DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

74-74
General Large-Scale Development

For #general large-scale developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk# controls. For these #developments#, the regulations of this Section are designed to allow greater flexibility for the purpose of securing better site planning, while safeguarding the present or future use and development of the surrounding area.

***

74-743
Special provisions for bulk modification
(a) For a #general large-scale development#, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #general large-scale development# without regard for #zoning lot lines# or district boundaries subject to the following limitations:

(i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

(ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted;

(2) modification of the #lot area# requirement for non-#residential uses# in a #Commercial District# with a base #floor area ratio# of 15.0 provided, that for every 750 square feet of gross #residential floor area# in the #building# there is no more than one #dwelling unit#;

(3) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations; and

(4) variation in the location of primary business entrances , and #show windows# and #signs# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries.

(b) As a condition of granting a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances , and #show windows#~~ and #signs#~~ will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

74-744
Modification of use regulations

(a) Waterfront and related #commercial uses#
In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related #uses# listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

(1) the #uses# are appropriate for the location and blend harmoniously with the rest of the #general large-scale development#; and

(2) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

(b) Location of #commercial uses#

For any #general large-scale development#, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location within Buildings) provided the Commission shall find:

(1) the #commercial uses# are located in a portion of the #mixed building# which has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;

(2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and

(3) the modifications shall not have any adverse effect on the #uses# located within the #building#.

(c) Modifications of #sign# regulations

~~(1) In C6 Districts, the City Planning Commission may modify the regulations of Section 32-65 (Permitted Projection or Height of Signs) for #signs#, other than #advertising signs#, on a non-#residential building#, provided that such #signs# will not be incompatible with the character of the surrounding area.~~

(1) In all #Commercial# or #Manufacturing Districts#, the City Planning Commission may, for #developments# or #enlargements# subject to the provisions of paragraphs (a)(1), (a)(2), or (a)(3) of Section 74-743 (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-65 (Permitted Projection or Height of Signs), 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), 42-53 (Surface Area and Illumination Provisions), 42-54 (Permitted Projection or Height of Signs), 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), and, the limitations on the location of #signs# in Sections 32-51 and 42-44 (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.

74-748
Previously granted special permits

Any #development# or #enlargement# granted a special permit by the City Planning Commission under previous Section 74-74 (Commercial Development Extending into More than One Block) prior to February 22, 1990, may be started or continued pursuant to that special permit.

The Commission may administratively, upon application, allow modifications of the special permit granted under Section 74-74 (Commercial Development Extending into More than One Block) before February 22, 1990.

In no event may the Commission grant a modification of a special permit approved prior to February 22, 1990, that would require additional #bulk# distribution among #zoning lots# or modification of the height and #lot coverage# limitations previously established. Any modifications exceeding the limitations set forth herein shall be subject to the provision of the new Section 74-74 (General Large-Scale Development).

No existing #plaza#, #residential plaza#, #urban plaza#, or other public amenity for which a #floor area# bonus or any increase in tower coverage above 40 percent of the #lot area# of the #zoning lot# has been received under Section 74-74 (Commercial Development Extending into More than One Block) prior to February 22, 1990 shall be eliminated or reduced in size except by special permit of the Commission pursuant to a finding that a proposed change will provide a greater public benefit in the light of the public amenity's purpose.

Any #sign# shown on a site plan incorporated as part of a special permit of the City Planning Commission under the provisions of Section 74-74 (General Large Scale Development) prior to (the effective date of this amendment), may be erected and maintained in accordance with such special permit.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement

such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of the Department of Transportation is authorized to promulgate rules regarding streets and highways in the City pursuant to Section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Section 2-01 is being amended to define block segments and intersections.

Section 2-02 of the Highway Rules is being amended to allow the Agency to better regulate the issuance of permits. The proposed rule allows the Department to demand that permittees show proof of required approvals from other governmental entities as a condition for issuing a Departmental permit. This revision should heighten public safety by allowing the Department to insure that permittees secure approval from other governmental entities as required.

Section 2-03 is being amended to modify the maximum duration of each permit for emergency work from 2 business days to forty-eight (48) hours to reflect the duration of such permit more accurately. This section is also being amended to require a permit to be obtained for pole removal. This will enable the Department to better regulate such activity by giving the Department notice of pole removals.

Section 2-04 is being amended in order that the Agency may better regulate the issuance of canopy permits. The proposed rules prohibit the placement of canopies under fire escapes or obstructing the use of fire escape drop ladders, counter-balanced stairs, and any building exits. The revision brings the current Highway Rules into compliance with the New York City Administrative Code, Title 19, Section 19-124(f). Additionally, this revision heightens public safety since canopies obstructing the use of fire escapes and building exits would render such fire escapes and building exits inoperable.

Additionally, the proposed rules enable the Department to renew permits for canopies constructed and approved before May 19, 1995 without imposing the newer construction restrictions, so long as a Department Inspector inspects the canopy and determines that such canopy does not present any hazards to public safety and convenience.

Section 2-09 is being amended to require property owners to obtain a permit for sidewalk work, even if the area of work is less than 25 square feet, where the purpose of the work is to remove a violation, thus enabling the Department to inspect and remove sidewalk violations.

Subdivision b of section 2-11 is being amended to alert Permittees to the necessity of obtaining separate permits for each block segment and intersection.

Paragraph 10 of subdivision e of section 2-11 is being amended to provide for the safe movement of pedestrians, cyclists and others around work sites that contain steel plates and decks.

Paragraph 11 of subdivision e of section 2-11 is being amended to establish a minimum depth for the installation of conduits and pipes beneath the surface of roadways. This amendment will ensure that conduits and pipes are protected from damage caused by excavation, street openings, resurfacing, reconstruction and vehicular traffic.

The Department has become aware of an increase in the number of non-emergency street openings in protected streets. Paragraph 4 of subdivision f of section 2-11 is being amended to allow the Department to better monitor restoration activity in protected streets. A new subparagraph vi is proposed in order to maximize the integrity of protected streets by setting forth opening and restoration guidelines for streets which have been reconstructed within 18 months of the present street opening. Where work cannot be performed within 8 feet of curbs or be confined to sidewalks, permittees will be required to restore the street from curb to curb. Finally, a new subparagraph vii is proposed to require permittees to maintain permanent restorations of protected streets in the same manner that they are required to maintain permanent restorations of non-protected streets.

General Large-Scale Development

For #general large-scale developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk# controls. (a) For a #general large-scale development#, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #general large-scale development# without regard for #zoning lot lines# or district boundaries subject to the following limitations:

(i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

(ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted;

(2) modification of the #lot area# requirement for non-#residential uses# in a #Commercial District# with a base #floor area ratio# of 15.0 provided, that for every 750 square feet of gross #residential floor area# in the #building# there is no more than one #dwelling unit#;

(3) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations; and

(4) variation in the location of primary business entrances , and #show windows# and #signs# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries.

(b) As a condition of granting a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances , and #show windows# ~~and #signs#~~ will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

Modification of use regulations

(a) Waterfront and related #commercial uses#

In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related #uses# listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

(1) the #uses# are appropriate for the location and blend harmoniously with the rest of the #general large-scale development#; and

(2) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

(b) Location of #commercial uses#

For any #general large-scale development#, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location within Buildings) provided the Commission shall find:

(1) the #commercial uses# are located in a portion of the #mixed building# which has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;

(2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and

~~(1) In C6 Districts, the City Planning Commission may modify the regulations of Section 32-65 (Permitted Projection or Height of Signs) for #signs#, other than #advertising signs#, on a non-#residential building#, provided that such #signs# will not be incompatible with the character of the surrounding area.~~

(1) In all #Commercial# or #Manufacturing Districts#, the City Planning Commission may, for #developments# or #enlargements# subject to the provisions of paragraphs (a)(1), (a)(2), or (a)(3) of Section 74-743 (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-65 (Permitted Projection or Height of Signs), 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), 42-53 (Surface Area and Illumination Provisions), 42-54 (Permitted Projection or Height of Signs), 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), and, the limitations on the location of #signs# in Sections 32-51 and 42-44 (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting

Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

(2) a through truck route designated by the New York City Department of Transportation; and,
(3) that crosses a boundary of the City of New York

without regard to the provisions of paragraphs (a) and (b) of this Section, provided any such permitted or #advertising sign# otherwise conforms to the regulations of this Chapter including, with respect to an #advertising sign#, a location not less than 500 feet from any other #advertising sign#, except that, in the case of any such permitted or #advertising sign# erected prior to (the date of referral), such #sign# shall have #non-conforming use# status pursuant to Section 52-82 (Non-Conforming Signs other than Advertising Signs) and Section 52-83 (Non-Conforming Advertising Signs) with respect to all other regulations of this Chapter to the extent of the degree of #non-conformity# of such #sign# as of (the date of referral) including, with respect to an #advertising sign#, its location within 500 feet of any other such #advertising sign#.

(1) the #uses# are appropriate for the location and blend harmoniously with the rest of the #general large-scale development#; and

(2) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

INTERAGENCY COORDINATING COUNCIL ON HOMELESSNESS NOTICE OF PUBLIC HEARING
on
Transitional Housing and Services for Homeless Families and Individuals

Date: November 30, 2000
Time: 1:00 PM - 3:00 PM
Location: Spector Hall, City Planning, 22 Reade Street

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Thursday, November 30, 2000 on transitional housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary emergency shelter for eligible homeless people in a safe, supportive environment. DHS was established in 1993 and was made a permanent independent mayoral agency by Local Law 19 in 1999. The primary purpose of DHS is to plan, implement, and manage services for eligible homeless families and individuals. In January 2000 the Department's shelters were renamed New START Centers to better reflect the services currently provided. "START" is the acronym of Self-sufficiency, Treatment, Addiction control, Rehabilitation and Training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting waiting list requests for speaking times. If you are interested in being placed on the waiting list, please call 212-361-7957. Once all speaking and waiting list slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

12-03 Implementation Rules for the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District

(a) Introduction

The implementation rules ("Rules") for the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District ("District Master Plan") are promulgated to assist building owners in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake repair, rehabilitation, replacement, or alterations to storefronts (including but not limited to storefront infill, lighting, signage, security gates, windows and doors) along Madison Avenue within the Upper East Side Historic District that are in accordance with the District Master Plan approved by the Commission. The rules set forth herein permit the LPC staff to issue Authorizations to Proceed letters ("ATP") for work that complies with the approved District Master Plan. Work that is not in accordance with the requirements of the District Master Plan will be reviewed by the Commission in accordance with its usual review procedures under the Landmarks Law.

The objective of the District Master Plan is to provide owners, architects and store tenants with design criteria which will allow timely review of storefront alterations while protecting the architecturally and historically significant features of the buildings. The District Master Plan will cover buildings on Madison Avenue that fall within the Upper East Side Historic District. Additionally, at corner buildings the District Master Plan will cover the building facades facing both Madison Avenue and the side streets.

INTERAGENCY COORDINATING COUNCIL ON HOMELESSNESS NOTICE OF PUBLIC HEARING
on
Transitional Housing and Services for Homeless Families and Individuals
Date: November 30, 2000
Time: 1:00 PM - 3:00 PM
Location: Spector Hall, City Planning, 22 Reade Street

The New York City Interagency Coordinating Council on Homelessness (ICC) will hold a public hearing on Thursday, November 30, 2000 on transitional housing and services for homeless families and individuals. The purpose of this hearing is to solicit public testimony relating to priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

The New York City Department of Homeless Services (DHS) is the lead Agency on the ICC. In partnership with other public and private agencies, DHS provides temporary emergency shelter for eligible homeless people in a safe, supportive environment. DHS was established in 1993 and was made a permanent independent mayoral agency by Local Law 19 in 1999. The primary purpose of DHS is to plan, implement, and manage services for eligible homeless families and individuals. In January 2000 the Department's shelters were renamed New START Centers to better reflect the services currently provided. "START" is the acronym of Self-sufficiency, Treatment, Addiction control, Rehabilitation and Training.

The ICC on Homelessness was established to assist in coordinating the services provided to homeless people by all City agencies. Comments received during the ICC public hearing will be used to identify priority funding areas and gaps in the New York City Continuum of Care for homeless families and individuals.

TO REQUEST SPEAKING TIME:

The Department of Homeless Services is accepting waiting list requests for speaking times. If you are interested in being placed on the waiting list, please call 212-361-7957. Once all speaking and waiting list slots are filled, additional individuals who wish to speak will be given any slots not used on the day of the hearing. Submission of written testimony will also be welcome.

Speaking slots will be allocated for a maximum duration of five minutes. Reservations will be honored until 15 minutes prior to the scheduled speaking time, after which they will be subject to cancellation.

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOPMENT TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

NOTICE OF PUBLIC HEARING AND OPPORTUNITY TO COMMENT

Notice of Public Hearing and Opportunity to Comment on Proposed Rule Regarding Retail Cigarette Dealers.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 17-624(f) of Chapter 7 of Title 17 of the Administrative Code of the City of New York and by Section 20-104(b) of Chapter 1, of Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department intends to adopt a new rule regarding retail cigarette dealers.

Written comments regarding this amendment may be sent to the office of Andrew Eiler, Office of the Commissioner, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004 on or before January 8, 2001. A public Hearing shall be held on January 8, 2001 at 9:30 a.m., 42 Broadway, 9th floor conference room, New York, N.Y. 10004. *Persons seeking to testify are requested to notify the Director* of Adjudication at the foregoing address. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided are asked to notify the Director of Adjudication at the foregoing address by December 20, 2000. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9 a.m. and 5 p.m. at the office of Andrew Eiler, Office of the Commissioner, Department of Consumer Affairs, 42 Broadway, 8th floor, New York, N.Y. 10004.

The proposed Rule was not included in the Regulatory Agenda because at the time the Regulatory Agenda was prepared, the local law providing for the licensing of retail cigarette dealers by the Department had not yet been enacted.

All the material is underlined because the entire rule is new.

RULE

Section 1. Title 6 of the Rules of the City of New York is hereby amended by adding a new subchapter B to Chapter 2 to read as follows:

Subchapter B
Retail Cigarette Dealers

§ 2-11 Required content of periodic retraining programs and proof of satisfactory completion of such program. (a) A periodic retraining program qualifies as an alternative for the monitoring of the performance of persons working in a retail cigarette dealer licensee's place of business as provided in section 17-624 (f) (3) of the administrative code of the City of New York if such retraining programs contain the following instructions and directions:

(i) That it is unlawful to sell or offer to sell cigarettes and tobacco products to minors pursuant to the City of New York's tobacco product regulation act and state law, and regulations adopted thereunder;

(ii) How to ask a person seeking to purchase prohibited products to provide proof of age.

(iii) How to check an identification document for tampering and how to verify the facts shown on the identification document presented as proof of age.

(iv) How to refuse to sell prohibited products to a minor and how to defuse confrontations that such refusal may trigger.

(v) Demonstration of proper procedures by use of role-playing scenarios depicting common situations involving attempts to make illegal purchases.

(b) To demonstrate that store personnel have been adequately trained by such programs, each person taking the periodic training program shall: (i) complete a written examination that demonstrates that s/he correctly understands the subjects on which training was provided, and (ii) fill out and sign a dated written acknowledgment that s/he completed such retraining program on the date the acknowledgment is signed.

(c) The cigarette retailer licensee must retain the examination two (2) years after the date of the acknowledgment.

§ 2-12 Minimum frequency of periodic retraining programs. (a) The periodic retraining of persons working in the place of business of a retail cigarette dealer licensee shall not qualify as the alternative to the monitoring of the performance of such persons unless: (1) each person working at the cigarette retailer's place of business completes such training before s/he is allowed to sell cigarettes; and (b) such cigarette retailer licensee repeats such training for each such person no less than 90 days thereafter.

(b) Upon the completion of a training program, a licensee shall obtain a written acknowledgment from each person that

such person has completed such program. Such acknowledgment shall note the date and the time when the program was started and ended, the specific subject matter that was covered in the training program, and shall be dated and signed by the person who completed such program.

(c) Such written acknowledgments shall be retained by the licensee for not less than two years after the date of the completion of the training program.

§ 2-13 **Payment of penalty.** (a) Notwithstanding the provisions of section 6-40 of Title 6 of the administrative rules of the city of New York, no appeal from a finding of a violation of sections 17-618, 17-619 and 17-620 shall be permitted unless the civil penalty imposed by the decision and order being appealed is paid in full or the respondent shall have posted a cash or recognized surety company bond in the full amount imposed by that decision and order.
(a) An application for a waiver of such prior payment of the civil penalty may be included with the appeal, when filed, and must be supported by evidence of financial hardship. Waivers of such prepayment may be granted in the discretion of the commissioner.

Statement of Basis and Purpose: Local Law number 2 for the year 2000 was approved by the Mayor on February 4, 2000 to become effective 180 days after it is enacted into law. This local law amends the Tobacco Product Regulation Act by increasing the penalties for violations, and revising the conditions under which retail cigarette dealer's licenses are subject to mandatory revocation. The law also transfers the licensing and regulation of retail cigarette dealers from the Department of Finance to the Department of Consumer Affairs.

The City Council enacted this local law to promote greater compliance with the ban on selling tobacco products to minors and to increase the effectiveness and efficiency of the procedures for enforcing the law against retail cigarette dealers.

Section 8 of Local Law number 2, which amends Section 17-624 of the Administrative Code of the City of New York, provides that one of the conditions for waiving the mandatory revocation of a cigarette dealer's license upon the commission of a second offense is that such a dealer periodically retrains persons working in its place of business in accordance with rules promulgated by the Commissioner. Section 9 of such Local Law transfers the licensing of retail cigarette dealers to the Department of Consumer Affairs. The Commissioner, under Section 104 (b) of Chapter 1 of Title 20 of the Administrative Code of the City of New York, is authorized to adopt rules relating to the conduct of administrative hearings to adjudicate violations by persons licensed by the Department.

The proposed new subchapter B to Chapter 2 of Title 6 of the Rules of the City of New York implements the employee training based waiver provision of Local Law number 2 for the year 2000 by specifying the content of the periodic employee retraining and how frequently it would have to be conducted for such a program to qualify a retail cigarette licensee to be granted a waiver of the mandatory revocation for a second offense.

The proposed requirements identify the minimum subject areas that such training must cover and how employees must be tested to establish they understand the applicable requirements that ensure compliance with city and state laws banning the sale of tobacco products to minors. It also specifies how long a licensee must retain such records so the Department can verify compliance.

Finally, the proposed rule would also amend the administrative hearing procedures to require a licensee to post a cash or surety bond for the full amount of any penalty as a condition for appealing a decision imposing such penalty.

This requirement is designed to prevent licensees from using the time gained by appealing decisions to evade payment of the heavier fines imposed by Local Law number 2 to promote compliance with the ban on selling tobacco products to minors.
