The Employer recognizes the Union as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the Employer, wherever employed, whether full-time, part-time per annum, hourly or per diem, in the below listed title(s), and in any successor title(s) that may be certified by the Board of Certification of the Office of Collective Bargaining to be part of the unit herein for which the Union is the exclusive collective bargaining representative and in any positions in Restored Rule X titles of the Classified Service the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to any of the below listed title(s):

71010 Fire Alarm Dispatcher
71060 Supervising Fire Alarm Dispatcher (Levels I and II)

Section 2.

The terms "employee" and "employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II – DUES CHECKOFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."

b. Any employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement or level increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 40 hours except as provided for in Article IV, Section 1. An employee who works on a part-time per annum basis and who is eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 40 hour week basis - 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2.

During the term of this Agreement, the following basic salary rates shall prevail for employees:

Section 3. - General Wage Increase.

a. The general increases, effective as indicated, shall be:

i. Effective May 5, 1997, Fire Alarm Dispatcher, 1st Grade only, and Supervising Fire Alarm Dispatcher, Levels I and II shall receive an additional general increase of 3 percent.

ii. Effective July 1, 1998, Fire Alarm Dispatcher, 1st Grade only, and Supervising Fire Alarm Dispatcher, Levels I and II shall receive an additional general increase of 3 percent.

iii. Effective June 1, 1999, Fire Alarm Dispatcher 1st Grade only, and Supervising Fire Alarm Dispatcher, Levels I and II shall receive an additional general increase of 4.75 percent.

iv. Part-time per annum, per session, hourly paid and per diem employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Sections 3(a)(i), 3(a)(ii) and 3(a)(iii) on the basis of computations heretofore utilized by the parties for all such Employees.

b. The increases provided for in Section 3(a) above shall be calculated as follows:

i. The general increase in Section 3(a)(i) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on May 4,1997.

ii. The general increase in Section 3(a)(ii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on June 30, 1998.

iii. The general increase in Section 3(a)(iii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on May 31, 1999.

iv. Notwithstanding the provisions set forth in Sections 3 (a)(i), 3(a)(ii) and 3(a)(iii), the appointment rate for any employee newly hired on or after July 1,1993 shall be the minimum rate which was in effect for the applicable title on December 31,1991. Upon completion of one year of service, an employee hired on or after July 1,1993 shall be paid the indicated minimum for the applicable title in effect on the one year anniversary of such employee's original date of appointment to the title.

c. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels and the minimum "hiring rate," minimum "incumbent rates" and maximum rates (including levels), fixed for the applicable titles.

ii. The application of the general increases provided for in this Section 3 "Additions to Gross" shall be subject to the terms and conditions set forth in the MCMEA.

Section 4.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, provided to be effective as of such date for the title formerly occupied shall be applied.

Section 5.

In the case of an employee on leave of absence without pay, the salary rate of such employee shall be changed to reflect the salary adjustments specified in Article III.

Section 6.

The service increments listed below shall be paid to all eligible employees upon completion of the specified years of "City" service in pay status in the pro-rated annual amounts listed below. Such employees shall begin to receive such pro-rata payments on the employee's anniversary date. The pro-rata payments provided for in this Section shall be deemed included in the base rate of the eligible employee for all collective bargaining purposes. The provisions of Section 3(c)(ii) of this Agreement shall not apply to the service increment set forth in this Section 6.

Service Increments	Effective 4/1/95	Effective 5/5/97	Effective 7/1/98	Effective 6/1/99
10 year	$ 50	$ 50	$ 50	$ 57

ARTICLE V – WELFARE FUND

Section 1.

(a) In accordance with the election by the Union pursuant to the provisions of Article XIII of the *1995-2001 Citywide Agreement* negotiated pursuant to Section 1173-4.3 (a)(2) of the New York City Collective Bargaining Law recodified as Section 12-307 (a)(2) of the current New York City Collective Bargaining Law or its successor Agreement(s), the Welfare Fund provisions of that *Citywide Agreement* as amended or any successor(s) thereto shall apply to employees covered by this Agreement.

ARTICLE VI- PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

(b) Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

(b) Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

ARTICLE VII- GRIEVANCE PROCEDURE

Section 1. - Definition:

The term "*Grievance* " shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination; and

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

f. A claimed wrongful disciplinary action taken against a provisional employee who has served for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections 1d, 1e and 1f of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.
All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section 1c, no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance.

Step I - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II - An appeal from an unsatisfactory determination at STEP I shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. The appeal must be made within five (5) work days of the receipt of the STEP I determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III - An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the STEP II determination. The grievant or the Union should submit copies of the STEP I and STEP II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from STEP II determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV - An appeal from an unsatisfactory determination at STEP III may be brought Solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the STEP III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer. The assigned arbitrator shall hold a hearing at a time and place convenient to the parties and shall issue an award within 30 days after the completion of the hearing.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

In any case involving a grievance under Section 1e of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in STEP A above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law.

STEP B (i) - If the employee is not satisfied with the determination at STEP A above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of STEP A above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall review the grievance and shall issue a written reply to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D- If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 5.

In any case involving a grievance under Section 1f of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a

grievance at STEP I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B (i) - If the employee is not satisfied with the determination at STEP A above, then the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through STEP III. The Union, with the consent of the employee, shall have the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. The period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) - An appeal from the determination of STEP A above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip STEP C of this Section and proceed directly to STEP D.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative, the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 6.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at STEP III of the grievance procedure. Such group grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits including time limits set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 7.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at STEP III of the Grievance Procedure; or if a satisfactory STEP III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at STEP IV of the Grievance Procedure.

Section 8.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under STEP IV.

Section 9.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 10.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 11.

a. Any grievance relating to a claimed improper holding of an open-competitive rather than promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the employer and the Union.

Section 12

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. Selection and Scheduling of Cases:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 13 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. Conduct of Hearings:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as *precedent for any other case nor entered into evidence in any other* forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VIII – BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE IX – NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE X – CITYWIDE ISSUES

Except as otherwise provided, herein, this Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the *Citywide Agreement* unless otherwise specifically excluded herein.

ARTICLE XI – UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any successor thereto.

ARTICLE XII – LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee.

Section 2.

The labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

The labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XIII – FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIV - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XV – SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

WHEREFORE, we have hereunto set our hands and seals this 31st day of January 2001

RE: 1995-2000 F.A.D.B.A. Agreement

Dear Mr. Rosenzweig:
This is to confirm our mutual understanding and agreement regarding the above Agreement which was negotiated in the context of the April 15, 1986 effective date for the application of the Fair Labor Standards Act (*FLSA*) to State and Local governments:

Notwithstanding the provisions of the FLSA, Supervising Fire Alarm Dispatchers, Level I shall be compensated in the same manner as Fire Alarm Dispatchers for hours of work. In the event that the FLSA is further modified by amendment, regulation or interpretation in a manner that impacts upon the costing of this Agreement, either party may reopen this Agreement for the limited and sole purpose of determining the cost impact of such modification under the above Agreement.

In the event that the Fire Department makes a change in the configuration of the work schedule which has more than a negligible impact upon the costing of this Agreement in light of the FLSA, the Union may reopen this Agreement for the limited and sole purpose of determining In no event shall any such reopening result in a cost that exceeds the costs previously agreed upon.

Dispatcher Directive #84-7 (Revised) dated December 3, 1985, shall be amended in part to read:

The availability of personnel on a city-wide basis will be the criterion upon which approval will be made. SFAD Level I requests will be approved to a level of one SFAD Level I below the scheduled city-wide SFAD, Level I manning for each tour. SFADs, Level I on terminal leave will not be counted as part of the scheduled manning.

If the above accords with your understanding, please execute the signature line below.

Re: 1995-2000 Supervising Fire Alarm Dispatchers, Level II Agreement

Dear Mr. Rosenzweig:

This is to confirm our mutual understanding and agreement regarding the changes in the salary structure of the five (5) incumbents who were in the title of Supervising Fire Alarm Dispatcher, Level II on June 1, 1999. All five (5) incumbents shall receive a three (3) percent wage increase on May 5, 1997 and on July 1, 1998, and a four and three quarter (4.75) percent wage increase on June 1, 1999.

Dingman was promoted to Supervising Fire Alarm Dispatcher, Level II on April 7, 1997. Effective June 1, 1999, Dingman is placed in the 2nd Grade of the new Step Pay Plan for Supervising Fire Alarm Dispatcher, Level II contained in Article III, Section 2 of the 1995-2000 Fire Alarm Dispatcher Benevolent Association Agreement.

Moskowitz was promoted to Supervising Fire Alarm Dispatcher, Level II on July 1, 1996. Effective June 1, 1999, Moskowitz is placed in the 2nd Grade of the new Step Pay Plan.

Effective June 1, 1999 Cashin, Lang and Fisher will receive a $1,200 base salary increase. They will not be placed in the new Step Pay Plan for Supervising Fire Alarm Dispatcher, Level II.

Effective April 1, 2000, Dingman will remain at 2nd Grade until his anniversary on April 7, 2000.

Effective April 1, 2000, Moskowitz will be at 1st Grade since his anniversary was July 1, 1999

Effective April 1, 2000, Cashin, Lang and Fisher will receive a $400 base salary increase.

The chart listed below shows the changes in the salary schedules of the five (5) incumbents in the title of Supervising Fire Alarm Dispatchers, Level II.

	Effective

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in *italics*

is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

MANHATTAN CB - 3 C 010108 HUM

Application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 1st amendment to the Cooper Square Urban Renewal Plan for the Cooper Square Urban Renewal Area.

The proposed plan:
1. conforms to the most recently approved HPD language, terminology and methodology.

2. subdivides a portion of Site 2, designates the subdivided portion as Site 3 and removes the middle income designation from the new Site 3.

3. adds a new Exhibit A listing the properties in the urban renewal sites.

The proposed plan would facilitate development of 54 units of housing for low income homeless single adults on Site 3.

MANHATTAN CB - 3 C 010109 HAM

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 29 East 2nd (Block 457, part of Lot 28), as an Urban Development Action Area;
b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD;

to facilitate construction of a six story building, with 54 units of housing for low income homeless single adults including persons with disabilities, to be developed through HPD's Supportive Housing Program.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5.Approve an exemption of the project from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20015205 HAK and 20015206 HAK.

INDEX NUMBER 493 34/00

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple and other interests to real property where not heretofore acquired for EMS STATION-GREENPOINT located at 322 Metropolitan Avenue in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on January 22, 2001, the application of the City of New York to acquire certain real property, for the EMS STATION-GREENPOINT, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map, showing the property acquired by the City, was filed with the City Register on January 29, 2001. Title to the real property vested in the City of New York on January 29, 2001.

The City has acquired the following parcels of real property:

BLOCK	LOT
2368	P/O 1

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before January 29, 2002 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Kings County and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before January 29, 2003 (which is two (2) calendar years from the title vesting date).

NOTICE OF ACQUISITION
KINGS COUNTY

Index No. 45752/00
Date Purchased: 11/22/00
IAS Part 74 (Scholnick, J.)

In the Matter of the Application of the Dormitory Authority of the State of New York to acquire title in fee to certain real property for use in a project to expand

MEDGAR EVERS COLLEGE OF THE CITY UNIVERSITY OF NEW YORK

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on the 24th day of January, 2001, the application of the Dormitory Authority of the State of New York ("Dormitory Authority") to acquire certain real property for the project to expand Medgar Evers College of the City University of New York, was granted and the Dormitory Authority was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map was filed with said clerk on the 24th day of January, 2001. The property acquired by the Dormitory Authority includes tax lots 1, 48, 58, 59 and 60 in tax block 1287 and tax lot 1 in tax block 1288 as is shown on the acquisition map filed with the Clerk or the City Register of the County of Kings.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and Section 502(B) of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired for the above named project having any claim or demand on account thereof, is hereby required to file a claim with the Clerk of the Court of the County of Kings, on or before February 5, 2002, and to serve within the same time a copy thereof on Berger Stern & Webb, LLP, counsel to the Dormitory Authority, at their offices at 900 Third Avenue, New York, New York 10022.

The claim shall include the name and post office address of the condemnee, a description of the real property owned by or in which the condemnee claims an interest, a general statement or the nature and type of damages claimed including a schedule of fixture items comprising part or all of the damages claimed, and the name, address and telephone number of the condemnee's attorney if so represented. In the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim together with the schedule of fixture items shall also be served upon the fee owner of said real property.

Pursuant to said Order, appraisal reports must be filed or exchanged with the condemnor within six months after the filing of a post-vesting claim, demand, or notice of appearance, unless the time therefor is extended by the Court.

The claimant will be required to appear in person to present proof of title and produce the deed or instrument under which it claims title, or a certified copy thereof, together with copies of leases and rental agreements.

Proof of title will be received by Berger Stern & Webb, LLP on or before February 5, 2002.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

JOB ORDER CONTRACTS – CP2 – 03-01-01 AT 2:00 P.M.
JOB ORDER CONTRACTOR FOR GENERAL CONSTRUCTION:
SPEC. 0017J-00 at Various Schools - Queens

ELECTRICAL WORK:
SPEC. 0014J-00 at Various Schools - Manhattan/Bronx/Queens

The Electrical contract has a maximum value of $2,000,000, and the General Construction contract has a maximum value of $4,000,000.

A job order contract is an indefinite quantity contract. The successful contractor will perform a series of projects at various schools. The bid documents include a book of construction tasks with preset unit prices and related specifications. The bidders will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices by appropriate quantities by one of the competitively bid adjustment factors.

For the bidder to be considered, it is mandatory to attend **two (2) Pre-Bid Conferences. The first Pre-Bid conference will be held at 10:00 am February 15, 2001,** at the Division of School Facilities, 28-11 Queens Plaza North, Room 606, Long Island City, New York 11101. **The second mandatory Pre-Bid conference will be held at 10:00 a.m., February 22, 2001 at Public School 136, Auditorium, 201-15 115th Ave., St. Albans, New York 11412.** Attendance at both Pre-Bid Conferences is mandatory. Failure to attend both conferences may result in a determination of non-responsiveness.

Specifications will be available for pick-up at the Pre-Bid Conference on February 15, 2001. There is a $100.00 charge for the complete set of specifications. Fee must be in the form of either a Certified Check or money order made payable to New York City Board of Education. Bid Security of $25,000.00 is required for each specification.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REFUGEE AND IMMIGRANT SELF-SUFFICIENCY PROGRAM – CP/2 – PIN# 06901H013200 – DUE 03-14-01 AT 2:00 P.M.
Provide refugee who have been in the U.S. more than 5 years and other immigrant welfare recipients with the full range of work activities and employment services needed to assist a diverse population with differing levels of job skill to become economically self-sufficient and to move out of poverty as quickly as possible. These public assistance recipients constitute an at-risk population who require culturally and linguistically appropriate assistance to ensure equal access to HRA benefits and services. As such, greater consideration will be given to proposers staffed with bilingual workers who speak the languages of refugees and other immigrant populations and have a track record of successfully placing these groups in employment.

An optional Pre-proposal Conference will be held on Friday, February 23, 2001 at 12:30 pm in the 12th Floor conference room at 180 Water Street, N.Y., N.Y. 10038.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ *any proposed* #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

■ NOTICE

NOTICE OF ACQUISITION KINGS COUNTY INDEX NUMBER 493 34/00

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple and other interests to real property where not heretofore acquired for EMS STATION-GREENPOINT located at 322 Metropolitan Avenue in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on January 22, 2001, the application of the City of New York to acquire certain real property, for the EMS STATION-GREENPOINT, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map, showing the property acquired by the City, was filed with the City Register on January 29, 2001. Title to the real property vested in the City of New York on January 29, 2001.

The City has acquired the following parcels of real property:

BLOCK	LOT
2368	P/O 1

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before January 29, 2002 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Kings County and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before January 29, 2003 (which is two (2) calendar years from the title vesting date).

NOTICE OF ACQUISITION KINGS COUNTY

Index No. 45752/00
Date Purchased: 11/22/00
IAS Part 74 (Scholnick, J.)

In the Matter of the Application of the Dormitory Authority of the State of New York to acquire title in fee to certain real property for use in a project to expand

MEDGAR EVERS COLLEGE OF THE CITY UNIVERSITY OF NEW YORK

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on the 24th day of January, 2001, the application of the Dormitory Authority of the State of New York ("Dormitory Authority") to acquire certain real property for the project to expand Medgar Evers College of the City University of New York, was granted and the Dormitory Authority was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map was filed with said clerk on the 24th day of January, 2001. The property acquired by the Dormitory Authority includes tax lots 1, 48, 58, 59 and 60 in tax block 1287 and tax lot 1 in tax block 1288 as is shown on the acquisition map filed with the Clerk or the City Register of the County of Kings.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and Section 502(B) of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired for the above named project having any claim or demand on account thereof, is hereby required to file a claim with the Clerk of the Court of the County of Kings, on or before February 5, 2002, and to serve within the same time a copy thereof on Berger Stern & Webb, LLP, counsel to the Dormitory Authority, at their offices at 900 Third Avenue, New York, New York 10022.

The claim shall include the name and post office address of the condemnee, a description of the real property owned by or in which the condemnee claims an interest, a general statement or the nature and type of damages claimed including a schedule of fixture items comprising part or all of the damages claimed, and the name, address and telephone number of the condemnee's attorney if so represented. In the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim together with the schedule of fixture items shall also be served upon the fee owner of said real property.

Pursuant to said Order, appraisal reports must be filed or exchanged with the condemnor within six months after the filing of a post-vesting claim, demand, or notice of appearance, unless the time therefor is extended by the Court.

The claimant will be required to appear in person to present proof of title and produce the deed or instrument under which it claims title, or a certified copy thereof, together with copies of leases and rental agreements.

Proof of title will be received by Berger Stern & Webb, LLP on or before February 5, 2002.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

JOB ORDER CONTRACTS – CP2 – 03-01-01 AT 2:00 P.M.
JOB ORDER CONTRACTOR FOR GENERAL CONSTRUCTION:
SPEC. 0017J-00 at Various Schools - Queens

ELECTRICAL WORK:
SPEC. 0014J-00 at Various Schools - Manhattan/Bronx/Queens

The Electrical contract has a maximum value of $2,000,000, and the General Construction contract has a maximum value of $4,000,000.

A job order contract is an indefinite quantity contract. The successful contractor will perform a series of projects at various schools. The bid documents include a book of construction tasks with preset unit prices and related specifications. The bidders will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices by appropriate quantities by one of the competitively bid adjustment factors.

For the bidder to be considered, it is mandatory to attend **two (2) Pre-Bid Conferences. The first Pre-Bid conference will be held at 10:00 am February 15, 2001,** at the Division of School Facilities, 28-11 Queens Plaza North, Room 606, Long Island City, New York 11101. **The second mandatory Pre-Bid conference will be held at 10:00 a.m., February 22, 2001 at Public School 136, Auditorium, 201-15 115th Ave., St. Albans, New York 11412.** Attendance at both Pre-Bid Conferences is mandatory. Failure to attend both conferences may result in a determination of non-responsiveness.

Specifications will be available for pick-up at the Pre-Bid Conference on February 15, 2001. There is a $100.00 charge for the complete set of specifications. Fee must be in the form of either a Certified Check or money order made payable to New York City Board of Education. Bid Security of $25,000.00 is required for each specification.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions

For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective

public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

Said map was filed with said clerk on the 24th day of January, 2001. The property acquired by the Dormitory Authority includes tax lots 1, 48, 58, 59 and 60 in tax block 1287 and tax lot 1 in tax block 1288 as is shown on the acquisition map filed with the Clerk or the City Register of the County of Kings.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and Section 502(B) of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired for the above named project having any claim or demand on account thereof, is hereby required to file a claim with the Clerk of the Court of the County of Kings, on or before February 5, 2002, and to serve within the same time a copy thereof on Berger Stern & Webb, LLP, counsel to the Dormitory Authority, at their offices at 900 Third Avenue, New York, New York 10022.

The claim shall include the name and post office address of the condemnee, a description of the real property owned by or in which the condemnee claims an interest, a general statement or the nature and type of damages claimed including a schedule of fixture items comprising part or all of the damages claimed, and the name, address and telephone number of the condemnee's attorney if so represented. In the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim together with the schedule of fixture items shall also be served upon the fee owner of said real property.

Pursuant to said Order, appraisal reports must be filed or exchanged with the condemnor within six months after the filing of a post-vesting claim, demand, or notice of appearance, unless the time therefor is extended by the Court.

The claimant will be required to appear in person to present proof of title and produce the deed or instrument under which it claims title, or a certified copy thereof, together with copies of leases and rental agreements.

Proof of title will be received by Berger Stern & Webb, LLP on or before February 5, 2002.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made available to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

JOB ORDER CONTRACTS – CP2 – 03-01-01 AT 2:00 P.M.
JOB ORDER CONTRACTOR FOR GENERAL CONSTRUCTION:
SPEC. 0017J-00 at Various Schools - Queens

ELECTRICAL WORK:
SPEC. 0014J-00 at Various Schools - Manhattan/Bronx/Queens

The Electrical contract has a maximum value of $2,000,000, and the General Construction contract has a maximum value of $4,000,000.

A job order contract is an indefinite quantity contract. The successful contractor will perform a series of projects at various schools. The bid documents include a book of construction tasks with preset unit prices and related specifications. The bidders will competitively bid two adjustment factors to be applied to the unit prices. The first adjustment factor is for performing work during Normal Working Hours and a second adjustment factor is for performing work during Other Than Normal Working Hours. The cost for each individual project is determined by multiplying the preset unit prices by appropriate quantities by one of the competitively bid adjustment factors.

For the bidder to be considered, it is mandatory to attend **two (2) Pre-Bid Conferences. The first Pre-Bid conference will be held at 10:00 am February 15, 2001,** at the Division of School Facilities, 28-11 Queens Plaza North, Room 606, Long Island City, New York 11101. **The second mandatory Pre-Bid conference will be held at 10:00 a.m., February 22, 2001 at Public School 136, Auditorium, 201-15 115th Ave., St. Albans, New York 11412.** Attendance at both Pre-Bid Conferences is mandatory. Failure to attend both conferences may result in a determination of non-responsiveness.

Specifications will be available for pick-up at the Pre-Bid Conference on February 15, 2001. There is a $100.00 charge for the complete set of specifications. Fee must be in the form of either a Certified Check or money order made payable to New York City Board of Education. Bid Security of $25,000.00 is required for each specification.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

91-42
Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 ***or C6-9*** District within the South Street Seaport Subdistrict.

REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a

#floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made available to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.
All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. ADVISORY REPORT

ISSUE DATE:	DOCKET #:	SRA #:
02/01/01	013611	SRA 01-4444

ADDRESS	BOROUGH:	BLOCK/LOT:
200 EASTERN PARKWAY The Brooklyn Museum INDIVIDUAL LANDMARK	BROOKLYN	1183 / 26

To the Mayor, the Council, and the the Commissioner of the Department of Design and Construction.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has received a proposal for interior alterations at the basement and first floor at the subject premises, including demolition and construction of non-bearing partitions, structural work, mechanical work, plumbing work, the relocation of sprinkler heads and related piping, and modifications to the fire alarm system, as shown in the drawings labelled A0.1, D1.0, A1.0, A2.0, A5.0, A6.0, A6.1 signed and sealed by Michael Kostow, R.A; S-1, S-2 signed and sealed by Robert Silman, P.E; and P-1, P-2, signed and sealed by Robert V. Benazzi, P.E.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. BINDING REPORTS

ISSUE DATE:	DOCKET #:	SRB #:
02/06/01	014411	SRB 01-4521

ADDRESS	BOROUGH:	BLOCK/LOT:
PARK AVENUE Street Resurfacing/UPPER EAST SIDE CARNEGIE HILL	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Design & Construction.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the resurfacing of Park Avenue from 46th Street to 132nd Street. Portions of this project affecting designated historic districts include the stretch between East 61st Street and East 79th Street, which is located in the Upper East Side Historic District, and East 91st and East 94th Street, located in the Expanded Carnegie Hill Historic District. The proposed work consists of replacing all corner curbs and center mall corners which do not meet current standards for pedestrian access. All curbs will be Deer Isle or Oconee granite, and sidewalks, standard concrete paving. The work is described in a letter from Walter A. Zimmerman of DDC received December 21, 2000, and an existing conditions survey labeled Contract No. HWPARKAV, which were submitted as components of the application.

In reviewing this proposal, the Commission notes that the Upper East Side Historic District designation report states that Park Avenue, originally developed as 4th Avenue, was dominated through much of the 19th Century by the tracks of the New York Central railroad. In the early 20th Century, in conjunction with the construction of the New Grand Central Terminal, and the electrification of the railroad, the recessed tracks were completely covered over and wide landscaped malls were placed down the middle of the avenue. Historically paved with concrete sidewalks and granite curbs, these malls continue to give Park Avenue its special character.

With regard to this proposal, the Commission finds that the proposed work will maintain the historic paving materials of Park Avenue in both the Upper East Side and Expanded Carnegie Hill historic districts. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
BICYCLE RACK LOCATIONS HISTORIC DISTRICT LADIES' MILE	MANHATTAN	7777 / 7777

To the Mayor, the Council, and the Commissioner of the Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to install 23 bicycle racks in 23 locations on sidewalks at locations within the Borough of Manhattan in the Ladies' Mile, Tribeca West, Tribeca North, Greenwich Village, SoHo-Cast Iron, NoHo and Charlton-King-Vandam, Historic Districts, and at Old St. Patrick's Cathedral (on Mulberry Street) and 120 Broadway, Individual Landmarks and at 1790 Broadway, which has been calendered for a Public Hearing as to Individual Landmark status. The locations are described on a site installation plan, dated October 24, 2000, submitted as components of the application.

The Commission notes that Commission Report 96-0010 was issued March 1, 1996 (LPC 96-2387) finding appropriate on a city-wide basis the installation of bicycle racks in historic districts, on landmark sites, and adjacent to individual landmarks, provided the installations met certain criteria. These criteria include the use of only single or double loop racks within historic districts or adjacent to individual landmarks and installation in plain concrete only.

The Commission finds that the 23 proposed locations meet the criteria stated in the previous report and are otherwise in accord with the findings made previously. In addition, the Commission finds that the specific locations proposed do not incorporate any unusual conditions which might make these installations inappropriate. Based on these findings, the proposed work is determined to be appropriate to the various historic districts in which it will occur.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
PIER 15 HISTORIC DISTRICT SOUTH STREET SEAPORT	MANHATTAN	73 / 2

To the Mayor, the Council, and the New York City Economic Development Corporation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The approved work consists of the demolition of the existing wooden pier and adjoining apron; and the installation of a pier constructed of precast, prestressed concrete piles and decking, finished with hardwood timber decking, and a steel pipe railing at the perimeter; as shown in existing condition photographs, and drawings labeled 1 through 13, dated December 27, 2000, prepared by Frederic R. Harris, Inc.

With regard to this proposal, the Commission finds that the pier has deteriorated due to age, weathering, and a lack of maintenance and is in need of replacement; that the proposed pier apron material will match the surrounding material; and that the new pier will match the historic in terms of location, details and visible materials.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 ***or C6-9*** District within the South Street Seaport Subdistrict.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, *upon which #development# is regulated by* contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made available to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

REFUGEE AND IMMIGRANT SELF-SUFFICIENCY PROGRAM – CP/2 – PIN# 06901H013200 – DUE 03-14-01 AT 2:00 P.M. – An optional Pre-proposal Conference will be held on Friday, February 23, 2001 at 12:30 pm in the 12th Floor conference room at 180 Water Street, N.Y., N.Y. 10038.

Provide refugee who have been in the U.S. more than 5 years and other immigrant welfare recipients with the full range of work activities and employment services needed to assist a diverse population with differing levels of job skill to become economically self-sufficient and to move out of poverty as quickly as possible. These public assistance recipients constitute an at-risk population who require culturally and linguistically appropriate assistance to ensure equal access to HRA benefits and services. As such, greater consideration will be given to proposers staffed with bilingual workers who speak the languages of refugees and other immigrant populations and have a track record of successfully placing these groups in employment.

AGENCY RULES

BANKING COMMISSION

■ NOTICE

Pursuant to the authority vested in the Banking Commission by section 1524 of the New York City Charter and in accordance with the requirements of section 1043 of the New York City Charter, the Banking Commission hereby promulgates the within Rule Amendment to Rules Relating to Designation of Depository Banks by the Banking Commission.

Matter underlined is new. Old matter is in brackets [] to be deleted.

Amendments to Rules Relating to Requirements for the Designation of Depository Banks

Section 1. Paragraph (1) of subdivision (c) of section 1-03 of Chapter 1 of Title 22 of the Compilation of the Rules of the City of New York (Rules Relating to Designation of Depository Banks) is amended to read as follows:

§ 1-03 Designation Requirements.

(c) *Application for Designation.* Except as provided in subdivisions (d) and (f) of this section, no bank shall be designated pursuant to these rules unless it shall timely submit an application for designation to the Banking Commission by March 1 immediately preceding the Commission's annual designation meeting in May of each second year, commencing with 1994. A bank's application for designation shall consist of the following:

(1) *Filings.* When applying for designation each bank shall file with the Banking Commission:

(i) a copy of the bank's charter;

(ii) the names and occupations of the bank's Directors;

(iii) the names and titles of bank officers;

(iv) the location of the main office and branch offices;

(v) the location of all processing centers other than branches;

(vi) the independently audited public financial statements for the bank and bank holding company for the most recent fiscal year;

(vii) a list of all bank and bank holding company executives, employees, shareholders, legal counsel, consultants and advisors and/or their spouses or domestic partners, who

(A) individually, jointly or severally hold in excess of a five percent (5%) beneficial interest in the bank and/or in the bank holding company, and who

(B) are, or whose spouses or domestic partners are, contemporaneously elected or appointed holders of public office or of party office in any political party;

(viii) written confirmation that a completed Division of Labor Services of the Department of Business Services Supply and Service Rider form for any bank that provides at least one distinct service to the City that incurs an annual service charge of at least $50,000 payable by the City has been delivered to the Division of Labor Services;

(ix) the names of the federal and state regulatory agencies with jurisdiction over such bank's Community Reinvestment Act ("CRA") activities;

(x) a copy of the most recent federal supervisory agency CRA examination summary report issued on or after July 1, 1990, and the most recent New York

State Banking Department examination summary report as applicable;

[(xi) a copy of the most recent CRA or expanded CRA statement submitted by the bank to federal and/or state regulators in compliance with the Community Reinvestment Act of 1977 and New York State Banking Law as applicable;

(xii)] (xi) the most recent federal CRA rating for the bank issued on or after July 1, 1990 and/or the most recent state CRA rating for the bank; provided, however, that any more current federal or state CRA rating issued during the period after designation must be submitted to the Banking Commission upon issuance; and

[(xiii)] (xii) the name, title, address and telephone number of the bank official who will act as contact for City banking relationship matters involving bank accounts.

After the initial application for designation, in lieu of any one or more of the filings enumerated in subparagraphs (i), (ii), (iii), (v), (vii), (ix)[,] or (xi) [or (xii)] above, a bank in subsequent applications for designation, may file with the Banking Commission a certificate signed by the president or other duly authorized officer of such bank, certifying that the information most recently filed by the bank in compliance with each such subparagraph named in the certificate remains current, accurate, full and complete and agreeing that the bank shall deliver new filings in compliance with such subparagraphs to the Banking Commission upon the request of the Banking Commission or upon any change in the information contained in the original filings.

Each designated bank shall also submit to the Banking Commission any financial statements, CRA examination summary reports[, CRA statements] or CRA ratings (as described in subparagraphs (vi), (x) [,] and (xi)[, and (xii)] above, respectively) issued by or with respect to the bank subsequent to its previous filings with the Banking Commission pursuant to paragraph 1 above.

For purposes of this paragraph, "domestic partner" shall mean a person who has registered a domestic partnership in accordance with applicable law with the City Clerk or has registered such partnership with the former City Department of Personnel pursuant to Executive Order 123 (dated August 7, 1989) during the period August 7, 1989 through January 7, 1993. (The records of domestic partnerships registered with the former City Department of Personnel have been transferred to the City Clerk).

Basis and Purpose of Amendments

The purpose of this amendment is to conform the New York City Banking Commission's rules for the Designation of Depository Banks with revised federal regulations. Prior to its repeal, the Federal Reserve Board rules and regulations (12 CFR Part 228.4) required that each State member bank prepare a Community Reinvestment Act (CRA) statement for each local community. Such statements were to be available for public inspection. On May 4, 1995 this section was removed(60 FR § 22156).

The City's rules with respect to the designation of depository banks set forth items that must be filed as part of a bank's application for designation. Currently, § 1-03 (c)(1)(xi) requires that each bank applying for designation file with the Banking Commission "a copy of the most recent CRA or expanded CRA statement submitted by the bank to federal and/or state regulators in compliance with the Community Reinvestment Act of 1977 and New York State Banking Law, as applicable." Since the federal regulation requiring the completion of this statement has been repealed, the Banking Commission rules are now being updated to reflect this change. Accordingly, this amendment repeals § 1-03 (c)(1)(xi) of Title 22 of the Rules of the City of New York.

The following resolution was adopted by the Board of Health on April 18, 2000. This resolution was utilized by the Department through October 31, 2000, at which time the Department suspended its use because the threat of mosquito breeding during cold weather had subsided. Beginning March 15, 2001, the Resolution will again be in full force and effect. The Department intends to again fully exercise the authority granted by the Board of Health Resolution, including the immediate abatement of standing water conditions, to prevent the breeding and proliferation of mosquitoes during the 2001 mosquito season. Therefore, in order to ensure proper public notification, the Department of Health is republishing the Resolution in accordance with §17-148 of the Administrative Code of the City of New York.

RESOLUTION OF THE BOARD OF HEALTH OF THE DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK

At a meeting of the Board of Health of the Department of Health, held April 18, 2000, the following resolution was adopted:

Whereas, the Board of Health has taken and filed among its records reports that in areas throughout the City of New York there are sunken lots, property below grade, or other places which are insufficiently drained and where water may accumulate and stagnant water may collect; and

Whereas, upon these and other properties, there are household and other items including, but not limited to, tires, flower pots, household or other containers such as, trash, garbage and recycling containers without drainage holes, roof gutters clogged with leaves or other debris, swimming and wading pools, bird baths, swimming pool covers, outdoor plumbing fixtures and hose bibs dripping water to the ground and other materials, appurtenances and fixtures which allow the accumulation of water; and

Whereas, such accumulations of water create conditions conducive to insect life in general, and to the breeding and nurturing of mosquitoes in particular; and

Whereas, certain mosquitoes have been found to harbor viral diseases, including West Nile Virus/encephalitis, which are transmissible to and may be fatal to humans; and

Whereas, mosquitoes breed rapidly, and the potential presence of West Nile Virus is immediately dangerous to life and health; and

Whereas, the Board of Health regards the aforesaid reports as sufficient proof to authorize the declaration that any accumulations of water in which mosquitoes may breed are in a condition and in effect immediately dangerous to human life and health and constitute a public nuisance; and

Whereas, immediate abatement of such nuisances is necessary to prevent the breeding and proliferation of infectious mosquitoes; and

Whereas, personal service or service pursuant to subdivisions (a) or (b) of §17-148 of the Administrative Code of the City of New York of orders requiring the abatement of such nuisances and conditions in effect dangerous to life and health upon each of the persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York, has a duty or liability to abate such nuisances and conditions, would result in a delay prejudicial to the public health, welfare, and safety; now, therefore, be it

Resolved, that the Board of Health hereby declares that such places having an accumulation of water capable of breeding mosquitoes are in a condition and in effect immediately dangerous to life and health and constitute a public nuisance; and be it further

Resolved, that the Board of Health hereby declares that such nuisances are widespread throughout the City; and be it further

Resolved, that all persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York and such other chapters, titles, sections, laws or rules as are applicable thereto, have the duty or liability to abate such nuisances and conditions in effect dangerous to life and health, are hereby ordered to forthwith abate such nuisances and conditions in effect dangerous to life and health by eliminating such accumulations of water and the conditions conducive to further accumulation, or by otherwise eliminating the capacity of accumulated water to support mosquito breeding; and be it further

Resolved, that in the event that such persons or any of them shall fail to comply with this order within five days after service thereof pursuant to §17-148 of the Administrative Code of the City of New York, the Department of Health is hereby authorized and directed to take all necessary steps to forthwith secure the abatement of said nuisances and conditions in effect dangerous to life and health.

Resolved further, that this resolution shall take effect immediately.

91-23
Floor Area Regulations for Non-Residential and Mixed Buildings

For non-#residential buildings# or #mixed buildings# within the #Special Lower Manhattan District#, the basic maximum

#floor area ratio# of the underlying district may be increased by the inclusion of specific additional bonus #floor area# for a maximum #floor area ratio# as specified in the following table.

The provisions of paragraph (c) of Section 74-792 (Conditions and limitations), pertaining to the transfer of development rights from landmark sites, shall be subject to the restrictions on the transfer of development rights (FAR) of a landmark "granting lot" as set forth in the following table. Wherever there may be an inconsistency between any provision in Section 74-79 and the following table, the provisions of the table shall apply.

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# *fronting on a #wide street# with less than 80* feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 ***or C6-9*** District within the South Street Seaport Subdistrict.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of *Section 91-30*, provided that:

(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS

#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not

stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made avilable to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

Tishman Harris Whitehall Ferry Joint Venture
Battery Maritime Building

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

The following resolution was adopted by the Board of Health on April 18, 2000. This resolution was utilized by the Department through October 31, 2000, at which time the Department suspended its use because the threat of mosquito breeding during cold weather had subsided. Beginning March 15, 2001, the Resolution will again be in full force and effect. The Department intends to again fully exercise the authority granted by the Board of Health Resolution, including the immediate abatement of standing water conditions, to prevent the breeding and proliferation of mosquitoes during the 2001 mosquito season. Therefore, in order to ensure proper public notification, the Department of Health is republishing the Resolution in accordance with §17-148 of the Administrative Code of the City of New York.

RESOLUTION OF THE BOARD OF HEALTH OF THE DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK

At a meeting of the Board of Health of the Department of Health, held April 18, 2000, the following resolution was adopted:

Whereas, the Board of Health has taken and filed among its records reports that in areas throughout the City of New York there are sunken lots, property below grade, or other places which are insufficiently drained and where water may accumulate and stagnant water may collect; and

Whereas, upon these and other properties, there are household and other items including, but not limited to, tires, flower pots, household or other containers such as, trash, garbage and recycling containers without drainage holes, roof gutters clogged with leaves or other debris, swimming and wading pools, bird baths, swimming pool covers, outdoor plumbing fixtures and hose bibs dripping water to the ground and other materials, appurtenances and fixtures which allow the accumulation of water; and

Whereas, such accumulations of water create conditions conducive to insect life in general, and to the breeding and nurturing of mosquitoes in particular; and

Whereas, certain mosquitoes have been found to harbor viral diseases, including West Nile Virus/encephalitis, which are transmissible to and may be fatal to humans; and

Whereas, mosquitoes breed rapidly, and the potential presence of West Nile Virus is immediately dangerous to life and health; and

Whereas, the Board of Health regards the aforesaid reports as sufficient proof to authorize the declaration that any accumulations of water in which mosquitoes may breed are in a condition and in effect immediately dangerous to human life and health and constitute a public nuisance; and

Whereas, immediate abatement of such nuisances is necessary to prevent the breeding and proliferation of infectious mosquitoes; and

Whereas, personal service or service pursuant to subdivisions (a) or (b) of §17-148 of the Administrative Code of the City of New York of orders requiring the abatement of such nuisances and conditions in effect dangerous to life and health upon each of the persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York, has a duty or liability to abate such nuisances and conditions, would result in a delay prejudicial to the public health, welfare, and safety; now, therefore, be it

Resolved, that the Board of Health hereby declares that such places having an accumulation of water capable of breeding mosquitoes are in a condition and in effect immediately dangerous to life and health and constitute a public nuisance; and be it further

Resolved, that the Board of Health hereby declares that such nuisances are widespread throughout the City; and be it further

Resolved, that all persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York and such other chapters, titles, sections, laws or rules as are applicable thereto, have the duty or liability to abate such nuisances and conditions in effect dangerous to life and health, are hereby ordered to forthwith abate such nuisances and conditions in effect dangerous to life and health by eliminating such accumulations of water and the conditions conducive to further accumulation, or by otherwise eliminating the capacity of accumulated water to support mosquito breeding; and be it further

Resolved, that in the event that such persons or any of them shall fail to comply with this order within five days after service thereof pursuant to §17-148 of the Administrative Code of the City of New York, the Department of Health is hereby authorized and directed to take all necessary steps to forthwith secure the abatement of said nuisances and conditions in effect dangerous to life and health.

Resolved further, that this resolution shall take effect immediately.

91-42
Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 ***or C6-9*** District within the South Street Seaport Subdistrict.

REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:
(a) either of the following conditions have been met:

(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to *the Washington and West Street bridges.*

(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made avilable to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATION ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

Tishman Harris Whitehall Ferry Joint Venture
Battery Maritime Building
Room 201 (2nd Floor)
New York, NY 10004

Telephone: 212-968-9227

Completed Expression of Interests are due before 4:00 PM on March 26, 2001. Contractors who do not submit a **responsive** Expression of Interest, will not be able to participate in this project. This project is funded by NY State, NY City, Metropolitan Transit Authority and the U.S. Federal Transit Administration.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

■ NOTICE

PROMULGATION OF RULE 9-03 RELATING TO MINIMUM REQUIREMENTS FOR INDIVIDUALS WORKING ON SUSPENSION SCAFFOLDS.

Pursuant to Section 1043 of the New York City Charter, the Department of Buildings hereby adopts the following rules relating to minimum requirements for individuals working on suspension scaffolds.

Dated: January 31, 2001
New York, New York

Satish K. Babbar, R.A.
Acting Commissioner

Section 9-03 Minimum Requirements for Individuals Working on Suspension Scaffolds

(a) Applicability. In accordance with section 26-172 and 26-182 of the Administrative Code and Subchapter 19 of Chapter 1 of Title 27, "Safety of Public and Property During Construction Operations," the rules in this section establish minimum requirements for all individuals working on or operating suspension scaffolds, either performing construction or alteration work pursuant to a permit issued by the Department, or performing rigging or sign hanging work under the supervision of a licensed master or special rigger or a master or special sign hanger.

(b) Minimum Requirements. Only the following individuals may work on or operate a suspension scaffold:

(1) Where work is performed either by or under the supervision of a licensed rigger or sign hanger, the following persons may work on or operate a suspension scaffold:

(i) a licensed master or special rigger,

(ii) a licensed master or special sign hanger,

(iii) a rigging or sign hanging foreman as described in '9-01 and '9-02, or

(iv) a rigging or sign hanging crew member issued a certificate of fitness by the licensed rigger or sign hanger or his or her designated rigging or sign hanging foreman.

(2)(i) Where construction or alteration work is performed pursuant to a permit issued by the Department and, in accordance with '26-173 and '26-184 of the Administrative Code, such work is not performed by or under the supervision of a licensed rigger or sign hanger, the following persons may work on or operate a suspension scaffold:

(A) a person who holds a certificate of completion from a recognized scaffold safety training course as set forth in subdivision (d)(1) and (d)(3) of this section, or

(B) an apprentice in a recognized program, as set forth in subdivision (d)(2) of this section, or

(C) a person who holds a challenge examination certificate from a recognized administrator of challenge examinations, as set forth in subdivision (d)(4) of this section.

(ii) In accordance with '27-1045, it shall be the responsibility of the superintendent of construction to ensure that any person working on or operating a suspension scaffold on the job site has the necessary certificate of completion or challenge examination certificate or is enrolled in a recognized apprenticeship program. The superintendent of construction must maintain written records to such effect.

(3) In addition to those persons listed in (b)(1) and (b)(2) above, a registered architect or professional engineer who is familiar with rigging hardware, rigging equipment setup and operation, pertinent Building Code provisions, Federal OSHA and State safety standards, emergency procedures, and recommended industry safe work practices may work on or operate a suspension scaffold, provided, however, that a registered architect or professional engineer not familiar with such codes, standards, procedures and practices may ride on a scaffold to perform inspections so long as the architect or engineer does not perform work from or operate the scaffold,

(c) Certificate of Fitness.

(1) Minimum Requirements. A person issued a certificate of fitness must:

(i) be found capable of performing the scaffold work in a safe and responsible manner by the issuer at the time of issuance, and

(ii) be able to communicate without difficulty with the supervising licensed rigger, licensed sign hanger, rigging or sign hanging foreman, or superintendent of construction on site, and either

(iii) possess a certificate of completion from a recognized scaffold safety training course in accordance with subdivisions (d)(1) and (d)(3) of this section, or

(iv) be enrolled in a recognized scaffold apprenticeship program in accordance with subdivision (d)(2) of this section, or

(v) possess a challenge examination certificate in accordance with subdivision (d)(4) of this section.

(2) Persons Authorized to Issue a Certificate of Fitness. The following persons may issue a certificate of fitness:

(i) a licensed master or special rigger,

(ii) a licensed master or special sign hanger, or

(iii) a rigging or sign hanging foreman designated pursuant to sections 9-01 or 9-02 of these rules, as agent of the licensee.

(3) Duty of Licensee to Ensure Compliance. It shall be the sole responsibility of the licensee who issues the certificate of fitness, either personally or through a designated foreman, to ensure that the individual who receives the certificate meets the requirements of subdivision (c)(1) of this section for the particular job. It shall be the licensee's responsibility to maintain written records and copies relating to whom and when certificates were issued, as well as each certificate holder's certificate of completion from a recognized scaffold safety training course or apprentice program or challenge examination certificate, which substantiates the individual's fitness. If a person issued a certificate of fitness is later found to be unqualified or to have failed to work on a suspension scaffold in a safe and workmanlike manner, it shall be the licensee's responsibility to rescind the certificate of fitness and to remove the subject person from the job.

(4) The Certificate of Fitness. The certificate of fitness must include the name of the holder, the date of the issuance, the name, and license number of the licensee, the name, address, and telephone number of the company, and the signature of the issuer.

(i) Job-specific certificate of fitness for crew members employed only for a particular job or jobs. The certificate of fitness must contain the job location for which such certificate is valid as well as the duration of the job (see exhibit 2). Such certificate of fitness, as well as a photo identification of the certificate holder acceptable to the Department, must be available on site for inspection.

(ii) Certificate of fitness for regular members of the licensee's rigging or sign hanging crew. Notwithstanding the provisions of subdivision (c)(4)(i) of this section, at the option of the issuer, a permanent non job-specific photo identification or certificate of fitness may be issued to regular members of the licensee's or of the licensee's business association's rigging or sign hanging crews.

(d) Recognized Scaffold Safety Training Courses and Apprenticeship Programs.

(1) Recognized Scaffold Safety Training Course. Any organization (e.g. private, governmental, non-profit, or trade union) or institute may apply to the Department for recognition of its scaffold safety training course. Such application shall be made to the Department's Cranes and Derricks Division and shall include: instructors' qualifications, curriculum, teaching schedule, and materials used. The training course must include a significant field component, including instruction in rigging hardware (e.g. ropes, blocks, motors, scaffolds, controls, etc.), methods (e.g. reeving, suspension, startup procedures, netting, etc.), and applicable laws (NYC Building Codes and rules, OSHA standards, etc.). The Department may participate in or observe any training course without prior notification, and reserves the right to rescind recognition. The Department shall inform or approve a recognized course in writing, and shall maintain a list of approved training courses. Any organization or institute that offers the recognized scaffold safety training course must also offer a challenge examination outlined in subdivision (d)(4) of this section, either free or at a nominal cost to all applicants.

(2) Recognized Apprenticeship Program. Any organization (e.g. private, governmental, non-profit, trade union) may apply to the Department for recognition of its scaffold safety training apprenticeship program. The requirements for recognition are the same as for a recognized scaffold safety training course as set forth in subdivision (d)(1) of this section.

(3) Certificate of Completion. The organization providing a recognized scaffold safety training course or apprenticeship program may issue identification cards or certificates of completion to individuals who successfully complete the recognized course or program. The certificate of completion issued must include the name and address of the issuing organization, the date of issuance, and the name of the recipient, and must state "NYC DOB Recognized Scaffold Safety Training Course" or "Apprenticeship Program." Such certificate must be signed by the course administrator.

(4) Challenge Examination and Challenge Examination Certificate. The challenge examination shall be administered by organizations or institutes that conduct a recognized scaffold safety training course or recognized apprenticeship program. The challenge examination shall consist of written and hands-on tests that enable successful candidates to demonstrate a minimum level of knowledge and skills equivalent to graduates of a recognized scaffold safety training course or apprenticeship program. A person passing the challenge examination shall be issued a challenge examination certificate by the course or examination administrator. This challenge examination certificate shall be the equivalent to the certificate of completion and shall consist of similar data, format and signature as set forth in subdivision (d)(3) of this section. Written and hands-on tests for the challenge examination shall be submitted to and pre-approved in writing by the Department of Buildings, Cranes and Derricks Division. The Cranes and Derricks Division reserves the right to monitor the test to ensure its quality and fairness, and to revoke any approval if guidelines are not adhered to. Organizations or institutes that offer recognized scaffold safety training or apprenticeship programs in English or in any other language must offer an equivalent challenge examination in the appropriate language to any applicant regardless of his or her gender, race, national origin, organization or union membership, religion, or creed.

(e) Compliance. Failure to comply with the above rules, including but not limited to any person working on a suspension scaffold unable to produce either a valid certificate of fitness or, where applicable, a certificate of completion or a challenge examination certificate and a photo identification card, may result in the Department's ordering all work stopped, issuing violations, and commencing disciplinary action against the licensee, and/or commencing proceedings for the imposition of fines or civil penalties.

(f) Effective date. The provisions of this section 9-03 shall take effect on and after [September 1, 2000] May 1, 2001.

STATEMENT OF BASIS AND PURPOSE

The foregoing amendment is adopted pursuant to the authority of the Commissioner of Buildings under Section 643 and 1043(a) of the New York City Charter. The adopted amendment relating to the effective date of minimum requirements for individuals working on suspension scaffolds is needed to give more time for approved training programs to get established.

The following resolution was adopted by the Board of Health on April 18, 2000. This resolution was utilized by the Department through October 31, 2000, at which time the Department suspended its use because the threat of mosquito breeding during cold weather had subsided. Beginning March 15, 2001, the Resolution will again be in full force and effect. The Department intends to again fully exercise the authority granted by the Board of Health Resolution, including the immediate abatement of standing water conditions, to prevent the breeding and proliferation of mosquitoes during the 2001 mosquito season. Therefore, in order to ensure proper public notification, the Department of Health is republishing the Resolution in accordance with §17-148 of the Administrative Code of the City of New York.

RESOLUTION OF THE BOARD OF HEALTH OF THE DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK

At a meeting of the Board of Health of the Department of Health, held April 18, 2000, the following resolution was adopted:

Whereas, the Board of Health has taken and filed among its records reports that in areas throughout the City of New York there are sunken lots, property below grade, or other places which are insufficiently drained and where water may accumulate and stagnant water may collect; and

Whereas, upon these and other properties, there are household and other items including, but not limited to, tires, flower pots, household or other containers such as, trash, garbage and recycling containers without drainage holes, roof gutters clogged with leaves or other debris, swimming and wading pools, bird baths, swimming pool covers, outdoor plumbing fixtures and hose bibs dripping water to the ground and other materials, appurtenances and fixtures which allow the accumulation of water; and

Whereas, such accumulations of water create conditions conducive to insect life in general, and to the breeding and nurturing of mosquitoes in particular; and

Whereas, certain mosquitoes have been found to harbor viral diseases, including West Nile Virus/encephalitis, which are transmissible to and may be fatal to humans; and

Whereas, mosquitoes breed rapidly, and the potential presence of West Nile Virus is immediately dangerous to life and health; and

Whereas, the Board of Health regards the aforesaid reports as sufficient proof to authorize the declaration that any accumulations of water in which mosquitoes may breed are in a condition and in effect immediately dangerous to human life and health and constitute a public nuisance; and

Whereas, immediate abatement of such nuisances is necessary to prevent the breeding and proliferation of infectious mosquitoes; and

Whereas, personal service or service pursuant to subdivisions (a) or (b) of §17-148 of the Administrative Code of the City of New York of orders requiring the abatement of such nuisances and conditions in effect dangerous to life and health upon each of the persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York, has a duty or liability to abate such nuisances and conditions, would result in a delay prejudicial to the public health, welfare, and safety; now, therefore, be it

Resolved, that the Board of Health hereby declares that such places having an accumulation of water capable of breeding mosquitoes are in a condition and in effect immediately dangerous to life and health and constitute a public nuisance; and be it further

Resolved, that the Board of Health hereby declares that such nuisances are widespread throughout the City; and be it further

Resolved, that all persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York and such other chapters, titles, sections, laws or rules as are applicable thereto, have the duty or liability to abate such nuisances and conditions in effect dangerous to life and health, are hereby ordered to forthwith abate such nuisances and conditions in effect dangerous to life and health by eliminating such accumulations of water and the conditions conducive to further accumulation, or by otherwise eliminating the capacity of accumulated water to support mosquito breeding; and be it further

Resolved, that in the event that such persons or any of them shall fail to comply with this order within five days after service thereof pursuant to §17-148 of the Administrative Code of the City of New York, the Department of Health is hereby authorized and directed to take all necessary steps to forthwith secure the abatement of said nuisances and conditions in effect dangerous to life and health.

Resolved further, that this resolution shall take effect immediately.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.
Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:
(a) either of the following conditions have been met:
(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former

Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.
(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

NOTICE OF ACQUISITION KINGS COUNTY INDEX NUMBER 493 34/00

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple and other interests to real property where not heretofore acquired for EMS STATION-GREENPOINT located at 322 Metropolitan Avenue in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on January 22, 2001, the application of the City of New York to acquire certain real property, for the EMS STATION-GREENPOINT, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map, showing the property acquired by the City, was filed with the City Register on January 29, 2001. Title to the real property vested in the City of New York on January 29, 2001.

The City has acquired the following parcels of real property:

BLOCK	LOT
2368	P/O 1

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before January 29, 2002 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Kings County and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;

2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before January 29, 2003 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made available to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. OPERATION OF THE COMMUTER PARKING LOT AT THE STATEN ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM
RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – *DUE 03-20-01 at 2:00 P.M.* – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

Tishman Harris Whitehall Ferry Joint Venture
Battery Maritime Building
Room 201 (2nd Floor)
New York, NY 10004

Telephone: 212-968-9227
Completed Expression of Interests are due before 4:00 PM on March 26, 2001.
Contractors who do not submit a **responsive** Expression of Interest, will not be able to participate in this project. This project is funded by NY State, NY City, Metropolitan Transit Authority and the U.S. Federal Transit Administration.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

FORENSIC/ASSISTED OUTPATIENT TREATMENT – Competitive Sealed Proposals* – Judgment required in evaluating proposals - PIN# 817RFP010006 – DUE 03-30-01 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to establish, through the Request for Proposal procurement process, six (6) programs with ten (10) awards for: forensic mentally ill adults; Assisted Outpatient Treatment (AOT) clients; mentally ill chemical abusing (MICA) adults; and seriously emotionally disturbed (SED) and at risk adolescents and young adults. The anticipated contract term for all contracts will be July 1, 2001 through June 30, 2004 and renewable upon Department approval for a maximum of two terms of three (3) years each. Proposers must be incorporated not-for-profit organizations. Certification by the New York State Office of Mental Health (NYSOMH) as a mental health clinic or day treatment program will be required for some programs.

CLINIC ENHANCEMENT (FORENSIC /ASSISTED OUTPATIENT TREATMENT [AOT]): (FIVE CONTRACTS) (MAXIMUM ANNUAL FUNDING LEVEL $91,409 FOR EACH CONTRACT). REGION: SOUTH BRONX (CDs 3, 4); EAST BRONX (CDs 9, 10); EAST BRONX (CDs 11, 12); WEST BRONX (CDs 5, 6) ; WEST BRONX (CDs 7, 8). In each target region, an existing certified clinic will be able to enhance the program by hiring additional staff with relevant clinical experience and skills in working with forensic mentally ill and/or AOT recipients. Each program enhancement will provide clinic and support services to a minimum of 120 individuals annually.

ASSISTED COMPETITIVE EMPLOYMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $250,000). REGION: BRONX BOROUGH-WIDE. This program will provide dually diagnosed mentally ill chemical abusing (MICA) adults and Assisted Outpatient Treatment recipients with integrated vocational and treatment services. It will assist a minimum of 48 clients annually to choose, find, and maintain jobs in the open competitive employment market. The contractor must be certified by SOMH to operate either a Clinic or Continuing Day Treatment Program at the proposed site. This award is subject to performance-based contracting.

DROP-IN CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $199,176). REGION: EAST BRONX (CDs 9, 10, 11, 12). This program will provide psychiatric, social, vocational and educational support services for 80 seriously emotionally disturbed (SED) adolescents/young adults who are non-compliant with structured outpatient treatment programs. Services will be provided in a low demand, flexible program environment. The program schedule will include Saturday and evening hours.

SUPPORTIVE CASE MANAGEMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $120,000). REGION: BRONX BOROUGH-WIDE. The program will provide on-going case management services to 80 seriously emotionally disturbed (SED) adolescents/young adults returning to the community following hospitalization or referred from existing intensive case management programs. This award is subject to performance-based contracting.

DAY TREATMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $106,493). REGION: BRONX BOROUGH-WIDE. The program will provide day treatment for a minimum of eight (8) seriously emotionally disturbed (SED) adolescents at the intermediate school level. It will expand an existing day treatment program that complies with all SOMH regulations in providing structured, intensive, non-residential clinical and special education services to children, as well as social and clinical support to their families.

ADOLESCENT SKILLS CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $240,000). REGION: WEST BRONX (CDs 5, 6, 7, 8). The program, targeted to a minimum of 45 SED older adolescents, will promote self sufficiency and the learning of basic academic, social and vocational skills that will enable clients to pursue and obtain future education and employment goals.

Applications may be picked up beginning February 26, 2001, at 93 Worth Street, Room 200, New York City, between the hours of 9:00 AM to 5:00 PM. Proposals must be hand delivered to the Department's Office of Contract Management, Room 200, 93 Worth street, New York City, no later than 4:00 PM on March 30, 2001. A Pre-Proposal Conference will be held on March 14, 2001, at Spector Hall , 22 Reade Street, New York City at 1:30 PM, at which time all substantive questions received to that date will be addressed. All questions raised at the Pre-Proposal Conference will be recorded. Any substantive questions the Department receives at the conference, as well as those received up to 10 days prior to the proposal submission due date, will be answered and distributed in the form of Addenda to all those known to have received a copy of the RFP. Questions may be delivered to Room 200 at 93 Worth Street, New York City, or faxed to (212) 219-5466.

■ NOTICE

NOTICE OF THE ESTABLISHMENT OF MOBILE FOOD VENDOR PERMIT WAITING LISTS BY THE NEW YORK CITY DEPARTMENT OF HEALTH

On April 26, 2001, the Department of Health will hold a lottery based on a strict random selection process to establish the following waiting lists for mobile food vendor permits:

- A waiting list to apply for a full-term permit for use only in the Bronx, (100 positions),
- A waiting list to apply for a full-term permit for use only in Brooklyn, (100 positions),
- A waiting list to apply for a full-term permit for use only in Queens, (100 positions),
- A waiting list to apply for a full-term permit for use only in Staten Island, (100 positions),
- A temporary (seasonal) citywide permit waiting list, (1000 positions),
- A full-term citywide permit waiting list exclusively for disabled persons (who are not veterans), (100 positions),
- A full-term citywide permit waiting list exclusively for disabled veterans, (100 positions), and
- A full-term citywide permit waiting list exclusively for veterans (who are not disabled), (100 positions).

You must have a valid full-term mobile food vendor license issued to you at the time you submit the waiting list application form. The waiting list application form, with the mobile food vendor license number included in the application, must be submitted by mail only to the address listed in the application instructions on or before Monday, April 26, 2001 in order to eligible for inclusion on such waiting lists.

The number of waiting list positions for each of the above categories is provided by 24 R.C.N.Y. Sections 19-07 and 20-07. Due to the limited number of waiting list positions and available permits, the Department of Health cannot guarantee that submission of a waiting list application will result in a place on a waiting list or the issuance of a permit.

Waiting List Applications: Application packages for inclusion in the lottery for the above waiting lists may be obtained through the mail by calling the New York City Department of Consumer Affairs at (212) 487-4436. Application packages are also availabe at the New York City Department of Consumer Affairs Licensing Center, located at 42 Broadway, 5th Floor, New York, New York, Monday through Friday from 8:30 AM to 5:00 PM. The application form and instructions are also available on the internet at the Department of Health website. You may access this by keying in "NYC.GOV/HEALTH". Use the links provided in the section referred to as "HEALTH TOPICS A TO Z". Then look under the topic designated "APPLICATION FOR MOBILE FOOD VENDOR PERMIT WAITING LIST" to view an then print an application form and the instructions.

Completed applications must be submitted by mail only to the address listed in the application instructions and postmarked no later than Monday, April 26, 2001 in order to be eligible for inclusion on such waiting lists.

Mobile Food Vendor License Applications: Persons interested in applying for a mobile food vendor license may request an application by mail at the above address or by telephone to the above number. License applicants should allow at least twenty-five (25) business days to receive the necessary tax and ECB documentation required to apply for a license. *While this time span reflects the normal processing period, the Department of Health cannot guarantee that applicants will receive a license within this time frame.*

BINDING REPORT

ISSUE DATE:	DOCKET #:	CRB #:
01/17/01	013950	CRB 01-4111

ADDRESS	BOROUGH:	BLOCK/LOT:
138-40 CROSBY STREET HISTORIC DISTRICT SOHO-CAST IRON	MANHATTAN	511 / 19

To the Mayor, the Council, and the Chairman of the MTA New York City Transit.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

At the Public Hearing and Public Meeting of December 19, 2000, the Landmarks Preservation Commission reviewed a proposal for the installation of an 8'-high black-painted, metal fence with two sliding gate entrances at East Houston Street; and the installation of 15'-high security light fixtures painted to match the fence, at 20'-spaced intervals. The proposal is shown in existing condition photographs, mounted presentation boards and site plan drawings (not numbered), prepared by Gricelda Cespedes, which were submitted as components of this application.

In reviewing this proposal, the Commission noted that 138-140 Crosby Street consists of a largely vacant lot, and that it currently serves as an interim parking lot and staging area for New York City Transit emergency vehicles.

With regard to this proposal, the Commission finds that the installation of the proposed fencing, sliding gates and security light fixtures will not involve the removal of, or damage to, significant architectural features within the boundaries of the site; that the proposed metal fencing, sliding gates and security light fixtures are of a size, scale and design which neither overwhelm nor detract from the special architectural and historic character of adjacent buildings within the historic district; that the proposed materials and finish of the proposed installation are harmonious with the existing materials and color palettes of adjacent and nearby buildings within the historic district; and that the proposed installation would not detract from the streetscape or the historic district. Based on these findings, the Commission determined the work to be appropriate to the site and the SoHo–Cast Iron Historic District. The work, therefore, is approved.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its records.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Arthur Huh.

Pedestrian Circulation Space

Within the boundaries of the #Special Lower Manhattan District#, all new #developments# or #enlargements# on #zoning lots# of at least 5,000 square feet that contain more than 70,000 square feet of new #floor area# shall provide pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

Pedestrian circulation space shall not be required if any of the following conditions exist:

(a) the #zoning lot# is entirely occupied by a #building# of no more than one #story# in height;

(b) the #zoning lot# is an #interior lot# fronting on a #wide street# with less than 80 feet of #street frontage#;

(c) the #zoning lot# is an #interior# or #through lot# fronting on a #street# or #streets# listed in paragraph (a) of Section 91-31 (Street Wall Regulations);

(d) the #zoning lot# is a #through lot# and both #street frontages# are less than 25 feet in length; or

(e) the #zoning lot# is located in a C6-4 ***or C6-9*** District within the South Street Seaport Subdistrict.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in *italics* is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.
Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots

Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:
(a) either of the following conditions have been met:
(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts
In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to

the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets

For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.
(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.
(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

NOTICE OF ACQUISITION KINGS COUNTY

Index No. 45752/00
Date Purchased: 11/22/00
IAS Part 74 (Scholnick, J.)

In the Matter of the Application of the Dormitory Authority of the State of New York to acquire title in fee to certain real property for use in a project to expand

MEDGAR EVERS COLLEGE OF THE CITY UNIVERSITY OF NEW YORK

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, duly entered in the office of the Clerk of the County of Kings on the 24th day of January, 2001, the application of the Dormitory Authority of the State of New York ("Dormitory Authority") to acquire certain real property for the project to expand Medgar Evers College of the City University of New York, was granted and the Dormitory Authority was thereby authorized to file an acquisition map with the Clerk of the County of Kings or the City Register. Said map was filed with said clerk on the 24th day of January, 2001. The property acquired by the Dormitory Authority includes tax lots 1, 48, 58, 59 and 60 in tax block 1287 and tax lot 1 in tax block 1288 as is shown on the acquisition map filed with the Clerk or the City Register of the County of Kings.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and Section 502(B) of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired for the above named project having any claim or demand on account thereof, is hereby required to file a claim with the Clerk of the Court of the County of Kings, on or before February 5, 2002, and to serve within the same time a copy thereof on Berger Stern & Webb, LLP, counsel to the Dormitory Authority, at their offices at 900 Third Avenue, New York, New York 10022.

The claim shall include the name and post office address of the condemnee, a description of the real property owned by or in which the condemnee claims an interest, a general statement or the nature and type of damages claimed including a schedule of fixture items comprising part or all of the damages claimed, and the name, address and telephone number of the condemnee's attorney if so represented. In the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim together with the schedule of fixture items shall also be served upon the fee owner of said real property.

Pursuant to said Order, appraisal reports *must be filed or exchanged with the* condemnor within six months after the filing of a post-vesting claim, demand, or notice of appearance, unless the time therefor is extended by the Court.

The claimant will be required to appear in person to present proof of title and produce the deed or instrument under which it claims title, or a certified copy thereof, together with copies of leases and rental agreements.

Proof of title will be received by Berger Stern & Webb, LLP on or before February 5, 2002.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying

for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made available to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATEN ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

FORENSIC/ASSISTED OUTPATIENT TREATMENT – Competitive Sealed Proposals* – Judgment required in evaluating proposals - PIN# 817RFP010006 – DUE 03-30-01 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to establish, through the Request for Proposal procurement process, six (6) programs with ten (10) awards for: forensic mentally ill adults; Assisted Outpatient Treatment (AOT) clients; mentally ill chemical abusing (MICA) adults; and seriously emotionally disturbed (SED) and at risk adolescents and young adults. The anticipated contract term for all contracts will be July 1, 2001 through June 30, 2004 and renewable upon Department approval for a maximum of two terms of three (3) years each. Proposers must be incorporated not-for-profit organizations. Certification by the New York State Office of Mental Health (NYSOMH) as a mental health clinic or day treatment program will be required for some programs.

CLINIC ENHANCEMENT (FORENSIC /ASSISTED OUTPATIENT TREATMENT [AOT]): (FIVE CONTRACTS) (MAXIMUM ANNUAL FUNDING LEVEL $91,409 FOR EACH CONTRACT). REGION: SOUTH BRONX (CDs 3, 4); EAST BRONX (CDs 9, 10); EAST BRONX (CDs 11, 12); WEST BRONX (CDs 5, 6) ; WEST BRONX (CDs 7, 8). In each target region, an existing certified clinic will be able to enhance the program by hiring additional staff with relevant clinical experience and skills in working with forensic mentally ill and/or AOT recipients. Each program enhancement will provide clinic and support services to a minimum of 120 individuals annually.

ASSISTED COMPETITIVE EMPLOYMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $250,000). REGION: BRONX BOROUGH-WIDE. This program will provide dually diagnosed mentally ill chemical abusing (MICA) adults and Assisted Outpatient Treatment recipients with integrated vocational and treatment services. It will assist a minimum of 48 clients annually to choose, find, and maintain jobs in the open competitive employment market. The contractor must be certified by SOMH to operate either a Clinic or Continuing Day Treatment Program at the proposed site. This award is subject to performance-based contracting.

DROP-IN CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $199,176). REGION: EAST BRONX (CDs 9, 10, 11, 12). This program will provide psychiatric, social, vocational and educational support services for 80 seriously emotionally disturbed (SED) adolescents/young adults who are non-compliant with structured outpatient treatment programs. Services will be provided in a low demand, flexible program environment. The program schedule will include Saturday and evening hours.

SUPPORTIVE CASE MANAGEMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $120,000). REGION: BRONX BOROUGH-WIDE. The program will provide on-going case management services to 80 seriously emotionally disturbed (SED) adolescents/young adults returning to the community following hospitalization or referred from existing intensive case management programs. This award is subject to performance-based contracting.

DAY TREATMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $106,493). REGION: BRONX BOROUGH-WIDE. The program will provide day treatment for a minimum of eight (8) seriously emotionally disturbed (SED) adolescents at the intermediate school level. It will expand an existing day treatment program that complies with all SOMH regulations in providing structured, intensive, non-residential clinical and special education services to children, as well as social and clinical support to their families.

ADOLESCENT SKILLS CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $240,000). REGION: WEST BRONX (CDs 5, 6, 7, 8). The program, targeted to a minimum of 45 SED older adolescents, will promote self sufficiency and the learning of basic academic, social and vocational skills that will enable clients to pursue and obtain future education and employment goals.

Applications may be picked up beginning February 26, 2001, at 93 Worth Street, Room 200, New York City, between the hours of 9:00 AM to 5:00 PM. Proposals must be hand delivered to the Department's Office of Contract Management, Room 200, 93 Worth street, New York City, no later than 4:00 PM on March 30, 2001. A Pre-Proposal Conference will be held on March 14, 2001, at Spector Hall , 22 Reade Street, New York City at 1:30 PM, at which time all substantive questions received to that date will be addressed. All questions raised at the Pre-Proposal Conference will be recorded. Any substantive questions the Department receives at the conference, as well as those received up to 10 days prior to the proposal submission due date, will be answered and distributed in the form of Addenda to all those known to have received a copy of the RFP. Questions may be delivered to Room 200 at 93 Worth Street, New York City, or faxed to (212) 219-5466.

■ PUBLIC HEARINGS

CANCELLATION OF REAL PROPERTY PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT A REAL PROPERTY PUBLIC HEARING ON ACQUISITIONS AND DISPOSITIONS, in accordance with Section 824 of the New York City Charter, will be held at 10:00 a.m. on February 28, 2001 in Spector Hall, 22 Reade Street, Main Floor, in Manhattan in the matter of a proposed lease for the City of New York, as tenant, of approximately 114,400 rentable square feet of space on the 1st through 6th floors, of a building located at 32-14 Northern Boulevard (Block 214, Lot 210), in the Borough of Queens, for the Income Support Program of the Human Resources Administration to use as an office, or for such other use as the Commissioner of the Department of Citywide Administrative Services may determine.

The proposed lease shall be for a period of fifteen (15) years from substantial completion of the Base Building Work to be done by Landlord, at an annual rent of $2,059,200.00 ($18.06 per square foot) for the first five (5) years, $2,289,000.00 ($20.70 per square foot) for the next five (5) years and $2,631,200.00 ($23.07 per square foot) for the last five (5) years, payable in equal monthly installments at the end of each month.

Tenant shall have an option to lease an additional floor in the building, of approximately 35,000 square feet (the "Option Floor"), upon the same terms and conditions set forth above, which option shall be exercised within 60 days of execution of the lease.

Further information, including public inspection of the proposed lease may be obtained at One Centre Street, Room 2000 North, New York, N.Y. 10007. To schedule an inspection, please contact Chris Fleming at (212) 669-7497.

Individuals requesting Sign Language Interpreters should contact the Mayor's Office of Contracts, Public Hearings Unit, 253 Broadway, Room 915, New York, N.Y. 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING.

TDD users should call VERIZON relay services.

91-60
REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

* * *

91-62
Definitions
For purposes of this Section, matter in italics is defined in Section 12-10 (DEFINITIONS) or within this Section.

Development rights
Within the South Street Seaport Subdistrict, the basic maximum permitted #floor area# for a #granting lot# shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional #floor area# bonuses for #urban plazas#, #arcades# or any other form of #floor area# increase, whether as-of-right or by special permit. #Streets# located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted #floor area# allowed within the underlying zoning district within which such #streets# are situated. The #lot area# of a closed or discontinued volume of air space shall be measured by the area of the bed of the #street# lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, "granting lot" is a #zoning lot# or a closed or discontinued portion of a #street# or air space over a #street # which is identified as a #granting lot#, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which #development# is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which #development rights# may be transferred. Such #zoning lots# and closed portions of #streets# or air space over #streets# are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched #street# areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.
Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a #zoning lot# identified on the map of transfer areas (Map 6 in Appendix A) to which #development rights# may be added. Such "receiving lots" are identified on the map as Parcels, 1 8, 15, 16, 20, and 21 ***and 22.***

* * *

91-65
Addition of Development Rights to Receiving Lots
Within the South Street Seaport Subdistrict, all or any portion of the #development rights# transferred from a #granting lot# may be added to the #floor area# of all or any one of the #receiving lots# in an amount not to exceed the ratio of 10 square feet of #development rights# to each square foot of #lot area# of such #receiving lot#, except that with respect to a #receiving lot# having a #lot area# of less than 30,000 square feet, the total #floor area ratio# on such #receiving lot# shall not exceed a #floor area ratio# of 21.6. #Development rights# transferred to a #receiving lot# may be applied to the #development# of a #mixed building# to increase the #floor area# of the #residential#, #commercial# and/or #community facility# portions of such #building# so that the maximum #floor area# for such #building# may be increased by the aggregate of #development rights# so transferred. In no event shall the #floor area ratio# of a #residential building#, or portion thereof, exceed 12.0.

The City Planning Commission shall certify that ~~the~~ ***any*** proposed #development# ~~which~~ ***that*** utilizes ***such*** transferred #development rights# conforms ***to this section and, for those #receiving lots# within the Urban Renewal Area, to the*** regulations and controls of the Urban Renewal Plan.

91-66
Modification of Bulk Regulations

91-661
Special permit for bulk modifications

Within the South Street Seaport Subdistrict, the City Planning Commission may ***grant a special permit to*** modify the height and setback and #lot coverage# regulations of Section 91-30, provided that:
(a) either of the following conditions have been met:
(1) that the developer has obtained negative easements limiting the height of future #development# to 85 feet or less on any adjoining #zoning lots# which are contiguous or would be contiguous to said #zoning lot# but for their separation by a #street# or #street# intersection, and such easements are recorded against such adjoining #zoning lots# by deed or written instrument. The Commission shall consider the aggregated areas of said #zoning lot# and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the #zoning lot# on which the #development# will be located; or

(2) that the #lot coverage# for that portion of a #development# below 300 feet may be increased to a maximum of 80 percent when additional #development rights# have been purchased and converted to increased #lot coverage#. The maximum percentage of #lot coverage# on such #receiving lot# shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total #floor area ratio# on such #receiving lot# would exceed a #floor area ratio# of 21.6, provided that the #development# on such #receiving lot# has achieved a minimum #floor area ratio# of 18.0;

(b) In order to grant such special permit, the Commission shall make the following findings:

(1) the location of the #development# and the distribution of #bulk# will permit adequate access of light and air to surrounding #streets# and properties;

(2) any modification of height and setback will provide for better distribution of #bulk# on the #zoning lot#; and

(3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-662
Authorization for modification of bulk provisions and public space in C6-9 Districts
In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

(a) the alteration of any public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or

(b) the elimination or reduction of an existing public amenity, open or enclosed, for which a #floor area# bonus has been granted, provided that a new and/or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the #zoning lot#, and the Commission finds that:

(1) the public amenity to be eliminated no longer serves its original purpose; and

(2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the #Special Lower Manhattan District#; and

(c) the modification of the applicable height, setback, lot coverage and distance between buildings requirements for any new #development# or #enlargement# on a designated #receiving lot# that will incorporate transferred #development rights#, provided the Commission finds that the modifications:

(1) provide an appropriate distribution of #bulk# on the #zoning lot#;

(2) permit adequate access of light and air to the occupants or users of the #development# or #enlargement# and adjoining properties as well as the surrounding #streets#; and

(3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a #receiving lot# contains an existing #building#, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to (effective date of amendment) by the Board of Standards and Appeals, for such existing #building#.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

* * *

91-70
SPECIAL REGULATIONS FOR CERTAIN AREAS
#Developments# ***or #enlargements#*** in the ***former*** # Special ~~Lower Manhattan~~ ***Greenwich Street Development*** District# built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections 91-71 through 91-74, inclusive.

91-71
Authorization for the Modification of Required Public Amenities

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

(a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum #floor area ratio# or an increase in the adjusted basic maximum #floor area ratio#, the Commission may authorize:

(1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;

(2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable #floor area#; or

(3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus #floor area# at the time of #development#, the elimination of such portion of the amenity not tied to the bonus #floor area#, provided that the Commission finds that such portion is no longer useful or desirable.

(b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum #floor area ratio#, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.

(c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the #floor area# of the #building# or the substitution of equivalent complying area for such amenity elsewhere on the #zoning lot#, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the City Planning Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the #Special Lower Manhattan District#.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the City Planning Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72
Certification for Development on the Block bounded by Liberty, Washington, Cedar and West Streets
For the #block# bounded by Liberty, Washington, Cedar and West Streets, the City Planning Commission shall certify that the following improvements, eligible for as-of-right #floor area# bonuses in the amount specified, are included in any plans for a proposed #development#.

(a) The following mandatory improvements are eligible for as-of-right #floor area# bonuses:

(1) For an open pedestrian bridge with a minimum width of 15 feet spanning Washington Street near its intersection with Liberty Street to provide pedestrian access to the existing elevated public open space at the northern edge of the #block# bounded by Liberty, Washington, Albany and Greenwich Streets, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 90 square feet per linear foot.

(2) For a pedestrian connection at least 15 feet wide with a minimum floor to ceiling height of 12 feet between the existing pedestrian bridge spanning West Street and the bridge required over Washington Street pursuant to paragraph (a)(1) of this Section, as certified by the Commission, a #floor area# bonus shall be granted in the amount of 100 square feet per linear foot.

This connection shall be at the same height as the new bridge, provide an integrated connection to the existing West Street bridge and be open to the public for the same hours as the West Street bridge. Ramps but not stairs may be incorporated into the pedestrian connection to adjust its height to the Washington and West Street bridges.
(b) An optional pedestrian connection of public access from the pedestrian connection specified in paragraph (a)(2) of this Section to street level may be provided by stair, ramp or escalator and shall be eligible for an as-of-right #floor area# bonus of 120 square feet per linear foot of stair or, if provided by escalators at least 32 inches wide, 20,000 square feet for the provision of a single run, and 30,000 square feet for the provision of a double run.

The development shall have its major pedestrian entrance and lobby on Liberty Street and be integrated with and provide unobstructed pedestrian access between the pedestrian connection specified in paragraph (a)(2) of this Section and the lobby of any new #building# on this #block#

No other #floor area# bonuses are permitted on the #block# unless the Commission has certified that the improvements specified in paragraphs (a) and (b) of this Section are included in any plans for #development# on the #block#.

91-73
Special Permit for Development over the Approaches to the Brooklyn Battery Tunnel

The City Planning Commission, by special permit, may allow the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single #zoning lot# and may allow the #development# or #enlargement# of a #building# on such unmapped air space.

The #zoning lot# for such #development# or #enlargement# shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.

In order to grant such special permit, the Commission shall find that:

(a) adequate access and #street# frontage to one or more #streets# is provided; and

(b) the streetscape, site design and the location of building entrances of the proposed #development# or #enlargement# will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-74
Special Provisions for Battery Park Underpass/South Street

A #zoning lot# containing a #development#, or portion thereof, on a #waterfront zoning lot#, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the #zoning lot# that lies above the Battery Park Underpass/South Street shall not be considered #lot area# for the purpose of computing maximum #floor area#; however, such portion shall be considered #lot area# for all other purposes of this Resolution.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made avilable to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. OPERATION OF THE COMMUTER PARKING LOT AT THE STATEN ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City *Economic Development Corporation (EDC),*

and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest point of the parking lot is one-half mile from the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

FORENSIC/ASSISTED OUTPATIENT TREATMENT – Competitive Sealed Proposals* – Judgment required in evaluating proposals - PIN# 817RFP010006 – DUE 03-30-01 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to establish, through the Request for Proposal procurement process, six (6) programs with ten (10) awards for: forensic mentally ill adults; Assisted Outpatient Treatment (AOT) clients; mentally ill chemical abusing (MICA) adults; and seriously emotionally disturbed (SED) and at risk adolescents and young adults. The anticipated contract term for all contracts will be July 1, 2001 through June 30, 2004 and renewable upon Department approval for a maximum of two terms of three (3) years each. Proposers must be incorporated not-for-profit organizations. Certification by the New York State Office of Mental Health (NYSOMH) as a mental health clinic or day treatment program will be required for some programs.

CLINIC ENHANCEMENT (FORENSIC /ASSISTED OUTPATIENT TREATMENT [AOT]): (FIVE CONTRACTS) (MAXIMUM ANNUAL FUNDING LEVEL $91,409 FOR EACH CONTRACT). REGION: SOUTH BRONX (CDs 3, 4); EAST BRONX (CDs 9, 10); EAST BRONX (CDs 11, 12); WEST BRONX (CDs 5, 6) ; WEST BRONX (CDs 7, 8). In each target region, an existing certified clinic will be able to enhance the program by hiring additional staff with relevant clinical experience and skills in working with forensic mentally ill and/or AOT recipients. Each program enhancement will provide clinic and support services to a minimum of 120 individuals annually.

ASSISTED COMPETITIVE EMPLOYMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $250,000). REGION: BRONX BOROUGH-WIDE. This program will provide dually diagnosed mentally ill chemical abusing (MICA) adults and Assisted Outpatient Treatment recipients with integrated vocational and treatment services. It will assist a minimum of 48 clients annually to choose, find, and maintain jobs in the open competitive employment market. The contractor must be certified by SOMH to *operate either a Clinic or Continuing Day* Treatment Program at the proposed site. This award is subject to performance-based contracting.

DROP-IN CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $199,176). REGION: EAST BRONX (CDs 9, 10, 11, 12). This program will provide psychiatric, social, vocational and educational support services for 80 seriously emotionally disturbed (SED) adolescents/young adults who are non-compliant with structured outpatient treatment programs. Services will be provided in a low demand, flexible program environment. The program schedule will include Saturday and evening hours.

SUPPORTIVE CASE MANAGEMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $120,000). REGION: BRONX BOROUGH-WIDE. The program will provide on-going case management services to 80 seriously emotionally disturbed (SED) adolescents/young adults returning to the community following hospitalization or referred from existing intensive case management programs. This award is subject to performance-based contracting.
DAY TREATMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $106,493). REGION: BRONX BOROUGH-WIDE. The program will provide day treatment for a minimum of eight (8) seriously emotionally disturbed (SED) adolescents at the intermediate school level. It will expand an existing day treatment program that complies with all SOMH regulations in providing structured, intensive, non-residential clinical and special education services to children, as well as social and clinical support to their families.

ADOLESCENT SKILLS CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $240,000). REGION: WEST BRONX (CDs 5, 6, 7, 8). The program, targeted to a minimum of 45 SED older adolescents, will promote self sufficiency and the learning of basic academic, social and vocational skills that will enable clients to pursue and obtain future education and employment goals.

Applications may be picked up beginning February 26, 2001, at 93 Worth Street, Room 200, New York City, between the hours of 9:00 AM to 5:00 PM. Proposals must be hand delivered to the Department's Office of Contract Management, Room 200, 93 Worth street, New York City, no later than 4:00 PM on March 30, 2001. A Pre-Proposal Conference will be held on March 14, 2001, at Spector Hall , 22 Reade Street, New York City at 1:30 PM, at which time all substantive questions received to that date will be addressed. All questions raised at the Pre-Proposal Conference will be recorded. Any substantive questions the Department receives at the conference, as well as those received up to 10 days prior to the proposal submission due date, will be answered and distributed in the form of Addenda to all those known to have received a copy of the RFP. ■ NOTICE

NOTICE OF PUBLIC SCOPING

The Office of the Deputy Mayor for Economic Development and Finance

NOTICE IS HEREBY GIVEN THAT, pursuant to Section 5-07(b) of the Rules of Procedure of the New York City Charter, a public scoping meeting will be held on **Monday April 2, 2001 at Schwartz Lecture Hall, Room E, 550 First Avenue on the NYU Medical Center Campus, at 7:00 pm,** as submitted by the New York City Economic Development Corporation on behalf of the Office of the Deputy Mayor for Economic Development and Finance, to hear comments from the public regarding the proposed scope of work for the Draft Environmental Impact Statement (DEIS) for the East River Science Park. The East River Science Park is located on a 3.5-acre parcel from the FDR Drive to First Avenue, and from East 30th Street to approximately 29th Street. The proposal involves the new construction or renovation of approximately one million square feet of development to be built in three phases and will include over 500,000 square feet of biomedical laboratory, incubator and "second stage" research and development space; a 60,000 square foot state-of-the-art health sciences library; and, the adaptive re-use of the former Psychiatric Building for post doctoral housing, a small conference center, medical offices and a child care center.

The purpose of the scoping meeting is to provide the public with the opportunity to comment on the scope of *environmental analysis* proposed to be included in the DEIS for the referenced project. A copy of the Scoping Document and the Environmental Assessment Statement for the project may be obtained by any member of the public from:

New York City Economic Development Corporation
110 William Street, New York, New York 10038
Attention: Rachel Belsky, Assistant Vice President

Written comments will be accepted through Monday, April 16, 2001 and may be submitted at the public scoping meeting or to Rachel Belsky at the above address.

NOTE: Individuals requesting Sign Language Interpreters should contact the Mayor's Office of Contracts, Public Hearings Unit, 253 Broadway, 9th Floor, New York, New York 10007, (212) 788-7490, no later than FIVE (5) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. TDD users should call Verizon relay service.

INVOCATION

Men and Women of the City Council,

An example of the kindness bestowed upon humanity by our Creator is the unit of time. If night did not follow day or weekend follow week it would be too difficult to put past failings behind us in order to start anew. All the more so with the old year coming to an end and a New Year just beginning. We have yet another opportunity to let go of the past and strive for better from ourselves and for our city.

I therefore extend my blessing upon this meeting of the City Council so that it will take advantage of this precious opportunity and serve its constituents in excellence and with devotion. Amen.

Adoption of Minutes

Motion that the Minutes of the Stated Meeting of Tuesday, December 5, 2000 be adopted and printed by Council Member Espada.

Petitions and Communications

M-982

Communication from Council Member Jose Rivera – Submitting his resignation as a member of the New York City Council effective January 1, 2001.

Hon. Peter F. Vallone
Speaker
New York City Council
City Hall
New York, NY 10007

Dear Mr. Speaker:

On November 7, 2000, the people of the 78th assembly district honored me by electing me as their representative to the New York State Assembly. It is with great joy that I heed the people of the 78th assembly district and so on January 1, 2001, I will start my term as the newly elected member of the New York State Assembly for the 78`h assembly district.

However, although this is a great time in my life, it also saddens me that I must submit my resignation to you as a member of the New York City Council for the 15th district in The Bronx effective midnight December 31, 2000.

It has been both a privilege and an honor to work with you Mr. Speaker and to serve with my colleagues for the past thirteen years. I leave the New York City Council with a great respect for the people who make-up this body and most grateful for being able to serve the people of the 15th Councilmanic district and the people of the city of New York.

Respectfully yours,

Jose Rivera
Council Member
15th District, The Bronx

Received, Ordered, Printed and Filed.

REPORTS OF STANDING COMMITTEES

Report of the Committee on Finance

At this point the Speaker (Council Member Vallone) announced that the following items had been preconsidered by the Committee on Finance and had been favorably reported for adoption.

Int. No. 860

Report of the Committee on Finance in favor of approving and adopting, A Local Law in relation to the ate of submission by the mayor of a preliminary management report and the date prior to which the council shall conduct public hearings and the date by which the council shall submit a report or reports pertaining thereto, the date of submission by the director of management and budget and the director of city planning of a draft ten-year capital strategy, the date of submission by the city planning commission of a report on the draft ten-year capital strategy, the date of submission by the mayor of the preliminary certificate regarding debt and reserves and appropriations and expenditures for capital projects, the date of submission by the mayor of the preliminary budget, the date of publication by the director of the independent budget office of a report on revenues and expenditures, the date of submission by the community boards of statements in regard to the preliminary budget, the date of submission by the commissioner of finance of an estimate of the assessed valuation of real property and statement of real property taxes due, expected to be received, and uncollected, the date of submission by the mayor of a tax benefit report, the date of submission by the borough boards of statements on budget priorities, the date of submission by the council of estimates of the financial needs of the council , the date of submission by the borough presidents of proposed modifications of the preliminary budget, the date of publication by the director of the independent budget office of a report analyzing the preliminary budget, and the date by which the council shall hold hearings and submit recommendations in regard to the preliminary budget, relating to the fiscal year two thousand two.

The committee on Finance to which it was referred on January 3, 2001, the annexed local law respectfully

REPORTS:

Various provisions in chapter ten of the New York City Charter prescribe the actions that need to be taken as part of the annual budget submission process for the following fiscal year's budget. Chapter one of the Charter contains a provision providing for the Mayor's submission of, and Council hearings on, the ;Mayor's Preliminary Management Report (PMMR). In addition, the Charter provides for the submission of a draft ten-year capital strategy every two years. This proposed legislation would provide for an extension of the date for the submission by the Mayor of the preliminary budget for fiscal year 2002, as well as providing extensions for subsequent steps in the budget submission process. It also would extend the dates for submission by the Mayor of the PMMR and the date by which the Council must conduct its hearings and submit its recommendations on the report. Finally, it would also provide for an extension of the dates on which the director of the Mayor's Office of Management and Budget (OMB) and the City Planning Commission (CPC) must submit their draft ten-year capital strategy, and the date by which the CPC must hold a public hearing and submit comments in relation to that plan.

Pursuant to the proposed legislation, the dates for the Charter-prescribed actions of the draft ten-year capital strategy, budget submission process, and PMMR would be extended as follows:

Date	Charter Date	Extended For FY
2002		
Mayor's submission of preliminary management report	not later than January 30	not later than February 9

Introduction and Reading of Bills

Res. No. 1689

Resolution calling upon the New York State Legislature to amend the General Business Law regarding the regulation by the City of New York of spay/neutering requirements of pet shops.

By The Speaker (Council Member Vallone), Robles, Freed and Warden; also Council Members Leffler, Marshall, Nelson, Robinson and Sabini

Whereas, On May 12, 2000, the "New York City Animal Shelters and Sterilization Act" was signed into law and is codified in the New York City Administrative Code Sections 17-801 – 17-808; and

Whereas, Despite overwhelming support and need for the law in addressing the City's serious overpopulation of unwanted dogs and cats, representatives in the pet shop industry opposed the enactment of the law; and

Whereas, Shortly after the "New York City Animal Shelters and Sterilization Act" was signed into law by the Mayor, the New York State Legislature adopted legislation that amended the General Business Law; and

Whereas, The amendments to the General Business Law remove regulation by the City towards pet shops, particularly in the area of spay/neutering requirements, thereby superseding the City's authority to enforce the provisions relating to pet shops in the "New York City Animal Shelters and Sterilization Act;" and

Whereas, On August 16, 2000, Governor Pataki signed the legislation and it is scheduled to take effect on February 12, 2001; and

Whereas, As a result of this action by the State, the provisions of the "New York City Animal Shelters and Sterilization Act" regarding its application to pet shops will be preempted by State law; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the General Business Law, thereby allowing the City of New York to enforce the spay/neutering requirements of the "New York City Animal Shelters and Sterilization Act" towards pet shops.

Referred to the Committee on Health.

8. Notwithstanding any inconsistent provisions of section 239 of the New York city charter, as added by vote of the electors on November 7, 1989, the commissioner of finance shall pursuant to such section submit an estimate of the assessed valuation of real property and a certified statement of all real property taxes due as therein described not later than February 23, 2001.

9. Notwithstanding any inconsistent provisions of section 240 of the New York city charter, as added by vote of the electors on November 7, 1989, the mayor shall pursuant to such section submit a tax benefit report as therein described not later than

10. Notwithstanding any inconsistent provisions of section 241 of the New York city charter, as added by vote of the electors on November 7, 1989, each borough board shall pursuant to such section submit a statement of budget priorities as therein described not later than March 9, 2001.

11. Notwithstanding any inconsistent provisions of section 243 of such charter, as added by vote of the electors on November 7, 1989, the council shall pursuant to such section approve and submit estimates of the financial needs of the council as therein described not later than March 19, 2001.

12. Notwithstanding any inconsistent provisions of section 245 of the New York city charter, as added by vote of the electors on November 7, 1989, each borough president shall pursuant to such section submit any proposed modifications of the preliminary budget as therein described not later than March 23, 2001.

13. Notwithstanding any inconsistent provisions of section 246 of the New York city charter, as added by vote of the electors on November 7, 1989, the director of the independent budget office shall publish a report analyzing the preliminary budget as therein described on or before March 23, 2001.

14. Notwithstanding any inconsistent provisions of section 247 of the New York city charter, as added by vote of the electors on November 7, 1989, the council shall pursuant to such section hold hearings and submit recommendations as therein described not later than March 30, 2001.

§2. This local law shall take effect immediately and shall be retroactive to and deemed to have been in full force and effect as of November 1, 2000.

Adopted.

Int. No. 861

By Council Members Berman and Warden (by the request of the Mayor); also Council Member Abel

A LOCAL LAW to amend the administrative code of the city of New York, in relation to the assessment of commercial buildings.

Be it enacted by the Council as follows:

Section 1. Section 11-209 of the administrative code of the city of New York is amended to read as follows:

a. A building, *other than a commercial building,* in the course of construction, commenced since the preceding fifth day of January and not ready for occupancy on the fifth day of January following, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April.

b. (1) A commercial building in the course of construction, commenced since the fifth day of January one year preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April following the taxable status date.

(2) A commercial building in the course of construction, commenced since the fifth day of January two years preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April following the taxable status date.

(3) A commercial building in the course of construction, commenced since the fifth day of January three years preceding the taxable status date and not ready for occupancy or partially occupied on the taxable status date, shall not be assessed unless it shall be ready for occupancy or a part thereof shall be occupied prior to the fifteenth day of April following the taxable status date.

c. For purposes of this section, a "commercial building" shall mean a building that is intended to be used, and upon completion is used, exclusively or buying, selling or otherwise providing goods or services, or for other lawful business, commercial or manufacturing activities, excluding hotel services, except that a commercial building may contain a residential component other than a hotel, provided (i) that such residential component is receiving or has applied for and is eligible to receive a partial exemption from real property taxes pursuant to section four hundred twenty-one-a of the real property tax law, or (11) that such residential component in its entirety, both land and building, is receiving or has applied for and is eligible to receive a full exemption from real property taxes. Notwithstanding the foregoing sentence, a "commercial building" shall not include any building that is constructed on block 1049, lot 29 as shown on the tax map of the city of New York for the borough of Manhattan as such map was in effect for the assessment roll published in calendar year two thousand.

d. Subdivision b of this section shall not apply to a tax lot that constitutes a part of a building unless the building viewed as a whole is a commercial building as defined in subdivision c of this section.

e. Any building that receives the benefit conferred pursuant to subdivision b of this section that is subsequently determined not to have been a commercial building as defined in subdivision c of this section for any year in which it received such benefit shall have its assessment corrected for any such year. Taxes shall be imposed in the amount that would have applied had the corrected taxable assessed value appeared on the final assessment roll.

§2. This local law shall take effect forty-five days after it shall have become a law, provided that it shall apply only to commercial buildings whose construction shall have commenced after January 5, 2001.

Referred to the Committee on Finance.

Int. No. 862

By Council Member O'Donovan (by the request of the Mayor); also Council Member Abel

A LOCAL LAW to amend the administrative code of the city of New York, in relation to modifying the criteria for eligibility for real property tax exemptions and abatements for industrial and commercial properties in certain areas of the city.

Be it enacted by the Council as follows:

Section 1. Subdivision f of section 11-256 of the administrative code of the city of New York, as amended by local law number 58 for the year 1995, is amended to read as follows:

f "Commercial property" means nonresidential property: (1) on which will exist after completion of commercial construction work, a building or structure used for the buying, selling or otherwise providing of goods or services including hotel services, or for other lawful business, commercial or manufacturing activities; and (2) (a) where, except as provided in subparagraph (b) of this paragraph *and paragraph (3) of this subdivision*, not more than fifteen per centum of the total net square footage of any building or structure on such property was used for manufacturing activities at any one or more times during the twenty-four months immediately preceding the date of application for a certificate of eligibility or (b) where not more than fifteen per, centum of the total net square footage of any building or structure on such property yeas used for manufacturing activities at any one or more times during the sixty months immediately preceding the date of application for a certificate of eligibility if such property is located, in whole or in part, in the area in the borough of Manhattan lying south of the center line of 96th Street; [or, forty-eight months, in the area in the borough of Queens delineated by a line beginning at a point where the center line of Vernon Boulevard would intersect with the center line of Bridge Plaza South and running easterly parallel with Bridge Plaza South; continuing easterly parallel with Queens Plaza South to the center line of 23rd Street; thence southerly parallel to 23rd Street to the center line of 44th Drive; thence westerly parallel to 44th Drive to the center line of Vernon Boulevard; thence northerly parallel to Vernon Boulevard to the point of beginning] *and (3) in the commercial revitalization area, and with respect to an application for a certificate of eligibility filed on or after July first, two thousand, "commercial property" means nonresidential property on which will exist after completion of commercial construction work, a building or structure used for the buying, selling or otherwise providing of goods or services including hotel services, or for other lawful business, commercial or manufacturing activities.*

§ 2. Section 11-256 of the administrative code of the city of New York is amended by adding a new subdivision f-1 to read as follows:

f-1. "Commercial revitalization area" means any district that is zoned C4, C5, C6, M1, M2, or M3 in accordance with the zoning resolution in any area of the city except the area lying south of the center line of 96th street in the borough of Manhattan.

§ 3. Paragraph 3 of subdivision a of section 11-257 of the administrative code of the city of New York is amended by adding a new subparagraph (f) to read as follows:

(f) A recipient who filed an application for a certificate of eligibility for industrial construction work in the commercial revitalization area on or after July first, two thousand, and who following the effective date of such certificate of eligibility, both commenced and completed such work shall be eligible for an abatement of real property taxes in accordance with subparagraph (a) of this paragraph, provided, however. that where the total net square footage of the industrial property used or immediately available and held out for use for manufacturing activities involving the assembly of goods or the fabrication or processing of raw materials is less than seventy-five per centum of the total net square footage of the industrial property, the abatement of real property taxes shall be determined in accordance with rules promulgated by the department of finance. Notwithstanding the foregoing sentence, no such abatement shall be allowed where the total net square footage of the industrial property used or immediately available and held out for use for such manufacturing activities after completion of industrial construction work is less than the total net square footage used or immediate available and held out for use for such manufacturing activities before the commencement of such construction work. For purposes of this subparagaph only, the term "industrial construction work" shall mean the modernization, rehabilitation,

expansion or improvement of an existing building or structure for use as industrial property and the term "industrial property" shall mean nonresidential property on which will exist after completion of industrial construction work a building or structure wherein at least twenty-five per centum of the total net square footage is used or immediately available and held out for use for manufacturing activities involving the assembly of goods or the fabrication or processing of raw materials.

§ 4. This local law shall take effect on the same date as a chapter of the laws of 2000 amending the real property tax law relating to modifying the criteria for eligibility for real property tax exemptions and abatements for industrial and commercial properties in certain areas of cities having a population of one million or more, as proposed in legislative bill number S.8219, takes effect.

Referred to the Committee on Economic Development.

BOROUGH OF BROOKLYN
CD 5 C 990016 PPK

IN THE MATTER OF an application submitted by the Department of Citywide Administrative Services pursuant to Section 197-c of the New York City Charter, **for the disposition of twenty-three (23) city-owned properties, pursuant to zoning.**

A list and description of the properties can be seen in the Brooklyn Office of the Department of City Planning, 16 Court Street, 7th floor, Brooklyn, NY 11241.

BOROUGH OF BROOKLYN
CD 1 C 000495 HUK

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 9th amendment to the Williamsburg I Urban Renewal Plan for the Williamsburg I Urban Renewal Area.

The proposed plan:

1. Subdivides Site 1D by removing 498 and 500 Bedford Avenue and creating a new Site 1F.

2. Modifies the Land Use Map to reflect the proposed narrowing of Clymer Street adjacent to Site 1F.

3. Modifies the definition of residential land use to permit community facilities within residential designated sites including Site 1F.

4. Modifies Table 1 to include Site 1F.

5. Updates the schedule for effectuation of the Plan.

The proposed plan would facilitate rehabilitation of two existing buildings for community facility and residential use.

BOROUGH OF BROOKLYN
CD 1 C 000496 MMK

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD), pursuant to sections 197-c and 199 of the New York City Charter and Section 5-430 *et seq.* of the New York City Administrative Code, **for an amendment to the City Map involving the elimination, discontinuance and closing of a portion of Clymer Street, from the southwesterly line of Bedford Avenue to a point 90.00 feet southwesterly therefrom, the adjustment of grades necessitated thereby, and any acquisition or disposition of real property related thereto,** in accordance with map No. X-2644, dated September 28, 2000 and signed by the Borough President.

BOROUGH OF BROOKLYN
CD 1 C 000497 HAK

IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of 498 and 500 Bedford Avenue (Block 2168, Lots 36 and 37), as an Urban Development Action Area;

b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by HPD; to facilitate rehabilitation of two existing buildings for community facility and residential use.

BOROUGH OF MANHATTAN
CD 1 N 010213 ZRM

IN THE MATTER OF an application submitted by McGraw Hill Companies, Inc., pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to Section 91-13 of Article IX, Chapter 1 concerning the sign regulations of the Special Lower Manhattan District.

Proposed Text Amendment

Matter in Bold Italic is new, to be added;
Matter in Italic is old, to be deleted;
Matter within # # is defined in Sections 12-10 or 84-01 of the Zoning Resolution

***

91-133
Height of Signs in C6-9 Districts

In C6-9 Districts within the #Special Lower Manhattan District#, the regulations of Section 32-655 (Height of Signs in all other Commercial Districts) may be modified to allow a maximum height of 50 feet above curb level, provided the Chairperson of the City Planning Commission certifies that the design features of the existing #building#, as they appear on (date this section is approved), would unduly obstruct the visibility of the #sign# without such modification.

SUPREME COURT

■ NOTICE

NOTICE OF PETITION
RICHMOND COUNTY
INDEX NUMBER CY4008/01

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple to certain real property where not heretofore acquired for, UNCAS POND - STATEN ISLAND BLUEBELT SYSTEM located in the area generally bounded by Lenevar Avenue, Albourne Avenue, Vogel Avenue, and Parkwood Avenue in the Borough of Staten Island, County of Richmond, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the Supreme Court of the State of New York, Richmond County, at IA Part 74, to be held in and for Richmond County at the County Courthouse, 18 Richmond Terrace, in the Borough of Staten Island, City and State of New York on the 14th of March, 2001at 9:30 A.M. The application will not be heard at that time but will immediately adjourned to be heard at IA Part 74 of the Supreme Court, 360 Adams Street, Brooklyn New York, in the Borough of Brooklyn, City of New York on the 15th day of March, 2001 at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1) authorizing the City to file an acquisition map in the office of the Clerk of Richmond County;

2) directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4) providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the Uncas Pond - Staten Island Bluebelt System project site in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is generally described as follows:

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above $25,000 for goods and services, $50,000 for construction and construction-related services, and $100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

BIDDERS LIST APPLICATIONS

New York City procures approximately $7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St.,18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services,

110 William Street, 2nd Floor,

New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PARCEL FOR ASSISTED LIVING ON THE GROUNDS OF KINGS COUNTY HOSPITAL CENTER RFP – Competitive Sealed Proposals (S/A) – DUE 03-13-01 AT 5:00 P.M. – The New York City Economic Development Corporation (EDC), on behalf of the City of New York, together with the New York City Health and Hospitals Corporation (HHC) is issuing a request for proposals (RFP) for the development of a parcel of the grounds of the Kings County Hospital Center in Brooklyn, N.Y. EDC and HHC are seeking to develop the parcel as an assisted living facility, which would complement existing and proposed functions of the Center and provide beneficial service to the community and City residents. Limited financial assistance from EDC and HHC will be made avilable to the selected developer.

The one-acre parcel is located on the west side of Albany Avenue between the extensions of Fenimore and Hawthorne streets in central Brooklyn. Currently, the parcel is used for surface parking for Kings County Hospital Center. To the north of the parcel is the Doctor Susan Smith McKinney Nursing and Rehabilitation Center. The 44-acre campus of Kings County Hospital Center is currently undergoing a four-phase redevelopment.

To obtain an RFP, please submit your name, address and telephone number to Cheryl Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to KCHC-0101 in the subject line. RFP responses must be submitted to EDC by 5:00 p.m. on Tuesday, March 13, 2001.

OPERATION OF THE COMMUTER PARKING LOT AT THE STATEN ISLAND FERRY TERMINAL AND MINOR LEAGUE BASEBALL STADIUM RFP – Competitive Sealed Proposals – Judgement required when evaluating proposals – DUE 03-20-01 at 2:00 P.M. – The Apple Industrial Development Corporation, in conjunction with the New York City Economic Development Corporation (EDC), and on behalf of the City of New York, is issuing a Request For Proposals (RFP) for the operation of the commuter parking lot at the Staten Island Ferry Terminal and Minor League Baseball Stadium in Staten Island, N.Y.

The parking lot is located along Richmond Terrace in the St. George section of Staten Island, between Wall and Jersey Streets. The parking lot consists of an east parking area and a west parking area, separated by a newly built baseball stadium. The farthest *point of the parking lot is one-half mile from* the entrance of the Staten Island Ferry Terminal. Due to the parking lot's proximity to public transportation, it is anticipated that the parking lot would be promoted as a park-and-ride facility for commuters. The parking lot will be open for business on a seven-day, 24-hour basis and will have a total capacity of 936 public parking spaces. The parking lot will be well lit to municipal lot standards and newly paved prior to commencement of operations.

To obtain an RFP, please submit your name, address and telephone number to Cherly Elmore, Director, Contract Administration and Procurement, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to SIPL-0201 in the subject line. RFP responses must be submitted to EDC by 2:00 p.m. on Tuesday, March 20, 2001.

WHITEHALL FERRY TERMINAL - SOUTH ST. SUBWAY ENTRANCE MODIFICATIONS - (EOI) – Innovative Procurement (S/A) – DUE 03-26-01 at 4:00 P.M. – The New York City Economic Development Corporation is seeking *Expressions of Interest* from experienced contractors, interested in participating in the *South Ferry Station Subway Entrance Modifications* contract, which is part of the phased demolition and reconstruction of the Whitehall Ferry Terminal project. The existing ferry terminal will be reconstructed in a multi-sequence to insure that the ferry operation can safely continue through out the construction program.

The *South Ferry Station Subway Entrance Modifications* work consists of heavy underground construction including deep foundations (e.g. excavation, sheeting, and dewatering), structural demolition of subway tunnels and construction of new Transit Authority (TA) station entrances. The estimated construction value is $3.0 million. DBE participation is encouraged. The construction period will likely commence in the fourth quarter of calendar year 2001 and complete in late 2002 with intermediate completion dates for various work elements.

To assist contractors in preparing their reply, a free "information package" is available at the Whitehall Ferry Terminal's project office. Interested contractors can pick up an information package beginning February 19, 2001, between the hours of 9:30 AM and 4:00 PM, at the following location:

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – CSP – PIN# 071-00S003262 – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

FORENSIC/ASSISTED OUTPATIENT TREATMENT – Competitive Sealed Proposals* – Judgment required in evaluating proposals - PIN# 817RFP010006 – DUE 03-30-01 AT 4:00 P.M. – The New York City Department of Mental Health, Mental Retardation and Alcoholism Services is seeking to establish, through the Request for Proposal procurement process, six (6) programs with ten (10) awards for: forensic mentally ill adults; Assisted Outpatient Treatment (AOT) clients; mentally ill chemical abusing (MICA) adults; and seriously emotionally disturbed (SED) and at risk adolescents and young adults. The anticipated contract term for all contracts will be July 1, 2001 through June 30, 2004 and renewable upon Department approval for a maximum of two terms of three (3) years each. Proposers must be incorporated not-for-profit organizations. Certification by the New York State Office of Mental Health (NYSOMH) as a mental health clinic or day treatment program will be required for some programs.

CLINIC ENHANCEMENT (FORENSIC /ASSISTED OUTPATIENT TREATMENT [AOT]): (FIVE CONTRACTS) (MAXIMUM ANNUAL FUNDING LEVEL $91,409 FOR EACH CONTRACT). REGION: SOUTH BRONX (CDs 3, 4); EAST BRONX (CDs 9, 10); EAST BRONX (CDs 11, 12); WEST BRONX (CDs 5, 6) ; WEST BRONX (CDs 7, 8). In each target region, an existing certified clinic will be able to enhance the program by hiring additional staff with relevant clinical experience and skills in working with forensic mentally ill and/or AOT recipients. Each program enhancement will provide clinic and support services to a minimum of 120 individuals annually.

ASSISTED COMPETITIVE EMPLOYMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $250,000). REGION: BRONX BOROUGH-WIDE. This program will provide dually diagnosed mentally ill chemical abusing (MICA) adults and Assisted Outpatient Treatment recipients with integrated vocational and treatment services. It will assist a minimum of 48 clients annually to choose, find, and maintain jobs in the open competitive employment market. The *contractor must be certified by SOMH to* operate either a Clinic or Continuing Day Treatment Program at the proposed site. This award is subject to performance-based contracting.

DROP-IN CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $199,176). REGION: EAST BRONX (CDs 9, 10, 11, 12). This program will provide psychiatric, social, vocational and educational support services for 80 seriously emotionally disturbed (SED) adolescents/young adults who are non-compliant with structured outpatient treatment programs. Services will be provided in a low demand, flexible program environment. The program schedule will include Saturday and evening hours.

SUPPORTIVE CASE MANAGEMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $120,000). REGION: BRONX BOROUGH-WIDE. The program will provide on-going case management services to 80 seriously emotionally disturbed (SED) adolescents/young adults returning to the community following hospitalization or referred from existing intensive case management programs. This award is subject to performance-based contracting.

DAY TREATMENT: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $106,493). REGION: BRONX BOROUGH-WIDE. The program will provide day treatment for a minimum of eight (8) seriously emotionally disturbed (SED) adolescents at the intermediate school level. It will expand an existing day treatment program that complies with all SOMH regulations in providing structured, intensive, non-residential clinical and special education services to children, as well as social and clinical support to their families.

ADOLESCENT SKILLS CENTER: (1 CONTRACT) (MAXIMUM ANNUAL FUNDING LEVEL $240,000). REGION: WEST BRONX (CDs 5, 6, 7, 8). The program, targeted to a minimum of 45 SED older adolescents, will promote self sufficiency and the learning of basic academic, social and vocational skills that will enable clients to pursue and obtain future education and employment goals.

Applications may be picked up beginning February 26, 2001, at 93 Worth Street, Room 200, New York City, between the hours of 9:00 AM to 5:00 PM. Proposals must be hand delivered to the Department's Office of Contract Management, Room 200, 93 Worth street, New York City, no later than 4:00 PM on March 30, 2001. A Pre-Proposal Conference will be held on March 14, 2001, at Spector Hall , 22 Reade Street, New York City at 1:30 PM, at which time all substantive questions received to that date will be addressed. All questions raised at the Pre-Proposal Conference will be recorded. Any substantive questions the Department receives at the conference, as well as those received up to 10 days prior to the proposal submission due date, will be answered and distributed in the form of Addenda to all those known to have received a copy of the RFP. Questions may be delivered to Room 200 at 93 Worth Street, New York City, or faxed to (212) 219-5466.

Name, Description and Location of Proposal
Meyers West 39th Street Parking Garage

The applicant, Meyers Parking System, Inc., is seeking a Special Permit pursuant to ZR Sections 13-562 and 74-52 to allow a public parking garage in a C5-3 zoning district The project site is located at 104 West 39th Street, a.k.a. 1029 Avenue of the Americas, between W. 38th and W. 39th Streets (Block 814, Lots 34, 35 and 45), in Manhattan Community District 5. The site is located in a C5-3 district within the Special Midtown District. The Special Permit would facilitate the construction of a 408-space public parking garage with 20 reservoir spaces. The proposed garage would be located on a portion of the ground level and most of the second sub-cellar, sub-cellar, second and third floors of a new as-of-right development planned for the site. The overbuild development is expected to consist of a transient hotel with approximately 420 rooms and 3,162 square feet of ground level retail.

The new public parking facility would consist of approximately 80,213 gross square feet and an unobstructed parking area of approximately 67,028 square feet. Two-high parking stackers would be used on the second sub-cellar, second and third levels to achieve the 408-space capacity. Access to the proposed parking garage would be via two existing curb cuts located on West 38th Street and West 39th Street, approximately 80 feet west of Avenue of the Americas. No new curb cuts would be required.

The project site is currently occupied by Meyers West 39th Street Parking Garage, a three-story (plus cellar), 230-space special permit parking garage with ground level retail, and one other four-story commercial building with ground level retail. The as-of-right hotel development planned for the site would displace approximately 10 existing small retail businesses and approximately 8 small commercial businesses.

Statement of No Significant Effect Upon Project Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated February 26, 2001, prepared in connection with ULURP No. 010023ZSM. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment upon modification to include the following condition:

● The applicant agrees to contact the NYC Department of Transportation (NYCDOT) within six months after the completion of the project and to inform them of the need to implement traffic mitigation. As shown in Table C-10 of the Environmental Assessment Statement dated February 26, 2001, under the 2003 build conditions, the proposed project is expected to result in a traffic impact at the intersection of Sixth Avenue and West 38th Street as traffic exits the site in the PM peak hour. The mitigation required to eliminate the impact would be to transfer two seconds to the eastbound approach from the northbound approach (see EAS Table C-9) because Sixth Avenue has more excess capacity than West 38th Street. The delay would decrease from 75.9 seconds (LOS F) to 52.4 seconds (LOS E), thereby eliminating the impact, as shown in EAS Table C-10.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

● The NYCDOT has completed its review of the traffic chapter of the Environmental Assessment Statement for this project. As per their letter dated February 23, 2001, which is included in the project's CEQR file, DOT has stated that the proposed mitigation measure appears reasonable and appropriate for the intersection of West 38th Street and Sixth Avenue. After being contacted by the applicant, following the completion of the project, DOT will investigate the feasibility of implementing the mitigation measure.

● No other effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.
