11-44
Authorizations or Permits in Lower Density Growth Management Areas

The provisions of this Section 11-44 shall apply within #lower density growth management areas#.

(a) Notwithstanding the provisions of N040414ZRY and subject to the provisions of Section 11-30 (BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT) with respect to amendments of this Resolution other than N040414ZRY, Section 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and Section 11-43 (Renewal of Authorization or Special Permit), the following provisions shall apply with respect to special permits and authorizations granted by the City Planning Commission or for which certification or referral for public review has been made prior to (effective date of amendment):

1. Any #development# or #enlargement#, including minor modifications thereto, granted a special permit or authorization by the City Planning Commission and, where applicable, the City Council, prior to (the effective date of amendment) may be #developed# or #enlarged# pursuant to the terms of such permit or authorization and, to the extent not modified under the terms of such permit or authorization, in accordance with the regulations in effect at the time such permit or authorization was granted.

2. Any application for a special permit certified by the Department of City Planning or application for an authorization referred by the Department of City Planning for public review prior to May 24, 2004 may be continued pursuant to the regulations in effect at the time of certification or referral and, if granted by the City Planning Commission, and, where applicable, the City Council, may be #developed# or #enlarged# pursuant to the terms of such permit or authorization, including minor modifications thereto, and, to the extent not modified under the terms of such permit or authorization, in accordance with the regulations in effect at the time such application was certified or referred for public review.

(b) Notwithstanding the provisions of N040414ZRY, the following provisions shall apply to certain #developments# within the #Special South Richmond Development District#:

1. #Developments#, including minor modifications thereto, within the #Special South Richmond Development District# that contain #designated open space# and a portion of the #waterfront esplanade#, where such #development# is conditioned upon a restrictive declaration that includes a site plan for such #development#, including provisions for public access to such #designated open space# and #waterfront esplanade#, may be #developed# in accordance with the regulations in effect prior to (effective date of amendment).

2. #Developments# within the #Special South Richmond Development District# accessed by in part by #private roads# and consisting in part of construction within #streets# that are unimproved, and for which a conservation easement has been granted to the City, and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, and an application for an authorization for such #development# has been filed pursuant to paragraph (a) of Section 26-27 prior to May 1, 2004, may be #developed# in accordance with the regulations in effect prior to (effective date of amendment).

Floor area

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

* * *

(i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:

(1) within #detached# or #semi-detached single-# or #two-family residences# in R2X, R3, R4 or R5 Districts, except that in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;

(2) within #residential buildings developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;

(3) in excess of 100 square feet per required space in individual garages within other #residential buildings# (#attached residential buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of:

(i) #curb level#; or

(ii) grade existing on June 7, 1989.

* * *

However, the #floor area# of a #building# shall not include:

* * *

(6) floor space used for #accessory# off-street parking spaces provided in any #story#:

(i) up to 200 square feet per required space existing on June 30, 1989 within #residential buildings# in R3, R4 or R5 Districts, except that for #detached# or #semi-detached single-# or #two-family residences# in R3, R4A and R4-1 Districts within #lower density growth management areas#, #floor area# shall not include up to 300 square feet for one required space and up to 500 square feet for two required spaces;

(ii) up to 100 square feet per required space in individual garages in #attached residential buildings#, rowhouses or multiple dwellings in R3, R4, or R5 Districts except that in R3-2 Districts within #lower density growth management areas#, up to 300 square feet for one such space and up to 500 square feet for two such spaces, except for:

(1) #residential buildings developed# or #enlarged# after June 30, 1989 pursuant to the optional regulations applicable in a #predominantly built-up area#;

(2) #residential buildings# where, subsequent to June 7, 1989, the level of any #yard#, except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of #curb level# or grade existing on June 7, 1989.

* * *

Lower density growth management area

A "lower density growth management area" is any R1, R2, R3, R4A or R4-1 District in the following designated areas, and any #development# accessed by #private roads# in R1 through R5 Districts within such areas:

The Borough of Staten Island

* * *

Private road

Except in #lower density growth management areas#, ~~A~~a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #dwelling unit# within a #development# where five or more #dwelling units# are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.
An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

In #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

(a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

(b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Detached and Semi-Detached Two-Family Residences

~~R3-1 R3A R3X~~ R3 R4-1 R4A

In R3A, R3X or R4A Districts, and in R3-2 Districts within #lower density growth management areas#, a #detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other, and in R3-1 or R4-1 Districts, a #semi-detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other.

The City Planning Commission may, upon application, authorize the waiver of these requirements provided that the Commission finds that:

(a) the #development# is compatible with the scale and character of the surrounding area; and

(b) the design of:

(1) the #detached building# does not give the appearance of a #semi-detached building#; or

(2) the #semi-detached building# does not give the appearance of an #attached building#; and each #dwelling unit# has a perimeter wall with windows facing a #side yard#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

R4B	55	45	.90
R5~~**~~	55	45	1.25
R5B	55	45	1.35

~~* the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.~~

~~** The permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).~~

In addition, the following rules shall apply:

(1) In R2X, R3, R4, R4A and R4-1 Districts, except R3, R4A and R4-1 Districts within #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.

(2) In R3, R4A and R4-1 Districts in #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located in a portion of a #building# covered by a sloping roof that rises at least seven inches in vertical distance for each foot of horizontal distance.

(3) In R3-2, R4 and R5 Districts, except R4A, R4B, R4-1 and R5B Districts, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

(4) In R3, R4A and R4-1 Districts within #lower density growth management areas#, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence# may be increased by up to 300 square feet for one parking space and up to 500 square feet for two parking spaces provided such spaces are in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

Side yards for all other residential buildings

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, for all other #residential buildings#, #side yards# shall be provided as follows:

R3-2 R4 R5

(a) In the districts indicated, except R4B or R5B Districts, two #side yards#, each with a minimum required width of eight feet, shall be provided. However, if a #detached residential building# has an #aggregate width of street walls# of more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #residential buildings# not exceeding two #stories# and a #basement# in height, no such #side yard# need be more than 15 feet wide. However, on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

* * *

23-533
Required rear yard equivalents

R4 R5 R6 R7 R8 R9 R10

In the districts indicated, and in R1, R2 and R3 Districts within #lower density growth management areas#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

(a) an open area with a minimum depth of 60 feet, linking adjoining #rear yards# or, if no such #rear yards# exist, an open area with a minimum depth of 60 feet, midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts; or

(b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except that in R6, R7, R8, R9 or R10 Districts, the depth of such required open area along one #street line# may be decreased, provided that:

(1) a corresponding increase of the depth of the open area along the other #street line# is made; and

(2) any required front setback areas are maintained; or

(c) an open area adjoining and extending along the full length of each #side lot line# with a minimum width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X, R10A and R10X Districts, and for #buildings developed# or #enlarged# pursuant to the Quality Housing Program in

other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

23-54
Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Fear Yards) shall be modified as set forth in this Section.

23-541
Within one hundred feet of corners

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

23-542
Along short dimension of block

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

HEIGHT AND SETBACK REGULATIONS

* * *

23-631
Height and setback in R1, R2, R3, R4 and R5 Districts

* * *

R2X R3 R4 R4A R4-1

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g) and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2X R3 R4A
25 feet	R4 R4-1
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

* * *

23-711
Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between a #residential building# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing building walls. Such minimum distance shall be, in feet, as indicated in the following table:

	Maximum Building Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
Wall Condition*	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;

"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

(a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

(b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;

(c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;

(d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the building wall from which they project, may penetrate the minimum spacing requirements; and

(e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f) shall apply to any #zoning lot# with a #building# located behind another #building# so that lines drawn perpendicular to the #street line# intersect both such #buildings#, and where the #private road# provisions do not apply. For the purposes of this paragraph, a "front building" shall be any #building# with no #building# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. The minimum distances set forth in the table above shall apply, except that a minimum distance of 45 feet shall be provided between any rear building and any front building.

23-88
Minimum Distance between Lot Lines and Building Walls in Lower Density Growth Management Areas

(a) On #corner lots# in #lower density growth management areas#, for #zoning lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(b) In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (b), shall apply to any #zoning lot# not accessed by #private roads# where a #residential building# is located wholly beyond 50 feet of a #street line# and behind another #residential building# fronting upon the same #street line# so that lines drawn perpendicular to the #street line# intersect both such #buildings#. For the purposes of this paragraph, a "front building" shall be any #building# with no #building#located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. An open area with a minimum width of 15 feet shall be provided between any such rear building and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such rear building and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Sections 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

* * *

25-621
Location of parking spaces in certain districts

All #accessory# off-street parking spaces shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

* * *

25-622
Location of parking spaces in lower density growth management areas

The provisions of this Section 25-622 shall apply in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width. For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces though a #front yard# shall be only through a driveway no more than 20 feet in width.

No more than two unenclosed required parking spaces may be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

* * *

25-631
Location and width of curb cuts in certain districts
All curb cuts shall comply with the provisions of this Section, except that in #lower density growth management areas#, the provisions of Section 25-632 shall apply.

* * *

25-632
Driveway, curb cut and screening regulations in lower density growth management areas

The provisions of this Section shall apply within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such residences on #corner lots#, with at least 60 feet of frontage along two #streets#.

(a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.

(b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

(e) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves;

(f) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.

(g) All #residential developments# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.

(h) The requirements of paragraphs (f) and (g) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#;

(i) The maximum grade of a driveway shall not exceed 11 percent.

(j) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

25-64
Restrictions on Use of ~~Required~~ Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section. For #zoning lots# in #lower density growth management areas#, the provisions of paragraph (b) shall apply.

(a) In accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space), driveways, private streets, open #accessory# off-street parking spaces, or open #accessory# off-street loading berths may not use more of the required #open space# on any #zoning lot# than the percent set forth in the following table:

Percent	District
50	R1 R2 R3 R6 R7 R8 R9 R10
66	R4 R5

(b) In #lower density growth management areas#, the following regulations shall apply:

(1) Driveways, #private roads# and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #residential buildings# in R1, R2 and R3 Districts, and may occupy no more than 66 percent of the #lot area# not covered by #residential buildings# in R4 and R5Districts, and

(2) The area within 30 feet and perpendicular to the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety shall not be occupied bydriveways or off-street parking spaces, except that this provision shall not apply to any #zoning lot# occupied by only one #single# or #two-family detached# or #semi-detached residence#.

25-66
Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, except where such districts are located in #lower density growth management areas#, all open off-street parking areas or groups of individual garages with 10 spaces or more, which are located either at natural grade or on a roof, shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, by either:

~~(a)~~(1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

~~(b)~~(2) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening ~~(1)~~ shall be maintained in good condition at all times~~; (2)~~, may be interrupted by normal entrances or exits~~;~~ and ~~(3)~~ shall have no #signs# hung or attached thereto other than those permitted in Section 22-323 (Signs for parking areas).

(b) In #lower density growth management areas#, all open parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year round dense screen six feet high within three years. Such screening shall be maintained in good condition at all times.

Chapter 6
Special Urban Design Guidelines - Streetscape
Special Requirements for Developments in R9 and R10 Districts, ~~and~~
~~Special Requirements for~~ Developments with Private Roads, and Street Tree Planting

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

(a) #developments# in R9 and R10 Districts, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program;

(b) #developments# in R3, R4 and R5 Districts accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #developments#:

(1) consist entirely of #single-family detached residences#; or

(2) where such #developments# are accessed by #private roads# that existed on February 6, 2002; or

(3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;

(c) #developments# in #lower density growth management areas# accessed by #private roads#, as set forth in Section 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS , and

(d) #developments# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, as set forth in Section 26-40 (SPECIAL REQUIREMENTS FOR STREET TREE PLANTING)

* * *

26-30
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #developments# accessed by #private roads# in #lower density growth management areas#, the provisions of Section 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superceded in accordance with the provisions of this Section.

26-31
Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Section 23-40, inclusive, and 23-50, inclusive, shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a building wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year round dense screen at least six feet high within three years.

26-32
Minimum Distance Between Walls and Lot Lines

For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas), the required curb of the #private road# shall be considered to be a #street line#.

26-33
Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.
No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

(a) are perpendicular to the road bed, and
(b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed, or within 20feet of being opposite to one another, and
(c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and 8 feet wide, within which a tree of at least three inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a #street#. In addition, the provisions of Section 25-64 (Restrictions on Use of Open Space) and Section 25-66 (Screening) shall apply.

26-34
Lighting, Signage and Crosswalks

All #private roads# shall be #developed# with street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

26-35
Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

26-40
STREET TREE PLANTING REQUIREMENTS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, all #developments# shall provide and maintain along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals, except where the Commissioner of Buildings determines that such tree planting would be unfeasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks.

(b) Building setback

Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line# abutting such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. ~~The front #building# setback area may be used for #accessory# off-street parking or loading facilities provided the depth of the setback area is at least 35 feet~~. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in APPENDIX B.

Required Open Space for Residences

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space). ~~For #residential developments# which include #designated open space#, not more than 50 percent of the required #open space# not within the #designated open space# may be occupied by driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths, except that a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).~~

For #residential developments# which include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth below:

(a) In R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required#open space# not within the #designated open space#;

(b) In R3A and R3X Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#;

(c) In R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER CY 4012/04

In the Matter of the Application of the City of New York, relative to acquiring title to certain real property in fee simple absolute and to acquiring conservation easements to certain other real property where not heretofore acquired for

STATEN ISLAND BLUEBELT PHASE 2 located in the watershed areas known as Wood Duck Pond, Sweet Brook, Lemon Creek, and Mill Creek, in Community District 3, South Richmond, Borough of Staten Island, County of Richmond, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, County of Richmond, IA Part 74, for certain relief.

The application will be made at the following time and place: At 360 Adams Street, Room 761, in the Borough of Brooklyn, City and State of New York, on July 16, 2004, at 10:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file acquisition maps in the office of the Clerk of Richmond County or the Office of the City Register;

2. directing that upon the filing of said maps, title to the property or other interests sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title to certain real property in fee simple absolute and to acquiring conservation easements to certain other real property required for the STATEN ISLAND BLUEBELT, PHASE 2, where not heretofore acquired for the same purpose, for public use, namely for the conveyance and storage of stormwater and as public open space in the Borough of Staten Island, City and State of New York.

The description of the real property or other interests to be acquired, located in Staten Island, is as follows:

PRIVATE EQUITY ALTERNATIVE INVESTMENT CONSULTANT'S – CP/2 – PIN# 0150588800ZP – DUE 07-16-04 AT 4:00 P.M. – For the Defined Benefit Assets of the New York City Retirement Systems and Pension Funds.

Four of the Systems currently have alternative investments in private equity and venture capital (together, "private equity") totaling, in the aggregate, approximately 80 basis points of the total assets of the Systems ($82 billion as of December 31, 2004) and closed or authorized commitments totaling approximately $2.6 billion (with an additional $0.6 billion of closed or authorized commitments to funds pursuing real estate investment strategies). The Systems currently have 3-5% policy allocations to private equity. The Systems will look to one or more consultants chosen as a result of this RFP to advise them as they seek to achieve their full allocation over the coming three to five years.

Firms must meet minimum qualifications stated in the RFP which include having as of March 31, 2004: 1) Experience with private equity consulting services to existing institutional investors with aggregate private equity portfolios of at least $1 billion, 2) Experience with private equity consulting services to at least one public pension fund, 3) Key professionals to be assigned to this engagement with at least three years experience in providing services to institutional investors in private equity, and 4) No direct or indirect interest that would or may conflict with the independent performance of services specified under this RFP as determined by the Comptroller's Office.

Private equity consulting personnel will be required to: 1) Provide advice on program design, implementation, portfolio construction and pacing, 2) Assist the Comptroller's staff in identifying and conducting due diligence on prospective investment opportunities, and 3) Monitor the performance of and developments at funds held within the System's portfolios.

The Request for Proposals (RFPs), which describes the minimum requirements, scope of work and proposal submission procedures, is available for download from the Comptroller's Website at www.comptroller.nyc.gov. To register for downloading the RFP, select "Asset Management", then "RFPs".

QUEENS FAMILY COURTHOUSE – RFP – DUE 09-14-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for the sale and redevelopment of the approximately 1.75-acre former Queens Family Courthouse in Jamaica (the "Site") as a high-quality, mixed-use development. This RFP is intended to reinforce a standard of quality development in Jamaica. The Site is located in the heart of Downtown Jamaica, bounded by 89th Avenue to the north and Parsons Boulevard to the east.

Prospective developers should address several important goals, including:

- Maintain the original courthouse exterior;
- Address local housing demand;
- Help stabilize the Jamaica Avenue retail market by enhancing the surround ing residential community;
- Address commercial/neighborhood retail needs in the area;
- Address community- or cultural-use needs; and
- Serve as a clear example of high-quality, sustainable design and construction that will raise the standard for private investment in Jamaica.

A question-and-answer session to discuss the Site, followed by a site visit, will be held on July 20 at 9:30 a.m.; to attend, call (212) 312-3871 on or before July 16, 2004. Interested parties are strongly encouraged to attend the informational meeting.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 28, 2004 from NYCEDC. The RFP may be picked up at the office of NYCEDC located at 110 William Street, New York, NY, 6th Floor between the hours of 9:30 a.m. and 4:30 p.m. For more information, or to request an electronic version of the RFP, visit www.nycedc.com/QFCrfp or call (212) 312-3969. Five (5) copies of the proposal identified by "Queens Family Courthouse" on the envelope are to be submitted.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.
It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

COMPTROLLER

■ NOTICE

LABOR LAW §220 PREVAILING WAGE SCHEDULE

Pursuant to Labor Law §220 (3) the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts. Contracting agencies anticipating doing work which requires the employment of a trade or classification not included in this schedule must request the Comptroller to establish a proper classification for the work pursuant to Labor Law §220 (3-a) (a). The prevailing rate schedule as promulgated by the Comptroller, must, in compliance with law, be annexed to and form part of the contract.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable for work performed from July 1, 2004 through June 30, 2005, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site www.comptroller.nyc.gov. The rate of wages and supplemental benefits to be paid or provided are those that prevail at the time the work is being performed. Preliminary schedules for future one-year periods are published annually in the City Record on or about June 1st of each succeeding year. Final schedules are published on or about July 1st in the City Record and on our web site www.comptroller.nyc.gov.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such rates and practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 a.m. and 5 p.m.

Answers to questions concerning the application of premium rates and or prevailing trade practices may be found in the collective bargaining agreements of the prevailing union or by requesting such information from the Bureau of Labor Law's Classification and Determination unit by calling William Helfman at (212) 669-4440.

All other inquiries concerning compliance with the Prevailing Wage Law, should be directed to; Bureau of Labor Law, ATT: William Helfman, Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 815-8672.

Prevailing rates and ratios for apprentices are attached to this schedule as Appendix #1. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Trainees, Assistants and Helpers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Contractors are solely responsible for maintaining original payroll records which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, Agency Chief Contracting Officers must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

Prevailing Rate Schedule Information: The information below is intended to assist you in meeting your prevailing wage rate obligation.

Covered Workers: Any and all individuals who are engaged, employed or otherwise occupied as Workers, Laborers or Mechanics on the public work site.

Supplemental Benefits: Employers may meet supplemental benefits obligation by paying the hourly supplemental benefits rate to their employees in cash. Such cash payments are considered income to the employee. Employers who elect to provide bona fide supplemental benefits to their employees will be given hourly cash credit for such benefits up to the hourly benefits rate set forth in the applicable schedule for the relevant trade or occupation at issue.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate.

Contractors are advised to review the applicable Collective Bargaining Agreements and the Comptroller's Prevailing Wage Schedule before bidding on Public Work. If there are any questions concerning prevailing wages, benefits, overtime, Holiday pay, shift differentials or any prevailing practice, please contact this office.

Any error as to compensation under the prevailing wage law or other information as to trade classification made by the contracting agency in the contract documents or in any other communication will not preclude a finding against the contractor of prevailing wage violation.

This schedule of prevailing wages and supplemental fringe benefits must be posted at the public work site as required by New York State Labor Law § 231 (6).

LABOR LAW § 230 BUILDING SERVICE EMPLOYEES

In accordance with Labor Law §230 et seq. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits for building service employees engaged on building service contracts in excess of $1,500.00. Prevailing rates are required to be annexed to and form part of the contract pursuant to §231 (4); however, only rates for trades anticipated by the contracting agency to be required on the work need be annexed to the contract.

Pursuant to §231 (4) contracting agencies that anticipate doing work that may require building service trades or classifications not included in this schedule, must request the Comptroller to establish a proper classification and wage determination for the work. Contractors using trades and/or classifications for which the Comptroller has not promulgated wages and benefits do so at their own risk.

Labor Law § 231 (6) requires contractors to post on the site of the work a current copy of this schedule of wages and supplements.

This schedule is applicable to work performed from July 1, 2004 through June 30, 2005, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov . Contractors must pay the wages and supplements in effect when the building service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on the our web site www.comptroller.nyc.gov.

Building service employees on public contracts must receive not less than the prevailing rate of wage and supplements for the classification of work preformed. Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

Employers may pay cash supplements; however, cash payments made in lieu of providing bona fide benefits is considered income to the employee. Employers providing bona fide benefits are credited for the cost of such benefits up to the hourly rate for benefits in the schedule for the trade or occupation at issue. Employers may combine cash supplements with in-kind supplements to meet the prevailing rate minimum.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is tied to hours worked, some classifications require the payment or provision of supplemental benefits at overtime or premium time rates. Contractors are advised to review the applicable collective bargaining agreements and the Comptroller's Prevailing Wage Schedule before bidding on public work. Any Prevailing Wage Rate error made by the Contracting Agency, whether in a contract document or other communication, will not preclude a finding against the contractor of prevailing-wage violation.

Because this schedule may not list each prevailing wage practice, contractors should familiarize themselves with the prevailing collective bargaining agreements. Please make appointments to inspect such agreements by calling (212) 669-4437, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

Answers to questions concerning premium rates and or prevailing trade practices may also be obtained from the Classification and Determination Unit by calling William Helfman, Director, at (212) 669-4440. Please direct all other compliance issues to; Bureau of Labor Law, Attn: William Helfman, Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 815- 8672.

NYC ADMINISTRATIVE CODE § 6-109 SCHEDULE OF "LIVING WAGES"

Contractors who provide the following services to the City of New York must post a copy of this Prevailing Wage Schedule at their public work site(s) as required by New York City Administrative Code § 6-109:

- Building Services;
- Food Services;
- Temporary Services;
- Homecare Services;
- Day Care Services;
- Head Start Services, and
- Services to Persons with Cerebral Palsy.

In accordance with NYC Administrative Code § 6-109, the Comptroller of the City of New York promulgated this schedule of prevailing wages for the above services on public work contracts for non-emergency work in excess of the small purchase limit set by the procurement policy board; contracting agencies must annex this schedule to such contract.

A city service contractor or subcontractor that provides homecare services, day care services, head start services or services to persons with cerebral palsy must pay its covered employees that directly render such services in performance of the city service contract or subcontract no less than the living wage and must provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. This requirement applies for each hour that the employee works performing the city service contract or subcontract.

A city service contractor or subcontractor that provides building services, food services or temporary services must pay its employees that are engaged in performing the city service contract or subcontract no less than the living wage or the prevailing wage, whichever is greater. Where the living wage is greater than the prevailing wage, the city service contractor or subcontractor must either provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. Where the prevailing wage is greater than the living wage, the city service contractor or subcontractor must provide its employees the prevailing wage and supplements. These requirements apply for each hour that the employee works performing the city service contract or subcontract.

The appropriate schedule of prevailing wages must be posted at all public work sites pursuant to NYC Administrative Code 6-109.

The schedule is applicable for work performed from July 1, 2004 through June 30, 2005, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site www.comptroller.nyc.gov. Schedules for future one-year periods will be published annually in the City Record on or about July 1st of each succeeding year and on our web site www.comptroller.nyc.gov.

The living wage rate and the health benefit* supplement rate are known through July 1, 2006, therefore, those rates are listed in this schedule.

The prevailing wage rates listed in this schedule may not include all hourly wage calculations for overtime, shift differential, Holiday, Saturday, Sunday or other premium time work. Similarly, this schedule does not set forth every prevailing practice with which employers must comply. However, all such unpublished rates are nonetheless part of the employer's prevailing wage rate obligation.

Answers to questions concerning prevailing wage rates and supplements and the application of prevailing trade practices may be found in the collective bargaining agreements of the prevailing union. Such agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 A.M. to 5 P.M. All other inquiries concerning compliance with this law, should be directed to: Bureau of Labor Law, Attention: William Helfman, Director, Classifications and Determinations, Office of the Comptroller, 1 Centre Street, Room 1122, New York, New York 10007; fax (212) 815-8672.

Contractors are solely responsible for maintaining original payroll records, which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, an agency's chief contact officer must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

The information listed below is intended to assist you in meeting your living wage and prevailing wage obligation. Contractors are advised to review the Comptroller's Living Wage Schedule before bidding on public work. Any wage rate error made by the contracting agency in the contract documents will not preclude a finding against the contractor for an underpayment of the applicable living wage or the applicable prevailing wage.

This schedule sets forth the living wage and the prevailing wage rates required to be annexed to and form part of the contract specifications for New York City public work pursuant to New York City Administrative Code 6-109. The attached schedule of wages are the living wage rates and the prevailing rates and the contractor engaged in public work is obligated to pay not less that the rates specified in this schedule for the trade or occupation upon such public work.

NOTE: **Benefits are paid for *EACH HOUR WORKED* unless otherwise noted.**

THE FOLLOWING SERVICES ARE REQUIRED TO RECEIVE, AT A MINIMUM, THE LIVING WAGE AND SUPPLEMENTAL BENEFIT RATE.

"Homecare Services" means the provision of homecare services under the city's Medicaid Personal Care/Home Attendant or Housekeeping Programs, including but not limited to the In-Home Services for the Elderly Programs administered by the Department for the Aging.

"Day Care Services" means provision of day care services through the city's center-based day care program administered under contract with the city's Administration for Children's Services. No other day care programs shall be covered, including family-based day care programs administered by city-contracted day care centers.

"Head Start Services" means provision of head start services through the city's center-based head start program administered under contract with the city's Administration for Children's Services. No other head start programs shall be covered.

"Services to Persons with Cerebral Palsy" means provision of services which enable persons with cerebral palsy and related disabilities to lead independent and productive lives through an agency that provides health care, education, employment, housing and technology resources to such persons under contract with the city or the department of education.

	LIVING WAGE RATE PER HOUR	SUPPLEMENTAL BENEFIT RATE PER HOUR

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
06/14/04	045214	SRA 04-7646

ADDRESS	BOROUGH:	BLOCK/LOT:
RIVERSIDE DRIVE Riverside Park SCENIC LANDMARK	MANHATTAN	77777 / 77777

To the Mayor, the Council, and the Commissioner of the Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for alterations to the existing concrete retaining wall and chain link fence located on the west side of the Riverside Drive service road between 97th and 104th Streets, including the in-kind replacement of 40 existing metal fence posts and portions of the existing concrete retaining wall; the replacement of portions of the existing chain link fence with chain link fence coated with black vinyl; and painting the remaining portions of the existing chain link fence black; as shown in April 16, 2004 site visit and existing condition photographs, submitted as components of the application.

In reviewing this proposal, the Commission notes that the designation report for the Riverside Park Scenic Landmark describes Riverside Park as an English Romantic-style park built in 1873-75 and designed by Frederick Law Olmsted, with modifications and additions built in 1934-37 and designed by Clifton Lloyd and Gilmore Clark.

With regard to this proposal, the Commission finds that replacing the fence posts and portions of the concrete retaining wall and chain link fence will protect significant architectural and landscape features of the park from damage caused by pedestrians, dogs, and motor vehicles; that the black color of the painted fence and of the new vinyl-coated fence will not call attention to itself within the park; and that the proposed work will not detract from significant architectural or landscape features of the park. Based on these findings, the Commission determined the proposed work to be appropriate to the Riverside Park Scenic Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Michael Caratzas.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Floor area

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

* * *

(i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:

   (1) within #detached# or #semi-detached single-# or #two-family residences# in R2X, R3, R4 or R5 Districts, except that in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;

   (2) within #residential buildings developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;

   (3) in excess of 100 square feet per required space in individual garages within other #residential buildings# (#attached residential buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of:

      (i) #curb level#; or

      (ii) grade existing on June 7, 1989.

* * *

However, the #floor area# of a #building# shall not include:

Lower density growth management area

A "lower density growth management area" is any R1, R2, R3, R4A or R4-1 District in the following designated areas, and any #development# accessed by #private roads# in R1 through R5 Districts within such areas:

The Borough of Staten Island

* * *

Private road

Except in #lower density growth management areas#, ~~A~~a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #dwelling unit# within a #development# where five or more #dwelling units# are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.
An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

In #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

(a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

(b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Detached and Semi-Detached Two-Family Residences

~~R3-1 R3A R3X~~ R3 R4-1 R4A

In R3A, R3X or R4A Districts, and in R3-2 Districts within #lower density growth management areas#, a #detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other, and in R3-1 or R4-1 Districts, a #semi-detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other.

The City Planning Commission may, upon application, authorize the waiver of these requirements provided that the Commission finds that:

(a) the #development# is compatible with the scale and character of the surrounding area; and

(b) the design of:

(1) the #detached building# does not give the appearance of a #semi-detached building#; or

(2) the #semi-detached building# does not give the appearance of an #attached building#; and each #dwelling unit# has a perimeter wall with windows facing a #side yard#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

R4B	55	45	.90
R5**	55	45	1.25
R5B	55	45	1.35

~~* the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.~~

~~** The permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).~~

In addition, the following rules shall apply:

(1) In R2X, R3, R4, R4A and R4-1 Districts, except R3, R4A and R4-1 Districts within #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.

(2) In R3, R4A and R4-1 Districts in #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located in a portion of a #building# covered by a sloping roof that rises at least seven inches in vertical distance for each foot of horizontal distance.

(3) In R3-2, R4 and R5 Districts, except R4A, R4B, R4-1 and R5B Districts, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

(4) In R3, R4A and R4-1 Districts within #lower density growth management areas#, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence# may be increased by up to 300 square feet for one parking space and up to 500 square feet for two parking spaces provided such spaces are in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

~~Parking spaces, off-street, open, #accessory#, except such spaces located within a #front yard#, that are:~~

~~(1) #accessory# to any #residential use# in R4B or R5B Districts;~~

~~(2) #accessory# to a #residential building# where no more than two parking spaces are required in R1 or R2 Districts, except R2X Districts, or in R2X, R3, R4 or R5 Districts, unless such spaces are located in a permitted #side lot ribbon#;~~

~~(3) #accessory# to a #residential building# where more than two parking spaces are required in R3, R4 or R5 Districts unless such spaces or~~

~~(4) not screened from #zoning lots# situated across the #street# in the manner specified in Section 25-66 (Screening);~~

Parking spaces, off-street, open, #accessory#, within a #side # or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required,provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts), and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within R4B or R5B Districts, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

Steps and ramps for access by the handicapped;

23-462
Side yards for all other residential buildings

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, for all other #residential buildings#, #side yards# shall be provided as follows:

R3-2 R4 R5

(a) In the districts indicated, except R4B or R5B Districts, two #side yards#, each with a minimum required width of eight feet, shall be provided. However, if a #detached residential building# has an #aggregate width of street walls# of more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #residential buildings# not exceeding two #stories# and a #basement# in height, no such #side yard# need be more than 15 feet wide. However, on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

* * *

23-533
Required rear yard equivalents

R4 R5 R6 R7 R8 R9 R10

In the districts indicated, and in R1, R2 and R3 Districts within #lower density growth management areas#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

(a) an open area with a minimum depth of 60 feet, linking adjoining #rear yards# or, if no such #rear yards# exist, an open area with a minimum depth of 60 feet, midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts; or

(b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except that in R6, R7, R8, R9 or R10 Districts, the depth of such required open area along one #street line# may be decreased, provided that:

(1) a corresponding increase of the depth of the open area along the other #street line# is made; and

(2) any required front setback areas are maintained; or

(c) an open area adjoining and extending along the full length of each #side lot line# with a minimum width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X, R10A and R10X Districts, and for #buildings developed# or #enlarged# pursuant to the Quality Housing Program in other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

23-54
Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Fear Yards) shall be modified as set forth in this Section.

23-541
Within one hundred feet of corners

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

23-542
Along short dimension of block

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

HEIGHT AND SETBACK REGULATIONS

* * *

23-631
Height and setback in R1, R2, R3, R4 and R5 Districts

* * *

R2X R3 R4 R4A R4-1

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g) and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2X R3 R4A
25 feet	R4 R4-1
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

* * *

23-70
MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

* * *

23-711
Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between a #residential building# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing building walls. Such minimum distance shall be, in feet, as indicated in the following table:

	Maximum Building Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
Wall Condition*	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;

"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

(a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

(b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;

(c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;

(d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the building wall from which they project, may penetrate the minimum spacing requirements; and

(e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f) shall apply to any #zoning lot# with a #building# located behind another #building# so that lines drawn perpendicular to the #street line# intersect both such #buildings#, and where the #private road# provisions do not apply. For the purposes of this paragraph, a "front building" shall be any #building# with no #building# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. The minimum distances set forth in the table above shall apply, except that a minimum distance of 45 feet shall be provided between any rear building and any front building.

* * *

23-88
Minimum Distance between Lot Lines and Building Walls in Lower Density Growth Management Areas

(a) On #corner lots# in #lower density growth management areas#, for #zoning lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(b) In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (b), shall apply to any #zoning lot# not accessed by #private roads# where a #residential building# is located wholly beyond 50 feet of a #street line# and behind another #residential building# fronting upon the same #street line# so that lines drawn perpendicular to the #street line# intersect both such #buildings#. For the purposes of this paragraph, a "front building" shall be any #building# with no #building#located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. An open area with a minimum width of 15 feet shall be provided between any such rear building and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such rear building and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Sections 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

* * *

25-621
Location of parking spaces in certain districts

All #accessory# off-street parking spaces shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

* * *

25-622
Location of parking spaces in lower density growth management areas

The provisions of this Section 25-622 shall apply in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width. For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces though a #front yard# shall be only through a driveway no more than 20 feet in width.

No more than two unenclosed required parking spaces may be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

* * *

25-631
Location and width of curb cuts in certain districts

All curb cuts shall comply with the provisions of this Section, except that in #lower density growth management areas#, the provisions of Section 25-632 shall apply.

* * *

25-632
Driveway, curb cut and screening regulations in lower density growth management areas

The provisions of this Section shall apply within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such residences on #corner lots#, with at least 60 feet of frontage along two #streets#.

(a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.

(b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

(e) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves;

(f) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.

(g) All #residential developments# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.

(h) The requirements of paragraphs (f) and (g) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#;

(i) The maximum grade of a driveway shall not exceed 11 percent.

(j) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

25-64
Restrictions on Use of ~~Required~~ Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section. For #zoning lots# in #lower density growth management areas#, the provisions of paragraph (b) shall apply.

(a) In accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space), driveways, private streets, open #accessory# off-street parking spaces, or open #accessory# off-street loading berths may not use more of the required #open space# on any #zoning lot# than the percent set forth in the following table:

Percent	District
50	R1 R2 R3 R6 R7 R8 R9 R10
66	R4 R5

(b) In #lower density growth management areas#, the following regulations shall apply:

(1) Driveways, #private roads# and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #residential buildings# in R1, R2 and R3 Districts, and may occupy no more than 66 percent of the #lot area# not covered by #residential buildings# in R4 and R5Districts, and

(2) The area within 30 feet and perpendicular to the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety shall not be occupied bydriveways or off-street parking spaces, except that this provision shall not apply to any #zoning lot# occupied by only one #single# or #two-family detached# or #semi-detached residence#.

25-66
Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, except where such districts are located in #lower density growth management areas#, all open off-street parking areas or groups of individual garages with 10 spaces or more, which are located either at natural grade or on a roof, shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, by either:

~~(a)~~(1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

~~(b)~~(2) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening ~~(1)~~ shall be maintained in good condition at all times~~; (2)~~, may be interrupted by normal entrances or exits~~;~~ and ~~(3)~~ shall have no #signs# hung or attached thereto other than those permitted in Section 22-323 (Signs for parking areas).

(b) In #lower density growth management areas#, all open parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year round dense screen six feet high within three years. Such screening shall be maintained in good condition at all times.

Special Urban Design Guidelines - Streetscape
Special Requirements for Developments in R9 and R10 Districts, ~~and~~
~~Special Requirements for~~ Developments with Private Roads, and Street Tree Planting

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

(a) #developments# in R9 and R10 Districts, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program;

(b) #developments# in R3, R4 and R5 Districts accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #developments#:

(1) consist entirely of #single-family detached residences#; or

(2) where such #developments# are accessed by #private roads# that existed on February 6, 2002; or

(3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;

(c) #developments# in #lower density growth management areas# accessed by #private roads#, as set forth in Section 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS , and

(d) #developments# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, as set forth in Section 26-40 (SPECIAL REQUIREMENTS FOR STREET TREE PLANTING)

* * *

26-30
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #developments# accessed by #private roads# in #lower density growth management areas#, the provisions of Section 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superceded in accordance with the provisions of this Section.

26-31
Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Section 23-40, inclusive, and 23-50, inclusive, shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a building wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year round dense screen at least six feet high within three years.

26-32
Minimum Distance Between Walls and Lot Lines

For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas), the required curb of the #private road# shall be considered to be a #street line#.

26-33
Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.
No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

(a) are perpendicular to the road bed, and
(b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed, or within 20feet of being opposite to one another, and
(c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and 8 feet wide, within which a tree of at least three inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a

#street#. In addition, the provisions of Section 25-64 (Restrictions on Use of Open Space) and Section 25-66 (Screening) shall apply.

26-34
Lighting, Signage and Crosswalks

All #private roads# shall be #developed# with street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

26-35
Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

26-40
STREET TREE PLANTING REQUIREMENTS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, all #developments# shall provide and maintain along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals, except where the Commissioner of Buildings determines that such tree planting would be unfeasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks.

Applicability of lower density growth management area regulations

The regulations for #developments# or #enlargements# within #lower density growth management areas# are modified as follows:

(a) Parking location regulations

#Accessory# parking spaces shall be permitted within a #front yard#, and

(b) Private road regulations

The provisions of paragraph (b) of Section 119-214 (Tier II requirements for driveways and private roads) shall apply to all #developments# or #enlargements# accessed by #private roads#.

107-251
Special provisions for arterials

* * *

(b) Building setback

Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line# abutting such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. ~~The front #building# setback area may be used for #accessory# off-street parking or loading facilities provided the depth of the setback area is at least 35 feet~~. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in APPENDIX B.

(b) Sidewalk trees

All #developments# and #site alterations# in the Special District shall preserve existing trees or provide and maintain trees of three-inch caliper or more at the time of planting along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line, and ~~20~~ 25 feet on center or one tree per ~~20~~ 25 feet of frontage. ~~On private streets, trees shall be planted between the curb and a line parallel to, and 10 feet from, the curb, and 20 feet on center or one tree per 20 feet of frontage~~. These trees shall be planted in accordance with the requirements of the ~~Department of Transportation and the~~ Department of Parks and Recreation, except where the Commissioner of Buildings determines that such tree planting would be infeasible.

* * *

107-33
Preservation of Natural Features

For any #development# or #enlargement#, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six inch caliper or more.

~~**Maximum height of perimeter walls**~~

~~In R3X Districts, a #detached residence# may have a maximum perimeter wall height of 25 feet, provided that:~~

~~(a) it is located on a #zoning lot# having a minimum #lot area# of 5,700 square feet and a minimum #lot width# of 60 feet; and~~

~~(b) the #development# complies with all other applicable district height and setback regulations.~~

~~**107-432**~~
~~**Maximum height for buildings or structures**~~

107-43
Maximum Height for Buildings or Structures

Subject to the requirements for maximum height of walls and required setbacks in Sections 23-63, 24-52 or 33-43, and Section 107431, no #building# shall exceed a height of four #stories# and no structure other than #buildings# shall exceed a height of 50 feet, unless modified by a special permit of the City Planning Commission, pursuant to Section 107-73 (Exceptions to Height Limit).

* * *

107-45
Required Open Space for Residences

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space). ~~For #residential developments# which include #designated open space#, not more than 50 percent of the required #open space# not within the #designated open space# may be occupied by driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths, except that a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).~~

For #residential developments# which include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth below:

(a) In R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required#open space# not within the #designated open space#;

(b) In R3A and R3X Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#;

(c) In R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).

107-62
Yard and Court Regulations

For any #development#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46 (Yard and Court Regulations) or in the location of parking, driveway, or curb cut regulations as set forth in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), Section 25-621 (Location of parking spaces in certain districts), Section 25-622 (Location of parking spaces in lower density growth management areas), and Section 25-631 (Location and width of curb cuts in certain districts) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of existing topography and individual trees of six inch caliper or more. #Rear yard#, #side yard# or #side yard# equivalent variations shall not be authorized on the periphery of a #development# unless acceptable agreements are jointly submitted for #development# of two or more adjacent #zoning lots# by the owners thereof, incorporating the proposed #yard# or #side yard# equivalent variations along their common #lot lines#.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots#.

* * *

~~**107-465**~~
~~**Rear yards**~~

~~In all underlying districts, except R1 Districts, for permitted #single#- or #two family residences#, the required #rear yard# shall have a depth of at least 20 feet and there shall be a 10 foot rear setback above the first #story#.~~

119-214
Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings developed# after December 11, 1999. The provisions for #private roads# set forth in ~~Article II, Chapter 6,~~ Section 26-20, inclusive, shall not apply. However, the provisions for #private roads# in #lower density growth management areas# of Sections 26-31 through 26-34 shall apply.

(a) Driveways

(1) the maximum grade of a driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a

#private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

(1) the maximum grade of a #private road# shall not exceed 10 percent;

(2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;

(8) along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 119-216 (Tier II tree planting requirements); and

(9) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

(10) For the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

COURT NOTICES

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER CY 4012/04

In the Matter of the Application of the City of New York, relative to acquiring title to certain real property in fee simple absolute and to acquiring conservation easements to certain other real property where not heretofore acquired for

STATEN ISLAND BLUEBELT PHASE 2 located in the watershed areas known as Wood Duck Pond, Sweet Brook, Lemon Creek, and Mill Creek, in Community District 3, South Richmond, Borough of Staten Island, County of Richmond, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, County of Richmond, IA Part 74, for certain relief.

The application will be made at the following time and place: At 360 Adams Street, Room 761, in the Borough of Brooklyn, City and State of New York, on July 16, 2004, at 10:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file acquisition maps in the office of the Clerk of Richmond County or the Office of the City Register;

2. directing that upon the filing of said maps, title to the property or other interests sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title to certain real property in fee simple absolute and to acquiring conservation easements to certain other real property required for the STATEN ISLAND BLUEBELT, PHASE 2, where not heretofore acquired for the same purpose, for public use, namely for the conveyance and storage of stormwater and as public open space in the Borough of Staten Island, City and State of New York.

DISTRIBUTION ANCILLARY WATER MAIN WORK WITHIN THE NEW YORK BOTANICAL GARDENS AREA – Sole Source – Available only from a single source - PIN# 82604BOTGRDN – DUE 07-19-04 AT 4:00 P.M. – DEP, Bureau of Water and Sewer Operations, intends to enter into an agreement with The New York Botanical Garden for Distribution/Ancillary Water main work within the New York Botanical Gardens Area. This contract will allow the New York Botanical Gardens to install an 8" water main and pump station to provide adequate fire protection throughout the grounds of the Gardens. This determination was made because the Botanical Gardens is the only entity that has the unique knowledge and experience to perform the work in a manner that will preserve and protect the Garden's rare flora and fauna and prevent possible damage to the historic displays and rare plant collections that abound in and around the work area. It is absolutely imperative that NYBG conduct this work. Any firm which believes it can also provide the required service is invited to do so, is indicated by letter, which must be received no later than July 19, 2004, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373.

PRIVATE EQUITY ALTERNATIVE INVESTMENT CONSULTANT'S – CP/2 – PIN# 0150588800ZP – DUE 07-16-04 AT 4:00 P.M. – For the Defined Benefit Assets of the New York City Retirement Systems and Pension Funds.

Four of the Systems currently have alternative investments in private equity and venture capital (together, "private equity") totaling, in the aggregate, approximately 80 basis points of the total assets of the Systems ($82 billion as of December 31, 2004) and closed or authorized commitments totaling approximately $2.6 billion (with an additional $0.6 billion of closed or authorized commitments to funds pursuing real estate investment strategies). The Systems currently have 3-5% policy allocations to private equity. The Systems will look to one or more consultants chosen as a result of this RFP to advise them as they seek to achieve their full allocation over the coming three to five years.

Firms must meet minimum qualifications stated in the RFP which include having as of March 31, 2004: 1) Experience with private equity consulting services to existing institutional investors with aggregate private equity portfolios of at least $1 billion, 2) Experience with private equity consulting services to at least one public pension fund, 3) Key professionals to be assigned to this engagement with at least three years experience in providing services to institutional investors in private equity, and 4) No direct or indirect interest that would or may conflict with the independent performance of services specified under this RFP as determined by the Comptroller's Office.

Private equity consulting personnel will be required to: 1) Provide advice on program design, implementation, portfolio construction and pacing, 2) Assist the Comptroller's staff in identifying and conducting due diligence on prospective investment opportunities, and 3) Monitor the performance of and developments at funds held within the System's portfolios.

The Request for Proposals (RFPs), which describes the minimum requirements, scope of work and proposal submission procedures, is available for download from the Comptroller's Website at www.comptroller.nyc.gov. To register for downloading the RFP, select "Asset Management", then "RFPs".

QUEENS FAMILY COURTHOUSE – RFP – DUE 09-14-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for the sale and redevelopment of the approximately 1.75-acre former Queens Family Courthouse in Jamaica (the "Site") as a high-quality, mixed-use development. This RFP is intended to reinforce a standard of quality development in Jamaica. The Site is located in the heart of Downtown Jamaica, bounded by 89th Avenue to the north and Parsons Boulevard to the east.

Prospective developers should address several important goals, including:

- Maintain the original courthouse exterior;
- Address local housing demand;
- Help stabilize the Jamaica Avenue retail market by enhancing the surround ing residential community;
- Address commercial/neighborhood retail needs in the area;
- Address community- or cultural-use needs; and
- Serve as a clear example of high-quality, sustainable design and construction that will raise the standard for private investment in Jamaica.

A question-and-answer session to discuss the Site, followed by a site visit, will be held on July 20 at 9:30 a.m.; to attend, call (212) 312-3871 on or before July 16, 2004. Interested parties are strongly encouraged to attend the informational meeting.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 28, 2004 from NYCEDC. The RFP may be picked up at the office of NYCEDC located at 110 William Street, New York, NY, 6th Floor between the hours of 9:30 a.m. and 4:30 p.m. For more information, or to request an electronic version of the RFP, visit www.nycedc.com/QFCrfp or call (212) 312-3969. Five (5) copies of the proposal identified by "Queens Family Courthouse" on the envelope are to be submitted.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DISTRIBUTION ANCILLARY WATER MAIN WORK WITHIN THE NEW YORK BOTANICAL GARDENS AREA – Sole Source – Available only from a single source - PIN# 82604BOTGRDN – DUE 07-19-04 AT 4:00 P.M. – DEP, Bureau of Water and Sewer Operations, intends to enter into an Agreement with The New York Botanical Garden for Distribution/Ancillary Water main work within the New York Botanical Gardens Area. This contract will allow the New York Botanical Gardens to install an 8" water main and pump station to provide adequate fire protection throughout the grounds of the Gardens. This determination was made because the Botanical Gardens is the only entity that has the unique knowledge and experience to perform the work in a manner that will preserve and protect the Garden's rare flora and fauna and prevent possible damage to the historic displays and rare plant collections that abound in and around the work area. It is absolutely imperative that NYBG conduct this work. Any firm which believes it can also provide the required service is invited to do so, is indicated by letter, which must be received no later than July 19, 2004, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

HOUSING PRESERVATION & DEVELOPMENT

■ **NOTICE**

NOTICE OF PROMULGATION OF RULES PERTAINING TO THE NEW YORK CITY CHILDHOOD LEAD POISONING PREVENTION ACT OF 2003 (Local Law #1 of 2004)

NOTICE IS HEREBY GIVEN pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development ("Department") by Chapter 61 of the New York City Charter and Article 14 of Subchapter 2 of Chapter 2 of Title 27 of the New York City Administrative Code and in accordance with the requirements of New York City Charter §1043, that the Department hereby repeals Chapter 11 of Title 28 of the Official Compilation of Rules of the City of New York concerning lead-based paint and promulgates a new Chapter 11 of Title 28 to implement the New York City Childhood Lead Poisoning Prevention Act of 2003 (Local Law #1 of 2004). The Department also promulgates an amendment to §5-08 of Chapter 5 of Title 28 of the Official Compilation of Rules of the City of New York concerning J-51 tax benefits. These rules have been approved by Thomas R. Frieden, M.D., M.P.H., Commissioner, New York City Department of Health and Mental Hygiene, in accordance with New York City Administrative Code §27-2056.10.

Section one. Chapter 11 of Title 28 of the Rules of the City of New York concerning lead-based paint is repealed, and a new Chapter 11 is added to read as follows:

§11-01 Definitions. Whenever used in this chapter:

(a) "Abatement" shall mean any set of measures designed to permanently eliminate lead-based paint or lead-based paint hazards. Abatement includes: (i) the removal of lead-based paint and dust lead hazards, the permanent enclosure or encapsulation of lead-based paint, the replacement of components or fixtures painted with lead-based paint, and the removal or permanent covering of soil-lead hazards; and (ii) all preparation, cleanup, disposal and post abatement clearance testing associated with such measures. Abatement does not include renovation, remodeling, landscaping or other activities, when such activities are not designed to permanently eliminate lead-based paint hazards, but, instead, are designed to repair, restore, or remodel a given structure or dwelling, even though these activities may incidentally result in a reduction or elimination of lead-based paint hazards. Furthermore, abatement does not include interim controls, operations and maintenance activities, or other measures and activities designed to temporarily, but not permanently, reduce lead-based paint hazards.

(b) "Applicable age" shall mean under seven years of age for at least one calendar year from August 2, 2004. Upon the expiration of such one year period, in accordance with the procedures by which the health code is amended, the board of health may determine whether or not the provisions of article 14 of the housing maintenance code should apply to children of age six, and based on this determination, may redefine "applicable age" for the purposes of some or all of the provisions of such article 14 to mean under six years of age. In the event that the board of health makes such determination, the term "applicable age" shall mean under six years of age.

(c) "CFR" shall mean the Code of Federal Regulations.

(d) "Chewable surface" shall mean a protruding interior window sill in a dwelling unit in a multiple dwelling where a child of applicable age resides and which is readily accessible to such child. "Chewable surface" shall also mean any other type of interior edge or protrusion in a dwelling unit in a multiple dwelling, such as a rail or stair, where there is evidence that such other edge or protrusion has been chewed or where an occupant has notified the owner that a child of applicable age who resides in that multiple dwelling has mouthed or chewed such edge or protrusion.

(e) "Commissioner" shall mean the Commissioner of the New York city department of housing preservation and development or of its successor agency.

(f) "Common area" shall mean a portion of a multiple dwelling that is not within a dwelling unit and is regularly used by occupants for access to and egress from any dwelling unit within such multiple dwelling.

(g) "Contractor" shall mean any person engaged to perform work that disturbs lead-based paint pursuant to this chapter.

(h) "Department" shall mean the New York city department of housing preservation and development or its successor agency.

(i) "Deteriorated subsurface" shall mean an unstable or unsound painted subsurface, an indication of which can be observed through a visual inspection, including, but not limited to, rotted or decayed wood, or wood or plaster that has been subject to moisture or disturbance.

(j) "Disturb" shall mean any action taken, which breaks down, alters or changes lead-based paint. Lead-based paint disturbances shall include, but not be limited to wet sanding or scraping or routine painting and maintenance.

(k) "Door" shall mean every door in a dwelling unit including, but not limited to, the entrance door to the unit, closet doors, and cabinet doors where such cabinets are affixed to the walls of the dwelling unit.

(l) "Encapsulation" shall mean the application of a covering or coating that acts as a barrier between the lead-based paint and the environment and that relies for its durability on adhesion between the encapsulant and the painted surface, and on the integrity of the existing bonds between paint layers and between the paint and the substrate. Encapsulation may be used as a method of abatement if it is designed and performed so as to be permanent. Only encapsulants approved by the New York state department of health or by another federal or state agency or jurisdiction which the department has designated as acceptable may be used for performing encapsulation.

(m) "Enclosure" shall mean the use of rigid, durable construction materials that are mechanically fastened to the substrate in order to act as a barrier between lead-based paint and the environment.

(n) "Firm" shall mean a company, partnership, corporation, sole proprietorship, association, or other business entity that performs lead-based paint activities to which the United States environmental protection agency has issued a certificate of approval pursuant to 40 CFR 745.226(f).

(o) "Friction surface" shall mean any painted surface

that touches or is in contact with another surface, such that the two surfaces are capable of relative motion and abrade, scrape, or bind when in relative motion. Friction surfaces shall include, but not be limited to, window frames and jambs, doors, and hinges.

(p) "HEPA-vacuum" shall mean a vacuum cleaner device equipped with a high efficiency particulate air filter capable of filtering out monodispersive particles of 0.3 microns or greater in diameter from a body of air at 99.97 percent efficiency or greater.

(q) "Housing maintenance code" shall mean chapter two of title 27 of the administrative code of the city of New York.

(r) "Impact surface" shall mean any interior painted surface that shows evidence, such as marking, denting, or chipping, that it is subject to damage by repeated sudden force, such as certain parts of door frames, moldings, or baseboards.

(s) "Lead-based paint hazard" shall mean any condition in a dwelling or dwelling unit that causes exposure to lead from leadcontaminated dust, from lead-based paint that is peeling, or from lead-based paint that is present on chewable surfaces, deteriorated subsurfaces, friction surfaces, or impact surfaces that would result in adverse human health effects.

(t) "Lead-based paint" shall mean paint or other similar surface -coating material containing 1.0 milligrams of lead per square centimeter or greater, as determined by laboratory analysis, or by an xray fluorescence analyzer. If an x-ray fluorescence analyzer is used, readings shall be corrected for substrate bias when necessary as specified by the performance characteristic sheets released by the United States environmental protection agency and the United States department of housing and urban development for the specific xray fluorescence analyzer used. X-ray fluorescence readings shall be classified as positive, negative or inconclusive in accordance with the United States department of housing and urban development "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995, revised 1997) and the performance characteristic sheets released by the United States environmental protection agency and the United States department of housing and urban development for the specific xray fluorescence analyzer used. X-ray fluorescence readings that fall within the inconclusive zone, as determined by the performance characteristic sheets, shall be confirmed by laboratory analysis of paint chips, results shall be reported in milligrams of lead per square centimeter and the measure of such laboratory analysis shall be definitive. If laboratory analysis is used to determine lead content, results shall be reported in milligrams of lead per square centimeter. Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, a laboratory analysis may be reported in percent by weight. In such case, lead-based paint shall mean any paint or other similar surface-coating material containing more than 0.5% of metallic lead, based on the nonvolatile content of the paint or other similar surface-coating material.

(u) "Lead-contaminated dust" shall mean dust containing lead at a mass per area concentration of 40 or more micrograms per square foot on a floor, 250 or more micrograms per square foot on window sills, and 400 or more micrograms per square foot on window wells, or such more stringent standards as may be adopted by the department of health and mental hygiene.

(v) "Lead contaminated dust clearance test" shall mean a test for lead-contaminated dust on floors, window wells, and window sills in a dwelling, that is made in accordance with §27-2056.11 of the housing maintenance code.

(w) "Peeling" shall mean that the paint or other surface - coating material is curling, cracking, scaling, flaking, blistering, chipping, chalking or loose in any manner, such that a space or pocket of air is behind a portion thereof or such that the paint is not completely adhered to the underlying surface.

(x) "Permanent" shall mean an expected design life of at least 20 years.

(y) "Remediation" or "Remediate" shall mean the reduction or elimination of a lead-based paint hazard through the wet scraping and repainting, removal, encapsulation, enclosure, or replacement of lead-based paint, or other method approved by the commissioner of the department of health and mental hygiene.

(z) "Removal" shall mean a method of abatement that completely eliminates lead-based paint from surfaces.

(aa) "Replacement" shall mean a strategy or method of abatement that entails the removal of building components that have surfaces coated with lead-based paint and the installation of new components free of lead-based paint.

(bb) "Rule" or "rules" shall mean a rule or rules promulgated pursuant to section 1043 of the New York city charter.

(cc) "Stabilization" means repairing any physical defect in the substrate of a painted surface that is causing paint deterioration, and removing loose paint and other material from the surface to be treated.

(dd) "Substrate" means the material directly beneath the painted surface out of which the components are constructed, including wood, drywall, plaster, concrete, brick or metal.

(ee) "Turnover" shall mean the occupancy of a dwelling unit subsequent to the termination of a tenancy and the vacatur by a prior tenant of such dwelling unit. Such term shall not mean temporary relocation of an occupant for purposes of performing work pursuant to article 14 of the housing maintenance code.

(ff) "Underlying defect" shall mean a physical condition in a dwelling or dwelling unit that is causing or has caused paint to peel or a painted surface to deteriorate or fail, such as a structural or plumbing failure that allows water to intrude into a dwelling or dwelling unit.

(gg) "Wet sanding" or "wet scraping" shall mean a process of removing loose paint in which the painted surface to be sanded or scraped is kept wet to minimize the dispersal of paint chips and airborne dust.

(hh) "Window" shall mean the nonglass parts of a window, including but not limited to any window sash, window well, window jamb, window sill, or window molding.

(ii) "Work" shall mean any activity performed in accordance with article 14 of the housing maintenance code that disturbs paint.

(jj) "Work area" shall mean that part of a building where paint is being disturbed.

§11-02 Owner's Responsibility to Remediate. An owner shall remediate all lead-based paint hazards and underlying defects in a dwelling unit where a child of applicable age resides in accordance with the applicable work practices set forth in §11-06 of these rules.

§11-03 Notice Inquiring About the Residency of a Child of Applicable Age.

(a) Notice upon signing of a lease, including a renewal lease, if any, or upon any agreement to lease or at the commencement of occupancy if there is no lease.

(1) The owner of a multiple dwelling erected prior to January first, nineteen hundred sixty or of a multiple dwelling erected on or after January first, nineteen hundred sixty and before January first, nineteen hundred seventy-eight, where an owner has actual knowledge of the presence of lead-based paint, shall provide to an occupant of a dwelling unit at the signing of a lease, including a renewal lease, if any, or upon any agreement to lease, or at the commencement of occupancy if there is no lease, a notice in English and Spanish inquiring whether a child of applicable age resides or will reside therein. If there is a lease, such notice will be attached as a rider to the lease. In addition, such owner shall deliver to the occupant at the time the occupant signs a lease, if any, or upon any agreement to lease, or, at the commencement of occupancy if there is no lease, the pamphlet developed by the department of health and mental hygiene pursuant to §17-179(b) of the administrative code of the city of New York. Such notice shall be printed on a single form, the content of which shall be as specified in Appendix A hereto, and shall be printed in not less than ten point type, and shall bear the title "Prevention of Lead-based Paint Hazards—Inquiry Regarding Child". Such notice shall be in duplicate, one copy of which will be for the occupant's records, and one copy of which will be returned to the owner. Such notice shall be kept for a period of ten years from the date of receipt by the owner or transferred to a subsequent owner and maintained by such subsequent owner during such time period, and made available to the department upon request. The notice provided at the signing of a lease, or upon any agreement to lease, or at the commencement of occupancy if there is no lease, shall also contain a statement, signed by such owner, stating that he or she has complied with the provisions concerning apartments at turnover pursuant to §27-2056.8 of Article 14 of the housing maintenance code and §11-05 of these rules, and that he or she has delivered such pamphlet developed by the department of health and mental hygiene to the occupant.

(2) No occupant in a dwelling unit in such multiple dwelling shall refuse or unreasonably fail to provide accurate and truthful information regarding the residency of a child of applicable age therein, nor shall an occupant refuse access to the owner at a reasonable time and upon reasonable prior notice to any part of the dwelling unit for the purpose of investigation and repair of leadbased paint hazards.

(3) Where an occupant has responded to the notice provided by the owner pursuant to paragraph (1) of this subdivision by indicating that no child of applicable age resides therein or has failed to respond to such notice, if a child of applicable age subsequently comes to reside in such dwelling unit at any time during the immediately following year prior to the delivery of the annual notice by the owner pursuant to subdivision (b) of this section, the occupant shall have the duty to inform the owner in writing that such child has come to reside therein.

(b) Annual Notice.

(1) Each year an owner of a multiple dwelling erected prior to January first, nineteen hundred sixty shall cause to be delivered to each residential unit a notice in English and Spanish inquiring as to whether a child of applicable age resides therein and advising the occupant of his or her duty to report the presence of such child in writing.

(2) Such notice shall be delivered as provided in §27-2056.4(e) of article 14 of the housing maintenance code, no earlier than January first and no later than January sixteenth, provided, however, that if such notice is enclosed with the January rent bill, such notice may be delivered no sooner than December fifteenth and no later than January sixteenth.

(3) Such notice shall be printed on a single form, the content of which shall be as specified in Appendix B hereto, and shall be printed in not less than ten point type, and shall bear the title "Prevention of Lead-based Paint Hazards—Inquiry Regarding Child". Such notice may be combined with the annual window guard notice required by 24 RCNY Chapter 12 in a form approved by the department of health and mental hygiene. Such notice shall be in duplicate, one copy of which will be for the occupant's records, and one copy of which will be returned to the owner. Such notice shall be kept for a period of ten years from the date of receipt by the owner or transferred to a subsequent owner and maintained by such subsequent owner during such time period, and made available to the department upon request.

(4) Upon receipt of such notice, the occupant shall have the duty to deliver a written response to the owner indicating whether a child of applicable age resides in the dwelling unit, by February fifteenth of the year in which the notice is sent. Where an occupant has responded to the notice provided by the owner pursuant to paragraph one of this subdivision by indicating that no child of applicable age resides therein, or has failed to respond to such notice, if a child of applicable age subsequently comes to reside in such dwelling unit at any time prior to delivery of the next annual notice, the occupant shall have the duty to inform the owner in writing that such child has come to reside therein.

(5) If, subsequent to the delivery of such annual notice, the owner does not receive a written response by February fifteenth, and does not otherwise have actual knowledge as to whether a child of applicable age resides therein, then the owner shall at reasonable times and upon reasonable notice inspect the occupant's dwelling unit to ascertain whether a child of applicable age resides therein. Where, between February sixteenth and March first of that year the owner has made reasonable attempt to gain access to the dwelling unit and was unable to gain access, the owner shall notify the department of health and mental hygiene of that circumstance in writing.

(c) The wording of the notices specified in this section shall not be altered or varied in any manner, unless otherwise approved by the department or the department of health and mental hygiene, provided, however, that such owner may provide such notice in any languages in addition to English and Spanish as such owner believes will be of assistance in ensuring communication of the content of such notice to the occupants of the multiple dwelling.

§11-04 Investigation for Lead-based Paint Hazards.

(a) In any dwelling unit in a multiple dwelling erected prior to January first, nineteen hundred sixty where a child of applicable age resides, and in any dwelling unit in a multiple dwelling erected on or after January first, nineteen hundred sixty and before January first, nineteen hundred seventy-eight, where a child of applicable age resides and the owner has actual knowledge of the presence of lead-based paint, and in common areas of such multiple dwellings, the owner shall cause a visual inspection to be made for peeling paint, chewable surfaces, deteriorated subsurfaces, friction surfaces and impact surfaces. A visual inspection for lead-based paint hazards shall include every surface in every room in the dwelling unit, including the interiors of closets and cabinets. Such inspection shall be undertaken at least once a year and more often if necessary, such as when, in the exercise of reasonable care, an owner knows or should have known of a condition that is reasonably foreseeable to cause a leadbased paint hazard, or an occupant makes a complaint concerning a condition that is likely to cause a lead-based paint hazard or requests an inspection, or the department issues a notice of violation or orders the correction of a violation that is likely to cause a lead-based paint hazard.

(b) An owner shall maintain or transfer to a subsequent owner records of inspections of dwelling units performed pursuant to this section. Such records shall include the location of such inspection and the results of such inspection for each surface in each room, as specified in subdivision (a) of this section, and the actions taken as a result of such inspection pursuant to §11-02 of these rules. If an owner claims an inability to gain access to the unit for such inspection, such records shall contain a statement describing the attempt made to gain access, including, but not limited to providing a written notice to the tenant, delivered by certified or registered mail, or by first class mail with proof of mailing from the United States Postal Service, informing the tenant of the necessity of access to the dwelling unit to perform the inspection, and the reason why access could not be gained. Such records shall be kept for a period of ten years from either the date of completion of the inspection, or from the date of the last attempt to gain access by the owner, or transferred to a subsequent owner and maintained by such subsequent owner during such time period, and made available to the department upon request. In addition, the owner shall make such records available to the occupant of such dwelling unit upon request.

(c) Nothing in this section shall be deemed to preclude an owner from conducting any additional types of inspections for lead-based paint hazards, provided, however, that such owner shall correct any lead-based paint hazards identified pursuant to such inspection in accordance with the work practices specified in §11-06 of these rules.

§11-05 Turnover of Dwelling Units.

(a) Upon turnover of any dwelling unit in a multiple dwelling erected prior to January first, nineteen hundred and sixty, or of a dwelling unit in a private dwelling erected prior to January first, nineteen hundred and sixty where each dwelling unit is to be occupied by persons other than the owner or the owner's family, the owner shall within such dwelling unit have the responsibility to:

(1) remediate all lead-based paint hazards and any underlying defects, when such underlying defects exist;

(2) make all bare floors, window sills, and window wells in the dwelling unit smooth and cleanable;

(3) provide for the removal or permanent covering of all lead-based paint on all friction surfaces on all doors and door frames; and

(4) provide for the removal or permanent covering of all lead-based paint on all friction surfaces on all windows, or provide for the installation of replacement window channels or slides on all lead-based painted friction surfaces on all windows.

(b) Such work shall be performed in the time period commencing with the vacancy of the unit and shall be completed prior to reoccupancy of such unit. All work performed pursuant to this section shall be performed using the applicable safe work practices set forth in §11-06(g)(3) of these rules.

(c) An owner shall maintain or transfer to a subsequent owner records of work performed in dwelling units pursuant to this section in accordance with the recordkeeping requirements of section 11-06(c) of these rules. In addition, the owner shall make such records available to the new occupant of such dwelling unit upon request.

(d) An owner shall certify that he or she has complied with §27-2056.8 of article 14 of the housing maintenance code and this section in the notice provided to an occupant upon signing of lease, if any, or upon any agreement to lease, or at the commencement of occupancy if there is no lease pursuant to subdivision (a) of §11-03 of these rules.

§11-06 Safe Work Practices.

(a) Filing procedures. Not less than ten days prior to commencement of work that will disturb lead-based paint pursuant to §27-2056.11(a)(2)(ii) of article 14 of the housing maintenance code, an owner shall file with the department of health and mental hygiene a notice of the commencement of the work. Such notice shall be signed by the owner or by a representative of the firm performing the work. Where work is required to be commenced in a lesser period of time than that specified herein for the filing of a notice of commencement of work, then such filing shall be made as soon as practicable but prior to the commencement of work. Such notice shall be in a form satisfactory to or prescribed by the department of health and mental hygiene and shall set forth at a minimum the following information:

(1) The name, address and telephone number of the owner of the premises in which the lead-based paint work is to be performed;

(2) The address of the building and the specific location of the lead-based paint work within the building;

(3) The name, address and telephone number of the firm who will be responsible for performing the work;

(4) The date and time of commencement of the work, working or shift hours, and the expected date of completion;

(5) A complete description and identification of the surfaces and structures, and surface areas, subject to the work; and

(6) Any changes in the information contained in the notice required by this section shall be filed with the department of health and mental hygiene prior to commencement of work, or if work has already commenced, within 24 hours of any such change.

(b) Licensing and training.

(1) Abatement. All work conducted as part of an abatement as defined in this chapter shall be performed by firms and personnel certified to perform lead-based paint activities in accordance with regulations issued by the United States environmental protection agency at subpart L of 40 CFR part 745 for the abatement of lead hazards, or successor rule.

(2) Work ordered by the department to correct a lead-based paint hazard violation in accordance with §27-2056.11(a)(1) of article 14 of the housing maintenance code, or work performed pursuant to §27-2056.11(a)(2)(ii) of article 14 of the housing maintenance code, shall be performed in accordance with the following requirements:

(i) Firm requirements. Firms conducting such work shall be certified to perform lead abatement by the United States environmental protection agency in accordance with subpart L of 40 CFR part 745 for the abatement of lead hazards, or successor rule.

(ii) Worker requirements. Workers conducting such work shall be trained, at a minimum, in accordance with the regulations issued by the United States department of housing and urban development at 24 CFR §35.1330(a)(4), or successor rule, or under an equivalent program approved by the department or the department of health and mental hygiene.

(iii) Clearance dust testing. No person shall perform a leadcontaminated dust clearance test pursuant to this section unless such person is a third party, who is independent of the owner and any individual or firm that performs such work. All personnel performing lead-contaminated dust clearance testing after completion of such work shall be trained, at a minimum, in accordance with regulations issued by the United States department of housing and urban development at 24 CFR §35.1340 (b)(1), or successor rule, or under an equivalent program approved by the department or the department of health and mental hygiene.

(3) Work performed in accordance with §27-2056.11(a)(2)(i) of article 14 of the housing maintenance code, shall be performed in accordance with the following requirements:

(i) Worker requirements. Workers conducting such work shall be trained under regulations issued by the United States department of housing and urban development at 24 CFR §35.1330 (a)(4), or successor rule, or under an equivalent program approved by the department or the department of health and mental hygiene.

(ii) Clearance dust testing. No person shall perform a leadcontaminated dust clearance test pursuant to this section unless such person is a third party, who is independent of the owner and any individual or firm that performs such work. Personnel performing lead-contaminated dust clearance testing after completion of such work shall be trained in accordance with regulations issued by the department of housing and urban development at 24 CFR §35.1340 (b)(1), or successor rule, or under an equivalent program approved by the department or the department of health and mental hygiene.

(4) Work performed in a dwelling unit upon turnover in accordance with §27-2056.8 of article 14 of the housing maintenance code. No person shall perform a lead-ontaminated dust clearance test pursuant to this paragraph unless such person is a third party, who is independent of the owner and any individual or firm that performs the work upon turnover. Personnel performing lead-contaminated dust clearance testing after completion of such work shall be trained in accordance with regulations issued by the department of housing and urban development at 24 CFR §35.1340 (b)(1), or successor rule, or under an equivalent program approved by the department or the department of health and mental hygiene.

(c) Recordkeeping. An owner shall keep a record of the following information for all work performed pursuant to this section:

(1) The name, address, and telephone number of the person or entity who performed the work; the start date and completion date for the work;

(2) A copy of all licenses and training certificates, required pursuant to subdivision (b) of this section, for the firms and personnel who performed work and lead-contaminated dust clearance testing;

(3) The location of the work performed in each room including a description of such work and invoices for payment for such work;

(4) Results of lead-contaminated dust clearance tests analyzed by an independent laboratory certified by the state of New York;

(5) Checklists completed pursuant to (g)(1)(ix)(F)(f) when occupants are allowed temporary access to a work area; and

(6) Such records shall be maintained by such owner for a period of ten years from the date of completion of such work or transferred to a subsequent owner and maintained by such subsequent owner during such time period, and made available to the department upon request.

(d) Work methods.

(1) Minimizing dust dispersion. Work that disturbs lead-based paint as defined in this chapter shall be carried out in such a manner as to minimize the penetration or dispersal of lead contaminants or lead-contaminated materials from the work area to other areas of the dwelling unit and building or adjacent outdoor areas.

(2) An area designated as a clean changing area shall be segregated from the work area by a physical barrier to prevent the penetration or dispersal of lead contaminants or lead-contaminated materials from the work area to other areas of the dwelling unit and building and to prevent occupant exposure to materials containing lead.

(3) Repair of lead-based paint hazard violations may be performed by wet sanding, wet scraping, removal, enclosure, encapsulation, replacement or abatement except where otherwise specified in article 14 of the housing maintenance code or these rules.

(e) Prohibited methods. The following methods shall not be used while performing work in accordance with these rules that disturbs lead-based paint or paint of unknown lead content:

(1) Open flame burning or torching.

(2) Machine sanding or grinding without HEPA local exhaust control.

(3) Abrasive blasting or sandblasting without HEPA local exhaust control.

(4) Heat guns operating above 1100 degrees Fahrenheit or charring the paint.

(5) Dry sanding or dry scraping.

(6) Paint stripping in a poorly ventilated space using a volatile stripper that is a hazardous substance in accordance with regulations of the United States consumer product safety commission at 16 CFR §1500.3, and/or a hazardous chemical in accordance with the United States occupational safety and health administration regulations at 29 CFR §§1910.1200 or 1926.59, as applicable to the work.

(f) Work practices and surface finishing.

(1) All tools and materials used when disturbing paint shall be used in accordance with the manufacturer's instructions.

(2) Wet sanding, wet scraping, removal, enclosure, encapsulation, replacement, abatement and other maintenance and repair activities shall be performed using standard construction and treatment methods, and in accordance with manufacturer's instructions, where applicable.

(3) All surfaces where paint has been disturbed shall be sealed and finished with appropriate materials. Underlying surface substrates shall be dry and protected from future moisture before applying a new protective coating or paint, and all paints and coatings shall be applied in accordance with the manufacturer's recommendations.

(g) Occupant protection.

(1) Work ordered by the Department to correct a lead-based paint hazard violation in accordance with §27-2056.11(a)(1) of article 14 of the housing maintenance code, or work performed pursuant to §27-2056.11(a)(2)(ii) of article 14 of the housing maintenance code.

(i) Postings. The following information shall be conspicuously posted no later than twenty-four hours prior to beginning work and shall remain in place until the work area has been cleared for re-occupancy:

(A) Notice of commencement of work information submitted to the department of health and mental hygiene pursuant to §27-2056.11(a)(2)(ii) of article 14 of the housing maintenance code. Such information shall be posted at the entrance to the dwelling and at the entrance to the dwelling unit.

(B) A warning sign of at least 8-1/2" by 11" with letters at least one inch high, reading as follows: WARNING: LEAD WORK AREA - POISON - NO SMOKING OR EATING. Such information shall be posted adjacent to the work area.

(ii) Pre-cleaning and protecting moveable items. All floors, moveable furniture, draperies, carpets, or other objects in the work area shall be HEPA-vacuumed or washed; all moveable items shall then be moved out of the work area or otherwise covered with two layers of six-mil disposable polyethylene sheeting before work begins. Such sheeting shall be taped together with waterproof tape, and taped to the floors or bottom of the walls or baseboards, so as to form a continuous barrier to the penetration of dust.

(iii) Sealing vents. Forced-air systems within the room where work that disturbs lead-based paint is occurring shall be turned off and covered with two layers of six-mil polyethylene sheeting and waterproof tape to prevent lead contamination and lead dispersal to other areas.

(iv) Affixing doorway entrance flap. After all moveable objects have been removed, the work area shall be sealed off from non-work areas by taping with waterproof tape, two layers of disposable, six-mil polyethylene sheeting over every entrance or doorway to the work area, as follows: To deter the dispersal of lead dust one sheet shall be taped along all sides of the doorway and a slit shall be cut down the middle of the sheeting, leaving intact at least six inches of sheeting on the top and six inches of sheeting on the bottom of the doorway. A second sheet of polyethylene large enough to cover the doorway, shall be attached to the top of the doorway in the room or area where work is being conducted and shall act as a flap opening into the work area.

(v) Covering floors. The floor of the work area shall be covered with at least two sheets of disposable six-mil polyethylene sheeting. Such sheeting shall be taped together with waterproof tape, and taped to the bottom of the walls or baseboard, so as to form a continuous barrier to the penetration of dust to the floor. The furniture and non-moveable furnishings, such as counters, cabinets, and radiators in the work area shall be removed or covered with such taped sheeting.

(vi) Sealing openings. All openings, including windows, except those required to be open for ventilation, not sealed off or covered in accordance with subdivision (g)(1)(iii) of this section, shall be sealed with two layers of six-mil polyethylene sheeting and terproof tape to prevent the penetration or dispersal of lead contaminants or lead-contaminated material.Instructing occupants. (vii) Occupants shall be instructed by the owner and contractor to avoid entering the work area until final clearance levels have been achieved.

(viii) Hazardous materials. All paints, thinners, solvents, chemical strippers or other flammable materials shall be delivered to the building and maintained during the course of the work in their original containers bearing the manufacturer's labels, and all material safety data sheets, as may be required by law, shall be on-site and shall be made available upon request to the occupants of the dwelling unit.

(ix) Clean-up and lead-contaminated dust clearance testing procedures.

(A) Daily clean-up. At the completion of work each day, the work area shall be thoroughly wet-mopped or HEPA-vacuumed. No polyethylene sheeting, drop cloths, or other materials that are potentially hazardous to young children or infants shall be accessible outside the work area. In addition, any work area and other adjoining area exposed to lead or lead-contaminated materials shall be cleaned as follows:

(a) Large debris. Large demolition-type debris (e.g., door,

windows, trim) shall be wrapped in six-mil polyethylene, sealed with waterproof tape, and moved to the area designated for trash storage on the property to be properly disposed of in a lawful manner.

(b) Small debris. Small debris shall be HEPA-vacuumed or wet swept and collected. Before wet sweeping occurs, the affected surfaces shall be sprayed with a fine mist of water to keep surface dust from becoming airborne. Dry sweeping is prohibited. The swept debris and all disposable clothing and equipment shall be placed in double four-mil or single six-mil plastic bags which shall be sealed and stored along with other contaminated debris in the work area and shall be properly disposed of in a lawful manner.

(c) Clean-up adjacent to the work area. On a daily basis, as well as during final clean-up, the area adjacent and exterior to the work area shall be examined visually to ensure that no lead debris has escaped containment. Any such debris shall be wet swept and HEPA-vacuumed, collected and disposed of as described above.

(d) Supply storage. Upon finishing work for the day, all rags, cloths and other supplies used in conjunction with chemical strippers or other flammable materials, or materials contaminated with lead dust or paint shall be stored at the end of each work day in sealed containers or removed from the premises, in a lawful manner.

(B) Final clean-up. Final cleaning shall be performed as follows, in the following sequence:

(a) The final cleaning process shall start no sooner than one (1) hour after lead-based paint disturbance activities have been completed, but before repainting, if necessary.

(b) First, all polyethylene sheeting shall be sprayed with water mist and swept prior to removal. Polyethylene sheeting shall be removed by starting with upper-level polyethylene, such as that on windows, cabinets and counters, folding the corners, ends to the middle, and placing in double four-mil or single six-mil plastic bags. Plastic bags shall be sealed and properly disposed of in a lawful manner.

(c) Second, all surfaces in the work area shall be HEPA-vacuumed. Vacuuming shall begin with ceilings and proceed down the walls to the floors and include furniture and carpets.

(d) Third, all surfaces in the work area shall be washed with a detergent solution. Washing shall begin with the ceiling and proceed down the walls to the floor. Wash water shall be properly disposed of in a lawful manner.

(e) Fourth, all surfaces exposed to lead dust generated by the lead-based paint disturbance process shall be HEPA-vacuumed again. Vacuuming shall begin with ceilings and proceed down the walls to the floors and include furniture and carpets.

(f) Fifth, all surfaces shall be inspected to ensure that all surfaces have been cleaned and all visible dust and debris have been removed. If all visible dust and debris have not been removed, affected surfaces shall be re-cleaned.

(C) Final inspection. After final clean-up, and re-painting if necessary, has been completed, a final inspection shall be made by a third party retained by the owner who is independent of the owner and the contractor. The final clearance evaluation shall include a visual inspection and lead-contaminated dust clearance testing. Three wipe samples shall be collected and tested from each room or area where work has been conducted; one wipe sample each shall be taken from a window well, a window sill and the floor. In addition, lead-contaminated dust clearance samples shall be collected and tested from the floor in rooms or areas immediately adjacent to the work area.

(D) Clearance for re-occupancy. Lead-contaminated dust levels in excess of the following constitute contamination and require repetition of the clean-up and testing process in all areas where such levels are found. Areas where every lead-contaminated dust sample result is below the following levels may be cleared for re-occupancy:

Floors:	40 micrograms of lead per square foot.
Window Sills:	250 micrograms of lead per square foot.
Window Wells:	400 micrograms of lead per square foot.

Only upon receipt of laboratory test results showing that the above dust lead levels are not exceeded in the dwelling may the work area be cleared for permanent re-occupancy. However, temporary access to work areas may be allowed, provided that clean-up is completed and dust test samples have been collected in compliance with this section. The owner shall provide all lead-contaminated dust clearance test results to the occupants of the dwelling or dwelling unit.

(E) Relocation. An owner shall request that an occupant temporarily relocate from a unit pending completion of work where it appears that work cannot be performed safely with occupants in residence. Such owner shall offer a suitable, decent, safe and similarly accessible dwelling unit that does not have lead-based paint hazards to such occupants for temporary relocation. Unreasonable refusal by such occupants to relocate pursuant to such offer shall constitute a refusal of access under housing maintenance code §§27-2009 and 27-2056.4(b), and, where applicable, 9 NYCRR §2524.3(e). Relocation shall not be required provided that work can be done safely with occupants in residence, and provided further that at the end of each day of work, the work area is properly cleaned as specified in subdivision (g)(1)(ix)(A) of this section; occupants have safe access to areas adequate for sleeping; occupants have bathroom and kitchen facilities available to them; occupants have safe access to entry/egress pathways; and the work does not create other safety hazards (e.g., exposed electrical wiring or holes in the floor).

(F) Temporary access to the work area when occupants not relocated. When occupants are not relocated, temporary access may be allowed to areas in which work is in progress after work has ceased for the day, provided that at the end of each work day:

(a) Any work area to be accessed is properly cleaned as specified in the daily clean-up requirements of subdivision (g)(1)(ix)(A) of this section and the final clean-up requirements of subdivision (g)(1)(ix)(B)(b) through (d) and (f)

(b) There are no safety hazards (including, but not limited to, exposed electric wiring or holes in the floor) or covered vents.

(c) Floor coverings containing leaded dust and debris and hazardous materials are removed;

(d) Floors in the work area are re-covered with a non-skid floor covering securely taped to the floor;

(e) Work areas are prepared in accordance with the requirements above when work recommences; and

(f) At the end of each workday, and before access is permitted, a checklist indicating compliance with these conditions is completed and signed by the person responsible for overseeing the work. No person shall make a false, untrue or misleading statement or forge the signature of another person on any document or record required to be prepared pursuant to these rules.

(g) Temporary access in accordance with these provisions may be allowed for no longer than five days. If work has not resumed within five days, temporary access may continue only if the person responsible for overseeing the work has repeated the actions required by clauses (a) through (f) of this subparagraph (F). Nothing herein shall extend the time for compliance with any violation issued pursuant to article 14 of the housing maintenance code.

(2) Work performed in accordance with §27- 056.11 (a)(2)(i) of article 14 of the housing maintenance code that disturbs lead-based paint.

(i) Postings. A warning sign shall be posted in accordance with subdivision (g)(1)(i)(B) of this section and caution tape shall be placed across the entrance to the work area.

(ii) Pre-cleaning and protecting moveable items. All floors, moveable furniture, draperies, carpets, or other objects in the work area shall be HEPA-vacuumed or washed; all moveable items shall then be moved out of the work area or otherwise covered with polyethylene plastic or equivalent sheeting. All plastic or equivalent sheeting used during the performance of the work shall be of sufficient thickness and durability to prevent tearing during the performance of the work. Such sheeting shall be of sufficient length and width to prevent dust and other debris generated by the work from spreading to areas unprotected by such sheeting. Such sheeting must be adequately secured to prevent movementof the sheeting during the performance of the work.

(iii) Covering floors. The floor of the work area shall be covered with polyethylene plastic or equivalent sheeting. All plastic or equivalent sheeting used during the performance of the work shall be of sufficient thickness and durability to prevent tearing during the performance of the work. Such sheeting shall be of sufficient length and width to prevent dust and other debris generated by the work from spreading to areas unprotected by such sheeting. Such sheeting must be adequately secured to prevent movement of the sheeting during the performance of the work. Multiple layers of polyethylene sheeting shall be used as needed to prevent dust from contaminating the floor.

(iv) Sealing openings. Where applicable, forced air systems in the work area shall be turned off and any openings in the work area shall be sealed with polyethylene or equivalent sheeting to prevent the penetration or dispersal of lead contaminants or lead-contaminated material.

(v) Instructing occupants. Occupants shall be instructed by the owner and contractor to avoid entering the work area until final clean up has been completed.

(vi) Hazardous materials. All paints, thinners, solvents, chemical strippers or other flammable materials shall be delivered to the building and maintained during the course of the work in their original containers bearing the manufacturer's labels, and all material safety data sheets, as may be required by law, shall be on-site and shall be made available upon request to the occupants of the dwelling unit.

(vii) Clean-up and lead-contaminated dust clearance testing shall be conducted in accordance with subdivision (g)(1)(ix) of this section.

(viii) Relocation and temporary access to work areas when occupants are not relocated, where provided, shall be performed in accordance with (g)(1)(ix)(E) and (F) of this section.

(3) Work performed in a dwelling unit on turnover in accordance §27-2056.8 of article 14 of the housing maintenance code.

(i) Preparation. The procedures described in subdivision (g)(2)(i)-(iv) of this section shall be followed.

(ii) Clean-up. At the completion of work, the work area shall be thoroughly wet-mopped or HEPA-vacuumed and a visual examination shall be conducted in the work area and the area adjacent and exterior to the work area. Any noted lead-contaminated dust or debris shall be wet-mopped or HEPA-vacuumed. All rags, cloths and other supplies used in conjunction with chemical strippers or other flammable materials, or materials contaminated with lead dust or paint shall be stored at the end of each work day in sealed containers or removed from the premises, in a lawful manner.

(iii) Lead-contaminated dust clearance testing. Lead-contaminated dust clearance testing shall be conducted in accordance with subdivision (g)(1)(ix)(C)-(D) of this section.

§11-07 Presumption.

(a) In any multiple dwelling erected prior to January first, nineteen hundred sixty, it shall be presumed that the paint or other similar surface-coating material in any dwelling unit where a child of applicable age resides or in the common areas of such multiple dwelling is lead-based paint.

(b)(1)The presumption established in this section may only be rebutted as provided in paragraph (2) of this subdivision by the registered owner, registered officer or director of a corporate owner or by a registered managing agent of such multiple dwelling by submitting to the department:

(i) a sworn written statement, supported by lead-based paint testing or sampling results, including a description of the testing methodology and manufacturer and model of instrument used to perform such testing or sampling;

(ii) a sworn written statement by the person who performed the testing if performed by an employee or agent of the owner which shall include a copy of the certificate of training as a certified lead-based paint inspector or risk assessor as provided in subdivision (d) of this section;

(iii) a copy of the inspection report provided by the person who performed the testing or sampling which shall include a description of the surfaces in each room where such testing or sampling was performed; and

(iv) a copy of the results of such testing and/or such laboratory tests of paint chip samples performed by an independent laboratory certified by the state of New York where such testing has been performed.

(2) Such written statement and all supporting documentation shall be submitted to the department not later than six (6) days before the date set for correction in the notice of violation in accordance with paragraph (1) of this subdivision, and may only be submitted to rebut the presumption where the department has not performed an XRF test prior to issuing such violation. Receipt by the department of a complete application in accordance with this subdivision including such written statement and such supporting documentation shall toll the time period to correct the violation. Receipt of an incomplete application shall not toll the time period for correction of the violation.

(3) The department shall notify the registered owner, registered officer or director of a corporate owner or registered managing agent of such multiple dwelling of its determination in writing, and, if the department determines that such presumption has not been rebutted, such notice shall set a date for correction of the violation.

(c) Where testing or sampling is performed to rebut the presumption established in this section, the performance of such testing shall be in accordance with the definition for lead-based paint established in §11-01(s) of these rules and §27-2056.2(7) of article 14 of the housing maintenance code. Laboratory analysis for paint chip samples shall be permitted only where XRF tests fall within the inconclusive zone for the particular XRF machine or where the configuration of the surface or component to be tested is such that an XRF machine cannot accurately measure the lead content of such surface or component. Laboratory tests of paint chip samples, where performed, shall be reported in mg/cm^2, unless the surface area of a paint chip sample cannot be accurately measured, or if an accurately measured paint chip sample cannot be removed, in which circumstance the laboratory test may be reported in percent by weight. Where paint chip sampling has been performed, the sworn written statement by the person who performed the testing shall include a statement that such sampling was done in accordance with 40 CFR §745.227 or successor provisions.

(d) Testing performed to rebut the presumption may only be performed by a person who has been certified as a lead-based paint inspector or risk assessor in accordance with subparts L and Q of 40 CFR part 745 or successor provisions and such testing shall be performed in accordance with 40 CFR §745.227(a) and (b) or successor provisions.

§11-08 Exemption from Presumption.

(a) A registered owner or registered officer or director of a corporate owner or registered managing agent of a multiple dwelling erected prior to January first, nineteen hundred sixty or, where title to such multiple dwelling is held by a cooperative housing corporation or the units in such multiple dwelling are owned as condominium units, a representative of the corporation or the condominium board of managers may apply to the department, in writing, for an exemption of the application of the presumption established under article 14 of the housing maintenance code and §11-07 of these rules with respect to such multiple dwelling or any part thereof, provided further, that where title to such multiple dwelling is held by a cooperative housing corporation or the units in such multiple dwelling are owned as condominium units, the shareholder of record on the proprietary lease or the owner of record of such condominium unit, as is applicable, may apply to the department for such exemption for his or her individual unit where such presumption is or may become applicable.

(b) Except as otherwise provided in subdivision (c), such exemption shall be granted only where such owner or such other person specified in subdivision (a) of this section submits a written determination made by a lead-based paint inspector or risk assessor certified pursuant to subparts L and Q of 40 CFR part 745 or successor provisions, and in accordance with 40 CFR §745.227(b), or Chapter 7 of the department of housing and urban development's Guidelines for Evaluation and Control of Lead-Based Paint Hazards in Housing that each tested surface and component in each dwelling unit in such multiple dwelling or in the individual dwelling unit, if applying for an exemption of a particular dwelling unit in such multiple dwelling, is free of lead-based

paint as defined in §11-01(s) of these rules and §27-2056.2(7) of article 14 of the housing maintenance code, or, that as a result of a substantial alteration of each dwelling unit such lead-based paint on each surface and component in each dwelling unit has been contained so that each surface tested is negative for such lead-based paint. Where surfaces or components within the dwelling unit can be demonstrated by the owner, to the satisfaction of the department, to have a common construction and painting history, the lead-based paint inspector or risk assessor performing such testing may test a sample of the surfaces and components having such common construction and painting history within the dwelling unit to make such determination, in accordance with 40 CFR §745.227(b), or Chapter 7 of the department of housing and urban development's Guidelines for Evaluation and Control of Lead-Based Paint Hazards in Housing. For purposes of this section, the term "contained" shall mean that every surface containing lead-based paint has been permanently covered, enclosed and sealed with sheetrock or similar durable construction material to eliminate gaps which may allow access to or dispersion of dust or other matter from the underlying surface.

(c) For any surface within a dwelling unit or dwelling where encapsulation has been applied to a surface for the purpose of qualifying such dwelling unit or dwelling for an exemption under this section, in addition to the information required to be provided to the department pursuant to subdivision (d) of this section, such application shall include: the location of each surface that has been encapsulated; the name of the encapsulant that has been used, which shall be limited to those approved by the New York state department of health or by another federal or state agency or jurisdiction which the department has designated as acceptable; and a statement by the person who applied such encapsulant, who shall be certified to perform abatement pursuant to 40 CFR part 745 or successor provisions, that it has been applied in accordance with the manufacturer's instructions. The surfaces to which such encapsulants are applied shall be subject to periodic monitoring by the owner to ensure that they remain undamaged and intact, provided further, that the owner of such dwelling unit or dwelling shall keep records of any monitoring of such encapsulated surfaces for a period of ten years and produced by the owner upon request by the department.

(d) In addition to the information required by subdivision (c) of this section, where applicable, an application for exemption shall include: the address of the multiple dwelling; the number of units; the dates, if known, when substantial alterations were made to the dwelling unit(s) and a description of the work performed; the date of the inspection resulting in the determination; and a copy of the inspection report. Such inspection report shall contain a description of the surfaces tested and the results of such testing. Such application shall also include a copy of the certificate of training of the person who performed such testing.

(e) Upon submission of a complete application for exemption to the department, such multiple dwelling or part thereof, or dwelling unit, shall be deemed to be exempt from application of the presumption established under article 14 of the housing maintenance code and §11-07 of these rules. The department may revoke an exemption granted pursuant to this section where the department determines, after inspection, that a surface in any dwelling unit for which lead-based paint was contained or to which an encapsulant was applied is no longer intact or sealed or that such exemption was determined to be based upon fraud, mistake or misrepresentation. The department shall provide written notification to the owner upon making such determination. Absent fraud, mistake or misrepresentation in the initial application, an owner may reapply for the exemption by showing that the surface for which the lead-based paint was no longer contained or encapsulated has been repaired and resealed.

(f) Results of lead-based paint testing or evidence of application of encapsulants to surfaces performed prior to the effective date these rules, that conforms with the requirements of this section, may be submitted to qualify for an exemption from the presumption pursuant to this section.

§11-09 Certification of Correction of Lead-Based Paint Hazard Violation.

(a) A registered owner or registered officer or director of a corporate owner or registered managing agent shall submit a certification of correction of a lead-based paint hazard violation issued pursuant to §27-2056.6 of article 14 of the housing maintenance code and these rules within five (5) days of the date set for correction in the notice of violation. Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent and shall include the following:

(1) the date that the violation was corrected, and a statement that the violation was corrected in compliance with article 14 of the housing maintenance code and §11-06 of these rules;

(2) the results of laboratory tests performed by an independent laboratory certified by the state of New York for lead-contaminated dust clearance tests performed pursuant to §27-2056.11(b) and (d) of the housing maintenance code and §11-06(g)(1)(ix)(C) and (D) of these rules;

(3) a copy of the certificate of training required pursuant to §11-06(b)(2)(iii) qualifying the person who performed the lead-contaminated dust clearance testing; and

(4) a sworn statement by the person or firm who performed the work necessary to correct the violation that such work was performed in accordance with the applicable provisions of §27-2056.11of article 14 of the housing maintenance code and the applicable provisions of §11-06 of these rules; and

(5) a copy of the certification by the United States environmental protection agency of the firm that performed the work as required pursuant to §11-06(b)(2)(i) of these rules.

(b) Certification of a lead-based paint hazard violation shall be rejected by the department unless the results of the laboratory tests for the required lead-contaminated dust clearance tests are submitted with the certification, and such laboratory test results comply with the standards specified in §11-06(g)(1)(ix)(D) of these rules.

(c) Failure to file a certification of correction of such violation shall establish a prima facie case that such violation has not been corrected.

§11-10 Postponements.

(a) An owner may apply to the department in writing for postponement of the time to correct a lead-based paint hazard violation issued pursuant to §27-2056.6 of article 14 of the housing maintenance code within the five days preceding the date set for correction of such violation pursuant to §27-2115(l)(1).

(b) Grant of a postponement shall be in the sole discretion of the department, and will be limited to circumstances where a showing has been made by the owner, to the satisfaction of the department, that such owner has taken steps to correct the violation promptly but that full correction could not be completed expeditiously because of the existence of a serious technical difficulty, inability to obtain necessary materials, funds or labor, or inability to gain access to the dwelling unit or other area of the building necessary to make the required repair. An application for postponement shall contain a detailed statement by the registered owner or agent, or registered managing agent, explaining the steps taken to correct the violation promptly and the specific circumstances surrounding the inability to fully correct the violation within the time set for correction of the violation. Where an owner claims inability to gain access, such application shall include a description of the steps taken to gain access, including but not limited to providing a written notice to the tenant, delivered by certified or registered mail, informing the tenant of the necessity of access to the dwelling unit to correct the violation and the reason why access could not be gained.

(c)(1) The department shall make a determination in writing whether the postponement shall be granted or denied, and the reasons therefor. The department may include such other conditions as are deemed necessary to insure correction of the violation within the time set by the postponement. If the postponement is granted, a new date for correction shall be set, which shall not exceed fourteen days from the date set for correction in the notice of violation, provided, however, that the department may grant an additional postponement of fourteen days where the department determines that the conditions which is the subject of the violation has been stabilized.

(2) The department may grant a postponement of the time to correct a lead-based paint hazard violation in excess of the twenty-eight days provided for in paragraph (1) of this subdivision, where the department determines that the work to be done to remediate the violation includes one or more substantial capital improvements to be made in conjunction with such work, and that such improvements will significantly reduce the presence of lead-based paint in such multiple dwelling or dwelling unit, provided that the paint which is the subject of the violation is stabilized. An owner who applies for such longer postponement shall submit an application within the time period specified in subdivision (a) of this section, and shall include with such application such documentation as the department may require to make its determination, which may include, but is not limited to, written contracts for work, building permits, plans filed with the department of buildings; invoices for materials purchased; and evidence that work has commenced and substantial progress has been made.

§11-11 Audit and Inspection by the Department.

(a) Upon the issuance of a commissioner's order to abate by the commissioner of the department of health and mental hygiene pursuant to New York city health code §173.13, the department shall require that an owner submit to it all records required to be kept by such owner pursuant to article 14 of the housing maintenance code and these rules. At such other times as the department may deem it necessary, the department may require that an owner submit to it all records required to be kept by such owner pursuant to article 14 of the housing maintenance code and these rules. If such order to abate has been issued, such records shall be submitted to the department within 45 days of written demand for such records by the department. In all other cases, the time period for submission shall be stated in writing to the owner, and shall be in the discretion of the department.

(b) The department may undertake any inspection and enforcement actions it deems necessary under applicable law and these rules based upon its review of the records submitted by an owner pursuant to subdivision (a) of this section. The department may also undertake any inspection or enforcement action authorized by law where an owner refuses or fails to produce any of the records required to be kept pursuant to article 14 of the housing maintenance code, these rules, and other applicable law.

§11-12 Dwelling units in cooperative housing corporations and condominiums Where the department has issued a violation pursuant to article 14 of the housing maintenance code for a dwelling unit in a multiple dwelling where (i) title to such multiple dwelling is held by a cooperative housing corporation or such dwelling unit is owned as a condominium unit, and (ii) such dwelling unit is occupied by the shareholder of record on the proprietary lease for such dwelling unit or the owner of record of such condominium unit, as is applicable, or the shareholder's or record owner's family, the cooperative housing corporation or the condominium board of managers may apply to the department to have such violation reissued. Such application shall include a sworn affidavit from a representative of the cooperative housing corporation or condominium board of managers attesting to the status of such multiple dwelling as either a cooperative or condominium, and a sworn affidavit from the shareholder of record on the proprietary lease of the unit or the owner of record of the condominium unit for which the violation was issued, attesting to his or her occupancy of the unit.

§2. Item 13 of subdivision (a) of the Itemized Cost Breakdown Schedule contained in section 5-08 of chapter 5 of title 28 of the Rules of the City of New York and accompanying footnote 5 are hereby amended, and new items 13(a) and 13(b) and accompanying footnote 5a, are hereby added, to read as follows:

Item		Units	Allowance
*(13)	[Deleading] Abatement of lead-based paint hazards[5]		[Per Contract] Applicable Allowance plus 10%
*(13a)	Inspection for Lead-Based Paint Hazards	dwelling units	400.
*(13b)	Risk Assessment of Lead-Based Paint Hazards[5a]	dwelling units	250.

[5] [Requires] For construction commenced on or after August 2, 2004, requires (a) "an abatement" of lead-based paint hazards, as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, (b) proof of lead-based paint hazards pursuant to an "inspection" and/or "risk assessment", as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, and (c) proof that the dwelling unit in which such abatement occurred is occupied by a child of applicable age, as established in accordance with section 27-2056.18 of the Administrative Code. Notwithstanding the foregoing, no such benefit shall be given for any abatement performed to comply with a notice of violation issued for a violation of article fourteen of subchapter two of chapter two of title 27 of the Administrative Code.

Furthermore, the deleading of lead-based paint hazards pursuant to a NYC Dept. of Health and Mental Hygiene order[,] that is commenced prior to August 2, 2004 will continue to be eligible for J-51 benefits provided that there is an approved contract and sign-off. The allowance for such deleading of lead-based paint hazards will be per contract.

[5a] In order to qualify for benefits pursuant to 13a or 13b above, (a) must be "inspection" or "risk assessment" as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, (b) inspection or risk assessment must have determined that lead-based paint hazards exist in such dwelling unit, (c) dwelling unit in which such inspection or risk assessment occurred must be occupied by a child of applicable age, as established in accordance with section 27-2056.18 of the Administrative Code, and (d) must also have performed an "abatement" of lead-based paint hazards, as defined in 40 Code of Federal Regulations Part 745 or any successor regulations, in response to such inspection or risk assessment determination. Notwithstanding the foregoing, no such benefit shall be given for any abatement performed to comply with a notice of violation issued for a violation of article fourteen of subchapter two of chapter two of title 27 of the Administrative Code. Furthermore, such benefits for inspection or risk assessment of lead-based paint hazards shall only be given for such inspections or risk assessments commenced on or after August 2, 2004.

STATEMENT OF BASIS AND PURPOSE

The purpose of these rules is to implement Article 14 of the Housing Maintenance Code relating to lead poisoning prevention and control. Among the many provisions, the rules detail the responsibilities of owners of multiple dwellings and occupants of dwelling units in which children under the applicable age reside with reference to the prevention of lead-based paint hazards, maintenance of painted surfaces in such dwelling units, notification and investigation for the presence of children and of lead-based paint hazards and the correction of lead-based paint hazards and lead-based paint hazard violations using trained workers and safe work practices. The rules also specify work practices to be used by owners when disturbing lead paint or paint of unknown lead content in multiple dwelling units where a child of applicable age resides. Other provisions concern procedures for certification of correction of violations, exemption from the presumption of lead paint, applications for postponements of time to perform work to remediate violations, recordkeeping requirements, and audit of building records by the Department under certain circumstances. Finally, these rules amend the J-51 rules to provide for benefits when an abatement of lead-based paint hazards is performed under the specified circumstances. These rules repeal and replace the rules promulgated pursuant to former LL #38 of 1999.

APPENDIX A

LEASE/COMMENCEMENT OF OCCUPANCY NOTICE FOR PREVENTION OF LEAD-BASED PAINT HAZARDS—INQUIRY REGARDING CHILD

You are required by law to inform the owner if a child under seven years of age resides or will reside in the dwelling unit (apartment) for which you are signing this lease/commencing occupancy. If such a child resides or will reside in the unit, the owner of the building is required to perform an annual visual inspection of the unit to determine the presence of lead-based paint hazards. **IT IS IMPORTANT THAT YOU RETURN THIS FORM TO THE OWNER OR MANAGING AGENT OF YOUR BUILDING TO PROTECT THE HEALTH OF YOUR CHILD.** If you do not respond to this notice, the owner is required to attempt to inspect your apartment to determine if a child under seven years of age resides there.

If a child under seven years of age does not reside in the unit now, but does come to live in it at any time during the year, you must inform the owner in writing immediately. If a child under seven years of age resides in the unit, you should also inform the owner immediately at the address below if you notice any peeling paint or deteriorated subsurfaces in the unit during the year.

Please complete this form and return one copy to the owner or his or her agent or representative when you sign the lease/commence occupancy of the unit. Keep one copy of this form for your records. You should also receive a copy of a pamphlet developed by the New York City Department of Health and Mental Hygiene explaining about lead-based paint hazards when you sign your lease/commence occupancy.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Floor area

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

* * *

(i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:

(1) within #detached# or #semi-detached single-# or #two-family residences# in R2X, R3, R4 or R5 Districts, except that in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;

(2) within #residential buildings developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;

(3) in excess of 100 square feet per required space in individual garages within other #residential buildings# (#attached residential buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of:

(i) #curb level#; or

(ii) grade existing on June 7, 1989.

* * *

However, the #floor area# of a #building# shall not include:

* * *

(6) floor space used for #accessory# off-street parking spaces provided in any #story#:

(i) up to 200 square feet per required space existing on June 30, 1989 within #residential buildings# in R3, R4 or R5 Districts, except that for #detached# or #semi-detached single-# or #two-family residences# in R3, R4A and R4-1 Districts within #lower density growth management areas#, #floor area# shall not include up to 300 square feet for one required space and up to 500 square feet for two required spaces;

(ii) up to 100 square feet per required space in individual garages in #attached residential buildings#, rowhouses or multiple dwellings in R3, R4, or R5 Districts except that in R3-2 Districts within #lower density growth management areas#, up to 300 square feet for one such space and up to 500 square feet for two such spaces, except for:

(1) #residential buildings developed# or #enlarged# after June 30, 1989 pursuant to the optional regulations applicable in a #predominantly built-up area#;

(2) #residential buildings# where, subsequent to June 7, 1989, the level of any #yard#, except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of #curb level# or grade existing on June 7, 1989.

* * *

Lower density growth management area

A "lower density growth management area" is any R1, R2, R3, R4A or R4-1 District in the following designated areas, and any #development# accessed by #private roads# in R1 through R5 Districts within such areas:

The Borough of Staten Island

* * *

Private road

Except in #lower density growth management areas#, ~~A~~a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #dwelling unit# within a #development# where five or more #dwelling units# are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.
An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

In #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

(a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

(b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Detached and Semi-Detached Two-Family Residences

~~R3-1 R3A R3X~~ R3 R4-1 R4A

In R3A, R3X or R4A Districts, and in R3-2 Districts within #lower density growth management areas#, a #detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other, and in R3-1 or R4-1 Districts, a #semi-detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other.

The City Planning Commission may, upon application, authorize the waiver of these requirements provided that the Commission finds that:

(a) the #development# is compatible with the scale and character of the surrounding area; and

(b) the design of:

(1) the #detached building# does not give the appearance of a #semi-detached building#; or

(2) the #semi-detached building# does not give the appearance of an #attached building#; and each #dwelling unit# has a perimeter wall with windows facing a #side yard#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

23-012
Lower Density Growth Management Areas

For areas designated as #lower density growth management areas# pursuant to Section 12-10 (DEFINITIONS), the underlying district regulations shall apply to all #residential developments# or #enlargements#. Such regulations are superceded or supplemented as set forth in the following Sections:

11-44	Authorizations or Permits in Lower Density Growth Management Areas
12-10	(DEFINITIONS) "floor area"; "lower density growth management area"; and 'private road"
22-43	(Detached and Semi-Detached Two-Family Residences)
23-141	(Open space and floor area regulations in R1, R2, R3 R4 or R5 Districts)
23-32	(Minimum Lot Area or Lot Width for Residences)
23-44	(Permitted Obstructions in Required Yards or Rear Yard Equivalents)
23-461	(Side yards for single-or two-family residences)
23-462	(Side yards for all other residential buildings)
23-533	(Required rear yard equivalents)
23-541	(Within 100 feet of corners)
23-542	(Along short dimension of block)
23-544	(For portions of through lots)
23-631	(Height and setback in R1, R2, R3, R4 and R5 Districts)
23-711	(Standard minimum distance between buildings)
23-88	(Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas)
25-22	(Requirements Where Individual parking Facilities Are Provided)
25-23	(Requirements Where Group parking Facilities Are Provided)
25-621	(Location of parking spaces in certain districts)
25-622	(Location of parking spaces in lower density growth management areas)
25-631	(Location and width of curb cuts in certain districts)

In Rl, R2, R3, R4 or R5 Districts

R1 R2 R3 R4 R5

Except as otherwise provided in Section 23-144 (For non-profit residences for the elderly in R3, R4, R5, R6 and R7 Districts), in the districts indicated, the minimum required #open space# or #open space ratio#, the maximum #lot coverage# and the maximum #floor area ratio# for any #building# on a #zoning lot# shall be as set forth in the following tables:

* * *

(b)

District	Maximum #Lot Coverage# (in percent)	Minimum Required #Open Space# (in percent)	Maximum #Floor Area Ratio#
R3A R3X	governed by #yard# requirements		.50~~*~~
R4A R4-1	governed by #yard# requirements		.75~~*~~
R2X	governed by #yard# requirements		.85~~*~~
R3-1

R4B	55	45	.90
R5~~**~~	55	45	1.25
R5B	55	45	1.35

~~* the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.~~

~~** The permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).~~

In addition, the following rules shall apply:

(1) In R2X, R3, R4, R4A and R4-1 Districts, except R3, R4A and R4-1 Districts within #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.

(2) In R3, R4A and R4-1 Districts in #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located in a portion of a #building# covered by a sloping roof that rises at least seven inches in vertical distance for each foot of horizontal distance.

(3) In R3-2, R4 and R5 Districts, except R4A, R4B, R4-1 and R5B Districts, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

(4) In R3, R4A and R4-1 Districts within #lower density growth management areas#, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence# may be increased by up to 300 square feet for one parking space and up to 500 square feet for two parking spaces provided such spaces are in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

YARD REGULATIONS

* * *

23-44
Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

~~Parking spaces, off-street, open, #accessory#, except such spaces located within a #front yard#, that are:~~

~~(1) #accessory# to any #residential use# in R4B or R5B Districts;~~

~~(2) #accessory# to a #residential building# where no more than two parking spaces are required in R1 or R2 Districts, except R2X Districts, or in R2X, R3, R4 or R5 Districts, unless such spaces are located in a permitted #side lot ribbon#;~~

~~(3) #accessory# to a #residential building# where more than two parking spaces are required in R3, R4 or R5 Districts unless such spaces or~~

~~(4) not screened from #zoning lots# situated across the #street# in the manner specified in Section 25-66 (Screening);~~

Parking spaces, off-street, open, #accessory#, within a #side # or #rear yard#;
Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required,provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts), and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within R4B or R5B Districts, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

Steps and ramps for access by the handicapped;

* * *

23-461
Side yards for single- or two-family residences

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, for #single-family detached residences# or, where permitted, for #two-family detached residences#, #side yards# shall be provided as set forth in the following table, except that on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width:

MINIMUM REQUIRED SIDE YARDS

Number Required	Required Total With# (in feet)	Required Minimum Width of any #Side Yard# (in feet)	District
2	35	15	R1-1
2	20	8	R1-2

1	8	0*	R3A R4-1 R4B R5B

* * *

R3-1 R3-2 R4 R4-1 R4B R5

(b) In the districts indicated, for #single-# or #two-family semi-detached residences#, a #side yard# shall be provided as set forth in the following table, except that on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

MINIMUM REQUIRED SIDE YARD

Feet	District
8	R3-1 R3-2 R4 R5
4*	R4-1 R4B R5B

* * *

23-462
Side yards for all other residential buildings

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, for all other #residential buildings#, #side yards# shall be provided as follows:

R3-2 R4 R5

(a) In the districts indicated, except R4B or R5B Districts, two #side yards#, each with a minimum required width of eight feet, shall be provided. However, if a #detached residential building# has an #aggregate width of street walls# of more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #residential buildings# not exceeding two #stories# and a #basement# in height, no such #side yard# need be more than 15 feet wide. However, on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

* * *

23-533
Required rear yard equivalents

R4 R5 R6 R7 R8 R9 R10

In the districts indicated, and in R1, R2 and R3 Districts within #lower density growth management areas#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

(a) an open area with a minimum depth of 60 feet, linking adjoining #rear yards# or, if no such #rear yards# exist, an open area with a minimum depth of 60 feet, midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts; or

(b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except that in R6, R7, R8, R9 or R10

Districts, the depth of such required open area along one #street line# may be decreased, provided that:

(1) a corresponding increase of the depth of the open area along the other #street line# is made; and

(2) any required front setback areas are maintained; or

(c) an open area adjoining and extending along the full length of each #side lot line# with a minimum width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X, R10A and R10X Districts, and for #buildings developed# or #enlarged# pursuant to the Quality Housing Program in other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

23-54
Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Fear Yards) shall be modified as set forth in this Section.

23-541
Within one hundred feet of corners

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

23-542
Along short dimension of block

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

* * *

23-60
HEIGHT AND SETBACK REGULATIONS

* * *

23-631
Height and setback in R1, R2, R3, R4 and R5 Districts

* * *

R2X R3 R4 R4A R4-1

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g) and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2X R3 R4A
25 feet	R4 R4-1
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

* * *

23-70
MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

* * *

23-711
Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between a #residential building# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing building walls. Such minimum distance shall be, in feet, as indicated in the following table:

	Maximum Building Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
Wall Condition*	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;

"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

(a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

(b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;

(c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;

(d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the building wall from which they project, may penetrate the minimum spacing requirements; and

(e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f) shall apply to any #zoning lot# with a #building# located behind another #building# so that lines drawn perpendicular to the #street line# intersect both such #buildings#, and where the #private road# provisions do not apply. For the purposes of this paragraph, a "front building" shall be any #building# with no #building# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. The minimum distances set forth in the table above shall apply, except that a minimum distance of 45 feet shall be provided between any rear building and any front building.

* * *

23-88
Minimum Distance between Lot Lines and Building Walls in Lower Density Growth Management Areas

(a) On #corner lots# in #lower density growth management areas#, for #zoning lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(b) In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (b), shall apply to any #zoning lot# not accessed by #private roads# where a #residential building# is located wholly beyond 50 feet of a #street line# and behind another #residential building# fronting upon the same #street line# so that lines drawn perpendicular to the #street line# intersect both such #buildings#. For the purposes of this paragraph, a "front building" shall be any #building# with no #building#located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. An open area with a minimum width of 15 feet shall be provided between any such rear building and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such rear building and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Sections 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

25-22
Requirements Where Individual Parking Facilities Are Provided

(a) R1 R2 R3 R4 R5 R6 R7-1

In the districts indicated, except in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#, except in the case of two- or three-family #residential buildings# in a #predominantly built-up area#, two #accessory# parking spaces per #building# shall be provided.

(b) R1 R2 R3 R4A R4-1

In the districts indicated, within #lower density growth management areas#,where #group parking facilities are not provided, two #accessory# off-street parking spaces shall be provided for each#single-family residence# and three #accessory# off-street parking spaces shall be provided for each #two-family residence#. For all other #residences#, #accessory# off-street parking space shall be provided for at least 150 percent of the total number of #dwelling units# within such #residences#.

25-23
Requirements Where Group Parking Facilities Are Provided

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for all new #residences developed# under single ownership or control where #group parking facilities# are provided, #accessory# off-street parking spaces shall be provided for at least that percentage of the total number of #dwelling units# set forth in the following table. Such spaces shall be kept available to the residents of the #building# or #development#, in accordance with the provisions of Section 25-41 (Purpose of Spaces and Rental to Non-Residents).

25-60
ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

* * *

25-621
Location of parking spaces in certain districts

All #accessory# off-street parking spaces shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

* * *

25-622
Location of parking spaces in lower density growth management areas

The provisions of this Section 25-622 shall apply in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width. For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces though a #front yard# shall be only through a driveway no more than 20 feet in width. No more than two unenclosed required parking spaces may

be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

* * *

25-631
Location and width of curb cuts in certain districts

All curb cuts shall comply with the provisions of this Section, except that in #lower density growth management areas#, the provisions of Section 25-632 shall apply.

* * *

25-632
Driveway, curb cut and screening regulations in lower density growth management areas

The provisions of this Section shall apply within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such residences on #corner lots#, with at least 60 feet of frontage along two #streets#.

(a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.

(b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

(e) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves;

(f) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.

(g) All #residential developments# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.

(h) The requirements of paragraphs (f) and (g) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#;

(i) The maximum grade of a driveway shall not exceed 11 percent.

(j) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

25-632 25-633
Prohibition of curb cuts in certain districts

* * *

25-64
Restrictions on Use of ~~Required~~ Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section. For #zoning lots# in #lower density growth management areas#, the provisions of paragraph (b) shall apply.

(a) In accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space), driveways, private streets, open #accessory# off-street parking spaces, or open #accessory# off-street loading berths may not use more of the required #open space# on any #zoning lot# than the percent set forth in the following table:

Percent	District
50	R1 R2 R3 R6 R7 R8 R9 R10
66	R4 R5

(b) In #lower density growth management areas#, the following regulations shall apply:

(1) Driveways, #private roads# and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #residential buildings# in R1, R2 and R3 Districts, and may occupy no more than 66 percent of the #lot area# not covered by #residential buildings# in R4 and R5Districts, and

(2) The area within 30 feet and perpendicular to the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety shall not be occupied bydriveways or off-street parking spaces, except that this provision shall not apply to any #zoning lot# occupied by only one #single# or #two-family detached# or #semi-detached residence#.

Special Requirements for Developments in R9 and R10 Districts, ~~and~~
~~Special Requirements for~~ Developments with Private Roads, and Street Tree Planting

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

(a) #developments# in R9 and R10 Districts, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program;

(b) #developments# in R3, R4 and R5 Districts accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #developments#:

(1) consist entirely of #single-family detached residences#; or

(2) where such #developments# are accessed by #private roads# that existed on February 6, 2002; or

(3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;

(c) #developments# in #lower density growth management areas# accessed by #private roads#, as set forth in Section 26-30.(SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS , and

(d) #developments# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, as set forth in Section 26-40 (SPECIAL REQUIREMENTS FOR STREET TREE PLANTING)

* * *

26-30
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #developments# accessed by #private roads# in #lower density growth management areas#, the provisions of Section 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superceded in accordance with the provisions of this Section.

26-31
Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Section 23-40, inclusive, and 23-50, inclusive, shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a building wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year round dense screen at least six feet high within three years.

26-32
Minimum Distance Between Walls and Lot Lines

For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas), the required curb of the #private road# shall be considered to be a #street line#.

26-33
Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.
No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

(a) are perpendicular to the road bed, and
(b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed, or within 20feet of being opposite to one another, and
(c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and 8 feet wide, within which a tree of at least three inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a #street#. In addition, the provisions of Section 25-64 (Restrictions on Use of Open Space) and Section 25-66 (Screening) shall apply.

26-34
Lighting, Signage and Crosswalks

All #private roads# shall be #developed# with street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

26-35
Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

26-40
STREET TREE PLANTING REQUIREMENTS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, all #developments# shall provide and maintain along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals, except where the Commissioner of Buildings determines that such tree planting would be unfeasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks.

105-702
Applicability of lower density growth management area regulations

The regulations for #developments# or #enlargements# within #lower density growth management areas# are modified as follows:

(a) Parking location regulations

#Accessory# parking spaces shall be permitted within a #front yard#, and

(b) Private road regulations

The provisions of paragraph (b) of Section 119-214

(Tier II requirements for driveways and private roads) shall apply to all #developments# or #enlargements# accessed by #private roads#.

107-251
Special provisions for arterials

* * *

(b) Building setback

Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line# abutting such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. ~~The front #building# setback area may be used for #accessory# off-street parking or loading facilities provided the depth of the setback area is at least 35 feet~~. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in APPENDIX B.

Tree requirements

* * *

(b) Sidewalk trees

All #developments# and #site alterations# in the Special District shall preserve existing trees or provide and maintain trees of three-inch caliper or more at the time of planting along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line, and ~~20~~ 25 feet on center or one tree per ~~20~~ 25 feet of frontage. ~~On private streets, trees shall be planted between the curb and a line parallel to, and 10 feet from, the curb, and 20 feet on center or one tree per 20 feet of frontage~~. These trees shall be planted in accordance with the requirements of the ~~Department of Transportation and the~~ Department of Parks and Recreation, except where the Commissioner of Buildings determines that such tree planting would be infeasible.

* * *

107-33
Preservation of Natural Features

For any #development# or #enlargement#, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six inch caliper or more.

~~**107-421**~~
~~**Special provisions for existing detached residences**~~

~~In R3X Districts, a one #story# or two #story detached residence#, existing prior to September 9, 1990, may be enlarged to no more than three #stories#, provided that:~~

~~(a) it is located on a #zoning lot# having a minimum #lot area# of 3,800 square feet and a minimum #lot width# of 40 feet;~~

~~(b) such #enlargement# does not exceed a maximum perimeter wall height of 21 feet and a maximum building height of 35 feet; and~~

~~(c) such #enlargement# complies with all other applicable district regulations.~~

~~**107-43**~~
~~**Height and Setback Regulations**~~

~~**107-431**~~
~~**Maximum height of perimeter walls**~~

~~In R3X Districts, a #detached residence# may have a maximum perimeter wall height of 25 feet, provided that:~~

~~(a) it is located on a #zoning lot# having a minimum #lot area# of 5,700 square feet and a minimum #lot width# of 60 feet; and~~

~~(b) the #development# complies with all other applicable district height and setback regulations.~~

~~**107-432**~~
~~**Maximum height for buildings or structures**~~

107-43
Maximum Height for Buildings or Structures

Subject to the requirements for maximum height of walls and required setbacks in Sections 23-63, 24-52 or 33-43, and Section 107431, no #building# shall exceed a height of four #stories# and no structure other than #buildings# shall exceed a height of 50 feet, unless modified by a special permit of the City Planning Commission, pursuant to Section 107-73 (Exceptions to Height Limit).

* * *

107-45
Required Open Space for Residences

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space). ~~For #residential developments# which include #designated open space#, not more than 50 percent of the required #open space# not within the #designated open space# may be occupied by driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths, except that a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).~~

For #residential developments# which include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth below:

(a) In R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required#open space# not within the #designated open space#;

(b) In R3A and R3X Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#;

(c) In R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).

107-60
AUTHORIZATIONS

* * *

107-62
Yard and Court Regulations

For any #development#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46 (Yard and Court Regulations) or in the location of parking, driveway, or curb cut regulations as set forth in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), Section 25-621 (Location of parking spaces in certain districts), Section 25-622 (Location of parking spaces in lower density growth management areas), and Section 25-631 (Location and width of curb cuts in certain districts) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of existing topography and individual trees of six inch caliper or more. #Rear yard#, #side yard# or #side yard# equivalent variations shall not be authorized on the periphery of a #development# unless acceptable agreements are jointly submitted for #development# of two or more adjacent #zoning lots# by the owners thereof, incorporating the proposed #yard# or #side yard# equivalent variations along their common #lot lines#.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots#.

* * *

~~**107-465**~~
~~**Rear yards**~~

~~In all underlying districts, except R1 Districts, for permitted #single# or #two family residences#, the required #rear yard# shall have a depth of at least 20 feet and there shall be a 10 feet rear setback above the first #story#.~~

* * *

107-467
Modifications of special yard regulations for certain zoning districts

On application, the City Planning Commission may, by certification, modify the underlying #rear yard# regulations and the requirements of Section ~~107-465 (Rear yards) and~~ 107-466 (Special yard regulations for certain zoning lots) and thereby allow #single# or #two-family residences# to be built on the #side# or #rear lot line#, provided the following conditions are satisfied:

119-214
Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings developed# after December 11, 1999. The provisions for #private roads# set forth in ~~Article II, Chapter 6,~~ Section 26-20, inclusive, shall not apply. However, the provisions for #private roads# in #lower density growth management areas# of Sections 26-31 through 26-34 shall apply.

(a) Driveways

(1) the maximum grade of a driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

(1) the maximum grade of a #private road# shall not exceed 10 percent;

(2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of

uninterrupted curb space shall be maintained between all curb cuts;

(8) along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 119-216 (Tier II tree planting requirements); and

(9) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

(10) For the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

QUEENS FAMILY COURTHOUSE – RFP – DUE 09-14-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for the sale and redevelopment of the approximately 1.75-acre former Queens Family Courthouse in Jamaica (the "Site") as a high-quality, mixed-use development. This RFP is intended to reinforce a standard of quality development in Jamaica. The Site is located in the heart of Downtown Jamaica, bounded by 89th Avenue to the north and Parsons Boulevard to the east. Prospective developers should address several important goals, including:

- Maintain the original courthouse exterior;
- Address local housing demand;
- Help stabilize the Jamaica Avenue retail market by enhancing the surround ing residential community;
- Address commercial/neighborhood retail needs in the area;
- Address community- or cultural-use needs; and
- Serve as a clear example of high-quality, sustainable design and construction that will raise the standard for private investment in Jamaica.

A question-and-answer session to discuss the Site, followed by a site visit, will be held on July 20 at 9:30 a.m.; to attend, call (212) 312-3871 on or before July 16, 2004. Interested parties are strongly encouraged to attend the informational meeting.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 28, 2004 from NYCEDC. The RFP may be picked up at the office of NYCEDC located at 110 William Street, New York, NY, 6th Floor between the hours of 9:30 a.m. and 4:30 p.m. For more information, or to request an electronic version of the RFP, visit www.nycedc.com/QFCrfp or call (212) 312-3969. Five (5) copies of the proposal identified by "Queens Family Courthouse" on the envelope are to be submitted.

DISTRIBUTION ANCILLARY WATER MAIN WORK WITHIN THE NEW YORK BOTANICAL GARDENS AREA – Sole Source – Available only from a single source - PIN# 82604BOTGRDN – DUE 07-19-04 AT 4:00 P.M. – DEP, Bureau of Water and Sewer Operations, intends to enter into an Agreement with The New York Botanical Garden for Distribution/Ancillary Water main work within the New York Botanical Gardens Area. This contract will allow the New York Botanical Gardens to install an 8" water main and pump station to provide adequate fire protection throughout the grounds of the Gardens. This determination was made because the Botanical Gardens is the only entity that has the unique knowledge and experience to perform the work in a manner that will preserve and protect the Garden's rare flora and fauna and prevent possible damage to the historic displays and rare plant collections that abound in and around the work area. It is absolutely imperative that NYBG conduct this work. Any firm which believes it can also provide the required service is invited to do so, is indicated by letter, which must be received no later than July 19, 2004, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. SUMMER FOOD SERVICE PROGRAM – Addition: The Program was established to ensure that children (ages 6-18) can be provided with healthy, well balanced meals during their school vacations. Snacks and lunch will be available to all children meeting the age requirements in each development. Each serving must be nutritious, well balanced, and appetizing they must also meet the necessary meal pattern requirements. Meals are served according to the Department of Health Guidelines therefore the program will begin July 7, 2004 and end August 27, 2004. Locations serving an AM Snack will begin 9:30 a.m. - 10:30 a.m. (snack) and 12:30 p.m. - 1:30 p.m. (lunch). Locations serving a PM Snack will begin 11:30 a.m. - 12:30 p.m. (lunch) and 2:30 p.m. - 3:30 p.m. (Snack). We are looking forward to serving approximately 223,080 meals citywide throughout the 78 New York City Housing Authority Summer Developments.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS have been adopted by the City Planning Commission scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, New York 10007, on Wednesday, July 14, 2004, commencing at 10:00 a.m.

BOROUGH OF BROOKLYN

CD 2 **C 010645 ZMK**

IN THE MATTER OF an application submitted by the Two Trees Management Co. pursuant to Sections 197-c and 201 of the New York City Charter **for an amendment of the Zoning Map, Section No. 12d:**

1. **changing from an M1-2 District to an M1-2/R8 District property bounded by** Water Street, a line 230 feet westerly of Main Street, Front Street, and Dock Street; and

2. **establishing a Special Mixed Use District (MX-2) within the area bounded** by Water Street, a line 230 feet westerly of Main Street, Front Street, and Dock Street;

as shown on a diagram (for illustrative purposes only) dated March 24, 2004, and subject to the conditions of CEQR Declaration E-132.

CD 2 **C 010646 ZSK**

Floor area

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

* * *

(i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:

(1) within #detached# or #semi-detached single-# or #two-family residences# in R2X, R3, R4 or R5 Districts, except that in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;

(2) within #residential buildings developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;

(3) in excess of 100 square feet per required space in individual garages within other #residential buildings# (#attached residential buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of:

(i) #curb level#; or

(ii) grade existing on June 7, 1989.

* * *

However, the #floor area# of a #building# shall not include:

* * *

(6) floor space used for #accessory# off-street parking spaces provided in any #story#:

(i) up to 200 square feet per required space existing on June 30, 1989 within #residential buildings# in R3, R4 or R5 Districts, except that for #detached# or #semi-detached single-# or #two-family residences# in R3, R4A and R4-1 Districts within #lower density growth management areas#, #floor area# shall not include up to 300 square feet for one required space and up to 500 square feet for two required spaces;

(ii) up to 100 square feet per required space in individual garages in #attached residential buildings#, rowhouses or multiple dwellings in R3, R4, or R5 Districts except that in R3-2 Districts within #lower density growth management areas#, up to 300 square feet for one such space and up to 500 square feet for two such spaces, except for:

(1) #residential buildings developed# or #enlarged# after June 30, 1989 pursuant to the optional regulations applicable in a #predominantly built-up area#;

(2) #residential buildings# where, subsequent to June 7, 1989, the level of any #yard#, except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of #curb level# or grade existing on June 7, 1989.

* * *

Lower density growth management area

A "lower density growth management area" is any R1, R2, R3, R4A or R4-1 District in the following designated areas, and any #development# accessed by #private roads# in R1 through R5 Districts within such areas:

The Borough of Staten Island

* * *

Private road

Except in #lower density growth management areas#, ~~A~~a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #dwelling unit# within a #development# where five or more #dwelling units# are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.
An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

In #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

(a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

(b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required,provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts), and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within R4B or R5B Districts, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

Side yards for all other residential buildings

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, for all other #residential buildings#, #side yards# shall be provided as follows:

R3-2 R4 R5

(a) In the districts indicated, except R4B or R5B Districts, two #side yards#, each with a minimum required width of eight feet, shall be provided. However, if a #detached residential building# has an #aggregate width of street walls# of more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #residential buildings# not exceeding two #stories# and a #basement# in height, no such #side yard# need be more than 15 feet wide. However, on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

23-533
Required rear yard equivalents

R4 R5 R6 R7 R8 R9 R10

In the districts indicated, and in R1, R2 and R3 Districts within #lower density growth management areas#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

(a) an open area with a minimum depth of 60 feet, linking adjoining #rear yards# or, if no such #rear yards# exist, an open area with a minimum depth of 60 feet, midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts; or

(b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except that in R6, R7, R8, R9 or R10 Districts, the depth of such required open area along one #street line# may be decreased, provided that:

(1) a corresponding increase of the depth of the open area along the other #street line# is made; and

(2) any required front setback areas are maintained; or

(c) an open area adjoining and extending along the full length of each #side lot line# with a minimum

width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X, R10A and R10X Districts, and for #buildings developed# or #enlarged# pursuant to the Quality Housing Program in other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

23-54
Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Fear Yards) shall be modified as set forth in this Section.

23-541
Within one hundred feet of corners

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

23-542
Along short dimension of block

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

23-631
Height and setback in R1, R2, R3, R4 and R5 Districts

* * *

R2X R3 R4 R4A R4-1

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g) and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2X R3 R4A
25 feet	R4 R4-1
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

* * *

23-711
Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between a #residential building# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing building walls. Such minimum distance shall be, in feet, as indicated in the following table:

	Maximum Building Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
Wall Condition*	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;

"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

(a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

(b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;

(c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;

(d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the building wall from which they project, may penetrate the minimum spacing requirements; and

(e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f) shall apply to any #zoning lot# with a #building# located behind another #building# so that lines drawn perpendicular to the #street line# intersect both such #buildings#, and where the #private road# provisions do not apply. For the purposes of this paragraph, a "front building" shall be any #building# with no #building# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. The minimum distances set forth in the table above shall apply, except that a minimum distance of 45 feet shall be provided between any rear building and any front building.

* * *

23-88
Minimum Distance between Lot Lines and Building Walls in Lower Density Growth Management Areas

(a) On #corner lots# in #lower density growth management areas#, for #zoning lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(b) In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (b), shall apply to any #zoning lot# not accessed by #private roads# where a #residential building# is located wholly beyond 50 feet of a #street line# and behind another #residential building# fronting upon the same #street line# so that lines drawn perpendicular to the #street line# intersect both such #buildings#. For the purposes of this paragraph, a "front building" shall be any #building# with no #building#located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. An open area with a minimum width of 15 feet shall be provided between any such rear building and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such rear building and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Sections 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

Requirements Where Individual Parking Facilities Are Provided

(a) R1 R2 R3 R4 R5 R6 R7-1

In the districts indicated, except in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#, except in the case of two- or three-family #residential buildings# in a #predominantly built-up area#, two #accessory# parking spaces per #building# shall be provided.

(b) R1 R2 R3 R4A R4-1

In the districts indicated, within #lower density growth management areas#,where #group parking facilities are not provided, two #accessory# off-street parking spaces shall be provided for each#single-family residence# and three #accessory# off-street parking spaces shall be provided for each #two-family residence#. For all other #residences#, #accessory# off-street parking space shall be provided for at least 150 percent of the total number of #dwelling units# within such #residences#.

25-23
Requirements Where Group Parking Facilities Are Provided

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for all new #residences developed# under single ownership or control where #group parking facilities# are provided, #accessory# off-street parking spaces shall be provided for at least that percentage of the total number of #dwelling units# set forth in the following table. Such spaces shall be kept available to the residents of the #building# or #development#, in accordance with the provisions of Section 25-41 (Purpose of Spaces and Rental to Non-Residents).

25-60
ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

* * *

25-621
Location of parking spaces in certain districts

All #accessory# off-street parking spaces shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

* * *

25-622
Location of parking spaces in lower density growth management areas

The provisions of this Section 25-622 shall apply in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width. For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces though a #front yard# shall be only through a driveway no more than 20 feet in width.

No more than two unenclosed required parking spaces may be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

* * *

25-631
Location and width of curb cuts in certain districts

All curb cuts shall comply with the provisions of this Section, except that in #lower density growth management areas#, the provisions of Section 25-632 shall apply.

* * *

25-632
Driveway, curb cut and screening regulations in lower density growth management areas

The provisions of this Section shall apply within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such residences on #corner lots#, with at least 60 feet of frontage along two #streets#.

(a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.

(b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

(e) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves;

(f) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.

(g) All #residential developments# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.

(h) The requirements of paragraphs (f) and (g) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#;

(i) The maximum grade of a driveway shall not exceed 11 percent.

(j) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

25-632 25-633
Prohibition of curb cuts in certain districts

* * *

25-64
Restrictions on Use of ~~Required~~ Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section. For #zoning lots# in #lower density growth management areas#, the provisions of paragraph (b) shall apply.

(a) In accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space), driveways, private streets, open #accessory# off-street parking spaces, or open #accessory# off-street loading berths may not use more of the required #open space# on any #zoning lot# than the percent set forth in the following table:

Percent	District
50	R1 R2 R3 R6 R7 R8 R9 R10
66	R4 R5

(b) In #lower density growth management areas#, the following regulations shall apply:

(1) Driveways, #private roads# and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #residential buildings# in R1, R2 and R3 Districts, and may occupy no more than 66 percent of the #lot area# not covered by #residential buildings# in R4 and R5Districts, and

(2) The area within 30 feet and perpendicular to the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety shall not be occupied bydriveways or off-street parking spaces, except that this provision shall not apply to any #zoning lot# occupied by only one #single# or #two-family detached# or #semi-detached residence#.

25-66
Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, except where such districts are located in #lower density growth management areas#, all open off-street parking areas or groups of individual garages with 10 spaces or more, which are located either at natural grade or on a roof, shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, by either:

~~(a)~~(1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

~~(b)~~(2) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening ~~(1)~~ shall be maintained in good condition at all times~~; (2)~~, may be interrupted by normal entrances or exits~~;~~ and ~~(3)~~ shall have no #signs# hung or attached thereto other than those permitted in Section 22-323 (Signs for parking areas).

(b) In #lower density growth management areas#, all open parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year round dense screen six feet high within three years. Such screening shall be maintained in good condition at all times.

Chapter 6
Special Urban Design Guidelines - Streetscape
Special Requirements for Developments in R9 and R10 Districts, ~~and~~
~~Special Requirements for~~ Developments with Private Roads, and Street Tree Planting

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

(a) #developments# in R9 and R10 Districts, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program;

(b) #developments# in R3, R4 and R5 Districts accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #developments#:

(1) consist entirely of #single-family detached residences#; or

(2) where such #developments# are accessed by #private roads# that existed on February 6, 2002; or

(3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;

(c) #developments# in #lower density growth management areas# accessed by #private roads#, as set forth in Section 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS , and

(d) #developments# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, as set forth in Section 26-40 (SPECIAL REQUIREMENTS FOR STREET TREE PLANTING)

* * *

26-30
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #developments# accessed by #private roads# in #lower density growth management areas#, the provisions of Section 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superceded in accordance with the provisions of this Section.

26-31
Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Section 23-40, inclusive, and 23-50, inclusive, shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a building wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year round dense screen at least six feet high within three years.

26-32
Minimum Distance Between Walls and Lot Lines

For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas), the required curb of the #private road# shall be considered to be a #street line#.

26-33
Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.
No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

(a) are perpendicular to the road bed, and
(b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed, or within 20feet of being opposite to one another, and
(c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and 8 feet wide, within which a tree of at least three inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a #street#. In addition, the provisions of Section 25-64 (Restrictions on Use of Open Space) and Section 25-66 (Screening) shall apply.

26-34
Lighting, Signage and Crosswalks

All #private roads# shall be #developed# with street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

26-35
Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

26-40
STREET TREE PLANTING REQUIREMENTS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, all #developments# shall provide and maintain along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals, except where the Commissioner of Buildings determines that such tree planting would be unfeasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks.

The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. ~~The front #building# setback area may be used for #accessory# off-street parking or loading facilities provided the depth of the setback area is at least 35 feet.~~ Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in APPENDIX B.

Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings developed# after December 11, 1999. The provisions for #private roads# set forth in ~~Article II, Chapter 6,~~ Section 26-20, inclusive, shall not apply. However, the provisions for #private roads# in #lower density growth management areas# of Sections 26-31 through 26-34 shall apply.

(a) Driveways

(1) the maximum grade of a driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

(1) the maximum grade of a #private road# shall not exceed 10 percent;

(2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;

(8) along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 119-216 (Tier II tree planting requirements); and

(9) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

(10) For the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

QUEENS FAMILY COURTHOUSE – RFP – DUE 09-14-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for the sale and redevelopment of the approximately 1.75-acre former Queens Family Courthouse in Jamaica (the "Site") as a high-quality, mixed-use development. This RFP is intended to reinforce a standard of quality development in Jamaica. The Site is located in the heart of Downtown Jamaica, bounded by 89th Avenue to the north and Parsons Boulevard to the east.

Prospective developers should address several important goals, including:

- Maintain the original courthouse exterior;
- Address local housing demand;
- Help stabilize the Jamaica Avenue retail market by enhancing the surround ing residential community;
- Address commercial/neighborhood retail needs in the area;
- Address community- or cultural-use needs; and
- Serve as a clear example of high-quality, sustainable design and construction that will raise the standard for private investment in Jamaica.

A question-and-answer session to discuss the Site, followed by a site visit, will be held on July 20 at 9:30 a.m.; to attend, call (212) 312-3871 on or before July 16, 2004. Interested parties are strongly encouraged to attend the informational meeting.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 28, 2004 from NYCEDC. The RFP may be picked up at the office of NYCEDC located at 110 William Street, New York, NY, 6th Floor between the hours of 9:30 a.m. and 4:30 p.m. For more information, or to request an electronic version of the RFP, visit www.nycedc.com/QFCrfp or call (212) 312-3969. Five (5) copies of the proposal identified by "Queens Family Courthouse" on the envelope are to be submitted.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DISTRIBUTION ANCILLARY WATER MAIN WORK WITHIN THE NEW YORK BOTANICAL GARDENS AREA – Sole Source – Available only from a single source - PIN# 82604BOTGRDN – DUE 07-19-04 AT 4:00 P.M. – DEP, Bureau of Water and Sewer Operations, intends to enter into an Agreement with The New York Botanical Garden for Distribution/Ancillary Water main work within the New York Botanical Gardens Area. This contract will allow the New York Botanical Gardens to install an 8" water main and pump station to provide adequate fire protection throughout the grounds of the Gardens. This determination was made because the Botanical Gardens is the only entity that has the unique knowledge and experience to perform the work in a manner that will preserve and protect the Garden's rare flora and fauna and prevent possible damage to the historic displays and rare plant collections that abound in and around the work area. It is absolutely imperative that NYBG conduct this work. Any firm which believes it can also provide the required service is invited to do so, is indicated by letter, which must be received no later than July 19, 2004, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of

Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

FINANCE

■ NOTICE

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York Charter, section 237 subdivision 3 of the Vehicle and Traffic Law and section 19-203 of the Administrative Code of the City of New York, I hereby promulgate the within amendment to the Rules Relating to Parking Violations. This amendment was published in proposed form in the City Record on May 3, 2004. A hearing for public comment was held on June 3, 2004.

Martha E. Stark
Commissioner of Finance

(New matter is underscored).

Section 1. Paragraph (3) of the definition of "notice of violation (summons)" contained in section 39-01 of chapter 39 of title 19 of the Official Compilation of Rules of the City of New York is amended to read as follows:

(3) For purposes of this definition, authorized issuing agents shall also include special patrolmen appointed by the police commissioner pursuant to subdivision (c) of §14-106 of the Administrative Code of the City of New York to do special duty at Parkchester South Condominium, at the New York City Hunts Point Terminal Market in the borough of the Bronx, [and at] Stuyvesant Town in the borough of Manhattan, and various facilities under the jurisdiction of the Department of Citywide Administrative Services.

BASIS AND PURPOSE OF AMENDMENT

The definition of "Notice of Violation (summons)" contained in section 39-01 of the Rules relating to Parking Violations is amended to give authorization to issue notices of parking violations to the Special Patrolmen of New York City Department of Citywide Administrative Services ("DCAS")

DCAS has requested such authorization in order to cite vehicles parked in the agency's authorized parking areas. DCAS has seven parking lots throughout the City used by the authorized vehicles. Although these lots are City property and can be patrolled by the Police Department and the Parking Enforcement Districts agents, they do not routinely patrol or cite vehicles unless a complaint is received from DCAS. The amendment will allow for more efficient noticing of unauthorized vehicles by permitting DCAS Special Patrolmen to issue notices of violation without the necessity of contacting the Police Department.

Name, Description and Location of Proposal:

Central Riverdale/Spuyten Duyvil Rezoning
The applicant, the New York City Department of City Planning, is proposing the following amendments to the Zoning Map affecting approximately 30 blocks in the northwestern Bronx neighborhoods of Central Riverdale and Spuyten Duyvil, Community District 8:

- a change on all or part of 13 blocks from a R7-1 to a R7A district;
- a change on all or part of 6 blocks from a R7-1 to a R6A district;
- a change on all or part of 13 blocks from a R6 to a R6A district;
- a change from a R7-1/C1-2 to a R6A/C1-2; and
- a change from a R6/C1-3 to a R6A/C1-3.

The area to be rezoned is generally bounded by West 239th street to the north, Johnson and Fairfield Avenues to the east, Johnson Avenue to the south, and Independence Avenue to the west. The area north of West 232nd Street is presently zoned as R7-1 and the area south of West 232nd Street is zoned R6.

The purpose of the rezoning is to preclude dwelling types that deviate from the existing character of the neighborhood. Given pressure to redevelop underutilized residential lots in the area, there is a need for contextual rezoning, which will disallow multi-family structures without height limitations. The proposed action will limit new developments to a housing type and density, which most accurately depicts the neighborhood's existing pattern of development. The proposed zoning would not significantly alter land use or affect the amount of future development.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the

Environmental Assessment Statement dated December 1, 1998, prepared in connection with the ULURP Application (Number). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Van Cortlandt Village Rezoning
The applicant, the New York City Department of City Planning, is proposing the following amendments to the Zoning Map affecting approximately 15 blocks in the northwestern Bronx neighborhood of Van Cortlandt Village, Community District 8:

- a change on all or part of 3 blocks from a R7-1 to a R4A district;
- a change on all or part of 8 blocks from a R6 to a R4A district;
- a change on all or part of 5 blocks from a R7-1 to a R6A district;
- a change on all or part of 3 blocks from a R6 to a R6A district; and
- a change from a R7-1/C1-3 and R7-1/C2-3 to a R6A district.

The area to be rezoned is generally bounded by Van Cortlandt Avenue West to the north, Fort Independence Park and Sedgewick Avenue to the east, West 231st Street and Albany Crescent to the south, and by Heath Avenue, Fort Independence Street and Orloff Avenue to the west. The area north of West 238th Street is presently zoned R7-1; the area south of West 238th Street is zoned R6.

The purpose of the rezoning is to maintain the current character of the neighborhood, which is primarily comprised of one- and two- family detached dwellings or six to seven story multiple dwellings. The rezoning will maintain current neighborhood character by prohibiting the construction of multi-family structures without height limitation. The proposed action will limit new developments to a housing type and density, which most accurately depicts the neighborhood's existing pattern of development. The proposed zoning would not significantly alter land use or affect the amount of future development.

ECONOMIC DEVELOPMENT CORPORATION

■ NOTICE

NEGATIVE DECLARATION
For
BRICKTOWN CENTER AT CHARLESTON

Office of the Deputy Mayor for Economic Development and Rebuilding

NOTICE IS HEREBY GIVEN THAT, the Office of the Deputy Mayor for Economic Development and Rebuilding has reviewed information about the project contained in an Environmental Assessment Statement dated June 25, 2004 pursuant to Article 8 of the New York State Environmental Conservation Law and 6NYCRR, Part 617.7, and has determined that the project will not have a significant adverse impact on the environment.

The Project site is located in the Charleston area of Staten Island, New York, bounded by Veterans Road West to the south and east, on portions of 18 tax blocks 7364, 7368, 7369, 7370, 7374, 7375, 7440, 7441, 7442, 7446, 7447, 7448, 7452, 7453, 7454, 7469, 7481, and 7487.

After the conclusion of the 2002 Bricktown Centre at Charleston Final Environmental Impact Statement (FEIS), but prior to any construction activities, population of Torrey's mountainmint *(Pycnanthemum torrei)*, an endangered perennial herbaceous forb, and a large population of blunt spikerush *(Eleocharis obtuse var. ovata)*, a rare annual in New York State, were identified adjacent to the southern portion of the project site. To protect the Torrey's mountainmint and blunt spikerush, the applicant proposes to modify the site plan for the previously approved project (CEQR NO. 96DME001R). The modification involves creation of a preservation area west of Tyrellan Avenue along the north side of Veterans Road West, where the Torrey's mountainmint and blunt spikerush are located.

Additional blunt spikerush, as well as three individual short-leaf pine *(Pinus echinata)*, a rare species in New York State, several fringed boneset *(Eupatorium hyssopifolium var. lacinuatum)*, a threatened species in New York State, and one population of pink wild bean *(Strophostyles umbellate)*, an historical species in New York State, were identified on the project site. As part of the proposed action, these individuals would be collected from the site and transferred to the New York City Department of Parks and Recreation's Native Plant Center for use as parental stock and

propagation and/or trans-location to the 20-acre NYCDPR nature preserve located adjacent to the project site (immediately northeast of the project site and south of the unpaved portion of Englewood Avenue and west of Veterans Road West).

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272 or (212) 863-8266.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Floor area

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

* * *

(i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:

(1) within #detached# or #semi-detached single-# or #two-family residences# in R2X, R3, R4 or R5 Districts, except that in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;

(2) within #residential buildings developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;

(3) in excess of 100 square feet per required space in individual garages within other #residential buildings# (#attached residential buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of:

(i) #curb level#; or

(ii) grade existing on June 7, 1989.

* * *

However, the #floor area# of a #building# shall not include:

* * *

(6) floor space used for #accessory# off-street parking spaces provided in any #story#:

(i) up to 200 square feet per required space existing on June 30, 1989 within #residential buildings# in R3, R4 or R5 Districts, except that for #detached# or #semi-detached single-# or #two-family residences# in R3, R4A and R4-1 Districts within #lower density growth management areas#, #floor area# shall not include up to 300 square feet for one required space and up to 500 square feet for two required spaces;

(ii) up to 100 square feet per required space in individual garages in #attached residential buildings#, rowhouses or multiple dwellings in R3, R4, or R5 Districts except that in R3-2 Districts within #lower density growth management areas#, up to 300 square feet for one such space and up to 500 square feet for two such spaces, except for:

(1) #residential buildings developed# or #enlarged# after June 30, 1989 pursuant to the optional regulations applicable in a #predominantly built-up area#;

(2) #residential buildings# where, subsequent to June 7, 1989, the level of any #yard#, except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of #curb level# or grade existing on June 7, 1989.

* * *

Lower density growth management area

A "lower density growth management area" is any R1, R2, R3, R4A or R4-1 District in the following designated areas, and any #development# accessed by #private roads# in R1 through R5 Districts within such areas:

The Borough of Staten Island

* * *

Private road

Except in #lower density growth management areas#, ~~A~~a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to any #dwelling unit# within a #development# where five or more #dwelling units# are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.
An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

In #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

(a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

(b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Detached and Semi-Detached Two-Family Residences

~~R3-1 R3A R3X~~ R3 R4-1 R4A

In R3A, R3X or R4A Districts, and in R3-2 Districts within #lower density growth management areas#, a #detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other, and in R3-1 or R4-1 Districts, a #semi-detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other.

The City Planning Commission may, upon application, authorize the waiver of these requirements provided that the Commission finds that:

(a) the #development# is compatible with the scale and character of the surrounding area; and

(b) the design of:

(1) the #detached building# does not give the appearance of a #semi-detached building#; or

(2) the #semi-detached building# does not give the appearance of an #attached building#; and each #dwelling unit# has a perimeter wall with windows facing a #side yard#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

In Rl, R2, R3, R4 or R5 Districts

R1 R2 R3 R4 R5

Except as otherwise provided in Section 23-144 (For non-profit residences for the elderly in R3, R4, R5, R6 and R7 Districts), in the districts indicated, the minimum required #open space# or #open space ratio#, the maximum #lot coverage# and the maximum #floor area ratio# for any #building# on a #zoning lot# shall be as set forth in the following tables:

* * *

(b)

District	Maximum #Lot Coverage# (in percent)	Minimum Required #Open Space# (in percent)	Maximum #Floor Area Ratio#
R3A R3X	governed by #yard# requirements		.50~~*~~
R4A R4-1	governed by #yard# requirements		.75~~*~~
R2X	governed by #yard# requirements		.85~~*~~

R4B	55	45	.90
R5~~**~~	55	45	1.25
R5B	55	45	1.35

~~* the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.~~

~~** The permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).~~
In addition, the following rules shall apply:

(1) In R2X, R3, R4, R4A and R4-1 Districts, except R3, R4A and R4-1 Districts within #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 and 1/2 inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between 5 and 8 feet.

(2) In R3, R4A and R4-1 Districts in #lower density growth management areas#, the #floor area ratio# in this table may be increased by up to 20 percent provided that any such increase in #floor area# is located in a portion of a #building# covered by a sloping roof that rises at least seven inches in vertical distance for each foot of horizontal distance.

(3) In R3-2, R4 and R5 Districts, except R4A, R4B, R4-1 and R5B Districts, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989 may be increased by 100 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted

Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

(4) In R3, R4A and R4-1 Districts within #lower density growth management areas#, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence# may be increased by up to 300 square feet for one parking space and up to 500 square feet for two parking spaces provided such spaces are in a garage located in the #side lot ribbon# pursuant to Section 23-12 (f) (Permitted Obstructions in Open Space), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).

23-44
Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

~~Parking spaces, off-street, open, #accessory#, except such spaces located within a #front yard#, that are:~~

~~(1) #accessory# to any #residential use# in R4B or R5B Districts;~~

~~(2) #accessory# to a #residential building# where no more than two parking spaces are required in R1 or R2 Districts, except R2X Districts, or in R2X, R3, R4 or R5 Districts, unless such spaces are located in a permitted #side lot ribbon#;~~

~~(3) #accessory# to a #residential building# where more than two parking spaces are required in R3, R4 or R5 Districts unless such spaces or~~

~~(4) not screened from #zoning lots# situated across the #street# in the manner specified in Section 25-66 (Screening);~~

Parking spaces, off-street, open, #accessory#, within a #side # or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts), and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within R4B or R5B Districts, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

Steps and ramps for access by the handicapped;

23-461
Side yards for single- or two-family residences

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, for #single-family detached residences# or, where permitted, for #two-family detached residences#, #side yards# shall be provided as set forth in the following table, except that on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width:

MINIMUM REQUIRED SIDE YARDS

Number Required	Required Total With# (in feet)	Required Minimum Width of any #Side Yard# (in feet)	District

23-462
Side yards for all other residential buildings

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, for all other #residential buildings#, #side yards# shall be provided as follows:

R3-2 R4 R5

(a) In the districts indicated, except R4B or R5B Districts, two #side yards#, each with a minimum required width of eight feet, shall be provided. However, if a #detached residential building# has an #aggregate width of street walls# of more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #residential buildings# not exceeding two #stories# and a #basement# in height, no such #side yard# need be more than 15 feet wide. However, on #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

* * *

23-533
Required rear yard equivalents

R4 R5 R6 R7 R8 R9 R10

In the districts indicated, and in R1, R2 and R3 Districts within #lower density growth management areas#, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

(a) an open area with a minimum depth of 60 feet, linking adjoining #rear yards# or, if no such #rear yards# exist, an open area with a minimum depth of 60 feet, midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts; or

(b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except that in R6, R7, R8, R9 or R10 Districts, the depth of such required open area along one #street line# may be decreased, provided that:

(1) a corresponding increase of the depth of the open area along the other #street line# is made; and

(2) any required front setback areas are maintained; or

(c) an open area adjoining and extending along the full length of each #side lot line# with a minimum width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X, R10A and R10X Districts, and for #buildings developed# or #enlarged# pursuant to the Quality Housing Program in other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

23-54
Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Fear Yards) shall be modified as set forth in this Section.

23-541
Within one hundred feet of corners

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

23-542
Along short dimension of block

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

* * *

23-60
HEIGHT AND SETBACK REGULATIONS

* * *

23-631
Height and setback in R1, R2, R3, R4 and R5 Districts

* * *

R2X R3 R4 R4A R4-1

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g) and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2X R3 R4A
25 feet	R4 R4-1
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

* * *

23-70
MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

* * *

23-711
Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between a #residential building# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing building walls. Such minimum distance shall be, in feet, as indicated in the following table:

	Maximum Building Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
Wall Condition*	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall

contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;
"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

(a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

(b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;

(c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;

(d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the building wall from which they project, may penetrate the minimum spacing requirements; and

(e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart.

(f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f) shall apply to any #zoning lot# with a #building# located behind another #building# so that lines drawn perpendicular to the #street line# intersect both such #buildings#, and where the #private road# provisions do not apply. For the purposes of this paragraph, a "front building" shall be any #building# with no #building# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. The minimum distances set forth in the table above shall apply, except that a minimum distance of 45 feet shall be provided between any rear building and any front building.

* * *

23-88
Minimum Distance between Lot Lines and Building Walls in Lower Density Growth Management Areas

(a) On #corner lots# in #lower density growth management areas#, for #zoning lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(b) In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (b), shall apply to any #zoning lot# not accessed by #private roads# where a #residential building# is located wholly beyond 50 feet of a #street line# and behind another #residential building# fronting upon the same #street line# so that lines drawn perpendicular to the #street line# intersect both such #buildings#. For the purposes of this paragraph, a "front building" shall be any #building# with no #building#located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building#, and a "rear building" shall be any other #building# on the #zoning lot#. An open area with a minimum width of 15 feet shall be provided between any such rear building and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such rear building and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Sections 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

25-22
Requirements Where Individual Parking Facilities Are Provided

(a) R1 R2 R3 R4 R5 R6 R7-1

In the districts indicated, except in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#, except in the case of two- or three-family #residential buildings# in a #predominantly built-up area#, two #accessory# parking spaces per #building# shall be provided.

(b) R1 R2 R3 R4A R4-1

In the districts indicated, within #lower density growth management areas#,where #group parking facilities are not provided, two #accessory# off-street parking spaces shall be provided for each#single-family residence# and three #accessory# off-street parking spaces shall be provided for each #two-family residence#. For all other #residences#, #accessory# off-street parking space shall be provided for at least 150 percent of the total number of #dwelling units# within such #residences#.

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

* * *

25-621
Location of parking spaces in certain districts

All #accessory# off-street parking spaces shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

* * *

25-622
Location of parking spaces in lower density growth management areas

The provisions of this Section 25-622 shall apply in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width. For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces though a #front yard# shall be only through a driveway no more than 20 feet in width.

No more than two unenclosed required parking spaces may be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

* * *

25-631
Location and width of curb cuts in certain districts

All curb cuts shall comply with the provisions of this Section, except that in #lower density growth management areas#, the provisions of Section 25-632 shall apply.

* * *

25-632
Driveway, curb cut and screening regulations in lower density growth management areas

The provisions of this Section shall apply within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such residences on #corner lots#, with at least 60 feet of frontage along two #streets#.

(a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.

(b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

(e) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves;

(f) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.

(g) All #residential developments# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.

(h) The requirements of paragraphs (f) and (g) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#;

(i) The maximum grade of a driveway shall not exceed 11 percent.

(j) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

25-64
Restrictions on Use of ~~Required~~ Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section. For #zoning lots# in #lower density growth management areas#, the provisions of paragraph (b) shall apply.

(a) In accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space), driveways, private streets, open #accessory# off-street parking spaces, or open #accessory# off-street loading berths may not use more of the required #open space# on any #zoning lot# than the percent set forth in the following table:

Percent	District
50	R1 R2 R3 R6 R7 R8 R9 R10
66	R4 R5

(b) In #lower density growth management areas#, the following regulations shall apply:

(1) Driveways, #private roads# and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #residential buildings# in R1, R2 and R3 Districts, and may occupy no more than 66 percent of the #lot area# not covered by #residential buildings# in R4 and R5Districts, and

(2) The area within 30 feet and perpendicular to the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety shall not be occupied bydriveways or off-street parking spaces, except that this provision shall not apply to any #zoning lot# occupied by only one #single# or #two-family detached# or #semi-detached residence#.

25-66
Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, except where such districts are located in #lower density growth management areas#, all open off-street parking areas or groups of individual garages with 10 spaces or more, which are located either at natural grade or on a roof, shall be screened from all

adjoining #zoning lots#, including such #zoning lots# situated across a #street#, by either:

~~(a)~~(1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

~~(b)~~(2) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening ~~(1)~~ shall be maintained in good condition at all times~~; (2)~~, may be interrupted by normal entrances or exits~~;~~ and ~~(3)~~ shall have no #signs# hung or attached thereto other than those permitted in Section 22-323 (Signs for parking areas).

(b) In #lower density growth management areas#, all open parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year round dense screen six feet high within three years. Such screening shall be maintained in good condition at all times.

Special Urban Design Guidelines - Streetscape
Special Requirements for Developments in R9 and R10 Districts, ~~and~~
~~Special Requirements for~~ Developments with Private Roads, and Street Tree Planting

26-00
Applicability of this Chapter

The regulations of this Chapter shall apply to:

(a) #developments# in R9 and R10 Districts, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #building developed# or #enlarged# pursuant to the Quality Housing Program;

(b) #developments# in R3, R4 and R5 Districts accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #developments#:

(1) consist entirely of #single-family detached residences#; or

(2) where such #developments# are accessed by #private roads# that existed on February 6, 2002; or

(3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;

(c) #developments# in #lower density growth management areas# accessed by #private roads#, as set forth in Section 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS , and

(d) #developments# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, as set forth in Section 26-40 (SPECIAL REQUIREMENTS FOR STREET TREE PLANTING)

* * *

26-30
SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #developments# accessed by #private roads# in #lower density growth management areas#, the provisions of Section 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superceded in accordance with the provisions of this Section.

26-31
Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Section 23-40, inclusive, and 23-50, inclusive, shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a building wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year round dense screen at least six feet high within three years.

26-32
Minimum Distance Between Walls and Lot Lines

For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls in Lower Density Growth Management Areas), the required curb of the #private road# shall be considered to be a #street line#.

26-33
Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.
No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

(a) are perpendicular to the road bed, and
(b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed, or within 20 feet of being opposite to one another, and
(c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and 8 feet wide, within which a tree of at least three inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a #street#. In addition, the provisions of Section 25-64 (Restrictions on Use of Open Space) and Section 25-66 (Screening) shall apply.

26-34
Lighting, Signage and Crosswalks

All #private roads# shall be #developed# with street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

26-35
Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

26-40
STREET TREE PLANTING REQUIREMENTS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, all #developments# shall provide and maintain along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals, except where the Commissioner of Buildings determines that such tree planting would be unfeasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks.

(b) Building setback
Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line# abutting such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. ~~The front #building# setback area may be used for #accessory# off-street parking or loading facilities provided the depth of the setback area is at least 35 feet.~~ Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in APPENDIX B.

(b) Sidewalk trees

All #developments# and #site alterations# in the Special District shall preserve existing trees or provide and maintain trees of three-inch caliper or more at the time of planting along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line, and ~~20~~ 25 feet on center or one tree per ~~20~~ 25 feet of frontage. ~~On private streets, trees shall be planted between the curb and a line parallel to, and 10 feet from, the curb, and 20 feet on center or one tree per 20 feet of frontage.~~ These trees shall be planted in accordance with the requirements of the ~~Department of Transportation and the~~ Department of Parks and Recreation, except where the Commissioner of Buildings determines that such tree planting would be infeasible.

* * *

107-33
Preservation of Natural Features

For any #development# or #enlargement#, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six inch caliper or more.

107-45
Required Open Space for Residences

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space). ~~For #residential developments# which include #designated open space#, not more than 50 percent of the required #open space# not within the #designated open space# may be occupied by driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths, except that a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).~~

For #residential developments# which include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth below:

(a) In R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required#open space# not within the #designated open space#;
(b) In R3A and R3X Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#;
(c) In R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #residential buildings# and not within the #designated ope space#

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).

119-214
Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings developed# after December 11, 1999. The provisions for #private roads# set forth in ~~Article II, Chapter 6,~~ Section 26-20, inclusive, shall not apply. However, the provisions for #private roads# in #lower density growth management areas# of Sections 26-31 through 26-34 shall apply.

(a) Driveways

(1) the maximum grade of a driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

(1) the maximum grade of a #private road# shall not exceed 10 percent;

(2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;

(8) along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 119-216 (Tier II tree planting requirements); and

(9) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

(10) For the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition precedent for any modification or waiver.

QUEENS FAMILY COURTHOUSE – RFP – DUE 09-14-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for the sale and redevelopment of the approximately 1.75-acre former Queens Family Courthouse in Jamaica (the "Site") as a high-quality, mixed-use development. This RFP is intended to

reinforce a standard of quality development in Jamaica. The Site is located in the heart of Downtown Jamaica, bounded by 89th Avenue to the north and Parsons Boulevard to the east.

Prospective developers should address several important goals, including:

- Maintain the original courthouse exterior;
- Address local housing demand;
- Help stabilize the Jamaica Avenue retail market by enhancing the surround ing residential community;
- Address commercial/neighborhood retail needs in the area;
- Address community- or cultural-use needs; and
- Serve as a clear example of high-quality, sustainable design and construction that will raise the standard for private investment in Jamaica.

A question-and-answer session to discuss the Site, followed by a site visit, will be held on July 20 at 9:30 a.m.; to attend, call (212) 312-3871 on or before July 16, 2004. Interested parties are strongly encouraged to attend the informational meeting.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 28, 2004 from NYCEDC. The RFP may be picked up at the office of NYCEDC located at 110 William Street, New York, NY, 6th Floor between the hours of 9:30 a.m. and 4:30 p.m. For more information, or to request an electronic version of the RFP, visit www.nycedc.com/QFCrfp or call (212) 312-3969. Five (5) copies of the proposal identified by "Queens Family Courthouse" on the envelope are to be submitted.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DISTRIBUTION ANCILLARY WATER MAIN WORK WITHIN THE NEW YORK BOTANICAL GARDENS AREA – Sole Source – Available only from a single source - PIN# 82604BOTGRDN – DUE 07-19-04 AT 4:00 P.M. – DEP, Bureau of Water and Sewer Operations, intends to enter into an Agreement with The New York Botanical Garden for Distribution/Ancillary Water main work within the New York Botanical Gardens Area. This contract will allow the New York Botanical Gardens to install an 8" water main and pump station to provide adequate fire protection throughout the grounds of the Gardens. This determination was made because the Botanical Gardens is the only entity that has the unique knowledge and experience to perform the work in a manner that will preserve and protect the Garden's rare flora and fauna and prevent possible damage to the historic displays and rare plant collections that abound in and around the work area. It is absolutely imperative that NYBG conduct this work. Any firm which believes it can also provide the required service is invited to do so, is indicated by letter, which must be received no later than July 19, 2004, at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

NEGATIVE DECLARATION
For
BRICKTOWN CENTER AT CHARLESTON

Office of the Deputy Mayor for Economic Development and Rebuilding

NOTICE IS HEREBY GIVEN THAT, the Office of the Deputy Mayor for Economic Development and Rebuilding has reviewed information about the project contained in an Environmental Assessment Statement dated June 25, 2004 pursuant to Article 8 of the New York State Environmental Conservation Law and 6NYCRR, Part 617.7, and has determined that the project will not have a significant adverse impact on the environment.

The Project site is located in the Charleston area of Staten Island, New York, bounded by Veterans Road West to the south and east, on portions of 18 tax blocks 7364, 7368, 7369, 7370, 7374, 7375, 7440, 7441, 7442, 7446, 7447, 7448, 7452, 7453, 7454, 7469, 7481, and 7487.

After the conclusion of the 2002 Bricktown Centre at Charleston Final Environmental Impact Statement (FEIS), but prior to any construction activities, population of Torrey's mountainmint *(Pycnanthemum torrei)*, an endangered perennial herbaceous forb, and a large population of blunt spikerush *(Eleocharis obtuse var. ovata)*, a rare annual in New York State, were identified adjacent to the southern portion of the project site. To protect the Torrey's mountainmint and blunt spikerush, the applicant proposes to modify the site plan for the previously approved project (CEQR NO. 96DME001R). The modification involves creation of a preservation area west of Tyrellan Avenue along the north side of Veterans Road West, where the Torrey's mountainmint and blunt spikerush are located.

Additional blunt spikerush, as well as three individual short-leaf pine *(Pinus echinata)*, a rare species in New York State, several fringed boneset *(Eupatorium hyssopifolium var. lacinuatum)*, a threatened species in New York State, and one population of pink wild bean *(Strophostyles umbellate)*, an historical species in New York State, were identified on the project site. As part of the proposed action, these individuals would be collected from the site and transferred to the New York City Department of Parks and Recreation's Native Plant Center for use as parental stock and propagation and/or trans-location to the 20-acre NYCDPR nature preserve located adjacent to the project site (immediately northeast of the project site and south of the unpaved portion of Englewood Avenue and west of Veterans Road West).

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to

include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. LANDMARKS PRESERVATION COMMISSION

■ NOTICE

BINDING REPORT

ISSUE DATE: 06/17/04	DOCKET #: 046786	SRB #: SRB 04-7876
ADDRESS 2 LAFAYETTE STREET HISTORIC DISTRICT AFRICAN BURIAL GROUND	BOROUGH: MANHATTAN	BLOCK/LOT: 155 / 1

To the Mayor, the Council, and the Commissioner, Department of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal and drawings for facade repairs in response to Local Law 11 inspection report for 2 Lafayette Street, within the African Burial Ground and the Commons Historic District. The drawings report a number of deteriorated and potentially unsafe conditions. The work includes replacing damaged, cracked and deteriorated bricks and mortar, replacing steel lintels, replacing cast stone sills at the rear facades; selective repairs to cast iron mullions; scraping and painting an exisitng cast iron railing; and repairing spalled and cracked terra cotta, all as detailed in specifications dated April 9, 2004, as shown on drawings labeled T-0, undated, and T-1, A-201, A-202, A-203, A-601, A-602, and A-603, all dated May 23, 2002; revised September 4, 2003, and as shown in photographs of the exisitng copnditions, all prepared by Swanke Hayden Connell Architects and submitted as components of this application by J. Callahan Consulting, Inc.

With regard to this proposal, the Commission finds that the proposed work will not require the removal of or damage to any significant above-ground features of the historic district; and that the work will have no effect on protected features of the African Burial Ground and the Commons Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to John Graham.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Rabbi Jonathan Glass, Civic Center Synagogue, 49 White Street, New York, New York 10013.

Men and Women of the City Council,

Just a few days ago we observed an occasion called Holocaust Remembrance Day or Yom Ha Shoah. This was an opportunity to look back on an era that seems almost inconceivable for a post Enlightenment generation. It is crucial that we always remember the human capacity for evil so that we can be ever vigilant against a return to those dark times.

It is therefore my blessing on this council that it will forever be the vanguard of this vigilance. Amen.

Council Member Katz moved to spread the Invocation in full upon the record.

ADOPTION OF MINUTES

Council Member Brewer moved that the Minutes of the Stated Meetings of March 10 and March 24, 2004 be adopted as printed.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Contracts

Report for Int. No. 137-A

Report of the Committee on Contracts in favor of approving and adopting, as amended, an amended Local Law to amend the administrative code of the city of New York, in relation to the provision of equal employment benefits to the employees of city contractors.

The Committee on Contracts to which was referred on February 4, 2004 (Minutes, page 601) the annexed amended proposed local law respectfully

REPORTS:

INTRODUCTION

Today, the Committee on Contracts will hold its third hearing on now Int. 137-A, also known as the Equal Benefits Bill ("Int. 137-A" or the "EBB"), a full copy of which is attached to this report. Intro. 137-A would amend title 6 of the Administrative Code of the City of New York by adding a new section 6-126.

Intro. 137-A would generally require that the City do business only with those companies that provide the same employment benefits to employees with domestic partners as they provide to their married employees. This bill would apply to all contracts for goods, services, construction and real estate valued at over one hundred thousand dollars.

Simply, the EBB is meant to save the City money by requiring a measure of fairness in the way City contractor employees are paid. The Committee has heard extensive testimony indicating that companies that provide equal benefits attract and retain better-qualified, more productive employees. Such companies, the Committee has found, have a competitive edge and provide superior, less expensive goods and services and give the City better value for its dollar. At the same time, the EBB will result in expanded access to health insurance, which will result in improved public health as well as savings on health care costs for the uninsured that would otherwise be borne by the City.

Indeed, the Committee has heard testimony from experts throughout the country, and particularly from New York State Comptroller, Alan Hevesi, that on purely economic grounds, the EBB will be a great financial benefit to the City. Accordingly, the EBB will help ensure that the City obtains the best value for taxpayer dollars by contracting with employers that provide employees with domestic partners the same benefits they provide to employees with spouses.

The EBB is not intended to nor will it regulate business in any way or to affect the conditions in any market. Nor is it possible, given the size of the City's economy and the relative buying power of the City, for it to regulate behavior in the markets in which it participates simply through changing its buying practices.[1] Rather, the City here acts in its proprietary capacity, as a common, purely economic market participant seeking to obtain the best value for its dollar.

BACKGROUND

Employment benefits, including medical and dental insurance, life insurance, pension benefits, family/bereavement/sick leave, relocation benefits, access to employer facilities and memberships, and education and tuition assistance, have long been a way for employers to compensate their workers, and to attract and retain highly qualified employees, thereby reducing turnover and recruitment expenses and increasing productivity and quality of work. In addition, the provision of benefits has highly significant value, as it has been estimated that employee benefits generally comprise between 37 and 40 percent of an employee's total compensation.[2]

Employers benefit from being able to recruit employees from as wide a pool of applicants as possible. At the same time there are many couples in committed relationships that either choose not to marry or who cannot marry because of their sexual orientation.[3] Employers now recognize that in order to be able to attract and retain the best employees it is in their best interests to offer spousal-type benefits or equal compensation to unmarried but committed couples. Indeed, a wide array of government employers, public institutions and private companies now offer various types of domestic partnership benefits packages.[4] The Committee has found that it is in the City's economic interest to do business with such companies since better-paid and satisfied employees produce better goods and services less expensively.

a. Equal Benefits Throughout the Nation

The City of Berkeley was one of the first municipalities to extend domestic partner benefits to its employees. Thereafter, in 1997, San Francisco became the first city to impose a benefits requirement on city contractors.[5] Since then, other cities, including Minneapolis, Los Angeles and Seattle, Berkeley and San Mateo County, have followed San Francisco's lead by requiring contractor non-discrimination in the provision of employment benefits. The experience of San Francisco, in particular, has provided a valuable model for other municipalities seeking to successfully and efficiently implement equal benefits requirements upon municipal contractors. Finally, the State of California recently enacted legislation requiring its contractors to provide equal benefits to their employees.

b. Cost

The primary concern for most employer/contractors confronted with the possibility of extending employment benefits to domestic partners, is the potential cost associated with these benefits, particularly with regard to health and medical benefits. The two components most integral to this cost analysis are: (1) how many new enrollees the plan can expect to receive; and (2) what risks are likely to be associated with these individuals. Actuarial data and studies collected since 1982, when the Village Voice and a few other employers began extending medical insurance to the domestic partners of employees, show that neither claims experience nor enrollment rates create a significant increase in expenses.[6]

Enrollment rates for domestic partners are generally low. A 2000 study of domestic partner benefits found that at over half of the companies offering domestic partner benefits surveyed, less than one percent of employees eligible for benefits actually elected coverage for a domestic partner.[7] This low enrollment rate may be attributed to a number of factors, including that unlike spousal insurance premiums, the value of the insurance premium paid by the employer for a domestic partner is considered taxable income to the employee, discouraging many employees from electing domestic partner coverage, especially where the partner already has coverage through his or her own employer.

In addition, data indicates that domestic partner medical insurance claims are generally the same as - or less than - that for spouses.[8] Apparently, this is due to the fact that there are more childbirth-related medical expenses for spouses than for domestic partners, and these expenses can often be quite high. Further, while some people fear the cost consequences of a large number of people with HIV/AIDS enrolling for domestic partner medical insurance, this fear appears to be unfounded. In addition, the costs associated with covering HIV-related medical claims have proven to be no more than those for other major medical expenses, such as heart disease and cancer.[9] Also, the costs of including domestic partners in other benefits programs, such as bereavement or family medical leave, have proven to be negligible.[10]

c. Authority

The State Constitution and the Municipal Home Rule Law expressly permit localities to adopt local laws that set standards for "the wages or salaries, the hours of work or labor, and the protection, welfare and safety of persons employed by any contractor or sub-contractor performing work, labor or services for it."[11] In addition, the General City Law gives the city express authority to "contract or be contracted with..."[12] Taken together, "these provisions... certainly evince a design on the part of the State to provide a city, when contracting for the purchase of supplies or the hiring of labor, with full power to fix the terms and conditions upon which it chooses to deal—with the power [to regulate its affairs.]"[13] The Council's ability to enact Intro. 137-A falls within this grant of authority. It is specifically not the intent of this bill to regulate employers or employee benefits. Rather, New York City, acting under State Constitutional authority, and as a market participant and consumer of goods and services, is simply seeking to purchase goods and services from companies that provide compensational parity for their employees so as to obtain the highest quality goods and services at the lowest possible cost.

ANALYSIS OF INT. NO. 137-A

Generally, the EBB would prohibit the City from entering into or renewing any covered contract unless the prospective contractor certifies that it does not discriminate in the provision of benefits between employees with domestic partners and employees with spouses. The term "Equal benefits" is defined as employment benefits, including, but not limited to, health insurance, pension, retirement, disability and life insurance, family, medical, parental, bereavement and other leave policies, tuition reimbursement, legal assistance, adoption assistance, dependent care insurance, moving and other relocation expenses, membership or membership discounts and travel benefits, equal to those provided to employees with spouses. **Section 6-126(b)(8).**

The EBB would apply to contracts for goods, services or real estate valued at over $100,000, and would allow contractors to comply with its requirements in either of two ways: Contractors would be permitted to provide spousal equivalent benefits to employees with domestic partners or, if they have an objection to domestic partnership, the EBB would allow them to offer equal benefits to their employees and to any single adult member of an employee's household designated by the employee, provided that person lives permanently with the employee, is not his/her landlord or tenant, is unmarried, is not a dependent of any other person and is over 17 years of age. Sections 6-126(b)(1), (5) and (9) and 6-126(c)(1)(i) and (ii). The EBB would not apply to all employers in the City--only to those that enter into a contract with the City as described above. The EBB would not, for example, apply to an organization that is merely affiliated with a covered contractor be covered under the bill—only the

[1] Indeed, the City does not limit itself to City markets when acquiring goods and services, so the relevant market for its purchases is national, if not global, further indicating its limited power to regulate through its participation in the market.

[2] A 1992 U.S. Census Bureau study estimated that 37-40% of all employee compensation comes in the form of benefits.

[3] In New York City, according to the City Clerk, as of November 2003, approximately 76% of the 2,981 registered domestic partnerships are heterosexual couples.

[4] According to the Human Rights Campaign Fund, 5,798 employers currently offer domestic partner benefits and as of March 2000, only a total of 2,933 employers offered domestic partner benefits. The Human Rights Campaign tracks employers with domestic partner benefits through surveys, partnerships with other organizations, news articles and other informal means. [13] McMillen v. City of N.Y., 14 N.Y.2d 326, 330 (1964). Similarly, in City of New York v. Diamond, 379 F.Supp. 503 (S.D.N.Y. 1974), the Court recognized the City's authority to apply equal employment standards to contractors working on a sewer treatment facility. The Court in Diamond noted that nothing in state law, including, presumably, the General Municipal Law, conflicted with this exercise of the Home Rule Provisions holding that "where there is no actual conflict with state law, the City has the power to impose requirements on contractors working on its own projects as an incident to its contracting powers." Diamond at 515 (quoting McMillen).

organization with which the City has entered into a contract. So, for example, while a provider of social services that is affiliated with a church may be covered under the EBB, the church itself may not be, provided it is a separate entity and that it has no contract with the City itself.

Contractors would be required to certify that they provide equal benefits and in support of their certifications, pursuant to the EBB, contractors would also be required to provide copies of employee benefits plans. **Id.** The EBB would apply to the employees of contractors with City contracts that work within the City and those outside of the City that work directly on fulfilling the terms of a City contract. **Section 6-126(e).**

The EBB would define domestic partners as those persons who are domestic partners pursuant to section 3-240(a) of the Administrative Code. Section 3-240(a) of the Administrative Code defines domestic partners as those who have registered as domestic partners pursuant to that section as well as "persons who are members of a marriage that is not recognized by the state of New York, domestic partnership, or civil union, lawfully entered into in another jurisdiction." As a result, to the extent that the EBB applies to employees located outside of the City, those employees would be considered domestic partners under the law and entitled to its benefits if they were members of any form of civil union under the laws of their respective jurisdiction. The EBB would also allow companies to set up in-house domestic partnership registries so long as the requirements for registration are no more stringent than those applied under the City's domestic partnership registration law. **Section 6-126(n).**

The EBB would forbid retaliation against employees who request domestic partnership benefits or who inform the City that a contractor that is required to provide such benefits has failed to do so. **Section 6-126(c)(1)(iii).**

The EBB would also require that a provision detailing its requirements be included in every City contract, and that a violation of the provision be considered a material breach of the contract. **Section 6-126(d).**

The aim of the EBB would be to get the best value for taxpayer dollars by doing business with companies that provide compensational equity between employees with domestic partners and employees with spouses—not parity of opportunity. Accordingly, under the EBB a contractor would be required to pay no more for benefits to domestic partners than it does to married couples and may require domestic partners to cover any cost differential. **Section 6-126(f).** Indeed, the EBB would specifically exempt contractors from paying any tax liability incurred by domestic partners as a result of being given spousal-type benefits. **Section 6-126(g).** Further, if a contractor is unable, after making reasonable efforts, to provide a certain benefit—say health insurance--because there is simply no carrier in the market willing to provide coverage to domestic partners, then the contractor would, under the EBB, only be required to provide the cash equivalent of the spousal benefit. **Section 6-126(h).**

Further, following the same example, pursuant to the EBB, if the employer requires its eligible employees to pay for a spousal health insurance benefit, then the employer could similarly require its employees with domestic partners to pay for their benefits. And if, continuing this example, a contractor is unable, after making reasonable attempts, to obtain domestic partnership coverage, then the contractor would not, under the EBB, be required to pay a cash equivalent since it provides no such remuneration for employees with spouses.

The EBB would take several steps to minimize or eliminate interference with competition for City contracts including the following: First, the EBB would allow for extensions of time to comply in the event that a contractor needs to take administrative action to offer benefits. **Section 6-126(h)(2).** Second, pursuant to the EBB, and as noted above, for those companies that choose not to recognize domestic partnerships, the law would allow an alternative compliance mechanism that would allow them to offer spousal-type benefits to one designated adult member of the employee's household. **Section 6-126(c)(1)(ii).** Further, the EBB would allow the administration to exempt certain types of contracts from its requirements altogether including emergency and sole source contracts. **Section 6-126(k)(1).** The EBB would exempt altogether from its requirements, contracts related to the investment of assets held in trust by the City or of City monies. **Section 6-126(l).** Finally, the EBB would not apply in circumstances where there are no bidders who will comply with the law and that are willing to bid on a contract for essential goods or services. **Section 6-126(k)(1)(iv).**

Contracting agencies would be allowed to apply for a waiver at the request of a contractor, and waiver applications would be required to be made in writing by the contracting agency to the agency implementing the EBB. All decisions regarding waivers would be made by the agency implementing the law and would be required to be made within a reasonable period of time. **Section 6-126(k)(2).** Under the EBB, waiver decisions would become part of the contracting file and the agency implementing the law would be required to annually report to the Council the number of waivers requested and granted as well as the reasons for granting waivers. **Section 6-126(k)(3).**

To ensure compliance, the EBB would require all contractors it covers to make their records available for inspection and requires the Comptroller to conduct random audits of contractors. **Section 6-126(m).**

Finally, the EBB would authorize the Procurement Policy Board to promulgate rules to implement its requirements. **Section 6-126(q).**

EFFECTIVE DATE

The EBB would take effect 120 days after it is enacted.

Accordingly, Your Committee recommends its adoption, as amended.

Int. No. 137-A

By The Speaker (Council Member Miller) and Council Members Quinn, Lopez, Reed, Jackson, Yassky, Katz, Baez, Brewer, Avella, Barron, Clarke, Comrie Jr., Gerson, Martinez, Sanders Jr., Seabrook, Stewart, Vann, Liu, Serrano, Reyna, McMahon, Rivera, Dilan, Sears, Boyland, Koppell, Perkins, Gioia, Weprin, Monserrate, Moskowitz, Gonzalez, Recchia Jr., James, Foster, DeBlasio and The Public Advocate (Ms. Gotbaum).

A Local Law to amend the administrative code of the city of New York, in relation to the provision of equal employment benefits to the employees of city contractors.

Be it enacted by the Council as follows:

Section 1. Title 6 of the Administrative Code of the City of New York is hereby amended by adding a new section 6-126 to read as follows:

Section 6-126. a. This section shall be known and may be cited as the "Equal Benefits Law."

b. For purposes of this section only, the following terms shall have the following meanings:

(1) "Contract" means any written agreement, purchase order or instrument whereby the city is committed to expend or does expend funds in return for an interest in real property, work, labor, services, supplies, equipment, materials, construction, construction related service or any combination of the foregoing.

(2) "Contracting agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(3) "Contractor" means any individual, sole proprietorship, partnership, joint venture, corporation or other form of doing business.

(4) "Covered contract" means a contract between a contracting agency and a contractor which by itself or when aggregated with all contracts awarded to such contractor by any contracting agency during the immediately preceding twelve months has a value of one hundred thousand dollars or more.

(5) "Domestic partners" means persons who are domestic partners as defined in section 3-240(a) of the administrative code, or who have registered as domestic partners with a contractor pursuant to subdivision n of this section.

(6) "Employee" means a person employed by a contractor.

(7) "Employment benefits" means benefits including, but not limited to, health insurance, pension, retirement, disability and life insurance, family, medical, parental, bereavement and other leave policies, tuition reimbursement, legal assistance, adoption assistance, dependent care insurance, moving and other relocation expenses, membership or membership discounts, and travel benefits provided by a contractor to its employees.

(8) "Equal benefits" means employment benefits equal to those provided to employees with spouses and to their spouses.

(9) "Household member coverage" means the provision of equal benefits to an employee and to one designated member of such employee's household provided that such household member is over the age of seventeen, lives permanently with the employee, is unmarried, is not a dependent of any other person and is not the tenant or landlord of the employee.

(10) "Implementing agency" means the city chief procurement officer or any agency or officer that the mayor designates.

c. (1) No contracting agency shall enter into or renew any covered contract with a contractor that discriminates in the provision of employment benefits between employees with spouses and employees with domestic partners and/or between the domestic partners and spouses of such employees and unless the contractor certifies that it:

(i) offers equal benefits to employees with domestic partners; or

(ii) offers household member coverage to its employees; and

(iii) will not retaliate against an employee in the terms and conditions of employment in the event that such employee requests equal benefits or informs the city that such contractor has failed to provide equal benefits in violation of this section.

(2) Such certification shall be in writing and shall be signed by an authorized officer of the contractor and delivered, along with a description of the contractor's employee benefits plan or plans, to the contracting agency and to the implementing agency prior to entering into a covered contract. The implementing agency shall reject a contractor's certification if it determines that such contractor discriminates in the provision of employment benefits in violation of this section, or if the implementing agency determines that the contractor was created, or is being used, for the purpose of evading the requirements of this section.

d. Every covered contract shall contain a provision detailing the contractor's obligations pursuant to this section, which shall be a material provision of such contract.

e. The requirements of subdivision c shall apply to the employees of a contractor who, during the term of such contract, work within the city of New York,

and to those employees of a contractor who work outside of the city of New York and who work directly on fulfilling the terms of a covered contract.

f. In the event that a contractor's actual cost of providing an equal benefit or benefits exceeds that of providing the equivalent spousal benefit or benefits, such contractor shall not be deemed to have discriminated in the provision of employment benefits if such contractor conditions the provision of such equal benefit or benefits upon the employee agreeing to pay the excess costs.

g. Nothing in this section shall be construed to require a contractor to pay income tax liabilities incurred through the provision of equal benefits as required under this section.

h. (1) In the event a contractor is unable to provide a particular equal benefit or benefits as required pursuant to this section despite taking all reasonable measures to do so, such contractor shall not be deemed to have discriminated in the provision of employment benefits for failure to provide such employment benefit or benefits if such contractor provides the cash equivalent of such employment benefit or benefits to the affected employee(s). The contractor shall provide the implementing agency with sufficient proof of such inability to provide such benefit or benefits, which shall include the measures taken to provide such benefit or benefits and the cash equivalent proposed, along with certification required pursuant to subdivision c of this section. The implementing agency shall, based on submitted evidence, determine whether the contractor's failure to provide such employment benefit or benefits precludes such contractor from entering into a covered contract pursuant to the requirements of this section.

(2) In the event that a contractor is unable to provide a particular equal benefit or benefits as required pursuant to this section because it would require administrative action that would delay the provision of such equal benefit or benefits, then the contractor may request an extension of time to take such administrative action which shall not exceed three months. Applications for such extensions of time shall be submitted to the implementing agency, which shall have the discretion to grant such applications. A contractor may, if necessary, request an additional extension of time to provide the delayed equal benefit or benefits. Applications for such additional extensions of time shall be submitted to the implementing agency, which shall have the discretion to grant such applications provided that the contractor provides the cash equivalent of any delayed equal benefit or benefits to the affected employee(s) during the additional extension period. The implementing agency shall monitor contracting agencies to which it grants extensions of time to ensure compliance with the requirements of this section within such extension periods.

i. Every contractor shall, to the extent permitted by law, provide the contracting agency and the implementing agency access to its records for the purpose of audits and/or investigations to ascertain compliance with the provisions of this section, and upon request shall provide evidence that the contractor is in compliance with the provisions of this section.

j. If during the term of a covered contract a contractor fails to provide equal benefits or household member coverage as required pursuant to this section, or if a contractor retaliates against an employee in the terms and conditions of employment for requesting equal benefits or household member coverage or for informing the city that such contractor has failed to provide equal benefits or household member coverage, such failure and/or retaliation shall be deemed a material breach of such contract. Upon receiving information that a contractor has failed to provide equal benefits or household member coverage as required pursuant to this section and/or retaliated against an employee in violation of this section, the implementing agency shall review such information, notify the contractor of such information and offer the contractor an opportunity to respond. If it is found that a violation has occurred, the implementing agency shall take such action as may be appropriate and provided by law, rule or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the contractor in default and/or seeking a finding that the contractor is not a responsible contractor pursuant to section 335 of the charter. Nothing in this subdivision shall be construed to limit the remedies a contractor's employee or the domestic partner of such employee may seek in law or equity in the event of such contractor's non-compliance.

k. (1) The requirements of this section may be waived by the implementing agency upon application by a contracting agency under the following circumstances:

(i) for sole source contracts entered into pursuant to section 321 of the charter, where the sole source is unwilling to comply with the requirements of this section; or

(ii) for emergency contracts entered into pursuant to section 315 of the charter and for which no entity which complies with the requirements of this section and which is capable of fulfilling such contract is immediately available; or

(iii) where compliance with the requirements of this section would violate or be inconsistent with the terms or conditions of a grant, subvention or contract with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or contract; or

(iv) where there are no prospective bidders for a contract that are willing to comply with the requirements of this section and it is essential for the city to enter into such contract.

(2) All applications for waivers pursuant to this subdivision shall be made in writing. The implementing agency shall, within a reasonable period of time, determine whether to grant such waiver applications. All decisions regarding waivers shall be issued in writing and shall include the reason for the granting or denial of such application. All decisions granting waivers shall become part of the relevant contract file and shall be submitted to the council.

(3) Beginning twelve months after the effective date of the local law that added this section and annually thereafter, the implementing agency shall report to the council the number of waivers for which it received applications, the number of waivers granted, denied or withdrawn and the reasons for such decisions.

l. The requirements of this section shall not apply to contracts relating to the investment of assets held in trust by the city or to the investment of city monies.

m. The comptroller shall conduct annual random audits of statistically significant groups of contractors to measure and ensure compliance with the requirements of this section. Contractors shall make such information available as is necessary to conduct such audits. Beginning twelve months after the effective date of the local law that added this section and annually thereafter, the comptroller shall report the results of such audits to the mayor and the council.

n. A contractor may institute an internal registry to allow for the provision of equal benefits to employees with domestic partners who are not domestic partners as defined in section 3-240(a) of the administrative code, or who are located in a jurisdiction where no such governmental domestic partnership registry exists; provided, however, that a contractor that institutes such a registry shall not impose criteria for registration that are more stringent than those required for domestic partnership registration by the city of New York. A contractor may also verify the existence of a domestic partnership or marriage to the extent such verification is undertaken equally for employees with domestic partners and employees with spouses.

o. Nothing in this section shall be construed to limit the city's authority to cancel or terminate a contract, deny or withdraw approval to perform a subcontract or provide supplies, issue a non-responsibility finding, issue a non-responsiveness finding, deny a person or entity pre-qualification, or to otherwise deny a person or entity city business.

p. This section shall only apply to contracts entered into or renewed on or after the effective date of the local law that added this section.

q. The procurement policy board may promulgate rules to implement the requirements of this section.

§2. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§3. This local law shall take effect one hundred and twenty days after its enactment.

Reports of the Committee on Finance

Report for Res. No. 278

Report of the Committee on Finance in favor of approving Resolution concerning the increase in the annual expenditure for the 34th Street, the 82nd Street, the Flatbush Avenue, the 47th Street and the Columbus/Amsterdam Business Improvement Districts and the setting of the time and place for the hearing of the local law increasing the annual expenditure for such districts.

The Committee on Finance to which was referred on April 1, 2004 (Minutes, page 1522) the annexed resolution respectfully

REPORTS:

This resolution sets a date for a public hearing pursuant to requests from five Business Improvement Districts ("BIDs) to increase their annual expenditures effective as of July 1, 2003.

According to §25-410(b) of the Administrative Code, a BID may obtain an increase in its budget (i.e. the total amount allowed to be expended annually by the BID for improvements, services maintenance and operation) by means of the adoption of a local law amending the BID's district plan. Such a local law may be adopted by the City Council after a determination that it is in the public interest to authorize such an increase in the maximum annual amount, and that the tax and debt limits prescribed in section 25-412 of the Administrative Code will not be exceeded. Notice of the hearing on this local law must be published in at least one newspaper having general circulation in the district specifying the time when and the place where the hearing will be held and stating the increase proposed in the maximum amount to be expended annually. Although this is the only relevant legal requirement for the provision of notice prior to the Council approving these BID budget increases, in 2002 when the Committee considered budget increases for 19 BIDs, the Finance Committee Chair informed the Department of Business Services that it desired written notices of the proposed increases and the hearing date to be mailed to

property owners within the BIDs, and would only consider budget increases for those BIDs providing such additional notice. The Chair has requested that the same procedure be followed with regard to the increases that are the subject of this resolution.

The following BIDs have requested increases to their budgets as indicated below:

BID	Current Budget	Proposed Budget
34th Street*	$7,994,000	$8,198,500
82nd Street*	$ 157,420	$ 187,000
Flatbush Avenue*	$ 291,200	$ 314,520
47th Street	$ 300,000	$ 331,367
Columbus/Amsterdam	$ 168,000	$ 201,600

*indicates that BID sought and obtained increase to its budget in 2002.

These increase proposals have already been approved by the District Management Associations of the five BIDs.

The date set by this resolution for the hearing on the legislation that would increase the annual expenditures of the five BIDs is May 5, 2004 at 10:00 a.m. in the Committee Room in City Hall.

Accordingly, Your Committee recommends its adoption.

Report for M-91

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget requesting the appropriation of revenues in Fiscal Year 2004, pursuant to Section 107(e) of the New York City Charter. (MN - 4)

The Committee on Finance to which was referred on March 24, 2004 (Minutes, page 1210) the annexed communication respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on April 21, 2004, the Council received a communication, from the Office of Management and Budget of the Mayor, dated March 23, 2004, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2004 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June 27, 2003, pursuant to Section 1515(a) of the Charter.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 27, 2003, the Council adopted the expense budget for fiscal year 2004 (the "Fiscal 2004 Expense Budget"). On June 27, 2003, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2004 Expense Budget. Circumstances have changed since the Council adopted the Fiscal 2004 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2004 Expense Budget and related revenue estimate requested in the Communication.

This revenue modification provides for an increase of $1.376 billion to the Budget Stabilization Account ("BSA") in the Fiscal 2004 debt service budget. The Fiscal 2004 BSA balance is used to prepay a portion of Fiscal 2005 long term-debt service and other permissible prepayments of Fiscal 2005 expenses. This modification also allocates $100 million to the miscellaneous expense budget for the purpose of funding $100 million in pay-as-you-go capital expenditures in Fiscal 2004

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that Mayor, the Comptroller and the City Clerk may certify the Fiscal 2004 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

(The following is a Memo to the Finance Committee from the Finance Division of the New York City Council:)

TO: Honorable Gifford Miller
Speaker

Honorable David Weprin
Chairman, Finance Committee

FROM: Pablo Zangerle
Deputy Director, Finance Division

DATE: April 21, 2004

SUBJECT: A Preconsidered Budget Modification (MN-4) for Fiscal 2004 that will

recognize a net increase in revenues of $1,475,782,328.

INITIATION: By letter dated March 23, 2004, the Director of the Office of Management and Budget submitted to the Council pursuant to section 107(e) of the New York City Charter a request to increase revenues by $1,475,782,328.

BACKGROUND: This modification (MN-4) seeks to increase revenues in the net amount of $1,475,782,328 for Fiscal 2004. This amount includes an additional $786 million in tax revenue, an increase in unrestricted aid of $398 million, savings in prior year payables of $300 million offset by decreases in miscellaneous revenue sources of $8 million.

This revenue modification provides for an increase of $1.376 billion to the Budget Stabilization Account ("BSA") in the Fiscal 2004 debt service budget. The Fiscal 2004 BSA balance is used to prepay a portion of Fiscal 2005 long term-debt service and other permissible prepayments of Fiscal 2005 expenses. This modification also allocates $100 million to the miscellaneous expense budget for the purpose of funding $100 million in pay-as-you-go capital expenditures in Fiscal 2004.

FISCAL IMPACT: This modification represents a net increase in the Fiscal 2004 budget of $1,475,782,328.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 299

Resolution approving a modification pursuant to Section 107(E) of the Charter of the City of New York.

By Council Member Weprin.

Whereas, on April 21st, 2004, the Committee on Finance of the City Council received a communication, dated March 23rd, 2004, from the Mayor's Office of Management and Budget, of a proposed request to recognize a net increase in revenue pursuant to Section 107(e) of the Charter of the City of New York, attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255 and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of any new revenues and the creation of new units of appropriation; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves a increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

NOW, THEREFORE, the Council of the City of New York hereby resolves as follows:

1. **Approval of Modification.** The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

2. **Further Actions.** The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2004 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

3. **Effective Date.** This resolution shall take effect as of the date hereof.

ATTACHMENT:

Exhibit A

March 23, 2004

TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(e) of the New York City Charter, I seek your approval to appropriate new revenues of $1.476 billion in fiscal year 2004.

This modification - MN 4 - appropriates $1.376 billion to the Budget Stabilization Account in the City's Debt Service budget and appropriates $100 million for Pay-As-You-Go Capital in the Miscellaneous Budget.

The $1.476 billion of new revenues results from forecasted increases in tax revenues of $786 million, an increase in unrestricted aid of $398 million and savings in prior payables of $300 million, offset by forecasted decreases in miscellaneous revenue of $8 million.

Your approval of modification - MN 4 - is respectfully requested.

At this point the Speaker (Council Member Miller) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for L.U. No. 134

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly Robert Moore Senior Housing.

The Committee on Finance to which was referred on April 21, 2004 the annexed Land Use resolution respectfully

REPORTS:

(The following is a Memo to the Finance Committee from the Finance Division of the New York City Council:)

April 20, 2004

TO: Hon. David Weprin
Chair, Finance Committee

Members of the Finance Committee

FROM: David Pechefsky, Finance Division

RE: Finance Committee Agenda of April 21, 2004: Resolution approving a tax exemption for one Preconsidered Land Use Item as requested by the Department of Housing Preservation and Development (Council District 36).

HPD has submitted a request to the Council to approve a property tax exemption for one project to be developed under the federal Section 202 Supportive Housing Program For the Elderly. Through the Section 202 program housing is developed with financing from the federal Department of Housing and Urban Development (HUD) and the City provides tax exemptions pursuant to State law. The completed projects provide rental housing for the low-income elderly and receive operating subsidies from HUD.

This project is located in Council Member Vann's District and is for the construction of a 60-unit building. The value of the tax exemption is projected at approximately $151,600 in the first year of the exemption and $9.2 million over the 40-year length of the exemption.

This item has the approval of Council Member Vann.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 300

Resolution approving a partial exemption from real property taxes for property located at 147 Nostrand Avenue (Block 1754, Lot 1) and 7 Vernon Avenue (Block 1754, Lot 86), Brooklyn, pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 134).

By Council Member Weprin

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated March 15, 2004 that the Council take the following action regarding a housing project to be located at 147 Nostrand Avenue (Block 1754, Lot 1) and 7 Vernon Avenue (Block 1754, Lot 86), Borough of Brooklyn ("the Project "):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

WHEREAS, the project description that HPD provided to the Council indicates that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, the Council held a hearing on the Project on April 21, 2004;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

RESOLVED:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

All of the value of the property in the Project, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

All of the value of the property in the Project, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use) shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date");

provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $28,391, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

Report of the Committee on Housing and Buildings

Report for Int. No. 4-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the installation of carbon monoxide detecting devices in buildings classified in occupancy groups G, H-2, J-1, J-2 and J-3.

The Committee on Housing and Buildings to which was referred on February 4, 2004 (Minutes, page 306) the annexed amended proposed local law respectfully

REPORTS:

BACKGROUND AND INTENT:

Today the Committee will conduct a second hearing on Proposed Int. No. 4-A, which would require the installation of carbon monoxide detecting devices in apartments, private homes, hotels, certain hospitals, schools "where a fossil fuel-burning furnace or boiler is located, and in certain buildings in close proximity to a source of carbon monoxide." At the first hearing of the bill on March 29, 2004, the Committee heard testimony from representatives of the Department of Buildings, Fire Department, and others interested in building and fire safety.

Carbon monoxide, an odorless, colorless gas, results from the incomplete combustion of fossil fuels.[14] The National Fire Protection Association states that "In the home, heating and cooking equipment that burn fuel are potential sources of carbon monoxide."[15] Faulty boilers, gas-burning heaters, and fuel-powered tools are among potential sources of carbon monoxide. Although its initial symptoms closely match those of the flu, carbon monoxide (CO) poisoning can be fatal. The Consumer Product Safety Commission reports that, from 1994 to 1998, the majority of non-fire carbon monoxide poisonings caused by consumer products were caused by heating systems.[16] Early warning of a carbon monoxide leak is crucial, so that victims can move to fresh air before they lose consciousness. Carbon monoxide detecting devices are readily available to consumers, and several models are priced below thirty dollars.[17] In the months of January and February 2004, four New York City residents were killed by carbon monoxide leaks in two buildings, one in Manhattan and one in the Bronx. Among other episodes last winter were the evacuation of 60 people and the hospitalization of 27 in an incident on University Avenue in the Bronx, and the evacuation of five homes in the Carroll Gardens section of Brooklyn.[18]

Proposed Int. No. 4-A would require at least one carbon monoxide detecting devices within 15 feet of sleeping rooms in Class A multiple dwellings and private dwellings. Owners would be responsible for installing approved devices, while occupants would be required to keep and maintain the devices in good repair. Owners would be entitled to a reimbursement of twenty-five dollars per device from tenants. Placement of the devices in hospitals and schools will be determined by rule.

Proposed Int. No. 4-A

Section one of Proposed Int. No. 4-A adds a new Article 7 to Subchapter 17 of Chapter 1 of Title 27, entitled "Carbon Monoxide Detecting Devices."

New section 27-981.1, in subdivision (a), defines "fossil fuel" as "coal, kerosene, oil, wood, fuel gases and other petroleum products. In subdivision (b), it defines "fuel gases" to "include, but not be limited to, methane, natural gas, liquefied natural gas and manufactured fuel gases."

New section 27-981.2 requires, in subdivision (a), that every dwelling unit in a building within occupancy groups J-1, J-2, or J-3 shall be equipped with an operational carbon monoxide detecting device approved in accordance with rules promulgated by the Commissioner of Buildings in consultation with the Fire Department and Department of Health and Mental Hygiene (DOHMH). This provision only applies to buildings "where a fossil fuel-burning furnace or boiler is located, and every dwelling unit in a building that is in close proximity to a source of carbon monoxide." "Proximity" is to be established by the rules promulgated by the Commissioner of Buildings in consultation with the Fire Department and DOHMH. There must be at least one approved and operational device within 15 feet of each room lawfully used for sleeping purposes. The carbon monoxide detecting device may be combined with a smoke detecting device already required under the Administrative Code.

Subdivision (b) requires at least one approved and operational carbon monoxide detecting device to be installed in buildings classified in occupancy group G and H-2. Occupancy group G includes educational facilities and occupancy group H-2 includes hospitals and other institutions with incapacitated residents. The Commissioner of Buildings is to promulgate rules in consultation with the Fire Department and DOHMH.

Subdivision (c) specifies that the provisions of Article 7 apply retroactively, to all buildings that meet the provisions of subdivisions (a) and (b), irrespective of when they were constructed or when they were issued a certificate of occupancy.

Subdivision (d) states that the provisions of this Article may be enforced by the Department of Buildings, Fire Department, Department of Health and Mental Hygiene, and Department of Housing Preservation and Development.

New section 27-981.3 states that all carbon monoxide devices required to be provided and installed must be of a type authorized by rules promulgated by the Commissioner of Buildings.

Section two of Proposed Int. No. 4-A amends Article 11 of Subchapter 2 of Chapter 2 of Title 27 by adding two new sections to the Housing Maintenance Code. New section 27-2046.1 relates to the duties of the owner and occupant with respect to installation and maintenance of carbon monoxide detecting devices in private dwellings and in Class A multiple dwellings. New York City's Housing Maintenance Code, at section §27-2004, defines a Class A multiple dwelling as one which is occupied "for permanent residence purposes" (such as apartments) while Class B multiple dwellings are used as the "more or less temporary abode of individuals or families who are lodged with or without meals" (such as single-room occupancy dwellings).

Subdivision (a) defines "private dwelling," for the purposes of paragraphs two through six of subdivision (b), to mean a "dwelling unit in a one-family or two-family home which is occupied by a person or persons other than the owner of such unit or the owner's family."

Subdivision (b) enumerates the requirements for the owner of a Class A multiple dwelling and for a private dwelling that is required to be equipped with a carbon monoxide detecting device. Paragraph (1) requires owners to provide and install one or more approved and operational carbon monoxide detecting device in each dwelling unit. Paragraph (2) requires owners to post a notice, approved by the Commissioner of Housing Preservation and Development, in a common area of a Class A dwelling, or provide such notice to residents of a private dwelling, stating that the owner is required by law to install carbon monoxide detecting devices. Paragraph (3) requires owners to replace any carbon monoxide detecting device which has been stolen, removed, found missing, or rendered inoperable during prior occupancy and which has not been replaced by the prior occupant. Paragraph (4) requires owners to replace, within 30 days after the receipt of written notice, any device that becomes inoperable due to a manufacturing defect within one year of its installation and through no fault of the occupant. Paragraph (5) requires owners to provide written information regarding the testing and maintenance of carbon monoxide detecting devices to at least one adult occupant of each dwelling unit, including information about carbon monoxide poisoning and how to respond to an alarm. This information may include material distributed by the manufacturer or material prepared by the Department of Buildings or material approved by the Department of Buildings. Paragraph (6) requires owners to keep records, as prescribed by the Commissioner of Housing Preservation and Development, relating to the installation and maintenance of devices in the building, and to make them available to the Commissioner upon request.

Subdivision (c) establishes the duty of an occupant of a dwelling unit in Class A multiple dwellings and the duty of an occupant of a dwelling unit in a private dwelling in which a carbon monoxide detecting device has been provided and installed by the owner. With the exception of the amount of reimbursement, these requirements closely parallel the requirements of occupants to maintain smoke detecting devices installed by owners. Paragraph (1) requires the occupant to keep and maintain the device in good repair. Paragraph (2) requires the occupant to replace any device which is stolen, removed, missing, or rendered inoperable during occupancy of the dwelling unit.

Subdivision (d) states, "Except as otherwise provided in paragraphs three and four of subdivision a of this section, an owner of a dwelling unit who has provided and installed a carbon monoxide detecting device in a dwelling unit pursuant to this section shall not be required to keep and maintain such device in good repair or to replace any such device which is stolen, removed, missing, or rendered inoperable during the occupancy of such dwelling unit."

Subdivision (e) states that it is unlawful for any person to tamper with a device, or render it inoperable, except for replacing batteries and for other maintenance purposes.

Subdivision (f) requires the occupant of a dwelling unit where the owner has installed a device pursuant to this section to reimburse the owner twenty-five dollars for the cost of providing and installing each device. The occupant is given one year from the date of installation to make the reimbursement. Additionally, if a device is installed by the owner as a result of the occupant's failure to maintain a device or the occupant has lost or damaged the device, the occupant must reimburse the owner.

Subdivision (g) states that the provisions of this section may be enforced by the Department of Housing Preservation and Development, Department of Buildings, Fire Department, and Department of Health and Mental Hygiene.

New section 27-2046.2 sets the duties of owner and occupant in Class B multiple dwellings. Subdivision (a) relates to requirements for the owner of a Class B multiple dwelling where carbon monoxide detecting devices must be installed. Paragraph (1) requires the owner to provide and install one or more approved and operational carbon monoxide detecting devices in each dwelling unit, or to provide and install a line-operated zone carbon monoxide detecting system. A line-operated zone system must have central annunciation and central office tie-in for public corridors and public spaces, pursuant to rules promulgated by the Commissioner of Housing Preservation and Development in consultation with the Department of Buildings and Fire Department. Paragraph (2) requires the owner to keep and maintain the devices in good repair. Paragraph (3) requires the owner, prior to commencement of a new occupancy of a dwelling unit, to replace any device which has been stolen, removed, found missing, or rendered inoperable. Paragraph (4) requires the owner to keep records, as prescribed by the Commissioner of Housing Preservation and Development, related to installation and maintenance of devices in the building, and to make them available to the Commissioner upon request.

Subdivision (b) declares it unlawful for any person to tamper with or render inoperable a carbon monoxide detecting device required by this legislation, except for replacing batteries and for other maintenance purposes.

Subdivision (c) states that the provisions of this section may be enforced by the Department of Housing Preservation and Development, Department of Buildings, Fire Department, and Department of Health and Mental Hygiene.

Bill section three of Proposed Int. No. 4-A contains the enactment clause. The local law will take effect on the 180th day after it is enacted, except that no later than 45 days prior to that date, the Commissioner of Buildings and the Commissioner of Housing Preservation and Development, in consultation with the Commissioner of Health and Mental Hygiene and the Fire Commissioner, shall take all actions necessary for implementation, including the promulgation of rules.

Amendments to Int. No. 4

Bill Section 1

In new section 27-981.1, the definition of "appliance" was deleted. The definition of "fossil fuel" was changed to mean "coal, kerosene, oil, wood, fuel gases and other petroleum products."

In new section 27-981.2, in subdivision (a), the words "On and after October 1, 2004" were removed to reflect the revised effective date as presently described in bill section 3. In Int. No. 4, carbon monoxide detecting devices were required in all dwelling units within occupancy groups J-1, J-2, and J-3 and exemptions were contained in section 27-981.3 of the bill, pertaining to buildings that do not rely on the combustion of fossil fuel and are not in close proximity to a source of carbon monoxide. Now, under Proposed Int. No. 4-A, carbon monoxide detecting devices are required in dwelling units within occupancy groups J-1, J-2, or J-3 only where a fossil fuel-burning furnace or boiler is located, and every dwelling unit in a building that is in close proximity to a source of carbon monoxide. Proximity is to be established by rules. Carbon monoxide detecting devices are to be approved in accordance with the rules promulgated by the Commissioner of Buildings in consultation with the Fire Department and DOHMH. Int. No. 4 required at least one device within ten feet of each room lawfully used for sleeping purposes, while Proposed Int. No. 4-A now requires at least one device within fifteen feet of each room lawfully used for sleeping purposes and adds the specification that the carbon monoxide detecting device may be combined with a smoke detecting device.

In subdivision (b), which relates to hospitals and schools, the words "On and after October 1, 2004" have been removed. Int. No. 4 required one device for every 10,000 square feet of space, while Proposed Int. No. 4-A requires at least one device per building to be installed in accordance with the rules of the Department of Buildings. Proposed Int. No. 4-A also adds a subdivision (c) to specify that the provisions of the article apply retroactively, and a subdivision (d) that gives enforcement authority to DOB, the Fire Department, DOHMH, and HPD.

In Proposed Int. No. 4-A, new section 27-981.3 has been deleted and new section 27-981.4 has been renumbered as section 27-981.3.

Bill Section 2

In Int. No. 4, bill section 2 adds new section 27-2046.1, relating to all multiple dwellings. In Proposed Int. No. 4-A, bill section 2 adds two new sections, 27-2046.1, relating to Class A multiple dwellings and private dwellings, and 27-2046.2, relating to Class B multiple dwellings. (See above for explanation of the differences.) A provision has been added which requires the occupant to reimburse the owner up to 25 dollars for each device. The occupant of a Class B multiple dwelling does not have that obligation.

Bill Section 3

In Int. No. 4, the law takes effect immediately. In Proposed Int. No. 4-A, the law takes effect on the 180th day after enactment, except that no later than 45 days prior to that date, the Commissioner of Buildings and the Commissioner of Housing Preservation and Development, in consultation with the Commissioner of Health and Mental Hygiene and the Fire Commissioner, shall take all actions necessary for its implementation, including the promulgation of rules.

Additional Amendments to Int. No. 4, after March 29 hearing

Bill Section 2

Subdivision a of section 27-2046.1 has been changed so that the definition of "private dwelling" refers to paragraphs two through six, instead of two and five, as listed in earlier versions of the bill.

Subdivision f of section 27-2046.1, which requires occupants to reimburse owners twenty-five dollars for the cost of a device, has been amended to require occupants to reimburse owners when "a carbon monoxide detecting device is installed by the owner as a result of such occupant's failure to maintain such device or where such device has been lost or damaged by such occupant."

Update

On Monday, April 19, 2004, the Committee adopted this legislation by a vote of eleven in the affirmative, zero in the negative and no abstentions.

(The following is the Fiscal Impact Statement for Int. No. 40A:)

FISCAL IMPACT STATEMENT:

	Effective FY 05	FY Succeeding Effective FY 06	Full Fiscal Impact FY 05
Revenues (+)	0	0	0
Expenditures (-)	($1,283,000)	($1,283,000)	($1,283,000)
Net	($1,283,000)	($1,283,000)	($1,283,000)

IMPACT ON REVENUES: The Department of Buildings may promulgate rules regarding fines for violations of this legislation, however the intent of such fines is to compel compliance not to generate revenue.

IMPACT ON EXPENDITURES: The primary cost to the City for implementing Intro. 4-A are for the installation of carbon monoxide detectors in facilities that provide shelter and temporary housing for homeless families and individuals, in schools and in rem (City owned and managed) residential properties.

The Department of Homeless Services has estimated the cost to be $650,000. The Department of Education has estimated the cost to be $300,000. The Department of Housing Preservation and Development has estimated the cost to be $333,000. While there will be a cost to HHC and NYCHA associated with complying with this legislation it is anticipated that these costs will be funded by these agencies without any direct outlay of funds by the City. Therefore, the total estimated cost would be $1,283,000. It is important to note that costs may be adjusted based on the rules ultimately promulgated by the Department of Buildings.

Int. No. 4-A

Introduced by the Speaker (Council Member Miller) and Council Members Comrie Jr., DeBlasio, Felder, Gennaro, Nelson, Quinn, Rivera, Serrano, Vann, Foster, Sears, Gentile, Gerson, Jackson, Martinez, Monserrate, Reed, Weprin, Liu, James, Lopez, Brewer, Koppell and Vallone Jr.

A LOCAL LAW to amend the administrative code of the city of New York, in relation to requiring the installation of carbon monoxide detecting devices in buildings classified in occupancy groups G, H-2, J-1, J-2 and J-3.

Be it enacted by the Council as follows:

Section 1. Subchapter seventeen of chapter one of title twenty-seven of the administrative code of the city of New York is amended by adding a new article seven to read as follows:

Article 7

Carbon Monoxide Detecting Devices

§27-981.1 Definitions. For the purpose of this article: a. "Fossil fuel" shall mean coal, kerosene, oil, wood, fuel gases and other petroleum products.

b. "Fuel gases" shall include, but not be limited to, methane, natural gas, liquefied natural gas and manufactured fuel gases.

§27-981.2 Carbon monoxide detecting devices; where required. a. Every dwelling unit in a building within occupancy groups J-1, J-2 or J-3 where a fossil fuel-burning furnace or boiler is located, and every dwelling unit in a building that is in close proximity to a source of carbon monoxide, as such proximity is established by the rules promulgated by the commissioner in consultation with the fire department and the department of health and mental hygiene, shall be equipped with an operational carbon monoxide detecting device approved in accordance with the rules promulgated by the commissioner in consultation with the fire department and the department of health and mental hygiene, provided that there shall be installed at least one approved and operational carbon monoxide detecting device within fifteen feet of each room lawfully used for sleeping purposes. Such carbon monoxide detecting device may be combined with a smoke detecting device that complies with the provisions of this title and any applicable rules promulgated thereunder.

b. In every building classified in occupancy group G or occupancy group H-2, at least one approved and operational carbon monoxide detecting device shall be installed in accordance with rules promulgated by the commissioner in consultation with the fire department and the department of health and mental hygiene.

c. The provisions of this article shall apply retroactively to every building, in accordance with the provisions of subdivision a or subdivision b of this section, irrespective of when such building was constructed or a certificate of occupancy for such building was issued.

d. The provisions of this article may be enforced by the department, the fire department, the department of health and mental hygiene and the department of housing preservation and development.

§27-981.3 General requirements for carbon monoxide detecting devices. All carbon monoxide detecting devices required to be provided and installed pursuant to this article shall be of a type authorized by rules promulgated by the commissioner.

§2. Article eleven of subchapter two of chapter two of title twenty-seven of the administrative code of the city of New York is amended by adding new sections 27-2046.1 and 27-2046.2 to read as follows:

§27-2046.1. Duties of owner and occupant with respect to installation and maintenance of carbon monoxide detecting devices in class A multiple dwellings and private dwellings. a. As used in paragraphs two through six of subdivision b of this section, the term "private dwelling" shall mean a dwelling unit in a one-family or two-family home which is occupied by a person or persons other than the owner of such unit or the owner's family.

b. It shall be the duty of the owner of a class A multiple dwelling and a private dwelling which is required to be equipped with one or more carbon monoxide detecting devices pursuant to article seven of subchapter seventeen of chapter one of this title to:

(1) provide and install one or more approved and operational carbon monoxide detecting devices in each dwelling unit;

(2) post a notice in a form approved by the commissioner in a common area of a Class A multiple dwelling and otherwise provide such notice to the occupants of a private dwelling informing the occupants of such dwelling that the owner is required by law to install one or more approved and operational carbon monoxide detecting devices in each dwelling unit in the dwelling, provided that an owner may choose to post or otherwise provide a single notice that complies with this provision as well as the provisions of paragraph two of subdivision a of section 27-2045 of this article;

(3) replace any carbon monoxide detecting device which has been stolen, removed, found missing or rendered inoperable during a prior occupancy of the dwelling unit and which has not been replaced by the prior occupant prior to the commencement of a new occupancy of a dwelling unit;

(4) replace within thirty calendar days after the receipt of written notice any such device which becomes inoperable within one year of the installation of such device due to a defect in the manufacture of such device and through no fault of the occupant of the dwelling unit;

(5) provide written information regarding the testing and maintenance of carbon monoxide detecting devices to at least one adult occupant of each dwelling unit including, but not limited to, general information concerning carbon monoxide poisoning and what to do if a carbon monoxide detecting device goes off. Such information may include material that is distributed by the manufacturer, material prepared by the department of buildings or material approved by the department of buildings; and

(6) keep such records as the commissioner shall prescribe relating to the installation and maintenance of carbon monoxide detecting devices in the building and make such records available to the commissioner upon request.

c. Notwithstanding the provisions of subdivision a of section 27-2005 and subdivision c of section 27-2006 of this chapter, it shall be the sole duty of the occupant of each dwelling unit in a class A multiple dwelling and the occupant of a dwelling unit in a private dwelling in which a carbon monoxide detecting device has been provided and installed by the owner pursuant to the provisions of article seven of subchapter seventeen of chapter one of this title to:

(1) keep and maintain such device in good repair; and

(2) replace any device which is either stolen, removed, missing or rendered inoperable during the occupancy of such dwelling unit.

d. Except as otherwise provided in paragraphs three and four of subdivision a of this section, an owner of a dwelling who has provided and installed a carbon monoxide detecting device in a dwelling unit pursuant to this section shall not be required to keep and maintain such device in good repair or to replace any such device which is stolen, removed, missing or rendered inoperable during the occupancy of such dwelling unit.

e. It shall be unlawful for any person to tamper with or render inoperable a carbon monoxide detecting device that is required under article seven of subchapter seventeen of chapter one of this title, except for replacing the batteries or for other maintenance purposes.

f. The occupant of a dwelling unit in which a carbon monoxide detecting device is newly installed or in which a carbon monoxide detecting device is installed by the owner as a result of such occupant's failure to maintain such device or where such device has been lost or damaged by such occupant shall reimburse the owner in the amount of twenty-five dollars for the cost of such work. Such occupant shall have one year from the date of installation to make such reimbursement.

g. The provisions of this section may be enforced by the department, the department of buildings, the fire department and the department of health and mental hygiene.

§27-2046.2 Duties of owner and occupant with respect to installation and maintenance of carbon monoxide detecting devices in class B multiple dwellings. a. It shall be the duty of the owner of a class B multiple dwelling which is required to be equipped with one or more carbon monoxide detecting devices pursuant to article seven of subchapter seventeen of chapter one of this title to:

(1) provide and install one or more approved and operational carbon monoxide detecting devices in each dwelling unit or in the alternative, provide and install a line-operated zoned carbon monoxide detecting system with central annunciation and central office tie-in for all public corridors and public spaces, pursuant to rules promulgated by the commissioner in consultation with the department of buildings and the fire department;

(2) keep and maintain carbon monoxide detecting devices in good repair;

(3) replace any carbon monoxide detecting device which has been stolen, removed, found missing or rendered inoperable prior to the commencement of a new occupancy of a dwelling unit;

(4) keep such records as the commissioner shall prescribe relating to the installation and maintenance of carbon monoxide detecting devices in the building and make such records available to the commissioner upon request.

b. It shall be unlawful for any person to tamper with or render inoperable a carbon monoxide detecting device that is required under article seven of subchapter seventeen of chapter one of this title, except for replacing the batteries or for other maintenance purposes.

c. The provisions of this section may be enforced by the department, the department of buildings, the fire department and the department of health and mental hygiene.

§3. This local law shall take effect on the one hundred eightieth day after it shall have been enacted into law, except that no later than forty-five days prior to such date, the commissioner of buildings and the commissioner of housing preservation and development, in consultation with the commissioner of health and mental hygiene and the fire commissioner, as is required by such law, shall take all actions necessary for its implementation, including the promulgation of rules.

Report for L.U. No. 33

Report of the Committee on Land Use in favor of disapproving Uniform Land Use Review Procedure application no. 030293 ZMR, pursuant to §197-c and §197-d of the New York City Charter, concerning changes to the zoning map, Borough of Staten Island, Council District no. 51.

The Committee on Land Use to which was referred on February 4, 2004 (Minutes, page 712) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

STATEN ISLAND CB - 2 C 030293 ZMR

City Planning Commission decision approving an application submitted by Barbara Berman, pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 26c, establishing within an existing R3-1 District a C1-2 District property bounded by a line 200 feet northeasterly of Travis Avenue, a line midway between Richmond Avenue and Steinway Avenue, Travis Avenue, and Richmond Avenue, as shown on a diagram (for illustrative purposes only), dated November 17, 2003.

INTENT

To amend the Zoning Map, Section No. 26c.

COMMITTEE ACTION

The Committee recommends that the Council approve the attached resolution and thereby disapprove the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 301

Resolution disapproving the decision of the City Planning Commission on ULURP No. C 030293 ZMR, a Zoning Map change (L.U. No. 33).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on March 3, 2004 its decision dated February 25, 2004 (the "Decision"), on the application submitted by Barbara Berman, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 030293 ZMR) (the "Application");

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on March 22, 2004 and April 21, 2004;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on November 17, 2003 (CEQR No. 03DCP033R);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council disapproves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 26c, establishing within an existing R3-1 District a C1-2 District property bounded by a line 200 feet northeasterly of Travis Avenue, a line midway between Richmond Avenue and Steinway Avenue, Travis Avenue, and Richmond Avenue, as shown on a diagram (for illustrative purposes only), dated November 17, 2003, Community District 2, Borough of Staten Island.

INTENT

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. Nos. 49, 52, 53, and 61.

COMMITTEE ACTION

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 302

Resolution approving an Urban Development Action Area Project located at 7 Somers Street (Block 1538/Lot 69), 42 Somers Street (Block 1542/Lot 3), 44 Somers Street (Block 1542/Lot 5), 100 Rockaway Avenue (Block 1533/Lot 39), 341 Marion Street (Block 1515/Lot 63), 442 Marion Street (Block 1521/Lot 39), and 2099 Fulton Street (Block 1542/Lot 50), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 49; 20045345 HAK).

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on December 15, 2003, its request dated November 24, 2003 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 7 Somers Street (Block 1538/Lot 69), 42 Somers Street (Block 1542/Lot 3), 44 Somers Street (Block 1542/Lot 5), 100 Rockaway Avenue (Block 1533/Lot 39), 341 Marion Street (Block 1515/Lot 63), 442 Marion Street (Block 1521/Lot 39), 2099 Fulton Street (Block 1542/Lot 50), and 2101 Fulton Street (Block 1542/Lot 49), Community District 16, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, by letter dated April 15, 2004 the Department of Housing Preservation and Development withdrew 2101 Fulton Street (Block 1542/Lot 49);

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 303

Resolution approving an Urban Development Action Area Project located at 363 East 151st Street (Block 2398/Lot 41), 438 East 140th Street (Block 2284/Lot 27), 471 East 143rd Street (Block 2288/Lot 66), 687 Prospect Avenue (Block 2675/Lot 25), 796 East 161st Street (Block 2667/Lot 15), 1237 Evergreen Avenue (Block 3770/Lot 20), and 1500 Givan Avenue (Block 4747/Lot 01), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 52; 20045348 HAX).

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on December 15, 2003, its request dated November 24, 2003 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 363 East 151st Street (Block 2398/Lot 41), 438 East 140th Street (Block 2284/Lot 27), 471 East 143rd Street (Block 2288/Lot 66), 687 Prospect Avenue (Block 2675/Lot 25), 796 East 161st Street (Block 2667/Lot 15), 1237 Evergreen Avenue (Block 3770/Lot 20), and 1500 Givan Avenue (Block 4747/Lot 01), Community Districts 1, 9, 12, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on December 15, 2003, its request dated November 24, 2003 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 138 West 136th Street (Block 1920/Lot 48), 140 West 136th Street (Block 1920/Lot 49), 242 West 136th Street (Block 1941/Lot 51), 244 West 136th Street (Block 1941/Lot 52), 265 West 136th Street (Block 1942/Lot 106), 331 Convent Avenue (Block 2050/Lot 29), 469 West 141st Street (Block 2058/Lot 104), 522 West 149th Street (Block 2080/Lot 42), 531 West 142nd Street (Block 2074/Lot 112), and 540 West 140th Street (Block 2071/Lot 55), Community Districts 9 and 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 61

Report of the Committee on Land Use in favor of approving Application no. 20045367 HAX, an Urban Development Action Area Project known as the Boston Road South Amendment, located in Community Board 3, Council Districts no. 16 and 17, Borough of the Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on February 4, 2004 (Minutes, page 721) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 49 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 305

Resolution approving an Urban Development Action Area Project located at Franklin Avenue between E. 168th and E. 169th Streets, Cauldwell Avenue between E. 165th and E. 166th Streets, Trinity Avenue between E. 165th and E. 166th Streets, Union Avenue between Home Street and E. 168th Street and Boston Road between E. 165th and E. 166th Streets (Block 2615/Lots 5, 6; Block 2633/Lots 7, 38; Block 2681/Lots 1, 3, 11; Block 2607/Lots 84, 85, 86, 87; Block 2622/Lots 43, 44, 46, 47; and Block 2633/Lots 2, 3); the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 61; 20045367 HAX).

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 30, 2004 its request dated January 12, 2004 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at Franklin Avenue between E. 168th and E. 169th Streets, Cauldwell Avenue between E. 165th and E. 166th Streets, Trinity Avenue between E. 165th and E. 166th Streets, Union Avenue between Home Street and E. 168th Street and Boston Road between E. 165th and E. 166th Streets (Block 2615/Lots 5, 6; Block 2633/Lots 7, 38; Block 2681/Lots 1, 3, 11; Block 2607/Lots 84, 85, 86, 87; Block 2622/Lots 43, 44, 46, 47; and Block 2633/Lots 2, 3); Community District 3, Borough of the Bronx (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

This matter is subject to Council Review and action pursuant to §197-d of the New York City Charter and Article 16 of the General Municipal Law.

The Committee on Land Use to which was referred on March 24, 2004 (Minutes, page 1444) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

BROOKLYN CB - 3 **N 040220 HAK**

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State for:

1. the designation of property located at 147 Nostrand Avenue and 7 Vernon Avenue (Block 1754/Lots 1 and 86), as an Urban Development Action Area (the "Area"); and

2. an Urban Development Action Area Project for such area (the "Project").

INTENT

To facilitate development of a six-story building tentatively known as Robert Moore Senior Housing with approximately 59 units of housing for senior citizens and one unit for a superintendent.

COMMITTEE ACTION

The Committee recommends that the Council approve the attached resolution and thereby approve the designation and project, make the findings required by Article 16 of the General Municipal Law and approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 311

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development ("HPD"), No. N 040220 HAK, approving the designation of property located at 147 Nostrand Avenue and 7 Vernon Avenue (Block 1754/Lots 1 and 86), Brooklyn, as an Urban Development Action Area (the "Area"), and approving the project for the area as an Urban Development Action Area Project (L.U. No. 117; N 040220 HAK).

By Council Members Katz and Martinez

WHEREAS, the City Planning Commission filed with the Council on March 31, 2004 its decision dated March 24, 2004 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 147 Nostrand Avenue and 7 Vernon Avenue (Block 1754/Lots 1 and 86), as an Urban Development Action Area (the "Area"); and

b) an Urban Development Action Area Project for such area (the "Project");

to facilitate development of a six-story building tentatively known as Robert Moore Senior Housing with approximately 59 units of housing for senior citizens and one unit for a superintendent, to be developed under the HUD Section 202 Supportive Housing for the Elderly program, Community Board 3, Borough of Brooklyn (No. N 040220 HAK) (the "Application");

WHEREAS, the Application is related to Application Number 810164 PPK;

WHEREAS, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

WHEREAS, the New York City Department of Housing Preservation and Development submitted to the Council its recommendations regarding the Application on March 24, 2004;

WHEREAS, upon due notice, the Council held a public hearing on the Application and Decision on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

Pursuant to Article 16 of the General Municipal Law, the Council approves the decision of the City Planning Commission (N 040220 HAK).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

Report for L.U. No. 119

Report of the Committee on Land Use in favor of approving Application no. 20045413 RRK, pursuant to Section 91 of the Railroad Law, at the request of the Department of Small Business Services, respecting change of railroad grade and alignments located in the Borough of Brooklyn, Council District no. 38.

The Committee on Land Use to which was referred on April 1, 2004 (Minutes, page 1524) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

BROOKLYN CB - 7 **20045413 RRK**

Application submitted by the Department of Small Business Services pursuant to §91 of the Railroad Law of the State of New York requesting that the Council petition the State to allow the grade changes and realignment necessary to implement the Brooklyn Waterfront Rail Improvement Project.

INTENT

To facilitate the Brooklyn Waterfront Rail Improvement Project.

COMMITTEE ACTION

The Committee recommends that the Council approve the attached resolution and thereby take the action required by Section 91 of the Railroad Law.

In connection herewith, Council Members Katz and Felder offered the following resolution:

Res. No. 312

Resolution requesting that the Commissioner of the New York State Department of Transportation find that changes in grade crossing for the realignment of the First Avenue Rail Line are in the public interest and should be so ordered (20045413 RRK; L.U. No. 119).

By Council Members Katz and Felder

WHEREAS, the Department of Small Business Services ("DSBS") submitted ULURP Application No. C 030527 PQK, an acquisition of property located at 4023 First Avenue and 80 39th Street (Block 706/Lots 24 and 101) for the realignment of the First Avenue Rail Line;

WHEREAS, this application was approved by the City Planning Commission on October 8, 2003, filed with the Council on October 15, 2003 and said action was deemed final on November 5, 2003;

WHEREAS, this acquisition would facilitate the implementation of the Brooklyn Waterfront Rail Improvements project and would result in the elimination of four grade crossings and the establishment of one new grade crossing;

WHEREAS, Section 91 of the Railroad Law requires that the Council petition the Commissioner of the New York State Department of Transportation alleging that the public interest requires such alterations in the manner of crossing and requesting that the Commissioner find that such alterations should be made;

WHEREAS by letter dated February 26, 2004 and received March 8, 2004 the New York City Department of Small Business Services submitted to the Council its request that the Council so allege and petition the Commissioner of the New York State Department of Transportation (the "Project");

WHEREAS, upon notice the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council of the City of New York, pursuant to Section 91 of the Railroad Law, alleges that the public interest requires the alterations in grade crossing set forth in the project summary the Department of Small Business Services has submitted to the Council, a copy of which is attached hereto;

The Council of the City of New York hereby petitions the Commissioner of the New York State Department of Transportation to find that such alterations and changes should be made.

APPENDIX 11
PROPOSED GRADE CROSSINGS

The Realignment of the First Avenue Rail Line will result in the elimination of four grade crossings and the establishment of one new grade crossing in the vicinity of the proposed easement on First Avenue between 41st and 39th Street as follows:

- At the intersection of Second Avenue and 39th Street, trackage running north-south crossing in front of the Gowanus Expressway off-ramp and through the intersection of 2nd Avenue and 39th Street will be removed.
- Trackage running north-south and parallel with the flow of traffic on Second Avenue between 39th and 41st Streets will be removed.
- At-grade rail running east-west and parallel with traffic flow on 41st Street between First and Second Avenues will be removed.
- Rail trackage and switch at the intersection of First Avenue and 41st Street will be removed.
- At the intersection of First Avenue and 39th Street, a new at-grade rail crossing will be established to allow for continued movement and access to the South Brooklyn Marine Terminal directly north of the intersection of First Avenue and 39th Street. The new crossing will require the installation of a new switch that will allow for separate movements of rail cars from potential South Brooklyn Marine Terminal tenants as well as the South Brooklyn Railway which may require access to the 51st Street and 65th Street rail yards on First Avenue.

Report for L.U. No. 120

Report of the Committee on Land Use in favor of approving Application no. 20045416 HAX, an Urban Development Action Area Project located at 987 Summit Avenue, Council District no. 17, Borough of the Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on April 1, 2004 (Minutes, page 1524) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 49 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 313

Resolution approving an Urban Development Action Area Project located at 987 Summit Avenue (Block 2534/Lot 164), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 120; 20045416 HAX).

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 17, 2004 its request dated March 1, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 987 Summit Avenue (Block 2534/Lot 164), Community District 4, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

REPORTS:

(For text of the report, please see the Report of the Committee *on Land Use* for L.U. No. 49 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 314

Resolution approving an Urban Development Action Area Project located at 415 East 154th Street (Block 2376/Lot 32), 669 Cauldwell Avenue (Block 2624/Lot 71), 764 Tinton Avenue (Block 2655/Lot 5), 771 Jackson Avenue (Block 2636/Lot 26), and 802 Melrose Avenue (Block 2380/Lot 1), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 122; 20045418 HAX).

By Council Members Katz and Martinez

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 17, 2004 its request dated March 1, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 415 East 154th Street (Block 2376/Lot 32), 669 Cauldwell Avenue (Block 2624/Lot 71), 764 Tinton Avenue (Block 2655/Lot 5), 771 Jackson Avenue (Block 2636/Lot 26), and 802 Melrose Avenue (Block 2380/Lot 1), Community District 1, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on April 19, 2004;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

REPORTS:

SUBJECT

QUEENS - CB 4 **20035224 SCQ**

Application submitted by the New York City School Construction Authority pursuant to Section 1732 of the New York State Public Authorities Law for a proposed new 650-seat primary school facility, known as P.S. 260-Q, to accommodate pre-kindergarten through fifth grade to be located at 99-02 through 99-20 Roosevelt Avenue in Corona (Block 1608/Lots 1, 8, 14, and a portion of 17), Queens.

INTENT

To construct a new primary school containing approximately 89,000 gross square feet for pre-kindergarten through fifth grade students within Community School District No. 24.

COMMITTEE ACTION

The Committee recommends that the Council approve the attached resolution and thereby approve the site plan.

In connection herewith, Council Members Katz and Felder offered the following resolution:

Res. No. 315

Resolution approving the site plan for a public school facility known as P.S. 260-Queens to be located at 99-02 through 99-20 Roosevelt Avenue in Corona, Queens (Non-ULURP No. 20035224 SCQ; L.U. No. 130).

By Council Members Katz and Felder

WHEREAS, the New York City School Construction Authority submitted to the Council on April 15, 2004, a site plan pursuant to Section 1732 of the New York State Public Authorities Law for a new 650-seat primary school facility known as Public School 260- Queens (P.S. 260-Q) in Community School District 24, to accommodate pre-kindergarten through fifth grade students to be located at 99-02 through 99-20 Roosevelt Avenue in Corona (Block 1608/Lots 1, 8, 14, and p/o 17), Community District 4, Borough of Queens (the "Site Plan");

WHEREAS, the Site Plan is subject to review and action by the Council pursuant to Section 1732 of the New York State Public Authorities Law;

WHEREAS, upon due notice, the Council held a public hearing on the Site Plan on April 19, 2004;

WHEREAS, the Council has considered the relevant environmental issues and the Conditioned Negative Declaration issued on December 19, 2003 (SCA Project Number 03-006); and

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Site Plan;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Section 1732 of the Public Authorities Law, the Council approves the Site Plan.

The Committee on Parks and Recreation to which was referred on March 10, 2004 (Minutes, page) the annexed proposed local law respectfully

REPORTS:

Comment:

On April 14, 2004, the Committee on Parks and Recreation will hold a hearing to consider a bill renaming thoroughfares and public places. The Council acts upon the authority granted in Title 25 of the New York City Administrative Code, section 102.1 (b), which states:

> b. Unless the local law specifically provides otherwise, any local law changing the name of a street, park, playground or portion thereof, or any facility or structure, located and laid out on the city map, that bears a name indicated on the city map shall not be construed to require a change in such name as it is indicated on the city map; provided, however, that in the case of a local law changing the name of a street or portion thereof, the name added by such local law shall be posted on a sign placed adjacent to or near a sign bearing the name of such street or portion thereof indicated on the city map.

The following street name changes are not to be construed as a change in the City map, but as additional names to be posted near or adjacent to the street or location indicated on the City map.

Background:

Section 1. Harriet Ross Tubman Avenue, Borough of Brooklyn
Introduced by Council Member Vann

Harriet Ross was born in Dorchester County, Maryland in 1820. Her parents were from the Ashanti tribe of West Africa, and they worked as slaves on the Brodas plantation. In addition to producing lumber, Edward Brodas raised slaves to rent and sell. Life was difficult on the plantation, and Harriet was hired out as a laborer by the age of 5.

Harriet did not like to work indoors, and she was routinely beaten by her masters. By her early teens, Harriet was no longer allowed to work indoors and was hired out as a field hand. She was a hard worker but considered defiant and rebellious. When she was 15 years old, Harriet tried to help a runaway slave. The overseer hit her in the head with a lead weight, which put Harriet in a coma. It took months for her to recover, and for the rest of her life, Harriet suffered from blackouts.

In 1844, Harriet married a free black man named John Tubman. Harriet remained a slave, but she was able to stay in Tubman's cabin at night. Although she was married, Harriet lived in fear of being shipped to the deep South, a virtual death sentence for any slave. In 1849, her fears were realized when the owner of the Brodas plantation died and many of the slaves were scheduled to be sold. After hearing of her fate, Harriet planned to escape that very night. She knew her husband would expose her, so the only person she informed was her sister.

Harriet made the 90 mile trip to the Mason/Dixon line with the help of contacts along the Underground Railroad. She had to hike through swamps and woodland. Harriet's trip was successful, and she settled in Philadelphia. She worked as a dishwasher and made plans to rescue her family. The next year, Harriet traveled back to Maryland and rescued her sister's family. She then returned to transport her brothers to the North. She went back for her husband, but he had remarried and did not want to follow her. In 1857, Harriet finally returned for her parents and settled them in Auburn, New York.

By this time, Harriet was becoming quite well known and huge rewards were offered for her capture. Harriet was the master of disguise. A former master did not even recognize her when they ran into each other on the street. She was nicknamed the "Moses of her people" for leading them to freedom. In all, Harriet made 19 trips on the Underground Railroad and freed more than 300 slaves.

With the arrival of the Civil War, Harriet became a spy for the Union army. She later worked in Washington DC as a government nurse. Although Harriet won admiration from the military, she did not receive a government pension for more than 30 years. At the end of the war, Harriet returned to her parents in Auburn. She was extremely poor and the profits of a book by Sarah Bradford entitled "Scenes in the Life of Harriet Tubman", published in 1869, were a great financial help.

In 1870, Harriet married Nelson Davis, who she had met at a South Carolina army base. They were happily married for 18 years until Davis' death. In 1896, Harriet purchased land to build a home for sick and needy blacks. However, she was unable to raise enough money to build the house and ultimately gave the land to the African Methodist Episcopal Zion Church. The church completed the home in 1908, and Harriet moved there several years later. She spent her last years in the home telling stories of her life to visitors. On March 10, 1913, Harriet died, of pneumonia. She was 93 years old.

Section 2. Boulevard, Borough of Queens
Introduced by Council Member Avella

Sometime in the 1920's streets throughout the area of Douglaston, Queens and Little Neck, Queens were given numerical designations in order to come "in line" with the New York City street grid. In 1970-1971, a movement to re-instate the named streets was achieved through the efforts of then Councilman Matthew Troy. The Department of Transportation made the required changes back to the named streets over a five to six year period. These changes were official map changes at the time. In that process, some of the street names were mistakenly left uncorrected or corrected with new errors.

Section 3. Marine Lance Corporal William Wayne White, Borough of Brooklyn
Introduced by Council Member Dilan
February 6, 1979 – March 28, 2003

William Wayne White was born on February 6, 1979 in Brooklyn, New York. He grew up in the Bushwick Section of Brooklyn, where he attended elementary school at Pilgrim Christian Academy and graduated from the St. Elizabeth Seaton School. He attended Bishop Loughlin Memorial High School and later Bushwick High School where he graduated in 1998.

At age seven, William enrolled at The Brooklyn Music School where he studied piano. He was an active member of the St. Thomas Episcopal Church where he served as an altar boy and a member of the youth choir. William also devoted his time at The Franciscan Friary in Brooklyn.

After graduating high school in 1998 he followed in his father's footsteps and enrolled in the United States Marines. He served his country working as a radio operator with the Third Assault Amphibian Battalion. William was sent to Iraq, as a result of the 9/11 terrorist attacks, where he gave his life for his country on March 28, 2003.

Section 4. Arlene Fuchs Katz Drive, Borough of Queens
Introduced by Council Members Gennaro and Weprin
August 8, 1934 – January 5, 2004)

Arlene Fuchs Katz was a longtime community activist in Queens who lived in Jamaica Estates. Ms. Katz taught fifth and sixth grades at Public School 131 for 25 years and was a moving force in having the school named in honor of Abagail Adams, wife to President John Adams and mother of President John Quincy Adams. Ms. Katz involved herself in many issues especially those relating to women, the homeless and children. She was the first female president of the Saul Weprin Democratic Club, the first female President of the Hillcrest Jewish Center and the first Vice-Chair of Community Board 8 for many years.

During her tenure at Public School 131, Ms. Katz was the United Federation of Teachers union chairwoman at her school. She became a member of the Parent-teacher Association at the three schools attended by her children, a member of the Youth Committee at Community Board 8, a leader of the Jewish charitable organization Hadassah and a member of the Queens Hospital Board.

Section 5. John J. DeMartini Way, Borough of Brooklyn
Introduced by Council Member Gentile
October 10, 1930 - January 30, 2003

Passing on January 30, 2002 after a year long battle wit leukemia, John J. DeMartini is remembered as a true leader of his community who gave selfishly for the betterment of all. John's record of service includes his term as Chairman of Community Board Ten, Vice Chairman of Community Board Ten, Chairman of the Community Board's Zoning Committee for numerous years, a member of the traffic committee and a public school teacher for over 30 years.

Beyond his civic involvement with the Community Board, John DeMartini was heavily involved in the parish of St. Ephrem's where he served as a lector for over twenty-five years. Through the community, be it at a meeting or a community event, John DeMartini was there to bring about change and to highlight the goodness that is in his community. John J. DeMartini was a true gentleman and a leader in his community and his legacy should be kept alive with this tribute.

It would be greatly appreciated by many in his community if 74th Street and 6th Avenue would be renamed John J. DeMartini Way to honor the former Community Board 10 Chairman.

Section 6. Howie Zimmerman Corner, Borough of Brooklyn
Introduced by Council Member Gentile
January 27, 1961 - September 21, 2003

Howard Zimmerman was a partner in the successful produce market known as "3 Guys From Brooklyn", located at 65th Street and Fort Hamilton Parkway, a business that he partnered with his brother Scott and his longtime buddy, Phil Penta. It was a business that has become a community landmark, a place where countless residents have come to rely upon for quality produce at a reasonable price. Mr. Zimmerman was devoted to the community and heavily involved in many aspects including his donation of turkeys to churches and synagogues for Thanksgiving, his sponsorship and donation of pumpkins to the annual Halloween Walk and Fair and many local schools, and was involved in the business community with the "3rd Avenue Festival" and the Sunset Park Business Improvement District's "5th Avenue Festival". He was also affiliated with and supportive of many other community activities including

Concerts in the Park, Ski Brooklyn, Winterfest, the Fort Hamilton Parkway Festival, Graffiti removal projects and National Police Night Out.

Section 7. Harry G. English Place, Borough of Brooklyn
Introduced by Council Member Gentile
June 10, 1921 - October 29, 2002

Harry G. English earned several graduate degrees, including a doctorate degree in law. For a number of years he was a full time Professor of Law at Long Island University and, subsequently, established a law firm in Bay Ridge where he practiced for over 50 years. Through his practice, Harry helped organize philanthropic endowments that offered grants and assistance to many of his community's worthy organizations. The recipients of these grants included health care facilities, children's recreational and day care programs, senior citizens' centers and numerous educational, religious and charitable organizations. He also offered pro bono legal services to many worthy causes. During the difficult years of the late 1970's, Mr. English's efforts succeeded in implementing the Cinderella Program to rehabilitate several decaying and abandoned buildings in the Bay Ridge area. Harry English served a number of years as president of the Bay Ridge Development Corporation, the Bay Ridge Men's Club and the Bay Ridge Lawyers Association. He was honored as a charter member of the Third Avenue Merchants Association by being named a Pioneer. In recognition of his service to the community, Harry received the prestigious Civic Award from the Bay Ridge Community Council in 1979. He was named Man of the Year in 2000 by the Ragamuffin Committee, and in 2002, the Guild for Exceptional Children named a group home the Harry English Residence in his honor. Harry English was a gentleman, a scholar, a humanitarian, a philanthropist, an altruist, and a visionary who devoted his life to enriching the Bay Ridge Community.

Section 8. Frederick I. Ergang Way, Borough of Brooklyn
Introduced by Council Member Gentile
November 5, 1928 - December 3, 2002

Fred Ergang was born in Brooklyn on November 5, 1928. He was raised in Borough Park, where he attended public schools. He graduated from New Utrecht High School and attended Brooklyn College, where he earned his Bachelor of Arts Degree in Education. He went on to earn a Master's Degree in Education at New York University, then went to work in the New York public school system. Mr. Ergang taught at P.S. 104 on Fifth Avenue and 92nd Street and at P.S. 13 in downtown Brooklyn before joining the staff at Pershing Junior High School on Ninth Avenue and 49th Street. He worked at Pershing for many years, first as a Social Studies teacher then as an interim acting principal. He worked in the public school system for 49 years and spent most of his professional life in School District 20 as a teacher, an assistant principal, than as a principal.

Mr. Ergang served at the helm on P.S. 176 at 69th Street and 12th Avenue from 1973 until his retirement in 1998. At the time of his retirement he had the second longest tenure of any educator in the city of New York.

Section 9. Al Nahas Way, Borough of Brooklyn
Introduced by Council Member Gentile
December 25, 1928 – May 23, 203

Al Nahas, born in Brooklyn on December 25, 1928 where he attended Manual Training High School in Park Slope. After graduating he joined the Army and was sent to Okinawa. After being Honorably Discharged he came home to Bay Ridge where he spent the rest of his life. He worked at United Fruit for several years rising to V.P. However, his love for art brought him back to Bay Ridge where he opened Nahas Art, a custom framing shop. Al became active on Third Street joining The Merchants Association and eventually became president. He was responsible for moving the Ragamuffin Children's Parade from 4th Avenue to 3rd Avenue, where it continues to grow and thrive. Al worked closely with elected officials to improve the appearance and life on Third Avenue. He invited and promoted new businesses to the area.

In 1980, Al opened Nightfalls Restaurant, which became a showplace, and he encouraged others to do the same. Eventually Third Avenue became Restaurant Row. He invited Mayor Koch and other city officials to come on a bus tour of Bay Ridge, to introduce them to the community. This meeting resulted in the formation of Bay Ridge Community Development, of which Al became an active member. If anyone needed help, young or old, they could come to Al. He listened and promised to do what he could. He opened his doors to any charitable organization that was in need. He organized a fund raiser for St, Jude Children's Hospital by putting on a variety show with merchants and people from the community taking part. It was so successful they raised $10,000, which prompted Danny Thomas to attend in person.

Al served on many boards and was honored by them as "Man of the Year". These organizations included the Guild for Exceptional Children, Fontbonne Hall, Adelphi Academy, St. Nicholas Home for the Aged, Bay Ridge Community Council, Bay Ridge Development Corp. and many others. Until his death, Al was known as "The Mayor of Third Avenue". Today people still refer to him as such.

Section 10. Det. Frank P. Collins Avenue, Borough of Brooklyn
Introduced by Council Member Gentile
December 9, 1973 - June 12, 2002

Born on December 9,1973, raised in New York City, Frank Collins could only be described as self-sacrificing. After attending Kingsborough Community College, he enlisted in the United States Army. Frank enlisted in the United States Army Reserve where he rose to the rank of sergeant. During his duration with the Army, Frank became a New York City Police Officer in 1999, working in the 63rd precinct. After returning from an eight-month leave of absence to secure and protect his beloved country and the lives of innocent civilians in Bosnia, he was promoted to the rank of Detective, where he proudly served the entire south of Brooklyn in its narcotics division.

His life was cut short on June 12, 2002 in a motorcycle accident on the same Brooklyn streets he chose to protect and serve. As is usual for Frank, he chose to risk his life for the life of someone else. In an attempt to protect the life a child that ran out against a traffic signal, he tried to swerve around her causing him to collide with a retaining wall, putting him in a coma. Frank passed away eight days later.

Being a narcotics detective, Frank was involved with one of the most dangerous jobs in police work. He handled his duty as he did with everything else in life, with a sense of pride and diligence. Renaming 7th Avenue at 72nd Street " Detective Frank P. Collins Avenue" will be a source of comfort and remembrance to both the Collins' family and the officers who continue to serve the Bay Ridge Community.

Section 11. Giuseppe "Joe" Papandrea Way, Borough of Brooklyn
Introduced by Council Member Gentile
September 30, 1940 - January 29, 2002

Born in Calabria, Italy, Guiseppe Papandrea is the oldest of five children born to Mary and Rocco Papandrea. He immigrated to the United States in 1958, where he and his father helped earn money so that the rest of the family could join them. Joe went on to work at Gino's Restaurant and Pizzeria where he met and married Loretta Reed in 1966. Together, they raised six children in Bay Ridge and celebrated the marriages of three of them, and celebrated the birth of three grandchildren. In the summer of 1998, he was diagnosed with Leukemia, which he fought and put the cancer into remission by Christmas of that year. Joe was tragically killed by a hit and run driver on January 29, 2002. This street, which will pay tribute to his life, will further serve as a reminder of the ills associated with leaving the scene of an accident and the destruction of a family.

Section 12. Susan B. Anthony and Elizabeth Cady Stanton Corner, Borough of Manhattan
Introduced by Council Member Gerson

Susan B. Anthony and Elizabeth Cady Stanton are of the many women that have made massive contributions to this nation. From 1868 to 1869 they published their women's rights newspaper, The Revolution. These two women have worked hard and long for the justice of the female population. They attained the essential civil rights for women in this country including the right to vote. Women today are in a debt of thanks for Anthony's and Stanton's dream and devotion to equality.

Throughout the United States, public space dedicated to women and their contributions to building America and its democracy are in general below 10% of what subsist. What better way to honor two of the greatest names in American history than to bear their names on the street at the original site of the office of The Revolution? It is fundamental to make sure that such important women's history sites are recognized.

Community Board No. 1 proposes to co-name the corner of Park Row and Beekman Street, " Susan B. Anthony and Elizabeth Cady Stanton Corner". These women partook vital roles in the history of the country and the women's rights movement and are commendable of this tribute.

Section 13. The Order Sons of Italy Way, Borough of Manhattan
Introduced by Council Member Gerson

The Order of Sons of Italy is the largest and longest-established national organization for men and women of Italian heritage in the United States. Founded, on Grand Street between Mott and Mulberry Street, in 1905 as a mutual aid society for early Italian immigrants, today the organization has more than 600,000 members and supporters and a network of more that 700 chapters across the United States. It is the leading service and advocacy organization for the nation's estimated 26 million people of Italian descent. The goals of the Order include encouraging the study of Italian language and culture in American schools and universities, preserving Italian-American traditions, culture, history and heritage and promoting closer cultural relations between the United States and Italy.

Section 14. Avenue of the Immigrants, Borough of Manhattan
Introduced by Council Member Gerson

Allen and Pike Streets, and the neighborhoods that overlap across it, Chinatown and the Lower East Side, are a gateway for immigrants to the United States. Thousands of immigrant families have lived in the tenements, finding creative ways to forge new lives for themselves. In the process of struggling to overcome poor

housing and working conditions, generations of immigrants have shaped, and continue to shape, the identity and development of the community.

Named after heroes from the War of 1812, Allen and Pike Streets has long been an important corridor for immigrant settlement. From the early 1800's to the 1960's, this thoroughfare was in a dense neighborhood of Eastern European Jews, Irish, Polish, Italian, and German Immigrants and African-American migrants. Subsequent waves of Puerto Rican, Dominican, and Chinese immigrant have expanded the cultural and economic vibrancy of the neighborhood. The new "main streets" of Chinatown—East Broadway, Division, Canal, and Grand Street—cross Allen Street, making it the new central spine of Chinatown.

The physical condition of Allen and Pike Streets, however, has fallen into disrepair. The demolition of the elevated Second Avenue Subway and buildings along streets' east side did not lead to the creation of a boulevard where neighborhood residents and visitors could come together for leisurely conversations, strolls and festivities.

During an almost two-year community planning process to define a vision for Chinatown's future (the Rebuild Chinatown initiative), Allen Street was identified by residents and merchants as an important community asset for the rich immigrant histories that it hold and the entrepreneurial, religious, and social activities that it sustains, It has also become recognized for its potential to become a prominent boulevard that unifies the diverse immigrant groups living in Chinatown and the Lower East Side and a major connection to the waterfront that can be safely used by pedestrians and bicyclist.

Hence, the idea to name Allen and Pike Streets, "*Avenue of the Immigrants*" and give immigrants of the past and the present the recognition they deserve. The recognition is not only symbolic, however. It is also intended to generate public and private investment into physical improvements that will transform this corridor into a real boulevard with a visible, multi-ethnic identity.

Section 15. Detective Joe Galapo Avenue, Borough of Brooklyn
Introduced by Council Member Gonzalez
March 25, 1958 - August 16, 1988

Joe Galapo was born on March 25, 1958 in Cairo, Egypt. In 1968, Joe, his mother and his brother resided in Brooklyn, New York. He attended and graduated Automotive High School. On July 25, 1983 he realized his dream in becoming a police officer. He began his career as a recruit in the New York City Police Academy. Upon graduation just two years later, he was assigned to the Brooklyn South Narcotics District.

In the line of duty on August 16, 1988, during a "Buy and Bust" operation in Sunset Park, Brooklyn, Galapo was struck by a firearm and gravely wounded while trying to take the individual into custody. Shortly prior to his death, he was informed that he would soon attain the rank of Detective. During the same time, he had been studying for and had taken the written part of the Sergeant's exam. Unfortunately, he did not live to attain that goal.

The family, friends and the City of New York have lost one of it's finest. Community Board No. 7 have requested the renaming of 63rd to 65th Street and 7th Avenue to Detective Joe Galapo Avenue for a lost hero.

Section 16. Sister Mary Geraldine Tobis Way, Borough of Brooklyn
Introduced by Council Member Gonzalez
April 28, 1940 - April 25, 2000

Sister Mary Geraldine Tobia, a stalwart of the southwest Brooklyn community, gave years of service to the children, families, newly arrived immigrant groups and the myriad of groups that comprise the gorgeous mosaic that is New York City. A Magna Cum Laude graduate of Fordham University in 1967, she made the difference between survival and a prosperous and productive life. Her selfless dedication and vision is sorely missed in the community. She served as the Project Director for the Center for Family Life in Sunset Park, the Program Coordinator for the Family Reception Center in Park Slope, member of the Board of Directors for Saving Families for Children and the Literacy Volunteers of New York City, as well as many other family and social welfare organizations. She served as an Adjunct Professor at Columbia University School of Social Work and was a Committee Member of the Mayor's Agenda for Children Tomorrow.

Section 17. Sisters of St. Joseph Boulevard, Borough of Brooklyn
Introduced by Council Member Gonzalez

The Sisters of St. Joseph are celebrating 100 years of quality educational service that they have given to the Sunset Park Community through their work at the Elementary School of Our Lady of Perpetual Help. The school was founded by the Redemptionists in 1904 and has been staffed by the Sisters of St. Joseph ever since.

Section 18. Detective James V. Nemorin Street, Borough of Brooklyn
Introduced by Council Member Gonzalez
December 2, 1966 - March 10, 2003

James V. Nemorin was born on December 2, 1966 in Mole St. Nicolas, Haiti. In 1987, at the age of 21, James arrived in the United States and took up residence Brooklyn. He later attended John Jay College of Criminal Justice graduating with a degree in Criminal Justice. On July 18, 1996, once James graduated from Jon Jay; he entered the New York City Police Academy. In February 1999, he requested and was granted assignment in the Narcotics Division of the Police Department's Organized Crime Control Bureau as an Undercover.

James excelled at undercover work. Quite often he could infiltrate and make undercover narcotic buys where other undercover detectives couldn't. James was promoted to rank of Detective on August 19, 2000. But that wasn't enough for James; he also made an untold number of illegal firearm buys. He was so good at buying guns that he was assigned to the NYPD's elite Firearms Investigation Unit.

On the evening of March 10, 2003, during a long-term firearm investigation, Det. Nemorin and his partner were assassinated while attempting to purchase a high-powered firearm. Greatly missed by his family, friends and co-workers it would be a sense of solace for the renaming of 63rd to 65th Street and 8th Avenue to Detective James V. Nemorin Street.

Section 19. Prince Hall Plaza, Borough of Manhattan
Introduced by Council Member Jackson

Organized in 1812 in New York City, Prince Hall Mason is the third oldest African-American organization in New York. The founder Prince Hall was also one of the first black social activists of the Post-Revolutionary Era in nineteenth century Boston. Prince Hall Masons are an important part of Northern Manhattan serving the community with over 10,000 male and female members. Since 1944, the Prince Hall Masons have served the community with dignity, fidelity and diligence with over 4,800 member households in New York City. As the oldest African-American organization in the United States, adding to the cultural and social diversity that draws visitors to Northern Manhattan, Community Board No. 9 proposes that one block of West 155th Street, West of St. Nicholas and East of Amsterdam Avenues be co-named "Prince Hall Plaza" to preserve it's historic roots.

Section 20. Rev. Dr. Eldridge Gittens Way, Borough of Queens
Introduced by Council Member Jennings

The Reverend Dr. Eldridge Gittens born and raised in New York City. He attended Haaren High School and Shelton College before serving in the United States Army during World War II. In 1955, at a meeting held in his Jamaica, New York home, Rev. Gittens and eleven others founded the Rush Temple African Methodist Episcopal Zion Church.

Forty-two years have passed since the founding of Rush Temple. Today, it is a pillar in the Queens community it serves. Its active congregation, under the leadership of its wise, patient and congenial pastor, embraces all who come. Among its many community programs are such needed activities as a food pantry for the hungry, a clothing distribution program, scouting, academic tutoring, family counseling, housing development, an addiction of recovery program, a youth choir and, of course worship.

This street name change would be a very fitting tribute since Rev. Gittens for more than 40 years was committed to improving the lives of people in the community. Reverend Gittens left an incredible mark on the community and this street name change would make that mark more permanent.

Section 21. Herb Lieberman Way, Borough of the Bronx
Introduced by Council Member Koppell
April 11, 1928 - October 18, 2001

Herb Liberman was born on April 11, 1948, raised and educated in the Bronx. While serving in the United States Army during the Korean War, he was what one would call a leader and an activist. He took this quality with him in his home life. Married for 46 years, father of two children and grandfather of five he served as a member of the executive boards of P.S 24 and the David A. Stein Riverdale School M.S. 141. Liberman's community services in New York City came from the care he felt for the people and the neighborhood of Riverdale. He was also a strong and vigorous supporter of Israel, beginning with his early opposition to the Arab boycott of Israel in the 1970s and continuing until his death on October 18, 2001.

A street name change in the neighborhood on West 236th Street and Independence Avenue to " Herb Liberman's Way" where Herb Lieberman spent his life will distinguish and honor his memory. This will be a proud moment for his family, particularly his widow, who resides adjacent to the proposed renamed street.

Section 22. Chuck Seidner Way, Borough of the Bronx
Introduced by Council Member Koppell
October 22, 1942 - August 19, 2001

Charles "Chuck" Seidner was an old fashioned type of guy, honest, hard working, dedicated and a good family man. Born on October 22, 1942, he later resided in the Bronx attending his neighborhood schools. Later on, he faithfully managed Loeser's Delicatessen for 32 years and lived in the Kingsbridge community for most of his 58 years. Chuck was the Deli man with a difference. Referred to as " the Mayor of 231st Street", he was someone that deli customers, store merchants, deliverymen, and passerby's came to know and trust.

He wasn't just working, to him, what he did was not just a "job" because he brought happiness, a simplicity and goodness of feelings into other people's lives.

This fulfilled him as much as others. Chuck's life was very meaningful to all of the people who had some contact with him. He passed away on August 19, 2001.

A street name change in the neighborhood where Charles R. Seidner spent most of his life would honor him. It would be a proud moment for his family as well as the community he embraced for almost 50 years.

Section 23. Ruth Winds Way, Borough of Manhattan
Introduced by Council Member Lopez
October 23, 1926 - April 12, 2001

The life of Ruth Winds was one of many accomplishments, over several years, in the Lower East Side of Manhattan. Ms. Winds was born on October 23, 1926 in Charleston, South Carolina and later relocated to a New York City Housing Authority Complex, Vladeck, the second oldest complex in Manhattan, in 1946.

While in Vladeck Houses, Ms. Winds devoted her time advocating and assisting countless residents of the community. She helped people obtain employment and children attend camp during the summer.

Ruth Winds retired in the late 1980's and won the position of tenant associated President of Vladeck Houses. Over the years Ms. Winds interacted with the local elected officials in the district and advocated for seasonal application for youth work in the summer. She also worked with contractors in the neighborhood so to employ local residents.

Ms. Winds tirelessly interacted with the New York City Housing Authority in the renovation of the parks, windows and elevators. Vladeck houses would not be in the state that it is presently in had Ms. Winds not lived there.

Section 24. Veterans Way, Borough of Manhattan
Introduced by Council Members Lopez, Moskowitz, and SpeakerMiller

Manhattan's V.A. hospital, a 166-bed center affiliated with the New York University Medical Center and the home of all the administration's cardiac and neurosurgical care in the greater metropolitan region, is regarded by medical experts as a star in the nation's constellation of veterans' hospitals.

The Veterans Hospital, ideally located 21st Street and First Avenue, is geographically key to thousands of veterans. Currently the facility is able to exchange information, research, technology and have access to exceptional hospitals in Manhattan including; NYU and Bellevue Medical Centers, Beth Israel Medical Center, the Mount Sinai Medical Center, and the New York Weill Cornell Medical Center. The Manhattan Veterans Hospital facility has also been at the forefront of clinical care and research for veterans with HIV/AIDS since the 1980's, and is the only VA facility to house both a designated clinical care unit and Research Center for AIDS and HIV Infection.

Over 30,000 veterans who use the hospital, at East 23rd Street and First Avenue, should not worry, federal officials say, because there is no plan - not yet, anyway - to close it. But the hospital, one of hundreds run by the Department of Veterans Affairs nationwide, is on a list of those the Bush administration has recommended studying to determine the impact that closing or service reductions would have on patients.

Section 25. Edward R. Stanzione Place, Borough of Staten Island
Introduced by Council Member McMahon
September 30, 1932 – April 24, 2003

Edward Stanzione was a lifelong West Brighton, Staten Island resident. He served as an aviation airman first class for four years during the Korean Way in the United States Navy. In 1958, he married Stephanie Greco, with whom his friends had set him up on a blind date after returning from the Mediterranean. He worked with his father at Stanzione's Deli and took over the family business when his father retired. When he wasn't enjoying food – preparing and eating it too – he was watching his beloved Brooklyn Dodgers. He was a member of the Richmond County Post of the VFW in Port Richmond.

Section 26. Monsignor Andrew F. Quinn Way, Borough of Staten Island
Introduced by Council Member McMahon
October 16, 1908 - December 19, 2003

Msgr. Andrew F. Quinn was former pastor of Sacred Heart Roman Catholic Church in West Brighton, Staten Island. He grew up in the Bronx and attended Our Lady of Mercy. Upon receiving his bachelor degree from Fordham University, he entered the North American College in Rome, and was ordained on October 28, 1934. He completed his doctoral degree of cannon law in 1937 at Pontifical Gregorian University.

Upon returning to the US, he became pastor of Holy Name Church in New Rochelle, NY. In 1938, he was named Assistant Chancellor of the Archdiocese of New York. IN 1939, he became the auditor of the Matrimonial Tribunal. In 1948, he was promoted to Pro-Synod Judge and in 1959 he was named Vice Officialis of the Tribunal. He became President of the Cannon Law Society of America in 1961 and was designated to help prepare the draft of the revision of the Cannon Law in 1963. In 1962, he was named pastor of Sacred Heart, where he remained until he retired in 1983. He served on the Board of Directors of the Staten Island chapter of the American Red Cross, Board of Trustees of St. Vincent's Hospital in West Brighton and at St. Joseph by the Sea High School in Huguenot.

Section 27. James Lane III Way, Borough of Staten Island
Introduced by Council Member McMahon
June 24, 1994 – July 2, 2002

James Lane III died of a brain tumor at 8 years of age.

Section 28. Lou Marli Corner, Borough of Staten Island
Introduced by Council Member McMahon
May 28, 1908 – November 30, 1997

Louis A. Marli graduated from Fordham University with a degree in pharmacy. He moved to New Brighton in 1935, and in 1938 opened the Travis Pharmacy, the first one in that Island community. He purchased the Bement Pharmacy in West Brighton in 1941, and eventually sponsored a young adult basketball team named after the business. In the early 1950's, Marli bought the Gulf Oilers, one of the top semi-pro baseball team on the Island. He renamed them The Staten Island Lions and the team won several metropolitan semi-pro titles. He also sponsored the renowned Drug Store Cowboys, a young adult baseball team on the Island during the 1940's and 1950's. Mr. Marli, who sponsored and supported a variety of athletic meets and special events over the course of his lifetime, received several awards from the Staten Island Track and Coaches Association for his "outstanding contribution to Staten Island sports". "Lou Marli has paid for over 300 of our medals this season, and we would not have anything for these boys if it were not for his help," Port Richmond High School coach John Tutin told the Staten Island Advance in the late 1960's

The Staten Island Baseball Oldtimers Association paid tribute to Mr. Marli in 1974 by adding him to their prestigious list of Islanders who have exhibited a superior dedication to baseball. He was the recipient of the Advance Service Award in 1981. Also in 1981, he received the New York State Masonic War Veteran's Outstanding Community Service Award. Mr. Marli was a past president of the Staten Island Lion's Club and the Staten Island Pharmaceutical Society, which presented him with the prestigious "Bowl of Hygeia" award in 1977. At a Lions meeting in 1983, Gov. Mario M. Cuomo presented Mr. Marli with a plaque honoring him for his many years of service to the Lions. His most famous sponsorship was the Lou Marli Turkey Day Classic; begun in 1961 and still going today. The race is now coordinated by the Mid-Island Kiwanis Club, the Staten Island Track Coaches Association and the Pepper Martin Memorial Run committee. The Staten Island Athletic Club was among many groups to honor Mr. Marli for his longtime support.

Section 29. Firefighter Daniel Perricone Place, Borough of Staten Island
Introduced by Council Member McMahon
November 19, 1929 - December 23, 1974

Born on November 19, 1929, Daniel Thomas Perricone was a native islander who grew up in Port Richmond. He served in the Marine Corp. from 1948 to 1952 and saw action during the Korean War. Upon release, he settled into the family life with a wife, two daughters and a son. He developed into prestigious a New York City Firefighter stationed in Manhattan, Battalion 9, Engine 54 at 8th Avenue and 48th Street.

On Christmas Eve of 1973 Perricone was fatally stricken with a heart attack a week after helping carry an elderly man from a 6th floor apartment in a five-alarm fire. Serving 12 years of his life to the Firefighter department, he could only be described as the "best known and the best liked." He had received two departmental citations for rescues and expected to receive a third for his retrieval of the elderly man. Unfortunately he wasn't able to receive it first hand due to the fact that he passed away only at the prime age of 45.

Having a street name sign reading "Firefighter Daniel Perricone Place" be placed underneath the Lyon Place street name sign at the southeast corner of Watchogue Road will serve as a reminder for the heroes who risk their own lives for the lives of other that they are recognized for it.

Section 30. Honorable Mario J. Esposito Way, Borough of Staten Island
Introduced by Council Member McMahon
March 8, 1926 - January 17, 2001

Mario J. Esposito lived in Todt Hill, on Staten Island, and served as County Clerk of Richmond County from 1982 until his death. During his tenure, he greatly modernized the Office of County Clerk where all documents related to real property, including deeds and mortgages are recorded. A prominent Roman Catholic layman, Mr. Esposito was a member of the Association of Master Knights of the Sovereign Military Order of Malta and the Association of The Equestrian Order of the Holy Sepulcher of Jerusalem. Induction into either order is regarded as high recognition of merit in the Catholic Church. A parishioner of St. Ann's R.C. Church, Dongan Hills, Mr. Esposito had personal audiences with Pope Pius XII and Pope John XXIII at the Vatican in the 1950's.

Mr. Esposito was very active in the American Parkinson Disease Association. His family founded the Salvatore and Elena Esposito Chapter of the national organization in 1961. He was past national president, Vice president and director to the organization. He was also active in the Seton Foundation for Learning, the Staten Island Hospice and the Children's Aid Society/Goodhue Center. Mr. Esposito was an alumnus of Wagner college, where he received a Bachelor of Science degree in

biochemistry. He served on the school's Board of Director for many years, chairing various committees and was president of its alumni association in 1964.

Section 31. John J. Bruno Way, Borough of Staten Island
Introduced by Council Member McMahon
February 14, 1908 - December 11, 2003

John J. Bruno was born on Valentine's Day, February 14, 1908 to Italian immigrants. He was raised on Franklin Street, West Brighton and graduated from PS and Curtis High School. Bruno always lived up to his on philosophy. His life has always been filled with service to God and community. Through his entire adult life, Bruno channeled his love of God and his compassion for people during daily mass and numerous philanthropic endeavors to help those in need. Bruno was also a devote employee of the Staten Island Advance for nearly 80 years.

A firm believer of the value of Catholic education, the financial situation of Mt. Carmel+St. Benedicta School in West Brighton has always been a very personal concern for Bruno. In the past, he had given his name to a needs-based scholarship fund, enabling a solid Catholic education for a multitude of children. In recent years, his generosity has enabled the school to open a Media Center, providing the most current technology to students.

On December 11, 2003, Mr. John J. Bruno Sr. passed away. One way to remember this great man is adding to Bodine Street " The John J. Bruno, Sr. Way." His name in front of the church where served loyally for many years will keep his legacy of love and compassion alive.

Section 32. Justice John Leone Way, Borough of Staten Island
Introduced by Council Member McMahon
March 16, 1940 – June 19, 2001

John Leone was born in Brooklyn, New York on March 16, 1940. He attended the local public elementary and high schools. He received his J.D Degree from New York Law School in 1963 where he received awards in Evidence and Real Property. Upon graduating, he entered the United States Armed Services and was honorably discharged in September 1964. He worked in the District Attorney's Office in King's County in 1970 until he began his private practice primarily in criminal defense a year later. He maintained his law practice until he took the bench in 1976.

He served in the Criminal Courts until his election to the Supreme Court in 1983. Judge Leone has been in the Supreme Court, Richmond County, Civil Part since 1986. He participated as a judge in Moot Court competitions and in trial advocacy courses at Fordham University School of Law. A street name sign reading " Justice John Leone Way" placed underneath the Schuyler Street name sign at the southeast corner of Richmond Terrace will be a tribute to the late Honorable John Leone.

Section 33. Nicholas Sollazzo Way, Borough of Staten Island
Introduced by Council Member McMahon
November 7, 1912 – December 18, 2000

Nicholas Sollazzo was born in Hoboken, New Jersey. He was brought to Mariners Harbor, Staten Island as an infant and remained in that community for the rest of his life. The Sollazzo family had been builders until the Great Depression virtually eliminated the demand for new homes. In 1935, Mr. Sollazzo and his brothers formed the Forest Oil Company after having operated Gulf service stations for several years. They built the company into a four-truck operation, with a base of about 1,000 customers covering the North Shore of Staten Island. They sold the company in 1992.

Without formal training, Mr. Sollazzo, who loved music, taught himself to play the saxophone, clarinet and organ. He was also a photography buff and was often seen taking pictures at political and social events on Staten Island. Mr. Sollazzo was a Democratic district captain in Mariners Harbor and a member of both the North Shore and South Shore Democratic clubs.

Section 34. Charles J. Gregorio, Sr. Way, Borough of Staten Island
Introduced by Council Member McMahon
March 27, 1933 – January 27, 1998

Charles J. Gregorio, Sr. was born on March 27, 1933 at Staten Island Hospital. He attended Public School 29 and Curtis High School. At the age of 12 he went to work at the family business and later, in 1964, took over the business known as Gregorio's Florist. In 1954 he met and married 'Kathleen'. The marriage produced three children, Deborah Rose, Charles, Jr. and Samuel. Charles J. Gregorio, Sr. and Gregorio's Florist were pillars of the West Brighton community for over 60 years. The business is still active today, being operated by the Gregorio family.

He was a former Cub Scout Webelos leader, president of the Westerleigh Little Guys and Gals Baseball and Softball League, and was an adult advisor to the Blessed Sacrament CYO Teen Federation.

Section 36. Janice Caulter Way, Borough of Manhattan
Introduced by Speaker Miller
August 5, 1965 – July 31, 2002

On July 31, 2002, five US Citizens were among nine people killed when a large bomb exploded in a cafeteria at Hebrew University in Jerusalem. The blast sprayed shards of metal and glass across the lunchroom crowd, and Hamas, a terrorist group, claimed responsibility. The bombing occurred at one of Israel's oldest and most prestigious institutions of learning which is attended by Jews and Arabs alike.

This terrorist attack shattered the relative peace and security enjoyed by students in this academic enclave where most felt secure from attack. Many students thought this was a place of peace where Jews and Arabs could meet, learn and live together. One of the victims, Janis Ruth Coulter was only 36 years old. She worked as the Assistant Director of Academic Affairs in New York for Hebrew University's Rothberg School since 1999. She supervised the admissions of American graduate students to the school, and had left the US with a group of American students who were enrolling in the University.

Janis was known to her colleagues in NY and Israel as a gifted and intensely creative educational administrator whose dedication and sincere commitment to her work, her students and the people of the State of Israel will forever remain indelibly marked in the hearts and minds of those who knew her.

Section 37. David K. Oing Way, Borough of Manhattan
Introduced by Speaker Miller and Council Member Moskowitz
March 16, 1994 – February 7, 2004

David Oing was born on March 16, 1994 to Mary and Jeffrey Oing. He was their first born and brought much joy and happiness to Mary's and Jeff's family. Four years later, Mary and Jeff added to their family and had a daughter, Laura.

David died an untimely death at the age of 9 on February 7, 2004, one month and nine days shy of his tenth birthday. David lived a very full life during his brief time here with us. He was a great friend to so many, always making people laugh and always wanting to have fun. Much of his time over the last five years was spent playing outside on 84th Street in front of his school, St. Ignatius Loyola Elementary School. David was also a great fan of sports, especially baseball. His love for the NY Yankees and baseball was so deep and mature for a child his age.

David lived each day to the fullest, always with a great big smile that lit up a room. His memory lives on in the many hearts he touched in his short time with us.

Section 38. P.O. Matthew Dziergowski Lane, Borough of Staten Island
Introduced by Council Member Oddo
November 4, 1960 - February 14, 1999

On November 4, 1960, Matthew Dziergowski was born on Staten Island in Dongan Hills. He attended St. Ann's school, St. Peter's Boys High and The College of Staten Island. In 1983, he decided to follow in his father's path and joined the New York Police Department. Matthew started his career in Coney Island, Brooklyn, later on transferring to the 123rd precinct in Tottenville, Staten Island. He continued his career there for 13 fulfilling years.

On February 14, 1999, Officer Dziergowski and his partner were guarding a terrible accident of an overturned tractor-trailer on a closed Staten Island Expressway. To his recognition, he observed a speeding van heading through the barrier toward the accident scene. In an act of immense bravery and gallant, Matthew situated his car to block the rapid approach of the van, causing his demise, and saving the lives of others.

Community Board 2 supports renaming with a Commemorative Street name sign, the corner of Otis Avenue and Clawson Street to " P.O. Matthew Dziergowski Lane."

Section 39. Theresa Puma Way, Borough of Staten Island
Introduced by Council Member Oddo
December 27, 1946 - December 31, 2003

People are born with certain special traits. For Theresa Cemprola born December 27, 1946 in New York Hospital, her trait was simply being a true friend to whom ever she came in contact with. During her childhood she easily made friends and this feature remained a part of her personality throughout her life. Theresa was very family oriented and enjoyed the simplicities of life. She became Mrs. Theresa Puma in 1954. After her son and daughter were older, she decided to become a School Crossing Guard. There was nobody better qualified.

She was posted on Sand Lane and McLean Avenue in Staten Island, where she worked for 13 years, every school day, in all kinds of weather to watch over her children and cross them safely. Theresa became a special gift to every person she came in contact with all through her life. Sadly, she passed away after a rewarding life span on December 31, 2003. Having a commemorative name street sign " Theresa Puma Way" at the location where she made one and all who crossed the path smile will continue to lift their spirits to the recognition of what a unique person she was.

Section 40. Victor V. Allegretti Way, Borough of Brooklyn
Introduced by Council Member Oddo
January 17, 1931 - October 7, 2003

Mr. Allegretti served on Community Board 11 in Brooklyn for many years and made outstanding contributions to the quality of life to the residents of the community. He was the President of Bayside Fuel Oil Corp., one of the largest independent fuel oil companies on the eastern seaboard. In addition, he was Past President of the Columbian Coalition, Inc; Member of the Narrows Civic Association; served on the Board of Directors of the American Cancer Society in Bay Ridge; Chairman of the Korean War Memorial Committee representing New York State; Member of Brooklyn Remembers; Charter Member, Commander, County Commander of the American Legion; Past President of the Kiwanis Club of Bensonhurst and Bay Ridge; and member of the Charity for Italians of Italy.

Section 41. Rev. Dr. James H. Robinson Avenue, Borough of Manhattan
Introduced by Council Member Perkins
January 25, 1907 - April 6, 1972

The story of the beginning and dramatic development of Church of the Master is one of a historical emergence and a charismatic personal identity which resulted in 1938, when a man had an appointment with a building. The empty building was located on the south-east corner of West 122nd Street and Morningside Avenue, on the western boarder of Harlem. That empty building was to become Church of the Master, Presbyterian. It was a church building of gothic revival design and had been erected in 1894 as Morningside Presbyterian Church. Around 1930, however, Harlem began bursting at the seams with the continuous arrival of African-American immigrants from the South and elsewhere. Harlem residents began to move across northern Manhattan and into the predominantly white neighborhoods, around Morningside Church. The struggle for territory was a furious one, and often erupted in violence, but by 1938, the congregation of the Morningside Church had become so depleted that the Presbytery of New York dissolved it. From March to May 1938, the building sat empty. James H. Robinson, who grew up in Knoxville, TN, would revive the building and create the Church of the Master. From the moment he opened the doors in 1938 until he took a leave in 1959, the church was a whirl wing of activity. The sermons he delivered were almost always very inspiring, educational and spiritually gratifying. People from all over the world, at one time or another, were attracted to the Church. In 1959, Rev. Robinson took a leave in order to raise money for a new building. The Operation Crossroads Africa, however, required so much of his time that in 1961 he retired and became the Church's first pastor emeritus. Among his honors and recognitions, he had been the recipient of at least ten honorary degrees of Doctor of Philosophy.

Section 42. Mother Clara Hale Street, Borough of Manhattan
Introduced by Council Member Perkins
April 1, 1905 - December 18, 1992

Mrs. Clara Hale better known as "Mommy" Hale was considered a savior to many. Born in April 1 1905, she was raised to be a nurturing, loving, and comforting woman. In 1940, she fostered children in her five-room apartment. As problems with the drug abuse problem increased in the Harlem community, she heeded to babies addicted to heroin before birth. Soon after, she helped established sound homes for these infants. It was the first and only known program in the United States designed to deal with infants born addicted to illegal drugs. In 1975, Hale House became the Center for the Promotion of Human Potential," a *certified* voluntary childcare agency. At that point in time, it was the only black voluntary organization in the country.

A vast amount of the general public mourned her death on December 18 1992, but her legacy still carries on. Clara Hale was a rare individual who had left her affectionate mark on the lives of thousands. In remembrance of this unique person, renaming W. 122nd Street between Malcolm X and Adam Clayton Powell, Jr. Boulevard would be a mark of respect.

Section 43. Bishop Preston R. Washington, Sr. Street, Borough of Manhattan
Introduced by Council Member Perkins
August 26, 1948 – June 25, 2003

Bishop Preston R. Washington Sr. was raised in East Harlem in the New York City public school system. He graduated summa cum laude from Williams College in Williamstown, Mass., received his masters of divinity degree from Union Theological Seminary and his doctorate in education from Columbia University's Teacher's College.

From 1976, Washington served as senior pastor of Memorial Baptist Church. In tandem with MBC he confounded the House of Hope, a million-dollar development for single parents and their children, designed to address the problem of homelessness in New York City. Through Vision 2000 Ministries, he and his wife, the Rev. Renee Frances Washington, developed over 20 ministries that facilitate gifts of discipleship. Deeply concerned by the widespread abandonment of his neighborhood during the 1980's, Washington cofounded Harlem Congregations for Community Improvement (HJCCI), a diverse interfaith consortium of over 90 congregations committed to the physical redevelopment of Harlem. He served as its president and CEO from 1986-2001.

Section 44. Charles Lamontanaro Lane, Borough of the Bronx
Introduced by Council Member Provenzano
June 6, 1943 - August 26, 2003

Charles Lamontanaro began his tenure at Public School 71, in The Bronx, in September 1968 as a teacher of Mathematics, special education and physical education. In 1972, he was elevated to the position of Assistant Principal where he served until 1984. When Mr. Lamontanaro was installed as Principal of P.S. 71 in 1984, he inherited a school whose academic achievement was above average but whose physical plant had been sorely neglected and was in need of immediate repair. During his tenure as Principal he dramatically improved the physical appearance of the building even though funds were scarce. Under his leadership, the school moved through a physical renaissance while also improving educational programs for students. Mr. Lamontanaro was an active member of the school's Parent Teacher Association for more than 30 years, serving as a member of the Executive Board and later as an advisor. He was also affiliated with Community Board 10, NYCESPA, Pelham Bay Merchants, the Waterbury Lasalle Civic Association, OSIA, the Pelham Bay Little League, NEBCC, and STOP. Mr. Lamontanaro retired from teaching after 31 years on July 1, 1999.

Section 45. Michael J. Durso Corner, Borough of the Bronx
Introduced by Council Member Provenzano
May 6, 1933 - January 12, 2000

Michael J. Durso was a life long Bronx resident who held directorships in numerous community organizations including the Bronx YMCA, Calvary Hospital, Jacobi Hospital, the Clinical Investigation Committee of the Albert Einstein College of Medicine, Economic Development Corporation of New York and the New Bronx Chamber of Commerce. He served on the Board of Governors of the Bronx/Manhattan Association of Realtors and founded the Bronx Peace Corps. Mr. Durso was also instrumental in the development of Fordham Plaza, which created over 800 jobs for The Bronx.

Mr. Durso was the recipient of many awards including the prestigious Jefferson Award from Fox 5-TV, a New York State Senate resolution for his dedicated efforts on behalf of the people of Bronx County, and a citation from The Bronx Chamber of Commerce and the American Jewish Congress. He was selected Man of the Year by the YMCA, and the Bronx County Historical Society. Mr. Durso was also a staunch supporter for R.A.I.N.'s Christmas in April, now called Hearts and Hammers and was a champion of R.A.I.N.'s mission.

At the time of his death, Michael Durson was Deputy Director at the Metropolitan Transportation Authority, an appointment received from Governor Pataki. His career also included serving as a Professor of the City University of New York and as a Senior Vice President of Dollar Dry Dock Savings Bank. More that a decade ago, Mr. Durso established Excelsior Financial Services a residential and commercial mortgage company.

Section 46. Stickball Hall of Fame Place, Borough of Manhattan
Introduced by Council Member Reed

For the past seven decades the game of Stickball has been an important team sport throughout many cities in the United States but especially in New York City. Here poor and working class people in various neighborhoods have played the game and in the process strengthened their personal relationships and maintained strong community bonds.

Of all the games that rose from the streets of urban America, none carried more mystique and legend than the game of Stickball adopted from and closely linked to baseball, Stickball has transformed the urban landscape into a dramatic stage where great competitions are played, remembered and retold and never forgotten. No game could be more local or indigenous to the "Barrio"s of America. The streets of urban America are the ball fields. The manhole covers, cars and the lamp posts are recast into bases. The neighborhood itself has become the Stadium and the residents and neighbors are the fans, adding commentary from the building stoops that functioned as field level seats and or from the windows and fire escapes that comprised the upper decks.

In particular, one group the 111th street Oldtimers, organized in 1968, used Stickball as their means to improve and reach out to young and old alike, to stay involved and make their neighborhoods a better place to live. As players they met and spoke of working together to help their community do things for themselves and become self-sufficient. They organized and raised money to send under-privileged youth to summer camp, assisted in the formation of the Tito Puente Scholarship Fund and distributed toys to children in pediatric wards on Christmas and on Three Kings Day. They also sponsored the Medical Career Explorers Program and hosted an Annual Stickball Family Day Reunion, which is still attended by thousands annually.

Three years ago, members of this original group joined together with other Stickball aficionados and embarked on creating the Stickball Hall of Fame. The primary mission of the group, a non-profit organization, is dedicated to preserving and continuing the game of Stickball as well as memorializing distinguished players and community activists of the past. The group has involved various organizations and in particular the Museum of the City of New York to ensure that the Stickball Hall of Fame represents the five boroughs of New York City and communities throughout the United States in which the game is played.

Section 47. Mattie Harris Place, Borough of the Bronx
Introduced by Council Member Seabrook
October 2, 1923 – April 26, 2003

Mattie Harris was a Lay Practical Nurse for more than 30 years and was a true Community Activist working in the Northeast Bronx for more than 35 years. She belonged to many community organizations including the Tilden Street Block Association, the Williamsburg Mobile Patrol of the Northeast Bronx (President), the 47th Precinct Council (Past Second Vice President), the Northeast Bronx Democratic Club and the Abyssinian Baptist Church where she served as Drill Mistress of the Usher Board and was second Vice President of the entertainment committee.

Section 48. Reverend Theodore Wittrock Crossing, Borough of the Bronx
Introduced by Council Member Seabrook
January 16, 1920 - July 4, 2004

Reverend Theodore Wittrock was a member of the National Religious Public Relations Council and for a number of years was President of the organization's New York City Chapter. From 1948 – 1965, he was pulpit assistant at Resurrection Lutheran Church in Flushing, New York. In January 1969, Pastor Wittrock was installed as Pastor of Redeemer Lutheran Church in The Bronx. From 1969 through 1976, he was a member of the Board of Directors of the Atlantic District serving for two years as Chairman of the District's Special Ministers Department and four years as Vice President of the Atlantic District Area II. In 1982, he was elected to be a member of the Board of Regents of Concordia College in Bronxville, New York. Reverend Wittrock served on the Board until 1991. On May 17, 1991, along with his wife Lenore, he was awarded the "Servant of Christ" medal from Concordia College. In 1994 he was honored by the American Lutheran Publicity Bureau for "outstanding service" in the field of publicity and public relations for the Lutheran Church in the United States and for 25 years service as Parish Pastor in The Bronx. Reverend Wittrock was also associated with the American Association of Retired People and the 47th Precinct Council.

Section 49. Kalpana Chawla Way, Borough of Queens
Introduced by Council Member Sears
July 1, 1961 - February 1, 2003

Kalpana Chawla was born on August 1, 1961 in Karnal, India. She graduated from Tangore School, India. Kalpana continued her education earning a Bachelor of Science degree from Punjab Engineering College, a Master of Science degree from the University of Texas and a Doctorate of philosophy from the University of Colorado.

Pursuing her love of aerospace, she began her career with NASA Ames Research Center in 1988. On December 1994, Kalapana was selected by NASA to be an astronaut candidate in the 15th Group of Astronauts. Through immense training and great excitement she joined six other members of the crew on a 16-day flight in the Colombia Space Shuttle that departed Earth on January 17, 2003. Tragically, on February 1, 2003, 16 minutes prior to the scheduled landing, she and her crew perished.

Community Board No. 3 proposes that honoring Kalpana by renaming 74th Street in Jackson Heights KALPANA CHAWLA would be a small tribute to this accomplished student of aerospace engineering. Kalpana Chawla remains the first person from India to go into space and a National hero.

Section 50. Rev. Ricardo Tañon Avenue, Borough of the Bronx
Introduced by Council Member Serrano
January 10, 1904 – February 19, 1998

Rev. Tañon was born in Comerio, Puerto Rico on January 10, 1904. He came to New York City in 1929 and was converted in a street service in Harlem in 1934, under the preaching of the Mexican pastor, Rev. Eleuterio Paz. With the untiring support of his wife, Filomena, he responded to God's call to ministry. He served as an Assistant Pastor for several years and then in 1943 accepted the pastorate of a "store front" mission with 12 members—"Iglesia Cristiana Juan 3:16". The struggles and triumphs of Rev. Tañon in developing this "store-front" church in the Bronx amidst poverty, prejudice, institutional racism, and Anglo Protestant apathy is documented well in his biography (Ramon Sanchez, Ricardo Tañon: El Poder y la Gloria de Dios, San Juan, Puerto Rico: Romualdo Real, 1980).

During the 34 year pastorate of Rev. Tañon at "Juan 3:16", 17 new churches were planted throughout the Northeast, Puerto Rico and the Dominican Republic; 54 pastors nurtured at "Juan 3:16" and sent out all over the Spanish-speaking world; hundreds trained at the Bible Institutes; one year alone 12 full-time Bible School students were mobilized and fully supported by the church. The church grew and developed a Sunday School with an average attendance of over 1,500 (with a staff of 120), over 1,000 attending every Sunday night worship service and at baptismal and evangelistic services 2,000 would "jam" the church. At one time it had the largest Hispanic Christian bookstore in the Northeast, whose profit at one point helped support 20 missionaries in foreign fields; a church library for its members and a print shop (which also produced thousands of Gospel tracts a year for distribution). It had several evangelistic teams and prison ministry teams, several standing Benevolent Programs, and provided the inspiration and leadership for a social service agency in the church's premises serving the church and community at large. At his official retirement on June 28, 1977, the "Iglesia Cristiana Juan 3:16" was the largest Hispanic church in the USA.

Section 51. Tom Feelings Way, Borough of Brooklyn
Introduced by Council Member Vann
May 19, 1933 - August 25, 2003

Born May 19, 1933, Thomas Feelings is the son Samuel and Anna Nash Feelings. He grew up in the ultra-urban Bedford-Stuyvesant section of Brooklyn, New York. He began to draw at age four, copying pictures from newspaper comic strips into a book of blank papers sewn together by his mother. He was just a little older when he heard about Thipadeaux, a black artist who was teaching at the Police Athletic Academy in his neighborhood. The teacher suggested that, rather than copying from other's people's work, he try to draw some of the real people in his neighborhood. He began with his mother and aunt. He later went on to draw the adults and the wary, diffident children he saw around him. He attended Cartoonist and Illustrator's School in NY (1951-1953) and also School of Visual Arts in NY (1956-1960).

By 1961 Feelings finished art school with an extensive portfolio. He tried to obtain freelance assignments but was often told by editors that he was limiting his chances by concentrating solely on black subjects. By the mid 1970's Feelings had illustrated six books, including a volume of diary extracts collected by Julius Lester, called To Be A Slave. Shortly thereafter, he was asked to do ten color illustrations for a new edition of Booker T. Washington's autobiography, Up from Slavery. Despite the tragic subject, Feelings found himself continually painting pictures in warm and radiant colors that were quite inappropriate to such a project. Knowing these pictures would convey a falsely positive image of slavery; he cancelled the contract.

If the 1970's had been a time of new experiences, the 1980s found Feelings firmly grasping the themes that had been germinating within his work since his youth in Bedford-Stuyvesant. His autobiography, Black Pilgrimage, records a conversation with an eight-year-old girl that probed unforgettable for the artist. Feelings tried to explain to her that his drawings were of "pretty little black children, like you." The young girl expressed her refusal to see anything beautiful about the black children, replying, "Ain't nothin' black pretty." Feeling's lifelong dedication to the beauty of African people and their descendants graphically illustrates his inability to accept such a hateful attitude.

If any man should be regarded as the personification of the "black is beautiful" philosophy, that man is Thomas Feelings. Feeling's has been passionately committed to the mission of encouraging black children to understand their own spiritual and physical beauty. By Co-naming Putman Ave. to "Tom Feelings Way", he will be commemorated for remaining faithful to that mission for more than 40 years.

Section 52. Firefighter John Sineno Drive, Borough of Queens
Introduced by Council Member Weprin
July 14, 1930 - April 2, 2003

John entered the Fire Department in 1962 and was assigned to the Fire Factory, Engine 58 in Harlem. John was a quick learner and was a fireman's fireman. His skills in the kitchen were quickly harnessed at Engine 58. There was always rice pudding for all the companies in Battalion 25. John Sineno's selflessness became apparent when in 1972, along with Joe Hickey and Jack Mera, helped establish the New York Hospital – New York Firefighters Burn Center Foundation. Without John's efforts, this may have never come to pass. John retired in 1990 but remained a part of the Burn Center he helped create.

He was best known for his culinary arts, and was the author of two best selling books. "The Firefighter's Cookbook" in 1986 and "The New Firefighter's Cookbook" in 1996. The money from both went to a variety of charitable causes, such as the Burn Center and to each fraternal organization scholarship fund. He is survived by his wife Pauline and two daughters and a son.

Section 53. Brother Ralph Clifford Way, Borough of Queens
Introduced by Council Member Weprin
March 14, 1930 - November 30, 2002

Brother Ralph Clifford, O.S.F. was born in the Bronx as Rodger Clifford in 1930 and was educated at St. Anthony of Padual in Greenpoint, Brooklyn. After graduating from St. Francis Prep in 1948, he entered the Franciscan Brothers, taking the name Brother Ralph on August 18, 1948. He was professed on August 19, 1949.

Brother Ralph received a BS degree from Fordham University and a MS degree from St. John's University. In 1997, he was awarded an honorary Ph.D. from St. Francis College. He taught at St. Francis Xavier and Our Lady of Good Counsel schools in Brooklyn and St. Joseph's in Babylon, Long Island. He was principal of St. Brigid's Elementary School from 1961-1967. He was appointed assistant principal of St. Francis Prep in 1967. Bro. Ralph served as a member of the Board of Trustees for over 30 years at St. Francis College.

Bro. Ralph changed every single student's life by just standing outside and talking to students. He did not just talk to them about how they liked Prep, but he took the time to talk and listen to the students about their life or any problems they were having. He always asked everyone how they were doing before he would ever talk about himself, which he rarely ever did. Brother Ralph Clifford died on November 30, 2002 from post-operative complications.

On September 11, 2001 at 8:45 A.M. American Airlines Flight 11, a jet carrying 92 passengers that was hijacked on a flight from Boston, Massachusetts, crashed into the north tower of the World Trade Center. The impact of the jet tore a huge hole in the building and set it afire, trapping hundreds of people on the upper floors. At 9:03 A.M. a second hijacked jet airliner, United Airlines Flight 175, with 65 passengers also out of Boston, crashed into the south tower of the World Trade Center. The plane exploded causing a fire that trapped everyone in the building who was above the point of impact. Within the next ninety minutes both towers collapsed.

Despite the heroic efforts of New York City's Fire Department, Police Department, Emergency Services Unit, and hundreds of civilians, more than 2,800 people were killed when the World Trade Center came down. Included among the casualties were firefighters, police officers, emergency medical technicians, airline passengers and crewmembers, those who worked or had business in the World Trade Center, and civilians on the ground. It is the view of the New York City Council, and millions of Americans, that all of the people who lost their lives in this terrorist attack are heroes as well as victims. Today we celebrate their lives and mourn their passing by naming the following streets in honor of those heroes.

While honoring them, we also acknowledge that it is but a modest gesture when compared to their great and ultimate sacrifice. This is the sixth piece of legislation that the Council has considered to rename streets and other public places in their honor. The following forty-two sections of the bill are to honor these individuals.

Report of the Committee on Rules, Privileges and Elections

Report for M-88

Report of the Committee on Rules, Privileges & Elections in favor of approving the appointment by the Mayor of RICHARD ALLAN STABILE as a member of the New York City Tax Commission.

The Committee on Rules, Privileges and Elections to which was referred on March 24, 2004 (Minutes, page 1207) the annexed communication respectfully

REPORTS:

Topic: ***New York City Tax Commission - Richard Allan Stabile (Mayoral appointee subject to Council advice and consent) [M-88]***

The Tax Commission (the "Commission") is charged with the duty of reviewing and correcting all assessments of real property within the City of New York that are set by the New York City Department of Finance. *New York City Charter ("Charter")* § 153(b). Any Commissioner shall exercise such other powers and duties as the President may from time to time assign. *Charter* § 154.

The Commission consists of the President and six Commissioners. *Charter* § 31 states that the Mayor, with the advice and consent of the Council, shall appoint members of the Commission after a public hearing. Each Commissioner shall have at least three years of business experience in the field of real estate or real estate law. At least one resident of each borough shall be included among the Commissioners. *Charter* §153(a). The President of the Commission receives an annual salary of $152,500. Commissioners receive an annual salary of $23,003.

Real property tax assessment-related claims subject to administrative and corrective action by the Commission may assert: inequality; excessiveness, including the denial of a full or partial exemption; unlawfulness; and misclassification. *See* definitions - *Charter §§* 163 and 164(b) (class one property). The Commission's administrative determinations are subject to *de novo* judicial review. *Charter* § 165(a).

Between the fifteenth day of January and the twenty-fifth day of May, the Commission may itself, or by a Commissioner or assessor authorized by the Commission, act upon applications, compel the attendance of witnesses, administer oaths or affirmations and examine applicants and other witnesses under oath. In addition, the Commission is empowered to make rules of practice for proceedings. *Charter* § 164(a).

The Commission determines the final assessed valuation or taxable assessed valuation, or the actual assessment or transition assessment, or the proper class designation of the real property of each applicant. The final assessed valuation or taxable assessed valuation of real property may be the same as or less than the original assessment or, if determined to be unlawful, the same shall be ordered stricken from the roll or, where appropriate, entered on the exempt portion of the roll. If it is determined that the real property is misclassified, the correct class designation or allocation of assessed valuation shall be entered on the roll. *Charter* § 164(b).

Applications for correction of assessments of real property assessed at seven hundred fifty thousand dollars or more are dealt with between the first day of February and the first day of September. *Charter* § 164(a).

The final determination of the Commission upon any application for the correction of an assessment shall be rendered not later than the twenty-fifth day of May. Otherwise, the assessment objected to shall be deemed to be the final determination of the Commission. *Charter* § 165. A proceeding to review or correct on the merits any final determination of the Commission may be had as provided by law, and, if brought to review a determination mentioned in *Charter* § 165, must be commenced before the twenty-fifth day of October following the time when the determination sought to be reviewed or corrected was made. *Charter* § 166.

The President or any Commissioner may enter upon real property and into buildings and structures at all reasonable times to ascertain the character of the property. Refusal by the owner or his agent to permit such entry shall be triable by a judge of the Criminal Court and punishable by not more than thirty days' imprisonment, or by a fine of not more than fifty dollars, or both. *Charter § 156.*

The Commission shall issue an annual report to the City Council and to the Mayor not later than the first day of March in each year.

If appointed by the Mayor, Mr. Stabile, a Queens resident, will be eligible to serve for the remainder of a six-year term that will expire on January 6, 2010. Mr. Stabile will succeed David Goldstein who has been serving in a holdover capacity since January 7, 2004. Copies of Mr. Stabile's resume and Committee report/resolution are annexed to this briefing paper.

After hearing testimony and reviewing the relevant material, the Committee decided to approve the appointment.

Pursuant to sections 31 and 153 of the New York City Charter, the Committee on Rules, Privileges and Elections, hereby approves the appointment by the Mayor of RICHARD ALLAN STABILE as a member of the New York City Tax Commission to serve for the remainder of a six-year term that will expire on January 6, 2010.

This matter was referred to the Committee on March 24, 2004.

In connection herewith, Council Member Comrie Jr. offered the following resolution:

Res. No. 317

Resolution approving the Appointment by the Mayor of Richard Allan Stabile as a member of the New York City Tax Commission.

By Council Member Comrie Jr.

RESOLVED, that pursuant to sections 31 and 153 of the New York City Charter, the Council does hereby approve the appointment by the Mayor of RICHARD ALLAN STABILE as a member of the New York City Tax Commission for the remainder of a six-year term that expires on January 6, 2010.

RESOLUTIONS

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Rules of the Council:

Report for voice vote Res. No. 3-A

Report of the Committee on Health in favor of approving, as amended, an Amended Resolution recognizing April 25, 2004 as "March for Women's Lives Day," in honor of the landmark 1973 United States Supreme Court decision of Roe. v. Wade, which established a woman's constitutional right to decide when and if to have a child, and further supporting the March for Women's Lives, an event demonstrating overwhelming support for a woman's right to choose safe and legal abortion and birth control, and offering the Council's full support in ensuring the protection of the right of women to control their reproductive health, lives and futures in an ever-increasingly hostile anti-choice environment.

The Committee on Health to which was referred on February 4, 2004 (Minutes, page 315) the annexed amended resolution respectfully

REPORTS:

On Wednesday, April 14, 2004, the Committee on Health will hold a hearing on Res. No. 3-A, which would recognize April 25, 2004 as "March for Women's Lives Day," in honor of the anniversary of the landmark 1973 United States Supreme Court decision of *Roe. v. Wade,* which established a woman's constitutional right to decide when and if to have a child, and further supports the March for Women's Lives, an event demonstrating overwhelming support for a woman's right to choose safe and legal abortion and birth control, and offering the Council's full support in ensuring the protection of the right of women to control their reproductive health, lives and futures in an ever-increasingly hostile anti-choice environment. Invited to testify at the hearing are reproductive rights advocates, community health care advocates, managed care providers and the general public.

Background

The March for Women's Lives is an event sponsored by the American Civil Liberties Union, the Black Women's Health Imperative, the Feminist Majority, NARAL Pro-Choice America, the National Organization of Women, Planned Parenthood, and the National Latina Institute of Reproductive Health, as well as many local organizations around the country. On April 25, 2004, people around the country will be converging on Washington D.C. to show their support of the United States Supreme Court decision of *Roe v. Wade* and the right of women to control their reproductive health. The organizers of this March for Women's Lives feel that this event is particularly important in light of the current political climate, where a woman's right to choose has come under attack and appears to be particularly vulnerable, due to rumors of Justices Rehnquist and O'Connor retiring (two Justices who have traditionally have supported *Roe v. Wade* and other decisions supporting a woman's right to choose), and since both the executive and legislative branches of the federal government are currently controlled by the Republican Party.

Res. No. 3-A

Res. No. 3-A would note that the United States Supreme Court decided *Roe v. Wade* (the *"Roe* decision"), the landmark decision that recognizes that the right of women to control their reproductive lives is central to their ability to participate fully and equally in the economic and social spheres of society. **Res. No. 3-A** would point out that the *Roe* decision states that (1) the decision to have an abortion is accorded the highest level of constitutional protection, like any other fundamental constitutional right, (2) state laws regarding abortion must be neutral with respect to influencing a woman's decision whether or not to have an abortion, (3) in the period before a fetus is viable, the government may restrict abortion, only to protect a woman's health, and (4) after a fetus becomes viable, a state government may prohibit abortion, provided that such state's laws must permit abortion where necessary to protect a women's health or life. In addition, Res. No. 3-A would assert that the protected right to make childbearing decisions, including abortion, has enabled women to pursue educational and employment opportunities that were often unattainable prior to the *Roe* decision.

Res. No. 3-A would also note that the Center for Reproductive Rights reports that prior to the *Roe* decision, between 200,000 and 1.2 million illegally induced abortions occurred in the United States each year. Moreover, Res. No. 3-A would point out that Planned Parenthood reports that in 1969, one year before New York State legalized abortion, complications from illegal abortions accounted for 23 percent of all pregnancy-related admissions to municipal hospitals in New York City. Furthermore, Res. No. 3-A would note that according to the Alan Guttmacher Institute (AGI), in 1962 alone, nearly

1,600 women were admitted to Harlem Hospital Center for incomplete abortions, accounting for one abortion-related hospital admission for every 42 deliveries at that hospital that year. Res. No. 3-A would additionally note that AGI information also reveals that in 1972, over 100,000 women left their own state to obtain a legal abortion in New York City, and of those women, an estimated 50,000 women traveled more than 500 miles to access this care.

Res. No. 3-A would also point out that in 1992, the United States Supreme Court decided *Planned Parenthood of Southeastern Pennsylvania v. Casey* (the *"Casey* decision"), where, although it upheld a woman's right to choose, it also allowed federal, state and local laws that favor fetal rights and burden a woman's choice to have abortion, as long as the burden is not "undue." Res. No. 3-A would assert that the *Casey* decision has unlocked the door to hundreds of state and federal criminal restrictions' designed to discourage women from accessing abortion and to promote the rights of the fetus throughout pregnancy. For example, Res. No. 3-A would point out that according to AGI, since 1996, more than 300 criminal abortion restrictions have been enacted by state and federal legislatures, none of which would have been constitutional under the original *Roe* decision.

Res. No. 3-A would also note that according to Planned Parenthood, only eight states, including New York State, do not mandate parental involvement before a minor can obtain an abortion. Additionally, Res. No. 3-A would also indicate that according to AGI, as of January 1, 2004, 21 states will have laws in effect that require a woman to wait for a period of time, usually 24 hours, but up to as many as 72 hours, after receiving state-directed counseling before she can receive an abortion. Res. No. 3-A would assert that these restrictions on access to abortion particularly discriminate against young women, poor women and women of color. Moreover, Res. No. 3-A would also note that AGI indicates that 87 percent of all counties in the United States do not have an abortion provider.

Res. No. would point out that for the first time since *Roe v. Wade* was decided, anti-choice officials are firmly in control of both the federal executive and legislative branches of government. Furthermore, Res. No. 3-A would indicate that the United States Supreme Court is only one vacancy away from eliminating the Constitutional right to abortion.

Finally, Res. No. 3-A would note that on Sunday, April 25, 2004, people from New York City and from all over the country will be marching in Washington, D.C. to ensure the endurance of one of our most prized rights and liberties: the freedom of women to control their reproductive health, lives and futures.

Accordingly, Your Committee recommends its adoption, as amended.

Report for voice-vote Res. No. 243

Report of the Committee on Health in favor of approving a Resolution recognizing April as Minority Cancer Awareness Month in the City of New York.

The Committee on Health to which was referred on March 24, 2004 (Minutes, page 1419) the annexed resolution respectfully

REPORTS:

On Wednesday, April 14, 2004, the Committee on Health will hold a hearing on Res. No. 243, which would recognize April as Minority Cancer Awareness Month in the City of New York.

Res. No. 243

Res. No. 243 would note that the National Cancer Institute (NCI), the Centers for Disease Control and Prevention (CDC) and the American Cancer Society (ACS) report that minority groups receive inequitable health care, resulting in poorer health outcomes, such as higher rates of cancer. For example, Res. No. 243 would point out that according to the CDC, African Americans are more likely to develop cancer than persons of any other racial or ethnic group. Furthermore, Res. No. 243 would indicate that the CDC finds that American Indian and Alaska Natives have the poorest survival rate of all cancers combined in comparison with all other racial and ethnic groups. Additionally, Res. No. 243 would note that according to the CDC, Hispanics experience higher rates of certain types of cancer, with Hispanic women having the highest incidence of cervical cancer and Hispanic men having the third highest incidence of prostate cancer. Moreover, Res. No. 243 would point at that according to the CDC, Asian and Pacific Islanders experience higher death rates of liver and stomach cancer.

Res. No. 243 would also point out that the CDC notes that certain risk factors that lead to higher cancer rates are more prevalent in minority communities, such as obesity rates among African American and Mexican American women, high smoking rates among American Indians and Alaska Natives and the higher likelihood of Hispanics and Pacific Islanders to live in areas that fail to meet air quality standards.

Proposed Res. No 243 would also note that the ACS states that some minority groups within the U.S. are less likely to get lifesaving early detection tests and several populations encounter barriers to access, information and support options. Moreover, Res. No. 243 would indicate that, according to the CDC, persons with health insurance are more likely to have received appropriate preventive care, yet many minorities lack health insurance. Furthermore, Res. No. 243 would indicate that according to the NCI, minorities are less likely to have access to a regular doctor and have greater difficulty communicating their health conditions because of language and cultural barriers.

Finally, Res. No. 243 would assert that awareness of the disparities of cancer rates among minority groups is necessary to increase the chance of reversing such trends.

Accordingly, Your Committee recommends its adoption.

Report for voice-vote Res. No. 270

Report of the Committee on Cultural Affairs, Libraries & International Intergroup Relations in favor of approving a Resolution commemorating Yom Ha'Atzma'Ut, Israeli Independence Day, on April 26, 2004.

The Committee on Cultural Affairs, Libraries & International Intergroup Relations to which was referred on April 1, 2004 (Minutes, page 1500) the annexed resolution respectfully

REPORTS:

On Monday, April 19, 2004, the City Council's Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member José M. Serrano, will conduct a hearing to consider Resolution No. 270, a resolution commemorating Yom Ha'Atzma'Ut, Israeli Independence Day, on April 26, 2004. A copy of the Resolution is attached.

RESOLUTION NO. 270

Resolution No. 270 would state that when Israel was officially recognized as a state on May 14, 1948, on the 5th day of the Hebrew month of Iyar, it was the first time in over 2,000 years that the Jewish people had a homeland. The Resolution would also note that prior to the founding of the State of Israel, the Jewish people had been consistently displaced, persecuted and subjected to institutional bigotry. Additionally, the Resolution would indicate that anti-Semitism reached its most horrific height with the onset of the Holocaust, which is commemorated on Yom Ha'Shoah, or Holocaust Remembrance Day, on April 18, 2004. The Resolution would also note that when the United Nations proclaimed Israel the Jewish homeland and a nation of the modern world, there was hope that the new nation would provide a safe haven for all Jewish people. Furthermore, the Resolution would state that today, Israel is indeed a refuge for its citizens and for Jews all over the world, many of whom have fled anti-Semitic persecution in other countries.

The Resolution would note that over the last half-century, the State of Israel has made vast contributions and advancements to such fields as medicine, technology, agriculture and the arts. Additionally, the Resolution would indicate that since its founding, although Israel has faced great adversity from neighboring nations, it has persevered and managed to create a society built on the freedoms and principles that the Jewish people have been carrying with them for thousands of years. Finally, the Resolution would also note that Yom Ha'Atzma'Ut, a national holiday in Israel, is a time for all New Yorkers and Americans to join the Israeli people and Jews everywhere to celebrate the birth of the great State of Israel.

Accordingly, Your Committee recommends its adoption.

(For text of the resolution, please see the Minutes of the Stated Council Meeting of April 1, 2004, page 1500.)

Report for voice-vote Res. No. 271

Report of the Committee on Cultural Affairs, Libraries & International Intergroup Relations in favor of approving a Resolution commemorating April 25, 2004, as Yom Ha'Zikkaron, a day of remembrance for the Israeli soldiers killed in the struggle for Israeli Independence.

The Committee on Cultural Affairs, Libraries & International Intergroup Relations to which was referred on April 1, 2004 (Minutes, page 1501) the annexed resolution respectfully

REPORTS:

On Monday, April 19, 2004, the City Council's Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member José M. Serrano, will conduct a hearing to consider Resolution No. 271, a resolution commemorating April 25, 2004 as Yom Ha'Zikkaron, a day of remembrance for the Israeli soldiers killed in the struggle for Israeli Independence. A copy of the Resolution is attached.

RESOLUTION NO. 271

Resolution No. 271 would note that the 24 hours preceding Israeli Independence Day is Yom Ha'Zikkaron, the day upon which Israel remembers the soldiers who died in pursuit of an independent Israeli homeland. The Resolution would also note that the modern State of Israel is indebted to the soldiers who gave their lives in the struggle to build an Israeli nation. Additionally, the Resolution would state that Yom Ha'Zikkaron enables the Israeli people and Jews from all over the world to remember the builders of the nation of Israel, which has served as a homeland for the Jewish people for over fifty years.

Resolution No. 271 would note that Yom Ha'Zikkaron commences with the sound of sirens proclaiming a two-minute silence during which all activity ceases, and at sundown, the somber, reflective mood gives way to the celebration of Yom Ha'Atzma'Ut, Israeli Independence Day. The Resolution would also state that the State of Israel and the remembrance of those who helped make a Jewish homeland possible is of great significance to the City of New York, which is home to one of the largest populations of Jews in the world.

Accordingly, Your Committee recommends its adoption.

(For text of the resolution, please see the Minutes of the Stated Council Meeting of April 1, 2004, page 1501.)

Report for voice-vote Res. No. 272

Report of the Committee on Cultural Affairs, Libraries & International Intergroup Relations in favor of approving a Resolution commemorating Yom Ha'Shoah, Holocaust Remembrance Day, on April 18, 2004.

The Committee on Cultural Affairs, Libraries & International Intergroup Relations to which was referred on April 1, 2004 (Minutes, page 1502) the annexed resolution respectfully

REPORTS:

On Monday, April 19, 2004, the City Council's Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member José M. Serrano, will conduct a hearing to consider Resolution No. 272, a resolution commemorating Yom Ha'Shoah, Holocaust Remembrance Day, on April 18, 2004. A copy of the Resolution is attached.

RESOLUTION NO. 272

Resolution No. 272 would note that the Nazis slaughtered six million Jews and scores of other innocent people during the Holocaust, which was the manifestation of intense anti-Semitism, hatred, savagery and inhumanity that ravaged Europe from 1933 to 1945. The Resolution would also state that Jewish men, women and children, as well as others targeted by the Nazis, suffered unspeakable living conditions, inhumane medical experimentations, torture and mass scale killings in concentrations camps like Auschwitz-Birkenau, Majdanek, Chelmno, Sobibor, Belzec, Treblinka and Theresienstadt.

The Resolution would state that while there can be no measure to the destruction and devastation that resulted from the Holocaust, every possible effort must be made to learn from this past evil and ensure that the lives of those who perished and the generations of lost and ruined families are remembered so that another Holocaust will never again be allowed to occur. The Resolution would also note that on April 18, 2004, people of all religions, races and ethnicities from across the globe are urged to join in the commemoration of the lives of those who perished in the Holocaust and to remember the mass destruction that it reaped upon the Jewish people and the world.

The Resolution would also state that the true meaning of Yom Ha'Shoah is for people to devote the entirety of their lives to the preservation of humanity, decency, respect and peace among all peoples. Finally, the Resolution would note that it is our responsibility to conduct our lives in a manner that values humanity above all else and that we should honor and remember the millions of lives taken in the Holocaust.

Accordingly, Your Committee recommends its adoption.

The Committee on Cultural Affairs, Libraries & International Intergroup Relations to which was referred on April 1, 2004 (Minutes, page 1504) the annexed amended resolution respectfully

REPORTS:

On Monday, April 19, 2004, the City Council's Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member José M. Serrano, will conduct a hearing to consider Proposed Resolution No. 274-A, a resolution calling upon United States Attorney General John Ashcroft and the Department of Justice to reopen the case of Emmett Till, in light of the discovery of new information, for a complete and thorough investigation into his 1955 murder, and to move aggressively to indict the murderers of Emmett Till, and bring them to justice. A copy of the Resolution is attached.

PROPOSED RESOLUTION NO. 274-A

Proposed Resolution No. 274-A would note that in August of 1955, Mamie Till Mobley said good-bye to her son, 14 year-old Emmett Till, as he boarded a bus from

his hometown of Chicago bound for Mississippi, to spend the last days of his summer vacation visiting with relatives living in Money. The Proposed Resolution would note that after traveling with friends to Bryant's Grocery in the center of town to purchase gum and soda, Emmett Till was alleged to have been "too familiar" with the store owner's wife – a white woman.

The Proposed Resolution would note that at approximately 2:00 a.m. on August 28, 1955, young Emmett Till was abducted at gunpoint from the Money, Mississippi home of his uncle, Preacher Moses Wright, by storeowner Roy Bryant and Bryant's brother, J.W. Milam. The Proposed Resolution would state that the men drove Emmett Till to Tallahatchie County, where he was brutally beaten, pistol-whipped, bludgeoned and shot, and thrown into the Tallahatchie River to drown in a vicious hate crime that sparked collective outrage across the nation and helped light the spark that ignited the burgeoning Civil Rights Movement.

The Proposed Resolution would note that Bryant and Milam admitted to abducting Emmett Till from his uncle's home, but that they both claimed they had released him unharmed on the same night. The Proposed Resolution would also note that Bryant and Milam were subsequently tried for the murder of Emmett Till, their trial beginning on September 19, 1955, but that despite a large amount of evidence against them, and eyewitness testimony, the two men were acquitted of all charges on September 23, 1955, by an all-white jury which deliberated for 1 hour and 7 minutes.

The Proposed Resolution would point out that in January 1956, Bryant and Milam admitted their guilt in an interview they sold to Look magazine for $4,000, an interview which, they would later claim, had been fabricated, but which included admissions of their involvement in the slaying and provided gruesome details of their brutality that night. The Proposed Resolution would also point out that despite these glaring inconsistencies and the fact that their apparent confessions contradicted trial testimony by other witnesses which suggested that accomplices were involved in Till's slaying, the inconsistencies were never investigated and no one ever did time for Emmett Till's murder.

The Proposed Resolution would indicate that until their deaths in 1981 and 1994, respectively, nothing more was ever said by either Milam or Bryant about the murder or about the possibility that other people had been involved. The Proposed Resolution would also indicate that Emmett Till's mother, Mamie Till Mobley, worked diligently until her death on January 6, 2003 at age 81, to reopen her son's case, with the intent of bringing all guilty parties to justice, without success.

The Proposed Resolution would note that a young documentary filmmaker named Keith Beauchamp began conducting research for a film he was making about the case, and that during the course of his research, Beauchamp uncovered compelling new evidence that at least 10 people – five whites and five blacks – had been involved in the kidnapping and killing of Emmett Till. The Proposed Resolution would indicate that Mr. Beauchamp's new evidence, contained in his film, "The Untold Story of Emmett Louis Till," which Beauchamp recently showed to federal prosecutors in Mississippi, asserts that there were a number of individuals – several of them still alive -- who were present at the time of the murder and that, if the case is reopened, these witnesses could lead investigators to other suspects who may still be alive.

Additionally, the Proposed Resolution would note that while re-examining the nearly 50-year-old case poses some challenges, federal law provides the U.S. Department of Justice with wide latitude and discretion in conducting such an investigation, and advanced technology and modern resources have made the solving of many old cases possible. The Proposed Resolution also notes that since 1989, as many as 22 old murder cases that occurred both before and during the Civil Rights Movement, including the killing of NAACP field secretary Medgar Evers by Byron De La Beckwith, have been reopened and tried in recent years, and have resulted in convictions.

The Proposed Resolution would state that given the historical significance of the Emmett Till case and in light of the compelling new facts uncovered surrounding his murder, family members of Till, as well as members of Congress, including Rep. Bobby Rush (D-Ill.), are urging the federal government to reopen its investigation of the case, just as it has with several other civil rights murders that were committed decades ago but solved only recently. The Proposed Resolution would also note that Mississippi State Senator David Jordan has stated that, "If there are ones alive who took part in the killing of Emmett Till, they should be investigated," and "they should tell what they know and the case should be brought to justice."

The Proposed Resolution would state that according to John Dittmer, author of Local People: The Struggle for Civil Rights in Mississippi, "there's a real historical need to set the record straight," especially since "that case was so crucial in the development of the civil rights movement, we need to know as much as we can about what happened." Finally, the Proposed Resolution would note that we, as American citizens and members of the New York City Council, believe in justice and equal protection under the law.

Accordingly, Your Committee recommends its adoption, as amended.

INTRODUCTION AND READING OF BILLS

Int. No. 324

By The Speaker (Council Member Miller) and Council Members Gennaro, Brewer, Clarke, Fidler, Gerson, Gioia, James, Koppell, Liu, Martinez, Nelson, Recchia Jr., Sanders Jr., Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requirements for city-owned and city-funded green buildings.

Be it enacted by the Council as follows:

Section 1. Statement of findings and purpose. Few aspects of urban life have more impact on human health and the environment than building construction and use. Enormous quantities of resources are used during building construction, renovation and operation, the production of which has substantial environmental impacts. In addition, many indoor building materials release hazardous toxins, impairing indoor air quality and reducing occupant health and productivity.

Buildings also use a tremendous amount of energy. Since much of New York City's electricity is produced within the City and buildings use oil or natural gas for their heating and hot water, energy consumption by buildings translates directly into greater local pollution, including emissions of sulfur dioxide, nitrogen oxides, particulate matter, carbon dioxide, and mercury. These pollutants contribute to respiratory disease, heart disease, smog, acid rain, and climate change. Moreover, as energy demand rises, so does our reliance on dirty, inefficient power plants and the City and nation's dependence on foreign oil and natural gas.

Modern architects and engineers can reduce the health and environmental impacts of buildings by designing "high-performance buildings" or "green buildings." The United States Green Building Council, the nation's foremost coalition of real estate and environmental organizations working to promote green buildings, has developed a green building rating system known as LEED (Leadership in Energy and Environmental Design). Buildings receive LEED certification if their designs score sufficient "points" in five general design areas including siting, water efficiency, energy and atmosphere, materials and resources and indoor environmental quality. Thousands of residential and commercial buildings, ranging from single-family homes to large corporate headquarters, have been designed and constructed throughout the United States utilizing green building principles. Significant local examples include 4 Times Square and 20 River Terrace. A recent study conducted for the State of California concluded that, on average, green buildings show a ten times return on the investment in green building design. This comprehensive analysis of 33 green buildings revealed an average green cost premium of less than 2%, with only a 0.66% premium for building that achieved the most basic level of LEED certification.

Numerous municipalities, including Austin, Boulder, Dallas, Los Angeles, Portland, San Diego, San Francisco, San José, and Seattle, have adopted LEED or have otherwise required that city-owned buildings be built according to green building criteria. Some localities have created incentive programs for private green building construction including direct subsides, density bonuses and expedited permitting. In New York City, numerous governmental bodies have also embraced green building. The Battery Park City Authority has begun utilizing green building guidelines modeled on LEED for all commercial and residential building construction in Battery Park City. The Department of Design and Construction has also developed High Performance Building Guidelines and has begun applying the guidelines for schools, libraries and other facilities. The New York City Transit Authority has adopted green building guidelines for all new transit facilities, including the Second Avenue Subway. Moreover, the Lower Manhattan Development Corporation and the Port Authority of New York and New Jersey have developed sustainable design guidelines and have designated "environmental planning" as one of five general requirements for the redevelopment of the World Trade Center site and surrounding area.

Likewise, many states, such as California, Connecticut, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, and Rhode Island, have begun utilizing LEED for state-owned buildings. The State of New York provides tax credits for buildings that meet defined green building criteria and, under Executive Order 111, state agencies are directed to reduce energy use and carbon dioxide emissions and to utilize green building principles.

The Council finds that the use of green building criteria will substantially reduce the City's electricity consumption, air pollution and water use, as well as improve occupant health and worker productivity. The Council further finds that reducing overall energy demand through green building techniques will reduce our dependence on foreign oil and allow new power plants to displace power from less efficient and dirtier existing plants. Accordingly, the Council declares that it is reasonable and necessary to employ green building standards in the construction and renovation of city-owned and city-funded buildings and that these standards be utilized in an orderly and timely fashion.

§2. The administrative code of the city of New York is amended by adding a new chapter 5 to title 27 to read as follows:

Chapter 5

Green Building Standards

§27-5001 Definitions.
§27-5002 Requirements.
§27-5003 Evaluations.
§27-5004 Enforcement.

§27-5001 Definitions. The following definitions shall apply in conjunction with the definitions found in section 27-232 of this code:

a. "city-owned and city-funded construction project" shall mean the construction, alteration, or change in occupancy group classification of any city-owned or city-funded building or space undertaken by or on behalf of any city agency.

b. "city-owned building or space" shall mean any building or space owned or to be owned by the city, any building or space to be constructed on property owned by the city, or any building or space to be constructed on property purchased or to be purchased by the city.

c. "city-funded building or space" shall mean any building or space whose construction, alteration, or design is paid for or financed in whole or in part directly by city funds amounting to at least thirty percent of the cost of the project.

d. "LEED Certified Silver" shall mean having received official documentation from the United States Green Building Council verifying that a building or space is LEED Certified Silver or higher under a LEED green building rating system.

e. "LEED green building rating system" shall mean the most recent version of the Leadership in Energy and Environmental Design building rating system developed by the United States Green Building Council, including any building rating system developed for New York City, that is applicable to the subject building or space.

f. "life cycle cost" shall mean the net present value of the design, construction, operation and maintenance costs of a building calculated over a 30-year life cycle.

g. "substantially altered" shall mean alterations where the cost of making alterations in any twelve-month period to a building or space shall exceed thirty percent of the value of such building or space. For the purpose of applying the foregoing provision, the value of the building or space shall be determined in accordance with section 27-119 of this code.

§27-5002 Requirements. a. All city-owned and city-funded construction projects shall achieve the levels of green building set forth in this section. Such construction projects shall only receive funding from the city and may only be approved by any city agency if they will achieve the following levels of green building:

(1) New or substantially altered buildings or spaces classified in occupancy groups B-1, B-2, C, E, F-1a, F-1b, F-3, F-4, G, H-1, or H-2 shall be LEED Certified Silver.

(3) Buildings or spaces classified in occupancy groups A, D-1, D-2, F-2, J-1, J-2, J-3, or K are not required to be LEED certified.

b. Buildings or spaces with a floor area of less than ten thousand square feet shall be exempt from the provisions of this section.

§27-5003 Evaluations. The commissioner of design and construction, in conjunction with the commissioner of buildings, shall submit an annual report to the council and the mayor no later than September 1 of each year with respect to city-owned and city-funded green buildings and spaces, which shall consist of a list of such buildings and spaces, the level of LEED certification such buildings and spaces have achieved, and the estimated first and life cycle cost per square foot of such buildings and spaces; and an assessment of the health, environmental and energy-related benefits from such buildings and spaces.

§27-5004 Enforcement. This chapter shall be enforced by the commissioner of design and construction with respect to city-owned buildings or spaces and enforced by the commissioner of buildings with respect to city-funded buildings or spaces.

§3. Chapter one of title 27 of the administrative code of the city of New York is amended by adding a new subchapter 20 to read as follows:

Subchapter 20

Green Building Standards

§27-1080 Enforcement of green building standards.

§27-1080 Enforcement of green building standards. The commissioner shall enforce the requirements of chapter five of this title with respect to any city-funded building or space, as this term is defined in such chapter.

§4. This local law shall take effect January 1, 2006, except that the commissioner of design and construction and the commissioner of buildings shall take all actions necessary, including the promulgation of rules, to implement this local law on or before the date upon which it shall take effect.

Referred to the Committee on Housing and Buildings.

Int. No. 325

By The Speaker (Council Member Miller) and Council Members Vann, DeBlasio, Yassky, Brewer, Palma, Liu, Avella, Koppell, Weprin, Perkins, Clarke, Nelson, Stewart, Reed, Sanders Jr., Fidler, Foster, Gioia, James, Lopez, Martinez and Recchia Jr.

A Local Law to amend the administrative code of the city of New York in relation to prohibiting the disposal of certain weapons that cannot be personalized and in relation to prohibiting the possession of weapons that are not personalized.

Be it enacted by the Council as follows:

Section one. Legislative intent and findings.

According to the Center for Disease Control, in 2002 there were an estimated 29,737 deaths resulting from the discharge of a firearm, 11,546 of which were homicides; in 2001 there were 29,573 deaths that resulted from the discharge of a firearm, 11,348 of which were homicides.

These statistics reveal that gun violence continues to be a major problem in the Untied States. As a result, every possible avenue to prevent such death and injury must be pursued, including the development of new technology.

One such technology is a gun that is truly childproof, that is, it may only be operated by authorized adult users. These personalized weapons would not eliminate all unlawful shootings or acts of gun violence, but the existence of such a weapon would reduce the number of shootings by preventing unauthorized users from accessing or operating such guns. A successful personalized system could substantially reduce fatalities, injuries and crime with tremendous benefits for public health and safety.

New Jersey has already acted on this issue by adopting legislation in December 2002 that no handgun shall be sold or offered for sale in that state by any licensed firearms dealer unless it is personalized, within a certain period of time after the date on which these new personalized handguns are deemed available for retail purposes. New Jersey also allocated money for research to the New Jersey Institute of Technology to evaluate and develop a truly childproof gun. According to the New Jersey Institute of Technology, certain biometric technologies have matured sufficiently to enable creation of a personalized weapon suitable for safe use by gun owners. Smith & Wesson, a leading gun manufacturer, is also actively researching this technology.

To spur the development of such technology, the Council finds that the city's administrative code provisions should be amended to bar the disposal and possession of weapons that do not have such personalized features, when such technology becomes commercially available.

§ 2. Chapter three of title ten of the administrative code of the city of New York is amended to add a new section 10-313 to read as follows:

10-313. ***Prohibition on the disposal and possession of weapons that are not personalized.*** *a. Definitions. For purposes of this section (1) "personalized" means, with respect to a weapon, that, integral to the weapon is a device or feature, incorporated into the design of the weapon and part of its original equipment, that automatically limits its operational use and which cannot be readily deactivated, so that it may be fired only by an authorized or recognized user. The technology limiting the weapon's operational use may include, but not be limited to, radio frequency tagging, touch memory, remote control, fingerprint, magnetic encoding and other automatic user identification systems using biometric, mechanical or electronic systems; (2) "weapon" shall mean a firearm, rifle, shotgun, or assault weapon, as such terms are defined in section 10-301; or a machine gun as defined in the penal law; (3) "commercially available" shall mean if at least one manufacturer has delivered at least one production model of a personalized weapon to a registered or licensed wholesale or retail dealer in New York or any other state; (4) "production model" shall mean a handgun which is the product of a regular manufacturing process that produces multiple copies of the same handgun model, and shall not include a prototype or other unique specimen that is not offered for sale.*

b. Disposal. Three years after the commercial availability of a personalized weapon, it shall be unlawful for any person or business enterprise to sell, deliver, transfer or dispose of any weapon that is not personalized, provided, however, that any person or business enterprise may dispose of any weapon by providing such weapon to the commissioner pursuant to rules and regulations as established by the commissioner.

c. Possession. Three years after the commercial availability of a personalized weapon, it shall be unlawful for any person to possess a weapon that is not personalized.

d. Exemptions. The provisions of this section shall not apply to (i) antique firearms as defined in section 10-301; (ii) weapons legally obtained prior to the commercial availability of personalized weapons, and the three years thereafter, provided, however, that such weapons may not be sold, delivered, transferred or disposed of, three years after the commercial availability of such weapons; or (iii) a weapon owned or lawfully possessed by a police officer, as such term is defined in the criminal procedure law, or a federal law enforcement officer, as such term is defined in the criminal procedure law.

e. Notice. (i) No more than two years from the commercial availability of personalized weapons, the police commissioner shall provide written notice of the requirements of this section to all persons and business enterprises that sell, deliver, transfer or dispose of weapons, including any rules promulgated under this subdivision. (ii) Starting three years from the commercial availability of personalized weapons, all persons applying for a permit or applying for the renewal of a permit pursuant to chapter three of title ten of this code, shall receive from the commissioner written notice of the requirements of this section, including any rules promulgated under this subdivision. (iii) Three years from the commercial availability of personalized weapons, any person who applies for and obtains authorization to purchase a weapon or otherwise lawfully obtains a weapon pursuant to chapters one or three of title ten of this code shall be required to purchase or obtain the device or feature as part of the weapon's original equipment that will make the weapon personalized at the time he or she purchases or obtains the weapon.

f. Any violation of subdivision (b) and (c) is a misdemeanor.

§3. This law shall take effect 90 days after its enactment.

Referred to the Committee on Public Safety.

Res. No. 281

Resolution calling upon the City Council to declare its support for plaintiffs Deadria Farmer-Paellmann, Mary Lacey Madison, Andrea Carrington and all others similarly situated, in their efforts to seek restitution in a federal class action suit brought against the corporations that are alleged to have participated in and directly profited from the abhorrent institution of slavery.

By Council Members Barron, Comrie Jr., Foster, Rivera, Sanders Jr., Seabrook, Serrano, Vann, Clarke, James, Liu and Lopez.

Whereas, Over eight million Africans and their descendants were enslaved in the United States from 1619 to 1865; and

Whereas, By the end of the Trans-Atlantic slave trade, somewhere between eight and twelve million Africans had arrived in the New World to be sold off as slaves; and

Whereas, Historians estimate that one slave perished for every individual who survived capture and transport to the New World, meaning that as many as twelve million perished in addition to those who lived only to lead the dreaded life of a slave; and

Whereas, Not only did slavery result in the extinguishing of millions of Africans, but eviscerated whole cultures, languages, and religions, and wrenched from its victims and descendants their history, memories and families; and

Whereas, In addition to the South, many enslaved Africans arrived in the Dutch colonial city of New Amsterdam that later became New York City, where such slaves were integral in building many structures, such as Trinity Church, the City streets and the wall from which Wall Street takes its name and which protected the colony from military strikes; and

Whereas, These slaves lived cheek to jowl, in attics, hallways, and beneath porches, and in death they were banished to the Negro Burial Ground one mile outside the City, which holds between ten and twenty thousand bodies; and

Whereas, About forty percent of these buried bodies were children who died from malnutrition, and most of the adult bodies showed signs of death by hard labor; and

Whereas, Slavery was outlawed in 1865, yet continued on a smaller scale *de facto* until as recently as the 1950's; and

Whereas, Even for those who were "freed," their lives remained locked in quasi-servitude due to legal, economic, and psychic restraints that effectively blocked their economic, political and social advancement; and

Whereas, Slavery fueled the prosperity of the young nation by providing as much as forty million dollars in unpaid labor, which some estimate to have appreciated to a current value of more than one trillion dollars; and

Whereas, A class action suit has been brought in the United States District Court, for the Eastern District of New York by descendants of slaves, seeking restitution for the atrocities of slavery and the cruel aftermath it has engendered; and

Whereas, The Plaintiffs in this brave and noble class action are represented by Deadria Farmer-Paellmann, Mary Lacey Madison and Andrea Carrington; and

Whereas, The Defendants in the action are corporate entities that have allegedly used and/or profited from slave labor and have retained the benefits and use of those profits and products derived from that slave labor; and

Whereas, Defendant corporations allegedly knew that the plaintiff class was subject to physical and mental abuse and inhumane treatment; and

Whereas, FleetBoston, a named defendant in the lawsuit, is alleged to have financed some of the business of slave trading; and

Whereas, CSX, another named defendant, is alleged to have operated numerous railroad lines that were constructed or run by slave labor; and

Whereas, AETNA Inc., also named in the lawsuit, is alleged to have insured slave owners against the loss of their human chattel; and

Whereas, There are alleged to be many other corporations that have participated in and profited from slavery; and

Whereas, The United Nations has pronounced the Trans-Atlantic slave trade to be a crime against humanity; and

Whereas, A crime has been committed, a people have been injured by this crime, and compensation for these injuries are due; now, therefore, be it

RESOLVED, That the City Council declares its support for plaintiffs Deadria Farmer-Paellmann, Mary Lacey Madison, Andrea Carrington and all others similarly situated, in their efforts to seek restitution in a federal class action suit brought against the corporations that are alleged to have participated in and directly profited from the abhorrent institution of slavery.

By Council Members Brewer, Comrie Jr., Katz, Clarke, Vann, James, Weprin, Nelson, Serrano, Quinn, Barron, Boyland, Gennaro, Gentile, Gerson, Gioia, Liu, Lopez, Martinez, Rivera, Sanders Jr. and Stewart.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the appropriate city agency to make available on the city's official website biographical information pertaining to all street name changes.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. Due to increased awareness and questions from the people of the city of New York pertaining to the renaming of streets, the Council believes it is appropriate to create a mechanism that will allow individuals to have biographical and/or background information available on the official city website that pertains to a renamed or co-named street.

§2. Chapter 1 of title 25 the of the administrative code of the city of New York is amended by adding a new section, §25-102.2, to read as follows:

§25-102.2. Street Name Reporting a. Whenever a street is renamed or co-named pursuant to section 25-102.1 of this chapter, the city shall make available biographical and/or background information as to the nature of the street renaming or co-naming on the official city website.

b. Such information shall be made available on the website within ninety days of the enactment of the local law which renamed or co-named the street.

§3. This local law shall take effect immediately upon its enactment into law and shall only be required for streets renamed or co-named after its enactment.

Referred to the Committee on Parks and Recreation.

Res. No. 282

Resolution calling upon the New York City Housing Authority to permit former inmates to reunite with their families in Section 8 housing by establishing less restrictive admissions screening policies.

By Council Members Clarke, Barron, Brewer, Foster, James, Lopez, Reed, Sanders Jr. and Stewart.

Whereas, Housing is a fundamental need, without which people are deprived of minimum comforts and the resources often necessary for employment; and

Whereas, Low-income people often do not have enough money to afford decent, safe, and good quality housing; and

Whereas, The federal Section 8 program addresses this problem by assisting households with monthly housing costs; and

Whereas, The Section 8 household pays a portion of rent based on household income, which is not more than 30 percent of household monthly adjusted income; and

Whereas, Inmates leaving our jails and prisons are less likely to recidivate if they are able to successfully reintegrate into the community; and

Whereas, Most jail and prison inmates have limited financial resources and require government assistance for their housing needs; and

Whereas, Federal law prohibits the admission into Section 8 housing of any household with a member who has been convicted of methamphetamine production on public housing premises or is a registered sex offender; and

Whereas, The application of other prohibitions on admission to Section 8 housing rely on determinations by public housing authorities, including prohibitions on households with a member who has been evicted from federally-assisted housing for drug-related criminal activity; and

Whereas, In addition to the federally-mandated minimum prohibitions, public housing authorities have the discretion of establishing policies that deny admissions for a wide range of criminal activity; and

Whereas, The New York City Department of Housing Preservation and Development ("HPD") only denies admission to its Section 8 program according to the minimum prohibitions required under federal law; and

Whereas, HPD does not deny admission to any other households and has not established any policies to deny admission on any other bases; and

Whereas, Jurisdictions such as Portland, Oregon, employ tiered discretionary screening for criminal history that, depending on the crime, require no further screening, an explanation of the criminal activities, an explanation of the criminal activities and extensive evidence of rehabilitation, or denial of admission; and

Whereas, In contrast to the nuanced approach of HPD and Portland, The New York City Housing Authority ("NYCHA") denies admission based on a wide range of past convictions for felonies and misdemeanors well beyond those mandated by federal law; and

Whereas, It is unreasonable to presume that past convictions for such a wide range of crimes would threaten the health, safety, or right to peaceful enjoyment of the premises by other residents; and

Whereas, NYCHA may also evict entire households from Section 8 housing if the household admits any family member who would be denied admission based on NYCHA's restrictive screening policies; and

Whereas, As a result of NYCHA's restrictive screening policies, many people leaving incarceration are unable to reunite with their families and obtain housing assistance; and

Whereas, NYCHA's restrictive screening policies inhibit the re-integration of former inmates into the community and increase the likelihood of recidivism; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Housing Authority to permit former inmates to reunite with their families in Section 8 housing by establishing less restrictive admissions screening policies.

Res. No. 283

Resolution calling upon the New York State Legislature to ensure that people with convictions are not automatically barred from a wide range of jobs for which they may be qualified and for which they would not endanger the public.

By Council Members Clarke, Barron, Brewer, Foster, James, Jennings Jr., Lopez, Sanders Jr. and Stewart.

Whereas, Bars to licensure for certain types of employment exist to protect the public from those individuals who may reasonably pose a public safety threat; and

Whereas, In practice, these bars have been extended to certain individuals who may not warrant the denial of a state license; and

Whereas, The State of New York has the duty to facilitate the re-entry to society of those who have served their time in jail or prison; and

Whereas, When being considered for particular employment, each person should be assessed for their appropriateness based upon his/her merits; and

Whereas, In New York State, more than one hundred occupations require some type of license, registration, or certification by a state agency prior to practicing in that field; and

Whereas, Several New York State statutes automatically bar ex-offenders from licensure solely on the basis of past convictions; and

Whereas, Although some statutes provide for lifting the automatic bar when an individual is granted a certain type of certificate by the state which highlights the ex-offenders effort to reform (Certificate of Relief from Disabilities, a Certificate of Good Conduct, or Executive Clemency), ex-offenders with these certificates may still be denied licenses based on their conviction record; and

Whereas, Article 23-A of New York Correction Law prohibits licensing agencies from denying an ex-offender a license because of his or her conviction record unless the individual's conviction(s) is (are) "directly related" to the specific

license sought or the issuance of the license would create "an unreasonable risk to property or to the safety" of people; and

Whereas, Licensing agencies must consider the following factors in determining job-fitness: specific duties and responsibilities related to the license; criminal history; time elapsed since the ex-offender's criminal conduct and the ex-offender's age at the time of its occurrence; the seriousness of the ex-offender's offense; licensing agency's interest in protecting property, specific persons and the public; and any evidence of rehabilitation an ex-offender presents, including a certificate of good conduct; and

Whereas, Even if the state statute governing the restriction for an occupational license does not mandate the restriction, the practice of many state agencies is that of denying many ex-offenders with criminal histories from licensure; and

Whereas, Although the state license for a barber, for example, has a discretionary restriction, licensure restriction for this occupation has been treated as mandatory, despite the fact that offenders are trained for this profession in state prison; and

Whereas, Many other occupational licenses with discretionary restrictions have been treated as mandatory including an appearance enhancer (cosmetologist and nail technician, etc.), dental hygienist, licensed electrician, nurse, physician assistant, sanitation worker, radiologist/x-ray technician; and

Whereas, Several New York State statutes do not contain an automatic bar for people with criminal histories but do restrict licensure or certification to persons of "good moral character;" and

Whereas, The "good moral character" restriction is listed for almost every occupational license, and the meaning of this requirement may vary depending upon the licensing agency and the occupation or profession involved; and

Whereas, An applicant's criminal history is taken into account as reflecting on his or her moral character, and again, has *in practice* become a mandatory prohibition to state licensure; and

Whereas, The state of Illinois addressed the aforementioned problems in their certificate legislation (Public Act 93-0207), which states that no applicant shall be denied licensure who has obtained a certificate of relief from disabilities; and

Whereas, The Illinois legislation states that no applicant can be denied a license solely because the applicant has been previously convicted on one or more criminal offenses, or by a finding of lack of 'good moral character' when the finding is based upon the fact that the applicant has previously been convicted of one or more criminal offenses unless the conviction is "directly related" to the specific license sought or the issuance of the license would create an unreasonable public safety threat; and

Whereas, In order for ex-offenders to become productive members of society, we must ensure that they have the opportunity to obtain licenses for occupations which would increase their economic and social viability; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to enact legislation to ensure that people with convictions are not automatically barred from a wide range of jobs for which they may be qualified and for which they would not endanger the public.

A Local Law to amend the Administrative Code of the City of New York in relation to concessions contracts on properties under the jurisdiction of the Department of Parks and Recreation.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. The commissioner, in accordance with the fundamental purpose of conserving and maintaining the utility and beauty of all parks, squares, public places, all playgrounds and other recreation properties, and providing for their enjoyment in a manner that will leave them unimpaired for the enjoyment of future generations, shall require that any concession contract for use of any property under the jurisdiction of the commissioner shall be placed in a special fund for the sole use by the commissioner. This bill will allow the commissioner to take all necessary steps to safeguard open space in parks so that all current park uses may be enjoyed by the public. It is imperative that although the concessions are valuable opportunities to augment the department's budget, that the commissioner take all necessary steps to safeguard parks from over-commercialization. The commissioner shall also ensure appropriate public input on local concession initiatives where applicable. By allowing the department to keep the funds that are collected through concessions, their fiscal expense budget, adjusted for future value of $165,000,000 (5-year average of city funds spanning FY'99-FY'03) will be augmented and allow the department to properly maintain the open spaces throughout the city of New York.

§2. Title 18 of the administrative code of the city of New York is amended by adding a new section 18-134, to read as follows:

§18-134 Concessions on department property. a. There shall be established a special fund, to be known as the New York city parks concession fund, which shall be kept separate from the general fund and consist of monies received through concessions, where such concession is located on department property.

b. The monies deposited in the fund shall be available for expenditure by the commissioner without further appropriation solely to support the operation and maintenance of parks, squares, public places, playgrounds and other properties under the jurisdiction of the commissioner.

c. All monies deposited in the New York city parks concession fund shall remain in such fund until actually expended and shall augment the department's annual expense and capital budgets.

d. Concession fees paid to the city of New York and deposited into the fund shall be a supplement to and shall not in any way be a basis for reducing the department's annual expense and capital budgets.

e. Concession fees paid to the city of New York and deposited into the New York city parks concession fund shall be annually allocated as follows:

(1) One-third of the revenue generated by a concession in a particular park and deposited into the New York city parks concession fund shall be used for the benefit of department properties in the community district in which it was generated in accordance with subdivision b of this section;

(2) Notwithstanding the provisions of paragraph one of this subdivision, where a concession is located within department property that is not wholly contained in a single community district, one-third of the revenue from such concession shall be apportioned among all of the community districts that abut such department property and used in accordance with subdivision b of this section;

(3) The remaining two-thirds of the revenue generated by a particular park and deposited into the New York city parks concession fund shall be available to the commissioner to be used by the commissioner in accordance with subdivision b of this section.

f. The commissioner shall generate and issue a quarterly report to the speaker of the council of the city of New York, the New York city mayor's office of management and budget and the comptroller of the city of New York of the monies received from each concession, the amount owed from each concession, the purposes and locations such monies were spent from the New York city parks concession fund and the revenues deposited and the balance of the New York city parks concession fund.

§3. This local law shall take effect immediately upon its enactment into law.

A Local Law to amend the administrative code of the city of New York, in relation to opting in to the State Neighbor Notification Law concerning the application of pesticides.

Be it enacted by the Council as follows:

Section 1. Legislative Findings. The Council finds that individuals and their personal property are, or can be, unwittingly exposed to pesticides applied on their neighbor's property. The Council further finds that pesticides may pose health and safety risks to people, particularly children, pregnant women, the elderly and people with infirmities. Such potential risks include short-term impacts, such as headaches, nausea, seizures and respiratory problems, and long-term impacts, such as neurological damage, hormone disruption, reproductive disorders and various cancers. The intent of this local law is to provide information to City residents about certain pesticide applications to which they may be exposed, so that they can take steps to minimize such exposure to themselves, their families, pets, backyard wildlife and property.

Accordingly, this Council adopts the special notice requirements for commercial and residential applications of pesticides as set forth in Section 33-1004 of the New York Environmental Conservation Law. It is intended that this local law be read and

applied consistently with that section and all other applicable provisions of the Environmental Conservation Law and regulations promulgated thereunder.

§ 2. Title 17 of the administrative code of the city of New York is amended by adding thereto a new Chapter 9 to read as follows:

Chapter 9

Neighbor Notification of Pesticide Application

§ 17-901 Definitions

§ 17-902 Notification requirements for commercial and residential lawn applications

§ 17-903 Enforcement

§ 17-904 Civil and criminal penalties

§17-901 Definitions. For the purposes of this chapter only, the following terms shall have the following meanings:

1. "Abutting property" means any property which has any boundary or boundary point in common with the property on which the pesticide is to be applied.

2. "Agency" means any state agency; municipal corporation; public authority; college, as that term is defined in the education law; railroad, as that term is defined in the railroad law; or telegraph, telephone, telegraph and telephone, pipeline, gas, electric, or gas and electric corporation as those terms are defined in the transportation corporations law, which applies pesticides.

3. "Commercial lawn application" means the application of pesticide to ground, trees, or shrubs on public or private outdoor property. For the purposes of this section, the following shall not be considered commercial lawn application:

i. the application of pesticide for the purpose of producing an agricultural commodity;

ii. residential application of pesticides;

iii. the application of pesticides around or near the foundation of a building for the purpose of indoor pest control;

iv. the application of pesticides by or on behalf of agencies except that agencies shall be subject to visual notification requirements pursuant to section 33-1003 of the environmental conservation law where such application is within one hundred feet of a dwelling, multiple dwelling, public building or public park; and

v. the application of pesticides on golf courses or turf farms.

4. "Dwelling" means any building or structure or portion thereof which is occupied in whole or in part as the home, residence or sleeping place for one or two families.

5. "General use pesticide" means a pesticide which does not meet the state criteria for a restricted pesticide as established under authority of section 33-0303 of the environmental conservation law.

6. "Multiple dwelling" means any dwelling which is to be occupied by or is occupied as the residence or home of three or more families living independently of each other.

7. "Pesticide" means:

i. any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest; and

ii. any substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant.

8. "Premises" means land and improvements or appurtenances or any part thereof.

9. "Residential lawn application" means the application of general use pesticides to ground, trees, or shrubs on property owned by or leased to the individual making such application. For the purposes of this section, the following shall not be considered residential lawn application:

i. the application of pesticides for the purpose of producing an agricultural commodity;

ii. the application of pesticides around or near the foundation of a building for the purpose of indoor pest control;

iii. the application of pesticides by or on behalf of agencies, except that agencies shall be subject to visual notification requirements pursuant to section 33-1003 of the environmental conservation law where such application is within one hundred feet of a dwelling, multiple dwelling, public building or public park; and

iv. the application of pesticides on golf courses or turf farms.

§ 17-902 Notification requirements for commercial and residential lawn applications. a. (1) All retail establishments that sell general use pesticides for commercial or residential lawn application shall display a sign meeting standards, established by the New York state commissioner of environmental conservation pursuant to subdivision one of section 33-1005 of the environmental conservation law, in a conspicuous place, and such sign shall be placed as close as possible to the place where such pesticides are displayed.

(2) The signs required to be displayed pursuant to paragraph one of this subdivision shall contain, at a minimum, pursuant to section 33-1005 of the environmental conservation law:

i. a warning notice directing consumers to follow directions on labels;

ii. a provision to inform the customer of the posting requirements set forth in subdivision c of this section; and

iii. a recommendation that the customer notify neighbors prior to the application of pesticides so that such neighbors may take precautions to avoid pesticide exposure.

b. (1) At least forty-eight hours prior to any commercial lawn application of a pesticide, the person or business making such application shall supply written notice, as defined in subdivision three of section 33-1005 of the environmental conservation law, to:

i. occupants of all dwellings on abutting property with a boundary that is within one hundred fifty feet of the site of such application; and to

ii. owners, owners' agents, or other persons in a position of authority for all other types of premises that are on abutting property with a boundary that is within one hundred fifty feet of the site of such application. Owners or owners' agents of multiple family dwellings shall supply such written notice to the occupants of such multiple family dwellings and for all other types of premises, owners, owners' agents or other persons in a position of authority shall post such written notice in a manner specified by the New York state commissioner of environmental conservation.

(2) The written notice required pursuant to paragraph one of this subdivision shall contain, at a minimum, pursuant to section 33-1005 of the environmental conservation law:

i. the address of the premises where application is to be done;

ii. the name and telephone number and pesticide business registration number or certified applicator number of the person providing the application;

iii. the specific date of each pesticide application and two alternative dates to the proposed date of application when, due to weather conditions, the pesticide application on the proposed date is precluded;
