LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001

Local Law No. 32

Introduced by Council Members Eisland, Berman, Carrion, Abel and Golden (by request of the Mayor); Council Members Harrison, Michels, O'Donovan and Rivera

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the Kingsbridge business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-457 to read as follows:
§ 25-457 Kingsbridge business improvement district
a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of the Bronx, the

Kingsbridge business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.
b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the Kingsbridge business improvement district is based.
c. The district plan shall not be amended except in accordance with chapter four of this title.
 § 2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:
 I hereby certify that the foregoing is a true copy of a local law of The City of New York Passed by the Council on May 9, 2001, and approved by the Mayor on May 29, 2001.

GENERAL PURPOSES**

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
- (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
- (c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
- (d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
- (e) to preserve the historic

architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

**81-024
Integration clauses**

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-282 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-282 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-282. However, any such judgement shall not act to

invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92

**81-03
District Plan**

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

- Map 1 Special Midtown District and Subdistricts
- Map 2 Retail and Street Wall Continuity
- Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
- Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98

**81-04
Subdistricts**

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
Penn Center Subdistrict	81-50
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
- (b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
- (c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
- (d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
- (e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
- (f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of the character of the surrounding area.

8/27/98 81-211 Maximum floor area ratio for non-residential or mixed buildings

- (a) For non-residential buildings or mixed buildings, the basic maximum floor area ratios of the underlying districts shall apply as set forth in this Section. (b) In the Special Midtown District, the basic maximum floor area ratio on any zoning lot may be increased by bonuses or other floor area allowances only in accordance with the provisions of this Chapter...

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential or mixed buildings, floor area bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential or mixed buildings, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

5/13/82 81-40 MANDATORY DISTRICT PLAN ELEMENTS

2/10/99 81-41 General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new developments or enlargements. Requirements which apply generally or with minor specified exceptions throughout the Special Midtown District are fully set forth in the provisions of Section 81-40.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT). Special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT).

2/10/99 81-42 Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms.

- (a) lobby space or entrance space; (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-644292 (Subway station improvements);

- (c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

- (1) relocated subway stairs

provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);

(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and

(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43 Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or Four #stories# or 50 feet above #curb

less on the designated level# whichever is less
For #zoning lots# with frontages of more than 50 feet on the designated #street#
#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements) and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Rows include 34th St-Penn Station, 34th St-Herald Square, 42nd St, 42nd St-Times Square, 42nd St, 42nd St-Grand, 47th-50th St/Rockefeller Center, 49th St, 50th St, 50th St, 51st St, 7th Ave (53rd St), Fifth Ave (53rd St), Lexington Ave-3rd Ave (53rd St), 57th St, 57th St, 59th St-Columbus Circle.

81-50 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

8/6/98 81-51 General Provisions and Procedures The City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed-buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-511 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed-buildings#, #floor area# bonuses in accordance with the provisions of Section 74-624 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT) are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations

The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue. (a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

- (a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station; (b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#; (c) such #signs# project no more than 8 feet beyond the #street line#; (d) such #signs# are no wider than 40 feet each; (e) special lighting effects are provided at the top of any #sign# structure; and (f) the requirements for transit informational #signs# of Section 81-521 are met. (d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

#signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

- (1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street; (2) such #signs# are no wider than 40 feet each;

10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

12. special lighting effects are provided at the top of any #sign# structure; and

13. the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521 Rail mass transit and subway entrance informational signs

For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

- 1. such #signs# shall contain only transit information; 2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#; 3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension; 4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and 5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

- 1. such marquee shall contain only transit information; (2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#; (3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less; (4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and (5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by

doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a development# or enlargement# having 50 percent or more of its zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

81-532 Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all development# and enlargement# along the Seventh Avenue frontage of zoning lots# shall be a minimum of 8.5 feet above curb level# or the full height of the building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between signs# or between building walls and signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement.
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant floor area# bonuses for subway station improvements for non-residential# or mixed buildings# in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces
For the zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed floor area# bonus for all existing plaza# or other public amenities on the zoning lot# may be retained at the amount allowed prior to date of the amendment, subject to all other provisions of this Resolution, notwithstanding inclusion of such zoning lot# within the Special Midtown District#.

SUPREME COURT

NOTICE

**ORDER TO SHOW CAUSE
NEW YORK COUNTY
INDEX NUMBER 403918/01**

In the Matter of the Application of the CITY
OF NEW YORK, relative to acquiring title in
fee simple absolute to certain real property
where not heretofore acquired for the same
purpose, required as a site for Bradhurst
Urban Renewal Area (Phase III) located in

the area generally bounded by West 155th Street on the north, Adam Clayton Powell Jr. Boulevard on the east, West 138th Street on the south and Edgecombe and Bradhurst Avenues on the west, in the Borough of Manhattan, City and State of New York.

Upon reading and filing this Order to Show Cause, the annexed Verified Petition and the exhibits annexed to said Petition,

IT IS ORDERED that all interested parties show cause before this Court at 60 Centre Street, New York, New York 10007, at IAS Part 24, in Room 690 on July 25, 2001, at 9:30 A.M., or as soon thereafter as counsel can be heard, why an Order should not be entered.

- granting the Verified Petition in all respects;
- authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;
- directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City (the property sought to be acquired is described below);
- providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
- providing that notices of claim must be served and filed within one calendar year from the vesting date; and,

IT IS ORDERED that sufficient reason appearing, service by certified mail, return receipt requested (as provided in EDPL § 402(B)(2)) of a copy of this Order and the Verified Petition upon which it is based, upon the persons listed in Schedule A to the Notice of Pendency, which is annexed as Exhibit A to the Verified Petition annexed hereto, on or before July 5, 2001, shall be sufficient service; and,

IT IS ORDERED that pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Property Sought To Be Acquired In This Proceeding

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for Bradhurst Urban Renewal Area (Phase III) in the Borough of Manhattan, City and State of New York. The description of the real property to be acquired is as follows:

Block 2045 Lot 7

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2045 Lot 9

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2051 Lots 125, 126, 127, 128, 129, 130, 132, 133 and 134

Each in its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

**COUNTY OF NEW YORK: IA PART 24
NOTICE OF ACQUISITION
INDEX NUMBER 402676/01**

In the Matter of the Application of the City OF NEW YORK, relative to acquiring title in fee simple to certain real property where not heretofore acquired for the same purpose required for, MILBANK-FRAWLEY CIRCLE EAST URBAN RENEWAL PROJECT, PHASE I located in the area generally bound by East 119th Street on the north, Park Avenue on the east, East 117th Street on the south and Madison Avenue on the west in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of New York, duly entered in the office of the Clerk of the County of New York on June 21, 2001, the application of the City of New York to acquire certain real property, for MILBANK-FRAWLEY CIRCLE EAST URBAN RENEWAL PROJECT, PHASE I, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of New York or the City Register. Said map, showing the property acquired by the City, was filed with said Clerk or with the City Register on June 21, 2001. Title to the real property vested in the City of New York on June 21, 2001.

The City has acquired the following parcels of real property:

BLOCK LOT(S)	Parcel Numbers
1623	20, 21, 23, 25, 26, 27, 29, 30, 31, 32, 132, 33, 35, 37, 41, 42, 43, 45, 47, 147, 48, 49, 50, 51, 52, 53, 54

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before June 21, 2002 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of New York County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

- (A) the name and post office address of the condemnee;
- (B) reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
- (C) a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,
- (D) if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Condemnation Division, 100 Church Street, New York, New York 10007 on or before June 21, 2003 (which is two (2) calendar years from the title vesting date).

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in *Crosby v. National Foreign Trade Council*, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency. (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. - New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PUBLICITY FOR COMMUNITY OUTREACH AND PUBLIC EVENTS COORDINATOR FOR THE MINOR LEAGUE BALLPARKS - Request for Proposals - DUE 07-20-01 AT 2:00 P.M. (RFP) for an events coordinator for public events at two new minor league baseball stadiums, Richmond County Bank Ballpark in St. George, Staten Island and Keyspan Park in Coney Island, Brooklyn.

The selected consultant, whose contract will have a two-year term with an option to renew for a third year, will have responsibility for coordinating public events and marketing these events for both stadiums. Responsibilities will include outreach to various community groups across the City (with an emphasis on the communities, surrounding the two facilities) and interaction with the two minor league teams regarding scheduling of public events. The consultant will also ensure that the public events are professionally operated and have secured all necessary approvals and permits, and will keep City officials updated on all activities at the stadiums.

Guidelines and submission requirements are outlined in the RFP package, which is available from EDC. To request a complete RFP package for this opportunity, please submit your name, company name, address and telephone number to Paul Tamboia, Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or e-mail info@newyorkbiz.com, referring to "BSEC-0601" in the subject line. Proposals must be submitted to EDC no later than 2:00 p.m. on Friday, July 20, 2001.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

USFWSWET02 - Intergovernmental Purchase - PIN# 82602USFWSWET - DUE 08-21-01 AT 4:00 P.M. - Pursuant to Section 3-13 of the PPB Rules, DEP, Bureau of Water Supply intends to enter into an Agreement with United States Fish and Wildlife Service ("USFWS") for Wetland Characterization and Preliminary Functional Assessment for the Croton, Catskill and Delaware Water sheds. The USFWS will perform services to enhance the City's National Wetlands Inventory digital database with descriptors of wetland hydrogeomorphic settings and provide a watershed-scale assessment of wetland function. The DEP has determined to use this procurement method because the USFWS has the resources and expertise to undertake a project of this size and complexity at a very competitive cost. Any "intellectual product" developed will be public domain. Qualified suppliers that wish to express their interest in providing such services in the future are invited to submit expressions of interest which must be received no later than July 30, 2001, 4:00 P.M. at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S03262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in

centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

§ 25-457 Kingsbridge business improvement district
a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of the Bronx, the Kingsbridge business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the Kingsbridge business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§ 2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of The City of New York Passed by the Council on May 9, 2001, and approved by the Mayor on May 29, 2001.

CARLOS CUEVAS, City Clerk of The Court

NEW YORK CITY WASTE CHARACTERIZATION STUDY - CP/2 - PIN# 82702BR00015 - DUE 12-11-01 AT 10:30 A.M. - The Department of Sanitation is issuing a Request for Proposals ("RFP") to conduct a waste characterization study of New York City's residential and institutional Department managed waste. Through this RFP the Department plans to negotiate and award one or more three-year contracts to run from approximately March 1, 2002 to March 1, 2005, with an option for two 2-year extensions. Work will be commissioned on an as-needed basis. To be eligible Proposers must have (1) prior experience with waste-characterization studies; (2) access to computers and shorting equipment; (3) supervisory staff with experience overseeing and managing waste-characterization studies; (4) line staff trained in waste-characterization tasks; and (5) sufficient statistical expertise to design a waste sampling, analysis, and characterization plan capable of providing statistically significant information about the City's waste stream.

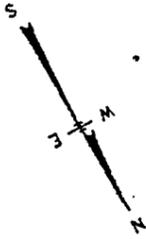

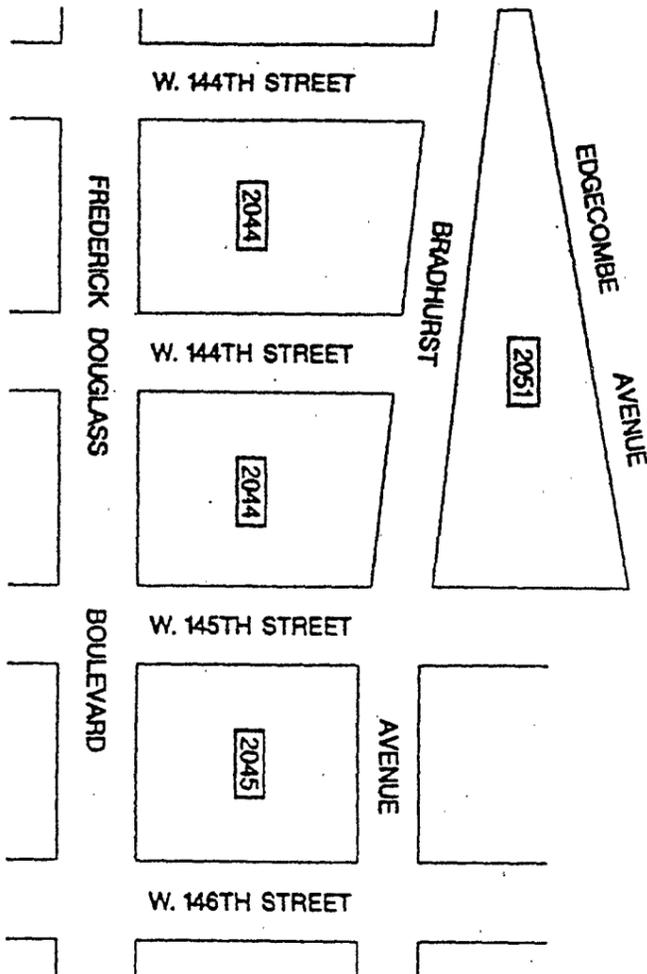

The RFP and supporting documents will be available at no cost starting Monday, July 16, 2001 from the Agency Contracting Office, NYC Department of Sanitation, 51 Chambers Street, Room 806, New York, NY 10007, (212) 788-8085. There is a mandatory pre-Proposal conference at 10:00 AM on Tuesday, August 21, 2001 at the NYC Department of Sanitation, Bureau of Waste Prevention, Reuse and Recycling, 44 Beaver Street, 12th Floor Conference Room, New York, NY 10004; proposers will have an opportunity to ask questions regarding the RFP. To ensure adequate seating, those who will attend the conference should give advance notice to Robert Lange, Director, Bureau of Waste Prevention, Reuse and Recycling at (212) 837-8156. Robert Lange is the sole authorized contact for this solicitation. Attempts by anyone to contact other government parties regarding this solicitation may result in the rejection of that individual's bid. The Proposal due date is Tuesday, December 11, 2001 at 10:30 AM.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above. Department of Sanitation, Contracting Officer, 51 Chambers Street, Room 801, NY, NY 10013, (212) 788-8085, or Robert Lange, BWP/RR, 44 Beaver Street, 6th Floor, NY, NY 10004, (212) 837-8156.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;

(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;

(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved

pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city.

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(q) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

8/6/98
 81-024
Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-28 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-28 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also

be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-28. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92
 81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

Map 1 Special Midtown District and Subdistricts
 Map 2 Retail and Street Wall Continuity
 Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
 Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
 81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
<i>Penn Center Subdistrict</i>	81-50
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00
 81-066
Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

(a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent

with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of the character of the surrounding area.

Maximum floor area ratio for non-residential or mixed buildings

(a) For non-residential buildings or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.

(b) In the #Special Midtown District#, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3

81-40 MANDATORY DISTRICT PLAN ELEMENTS

2/10/99

81-41 General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99

81-42 Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space;
- (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-511292 (Subway station improvements);
- (c) one or more of the following pedestrian circulation spaces subject to the

#street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):

- (1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
- (2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and
- (3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99

81-43 Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot#	Frontage Minimum Height of a #Street Wall# Subject to the Setback
------------------------	---

Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street# Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-611292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street

wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

- (a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station. No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

- (b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

- (c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that: (a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station; (b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

- (c) such #signs# project no more than 8 feet beyond the #street line#; (d) such #signs# are no wider than 40 feet each; (e) special lighting effects are provided at the top of any #sign# structure; and

- (f) the requirements for transit informational #signs# of Section 81-521 are met.

- (d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 37th and West 33rd Streets by the City Planning Commission upon certification that: (1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street; (2) such #signs# are no wider than 40 feet each; 10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

- 11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

- 12. special lighting effects are provided at the top of any #sign# structure; and

- 13. the requirements for transit informational #signs# of Section 81-521 are met.

- (e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

- 10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

- 11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

- 12. special lighting effects are provided at the top of any #sign# structure; and

- 13. the requirements for transit informational #signs# of Section 81-521 are met.

81-521 Rail mass transit and subway entrance informational signs

For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

- (a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

- 1. such #signs# shall contain only transit information; 2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#; 3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

- 4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and 5. such #signs# may project up to 5 feet beyond the #street line#.

- 2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

- 1. such marquee shall contain only transit information; (2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#; (3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less; (4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and (5) such marquee shall include the mass transit

identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

81-532 Special street wall requirements

The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces

For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

COURT NOTICES

SUPREME COURT

NOTICE

**ORDER TO SHOW CAUSE
NEW YORK COUNTY
INDEX NUMBER 403918/01**

In the Matter of the Application of the CITY
OF NEW YORK, relative to acquiring title in
fee simple absolute to certain real property
where not heretofore acquired for the same
purpose, required as a site for Bradhurst
Urban Renewal Area (Phase III) located in
the area generally bounded by West 155th
Street on the north, Adam Clayton Powell
Jr. Boulevard on the east, West 138th Street
on the south and Edgecombe and Bradhurst
Avenues on the west, in the Borough of
Manhattan, City and State of New York.

Upon reading and filing this Order to Show
Cause, the annexed Verified Petition and the
exhibits annexed to said Petition,

IT IS ORDERED that all interested parties
show cause before this Court at 60 Centre
Street, New York, New York 10007, at IAS
Part 24, in Room 690 on July 25, 2001, at
9:30 A.M., or as soon thereafter as counsel
can be heard, why an Order should not be
entered.

- granting the Verified Petition in all
respects;
- authorizing the City to file an acquisition
map in the office of the Clerk of New York
County or the Office of the City Register;
- directing that upon the filing of said map,
title to the property sought to be acquired
shall vest in the City (the property sought to
be acquired is described below);
- providing that just compensation therefor
be ascertained and determined by the
Supreme Court without a jury; and
- providing that notices of claim must be
served and filed within one calendar year
from the vesting date; and,

IT IS ORDERED that sufficient reason
appearing, service by certified mail, return
receipt requested (as provided in EDPL §
402(B)(2)) of a copy of this Order and the
Verified Petition upon which it is based,
upon the persons listed in Schedule A to the
Notice of Pendency, which is annexed as
Exhibit A to the Verified Petition annexed
hereto, on or before July 5, 2001, shall be
sufficient service; and,

IT IS ORDERED that pursuant to EDPL §
402(B)(4), any party seeking to oppose the
acquisition must interpose a verified answer,
which must contain specific denial of each
material allegation of the petition
controverted by the opponent, or any
statement of new matter deemed by the
opponent to be a defense to the proceeding.
Pursuant to CPLR 403, said answer must be
served upon the office of the Corporation
Counsel at least seven (7) days before the
date that the petition is noticed to be heard.

**Property Sought To Be Acquired In
This Proceeding**

The City of New York, in this proceeding,
intends to acquire title in fee simple absolute
to certain real property where not heretofore
acquired for the same purpose, for Bradhurst
Urban Renewal Area (Phase III) in the
Borough of Manhattan, City and State of
New York. The description of the real
property to be acquired is as follows:

Block 2045 Lot 7

In its entirety, as shown on the Tax Map of
the City of New York of the Borough of
Manhattan, as said Tax Map existed on July
19th, 2000.

Block 2045 Lot 9
In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2051 Lots 125, 126, 127, 128, 129, 130, 132, 133 and 134

Each in its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in *Crosby v. National Foreign Trade Council*, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.

This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038.

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M.

New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PUBLICITY FOR COMMUNITY OUTREACH AND PUBLIC EVENTS COORDINATOR FOR THE MINOR LEAGUE BALLPARKS - Request for Proposals - DUE 07-20-01 AT 2:00 P.M.

(RFP) for an events coordinator for public events at two new minor league baseball stadiums, Richmond County Bank Ballpark in St. George, Staten Island and Keyspan Park in Coney Island, Brooklyn.

The selected consultant, whose contract will have a two-year term with an option to renew for a third year, will have responsibility for coordinating public events and marketing these events for both stadiums. Responsibilities will include outreach to various community groups across the City (with an emphasis on the communities, surrounding the two facilities) and interaction with the two minor league teams regarding scheduling of public events. The consultant will also ensure that the public events are professionally operated and have secured all necessary approvals and permits, and will keep City officials updated on all activities at the stadiums.

Guidelines and submission requirements are outlined in the RFP package, which is available from EDC. To request a complete RFP package for this opportunity, please submit your name, company name, address and telephone number to Paul Tamboia, Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or e-mail info@newyorkbiz.com, referring to "BSEC-0601" in the subject line. Proposals must be submitted to EDC no later than 2:00 p.m. on Friday, July 20, 2001.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M.

The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential

Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail infor@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. Include contact name, address, phone, fax, and email. Pre-proposal conference was held on June 22, 2001 at 10:00 AM at 110 Livingston Street, 2nd Floor Library, Brooklyn, NY 11201. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are

met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;
(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;
(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;
(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;
(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;
(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;
(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;
(l) to preserve, protect and enhance

the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

8/6/98 81-024 Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-22 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-22 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-22. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92 81-03 District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

- Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98 81-04 Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Table with 2 columns: Subdistricts, Sections Having Special Application

Table with 2 columns: Subdistrict, Section Number (81-50 to 81-90)

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00 81-066 Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of #on# the character of the surrounding area.

8/26/92 81-253 Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

5/13/82 81-40 MANDATORY DISTRICT PLAN ELEMENTS

2/10/99 81-41 General Provisions The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity)

or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99 81-42 Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space; (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-511292 (Subway station improvements); (c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets): (1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair); (2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and (3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear

untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43 Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street# Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-511292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in

their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT) are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations

The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area,

including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;

(b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(c) such #signs# project no more than 8 feet beyond the #street line#;

(d) such #signs# are no wider than 40 feet each;

(e) special lighting effects are provided at the top of any #sign# structure; and

(f) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

12. special lighting effects are provided at the top of any #sign# structure; and

13. the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521

Rail mass transit and subway entrance informational signs

For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;

(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, un tinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

81-532 Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541

Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542

Retention of floor area bonus for plazas or other public spaces

For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

COURT NOTICES

SUPREME COURT

NOTICE

**ORDER TO SHOW CAUSE
NEW YORK COUNTY
INDEX NUMBER 403918/01**

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for Bradhurst Urban Renewal Area (Phase III) located in the area generally bounded by West 155th Street on the north, Adam Clayton Powell Jr. Boulevard on the east, West 138th Street on the south and Edgecombe and Bradhurst Avenues on the west, in the Borough of Manhattan, City and State of New York.

Upon reading and filing this Order to Show Cause, the annexed Verified Petition and the exhibits annexed to said Petition,

IT IS ORDERED that all interested parties show cause before this Court at 60 Centre Street, New York, New York 10007, at IAS Part 24, in Room 690 on July 25, 2001, at 9:30 A.M., or as soon thereafter as counsel can be heard, why an Order should not be entered.

1. granting the Verified Petition in all respects;
2. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;
3. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City (the property sought to be acquired is described below);
4. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
5. providing that notices of claim must be served and filed within one calendar year from the vesting date; and,

IT IS ORDERED that sufficient reason appearing, service by certified mail, return receipt requested (as provided in EDPL § 402(B)(2)) of a copy of this Order and the Verified Petition upon which it is based, upon the persons listed in Schedule A to the Notice of Pendency, which is annexed as Exhibit A to the Verified Petition annexed hereto, on or before July 5, 2001, shall be sufficient service; and,

IT IS ORDERED that pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Property Sought To Be Acquired In This Proceeding

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for Bradhurst Urban Renewal Area (Phase III) in the Borough of Manhattan, City and State of New York. The description of the real property to be acquired is as follows:

Block 2045 Lot 7

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2045 Lot 9

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2051 Lots 125, 126, 127, 128, 129, 130, 132, 133 and 134

Each in its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in *Crosby v. National Foreign Trade Council*, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority, Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
- (2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. -

New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PUBLICITY FOR COMMUNITY OUTREACH AND PUBLIC EVENTS COORDINATOR FOR THE MINOR LEAGUE BALLPARKS - Request for Proposals - DUE 07-20-01 AT 2:00 P.M. (RFP) for an events coordinator for public events at two new minor league baseball stadiums, Richmond County Bank Ballpark in St. George, Staten Island and Keyspan Park in Coney Island, Brooklyn.

The selected consultant, whose contract will have a two-year term with an option to renew for a third year, will have responsibility for coordinating public events and marketing these events for both stadiums. Responsibilities will include outreach to various community groups across the City (with an emphasis on the communities surrounding the two facilities) and interaction with the two minor league teams regarding scheduling of public events. The consultant will also ensure that the public events are professionally operated and have secured all necessary approvals and permits, and will keep City officials updated on all activities at the stadiums.

Guidelines and submission requirements are outlined in the RFP package, which is available from EDC. To request a complete RFP package for this opportunity, please submit your name, company name, address and telephone number to Paul Tamboia, Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or e-mail info@newyorkbiz.com, referring to "BSEC-0601" in the subject line. Proposals must be submitted to EDC no later than 2:00 p.m. on Friday, July 20, 2001.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential - Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential

Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential - Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential - Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking - An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial - Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial - Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail infor@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. Include contact name, address, phone, fax, and email. Pre-proposal conference was held on June 22, 2001 at 10:00 AM at 110 Livingston Street, 2nd Floor Library, Brooklyn, NY 11201. USFWSWET02 - Intergovernmental Purchase - PIN# 82602USFWSWE - DUE 08-21-01 AT 4:00 P.M. - Pursuant to Section 3-13 of the PPB Rules, DEP, Bureau of Water Supply intends to enter into an Agreement with United States Fish and Wildlife Service ("USFWS") for Wetland Characterization and Preliminary Functional Assessment for the Croton, Catskill and Delaware Water sheds. The USFWS will perform services to enhance the City's National Wetlands Inventory digital database with descriptors of wetland hydrogeomorphic settings and provide a watershed-scale assessment of wetland

function. The DEP has determined to use this procurement method because the USFWS has the resources and expertise to undertake a project of this size and complexity at a very competitive cost. Any "intellectual product" developed will be public domain. Qualified suppliers that wish to express their interest in providing such services in the future are invited to submit expressions of interest which must be received no later than July 30, 2001, 4:00 P.M. at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Boulevard, 17th Floor, Corona, New York 11368. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

NEW YORK CITY WASTE CHARACTERIZATION STUDY - CP/2 - PIN# 82702BR00015 - DUE 12-11-01 AT 10:30 A.M. - The Department of Sanitation is issuing a Request for Proposals ("RFP") to conduct a waste characterization study of New York City's residential and institutional Department managed waste. Through this RFP the Department plans to negotiate and award one or more three-year contracts to run from approximately March 1, 2002 to March 1, 2005, with an option for two 2-year extensions. Work will be commissioned on an as-needed basis. To be eligible Proposers must have (1) prior experience with waste-characterization studies; (2) access to computers and shorting equipment; (3) supervisory staff with experience overseeing and managing waste-characterization studies; (4) line staff trained in waste-characterization tasks; and (5) sufficient statistical expertise to design a waste sampling, analysis, and characterization plan capable of providing statistically significant information about the City's waste stream.

The RFP and supporting documents will be available at no cost starting Monday, July 16, 2001 from the Agency Contracting Office, NYC Department of Sanitation, 51 Chambers Street, Room 806, New York, NY 10007, (212) 788-8085. There is a mandatory pre-Proposal conference at 10:00 AM on Tuesday, August 21, 2001 at the NYC Department of Sanitation, Bureau of Waste Prevention, Reuse and Recycling, 44 Beaver Street, 12th Floor Conference Room, New York, NY 10004; proposers will have an opportunity to ask questions regarding the RFP. To ensure adequate seating, those who will attend the conference should give advance notice to Robert Lange, Director, Bureau of Waste Prevention, Reuse and Recycling at (212) 837-8156. Robert Lange is the sole authorized contact for this solicitation. Attempts by anyone to contact other government parties regarding this solicitation may result in the rejection of that individual's bid. The Proposal due date is Tuesday, December 11, 2001 at 10:30 AM.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
- (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
- (c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
- (d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;
- (f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;
- (g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;
- (h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;
- (i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;
- (j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;
- (k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;
- (l) to preserve, protect and enhance the character of Fifth Avenue as

(m) the showcase of New York and national retail shopping; to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(q) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

8/6/98 81-024 Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-2929 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-2929 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-2929. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92 81-03 District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:

- Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98 81-04 Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in

Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Table with 2 columns: Subdistricts, Sections Having Special Application. Rows include Penn Center Subdistrict, Grand Central Subdistrict, Theater Subdistrict, Fifth Avenue Subdistrict, and Preservation Subdistrict.

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00 81-066 Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of #on# the character of the surrounding area.

8/27/98 81-211 Maximum floor area ratio for non-residential or mixed buildings

- (a) For non-#residential buildings# or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.
(b) In the #Special Midtown District#, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

8/26/92 81-253 Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-#residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

MANDATORY DISTRICT PLAN
ELEMENTS

2/10/99
81-41
General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT). Special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99
81-42
Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space;
- (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements);
- (c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):
 - (1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
 - (2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and
 - (3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street

Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99
81-43
Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Length of #Zoning Lot#	Frontage
	Minimum Height of a #Street Wall# Subject to the Setback Restrictions
For #zoning lots# with frontages of 50 feet or less on the designated #street#	Four #stories# or 50 feet above #curb level# whichever is less
For #zoning lots# with frontages of more than 50 feet on the designated	Six #stories# or 85 feet above #curb level# whichever

#street# is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall#

height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98
81-46
Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions
In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of signs, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT) are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the Special Midtown District, of which this Subdistrict is a part.

81-52 Sign Regulations
The provisions of this section shall apply to all zoning lots with frontage along Seventh Avenue.

(a) Signs unlimited in area, including advertising signs, flashing signs and illuminated signs shall be permitted to a height of 60 feet above curb level. Below a height of 14 feet above curb level, such signs shall not occupy more than 50 percent glazed street wall surface required pursuant to Section 81-42, nor shall such signs be located within ten feet of an entrance to a rail mass transit facility or subway station.

No signs shall project across a street line more than 18 inches for double- or multi-faceted signs or 12 inches for other signs, except that signs within 40 feet of the intersection of two streets may project up to eight feet across a street line.

However, on a zoning lot that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any signs that extend or are located above a height of 40 feet above curb level, unless each such entrance is clearly identified with transit informational signs pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) Signs above a height of 40 feet on any building listed on the State and/or National Register of Historic Places, or any building formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such signs shall be reversible and such signs shall not be disruptive to the historic fabric of the building.

(c) Signs including advertising signs, flashing signs and illuminated signs, unlimited in area, above a height of 60 feet and below a height of 120 feet above curb level, may be permitted at the intersection of two streets by the City Planning Commission upon certification that:

- (a) such signs are located on zoning lots that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;
- (b) such signs and sign structure onto which signs are attached are within 40 feet of the

intersection of two streets#;

(c) such signs project no more than 8 feet beyond the street line#;

(d) such signs are no wider than 40 feet each;

(e) special lighting effects are provided at the top of any sign structure; and

(f) the requirements for transit informational signs of Section 81-521 are met.

(d) Signs including advertising signs, flashing signs and illuminated signs, above a height of 60 feet and below a height of 120 feet above curb level may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such signs are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such signs are no wider than 40 feet each;

10. such signs and sign structure onto which signs are attached shall have a minimum of 10 feet clearance from the adjacent building#;

11. such sign structure onto which signs are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the zoning lot# and shall allow visibility throughout the open area;

12. special lighting effects are provided at the top of any sign structure; and

13. the requirements for transit informational signs of Section 81-521 are met.

(e) Signs including advertising signs, flashing signs and illuminated signs above a height of 150 feet and below a height of 180 feet above curb level, may be permitted along the block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such signs are consistent with the goals of the Penn Center Subdistrict.

81-521 Rail mass transit and subway entrance informational signs

For a zoning lot that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any signs that extend or are located above a height of 40 feet above curb level, unless each such entrance is clearly identified with rail mass transit or subway entrance informational signs in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational signs shall prominently and permanently identify the entrance on both streets# of a corner lot#. Where rail mass transit or subway entrance informational signs are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such signs shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational signs shall comply with the following requirements:

1. such signs shall contain only transit information;

2. such signs shall be illuminated and located no less than 12 feet above and no more than 25 feet above curb level#;

3. such signs shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such signs shall be no less than 30 feet in length on each street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such signs may project up to 5 feet beyond the street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following

requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;

(4) such marquee shall project no less than 5 feet beyond the transit or subway informational sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a development# or enlargement# having 50 percent or more of its zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such zoning lots shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with signs shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

81-532 Special street wall requirements

The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all developments# and enlargements# along the Seventh Avenue frontage of zoning lots shall be a minimum of 85 feet above curb level# or the full height of the building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between signs# or between building walls and signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement

In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant floor area# bonuses for subway station improvements for non-residential# or mixed buildings# in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces

For the zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed floor area# bonus for all existing plaza# or other public amenities on the zoning lot# may be retained at the amount allowed prior to date of the amendment, subject to all other provisions of this Resolution, notwithstanding inclusion of such zoning lot# within the Special Midtown District#.

COURT NOTICES

SUPREME COURT

NOTICE

**ORDER TO SHOW CAUSE
NEW YORK COUNTY
INDEX NUMBER 403918/01**

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for Bradhurst Urban Renewal Area (Phase III) located in the area generally bounded by West 155th Street on the north, Adam Clayton Powell Jr. Boulevard on the east, West 138th Street on the south and Edgecombe and Bradhurst Avenues on the west, in the Borough of Manhattan, City and State of New York.

Upon reading and filing this Order to Show Cause, the annexed Verified Petition and the exhibits annexed to said Petition,

IT IS ORDERED that all interested parties show cause before this Court at 60 Centre Street, New York, New York 10007, at IAS Part 24, in Room 690 on July 25, 2001, at 9:30 A.M., or as soon thereafter as counsel can be heard, why an Order should not be entered.

1. granting the Verified Petition in all respects;
2. authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;
3. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City (the property sought to be acquired is described below);
4. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
5. providing that notices of claim must be served and filed within one calendar year from the vesting date; and,

IT IS ORDERED that sufficient reason appearing, service by certified mail, return receipt requested (as provided in EDPL § 402(B)(2)) of a copy of this Order and the Verified Petition upon which it is based, upon the persons listed in Schedule A to the Notice of Pendency, which is annexed as Exhibit A to the Verified Petition annexed hereto, on or before July 5, 2001, shall be sufficient service; and,

IT IS ORDERED that pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Property Sought To Be Acquired In This Proceeding

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for Bradhurst Urban Renewal Area (Phase III) in the Borough of Manhattan, City and State of New York. The description of the real property to be acquired is as follows:

Block 2045 Lot 7

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2045 Lot 9

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2051 Lots 125, 126, 127, 128, 129, 130, 132, 133 and 134

Each in its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

Dated: June 27, 2000, New York, New York

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
- (2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have

in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CERP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street, 6th Floor, New York, New York 10038. Paul Tamboia, CPPB Director, Contract Administration and Procurement, at 212-312-3969.

PUBLICITY FOR COMMUNITY OUTREACH AND PUBLIC EVENTS COORDINATOR FOR THE MINOR LEAGUE BALLPARKS - Request for Proposals - DUE 07-20-01 AT 2:00 P.M. - (RFP) for an events coordinator for public events at two new minor league baseball stadiums, Richmond County Bank Ballpark in St. George, Staten Island and Keyspan Park in Coney Island, Brooklyn.

The selected consultant, whose contract will have a two-year term with an option to renew for a third year, will have responsibility for coordinating public events and marketing these events for both stadiums. Responsibilities will include outreach to various community groups across the City (with an emphasis on the communities surrounding the two facilities) and interaction with the two minor league teams regarding scheduling of public events. The consultant will also ensure that the public events are professionally operated and have secured all necessary approvals and permits, and will keep City officials updated on all activities at the stadiums.

Guidelines and submission requirements are outlined in the RFP package, which is available from EDC. To request a complete RFP package for this opportunity, please submit your name, company name, address and telephone number to Paul Tamboia, Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or e-mail info@newyorkbiz.com, referring to "BSEC-0601" in the subject line. Proposals must be submitted to EDC no later than 2:00 p.m. on Friday, July 20, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street, 6th Floor, New York, New York 10038, Paul Tamboia, Director, Contract Administration, at 212-312-3969.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential - Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential - Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential - Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential - Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking

An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial - Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial - Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. Include contact name, address, phone, fax, and email. Pre-proposal conference was held on June 22, 2001 at 10:00 AM at 110 Livingston Street, 2nd Floor Library, Brooklyn, NY 11201. RFP Bid 1B645 originally published in the City Record on 6/6/01 has now been postponed to open on 7/27/01 at 11:30 A.M.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:
(a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
(b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
(c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
(d) to link future Midtown growth and development to improved pedestrian circulation, improved

pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

(o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District#

whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-222 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-222 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-222. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:
Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Table with 2 columns: Subdistricts, Sections Having Special Application. Rows include Penn Center Subdistrict, Grand Central Subdistrict, Theater Subdistrict, Fifth Avenue Subdistrict, and Preservation Subdistrict.

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

81-066
Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the

following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of the character of the surrounding area.

Maximum floor area ratio for non-residential or mixed buildings

- (a) For non-#residential buildings# or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.
(b) In the #Special Midtown District#, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-#residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99
81-41

General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT). Special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT). Special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT). Special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99 81-42 Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space;
(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements);
(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):
(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and
(3) off-street improvements of access to rail mass transit facilities provided in accordance

with Section 81- 48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-53, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43 Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage Minimum Height of a

#Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street# Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets#

designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required.(See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Lists stations like 34th St-Penn Station, 34th St-Herald Square, 42nd St., 42nd St-Times Square, 42nd St., 42nd St-Grand, 47th-50th St/Rockefeller Center, 49th St., 50th St., 50th St., 51st St., 7th Ave (53rd St), Fifth Ave (53rd St), Lexington Ave-3rd Ave (53rd St), 57th St, 57th St, 59th St-Columbus Circle.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations

The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs#

or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#.

However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to a rail mass transit facility and or subway station;

(b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(c) such #signs# project no more than 8 feet beyond the #street line#;

(d) such #signs# are no wider than 40 feet each;

(e) special lighting effects are provided at the top of any #sign# structure; and

(f) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521

Rail mass transit and subway entrance informational signs

For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;

(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with

clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).

81-532 Special street wall requirements The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces

For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

COURT NOTICES

SUPREME COURT

NOTICE

ORDER TO SHOW CAUSE NEW YORK COUNTY INDEX NUMBER 403918/01

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for Bradhurst Urban Renewal Area (Phase III) located in the area generally bounded by West 155th Street on the north, Adam Clayton Powell Jr. Boulevard on the east, West 138th Street on the south and Edgecombe and Bradhurst Avenues on the west, in the Borough of Manhattan, City and State of New York.

Upon reading and filing this Order to Show Cause, the annexed Verified Petition and the exhibits annexed to said Petition,

IT IS ORDERED that all interested parties show cause before this Court at 60 Centre Street, New York, New York 10007, at IAS Part 24, in Room 690 on July 25, 2001, at 9:30 A.M., or as soon thereafter as counsel can be heard, why an Order should not be entered.

- granting the Verified Petition in all respects;
- authorizing the City to file an acquisition map in the office of the Clerk of New York County or the Office of the City Register;
- directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City (the property sought to be acquired is described below);
- providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
- providing that notices of claim must be served and filed within one calendar year from the vesting date; and,

IT IS ORDERED that sufficient reason appearing, service by certified mail, return receipt requested (as provided in EDPL § 402(B)(2)) of a copy of this Order and the Verified Petition upon which it is based, upon the persons listed in Schedule A to the Notice of Pendency, which is annexed as Exhibit A to the Verified Petition annexed hereto, on or before July 5, 2001, shall be sufficient service; and,

IT IS ORDERED that pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard. **Property Sought To Be Acquired In This Proceeding**

The City of New York, in this proceeding, intends to acquire title in fee simple absolute

to certain real property where not heretofore acquired for the same purpose, for Bradhurst Urban Renewal Area (Phase III) in the Borough of Manhattan, City and State of New York. The description of the real property to be acquired is as follows:

Block 2045 Lot 7

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2045 Lot 9

In its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

Block 2051 Lots 125, 126, 127, 128, 129, 130, 132, 133 and 134

Each in its entirety, as shown on the Tax Map of the City of New York for the Borough of Manhattan, as said Tax Map existed on July 19th, 2000.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

Dated: June 27, 2000, New York, New York

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010.

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038.

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations: Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
 N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street, 6th Floor, New York, New York 10038. Paul Tamboia, CPPB Director, Contract Administration and Procurement, at 212-312-3969.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.
East New York, Brooklyn - Commercial Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. Include contact name, address, phone, fax, and email. Pre-proposal conference was held on June 22, 2001 at 10:00 AM at 110 Livingston Street, 2nd Floor Library, Brooklyn, NY 11201. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP.

Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

AGENCY RULES

RENT GUIDELINE BOARD

NOTICE

Apartment & Loft Order #33

June 29, 2001

Order Number 33 - Apartments and Lofts, rent levels for leases commencing October 1, 2001 through September 30, 2002.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY RENT GUIDELINES BOARD BY THE RENT STABILIZATION LAW OF 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended, implemented by Resolution No 276 of 1974 of the New York City Council and extended by the Rent Regulation Reform Act of 1997, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Rent Guidelines Board (RGB) hereby adopts the following levels of fair rent increases over lawful rents charged and paid on September 30, 2001. These rent adjustments will apply to rent stabilized apartments with leases commencing on or after October 1, 2001 and through September 30, 2002. Rent guidelines for loft units subject to Section 286 subdivision 7 of the Multiple Dwelling Law are also included in this order.

ADJUSTMENT FOR RENEWAL LEASES (APARTMENTS)

Together with such further adjustments as may be authorized by law, the annual adjustment for renewal leases for apartments shall be:

For a one-year renewal lease commencing on or after October 1, 2001 and on or before September 30, 2002: 4%

For a two-year renewal lease commencing on or after October 1, 2001 and on or before September 30, 2002: 6%

These two adjustments shall also apply to dwelling units in a structure subject to the partial tax exemption program under Section 421a of the Real Property Tax Law, or in a structure subject to Section 423 of the Real Property Tax Law as a Redevelopment Project.

NO VACANCY ALLOWANCE FOR APARTMENTS

No vacancy allowance is permitted except as provided by sections 19 and 20 of the Rent Regulation Reform Act of 1997.

ADDITIONAL ADJUSTMENT FOR RENT STABILIZED APARTMENTS SUBLET UNDER SECTION 2525.6 OF THE RENT STABILIZATION CODE

In the event of a sublease governed by subdivision (e) of section 2525.6 of the Rent Stabilization Code, the allowance authorized by such subdivision shall be 10%.

ADJUSTMENTS FOR LOFTS (UNITS IN THE CATEGORY OF BUILDINGS COVERED BY ARTICLE 7-C OF THE MULTIPLE DWELLING LAW)

The Rent Guidelines Board adopts the following levels of rent increase above the "base rent", as defined in Section 286, subdivision 4, of the Multiple Dwelling Law, for units to which these guidelines are applicable in accordance with Article 7-C of the Multiple Dwelling Law:

For one-year increase periods commencing on or after October 1, 2001 and on or before September 30, 2002: 1%

For two-year increase periods commencing on or after October 1, 2001 and on or before September 30, 2002: 2%

VACANT LOFT UNITS

No Vacancy Allowance is permitted under this Order. Therefore, except as otherwise provided in Section 286, subdivision 6, of the Multiple Dwelling Law, the rent charged to any tenant for a vacancy tenancy commencing on or after October 1, 2001 and on or before September 30, 2002 may not exceed the "base rent" referenced above plus the level of adjustment permitted above for increase periods.

FRACTIONAL TERMS

For the purposes of these guidelines any lease or tenancy for a period up to and including one year shall be deemed a one year lease or tenancy, and any lease or tenancy for a period of over one year and up to and including two years shall be deemed a two-year lease or tenancy.

ESCALATOR CLAUSES

Where a lease for a dwelling unit in effect on May 31, 1968 or where a lease in effect on June 30, 1974 for a dwelling unit which became subject to the Rent Stabilization Law of 1969, by virtue of the Emergency Tenant Protection Act of 1974 and Resolution Number 276 of the New York City Council, contained an escalator clause for the increased costs of operation and such clause is still in effect, the lawful rent on September 30, 2001 over which the fair rent under this Order is computed shall include the increased rental, if any, due under such clause except those charges which accrued within one year of the commencement of the renewal lease. Moreover, where a lease contained an escalator clause that the owner may validly renew under the Code, unless the owner elects or has elected in writing to delete such clause, effective no later than October 1, 2001 from the existing lease and all subsequent leases for such dwelling unit, the increased rental, if any, due under such escalator clause shall be offset against the amount of increase authorized under this Order.

SPECIAL ADJUSTMENTS UNDER PRIOR ORDERS

All rent adjustments lawfully implemented and maintained under previous apartment orders and included in the base rent in effect on September 30, 2001 shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

SPECIAL GUIDELINE

Under Section 26-513(b)(1) of the New York City Administrative Code, and Section 9(e) of the Emergency Tenant Protection Act of 1974, the Rent Guidelines Board is obligated to promulgate special guidelines to aid the State Division of Housing and Community Renewal in its determination of initial legal regulated rents for housing accommodations previously subject to the City Rent and Rehabilitation Law which are the subject of a tenant application for adjustment. The Rent Guidelines Board hereby adopts the following Special Guidelines:

For dwelling units subject to the Rent and Rehabilitation Law on September 30, 2001, which become vacant after September 30, 2001, the special guideline shall be the greater of the following:

- 1) 150% above the maximum base rent as it existed or would have existed, plus the allowable fuel cost adjustment, or
- 2) The Fair Market Rent for existing housing as established by the United States Department of Housing and Urban Development (HUD) for the New York City Primary Metropolitan Statistical Area pursuant to Section 8(c) (1) of the United States Housing Act of 1937 (42 U.S.C. section 1437f [c] (1)) and 24 C.F.R. Part 888, with such Fair Market Rents to be adjusted based upon whether the tenant pays his or her own gas and/or electric charges as part of his or her rent as such gas and/or electric charges are accounted for by the New York City Housing Authority.

Such HUD-determined Fair Market Rents will be published in the Federal Register, to take effect on October 1, 2001.

DECONTROLLED UNITS

The permissible increase for decontrolled units as referenced in Order 3a which become decontrolled after September 30, 2001, shall be the greater of the following:

- 1) 150% above the maximum base rent as it existed or would have existed, plus the allowable fuel cost adjustment, or
- 2) The Fair Market Rent for existing housing as established by the United States Department of Housing and Urban Development (HUD) for the New York City Primary Metropolitan Statistical Area pursuant to Section 8(c) (1) of the United States Housing Act of 1937 (42 U.S.C. section 1437f [c] (1)) and 24 C.F.R. Part 888, with such Fair Market Rents to be adjusted based upon whether the tenant pays his or her own gas and/or electric charges as part of his or her rent as such gas and/or electric charges are accounted for by the New York City Housing Authority.

Such HUD-determined Fair Market Rents will be published in the Federal Register, to take effect on October 1, 2001.

CREDITS

Rentals charged and paid in excess of the levels of rent increase established by this Order shall be fully credited against the next month's rent.

STATEMENT OF BASIS AND PURPOSE

The Rent Guidelines Board is authorized to promulgate rent guidelines governing apartment units subject to the Rent Stabilization Law of 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended. The purpose of these guidelines is to implement the public policy set forth in Findings and Declaration of Emergency of the Rent Stabilization Law of 1969 (§26-501 of the N.Y.C. Administrative Code) and in the Legislative Finding contained in the Emergency Tenant Protection Act of 1974 (L.1974 c. 576, §4 [§2]).

The Rent Guidelines Board is also authorized to promulgate rent guidelines for loft units subject to Section 286 subdivision 7 of the Multiple Dwelling Law. The purpose of the loft guidelines is to implement the public policy set forth in the Legislative Findings of Article 7-C of the Multiple Dwelling Law (Section 280).

EXPLANATORY STATEMENT - APARTMENT ORDER #33 Explanatory Statement and Findings of the Rent Guidelines Board In Relation to 2001-02 Lease Increase Allowances for Apartments and Lofts under the Jurisdiction of the Rent Stabilization Law¹

Summary of Order No. 33

The Rent Guidelines Board (RGB) by Order No. 33 has set the following maximum rent increases for leases subject to renewal on or after October 1, 2001 and on or before September 30, 2002 for apartments under its jurisdiction:

LEASE RENEWALS

1 Year	2 Years
4%	6%

VACANCY ALLOWANCE

The vacancy allowance is now determined by a formula set forth in the State Rent Regulation Reform Act of 1997, not by the Orders of the Rent Guidelines Board.

SUBLET ALLOWANCE

The increase landlords are allowed to charge when a rent stabilized apartment is sublet by the primary tenant to another tenant on or after October 1, 2001 and on or before September 30, 2002 shall be 10%.

ADJUSTMENTS FOR LOFTS

For Loft units to which these guidelines are applicable in accordance with Article 7-C of the Multiple Dwelling Law, the Board established the following maximum rent increases for increase periods commencing on or after October 1, 2001 and on or before September 30, 2002. No vacancy allowance or low rent allowance is included for lofts.

1 Year	2 Years
1%	2%

The guidelines do not apply to hotel, rooming house, and single room occupancy units that are covered by separate Hotel Orders.

Any increase for a renewal lease may be collected no more than once during the guideline period governed by Order No. 33.

¹ This Explanatory Statement explains the actions taken by the Board members on individual points and reflects the general views of those voting in the majority. It is not meant to summarize all the viewpoints expressed.

SPECIAL GUIDELINES

Leases for units subject to rent control on September 30, 2001 that subsequently become vacant and then enter the stabilization system are not subject to the above adjustments. Such newly stabilized rents are subject to review by the State Division of Housing and Community Renewal (DHCR). In order to aid DHCR in this review the Rent Guidelines Board has set a special guideline of whichever is greater:

(1) 150% above the Maximum Base Rent (MBR) as it existed or would have existed, plus applicable fuel adjustments; or

(2) The Fair Market Rent for existing housing as established by the United States Department of Housing and Urban Development (HUD) for the New York City Primary Metropolitan Statistical Area pursuant to Section 8(c) (1) of the United States Housing Act of 1937 (42 U.S.C. section 1437f [c] (1)) and 24 C.F.R. Part 888, with such Fair Market Rents to be adjusted based upon whether the tenant pays his or her own gas and/or electric charges as part of his or her rent as such gas and/or electric charges are accounted for by the New York City Housing Authority.

Such HUD-determined Fair Market Rents will be published in the Federal Register, to take effect on October 1, 2001.

All rent adjustments lawfully implemented and maintained under previous apartment Orders and included in the base rent in effect on September 30, 2001 shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

Background of Order No. 33

The Rent Guidelines Board is mandated by the Rent Stabilization Law of 1969 (Section 26-510(b) of the NYC Administrative Code) to establish annual guidelines for rent adjustments for housing accommodations subject to that law and to the Emergency Tenant Protection Act of 1974. In order to establish guidelines the Board must consider, among other things:

(1) the economic condition of the residential real estate industry in the affected area including such factors as the prevailing and projected (i) real estate taxes and sewer and water rates, (ii) gross operating and maintenance costs (including insurance rates, governmental fees, cost of fuel and labor costs), (iii) costs and availability of financing (including effective rates of interest), (iv) overall supply of housing accommodations and overall vacancy rates;

(2) relevant data from the current and projected cost of living indices for the affected area;

(3) such other data as may be made available to it.

The Board gathered information on the above topics by means of public meetings and hearings, written submissions by the public, and written reports and memoranda prepared by the Board's staff. The Board calculates rent increase allowances on the basis of cost increases experienced in the past year, its forecasts of cost increases over the next year, its determination of the relevant operating and maintenance cost-to-rent ratio, and other relevant information concerning the state of the residential real estate industry.

Material Considered by the Board

Order No. 33 was issued by the Board following one public hearing, seven public meetings, its review of written submissions provided by the public, and a review of research and memoranda prepared by the Board's staff. A total of 40 written submissions were received at the Board's offices from many individuals and organizations including public officials, owners and owner groups, and tenants and tenant groups. The Board members were provided with copies of public comments received by the June 13th, 2001 deadline. All of the above listed documents were available for public inspection.

Open meetings of the Board were held following public notice on March 27th, April 10th, April 24th, April 30th, May 9th, and June 5th, 2001. A written transcription or audio recording was made of all proceedings. On May 9th, 2001, the Board adopted proposed rent guidelines for apartments, lofts, and hotels.

A public hearing was held on June 13th, 2001 pursuant to Section 1043 of the New York City Charter and Section 26-510(h) of the New York City Administrative Code. Testimony on the proposed rent adjustments for rent-stabilized apartments and lofts was heard from 1:15 p.m. to 6:00 p.m., and from 8:15 p.m. to 9:45 p.m. on June 13th, 2001. Testimony from members of the public speaking at these hearings was added to the public record. The Board heard testimony from 76 apartment tenants and tenant representatives, 14 apartment owners and owner representatives and 9 public officials. On June 20th, 2001 the guidelines set forth in Order No. 33 were adopted.

PRESENTATIONS BY HOUSING EXPERTS INVITED BY MEMBERS OF THE BOARD

Each year the staff of the New York City Rent Guidelines Board is asked to prepare numerous reports containing various facts and figures relating to conditions within the residential real estate industry. The Board's analysis is supplemented by testimony from industry and tenant representatives, housing experts, and by various articles and reports gathered from professional publications.

Listed below are the other experts invited and the dates of the public meetings at which their testimony was presented:

SELECTED EXCERPTS FROM ORAL AND WRITTEN TESTIMONY FROM OWNERS AND OWNER GROUPS

Comments from owners and owner groups included:

"Proposed guidelines are inadequate - again. The Price Index measured an 8.7% increase, yet current proposals call for only 3% and 5% renewal increases. Last year's PIOC was 7.8%, but increases were only 4 and 6%. The RGB ignored last year's 55% fuel increase, and is overlooking this year's 33% increase. Guidelines should not be limited to a percentage of the Price Index, in the same way that Social Security increases are not limited to a percentage of the CPI increase."

"The supplemental adjustment for low rent apartments reflects the realization by the Board that a percentage increase translates into a lower dollar amount for low rent apartments than for higher rent apartments. This supplemental dollar amount added to the guideline percentage increases the likelihood that all apartments will derive the intended benefits of the rent increases deemed necessary by the RGB. Even though a low rent adjustment has been authorized by the Board for the last five years, a significant number of stabilized apartments still rent for less than \$500 per month and place an economic burden on property owners. This is an indication that a substantial number of apartments started out with such inordinately low rents that even the prior supplemental adjustments have failed to raise these rent levels significantly.... In consideration of these factors, [the RSA] strongly urges the Board to maintain the current supplemental adjustment for low rent apartments."

"The Board has received a price index report from staff indicating that owners' operating costs increased dramatically last year. There is good reason to believe owners are paying considerably more than the index indicates. The area is administrative costs, including management fees, accounting, legal fees, advertising, and even bill envelopes. According to the index, administrative costs make up 8.5% of owners overall operating expenses. The Income and Expense report issued by RGB staff a few weeks ago paints a different picture. According to the I & E report, administrative costs represented 13% of owners' actual operating expenses in 1999. Most of the difference is explained by the fact that the market basket used in creating the price index does not include any of the new administrative tasks required of property owners in New York in recent decades. The real rise in administrative costs justifies higher guideline increases than the price index indicates for two reasons. One, obviously, is that the costs are simply understated. The other is that these new administrative burdens not only cost more, they create more risk for apartment buildings owners choosing to do business in New York City. In looking at the condition of the real estate industry, the Board should consider that operating in New York entails greater risk than in other metropolitan markets and, therefore, must offer greater returns."

"Net Operating Income' is by no means the same as 'profit.' NOI does not account for the single largest expenditure property owners make - mortgage expense. NOI also does not account for necessary major capital improvements including new roofs, windows and boilers, as well as numerous other costs not specifically included in the Price Index. Income and Expense data used to calculate NOI contains major flaws. I & E data excludes 70% of all buildings and 40% of all stabilized buildings. I & E data excludes smaller buildings and buildings in poor neighborhoods, all of which tend to have high operating ratios. The rental housing industry cannot be regulated on the basis of profits, like a utility. It contains 45,000 separate businesses, each of which may have a profit or loss from year to year. Citywide NOI 'averages' are rendered meaningless by the vast difference between the Manhattan core and the rest of the City. NOI ranges from a low of \$175 in the Bronx to a high of \$584 in Manhattan. Operating ratios range from as high as 72% in the Bronx to 53% in Manhattan."

"Many owners use a profitable building to subsidize an unprofitable one....Hidden costs, like dirty sidewalks, are not recognized....Affordable housing is a job for the government....Gas prices, property taxes, electric costs aren't coming down."

SELECTED EXCERPTS FROM ORAL AND WRITTEN TESTIMONY FROM TENANTS AND TENANT GROUPS

Comments from tenants and tenant groups included:

"The fundamental flaw in the Price Index methodology is that it looks only at one side of the profit equation. The

reliance by the Rent Guidelines Board on a study that focuses on changes in landlords' operating costs while ignoring changes in their income skews the entire rent guidelines process to favor landlords."

"Therefore, the Coalition for the Homeless opposes any annual rent increases on rent-regulated apartments this year, and urges the RGB to eliminate the rent supplement - 'the poor tax' on low-rent apartments. We do so for the following reasons: 1) the rapidly growing loss of affordable rental housing in New York City, particularly in the rent-regulated housing stock, and the extraordinary acceleration of rent increases in recent years compared to relatively stagnant (and often declining renter incomes), 2) the enormous growth in owners' profits, offsetting the need for further rent increases, 3) the 'double hit' on low rent apartments created by both the 'poor tax' and the special vacancy bonuses and allowances included in the 1997 rent regulation reform statute, which has accelerated the loss of this vital stock of affordable housing. The dramatic increase in homelessness in recent years, particularly the alarming rise in the number of homeless families with children."

"Needless to say, the proposed increases will negatively impact DC 37 rent stabilized apartment dwellers. Hardest hit will be DC 37 retirees, whose city pensions benefit averages approximately \$15,000 annually. They are already making hard choices between food and medication."

"The RGB justifies the poor tax by citing the amount required on average to operate and maintain buildings with rent-stabilized apartments. This overlooks the reality that landlords run their buildings on the rent roll from the entire building, not from individual apartments, and that landlords collect a range of rents from high to low. It's time that you end this punitive rent increase."

"Many volunteers on fixed incomes like ourselves, contribute to our community in many ways. I volunteer in our church's shelter for the homeless, many of who could not afford the rent. I also serve on our Community Board. If folks like us have to leave New York, the city will be the poorer for it. Vote for 0% increase to keep the middle class here and to relieve the poorest among us."

SELECTED EXCERPTS FROM ORAL AND WRITTEN TESTIMONY FROM PUBLIC OFFICIALS*

Comments from public officials included:

"I strongly urge the RGB to abolish the 'poor tax.' This supplementary charge of \$15 on apartments under \$500 - combined with yearly increases - has priced many apartments out of the affordability range for low-income tenants. In the last six years alone, the number of apartments under \$500 has been cut in half. The incomes of tenants in these apartments are significantly lower than the incomes of tenants in apartments renting for \$500 or more. It is unfair to burden the lowest income tenants with additional charges, making their apartments unaffordable."

* Sources: Submissions by tenant groups and testimony by tenants

* Sources: Submissions by public officials

"In fact, because of the flaws in the Price Index as a method to determine rent increases, I believe there should be no rent increase this year. The Price Index consistently overstates landlords' operating costs, because it only measures price changes and ignores consumption."

"At a time when affordable housing is scarce at best, a rent increase would be unjustified and unacceptable. Rent stabilized tenants were punished by last year's enormous 4-6% increase - the highest since 1996. To continue to increase rents in this fashion will place a serious and undue hardship on New York City's middle and working class tenants."

"Second, landlords' profit have been going up for much of the last decade. The RGB's own *Income and Expense Study* shows that, from 1992 to 1999, landlord's cost-to-income ratio declined by over eight percentage points from 63.4% in 1992 to 54.8% in 1999. This means that landlords kept 45 cents for every dollar in revenue in 1999, up from just 37 cents in 1992. Landlords argue that debt service is paid out of this 45 cents of profit, which is true. However, interest rates have fallen in recent years, meaning that debt service costs have dropped as well."

"Pointing to even large increases in single items such as fuel ignores the only relevant indicator, profitability, and simply makes no sense. Further, the cumulative effect of excessive increases in prior years, for example, the June 1999 increase of 2% to 4% when operating costs grew by only .03%, must be taken into consideration when reviewing whether new increases are warranted."

RENT GUIDELINES BOARD RESEARCH

The Rent Guidelines Board also based its determination on its consideration of the following reports and information prepared by the RGB's staff:

- (1) *2001 Mortgage Survey Report*, March, 2001, (An evaluation of recent underwriting practices, financial availability and terms, and lending criteria);
- (2) *2001 Owner Income and Expense Study*, April, 2001, (Based on income and expense data provided by the Finance Department, the Income and Expense Study measures rents, operating costs and net operating income in rent stabilized buildings);
- (3) *2001 Tenant Income and Affordability Study*, April, 2001, (Includes employment trends, housing court actions, changes in eligibility requirements and public benefit levels in New York City);
- (4) *2001 Price Index of Operating Costs for Rent Stabilized Apartment Houses in New York City*, April, 2001, (Measures the price change for a market basket of goods and services which are used in the operation and maintenance of stabilized buildings);
- (5) *2001 Housing Supply Report*, June, 2001, (Includes new housing construction measured by certificates of occupancy in new buildings and units authorized by new building permits, tax abatement and exemption programs, and cooperative and condominium conversion and construction activities in New York City); and,

The Board also examined the 1999 New York City Housing and Vacancy Survey data on vacancy rates. The information showed that the vacancy rate for stabilized units was lower in 1999 (3.19%) than it was in 1996 (4.01%).

2001 PRICE INDEX OF OPERATING COSTS FOR RENT STABILIZED APARTMENT HOUSES IN NEW YORK CITY

The 2001 Price Index of Operating Costs For Rent Stabilized Apartment Houses in New York City found a 8.7% increase in costs for the period between April, 2000 and April, 2001.

Over the year ending April 2001, increases in costs occurred in most PIOC components, among the seven components unaffected by energy prices, these cost increases ranged from 0.8% for parts and supplies to 5.5% for real estate taxes. Of the remaining two components, utility costs increased by 15.0%, largely driven by the 57.4% increase in the cost of gas, and fuel costs increased by 33.3%. The 2001 PIOC was higher than the 3.8% projected in 2000, primarily because of the steep increase in fuel and utilities costs contributed the most to the variance between the 2001 projection and the actual 2001 PIOC. Fuel costs increased by 33% versus the expected increase of 7%.

Staff also computed a "core" PIOC, which excludes erratic changes in fuel oil, natural gas, and electricity costs, as a supplement to the regular PIOC. This core PIOC, like the core Consumer Price Index, is useful for analyzing longer-term inflationary trends.

In recent years the "core" rate has fluctuated between approximately 2% and 4%. The "core" rate moved upward from 2.1% in 1994 to 2.4% in 1995, and to 3.1% in 1996. The rate dropped slightly to 3.0% in 1997, fell further to 2.3% in 1998, then rose to 2.5% in 1999. Last year, the core rose by 3.8%, the highest rate seen since 1993 when the "core" also rose by 3.8%. This year, the "core" rose by 4.0%. The "core" slightly outpaced growth in the Consumer Price Index (CPI), which grew by 3.1% from the year April 1999 to March 2000 to April 2000 to March 2001.

Overall, the PIOC is expected to grow by 2.1% from 2001 to 2002 due to a 6.2% projected increase in taxes, and moderate projected growth in labor, utility, contractor services and administrative costs offset by a 13.6% projected decrease in fuel costs. The "core" PIOC is projected to rise more rapidly than the overall PIOC, by 4.3% as falling energy-related costs are eliminated and will not dampen the growth in the core components.

Table 1 details the expenditure weights, the percentage change and weighted percentage change by component for the 2001 Price Index.

LOCAL LAW 63/ INCOME & EXPENSE REVIEW

Following computerization of I&E filings, the sample size for the I&E study has been greatly increased to over 10,000 buildings. This is the tenth year that staff has been able to obtain longitudinal data in addition to cross-sectional data. The RGB staff found the following average monthly (per unit) operating and maintenance (O&M) costs in 2000 Real Property Income and Expense (RPIE) statements for the year 1999:

Table 2

2001 Income and Expense Study Average Monthly Operating and Maintenance Costs Per Unit⁶

Total	\$445	\$518	\$464

Source: 2001 Income and Expense Study, from 2000 Real Property Income and Expense filings for 1999, NYC Department of Finance.

In 1992, the Board benefited from the results of audits conducted on a stratified sample of 46 rent stabilized buildings by the Department of Finance. Audited income and expense figures were compared to statements filed by owners. On average the audits showed an 8% over reporting of expenses. The categories, which accounted for nearly all of the expense over reporting, were maintenance, administration, and "miscellaneous." The largest over reporting was in miscellaneous expenses.

If we assume that an audit of this year's income and expense data would yield similar findings to the 1992 audit, one would expect the average O&M cost for stabilized buildings to be \$426, rather than \$464. As a result, the following relationship between operating costs and residential rental income was suggested by the Local Law 63 data:

Table 2(a)

⁷ Overall O&M expenses were adjusted according to the finding of an income and expenses audit conducted by the Department of Finance in 1992. The unadjusted O&M to rent ratios would be 0.66 (All), 0.66 (All), 0.63 (Pre-47), and 0.61 (Post-47).

FORECASTS OF OPERATING AND MAINTENANCE PRICE INCREASES FOR 2001-02

In order to decide upon the allowable rent increases for two-year leases, the Rent Guidelines Board considers price changes for operating costs likely to occur over the next year. In making its forecasts the Board relies on expert assessments of likely price trends for the individual components, the history of changes in prices for the individual components and general economic trends. The Board's projections for 2001-02 are set forth in Table 3, which shows the Board's forecasts for price increases for the various categories of operating and maintenance costs.

Taxes

Property taxes comprise roughly a quarter of the PIOC. From the mid-1980s to the early 1990s, taxes often rose faster than the overall PIOC. From 1993-99, slower increases in tax rates and falling or stable assessments meant that taxes increased more slowly than they had in the prior period. However, the current trend of rising assessments, including the 5.9% increase in assessments found in FY 2001, indicate that the effects of NYC's economic recovery are now being felt in the Tax component.

Class Two properties include rent stabilized apartments, co-ops and condominiums. Within this category, rent stabilized dwellings are classified as either "rental buildings" or "4-10 unit family buildings." Based on the preliminary tax roll, the Finance Department forecasts billable assessments (the assessed value of a property on which tax liability is based) for rental buildings to increase by 11.6%, while billables for 4-10 family buildings are expected to increase by 4.9% in FY 2002. However, preliminary assessments are slightly imprecise because following the release of the tentative assessment roll each year, a small percentage of appraisals are contested and overall final assessments are generally reduced.

After adjusting for estimated changes in the class levy share, the value of exemptions, the tax rate, the value of abatements, and contested assessments, it is estimated that tax costs to owners will grow by 7.2% and 0.2% respectively for rentals and 4-10 unit properties. Once these tax class categories are combined according to their proportion of the stabilized stock and distribution by borough, average property tax bills for rent stabilized buildings, which are predominantly classified as "rental" buildings, are estimated to increase by 6.2% in the next fiscal year.

Taxes6.2%

Labor-Based Components

(Contractor Services, Labor Costs, and Administrative Costs)

Labor Based Components in the PIOC include Labor Costs, comprising the wages and benefits of building maintenance workers (e.g. superintendents, porters, etc.), Contractor Services, which primarily covers the work of plumbers and painters, and Administrative Costs, which is almost entirely comprised of management, legal, and accounting fees.

Contracts for both the Westchester County (formerly 32E which serves the Bronx) and the New York City chapters of Union Local 32B-32J were negotiated through 2002 so exact projections of the rate change in wages could be calculated. All other projected labor increases are based on a geometric eight-year average.

Wages for members of Local 32B-32J in the Bronx will rise 1.8% while wages for NYC Local 32B-32J are predicted to rise 3.2% for superintendents and 3.4% for handypersons and others. By combining these increases with the remaining items in the Labor component, an increase of 3.5% is projected in labor costs for the coming year.

Increases in Administrative Costs and Contractor Services are projected by averaging the growth rates observed in each component over the past three years. Administrative cost increases have been fairly constant over the decade and are estimated to rise by 3.6% over the next year. In comparison, the cost of Contractor Services has been more variable in the recent past and based on a three-year average is projected to increase by 3.9% next year.

Fuel Costs

The cost of fuel oil depends heavily on volatile weather patterns as well as political and economic variables that cannot be reliably predicted. Given these difficulties (and barring unforeseen natural or geo-political events), the cost of oil heating in New York City is estimated to decrease by 13.6% in the coming year following last year's significant cost increase.

Assuming that annual temperatures in 2002 return to the most recent five-year average for Central Park, New York City⁸, which would be about 10% warmer than the weather experienced in 2000-01, the commensurate decrease in demand for heating fuels will in turn decrease the cost of fuel oil to building owners.

⁸ The May 2000 to April 2001 year was 10% colder than the most recent 5-year average "normal" year, and 16% colder than the year before. "Normal" weather refers to the typical number of heating degree-days measured at Central Park over a given period. A heating degree-day is defined as, for one day, the number of degrees that the average temperature for that day is below 65 degrees Fahrenheit. The most

recent five-year average "normal" temperature refers to the total number of average annual heating Degree Days from 1996 to 2000 measured in Central park by the National Weather Service.

In sum, based on current U.S. Energy Information Administration (EIA) forecasts, declining fuel prices and reduced fuel consumption brought about by "normal" weather conditions, are estimated to decrease fuel oil heating costs to owners of stabilized buildings in New York City by 13.6% in the next year.⁹

Utility Costs

In the PIOC, the costs of electricity, natural gas, water and sewer service, purchased steam and telephone service are grouped as Utilities. Water and sewer costs alone account for about 57% of this component this year, while electricity and gas comprise another 40% of the utility category (17% and 23% respectively). Steam and telephone prices constitute the remainder of the Utilities component (3%).

Next year, the overall cost of utilities is estimated to rise by 1.0%. The bulk of this modest growth will come from an estimated decrease in the cost of natural gas (-6.7% according to EIA price estimates and an assumed return to the five-year average weather pattern), and a 0.2% decrease in electricity costs. The projected decrease in energy-related costs is offset by a moderate estimated increase in water and sewer rates (a 3.5% increase is proposed for the coming year).

The New York State Public Service Commission (PSC) estimates that following recent rate drops, electricity delivery rates will remain relatively constant in the upcoming year. In January 2001 and again in April 2001, Con Edison's delivery rates were reduced for most multi-family buildings. These rate decreases resulted in an approximate 8% reduction in total average bills for most sizes of multi-family buildings in the first quarter of 2001. If weather is "normal" and fuel prices do not drop as expected, then electricity prices this summer will be higher than last summer, offsetting the earlier rate decreases. However, adjustment charges for the changing cost of supplying power should decrease somewhat assuming fuel prices behave as predicted. Using the most recent EIA projections, the cost of electricity is estimated to drop minimally, by 0.2% over the coming year.

Natural gas costs are estimated to decrease by 6.7% next year. Neither Keyspan nor Con Edison expects an increase in rates or delivery charges over the upcoming year. Assuming a return to the five-year average weather pattern in combination with EIA estimates for the change in natural gas prices which take into account dropping fuel price adjustment charges, decreased consumption is projected to ultimately produce a decline in gas costs of 6.7% over the next year.¹⁰

During the past ten years, water and sewer costs have grown the fastest of all the items in the Utilities component. After many double digit increases, water and sewer rates were frozen from FY 1994 to FY 1995. Rates were unfrozen in FY 1996, rising by 5%, followed by increases of 6.5% in FY 1997 and '98. Rates rose less rapidly FY 1999 and FY 2000, each by 4%, followed by an increase of 1% for FY 2001.

An increase of 3.5% should take effect from July 1st, given current proposals before the New York City Water Board.

In total, weighted changes in water and sewer charges, electricity, steam, telephone and natural gas costs, are projected to cause Utilities to rise by 1.0% in 2002.

Insurance Costs

Insurance Costs for rent stabilized buildings increased 4.9% last year up from growth of 0.7% the year before. This highly variable component showed a decrease of 1.5% in 1998 and an increase of 3.5% in 1999. Based on a geometric eight-year average, Insurance Costs are estimated to rise by 2.5% over the coming year.

The Parts and Supplies component has usually played a very small role in the PIOC, comprising slightly more than 2% of the index in 2001. Over the past six years there has been very modest growth in this component ranging from 0.8% to 2.2%. This trend should extend to 2002 when the cost of Parts and Supplies is estimated to increase by 1.6%.

COMMENSURATE RENT ADJUSTMENT

Throughout its history, the Rent Guidelines Board has used a formula, known as the "commensurate rent increase," to help determine annual rent increases for rent stabilized apartments. In essence, the "commensurate" combines various data concerning operating costs, revenues, and inflation into a single measure indicating how much rents would have to rise for net operating income (NOI) in stabilized buildings to remain constant. The "commensurate" increase described below is primarily meant to provide an initiation, and not a floor or ceiling, for discussion concerning prospective guidelines.

In its simplest form, the commensurate rent increase is the amount of rent growth needed to maintain landlords' current dollar NOI at a constant level. The commensurate rent increase for this year is¹¹:

One Year Lease Two Year Lease

5.2% 5.9%

As a means of compensating landlords for cost increases, this "traditional" commensurate rent increase has two major flaws. First, although the formula is supposed to keep landlords' current dollar income constant, the formula does not consider the mix of one- and two-year lease renewals. Since only about three-fifths of leases are renewed in any given year, with a preponderance of leases having a two year duration, the formula does not necessarily accurately estimate the amount of income needed to compensate landlords for past O&M increases.

A second possible flaw of the traditional commensurate formula is that it does not consider the erosion of landlords' income by inflation. By maintaining current dollar NOI at a constant level, adherence to the formula may cause profitability to decline over time. However, such degradation is not an inevitable consequence of using the commensurate formula.¹²

Two alternatives to the commensurate rent increase adjust for the mix of lease terms and sources of landlord revenue allowed by the RGB other than lease renewals (e.g. vacancy allowance). The first is called the "Net Revenue" approach, and takes into consideration the mix of leases actually signed by tenants but does NOT adjust NOI for inflation. This year, two alternative formulas are presented in two ways. First, the formula is presented with an assumption for stabilized apartment turnover and vacancy increases, and second, without this assumption. Under the "Net Revenue" formula, a guideline that would preserve NOI in the face of this year's 8.7% increase in PIOC, is 4.5% for a one-year lease and 8.0% for a two-year lease with a vacancy increase assumption, and 6.5% and 11.0% without a vacancy increase assumption.¹³

The "CPI-Adjusted NOI" formula considers the mix of one- and two-year lease terms while adjusting NOI upward to reflect inflation, keeping both O&M and NOI constant. A set of guidelines which would preserve NOI in the face of the 3.4% increase in the Consumer Price (the latest 12-month average increase) and the 8.7% rise in the PIOC, including an assumption for turnover and the median Citywide vacancy increase found in the 1998 Recent Movers Survey, is 6.5% for a one-year lease and 10.5% for a two-year lease.

¹¹ The accuracy of the PIOC is assumed, as is the collectibility of legally authorized increases. Calculating the "traditional" Commensurate Rent Increase requires an assumption about next year's PIOC. In this case, the 2.1% PIOC projection for 2002 is used.

¹² Whether profits will actually decline depends on the level of inflation, the composition of NOI (i.e. how much is debt services and how much is profit), changes in tax laws, and interest rates.

¹³ The following assumptions were used: (1) The required increase in landlord revenue is the sum of the increase due to increased costs and the impact of inflation on NOI. The increase in revenue due to costs is 59.6% of the 2001 PIOC increase of 8.73%, or 5.21%. The 59.6% figure is the most recent ratio of average operating costs to average income in stabilized buildings.

Assumptions regarding lease renewals were derived from the 1999 Housing and Vacancy Survey. In a given year approximately 29.2% of stabilized tenants sign a one-year lease, and 29.3% sign a two-year lease. Another 29.3% have a two-year lease but do not sign, and 12.3% turn over, and are subject to a vacancy lease. For the commensurate including a vacancy assumption, the 12.0% average increase in vacancy leases found in the 1998 Recent Movers Study was used. These terms are only illustrative. Other combinations of terms could produce the 5.21% increase in landlord revenue.

Guidelines using this formula without including an assumption for turnover and vacancy increases are 9.0% for a one-year lease and 13.0% for a two-year lease.¹⁴

All of these methods have their limitations. The traditional commensurate increase is artificial and does not consider the impact of lease terms or inflation on landlords' income. The "Net Revenue" formula does not attempt to adjust NOI based on changes in interest rates or deflation of landlord profits. The "CPI-Adjusted NOI" method has its limitations. The "CPI-Adjusted NOI" formula inflates the debt service portion of NOI, even though interest rates have been generally falling over recent years. However, the fact that this year's Mortgage Survey found an increase in interest rates for multi-family stabilized properties may indicate that this trend is reversing.

¹⁴ The following assumptions were used: (1) The required increase in landlord revenue is the sum of the increase due to increased costs and the impact of inflation on NOI. The increase in revenue due to costs is 59.6% of the 2001 PIOC increase of 8.7%, or 5.21%. The 59.6% figure is the most recent ratio of average operating costs to average income in rent stabilized buildings. The increase in revenue due to the impact of inflation on NOI is 40% times the latest 12-month average increase in the CPI (3.1%) or 1.2%. Thus, the total increase in landlord income required is 6.4%. (2) Assumptions regarding lease renewals were derived from the 1999 Housing and Vacancy Survey. These terms are only illustrative. Other combinations of terms could produce the 6.4% increase in landlord revenue.

Consideration of Other Factors

Before determining the guideline, the Board considered other factors affecting the rent stabilized housing stock and the economics of rental housing.

EFFECTIVE RATES OF INTEREST

The Board took into account current mortgage interest rates and the availability of financing and refinancing. It reviewed the staff's 2001 Mortgage Survey of lending institutions. Table 4 gives the reported rate and points for the past nine years as reported by the mortgage survey.

CALCULATING OF THE CURRENT OPERATING AND MAINTENANCE EXPENSE TO RENT RATIO

Each year the Board estimates the current average proportion of the rent roll which owners spend on operating and maintenance costs. This figure is used to ensure that the rent increases granted by the Board compensate owners for the increases in operating and maintenance expenses. This is commonly referred to as the O&M to rent ratio.

Over the first two decades of rent stabilization, the change in the O&M to rent ratio contained in Table 8 (hereinafter, referred to as "Table 14" - its past designation) was updated each year to reflect the changes in operating costs as measured by the PIOC and changes in rents as measured by staff calculations derived from guideline increases. Over the years, some Board members and other housing experts have challenged the price index methodology and the soundness of the assumptions used in calculating the O&M to rent ratio in "Table 14". Several weaknesses in the table have been acknowledged for some time.

The first problem with "Table 14" is that the calculation does not account for the changes in the housing stock and market factors which have certainly affected the relationship between rents and operating costs to some degree. Next, for the purpose of measuring the relationship between legal regulated rents and operating cost changes, the usefulness of "Table 14" is also limited. The rent index contained in the table does not adjust for administrative rent increases (MCI's and Apartment Improvement increases) and rents charged below established guidelines (preferential).

The operating cost index contained in the table is more troublesome. The .55 base contained in the table reflects an estimate concerning nearly all post-war units. The vast majority of stabilized units (about 7 out of 10) are now in pre-war buildings, which had higher O&M ratios in 1970. The cost index was adjusted (departing from the PIOC) in the 1970's in an attempt to accommodate for this influx of pre-war buildings into the stabilized sector. This attempt was misguided. The rent index reflects changes in rents initially in the post-war sector - so adjustments to the cost index to reflect the influx of pre-war units' results in a one-sided distortion of the changing relationship between costs and rents.

Staff's research suggests that the PIOC may overstate actual cost increases. While most of this bias occurred in the 1970-1982 period, recent comparative evidence from the Income and Expense studies suggests that a gradual overstatement of operating costs may still occur under the PIOC. From 1990-91 to 1998-99, the I&E rose 30% while the adjusted PIOC rose 29%, a difference of one percentage point. Since this longitudinal analysis covers only a nine-year period, a conclusive statement on this pattern cannot be made at this time. What remains clear, however, is that "Table 14," in its current form, presents a highly misleading picture of the changing relationship of operating costs to rents over time.

¹⁸ 1992-1993 figures include conversions of commercial structures to residential cooperatives and the rehabilitation of vacant residential structures, while 1994 through 2000 rehabilitation plans are a separate category. The figures given above for eviction and non-eviction plans include those that are abandoned because an insufficient percentage of units were sold within the 15 month deadline. In addition, some of the eviction plans accepted for filing may have subsequently been amended or resubmitted as non-eviction plans and therefore may be reflected in both categories. HPD sponsored plans are a subset of the total plans. For 1996, information on specific types of cooperative / condominium plans filed was unavailable.

¹⁸ Estimate of percentage increases are based on the Price Index of Operating Costs for Rent Stabilized Apartment Houses in New York City for the relevant year and adjustments made by the Rent Guidelines Board; detailed explanations are available in the individual Explanatory Statements of the Board.

¹⁹ For explanation of the derivation of individual percentage rent increases see the Explanatory Statements of the Board's previous Orders.

²⁰ The rent index for the period 10/1/00-9/30/01 is revised to reflect consistent vacancy increases assumptions from the 1998 Recent Mover Survey to prior index calculations from 1998-2001. The 8.04% increase in rent roll estimated for leases signed during the period 10/1/00-9/30/01 under Order 32 reflects the following: (1) Renewal guidelines are estimated to contribute a 1.167% and 1.757% increase in the rent roll with 29.2% of all units experiencing a one-year lease signing (4%) and 29.3% of all units experiencing two-year lease signings (6%). These figures are derived from the 1999 Housing and Vacancy Survey (HVS) Table 10058 which gives reported lease terms. "Less than one year" was assumed to be a one-year lease and "More than one year" and "More than two years" were assumed to be a two-year lease. These figures for renewal leases (33% of stabilized households have a one-year lease and 67% have two-year leases) were reduced by the turnover rate of 12.3%, derived from the average households who moved in the 1999 HVS (125,134 is the average number of stabilized households that moved annually 1996-98) and taken as percentages of all stabilized lease signers (1,020,588); (2) the vacancy allowance of 15.1%, which is the mean increase found on vacancy in the 1998 Recent Mover Survey is estimated to increase overall rent rolls by 1.851% when multiplied by the HVS turnover rate (12.3%), which estimates the percentage of rent stabilized units that will enter into vacancy leases under Order 32; (3) the supplemental adjustment of \$15 for units renting at \$500 or less is estimated to contribute a 0.217% increase in rent roll, derived as follows: according to the 1999 HVS, 191,591 units rented for \$481 or less per month. Updating \$481 by the RGB Rent Index for 10/1/99 to 9/30/00 (103,912), results in an average rent of \$500 per month. Only 58.5% of all units sign a renewal lease in a given guideline year, therefore, we estimate that approximately 112,081 units will be affected by the Board's current supplemental adjustment. This group represented 11% of the occupied rent stabilized universe in 1999 (1,020,588 units) multiplied by the estimated percentage increase in rent roll represented by \$15 a month, 2.0% (\$15/\$760, the mean 1999 HVS stabilized rent of \$761 multiplied by the RGB Rent Index for the previous Order, 1.03912), for a result of 0.217%; and (4) the rent floor that raises rents at \$215 or less to \$215 is estimated to contribute a 0.0438% increase in rent roll, derived as follows: according to the 1999 HVS, 25,866 units rented for \$215 or less per month, adjusted by .584 to 15,106 units. There should be only 10,760 remaining units multiplied by 0.584 = 6,295 total units affected. This group represents 0.6% of the occupied stabilized universe in 1999 (1,020,588), multiplied by the estimated percentage increase in rent roll represented by the difference between \$215 and \$161 (\$54), \$161 is the average monthly rent for units renting at \$207 (\$215/1.03912) or less, as a percentage of mean average updated rent (\$760) for a result of 0.0438%.

For years the staff has expressed serious reservations about the usefulness and accuracy of "Table 14". With current longitudinal income and expense data staff has constructed a new and far more reliable index, using 1989 as a base year. Except for the most recent year and the coming year, this new index measures changes in building income and operating expenses as reported in annual income and expense statements. The second to last year in the table will reflect actual PIOC increases and projected rent changes. The last year in the table - projecting into the future - will include staff projections for both expenses and rents. The proposed new index is in Table 9.

While we believe this to be a more reliable index, it is not without limitations. First, as noted, for the past and coming year the index will continue to rely upon the price index and staff rent and cost projections. Second, while the new table looks at the overall relationship between costs and income, it does not measure the specific impact of rent regulation on that relationship. This new table is listed below as Table 9.

²¹ The 4.78% increase in rent roll estimated for leases signed during the period 10/1/01-9/30/02 under Order 33 reflects the following: (1) Renewal guidelines are estimated to contribute a 1.167% and 1.757% increase in the rent roll with 29.2% of all units experiencing a one-year lease signing (4%) and 29.3% of all units experiencing two-year lease signings (6%). These figures are derived from the 1999 Housing and Vacancy Survey (HVS), Table 10058 which gives reported lease terms. "Less than one year" was assumed to be a one-year lease and "More than one year" and "More than two years" were assumed to be a two-year lease. These figures for renewal leases (33% of stabilized households have a one-year lease and 67% have two-year leases) were reduced by the turnover rate of 12.3%, derived from the average households who moved in the 1999 HVS (125,134 is the average number of stabilized households that moved annually 1996-98) and taken as percentages of all stabilized lease signers (1,020,588); (2) the vacancy allowance of 15.1%, which is the mean increase found on vacancy in the 1998 Recent Mover Survey is estimated to increase overall rent rolls by 1.851% when multiplied by the HVS turnover rate (12.3%), which estimates the percentage of rent stabilized units that will enter into vacancy leases under Order 33.

CHANGES IN HOUSING AFFORDABILITY

The past year reflected a shifting economic outlook, both locally and nationally. The year 2000 started with a strong national economy, but ended with increasing fears of a recession, stimulated primarily by a faltering stock market and higher energy prices. However, New York City's economic indicators over the past year have remained

healthy and do not yet reflect the wavering economy. The performance of the City's economy during the year 2000 is best illustrated by the growth in the Gross City Product (GCP), which increased by 5.3% in 2000, the highest recorded growth in over a decade. The City also saw an increase in the number of jobs by 100,000, including 99,400 in the private sector, and a significant decrease in the unemployment rate. Inflation remained moderate last year, increasing by 3.1%. But while many sectors of the NYC economy have benefited, others have not, including apartment-hunters and households at the low end of the wage scale, who faced rising rents and fewer vacant apartments.

²⁵ Operating and expense data listed is based upon unaudited filings with the Department of Finance. Audits of 46 buildings conducted in 1992 suggest that expenses may be overstated by 8% on average. See Rent Stabilized Housing in New York City, A Summary of Rent Guidelines Board Research 1992, pages 40-44. Figures in parentheses are adjusted to reflect these findings.

²⁶ Estimated expense figure includes 1999 expense estimate updated by 2000 Price Index for the period from 4/1/99 through 3/31/2000 (7.8%). Income includes income estimate for 1999 updated by staff estimate based upon renewal guidelines and choice of lease terms for a period from 4/1/99 through 3/31/2000 (3.79% - i.e., the 10/1/98 to 9/30/99 rent projection (3.71) times (.583), plus the 10/1/99 to 9/30/2000 rent projection (3.91) times (.417).

²⁷ Estimated expense figure includes 2000 expense estimate updated by the staff PIOC projection for the period from 4/1/00 through 3/31/01 (3.8%). Income includes income estimate for 2000 updated by staff estimate based upon renewal guidelines and choice of lease terms for a period from 4/1/00 through 3/31/01 (4.38% - i.e., the 10/1/99 to 9/30/2000 rent projection (3.91) times (.583), plus the 10/1/00 to 9/30/01 rent projection (5.04) times (.417).

²⁸ Estimated expense figure includes 2001 expense estimate updated by the staff PIOC projection for the period from 4/1/01 through 3/31/02 (2.1%). Income includes income estimate for 2001 updated by staff estimate based upon renewal guidelines and choice of lease terms for a period from 4/1/01 through 3/31/02 (4.93% - i.e., the 10/1/00 to 9/30/01 rent projection (5.04) times (.583), plus the 10/1/00 to 9/30/01 rent projection (4.78) times (.417).

BUILDINGS WITH DIFFERENT FUEL AND UTILITY ARRANGEMENTS

The Board was also informed of the circumstances of buildings with different fuel and utility arrangements including buildings that are master metered for electricity and that are heated with gas versus oil, and where heat is not a service provided by the owner but is paid for separately by tenants (see Table 10). Under some of the Board's Orders in the past, separate adjustments have been established for buildings in certain of these categories where there were indications of drastically different changes in costs in comparison to the generally prevailing fuel and utility arrangements. This year the Board made no distinction between guidelines for buildings with different fuel and utility arrangements under Order 33.

ADJUSTMENTS FOR UNITS IN THE CATEGORY OF BUILDINGS COVERED BY ARTICLE 7-C OF THE MULTIPLE DWELLING LAW (LOFTS)

Section 286 sub-division 7 of the Multiple Dwelling Law states that the Rent Guidelines Board "shall annually establish guidelines for rent adjustments for the category of buildings covered by this article." In addition, the law specifically requires that the Board, "consider the necessity of a separate category for such buildings, and a separately determined guideline for rent adjustments for those units in which heat is not required to be provided by the owner, and may establish such separate category and guideline."

In 1986, Abt Associates Inc. conducted an expenditure study of loft owners to construct weights for the Loft Board's index of operating costs and to determine year-to-year price changes. In subsequent years, data from the PIOC for stabilized apartments was used to compute changes in costs and to update the loft expenditure weights. This is the procedure used this year.

The increase in the Loft Index this year was 6.8%, two percentage points less than the increase for apartments. This difference is explained by the fact that fuel costs that grew rapidly are less important for lofts than for apartments, and insurance costs that grew hardly at all are more important for lofts than for apartments.

This year's guidelines for lofts are: 1% for a one-year lease and 2% for a two-year lease.

SPECIAL GUIDELINES FOR VACANCY DECONTROLLED UNITS ENTERING THE STABILIZED STOCK

Pursuant to Section 26-513(b) of the New York City Administrative Code, as amended, the Rent Guidelines Board establishes a special guideline in order to aid the State Division of Housing and Community Renewal in determining fair market rents for housing accommodations which enter the stabilization system. This year, the Board set the guidelines at the greater of the following:

(1) 150% above the Maximum Base Rent paid by the last tenant, plus applicable fuel adjustments or

(2) The Fair Market Rent for existing housing as established by the United States Department of Housing and Urban Development (HUD) for the New York City Primary Metropolitan Statistical Area pursuant to Section 8(c) (1) of the United States Housing Act of 1937 (42 U.S.C. section 1437f [c] [1]) and 24 C.F.R. Part 888, with such Fair Market Rents to be adjusted based upon whether the tenant pays his or her own gas and/or electric charges as part of his or her

rent as such gas and/or electric charges are accounted for by the New York City Housing Authority.

The Board concluded that for units formerly subject to rent control, either an increase to rent levels reflecting the Fair Market Rent guidelines established by the U.S. Department of Housing and Urban Development (HUD), or 150% above the maximum base rent was a desirable minimum increase. Notably, the HUD guidelines differentiate minimum rents on the basis of bedroom count.

INCREASE FOR UNITS RECEIVING PARTIAL TAX EXEMPTION PURSUANT TO SECTION 421 AND 423 OF THE REAL PROPERTY TAX LAW

The guideline percentages for 421-A and 423 buildings were set at the same levels as for leases in other categories of stabilized apartments.

This Order does not prohibit the inclusion of the lease provision for an annual or other periodic rent increase over the initial rent at an average rate of not more than 2.2 per cent per annum where the dwelling unit is receiving partial tax exemption pursuant to Section 421-A of the Real Property Tax Law. The cumulative but not compound charge of up to 2.2 per cent per annum as provided by Section 421-A or the rate provided by Section 423 is in addition to the amount permitted by this Order.

VACANCY ALLOWANCE

As of June 15, 1997, Vacancy Allowances are now determined by a formula set forth in the Rent Regulation Reform Act of 1997.

SUBLET ALLOWANCE

The increase landlords are allowed to charge under Order 33 when a rent stabilized apartment is sublet by the primary tenant to another tenant on or after October 1, 2001 and on or before September 30, 2002 shall be 10%.

VOTES

The votes of the Board on the adopted motions pertaining to the provisions of Order 33 were as follows:

	Yes	No	Abstentions
Guidelines for Apartment Renewal Leases	7	2	-
Guideline for Apartment Sublet Allowance	7	2	-
Special Guideline	6	3	-
Guideline for Lofts	6	3	-

The following statement was submitted into the record by Public Member David Rubenstein in connection with his vote:

"Mr. Chairman, I would like to make some comments in support of my vote for the new guidelines."

First, the research of the staff points to healthy conditions in the market for rent stabilized properties.

1) We know from the 2001 Mortgage Survey that average interest rates for new and refinanced loans to multi-family properties are among the lowest in the 21 year history of the survey, with loan volume remaining strong and lenders reporting few defaults.

2) From the 2001 Income and Expense Study we know at least through 1999 that the cost-to-income ratio was 54.8 percent, the lowest in 10 years and that NOI has increased 18 percent since 1989.

The improvement of NOI has been beneficial, especially considering that almost 3/4 of the rent stabilized units are over 50 years old (with 60 percent of these outside of Manhattan) and that sufficient cash flow is necessary to provide for the continued maintenance and reinvestment in the rent stabilized stock of housing. Of note on this matter is the increase in the number of units receiving J-51 tax abatements and exemptions. The number was 83,925 in 2000, up slightly from 1999's 82,121, but down from 103,527 in 1998.

As we are all aware however from the research of the staff, conditions on the price of some major expense items have changed since 1999.

1) Taxes, which make up about a quarter of the price index are up about 5 percent in 2001, similar to the 5 percent rise found in 2000 after being nearly flat in 1998 and 1999. The trend of increases is expected to continue in 2002, with real estate taxes estimated to rise an additional 6 percent.

2) Fuel at 9 percent of the index was up 33 percent in 2001 following a rise of 55 percent in 2000. These record increases follow two years in which fuel prices fell by 15 percent in 1998 and by 18 percent in 1999; and

3) Utility expenses which make up about 15 percent of the index were up 15 percent in 2001 and up nearly 6 percent in 2000 compared to a decrease for the 1999 index of 0.4 percent.

These increases have driven the index up 8.7 percent in 2001 and a projected 2.1 percent in 2002. However, even without the volatile energy component the "core" index was up 4 percent for 2001 and is projected to be up 4.3 percent in 2002. Additionally, as pointed out in the public testimony, the City has enacted several major pieces of legislation affecting owners involving lead paint and fire safety.

I am of course aware that prices do not translate directly to landlord costs and that we will need to wait until next year's income and expense study to see the true impact of the past year's price increases. Although we may not at this point know the actual magnitude of the increases that owners have seen over the past year, I have no doubt that next year's study will show that owners saw major increases in costs in 2000.

I am also aware from the testimony of the public and the staff that while New York City has experienced record growth in employment (up nearly 100,000 jobs in 2000 and 91,000 in 1999), and record wage growth, many rent stabilized tenants may have not have shared in that good fortune. However, I do find that the evidence suggests that, in general, tenant conditions have improved. Unemployment (which looks at New York City residents as opposed to the number of jobs in the City, which does not) fell to 5.7 percent in 2000, down a percentage point from the year before and inflation remained low at 3.1 percent. In addition, tenant will benefit from recent reductions in City personal income tax rates and increases in refundable credits. The Housing and Vacancy Survey shows an increase in the median rent stabilized

household income of 6.7 percent from 1995-1998, (\$25,300 in 1995 and \$27,000 in 1998) and the median contract rent to income ratio remained at about 27 percent. An indicator of stable tenant conditions can also be found by looking at Housing Court filings for non-payment proceedings initiated by rental property owners, which held steady in 2000 at 276 thousand and by actual evictions and possessions which have been on a downward trend since 1997.

Finally, I am also cognizant of the Board's traditional practice—that is when prices have been very low, the Board has nonetheless allowed a small increase and when prices have been high, the Board has similarly granted moderated increases. These moderating steps have been taken in order to minimize economic dislocation to tenants while attempting to keep owner's net income whole over a longer time frame.

Therefore I support a 4 percent increase for a one-year lease and a 6 percent increase for a two-year lease.

The guidelines are higher than what I supported previously, but I believe that the information gleaned from the public testimony, as well as a thorough review of the information provided by the staff suggests that the slightly higher guideline will more closely support our objective of maintaining owner's net income and a safe and sound stock of rent stabilized units for tenants."

Hotel Order #31

June 29, 2001

Order Number 31 - Hotels, Rooming Houses, Single Room Occupancy Buildings and Lodging Houses. Rent levels to be effective for leases commencing October 1, 2001 through September 30, 2002.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY RENT GUIDELINES BOARD BY THE RENT STABILIZATION LAW OF 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended, implemented by Resolution No. 276 of 1974 of the New York City Council and extended by the Rent Regulation Reform Act of 1997, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Rent Guidelines Board hereby adopts the following levels of fair rent increases over lawful rents charged and paid on September 30, 2001.

APPLICABILITY

This order shall apply to units in buildings subject to the Hotel Section of the Rent Stabilization Law (Sections 26-504(c) and 26-506 of the N.Y.C. Administrative Code), as amended, or the Emergency Tenant Protection Act of 1974 (L.1974, c. 576 §4[5(a)(7)]). With respect to any tenant who has no lease or rental agreement, the level of rent increase established herein shall be effective as of one year from the date of the tenant's commencing occupancy, or as of one year from the date of the last rent adjustment charged to the tenant, or as of October 1, 2001, whichever is later. This anniversary date will also serve as the effective date for all subsequent Rent Guidelines Board Hotel Orders, unless the Board shall specifically provide otherwise in the Order. Where a lease or rental agreement is in effect, this Order shall govern the rent increase applicable on or after October 1, 2001 upon expiration of such lease or rental agreement, but in no event prior to one year from the commencement date of the expiring lease, unless the parties have contracted to be bound by the effective date of this Order.

RENT GUIDELINES FOR HOTELS, ROOMING HOUSES, SINGLE ROOM OCCUPANCY BUILDINGS AND LODGING HOUSES

Pursuant to its mandate to promulgate rent adjustments for hotel units subject to the Rent Stabilization Law of 1969, as amended, (§26-510(e) of the N.Y.C Administrative Code) the Rent Guidelines Board hereby adopts the following rent adjustments:

The allowable level of rent adjustment over the lawful rent actually charged and paid on September 30, 2001 shall be:

- 1) Residential Class A (apartment) hotels - 2%
- 2) Lodging houses - 2%
- 3) Rooming houses (Class B buildings containing less than 30 units) - 2%
- 4) Class B hotels - 2%

- 5) Single Room Occupancy buildings (MDL section 248 SRO's) - 2%

Except that the allowable level of rent adjustment over the lawful rent actually charged and paid on September 30, 2001 shall be 0% if:

Fewer than 70% of the residential units in a building are occupied by permanent rent stabilized or rent controlled tenants paying no more than the legal regulated rent, at the time that any rent increase in this Order would otherwise be authorized.

Furthermore, the allowable level of rent adjustment over the lawful rent actually charged and paid on September 30, 2001 shall be 0% on any individual unit if the owner has failed to provide to the new occupant of that unit a copy of the Rights and Duties of Hotel Owners and Tenants, pursuant to Section 2522.5 of the Rent Stabilization Code.

NEW TENANCIES

No "vacancy allowance" is permitted under this order. Therefore, the rents charged for tenancies commencing on or after October 1, 2001 and on or before September 30, 2002 may not exceed the levels over rentals charged on September 30, 2001 permitted under the applicable rent adjustment provided above.

ADDITIONAL CHARGES

It is expressly understood that the rents collectible under the terms of this Order are intended to compensate in full for all services provided without extra charge on the statutory date for the particular hotel dwelling unit or at the commencement of the tenancy if subsequent thereto. No additional charges may be made to a tenant for such services, however such charges may be called or identified.

STATEMENT OF BASIS AND PURPOSE

The Rent Guidelines Board is authorized to promulgate rent guidelines governing hotel units subject to the Rent Stabilization Law of 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended. The purpose of these guidelines is to implement the public policy set forth in Findings and Declaration of Emergency of the Rent Stabilization Law of 1969 (§26-501 of the N.Y.C. Administrative Code) and in the Legislative Finding contained in the Emergency Tenant Protection Act of 1974 (L.1974 c. 576, §4 [§2]).

EXPLANATORY STATEMENT - HOTEL ORDER # 31 -

Explanatory Statement and Findings of the Rent Guidelines Board Concerning Increase Allowances for Hotel Units Under the Jurisdiction of the Rent Stabilization Law. Pursuant to Hotel Order Number 31, Effective October 1, 2001 through and including September 30, 2002.

Pursuant to the authority vested in it by the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974, implemented by Resolution Number 276 of 1974 of the New York City Council, and extended by The Rent Regulation Act of 1997, it is the responsibility of the Rent Guidelines Board to establish guidelines for hotel increases. Hotel Order Number 31, adopted on June 20, 2001, applies to stabilized hotel units occupied by non-transient tenants.

Hotel Order Number 31 provides for an allowable increase of 2 percent over the lawful rent actually charged and paid on September 30, 2001 for rooming houses, lodging houses, Class B hotels, single room occupancy buildings, and Class A residential hotels. The Order does not limit rental levels for commercial space, non-rent stabilized residential units, or transient units in hotel stabilized buildings during the guideline period. The Order also provides that for any dwelling unit in a hotel stabilized building which is voluntarily vacated by the tenant thereof, the level of rent increase governing a new tenancy shall be the same as the guideline for rent increases set forth above.

Rooming house, lodging house, Class B hotel, single room occupancy building, and Class A residential hotel owners shall not be entitled to any of the above rent adjustments, and shall receive a 0 percent adjustment if any or all of the following conditions exist:

- 1) If fewer than 70% of the residential units in a building are occupied by permanent rent stabilized or rent controlled tenants paying no more than the legal regulated rent, at the time that any rent increase in this Order would otherwise be authorized; or
- 2) If the owner has failed to provide to the new occupant of that unit a copy of the Rights and Duties of Hotel Owners and Tenants, pursuant to Section 2522.5 of the Rent Stabilization Code.

¹ This Explanatory Statement explains the actions taken by the Board on individual points and reflects the general views of those voting in the majority. It is not meant to summarize all viewpoints expressed.

NYC Rent Guidelines Board Explanatory Statement - Hotel Order #31

DEFINITIONS

For the purpose of determining the appropriate classification of a hotel stabilized unit, the Board has set its definitions as follows:

- Residential hotels are "apartment hotels" which are designated as Class A multiple dwellings on the Certificate of Occupancy.
- Rooming houses are Class B multiple dwellings having fewer than thirty sleeping rooms as defined in Section 4(13) of the multiple dwelling law.
- A single room occupancy building is a Class A multiple dwelling which is either used in whole or in part for single room occupancy or as a furnished room house, pursuant to Section 248 of the multiple dwelling law.
- A Class B hotel is a hotel which carries a Class B Certificate of Occupancy and contains units subject to rent stabilization.
- Lodging houses are those buildings designated as lodging houses on the Certificate of Occupancy.

BACKGROUND

Public meetings of the Board were held on March 27, April 10, 24 and 30, and June 5, 2001 following public notices. On May 9, the Board adopted proposed rent guidelines for hotels, apartments, and lofts.

One public hearing was held on June 13, 2001 to hear comments on the proposed rent adjustments for rent stabilized hotels and apartments. The hearing was held from 10:00 a.m. to 12:15 p.m. and from 7:15 p.m. to 8:15 p.m. The Board heard testimony from 34 hotel tenants and tenant representatives, 1 hotel owner and 1 public official. In addition, the Board's office received approximately 5 written statements from owners and owner groups and from tenants and tenant groups. On June 20, 2001, the guidelines set forth in Hotel Order Number 31 were adopted.

Oral and Written Testimony from Owners and Owner Groups:

- "We ask you to please consider giving the industry a 10% increase across the board with no restrictions. This would insure the owners that we are interested in

keeping as many SRO tenants in their homes as possible, even if the building falls slightly below the 70% you required last year."

"Since these small hotels are charging approximately \$300 per month for stabilized units, how are they going to cope with all these escalated costs? There can be no dispute that they need relief to stay in business, thereby assuring that ever number of stabilized units in which tenants reside are not lost. Historically, these units provide unique services unparalleled in any other city in the United States. We must not allow them to go under. It would definitely become a no win situation for owners, labor and tenants who reside there. I sincerely believe that this Board has the responsibility to rescue a dying industry. We need an increase with no restrictions. We can create a situation where they are able to keep their properties up and running without the need for conversion."

"In addition to the rising costs and lack of revenue, [SRO owners] are now embroiled in negotiating a new union contract to take effect in June of this year. ...[I] can tell you that the union demands are exorbitant with the issue of health benefit costs leading the way. Even now, the union contract escalates annually causing their expenses to rise at a high rate."

"If you wish to protect our housing stock in the Brownstones in Manhattan you must give us a survivable increase. Many of the owners in occupancy in small properties can not continue to subsidize their tenants, most especially the SROs we inherited when we purchased our buildings."

Oral and Written Testimony from Tenants and Tenant Groups:

"My testimony today will focus on the relative economies of scale between SRO owners and tenants. I hope to convince you that there is no cause for any guideline increase for this special class of housing. As I will discuss, these owners are reaping huge profits from this housing stock by deriving the bulk of their income from transient guests - they do not rely on permanent tenants for their financial profit or survival. The permanent tenants, however, do rely on affordable rents for their survival."

"...[T]he RGB should adopt a guidelines awarding a 0% increase for Hotels, rooming houses, and lodging housing which are renting primarily to permanent tenants in 2001. Those SROs electing to derive income from other more lucrative sources, or deliberately warehousing their units, should be permitted no increase. In balancing the extreme needs of the tenants for this low cost housing of last resort against the owners' lack of need for a rent increase, this Board should vote for a 0% increase."

"It is fair to say that SRO owners have never been in a better financial situation, thanks to three phenomena: (1) the conversion of most large SRO hotels to tourist use, at daily rates of over \$100; (2) the rapid gentrification of areas with high concentrations of rooming houses, such as Chelsea and Central Harlem, where conversion of brownstone SROs to two- or three- family buildings has raised rents to levels SRO tenants are unable to afford, thus driving many of them out of the neighborhood; and (3) the rampant resort to overcharging, illegal registration of rents with the DHCR and the imposition of fraudulent individual apartment improvements to push up rents to unaffordable levels. Given the size of the windfall profits available from these sources of income, and the near total lack of enforcement of laws prohibiting such rent-gouging, no conceivable guidelines increase will deter SRO owners from converting to non-SRO use."

"The big picture for the SROs is that over two-thirds of the stock have been demolished or converted over the last 20 years. The displacement pressure has been unremitting. Tenants have been really living with a defacto vacancy decontrol because there are so many other ways for these SROs and many other ways to make money other than renting to long-term tenants."

"We request that no increase be imposed by the Rent Guidelines Board on all hotels, SROs and rooming houses and that the 70% proviso be enforced."

Oral and Written Testimony from Public Officials:

"I would like to express my opposition to the proposed 2% increase for SRO residents. SRO tenants face tremendous pressure from landlords to move out so that their units can be illegally converted into hotel rooms for tourists. This illegal practice runs rampant across the City, the Buildings department's skeleton staff is ill-equipped and reluctant to enforce the law, and SRO tenants are forced out in droves. In addition the RGB has proposed to compound this unacceptable rent hike for SRO tenants by allowing owners who rent only 50 percent of their rooms to rent-stabilized tenants collect it. In these cases, landlords routinely rent rooms to tourists who pay 500 percent above stabilized rents."

"The SRO rent increase is unsupportable. As anyone who has witnessed the conditions of most SRO housing knows, it is housing of last resort. For a person with a low income, even a two-percent increase could mean the difference between being on the street or being in one's own room. The Board should not approve any SRO rent increase at all, in order to protect this vulnerable supply of housing for those who need it most, and who can least afford to pay more."

MATERIAL CONSIDERED BY THE BOARD

In addition to oral and written testimony presented at its public hearing, the Board's decision is based upon material gathered from the 2001 Price Index of Operating Costs for Hotel Stabilized Units in New York City, prepared by the staff of the Rent Guidelines Board, reports and testimony submitted by owner and tenant groups relating to the hotel sector, and reports submitted by public agencies. The Board heard testimony from invited guest speakers on June 5, 2001. Guest speakers representing hotel tenants included Terry Poe, Tenant Organizer, from the Goddard Riverside Community Center's West Side SRO Law Project and Rachel Rabinowitz, Senior Attorney, from the East Side SRO Law Project of MFY Legal Services. Although invited, guest speakers representing hotel landlords were unable to attend.

Price Index of Operating Costs for Rent Stabilized Hotel Units

The Hotel Price Index includes separate indices for each of three categories of rent stabilized hotels (due to their dissimilar operating cost profiles) and a general index for all stabilized Hotels. The three categories of hotels are: 1) "traditional" hotels—a multiple dwelling which has amenities such as a front desk, and maid or linen service; 2) Rooming Houses—a multiple dwelling other than a hotel with thirty or fewer sleeping rooms; and, 3) single room occupancy hotels (SROs)—a multiple dwelling in which one or two persons occupy a single room residing separately and independently of other occupants.

The price index for all stabilized Hotels rose 10.5% this year, almost 2 percentage points more than the increase in the apartment price index. The primary difference between the increase in the hotel index and the apartment index was in the tax component. The increase in taxes for all types of Hotels was 13.2% overall (versus 5.5% in apartment buildings), driven mainly by the increase found in assessments for "traditional" hotels. There was notable diversity among hotel subgroups in tax expense this year, as real estate taxes increased in "traditional" stabilized hotels by 19.2%, by 10.5% in SRO's, and by 6.7% in Rooming Houses. The increase in tax burden found for Hotels this year was caused by the relatively high gains in assessed value for all classes of rent stabilized Hotels (22.0% for "traditional" hotels, 11.2% for SRO's and 6.8% for Rooming Houses), offset slightly by a decrease in the tax rate.

While the increase in cost for taxes was higher for stabilized Hotels than for apartments, these properties also experienced higher increases for labor expense. Labor costs increased more rapidly in Hotels (4.4%) versus the 4.0% rise in apartments, mainly due to the higher increase in the cost of non-union labor in Hotels. The increase in utility cost for

Hotels was 13.9%, somewhat smaller than the 15.0% increase for apartments. The difference was due primarily to electricity costs in Hotels, which are weighted more heavily in Hotels than in apartments and did not rise as fast as other heating-related utility costs. Conversely, the rates for contractor services did not rise as quickly in Hotels (2.9%) as they did in apartments (3.6%) this year. Because the contractor services component is less important in the hotel index (accounting for about 10% of the weight) than in the apartment index (about 15% of the weight), the lower increase in maintenance rates did not offset the overall hotel index significantly. The sharper increases in the tax and labor components caused the price index for all stabilized Hotels to rise somewhat faster than the price index for all stabilized apartments.

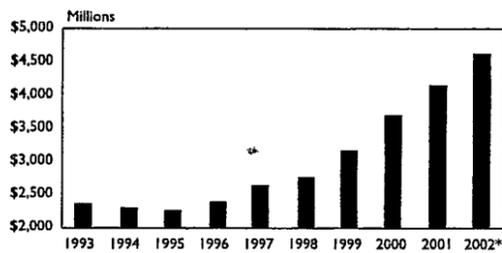

Among the different categories of Hotels, the index for "traditional" hotels increased 12.2%, SROs by 10.9% and Rooming Houses by 9.8%.

Presentation to the Board by Staff, April 24, 2001

The price index for all stabilized Hotels rose 10.5% this year, almost 2 percentage points more than the increase in the apartment price index. The primary difference between the increase in the hotel index and the apartment index was in the tax component. The increase in taxes for all types of Hotels was 13.2% overall (versus 5.5% in apartment buildings), driven mainly by the increase found in assessments for "traditional" hotels.

Labor costs also increased more rapidly in Hotels (4.4%) versus the 4.0% rise in apartments, mainly due to the higher increase in the cost of non-union labor in Hotels.

Chart 1
MAJOR HOTEL MARKET VALUES FOR FISCAL YEARS 1993-2002

The increase in utility cost for Hotels was 13.9%, somewhat smaller than the 15.0% increase for apartments—The difference was due primarily to electricity costs in Hotels, which are weighted more heavily in Hotels than in apartments and did not rise as fast as other heating-related utility costs.

See Chart 1 supplied by the Department of Finance in their FY 2002 Tentative Assessment Roll. As you can see, the market values for major hotels have steadily increased since 1995.

Although the PIOC measures 3 different categories of hotels, we certainly see in our data the rising market values of all types of hotels are reflected in the rising tax assessment, particularly in traditional hotels (22.0%), and SROs (11.2%). Rooming House assessments rose by 6.8%.

TRANSPORTATION

NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE COMMISSIONER OF THE Department of Transportation by Section 2903 of the New York City Charter and Section 1642 of the New York State Vehicle and Traffic Law, and in accordance with Section 1043 of the Charter, including a public hearing held on due notice, that the Department of Transportation hereby adopts a rule regarding a pilot program for a parking meter area for commercial vehicles. This rule shall take effect 30 days from the date hereof.

Section 1. Subparagraph (ii) of paragraph (3) of subdivision (l) of Section 4-08 chapter 4 of title 34 of the rules of the city of New York is amended to read as follows:

(ii) Pilot program for commercial parking meter area. Notwithstanding the provisions of subparagraph i of this paragraph, [for a period not to exceed eighteen months beginning on the effective date of this subparagraph] until April 1, 2003, [between the hours of 7 a.m. and 6 p.m., Monday through Friday, where signs are posted in the borough of Manhattan, from 43rd Street to 48th Street, 5th Avenue to 6th Avenue] 33rd street to 59th street, 2nd avenue to 9th avenue, and from 59th street and Columbus circle and gulf and western plaza to Columbus avenue, and 60th street from Columbus circle and gulf and western plaza to Columbus avenue, inclusive, it shall be unlawful to stand a vehicle in any space on a block unless such vehicle is a "commercial vehicle" as defined in section 4-01(b)(i) of this chapter or a vehicle with a valid "combination" registration from another state, and unless such space is controlled by a parking meter. The maximum time for such metered parking on a single block shall be a total of three hours, unless otherwise indicated by a posted sign. The provisions of subdivision (h) of this section shall apply to commercial vehicles parked at a parking meter, including a "Muni-Meter," pursuant to this paragraph.

Statement of Basis and Purpose of Rule

The Commissioner of the Department of Transportation is authorized by Section 2903 of the New York City Charter and Section 1642 of the New York State Vehicle and Traffic Law, and in accordance with Section 1043 of the Charter, to regulate parking, standing, and stopping of vehicles in the City of New York. An on-going Pilot Program for metered commercial parking areas in a limited area in Manhattan appears to be effective. By expanding the Pilot Program to a larger geographical area, this amendment will further aid the City in studying the effect of metered commercial parking in alleviating traffic congestion.

BINDING REPORTS

Table with 3 columns: ISSUE DATE, DOCKET #, SRB #, ADDRESS, BOROUGH, BLOCK/LOT.

To the Mayor, the Council, and the Commissioner of NYC Department of Parks and Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York...

The Landmarks Preservation Commission received a proposal to install new components for the existing fire and security detection system and intercom system...

In reviewing this proposal, the Commission notes that the Rufus King Mansion is a two and one-half story free-standing wood frame Federal style mansion...

With regard to this proposal, the Commission finds that relocating the light and siren box will cause no damage to, or have an adverse effect on any significant feature of the building...

This report is issued contingent upon the Commission's review and approval of the final paint samples prior to the commencement of the work.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval.

To the Mayor, the Council, and the Chairman of the New York City Housing Authority.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York...

The Landmarks Preservation Commission has reviewed a proposal for installing signage throughout the landmark site including non-illuminated wall mounted signs...

In reviewing this proposal, the Commission notes that the designation report for this individual landmark states that the Harlem River Houses is a group of three red brick, four or five story buildings...

With regard to this proposal, the Commission finds that signage mounted on building walls will be attached through the mortar joints, and thus not damage the brick...

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval.

PARKS AND RECREATION

NOTICE

Lead Agency New York City Department of Parks and Recreation (NYCDPR)

Contact Person Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021. Tel: (212) 360-3402; Fax: (212) 360-3453

Written comments on the Draft Scope of Analysis for the preparation of the Environmental Impact Statement will be accepted by NYCDPR at the above address through Wednesday, September 5, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and
An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYC DCP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

CHARTER REVISION COMMISSION

MEETING

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings and hearings. The Commission is in the process of considering revisions to the

Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including protecting our children, enhancing public health and safety, protecting human rights, and municipal government operations. The Commission will consider other important changes as well. At the public meetings changes will be discussed and debated by Commission staff. At the public hearing, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
- (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
- (c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
- (d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
- (e) to preserve the historic

architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area around north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

o) to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(r) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

8/6/98 81-024

Integration clauses

- (a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.
- (b) The #bulk# regulations contained

in Sections 81-20 through 81-29 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-29 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-29. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92 81-03 District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:
 Map 1 Special Midtown District and Subdistricts
 Map 2 Retail and Street Wall Continuity
 Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
 Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98 81-04 Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
<u>Penn Center Subdistrict</u>	<u>81-50</u>
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00 81-066 Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard#

and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;

(b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;

(c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;

(d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;

(e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;

(f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of the character of the surrounding area.

5/13/82 81-20 BULK REGULATIONS

8/27/98 81-211 Maximum floor area ratio for non-residential or mixed buildings

(a) For non-residential buildings or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.

(b) In the #Special Midtown District#, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

MANDATORY DISTRICT PLAN ELEMENTS

2/10/99 81-41

General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in

connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99 81-42

Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space;
(b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-51-292 (Subway station improvements);
(c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets):
(1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair);
(2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and
(3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street#

frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43

Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage Minimum Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with Four #stories# or

frontages of 50 feet or less on the designated #street# 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements. Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances. For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh

Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Rows include 34th St-Penn Station, 34th St-Herald Square, 42nd St, 42nd St-Times Square, 42nd St, 42nd St-Grand, 47th-50th St/Rockefeller Center, 49th St, 50th St, 50th St, 51st St, 7th Ave (53rd St), Fifth Ave (53rd St), Lexington Ave-3rd Ave (53rd St), 57th St, 57th St, 59th St-Columbus Circle.

6/13/92 81-50 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

8/6/98 81-51 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed building#, #floor area# bonuses in accordance with the provisions of this Section. 8/27/98 81-511 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed building#, #floor area# bonuses in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. 81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT) are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#. However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass

transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

- (a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;
(b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;
(c) such #signs# project no more than 8 feet beyond the #street line#;
(d) such #signs# are no wider than 40 feet each;
(e) special lighting effects are provided at the top of any #sign# structure; and
(f) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

- (1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;
(2) such #signs# are no wider than 40 feet each;
10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;
11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;
12. special lighting effects are provided at the top of any #sign# structure; and
13. the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521 Rail mass transit and subway entrance informational signs For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail

mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

- 1. such #signs# shall contain only transit information;
2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;
3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;
4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and
5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

- 1. such marquee shall contain only transit information;
(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;
(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and
(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements
In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements
The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations).
81-532 Special street wall requirements
The provisions of Section 81-43 (Street Wall

Continuity along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

Project Location

The William A. Shea Municipal Stadium is
located between Northern Boulevard to the
north, Roosevelt Avenue to the south, 126th
Street to the east and the Grand Central
Parkway to the west. It is located within
Flushing Meadows-Corona Park in Queens,
New York.

Brief Project Description

The NYCDPR proposer to allow the
development of a multi-purpose 45,000-seat
stadium on a portion of the parking field

adjacent to the existing Shea Stadium, for
use by the New York Mets. The new stadium
with a retractable roof would replace the
existing open-air Shea Stadium, which
would be demolished to allow for parking
following the completion of the stadium's
construction. The development of the
proposed stadium will require approval of
several actions. Discretionary city actions
requiring City Planning Commission (CPC)
approval include:

- Approval of capital funding for the
construction of a baseball stadium and
parking facilities; and
- An amendment to the lease for the
stadium site.

In addition, the proposed project will need to
be reviewed for consistency with the New
York State Department of State's
(NYS DOS's) Coastal Zone Management Plan
and the New York City Department of City
Planning's (NYCDCP's) Waterfront
Revitalization Program, and will require
approvals from the New York City Art
Commission for the landscaping and
stadium design, and from the Federal
Aviation Administration (through the Port
Authority of New York and New Jersey) for
structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days.

Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in *Crosby v. National Foreign Trade Council*, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed

qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
- (2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above. *N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street, 6th Floor, New York, New York 10038. REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential - Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential

Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential - Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential - Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking - An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial - Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial - Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. Include contact name, address, phone, fax, and email. Pre-proposal conference was held on June 22, 2001 at 10:00 AM at 110 Livingston Street, 2nd Floor Library, Brooklyn, NY 11201. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-005003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In

addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

CHARTER REVISION COMMISSION

MEETING

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings and hearings. The Commission is in the process of considering revisions to the Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including protecting our children, enhancing public health and safety, protecting human rights, and municipal government operations. The Commission will consider other important changes as well. At the public meetings changes will be discussed and debated by Commission staff. At the public hearing, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

Chapter 1 Special Midtown District

8/6/98

81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes: (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments; (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate; (c) to control the impact of buildings

on the access of light and air to the streets and avenues of Midtown;

(d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;

(f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;

(g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;

(h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;

(j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;

(k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;

(l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;

(m) to preserve the midblock area ~~around north~~ of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;

o to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city.

~~(p)~~

(r) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

~~(s)~~

(t) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

81-024
Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction,

such amendment or adjudication shall be construed to amend the #Special Midtown District# to remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-29 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-29 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-29. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92
81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:
 Map 1 Special Midtown District and Subdistricts
 Map 2 Retail and Street Wall Continuity
 Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
 Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
<u>Penn Center Subdistrict</u>	81-50
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00
81-066
Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet

of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, ~~or~~ #floor area# allocation, ~~or~~ #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
- (b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
- (c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
- (d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
- (e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
- (f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ on the character of the surrounding area.

Maximum floor area ratio for non-residential or mixed buildings

- (a) For non-#residential buildings# or #mixed buildings#, the basic maximum #floor area ratios# of the underlying districts shall apply as set forth in this Section.
- (b) In the #Special Midtown District#, the basic maximum #floor area ratio# on any #zoning lot# may be increased by bonuses or other #floor area# allowances only in accordance with the provisions of this Chapter, and the maximum #floor area ratio# with such additional #floor area# allowances shall in no event exceed the amount set forth for each underlying district in the following table:

8/26/92 81-253 Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

MIDTOWN SUBWAY STATIONS

Table with 2 columns: Station, Line. Lists stations like 34th St-Penn Station, 42nd St, 47th-50th St/Rockefeller Center, etc.

5/13/82 81-40 MANDATORY DISTRICT PLAN ELEMENTS

2/10/99 81-41 General Provisions The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT). Special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99 81-42 Retail Continuity along Designated Streets On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space; (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-511292 (Subway station improvements); (c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets): (1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair); (2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and (3) off-street improvements of access to rail mass transit

facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #uses# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43 Street Wall Continuity Along Designated Streets On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage Minimum

Height of a #Street Wall# Subject to the Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street# Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-511292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets#

designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Lists stations like 34th St-Penn Station, 34th St-Herald Square, 42nd St, etc., and their corresponding lines.

Except in the Preservation Subdistrict and except for #zoning lots# wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Lists stations like 34th St Penn, 34th St Herald Square, 42nd St, etc., and their corresponding lines.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

- (a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except

that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a #street line#. However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

- (a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station;
(b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;
(c) such #signs# project no more than 8 feet beyond the #street line#;
(d) such #signs# are no wider than 40 feet each;
(e) special lighting effects are provided at the top of any #sign# structure; and
(f) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

- (1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;
(2) such #signs# are no wider than 40 feet each;
10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;
11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;
12. special lighting effects are provided at the top of any #sign# structure; and
13. the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent

with the goals of the Penn Center Subdistrict.

81-521 Rail mass transit and subway entrance informational signs For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

- 1. such #signs# shall contain only transit information;
2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;
3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;
4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend farther than 30 feet in order to include the actual entrance; and
5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

- 1. such marquee shall contain only transit information;
(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;
(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;
(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and
(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent

surface be painted or obstructed with signs# shall not apply to any informational signs or marquees provided to identify rail mass transit or subway entrances in accordance with Section 81-52 (Sign Regulations). 81-52 Special street wall requirements The provisions of Section 81-43 (Street Wall Continuity along Designated Streets) shall be modified to require that the front building wall of all developments# and enlargements# along the Seventh Avenue frontage of zoning lots# shall be a minimum of 85 feet above curb level# or the full height of the building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between signs# or between building walls and signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541 Rail mass transit facility improvement In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant floor area# bonuses for subway station improvements for non-residential# or mixed buildings# in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542 Retention of floor area bonus for plazas or other public spaces For the zoning lot# bounded by West 34th Street, Seventh Avenue, West 32nd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed floor area# bonus for all existing plaza# or other public amenities on the zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such zoning lot# within the Special Midtown District#.

PARKS AND RECREATION

NOTICE

Lead Agency New York City Department of Parks and Recreation (NYCDPR)

Contact Person Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021. Tel: (212) 360-3402; Fax: (212) 360-3453
Written comments on the Draft Scope of Analysis for the preparation of the Environmental Impact Statement will be accepted by NYCDPR at the above address through Wednesday, September 5, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYCDPC's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in *Crosby v. National Foreign Trade Council*, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly

explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
N.Y.C. Economic Development Corporation, Contract Administration, 110 William Street, 6th Floor, New York, New York 10038. Paul Tamboia, CPPB Director, Contract Administration and Procurement, at 212-312-3969.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential - Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential - Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential - Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential - Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th street. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking - An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial
Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial
Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail infor@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nychoe.net or fax at 718-935-5117. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

CHARTER REVISION COMMISSION

MEETING

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings and hearings. The Commission is in the process of considering revisions to the Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including protecting our children, enhancing public health and safety, protecting human rights, and municipal government operations. The Commission will consider other important changes as well. At the public meetings changes will be discussed and debated by Commission staff. At the public hearing, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

Chapter 1 Special Midtown District 8/6/98 81-00 GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes: (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments; (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate; (c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;

- (d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;
- (f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;
- (g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;
- (h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;
- (i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;
- (j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;
- (k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;
- (l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;
- (m) to preserve the midblock area ~~around north of~~ the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;
- (n) to expand and enhance the pedestrian circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the area's special character;
- o to expand the retail, entertainment, and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;
- ~~(p)~~
- (r) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and
- ~~(s)~~
- (t) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

81-024
Integration clauses

(a) The underlying zoning districts shall be deemed to be integral parts of the #Special Midtown District#. If the underlying zoning district of any #zoning lot# shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the #Special Midtown District# to

remove such #zoning lot# from the #Special Midtown District# whereupon the regulations of the prior underlying district shall apply.

(b) The #bulk# regulations contained in Sections 81-20 through 81-22 shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections 81-20 through 81-22 shall be adjudged by any court of competent jurisdiction to be invalid, such judgement shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgement shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections 81-20 through 81-22. However, any such judgement shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

8/26/92
81-03
District Plan

The regulations of this Chapter are designed to implement the #Special Midtown District# Plan.

The District Plan partly consists of the following four maps:
Map 1 Special Midtown District and Subdistricts
Map 2 Retail and Street Wall Continuity
Map 3 Subway Station and Rail Mass Transit Facility Improvement Areas
Map 4 Network of Pedestrian Circulation

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

8/6/98
81-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four special Subdistricts are established within the #Special Midtown District#. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the #Special Midtown District#. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
<u>Penn. Center Subdistrict</u>	81-50
Grand Central Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the #Special Midtown District# and, where applicable pursuant to Section 81-023, the #Special Clinton District# and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

12/19/00
81-066
Special permit modifications of Section 81-40 and certain Sections of Article VII, Chapter 7

The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots#, and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, ~~or~~ #floor area# allocation, ~~or~~ #rear yard# and #court# regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
- (b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
- (c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
- (d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
- (e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
- (f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects ~~of~~ on the character of the surrounding area.

8/26/92 81-253 Special provisions for Grand Central, Theater, Fifth Avenue, Penn Center, and Preservation Subdistricts

The provisions of Sections 81-26 (Height and Setback Regulations) and 81-27 (Alternate Height and Setback Regulations) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Section 81-81 (General Provisions) and Section 81-83 (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections 81-71 (General Provisions) and 81-75 (Special Street Wall and Setback Requirements) or in the Grand Central Subdistrict as set forth in Sections 81-61 (General Provisions), 81-621 (Special street wall requirements) and 81-622 (Special height and setback requirements) or in the Penn Center Subdistrict as set forth in Section 81-532 (Special street wall requirements).

The provisions of Sections 81-26 and 81-27 are not applicable in the Preservation Subdistrict, where front wall heights and setbacks are regulated by the provisions of Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

[Note: this section 81-29 was formerly 81-50 which is now proposed for Special Regulations for the Penn Center Subdistrict.]

81-29 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES 81-291 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-residential# or #mixed buildings#, #floor area# bonuses in accordance with the provisions of this Section.

81-292 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# located wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits for #floor area# bonuses for non-residential# or #mixed buildings#, in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

5/13/82 81-40 MANDATORY DISTRICT PLAN ELEMENTS

2/10/99 81-41 General Provisions

The provisions of Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features to be provided in connection with new #developments# or #enlargements#. Requirements which apply generally or with minor specified exceptions throughout the #Special Midtown District# are fully set forth in the provisions of Section 81-40. For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 2 (Retail and Street Wall Continuity) or Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

The provisions of Section 81-40 are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections 81-42 (Retail Continuity along Designated Streets), 81-43 (Street Wall Continuity along Designated Streets) and 81-44 (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections 81-45 to 81-48, inclusive, are all concerned primarily with pedestrian traffic circulation. Major building entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances as set forth in Section 81-48 are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT). Special district plan requirements for the Grand Central Subdistrict are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), special district plan requirements for the Theater Subdistrict are set forth in Section 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT), special district plan requirements for the Fifth Avenue Subdistrict are set forth in Section 81-80 (SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT) and special district plan requirements for the Preservation Subdistrict are set forth in Section 81-90 (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

2/10/99 81-42 Retail Continuity along Designated Streets

On designated retail #streets# (see Appendix A, Map 2), for any #developments# or #enlargements# fronting on such #streets#, #uses# located on the ground floor level or within five feet of #curb level# shall be limited to retail, personal service or amusement #uses# permitted by the underlying zoning district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A building's #street# frontage shall be allocated exclusively to such #uses#, except for:

- (a) lobby space or entrance space; (b) entrance areas to subway station improvements for which bonus #floor area# is granted and #street wall# continuity restrictions waived pursuant to Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-514292 (Subway station improvements); (c) one or more of the following pedestrian circulation spaces subject to the #street wall# continuity requirements of Section 81-43 (Street Wall Continuity Along Designated Streets): (1) relocated subway stairs provided in accordance with Sections 37-03 and 81-46 (Off-Street Relocation or Renovation of a Subway Stair); (2) through #block# connections provided in accordance with paragraph (h) of Section 37-073 (Design standards for pedestrian circulation spaces); and (3) off-street improvements of access to rail mass transit facilities provided in accordance with Section 81-48 (Off-Street Improvement of Access to Rail

Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 40 feet or 25 percent of the building's total #street# frontage exclusive of any frontage occupied by a relocated subway stair, a through #block# connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor #uses# shall be not more than 10 feet from the #street line# or, where an arcade is provided with supporting columns at the #street line#, not more than 10 feet from the supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail #street#. Where more than one entrance is provided to the establishment, direct access from the designated retail #street# shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the #street wall# surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with #signs#. For the purpose of this glazing requirement, the establishment's #street wall# surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

#Developments# or #enlargements# on designated retail #streets# located within the boundaries of the Penn Center Subdistrict, the Theater Subdistrict, or the Fifth Avenue Subdistrict shall be subject to the respective Subdistrict retail requirements (Sections 81-531, 81-72 and 81-82).

All #street# frontages of #developments# or #enlargements# on #zoning lots# located within the Theater Subdistrict Core as defined in Section 81-71 (General Provisions) shall meet the ground level and entertainment-related #use# requirements of Section 81-72 (Use Regulations Modified).

2/10/99 81-43 Street Wall Continuity Along Designated Streets

On designated #streets# where #street wall# continuity is required (see Appendix A, Map 2) and, between 43rd and 50th Streets, on the #narrow street# frontages of #zoning lots# with #street# frontage on Seventh Avenue and/or Broadway, the surface of the #street wall# of a new #development# or #enlargement#, for the minimum length and height set forth in this Section, shall be within 10 feet of the #street line# or within 10 feet of a permitted arcade's supporting columns at the #street line#, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no #street wall# setback below a height of 85 feet is permitted. The length of the #street wall# subject to setback restrictions shall be at least 80 percent of the length of the #front lot line# along the specified #street#, measured at the specific heights or anywhere above the specific heights indicated on the following table. At those specific heights or anywhere above those specific heights, the #street wall# must extend continuously within 10 feet of the #street line# for all of its required length, except that: on 57th Street, 42nd Street, 34th Street, and Fifth Avenue, at a height of 85 feet or above, the #street wall# must extend continuously without setback for at least 75 percent of its required length and no portion of its required length shall be set back more than 10 feet from the #street line#; and, for #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway, any portion of the required length of a #street wall# which lies behind a #sign# required under the provisions of Section 81-732 (Special Times Square signage requirements) may be set back up to 15 feet from the #street line#.

The minimum height of a #street wall# subject to the setback restrictions shall be as follows:

Table with 2 columns: Length of #Zoning Lot#, Frontage. Rows include Minimum Height of a #Street Wall# Subject to the

Setback Restrictions

For #zoning lots# with frontages of 50 feet or less on the designated #street# Four #stories# or 50 feet above #curb level# whichever is less

For #zoning lots# with frontages of more than 50 feet on the designated #street# Six #stories# or 85 feet above #curb level# whichever is less

#Developments# which are in their entirety no more than two #stories# in height shall be exempt from the minimum #street wall# height requirements.

Pedestrian circulation spaces may be provided to meet the requirements of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-street Relocation or Renovation of a Subway Stair) or 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility) subject to the setback restrictions of this Section and to the minimum length of the #street wall# subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus #floor area# is granted, in accordance with the provisions of Sections 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and 81-514292 (Subway station improvements), and 81-542 (Rail mass transit facility improvement), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section 81-48.

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a #street wall# subject to the setback restriction, recesses (whose depth shall be measured in all cases from the #street line#) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted, recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the #street wall# below the minimum required #street wall# height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the #street wall# below the minimum required #street wall# height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the #building#, through #block# connections within the #building# or building entrance recess areas within the #building#, where such spaces are provided in accordance with the requirements and design standards of Sections 81-45 or 81-46 and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the #residential# portion of a #building# shall comply with the #outer court# regulations of Section 23-84.

No arcades, sidewalk widenings or #urban plazas# shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Street, no arcades or #urban plazas# shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or #urban plazas# shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and #signs#, any area between the Seventh Avenue or Broadway #street line# and any required #street wall# below the height of the first required setback, including permitted recesses, shall be open from #curb level# to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including #street# trees. On the remaining #streets# designated for #street wall# continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high.

Arcades shall not be counted toward the recess allowances. For #zoning lots# between 43rd and 50th Streets with #street# frontage on Seventh Avenue and/or Broadway the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75 (Special Street Wall and Setback Requirements).

For #zoning lots# located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of #street walls# subject to the setback restrictions on all #street# frontages shall be in accordance with Section 81-75.

On Fifth Avenue, the minimum required #street wall# height without setback shall be 85 feet and the maximum allowable #street wall# height without setback shall be 125 feet. Above the maximum #street wall# height, a setback of at least 10 feet shall be required. (See Section 81-83).

Existing #buildings# on a #zoning lot# shall be included in measurements of the #street wall#. No existing #building# shall be altered such that a #non-compliance# with the provisions of this Section is created, nor shall an existing degree of #non-compliance# with these provisions be increased.

8/6/98 81-46 Off-Street Relocation or Renovation of a Subway Stair

Where a #development# or #enlargement# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-03 (Off-Street Relocation or Renovation of a Subway Stair). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section 37-07 (Requirements for Pedestrian Circulation Space).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

Table with 2 columns: Station, Line. Lists subway stations and their corresponding lines, including 34th St-Penn Station, 34th St-Herald Square, 42nd St, 42nd St-Times Square, 42nd St, 42nd St-Grand, 47th-50th St/Rockefeller Center, 49th St, 50th St, 50th St, 51st St, 7th Ave (53rd St), Fifth Ave (53rd St), Lexington Ave-3rd Ave (53rd St), 57th St, 57th St, 59th St-Columbus Circle.

5/13/89 81-50 INCENTIVES BY SPECIAL PERMIT FOR PROVISIONS OF PUBLIC AMENITIES

8/6/98 81-51 General Provisions and Procedures

The City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed-buildings#, #floor area# bonuses in accordance with the provisions of this Section.

9/27/08 81-511 Subway station improvements

Except in the Preservation Subdistrict and except for #zoning lots# wholly within the Theater Subdistrict Core, as defined in Section 81-71 (General Provisions), the City Planning Commission may grant special permits authorizing, for non-#residential# or #mixed-buildings#, #floor area# bonuses in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station Improvement Areas) in Appendix A.

MIDTOWN SUBWAY STATIONS

Lists subway stations and their corresponding lines, including 34th St Penn, 34th St Herald Square, 42nd St, 42nd St Times Square, 42nd St, 42nd St Grand Central, 47th-50th St Rockefeller, 49th St, 50th St, 50th St, 51st St, 7th Ave (53rd St), Fifth Ave (53rd St), Lexington Ave-3rd Ave (53rd St), 57th St, 57th St, 59th St-Columbus Circle.

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 (SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT), are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-52 Sign Regulations The provisions of this section shall apply to all #zoning lots# with frontage along Seventh Avenue.

(a) #Signs# unlimited in area, including #advertising signs#, #flashing signs# and #illuminated signs# shall be permitted to a height of 60 feet above #curb level#. Below a height of 14 feet above #curb level#, such #signs# shall not occupy more than 50 percent glazed #street wall# surface required pursuant to Section 81-42, nor shall such #signs# be located within ten feet of an entrance to a rail mass transit facility or subway station.

No #signs# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for other signs, except that #signs# within 40 feet of the intersection of two #streets# may project up to eight feet across a

#street line#. However, on a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with transit informational #signs# pursuant to Section 81-521 (Rail mass transit and subway entrance informational signs).

(b) #Signs# above a height of 40 feet on any #building# listed on the State and/or National Register of Historic Places, or any #building# formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission that the proposed methodology for attaching such #signs# shall be reversible and such #signs# shall not be disruptive to the historic fabric of the #building#.

(c) #Signs#, including #advertising signs#, #flashing signs# and #illuminated signs#, unlimited in area, above a height of 60 feet and below a height of 120 feet above #curb level#, may be permitted at the intersection of two #streets# by the City Planning Commission upon certification that:

(a) such #signs# are located on #zoning lots# that contain an entrance to or are adjacent to an entrance to a rail mass transit facility and or subway station; (b) such #signs# and #sign# structure onto which #signs# are attached are within 40 feet of the intersection of two #streets#;

(c) such #signs# project no more than 8 feet beyond the #street line#;

(d) such #signs# are no wider than 40 feet each;

(e) special lighting effects are provided at the top of any #sign# structure; and

(f) the requirements for transit informational #signs# of Section 81-521 are met.

(d) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs#, above a height of 60 feet and below a height of 120 feet above #curb level# may be permitted on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets by the City Planning Commission upon certification that:

(1) such #signs# are within 30 feet of the centerline of the westerly prolongation of West 32nd Street;

(2) such #signs# are no wider than 40 feet each;

10. such #signs# and #sign# structure onto which #signs# are attached shall have a minimum of 10 feet clearance from the adjacent #building#;

11. such #sign# structure onto which #signs# are attached shall not unduly obstruct or impede pedestrian circulation into, through, or along the open area on the #zoning lot# and shall allow visibility throughout the open area;

12. special lighting effects are provided at the top of any #sign# structure; and

13. the requirements for transit informational #signs# of Section 81-521 are met.

(e) #Signs# including #advertising signs#, #flashing signs# and #illuminated signs# above a height of 150 feet and below a height of 180 feet above #curb level#, may be permitted along the #block# on the west blockfront of Seventh Avenue between West 31st and West 33rd Streets, upon authorization by the City Planning Commission that such #signs# are consistent with the goals of the Penn Center Subdistrict.

81-521

Rail mass transit and subway entrance informational signs

For a #zoning lot# that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any #signs# that extend or are located above a height of 40 feet above #curb level#, unless each such entrance is clearly identified with rail mass transit or subway entrance informational #signs# in accordance with the following paragraphs (a) and (b):

(a) Rail mass transit or subway entrance informational #signs# shall prominently and permanently identify the entrance on both #streets# of a #corner lot#. Where rail mass transit or subway entrance informational #signs# are provided at the western blockfront of Seventh Avenue between West 31st and West 33rd Streets, such #signs# shall prominently and permanently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational #signs# shall comply with the following requirements:

1. such #signs# shall contain only transit information;

2. such #signs# shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

3. such #signs# shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than 3 feet and transit symbols no less than 2 feet in dimension;

4. such #signs# shall be no less than 30 feet in length on each #street# and shall extend further than 30 feet in order to include the actual entrance; and

5. such #signs# may project up to 5 feet beyond the #street line#.

2. At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance. The entrance marquee shall comply with the following requirements:

1. such marquee shall contain only transit information;

(2) such marquee shall be illuminated and located no less than 12 feet above and no more than 25 feet above #curb level#;

(3) such marquee shall have a minimum length of 20 feet or the full width of the entry, whichever is less;

(4) such marquee shall project no less than 5 feet beyond the transit or subway informational #sign#; and

(5) such marquee shall include the mass transit identification and transit line symbols, which shall be illuminated and meet the minimum dimensions as per (a) above and, by doing so, shall satisfy those requirements.

81-53 Special Bulk and Urban Design Requirements

In addition to the requirements set forth in Section 81-25 (General Provisions Relating to Height and Setback of Buildings) and Section 81-40 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a #development# or #enlargement# having 50 percent or more of its #zoning lot area# within the Penn Center Subdistrict. For the purposes of this Section, all such #zoning lots# shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 81-25, 81-40 and 81-53 are in conflict, the regulations of this Section shall govern.

81-531 Special retail frontage requirements

The provisions of Section 81-42 (Retail Continuity along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirements that at least 50 percent of the #street wall# surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with #signs# shall not apply to any informational signs or marquees provided to identify rail mass

transit or subway entrances in accordance with Section 81-52 (Sign Regulations). 81-532 Special street wall requirements
The provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) shall be modified to require that the front building wall of all #developments# and #enlargements# along the Seventh Avenue frontage of #zoning lots# shall be a minimum of 85 feet above #curb level# or the full height of the #building#, whichever is less.

In addition, the restrictions on permitted recesses contained in Section 81-43 shall not apply to pedestrian circulation spaces provided in accordance with Section 81-46 (Off-Street Relocation or Renovation of a Subway Stair) or Section 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between #signs# or between building walls and #signs#.

81-54 Floor Area Bonus in the Penn Center Subdistrict

81-541
Rail mass transit facility improvement.
In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station improvements for non-#residential# or #mixed buildings#, in accordance with Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities) and Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan) provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

For the purposes of this Section, improvements to any rail mass transit facility within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein.

81-542
Retention of floor area bonus for plazas or other public spaces
For the #zoning lot# bounded by West 34th Street, Seventh Avenue, West 33rd Street, and Eighth Avenue, which contains at least 10,000 square feet of existing #plaza# or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed #floor area# bonus for all existing #plaza# or other public amenities on the #zoning lot# may be retained at the amount allowed prior to [date of the amendment], subject to all other provisions of this Resolution, notwithstanding inclusion of such #zoning lot# within the #Special Midtown District#.

Written comments on the Draft Scope of Analysis for the preparation of the Environmental Impact Statement will be accepted by NYCDPR at the above address through Wednesday, September 5, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and
- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYSDOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYCDCP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.

This is to advise, therefore, that the language relating to Burma contained in

existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone

number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential
 Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential
 Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential
 Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential
 Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking
 An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial
 Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial
 Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

RFP: HS APPLICATION PROCESS SYSTEM - Competitive Sealed Proposals* - PIN# 1B645040 - DUE 07-27-01 AT 11:30 A.M. - providing consulting services, software, training, maintenance, hardware (if needed), and upgrades to do the following: provide, implement, and maintain a system that automates and manages the processing of applications by students to NYC Public HS and their programs. The system will be thin-client web enabled. Develop and execute a cost effective plan for providing the above, in part by seamlessly linking to existing NYCBOE Databases and Systems. Provide a centrally managed system that allows individual HS and Districts to customize their priorities. Every year about 90,000 students apply to NYC public schools about 80% of these students come from NYCBOE schools. The remaining 20% come from outside of NYCBOE's student population, e.g. private or parochial school we now need to increase application distribution, processing speed, accuracy, and reporting functions through greater use of NYCBOE's student information system (ATS), web servers, and other computerized data sources. If interested in RFP download from our web www.nycenet.edu/opm/vendor/rfp. or you may request it from P. Frey at pfrey@nycboe.net or fax at 718-935-5117. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 5 to 30 years and the drop-in centers will be for three years with one three year option to renew.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals,

and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8000, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m. **j2-d31**

AGENCY RULES

LOCAL LAWS 2001

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001 No. 1

Introduced by the Public Advocate (Mr. Green) and the Speaker (Council Member Vallone) and Council Members Eldridge, DiBrienza, Leffler, Cruz, Boyland, Marshall, Robinson, Freed, Henry, Linares, Lopez, Perkins, Pinkett, Reed and Espada; also Council Members Carrion, Clarke, Eisland, Fisher, Foster, Koslowitz, Michels, Miller, Quinn, Rivera and Sabini

A LOCAL LAW

To amend the administrative code of the city of New York, to prohibit employment discrimination against victims of domestic violence.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. *The City Council finds and declares that domestic violence is a widely recognized problem in New York City. Indeed, New York City Police Department statistics indicate that although the overall crime rate has decreased in recent years incidents of domestic violence have increased. However, little attention has been paid to the impact of domestic violence on the work lives of victims and on the City economy as a whole. In recent years, a growing body of evidence has documented the devastating impact of domestic violence on the ability of victims - over 90% of whom are women - to participate fully in the economy. Yet a victim's capacity to escape an abusive relationship is dependent in large part on economic factors such as finding and keeping a job and gaining economic security and independence. One study found that over one half of women surveyed who were victims of domestic violence stayed with their abusers because they lacked alternative resources with which to support themselves and their children. Other studies have determined that between twenty-four and fifty-two percent of battered women surveyed had lost their jobs at least in part due to domestic violence, which included harassment by the batterers both on and off the job.*

Employers are also affected by domestic violence. It has been estimated that absenteeism caused by domestic violence costs the nation's employers between three and five billion dollars annually. In a survey conducted by Roper Starch Worldwide for the Women's Work Program at Liz Claiborne Inc., forty percent of the senior executives at Fortune 1000 companies surveyed reported that domestic violence had a harmful effect on their company's productivity, and sixty-six percent believed that their company's financial performance would benefit by addressing the issue. In response several corporations have established policies and programs to assist employees struggling with domestic violence and the State of New York has enacted legislation that established an executive office to develop model domestic violence policies for counties, state agencies and private employers as well as an advisory council to develop strategies for domestic violence prevention. (N.Y. Exec Law § 575) Further, the State of Maine has enacted legislation requiring employers to provide unpaid leaves of absence to victims of domestic violence, and similar legislation has been enacted in the City of Miami and is pending in the State of Pennsylvania.

Because they are embarrassed or because they fear losing their jobs, victims are often reticent about informing their employers about incidents of domestic violence or about requesting simple accommodations that might assist them in fulfilling their job duties. A growing body of anecdotal evidence suggests that the fear of negative employment actions such as demotion, suspension, loss of pay and/or benefits or termination against employees who have revealed that they are victims of domestic violence is not unwarranted. For example victims of domestic violence have been terminated or demoted after requesting simple protective measures such as time off or flexible hours to confer with an attorney or a domestic violence counselor, obtain an order of protection or obtain medical or other services for themselves or family members.

The City Council finds that it is in the best interests of the City of New York to protect the economic viability of victims of domestic violence and to support their efforts to gain independence from their abusers. Victims of domestic violence who are receiving medical treatment or therapy for the physical and/or psychological effects of domestic violence may be covered under the disability provisions of sections 8-102(16) and 8-107 of the Human Rights Law. However, not all victims of domestic violence need or obtain such treatment and would therefore not be considered disabled. Further, many victims of domestic violence do not consider themselves disabled.

Accordingly, the Council further finds that in order to enable victims of domestic violence to speak with their employers without fear of reprisal, about a domestic violence incident or about possible steps that will enhance their ability to perform their job without causing undue hardship to the employer, the Human Rights Law should be amended to provide employment discrimination protection for New Yorkers who are actual or perceived victims of domestic violence.

§2. Title 8 of the administrative code of the city of New York is amended by adding a new section 8-107.1 which shall read as follows:

§8-107.1 Victims of Domestic Violence. 1.

Definitions. Whenever used in this section the following terms shall have the following meanings:

a. "Acts or threats of violence" shall include, but not be limited to, acts which would constitute violations of the penal law.

b. "Victim of domestic violence" shall mean a person who has been subjected to acts or threats of violence, not including acts of self-defense, committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabited with the victim, by a person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim, or a person who is or has continually or at regular intervals lived in the same household as the victim.

2. Unlawful discriminatory practices. It shall be an unlawful discriminatory practice for an employer, or an agent thereof, to refuse to hire or employ or to bar or to discharge from employment, or to discriminate against an individual in compensation or other terms, conditions, or privileges of employment because of the actual or perceived status of said individual as a victim of domestic violence.

§3. This local law shall take effect immediately.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:
I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on December 19, 2000, and approved by the Mayor on January 5, 2001.

CHARTER REVISION COMMISSION

MEETING

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings and hearings. The Commission is in the process of considering revisions to the Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including protecting our children, enhancing public health and safety, protecting human rights, and municipal government operations. The Commission will consider other important changes as well. At the public meetings changes will be discussed and debated by Commission staff. At the public hearing, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

**Chapter 5
Residential Conversion of Existing Non-Residential Buildings in Certain Community Districts in the Boroughs of Manhattan, Brooklyn and Queens**

* * *

**15-00
GENERAL PURPOSES**

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 4, 6 and 8, and Queens Community Districts 1 and 2, special regulations for the conversion to dwelling units of non-residential buildings or portions thereof erected prior to December 15, 1961, have been established in order to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

* * *

**15-01
Applicability**

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, and in Brooklyn Community District 4 in accordance with the provisions of paragraph (f) of Section 15-02I, the conversion to #dwelling units# of

non-#residential buildings# or portions thereof, erected prior to December 15, 1961, shall be subject to the provisions of this Chapter. In addition, in Manhattan Community District 1, in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, the conversion to #dwelling units# of non-#residential buildings#, or portion thereof, erected prior to January 1, 1977 shall be subject to the provisions of this Chapter. Existing floor space used for mechanical equipment and not counted as #floor area# in non-#residential buildings# built prior to January 1, 1977 may be converted to #dwelling units# under the provisions of this Chapter.

* * *

**15-011
Special Districts**

The Preservation Area of the #Special Clinton District# is excluded from the applicability of the provisions of this Chapter.

For the purposes of this Chapter, *R(M)* Districts indicated on the #zoning maps# for the *Special Northside Mixed Use District as M(R)* shall be considered #Manufacturing Districts#, and districts indicated on the #zoning map# as *R(M)* or for any *Special Mixed Use Districts specified in Section 123-90* shall be considered #Residential Districts#.

* * *

**15-02
General Provisions**

**15-021
Special use regulations**

(a) In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful #uses# in Use Groups 17B or E in #buildings# erected prior to December 15, 1961, shall be considered conforming. Such #uses# may be extended within such #buildings#.

(b) In C6-2M and C6-4M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all new #uses# listed in Use Groups 17B or E are permitted as-of-right in #buildings# erected prior to December 15, 1961, subject to the provisions of Section 32-42 (Location within Buildings).

(c) In M1-5 and M1-6 Districts located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street and Eighth Avenue, no new #dwelling units# shall be permitted. However, #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted #use# provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy on September 1, 1980, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

All #dwelling units# permitted pursuant to this paragraph (c) shall be required to comply with the requirements of Section 15-22 (Number of Permitted Dwelling Units) or Section 15-026 where applicable, and with Section 15-23 (Light and Air Provisions).

Where the Chairperson of the City Planning Commission has determined that #floor area# was occupied as #dwelling units# on September 1, 1980, and where such #dwelling units# are located in a #building# which, on the date of application to the Department of City Planning under the provisions of this Section, also has #floor area# which is occupied by a #use# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES), the Chairperson may permit that any #floor area# in the #building# be used for #dwelling units# provided that:

- (1) the total amount of #floor area# to be used for #dwelling units# does not exceed the amount of #floor area# occupied as #dwelling units# on September 1, 1980;
- (2) any #use# listed in Section 15-50 which is located on #floor area# to be used for #dwelling units# has been offered a new or amended lease within the #building#, with a minimum term of two years from the date

of application, at a fair market rental for the same amount of #floor area# previously occupied, and such lease is not subject to cancellation by the landlord;

- (3) any #residential# tenant who occupied a #dwelling unit# shall be relocated to a #dwelling unit# within the #building# with a #floor area# equal to not less than 95 percent of the amount of #floor area# in the #dwelling unit# previously occupied; and
- (4) as a result of such action by the Chairperson #residential uses# will be located on #stories# above #manufacturing uses#.

(d) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that:

- (1) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#.
- (2) in any #building# for which an alteration application for conversion of #floor area# used for non-#residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this paragraph (d) shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued.

(e) In C6-1G and C6-2G Districts, in all manufacturing and #commercial buildings# except police stations, courthouses and fire houses, or portions thereof, erected prior to December 15, 1961, #residential use# shall not be permitted unless the City Planning Commission has granted a special permit pursuant to Section 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts). However, if the Chairperson of the City Planning Commission determines that #floor area# in such #buildings# was occupied for #residential use# on April 1, 1984, such #residential use# shall be permitted to remain and no special permit shall be required, provided that a complete application for determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than April 17, 1985.

(f) In C8 and M1 Districts, no new

#dwelling units# are permitted. However, within such districts, #dwelling units# in the following areas: shall be considered a permitted #use#, provided the requirements of either paragraph (f)(1) or (f)(2) of this Section have been met:

- (i) Areas in Brooklyn Community District 1
 - (i) bounded by South 10th Street, Berry Street, Division Avenue and Wythe Avenue;
 - (ii) bounded by South 6th Street, Broadway, Driggs Avenue, South 8th Street and Wythe Avenue;
 - (iii) bounded by South 4th Street, Driggs Avenue, South 6th Street and Berry Street;
 - (iv) bounded by North 4th Street, Berry Street, North 3rd Street and Wythe Avenue;
 - (v) bounded by Metropolitan Avenue, Havemeyer Street, Hope Street and Reebling Street; and
- (2) An Area in Brooklyn Community District 2, bounded by Water Street, Washington Street, Plymouth Street, Bridge Street, Front Street, Jay Street, York Street, Washington Street, Front Street and Dock Street;

#dwelling units# which the Commissioner of the Department of Buildings determines:

- (i) were occupied on June 4, 1981; and
- (ii) are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981;

shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than May 30, 1986.

(1) In the areas bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street in Community District 1, Brooklyn, where the Commissioner of Buildings has determined that #dwelling units# were occupied on June 4, 1981, and are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981, such #dwelling units# shall be a permitted #use#, provided that a complete application for a determination of occupancy has been filed by the owner of the #building# or the occupant of a dwelling

unit# in such building# not later than May 30, 1986.

For the purposes of Article 7C of the New York State Multiple Dwelling Law, sSuch a filing of determination of #residential# occupancy on June 4, 1981 shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

(2) In the areas shown on the maps in Appendix A (Loft Conversion Areas in Brooklyn), where the Department of Housing Preservation and Development has determined that #floor area# was occupied as #dwelling units# for a continuous 30 day period between September 1, 2000 and November 30, 2000, such #dwelling units# shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than (18 months after the effective date of this amendment).

For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy between September 1, 2000 and November 30, 2000, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

The provisions of Section 15-0263 (Double glazed windows) shall not apply to #dwelling units# permitted pursuant to this paragraph, (f). All #dwelling units# permitted pursuant to this paragraph (f) shall be required to have double glazed windows.

15-022 Location within building

#Dwelling units# converted under the provisions of this Chapter are not subject to the provisions of Section 32-42 (Location Within Buildings).

15-023 Notice to residential tenants in mixed use buildings

The owner or developer of a #building# converted under the provisions of this Chapter and containing one or more #dwelling units# and one or more #commercial# or #manufacturing uses# above the first #story# shall be required to notify all prospective #residential# occupants of such #dwelling units# that:

- (a) such #dwelling units# are located in a mixed #use building# containing #commercial# or #manufacturing uses# which the City is committed to maintain; and
(b) such prospective occupants should make any investigation they deem necessary to determine that the conditions existing or permitted to exist are not offensive to such prospective occupant.

Prior to the issuance of a building permit, the owner or developer shall file an affidavit with the Department of Buildings that such notice will be provided in all #residential# leases and offering plans.

15-024 Notice of filing to create dwelling units

Within ten days of filing an application with the Department of Buildings for an alteration permit for #dwelling units#, a duplicate copy of such application shall be sent to the Department of City Planning by the applicant for information purposes.

15-025-15-023 Double glazed windows

All #dwelling units# in #buildings# which contain one or more #uses# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES) and converted under the provisions of this Chapter shall be required to have double glazing on all windows. However, #dwelling units# occupied by #residential# tenants on September 1, 1980, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or in Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, shall not be required to have double glazed windows.

15-026 15-024 Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings

(a) The minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111 may be replaced by the requirements of this Section for #dwelling units#, #joint living-work quarters for artists# or #loft dwellings#:

- (1) existing on September 1, 1980, for which a determination of #residential# or #joint living-work quarters for artists# occupancy has been made pursuant to Sections 15-021, paragraph (c), 15-215, 42-133, paragraph (a), 42-141, paragraph (b), 74-782, or 111-201, paragraph (a); or

New York City Department of Parks and Recreation (NYCDPR)

Contact Person Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021. Tel: (212) 360-3402; Fax: (212) 360-3453

Written comments on the Draft Scope of Analysis for the preparation of the Environmental Impact Statement will be accepted by NYCDPR at the above address through Wednesday, September 5, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYCDCP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National**

Foreign Trade Council, 530 U.S. 363

(2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.

This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

(1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and

(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. - New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY

- Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential

Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential

Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential

Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential

Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th street. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking

An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial

Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial

Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail info@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and

program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

LOCAL LAWS 2001

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001 No. 3

Introduced by Council Members Koslowitz, Freed, Henry, Marshall, Michels, Moskowitz, Reed, Abel, Fiala, Golden, Oddo, Linares, Quinn, Spigner and Robinson (by the request of the Mayor); also Council Members Carrion, DiBrienza, Eldridge, Espada, Fisher, Leffler, Nelson, Povman and Provenzano

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to authorizing the commissioner of consumer affairs to require that the engines of sight-seeing buses comply with emission standards as a condition of licensing.

Be it enacted by the Council as follows:

1. Section 20-372 of the administrative code of the city of New York is amended by adding two new subdivisions 9 and 10 to read as follows:

9. "Certificate of conformity" shall mean that document issued by the Administrator of the United States environmental protection agency pursuant to section 206(a) of the Clean Air Act of 1990, 42 U.S.C. §7525(a), reflecting such Administrator's determination that an engine conforms to emissions standards and other regulations issued under section 202 of the Clean Air Act of 1990, 42 U.S.C. §7521, as well as the terms and the time periods prescribed thereon, and as such laws and such regulations may be amended from time to time.

10. "Fleet" shall mean a group of vehicles owned or operated by the same person.

§2. Section 20-376 of the administrative code of the city of New York is amended to read as follows:

§20-376 Inspection of sight-seeing [bus] buses. a. A vehicle shall be licensed as a sight-seeing bus only after it shall have been examined and inspected to determine that it complies with this section, and [found to comply] that it also (1) complies with all the requirements of the vehicle and traffic law of the state of New York, [and shall have been] and (2) is certified by the [public service commission] department of transportation of the state, as being safe and properly equipped to operate.

b. (1) On and after the effective date of the local law which added this amendment, the commissioner shall not issue a sight-seeing bus license to any vehicle that when originally manufactured was not equipped with an engine covered by a certificate of conformity unless an engine covered by a certificate of conformity for the model year applicable to the date on which a sight-seeing bus license application for such bus is submitted to the commissioner, has been installed in such vehicle.

(2) The commissioner shall not renew the license of any sight-seeing bus that was licensed as of the date of the introduction of the local law which added this amendment and that when originally manufactured, was not equipped with an engine covered by a certificate of conformity unless an engine covered by a certificate of conformity for a model year no earlier than the model year applicable to the date on which the local law which added this amendment was introduced, has been installed in such bus.

(3) The commissioner shall not renew the license of any sight-seeing bus that was first issued a sight-seeing bus license on or after the date of introduction of the local law that added this amendment and before the effective date of such law and that, when originally manufactured, was not equipped with an engine covered by a certificate of conformity, unless an engine covered by a certificate of conformity for a model year no earlier than the model year applicable to the date on which the first sight-seeing bus license renewal application for such bus is submitted to the commissioner, has been installed in such bus.

c. The commissioner shall refuse a license to [, or if already issued, suspend the license of] any sight-seeing bus not in compliance with the requirements of this section, any rules promulgated thereunder or with any other laws or rules governing sight-seeing buses, or which is otherwise found to be unfit for operation. Grounds for refusal to issue a license shall include, but not be limited to, installation of an engine which does not meet the requirements of subdivision b of this section, failure to submit a bus for inspection, installation of an engine not covered by a certificate of conformity in a vehicle which was originally manufactured with such an engine and installation of an engine of any model year preceding the year of manufacture in a vehicle which was originally manufactured with an engine covered by a certificate of conformity.

d. The commissioner may adopt rules (1) requiring the inspection by the department of sight-seeing buses to determine compliance with the requirements of subdivision b of this section; (2) delegating the performance of such inspections to the department of environmental protection; and (3) authorizing the acceptance of the results of inspections consistent with paragraph one of this subdivision conducted by a state or federal agency authorized to conduct such inspections on such buses.

§3. Subdivision a of section 20-383 of the administrative code of the city of New York, as amended by local law number 31 for the year 1995, is amended to read as follows:

a. [The] After notice and opportunity to be heard, the commissioner may suspend or revoke any sight-seeing bus license where the holder has failed to comply with any provisions of this subchapter or of the rules promulgated [by the commissioner] thereunder, or with any other laws or rules governing sight-seeing buses, or which sight-seeing bus is otherwise found to be unfit for operation. Such suspension shall remain in effect until compliance and fitness have been established by the licensee and accepted by the department. Grounds for suspension or revocation shall include, but not be limited to, installation of an engine which does not meet the requirements of subdivision b of section 20-376 of this subchapter, failure to submit a bus for inspection, installation of an engine not covered by a certificate of conformity in a vehicle which was originally manufactured with such an engine and installation of an engine of any model year preceding the year of manufacture in a vehicle which was originally manufactured with an engine covered by a certificate of conformity.

§4. This local law shall take effect immediately.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.: I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on January 3, 2001, and approved by the Mayor on January 19, 2001. RAYMOND C. TEATUM, 1st Deputy and Acting City Clerk

8. Notwithstanding any inconsistent provisions of section 239 of the New York city charter, as added by vote of the electors on November 7, 1989, the commissioner of finance shall pursuant to such section submit an estimate of the assessed valuation of real property and a certified statement of all real property taxes due as therein described not later than February 23, 2001.

9. Notwithstanding any inconsistent provisions of section 240 of the New York city charter, as added by vote of the electors on November 7, 1989, the mayor shall pursuant to such section submit a tax benefit report as therein described not later than February 23, 2001.

10. Notwithstanding any inconsistent provisions of section 241 of the New York city charter, as added by vote of the electors on November 7, 1989, each borough board shall pursuant to such section submit a statement of budget priorities as therein described not later than March 9, 2001.

11. Notwithstanding any inconsistent provisions of section 243 of such charter, as added by vote of the electors on November 7, 1989, the council shall pursuant to such section approve and submit estimates of the financial needs of the council as therein described not later than March 19, 2001.

12. Notwithstanding any inconsistent provisions of

section 245 of the New York city charter, as added by vote of the electors on November 7, 1989, each borough president shall pursuant to such section submit any proposed modifications of the preliminary budget as therein described not later than March 23, 2001.

13. Notwithstanding any inconsistent provisions of section 246 of the New York city charter, as added by vote of the electors on November 7, 1989, the director of the independent budget office shall publish a report analyzing the preliminary budget as therein described on or before March 23, 2001.

14. Notwithstanding any inconsistent provisions of section 247 of the New York city charter, as added by vote of the electors on November 7, 1989, the council shall pursuant to such section hold hearings and submit recommendations as therein described not later than March 30, 2001.

§2. This local law shall take effect immediately and shall be retroactive to and deemed to have been in full force and effect as of November 1, 2000.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.: I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on January 3, 2001, and approved by the Mayor on January 19, 2001. RAYMOND C. TEATUM, 1st Deputy and Acting City Clerk

To the Mayor, the Council, and the Exterior lighting of facade.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission received a proposal for the installation of two exterior grade flood lights inside the front arwayway of the building, as shown in existing condition photographs, and as described in specifications, all submitted as components of the application.

In reviewing this proposal, the Commission notes that the Old Merchant's House is a late Federal-Greek Revival style house built in 1831-32; and that it is an unusual and notable survivor documenting the history and development of Manhattan.

With regard to this proposal, the Commission finds that the two new light fixtures will be placed below grade in the arwayway, two feet above the well floor, facing the facade of the building, and thus will not be visible from any public thoroughfare; that the electrical conduit will be surface-mounted and run along the underside of the existing stoop, then along where the wall and floor meet in the arwayway through the mortar joints and will not affect any of the masonry; and that the proposed work is a custom designed lighting solution to highlight the Museum's landmark building as a whole within the streetscape and to emphasize particularly fine individual architectural elements within the facade. Based on these findings, the Commission determined that the work is appropriate to the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Hansel Hernandez Navarro.

To the Mayor, the Council, and the Commissioner, of Department of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The installation of four wall hydrants with a matte nickel bronze finish, through plain, unornamented masonry at the base of the building, mounted flush with the masonry. The visible part of the hydrants are 6 1/2 inches square as shown in a site plan labeled sheet 1 of 3, received at the Commission May 30, 2001, photographs of the proposed four locations for the hydrants; and a cut sheet of the hydrant manufactured by Jay R. Smith Mfg. Co., all submitted by the Department of Citywide Administrative Services as components of the application.

In reviewing this proposal, the Commission notes that the designation report for this individual landmark describes the building as a Beaux-Arts style skyscraper office building designed by William M. Kendall of McKim, Mead and White and built from 1909-1914.

With regard to this proposal, the Commission finds that the wall hydrants are necessary utilitarian objects that will be installed and finished to be unobtrusive to the architectural character of the building; that the bronze finish will be compatible with historic bronze metalwork found elsewhere on the building; and that because of their small size and flush installation through plain masonry, the hydrants will not detract from the special historic and architectural character of the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. To the Mayor, the Council, and the Borough Commissioner, Department of Transportation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replace six standard street lampposts on West 10th Street between Fifth and Sixth Avenues with six bishop's crook lampposts. The proposal is shown and described in an application form, signed by the Borough Commissioner of the Department of Transportation, existing condition photographs, and a drawing prepared by Spring City Electrical, all of which have been submitted as components of the application.

The Commission notes that the bishop's crook post was installed throughout the city beginning in the early 20th century, and that bishop's crook posts were also installed historically within the Greenwich Village Historic District.

The Commission finds that the existing standard lampposts are not harmonious in scale, material, detail, and color with the architectural and historic character of the historic district; that the new bishop's crook lampposts reproduce almost exactly the historic bishop's crook posts; that the lampposts are harmonious in scale, materials, design, and color with the character of the district, and that the replacement of the existing posts with bishop's crook posts in the same locations will result in no effect on any other protected features of the district, including sidewalks. Based on these findings, the Commission determines the proposed work to be appropriate to the Greenwich Village Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. CHARTER REVISION COMMISSION

MEETING

PUBLIC NOTICE

The New York City Charter Revision Commission is holding a series of public meetings and hearings. The Commission is in the process of considering revisions to the Charter. The Charter is the basic document that describes the way that City government operates and provides services to its residents. The Charter outlines the powers and duties of all elected officials as well as those of City agencies and administrative offices.

The Commission will consider changes in several key areas, including protecting our children, enhancing public health and safety, protecting human rights, and municipal government operations. The Commission will consider other important changes as well. At the public meetings changes will be discussed and debated by Commission staff. At the public hearing, the Commission will hear public testimony on the proposed revisions. The Commission intends to put its proposed Charter revisions before the voters this November.

Chapter 5 Residential Conversion of Existing Non-Residential Buildings in Certain Community Districts in the Boroughs of Manhattan, Brooklyn and Queens

15-00 GENERAL PURPOSES

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 4, 6 and 8, and Queens Community Districts 1 and 2, special regulations for the conversion to dwelling units of non-residential buildings or portions thereof erected prior to December 15, 1961, have been established in order to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

15-01 Applicability

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, and in Brooklyn Community District 4 in accordance with the provisions of paragraph (f) of Section 15-021, the conversion to #dwelling units# of non-#residential buildings# or portions thereof, erected prior to December 15, 1961, shall be subject to the provisions of this

Chapter. In addition, in Manhattan Community District 1, in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, the conversion to #dwelling units# of non-#residential buildings#, or portion thereof, erected prior to January 1, 1977 shall be subject to the provisions of this Chapter. Existing floor space used for mechanical equipment and not counted as #floor area# in non-#residential buildings# built prior to January 1, 1977 may be converted to #dwelling units# under the provisions of this Chapter.

15-011 Special Districts

The Preservation Area of the #Special Clinton District# is excluded from the applicability of the provisions of this Chapter.

For the purposes of this Chapter, *R(M)* Districts indicated on the #zoning maps# for the Special Northside Mixed Use District as *M(R)* shall be considered #Manufacturing Districts#, and districts indicated on the #zoning map# as *R(M)* or for any Special Mixed Use Districts specified in Section 123-90 shall be considered #Residential Districts#.

15-02 General Provisions

15-021 Special use regulations

(a) In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful #uses# in Use Groups 17B or E in #buildings# erected prior to December 15, 1961, shall be considered conforming. Such #uses# may be extended within such #buildings#.

(b) In C6-2M and C6-4M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all new #uses# listed in Use Groups 17B or E are permitted as-of-right in #buildings# erected prior to December 15, 1961, subject to the provisions of Section 32-42 (Location within Buildings).

(c) In M1-5 and M1-6 Districts located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street and Eighth Avenue, no new #dwelling units# shall be permitted. However, #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted #use# provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy on September 1, 1980, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

All #dwelling units# permitted pursuant to this paragraph (c) shall be required to comply with the requirements of Section 15-22 (Number of Permitted Dwelling Units) or Section 15-026 where applicable, and with Section 15-23 (Light and Air Provisions).

Where the Chairperson of the City Planning Commission has determined that #floor area# was occupied as #dwelling units# on September 1, 1980, and where such #dwelling units# are located in a #building# which, on the date of application to the Department of City Planning under the provisions of this Section, also has #floor area# which is occupied by a #use# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES), the Chairperson may permit that any #floor area# in the #building# be used for #dwelling units# provided that:

- (1) the total amount of #floor area# to be used for #dwelling units# does not exceed the amount of #floor area# occupied as #dwelling units# on September 1, 1980;
- (2) any #use# listed in Section 15-50 which is located on #floor area# to be used for #dwelling units# has been offered a new or amended lease within the #building#, with a minimum term of two years from the date of application, at a fair market rental for the same amount of #floor

area# previously occupied, and such lease is not subject to cancellation by the landlord;

- (3) any #residential# tenant who occupied a #dwelling unit# shall be relocated to a #dwelling unit# within the #building# with a #floor area# equal to not less than 95 percent of the amount of #floor area# in the #dwelling unit# previously occupied; and

- (4) as a result of such action by the Chairperson #residential uses# will be located on #stories# above #manufacturing uses#.

(d) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that:

- (1) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#.

- (2) in any #building# for which an alteration application for conversion of #floor area# used for non-#residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this paragraph (d) shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued.

(e) In C6-1G and C6-2G Districts, in all manufacturing and #commercial buildings# except police stations, courthouses and fire houses, or portions thereof, erected prior to December 15, 1961, #residential use# shall not be permitted unless the City Planning Commission has granted a special permit pursuant to Section 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts). However, if the Chairperson of the City Planning Commission determines that #floor area# in such #buildings# was occupied for #residential use# on April 1, 1984, such #residential use# shall be permitted to remain and no special permit shall be required, provided that a complete application for determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than April 17, 1985.

(f) In C8 and M1 Districts, no new #dwelling units# are permitted. However, within such districts, #dwelling units# in the following

areas: shall be considered a permitted #use#, provided the requirements of either paragraph (f)(1) or (f)(2) of this Section have been met:

- (i) Areas in Brooklyn Community District 1
 - (i) bounded by South 10th Street, Berry Street, Division Avenue and Wythe Avenue;
 - (ii) bounded by South 6th Street, Broadway, Driggs Avenue, South 9th Street and Wythe Avenue;
 - (iii) bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street;
 - (iv) bounded by North 4th Street, Berry Street, North 3rd Street and Wythe Avenue;
 - (v) bounded by Metropolitan Avenue, Havemeyer Street, Hope Street and Roebling Street; and
- (2) An Area in Brooklyn Community District 2, bounded by Water Street, Washington Street, Plymouth Street, Bridge Street, Front Street, Jay Street, York Street, Washington Street, Front Street and Dock Street;

#dwelling units# which the Commissioner of the Department of Buildings determines:

- (i) were occupied on June 4, 1981; and
- (ii) are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981;

shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than May 30, 1986.

- (1) In the areas bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street in Community District 1, Brooklyn, where the Commissioner of Buildings has determined that #dwelling units# were occupied on June 4, 1981, and are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981, such #dwelling units# shall be a permitted #use#, provided that a complete application for a determination of occupancy has been filed by the owner of the #building# or the occupant of a dwelling unit# in such building# not later than May 30, 1986.

For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a filing of determination of residential occupancy on June 4, 1981 shall be deemed to permit residential use as-of-right for such dwelling units.

(2) In the areas shown on the maps in Appendix A (Loft Conversion Areas in Brooklyn), where the Department of Housing Preservation and Development has determined that floor area was occupied as dwelling units for a continuous 30 day period between September 1, 2000 and November 30, 2000, such dwelling units shall be a permitted use, provided that a complete application for a determination of occupancy is filed by the owner of the building or the occupant of a dwelling unit in such building not later than 18 months after the effective date of this amendment.

For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of residential occupancy between September 1, 2000 and November 30, 2000, shall be deemed to permit residential use as-of-right for such dwelling units.

The provisions of Section 15-0253 (Double glazed windows) shall not apply to dwelling units permitted pursuant to this paragraph, (f). All dwelling units permitted pursuant to this paragraph shall be required to have double glazed windows.

15-022 Location within building

Dwelling units converted under the provisions of this Chapter are not subject to the provisions of Section 32-42 (Location Within Buildings).

15-023 Notice to residential tenants in mixed use buildings

The owner or developer of a building converted under the provisions of this Chapter and containing one or more dwelling units and one or more commercial or manufacturing uses above the first story shall be required to notify all prospective residential occupants of such dwelling units that:

- (a) such dwelling units are located in a mixed-use building containing commercial or manufacturing uses which the City is committed to maintain; and
(b) such prospective occupants should make any investigation they deem necessary to determine that the conditions existing or permitted to exist are not offensive to such prospective occupant.

Prior to the issuance of a building permit, the owner or developer shall file an affidavit with the Department of Buildings that such notice will be provided in all residential leases and offering plans.

15-024 Notice of filing to create dwelling units

Within ten days of filing an application with the Department of Buildings for an alteration permit for dwelling units, a duplicate copy of such application shall be sent to the Department of City Planning by the applicant for information purposes.

15-025-15-023 Double glazed windows

All dwelling units in buildings which contain one or more uses listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES) and converted under the provisions of this Chapter shall be required to have double glazing on all windows. However, dwelling units occupied by residential tenants on September 1, 1980, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or in Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, shall not be required to have double glazed windows.

15-026-15-024 Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings

(a) The minimum size, yard, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111 may be replaced by the requirements of this Section for dwelling units, joint living-work quarters for artists or loft dwellings:

(1) existing on September 1, 1980, for which a determination of residential or joint living-work quarters occupancy has been made pursuant to Sections 15-021, paragraph (c), 15-215, 42-133, paragraph (a), 42-141, paragraph (b), 74-782, or 111-201, paragraph (a); or

(2) that are registered Interim Multiple Dwellings or were covered by the New York City Loft Board, pursuant to Article 7C of the New York State Multiple Dwelling Law; or

(3) that the New York City Loft Board determines were occupied for residential use or as joint living-work quarters for artists on September 1, 1980.

(b) Unless required by the Department of Buildings or Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law, dwelling units or joint living-work quarters for artists described in paragraph (a) and existing on such dates may not be divided subsequently into units or quarters of less than 1,200 square feet, and loft dwellings may not

be divided subsequently into dwellings that do not meet the requirements of Section 111-111, paragraphs (a), (b)(1) and (c).

No building that meets the density requirements of Sections 15-111 or 111-111, paragraph (c), may subsequently add additional units or quarters except in accordance thereof. No building to which the regulations of this Section have been applied may subsequently add additional units or quarters except in accordance with the requirements of Sections 15-111 or 111-111, paragraph (c).

(c) In lieu of the stated minimum size, yard, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111, the following regulations shall apply:

(1) The minimum size of a dwelling unit, joint living-work quarters for artists, or loft dwelling may be no less than 415 square feet of floor area, provided that all of the following requirements are met:

(i) the unit or quarters shall contain one or more windows that open onto a street or thirty foot yard;

(ii) the area of such required window shall not less than eight percent of the floor area of the unit or quarters and 50 percent of the area of such required window shall be openable; and

(iii) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width; or

(2) The minimum size of a dwelling unit, joint living-work quarters for artists, or loft dwelling may be no less than 600 square feet of floor area, provided that all of the following requirements are met:

(i) the unit or quarters shall contain one or more windows that open onto either:

(a) a ten foot yard, where the window sill of such required window is at least 23 feet above curb level; or

(b) a 15 foot yard, where the window sill of such

required window is less than 23 feet above curb level; or

(c) a court with a minimum dimension of 15 feet perpendicular to such required window and 375 square feet or more in area; or

(d) a street; and

(ii) the minimum horizontal distance between such required window opening onto a yard and any wall opposite such window on the same or another zoning lot shall be at least 15 feet;

(iii) the area of such required window shall be no less than five percent of the floor area of the unit or quarters, and 50 percent of the area of such required window shall be openable;

(iv) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width;

(v) the average width of such unit or quarters shall be no less than 14 feet; and

(vi) not less than two-thirds of the floor area of the unit or quarters shall have a floor-to-ceiling height of nine feet or more.

Lead Agency

New York City Department of Parks and Recreation (NYCDPR)

Contact Person Joshua R. Laird, Chief of Planning, NYC Department of Parks and Recreation, The Arsenal, 830 Fifth Avenue, Room 403, New York, NY 10021. Tel: (212) 360-3402; Fax: (212) 360-3453

Written comments on the Draft Scope of Analysis for the preparation of the Environmental Impact Statement will be accepted by NYCDPR at the above address through Wednesday, September 5, 2001.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYC DCP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

Public Scoping Meeting

Date: Thursday, August 23, 2001

Place: The New York City Economic Development Corporation, 110 William Street, Room 4A/4B, New York, NY 10038

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

- Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

- Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

- Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency...

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority...

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan...

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines form the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820.

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSULTANT FOR NYC EMPLOYER TRAINING PROGRAM - Request for Proposals - DUE 07-27-01 AT 5:00 P.M. - New York City Economic Development Corporation (EDC), on behalf of the City of New York, is issuing a Request for Proposals (RFP) for a Consultant for its New York City Employer Training Program.

The program is designed to provide recruitment assistance and training subsidies for hard-to-fill positions to New York City businesses, thereby generating more job opportunities for City residents. The program will initially target companies receiving other economic development benefits.

EDC is issuing this RFP to identify firms specializing in consultant work for workforce development programs and experience in addressing employer needs for trained workers. Firms that are qualified will have in-house expertise in implementing the Workforce Investment Act, and extensive experience with private industry training and employment. Services requested include advising on program structure and implementation; building and maintaining relationships with private employers, City agencies and educational institutions; keeping abreast of other training programs and funds; and program administration.

To obtain an RFP, please submit your name, company name, address and telephone number to Paul Tamboia, CPPB Director, Contract Administration, by telephone at (212) 312-3969; by mail to 110 William Street, 4th Floor, New York, NY 10038; or by e-mail to info@newyorkbiz.com. Please refer to CETP-0701 in the subject line. Development proposals must be submitted to EDC by 5:00 p.m. on Friday, July 27, 2001.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Flr., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

NOTICE

PROMULGATION OF RULE 20-03 RELATING TO STANDARDS FOR NON-MERCURY GAUGES.

Pursuant to Section 1043 of the New York City Charter, the Department of Buildings hereby adopts the following rule relating to standards for non-mercury gauges.

Satish K. Babbar, R.A. Acting Commissioner

Dated: July 19, 2001 New York, New York

Chapter 20 of Title 1 of the Rules of the City of New York is amended by adding a new Section 20-03 as follows:

§ 20-03 Standards for Non-Mercury Gauges

(a) Applicability. In accordance with Local Law 17 for the year 2001, the rules in this section establish minimum standards for non-mercury gauges to test gas piping, drainage and vent systems.

(b) Minimum Requirements. Each gauge shall meet the following requirements:

(1) The gauge shall be manufactured and used in accordance with the ASME B40.100-1998 Standard for Pressure Gauges and Gauge Attachments, which incorporates ASME B40.1-1998 and ASME B40.7-1998, and the manufacturer shall provide with the gauge a written statement that the gauge is manufactured in accordance with such ASME standard.

(2) The gauge shall be labeled with the name of the manufacturer.

(3) The gauge shall be kept in a padded separate rigid box and the manufacturer's instructions for use and protection of the gauge shall be complied with.

(4) The units of measurement "psi" shall appear on the face of the gauge, and

(5) The gauge shall be kept in good working order.

(c) Analog Gauges Used to Measure Pressure in the Magnitude of 3 psig. Each analog gauge used to measure pressure in the magnitude of 3 psig shall meet the following requirements in addition to satisfying the minimum requirements set forth in subdivision (b):

(1) The face of the gauge shall not be smaller than 2 1/4 inches in diameter.

(2) The gauge shall have a minimum of 270-degree dial arc.

(3) The gauge shall be calibrated in increments of not greater than one-tenth of a pound.

(4) The range of the gauge shall not exceed 5 psig when a 2 1/4 inch diameter gauge is used.

(5) The 1/10th psig interval on the gauge shall not be smaller than 1/10th of an inch of arc.

(6) The gauge shall be provided with an effective stop for the indicating pointer at the zero point.

(7) The gauge shall be protected from excessive pressure with a shut off valve and prior to using the 5-psig gauge the snifter valve shall be tested with a tire gauge to determine the magnitude of pressure, and

(8) The gauge shall have a calibration screw.

(d) Analog Gauges Used to Measure Pressure in the Magnitude of 5 psig. Each analog gauge used to measure pressure in the magnitude of 5 psig shall meet the following requirements in addition to satisfying the minimum requirements set forth in subdivision (b):

(1) The face of the gauge shall not be smaller than 2 1/4 inches in diameter.

(2) The gauge shall have a minimum of 270-degree dial arc.

(3) The gauge shall be calibrated in increments not greater than one-fifth of a pound.

(4) The range of the gauge shall not exceed 10 psig when a 2 1/4 inch diameter gauge is used.

(5) The 1/5th psig interval on the gauge shall not be smaller than 1/10th of an inch of arc.

(6) The gauge shall be provided with an effective stop for the indicating pointer at the zero point.

(7) The gauge shall be protected from excessive pressure with a shut off valve and prior to using the 10-psig gauge the snifter valve shall be tested with a tire gauge to determine the magnitude of pressure, and

(8) The gauge shall have a calibration screw.

(e) Digital Gauges Used to Measure Pressure in the Magnitude of 3 psig and Higher. Each digital gauge used to measure pressure in the magnitude of 3 psig and higher shall meet the following requirements in addition to satisfying the minimum requirements set forth in subdivision (b):

(1) The gauge shall have a minimum reading of 1/100th of a psig, and

(2) An extra charged battery shall be readily available for immediate use with the gauge.

STATEMENT OF BASIS AND PURPOSE

Local Law 17 for the year 2001 requires the Commissioner to publish a list of non-mercury gauges certified by a nationally recognized testing laboratory or promulgate rules with standards for non-mercury gauges by July 28, 2001.

In order to maintain an up-to-date listing of acceptable gauges, the Department of Buildings would have to keep records of all periodic laboratory re-calibration of each listed gauge. The amount of record keeping involved in the report filing and gauge labeling needed for this task would be burdensome for both the Department of Buildings and the industry. The cost of periodic gauge re-calibration would be burdensome to the industry.

Regulating gauge sensitivity to small drops in a low test pressure is the best possible approach for assuring suitability of a particular gauge for low pressure plumbing tests. Among other things, the adopted rule specifies suitable reading intervals and operating ranges for gauges.

LOCAL LAWS 2001

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2001

No. 5

Introduced by Council Member Robles and the Speaker (Council Member Vallone) (in conjunction with the Mayor) and Council Members Clarke, Malave-Dilan, Espada, Freed, Henry, Linares, Lopez, Marshall, McCaffrey, Michels,

Nelson, Reed, Rodriguez, Warden, Povman, Fiala, Golden, Stabile and Oddo; also Council Members Foster, Leffler, O'Donovan, Robinson, Provenzano, Watkins, White and Wooten

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to requiring all minors under the age of fourteen to wear a helmet while operating a scooter.

Be it enacted by the Council as follows:

Section 1. Title 19 of the administrative code of the city of New York is amended by adding thereto a new section 19-171 to read as follows:

19-171 Helmet requirement for persons under the age of fourteen operating scooters. a. Definitions. For the purposes of this section:

(1) The term "public highway" means any highway, road, street, roadway, sidewalk, avenue, alley, public place, public driveway or any other public way.

(2) The term "scooter" means a device propelled by muscular power, consisting of a footboard between end wheels and an upright handle attached to a front wheel or to the footboard.

(3) The term "wearing a helmet" means having a helmet of good fit fastened securely upon the head with the helmet straps.

b. This section is applicable to the operation of a scooter upon any public highway or any private road open to public motor vehicle traffic, and within a park or other area under the jurisdiction of the commissioner of parks and recreation.

c. No person less than fourteen years of age shall operate a scooter unless such person is wearing a helmet meeting the standards of the American National Standards Institute (ANSI Z 90.4 bicycle helmet standards), the Snell Memorial Foundation's standards for protective headgear for use in bicycling, the American Society of Testing and Materials (ASTM) standards for bicycle helmets, the Safety Equipment Institute standards for bicycle helmets or the United States Consumer Product Safety Commission standards for bicycle helmets.

d. It is a traffic infraction to violate the provisions of this section punishable, upon conviction, by a civil penalty of not more than fifty dollars. Such traffic infractions shall be heard and determined in accordance with article 2-A of the vehicle and traffic law. A hearing officer shall waive the civil penalty for which the parent or guardian of a person who violates the provisions of this section would be liable if such parent or guardian supplies proof that between the date of violation and the appearance date for such violation such parent or guardian purchased or rented a helmet that meets the requirements of this section. A hearing officer may waive the civil penalty for which the parent or guardian of a person who violates the provisions of this section would be liable if he or she finds that due to reasons of economic hardship such parent or guardian was unable to purchase or rent a helmet. A waiver of the civil penalty shall not apply to a second or subsequent conviction under this section.

e. The parent or guardian of a person less than fourteen years of age shall be liable for a violation of this section by such person less than fourteen years of age. A summons for a violation of this section by a person less than fourteen years of age shall only be issued to the parent or guardian of such person if the violation occurs in the presence of such parent or guardian and where such parent or guardian is eighteen years of age or more. Such summons shall only be issued to such parent or guardian and shall not be issued to the person less than fourteen years of age.

f. The failure of any person to comply with the provisions of this section shall not constitute contributory negligence or assumption of risk, and shall not in any way bar, preclude or foreclose an action for personal injury or wrongful death by or on behalf of such person, nor in any way diminish or reduce the damages recoverable in any such action.

g. The department of health shall distribute informational materials through the department's school health program, which shall include information explaining the hazards of operating scooters without protective headgear. These informational materials shall be printed in multiple languages and shall be made available to any member of the public upon request.

h. The police department and the department of parks and recreation shall enforce the provisions of this section.

§2. This local law shall take effect sixty days after it shall have become a law.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.: I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on January 24, 2001, and approved by the Mayor on February 2, 2001. RAYMOND C. TEATUM, 1st Deputy and Acting City Clerk

CERTIFICATION PURSUANT TO MUNICIPAL HOME RULE LAW §27

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to increasing a credit allowed under the commercial rent or occupancy tax and increasing exemptions from such tax.

Be it enacted by the Council as follows:

Section 1. Paragraph 2 of subdivision b of section 11-704 of the administrative code, as amended by local law number 63 for the year 1997, is amended to read as follows:

(2) A tenant whose base rent, (i) for tax years beginning on or after June first, nineteen hundred eighty-one and ending on or before May thirty-first, nineteen hundred eighty-four, is not in excess of four thousand nine hundred ninety-nine dollars per year, (ii) for the tax year beginning June first, nineteen hundred eighty-four and ending May thirty-first, nineteen hundred eighty-five, is not in excess of seven thousand nine hundred ninety-nine dollars per year, (iii) for [the] tax years beginning on or after June first, nineteen hundred eighty-five and ending on or before May thirty-first, nineteen hundred ninety-four, is not in excess of ten thousand nine hundred ninety-nine dollars per year, (iv) for the tax year beginning June first, nineteen hundred ninety-four and ending May thirty-first, nineteen hundred ninety-five, is not in excess of twenty thousand nine hundred ninety-nine dollars per year, (v) for the tax year beginning June first, nineteen hundred ninety-five and ending May thirty-first, nineteen hundred ninety-six, is not in excess of thirty thousand nine hundred ninety-nine dollars per year, (vi) for the tax year beginning June first, nineteen hundred ninety-six and ending May thirty-first, nineteen hundred ninety-seven, is not in excess of thirty-nine thousand nine hundred ninety-nine dollars per year, [and] (vii) for tax years beginning on or after June first, nineteen hundred ninety-seven and ending on or before May thirty-first, two thousand, is not in excess of ninety-nine thousand nine hundred ninety-nine dollars per year, calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of this section, (viii) for the period beginning June first, two thousand and ending November thirtieth, two thousand, is not in excess of ninety-nine thousand nine hundred ninety-nine dollars per year, calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of this section, (ix) for the period beginning December first, two thousand and ending May thirty-first, two thousand one, is not in excess of one hundred forty-nine thousand nine hundred ninety-nine dollars per year, calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of this section, and (x) for tax-years beginning on or after June first, two thousand one, is not in excess of one hundred forty-nine thousand nine hundred ninety-nine dollars per year, calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of this section, shall be exempt from the payment of the tax imposed by this chapter with respect to such rent, provided, however, that where the base rent of such tenant is for a period of less than one year, such base rent shall, for purposes of this paragraph, be determined as if it had been on an equivalent basis for the entire year; and provided, further, that for purposes of subparagraphs (viii) and (ix) of this paragraph, base rent for the period specified in each of such subparagraphs shall be separately annualized as if it had been on an equivalent basis for an entire year, irrespective of the actual base rent for the tax year including the period specified in such subparagraph. Notwithstanding the preceding sentence, [(viii)] (xi) a tenant whose base rent for the tax year beginning June first, nineteen hundred eighty-four and ending May thirty-first, nineteen hundred eighty-five, is at least eight thousand dollars per year, but not in excess of ten thousand nine hundred ninety-nine dollars per year, shall be exempt from the payment of the tax imposed by this chapter with respect to such rent for the period beginning December first, nineteen hundred eighty-four and ending May thirty-first, nineteen hundred eighty-five, and [(ix)] (xii) a tenant whose base rent for the tax year beginning June first, nineteen hundred ninety-five and ending May thirty-first, nineteen hundred ninety-six, is at least thirty-one thousand dollars per year, but not in excess of thirty-nine thousand nine hundred ninety-nine dollars per year, shall be exempt from the payment of the tax imposed by this chapter with respect to such rent for the period beginning September first, nineteen hundred ninety-five and ending May thirty-first, nineteen hundred ninety-six.

§ 2. Section 11-704.3 of the administrative code of the city of New York, subdivision 1 as added by local law number 57 for the year 1995, subdivision 2 as amended and subdivision 3 as added by local law number 63 for the year 1997, subdivision 4 as added by local law number 22 for the year 1994 and as renumbered by local law number 57 for the year 1995 and local law number 63 for the year 1997, is amended to read as follows: § 11-704.3 Tax credit. (a) (1) For the period beginning September first, nineteen hundred ninety-five and ending May thirty-first, nineteen hundred ninety-six, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

§ 2. Section 11-704.3 of the administrative code of the city of New York, subdivision 1 as added by local law number 57 for the year 1995, subdivision 2 as amended and subdivision 3 as added by local law number 63 for the year 1997, subdivision 4 as added by local law number 22 for the year 1994 and as renumbered by local law number 57 for the year 1995 and local law number 63 for the year 1997, is amended to read as follows:

§ 11-704.3 Tax credit. (a) (1) For the period beginning September first, nineteen hundred ninety-five and ending May thirty-first, nineteen hundred ninety-six, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

Table with 2 columns: 'If the tenant's annualized' and 'The credit shall be an amount equal to the following percentage of the tax imposed on such annualized base rent for such period:'. Rows include 'At least' and 'But not over' with values like \$40,000, \$44,999, 80%, etc.

If the tenant's annualized base rent for such period is over fifty-nine thousand nine hundred ninety-nine dollars, no

credit shall be allowed under this [subdivision] paragraph. (2) For the tax year beginning June first, nineteen hundred ninety-six and ending May thirty-first, nineteen hundred ninety-seven, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

If the tenant's base rent is: The credit shall be an amount equal to the following percentage of the tax imposed on such base rent for the tax year:

Table with 2 columns: 'At least' and 'But not over:'. Values range from \$40,000 to \$55,000 and percentages from 20% to 80%.

If the tenant's base rent is over fifty-nine thousand nine hundred ninety-nine dollars, no credit shall be allowed under this [subdivision] paragraph.

(3) For each tax year beginning on or after June first, nineteen hundred ninety-seven and ending on or before May thirty-first, two thousand, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

If the tenant's base rent is: The credit shall be an amount equal to the following percentage of the tax imposed by this chapter for the tax year:

Table with 2 columns: 'At least' and 'But not over:'. Values range from \$100,000 to \$130,000 and percentages from 20% to 80%.

If the tenant's base rent is over one hundred thirty-nine thousand nine hundred ninety-nine dollars, no credit shall be allowed under this [subdivision] paragraph. For purposes of this [subdivision] paragraph, 'base rent' shall be calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of [this] section 11-704 of this chapter.

(4) For the period beginning June first, two thousand and ending November thirtieth, two thousand, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

If the tenant's annualized base rent for such period is: The credit shall be an amount equal to the following percentage of the tax imposed on such annualized base rent for such period:

Table with 2 columns: 'At least' and 'But not over:'. Values range from \$100,000 to \$130,000 and percentages from 20% to 80%.

If the tenant's annualized base rent for such period is over one hundred thirty-nine thousand nine hundred ninety-nine dollars, no credit shall be allowed under this paragraph. For purposes of this paragraph 'base rent' shall be calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of section 11-704 of this chapter.

(5) For the period beginning December first, two thousand and ending May thirty-first, two thousand one, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

If the tenant's annualized base rent for such period is: The credit shall be an amount equal to the following percentage of the tax imposed on such annualized base rent for such period:

Table with 2 columns: 'At least' and 'But not over:'. Values range from \$150,000 to \$180,000 and percentages from 20% to 80%.

If the tenant's annualized base rent for such period is over one hundred eighty-nine thousand nine hundred ninety-nine dollars, no credit shall be allowed under this paragraph. For purposes of this paragraph, 'base rent' shall be calculated without regard to any reduction in base rent allowed by paragraph two of subdivision h of section 11-704 of this chapter.

(6) For each tax year beginning on or after June first, two thousand one, a credit shall be allowed against the tax imposed by this chapter, such credit to be determined in accordance with the following table:

If the tenant's base rent is: The credit shall be an amount equal to the following percentage of the tax imposed by this chapter for the tax year:

Table with 2 columns: 'At least' and 'But not over:'. Values range from \$150,000 to \$180,000 and percentages from 20% to 80%.

If the tenant's base rent is over one hundred eighty-nine thousand nine hundred ninety-nine dollars, no credit shall be allowed under this paragraph. For purposes of this paragraph, 'base rent' shall be calculated without regard to

any reduction in base rent allowed by paragraph two of subdivision h of section 11-704 of this chapter.

(b) (1) Where the base rent of a tenant is for a period of less than one year, such base rent shall, for purposes of this section, be determined as if it had been on an equivalent basis for the entire year. The [credit] credits allowed under this section shall be deducted prior to the deduction of any credit allowable under section 11-704.1 of this chapter.

(2) For purposes of paragraphs four and five of subdivision (a) of this section, base rent for the period specified in each of such paragraphs shall be separately annualized as if it had been on an equivalent basis for an entire year, irrespective of the actual base rent for the tax year including the period specified in such paragraph.

§3. This local law shall take effect immediately and shall be retroactive to and deemed to have been in full force and effect as of December 1, 2000.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, S.S.: I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on January 24, 2001, and approved by the Mayor on February 2, 2001.

15-011 Special Districts

The Preservation Area of the #Special Clinton District# is excluded from the applicability of the provisions of this Chapter.

For the purposes of this Chapter, **R(M) Districts** indicated on the #zoning maps# for the **Special Northside Mixed Use District as M(R)** shall be considered #Manufacturing Districts#, and districts indicated on the #zoning map# as **R(M)** or for any **Special Mixed Use Districts specified in Section 123-90** shall be considered #Residential Districts#.

15-02 General Provisions

15-021 Special use regulations

(a) In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful #uses# in Use Groups 17B or E in #buildings# erected prior to December 15, 1961, shall be considered conforming. Such #uses# may be extended within such #buildings#.

(b) In C6-2M and C6-4M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all new #uses# listed in Use Groups 17B or E are permitted as-of-right in #buildings# erected prior to December 15, 1961, subject to the provisions of Section 32-42 (Location within Buildings).

(c) In M1-5 and M1-6 Districts located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street and Eighth Avenue, no new #dwelling units# shall be permitted. However, #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted #use# provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy on September 1, 1980, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

All #dwelling units# permitted pursuant to this paragraph (c) shall be required to comply with the requirements of Section 15-22 (Number of Permitted Dwelling Units) or Section 15-026 where applicable, and with Section 15-23 (Light and Air Provisions).

Where the Chairperson of the City Planning Commission has determined that #floor area# was occupied as #dwelling units# on September 1, 1980, and where such #dwelling units# are located in a #building# which, on the date of application to the Department of City Planning under the provisions of this Section, also has #floor area# which is occupied by a #use# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES), the Chairperson may permit that any #floor area# in the #building# be used for #dwelling units# provided that:

- (1) the total amount of #floor area# to be used for #dwelling units# does not exceed the amount of #floor area# occupied as #dwelling units# on September 1, 1980;
- (2) any #use# listed in Section 15-50 which is located on #floor area# to be used for

#dwelling units# has been offered a new or amended lease within the #building#, with a minimum term of two years from the date of application, at a fair market rental for the same amount of #floor area# previously occupied, and such lease is not subject to cancellation by the landlord;

- (3) any #residential# tenant who occupied a #dwelling unit# shall be relocated to a #dwelling unit# within the #building# with a #floor area# equal to not less than 95 percent of the amount of #floor area# in the #dwelling unit# previously occupied; and
- (4) as a result of such action by the Chairperson #residential uses# will be located on #stories# above #manufacturing uses#.

(d) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that:

- (1) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21, 1983. For

the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#.

(2) in any #building# for which an alteration application for conversion of #floor area# used for non-residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this paragraph (d) shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued.

(e) In C6-1G and C6-2G Districts, in all manufacturing and #commercial buildings# except police stations, courthouses and fire houses, or portions thereof, erected prior to December 15, 1961, #residential use# shall not be permitted unless the City Planning Commission has granted a special permit pursuant to Section 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts). However, if the Chairperson of the City Planning Commission determines that #floor area# in such #buildings# was occupied for #residential use# on April 1, 1984, such #residential use# shall be permitted to remain and no special permit shall be required, provided that a complete application for determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than April 17, 1985.

(f) In C8 and M1 Districts, no new #dwelling units# are permitted. However, within such districts, #dwelling units# in the following areas: shall be considered a permitted #use#, provided the requirements of either paragraph (f)(1) or (f)(2) of this Section have been met:

- (i) Areas in Brooklyn—Community District 1
 - (i) bounded by—South 10th Street, Berry Street, Division Avenue and Wythe Avenue;
 - (ii) bounded by—South 6th Street, Broadway, Driggs Avenue, South 8th Street and Wythe Avenue;
 - (iii) bounded by—South 4th Street, Driggs Avenue, South 5th Street and Berry Street;
 - (iv) bounded by—North 4th Street, Berry Street, North 3rd Street and Wythe Avenue;
 - (v) bounded by—Metropolitan Avenue, Havemeyer Street, Hope Street and Roebling Street; and
- (2) An Area in Brooklyn—Community District 2, bounded by Water Street,

Washington Street, Plymouth Street, Bridge Street, Front Street, Jay Street, York Street, Washington Street, Front Street and Dock Street;

#dwelling units# which the Commissioner of the Department of Buildings determines:

- (i) were occupied on June 4, 1981, and
(ii) are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981,

shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than May 30, 1986.

(1) In the areas bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street in Community District 1, Brooklyn, where the commissioner of Buildings has determined that #dwelling units# were occupied on June 4, 1981, and are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981, such #dwelling units# shall be a permitted #use#, provided that a complete application for a determination of occupancy has been filed by the owner of the #building# or the occupant of a dwelling unit# in such building# not later than May 30, 1986.

For the purposes of Article 7C of the New York State Multiple Dwelling Law, sSuch a filing of determination of #residential# occupancy on June 4, 1981 shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

(2) In the areas shown on the maps in Appendix A (Loft Conversion Areas in Brooklyn), where the Department of Housing Preservation and Development has determined that #floor area# was occupied as #dwelling units# for a continuous 30 day period between September 1, 2000 and November 30, 2000, such #dwelling units# shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than (18 months after the effective date of this amendment).

For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy between September 1, 2000 and November 30, 2000, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

The provisions of Section 15-0253 (Double glazed windows) shall not

apply to #dwelling units# permitted pursuant to this paragraph, (f). All #dwelling units# permitted pursuant to this paragraph (f) shall be required to have double glazed windows.

15-022 Location within building

#Dwelling units# converted under the provisions of this Chapter are not subject to the provisions of Section 32-42 (Location Within Buildings).

15-023 Notice to residential tenants in mixed use buildings

The owner or developer of a #building# converted under the provisions of this Chapter and containing one or more #dwelling units# and one or more #commercial# or #manufacturing uses# above the first #story# shall be required to notify all prospective #residential# occupants of such #dwelling units# that:

- (a) such #dwelling units# are located in a mixed #use building# containing #commercial# or #manufacturing uses# which the City is committed to maintain; and
(b) such prospective occupants should make any investigation they deem necessary to determine that the conditions existing or permitted to exist are not offensive to such prospective occupant.

Prior to the issuance of a building permit, the owner or developer shall file an affidavit with the Department of Buildings that such notice will be provided in all #residential# leases and offering plans.

15-024 Notice of filing to create dwelling units
Within ten days of filing an application with the Department of Buildings for an alteration permit for #dwelling units#, a duplicate copy of such application shall be sent to the Department of City Planning by the applicant for information purposes.

15-025-15-023 Double glazed windows

All #dwelling units# in #buildings# which contain one or more #uses# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES) and converted under the provisions of this Chapter shall be required to have double glazing on all windows. However, #dwelling units# occupied by #residential# tenants on September 1, 1980, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or in Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, shall not be required to have double glazed windows.

15-026 15-024 Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings

(a) The minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111 may be replaced by the requirements of this Section for #dwelling units#, #joint living-work quarters for artists# or #loft dwellings#:

- (i) existing on September 1, 1980, for which a determination of #residential# or #joint living-work quarters for artists# occupancy has been made pursuant to Sections 15-021, paragraph (c), 15-215, 42-133, paragraph (a), 42-141,

paragraph (b), 74-782, or 111-201, paragraph (a); or

(2-1) that are registered Interim Multiple Dwellings or were found covered by the New York City Loft Board, pursuant to Article 7C of the New York State Multiple Dwelling Law; or

(2-2) that the New York City Loft Board determines were occupied for #residential use# or as #joint living-work quarters for artists# on September 1, 1980.

(b) Unless required by the Department of Buildings or Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law, #dwelling units# or #joint living-work quarters for artists# described in paragraph (a) and existing on such dates may not be divided subsequently into units or quarters of less than 1,200 square feet, and #loft dwellings# may not be divided subsequently into dwellings that do not meet the requirements of Section 111-111, paragraphs (a), (b)(1) and (c).

No #building# that meets the density requirements of Sections 15-111 or 111-111, paragraph (c), may subsequently add additional units or quarters except in accordance thereof. No #building# to which the regulations of this Section have been applied may subsequently add additional units or quarters except in accordance with the requirements of Sections 15-111 or 111-111, paragraph (c).

(c) In lieu of the stated minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111, the following regulations shall apply:

- (1) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 415 square feet of #floor area#, provided that all of the following requirements are met:
(i) the unit or quarters shall contain one or more windows that open onto a #street# or thirty foot #yard#;
(ii) the area of such required window shall be not less than eight percent of the #floor area# of the unit or quarters and 50

percent of the area of such required window shall be openable; and

(iii) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width; or

(2) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 600 square feet of #floor area#, provided that all of the following requirements are met:

- (i) the unit or quarters shall contain one or more windows that open onto either:
(a) a ten foot #yard#, where the window sill of such required window is at least 23 feet above #curb level#; or
(b) a 15 foot #yard#, where the window sill of such required window is less than 23 feet above #curb level#; or
(c) a #court# with a minimum dimension of 15 feet perpendicular to such required window and 375 square feet or more in area; or
(d) a #street#, and

(ii) the minimum horizontal distance between such required window opening onto a #yard# and any wall opposite such window on the same or another #zoning lot# shall be at least 15 feet;

(iii) the area of such required window shall be no less than five percent of the #floor area# of the unit or quarters, and 50 percent of the area of such required window shall be openable;

(iv) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width;

(v) the average width of such unit or quarters shall be no less than 14 feet; and

(vi) not less than two-thirds of the #floor area# of the unit or quarters shall have a floor-to-ceiling height of nine feet or more.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

- Approval of capital funding for the construction of a baseball stadium and parking facilities; and

- An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYCDP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day. Other types of procurement such as sole source require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9 a.m. to 5 p.m. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.

This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Goods

● Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

● Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

All Other Services

● Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual. (see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 613-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
- (2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, <http://NYC.GOV>.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential
Seven lots are available for restoration and development. This unique 33,000 square foot assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential
Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential
Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential
Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th street. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking
An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial
Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial
Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park. Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail infor@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

CORRECTION

NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Correction by subdivision (b) of Section 389 and subdivision (a) of Section 1043 of the New York City Charter, and Section 9-114, subdivision (a), paragraph 2 of the Administrative Code, and in accordance with the requirements of Section 1043 (b) of the New York City Charter, including a public hearing held with due notice, that the Department of Correction hereby adopts amendments to Title 39 of the official compilation of the Rules of the City of New York and Section 1-03 Subsection (b) and (c) of the Department of Correction Inmate Rule Book, implementing a disciplinary penalty of \$5.00 upon inmates infracted and found guilty of internal disciplinary violations. This rule shall take effect 30 days from the date hereof.

Section I: Section 1-03, Subsection (b) of the Department of Correction Inmate Rule Book is amended by adding a new paragraph (7) to read as follows:

- (7) Inmates, whether sentenced or detainees, who are found guilty of Grade I or Grade II offenses, shall be subject to a disciplinary surcharge of \$5.00, to be deducted from the inmate's commissary account.

Section 2: Table I of subdivision (c), Section 1-03 of the Department of Correction Inmate Rule Book is amended by adding the following provision at the conclusion of Grade I and Grade II penalties:
Disciplinary Surcharge - \$5.00

Section 3: Table II of subdivision (c), Section 1-03 of the Department of Correction Inmate Rule Book is amended by adding the following provision at the conclusion of Grade I and Grade II penalties:
Disciplinary Surcharge - \$5.00

Statement of Basis and Purpose

The Commissioner of the Department of Correction is authorized by Sections 389, 1043 of the City Charter and Section 9-114 of the Administrative Code to adopt rules relating to the management of Department of Correction facilities and the conduct of inmates in such facilities.

The Department hereby amends its rules relating to the penalties that can be administered and the normative range of penalties to include a disciplinary surcharge of \$5.00 pursuant to 9 NYCRR 7006.9 (c), State Commission of Correction Minimum Standards.

The purpose of this rule is to further deter inmate misconduct and increase inmate compliance with institutional rules and regulations, thereby maintaining the good order of and increasing safety at the City's correctional institutions.

FINANCE

NOTICE

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED AMENDMENTS TO RULES RELATING TO THE NEW YORK CITY GENERAL CORPORATION TAX

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter and section 11-687(1) of the Administrative Code of the City of New York, and in accordance with the requirements of section 1043 of the New York City Charter, that the New York City Department of Finance intends to adopt the following proposed Amendments to Rules Relating to the New York City General Corporation Tax which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by chapter 6 of title 11 of the Administrative Code of the City of New York.

Written comments regarding these proposed rules must be submitted to the office of Devora B. Cohn, Associate Commissioner for Legal Affairs, 345 Adams Street, Brooklyn, New York, 11201 on or before August 30, 2001. Comments may be submitted electronically to CohnDev@Finance.nyc.gov.

A hearing for public comment shall be held on August 30, 2001 at 345 Adams Street, 3rd Floor, Brooklyn, New York at 10:00 A.M. Persons seeking to testify are requested to notify Elmon Curtis at (718) 403-3663 at least three business days prior to the date scheduled for the hearing, although such notice is not required by law. Persons who request that a sign language interpreter or other form of reasonable

accommodation for a disability be provided at the hearing are asked to notify the above named person at the foregoing address no later than two weeks prior to the hearing.

Written comments and an audio tape recording of oral comments received at the hearing will be available for public review within a reasonable time after receipt, by appointment between the hours of 9:00 A.M. and 5:00 P.M. on weekdays at the office of Gerald Koszer, Records Access Officer, 345 Adams Street, Brooklyn, New York.

Note: New matter underscored; old matter in brackets [] to be deleted.

Section 1. Subdivision (h) of Section 11-27 of Title 19 of the Rules of the City of New York (Rules Relating to the General Corporation Tax) promulgated August 15, 1968 and last amended January 13, 1992, is amended to read as follows:

(h) Each corporation included in a Federal consolidated group must compute its Federal taxable income for purposes of [§] section 11-602 of the Administrative Code as if such corporation had computed its Federal taxable income on a separate basis for Federal income tax purposes. Provided, however, in the case of a target corporation, as defined in section 338(d)(2) of the Internal Revenue Code, that is a member of a selling consolidated group, as defined in section 338(h)(10)(B) of the Internal Revenue Code, with respect to which an election under [such §] section 338(h)(10) has been made, such election shall be recognized for purposes of Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code. For purposes of determining entire net income, the Federal taxable income of such target corporation shall include any gain or loss on the deemed asset sale by such target corporation recognized by virtue of such election. For purposes of determining entire net income, the Federal taxable income of a member of the selling consolidated group, as so defined, that is subject to tax under such Subchapter shall not include any gain or loss on the sale or exchange of stock of [a] such target corporation [which is] not recognized by virtue of such election [, but only if such member files on a combined report with such target corporation for the period including the acquisition date, as such term is defined in section 338(h)(2) of the Internal Revenue Code].

§2. Such section 11-27 is amended to add a new subdivision (i) to read as follows:

(i) For purposes of determining entire net income of an affiliated target corporation, as defined in Treasury Regulation section 1.338(h)(10)-1(b)(3) that is a member of a selling affiliated group that does not file a federal consolidated return, and for which an election under section 338(h)(10) of the Internal Revenue Code has been made, the Federal taxable income of such affiliated target corporation shall include any gain or loss on the deemed asset sale by such affiliated target corporation recognized by virtue of such election. For purposes of determining entire net income of the selling affiliate of such affiliated target corporation, Federal taxable income shall not include any gain or loss on the sale or exchange of stock of such affiliated target corporation not recognized by virtue of such election.

§3. Such section 11-27 is amended to add a new subdivision (j) to read as follows:

(j) Because the starting point for determining the entire net income of an S corporation is the taxable income that the corporation would have been required to report for Federal tax purposes had no S election been made, any election pursuant to section 338(h)(10) of the Internal Revenue Code made with respect to a target corporation that is an S corporation for Federal tax purposes will be deemed to be an invalid election and will not be recognized for purposes of Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code. If pursuant to this subdivision, a section 338(h)(10) election of an S corporation is not recognized, the corresponding election pursuant to section 338(g) of the Internal Revenue Code will be deemed invalid and will not be recognized for purposes of such Subchapter. See Treas. Reg. §1.338(h)(10)-1(e)(4). As a consequence of the nonrecognition of the section 338(g) election pursuant to this subdivision, the basis of the assets of the target corporation will be determined without regard to any adjustments made pursuant to section 338(b).

§4. Section 11-81 of such rules is amended to read as follows:

§ 11-81 **Corporations Required to File Reports.** (§11-605(1), Administrative Code.) (a) Reports are required to be filed annually by the following:

[(a) Every](1) every corporation subject to tax, irrespective of the amount of its entire net income or capital. As to what corporations are subject to tax, see §11-03, *supra*];

[(b) Every](2) every receiver, referee, trustee, assignee or other fiduciary, or other officer or agent appointed by any court, who conducts the business of any corporation subject to tax under Subchapter 2 of Chapter 6 of Title 11, of the Administrative Code (§11-603(3), Administrative Code)[.]; and

[(c) Every](3) every corporation which has an officer, agent or representative within New York City, irrespective of whether such corporation is subject to tax under Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code, provided such corporation is not subject to a tax imposed by any other Chapter of Title 11 of the Administrative Code.

(b) One or more short period reports are required in the case of:

(1) a newly organized taxpayer whose first

accounting period is less than 12 months;

(2) a foreign corporation that becomes subject to tax in New York City subsequent to the commencement of its Federal accounting period;

(3) a taxpayer that dissolves, merges, consolidates or ceases to be subject to tax in New York City prior to the close of its accounting period for Federal income tax purposes;

(4) a taxpayer that changes its accounting period for Federal income tax purposes;

(5) a taxpayer that becomes part of or ceases to be part of a Federal consolidated group, i.e., an affiliated group that files a Federal consolidated return, during the year;

(6) a taxpayer that changes from one Federal consolidated group to another Federal consolidated group during the year; and

(7) a taxpayer that is an old target (within the meaning of Treas. Reg. §1.338-2(c)(17)) for which an election is made pursuant to section 338 of the Internal Revenue Code and recognized pursuant to section 11-27 of these rules, if the acquisition date, as defined in section 338(h)(2) of the Internal Revenue Code, is other than the last day of the taxpayer's taxable year determined without regard to such election.

A short period report required by this subdivision shall cover the period provided in sections 11-13, 11-14 and 11-87 of these rules and shall be filed as provided in sections 11-87 and 11-88 of these rules.

§5. Subdivision (a) of section 11-87 of such rules is amended to read as follows:

(a) [The] Subject to the provisions of subdivision (c) of this section, the appropriate annual tax or information report must be filed on or before March 15 next succeeding the close of each calendar year of the corporation, or if the report is made on the basis of a fiscal year [within two and one-half months after] on or before the 15th day of the third month following the close of each fiscal year.

§6. Such section is amended to add a new subdivision (c) to read as follows:

(c) Short period reports. (1) Taxpayers joining a Federal consolidated group. (i) Short period precedes joining the group. Except as otherwise provided in paragraph 3 or 4 of this subdivision, where a taxpayer, not previously part of a Federal consolidated group (i.e., an affiliated group filing a Federal consolidated return,) becomes part of a Federal consolidated group on a day other than the first day of its Federal taxable year, determined without reference to its membership in the group, and the taxpayer is required to file a Federal short period return for the period from the first day of its taxable year through the end of the day on which it becomes such a member pursuant to Treas. Reg. §1.1502-76(b), the taxpayer must file a report under this section covering the same period. The short period report required by this paragraph shall be due on the due date for the Federal short period return as provided by paragraphs (1) or (2) of subdivision (c) of Treas. Reg. §1.1502-76(c), whichever is applicable. This provision does not apply in the case of an amended Federal short period return required under Treas. Reg. §1.1502-76(c)(2). An amended return for any such short period must be filed within 90 days after the taxpayer files an amended return with the United States Treasury Department. See subdivision (b) of this section.

(ii) Short period follows joining group. Except as otherwise provided in paragraph 3 or 4 of this subdivision, where a taxpayer joins a Federal consolidated group, including a situation where a taxpayer leaves one group to join another, the taxpayer must file a short period report under this section covering the period from the day it becomes a member of the group through the end of its new taxable year for purposes of Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code of the City of New York, which shall be the same as the end of the taxable year of the new consolidated group. Such report shall be filed on or before the 15th day of the third month following the end of its new taxable year.

(2) Taxpayers leaving a Federal consolidated group. (i) Short period precedes leaving group. Except as otherwise provided in paragraph 3 or 4 of this subdivision, where a taxpayer ceases to be part of a Federal consolidated group, including a situation where a taxpayer leaves one Federal consolidated group to join another, the taxpayer must file a report under this section covering the period from the beginning of its taxable year up to the date it leaves the group. Such report shall be filed on or before the 15th day of the third month following the close of its taxable year determined as if it had not ceased to be a member.

(ii) Short period follows leaving group. Except as otherwise provided in paragraph 3 or 4 of this subdivision, where a taxpayer ceases to be part of a Federal consolidated group, other than a situation where a taxpayer leaves one Federal consolidated group to join another, the taxpayer must file a short period report under this section covering the period from the day it ceases to be a member of the group through the end of its taxable year determined as if it had not left the group. Such report shall be filed on or before the 15th day of the third month following the close of its taxable year determined as if it had not ceased to be a member.

(3) Short period returns relating to IRC §338 elections. (i) Subject to the provisions of subparagraph (ii), if a taxpayer is an old target (within the meaning of Treas. Reg. §1.338-2(c)(17)) any short period report required by section 11-81(d)(7) of these rules shall cover the same period as is

covered by the Federal report and shall be due on the due date for the Federal short period return set forth in Treas. Reg. §1.338-10(a)(6), including any deemed extensions granted pursuant to Treas. Reg. §1.338-10(a)(6)(ii)(B).

(ii) This paragraph shall not apply to an amended return described in Treas. Reg. §1.338-10(a)(6)(ii)(D). An amended return for any such short period must be filed within 90 days after the taxpayer files an amended return with the United States Treasury Department. See subdivision (b) of this section.

(iii) Section 11-88(a) of these rules shall not apply to a taxpayer for which an election is made pursuant to section 338 of the Internal Revenue Code, regardless of whether such election is recognized pursuant to section 11-27 of these rules, notwithstanding any deemed cessation of existence of such taxpayer pursuant to Treas. Reg. §1.338(h)(10)-1(d)(4).

(4) If a corporation required to file a short period report as provided in this subdivision becomes subject to tax under Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code on a date other than the first day of such short period, the short period report shall begin on the date the corporation becomes subject to tax under such Subchapter. Except as provided in paragraph (3) of this subdivision, if a corporation required to file a short period report as provided in this subdivision ceases to be subject to tax under Subchapter 2 of Chapter 6 of Title 11 of the Administrative Code on the last day of such short period, the provisions of section 11-88 of these rules shall apply in determining the due date for such short period report.

§7. Subdivision (a) of section 11-88 of these rules is amended to read as follows:

(a) If a corporation ceases to be subject to tax under Subchapter 2 of Chapter 6 of Title 11 (see: §11-03, *supra*), the corporation shall file a report on or before the 15th day following the date of such cessation, covering the period from the close of its last calendar or fiscal year up to and including the date of such cessation. This subdivision shall not apply to a taxpayer for which an election is made pursuant to section 338 of the Internal Revenue Code, regardless of whether such election is recognized pursuant to section 11-27 of these rules, notwithstanding any deemed cessation of existence of such taxpayer pursuant to Treas. Reg. §1.338(h)(10)-1(d)(4).

BASIS AND PURPOSE OF PROPOSED AMENDMENTS

These proposed amendments affect the portion of the Rules Relating to the New York City General Corporation Tax governing the calculation of entire net income and the filing of returns. Specifically, these proposed amendments provide that the Department will recognize and give effect to a Federal election made under Internal Revenue Section 338(h)(10) in all cases except where the target corporation is an S corporation for Federal income tax purposes. In addition, these proposed amendments provide that certain short period reports resulting from changes to a Federal consolidated group will be due on the same date as the Federal short period return is due.

Note: New matter underscored; old matter in brackets [] to be

deleted.

Section 1. Subparagraph (iii) of paragraph (2) of subdivision (b) of Section 3-03 of Title 19 of the Rules of the City of New York Relating to the Banking Corporation Tax promulgated November 27, 1985 and last amended April 18, 2000, is amended to read as follows:

(iii) Each corporation included in a Federal consolidated group must compute its Federal taxable income for purposes of the banking corporation tax law as if such corporation had computed its Federal taxable income on a separate basis for Federal income tax purposes. Provided, however, in the case of a target corporation, as defined in section 338(d)(2) of the Internal Revenue Code, that is a member of a selling consolidated group, as defined in [§] section 338(h)(10)(B) of the Internal Revenue Code, with respect to which an election under [such §] section 338(h)(10) has been made, such election shall be recognized for purposes of Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code. For purposes of determining entire net income, the Federal taxable income of such target corporation shall include any gain or loss on the deemed asset sale by such target corporation recognized by virtue of such election. For purposes of determining entire net income, the Federal taxable income of a member of the selling consolidated group, as so defined, that is subject to tax under such Subchapter shall not include any gain or loss on the sale or exchange of stock of [a] such target corporation [which is] not recognized by virtue of such election [, but only if such member files on a combined report with such target corporation for the period including the acquisition date, as such term is defined in section 338(h)(2) of the Internal Revenue Code].

§2. Subparagraph (iv) of such paragraph 2 is renumbered as (v) and a new subparagraph (iv) is added to read as follows:

(iv) For purposes of determining entire net income of an affiliated target corporation, as defined in Treasury Regulation section 1.338(h)(10)-1(b)(3) that is a member of a selling affiliated group that does not file a federal consolidated return, and for which an election under section 338(h)(10) of the Internal Revenue Code has been made, the Federal taxable income of such affiliated target corporation shall include any gain or loss on the deemed asset sale by such affiliated target corporation recognized by virtue of such election. For purposes of determining entire net income of the selling affiliate of such affiliated target corporation, Federal taxable income shall not include any gain or loss on the sale or exchange of stock of such affiliated target corporation not recognized by virtue of such election.

§3. Such paragraph is amended to add a new subparagraph (vi) to read as follows:

(vi) For purposes of Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code, any election pursuant to section 338(h)(10) of the Internal Revenue Code made with respect to a target corporation that is an S corporation for Federal tax purposes will be deemed to be an invalid election and will not be recognized for purposes of such subchapter. If pursuant to this subparagraph, a section 338(h)(10) election of an S corporation is not recognized, the corresponding election pursuant to section 338(g) will be deemed invalid and will not be recognized for purposes of Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code. See Treas. Reg. §1.338(h)(10)-1(e)(4). The basis of the assets of the target corporation will be determined without regard to any adjustments made pursuant to section 338(b).

§4. Paragraph 2 of subdivision a of section 3-05 of such rules is amended to read as follows:

(2) *Short period returns.* (Administrative Code[, §11-646(a).]) A short period return is required in the case of:

(i) a newly organized taxpayer whose first accounting period is less than 12 months;

(ii) a foreign corporation [which] that becomes subject to the banking corporation tax in New York City subsequent to the commencement of its Federal accounting period;

(iii) a taxpayer [which] that dissolves, merges, consolidates or ceases to be subject to tax pursuant to the banking corporation tax prior to the close of its accounting period for Federal income tax purposes;

(iv) a taxpayer [which] that changes its accounting period for Federal income tax purposes;

(v) a taxpayer [which] that becomes part of or ceases to be part of a Federal consolidated group during the year; [or]

(vi) a taxpayer that changes from one Federal consolidated group to another Federal consolidated group during the year[.]; and

(vii) a taxpayer that is an old target (within the meaning of Treas. Reg. §1.338-2(c)(17)) for which an election is made pursuant to section 338 of the Internal Revenue Code and recognized pursuant to section 3-03(b) of these rules, if the acquisition date, as defined in section 338(h)(2) of the Internal Revenue Code, is other than the last day of the taxpayer's taxable year determined without regard to such election.

A short period report required by this subdivision shall cover the period provided in subdivision (a) of section 3-02 of these rules and shall be filed as provided in subdivision (d) of this section.

§5. Paragraph 1 of subdivision d of such section is amended to read as follows:

(d) *Time and place for filing returns.* (1) *Time for filing*

returns. (Administrative Code, §11-646(a)) Returns must be filed at the times set forth in this [subparagraph] subdivision.

(i) [Every] Except as provided in paragraph (8) of this subdivision, every calendar year taxpayer must file its return on or before the 15th day of March following the close of its calendar year.

(ii) [Every] Except as provided in paragraph (8) of this subdivision, every fiscal year taxpayer must file its return on or before the 15th day of the third month following the close of its fiscal year.

Example 1: A corporation selects the fiscal year basis of reporting and uses September 30 as the last day of its fiscal year. Its return must be filed on or before December 15.

(iii) [Every] Except as provided in paragraph (8) of this subdivision, every taxpayer using a 52-53 week accounting period must file its annual return on or before the 15th day of the third month following the date on which its fiscal year is deemed to have ended. A 52-53 week accounting period which ends within seven days from the last day of any calendar month will be deemed to have ended on the last day of such month (See: §3-02(a)(4) of these regulations - 52-53 week fiscal year taxpayers).

Example 2: A corporation selects a 52-53 week accounting period ending on the Monday nearest the last day of November. In 1985, the Monday nearest the last day of November is Monday, December 2. The accounting period is deemed to have ended on the last day of November and its return must be filed on or before February 15, 1986.

§6. Such subdivision is amended to add a new paragraph (8) to read as follows:

(8) *Short period reports.* (i) *Taxpayers joining a Federal consolidated group.* (A) Short period precedes joining the group. Except as otherwise provided in subparagraph (iii) or (iv) of this paragraph, where a taxpayer, not previously part of a Federal consolidated group, becomes part of a Federal consolidated group on a day other than the first day of its Federal taxable year, determined without reference to its membership in the group, and the taxpayer is required to file a Federal short period return for the period from the first day of its taxable year through the end of the day on which it becomes such a member pursuant to Treas. Reg. §1.1502-76(b), the taxpayer must file a report under this section covering the same period. The short period report required by this subparagraph shall be due on the due date for the Federal short period return as provided by paragraph (1) or (2) of subdivision (c) of Treas. Reg. §1.1502-76, whichever is applicable. This provision does not apply in the case of an amended Federal short period return required under Treas. Reg. §1.1502-76(c)(2). An amended return for any such short period must be filed within 90 days after the taxpayer files an amended return with the United States Treasury Department. See paragraph (4) of subdivision (a) of this section.

(B) *Short period follows joining group.* Except as otherwise provided in subparagraph (iii) or (iv) of this paragraph, where a taxpayer joins a Federal consolidated group, including a situation where a taxpayer leaves one group to join another, the taxpayer must file a short period report under this paragraph covering the period from the day it becomes a member of the group through the end of its new taxable year for purposes of Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code of the City of New York, which shall be the same as the end of the taxable year of the new consolidated group. Such report shall be filed on or before the 15th day of the third month following the end of its new taxable year.

(ii) *Taxpayers leaving a Federal consolidated group.* (A) *Short period precedes leaving group.* Except as otherwise provided in subparagraph (iii) or (iv) of this paragraph, where a taxpayer ceases to be part of a Federal consolidated group, including a situation where a taxpayer leaves one Federal consolidated group to join another, the taxpayer must file a report under this paragraph covering the period from the beginning of its taxable year up to the date it leaves the group. Such report shall be filed on or before the 15th day of the third month following the close of its taxable year determined as if it had not ceased to be a member.

(B) *Short period follows leaving group.* Except as otherwise provided in subparagraph (iii) or (iv) of this paragraph, where a taxpayer ceases to be part of a Federal consolidated group, other than a situation where a taxpayer leaves one Federal consolidated group to join another, the taxpayer must file a short period report under this paragraph covering the period from the day it ceases to be a member of the group through the end of its taxable year determined as if it had not left the group. Such report shall be filed on or before the 15th day of the third month following the close of its taxable year determined as if it had not ceased to be a member.

(iii) *Short period returns relating to IRC §338 elections.* (A) Subject to the provisions of clause (B), if a taxpayer is an old target (within the meaning of Treas. Reg. §1.338-2(c)(17)) any short period report required by section 3-05(a)(2) of these rules shall cover the same period as is covered by the Federal report and shall be due on the due date for the Federal short period return set forth in Treas. Reg. §1.338-10(a)(6), including any deemed extensions granted pursuant to Treas. Reg. §1.338-10(a)(6)(ii)(B).

(B) This subparagraph shall not apply to an amended return described in Treas. Reg. §1.338-10(a)(6)(ii)(D). An amended return for any such short period

must be filed within 90 days after the taxpayer files an amended return with the United States Treasury Department. See paragraph (4) of subdivision (a) of this section.

(C) Subparagraph (i) of paragraph (3) of this subdivision shall not apply to a taxpayer for which an election is made pursuant to section 338 of the Internal Revenue Code, regardless of whether such election is recognized pursuant to section 3-03(b)(2) of these rules, notwithstanding any deemed cessation of existence of such taxpayer pursuant to Treas. Reg. §1.338(h)(10)-1(d)(4).

(iv) If a corporation required to file a short period report as provided in this subdivision becomes subject to tax under Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code on a date other than the first day of such short period, the short period report shall begin on the date the corporation becomes subject to tax under such Subchapter. Except as provided in subparagraph (iii) of this subdivision, if a corporation required to file a short period report as provided in this subdivision ceases to be subject to tax under Subchapter 3 of Chapter 6 of Title 11 of the Administrative Code on the last day of such short period, the provisions of paragraph (3) of this subdivision shall apply in determining the due date for such short period report.

§7. Subparagraph (i) of paragraph (3) of subdivision (d) of such section is amended to read as follows:

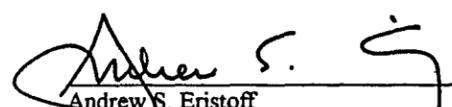

(i) (A) A taxpayer [which] that ceases to do business in New York City in a corporate or organized capacity and thereby ceases to be subject to the banking corporation tax for any taxpayer which ceases to be subject to the banking corporation tax because of a change in the nature of its activities or because of a change in the ownership or control of its voting stock [(See: §3-02(c) of these [regulations] rules - Cessation Periods), is required to file a return on or before the 15th day following the date of such cessation, date of such change] or at such other time as the commissioner of Finance may require, covering the period from the close of its last calendar or fiscal year up to and including the date of such cessation [or such change].

(B) A taxpayer that ceases to be subject to the banking corporation tax because of a change in the nature of its activities or because of a change in the ownership or control of its voting stock [(See: §3-02(c) of these rules - Cessation Periods), is required to file a return on or before the 15th day following the date of such change or at such other time as the commissioner of Finance may require, covering the period from the close of its last calendar or fiscal year up to and including the date of such change.

This subparagraph shall not apply to a taxpayer for which an election is made pursuant to section 338 of the Internal Revenue Code, regardless of whether such election is recognized pursuant to section 3-03(b)(2)(vi) of these rules, notwithstanding any deemed cessation of existence of such taxpayer pursuant to Treas. Reg. §1.338(h)(10)-1(d)(4).

BASIS AND PURPOSE OF PROPOSED AMENDMENTS

These proposed amendments affect the portion of the Rules Relating to the New York City Banking Corporation Tax governing the calculation of entire net income and the filing of returns. Specifically, these proposed amendments provide that the Department will recognize and give effect to a Federal election made under Internal Revenue Section 338(h)(10) in all cases except where the target corporation is an S corporation for Federal income tax purposes. In addition, these proposed amendments provide that certain short period reports resulting from changes to a Federal consolidated group will be due on the same date as the Federal short period return is due.

Chapter 5 Residential Conversion of Existing Non-Residential Buildings in Certain Community Districts in the Boroughs of Manhattan, Brooklyn and Queens

15-00 GENERAL PURPOSES

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 4, 6 and 8, and Queens Community Districts 1 and 2, special regulations for the conversion to dwelling units of non-residential buildings or portions thereof erected prior to December 15, 1961, have been established in order to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

15-01 Applicability

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, and in Brooklyn Community District 4 in accordance with the provisions of paragraph (f) of Section 15-021, the conversion to dwelling units of non-residential buildings or portions thereof, erected prior to December 15, 1961, shall be subject to the provisions of this Chapter. In addition, in Manhattan Community District 1, in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, the conversion to dwelling units of non-residential buildings, or portion thereof, erected prior to January 1, 1977 shall be subject to the provisions of this Chapter. Existing floor space used for mechanical equipment and not counted as floor area in non-residential buildings built prior to January 1, 1977 may be converted to dwelling units under the provisions of this Chapter.

15-011 Special Districts

The Preservation Area of the Special Clinton District is excluded from the applicability of the provisions of this Chapter.

For the purposes of this Chapter, R(M) Districts indicated on the zoning maps for the Special Northside Mixed Use District as M(R) shall be considered Manufacturing Districts, and districts indicated on the zoning map as R(M) or for any Special Mixed Use Districts specified in Section 123-90 shall be considered Residential Districts.

15-02 General Provisions

15-021 Special use regulations

- (a) In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful uses in Use Groups 17B or E in buildings erected prior to December 15, 1961, shall be considered conforming. Such uses may be extended within such buildings.
(b) In C6-2M and C6-4M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all new uses listed in Use Groups 17B or E are permitted as-of-right in buildings erected prior to December 15, 1961, subject to the provisions of Section 32-42 (Location within Buildings).
(c) In M1-5 and M1-6 Districts located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street and Eighth Avenue, no new dwelling units shall be permitted. However, dwelling units which the Chairperson of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted use provided that a complete application for a determination of occupancy is filed by the owner of the building or the occupant of a dwelling unit in such building not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of residential occupancy on September 1, 1980, shall be deemed to permit residential use as-of-right for such dwelling units.

All dwelling units permitted pursuant to this paragraph (c) shall be required to comply with the requirements of Section 15-22 (Number of Permitted Dwelling Units) or Section 15-026 where applicable, and with

Section 15-23 (Light and Air Provisions).

Where the Chairperson of the City Planning Commission has determined that floor area was occupied as dwelling units on September 1, 1980, and where such dwelling units are located in a building which, on the date of application to the Department of City Planning under the provisions of this Section, also has floor area which is occupied by a use listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES), the Chairperson may permit that any floor area in the building be used for dwelling units provided that:

- (1) the total amount of floor area to be used for dwelling units does not exceed the amount of floor area occupied as dwelling units on September 1, 1980;
(2) any use listed in Section 15-50 which is located on floor area to be used for dwelling units has been offered a new or amended lease within the building, with a minimum term of two years from the date of application, at a fair market rental for the same amount of floor area previously occupied, and such lease is not subject to cancellation by the landlord;
(3) any residential tenant who occupied a dwelling unit shall be relocated to a dwelling unit within the building with a floor area equal to not less than 95 percent of the amount of floor area in the dwelling unit previously occupied; and
(4) as a result of such action by the Chairperson residential uses will be located on stories above manufacturing uses.
(d) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no dwelling units shall be permitted, except that:
(1) dwelling units which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted use provided that a complete application to permit such use is filed by the owner of the building or the occupant of the dwelling unit not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of residential occupancy shall be deemed to permit residential use as-of-right for such dwelling unit.
(2) in any building for which an alteration application for conversion of floor area used for non-residential use to dwelling units or for an extension or minor enlargement of existing residential use, was filed prior to May 18, 1981, dwelling units shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to dwelling units or extend or enlarge existing residential use pursuant to the provisions of this paragraph (d) shall expire one year from July

23, 1981, unless a temporary or permanent certificate of occupancy has been issued.

- (e) In C6-1G and C6-2G Districts, in all manufacturing and commercial buildings except police stations, courthouses and fire houses, or portions thereof, erected prior to December 15, 1961, residential use shall not be permitted unless the City Planning Commission has granted a special permit pursuant to Section 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts). However, if the Chairperson of the City Planning Commission determines that floor area in such buildings was occupied for residential use on April 1, 1984, such residential use shall be permitted to remain and no special permit shall be required, provided that a complete application for determination of occupancy is filed by the owner of the building or the occupant of a dwelling unit in such building not later than April 17, 1985.
(f) In C8 and M1 Districts, no new dwelling units are permitted. However, within such districts, dwelling units in the following areas shall be considered a permitted use, provided the requirements of either paragraph (f)(1) or (f)(2) of this Section have been met:
(1) Areas in Brooklyn Community District 1:
(i) bounded by South 10th Street, Berry Street, Division Avenue and Wythe Avenue;
(ii) bounded by South 6th Street, Broadway, Driggs Avenue, South 8th Street and Wythe Avenue;
(iii) bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street;
(iv) bounded by North 4th Street, Berry Street, North 3rd Street and Wythe Avenue;
(v) bounded by Metropolitan Avenue, Havemeyer Street, Hope Street and Reebing Street; and
(2) An Area in Brooklyn Community District 2, bounded by Water Street, Washington Street, Plymouth Street, Bridge Street, Front Street, Jay Street, York Street, Washington Street, Front Street and Dock Street; dwelling units which the Commissioner of the Department of Buildings determines:
(i) were occupied on June 4, 1981, and
(ii) are located in a building in which more than 45 percent of the floor area consists of dwelling units that were occupied on June 4, 1981, shall be a permitted use, provided that a complete application for a

determination of occupancy is filed by the owner of the building or the occupant of a dwelling unit in such building not later than May 30, 1986.

- (1) In the areas bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street in Community District 1, Brooklyn, where the commissioner of Buildings has determined that dwelling units were occupied on June 4, 1981, and are located in a building in which more than 45 percent of the floor area consists of dwelling units that were occupied on June 4, 1981, such dwelling units shall be a permitted use, provided that a complete application for a determination of occupancy has been filed by the owner of the building or the occupant of a dwelling unit in such building not later than May 30, 1986. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a filing of determination of residential occupancy on June 4, 1981 shall be deemed to permit residential use as-of-right for such dwelling units.
(2) In the areas shown on the maps in Appendix A (Loft Conversion Areas in Brooklyn), where the Department of Housing Preservation and Development has determined that floor area was occupied as dwelling units for a continuous 30 day period between September 1, 2000 and November 30, 2000, such dwelling units shall be a permitted use, provided that a complete application for a determination of occupancy is filed by the owner of the building or the occupant of a dwelling unit in such building not later than 18 months after the effective date of this amendment. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of residential occupancy between September 1, 2000 and November 30, 2000, shall be deemed to permit residential use as-of-right for such dwelling units.
The provisions of Section 15-0263 (Double glazed windows) shall not apply to dwelling units permitted pursuant to this paragraph, (f). All dwelling units permitted pursuant to this paragraph (f) shall be required to have double glazed windows.
15-022 Location within building
Dwelling units converted under the provisions of this Chapter are not subject to the provisions of Section 32-42 (Location Within Buildings).
15-023 Notice to residential tenants in mixed use buildings
The owner or developer of a building converted under the provisions of this Chapter and containing one or more dwelling

units# and one or more #commercial# or #manufacturing-uses# above the first #story# shall be required to notify all prospective #residential# occupants of such #dwelling units# that:

(a) such #dwelling units# are located in a mixed #use-building# containing #commercial# or #manufacturing-uses# which the City is committed to maintain, and

(b) such prospective occupants should make any investigation they deem necessary to determine that the conditions existing or permitted to exist are not offensive to such prospective occupant.

Prior to the issuance of a building permit, the owner or developer shall file an affidavit with the Department of Buildings that such notice will be provided in all #residential# leases and offering plans.

15-024 Notice of filing to create dwelling units- Within ten days of filing an application with the Department of Buildings for an alteration permit for #dwelling units#, a duplicate copy of such application shall be sent to the Department of City Planning by the applicant for information purposes.

15-025-15-023 Double glazed windows

All #dwelling units# in #buildings# which contain one or more #uses# listed in Section 15-50 (REFERENCED COMMERCIAL AND MANUFACTURING USES) and converted under the provisions of this Chapter shall be required to have double glazing on all windows. However, #dwelling units# occupied by #residential# tenants on September 1, 1980, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or in Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, shall not be required to have double glazed windows.

15-026-15-024 Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings

(a) The minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111 may be replaced by the requirements of this Section for #dwelling units#, #joint living-work quarters for artists# or #loft dwellings#:

(1) existing on September 1, 1980, for which a termination of #residential# or #joint living-work quarters for artists# occupancy has been made pursuant to Sections 15-021, paragraph (c), 15-215, 42-133, paragraph (a), 42-141, paragraph (b), 74-782, or 111-201, paragraph (a); or

(2-I) that are registered Interim Multiple Dwellings or are were found covered by the New York City Loft Board, pursuant to Article 7C of

the New York State Multiple Dwelling Law; or

(3-2) that the New York City Loft Board determines #dwelling units# were occupied for #residential use# or as #joint living-work quarters for artists# on September 1, 1980.

(b) Unless required by the Department of Buildings or Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law, #dwelling units# or #joint living-work quarters for artists# described in paragraph (a) and existing on such dates may not be divided subsequently into units or quarters of less than 1,200 square feet, and #loft dwellings# may not be divided subsequently into dwellings that do not meet the requirements of Section 111-111, paragraphs (a), (b)(1) and (c).

No #building# that meets the density requirements of Sections 15-111 or 111-111, paragraph (c), may subsequently add additional units or quarters except in accordance thereof. No #building# to which the regulations of this Section have been applied may subsequently add additional units or quarters except in accordance with the requirements of Sections 15-111 or 111-111, paragraph (c).

(c) In lieu of the stated minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-111, the following regulations shall apply:

(1) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 415 square feet of #floor area#, provided that all of the following requirements are met:

(i) the unit or quarters shall contain one or more windows that open onto a #street# or thirty foot #yard#;

(ii) the area of such required window shall be not less than eight percent of the #floor area# of the unit or quarters and 50 percent of the area of such required window shall be openable; and

(iii) the interior dimension of the wall in which such

required window is located shall be no less than 12 feet in width; or

(2) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 600 square feet of #floor area#, provided that all of the following requirements are met:

(i) the unit or quarters shall contain one or more windows that open onto either:

(a) a ten foot #yard#, where the window sill of such required window is at least 23 feet above #curb level#; or

(b) a 15 foot #yard#, where the window sill of such required window is less than 23 feet above #curb level#; or

(c) a #court# with a minimum dimension of 15 feet perpendicular to such required window and 375 square feet or more in area; or

(d) a #street#; and

(ii) the minimum horizontal distance between such required window opening onto a #yard# and any wall opposite such window on the same or another #zoning lot# shall be at least 15 feet;

(iii) the area of such required window shall be no less than five percent of the #floor area# of the unit or quarters, and 50 percent of the area of such required window shall be openable;

(iv) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width;

(v) the average width of such unit or quarters shall be no less than 14 feet; and

(vi) not less than two-thirds of the #floor area# of the unit or quarters shall have a floor-to-ceiling height of nine feet or more.

Project Location

The William A. Shea Municipal Stadium is located between Northern Boulevard to the north, Roosevelt Avenue to the south, 126th Street to the east and the Grand Central Parkway to the west. It is located within Flushing Meadows-Corona Park in Queens, New York.

Brief Project Description

The NYCDPR proposer to allow the development of a multi-purpose 45,000-seat stadium on a portion of the parking field adjacent to the existing Shea Stadium, for use by the New York Mets. The new stadium with a retractable roof would replace the existing open-air Shea Stadium, which would be demolished to allow for parking following the completion of the stadium's construction. The development of the proposed stadium will require approval of several actions. Discretionary city actions requiring City Planning Commission (CPC) approval include:

● Approval of capital funding for the construction of a baseball stadium and parking facilities; and

● An amendment to the lease for the stadium site.

In addition, the proposed project will need to be reviewed for consistency with the New York State Department of State's (NYS DOS's) Coastal Zone Management Plan and the New York City Department of City Planning's (NYCDCP's) Waterfront Revitalization Program, and will require approvals from the New York City Art Commission for the landscaping and stadium design, and from the Federal Aviation Administration (through the Port Authority of New York and New Jersey) for structure height.

PROCUREMENT

READER'S GUIDE

The City Record (CR), published each business day, lists notices of proposed New York City procurement actions, contract awards, and other procurement information. Solicitation notices for most procurements above \$25,000 for goods and services, \$50,000 for construction and construction-related services, and \$100,000 for information technology are published for at least one day.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional.

BIDDERS LIST APPLICATIONS

New York City procures approximately \$7 billion worth of goods, services, construction and construction related services each year. The NYC's Procurement Policy Board rules require that agencies primarily solicit from bidder/proposer lists developed for each commodity/category. Suppliers interested in being placed on such lists may obtain an application from the following agencies:

Department of Citywide Administrative Services, Division of Municipal Supplies, Office of Vendor Relations, 1 Centre St., 18th Floor, NY, NY 10007. (212) 669-8562.

Construction & Construction Related Services

Mayor's Office of Construction, Bidders List Unit, 75 Park Place, 7th Floor, New York, NY 10007. (212) 788-2502.

Mayor's Office of Contracts, Bidders List Unit, 253 Broadway, 9th Floor, New York, NY 10007. (212) 788-0010. Applications may also be obtained directly from each City agency. Relevant names, addresses, and telephone numbers are listed in Chapter 4 of the Vendor Information Manual.(see next section)

VENDOR INFORMATION MANUAL

This manual contains information on how to do business with the City. It can be obtained, at no cost, from the Department of Business Services, 110 William Street - 2nd floor, New York 10038. Request should be made to Gordon Richards, Director - Procurement Outreach Program, (212) 513-6356 (Tel) or (212) 618-8899 (Fax).

PREQUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from prequalified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a prequalified list, criteria for prequalification must be clearly explained in the solicitation and notice of the opportunity to prequalify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questioner must be submitted to the Chief Contracting Officer at any time,

unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of prequalified status can be appealed to the Office of Administrative Trials and Hearing (OATH) Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Board of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10 am to 3 pm. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE

Join the growing number of Minority and Women Owned Business Enterprises (M/WBES) that are competing for New York City's business.

In order to become certified for the program, your company must substantiate that it:

- (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and
(2) is either located in New York City or has a significant tie to New York City's business community.

To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 618-8782.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July. The Procurement Policy Board annually publishes prompt payment results, which may be obtained by calling (212) 788-7820.

To learn more about the City's prompt payment policy, you can obtain a copy of the City's Vendor Payment Guidelines from the Procurement Policy Board, 51 Chambers Street, Room 1126, New York 10007 by calling (212) 788-7820

PROCUREMENT POLICY BOARD RULES

To obtain a copy of the Procurement Policy Board Rules either in hard copy or on disk, call the Procurement Policy Board office, (212) 788-7820. The Rules may also be accessed on the City Website, http://NYC.GOV.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations; Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, to Services, or to Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

REAL ESTATE DEVELOPMENT OPPORTUNITIES IN NEW YORK CITY - Request for Proposals - DUE 09-26-01 AT 2:00 P.M. - The New York City Economic Development Corporation (EDC), on behalf of the City of New York, is selling a range of industrial, commercial and residential properties from the City's real estate portfolio.

South Street Seaport, Manhattan - Commercial and/or Residential - Seven lots are available for restoration and development. This unique 33,000 square foot

assemblage includes a total of 15,565 square feet of vacant land, plus 80,000 square feet of distinctive historic loft buildings. The lots are zoned C6-4.

Alphabet City, Manhattan - Commercial and/or Residential

Approximately 15,100 square feet of vacant land is available for development on Avenue D between East 7th and 8th streets in Alphabet City. The site is zoned R7-2 with a C1-5 overlay.

East Harlem, Manhattan - Commercial and/or Residential

Approximately 7,525 square feet of vacant land is available in East Harlem on Fifth Avenue between East 115th and 116th streets. The site is zoned R7-2 with a C1-4 overlay.

Washington Heights, Manhattan - Commercial with Parking Potential

Approximately 22,400 square feet of vacant land is available for construction of a parking garage with street-level retail space on Broadway between 184th and 185th streets. The site is zoned C8-3 and ULURP was completed to permit a 375-space garage.

Downtown Brooklyn - Commercial with Parking

An approximately 50,000 square foot footprint and 16,000 square feet of retail space are available. The site is zoned C6-1, and has excellent access to transportation.

East New York, Brooklyn - Commercial

Six sites of primarily vacant land, totaling approximately 101,700 square feet, are available for commercial development along Livonin Avenue in a newly developed neighborhood in East New York. This retail strip, zoned R6-2 with a C2-3 overlay, is expected to serve the needs of its growing populations.

East New York, Brooklyn - Industrial

Three urban renewal sites, totaling approximately 66,900 square feet, are available in the East New York In-Place Industrial Park. The sites are zoned M1-4. These are the last remaining city-owned assemblages for industrial development in the park.

Development guidelines and submission requirements are outlined in the Request For Proposal (RFP) packages, available from EDC. In addition, there will be a special informational meeting about these sites on Wednesday, August 1, 2001. For details about the informational meeting or to request a complete RFP package for any of these items, please call (212) 312-3969 or e-mail infor@newyorkbiz.com, referring to "Opportunities for Development" in the subject line.

Development proposals must be submitted by 2:00 p.m. on Wednesday, September 26, 2001 to Paul Tamboia, CPPB Director, Contract Administration and Procurement, 110 William Street, 4th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - CSP - PIN# 071-00S003262 - The Department of Homeless Services is seeking proposals from organizations interested in developing and operating transitional residences for homeless single adults and/or families and/or drop-in centers for homeless adults and development and operation of a replacement site. **This is an open-ended solicitation; there is no due date for submission.** Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-fourth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the terms of the contracts will be from 3 to 30 years, depending on financial terms and conditions.

Pursuant to Section 312(c)(1)(ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03(c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences

and drop in centers in order to address the need to create additional shelter and program capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated and 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed facility location.

Any organization that believes it can provide these services may contact: Calvin Pitter, Deputy Agency Chief Contracting Officer at the Department of Homeless Services at (212) 361-8413, 33 Beaver Street 13th Fl., New York, NY 10004, to request a copy of the application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

Name, Description and Location of Proposal Hylan Plaza Shopping Center Expansion

The applicant, Atlantic Hylan Corp., is requesting a City Planning Commission Authorization pursuant to Zoning Resolution Section 36-023 pertaining to accessory group parking facilities for new commercial developments or enlargements for zoning lots in excess of four acres in C4-1 districts. The proposed action would authorize an accessory group parking facility to be developed in connection with the applicant's proposal to expand the existing Hylan Plaza Shopping Center located at 2600 Hylan Boulevard between Ebbetts Avenue and Ross Avenue in the New Dorp neighborhood on Staten Island, Community District 2 (Block 3969, Lots 1, 6, 31, and 35). The project site contains 24.6 acres of lot area and is located entirely within a C4-1 district.

The shopping center is presently comprised of 347,997 sq. ft. of retail and entertainment space, including a K-mart department store, a Pathmark supermarket, and a 1,200 seat United Artists movie theater. The proposed project would add a net total of 32,433 sq. ft. of space to Hylan Plaza, increasing the size of the shopping center to 380,430 sq. ft. Of this increase, 7,133 sq. ft. would be added to the Pathmark supermarket, 5,300 sq. ft. would be added to the K-mart department store, and 20,000 sq. ft. would be added to the movie theater, allowing it to expand its capacity by 800 seats, to a total of 2,000 seats. An additional 4,008 sq. ft. of space would be added to the Pathmark through the conversion of existing non-supermarket retail space.

A total of 1,448 parking spaces are presently provided on-site at Hylan Plaza Shopping Center. Although the K-mart and the movie theater expansions would occupy space currently used for parking, the proposed project would increase on-site parking capacity by 74 spaces, to a total of 1,522 spaces, by reconfiguring the remaining parking areas. In addition, of ten existing curb cuts on the project site, three would be eliminated as a result of the proposed project. These include two on Hylan Boulevard located approximately 35 feet to the north and approximately 35 feet to the south of the shopping center's main entrance at Beech Avenue, and the easternmost of two curb cuts located midblock on Ebbetts Avenue.

Statement of No Significant Effect Upon Modification: The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement (EAS) dated July 20, 2001, prepared in connection with ULURP Application No. N000213ZAR. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment upon modification to include the following condition;

- 1) The applicant agrees to contact the NYC Department of Transportation within six months after the completion of the project and to inform them of the need to implement traffic mitigation as shown in the EAS.

Supporting Statement: The above determination is based on an environmental assessment which finds that:

- 1) The NYCDOT has completed its review of the traffic chapter of the Environmental Assessment Statement for this project. As per their letter dated November 16, 2000, which is included in the project's CEQR file, DOT has stated that the proposed mitigation measures appears reasonable and appropriate for the intersections of Hylan Boulevard (N-S)/Beach Avenue (E-W) during the Saturday midday (1 PM-2PM) peak period, and Hylan Boulevard(N-S) @ Ebbetts Avenue/Allison Avenue (E-W) during the Saturday midday (1 PM-2 PM) peak period.
- 2) No other effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Preparation Law 6NYCRR part 617.
