Be it enacted by the Council as follows:

Section 1. Subdivision a of section 25-317.1 of the administrative code of the city of New York is amended to read as follows:

> a. Any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered by the corporation counsel in a civil action in any court of competent jurisdiction. Such civil penalty shall be determined as follows:

1. The defendant shall be liable for a civil penalty of up to the fair market value of the improvement parcel, with or without the improvement, whichever is greater, where in violation of such provision or order:

> (a) all or substantially all of an improvement on a landmark site or within a historic district has been demolished;

>
> (d) the defendant has failed to take appropriate action to prevent any condition described in subparagraph a, b or c of this paragraph from occurring.

2. Where, in violation of such provision or order, work is performed or a condition is created or maintained which results in the destruction, removal or significant alteration of a significant portion of the protected features identified in the designation report of an interior landmark, the defendant shall be liable for a civil penalty equal to two times the estimated cost of replicating the protected features that were demolished, removed or altered.

3. All other violations. The defendant shall be liable for a civil penalty of not more than five thousand dollars.

4. For the purposes of this subdivision, each day during which there exists any violation of the provisions of paragraph three of subdivision a of section 25-305 of this chapter or paragraph two of subdivision a of section 25-310 of this chapter or any order issued by the chair with respect to such provisions shall constitute a separate violation.

§2. The opening paragraph of subdivision b and subparagraph (1) of subdivision b of section 25-317.1 of the administrative code of the city of New York are amended to read as follows:

> b. In addition to or as an alternative to any of the remedies and penalties provided in this chapter, any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered in an administrative proceeding before the office of administrative trials and hearings, the environmental control board or other administrative tribunal having jurisdiction as hereinafter provided.

(1) An administrative proceeding for civil penalties shall be

commenced by the service of a notice of violation in accordance with the applicable law and rules governing the procedures of the administrative tribunal before which the notice of violation is returnable or as otherwise provided by the rules of the commission. The notice of violation shall identify the allegedly illegal conditions or work with reasonable specificity. As used in this subdivision, the term "reasonable specificity" shall mean a description of work or conditions, reasonably described given the circumstances, sufficient to inform a reasonable person that (1) work has been or is being done without an appropriate approval from the commission, [or] (2) conditions have been created or are being maintained in violation of this chapter, or (3) there has been a failure to take appropriate action to prevent conditions that are in violation of this chapter. Such administrative tribunal shall have the power to impose civil penalties in accordance with this chapter. A judgment of an administrative tribunal imposing civil penalties may be enforced by the commencement of a civil action or proceeding in a court or as otherwise authorized by the applicable law governing the procedures of such administrative tribunal. Prior to serving a notice of violation, the chair shall serve a warning letter upon a respondent either personally or by mail in the manner provided by the rules of the commission. The warning letter shall inform the respondent that the chair believes the respondent has violated the provisions of this chapter, shall describe generally the allegedly illegal conditions and/or activities, shall warn the respondent that the law authorizes civil penalties for such violations, and shall provide the respondent with a grace period for removing or applying for a permit to legalize or otherwise address the allegedly illegal conditions. No such warning letter shall be required prior to the service of a notice of violation where (i) the subject violation is a second or subsequent offense, (ii) the subject violation is alleged to be an intentional violation, or (iii) the chair is seeking civil penalties for failure to comply with a stop work order, issued pursuant to this chapter.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the action described below. Copies of the FEIS are available for public inspection at the office of the undersigned. The proposal involves actions by the City Planning Commission and Council of the City of New York pursuant to Uniform Land Use Review Procedures (ULURP). A public hearing on the Draft Environmental Impact Statement (DEIS) was held on July 28, 2004. Written comments on the DEIS were requested and were received by the Lead Agency until the 10th calendar day following the close of the public hearing. This FEIS incorporates responses to the public comments received on the DEIS and additional analysis conducted subsequent to the completion of the DEIS.

A. PROJECT IDENTIFICATION
IKEA Property, Inc. is applying to the New York City Department of City Planning (DCP) for a variety of land use actions, including a zoning map change, a City map change, two special permits, an authorization, and a certification pursuant to the Zoning Resolution. One of the special permits is to permit certain Use Group 6 and 10 retail establishments within an M1-1 zoning district, which would allow large retail establishments to be developed on the project site in Red Hook, Brooklyn. These actions will facilitate the construction of what is currently anticipated to be a 346,000 square-foot IKEA furniture and home furnishings store on the project site, referred to as the Proposed Project.

The Proposed Project will include the following components:

- Free weekend ferry service from Lower Manhattan to a water ferry landing to be installed between existing Piers 2 and 3 at the project site;
- Free weekend shuttle bus service to and from NYCT subway stations at Smith/9th Street, Fourth Avenue, and Downtown Brooklyn to an on-site shuttle bus stop;
- Solar paneling and a "green roof" on the roof of the Use Group 6 or 10 large retail store, which is anticipated to be an IKEA;
- Reconfiguration of intersections and improvement of pedestrian conditions at the edge of Red Hook along Hamilton Avenue; and
- Reservation of areas along portions of existing piers on the project site for use by a local barging operation.

In addition to the elements noted above, the Proposed Project would include a waterfront esplanade of approximately 6.3 acres; two areas of retail/restaurant uses, approximately 45,000 square feet at the western edge of the site and approximately 24,000 square feet on the southeastern portion of the site; an approximately 1,400-space parking lot; and the implementation of a Remedial Action Work Plan approved by the New York State Department of Environmental Conservation's (NYSDEC) Voluntary Cleanup Agreement between IKEA Property, Inc. and NYSDEC to address hazardous materials currently existing on the site. IKEA has submitted an application under the New York State's newly-enacted Brownfields Program. This application has been determined to be complete by NYSDEC, and IKEA expects to transfer into that program by executing a Brownfields Cleanup Agreement subsequent to NYSDEC's approval of the application.

The Proposed Project would be located on Block 612, Lot 130, an approximately 22-acre parcel that is bordered by Beard and Halleck Streets on the north, Columbia Street on the east, the Erie Basin to the south, and a deep-water slip (west of the southern extension of Dwight Street) to the west (see Figure S-1). The Use Group 6 or 10 large retail store would occupy an approximately 231,000-square-foot footprint on the northeastern portion of the site (see Figure S-2). The main roof of the store is planned to rise to a height of approximately 48 feet, and would incorporate approximately 1.6 acres of solar paneling and approximately 1.6 acres of "green roof" plantings to reduce the store's net energy use. The Use Group 6 or 10 large retail store would contain parking and the store entrance at the ground level; the showroom, warehouse and checkout area on the second floor; and additional showroom space, offices, and a restaurant on the third floor. It is expected that several of the existing gantry cranes on the project site would be incorporated into the waterfront esplanade, as elements that evoke the site's maritime history. The Use Group 6 or 10 large retail store and other uses on the site are expected to generate approximately 640 to 780 full- and part-time jobs. The Proposed Project also may have the potential to induce a limited amount of new retail development along the primary transportation corridors that would be used to access the project site. The Proposed Project is expected to be complete and operational in 2006.

The Proposed Project and its associated actions are subject to the Uniform Land Use Review Procedure (ULURP), City Environmental Quality Review (CEQR), and New York State Environmental Quality Review (SEQR). The New York City Department of City Planning (DCP), acting as "lead agency" for the Proposed Project's environmental review, will explore the Proposed Project's potential to result in environmental impacts in an Environmental Impact Statement (EIS). The

Proposed Project, along with any potential development induced by the Proposed Project, is considered to be the reasonable worst-case development scenario for the environmental impact analysis.

PROPOSED CITY ACTIONS

The Proposed Project will require a number of discretionary actions from the City Planning Commission and City Council. These actions include:

- Changes in the City Map, which will include:

1. A demapping of Otsego Street from Beard and Halleck Streets to the U.S. Bulkhead Line;
2. A widening of Beard Street on its southerly side, from a width of 60 feet to a width of 80 feet, between Otsego Street and a point west of Dwight Street;
3. A widening of Beard Street at its intersection with Otsego Street on the northwesterly corner, to maintain a uniform street width of 80 feet; and
4. Discontinuing and closing Halleck Street at its intersection with Columbia Street, between Block 612 and Block 608.

- A change in the zoning map from M3-1 to M1-1;
- A special permit pursuant to Zoning Resolution (ZR) Section 74-922 to allow large retail establishments in an M1-1 district;
- A special permit pursuant to ZR Section 62-736 to modify bulk on a waterfront block;
- An authorization pursuant to ZR Section 62-722(a) to modify waterfront public access and visual corridors; and
- A certification pursuant to ZR Section 62-711 for waterfront public access and visual corridors.

OTHER PROPOSED ACTIONS

The Proposed Project will require permits from NYSDEC and the U.S. Army Corps of Engineers (ACOE) for in-water work and work along the shoreline. The Proposed Project includes the installation of a floating dock secured in place using piles. A NYSDEC Tidal Wetland Permit and ACOE Permit may be required for such work. In addition, any necessary removal of existing asphalt, concrete and/or debris on the waterside of the esplanade (in the area of the shoreline bulkhead within the NYSDEC tidal wetland jurisdiction) as well as work within the existing graving (dry) dock may also require a NYSDEC Tidal Wetland Permit and NYSDEC Protection of Waters Permit. A NYSDEC Phase I State Pollution Discharge Elimination System (SPDES) permit will be required for stormwater discharges related to construction activities, since construction in the upland portion of the site will involve more than one acre. The Proposed Project will also include the environmental remediation of the site pursuant to a Remedial Work Plan approved by NYSDEC under a Voluntary Cleanup Agreement between IKEA Property, Inc. and NYSDEC. In addition, IKEA has submitted an application under New York State's newly enacted Brownfields Program. The application has been determined to be complete by NYSDEC, and IKEA expects to transfer into that program by executing a Brownfields Cleanup Agreement subsequent to NYSDEC's approval.

B. DESCRIPTION OF THE PROPOSED DEVELOPMENT

PROJECT PROGRAM

As described above, the on-site elements of the Proposed Project consist of a new Use Group 6 or 10 large retail store, other smaller retail/restaurant buildings, a 1,400-space parking lot, and a 6.3-acre waterfront esplanade. The Use Group 6 or 10 large retail store, which is anticipated to be an IKEA, would be a two-story, 346,000 gsf building elevated approximately 12 feet above at-grade parking. The ground floor level would contain at-grade parking and the entrance to the building; the lower level would house a home furnishings sales area, warehouse space and a checkout area; and the upper level would contain furniture showroom space, offices, and a restaurant. An at-grade entrance to the store would contain elevators, escalators and stairs up to the main store's lower level. The proposed Use Group 6 or 10 large retail store would reach a maximum height of 48 feet and would be consistent with IKEA's corporate image—i.e., a royal blue structure with bright yellow signage. In addition, the majority of Graving Dock No. 1 would be filled in and/or covered to become part of the parking lot. An approximately 130-foot end portion of the graving dock would be incorporated as a water feature into the waterfront esplanade plan.

Two of the restaurant/retail buildings (no more than 45,000 sf) would be situated along the western portion of the site, and one approximately 24,000 sf building would be located on the southeastern portion of the site. A detailed design of the retail/restaurant structures, which would rise to a maximum of 30 feet, would be determined by the future tenants of these buildings.

The 6.3-acre waterfront esplanade would follow the shoreline and extend out along Pier 4. The esplanade would contain benches and moveable seating, shade and ornamental trees, walkways, railings, and lights. In addition, a ferry dock would be located on a floating dock between existing Piers 2 and 3. Free weekend ferry service would shuttle passengers to the site from Lower Manhattan. Furthermore, the edges of a number of piers would be reserved for maritime use to dock barges.

SITE PLAN AND ACCESS

The main building would be located on the northeastern corner of the site with its main vehicular and pedestrian entrance along the Halleck/Beard Street frontage at the intersection of Otsego Street. The waterfront esplanade would begin at Columbia Street at the southeastern-most point of the project site where it would connect with the existing Columbia Street esplanade. The esplanade would roughly follow the bulkhead line for approximately 4,550 linear feet, extending around and up the deep water slip on the western end of the site, and would terminate with a connection to Beard Street, approximately 300 feet west of Dwight Street.

Access to the site would be provided in several ways. Vehicles would approach the site from Columbia Street and Dwight Street and enter the parking lot at entrances along Beard Street. A secondary entrance (for cars and deliveries) would also be available along Columbia Street. Cars would exit the site onto Beard Street, or at an additional exit-only point onto Halleck Street. On weekends, visitors could also arrive by the free ferry service coming from lower Manhattan (and possibly other locations in Manhattan). Ferry passengers would be dropped off on a floating dock between Piers 2 and 3 in the Erie Basin, at a point that is almost directly south of the main entrance of the main building, and would use public walkways to walk to the main entrance of the store. The drop-off location for the free weekend shuttle bus service would be within the project site, off of Halleck Street.
The Proposed Project would also include a number of off-site transportation improvements designed to improve the flow of pedestrians and vehicles to and from the site. Such improvements include the widening and reconfiguration of streets in the immediate vicinity of the proposed store, the reconfiguration of intersections and improvement of pedestrian conditions at the edge of Red Hook along Hamilton Avenue, the introduction of free weekend bus shuttle service to and from the New York City Transit (NYCT) subway stations at Smith/9th Street, Fourth Avenue, and Downtown Brooklyn, and the extension of the existing NYCT B61 bus line east to the site.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Harlem Armory Rehabilitation Project. On September 8, 2004 the City will submit to HUD its Request for Release of Funds for this project.

Harlem Armory Rehabilitation Project
The Harlem Armory, also known as the 369th Regiment Armory, is a New York City Designated Landmark located at 2366 Fifth Avenue in Manhattan. CD funds in the amount of $1,833,762 are allocated to the Police Athletic League (which has been granted a lease for the drill shed portion of the Armory by the New York State Dept. of Military and Naval Affairs) to assist in its rehabilitation of the site. For many years, the drill shed of the armory has been used by the community as a tennis facility. The project will upgrade the drill shed for its continued use as a tennis facility and will also allow for other multi-use athletic activities. The scope of work includes bathroom renovation, painting, the replacement of broken seating and wood flooring boards; and the installation of a permanent tennis/athletic flooring surface, improved lighting, fire doors, signage and an elevator. The total cost of rehabilitation is estimated at $2.3 million. The New York City Department of Design and Construction will oversee the project.

An Environmental Review Record respecting the within project has been made by the City of New York which documents the environmental review of the project. This Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to make an appointment to view or obtain a copy of the document.

The City of New York will undertake the project described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. The proposed last date of comment is September 23, 2004; however, potential objectors should contact HUD to verify the actual last day of the objection period.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Int. No. 403

By Council Member Avella

A Local Law to amend the administrative code of the city of New York, in relation to allowing civil penalties for neglect of a landmark site or a site within a historic district.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 25-317.1 of the administrative code of the city of New York is amended to read as follows:

> a. Any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered by the corporation counsel in a civil action in any court of competent jurisdiction. Such civil penalty shall be determined as follows:

1. The defendant shall be liable for a civil penalty of up to the fair market value of the improvement parcel, with or without the improvement, whichever is greater, where in violation of such provision or order:

> (a) all or substantially all of an improvement on a landmark site or within a historic district has been demolished;
>
> (b) work has been performed or a condition created or maintained which significantly impairs the structural integrity of an improvement on a landmark site or within a historic district; [or]
>
> (c) work has been performed or a condition created or maintained which results in the destruction, removal or significant alteration of more than fifty percent of the square footage of two facades of an improvement on a landmark site or within a historic district, including party and sidewalls; or
>
> (d) the defendant has failed to take appropriate action to prevent any condition described in subparagraph a, b or c of this paragraph from occurring.

2. Where, in violation of such provision or order, work is performed or a condition is created or maintained which results in the destruction, removal or significant alteration of a significant portion of the protected features identified in the designation report of an interior landmark, the defendant shall be liable for a civil penalty equal to two times the estimated cost of replicating the protected features that were demolished, removed or altered.

3. All other violations. The defendant shall be liable for a civil penalty of not more than five thousand dollars.

4. For the purposes of this subdivision, each day during which there exists any violation of the provisions of paragraph three of subdivision a of section 25-305 of this chapter or paragraph two of subdivision a of section 25-310 of this chapter or any order issued by the chair with respect to such provisions shall constitute a separate violation.

§2. The opening paragraph of subdivision b and subparagraph (1) of subdivision b of section 25-317.1 of the administrative code of the city of New York are amended to read as follows:

> b. In addition to or as an alternative to any of the remedies and penalties provided in this chapter, any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered in an administrative proceeding before the office of administrative trials and hearings, the environmental control board or other administrative tribunal having jurisdiction as hereinafter provided.

(1) An administrative proceeding for civil penalties shall be commenced by the service of a notice of violation in accordance with the applicable law and rules governing the procedures of the administrative tribunal before which the notice of violation is returnable or as otherwise provided by the rules of the commission. The notice of violation shall identify the allegedly illegal conditions or work with reasonable specificity. As used in this subdivision, the term "reasonable specificity" shall mean a description of work or

conditions, reasonably described given the circumstances, sufficient to inform a reasonable person that (1) work has been or is being done without an appropriate approval from the commission, [or] (2) conditions have been created or are being maintained in violation of this chapter, or (3) there has been a failure to take appropriate action to prevent conditions that are in violation of this chapter. Such administrative tribunal shall have the power to impose civil penalties in accordance with this chapter. A judgment of an administrative tribunal imposing civil penalties may be enforced by the commencement of a civil action or proceeding in a court or as otherwise authorized by the applicable law governing the procedures of such administrative tribunal. Prior to serving a notice of violation, the chair shall serve a warning letter upon a respondent either personally or by mail in the manner provided by the rules of the commission. The warning letter shall inform the respondent that the chair believes the respondent has violated the provisions of this chapter, shall describe generally the allegedly illegal conditions and/or activities, shall warn the respondent that the law authorizes civil penalties for such violations, and shall provide the respondent with a grace period for removing or applying for a permit to legalize or otherwise address the allegedly illegal conditions. No such warning letter shall be required prior to the service of a notice of violation where (i) the subject violation is a second or subsequent offense, (ii) the subject violation is alleged to be an intentional violation, or (iii) the chair is seeking civil penalties for failure to comply with a stop work order, issued pursuant to this chapter.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections l(d), l(e), l(f) and 1(g) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at **Step I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **STEP I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work.

STEP I The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II An appeal from an unsatisfactory determination at **STEP I**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with Title 61 of the Rules of the City Of New York. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The assigned arbitrator shall hold a hearing at a time and place convenient to the parties and shall issue an award within 30 days after the completion of the hearing.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement or any rule, regulation, written policy or order mentioned in Section 1 of this Article. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Unionrepresentative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5. Disciplinary Procedure for Employees Covered by §75(1) of the Civil Service Law

In any case involving a grievance under Section 1(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. At the conference the person designated by the agency head to review the charges shall: (1) verbally communicate to the employee any information reasonably necessary for the employee to understand the nature of the charges; (2) furnish to the employee copies of documentary evidence necessary to support the charges; and (3) furnish to the employee the names of potential witnesses except under unusual circumstances. The employee shall have the right to make any statement or explanation as to the charges. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in **STEP A** above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law.

STEP B(i) If the employee is not satisfied with the determination at **STEP A** above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEPD**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement. The Employer shall furnish the names of any new witnesses or newly available documentary evidence to the Union at least ten (10) days prior to the actual arbitration, if the Employer has such knowledge at that time. The Union shall furnish the names of its witnesses and any documentary evidence to the Office of Labor Relations at least ten (10) days prior to the actual arbitration, if it has such knowledge at that time.

Section 6. Provisional Disciplinary Procedure

In any case involving a grievance under Section 1(f) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the employee is not satisfied with the determination at **STEP A** above, then the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration

pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7. Non-competitive Disciplinary Procedure

In any case involving a grievance under Section 1(g) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges upon an employee a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this agreement. The employee may be represented at such conference by a representative of the Union. At the conference the person designated by the agency head to review the charges shall: (1) verbally communicate to the employee any information reasonably necessary for the employee to understand the nature of the charges; (2) furnish to the employee copies of documentary evidence necessary to support the charges; and (3) furnish to the employee the names of potential witnesses except under unusual circumstances. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B If the employee is dissatisfied with the determination in **STEP A** above, he or she may appeal such determination. The appeal must be made within five (5) working days of the receipt of such determination. Such appeal shall be treated as a grievance appeal beginning with **STEP II** of the Grievance Procedure set forth herein.

Section 8.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply.

Section 9.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may reinstitute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 10.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except however, that only the Union may invoke impartial arbitration under **STEP IV**.

Section 11.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 12.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 13.

A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 14.

The grievance and the arbitration procedures contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 15.

Where the Union desires a meeting on a STEP III grievance, requests therefor to the First Deputy Commissioner of Labor Relations shall be reviewed favorably.

Section 16. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process that allows for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 16 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

Appendix A
Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 10 of the 2002 - 2005 Attorneys Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the Rules and Regulations of the New York City Personnel Director or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to Civil Service Law Sections 80 and 81 or any similar contractual provision.

   d. Time not in pay status of 31 days or less.

   Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500 longevity increment, the $500 shall become part of the employee's base rate for all purposes.

Re: Attorney Reclassification

Dear Mr. Haynes and Ms. Johnson:

This is to confirm our mutual understanding and agreement regarding the establishment of the title of Attorney At Law in the competitive class and the titles of Agency Attorney Interne and Agency Attorney in the non-competitive class.

¶ 1. The City Personnel Director shall establish the title of Attorney At Law in the competitive class. Permanent competitive class incumbents serving in the titles of Associate Attorney, Associate Attorney (Taxes), Attorney, Attorney (Law Librarian) and Attorney (Taxes) shall be reclassified into the title of Attorney At Law by table of equivalency.

¶ 2. The salaries for the competitive class title of Attorney At Law shall be as follows:

TITLE	Hired After 3/31/93 *	Hired Before 4/1/93	Maximum
Attorney At Law	$39,804	$42,654	$75,195
Level I	$39,804	$42,654	$57,284
Level II	$45,208	$48,445	$63,740
Level III	$50,612	$54,236	$70,195
Level IV	$52,945	$56,736	$75,195

* See Section Article III, 4(b)(iv) of the 1991-94 Attorneys Agreement.

¶ 3. Upon the establishment of the title Attorney At Law, all incumbents currently serving as permanent Associate Attorneys or Associate Attorneys (Taxes) shall be designated as permanent Attorneys At Law, Level III.

¶ 4. Upon the establishment of the title Attorney At Law, all incumbents currently serving as provisional Associate Attorneys or Associate Attorneys (Taxes) and holding underlying permanent status in the title of Attorney, Attorney (Law Librarian) or Attorney (Taxes) shall be designated as Attorneys At Law, Level III.

¶ 5. Incumbents holding underlying permanent status in the title of Attorney, Attorney (Law Librarian) or Attorney (Taxes) shall be offered the opportunity to take a qualifying training and experience examination for assignment to Level II and III positions of Attorney At Law. Qualified applicants shall be utilized as a hiring pool for assignment to said Level II and III positions for a period of one year from the date of the establishment of Attorney At Law.

¶ 6. For the purposes of implementing the provisions of Labor Relations Order No. 84/1, Section IX (Assignment Level Procedures), continuous service in the title of Associate Attorney shall count towards meeting the continuous service requirement for Attorney At Law Level III.

¶ 7. Upon approval by the New York State Civil Service Commission the City Personnel Director shall establish the titles of Agency Attorney Interne, Agency Attorney and Executive Agency Counsel in the non-competitive class of the City of New York and shall earmark for present permanent incumbents only the competitive class title of Attorney At Law. STEP B If the employee is dissatisfied with the determination in STEP A above, he or she may appeal such determination. The appeal must be made within five (5) working days of the receipt of such determination. The agency shall give due consideration to all qualified applicants regardless of jurisdictional class.

¶ 16. An employee when assigned to a higher level within the class of positions of Attorney At Law or Agency Attorney shall receive for the period of such higher level assignment either the minimum basic salary of the assigned level or the rate received in the former assignment level plus the level increase of $1,355, whichever is greater. Assignments to a higher level shall not be considered a promotion.

¶ 17. The Union agrees not to oppose the establishment of the titles of Agency Attorney Interne, Agency Attorney and Executive Agency Counsel in the non-competitive class of the City of New York. The City agrees not to oppose before the Board of Certification the accretion of the titles of Agency Attorney Interne, Agency Attorney and Attorney At Law to the Attorney Bargaining Unit. It is the intent of the parties that incumbents shall suffer no loss in compensation or benefits as a direct result of the classification actions set forth in this letter agreement.

¶ 18. If any of the provisions of this letter agreement are found to be in conflict with the civil service law, or any other applicable rules and regulations, it is understood by the parties that civil service law, or the applicable rules and regulations, shall govern. Such conflict shall not impair the validity and enforceability of the remaining provisions of this letter agreement.

¶ 19. Nothing contained herein shall limit or diminish the Employer's or the Union's rights pursuant to §12-307(b) of the New York City Collective Bargaining Law, except as specifically provided herein.

Re: 2002-2005 Attorneys Agreement

Dear Ms. Johnson:

This is to confirm the parties' mutual understandings and agreements regarding the above captioned Agreement with respect to Article III, Section 11, "Recurring Increment Payment" including the rules for eligibility set forth in Appendix B of this Agreement.

In the event this provision is legally invalidated the parties shall reopen negotiations to resolve the issue of the increased cost of adjusting the Recurring Increment Payments to conform with legal mandates, e.g., changing the effective date of the pensionability of the above adjustments. Such negotiations will be commenced forthwith.

If the parties are unable to reach agreement, either party may invoke the impasse procedure under the New York City Collective Bargaining Law. The parties agree that if an impasse is declared by the Board of Collective Bargaining, they shall proceed on an expedited basis.

The parties further agree that any change in the Recurring Increment Payments shall be cost-neutral. For example, a change in the effective date of the pensionability of the above adjustments, whether reached by agreement or interest arbitration, cannot result in any increased cost borne by the City/Employer.

If the above accords with your understanding, please execute the signature line provided below.

Very truly yours,

Appendix B

Recurring Increment Payment Eligibility Rules

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP") provided for in Article III, Section 11 of the 2002 – 2005 Attorneys Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

   a. An employee must have regularly worked at east one- half the regular hours of full-time employees in the same title or if no full-time equivalent title exists then at least 172 hours for white collar positions or 20 hours for blue collar positions.

   b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time employee by the number of hours worked per week by a full-time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall ***not*** be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall ***not*** be used to calculate the qualifying years of service:

   a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,

   b. time prior to a reinstatement,

   c. time on a preferred or recall list, and

   d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1(d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

Appendix C

Re: 2002-2005 Attorneys Agreement

Dear Ms. Johnson:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

a. Funding was not provided to permit the application of the general increases to the 15-year longevity increments provided in various separate unit agreements. Therefore the provisions of Article III, Section 3 B (a)(i) and 3 B (a) (ii) of the *2002-2005 Attorneys Agreement* shall *not* apply to such longevity increments.

b. Notwithstanding the above, once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500 longevity increment, the $500 shall become part of the employee's base rate for all purposes except as provided in paragraph c. below.

Re: 2002-2005 Attorneys Agreement

Dear Ms. Johnson:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" ("*Committee*").

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and Civil Service Bar Association.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

1. Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

2. Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

3. Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

4. Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration by submitting the matter to an arbitration panel consisting of the three impartial members of the Board of Collective Bargaining pursuant of Title 61 of the Rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. When the parties agree to submit a case to expedited arbitration; the following procedure shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross-examination will not be similarly limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

Increment Eligibility Rules

The following rules shall govern the eligibility of Employees for the longevity increment provided for in Article III, Section 9b of the 2002 – 2005 Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than

full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.

b. Time prior to a reinstatement.

c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500, the $500 shall become part of the Employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $500 longevity increment shall not become pensionable until fifteen months after the Employee becomes eligible to receive such payment. Fifteen months after the Employee begins to receive the $500 longevity increment, such $500 longevity increment shall become pensionable and as part of the Employee's base rate, the $500 longevity increment shall be subject to the general increases provided in Article III, Section 3(a) of this **Agreement**.

Re: 2002-2005 Inspectors (Highway and Sewers) et al. Agreement

Dear Mr. Bosco :

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree to establish a "Joint Labor Management Committee on Productivity Initiatives" - ("Committee")

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and Pavers and Road Builders District Council.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services, which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Conideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, it shall be submitted to arbitration upon written notice therefor by any of the parties to this Agreement to the party with whom such dispute or controversy exists. The matter submitted for arbitration shall be submitted to an arbitration panel consisting of the three impartial members of the Board of Collective Bargaining pursuant to Title 61 of the rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

If the above accords with your understanding, kindly execute the signature line provided below.

OFFICE OF MANAGEMENT AND BUDGET

NOTICE

OFFICE OF MANAGEMENT AND BUDGET
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD)
NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Harlem Armory Rehabilitation Project. On September 8, 2004 the City will submit to HUD its Request for Release of Funds for this project.

Harlem Armory Rehabilitation Project
The Harlem Armory, also known as the 369th Regiment Armory, is a New York City Designated Landmark located at 2366 Fifth Avenue in Manhattan. CD funds in the amount of $1,833,762 are allocated to the Police Athletic League (which has been granted a lease for the drill shed portion of the Armory by the New York State Dept. of Military and Naval Affairs) to assist in its rehabilitation of the site. For many years, the drill shed of the armory has been used by the community as a tennis facility. The project will upgrade the drill shed for its continued use as a tennis facility and will also allow for other multi-use athletic activities. The scope of work includes bathroom renovation, painting, the replacement of broken seating and wood flooring boards; and the installation of a permanent tennis/athletic flooring surface, improved lighting, fire doors, signage and an elevator. The total cost of rehabilitation is estimated at $2.3 million. The New York City Department of Design and Construction will oversee the project.

An Environmental Review Record respecting the within project has been made by the City of New York which

Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to make an appointment to view or obtain a copy of the document.

The City of New York will undertake the project described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. The proposed last date of comment is September 23, 2004; however, potential objectors should contact HUD to verify the actual last day of the objection period.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Int. No. 403

By Council Member Avella

A Local Law to amend the administrative code of the city of New York, in relation to allowing civil penalties for neglect of a landmark site or a site within a historic district.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 25-317.1 of the administrative code of the city of New York is amended to read as follows:

a. Any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered by the corporation counsel in a civil action in any court of competent jurisdiction. Such civil penalty shall be determined as follows:

1. The defendant shall be liable for a civil penalty of up to the fair market value of the improvement parcel, with or without the improvement, whichever is greater, where in violation of such provision or order:

(a) all or substantially all of an improvement on a landmark site or within a historic district has been demolished;

(b) work has been performed or a condition created or maintained which significantly impairs the structural integrity of an improvement on a landmark site or within a historic district; [or]

(c) work has been performed or a condition created or maintained which results in the destruction, removal or significant alteration of more than fifty percent of the square footage of two facades of an improvement on a landmark site or within a historic district, including party and sidewalls; or

(d) the defendant has failed to take appropriate action to prevent any condition described in subparagraph a, b or c of this paragraph from occurring.

2. Where, in violation of such provision or order, work is performed or a condition is created or maintained which results in the destruction, removal or significant alteration of a significant portion of the protected features identified in the designation report of an interior landmark, the defendant shall be liable for a civil penalty equal to two times the estimated cost of replicating the protected features that were demolished, removed or altered.

3. All other violations. The defendant shall be liable for a civil penalty of not more than five thousand dollars.

4. For the purposes of this subdivision, each day during which there exists any violation of the provisions of paragraph three of subdivision a of section 25-305 of this chapter or paragraph two of subdivision a of section 25-310 of this chapter or any order issued by the chair with respect to such provisions shall constitute a separate violation.

§2. The opening paragraph of subdivision b and subparagraph (1) of subdivision b of section 25-317.1 of the administrative code of the city of New York are amended to read as follows:

b. In addition to or as an alternative to any of the remedies and penalties provided in this chapter, any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered in an administrative proceeding before the office of administrative trials and hearings, the environmental control board or other administrative tribunal having jurisdiction as hereinafter provided.

(1) An administrative proceeding for civil penalties shall be commenced by the service of a notice of violation in accordance with the applicable law and rules governing the procedures of the administrative tribunal before which the notice of violation is returnable or as otherwise provided by the rules of the commission. The notice of violation shall identify the allegedly illegal conditions or work with reasonable specificity. As used in this subdivision, the term "reasonable specificity" shall mean a description of work or conditions, reasonably described given the circumstances, sufficient to inform a reasonable person that (1) work has been or is being done without an appropriate approval from the commission, [or] (2) conditions have been created or are being maintained in violation of this chapter, or (3) there has been a failure to take appropriate action to prevent conditions that are in violation of this chapter. Such administrative tribunal shall have the power to impose civil penalties in accordance with this chapter. A judgment of an administrative tribunal imposing civil penalties may be enforced by the commencement of a civil action or proceeding in a court or as otherwise authorized by the applicable law governing the procedures of such administrative tribunal. Prior to serving a notice of violation, the chair shall serve a warning letter upon a respondent either personally or by mail in the manner provided by the rules of the commission. The warning letter shall inform the respondent that the chair believes the respondent has violated the provisions of this chapter, shall describe generally the allegedly illegal conditions and/or activities, shall warn the respondent that the law authorizes civil penalties for such violations, and shall provide the respondent with a grace period for removing or applying for a permit to legalize or otherwise address the allegedly illegal conditions. No such warning letter shall be required prior to the service of a notice of violation where (i) the subject violation is a second or subsequent offense, (ii) the subject violation is alleged to be an intentional violation, or (iii) the chair is seeking civil penalties for failure to comply with a stop work order, issued pursuant to this chapter.

§3. This local law shall take effect immediately after its enactment into law.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Final Rule Promulgation

Notice is hereby given in accordance with Section 1043(b) of the New York City Charter, that the Taxi and Limousine Commission ("TLC") hereby amends the Rules Governing Issuance and Public Sale of Taxicab Licenses to establish procedures for the issuance of additional taxicab medallions.

The TLC is promulgating such regulations pursuant to the authority vested in the TLC under Charter Sections 2303(a) and 2303(b); and under Section 19-532 of the Administrative Code of the City of New York.

A public hearing in connection with these regulations was held on August 25, 2004, by the NYC Taxi and Limousine Commission at 40 Rector Street, Fifth Floor, New York, NY 10006.

Statement of Basis and Purpose

The regulations promulgated herein by the New York City Taxi and Limousine Commission ("TLC") are authorized under Section 2303(a) of the Charter of the City of New York, which empowers the TLC to regulate and supervise the business and industry of transportation of persons by licensed vehicles for-hire in the City, and under Section 19-532 of the Administrative Code of the City of New York, authorizing the TLC to promulgate rules and regulations necessary to exercise the sale of additional taxicab medallions.

In March 2004, the TLC promulgated rules which governed the sale of 300 taxicab medallions at public auctions held on April 16 and 23, 2004. These medallions were sold and all of these new medallions have been issued. Pursuant to Section 19-532 of the Administrative Code, the TLC has the authority to sell up to 600 additional taxicab medallions, including medallions which must be used in connection with either an alternative fuel or a wheelchair accessible vehicle. At the public sale held in April 2004, such restricted medallions were offered for sale; however, no bids were received for a price that exceeded the minimum authorized price.

These amendments remove the pricing link at the public sale between restricted and unrestricted medallions, thereby increasing the possibility that the TLC will receive valid bids for unrestricted medallions. The Administrative Code states that if the price received for a restricted medallion is not at least ninety percent (90%) of the price received for an unrestricted medallion, the Commission "is authorized," but not mandated, to sell these medallions without such a restriction.

Under the regulations promulgated herein, the Chairperson will establish a minimum upset price for restricted medallions prior to the auction. This will enable potential bidders to make educated decisions concerning prospective bids. Under the prior regulations, the minimum acceptable price for a restricted medallion was determined only after all unrestricted bids were opened and an average was calculated. Prospective bidders were not aware of the minimum acceptable price for a restricted medallion until the day of the bid opening. This may have dissuaded some potential purchasers from submitting bids on restricted medallions.

These rules also make some technical changes to the bid and closing process. The number of days for accepting bids was reduced from four to three, to conserve TLC staff and resources. Few bids were received during the first day that bids were accepted in April.In addition, bids submitted by mail will no longer be accepted. Few bids were received by mail, but significant agency resources were expended to receive, sort and process mail bids. The rules will also require that all bids be placed in an approved TLC-issued envelope to conform with practice. The requirement that a completed application be submitted with the bid has been eliminated.

The rules presently require that successful bidders submit a second deposit within fourteen (14) days after the bid opening, unless this period was extended by the Chairperson. The TLC Chair extended this period for individuals who were able to schedule a closing within thirty (30) days of the bid opening. The proposed rules would codify this practice by waiving the second deposit requirement for all successful bids who are ready, willing and able to close within thirty (30) days. Finally, the proposed rules extend the period of time for closing from 45 to 60 days after notification to the winning bidder.

By making these relatively minor adjustments to the closing procedures, the bidding and closing processes will be made even more efficient than at the previous sale, wherein 300 medallions were closed prior to the end of the fiscal year.

Section 1. Sections 13-01, 13-02, and 13-03 of chapter 13 of the Title 35 of the Rules of the a City of New York, relating to the Issuance and Public Sale of Additional Taxicab Licenses and the Sale of such licenses by Sealed bids and setting forth the procedures for such sale by seal bid auction, are REPEALED.

Section 2. Title 35 of the Rules of the City of New York, Chapter 13, Rules Regarding Issuance and Public Sale of Taxicab Licenses, is amended to add new sections 13-01, 13-02 and 13-03, to read as follows:

Italics indicates new material

§ 13-01 Issuance and Public Sale of Additional Taxicab Licenses.

(a) In accordance with Administrative Code Section 19-532, the Chairperson may issue and sell additional taxicab licenses up to the number authorized by state and local law.

(b) Minifleet medallions shall be sold in lots of two (2) medallions. Independent medallions shall be sold in lots of one (1) medallion. The ratio of minifleet and independent medallions shall be maintained in accordance with local law.

(c) Only a person who owns no other medallions shall own an independent medallion. This limitation shall not apply to the purchase of a restricted medallion.

(d) A minifleet medallion shall be owned only by a minifleet in which each officer, director or shareholder does not have a financial interest in any independent medallion. This limitation shall not apply to the purchase of a restricted medallion.

(e) The terms and conditions for the public sale of licenses pursuant to this chapter shall provide that vehicles operated by or under agreement with the owners of such licenses shall be entitled to accept hails from passengers in the street in accordance with section 19-504(a)(1) of the Administrative Code.

(f) The Commission shall place a public notice of the date and time upon which bids are due, the number of medallions to be sold, and whether those medallions shall be sold as restricted, independent or minifleet and of other terms of sale in the City Record for five (5) consecutive days, beginning not less than thirty (30) days prior to the deadline for bidding. In the event that the Chairperson shall, in his discretion, postpone the public sale, the Commission shall place notice of such postponement of the sale in the City Record for five (5) consecutive days beginning at least ten (10) days prior to the new deadline for bidding. The Chairperson may place such additional notices in the City Record or other publications, as the Chairperson deems advisable.

(g) Separate public sales may be conducted for restricted, independent and minifleet medallions.

§13-02 Restricted Medallions

(a) At each public sale the Commission shall establish a set-aside for the sale of medallions, whose terms of sale shall set forth certain restrictions pursuant to Section 19-532 of the Administrative Code. Said medallions shall be referred to herein collectively as "restricted medallions." The restricted medallion set-asides shall be as follows:

(i) medallions exclusively for use with a vehicle fueled by either compressed natural gas (CNG) or hybrid electric sources; and

(ii) medallions exclusively for use with a vehicle accessible to persons with disabilities, including wheelchairs.

Each medallion issued as a restricted medallion, if subsequently transferred to a new owner, shall remain subject to the restriction set forth herein.

(b) The minimum upset price for restricted medallions shall be determined by the Chairperson. The minimum upset price shall be set by publication in the City Record no less than ten (10) days prior to the deadline for submission of bids. Any bid received for less than the minimum upset price shall be rejected as non-responsive. The bidder shall not have an opportunity to correct the bid.

§ 13-03 Sale by Sealed Bid

(a) A bidder shall submit a sealed bid no earlier than three (3) business days prior and no later than 5:00 p.m. on the date set by the Chairperson as the deadline for bidding. A bidder shall submit each sealed bid by hand delivery, either in person or by an agent at the place designated by the Commission. Bids shall be received between the hours of 9:00 a.m. and 5:00 p.m. Bids must be received by the Commission no later than 5:00 p.m. on the deadline date. Bidders must submit a bid on a form approved by the Commission, which is accompanied with the following: (A) a deposit of $2,000 for an independent medallion lot or $4,000 for each minifleet medallion lot for which a bidder submits a bid, in the form of a certified check, bank check, money order, or Licensed Taxicab Broker's or Agent's check payable to the New York City Taxi and Limousine Commission; and (B) a letter of commitment for no less than eighty percent (80%) of the bid amount, issued by a bank or credit union licensed to do business in the State of New York or other lender licensed by the State of New York or the Federal Government. In lieu of a letter of commitment, the bidder may submit a Bid Bond with each bid. The Chairperson shall prescribe the form of the bond, and a Surety Company authorized to do business in the State of New York shall issue the bond. Such Bid Bond shall insure the City of New York to the extent of eighty percent (80%) of the bid amount. The Bid Bond shall assure the Taxi and Limousine Commission of the adherence of the bidder to the bid, if the bid is accepted.

(b) Each bid must be submitted in the 9" x 12" sealed envelope supplied by the Commission on which the bidder shall indicate the following: (i) the bidder's name, address, phone number and date of sale, (ii) whether the bid is for one or more lot(s) of minifleet medallions or for one lot of one independent medallion and (iii) whether the bid is for an unrestricted lot, an alternative fuel restricted lot or an accessible vehicle restricted lot.

(c) The minimum upset price for medallions to be sold shall be determined by the Chairperson. The minimum upset price shall be set by publication in the City Record no less than ten (10) days prior to the deadline for submission of bids. Any bid received for less than the minimum upset price shall be rejected as non-responsive. The bidder shall not have an opportunity to correct the bid.

(d) On a date set by the Commission, the bids shall be opened in public and the winning bids announced at the public sale. The winning bids shall be the highest responsive bids, which are complete in accordance with the provisions of subdivision (a), and which are responsive as set forth in subdivision (c) of this section. The winning bidders shall be notified by certified mail and a closing date set as soon as practicable. Tie bids will be decided with a drawing which shall be held with tie bidders invited to witness the drawing. Said drawing may be held at the bid opening if all bidders or representatives are present. Winning bids shall be published in the City Record and posted at the Commission's office and on the TLC website.

(e) Within thirty (30) days of the mailing of notification by certified mail pursuant to subdivision (d) the applicant shall file fingerprint records with the Commission (unless such records are already on file with the Commission and are less than three years old), and either (a) deposit $25,000 in a certified check for an independent medallion, $50,000 in a certified check for each lot of minifleet medallions, or (b) schedule a closing with the Commission, for a date approved by the Commission.

(f) The ten (10) highest non-winning bids for unrestricted independent medallions and the ten (10) highest non-winning bids for unrestricted minifleet lots shall be notified of reserve status. The five (5) highest non-winning bids for alternative fuel medallions and the five (5) highest non-winning bids for accessible medallions shall also be notified of reserve status. Reserve status may be converted to a winning bid upon the failure of a winning bidder to comply with subdivision (e) above or to close within sixty (60) days of the bid opening, unless said sixty (60) days be extended by the Chairperson for reasonable cause shown.

(g) The rights of a winning bidder(s) are not assignable prior to the close of sale, provided however, such rights may be assigned to a corporation, the shareholders of which are the winning bidder(s).

(h) All sales shall close no later than sixty (60) days after bid opening unless extended by the Chairperson for reasonable cause shown.

(i) All deposits hereunder of winning bidders shall be credited toward the sale price or, in the event the bidder does not meet the qualifications for taxi ownership, refunded to the bidder. A bidder who fails to comply with the provisions of subdivision (e) or (h) above shall forfeit all deposits hereunder. The Commission will return deposits of non-winning bidders.

(j) In addition to the amount bid, the highest bidders will be responsible on the transfer closing date for any applicable taxes or fees, provided however, there will not be any medallion transfer tax collected for this initial issuance of medallions. Each medallion license shall be issued for two (2) years and all the required inspection fees shall be collected at closing.

(k) The Chairperson is authorized to delegate matters pertaining to the sale and to take such further measures as in his or her discretion may be appropriate to the timely, efficient and fiscally sound sale of the medallions; provided nothing herein shall authorize the Chairperson to waive or reduce any payment or deposit required of any prospective or winning bidder.

LANDMARKS PRESERVATION COMMISSION

■ NOTICE

ADVISORY REPORT

ISSUE DATE: 08/24/04	DOCKET #: 051227	SRA #: SRA 05-1543
ADDRESS 476 FIFTH AVENUE New York Public Library INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1257 / 1

To the Mayor, the Council, and the Chairman of the New York Public Library.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the repair and cleaning of two marble lion sculptures with granite pedestals at the Fifth Avenue entrance to the library, including repointing the pedestals, pinning detached portions of marble, repairing cracks, and cleaning with ProSoCo Light Duty Restoration Cleaner, water misting and mild microabrasion, as shown and described in photographs labeled CM.01 through CM.10, and specifications, dated July 2004, prepared by Walter Melvin Architects.

In reviewing this proposal, the Commission notes that the designation report describes the building as a Beaux-Arts style public library designed by Carrere and Hastings and built from 1898 to 1911.

With regard to this proposal, the Commission finds that all repairs to the sculptures will match the color, texture, profiles and details of the existing; that new mortar joints will match the dimension, color and tooling of the existing; that the sculptures will be cleaned using the gentlest effective methods; and that the work will contribute to the long term preservation of the sculptures. Based on these findings, the Commission determines the proposed work to be appropriate to the New York Public Library Individual Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Lisa Schaeffer.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Harlem Armory Rehabilitation Project. On September 8, 2004 the City will submit to HUD its Request for Release of Funds for this project.

Harlem Armory Rehabilitation Project
The Harlem Armory, also known as the 369th Regiment Armory, is a New York City Designated Landmark located at 2366 Fifth Avenue in Manhattan. CD funds in the amount of $1,833,762 are allocated to the Police Athletic League (which has been granted a lease for the drill shed portion of the Armory by the New York State Dept. of Military and Naval Affairs) to assist in its rehabilitation of the site. For many years, the drill shed of the armory has been used by the community as a tennis facility. The project will upgrade the drill shed for its continued use as a tennis facility and will also allow for other multi-use athletic activities. The scope of work includes bathroom renovation, painting, the replacement of broken seating and wood flooring boards; and the installation of a permanent tennis/athletic flooring surface, improved lighting, fire doors, signage and an elevator. The total cost of rehabilitation is estimated at $2.3 million. The New York City Department of Design and Construction will oversee the project.

An Environmental Review Record respecting the within project has been made by the City of New York which documents the environmental review of the project. This Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to make an appointment to view or obtain a copy of the document.

The City of New York will undertake the project described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. The proposed last date of comment is September 23, 2004; however, potential objectors should contact HUD to verify the actual last day of the objection period.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 25-317.1 of the administrative code of the city of New York is amended to read as follows:

a. Any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such

provisions shall be liable for a civil penalty which may be recovered by the corporation counsel in a civil action in any court of competent jurisdiction. Such civil penalty shall be determined as follows:

1. The defendant shall be liable for a civil penalty of up to the fair market value of the improvement parcel, with or without the improvement, whichever is greater, where in violation of such provision or order:

(a) all or substantially all of an improvement on a landmark site or within a historic district has been demolished;

(b) work has been performed or a condition created or maintained which significantly impairs the structural integrity of an improvement on a landmark site or within a historic district; [or]

(c) work has been performed or a condition created or maintained which results in the destruction, removal or significant alteration of more than fifty percent of the square footage of two facades of an improvement on a landmark site or within a historic district, including party and sidewalls; or

(d) the defendant has failed to take appropriate action to prevent any condition described in subparagraph a, b or c of this paragraph from occurring.

2. Where, in violation of such provision or order, work is performed or a condition is created or maintained which results in the destruction, removal or significant alteration of a significant portion of the protected features identified in the designation report of an interior landmark, the defendant shall be liable for a civil penalty equal to two times the estimated cost of replicating the protected features that were demolished, removed or altered.

3. All other violations. The defendant shall be liable for a civil penalty of not more than five thousand dollars.

For the purposes of this subdivision, each day during which there exists any violation of the provisions of paragraph three of subdivision a of section 25-305 of this chapter or paragraph two of subdivision a of section 25-310 of this chapter or any order issued by the chair with respect to such provisions shall constitute a separate violation.

§2. The opening paragraph of subdivision b and subparagraph (1) of subdivision b of section 25-317.1 of the administrative code of the city of New York are amended to read as follows:

b. In addition to or as an alternative to any of the remedies and penalties provided in this chapter, any person who violates any provision of sections 25-305 [or], 25-310 or 25-311 or subdivision c of section 25-317 of this chapter or any order issued by the chair with respect to such provisions shall be liable for a civil penalty which may be recovered in an administrative proceeding before the office of administrative trials and hearings, the environmental control board or other administrative tribunal having jurisdiction as hereinafter provided.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Harlem Armory Rehabilitation Project. On September 8, 2004 the City will submit to HUD its Request for Release of Funds for this project.

Harlem Armory Rehabilitation Project
The Harlem Armory, also known as the 369th Regiment Armory, is a New York City Designated Landmark located at 2366 Fifth Avenue in Manhattan. CD funds in the amount of $1,833,762 are allocated to the Police Athletic League (which has been granted a lease for the drill shed portion of the Armory by the New York State Dept. of Military and Naval Affairs) to assist in its rehabilitation of the site. For many years, the drill shed of the armory has been used by the community as a tennis facility. The project will upgrade the drill shed for its continued use as a tennis facility and will also allow for other multi-use athletic activities. The scope of work includes bathroom renovation, painting, the replacement of broken seating and wood flooring boards; and the installation of a permanent tennis/athletic flooring surface, improved lighting, fire doors, signage and an elevator. The total cost of rehabilitation is estimated at $2.3 million. The New York City Department of Design and Construction will oversee the project.

An Environmental Review Record respecting the within project has been made by the City of New York which documents the environmental review of the project. This Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10 a.m. and 5 p.m., Monday through Friday. Please call (212) 788-6177 to make an appointment to view or obtain a copy of the document.

The City of New York will undertake the project described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. The proposed last date of comment is September 23, 2004; however, potential objectors should contact HUD to verify the actual last day of the objection period.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

POLICE ATHLETIC LEAGUE – Negotiatd Acquisition – PIN# 21504040 – To enter into a Negotiated Acquisition in order to enter into an agreement with the Police Athletic League for the provision of a Second Opportunity School to serve the Brooklyn area. In May, 2004, OYDSCS issued a Request for Proposals seeking community-based organizations to provide instructional and support services for students in transitional programs, i.e. New Beginnings Programs and Centers, Off-Site Suspension Centers, Second Opportunity Schools (SOS), Regional in-school Suspension Centers, and Transition Centers. All four (4) vendors that proposed for SOS services were awarded. However, in late July, the vendor slated to serve Brooklyn indicated that they were unable to provide the required services and withdrew. None of the remaining three (3) awarded vendors were able to provide the needed services in Brooklyn. At that point, OYDSCS approached PAL, who agreed to provide the necessary SOS services. This contract is for the period July 1, 2004 through June 30, 2005, for an amount not to exceed $400,000.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Height regulations

~~The height regulations of this Section apply to any #development# or #enlargement#. For all #zoning lots# or portions thereof located within 100 feet from the #street line# of a #wide street#, the height and setback regulations of the underlying districts shall apply.~~

The underlying height and setback regulations shall not apply, except as set forth in Sections 23-62 or 33-42 (Permitted Obstructions), as applicable. In lieu thereof, the height and setback provisions of this Section 96-104 shall apply to all #developments# and #enlargements#. All height shall be measured from #curb level#.

For #zoning lots# with #wide street# frontage, the #street wall# of a #building or other structure# shall be located on the #wide street line# and extend along the entire #wide street# frontage of the #zoning lot#. For #corner lots# with #narrow street# frontage, the #street wall# of the #building# shall be located on and extend along the #narrow street line# within 50 feet of the #wide street#. Ground floor recesses up to three feet deep shall be permitted for access to building entrances. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no such recesses are within 30 feet of the intersection of two #street lines#.

Within 100 feet of a #wide street#, the #street wall# of a #building or other structure# shall rise without setback to a minimum height of 50 feet or the height of the #building#, whichever is less, and a maximum height of 66 feet. A setback shall be provided for all portions of #buildings# that exceed a height of 66 feet. No #building or other structure# shall exceed a height of 85 feet.

~~The height of a #building or other structure# on a #zoning lot# or portion thereof located more than 100 feet from the #street line# of a #wide street#, shall not exceed 7 #stories# or 66 feet above #curb level#, whichever is less.~~ Beyond 100 feet of a #wide street#, no #building or other structure# shall exceed a height of 7 #stories# or 66 feet, whichever is less.

However, the City Planning Commission, by special permit, may modify the special height restrictions set forth in this Section for any #development# or #enlargement# on such #zoning lots#.

As a condition for such modification, the Commission shall find that the distribution of the #bulk# of the #development# or #enlargement# permits adequate access of light and air to surrounding #streets# and properties and that the maximum height of such #development# or #enlargement# does not exceed 99 feet ~~above #curb level#~~ beyond 100 feet of a #wide street#, and 115 feet within 100 feet of a #wide street#.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Height regulations

~~The height regulations of this Section apply to any #development# or #enlargement#. For all #zoning lots# or portions thereof located within 100 feet from the #street line# of a #wide street#, the height and setback regulations of the underlying districts shall apply.~~
The underlying height and setback regulations shall not apply, except as set forth in Sections 23-62 or 33-42 (Permitted Obstructions), as applicable. In lieu thereof, the height and setback provisions of this Section 96-104 shall apply to all #developments# and #enlargements#. All height shall be measured from #curb level#.

For #zoning lots# with #wide street# frontage, the #street wall# of a #building or other structure# shall be located on the #wide street line# and extend along the entire #wide street# frontage of the #zoning lot#. For #corner lots# with #narrow street# frontage, the #street wall# of the #building# shall be located on and extend along the #narrow street line# within 50 feet of the #wide street#. Ground floor recesses up to three feet deep shall be permitted for access to building entrances. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no such recesses are within 30 feet of the intersection of two #street lines#.

Within 100 feet of a #wide street#, the #street wall# of a #building or other structure# shall rise without setback to a minimum height of 50 feet or the height of the #building#, whichever is less, and a maximum height of 66 feet. A setback shall be provided for all portions of #buildings# that exceed a height of 66 feet. Such setbacks shall be provided at a height not lower than 50 feet and not higher than 66 feet, and shall have a minimum depth of 10 feet, measured from any #street wall# facing a #wide street#, and a minimum depth of 15 feet, measured from any #street wall# facing a #narrow street#. No #building or other structure# shall exceed a height of 85 feet.

~~The height of a #building or other structure# on a #zoning lot# or portion thereof located more than 100 feet from the #street line# of a #wide street#, shall not exceed 7 #stories# or 66 feet above #curb level#, whichever is less.~~ Beyond 100 feet of a #wide street#, no #building or other structure# shall exceed a height of 7 #stories# or 66 feet, whichever is less.

However, the City Planning Commission, by special permit, may modify the special height restrictions set forth in this Section for any #development# or #enlargement# on such #zoning lots#.

As a condition for such modification, the Commission shall find that the distribution of the #bulk# of the #development# or #enlargement# permits adequate access of light and air to surrounding #streets# and properties and that the maximum height of such #development# or #enlargement# does not exceed 99 feet ~~above #curb level#~~ beyond 100 feet of a #wide street#, and 115 feet within 100 feet of a #wide street#.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

The execution of such instruments shall be a precondition to the filing for or issuing of any building permit for such #development# or #enlargement#. Such contribution amount shall be $100 per square foot of #floor area# as of (effective date of amendment) and shall be adjusted by the Chairperson on July 1 of the following year and each year thereafter, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.

The Commission may, by rule, adjust the contribution amount specified in the preceding paragraph to reflect changes in market conditions within the #Hudson Yards Redevelopment Area# if in its judgment, the adjusted amount will facilitate the district-wide improvements that are consistent with the purposes of this Chapter and the purposes of the #Special Clinton District# and the #Special Garment Center District#. The City Planning Commission may make such an adjustment not more than once a year.

Such contribution amount shall be payable or secured at the time foundation work has been completed and the Commissioner of Buildings shall not authorize any additional construction until the Chairperson has certified that payment has been made or security therefor has been provided.

For the conversion to #dwelling units# of non-#residential buildings# or portions thereof, where the total #floor area# on the #zoning lot# to be converted to #residential use# exceeds a #floor area ratio# of 12.0, such excess #floor area# shall be permitted only pursuant to the provisions of this Section.

93-32
Floor Area Regulations in the Phase 2 Hudson Boulevard and Park

In the Phase 2 Hudson Boulevard and Park, no new #development# shall be permitted, and no existing #development# shall be #enlarged#. However, #floor area# from a granting site within the subarea may be transferred to a receiving site in accordance with the provisions of paragraph (a) of this Section 93-32.

For the purposes of this Section, a "granting site" shall mean a #zoning lot#, or portion thereof, within the Phase 2 Hudson Boulevard and Park or the Phase 2 Park within the 42nd Street Perimeter Area of the #Special Clinton District#, and the #lot area# of such granting site shall include any area on such site designated on the City Map as Hudson Boulevard or #public park#, and a "receiving site' shall mean a #zoning lot#, or portion thereof, within the Four Corners or Northern Blocks Subareas of the Large-Scale Plan Subdistrict or the Tenth Avenue Corridor Subdistrict, to which #floor area# from a "granting site" has been transferred.

(a) Transfer of floor area by certification

The Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum #floor area ratio# of a receiving site to be increased up to the maximum amount specified in Section 93-21 or 93-22, as applicable, through the transfer of #floor area# from a granting site, provided that:

(1) the maximum amount of #floor area# transferred from a granting site shall not exceed the maximum #floor area ratio# permitted for #commercial use# on such granting site prior to (effective date of amendment), less any existing #floor area# to remain on the granting site;

(2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be transferred from the granting site by the amount of #floor area# transferred;

(3) the maximum amount of #floor area# transferred to a receiving site shall be based on an amount not to exceed the #floor area ratio# permitted on a #zoning lot# through such transfer pursuant to Section 93-21 or 93-22, as applicable, and

(4) where all #floor area# shall be transferred from a granting site pursuant to one or more such certifications, all certificates of occupancy have been surrendered for such granting site, all structures on such granting site have been demolished, and such granting site has been conveyed to the City for improvement as a #public park# and/or #street#, as provided for on the City Map.

Where, as a result of the transfer of #floor area# pursuant to this paragraph (a), the amount of #floor area# on a receiving site is less than the maximum allowable as specified for the applicable subarea in row B in the tables in Section 93-21 and 93-22, any additional #floor area#, up to the maximum #floor area ratio# permitted on the receiving site as specified in row B, may be achieved only through contributions to the #Hudson Yards District Improvement Fund# pursuant to Section 93-31 or the Inclusionary Housing Program pursuant to Section 23-90 .

(b) Authorization for contribution-in-kind

The Chairperson of the City Planning Commission may authorize a contribution-in-kind to the #Hudson Yards District Improvement Fund# for a receiving site, provided that:

(2) the #granting site# will be improved, at the applicant's expense, as a #public park# and/or #street#, as provided for on the City Map, prior to conveyance to the City, and

(3) the applicant has entered into an agreement or provided instruments in a form satisfactory to the City, providing for the improvement of the granting site as a #public park# and/or #street# pursuant to an agreed upon construction schedule.

In order to grant such authorization, the Commission shall find that the #public park# and/or #street# has been designed in accordance with the approved plan for the Hudson Boulevard and Park, or as an appropriate interim design, in consultation with the Department of Parks and Recreation and/or Department of Transportation.

The amount of increased #floor area# generated by the contribution-in-kind shall be as determined by the Commission, which shall determine the reasonable cost of such improvement, and shall permit a #floor area# bonus in relation thereto. In making such determination, the Commission may consult with an engineer at the applicant's expense.

An application filed with the Chairperson of the City Planning Commission for the transfer of #floor area# pursuant to this Section shall be made jointly by the owners of the granting site and receiving site and shall include a site plan and #floor area# zoning calculations for the granting site and the receiving site, and a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with notice of the restrictions upon further #development# of the granting site and the receiving site.

Notice of restrictions shall be filed by the owners of the respective sites in the Borough Office of the Register of the City of New York, indexed against the granting site and the receiving site, a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site.

(2) Each distribution, once completed, irrevocably reduces the amount of #floor area# that may be distributed from the Eastern Rail Yard Subarea by the amount of #floor area# distributed, and

(3) The amount of #floor area# on the receiving site which results from such distribution does not exceed the maximum #floor area ratio# permitted on a #zoning lot# through distribution of #floor area# from the Eastern Rail Yard Subarea, as specified in row C of the table in Section 93-21.

Special Permit for Increased Floor Area in Pennsylvania Station Subarea

In the Pennsylvania Station Subarea, for #developments# or #enlargements# that significantly enhance the pedestrian environment and provide improvements to access to public transit facilities, the City Planning Commission may permit a #floor area# increase for #commercial use# above a #floor area ratio# of 15.0 to a maximum #floor area ratio# of 19.5.

(a) The following conditions shall apply:

(1) The applicant shall submit a plan acceptable to the Chairperson of the City Planning Commission identifying that portion of the #development# or #enlargement# utilizing such increased floor area.

(2) All transit facility improvements shall comply with applicable design standards or the current guidelines of the Metropolitan Transit Authority, New Jersey Transit, or Amtrak as applicable.

(3) The applicant shall submit schematic or concept plans for all proposed improvements to the applicable transportation agency and the Chairperson of the City Planning Commission, and any further documentation deemed necessary by the reviewing agencies.

(4) The applicable transportation agency shall submit a letter to the Chairperson of the City Planning Commission stating the drawings and other documents submitted by the applicant have been determined to be of sufficient scope and detail to fix and describe the size and character of the transit improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate.

(5) The owner shall sign a legally-enforceable instrument in a form acceptable to the reviewing agencies containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, pursuant to an agreed-upon construction schedule. Such instrument shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for New York County and a certified copy of the instrument shall be submitted to the Chairperson of the City Planning Commission and the applicable transportation agencies.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the #development# or #enlargement# identified as utilizing the increased #floor area# permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion, until the applicable transportation agencies have certified that the transit facility improvement is substantially complete, which shall, for this purpose, mean that such improvement is usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the transit improvement has been finally completed in accordance with the approved plans and such final completion has been certified by the applicable transportation agencies.

(b) In order to grant such special permit, the Commission shall find:

(1) That the transit improvements significantly enhance the surface and subsurface pedestrian circulation

network into and around the #development# or #enlargement# and to and from public transit facilities;

(2) That the streetscape, the site design and the location of building entrances for the #development# or #enlargement# contribute to the overall improvement of pedestrian circulation within the #Special Hudson Yards District# and minimize congestion on surrounding streets, and

(3) That the increased #floor area# will not unduly increase the #bulk# of the #development# or #enlargement#, density of population or intensity of #use# to the detriment of the occupants of #buildings# in the surrounding area.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #development# or #enlargement# and to minimize adverse effects on the character of the surrounding area.

(c) modifications to the C2-7A height and setback regulations result in a #building# that does not exceed a height of 200 feet and is compatible with the scale and character of the surrounding area.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Publicly accessible open areas authorized by this Section shall be accessible to the public at all times, except where the Commission has authorized a nighttime closing pursuant to Section 37-06. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of any #development# or #enlargement# subject to the provisions of this Section 93-431 until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area is substantially complete, which shall mean that the public access area is open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area is complete, which shall mean that all public access requirements of this Section have been met in accordance with the plans for such public access area.

Location within Buildings

The provisions of Section 32-422 (Location of floors occupied by non-residential uses) are modified to permit #residential uses# on the same #story# as a non-#residential use# provided no access exists between such #uses# at any level containing #residences# and provided any non-#residential uses# are not located directly over any #residential uses#. However, such non-#residential uses# may be located over a #residential use# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from non-#residential uses# exists within the #building#.

93-14
Retail Continuity Along Designated Streets

Map 2 in Appendix A (Mandatory Ground Floor Retail) specifies locations where the special ground floor #use# and transparency requirements of this section apply. Such regulations shall apply along either 100 percent or 50 percent of the building's #street# frontage, as indicated on Map 2.

#Uses# located on the ground floor level or within five feet of #curb level#, and within 50 feet of the #street line# shall be limited to #commercial uses# permitted by the underlying district, but not including #uses# listed in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 or 12D, or automobile showrooms or plumbing, heating or ventilating equipment showrooms. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations. In no event shall the length of #street# frontage occupied by lobby space or entryways exceed, in total, 40 feet or 25 percent of the building's total #street# frontage, whichever is less, except that the width of a lobby need not be less than 20 feet.

For any new #development# or #enlargement# on such designated retail #streets#, each ground floor #street wall# shall be glazed with materials which may include show windows, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of the area of each such ground floor #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk or public access area. Not less than 50 percent of such area shall be glazed with transparent materials, and up to 20 percent of such area may be glazed with translucent materials.

The provisions of this Section 93-14 shall not apply along the northern #street# frontage of West 35th through West 39th Streets within 100 feet of Eleventh Avenue, as shown on Map 2. However, any #zoning lot# fronting on such #streets# and partially within 100 feet of Eleventh Avenue may, as an alternative, apply the provisions of this Section to the entire West 35th, West 36th, West 37th, West 38th or West 39th #Street# frontage of the #zoning lot#.

93-15
Security Gates

All security gates installed after (effective date of amendment) that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street#, except that this provision shall not apply to entrances or exits to parking garages.

93-16
Public Parking Facilities

In C2-5, C2-8 and C6 Districts, the provisions of Use Groups 8 and 12 of Section 32-17 are modified to require a special permit pursuant to Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) for #public parking lots# of any capacity, and in C2-8 and C6 Districts, to allow, as-of-right, #public parking garages#, provided such garages are entirely below grade and contain not more than 0.29 parking spaces for each 1,000 square feet of #floor area# on the #zoning lot#. However, no #public parking garages# shall be permitted within the #Phase 2 Hudson Boulevard and Park#, as shown on Map 1.

93-17
Modification of Sign Regulations

The underlying #sign# regulations shall apply, except that #flashing signs# shall not be allowed within 100 feet of Hudson Boulevard, its northerly prolongation to West 39th Street, and its southerly prolongation to West 33rd Street. Furthermore, #flashing signs# shall not be allowed on any portion of a #building# fronting upon the outdoor plaza required in the Eastern Rail Yards Subarea pursuant to Section 93-71.

93-171
Authorization for signs on arenas

For new or #enlarged# arenas, the City Planning Commission may authorize non-#illuminated# or #illuminated signs#, including #flashing signs#, but not #advertising signs#, that exceed the limitations of the underlying district regulations, provided the Commission finds that such #signs# complement the architecture of the arena and enhance the entertainment character of the arena. The Commission may prescribe additional safeguards and conditions to minimize adverse effects on the character of the surrounding area.

93-18
Non-Conforming Uses in Large Scale Plan Subdistict

In the Large-Scale Plan Subdistrict, for a period of not more than ten years after (effective date of amendment), existing automobile repair establishments listed in Use Group 16 of Section 32-25 that were #conforming# prior to (effective date of amendment) may be #enlarged#, provided that the #floor area ratio# of any such establishment, including any #enlargement# pursuant to this Section, does not exceed 5.0.

93-20
FLOOR AREA REGULATIONS

93-21
Floor Area Regulations in the Large-Scale Plan Subdistrict

In the Large-Scale Plan Subdistrict, the #floor area# provisions of this Section shall apply.

For #zoning lots# or portions of #zoning lots# in the #Phase 2 Hudson Boulevard and Park#, the provisions of Section 93-32 (Floor Area Regulations in the Phase 2 Hudson Boulevard and Park) and 93-33 (Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park) shall apply.

Notwithstanding the provisions of this Section, the basic maximum permitted #floor area ratio# may be increased on an "adjacent lot" pursuant to Section 74-79 (Transfer of Development Rights from Landmark Sites), provided that the maximum #floor area# transferred from the landmark lot does not exceed the basic maximum permitted #floor area ratio# less the total #floor area# of all #buildings# on the landmark lot.

93-22
Floor Area Regulations in Subdistricts B, C, D and E

In Subdistricts B, C, D and E, the basic maximum permitted #floor area ratio# is determined by the subdistrict and, where applicable, subarea, as specified in row A in the table below. Such #floor area ratio# may be increased to the amount specified in row B in the table below only pursuant to Section 93-31 (District Improvement Fund Bonus), and, where applicable, the following provisions:

In addition, the following provisions shall apply to #residential uses#:

(1)In the Western Blocks Subarea of Subdistrict B, #residential use# shall only be permitted as part of a #development# or #enlargement# with a #commercial floor area ratio# of 12.0 or more;

Floor Area Regulations in Hell's Kitchen (Subdistrict F)

The underlying district #floor area ratio# regulations shall apply within the Hell's Kitchen Subdistrict, except that for #developments# or #enlargements# on #zoning lots# divided by district boundaries that are wholly or partially within the Hell's Kitchen Subdistrict and provide publicly accessible open areas contiguous to or over the Lincoln Tunnel Approaches, the City Planning Commission may authorize the distribution of #floor area# across such district boundaries pursuant to Section 93-431 (Authorization for the provision of public open areas).

93-30
SPECIAL FLOOR AREA REGULATIONS

93-31
District Improvement Fund Bonus

In the #Special Hudson Yards District# and Area P-2 of the #Special Garment District#, the Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum #floor area ratio# to be increased up to the maximum amount specified in Section 93-21, 93-22, or 121-31, as applicable, provided that instruments in a form acceptable to the City are executed ensuring that a contribution be deposited in the #Hudson Yards District Improvement Fund#. The execution of such instruments shall be a precondition to the filing for or issuing of any building permit for such #development# or #enlargement#. Such contribution amount shall be $100 per square foot of #floor area# as of (effective date of amendment) and shall be adjusted by the Chairperson on July 1 of the following year and each year thereafter, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.

The Commission may, by rule, adjust the contribution amount specified in the preceding paragraph to reflect changes in market conditions within the #Hudson Yards Redevelopment Area# if in its judgment, the adjusted amount will facilitate the district-wide improvements that are consistent with the purposes of this Chapter and the purposes of the #Special Garment Center District#. The City Planning Commission may make such an adjustment not more than once a year.

Such contribution amount shall be payable or secured at the time foundation work has been completed and the Commissioner of Buildings shall not authorize any additional construction until the Chairperson has certified that payment has been made or adequate security therefor has been provided.

For the conversion to #dwelling units# of non-#residential buildings# or portions thereof, where the total #floor area# on the #zoning lot# to be converted to #residential use# exceeds a #floor area ratio# of 12.0, such excess #floor area# shall be permitted only pursuant to the provisions of this Section.

93-32
Floor Area Regulations in the Phase 2 Hudson Boulevard and Park

In the #Phase 2 Hudson Boulevard and Park#, no new #development# shall be permitted, and, except as provided in Section 93-051, no existing #development# shall be #enlarged#. However, #floor area# from a granting site within the #Phase 2 Hudson Boulevard and #Park# may be transferred to a receiving site in accordance with the provisions of paragraph (a) of this Section 93-32.

For the purposes of this Section, a "granting site" shall mean a #zoning lot#, or portion thereof, within the #Phase 2 Hudson Boulevard and Park# or the Phase 2 Park within the 42nd Street Perimeter Area of the #Special Clinton District#, and the #lot area# of such granting site shall include any area on such site designated on the City Map as Hudson Boulevard or #public park#,
and a "receiving site' shall mean a #zoning lot#, or portion thereof, within the Four Corners or Northern Blocks Subareas of the Large-Scale Plan Subdistrict or the Tenth Avenue Corridor Subdistrict, to which #floor area# from a "granting site" has been transferred.

Special regulations for certain #zoning lots# partially within the #Phase 2 Hudson Boulevard and Park# are set forth in Section 93-33.

(a) Transfer of floor area by certification

The Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum #floor area ratio# of a receiving site to be increased up to the maximum amount specified in Section 93-21 or 93-22, as applicable, through the transfer of #floor area# from a granting site, provided that:

(1) the maximum amount of #floor area# transferred from a granting site shall not exceed the #floor area ratio# permitted on the granting site, as listed below, less any existing #floor area# to remain on the granting site:

District	Maximum #floor area ratio#
C2-8	7.5
C6-2	6.02
C6-4	10.0
M1-5	5.0

(2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be transferred from the granting site by the amount of #floor area# transferred;

(3) the maximum amount of #floor area# transferred to a receiving site shall be based on an amount not to exceed the #floor area ratio# permitted on a #zoning lot# through such transfer pursuant to Section 93-21 or 93-22, as applicable. In the event a #granting site# generates more #floor area# than is permitted on a #receiving site#, the Chairperson shall certify that such excess #floor area# be credited towards future #floor area# transfers pursuant to this Section, and

(4) where all #floor area# shall be transferred from a granting site pursuant to one or more such certifications, all certificates of occupancy have been surrendered for such granting site, all structures on such granting site have been demolished, and such granting site has been conveyed to the City for improvement, where applicable, as a #public park# and/or #street#, as provided for on the City Map.

Where, as a result of the transfer of #floor area# pursuant to this paragraph (a), the amount of #floor area# on a receiving site is less than the maximum allowable as specified for the applicable subarea in row B in the tables in Section 93-21 and 93-22, any additional #floor area#, up to the maximum #floor area ratio# permitted on the receiving site as specified in row B, may be achieved only through contributions to the #Hudson Yards District Improvement Fund# pursuant to Section 93-31, an increase in #floor area# pursuant to paragraph (b) of this Section 93-32 or Section 93-33, or the Inclusionary Housing Program pursuant to Section 23-90.

(b) Authorization for contribution-in-kind

The Chairperson of the City Planning Commission may authorize a contribution-in-kind to the #Hudson Yards District Improvement Fund# for a receiving site provided that:

(1) the conditions for transferring #floor area# set forth in paragraph (a) above have been met;

(2) the #granting site# will be improved, at the applicant's expense, as a #public park# and/or #street#, as provided for on the City Map, prior to conveyance to the City,

(3) the applicant has entered into an agreement or provided instruments in a form satisfactory to the City, providing for the improvement of the granting site as a #public park# and/or #street# pursuant to an agreed upon construction schedule.

In order to grant such authorization, the Commission shall find that the #public park# and/or #street# has been designed in accordance with the approved plan for the Hudson Boulevard and Park, or as an appropriate interim design, in consultation with the Department of Parks and Recreation and/or Department of Transportation.

The amount of increased #floor area# generated by the contribution-in-kind shall be as determined by the Commission, which shall determine the reasonable cost of such improvement, including any acquisition and site preparation costs, and shall permit a #floor area# bonus in relation thereto. In making such determination, the Commission may consult with an engineer at the applicant's expense. In the event the contribution-in-kind results in an amount of #floor area# in excess of what is permitted on the #receiving site#, the Commission shall authorize that such excess #floor area# be credited towards future #floor area# increases pursuant to Section 93-31 (District Improvement Fund Bonus).

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the #development# or #enlargement# identified as utilizing the increased #floor area# permitted pursuant to this paragraph (b), and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion, until the Chairperson has certified that the improvements are substantially complete and usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the improvements have been finally completed in accordance with the approved plans and such final completion has been certified by the Chairperson.

An application filed with the Chairperson of the City Planning Commission for the transfer of #floor area# pursuant to this Section shall be made jointly by the owners of the granting site and receiving site and shall include a site plan and #floor area# zoning calculations for the granting site and the receiving site, and a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with notice of the restrictions upon further #development# of the granting site and the receiving site.

Notice of restrictions shall be filed by the owners of the respective sites in the Borough Office of the Register of the City of New York, indexed against the granting site and the receiving site, a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site.

93-33
Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park

Where all of the #lot area# within the following parcels, as they existed on (effective date of amendment):

Block 708, Lots 20 and 46;
Block 709, Lot 17, and
Block 710, Lot 20

that is also within the #Phase 2 Hudson Boulevard and Park#, has been conveyed to the city pursuant to the provisions of Section 93-32, the owner of the residual portion of one of these parcels may convey to the city such residual portion, with all #development# rights appurtenant thereto, provided that all certificates of occupancy have been surrendered and all structures on such parcel have been demolished.

When such conveyance is made, the Chair of the City Planning Commission may certify that such owner is entitled to an increase in #floor area# on any "receiving site" as specified in Section 93-32, in lieu of a permitted floor area increase in exchange for contributions to the #Hudson Yards District Improvement Fund#. The amount of increase certified shall not exceed the #lot area# of the residual portion, times the #floor area ratio# of the applicable zoning district, as specified in Section 93-32(a)(1).

The maximum amount of #floor area# increase on a receiving site shall be based on an amount not to exceed the #floor area ratio# increase permitted on a #zoning lot# through such contribution pursuant to Section 93-21 or 93-22, as applicable. In the event the certified permissible #floor area# increase is greater than that permitted on a #receiving site#, the Chairperson shall certify that such excess #floor area# be credited towards future #floor area# increases on receiving sites pursuant to this Section.

Once certified by the Chair, the entitlement to an increase in #floor area# pursuant to this Section shall be the property of the former owner of the residual property conveyed to the city, and such owner may assign, sell or otherwise transfer such entitlement without restriction.

Where certification is made pursuant to this Section, the site plan and #floor area# calculations for the receiving site, together with the notice of restrictions upon further #development# of the receiving site, included in the application submitted pursuant to Section 93-32, shall set forth the increase in #floor area# for such receiving site certified hereunder.

93-34
Distribution of Floor Area in the Large-Scale Plan Subdistrict

In order to promote a superior site plan in the Eastern Rail Yards Subarea of the Large-Scale Plan Subdistrict, the Chairperson of the City Planning Commission shall allow, by certification, the distribution of #floor area# from the Eastern Rail Yard Subarea to #zoning lots# in the Four Corners and Northern Blocks Subareas of the Large-Scale Plan Subdistrict. Such distribution shall only be permitted for receiving sites that have maximized their permitted #floor area# through contributions to the #Hudson Yards District Improvement Fund# pursuant to Section 93-31 and/or the transfer or increase in the amount of #floor area# from the #Phase 2 Hudson Boulevard and Park# pursuant to Sections 93-32 or 93-33. For the purposes of this Section 93-34, a "receiving site' shall mean a #zoning lot# within the Four Corners or Northen Blocks Subareas to which #floor area# from the Eastern Rail Yard Subarea has been distributed.

(a) Distribution of #floor area# by certification
The Chairperson of the City Planning Commission shall allow, by certification, a distribution of #floor area# from the Eastern Rail Yard Subarea to a receiving site provided that:

(1) The amount of #floor area# distributed does not result in distributions in excess of the maximum amount specified for the applicable #use# that may be distributed from the Eastern Rail Yard Subarea, as set forth in paragraph (b)(2) of Section 93-21;

(2) Each distribution, once completed, irrevocably reduces the amount of #floor area# that may be distributed from the Eastern Rail Yard Subarea by the amount of #floor area# distributed, and

(3) The amount of #floor area# on the receiving site which results from such distribution does not exceed the maximum #floor area ratio# permitted on a #zoning lot# through distribution of #floor area# from the Eastern Rail Yard Subarea, as specified in row C of the table in Section 93-21.

(b) Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the distribution of #floor area# by certification pursuant to paragraph (a) of this Section shall be made jointly by the owner of the #development# rights of the Eastern Rail Yard Subarea and the receiving site and shall include:

(1) a site plan and #floor area# zoning calculations for the receiving site, and

(2) a copy of the distribution instrument legally sufficient in both form and content to effect such a distribution, together with a notice of the restrictions limiting further development of the Eastern Rail Yard Subarea.

Notice of restrictions shall be filed by the owners of the respective sites in the Borough Office of the Register of the City of New York, indexed against the Eastern Rail Yard Subarea and the receiving site, a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the receiving site.

93-35
Special Permit for Increased Floor Area in Pennsylvania Station Subarea

In the Pennsylvania Station Subarea, for #developments# or #enlargements# that significantly enhance the pedestrian environment and provide improvements to access to public transit facilities, the City Planning Commission may permit a #floor area# increase for #commercial use# above a #floor area ratio# of 15.0 to a maximum #floor area ratio# of 19.5.

(a) The following conditions shall apply:

(1) The applicant shall submit a plan acceptable to the Chairperson of the City Planning Commission identifying that portion of the #development# or #enlargement# utilizing such increased floor area.

(2) All transit facility improvements shall comply with applicable design standards or the current guidelines of the Metropolitan Transit Authority, New Jersey Transit, or Amtrak as applicable.

(3) The applicant shall submit schematic or concept plans for all proposed improvements to the applicable transportation agency and the Chairperson of the City Planning Commission, and any further documentation deemed necessary by the reviewing agencies.

(4) The applicable transportation agency shall submit a letter to the Chairperson of the City Planning Commission stating the drawings and other documents submitted by the applicant have been determined to be of sufficient scope and detail to fix and describe the size and character of the transit improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate.

(5) The owner shall sign a legally-enforceable instrument in a form acceptable to the reviewing agencies containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, pursuant to an agreed-upon construction schedule. Such instrument shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for New York County and a certified copy of the instrument shall be submitted to the Chairperson of the City Planning Commission and the applicable transportation agencies.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the #development# or #enlargement# identified as utilizing the increased #floor area# permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion, until the applicable transportation agencies have certified that the transit facility improvement is substantially complete and usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the transit improvement has been finally completed in accordance with the approved plans and such final completion has been certified by the applicable transportation agencies.

(b) In order to grant such special permit, the Commission shall find:

(1) That the transit improvements significantly enhance the surface and subsurface pedestrian circulation network into and around the #development# or #enlargement# and to and from public transit facilities;

(2) That the streetscape, the site design and the location of building entrances for the #development# or #enlargement# contribute to the overall improvement of pedestrian circulation within the #Special Hudson Yards District# and minimize congestion on surrounding streets, and

(3) That the increased #floor area# will not unduly increase the #bulk# of the #development# or #enlargement#, density of population or intensity of #use# to the detriment of the occupants of #buildings# in the surrounding area.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #development# or #enlargement# and to minimize adverse effects on the character of the surrounding area.

93-40
HEIGHT AND SETBACK REGULATIONS

In the #Special Hudson Yards District#, height and setback regulations shall be as set forth in this Section 93-40, inclusive.

93-41

Rooftop Regulations

(a) Permitted Obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Hudson Yards District#, except that elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures), may penetrate a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts)

(b) Screening Requirements for Mechanical Equipment

For all #developments# and #enlargements#, all mechanical equipment located on any roof of a #building or other structure# shall be fully enclosed, except that openings in such enclosure shall be permitted only to the extent necessary for ventilation and exhaust.

93-42
Height and Setback in Subdistricts A through E

In Subdistricts A through E, the underlying height and setback regulations shall not apply. In lieu thereof, the provisions of this Section 93-42 shall apply. These regulations are further modified in certain locations as set forth in Section 93-50 (Special Height and Setback Regulations in Subdistricts A through E). (c) modifications to the height and setback regulations of C2-5 Districts mapped within R9A Districts result in a #building# that does not exceed a height of 200 feet and is compatible with the scale and character of the surrounding area.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Publicly accessible open areas authorized by this Section shall be accessible to the public at all times, except where the Commission has authorized a nighttime closing pursuant to Section 37-06. The Chairperson may alternately certify that a plan has been submitted whereby the applicant agrees to provide the required easement, at the applicant's expense, within two years of request by the Transit Authority or by its designee.

An instrument establishing such transit easement, or agreement to provide one within two years of request by the Transit Authority, one certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of such certification. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

Floor space within any required transit easement shall be excluded from the definition of #floor area#, and may be temporarily used by the owner of the #zoning lot# for any permitted #uses# until such time as required by the Transit Authority or by its designee for subway purposes. Improvements or construction of a temporary nature within the easement volume for such temporary #uses# shall be removed by the owner of the #zoning lot# prior to the time at which public #use# of the easement area is required. Open Area Requirements in the Large-Scale Plan Subdistrict

In the Four Corners and Northern Blocks Subareas of the Large-Scale Plan Subdistrict, the provisions of this Section shall apply to all open areas between the #street wall# of any #development# or #enlargement# and the #street line#.

Beyond five feet of the #street line#, up to a distance of ten feet from the #street line#, obstructions shall be limited to seating, tables, and trees planted flush to grade. (c) All open areas at least 1,200 square feet in area, and with a width and depth of at least 30 feet shall be paved and contain landscaping. Paved areas shall not be more than two feet six inches above or below the level of the adjoining sidewalk or any adjoining public access area required pursuant to this Chapter.

(d) Open areas described in paragraphs (b) and (c) above may be occupied by features, equipment and appurtenances normally found in #public parks# and playgrounds, as listed in paragraph (g) of Section 37-04 (Requirements for Urban Plazas). In addition, gates and/or fences shall be permitted for open areas described in paragraph (c) above provided such gates are fully open during business hours, such gates and/or fences are not higher than five feet, and are a minimum of 65 percent open to permit visibility of the open area. No building permit shall be issued for any #development# or #enlargement# on such sites until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the provisions of this Section have been met.

An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#; a site plan indicating the area and dimensions of all required public access areas and the location of all proposed #buildings#, and a detailed plan or plans demonstrating compliance with the provisions of this Section.

Plans for public access areas shall be set forth in an instrument in a form acceptable to the City, and setting forth such provisions as necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification under this Section. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

The Chairperson shall allow for the phased #development# of public access areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any public access area that is integral to the #development# of a #building# or #buildings# within each phase. Where the public use and enjoyment of a public access area is contingent upon #development# on an adjacent #zoning lot# that has not yet occurred, the Chairperson may allow for the future #development# of such public access area at the time that the adjacent #zoning lot# is #developed#.

No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of any #development# or #enlargement# with a #floor area ratio# of 10.0 or more until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area is substantially complete, and the public access area is open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# with a #floor area ratio# of 10.0 or more until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area is complete and that all public access requirements of this Section have been met in accordance with the plans for such public access areas. Notwithstanding the foregoing, for #zoning lots# with multiple #buildings# for which the Chairperson has certified that a plan has been submitted that provides for the phased #development# of public access areas through completion of any public access area that is integral to the #development# of a #building# or #buildings# within each phase, such certifications shall be made with respect to substantial completion or completion of the public access areas integral to each such phase.

93-821
Authorization for above-grade parking

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (c) of Section 93-82 above, and may authorize floor space used for parking and located above a height of 23 feet to be exempt from the definition of #floor area#, provided that:

Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from adjoining #streets# or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;

(e) Any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential floor area# so as to minimize the visibility of the parking facility from adjoining #streets# or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;

(f) For portions of parking facilities that are visible from #streets#, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such #streets#, public access areas or properties, and

(a) for entrances or exits to a public parking garage located beneath Hudson Boulevard and the adjacent #public parks#, or

(b) where the Commissioner of Buildings determines there is no alternative means of access to required off-#street# parking spaces or required loading berths from other #streets# bounding the #zoning lot#. However, in no event shall curb cuts be permitted on or within 40 feet of Hudson Boulevard.

93-831
Curb Cut Restrictions in the Large-Scale Plan Subdistrict

In the Four Corners Subarea, curb cuts for parking and loading facilities shall be prohibited on West 34th Street, Tenth Avenue, Hudson Boulevard and Eleventh Avenue except where the City Planning Commission certifies there is no frontage available on West 33rd Street or West 35th Street to access a required parking or loading facility.

93-832
Curb cut restrictions in the Farley Corridor Subdistrict

No curb cuts shall be permitted on Eighth or Ninth Avenues between West 31st and West 33rd Streets. Authorization for Additional Curb Cuts

Along the north side of West 35th, West 36th, West 37th, and West 38th Streets between Tenth and Eleventh Avenues, for #zoning lots# greater than 20,000 square feet, the City Planning Commission may authorize curb cuts provided the Commission finds that such curb cuts are needed for required loading berths, such loading berths are arranged so as to permit head-in and head-out truck movements to and from the #zoning lot# and thereby permit a more efficient loading operation, such curb cuts do not unduly inhibit surface traffic or pedestrian flow, and such curb cuts do not impair the essential character of the surrounding area.

93-85
Indoor Bicycle Parking

Within the #Special Hudson Yards District#, a designated area for bicycle parking shall be provided for #developments# or #enlargements# with a minimum #commercial floor area ratio# of 5.0. Such designated area shall be provided at a ratio of one square foot per 1,000 square feet of #floor area#, but in no event shall more than 400 square feet be required. Such facility shall be enclosed, accessible and secure. Up to 25 percent of the designated bicycle parking area may be used for facilities #accessory# to the bicycle parking area.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

Introduced by Council Members Stewart, Martinez, Reed, DeBlasio, Liu, Monserrate, Brewer, Palma, Reyna, Clarke, James, Barron, Jackson, Lopez, Comrie Jr., Boyland, Gonzalez and the Public Advocate (Ms. Gotbaum).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to immigration assistance services.

Be it enacted by the Council as follows:

Section 1. **Declaration of legislative findings and intent.** Persons who assist individuals with immigration matters have a significant impact on the ability of their clients to live and work within the United States and to establish and maintain stable families and business relationships. Given the size of New York City's immigrant community, providers of immigration assistance services have a significant impact on cultural, social and economic life in this city. Presently, minimal regulation of persons who provide immigration assistance services leaves persons who require assistance with immigration matters vulnerable to abuse and unscrupulous practices. The purpose of this legislation is to give immigrants a clear understanding of the work to be performed by providers of immigration assistance services and to promote honesty and fair dealing among providers of immigration assistance services.

§2. Chapter 5 of title 20 of the administrative code of the city of New York is hereby amended by adding a new subchapter 14 to read as follows:

SUBCHAPTER 14

IMMIGRATION ASSISTANCE SERVICES

§ 20-771	***Prohibited Conduct.***
§ 20-772	***Written Agreement.***
§ 20-773	***Posting of Signs.***
§ 20-774	***Advertisements.***
§ 20-775	***Document Retention.***
§ 20-776	***Surety.***
§ 20-777	***Penalties.***
§ 20-778	***Civil Cause of Action.***
§ 20-779	***Rules.***
§ 20-780	***Severability.***

§20-770. Definitions. For the purpose of this subchapter, the following terms have the following meanings:

a. "Immigration assistance service" means providing any form of assistance, in the city of New York, for a fee or other compensation, to persons who have come, or plan to come to the United States from a foreign country, or their representatives, in relation to any proceeding, filing or action affecting the non-immigrant, immigrant or citizenship status of a person, which arises under the immigration and nationality law, executive order or presidential proclamation, or which arises under actions or regulations of the United States citizenship and immigration services, the United States department of labor, or the United States department of state.

b. "Provider" means any person, including but not limited to a corporation, partnership, limited liability company, sole proprietorship or natural person, that provides immigration assistance services, but shall not include:

1. any person who is a member in good standing of the bar of the highest court of any state, possession, territory, commonwealth or the District of Columbia, and is not under any order of any court suspending, enjoining, restraining, disbarring, or otherwise restricting him or her in the practice of law, or any person working directly under the supervision of the person admitted;

2. any tax-exempt, not-for-profit organization that provides immigration assistance services without a fee or other payment from individuals or at nominal fees as defined by the federal board of immigration appeals and any employee of such organization acting within the scope of his or her employment;

3. any organization recognized by the federal board of immigration appeals that provides immigration assistance services via representatives accredited by such board to appear before the bureau of citizenship and immigration services and/or executive office for immigration review, that does not charge a fee or charges nominal fees as defined by the board of immigration appeals;

4. any authorized agency under subdivision ten of section three hundred seventy-one of the New York state social services law and the employees of such organization when acting within the scope of such employment;

5. any elected official who, acting within the scope of his or her official capacity, without a fee or other payment makes inquiries on behalf of an individual to the United States citizenship and immigration services, the United States department of labor, the United States department of state or any other government authority responsible for administering any program, law or regulation affecting the non-immigrant, immigrant or citizenship status of a person; or

6. any employee of the office of the mayor or an executive agency of the city of New York who, acting within the scope of his or her capacity as an employee of the office of the mayor or an executive agency of the city of New York, without a fee or other payment makes inquiries on behalf of an individual to the United States citizenship and immigration services, the United States department of labor, the United States department of state or any other government authority responsible for administering any program, law or regulation affecting the non-immigrant, immigrant or citizenship status of a person.

*§ 20-771. **Prohibited conduct.** In the course of providing immigration assistance services, no provider may:*

a. State or imply that the person can or will obtain special favors from or has special influence with the bureau of citizenship and immigration services or any other governmental entity, or threaten to report the client to immigration or other authorities or undermine in any way the client's immigration status or attempt to secure lawful status;

b. Demand or retain any fees or compensation for services not performed, or costs that are not actually incurred;

c. Fail to provide a customer with copies of documents filed with a governmental entity or refuse to return original documents supplied by, prepared on behalf of, or paid for by the customer, upon the request of the customer, or upon termination of the contract. Original documents must be returned promptly upon request and upon cancellation of the contract, even if there is a fee dispute between the immigration assistance provider and the customer;

d. Assume, use or advertise the title of lawyer or attorney at law, or equivalent terms in the English language or any other language, or represent or advertise other titles or credentials, including but not limited to "Notary Public", "Accredited Representative of the Board of Immigration Appeals" or "Immigration Consultant," that could cause a customer to believe that the person possesses special professional skills or is authorized to provide advice on an immigration matter; provided that a notary public licensed by the secretary of state may use the term "Notary Public";

e. Give any legal advice concerning an immigration matter or otherwise engage in the practice of law;

f. Make any guarantee or promise to a customer, unless there is a basis in fact for such representation, and the guarantee or promise is in writing;

g. Represent that a fee may be charged, or charge a fee for the distribution, provision or submission of any official document or form issued or promulgated by a state or federal governmental entity, or for a referral of the customer to another person or entity that is qualified to provide services or assistance which the immigration assistance service provider will not provide;

h. Disclose any information to, or file any forms or documents with, immigration or other authorities without the knowledge or consent of the customer.

*§ 20-772. **Written Agreement.** No immigration assistance services shall be provided until the customer has executed a written contract with the provider who will provide such services. The contract shall be in a language understood by the customer, either alone or with the assistance of an available interpreter, and, if that language is not English, an English language version of the contract must also be provided. A copy of the contract shall be provided to the customer upon the customer's execution of the contract. The customer has the right to cancel the contract within three business days after his or her execution of the contract, without fee or penalty. The right to cancel the contract within three days without payment of any fee may be waived when services must be provided immediately to avoid a forfeiture of eligibility or other loss of rights or privileges, and the customer furnishes the provider with a separate dated and signed statement, by the customer or his or her representative, describing the need for services to be provided within three days and expressly acknowledging and waiving the right to cancel the contract within three days. The contract may be cancelled at any time after execution. If the contract is cancelled after three days, or within three days if the right to cancel without fee has been waived, the provider may retain fees for services rendered, and any additional amounts actually expended on behalf of the customer. All other amounts must be returned to the customer within fifteen days after cancellation. The written contract shall be in plain language, in at least twelve point type and shall include the following:*

1. The name, address and telephone number of the provider.

2. Itemization of all services to be provided to the customer, as well as the fees and costs to be charged to the customer.

3. A statement that original documents required to be submitted in connection with an application made to the federal bureau of citizenship and immigration services or for other certifications, benefits or services provided by government may not be retained by the provider for any reason, including payment of fees or costs.

4. A statement that the provider shall give the customer a copy of each document filed with a governmental entity.

5. A statement that the customer is not required to obtain supporting documents through the provider, but may obtain such documents himself or herself.

6. The statement: "You have three (3) business days to cancel this contract. Notice of cancellation must be in writing, signed by you and mailed by registered or certified United States mail to (specify address). If you cancel this contract within three days, you will get back your documents and any fees that you paid."

7. A statement that the provider has financial surety in effect for the benefit of any customer in the event that the customer is owed a refund, or is damaged by the actions of the provider, together with the name, address and telephone number of the surety.

8. The statement: "The individual providing assistance to you under this contract is not an attorney licensed to practice law or accredited by the board of immigration appeals to provide representation to you before the bureau of citizenship and immigration services, the department of labor, the department of state or any immigration authorities and may not give legal advice or accept fees for legal advice."

9. The statement: "The individual providing assistance to you under this contract is prohibited from disclosing any information or filing any forms or documents with immigration or other authorities without your knowledge and consent."

10. The statement: "A copy of all forms completed and documents accompanying the forms shall be kept by the service provider for three years. A copy of the customer's file shall be provided to the client on demand and without fee."

*§20-773. **Posting of Signs.***

a. A provider must post signs at every location where that provider meets with customers that states the following: "THE INDIVIDUAL PROVIDING ASSISTANCE TO YOU

UNDER THIS CONTRACT IS NOT AN ATTORNEY LICENSED TO PRACTICE LAW OR ACCREDITED BY THE BOARD OF IMMIGRATION APPEALS TO PROVIDE REPRESENTATION TO YOU BEFORE THE BUREAU OF CITIZENSHIP AND IMMIGRATION SERVICES, THE DEPARTMENT OF LABOR, THE DEPARTMENT OF STATE OR ANY IMMIGRATION AUTHORITIES AND MAY NOT GIVE LEGAL ADVICE OR ACCEPT FEES FOR LEGAL ADVICE." A separate sign shall be posted in a location visible to customers in conspicuous size type and which contains the schedule of fees for services offered and the statement: "YOU MAY CANCEL ANY CONTRACT WITHIN 3 BUSINESS DAYS AND GET BACK YOUR DOCUMENTS AND ANY MONEY YOU PAID."

b. Signs required by this section must be at least 11 inches by 17 inches and must be posted in a conspicuous location in English and in every other language in which immigration assistance services are provided at the location.

§20-774. Advertisements.

a. Every provider who advertises immigration assistance services by signs, pamphlets, newspapers or any other means shall post or otherwise include with the advertisement a notice in English and in the language in which the advertisement appears. The notice must be of a conspicuous size and must state: "The individual providing assistance to you is not an attorney licensed to practice law or accredited by the board of immigration appeals to provide representation to you before the bureau of citizenship and immigration services, the department of labor, the department of state or any immigration authorities and may not give legal advice or accept fees for legal advice."

b. No advertisement for immigration assistance services may expressly or implicitly guarantee any particular government action, including but not limited to the granting of residency or citizenship status.

§ 20-775. Document Retention. *Every provider shall retain copies of all documents prepared or obtained in connection with a customer's request for assistance for a period of three years after a written contract is executed by the provider and the customer, whether or not such contract is subsequently cancelled.*

§ 20-776. Surety. *Unless otherwise required by New York State law, every provider must maintain in full force and effect a bond, contract of indemnity, or irrevocable letter of credit, payable to the people of the city of New York, in the principal amount of fifty thousand dollars. Such surety shall be for the benefit of any person who does not receive a refund of fees from the provider to which he or she is entitled, or is otherwise injured by the provider. The Commissioner on behalf of the person or the person in his or her own name may maintain an action against the provider and the surety.*

§ 20-777. Penalties. *a. (1) Criminal Penalties. Any provider who violates any provision of this subchapter shall be guilty of a class A misdemeanor.*

(2) Civil Penalties. Any provider of immigration assistance services who violates any provision of this subchapter or any rule or regulation promulgated hereunder shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than two thousand five hundred dollars for the first violation and for each succeeding violation a civil penalty of not less than five hundred dollars nor more than five thousand dollars.

b. A proceeding to recover any civil penalty authorized pursuant to the provisions of this section shall be commenced by the service of a notice of violation that shall be returnable to the administrative tribunal of the department of consumer affairs.

§ 20-778. Civil Cause of Action. *Any person claiming to be injured by the failure of a provider of immigration assistance services to comply with the provisions of this subchapter shall have a cause of action against such provider of immigration assistance services in any court of competent jurisdiction for any or all of the following relief:*

a. compensatory and punitive damages;
b. injunctive and declaratory relief;
c. attorney's fees and costs; and
d. such other relief as a court deems appropriate.

§ 20-779. Rules. *The commissioner may promulgate such rules and regulations as are necessary for the purposes of implementing and carrying out the provisions of this subchapter. Upon a finding by the commissioner that the requirements of state law applicable to providers of immigration services are substantially the same as the requirements of this subchapter, compliance with state law shall be deemed to be compliance with the requirements of this subchapter.*

§ 20-780. Severability. *If any section, subsection, sentence, clause, phrase or other portion of this subchapter is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which shall continue in full force and effect.*

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to requiring that the New York city department of education provide voter registration forms to students.

Be it enacted by the Council as follows:

Section 1. Legislative findings. The Council of the city of New York affirms that voting is a central tenet of democracy. The vitality of the democratic process depends on voter participation in elections. Yet, far too few New Yorkers vote in local, state or national elections, and voter participation has been declining. The Council finds that affirmative steps are necessary to encourage and increase voter participation in all elections.

The Council further finds that this decline and lack of participation is due, in part, to the fact that voters find it difficult to register to vote. Although both city and state laws provide mechanisms for distributing voter registration forms by city and state agencies as part of agency-based voter registration programs, the New York City Department of Education does not participate in such programs. The Council finds that the Department of Education is uniquely positioned in the City to enhance the participation of young people in the democratic process by distributing voter registration forms to potential young voters.

§ 2. Section 3-209 of the administrative code of the city of New York is hereby REPEALED and RE-ENACTED as follows:

§3-209 a. Short title.This section shall be known and may be cited as the "Young Adult Voter Registration Act."

b. Registration of voters. Each public or private high school within the city shall make available during the school year to seniors such materials as may be published by the board of elections relating to voter registration and, where appropriate, shall provide applications for registration and enrollment, and may assist in the execution of such applications.

c. Registration of graduating seniors. The department of education of the city of New York shall provide a postage paid board of elections of the city of New York voter registration form to each graduating student who receives a high school diploma, including but not limited to a Regents, local, general equivalency or Individualized Education Program diploma. The department shall deliver such voter registration form to each graduating student at the same time and in the same manner as it delivers diplomas to each such student.

d. Forms to be available at school. The department of education of the city of New York shall ensure that postage paid board of elections voter registration forms are available in the main or central office of each high school under the jurisdiction of the department for students who wish to obtain one. The department shall also ensure that each such high school provides adequate notice to its students of the availability of such forms in its main or central office.

e. Sufficient quantity of forms. The department shall request from the board of elections of the city of New York a sufficient quantity of voter registration forms to meet the requirements of this subdivision.

§3. Section 3-210 of the administrative code of the city of New York is hereby REPEALED.

§4. Section 3.210.1 of the administrative code of the city of New York is hereby renumbered as section 3-210.

§5. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§ 6. This local law shall take effect thirty days after its enactment into law.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on June 28, 2004 and approved by the Mayor on July 12, 2004.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to newsracks.

Be it enacted by the Council as follows:

Section 1. Paragraph 4 of subdivision b of section 19-128.1of chapter 1 of title 19 of the administrative code of the city of New York, as added by local law number 23 of 2002, is amended to read as follows:

4. The owner or person in control of each newsrack shall affix his or her name, address, telephone number, and email address, if any, on the newsrack in a readily visible location *and shall conform such information to any changes required to be reported to the department in accordance with the provisions of subdivision c of this section.* In no event shall a post office box be considered an acceptable address for purposes of this paragraph.

§2. Subdivision c of section 19-128.1 of chapter 1 title 19 of the administrative code of the city of New York, as added by local law number 23 for the year 2002, is amended to read as follows:

c. Notification to city of location of newsrack. 1. *(a)* Where a newsrack has been placed or installed on a sidewalk before the effective date of this section, the owner or person in control of such newsrack shall, within sixty days after such effective date, submit to the commissioner a form identifying: (i) the address of such newsrack; (ii) the name of the newspaper(s) or written matter to be offered for distribution in such newsrack; and (iii) the name, address, telephone number, and email address of the owner or person in control of such newsracks; and representing that such newsracks comply with the provisions of this section.

(b) Any other owner or person in control of a newsrack shall, prior to placing or installing such newsrack on a sidewalk, submit to the commissioner a form providing the information in clauses (ii) and (iii) of subparagraph (a) of this paragraph.

2. Subsequent to the initial notification requirements set forth in paragraph [1] *one* of this subdivision, the owner or person in control of any newsrack shall submit the information set forth in *subparagraph a of such* paragraph [one of this subdivision four times] *once* a year to the commissioner in accordance with a [quarterly] notification schedule to be established by the commissioner. *However, if the number of newsracks owned or controlled by such owner or person increases or decreases by ten percent or more of the number of newsracks that have been included in the most recent notification required to be submitted by such owner or person, such owner or person shall also be required to submit the information set forth in such paragraph within seven days of such change, and provided, further, that such owner or person shall advise the department of any change in his or her name or address within seven days of such change.*

§3. Paragraph 2 of subdivision d of section 19-128.1, as added by local law number 23 for the year 2002, is amended to read as follows:

2. Each person who owns or controls a newsrack on any sidewalk shall maintain a general liability insurance policy naming the city of New York, and its departments, boards, officers, employees and agents as additional insureds for the specific purpose of indemnifying and holding harmless those additional insureds from and against any and all losses, costs, damages, expenses, claims, judgments or liabilities that result from or arise out of the placement, installation and/or the maintenance of any newsrack. The minimum limits of such insurance coverage shall be no less than three hundred thousand dollars combined single limit for bodily injury, including death, and property damage, except that any person who maintains an average of one hundred or more newsracks at any one time shall maintain such minimum insurance coverage of one million dollars. An insurance certificate demonstrating compliance with the requirements of this subdivision shall be submitted annually by December 31st to the commissioner by the person who owns or controls such insured newsracks. Should said policy be called upon to satisfy any liability for damages covered by said policy, the policy must be of such a nature that the original amount of coverage is restored after any payment of damages under the policy. Failure to maintain a satisfactory insurance policy pursuant to this subdivision or failure to submit an annual insurance certificate to the commissioner pursuant to this subdivision, shall be deemed a violation of this section subject to *subparagraph b-1 of paragraph one of* subdivision f of this section.

§4. Subdivision e of section 19-128.1 of chapter 1 of title 19 of the administrative code of the city of New York, as added by local law number 23 for the year 2002, is amended to read as follows:

e. Maintenance, continuous use, repair and removal. 1. [Each newsrack shall be maintained in a clean and neat condition and shall be kept in good repair.] Any person who owns or is in control of a newsrack shall [be required to monitor] *certify once every four months to the commissioner on forms prescribed by the commissioner that* each newsrack [so that it is kept clean and free of] *under his or her ownership or control has been repainted, or that best efforts have been made to remove* graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions [and is kept good repair] *at least once during the immediately preceding four month period. Such person shall maintain a log in which the measures and the dates and times when they are taken are recorded in accordance with a format approved or set forth by the commissioner. Such person shall maintain records for a period of three years documenting the use of materials, employees, contractors, other resources and expenditures utilized for the purpose of demonstrating the repainting or best efforts of such person to remove such graffiti or other unauthorized writing, painting, drawing, or other markings or inscriptions. Such person shall, solely for the purposes of complying with the provisions of this paragraph, make such log and such records, and only such log and such records, available to the department for inspection and copying during normal and regular business hours and shall deliver copies to the department upon its request. Such inspection may only be conducted by the department once per certification period. If the department determines that such certification, log and records do not accurately demonstrate that an owner or person in control of a newsrack has repainted or used best efforts for such purposes as required by this paragraph, or upon a determination by the department that an owner or such person failed to comply with any other provision of this paragraph, the department shall issue a notice of violation in accordance with subparagraph b-1 of paragraph one of subdivision f of this section.*

2. [Such] *Any* person *who owns or is in control of a newsrack* shall [also] use best efforts to ensure that each newsrack under his or her ownership or control is not used as a depository for the placement of refuse and shall be required to remove any refuse placed within such newsrack within [twenty-four] *forty-eight* hours of [being made aware of such condition] *receipt of a notice of correction from the commissioner as provided in subparagraph a of paragraph one of subdivision f of this section regarding such condition.*

[2] *3.* In no event shall the owner or person in control of a newsrack fail to keep such newsrack supplied with written matter for a period of more than seven consecutive days without securing the door so as to prevent the deposit of refuse therein. In no event shall such newsrack remain empty for a period of more than [twenty-one] *thirty* consecutive days.

[3] *4.* Any newsrack that has been damaged [or vandalized] *or is in need of repair* shall be repaired, replaced or removed by the owner or person in control of such newsrack within [ten] *seven business* days of receipt of *a* notice of *correction from the commissioner as provided in subparagraph a of paragraph one of subdivision f of this section regarding* such damage or [vandalism] *need for repair.* If such newsrack has been damaged [or vandalized so as to constitute], *or if it is in a state of disrepair, such that it constitutes* a danger to persons or property, it shall be made safe within a reasonable time following *receipt of such a* notice of *correction from the commissioner regarding* such condition.

[4] *5.* Any damage to city property resulting from the placement, installation, maintenance or removal of a newsrack shall be repaired promptly by the owner or person in control of such newsrack. If a newsrack is removed from its location on a sidewalk, the owner or person in control of such newsrack shall be responsible for restoring the sidewalk and any other affected city property to the condition existing prior to installation of that newsrack.

§5. Subdivision f of section 19-128.1 of chapter 1 of title 19 of the administrative code of the city of New York, as added by local law number 23 for the year 2002, is amended to read as follows:

f. Enforcement. 1. (a) Whenever any newsrack is found to be in violation of *any provision of subdivision b of this section or paragraphs two, three, four or five of subdivision e of* this section, the commissioner shall issue a notice of correction [by affixing it to such newsrack] specifying the date and nature of the violation and shall send written notification, by regular mail, to the owner or person in control of the newsrack. [Such] *In addition, the commissioner may send a copy of such notice of correction to a person designated by such owner or person to receive such notice, and/or the commissioner may send such notice by electronic mail to such owner or such person specifying the date and nature of the violation. However, failure to send a copy by regular or electronic mail will not extend the time period within which such owner or other person is required by any provision of this section to take action, nor will such failure result in the dismissal of a notice of violation issued pursuant to any provision of this section. The commissioner shall cause photographic evidence of such violation to be taken. Such evidence shall be sent by regular mail together with the notice of correction. Except as otherwise provided for the removal of refuse in paragraph two of subdivision e of this section, such* person shall within seven business days from the date of receipt of notification via regular mail cause the violation to be corrected. *For the purposes of this section, a notice of correction shall be deemed to have been received five days from the date on which it was mailed by the commissioner.*

(b) If an owner or other person in control of a newsrack fails to comply with a notice of correction issued pursuant to subparagraph a of this [subdivision] *paragraph* or an order by the commissioner to remove served pursuant to paragraph three of this subdivision, a notice of violation returnable to the board shall be served on such owner or person in control of such newsrack. *No notice of violation shall be issued for the failure to comply with a notice of correction issued pursuant to subparagraph a of paragraph one of this subdivision unless the commissioner has caused a second inspection of the violation to take place within a period of time that commences on the day after the applicable period for correcting such violation expires and ends fourteen days after such day. In addition, the commissioner may send to such owner or other person in control of such newsrack, by electronic mail, photographic evidence of such violation taken at such second inspection. Failure to send such photographic evidence by electronic mail will not result in the dismissal of a notice of violation issued pursuant to any provision of this section.-*

(b-1) Failure by an owner or a person in control of a newsrack to comply with subdivision c or d of this section, failure by such owner or person to certify or failure to accurately demonstrate that such owner or person has repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions, as required by paragraph one of subdivision e of this section, shall be a violation and shall be subject to the applicable penalties provided in paragraph six of this subdivision. A proceeding to recover any civil penalty authorized by this subparagraph shall be commenced with service on such owner or person of a notice of violation returnable to the board. The commissioner shall not be required to issue a notice of correction before issuing or serving a notice of violation pursuant to this subparagraph.

(c) If the return date of [the] *a* notice of violation *issued pursuant to subparagraph b or b-1 of this paragraph* is more than five business days after the service of such notice, the board shall, upon the request of the respondent, in person at the office of the board, provide a hearing on such violation prior to such return date and no later than five business days after the date of such request. At the time set for such hearing, or at the date to which such hearing is continued, the board shall receive all evidence relevant to the occurrence or non-occurrence of the specified violation(s), the compliance or noncompliance with any of the provisions of this section, and any other relevant information. Such hearing need not be conducted according to technical rules relating to evidence and witnesses. Oral evidence shall be taken only on oath or affirmation. Within five business days after the conclusion of the hearing, the board shall render a decision, based upon the facts adduced at said hearing, whether [the newsrack violates] *any violations of* this section *have occurred.* The decision shall be in writing and shall contain findings of fact and a determination of the issues presented. The board shall send to the owner or person in control of the newsrack by regular mail, a copy of its decision and order.

2. *(a)* If the board renders a decision upholding the finding of a violation against the respondent upon default or after a hearing held pursuant to paragraph one of this subdivision, *other than a decision finding a violation of the provisions of paragraph one of subdivision e of this section,* and the violation is not remedied within seven days of receipt of the decision of the board, the commissioner or his or her designee is authorized to provide for the removal of such newsrack and any contents thereof to a place of safety. *For purposes of this subparagraph, a decision shall be deemed to have been received five days from the date on which it was mailed.* If such newsrack and any contents thereof are not claimed within thirty days after their removal by a person entitled to their return, they shall be deemed to be abandoned and may be either sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of, and the owner or person in control shall be liable to the City for the costs of removal and storage and shall be subject to a civil penalty pursuant to *subparagraph a of* paragraph [five] *six* of subdivision f of this section. Newsracks and the contents thereof that are removed pursuant to this subparagraph shall be released to the owner or other person lawfully entitled to possession upon payment of the costs for removal and storage and any civil penalty or, if an action or proceeding concerning the violation is pending, upon the posting of a bond or other form of security acceptable to the department in an amount that will secure the payment of such costs and any penalty that may be imposed hereunder.

(b) If the board renders a decision upholding the finding of a violation against the respondent for having failed to certify, or having failed to accurately demonstrate that such respondent repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions or having failed to comply with any other provision of paragraph one of subdivision e of this section, the board shall impose a penalty in accordance with subparagraph b of paragraph six of this subdivision.

3. The commissioner may, upon notice, serve an order upon the owner or other person in control of a newsrack requiring such person to remove or cause to be removed such newsrack within seven business days of [the issuance] *receipt* of such order where such removal is required because the site or location at which such newsrack is placed is used or is to be used for public utility purposes, public transportation, or public safety purposes, or when such newsrack unreasonably interferes with construction activities in nearby or adjacent buildings, or if removal is required in connection with a street widening or other capital project or improvement. If such person does not remove such newsrack within seven business days of [the issuance] *receipt* of such order, the provisions contained in [subparagraph] *subparagraphs* b *and* c of paragraph one of this subdivision and *subparagraph a of* paragraph two of this subdivision regarding issuance of a notice of violation and alternatives for removal, storage, abandonment, disposal, and release, shall apply.

4. Notwithstanding any other provision of law to the contrary, if a newsrack has been deemed to have been abandoned in accordance with this paragraph, the commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer is authorized to provide for the removal of such newsrack and *it* may either be sold at public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of. A newsrack shall be deemed to have been abandoned for purposes of this paragraph if the name, address or other identifying material of the owner or other person in control of such newsrack is not affixed to such newsrack as required by paragraph four of subdivision b of this section *and such owner or other person has not submitted to the commissioner the information required in clauses (ii) and (iii) of subparagraph a of paragraph one of subdivision c of this section.*

5. (a) Where emergency circumstances exist and the commissioner or his or her designee gives notice to the owner or other person in control of a newsrack to remove such newsrack, such person shall comply with such notice. For the purposes of this paragraph, emergency circumstances shall mean circumstances which present an imminent threat to public health or safety.

(b) If any owner or other person in control of a newsrack does not remove such newsrack when directed to do so pursuant to the provisions of subparagraph a of *this* paragraph [five of this subdivision], or if circumstances are such that public safety requires the immediate removal of a newsrack and it is not reasonable to give the owner or other person in control of such newsrack notice prior to removal, the commissioner or his or her designee may provide for the removal of such newsrack to a place of safety. Unless an administrative proceeding brought pursuant to subparagraph c of *this* paragraph [five of this subdivision] has terminated in favor of such owner or other person in control of such newsrack, such owner or other person in control of such newsrack may be charged with the reasonable costs of

removal and storage payable prior to the release of such newsrack and the contents thereof.

(c) If an owner or other person in control of a newsrack fails to comply with a notice issued pursuant to subparagraph a of this paragraph to remove such newsrack, a notice of violation returnable to the board shall be served on such owner or person in control of such newsrack. If the newsrack has been removed by the city pursuant to subparagraph b of this paragraph, such notice of violation shall be served immediately after removal, and, if the return date of the notice of violation is more than five business days after the service of such notice, the board shall, upon the request of the respondent, in person at the office of the board, provide a hearing on such violation prior to such return date and no later than five business days after the date of such request. The hearing shall take place under the provisions set forth in [subparagraph] *subparagraphs* b *and c* of paragraph one of this subdivision and a decision shall be rendered by the board within five business days after the conclusion of the hearing. If a decision is rendered at such hearing that emergency circumstances did not exist, such newsrack shall be returned within ten days to the location from which it was removed by the commissioner or his or her designee. If a decision is rendered against the respondent upon default or after a hearing that such emergency circumstances existed, such newsrack and the contents thereof shall be released to the owner or other person lawfully entitled to possession. If, after a board decision that removal was proper, such newsrack and any contents thereof are not claimed within thirty days after the date of removal by a person entitled to their return, such newsrack and any contents thereof shall be deemed abandoned and may be either sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of.

6. *(a)* Any owner or person in control of a newsrack found to be in violation of any provision of this section shall, after a board decision has been issued upon default or after a hearing, be subject to a civil penalty in the amount of *(i) no less than fifty dollars and no more than one hundred dollars for each violation for a specific newsrack of any of the provisions of paragraphs two, three, four or five of subdivision e of this section or paragraph four of subdivision b of this section, except that a person found in violation of any of such provisions after a decision of the board issued on default shall be subject to a penalty of no less than one hundred dollars and no more than five hundred dollars; (ii) no less than five hundred dollars and no more than four thousand dollars for each violation of paragraph one of subdivision c of this section; and (iii)* no less than one hundred dollars and no more than five hundred dollars for each violation *of paragraphs one, two, three, five, six and seven of subdivision b of this section.*

(b) Any owner or person in control of one or more newsracks found by the board to have failed to certify, or to have failed to accurately demonstrate that such owner or person repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions, as required by paragraph one of subdivision e of this section, or failed to comply with any other requirements of such paragraph, or failed to comply with any provision of paragraph two of subdivision c of this section, or failed to maintain insurance as required by subdivision d of this section, shall be liable for a civil penalty determined in accordance with the number of newsracks such person owns or controls as follows:

Number of newsracks owned or controlled by such person	*A violation of paragraph one of subdivision e paragraph two of subdivision c or subdivision d of this section*
Up to and including ninety-nine newsracks	*Two hundred fifty to five hundred dollars*
More than ninety-nine and less than two hundred fifty newsracks	*Three hundred seventy-five to seven hundred fifty dollars*
More than two hundred forty-nine and less than five hundred newsracks	*Seven hundred fifty to one thousand five hundred dollars*
More than four hundred ninety-nine and less than seven hundred fifty newsracks	*One thousand one hundred twenty-five to two thousand two hundred fifty dollars*
More than seven hundred forty-nine and less than one thousand newsracks	*One thousand five hundred to three thousand dollars*
One thousand or more newsracks	*Two thousand to four thousand dollars*

7. The commissioner[,] shall remove or cause to be removed from any sidewalk for a period of three consecutive months, every newsrack and the contents thereof under the ownership or control of any person who repeatedly violates any provision or provisions of this subdivision. For purposes of this paragraph, a person shall be deemed to have repeatedly violated this section if such person has been determined by the board, upon default or after a hearing, to have violated the provisions of this section ten or more times within [any-six month] *any six-month* period and that *such* person has failed to pay three or more civil penalties imposed during that same time period. *For purposes of this paragraph, a person shall also be deemed to have repeatedly violated this section if such person is determined by the board, upon default or after a hearing, to have failed to make the certification required by paragraph one of subdivision e of this section or to have failed to accurately demonstrate that such person repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions as required by such paragraph in each of two consecutive certification periods in any two year period or three times in any two-year period.* The department shall maintain a record of all persons who repeatedly violate any provision or provisions of this subdivision. In the event that the commissioner removes or causes to be removed all newsracks and the contents thereof under the ownership or control of any person based upon this paragraph, such person shall be permitted to replace all such newsracks at the locations from which they were removed upon payment in full of all outstanding civil penalties imposed for violations of this section and the reasonable costs of removal and storage, provided that such newsracks meet the requirements of this section. If any newsracks or contents thereof removed pursuant to this paragraph are not claimed within thirty days after the expiration of the three-month removal period, such newsracks or the contents thereof shall be deemed abandoned and may be either sold at public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency or otherwise disposed of.

8. In giving any notice of correction or serving any commissioners order required under this section, except as otherwise provided by law, the commissioner may rely on the validity of any address (a) posted on the newsrack pursuant to paragraph four of subdivision b of this section as the address of the owner or person in control of the newsrack or (b) submitted to the department pursuant to subdivision c of this section, and shall provide such notice by regular mail. If the owner of a newsrack or person in control of a newsrack shall have failed to comply with paragraph four of subdivision b or with subdivision c of this section, the commissioner shall make reasonable efforts to ascertain the identity and address of the owner or person in control of such newsrack for the purpose of giving any required notice, and having done so, may take action as if any required notice had been given.

9. Nothing in this section shall preclude the immediate removal of a newsrack when otherwise authorized by law.

§6. This local law shall effect take sixty days after its enactment into law, except that the commissioner of transportation shall be authorized to take such administrative actions deemed necessary to effectuate the provisions of this local law prior to its effective date.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to providing an earned income tax credit against the personal income tax of the City.

Be it enacted by the Council as follows:

Section 1. Section 11-1706 of the administrative code of the city of New York is amended by adding a new subdivision (d) to read as follows:

(d) Earned income tax credit. (1) For taxable years beginning after two thousand three, a credit against the city personal income tax shall be allowed, equal to five percent of the earned income credit allowed under section thirty-two of the internal revenue code for the same taxable year.

(2) In the case of a resident taxpayer, the credit provided by this subdivision shall be allowed against the taxes authorized by this chapter for the taxable year reduced by the credits permitted by this chapter. If the credit exceeds the tax as so reduced, the taxpayer may receive, and the state comptroller, subject to a certificate of the commissioner of the state department of taxation and finance, shall pay as an overpayment, without interest, the amount of such excess.

(3) If a taxpayer changes his or her status during the taxable year from city resident to city nonresident, or from city nonresident to city resident, the credit determined under this subdivision shall be limited to the amount determined by multiplying the amount of such credit by a fraction, the numerator of which is such taxpayer's city adjusted gross income, for the period of residence, and the denominator of which is such taxpayer's city adjusted gross income determined as if he or she were a city resident for the entire taxable year. City adjusted gross income shall be adjusted as provided in section 11-1754 of this chapter. The credit as so limited shall be applied as provided in paragraph two of this subdivision.

In the case of a husband and wife who are not required to file a federal return, the credit under this subsection shall be allowed only if such taxpayers file a joint city personal income tax return.

No. 40

Introduced by Council Members Weprin, Nelson, Gentile, Gennaro, Katz, Stewart and Jennings Jr. (by request of the Mayor). Passed under a Message of Necessity from the Mayor.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to a rebate of real property taxes on certain residential real property.

Be it enacted by the Council as follows:

Section 1. Title 11 of the administrative code of the city of New York is amended by adding a new section 11-239 to read as follows:

§ 11-239. Real property tax rebate for certain residential property. 1. For fiscal years beginning the first of July, two thousand three and ending the thirtieth of June, two thousand six, a rebate in the amount of the lesser of four hundred dollars or the annual tax liability imposed on the property shall be paid to an owner or tenant-stockholder who, as of the date the application provided for in subdivision four of this section is due, owns a one, two or three family residence or a dwelling unit in residential property held in the condominium or cooperative form of ownership that is the owner or tenant-stockholder's primary residence and meets all other eligibility requirements of this section. If, with respect to any such fiscal year during which such rebate is to be paid, an increase in average real property tax rates would otherwise be necessary in the resolution of the city council fixing real property tax rates for such fiscal year pursuant to the charter, then the rebate to be paid in such fiscal year shall be reduced or eliminated to the extent necessary to reduce or eliminate such increase in average real property tax rates. Notwithstanding anything to the contrary in sections four hundred twenty-one-a, four hundred twenty-one-b or four hundred twenty-one-g of the real property tax law, an owner or tenant-stockholder whose property is receiving benefits pursuant to such sections shall not be prohibited from receiving a rebate pursuant to this section if such owner or tenant-stockholder is otherwise eligible to receive such rebate. Tenant-stockholders of dwelling units in a cooperative apartment corporation incorporated as a mutual company pursuant to article two, four, five or eleven of the private housing finance law shall not be entitled to the rebate authorized by this section. Such rebate shall be paid by the commissioner of finance to eligible owners or tenant-stockholders in accordance with rules promulgated by the commissioner of finance.

2. Eligibility requirements. a. To qualify for the rebate pursuant to this section (1) the property must be a one, two or three family residence or residential property held in the condominium or cooperative form of ownership;

(2) the property must serve as the primary residence of one or more of the owners or tenant-stockholders thereof; and

(3) the owner must not be in arrears in the payment of real property taxes in an amount in excess of twenty-five dollars for the fiscal year for which the rebate is claimed and all prior fiscal years, and for residential property held in the cooperative form of ownership, there must be no arrears in the payment of real property taxes in an amount in excess of an average of twenty-five dollars per dwelling unit in such cooperative apartment corporation for the fiscal year for which the rebate is claimed and all prior fiscal years.

b. If legal title to the property is held by one or more trustees, the beneficial owner or owners shall be deemed to own the property for purposes of this subdivision.

3. Definitions. As used in this section:

a. "Applicant" means the owner or owners or tenant-stockholder or tenant-stockholders of the property.

b.. "Property" means a one, two or three family residence or a dwelling unit in residential property held in the condominium or cooperative form of ownership.

4. Application procedure. a. Generally. An application for a rebate pursuant to this section for the fiscal year beginning the first of July, two thousand three, shall be made no later than the date published by the commissioner of finance in the city record and in other appropriate general notices pursuant to this subdivision, which date shall be no earlier than thirty days after enactment of a state law authorizing such rebate. An application for a rebate pursuant to this section for fiscal years beginning on or after the first of July, two thousand four, shall be made no later than the fifteenth of March of the fiscal year for which the rebate is claimed. All owners or tenant-stockholders of property who primarily reside thereon must jointly file an application for the rebate on or before the application deadline, unless such owners or tenant-stockholders currently receive a real property tax exemption pursuant to section four hundred twenty-five of the real property tax law, in which case no separate application for a rebate pursuant to this section shall be required. Such application may be filed by mail if it is enclosed in a postpaid envelope properly addressed to the commissioner of finance, deposited in a post office or official depository under the exclusive care of the United States postal service, and postmarked by the United States postal service on or before the application deadline. Each such application shall be made on a form prescribed by the commissioner of finance, which shall require the applicant to agree to notify the commissioner of finance if his, her or their primary residence changes after receiving the rebate pursuant to this section, or after filing an application for such rebate, if his, her or their primary residence changes after filing such application, but before receiving such rebate. The commissioner of finance may request that proof of primary residence be submitted with the application. No rebate pursuant to this section shall be granted unless the applicant, if required to do so by this subdivision, files an application within the time periods prescribed in this subdivision.

b. Approval or denial of application. If the commissioner of finance determines that the applicant is entitled to the rebate pursuant to this section, the commissioner of finance shall approve the application and such owner or tenant-stockholder shall thereafter be entitled to the rebate as provided in this section. If the commissioner of finance determines that the applicant is not entitled to the rebate pursuant to this section, the commissioner of finance shall mail to each applicant not entitled to the rebate a notice of denial of that application for the rebate for that year in accordance with rules for denial of applications to be promulgated by the commissioner of finance. The notice of denial shall specify the reason for such denial and shall be sent on a form prescribed by the commissioner of finance. Failure to mail any such notice of denial or the failure of any applicant to receive such notice shall not prevent the levy, collection and enforcement of taxes on such applicant's property.

c. Proof of residency. (1) Requests. From time to time, the commissioner of finance may request proof of residency from the owner or tenant-stockholder receiving a rebate pursuant to this section.

(2) Timing. A request for proof of residency shall be mailed at least sixty days prior to the ensuing application deadline. The owner or tenant-stockholder shall submit proof of his, her or their residency in an application to the commissioner of finance on or before the application deadline.

d. Review of submission. The burden shall be on the applicant to establish that the property is his, her or their primary residence and that any other requirements to obtain the rebate are satisfied. If the applicant submits proof of residency on or before the application deadline, and the submission demonstrates to the commissioner of finance's satisfaction that the property is the primary residence of the applicant, and if the requirements of this section are otherwise satisfied, the rebate shall be paid. Otherwise, the commissioner of finance shall discontinue the rebate and, where appropriate, shall proceed as further provided herein.

e. Oath. The commissioner of finance shall have the authority to require that statements made in connection with any application filed pursuant to this section be made under oath. Such application shall contain the following declaration: "I certify that all information contained in this application is true and correct to the best of my knowledge and belief. I understand that willful making of any false statement of material fact herein will subject me to the provisions of law relevant to the making and filing of false instruments and will render this application null and void."

Such application shall also state that the applicant agrees to comply with and be subject to the rules promulgated from time to time by the commissioner of finance pursuant to this section.

5. Discontinuance of rebate. a. Generally. The commissioner of finance shall discontinue any rebate paid or granted pursuant to this section if it appears that: (1) the property may not be the primary residence of the owner or tenant-stockholder who received or applied for the rebate, (2) title to the property has been transferred to a new owner or tenant-stockholder, or (3) the property is otherwise no longer eligible for the rebate. For the purposes of this section, title to that portion of real property owned by a cooperative apartment corporation in which a tenant-stockholder of such corporation resides, and which is represented by his or her share or shares of stock in such corporation as determined by its or their proportional relationship to the total outstanding stock of the corporation, including that owned by the corporation, shall be deemed to be vested in such tenant-stockholder.

b. Rights of owners and tenant-stockholders. Upon determining that a rebate paid or granted pursuant to this section should be discontinued, the commissioner of finance shall mail a notice so stating to the affected owner or tenant-stockholder at the time and in the manner to be provided in rules promulgated by the commissioner of finance. Such owner or tenant-stockholder shall be entitled to seek administrative and judicial review of such action in the manner provided by law, provided, that the burden shall be on the owner or tenant-stockholder to establish eligibility for the rebate.

6. Recovery of prior rebate. If the commissioner of finance determines that the owner or tenant-stockholder was (a) not entitled to a rebate under this section, or (b) that a rebate was paid or calculated in error under this section, then the commissioner of finance shall recover or recalculate such rebate and the amount of the rebate or an amount equal to the difference between the rebate originally paid and the amount to which the owner or tenant-stockholder was entitled shall be deducted from any refund otherwise payable, and any balance of such amount remaining unpaid shall be paid to the commissioner of finance within thirty days from the date of mailing by the commissioner of finance of a notice of the amount payable. Such amount payable shall constitute a tax lien on the property as of the date of such notice and, if not paid within such thirty-day period, penalty and interest at the rate applicable to delinquent taxes on such property shall be charged and collected on such amount from the date of such notice to the day of payment, and such amount payable shall be enforceable as a tax lien in accordance with provisions of law relating to the enforcement of tax liens in any such city.

7. Penalty for material misstatements. a. Generally. If the commissioner of finance determines, within three years from the payment of a rebate pursuant to this section, that there was a material misstatement in an application filed pursuant to this section or in an application filed pursuant to section four hundred twenty-five of the real property tax law and that such misstatement provided the basis for the payment of a rebate under this section, the commissioner of finance shall proceed to impose a penalty tax against the property of one thousand dollars in addition to recovering the amount of any prior rebate under subdivision six of this section. An application shall be deemed to contain a material misstatement for this purpose when either:

(1) the applicant claimed the property was his, her or their primary residence, when it was not;

(2) the applicant claimed the property was eligible for a rebate pursuant to this section, when it was not; or

(3) the applicant claimed that the applicant owned the property, when the applicant did not.

b. Procedure. When the commissioner of finance determines that a penalty tax should be imposed, the penalty tax shall be entered on the next ensuing tentative or final assessment roll. Each owner or tenant-stockholder shall be given notice of the possible imposition of a penalty tax, and shall be entitled to seek administrative and judicial review of such action in the manner provided by law.

c. Additional consequences. A penalty tax may be imposed pursuant to this subdivision whether or not the improper rebate has been revoked in the manner provided for by this section.

8. Rulemaking. The commissioner of finance shall be authorized to promulgate rules necessary to effectuate the purposes of this section.

9. Non-disclosure. The information contained in applications or statements in connection therewith filed with the commissioner of finance pursuant to subdivision four of this section shall not be subject to disclosure under article six of the public officers law.

§ 2. This local law shall take effect immediately, provided, however, that if New York Assembly Bill No. 11719 or New York Senate Bill No. 7606-A has not become a law prior to the time that this local law becomes a law, then this local law shall take effect immediately upon the enactment into law of such bill.

In addition to the insurance certificate submitted pursuant to paragraph 3 of this subdivision f, the owner [or person in control of a newsrack] shall submit by regular mail an indemnification notification on a form provided by the Commissioner.

(2) **Insurance.** The owner [or person in control of a newsrack] shall procure and maintain, for as long as the newsrack remains on City property, a commercial general liability insurance policy from an insurer licensed to do business in the State of New York in his or her or its name, which names the City of New York, its departments, boards, officers, employees and agents as additional insureds for the specific purpose of indemnifying and holding harmless those additional insureds from and against any and losses, costs, damages, expenses, claims, judgments or liabilities that result from or arise out of the placement, installation and/or maintenance of such newsrack. The minimum limits of such insurance coverage shall be no less than $300,000 combined single limit for bodily injury, including death, and property damage, dedicated exclusively to the liabilities relating to such newsracks, except that any person who maintains an average of 100 or more newsracks at any one time shall maintain a minimum insurance coverage of $1 million dedicated exclusively to such liabilities. All insurance policies shall be endorsed to provide that (a) the City shall have no obligation whatever to provide notice to the insurance company of any occurrence or claim, and that the City's notice to the insurance company of the commencement of a lawsuit against the City, if required, shall be deemed timely if received within 180 days thereof; and (b) notice by any other insured of the commencement of any lawsuit against such insured shall constitute notice on behalf of the City as well.

When a newsrack that is not covered by such insurance is placed or installed on a sidewalk after the effective date of such section 19-128.1, the owner [or person in control of such newsrack] shall, within sixty (60) days after the effective date of section 19-128.1 of the New York City Administrative Code or within ten (10) days of the installation of such newsrack, whichever is later, provide to the Department the insurance certification required pursuant to this subdivision f. The certificate shall provide that no cancellation, termination or alteration shall be made without thirty (30) days' advance written notice to the Department.

§8. Subdivision (g) of section 2-08 is amended to read as follows:

(g) **Violations and removal.** Violations of the provisions of section 19-128.1 of the Administrative Code or these rules shall be enforced and the newsracks shall be removed by the Commissioner pursuant to provisions of subdivision f of such section 19-128.1 and any other applicable provisions of law. The City shall charge the owner [or person in control of a newsrack] for the cost of removal and storage. The charge for removal shall be $50 per newsrack. The storage charge shall be $1.40 per newsrack per day.

§9. Subdivision (h) of section 2-08 is amended to read as follows:

In the absence of the required registration information, service shall be made on the entity identified on the newsrack or in the publication found in the newsrack.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

On July 12, 2004, Mayor Bloomberg signed Local Law No. 36, which amended section 19-128.1 of the Administrative Code. These rules serve to conform the Department's rules to the new law.

Subdivision (a) of section 2-08 is being amended to include a definition of the term "owner" in order to ensure that only one entity/individual is responsible for all Department requirements regarding newsracks.

Subparagraph (iii) of paragraph (1) and paragraph (3) of subdivision (b), subdivision (c), subdivision (f), subdivision (g) and subdivision (h) of section 2-08 are being amended to conform with the new definition of "owner."

Paragraph (4) of subdivision (b) of section 2-08 is being amended to reduce the number of times that the Department must be notified of the location of newsracks in accordance with Local Law No. 36.

Paragraph (2) of subdivision (d) of section 2-08 is being amended to require conformance with all notification requirements regarding the location of newsracks.

Subdivision (e) of section 2-08 is being amended to eliminate previous cleaning requirements and to require a newsrack owner to certify that best efforts have been taken to maintain the newsrack(s) and to keep logs and records detailing the measures taken to maintain such newsrack(s) in accordance with Local Law No. 36.
