subdivision a of section twenty-six hundred three of the charter, but less than sixty thousand dollars; (d) at least sixty thousand dollars but less than one hundred thousand dollars; (e) at least one hundred thousand dollars but less than two hundred fifty thousand dollars; (f) at least two hundred fifty thousand dollars but less than five hundred thousand dollars; and (g) five hundred thousand dollars or more.

e. Public inspection of reports and privacy considerations. Information filed in reports required by this section shall be maintained by the conflicts of interest board and shall be made available for public inspection subject to the following provisions:

1. Privacy, safety and security requests.

(a) Any person required to file a report pursuant to this section may, at the time the report is filed or at any time thereafter, except when a request for inspection is pending, submit a request to the conflicts of interest board, in such form as the board shall require, to withhold any item disclosed therein from public inspection on the ground that the inspection of such item by the public would constitute an unwarranted invasion of his or her privacy or a risk to the safety or security person. Such request shall be in writing and shall be in such form as the conflicts of interest board shall prescribe and shall set forth the reason such person believes the item should not be disclosed

(b) The conflicts of interest board shall evaluate such request and any such item shall be withheld from public inspection upon a finding by the board that the inspection of such item by the public would constitute an unwarranted invasion of privacy or a risk to the safety or security of any person. In making this determination, the board shall consider the following factors:

(1) whether the item is of a highly personal nature;

(2) whether the item in any relates to the duties of the positions held by such person, including whether there are security or safety issues relating to such duties;

(3) whether the disclosure poses a risk to the security or safety of the reporting person or any other individual;

(4) whether the item involves an actual or potential conflict of interest.

(c) Any information regarding any financial interests of the spouse, domestic partner or an unemancipated child of a person filing in which the person filing has no financial interest shall be withheld from public inspection as an unwarranted invasion of privacy unless the conflicts of interest board determines that such information involves an actual or potential conflict of interest on the part of the person filing, subject to the factors set forth in subparagraph (b) of paragraph one of this subdivision.

(d) The conflicts of interest board shall establish procedures governing the withholding of information on the ground of privacy. Such procedures shall include provision for the person who filed the information to near in person to set forth, or submit a written statement setting forth, the reasons why the information should be withheld from public inspection.

2. Requests to examine reports.

The conflicts of interest board, upon receiving a written request by a member of the public, on such form as the board shall prescribe, to examine an item for which a written request to withhold information on the ground of privacy, safety or security concerns was submitted pursuant to this paragraph shall notify the person who filed the report that a request for inspection has been made. No such notification shall be required if the request to examine the report is made by the inspector general of the agency in which the person who filed the report is employed or the commissioner of investigation.

f. Retention of reports. Reports filed pursuant to this section shall be retained by the conflicts of interest board for a period of two years following the termination of the public employment of the person who filed the report. In the case of candidates for office who have filed reports pursuant to this section and who were not elected, the reports shall be retained by the board for a period of two years following the day of an election on which the candidates were defeated. Notwithstanding the foregoing, the board, in consultation with the department of records and information services and the department of investigation, may establish by rule a different period or periods of retention of financial disclosure reports which takes into account the need for efficient records management and the need to retain such reports for a reasonable period for investigatory and other purposes. Such reports shall thereafter be destroyed by the board unless a request for public disclosure of an item contained in such report is pending. In lieu of the destruction of such reports, the board, in its discretion, may establish procedures providing for their return to the persons who filed them.

g. Penalties.

1. Any person required to file a deport pursuant to this section who has not so filed at the end of one week after the date required for filing shall be subject to a fine of one hundred dollars. In addition, two weeks after the date required for filing, the conflicts of interest board shall inform the appropriate agency and the commissioner of investigation of the failure to file of any such person.

2. Any intentional violation .of the provisions of this section, including but not limited to failure to file, failure to include assets or liabilities, and misstatement of assets or liabilities, shall constitute a misdemeanor punishable by imprisonment for not more than one year or by a fine not to exceed one thousand dollars, or by both, and shall, constitute grounds for imposition of disciplinary penalties, including removal from office in the manner provided by law. In addition, any intentional violation of the provisions of this section may subject the person reporting to assessment by the conflicts of interest board of a civil penalty in an amount not to exceed ten thousand dollars.

3. Any intentional and willful disclosure of confidential information that is contained in a report filed in accordance with this section, by a city officer or employee or by any other person who has obtained access to such a report or confidential information contained therein, shall constitute a misdemeanor punishable by imprisonment for not more than one year or a fine not to exceed one thousand dollars, or by both, and shall constitute grounds for imposition of disciplinary penalties, including removal from office in the manner provided by law.

4. The conflicts of interest board shall establish procedures governing the receipt of complaints alleging a violation of this section.

§ 2. This local law shall take effect on January first, 2002, and shall apply to reports of annual disclosure filed for the calendar year 2001; provided, however, that

the conflicts of interest board and agencies of the city of New York whose officers and employees file such reports may take such steps as are necessary to implement this local law prior to the effective date.

BOROUGH OF MANHATTAN
CD 11 C 020002 HUM

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD), pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, **for the 2nd amendment to the Metro North I Urban Renewal Plan for the Metro North I Urban Renewal Area.**

The proposed plan:

1. *conforms to the most recently* approved HPD language,

terminology and methodology;

2. eliminates controls that restrict residential development in the Area to low and moderate income housing;

3. changes the land use designation of Site 1 to Open Space to reflect its current use as a play-lot.

4. eliminates controls that pertain to properties within the project boundary that are not designated for acquisition. Such properties are not subject to the controls of the Plan;

5. eliminates all previously designated "X" parcels. These designations are no longer used by HPD;

6. assigns site numbers in accordance with current practice;

7. amends Exhibit A to reflect the consolidation of tax lots;

BOROUGH OF MANHATTAN
CD 11 C 020003 HAM

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 327-29 E. 100th Street, Site 3 within the Metro North I (Block 1672, Lot 17), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate construction of a seven story building with approximately 250 units of housing, retail and community facility space.

BOROUGH OF MANHATTAN
CD 3 C 010675 HUM

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 2nd amendment of the Cooper Square Urban Renewal Plan for the Cooper Square Urban Renewal Area. The proposed plan:

- Conforms to the most recently approved HPD language, terminology and methodology.
- Eliminates land use controls in the previously approved plan, such as exclusively low, moderate and middle income housing and use restrictions preventing mixed use mixed income buildings for Site 1A and the former Site 2.
- Changes land use controls in the previously approved plan calling for demolition of all existing buildings on sites 1A and former Site 2 to allow for partial and complete rehabilitation of on site buildings.
- Adds a new Exhibit A, listing the properties in the urban renewal sites.
- Identifies rehabilitation sites in Exhibit A, Map 1 and Map 2.
- Subdivides portions of Site 2:

  A portion of Site 2 from the previously approved plan has been subdivided to permit the creation of a permanent open space site, Site 2B, to preserve the Liz Christie Bowery Houston and Rock 'n Rose Gardens. Two streets that are no longer planned to be demapped, East 1st Street between Bowery and Second Avenue and Extra Place are no longer designated as part of Site 2.

  Rehabilitation sites that were formerly included in Site 2 have been designated as separate sites (2C, 2D, 2E, 2F (partial rehabilitation), 3B)
- Renames former Site 3 as Sites 3D and 1 maintains the use restriction for supportive housing.
- Redesignates a portion of Site 1A as Site D for rehabilitation as a mixed use building.
- Eliminates from the plan Site 2A which was never acquired.
- Updates the Proposed Time Schedule for effectuation of the Plan.

BOROUGH OF MANHATTAN
CD 3 C 010676 ZMM

Article IX - Special Purpose Districts
Chapter 2
Special Park Improvement District

92-00
GENERAL PURPOSES

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;

(b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;

(c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;

(d) to encourage the development of buildings compatible with the height of present development; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's taxrevenues.

92-01
Definitions

Development
For purposes of this Chapter a "development" includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, and an #enlargement# involving an increase in #lot coverage#.

Special Park Improvement District
(repeated from Section 12-10)

The "Special Park Improvement District" is a Special Purpose District designated by the letters "PI" in which special regulations set forth in Article IX, Chapter 2, apply to all #developments#. The #Special Park Improvement District# and its regulations supplement or supersede those of the districts on which it is superimposed.

92-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

For the purposes of this Chapter, Duke Ellington Circle, located at the intersection of Fifth Avenue and East 110th Street, shall be considered a separate #street#.

92-03
Special Use Regulations
For any #zoning lot# located between Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Streets:

1. #commercial uses# shall only be permitted beyond 100 feet of Fifth Avenue and shall be restricted to office #uses# listed in Use Group 6B,

2. the underlying district #sign# regulations shall not apply. In lieu thereof, #signs accessory# to a #commercial use# shall conform with all the #sign# regulations applicable in C1 Districts, except that illuminated #signs# shall not be permitted, and, within 100 feet of Fifth Avenue, signs shall conform with the #sign# regulations for #Residence Districts# set forth in Section 22-
30 (SIGN REGULATIONS).

~~92-03~~ *92-04*
Special Bulk Provisions

92-041
Maximum Floor Area Ratio

~~For the purposes of this Chapter, t~~The maximum #floor area ratio# for any #development# or #enlargement# on a #zoning lot# shall not exceed 10.0. No #floor area# bonuses shall be permitted.
~~92-04~~ *92-042*

Mandatory Front Building Walls Along Certain Street Lines

- *Except as provided in paragraph (b) of this Section,* ~~t~~The front building wall ~~of~~ *for* all #developments# on #zoning lots# having frontage on Fifth Avenue or Park Avenue~~,~~ *and for all #developments# along #street lines# within 50 feet of their intersection with the #street lines# of Fifth Avenue or Park Avenue,* shall extend along the full length of its #street line# fronting on such #street# without setback for a height of 125 feet above #curb level# or the full height of the #building#, whichever is less.~~, except that where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.~~ Above the height of 150 feet above #curb level#, the front building wall shall be set back 10 feet from the #street line#. *The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a#narrow street# or for the next 75 feet along the #street line# of a #wide street#.* However, where the front wall of a #building# with a height less than125 feet above #curb level# was constructed with a setback from the #street lines#, #enlargement# of such #building# may be permitted by vertical extension of its existing building wall.

- *For any #zoning lot# having frontage on Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Street, the provisions of this paragraph (b) shall apply. The front building wall of any #development# shall extend along the full length of the Fifth Avenue and Duke Ellington Circle #street lines#, and along the full length of the East 109th Street and East 110th Street #street lines# within 50 feet of their intersection with Fifth Avenue and Duke Ellington Circle, and rise without setback to a minimum height of 85 feet above #curb level# or the full height of the #building#, whichever is less. Above a height of 150 feet, the front building wall shall be set back at least 10 feet from such #street lines#. Such mandatory front building wall requirements are optional for the next 50 feet along the East 109th Street and East 110th Street #street lines#.*

~~These mandatory front building wall requirements also apply to all #development# along all #street lines# within 50 feet of their intersection with the #street line# of Fifth Avenue or Park Avenue.~~

~~The mandatory front building wall requirements are optional for the next 20 feet along the #street line# of a #narrow street# or for the next 75 feet along the #street line# of a #wide street#. The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.~~

- Front wall recesses are permitted *within mandatory front building walls* for architectural or decorative purposes, provided that the aggregate length at the level of any #story# does not exceed 50 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed ~~6~~ six feet. No front wall recesses are permitted within 20 feet of the intersection of two #street lines#.

Where the aggregate length of balconies located along the front building wall, at the level of any #story#, exceeds 20 percent of the length of such front building wall, the front building wall may be set back not more than three feet from the #street line#.

The underlying district height and setback regulations apply along #street lines# or portions thereof not subject to the front building wall requirement.

92-043
Special Height Limitation

The maximum height of a #building or other structure# or portion thereof shall not exceed 19 #stories# or 210 feet above #curb level#, whichever is less.

92-05
Mandatory Tree Planting Provisions

All new #developments# within the Special District shall provide and maintain trees of not less than four-inch caliper at the time of planting on sidewalks for the entire length of #street# frontages of the #zoning lot#. These trees shall be planted at maximum intervals of 30 feet and in accordance with Department of Transportation guidelines.

~~92-06~~
~~Special Height Limitation~~

~~The maximum height of a #building or other structure# or portion thereof shall not exceed 19 #stories# or 210 feet above #curb level#, whichever is less.~~

~~92-07~~ *92-06*
Maximum Number of Accessory Off-Street Parking Spaces
In no case shall the number of #accessory# off-street parking spaces for a #residential use# exceed 40 percent of the number of #dwelling units#. In no case shall curb cuts for vehicular access be located on Fifth Avenue or Park Avenue or on a #street# within 50 feet of its intersection with the #street line# of Fifth Avenue or Park Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Special District. All #accessory# parking spaces shall be designed and operated exclusively for the long term storage of the private passenger motor vehicles used by the occupants of such #residences#.

The parking requirements set forth in Sections 25-21, 25-31, 36-21 or 36-31 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

The maximum number of permitted and the minimum number of required #accessory# off-street parking spaces for new #developments# or #enlargements# in the area of the Special District located within Manhattan Community District 8 are set forth in Article I, Chapter 3.

12-10
DEFINITIONS

* * *

Private road

A "private road" is a right-of-way constructed after (the effective date of this amendment), other than a #street#, that provides vehicular access directly from a #street# to any #accessory# parking space located within a #development# containing five or more #dwelling units#. Such #development# shall contain #residential buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#. An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

* * *

Street

A "Street" is:

(a) a way shown on the City Map; or

* * *

(d) any other public way that on December 15, 1961, was performing the functions usually associated with a way shown on the City Map.

~~A driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.~~

A #private road#, or ~~A~~ *a* driveway that serves only to give vehicular access to an #accessory# parking or loading facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.

Chapter 6
Special Urban Design Guidelines: Streetscape
Special Requirements for Developments in R9 and R10 Districts and Special Requirements for Developments with Private Roads

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

a) #Developments# in R9 and R10 Districts constructed after April 21, 1977, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program; and

b) #Developments# in R3, R4 and R5 Districts, containing #private roads# constructed after (the effective date of this amendment), as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS),except where such #developments# consist entirely of #single-family detached residences#.

(Section 26-01 is moved and renumbered 26-12)

26-~~02~~*10*
~~Applicability of this Chapter~~ *SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS*

~~The regulations of this Chapter shall apply to all #developments# constructed after April 21, 1977, within R9 and R10 Districts. However, this Chapter shall not apply within any Special Purpose District, nor shall it apply to any #development# pursuant to the Quality Housing Program, except as otherwise set forth herein.~~

An application to the Department of Buildings for a permit respecting any new #development# shall include a plan and an elevation, drawn to a scale of at least one sixteenth inch to a foot, of the new #building# and #buildings# on #contiguous lots# or #contiguous blocks# showing #arcades#, #street wall# articulation, curb cuts, #street# trees, sidewalk paving, a central refuse storage area and such other necessary information as may be required by the Commissioner of Buildings.

26-~~01~~*12*
General Provisions
In harmony with the general purposes and intent of this Resolution and the general purposes of ~~this Chapter~~ *Section 26- 10,* the regulations of ~~this Chapter~~ *Sections 26-13 through 26-17, inclusive,* are intended to:

1) guide the location of arcades to assure horizontal continuity of new developments with existing building arcades and to maintain visual continuity at street level;

2) require transparency and/or articulation of front walls to improve the visual quality of the street;

3) provide for street tree planting in order to enhance the visual character of the neighborhood;

4) ~~require decorative paving to~~ improve the quality of the street environment;

5) limit the number and location of curb cuts, minimizing undue conflict between pedestrian and vehicular movements; and

6) eliminate trash on sidewalks by requirement central refuse storage areas within the zoning lot.

26-~~03~~*13*
Definitions

For the purposes of Sections 26-10 through 26-17, inclusive, the following definitions shall apply:

Development

~~For the purposes of this Chapter,~~ "Development" includes construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot# or an #enlargement# involving an increase in #lot coverage#.

Contiguous lot

~~For the purposes of this Chapter, a~~ *A* "contiguous lot" is a #zoning lot# which shares a common #side lot line# with the #zoning lot# of the #development#.

Contiguous block

~~For the purpose of this Chapter, a~~ *A* "contiguous block" is a #block# containing one or more #zoning lots# separated by a #narrow street# from the #block# containing the new #development#.

26-20
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive, for #developments# in R3, R4 and R5 Districts containing #private roads# constructed after (the effective date of this amendment), except where such #developments# consist entirely of #single-family detached residences#.
The regulations of this Section are intended to:

(a) optimize vehicular access within a #development# containing #private roads#;

(b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;

(c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and,

(d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

26-21
Requirements for Private Roads
A #private road# shall consist of a paved road bed with a minimum width of 38 feet from curb to curb along its entire length, except as may be increased by the Fire Department pursuant to Section 26-26 (Fire Department Review) or modified by the City Planning Commission pursuant to Section 26-27 (Modification and Waiver Provisions). However, the entrance to any #group parking facility# may be less than 38 feet in width for a distance not to exceed 20 feet. Furthermore, #private roads# may contain landscaped medians provided the paved area of such #private road# is at least 38 feet in width exclusive of such medians.

26-22
Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

26-23
Requirements for Planting Strips

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

26-24
Requirements for Sidewalks

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a building wall facing it.

26-25
Requirements for Open Areas Between Required Sidewalks and Buildings

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of

at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

26-26
Fire Department Review
No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include an increase in the required amount of paved roadway.

26-27
Modification and Waiver Provisions

The City Planning Commission may, by authorization, allow modifications to or waivers of the requirements of this Section 26-20, inclusive, provided that:

a) such modifications or waivers will enhance the design quality of the #development#,
b) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed, and
c) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan than would not be feasible with a wider road bed.

The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

Chapter 7
Special Regulations

* * *

37-10
Applicability of Article II, Chapter 6, to Developments with Private Roads
In C1 or C2 Districts mapped within R3, R4 or R5 Districts, and in C3 Districts, the provisions of Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS) shall apply to any #development# containing a #private road#. In addition, the open area between buildings and sidewalks required pursuant to Section 26-25 need not be planted where such open areas front upon #commercial uses#.

* * *

Article VII
Chapter 3
Special Permits by the Board of Standards and Appeals

* * *

73-69
Developments in Unimproved Streets
In all districts, where #development# consists in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the Board of Standards and Appeals may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution, and provided such #development# does not contain #private roads#. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#, and the #development# as a whole shall comply to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped.

* * *

Article VII
Chapter 4
Special Permits by the City Planning Commission

* * *

74-97
Waiver of Bulk Regulations for Developments within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, for #developments# with #private roads# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, the City Planning Commission may permit the waiver of #bulk# regulations affected by such #streets# where such #development# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the portion of the #development# to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be so necessary to address #non-compliance# resulting from the location of the #development# within and outside the unimproved #streets#. The City Planning Commission shall find that the unimproved #streets# are not necessary for present or future transportation needs, that, through the grant of such waivers, the development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private street# system results in a good site plan.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

(CORRECTED NOTICE)

LEGAL REPRESENTATION IN MEDICAL MALPRACTICE CASES, RISK MANAGEMENT AND RELATED SERVICES – Negotiated Acquisition – PIN# 02501X000718 – DUE 11-09-01 AT 5:00 P.M. – The New York City Law Department seeks Expressions of Interest ("EOI"s) from, and intends to enter into negotiations with, qualified law firms for the above-captioned services, which include legal representation in medical malpractice cases brought against the NYC Health and Hospitals Corporation (HHC), physicians and other providers employed by HHC and/or its affiliates, and the provision of risk management services, including pre-litigation investigations, in-service lectures, consultation in regulatory matters, and representation in medical staff and professional disciplinary proceedings and patient care matters. It is projected that the term of the proposed contracts will commence as of March 1, 2002 and continue through February 28, 2007. However, the City may decide to contract for a shorter term. The following minimum qualification requirements apply to this procurement: all attorneys assigned to perform services under contract must be members in good standing of the New York State Bar, and the firm must agree that, if awarded a contract, it will not engage in the litigation of medical malpractice cases as counsel for plaintiff except in exceptional circumstances and only with prior written Law Department approval. The Department intends to enter into contracts with approximately five firms, each having (1) substantial experience in the defense of high-exposure medical malpractice cases, (2) substantial experience providing risk management and related services, and (3) substantial personnel and other resources enabling the firm to handle a large volume of medical malpractice cases and risk management and related services. Law firms wishing to be considered for contract award must submit one original and five copies of a written EOI to Tom Dowling, Contracts and Real Estate Division, New York City Law Department, 350 Jay Street, Brooklyn, New York, 11201-2908 (Attention: Tom Dowling; Phone: 718-875-5036) by the above-stated deadline. The EOI should be organized under the three above-specified criteria and be in the form of a firm resume that describes and demonstrates in detail and with specificity that the firm has the above-specified experience and resources. Firms whose EOIs are determined to be within a competitive range of technical merit will receive a detailed questionnaire, the written responses to which will be utilized by the Department to make subsequent decisions regarding the award of contracts. Contract award will be made by the Negotiated Acquisition method of source selection, pursuant to PPB Rules §3-04, because this procurement is for legal services.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CNG STATION PARTNERSHIP AGREEMENT – Request for Expressions of Interest – PIN# 84102MBAD391 – DUE 10-12-01 AT 4:00 P.M. – The NYCDOT Office of Alternative Fuel Programs intends to provide natural gas fueling equipment valued at $225,000, for the purpose of cost sharing the development of three (3) publicly accessible compressed natural gas (CNG) fueling stations.

The office is requesting Expressions of Interest from parties interested in entering this type of public/private partnership agreement. Qualifications include three (3) years experience in the siting and development of natural gas fueling stations; pre-determined contractual agreements with various gasoline retail locations and express permission to build the station on that locations property; and the ability to act as a billing agent for fuel used by City vehicles under pre-arranged contracts with Keyspan and Consolidated Edison. One of the stations must be located in the borough of Manhattan and a second station must be located in the South Bronx Environmental Justice area of Hunts Point. The preference for the third location is the borough of Brooklyn. All stations must be operational by September 1, 2002.

Any firm that believes it can provide the services listed above is invited to so indicate by letter, which must be received no later than October 12, 2001, 4:00 p.m., at NYCDOT Alternative Fuel Programs, 40 Worth Street, Room 829, New York, NY 10013 at (212) 442-7026 or by fax at (646) 248-0376.

This project is being undertaken as part of the settlement of a lawsuit brought against the City and the New York City Department of Sanitation by the United States for violations of the Clean Air Act.

LANDMARKS PRESERVATION COMMISSION

BINDING REPORTS

ISSUE DATE: 08/29/01	DOCKET #: 021361	SRB #: SRB 02-1590
ADDRESS: BEDFORD STREET, HISTORIC DISTRICT: GREENWICH VILLAGE	BOROUGH: MANHATTAN	BLOCK/LOT: **********

To the Mayor, the Council, and the Manhattan Borough Commissioner, NYC Department of Transportation. This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace four standard street lampposts on Bedford Street with three bishop's crook lampposts and to modify one standard M-2 traffic signal posts with coordinated decorative castings. The proposal is described on the application form, existing condition photographs, photomontage, and a drawing prepared by Spring City Electrical Mfg., all of which have been submitted as components of the application.

The Commission notes that the bishop's crook post was installed throughout the city beginning in the early 20th century. These posts remained in place into the 1960s.

The Commission finds that the existing standard lampposts and traffic signal posts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts; that they and the related modifications to the traffic signals are harmonious in scale, materials, design, and color with the character of the district, and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Greenwich Village Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

ISSUE DATE: 08/29/01	DOCKET #: 021362	SRB #: SRB 02-1589
ADDRESS: EAST 62ND STREET, From Fifth to Lexington Avenues, UPPER EAST SIDE	BOROUGH: MANHATTAN	BLOCK/LOT: **********

To the Mayor, the Council, and the Manhattan Borough Commissioner, NYC Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace eight standard street lampposts on East 62nd Street, between Fifth and Lexington Avenues, with bishop's crook lampposts. The proposal is described on the application.

The Commission notes that the Upper East Side Historic District was primarily developed in the late 19th and early 20th centuries, at the time that gas lighting was being replaced by cast-iron lampposts with electric lights, the most common type being the bishop's crook. These posts remained in place into the 1960s.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts; that they are harmonious in scale, materials, design, and color with the character of the district; that the installation will strengthen the historic character of the street and district; and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Upper East Side Historic District.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its archives.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ~~Strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, *and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:*

~~As a condition of granting a special permit for such community facilities, the Commission shall find that:~~

(a) ~~within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;~~

(~~b~~a) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;

(~~c~~b) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that ~~the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby~~ *such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;*

(~~d~~c) *where applicable,* adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

~~(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of right; and~~

~~(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.~~

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and

(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District.
The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Construction / Construction Services

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ~~Strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and 4*A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, *and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:*

~~As a condition of granting a special permit for such community facilities, the Commission shall find that:~~

(a) ~~within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;~~

(~~b~~a) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;

(~~c~~b) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that ~~the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby~~ *such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;*

(~~d~~c) *where applicable,* adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

~~(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and~~

~~(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.~~

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and

(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District.
The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ECONOMIC DEVELOPMENT CORPORATION

CONTRACT ADMINISTRATION AND PROCUREMENT

■ SOLICITATIONS

Construction / Construction Services

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million

OFFICE OF CONTRACTS AND PROCUREMENT

■ SOLICITATIONS

Human Services

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CNG STATION PARTNERSHIP AGREEMENT – Request for Expressions of Interest – PIN# 84102MBAD391 – DUE 10-12-01 AT 4:00 P.M. – The NYCDOT Office of Alternative Fuel Programs intends to provide natural gas fueling equipment valued at $225,000, for the purpose of cost sharing the development of three (3) publicly accessible compressed natural gas (CNG) fueling stations.

The office is requesting Expressions of Interest from parties interested in entering this type of public/private partnership agreement. Qualifications include three (3) years experience in the siting and development of natural gas fueling stations; pre-determined contractual agreements with various gasoline retail locations and express permission to build the station on that locations property; and the ability to act as a billing agent for fuel used by City vehicles under pre-arranged contracts with Keyspan and Consolidated Edison. One of the stations must be located in the borough of Manhattan and a second station must be located in the South Bronx Environmental Justice area of Hunts Point. The preference for the third location is the borough of Brooklyn. All stations must be operational by September 1, 2002.

Any firm that believes it can provide the services listed above is invited to so indicate by letter, which must be received no later than October 12, 2001, 4:00 p.m., at NYCDOT Alternative Fuel Programs, 40 Worth Street, Room 829, New York, NY 10013 at (212) 442-7026 or by fax at (646) 248-0376.

This project is being undertaken as part of the settlement of a lawsuit brought against the City and the New York City Department of Sanitation by the United States for violations of the Clean Air Act.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Name, Description and Location of Proposal:
79 Laight Street

The proposal involves an application by 79 Laight Street LLC for the following actions:

- an authorization pursuant to Zoning Resolution (ZR) Section 111-23 to modify the use regulations of Sections 111-101 to allow loft dwellings below the floor level of the third story of a building and 111-103(b) to allow loft dwellings on the upper floors in a building with a lot coverage exceeding 5,000 square feet in Area B-2 of the Special Tribeca Mixed Use District (N010731ZAM).
- a Certification by the Chairman of the City Planning Commission pursuant to ZR Section 111-20(c) to modify the rooftop open space requirements of Section 111-112 to allow less than the required square footage (N010732ZCM).

The proposed actions would facilitate a proposal to allow the conversion of an existing 6-story warehouse building to residential use. The building is located at 79 Laight Street (Block 217, Lot 6). The site is zoned M1-5, is located within the Special Tribeca Mixed Use District and is in the Tribeca North Historic District, Community District 1, Manhattan. The proposed building will contain 88,062 square feet of gross floor area consisting of 32 loft dwelling units, a superintendent's apartment and 4,257 square feet of roof top recreation space. The building is currently vacant and is undergoing an as-of-right conversion to office use. It is expected that the project would be completed in 2002.

The application includes a Certificate of Appropriateness from the Landmarks Preservation Commission (LPC) and a report stating that a continuing maintenance program has been established that will result in the preservation of 79 Laight Street, and that the proposed use modification contributes to a preservation purpose.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated October 4, 2001, prepared in connection with ULURP Nos. N010731ZAM, and N10732ZCM. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant agrees to comply with the recommendations presented in the letter dated September 12, 2001 from the New York City Department of Environmental Protection (NYC DEP) regarding hazardous materials conditions on the project site. The recommendations are as follows:

- Prior to starting the proposed renovation project, a complete lead-based paint and asbestos containing materials (ACM) survey should be conducted by qualified personnel. If these materials are identified/found, they should properly removed, handled, and disposed of in accordance with all applicable federal, state, and local regulations. Likewise, an appropriate health and safety plan (HASP) to protect the on-site workers from health risks associated with lead-based paint and ACM should be implemented. Dust controls measures should also be implemented by the on-site contractor to reduce/eliminate potential nuisance issues;
- Based on the proposed basement excavation activities, subsurface soils should be properly characterized for all potential contaminants which may exist in the fill material beneath the site. The collected soils samples should be analyzed by the NYSDOH ELAP certified laboratory for the presence of VOCs ans SVOCs by Methods 8260 and 8270 (not limited STARS analysis), PCBs by Method 8082, and Priority Pollutant Metals. The investigative sampling must be completed prior to starting the basement *excavation activities. The investigative findings will* determine if any remedial measures (i.e. disposal options, vapor barriers, etc.) would have to be implemented. Prior to starting the investigative field work, a detailed Soil Sampling Protocol and HASP should be submitted to DEP for review and approval.

As mentioned above, soil disturbance should not occur without DEP's written approval of the Soil Sampling Protocol and HASP. It is also important that the ACM/lead based paint investigation be completed.

The applicant agrees to notify DEP at least seven days prior to any environmental work conducted at the site.

Supporting Statement:

1. The subject site encompasses approximately 14,175 square feet and is occupied by a 6-story commercial warehouse structure. Although the existing warehouse structure had been utilized by the United States Sugar Company, since it was built in 1853, the building has been vacant for approximately 15 years. At this time, the developer proposes to convert the existing structure into a 33-unit residential loft apartment building. Based upon review of site plans and blueprints for the proposed construction project, it appears the subsurface soils would be disturbed during the process of lowering the basement floor (from ~6' bgs to ~8' bgs). Based upon the close proximity of the subject site to West Street and Hudson River, it is likely that the subsurface soils at the site consists of fill material. The building is currently undergoing conversion to as-of-right office use. The basement is being lowered approximately 4 feet. The lowering is approximately 90% completed. Although the Phase I Environmental Site Assessment (ESA) January 26, 2000 report prepared by Middleton, Kontokosta Associates, LTD. and attached to the EAS concluded that there were no recognized environmental concerns at the subject site, it is likely that, due to the age of the warehouse structure, both lead-based paints and suspect asbestos containing materials (ACM) are present within the subject building. According to historical records, the building has always been utilized as a warehouse and there have never been any storage tanks or transformers on site. In addition, it is likely that urban fill material (which typically displays concentrations of SVOCs, PCBs and Heavy Metals) exists beneath the site. Excavation of the basement slab could raise hazardous materials concerns.

   Implementation of condition #1 above would avoid the potential for significant adverse hazardous materials impacts.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

I, the undersigned, as the applicant or authorized representative for this proposal, hereby affix my signature in acceptance of the above conditions, modifications, and alterations to the proposed action.

Robert Dobruskin, Director
Environmental Assessment & Review Division

Joseph B. Rose, Chairman

LANDMARKS PRESERVATION COMMISSION

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
09/24/01	021542	SRA 02-1769

ADDRESS	BOROUGH:	BLOCK/LOT:
695 PARK AVENUE THOMAS HUNTER BUILDING - HUNTER COLLEGE UPPER EAST SIDE	MANHATTAN	1403 / 1

To the Mayor, the Council, and the Director of CUNY Capitol Programs.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has received a proposal for upgrading the plumbing and mechanical systems at the sub-cellar and cellar floors. The proposed also includes removing a 5' by 5' section of concrete along the East 67th Street facade, and replacing it in kind. The work is shown in drawings labeled P-4A, P-2, P-3, P-4, P-5, P-6, M-1, M-2, M-3 and dated July 20, 2001, prepared by Pasquale Concessi, P.E., and A-1 through A-11, dated May 22, 2001, prepared by Robert Daniel Moon, R.A.

The Commission notes that the Upper East Side Historic District Designation Report describes 695 Park Avenue, also known as 101 East 68th Street, as an International Modern style college building designed by the architectural firm of Shreve, Lamb and Harmon and constructed in 1938-41.

With regard to this proposal, the Commission finds that the removal of concrete portions of the sidewalk will not affect significant features of the building or the streetscape; that replacement sections of the sidewalk with concrete tinted and scored to match adjacent concrete will help provide a uniform appearance of the sidewalk at this building; and that the granite curb will remain intact. The Commission also finds that the interior work will have no effect on significant protected features of the building. Based on these findings, the proposed work is determined appropriate.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Kim Valente.

BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
07/31/01	020231	SRB 02-0751

ADDRESS	BOROUGH:	BLOCK/LOT:
1402 8TH AVENUE Fourteenth Regiment Armory INDIVIDUAL LANDMARK	BROOKLYN	1102 / 12

To the Mayor, the Council, and the Commissioner, Department of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for masonry repair and restoration including cleaning and repointing the brick; applying a graffiti resistant coating at the base of the building; replacing deteriorated bricks in kind; retooling, composite patching, or replacing in kind the bluestone; reconstructing the parapets to their historic level including crenelations and terra cotta and brick details; and removing a truck entrance on the south elevation, and restoring the bay to its historic appearance, matching the adjacent bays, as shown and described in drawings labeled "Keynotes," "East Elevation," "West Elevation," "North Elevation," and "South Elevation," dated June 7, 2001, and a letter dated June 8, 2001, prepared by Stein White Nelligan Architects, a memo from Joan Berkowitz, Project Conservator, dated March 2, 2001, and a spec sheet from L & M Construction Chemicals for Siloseal Anti-Graffiti Sealer.

In reviewing this proposal, the Commission notes that the designation report for this individual landmark states that 1402 8th Avenue, the 14th Regiment Armory, was designed by William A. Mundell in the castellated style and built in 1891-95. The Commission also notes that the building has been poorly maintained and as a result much masonry has deteriorated, particularly the bluestone which is severely exfoliated; and that the building has been altered in the past, including the lowering of the brick parapets and the installation of a truck entrance in a bay on the south elevation.

With regard to this proposal, the Commission finds in accordance with the provisions of Title 63 of RCNY,

Section 2-17, that the basis for the designs of the parapets and south elevation bay, is documented by photographic evidence and physical evidence on the building; and that the restoration will not cause the removal of significant historic fabric that may have been added over time. The Commission further finds that the masonry will be cleaned using the gentlest effective method; that new mortar joints will match the original in terms of color, texture, tooling and strength; that the graffiti resistant coating will not change the color of the brick, nor will it impart a glossy finish to the brick; that new bricks will match the color, texture, dimensions, shape and bonding pattern of the existing; that bluestone repairs and new bluestone will match the design, texture, details, color and tooling of the existing surface; and that reconstructing the parapets and the altered bay on the south elevation, will return these elements to their historic appearance, thus strengthening the architectural character of this individual landmark. Based on these findings, the Commission determines the proposed work to be appropriate to the landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. 10/02/01	017109	SRB 02-1904

ADDRESS	BOROUGH:	BLOCK/LOT:
222 EAST 79TH STREET YORKVILLE BRANCH, NY PUBLIC LIBRARY INDIVIDUAL LANDMARK	MANHATTAN	1433 / 37

To the Mayor, the Council, and the Department of Design and Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for roof repairs, including the removal and replacement of the flat roof; the demolition and reconstruction of the parapet wall at the minimally visible east and west elevations, and the non-visible south elevation including removal of the coping stone, brick, and stucco; repair of the roof girders, bearing plates, and roof drains; installation of through-wall flashing and expansion joints; and the replacement of the coping stone, brick, and stucco to match the existing; the removal and repointing of the mortar joints on the inside face of the north parapet wall; and the demolition and reconstruction of the top four feet of the non-visible chimney shaft; as shown in existing condition photographs, specifications, and drawing A1, dated September 7, 2001; prepared by Richard Brotherton, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the designation report describes 222 East 79th Street, the New York Public Library Yorkville Branch, as Palladian inspired, designed by James Brown Lord, and built in 1902.

With regard to the proposal, the Commission finds that the proposed work will not result in damage to, or demolition of, a significant architectural feature of the roof of the structure; that it will be minimally visible from a public thoroughfare; that the work will replace only masonry that is in deteriorated condition with new masonry matching the colors, textures, profiles, hardness, and dimensions of the existing; that the pointing mortar will match the existing in terms of composition, texture, color, profile, hardness, and tooling; that the work will help return the building to sound, watertight condition, while not altering the appearance; and that the work and repairs will help protect the building's facades and structure from further damage due to water infiltration. The Commission also finds that the existing stucco is damaged; that the new stucco will match the existing in terms of color, tooling, profiles, and hardness; and that the new stucco will not use wire lath or mesh to anchor onto the substrate.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. CITYWIDE N 010404 ZRY

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)
IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ~~Strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities

In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, *and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:*

~~As a condition of granting a special permit for such community facilities, the Commission shall find that:~~

(a) ~~within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;~~

(~~b~~a) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;

(~~c~~b) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that ~~the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby~~ *such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;*

(~~d~~c) *where applicable,* adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;
(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

~~(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and~~

~~(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.~~

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and

(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District.
The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.
The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.
This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are

met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

LOFT BOARD

■ NOTICE

Repeal of §1-06.1(a),(b); amendment of §2-05
NEW YORK CITY LOFT BOARD
ADOPTION OF FINAL RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, and pursuant to an affirmative vote of the New York City Loft Board taken at a duly noticed public meeting October 10, 2001, that the New York City Loft Board hereby adopts final rules repealing subdivisions (a) and (b) of section 1-06.1 of Title 29 of the Rules of the City of New York, relating to deadlines for filing initial registration applications and building-wide coverage applications; and amends section 2-05 of Title 29 of the Rules of the City of New York, relating to annual registration.

A duly noticed public hearing was held on October 10, 2001, affording the public opportunity to comment on the proposed amendments, as required by §1043 of the New York City Charter. Written comments were accepted through September 28, 2001.

Text added to the rules is shown underlined, and text deleted from the rules is bracketed. Text that is neither underlined nor bracketed remains unchanged.

These rules were published in the regulatory agenda.

Section 1-06.1 is amended as follows:

§1-06.1 Limitations on Applications. (a) [*Coverage.* Applications asserting claims to coverage under Article 7-C on behalf of a building not previously registered or found covered by the Loft Board must be filed with the Loft Board on or before (6 months from the effective date of this rule.) Thereafter, only coverage claims for additional units in buildings previously registered, found covered or subject to a timely coverage application, or on behalf of individuals seeking protected occupancy status in such buildings, may be made.] **Reserved.**

(b) [*Registration.* Except as otherwise ordered by the Loft Board based on a coverage application filed on or before (6 months from the effective date of this rule), initial registration applications must be filed with the Loft Board on or before (6 months from the effective date of the rule).] **Reserved.**

(c) *Rent Overcharges.* An application for rent overcharges shall be filed within four years of such overcharge. Overcharges shall not be awarded for the period prior to the date of filing of a coverage or registration application, nor for more than four years before the date on which the application for overcharge was filed.

(d) *Code compliance rent adjustment applications.* An application pursuant to §2-01(i)(2) for code compliance rent adjustments shall be filed by the time set forth therein.

Section 2-05 of Title 29 of the Rules of the City of New York is amended as follows:

§2-05 Registration.

[(For time limitations on filing registration applications, see §1-06.1 of the Loft Board rules).]

Statement of Basis and Purpose:

Subdivisions (a) and (b) of section 106.1 were promulgated on December 4, 1993 (and became effective six months later, on June 4, 1994). The Loft Board stated at the time that evidence to prove coverage was growing stale with the passage of time and therefore no new building-wide coverage cases or building registrations should be accepted at the Loft Board.

However, as a result of the decision in 180 Varick Street Corp. v. Center for Entrepreneurial Management, Inc. (NY Law Journal, Sept. 16, 1998), the Board repealed these provisions, since there was no purpose in maintaining the rule given the holding in that decision, which permits people to obtain coverage through judicial action.

The presence of a quorum was announced by the President Pro Tem (Council Member Spigner)

The Invocation was delivered by Reverend Father Stephanopoulos (Greek Orthodox Archdiocese, 8-10 East 79th Street, New York, N.Y. 10021)

INVOCATION

Oh give thanks unto the Lord, call upon his holy name, make known his deeds among the people, how beautiful upon the mountains and in the cities are the pede of them who bring good tidings, that publish peace and prosperity.

Almighty and everlasting God, from whom all thoughts of truth and order proceed, renew in us, we pray Thee, true love of the public trust, genuine concern for the public welfare, wise counsel for civic progress, righteousness and justice for all the people of our City and of our nation.

Lord, help this City Council to be your instruments of political unity, tranquility and justice. Purge diplomacy and commerce of all that it is based and mean, and hasten the day when nation shall not lift up might against other nation, nor learn war anymore.

Grant that each tribe and each people freed by justice to do justly and by mercy to be merciful, may live in peace and goodwill.

In the remembrance of Thy bounty and in the name of our forbearers, who endured so much that we might be free to serve all of humankind as one family, we give Thee praise and glory for ever and ever, Amen.

The Speaker (Council Member Vallone) Moved to spread the Invocation in full upon the Record.

COMMUNICATION FROM CITY, COUNTY & BOROUGH OFFICES

M-1245

Communication from the Staten Island Borough President - Submitting the name of John Merolo to the Council for its advice and consent regarding his reappointment to the City Planning Commission, pursuant to Section 192. a., of the New York City Charter.

June 27, 2001

Honorable Peter F. Vallone
Speaker and Majority Leader
The New York City Council
City Hall.
New York, N.Y. 10007

Dear Speaker Vallone:

Pursuant to New York City Charter Section 192.a., I hereby reappoint Mr. John Merolo as a member of the City Planning Commission, subject to the advice and consent of the City Council.

As you know, Mr. Merolo was appointed last June to complete the unexpired term of my previous appointee, Anthony Giacobbe. At that time, my selection was based on Mr. Merolo's independence, integrity and civil commitment, as well as his knowledge in the field of matters which would come before him as a commissioner. Having now been a member of the Commission for nearly one year, Mr. Merolo's record reflects that his service has been beyond reproach.

Since Mr. Merolo's original appointment to the Commission was confirmed unanimously and without delay, given his impeccable record during his time of service, I do not anticipate any difficulties with this reappointment.

Sincerely,

Guy V. Molinari

Referred to the Committee on Rules, Privileges and Elections.

Communication from the Taxi & Limousine Commission - Submitting its approval of an application for a renewal base station license West End Car & Limousine Service Corp., pursuant to Section 19-511(i), of the administrative code of the City of New York.

July 3, 2001

Hon. Peter F. Vallone
Speaker of the Council
City Hall
New York, NY 10007

Dear Speaker Vallone:

Pursuant to Administrative Code Section 19-511(i), the Taxi and Limousine Commission (TLC) must submit its approval of an application for a base station license to the City Council. Within ninety days of the first Stated Council Meeting following receipt of such determination, the Council may approve or disapprove such determination by local law, after having adopted a resolution to review that determination. In the event the Council fails to act by local law within the ninety-day period provided for in section 19-511.1, the determination by TLC shall remain in effect.

Enclosed is the TLC approval of the following base station renewal application:

West End Car & Limousine Service Corp.

If you or your staff have any questions with regard to the application, please feel free to contact me or Dana Shonk of my staff at 788-2902.

Sincerely,

Joshua D. Filler

Referred to the Committee on Transportation.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Finance

Int. No. 923

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the City of New York, in relation to the establishment of he East Mid-Manhattan business improvement district.

The Committee on Finance to which was referred on April 25, 2001 (Minutes, page 1155) the annexed local law respectfully

REPORTS:

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation which would establish individual business improvement districts.

Business Improvement Districts (BIDs) are specifically defined areas of designated properties. They use the City's real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those which the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID's additional services would be in the areas of security, sanitation, physical /capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by Chapter 4 of Title 25 of the Administrative Code, the City Council has already adopted Preconsidered Resolution 1873, which set the hearing date for the BID Plan and its enacting legislation for Wednesday, May 23, 2001.

Prior to the Council's action, on October 12, 2000, Community Board 5 in Manhattan adopted a favorable resolution with certain conditions regarding the establishment of the Bid; on November 8, 2000, Community Board 6 in Manhattan adopted a favorable resolution with certain conditions regarding the establishment of the BID; and on October 18, 2000, Community Board 8 adopted a favorable resolution with certain conditions regarding the establishment of the BID. The City Planning Commission ("CPC") reviewed the Plan and held a public hearing on the

Plan on November 15, 2000. The CPC approved a resolution on January 8, 2001 (Calendar No. 3), which certified the CPC's qualified approval of the Plan.

Preconsidered Resolution 1873, approved by the Finance Committee and adopted by the Council on April 25, 2001, set the date for this hearing and directed that all notice provisions contained in the law be complied with. Therefore, the Department of Business Services was directed to publish the Resolution or its summary in the City Record not less than ten nor more than thirty days before this Public Hearing and the East Mid-Manhattan District Management Association was directed to mail the Resolution or its summary to each owner of real property within the BID, to such other persons as are registered with the City to receive tax bills for property within the BID and to occupants of each building within the BID, also not less than ten nor more than thirty days before this Public Hearing.

The proposed first year budget, which includes all contributions in addition to assessments, is $1,650,000.00. The proposed expenditures include:

Services	Total Funds
Maintenance & Sanitation	$658,139
Safety, Security, Compliance	$207,536
Identity, Beautification, Marketing	$180,000
Homeless Outreach	$100,000
Traffic, Transportation Management	$ 60,000
Administration	$165,000
OTPS	$140,000
Contingency	$139,325
TOTAL PROPOSED BUDGET	$1,650,000

The Public Hearing to consider both the plan itself and the enacting legislation, according to the provisions of the law, is to be closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after this Public Hearing serves as an objection period. Any property owner may, during this time period, formally object to the Plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed valuation of all the benefited real property within the district object to the plan, then the City Council is prohibited, by law, from approving such plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;

2. Does all the real property within the district's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;

3. Is all real property benefited by the district included within the district?; and

4. Is the establishment of the district in the best interests of the public?

If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of such district are not filed, then the legislation can be adopted.

This local law takes effect after all requirements contained in chapter four of title 25 are complied with.

The hearing on Int. No. 923 was held on May 23, 2001, at which time testimony was heard in support of the establishment, of the East Mid-Manhattan BID. The legislation was laid over by the Committee, pending the completion of the 30 day objection period which ended at 5:00 p.m. on Friday, June 22, 2001. During such objection period, 15 objections were filed by nine different property owners (one owner filed objections on behalf of three properties and another filed objections on behalf of five properties). According to the City Clerk's office, two objections were filed after the close of the objection period.

The total assessed valuation of real property within the district is $2,411,048,9821, and the total number of property owners is 1855. The valid objections constitute 1.72% of the total assessed valuation in the district and the owners objecting to the establishment of the BID constitute .48% of the property owners in the district.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2002

FISCAL IMPACT STATEMENT:

	Effective FY2002	FY Succeeding Effective FY 2003	Full Fiscal Impact FY 2002
Revenues (+)	0	0	0
Expenditures (-)	0	0	0
Net	0	0	0

IMPACT ON REVENUES AND EXPENDITURES: This local law would result in no fiscal impact upon the City's revenues or expenditures. Under the Code proceeds authorized to be assessed by the District are collected by the City on behalf of the District. None of these proceeds are proceeds of the City and they may not be used for any purpose other than those set forth in the District's district plan. The East Mid-Manhattan Business Improvement District will be funded through an additional self-assessment by property owners within the district. The anticipated revenues from this self-assessment in Fiscal 2002 will be $1,650,000. This amount will cover the BID's expenses as proposed by its Fiscal 2002 Budget. The District proposes to expend the $1,650,000 in revenues on its first year's budget for area maintenance, sanitation, security, marketing and area promotion, general operation and administration and a contingency. Subsequent budgets will be determined on a yearly basis.

Reports of the Committee on Land Use

L.U. No. 1016

Report of the Committee on Land Use in favor of approving Uniform land use review procedure application no. C 010346 HAX, an Urban Development Action Area Designation, Project and the disposition of such property located at 1454, 1458 and 1460 Shakespeare Avenue, Borough of the Bronx, Council District no. 16. This matter is subject to Council review and action pursuant to §197-c and §197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which was referred on March 14, 2001 (Minutes page 720) the annexed Land Use resolution respectfully.

REPORTS:

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of 1454, 1458 and 1460 Shakespeare Avenue (Block 2872, Lots 111, 116 and 117), as an Urban Development Action Area;

   b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of 1454 and 1458 Shakespeare Avenue (Block 2872, Lots 111 and 116) to a developer selected by HPD.

The intent is to facilitate construction of a six story building, tentatively known as Shakespeare Senior Housing, with 78 units of housing for low income elderly, plus one superintendent's unit.

The Committee recommends that the Council approve the attached resolution and thereby approve the designation and project, make the findings required by

Article 16 of the General Municipal Law and approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2014

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 010346 HAX, approving the designation of 1454, 1458 and 1460 Shakespeare Avenue (Block 2872/Lots 111, 116 and 117), as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer selected by the Department of Housing Preservation and Development (L.U. No. 1016; C 010346 HAX).

By Council Members Eisland and Linares

Whereas, the City Planning Commission filed with the Council on June 18, 2001 its decision dated June 13, 2001 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 1454, 1458 and 1460 Shakespeare Avenue (Block 2872/Lots 111, 116 and 117, as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development for the construction of a six-story building with 78 units for elderly persons and one unit for the superintendent (the "Disposition") (ULURP No. C 010346 HAX) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on July 25, 2001;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

RESOLVED:

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 010346 HAX).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

Intent—HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law.

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2015

Resolution approving an Urban Development Action Area Project located at 554 West 53rd Street (Block 1081/part of Lot 1), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1091; 20015395 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 24, 2001 its request dated April 4, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 554 West 53rd Street (Block 1081/part of Lot 1), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on July 25, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

L.U. No. 1131

Report of the Committee on Land Use in favor of approving Application no. 20015440 HAQ, an Urban Development Action Area Project, located at 122-03 Long Street, Council District no. 27, Borough of Queens. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on June 18, 2001 (Minutes, page 2218) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, see report of the Committee on Land Use for L.U. No. 1091 printed in these Minutes.)

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2021

Resolution approving an Urban Development Action Area Project located at 122-03 Long Street (Block 12255/Lot 19), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1131; 20015440 HAQ).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 29, 2001 its request dated May 9, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 122-03 Long Street (Block 12255/Lot 19), Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on July 25, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The intent is to amend Zoning Map Section Nos. 12d and 16c in Brooklyn and Section Nos. 8c and 8d in Manhattan.

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2022

Resolution approving the decision of the City Planning Commission on ULURP No. C 010199 ZMY, a Zoning Map change (L.U. No. 1133).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 15, 2001 its decision dated June 13, 2001 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 010199 ZMY) (the "Application");

Whereas, the Application is related to Application N 000244 ZRY (L.U. No. 1134), a citywide zoning text amendment known as the Unified Bulk Program;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on July 25, 2001, recessed until July 26, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued on June 1, 2001 (CEQR No. 00DCP034Y);

RESOLVED:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impart statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.9.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map:

Section Nos. 12d and 16c in Brooklyn:

1. changing from a C5-2 District to a C5-2A District property bounded by Pierrepon Street, a line 100 feet westerly of Clinton Street, Livingston Street, a line perpendicular to the northerly street line of Livingston Street distant 218 feet westerly from the intersection of the northerly street line of Livingston Street and the westerly street line of Boerum Place, Joralemon Street, Court Street, Montague Street, and a line 100 feet westerly of Cadman Plaza West;

2. changing from a C6-4 District to a C5-2A District property bounded by Joralemon Street, a line perpendicular to the northerly street line of Livingston Street distant 218 feet westerly from the intersection of the northerly street line of Livingston Street and the westerly street line of Boerum Place, Livingston Street, and Boerum Place;

L.U. No. 1134

Report of the Committee on Land Use in favor of approving Zoning resolution amendment application no. 000244(B1), pursuant to §197-d and §200 of the New York City Charter, concerning changes in the text of the zoning resolution, Borough of Citywide, relating to an amendment to the Zoning Resolution of the City of New York to establish a unified set of bulk regulations.

The Committee on Land Use to which was referred on June 28, 2001 (Minutes, page 2368) the annexed Land Use Resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to the establishment of a unified set of bulk regulations.

The intent is to amend the Zoning Resolution to create: a unified set of density standards; a unified set of balcony standards; a special permit for reducing or eliminating bonused amenities and a certification for any reduction of open area on a lot containing a bonused amenity; and a new contextual C5-2A district.

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2023

Resolution approving the decision of the City Planning Commission on Application No. N 000244 (B1) ZRY, an amendment to the text of the Zoning Resolution regarding the establishment of a unified set of bulk regulations (L.U. No. 1134).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 15, 2001 its decision dated June 13, 2001 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution (Application No. N 000244 (B1) ZRY) (the "Application");

Whereas, the Application is related to ULURP Application C 010199 ZMY (L.U. No. 1133), an amendment to the Zoning Map;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on July 25, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued June 1, 2001 (CEQR No. 00DCP034Y);

RESOLVED:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impart statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.9.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Matter in Graytone (print) or Redline (screen) is new, to be added;
Matter in ~~Strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10.

12-10
DEFINITIONS

* * *

Bulk

"Bulk" is the term used to describe the size of #buildings or other structures#~~,~~ and their relationships to each other and to open areas and #lot lines#, and therefore includes:

(a) the size (including height and #floor area#) of #buildings or other structures#;

(b) the area of the #zoning lot# upon which a #residential building# is located, and the number of #dwelling units# or ~~#rooms#~~ #rooming units# within such #building# in relation to the area of the #zoning lot#;

* * *

~~Floor area per room~~

~~"Floor area per room" is the amount of the #residential floor area# required for each #room# in determining the number of #rooms# allowed in a #residential building# or the #residential# portion of a #building#.~~

~~The maximum #residential floor area# allowed by the applicable district regulations on such #zoning lot# shall be divided by the required #floor area per room# to determine the number of #rooms#, except for #community facility buildings# or #mixed buildings#.~~

~~For the purposes of room count for #community facility buildings# or #mixed buildings#, the "maximum residential floor area" is either:~~

~~(a) the maximum #floor area# permitted for #residential uses#; or~~

~~(b) the #floor area# permitted for the entire #building#, minus the #floor area# used for non-#residential uses#, whichever of (a) or (b) is less. Such resulting #residential floor area# on the #zoning lot# shall be divided by the required #floor area per room# to determine the number of #rooms#.~~

~~Such resulting #residential floor area# on the #zoning lot# shall be divided by the required #floor area per room# to determine the number of #rooms#.~~

* * *

~~Rooms~~

~~The number of "rooms" in a #dwelling unit#, for the purpose of complying with the #lot area# requirements, is computed in the following manner:~~

~~(a) The number of "living rooms," as defined in Section 4 of the Multiple Dwelling Law, is determined, except that:~~

~~(1) kitchens or other cooking spaces (without limit as to size) shall not be counted as "living rooms";~~

~~(2) dining alcoves, dinettes, or other dining spaces (without limit as to size) when not separated by walls or doors from other "living rooms" or cooking spaces, shall not be counted as "living rooms"; and~~

~~(3) dining rooms in #dwelling units# containing three or more bedrooms, and one or more other living rooms as herein computed shall not be counted as "living rooms,", except that such dining rooms may be counted in determining the degree of #non-compliance# under the provisions of Section 54-31 (General Provisions).~~

~~(b) The number of #rooms# to be counted in computing #lot area# requirements is then determined from the following table:~~

~~Number of "living rooms" as computed in paragraph (a)~~	~~#Rooms# to be counted~~
~~1~~	~~2 ½~~
~~2~~	~~3 ½~~
~~3~~	~~4 ½~~
~~4~~	~~5 ½~~
~~5~~	~~6 ½~~
~~6~~	~~7 ½~~
~~Additional~~	~~1 each~~

~~The number of #rooms# in a #rooming unit# shall be counted as two.~~

"Rooms" shall consist of "living rooms," as defined in the Multiple Dwelling Law.

* * *

Rooming Unit

A "rooming unit" consists of any "living room," as defined in ~~Section 4 of~~ the Multiple Dwelling Law, in a #residential building# or a #residential# portion of a #building#, that is:

(a) in a "class B multiple dwelling," a "rooming house," or a "furnished room house" as defined in ~~Section 4 of~~ the Multiple Dwelling Law; or

(b) used "for class B occupancy," as defined in ~~Section D26-1.7~~ of the Housing Maintenance Code; or

(c) used for "single room occupancy," as defined in ~~Section 4 of~~ the Multiple Dwelling Law; or

(d) occupied by a "boarder," "roomer" or "lodger," as defined in ~~Section D26-1.7 of~~ the Housing Maintenance Code, provided, however, that if not more than two such boarders, roomers or lodgers reside within a #dwelling unit#, the #room# or #rooms# occupied by such boarders, roomers or lodgers shall be counted as part of the #dwelling unit# and not be counted as #rooming units#; or

* * *

Special Atlantic Avenue District

The #Special Atlantic Avenue District# is a Special Purpose District designated by the letters "AA" in which regulations set forth in Article X Chapter 4, apply to all #zoning lots#. The #Special Atlantic Avenue District# appears on the #zoning maps# superimposed on other districts and its regulations supplement and modify those of the districts on which it is superimposed.

* * *

Special Coney Island Mixed Use District

The "Special Coney Island Mixed Use District" is a Special Purpose District designated by the letters "CO" in which special regulations set forth in Article X, Chapter 6, shall apply.

Special Downtown Brooklyn District

The "Special Downtown Brooklyn District" is a Special Purpose District designated by the letters "DB" in which special regulations set forth in Article X, Chapter 1, apply. There are two subdistricts within the #Special Downtown Brooklyn District#: the Atlantic Avenue Subdistrict and the Fulton Mall Subdistrict. The #Special Downtown Brooklyn District# appears on the #zoning maps# superimposed on other districts and its regulations supplement and modify those of the districts upon which it is superimposed.

* * *

~~Special Fulton Mall District~~

~~The "Special Fulton Mall District" is a Special Purpose District designated by the letters "FM" in which regulations set forth in Article XI, Chapter 5, apply to all #developments# within the Special District. The #Special Fulton Mall District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement and modify those of the districts on which it is superimposed.~~

Chapter 5
Residential Conversion of Existing Non-Residential Buildings ~~in Certain Community Districts in the Boroughs of Manhattan, Brooklyn, and Queens~~

* * *

15-00
GENERAL PURPOSES

~~In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, s~~Special regulations for the conversion to dwelling units of non-residential buildings or portions thereof, ~~erected prior to December 15, 1961,~~ have been established in order to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

* * *

15-011
Applicability within Special Districts

The provisions of this Chapter shall apply in any #Special Mixed Use District# as modified by Article XII, Chapter 3 (Special Mixed Use Districts).

The Preservation Area of the #Special Clinton District# is excluded from the applicability of the provisions of this Chapter.

Except as specifically set forth in Sections 15-013 and 15-026, the provisions of this Chapter are not applicable in the #Special Tribeca Mixed Use District#.

For the purposes of this Chapter, districts within the #Special Northside Mixed Use District# indicated on the #zoning map# as M(R) shall be considered #Manufacturing Districts#, and districts indicated on the #zoning map# as R(M) shall be considered #Residential Districts#.

15-012
Applicability within C6-1G, C6-2G, M1-5A or M1-5B Districts ~~or the Special Tribeca Mixed Use District~~

The conversion to #dwelling units# of non-#residential buildings#, or portions thereof, in C6-1G or C6-2G Districts shall be permitted only by special permit pursuant to Section 74-782 (Residential conversion within C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts).

Except as specifically set forth in Sections 15-013 and 15-026, the provisions of this Chapter are not applicable in M1-5A or M1-5B Districts ~~or in the #Special Tribeca Mixed Use District#~~.

* * *

15-10
REGULATIONS GOVERNING CONVERSIONS TO DWELLING UNITS OF NON-RESIDENTIAL BUILDINGS IN RESIDENTIAL AND COMMERCIAL DISTRICTS, EXCEPT C6-2M AND C6-4M DISTRICTS

15-11
Bulk Regulations

~~The #lot area# requirements of the following Sections are hereby superseded and replaced with the requirements of this Section for the conversion of non-#residential buildings# to #dwelling units#:~~

Sections 23-20 through 23-26 (DENSITY REGULATIONS REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM OR FLOOR AREA PER ROOM)

Section 24-20 (LOT AREA REQUIREMENTS FOR BUILDINGS USED PARTLY FOR RESIDENTIAL USE)

Sections 35-40 through 35-43 (APPLICABILITY OF LOT AREA REQUIREMENTS TO MIXED BUILDINGS); and

Section 54-31 (Enlargements or Conversions).

~~In addition,~~ For the conversion of non-#residential buildings# to #dwelling units#, the applicable density requirements shall be modified in accordance with the provisions of Section 15-111 (Number of permitted dwelling units), and the regulations governing #open space ratio#, #yards#, the minimum distance between two or more #buildings# on a single #zoning lot# and the minimum distance between windows and walls or #lot lines# ~~requirements~~ are hereby superseded and replaced by the requirements of Sections 15-112 (Light and air provisions) and 15-12 (Open Space Equivalent).

* * *

15-111
Number of permitted dwelling units

~~The number of #dwelling units# permitted is the total number calculated under paragraphs (a) and (b) of this Section, and may be distributed anywhere within the #building#, provided that any portions of a #dwelling unit# located in the #cellar# shall also comply with the provisions of Section 15-112.~~

~~(a) #Floor area# that does not exceed the maximum #residential floor area# permitted by the provisions of the applicable district may be converted to #dwelling units#. The number of #dwelling units# attributable to the #floor area# permitted under the provisions of the applicable district shall be determined by the following table:~~

~~MINIMUM AVERAGE FLOOR AREA PER DWELLING UNIT IN SPECIFIC ZONING DISTRICTS~~

~~Applicable District~~	~~Maximum #residential floor area ratio# permitted~~	~~Minimum average #floor area# per#dwelling unit# permitted~~
~~R4 or equiv.~~	~~1.50~~	~~615 sq. feet~~
~~R5 or equiv.~~	~~1.65~~	~~645 sq. feet~~
~~R6 or equiv.~~	~~2.43~~	~~700 sq. feet~~
~~R7 or equiv.~~	~~3.44~~	~~745 sq. feet~~
~~R8 or equiv.~~	~~6.02~~	~~790 sq. feet~~
~~R9 or equiv.~~	~~7.52~~	~~880 sq. feet~~
~~R10 or equiv.~~	~~10.00~~	~~900 sq. feet~~

(b) In existing non-#residential buildings#, that portion of the #floor area# that exceeds the #residential floor area# permitted by the provisions of the applicable district may be converted to #dwelling units#, provided that there shall be a minimum average of 1,800 square feet of gross #floor area# per #dwelling unit# in such excess #residential floor area#.

For #floor area# converted to public or publicly-assisted housing or #non-profit residences for the elderly#, as described in Section 25-25, there shall be a minimum average of 1,500 square feet of gross #floor area# per #dwelling unit# in such excess #floor area#.

However, in Manhattan, in all #Commercial Districts# with an R10 equivalent in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, except that portion of the #Special Lower Manhattan Mixed-Use District# that extends south of Murray Street, that portion of the #floor area# in existing non-#residential buildings# that exceeds the permitted #residential floor area# may be converted to #dwelling units#, provided that there shall be a minimum average of 900 square feet of gross #floor area# per #dwelling unit# in such excess #residential floor area#.

The provisions of paragraph (c) are incorporated into the new 15-11

(c) The requirements of paragraphs (a) and (b) of this Section may be replaced by the regulations of Section 15-026 for #dwelling units#:

(1) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or

(2) that the Loft Board determines were occupied for #residential use# on September 1, 1980.

No #building# that meets the density requirements of paragraphs (a) or (b) of this Section may subsequently add #dwelling units# except in accordance thereof. No #building# to which the regulations of Section 15-026 have been applied may subsequently add additional units except in accordance with the requirements of Section 15-111.

For the purposes of this Section only, mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #dwelling units# provided that the gross area of such mezzanine does not exceed 33 1/3 percent of the #floor area# contained within such #dwelling unit#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less, and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for the purpose of calculating the minimum required size of a #dwelling unit# or for calculating #floor area# devoted to #dwelling units#.

The maximum number of #dwelling units# permitted shall be determined in accordance with the applicable district regulations. However, where the total #floor area# on the #zoning lot# exceeds the maximum #floor area# permitted by the applicable district regulations, such excess #floor area# may be converted in its entirety to #dwelling units#. Such excess #floor area# shall be included in the amount of #floor area# divided by the applicable factor in [illegible] REGULATIONS.

For the conversion to #dwelling units# of non-#residential buildings# or portions thereof, pursuant to Section 74-711 (Landmark Preservation) in [illegible] #Manufacturing Districts#, the maximum number of #dwelling units# shall be the total #floor area# to be converted to #residential use# divided by the applicable factor listed in the following table. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one #dwelling unit#.

MAXIMUM NUMBER OF DWELLING UNITS

[illegible] District	[illegible]

C7, C8-1, C8-2, M1-1, M1-2, M2-1, M2-3, M3	680
C8-3, C8-4, M1-4, M1-5, M2-2, M2-4	740
M1-6	790

In addition, the following provisions shall apply:

No #building# shall be converted to #rooming units#. #Dwelling units# may be distributed anywhere within a #building# provided that any portion of a #dwelling unit# located in a #cellar# shall also comply with the provisions of Section 15-112 (Light and air provisions).

Mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #dwelling units# provided that the gross area of such mezzanine does not exceed 33 1/3 percent of the #floor area# contained within such #dwelling unit#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less, and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for the purpose of calculating the minimum required size of a #dwelling unit# or for calculating #floor area# devoted to #dwelling units#.

The density provisions of this Section may be replaced by the regulations of Section 15-026 for #dwelling units# that are registered Interim Multiple Dwellings or are covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law or that the Loft Board determines were occupied for #residential use# on September 1, 1980.

15-112
Light and air provisions

(a) For the purposes of this Section, a "living room" is defined by Section 4 of the Multiple Dwelling Law.

(b)(a) Spaces other than "living rooms" #rooms#:

(1) Mezzanines shall be lit and ventilated in accordance with the provisions of subarticle 1202.0 and subarticle 1205.0 of the Administrative Code.

(2) #Cellar# space is not permitted in #dwelling units# with three and one half #rooms# or fewer, unless such #dwelling units# contain at least 1,200 square feet of interior #floor area#.

(3) Spaces, other than "living rooms", kitchens, bathrooms or mezzanines, with a minimum width of ~~5~~ five feet in the narrowest dimension measured perpendicular to a wall enclosing such space, are not permitted in #dwelling units# with three and one half #rooms# or fewer, unless such #dwelling units# contain at least 1,200 square feet of interior #floor area#.

~~(c)~~(b) Every #dwelling unit# shall meet the light and air requirements of Section 277 of the Multiple Dwelling Law.

~~(d)~~(c) Width to depth ratio

Where there is more than one #dwelling unit# per #story#, the average width of each #dwelling unit# shall be at least one fourth of the depth. Depth is the farthest point within the #dwelling unit# from the exterior building wall containing windows used to meet the requirements of ~~Section 15-112~~ paragraph ~~(c) (Light and air provisions),~~ (b) of this Section measured perpendicular to such building wall. Width is the distance between exterior #dwelling unit# walls measured perpendicular to the depth.

* * *

15-20
REGULATIONS GOVERNING CONVERSIONS TO DWELLING UNITS OF NON-RESIDENTIAL BUILDINGS IN C6-2M, C6-4M, M1-5M ~~and~~ AND M1-6M DISTRICTS

(a) The #lot area# requirements of the following Sections are hereby superseded and replaced with the requirements of Sections 15-21 and 15-22 for the conversion of non-#residential buildings# to #dwelling units#:

Sections 23-20 through 23-26 (DENSITY REGULATIONS ~~REQUIRED LOT AREA PER DWELLING UNIT, LOT AREA PER ROOM OR FLOOR AREA PER ROOM~~);

~~Section 24-20 (LOT AREA REQUIREMENTS FOR BUILDINGS USED PARTLY FOR RESIDENTIAL USE);~~

Section 24-20 (APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES);

Sections 35-40 ~~through 35-43 (APPLICABILITY OF THE LOT AREA REQUIREMENTS TO MIXED BUILDINGS);~~ (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS); and

Section 54-31 (Enlargements or Conversions).

In addition, the regulations governing #open space ratio#, #yards#, the minimum distance between two or more #buildings# on a single #zoning lot# and the minimum distance between windows and walls or #lot lines# ~~requirements~~ are hereby superseded and replaced by the requirements of Sections 15-23 and 15-24.

(b) In C6-2M, C6-4M, M1-5M and M1-6M Districts, the requirements of Section 15-21 (Use Regulations - Transfer of Preservation Obligations and Conversion Rights) may be waived by authorization of the City Planning Commission in connection with the conversion of all or any portion of a non-#residential building# to a #residential use#, provided that:

* * *

(4) such non-#residential buildings# or portions thereof, being converted to #residential use#, shall comply with the ~~#residential floor area per room#~~ density requirements set forth in Section 74-711 (Landmark preservation in all districts), paragraph (a)(3).

~~R2X~~ R1 R2 R3 R4 R5

In the districts indicated, balconies ~~which~~ that are:

(a) ~~are~~ unenclosed except for a parapet not exceeding 3 feet, 8 inches in height, or a railing not less than 50 percent open and not exceeding 4 feet, 6 inches in height; and

(b) ~~are~~ located at or above the floor level of the second #story# provided that such balcony is not lower than seven feet above #curb level# or adjacent natural grade, whichever is higher;

may, as permitted in this Section, project into or over any required open area set forth in the following sSections:

(1) #front yards#, as defined in Section 12-10 (DEFINITIONS);

(2) #rear yards# or #rear yard equivalents#, as defined in Section 12-10;

(3) #open space#, as defined in Section 12-10, excluding:

(i) #side yards#, as defined in Section 12-10;

(ii) required minimum dimensions of #courts#, as defined in Section 12-10;~~—~~ and as set forth in Section 23-80 (COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES); and

(iii) required distances between #buildings#, as set forth in Section 23-71 (Minimum Distance Between Buildings on a Single Zoning lot).

If the depth of the #front yard# is greater than 12 feet, balconies may project six feet into such #front yard# provided that, in ~~R2X~~ R1, R2 or R3 Districts, the aggregate length of such balconies does not exceed 50 percent of the length at that level of the plane surface of the building wall from which they project and, in R4 or R5 Districts, such aggregate length does not exceed 67 percent.

If the depth of the #front yard# is 12 feet or less, balconies may project to a distance equal to one-half the depth of such #front yard# provided the aggregate length of such balconies does not exceed 50 percent of the length at that level of the plane surface of the building wall from which they project.

Balconies may, by a distance not to exceed eight feet, project into a #rear yard# or other #open space# not specifically excluded ~~above~~ in paragraphs (2) and (3) of this Section. At the level of the second #story#, the aggregate length of such balconies is not limited but at the level of the third #story# or higher such aggregate length shall not exceed 50 percent of the length at that level of the plane surface of the building wall from which the balconies project.

In addition, balconies may be enclosed by building walls provided that at least 33 percent of the perimeter of such balcony is unenclosed except for a parapet not exceeding 3 feet, 8 inches in height, or a railing not less than 50 percent open and not exceeding 4 feet, 6 inches in height. The portion of a balcony enclosed by building walls shall not exceed six feet in depth.

Balconies in R6 through R10 Districts

R6 R7 R8 R9 R10

In the districts indicated, balconies may project into or over any required open area within an #urban plaza#, a #rear yard#, an #initial setback distance#, any open areas not occupied by #towers#, any required side or rear setbacks, or any required #open space#, provided that such balcony:

(a) shall not project by a distance greater than seven feet ~~as measured~~ from the plane surface of the building wall from which it projects;

(b) shall not project into the minimum required distance between #buildings# on the same #zoning lot#;

(c) shall not cover more than ten percent of the area designated as outdoor recreation space pursuant to Section 28-30 (RECREATION SPACE AND PLANTING AREAS);

(d) shall be unenclosed except for a parapet not exceeding 3 feet 8 inches in height or a railing not less than 50 percent open and not exceeding 3 feet 8 inches in height. However, such balconies may be recessed into a building wall up to a maximum depth of six feet provided that at least 25 percent of the perimeter of such balcony is unenclosed except for a parapet or railing;

(e) shall be located at or higher than the floor level of the third #story# above #building#, or at least 20 feet above #curb level#, except that for #residential buildings# not more than 32 feet in height, such balcony may be located at or higher than the floor level of the second #story#, provided that such balcony is located not lower than seven feet above #curb level# or seven feet above natural grade, whichever is higher; and

(f) shall have an aggregate length, at the level of any #story#, not exceeding 50 percent of the length at that level of the plane surface of the building wall from which it projects.

Existing Public Amenities For Which Floor Area Bonuses Have Been Received

(a) Elimination or reduction in size of non-bonused open area on a zoning lot containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #plaza# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

(b) Nighttime closing of existing public open areas

In all #Residence Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #plaza#, #plaza#-connected open area or #residential plaza# for which a #floor area# bonus has been received, pursuant to Section 37-06 (Nighttime Closing of Existing Public Open Areas).

~~(a)~~(c) Elimination or reduction in size of existing public amenities

In all districts, no existing #plaza#, #plaza#-connected open area, #residential plaza#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been ~~received~~ utilized, shall be eliminated or reduced in size ~~without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#.~~ except by special permit of the City Planning Commission, pursuant to Section 74-763 (Elimination or reduction in size of existing public amenities)

33-124
Existing public amenities for which floor area bonuses have been received

(a) Elimination or reduction in size of non-bonused open area on a zoning lot containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #plaza# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

(b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within a #plaza# or #plaza#-connected open area for which a #floor area# bonus has been received by certification of the City Planning Commission, pursuant to Section 37-05 (Improvement of Existing Plazas or Plaza-Connected Open Areas).

(c) Nighttime closing of existing public open areas

In all #Commercial Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #plaza#, #plaza#-connected open area, #residential plaza# or #urban plaza# for which a #floor area# bonus has been received, pursuant to Section 37-06 (Nighttime Closing of Existing Public Open Areas)

~~(a)~~(d) Elimination or reduction in size of existing public amenities

In all #Commercial Districts#, no existing #plaza#, #plaza#-connected open area, #residential plaza#, #urban plaza#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been ~~received~~ utilized, shall be eliminated or reduced in size, ~~without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#.~~ except by special permit of the City Planning Commission, pursuant to Section 74-763 (Elimination or reduction in size of existing bonused public amenities).

~~33-126~~
~~Special provisions for C5-2A Districts~~

~~In a C5-2A District, the provisions of Section 33-43 (Maximum Height of Walls and Required Setbacks), 33-44 (Alternate Front Setbacks), 33-45 (Tower Regulations) and 33-47 (Modification of Height and Setback Regulations) shall be inapplicable to any #development# or #enlargement#. No #floor area# bonuses are permitted. In lieu thereof, the following regulations shall apply to all such #developments# or #enlargements#.~~

~~(a) Mandatory #street walls#~~

~~The #street wall# of a #development# or #enlargement# having a frontage on a #wide street# shall be within 10 feet of the #street line#, or within 10 feet of a permitted #arcade's# supporting columns at the #street line#, for a height of 85 feet above the #curb level# or the full height of the #building#, whichever is less. The length of the mandatory #street wall# shall be at least 80 percent of the length of the #front lot line# along the #wide street#.~~

~~(b) Height and setback~~

~~Between a height of 85 feet and 120 feet above #curb level# a #street wall# may extend vertically without a setback. Above a height of 120 feet, all #street walls# shall be set back. The #initial setback distance# shall be 20 feet on a #narrow street# and 15 feet on a #wide street#. Above a height of 120 feet, the #building# shall not penetrate the #sky exposure planes# of 4.2 to 1 on a #narrow street# and 5.6 to 1 on a #wide street#. The #sky exposure planes# shall begin at a height of 85 feet above #curb level#.~~

~~(c) #Narrow street# frontages~~

~~The mandatory #street wall# and height and setback requirements shall also apply to all #developments# or #enlargements# along all #street lines# of #narrow streets# within 50 feet of their intersections with the #street lines# of #wide streets#. For the next 50 feet along the #street line# of a #narrow street#, the mandatory #street wall# and height and setback requirements are optional.~~

~~(d) Provision of pedestrian circulation space~~

~~All #developments#, or #enlargements# of more than 50 percent of the #floor area# existing on the #zoning lot# on July 21, 1983, shall provide a minimum of:~~

~~(1) one square foot of pedestrian circulation space for every 300 square feet of new #floor area#; or~~
~~(2) 200 square feet of pedestrian circulation space, whichever is greater.~~

~~The provisions of this paragraph shall not apply to a #zoning lot# which is an #interior lot# with frontage length of less than 80 feet.~~

~~The pedestrian circulation space shall be one or more of the following types:~~

~~for #corner lots# – sidewalk widening, arcade, corner arcade or corner circulation space~~

~~for #interior lots# – sidewalk widening, arcade or building entrance recess area.~~

~~Such pedestrian circulation spaces shall meet the requirements set forth in Section 37-073 (Design standards for pedestrian circulation spaces), except that references to #urban plazas#, subway connections and through block connections shall not be applicable within C5-2A Districts. Arcades and corner arcades shall not be subject to the standards set forth in Section 27-60 (ARCADES).~~

~~Owners of property on which pedestrian circulation spaces are provided shall be responsible for the maintenance of such spaces.~~

~~(e) Retail continuity~~

~~On #wide streets#, for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level, or within five feet of #curb level#, shall be limited to retail or personal service #uses# permitted by the district regulations but not including #uses# in Use Groups 6B, 6E, 9B, 10B, and 11 or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A #building's street# frontage shall be allocated exclusively to such #uses# except for lobby or entrance space, or one or more of the following pedestrian circulation spaces, subject to the mandatory #street wall# requirements of paragraph (a) of this Section: building entrance recess areas, corner arcades or corner circulation spaces conforming to the requirements and design standards of Section 37-073.~~

~~In no event shall the amount of #street# frontage on a #wide street# occupied by lobby space or entrance space or a building entrance recess exceed the greater of 40 feet or 25 percent of the building's total #street# frontage, exclusive of any frontage occupied by a corner circulation space or a corner arcade.~~

~~Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.~~

APPLICABILITY AND DEFINITIONS

34-01
Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #residential building# located on any #zoning lot# or portion of a #zoning lot# in any #Commercial District# in which such #building# is permitted. In addition, the #bulk# regulations of this Chapter or of specified Sections thereof also apply in other provisions of this Resolution where they are incorporated by cross reference.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI and XII.

~~All C5-2A Districts shall comply with the regulations of C5-2 Districts except as set forth in Section 34-114.~~

All C6-1A Districts shall comply with the regulations of C6-1 Districts except as set forth in Section 34-112.

Chapter 5

Bulk Regulations for Mixed Buildings in Commercial Districts

35-00

APPLICABILITY AND DEFINITIONS

35-01

Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #mixed building# located on any #zoning lot# or portion of a #zoning lot# in any #Commercial District# in which such #building# is permitted. When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed building#, the regulations set forth in Sections 35-21 to 35-23, relating to Applicability of Residence District Bulk Regulations to Mixed Buildings, in Sections ~~35-31 to 35-33~~ 35-30, inclusive, relating to Applicability of Floor Area and Open Space Regulations to Mixed Buildings, and in Sections ~~35-41 and 35-42, relating to the Applicability of Lot Area Requirements to Mixed Buildings~~ 35-40 (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS), shall apply as if such #buildings# were a single #mixed building#. In addition, the #bulk# regulations of this Chapter, or of specified Sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross-reference.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI and XII.

~~All C5-2A Districts shall comply with the regulations of C5-2 Districts except as set forth in Section 35-24.~~

All C6-1A Districts shall comply with the regulations of C6-1 Districts except as set forth in Sections 35-23 and ~~35-412~~.

In C1 and C2 Districts mapped within #Residence Districts# with a letter suffix, and in C1-6A, C1-7A, C1-8A, C1-8X, C1-9A, C2-6A, C2-7A, C2-7X, C2-8A, C4-2A, C4-3A, C4-4A, C4-5A, C4-5X, C4-6A, C4-7A, C5-1A, [redacted] C6-2A, C6-3A, C6-3X, C6-4A or C6-4X Districts, any #residential# portion of a #mixed building# shall comply with all of the regulations of Article II, Chapter 8 (Quality Housing Program), and the entire #building# shall comply with the applicable provisions of Article II, Chapter 8.

* * *

35-10

GENERAL PROVISIONS

Except as otherwise provided in this Chapter, ~~and except as otherwise provided in Article VIII, Chapter 2 (Special Lincoln Square District),~~ the portions of a #mixed building# used for #residential use# are subject to the #bulk# regulations set forth in Article II, Chapter 3, and the portions of a #mixed building# used for #commercial# or #community facility use# are subject to the #bulk# regulations set forth in Article III, Chapter 3.

Special provisions applying to #mixed buildings# are set forth in ~~Sections 35-21 to 35-23,~~ [redacted] inclusive, relating to Applicability of Residence District Bulk Regulations to Mixed Buildings, Sections ~~35-31 to 35-35,~~ [redacted] inclusive, relating to Applicability of Floor Area and Open Space Regulations to Mixed Buildings, Sections ~~35-41 and 35-42, relating to Applicability of Lot Area Requirements to Mixed Buildings~~ 35-40 (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS), Sections ~~35-51 to 35-54,~~ [redacted] inclusive, relating to Modifications of Yard Regulations for Mixed Buildings, and Sections ~~35-61 to 35-63~~, 35-60, inclusive, relating to Modifications of Height and Setback Regulations for Mixed Buildings.

~~In the #Special Midtown District#, certain provisions of this Chapter are modified as specifically set forth in Article VIII, Chapter 1.~~

Existing ~~Plazas, Plaza-Connected Open Areas, Arcades and Urban Plazas~~ Public Amenities for which Floor Area Bonuses Have Been Received

~~The following provisions shall apply, as indicated, to all #plazas#, #plaza#-connected open areas, #arcades#, and #urban plazas# for which #floor area# bonuses have been received:~~

(a) Elimination or reduction in size of non-bonused open area on a zoning lot containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #plaza# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

(b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within a #plaza# or #plaza#-connected open area for which a #floor area# bonus has been received, by certification of the City Planning Commission, pursuant to Section 37-05 (Improvement of Existing Plazas or Plaza-connected Open Areas).

(c) Nighttime closing of existing #plazas#, #plaza#-connected open areas and #urban plazas#

The Commission may, upon application, authorize the closing of an existing #plaza#, #plaza#-connected open area or #urban plaza#, for which a #floor area# bonus has been received, during certain nighttime hours, pursuant to Section 37-06.

~~(a)~~(d) Elimination or reduction of existing ~~#plazas#, #plaza# connected open areas, #arcades# or #urban plazas#~~ public amenities

No existing #plaza#, #plaza#-connected open area, #arcade#, ~~or~~ #urban plaza#, ~~or other public amenity~~, open or enclosed for which a #floor area# bonus has been ~~received~~ utilized, shall be eliminated or reduced in size ~~without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#.~~ except by special permit, pursuant to Section 74-763 (Elimination or reduction in size of bonused public amenities).

Bulk Regulations for Residential Uses in M1-D Districts

The following regulations shall apply to any new #building# or #residential enlargement# authorized pursuant to Section 42-47 (Residential Uses in M1-D Districts):

* * *

(b) ~~There shall be no more than one #dwelling unit# for every 675 square feet of total net #residential floor area# as defined in Section 28-02 (Definitions).~~ The maximum number of #dwelling units# shall equal the total #residential floor area# provided in the #building# divided by 675. ~~54-311~~

~~Buildings non-complying as to lot area per dwelling unit, lot area per room or floor area per room~~

~~If a #building# does not comply with the applicable district regulations on #lot area per dwelling unit# or #per room# (because the #lot area# of the #zoning lot# is smaller than required for the number of #dwelling units# or #rooms# on such #zoning lot#) such #building# may be converted (and, in a #building# used partly for #residential use# and partly for non-#residential use#, the #residential use# may be #extended#), provided that the deficiency in the required #lot area# is not thereby increased. (For example, a #non-complying building# on a #zoning lot# of 3,500 square feet, which before conversion required a #lot area# of 5,500 square feet and was therefore deficient by 2,000 square feet, can be converted to any combination of #dwelling units# or #rooms# requiring a #lot area# of no more than 5,500 square feet).~~

~~If a #building# does not comply with the applicable district regulations on #floor area per room# (because the #floor area# of the #residential building# or #use# within a mixed #use building# is smaller than required for the number of #rooms#), such #building# may be converted or the #residential use extended# in a mixed #use building# provided that the deficiency in the required #floor area# is not thereby increased.~~

~~In determining the required #lot area#, before conversion, for a #building# in an R5, R6, R7, R8, or R9 District which is #non-complying# as to the applicable required #open space ratio#, the required #lot area# shall be such as would be required for a #building# which has the applicable minimum required #open space ratio#.~~

~~In the case of a one-, #two-#, three-#family residential building# not more than 32 feet high in R4 or R5 Districts which received a certificate of occupancy prior to December 1, 1972 as set forth in Section 12-10 (DEFINITIONS) paragraph (i) of the #floor area# definition on the lowest #story#, is exempted from the #floor area per room# requirement.~~

~~In all zoning districts which mandate compliance with the Quality Housing Program the provisions of Article II, Chapter 8 shall apply to any #enlargement#, #extension#, or conversion.~~

~~54-311~~
Buildings non-complying as to density regulations

If a #building# or portion of a #building# has more #rooming units# than are permitted by the applicable district regulations, such #building# may be converted to #dwelling units# in accordance with the provisions of Section 15-111 (Number of permitted dwelling units).

Transient Hotels

In R10-H Districts, the City Planning Commission may permit #transient hotels#. Where a #building# in existence on December 15, 1961, is located on a #zoning lot#, a substantial portion of which is located in an R10-H District and the remainder in a #Commercial District#, the Commission may also permit the conversion of specified #floor area# within such #building# from #residential use# to #transient hotel use# without regard to the #floor area#, supplementary #use#~~, #lot area per room#~~ or ~~#floor area per room#~~ density regulations otherwise applicable in the #Commercial District#. The Commission may also allow any subsequent conversion of such specified #floor area# to and from #residential# or #transient hotel use# to occur without further Commission approval, subject to the conditions of the special permit.

Preservation of existing buildings within certain developments containing open areas.

* * *

(o) The basic #floor area ratio# for any new #development# on a #zoning lot# may be increased from 10.0 to 12.0 for complying with the provisions of this Section.

* * *

(3) The extent and period of years for which rent subsidies are provided over and above those required as relocation benefits under applicable governmental standards.

~~Any #development# under the provisions of this Section shall be eligible for a reduction of the #lot area per room# requirement as set forth in Section 23-22. Such reduction in #lot area per room# shall be at the rate of .255 square feet for every .10 increase of #floor area ratio# above 10.0. In no event shall such reduction exceed 17 percent of the applicable #lot area# requirements set forth in Section 23-22.~~

In no event shall a new #building# exceed 32 #stories# excluding the #basement# level.

* * *

74-844
Preservation of community facility uses within certain developments containing public open areas

For any #development# on a #zoning lot# a portion of which, exceeding 50 percent, is located in an R9 District, in a C1 or C2 District mapped within an R9 District or in a C1-8 or C2-7 District and the remaining portion of which is located in an R8 District, and which provides a new #community facility building# for an institution existing on the #zoning lot# prior to the #development# and which includes an open area for public use, the City Planning Commission upon application may allow the zoning district regulations applicable to the #zoning lot# including but not limited to #bulk# and parking to be changed as set forth in this Section and modify #yard#, height and setback, ~~#lot area per room#,~~ [illegible] and distance between #buildings# regulations in accordance with the provisions of this Section.

* * *

~~Any #development# under the provisions of this Section shall be eligible for a reduction of the #lot area per room# requirements as set forth in Section 23-22. Such~~

~~reduction in #lot area per room# shall be at the rate of .255 square feet for every .10 increase of #floor area ratio# above 10.0. In no event shall such reduction exceed 8.5 percent of the applicable #lot area# requirements set forth in Section 23-22. The #lot area# requirements of Section 35-412 shall not apply~~. At any level at which a #building# within the #development# penetrates an established #sky exposure plane# such #building# shall not in the aggregate, occupy more than 45 percent of the #lot area# of the #zoning lot#.

Residences for ~~the Handicapped~~ People With Disabilities

In C6-2 Districts, for any #development# designed as a residence for ~~the handicapped~~ people with disabilities, the City Planning Commission may, by special permit~~, after public notice and hearing, subject to Board of Estimate action,~~ modify the applicable height and setback regulations, #open space# and ~~#lot area per room#~~ density requirements, regulations pertaining to permitted obstructions in required #yards#, and #accessory# parking requirements, and may increase, to a maximum of 7.2, the allowable #residential floor area ratio# on the #zoning lot# in accordance with the provisions of this Section. For purposes of this Section, a "residence for ~~the handicapped~~ people with disabilities" is defined as a #residence# occupied at least 75 percent by ~~handicapped~~ disabled individuals or by households at least one of the members of which is ~~handicapped~~ disabled, and the remainder by individuals sixty-two years of age or older or by households at least one of the members of which is sixty-two years of age or older, and by the staff of such #residence#, ~~and which~~ that:

(a) contains #dwelling units# especially designed for ~~handicapped~~ disabled persons and reserved for use as residences for the ~~handicapped~~ disabled for a period of not less than 40 years;

* * *

As a condition for such special permit, the Commission shall make the following findings:

(1) that the Mayor's Office for ~~the Handicapped~~ People with Disabilities, which may consult with other appropriate City agencies, has certified that the organization making the application for the special permit for the proposed residence for ~~the handicapped~~ people with disabilities is a responsible group dealing with the needs of the ~~handicapped~~ disabled;

(2) that the Commission in consultation with the Mayor's Office for ~~the Handicapped~~ People with Disabilities and/or other appropriate City agencies has determined that the special features and facilities are appropriate to the needs of the intended ~~handicapped~~ disabled residents of the #development#;

* * *

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purposes of this Section, the term ~~"handicapped"~~ "disabled" shall be applicable to any person who in the determination of the New York City Commissioner of Health has an impairment which is expected to be of long-continued and indefinite duration, is a substantial impediment to his or her ability to live independently, and is of a nature that such ability could be improved by more suitable housing conditions.

77-25

~~Lot Area Requirements~~ Density Requirements

~~In all #Residence Districts#, the #lot area per dwelling unit#, per #rooming unit# or #per room#, or #lot area# for #commercial# or #community facility uses#, required for the #building# or #buildings# on the #zoning lot# shall be computed separately for that portion of the #zoning lot# located in each district under the applicable regulations of the Chapters, as indicated in the following table. The total #lot area# of the #zoning lot# shall not be less than the sum of such required #lot areas# so computed.~~

~~The total number of #dwelling units#, #rooming units# or #rooms# permitted on the #zoning lot# shall not exceed the sum of the #dwelling units#, #rooming units# or #rooms# permitted on each portion of the #zoning lot# in accordance with the applicable district regulations for such portion. Such #dwelling units#, #rooming units# or #rooms# may be located wherever a #building# is permitted on a #zoning lot#, provided that on no portion of the #zoning lot# shall there be more than 150 percent of the number of #dwelling units#, #rooming units# or #rooms# permitted in the applicable district regulations for such portion. However, for portions of #zoning lots# within an R2X, R3-1, R3A, R3X, R4-1, R4A or R4B District not subject to the provisions of Section 77-11, the number of #dwelling units# in such portion shall not exceed the maximum density permitted by the applicable district regulations.~~

~~However, for #buildings developed#, #enlarged#, #extended# or converted pursuant to the Quality Housing Program, the #dwelling units# or #rooming units# may be located wherever a #building# is permitted on the #zoning lot#.~~

~~In applying this provision, the density bonus permitted for #residential plazas#, #urban plazas# or #arcades#, under the applicable regulations of this Resolution, shall apply only to such #residential plazas#, #urban plazas# or #arcades#, as are located in a district in which such bonus is granted.~~

~~For #buildings developed#, #enlarged#, #extended# or converted for #residential use# on #zoning lots# in which a district boundary divides the #zoning lot# into portions subject to #lot area per dwelling unit# or #rooming unit# requirements, and portions subject to #lot area per room# requirements, the entire #zoning lot# shall be subject to #lot area per dwelling unit# or #rooming unit# requirements. For portions of such #zoning lots# in R6 through R10 Districts without a letter suffix, such requirements shall be those of Quality Housing #buildings# as set forth in Sections 23-223, paragraph (c), or 23-225, paragraph (c).~~

~~In all #Residence Districts#, if a #building# is used partly for #residential uses# and partly for #community facility# or #commercial uses#, no #lot area# shall be counted twice in fulfillment of the requirements for #lot area per dwelling unit# per #rooming unit# or #per room# and for #lot area# for #commercial# or #community facility uses#.~~

~~Regulations applying to #lot area per dwelling unit#, per #rooming unit# or #per room# requirements are set forth in the Chapters indicated:~~

~~District~~	~~Type of #Use#~~	~~Article~~	~~Chapter~~
~~#Residence#~~	~~#Residential#~~	~~II~~	~~3~~
~~#Residence#~~	~~#Community Facility#~~	~~II~~	~~4~~
~~#Commercial#~~	~~#Residential#~~	~~III~~	~~4~~
~~#Commercial#~~	~~Mixed (#Residential# with #Commercial# or with #Community Facility#)~~	~~III~~	~~5~~

~~Whenever a #zoning lot# is divided by a boundary between districts with different density requirements, the maximum number of #dwelling units# or #rooming units# permitted on the #zoning lot# shall equal the sum of the maximum number of #dwelling units# or #rooming units# permitted for each portion of the #zoning lot# in accordance with the applicable district regulations. Such #dwelling units# or #rooming units# may be located wherever a #building# is permitted on the #zoning lot#. However, the provisions of this Section shall not apply within any R2X, R3-1, R3A, R3X, R4-1, R4A or R4B District.~~

(c) Alternate #floor area#, ~~and~~ #open space# ~~and density~~ regulations in R3, R4 or R5 Districts

In #large-scale residential developments# that utilize the bonus provisions of this Chapter, the #floor area ratio#, ~~and the~~ #open space ratio# ~~and the density~~ controls set forth in the following table shall apply in lieu of the #floor area ratio#, ~~and~~ #lot coverage# ~~and #lot area per dwelling unit#~~ controls of Article II, Chapter 3.

District	Open Space Ratio	#Floor# Area Ratio#	~~Density Controls (in square feet)~~	~~District~~
R3	150	.50*	~~375 square feet of #lot area per room#~~	~~R3~~
R4	80	.75*	~~205 square feet of #floor area per room#~~	~~R4~~
R5	40	1.25	~~215 square feet of #floor area per room#~~	~~R5~~

* The #floor area ratio# in the table above may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance per each foot of horizontal distance and the structural headroom of such #floor area# is between five and eight feet. Any such additional #floor area# under a sloped roof shall not be used to compute the #open space ratio#.

* * *

78-311
Authorizations by the City Planning Commission

When a #large-scale residential development# includes or will include after subdivision two or more #zoning lots#, the City Planning Commission may ~~upon application~~:

(a) Authorize the total #floor area#, #lot coverage#, #dwelling units#~~, #rooms#,~~ or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the #development# to be distributed without regard for #zoning lot lines#.

* * *

In the case of a #large-scale residential development#, for that portion of the #development# which is located in an R5 or R6 District, the Commission may authorize the permitted #floor area ratio#~~,~~ and required #open space ratio#~~, and required #lot area per room#~~ to be determined on the basis of a #height factor# which is different than the actual #height factor# of such portion of the #development#, for the purpose of achieving better site planning and community planning.

* * *

78-312
Special permits by the City Planning Commission

For any #large-scale residential development#, the City Planning Commission may permit:

(a) the total #floor area#, #lot coverage#, #dwelling units#~~, #rooms#~~ or #rooming units# permitted by the applicable district regulations or by Sections 78-32 (Bonus for Good Site Plan) or ~~Section~~ 78-33 (Bonus for Common Open Space) for all #zoning lots# within the #development# to be distributed without regard for #zoning lot lines#;

* * *

78-313
Findings

As a condition precedent to the granting of authorizations under the provisions of Section 78-311 (Authorizations by the Planning Commission) or a special permit under the provisions of Section 78-312 (Special permits by the Planning Commission), the Commission shall make the following findings:

(a) that such modifications will aid in achieving the general purposes and intent of this Chapter as set forth in Section 78-01 (General Purposes);

(b) that such distribution of #floor area#, #dwelling units#, ~~#rooms#,~~ #rooming units#, #open spaces#, locations of #buildings#, or location of primary business entrances, #show windows# or #signs# will permit better site planning and will thus benefit both the residents of the #development# and the City as a whole;

* * *

78-32
Bonus for Good Site Plan

In R1-2, R2 or R3-1 Districts, including #Commercial Districts# mapped within such #Residence Districts#, for any #large-scale residential development#, the Commission, by special permit, may ~~authorize~~ allow the #open space ratio# otherwise required for the #development# as a whole and for individual #zoning lots# therein to be reduced by not more than 10 percent ~~and the required #lot area per room#, or #lot area per dwelling unit#~~ [may allow the maximum number of #dwelling units# to be increased by not more than 10 percent, and may ~~authorize~~ allow the ~~permitted~~ maximum #residential floor area ratio# to be increased by not more than 7.5 percent, if the Commission finds that throughout the #development# the site plan provides a significantly better arrangement of the #buildings# in relation to one another and to their sites from the standpoints of privacy, access of light, organization of private #open spaces#, and preservation of important natural features than would be possible or practical for a #development# comprised of similar types built in strict compliance with the applicable district regulations.

78-33
Bonus for Common Open Space

In R3-1 Districts, including #Commercial Districts# mapped within such #Residence Districts#, for any #large-scale residential development#, the Commission, by special permit, may ~~authorize~~ allow the #open space ratio# otherwise required for such #development# as a whole to be reduced by not more than 20 percent ~~and the required #lot area per room# or #lot area per dwelling unit#~~ [may allow the maximum number of #dwelling units# to be increased by not more than 10 percent, and may ~~authorize~~ allow the ~~permitted~~ maximum #residential floor area ratio# to be increased by not more than 15 percent, provided that:

78-35
Special Bonus Provisions

78-351
Common open space *and* good site plan

The provisions of this Section shall not apply to any #zoning lot# subdivided for #development# to under four acres after January 1, 1972, nor to any #large-scale residential development# for which authorization has been granted by the City Planning Commission *prior* to July 31, 1972.

In R3-2 or R4 Districts, or in #Commercial Districts# in which #residential buildings# are governed by the #bulk# regulations of such #Residence Districts#, for any #large-scale residential development# which complies with the requirements of Section 78-34 (Special Permit Provisions for Certain Large-Scale Developments), the permitted #residential floor area ratio#, required #open space ratio# and ~~required #lot area per room#~~ density regulations for the #development# as a whole may be modified as set forth in this Section. At least 25 percent of the total required #open space# is to be provided in common areas meeting the requirements of Section 78-52 (Common Open Space). No portion of such common #open space# is to be used for driveways or off-street parking. The findings required in paragraph (e) of Section 78-313 (Findings) are to be satisfied.

District	Maximum #Floor Area Ratio#	Minimum #Open Space Ratio#
R3-2	.60	125.0
R4	1.00	66.5

~~The required #lot area per room# of an R3-2 District may be reduced to not less than 325 square feet.~~ The maximum number of #dwelling units# shall equal the total #residential floor area# permitted divided by the applicable factor in Section 23-20 (DENSITY REGULATIONS).

In R5 Districts, or in #Commercial Districts# in which #residential buildings# are governed by the #bulk# regulations of such #Residence Districts#, at least 25 percent of the total required #open space# is to be provided in common areas that meet the requirements of Section 78-52 ~~(Common Open Space)~~. No portion of such common #open space# is to be used for driveways or off-street parking. All findings required in paragraph (c) of Section 78-313 ~~(Findings)~~ are to be satisfied.

78-352
Bonus for community facility space

In R3-2, R4 and R5 Districts, or in #Commercial Districts# in which #residential buildings# are governed by the #bulk# regulations of such #Residence Districts#, for any #large-scale residential development# which complies with the provisions of Section 78-34 (Special Permit Provisions for Certain Large-Scale Developments), the permitted #residential floor area ratio#, required #open space ratio#, and required #lot area per room# for the #development# as a whole may be modified as set forth in this Section, provided floor space for #community facility use# and/or a program for improvement and maintenance for parks not included in the City capital budget is provided as required in paragraph (b) of this Section.

a) Permitted Floor Area Ratio and Required Open Space Ratio:

District	Maximum #Floor Area Ratio#	Minimum #Open Space Ratio#
R3-2	.70	102.0
R4	1.15	54.7
R5	1.45	37.7

~~The required #lot area per room# of an R3-2 District may be reduced to not less than 275 square feet.~~ The maximum number of #dwelling units# shall equal the total #residential floor area# permitted divided by the applicable factor in Section 23-20 (DENSITY REGULATIONS).

* * *

(c) In no event shall the total #floor area# for any #development# constructed pursuant to the Provisions Section exceed the maximum #floor area ratio# for #community facility uses# permitted by the applicable district regulations. ~~Furthermore, the provisions of Section 24-21 (Required Lot Area) shall not apply to such #development#.~~

* * *

~~78-354~~
~~Bonus for increased room size~~

~~In R3, R4 or R5 Districts, or in #Commercial Districts# in which #residential buildings# are governed by the #bulk# regulations of such #Residence Districts#, for any #large-scale residential development# which complies with the provisions of Section 78-34 (Special Permit Provisions for Certain Large-Scale Developments), the permitted #residential floor area ratio# may be increased over the amount earned by other provisions of Section 78-35 (Special Bonus Provisions) and the required #open space ratio# for the #development# as a whole decreased correspondingly as set forth in this Section provided that the #floor area per room# requirement is increased in accordance with the provision of this Section.~~

~~District~~	~~Increase in #Floor Area Ratio#~~	~~Decrease in #Open Space Ratio#~~	~~#Floor Area per Room# (in square feet)~~
~~R3-2~~	~~.10~~	~~20.4~~	~~220~~

Existing plazas or other public amenities

(a) Elimination or reduction in size of existing #plazas# or other public amenities

No existing #plaza# or other public amenity, open or enclosed for which a #floor area# bonus has been ~~received~~ [redacted], ~~pursuant to regulations antedating May 13, 1982,~~ shall be eliminated or reduced in size, ~~without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#,~~ except by special permit of the City Planning Commission, ~~subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Midtown District#. pursuant to Section 74-763 (Elimination or reduction in size of existing bonused public amenities)~~

(b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within a #plaza# or #plaza#-connected open area for which a #floor area# bonus has been received, by certification of the City Planning Commission, pursuant to Section 37-05 (Improvement of Existing Plazas or Plaza-connected Open Areas).

(c) Nighttime closing of existing #plazas#, #plaza#-connected open areas and #residential plazas#

The City Planning Commission may, upon application, authorize the closing of an existing #plaza#, #plaza#-connected open area~~,~~ or #residential plaza#, for which a #floor area# bonus has been received, during certain nighttime hours, pursuant to Section 37-06.

(d) Special provisions for certain #covered pedestrian spaces#

Transfer of development rights by certification

Within the Grand Central Subdistrict, the City Planning Commission may allow by certification:

(a) a transfer of development rights from a "granting lot" to a "receiving lot" in an amount not to exceed an FAR of 1.0 above the basic maximum #floor area ratio# allowed by the applicable district regulations on the "receiving lot,"; provided that a program for the continuing maintenance of the land~~mark~~ approved by the Landmarks Preservation Commission has been established; and

(b) in conjunction with such transfer of development rights, modification of the provisions of Sections 77-02 (Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution), 77-21 (General Provisions), 77-22 (Floor Area Ratio) and 77-25 ~~(Lot Area or Floor Area Requirements)~~ [redacted], as follows:

For any "receiving lot", whether or not it existed on December 15, 1961 or any applicable subsequent amendment thereto, #floor area# ~~or #rooms#~~, [redacted] permitted by the applicable district regulations which allow a greater #floor area ratio# may be located on a portion of such "receiving lot" within a district which allows a lesser #floor area ratio# provided that the amount of such #floor area# ~~or #rooms#~~, [redacted] to be located on the side of the district boundary permitting the lesser #floor area ratio# ~~or number of #rooms#~~ shall not exceed 20 percent of the basic maximum #floor area ratio# or ~~#rooms#~~ [redacted] of the district in which such #bulk# is to be located.

81-635
Transfer of development rights by special permit

Within the portion of the Subdistrict bounded by East 41st Street, East 48th Street, Lexington and Madison Avenues (the Grand Central Subdistrict Core Area as shown on Map 1 in Appendix A), the City Planning Commission may permit:

(a) a transfer of development rights from a "granting lot" to a "receiving lot" provided that the resultant #floor area ratio# (FAR) on the *"receiving lot"* does not exceed 21.6; and

(b) modifications of the provisions of Sections 77-02 (Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution), 77-21 (General Provisions), 77-22 (Floor Area Ratio) and 77-25 ~~(Lot Area or Floor Area Requirements)~~ [redacted] for any #zoning lot#, whether or not it existed on December 15, 1961 or any applicable subsequent amendment thereto, #floor area# ~~or #rooms#~~ [redacted] permitted by the district regulations which allow a greater #floor area ratio# may be located within a district ~~which~~ [redacted] allows a lesser #floor area ratio#;

81-746
Additional provisions for zoning lots divided by district or subdistrict core boundaries

(a) For any #zoning lot# which includes a "listed theater" as set forth in Section 81-742 (Listed theaters) or is or contains a "receiving site" pursuant to Section 81-744 (Transfer of development rights from listed theaters), and which is divided by a boundary between districts with different basic maximum #floor area ratios# as set forth in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings), the Chairperson of the City Planning Commission, by certification, shall allow modifications of the provisions of Sections 77-02 (Zoning Lots Not Existing Prior to Effective Date or Amendment of Resolution), 77-21 (General Provisions), 77-22 (Floor Area Ratio) and 77-25 ~~(Lot Area or Floor Area Requirements)~~ [redacted]

For any #zoning lot#, #floor area# ~~or #rooms#~~ ~~#dwelling units# or #rooming units#~~ permitted by the applicable district regulations on either side of the district boundary may be located on the other side of the district boundary, provided:

(1) the amount of such #floor area# to be located on either side of the district boundary shall not exceed 20 percent of the basic maximum #floor area ratio# of the district in which it is to be located;

(2) the number of such ~~#rooms#,~~ #dwelling units# or ~~#rooming units#~~ if any, to be located on either side of the district boundary shall not exceed the number permitted by the ~~#floor area per room# requirements as set forth in Section 81-242 (Density regulations for residential and mixed buildings);~~ applicable district regulations and

(3) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met for any listed theater on such #zoning lot#.

* * *

(b) Notwithstanding any other provisions of this Resolution, for any #zoning lot# which is divided by a boundary of the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) and for which the basic maximum #floor area ratio# as set forth in Section 81-211 is the same for both the portion within and the portion outside of the Theater Subdistrict Core, the applicable underlying #bulk# regulations shall be modified, as follows:

(1) #floor area#, including bonus #floor area#, ~~or #rooms#,~~ #dwelling units# or ~~#rooming units#~~ permitted by the applicable district regulations on that portion of the #zoning lot# within the Theater Subdistrict Core may be located on the portion of the #zoning lot# outside the Core, provided that the number of such #rooms#, if any, to be located outside of the Core shall not exceed the number permitted by the ~~#floor area per room# requirements as set forth in Section 81-242;~~ applicable district regulations and

(2) #floor area#, including bonus #floor area#, ~~or #rooms#,~~ #dwelling units# or ~~#rooming units#~~ permitted by the applicable district regulations on that portion of the #zoning lot# outside of the Theater Subdistrict Core shall not be located on the portion of the #zoning lot# within the Core.

Notwithstanding any other provision of this Resolution, for any #zoning lot# located wholly within the Theater Subdistrict and outside of the Theater Subdistrict Core that is divided by a boundary of the Eighth Avenue Corridor as defined in Section 81-71 (General Provisions and for which the basic maximum #floor area ratio# as set forth in Section 81-211 (Maximum floor area ratios for non-residential or mixed buildings) is the same for both the portion within and the portion outside of the Eighth Avenue Corridor, #floor area#, including bonus #floor area#, ~~or #rooms#,~~ #dwelling units# or ~~#rooming units#~~ permitted by the applicable district regulations may be located on either side of the Eighth Avenue Corridor boundary.

Chapter 1
Special Downtown Brooklyn District

101-00
GENERAL PURPOSES

The "Special Downtown Brooklyn District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Downtown Brooklyn by improving the working and living environments;

(b) to foster development in Downtown Brooklyn and provide direction and incentives for further growth where appropriate;

(c) to create and provide a transition between the Downtown commercial core and the lower-scale residential communities of Fort Greene, Boerum Hill, Cobble Hill and Brooklyn Heights;

(d) to encourage the design of new development that is in character with the area;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the vitality of Downtown Brooklyn;

(f) to improve the quality of new development in Downtown Brooklyn by fostering the provision of specified public amenities in appropriate locations;

(g) to improve visual amenity by establishing special sign regulations within the Fulton Mall and Atlantic Avenue Subdistricts; and

(3) to promote the most desirable use of land and building development for Downtown Brooklyn and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

101-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-302 (Definitions Specific to the Atlantic Avenue Subdistrict), or in this Section.

Development or to develop

For purposes of this Chapter, a "development" includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, the #use# of a tract of land for a new #use#, an #enlargement# or an #extension#.

To "develop" is to create a #development#.

(This definition was modified and moved from Section 115-01 (Definitions) within the former Special Fulton Mall District.)

101-02
General Provisions

The provisions of this Chapter shall apply to all #developments#, #enlargements#, #extensions#, alterations and changes of #use# within the #Special Downtown Brooklyn District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Whenever a #zoning lot# is divided by the boundary of the Special District, the requirements set forth in this Chapter shall apply, and shall apply only to that portion of the #zoning lot# within the Special District. *(This paragraph moved from Section 115-02)*

101-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Downtown Brooklyn District# Plan.

The District Plan includes the following six maps:

Map 1 Special Downtown Brooklyn District and Subdistricts
Map 2 Ground Floor Retail Frontage
Map 3 Street Wall Continuity
Map 4 Curb Cut Restrictions
Map 5 Street Tree Planting
Map 6 Schermerhorn Street Height Limitation Area

The maps are located within Appendix E (Special Downtown Brooklyn District Maps) of this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

101-04
Subdistricts

In order to carry out the provisions of this Chapter, two subdistricts are established within the #Special Downtown Brooklyn District#. In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Downtown Brooklyn District#. The subdistricts are outlined on Map 1 (Special Downtown Brooklyn District and Subdistricts) in Appendix E. Special regulations set forth in Sections 101-20 through 101-252, inclusive, shall apply to the Fulton Mall Subdistrict. Special regulations set forth in Sections 101-30 through 101-36, and Appendices A, B, C, D, inclusive, shall apply to the Atlantic Avenue Subdistrict. The subdistricts are also subject to all other regulations of the #Special Downtown Brooklyn District# and the underlying districts except as otherwise specified in the subdistrict regulations.

101-10
Special Use, Frontage and Fenestration Regulations

Map 2 in Appendix E of this Chapter specifies locations where the special ground floor #use#, frontage and fenestration regulations of this Section apply:

#Uses# located on the ground floor level or within five feet of #curb level# shall be limited to #commercial uses# listed in Use Groups 5, 6A, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C, where such uses are permitted by the underlying district or by the special regulations of Section 101-21 (Special Use Regulations for the Fulton Mall Subdistrict), inclusive, or by the special #use# regulations of Section 101-31, inclusive, of the Atlantic Avenue Subdistrict. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space or entrance space.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or [illegible] percent of the building's total #street# frontage, whichever is [illegible].

For any new #development# or #enlargement# not within the Fulton Mall Subdistrict or within the Atlantic Avenue Subdistrict, each ground floor #street wall# shall be glazed with transparent materials which may include #[illegible]#, glazed transoms or glazed portions of doors. Such glazed [illegible] shall occupy [illegible] 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

101-11
Special Provisions for Urban Plazas in C6-1 and C6-2 Districts

No #urban plaza# shall front upon any #street# where [illegible] required as shown on Map 3 in Appendix E of this Chapter, [illegible] plaza# be permitted within Area B of the Schermerhorn Street Height Limitation Area.

101-12
Special Floor Area and Lot Coverage Regulations in C6-1 Districts

In C6-1 Districts, the #floor area ratio# and #open space ratio# [illegible] applicable to #residential buildings# and #residential# portions of #buildings# [illegible] pursuant to Sections 23-142, 23-143 and 23-144 shall not apply. In [illegible] maximum #floor area ratio# for #residential buildings# or #residential portions [illegible]

mixed buildings# shall be 3.44, except that for #non-profit residences for the elderly# the maximum #floor area ratio# shall be 5.01. The maximum #lot coverage# for #residential buildings# or #residential# portions of #mixed buildings# shall be 65 percent for #interior lots#, except that for #non-profit residences for the elderly# the maximum #lot coverage# for #interior lots# shall be 70 percent. For all #residential buildings# or #residential# portions of mixed buildings, the maximum #lot coverage# for #corner lots# shall be 80 percent. For #buildings developed# or #enlarged# pursuant to the Quality Housing Program, the underlying #floor area ratio# and #lot coverage# regulations shall apply.

101-13
Special Height and Setback Regulations in C5-4, C6-1 and C6-4 Districts

Except for #buildings developed# or #enlarged# pursuant to the Quality Housing Program, in C5-4, C6-1 and C6-4 Districts, except C6-1A Districts, the underlying height and setback regulations shall not apply. In lieu thereof, the height and setback regulations of this Section 101-13, inclusive, shall apply to all #developments# and #enlargements#. For the purposes of applying such height and setback regulations, the maximum base heights and maximum building heights listed in the table in this Section shall apply to all such #developments# and #enlargements#. The minimum base heights listed in the table shall apply to all #residential buildings# or to the #residential# portion of #mixed buildings#, and to #street walls# of all #buildings# in such districts located along #streets# where #street wall# continuity is required pursuant to Section 101-[illegible]

HEIGHT AND SETBACK REGULATIONS IN C5-4, C6-1 AND C6-4 DISTRICTS

[illegible]	60	125	125	150	185	210

101-131 [illegible]
Height and setback regulations for residential buildings

A #residential building# or the #residential# portion of a #mixed building# shall not exceed the applicable maximum building height listed in the table in Section 101-13. Furthermore, setbacks are required for any portion of a #building# that exceeds the applicable maximum base height listed in such table. Such portions of #buildings# facing a #wide street# shall have a setback with a depth of at least 10 feet, and such portions of #buildings# facing a #narrow street# shall have a setback with a depth of at least 15 feet. All such setbacks shall be provided at any level between the applicable minimum and maximum base heights listed in the table, and the depth of such setbacks shall be measured from the #street wall# of the #building#. However, the depth of such a #narrow street# setback may be reduced to ten feet if the portion of such #building# is closer to the #street line# than five feet. The depth of all required setbacks may include the depth of recesses in the #street wall# of the building base, provided the aggregate width of such recesses does not exceed 30 percent of the width of the #street wall# at any level.

Setbacks shall not be required for any #street wall# that is located beyond 50 feet of a #street line#, or oriented so that lines drawn perpendicular to it, in plan, would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be the #street line#.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the applicable minimum base height specified in this Section may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.

Where street wall continuity is required as shown on Map 3 in Appendix E of this Chapter, the #street wall# of the #building# shall be located along such #street line# and extend to the applicable minimum base height listed in the table in Section 101-13 in accordance with the provisions of Section 101-15 (Special Street Wall Location Provisions).

Except in the Schermerhorn Street Height Limitation Area, the #tower# provisions of Section 101-133 may apply, as an option, to #residential buildings# in C6-1, C5-4 and C6-4 Districts.

101-132
Height and setback regulations for non-residential buildings

The maximum height of a front wall or any other portion of a #building or other structure# within 10 feet of a #wide street line# or within 15 feet of a #narrow street line# shall not exceed the applicable maximum base height listed in the table in Section 101-13. Beyond 10 feet of a #wide street line# or 15 feet of a #narrow street line#, a #building or other structure# shall not exceed the applicable maximum building height listed in the table, unless such #building# is #developed# or #enlarged# in accordance with Section 101-133 (Tower Regulations).

Where street wall continuity is required as shown on Map 3 in Appendix E of this Chapter, the #street wall# of the #building# shall be located along such #street line# and extend to the applicable minimum base height listed in the table in Section 101-13 in accordance with the provisions of Section 101-15 (Special Street Wall Location Provisions).

101-133
Tower regulations

Except in the Schermerhorn Street Height Limitation Area, a #building# may exceed the maximum building height listed in the table in Section 101-13 provided such #building# is #developed# or #enlarged# in accordance with the provisions of this Section. Any portion of such new or #enlarged building# that exceeds a maximum base height of 85 feet shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Above a height of 150 feet, every level of every #building# on the #zoning lot# shall, in the aggregate, occupy not more than 40 percent of the #lot area# of the #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percentage set forth in the following table:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of #Zoning Lot# (in square feet)	Maximum Percentage of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

For #buildings# containing more than 15,000 square feet of #commercial# or #community facility floor area# at any level above a height of 150 feet, the aggregate area of each such level located within 40 feet of a #wide street# shall not exceed 1,600 square feet and the aggregate area of each such level located within 50 feet of a #narrow street# shall not exceed 1,875 square feet. If the #building# complies with the #lot coverage# limitations of this Section at every level, the #building# may occupy any portion of the #zoning lot# beyond 20 feet of a #narrow street line# or beyond 15 feet of a #wide street line#, provided that the aggregate area so occupied within 50 feet of a #narrow street# shall not exceed 2,250 square feet and the aggregate area so occupied within 40 feet of a #wide street# shall not exceed 2,000 square feet.

Where street wall continuity is required as shown on Map 3 in Appendix E of this Chapter, the #street wall# of the #building# shall be located along such #street line# and extend to the applicable minimum base height listed in the table in Section 101-13 in accordance with the provisions of Section 101-15 (Special Street Wall Location Provisions).

In C6-1 Districts, the maximum height of a #building or other structure developed# or #enlarged# pursuant to this Section shall be 495 feet. No height limit shall apply within a C5-4 or C6-4 District.

101-134
Special provisions for Schermerhorn Street Height Limitation Area

Within the Schermerhorn Street Height Limitation Area, as shown on Map 6 in Appendix E of this Chapter, the tower provisions of Section 101-133 shall not apply. Furthermore, within Area A, no portion of a #building or other structure# shall exceed a height of 210 feet, and within Area B no portion of a #building or other structure# shall exceed a height of 140 feet.

101-14
Permitted Obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to any #building developed# or #enlarged# within the #Special Downtown Brooklyn District#, except that elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical #accessory# equipment (including enclosures) may penetrate a maximum height limit provided the product , in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage, or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building# and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

101-15
Special Street Wall Location Provisions

Map 3 in Appendix E of this Chapter specifies locations where the following special #street wall# location and setback regulations apply.

All #developments# or #enlargements# within the Fulton Mall Subdistrict shall comply with the provisions of Section 101-231 (Mandatory street walls).

All #developments# or #enlargements# within the Atlantic Avenue Subdistrict shall comply with the provisions of Section 101-331 (Height and setback).

For all #developments# or #enlargements# fronting on all other #streets# shown on Map 3, and on all other #streets# within 50 feet of their intersection with such #streets#, the #street wall# of any #development# or #enlargement# shall extend along the entire #street# frontage of a #zoning lot#, except that this provision need not apply within eight feet of the intersection of two #street lines#. At least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and, in C5-4, C6-1 and C6-4 Districts, extend to at least the applicable minimum base height listed in the table in Section 101-13 or the height of the #building#, whichever is less. The remaining 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line# provided any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

101-16
Off-street Parking and Off-street Loading Regulations

Along the #streets# specified on Map 4 in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a #street# specified on Map 4 in Appendix E, for parking facilities and loading berths on a #zoning lot# that does not have access or egress on another #street#, provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will result in a good overall site plan.

101-17
Street Tree Planting Regulations

Map 5 in Appendix E of this Chapter specifies #streets# where the tree planting requirements of this Section shall apply.

All new #development# located on the #streets# specified on Map 5 in Appendix E shall provide and maintain trees of not less than four-inch caliper, at the time of planting ~~on sidewalks~~, in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot#.

These trees shall be planted at maximum intervals of 25 feet and at a distance from the curb consistent with existing tree plantings, except where the Commissioner of Transportation determines that such tree planting would be infeasible. These trees shall be provided with metal guards in accordance with Department of Transportation guidelines. *(This section was moved from Section 104-065 within the former Special Atlantic Avenue District.)*

101-20
FULTON MALL SUBDISTRICT

(Paragraphs (d), (e) and (g) of Section 115-00 (General Purposes), within the former Special Fulton Mall District have been moved to Section 101-00 (General Purposes) within the Special Downtown Brooklyn District.)

~~115-00~~ 101-201
~~GENERAL PURPOSES~~ General purposes of the Fulton Mall Subdistrict

~~The "Special Fulton Mall District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity.~~ These general goals of the Fulton Mall Subdistrict include, among others, the following purposes:

(a) to foster and promote the orderly expansion of retail development so that Downtown Brooklyn will enhance its position as a major regional shopping center, provide an increasing number of employment opportunities and encourage the development of a desirable shopping and working environment;

(b) to complement public improvements in the area implemented either directly or indirectly by the City of New York by encouraging private investment in signs, facades~~,~~ and new development that will enhance the visual appearance and character of structures in the vicinity of Fulton Mall;

(c) to create an attractive shopping environment in the vicinity of the Fulton Mall, the construction of which will implement a plan for improved pedestrian and vehicular circulation; ~~and~~

~~(d) to improve visual amenity by establishing special sign regulations;~~

~~(e) to encourage the design of new development that is in character with the area;~~

(~~f~~d) to encourage a desirable urban design relationship between each building and the Fulton Mall~~; and~~;

~~(g) to promote the most desirable use of land in accordance with a Mall plan and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenue~~.

~~115-01~~
~~Definitions~~

~~For purposes of this Chapter matter in italics is defined in Section 12-10 (Definitions) or in Section 115-01 (Definitions).~~

~~Special Fulton Mall District~~
~~(repeated from Section 12-10)~~

~~The "Special Fulton Mall District" is a Special Purpose District designated by the letters "FM" in which regulations set forth in Article XI, Chapter 5, apply to all #zoning lots#. The #Special Fulton Mall District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement and modify those of the districts on which it is superimposed.~~

(The following definition has been modified and parts moved to Sections 101-01 (Definitions) and other applicable Sections: 101-02, 101-202, 101-22, 101-229, and 101-24.)

~~Development or to develop~~

~~For purposes of this Chapter, a "development" includes the construction of a new #building or other structure# on a #zoning lot# or #lots#, the relocation of an existing #building# on another #zoning lot#, the #use# of a tract of land for a new #use#, and #enlargement#, or an #extension#. A change of #use# in an existing #building# to another #use# listed in the same or another Use Group shall be considered a #development# as to the portion being changed and only for purposes of Section 115-03 (Special Use Regulations), Section 115-04 (Special Sign Regulations), and Section 115-091 (Special provisions for storefronts). In addition,~~

~~(a) for the purposes of Section 115-04 (Special Sign Regulations), the term "development" shall include any erection of a new #sign# or alteration (including a change in graphic representation on an existing #sign#); or reconstruction, or replacement of an existing #sign#; and~~

~~(b) for the purposes of Section 115-09 (Special Provisions Concerning Building Facades), the term "development" shall include any alteration to or reconstruction of the facade of an existing #building# but only to the extent of such work.~~

~~For purposes of this Chapter, Section 52-80 (REGULATIONS APPLYING TO NON-CONFORMING SIGNS) is hereby made inapplicable. #Non-conforming signs# shall be terminated on or before June 30, 1980 as provided in Section 115-0411 (Termination of certain non-conforming signs).~~

~~To "develop" is to create a #development#.~~

~~115-02~~ 101-21

General provisions for the Fulton Mall Subdistrict

(The following paragraphs have been modified and moved to Section 101-02.)

~~Except as modified by the express provisions of this Chapter the regulations of the underlying zoning districts remain in effect.~~

~~Where a #development# occurs on a #zoning lot# or portion thereof which is located within both the #Special Brooklyn Center Development District# and the #Special Fulton Mall District# the #sign# regulations of both special districts shall apply, provided that where there is inconsistency between applicable #sign# provisions of the Special Districts, the regulations of the #Special Fulton Mall District# shall apply; in all other instances where there is inconsistency between applicable provisions of the special Districts, the regulations of the #Special Brooklyn Center Development District# shall govern.~~

~~Whenever a #zoning lot# is divided by the boundary of the Special District the requirements set forth in this Chapter shall apply, and shall apply only to that portion of the #zoning lot# within the Special District.~~

Within the Fulton Mall Subdistrict, any change of #use# to another #use# listed in the same or another Use Group shall be subject to the special #use# regulations of Section 101-21, inclusive, the special #sign# regulations of Section 101-2[illegible] inclusive, and the special storefront provisions of Section 101-2[illegible] *(This paragraph has been moved from Section 115-01.)*

On application, the City Planning Commission may authorize minor modifications of the regulations of ~~this Chapter~~ Sections 101-22, inclusive, and 101-24, inclusive, governing #signs# and facades within the Fulton Mall Subdistrict, upon the Commission's finding that the proposed modifications are in conformity with the principles of good design and are not inconsistent with the purposes of this Chapter.

~~101-30~~
~~ATLANTIC AVENUE SUBDISTRICT~~

~~104-00~~ ~~101-301~~
GENERAL PURPOSES

~~The "Special Atlantic Avenue District", established in this Resolution, is designed to promote and protect public health, safety, welfare and amenity.~~ These general goals of the Atlantic Avenue Subdistrict include among others, the following purposes:

(a) to protect the existing scale and form of development on Atlantic Avenue, characterized by three- and four-story attached buildings with shops, built in the 19th century;

(b) to preserve and enhance street life by maintaining a mix of residential and commercial uses, encouraging a variety of retail and service uses while limiting automotive service uses; and

(c) to protect desirable architectural features of certain buildings by establishing design guidelines for renovation or alteration~~;~~ ;

(Paragraphs (d), (e) and (f) are moved into Special Downtown Brooklyn District, Section 101-00 (General Purposes).

~~(d) to encourage design of new development which is in character with the area;~~

~~(e) to improve visual amenity by establishing special sign regulations; and~~

~~(f) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues~~ .

~~104-01~~ 101-302
Definitions specific to the Atlantic Avenue Subdistrict

For purposes of Sections 101-30 through 101-36, inclusive, concerning the Atlantic Avenue Subdistrict, matter in italics is defined in Sections 12-10 or 101-01 (DEFINITIONS), or in this Section.

~~Special Atlantic Avenue District~~
~~(repeated from Section 12-10)~~

~~The "Special Atlantic Avenue District" is a Special Purpose District designated by the letters "AA" in which regulations set forth in Article X, Chapter 4, apply to all #zoning lots#. The #Special Atlantic Avenue District# appears on the #zoning maps# superimposed on other districts, and its regulations supplement and modify those of the districts on which it is superimposed.~~

Specified building type

Any #building# within the ~~Special District~~ Atlantic Avenue Subdistrict erected prior to 1900 ~~and which~~ that has:

* * *

A list of the #buildings# within the ~~Special District~~ Atlantic Avenue Subdistrict ~~which~~ that conform to the definition of #specified building type# appears in Appendix A of this Chapter.

Specified storefront type

Any storefront which is part of a #building# of the #specified building type# ~~and which~~ that has:

* * *

A list of #buildings# within the ~~Special District~~ Atlantic Avenue Subdistrict having storefronts ~~which~~ that conform to the definition of #specified storefront type# appears in Appendix B of this Chapter.

~~104-02~~ 101-303
General ~~p~~Provisions for the Atlantic Avenue Subdistrict

~~Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.~~

~~104-021~~
~~Action by the Board of Estimate~~

~~The resolution of approval by the City Planning Commission, together with a copy of the application for a special permit, shall be filed with the Secretary of the Board of Estimate, and the Board of Estimate shall act upon such resolution in accordance with the provisions of Section 200 of the New York City Charter.~~

~~104-022~~
~~Requirements for applications~~

Within the Atlantic Avenue Subdistrict, ~~a~~An application to the City Planning Commission for the grant of a special permit or authorization under the provisions of ~~this Chapter~~ Sections 101-311 (Restricted and special permit uses) or 101-332 (Accessory off-street loading), shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site~~;~~, the location of all vehicular entrances and exits and off-street parking spaces~~;~~, and such other information as may be required by the Commission.

~~104-023~~
~~Relationship to public improvement projects~~

~~In all cases, the City Planning Commission shall deny a special permit application whenever the #development# will interfere with a public improvement project (including highways, public buildings or facilities, redevelopment of renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the Board of Estimate, the City Planning Commission, or the Site Selection Board as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.~~

~~104-03~~ 101-31
Special Use Provisions for the Atlantic Avenue Subdistrict

In order to preserve the commercial character of the area, certain #use# regulations of the underlying districts are modified as set forth in this Section.

~~104-031~~ 101-311
Restricted and special permit uses

~~The following #uses# are not permitted within the Special District:~~

(a) Automotive service stations are not permitted within the Atlantic Avenue Subdistrict.

(b) ~~Automotive service establishments in Use Groups 7D, 8C and 12D, including #public parking garages# or #public parking lots#. However, t~~The City Planning Commission ~~after public notice and hearing and subject to action by the Board of Estimate~~ may grant a special permit for #public parking garages# or #public parking lots# with a capacity of not more than 100 spaces, provided that the regulations set forth in Sections 36-53 (Location of Access to the Street), ~~Section~~ 36-55 (Surfacing) and ~~Section~~ 104-073 (Screening) are met and that no roof parking is permitted. The Commission may permit floor space on one or more #stories#, and up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# set forth in Section 12-10 (DEFINITIONS). As a condition of permitting such #use#, the Commission shall make the following findings:

Special provisions for certain existing buildings

Any alteration, #incidental alteration# or minor work (including any change in, addition to or removal from the parts or materials of a #building#, including finishes) done to the front wall of any #building# of the #specified building type# shall comply with the following standards:

(a) Alteration or reconstruction of storefronts shall comply with the provisions of Section ~~104-064~~ 101-344 (Special provisions for storefronts).

(b) Front walls which are replaced shall be erected to the same height and at the same location as the original walls. Replacement or repair of front walls shall be done with the same material as the original walls, except that stone may be replaced by another material finished in such a manner as to match the appearance of the original walls. Finishes and colors of front walls shall be of an approved type, as indicated in Appendix C of this Chapter.

(c) Front walls which are replaced shall have windows at each floor, the area of which shall comply with the provisions of Section ~~104-063~~ 101-343 (Special provisions for new development and enlargement). Such windows shall have stone or precast lintels and sills having a minimum height of ~~6~~ six inches and extending at least 4 four inches beyond the window opening on either side. Existing window openings above the ground floor may not be reduced in size but may be completely sealed if the window area provisions of Section ~~104-063~~ 101-343 ~~(Special provisions for new development and enlargement)~~ are met. Such openings shall be completely sealed with masonry recessed at least ~~2~~ two inches behind the wall and finished to match the wall. New windows shall be double-hung, fixed or casement sash finished in an approved manner, as indicated in Appendix D of this Chapter.

(d) No existing cornice shall be removed unless required by the Department of Buildings. A cornice which must be removed shall be replaced by a new cornice having the same height, length and projection beyond the surface of the wall and finished in an approved color, as indicated in Appendix D of this Chapter.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1135

Report of the Committee on Land Use in favor of approving Uniform land use review procedure application no. C 000550 ZSM, pursuant to §197-c and §197-d of the Charter of the City of New York concerning a special permit under the Zoning Resolution in the Borough of Manhattan, Council District no. 6 to allow the enlargement of a health club. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to §197-d(b)(2) of the Charter or called-up by vote of the Council pursuant to §197-d(b)(3) of the Charter.

The Committee on Land Use to which was referred on June 28, 2001 (Minutes, page 2368) the annexed Land Use resolution respectfully

REPORTS:

City Planning Commission decision approving an application submitted by Town Sports International pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to permit modification of the regulations of Sections 12-10 (Physical culture or health establishments) and 22-10 (USES PERMITTED AS-OF-RIGHT) to allow the extension of an existing commercial health establishment in portions of the basement and cellar of an existing building located at 23 West 73rd Street (Block 1126, Lot 14), within the Central Park West - West 73rd-74th Street Historic District and the Upper West Side-Central Park West Historic District, in an R8B District.

The intent is to permit the enlargement of an existing commercial health club located on the ground floor of an existing 15-story residential building.

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2024

Resolution approving the decision of the City Planning Commission on ULURP No. C 000550 ZSM (L.U. No. 1135), grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to allow modification of the use regulations of Sections 12-10 (Physical Culture or Health Establishments) and 22-10 (Uses Permitted As-of-Right).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 15, 2001 its decision dated June 13, 2001 (the "Decision") on the application submitted by Town Sports International, pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to permit modification of the use regulations of Sections 12-10 (Physical Culture or Health Establishments) and 22-10 (Uses Permitted As-of-Right) to allow the extension of an existing commercial health establishment in portions of the basement and cellar of an existing building located at 23 West 73rd Street (Block 1126, Lot 14) within the Central Park West – West 73rd-74th Street Historic District and the Upper West Side-Central Park Historic Districts, in an R8B District, Borough of Manhattan (ULURP No. C 000550 ZSM) (the "Application");

Whereas, the City Planning Commission has made the findings required pursuant to Section 74-711 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(2) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on July 25, 2001, recessed until July 26, 2001 on the Decision and Application;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on January 8, 2001 (CEQR No. 95DCP022M); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

JUNE M. EISLAND, Chairperson; MARY PINKETT, ARCHIE SPIGNER, HERBERT E. BERMAN, NOACH DEAR, JEROME X. O'DONOVAN, PRISCILLA A. WOOTEN, WALTER L. MCCAFFREY, MARTIN MALAVE-DILAN, LAWRENCE A. WARDEN, GUILLERMO LINARES, JOHN D. SABINI, A. GIFFORD MILLER, ADOLFO CARRION JR., BILL PERKINS, CHRISTINE QUINN, MICHAEL J. ABEL, Committee on Land Use, July 26, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Land Use and had been favorably reported for adoption.

L.U. No. 1136

Report of the Committee on Land Use in favor of approving the submission of a site plan by the New York City School Construction Authority, pursuant to §1732 of the New York State Public Authorities Law, for a school, IS/HS 368X, to be located at Block 5716, portion of lot 80 Borough of Bronx, Council District no. 11. (Non-ULURP no. 20005371 SCX)

The Committee on Land Use to which was referred on July 26, 2001 the annexed Land Use resolution respectfully

REPORTS:

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for a proposed intermediate/high school facility known as the Information & Network Technology Middle School/High School 368-X, with a capacity of up to 1,200 seats to serve Community School District 10, located at 3380 Johnson Avenue (Block 5716, Lot 725 in portion; Block 2215, Lot 80 in portion).

The intent is to facilitate the construction of a new 1,200 seat middle/high school known as 368-X for Bronx Community School District 10.

The Committee recommends that the Council approve the attached resolution and thereby approve the site plan.

In connection herewith, Council Members Eisland and Sabini offered the following resolution:

Res. No. 2025

Resolution approving the site plan for Public School 368-Bronx (The Information & Network Technology Middle School/High School), to be located at 3380 Johnson Avenue, the Bronx (Non-ULURP No. 20005371 SCX; L.U. No. 1136).

By Council Members Eisland and Sabini

Whereas, the New York City School Construction Authority submitted to the Council on April 7, 2001, a site plan pursuant to Section 1732 of the New York State Public Authorities Law for a Middle School/High School facility known as The Information & Network Technology M.S./H.S. 368-Bronx, with a capacity of up to 1,200 seats to serve Community School District 10, to be located at 3380 Johnson Avenue (Block 5716, Lot 725 in portion; Block 2215, Lot 80 in portion), Borough of the Bronx (the "Site Plan");

Whereas, the Site Plan is subject to review and action by the Council pursuant to Section 1732 of the New York State Public Authorities Law;

Whereas, upon due notice, the Council held a public hearing on the Site Plan on July 25, 2001;

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued on June 25, 2001 and July 10, 2001 respectively (SCA Project Number 01-011); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Site Plan;

RESOLVED:

Having considered the FEIS, with respect to the Application, the Council finds that:

(1) the FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;

(2) consistent with social, economic and other essential considerations, from among the reasonable alternatives, the proposed action is the one which minimizes or avoids adverse environmental effects to the maximum extent practicable, including the effects disclosed in the FEIS; and

(3) consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects revealed in the environmental impart statement will be minimized or avoided by incorporating as conditions to the approval those mitigative measures which were identified as practicable; and

The Decision and the FEIS constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.9.

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Section 1732 of the Public Authorities Law, the Council approves the Site Plan.

Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 622

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a Local Law in relation to a corner name, John Bigelow Plaza, Borough of Manhattan.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on August 11, 1999 (Minutes, page 2111) the annexed local law respectfully

REPORTS:

The following biographical material was supplied by Council Member Quinn and City Finance Department Commissioner Andrew Eristoff.

John Bigelow was born on November 25, 1817 at Malden-on-Hudson, New York. He attended Union College from 1834 to 1835 and was a lawyer in private practice from 1835 through 1848.

John Bigelow was part owner and editor, with William Cullen Bryant, of the New York Evening Post from 1848 through 1861. During his tenure at the Post, John Bigelow wrote many editorials supporting free trade and denouncing slavery. He was active in the formation of the new anti-slavery Republican Party (1854) and author of a campaign biography for the Party's first presidential nominee, Col. John C. Fremont (1856).

In 1850, John Bigelow married Jane Tunis Poultney with whom he had eight children.

In 1861, John Bigelow was appointed by President Abraham Lincoln to be Consul at Paris and, from 1864 through 1865, he served as Envoy Extraordinary and Minister Plenipotentiary to the Court of Napoleon III. As a diplomat, he was instrumental in blocking the Confederate States' shipbuilding efforts and diplomatic initiatives and in discouraging Napoleon III from undertaking an expedition to Mexico in support of Maximillian.

John Bigelow was elected New York State's Secretary of State in 1875, running as a Democrat on a ticket with Governor Samuel Tilden. As a staunch supporter of the Panama Canal, he played an important role in resolving the dispute over the final route of the Canal.

As Executor of Governor Tilden's estate, and Trustee of the Tilden Trust, John Bigelow brought the private Astor and Lenox libraries together under the auspices of a new New York Public Library, which he served as its' first president.

John Bigelow authored or edited over 88 works and manuscripts, including: Life of Franklin (1874), The Works of Benjamin Franklin, in ten volumes (ed. 1887-88), France and The Confederate Navy (1888), biographies of Eduard Laboulaye (with Fredric Auguste-Bartholdi designed The Statute of Liberty} (1889) and Samuel Tilden (1895) and Retrospections of an Active Life, a five-volume autobiography (1909 and 1913).

John Bigelow also served as the First President of the Board of Trustees of the New York Law School.

He died on December 19, 1911 in New York City.

Manhattan Community Board No. 5 supports this intersection designation.

It is particularly fitting, in light of John Bigelow's role in the creation of the New York Public Library, that the location to be designated through this proposed local law is an intersection outside the main branch of the New York Public Library.

On July 23, 2001, the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations held a hearing on Int. No. 622. Members of the Bigelow family, including Commissioner Andrew Eristoff, John Bigelow Eristoff and Mrs. Anne Sidamon-Eristoff, testified in support of Int. No. 622. That hearing was recessed subject to call.

On July 26, 2001, the aforementioned hearing was reconvened and Int. No. 622 was adopted.

Accordingly, Your Committee recommends its adoption.

WENDELL FOSTER, Chairperson; KENNETH K. FISHER, GUILLERMO LINARES, ANNETTE ROBINSON, MADELINE PROVENZANO, PHILLIP REED, JOEL RIVERA, MARTIN GOLDEN, Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations, July 26, 2001.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Int. No. 691

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a street name, Eugene R. Romano Lane, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on January 19, 2000 (Minutes, page 159) the annexed local law respectfully

REPORTS:

The following biographical material was supplied by Brooklyn Community Board No. 11 and is drawn from an article dated October 15, 1999 in the Home Reporter and Sunset News newspaper.

Eugene Romano Jr. was born on January 18, 1923 in Boston, Massachusetts.

When he was five years old, his family moved from Boston to the Bensonhurst section of Brooklyn. He attended public schools in Bensonhurst and was a member of the first graduating class from Lafayette High School in 1941. Eugene Romano joined the United States Army and served in Europe during World War II. After the war, Eugene Romano returned to Bensonhurst, becoming a real estate broker and starting his own brokerage.

In 1951, Eugene Romano married Antoinette DeLogu at St. Bernadette's Church on 13th Avenue. The Romanos had two daughters, Gina Romano and Celeste Wilson.

Eugene Romano served as President of the Bay Ridge Board of Realtors and the Brooklyn Board of Realtors.

In the mid-1960's, Eugene Romano and his brothers bought several children's rides and set them up at their lunch stand on Shore Parkway near Bay Parkway. Later, they relocated both the lunch stand and the children's rides to a nearby golf range. Then when the zoning designation for the Romano's portion of the property was changed to a commercial zone in 1967, the Nellie Bly Amusement Park was born. Nellie Bly was a famed female explorer of the 19th century. Through the years, Eugene Romano often opened the Nellie Bly Amusement Park at no cost to underprivileged children and youth groups. Eugene Romano often took part in community events, including the annual Ragamuffin Parade in Bay Ridge where he drove children on the Nellie Bly train in the parade.

Eugene Romano was an active member of the Lion's Club, the Kiwanis Club and the Brooklyn Chamber of Commerce. He also belonged to various trade organizations including the International Association of Amusements and Attractions, the New York State Hospitality and Tourism Board and the National Showman's Association.

Eugene Romano died on October 6, 1999 at the age of 76 after a long illness. He was survived by his wife, two daughters and three grandchildren.

Brooklyn Community Board No. 11 supports this street designation. Eugene R. Romano Lane would be at the site of the Nellie Bly Amusement Park.

On July 23, 2001, the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations held a hearing on Int. No. 691. Steward Diamond, Council Member Lasher's Legislative Counsel, Gena Romano (Nellie Bly Park), Mary Cino (Community Board No. 11), Florence Christino and Dr. Joseph Troisi (Community Mayors, Inc.), Stanley Epstein, Esq. and Larry Morrish (Senior Enlisted Military Council of New York City) testified in support of Int. No. 691. That hearing was recessed subject to call.

On July 26, 2001, the aforementioned hearing was reconvened and Int. No. 691 was adopted.

Accordingly, Your Committee recommends its adoption.

Int. No. 912

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting, a Local Law in relation to a street name, Dyker Heights Boulevard, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on April 17, 2001 (Minutes, page 1003) the annexed local law respectfully

REPORTS:

The following information was provided by Brooklyn Community Board No. 10. Several organizations, including the 13th Avenue Board of Trade (TBOT), the Dyker Heights Civic Association (DHCA), and the Bay Ridge-Bensonhurst Beautification and Preservation Alliance (BBBPA), have combined their efforts to enhance and beautify the 13 'h Avenue shopping thoroughfare between Bay Ridge Avenue and 86th Street. New features will include banners, benches, 75 trees, and ornamental stanchions at Bay Ridge Avenue and 86th Street. To further foster a sense of neighborhood identity, TBOT, DHCA, BBBPA and other organizations, including Community Board No. 10, have requested that 13th Avenue, between 861st Street and Bay Ridge Avenue, be called "Dyker Heights Boulevard."

This local law will take effect immediately.

On July 23, 2001, the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations held a hearing on Int. No. 912. William Girasole

(13'h Avenue Merchants Association), Patrick Condren (Bay Ridge Bensonhurst Alliance), Angela Ryan (13th Avenue Board of Trade), Antonio Limone (13th Avenue Merchants Association) and Larry Morrish (Bay Ridge Bensonhurst Beautification and Preservation Alliance) testified in support of Int. No. 912. That hearing was recessed subject to call.

On July 26, 2001, the aforementioned hearing was reconvened and Int. No. 912 was adopted.

Accordingly, Your Committee recommends its adoption.

Res. No. 1809-A

Report of the Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations in favor of approving, as amended, a Resolution commending Rodolfo Montiel, Teodoro Cabrera and other members of the Organization of Campesino Ecologists of the Sierra de Petaldan and Coyuca de Catalan for their courageous struggle to protect the forests of Mexico in the southern state of Guerrero, condemning the illegal arrest of Rodolfo Montiel and Teodoro Cabrera, condemning the violent actions of the 40th Infantry Battalion and calling for the" Attorney General of Mexico to investigate the actions of the individual soldiers involved as recommended by Mexico's National Commission for Human Rights of August 2000, supporting the decision of President Vncente Fox to order a full review of the case by the President's attorneys, and urging President Fox to advise the Attorney General WR) to issue an opinion of innocence (pedimento de mocencia) and recommend the amparo appeal be granted in the case of Rodol Montiel and Teodoro Cabrera.

The Committee on Parks, Recreation, Cultural Affairs & International Intergroup Relations to which was referred on March 28, 2001 (Minutes, page 832) the annexed resolution respectfully

REPORTS:

The following information was provided by the Rainforest Action Network.

Since the spring of 1995 when Boise Cascade Corp., the Idaho-based multinational company, signed a five year deal with the state of Guerrero in Mexico to buy from local forestry ejidos (villages organized as communal production units), Mexican farmers, or campesinos, have watched as entire forests have been logged and hauled away by the truckload. The deal, made possible only under terms of the North American Free Trade Agreement (NAFTA), caused a dramatic surge in the rate of destruction of one of North America's last old-grown pine and fir forests.

As the logging continued, the healthy mountain forests-which are an essential component of the water cycle-began to show signs of strain as streams and springs began drying up. The farmers grew concerned about the area's capacity to produce basic food staples like corn and beans.

Rodolfo Montiel Flores and Teodoro Cabrera Garcia decided, along with many other farmers of the Sierra, that something had to be done to protest the massive destruction of their forests. In late 1997, Mr. Montiel and other farmer leaders formed the Organization of Ecologists of the Sierra de Petatlan. They wrote letters to government officials asking that the Mexican forestry agency evaluate the ecological effects of logging on the Sierra and distributed information sheets, educating other farmers of the consequences of indiscriminate logging.

On a few occasions their protests actually stopped the logging, forcing subsidiaries of Boise Cascade like Costa Grande Forest Products to sit at the table with the farmers and listen to their requests. Eventually, Boise Cascade left the area, claiming that the inconsistency of wood supply had forced them to close shop. But many others were convinced it was directly related to the activities of Mr. Montiel's organization.

Among the people most angered by the farmer activists and community leaders were local overseer/agents who profited from selling the hardwoods to Boise Cascade: Many of these agents have close ties to the military and to corrupt government officials. They blacklisted several community organizers, including Mr. Montiel, and accused them of planting marijuana and belonging to leftist guerrilla movements.

The Mexican army began looking for Mr. Montiel and the other farmer leaders who were hiding in the Sierra. Mr. Montiel and Mr. Cabrera were arrested on May 2, 1999. On August 28, 2000, Montiel and Cabrera were convicted and sentenced to six years, eight months and ten year jail terms respectively. Hardwood logging resumed almost immediately after their arrests. On October 27, 2000 and on July 17, 2001, an appeals judge upheld these convictions.

It has been reported that Mr. Montiel and Mr. Cabrera were tortured and forced to confess to crimes they did not commit. Forensic doctors working for the Danish section of Physicians for Human Rights confirmed the torture after examining Montiel and Cabrera, and concluded that the physical signs and symptoms coincide conclusively with the timing and methods of torture previously described by the two activists. They and over 100 Mexican environmental and human rights organizations are convinced that they have not broken any Mexican laws. Their lawyers are demanding that the charges against them be dropped immediately and unconditionally. This resolution calls for the immediate and unconditional release of Rudolfo Montiel and Teodoro Cabrera and the payment of compensation by the Mexican government for their arrest and prosecution.

Meanwhile, Boise Cascade continues to log old growth forests around the world, with little regard for human rights or the local ecology.

(The following is the text of Res. No. 1809-A)

Res. No. 1809-A

Resolution commending Rodolfo Montiel, Teodoro Cabrera and other members of the Organization of Campesino Ecologists of the Sierra de Petaltlan and Coyuca de Catalan for their courageous struggle to protect the forests of Mexico in the southern state of Guerrero, condemning the' arrests of Rodolfo Montiel and Teodoro Cabrera, condemning the violent, actions of the 40th Infantry Battalion and calling upon the Attorney General of Mexico to investigate the actions of the individual soldiers involved as recommended by Mexico's National Commission for Human Rights of August 2000, and calling for the immediate and unconditional release of Rodolfo Montiel and Teodoro Cabrera and the payment of compensation by the Mexican government for their arrest and prosecution.

By Council Members Freed, Eldridge and Oddo; also Council Members Foster, Harrison, Koslowitz, Michels, O'Donovan, Quinn and Rodriguez.

Whereas, The activities of Rodolfo Montiel, Teodoro Cabrera and other members of the Organization of Campesino Ecologists of the Sierra de Petatlan and Coyuca de Catalan with regard to logging in the State of Guerrero were peaceful; and

Whereas, Said activities alerted Mexican authorities to take action against the illegal logging in the State of Guerrero according to Mexican law; and

Whereas, International Non-Governmental Organizations have reported a pattern of harassment of communities and environmental activists in the state of Guerrero; and

Whereas, On May 2, 1999, members of the 40th Infantry Battalion of the Mexican Army arrested Rodolfo Montiel and Teodoro Cabrera, shooting and killing Salome Sanchez Ortiz, an innocent local farmer; and

Whereas, Human rights investigators from groups including Amnesty International have reported that Rodolfo Montiel and Teodoro Cabrera were tortured and forced to sign blank sheets of paper later filled in with false confessions of marijuana planting and weapons possession; and

Whereas, On July 14, 2000, Mexico's National Commission on Human Rights, a governmental agency, had acknowledged in a report that Montiel and Cabrera had been illegally detained and tortured by members of the Mexican Army, and in that report rejected the allegation that the two men were carrying weapons at the time of their arrest, as they were charged; and

Whereas, On August 28, 2000, Montiel and Cabrera were convicted and sentenced to six years, eight months and ten year jail terms respectively; and

Whereas, On October 27, 2000 and on July 17, 2001, an appeals judge upheld these convictions; and

Whereas, Forensic doctors working for the Danish section of Physicians for Human Rights confirmed the torture after examining Montiel and Cabrera, and concluded that the physical signs and symptoms coincide conclusively with the timing and methods of torture previously described by the two activists; and

Whereas, On July 10, 2001, Amnesty International released the report "Mexico-Justice Betrayed: Torture in the Judicial System" finding that the Mexican military

and police continue to commit widespread torture in spite of President Vincente Fox Quesada's highly publicized commitment in his inaugural speech to respect human rights and the rule of law; and

Whereas, Defense attorneys from the Centro de Derechos Humanos Miguel Agustin Pro, a human rights organization based in Mexico City, have raised allegations of irregularities in the judicial process leading to Rodolfo Montiel and Teodoro Cabrera's convictions, including allegations that Montiel's and Cabrera's constitutional rights were violated during their arrest and trial; now, therefore, be it

Resolved, That the Council of the City of New York commends Rodolfo Montiel, Teodoro Cabrera and other members of the Organization of Campesino Ecologists of the Sierra de Petaltlan and Coyuca de Catalan for their courageous struggle to protect the forests of Mexico in the southern state of Guerrero, condemns the arrests of Radolfo Montiel and Teodoro Cabrera, condemns the violent actions of the 40th Infantry Battalion and calls upon the Attorney General of Mexico to investigate the actions of the individual soldiers involved as recommended by Mexico's National Commission for Human Rights of August 2000, and calls for the immediate and unconditional release of Rodolfo Montiel and Teodoro Cabrera and the payment of compensation by the Mexican government for their arrest and prosecution.

Accordingly, Your Committee recommends its adoption, as amended.

Report of the Committee on Public Safety

Int. No. 910-A

Report of the Committee on Public Safety in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York in relation to requiring the police department of the city of New York to submit certain information to the City Council and to adhere to certain reporting requirements.

The Committee on Public Safety to which was referred on April 17, 2001 (Minutes, page 985) the annexed local law respectfully

REPORTS:

The Committee will today hold a hearing on Intro. 910-A, which mandates certain reporting requirements for the Police Department of the city of New York.

Intro. 910-A will provide the Council and the people of New York with information on Police Department activities and will allow the Council to conduct more effective oversight of the Department. Full and fair reporting by the Police Department may address public concerns about policing in New York City and may shed light on such questions as whether the NYPD engages in racial profiling, whether uniformed and civilian staffing levels are appropriate, and whether too many uniformed personnel are performing administrative duties. Cooperative efforts between the NYPD and the Council to comply with these proposed requirements would disseminate vital information to the City regarding the performance of the Police Department.

Among the information Intro. 910-A would require the Department to provide to the Council on a quarterly basis are: all NYPD training materials; all NYPD Patrol Guide procedures; the number of uniformed and civilian personnel assigned to various units in the NYPD; crime status reports for each patrol precinct and certain other units; stop and frisk information for each patrol precinct and certain other units; and the number of positions within the NYPD currently staffed by uniformed personnel that can be filled by civilians.

A. Training Materials

Intro. 910-A requires the Police Department to provide to the Council all newly distributed and promulgated police academy, in-service, roll-call and other specialized Department training materials and amendments thereto distributed to cadets, recruits, officers and other employees of the Department on a quarterly basis. Such disclosure will not be required, however, where disclosure of such material would reveal non-routine investigative techniques or confidential information or where disclosure could compromise the safety of the public or police officers or could otherwise compromise law enforcement investigations or operations.

B. Patrol Guide Procedures

All Police Department operating procedures are contained in the NYPD Patrol Guide. In order for the Council to conduct appropriate oversight of NYPD operations, it is essential that the Council receive accurate and updated information on the exact procedures of the Department contained within the Patrol Guide.

Intro. 910-A requires that the Police Department submit to the Council on a quarterly basis all Patrol Guide procedures newly promulgated or revised by the Department.

C. Head Count Numbers

At various hearings conducted by the Council, concerns have been raised that the police strength in several communities is lacking and in need of augmentation. The Police Department has responded to Council inquiries on strength allocation by stating that officers are allocated to areas where crime rates are higher. Without numerical reports on the numbers of officers involved in these allocations, it is difficult for any oversight to be conducted on the Police Department's allocation practices. Currently, the Council does not have an accurate count of the number of uniformed and civilian personnel working within various units of the NYPD. Such information is vital to many different oversight functions of the Council, and helpful to communities in evaluating the extent of police presence.

Intro. 910-A requires the Police Department to provide the Council with a quarterly report detailing the number of uniformed and civilian personnel assigned to each and every patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area; transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division, and the special operations division, including its subdivisions. These numbers, however, shall not include internal investigative commands or undercover officers.

D. Crime Status Report

Intro. 910-A requires that the Police Department provide the Council with quarterly reports that include the total number of crime complaints (categorized by class of crime, indicating whether the crime is a misdemeanor or felony) for each patrol precinct; arrests (categorized by class of crime, indicating whether the crime is a misdemeanor or felony), for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; summons activity (categorized by type of summons, indicating whether the summons is a parking violation, moving violation, environmental control board notice of violation or criminal court summons) for each patrol precinct, housing police service area and transit district; domestic violence radio runs for each patrol precinct; average response time to critical and serious crimes-in-progress for each patrol precinct; and overtime statistics for each patrol borough and operational bureau performing an enforcement function within the Police Department.

E. Stop, Question and Frisk Information

In order to continually gauge the performance of the Police Department in this area, Intro. 910-A requires that the Police Department provide the Council with a quarterly report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, detailing the number of stop, question and frisks conducted; the breakdown of these stop, question and frisks by race and gender; the number of suspects arrested or issued a summons as indicated on each stop, question and frisk report; the race and gender of each suspect arrested or issued a summons as indicated on each stop, question and frisk report; a listing, by category, of the reason for each stop, question and frisk, broken down by race and gender; and a summary of violent felony crime for each patrol precinct, with a breakdown by race and gender of the suspect as identified by the victim.

These reports will be based upon the information contained in the Police Department's Stop, Question and Frisk Worksheet (Form # 344-151A) or any other successor form or worksheet.

F. Traffic Summons

Intro. 910-A requires the Police Department to report, for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, the number of summonses issued for moving violations, with a breakdown by race and gender.

This report will be generated using data provided by the State Department of Motor Vehicles (DMV) at such time as the DMV amends its traffic summons to reflect such race and gender information.

G. Civilianizable Positions

Through a number of budget hearings, and the November 2000 hearing on the Department's use and allocation of police and civilian personnel, it has been determined that it would be desirable to place civilians in many positions that the Police Department currently staffs with uniformed personnel. In fact, the Department has testified at these hearings about the number of positions that may be filled by civilians.

Intro. 910-A requires the Police Department to provide the Council with quarterly reports outlining the number of positions that are civilianizable, including a listing of each position by job title, and the number of positions that were civilianized. "Civilianizable" means any position that does not require uniformed expertise.

H. Miscellaneous Provisions

All of the information required by this legislation shall be provided to the Council except where disclosure of such material could compromise the safety of the public or police officers or could compromise law enforcement operations. These reports shall be provided to the Council within 30 days of the end of the reporting period to which the reports correspond and the Department may, where necessary, use preliminary data to prepare the reports.

EFFECTIVE DATE

Intro. 910-A takes effect sixty days after which it shall have become a law.

Accordingly, Your Committee recommends its adoption.

Reports of the Committee on State and Federal Legislation

Res. No. 1747

Report of the Committee on State and Federal Legislation in favor of approving Resolution calling upon the Governor of the State of New York, the Mayor of the City of New York and the Metropolitan Transportation Authority ("MTA") to take all necessary steps to obtain a Certificate of Interim Trail Use from the United States Surface Transportation Board ("STB") in connection with "railbanking" the elevated railroad viaduct running from 75-95 Gansevoort Street through 547-55 West 34th Street, Manhattan (commonly referred to as the "High Line").

The Committee on State and Federal Legislation to which was referred on February 27, 2001 (Minutes, page 547) the annexed resolution respectfully

REPORTS:

Today the Committee on State and Federal Legislation will consider Res. No. 1747, which calls upon the Governor, the Mayor and the Metropolitan Transportation Authority (the "MTA") to take all necessary steps to achieve the "railbanking" of the elevated railroad running from Gansevoort Street to West 34th Street in Manhattan under the federal "rails to trails" program. This elevated railroad viaduct (the "High Line") is no longer in use, and is the subject of a conditional demolition order issued by the United States Surface Transportation Board ("STB"). The Resolution essentially calls upon the State, the Mayor and the MTA to prevent the demolition of the High Line, and instead preserve the railroad right-of-way and allow for its interim use as a park, recreation and/or historic trail under the federal program. According to the Resolution's sponsors as well as proponents of the preservation of the High Line, using this structure to provide outdoor, recreational space in an area in which such space is rare, is an option which should be seriously considered before the structure is demolished and the opportunity is lost. An initial hearing on the resolution was held on April 18, 2001, at which extensive testimony was heard from interested parties including representatives of the High Line's owner, property owners in the area, community groups, residents, public interest groups and elected officials.

HISTORY OF THE HIGH LINE:

From the mid-1890s until the 1930s, freight trains rode up and down the streets of the West side of Manhattan preceded by boys or men on horseback (called cowboys) to warn traffic of the approaching trains.[1] Much of the staples necessary to the citizens of New York such as milk and meat, were carried over this line, causing it to become known as the "Life Line of New York." In 1929 the City of New York, the State of New York, and the New York Central Railroad entered into an agreement which resulted in the West Side Improvement Project, a project designed to remove dangerous railroad activity from street level, replace steam operated trains in the City with electrically operated trains, re-arrange railroad facilities, and give New Yorkers additional parkland by covering tracks north of 72nd Street thereby expanding Riverside Park.[2] After the project's completion in 1934, it spanned thirteen miles, from Spuyton Duyvil (Manhattan's northern tip) to Spring Street. The project, which was approved by the federal Interstate Commerce Commission, eliminated one hundred and five railroad crossings at streets in Manhattan and added thirty-two acres to Riverside Park.

A key portion of the West Side Improvement was the creation of the elevated viaduct or High Line, which would carry the freight trains above street level from the 30th Street Rail Yards to what was then a new freight station called Saint John's Park between Clarkson and Charlton Streets just north of the entrance to the Holland Tunnel. The High Line ran through and alongside warehouses on Manhattan's West Side. At 30th Street the viaduct loops around the 30th Street Rail Yard, where it then connected, by means of a cut or subway, to tracks leading from 35th Street uptown.[3] The High Line was owned by New York Central Railroad, which (according to New York Central Railroad's current successor, CSX) originally owned the property over and through which, the High Line ran. During the latter decades of the 1900s, the land was sold off. CSX now holds easements from the State, the City, the Convention Center Development Corporation, the MTA and all of the private property owners who now own the property under and through which the elevated tracks run.[4]

The improvement in New York's infrastructure and the increase use of trucking to deliver goods led to the decline of the High Line. In the 1960s, the southernmost portion of the Highline, from the freight terminal (at Clarkson Street) to Bank Street, was demolished. In 1980, freight train operations on the High Line ceased and use of the structure ceased. In the early 1990s, Conrail, the successor to New York Central Railroad, sold the portion of the High Line from Bank Street to Gansevoort Street to a development company which demolished that strip.[5]

CURRENT STATUS OF THE HIGH LINE

In 1992, twelve years after the last train traveled across the train tracks of the High Line, the Interstate Commerce Commission (the "ICC", predecessor to the STB for purposes of jurisdiction over railroad lines and specifically for purposes of abandonment under applicable federal laws),[6] issued an order granting a conditional certificate of demolition for the High Line. The order was sought by property owners who own property through, and under which, the High Line runs. Conrail opposed the order claiming that it was pursuing plans to use the High Line to carry waste. The City of New York, the MTA, the State Department of Transportation and the New York Convention Center Development Corporation supported the property owners' application, and were prepared to use state condemnation proceedings to condemn the structure.[7] The ICUs role in such proceedings is to preserve and promote continued rail service where the carrier has expressed desire to continue operations and has taken reasonable steps to do so. However, the ICC found Conrail's plans for hauling trash impracticable and believed that its primary motivation for opposing the abandonment application was its unwillingness to bear the costs of demolition at a time when it was having financial difficulties. Thus, the ICC ruled in favor of the property owners by finding that there was virtually no possibility of service being restored on the High Line. Because Conrail believed the costs of demolition to be significantly greater than the property owners' estimate, the ICC conditioned the issuance of a certificate of abandonment on the property owners' posting of security to cover any costs of demolition in excess of $7 million as well as their obtaining a demolition offer or negotiating other terms with Conrail.[8] However, it does not appear that the property owners ever posted the security.[9]

In 1999, the MTA and Convention Center Development Corporation and Conrail filed summary judgment motions in a pending State Court case. The State authorities/property owners attempted to secure an order declaring Conrail's easements

[6] The ICC was abolished pursuant to the ICC Termination Act and its functions turned over to the STB , 49 USC §§701-2; the STB's general jurisdiction is set out in 49 USC §10501 and the procedure for application to abandon or discontinue is contained in 49 USC § 10903.

[7] From the decision, it appears that the City's position in support of the application to allow abandonment of the High Line was based upon its belief that the line could not be used to haul freight again given the development of the area, and its lack of support for Conrail's proposal to haul waste over the line. The MTA argued that the presence of the High Line impeded its ability to expand commuter service, the State argued that the High Line was inconsistent with the areas future public transit service and posed a safety hazard because of its dilapidated condition. Finally, the Convention Center Development Corp. argued that the High Line was the single most important factor impeding the redevelopment of the Convention Center area because it runs over an entire block of Convention Center Property and prevents its use for parking.

over their property abandoned and forcing Conrail to demolish the High Line. The court found that because the security conditions of the 1992 ICC order had not been met and no final certificate of abandonment had been issued, that the ICC still retained jurisdiction and the court could not declare the easements abandoned or order demolition.[10] According to Conrail's successor, CSX[11], subsequent to the decision, it agreed to enter into negotiations with the property owners on a Voluntary Abandonment Agreement, in which every property owner (including the City, State, MTA and Convention Center Development Corporation) would have to agree to terms of indemnification. A draft of such an agreement is in the process of being negotiated but has not been finalized.

According to a *New York Times* report, CSX has portrayed its main interest in concluding the negotiations with the property owners as enabling the company to stop paying taxes on, and spending money to maintain, unused property, which CSX estimates costs it approximately $400,000 per year. According to the New York Times report, many property owners pushing for demolition, cite vandalism, safety and other blighting effects of the High Line on their property as the reason for their desire to demolish the structure. According to that report, the group of organized property owners, the Chelsea Property Owners Alliance, has already signed a demolition contract for $6.6 million for the demolition of the structure. However, that report also states that CSX is also speaking to those who wish to see the High Line preserved and used as public space. While CSX appears to want the issue resolved in order to relieve its shareholders of the current financial burdens, the company does not appear to have an agenda it is determined to follow in order to achieve its aims. [12]

PRESERVING THE HIGHLINE:

In 1999 upon inheriting the High Line, CSX commissioned a study by the Regional Plan Association (RPA) to evaluate alternative transportation uses for the High Line. That study recommended that the option of using the High Line as a greenway - a public corridor with space for pedestrians, bicycles and even possibly a light rail system -"should continue to receive strong consideration." [13] RPA's recommendation involved two land use concepts for developing the High Line into a greenway. The first concept, envisions development as a continuation of activities taking place in establishments on 10th Avenue. Thus, for example, a restaurant on the Avenue could open a cafe on the High Line above, or a gallery could develop a sculpture garden. The second concept, "a street in the air," envisions a corridor lined with cafes, shops, galleries, etc. According to the study, development could proceed in one or both manners. [14]

[10] *Ibid.*

[11] CSX and Norfolk Southern Railroad took over Conrail in the late 1990s, inheriting both the High Line (which was allocated to CSX) as well as the conditional demolition order. "Which Track for the High Line, *The New York Times,* December 31, 2000.

At about the time that RPA was concluding that a preserving the High Line for use as a greenway should be seriously considered, a not-for profit group called Friends of the High Line ("FHL") was being organized. According to FHL, the organization was formed two years ago by two community residents after media reports indicated that the demolition of the High Line was imminent. The organization's goal is to transform the High Line into a unique recreational facility that can be used by all residents and visitors of the City. FHL is seeking a Certificate of Interim Trail Use from the STB, which could result in the preservation and use of the High Line as a public trail pursuant to federal law.

The National Trails System Act ("Act"), passed by Congress in 1983, is intended to preserve outdoor areas and trails for the ever-increasing outdoor recreation needs of an expanding population. [15] The Act designates various trails as National Scenic and National Historic Trails, encourages the establishment of these trails and provides a mechanism in which Federal, State and local agencies, as well as private interests, can seek to designate new trails.[16] In adopting the Act, Congress specifically stated that its goal was to encourage the creation and maintenance of outdoor trails in settings which include metropolitan and urban areas.

According to the Act, a State, political subdivision, or qualified private organization can convert unused rails to scenic trails, while preserving the right-of-way for a conversion back to rail use. A transfer of the rail line pursuant to this Act to a state or local government or qualified private organization would bar any abandonment or discontinuance which is inconsistent with the interim use (i.e. demolition). [17] "Railbanking" has been used to produce more than 10,000 miles of rail-trails across the country. One urban area in which rail lines have been "railbanked" under the program and turned into trails for recreational use is Pittsburgh. In that city, rail lines formerly used in connection with the steel industry have been turned into recreational public trails.

One such line, located in Pittsburgh's downtown area has been credited with aiding the downtown revitalization. In addition, another trail over an abandoned railroad bridge has been turned into a trail for bicyclists, joggers and skaters. [18]

According to the *New York Times* report, FHL's plans at present are lacking in specifics because they believe any ultimate design would have to be shaped by community input. If turned into a trail, the High Line would be a second-story promenade which FHL believes would cost about $40 million to construct and take about a decade.[19] FHL believes that this would preserve open space in Chelsea, help foster appropriate development of the area, and provide a pedestrian link from the Village to whatever development takes place at the site of the 30th Street Rail Yard. FHL points to the Promenade Plantee in Paris as its paradigm .[20] This elevated railway in Paris has been turned into a greenway at a cost of $187 million, which cost was shared between the City of Paris (50%), a private development company (25%) and the French National Railroad Company (25%). According to a recent Daily *News* column, this project has revitalized a working class neighborhood, spurring the development of housing, office space and retail markets including a multitude of arts and crafts businesses .[21] According to FHL, the $187 million figure includes the cost of housing that was constructed as part of the promenade, and that the cost of the greenway itself was a fraction of the total cost. FHL has recently received a fellowship from the Design Trust for Public Space, a non-profit that provides opportunities for design professionals to work with the public sector on planning and design projects in New York City. The fellowship will allow the Design Trust to work with FHL on a design for a High Line promenade. [22]

Property owners led by the Chelsea Property Owners alliance believe that the FHL is seriously underestimating the cost of such an undertaking. The director of the developer of the Chelsea Market at 10th Avenue and 15th Street believes that $100 million would not even be enough, and that on top of the development costs, security costs for such a greenway would be more than $10 million per year. [23] In addition, the *New York Times* report quotes the City's City Planning Commissioner as raising concerns that the obstacles to achieving FHL's vision are "profound", and expressing doubts as to the City's ability or willingness to finance such a project with the Hudson River Park project underway in the vicinity. [24]

RES. NO. 1747:

Resolution 1747 calls upon the Governor, the Mayor and the MTA to take all necessary steps to obtain a certificate of Interim Trail Use from the STB so that the High Line can be "railbanked" pursuant to the federal "rails to trails" program. The Resolution cites portions of the federal program's intent that it was created to "provide for the ever-increasing outdoor recreation needs of an expanding population and... to promote the preservation of, public access to... outdoor areas... primarily near the urban areas of the Nation." The Resolution also notes that even if the property owners and CSX were to agree, and the STB were to grant a final demolition order, State and Local environmental

[19] According to FHL, it estimates the cost at between $40 to $60 million, excluding the cost of any light rail option.

and land use reviews would have to be undertaken which could result in an inability to demolish the High Line. Finally, the Resolution states that since 1992 when the STB issued the conditional order of demolition, the west Chelsea neighborhood in which the High Line is located has undergone significant changes with respect to zoning, development, transportation, traffic and open space/recreation needs, making the preservation and use of the High Line as public space a more desirable option.

Accordingly, Your Committee recommends its adoption.

State Leg. Res. No. 124

Report of the Committee on State and Federal Legislation in favor of approving State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Cymbrowitz, A.7594, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Kwong T. Chan, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 7402, Lot No. 44 on tax map for the borough of Brooklyn".

The Committee on State and Federal Legislation to which was referred on July 26, 2001 the annexed State Legislation Resolution respectfully

REPORTS:

The New York City Charter requires that sale of city-owned property be at public auction or by sealed bids, except as otherwise provided by law. Therefore, state legislative authorization is necessary to permit reconveyance of city-owned property to the former owner.

This legislation authorizes the city of New York to reconvey the real property designated as Block No. 7402, Lot No. 44 on the tax map of Brooklyn to the former owner Kwong T. Chan. Such reconveyance may be made upon approval of the In Rem Foreclosure Release Board subject to the grantee meeting certain conditions precedent.

The City of New York acquired title to these premises based on non-payment of taxes. Reportedly, the non-payment of taxes was due to an absence of notice and the inadvertent failure of, the former owner of such property, to pay taxes thereon.

Accordingly, Your Committee recommends its adoption.

L.U. No. 1118

Uniform land use review procedure application no. C 010260 PPQ, pursuant to §197c and §197-d of the New York City Charter concerning the disposition of one city owned property, located 28-10 Queens Plaza South, Borough of Queens, in Council District no. 26. This application is subject to review and action by the Land Use Committee only if. appealed to the Council pursuant to §197-d(b)(2) of the Charter or called up by vote of the Council pursuant to §197-d(b)(3) of the Charter.

City Planning Commission decision approving an application submitted by the Department of Citywide Administrative Services pursuant to Section 197-c of the New York City Charter, for the disposition of one (1) city-owned property located at 28-10 Queens Plaza South (Block 420, Lot 1), pursuant to zoning and with a requirement that in the event of future development, 1,150 public parking spaces shall be provided on the property.

The intent is to allow the construction of a four-story municipal parking structure.

On June 28, 2001, the Committee recommended that the Council approve the decision of the City Planning Commission with modifications and refer these modifications to the City Planning Commission.

FILING OF MODIFICATIONS WITH THE CITY PLANNING COMMISSION

The Committee's proposed modifications were filed with the City Planning Commission on June 29, 2001. The City Planning Commission filed a letter dated July 9, 2001, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

Accordingly, Your Committee recommends that the Council approve the attached resolution.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2026

Resolution approving the decision of the City Planning Commission on ULURP No. C 010260 PPQ, the disposition of one (1) city-owned property located at 28-10 Queens Plaza South (Block 420/Lot 1), Queens (L.U. No. 1118).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 1, 2001 its decision dated May 23, 2001 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Department of Citywide Administrative Services, for the disposition of one (1) city-owned property pursuant to zoning and with a requirement that in the event of future development, 1150 public parking spaces shall be provided on the property, located at 28-10 Queens Plaza South (Block 420/ Lot 1) Borough of Queens (ULURP No. C 010260 PPQ) (the "Application");

Whereas, the Application is related to Application Numbers C 000266 MMQ (L.U. No. 1119), an amendment to the City Map; C 000406 (A) ZMQ (L.U. Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued on May 11, 2001 (CEQR No. 00DCP055Q);

RESOLVED:

Pursuant to Sections 197-d and 199 of the New York City Charter, the Council approves the Decision.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1120

Zoning resolution amendment application no. 000407(A) ZRQ, pursuant to §197-d and §200 of the New York City Charter, concerning changes in the

text of the zoning resolution, Borough of Queens, Council District no. 26, relating: to creating a Special Long Island City Mixed Use District and establishing the Hunters Point Court Square and Queens Plaza Subdistricts within the new district.

City Planning Commission decision approving a modified application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for amendments to the Zoning Resolution of the City of New York, concerning Article XI, Chapter 7, (Special Hunters Point Mixed Use District) and related sections, renaming such district The Special Long Island City Mixed Use District, and establishing new subdistricts and related regulations in Community Districts 1 and 2, Borough of Queens.

The intent is to establish the Special Long Island City Mixed Use District (LIC) which would consist of the Hunters Point, Court Square and Queens Plaza Subdistricts.

On June 28, 2001, the Committee recommended that the Land Use Committee approve the decision of the City Planning Commission with modifications, and refer these modifications to the City Planning Commission.

FILING OF MODIFICATIONS WITH THE CITY PLANNING COMMISSION

The Committee's proposed modifications were filed with the City Planning Commission on June 29, 2001. The City Planning Commission filed a letter dated July 9, 2001, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

Accordingly, Your Committee recommends that the Council approve the attached resolution.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2028

Chapter 7
Special ~~Hunters Point~~ Long Island City Mixed Use District

117-00
GENERAL PURPOSES

The "Special ~~Hunters Point~~ Long Island City Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the ~~Hunters Point~~ Long Island City community. These general goals include, among others, the following specific purposes:

(a) to ~~stabilize the future~~ support the continuing growth of a mixed residential, commercial and industrial neighborhood by permitting expansion and new development of residential, commercial, community facility and light manufacturing uses where adequate environmental standards are assured;

(b) to encourage the development of moderate to high density commercial uses within a compact transit-oriented area;

(~~b~~ c) to strengthen traditional retail streets in Hunters Point by allowing the development of new residential and retail uses;

(~~c~~ d) to promote the opportunity for people to work in the vicinity of their residences;

(~~d~~ e) to retain jobs within New York City;

(~~e~~ f) to provide an opportunity for the improvement of ~~Hunters Point~~ Long Island City ~~in a manner consistent with the objectives of the comprehensive plan for the City of New York~~; and

(~~f~~ g) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

117-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special ~~Hunters Point~~ Long Island City Mixed Use District# ~~and, in accordance with the provisions of this Chapter~~, the regulations of the #Special ~~Hunters Point~~ Long Island City Mixed Use District# shall ~~supplement or supersede the underlying district regulations~~ apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Long Island City Mixed Use District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(a) ~~For the purposes of this Chapter, all lawful principal #uses# in enclosed #buildings# that existed on October 25, 1995 shall be considered conforming. Such #uses# may be #enlarged# only as provided in this Chapter.~~ Notwithstanding the provisions of Section 54-40 (Damage or Destruction in Non-complying Buildings), ~~W~~ when ~~an existing~~ #building# that existed on October 25, 1995, within the Hunters Point or Court Square Subdistricts is damaged or demolished by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to the #bulk# permitted by this Chapter, whichever is greater.

(b) For #developments# or #enlargements# containing both #residential# and non-#residential uses#, or for changes in #use# that would result in a #building# occupied by #residential# and non-#residential uses#, the #residential use# shall be located on a #story# above the highest #story# occupied, in whole or in part, by a non-#residential use#. Non-#residential uses# may, however, be located on the same #story#, or on a #story# higher than that occupied by #residential uses#, provided that the non-#residential uses#:

(1) are located in a portion of the #mixed use building# that has separate direct access to the #street# with no access to the #residential# portion of the #building# at any #story#; and

~~In the granting of special permits or authorizations, the City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding uses.~~

(c) Regulations relating to #accessory# parking facilities, #public parking lots# and #public parking garages# within the #Special ~~Hunters Point~~ Long Island City Mixed Use District#, ~~and the Court Square Subdistrict~~ are set forth in Article I, Chapter 3 (*Comprehensive Off-Street Parking Regulations* in

Community Districts 1, 2, 3, 4, 5, 6, 7 and 8 in the Borough of Manhattan and in Portions of Community Districts 1 and 2 in the Borough of Queens).

(d) In the granting of special permits or authorizations within the #Special Long Island City Mixed Use District#, the City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(e) Where references are made to #block# numbers within this Chapter, such numbers are to be found on the maps appended to this Chapter.

(f) In areas within the #Special Long Island City Mixed Use District# that are not within a Subdistrict, the regulations of the underlying zoning district shall apply.

Other defined terms are set forth in Section 117-01 (Definitions) of the #Special Long Island City Mixed Use District# and Section 12-10 (DEFINITIONS).

Accessory use

In addition to those "accessory uses" listed in Section 12-10, for the purposes of this Section, an #accessory use# shall also include a #dwelling unit# in connection with any commercial, manufacturing or community facility establishment permitted in the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District# pursuant to Section 117-51 (Special Use Regulations), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

Within the Queens Plaza Subdistrict, the #home occupation# provisions of Section 12-10 shall apply, except that:

(a) up to 49 percent of the total #floor area# of a #dwelling unit# may be used for a #home occupation#;

(b) such #home occupation# may occupy more than 500 square feet of #floor area#; and

(c) businesses operated as #home occupations# may have up to three non-#residential# employees.

117-51
Queens Plaza Subdistrict Special Use Regulations

The special #use# provisions of Sections 123-20 through 123-50, inclusive, of the #Special Mixed Use District# shall apply in the Queens Plaza Subdistrict except where modified by the provisions of this Section and shall supplement or supersede the provisions of the designated #Residence# or M1 District as applicable.

117-511
Large retail establishments

The following #uses# as listed in Section 42-30 (USES PERMITTED BY SPECIAL PERMIT) shall be permitted as-of-right in the Queens Plaza Subdistrict with no limitation on #floor area# per establishment:

Department stores; carpet, rug, linoleum or other floor covering stores; clothing or clothing accessory stores; dry goods or fabric stores; food stores; furniture stores; television, radio, phonograph or household appliance stores; or variety stores.

117-512
Ground floor use and frontage regulations

On designated #streets# in the Queens Plaza Subdistrict, as shown on Map 2 in Appendix C of this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of #curb level# shall be limited to #commercial#, #manufacturing# or #community facility uses# permitted by the designated district regulations except as modified by the special #use# provisions of Sections 117-51 and 117-511. A building's ground floor frontage shall be allocated exclusively to such #uses#, except for lobby space or entrance space.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 50 percent of the building's total #street# frontage or 30 feet, whichever is less. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 25 feet.

117-513
Transparency requirement

Within the Queens Plaza Subdistrict the transparency requirements of this Section shall apply to all #developments# and to #enlargements# where the enlarged portion of the ground floor of the #building# is within eight feet of the #street line#. Transparency requirements shall not apply to any #building# where the ground floor is occupied by #uses# listed in Use Groups 16 or 17.

At least 50 percent of a building's #street wall# surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point at any point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above #curb level#. Door or window openings within such walls shall be considered as transparent. Such openings shall have a minimum width of two feet.

In addition, the remaining portion of such building wall that is 50 feet or more in length and contains no transparent element between #curb level# and 14 feet above #curb level# or the ceiling of the ground floor, whichever is higher, or to its full height if such wall is less than 14 feet in height, shall be covered with vines or similar planting or contain artwork or be treated so as to provide visual relief. Plantings shall be planted in soil having a depth of not less than 2 feet, 6 inches and a minimum width of 24 inches.

117-52
Queens Plaza Subdistrict Special Bulk Regulations

117-521
General provisions

All #buildings and other structures# within the Queens Plaza Subdistrict shall comply with the #bulk# regulations of this Section. The regulations of the designated #Residence# and M1 Districts shall apply as set forth below.

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential uses# in a #building or other structure# in accordance with the regulations of the designated #Residence District#, and the #bulk# regulations set forth in Article IV, Chapter 3, shall apply to all #manufacturing#, #community facility# and #commercial uses# in a #building or other structure# in accordance with the regulations of the designated M1 District, except as modified in the special #bulk# regulations of Sections 117-522 through 117-523.

When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed use building#, the regulations set forth in this Section shall apply as if such #buildings# were a single #mixed use building#.

117-522
Maximum floor area ratio for all uses

The maximum #floor area ratio# permitted for #commercial#, #community facility#, #manufacturing# and #residential uses# in accordance with the applicable designated district shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility#, #manufacturing# or #residential uses#, separately or in combination, is specified in the following table:

MAXIMUM FLOOR AREA RATIO FOR ALL USES
IN THE QUEENS PLAZA SUBDISTRICT

Area	Maximum FAR
A-1, A-2	12.0
B	8.0
C	5.0

117-523
Lot coverage and open space ratio requirements

(a) #Lot coverage# requirements for #residential buildings#

In the Queens Plaza Subdistrict, where the designated #Residence District# is an R7 or R9 District, the provisions of Sections 23-142 (In R6, R7, R8 or R9 Districts) through 23-144 regulating minimum required #open space ratios# and maximum #floor area ratios# shall not apply. In lieu thereof, all #residential buildings#, regardless of whether they are required to be #developed# or #enlarged# pursuant to the Quality Housing Program, shall comply with the #lot coverage# requirements set forth for the designated district in Section 23-145, or Section 23-147 for #non-profit residences for the elderly#. For purposes of this Section, #non-profit residences for the elderly# in R7 Districts without a letter suffix, shall comply with the provisions for R7A Districts, as set forth in Section 23-147.

Where the designated district is an R7-3 District, the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

(b) #Lot coverage# and #open space ratio# requirements for #mixed use buildings#

#Lot coverage# and #open space ratio# requirements shall not apply to any portion of a #mixed use building# in the Queens Plaza Subdistrict.

117-524
Floor area bonus for a residential plaza, urban plaza or arcade

Any #floor area# bonus for a #residential plaza#, #urban plaza# or #arcade# permitted under the regulations of the designated #Residence# or M1 District shall not apply in the Queens Plaza Subdistrict.

117-525
Density regulations for residential and mixed use buildings in Areas A-1, A-2, B and C

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict, the #lot area per room# requirements of Section 23-20 (Density Regulations) shall not apply. In lieu thereof, the #lot area per dwelling unit# requirements of this Section shall apply as set forth for the applicable designated #Residence District#, as specified in the following table:

MINIMUM LOT AREA PER DWELLING UNIT REQUIREMENTS
IN THE DESIGNATED RESIDENCE DISTRICTS

Designated Residence District	Minimum lot area per dwelling unit (square feet)
R7-3	135
R9	98
R10	79

In addition, each #dwelling unit# shall have at least 400 square feet of #floor area#.

117-526
Special yard regulations

(a) Residential buildings

No #front yards# or #side yards# are required in the Queens Plaza Subdistrict. However, if any open area extending along a #side lot line# is provided at any level, such open area shall have a minimum width of eight feet.

(b) Mixed use buildings

No #front yards# or #side yards# are required in the Queens Plaza Subdistrict. For a #residential# portion of a #mixed use building#, a required #rear yard# shall be provided at any level not higher than the floor level of the lowest #story# containing #dwelling units# or #rooming units#.

(c) Manufacturing or commercial buildings

The #rear yard# provisions of the designated M1 District shall apply, except that such #rear yard# provisions shall not apply to #manufacturing#, #commercial developments# or #enlargements# or #extensions#.

(d) Zoning lots adjacent to the Sunnyside Yard

On a #zoning lot# sharing a #lot line# with the Sunnyside Yard, no #yards# are required for any #development# within a distance of 100 feet from the shared #lot line#.

(e) For zoning lots occupying an entire #block#

No #rear yard# or #rear yard equivalent# shall be required for any #development# on a #zoning lot# occupying an entire #block#.

117-53
Height and Setback and Street Wall Location Regulations

The height and setback regulations of the designated #Residence# and M1 Districts shall not apply, except for permitted obstructions pursuant to Sections 23-62 or 43-42, as applicable. In lieu thereof, all #buildings or other structures# shall comply with the regulations set forth in Sections 117-531 (Street wall location) and 117-532 (Setback regulations for buildings that exceed the maximum base height). Such regulations, however, shall not apply along the #street frontage# of that portion of a #zoning lot# occupied by existing #buildings#, unless the #street walls# of such existing #buildings# are vertically extended by more than 15 feet. The height of all #buildings or other structures# shall be measured from the #base plane#.

117-531
Street wall location

(a) On a #wide street#, and on a #narrow street# within 50 feet of its intersection with a #wide street#, the #street wall# of a #building# shall be located on the #street line# and extend along the entire #street frontage# of the #zoning lot# up to at least the applicable minimum base height specified in the table in Section 117-532 or the height of the #building#, whichever is less. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

(b) On a #narrow street# within 100 feet of its intersection with a #wide street#, #street walls# shall extend along the entire width of such #narrow street# frontage of the #zoning lot# and shall rise without setback up to at least the applicable minimum base height specified in the table in Section 117-532 or the height of the #building#, whichever is less. Beyond 100 feet of the intersection of a #wide street#, #street walls# shall extend along at least 70 percent of such #narrow street# frontage of the #zoning lot# and shall rise without setback up to at least the applicable minimum base height specified in such table, or the height of the #building#, whichever is less. Beyond [illegible] feet of the intersection of a #wide street#, all #street walls# required pursuant to this paragraph, (b), shall be located within eight feet of the #street line#.

(c) On a #wide street# above the ground floor level, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line# in compliance with #outer court# regulations.

(d) On a #narrow street#, recesses are permitted at any level in the #street wall# of a base for #outer courts# or balconies. The aggregate length of such recesses shall not exceed 50 percent of the length of the entire #street wall# at any level. However, not more than 30 percent of the aggregate length of such recesses shall exceed a depth of eight feet.

(e) In Area A-1, on the #blocks# specified in Map 3 of Appendix C, a #development# or #enlargement# shall comply with the provisions of paragraphs (a) through (d) of this Section as applicable, except that #street walls# shall be located as specified on Map 3. The #street wall# of a #development# or #enlargement# may be set back only in the areas indicated on Map 3 as "Permitted #Street Wall# Setback Location", provided that the additional sidewalk widening resulting from such setback is accessible to the public, developed in accordance with the provisions of Section 117-555, and located adjacent to a public sidewalk or mandatory sidewalk widening.

(f) For any #development# or #enlargement# fronting on Queens Plaza South in Area A-1 or Area B as shown on Map 1 of Appendix C, any #street wall# along Queens Plaza South shall be set back five feet from the #street line# except as otherwise specified on Map 2.

117-34
Setback regulations for buildings that exceed the maximum base height

All portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section shall comply with the following provisions:

(a) At a height not lower than the minimum base height or higher than the maximum base height specified in the table for the applicable area, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street# and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#; except such such dimensions may include the depth of any permitted recesses in the #street wall#.

Area	Minimum Base Height* [on #Wide Streets#*]	[Minimum Base Height on #Narrow Streets#**]	Maximum Base Height [on All Streets]
A-1	60	23	
A-2	60	23	150
B	100	23	150
C	60	23]	100

[* On a #wide street# and on a #narrow street# within 50 feet of its intersection with a #wide street#]

[** On a #narrow street# beyond 50 feet of its intersection with a #wide street#]

[* except for those blocks in area C adjacent to a narrow street along which there is an elevated structure.]

* except that there shall be no Minimum Base Height for #buildings or other structures# on those blocks in Area C adjacent to a [narrow street] #Narrow Street# along which there is an elevated structure.

(b) On the #blocks# in Area A-1 shown on Map 3 of Appendix C, no setbacks are required above the applicable minimum base height specified in the table in paragraph (a). However, if a setback is provided, it shall comply with the provisions of paragraph (a) of this Section.

(c) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building#, before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.

117-35
Special permit to modify use or bulk regulations

For any #development#, #enlargement# or change of #use# on a #zoning lot# within the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# requirements, provided the Commission shall find that:

(a) such modification will aid in achieving the general purposes and intent of the Special District;

(b) such #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for the programmatic requirements of the #development#;

(c) such #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) such #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) such #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

117-4
Off-street Parking and Loading Regulations

(a) The off-street parking provisions of Article I, Chapter 3, shall apply except that:

(1) the provisions of paragraph (b) of Section 13-142 (Additional Regulations for Permitted Accessory Off-Street Parking Spaces) shall also apply to Northern Boulevard, Crescent Street and 23rd Street; and

(2) the provisions of Section 13-133 (Community facility, commercial or manufacturing developments) shall be modified as follows: the maximum number of #accessory# off-street parking spaces permitted for a #development# or #enlargement# shall not exceed one space per 2,000 square feet of #floor area# or 250 spaces whichever is less.

(b) Curb cuts for #developments# shall not be permitted within 40 feet of a #zoning lot line# that abuts the Sunnyside Yard.

(c) #Public parking garages# shall be permitted on #Blocks# 86/72 and 403 pursuant to Section 117-56 (Special Permit for Bulk Modifications on Blocks 86/72 and 403).

117-541
Indoor bicycle parking

A designated area for bicycle parking shall be provided in Areas A-1 and A-2 for #commercial developments# or #enlargements# with a minimum #floor area ratio# of 5.0, except where more than 50 percent of the #floor area# of such #development# or #enlargement# is occupied by a #use# listed in Use Groups 16 or 17. Such designated area shall be provided at a ratio of one square foot per 1,000 square feet of #floor area#. Such facility must be enclosed, accessible and secure. Up to 25 percent of the designated bicycle parking area may be used for #accessory# facilities.

117-55
Mandatory Plan Elements for the Queens Plaza Subdistrict

117-551
General provisions

Within the Queens Plaza Subdistrict, the provisions of Sections 117-552 (Street trees) and 117-553 (Central refuse storage area) shall apply to any #development# or #enlargement# except where more than 50 percent of the #floor area# of such #development#, #enlargement#, alteration or change of #use# is occupied by a #use# listed in Use Groups 16 or 17.

The provisions of Sections 117-554 (Area A-1 mandatory sidewalk widening and ground floor uses) and 117-555 (Area A-1 mandatory sidewalk widening design requirements) apply to Area A-1 as identified in Map 3 in Appendix C of this Chapter.

117-552
Street trees

#Street# trees shall be planted in the #street# adjacent to the #zoning lot#, except that #street# trees shall not be planted along Northern Boulevard and Queens Boulevard. At least one tree of 2.5 inch caliper or more shall be planted for each 25 feet of the entire #street# frontage of the #zoning lot#, excluding the frontage occupied by driveways or as required by the Department of Transportation. Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation and the Department of Transportation.

If the Commissioner of Buildings determines that the tree planting requirements of this Section cannot be met in part or in whole because of subsoil conditions or the presence of an elevated structure, the number of required #street# trees that cannot be planted as required in this Section shall be planted in the #street# on the same

#block# as the #zoning lot# to which it has frontage or at an alternative site approved by the Department of Parks and Recreation and the Department of Transportation.

117-553

Central refuse storage area

The provisions of Section 28-23 (Refuse Storage and Disposal) shall apply.

117-554

Area A-1 mandatory sidewalk widening and ground floor uses

The sidewalk widening and ground floor #use# provisions of this Section shall apply to all #developments# or #enlargements# with a #floor area ratio# of 3.0 or more.

(a) Sidewalk widening accessible to the public must be provided in the locations specified on Map 3 of Appendix C of this Chapter. Such mandatory sidewalk widening is subject to the design requirements of Section 117-555.

(b) Ground floor commercial use restriction

For any #development# or #enlargement# fronting on the mandatory sidewalk widening required in paragraph (a) of this Section, #uses# located on the ground floor level or within five feet of #curb# level shall be limited to #commercial uses# listed in Use Groups 5, 6A, 6C, 7A, 7B, 8A, 8B, 9, 10, 11A, 12A and 12B, where such #uses# are permitted by the special #use# regulations of Section 117-51 (Queens Plaza Subdistrict Special Use Regulations). Any #development# or #enlargement# fronting on such mandatory sidewalk widening shall be allocated exclusively to such #uses# except for lobby space, entrance space, or frontage used for subway access.

117-555

Area A-1 mandatory sidewalk widening design requirements

(a) Access

All mandatory sidewalk widenings shall be accessible directly from an adjoining public sidewalk and unobstructed along at least 50 percent of the total #street# frontage. Driveways and vehicular accessways included as part of the total #street# frontage may not be counted as providing access. All mandatory sidewalk widenings shall be accessible to the public at all times.

There shall be at least one unobstructed pedestrian path of travel providing access to each of the following:

(1) at least 70 percent of the mandatory sidewalk widening's total area;

(2) any building lobby accessible to the mandatory sidewalk widening; and

(3) any #use# that may be present on or adjacent to and having an entrance on the mandatory sidewalk widening.

(b) Access for persons with disabilities

The mandatory sidewalk widening shall be accessible to persons with disabilities in accordance with the Americans with Disabilities Act and the American National Standards (ANSI) design standards.

(c) Elevation

All mandatory sidewalk widenings shall be located at an elevation not more than three feet above or below the #curb level# of the nearest adjoining sidewalk.

A mandatory sidewalk widening shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access pursuant to paragraph (a) of this Section, for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a mandatory sidewalk widening is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area however may not be located within a depth of 10 feet from the sidewalk measured perpendicular to the #street line#.

Where an existing subway station entry is located on the sidewalk area abutting a mandatory sidewalk widening, the mandatory sidewalk widening shall be developed at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry except as required for drainage. No obstruction shall be permitted within such portion of the mandatory sidewalk widening.

(d) Permitted obstructions

The provisions of paragraphs (g)(1), (g)(2), (g)(3), (g)(5) and (g)(6) of Section 37-04 (Requirements for Urban Plazas) shall apply, except that in the case of kiosks, the provisions of paragraph (g)(3) shall be modified as follows: the aggregate area occupied by such kiosks shall not exceed [illegible] square feet or 1.5 percent of the area occupied by the sidewalk widening.

(e) Driveways, parking spaces, loading berths, exhaust vents and building trash storage facilities

The provisions of paragraph (h) of Section 37-04 shall apply.

(f) Trees

One tree per 500 square feet of sidewalk widening is required. Each tree shall measure at least 2.5 inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of at least [illegible] feet, 6 inches.

(g) Paving

The provisions of paragraph (l) of Section 37-04 shall apply.

(h) Seating

One linear foot of seating for every 150 square feet of mandatory sidewalk widening shall be provided. In addition, the provisions of Section 62-672 (Seating), shall apply.

(i) Bicycle parking facilities

The provisions of Section 27-123 (Bicycle parking facilities) shall apply.

(j) Drinking fountains

The provisions of Section 27-124 (Drinking fountains) shall apply.

(k) Aesthetic amenities

One of the following amenities shall be provided:

(1) prominent lighting that enhances the architectural features of the upper stories of the #building#;

(2) an ornamental water feature within the mandatory sidewalk widening; or

(3) artwork, such as sculpture, within the mandatory sidewalk widening.

(l) Lighting

The provisions of paragraph (n) of Section 37-04 shall apply, except that the minimum level of illumination shall be [illegible] foot candles throughout the entire mandatory sidewalk widening.

(m) Sidewalk widening signs

The provisions of paragraph (o)(2) of Section 37-04 shall apply.

(n) Maintenance

The provisions of paragraph (q) of Section 37-04 shall apply.

117-56

Special permit for bulk modifications on #Blocks# 86/72 and 40

For any #development# or #enlargement# on a #zoning lot# that has at least 50,000 square feet of #lot area#, located on #Block# 86/72 or #Block# 403 in Area C as shown on Map 1 of Appendix C of this Chapter, the City Planning Commission may increase the #floor area ratio# up to a maximum of 8.0 and may modify the #street wall# regulations of paragraphs (a) and (b) of Section 117-531(Street wall location) and paragraph (a) of Section 117-532 (Setback regulations for buildings that exceed the maximum base height) provided that:

(a) a public open area of not less than 20,000 square feet and a #public parking garage# containing no fewer than 250 spaces shall be included on the #zoning lot#; and further provided the Commission finds that:

(1) the public open area is designed so that it provides recreational opportunities for the community;

(2) the portion of the #development# or #enlargement# adjacent to the public open area shall be either a retail #use#, other #use# or treatment that complements the open area;

(3) such modification of the #street wall# requirements is necessary to accommodate the public open area or the #public parking garage# and will result in a better site plan;

(4) the #public parking garage# is located and designed in such a way so that it shall not adversely affect the quality of the design, access to, or use of the public open area; and

(5) where the Commission permits parking on the roof of such #public parking garage#, such roof parking shall be so located as not to impair the essential character or future use or development of adjacent areas.

Design elements of the open area including lighting, paving, seating, #signs#, and planting areas shall be specified in the application. The provisions of paragraph (o) (Public space signage systems), and of paragraph (q) (Maintenance), of Section 37-04 (Requirements for Urban Plazas) shall apply.

(b) The #public parking garage# shall be subject to the following conditions:

(1) the floor space on one or more #stories# of the #public parking garage#, up to a height of 23 feet above #curb level# shall be exempt from the definition of #floor area# as set forth in Section 12- 10 (DEFINITIONS);

(2) the entrances and exits shall be located so that they will not be hazardous to traffic safety nor likely to unduly inhibit pedestrian movement; and

(3) at the vehicular entrances a minimum of 12 reservoir spaces shall be provided and the total number of reservoir spaces shall be equivalent to five percent of any spaces in excess of 250, up to a maximum of 50 reservoir spaces.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including requirements for sanitation and security, which may include conditions for lighting and landscaping or limitations on the manner and/or hours of operation.

The intent is to amend Zoning Map Section 9b.

On June 28, 2001, the Committee recommended that the Council approve the decision of the City Planning Commission with modifications and refer these modifications to the City Planning Commission.

FILING OF MODIFICATIONS WITH THE CITY PLANNING COMMISSION

The Committee's proposed modifications were filed with the City Planning Commission on June 29, 2001. The City Planning Commission filed a letter dated July 9, 2001, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

Accordingly, Your Committee recommends that the Council approve the attached resolution.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2029

Resolution approving the decision of the City Planning Commission on ULURP No. C 000406 (A) ZMQ, a Zoning Map change (L.U. No. 1121).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 1, 2001 its decision dated May 23, 2001 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 000406 (A) ZMQ) (the "Application");

Whereas, the Application is related to Application Numbers: C 010260 PPQ (L.U. No. 1118), a disposition of city-owned property; C 000266 MMQ (L.U. No. 1119), an amendment to the City Map; N 000407 (A) ZRQ (L.U. No. 1120), amendments to the text of the Zoning Resolution; and C 000483 ZSQ (L.U. No. 1122), a special permit pursuant to Section 117-56 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on June 20, 2001, recessed until June 26, 2001 and recessed until June 28, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued on May 11, 2001 (CEQR No. 00DCP055Q);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 9b:

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1122

Uniform land use review procedure application no. 000483 ZSQ, pursuant to §197-c and §197-d of the Charter of the City of New York concerning a special permit under the Zoning Resolution in the Borough of Queens, Council District no. 26 to allow lots of at least 50,000 square feet an increase of allowable floor area and a modification of the street wall location provisions. This application is subject to review and action by the Land Use Committee only if appealed to the Council pursuant to §197-d(b)(2) of the Charter or called-up by vote of the Council pursuant to §197-d(b)(3) of the Charter.

City Planning Commission decision approving an application submitted by G & M Realty, L.P., pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 117-56 of the Zoning Resolution to allow the increase of the floor area ratio to 8 and permit modification of the regulations of Section 117-531 (Street Wall Location), (a) and (b), to allow the waiver of the required location of street walls to facilitate the construction of a commercial development on property located on the southerly side of Jackson Avenue between Crane and Davis Streets (Block 86/Lots 1, 7 and 22 and Block 72/Lot 80), in an M1-5/R7-3 District, within the Special Long Island City Mixed Use District.

The intent is to allow an increase in the maximum floor area ratio from 5 to 8 in order to facilitate the construction of a new commercial building.

On June 28, 2001, the Committee recommended that the Council approve the decision of the City Planning Commission with modifications and refer these Modifications to the City Planning Commission.

FILING OF MODIFICATIONS WITH THE CITY PLANNING COMMISSION

On June 28, 2001, the Committee's proposed modifications were filed with the City Planning Commission on June 29, 2001. The City Planning Commission filed a letter dated July 9, 2001, with the Council indicating that the proposed modifications are not subject to additional environmental review or additional review pursuant to Section 197-c of the City Charter.

Accordingly, Your Committee recommends that the Council approve the attached resolution.

In connection herewith, Council Members Eisland and McCaffrey offered the following resolution:

Res. No. 2030

Resolution approving the decision of the City Planning Commission on ULURP No. C 000483 ZSQ (L.U. No. 1122), a special permit to allow the increase of the floor area ratio and permit modification of the regulations of Section 117-531 (Street Wall Location).

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on June 1, 2001 its decision dated May 23, 2001 (the "Decision") on the application submitted by G & M Realty, L.P., pursuant to Sections 197-c and 201 of the New York City Charter, for a special permit pursuant to Section 117-56 of the Zoning Resolution to allow an increase of the floor area ratio to 8 and permit modification of the regulations of Section 117-531 (Street Wall Location), (a) and (b), and Section 117-532 (Setback Regulations for Buildings that Exceed the Maximum Base Height) (a), to allow the waiver of the required location of street walls and setbacks to facilitate the construction of a commercial development with an attended public parking garage of 250 spaces on property located on the southerly side of Jackson Avenue between Crane and Davis Streets (Block 86/Lots 1, 7 and 22 and Block 72/Lot 80), in an M1-5/R7-3 District, within the Special Long Island City Mixed Use District, Borough of Queens (ULURP No. C 000483 ZSQ) (the "Application");

Whereas, the Application is related to Application Numbers C 010260 PPQ (L.U. No. 1118), a disposition of city-owned property; C 000266 MMQ (L.U. No. 1119), an amendment to the City Map; C 000406 (A) ZMQ (L.U. No. 1121), an amendment to the Zoning Map; N 000407(A) ZRQ (L.U. No. 1120), amendments to the text of the Zoning Resolution;

Whereas, the City Planning Commission has made the findings required pursuant to Section 117-56 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on June 20, 2001, recessed until June 26, 2001 and recessed until June 28, 2001 on the Decision and Application;

Whereas, the Council has considered the relevant environmental issues and the Final Environmental Impact Statement ("FEIS") for which a Notice of Completion was issued on May 11, 2001 (CEQR No. 00DCP055Q); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

A LOCAL LAW to amend the administrative code of the City of New York, in relation to requiring the installation of fire sprinklers in certain below grade mercantile spaces.

Be it enacted by the Council as follows:

Section 1. Adding a new subdivision c to read as follows, as amended by local law number 16 for the year 1987, amends section 27-929 of the administrative code of the city of New York:

(c) Notwithstanding any other provision of this subchapter, the requirement to install a system of automatic sprinklers shall apply retroactively to any space classified in mercantile occupancy group C pursuant to subdivision f of section 27-954 where any item is stored, sold or used in a below grade area in an amount that requires a fire department permit. Installation of such system shall be completed on or before July first, two thousand two.

§2. Table 17-2 of article 4 of subchapter 17 of chapter 1 of title 27 of the administrative code of the city of New York, as amended by local law number 10 for the year 1999, is amended by amending line six to read as follows:

Where Required Type of System	Automatic Sources Required	Partial System Permitted	Connection to Domestic Permitted	Alternate Permitted (27-955	Siamese Required (§27-959)	Central[a] Station Required (§27-955) (§27-967	Water[b] Flow Alarm Required (§27-957	Automatic Dry Sprinkler Permitted (5212 of RS17)	Dry Nonautomatic Sprinkler Permitted[c]
Mercantile Occupancy Spaces-Group C [exceeding 7,500 sq. ft.] when required (§27-954 (f))	2 sources if exceeding 20,000 sq. ft. 1 source if not more than 20,000 sq. ft.	No	No	No	Yes	None[a]	Yes	Yes	No

§3. Subdivision f of section 27-954 of the administrative code of the city of New York is amended to read as follows:

(f) Spaces in high rise buildings classified in mercantile occupancy group C, spaces classified in mercantile occupancy group C exceeding seventy-five hundred square feet in floor area or with an unenclosed stair or elevator between any two or more floors *or below grade spaces where any item is stored, sold or used in an amount that requires a fire department permit.*

§4. Subchapter 15 of chapter of title 27 of the administrative code of the City of New York is amended by adding a new section 27-4093.1 to read as follows:

§27-4093.1 Sprinklers. Notwithstanding any other provision of law, the storage, sale or use of paints, varnishes, lacquers or any other substance commonly used for painting, varnishing, staining or similar purposes in an amount which requires a fire department permit is prohibited in any below grade areas in any space classified in mercantile occupancy group C unless such below grade area is fully protected by a system of automatic sprinklers.

§5. This local law shall take effect immediately, provided, however, that any existing spaces requiring sprinklers pursuant to section four of this local law shall be brought into compliance no later than July first, two thousand two.

Referred to the Committee on Housing and Buildings.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to the duties of assessors in assessing real property.

Be it enacted by the Council as follows:

Section 1. Section 11-207 of the administrative code of the City of New York is amended to read as follows:

§ 11-207 **Duties of assessors in assessing property.** a. In performing their assessment duties, the assessors shall personally examine each parcel of taxable real estate [during at least every third assessment cycle] *every year,* and shall personally examine each parcel of real estate that is not taxable during at least every fifth assessment cycle, as measured from the last preceding assessment cycle during which such parcel was personally examined. Notwithstanding anything in the preceding sentence to the contrary, the assessors shall revalue, reassess or update the assessment of each parcel of [taxable or] nontaxable real estate during each

assessment cycle, irrespective of whether such parcel was personally examined during each assessment cycle.

b. The [persons] *assessors* having [charge of the borough assessment offices] *been assigned district responsibilities* shall furnish to the commissioner of finance, under oath, a detailed statement of all taxable real estate in the city. Such statement shall contain the street, the section [or ward], *volume,* the block and lot and map or identification numbers of such real estate embraced within such district; the sum for which, in their judgment, each separately assessed parcel of real estate would sell under ordinary circumstances if it were wholly unimproved and, separately stated, the sum for which the same parcel would sell under ordinary circumstances with the improvements, if any, thereon, such sums to be determined with regard to the limitations contained in the state real property tax law. [Such] *The assessors shall include in* such statement [shall include] such other information as the commissioner of finance may, from time to time, require.

c. Only certified assessors may furnish under oath any statements to the commissioner of finance. No assessor may furnish a statement under oath to the commissioner of finance for more than four volumes or to over one percent of the assessment of the city. Regardless of these limitations, every certified assessor may furnish a statement under oath to the commissioner of finance for at least one volume.

§ 2. This local law shall take effect immediately and shall apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 2003.

Referred to the Committee on Finance.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to health insurance coverage for the surviving spouse and children of deceased city employees.

Be it enacted by the Council as follows:

Section 1. Paragraph 2 of subdivision b of section 12-126 of the administrative code of the City of New York is amended to read as follows:

Health insurance coverage for surviving spouses and children of [police officers, firefighters, transit police officers and city housing police officers] *city employees*:

Where the death of a [member of the uniformed forces of the police or fire departments or a member of the uniformed transit police force maintained by the New York City transit authority or a member of the uniformed housing police force maintained by the New York City housing authority] *city employee* is or was the natural and proximate result of an accident or injury sustained while in the performance of duty, the surviving spouse or *domestic partner,* until he or she dies, and children under the age of nineteen years and any such child who is enrolled on a full-time basis in a program of undergraduate study in an accredited degree-granting institution of higher education until such child completes his or her educational program or reaches the age of twenty-three years, whichever comes first, shall be afforded the right to health insurance coverage, and health insurance coverage which is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the social security act, as is provided for city employees, city retirees and their dependents as set forth in paragraph one of this subdivision. The mayor may, in his or her discretion, authorize the provision of such health insurance coverage for the surviving spouses, *domestic partners* and children of [uniformed correctional and sanitation employees] *city employees* who died on or after November first, nineteen hundred and ninety-six and before January thirty-first, nineteen hundred and ninety-eight and the surviving spouses, domestic partners and children of city employees who died on or after October first, nineteen hundred and ninety-eight and before April thirtieth, nineteen hundred and ninety-nine as a natural and proximate result of an accident or injury sustained while in the performance of duty, subject to the same terms, conditions and limitations set forth in the section.

§2. This local law shall take effect immediately.

Referred to the Committee on Civil Service and Labor.

Int. No. 956

By the Speaker (Council Member Vallone) and Council Members Cruz, Malave-Dilan, Espada, Henry, Pinkett and Stabile; also Council Members Foster, O'Donovan and Robinson

A LOCAL LAW to amend the administrative code of the City of New York, in relation to providing an exemption to the application of residency requirements when an exempted employee would lose the exemption as a result of a change in title.

Be it enacted by the Council as follows:

Section 1. Section 12-120 of the administrative code of the city of New York is amended as follows:

§ 12-120 **Employees to be city residents.** Except as otherwise provided in section 12-121, any person who enters city service on or after September first nineteen hundred eighty-six (i) shall be a resident of the city on the date that he or she enters city service or shall establish city residence within ninety days after such date and (ii) shall thereafter maintain city residence as a condition of employment. Failure to establish or maintain city residence as required by this section shall constitute a forfeiture of employment; provided, however, that prior to dismissal for failure to establish or maintain city residence an employee shall be given notice of and the opportunity to contest the charge that his or her residence is outside the city. *Any person who entered city service prior to September first nineteen hundred and eighty-six shall not be required to establish city residence, regardless of position and regardless of whether a position to which such person is appointed or promoted requires city residence.*

§ 2. Section 12-121 of the administrative code of the city of New York is amended as follows:

§ 12-121 **Exceptions to city residence requirements.** a. The commissioner of citywide administrative services on his or her own initiative or upon application of the head of an agency may certify that there is difficulty in the recruitment of personnel for a position and that to restrict recruitment for such position to city residents and persons who would be willing to establish city residence would not be in the public interest. Persons appointed to positions so certified by the commissioner shall not be required to establish or maintain city residence as a condition of employment while in service in that position. Each agency head may make application to the commissioner, in such form as the commissioner shall prescribe, for the certification of positions within the agency head's jurisdiction. The commissioner may certify such positions subject to such limitations and conditions as the commissioner may deem appropriate. Notwithstanding the foregoing provisions, positions in the city council may be so certified by the speaker of the city council. Copies of all certifications of the commissioner and the speaker shall be filed with the city clerk and shall be subject to annual review by the commissioner and speaker.

b. City residence shall not be required as a condition of employment for:

(1) persons appointed to the position of chaplain;

(2) or employees whose regular work site is outside the city; or

(3) employees who have performed functions at a regular work site outside the city, where the city has reduced or terminated, or is in the process of reducing or terminating, the direct performance by city employees of such functions at such site, and the city seeks to transfer, reassign, or appoint such employees to positions located within the city. This paragraph shall apply only where the commissioner of citywide administrative services finds that it is in the public interest to waive the residence requirement for reasons including, but not limited to, facilitating the operations of the affected agency or agencies or furthering the interests of employee relations[.]*; or*

(4) Any person who entered city service prior to September first nineteen hundred eighty-six.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Civil Service and Labor.

Res. No. 1998

Resolution opposing the decision by Federal regulators to extend the deadline for financial institutions to comply with the privacy provisions required under the Gramm-Leach-Bliley Act of 1999, and urging them to require financial institutions to inform consumers of their privacy rights in clear, conspicuous, and understandable language.

By the Speaker (Council Member Vallone), and Council Members Berman, Fisher, Freed, Malave-Dilan, Eisland, Espada, Henry, Linares, Pinkett and Watkins; also Council Members Foster, Harrison, O'Donovan and Michels

Whereas, In 1999, the Federal government enacted the Gramm-Leech-Bliley Act (the "Act") a financial modernization act allowing financial firms to organize as full service institutions that offer banking, insurance and securities products and services; and

Whereas, The Act included provisions aimed at protecting consumers' personal information, which may be threatened by the merging of separate financial businesses into single, consolidated, full service firms; and

Whereas, One of these provisions requires financial institutions to send notices to customers allowing them to opt out of sharing, with non-affiliated third parties, non-public personally identifiable information; and

Whereas, The Act became effective on November 13, 2000, but Federal regulators, including that National Credit Union Administration, the Securities and Exchange Commission, and the Federal Trade Commission, granted an eight month extension for mandatory compliance with the "opt-out" notification requirements, to allow the industry time to promulgate and implement the necessary administrative policies and procedures; and

Whereas, Despite the cooperation of Federal regulators with the financial industry, financial institutions have sent notices that are unclear and complex, making it difficult or impossible for consumers to understand; such notices should be written in a clear, conspicuous and understandable language; and

Whereas, According to a financial publication, these problems have resulted in an extremely low response rate, with some estimates as low as 0.5%, effectively threatening the privacy of consumers and violating the intent of the Act; and

'ereas, The Council of the City of New York urges regulators to require 'itutions to launch an educational campaign informing consumers of their ' of sharing non-public personal information with third parties; now,

'e Council of the City of New York opposes the decision by Federal 'end the deadline for financial institutions to comply with the privacy 'ed under the Gramm-Leach-Bliley Act of 1999, and urges them to ' institutions to inform consumers of their privacy rights in a clear, 'understandable manner.
