Whereas, For more than three decades, the New York City Board of Elections has placed voting machines in nursing homes and other residential health care facilities where a number of elderly and disabled voters live and would be unable to travel to polling sites without great difficulty; and

Whereas, This practice has commendably enhanced voter participation among the frail elderly and disabled, a population that may have been otherwise disenfranchised from the democratic process; and

Whereas, The City's Board of Elections has determined that the State Election Law permits only one polling site per election district; and

Whereas, The City's Board of Elections has interpreted these portions of the Election Law to mean that the placement of voting machines in nursing homes and other similar facilities is prohibited; and

Whereas, The City's Board of Elections has therefore decided to discontinue the practice of placing voting machines in nursing homes and similar facilities for this upcoming election; and

Whereas, Such voters may cast their votes by absentee ballot, the process or delivering and collecting absentee ballots from nursing home residents has been so historically flawed and fraught with fraud, that it has necessitated the introduction of State legislation, mandating stricter safeguards relating to this process (see A-8441, 2001-2002 Regular Session); and

Whereas, The absentee ballot nursing home legislation described above is still pending and may not take effect by this upcoming election; and should it take effect, the implementation of such legislation will place extra burdens on an already overworked Board of Elections staff for this year; and

Whereas, the people residing in these nursing homes include not only the frail and disabled, but also a substantial number of people of color, reflecting the extraordinarily diverse population of New York City; and

Whereas, Such elderly and disabled voters have relied on the placement of voting machines in their residential care facilities for the last thirty years, and to change this practice now would to a near certainty disenfranchise many of these voters; now therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the Election Law to codify the State's long-standing practice of placing voting machines in certain nursing homes, residential health care facilities and other similar residences where disabled and elderly voters live, many of whom are unable to travel to poll sites without great difficulty; and

Be It Further Resolved, That the Council of the City of New York calls upon the United States Department of Justice to deny pre-clearance and/or otherwise prohibit the removal of the voting machines from these residential health care facilities.

Res. No. 2000

Resolution calling upon the Legislature of the State of New York to enact legislation to regulate staffing and training standards in nursing homes in New York State.

By the Speaker (Council Member Vallone) and Council Members Harrison, Clarke, Malave-Dilan, Freed, Henry, Marshall, Nelson, Pinkett and Stabile; also Council Members Carrion, Foster, O'Donovan, Quinn, Watkins, Michels and Abel

Whereas, In a 2000 report to Congress based on eight years of exhaustive research by the Department of Health and Human Services, the Clinton

administration found that most nursing homes are understaffed to the point that patients may be endangered; and

Whereas, In this same report, federal health officials concluded that understaffing has contributed to an increase in the incidence of severe bedsores, malnutrition and abnormal weight loss among nursing home residents; and

Whereas, Many of these nursing home residents end up hospitalized for life-threatening infections, dehydration, congestive heart failure, and other problems that could probably have been prevented if the nursing homes had been sufficiently staffed; and

Whereas, Inadequate staffing has also been found to lead to a low incidence of resident participation in nursing home activities, which can result in the deterioration in the quality of daily living; and

Whereas, Federal law and regulations regarding nursing home staffing are vague, requiring only that nursing homes have "sufficient staff" to provide the services necessary to help each resident achieve the best possible level of practicable physical, mental and psychosocial well-being; and

Whereas, The vagueness of the "sufficient staff" quota has resulted in a serious crisis affecting nursing homes in New York State; and

Whereas, According to the Nursing Home Community Coalition (NHCC), nurse aides provide 90 percent of all hands-on care given to nursing home residents; and

Whereas, According to a study conducted by the Health Care Financing Administration (HCFA) in 2000, 98 percent of New York State nursing homes do not provide enough staff members to care for the basic needs of their residents; and

Whereas, The New York State Legislature should require that minimum staffing standards be implemented to ensure that every nursing home employ sufficient personnel to meet the needs of each resident; and

Whereas, These standards should include explicit ratios of on-hand staff per number of residents at a nursing home at any given point in time; and

Whereas, Experts recommend a minimum ratio of one caregiver per five residents, with upward staffing adjustments for residents with higher nursing care needs; and

Whereas, In addition to the necessity of adequate staff ratios, nursing home staff members must also be well-trained and qualified to meet the multiple and complex needs of their residents; and

Whereas, Inadequate education and training places the well-being of nursing home residents at risk; and

Whereas, According to State regulations, nurse aides must currently receive 100 hours of training; and

Whereas, The NHCC Staffing Subcommittee found that the 100-hour training requirement is not sufficient to adequately train nurse aides in areas crucial for the care of the increasingly complicated medical and social needs of nursing home residents; and

Whereas, The NHCC Staffing Subcommittee concluded that the current nurse aide curriculum does not at all address issues that have been identified by aides, residents, and families as crucial to the job; and

Whereas, The Commissioner of the New York State Department of Health (NYSDOH) should be required to promulgate rules and regulations establishing higher staffing training standards, in addition to minimum staffing requirements; and

Whereas, The NYSDOH should also be required to prepare an annual report on each nursing home to be made available to the public and include: the incidence of adverse patient care incidents, the methods used for determining and adjusting staffing ratios, patient care needs, and each nursing home's compliance with NYSDOH standards and data regarding complaints made against any nursing facility, the substantiality, after investigation, of such complaints, and any corrective actions required; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to enact legislation to regulate staffing and training standards in nursing homes in New York State.

Resolution calling upon the Council of the City of New York to declare the months of July and August to be Water Safety/Drowning Prevention Awareness Months.

By Council Members Carrion, Malave-Dilan, Henry, Perkins, Pinkett, Watkins and Golden; also Council Members Freed, Leffler, Lopez, Marshall, Robinson, Wooten, Michels and Abel

Whereas, According to the Centers for Disease Control and Prevention (CDC), drowning is the second leading cause of accidental death among Americans aged 1 to 24; and

Whereas, According to the CDC, for each child who drowns, four other children are hospitalized and 16 more receive emergency care for near-drownings; and

Whereas, Thousands of New Yorkers visit New York City beaches and swimming pools each summer to enjoy water and beach activities; and

Whereas, Accidental drownings in pools and in the ocean increase during the summer season, and as recently as July 23, 2001, three young girls drowned as a result of strong rip currents at a beach in Far Rockaway; and

Whereas, Notwithstanding the presence of lifeguards at City beaches, dangerous conditions continue to exist before and after lifeguards report for duty each day; and

Whereas, In order to ensure the public health and safety of New Yorkers, an annual reminder of the hazards associated with swimming is necessary at the commencement of and throughout each summer season; now, therefore, be it

Resolved, That the Council of the City of New York declares the months of July and August to be Water Safety/Drowning Prevention Awareness Months.

Res. No. 2002

Resolution calling upon Congress to adopt and the President to enact legislation which would promote greater parity in the provision of mental health services.

By Council Members Clarke, Malave-Dilan, Eisland, Espada, Henry, Linares, Lopez, Perkins and Pinkett; also Council Members Foster, Freed, Harrison, Marshall, Quinn and Stabile

Whereas, According to a report issued by the American Psychiatric Association entitled Mental Health Parity - Its Time Has Come (the "Parity Report"), "[m]ore than 50 million adults - nearly 25% of the U.S. adult population - suffer from mental disorders or substance abuse disorders on an annual basis"; and

Whereas, The Parity Report notes that mental illness can be treated, and that "the success rates for disorders such as schizophrenia (60%), depression (70-80%) and panic disorder (70-90%) surpass those of other medical conditions"; and

Whereas, The Parity Report states that at present, "nearly 98% of private health insurance plans discriminate against patients seeking treatment for mental illness by requiring higher copayments, allowing fewer doctor visits or days in the hospital, or higher deductibles than [are] imposed on other medical illnesses;" and

Whereas, According to the Parity Report, the above-mentioned discriminatory practices are not justified by scientific research, but are instead the results of "outdated misconceptions and the stigma surrounding mental illness"; and

Whereas, In 1996, the United States Congress passed the Mental Health Parity Act (the "Parity Act") which amended the Employment Retirement Income Security Act of 1974 ("ERISA") and Public Health Service Act to require that employer-sponsored health plans have annual and lifetime dollar limits for mental health coverage that are no more restrictive than those for all medical and surgical coverage; and

Whereas, The Parity Report notes that despite the passage of the Parity Act "federal law only applies to mental health annual or lifetime cost limits, but not to substance abuse, copayments, deductibles, or inpatient/outpatient treatment limits"; and

Whereas, In a 1993 report to Congress, the National Mental Health Advisory Council concluded that "parity coverage for severe mental illness would result in net savings of $2.2 billion a year"; and

Whereas, Various bills have been introduced in Congress to address the need for stronger mental health and substance abuse coverage requirements; and

Whereas, Senators Domenici and Wellstone have introduced the Federal Mental Health Equitable Treatment Act of 2001 (S. 543) ("the Equitable Treatment Act"); and

Whereas, According to the summary attached to the bill, the Equitable Treatment Act expands upon the Parity Act by prohibiting "a group health plan from imposing treatment limitations or financial requirements on the coverage of mental health benefits unless comparable limitations are imposed on medical and surgical benefits"; and

Whereas, Congresswoman Roukema has introduced the Federal Mental Health and Substance Abuse Parity Amendments of 2001 (H.R. 162) ("the Parity Amendments"); and

Whereas, According to the summary attached to the bill, the Parity Amendments would "prohibit group and individual health plans from imposing treatment limitations or financial requirements on the coverage of mental health benefits and on the coverage of substance abuse and chemical dependency benefits if similar limitations or requirements are not imposed on medical and surgical benefits"; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Congress to adopt and the President to enact legislation that would promote greater parity in the provision of mental health services.

Resolution calling upon the New York State Senate to adopt S. 1691-a and the Governor to subsequently sign such bill and its companion Assembly bill A. 734-a, legislation which would enable disabled workers to "buy-in" to the Medicaid program.

By Council Member Clarke, Malave-Dilan, Henry, Linares and Pinkett; also Council Members Eisland, Freed, Harrison, Marshall, Michels and Stabile

Whereas, The New York City Council Subcommittee on Mental Health, Mental Retardation and Alcoholism Services ("the Subcommittee") held a hearing, on April 23, 2001, entitled "Employment Opportunities for the Mentally Challenged and Those Suffering From Alcoholism" (the "hearing"), at which testimony was given that indicated that mentally ill, mentally retarded, developmentally disabled and other disabled people have traditionally been employed, if at all, in what can be characterized as "menial tasks"; and

Whereas, Testimony taken at the Subcommittee hearing indicated that the mentally ill, the mentally retarded and other disabled people are increasingly accessing meaningful integrated employment; and

Whereas, The Coalition of Voluntary Mental Health Agencies stated that "[t]he current Medicaid system with its hard means-test cut-off strongly discourages people with mental disabilities from seeking employment lest they lose their Medicaid benefits"; and

Whereas, The Memorandum in Support of New York State Senate Bill 1691-a ("the Memorandum"), which would allow disabled workers to "buy-in" to the Medicaid program by paying premiums on a sliding scale based on their individual incomes, states that "people with severe disabilities who are capable of working often keep their earnings low, in order to retain their Medicaid coverage"; and

Whereas, According to the Memorandum, severely disabled individuals cannot purchase adequate insurance on the private market because the insurance products available in the commercial marketplace do not address their exceptional needs; and

Whereas, The New York State Assembly has already passed the companion bill to Senate Bill 1691-a, Assembly Bill 734-a; and

Whereas, New York State Senate Bill 1691-a has been referred to the Committee on Social Services; and

Whereas, In his year 2001 State of the State address, Governor Pataki expressed his belief that "[p]eople with disabilities should not have to choose between going to work and having health insurance"; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Senate to adopt S. 1691-a and the Governor to subsequently sign such bill and its companion Assembly bill A. 734-a, legislation which would enable disabled workers to "buy-in" to the Medicaid program.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to education and training for public assistance recipients.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council finds and declares that the New York City Human Resources Administration (HRA) assigns large numbers of public assistance recipients to the City's Work Experience Program (WEP) and requires participation in that program as a condition of receiving public benefits. The Council further finds that WEP fails to provide the skills and training that will enable the remaining public assistance recipients to move into stable jobs with decent wages. The Council further finds that short-term programs that limit education and training to two days per week, the only education and training provided by HRA, are based on a failed pedagogical and job training and placement model, and that participants in these programs do not receive meaningful education, and are routinely given WEP assignments that are unrelated to the education and training they do receive.

The Council finds that virtually every advance in educational attainment, from basic literacy to college, enhances an individual's ability to secure employment, their employment longevity and their level of earnings. Detailed and persuasive studies indicate that education levels play a major role in determining whether workers will become dislocated and, if dislocated, how successful they will be in securing new jobs and recovering lost earning power. The Council further finds that education and training (including adult education, English classes, vocational training and rehabilitation, and two- and four-year college education) are proven means of helping public assistance recipients move off of welfare and into living wage jobs that allow them to achieve lasting self-sufficiency. Statistics indicate that 87% of recipients allowed to earn a college degree are able to move off welfare permanently. Moreover, the State Department of Labor reports that 75% of New York City's major employers require college degrees or training beyond high school for entry level jobs. However, despite the proven importance of education and training to job success, the Council finds that the vast majority of public assistance recipients have not attained a high school diploma or its equivalent, and that nearly one-third have significant difficulties reading and/or speaking English.

The Council thus finds that education and training are the essential components of the next step for welfare reform in New York City, which will better enable people to move from welfare into living wage jobs. The Council recognizes that treating education and training as an integral part of work requirements would enable HRA

staff, working with public assistance recipients, to craft a plan that maximizes the opportunity for each individual to move into long-term employment at a living wage. The Council therefore declares that as a matter of policy, the city should administer its welfare programs so that participation in education and training programs is available to the maximum extent permitted by federal and state law.

The Council further finds that the New York State Social Services Law vests local authority to administer public assistance programs in the "social services districts", and that the City of New York is designated as a social services district for purposes of the law. Further, the authority of the commissioner of the New York City social services district is subject to the laws of New York City. As pursuant to the City Charter, the Council has clear authority to adopt laws and establish standards for the administration of City programs, including public assistance employment programs, the Council, acting within the discretion granted to it by the State Social Services Law, adopts this local law to ensure that public assistance recipients are afforded access to education and training programs so that they may become truly self-sufficient.

§ 2. Title 21 of the administrative code of the city of New York is hereby amended by adding a new chapter 7 to read as follows:

CHAPTER 7

§ 21-701	***Definitions.***

EDUCATION AND TRAINING

§21-701 ***Definitions.*** *Whenever used in this chapter, the following words shall have the following meanings:*

a. "Agency" means the city agency responsible for administering programs created under title 9-B of the social services law in the city of New York.

b. "Applicant" means an individual who has submitted an application for safety net assistance, family assistance or food stamps.

c. "Assessment" shall have the same meaning as set forth in sections 335 and 335-a of the social services law.

d. "Basic literacy" means an eighth grade, ninth month literacy level and English language proficiency.

e. "Consolidated Master List of Approved Training Programs" means the list of education and training providers maintained by the agency that have been approved pursuant to section 3-03 of volume 68 of the rules of the city of New York.

f. "Countable Work Activities" means any activity or combination of activities listed under section 336 of the social services law, the participation in which satisfies the New York social service district's requirements to meet federal and state participation rates as stated in sections 335-b and 336 of the social services law.

g. "Employability plan" shall have the same meaning as set forth in sections 335 and 335-a of the social services law.

h. "English language proficiency" means scoring above fifty on the New York State Placement Test (NYS PLACE) or achieving an equivalent score on a comparable test.

h. "Full-time" means a school schedule equal to the maximum number of hours of class time offered by the educational provider for study in the subject area being studied by the applicant, recipient or participant.

i. "Half-time" means a schedule of instruction at the city university of New York, the state university of New York or any other post-secondary degree-granting educational program/institution that is equal to at least one half of a full-time curriculum as determined by such program/institution.

j. "Participant" means an applicant or recipient for whom the agency has completed an assessment or employability plan, or whom the agency has assigned to any work activity.

k. "Recipient" means an individual currently receiving safety net assistance, family assistance or food stamps.

§21-702 ***Assessments and employability plans.*** *a. The agency shall conduct and complete an assessment of employability and shall develop a written employability plan, pursuant to sections 335 and 335-a of the social services law, for each applicant or recipient, prior to assigning such applicant or recipient to any work activity.*

b. The agency shall provide each participant with a copy of such participant's employability plan upon completion of such employability plan.

§21-703 Assignment of work activities to individuals engaged in or expressing an interest in engaging in education and training and/or vocational rehabilitation activities.

a. If an applicant, recipient or participant is enrolled in education, training and/or vocational rehabilitation then the agency shall permit such applicant, recipient or participant to continue in such education, training and/or vocational rehabilitation activity provided such activity can be classified as a countable work activity and provided further that such education, training and/or vocational rehabilitation activity meets the performance or assessment standards established by the government entity that monitors such programs or is included on the Consolidated Master List of Approved Training Programs.

b. If an applicant, recipient or participant expresses an intention or preference to the agency to enroll in an education, training or vocational rehabilitation activity, or if an applicant's, recipient's or participant's assessment indicates that he or she lacks basic literacy, a high school diploma, or a general equivalency diploma (GED) or otherwise indicates that education, training and/or vocational rehabilitation activities would enhance the individual's ability to obtain and maintain employment, then the agency shall offer such applicant, recipient or participant the opportunity to engage in such activity, provided that such activity can be classified as a countable work activity and provided further that such education, training and/or vocational rehabilitation activity meets the performance or assessment standards established by the government entity that monitors such programs or is included on the Consolidated Master List of Approved Training Programs.

c. The agency shall classify education, training and vocational rehabilitation activities as countable work activities to the maximum extent permitted by state and federal law. Activities which shall be classified as both "on-the-job training" and "community service" in the New York City Social Services District Welfare to Work Plan that is required pursuant to section 333 of the social services law shall include but not be limited to: work-study; internships and externships related to the curriculum of a non-graduate student enrolled in an approved post-secondary institution; Adult Basic Education; Basic Education in a Native Language; English for Speakers of Other Languages; vocationally-oriented training and education programs, and activities engaged in pursuant to an individualized plan of employment as designed by the New York state department of education, office of vocational and educational services for individuals with disabilities (VESID). If the New York state department of labor does not permit the classification of any of the above-listed activities as "on-the-job-training," then the agency shall classify the disallowed activity or activities as only "community service".

d. All hours that an applicant, recipient or participant spends in countable work activities pursuant to this chapter shall be credited toward such individual's work participation requirement. The agency shall credit a participant with three hours of work activity for each hour of class time.

e. When assigning an applicant, recipient or participant who is engaged in an educational, training or vocational rehabilitation activity to any additional activity, the agency shall take all reasonable steps to locate an assignment that is either at the site of the educational, training or vocational rehabilitation activity or in reasonably close proximity thereto and which does not conflict with the hours during which such individual's educational, training and vocational rehabilitation activity takes place.

f. An applicant, recipient or participant who is enrolled:

1. at least half-time at the city university of New York, state university of New York, or in any other post-secondary degree-granting educational program;

2. full-time in any Adult Basic Education, Basic Education in a Native Language, English for Speakers of Other Languages or vocational rehabilitation program; or

3. at least twenty hours per week in a non-degree-granting vocational training program, whether or not such applicant or recipient's course of study qualifies as a countable work activity, shall not be required to perform any additional work activities provided that such applicant, recipient or participant is the parent or primary caretaker of a child under the age of thirteen, is making satisfactory progress in the educational, training or vocational rehabilitation program, and the

comptroller of the city of New York has projected that the city will exceed its applicable work participation rate for individuals on public assistance as set forth in section 335-b of the social services law for that year by at least ten percentage points. The determination of whether an individual is making satisfactory progress in an education, training or rehabilitation program shall be made solely by the educational or training institution in which the individual is enrolled.

g. The agency shall not require any applicant, recipient or participant who is enrolled at least half-time at the city university of New York, state university of New York, or at any other post-secondary degree-granting educational program or who is participating in any education or training program that can be classified as a countable work activity and is included on the Consolidated Master List of Approved Training Programs to participate in any other activity for more hours than is necessary to count such applicant, recipient or participant as "engaged in work" for purposes of calculating the city's work participation rates.

h. The agency shall give any applicant or recipient who is not currently assigned to a work activity and who expresses an interest to the agency in enrolling in education, training or vocational rehabilitation thirty days after the completion of the assessment of employability to locate a qualified education, training or vocational rehabilitation activity. During this period, the agency may not assign such an applicant or participant to any activity.

i. An individual engaged in, or accepted to engage in, activities pursuant to an individualized plan of employment (IPE) as designed by the New York state department of education, office of vocational and educational services for individuals with disabilities (VESID), shall be considered work limited pursuant to section 332-b(3) of the social services law upon submission to the agency of the IPE and supporting medical documentation. In such cases, the IPE shall be considered to be the individual's treatment plan pursuant to section 335-b(5)(e) of the social services law.

§21-704 Notice of rights and responsibilities. *a. The agency shall inform applicants, recipients and participants of all rights, entitlements and agency obligations required under this chapter.*

b. Any notice directing an applicant, recipient or participant to report for an assessment, the development of an employability plan, or a work-related assignment, shall contain a description of the rights to pursue education and training activities as set forth in this chapter, and shall contain the following statement:

"Your Education and Training Rights

When you come for your appointment, we will tell you about your rights to participate in education and training programs. The hours you spend in education and training programs may count toward your work requirement.

A Master List of Programs

You have a right to receive the complete "HRA Consolidated Master List of Approved Training Programs." This is a list of education and training programs you can choose to go to. Hours spent in any program on that list will count toward your work requirement.

Other Choices for Training and Education

You can also go to education or training programs that are not on the Consolidated Master List. However, those programs must meet appropriate City or State standards.

Time To Find the Right Program for You

If you need to participate in an educational or training program in order to improve your chances of getting a job, we must give you 30 days from the date of your assessment to find an appropriate education or training program.

If You Are Already In an Education or Training Program

If you are already in school we must allow you to remain in your program as long as your program appears on the "HRA Consolidated Master List of Approved Training Programs" or meets the City or State standards mentioned above.

You Can Switch from a Work Assignment to an Education and Training Program

If you are already assigned to a work activity, you can switch into an education or training program. Again, your choice must appear on the "HRA Consolidated Master List of Approved Training Programs" or meet the City or State standards mentioned above. If you are already in a work activity, you do not have the 30-day period to find an education or training program. In this case, you must continue in your work activity while you look for an education or training program.

Your Right to a Fair Hearing

The agency must give you a copy of your employability plan. You have a right to a fair hearing to challenge your assessment, your employability plan and your assignment."

§21-705 Submission of plan to state department of labor. *To the extent that provisions of this chapter are subject to the approval of the state department of labor, the agency shall include such provisions in the city's biennial plan to the state department of labor in accordance with section 333 of the social services law. In the event the local law that added this chapter becomes effective during the operation of a biennial plan, then the agency shall submit a modified plan to the state department of labor pursuant to title 12, section 1300.00 of the New York codes, rules and regulations within thirty days of enactment of the local law that added this chapter.*

§21-706 Comptroller audit. *a. Pursuant to powers granted under section 93 of chapter 5 of the charter of the city of New York and section 3-312 of title 3 of the administrative code of the city of New York, the comptroller shall, within forty-five days of enactment of the local law that added this chapter and annually thereafter, conduct an audit of the agency to determine whether the city has met work participation rates set forth in section 335-b of the social services law for individuals on public assistance, and shall project whether the city will exceed such work participation rates for the year following the audit and the amount of such excess, if any.*

§21-707 Severability. *If any provision of this chapter, or the local law that added this chapter, or of any amendments thereto, shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, such holding shall not affect, impair or invalidate the remainder of this chapter or local law that added this chapter, and all other provisions thereof shall nevertheless be separately and fully effective and the application of any such provision to other persons or situations shall not be affected.*

§ 3. This local law shall take effect immediately.

Res. No. 2004

Resolution denouncing the decision of Attorney General John Ashcroft to issue a formal legal opinion through the United States Department of Justice, that the Second Amendment automatically guarantees the right to private gun ownership, reversing the Department's position of the last 30 years.

By Council Members Fisher, Eisland, Freed, Linares, Perkins and Pinkett; also Council Members Foster, Harrison, Leffler, Lopez, McCaffrey, Miller and Michels

Whereas, The Second Amendment to the Constitution of the United States, states that "A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed"; and

Whereas, The United States Department of Justice has held forth a formal legal opinion since the Nixon Administration in 1973 that the Second Amendment does not automatically guarantee the right to private gun ownership; and

Whereas, Gun violence and gun-related accidents are severe problems in our nation which claimed the lives of 30,708 Americans last year; and

Whereas, Of these victims of gun violence 3,792 were innocent children; and

Whereas, The presence and proliferation of guns in our society presents a clear and present danger to the domestic security of the United States; and

Whereas, Attorney General John Ashcroft has decided to reverse the Justice Department's 30 year ruling and assert that gun ownership is indeed a constitutionally guaranteed right; and

Whereas, Such a decision further jeopardizes the safety of the American people and the peace of American neighborhoods; now, therefore, be it

Resolved, That the Council of the City of New York denounces the decision of Attorney General Ashcroft to issue a formal legal opinion through the United States Department of Justice, that the Second Amendment automatically guarantees the right of private gun ownership, reversing the Department's position of the last 30 years.

Adopted by the Council on Immediate Consideration.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to licensing promoters.

Be it enacted by the Council as follows:

Section 1. Title 20 of the administrative code of the City of New York is hereby amended by adding a new subchapter 33, to read as follows:

SUBCHAPTER 33
PROMOTER

§ 20-545 ***Definitions.*** *Whenever used in this subchapter, the following terms shall be defined as follows:*

a. "Promoter" any person who, at least three times per calendar year, derives or seeks to derive any income from contracting with one or more patron dancing establishments to promote an event for the general public on its premises.

b. "Patron dancing establishment" means any place or premises or part thereof in the city where the general public is invited or admitted and in which dancing by such invited or admitted members of the public is permitted in connection with the restaurant business or the business of directly or indirectly selling to the public food or drink, or in connection with the direct or indirect charge of an admission fee.

c. "Promote" means to contract with a patron dancing establishment to hold, organize, sponsor or in any way be responsible for an event for the general public at which dancing by the public is permitted.

d. "Person" shall mean an individual, corporation, club, partnership, association, society or any other organized group of persons, and shall include officers, directors and trustees of a corporation, club, association or society.

§20-546 ***Licenses.*** *a. It shall be unlawful for any person to promote an event in a patron dancing establishment unless that person is licensed as prescribed herein.*

b. It shall be unlawful for any person to promote an event at a premises which is not licensed pursuant to section 20-360 of this code.

§20-547 ***Application; term; fee.*** *a. An application for any license required under this subchapter or for any renewal thereof shall be made to the commissioner in such form or manner as he or she shall prescribe by rule.*

b. All licenses issued pursuant to this subchapter shall be valid for two years unless sooner suspended or revoked. The commissioner shall establish by regulation the expiration date of such licenses.

c. The biennial fee for a license or renewal thereof shall be three hundred forty dollars.

§20-548 ***Issuance and renewal of license.*** *a. The commissioner may refuse to issue or renew a license to an applicant or licensee only upon the occurrence of any one or more of the following conditions:*

(1) *the applicant or licensee, or any of its principals, officers or directors, or any of its stockholders owning more than ten percent of the outstanding stock of the corporation has made a material false statement or concealed a material fact in connection with the filing of an application pursuant to the provisions of this subchapter; o*

(2 *the applicant or licensee, or any of its principals, officer or directors, or any of its stockholders owning more than ten percent of the outstanding stock of the corporation has been found by the commissioner to have violated any of the provisions of this subchapter or any rule promulgated hereunder; or*

(3) *the applicant or licensee, or any of its principals, officer or directors, or any of its stockholders owning more than ten percent of the outstanding stock of the corporation has not paid, within the time permitted by law, any fine, penalty or judgment duly imposed pursuant to the provisions of this subchapter; or*

(4) *the applicant or licensee, or any of its principals, officer or directors, or any of its stockholders owning more than ten percent of the outstanding stock of the corporation has been convicted of an offense which, in the judgment of the commissioner, has a direct relationship to such person's fitness or ability to perform any of the activities for which an event promoter license is required under this subchapter or has been convicted of any other offense which, in accordance with article twenty-three-a of the correction law, would provide a justification for the commissioner to refuse to issue or renew, or to suspend or revoke, such license.*

§20-549 ***License Revocation.*** *Notwithstanding any other provision of law, any person who holds a license issued pursuant to this subchapter which has been revoked by the commissioner pursuant to this subchapter shall not be permitted to apply for any new license under this subchapter for a period of two years from the date of such revocation. No license to engage in event promoting shall be issued pursuant to this subchapter to a corporation, partnership, or other association if an officer, principal, director, or stockholder owning more than ten percent of the outstanding stock of the applicant is or has been an officer, principal, director, or stockholder owning more than ten percent of the outstanding stock of the corporation of a licensee that has had a license revoked pursuant to this subchapter and such revocation is in effect at the time of the license application.*

§20-550 ***Exemptions.*** *This chapter shall not apply to a promoter who promotes an event for a religious, charitable, eleemosynary or educational corporation or institution.*

§20-551 ***Promoter obligations.*** *Promoters licensed hereunder or who are required to be licensed hereunder shall be required to conduct their events in accordance with the conduct below:*

a. The promoter or a person designated by the promoter as a contact person must be stationed at the event for its duration and at least one-hour after its completion. Notice of the name, location and phone number of the promoter or the contact person must be posted at the entrance to the patron dancing establishment at which the event is held.

b. *At least one security guard must be posted within a 100-foot radius of the patron dancing establishment in which the event is being held. Any illegal activity, including but not limited to, the possession or sale of controlled substances which would constitute a violation pursuant to articles two hundred twenty and two hundred twenty-one of the penal law, public consumption of alcohol, or disturbances of the peace must be immediately reported to the police precinct in which the event is located.*

c. The promoter must notify the police precinct in which the event is held of the time and date of the event, the expected attendance, the capacity of the patron dancing establishment at which the event is held, and whether liquor will be served five days prior to the event date. A promoter who promotes a regularly recurring event must provide the police precinct a schedule of the events, the expected attendance, the capacity of the patron dancing establishment at which the event is held, and whether liquor will be served five days prior to the first event. The promoter shall provide to the precinct, any changes in the dates or times of the events from the original schedule, or any other changes in information originally provided, at least five days prior to the first event which is the subject of any such change or changes. A promoter who contracts to promote an event less than five days before the event date must immediately notify the police precinct in which the event is held of the time and date of the event, the expected attendance, the capacity of the patron dancing establishment at which the event is held, and whether liquor will be served.

d. *The promoter must collect and dispose of any debris discarded by attendees of the event within 100 feet of the patron dancing establishment at which the event is held.*

§20-552 ***Violations.*** *a. Any promoter who is found to have violated any of the provisions of section 20-550 of this subchapter or any rules promulgated thereunder shall be subject to a fine of one thousand five hundred dollars for each violation arising from the first event at which a violation is found. Violations at subsequent events shall be subject to the following penalties:*

(1) Three thousand dollars for each violation arising from the second event at which one or more violations are found;

(2) Ten thousand dollars for each violation arising from the third event at which one or more violations are found.

b. A promoter who is found to have committed a violation at the fourth event at which one or more violations are found will have his or her license revoked.

§20-553 ***Enforcement.*** *Authorized officers and employees of the department and of the police department shall have the power to enforce any provision of this subchapter or any rule promulgated hereunder.*

§ 2. This local law shall take effect ninety days after it shall have become a law, provided that the department of consumer affairs may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

Res. No. 2005

Resolution calling upon the appropriate committee of the Council to conduct an oversight hearing regarding the possible correlation between the increasing drop-out rate among New York City high school students and the newly instituted Regents requirements for graduation from high school.

By Council Members Lopez, Clarke, Malave-Dilan, Espada, Henry, Linares, Moskowitz, Perkins and Quinn; also Council Members Foster, Marshall and Robinson

Whereas, For the first time in eight years, drop-out rates for New York City high school students have risen; and

Whereas, According to the Board of Education's 2001 annual report, the drop-out rate jumped from 17.5% for the class of 1999 to 19.5% for the class of 2000; and

Whereas, The Board of Education's new testing policy is cited as the reason for the rise; and

Whereas, The new testing policy, which is being phased in over the next few years, requires students to pass five Regents examinations in order to graduate; and

Whereas, Currently, only about half the students in high school are graduating within four years, even though most of the Regents exams requirement have not been phased in; and

Whereas, The Board of Education estimates that if the Regents testing phase-in continues during this school year, the new testing will place roughly 84% of high school students out of reach of a diploma, due to their inability to pass Regents examinations; and

Whereas, AS a result of already low rates of graduation among high school students, combined with an unprecedented number of estimated students who may not pass the five required Regents examinations, the number of high school drop-outs in the City is in danger of rising even further; now, therefore, be it

Resolved, That the appropriate committee of the Council conduct an oversight hearing regarding the possible correlation between the increasing drop-out rate among New York City high school students and the newly instituted Regents requirements for graduation from high school.

Res. No. 2006

Resolution calling upon the New York City Board of Education and New York State agencies to expedite their efforts to reduce emissions from diesel fuel school buses and to purchase new alternative fuel vehicles as quickly as possible to safeguard the health of our schoolchildren.

By Council Members Michels, Oddo, Malave-Dilan, Henry, Linares and Perkins; also Council Members Carrion, Eisland, Espada, Fisher, Foster, Harrison, Leffler, Lopez, Marshall, Miller, Moskowitz, O'Donovan, Quinn, Robinson, Sabini, Abel, Golden and Stabile.

Whereas, The vast majority of the nation's school bus fleets run on diesel fuel; and

Whereas, It is estimated that there are approximately 60,000 school buses in New York State, which is home to more school buses than any other state in the nation; and

Whereas, A significant number of buses that are 15 years of age or older can cause much more pollution than the diesel buses being manufactured today; and

Whereas, Some fleets contain buses manufactured prior to 1977, when federal highway safety standards were adopted; and

Whereas, As a result, some children ride to and from school on some of the highest polluting vehicles on the road today; and

Whereas, A recent report, "No Breathing in the Aisles: Diesel Exhaust Inside School Buses," issued by the Natural Resources Defense Council and Coalition for Clean Air found that a child riding inside diesel school buses may be exposed to high levels of toxic diesel exhaust; and

Whereas, The report states that these children may be exposed to as much as four times the level of toxic diesel exhaust as someone riding in a car ahead of their bus; and

Whereas, It is estimated by the authors of this report that for every one million children riding in a school bus for one or two hours each day during the school year, 23 to 46 children may eventually develop cancer from the diesel exhaust they inhale during those rides; and

Whereas, Aside from its cancer-causing properties, diesel exhaust is also known to be a major source of fine particles that can lodge deep in the lungs and exacerbate asthma, particularly in children who are sensitive; and

Whereas, Children are generally more susceptible to negative health effects of air pollution because their organs are still developing and are far less capable of defending the body from airborne toxins and pollutants; and

Whereas, Cleaner fuel alternatives to diesel buses, such as those that run on natural gas and propane, are widely available and are presently being used by approximately 130 school districts across the country; and

Whereas, Low-sulfur diesel fuel will be available more widely in the future to comply with the rule the U.S. Environmental Protection Agency adopted in December 2000 mandating the sale of low-sulfur diesel fuel nationally in 2006; and

Whereas, Kevin P. Gill, Director of Food Services and Transportation for the Board of Education, has reported that state agencies – including the Department of Environmental Conservation, the New York Power Authority and the N.Y. State Energy Research and Development Authority (NYSERDA) – have proposed "a very ambitious plan" that they will fund "to significantly reduce the particle emissions from diesel school buses" as opposed to purchasing cleaner alternative-fuel vehicles (AFVs); and

Whereas, Federal, state and local governments have set aside funds earmarked exclusively to help public and private school bus fleet operators cover the incremental costs of purchasing AFVs; and

Whereas, New York City school buses are owned and operated by private fleets, which are eligible to apply for the New York City Private Fleet Alternative-Fuel/Electric Vehicle (EV) Program sponsored by NYSERDA, which is currently accepting proposals for $1.5 million in grants until September 13, 2001; and

Whereas, This program will pay for 40% of the incremental cost of light-duty AFVs and up to 70% of the incremental cost of medium and heavy-duty vehicles; and

Whereas, By combining these incentives with the New York State Alternative Fuel Vehicle Tax Credit, it is possible to purchase an AFV for nearly the same cost as a conventional gasoline or diesel vehicle; and

Whereas, The state's Private Fleet AFV/EV Program was made available for the first time last year and $378,000 was awarded to three fleets for the purchase of nine heavy-duty trucks and 50 light-duty vehicles that use compressed natural gas; now therefore, be it

Resolved, That the New York City Council calls upon the New York City Board of Education and New York State agencies to expedite their efforts to reduce emissions from diesel fuel school buses and to purchase new alternative fuel vehicles as quickly as possible to safeguard the health of our schoolchildren.

The additional penalties shall not exceed *four hundred* fifty dollars for each violation.

§3. Subdivision f of section 16-120 of the administrative code of the City of New York, as last amended by local law number 55 for the year 1979, is amended to read as follows:

f. Any person violating the provisions of this section shall be liable for a civil penalty of not less than twenty-five nor more than one hundred dollars *for the first violation, except that for a second violation of this section within any twelve-month period, such person shall be liable for a civil penalty of not less than one hundred dollars nor more than two hundred dollars and for a third or subsequent violation within any twelve-month period such person shall be liable for a civil penalty of not less than two hundred dollars nor more than three hundred dollars.*

§4. Subdivision h of section 16-120 of the administrative code of the city of New York, as last amended by local law number 55 for the year 1979, is amended to read as follows:

h. In the event that a person fails to answer such notice of violation within the time provided therefore by the environmental control board, that person shall become liable for additional penalties. The additional penalties shall not exceed [fifty] *three hundred* dollars for each violation.

§5. Subdivision h of section 16-123 of the administrative code of the City of New York, as last amended by local law number 9 for the year 1977, is amended to read as follows:

h. Any person violating the provisions of subdivisions a and b of this section shall be liable and responsible for a civil penalty of not less than ten dollars nor more than one hundred *fifty* dollars *for the first violation, except that for a second violation of this section within any twelve-month period, such person shall be liable for a civil penalty of not less than one hundred fifty dollars nor more than two hundred fifty dollars and for a third or subsequent violation within any twelve-month period such person shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than three hundred fifty dollars.*

§6. Subdivision j of section 16-123 of the administrative code of the City of New York, as last amended by local law number 9 for the year 1977, is amended to read as follows:

j. In the event that a violator fails to answer such notice of violation, appearance ticket or summons within the time provided therefore by the rules and regulations of the environmental control board, he or she shall become liable for additional penalties. The additional penalties shall not exceed *three hundred* fifty dollars for each violation.

§7. This local law shall take effect immediately upon its enactment into law.

Res. No. 2007

Resolution condemning the Rent Guidelines Board for once again needlessly increasing rents to New York City residents of rent stabilized buildings by an egregious 4% for 1-year lease renewals and 6% for 2-year lease renewals, instead of the anticipated 3% and 5%, respectively, that would have more than sufficiently covered building owner expenses and the costs of inflation, and calling upon the appropriate Committee of the Council to hold hearings and review the process by which the Rent Guidelines Board makes its decisions.

By Council Members Moskowitz, Eisland, Henry, Linares, Nelson, Perkins, Pinkett and Quinn; also Council Members Fisher, Harrison, Miller and Michels

Whereas, Housing advocates have found that the existing system of establishing rent regulated housing accommodations is confusing and needlessly complex; and

Whereas, The base rent system established pursuant to local laws has over time become divorced from economic reality, resulting in discriminatory rent increases imposed on tenants, most of them elderly, in rent controlled apartments; and

Whereas, Rent increases for low rent apartments is harmful to low income tenants and exacerbates the housing crisis by diminishing the supply of rental apartments available to low income persons and families and should be discontinued; and

Whereas, There are thousands of families living in New York City today who depend on rent regulations to preserve their homes and their ability to live in New York City; and

Whereas, New York City rents have escalated to levels that would have been thought unimaginable only five years ago; and

Whereas, The Rent Guidelines Board is an un-elected entity that sets rent adjustments for one million rent stabilized apartments housing over two million New York City residents; and

Whereas, The New York City Council has no formal check on the decisions of the Rent Guidelines Board whose members serve at the pleasure of the Mayor of the City of New York; and

Whereas, The Rent Guidelines Board has unexpectedly and egregiously raised rents on New York City residents of rent regulated apartments by 4% for a 1-year lease renewal and by 6% for a 2-year lease renewal, instead of the anticipated 3% for a 1-year lease renewal and 5% for a 2-year lease renewal, an amount that tenant advocates say would have more than sufficiently covered building owner expenses and the costs of inflation; now, therefore, be it

Resolved, That the Council condemns the Rent Guidelines Board for once again needlessly increasing rents to New York City residents of rent stabilized buildings by an egregious 4% for 1-year lease renewals and 6% for 2-year lease renewals, instead of the anticipated 3% and 5%, respectively, that would have more than sufficiently covered building owner expenses and the costs of inflation, and calls upon the appropriate Committee of the Council to hold hearings and review the process by which the Rent Guidelines Board makes its decisions.

State Legislation Res. No. 124

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Cymbrowitz, A.7594, "AN ACT authorizing the City of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Kwong T. Chan, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 7402, Lot No. 44 on tax map for the borough of Brooklyn".

By Council Member Nelson; also Council Member Abel

Whereas, a bill has been introduced in the New York State Legislature by Assembly Member Cymbrowitz, A.7594, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Kwong T. Chan, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 7402, Lot No. 44 on tax map for the borough of Brooklyn"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Adopted by the Council (preconsidered and approved by the Committee on State and Federal Legislation).

Res. No. 2008

Resolution calling upon the appropriate Committee of the Council of the City of New York to conduct a hearing on the latest state-of-the-art Internet filtering software technology.

By Council Members Oddo, Clarke, Moskowitz, Golden and Stabile; also Council Members Foster, O'Donovan and Abel

Whereas, Under the new Federal Children's Internet Protection Act, enacted in December 2000, all schools and libraries receiving discounts on their telecommunications costs must implement an Internet policy that includes the use of a technology protection measure, also know as filtering technology; and

Whereas, It is the present Internet policy of the New York Public Library, Brooklyn Public Library and Queens Public Library, all of which receive discounts on their telecommunications costs, to provide for unfiltered Internet access to the public; and

Whereas, Furthermore, during a January 2001 City Council hearing held by the Committee on Youth Services, the City's libraries testified that education, rather than filtering technology, will foster safe Internet use; and

Whereas, The New York City Board of Education, which also receives discounts on their telecommunications costs, has developed an Internet policy and installed filtering technology known as I-Gear; and

Whereas, Additionally, more than a dozen products are available to monitor Internet use on individual computers or networks, including eSniff Solution, a computer hardware device that tracks all web and e-mail traffic and analyzes it for content which is deemed inappropriate; and

Whereas, The Federal Bureau of Investigations (FBI) reports that pedophiles are increasingly using the Internet to contact children and transmit child pornography; and

Whereas, A recent survey by the Crimes Against Children Research Center at the University of New Hampshire found that nearly one in five children who go online say they have experienced at least one unwanted sexual advance in cyberspace; and

Whereas, Filtering software allows access to an abundance of informational resources on the Internet, while avoiding adult or inappropriate material; and

Whereas, Furthermore, while filtering software may be unable to perfectly block all inappropriate material, like air bags and vaccines, they should be employed because they offer a safer alternative; now, therefore, be it

Resolved, That the appropriate Committee of the Council of the City of New York conduct a hearing on the latest state-of-the-art Internet filtering software technology.

Referred to the Committee on Youth Services.

Res. No. 2009

Resolution calling upon the appropriate Committee of the Council to conduct a hearing to assess what actions the New York Public Library, the Brooklyn Public Library and the Queens Borough Public Library are taking to move toward compliance with the federal Children's Internet Protection Act (CIPA).

By Council Members Oddo, Clarke, Moskowitz, Golden and Stabile; also Council Members Foster, Harrison, Marshall and Abel

Whereas, Under the federal Children's Internet Protection Act (CIPA) enacted in December 2000, all schools and libraries that take advantage of E-rate discounts or receive certain funding under the Museum and Library Services Act or the Elementary and Secondary Education Act will have to adopt an internet safety policy that incorporates use of filtering software on computers with Internet access; and

Whereas, The Universal Service Program for Schools and Libraries, a part of the Telecommunications Act of 1996, was created to provide affordable access to the internet for schools and libraries, particularly those in rural areas and the inner city; and

Whereas, The E-rate program is designed to offer discount rates for telecommunications services of between 20% and 90% based on the economic needs of the requesting school's or library's community; and

Whereas, The three public library systems throughout the City of New York receive substantial financial reimbursement from the E-rate program; and

Whereas, Under the Children's Internet Protection Act, the technology protection measure, i.e., filtering software, should be implemented to prevent access to visual depictions that are obscene, child pornography, or are harmful to minors; and

Whereas, Authorized personnel may disable the technology protection measure during use by adults to provide access for legitimate research or other lawful purposes; and

Whereas, The technology protection measure may not be disabled for minors; and

Whereas, A provision of the Children's Internet Protection Act, also contains the Neighborhood Children's Protection Act (NCIPA) which stipulates that the Library's Internet Policy must include language that addresses access by minors to inappropriate matters on the internet, safety and security of minors when using electronic mail and chat rooms; unauthorized disclosure, use and dissemination of personal identification information of minors; and measures designed to restrict access by minors to materials harmful to them; and

Whereas, A recent survey by the Crimes Against Children Research Center at the University of New Hampshire found that nearly one in five children who go online say they experienced at least one unwanted sexual advance in cyberspace; and

Whereas, The Federal Communications Commission (FCC) released regulations regarding CIPA compliance on April 5, 2001 that became effective on April 20, 2001; and

Whereas, On October 28, 2001, libraries receiving E-rate discounts must certify to the FCC that they are in compliance with CIPA requirements or are taking actions to put in place an internet safety policy that meets such requirements; and

Whereas, The New York Public Library reported 13,145,709 users at its branches in Fiscal Year 1999, and was eligible for a system-wide discount of 80% on telecommunication costs through the E-rate program; and

Whereas, Similarly, the Brooklyn Public Library is eligible for an 85% discount on telecommunications costs; and

Whereas, If libraries and schools receiving E-rate discounts do not comply with the Children's Internet Protection Act, they will no longer be eligible to receive discounts on telecommunications charges available through the E-rate program or other federal funding for grants; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the appropriate Committee to conduct an oversight hearing to assess what actions the New York Public Library, the Brooklyn Public Library and the Queens Borough Public Library are taking to move toward compliance with the federal Children's Internet Protection Act (CIPA).

Referred to the Committee on Youth Services.

Res. No. 2010

Resolution calling upon the Consumer Product Safety Commission ("CPSC") to issue a ruling requiring all non-wood baseball bats (aluminum, composite and graphite) to perform like wood bats to protect consumers from the unreasonable danger and risk of injury posed by these higher-performing non-wood bats, and to recall all non-wood baseball bats that exceed the performance of wood baseball bats.

By Council Members Oddo, Freed, Golden and Stabile; also Council Members Harrison, O'Donovan and Robinson

Whereas, Since its beginnings, the sport of baseball has attracted participants of all ages and levels of ability, from amateur to professional, from organized leagues to neighborhood sandlot games; and

Whereas, In 1998, statistics revealed that approximately five million participants were playing the sport of baseball in some organized form, and of these five million participants, approximately 98 percent were under the age of 18; and

Whereas, Although there is some level of risk involved in playing the sport of baseball, the level of risk associated with wood bats has generally been accepted as the "reasonable" level of risk for over a century; and

Whereas, In July of 1993, the National Collegiate Athletic Association ("NCAA") approved the use of aluminum baseball bats for intercollegiate competition, due to their greater durability and lower long-term cost in comparison to wood bats; and

Whereas, High schools and little leagues followed the NCAA by allowing their players to use aluminum bats in competition; and

Whereas, In 1974, aluminum bats cost approximately $40 each and were similar to wood bats in terms of performance; and

Whereas, Today, aluminum bats cost approximately $300 each, are less durable, and greatly outperform wood bats; and

Whereas, In 1986, an NCAA subcommittee issued a report to the full committee strongly urging aluminum bat manufacturers to pursue the development of non-wood bats that feature the performance characteristics of wood bats, due to safety concerns associated with this new breed of high-performance bats; and

Whereas, Independent testing has proven that, when compared under equal conditions to wood bats, high performance bats have a ball-exit speed significantly greater than wood, leaving defensive players, especially pitchers, in compromising and dangerous positions; and

Whereas, According to news reports, numerous injuries have occurred as a result of baseballs hit by these bats, including skull fractures, brain damage, and cardiac arrest; and

Whereas, The CPSC's mission is to protect the public against unreasonable risk of injury associated with consumer products, to develop uniform safety standards for consumer products and to minimize conflicting state and local regulations; now, therefore, be it

Resolved, The Council of the City of New York urges the CPSC to issue a ruling requiring all non-wood baseball bats (aluminum, composite and graphite) to perform like wood bats to protect consumers from the unreasonable danger and risk of injury posed by these higher-performing non-wood bats, and to recall all non-wood bats that exceed the performance of wood baseball bats.

Res. No. 2011

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct an oversight hearing regarding allegations of sexual and racial harassment of women participating in the Work Experience Program.

By Council Members Perkins, Espada, Freed, Henry, Linares, Lopez, Moskowitz, Quinn and Watkins; also Council Members Carrion, Harrison, Leffler, Marshall and Michels

Whereas, Incidences of sexual and/or racial harassment shock the conscience of New Yorkers; and

Whereas, It is and has been the policy of the Council of the City of New York to fight the causes of sexual and racial harassment; and

Whereas, It was recently reported that the federal government has sued the Giuliani administration for doing too little to protect women participating in the Work Experience Program (WEP) from sexual and racial harassment by their supervisors; and

Whereas, The lawsuit, which was brought by the United States Department of Justice, accuses the City of subjecting four women participating in WEP to a hostile work environment by not responding vigorously after they complained of racial and sexual harassment while working in WEP jobs; and

Whereas, Such a lawsuit is not surprising given that the Giuliani administration and the Commissioner of the Human Resources Administration (HRA), Jason Turner, have maintained that welfare recipients in WEP jobs should not be considered employees and should not be afforded the protections provided in state and federal laws for employees; and

Whereas, The allegations in the federal lawsuit are frightening and signal a throwback to times when sexual and racial harassment were open and acceptable forms of behavior; and

Whereas, The fact that the alleged victims of this sexual and racial harassment were extremely vulnerable, indigent women indicates a pattern that makes these allegations even more egregious; and

Whereas, Those individuals working in WEP jobs work in service to the community and should not be subjected to such forms of hatred; and

Whereas, The City cannot accept such behavior and must do all it can to make certain that it does not occur in our welfare programs; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York conduct an oversight hearing regarding sexual and racial harassment of women participating in the Work Experience Program.

Referred to the Committee on General Welfare.

Res. No. 2012

Resolution supporting the United Nations World Conference Against Racism, Racial Discrimination, Xenophobia and Related Intolerance and the Proposed United Nations Dakar Declaration and urging the United States to support the same.

By Council Members Perkins, Espada, Freed, Henry, Lopez, Watkins; also Council Members Carrion, Foster, Harrison and Robinson

Whereas, In 1997, the United Nations agreed to hold a World Conference on racism, racial discrimination, xenophobia and related intolerance in Durban, South Africa, from August 31, 2001 to September 7, 2001; and

Whereas, According to the Secretary General of the Conference and the High Commissioner for Human Rights, Mary Robinson, "This World Conference has the potential to be among the most significant gatherings at the start of this century;" and

Whereas, The Congressional Black Caucus has urged President George W. Bush to support the Conference not only in terms of allocating resources for the work of the Conference but with participation and commitment as a nation to the goal of addressing racial discrimination in the United States and abroad; and

Whereas, In the Spring of 1998, at the African Group Meeting during the Commission on Human Rights in Geneva, a Resolution was drafted identifying the Trans-Atlantic Slave Trade as a Crime Against Humanity; and

Whereas, At the African Regional Preparatory Conference for the World Conference Against Racism, held in Dakar, Senegal (January 22 – 24, 2001), the African Ministers developed what is called the "Dakar Declaration;" and

Whereas, The Dakar Declaration affirms that the slave trade is a unique tragedy, particularly against Africans – a crime against humanity which is unparalleled in history, and has resulted in substantial and lasting economic, political, and cultural damage to the descendants of its victims; and

Whereas, The Declaration strongly reaffirms that States which pursued racist policies, such as slavery, discrimination, and apartheid, should assume their full responsibilities and provide adequate reparations to those States, communities, and

individuals who were victims of such racist policies or acts, regardless of when or by whom they were committed; and

Whereas, Supporters of the African Reparations Movement believe that historians can demonstrate how the invasion of African territories, the mass capture of Africans, the horrors of the middle passage, the chattelization of Africans in America, and the extermination of the language and culture of the transported Africans constituted violations of international law; thus, the Trans-Atlantic slave trade was a crime against humanity, and accordingly, African people are owed reparations throughout the world; now, therefore, be it

Resolved, That the Council of the City of New York supports the United Nations World Conference Against Racism, Racial Discrimination, Xenophobia, and other Related Intolerance ad the proposed Dakar Declaration and urges the United States to support the same.

Referred to the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations.

Res. No. 2013

Resolution recognizing the week of August 1st to August 7th as World Breastfeeding Week.

By Council Members Perkins, Eldridge, Linares, Lopez and Quinn; also Council Members Marshall, Robinson, Michels and Abel

Whereas, Breastfeeding provides ideal nutrition for infants, and imparts benefits to the infant such as increased disease immunity and greater general health; and

Whereas, Breastfeeding also benefits mothers by reducing risks of breast and ovarian cancer, and by helping to increase spacing between pregnancies, reducing strain on the body; and

Whereas, These benefits increase with increased exclusivity of breastfeeding from birth to an age of 4-6 months, and can be integrated into a larger nutritional program as the child ages; and

Whereas, Recognizing its manifold benefits, the U.S. Congress, in an effort spearheaded by New York Representative Carolyn Maloney, has taken action to encourage breastfeeding, working to create breastfeeding-friendly workplaces, to ensure the safety of breast pumps sold in the U.S., and to increase funding to the WIC breastfeeding education and support initiative; and

Whereas, The benefits of breastfeeding have also been recognized and its practice encouraged by international organizations such as the World Health Organization and UNICEF; and

Whereas, Encouragement of breastfeeding is critical to creating a culture accepting of it, and to increasing its practice among new mothers; and

Whereas, To that end, the week of August 1 to August 7 has been declared World Breastfeeding Week; and

Whereas, On August 1st, the Breastfeeding Coordinator of New York City WIC Programs will launch the week-long education and awareness campaign with Breastfeeding Awareness Day at Harlem's Marcus Garvey Park; now, therefore, be it

Resolved, That the Council of the City of New York recognizes the week of August 1st to August 7th as World Breastfeeding Week.

Adopted by the Council on Immediate Consideration.

State Legislation Res. No. 125

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Rhodd Cummings, A.5543, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Queens to former owner George Pullin, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired".

By Council Member Watkins; also Council Members Marshall and Abel

Whereas, a bill has been introduced in the New York State Legislature by Assembly Member Rhodd Cummings, A.5543, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Queens to former owner George Pullin, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired"; and

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Melville Plaza Shopping Center

CVS Pharmacy seeks an authorization from the City Planning Commission (CPC) pursuant to Zoning Resolution (ZR) Section 36-023 for a group parking facility accessory to a commercial enlargement on a zoning lot in excess of four acres in a C4-1 district, and for a reduction of the parking requirement of ZR Section 36-21 by 40 percent. The proposed action would facilitate a proposal by the applicant to enlarge the Melville Plaza Shopping Center, located at 2485 Richmond Avenue (Block 2400, Lots 25 and 83) in a C4-1 zoning district in Community District 2, Staten Island. The enlargement would consist of a new 12,150 sq. ft. CVS Pharmacy and store and an already built 5,740 sq, ft. storage mezzanine, totaling 17,890 sq. ft.. The proposed enlargement would be built in an area of the shopping center now used for parking, and the parking spaces would not be replaced. With the proposed enlargement, the shopping center would contain 81,838 sq. ft. of floor area and 330 parking spaces. The shopping center currently contains 69,688 sq. ft. of floor area (including the already built 5,740 sq. ft. mezzanine) and 427 parking spaces.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated October 5, 2001, prepared in connection with the ULURP Application N970259ZAR. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once modified as follows:

1) The applicant agrees to contact the NYC Department of Transportation within six months after the completion of the project and to inform them of the need to implement the following traffic mitigation measures: signal timing modification at the following three intersections; Richmond Avenue @Draper Place during the midday (1PM-2PM) peak period, Richmond Avenue @ Draper Place, Richmond Hill Road @ Richmond Avenue and Linen and Things Driveway @Richmond Hill Road during the midday (1PM-2PM) peak period and Richmond Avenue @ Draper Place during the Saturday midday (1 PM-2 PM) peak period.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1) The NYCDOT has completed its review of the traffic chapter of the Environmental Assessment Statement for this project. As per their letter dated September 27, 2001, which is included in the project's CEQR file, DOT has stated that the proposed mitigation measures appears reasonable and appropriate for the intersections of Richmond Avenue @Draper Place during the midday (1PM-2PM) peak period, Richmond Avenue @ Draper Place, Richmond Hill Road @ Richmond Avenue and Linen and Things Driveway @Richmond Hill Road during the midday (1PM-2PM) peak period and Richmond Avenue @ Draper Place during the Saturday midday (1 PM-2 PM) peak period.

2) No other significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

Name, Description and Location of Proposal

306 West 44th Street

The applicant, 306 West 44, L.L.C., is requesting a special permit from the City Planning Commission (CPC), pursuant to Zoning Resolution (ZR) Section 13-562, to allow for the construction of a sub-surface parking garage on a site located at 693-697 and 699 Eighth Avenue, and 306 West 44th Street (Block 1034, Lots 33, 34, 36 and 37) Manhattan Community District 4.
Approximately 20,125 square feet (sq. ft.) of air rights would be transferred from Block 1034, Lot 33 for the development of the proposed project. The project site is partially located in a C6-2 zoning district and a C6-4 zoning district, and is within the Special Clinton District. In addition, the applicant is requesting 80-20 Taxable Bond Financing from New York City Housing Development Corporation.

The proposed action would facilitate a proposal by te applicant to construct a 25-story apartment building containing 241 dwelling units (including 48 low to moderate income dwelling units under the 80/20 program), 13,759 square feet of ground level retail, and a 436-space, predominantly below-grade, public parking facility. The site is currently occupied by a 9-story, public, above ground parking garage, a 40-room hotel, an adult entertainment establishment , and neighborhood retail uses. The remainder of the project area (Block 1034, Lot 33) is occupied by a 5-story residential and commercial building.

Absent the proposed special permits, the applicant would retain the existing parking garage but would construct a 21-story, 150-unit apartment tower on the remainder of the project site (Block 1034, Lots 34 and 36). This action would require the transfer of approximately 72,625 sq. ft. of development rights from Block 1034, Lot 33 as well as Lot 37.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, in coordination with New York City Housing Development Corporation, has completed its technical review of the Environmental Assessment Statement dated September 07, 2001, prepared in connection with the ULURP Application No. 010700ZSM . The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment to include the following condition:

1) The applicant agrees to perform a Phase II testing program under the supervision of NYC Department of Environmental Protection (DEP) in accordance with the terms of a restrictive declaration acceptable to DEP. The applicant agrees to record and execute the declaration prior to any actions by the City Planning Commission in connection with this application.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

1) The Office of Environmental Planning and Assessment (OEPA) has reviewed the February 2001 and July 2001 revised Phase I ESA Reports, and the May 2001 Environmental Assessment Statement (EAS) for the above referenced site. AKRF, Inc. prepared the detailed work summarized in these documents on behalf of Rosenmen & Colin LLP. Presently, the subject site is occupied by a theater (Lot 34), a small hotel (Lot 36), and a 9-story above-grade public parking garage (Lot 37). At this time, the applicant is proposing to construct a 25-story residential apartment building with a total of approximately 241 dwelling units. The proposed redevelopment plan would also include approximately 13,759 sq. ft. of ground level retail space and a predominantly below-grade 436-space public parking garage.

As a result of historic on-site and off-site land uses potentially impacting the subject site, EPA has determined that the subject site should be properly characterized for all potential contaminants. A Phase II testing program should be completed across the entire site. An investigative sampling protocol and Health and Safety Plan (HASP) should be submitted to DEP for review and approval. Upon the completion of this work, a detailed report and remedial recommendations (if warranted) should be submitted to DEP;

Any suspected and/or found USTs on the site should be property removed/closed in accordance with all applicable NYSDEC Regulations. Note that the removal of USTs greater than 1,100 gallons or leaking USTs less than this size must be reported to NYSDEC and the New York City Fire Department. All tank closure reports should be submitted to the NYSDEC for review;

As a result of suspected ARMS existing within the on-site structures, a complete asbestos survey should be completed at the site prior to any scheduled demolition and/or construction activities. All identified ARMS should be property removed, handled, and disposed of in accordance to all applicable federal, state, and local regulations.

With all of the above, potential hazardous material impacts would not occur.

2) No other effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.
This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

74-92
Use Group *3A and* **4A Community Facilities and Certain Large Retail Establishments in Manufacturing** ***Districts***

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

HUDSON RIVER PARK TRUST

■ PUBLIC HEARINGS

PROPOSED SANCTUARY MANAGEMENT PLAN FOR THE HUDSON RIVER PARK TRUST

Pursuant to the Hudson River Park Act, the Hudson River Park Trust hereby gives notice of a public hearing addressing the proposed Sanctuary Management Plan:

Time and Date: 4:00 p.m. - 7:00 p.m., November 27, 2001

Place: St. Vincent's Hospital, Rice Board Room, 170 W. 12th Street, New York, N.Y., 10011

Purpose: To allow the public an opportunity to comment on the proposed Sanctuary Plan for Hudson River Park.

The Hudson River Park Act establishes an estuarine sanctuary within Hudson River Park. The proposed Sanctuary Management Plan identifies existing habitat conditions and establishes Goals and Objectives for resource protection, public access and recreation, education, and environmental research within the Sanctuary area. The accompanying Action Plan identifies means of implementing those goals on both a short-term and long-term basis.

The public comment period extends from October 18 to December 24, 2001. Comments may be sent by e-mail or regular mail to either of the following addresses:

Kerry Dawson, Hudson River Park Trust, Pier 40, 2nd Floor, New York, N.Y. 10014, (917) 661-8740 phone; (917) 661-8777 fax; kdawson@hrpt.state.ny.us.

A copy of the Sanctuary Plan is available on request or can be found on the Hudson River Park Trust website at: www.hudsonriverpark.org.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, *your company must substantiate that it:*

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

BINDING REPORTS

ISSUE DATE:	DOCKET #:	SRB #:
10/01/01	021071	SRB 02-1885

ADDRESS	BOROUGH:	BLOCK/LOT:
60 CENTRE STREET NEW YORK COUNTY COURTHOUSE INDIVIDUAL LANDMARK	MANHATTAN	160 / 21

To the Mayor, the Council, and the Commissioner, Department of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to repair and replace damaged masonry and terra cotta at selected locations throughout all facades. The proposed work is described in photographs and drawings labeled T-1 and A-1 through A-16, dated July 27, 2001, prepared by Daniel A. Cudco, R.A.; and submitted as components of the application by the Department of Citywide Administrative Services.

The Commission notes that the designation report describes the building as a Roman Classical style courthouse built in 1919-1927 and designed by Guy Lowell.

The Commission has reviewed the drawings and finds that the proposed repairs are restorative in nature and in accordance with accepted preservation practice; that the replacement stone and terra cotta units will match the original in terms of color, texture, dimensions and profiles; and that the proposed repairs will return the masonry at these portions of the facades to sound conditions consistent with their original appearance. Based on these findings, the proposed work is determined to be appropriate to the New York County Courthouse individual landmark, and is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Kim Valente.

ADDRESS	BOROUGH:	BLOCK/LOT:
38 WEST 130TH STREET Astor Row INDIVIDUAL LANDMARK	MANHATTAN	1727 / 56

To the Mayor, the Council, and the Chair of the Housing Development Fund Corporation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replacing existing unsound brick and masonry at the parapet and chimney at the west facade; repairing, repointing and resetting the bluestone coping stones throughout the roof area, including installing new flashing; and repointing brick at selected areas on the east facade; all to match the original brick details, tooling, and mortar tint. The proposed work is described in written specifications and current condition photographs, dated September 24, 2001, prepared by Roberta Washington, R.A., and submitted as components of the application by the Housing Development Corporation Fund.

In reviewing this proposal, the Commission notes that the Astor Row Individual Landmark designation report describes 35 West 130th Street as one of a row of 28 Eastlake style rowhouses constructed in three different campaigns; that no. 35 is of the third group, built in 1883, to recall the earlier built houses; and that it is a 3-story, brick house built as half of a symmetrical pair.

The Commission has reviewed the drawings and finds that the proposed repairs are restorative in nature and in accordance with accepted preservation practice; that the replacement masonry and stone units will match the original in terms of composition, color, texture and details; that the repointing mortar will match the original in terms of composition, color, texture, finish and tooling and therefore, will not be detrimental to the brick or stone facades in terms of being too strong or hard; and that the proposed repairs will return the masonry at these portions of the facades to sound conditions consistent with their original appearance. Based on these findings, the proposed work is determined to be appropriate to the Astor Row individual landmark, and is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

ADDRESS	BOROUGH:	BLOCK/LOT:
76TH TO 80TH STREETS HISTORIC DISTRICT JACKSON HEIGHTS	QUEENS	7777 / 7777

To the Mayor, the Council, and the Director of Street Lighting, NYC Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace standard cobra-head street lampposts in an area bounded by 34th Avenue and 37th Avenue, 76th Street and 80th Street, with Bishop's Crook lampposts and Type M posts. The proposal is described on the application.

The Commission notes that the Jackson Heights Historic District was primarily developed in the early 20th century, at the time when gas lighting was being replaced by cast-iron lampposts with electric lights. The Commission also notes that the Type M poles are to be placed on streets wider than 40 feet and that the Bishop's Crook light poles will be placed on the narrower side streets.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new Bishop's Crook and Type M lampposts reproduce almost exactly the historic posts; that they are harmonious in scale, materials, design, and color with the character of the district; that the installation will strengthen the historic character of the street and district; and that the replacement of the existing posts will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Jackson Heights Historic District.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its archives.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. BRONX CB - 4 N 010720 HAX

Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1325 Walton Avenue and 25 East Clarke Place (Block 2840, lots 22 and 32), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate the development of an eight-story building tentatively known as East Clarke Place Affordable Apartments with 62 units of housing for low-income and homeless families and one superintendents unit and developed under the New York State Housing Trust Fund Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP No. 20025038 HAK.

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter,

Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Special Midtown District

8/6/98

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around~~ ***north of*** the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

~~(o)~~
(o) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(p)~~
(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-~~2829~~ ***29*** shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, *paragraph or part of Sections 81-20*

through 81-~~28~~29 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-~~28~~29. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station ***and Rail Mass Transit Facility*** Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
Penn Center Subdistrict	***81-50***
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, or #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~***on*** the character of the surrounding area.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and ***Rail Mass Transit*** **Facility** Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for ***the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for*** the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

81-42
Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

(a) lobby space or entrance space;

(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-~~511~~*292* (Subway station improvements);

(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);

(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries ***of the Penn Center Subdistrict***, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections ***81-53***1, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99
81-43
Street Wall Continuity Along Designated Streets
On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot# Frontage
Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street#

Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street#
Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.
Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station ***or a rail mass transit facility*** improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) ~~and,~~ 81-511~~292~~ (Subway station improvements***), and 81-542 (Rail mass transit facility improvement),*** or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48 .

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

81-46
Off-Street Relocation or Renovation of a Subway Stair
Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

81-50
SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51
General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52
Sign Regulations
The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(a) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(b) such #signs# project no more than 8 feet beyond the #street line#;

(c) such #signs# are no wider than 40 feet each;

(d) special lighting effects are provided at the top of any #sign# structure; and

(e) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

(3) such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

(4) such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

(5) special lighting effects are provided at the top of any #sign# structure; and

(6) the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521
Rail mass transit and subway entrance informational signs
For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word ?Subway? and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

b. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53
Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531
Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more that 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

815-32
Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54
Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

BRONX CB - 4 N 010720 HAX

Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1325 Walton Avenue and 25 East Clarke Place (Block 2840, lots 22 and 32), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate the development of an eight-story building tentatively known as East Clarke Place Affordable Apartments with 62 units of housing for low-income and homeless families and one superintendents unit and developed under the New York State Housing Trust Fund Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP No. 20025038 HAK.

Special Midtown District

8/6/98

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around~~ ***north of*** the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) ***to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;***

~~(o)~~
(o) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(p)~~
(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-~~28~~***29*** shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-~~28~~***29*** shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-~~28~~***29***. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92
81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station ***and Rail Mass Transit Facility*** Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts Sections Having Special Application

Penn Center Subdistrict 81-50
Grand Central Subdistrict 81-60
Theater Subdistrict 81-70

Fifth Avenue Subdistrict 81-80

Preservation Subdistrict 81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, or #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ ***on*** the character of the surrounding area.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and ***Rail Mass Transit*** **Facility** Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for ***the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for*** the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

(a) lobby space or entrance space;

(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-~~511~~***292*** (Subway station improvements);

(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries ***of the Penn Center Subdistrict***, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections ***81-53***1, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

81-43
Street Wall Continuity Along

Designated Streets
On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot# Frontage
Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street#
Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street#
Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station ***or a rail mass transit facility*** improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) ~~and,~~ 81-511~~292~~ (Subway station improvements***), and 81-542 (Rail mass transit facility improvement),*** or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48 .

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

81-50
SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51
General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52
Sign Regulations
The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(a) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(b) such #signs# project no more than 8 feet beyond the #street line#;

(c) such #signs# are no wider than 40 feet each;

(d) special lighting effects are provided at the top of any #sign# structure; and

(e) the requirements for transit

informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

(3) such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

(4) such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

(5) special lighting effects are provided at the top of any #sign# structure; and

(6) the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521
Rail mass transit and subway entrance informational signs
For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word ?Subway? and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

b. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53
Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531
Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more that 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

815-32
Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54
Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

CITYWIDE N 010404 ZRY

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:
(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and

(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by *calling (212) 788-7820.*

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ECONOMIC DEVELOPMENT CORPORATION

CONTRACT ADMINISTRATION AND PROCUREMENT

■ SOLICITATIONS

Construction/Construction Services

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001

No. 55

Introduced by The Speaker (Council Member Vallone) and Council Members Carrion, Malave-Dilan, Freed, Leffler, Linares, Marshall, Michels, Perkins, Pinkett, Provenzano, Reed, Robinson, Watkins and White (in conjunction with the Mayor); *also Council Members DiBrienza, Eisland, Fisher, Foster, Harrison, Koslowitz, Lopez, Nelson, O'Donovan, Povman and Spigner*

A LOCAL LAW

To amend the administrative code of the City of New York, in relation to requiring the police department of the city of New York to submit certain information to the City Council and to adhere to certain reporting requirements.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 14 of the administrative code of the city of New York is amended to add a new section 14-150 to read as follows:

§ 14-150 Police Department Reporting Requirements.

a. The New York City Police Department shall submit to the city council on a quarterly basis the following materials, data and reports:

1. All academy, in-service, roll-call and other specialized department training materials and amendments thereto distributed to cadets, recruits, officers and other employees of the department, except where disclosure of such material would reveal non-routine investigative techniques or confidential information or where disclosure could compromise the safety of the public or police officers or could otherwise compromise law enforcement investigations or operations.

2. All patrol guide procedures newly promulgated or revised.

3. A report detailing the number of uniformed personnel and civilian personnel assigned to each and every patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division; including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command.

4. A crime status report. Such report shall include the total number of crime complaints (categorized by class of crime, indicating whether the crime is a misdemeanor or felony) for each patrol precinct, including a subset of housing bureau and transit bureau complaints within each precinct; arrests (categorized by class of crime, indicating whether the arrest is for a misdemeanor or felony) for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; summons activity (categorized by type of summons, indicating whether the summons is a parking violation, moving violation, environmental control board notice of violation, or criminal court summons) for each patrol precinct, housing police service area and transit district; domestic violence radio runs for each patrol precinct; average response time for critical and serious crimes in progress for each patrol precinct; overtime statistics for each patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division, including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command.

5. A report based on the information provided in the department's Stop, Question and Frisk Report Worksheet and any successor form or worksheet. Such report shall include the number of stop, question and frisks for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown of the number of stop, question and frisks by race and gender for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; the number of suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown by race and gender of the suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a listing, by category, of the factors leading to the stop, question and frisk for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, with a breakdown by race and gender for each listed factor; and a summary of complaints of violent felony crime for each patrol precinct, with a breakdown by race and gender of the suspect as identified by the victim.

6. A report, for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, of the number of summonses issued for moving violations, with a breakdown by race and gender. Such report shall be generated using data provided by the State Department of Motor Vehicles at such time as the State Department of Motor Vehicles amends its traffic summons to reflect such race and gender information.

7. A report of the number of positions that are civilianizable, including a listing of each position by job title, and the number of positions that were civilianized. "Civilianizable" shall mean any position that does not require uniformed expertise.

b. The information, data and reports requested in subdivision a shall be provided to the council except where disclosure of such material could compromise the safety of the public or police officers or could otherwise compromise law enforcement operations. These reports shall be provided to the council within 30 days of the end of the reporting period to which the reports correspond or for which the relevant data may be collected, whichever is later. Where necessary, the department may use preliminary data to prepare the required reports and may include an acknowledgment that such preliminary data is non-final and subject to change.

§ 2. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 3. This local law shall take effect sixty days after which it shall have become a law.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on August 22, 2001, and approved by the Mayor on September 6, 2001.

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around~~ ***north of*** the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) ***to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;***

~~(o)~~
(o) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(p)~~
(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-~~28~~29 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-~~28~~29 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-~~28~~29. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92
81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station ***and Rail Mass Transit Facility*** Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts Sections Having Special Application

Penn Center Subdistrict 81-50
Grand Central Subdistrict 81-60
Theater Subdistrict 81-70

Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, or #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ ***on*** the character of the surrounding area.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and ***Rail Mass Transit*** **Facility** Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for ***the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER***

SUBDISTRICT), special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

81-42
Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

(a) lobby space or entrance space;

(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-~~511~~*292* (Subway station improvements);

(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries ***of the Penn Center Subdistrict***, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections ***81-53***1, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99
81-43
Street Wall Continuity Along Designated Streets
On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot# Frontage
Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street#
Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street#
Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station ***or a rail mass transit facility*** improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) ~~and,~~ 81-511~~292~~ (Subway station improvements)***, and 81-542 (Rail mass transit facility improvement)***, or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48 .

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

81-50
SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51
General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52
Sign Regulations
The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(a) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(b) such #signs# project no more than 8 feet beyond the #street line#;

(c) such #signs# are no wider than 40 feet each;

(d) special lighting effects are provided at the top of any #sign# structure; and

(e) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

(3) such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

(4) such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

(5) special lighting effects are provided at the top of any #sign# structure; and

(6) the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521
Rail mass transit and subway entrance informational signs
For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word ?Subway? and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

b. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53
Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531
Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more that 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

815-32
Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54
Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

CITYWIDE N 010404 ZRY

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE
The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS
New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS
New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL
This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST
New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES
The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education,

Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ST. GEORGE FERRY TERMINAL – RFQ/RFEI – DUE 10-22-01 – The New York City Economic Development Corporation, in conjunction with the New York City Department of Transportation, is currently seeking interested contractors to participate in the phased rehabilitation of the St. George Ferry Terminal, located on Staten Island. The existing terminal building will be completely rehabilitated. New construction will include a new maintenance building and a new North entrance structure. Other related work will also be a part of the project.

Construction has been planned in phases to insure that the ferry operations continue safely, without interruption throughout the construction period. This multi-million project will require approximately 24 months.

The estimated total construction cost of the project is approximately $75.0 to $85.0 million. It is anticipated that approximately 20 contracts will be awarded. Full DBE participation is strongly encouraged. At the present time "Expressions of Interest and Qualifications" are being requested for thirteen (13) contract packages. They are as follows:

1. Electrical - $7.5 to $8.0 million
2. HVAC - $6.0 to $6.5 million
3. Plumbing - $1.0 to $1.2 million
4. Fire Protection - $1.0 to $1.2 million
5. Curtainwall - $4.5 to $4.9 million
6. Interior General Construction (painting, drywall, doors, hardware, acoustical, special wall paneling etc.) - $6.0 to $6.5 million
7. Roofing, Waterproofing, and Metal Wall Panels - $6.0 to $6.5 million
8. Masonry - $1.5 to $1.8 million
9. Terrazzo and Tile - $1.8 to $2.0 million
10. Repairs to Elevated Highway Ramps (structural, exp.joints, conc. rehab., paving, etc.) - $1.5 to $1.7 million
11. Site Improvements (pavers, landscaping, site furnishings, etc.) - $1.7 to $2.0 million
12. Miscellaneous and Ornamental Iron - $.9 to $1.0 million

To assist contractors in preparing their reply, an "information package" is available at the offices of the Construction Manager:

Barney Skanska Construction, 1 Richmond Terrace, Staten Island, New York 10301, 718-981-9900

Interested contractors can pick up an "information package" at the above address. The contractors will register by providing their company name, telephone number and fax number at that time.

This project is funded by New York State, New York City, and the USDOT FTA.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

THIRD PARTY TRANSFER PROGRAM, REQUEST FOR QUALIFICATIONS – Negotiated Acquisition/Pre-Qualified List – DUE 12-28-01 AT 5:00 P.M. – Invites qualified individuals and organizations to submit descriptions of their qualifications to acquire, rehabilitate and manage residential properties through HPD's Third Party Transfer Program. There is no application deadline to become a Third Party Transfer Qualified Developer. Applications will be reviewed in an ongoing and timely fashion. However, to be considered for properties in the upcoming Round III of the Third Party Transfer Program, applications must be submitted no later than December 28, 2001. HPD expects to qualify many more potential developers than available properties. Therefore, many qualified developers will not receive properties through the Program. HPD reserves the right to negotiate with any number of Qualified Developers, accept or reject any or all applications received as a result of this RFQ, or postpone or cancel this RFQ in part or in its entirety.

AGENCY RULES

■ NOTICE

BUREAU OF TRAFFIC OPERATIONS
NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903 of the New York City Charter and Section 1642 of the New York State Vehicle and Traffic Law, and in accordance with Section 1043 of the Charter, including a public hearing held on due notice, that the Department of Transportation hereby adopts a rule regarding stickers issued by MTA managers to vehicles illegally standing in bus stops. This rule shall take effect 30 days from the date hereof. Iris Weinshall, Commissioner.

Section 1. Paragraph 10 of subdivision (a) of Section 4-08 of chapter 4 of title 34 of the rules of the city of New York is amended by adding a new subparagraph iv to read as follows:

(iv) Issued by MTA New York City Transit Managers. When standing is prohibited by a bus stop sign and an unattended vehicle other than an authorized bus is standing in such bus stop so as to interfere with the free movement of buses into such bus stop in violation of section 4-08(c)(3) of these rules, MTA New York City Transit Managers are hereby authorized, only after having issued a summons to such vehicle, to affix a sticker on the driver side backseat window of the vehicle informing the operator of said violation and interference. The dimensions of the sticker shall be 81/2 inches by 11 inches and shall include the words: "This vehicle violates New York City Traffic Rules. The resulting obstruction of traffic causes delay, safety hazards, and interferes with accessibility of the bus to passengers." The words "MTA New York City Transit" also shall appear on the sticker.

Statement of Basis and Purpose of Proposed Rule

Cars parked illegally in bus stops force buses to stop in lanes carrying moving traffic. This delays traffic and creates the potential for rear-end collisions and accidents involving cars attempting to pull around buses. The gap between the roadway and the first step in the bus is uncomfortable for boarding and alighting passengers to negotiate, and the elderly and disabled can encounter significant difficulties. For wheelchair users, it may be impossible to negotiate the curb to board the bus. For these reasons, it is imperative that vehicle operators clearly receive the message that they must not block bus access to bus stops. One way that MTA New York City Transit personnel with summons issuance authority can reinforce the importance of this requirement is by affixing notices on the driver side backseat windows of violators. The Department of Sanitation has similar authority to use against violators of street cleaning regulations. The notice would not interfere with driving, nor would it damage the vehicle to which it is applied, but it would give highly conspicuous notice to the operators of offending vehicles who are contemptuous of the rights of others that the City takes bus stop violations seriously.

INVOCATION

We want to thank you all for dedicating 100 Days of Education, Mr. Speaker, and all the members of the Council, in honor of the Rebbe.

And as we are observing this year, the 100th year of the Rebbe's birthday, we say every day in psalm, the Chapter 100 that King David has designated as Chapter 100, and it has a very poignant and relevant message to each and every one of us. This chapter is … a song of thanks that King David offers God. A song of thanks.

In many times we are remiss in forgetting one thing in offering God a thanks. Thanksgiving, here in America it's once a year. Actually, it should be every single day. It's a wonderful holiday, but once a year is not enough. Thanksgiving should be every single day. I don't mean the turkey every day, but I mean the thanksgiving every day - thanking God for our life, thanking God for our wife, for our children, for our sustenance, for our health, for the ability to serve humanity, for the ability to serve the people in the City of New York; and, therefore, this is what King David says, we should always offer thanks to God every single day, and maybe even three times a day, as it is customary to pray three times a day.

You have been chosen, every single one of you, the members of the Council, as the custodians of peace, of justice, of honesty and decency of the City of New York, and the City of New York being the greatest city in the nation by extension you are also a symbol of democracy and freedom for all the people in the United States, and by extension for all the people of the world.

And I want you to know that every Saturday in our prayers we say a special prayer for all of you… and all those who serve the public with honesty, we're asking God that God should bestow his blessings, so when we meet every Saturday in our synagogues, we offer special blessings for you, a special blessing for you that God should bestow his blessings on you and on your families, you should have a lot of success, and a lot of success and a lot of happiness in all your endeavors, in health, in happiness and in gladness of heart, and let us say amen.

Council Member Berman moved to spread the Invocation in full upon the Record.

MESSAGES & PAPERS FROM THE MAYOR

COMMUNICATION FROM CITY, COUNTY & BOROUGH OFFICES

M-1281

Communication from the Brooklyn Borough President - Submitting objection to the City Planning Commission's approval of the ULURP applications for the disposition of 58 vacant city-owned properties in Community District 5 in Brooklyn, pursuant to Section 197-d(b)(2) of the New York City Charter ("triple no procedure"), (010139PPK).

August 16, 2001

Honorable Peter F. Vallone
New York City Council
City Hall
New York, New York 10007

Dear Speaker Vallone:

I am in receipt of the City Planning Commission's report for ULURP application 010139 PPK, for the disposition of 58 vacant city-owned properties in Community District 5, in Brooklyn. Community Board 5 reviewed the aforementioned application and, on May 23, 2001, adopted a resolution against approval of this application. On February 21, 2001, 1 issued a report (sent to your office in correspondence dated April 19, 2001) recommending against approval of this application with conditions.

I am concerned that the Commission failed to perceive and act upon the land use goals stated by both Community Board 5 and myself in respective recommendation reports for this application. My recommendation that certain lots be withdrawn for the purpose of allowing the Department of Housing Preservation and Development (HPD) to study them for inclusion in the East New York 1 Urban Renewal Area and the proposed South of Atlantic Avenue Urban Renewal Area were not pursued.

Therefore, pursuant to Section 197-d(b)(2) of the New York City Charter ("triple no" procedure), I hereby state my objections to the City Planning Commission's approval of ULURP application 010139 PPK.

Thank you for your courtesy in this regard.

Sincerely,

Howard Golden

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Finance

Int. No. 942-A

Report of the Committee on Finance in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the general corporation tax and the banking corporation tax, and to repeal subparagraphs 6-a and 13 through 15 of paragraph (b) of subdivision 8 of section 11-602, subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602, subdivisions 11 through 16 of section 11-602, subdivisions 1-a through 1-f of section 11-608, subdivision (a-2) of section 11-645 and paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the city of New York relating thereto.

The Committee on Finance to which was referred on June 7, 2001 (Minutes, page 1998) the annexed local law respectfully

REPORTS:

Today, the Committee on Finance will consider Int. No. 942-A, a proposed local law that would amend the City's General Corporation Tax (GCT) and certain provisions of the Banking Corporation Tax, to conform them in certain respects to state law. An initial hearing on Int. No. 942 was held on June 28, 2001. Since then, the bill was amended to provide that conforming changes being made to the GCT, which were also applicable to the City's Banking Corporation Tax, would be made to that tax as well.

Sections 1 through 7 of the proposed legislation would amend the provisions of the City's GCT, relating to the treatment of certain corporate mergers consolidations and acquisitions. According to the Department of Finance (DOF), the provisions were intended to deny a corporation certain tax benefits resulting from certain kinds of restructuring - generally occurring in a highly leveraged merger/acquisition or where a significant portion of the stock or assets of an acquired corporation are disposed of shortly after the acquisition. Because the provisions only apply under very specific circumstances it is easy to avoid their application, and the transactions to which they apply are now virtually obsolete.

Section 8 of the proposed legislation would amend the certification provisions of the GCT which require certification of the tax return "by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or another officer of the taxpayer duly authorized ...." The amendment would provide that in the case of associations, publicly traded partnerships treated as corporations, or businesses conducted by trustee(s) where ownership is evidenced by written instruments, any person duly authorized to certify as to the truthfulness of the statements in the report may so certify.

Sections 9 and 20 of the proposed legislation would amend the reporting requirements for the GCT and the Banking Corporation Tax respectively, to extend from 90 to 120 days, the amount of time which a taxpayer making a combined report (i.e. for a combined group of corporations) is given, to report federal or state changes to its taxable income, or other basis of tax, or other changes required to be reported to the finance commissioner.

Sections 10 and 11 of the proposed legislation would amend the administrative code provisions relating to the payment of the first installment of estimated tax which is required to be paid with the taxpayer's return for the prior taxable year or with the taxpayer's request for an extension. Currently, the law provides that such first installment of estimated taxes be 25% of the prior year's taxes, computed without regard to credits which reduced the prior year's taxes. The proposed amendments would allow the taxpayer to reduce the amount of the prior year's tax by the credits for that year in computing the first installment of the new year's estimated taxes. Sections 18 and 19 of the proposed legislation would make similar conforming changes to the Banking Corporation Tax.

Sections 12 through 16 of the proposed legislation would amend the GCT and the Banking Corporation Tax to make the rules applicable to a taxpayer's ability to

claim a refund in prior tax years for a capital loss carryback the same as those applicable to a taxpayer's ability to claim a refund for operating loss carrybacks. Currently, federal law provides that capital losses and operating losses can be "carried forward" and used as a deduction against future capital gains and operating income, respectively, for up to five years; they can also be "carried back" and used as deductions against capital gains and operating income for up to the prior three years. In the case of operating loss carrybacks, if the amount of the carryback would entitle the taxpayer to a refund in a prior year, there is an exception to the general rule that a taxpayer must file for a refund within three years. Thus, if a taxpayer was entitled to a refund of taxes for the year 1997 for reasons other than an operating loss carryback, it would have to file for that refund in its return filed by March 15, 2000. However, in the case of an operating loss, it may not yet have sustained the loss which it would be entitled to carry back. Thus, for purposes of operating losses, the State Tax Law and City GCT and Banking Tax provide that the three year time limit on requests for refunds resulting from operating loss carrybacks, begins running from the due date of the return for the year in which the loss was incurred. State law treats capital loss carrybacks (i.e.. capital losses which a corporation would be entitled to carryback to offset capital gains in prior years) the same way as operating losses. The proposed amendment would amend the GCT and Banking Corporation Tax to do the same. In addition, according to DOF, the amendments would also cause assessments of deficiencies resulting from capital loss carrybacks to be treated the same as those resulting from operating loss carrybacks.

Finally, section 17 of the proposed legislation amends §11-683 relating to liens for unpaid taxes. Subdivision c of that section provides that liens relating to estate and liens on real estate of mortgages shall cease to be liens after 10 years from the date they become due. The proposed amendment would leave the current 10 year time period on liens relating to real estate and mortgages, and place a twenty year time limit on all other tax liens.

The proposed local law would take effect immediately, except that sections 1 through 7 of the proposed law, relating to treatment of certain mergers, acquisitions and consolidations, would take effect for taxable years beginning on or after January 1, 2000.

Accordingly, Your Committee recommends its adoption, as amended.

Int. No. 942-A

By Council Members Berman and Stabile (by request of the Mayor)

A LOCAL LAW to amend the administrative code of the City of New York, in relation to the general corporation tax and the banking corporation tax, and to repeal subparagraphs 6-a and 13 through 15 of paragraph (b) of subdivision 8 of section 11-602, subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602, subdivisions 11 through 16 of section 11-602, subdivisions 1-a through 1-f of section 11-608, subdivision (a-2) of section 11-645 and paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the City of New York relating thereto.

Be it enacted by the Council as follows:

Section 1. Subdivision 3 of section 11-602 of the administrative code of the City of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

3. [(a)] "Subsidiary capital" means investments in the stock of subsidiaries and any indebtedness from subsidiaries, exclusive of accounts receivable acquired in the ordinary course of trade or business for services rendered or for sales of property held primarily for sale to customers, whether or not evidenced by written instrument, on which interest is not claimed and deducted by the subsidiary for purposes of taxation under this subchapter or subchapter three of this chapter, provided, however, that, in the discretion of the commissioner of finance, there shall be deducted from subsidiary capital any liabilities which are directly or indirectly attributable to subsidiary capital;

[(b) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring person, the taxpayer sells or otherwise disposes (including by redemption) of stock of a target corporation such that immediately prior to such disposition the taxpayer owned more than fifty percent, and immediately thereafter owned fifty percent or less of the number of shares of stock entitling the holder thereof to vote for the election of directors, then stock of the target corporation shall not constitute subsidiary capital of the taxpayer for the entire taxable year in which such disposition occurs.

(c) If, within eighteen months of a corporate acquisition wherein the taxpayer is the acquiring corporation, the target corporation sells or otherwise disposes of an asset or assets (excluding cash and assets disposed of by such target corporation in the regular course of its business) held by the target corporation on the acquisition date such that immediately prior to such disposition such target corporation owns more than fifty percent of the total of such assets held by the target corporation on the acquisition date (by value, such value determined in the manner in which assets are valued pursuant to subdivision two of section 11-604 of this subchapter, whether or not the target corporation is subject to this subchapter) and immediately thereafter owns fifty percent or less, then for the period starting on the first day of the taxable year in which the disposition occurs and ending on the date eighteen months after the date of such disposition the stock of such target corporation shall not constitute subsidiary capital of the taxpayer.]

§ 2. Subdivision 5 of section 11-602 of the administrative code of the City of New York, as amended by chapter 241 of the laws of 1989, is amended to read as follows:

5. "Investment income" means [the sum of (a)] income, including capital gains in excess of capital losses, from investment capital [and (b) the amounts described in subparagraphs thirteen, fourteen and fifteen of paragraph (b) of subdivision eight of this section,] to the extent included in computing entire net income, less, [(c)] *(a)* in the discretion of the commissioner of finance, any deductions allowable in computing entire net income which are directly or indirectly attributable to investment capital or investment income, and [(d)] *(b)* such portion of any net operating loss deduction allowable in computing entire net income, as the investment income, before such deduction, bears to entire net income, before such deduction, provided, however, that in no case shall investment income exceed entire net income;

§ 3. Subparagraph 2 of paragraph (a) of subdivision 8 of section 11-602 of the administrative code of the city of New York, as amended by the chapter 241 of the laws of 1989, is amended to read as follows:

(2) fifty percent of dividends [(A)] other than from subsidiaries, [(B) other than amounts described in subparagraphs thirteen and fifteen of paragraph (b) of this subdivision, and (C) other than dividends from stock described in paragraphs (b) and (c) of subdivision three of this section,] except that entire net income shall include one hundred percent of dividends on shares of stock with respect to which a dividend deduction is disallowed by subsection (c) of section two hundred forty-six of the internal revenue code;

§ 4. Subparagraph 6-a of paragraph (b) of subdivision 8 of section 11-602 of the administrative code of the City of New York is REPEALED.

§ 5. Subparagraphs 13 through 15 of paragraph (b) of subdivision 8 of section 11-602 of the administrative code of the City of New York are REPEALED.

§ 6. Subparagraphs 2-a through 2-c of paragraph (f) of subdivision 8 of section 11-602 of the administrative code of the City of New York are REPEALED.

§ 7. Subdivisions 11 through 16 of section 11-602 of the administrative code of the City of New York are REPEALED.

§ 8. Subdivision 2 of section 11-605 of the administrative code of the City of New York is amended to read as follows:

2. Every report shall have annexed thereto a certification by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or another officer of the taxpayer duly authorized so to act to the effect that the statements contained therein are true. *In the case of an association, within the meaning of paragraph three of section (a) of section seventy-seven hundred one of the internal revenue code, a publicly-traded partnership treated as a corporation for purposes of the internal revenue code pursuant to section seventy-seven hundred four thereof and any business conducted by a trustee or trustees wherein interest or ownership is evidenced by certificates or other written instruments, such certification shall be made by any person duly authorized so to act on behalf of such association, publicly-traded partnership or business.* The fact that an individual's name is signed on a certification of the report shall be prima facie evidence that such individual is authorized to sign and certify the report on behalf of the corporation. Blank forms of reports shall be furnished by the commissioner of finance, on application, but failure to secure such a blank shall not release any corporation from the obligation of making any report required by this subchapter.

§ 9. Subdivision 3 of section 11-605 of the administrative code of the City of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

3. If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer, or of any shareholder of any taxpayer which has elected to be taxed under subchapter s of chapter one of the internal revenue code, as returned to the United States treasury department or the New York State [tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York State [tax commission] *commissioner of taxation and finance* or other competent authority, or where a renegotiation of a contract or subcontract with the

United States or the State of New York results in a change in taxable income, alternative minimum taxable income or other basis of tax, or where a recovery of a war loss results in a computation or recomputation of any tax imposed by the United States or the State of New York, or if a taxpayer or such shareholder of a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, or such shareholder of a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax, or the results of such renegotiation, or such computation, or recomputation, or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York State taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined report under this subchapter for such year)* after such execution or the final determination of such change or correction or renegotiation, or such computation, or recomputation, or as required by the commissioner of finance, and shall concede the accuracy of such determination or state wherein it is erroneous. The allowance of a tentative carry back adjustment based upon a net operating loss carry back or net capital loss carry back pursuant to section sixty-four hundred eleven of the internal revenue code shall be treated as a final determination for purposes of this subdivision. Any taxpayer filing an amended return with such department shall also file within ninety days thereafter an amended report with the commissioner of finance.

§ 10. Subdivision 1 of section 11-608 of the administrative code of the City of New York is amended to read as follows:

1. Every taxpayer subject to the tax imposed by section 11-603 of this subchapter shall pay with the report required to be filed for the preceding privilege period, if any, or with an application for extension of the time and filing such report, an amount equal to twenty-five per centum of the preceding year's tax[, computed without regard to the credit provided for in subdivision twelve of section 11-604 of this subchapter,] if such preceding year's tax exceeded one thousand dollars.

§ 11. Subdivisions 1-a through 1-f of section 11-608 of the administrative code of the City of New York are REPEALED.

§ 12. Paragraph (d) of subdivision 3 of section 11-674 of the administrative code of the City of New York is amended to read as follows:

(d) Deficiency attributable to [net operating loss] carry back. If a deficiency of tax under subchapter two of this chapter is attributable to the application to taxpayer of a net operating loss carry back *or a capital loss carry back,* it may be assessed at any time that a deficiency for the taxable year of the loss may be assessed.

§ 13. Subdivision 5 of section 11-675 of the administrative code of the City of New York, as renumbered by chapter 241 of the laws of 1989, is amended to read as follows:

5. Tax reduced by carry back. If the amount of tax under subchapter two for any taxable years is reduced by reason of a carry back of a net operating loss *or a capital loss,* such reduction in tax shall not affect the computation of interest under this section for the period ending with the filing date for the taxable year in which the net operating loss *or capital loss* arises. Such filing date shall be determined without regard to extensions of time to file.

§ 14. Subdivision 4 of section 11-678 of the administrative code of the City of New York is amended to read as follows:

4. Overpayment attributable to net operating loss carry back *or capital loss carry back.* A claim for credit or refund of so much of an overpayment under subchapter two of this chapter as is attributable to the application to the taxpayer of a net operating loss carry back *or a capital loss carry back* shall be filed within three years from the time the return was due *(including extensions thereof)* for the taxable year of the loss, or within the period prescribed in subdivision two in respect of such taxable year, or within the period prescribed in subdivision three, where applicable, in respect to the taxable year to which the net operating loss *or capital loss* is carried back, whichever expires the latest. Where such claim for credit or refund is filed after the expiration of the period prescribed in subdivision one or in subdivision two where applicable, in respect to the taxable year to which the net operating loss *or capital loss* is carried back, the amount of such credit or refund shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based.

§ 15. Subdivision 4 of section 11-679 of the administrative code of the City of New York is amended to read as follows:

4. Refund of tax caused by carry back. For purposes of this section, if any overpayment of tax imposed by subchapter two of this chapter results from a carry back of a net operating loss *or a net capital loss,* such overpayment shall be deemed not to have been made prior to the filing date for the taxable year in which such net operating loss *or net capital loss arises.* Such filing date shall be determined without regard to extensions of time to file. For purposes of subdivision three of this section any overpayment described herein shall be treated as an overpayment for the loss year and such subdivision shall be applied with respect to such overpayment by treating the return for the loss year as not filed before claim for such overpayment is filed. The term "loss year" means the taxable year in which such loss arises.

§ 16. Subdivision 2 of section 11-680 of the administrative code of the City of New York, as amended by chapter 808 of the laws of 1992, is amended to read as follows:

2. Petition for redetermination of a deficiency. Within ninety days, or one hundred fifty days if the notice is addressed to a taxpayer whose last known address is outside of the United States, after the mailing of the notice of deficiency authorized by section 11-672 of this subchapter, or if the commissioner of finance has established a conciliation procedure pursuant to section 11-124 of the code and the taxpayer has requested a conciliation conference in accordance therewith, after ninety days from the mailing of the conciliation decision or the date of the commissioner's confirmation of the discontinuance of the conciliation proceeding, the taxpayer may file a petition with the tax appeals tribunal for redetermination of the deficiency. Such petition may also assert a claim for refund for the same taxable year or years, subject to the limitations of subdivision seven of section 11-678 of this subchapter. For special restriction where the notice of deficiency relates to a proposed assessment made as a result of: (a) a net operating loss carry back *or a capital loss carry back,* (b) an increase or decrease in federal or New York State taxable income or other basis of tax or federal or New York State tax, or (c) a federal or New York State change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal or New York State income tax purposes, see paragraph (g) of subdivision three of section 11-674 of this subchapter.

§ 17. Paragraph (c) of subdivision 10 of section 11-683 of the administrative code of the City of New York is amended to read as follows:

(c) All taxes, additions to tax, penalties and interest which have become a lien under this subdivision shall[,] *cease to be a lien* after the expiration of [ten] *twenty* years from the date they became due and payable, [cease to be a lien] *except that taxes, additions to tax, penalties and interest which have become a lien under this subdivision* (1) as to real estate in the hands of persons who are owners thereof who would be purchasers in good faith but for such taxes, additions to tax, penalties or interest and (2) as to the lien on real estate of mortgages held by persons who would be holders thereof in good faith but for such taxes, additions to tax, penalties or interest, as against such purchasers [of] *or* holders, *shall cease to be a lien after the expiration of ten years from the date they become due and payable.* The limitations herein provided for shall not apply to any transfer from a corporation to a person or corporation with intent to avoid payment of any taxes, or where with like intent the transfer is made to a grantee corporation, or any subsequent grantee corporation, controlled by such grantor or which has any community of interest with it, either through stock ownership or otherwise.

§ 18. Subdivision (a-2) of section 11-645 of the administrative code of the City of New York is REPEALED.

§ 19. Paragraph 1-a of subdivision (b) of section 11-645 of the administrative code of the City of New York is REPEALED.

§ 20. Subdivision (e) of section 11-646 of the administrative code of the City of New York, as amended by chapter 525 of the laws of 1988, is amended to read as follows:

(e) If the amount of taxable income, alternative minimum taxable income or other basis of tax for any year of any taxpayer as returned to the United States treasury department or the New York State [tax commission] *commissioner of taxation and finance* is changed or corrected by the commissioner of internal revenue or other officer of the United States or the New York State [tax commission] *commissioner of taxation and finance* or other competent authority, or if a taxpayer, pursuant to subsection (d) of section sixty-two hundred thirteen of the internal revenue code, executes a notice of waiver of the restrictions provided in subsection (a) of said section, or if a taxpayer, pursuant to subdivision (f) of section one thousand eighty-one of the tax law, executes a notice of waiver of the restrictions provided in subdivision (c) of said section, such taxpayer shall report such changed or corrected taxable income, alternative minimum taxable income or other basis of tax or such execution of such notice of waiver and the changes or corrections of the taxpayer's federal or New York State taxable income, alternative minimum taxable income or other basis of tax on which it is based, within ninety days *(or one hundred twenty days, in the case of a taxpayer making a combined return under this subchapter for such year)* after such execution or the final determination of such change or correction, or as required by the commissioner of finance, and shall concede the accuracy of such determination or state wherein it is erroneous. The allowance of a tentative carry back adjustment based upon a net capital loss carry back pursuant to section sixty-four hundred eleven of the internal revenue code, shall be treated as a final determination for purposes of this subdivision. Any taxpayer filing an amended return with such department shall also file within ninety days (or *one hundred twenty days, in the case of a taxpayer making a combined return under*

this subchapter for such year) thereafter an amended return with the commissioner of finance which shall contain such information as the commissioner shall require.

§21. This local law shall take effect immediately, except that sections one through seven of this local law shall take effect for taxable years beginning on or after January 1, 2000.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Res. No. 2031

Report of the Committee on Finance in favor of approving a resolution authorizing the filings of applications for state assistance payments for municipal park projects, local waterfront revitalization projects, and Hudson River Estuary projects within the City of New York and the signing of associated state contracts under the appropriate laws of New York State.

The Committee on Finance to which was referred on August 22, 2001 the annexed resolution respectfully

REPORTS:

Article 54 of the New York State Environmental Conservation Law ("ECL") sets up an environmental protection fund for the funding of certain environmental goals. Article 54 (or the "Environmental Protection Act") provides that the Commissioner of the New York State Office of Parks, Recreation and Historic Preservation "may, in the name of the state,... contract to make ...state assistance payments to a municipality toward the cost" of a municipal park project (ECL §54-0103).

In addition, Title 3 of the Clean Water/Clean Air Bond Act of 1996 contained in Article 56 of the ECL ("Article 56"), provides for money from the proceeds received by the state from the sale of bonds pursuant to that act to be made available for clean water projects which can include municipal park projects. (ECL X56-0301) .

Title 11 of Article 54 of the ECL provides that the Secretary of State is authorized to provide "on a competitive basis, within amounts appropriated, state assistance payments to municipalities toward the cost of any local waterfront revitalization program." (ECL X54-1101). Title 3 of Article 11 of the ECL establishes a Hudson River estuarine district, and provides that the state Department of Environmental Conservation (DEC) establish a program in order to protect, preserve restore and enhance the Hudson River estuary. Applications for State assistance payments to support projects to implement the Hudson River Estuary plan can be made to the State DEC.

This preconsidered resolution authorizes the Commissioner of the City's Department of Parks and Recreation to apply for such state assistance payments for twenty projects, and, if the applications are approved, to enter into project agreements for state assistance contracts.

PROJECT DESCRIPTIONS:

The following are general descriptions of the twenty projects for which state assistance payments are being sought, provided by the City Department of Parks and Recreation. The projects are grouped into six categories, citywide projects and projects in each of the five boroughs:

Citywide Projects:

1. "Forever Wild," a program designed to educate the public and government agencies about the value of ecologically unique land and to provide additional protections for those sites;
2. Citywide Waterfront Education Programs and Mobile Nature Centers which will provide grants to the Urban Park Rangers to run traveling nature centers;
3. A program to train student organizers to do Coastal restoration projects;
4. Purchase of a patrol vessel to patrol the Hudson River Estuary waters and islands and to be used for safety patrols during recreational programs offered by the City Parks Department;

Bronx Projects:

5. Improvements to the connection between Bronx Park and Shoelace Park along the Bronx River;
6. Enhancement of waterfront access along the Bronx River through Shoelace Park and the Bronx River Parkway;
7. Development of a waterfront park at Barretto Point Park in the Hunts Point community;
8. A project to prevent erosion of the slopes of Riverdale Park to prevent pollution of Alder Brook;

Brooklyn Project:

9. Conduct of an engineering study of the bulkhead and upland portions of WNYC Park;

Manhattan Projects:

10. Construction of a West 59th Street Recreation Center Annex;
11. Construction of a boathouse in Inwood Hill Park;
12. Rehabilitation of the East 90th Street Pier;
13. Construction of new esplanade and park area between 139th Street and 142nd Street along the Harlem River;
14. Installation of three to four floating docks at 79th Street Boat Basin;
15. Fort Washington/Fort Tryon project to stabilize soil and reduce pollution into Hudson River;

Queens Project:

16. Creation of a campground in Alley Pond Park for use in Urban Park Ranger Programs;

Staten Island Projects:

17. The purchase of Merrill's Creek Marsh, a site adjacent to Saw Mill Creek Preserve, supporting a habitat of tidal wetlands and coastal maritime forest;
18. Construction of a new esplanade adjacent to Cromwell Pier;
19. Construction of a softball field in Ocean Breeze Park;
20. Stabilization of slopes and development and reconfiguration of paths at Conference House Park;

Title 9 of Article 54 of the ECL defines a municipal park project as "a project undertaken by a municipality or a not-for-profit corporation for the acquisition, development or improvement of recreational facilities including construction of structures, roads and parking facilities" (ECL §54-0901). Article 56 defines a municipal park project as one undertaken by a municipality, state agency, public benefit corporation, public authority, or not for profit corporation for the acquisition, development or improvement of parks, preserves, beaches, shorefronts, recreational sites and facilities including construction of structures, roads and parking facilities." (ECL §56-0101) .

According to Title 9 of Article 54 and Article 56, all such municipal park projects, must be undertaken in New York State (§§ 54-0903 and 56-0309). Total state assistance payments for municipal park projects under both Title 9 of Article 54 and Article 56 cannot exceed fifty percent of the project cost. Both Articles also provide in the case of park projects, that "for the purpose of determining the amount of the state assistance payments, the cost of the project shall not be more than. the amount set forth in the application for state assistance payments approved by the commissioner" (§§ 54-903 and 56-0309) Articles 54 and 56 provide that the Commissioner of the State Office of Parks, Recreation and Historic Preservation (or "State Commissioner") and a municipality may enter into a contract for the undertaking of a municipal park project. Such projects shall be recommended to the State Commissioner by the governing body of the municipality and, when approved by the State Commissioner, may be undertaken by the municipality. In the case of a city or village, "governing body" is defined as "the local legislative body thereof ...."

According to Sections 54-0907 and 56-0309, the State Commissioner shall impose contractual conditions on a municipality receiving state assistance payments "to ensure that a public benefit shall accrue from the use of public funds by such municipality ...." Some of the conditions imposed by the State Commissioner may include, the limitation on the right of the municipality to demolish or convey certain property, public access or use of certain property, granting of facade easements to New York State, or a requirement that all plans for restoration or demolition be subject to approval by the State Commissioner.

Title 11 of Article 54 sets forth similar requirements for local waterfront revitalization projects. This title authorizes the Secretary of State to provide state assistance payments for these local projects on a competitive basis. As in the case of municipal park projects, state assistance payments for these local waterfront projects cannot exceed fifty percent of the cost of the project; and for the purpose of determining the amount of the state assistance payments, the costs of the project shall not be more than the amount set forth in the application (ECL §54- 1101). The Secretary of State can also impose contractual requirements and conditions upon any municipality receiving state assistance payments to ensure that "a public benefit shall accrue from the use of such funds..." (ECL § 54 -1101).

Title 3 of Article 11 of the ECL establishes a Hudson River estuarine district which includes the title waters of the Hudson river, and the tidal waters of its tributaries and wetlands from the federal lock and dam at Troy, to the Verrazano-Narrows (§11-0306). This section provides that the state Department of Environmental Conservation (DEC) establish a Hudson River estuary management program in order to protect, preserve restore and enhance the Hudson River estuary.

While state assistance payments to support projects to implement the Hudson River Estuary plan are specifically authorized in the 1996 Clean Water/Air Bond Act (ECL Article 56), the Administration has been informed by the DEC that this year funding for these projects will be available under the Environmental Protection Act (ECL Article 54). Article 54 generally provides for applications to be made by municipalities for the state assistance payments, and further provides for approval of the municipality's governing body. Article 54 also generally requires that the municipality enter into a contract with the state DEC for the undertaking of the project.

This preconsidered resolution, if adopted by the City Council, would authorize the filing of applications with the Secretary of State and/or the Commissioner of the New York State Office of Parks, Recreation and Historic Preservation, for state assistance payments for various municipal park projects, local waterfront revitalization programs, and/or Hudson River Estuary Action Plan projects. In addition, the preconsidered resolution would authorize the execution of any contracts required under Articles 54 or 56 of the ECL in connection with such state assistance payments. The preconsidered resolution would direct and authorize Henry J. Stern, Commissioner of the New York City Department of Parks and Recreation, to be the official representative of New York City in any matters dealing with the application for state assistance payments, including providing any additional information to the State Commissioner or Secretary of State and executing the resulting contracts, if any.

Accordingly, Your Committee recommends its adoption.

L.U. No. 943

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly, Dr. Antonia Novello Senior Housing, 607 Concord Avenue, Block 2642, Lots: 9, 16, 17, 18 and 22, the Bronx, Community District No. 1, Community District No. 17.

The Committee on Finance to which was referred on January 24, 2001 (Minutes, page 281) the annexed Land Use resolution, respectfully

REPORTS:

Pursuant to Section 696 of the General Municipal Law (GML), Section 422 of the Real Property Tax Law, and Section 125 of the Private Housing Finance Law the Department of Housing Preservation and Development (HPD) requests partial property tax exemptions for properties that will provide housing for City residents as specified in the attached project summaries. These projects may be granted exemptions from real property taxes by the local legislative body for a period of up to forty years. The City Council Land Use Committee has approved as necessary the disposition of City owned properties as Urban Development Action Area Projects.

In addition, pursuant to section 1802(6)(d) of the Charter and Article III-A of the Private Housing Finance Law, HPD requests the Council approve of the Sixth Supplemental Funding Agreement ("the Agreement") of the Permanent Housing for Homeless Families Program ("PHHF"). This program, which was initiated in 1989, dedicated $170 million in capital funds, $85 million from both the City and the State, to provide permanent housing for homeless families and low income families at risk of becoming homeless. The Sixth Supplemental Funding Agreement will provide funds of no more than $9,221,087 to build between 40 and 50 units of housing above the 1028 units developed in earlier phases of the PHHF. This is the final phase of the Program. The Council Land Use Committee has approved of the siting of the project to be developed with these funds. The Finance Committee must approve of the agreement so that City and State funds can be committed to the project.

LOTS- 78 and 815

PROJECT DESCRIPTION:

This site will be developed to house families that are homeless and at-risk of becoming homeless. It is anticipated that a range of 40 to 50 units will be produced, of which 51 % will be for homeless and 49% for families at-risk of becoming homeless.

The units for Eligible Homeless families will be occupied either by families referred from hotels, motels, Tier II shelters or alternate referral sources approved by the City. Rents on all apartments will be affordable to persons earning less than 60% of area median income. It shall be the obligation of the City to enforce these conditions.

PROJECT OWNER:

The City of New York will designate as Project Owner a community based not-for-profit social service provider selected through a request for qualification process. It is anticipated that the general contractor will be selected through a bid process administered by the Agency.

Third Amendatory Agreement

This Third Amendatory Agreement dated as of _____ , 2001 by and between THE CITY OF NEW YORK, acting through the Commissioner of its Department of Housing Preservation and Development, 100 Gold Street, First Floor, New York, New York 10038 and MUTUAL REDEVELOPMENT HOUSES, INC., a corporation duly organized and existing under and by virtue of the Redevelopment Companies Law-of the State of New York, having its principal place of business at 321 Eighth Avenue, New York, New York 10001 (hereinafter called the "Housing Company").

The parties refer to an Agreement dated as of July 1, 1987 between, the Housing Company and the City (the "Agreement") as amended by an Amendatory Agreement dated as of November, 1990, and further amended by a Second Amendatory Agreement dated as of July 1, 1995 (which Agreement, Amendatory Agreement and Second Amendatory Agreement are hereinafter collectively called the "City Agreement"), which City Agreement addresses, inter alia, the payment of real estate taxes by the Housing Company for the residential and commercial portions of the Housing Company's cooperative housing development (the "Redevelopment Project").

The parties further refer to the Resolution of the City Council adopted on _____, 2001 (Cal. No. _____) approving this Third Amendatory Agreement.

NOW, THEREFORE, the parties hereto agree as follows:

1. Article I (Tax Exemption) of the Agreement is hereby amended by adding thereto the following as new Section 105:

"105. Shelter Rent Tax Exemption. Notwithstanding any provision herein to the contrary, and pursuant to Section 125 of the Private Housing Finance Law, as amended by the addition of new paragraph (a-2) to Subdivision 1 thereof, the City agrees to and hereby does exempt from local and municipal taxes, all of the value of the portion of the Redevelopment Project owned by the Housing Company which is taxed as residential pursuant to the terms of this Agreement, (a) for the period commencing with the City's tax year July 1, 2001 through June 30, 2002, and continuing through the City's tax year July 1, 2011 through June 30, 2012, which period constitutes the final eleven years of the twenty-five year additional tax exemption period granted in Section 101 hereof, provided that the amount of taxes to be paid by the Housing Company during such final eleven years shall be an amount equal to the greater of (i) ten per centum of the annual rent or carrying charges of the Housing Company minus utilities for the residential portion of the Redevelopment Project or (ii) the taxes paid by the Housing Company for the residential portion of the Redevelopment Project in the City's tax year July 1, 2000 through June 30, 2001, which is the fourteenth year of said twenty-five year additional exemption period, in the total amount of $3,477,099.00 and (b) for the additional period commencing with the City's tax year July 1, 2012 through June 30, 2013 and continuing through the City's tax year July 1, 2021 through June 30, 2022, which is the thirty-fifth year from the date of expiration of the Housing Company's initial twenty-five year tax exemption, provided that the amount of taxes to be paid by the Housing Company during said additional period -shall be an amount equal to the greater of (i) ten percentum of the annual rent or carrying charges of the Housing Company minus utilities for the residential portion of the Redevelopment Project, or (ii) the taxes paid by the Housing Company for the residential portion of the Redevelopment Project in the City's tax year July 1, 2000 through June 30, 2001, which is the fourteenth year of said twenty-five year additional exemption period, in the total amount of $3,477,099.00."

2. Section 301 of the Agreement is hereby amended to read in its entirety as follows:

"301. Pass-Through of Increased Taxation: Notwithstanding anything to the contrary contained in the Original Agreement or herein, the Housing Company may increase carrying charges annually to reflect any increase in real property tax during the period of tax exemption provided for in this Agreement, without application to BPD or the Board of Estimate."

3. The City Agreement, as modified by this Third Amendatory Agreement, is hereby amended by changing "Board of Estimate", wherever it appears, to "City Council".

4. Except as expressly amended herein the City Agreement shall remain in full force . and effect until its termination pursuant to Section 404 of Article V of the Agreement.

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 2042

Resolution approving a partial exemption from real property taxes for a property located at 607 Concord Avenue (Block 2642, Lots 9, 16, 17, 18, and 22), Bronx, pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 943).

By Council Member Berman

Whereas, the New York City Department of Housing Preservation and Development ("HPD ") submitted to the Council its request dated January 09, 2001 that the Council take the following action regarding a housing project to be located at 607 Concord Avenue (Block 2642, Lots 9, 16, 17, 18, and 22), Borough of the Bronx ("the Project "):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on August 22, 2001;

Whereas, the Council has considered the financial implications relating to the Project;

RESOLVED:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

All of the value of the property in the Project, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

All of the value of the property in the Project, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use) shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent

Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $35,609 which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25 %) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17 %) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

L.U. No. 1148

Report of the Committee on Finance in favor of approving Application no. 20025011 PHX, a site selection and supplemental funding agreement for housing for eligible homeless families, located at 165th Street and Boston Road, Council District 16, Borough of the Bronx. This matter is subject to Council review and action pursuant to Section 1802(6)(d) of the Charter and Article III-A of the Private Housing Finance Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Finance to which was referred on August 22, 2001 (earlier referred to the Committee on Land Use on July 26, 2001, Minutes, page 2722), the annexed resolution respectfully

REPORTS:

(For text of report, see Report of the Committee on Finance for L.U. No. 943 printed in these Minutes.)

In connection herewith, Council Members Berman, Eisland and Sabini offered the following resolution:

Res. No. 2043

Resolution approving an amended funding agreement between the City and the New York State Housing Finance Agency to fund the final projects of Permanent Housing for Homeless Families Program (20025011 PHX; L.U. No. 1148).

By Council Members Berman, Eisland and Sabini

Whereas, the New York City Department of Housing Preservation and Development ("HPD") filed with the Council on July 16, 2001, pursuant to Section 65-c of the New York State Private Housing Finance Law, the Amended Funding Agreement between the New York State Housing Finance Agency and the City of New York, acting by and through HPD, to include the financing of the creation of housing units for eligible homeless families in projects on the following sites:

Project No.	Address	Block/Lot(s)
21	165th Street/Boston Road The Bronx	2607/78, 81

(20025011 PHX) (the "Amended Funding Agreement");

Whereas, the Amended Funding Agreement includes the Sixth Supplemental Funding Agreement to the initial funding agreement approved by the Board of Estimate on December 7, 1989 (the "Funding Agreement");

Whereas, the Amended Funding Agreement is subject to review and action by the Council pursuant to Section 65-c of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Amended Funding Agreement;

Whereas, the New York State Housing Finance Agency has agreed to provide the City with quarterly reports that are required pursuant to Section 3.14 of the Amended Funding Agreement, and upon request, the Department of Housing Preservation and Development will provide such reports to the Land Use and Finance Divisions of the Council;

Whereas, the Department of Housing Preservation and Development has agreed to provide the Land Use and Finance Divisions of the Council with two weeks notice prior to a decision to terminate under Section 6 of the Amended Funding Agreement, including a decision to terminate any individual project;

Whereas, the Department of Housing Preservation and Development has agreed to promptly notify the Land Use and Finance Divisions of the Council of any decision to produce fewer than the anticipated range of number of units identified in Exhibit U of the Sixth Supplemental Funding Agreement;

Whereas, the Department of Housing Preservation and Development has agreed to notify the Land Use and Finance Divisions of the Council in the event that the Federal Department of Housing and Urban Development or the New York State Housing Finance Agency disallows the City from appropriating Federal HOME funds for the required City match for the Permanent Housing for Homeless Families Program; and

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Amended Funding Agreement;

The Council hereby resolves that:

Pursuant to Section 65-c of the Private Housing Finance Law, the Council approves the Funding Agreement as amended by the Sixth Supplemental Funding Agreement, a copy of which is attached hereto.

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

L.U. No. 1153

Report of the Committee on Finance in favor of approving Penn South, 212-226 9th Avenue (Block 747, Lot 1), 311-351 West 24th Street (Block 748, Lot 1), 250-268 9th Avenue (Block 749, Lot 1), 313 8th Avenue (Block 749, Lot 24), 270-296 9th Avenue (Block 751, Lot 1), 305 9th Avenue (Block 752, Lot 1), Manhattan, Community District No. 4, Council District No. 3.

The Committee on Finance to which was referred on August 22, 2001, the annexed Land Use resolution respectfully

REPORTS:

(For text of report, see Report of the Committee on Finance for L.U. No. 943 printed in these Minutes.)

In connection herewith, Council Member Berman offered the following resolution:

Res. No. 2044

Resolution amending an action approved by the Board of Estimate on June 30, 1987 (Cal. No. 167), which authorized a partial exemption from real property taxes for the properties located at 212-226 9th Avenue (Block 747, Lot 1), 311-351 West 24th Street (Block 748, Lot 1), 250-268 9th Avenue (Block 749, Lot 1), 313 8th Avenue (Block 749, Lot 24), 270-296 9th Avenue (Block 751, Lot 1) and 305 9th Avenue (Block 752, Lot 1) in Manhattan, pursuant to Section 125(1)(a-2) of the Redevelopment Companies Law (Preconsidered L.U. No. 1153).

By Council Member Berman; also Council Member Michels

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated August 13, 2001 that the Council take the following action regarding the housing projects located at 212-226 9th Avenue (Block 747, Lot 1), 311-351 West 24th Street (Block 748, Lot 1), 250-268 9th Avenue (Block 749, Lot 1), 313 8th Avenue (Block 749, Lot 24), 270-296 9th Avenue (Block 751, Lot 1) and 305 9th Avenue(Block 752, Lot 1) in Manhattan:

Approve an amendment to the resolution approved by the Board of Estimate on June 30, 1987, Cal. No. 167, ("1987 Resolution") , which authorizes a partial exemption from real property taxes for a property located at 212-226 9th Avenue (Block 747, Lot 1), 311-351 West 24th Street (Block 748, Lot 1), 250-268 9th Avenue (Block 749, Lot 1), 313 8th Avenue (Block 749, Lot 24), 270-296 9th Avenue (Block 751, Lot 1) and 305 9th Avenue (Block 752, Lot 1) in Manhattan, pursuant to Section 125(1)(a-2) of the Redevelopment Companies Law;

Whereas, Penn South ("the Mutual Redevelopment Houses, Inc.") located in Chelsea in an area which has experienced tremendous growth in real property values in recent years. Property taxes have now increased beyond the means of the primarily low-income tenants and the maintenance of Penn South as an affordable housing resource is at stake.

Whereas, to address this situation the State Legislature recently enacted legislation which is modeled on tax exemptions for Mitchell-Lama Cooperatives and authorizes the Council to enhance and extend Penn South's tax exemption.

Whereas, the Council held a hearing on the Project on August 22, 2001;

Whereas, the Council has considered the financial implications relating to the Project;

RESOLVED:

The Council hereby amends the Resolution by adding a new Paragraph 4 to read as follows:

4. Notwithstanding any provision herein to the contrary, and pursuant to Section 125(1)(a-2) of the Redevelopment Companies Law, the City, acting by its Council, hereby agrees to and hereby does exempt from real property taxes, other than assessments for local improvements, all of the residential portion of the Redevelopment Project, as follows: for the period commencing with the City's tax year July 1, 2001 through June 30, 2002, and continuing through the City's tax year July 1, 2021 through June 30, 2022, which is the thirty-fifth year from the date of expiration of the Housing Company's initial twenty-five (25) year tax exemption, the amount of taxes to be paid by the Housing Company shall be equal to the greater of (a) ten per centum (10 %) of the annual rent or carrying charges of the Housing Company minus the utilities for the residential portion of the Redevelopment Project, or (b) the taxes payable by the Housing Company for the residential portion of the Redevelopment Project in the City's tax year July 1, 2000 through June 30, 2001, which is the fourteenth year of the twenty-five (25) year additional exemption period that was granted in paragraph one hereof.

2. Approve, pursuant to PHFL 114 and 125, the proposed amendatory agreement between the City of New York and the Housing Company in substantially the form submitted ("Third Amendatory Agreement"), and authorize the Mayor or any Deputy Mayor or the Commissioner of the Department of Housing Preservation and Development to execute the Third Amendatory Agreement, when approved as to form by the Corporation Counsel, and direct the City Clerk or Acting City Clerk to attest to the same and to affix the seal of the City thereto.

501, 503 West 52nd Street	1081/p/o 29			
Manhattan				

HPD requests that the Council:

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Committee recommends that the Council approve the proposal, grant the requests made by the Department of Housing Preservation and Development and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Eisland and Linares offered the following resolution:

Res. No. 2050

Resolution approving an Urban Development Action Area Project located at 501 West 51st Street (Block 1080/p/o Lot 25), 773 10th Avenue (Block 1081/p/o Lot 29), 775 10th Avenue (Block 1081/p/o Lot 29), 777 10th Avenue (Block 1081/p/o Lot 29); 501 West 52nd Street (Block 1081/p/o Lot 29), and 503 West 52nd Street (Block 1081/p/o Lot 29), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 1150; 20025013 HAM).

By Council Members Eisland and Linares

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on July 19, 2001 its request dated July 5, 2001 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 501 West 51st Street (Block 1080/p/o Lot 25), 773 10th Avenue (Block 1081/p/o Lot 29), 775 10th Avenue (Block 1081/p/o Lot 29), 777 10th Avenue (Block 1081/p/o Lot 29); 501 West 52nd Street (Block 1081/p/o Lot 29), and 503 West 52nd Street (Block 1081/p/o Lot 29), Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law;

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on August 21, 2001;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Resolution disapproving the decision of the City Planning Commission on ULURP No. C 010304 ZSM (L.U. No. 1152), a special permit pursuant to Section 74-781 of the Zoning Resolution to modify the use regulations of Section 42-14D(2)(b) to allow Use Group 6 in an existing 6-story building.

By Council Members Eisland and McCaffrey

Whereas, the City Planning Commission filed with the Council on July 17, 2001 its decision dated July 11, 2001 (the "Decision") on the application submitted by Cooper Square Associates Limited Partnership, pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of a special permit pursuant to Section 74-781 of the Zoning Resolution to permit the modification of the use regulations of Section 42-14D(2)(b) to allow retail uses (Use Group 6) on the ground floor and in the cellar of an existing 6-story building located at 32 Cooper Square (Block 544/Lot 38), in an M1-5B District, within the NoHo Historic District, Borough of Manhattan (ULURP No. C 010304 ZSM) (the "Application");

Whereas, the City Planning Commission has made the findings required pursuant to Section 74-781 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on August 21, 2001 on the Decision and Application;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council disapproves the Decision.

Reports of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations

Int. No. 894

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a local law in relation to a street name, Guild For Exceptional Children Way, Borough of Brooklyn.

The Committee on Parks, Recreation, Cultural Affairs and International Relations to which was referred on March 14, 2001, (Minutes, page 704) the annexed local law respectfully

REPORTS:

The following background material was provided by the Guild for Exceptional Children:

The Guild for Exceptional Children, (GEC), is a private not-for-profit, human service agency that cares for the developmentally disabled person who is mentally retarded, and their families. The primary service area is Bay Ridge, Brooklyn but extends throughout southwest Brooklyn.

Since it was founded in 1958, GEC has grown to become a leader in the provision of specialized services. The agency's goal is to help families to better cope with the responsibilities of raising and caring for a developmentally disabled child at home.

Today, GEC, a respected part of the fabric of greater Bay Ridge, provides an ever-growing list of comprehensive services for more than 700 individuals and families. There are services available for infants and toddlers, pre-schoolers, school-age children, adolescents, young adults, adults and senior citizens. Progress has been continuous since the early days when a small group of parents joined together to form a voluntary recreational program for their own children because there were few other resources available.

The current residential program dates back to 1970 with the opening of the first community residence in Brooklyn. Today there are seven group homes that have 24-hour supervision, with an eighth under way. Seven apartments house higher functioning men and women who receive limited supervision. GEC is serving 90 persons in these facilities.

GEC employs more than 300 workers, both full and part-time, professional and para-professional. Volunteer and student intern opportunities are available. There are 500 regular and subscribing members. The annual budget exceeds 10 million dollars. Funding sources include voluntary contributions, private foundations, in-house special events, United Way and contracts with State and local government agencies. Volunteer and student intern opportunities are available.

In recognition of GEC's many years of caring for disabled children and adults, and their families, in the Bay Ridge area of Brooklyn, it is fitting that 68th Street, between Ridge Boulevard and 3rd Avenue, where the Guild is headquartered, be called "Guild for Exceptional Children Way."

This local law shall take effect immediately.

Int. No. 914

Report of the Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations in favor of approving and adopting a Local Law in relation to a corner name, C. O. George Motchan Corner, Borough of Staten Island.

The Committee on Parks, Recreation, Cultural Affairs and International Intergroup Relations to which was referred on April 17, 2001 (Minutes, page 1008) the annexed local law respectfully

REPORTS:

The following biographical information was provided by the Motchan family and the Correction Officers Benevolent Association:

George Motchan was born in Brooklyn, New York, on August 11, 1930, to Emanuel and Catherine Motchan. He attended Saint Theresa Grammar School, Public School 9, and Boys High School. In 1944 George joined the United States Merchant Marines and remained with them for the duration of World War II. After the war, in 1948, he joined the United States Army where he served until 1950. In 1950 he married Dolly Ovale. This marriage produced two children, a daughter, Kathlene, and a son George, Jr. Shortly after the marriage George Motchan attended Brooklyn Technical High School at night and earned an Electrician's Certificate in 1953.

George Motchan became a New York City Correction Officer in 1958 and by September 1975 was in his seventeenth year of service. On September 9th, 1975, shortly after 9 AM, Correction Officers George Motchan and Joseph Connors escorted inmate Joseph James from the Brooklyn House of Detention to the Kings County Hospital dental clinic. Detained on robbery and murder charges, the prisoner was handcuffed to Officer Motchan who was not carrying a firearm for that reason. As backup officer, Conner was armed.

At about 10 AM, the prisoner asked to use the bathroom at the dental clinic. Unknown to the officers, the prisoner had prearranged to have a girlfriend hide a gun behind the commode in the bathroom. When Officer Motchan saw the prisoner emerge from the stall with the weapon he turned and shouted to Correction Officer Connors, who was standing outside the bathroom door, "Watch out, he's got a gun." As Officer Motchan uttered the warning, he was shot by the prisoner who rushed into the crowded waiting room with his gun blazing. Correction Officer Connors held his fire for fear of hitting bystanding patients. He and a female patient were also shot by the prisoner who made good his escape. Mr. Connors survived but the severity of his injuries would prevent him from continuing his correction service.

Correction Officer George Motchan died six days later, on September 15, 1975, at Kings County Hospital, becoming the first New York City Correction Officer ever killed in the line of duty. After seventeen years of service he had been planning for retirement in three years. The Motchans had celebrated their 25th wedding anniversary the proceeding June at a party given by their children. The party photos had arrived at the Motchan home only days before Officer Motchan's death. George Motchan was survived by his wife, Dolly, his son, George, Jr., his daughter, Kathlene Dory, and an infant granddaughter, Eileen.

On Saturday morning, September 19, 1975, Mayor Abraham Beame, many other elected officials, civic leaders and 600 correction officers, stood at attention in the

rain as the flag-draped coffin bearing George Motchan was carried into St. Rita's Roman Catholic Church on Staten Island for a solemn Requiem Mass. Ironically, some eight hours earlier, Officer Motchan's killer had been recaptured in Brooklyn.

In 1979 officials at the Rikers Island prison complex named a street and a hospital in honor of George Motchan. In July 2001 he was again honored at Rikers Island when a recreation hall was named to honor him. Now the City of New York and Borough of Brooklyn want to add an additional honor as follows: In recognition of his seventeen years of service and his ultimate sacrifice in the line of duty, it is fitting that the southeast corner of Bradley and Westwood Avenue, the location of his family parish and the site where his last rites were held, be called "C.O. George Motchan Corner" in his honor.

This local law shall take effect immediately.

GENERAL ORDER CALENDAR

Int. No. 910-A

An Amended Local Law to amend the administrative code of the city of New York in relation to requiring the police department of the city of New York to submit certain information to the city Council and to adhere to certain reporting requirements.

(The following is the report of the Committee on Public Safety for Int. No. 910-A:)

The Committee will today hold a hearing on Intro. 910-A, which mandates certain reporting requirements for the Police Department of the city of New York.

Intro. 910-A will provide the Council and the people of New York with information on Police Department activities and will allow the Council to conduct more effective oversight of the Department. Full and fair reporting by the Police Department may address public concerns about policing in New York City and may shed light on such questions as whether the NYPD engages in racial profiling, whether uniformed and civilian staffing levels are appropriate, and whether too many uniformed personnel are performing administrative duties. Cooperative efforts between the NYPD and the Council to comply with these proposed requirements would disseminate vital information to the City regarding the performance of the Police Department.

Among the information Intro. 910-A would require the Department to provide to the Council on a quarterly basis are: all NYPD training materials; all NYPD Patrol Guide procedures; the number of uniformed and civilian personnel assigned to various units in the NYPD; crime status reports for each patrol precinct and certain other units; stop and frisk information for each patrol precinct and certain other units; and the number of positions within the NYPD currently staffed by uniformed personnel that can be filled by civilians.

A. Training Materials

Intro. 910-A requires the Police Department to provide to the Council all newly distributed and promulgated police academy, in-service, roll-call and other specialized Department training materials and amendments thereto distributed to cadets, recruits, officers and other employees of the Department on a quarterly basis. Such disclosure will not be required, however, where disclosure of such material would reveal non-routine investigative techniques or confidential information or where disclosure could compromise the safety of the public or police officers or could otherwise compromise law enforcement investigations or operations.

B. Patrol Guide Procedures

All Police Department operating procedures are contained in the NYPD Patrol Guide. In order for the Council to conduct appropriate oversight of NYPD operations, it is essential that the Council receive accurate and updated information on the exact procedures of the Department contained within the Patrol Guide.

Intro. 910-A requires that the Police Department submit to the Council on a quarterly basis all Patrol Guide procedures newly promulgated or revised by the Department.

C. Head Count Numbers

At various hearings conducted by the Council, concerns have been raised that the police strength in several communities is lacking and in need of augmentation. The Police Department has responded to Council inquiries on strength allocation by stating that officers are allocated to areas where crime rates are higher. Without numerical reports on the numbers of officers involved in these allocations, it is difficult for any oversight to be conducted on the Police Department's allocation practices. Currently, the Council does not have an accurate count of the number of uniformed and civilian personnel working within various units of the NYPD. Such information is vital to many different oversight functions of the Council, and helpful to communities in evaluating the extent of police presence.

Intro. 910-A requires the Police Department to provide the Council with a quarterly report detailing the number of uniformed and civilian personnel assigned to each and every patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division, and the special operations division, including its subdivisions. These numbers, however, shall not include internal investigative commands or undercover officers.

D. Crime Status Report

Intro. 910-A requires that the Police Department provide the Council with quarterly reports that include the total number of crime complaints (categorized by class of crime, indicating whether the crime is a misdemeanor or felony) for each patrol precinct; arrests (categorized by class of crime, indicating whether the crime is a misdemeanor or felony), for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; summons activity (categorized by type of summons, indicating whether the summons is a parking violation, moving violation, environmental control board notice of violation or criminal court summons) for each patrol precinct, housing police service area and transit district; domestic violence radio runs for each patrol precinct; average response time to critical and serious crimes-in-progress for each patrol precinct; and overtime statistics for each patrol borough and operational bureau performing an enforcement function within the Police Department.

E. Stop, Question and Frisk Information

In order to continually gauge the performance of the Police Department in this area, Intro. 910-A requires that the Police Department provide the Council with a quarterly report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, detailing the number of stop, question and frisks conducted; the breakdown of these stop, question and frisks by race and gender; the number of suspects arrested or issued a summons as indicated on each stop, question and frisk report; the race and gender of each suspect arrested or issued a summons as indicated on each stop, question and frisk report; a listing, by category, of the reason for each stop, question and frisk, broken down by race and gender; and a summary of violent felony crime for each patrol precinct, with a breakdown by race and gender of the suspect as identified by the victim. These reports will be based upon the information contained in the Police Department's Stop, Question and Frisk Worksheet (Form # 344-151A) or any other successor form or worksheet.

F. Traffic Summons

Intro. 910-A requires the Police Department to report, for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, the number of summonses issued for moving violations, with a breakdown by race and gender. This report will be generated using data provided by the State Department of Motor Vehicles (DMV) at such time as the DMV amends its traffic summons to reflect such race and gender information.

G. Civilianizable Positions

Through a number of budget hearings, and the November 2000 hearing on the Department's use and allocation of police and civilian personnel, it has been determined that it would be desirable to place civilians in many positions that the Police Department currently staffs with uniformed personnel. In fact, the Department has testified at these hearings about the number of positions that may be filled by civilians.

Intro. 910-A requires the Police Department to provide the Council with quarterly reports outlining the number of positions that are civilianizable, including a listing of each position by job title, and the number of positions that were civilianized. "Civilianizable" means any position that does not require uniformed expertise.

H. Miscellaneous Provisions

All of the information required by this legislation shall be provided to the Council except where disclosure of such material could compromise the safety of the public or police officers or could compromise law enforcement operations. These reports shall be provided to the Council within 30 days of the end of the reporting period to which the reports correspond and the Department may, where necessary, use preliminary data to prepare the reports.

EFFECTIVE DATE

Intro. 910-A takes effect sixty days after which it shall have become a law.

Int. No. 910-A

By the Speaker (Council Member Vallone) and Council Members Carrion, Malave-Dilan, Freed, Leffler, Linares, Marshall, Michels, Perkins, Pinkett, Provenzano, Reed, Robinson, Watkins and White; also Council Members DiBrienza, Eisland, Fisher, Foster, Harrison, Koslowitz, Lopez, Nelson, O'Donovan, Povman and Spigner

A Local Law to amend the administrative code of the city of New York in relation to requiring the police department of the city of New York to submit certain information to the City Council and to adhere to certain reporting requirements.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 14 of the administrative code of the city of New York is amended to add a new section 14-150 to read as follows:

§ 14-150. Police Department Reporting Requirements.

a. The New York City Police Department shall submit to the city council on a quarterly basis the following materials, data and reports:

1. All academy, in-service, roll-call and other specialized department training materials and amendments thereto distributed to cadets, recruits, officers and other employees of the department, except where disclosure of such material would reveal non-routine investigative techniques or confidential information or where disclosure could compromise the safety of the public or police officers or could otherwise compromise law enforcement investigations or operations.

2. All patrol guide procedures newly promulgated or revised.

3. A report detailing the number of uniformed personnel and civilian personnel assigned to each and every patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division, including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command.

4. A crime status report. Such report shall include the total number of crime complaints (categorized by class of crime, indicating whether the crime is a misdemeanor or felony) for each patrol precinct, including a subset of housing bureau and transit bureau complaints within each precinct; arrests (categorized by class of crime, indicating whether the arrest is for a misdemeanor or felony) for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; summons activity (categorized by type of summons, indicating whether the summons is a parking violation, moving violation, environmental control board notice of violation, or criminal court summons) for each patrol precinct, housing police service area and transit district; domestic violence radio runs for each patrol precinct; average response time for critical and serious crimes in progress for each patrol precinct; overtime statistics for each patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division, including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command.

5. A report based on the information provided in the department's Stop, Question and Frisk Report Worksheet and any successor form or worksheet. Such report shall include the number of stop, question and frisks for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown of the number of stop, question and frisks by race and gender for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; the number of suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown by race and gender of the suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a listing, by category, of the factors leading to the stop, question and frisk for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, with a breakdown by race and gender for each listed factor; and a summary of complaints of violent felony crime for each patrol precinct, with a breakdown by race and gender of the suspect as identified by the victim.

6. A report, for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, of the number of summonses issued for moving violations, with a breakdown by race and gender. Such report shall be generated using data provided by the State Department of Motor Vehicles at such

time as the State Department of Motor Vehicles amends its traffic summons to reflect such race and gender information.

7. A report of the number of positions that are civilianizable, including a listing of each position by job title, and the number of positions that were civilianized. "Civilianizable" shall mean any position that does not require uniformed expertise.

b. The information, data and reports requested in subdivision a shall be provided to the council except where disclosure of such material could compromise the safety of the public or police officers or could otherwise compromise law enforcement operations. These reports shall be provided to the council within 30 days of the end of the reporting period to which the reports correspond or for which the relevant data may be collected, whichever is later. Where necessary, the department may use preliminary data to prepare the required reports, and may include an acknowledgment that such preliminary data is non-final and subject to change.

§ 2. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 3. This local law shall take effect sixty days after which it shall have become a law.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day. (See ROLL CALL ON GENERAL ORDERS FOR THE DAY).

State Legislation Res. No. 24

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Maltese, S.1439 and Assembly Member Seminerio, A.771 "AN ACT to amend the administrative code of the city of New York, in relation to the designation of deputy warden (warden level II) in the department of correction of the city of New York".

INTRODUCTION AND READING OF THE BILLS

Int. No. 963

By the Speaker (Council Member Vallone) and Council Members Malave-Dilan, Henry, Marshall, Michels, Moskowitz, Pinkett and Stabile; also Council Members Fisher, Freed, Koslowitz, O'Donovan and Povman

A LOCAL LAW to amend the administrative code of the City of New York, in relation to establishing a responsible contractor requirement for city contracts.

Be it enacted by the Council as follows:

Section 1. Section 312 of the charter of the City of New York is amended by adding a subdivision a-1, to read as follows:

Section 312 a-3. An agency shall only enter into or renew a contract for services valued at or above the amounts established pursuant to section three hundred fourteen of the charter with a responsible contractor. As used in this section, the term responsible contractor means a contractor or subcontractor who pays workers fair wages and fair benefits as evidenced by payroll and employee records. Fair benefits include, but are not limited to, employer-supported family health care coverage, pension benefits and apprenticeship training programs. A determination of payment of fair wages and fair benefits shall depend on the wages and benefits paid, the number of workers employed and the nature of the service or project contracted. A contractor, who has a history of non-compliance with federal, state or local laws regulating employment or labor relations, will not be considered a responsible contractor. Agency invitation for bids, request for proposals or other solicitations subject to the provisions of this charter shall include a request for all necessary and

appropriate information for the agency to determine whether the contractor is a responsible contractor. That information shall include but is not limited to the number and job classifications of full and part-time employees, wage and benefit rates - including family health care coverage, pension, sick annual and terminal leave - union status and a listing of any violations of federal, state and local labor and employment laws. The agency shall forward any information concerning a contract to both the mayor and the comptroller, who shall thereafter publish said information consistent with the provisions of Section 6-116.2 of the administrative code.

§2. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Contracts.

A LOCAL LAW to amend the New York City charter in relation to authorizing the department of transportation to extend the date of the operating authority of certain private bus services.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 378 of the New York City charter, as amended by local law no. 52 of the year 2000, is hereby amended as follows:

b. Not later than the first day of March, nineteen hundred ninety, the mayor shall designate a single agency as the responsible agency for each type of franchise currently granted by the city. If such an agency intends to continue granting any such type of franchise, the agency shall submit to the council a proposed authorizing resolution for such type of franchise at least two years, or such shorter period as may be approved by the franchise and concession review committee, prior to the earliest expiration date of any existing franchise of that type; provided, however, that such an agency, with the approval of the franchise and concession review committee, may extend to the thirty-first day of December, nineteen hundred ninety-two the expiration date of any franchise which is scheduled to expire prior to that date, if such an extension is necessary in order to provide the agency with adequate time during which to prepare a proposed authorizing resolution for the type of franchise involved; and provided further, that the department of transportation, with the approval of the franchise and concession review committee, may extend the expiration date of the operating authority of any private bus company to a date not later than the thirty-first day of December, two thousand [three] *four;* and provided further, that the department of transportation, with the approval of the franchise and concession review committee, may extend the expiration date of any franchise to operate and maintain bus shelters to a date not later than December 31, 2002.

Section 2. This local law shall take effect immediately.

Referred to the Committee on Land Use.

By the Speaker (Council Member Vallone) and Council Members Berman, Clarke, Malave-Dilan, Henry, Marshall, Michels, Nelson, Golden and Stabile; also Council Members Eisland, Eldridge, Fisher, Freed, Koslowitz, Leffler, McCaffrey, O'Donovan, Povman, Robles and Abel

A LOCAL LAW to amend the administrative code of the City of New York, in relation to the posting of a list of clothing and footwear items exempt from New York State and New York City sales tax.

Be it enacted by the Council as follows:

Section 1. Legislative Findings. The New York State Legislature passed and the Governor signed into law, a provision permanently exempting clothing, footwear and items used or consumed to make or repair clothing costing less than $110 from the 4% State sales and compensating use tax. The legislation that provides for the State sales tax exemption also permits counties and cities having a local sales tax to permanently exempt the purchases and uses of such clothing and footwear items from such local sales tax. On June 7, 1999, the City Council adopted Resolution No. 828 which lifted New York City's local sales tax on these items. The City and State sales tax exemption took effect on March 1, 2000.

In summer of 2000, the City Council's Office of Oversight and Investigation conducted a survey, which demonstrated that many large and small retailers in the City were assessing sales tax on items, which have been exempted by law. In February, the City Council conducted a follow-up survey, which showed that merchants were continuing to assess sales tax on items that were clearly exempted.

Despite a City Council-sponsored round table discussion with retail and business groups, and dissemination of the Council survey results, another City Council survey conducted in June and July indicates that merchants, both small and large, are still assessing sales tax, nearly a year and half after the tax exemption covering clothing and footwear items under $110 went into effect. The assessment of the sales tax by these and other retailers denies consumers the tax benefit intended by law. In order to protect consumers from improperly being assessed sales tax, this legislation would inform consumers which items are tax exempt and which are not tax exempt.

§2. Title 20 of chapter 4 of the administrative code of the City of New York is hereby amended by adding a new subchapter 11, to read as follows:

SUBCHAPTER 11
POSTING A LIST OF CLOTHING AND FOOTWEAR ITEMS EXEMPT FROM SALES TAX

§ 20-696 a. ***Definitions.*** *Whenever used in this subchapter, the phrase "exempt clothing, footwear and items used to make or repair exempt clothing" shall mean those items defined by the New York State department of taxation and finance and the codes, rules and regulations of the State of New York.*

b. ***Posting of a list of clothing and footwear items that are exempt from sales tax.*** *1. The department shall, in consultation with the department of finance, adopt rules requiring a list to be conspicuously posted at the point of sale in all retail establishments, which sell or offer for sale exempt clothing, footwear and items used to make or repair exempt clothing. Such posting shall consist of a list contained in the rules or regulations promulgated by the New York State department of taxation and finance detailing which items are tax exempt and which items are not tax exempt or, in the absence of such rules or regulations, of a list contained in advisory memoranda or other guidance issued by such department.*

c. ***Violations; penalties.*** *1. Any person who violates any of the provisions of this subchapter or any of the rules promulgated hereunder shall be punishable by a fine of not more than five hundred dollars for each violation.*

2. In addition to employees of the department, employees of the department of finance shall have the power to enforce the provisions of this subchapter and may issue notices of violation, appearance tickets or summonses for violations thereof.

3. This local law shall take effect one hundred twenty days after its enactment into law provided, however, that the department of consumer affairs may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

Referred to the Committee on Finance.

Res. No. 2031

Resolution authorizing the filing of applications for state assistance payments for municipal park projects, local waterfront revitalization projects, and Hudson River Estuary projects within the City of New York and the signing of associated state contracts under the appropriate laws of New York State.

By Council Members Berman, Marshall and Stabile (by request of the Mayor); also Council Members Eisland, Leffler, Michels and Wooten.

Whereas, The State of New York provides financial assistance for municipal park projects; and

Whereas, Articles 54 and 56 of the New York State Environmental Conservation Law ("ECL") and any rules and regulations promulgated pursuant thereto require a resolution to be adopted by the governing body of a municipality to authorize applications for such state assistance payments; and

Whereas, The State of New York also provides financial assistance for local waterfront revitalization projects; and

Whereas, ECL, Article 54 and any rules and regulations promulgated pursuant thereto require a resolution to be adopted by the governing body of a municipality to authorize applications for such state assistance payments; and

Whereas, The State of New York also provides financial assistance for projects to implement the Hudson River Estuary Plan, developed pursuant to and in

accordance with the Hudson River Estuary Management Act (ECL Section 11-0306); and

Whereas, ECL, Article 54 and any rules and regulations promulgated pursuant thereto require a resolution to be adopted by the governing body of a municipality to authorize applications for such state assistance payments; and

Whereas, The City of New York has examined and duly considered the applicable laws of the City and State of New York and deems it to be in the public interest to file one or more than one application for such financial assistance payments; and

Whereas, The City of New York/Parks & Recreation has prepared applications to the New York State Office of Parks, Recreation and Historic Preservation for municipal park projects, which are identified in the list attached to this Resolution and incorporated herein by this reference as Attachment No. 1; and

Whereas, The City of New York/Parks & Recreation has also prepared applications to the New York State Department of State for local waterfront revitalization projects, which are also identified in the list attached hereto as Attachment No. 1; and

Whereas, The City of New York/Parks & Recreation has also prepared applications to the New York State Department of Environmental Conservation for Hudson River Estuary Action Plan projects, which are also identified in the list attached hereto as Attachment No. 1; and

Whereas, If the New York State Office of Parks, Recreation and Historic Preservation approves the applications for the municipal park projects, it is necessary that a contract by and between the State of New York and the City of New York be executed in connection with such state assistance payments for each approved project application; and

Whereas, If the New York State Department of State approves the applications for the local waterfront revitalization projects, it is necessary that a contract by and between the State of New York and the City of New York be executed in connection with such state assistance payments for each approved project application; and

Whereas, If the New York State Department of Environmental Conservation approves the applications for the Hudson River Estuary Action Plan projects, it is necessary that a contract by and between the State of New York and the City of New York be executed in connection with such state assistance payments for each approved project application; and

Whereas, The City of New York/ Parks & Recreation is the agency charged with the management and physical improvement of all designated parkland owned by the City of New York; now therefore, be it

Resolved by the Council of the City of New York that:

1. The filing of an application for such state assistance payments for the projects specified in Attachment No. 1 in the form required by the State of New York, in conformity with the applicable laws of the State of New York, including all understandings and assurances required by said applications, is hereby authorized;

2. Henry J. Stern, as Commissioner of the City of New York/Parks & Recreation, or his successor(s), is hereby authorized and directed as the official representative of the City of New York to submit an application for funds to the New York State Office of Parks, Recreation and Historic Preservation in accordance with the provisions of Title 3 of the Clean Water/Clean Air Bond Act of 1996 (Title 3 of ECL, Article 56) and Title 9 of the Environmental Protection Act (Title 9 of ECL, Article 54) for each of the municipal park projects, in an amount not to exceed the amounts specified in each application; to act in connection with each such application for grants of state assistance payments, including the provision of such additional information as may be required; and upon approval of each said application by New York State for such projects, to enter into and execute a project agreement with the State for such financial assistance to the City of New York/Parks & Recreation for each said approved application;

3. Henry J. Stern, as Commissioner of the City of New York/Parks & Recreation, or his successor(s), is hereby authorized and directed as the official representative of the City of New York to submit an application for funds to the New York State Department of State in accordance with the provisions of Title 11 of the Environmental Protection Act (Title 11 of ECL, Article 54) for each of the local waterfront revitalization projects, in an amount not to exceed the amounts specified in each application; to act in connection with each such application for grants of state assistance payments, including the provision of such additional information as may be required; and upon approval of each said application by New York State for such projects, to enter into and execute a project agreement with the State for such financial assistance to the City of New York/Parks & Recreation for each said approved application;

4. Henry J. Stern, as Commissioner of the City of New York/Parks & Recreation, or his successor(s), is hereby authorized and directed as the official representative of the City of New York to submit an application for funds to the New York State Department of Environmental Conservation in accordance with the provisions of the Environmental Protection Act (ECL Article 54) for each of the Hudson River Estuary Action Plan projects, in an amount not to exceed the amounts specified in each application; to act in connection with each such application for grants of state assistance payments, including the provision of such additional information as may be required; and upon approval of each said application by New York State for such projects, to enter into and execute a project agreement with the State for such financial assistance to the City of New York/Parks & Recreation for each said approved application;

5. Twenty-two (22) certified copies of this Resolution shall be prepared for forwarding to the New York State Office of Parks, Recreation and Historic Preservation, the New York State Department of State, and the New York State Department of Environmental Conservation.

Int. No. 966

By Council Members Eldridge and Warden; also Council Members Leffler and Pinkett

A LOCAL LAW to amend the New York City charter and the administrative code of the City of New York, in relation to including a fuel surcharge in taxicab rates.

Be it enacted by the Council as follows:

Section one. Subdivision a of section 2304 of the New York City charter is amended to read as follows:

§2304. Rates. a. The amount to be charged and collected for the hire of a taxicab for one or more passengers within the City of New York shall be the total of the following items:

1. For the first one-fifth mile or fraction thereof, or the first one minute of waiting time or fraction thereof, or the combination thereof, sixty cents.

2. For each additional one-fifth mile or fraction thereof, or seventy-two seconds of waiting time or fraction thereof, or the combination thereof, ten cents.

3. Fifty cents for each trunk.

4. All bridge and tunnel and ferry tolls.

5. There shall be no charge for personal luggage or for other belongings of the passengers transported in the interior of the taxicab.

6. Fifty cents on each fare for the cost of fuel when such charge is in effect pursuant to the administrative code of the City of New York.

§2. Chapter five of title 19 of the administrative code of the City of New York is amended by adding thereto a new section 19-532 to read as follows:

19-532. a. There shall be a fuel surcharge of fifty cents added to every taxicab fare in accordance with the provisions of subdivision b of this section.

b. The fuel surcharge imposed pursuant to subdivision a of this section shall be effective immediately and shall continue in effect so long as the citywide monthly average gasoline price, inclusive of taxes, is at or above the threshold price of one dollar twenty-five cents per gallon of regular grade unleaded gasoline. This fuel surcharge shall remain in effect for a minimum of six full calendar months following the effective date of this section. Subsequent to this six month period, if the citywide monthly average gasoline price, inclusive of taxes, should fall below the price previously set forth herein for a full calendar month, the surcharge shall expire on the first calendar day of the following month. The fuel surcharge shall be reinstated when the citywide monthly average gasoline price, inclusive of taxes, reaches or exceeds the threshold price for a period of three consecutive full calendar months. In this event, the surcharge shall be reinstated effective on the first calendar day of the next month and shall continue in effect for a minimum of three consecutive full calendar months and shall be subject to the same expiration provision as described herein. The weekly gasoline price surveys for the City of New York, inclusive of taxes, of the United States department of energy shall be used to establish the citywide monthly average for the price of regular grade unleaded gasoline.

c. The commission shall notify the public as to whether the fuel surcharge is in effect by requiring that each taxicab conspicuously post an advisory notice in its interior and on its exterior, in such form as the commission determines, and by any other means the commission deems necessary.

d. The commission shall be prohibited from promulgating any rule or regulation that would alter the fuel surcharge established by this section or the manner in which it is imposed. The commission may, if it deems it appropriate, increase the surcharge to ensure that quality taxicab service is maintained.

e. No person may increase any rate for leasing a taxicab or a taxicab medallion or impose any other charge upon the driver of such taxicab as a result of a fuel surcharge. Any person who increases the lease rate for a taxicab or a taxicab medallion or imposes any other charge upon the driver of such taxicab subsequent to August twenty-second, two thousand one, shall be required, following the complaint of a driver to the commission, to prove to the commission, if the commission should so order after examination of the complaint, that such increase in the lease rate or such other charge was due exclusively to factors other than a fuel surcharge. Failure to prove to the commission that a lease rate increase or other additional charge imposed upon the driver of a taxicab was due exclusively to factors other than a fuel surcharge, shall make such person who imposed the unlawful increase liable for a penalty as set forth in subdivision f of this section.

f. The commission shall have the authority to award a penalty for violation of this section, payable to the driver, equal to a minimum of twice the total of lease fees or other additional charges unlawfully imposed up to a maximum of five times the total of such lease fees or other additional charges unlawfully imposed. The commission may impose an additional penalty of seven hundred fifty dollars for increasing lease rates or imposing additional charges in violation of subdivision e of this section.

§3. This local law shall take effect within thirty days of its enactment into law.

Referred to the Committee on Transportation.

Res. No. 2032

Resolution calling upon the Legislature of the State of New York to adopt A.2772, the "Grandparents Guardianship Act," an act which would amend the Family Court Act, the Social Services Law, the Executive Law and the Surrogate's Court Procedure Act, in relation to establishing grandparent caregiver rights.

By Council Members Fisher, Freed, Marshall, Moskowitz, Nelson and Warden; also Council Members Clarke, Eisland, White and Wooten

Whereas, The numbers of grandparents caring for grandchildren has risen *rapidly over the last several years* due to a number of factors, including the rise in crack addiction and the AIDS epidemic; and

Whereas, Assemblyman Dinga has given proper recognition to this phenomenon by introducing the A.2772, the "Grandparents Guardianship Act"; and

Whereas, Grandparents are given little power in Family Court proceedings and are generally confused by custody, guardianship and visitation proceedings; and

Whereas, A.2772 would recognize the rights of grandparents in New York State as "natural substitute guardians" of children and would alter custody or guardianship hearings by establishing a presumption that it would be in the child's best interest to remain in the care of such a guardian grandparent if there was a finding of the parents unfitness, abandonment or abuse of the child; and

Whereas, A.2772 would extend visitation rights to grandparents when a child who has been under the guardianship of a grandparent is returned to a parent and would require that there be a presumption at any hearing concerning visitation that the granting of grandparent visitation would be in the best interest of the child and requiring that the parent who wishes to stop visitation would be required to show that the visits are not in the best interests of the child; and

Whereas, A.2772 would ensure that low-income grandparents, who have a child in their custody for at least six months, or who have proven a sustained relationship with the child, or who have been prevented by the parent from having a relationship shall receive assigned counsel when the grandparents are parties in either a custody, guardianship, or visitation dispute, or are the petitioners in an adoption proceeding; and

Whereas, This Bill would also require that caseworkers submit a report listing all of the alternative solutions to State custody when placement is appropriate and all relatives included on such a list would be required to sign a disclosure statement acknowledging that they understand they could have sought foster care status, and would further require that statutory notice be provided to grandparents in custody, guardianship and adoption proceedings; and

Whereas, This Bill would also require that each county establish a Grandparent Resource Center under the auspices of the local county Aging Department, that would provide services targeted to grandparent caregivers that would help them address issues relating to psychological and social problems, parenting skills, entitlements, legal concerns and emergency assistance, now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to adopt A.2772, the "Grandparents Guardianship Act," an act which would amend the Family Court Act, the Social Services Law, the Executive Law and the Surrogate's Court Procedure Act, in relation to establishing grandparent caregiver rights.

Int. No. 967

By Council Members Freed, Henry, Marshall, Michels, Reed, Warden, Oddo and Stabile; also Council Members Clarke, Eisland, Harrison, McCaffrey, O'Donovan, Pinkett and Quinn

A LOCAL LAW to amend the administrative code of the City of New York, in relation to imposing more severe penalties for filing false statements with the department of buildings.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 26-124 of the administrative code of the City of New York is amended to read as follows:

b. Such person shall also be liable for a civil penalty of not less than one thousand dollars nor more than five thousand dollars *for the first offense, not less than two thousand dollars nor more than ten thousand dollars for the second offense, and not less than ten thousand dollars for any subsequent offenses* which may be recovered in a proceeding before the environmental control board. In any such proceeding which relates to a false statement in a certification filed pursuant to section 26-126.2 *of this subchapter,* if an inspection made within six months after the filing of the certificate finds a condition constituting a violation which is the same as the condition described in the notice of violation with respect to which such certification was filed, there shall be a rebuttable presumption that the condition described in such notice of violation continued and is the same condition found in the inspection.

§2. Section 26-124 of the administrative code of the City of New York is amended by adding new subdivisions d, e and f to read as follows:

d. Any architect or engineer who has been found by a court of competent jurisdiction or the appropriate administrative tribunal to have committed two violations of subdivision a of this section within any five-year period shall have his or her applications for approval of plans submitted pursuant to article 9 of subchapter one of chapter one of title 27 of the code and all plans submitted in connection therewith, and any amendments thereto, examined by the commissioner, or his or her designee, promptly after their submission. Notwithstanding any other provision of law to the contrary, such applications shall not be subject to the limited supervisory check under section 27-143 of the code for a period of at least three years from the date the second such violation was adjudicated.

e. Where an architect or engineer has been found by a court of competent jurisdiction or the appropriate administrative tribunal to have committed a first violation of subdivision a of this section, the commissioner shall be required to examine every statement, certificate, form, signed statement, application, report or certification of correction submitted by such architect or engineer during the five-year period prior to such adjudication to determine if any of such statements, certificates, forms, signed statements, applications, reports or certificates of correction are false and if so, take such enforcement actions as are provided for in this code.

f. Any architect or engineer who has been found by a court of competent jurisdiction or the appropriate administrative tribunal to have committed three violations of subdivision a of this section within any five-year period shall not be permitted to submit a certificate, form, signed statement, application, report or certification of the correction of a violation required under the provisions of this code or any rule or regulation of any agency promulgated there under for a period of at least five years from the date the third such violation was adjudicated. Any certificate, form, signed statement, application, report or certification of correction of a violation submitted or attempted to be submitted by such architect or engineer during the disqualification period shall be rejected by the department and such architect or engineer shall be subject to the imposition of a civil penalty of five thousand dollars for each submission or attempted submission during the disqualification period. Such civil penalty may be recovered in a proceeding before the environmental control board and may be imposed in addition to any other fines or penalties.

§3. Section 27-143 of the administrative code of the City of New York is amended to read as follows:

§27-143 Examination of application and plans. All applications for approval of plans and all plans submitted in connection therewith, and any amendments thereto, shall be numbered, docketed and examined promptly after their submission. The examination shall be made under the direction of the commissioner for compliance with provisions of this code and other applicable laws, rules and regulations. The commissioner may at his or her discretion, when the application is submitted by an architect or an engineer, designate portions of the examination for limited supervisory check, *except when the architect or engineer is subject to the restriction established in subdivision d of section 26-124 of this code.* The personnel employed by the department for examination of plans shall be qualified engineers or architects experienced in building construction and design.

§4. This local law shall take effect ninety days after its enactment.

Resolution calling upon the Department of Health and the Department of Environmental Protection to immediately establish a joint task force to implement a pilot program that would test the use of non-toxic control products against mosquitoes, and furthermore that the City of New York establish a moratorium on the use of toxic pesticides against mosquitoes until such tests have been conducted.

By Council Members Freed and Marshall; also Council Members Harrison, Lopez, O'Donovan and Quinn

Whereas, The Health Department of the City of New York (DOH) is currently spraying Anvil 10+10, a toxic pesticide, in the borough of Staten Island in response to the reappearance of the West Nile Virus; and

Whereas, Anvil 10+10 and other pesticides used in the City's West Nile Virus Plan have been known to cause and trigger short- and long-term respiratory problems, and have been linked by medical and toxicological studies in peer-reviewed journals to immune disruption, neurological dysfunction, cancer and reproductive disorders; and

Whereas, Furthermore, children are especially susceptible to long-term effects from exposure to pesticides, and inner-city children are routinely exposed to heavy applications of pesticides and are therefore at even greater risk of harmful cumulative impacts; and

Whereas, Public health experts and entomologists have expressed concern that the spraying of pesticides has not been proven as a safe or effective way to control the West Nile Virus, and should not be part of a control plan unless and until pesticide spraying has been proven to outweigh threats to the public health and environment; and

Whereas, Furthermore, DOH has failed to produce sufficient evidence demonstrating the efficacy of pesticide spray campaigns it has implemented in the past two years; and

Whereas, Additionally, there is considerable public interest in the use of non-toxic control products and a growing demand for safe alternative methods of mosquito control; now, therefore, be it

Resolved, That the Department of Health and the Department of Environmental Protection immediately establish a joint task force to implement a pilot program that would test the use of non-toxic control products against mosquitoes, and furthermore that the City of New York establish a moratorium on the use of toxic pesticides against mosquitoes until such tests have been conducted.

Res. No. 2034

Resolution calling upon the Congress of the United States and the Veterans Administration to maintain the current level of co-payments for prescription drugs for eligible veterans.

By Council Members Harrison, Clarke, Freed, Henry, Marshall, Nelson, Pinkett, Warden, Golden and Stabile; also Council Members Eisland, Koslowitz, Lopez, Michels, O'Donovan, Povman, Quinn, Sabini and Abel

Whereas, The increasing cost of prescription drugs has created a crisis for most older Americans; and

Whereas, In the July 16, 2001 issue of Federal Register, the Department of Veterans Affairs (the "VA") proposed raising the co-payment for prescription drugs for eligible veterans from $2 to $7, up to a maximum of $840 per year with the increase taking effect in late 2001 and continuing through December 31, 2002; and

Whereas, Under the Veterans Administration (VA) proposal, following that date, the co-payment and the cap would rise each year with the prescription drug component of the Medical Consumer Price Index; and

Whereas, In order to cut costs, Congress established seven categories of veterans, giving higher priority for health care access to veterans with service-connected wounds, disabilities and health problems and the very poor; and

Whereas, There would be no cap on co-payments for veterans in "priority category 7," those who have no service-connected medical problems, earn more than $10,000 yearly for a single individual and $12,000 yearly for a couple, and who have agreed to make co-payments; and

Whereas, Many veterans in category seven, especially the elderly, earn very little more than $10,000 and would be severely impacted by increased co-payments if they must take several prescription drugs daily; and

Whereas, The VA noted that 1.1 million veterans averaged 47 30-day prescriptions last year costing $94 in co-payments which, under the proposed rules, would cost $329 in co-payments and increase the VA co-payment receipts from $101 million in 2000 to $250 million; and

Whereas, While the VA gets discounts for volume buying, a VA spokesman was quoted in a August 8, 2001 *Newsday* article, "Vets Face Rise in Drug Co-Payments" as stating that "Our spending on medical care is far exceeding our budget because of the high prices of drugs. We've tried to protect veterans' pocketbooks as long as we could"; and

Whereas, The VA proposal is subject to review within the VA and by Congress; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Congress of the United States and the Veterans Administration to maintain its current level of co-payments for prescription drugs for eligible veterans.

Res. No. 2035

Resolution calling upon the New York State Legislature to amend the Veterans Service Credit Law to allow Korean War veterans who are, or were, New York State or City employees to receive retirement credit for their military service.

By Council Members Harrison, Clarke, Freed, Marshall, Moskowitz, Nelson, Pinkett, Warden and Stabile; also Council Members Eisland, Fisher, Koslowitz, Lopez, Michels, O'Donovan, Sabini, White, Wooten and Abel

Whereas, In 1950, Communist forces from North Korea, suddenly and without warning, stormed into South Korea, intending to seize the western-backed country; in response, the fledgling United Nations condemned this naked act of aggression and the decision was made to send Allied military forces to oppose the invasion; and

Whereas, The United States bore the brunt of this UN mandate, sending the largest contingent of troops, many of whom were still teenagers who had never been tested in the rigors of battle before, to defend the dignity and freedom of an unknown people in an unfamiliar land; and

Whereas, The soldiers in the Korean War endured 37 torturous months of constant enemy fire at the hands of both the large and experienced North Korean force and the massive Chinese army reinforcements; of the over six million men and women who participated in the war effort, 55,000 of them perished, 117 others were missing in action, and 7,140 others became prisoners of war; and

Whereas, The recently enacted Veterans Service Credit Law (the "Veterans Buy-Back Bill") allows veterans who are, or were, New York State or City employees to receive retirement credit for their military service; and

Whereas, This law only applies to those veterans who are still actively on the job or those who retired after December 21, 1998, mostly peacetime veterans; this precludes Korean War veterans, most of whom retired or changed jobs before 1996, from enjoying the benefits of the law; and

Whereas, The Veteran's Buy-Back Bill would provide an opportunity for our State to honor its courageous war veterans by acknowledging, in a small way, the sacrifices they made through their military service; and

Whereas, This cannot be accomplished if an entire segment of veterans is categorically overlooked; if the Veteran's Buy-Back Bill, in its application, excludes the contributions of Korean War veterans, it is effectively depriving them of the dignity, respect and remembrance that they so rightly deserve; and

Whereas, Korean War veterans earned, and clearly should receive, the same pension benefits that will be granted to peacetime veterans; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the Veterans Service Credit Law to allow Korean War veterans who are, or were, New York State or City employees to receive retirement credit for their military service.

Int. No. 968

By Council Members Koslowitz, Marshall and Wooten

A LOCAL LAW to amend the administrative code of the City of New York, in relation to the licensing of newsstands.

Be it enacted by the Council as follows:

Section 1. The Council hereby finds and declares that certain amendments to the newsstand law adopted in 1997 as part of the Streetscape Task Force recommendations and subsequently repealed by the Council in 1998 when these recommendations were not fully instituted, would constitute sound improvements to the newsstand licensing law and, as such, should be re-adopted.

The Council further finds that these previously adopted amendments to the newsstand law include modernizing the language concerning who may hold a license to include, as with most other regulatory schemes, partnerships or corporations. This amendment will provide to newsstand owners the same legal rights to form businesses as other entrepreneurs enjoy, without reducing the City's ability to control these businesses, and limit the maximum number of such businesses that any single licensee can maintain on public property, to two.

The Council further finds that it is appropriate to re-institute another previously approved amendment which would raise the maximum permitted selling price of non-printed materials to five dollars, allow prepaid telecommunication and transit cards to be sold, and prohibit sale of certain items at any price.

§2. Section 20-228 of the administrative code of the City of New York is amended by adding three new subdivisions c, d, and e, to read as follows:

c. Person. A natural person, partnership, corporation or other association.

d. Emancipated child. Any son, daughter, step-son or step-daughter who is at least eighteen years of age and who is financially independent.

e. Unemancipated child. Any son, daughter, step-son or step-daughter who is under the age of eighteen, unmarried and living in the same household.

§3. Section 20-229 of the administrative code of the City of New York is amended to read as follows:

§ 20-229 License required. *a.* No person shall [maintain or] operate a newsstand *or newsstands* unless licensed pursuant to this subchapter, [and unless the operation of the newsstand is his or her principal employment] *and unless such person has no other income, excluding investment income, which exceeds the income such person earns from the operation of the newsstand or newsstands; provided, however, that if such person is a corporation, partnership, limited liability company or other association, only one shareholder of such corporation, one partner of such partnership, one member of such limited liability company or one principal of such other association, respectively, must have no other income, excluding investment income, which exceeds the income such person earns from the operation of the newsstand or newsstands; and provided further, that if such shareholder, partner, member or principal is the child of the persons authorized to operate a newsstand, such child must be an emancipated child.*

b. 1. No person shall be issued more than two licenses to operate a newsstand pursuant to this subchapter.

2. For purposes of determining the number of licenses held by a person pursuant to paragraph one of this subdivision, the following provisions shall apply:

(a) A natural person shall be deemed to hold the license issued in the name of such natural person's unemancipated child, a partnership in which such natural person is a partner, a corporation in which such natural person is an officer, director or shareholder, or a limited liability company in which such natural person is a member, manager or officer.

(b) A corporation shall be deemed to hold the license issued in the name of:

(i) an officer, director or shareholder of such corporation;

(ii) another corporation where such corporation and such other corporation share a common officer, director or shareholder, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such other corporation;

(iii) a limited liability company where such corporation or any of its officers, directors or shareholders is a member, manager or officer of such limited liability company, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such limited liability company; or

(iv) a partnership where such corporation or any of its officers, directors or shareholders is a partner in such partnership, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such partnership.

(c) A limited liability company shall be deemed to hold the license issued in the name of;

(i) a member, manager or officer of such limited liability company;

(ii) another limited liability company where such limited liability company and such other limited liability company share a common member, manager or officer, or such limited liability company or any of its members, managers or officers has any direct or indirect interest in such other limited liability company;

(iii) a corporation where such limited liability company or any of its members, managers or officers is an officer, director or shareholder in such corporation or

such limited liability company or any of its members, managers or officers has any direct or indirect interest in such corporation; or

(iv) a partnership where such limited liability company or any of its members, managers or officers is a partner in such partnership, or such limited liability company or any of its members, managers or officers has any direct or indirect interest in such partnership.

A partnership shall be deemed to hold the license in the name of:

(i) a partner of such partnership;

(ii) another partnership where such partnership is a partner in such other partnership, such partnership and such other partnership share a common partner, or such partnership or any of its partners has any direct or indirect interest in such other partnership;

(iii) a corporation where such partnership or any of its partners is an officer, director or shareholder in such corporation, or such partnership or any of its partners has any direct or indirect interest in such corporation; or

(iv) a limited liability company where such partnership or any of its partners is a member, manager or officer in such limited liability company, or such partnership or any of its partners has any direct or indirect interest in such limited liability company.

§4. Subdivision b of section 20-231 of the administrative code of the City of New York are hereby amended to read as follows:

b. Items other than newspapers, magazines, periodicals, *and prepaid telecommunication or transit cards* may be offered for sale from a newsstand [provided] *if* they are sold for less than [two] *five* dollars exclusive of taxes; *provided, however, that apparel, jewelry, hair ornaments, handbags and video cassettes shall not be offered for sale from a newsstand and that* [. If] *if* food items are [sold] *offered for sale,* they must be prepackaged.

§5. This local law shall take effect immediately.

Res. No. 2036

Resolution calling upon the New York State Legislature to adopt Assembly Bill A.2354 and its companion bill, S.2971, which amend Sections 353 and 6204 of the Education Law, in relation to providing that the Trustees of the City University of New York and the State University of New York shall not be employees of, or under the supervision of, the appointing authority.

By Council Members Marshall, Perkins, Robinson, Lopez, Freed, Michels, Reed and Warden; also Council Members Linares and Quinn

Whereas, The Board of Trustees of the City and State Universities ("the Trustees") are charged under law with formulating and implementing substantial academic policy decisions of the City University of New York (CUNY) and the State University of New York (SUNY) systems, which are publicly funded academic institutions of higher education; and

Whereas, The decisions of the Trustees are of great importance to the fulfillment of the mission and governance of CUNY and SUNY, as provided under the Education Law, and to the students of the City and State of New York; and

Whereas, The Trustees of CUNY and SUNY are appointed by the Governor of the State and/or the Mayor of the City of New York to govern these public institutions; and

Whereas, The current provisions of the Education Law fail to protect against potential and actual conflicts of interest by and between the appointing authority and the Trustees and thereby fail to protect each individual trustee's fiduciary duty to these institutions of higher education and to the public; and

Whereas, Assembly Bill A.2354 and its companion Senate Bill S.2971, amend the relevant provisions of the Education Law to ensure the objectivity of the Trustees by limiting appointments to those who are independent of the appointing authority; and

Whereas, Governance of CUNY and SUNY should be expedited without political motivation; and

Whereas, Academic and other policies of CUNY and SUNY should be made in the best interests of the people of the City and State of New York, without any actual or apparent conflict of interest, and should seek to fulfill the lawful stated mission of these institutions of higher education; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to adopt Assembly Bill A.2354 and its companion bill, S.2971, which amend Sections 353 and 6204 of the Education Law, in relation to providing that the Trustees of the City University of New York and the State University of New York shall not be employees of, or under the supervision of, the appointing authority.

A LOCAL LAW to amend the administrative code of the City of New York, in relation to, increasing civil penalties for water pollution, drainage, and sewer control violations, and to repeal subdivision b of section 24-513, relating to the penalty imposed for violating such section

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 24-508 of the administrative code of the City of New York is amended to read as follows:

e. It shall be unlawful for any person to represent to any prospective purchaser of property that a sewer constructed in any street is a city sewer unless such sewer shall have been constructed by the city in accordance with the legally adopted drainage plan of the city and/or accepted as a public sewer in accordance with the provisions of the code.

[The penalty for a violation of this subdivision shall be a fine of five dollars for each and every foot of sewer so laid.]

§2. Subdivision b of section 24-513 of the administrative code of the City of New York is REPEALED.

§3. . Subdivisions f and g of section 24-524 of the administrative code of the City of New York are amended to read as follows:

f. Any person who violates or fails to comply with any of the provisions of sections 24-504 through-24-522 and 24-523 of this chapter or any order, rule or regulation issued by the environmental control board or commissioner of environmental protection pursuant thereto or with the conditions of any permit issued pursuant thereto shall be liable for a civil penalty [of not less than fifty nor more than one] *not exceeding ten* thousand dollars for each violation, *provided that this subdivision shall not apply to subdivision c of section 24-509 or subdivisions a and b of section 24-521.* In the case of a continuing violation each day's continuance shall be a separate and distinct offense. The environmental control board shall have the power to impose such civil penalties. A proceeding to impose such penalties shall be commenced by the service of a notice of violation returnable to such board. Such board, after a heating as provided by the rules and regulations of the board, shall have the power to enforce its final decisions and orders imposing such civil penalties as if they were money judgments pursuant to subdivision d of section fourteen hundred four of the New York City charter. A civil penalty imposed by the board may also be collected in an action brought in the name of the city in any court of competent jurisdiction. The board, in its discretion, may, within the limits set forth in this subdivision, establish a schedule of civil penalties indicating the minimum and maximum penalty for each separate offense.

g. In addition to the civil penalties set forth in subdivision f of this section, any person who knowingly violates or fails to comply with any provision of sections 24-504 through 24-522 or section 24-523 of this chapter or any order, rule or regulation issued by the commissioner of environmental protection or environmental control board pursuant thereto or with the conditions of any permit issued pursuant thereto shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than two hundred fifty nor more than [one] *ten* thousand dollars, or by imprisonment not exceeding [thirty] *ninety* days, or both for each [violation] *offense, provided that this subdivision shall not apply to subdivision c of section 24-509 or subdivisions a and b of section 24-521.* In the case of a continuing violation each day's continuance shall be a separate and distinct offense. *In addition to its application to any other person, the fine provided for in this paragraph shall be deemed a special fine for a corporation within the meaning of section 80.10 of the penal law of the State of New York.*

§3. This local law shall take effect on the thirtieth day after it shall have become law.

Res. No. 2037

Resolution calling upon the United States Congress to enact legislation establishing a uniform cap on annual interest rates charged to consumers on credit cards.

By Council Members Nelson, Henry, Marshall, Moskowitz, Golden and Stabile; also Council Members Eisland, Harrison, Koslowitz, O'Donovan, Sabini and White

Whereas, There are an estimated 78 million households with at least one credit card; and

Whereas, According to the National Foundation for Credit Counseling, the total national credit card debt in 2000 was $634 billion; and

Whereas, The average household with a credit card owed $8123 in credit card debt; and

Whereas, Interest rates on home mortgages, car loans, student loans, and other forms of debt have fallen to single digit levels in recent years, while the annual percentage rates (APR) on credit card debt remain high, with some credit cards charging as much as 24.9 percent; and

Whereas, In addition to purchasing consumer goods, credit cards are now used to purchase necessities such as food, clothing, transportation, and other basic items; and

Whereas, According to news reports, states that have adopted legislation capping the APR have witnessed credit card companies that charge high interest rates relocating to other states without such restrictions; and

Whereas, Congress has introduced several bills over the past decade aimed at capping credit card interest rates; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to enact legislation establishing a uniform cap on annual interest rates charged to consumers on credit cards.

Res. No. 2038

Resolution calling upon Verizon Communications and the New York State Public Service Commission to change the 646 area code, recently assigned to the Borough of Manhattan, to a number that will not conflict with a local exchange, and in the future, to not issue new area codes that conflict with one of the City's local exchanges.

By Council Members Nelson and Freed

Whereas, As of July 1, 1999, Verizon assigned a new 646 area code to parts of Manhattan; and

Whereas, An exchange 646 already exists in Sheepshead Bay, Brooklyn; and

Whereas, If an individual in the 718 area code fails to dial "1" before 646, the call will mistakenly reach a telephone number in Sheepshead Bay; and

Whereas, Individuals whose calls mistakenly reached Sheepshead Bay were charged for those calls; and

Whereas, This confusion of area codes have resulted in an inconvenience to many callers to and within the New York City area; and

Whereas, This situation should be remedied by changing the 646 area code to a number that will not conflict with local exchanges; and

Whereas, In future assignments, new area codes should not be issued if they conflict with one of the local City exchanges; now, therefore, be it

Resolved. That the Council of the City of New York calls upon Verizon Communications and the New York State Public Service Commission to change the 646 area code, recently assigned to the Borough of Manhattan, to a number that will not conflict with a local exchange, and in the future, to not issue new area codes that conflict with one of the City's local exchanges.

Res. No. 2039

Resolution calling upon the Legislature of the State of New York to adopt S.1165A, a bill which would amend the executive law, in relation to limiting the cost-sharing responsibilities of eligible participants in the Elderly Pharmaceutical Insurance Program (EPIC) to five percent of annual gross income, a program that would be known as Caps Out-of-Pocket Expenses (COPE).

By Council Members Nelson, Harrison, Freed, Marshall, Moskowitz and Warden; also Council Members Eisland, Koslowitz, Pinkett, White and Abel

Whereas, The prohibitive cost of prescription drugs for senior citizens is a well-documented issue that looms over the political landscape in New York and throughout the country; and

Whereas, Drug prices are projected to rise another 15 percent this year, adding to the ever-increasing burden that is surpassing 10 percent of senior incomes; and

Whereas, Federal Medicare HMO's have been "dumping" seniors and Congress has failed to act on this growing crisis; and

Whereas, As a result of a recent initiative to expand the Elderly Pharmaceutical Insurance Program (EPIC) to cover couples with incomes up to $50,000, virtually half of the senior citizens in the State will be eligible for EPIC; and

Whereas, The need for this expanded coverage was, in part, related to the estimated 130,000 New Yorkers who were dumped by Medicare HMO's during the last two years; and

Whereas, EPIC requires that participants pay a variety of premiums, fees, copays and deductibles, which currently range from four to seven percent of their income; and

Whereas, S.1165A, a bill currently before the State Legislature which would create a program that will be known as Caps Out-of Pocket Expenses (COPE) would ensure that no one would pay more than five percent of their income for prescription drugs, and would thus save seniors as much as $170 million annually; and

Whereas, COPE would pick up the $170 million cost of the program; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Legislature of the State of New York to adopt S.1165A, an bill which would amend the executive law, in relation to limiting the cost-sharing responsibilities of eligible participants in the Elderly Pharmaceutical Insurance Program (EPIC) to five percent of annual gross income under a program that would be known as Caps Out-of-Pocket Expenses (COPE).

Resolution calling upon the appropriate committee of the Council of the City of New York to hold an oversight hearing on the Health and Hospitals Corporation's proposal to redesign Harlem Hospital Center.

By Council Members Perkins, Marshall and Reed; also Council Members Freed, Harrison, Linares, Lopez, Michels, Quinn, Sabini, Warden and Wooten

Whereas, The Health and Hospitals Corporation (HHC) is planning to refurbish the Harlem Hospital Center campus; and

Whereas, HHC's plans for the refurbishment of the Harlem Hospital Center include the construction of a new tower, the demolition of five existing buildings, the addition of skylight-enclosed passageways and a new dedicated driveway, the consolidation of health services offered at the Center, and the provision of new clinical services and equipment; and

Whereas, While HHC estimates that the project will cost approximately $160 million, it has currently secured only $29 million from the City of New York to finance this plan; and

Whereas, HHC is currently experiencing massive budget gaps which are projected to total approximately $500 million in the next three years; and

Whereas, A needs assessment should be undertaken to determine the projected needs of the community, and to provide the public with an opportunity to participate in the planning process; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York hold an oversight hearing on the Health and Hospitals Corporation's proposal to expand Harlem Hospital Center.

Resolution calling upon the Congress of the United States to adopt HR 1322, "The Emergency Retiree Health Benefits Protection Act."

By Council Members Povman, Clarke, Harrison, Marshall and Moskowitz; also Council Members Eisland and Michels

Whereas, The Employee Retirement Income Security Act of 1974 prohibits companies from reducing pension benefits after workers have retired but offers no such protection for retirees' medical benefits; and

Whereas, Spiraling inflation in health care costs, changes in United States accounting standards and increased international competition have caused United States companies to severely cut medical benefits for former workers after they have retired; and

Whereas, Additional factors in cutting medical benefits for present and retired workers include the philosophy of making workers more responsible for their own retirements and retirees' preference for traditional fee-for-service plans which lack the cost-control features of managed health plans; and

Whereas, HR 1322, "The Emergency Retiree Health Benefits Protection Act," would prohibit post-retirement cuts in medical benefits, would require group health plans to restore benefits reduced after retirement if it is not a business hardship to plan participants, and would establish the Emergency Retiree Health Loan Guarantee Program and a related Board to guarantee loans provided by private banking and investment institutions to eligible plan sponsors to assist them in meeting obligations under the proposed Act to restore benefits reduced after retirement; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Congress of the United States to adopt HR 1322, "The Emergency Retiree Health Benefits Protection Act."

By Council Members Reed, Carrion, Linares, Lopez, Rivera, Freed and Perkins (by request of the Bronx Borough President); also Council Members Harrison and Michels

A LOCAL LAW to amend the administrative code of the City of New York, in relation to prohibiting the use of racial or ethnic profiling by members of the police department.

Be it enacted by the Council as follows:

Section 1. Title 14 of the administrative code of the city of New York is hereby amended by adding a new chapter 3 entitled RACIAL OR ETHNIC PROFILING.

§ 14-301 Prohibition of the use of racial or ethnic profiling by members of the force of the department.

1. As used in this chapter, "racial or ethnic profiling" means the stopping and questioning of an individual or the stopping and frisking of an individual by a member of the force of the department that is based upon an individual's actual or apparent racial or ethnic status, or, in the case of stopping of a motor vehicle, based on the actual or apparent racial or ethnic status of the driver or a passenger, without reasonable individualized suspicion or cause to lawfully justify such conduct.

2. Every member of the force of the department shall be prohibited from engaging in racial or ethnic profiling.

§14-302 On or before January first, two thousand and two, the department shall promulgate and adopt a written policy that prohibits racial or ethnic profiling. Such written policy shall include a requirement that the department educate cadets in the Police Academy about racial profiling and require all members of the NYPD to attend a seminar about racial profiling every year. In addition, the department shall promulgate and adopt procedures for the review and taking of corrective action, in accord with Section 14-307 herein, with respect to complaints by individuals who allege that they have been the subject of racial and ethnic profiling. A copy of each such complaint received pursuant to this chapter and written notification of the review and disposition of such complaint shall be promptly provided by the department to the civilian complaint review board.

§ 14-303 Commencing on January first, two thousand and two, the department shall, using a form to be developed in consultation with the civilian complaint review board, record and retain the following information with members of the force of the department:

1. The number of persons stopped for traffic violations and the number of persons patted down, frisked and searched;

2. The characteristics of race, color, ethnicity, gender and age of each such person, provided the identification of such characteristics shall be based on the observation and perception of the officer responsible for reporting the stop and the information shall not be required to be provided by the person stopped;

3. If a vehicle was stopped, the number of individuals in the stopped motor vehicle;

4. Whether immigration status was questioned, immigration documents requested, and if any further inquiry was made to the immigration and naturalization service with respect to any person stopped or in the motor vehicle;

5. The basis for the conduct that resulted in the individual being stopped and frisked or searched, the alleged violation, if any, that resulted in the individual being stopped, or nature of the alleged traffic violation that resulted in the stop;

6. Whether a search was conducted and, if so, the result of the search;

7. If a search was conducted, whether the search was of a person or the person's property, and whether the search was conducted pursuant to consent and if not, the basis for conducting the search including any alleged criminal behavior that justified the search;

8. Whether a warning or citation was issued;

9. Whether an arrest was made and for what charge;

10. The approximate duration of the stop; and

11. The time and location of the stop.

§ 14-304 The department shall compile the information set forth in section 14-303 for the calendar year into a report to the civilian complaint review board with copies to the city council, the borough presidents and the community boards. The data in the report shall be provided on a city-wide, borough-wide, patrol borough, precinct-by precinct, command-by-command, tour-by-tour and month-by-month basis. The format of such report shall be developed in consultation with the civilian complaint review board. The report shall be submitted to the civilian complaint review board, with copies to the city council, the borough presidents and the community boards, no later than March first of the following calendar year. This information may also be reported in the annual Mayor's Management Report and the annual Preliminary Mayor's Management Report.

§ 14-305 Not later than January first, two thousand and two, the civilian complaint review board, in consultation with the department, shall develop and promulgate:

1. A form in both printed and electronic format, to be used by members of the force of the department to record the information listed in section 14-303 when making a traffic stop or when stopping and frisking an individual; and

2. A form to be used to report complaints by individuals who believe they have been subjected to racial or ethnic profiling.

§ 14-306 Nothing in this chapter shall be construed as diminishing or abrogating any right, remedy or cause of action which an individual who has been subject to racial or ethnic profiling may have pursuant to any other provision of law.

§14-307 Discipline by the Commissioner. If the police commissioner determines, after investigation, that any member of the force has engaged in an act or acts of racial profiling, the commissioner shall discipline the officer in any manner that the commissioner deems appropriate, including, but not limited to, any or all of the following:

1. Discharging the officer from the force;

2. Suspending the officer from the force for a period of time, such time to be determined by the commissioner;

3. Requiring the offending officer to attend educational seminars regarding racial profiling and police-community relations;

4. Requiring the offending officer to participate in appropriate community service; and

5. Reducing the annual leave of the offending officer.

§ 2. This local law shall take effect 60 days after its enactment into law; provided, however, that effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this local law on its effective date are authorized and directed to be made and completed on or before such effective date.

Referred to the Committee on Public Safety.

Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1325 Walton Avenue and 25 East Clarke Place (Block 2840, lots 22 and 32), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate the development of an eight-story building tentatively known as East Clarke Place Affordable Apartments with 62 units of housing for low-income and homeless families and one superintendents unit and developed under the New York State Housing Trust Fund Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP No. 20025038 HAK.

Special Midtown District

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around~~ ***north of*** the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(***o***) ***to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;***

~~(o)~~
(o) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(p)~~
(***r***) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-~~28~~***29*** shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-~~28~~***29*** shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-~~28~~***29***. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station ***and Rail Mass Transit Facility*** Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts Sections Having Special Application

Penn Center Subdistrict 81-50
Grand Central Subdistrict 81-60
Theater Subdistrict 81-70
Fifth Avenue Subdistrict 81-80
Preservation Subdistrict 81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, or #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ ***on*** the character of the surrounding area.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and ***Rail Mass Transit*** **Facility** Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for ***the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for*** the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

(a) lobby space or entrance space;

(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-~~511~~***292*** (Subway station improvements);

(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate

clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries ***of the Penn Center Subdistrict***, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections ***81-53***1, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99
81-43
Street Wall Continuity Along Designated Streets
On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot# Frontage
Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street#
Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street#
Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station ***or a rail mass transit facility*** improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) ~~and,~~ 81-511~~292~~ (Subway station improvements***), and 81-542 (Rail mass transit facility improvement),*** or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48 .

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

81-46
Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

81-50
SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51
General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52
Sign Regulations
The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning

Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(a) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(b) such #signs# project no more than 8 feet beyond the #street line#;

(c) such #signs# are no wider than 40 feet each;
(d) special lighting effects are provided at the top of any #sign# structure; and

(e) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

(3) such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

(4) such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

(5) special lighting effects are provided at the top of any #sign# structure; and

(6) the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521
Rail mass transit and subway entrance informational signs
For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word ?Subway? and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

b. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53
Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531
Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more that 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

815-32
Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54
Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

CITYWIDE N 010404 ZRY

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

* * *

M1
#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced.
In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

THIRD PARTY TRANSFER PROGRAM, REQUEST FOR QUALIFICATIONS – Negotiated Acquisition/Pre-Qualified List – DUE 12-28-01 AT 5:00 P.M. – invites qualified individuals and organizations to submit descriptions of their qualifications to acquire, rehabilitate and manage residential properties through HPD's Third Party Transfer Program. There is no application deadline to become a Third Party Transfer Qualified Developer. Applications will be reviewed in an ongoing and timely fashion. However, to be considered for properties in the upcoming Round III of the Third Party Transfer Program, applications must be submitted no later than December 28, 2001. HPD expects to qualify many more potential developers than available properties. Therefore, many qualified developers will not receive properties through the Program. HPD reserves the right to negotiate with any number of Qualified Developers, accept or reject any or all applications received as a result of this RFQ, or postpone or cancel this RFQ in part or in its entirety.

Chapter 1
Special Midtown District

81-00
GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around~~ ***north of*** the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(***o***) ***to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;***

~~(o)~~
(o) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(p)~~
(***r***) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-~~28~~***29*** shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-~~28~~***29*** shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-~~28~~***29***. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station ***and Rail Mass Transit Facility*** Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts Sections Having Special Application

Penn Center Subdistrict 81-50
Grand Central Subdistrict 81-60
Theater Subdistrict 81-70
Fifth Avenue Subdistrict 81-80
Preservation Subdistrict 81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

81-066
Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, or #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ ***on*** the character of the surrounding area.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and ***Rail Mass Transit*** **Facility** Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for ***the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for*** the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

81-42
Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

(a) lobby space or entrance space;

(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-~~511~~*292* (Subway station improvements);

(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface

shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries ***of the Penn Center Subdistrict***, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections ***81-53***1, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99
81-43
Street Wall Continuity Along Designated Streets
On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot# Frontage
Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street#
Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street#
Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station ***or a rail mass transit facility*** improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) ~~and,~~ 81-511~~292~~ (Subway station improvements)***, and 81-542 (Rail mass transit facility improvement),*** or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48 .

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51
General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52
Sign Regulations
The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(a) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(b) such #signs# project no more than 8 feet beyond the #street line#;

(c) such #signs# are no wider than 40 feet each;
(d) special lighting effects are provided at the top of any #sign# structure; and

(e) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:
(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

(3) such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

(4) such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

(5) special lighting effects are provided at the top of any #sign# structure; and

(6) the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521
Rail mass transit and subway entrance informational signs
For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word ?Subway? and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

b. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53
Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531
Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more that 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

815-32
Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54
Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

(Amendment to the Zoning Resolution concerning the proposed development of the Chelsea Art Museum)

IN THE MATTER OF an application submitted by the Chelsea Art Museum, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Sections 42-32 and 74-92, to permit museums and non-commercial art galleries as listed in Use Group 3A in M1-5 Districts.

Matter in *Italic* is new, to be added;
Matter in ***bold*** is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

42-32
By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

* * *

M1 Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5
Museums and non-commercial art galleries

#Uses# listed in Use Group 4A Community Facilities

* * *

74-92
Use Group *3A and* 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts

74-921
Use Group *3A and* 4A community facilities
In M1 Districts, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities, and, in M1-5 Districts, except in M1-5A, M1-5B, and M1-5M Districts, the commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

As a condition of granting a special permit for such community facilities, the Commission shall find that:

(a) within the neighborhood primarily to be served by the proposed facility there is no practical possibility of obtaining a site of adequate size, located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
(ba) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#Residential

Districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
(cb) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
(dc) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(ed) in selecting the site due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(f) such community facility is not located more than 400 feet from the boundary of a district wherein such facility is permitted as-of-right; and

(g) such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district.

(e) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
(f) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the Special Tribeca Mixed Use District. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area..

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 N 020060 HAX

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent's unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 N 010696 ZRM

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District.

Matter in Italic is new, to be added;
Matter in Strikeout is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information.

Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY GRANTED to the New York City Landmarks Preservation Commission by Sections 25-303, 25-305, 25-306, 25-307, 25-308, 25-310, 25-313 and 25-319 of Title 25, Chapter 3 of the Administrative Code of the City of New York, and in accord with Section 3020 of the New York City Charter, that the Landmarks Preservation Commission intends to adopt the following amendment to Title 63, Section 3-04 of the Rules of the City of New York, relating to replacement windows. The material proposed to be adopted is shown below. Material to be added is shown underscored and material to be deleted is shown in brackets.

Statement of Basis and Purpose of Proposed Rule

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, 25-306, 25-307, 25-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, 25-307 and 25-310.

The section 3-04 of Title 63 of the Rules of the City of New York sets forth the rules for the staff of the LPC to approve replacement windows and sash in designated buildings. The purpose of the proposed amendment to section 3-04 is to assist the public in applying to the Landmarks Preservation Commission for approval of replacement windows.

Written comments regarding the proposed rule may be sent to Mark A. Silberman, Counsel, Landmarks Preservation Commission, Municipal Building – 9th Floor North, 1 Centre Street, New York, N.Y. 10007 on or before December 3, 2001.

A public hearing will be held at the Municipal Building, 1 Centre Street, 9th Floor, New York, NY 10007 on December 3, 2001, commencing at 9:30 A.M. Persons wishing to speak are requested to notify Margaret McMahon (212)380-7893 at least three days prior to the date of the public hearing.

Written comments and a tape recording of the oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt of an appointment request, between the hours of 1:00 p.m. and 5:00 P.M. at the offices of the Commission.

The proposed rule was not included in the agency's FY 2001 Regulatory Agenda.

Section 1. Subsection 3-04(a) is amended as follows:

(a) A permit is required for the installation of new sash in existing frames. In cases where the sash is deteriorated to a point precluding reasonable repair, rehabilitation or restoration, replacement sash may be installed subject to the issuance of a permit. In determining whether sash cannot be repaired, the Landmarks Preservation Commission will consider the percentage of the window that is deteriorated, the practicality of repair, trade practice and such other factors as the LPC may deem appropriate. The new sash shall match the existing sash in dimensions, configuration, operation, details, material, and finish except as provided below. If the rehabilitation of frames is required in conjunction with an application for new sash, that work shall be part of the application.

Section 2. Subsection 3-04(c)(1)(i) is amended as follows:

(i) If historic windows have deteriorated to a point precluding reasonable repair, rehabilitation or restoration, based on a condition report submitted by the applicant, or a field inspection by the staff, or other evidence, including the percentage of the window that is deteriorated, the practicality of repair, trade practice and other factors, replacement windows may be approved if they match the historic windows in terms of:

(A) configuration,
(B) operation,
(C) details,
(D) material, and
(E) finish.

Section 3. Subsection 3-04(c)(1)(iii) is amended as follows:

(iii) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal [although in the case of buildings of high architectural quality, replication of exact materials may be required].

Section 4. Subsection 3-04(c)(2) is amended as follows:

(2) Buildings in historic districts[: Residential buildings, including buildings originally designed as residences that were subsequently converted to other uses:] .

Section 5. Subsection 3-04(c)(2)(i) is amended as follows:

(i) Rowhouses, town houses, mansions, detached and semi-detached houses and carriage houses:

Section 6. Subsection 3-04(c)(2)(i)(A) is amended to read as follows:

(A) If historic windows have deteriorated to a point precluding reasonable repair, rehabilitation or restoration, based on a condition report submitted by the applicant, or a field inspection by the staff, or other evidence, including the percentage of the window that is deteriorated, the practicability of repair, trade practice and other factors, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,
(b) operation,
(c) details,
(d) material, and
(e) finish[.] ,

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

Section 7. Subsection 3-04(c)(2)(i)(C) is amended as follows:

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal [although in the case of buildings of high architectural quality, replication of exact materials may be required].

Section 8. Subsection 3-04(c)(2)(ii)(A) is amended as follows:

(A) In small apartment buildings and other types of multiple dwellings, originally built as such, which are six stories or less in height, and with a street frontage of forty (40) feet or less, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,
(b) operation,
(c) details,
(d) material, and
(e) finish[.],

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

Section 9. Subsection 3-04(c)(2)(ii)(C) is amended as follows:

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal [although in the case of buildings of high architectural quality, replication of exact materials may be required].

Section 10. Subsection 3-04(c)(2)(ii)(D) is amended by repealing it in its entirety.

Section 11. Subsection 3-04(c)(2)(iii)(C) is amended as follows:

(C) Where the historic windows possess special architectural value, including "special" windows (as defined in the definitions (Section 3-01) and illustrated in Appendix A), replacement windows shall match the material of the historic windows. [In addition, such special architectural values may apply to a large apartment building or hotel wherein the lower floor facade includes a type of window distinctively different from typical windows on upper floors. In such cases, the staff shall determine whether the lower floor windows shall be replaced with the same material as used in the historic window. Such a determination shall not preclude the use of a different material for windows on the upper floors.]

Section 12. Subsection 3-04(c)(2)(iv) is amended by repealing the existing text in its entirety and replacing it as follows

(iv) Small commercial and loft buildings including cast-iron fronted buildings, department stores, banks and office buildings.

(A) In commercial and loft buildings that are six stories in height, and with a street frontage of 40 feet or less, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,
(b) operation,
(c) details,
(d) material, and
(e) finish,

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6 %; for metal windows (of any size) the diminution shall be limited to 10%.

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal.

Section 13. Subsection 3-04(c)(2) is amended by adding a new subsection (v) as follows:

(v) Large commercial and loft buildings, including cast-iron fronted buildings, department stores, banks and office buildings.

(A) In commercial and loft buildings that are seven or more stories in height, or with a street frontage of 41 feet or greater, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,
(b) operation,
(c) details, and
(d) finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6 %; for metal windows (of any size) the diminution shall be limited to 10%.

(C) Where the historic windows possess special architectural value, including "special" windows (as defined in the definitions (Section 3-01) and illustrated in Appendix A), replacement windows shall match the material of the historic windows.

CITY PLANNING COMMISSION

NOTICE

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 **N 020060 HAX**

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent's unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 **N 010696 ZRM**

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District.

Matter in Italic is new, to be added;
Matter in Strikeout is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New

York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

THIRD PARTY TRANSFER PROGRAM, REQUEST FOR QUALIFICATIONS – Negotiated Acquisition/Pre-Qualified List – DUE 12-28-01 AT 5:00 P.M. – invites qualified individuals and organizations to submit descriptions of their qualifications to acquire, rehabilitate and manage residential properties through HPD's Third Party Transfer Program. There is no application deadline to become a Third Party Transfer Qualified Developer. Applications will be reviewed in an ongoing and timely fashion. However, to be considered for properties in the upcoming Round III of the Third Party Transfer Program, applications must be submitted no later than December 28, 2001. HPD expects to qualify many more potential developers than available properties. Therefore, many qualified developers will not receive properties through the Program. HPD reserves the right to negotiate with any number of Qualified Developers, accept or reject any or all applications received as a result of this RFQ, or postpone or cancel this RFQ in part or in its entirety.

CITY PLANNING COMMISSION

■ NOTICE

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 **N 020060 HAX**

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent's unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 **N 010696 ZRM**

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District.

Matter in Italic is new, to be added;
Matter in Strikeout is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to

Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

THIRD PARTY TRANSFER PROGRAM, REQUEST FOR QUALIFICATIONS – Negotiated Acquisition/Pre-Qualified List – DUE 12-28-01 AT 5:00 P.M. – invites qualified individuals and organizations to submit descriptions of their qualifications to acquire, rehabilitate and manage residential properties through HPD's Third Party Transfer Program. There is no application deadline to become a Third Party Transfer Qualified Developer. Applications will be reviewed in an ongoing and timely fashion. However, to be considered for properties in the upcoming Round III of the Third Party Transfer Program, applications must be submitted no later than December 28, 2001. HPD expects to qualify many more potential developers than available properties. Therefore, many qualified developers will not receive properties through the Program. HPD reserves the right to negotiate with any number of Qualified Developers, accept or reject any or all applications received as a result of this RFQ, or postpone or cancel this RFQ in part or in its entirety.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **CHAPTER 2 PROCUREMENT PROCESS** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

Various technical, grammatical, and stylistic changes are made in five sections of this chapter.

How to Comment

A public hearing will be held on November 27, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by November 27, 2001.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Dated: October 10, 2001
Brendan J. Sexton, Chair

CHAPTER 2 PROCUREMENT PROCESS
(is amended as follows:)

Section 2-01 [DECISION] DETERMINATION TO PROCURE TECHNICAL, CONSULTANT, OR PERSONAL SERVICES.

The [decision] determination to procure technical, consultant, or personal services that will cost in excess of $100,000 shall be made [in writing] by the ACCO [in accordance with this rule].

Factors to be considered in making such [decision] determination shall include whether using procurement is:

(a) desirable to develop, maintain, or strengthen the relationships between non-profit and charitable organizations and the communities where services are to be provided;

(b) cost-effective; or

(c) necessary to

(1) obtain special expertise,
(2) obtain personnel or expertise not available in the agency,
(3) provide a service not needed on a long-term basis,
(4) accomplish work within a limited amount of time, or
(5) avoid a conflict of interest.

Section 2-02 PRESOLICITATION REVIEW.

***

(d) **Report.** The presolicitation review shall be incorporated within a report that shall be approved by the ACCO and shall include:

***

(5) a statement addressing the anticipated level of competition, based on agency staff knowledge of the market, and any surveys performed, as appropriate;

***

Section 2-05 SPECIFICATIONS.

(a) **Policy.** Specifications are used to obtain goods, services, and construction to fulfill the City's needs in a cost-effective manner, taking into account, to the extent practicable, the costs of ownership and operation, as well as costs of acquisition. Therefore, specifications shall:

***

(3) to the extent practicable, be generic in nature and emphasize functional or performance criteria, while limiting design or other detailed physical descriptions to those necessary to meet the City's needs[,] ; and

***

(c) **Brand Name Specifications.**

***

(2) **Acceptable Brands Lists.** DCAS is solely responsible for the promulgation, modification, or revocation of acceptable brands lists, and has final authority for accepting for inclusion any brand on such lists. All agencies must rely, where [possible and] practicable, on a DCAS acceptable brands list in specifying [material, equipment, or supplies] goods to meet their continuing requirements. Acceptable brands lists shall be reviewed at least every two years and suppliers may apply for inclusion at any time. DCAS shall approve or deny a supplier's application within a reasonable period of time.

***

Section 2-07 RESPONSIVENESS OF BIDS/ PROPOSALS.

(a) **Policy.** A responsive bid or proposal is one that complies with all material terms and conditions of the solicitation and all material requirements of the specifications. The ACCO shall make a [written] determination of responsiveness prior to award.

(b) **Determination of Non-Responsiveness.** If the lowest price bid or any proposal is found non-responsive, a [written] determination, setting forth in detail and with specificity the reasons for such finding, shall be made by the ACCO. A copy of such determination shall be mailed to the non-responsive supplier no later than two business days after the determination is made, and the agency shall inform the supplier of the right to appeal as set forth herein.

***

(e) **Appeal.** All non-responsive determinations may be appealed as set forth herein.

(1) **Time Limit.** A supplier shall have five days from receipt of the determination of non-responsiveness to file an [written] appeal with the Agency Head. Receipt of notice by the supplier shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head. The supplier shall also send a copy of its appeal, for informational purposes, to Office of the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 835, New York, NY 10007.

(2) **Form and Content.** The appeal shall be in writing and shall briefly state all the facts or other basis upon which the supplier contests the finding of non-responsiveness. Supporting documentation, if any, shall be included.

(3) **Determination.** Award of the procurement shall be stayed pending the [decision] determination of the Agency Head, unless the ACCO makes a [written] determination that proceeding with the procurement without delay is necessary to protect substantial City interests. The Agency Head shall consider the appeal, and may, in his or her sole discretion, meet with the supplier to discuss the merits of the appeal. The Agency Head shall make a prompt [written decision] determination with respect to the merits of the appeal, a copy of which shall be sent to the supplier. The Agency Head's [decision] determination shall be final. The Agency Head [may] shall not delegate the authority to make a [decision] determination on the appeal to the ACCO.

Section 2-11 PUBLIC HEARING REQUIREMENTS.

***

(c) **Public Notice.**

(1) **Frequency.** Notice of public hearings shall be published once in the City Record not less than ten days prior to the hearing date or a shorter period approved by the CCPO.

***

(d) **[Record] Conduct of Hearing.**

(1) All persons attending who desire to testify shall have the opportunity to do so.

(2) An audiotape or transcript shall be made of the proceedings and shall be public information.

(3) No commitment to make changes in the intended contract award shall be made during the hearing; however, testimony received shall be considered after the hearing is concluded.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **§4-01 Evaluation And Documentation Of Supplier Performance** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

Suppliers are currently given a 15-day period in which to respond to an unsatisfactory evaluation. Failure to respond in such time would constitute agreement of the supplier to the content of the evaluation. Also, subdivision (c) is rewritten to be clearer.

How to Comment

A public hearing will be held on November 27, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by November 27, 2001.

The Proposed Amendment

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

CHAPTER 4 CONTRACT ADMINISTRATION
(is amended as follows:)

Section 4-01 EVALUATION AND DOCUMENTATION OF SUPPLIER PERFORMANCE.

(a) **Policy.**

(1) Performance evaluation shall conform to the requirements of the contract, including, but not limited to, quality of performance, timeliness of performance, fiscal administration and accountability, and overall performance. The agency awarding the contract shall identify specific objectives and evaluation criteria to be included as part of the contract. Where practicable, the agency shall develop both qualitative and quantitative performance indicators, including outcome criteria. The agency shall monitor the supplier's performance against such standards and indicators on an ongoing basis and sufficiently far in advance of the end of the contract term to determine whether an existing contract should be continued, renewed, or allowed to lapse.

(2) The CCPO shall establish procedures to ensure systematic evaluation of supplier performance, which shall occur no less frequently than once a year, and shall establish a centralized computerized database for storage and retrieval of such information.

(3) Notification to the supplier of deficient performance shall not await the annual evaluation.

(4) Nothing in this section shall affect an agency's right to terminate a contract with a supplier for deficient performance or otherwise, in accordance with the terms of the contract.

(b) **Types of Performance Evaluation.** Evaluation of supplier performance shall take the form of a report of unsatisfactory performance, or of a comprehensive, fully-documented evaluation. A report of unsatisfactory supplier performance shall be prepared when circumstances warrant for procurements at or below the small purchase limits and procurements of goods by means of competitive sealed bidding. A comprehensive, fully-documented evaluation of supplier performance shall be conducted for all other procurements. A copy of the report of the evaluation shall be sent promptly to the supplier.

(c) **[Conduct of Performance Evaluation and] Supplier Response.**

[(1) The agency shall conduct the evaluation of supplier performance pursuant to these Rules and the procedures established by the CCPO.

(2) As part of the performance evaluation process, the agency shall document the supplier's area(s) of deficient performance, if any.

(3) A copy of the evaluation or report of unsatisfactory performance, as applicable, shall be promptly sent by the agency to the supplier to allow the supplier an opportunity to respond in writing.

(4)] Within fifteen days of receipt of such copy, the supplier shall respond to a report of unsatisfactory performance and to any deficiencies noted in a comprehensive evaluation, and may respond to any other aspect of the evaluation. As part of its response[, which shall be due at the agency within fifteen days,] the supplier shall prepare and submit to the agency a corrective action plan identifying with specificity the steps the supplier intends to take to remedy any deficiencies identified by the evaluation or report of unsatisfactory performance. Failure to respond within the specified time shall constitute the supplier's agreement to the contents of the report.

[(5) Where warranted, conduct of the procedures set out in this section should not await the annual evaluation process, but should commence upon the identification of deficient performance by the supplier.

(6) Nothing contained herein shall affect an agency's right to terminate a contract with a supplier for deficient performance or otherwise, in accordance with the terms of the contract.]

(d) **Performance Evaluation for Client Services.**

(1) **Unannounced Site Visits.** Performance evaluations shall include periodic unannounced site visits and shall include interviews with clients and staff. The results of the unannounced site visits shall be summarized and made a part of the contract file.

(2) **Assessments of Client Satisfaction.** The agency shall assess client satisfaction by using techniques such as periodic interviews with clients, interviews with members of the clients' families, questionnaires to survey clients or their families, or such other techniques as may be appropriate. In the event that interviews or surveys are used, clients shall be selected on a statistically random basis to ensure sampling of a representative cross-section of the client population.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **§4-06 PROMPT PAYMENT** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The amendment does the following:

the term "interest eligibility date" is added as a synonym for "required payment date"
"retainage" is defined and accounted for in identifying the required payment date
the last sentence in 4-06(c)(2)(iii) is repealed, as changes in the City's computer system make it obsolete
the timeframe for paying interest is doubled to twenty days, and it is made clear that failure to make this payment on time does not generate additional interest
the obsolete reference to the grace period is repealed.

How to Comment

A public hearing will be held on November 27, 2001, 10:00am at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by November 27, 2001.

CHAPTER 4 CONTRACT ADMINISTRATION
(is amended as follows:)

Section 4-06 PROMPT PAYMENT.

***

(b) **Definitions.**

***

Required Payment Date or Interest Eligibility Date. The date by which a contract payment must be made in order for an agency not to become liable for interest payments.

***

Retainage. The right of the City pursuant to a contract and/or law to withhold from the invoice and retain a specified percentage of payment until such time as it is to be released pursuant to the contract and/or law.

(c) **Standards for Prompt Payment.**

***

(2) **Required Payment Date.** The required payment date shall be:

(i) thirty days; or

(ii) in the case of contract changes, sixty days; or

(iii) in the case of substantial completion payments or final payments on construction contracts, sixty days after the IRA date, except as described in paragraph (3) below[. These periods shall include not only the time required by the City agency to prepare the voucher, but also the time, not to exceed ten days, from the date the proper voucher is entered into the City's accounting database, required by FISA, the Department of Finance, and the Comptroller to process and release the voucher for payment.] ; or

(iv) except as provided in subdivision (d)(4)(iv), the required payment date for the release of retained amounts shall be in accordance with the contract and law, and thirty days after the submission of a proper invoice for the return of the retained amounts.

***

(d) **Interest Eligibility and Computation.**

***

(5) Interest that is due [may] shall be paid by separate payment made within [ten] twenty days of payment of the original invoice. The failure to make an interest payment within such twenty days shall not generate additional interest.

***

(h) **Reporting Requirements.** PPB shall publish an annual prompt payment performance report detailing each agency's performance pursuant to Charter Section 332. PPB shall additionally publish monthly cumulative prompt payment performance statistics. All reports shall be distributed to the CCPO, OMB, and Comptroller.

(1) **Report Contents.** The annual prompt payment report shall contain the following information for both expense and capital expenditures:

(i) agency performance in descending order by percentage of on-time payments,

(ii) amount and percentage paid by the "Required Payment Date" or "Interest Eligibility Date" by agency in descending order as contrasted with the total amount eligible for payment,

(iii) [amount and percentage of all payments made during the fifteen day "grace" period following the required payment date,

(iv)] distribution of interest penalties paid by agencies as a result of late payments, and

[(v)] (iv) trend information as to how agencies are performing as compared with previous time periods, i.e., past year, past six months, quarter to quarter.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to §**4-07 BUY-AGAINST PROCUREMENTS** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Proposed Amendment

The rule is rewritten to be clearer and shorter. The menu of source selection alternative methods is replaced with a requirement that the ACCO use "the most competitive practicable method of source selection under the circumstances," and explain the reason for this choice. The rule currently provides that the term of a buy against contract shall not be longer than one year or the balance of the term remaining on the original contract, whichever is longer. The amendment provides that the term of the buy against contract shall be the balance of the term remaining on the original contract or as long as necessary to complete the contract work (as agreed upon between the ACCO and the supplier), whichever is longer.

How to Comment

A public hearing will be held on November 27, 2001 at the PPB office, 51 Chambers Street, Room 1126, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 51 Chambers Street, Room 1126, New York, N.Y. 10007. To be considered, comments must be received by November 27, 2001.

CHAPTER 4 **CONTRACT ADMINISTRATION** (is amended as follows:)

Section 4-07 **BUY-AGAINST PROCUREMENTS [WHERE CONTRACTOR FAILS TO PERFORM].**

[(a) **Definition.** "Buy-Against" is the process by which, as part of contract administration, a City agency obtains goods or services to fulfill its requirements after a Contractor defaults or fails to fulfill its contract responsibilities.

(b)] (a) **Policy.** [In cases where a contractor] When a supplier fails to perform or defaults on an existing contract for goods or services [with the City], and there is a continued need for the goods or services, an agency may obtain the required goods or services, as specified in the original contract, or any part thereof, from a successor [contractor,] supplier pursuant to this [rule] section. In soliciting for the [contractor to whom to award the] successor [contract] supplier, the ACCO shall obtain competition to the maximum extent practicable. Prior to the solicitation, the ACCO shall make a determination concerning the most competitive practicable method of source selection under the circumstances, including award to either the second lowest responsive and responsible bidder or second most advantageous proposer on the original solicitation at a price agreed upon between the bidder or proposer and the City, and explaining why other more competitive solicitation alternatives cannot be used. The term of a buy-against contract shall not exceed the balance of the term remaining on the original contract, without renewals, or such longer interval necessary to complete the original contract work as agreed upon by the ACCO and the supplier, whichever is longer. In addition, the ACCO shall, unless there are compelling mitigating circumstances, charge the non-performing [contractor] supplier for any difference in price resulting from the ["]buy-against["] contract, together with any administrative charge established by the agency, and shall, as appropriate, invoke such other sanctions as are available [under the contract and elsewhere in these rules].

[(c) Solicitation of the successor contractor. The Contracting Officer shall solicit a successor contractor to provide the goods or services specified in the original contract, or any part thereof, by selecting from the following alternatives the most competitive practicable alternative:

(1) Award by means of intergovernmental and cooperative purchases in accordance with Section 3-09 of these Rules;

(2) Solicitation of competitive sealed bids in accordance with Section 3-02 of these Rules or competitive sealed proposals in accordance with Section 3-03 of these Rules;

(3) Award to either the second lowest responsive and responsible bidder or second most advantageous proposer on the original solicitation at a price agreed upon between the bidder or proposer and the City. Any increase in price shall, to the extent reasonably practicable, be substantiated by a price analysis supported where applicable by cost analysis and documented in the agency contract file;

(4) Solicitation and award, in accordance with the small purchase procedures of Section 3-08 of these Rules; or

(5) Solicitation of written quotations from all bidders who responded to the original solicitation, in accordance with the small purchase provisions of Section 3-08 of these Rules.

(d) Determination. Prior to the solicitation, the ACCO shall make a written determination concerning the most competitive practicable method of source selection under the circumstances, and explaining why other more competitive solicitation alternatives cannot be used.

(e) Term of "Buy-Against" Procurement. The term of a contract for which the contractor was selected pursuant to this section shall not exceed one year or the balance of the term remaining on the original contract, without renewals, whichever is longer.

(f) Registration. Contracts awarded pursuant to this section shall be registered in accordance with the provisions of Section 5-07(e) of these Rules.

(g)] (b) **Notice of [Award] Supplier Selection.**

(1) **Frequency.** Notice of award of buy-against contracts [on a Buy-Against basis] shall be published once in the City Record, within fifteen [(15) calendar] days after registration of the contract.

(2) **Content.** Such notice shall include:

(i) Agency name[;] ,

(ii) Procurement Identification Number[;] ,

(iii) Title and/or brief description of the goods or services procured[;]

(iv) Name and address of the [replacement] successor supplier and [name and address] of the original supplier[;] ,

(v) Dollar value of the replacement contract[;] , and

(vi) Summary determination of the basis for the buy-against procurement.

DEPARTMENT OF TRANSPORTATION

NOTICE OF OPPORTUNITY TO COMMENT on proposed amendment to rule relating to express lanes on limited access highways.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903(a) of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Transportation proposes to amend section 4-07(k) and to add a new paragraph to section 4-01(b) of the Traffic Rules. Matter in brackets [ ] is deleted, matter underlined is new. This rule was not included in the agency's regulatory agenda because it was not anticipated at the time the agenda was published.

Written comments regarding the proposed rule may be sent to Gerard Soffian, Director Signs & Markings, Department of Transportation, 28-11 Queens Plaza North, Long Island City, New York 11101, on or before November 26, 2001. A public hearing shall be held on November 26, 2001 at 40 Worth Street, Room 1015, New York, N.Y. 10013, at 10:00 a.m. Persons seeking to testify are requested to notify Mr. Soffian at the address stated above. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Mr. Soffian at the foregoing address. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, 9th floor, New York, New York 10013. Iris Weinshall, Commissioner.

Section 1. Subdivision (b) of Section 4-01 of the Rules of the Department of Transportation is amended by adding a new paragraph, as follows:

High Occupancy Vehicle (HOV). HOV shall mean a vehicle, except a truck as defined in Section 4-13(a)(1) of these rules, with two or more occupants, the number of which is specified by signs placed on express lanes on highways or bridges, pursuant to Section 4-07(k) of these rules.

Section 2. Subdivision (k) of Section 4-07 of the Rules of the Department of Transportation is amended as follows:

(1) Restrictions

[i] Wherever signs are erected on [limited access] highways or bridges giving notice of express lanes, no person shall operate a vehicle other than a vehicle [with written authorization issued pursuant to] as specified in paragraph (2) of this

subdivision, a medallion taxi or a for-hire vehicle with at least one passenger as specified in paragraph (3) of this subdivision, [or] an emergency vehicle as specified in paragraph (4) of this subdivision, or a vehicle classified as an HOV, with or without EZPASS as specified on such sign, within a designated express lane on a [limited access] highway or bridge during the hours specified on such signs.

[(ii) The commissioner or his or her designee may charge a fee for such written authorization. Proof of written authorization required under the provisions of this subdivision shall be conspicuously displayed so that it is visible through the windshield of each authorized vehicle.]

(2) Buses, out-of-state bus equivalents, Access-A-Ride vehicles, ambulettes and wheelchair accessible vans. Vehicles registered as buses in New York State, vehicles registered out-of-state that are equivalent to New York State registered buses, all vehicles authorized by the [New York City Department of Transportation] Metropolitan Transportation Authority New York City Transit ("MTA/NYCT") to provide Access-A-Ride service, ambulettes and wheelchair accessible vans shall be eligible [for written authorization] to use express lanes on [limited access] highways or bridges pursuant to this subdivision as follows:

[Applications for written authorization for each] The owner or operator of any vehicle registered as a bus in New York State shall be [accompanied by] able to provide proof of:

(A) operating authority issued by one or more of the following [is] as required: the appropriate New York City agency, department or authority; the New York State Department of Transportation; or the Interstate Commerce Commission; and

(B) current valid vehicle registration indicating New York State bus or official license plates; and

(C) minimum vehicle seating capacity of 16 passengers not including the operator; and

(D) seating capacity consistent with the seating capacity set forth in the appropriate grant of operating authority; and

(E) valid insurance consistent with state requirements.

(ii) [Applications for written authorization for each] The owner or operator of any vehicle registered out-of-state that is equivalent to a New York State registered bus shall be [accompanied by] able to provide proof of:

(A) operating authority issued by one or more of the following as required: the appropriate New York City agency, department or authority; the appropriate out-of-state authorizing agency, department or authority; or the Interstate Commerce Commission; and

(B) current valid vehicle registration indicating license plates equivalent to New York State bus or official license plates; and

(C) minimum vehicle seating capacity of 16 passengers not including the operator; and

(D) seating capacity consistent with the seating capacity set forth in the appropriate grant of operating authority; and

(E) valid insurance consistent with State requirements.

(iii) [Applications for written authorization for each] The owner or operator of any vehicle authorized by the [New York City Department of Transportation] Metropolitan Transportation Authority New York City Transit ("MTA/NYCT") to provide Access-A-Ride service, ambulette or wheelchair accessible van shall be [accompanied by] able to provide proof of:

(A) operating authority issued by one or more of the following as required: the New York City Taxi and Limousine Commission, the New York State Department of Transportation, or the Interstate Commerce Commission; and

(B) current valid vehicle registration; and

(C) seating capacity consistent with the seating capacity set forth in the applicable grant of operating authority, where such grant specifies a seating capacity; and

(D) valid insurance consistent with State requirements.

(3) Taxis and for-hire vehicles. Medallion taxis and for-hire vehicles duly licensed by the New York City Taxi and Limousine Commission carrying at least one passenger shall be allowed to use express lanes on [limited access] highways or bridges [without obtaining written authorization pursuant to paragraph (1) of this subdivision]. Medallion taxis and for-hire vehicles without passengers shall not be allowed to use express lanes on [limited access] highways or bridges.

(4) Emergency vehicles. Emergency vehicles responding to emergencies shall be allowed to use express lanes on [limited access] highways or bridges [without obtaining written authorization pursuant to paragraph (1) of this subdivision]. Emergency vehicles not responding to emergencies shall not be allowed to use express lanes on [limited access] highways or bridges.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of the Department of Transportation is authorized to regulate traffic pursuant to section 2903(a) of the New York City Charter.

Section 4-01(b) is being amended to add a definition of high occupancy vehicles.

Section 4-07(k)(1) is being amended to allow the placement of signs permitting use of designated express lanes on highways by high occupancy vehicles and to delete the references to written authorization and to limited access highways, which are no longer *required.*

Section 4-07(k)(2) is being amended to reflect the fact that the Access-A-Ride program is now being run by the Metropolitan Transportation Authority New York City Transit and not the New York City Department of Transportation. This paragraph is also being amended to delete the reference to applications for written authorization, which is no longer required.

Section 4-07(k)(3) and (4-07(k)(4) are being amended to add bridges as potential roads where express lanes may be designated.

CITY PLANNING COMMISSION

■ NOTICE

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 **N 020060 HAX**

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent's unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 **N 010696 ZRM**

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District. Matter in Italic is new, to be added; Matter in Strikeout is old, to be deleted; Matter within # # is defined in Section 12-10; and

* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to

Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the

Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City

University, Board of Education, Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

The presence of a quorum was announced by the Public Advocate (Mr. Green).

The Invocation was delivered by Reverend Wendell Foster (Council Member – 16th Council District, The Bronx.)

INVOCATION

My colleagues, let us pray.

Dear God and Father of all mankind, we come with heavy hearts and yet with hope. Our hearts are heavy because friends, neighbors, innocent people died unnecessarily. And, yet, Father, through it all, we know that You are going to work things out with us and for us.

We pray especially for those that perished, for their loved ones left behind, and we pray for strength for those who are trying to rescue others that may be yet alive. And then, Father, we pray for this, Your country, our country, for Your grace and mercy does shine from sea to shiny sea.

In spite of what we may say about this country, we still thank You for allowing us to be here, a part of the greatest City, the greatest country and the greatest Council in the world. Be Thou with us individually and collectively. Help us to bring joy and comfort to those that are in mourning and sorrow. Help us to show them that there is and will be a bei r day, for God's tomorrow is always brighter and the devil's darkness.

Bless this Council, in a special manner. Bless this our leader, the Speaker. Let us not follow our own informations, our own desires this day. Wherever, let us will Thy spirit and be guided by Thy truth. Bless all that shall be said, thought and done this day in this Council to glorify Thy name and then, Father, when we leave this place, may we go out with cheerful hearts telling those who feel betrayed and are sad and don't know what to do, that there is going to be another day.

Bless us, our President, all the national government. Bless us in a special manner, in a manner known only to Thee. Comfort us in a way only You can comfort us. Protect us and guide us in a way only You can do. These and all of the blessings we ask in Your holy name. Amen.

The Speaker (Council Member Vallone) Move(to spread the Invocation in full upon the Record.

MESSAGES & PAPERS FROM THE MAYOR

M-1289

Communication from the Mayor – "An Act to amend the public authorities law, in relation to authorizing additional bonds of the New York City transitional finance authority". S.5790/A.9434.

To the Legislature:

Pursuant to Article IX of the Constitution, the City of New York requests the enactment of Senate Bill (No. 5790) and Assembly (No. 9434); entitled

"AN ACT to amend the public authorities law, in relation to authorizing additional bonds of the New York City transitional authority".

It is hereby declared that a necessity for the enactment of such legislation, and that the facts establishing such necessity are as follows:

☒ The local government does not have the power to enact such legislation by local law.

Such request is made by:

☒ The chief executive officer of such local government, concurred in by a majority of the total membership of the local legislative body.

Chief Executive Officer's Signature

(Signed) Rudolph W. Giuliani
Mayor

September 13, 2001

AN ACT to amend the public authorities law, in relation to authorizing additional bonds of the New York city transitional finance authority

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature hereby finds and declares that the need to respond quickly to the attack on New York city that occurred on September 11, 2001 is a matter of national and state concern affecting the safety, health and welfare of all citizens of the state. It is essential that adequate funds be made available as soon as possible to respond to this emergency.

§2. Section 2799-ss of the public authorities law is renumbered section 2799-tt and a new section 2799-ss is added to read as follows:

2799-ss. Additional bonds of the authority. Notwithstanding any provision of this title or of any other law to the contrary, the authority is hereby authorized to issue bonds, notes or other obligations in addition to those authorized by section twenty-seven hundred ninety- nine-gg of this title in an amount outstanding of up to two billion five hundred million dollars to pay all costs in the city's budget (whether or not included or includable in the city's capital budget) which are, in the judgment of the mayor, related to or arising from the terrorist attack on New York city that occurred on September eleventh, two thousand one. In addition to or in lieu of any revenues or other money that may be paid or payable to the authority, such bonds, notes or other obligations may be secured by and payable from the proceeds of other bonds, notes or other obligations of the authority or federal or state aid related to or arising from the terrorist attack on New York city that occurred on September eleventh, two thousand one. In addition, the authority may issue bonds, notes or other obligations without limitations as to amount secured solely by and payable solely from such federal or state aid. The city, acting through the mayor, is hereby authorized to assign the right to receive any such federal or state aid to the authority and, after such assignment, the right to receive such aid shall be the property of the authority. Bonds issued pursuant to this section shall have a maximum maturity of up to thirty years.

3. This act shall take effect immediately.

Referred to the Committee on State and Federal Legislation.

COMMUNICATION FROM THE SPEAKER

First of all, I want to acknowledge his presence and thank Paul LeClerc for allowing the Council to use this room.

Paul, thank you very, very much. I appreciate that very much.

Also, I want to acknowledge the presence of a gentleman who was on the 78th floor, I believe it was, of the World Trade Center and was one of those saved from the Port Authority, Chuck Mayer.

Chuck, where are you?

(Applause)

As you know, there are somewhere in the area of 5,000 who are still unaccounted for.

We have information, something in the area of 300 firefighters are still missing, dozens of police officers, emergency service workers, Port Authority personnel and others who are volunteers to try and rescue those, together with the thousands who are still missing.

[At] the 26th Street Armory, there are accommodations for 2,500 people. There are 2,500 relatives on the inside and there are at least that many on the outside, waiting for news of their loved ones. The only hope I was able to bring them was within the last couple of hours, five firefighters were rescued as they had sought refuge in an SUV. So, there is always hope.

So, let's first take a moment, a lengthy moment of silent prayer in memory of the thousands that perished in this terrible tragedy. I'm going to ask you all to rise, please.

(Moment of silence.)

Thank you very much.

[The] 26th Street Armory is the largest facility we could make available. If you can, help with bereavement. After this meeting, you might be able to make your way down there just to tell them the truth, that we are doing everything that we can, [and that] the 26th Street Armory will get all the information as soon as it occurs, for the survivors and for the identification of those who have not survived.

That is the big thing with them -- they don't know. [The] Mayor and I set this place up as the biggest facility we could find for this purpose. But, it is only a facility, and you have to know what it is like to not know the whereabouts of your husband or wife, or brother or sister, or son or daughter. It is an inexplicable, unbelievable, impressive moment of grief for this whole country.

We meet today in that grave and trying circumstance of our City and Nation being attacked in the most evil and despicable manner. We lost thousands of our fellow citizens, we have lost hundreds of our city's bravest, finest, strongest and best. Even the sky looks empty as the towers that once moved above us are now piles of rubble. I can't begin to describe to you the scene. There are no words that can describe it. Not even Hollywood could reproduce the masses of twisted steel and rubble, the martian-like atmosphere, the eerie silence, the still burning and crumbling buildings.

Our City was attacked because it embodies everything that small and narrow minds detest. The world's most valued and dynamic culture, with people of every race, religion and color living freely, side by side.

We suffered an irreparable loss, but our spirit is unbowed and our sense of purpose is stronger than ever.

Thousands upon thousands of New Yorkers have displayed extraordinary acts of courage throughout this ordeal. Indeed, these acts are too numerous to catalog, most will forever remain anonymous. But, in acts of great heroism and injections of common affection, we have seen the strength and spirit of New York. Indeed, as I said, only hours ago, rescue workers miraculously pulled five firefighters from rubble.

(Applause)

Just as you just cheered now, I was so moved by the sight of crowds of New Yorkers cheering emergency workers along the West Side Highway and I have been inspired by the American flags hanging from cars and apartments and houses. I saw them hang another American flag at the scene yesterday on one of the poles that was still standing as a testament to our unity and our indomitable will.

Hour by hour, through this unimaginable horror, New York City has shown the world the heart of a lion, and before long, they will hear us roar again. They will find they picked the wrong City and the wrong State and the wrong Nation. And, I don't want this to go by without thanking Mayor Giuliani for his outstanding leadership in this crisis.

(Applause)

I know that's the way every single New Yorker feels.

I have been in constant contact with the Mayor since the early hours of the tragedy and I have never been more proud of any man. He has been a constant source of sense and reassurance and inspiration.

The Mayor, the City, and all City personnel and agencies have provided light and hope in this darkest of hours. And, today, this Legislature, the Council, meets to begin the awesome task of rebuilding. We will do everything in our power to provide the resources to return lights to lower Manhattan, to help people rebuild lives, and to help companies rebuild businesses and the buildings that housed them.

We need fire trucks and police cars, we need dump trucks and subway stations. We need food for the hungry, shelters for the cold, care for the sick, comfort for the mourning and healing for the lonely and bereft.

I urge my colleagues to vote in favor of this emergency home loan message which will infuse billions of dollars into the City as we address the ongoing effects of this tragedy.

There's much work to be done, so let us begin. God bless America, and God bless New York City.

(Applause)

This is a regularly stated meeting, but the emergency measure requires a recess at the moment, Mr. Public Advocate, so that State Legislation could meet. So, I would ask you to remain in your seats for just a few moments.

The Members of the State Legislation Committee, just raise your hands, please. You will be the ones voting and once that vote is completed, then the rest of the Council will have an opportunity, we will reconvene.

So, I would ask at this moment, just stay in your place and, Mr. Public Advocate, will you kindly recess this meeting.

At the request of the Speaker (Council Member Vallone), the Public Advocate (Mr. Green) declared the meeting to be in recess.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Vallone) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

M-1289

Report of the Committee on State and Federal Legislation in favor of concurring in the Communication from the Mayor, in regard to "AN ACT to amend the public authorities law, in relation to authorizing additional funds of the New York city transitional finance authority." S.5790/A.9434.

The Committee on State and Federal Legislation to which was referred on September 13, 2001 the annexed communication respectfully

REPORTS:

On Tuesday, September 11, 2001, terrorists launched attacks against the World Trade Center in lower Manhattan. Within hours of the attacks, both of the twin towers had collapsed, and since that time several other buildings in the complex have collapsed. At the time of writing of this report, other buildings in the immediate vicinity, such as 1 Liberty Plaza are in danger of collapsing.

The rescue and recovery effort are currently underway. It is believed that the number of lives lost will total in the thousands. Over 350 firefighters and law enforcement personnel are missing.

This legislation would provide the authority for the City to issue an additional $2.5 billion in debt through the Transitional Finance Authority (TFA). These bonds could be secured and payable from the proceeds of other bonds or obligations of the TFA or by state and federal aid, in addition to, or in lieu of, any revenues that are payable to the TFA. In addition, the legislation would remove any cap on borrowing through the TFA which is secured by and payable solely from, state and federal aid. The money could be used to pay for any costs, whether or not includable in the capital budget, in connection with the terrorist attack and subsequent relief efforts. According to the Mayor's Office, the bonds, which the City would be authorized to issue, would be backed by the full faith and credit of the United States Government, which will be responsible for paying off the additional debt.

For fiscal impact, see Fiscal Impact Statement.

The Act would take effect immediately.

FISCAL IMPACT STATEMENT

This Legislation will provide the authority for the transitional finance authority to issue an additional $2.5 billion in debt. The bonds, which will be issued by the Transitional Finance Authority, will, according to the Mayor's Office of Management and budget, be backed by the full faith and credit of the United States government, which will be responsible for all debt service.

In addition, all borrowing limitations for the transitional finance authority are eliminated for borrowings secured and payable by state or federal aid.

Fiscal Impact:

The fiscal impact will be minimal in all fiscal years.

Effective Date:

This Act will take effect immediately.

(Items Coupled on General Order Calendar)

(1) M-1289 – Transitional Finance Authority. **S.5790/A.9434**

The Public Advocate (Mr. Green) put the question whether the Council would agree with and adopt such reports which were decided in the **affirmative** by the following vote:

Affirmative – Abel, Berman, Boyland, Carrion, Clarke, Cruz, Dear, DiBrienza, Malave-Dilan, Eisland, Eldridge, Espada, Fisher, Foster, Freed, Golden, Harrison, Henry, Koslowitz, Leffler, Linares, Lopez, Marshall, McCaffrey, Michels, Miller, Moskowitz, Nelson, Oddo, O'Donovan, Perkins, Pinkett, Povman, Provenzano, Quinn, Reed, Rivera, Robinson, Robles, Rodriguez, Sabini, Spigner, Stabile, Warden, Watkins, White, Wooten, Ognibene and the Speaker (Council Member Vallone) – **49.**

At this point, the Speaker (Council Member Vallone) made the following announcements:

All Committee meetings are suspended until City Hall is able to re-open again.

This Stated Meeting will stand in Recess so that the Council can reconvene at one hour's notice to action any and all emergency measures.

At this point, the Speaker (Council Member Vallone) asked everyone to stand for a final moment of silence In Memory of Father Mychal Judge, Catholic Chaplain for the Fire Department, who was killed in the September 11, 2001 World Trade Center attack, and who himself gave many eulogies to fellow firefighters.

After this moment of silence, the Speaker (Council Member Vallone) asked that all remain standing so that Council Member Carrion could lead the Council in singing "God Bless America" In Memory of all those who lost their lives.

(Whereby, the Council Members present gathered around together as Council Member Carrion sang).

At the request of the Speaker (Council Member Vallone), the Public Advocate (Mr. Green) declared the meeting to be in recess.

CITY PLANNING COMMISSION

■ NOTICE

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 **N 020060 HAX**

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent(s unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 **N 010696 ZRM**

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District.

Matter in Italic is new, to be added;
Matter in Strikeout is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority,

Health & Hospitals Corporation, Housing

Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at

(212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CITY PLANNING COMMISSION

■ NOTICE

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, November 7, 2001, commencing at 10:00 a.m.

BOROUGH OF THE BRONX
CD 6 **N 020060 HAX**

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1) the designation of 1945-49 Vyse Avenue (Block 2992, Lots 52, 59, p/o 60), as an Urban Development Action Area; and

2) an Urban Development Action Area Project for such area;

to facilitate development of a six-story building tentatively known as Criscuolo Plaza with 46 units of housing for low income and homeless families and one superintendent(s unit and developed under the New York State Housing Trust Fund Program.

BOROUGH OF MANHATTAN
CD 4 **N 010696 ZRM**

IN THE MATTER OF an application submitted by 42/9 Residential LLC, pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 96-102, to modify lot coverage requirements in the Special Clinton District.

Matter in Italic is new, to be added;
Matter in Strikeout is old, to be deleted;
Matter within # # is defined in Section 12-10; and
* * * indicates where unchanged text would appear in the Zoning Resolution.

* * *

96-102
Lot coverage regulations
For any #development# or #enlargement# within the Preservation Area, the #open space# requirement of Article II, Chapter 3, and the #lot coverage# provisions of Section 24-11, are not applicable. The #lot coverage# provisions of this Section apply to any #development# or #enlargement#. *For the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage.* For #zoning lots# or portions thereof located within 100 feet of the #street line# of a #wide street# the maximum #lot coverage# shall not exceed 70 percent. For all #zoning lots# or portions thereof located more than 100 feet from the #street line# of a #wide street#, the maximum #lot coverage# shall not exceed 60 percent.

Any new #development# containing #residential uses# shall provide a minimum of 20 percent of the #lot area# of a #zoning lot# as usable, landscaped open area for the #residential# tenants.

The City Planning Commission, by special permit, may permit up to 100% lot coverage for a development or enlargement on a corner lot. As a condition for such modification, the Commission shall find that the development or enlargement permits adequate access to light and air to surrounding streets and properties and results in a better relationship to adjacent streets, developments and open areas than would be possible without such lot coverage.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.
Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.
This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 380-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions. Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991, and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in Part 617 of the NYCRR, a Final Environmental Impact Statement (FEIS) has been prepared on the action described below and is available for public inspection at the office of the undersigned. The proposal requires approvals by the City Planning commission and the Council of the City of New York pursuant to Uniform Land Use Review Procedure (ULURP).

The Draft Environmental Impact Statement (DEIS) for the 55 Water Street proposal was accepted as complete with respect to scope, content, and adequacy by the New York City Planning Commission (CPC), as lead agency, and published for public review on January 5, 2001. Publication of the DEIS marked the beginning of public review under City Environmental Quality Review (CEQR). This Final Environmental Impact Statement (FEIS) reflects public review and comments, responses to those comments, and ongoing planning efforts.

A public hearing on the DEIS was held by CPC on February 28, 2000. Comments were accepted at that hearing and throughout the public comment period, which was held open until March 10, 2001.

After publication of the DEIS, the proposed tenant of the facility (Goldman Sachs) withdrew from the project and 55 Water Street, L.L.C., the owner of the project site, is continuing to proceed with the actions needed to allow the 55 Water Street project to proceed. This FEIS reflects changes to the actions and anticipated development since publication of the DEIS, public review and comments, responses to those comments, and ongoing planning efforts.

Although the contemplated project that could result from the proposed actions has changed since publication of the DEIS, the permitted building envelope and site plan remain the same. The FEIS also reflects all substantive comments made during the public review period. The principal changes are as follows:

- The certification request related to the transfer of development from the South Street Seaport Development Rights Bank to the site has been modified from 363,581 square feet (sf) to 400,000 sf (an increase of 36,419 sf).
- While the project analyzed in the DEIS included the renovation of 11 floors in the South Tower, changes to the South Tower are no longer included as part of the project contemplated in this FEIS. In addition, the number of office floors contemplated in the new North Tower building has increased from 3 to at least 5 and the number of trading floors has decreased from 7 to 6 floors. It is now anticipated that the North Tower will include 1 full mechanical floor and a lobby and sky lobby/office services/ mechanical floor. It is expected that in the base of the building there would be a health club, cafeteria, or other amenities for tenant employees. In addition, the ground floor may contain local retail (up to approximately 22,000 sf) that would replace office service space.
- The project's contemplated building program is similar to the one considered in the DEIS, and the street wall heights and general envelope analyzed in that document remain the same. However, overall, the project will add approximately 24,856 gross square feet (gsf) to the amount considered in the DEIS due to reconfiguration of floor openings and circulation space, increasing the incremental amount to what currently exists on the site from the 467,585 gsf to 492,441 gsf.
- Because the contemplated building program for the new North Tower includes a larger amount of traditional office space and less trading facility space than what was considered in the DEIS (and possibly a small ground-floor retail component), the population of the building is expected to remain at approximately 4,700 employees (approximately 3,180 traders, roughly 1,200 workers on the office floors and 320 employees in the podium, including retail employees). This is the same total number of workers in the North Tower analyzed in the DEIS.
- In consultation with the New York City Department of Transportation (NYCDOT), the New York City Department of City Planning (DCP) and the New York City Economic Development Corporation (EDC), it was determined that it is possible to expand the project funded portion of the East River Esplanade from 23,400 to 24,050 square feet.
- In addition to funding and/or undertaking the open space improvements described in the DEIS, the applicant, as part of the project, would also fund improvements to a portion of the street bed of Coenties Slip (located between Water and Pearl Streets) making it a permanent open space. Coenties Slip would add approximately 2,600 square feet of new open space to the project's study area.

In addition, the FEIS identifies the comments received during the public review period and provides responses in a new chapter, Chapter 22, "Responses to Comments." Written comments received on the document are included in Appendix D. Where appropriate, the text of other chapters of this FEIS was revised in response to public review.

Analysis Framework

The purpose of this FEIS is to permit decision makers and the public to understand the full potential consequences of the proposed project and actions required to implement it . This requires that the FEIS identify and fully disclose all potential significant adverse impacts of the proposed actions, identify and assess available mitigation to reduce or eliminate such impacts and consider alternatives that would reduce or eliminate such impacts. The FEIS analyses conditions relevant to the proposed actions.

Public Review Process

UNIFORM LAND USE REVIEW PROCEDURE: The city's Uniform Land Use Review Procedure (ULURP), mandated by Sections 197-c and 197-d of the City charter, is a process designed to allow public review at four levels: the Community Board (in this case all Community Boards), the Borough President, the City Planning Commission, and the City Council. The procedure sets time limits for review at each stage to ensure a total review period of a maximum of approximately seven months

CITY ENVIRONMENTAL QUALITY REVIEW: Pursuant to the State Environmental Quality Review Act (SEQRA) and it's implementing regulations, New York City has established rules for CEQR. The environmental review provides a means for decision-makers to systematically consider environmental effects along with other aspects of project planning and design, to evaluate reasonable alternatives, and to identify, and when practicable, mitigate significant adverse environmental effects. CEQR rules guide environmental review through the steps of establishment of a lead agency, preparation of Environmental Assessment Statements (EAS), determination of significance, scoping, preparation of a Draft EIS, public review of the project and DEIS, preparation of a Final EIS, and adoption of findings.

Through a screening process conducted as a part of the EAS and scoping, it was determined that the proposed actions would not result in significant impacts in the areas of land use, zoning and public policy, socioeconomic conditions, community facility (including schools, libraries, hospitals, and police and fire protection), open space, natural resources, infrastructure, solid waste and energy. Evaluation of the proposed actions' potential for impacts in other relevant areas that were not screened out are presented in this EIS.

A. INTRODUCTION

PROJECT IDENTIFICATION

55 Water Street, L.L.C. proposes to develop a 774,974-gross-square-foot (gsf) commercial office building and trading facility on the northern portion of a site located at 55 Water Street (Block 32, Lot 1). The roughly 3.7-acre property is bounded by Old Slip, South Street, Water Street, and Vietnam Veterans Plaza, a portion of which is located on the 55 Water Street site. The site currently contains a development of some 3.65 million gross square feet (gsf) in two office towers and a base. The proposed North Tower would rise across the entire northern portion of the site, eliminating the existing elevated plaza, replacing most of the existing North Tower, and adding a net of 518,050 gsf to the development at 55 Water Street. In addition, the project would include improvements to Vietnam Veterans Plaza and the North Plaza, and the applicant would fund implementation of the East River Esplanade plan from Old Slip to the Battery Maritime Building and would also fund the creation of a permanent public open space at Coenties Slip.
55 Water Street, L.L.C. has applied for a number of public actions, including a text amendment to the Special Lower Manhattan District and the South Street Seaport Subdistrict, a City Planning Commission (CPC) certification for the transfer of development rights pursuant to the provisions of the South Street Seaport Subdistrict, and two CPC authorizations pursuant to the text amendment. The requested approvals place a floor area cap on the project site, mandate a building envelope and a site plan, but would not mandate a specific use or building program for the site. In addition, 55 Water Street, L.L.C. or a tenant of the proposed project may apply for financial incentives and tax exemptions from the New York City Industrial Development Agency (IDA), the New York State Empire State Development Corporation (ESDC), the New York State Power Authority (NYPA), the New York Public Utility Service or other governmental agency. These actions are subject to environmental review pursuant to the State Environmental Quality Review Act (SEQRA) and its implementing regulations, and under City Environmental Quality Review (CEQR). This Final Environmental Impact Statement (FEIS) has been prepared in accordance with SEQRA and CEQR procedures and regulations. All elements of the project, including on-site open space improvements, implementation of the East River Esplanade plan, and improvements to Coenties Slip are expected to be complete in 2004.

PROJECT PURPOSE AND NEED

The project would provide the opportunity for new, technologically sophisticated trading facilities and related office space in Lower Manhattan, thereby strengthening the area's role as a core of the world's financial industry. The financial services industry has historically been, and continues to be, the dominant economic engine of Lower Manhattan. The proposed project would support this use by providing space ideally suited to the needs of this industry. The building would have large (approximately 55,000-square-foot) floor plates with the long, clear spans desired for trading activity. The building would also have high floor-to-floor heights to allow for the introduction of necessary electronic and telecommunication equipment and conduit without interfering with trading activity. The project would also likely provide associated office space intended for the investment firms using the trading space. The project site is one of a very few locations in Lower Manhattan that can accommodate a development having floor plates of a sufficient size for trading activities that can be built at this time. The project would add to and support the recovery of office and trading space in Lower Manhattan after the loss of the World Trade Center Towers.

SITE CONDITIONS

55 Water Street

The 162,323-square-foot project site contains two towers-the 53-story South Tower, which occupies most of the southern portion of the site and the 15-story North Tower in the northwest quadrant of the site. The development was constructed as a single, 3.65-million-gsf building with a large 2-story and below-grade base ("podium") for the two towers. The 728,774-gsf podium contains parking for 601 vehicles (a 521-space public parking garage and 80 accessory parking spaces), truck berths and loading docks, mechanical equipment rooms, some office space, lobby space, and retail space. The North Tower, which rises to a height of 205 feet, contains 282,533 gsf, and the South Tower, which rises to a height of 686.4 feet without setbacks, contains 2,640,237 gsf. Both towers, which are connected above grade by a bridge and via a concourse located in the podium, have concrete and glass facades.

The development provides four public open spaces, including a 5,316-square-foot North Plaza on Water Street to the west of the North Tower; an arcade along the west and south sides of the South Tower, comprising 12,934 square feet; the 28,917-square-foot South Plaza south of the building that is part of the 1.39-acre Vietnam Veterans Plaza; and an elevated plaza of approximately 41,486 square feet east of the North Tower and above Old Slip and South Street.
The elevated plaza was built pursuant to a special permits granted by CPC, the Board of Estimate (BOE), and the Board of Standards and Appeals in the late 1960's. The approval was granted in light of then applicable City policy for development along the Lower Manhattan Waterfront reflected in the 1966 "Lower Manhattan Development Plan" commissioned by the New York City Department of City Planning (DCP). This Plan called for high density waterfront development in this area, a 2-level retail and pedestrian corridor and above-grade connections from the waterfront development to inland sites. The Lower Manhattan Plan envisioned that development between Water and South Streets would include raised plazas to provide the above-grade connection to the waterfront development.
The special permit approval required that the plaza be built to receive and accommodate a future structure from the future waterfront development. The approval required 24-hour access to the elevated plaza and required the escalators to operate from 6 AM to midnight. Frontages along the plaza were to be devoted to the consumer, service and business needs of people working in the area.

PROPOSED DEVELOPMENT

The proposed development consists of two components: the office/trading facility and the open space improvements. Trading floors require large building floor plates and high floor-to-floor heights. To accommodate this use, the proposed building would cover most of the northern portion of the site with a footprint of approximately 57,570 gsf. This size footprint requires that the elevated plaza be eliminated. The 14-story building would include up to six trading floors, at least five floors of office space, one full mechanical floor, and a lobby floor and a sky lobby/office services/mechanical floor. It is expected that in the base of the building there would be a health club, cafeteria or other amenities for tenant employees. There would also be a small retail component at ground level, which could include such uses as a coffee shop, news stand, banking outlet, etc., similar to the local retail that currently exists on the site. Recladding the facade of the North Tower along its Water Street facade would result in a slight reduction in the size of the North Plaza. (The approvals would not restrict the project's building program or the facade materials used in the design.)

To compensate for the removal of the elevated plaza and the reduction in size of the North Plaza, the project would

include funding of open space improvements for the North Plaza and Vietnam Veterans Plaza. The improvements for the Vietnam Veterans Plaza would be in addition to improvements already funded and under way for this area. 55 Water Street, L.L.C. would also fund implementation of the East River Esplanade plan between Old Slip and the Battery Maritime Building, providing an additional open space amenity in the area and would fund the creation of a permanent open space at Coenties Slip.

PROPOSED DESIGN

The discretionary approvals being sought by the applicant would limit the floor area, site plan, and height and setback controls of the building and the design of the on-site open spaces. The approvals would not restrict the project's building program or the facade materials used in the design. Specific modifications to the height and setback controls and lot coverage requirements are described below under "Proposed Actions."

A new entrance and lobby would be created along the Water Street facade of the North Tower with a canopy to cover and identify the entrance. The garage and service entrances would remain in their current locations on Old Slip. Between the North and South Towers, a glass enclosed atrium would be created with conference rooms on some atrium levels. A small open space from the former elevated plaza would remain east of the atrium and would be used as private unprogrammed space for the building tenant. As part of the project, the new North Tower would be air conditioned and have well-sealed double-glazed windows. Interior renovations to portions of the podium would occur as-of-right, and would not be subject to the proposed actions.

ON-SITE OPEN SPACE IMPROVEMENTS

The redesign of the South Plaza and Vietnam Veterans Plaza has been developed by the City of New York Department of Parks and Recreation (DPR), the City Parks Foundation (CPF), and the building owner. Some of these improvements (the "Basic Improvements") will occur with or without the project. These Basic Improvements include the creation of a central access from Water Street to the Vietnam Memorial; the replacement of an existing stairwell with a landscaped area, adding approximately 3,000 square feet of surface area to the plaza; the replacement of existing brick pavers with granite and concrete paving materials; the renovation of the plaza to make it fully handicapped-accessible; the creation of a contemplative seating area near the monument by renovating and upgrading the existing amphitheater area; the upgrading of the drainage system; the creation of additional landscaped areas; the addition of fixed seating to the City-owned portion of the park; and the provision of flag poles to increase the visual presence of the plaza from the street.

Additional improvements would be provided by the applicant. Some of these improvements are part of the DPR/CPF plan, which would be funded and built by the applicant as part of this project, and others have been developed in conjunction with project. The applicant-sponsored improvements include creation of a ceremonial entrance to the plaza from South Street; installation of 12 granite pylons with plaques listing New York City residents who died in the war; relighting of the Memorial; installation of a historic map of Vietnam; creation of an educational installation along the arcade; creation of a multi-use trellis structure; additional seating, landscaping, and enhanced lighting on the privately owned portion of the plaza; integration of the City-owned park with the South Plaza to create a unified design; and addition of food service carts.

The North Plaza would also be upgraded with materials compatible with those used for the reconstruction of Vietnam Veterans Plaza. It would have distinctive paving, five trees in planters adjacent to Water Street, four raised planters with specimen planting and integral seating, flag poles, and lighting. There would also be a canopy over the North Tower entrance.

OFF-SITE OPEN SPACE IMPROVEMENTS

A design for the New York City-owned East River Esplanade from the Battery to East 63rd Street has been developed by the Economic Development Corporation (EDC). The applicant would fund implementation of the esplanade from Old Slip to the Battery Maritime Building, adding approximately 24,050 square feet of new esplanade area. The esplanade would include a bikeway, a walkway, and landscaping along the river's edge between Pier 6 and Old Slip. At Old Slip, pedestrian crossings under the FDR Drive would be marked by a distinctive sidewalk, and the traffic flow organized to maximize room for pedestrians. Improvements south of Pier 6 would be similar, but the right-of-way for the bikeway and walkway would be narrower.
The applicant, as part of the project, would also fund the creation of a permanent public open space at Coenties Slip, a mapped City street that currently has a portion closed to vehicular traffic. This permanent open space is currently being designed by DPR in cooperation with the New York City Department of Transportation as part of its Greenstreets program. The Coenties Slip improvement would be in keeping with the standards of the DPR Greenstreets program, and would include landscaping, seating, and other amenities. The upgrades are intended to make Coenties Slip a more attractive open space resource and to better serve the needs of the open space user population in the area.

PROPOSED ACTIONS

Zoning Text Amendment

In order to permit the additional development to be constructed on the project site, the text of the Special Lower Manhattan District would be amended to include the project site within the boundaries of the South Street Seaport Subdistrict and to designate the site as a receiving lot; to establish a mechanism to permit the elimination of reduction in size of publicly accessible bonused open space if alternative or improved open space amenities are provided; and to permit modification of bulk regulations in connection with the transfer of development rights. In addition to these principal amendments, the proposed text amendment would make certain corrections and clarifications to the Lower Manhattan text. The text amendment would also eliminate pedestrian circulation requirements for C6-9 Districts within the South Street Seaport Subdistrict, consistent with other high density C6 districts within the Seaport Subdistrict.

Certification (ZR Section 91-65)

In order to permit the additional floor area associated with the proposed development to be located on the site, the project would require certification from CPC under Section 91-65 of the Zoning Resolution to allow the site to receive up to 400,000 square feet of development rights from the South Street Seaport Development Rights Bank. The transfer would comply with the requirement of Section 91-65 that the amount of development rights received would not be in excess of an amount equal to 10 square feet for each square foot of lot area on the zoning lot. Currently, there are approximately 479,075 square feet of development rights in the Seaport Bank available for transfer. The certification being requested by the applicant would reduce the remaining development rights to approximately 79,075 square feet. While the proposed text amendment would technically allow a development of 21.6 FAR on the project site, there are not enough development rights in the Seaport Bank for this to occur on the project site. Moreover, the amount of floor area permitted on the project site would be capped by the Authorizations being requested by the applicant (see below).

Authorization (ZR Sections 91-662(b),(c)

The project would require two authorizations from CPC: the elimination or reduction in size of public amenities, and the modification of height and setback and lot coverage controls. The project would require the complete elimination of the 41,486 square foot elevated plaza and the 224-square-foot reduction in size of the North Plaza from 5,316 to 5,092 square feet. As both the North Plaza and the elevated plaza generated a floor area bonus for the existing 55 Water Street building, this elimination would require authorization from CPC pursuant to Section 91-662(b). As noted above and as a condition of the Authorization, the project would provide for substantial upgrades to the North Plaza and both the public and private portions of the Vietnam Veterans Plaza, and the applicant would fund both the implementation of the City's East River Esplanade program from Old Slip to the Battery Maritime Building and the improvements at Coenties Slip.

The physical requirements of the project result in a building that would rise without setback from grade to 240 feet above curb level, the roof of the facility. As a result, the project would require an Authorization under Section 91-662(c) for modification of the height and setback controls of Sections 91-31 and 91-32, and the lot coverage regulations of Section 91-33. These modifications would allow the Water Street facade of the proposed North Tower to exceed 135 feet before setback, would allow the South Street facade to exceed 105 feet before setback, and would allow the Old Slip facade to exceed 85 feet in the midblock, exceed 135 feet at the western end, and 105 feet at the eastern end of this street. Authorization would also be required to allow the entire 55 Water Street development to have a lot coverage of more than 65 percent between the height of 85 feet above curb level and the top of the proposed North Tower at 240 feet above curb level. The lot coverage for the portion of the development between 85 and 200 feet would be 74 percent, and lot coverage for the portion of the development between 200 and 240 feet would be 69 percent. The development would comply with lot coverage controls above 240 feet.

In addition to allowing for the new modifications to bulk controls described above, the Authorization would also incorporate by its terms previous height and setback or other bulk modifications granted for the South Tower. In this case, the Authorization would incorporate the height and setback waivers granted by the Board of Standards and Appeals (BSA) in 1969 (866-68-BZ), that allowed the South Tower to rise without setback. The bulk modifications that would be authorized under this application for the trading facility would supercede the approvals granted by the BSA for the North Tower. Accordingly, the portion of the BSA approvals that would be incorporated into this Authorization would be limited to that applying to the South Tower. (The authorization would limit the floor area, site plan, and height and setback controls of the building and the design of the on-site open spaces. The approvals would not restrict the building's program or the facade materials used in the design.)

Approval of Funding and/or Financial Incentives

It is possible that the owner or a tenant of the office/trading facility may apply for financial incentives available through City and State programs. These include financial incentives and tax exemptions from the IDA, ESDC, NYPA, and the New York City Public Utility Service. Such actions would require approval from the agencies that administer the incentive programs, and these approvals are subject to environmental review.

PROJECT SCHEDULE AND STATUS

Several of the proposed actions require consideration in a discretionary land use review under SEQRA and CEQR. If the proposed actions are approved, it is anticipated that construction would begin shortly after approval of the proposed actions and would take approximately 32 months. It is expected that the project would be ready for occupancy in 2004.

ENVIRONMENTAL REVIEW

The CEQR process provides a mechanism for decision makers to understand the environmental consequences, the alternatives, and the need for mitigating significant impacts. CEQR rules guide the environmental review through: establishing a lead agency; determining whether the proposed action may have a significant impact on the environment; scoping; preparing a DEIS; beginning the public review; preparation of an FEIS by the lead agency; and the adoption of a formal set of written findings, reflecting its conclusions about the potential significant adverse environmental impacts of the proposed action, potential alternatives, and mitigation measures.

This FEIS is reviewing the proposed discretionary actions described in the previous section of this chapter. The approvals currently sought would place a floor area cap on the project site, and would mandate a maximum building envelope, a site plan, and the design of publicly accessible open space on the project site. The actions would not mandate a specific use or building program for the project site. Therefore, the project being reviewed is considered representative of the likely development that could occur on the site under the proposed actions.

B. PROBABLE IMPACTS OF THE PROPOSED ACTIONS

LAND USE, PUBLIC POLICY, AND ZONING

Land Use

There would be no adverse impact to land use as a result of the project. The proposed project would retain the same commercial land use as the existing development on the project site. Therefore, the proposed project would not affect land use on the project site or in the study area. The intended use of the building, an office/trading facility, would be compatible with and supportive of the other financial institutions of Lower Manhattan. The proposed project is not expected to have a significant adverse impact on either the South Street Seaport Subdistrict or the Special Lower Manhattan District. While the amount of open space on the project site would decrease with the proposed project, the building owner would undertake improvements to the Vietnam Veterans Plaza and the North Plaza, improving the quality and utility of these spaces. As part of the project, the applicant would also fund both implementation of a portion of the East River Esplanade plan from Old Slip to the Battery Maritime Building and the open space improvements at Coenties Slip adding to the amount of space at the project site.

Zoning and Public Policy

Under the zoning text amendment, development may occur on the site to a theoretical maximum FAR of 21.6. However, due to the limited amount of development rights remaining in the Bank, this mechanism could not occur on the site (the Authorizations would also cap the total permitted floor area). The proposed building's FAR of 19.80 would be consistent with both the density of other modern buildings in proximity to the project site and in the adjacent South Street Seaport Subdistrict, and with previous transfers of air rights within the South Street Seaport Subdistrict that enabled floor area ratios (FARs) above 18.0. The project would support the goal for which the transfer of air rights policy was devised by steering development away from the historic center of the South Street Seaport. The expansion of the district boundaries to include the project site would be consistent with existing subdistrict legislation that allows transfer of development rights away from the Seaport to nearby high-density commercial districts in the vicinity of the South Street Seaport. Furthermore, the proposed project would facilitate a major investment in Lower Manhattan, and is thus consistent with public policies aimed at promoting commercial investment in this area.

Consistent with public policy and zoning, the new authorization provisions would be applicable to C6-9 districts. The CPC findings required for a public amenity to be reduced or eliminated provide that a new or improved public amenity that better serves the intended purpose of the Special Lower Manhattan District be created, resulting in beneficial impacts and improvements to the public amenities in affected C6-9 districts. The CPC findings required to received the authorization for bulk modifications would ensure that the modifications would be appropriate for the lot and would not impair neighboring properties or public amenities.

The text amendment would also eliminate pedestrian circulation requirements for C6-9 Districts within the South Street Seaport Subdistrict. This text change would make the regulations of C6-9 districts consistent with other high density C6 districts within the Seaport District. Furthermore, as the site is surrounded on two sides by publicly accessible open space, the amendment would have no practical effect. Thus, as a result of the proposed zoning text amendment, no adverse impacts would occur to zoning policy for the area.

The proposed project would not modify the Brooklyn Bridge Southeast Urban Renewal Plan and would not result in adverse impacts to land uses in that area. Finally, while it is not public policy to eliminate public open space it is public policy to provide more accessible and useable open space. The proposed project would enhance open spaces both on the project site and in the off-site open space improvement areas, and is thus consistent with the policy of improving public open spaces. Accordingly, no adverse impacts to zoning/public policy would occur as a result of the project.

SOCIOECONOMIC CONDITIONS

The proposed action would result in beneficial impacts with respect to socioeconomic conditions. No significant adverse impacts would occur. Based on preliminary estimates, the private investment for construction of the proposed project is estimated at $371 million (in 2000 dollars), which reflects the cost of physical improvements to the site and excludes other values not directly a part of the expenditures for construction. The total cost would be substantially more.

Construction-Period Impacts From The Proposed Project

The $371 million represents the direct expenditures during the construction period. The direct employment from direct expenditures is estimated at about 2,530 person-years of employment, and resultant employment from construction expenditure would generate an additional 1,359 person-years of employment within New York City, bringing the total direct and generated jobs from the construction of the proposed project to 3,889 person-years. The direct wages and salaries during the construction period are estimated at $140.01 million. Total direct and generated wages and salaries resulting in New York City from construction of the proposed project are estimated at $209.06 million. In the broader New York State economy, total direct and generated wages and salaries from construction of the project are estimated at $254.05 million. The total economic activity, including indirect expenditures, is estimated at $711.4 million in New York State, of which $544.0 million would occur in New York City.

Operation Period Impacts From the proposed Project

It is projected that the overall direct economic activity of the annual operation of the project, measured as economic output or demand, would equal approximately $3.03 billion. The total economic activity, including indirect expenditures that would occur from the annual operation of proposed project would equal approximately $5.42 billion in New York City and approximately $6.31 billion in New York State. These amounts would all represent economic activity retained in the City as well as substantial increases over existing conditions.

This annual economic activity would also have concomitant annual tax revenues for New York City, MTA, and New York State. These tax revenues would include personal income taxes, sales tax, general corporation tax, unincorporated business tax, property tax, utilities tax, and numerous other taxes.

COMMUNITY FACILITIES AND SERVICES

The proposed action would not result in significant adverse impacts to community facilities and services.

Police

Although the proposed project would increase the area's daytime population, it would not have an adverse impact on the ability of NYPD to provide adequate routine services in the area. Because it is City policy to respond to changes in demand for police services as it is demonstrated, there would be no adverse impacts on the ability of NYPD to provide adequate routine services in the area. Further, the building would maintain its own private security staff to provide additional protection to its facilities and employees at 55 Water Street.

Fire

The proposed project would meet all the requirements of the New York City Building Code. It is not anticipated that the project would have any adverse impacts on the provision of Fire Department services in the area.

OPEN SPACE AND RECREATIONAL FACILITIES

The proposed project would remove a 0.95-acre elevated plaza and a small portion of the North Plaza (0.005 acres) on the 55 Water Street site. As compensation the project would provide for a significant upgrade of more than 1.5 acres of existing open space (the North Plaza and the South Plaza/Vietnam Veterans Plaza) and would add at least 0.55 acres of new open space to the East River Esplanade and would add an additional approximately 2,600 sf of open space at Coenties Slip. Overall, there would be a net reduction of approximately 0.34 acres in total passive open space in the study area. This would decrease the amount of open space per worker by approximately 4.9 percent (from 0.0955 per 1,000 workers to 0.0908), less than the 5 percent threshold that, according to the *CEQR Technical Manual*, represents a substantial change; furthermore, the open space ratio would be higher than under existing conditions. Based on a quantitative analysis, while there would be a loss of the on-site elevated plaza and a decrease in the open space ratio, the proposed project would not result in an adverse open space impact. From a qualitative standpoint, the proposed open space improvements would provide more useful and accessible open space than exists at the project site. The elevated plaza is visually isolated and only lightly used. The underlying purpose for the plaza-to provide a connection to and extension of the former Manhattan Landing project-no longer exists, and the plaza is inadequate to serve the needs of the potential on-site and study area user population. The elimination of the elevated plaza would be compensated for by the provision of more usable new and enhanced public open spaces on site and within the study area. These new and upgraded spaces-enhanced North and South Plazas and Vietnam Veterans Plaza on site, construction of a ¼-mile stretch of the East River Esplanade in accordance with the City's Esplanade Plan, and the improvements to Coenties Slip would provide significant new amenities appropriate to the needs of the potential user population, including landscaping, seating, lighting, water features, exhibits, and additional features. The new and upgraded spaces would be more in keeping with the City's current policies of providing greater accessibility and utility in public open spaces and greater access to the City's waterfront.

Therefore, based on an examination of both quantitative and qualitative aspects of open space conditions-including the open space study area user population (primarily office workers who use passive open spaces during lunch time hours), the limited utility of the existing elevated plaza, and the substantial open space improvements included in the proposed project-no significant adverse open space impacts would occur as a result of the proposed project.

SHADOWS

Because of the heights of the surrounding buildings and the relatively small size of the open spaces in the vicinity of the project that would be in the shadow of the proposed tower, the incremental increase from the proposed project would have the effect of removing the last of the sun on some of the open spaces some of the year, and at the Old Slip Plaza, all times of the year. These increments would not significantly alter the character of these open spaces because they are already in shadow for much of the day (except for the East River Esplanade). The portion of the East River Esplanade, where the small shadow would fall, is used mostly in the midday, well before the anticipated shadow increase. There would be no increase in shadow on Coenties Slip. Overall, while most of the increase in shadows would be on Old Slip Plaza, even that space would not be significantly altered by this change and no adverse impacts would result.

HISTORIC RESOURCES

Archaeological Resources

A portion of the North Plaza between the area of the 55 Water Street basement and Water Street was found to be potentially sensitive for historic-period archaeological resources dating from the 17th and 18th centuries. The proposed project would not impact these resources because there would be no subsurface excavation below a depth of 6 inches. However, if excavation exceeding a depth of 6 inches is required in the sensitive area, it could result in a significant adverse impact. Mitigation would be performed prior to construction (see "Mitigation," below).
The New York City Landmarks Preservation Commission (LPC) has determined that subsurface work for the proposed extension of the East River Esplanade to a depth of 5 feet for tree plantings would not have adverse impacts to archaeological resources.

A Stage 1A Documentary Study undertaken to assess the potential for archaeological sensitivity at Coenties Slip determined that the site is sensitive for historic-period resources between the present surface to a depth of 8 feet or more. Additional testing and potential mitigation is described below (see "Mitigation").

Architectural Resources

As there are no architectural resources located directly on the project site or at the off-site open space improvements areas, there would be no impacts to architectural resources in these locations.

The project site is located directly across Old Slip from the First Precinct Police Station. Construction of the proposed project could potentially cause damage to this building from ground-borne construction vibrations. To avoid construction period impacts on this historic resource, the First Precinct Police Station will be protected by following the requirements laid out in the New York City Department of Buildings Technical Policy and Procedure Notice #10/88 concerning procedures for avoidance of damage to historic structures from adjacent construction. In addition, LPC's "Protection Program for Landmark Buildings" will be followed.

It is not anticipated that construction of the proposed project would have any adverse physical impacts on any of the other historic resources in the study area, since none are located close enough to the project site to be affected by construction and do not abut the proposed open space improvements.

In addition, there is no meaningful context between the structures on the site to be demolished and any historic resource in the area. Therefore, no adverse contextual impacts are anticipated on architectural resources as a result of the proposed project.

The proposed addition of the project site to the South Street Seaport Subdistrict and its designation as a receiving lot would not physically alter the buildings within the South Street Historic District, nor cause any adverse impacts to architectural resources in this area.

URBAN DESIGN AND VISUAL RESOURCES

The project would not result in any significant adverse impacts to urban design or visual resources. The proposed project would remove the existing 15-story North Tower and an elevated plaza on the south side of Old Slip between Water and South Streets. A somewhat taller 14-story office/trading facility would replace the office building and occupy the site of the plaza. The proposed open space improvements would have a positive effect on visual quality and urban design in the area.

Due to the urban design of the area, which consists of primarily curving and twisting streets west of Pearl Street and tall, large, modern skyscrapers to the east, views to the site are limited to primarily the streets immediately surrounding the project site. Therefore, the area where impacts would be expected to occur-from nearby local streets-has been defined as the area from within approximately 400 feet of the project site and proposed open space improvements where views of the project are possible. Within this area, the project site is visible from the paved walkway along the waterfront, although construction of the proposed project would not adversely impact views of the river or of the waterfront from this location. The project is expected to be somewhat taller than the existing North Tower but of a similar design as other modern skyscrapers in the area and, therefore, would not significantly alter the urban design of the area. Removal of the plaza would result in the loss of views of the river and waterfront-a significant visual resource-from the elevated plaza. However, this would not constitute a significant adverse impact since the project would provide for additional enhanced open space, including open space directly adjacent to the waterfront.

NEIGHBORHOOD CHARACTER

The neighborhood character analysis concludes that as a result of the proposed actions, changes in building design on the project site would occur, an existing on-site plaza would be removed, and traffic and pedestrian activity would increase. However, no adverse changes to neighborhood character would result, as follows:

- The project would not introduce a land use that is incompatible with surrounding land uses;
- The building design changes would not conflict with surrounding land uses with surrounding urban design elements;
- Construction of the East River Esplanade would compensate for the loss of a significant visual resource (i.e., views of the East River and Manhattan and Brooklyn waterfronts from the elevated plaza on site that would be eliminated by the project) by introducing the opportunity for public access to views of the river and waterfronts and the funding of improvements to Coenties Slip would create a permanent open space; and
- Increases in pedestrian activity could be accommodated in the area and traffic impacts identified at two intersections in the area would be fully mitigated.

Other areas potentially affecting neighborhood character, such as socioeconomic conditions, historic resources, and noise levels would not experience impacts from the project and would therefore cause no change in neighborhood character. Any potential impacts to archaeological resources would be mitigated, and would not affect neighborhood character.

HAZARDOUS MATERIALS

The proposed action would not result in any significant adverse hazardous materials impacts on the project site, since only minor excavation is planned on the project site as part of the proposed project and historical uses at the site indicate that the presence of hazardous materials is unlikely. In the event that soils containing petroleum or other hazardous materials are discovered on the project site or the off-site open space improvement areas removal of any hazardous materials would be undertaken in compliance with all applicable requirements to ensure that no significant adverse hazardous materials impact would occur to this area as a result of the proposed actions. The North Tower contains asbestos. Therefore, demolition of portions of this building would be undertaken in accordance with applicable City, State, and Federal regulations. Asbestos would be removed, transported, and disposed of in accordance with all appropriate regulations. With these procedures in place, no significant adverse impacts would occur as a result of the asbestos removal.

Proposed demolition and construction activities may involve disturbance of surfaces with lead- based paint. Any such activities would be conducted in accordance with applicable U.S. Occupational Safety and Health Administration (OSHA) regulations for worker protection from exposure to lead. With the implementation of these measures, no significant adverse impacts related to hazardous materials are expected to occur as a result of the demolition and construction activities for the proposed project.

INFRASTRUCTURE, SOLID WASTE, AND ENERGY

The anticipated net increase in water demand for the proposed project is 137,509 gallons per day (gpd) over existing uses. This quantity would not be significant enough to affect the New York City water supply system's ability to deliver water reliably, nor would project-generated demand for water affect local water pressure and no adverse impact would occur.

The anticipated net increase of sewage generated by the proposed project is 90,750 gpd. This would not cause the Newtown Creek Water Pollution Control Plant (WPCP) to exceed its design capacity or State Pollutant Discharge Elimination System (SPDES) permit flow limit. None of the increases to the plant are expected to have any measurable impact, nor is it expected that mass loadings would exceed permitted discharge levels. Consequently, sewage generated from the proposed project would not result in a significant adverse impact.

The proposed project would add a total of 41,600 pounds of solid waste generated by the site per week. Though somewhat higher than would occur in absence of the project, this amount would not overburden the City's solid waste disposal capabilities, and no significant adverse impacts are expected.

The proposed project would comply with the New York State Conservation Construction Code. Energy consumption from the proposed project is not expected to result in any significant additional load for Con Ed or another power company, and no adverse impact would occur.

WATERFRONT REVITALIZATION PROGRAM

Because the proposed project is located within the City's coastal zone, it is subject to the City's Coastal Zone Management Program. The New York City Waterfront Revitalization Program (WRP) is the City's principal coastal zone management tool. Ten WRP policies are used as the basis for evaluation of discretionary actions within the City's designated Coastal Zone that require only City permitting or Uniform Land Use Review Procedure (ULURP) review. The proposed project would be consistent with all of the WRP policies and standards.

TRAFFIC AND TRANSPORTATION

The proposed actions would result in significant adverse traffic impacts at two intersections. No impacts to transit, parking, or pedestrian conditions would occur.

The travel demand from the proposed office/trading facility would bring an increase of 108 vehicle trips in the AM peak hour, and 91 vehicle trips in the PM peak hour. Negligible increases (if any) are expected during the midday peak hour. Subway trips would increase by 927 in the AM peak hour and 821 in the PM peak hour. PATH trips would increase by 440 and 390 in the AM and PM peak hours, respectively. There would be modest increases in travel demand for all other modes of transportation during AM and PM peak hours.

The proposed project would have a significant impact on traffic at both the Water Street and Broad Street, and Water Street and Old Slip intersections during the AM peak hour only.

The northbound Broad Street approach would experience delays in right-turn and left-through movement. At the same intersection, delays would also be experienced for the already congested Broad Street southbound approach. At the Water Street and Old Slip intersection, significant delays would be experienced in the northbound direction.

Mitigation measures for the impacts are described below in the Mitigation section of this summary.

The proposed project would increase midday parking demand by approximately 143 spaces on weekdays, which would increase the utilization rate for surrounding parking facilities. There would be a midday peak hour parking shortfall and it is expected that some parkers may seek accommodations outside of the study area. The AM peak hour traffic generated by the project is expected to be accommodated by the on-site parking garage. Consequently, significant adverse parking impacts are not expected.

Although the number of subway trips and riders, particularly at the Wall Street IRT Nos. 2 and 3 and Wall Street IRT Nos. 4 and 5 stations is expected to increase because of the proposed project, no significant impacts on subway service or street stairs are expected. In addition, both the local and express bus services would accommodate the slight increase in passengers. At the analyzed corners and crosswalks near the site, pedestrian traffic would increase during AM and PM peak hours, but would not result in a significant adverse impact.

AIR QUALITY

The proposed action would not result in significant adverse

stationary or mobile source impacts.
Analysis of carbon monoxide concentrations associated with the proposed project indicates that future levels will fall far below the standard concentrations. Therefore, the proposed project, including the parking garage, would not result in any violations of the CO standard and would be consistent with the New York State Implementation Plan for the control of ozone and carbon monoxide.

The proposed project would not result in any stationary source emissions, since steam from Con Edison would be used for its heating and hot water systems.

NOISE

Ambient noise in the area of the proposed project is primarily due to traffic. In general, noise levels at Old Slip, South Street, and Water Street are high, falling into the "marginally unacceptable" category of New York City Environmental Protection Order (CEPO)-CEQR standards, while noise levels at the Vietnam Veterans Plaza, which is somewhat shielded from some of the traffic noise, are moderate, falling into the "marginally unacceptable" category.

The new trading facility would contain central air conditioning and well-sealed, double-glazed windows. With these measures, interior noise levels would comply with CEPO-CEQR requirements. In addition, mechanical equipment, such as the heating, ventilation, emergency power, and air conditioning system and the elevator motors, would utilize sufficient noise reduction devices to comply with applicable noise regulations and standards. Therefore, the proposed project would not have any significant adverse noise impacts. In addition, there would be no noise impacts on the off-site open space improvement area.

CONSTRUCTION

Construction of the project would be similar to construction at any other site in Manhattan, and the hours of construction would be regulated by the New York City Noise Code and the New York City Department of Buildings. While construction may be disruptive at times to the immediately surrounding area, all foundation and below-grade work would occur within the existing building and would not be visible to the public.

Land Use

Construction of the project on the site would cause some disruptions to activities in the surrounding area. However, these disruptions would be temporary in nature, with overall construction anticipated to last approximately 32 months. Land uses on the blocks adjacent to the site are not particularly sensitive to construction activities (i.e., there are no schools or houses of worship). While there may be some inconvenience associated with construction, no conflicts are expected with the surrounding land uses. The hours of construction would be regulated by the New York City Noise Code and the New York City Department of Buildings.

Economic Benefits

Construction would create direct benefits resulting from expenditures on labor, materials and services, and indirect benefits created by expenditures by material suppliers, construction workers, and others involved in the project. Construction of the project would also contribute to increased tax revenues for the City and State, including corporate taxes, personal income taxes, business taxes, City and State sales taxes, etc.

Historic Resources

The nearest architectural resource is the First Precinct Police Station (S/NR, NYCL), located directly north of the project site on Old Slip. As Old Slip is relatively narrow, construction of the proposed project could potentially cause damage to this building. In order to avoid such damage, construction would comply with the requirements of the New York City Department of Buildings Technical Policy and Procedure Notice #10/88 and LPC guidelines, concerning procedures for avoidance of damage to historic structures from adjacent construction. Potential construction-related impacts on archaeological resources are discussed in "Historic Resources," above and "Mitgation," below.

Hazardous Materials

The site history uses indicate that the presence of hazardous materials is unlikely; there is a low potential for significant impacts due to subsurface hazardous materials. The North Tower contains asbestos, and it is likely that it contains lead-based paint. Adherence to City, State, and federal requirements concerning both asbestos and lead-based paint would avoid significant adverse impacts, and no significant adverse impacts are expected to occur as a result of hazardous materials removal.

Traffic and Transportation

Construction worker trips would be concentrated in off-peak hours and would not represent a substantial number increment during peak travel periods. Construction worker travel would be primarily by public transportation, with a smaller percentage by private auto. It is anticipated that all of the equipment would be accommodated on-site. Therefore, vehicle trips associated with construction would not be likely to have any significant adverse impacts on surrounding streets.

Truck movement for the purpose of material delivery, and truck holding and staging would occur generally between the hours of 7:30 AM and 3:30 PM on South Street, adjacent to the project site. No long-term lane closures or rerouting of traffic are anticipated.

Air Quality

All demolition, excavation, and construction for the proposed project would be conducted with the care mandated by the site's proximity to active uses. All appropriate fugitive dust control measures-including watering of exposed areas and dust covers for trucks-would be employed. In addition, all necessary measures would be implemented to ensure that the New York City Air Pollution Control Code regulating construction-related dust emissions is followed. As a result, no significant air quality impacts from fugitive dust emissions would be anticipated.

Localized increases in mobile source emissions would be minimized by incorporating traffic maintenance requirements into the construction contract documents to ensure that any construction requiring temporary street closings would be performed to the extent possible during off-peak hours, the existing number of traffic lanes would be maintained to the extent possible, and idling of delivery trucks or other equipment would not be permitted during periods when they are being unloaded or not in active use. As a result of these measures, no adverse impacts would occur.

Noise

Construction noise is regulated by the New York City Noise Control Code and by EPA noise emission standards for construction equipment. These local and federal requirements mandate that certain classifications of construction equipment and motor vehicles meet specified noise emissions standards; that, except under exceptional circumstances, construction activities be limited to weekdays between the hours of 7 AM and 6 PM; and that construction material be handled and transported in such a manner as not to create unnecessary noise. These regulations would be carefully followed. In addition, appropriate low-noise emission level equipment and operational procedures would be used. Compliance with noise control measures would be ensured by including them in the contract documents as material specification and by directives to the construction contractor.

C. MITIGATION MEASURES

HISTORIC RESOURCES

Archaeological Resources

The portion of the North Plaza not built above the 55 Water Street building's basement has been determined to be potentially sensitive for historic period resources. To avoid impacts to these potential resources, the proposed North Plaza improvements do not include excavation in this area. However, should excavation below a depth of six inches in the potentially sensitive area be proposed or required at a later date in this project development, a significant adverse impact could occur, and mitigation would be required. A potential impact at this location would be mitigated to the extent practicable by Stage 1B testing in accordance with a plan developed in consultation with LPC. If necessary, based on the results of Stage 1B testing, further mitigation involving avoidance or data recovery would follow.

The Stage 1A Documentary Study prepared for Coenties Slip determined that this site is potentially sensitive between the present surface to a depth of 8 feet or more for historic-period archaeological resources and that subsurface disturbance has the potential to result in adverse impacts. To mitigate potential adverse impacts, additional disturbance documentary research by an archaeologist would be undertaken to assess disturbance and identify those sections of the open space improvement area which have lost archaeological integrity due to modern construction disturbance. Then a comparison of the archaeologically sensitive areas with the proposed vertical and horizontal extent of the proposed open space improvements would be undertaken, to determine where disturbance of archaeological resources could occur, if at all. The results of this analysis would be submitted to LPC for review prior to project construction. Should LPC determine, following review of the additional research and analysis, that the depth of the proposed improvements extend into areas that have been disturbed and have lost archaeological sensitivity, then no further archaeological study would be warranted. If LPC determines that project construction would extend into potentially sensitive strata, then Stage 1B archaeological field investigations would be undertaken, with a proposal for the testing phase developed in consultation with and approved by LPC prior to commencement of testing. Should the Stage 1B archaeological field investigations discover significant archaeological resources, and LPC concurs, mitigation measures will be developed in consultation with LPC to avoid adverse impacts to archaeological resources. These measures may include archaeological investigation or project redesign to avoid disturbing these resources.

TRAFFIC AND TRANSPORTATION

Water Street / Broad Street

It is proposed to transfer 3 seconds of green time from Water Street to Broad Street in the AM peak hour and implement the mitigation measures proposed by the New York Stock Exchange (NYSE) project in 2004. The proposed measures would mitigate all project impacts at this location.

Water Street / Old Slip

To provide sufficient additional capacity to mitigate the project's impact to northbound Water Street, it is proposed to transfer 3 seconds of green time from Old Slip to Water Street in the AM peak hour. The proposed measure would mitigate the project impact at this location.

Mitigation Measures-2004-2006 Period

An analysis was undertaken to determine whether any additional or different mitigation measures would be required in the 2004-2006 period before completion of the NYSE project, and before vehicle diversions and proposed mitigation measures associated with the project have been implemented. The NYSE project's principal traffic effect in the study area includes increased traffic along Water Street and reduced traffic on Maiden Lane resulting from diversions due to NYSE Security Plan and mitigation measures at the Water Street intersection with Broad Street. The NYSE-proposed mitigation at the Water Street/Broad Street intersection would be needed in 2004 to address the project impact at this location. The project impact at the Water Street/Old Slip intersection would not occur without NYSE. Also, there would be no impacts at the Maiden Lane intersection with Water Street with or without NYSE. The mitigation measures needed without NYSE include signal retiming, lane restriping, and implementing "No Standing" regulations. The mitigation measure at the Broad Street/Water Street intersection would eliminate north- and southbound movements at this intersection.

AIR QUALITY

The maximum predicted CO concentrations for the proposed project would not result in any significant adverse air quality impacts. Therefore, no air quality mitigation is required. Further, the proposed project with the proposed traffic mitigation measures would not result in any violations of the CO standards or any significant adverse air quality impacts at the receptor location.

C. ALTERNATIVES

Four alternatives to the proposed project have been considered: the No Action Alternative, the Increased Trading Floor Alternative, the South Tower Trading Facility Alternative, and the Smaller North Tower Alternative.

NO ACTION ALTERNATIVE

The No Action Alternative would not involve any changes to the structures on the project site. Under this alternative, it is assumed that a trading facility/headquarters would not be built at 55 Water Street. The No Action Alternative would not further public policies of encouraging commercial development in Lower Manhattan or replacing space lost in the World Trade Center attacks.

Under this scenario, the site's land use would not significantly change, though it is assumed that the existing office space Chase Manhattan Bank currently occupies will be retenanted upon the expiration of their lease with similar uses. No economic benefits realized during either the construction or operation of the proposed project would occur. While the existing underutilized elevated plaza on the site would remain, the No Action Alternative would not provide the proposed project's on- and off-site open space improvements.

Without the project, no new shadows would be cast on the Old Slip Plaza. There would be no potential for subsurface disturbance of the North Plaza that would potentially disturb archaeological resources. No potential for construction-related impacts would occur to the First Precinct Police Station and no construction protection measures would be required. The urban design and visual character of the project block would remain unchanged under this alternative. It would be compatible with the character of the area, add new users to the site, and activity in the area would increase, including traffic levels. In addition, no potential for health risks due to hazardous material is anticipated to take place on the project site or off-site open space improvement areas under this alternative, though none would occur under the proposed action due to compliance with applicable regulatory requirements.

Demands on local utility systems, including water supply, solid waste and recycling, and energy would increase over the existing conditions due to the somewhat increased population. However, as with the proposed project, no adverse impacts would result. There would be no significant adverse impacts to waterfront policy. Traffic volumes would be expected to increase as a result of planned developments in the study area and general growth in the City. There would be no significant adverse noise impacts, and small increases in the CO concentrations resulting from operations of the proposed project would not occur, though no adverse impact would occur under the proposed project. This alternative would also avoid the temporary construction effects attributable to the proposed project.

INCREASED TRADING FLOOR ALTERNATIVE

This alternative to the project had been considered by the former prospective tenant of the project and is an alternative for the applicant's building program; no different actions would be required. This alternative would locate additional trading floor space in the North Tower and would eliminate the office use. Under this alternative, the five floors of office space proposed as part of the project would be replaced by three trading floors. The height of the new North Tower and general population under this alternative would be the same as with the proposed project. (The population in both the Increased Trading Floor Alternative and the proposed project would be the same because of the increased height of the trading floors and the 50 percent greater population densities found on trading floors as compared to office floors occupied by a combination of cubicles and offices.) Therefore, the effects of this alternative would not differ substantially from the proposed project in terms of land use, zoning, and public policy, socioeconomic conditions, community facilities, open space, shadows, historic and archaeological resources, neighborhood character, traffic, air quality, noise, hazardous materials, infrastructure, or construction impacts.

SOUTH TOWER TRADING FACILITY ALTERNATIVE

This alternative assumes that the applicant would develop a new trading facility in the existing South Tower using the office space to be vacated by Chase Manhattan Bank at the expiration of their lease. Under this alternative, the volume of the North Tower would remain unchanged; hence, there would be no impacts on open spaces, or increases in shadows on any open spaces. However, under this alternative, it is unlikely that any of the proposed on- or off-site improvements would be made to the North Plaza along Water Street, the South Plaza, and the Vietnam Veterans Plaza, nor would funding be provided for implementation of the East River Esplanade plan between Old Slip and the Battery Maritime Building nor for the open space at Coenties Slip. This alternative is not viable, because the column-free, double-height floors required for trading could not be created within the existing structure. A user would be unable to renovate the space to accommodate a new state-of-the-art trading facility for its use. Therefore, this alternative would not satisfy project goals and is not feasible.

SMALLER NORTH TOWER ALTERNATIVE

This analysis considers a project that would reduce the height of the proposed project to 205 feet, the approximate height of the existing building. This proposal would result in the loss of two floors of office or trading space, and would continue to require that the elevated plaza be eliminated in order to provide floor plates of adequate size to accommodate trading functions. Under this alternative, approximately 2,500 employees, rather than 3,200 in the proposed project, would be added to the project site. The open space improvements proposed under the current project would remain the same. However, under this alternative, the open space ratio would be 0.0921 rather than 0.0908. Neither the proposed project or the alternative would result in any adverse open space impacts. As with the proposed project, the alternative would not result in impacts to land use zoning and public policy, socioeconomics, community facilities, neighborhood character, hazardous materials, coastal zone consistency, air quality, and noise.

The effects on visual resources and urban design and historic resources would be unchanged from the proposal. Because of the lower amount of office space as compared to the proposed project, there would be similar or fewer traffic impacts, and the area's parking shortfall would be somewhat smaller. Mitigation proposed to address the impacts of the project would similarly address any impacts of this alternative. Under this alternative, a small fraction of the shadow that would be cast on Old Slip would be reduced at midday on June 21 by about half its greatest extent. No adverse shadow impacts would occur to this open space as a result of either the proposed project or the proposed alternative. The construction period for the alternative would be slightly shorter than that for the proposed project, and the beneficial economic effects of construction and operation of this alternative would be somewhat less than for the proposed project. The alternative is less economically viable than the proposed project (due to the costs of partially demolishing the existing North Tower and the open space improvements), and may not be feasible.

COMMUTER VAN SERVICE AUTHORITY APPLICATION

Notice is hereby given that the Department of Transportation has received an application for commuter van authority. The applicant is proposing to operate a commuter van service in a residential area of the Bronx bounded on the north by 222nd Street from White Plains Road to Laconia Ave. Bounded on the east by Laconia Ave from 222nd Street to Waring Ave. Bounded on the south by Waring Ave from Laconia Ave to White Plains Road. Bounded on the west by White Plains Road from Waring Ave to 222nd Street. From and to said territory bounded on the north by Edson from Boston Road following Pratt Ave to Conner Ave. Bounded on the east by Corner Ave from Pratt Ave to Peartree Ave. Bounded on the south by Peartree Ave from Conner Ave along Co-Op Blvd to Bartow Ave. Bounded on the west by Bartow Ave from Co-Op Blvd following Baychester Ave to 222nd Street. The applicant is Hal Transportation, Inc. They can be reached at 136-39 220th Street, Springfield Gardens, NY 11413. The company is proposing to use 10 vans to provide this service 24 hours per day.

There will be a public hearing held on November 27, 2001 at the Bronx Borough President's Office, 851 Grand Concourse, Veterans Memorial Hall, 1st Floor from, 3:00 p.m. - 5:00 p.m. so that you may have an opportunity to voice your position on this application. In addition, written comments in support or in opposition to this application may be sent to Ms. Dorothy Szorc at the New York City Department of Transportation, Division of Surface Transit, Battery Maritime Building, Third Floor, New York, New York 10004 no later than November 27, 2001. Any written comments received after this date may not be considered. Those opposing the application must clearly specify why the proposed service will not meet present and/or future public convenience and necessity.
