READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS
OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

BRONX TERMINAL MARKET RELOCATION SERVICES CONSULTANT – Request for Proposals – DUE 08-09-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for business relocation consulting services for the in-place tenants of the Bronx Terminal Market (the "Market"). The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. In conjunction with NYCEDC, a development entity affiliated with The Related Companies, a New York real estate developer, expects to seek approvals to redevelop the property occupied by the Market as a shopping center. NYCEDC will coordinate relocation assistance for in-place commercial tenants and is seeking a consultant to support these efforts. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

LOCAL LAWS 2004

■ **NOTICE**

FOR THE YEAR 2004

No. 9

Introduced by Council Members Felder, Avella, Nelson, Fidler, Stewart, DeBlasio, Clarke, Comrie Jr., Gennaro, Liu, Martinez, Seabrook, Sears, Serrano, Vann, Weprin, Yassky, Brewer, Gerson, Recchia Jr., Gentile, Addabbo Jr., Katz, Vallone Jr., Lanza, Palma, Gioia and Gonzalez.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to littering to include all premises in the citywide routing system.

Be it enacted by the Council as follows:

Section 1. Subdivisions a, b and c of section 16-118.1 of the administrative code of the city of New York as enacted by local law 31 for the year 1990 are hereby amended to read as follows:

a. The department shall implement a citywide routing system for the enforcement of subdivision two of section 16-118 of this code, as such subdivision relates to cleaning of sidewalks, flagging, curbstones and roadway areas by owners, lessees, tenants, occupants or persons in charge of [commercial] *any* premises. The citywide enforcement routing system shall limit the issuance of notices of violation, appearance tickets or summonses within any sub-district of a local service delivery district to predetermined periods of a total of no more than two hours each day, provided that each such predetermined period shall be one hour. The department shall establish a citywide schedule of periods for issuing notices of violation, appearance tickets or summonses in each district and shall give written notice to the owners, lessees, tenants, occupants or persons in charge of [commercial] any premises in each district of the periods for the district in which their premises are located by the use of flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful.

b. Notwithstanding the provisions of subdivision a of this section, the commissioner may provide an additional predetermined period of one hour per day during which notices of violation, appearance tickets or summonses may be issued in any sub-district within a local service delivery district upon the commissioner's determination that the total of two hours otherwise permitted by this section is not sufficient to maintain the sidewalks, flagging, curbstones and roadways in such sub-districts in an adequately clean condition. Such determination shall be based upon a finding that there has been a decline in the average street cleanliness ratings compiled by the mayor's office of operations for such district for the most recent three-month period as compared to the average street cleanliness ratings compiled by the mayor's office of operations for the same three-month period in fiscal year nineteen hundred ninety. Notice of any increase in the number of hours during which notices of violation, appearance tickets or summonses can be issued or of any change in such hours shall be given by letter to the community board, the owners, lessees, tenants, occupants or persons in charge of [commercial] *any* premises in the affected sub-districts within a local service delivery district and every council member representing the local service delivery district no less than forty-five days prior to the implementation of such increase or change. Any additional notice may be given by use of letters, flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful. Written notice to a council member shall be sent to the council member's district office.

c. For the purpose of this section, the following terms shall have the following meanings: (i)["commercial premises" means any premises abutting the sidewalk at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession; (ii)] "local service delivery district" means a local service delivery district as described in chapter sixty-nine of the charter of the city of New York and [(iii)] *(ii)* "sub-district" means a section within a local service delivery district as described in chapter sixty-nine of the charter of the city of New York.

§2. This local law shall take effect ninety days after its enactment into law.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the publication of concept reports regarding requests for proposals.

Be it enacted by the Council as follows:

Section 1. Legislative Findings and Intent. The Council hereby finds that the request for proposal process for human service contracts for vital services is long, inefficient and cumbersome. The Council further finds that currently, community input into requests for proposals is inadequate leading to amendments, long delays and sometimes the outright cancellation of requests for proposals for contracts in vital areas such as youth development and summer jobs. The Council finds that community-based organizations—those who provide human services and who will likely be responding to the requests for proposals—are important sources of information on best practices, program design and community needs and trends. Without such information and input the city cannot competently craft requests for proposals. The Council therefore finds and declares that it is the policy of the city to allow ample opportunity and notice regarding imminent requests for proposals for human services to provide input into the proposed content of such proposals and ensure more efficient and timely letting of human services contracts.

§ 2. Chapter 1 of title 6 of the administrative code of the city of New York is amended by adding a new section 6-111.2 to read as follows:

6-111.2 Client services contracts. No request for proposal for new client services program contracts shall be released to the public unless at least 45 days prior to such release a concept report regarding such request for proposal is released to the public. Prior to the release of concept reports, the city shall publish a notification of the release in five consecutive editions of the city record and electronically on the city's website in a location that is accessible to the public, and upon release, concept reports shall be posted on the city's website in a location that is accessible by the public. For purposes of this subdivision, the term, "new client services program" shall mean any program that differs substantially in scope from an agency's current contractual client services programs, including, but not limited to, substantial differences in the number or types of clients, geographic areas, evaluation criteria, service design or price maximums or ranges per participant if applicable. For purposes of this subdivision, the term, "concept report", shall mean a document outlining the basic requirements of a request for proposal for client services contracts and shall include, but not be limited to, statements explaining:

(i) the purpose of the request for proposal;

(ii) the planned method of evaluating proposals;

(iii) the proposed term of the contract;

(iv) the procurement timeline, including, but not limited to, the expected start date for new contracts, expected request for proposal release date, approximate proposal submission deadline and expected award announcement date;

(v) funding information, including but not limited to, total funding available for the request for proposal and sources of funding, anticipated number of contracts to be awarded, average funding level of contracts, anticipated funding minimums, maximums or ranges per participant, if applicable, and funding match requirements;

(vi) program information, including, but not limited to, as applicable, proposed model or program parameters, site, service hours, participant population(s) to be served and participant minimums and/or maximums; and

(vii) proposed vendor performance reporting requirements.

b. Notwithstanding the issuance of a concept report, the agency may change the above-required information at any time after the issuance of such concept report. Non-compliance with this section shall not be grounds to invalidate a contract.

§3. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§4. This local law shall take effect one hundred twenty days after its enactment.

The draft and final plan and schedule shall include, but not be limited to: the type of services to be provided, the authorized maximum amount of funding associated with the program, the authorized number of contracts to be let for a particular program, the month and year of the next planned competitive solicitation. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. NYCEDC plans to select a consultant in August 2004.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

BINDING REPORTS

ISSUE DATE:	DOCKET #:	SRB #:
06/25/04	046748	SRB 04-8093

ADDRESS	BOROUGH:	BLOCK/LOT:
BROOKLYN BRIDGE Brooklyn Bridge INDIVIDUAL LANDMARK	MANHATTAN	113 / 1

To the Mayor, the Council, and the Commissioner, Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed plans for replacng the four existing travelers of the Brooklyn Bridge, with new travelers, with the new travelers to be fabricated of metal, painted to match the existing colors, as described in the application and as shown in photographs and in drawings 1 through 5, all stamped "Received Preservation Department May 14, 2004", all submitted by the Department of Transportation as components of this proposal.

The Commission notes that the Brooklyn Bridge designation report describes the landmark as a suspension bridge built in 1867-83 by John A. and Washington Roebling. The Commission also notes that the travelers are moving platforms hanging below the roadway of the bridge which give access to the underside for inspection and maintenance.

The Commission finds that the design of the proposed travelers are similar to the existing travelers in terms of materials, details, operation, overall dimensions, and finish; that the new travelers maintain the utilitarian character of the exisitng travelers; that the work will not require the removal of, or damage to, any significant protected architectural features of the bridge; and that the ultimate effect of the work will be to allow for cateful inspection and maintenance of this individual landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
PROSPECT PARK SOUTH SIDEWALKS PROSPECT PARK SOUTH	BROOKLYN	.....

To the Mayor, the Council, and the President of the New York City Economic Development Corporation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has received a proposal to remove each of the existing deteriorated granite curbs, located in the Prospect Park South Historic District, and to replace them with concrete curbs, tinted to match the color of bluestone, as shown in photographs and a map, dated received June 9, 2004, and prepared by the NYC Economic Development Corporation.

In reviewing this application, the Commission notes that the proposed work is on curbs located within the Prospect Park South Historic District, a district comprised of a development of large, comfortable houses in a suburban neighborhood, erected between 1899 and 1910 in a wide variety of styles, including the Colonial Revival, neo-Tudor, Queen Anne, Swiss chalet and Japanese pagoda styles. The Commission further notes that the curbs in this historic district were originally granite.

With regard to this proposal, the Commission finds that the deteriorated condition of the existing granite curbs warrant their replacement; that the removal of curb will not affect significant architectural features; that the proposed concrete curb, tinted to resemble bluestone, will help maintain a consistent curb treatment in the district, and will strengthen the historic character of the building, streetscape, and district. Based on these findings, the proposed work is determined to be appropriate to the building and the Prospect Park South Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.
Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS
OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. In conjunction with NYCEDC, a development entity affiliated with The Related Companies, a New York real estate developer, expects to seek approvals to redevelop the property occupied by the Market as a shopping center. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous

to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

BRONX TERMINAL MARKET RELOCATION SERVICES CONSULTANT – Request for Proposals – DUE 08-09-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for business relocation consulting services for the in-place tenants of the Bronx Terminal Market (the "Market"). The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. In conjunction with NYCEDC, a development entity affiliated with The Related Companies, a New York real estate developer, expects to seek approvals to redevelop the property occupied by the Market as a shopping center. The plan requires the Market buildings be vacated, in order for the shopping center to be constructed.

NYCEDC will coordinate relocation assistance for in-place commercial tenants and is seeking a consultant to support these efforts. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. NYCEDC plans to select a consultant in August 2004.

All questions related to this RFP should be directed via e-mail to BTMRCrfp@nycedc.com by Wednesday, July 14, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Monday, July 19, 2004 at www.nycedc.com/BTMRCrfp. No contact with NYCEDC or the Related Companies regarding issues raised by this RFP will be permitted.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 29, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. **RESPONSES ARE DUE NO LATER THAN 4:00 p.m., Monday, August 9, 2004.** Three copies of the proposal, as described in Section VIII of the RFP, should be sent to 110 William Street, 6th Floor, New York, NY 10038, Attention: Paul Tamboia, Agency Chief Contracting Officer, Vice President, Administration. For more information and to get a copy of the RFP, visit www.nycedc.com/BTMRCrfp or call (212) 312-3969.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

§16-11 ***Permit Suspension or Revocation.*** Any violation of these rules by an Access Permit holder or by a person under 14 years of age accompanying an Access Permit holder is cause for suspension or revocation of such Access Permit and any related NYCDEP issued Tags, may affect issuance of a future NYCDEP Access Permit and/or Tag as determined by NYCDEP and may also subject the violator to prosecution to the fullest extent of the law. Any violation of these rules by a person without a NYCDEP Access Permit and/or Tag may affect future eligibility for a NYCDEP Access Permit and/or Tag and may also subject the violator to prosecution to the fullest extent of the law. Upon request of a NYCDEP representative or law enforcement officer, an Access Permit holder shall surrender their NYCDEP Access Permit and/or any Tag to the requestor. Such Access Permit holder must immediately leave the City Property. The Access Permit holder may provide NYCDEP with a written explanation of the alleged violation within ten days. If NYCDEP determines that the Access Permit and/or Tag should be suspended, a letter including the basis for the suspension, the period of suspension and the expiration date of the suspension period shall be sent to the Access Permit holder. The person may not enter upon City Property until the period of suspension has ended and NYCDEP returns the Access Permit and related Tags, as applicable.

(b) Revocation. If NYCDEP determines that the Access Permit and/or Tag should be revoked, a letter including the basis for revocation shall be sent to the former Access Permit holder. Revocation is effective immediately upon issuance of such letter. The former Access Permit holder may not apply for a new Access Permit and/or Tag until the date specified in the letter, if any.

§16-12 ***Unenforceability.*** If any clause, sentence, paragraph, subdivision, section, rule or part of this chapter shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, rule or part thereof directly involved in the controversy in which such judgment shall have been rendered.

STATEMENT OF BASIS AND PURPOSE

The purpose of the proposed rules is to provide further protection to the New York City drinking water supply by repealing 1 RCNY Chapter 16 and replacing it with comprehensive rules concerning all permissible recreational uses of New York City water supply lands and waters. One specific purpose of the proposed rules is to consolidate interim permit conditions for hunting and hiking with the former Fishing and Boating rules to establish one statutory

chapter for all recreational rules. A second specific purpose of the proposed rules is to establish the requirement that all persons accessing New York City water supply lands and waters apply for, receive, maintain and carry a New York City Department of Environmental Protection Access Permit. The Access Permit will greatly assist the Department in its responsibility to safeguard the integrity of the water supply. Additionally, the proposed rules establish increased fees for the City to remove boats found on water supply lands and waters and shorten the time period within which the City may dispose of such removed boats. Finally, the proposed rules establish administrative replacement fees for certain DEP-issued documents.

The proposed rules are derived from historical recreational uses of the land that are recognized in the New York City Watershed Memorandum of Agreement ("MOA") and are not intended to establish supervised recreational activities on these lands. The City does not assume any liability for the recreational use by the public of its land beyond that provided in General Obligation Law §9-103.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

BRONX TERMINAL MARKET RELOCATION SERVICES CONSULTANT – Request for Proposals – DUE 08-09-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for business relocation consulting services for the in-place tenants of the Bronx Terminal Market (the "Market"). The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. In conjunction with NYCEDC, a development entity affiliated with The Related Companies, a New York real estate developer, expects to seek approvals to redevelop the property occupied by the Market as a shopping center. The plan requires the Market buildings be vacated, in order for the shopping center to be constructed.

NYCEDC will coordinate relocation assistance for in-place commercial tenants and is seeking a consultant to support these efforts. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. NYCEDC plans to select a consultant in August 2004.

All questions related to this RFP should be directed via e-mail to BTMRCrfp@nycedc.com by Wednesday, July 14, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Monday, July 19, 2004 at www.nycedc.com/BTMRCrfp. No contact with NYCEDC or the Related Companies regarding issues raised by this RFP will be permitted.

Detailed submission guidelines and requirements are outlined in the RFP, available as of June 29, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. **RESPONSES ARE DUE NO LATER THAN 4:00 p.m., Monday, August 9, 2004.** Three copies of the proposal, as described in Section VIII of the RFP, should be sent to 110 William Street, 6th Floor, New York, NY 10038, Attention: Paul Tamboia, Agency Chief Contracting Officer, Vice President, Administration. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

■ NOTICE

NOTICE OF ADOPTION

Notice of Adoption of Amendments to Rule Regarding Revocable Consents and Licenses to Operate Sidewalk Cafes.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-220 of Chapter 2, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts amendments to an existing rule regarding revocable consents and licenses to operate sidewalk cafes.

These amendments were proposed and published on May 24, 2004. The required public hearing was held on June 25, 2004

Material being deleted is shown below in brackets and material being be added is underlined.

RULE

Section 1. Subdivision (c) of section 2-46 of title 6 of the rules of the City of New York is hereby amended to read as follows:

(c) Standard adjacent (i.e.: non-pedestrian path) clearances for improvements from the following existing objects are:

Subway entrance (except flat end)	15'
Sidewalk cafes (enclosed only)	15'
Bus stop (with shelter at open end)	15'
Other authorized object (over 15 square feet)	15'
Fire hydrants[/standpipes]	10'
Traffic lights	9'
Telephone booths/kiosks	8'
Mail boxes	8'
Lamp posts	8'
Street trees (with fencing and guards)	8'
Bicycle racks (including all bicycles)	8'
Benches (only for enclosed cafes)	5'
Subway entrance/bus stop (at closed end)	5'
All other legal street furniture	5'
Cellar door (unless closed, locked, and reinforced)	3'
Transformer vaults/subway grates	3'
Siamese connections	3'

§ 2. Subdivision (c) of section 2-53 of title 6 of the rules of the City of New York is hereby amended to read as follows:

(c) The furnishing of the interior of a sidewalk café shall consist solely of movable tables, chairs and decorative accessories. No objects, except lighting fixtures and HVAC installations, may be permanently affixed onto any portion of the sidewalk café wall. In no event shall such objects penetrate the exterior perimeter wall or roof of the enclosed sidewalk café or impede the transparency as required by this subchapter. [The exhaust for such HVAC installations on the adjacent walls shall not be less than ten feet above the curb level.] Exhaust ducts on adjacent walls must be at least ten feet above the sidewalk.

Statement of Basis and Purpose. Section 20-220 of the Administrative Code authorizes the Commissioner to promulgate such rules as are necessary to carry out the provisions of subchapter 6 regarding the issuance of licenses and revocable consents to operate sidewalk cafes. The Commissioner has promulgated such rules that specify in section 2-46 (c) of Title 6 of the Rules of the City of New York the minimum distances to be maintained by sidewalk cafes from objects on sidewalks and that specify in section 2-53 of such title the authorized locations of objects on the building walls adjacent to a sidewalk café.

The amendment to section 2-46 (c) deletes the ten foot clearance requirements for what is referred to as standpipes and replaces it with a three foot clearance requirement for Siamese connections, which is the proper description of such fixtures and clearance required by the NY City Fire Department for such fixtures.

The amendment to section 2-53 (c) expands the placement requirements of exhaust for only HVAC installations to all exhaust ducts on walls adjacent to the sidewalk cafes. This change conforms the requirement included in this section to the provision contained in Reference Standard 13 of the Appendix to chapter 1 of Title 27 of the Administrative Code.

The New York City Department of Consumer Affairs
42 Broadway
New York, NY 10004-1716

Gretchen Dykstra
Commissioner

I hereby find, pursuant to §1043, subdivision e, paragraph 1(c) of the City Charter, and represent to the mayor, that there is a substantial need for the implementation of the amendments to the rules governing sidewalk cafes upon the publication in the *City Record* of its Notice of Adoption.

The City Council adopted on May 5, 2004 amendments to the Zoning Resolution that authorized the placement of only small sidewalk cafés in designated areas of the city. Provisions in the current rules governing sidewalk cafes relating to Siamese connections and the placement of HVAC installations would, however bar the placement of such small sidewalk cafes where they would otherwise be authorized under the amended Zoning Resolution.

Since the amendments to the sidewalk café rules conform the distance requirements to Siamese connection to the clearance now required by the NYC Fire Department, and would conform the installation requirements for exhaust ducts to those contained in Reference Standard 13 of the Appendix to chapter 1 of Title 27 of the Administrative Code, the public health and safety are unaffected by the proposed changes.

Because the amendments authorizing the placement of small sidewalk cafes were not adopted until May 5, 2004. and because delaying the effective date of the proposed amendment for the 30 days after publication of the Notice of Adoption could bar the approval of applications for small sidewalk cafes until after the height of the sidewalk café season, the implementation of these amendments upon publication is necessary to ensure that the new requirements will be in effect in a timely manner.

Gretchen Dykstra
Commissioner
Department of Consumer Affairs

STATUTORY AUTHORITY

These amendments to the New York City Health Code ("Health Code") are promulgated pursuant to Sections 556, 558 and 1043 of the New York City Charter ("Charter"). Section 556 of the Charter grants the Department of Health and Mental Hygiene (the "Department") jurisdiction to regulate matters affecting health in the City of New York. Section 558 (b) and (c) of the Charter empower the Board of Health to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 1043 of the Charter grants the Department of Health rule making powers.

STATEMENT OF BASIS AND PURPOSE

Unintentional carbon monoxide poisonings may result from malfunctioning gas or fuel-burning equipment in homes (for example, furnace, oil burner, stove or hot water heater). Recently, carbon monoxide leaked from a building's heating system in the Murray Hill section of Manhattan, leading to two deaths and two critical cases of carbon monoxide poisoning.

The New York City Department of Health and Mental Hygiene currently requires that poisonings by drugs or other toxic agents be reported to the Department within 24 hours. [Health Code Section 11.03(a)]. Although not specifically identified in Section 11.03, carbon monoxide poisoning is currently required to be reported to the Department as a poisoning. The Department believes providers would be more aware of the requirement that carbon monoxide poisoning must be reported if carbon monoxide poisoning is specifically defined and identified in the Health Code as a reportable condition. Of course, the Department also intends to educate providers that carbon monoxide poisoning is reportable to the Department. Improvement in reporting carbon monoxide poisoning to the Department (to the Poison Control Center) by health care providers such as emergency room staff and laboratories, is critical in order to activate Fire Department emergency response and improve community safety. For these reasons, it is proposed that Section 11.03(a) be amended to specifically refer to and define carbon monoxide poisoning.

The Department is proposing to require reporting of all carboxyhemoglobin greater than 10% for the following reason. There is a difference between the usual COHb levels of smokers and non-smokers. Smokers generally have a COHb level of about 5-10%, whereas non-smokers normally have less than 3% COHb. Setting the level to accommodate both groups at, for example, 15% would not be protective of non-smokers. However, an appropriate level for non-smokers, 3.5%, would result in too many false positives. Having two different levels for the two different populations would also be problematic because it would rely on self-reporting of smoking status and may differ by the magnitude and duration of a person's tobacco use as well as complicating the reporting requirements medical personnel. A level of 10% COHb is being proposed by the Department as the action level because it is protective and should at the same time keep false positives to a minimum.

Additionally, the Department is proposing that Section 11.03(c) of the Health Code be amended to require immediate telephone reporting of carbon monoxide poisoning to the Department. Similar to diseases such as acute arboviral infections, anthrax, botulism and plague, where immediate telephone reporting to the Department is required, immediate telephone reporting of carbon monoxide poisoning should benefit the public by enabling the swift investigation and appropriate preventative action, including rapid referral by the Department to the Fire Department. Prompt identification of poisoned individuals and immediate reporting should result in immediate deployment and investigation by the New York City Fire Department to prevent any additional carbon monoxide exposure-related illnesses and /or deaths in the affected building or area.

STATEMENT PURSUANT TO SECTION 1042-REGULATORY AGENDA

This proposal was not included in the Regulatory Agenda because it is the result of recent analysis by the Department as to what steps can be taken to attempt to prevent additional deaths and injuries as a results of carbon monoxide poisoning.

The proposal is as follows:

Note- matter in brackets [] to be deleted

STATUTORY AUTHORITY

This amendment to the New York City Health Code (the "Health Code") is promulgated pursuant to Sections 556, 558 and 1043 of the New York City Charter ("Charter"). Section 556(d) of the Charter gives the Department of Health and Mental Hygiene (the "Department") jurisdiction to supervise and control the registration of births, fetal deaths and deaths. Section 558(b) and (c) of the Charter empower the Board of Health to amend the Health Code and to include in the Health Code all matters to which the authority of the Department extends. Section 1043 grants the Department rulemaking authority.

STATEMENT OF BASIS AND PURPOSE

The New York City Department of Health and Mental Hygiene is currently developing an Electronic Death Registration System (EDRS) and plans to begin implementation in October 2004. [See Local Law 2 of 2004]. EDRS will enable death certificates to be filed, processed and amended electronically. EDRS will provide many benefits, including, improved accuracy, data quality and timeliness; enhanced security provided by encryption and identity authentication and real-time error-detection, to name a few. To facilitate the implementation and use of EDRS, and to update the Department's procedures and bring them into conformance with those of many other jurisdictions, it is necessary to propose certain changes in the Health Code.

The Department proposes to repeal Section 205.15 in its entirety. The provision requires that when an amputated part of a living person is recovered during an operation, a certificate of amputation be delivered within 48 hours to a funeral director, who then shall file it with the Department within 72 hours following the operation. The Department believes that this requirement is outdated, does not serve a purpose and removing this requirement would also be consistent with other jurisdictions that have no such requirement.

The Department proposes amending particular provisions of Sections 205.25 and 205.33. These provisions require that an application for a permit for cremation or disinterment be accompanied by an affidavit. The Department believes that there is no need for the affidavit to accompany the application submitted to the Department but rather that the affidavit is appropriately retained by the funeral director or undertaker in charge of the cremation or disinterment.

STATEMENT PURSUANT TO SECTION 1042 - REGULATORY AGENDA

Proposals for amending Sections 205.25(d) and 205.33(b) were not included in the Regulatory Agenda because these revisions were deemed necessary by the Department only after it had begun extensive work on EDR system development.

The proposal is as follows:

Note - matter in brackets [] to be deleted
matter underlined is new

RESOLVED, that Section 205.15 of the New York City Health Code relating to the disposal of amputated parts and certificate of amputation, be and the same is hereby repealed.

RESOLVED, that paragraph (d) of section 205.25 of the New York City Health Code as _____ on the _____ day of _____, be and the same hereby is amended, to be printed together with explanatory notes, to read as follows:

Section 205.25 Burial, cremation and transportation of human remains; permit

§205.25(d) Application for a cremation permit shall be made by the next of kin, legal representative or friend of the deceased. The application shall be supported [accompanied] by an affidavit which establishes the authority of such next of kin, legal representative or friend to request cremation. The affidavit shall contain the name of the funeral director or undertaker who is to arrange for cremation, the name of the crematory where cremation is to take place and a statement that the applicant assumes all responsibility for the cremation. Such affidavit shall be maintained by the funeral director or undertaker. No cremation permit shall be issued unless the application is approved by the office of the chief medical examiner pursuant to §878-3.1 of the Administrative Code.

Notes: Subsection (d) of Section 205.25 of the New York City Health Code is being amended to recognize the expertise of licensed funeral directors and rely on their representations that cremations have been properly authorized. It will also facilitate electronic filing of death certificates.

RESOLVED, that paragraph (b) of section 205.33 of the New York City Health Code as _____ on the _____ day of _____, be and the same hereby is amended, to be printed together with explanatory notes, to read as follows:

Section 205.33 Disinterment permits; opening of coffins or caskets

§205.33(b) Disinterment permits may be issued only to funeral directors and undertakers or, if the remains are to be reburied in the same cemetery, to the person in charge of the cemetery. Application for a disinterment permit shall be made on a form furnished by the Department and submitted at any office maintained and designated by the Department for such purposes. The application shall be supported [accompanied] by an affidavit from the next of kin, legal representative or other authorized person requesting disinterment. Such affidavit shall be maintained by the funeral director or undertaker.

Notes: Subsection (b) of Section 205.33 of the New York City Health Code is being amended to recognize the expertise of licensed funeral directors and rely on their representation that disinterments have been properly authorized. It will also facilitate electronic filing of death certificates.

ADDRESS	BOROUGH:	BLOCK/LOT:
200 CENTRAL PARK WEST The American Museum of Natural History UPPER WEST SIDE-CPW	MANHATTAN	1130 / 1

To the Mayor, the Council, and the Director of the American Museum of Natural History.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work consists of the installation of footings for the future installation of dunnage and related mechanical equipment, to be filed under a separate application; as shown on drawings labeled S1.0, S2.0 and S3.0, all dated revised April 28, 2004, prepared by Nathaniel Ezra Oppenheimer, P.E.

In reviewing this proposal, the Commission notes that the designation report describes the American Museum of Natural History building complex as a group of museum exhibition and support buildings constructed within a park beginning in 1874.

With regard to this proposal, the Commission finds that no significant architectural features will be removed, damaged or concealed by the proposed work; that the proposed work will not be visible from any public thoroughfare; and that the proposed work will have no effect on the significant protected features of the Individual Landmark, or the Upper West Side/Central Park West Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Section 1. Sections 13-01, 13-02, and 13-03 of chapter 13 of the Title 35 of the Rules of the a City of New York, relating to the Issuance and Public Sale of Additional Taxicab Licenses and the Sale of such licenses by Sealed bids and setting forth the procedures for such sale by seal bid auction, are REPEALED.

Section 2. Title 35 of the Rules of the City of New York, Chapter 13, Rules Regarding Issuance and Public Sale of Taxicab Licenses, is amended to add new sections 13-01, 13-02 and 13-03, to read as follows:

Italics indicates new material

§ 13-01 Issuance and Public Sale of Additional Taxicab Licenses.

(a) In accordance with Administrative Code Section 19-532, the Chairperson may issue and sell additional taxicab licenses up to the number authorized by state and local law.

(b) Minifleet medallions shall be sold in lots of two (2) medallions. Independent medallions shall be sold in lots of one (1) medallion. The ratio of minifleet and independent medallions shall be maintained in accordance with local law.

(c) Only a person who owns no other medallions shall own an independent medallion. This limitation shall not apply to the purchase of a restricted medallion.

(d) A minifleet medallion shall be owned only by a minifleet in which each officer, director or shareholder does not have a financial interest in any independent medallion. This limitation shall not apply to the purchase of a restricted medallion.

(e) The terms and conditions for the public sale of licenses pursuant to this chapter shall provide that vehicles operated by or under agreement with the owners of such licenses shall be entitled to accept hails from passengers in the street in accordance with section 19-504(a)(1) of the Administrative Code.

(f) The Commission shall place a public notice of the date and time upon which bids are due, the number of medallions to be sold, and whether those medallions shall be sold as restricted, independent or minifleet and of other terms of sale in the City Record for five (5) consecutive days, beginning not less than thirty (30) days prior to the deadline for bidding. In the event that the Chairperson shall, in his discretion, postpone the public sale, the Commission shall place notice of such postponement of the sale in the City Record for five (5) consecutive days beginning at least ten (10) days prior to the new deadline for bidding. The Chairperson may place such additional notices in the City Record or other publications, as the Chairperson deems advisable.

(g) Separate public sales may be conducted for restricted, independent and minifleet medallions.

§13-02 Restricted Medallions

(a) At each public sale the Commission shall establish a set-aside for the sale of medallions, whose terms of sale shall set forth certain restrictions pursuant to Section 19-532 of the Administrative Code. Said medallions shall be referred to herein collectively as "restricted medallions." The restricted

(i) medallion set-asides shall be as follows: medallions exclusively for use with a vehicle fueled by either compressed natural gas (CNG) or hybrid electric sources; and

(ii) medallions exclusively for use with a vehicle accessible to persons with disabilities, including wheelchairs.

Each medallion issued as a restricted medallion, if subsequently transferred to a new owner, shall remain subject to the restriction set forth herein.

(b) The minimum upset price for restricted medallions shall be determined by the Chairperson. The minimum upset price shall be set by publication in the City Record no less than ten (10) days prior to the deadline for submission of bids. Any bid received for less than the minimum upset price shall be rejected as non-responsive. The bidder shall not have an opportunity to correct the bid.

§ 13-03 Sale by Sealed Bid

(a) A bidder shall submit a sealed bid no earlier than three (3) business days prior and no later than 5:00 p.m. on the date set by the Chairperson as the deadline for bidding. A bidder shall submit each sealed bid by hand delivery, either in person or by an agent at the place designated by the Commission. Bids shall be received between the hours of 9:00 a.m. and 5:00 p.m. Bids must be received by the Commission no later than 5:00 p.m. on the deadline date. Bidders must submit a bid on a form approved by the Commission, which is accompanied with the following: (A) a deposit of $2,000 for an independent medallion lot or $4,000 for each minifleet medallion lot for which a bidder submits a bid, in the form of a certified check, bank check, money order, or Licensed Taxicab Broker's or Agent's check payable to the New York City Taxi and Limousine Commission; and (B) a letter of commitment for no less than eighty percent (80%) of the bid amount, issued by a bank or credit union licensed to do business in the State of New York or other lender licensed by the State of New York or the Federal Government. In lieu of a letter of commitment, the bidder may submit a Bid Bond with each bid. The Chairperson shall prescribe the form of the bond, and a Surety Company authorized to do business in the State of New York shall issue the bond. Such Bid Bond shall insure the City of New York to the extent of eighty percent (80%) of the bid amount. The Bid Bond shall assure the Taxi and Limousine Commission of the adherence of the bidder to the bid, if the bid is accepted.

(b) Each bid must be submitted in the 9" x 12" sealed envelope supplied by the Commission on which the bidder shall indicate the following: (i) the bidder's name, address, phone number and date of sale, (ii) whether the bid is for one or more lot(s) of minifleet medallions or for one lot of one independent medallion and (iii) whether the bid is for an unrestricted lot, an alternative fuel restricted lot or an accessible vehicle restricted lot.
(c) The minimum upset price for medallions to be sold shall be determined by the Chairperson. The minimum upset price shall be set by publication in the City Record no less than ten (10) days prior to the deadline for submission of bids. Any bid received for less than the minimum upset price shall be rejected as non-responsive. The bidder shall not have an opportunity to correct the bid.

(d) On a date set by the Commission, the bids shall be opened in public and the winning bids announced at the public sale. The winning bids shall be the highest responsive bids, which are complete in accordance with the provisions of subdivision (a), and which are responsive as set forth in subdivision (c) of this section. The winning bidders shall be notified by certified mail and a closing date set as soon as practicable. Tie bids will be decided with a drawing which shall be held with tie bidders invited to witness the drawing. Said drawing may be held at the bid opening if all bidders or representatives are present. Winning bids shall be published in the City Record and posted at the Commission's office and on the TLC website.

(e) Within thirty (30) days of the mailing of notification by certified mail pursuant to subdivision (d) the applicant shall file fingerprint records with the Commission (unless such records are already on file with the Commission and are less than three years old), and either (a) deposit $25,000 in a certified check for an independent medallion, $50,000 in a certified check for each lot of minifleet medallions, or (b) schedule a closing with the Commission, for a date approved by the Commission.

(f) The ten (10) highest non-winning bids for unrestricted independent medallions and the ten (10) highest non-winning bids for unrestricted minifleet lots shall be notified of reserve status. The five (5) highest non-winning bids for alternative fuel medallions and the five (5) highest non-winning bids for accessible medallions shall also be notified of reserve status. Reserve status may be converted to a winning bid upon the failure of a winning bidder to comply with subdivision (e) above or to close within sixty (60) days of the bid opening, unless said sixty (60) days be extended by the Chairperson for reasonable cause shown.

(g) The rights of a winning bidder(s) are not assignable prior to the close of sale, provided however, such rights may be assigned to a corporation, the shareholders of which are the winning bidder(s).

(h) All sales shall close no later than sixty (60) days after bid opening unless extended by the Chairperson for reasonable cause shown.

(i) All deposits hereunder of winning bidders shall be credited toward the sale price or, in the event the bidder does not meet the qualifications for taxi ownership, refunded to the bidder. A bidder who fails to comply with the provisions of subdivision (e) or (h) above shall forfeit all deposits hereunder. The Commission will return deposits of non-winning bidders.

(j) In addition to the amount bid, the highest bidders will be responsible on the transfer closing date for any applicable taxes or fees, provided however, there will not be any medallion transfer tax collected for this initial issuance of medallions. Each medallion license shall be issued for two (2) years and all the required inspection fees shall be collected at closing.

(k) The Chairperson is authorized to delegate matters pertaining to the sale and to take such further measures as in his or her discretion may be appropriate to the timely, efficient and fiscally sound sale of the medallions; provided nothing herein shall authorize the Chairperson to waive or reduce any payment or deposit required of any prospective or winning bidder.

NEW YORK CITY TAXI AND LIMOUSINE COMMISSION

Statement of Basis and Purpose

The regulations proposed herein by the New York City Taxi and Limousine Commission ("TLC") are authorized under Section 2303(a) of the Charter of the City of New York, which empowers the TLC to regulate and supervise the business and industry of transportation of persons by licensed vehicles for-hire in the City, and under Section 19-532 of the Administrative Code of the City of New York, authorizing the TLC to promulgate rules and regulations necessary to exercise the sale of additional taxicab medallions.

In March 2004, the TLC promulgated rules which governed the sale of 300 taxicab medallions at public auctions held on April 16 and 23, 2004. These medallions were sold and all of these new medallions have been issued. Pursuant to Section 19-532 of the Administrative Code, the TLC has the authority to sell up to 600 additional taxicab medallions, including medallions which must be used in connection with either an alternative fuel or a wheelchair accessible vehicle. At the public sale held in April 2004, such restricted medallions were offered for sale; however, no bids were received for a price that exceeded the minimum authorized price.

The amendments proposed today would, *inter alia*, remove the pricing link at the public sale between restricted and unrestricted medallions, thereby increasing the possibility that the TLC will receive valid bids for unrestricted medallions. The Administrative Code states that if the price received for a restricted medallion is not at least ninety percent (90%) of the price received for an unrestricted medallion, the Commission "is authorized," but not

mandated, to sell these medallions without such a restriction.

Under the regulations proposed herein, the Chairperson will establish a minimum upset price for restricted medallions prior to the auction. This will enable potential bidders to make educated decisions concerning prospective bids. Under the prior regulations, the minimum acceptable price for a restricted medallion was determined only after all unrestricted bids were opened and an average was calculated. Prospective bidders were not aware of the minimum acceptable price for a restricted medallion until the day of the bid opening. This may have dissuaded some potential purchasers from submitting bids on restricted medallions.

The proposed rules also make some technical changes to the bid and closing process. The number of days for accepting bids was reduced from four to three, to conserve TLC staff and resources. Few bids were received during the first day that bids were accepted in April. In addition, bids submitted by mail will no longer be accepted. Few bids were received by mail, but significant agency resources were expended to receive, sort and process mail bids. The rules will also require that all bids be placed in an approved TLC-issued envelope to conform with practice. The requirement that a completed application be submitted with the bid has been eliminated.

The rules presently require that successful bidders submit a second deposit within fourteen (14) days after the bid opening, unless this period was extended by the Chairperson. The TLC Chair extended this period for individuals who were able to schedule a closing within thirty (30) days of the bid opening. The proposed rules would codify this practice by waiving the second deposit requirement for all successful bids who are ready, willing and able to close within thirty (30) days. Finally, the proposed rules extend the period of time for closing from 45 to 60 days after notification to the winning bidder.

By making these relatively minor adjustments to the closing procedures, the bidding and closing processes will be made even more efficient than at the previous sale, wherein 300 medallions were closed prior to the end of the fiscal year.

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICIAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Small Business Services, 110 William Street - 2nd floor, New York, NY 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

BRONX TERMINAL MARKET RELOCATION SERVICES CONSULTANT – Request for Proposals – DUE 08-09-04 AT 4:00 P.M. – The New York City Economic Development Corporation ("NYCEDC") is seeking proposals for business relocation consulting services for the in-place tenants of the Bronx Terminal Market (the "Market"). The Market is located along Exterior Street and Cromwell Avenue, between East 149 Street and Yankee Stadium, in the South Bronx. It consists of seven (7) occupied buildings, with a total of 23 food-related tenants. Tenant spaces range in size from approximately 6,000 to 52,000 square feet. In conjunction with NYCEDC, a development entity affiliated with The Related Companies, a New York real estate developer, expects to seek approvals to redevelop the property occupied by the Market as a shopping center. The plan requires the Market buildings be vacated, in order for the shopping center to be constructed.

NYCEDC will coordinate relocation assistance for in-place commercial tenants and is seeking a consultant to support these efforts. The consultant will develop a relocation assistance strategy and, working closely with NYCEDC and the City, manage all day-to-day aspects of this relocation assistance effort on NYCEDC's behalf.

NYCEDC plans to select a consultant on the basis of factors including, but not limited to: the quality of the proposals, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee. NYCEDC reserves certain rights, including, but not limited to, the rights to waive irregularities and reject any or all proposals in its sole and absolute discretion. NYCEDC plans to select a consultant in August 2004.

All questions related to this RFP should be directed via e-mail to BTMRCrfp@nycedc.com by Wednesday, July 14, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Monday, July 19, 2004 at www.nycedc.com/BTMRCrfp.
